

Valkyrie 1921

[Chapter 1921: Opportunity here](#)

"Get up, I don't want your loyalty. I only want you. I can lead the Ji family in the future and don't forget the original intention." Qin Chen smiled.

The Ji family is also the family of her former close friends, and Ruyue is also her closest person. To the Ji family, he will naturally not be like the ordinary family.

"Dewei would like to follow Chen Shao's order and lead the Ji family without forgetting the original intention." Ji Dewei saluted again respectfully.

Regardless of Qin Chen's attitude towards him, he has only recognized Qin Chen since then.

"Little Chen..." Ji Dewei looked at Qin Chen, just about to ask about the actions of the Ji family. Suddenly Qin Chen looked up and looked outside the Ji family's ancestors, with a smile on his face: "You get up first, our old man Friends are here."

"Old friend?" Ji Dewei was puzzled, and even turned his head to look. With his perception, he hadn't noticed anything unusual.

I saw the horizon in the distance, hoo, a figure came out of the void, a mighty figure, with endless aura, like a god, came over.

It's Fu Qiankun!

"It's terrifying coercion." Ji Dewei was taken aback, looking at Fu Qiankun with amazement.

Before, he was only a giant of the late Emperor Wu, so he had not yet felt how terrifying Fu Qiankun was, but at this moment, after he broke through the peak of Emperor Wu, he deeply felt the horror of Fu Qiankun.

At this moment, Fu Qiankun was like a great sun, exuding endless pressure, as if he could suppress the eternal world.

How is this possible?

He has broken through to the peak of Emperor Wu, and he can be regarded as a top-notch powerhouse, but in front of Fu Qiankun, he feels a deep sense of suffocation. What is Fu Qiankun's strength?

Isn't it the pinnacle of Emperor Wu that is the end of martial arts? How can there be such a huge gap?

Ji Dewei's originally excited heart suddenly seemed to be splashed with cold water, and it was instantly cold.

The appearance of Fu Qiankun made him understand that breaking through the peak of Emperor Wu may not mean that he has now reached the top of the mainland. He is still far away from the real top power in the mainland.

This is a gap within the realm.

However, it was Qin Chen that surprised Ji Dewei even more.

Shao Chen was able to spot the traces of the opponent before he discovered Fu Qiankun, which clearly represented that Shao Chen was far superior to his peak Martial Emperor in perception.

"Brother Fu, you are back!" Fu Qiankun's figure flashed, and he suddenly appeared at the Ji family ancestor's land. Qin Chen suddenly laughed, without a hint of surprise.

"You knew I would come back?" Fu Qiankun was immediately depressed.

After leaving Ji's house, he quickly went to other places in the Martial Domain, walked through several large cities, and learned about the changes in the Martial Domain in the past two hundred years.

The vicissitudes of life. Fu Qiankun did not expect that in just two hundred years, the Martial Domain has changed so much. The Holy Land of Blood is no longer the top power in the mainland, and now the highest in the mainland is the Misty Palace, and the Misty Palace also owns the Law Enforcement Palace. One

These terrorist forces are strong and terrifying.

In addition, the Xuanyuan Empire was actually the top power second only to Misty Palace.

This made Fu Qiankun's heart frantic and shocked.

Having been trapped for more than two hundred years, he knows the terribleness of Misty Palace, and behind Misty Palace, there are countless alien demons who have been dedicated to destroying the Tianwu Continent for thousands of years.

If he rushed back to the Holy Land of Bloodline, he might really be as Qin Chen said, not only could not change much, but would not escape death.

Over the past two hundred years, the structure of the Bloodline Holy Land has undergone tremendous changes. He doesn't even know who is in charge of the Bloodline Holy Land today, and who is the hidden child in the Misty Palace.

Before figuring out this, he naturally couldn't openly appear on the mainland. What's more, although his injuries have been healed seven or eight eighty-eight, how can he be healed overnight? Today, his strength is only 70% of his heyday. Before he fully recovered, he was

It is impossible to openly show up in the Holy Land of Blood.

Therefore, he could only come back to find Qin Chen.

But at this moment, seeing the smile on Qin Chen's face, his heart suddenly became depressed.

Emotional actions are all in the calculations of this old friend.

"Since I'm back, why bother to think so much, you and I have the same goals, old friends, it's better to join hands with me, and return the heavens and earths of the Heavenly Martial Continent, how?" Qin Chen smiled and stretched out his right hand.

"I'm back, what else can I say!" Fu Qiankun and Qin Chen slapped their hands, their hearts were agitated.

"Huh, did you break through the peak of Emperor Wu?" Then, Fu Qiankun noticed Ji Dewei and felt the breath on his body, and was surprised.

After not seeing him in just over half a month, Ji Dewei has actually broken through the realm of Emperor Wudi, and his old friend is still acting amazing.

"Qin Chen, what do we do next? The Misty Palace is actually far more powerful than those on the surface, especially Shangguan Xier, who is terrible. It is undoubtedly a fantasy for us people to destroy the Misty Palace. "

Fu Qiankun glanced at the crowd, and when he mentioned Shangguan Xi'er, even if he was better than him, he was jealous and solemn.

"If you don't accumulate steps, you can't reach a thousand miles. If you don't accumulate small currents, you can't become a river. How can you know if you don't try?"

Qin Chen also had a solemn face, but between his eyebrows, he was full of confidence, "The embankment of a thousand miles was destroyed by the ant nest. We can't openly confront the Misty Palace for the time being, but we can weaken its strength a little bit. Wait till the end. Give another fatal blow."

Fu Qiankun thoughtfully, he also sensed Qin Chen's previous actions in the jade disc of good fortune in the universe, and naturally knew that the battle between Misty Palace and Xuanyuan Empire was actually planned by Qin Chen.

With that said, Qin Chen will use this method next?

"What are you going to do?" Fu Qiankun said solemnly, after being tortured for more than two hundred years, he has a lot of trouble to count against Misty Palace.

Qin Chen scratched his head, "I haven't thought about it yet."

by!

Fu Qiankun was speechless, dare to feel that he was wasting his emotions. At this moment, a disciple of the Ji family hurried over and said: "Elder, the people of the Mo family are here again. This time, the ancestors of the Mo family personally led the team and asked the ancestors to meet him and execute the Misty Palace. Task, otherwise, we must personally report to the misty

The palace went. "

"Ji can't, if you don't come out to carry out the order issued by Misty Palace, you will not be able to blame me for waiting to report the matter to Misty Palace, punishing you with a disrespectful crime!"

Outside the sky, a roar rang out. The roar was rumbling and deafening. It was the Mo family ancestor shouting outside the Ji family ancestor land, and the sound actually spread into the Ji family ancestor land.

"Huh!" Qin Chen was at a loss. At this moment, he suddenly smiled, looked at Fu Qiankun, and said with a smile: "Brother Fu, isn't this chance here?"

[Chapter 1922: Are you eligible?](#)

The Mo Family is an important force in the Hall of Law Enforcement, and one of Misty Palace's dogs in the Martial Domain. If the Mo Family can be destroyed, it will be a huge blow to the Misty Palace.

"What do you mean?" Fu Qiankun frowned and looked at Qin Chen.

"Hehe, everyone, listen to me..." Qin Chen laughed, and quickly said his plan, making everyone around him look bright.

At this time, outside the Ji family's ancestors, a group of Mo family powerhouses hovered in the sky mightily, icy cold all over.

The leader, murderous intent, linger for nine days with endless murderous intent. The murderous intent is strong enough to blast down the stars in the sky.

This person is naturally Mo Wenshan, the ancestor of the Mo family.

At this moment, the ancestors of the Mo family, full of anger, stared at the two Ji family martial emperors who were defending in the void, with murderous expressions.

He knew that this was the Ji family ancestral land, but there was no way to enter, otherwise he would have rushed in.

"Ji can't that guy? Let him get out, don't you even dare not listen to the orders of Misty Palace?" Mo Wenshan, the ancestor of the Mo family, jumped into a thunder. Although the two elders of the Ji family were also powerful emperors, under the coercion of Mo Wenshan, they trembled and sweated, and said in anger: "Mo family ancestors, we have said many times, my ancestors In retreat, please wait a moment.

"Waiting for you big-headed ghost, my Mo family received news from the Misty Palace. It has been more than half a month now. The guy Ji can't come out until now. Humph, the old man will only come out within one hour and explain clearly, otherwise Don't blame Mo Wenshan for not telling me Love it. "

Mo Wenshan is so angry.

Since the Mo Family was sneak attacked by the Xuanyuan Empire, he suffered heavy losses, almost 70% to 80% of his top power was lost, and only the power he used to attack the Xuanyuan Empire was left.

So after learning that the Misty Palace and the Xuanyuan Empire had started a full-scale war, Mo Wenshan was so excited and murderous that he wanted to attack the Xuanyuan Empire and let the Xuanyuan Empire pay its debts.

But his Mo family suffered heavy losses, and now only some seeds for the future are left. If they are ambushed by the Xuanyuan Empire, it will be over. For the sake of safety, he can only act together with the Ji family.

Although he couldn't understand the Ji family very much, the Ji family is also a high-level executive of the law enforcement palace. Under the order of Misty Palace, he naturally obeyed the orders. But what

Mo Wenshan didn't expect that after he brought the Mo family powerhouse to Ji's house, Ji couldn't actually not see him at all, let alone Ji couldn't. Even the top of the Ji family, none of them were seen. There are two or three big cats and kittens left,

There is not even one in charge.

Damn, has his Mo family fallen to this point?

Anyway, he is also the ancestor of the Mo family, and the Ji family is too ignorant of the rules, but considering the need for the Ji family to take action, he can only endure and wait for the Ji family's announcement.

And this wait is more than half a month.

There was only one reply from the Ji family. The ancestor was in retreat. As for the other senior members of the Ji family, they were all busy in the ancestral land.

Can Mo Wenshan not be angry?

His dignified Mo family ancestor, when did he even lose this little face? So after abruptly enduring it for more than half a month, he couldn't help it and broke out.

What a big deal, what are you afraid of? Does the Ji family dare to eat him!

That's why there is a scene at the moment of Ji family ancestral land. "Ancestor, it seems that the Ji family will not come out. A group of tortoises, let's go, let's go and attack the Xuanyuan Empire by ourselves. As for what the Ji family did, we will pass it to the Misty Palace in the first place and let the female emperor. Come to convict, I don't believe this

The Ji family can still disobey the Empress. "

A veteran of the Mo family can't stand it anymore, that anger, let alone him, all the Mo family experts around are angry, and it is estimated that they can ignite with a touch.

"Let's go."

Mo Wenshan gritted his teeth and said unwillingly.

He is unwilling!

Naturally, the enemies of the Mo Family had to be reported, but now only these people were left in the Mo Family. In case of any trouble during the sneak attack on the Xuanyuan Empire, it would be his hope for the future of the Mo Family to die.

But now, he can do nothing.

Ji can't live and die, so what can be done?

But just when they were about to leave, Ji's family land suddenly opened.

"Hehe, ancestor Mo Wenshan, why come to my Ji's house and don't sit down, why is so angry!"

A group of people flew out from the ancestral land of the Ji family, but it was a group of strong and leading people in the Ji family, it was the elder of the Ji family, Ji Dewei, who said with a smile.

"Ji Dewei, you have finally figured it out. Your Ji family is too much. You dare not listen to the orders of Misty Palace. What a crime!" The old veteran of the Mo family suddenly had a target to vent and shouted angrily. "Hey, who said that my Ji family didn't follow the orders of Misty Palace? It was busy before. Now that the old man comes out, he is ready to go hand in hand with the Mo family to attack the Xuanyuan Empire." Ji Dewei said with a smile. Facing the Mo family

Blaming and scolding, not at all angry.

"Just you?" The old man became even more angry.

In his eyes, Ji Dewei is just the elder of the Ji family, and now it is his Mo family ancestor Mo Wenshan who is here, and naturally needs Ji to be unable to greet him. What does it mean to send Ji Dewei? Do you look down on his Mo family?

Therefore, he was angry and shouted coldly: "Ji Dewei, you are just the elder of the Ji family. What qualifications do you have to represent the Ji family so that your ancestor Ji of the Ji family cannot speak out."

He stepped forward, angry, domineering and strong.

Ji Dewei still smiled, and said: "My ancestor of the Ji family is in retreat. The ancestor has authorized me to handle this operation. If you want to attack the Xuanyuan Empire, please lead the way."

This time not only the old Mo family was angry, all the strong Mo family were angry.

unacceptable.

His Mo family ancestors have all come forward, but the Ji family ancestors refused to even come forward, and sent a great elder to send them, which is really intolerable.

Mo family and Ji family have been fighting for so many years, have never been so humiliated.

"Ji Dewei, you are not qualified to talk to my Mo family ancestor, so Ji can't get out." The old man was so angry that he couldn't bear it, his tone became difficult to sound.

"But if you insult my Ji family ancestor, you will die!"

Ji Dewei's face changed suddenly, who was still mild before. Boom, he stuck out his palm and slapped him directly at the elder of the Mo family. The old man of the Mo family snorted coldly, without fear. He is the only giant Wudi of the Mo family besides Mo Wenshan. He is also the late emperor of Wudi, so naturally he is not afraid of Ji Dewei. Although Ji Dewei is the elder of the Ji family, his Xiu base is with him. Same, not strong

weak.

Therefore, he was very calm, snorted coldly, directly raised his hand to counterattack, and also coldly hummed: "Ji Dewei, you want to fight, the old man is with you." Before the voice fell, his face suddenly changed, and Ji Dewei took a picture of him. , The mighty true essence was irresistible, with a click, his

hand bones were directly shattered, and blood was spit out from his mouth. The next moment, Ji Dewei's slap was already slapped on his face.

I shot him away, and his face changed instantly.

"Is the old man qualified now?" Ji Dewei said coldly: "Dog-like things are also crazy in front of the old man. If it is not for the face of Misty Palace, the old man will slap you to death."

Mo Wenshan also failed to anticipate this scene, so that he could not react at all for a while, and when he reacted, the elder of his Mo family had been blown away.

"Emperor Martial Peak!" He took a breath of air and stared at Ji Dewei, his face shocked.

[Chapter 1923: Happily](#)

As soon as Ji Dewei made a move, he instantly shocked all the strong men of the Mo family.

Peak Martial Emperor?

Everyone in the Mo family took a deep breath and stared at Ji Dewei with disbelief in their eyes.

The Mo family and the Ji family have never dealt with them. It is no better to know the strength of the Ji family. In the entire Ji family, except that Ji can not, the strongest Ji family elder is only the great emperor of the later period, and their Mo family elder. Mo Duanming is average.

These two people have also fought for hundreds of years, and they all wanted to step into the peak martial emperor realm, but they were still unable to succeed.

But now, Mo Duanming, the elder of the Mo family, fell into the hands of the Xuanyuan Empire. He never thought that the elder Ji Dewei of the Ji family would break through.

hiss!

Sucking air-conditioning sounds one after another, everyone in the Mo family stared at Ji Dewei in amazement, eyes jealous and depressed.

God is too short-sighted, the Mo family suffered a heavy loss and lost 70% of their combat strength, but the Ji family, as their old enemy, was lucky, and unexpectedly added another pinnacle martial emperor.

At this moment, everyone in the Mo family was ashamed, and their eyes were extremely desperate.

Ji Dewei faintly glanced at the old Mo family who was lying there, and said coldly: "Is the old man qualified now? Go away and talk nonsense again. The old man has abandoned you."

The old Mo Jiasu felt aggrieved in his heart, but he was calm and dare not say a word.

What can I do if my skills are not as good as humans? Continue to clamor, but it is his Mo family that is unlucky.

Happiness!

At this time, there was a crisp applause on the court, and it was Mo Wenshan clapping his hands. He looked at Ji Dewei, his face was full of admiration, and he admired: "I didn't expect to see him for many days. Brother Dulwich also broke through. Congratulations to the peak Wudi realm!"

With a congratulatory look on his face, he couldn't see any dissatisfaction, as if he was sincerely congratulating Ji Dewei.

Then, he coldly snorted to the old Mo family: "Mo Liqun, just came to apologize to Brother Dulwich?"

"Great Elder, Liqun was reckless before, and I ask the Great Elder to forgive me." The old elder stepped up, lowered his head, gritted his teeth and said, with anger in his heart.

Although it was the ancestor's order, the dissatisfaction in his heart could not be concealed.

"What kind of attitude, it's no wonder that Brother Dulwich will give a lesson just now." Mo Wenshan snorted dissatisfiedly to the old man, and when he turned his head to look at Ji Dewei, his face was already full of smiles: "Brother Dulwich, I was a disciple of the Mo family before. No, Mo Mou apologizes here first, and please don't mind Brother Dulwich. Both the Mo family and Ji family are under the Misty Palace. We should share weal and woe, and we should help each other."

by!

Qin Chen heard his scalp numb.

This guy's face has become too terrifying, right? It's definitely a character!

Who scolded the most harshly before, wasn't this Mo family ancestor? Aggressive, it can't be troublesome to find Ji, but now? After seeing Ji Dewei break through the peak of Emperor Wu, his attitude suddenly changed. The dignified ancestor of the Mo family was actually like a grandson. Isn't this shocking Qin Chen?

This is how thick-skinned it takes to do this.

"Brother Wenshan, don't worry, Ji will naturally not mind this little thing." Ji Dewei smiled, with a light tone, "My Ji family has a big business and will not have the same knowledge as some small families. Seeing that your Mo family suffered heavy losses a few days ago, For the sake of being wiped out, Ji will forgive your rudeness."

Made!

The Mo family's powerhouses are about to explode, what does Ji Dewei mean? Do you say that their Mo family is also a small family? Is it too much?

In the ordinary course, the Mo family members have long been angry, but now they are looking at the ancestors.

"Hehe, Brother Dulwich is really broad-minded, and Mo admires him. Okay, now that Brother Dulwich has also made a move, he should be out of breath too? Momo wants to ask the truth from Brother Dulwich here. Why can't he? Can't come out yet?" Mo Wenshan smiled, unable to see the slightest anger.

This guy is a good guy, isn't he angry?

I have to say that this Mo Wenshan is very terrifying. After seeing Ji Dewei's strength, his attitude immediately changed.

"My ancestor of the Ji family is still in retreat. This action will be completed with Brother Mo." Ji Dewei said lightly.

"Okay." Mo Wenshan's eyes flickered, but immediately he smiled: "Then let's go."

His face is gentle, but his heart is extremely hideous.

He is the ancestor of the Mo family. Although Ji Dewei is the elder of the Ji family, in the eyes of Mo Wenshan, he can only be regarded as a junior.

But now, this junior is arrogant in front of him, how can he not be angry?

Although Ji Dewei broke through the peak of Emperor Wudi, in the eyes of Mo Wenshan, this was a naked provocation.

He had already made up his mind, taking advantage of this opportunity to attack the Xuanyuan Empire, secretly attacking the Mo family.

It was just a guy who had just broken through the peak of Emperor Wu. Mo Wenshan didn't believe that he couldn't take it. By then, all the members of the Ji family would accidentally fall into the Xuanyuan Empire. I don't know what Ji Neng's mood would be like.

Just thinking about it, Mo Wenshan was extremely excited.

But the people of the Mo family saw that even the ancestors were softened, although they were suffocating in their hearts, they just gritted their teeth and set off.

This time, those who set out to attack the Xuanyuan Empire were all powerhouses above the Wudi level. These two forces were preparing to carry out precision strikes. In such a sneak attack, the warriors under the Wudi would often be of little use, but would be delayed. Back.

In order to retaliate against the Xuanyuan Empire, the whole army was dispatched by the Mo Family. Almost all the remaining Wudi-level powerhouses were dispatched, leaving only a few old, weak and sick in the Mo Family Cemetery.

There is the guardian of the strong aliens, and it is still safe.

Whoosh whoosh...

In the void, the sound of breaking through the air sounded one after another, and many figures swept across the sky.

Among them, there are nearly twenty emperors of the Mo family. Among them, the peak emperor is Mo Wenshan, the ancestor of the Mo family. In the later period, the emperor is the emperor Mo Liqun. In addition, there are still mid-term and In the mid-term peak martial emperor three people, the remaining ten people, all are the early and early peak martial emperor.

This is already the remaining strength of the Mo family.

As for the Ji family, more masters were dispatched, including Ji Dewei, Ji Hongchen, Ji Ruyue, five mid-term martial emperors, and nearly ten early and early peak martial emperors.

Qin Chen and Fu Qiankun were mixed among the nearly ten early martial emperors. They changed their bodies and wore cloaks to cover their faces.

"Brother Dulwich, who is this friend?" Mo Wenshan was very keen and noticed Fu Qiankun for the first time.

Although Fu Qiankun had hidden his breath, his breath was still too special and attracted Mo Wenshan's attention.

On the contrary, Qin Chen's aura is restrained and proficient. In addition, other powerful members of the Ji family are also wearing cloaks for sneak attacks, which did not attract Mo Wenshan's attention.

Fu Qiankun was surprised that he was actually noticed.

[Chapter 1924: Tiandi Mountain](#)

He was immediately depressed.

Because Qin Chen was not discovered, but he was paid attention to. Doesn't it mean that his cover-up skills are not as good as Qin Chen's mastery?

Damn, this is too shameful.

In fact, with Fu Qiankun's cultivation base, how would it be discovered by a guy like Mo Wenshan under normal circumstances?

But Fu Qiankun's injury is not healed now, causing his aura to converge and is not perfect. This is how some clues are seen.

"Oh? He, he is an elder of my Ji family!" Ji Dewei said carelessly.

"Ji family elder? I don't know which family elder it is, why hasn't Mo been seen before?" Mo Wenshan's eyes flashed and asked in confusion.

"Why, Brother Wenshan is also interested in the elders of my Ji family?" Ji Dewei said lightly.

"Since the two parties are working together, Mo Mou naturally needs to understand each other's strengths so as to prepare." Mo Wenshan found a reasonable excuse.

"This clan elder of my Ji family has always lived in the simplest form. He rarely shows up. Brother Wenshan shouldn't know him. Since Brother Wenshan asked, then Ji can tell Brother Wenshan that the cultivation of this clan elder was in the middle of Emperor Wu. Peak." Ji Dewei said with a smile.

What about a liar?

Mo Wenshan sneered in his heart, how could the person he noticed was just a mid-term peak Martial Emperor? Such a weird aura, although the true strength cannot be distinguished, but it is estimated that at least it is also a giant of the late Emperor Wu.

As for Emperor Wu of the pinnacle, it is completely impossible.

Peak Martial Emperor is not so easy to come out. It is better than Ji Family and his Mo Family. In the past 100 years, only he and Ji have not been able to break through Peak Martial Emperor. Ji Dewei just broke through not long ago. Fortunately, it is impossible to directly break through the two peak martial emperors in a short time.

In this way, although the clan elder has a strange aura, he is at most the late Emperor Wu.

Although this level of cultivation is terrifying to ordinary Wudi, with Mo Wenshan's strength and identity, it is naturally not in his eyes.

The two of them just flew and chatted, and the atmosphere was so happy.

This is really hell.

The Ji family and the Mo family have fought for hundreds of years. It is not an exaggeration for the two sides to say that they are rivals, and they have a happy day.

Of course, it's hard to say whether the two sides are really happy in their hearts, or whether they are pregnant.

"Brother Wenshan, I heard that this sneak attack on the Xuanyuan Empire, your chosen target is Fenghuicheng of the Xuanyuan Empire?"

Approaching the Xuanyuan Empire, Ji Dewei suddenly spoke.

"Why, Brother Dulwich has an idea?"

Mo Wenshan looked over.

Feng's return to the city was the target that his Mo family had investigated several times. Although this place was only a city, it was a central city in the southern region of the Xuanyuan Empire, and its important status was more important than that of Yongzhou.

But now the confrontation between the Xuanyuan Empire and Misty Palace is mainly concentrated in the locations in various parts of the mainland. Besides, it is the eastern region where the Xuanyuan Empire is located in Yongzhou.

As for the other three regions, northwest and southwest, they are still peaceful.

The Mo family wanted to use this opportunity to directly attack Fenghuicheng, the central city in the southern region of the Xuanyuan Empire. This city was one of the economic centers in the southern region of the Xuanyuan Empire and contained a lot of wealth and treasures.

As long as this city is destroyed, it will be a huge blow to the Xuanyuan Empire, which is equivalent to a direct loss of the southern region.

This is the goal carefully selected by the Mo family.

But now, listening to Ji Dewei's meaning, it seems that he looks down on Feng Huicheng.

"Haha, although Fenghuicheng is important, it is only one of the economic centers in the southern region of the Xuanyuan Empire. Although it can be destroyed, it can cause huge damage to the Xuanyuan Empire, but it can only be regarded as a small injury, not a pain. The thing that moves the bones."

"Brother Nadwei mean?"

"Since it is a sneak attack, there is only one chance. If you want to deal with it, you can deal with it directly."

Ji Dewei said grimly: "As far as I know, there is a Tiandi Mountain in the southern area of the Xuanyuan Empire. This place is the holy land of the Xuanyuan Empire. Many of the martial emperors of the Xuanyuan Empire were cultivated by the Tiandi Mountain. If we can destroy it Tiandi Mountain is equivalent to directly erasing an arm of the Xuanyuan Empire, which is much more effective than Feng Huicheng."

Morven Hill was shocked immediately.

Ji Dewei's target turned out to be Tiandi Mountain.

Damn, this is too bold, right?

Heavenly Emperor Mountain, that is the true sacred land of the Xuanyuan Empire, its defenses are strict, second only to the Xuanyuan Empire's imperial city, this is an extremely terrifying dense land, just like its name, can continuously cultivate the powerful emperor.

Moreover, it is rumored that there is a secret realm in this Tiandi Mountain, which is very mysterious. There is a special kind of strange treasure in that secret realm.

The Xuanyuan Empire was able to grow so strong in these years, which has a great relationship with this Heavenly Emperor Mountain.

Therefore, when Ji Dewei was staring at Tiandi Mountain, Morwen Mountain suddenly fainted.

Didn't he know that attacking Tiandi Mountain would be more effective than Fenghuicheng?

But the defensive power of such a treasured land as Tiandi Mountain was at least twice as terrifying as Fenghuicheng.

To put it simply, Fenghuicheng has at most two giant Wudi sitting in town, but what about Tiandi Mountain? There is no doubt that this kind of place will definitely have the peak of Emperor Wu.

Will they be able to attack by their two forces?

Once retained and attracted other powerhouses in the Xuanyuan Empire, they will definitely be unlucky.

Does the Ji family have any conspiracy?

Mo Wenshan's heart suddenly became vigilant.

"Why, brother Wenshan is afraid?" Ji Dewei said with a smile.

"I will be afraid?" Mo Wenshan sneered, and said solemnly: "I'm just worried. With the strength of our two families, if we can't attack Tiandi Mountain, once we wait for assistance, we will be in danger."

How could he be so easy to be agitated by his treacherous cunning.

"What's the matter? With the strength of our two families, even if the Tiandi Mountain cannot be attacked, as long as the Tiandi Mountain can be destroyed and all the resources in it can be plundered, it is already a huge loss for the Xuanyuan Empire. "Ji Dewei laughed: "Ji has an idea. You and my two families will first send someone to sneak attack on Tiandi Mountain, and then flee for the first time. After the Tiandi Mountain powerhouse is provoked, he will definitely come to chase him. Taking advantage of the emptiness of Tiandi Mountain, the family directly attacked and took away the treasures in the Tiandi Mountain. At that time, whether or not it could destroy the Tiandi Mountain and kill the top powerhouses of the Xuanyuan Empire, it would be considered a huge gain."

Mo Wenshan's eyes lit up, which is really a good idea.

Moreover, it is rumored that the treasures in the Tiandi Mountain can cultivate many Wudi powers and enhance the strength of the Wudi. If the Mo family has such treasures, revival will naturally be expected.

"Who is going to adjust the tiger away from the mountain?"

But Mo Wenshan's suspicious nature immediately emerged, and he looked at Ji Dewei suspiciously.

[Chapter 1925: Array master](#)

The person who adjusts the tiger away from the mountain is obviously safer, but in this way, once the Tiandi Mountain is captured, there are fewer treasures.

"In order to show sincerity, Ji will follow the command of Brother Wenshan. However, after taking Tiandi Mountain, the treasure of Tiandi Mountain will be at least 60% of the treasures of my Ji family."

60%?

Mo Wenshan was faintly angry, why did he get less from the Mo family than the Ji family?

"Brother Dulwich, isn't this inappropriate?" Mo Wenshan frowned: "Everyone works together, so why do you get more treasures from the Ji family?"

Sixty percent, it seems that only ten percent is more, but the Mo family will be ten percent less. Comparing the two sides, this is at least a twenty percent difference, which should not be underestimated. "It was my Ji family's proposal to attack Tiandi Mountain. My Ji family contributed more and naturally needed more. What's more, in order to show sincerity, Ji must follow the command of Wenshan brothers in all his actions. In the hands, shouldn't it

Should I ask for more? "Ji Dewei said lightly, full of confidence.

Indeed, he even gave the life of the Ji family's disciple to Mo Wenshan, and it would be more than 10%.

"If Brother Wenshan is unwilling, then our two families will act separately. Whoever gets more and who gets less depends on his ability." Ji Dewei said lightly.

Mo Wenshan's eyes flashed, but he laughed. "Since Brother Dulwich said so, I'm not going to disobey Brother Dulwich. Okay, the old man agreed to your request. You can get 60% of the treasure from the Ji family. However, if you are attacking Tiandi Mountain. Emperor Wu, the peak of Tiandi Mountain, appeared

, Brother Dewei, you must lead this person away, and Ji Hongchen and Ji Ruyue of your Ji family must stay with the old man to attack Tiandi Mountain, how about? "

This is obviously taking Ji Hongchen and Ji Ruyue as hostages.

Ji Hongchen and Ji Ruyue are outstanding among the second and third generations of the Ji family. As long as they keep them in their own hands, Mo Wenshan is not afraid of the tricks of the Ji family.

"Okay, Ji promised."

Ji Dewei was very refreshed, and agreed in the first place, but it went beyond Mo Wenshan's expectations.

Does Ji Dewei believe in himself so?

After the discussion, the two major forces quietly entered the territory of the Xuanyuan Empire and sneaked all the way.

On the way, they also encountered some warriors of the Xuanyuan Empire, but without exception, as long as the two sides met, they were immediately beheaded by Mo Wenshan, leaving no one to survive.

This is natural. They must be very careful when attacking Tiandi Mountain. If a little news spreads, it will be them who die.

After all, Tiandi Mountain is one of the sacred sites of the Xuanyuan Empire, which should not be underestimated.

In order to prevent any accidents, the two sides acted very quickly. After ten days, the group finally came to the top of Tiandi Mountain.

Looking around, a magnificent mountain towers into the sky in the distance, majestic, majestic, and majestic.

Just standing in the distance and looking at it makes people feel suffocated and can't help but surrender.

Mo Wenshan and the others looked at it and couldn't help but breathe in air.

This momentum is even worse than his Mojia Cemetery.

Strong and terrible!

It is indeed the holy land of the Xuanyuan Empire.

And the stronger Tiandi Mountain, the more excited Mo Wenshan.

"If this Tiandi Mountain is destroyed, I am afraid that the people of the Xuanyuan Empire will be crazy," Mo Wenshan muttered.

From a distance, outside Tiandi Mountain, a faint ray of light flickered, behind the ray, there were warriors grazing, and each aura was extraordinary. These were basically the existence of the emperor's rank, and there were also many emperors.

This is a huge force.

Moreover, after approaching Tiandi Mountain, everyone faintly felt a trace of oppression, which was oppression at the rule level.

"It is said that this Heavenly Emperor Mountain is rich in a kind of ruled sacred stone, which contains the power of rules, which can make warriors feel the power of rules. Even the strongest of Wudi can draw the power of rules from it and improve cultivation." Mo Wenshan's eyes flickered.

"In that case, what are you waiting for? Get ready to act. The most urgent thing is to break the mountain protection formation of Tiandi Mountain first." Ji Dewei said solemnly.

In places like Tiandi Mountain, how can there be no mountain protection formation, and it must be the top mountain protection formation, this is the biggest problem facing the two big families of Ji Family and Mo Family.

As for the strong in Tiandi Mountain, it is the second place. The Mo Family and Ji Family are all out this time. The strong are gathered, and the confidence is naturally very high.

"Brother Wenshan, you said earlier that this mountain protection formation is handed over to the Mo family, what do you think? The mountain protection formation of Tiandi Mountain is not that easy to break!" Ji Dewei looked at Mo Wenshan.

Along the way, the two parties had already discussed how to deal with Tiandi Mountain, but Mo Wenshan said, this protects the mountain and handed it over to the Mo family to crack.

Others may not believe it, but the Ji family and the Mo family have fought for many years, and it is natural to know that the Mo family can gain a foothold in the mainland and become a pole in the law enforcement palace. It is not simple. He said that, there must be his reason.

Hearing this, Mo Wenshan glanced directly at the back, a skinny old man with an unremarkable appearance, this was a guest of the Mo family.

"Master Huntian, how about the guardian formation of Tiandi Mountain?"

Master Huntian?

Ji Dewei was stunned. He naturally knew that there was a guest in the Mo family who was rumored to have unpredictable accomplishments in the formation and was called Master Huntian, but Ji Dewei had never seen him.

Unexpectedly, he was such a humble person. The man called Master Huntian, with a goatee at the mid-term peak of Emperor Wu's realm, took a close look at the Tiandi Mountain in front of him, and said in a deep voice: "It is not difficult to break this mountain protection formation, but it will take some time. If you let the old man crack it, big

It takes about a day. "

When this master Huntian said this, he was full of confidence and without any ambiguity.

"One day? Can it be faster?" Mo Wenshan didn't know anything about the formation, he was just worried that things would happen after a long time.

Although he came here from the Xuanyuan Empire Palace, it would take at least a few days to take the large teleportation formation within the Xuanyuan Empire.

But some things are really inaccurate. It took only three days for Shangguan Xier to rush from Misty Palace to Yongzhou in Xuanyuan Empire. Master Huntian shook his head, "This formation is extraordinary. My initial analysis takes three days. Once I do it, it will take at least one day to crack a gap. Unless an emperor-level formation master helps, maybe Can shorten some time

, This is still due to your help. "

Hearing this, Mo Wenshan's brows suddenly wrinkled, and then let him go to the Emperor-level Array Master, where to find it?

He couldn't help looking at the Ji family, glanced at the people in the Ji family, and then said to Ji Dewei, "Brother Dewei, I wonder if there is a master of formation in your Ji family's trip?" He just gave it a try. Who knew that Ji Dewei nodded and said: "As for the master of formation, I really brought two Ji family this time."

[Chapter 1926: Kowloon Emperor Jue Formation](#)

What, really?

Mo Wenshan looked dumbfounded. He just asked casually. He didn't expect that there were really masters in the Ji family, and there were two at once.

"Brother Dewei, are you making a mistake? Master Huntian can say that only the 9th-level imperial formation master can bring him some help in breaking the formation. If it is a normal formation mage, I am afraid it will be useless."

Mo Wenshan frowned, Ji Dewei didn't hear it wrong, right? The ninth-level emperor-level formation master, if it were so everywhere, the formation masters in the Hall of Arms would not be so respectful when they walked on the mainland.

"Ji is really not very clear about the specific formations of these two, but it shouldn't be weak after thinking about it."

Ji Dewei said with a smile, turning his gaze on Qin Chen and Fu Qiankun, and said with a serious expression, "You two look at this big formation, are you sure to break it?"

Although the great elder did not know Qin Chen's true formation skills, he knew very well that no matter Qin Chen or Fu Qiankun, the two's formation skills would never be weaker than the so-called Master Huntian from the Mo family.

Qin Chen's array of attainments had been seen in the Ji family ancestors, and even the Ji family ancestors' restrictions could be broken.

As for Fu Qiankun, let alone, the president of the dignified bloodline sacred place, how can he be inferior to a master of the Mo family?

Therefore, he has absolute confidence in the two.

Of course, in order to make the plan go smoothly, he did not directly assert, but asked Qin Chen to speak.

Qin Chen and Fu Qiankun walked out, looked at the formation carefully for a moment, and then respectfully said: "Elder, if we wait for the two to join forces, we can also break this formation in one day!"

what? Can the two of them break this formation in one day?

Mo Wenshan's face suddenly became hot. He had previously praised their Mo family's Master Huntian for being so good, Qin Chen said so, it was clear that he was hitting their Mo family's face and Master Huntian's face.

"Are you sure you two will be able to break through this formation within a day?" Mo Wenshan looked at Qin Chen and Fu Qiankun, and asked in disbelief.

"It's true!" Qin Chen said confidently. "Funny!" At this time Master Huntian said, with a cold snort, his face was rather ugly, and his tone was a little dissatisfied: "I see your cultivation, but the initial peak of Emperor Wu, and the formation of Tiandi Mountain, far Super Lord's level, old man

I have to ask, how can you break this formation in one day. "

Qin Chen's breath remained in the initial peak realm, and it did not particularly bloom, which naturally made Master Huntian disdain.

It should be noted that the formation of Tiandi Mountain is close to the late-stage formation of Tier Nine. He just boasted that he had gone to Haikou because he had a secret treasure on his body, but he only dared to say that a loophole was opened in the Tiandishan protection formation.

How can Qin Chen do it in one day?

"You can't do it naturally, but with Ji Kun and Su Lao, it is not difficult to break this formation in one day." Qin Chen smiled and looked at Fu Qiankun.

"Ji Kun? Why have you never heard of this name?" Mo Wenshan was puzzled, but he had to turn his gaze on Fu Qiankun, squinted his eyes and asked: "You are sure to destroy the mountain guardian of Tiandi Mountain in one day. Array?"

Fu Qiankun confidently said: "If only the old man and the elder Ji Chen can break through in one day, but if you join hands with this Huntian master, I am afraid that it will not take a day at all, and at most half a day can break this. Great formation!"

Half a day?

Everyone took a breath of air, shit, this guy's tone was even bigger.

Master Huntian's expression turned ugly, he thought his tone was already very loud, but he didn't expect that these two guys were bigger than himself, making him feel that the two of the Ji family were a bit too arrogant.

Hmph, if there is a stronger formation mage in Chuzhou and Jizhou, would he not know?

The two formation mages who did not know where they ran out were sitting in a well and watching the sky, Yelang arrogant.

"Ji Kun, even Master Huntian hasn't even said it for a long time, please pay attention!" Ji Dewei saw the dissatisfaction between Master Huntian and Mo Wenshan, and quickly scolded Fu Qiankun and Qin Chen in a pretentious manner. "Grand elder, this is the truth. The name of Master Huntian, the old man is like a thundering ear, has long heard about it. It is rumored that Master Huntian is a master of martial arts formations, and his accomplishments in formations are extraordinary. The leader among generations of masters

Wu, the old man believes that under the guidance of Master Huntian, I waited for a long time for the three to break through the guarding mountain formation. It is not a problem, or even just a conservative estimate. "

Fu Qiankun said solemnly.

"puff!"

Qin Chen almost spit out water, couldn't help but glance at Qiankun. Is this guy too capable of acting?

Master Huntian is clearly a master of formation that has only appeared in the past one or two hundred years, and Fu Qiankun has been locked in Misty Palace for two hundred years, will he know the name of the other party? It's so funny.

"Elder Ji Kunsu said that Master Huntian was once Ji Chen's idol. If a master takes action, half a day must be a conservative estimate."

But Qin Chen understood what Fu Qiankun meant. At this time, he naturally had to quickly break through the Tiandi Mountain formation without revealing his strength too much, so he even pretended to be respectful and complimented.

Hearing this, Master Huntian's ugly face suddenly eased a lot, and he said in his heart: Although these two people are arrogant, they also know themselves.

He faintly said: "Since the two are so confident, the two will talk about the formation, what level, and how to break the guarding formation of the Heavenly Emperor Mountain? This master first knows the strength of the two and can adapt to local conditions. Reasonable distribution."

Mo Wenshan and Ji Dewei turned their heads and looked, they naturally saw that Master Huntian was torturing Qin Chen and Fu Qiankun. Qin Chen smiled and said: "Master Huntian, according to Ji Chen's observation, the guardian formation of the Heavenly Emperor Mountain is the Nine Dragon Emperor's Absolute Formation. It is the formation of the late 9th level. This is both a sleepy formation and a killing formation. , Rushing into the formation will be trapped in it,

Then attacked by the Nine Dragons murderous aura evolved by the formation, causing the body to be in a different place, and even the soul is scattered..."

"What's even more terrifying is that after this killing, it can swallow the cultivation and strength of the people killed, transform it into the power of the formation itself, and sacrifice the Nine Dragons murderous aura, making the Nine Dragons murderous power derived from the formation even more powerful. , Is a top-level killing array."

Qin Chen answered seriously.

As soon as this remark came out, Master Hun Tian suddenly showed a look of surprise, and the expression in Qin Chen's eyes became more complicated and less questioning.

This son has real ability.

Because what Qin Chen said is very correct, if it is a general formation mage, it may not be possible to see the real name of this formation in a short time, and fully explain the terrifying and special aspects of the formation. "Since your Excellency knows the Jiulong Emperor's absolute formation, how can I break it?" Master Huntian immediately asked again.

[Chapter 1927: Is it fun to pretend to be me](#)

"In fact, it is difficult to say that it is difficult to break the Jiulong Emperor Jue Formation, and it is simple and simple to say."

"The most frightening thing about the Jiulong Emperor Jue Array is the nine murderous auras in it. The level of this formation is in the late stage of the ninth stage, so every murderous aura has the strength equivalent to that of the martial emperor giant in the late stage of the ninth stage."

"The point is that these nine murderous auras can be transformed into invisible in the formation, very difficult to deal with, equivalent to nine immortal giants."

"Therefore, once these large formations are activated, even the ninth-tier peak martial emperor cannot break open."

"The key to breaking this formation is to trap these nine murderous auras so that these nine murderous auras cannot exert their own power, and through these nine murderous auras, find the key to breaking through this formation."

Qin Chen talked freely.

Mo Wenshan's eyes flickered, and Qin Chen's eyes were somewhat shocked and surprised.

When did the Ji family actually have such two formation masters?

He is not an array mage, so he does not fully understand what Qin Chen said, but he can see from Master Huntian's expression that what Qin Chen said is true.

The eyes of Master Huntian on the side were even more brilliant, and the raging waves roused in his heart.

Because the method Qin Chen said was actually the method he planned to use at the beginning, is it the same as the hero?

If a veteran master formation master said this method, he might be at ease, but Qin Chen was no more than an early peak martial emperor, and at best he was no more than an early formation master of the ninth level, so he could actually say so.

Is he getting old?

At this moment, an endless killing intent appeared in Master Huntian's heart.

In Chuzhou and Jizhou, you only need to have a top-level formation master, not two at all.

This son must die!

Thinking like this in my mind, Master Huntian could not see any expression on his face, and continued to ask: "Yes, then you have a way to trap the nine murderous intents." "This one is gone, if you want to have it, it is also We can only act by chance, find out where the formation eye is, and destroy the formation eye. Now that we have so many strong players, together, we will be able to block the nine murderous auras for a while, and then look for the formation eye.

, Should be certain. "

"But Master Huntian was so confident before, I think there should be other ways." Qin Chen smiled and said: "So, I will be willing to follow Master Huntian's command and break this formation after a while."

Count you have self-knowledge.

Master Huntian sneered in his heart. Of course he had a way, because he had a secret treasure on his body, and he was sure to trap these nine murderous auras in a short time, so he was so sure.

Before, he thought that Qin Chen and Fu Qiankun were so confident, what would they do? It turned out to be such a clumsy method, not enough.

He immediately relaxed, and said to Mo Wenshan: "Old ancestor, if these two people have the knowledge of the formation that they said, the old man is sure to break the formation within half a day and invade Tiandi Mountain." "Okay, now Master Huntian will lead the two masters Ji Kun and Ji Chen to break the formation. Once the Tiandi Mountain guarding formation is broken, I will enter the guarding formation!" While speaking, Mo Wenshan exudes a wave. The feeling of killing, the sound is like Hongzhong said

.

"Of course, before that, I asked Brother Dulwich to take action first to distract the master of Tiandishan." Mo Wenshan said again.

"it is good!"

Ji Dewei took the shot without saying a word.

Whoosh!

He appeared in the sky above Tiandi Mountain, reached out with his big hand, and directly pressed towards the bottom of Tiandi Mountain.

"boom!"

The pressure of Emperor Martial at the peak erupts, and endless rules rise. This scene is too horrible, like a meteor falling, the sky is falling apart, and the world is coming.

"puff!"

Some warriors outside Tiandi Mountain exploded directly. No matter what the cultivation level, even the early Wudi could hardly resist Ji Dewei's move. They exploded in an instant, with no bones left.

At the same time, the mighty power of the rules fell, and it was about to smash into the Tiandi Mountain.

"Om!"

At the critical moment, a radiant glow suddenly rose from the Tiandi Mountain, and at the same time a series of terrifying dragons chanted. This was the opening of the Nine Dragon Emperor's Absolute Array, and the nine murderous spirits rose to the sky, and instantly stopped outside the Tiandi Mountain.

"boom!"

The sky broke and the earth shattered, the mountains and rivers shook like an earthquake, and the entire Tiandi Mountain trembled, abruptly blocking Ji Dewei's blow, and the mountain shook unscathed.

It is worthy of the top-level formation, the response is quick, and it blocked Ji Dewei's shot at the first time, which is staggering.

But after all, Ji Dewei was the pinnacle of Wudi. He shot with all his strength and the mountain shook. Many disciples in the Tiandi Mountain stumbled. Some of the weaker cultivation bases didn't react for a while, and suddenly bleeds in their mouths and noses and feels embarrassed.

However, no one died, and these were just minor injuries and no serious problems.

"Damn, Ji Dewei is too aggressive, right? He rushed forward without saying hello?"

Mo Wenshan was speechless and was dizzy.

Seeing Ji Dewei missed a move, he continued to make a violent move, banging and banging, and suddenly the sky fell apart and the endless rules moved, pouring down like a torrential rain, as if he wouldn't stop without blasting the Nine Dragon Emperor away.

Meng, too fierce.

Mo Wenshan sweats wildly. He asked Ji Dewei to take action, naturally with selfish intentions. He wanted Ji Dewei to get to the bottom, and he also wanted Ji Dewei to take risks first.

I thought Ji Dewei would hesitate, at least talk about the conditions, but he jumped out all of a sudden, and he still shot so violently.

This is too honest!

"Who is making trouble in my Tiandi Mountain, looking for death!" Below, a roar rang out, accompanied by an extremely terrifying aura. From the Tiandi Mountain, several powerful men suddenly rushed out. , Each one is murderous, so powerful and powerful as a wolf smoke

So, straight into the sky, terrible.

These people are obviously the powerhouses of Tiandi Mountain. There are a total of four people, and each of them is terrifyingly strong, and they are all giants of the late Emperor Wudi.

Damn, this Tiandi Mountain is really terrifying, and there are only four people in the late stage giant Wudi.

The four people saw Ji Dewei above the sky, and they were shocked, because they felt the terrible pressure, and this pressure was even oppressing their blood and soul.

"The peak of Emperor Wu."

"Where did Emperor Wu come from, attacking my Tiandi Mountain?"

"I don't know whether to live or die, please sign up!"

The four roared, although they saw Ji Dewei's peak martial emperor's cultivation base, they were not afraid, but were intent to kill.

In their Tiandi Mountain, even the pinnacle of Emperor Wu is not good.

"Huh, the old man is Mo Wenshan, the ancestor of the Mo family. Your Xuanyuan Empire kills my disciples of the Mo family. Today, I, Mo Wenshan want your Xuanyuan Empire to pay for the blood and blood. It is nothing to hide in the formation. ."

Ji Dewei stood high and challenged the strong of Tiandi Mountain.

Not far away, Mo Wenshan, who was hiding in the dark, couldn't help but stagger when he heard this, and almost fell to the ground. Damn, shameless, is it fun to impersonate me?

[Chapter 1928: Kill array start](#)

Qin Chen was also fainted, because Ji Dewei was an honest person, he didn't expect to be so cunning, pretending to be the Mo family.

This is indeed a good idea. Because Ji Dewei attacked Tiandi Mountain, no matter whether the people of Tiandi Mountain could stop him, at this moment, the news will be transmitted to the Xuanyuan Imperial Palace as soon as possible, and the news will definitely indicate the identity of the attacker. Don't care

No matter how you will be stared at.

Although Mo Wenshan was speechless, he didn't take Ji Dewei's impersonation to heart, because the Mo family is now in a slump, and his reputation has plummeted, and he needs a lot of fame to increase his popularity. Ji Dewei's impersonation can be regarded as helping him.

Suddenly Mo Wenshan felt that he was a bit mean, the other party was so sincere, but he planned to consume the strength of the Ji family from the beginning.

Of course, he just thinks about it. The Mo Family and Ji Family have been fighting for so long, and the opportunity to consume the opponent's strength will naturally be consumed, let alone consume it, if there is a chance to destroy the Ji Family, he will definitely not hesitate Hands on.

Once the Ji family is destroyed, the power of the Ji family in Jizhou and the Hall of Law Enforcement will inevitably be vacant. Then the cheapest will naturally be the Mo family who is closest to the Ji family.

Therefore, he was so busy watching.

"Mo family, you are so bold. As the lackeys of the Misty Palace, you previously attacked important sites in the top of the Xuanyuan Empire, such as the Jueshan Mountains, and beheaded the Fire Saber Wudi and his party. Today, you dare to attack my Tiandi Mountain alone. courage."

Several giant Wudi roared, killing intent to the sky.

"There is too much nonsense. If you want to fight, you will fight, if you don't fight, you will roll away, hiding in the formation, what kind of character, after the old man breaks this big formation, he must take the head of the person."

Ji Dewei didn't talk nonsense with the other party at all, and continued to shoot frantically, rumbling, and suddenly the endless rule avenue filled down, the entire huge array rumbling and shaking violently.

He is the pinnacle martial emperor, although this nine-level late formation of the Nine Dragon Emperor is unparalleled in power, but he can't hold back a pinnacle martial emperor's constant attack.

"Huh, looking for death!"

These four giants uttered angrily, and immediately killed them. Booming, the four great late martial emperors carried endless coercion, with rules lingering on each body, like a **** king, killing them.

"Good come." Ji Dewei laughed, not afraid, and killed him with one enemy four.

Klang Klang! The five people took action, and the situation changed suddenly, and the huge roar rang through the world. I saw the void above the Tiandi Mountain was haunted by endless rules, and a series of coarse rules evolved various vast scenes, crazy impact, this is the collision of rules and forces.

.

This scene is too scary. The experts on the Tiandi Mountain below are all shocked, even some mid-term Martial Emperors change their colors.

These fights have surpassed their imagination, even if they go up and face such a violent rule torrent, they will only die.

Bang bang bang!

Ji Dewei fought against the four giant Wudi alone, but he couldn't win it for a while.

With the blessing of the Jiulong Emperor Jue Formation, although the four giants of Tiandi Mountain had never had the combat power of the peak Wudi, they were infinitely close, so they had the qualifications and confidence to fight Ji Dewei.

Normally, the late giant Wudi could not be compared with the peak Wudi at all. Although it was only a small first-order, it represented a deeper level of understanding of the rules.

What is the late Wudi giant?

That is the existence of a certain level of understanding of the power of rules, and even some feelings about the rules of space, being able to melt into the void and easily perform rules attacks.

But what is the peak Wudi?

Peak, which means that this person has reached the pinnacle in the comprehension of a certain rule.

The difference between a certain state and reaching the peak is actually like a bright moon and a fan, which is a world of difference.

"Haha, do the people of Tiandi Mountain only have this strength? It's ridiculous, it's also the Holy Land of the Xuanyuan Empire, to the old man, but it's an exaggeration."

Ji Dewei fought four people alone, laughing wildly, and arrogant, like a **** or devil, he shot, one person against the four giants, Wudi, although he could not gain the upper hand, but the momentum was enough to change the color.

Hearing that, the powerhouses of Tiandi Mountain are very angry, and when has the dignified Tiandi Mountain been so humiliated?

It was the four giants, Emperor Wu, who also had pale expressions. The four of them joined forces, and with the blessing of the Jiulong Emperor, they couldn't take Ji Dewei alone. Is there really that big gap between them and Emperor Wudi?

They snorted coldly, urging the Nine Dragon Emperor Jue Array, hum, and suddenly a series of murderous intent appeared in the large array, and nine dark dragons turned into clouds of smoke and killed them all at once.

"The Nine Dragon Emperor's Absolute Array Killing Array has been activated."

The eyes of Qin Chen who were hidden in the distance suddenly condensed, staring hard, their eyes flickering, and they were checking the appearance, location and timing of the nine murderous auras.

Don't look at the nine murderous black dragons appearing out of thin air. They seem to be irregular. In fact, it is not. A top-level formation master can distinguish the position and flaws of the entire formation by observing these nine murderous auras.

"boom!"

As soon as these nine murderous black dragons appeared, endless killing intent erupted, and the dense killing aura suddenly poured into Ji Dewei's mind, making Ji Dewei's mind dizzy.

The four giants, Emperor Wu seized the opportunity, and took the first shot. Ji Dewei was blown out and his face turned pale. Fortunately, he reacted quickly and defended the first time. Otherwise, that blow would inevitably cause him serious injury. . At this moment, not only the four giants, Emperor Wu, were

taking action, but also the black dragons derived from murderous auras. Each of these black giants exuded the aura of a giant Wudi, with a murderous intent, equivalent to thirteen. Giant Wudi is around Kill Ji Dewei.

No matter how strong Ji Dewei was, he had just broken through the peak of Emperor Wu, and he suddenly moved left and right, embarrassed, and backed back again and again.

"If there is a kind, just fight with me. What a good guy to mobilize the formation." Ji Dewei was angry, mocking: "Aren't the dignified Tiandishan holy places just some turtles with shrunken heads?"

The many powerhouses of Tiandi Mountain and the four giants, Emperor Wu, were trembling with anger, but it was absolutely impossible for them to withdraw their formation and fight Ji Dewei.

"Ignorant people, do you really think that I have no one on Tiandi Mountain?"

But at this moment, a cold voice suddenly sounded between the world and the earth, whistling, a figure suddenly appeared behind Ji Dewei at some unknown time, banging, and patted it like lightning.

This person shot too quickly, like an electric flint, after sneaking to Ji Dewei's side, he suddenly shot. Suddenly, endless rules flooded the world, and instantly enveloped Ji Dewei.

Ji Dewei was shocked and blasted. He had to urge the endless rules to wrap his whole body, and he was already hit by this blow.

puff! He spouted a mouthful of blood and flew out, his body was weak, and he was immediately seriously injured.

[Chapter 1929: Lord of Tiandi Mountain](#)

While flying backwards, Ji Dewei hurriedly turned his head to look, and found that the person who attacked was a cold old man, full of black murderous aura, endless rules lingering around him, and he was actually a pinnacle martial emperor.

"Mountain Lord!"

Seeing the person who shot, the countless Tiandi Mountain powerhouses and the four giants below Wudi were all overjoyed and shouted excitedly.

The person who shot was the owner of Tiandi Mountain.

"Hmph, in my Tiandi Mountain, this mountain master wants to see, what kind of confidence your Excellency has." With a cold snort, the Tiandi Mountain Mountain Master didn't talk nonsense. He shook his body and killed him directly, and slammed Ji Dewei with a punch. , The endless rules are condensed in this punch, booming, murderous, like a torrent, directly swallowing Ji Dewei

.

"The dignified Tiandi Mountain Mountain Lord actually attacked, shameless villain." Ji Dewei snorted coldly, his face turned pale, and his body trembled. In a critical moment, a pill suddenly appeared in his hand and swallowed it in one mouthful.

Suddenly, his body flashed astonishing blood, his aura skyrocketed by 30% in an instant, and he shot with all his strength to meet the punch of the Lord of the Heavenly Emperor Mountain.

boom! The landslide was a real landslide. The two of them took action, and the Jiulong Emperor Jue Array was shocked, rumbling and trembling, and an astonishing regular storm swept through. The power that erupted made the four major forces of Tiandi Mountain The giant Wudi has changed color, feeling In danger of life and death.

too frightening!

Everyone is amazed!

Is this the shot of Emperor Wudi? The breath exuding between the gestures, as if the end is coming, makes people feel the fear in their hearts and souls.

puff!

The two forces collided, and Ji Dewei, who was already injured, flew upside down again, spurting out a mouthful of blood, and his breath became more tense.

"go!"

With a look of anger on his face, he soared into the sky, booming, the peak of Emperor Wu's might was released to the extreme, breaking through the blockade of the Jiulong Emperor Jue Array at the moment of his death, and blasting out of the Tiandi Mountain array.

Then, he reached out with both hands, and with a tearing sound, the void was torn open with a big opening. Ji Dewei's figure shook, and he immediately sank into it and fled in panic.

"Come as you want, leave if you want, I am so easy to come to Tiandi Mountain, leave it to me." The owner of Tiandi Mountain coldly yelled, his aura soared, and he fisted the peak power with a punch, banging away before Ji Dewei disappeared. In a void.

Boom! The void exploded directly, and a huge hole appeared within tens of miles. The turbulent black space swept through it. Vaguely, it seemed to see a figure flashing by, and also heard a muffled sound. Bloody

Diffuse from it.

Ji Dewei was injured again.

But he did not stay, the space was turbulent and flickered, and the whole person fled quickly. "You stay here to guard the big formation. Don't leave for half a step. The owner of the mountain will go and return. Humph, this Mo family attacked my Heavenly Emperor Mountain. How could he leave so easily? Now it is my Xuanyuan Empire fighting the Misty Palace. At that time, take this Mo family

The head of the ancestor Xiangshang, to pay tribute to the many heroes who died in my Xuanyuan Empire. "

The cold old man hummed coldly, stepped out, his figure flashed, he already appeared outside the Tiandi Mountain, and tore the void, disappeared suddenly, and chased him in the direction where Ji Dewei left.

"Everyone obeys the order and strictly guards the Tiandishan resident to prevent the culprits from attacking again."

The four giants Wudi obeyed the cold old man's instructions, and immediately ordered the disciples below to guard the Tiandi Mountain.

But their words just fell.

Boom boom boom, in the distant void, a lot of terrifying aura suddenly popped out. This is a huge Wudi team, which has been hidden in the dark. After the Tiandi Mountain master left, it finally killed it at this moment.

It was Mo Wenshan and Qin Chen and his party.

This team was led by Mo Wenshan and came to the sky above Tiandi Mountain for the first time.

"Hahaha." Looking at the Tiandi Mountain below, Mo Wenshan laughed wildly. I didn't expect that when things went so smoothly, Ji Dewei took the action and actually attracted the owner of Tiandi Mountain.

If the Dishan Mountain Lord left today, there were only four giant Wudi in the entire Tiandi Mountain, how could they be able to stop them.

After seeing the many figures in the sky, the four giants of Tiandi Mountain, Emperor Wudi and all the strong men, one by one suffocated.

My God, they hide so many powerful people outside the Tiandi Mountain.

These people were all murderous, especially the leader, with a strong aura, and they were not weaker than the "Mo Family Patriarch" who attacked his Tiandi Mountain before. They are definitely another pinnacle martial emperor.

Didn't it mean that the Mo family was almost destroyed by Lord Wushang Wu? Why are there so many strong people?

At this moment, all the powerhouses of Tiandi Mountain were horrified, their entire bodies erected, and they felt a crisis coming.

If the previous information is correct, it means that besides the Mo family, there must be other strong people in front of these people.

This is a conspiracy aimed specifically at his Tiandi Mountain.

"No, please send a message to Lord Shanzhu quickly. This is a plan to move the tiger away from the mountain." The four great giants of Tiandi Mountain, Emperor Wu, were shocked, and immediately sent news to notify the Misty Palace Shanzhu. But before they could send the news, an old man suddenly waved his hand in the void, and suddenly, buzzing, a series of flags flew out, a full 108, this one hundred and eight. As soon as the flag of the root formation appeared, it was hidden in the void, turning

The messages of this void are all blocked and cannot be transmitted at all.

This person who shot is naturally Master Huntian.

Since the tactic of adjusting the tiger away from the mountain is used, it is natural not to let the owner of the Tiandi Mountain receive the news, otherwise it is called adjusting the tiger away from the mountain.

The four giants of Tiandi Mountain, Emperor Wu, suddenly became nervous, and the other party was even prepared to block the transmission of information. It was clear that they had premeditated. In this case, can they stop it?

Not only did they think so, but the other experts in Tiandi Mountain also showed fear and anxiety.

This truth is so simple that no one would have imagined it. "Don't panic, everyone. Our Nine Dragons Divine Formation in Tiandi Mountain is a ninth-level late-stage formation. It is definitely not easy to break open. When we join forces, it is impossible for Emperor Martial Peak to break in. Please don't panic. Move big, unite

Li, I believe Lord Shanzhu will come back as soon as he finds something wrong. "A giant Wudi took a deep breath and calmed down, Hong Sheng said.

"Yes, and I have already sent the news of the attack on Tiandi Mountain to the imperial royal family as soon as possible. The empire will definitely send masters. I only need to hold on for a while, and these people will inevitably die."

"Hahaha, my Tiandi Mountain is the sacred land of the empire. How can these people easily conquer it? As long as everyone works together, my Tiandi Mountain is a solid iron barrel." The remaining few people also shouted, in fact, they are inside. They were all very worried, but at this time, the four of them were the backbone of everyone. In the entire Tiandi Mountain, the strong were like clouds. As long as they called up, they might not be able to stop this group of people.

[Chapter 1930: It's all on you](#)

"it is good!"

With the enthusiasm of these four giants, Emperor Wu, everyone roared, rekindling their confidence, and urging the big formation one after another.

boom!

The Jiulong Emperor's boundless formation roared and roared, as if completely awakened, and the nine black dragons roared with murderous intent, soaring into the sky.

"Master Huntian, it's up to you." Mo Wenshan frowned as he looked at the roaring Jiulong Emperor Jue Formation below.

"Old ancestor, look at the old man, but I also asked the ancestor to sweep the battle for me, everyone, follow me in."

The corner of Master Huntian's mouth outlines self-confidence, and he instantly stepped into the Nine Dragon Emperor's absolute formation.

Qin Chen and Fu Qiankun glanced at each other, followed closely behind, and then, Mo Wenshan led many powerful men from the Mo family and many powerful men from the Ji family, stepping into the Nine Dragon Emperor's battle.

"These people are so bold that they just came in."

The experts of Tiandi Mountain condensed their eyes when seeing this scene.

This is the Jiulong Emperor's absolute formation. Many of those attackers are only the early and middle Wudi. Isn't it afraid of death?

"Huh, spur the big formation!"

The four giants of Tiandi Mountain, Emperor Wudi, had a solemn gaze, and suddenly hummed coldly, and urged a large array together.

Suddenly, the entire array was shining, and nine black dragons slammed over. These nine black dragons are all composed of a large array of murderous auras. The strength of each dragon is equivalent to that of a late martial emperor giant. The previous nine dragons launched an attack, and even Ji Dewei changed color and was difficult to resist. Now the nine dragons Kill Xiang Qin

Chen and others, this power is terrible, and people are shocked.

boom!

Among them, the nine dragons had murderous aura without hesitation, all of them directly pounced on Master Huntian.

This is controlled by the strong of Tiandi Mountain. As long as you sit in the center of the formation, you can control the murderous aura of nine dragons and attack and kill the target. Previously, Master Huntian urged the formation flag to directly block this void, so that many powerful people in Tiandishan instantly understood that among these people, Master Huntian absolutely occupies an important position and is the main force in breaking the formation. So they naturally

Control the nine murderous dragons and attack Master Huntian first.

As long as Master Huntian beheaded, the opponent's attack will inevitably collapse.

But how could Mo Wenshan and others make the purpose of Tiandi Mountain come true?

Before the nine murderous dragons attacked, Mo Wenshan had already killed them.

Boom!

He exploded with the power of terrifying rules, and the monstrous rules lingered around him, morphing into a mighty galaxy, banging bang bang bang, and instantly resisted the nine murderous dragons.

And Mo Wenshan was also shaken back again and again, his face changed slightly. This Nine Dragon Emperor's Absolute Formation is indeed terrifying. No wonder Ji Dewei was crippled here before. One

murderous dragon is nothing, and three are nothing. But the combination of nine and the eruption of power, even the peak martial emperor Mo Wenshan, Do not

Dare to be careless.

"Everyone, follow me to stop the Nine Dragon Emperor's absolute formation." Mo Wenshan snorted coldly at the Ji family and the many powerful men behind the Mo family.

"Yes, ancestor!"

The Mo family moved suddenly.

Boom!

They moved in unison, combined, and under the leadership of the late Mo family martial emperor who had been taught by Ji Dewei before, they immediately restrained two black murderous dragons.

"Let's go too."

Where the Ji family is, many powerful men have been dispatched under the leadership of an old Ji family.

boom!

The old Ji family was himself a giant of the late Emperor Wu, and immediately stopped a black murderous dragon.

But Ji Hongchen and Ji Ruyue joined forces to stop the second black murderous dragon.

As for the remaining Ji family powerhouses teaming up, they stopped the third black murderous dragon.

Since then, five black murderous dragons have been stopped by two big families.

Suddenly, there were only four black murderous dragons in front of Morwen Mountain, and the pressure he faced was suddenly reduced.

Boom boom boom...

With a violent roar, Mo Wenshan was not afraid of fighting four black murderous dragons alone, and even after seeing some difficulty in other places, he still had room to help stop him.

As a result, the murderous intent faced by Master Huntian, Qin Chen and Fu Qiankun was greatly diminished and almost disappeared.

Master Huntian smiled slightly, his gaze was like electricity, his hands squeezed the Dao Dao Array tactics, and suddenly, the power of the strange Array tactics spread out, and suddenly penetrated into the surrounding void.

Hum!

In the void, the formation light flickered, bursting into the glow, and then, dense array lines appeared, winding like a spider web, flashing light. Master Huntian took a deep breath, his mental power swept out, and quickly blended into the lines of the formation, as if he was analyzing something. Then, his eyes

brightened and he threw out a burst of flags with a buzzing sound, embedded in the void. , Nailed this secret

Above a certain node of the Ma Ma pattern.

"what!"

Qin Chen was surprised.

This Master Huntian really had two tricks.

The method he used should be the reverse control method, first find out the base of the Nine Dragon Emperor's absolute formation, and then use the flag to control the base.

Of course, it is not easy for a large formation like the Nine Dragon Emperor Jue formation to reverse control.

Because, just finding the base will consume a lot of energy. In addition, there are countless formations in a formation. The core formations may have dozens or hundreds. As for ordinary base formations, such as the Jiulong Emperor Jue Array, there are probably thousands of them. Maybe, want to control, never It's not easy.

What's more, the core formation and the ordinary formation are often intertwined. Without certain attainments, it is impossible to tell which is the core formation and which is the ordinary formation.

In this way, the difficulty naturally increases again.

However, until there is no other method, this is actually a dumb method, and it is not easy to make mistakes.

The reason why Qin Chen felt that Master Huntian's accomplishments were not low, because he found one of the formations in an instant, and looking at the appearance of this formation, there was a 70% probability that it would be a core formation.

Whoosh whoosh...

In Qin Chen's astonishment, Master Huntian quickly displayed the formation flag, and in just a few dozen breaths, he actually threw out nearly ten formation flags.

"Well, Master Huntian's accomplishments are good, but it is still not thorough enough. At the very least, these six formations are definitely not core core formations. They should be just ordinary formations. Controlling them has no effect at all."

Qin Chen glanced and shook his head suddenly. Among these ten formation flags, Qin Chen saw at a glance that two of them were core formations, and the other six were just normal formations. As for the remaining two, because there were not enough formations currently exposed, Qin Chen temporarily It has not been analyzed yet, but a rough estimate

, At most one of the two should be the core base.

It can be seen that Master Huntian's vision is still not harsh enough.

"What are you doing in a daze? If you don't help control the formation flag, the old man has to analyze the formation while controlling the formation flag. How can there be so much energy."

Seeing that both Qin Chen and Fu Qiankun were stunned, Master Huntian suddenly scolded and showed dissatisfaction. Are these two guys pigs? I'm not moving here, I want to **** me off!
