[Chapter 1911: Where is the evildoer](#)

"I... actually succeeded?"

And the most shocking thing is to count the universe.

His understanding of Dan Dao is the deepest on the court, because it is also the most incredible of all.

"The pill furnace exploded, and it was in the final stage of pill formation. According to normal circumstances, the pill in it would burst in an instant and disappear, but now..." Fu Qiankun muttered, unable to understand the principle.

"No, after the previous pill furnace exploded, the elixir refined in the pill furnace was not destroyed for the first time, but the final fusion was carried out under the furnace cauldron transformed by medicinal gas, and the medicinal gas turned into a furnace cauldron..." Fu Qiankun murmured, carefully recalling the previous process.

Suddenly, his body shook, as if he had thought of something, his expression was extremely shocked, and a storm surged in his heart, and he lost his voice: "The medicine gasification furnace, is it the long-lost medicine gasification furnace technique in the legend?"

In ancient alchemy, there was indeed a secret technique for the gasification furnace of medicine. Fu Qiankun had seen it in an ancient book, but it was the first time he saw it in reality.

"You can actually perform the technique of the medicine gasification furnace, who are you? Although the Misty Palace is strong, you will definitely not be able to cultivate a pharmacist like you..." Fu Qiankun looked at Qin Chen with shock, although his eyes were hollow. The eyeballs were gone, but it was hard to hide the excitement on his face.

"This son is simply a different kind. Not only is his talent in martial arts astonishing, he is also at the pinnacle of attainments in formation, but he did not expect that his talent in alchemy is also high and scary... How could the Misty Palace cultivate such a genius? Could it be me? Are you really old?"

Fu Qiankun lost his soul, and the shock and blow he suffered was beyond words.

"Okay, don't be awkward." Qin Chen waved his hand, and suddenly the few pills fell into his palm. His face turned pale, but after seeing the pill in his hand, he could bear it. Can't help taking a breath.

Finally succeeded.

Earlier, he was really afraid that his refining would fail. If he failed this time, even if he emptied the Holy Medicine Garden of Misty Palace, he would not be able to provide the second refining elixir.

Some Imperial Medicines are very rare, even in the Holy Medicine Garden of Misty Palace, there is only one plant, and no mistake is tolerated.

"Fu Qiankun, you should prepare first. After the true essence in my body recovers, Ben Shao will help you repair the injury." Qin Chen said to Fu Qiankun. Although the pill refining was successful, Qin Chen's

own consumption was also its huge, and it needs to recover the True Yuan consumed in the body as soon as possible in order to pay for the healing of the universe.

"Your Excellency, can you give me a look," Fu Qiankun said suddenly.

"Okay, take it if you like it." Qin Chen nodded, and handed one of the pills to Fu Qiankun indifferently.

Anyway, this pill was refined for him, and Qin Chen believed that with Fu Qiankun's eyes, he could tell whether he had done nothing on the pill, and he didn't care at all.

Fu Qiankun took the pill and immediately felt it seriously.

The most important thing in a pill is the rate of pill formation. If a pill is abolished, even if the refining is successful, it will still be considered a failure.

Of course, according to the previous vision of heaven and earth, what Qin Chen refined could never be a waste pill, but even if it was not a waste pill, the same kind of pill would have different effects with different degrees of medicinal properties.

Fu Qiankun perceives earnestly. After a while, he inhaled and said in shock: "Sure enough, it is the perfect pill, and it is the best pill with perfect integration?"

His shocked body was almost unable to sit still, shivering.

It is very difficult to successfully refine the nine-tier top-grade pill, let alone the perfect top-grade pill.

"It's good if you can see it, and naturally you can see it too. Is this young man lying to you? You should adjust your state first. My perfect tonic, although it is specially refined for your body, your injury is too great. It's serious. Looking back, I still need me to assist you." Qin Chen warned again.

"And you, Ji Dewei, you are ready to prepare and adjust your state. Among the previous pills, there is also one of yours." Qin Chen said to Ji Dewei again.

"I have one?" Ji Dewei was stunned. Is he not sick? What kind of medicine should I take?

"Little dust... how come there is one of mine? Is there something wrong with me?" Ji Dewei was shocked, damn, he had to use such a terrible pill for treatment, did he have any terminal illness?

"Who said that you are sick?" Qin Chen gave Ji Dewei a speechless glance. "The one that Ben Shao has refined for you is the Emperor Breaking Pill. With your talent and cultivation, you want to step into the Peak Martial Emperor realm, if not With a special opportunity, I am afraid that it may not be successful in dozens or hundreds of years, and this Emperor Breaking Pill can make your cultivation level go further, with a 50% chance that you will now enter the peak martial emperor realm."

"Of course, whether you can break through or not depends on your own will and determination, as well as your previous accumulation and understanding of the way of heaven."

After the old ancestor Ji of the Ji family failed to fall, the entire Ji family would not have the top martial emperor powerhouse. This was definitely not possible in Qin Chen's plan. Therefore, when the Ji Dewei was previously refined, it was also refined for Ji Dewei. A pill.

This is also the reason why Qin Chen invested seven or eight kinds of Tier 9 imperial medicines later. While refining the Shiquan Dabu Dan, he also refined several other different medicines.

"Let me break through the Emperor Martial Breakthrough Pill?"

When Ji Dewei heard Qin Chen's words, he was instantly stunned.

His body was trembling, his face flushed and he looked at Qin Chen excitedly and said, "Little Chen, is this true?"

Peak Wudi, the realm he dreamed of!

In fact, Ji Dewei had already entered the realm of the late Emperor Wudi as early as a hundred years ago. Over the years, he has been practicing hard in order to break through the peak of Emperor Wudi.

But from the peak of Emperor Wu, he is still so short of it, unable to break through.

The ancestor also said that this is because of his lack of talent, and he can only rely on time to polish it. As long as he keeps practicing, one hundred or two hundred years, one day, he will reach the realm of the peak Martial Emperor.

But even for Ji Dewei, a period of one or two hundred years is extremely long, and no one knows what will happen in these long years.

But now, Qin Chen gave him such a hope, so he was not excited.

"hiss!"

Fu Qiankun took a breath and looked up in surprise.

This kid made another pill while refining the Shiquan Dabu Dan?

Oh my goodness!

This kid is a man or a ghost!

This method is simply unheard of, and Fu Qiankun is sure that even the Pill Pavilion Master, who is known as the first person of the Tianwu Continent's Pill Dao, can not necessarily do it, but now a small young man has done it.

"Where is this person?" Fu Qiankun set off a huge wave in his heart, and was deeply shocked by Qin Chen again.

[Chapter 1912: You hurt me](#)

Qin Chen's state at this time was extremely weak, his face was pale, and his mental strength and true essence were almost overdrawn by refining the Ten Complete Nourishing Pill, and he immediately took a rest on the ground cross-legged.

Under the urging of the Jiuxing Divine Emperor Jue, a large amount of Heaven and Earth True Qi was absorbed.

Huhuhu...

Between the heaven and the earth, a series of vortices appeared, a total of nine vortices, nine different directions all over Qin Chen's body, a large amount of true energy swept from it, and poured into Qin Chen's body.

This kind of scene shocked everyone once again, and it was the first time to see someone absorbing the true energy of heaven and earth would cause such a vision.

In addition to self-absorption, Qin Chen's hands quickly appeared one after another True Essence Pills. These True Essence Pills were of extremely high grade, but at this moment, Qin Chen threw them into his mouth like chewing beans.

In addition, all kinds of real stones appeared in front of Qin Chen. The dense piles of real stones squeezed into a hill and evolved into formations, and the true essence of them quickly poured into Qin Chen's body.

I saw the sound of pops, these real stones were constantly shattered and turned into powder, supplementing the power in Qin Chen's body.

Everyone around was dumbfounded.

They have seen the recovery of true essence pill, but this is the first time they have seen such a recovery of true essence.

This scene is too scary.

"This...isn't Young Master Chen afraid of exploding and dying?" Ji Dewei just woke up from the shock and was shocked again when he saw this jaw-dropping scene.

Following the three-pronged approach, the true essence in Qin Chen's body recovered at an astonishing speed.

Only an hour later, Qin Chen stood up again, his aura surging, his eyes gleaming.

"Yes, it has recovered almost 70% to 80%..." Qin Chen muttered to himself.

Ji Dewei almost didn't fall to the ground, swallowing a small mountain of real stone, and only recovered 70% to 80%. How abnormal is this... after all.

"Elder, you go and prepare something for me. I will take care of President Qiankun's injuries." The top priority is to heal Qiankun's injuries. Regardless of what Fu Qiankun looks like now, he is even getting better and better. In fact, his body is in good condition. In the constant deterioration, if he really waited for his body to completely collapse, even the gods would not be able to save him.

"Yes." Ji Dewei took the order from Qin Chen, with a suspicious expression on his face.

There are some golden needles for acupuncture and moxibustion, as well as some special materials, which have nothing to do with healing at all.

But he didn't say anything, and turned around to prepare.

After a while, Ji Dewei came back with a lot of materials. This time, Qin Chen did not intend to let the crowd watch, and said to Ji Dewei: "Elder, prepare a secret room for us!"

There were not many other secret rooms in the Ji family ancestral land, and soon Qin Chen and Fu Qiankun came to one secret room.

"You all go out." Qin Chen said to Ji Dewei and the others.

"Little dust..." You Qianxue and Ji Ruyue couldn't help but speak from the side. Before they could say anything, Qin Chen said to the two of them: "You two also avoid it!"

The two looked at each other, and without any hesitation, they retreated. They knew that since Shao Chen said that, he must have his reason.

It was inevitable that Ji Dewei felt a little disappointed, mainly because he could not see Qin Chen's healing technique.

After closing the secret room, Qin Chen took out a lot of materials and quickly set up a battlefield.

"Hmph, don't think that you have refined the ten perfect tonic pill, I will believe you." Fu Qiankun coldly snorted, but his tone is not as sure as before.

"Don't worry, if you believe me, you will believe me sooner or later. If you don't believe me, it's useless to say what I say. Whether you believe it or not, your injury will be cured." Qin Chen smiled, no Thought of it, but took out the Tiankong Wanzhuan array.

Hum!

With the Tiankong Wanzhuan array as the base of the formation, an altar appeared in this secret room.

"Sky Control Ten Thousand Turning Array?" Fu Qiankun was startled, isn't this the treasure of the Palace of Instruments? How about this kid, and more importantly, how does this kid understand the control method of the Tiankong Wanzhuan array?

"Don't be stunned, come on, sit in the middle of this altar." Qin Chen ordered.

"What is this altar for?" Fu Qiankun frowned and asked, healed the wounds, but Qin Chen arranged a weird altar, which made him suspicious.

"You won't be afraid anymore?" Qin Chen laughed.

"Huh, I'm afraid? The old man has never seen any means in the Misty Palace. Okay, the old man will sit up and see what tricks you are doing." Fu Qiankun snorted and sat in the middle of the altar.

Qin Chen smiled slightly, first refined the golden needle, and then ordered Fu Qiankun to swallow a red pill.

"What kind of pill is this?" Fu Qiankun frowned, this was not the previous perfect pill.

"If you let you take it, you can take it, what's the matter." Qin Chen was too lazy to talk nonsense, and with a flick of his finger, he immediately blasted the pill into Fu Qiankun's mouth.

This pill entered his body, and Fu Qiankun felt as if a raging flame began to burn in his body, and roared in pain.

boom!

His body suddenly turned red, and a trace of blood spilled out of it.

"Ah!" Fu Qiankun shouted bitterly. This pill was completely different from what he had imagined. It was not a healing pill at all, but was destroying his body.

It was too painful. Fu Qiankun felt that his body was burning, not only his body, but also his soul.

Is this really healing him?

Fu Qiankun's screams resounded throughout the secret room, as if his body would be reduced to ashes in the next moment.

No, not just as if, but actually turning to ashes.

Fu Qiankun's body was actually being burned under the effect of this medicine, and his flesh and blood were broken and torn apart.

Even the bones are burning and breaking.

Moreover, this power began to spread to Fu Qiankun's soul, to burn his soul, which is a kind of torture.

"Damn you kid, you hurt me!" Fu Qiankun was furious. Where is this to save him? It was simply sending him to eighteen layers of hell.

Qin Chen snorted coldly and scolded, "Shut up if you don't want to die!"

boom!

When the words fell, Qin Chen slapped Fu Qiankun's head with a palm, hum, and suddenly a peculiar force filled Fu Qiankun's mind and guarded his soul.

But Qin Chen didn't do anything about Fu Qiankun's body. He watched his body shatter, torn, and burned.

"The old man knows that you are not credible, hahaha, kill me, kill me, even if you kill me, I won't say anything, hahaha!" At this time, Fu Qiankun was not afraid, this This kind of pain, he endured too much, and he was roaring.

"Young Master Ben really wants to kill you, is it so troublesome? Shut up to Laozi!" Qin Chen scolded, his eyes fixed on Fu Qiankun's body.

Seeing his body burst to pieces, torn apart.

"It's almost there!" Qin Chen suddenly yelled, quickly picked up the gold needle, pointed it at Fu Qiankun's head and pierced it: "Baihui Point!"

This needle piercing was like the beginning. Thousands of golden needles in Qin Chen's hand came out one after another, piercing the thousands of acupoints in Fu Qiankun's body in an instant, and so did he pierced into a hedgehog.

Then, Qin Chen's hand appeared the Ten Complete Replenishing Pill, and it was thrown into Fu Qiankun's mouth for an instant.

[Chapter 1913: Stop him](#)

Hum!

As soon as Shiquan Dabu Dan entered Fu Qiankun's body, it immediately exuded an unprecedented strong vitality.

call!

Fu Qiankun's body was completely swallowed by the fire, and after the fire was burned, a surging vitality rose from his body.

Nirvana rebirth!

This is actually the law of Nirvana's rebirth. Although the flame is burning his body, it is actually rebirth his flesh and blood and give it a new life.

"Who are you?" Fu Qiankun was shocked, staring at Qin Chen solemnly, his hollow eyes were very deep, and he could see the vibration in his heart.

It was the first time he had seen this legendary secret method, but he never thought that his experience would be fulfilled on him.

"Shut up, now is not the time to guess the identity of this young man, don't you want to fall short?" Qin Chen cursed angrily, very rude.

Although Nirvana's rebirth technique has a clue, it does not mean that Fu Qiankun will be safe and sound. To which step he can recover depends on the next development.

Fu Qiankun dare not say much.

In the past, he broke the jar, but now he has the chance to rebirth from Nirvana and the chance to recover his body. Why doesn't he fight for it?

Therefore, he stopped speaking, fully perceiving the "birth" power, and used this power to reshape his body.

boom!

The flame burned, and the surging vitality permeated.

Fu Qiankun's shattered body quickly formed in the fire, like a new life, blooming rapidly.

Huhuhu, the flames burned, visible to the naked eye, Fu Qiankun's body was regenerating faster than destruction.

"Successful!" Qin Chen let out a long sigh, with a solemn look in his eyes. His head was sweating profusely, and his hands were constantly changing hands to seep into Fu Qiankun's body through the golden needle.

This secret method has extremely high requirements for mental power control, and a single mistake will lead to the complete destruction of Fu Qiankun's body.

Fu Qiankun's body slowly emits a trace of mist, and flesh and blood are being reborn. This is the effect of the ten perfect nourishing pill. Moreover, the burning power of the previous red pill is not destroying Fu Qiankun's body at this moment. Helping Fu Qiankun's body is healing.

Within a few hours, Fu Qiankun's body finally completed its transformation, a body exuding a thunderous aura, lifelike.

"It's almost done. Now the physical body is temporarily repaired. Next, I will repair your damaged soul." Qin Chen yelled, urging the altar below.

The altar bloomed with black light, and a series of weird powers rose up. This is a very weird power that began to penetrate into Fu Qiankun's body.

"Repair my soul? How is this possible?" Fu Qiankun looked incredulous.

Soul damage is a taboo existence in the Tianwu Continent. Although the powerhouse of the Nine Heavens Emperor Wudi can practice the soul secret technique, he can only simply increase his soul strength.

Under normal circumstances, once the soul of a warrior is damaged, he will not repair it at all, except for finding some rare treasures that repair the soul.

Of course, Fu Qiankun is a bloodline master, and he naturally masters some bloodline secrets, which can repair the soul, but his soul has been locked by the nail soul chain for hundreds of years, and has been destroyed by the alien demons countless times. The damage is even more serious than the physical body.

How can others treat themselves?

"What are you still doing? Ben Shao remembers, Bloodline Holy Land has a lot of soul secret techniques, the top level should be the blood soul nourishing technique passed down by the guild leaders of the past generations, which is a secret technique that combines bloodline and soul secrets. , As the president of the dignified bloodline holy land, you don't even know this secret technique, do you?"

Seeing Fu Qiankun's somewhat sluggish appearance, Qin Chen didn't fight.

"How do you know the Blood Soul Cultivation Technique?" Fu Qiankun was even more shocked. This is a secret of the Bloodline Holy Land. Only the top few bloodline masters in the Bloodline Holy Land may only know one or two. How did the kid in front of me know?

No, if this kid was sent by the Misty Palace, the traitors who had colluded with my blood sanctuary in Misty Palace back then started secretly on me, knowing this blood soul nourishment art is not uncommon.

Is this son really sent by Misty Palace to act on purpose?

"Hmph, let's see how he repairs my soul first." Fu Qiankun changed countless thoughts in his heart for an instant, sneered secretly, and immediately began to use the blood soul nourishing technique.

I saw Fu Qiankun's body filled with a faint blood, and a series of weird **** runes flowed, exuding ghost-like power, but this power is slowly nourishing Fu Qiankun's soul.

"Lao Yuan, it's up to you!" Seeing this scene, Qin Chen immediately said to Lao Yuan in Qiankun's Good Fortune Jade Plate.

"Give it to me!" Lao Yuan chuckled, and the power of the source beast spread out, and immediately merged into Fu Qiankun's body.

And in the power of this source beast, there is also a pure soul power, which quickly repairs the soul of Fu Qiankun.

time flies.

I don't know how long it has been!

"boom!"

Fu Qiankun suddenly let out a long roar, and suddenly stood up, his body flashed with terrible black light, and a terrifying force instantly swept out of his body.

Boom!

The altar below burst directly, and the entire secret room was shattered by this blow. The Ji family ancestor land trembled violently, like an earthquake, Fu Qiankun soared into the sky, directly smashing the overhead building, and suspended above the Ji family ancestor land.

A violent power bloomed from him, like an ancient behemoth awakened, looking down at the Ji family ancestral land below.

"Hahaha, hahahaha, the old man has finally recovered, Misty Palace, you are picking up a rock and hitting yourself in the foot, the old man is going!" Fu Qiankun laughed loudly, domineering Qianqiu, after he rushed out, he headed directly towards Ji's ancestral land Looted outside.

"Stop him!" Qin Chen flew out and said coldly.

"Om!"

The formation of Ji Family Ancestor Land was activated in an instant, and the misty array of light enveloped the world in an instant.

"Ji family ancestor ground formation, haha, it's only a nine-level formation, how can it stop the old man!" Fu Qiankun laughed, not caring, and put his hands out to tear the formation.

But after he tore it hard, Dazhen didn't move at all, and the expression on his face suddenly became extremely strange.

"This is impossible!"

He roared, how could the Ji family's guardian formation stop him?

"I don't believe it, let me drive!" He roared, with a fist, and with a bang, the sky broke and the ground cracked, and the entire array rumbled, making Ji's ancestral land shake violently like an earthquake.

Qin Chen's discoloration changed, and he had to say that this Fu Qiankun was very terrifying. He had just recovered from his injuries, and he was able to explode such terrible power before he recovered.

Even the strength shown now is at least not weaker than the old ancestor Ji of the Ji family.

[Chapter 1914: I am Qin Chen](#)

Fu Qiankun's strength should be higher than he expected.

Qin Chen's eyes lit up!

In the sky, Fu Qiankun waved his fists, and immediately raised the endless rules of the avenue, and the world broke apart, blasting above the light, rumbling and roaring like the end of the day.

But it was useless. No matter how Fu Qiankun acted, Ji's ancestors' outer formations remained unbreakable, and a series of obscure and strange restrictions flashed, completely blocking Fu Qiankun's attack.

"how can that be?"

Fu Qiankun perceives the forbidden light in the sky, his expression is very wonderful, and his self-confidence has suffered a great blow.

"Playing grievances, you just turned around and ran after being treated by the young master. Is this what the president of the dignified bloodline holy land did?" Qin Chen flew into the air and said with a smile.

The result of his inability to deal with Qiankun was not surprising at all.

The ban imposed by Ji Wuxue back then made it impossible for the Ji family, the entire Misty Palace, and the alien demons to break it for two hundred years, unable to enter the forbidden area of the Ji family, and Qin Chen himself could not kill it.

Now that this prohibition has been repaired by himself, how can Fu Qiankun's body that has not been fully healed be killed?

Everyone in the Ji family was passively awakened, and at this moment they also rose to the sky, with anger on their faces, surrounding Fu Qiankun.

"Fu Qiankun, Chen Shao has just cured your injury, and you actually acted on my Ji family ancestral land. You are too much, and you can do things like En will revenge."

Ji Dewei looked at the Ji family ancestral land that was blown away below, with a look of anger on his face.

This is the Ji family ancestral land that they finally finished repairing. It didn't take long for them to rest, and it was actually bombed again, and there is no end?

"I will avenge my grace? Hehe, do you really think I would trust you?" Fu Qiankun snorted coldly. Up to now, he doesn't believe Qin Chen and the others.

"You... why are you so stubborn." Ji Dewei was speechless, and he still doubted them. Is this guy an idiot? He actually became the president of the Holy Land of Bloodlines, and Shao Chen would not be the one who admitted the wrong person.

"Little dust, it's better to take him directly!" Ji Dewei snorted, a little angry.

This is the ancestral land of the Ji family. Even if Qiankun is strong enough, it is the dragon who has to hold it, and the tiger also has to lie down.

"Only you?"

Fu Qiankun sneered and perceives the next surroundings. Although there are many strong people, he is fearless in his heart. He just sneered: "Your biggest mistake is to heal my injury. Do you think that I will completely trust you? Ridiculous !"

"Why you are so stubborn, it's no wonder that you will be captured by Misty Palace. I knew that. Young Chen was in Misty Palace and shouldn't save you."

Ji Ruyue was also angry, and Fu Qiankun's attitude made her extremely angry.

"Okay, don't talk about it, everyone."

Qin Chen looked calm, as if he didn't take Fu Qiankun's attitude at all. He smiled and waved to everyone, and said, "You all get back, let me have a good chat with him."

"Less dust!"

Everyone is in a hurry. It is too reckless to let Young Chen face this Fu Qiankun alone, right?

Although they are extremely disdainful of Qiankun, they have to say that Fu Qiankun in front of them feels terrible to everyone, and there is a kind of soul oppression that makes them jealous and vigilant.

"Well, you can move me because of this person?" Qin Chen smiled and waved gently.

Seeing this, everyone had no choice but to retreat, but they were still not at ease, standing under the ancestral land, watching from a distance, once they found something was wrong, they would immediately rescue them.

Qin Chen waved his hand, an invisible restraint permeated, and immediately wrapped the two of them in it, isolating everything from the outside world.

Fu Qiankun's gaze narrowed, what a terrible restraining technique.

With the wave of his hand, it is a ban on its own. This method is unpredictable and amazing.

This made his heart more vigilant and dignified.

"Okay, Brother Fu, don't be so nervous. Shao Ben knows that you have a grudge against me and can understand. After all, you have suffered too much torture and conspiracy over the years." Qin Chen shook his head and sighed.

"Don't follow me in this set, do you think I will believe you in this way?" Fu Qiankun sneered.

"Thousands of years faint, beside Baiyun Lake, looking downstairs at the river, unparalleled!" Qin Chen suddenly smiled.

These are the four sentences he said when he saved Qiankun.

Fu Qiankun's expression suddenly changed, "Who are you and why do you know these four sentences?"

He always wanted to ask Qin Chen about this, this was a secret he once had.

"Brother Fu, Qin was on the scene at the beginning, why didn't he know?" Qin Chen smiled.

"How could it be possible that you are also present?" Fu Qiankun said angrily. This happened more than three hundred years ago. How could a young man like Qin Chen be present.

He is blind but not blind.

Qin Chen smiled and said: "Brother Fu, you may not know my name, Ben Shao, Qin Chen!"

When the voice fell, Fu Qiankun's face suddenly changed, revealing an expression of incomparable horror, and he lost his voice: "Qin Chen...you...are you the Emperor Qin Chen of Pochen?"

His face changed drastically. Although he didn't have double pupils, his hollow eye sockets burst out with a look of shock, kicking back, his body trembling, and his standing unsteady.

What a shock it was, so that Fu Qiankun was so shocked that such a powerhouse as Tianshan collapsed without changing its color.

"This is impossible, how could you be Pochen Wuhuang Qin Chen, and Pochen Wuhuang has already died." Fu Qiankun said angrily.

When Qin Chen fell behind, he had inquired about it, and it was clear that Qin Chen had indeed fallen, and he had lived in grief for some time.

Back then, Qin Chen and his relationship were irreversible. Qin Chen was the honorary elder of the Holy Land of Blood, a genius Bloodline Master, and naturally had a personal relationship with Fu Qiankun, who was then the president of the Holy Land of Blood.

"Qin naturally knows that Brother Fu won't believe it, please see Brother Fu." Qin Chen smiled faintly, and a faint blood suddenly filled his body.

It was the blood soul nourishing technique that Fu Qiankun had used before.

"At the time, downstairs in Wangjiang by the Baiyun Lake, Brother Fu used the secret method of this bloodline holy land to communicate with Qin. Qin remembers it clearly!" Qin Chen said with a smile.

Pedal!

Fu Qiankun's figure retreated violently in the void, and the shock on his face was horrified, and he trembled: "You... are you really Brother Qin Chen?"

In fact, he had already faintly believed it in his heart, recalling the various accomplishments that Qin Chen had shown before, shocking the world, but if the other party was the Pochen Martial Emperor of the year, there would be no sense of violation at all.

At that time, the Broken Martial Emperor had many omnipotents, whether it was bloodline, restriction, formation, alchemy, and it was unparalleled in the world, and it was an unworldly enchanting evildoer, which was simply impossible for others to imitate or pretend.

"Are you really not dead? But what are you doing now..." Fu Qiankun perceives Qin Chen, and he can naturally see through the power of blood that Qin Chen is really only in his twenties, instead of keeping his appearance.

How is this possible?

[Chapter 1915: Let you go](#)

"No, even if it's your brother Qin, what can you say? You are with Feng Shaoyu and Misty Palace."

Fu Qiankun suddenly seemed to think of something, and said in a deep voice.

Shangguan Xi'er is Qin Chen's woman, and Feng Shaoyu is Qin Chen's brother. For example, today in Wu Continent, it is these two people who are doing harm to the world, even if the person in front of him is Qin Chen, what can it explain?

"Hahaha, gang?" Qin Chen smiled, but there was a hint of chill and sadness in his laughter, "Brother Fu, do you know how I died three hundred years ago?"

"You died three hundred years ago?" Fu Qiankun was startled.

He couldn't understand it at all. Qin Chen said that he was Pochen Martial Emperor, but he actually said he was dead.

"Yes, I did die three hundred years ago, but for some special reasons, I came alive again. This body can be regarded as my second life body."

"Could it be the soul seizing the house? But even the soul seizing the house is not right. You fell back then, and you are not the one who seized the house. Are you so young now?" Fu Qiankun was very puzzled.

"It's very complicated. It's not a simple soul grab. As for what happened, to be honest, I haven't figured out the situation yet, but it is certain that I died three hundred years ago until ten years ago. Before, I came back to life again."

"What's the matter?"

Fu Qiankun was puzzled. It was the first time he heard that the soul seized the house after three hundred years.

"If you don't believe it, there is always nothing wrong with this young man's soul aura." Qin Chen directly released a trace of soul power without any cover.

"This soul power..." Fu Qiankun murmured. A person can change his head and face easily, but the soul power is extremely difficult to change.

And everyone's soul has its own unique aura, which he could not perceive when Qin Chen was hiding before, but now that he actively released it, Fu Qiankun suddenly felt a familiar aura, that of Qin Chen, that's right!

"You asked me how I died 300 years ago. Didn't you enter the Death Canyon to save Feng Shaoyu and die?" Fu Qiankun asked.

"Save Feng Shaoyu? Hahaha..." Qin Chen laughed, with a sad laugh, as if there was endless anger and resentment to tell, "I did die in Death Canyon back then, but I didn't die to save Feng Shaoyu. It was Shangguan Xier and Feng Shaoyu who were secretly harmed and fell into Death Canyon helplessly."

"what?"

Hearing this, Fu Qiankun was so shocked that his scalp was numb, and his heart was filled with rough seas.

Qin Chen was killed by Feng Shaoyu and Shangguan Xier?

This is a big secret.

For three hundred years, Shangguan Xier and Feng Shaoyu have been telling the public that Qin Chen died to save Feng Shaoyu, which even led to the hatred between Shangguan Xier and Feng Shaoyu.

But Fu Qiankun was actually aware of the collusion between the Misty Palace and the Xuanyuan Empire. Over the years, he hadn't figured out what was going on inside, but now listening to Qin Chen say this, he suddenly felt cold all over.

These two powers hide so deeply.

At this moment, Fu Qiankun suddenly understood. If things were as Qin Chen said, then everything that happened between Misty Palace and Xuanyuan Empire could be completely explained.

"I should have thought of it, I should have thought of it." Fu Qiankun murmured, his expression excited, and his mind suddenly became bright and clear.

The Misty Palace and the Xuanyuan Empire, one in the bright and the other in the dark, are so big.

"If I say that, do you still think that I and Shangguan Xi'er are in the same group?" Qin Chen said coldly, and said something about what happened that year.

In addition, Qin Chen also colluded with Misty Palace and the alien demon, and what happened in the Martial Domain over the past two centuries, as well as the current situation in the mainland, were originally informed to Fu Qiankun.

"I hate, hate that year, credulously believing these two bitches, which caused me to die in Death Canyon, but this is nothing, I died, and I died, but Brother Wuxue and others, but then because of me Death, and all people in this world suffer pain because of me, it is my fault!"

Qin Chen blamed himself, his expression in pain.

"What you said is true?" Fu Qiankun was still a little unbelievable!

"Do you think I need to lie to you? Although Qin doesn't know what Misty Palace wants from you, don't worry, Qin will never ask any secrets about the Holy Land of Blood."

"But what Qin wants to tell Brother Fu is that nowadays, on the mainland, it is no longer the holy place of blood, but the Misty Palace ruling the world, and Shangguan Xier colluded with the alien demons. Her goal is to unify the Tianwu continent. , Let Tianwu Continent become the world of alien demons, and let all the people of Tianwu Continent become her slaves, this is something Ben Shao cannot agree to."

Qin Chen was full of terrible killing intent.

He aimed at Shangguan Xi'er not just for his own selfish desires, but now that things have developed, he is for the common people of the entire continent and for the welfare of the world.

He would rather die than let Tianwu Continent fall into the hands of aliens.

Fu Qiankun was silent. In fact, Qin Chen had already moved his heart, but he still couldn't fully trust Qin Chen.

"I believe everything you say, but all of this requires me to witness it with my own eyes." Fu Qiankun said solemnly after a long while.

Because all this was what Qin Chen told, he had just escaped from the Misty Palace and had not returned to the Martial Domain for more than two hundred years, so it was naturally difficult to tell the truth from the false.

"This is natural..." Qin Chen nodded and said, "Brother Fu, if you want to leave, I can let you leave the Ji family ancestral land now, but I want to warn you that you can go anywhere, but you must not expose it easily. My own identity cannot return to the Holy Land of Bloodline. Believe me, since Shangguan Xi'er knows that you have escaped, she will never let you return to the Holy Land of Bloodline. "

Qin Chen was really afraid that Fu Qiankun would be reckless and return directly to the Holy Land of Blood, which would be troublesome.

"Don't worry, I'm not that stupid yet, but are you really willing to let me go?" Fu Qiankun stared at Qin Chen, perceiving his subtle changes.

"Why don't you want this?" Qin Chen smiled, and immediately released the restriction, waved to Ji Ruyue below, and said, "Juyue, unlock the restriction and formation of Ji's ancestral land, and let Brother Fu leave."

"Less dust, no!"

Below.

Ji Ruyue and Ji Dewei were still shocked at what Qin Chen and Fu Qiankun had talked about. Why did the expression on Fu Qiankun's face change so much, but when they heard Qin Chen's order, they suddenly became anxious.

Fang Fu Qiankun left, once Fu Qiankun was caught by the people of Misty Palace, then her Ji family was completely exposed.

"Don't worry, I believe Brother Fu is a person who knows the danger. If he wants to go, just let him go." Qin Chen didn't care.

Qin Chen had said so, Ji Ruyue had to untie the formation and restrictions, and let Qiankun leave.

[Chapter 1916: Really gone](#)

"Then I really left?" Fu Qiankun glanced at Qin Chen, a little surprised, Qin Chen actually let himself go.

Boom!

He saw that Qin Chen didn't speak, his figure shook, and suddenly turned into a streamer and rushed out of the Ji Family Castle. He thought that Qin Chen would stop him, but he didn't expect it, but he was completely indifferent.

"Could he really let me go?" Fu Qiankun was taken aback, but his movements kept moving, shuttled through the void, suddenly appeared at the exit of Ji Jiazudi.

The guard here had long been ordered by Qin Chen to open the passage directly and let Fu Qiankun leave.

"You really let me go." Fu Qiankun was really surprised. After he left the ancestral home of the Ji family, it can be said that the sky is really high and the birds fly, and it is not easy for Qin Chen to bring that back.

But until Fu Qiankun got out of this passage, Qin Chen didn't make any moves, and he flew down without even looking at him.

"Little Dust, did you really let him go? What if he was discovered by the Misty Palace man, or he casually leaked the news..." Ji Dewei couldn't help but said anxiously.

Can he not be anxious? This is related to the survival of the Ji family.

"Don't worry, Fu Qiankun is not that stupid. Moreover, if such a person is not here, how can he stay forcibly?" Qin Chen said with a smile on his face, "What we need is a willingness." Join us against Fu Qiankun in the Misty Palace, not a top powerhouse who doesn't trust us and doubts different intentions. Moreover, I believe that after Fu Qiankun learns the truth

Will be back. "

"Really?" Ji Dewei dare not believe it.

How could such a character change his mind because of what Qin Chen said.

"Definitely, look at it." Qin Chen smiled with confidence.

"Next, you will take Podi Pill, I will stay here to protect the law for you." Qin Chen said with a smile.

Before Ji Dewei broke through the peak of Emperor Wu, he did not dare to leave rashly for the time being.

After that, Qin Chen and the others stayed in the ancestral home of the Ji family, Ji Dewei directly retreats, taking Podi Pill, trying to hit the peak of Emperor Wu's cultivation base.

As for Qin Chen, while protecting Ji Dewei's law in Ancestral Land, he tried to fuse blood and flesh to truly reach the state of no leakage.

Because he felt that the golden parasitic seeds were suppressing him more and more intensely. If this hidden danger is not eliminated, he will sooner or later become his own demon.

You Qianxue and Ji Ruyue also entered the retreat once again, especially Ji Ruyue. After getting the adventure, they have not been able to find the opportunity to practice the secret techniques left by the ancestors of the Ji family. At this moment, there is finally some time, naturally not fall. As for You Qianxue, Qin Chen actually made a pill for her, but he did not dare to give it to her, because Qianxue also had silver parasitic seeds in his body. Before he found a solution to the parasitic seeds, Qin Chen did not dare. Let You Qianxue rashly breakthrough.

On the contrary, the attempt by Qian Xue to fuse the power of the two planes of the alien demon race and the Tianwu Continent that Qian Xue handed over to Qian Xue from the Master Night Demon in the Misty Palace gave Qin Chen quite some inspiration.

The talents of the three are very strong, and their strength is improving every day.

And while everyone in the Ji family was in retreat, information about the Xuanyuan Empire and Misty Palace was continuously passed on.

This time, the Xuanyuan Empire and Misty Palace were regarded as a real fire. Under the attention of many top forces, the two sides had no chance to talk at all, and the following forces directly produced a fire union.

Suddenly, the entire continent was in flames, and the two sides came and went, and blood was flowing. I have to say that the Xuanyuan Empire dared to challenge the Misty Palace, and indeed has his strength. This is a behemoth that has annexed many empires in the Martial Domain. Although the overall top powerhouse is not as good as the Misty Palace, it has been fighting the world for many years and has deployed its troops.

I am more familiar, setting up ambushes on Misty Palace several times, causing heavy losses to Misty Palace.

This caused the Misty Palace to be angry and mobilized the Hall of Law Enforcement to retaliate against the Xuanyuan Empire.

Both the Mo family and the Ji family were the top forces in the law enforcement palace, and they were naturally notified.

The Mo family was naturally very active. How could such a good opportunity for revenge be let go, but the Mo family did not dare to attack easily, so he came to the Ji family again and again to seek help from the Ji family.

But because the great elder was in retreat, the Mo family ate behind closed doors every time, depressed.

Before the change, the Mo family had long been frustrated and yelled at the Ji family, but after being attacked by the Xuanyuan Empire, the Mo family suffered heavy losses, and they did not dare to confront the Ji family, so they could only swallow their anger and wait for the news of the Ji family.

At the time when the mainland is changing again.

Dan Court.

In the prison.

Zixun and the others are closing their eyes and practicing, and powers are lingering all over them, trying to control the illusory world rules.

Although they were imprisoned in the jail, because the investigator was Situ Zhen, they had lost their freedom. Everything else was as usual. They didn't even drop the pill for cultivation, and there would be supplies every once in a while.

"Damn it, why is the perception of this rule so mysterious that it hasn't been able to get started?"

Several people took a breath, showing helplessness.

Since breaking through the peak of Emperor Wu Huang, they have all looked forward to breaking through the realm of Emperor Wu Tian, not only to gain a more important position in the Dan Pavilion, but also to avenge Qin Chen in the future.

But what makes them depressed is that a few of them have practiced hard, but they are still unable to grasp the power of the illusory rules, and they have stepped into the realm of the half-step Wudi.

This made several people extremely anxious and depressed.

Among other things, as long as they can break through the realm of Emperor Wu, the previous accusations against them can be eliminated even without Situ Zhen's investigation and defense. Because now they are amazingly talented, but after all, they are only Emperor Wu, and they are not considered high-level in the Dan Pavilion, but once they enter the realm of Emperor Wu, combined with their current status, they will inevitably become the focus of Dan Pavilion's future training. Means

Control is nothing at all.

Don't say that they haven't stolen the medicine, even if they stole it, it is nothing at all. "Ouyang Hongguang and Master Situ Xingzhou have said that there are two ways to understand the illusory rules. The first is to understand the power of the rules of heaven and earth. Each person practices different methods and masters different rules. , And the other,

It is to master the rules through one's own blood. "

"But blood and rules are two completely different concepts. How can you master the rules through blood?"

Several people were distressed and felt unable to grasp the main points.

This is natural.

Although the talents of Lin Tian and Zhang Ying and others are very strong, how could Emperor Wu make breakthroughs so well? They often need various opportunities and opportunities, and none of them are indispensable.

Otherwise, the veteran peak martial emperor of the Misty Palace and the Golden Body Emperor of the Xuanyuan Empire would not be so excited to see the fruits of the rules in the ancient Yu world.

"Meow!" And at this moment, a cat cry suddenly rang, and a black cat came out of the shadow in the heavily guarded Dan Pavilion cell, stretched out, with his eyes high. Looking at Lin Tian several people.

[Chapter 1917: Little dust is not dead](#)

This is a **** cat standing proudly in the prison, akimbo, with one paw tucked at its ears, with a very pleasant expression.

"If you continue to cultivate like this, and if you practice for a few years, I'm afraid you won't be able to break through the realm of Emperor Wu." The **** cat said lazily, "I really don't know why you are so stupid?"

"Big... **** cat!"

Lin Tian and Zhang Ying stood up suddenly, and Zi Xun, Zhao Lingshan and Yu Wenfeng also stood up excitedly, looking at the **** cat in disbelief.

"Why are you here?" Everyone looked at the **** cat in disbelief. They all knew that the **** cat was brought out by Qin Chen from the mysterious realm of the heavenly devil, and then disappeared into the land of a hundred dynasties in a short time. The **** cat appeared in the pill pavilion, how can they

Not shocked?

"What **** cat, call me Maoye!" The **** cat was unhappy.

Damn, whether these newcomers are still polite, they don't know how to respect the old and love the young.

"Cat... Lord Cat, why are you here? This is Dan Pavilion's jail, how did you get in?" Zhang Ying was shocked.

The Pill Pavilion is tightly guarded, with formations and restrictions everywhere, and it is difficult for even the Emperor Wu to break in. How did the **** cat get in?

"It's just a small prison, can you stop me?" The **** cat said with a smile, very proud, that expression could not match the defense of the sky prison.

"Okay, let's not talk too much nonsense. The cat is here this time, not to save you, so don't think too much. I am here to be entrusted to bring you some things."

"Entrusted? Bring things here?"

Lin Tian, they were puzzled.

Who would let the **** cat bring them something?

Except for Little Dust, they don't seem to know anyone else, right? But the rumors of Shao Chen have fallen to Guyu Realm. Could it be the black slaves and the old man with great compassion?

Everyone was shocked.

This is possible. The black slave followed Chen Shao at first, and the **** cat has followed Chen Shao for a while. If the black slave meets the **** cat and asks it to help bring things over, it may not be impossible.

But what would the black slaves let them bring?

And if it is a black slave who wants to bring something, why not let Master Ouyang Zhengqi bring it. After all, the black slave and Master Ouyang Zhengqi are also familiar, and they usually pass the news through Master Ouyang Zhengqi.

"Okay, Mr. Cat will not sell you off. It was Young Chen who asked Mr. Cat to bring things here. He catered. That guy is good. He went to find his own girl, but asked Mr. Cat to run around. The place is too much."

The **** cat said uncomfortably, vomiting.

There was silence in the jail, and one by one looked at the **** cats in disbelief. The needles dropped in the dark and damp jail, and there was no sound. Everyone was stunned by this and couldn't say a word. .

The next moment, everyone shouted excitedly.

"What? Less dust?"

"What are you talking about? Little Chen asked you to bring things here?"

"Young Chen is not dead?"

"Where is the other person?"

Lin Tian and the others were extremely excited, their bodies trembling, and tears rolled down. "Quickly tell me what happened to Shao Chen? Is he not dead? Yes, Shao Chen must not die, I know Shao Chen will not die." Zhao Lingshan choked and said, tears can't stop. Falling down, looking at the **** cat excitedly, unable to

Suppress your emotions.

Zi Xun also trembled and walked up with excitement, staring at the **** cat, his eyes filled with hope and expectation, and he wanted to hear that word from the **** cat's mouth.

The **** cat was stunned, shocked by the emotions of the crowd.

"Yes, Qin Chen didn't die, so don't mention him worrying. That kid is very good, even if you die, he won't die." The **** cat said with a curled mouth.

I don't understand the truth, how come that kid has such a bunch of friends.

"Little Chen really is not dead."

"Hahaha, he really didn't die."

"I knew that he wouldn't die with less dust."

Suddenly excited in the prison, Lin Tian and the others murmured, tears fell, but their faces were ecstatic, excited, excited, and happy.

At this moment, all the depression and all the gloom seemed to be swept away in an instant, and everyone's heart was filled with endless joy and joy.

"Don't make a loud noise."

Hearing the movement here, the guards of the sky prison suddenly came over and yelled, but did not do anything, turned around and left.

After all, these people were guaranteed by Ouyang Hongguang and Situ Xingzhou. Although they were detained in the jail, the treatment they enjoyed was not bad.

Lin Tian and the others eased their emotions a bit, and they looked at the **** cat excitedly and said, "Mao...Master Cat, where is Shao Chen, how is he?"

"Don't worry, he is very good. He did not die in the ancient Yu realm. After leaving the ancient Yu realm, he went to Ji's house to rescue Ji Ruyue first, and now he went to Misty Palace to rescue You Qianxue..."
Big Black Cat A look of disgust.

"What? He went to the Misty Palace?" Zhao Lingshan and the others changed their expressions suddenly, and said anxiously: "The Misty Palace is so dangerous, how can he go to the Misty Palace? Lord Cat, you should help him quickly. You must help him. ."

"Don't worry, this kid is very good, it's okay." The **** cat said silently, "You are all in this prison, and you don't think about yourself."

"Master Cat, please, go and help Shaochen. Misty Palace is too dangerous, he must not have an accident."

Zhao Lingshan and Zi Xun clasped their hands, looking nervous and anxious.

If they weren't in the jail, the two would like to rush out directly.

After joining the Pill Pavilion, they deeply knew the power of Misty Palace, which was a behemoth that was even afraid of Pill Pavilion, so after learning that Qin Chen went to Misty Palace, they could imagine their anxiety.

The **** cat was speechless.

Damn, is that kid so charming?

"After saying that he's all right, he'll be all right." Big Black Cat said impatiently.

With Lao Yuan following Qin Chen, it is impossible for Qin Chen to think of an accident. The most is to expose Lao Yuan's identity and be hunted down.

Then, storage rings appeared directly in its hand, and threw one to Zixun and others. "This is what the kid gave you. He asked us to tell you, practice well here, and strive to enter and break through the realm of Emperor Wu as soon as possible, and become a high-level pill pavilion. Also, he asked you to tell Ouyang Zhengqi and others, be careful of pill pavilion. Misty Palace

The spies, if someone framed you, it must be the spies inserted in Misty Palace, so you must be careful.
"

"However, for the time being, don't reveal the news that he is alive. Don't tell anyone except you, because the reason why Misty Palace will do it with you is precisely because it has been eyeing him."
The **** cat warned. , The tone is solemn.

[Chapter 1918: Emperor Wu Lei Jie](#)

These rings are the most important purpose of his trip, and also the important thing Qin Chen asked him to do.

"There are spies from Misty Palace in the Dan Pavilion?"

Hearing that, Lin Tian and others have changed color.

They have always wondered why Tianfeng Medicine Emperor would do anything to them, after all, they have never engaged in fighting, and are very low-key.

Even, they had previously suspected that it was the deputy head of Wenchang that this force wanted to target Master Ouyang Hongguang and they deliberately took their hands.

It was only now that I realized that it was Miomi Palace who wanted to move them, and the deputy pavilion master Wenchang and Tianfeng Medicine Emperor turned out to be from Miomi Palace.

But how is this possible?

This is the Dan Pavilion, one of the most high powers in the mainland, and Wenchang's deputy pavilion is noble. He is the deputy pavilion leader. What reason is there to be a running dog of the Misty Palace and do things for the Misty Palace? This is totally incompatible. Common sense.

But what the **** cat said could not help them not believe it.

"Or, the deputy pavilion master Wenchang was actually used by Tianfeng Medicine Emperor, and Tianfeng Medicine Emperor was a member of Misty Palace?"

Everyone murmured, this explanation might make people believe it.

Recalling the situation at the time, but felt that it was wrong. If the deputy chief of Wenchang was only used, his performance at that time would not be so positive.

And the reaction was too quick.

"I don't know the cat, I'm just here to bring a message, you guys should be more careful." Big Black Cat said irrelevantly.

It is really not very interested in who is in the Misty Palace.

"Okay, hurry up and take the things in the storage ring. This thing will allow you to break through to the Emperor Martial Realm in a short time, and your cultivation base will skyrocket." Big Black Cat said.

Everyone hurriedly looked at the storage ring, and suddenly found that there were special fruits in the storage ring.

Above these fruits, the power that lingers the mysterious rules, everyone perceives, before taking it out, the body seems to blend in with the Great Dao of Heaven and Earth.

"What kind of fruit is this?"

Everyone was taken aback, this is too abnormal.

These days, they have worked so hard to retreat and wanted to understand the rules of the world, but they could not find a way. But now they see these fruits, and their hearts are naturally touched.

It's amazing.

In addition to these fruits of the power of shining rules, there is another kind of fruit in the storage ring, blooming with a mysterious atmosphere, which is equally unpredictable.

These are naturally the fruits of rules and great roads.

At the beginning, Qin Chen obtained more than 90 regular fruits in Guyu Realm. These fruits were originally intended for Lin Tian and the others to break through. Qin Chen didn't have time to bring them over, so the **** cat naturally brought them over.

As long as Lin Tian and the others can break through the Nine Heavens Martial Emperor Realm, it will naturally be easier to resolve the crisis from Misty Palace.

In addition to these two fruits, there are some blood crystals in the storage ring, which Qin Chen placed inside, which can enhance Lin Tian and their bodies.

"This is the rule fruit and the great road fruit. You can take it directly. The cat will take care of you here. Take the great road fruit first, and then take the rule fruit."

The **** cat reminded.

"Less dust!"

Zhang Ying and the others were holding the storage ring. They only felt that their hands were heavy and their eyes were moist.

It turned out to be the fruit of rules?

Ouyang Nana and Situ Zhen had already told them about the affairs in the ancient Yu realm. They naturally knew the rarity of the fruit of this rule. At first, for these fruits, many forces in the ancient Yu realm merged, and the dust almost fell. inside.

And they?

Only burying his head in cultivating in Pill Pavilion, there is no danger. Now Qin Chen is not only fighting his life outside, but also caring about them all the time, which makes everyone unable to tell.

"Little dust, don't worry, we will never let you down."

With a resolute expression on their faces, several people sat down cross-legged, and then under the guidance of the **** cat, first took out the great road fruit and swallowed it in their abdomen.

Hum!

Several people took the fruit of the Great Dao, and the breath of the Great Dao in the body suddenly filled out, and a terrible breath swept out of the bodies of the few people.

Zhang Ying and the others couldn't perceive the rules of the avenue between heaven and earth, but after swallowing the fruits of the avenue, the atmosphere of the avenue lingered, several people suddenly fell into a magical state, swimming in the world of the avenue. .

The originally vague world of rules suddenly became clear, and countless insights burst out like a volcano.

Zhang Ying and their cultivation bases are actually terrifying. The reason they couldn't perceive the rules and stepped into the half-step martial emperor was simply because they didn't have enough understanding of heaven and earth and their accumulation was not deep enough.

However, the fruits of the great avenue can evolve the power of the great avenue, and all of a sudden the lack of a few people can be supplemented.

In addition, the fruits of the Great Dao contained the original rules of the operation of the world, which immediately caused Zhang Ying and others to fall into enlightenment one by one, and various rules flashed in their hearts.

They are looking for their best break through the rules.

Buzzing buzzing..

All kinds of breaths flickered on Zhang Ying's five people.

A breath of life lingers on Zhang Ying, and with the breath of the earth, this is the undead bloodline activated.

On Lin Tian, the cold rules flickered, and with the power of the death rules, this is the blood of death.

There are also Zhao Lingshan, Zixun, and Yuwenfeng. The power of each of the five people's blood is permeated, and they all bloomed with extremely terrible power.

This was the activation of the power of the powerful that had been taught in the secret realm of the heavenly demon within the five people.

"It seems that these people have old friends in their bodies. They have inherited the will of the old friends, and their future achievements may be limitless."

The **** cat looked at Zhang Ying and said in his heart.

Those powers in them, such as Zhang Ying once obtained the inheritance of the undead old man, Lin Tian is the shadow emperor, Zhao Lingshan is the heavenly dream girl, and Zi Xun is the ancient spirit goddess...

And this great power of fruit instantly activated the inheritance of these people.

"boom!"

The five people were full of glow and breath.

If it hadn't been for the **** cat to perform secret techniques on the side to block this space, the movement here would have alarmed the people in the Dan Pavilion. "If you feel that you have found your own way to rules, start taking the fruits of the rules. The fruits of the rules contain the power of endless rules, allowing you to gather the power of rules in the shortest possible time, master the way of rules, and step into

Jiutian Wudi realm, without too much accumulation. "

Said the **** cat.

As his voice fell, Zhang Ying and others began to swallow the fruits of the rules.

One!

A regular fruit entered the abdomen, and several people all stepped into the realm of Emperor Wu.

Next.

Two!

Three...

Normally, a pinnacle Wudi wants to swallow the regular fruits and directly Tao Wudi realm, at least ten regular fruits.

However, Lin Tian and others have already realized the rule of the avenue under the advancement of the fruit of the great avenue, coupled with the activation of the ancient power in the body, after only taking three regular fruits, they have already triggered the recognition of the law of heaven.

Rumble! In the sky, thunder roared, and Emperor Wu Lei Jie appeared.

[Chapter 1919: Reluctantly cut love](#)

What kind of scene is the five people going through Leijie together?

This time the **** cat saw it.

Above the sky, the endless thunder light condensed, and the terrible thunder cloud enveloped the entire Dan Pavilion, pressing down the suppressed breath cover and swallowing everything.

"what happened?"

"Why are there so many thunderclouds in the sky?"

"Could it be that someone is crossing the thunder robbery of Emperor Wu?"

"Who is crossing the thunder robbery of Emperor Wu?"

One after another, the figures came out, showing surprise.

Breaking through the nine days of Emperor Wu, even in the Wuyu Dan Pavilion, can be considered a major event.

At this time, the family of Ouyang is located.

Situ Zhen and Ouyang Zhengqi were sitting there, and before them were Ouyang Nana, Yan Chidao and Ye Mo.

"Nana, Yan Equator, Ye Mo, the three of you are here today. The old man has an important matter and I want to ask for your opinion." Situ Zhen glanced at Ouyang Zhengqi, and saw that he nodded, then slowly said.

"Master Situ, please give orders." Yan Chidao and Ye Mo said respectfully.

Since they left the ancient Yu world, both of them have now reached the half-step martial emperor peak, becoming the younger generation of alchemy masters and saint child-level figures vigorously cultivated by the Dan Pavilion.

But both of them knew that if it were not for Situ Zhen and Ouyang Zhengqi, they would not have had a chance to get to this point. Therefore, although they have become Saint Sons, they are still very respectful to Situ Zhen and Ouyang Zhengqi. Serve as a teacher.

Ouyang Nana felt that the atmosphere on the court was a little serious, and she immediately smiled and said: "Master Situ, if you have anything to say, just say it."

"Then I'll be straightforward." Situ really nodded, and said: "You three should remember the things about the Emperor Dragon Pill I told you before, right?"

"Is that the Emperor Dragon Pill that gives us a chance to break through to Emperor Wu's realm?" the three of them frowned and said.

"Yes, it is the Emperor Long Dan. When I was waiting to escape the mysterious continent, Qin Chen left you with three regular fruits, and I gave you those regular fruits. Now, you rely on this rule. The fruits have also reached the half-step Wudi peak realm. In order to allow you to break through the Wudi realm as soon as possible, I also tried my best to find the ancestor of Situ Xingzhou and obtain a few Emperor Dragon Pills."

"This emperor dragon pill can allow a half-step martial emperor to have a probability of more than 80% to enter the martial emperor realm. Let them step into the half-step Martial Emperor."

"Such pills, even in the hands of the ancestors, are few."

Situ really paused, and smiled bitterly: "I originally asked for these emperor dragon pills from the ancestors to allow you to enter the realm of Emperor Wu as soon as possible and provoke great tasks, but now you have also seen them. Zhang Ying and others were framed by Tianfeng Medicine Emperor and detained in the Tian prison. Although it was the old man who was investigating, Tianfeng Medicine Emperor and others did not leave any evidence. It is not one thing to clear their suspicions. Easy."

"Now, Wenchang's deputy pavilion chief is constantly using this to pressure us, and even make trouble to the pavilion chief."

"In order to prevent any accidents, I would like to discuss with you whether these Emperor Long Pills can be taken by Zhang Ying and the others, regardless of whether they can break through to the realm of

Emperor Wu, as long as they can step into the realm of Emperor Wu. Where the pavilion master is, we are also easier to deal with, at least we can save their lives."

Situ Zhen said quietly.

After hearing what Situ Zhen said, the three Yan Chidao did not hesitate at all, and said: "I am willing."

Situ Zhen was taken aback, but was surprised: "Don't you think about it?"

This is an opportunity to break through Emperor Wu, and most people simply cannot resist such temptation.

Ye Mo raised his head and said without hesitation: "Master Situ, although I really want to break through to the realm of Emperor Wu, we all know that the reason why we can stand here today is all thanks to the little dust, even we can break through the half-step Wudi because of the regular fruits given by Chen Shao."

"Zhang Ying and the others are all friends of Shaochen, now they are in trouble, so why don't we mind if we let out this Emperor Longdan? If it hadn't been for Shaochen, we would have died in Guyu Realm."

"What's more, I don't believe it. Without the Emperor Dragon Pill, the three of us would not be able to break through Emperor Wu."

The three of Ye Mo were very confident and said firmly.

"it is good."

Situ Zhen stood up with a look of relief, he really didn't see the wrong person.

"If this is the case, then I will immediately prepare to send this Emperor Longdan over. The sooner Zhang Ying and the others can break through, the safer it will be..."

As soon as his voice fell, he suddenly rumbling, and there was already a deafening roar outside.

Everyone suddenly rushed out, and then they saw that endless robbery clouds swept across the sky above their heads, and thunder dragons snaked and stretched for thousands of miles.

"Emperor Wu's thunder robbery, this is... Emperor Wu's thunder robbery, who is going through the robbery?"

Situ Zhen said in shock, his eyes followed the direction of the thundercloud, and he suddenly condensed: "Where... isn't it the Pill Pavilion?"

"go!"

At the moment they had no time to hesitate, and they rushed over. Zhang Ying and the others were in the Pill Pavilion Heaven Prison.

No matter who was crossing the martial emperor's thunder robbery, once the thunder came down, once Zhang Ying and the others were struck, with their martial emperor-level cultivation base, they would surely be wiped out and couldn't hold it.

But even though Situ Zhen rushed over immediately, it was still too late.

Klang Klang!

Before Situ Zhen and his party arrived, the terrifying thunder robbery had already blasted down, completely covering the entire Dan Pavilion Heaven Prison, and the terrifying thunder and lightning crazily smashed down.

boom!

With only one blow, the Dange Sky Prison was blasted open.

"not good!"

While he was anxious, Situ really saw five figures rushing out of the blasted hole. These were five young figures, each rising into the sky facing the terrifying thunder.

Who else can the five of Zhang Ying be?

"What? Are they crossing the thunder robbery?"

At this moment, not only Situ Zhen and his entourage, but all the Alchemy Masters and powerful men who were startled by Thunder Tribulation were shocked.

Under all eyes.

The five members of Zhang Ying were frantically tempering their bodies under the thunder robbery, and their figures were domineering, like gods and demons.

boom!

The dense thunder light poured down, completely submerging the five people, and the endless thunder light continued to drop down, as if it were endless.

The whole process of the sky thunder bombardment lasted for a full hour, and finally, the thunder robbery dissipated, and the five overbearing figures walked out of the thunder light, bursting out with a shocking atmosphere of Emperor Wu.

Shocked everyone.

"It seems that Mr. Cat, my mission is completed, so these little guys are completely safe."

No one noticed that there was a dark shadow flashing across the sky prison at this moment, leaving the sky prison before the many powerful people in the Dan Pavilion arrived.

It glanced back at the Treasure Treasure Pavilion in Dan Pavilion, and muttered: "Where are there many good things. It's a pity, in order not to hurt those little guys, I can only reluctantly give up my love first, and I will watch it next time. Take a look."

After the words fell, the **** cat had already disappeared here, even the giant Pill Pavilion Wu Di, who came around for the first time, could not find its trace.

[Chapter 1920: Emperor Wudi](#)

The news that Zhang Ying and the five people had survived the thunder robbery spread out in the Dan Pavilion for the first time, causing an uproar.

The entire Dan Pavilion was in an uproar.

How is this possible?

Not long ago, Zhang Ying and the others were only the pinnacle martial emperor. How long have they been imprisoned, they have all broken through to the realm of Emperor Wu, this is simply... a fantasy.

It should be known that Emperor Wu broke through to Emperor Wu, it was too difficult, even for some geniuses, it would be difficult to do it without a few years.

What about Zhang Ying and others?

However, it took more than a month, and Qi Qi broke through the realm of Emperor Wu at the same time.

For a time, all kinds of news spread wildly in the Dange, and some people even reported that Situ Zhen stole many treasures of the Dange to exonerate Zhang Ying and others, and promoted Zhang Ying and the others.

This news naturally attracted the attention of Dange's law enforcement department, but after the inspection, it was discovered that it was nothing but a fiction.

After the news spread, even the current chief of Dan Pavilion, who was in retreat, was alarmed and learned of the news.

Just the next day, a piece of news came down. It was the order issued by the current patron of Dan Pavilion to exonerate Zhang Ying from the five-person jail and to grant the five-person elder position.

boom!

When the news came, Dan Pavilion shook and was in an uproar.

Don't underestimate this little elder, this is the Dange headquarters, how precious the position of an elder is, is by no means ordinary. It is important to know that among the pill pavilions, who can truly be an elder, who is not a top alchemist master, or a master of martial arts and pill, if it is only a martial artist, let alone the early emperor of the ninth rank, Even the mid-term Emperor Wu did not

Must have the status of an elder and can only become a protector.

But Zhang Ying's five people were directly granted the status of elders, which means that the five of them are already in high positions in the Pill Pavilion. Even in the Martial Domain, they are considered big people.

This promotion rate is too abnormal, right?

But thinking of Zhang Ying and their age, everyone was silent again.

They are only in their twenties now, the biggest Yuwenfeng is only in their early thirties, and now the top princes in the Dan Pavilion are the saints and saints such as Ouyang Nana and Ye Mo.

They are not superior to Zhang Ying in terms of age, but even they are only half of the martial emperor peak at present, so in terms of martial arts talents, Zhang Ying's five are better than their Dan Pavilion's saint son and saint. Terrible?

If such talents continue to develop, in the next hundred years, there will be five giants in the Pill Pavilion, and once the martial artist breaks through to the late Emperor Wu, they are the real giants, and they can often take the lead.

In this way, Zhang Ying and the others were named elders, and it seemed that they all had an explanation.

The crisis that originally hung over them, just like that, was easily lifted.

"hateful!"

boom!

In a palace in the Dan Pavilion, the deputy pavilion master Wenchang was furious and exploded a sandalwood table with one palm, turning it into powder.

"How on earth did these five guys break through Emperor Wu? Don't you have a clue?" Deputy Pavilion Master Wenchang looked coldly at the Tianfeng Medicine Emperor who was kneeling down there, and roared angrily, extremely irritable.

"My lord Deputy Pavilion, his subordinates also tried to investigate, but the five of them have been controlled by Situ Zhen and the others, so..." Tianfeng Medicine Emperor said with trembling.

"A waste, what use do you want!"

Bang!

The deputy pavilion master Wenchang slapped the Tianfeng Medicine Emperor to the ground. The Tianfeng Medicine Emperor suddenly had blood in his mouth and nose and was embarrassed, but he didn't even dare to wipe it.

"It seems that this time, they can only pass the level." Wenchang Deputy Pavilion Master said in a cold voice, but in this way, the task assigned to him by Misty Palace would be difficult to complete.

"My lord deputy pavilion, it is better to hand this matter to his subordinates, and the subordinates will definitely find a way to frame the five of them." Tianfeng Medicine Emperor gritted his teeth and said. The Deputy Pavilion Master Wenchang squinted his eyes and said coldly: "No, now Situ Zhen and the others are already alert. Do you think it will be as easy as before if you want to frame them? If you are not careful, maybe even us will be exposed. Now Misty Palace and

The Xuanyuan Empire is in conflict. Let's keep a low profile for the time being and wait for the order of the Shanguan Palace Master. "

Tianfeng Medicine Emperor lowered his head, revealing a trace of unwillingness, but helpless.

Ji family ancestral land.

Unconsciously, half a month passed.

Qin Chen cross-legged in a secret room of Ji's house, his face sinking.

For more than half a month, he has been trying to integrate blood and flesh to reach the legendary state of non-leakage, but no matter how he fuses blood, he still cannot perfectly combine the two.

It's too difficult, why is this non-leakage state so difficult?

If it fails to reach the state of no leakage, Qin Chen will not be able to cultivate into a soul-separated body. Once the golden parasitic seed erupts and seizes his soul, at that time, Qin Chen has no complete confidence in resisting the seizure of the parasitic seed. .

"It seems that we have to think of a separate solution."

Qin Chen stood up and sighed.

He has a feeling that if he keeps shutting down like this, even if it is another ten years, he will not be able to realize the method of fusion of blood.

This is not something that can be realized by retreat, but it requires a special opportunity.

Is there any opportunity for me to understand the art of blood fusion as soon as possible?

Boom!

While Qin Chen was thinking about it, Ji Family Ancestral Land suddenly heard a violent roar, and immediately afterwards, the world changed color, and an extremely terrifying aura filled it, as if a wild beast had awakened in an instant.

Qin Chen raised his head, suddenly showing joy.

The Great Elder broke through!

Whoosh!

He stepped, walked out, came to the sky above the ancestral land, and saw a figure rising from the ancestral land at the same time, laughing happily.

"Hahaha, the old man finally broke through the peak of Emperor Wu, hahaha."

Grand Elder Ji Dewei laughed at the sky, his voice rumbling like thunder, echoing in the sky above the Ji family ancestral land, containing endless pressure.

This is the coercion of Emperor Wu Feng.

After taking the Emperor Breaking Pill refined by Qin Chen, the Great Elder finally broke through.

"Elder, congratulations."

"Congratulations to the elder."

Ji Hongchen and Ji Ruyue flew out for the first time and said excitedly.

After the great elder broke through, the Ji family finally had another pinnacle martial emperor, and being able to sit in the Ji family made people less worried.

"Ji Dewei has seen Shao Chen. From now on, I am willing to go through the fire and water for Shao Chen, and will not hesitate." The great elder hurriedly came to Qin Chen and knelt down on one knee with respect.

He knew very well that he could break through the peak of Emperor Wu, all this was brought by Qin Chen, without Qin Chen, there would be no where he is today. If Ji Dewei in the past had no choice but to control Qin Chen's life and death because of the soul charm of life and death in his body, then now, he was grateful to Qin Chen from the bottom of his heart and surrendered.
