

## Valkyrie 1931

### [Chapter 1931: Let me help you](#)

"Master Huntian stay calm and restless, I'm not waiting to help control the formation flag, it's really that Master, your formation is too fast, I can't wait to figure out the principle and can't respond in time."

Qin Chen didn't care about Master Huntian's anger, and said with a smile.

Master Huntian was originally angrily, then suddenly smiled proudly, hum, you have a vision.

He said coldly: "How can you understand the old man's method of breaking the formation? You don't need to figure it out, you only need to control the formation flag set by the old man."

Qin Chen and Fu Qiankun sneered in their hearts, but naturally there was no rebuttal on their faces. They stepped forward and controlled the nearly ten formation flags placed by Master Huntian.

Master Huntian suddenly felt the pressure relieved, freed his hand, and arranged a new formation flag again.

Boom boom boom!

Countless forbidden formation patterns flickered, Master Huntian arranged the formation flag very quickly, and after a few breaths, he would throw a formation flag.

But Qin Chen and Fu Qiankun followed Master Huntian. After he finished setting the formation flag, they only needed to stabilize him.

"Heh, these two guys, the means to stabilize the formation is not bad."

At first, Master Hun Tian was worried that Qin Chen and Fu Qiankun could not keep up with him, but later found that the two were very proficient, interacting with each other, exchanging control with each other, dripping water, and suddenly heaved a sigh of relief.

Then, he devoted himself to the process of analyzing the formation, and no longer paid attention to Qin Chen and Fu Qiankun.

"Qin Chen, Master Huntian's methods are good, but at his speed, it will take at least half a day to analyze all the formations. Is this efficiency too low?" Fu Qiankun frowned secretly.

The speed at which Master Huntian lays out the formation flag is not slow, but the formation of such a Nine Dragon Emperor's Absolute Formation is more than tens of thousands. If it is controlled one by one, it is impossible to achieve it without a long time.

But now everyone is rushing for minutes, and if the Dishan Mountain Master finds an abnormality and rushes back, it will be in trouble.

"The efficiency is a bit low, but this Master Huntian is sure to break the formation within half a day. It should not only simply want reverse control, there may be other means."

Qin Chen narrowed his eyes and said.

Although Fu Qiankun's attainments in formation were not weak, there was still a gap compared with Qin Chen.

"Oh? According to what you said, we will continue to control it like this?" Fu Qiankun was surprised.

Qin Chen didn't look like that kind of passive person.

"Naturally not, look at me."

A smile appeared at the corner of Qin Chen's mouth, and the formation pattern was outlined in secret, and the formations immediately circulated in his palm, turning into invisible light, quietly blending into the formation flag set by Master Huntian.

by!

Fu Qiankun was dumbfounded, Qin Chen was giving a black hand to Master Huntian.

Although he couldn't see what the formation talisman was under Qin Chen's cloth, this guy was very dark and definitely had ulterior motives.

Boom boom boom!

At this moment, in the Jiulong Emperor's absolute formation, murderous intent was soaring, Mo Wenshan and other human enemies were murderous in nine black dragons, majestic, full of rules, and the terrifying scene changed everyone's color.

"Master Huntian, how long will it take to break the formation?" Mo Wenshan asked anxiously after taking the shot.

Now that more than half an hour has passed, Master Huntian still has no movement, and he feels a little anxious.

"Old ancestor, it's coming soon, but breaking the formation is a hard work. It is not eager. The old man can only guarantee that the formation will be broken in half a day. Please hold on to it for a while." Master Huntian hurriedly said.

He was also anxious in his heart, because the complexity of this formation was more troublesome than he imagined, so the arrangement might take more time than he thought.

"You as soon as possible!"

Mo Wenshan didn't have much to say, because he really didn't know anything about cracking the formation, and there was nothing to do except wait for Master Huntian's notification.

What he was worried about was that the powerhouses of the Heavenly Emperor Mountain below would never watch them break the formation. The longer the time, the more dangerous it would be.

Moreover, the murderous intent of these black dragons in the Jiulong Emperor Jue Formation made him very irritable.

"Master Huntian, let me help you."

At this moment, Qin Chen flew out suddenly.

He secretly placed a dark hand on the most important formation flags of Master Huntian, but Master Huntian was too slow to find the core formation base, which caused him to deploy the dark hand while still having a lot of free time. bored.

He naturally couldn't wait any longer.

"What do you know, go back, control the formation flag for the old man, don't make any baskets."

Master Huntian's face changed, and he shouted angrily. Qin Chen, an early peak martial emperor, knew something, and it was good enough not to make trouble.

But Qin Chen did not wait for him to speak, he already made a move. Boom, he used the formation pattern, and immediately, an invisible formation force spread out, and then under the gaze of Master Huntian, a large number of voids appeared in front of him. The formation rune.

These lines are very clear, even more obvious than his shots.

Damn, Master Huntian's eyes suddenly became round.

What kind of array-grabbing technique this kid displayed was faster than the speed at which he could decompose array patterns.

He was overjoyed at once, and threw out the formation flags one by one, immediately spreading over many formations.

"You, keep going."

Then, he sternly shouted at Qin Chen, his eyes flashing with greed.

Qin Chen is such an early peak martial emperor, no matter how strong the formation is, he will not be a ninth-level formation mage at best. Obviously, there must be some special formation secret method on his body that allows him to crack the formation base. , Faster than oneself.

If these secret methods are obtained by himself, then his attainments in formation will definitely be greatly improved.

"First use this guy, but the ancestor said, if there is a chance during this trip, he will secretly act on the Ji family to fake the situation of being killed by the Xuanyuan Empire. By then, this secret method will naturally fall into my hands." Hun Tian The master said inwardly.

With Qin Chen's move, Master Huntian's efficiency in breaking the formation was greatly improved.

The formation flags fell into the void, continuously blending into this Nine Dragon Emperor's unique formation.

Below, countless powerhouses in Tiandi Mountain changed their expressions.

They are not idiots, they can naturally see what Master Huntian and Qin Chen are doing.

"Several adults, what should I do now? Those people should be cracking the Nine Dragon Emperor's absolute formation. If they break the formation, then..."

"Yes, now Lord Shanzhu has been transferred away. If the formation is broken, I am afraid that we will not be able to hold it with us."

Many experts in Tiandi Mountain were anxious and said one after another.

"Damn, they must not be allowed to break the Nine Dragon Emperor Jue Formation!" The four great martial emperor giants also knew that the Nine Dragon Emperor Jue Formation was their last guarantee, and they looked at each other with absoluteness in their eyes.

"You continue to urge the big formation, I will wait to get in and destroy the formation mages."

The next moment, I saw the four great martial emperors rising up into the sky one after another, rushing directly at the three Qin Chen.

### [Chapter 1932: plan B](#)

"A few offal, die!"

boom!

These four giants, Emperor Wu, knew that the key to breaking the formation was above the three formation mages, Qin Chen, so they killed them immediately, and they felt that Qin Chen's cultivation base was the weakest and best dealt with. There were two of them. Going straight to Qin Chen, it was obvious that he wanted to solve Qin Chen first.

Following the actions of the four giants, Emperor Wudi, the other powerhouses in Tiandi Mountain also frantically urged the formation to move towards Mo Wenshan and others. Suddenly, the roar resounded, and the entire Jiulong Emperor absolutely recovered. It was terrifying. The power of the formation poured down once again.

They are creating opportunities for the four adults.

"Hmph, if you want to attack, you have to ask the old man first."

Mo Wenshan let out a cold snort and killed him directly.

"Stop him." The four great martial emperors roared, and two of them stopped to Mo Wenshan, and the other two continued to kill. At the same time, the four black murderous dragons were so powerful that they roared towards Mo Wenshan. .

boom!

It was equivalent to the action of the six giants, Emperor Wu, and immediately stopped Mo Wenshan.

The other two giants of Wudi had already arrived in front of Qin Chen and the three of them.

"not good!"

Everyone's complexion changed slightly, if Master Huntian and the others had any problems, they would have lost all previous efforts.

At the critical moment, Fu Qiankun killed him.

He was full of terrible murderous aura, and stopped at the two great late martial emperors.

"court death!"

One person roared and pressed down with a palm.

boom!

The power of the rules haunting the sky, this man was originally a giant of the late Emperor Wu, and now under the blessing of the Jiulong Emperor Jue Formation, his power has greatly increased, and this palm is powerful enough to destroy the world.

But Fu Qiankun stopped, with a bang, two terrifying forces collided, and Fu Qiankun flew upside down hundreds of meters, which stabilized his figure.

"So strong."

Mo Wenshan paid attention to this place all the time, and was shocked. He was already very concerned about Fu Qiankun, but now seeing Fu Qiankun's strength, his heart was instantly frozen.

It should be understood that although the master of Tiandi Mountain is only a giant Wudi, but with the blessing of the Jiulong Emperor Jue Array, it is much more terrifying than the general late Wudi.

But under his move, he didn't even take Ji Kun. It can be seen that Ji Kun of the Ji family is definitely a late-stage martial emperor giant, and even the cultivation base should be higher than the general late-stage martial emperor giant.

His heart was jealous and cold.

Jealous Ji's family will naturally emerge such a master, such a powerful person is also a rare talent in his Mo family.

At the same time, his gaze turned to Qin Chen again. For some reason, he also had an inexplicable vigilance towards Qin Chen. This was a strong intuition, very ethereal.

At this time, another giant Wudi had already arrived in front of Qin Chen and blasted out with a punch.

"Block it."

Qin Chen roared and banded, and the next moment he was blasted out directly, spouting a mouthful of blood, his breath was weak, and he was seriously injured.

The strength he showed is indeed very strong, but in the hands of this giant Wudi, he is not an enemy at all.

"Awesome."

Mo Wenshan took a deep breath, marveling at it.

It should be noted that Qin Chen's cultivation is only the peak of the early stage of the ninth stage, and he can actually block the Tiandi Mountain strongman from death. This can already explain a lot of things. No wonder he always feels that this person is a little special.

However, Mo Wenshan's heart was completely let go. Although Qin Chen and Fu Qiankun's performance was outstanding, they were still within his control.

boom!

The Heavenly Emperor Mountain powerhouse failed to kill Qin Chen with a single blow, and he was slightly surprised, his figure shook, he rushed in and wanted to shoot again.

"Ji Chen!"

Ji Hongchen looked anxious, and shouted at Mo Wenshan, "Are you not going to save people?"

Mo Wenshan smiled bitterly: "The old man is exhausted, how do you let me save people!"

He alone fought the four murderous dragons and the two giants Wudi alone, dwarfed and very embarrassed.

"If you don't save people immediately, my Ji family promises to retreat immediately, and you will never fall in love with the battle, and you will consider the consequences yourself." Ji Hongchen looked angry, with determination in his voice transmission.

Mo Wenshan's eyes sank, is Ji Hongchen threatening himself?

But he also saw that Ji Hongchen did what he said. Boom, the aura in his body surged, and a cold breath was released from his body. Suddenly, the world fell into darkness, and there were countless blacks in Mo Wenshan's body. The aura, the cultivation base rose again by 30% in an instant.

boom!

He smashed out of the siege and rushed directly to Qin Chen, slamming his palm on Emperor Wudi, the Tiandi Mountain giant who was chasing Qin Chen.

"what!"

The giant Wudi was enveloped in the black air current, and suddenly screamed, and bursts of black smoke appeared on his body.

However, he quickly resisted the attack of this black air, and killed him with a look of palpitations. In this Nine Dragon Emperor's unique formation, the opponent actually injured him with one move.

Qin Chen's eyes flashed, and this Mo Wenshan was as they expected, still hiding his strength.

Think about it, too, can Mo Wenshan become so easy to become the ancestor of the Mo family?

Moreover, this black air current seems to be a certain technique of the alien demon race. Could it be that there is also an alien powerhouse hidden in Mo Wenshan?

"Master Huntian, how long will it take?"

In the Nine Dragon Emperor's Jue Formation, Mo Wenshan showed his power and made a crazy move. Suddenly, the endless black energy engulfed the power of the rules, and the power of Tiandi Mountain was blasted out in a panic.

"Sure."

Finally, after more than half an hour, Master Huntian's eyes suddenly lighted up, and when he lifted his hand, all the flags that had been thrown into the void before were all lit up, bursting into a brilliant glow.

Buzzing buzzing...

The entire Jiulong Emperor Jue trembles violently, and the aura in it trembles crazily, seeming to be controlled backwards.

The faces of many warriors in Tiandi Mountain were shocked, but only the four great martial emperors were still calm and coldly snorted: "I want to seize control of my Tiandi Mountain Jiulong Emperor Jue Array, how easy is it."

Sure enough, their voices fell, and the violently trembling Jiulong Emperor suddenly calmed down, and the direction control power disappeared in an instant.

Counter control failed!

This is natural. The layout of the Nine Dragon Emperor's Absolute Array is a vast project. If it were that simple, it could be controlled, and Tiandi Mountain would have been broken long ago.

Suddenly, the faces of the Ji family and the Mo family were surprised.

Master Huntian's face was also very ugly. The formation counter-control had failed. Although he was prepared, he was a little disappointed when he really faced it, but the smile between his brows remained unchanged.

"Do you think the purpose of the old man is to counter-control the Nine Dragon Emperor Jue Array? It's ridiculous, since counter-control can't be done, then use the second plan."

After the words fell, a transparent bead suddenly appeared in Master Huntian's hand. Numerous weird runes appeared on this bead, and Master Huntian instantly put it into the core of the formation.

Hum!

Suddenly, the void in the formation was imprisoned, and at the same time imprisoned was a black murderous dragon that happened to be located in this area.

"Ancestor, kill this black murderous dragon." Master Huntian said with a smile at Mo Wenshan: "The source of the power of this black murderous dragon has been imprisoned by the old man. If it is destroyed, it will not be possible again. Rebirth."

[Chapter 1933: More cautious](#)

Master Huntian said confidently.

This is the ultimate skill he really deployed against the Nine Dragon Emperor Jue Array.

"Huh... this bead!"

When Qin Chen saw this imprisoned emptiness bead, he was shocked.

This bead is very special. There are countless ancient runes engraved in it. It is clearly a certain kind of ancient treasure. Moreover, after this bead falls into the core of the formation, it immediately confines the world, as if forming a formation in the formation.

In this battle, the effectiveness of the original Jiulong Emperor's absolute battle will be greatly reduced and lose its effectiveness.

"Hahaha, good!"

Mo Wenshan laughed, killed the past, boomed, his palm burst out with black aura, killing intent was pervasive, endless rules swirling and lingering in his palm, instantly blasting on the black dragon's murderous aura.

哐!

The black dragon roared with murderous intent, and the murderous intent was splashed in all directions. The dense murderous intent swept in. It was powerful enough to easily kill an ordinary Martial Emperor.

But there was no harm to Mo Wenshan. At this moment, Mo Wenshan looked at the state of the black murderous dragon, and he was overjoyed.

Because even though his punch did not kill the murderous dragon, it obviously weakened the black dragon's murderous aura by half.

This is a big gain.

It should be understood that Mo Wenshan had previously fought many black murderous dragons, no matter how they were shot, these black murderous dragons were unharmed, and even if they were bombed, they would recover under the operation of the Jiulong Emperor Jue Formation.

This is the most terrifying place of the Kowloon Emperor Jue Formation.

Nine Dao is equivalent to the murderous dragon of the late Emperor Wu, immortal, and even the peak of Emperor Wu will have a headache.

But now, under Mo Wenshan's move, the black murderous dragon was hit hard. Although it has not recovered, doesn't it mean that Master Huntian's statement is not false. In this confinement void, the black murderous dragon cannot be reborn after being destroyed. ?

In ecstasy, Morvenshan shot again and again.

Klang Klang!

The black murderous dragon roared repeatedly, and his murderous aura continued to explode, and its breath quickly declined.

at last!

There was a boom.

This black dragon's murderous aura was instantly exploded, turned into an endless murderous aura, and instantly melted into the world.

Vaguely, black murderous auras were sucked in by the transparent beads, and the whole bead immediately exuded a trace of tyrannical killing aura, exuding a heart-palpating breath.

But everyone in the big formation hurriedly looked at other places in the big formation, because during the previous battle, these murderous dragons would be reborn even if they were destroyed.

But now, there were only eight black murderous dragons in the entire Nine Dragon Emperor's Jue Formation. After waiting for a while, no ninth black murderous dragon was born.

This is really annihilated.

"Hahaha!" Mo Wenshan was overjoyed, laughing wildly, showing his appreciation to Master Huntian, and said: "Master Huntian, good job."

"My lord is absurd." Master Huntian smiled and continued to manipulate the transparent bead, buzzing, and immediately, countless array flags in the large array gleamed again and circulated quickly, and suddenly a void was once again confined.

Unbiased, this piece of void, once again was imprisoned by a black murderous dragon.

"My lord, go ahead." Master Huntian smiled and said, "As long as these nine murderous dragons are completely annihilated, then this Nine Dragon Emperor's Jue Formation is not a concern, it can be easily broken."

Master Huntian looked proud and confident.

"Hahaha, good." Mo Wenshan didn't talk nonsense, and shot again, breaking into the imprisoned void.

This made the Ji family and the Mo family amazed.

No wonder this master Huntian is so confident that with this bead, he can slay the nine immortal black murderous dragons at the core of the Nine Dragon Emperor's Ending Formation one by one.

And once the murderous aura of these nine dragons were annihilated, the Nine Dragon Emperor Jue Formation would no longer be terrifying, and at least 70% of its power would be lost.

Even Qin Chen frowned.

This transparent bead is really a good treasure. It is not easy to be able to form an array in a large formation like the Nine Dragon Emperor Jue Array, even if it has the credit of laying many array flags at the beginning.

If I had such a bead and I was trapped in Misty Palace, how could I be so embarrassed?

"Hehe, I didn't expect to come this time, there will be such a baby." Qin Chen smiled, this is a big gain.

Tiandi Mountain!

Countless strong people were stunned.

Their Nine Dragon Emperor Jue Form was actually broken?

Especially the four great Wudi giants, their complexions changed all of a sudden. Once the Jiulong Emperor Jue Formation is broken, can they rely on them to hold onto the Tiandi Mountain?

The Arabian Nights!

"Everyone will take action to stop them, and they must not be allowed to break the Nine Dragon Emperor Jue Formation."

The eyes of the four people were full of horror, and roared angrily.

All the powerhouses of Tiandi Mountain also knew that Tiandi Mountain was already in distress at this moment. When the Jiulong Emperor broke through, they all would die, so they killed them regardless of life and death.

boom!

Suddenly a big battle broke out.

"Stop them." Mo Wenshan said angrily while dealing with the black murderous dragon.

He knew that the most critical juncture had been reached at this moment, and if he was defeated, he would win. Once he fell, he would only fall short.

As a result, the members of the Mo family were also crazy, and the two sides immediately fought together.

Puff puff!

The blood flew all over, only for a moment, both hands were killed and wounded. This was a close hand-to-hand fight, life and death, everyone was fighting to the death, no one left their hands.

"All the members of the Ji family, gather together and kill the enemy with me."

Ji Hongchen roared, and immediately gathered the members of the Ji family together, because only in this way can she protect everyone, otherwise the Ji family will inevitably suffer huge damage.

"Ji Hongchen, what are you doing?"

Mo Wenshan said angrily while dealing with the black murderous dragon. His disciple of the Mo family is killing the enemy frantically, but where is the Ji family? They were actually surrounded together, although they were also defending this formation, but between shots, they were far less active than their Mo family, causing them to lose two strong Mo family in the first moment.

By.

It should be understood that the remaining Wudi strong men of their Mo family only have more than a dozen people in total. For the Mo family, the loss of any one is extremely painful.

Ji Hongchen didn't care, and said coldly: "Mo Wenshan ancestor, my Ji family is also facing the enemy, but my Ji family disciple is not as strong as your Mo family, so naturally you need to be more cautious."

Damn, be careful, you big-headed ghost, you are clearly using my Mo family to kill the enemy, okay?

Mo Wenshan was angry. He originally intended to use the Heavenly Emperor Mountain to consume the strength of the Ji family. Who knew that the Ji family was so cunning and treacherous. At this time, he actually retreated secretly and immediately made him angry. In fact, the Ji family did not back down, just a little more cautious, but Mo Wenshan couldn't bear the reality that the Mo family disciples suffered more damage than the Ji family.

#### [Chapter 1934: Counter-control](#)

"Master Huntian, continue to control the formation. Don't let the people of Tiandi Mountain find a chance, and what you said before, can it be realized?" Mo Wenshan said lowly to Master Huntian, and looked at him. There are some unclear

mean.

Master Hun Tian suddenly understood what Mo Wenshan meant, and said in a deep voice: "My lord, don't worry, everything I said before is under control and there will be no problems."

"Okay!" Mo Wenshan suddenly let go of his heart, and a strong killing intent emerged in his heart.

"Ji family, Ji family, don't blame me, blame you, just blame you for not being able to go to the Dao, now my Mo family has suffered a heavy loss, if your Ji family is still so strong, it really makes the old man restless!"

Mo Wenshan thought gloomily in his heart, and then violently shot the black murderous dragon.

He exploded with black magic energy all over his body, and shot with all his strength, with a bang, under the frenzied attack, the second black murderous dragon suddenly burst again.

"kill!"

Then, Master Hun Tian quickly locked the third black murderous dragon.

The people of Heavenly Emperor Mountain were furious, madly trying to stop Mo Wenshan's move, but under the obstacles of Mo Family and Ji Family, they were still unsuccessful.

Finally, the third black murderous dragon was also killed by Mo Wenshan.

"Om!"

Suddenly, the transparent bead became even more black, and filled with killing intent, and the quaint runes flickered like a \*\*\*\* of killing bead.

"about there!"

Master Huntian flashed his eyes and sneered at the corners of his mouth. Then, countless array flags were brightened up, and they were moved once again.

Obviously it is re-controlling the formation.

And compared to the last time, the transparent black beads kept spinning this time, and the black murderous aura was permeated, instantly blending with the countless array flags.

"Master Huntian is really..."

Qin Chen couldn't help exclaiming when he saw this scene.

I have to say that Master Huntian's methods are indeed very strong, using this bead that swallowed a lot of murderous intent as a core to counter-control the Nine Dragon Emperor Jue Formation.

Suddenly, the entire Nine-Dragon Emperor was full of glare, and the infuriating energy placed by countless Master Huntian was instantly controlled in his hands.

boom!

The six black murderous dragons that had attacked the Mo family and the Ji family suddenly stopped their attack, as if they had lost their target. At the same time, the oppression on everyone had disappeared, and the gains on the many powerful men in Tiandishan had also disappeared. Exhausted.

"Not good!" The expressions of Emperor Wu, the four giants of Tiandi Mountain, and many powerful men suddenly changed.

"Hahaha." Mo Wenshan laughed out loud, because he felt the oppression on his body disappeared, and a feeling of freedom filled his body, and he knew immediately that Master Huntian had successfully controlled the formation of the Tiandi Mountain.

"Master Huntian, this time you have done a great job." Mo Wenshan laughed.

"My lord, I am fortunate to live up to my mission!" Master Huntian smiled and said lightly, but the pride and confidence between words could not be concealed.

Can he not be proud? With just a few fingers, he controls the Tiandi Mountain Great Formation. If such a deed is spoken out, it will be famous and majestic all over the world.

"In that case, please ask Master Huntian to control the great formation and destroy these people from the Heavenly Emperor Mountain." Mo Wenshan continued, his eyes cold, and his whole body exuded cold killing intent. In fact, there is no need for Mo Wenshan's command at all, Master Huntian has already started, and the spiritual power is diffused, and it is instantly integrated into the black beads. Suddenly, the large array roars and starts again. The six black murderous giants that have calmed down.

The dragon came alive again in an instant.

Roar!

But this time, their target was changed to Tiandi Mountain and his party. Six black murderous dragons with the strength of the giant Wudi directly killed the Tiandi Mountain crowd, ah, immediately, countless screams sounded.

Without the blessing of the formation, Tiandi Mountain has only four giants, Emperor Wu, how can he withstand the attack and killing of six murderous dragons, suddenly retreat again and again, screaming again and again.

They were horrified, and they couldn't imagine that this kind of thing would happen, and their Tiandishan formation was actually counter-controlled.

In an instant, the despair in his heart spread wildly.

"Hold on, they must not be allowed to attack Tiandi Mountain, Lord Shanzhu will definitely come back to rescue."

The four great martial emperors roared and tried their best to fight the murderous dragon, but the four of them joined forces and only blocked five of them, leaving a black murderous dragon rushing across the crowd and killing wildly.

"Oh, I tried to resist and die!"

Upon seeing this, Mo Wenshan sneered, then looked at the Ji family.

"Ji Hongchen, let me take action and kill this group of people from the Heavenly Emperor Mountain. If you keep your hands, don't blame the old man for tearing his face and denying people."

This was a stark warning, thinking that the Ji family was passively sabotaging behind.

Then, Mo Wenshan didn't care about Ji Hongchen's answer, his figure flickered, and he rushed directly to the powerhouse of Tiandi Mountain.

They have already wasted a lot of time here, and they must hurry up, otherwise it will be very troublesome whether it is the Tiandi Mountain Mountain Lord rushing back or the Xuanyuan Empire strong support rushing there.

At this point, Mo Wenshan no longer had any hands left, and his body burst into black magic energy, rushing to the four giants of Wudi.

These four people were the main force in the Tiandi Mountain rebellion, killing them would be able to end this fight.

Hey, his figure sprang out, and the terrifying force was activated, and he came to one of the martial emperor giants in an instant, grabbed a force of rules with his left hand, wrapped in his fist and blasted it past.

This punch was extremely fast, and there was a cold chill blooming.

The late Wudi giant was naturally not a vegetarian. In his anger, he hurriedly resisted and banded, and his body was bursting with rainbow light. The bloodline power was exploding and burning. This was desperate, turning into a terrible energy. Angrily, he rushed towards Morwen Mountain.

Bang!

The two sides collided, and under the one-stroke system, the late Martial Emperor giant was blown out, and his body was radiating light. This was not because he was about to show off his might, but his body was cracked open by the blow, causing the true essence to overflow.

When the other three late Wudi giants saw this, they were all shocked, even Ji Hongchen condensed his eyes.

With the blessing of the Jiulong Emperor's Absolute Formation, Mo Wenshan's strength is even deeper, otherwise it would be impossible to directly blast a late Wudi giant with a punch.

After all, the giant Wudi was already a top figure in the mainland in the later period. How could he be smashed by one punch, even if he didn't die, it couldn't be compared with a spike, but it was still inexplicable.

"Hahaha!"

Mo Wenshan laughed and was very satisfied. He moved his arms a bit, only to feel the strength and blood boiled, and he was uncomfortable. His own strength is extremely strong, and with the blessing of the Jiulong Emperor Jue Array, his strength has improved again, and this feeling is better than ever.

### [Chapter 1935: Blew up](#)

Roar!

But after the late Emperor Wudi was blasted with a punch by Mo Wenshan, he was seriously injured, and all the black murderous dragons swept over and attacked again and again.

puff.....

The population vomited blood and retreated in embarrassment, extremely miserable and embarrassed.

"Still stubbornly resisting, first take your head to pay homage to my hero of the Mo family!" Mo Wenshan waved his fist and killed him again.

"No, help me!" The late Wudi giant yelled quickly, his voice horrified.

He had never encountered such a dangerous situation, but at this time, no one could save him.

Mo Wenshan killed him. In order to end the battle as soon as possible, he was desperate to shoot. A force of rules gathered in front of him and suppressed it. It was terrifying, and the power that burst out of his fists could destroy the world.

"Do not!"

The other experts in Tiandi Mountain all uttered horror. They wanted to come to the rescue, but they were exhausted and could only watch Mo Wenshan pounce on them.

The Wudi giant was already seriously injured, and under Mo Wenshan's indiscriminate bombing attack, he was unable to resist and was immediately exploded.

Wow!

There was a rain of blood, and after a long time of fighting, the first giant Wudi finally fell.

Mo Wenshan was wrapped around the Avenue of Rules with a cold expression.

The remaining three giant Wudi were sad, their faces were frightened and shocked. They had already done their best, but they still let the people of the Mo family kill one of their giant Wudi. What does this mean?

If the other party wants to target them, they will not be spared.

With such thoughts for a lifetime, they sweated all over.

No one wants to die. How can it be the giant Emperor Wu, who is high above the world, and in control of the world, there is nothing to watch.

If they could, they might have to flee the first time, but they didn't move, because behind the Tiandi Mountain, as today the land has been sealed off, and the Jiulong Emperor Jue Formation has been controlled by the opponent, where can they escape?

"Hahaha!"

Mo Wenshan laughed, \*\*\*\* and arrogant.

With his cultivation base, as long as he is unwilling, how can the blood splash on him?

He did this deliberately, so that the blood of that martial emperor giant was stained all over his body. He wanted everyone to know that his Mo family would not be crushed. Things that belonged to his Mo family would definitely be taken back by him. .

"kill!"

He sneered, looking at the remaining three giants, Emperor Wu, sticking out his left hand, and suddenly a rule of power was controlled by him, and he entangled the three giants at the same time.

Bondage!

Suddenly, the three giants, Emperor Wu, all had a meal, as if they were trapped in a quagmire, and every move became difficult.

Then, Mo Wenshan came up, he wanted to kill these three people one by one as a sign of the rise of the Mo family.

"Unstoppable."

The three Tiandi Mountain giant Wudi glanced at each other, and they all revealed miserable.

"Everyone, see you in the next life, the Xuanyuan Empire will never die."

One of them smiled miserably, and then erupted in an instant, booming, with endless glow in his body, his strength increased in an instant, breaking through the shackles of Mo Wenshan, and rushing towards Mo Wenshan.

"Huh? Still want to resist? I don't know how to live or die!" Mo Wenshan sneered, not caring, and was about to do it, but suddenly his face changed.

Because the power in that giant Wudi's body was soaring like no end.

"No, he is going to blow himself up."

Mo Wenshan was shocked and hurriedly formed a defensive shield in front of him. The shield had just formed, and with a boom, the giant Wudi had already exploded. Suddenly, the world was flooded with endless light, and the lights flickered. The light and shade are immortal.

How terrible is the power formed by a giant Wudi's self-destruction? Today everyone finally saw that some of the Mo family disciples who were close by were suddenly screamed and flew out, with their stumps and arms flying around.

But the Ji family was not well, the crowd shook, many people vomited blood and were seriously injured.

Even Mo Wenshan's face turned pale, because he had reached the peak martial emperor level with such explosive power recently. It shook his body with blood surging, spouting a mouthful of blood, and his body surged.

Huaguang dissipated, and before Mo Wenshan was relieved, another giant Wudi also killed him and rushed towards Mo Wenshan. There was a trace of determination in his eyes, and his body strength was increasing crazily as he laughed.

Damn, these lunatics.

Mo Wenshan was shocked, one blew himself up, and the second one even blew himself up.

At the crisis, he had no thoughts in his mind anymore, and hurriedly formed a defensive shield again.

boom!

The next moment, endless explosions resounded in the sky, because the accumulation time was longer, causing this person to explode more terrifyingly than the previous one.

Rumble!

Endless Huaguang swallowed everything, the world was white and the dazzling Huaguang bloomed, everything was invisible, even the perception could not spread out, and it was instantly crushed in the explosion. "Qin Chen!" Ji Ruyue's anxious voice was heard in Qin Chen's mind, because this explosion was so terrible, even if Ji Hongchen and Ji Ruyue were blocking them in front, they still couldn't resist it. Once it spread, Ji The family is absolutely dead and injured

weight.

"Everyone let go of defense!"

Qin Chen arrived at the first time and opened the Universe Good Fortune Jade Plate. Suddenly, a burst of spatial force spread out, enclosing the Ji family's many weaker martial artists.

In the next moment, these people disappeared in an instant, and they were all included in the jade disc of Universe Good Fortune by Qin Chen. At the moment they just disappeared, the endless explosion engulfed everything and wrapped Qin Chen in.

Rumble!

The endless roar filled, too tragic.

The members of the Ji family were included by Qin Chen in the Universe Good Fortune Jade Disc, but the Mo family was not so lucky. Even if Master Huntian condensed the main defense force of the formation on the members of the Mo family, they still could not stop it. This coercion.

This time, the members of the Mo family exploded directly, and three of them were smashed to pieces, and the rest of them vomited blood and fractured their muscles.

This is still because of the protection of the Nine Dragon Emperor's Absolute Array. If it were not for the formation, the loss would be even more severe.

"Hahaha, long live Tiandi Mountain!"

And this explosion was not over yet, the last giant Wudi also rushed up, and blew himself up again in the roar.

boom!

No one can describe the tragedy of this moment. All the disciples of Emperor Wu in the nearby later period were exploded, even the disciples of Tiandi Mountain, with blood splashing and flying with severed limbs, just like hell.

After a long time, the endless light dissipated.

In the Nine Dragon Emperor's Jue Formation, which originally surrounded a large number of powerful men, it was empty. The Mo family's original team of more than ten people only had seven or eight people left. This was because Master Huntian used Nine Dragon's murderous power to fully defend them.

As for the hundreds of powerhouses who rushed in from Tiandi Mountain, apart from some serious injuries that survived far away, a total of 67 people fell directly, with no bones left.

As for the Ji family, only Ji Hongchen, Ji Ruyue, Fu Qiankun, and Qin Chen were left, but they were all embarrassed and bloody, as miserable as they were.

Because Master Huntian had previously used all the power of the formation to protect the Mo family, as for the Ji family, there was no protection at all.

"what!"

Mo Qianshan himself was also scarred, his body was wounded, and he was covered in blood. Seeing this tragic scene, he roared in anger. Why is this happening? Didn't they have the upper hand? But in the blink of an eye, there were only seven or eight of the Mo family's more than a dozen strong players. These were the most precious disciples of their Mo family.

#### [Chapter 1936: Ripped skin](#)

"Kill, kill everyone in Tiandi Mountain!"

Mor Wenshan was furious, so angry.

What was the purpose of their sneak attack on Tiandi Mountain? It was not to re-grow their Mo Family and let the Mo Family regain its glory.

But now that he hasn't obtained the treasures of Tiandi Mountain, the only Martial Emperor of his Mo family has fallen by half. How can his Mo family bear such a blow?

puff!

A mouthful of blood spurted, and Mo Wenshan was anxious and vomited blood directly.

After that, he was murderous and directly rushed into the Tiandi Mountain disciples.

Suddenly, endless screams sounded. With the blessing of the Jiulong Emperor Jue Formation, even the four great martial emperors could not resist Mo Wenshan's attack. How could the remaining ordinary disciples stop it?

The blood flew across, and the flesh and blood splashed. It was too tragic. Under the Mo family's rage, he was murderous, without leaving his hands, killing the Tiandi Mountain like a butcher, turning the entire Tiandi Mountain into a \*\*\*\* on earth.

Mo Wenshan is like a demon god, the \*\*\*\* blocks and kills the gods, and the devil blocks and kills the devil.

Bang bang bang!

A well-known expert fell, especially a martial artist of the Martial Emperor level, with a punch, directly exploded more than a dozen people, with no resistance.

In a moment, the entire Tiandi Mountain was silent, like a purgatory, full of blood, miserable.

Tiandi Mountain, the holy land of the Xuanyuan Empire, was completely destroyed.

"Huh!" Mo Wenshan waved his hand, and immediately, countless storage rings gathered and were put away by him.

"You guys, go and collect all the treasures in the Heavenly Emperor Mountain. If there is still alive, kill them directly." Mo Wenshan instructed the remaining Mo family experts.

"Yes, ancestor!" The remaining seven or eight strong men of the Mo family yelled, with excitement on their faces, they rushed into the Tiandi Mountain one after another and began to search.

This is the sacred land of the Xuanyuan Empire. In its heyday, it was only stronger or weaker than the Mo family. How many treasures are there? Countless.

Especially here is the legendary Stone of Rules. If so many treasures are obtained by his Mo Family, his Mo Family will stand in the Martial Domain again and even grow stronger within decades.

When Ji Hongchen and the others saw this, their expressions changed and they rushed out one after another, trying to rush into the Tiandi Mountain, but before they entered the Tiandi Mountain Palace, a figure flashed in front of them, it was Mo Wenshan.

"Mo Wenshan, what do you mean?" Ji Hongchen's face sank, and he shouted, "I have already said before I waited for both sides. Sixty percent of the treasures of Tiandi Mountain belong to my Ji family. Do you want to regret it? Right?"

"Repent? Hahaha!" Mo Wenshan laughed wildly, "Ji Hongchen, you are also a powerful Ji family, why are you so naive?"

"Do you want to cross the river to demolish the bridge?"

"Yes, now Ji Dewei is not here, so what can you do with you? Don't say Ji Dewei is not here, even if Ji Dewei is there, you will not escape death, as long as you kill you and plant your spoils on Tiandi Mountain, who knows the truth? ?"

Mo Wenshan was too lazy to pretend, and said to Master Huntian: "Master Huntian, don't activate the formation yet."

Master Huntian laughed. He had long seen Qin Chen and Fu Qiankun displeased. In Chuzhou and Jizhou, there is no need for an excellent formation master like him, and the formation master only needs him.

"boom!"

Master Huntian urged the formation, and suddenly the sky was full of glow, and the dazzling array patterns filled the sky. The Jiulong Emperor Jue Array once again urged, under the countless array of lights, six black murderous dragons condensed, and Qin Chen instantly A line wrapped up.

Qin Chen sneered in his heart, and as expected, Mo Wenshan still started.

"Mo Wenshan, aren't you afraid of my Ji family's anger? If Elder Ji Dewei comes back to see this scene, he will never spare you Mo family." Ji Hongchen said with a frightened expression.

"Haha, Ji Dewei? Don't worry, after you have destroyed you, the next one will naturally be his turn. What's more, it is not certain whether he will survive under the chase of the Lord of the Heavenly Emperor Mountain."

Mo Wenshan stopped talking nonsense, his figure shook, and he killed him directly: "Master Huntian, come and help me."

"Ancestor, don't worry, just these guys can't escape our palms."

Master Huntian urged the formation, and immediately six black murderous dragons swept towards Qin Chen.

Moreover, under the suppression of the formation, the aura of Qin Chen's body was greatly weakened, and they were firmly suppressed.

"I'll deal with this Mo Wenshan, Brother Qin, you deal with Master Huntian, as for the two of you, just keep it." Fu Qiankun smiled faintly, appeared in front of everyone, and slapped it out with a palm.

"Huh, life and death!"

Mo Wenshan sneered.

"Death!" He sneered coldly, his body was like electricity, and he patted it with a palm, with a grinning smile outlined at the corner of his mouth. In his opinion, with his strength and the blessing of the Jiulong Emperor's Absolute Formation, even the pinnacle of Emperor Wudi might not be able to Resist yourself, that Ji Kun is a little late

The Emperor Wu also wanted to stop himself, and he didn't know how to live or die.

But the next moment, his face changed.

boom!

Fu Qiankun stretched out his palm, and in the palm of his palm, there seemed to be cosmic stars rotating, directly blocking his palm.

"how is this possible?"

Mo Wenshan's eyes stared out immediately, completely unable to believe it. How could a small late Wudi giant have the power to rival him? No, no, not only rivals, but even the upper hand! Because Mo Wenshan has the blessing of the Kowloon Emperor Jue Formation, and Fu Qiankun was suppressed by the Kowloon Emperor Jue Formation.

.

At the same time, Ji Hongchen and Ji Ruyue also moved.

Above Ji Hongchen's head, a terrible light and shadow appeared, it was the power of her blood, and a terrible aura burst out in an instant, like a queen of detachment from the red dust, raising her hands, murderous intent, directly blasted two black murderous dragons. In Ji Ruyue's hand, there was also a primitive divine sword. It was the ancient imperial soldier's exclusion sword. The ancient imperial soldier was activated, and the dragon was shaken. Ji Ruyue slashed out with a single sword, and the formation was shaken. Two black murderous dragons flew out,

Roar again and again. And Qin Chen also moved, he laughed, his figure is like electricity, and the immortal sacrament urged to the extreme. Faced with the attack and killing of two black murderous dragons, he did not dodge and evade. The dragon rushed through, shaking the two black murderous dragons.

Throwing out, roaring.

Whoosh!

Qin Chen plundered like electricity and rushed directly to Master Huntian.

what?

At this moment, the eyes of Master Huntian and Mo Wenshan all burst, and Qin Chen's four burst out of strength far surpassing their previous strength in an instant, giving them a great shock.

"This treasure is not bad, I want it." Qin Chen came to the center of the formation, did not act on Master Huntian first, but in a flash, he came directly to the transparent bead that contained black murderous intent, and stuck out his palm. , To control the black transparent beads in your hands.

### [Chapter 1937: wild ambition](#)

He already understood that the reason why Master Huntian could control the Nine Dragon Emperor's Jue Array was that this transparent bead swallowed the power of three black murderous dragons and turned into the second eye of the Nine Dragon Emperor's Jue Array. , With the help of many array flags, turn this array into its own use.

Master Huntian was furious, his figure shook, and while controlling the formation, he launched a fierce attack on Qin Chen.

Klang Klang!

He is now the host of the formation, naturally able to mobilize all the strength of the formation, and suddenly the endless Huaguang swallowed Qin Chen, making a fierce roar.

"Hmph, it seems that you have been prepared a long time ago, and you really have ulterior motives, but in front of the old man, no matter what strategy you have, you have to die."

Mo Wenshan was furious, and at this moment he could see that the members of the Ji family had been hiding their strength.

However, what surprised him was the identity of Fu Qiankun.

In the entire Ji family, apart from the old ancestor Ji of the Ji family, who can be compared with him, there is no second person, even Ji Dewei.

Although Ji Dewei broke through the realm of Emperor Wudi, he was still too immature to enter the eyes of Mo Wenshan.

But when did the Ji family reappear such a top powerhouse?

Its wolf ambition is obvious.

"dead!"

Therefore, in fright, Mo Wenshan completely mobilized the True Yuan in his body, roared, and folded his hands together, the True Yuan turned into a mountain-opening axe, and slashed towards Fu Qiankun.

"Haha, it's interesting. Two hundred years have passed. It just happened to let the old man see and see the strength of this martial arts hero." Fu Qiankun chuckled and blasted out a punch, hitting the giant axe, as if terrifying power surged. Unlike from this world.

Bang!

This giant axe was immediately shattered, and the fist strength was not reduced, and it had already blasted towards Morwen Mountain.

Mo Wenshan was shocked, how could this be?

If it is said that he still had his hand in the first blow, then in the previous blow, he had already displayed his true strength, unexpectedly he was defeated by a single move.

He hurriedly slammed his fist and slammed his surplus power to pay Qiankun's fist, but his figure was involuntarily backed up in the void, soaring. Every time he backed away, the void trembled, and the entire sky seemed to be split. Up.

This was because the power he had eaten was too great. As he retreated, he was vomiting blood, and his hair was straightened at once, as if someone was pulling.

After retreating for thousands of meters, he stopped, and saw a series of deep footprints left in the void. These are the traces left by the rules in the void, and gradually disappeared. Around the footprints, blood was spilled all the way. .

"Ancestor!"

At this time, the few Mo family powerhouses remaining in the Tiandi Mountain who were looting frantically saw this scene, and they were all shocked and totally unacceptable.

Is this still going against the sky?

Who is the ancestor? That was the pinnacle of Emperor Wu. With the blessing of the formation, even the giants of the late Emperor Wu could be killed, but now? He was blasted by an old man from Ji's family and backed up again and again, vomiting blood continuously.

Damn it?

Everyone can't understand it at all.

Fu Qiankun faintly smiled: "Is the Martial Emperor Wudi, the peak of the Martial Domain, only has this strength now, so disappointed!"

While talking, he shook his head, dissatisfied with Mo Wenshan's performance.

"You are not from the Ji family." Mo Wenshan stared at Fu Qiankun, breathing a little heavy, and roared.

The breath of the people of the Ji family all have something in common, because they have all been baptized by the ancestral land of the Ji family, and their bloodlines and techniques are similar.

And the Mo family and the Ji family have been battling for hundreds of years, and they have long been very familiar, but now, the aura that Fu Qiankun has exposed does not have the feeling of the Ji family.

"It's idiotic enough to see it now." Fu Qiankun sneered, and his figure shook, like a ghost, suddenly appeared in front of Mo Wenshan, with a punch.

"Fast speed." Mo Wenshan was taken aback and hurriedly resisted.

Boom boom boom!

The two immediately fought together and fought wildly.

On the other side, Ji Hongchen and Ji Ruyue fought alone with six black murderous dragons with the strength of the giant Wudi. They kept retreating and were clearly at a disadvantage.

This is natural.

Although Ji Hongchen and Ji Ruyue are strong, their cultivation bases are not enough. Each of these black murderous dragons has the cultivation base of the giant Emperor Wu. The two have a chance to fight against three or four. Maybe there is a chance of winning. They can deal with six. I can only cope with it.

"Little dust, stop playing. If you wait for the Lord of the Heavenly Emperor Mountain to come back, you will be in trouble."

Ji Ruyue hurriedly communicated to Qin Chen.

"Wait a moment, it will be fine soon." Qin Chen smiled faintly, and suddenly a black long sword appeared in his hand. It was the mysterious rust sword. The mottled rust on the mysterious rust sword nowadays has long disappeared. Only a few of the most stubborn ones are still there, and when the Rust Sword comes out, it immediately exudes a palpable breath.

He cut out with a sword, Master Huntian suddenly screamed, a gap appeared directly in his chest, blood rushing from it.

"Who are you? How could Emperor Wudi, the peak of the early days, be so strong?"

Master Huntian was frightened and angry. Although his cultivation base was only at the mid-term peak, he controlled the Jiulong Emperor's absolute formation and integrated the power of the formation into his body. It can be said that his cultivation base is not high, but he combines the formation. Fa, the strength has reached the giant level, even stronger than the average Wudi giant.

But before, it wasn't Qin Chen's enemy of a sword?

It's just hell.

Qin Chen slashed Master Huntian with a sword, instead of taking advantage of the victory, he looked at the transparent bead and swept over.

As long as the transparent bead is taken away, this large formation can be controlled in his hands, and then the master Huntian will be killed without any effort.

"Don't think about it."

Master Huntian was furious, how could he not see Qin Chen's thoughts, he was suddenly shocked, but he did not dare to get too close to Qin Chen, and immediately urged the transparent beads to use the power of the formation to strangle Qin Chen.

"Heh, I expected you to have this trick." Qin Chen sneered, and with a big wave of his hand, suddenly, a strange formation appeared between the heaven and the earth.

Under the urging of Qin Chen, the formation disc suddenly burst out endless rainbow light, turning into a formation cage, and immediately wrapped the transparent beads in it.

"The Tiankong Wanzhuan array disk, this is the Tiankong Wanzhuan array disk, how can it be in your hands, are you a person from the Qidian?"

Master Hun Tian was instantly stunned when he saw the Tiankong Wanzhuan array.

As a Master of Formation Dao, how could he not know the treasure of this class of artifacts, but how could this treasure appear in Qin Chen's hands?

It was just that before the shock in his heart fell, the formation formed by the Tiankong Wanzhuan array immediately enveloped the transparent bead, and suddenly cut its connection with Master Huntian.

Master Hun Tian suddenly found that the connection between himself and the transparent beads disappeared.

"not good!"

Master Hun Tian was shocked. His greatest support now was the Nine Dragon Emperor Jue Formation. Once the control of the Nine Dragon Emperor Jue Formation was seized, he would be over.

### [Chapter 1938: The world is sad](#)

"Damn, I still have a lot of flags, don't you want to take control of the old man."

Master Huntian knew that the matter had reached a critical point, and hurriedly urged the formation flag he had laid.

Hum!

Suddenly, the sky was full of light, and array flags appeared in the void, and they wanted to regain control of the large array.

Qin Chen smiled slightly, waiting for you to do so.

He knotted his hands and even moved the formation flag in which he had moved his hands and feet, and then Master Hun Tian was shocked to discover that the control of dozens of formation flags among the many formation flags suddenly disappeared.

And these dozens of array flags glow, and they are controlling other array flags in reverse.

Oh my God, what happened?

He was shocked and confused, his eyes flashed, and he saw Qin Chen quickly forming a seal on the side, and with Qin Chen's forming a seal, countless array flags were controlled by Qin Chen one after another, and it was Qin Chen who was doing the ghost.

But how is this possible?

Master Huntian couldn't believe his own eyes. With his cultivation base, he was actually no better than Qin Chen in the battle for formation flags, but these formation flags were still sacrificed by him.

"you wanna die!"

Seeing that the formation flags were controlled by Qin Chen, Master Huntian completely messed up his hands and feet, his eyes were cold, and he knew that he could only use this trick, because these formation flags must never be lost.

"You are too arrogant, die to me!" Master Huntian made a bold move, booming, endless fierce flames, his face was hideous, his right hand seemed to have turned into a prehistoric behemoth's claw, and he grabbed Qin Chen.

Moreover, his pupils instantly turned to pitch black, and a cold force swept out.

It is a soul shock.

This is Master Huntian's ultimate skill. His soul secret technique can severely damage even the late Martial Emperor giants. Once Qin Chen's soul is injured and mentally deranged, he will take advantage of the opportunity to kill Qin Chen on the spot. Take back control of the Jiulong Emperor Jue Formation.

Hum!

The terrifying soul power disappeared into Qin Chen's mind for an instant. As expected, Qin Chen's eyes were dull for an instant, and the whole person was muddled, holding his head and roaring in pain.

"Haha, it succeeded!" Master Huntian laughed, but there was no surprise.

This is natural. His soul impact can even severely inflict heavy losses on even the late Martial Emperor giants. Qin Chen is no more than an early peak Martial Emperor. Even if his formation is stronger, where is his soul stronger?

With a successful move, Master Huntian immediately rushed forward and blasted Qin Chen with one claw. He was about to catch Zhong Qin Chen, but saw Qin Chen who was still holding his head and howling painfully before suddenly raised his head and showed a smile. There was the slightest bit of pain.

"Is it scared? Just this little soul impact, it's almost the same for Ben Shao." Qin Chen grinned, and in the horrified eyes of Master Huntian, his right hand clenched a fist, the horrible true essence condensed.

boom!

He shook his fist and blasted out towards Master Huntian, and the endless killing fist suddenly gathered together and burst out endless fist power.

"Boom!"

Qin Chen's fist was like a broken bamboo, and Master Huntian's giant claws shattered with just a touch, and then, terrifying power instantly poured into his body. Master Huntian showed horror and roared: "Don't kill me, I will surrender. Don't kill me with you..."

He felt the coming of death, and begged for mercy immediately.

"You are too weak, this little bit array Taoist cultivation base, this young master still looks down on it."

Qin Chen smiled lightly. For people like Master Huntian, he is really too lazy to control. One is a waste of soul power. The second is that if the Mo family is completely destroyed, Misty Palace will definitely come to investigate. If Master Huntian is still alive, Let Misty Palace discover his anomaly, but will cause trouble to the Ji family.

It's better to kill it.

Bang!

With just one punch, Master Huntian, who lacked the power of the formation, was beaten into scum.

As soon as Master Huntian died, Qin Chen immediately controlled all the formation flags, and then withdrew the Tiankong Wanzhuan formation plate, instantly erased the spiritual mark of Master Huntian on the transparent beads, engraving his own spiritual mark.

Hum!

But after his spiritual imprint fell on the transparent bead, Qin Chen suddenly felt that his observation of the entire formation became clearer, and the countless formation patterns and formations of the entire Jiulong Emperor Jue Formation were clearly presented in his mind. It wasn't because he controlled the Jiulong Emperor Jue Array, but the transparent beads contained a special power, which made Qin Chen's observation of the array more sensitive and subtle.

Qin Chen was overjoyed immediately, this is really a treasure.

Unexpectedly, this trip to the Heavenly Emperor Mountain would have such a gain. With this transparent bead, he will be more comfortable in the face of various formations in the future, and it will be easier to crack.

"not good!"

Mo Wenshan was always watching the battle between Qin Chen and Master Huntian, and when he saw Master Huntian was killed, he was shocked, with a hideous look on his face and extremely angry in his heart.

He knew it was all over.

He and Fu Qiankun became more frightened during the battle. He knew that under the blessing of the Jiulong Emperor Jue Formation, he could not kill Fu Qiankun. Once he lost the blessing of the Jiulong Emperor Jue Formation, he would definitely fall into a crisis. At the moment it fell, Morwen Mountain gritted his teeth and rose into the sky with a boom, actually trying to escape from here.

Qin Chen naturally did not agree. He controlled the formation, and the six black murderous dragons that had attacked Ji Hongchen and Ji Ruyue instantly gathered on top of Mowen Mountain and rushed towards him.

This is just retribution.

"Go away!" Mo Wenshan roared and banded, with a terrible cold air erupting on his body, he actually shook all the six murderous dragons flying out, and his body continued to go on. He knew that he could only rush out of the Jiulong Emperor. There is hope for life.

"Hehe, there is no such good thing." Qin Chen looked at Mo Wenshan, and immediately killed him. He swung the mysterious rust sword, and the sword energy was like a huge ocean, and it fell down in an instant.

"roll!"

Mo Wenshan was furious. He couldn't beat Fu Qiankun, and he was very angry. Now that he saw a small initial peak, Emperor Wu dared to stop him, he was suddenly even more angry.

Do you really think you are a bully?

He shot, the endless black cold aura condensed on his fist, bursting out the strongest blow.

He wanted to seize this opportunity and kill Qin Chen along the way. In this way, neither side would have a blessing, and perhaps there would be a battle.

Therefore, this blow represented his strongest blow, and even the power of the blood in his body was mobilized. Under the burning and punch, the formation was roaring and bursting.

He thought Qin Chen would hide, and various thoughts flickered in his mind, calculating the direction Qin Chen would hide.

What he didn't expect was that Qin Chen didn't evade in the face of his punch.

Bang!

The sword and fist collided, and there was a big explosion between the world and the earth. Qin Chen was blown out with a bang. The blood in his body surged and he almost vomited a mouthful of blood.

But Mo Wenshan was not going well. Under a sword, he only felt that an endless killing force was about to rush into his body, destroying his meridians crazily.

"how is this possible?"

He was shocked. Under his own punch, Qin Chen didn't even die, and he didn't even vomit blood, and he didn't appear to be seriously injured.

"Haha, die!"

And when he was shocked, a cold voice sounded, and Fu Qiankun did not know when he had already come behind him. Taking advantage of the moment when the true essence in his body was boiling and being tossed by the killing energy, his palm came out and he snorted. Instantly inserted into Mo Wenshan's back.

With blood splattering, Mo Wenshan stared at the palm of his hand protruding from his chest, showing a look of panic and despair.

boom!

Then, he exploded, his body was torn apart and turned into countless pieces, and the blood raining all over the sky suddenly fell one after another, and the world was in sorrow.

### [Chapter 1939: Follow the plan](#)

Fu Qiankun was soaked in blood, standing proudly in the sky like a demon god.

And before him, Mo Wenshan, the ancestor of the Mo family, was torn apart and died on the spot.

"Ancestor!"

Below, the remaining Martial Emperors of the Mo family roared, all watching this scene in amazement, their bodies trembling.

The ancestor is dead, how could this be? !

Everyone was cold, and a chill came from the soles of their feet and rushed directly to the top of their heads, extremely cold.

call!

And at the moment when Mo Wenshan burst, suddenly, from Mo Wenshan's body, a dark light soared into the sky, and the power of the black soul turned into a stream of light and swiftly swept directly outside the Jiulong Emperor Jue formation.

It is the soul of Mo Wenshan, who has not disappeared, fleeing from here.

"Hey, this Mo Wenshan's soul hasn't died?" Fu Qiankun was surprised, his right hand poked out, hum, a peculiar power suddenly rose from his body, very ethereal, but extremely terrifying.

The void was immediately imprisoned, and Mo Wenshan's soul power was also imprisoned in this void, unable to move.

"Impossible, I am a soul body now, and no force of rules can stop the soul body, how did you stop me?"

A black soul villain was struggling violently in the void. It was Mo Wenshan. He looked at Fu Qiankun in horror, and couldn't believe that Fu Qiankun could trap his soul power.

How is this possible?

The power of the soul is a very special power that is not bound by the profound meaning and rules. Some powerful martial emperors can indeed use the power of the rules to hurt the soul body, but it is generally impossible to imprison the soul body.

But now, Fu Qiankun has done it. His body exudes a very special power, as if it is beyond the rules, and it seems to be integrated with this world, strong and terrible, and instantly imprisoned his soul power. .

"Who is this person?"

At this moment, Mo Wenshan's heart was ashamed.

"Hehe, I want to escape from the old man's hands, Mo Wenshan, you can't help thinking too much." Fu Qiankun smiled lightly, his figure is proud, and the domineering aura that stuns nine heavens and ten earths without words. table.

"Don't kill me, don't kill me, as long as you let me go, I will agree to any conditions."

Mo Wenshan struggled in horror. He knew he was really over this time. He wanted to sneak away with the power of the soul and rebirth, but now everything is over.

He didn't want to die, so he desperately begged for mercy, and he exuded a cold and cold aura, just like an alien.

"Hey, this Mo Wenshan is not a bloodline master, nor is it an alchemy master. He can achieve soul independence. Could it be that there is also an alien demon hidden in his body?"

A surprise sounded, it was Qin Chen who came, staring at Mo Wenshan with a look of surprise.

Only some top bloodline masters can do this kind of soul separation method. His first thought was that there was an alien demon in Mo Wenshan's body.

But after he felt Mo Wenshan's soul breath, he was surprised. Although Mo Wenshan's soul power was cold and resembling a strange demon, it was still the human soul in essence, not being taken away by the strange demon. But the breath is somewhat similar.

This surprised Qin Chen.

"This person has cultivated the soul technique of the alien demon race."

At this moment, Lao Yuan's voice sounded in Qin Chen's mind and explained.

"Practicing the soul technique of the alien demon race?" Qin Chen was surprised. He knew that the soul power of the alien demon race was very powerful, but he couldn't think of it, allowing a strong human race to do this after practicing their techniques. Point.

If you can practice this kind of exercise, wouldn't you be able to separate the legendary soul?

"You carefully observe his soul. Although it is very strong and can survive independently, it is actually damaged by the alien demon practice. The alien demon soul practice is only applicable to alien demon people. After your human race has practiced, in a short period of time, although it seems to be fruitful, it will damage the essence of the soul and will irreparably damage the future."

Lao Yuan seemed to understand Qin Chen's idea and explained it again.

Qin Chen observed carefully, and it turned out that although Mo Wenshan's soul is strong and able to regenerate without being born again, but the cold and cold aura that is constantly exuding is actually the essence of the soul damaged. Even if it is reborn by others, it will be difficult in the future. Restored to the original cultivation base.

More importantly, even if he recovers, his future will stop here, because Qin Chen knows from the ancestors of the Ji family that after a warrior enters the heavens, the most important thing is to cultivate the power of the soul. If a warrior cannot practice the power of the soul can only be regarded as a waste in the heavens.

Suddenly, Qin Chen was greatly disappointed and completely lost interest in Mo Wenshan.

"Several people, forgive me, I am willing to be a cow and a horse, and surrender to a few people. From now on, I would like to respect the Ji family."

Mo Wenshan saw that Qin Chen had been slow to do anything, and suddenly he felt as if he had grabbed the last straw, and shouted desperately, leaving all dignity behind.

Because he knows that only if a person survives can he hope for revenge. Temporary surrender can only be regarded as a stopgap measure. As long as he can survive and find the opportunity to inform the Misty Palace, he will definitely get out and rise again.

Moreover, he vaguely felt that the origins of Fu Qiankun and Qin Chen were unknown, and there was definitely something strange in Ji's family.

"Let you go?" Qin Chen sneered, and said to Lao Yuan, "Lao Yuan, can you swallow this person's soul?"

Qin Chen couldn't use it himself, so it's better to hand it to Lao Yuan.

"let me try."

The words of Lao Yuan fell, and a swallowing force immediately diffused from the jade disc of good fortune in the universe, and instantly swallowed the power of the soul of Mo Wenshan, only a scream was heard, and then it came to an abrupt end. .

"Well, a little supplement, it tastes good!" Lao Yuan's voice sounded.

Since then, Mo Wenshan has completely fallen, his soul flies away, and no bones remain.

Qin Chen turned his head and looked at the Mo family powerhouses who were still alive below.

"No, don't kill us!"

Flop!

A few of these Mo family powerhouses knelt directly, trembling with a panic on their faces, while two others rose up into the sky, wanting to escape here.

But how could Qin Chen let them escape?

With two bangs, the two Mo family martial artists exploded directly and turned into a rain of blood, but for the remaining few people, Qin Chen did not keep his hands, and slammed into the crowd, only blinking, and several people screamed and exploded. , The blood flies.

For the people of the Mo family, Qin Chen would not leave any of them, so as not to cause trouble.

After that, the storage rings and treasures that these guys had collected earlier were instantly included in the jade discs by Qin Chen.

"Little dust, what shall we do now?" Ji Hongchen and Ji Ruyue rushed over for the first time and asked in a deep voice.

"Follow the plan."

Qin Chen said lightly.

He raised his hand and immediately broke open the forbidden air formation that Master Huntian had previously arranged. At the same time, he picked up a jade slip from Tiandi Mountain. After a while, Qin Chen had figured out the structure of the jade slip on Tiandi Mountain. And sent a distress message to the Lord of Tiandi Mountain.

"I don't know what the great elder is doing now? The day when I want to come, the mountain master of Dishan will come back as soon as he receives the news. Let's wait here. This person must die."

Qin Chen said coldly, his eyes showing cold light.

[Chapter 1940: Rule secret](#)

In the endless void of the Xuanyuan Empire, two figures flee while fighting.

Boom boom boom!

The two sides shot, the world roared, and wherever they passed, the mountains collapsed and the void burst, and a large number of monsters were killed.

These two people are naturally Ji Dewei, the elder of the Ji family, and the owner of Tiandi Mountain.

"I don't know what's going on with Shao Chen and the others. If I don't solve it, I'm afraid I will be in danger." Ji Dewei gritted his teeth, embarrassed and fled quickly.

He originally thought that after breaking through to the peak of Emperor Wu, even if he was not the opponent of Tiandishan Mountain Lord, the two sides were not much different, and they could deal with it.

But after the real fight, he knew the terrible nature of the mountain lord of the Tiandi Mountain. The power of the endless rules when he raised his hand changed his color. He was indeed the mountain lord of the Xuanyuan Empire Holy Land, the top powerhouse.

In comparison, although he also broke through to the peak martial emperor realm, but after all he had just broken through, whether it was the richness of the true essence in his body or the degree of control of the rules, he was a bit different from the Tiandi Mountain Lord.

Fortunately, he is also a pinnacle martial emperor master after all. Although he has checked a little bit more than the master of Tiandi Mountain, it is only a trace, enough to persist until now.

But if he continues to hunt down, Ji Dewei can't guarantee that he will survive.

He secretly vowed in his heart that after returning to the Ji family ancestral land, he would immediately retreat, and first raise the true essence and rules in his body to the extreme before leaving the customs. Only then did he really have the opportunity to fight the veteran peak Martial Emperor of the mainland. ability.

Behind Ji Dewei, the mountain lord of Tiandishan is chasing and killing him continuously, killing intent to the sky.

"Old dog, there is a kind of sneak attack on my Tiandi Mountain, so he fights the old man dignifiedly. What is the ability to run away all the time?"

The Lord of the Heavenly Emperor Mountain shouted angrily, roaring and furious.

Although he can catch up with Ji Dewei from time to time, the two sides have a big battle, but it is not easy to kill Ji Dewei in a short time. Whenever the critical moment comes, Ji Dewei can break out of the siege, continue to flee, and make him furious. Endless.

What made him even more angry was that he had already severely injured Ji Dewei, but after a while, his injuries would heal a lot, and he didn't know where there were so many top healing pills.

He didn't know that Ji Dewei's task was to lead him away. In order to fear that Ji Dewei would encounter any accidents, Qin Chen specially made several healing pills for Ji Dewei. As long as the Lord of the Heavenly Emperor Mountain cannot kill Ji Dewei in a short time, There is no need to worry that Ji Dewei will fall.

The pill that Qin Chen gave was the top healing pill. As long as there was a certain amount of time, it could heal many injuries on Ji Dewei's body.

Ever since, it has caused the scene like this, no one can do nothing, can only keep chasing.

"Om!"

But at this moment, a transmission jade slip on the mountain master of Tiandishan suddenly shook.

He sensed it for the first time, and his face suddenly showed a look of anger, because this was the distress signal of Tiandi Mountain, and a master was attacking Tiandi Mountain, and he would go for emergency rescue.

"No, this is a way to move the tiger away from the mountain." The owner of Tiandi Mountain was shocked.

In fact, he hadn't thought about this possibility, because he always felt that Ji Dewei's previous sneak attack on Tiandi Mountain was weird and it was impossible to work, but he still did it, clearly looking for death.

But he is confident in the strength of Tiandi Mountain. Although he has left Tiandi Mountain, there is the Jiulong Emperor's defense in Tiandi Mountain. In addition, with his four giants, even if the peak Martial Emperor comes, he will not be able to break through. Mountain defense.

That's why he is so calm.

But now, the people who stay behind at Tiandi Mountain actually sent a distress signal, how can they not be surprised?

"Zhuzi, you are looking for death!"

The lord of Tiandi Mountain roared, but he no longer dared to pursue and kill Ji Dewei, his figure shook, he turned and ran in the direction of Tiandi Mountain.

boom!

The void exploded, and the Lord of the Heavenly Emperor Mountain was wrapped in terrifying streamer, like a sharp arrow, slammed into the void and disappeared instantly.

"Finally gone."

Upon seeing this, Ji Dewei stopped, panting, and lingering in his heart.

Then, his gaze flashed, his steps took a step, and he also disappeared into the sky, rushing towards the Tiandi Mountain.

On the way, the Lord of Tiandishan was worried and anxious.

"Don't have anything to do." He muttered silently, and kept sending messages to the people of Tiandi Mountain, but it was like a stone sinking into the ocean, and no news came back.

He was very anxious, extremely anxious, booming, the true essence burned, and desperately rushed back at the fastest speed.

Before he chased Ji Dewei, he had left Tiandi Mountain for tens of thousands of miles, but after he drove back frantically, more than half an hour later, he returned to Tiandi Mountain and saw a messy scene of Tiandi Mountain.

what?

The eyes of the Lord of the Heavenly Emperor Mountain burst out, revealing a frightened expression.

Whoosh!

He shook his body and fell into the Tiandi Mountain.

Looking around, the entire Tiandi Mountain was in a mess, with collapsed buildings and ruined walls everywhere, and corpses fell to the ground, bloody, like a purgatory on earth.

"How could this be?"

"Why is this?"

The Lord of the Heavenly Emperor Mountain murmured, with a look of anger, ah, he roared, his roar went straight into the sky, bang bang bang, the roar containing endless anger swept away, and the void produced a continuous explosion.

"Who is it, who did it?"

He quickly passed through the Tiandi Mountain, trying to find a living person, but found nothing.

"Mo family, it must be that Mo family?"

Suddenly, he thought of Ji Dewei and was frightened. Since the ancestors of the Mo family led him out, the person who did it was definitely the Mo family. However, it is impossible to capture his Tiandi Mountain with only one Mo family. The possibility is still Misty Palace.

"No good, the rule stone!"

Suddenly, his face changed, as if thinking of something, his figure shook, and he suddenly came to a ruin. He squeezed his hands and hummed his mouth. The void in front suddenly cracked open, and a secret entrance appeared, and escaped from it. There is a breath of shocking rules.

"The rule secret is still there, fortunately..."

The owner of Tiandi Mountain breathed a sigh of relief. The reason why Tiandi Mountain was called the sacred land of the Xuanyuan Empire was because of this rule secret realm. This secret realm could nurture blocks of regular divine stones and improve the Emperor Wu's cultivation. It was the top level of the Xuanyuan Empire. One of the mysteries.

The Stone of Rules in the Tiandi Mountain was looted, and the loss was huge, but it was still acceptable, but once the secret of the rules was destroyed, he would be to blame.

"I have to inform the great emperor right away!" The mountain lord of Tiandishan was panicked and a little lost. He knew that as long as the news here reaches the ears of the emperor, he will not escape punishment. As for the lord of the mountain, it is impossible to stay. Of it.

But he has no choice.
