

Valkyrie 1941

[Chapter 1941: Sneak attack](#)

At the moment when he was just preparing for the transmission.

boom!

A figure suddenly appeared in the void on the side. As soon as this figure appeared, it appeared on the side of the main body of Tiandi Mountain. His figure flickered and slapped it with a palm.

With a bang, the person shot a palm, and the void burst directly, turning into a turbulent flow of sky particles, and the terrifying power suddenly raised a strong sense of crisis in the head of Tiandi Mountain.

The person who shot this is naturally paying for Qiankun.

He had been hidden in Qin Chen's jade disc of good fortune before, turning into mustard seeds and lurking in the void.

If it is in a normal state, the owner of Tiandi Mountain might still have a certain chance of discovering the difference in this mustard seed, but he who saw the scene of Tiandi Mountain before was shocked physically and mentally. He was in extreme anger and panic, so naturally it was impossible to find the void. In this insignificant mustard seed.

So when Fu Qiankun made a violent move, he only had time to form a regular armor defense in front of him, and he was already hit.

哐!

Like a thunder and a sensation, Fu Qiankun slapped the Lord of the Heavenly Emperor Mountain with a palm, and under the pressure of his fist, the regular armor was suddenly illuminated, and the bright runes and the avenue of rules flashed on it, and the defensive power was incredible.

As the Lord of the Heavenly Emperor Mountain, he responded in a timely manner even in a rush, trying to block this violent blow.

In the case of Ji Dewei and other general peak martial emperors, even if it was a violent sneak attack, this blow might not be effective.

Who is Fu Qiankun?

He hit it with a punch, and that magical and weird power rose again. Suddenly, the light pattern on the regular armor in front of the mountain master of Tiandishan immediately shattered and burst into pieces in an instant, while the fist continued to crush and tighten. Then came to the layer of true element protection next to the Lord of Tiandi Mountain.

If you slow down the time by 10,000 times, you can see that the true element protection has collapsed and turned into a huge concave group, which finally cannot bear it, with a boom, and then shattered.

After Fu Qiankun's fist broke through the two layers of protection, it slammed on the body of the mountain master of Tiandi Mountain.

Bang!

The Lord of Tiandi Mountain was like a cannonball fired. He was directly blasted into the air. Blood spurted out of his mouth, and his eyes showed an incredible expression.

Although he responded hastily, who is he?

The mountain lord of Tiandi Mountain, there are several peak martial emperors in the Xuanyuan Empire, even if it is in a hurry, the defense formed cannot be broken by ordinary peak martial emperors.

But now? His regular defense and true element defense were broken one after another, which was too scary.

This is a top-level powerhouse, and a powerhouse not weaker than him, much stronger than the "Mo Family Patriarch" he had hunted down before.

Where did so many powerhouses attack him Tiandi Mountain?

He was frightened in his heart, and what was even more furious was the other party's concealment technique. He had been hiding in the void before, and he hadn't noticed it until he knew the other party's existence at the moment of violent shot.

How is this possible?

For an instant, the Lord of Tiandi Mountain was frightened and angry, booming, the true essence of his body burned, and the power of blood appeared. Above his head, a towering figure appeared, like a demon **** who came out of the ancients, making his combat power. An instant increase.

boom!

His power exploded and stabilized his figure. The blood at the corner of his mouth evaporated instantly, and the blood surging inside his body was instantly suppressed. He stared away, and saw an afterimage appeared in front of him, Fu Qiankun, who followed him. Shot again.

Tear!

The void cracked once again, Fu Qiankun turned his palm into his right hand, like a sharp blade, and slashed toward the void, and suddenly a dark palm shadow slashed. The sharpness of the palm shadow was even more terrifying than the emperor soldier. , An unprecedented killing intent erupted, making the Lord of the Heavenly Emperor Mountain stand up with cold hair, terrified.

"Secretly attacked, what kind of guy? Die to me!"

The Lord of Tiandi Mountain was furious, knowing that he could not retreat anymore, so he roared, and a battle axe appeared between his hands. This battle axe was nearly ten feet long, like a **** axe, exuding chaos, and slashed in rage. Down.

boom!

The palm axe collided, endless rays of light bloom, and then there was a continuous explosion.

Boom boom boom boom...

The void exploded layer by layer, everything in the sky and earth was swallowed, and the buildings below burst to pieces in an instant, turning into dust, dispelling the sky.

puff!

The Lord of Tiandi Mountain only felt an unstoppable force coming from the front, and his body was shocked, he vomited blood again, and the man on the other side was also stunned by his axe and flew out with a muffled grunt.

"So strong!"

The Lord of the Heavenly Emperor Mountain was frightened, and he urged the Emperor Soldier to open the sky axe, but he was only fighting the opponent evenly, and his heart suddenly rolled up the raging waves. Who was the opponent? Isn't it too strong?

This thought in his mind just fell, and suddenly, a strong sense of crisis rose in his mind, and his scalp was exploded by the stimulation, and his long hair was erected, as if he had been electrocuted.

call out!

A cold sword light shining from behind him, like a poisonous snake, stabs his ribs swiftly, so fast that he provokes dense goose bumps in an instant, almost too late to react.

He was shocked.

how is this possible?

The person who had shot him before was clearly still in front of him, and when a strong man came behind him and appeared quietly, he didn't realize it until the shot.

At the critical moment, he could only dodge crazily with his body, while slashing behind him with an axe.

"late!"

A chuckle sounded, the voice was immature, and it was extremely young. With a chuckle, the sharp sword flickered like a shadow, and with a chuckle, it pierced the body guard essence on his body, piercing his body guard essence, and then The puff fell into his body.

"what!"

The Lord of the Heavenly Emperor Mountain screamed, and only felt that a terrifying killing intent rushed into his body, spreading his meridians, and in his anger, he could only smash down with a frantic axe, slashing straight towards the person Overhead.

"Hehe." The man chuckled, and quickly retracted the sword. With a clash, the axe and the sword collided, and the man was instantly chopped out, but he quickly stabilized his figure and was unharmed.

The Lord of the Heavenly Emperor Mountain grunted painfully, and covered his ribs with his right hand, blood constantly pouring from his fingers, he urged the power of the true essence to repair the injury,

but the wound was haunted by a terrible killing rule Yi, constantly destroying the wound, making it difficult for him to heal in a short time.

Whoosh! Whoosh!

One after the other, two figures surrounded the Lord of Tiandi Mountain.

The person behind this shot is undoubtedly Qin Chen.

After Fu Qiankun acted first, Qin Chen continued to hide in the jade disc of good fortune from the universe, hiding in the dark, for the current violent blow, and finally he was done.

Severely injured by the mysterious rust sword, blood flowed across the main ribs of Tiandi Mountain and couldn't stop it.

[Chapter 1942: Devour Secret Realm](#)

"Who are you guys?"

The Lord of the Heavenly Emperor Mountain was furious, staring at the two of them, his hair standing up and his heart frightened.

These two masters were hidden in his Tiandi Mountain, and they were clearly prepared, but he hadn't noticed it, and the anger in his heart could be imagined.

Either the opponent's strength is far beyond his imagination, or he is carrying a strange treasure, able to hide his deeds, otherwise, he would not be aware of the dignified Heavenly Emperor Mountain Lord?

"Your Excellency, are you stupid? We are naturally here to kill you." Qin Chen said with a light smile.

My heart is secretly shocked.

Before making the move, Qin Chen even mobilized Lao Yuan's power just in case. If he alone, he felt that even if it was a sneak attack, he might not be able to hurt this person.

The strength of the Heavenly Emperor Mountain Mountain Lord is terrifying.

Qin Chen had a feeling that if this person were in his heyday, compared to the two ancestors of Ji Wu and Mo Wenshan, he was only strong or not weak, and he deserved to be the master of the Holy Land of the Xuanyuan Empire and the mountain master of Tiandi Mountain.

Unfortunately, the other party met him and Fu Qiankun and could only blame himself for the bad luck.

However, Qin Chen did not dare to release Ji Ruyue and Ji Hongchen, because even though Ruyue and Hongchen were strong, they could only be regarded as the later martial emperor giants. Faced with villains such as Tiandi Mountain Lord, they could not How much effect it plays, if one is not careful, there will be life concerns.

Qin Chen naturally wouldn't let them take such risks.

"call!"

At this time, in the sky, a cracking sound appeared, and it was Ji Dewei who came.

Seeing the scene below, Ji Dewei's eyes suddenly rounded.

by!

The efficiency of Xiaochen and Fu Qiankun are too high, right?

He was just a little late, and the Mountain Lord of Tiandi Mountain, who almost couldn't breathe after chasing him, had already been seriously injured and was dripping with blood.

If he was later, wouldn't the battle be over?

"You guys are definitely not from the Mo family, who are you anyway?" The Lord of Tiandi Mountain said grimly.

Mo Family, he knew that although the high-level officials of the Hall of Law Enforcement were powerful, they could be called a big force in the Martial Domain, a big family, but it was absolutely impossible for so many peak Martial Emperors to appear at once.

And the other party is not like the pinnacle master of Law Enforcement Palace and Misty Palace.

Especially Qin Chen, the aura on his body was no more than that of Emperor Wu, the peak of the early stage, but he was seriously injured with a sword before, which made his mind tremble, and he couldn't be further increased.

"Haha, do we matter if we are from the Mo family? Today, you have only two paths, one is death, and the other is surrender, how about? Have you chosen?"

Qin Chen flew forward and said lightly.

The strength of the mountain lord of the Emperor Mountain on this day has moved his heart to subdue. If there is such a master under his command, it will definitely increase a lot of combat power.

Since knowing the strength of Shangguan Xi'er, Qin Chen has fully understood that it is very difficult to deal with Misty Palace alone, and only by uniting all the forces that can be united can success.

"Submit you?" The Lord of Tiandi Mountain smiled, sneer: "You are strong, but can you definitely eat me with the three of you? The Lord wants to go, who can stop it?"

After the words fell, the Lord of Tiandi Mountain rushed towards the outside of Tiandi Mountain.

The three great peaks of Emperor Wu stopped him, and he no longer had the mood to fight. The top priority was to leave here first to find a chance for life, and then revenge.

But as soon as he arrived in the sky, suddenly there was a burst of light, and a series of terrifying formation patterns appeared in the world. The Nine Dragon Emperor's Absolute Formation was activated immediately, and the six black murderous dragons condensed out of thin air, biting towards the Lord of Tiandi Mountain.

The Lord of the Heavenly Emperor Mountain was shocked, what, is this Jiulong Emperor Jue Array already under the control of the opponent?

He hurriedly wanted to control the Jiulong Emperor Jue Formation, but found that his Tiandi Mountain's great formation was completely out of his control, and his heart was suddenly frightened.

Boom boom boom!

The Nine Dragon Emperor's Absolute Formation was activated, and the Lord of the Heavenly Emperor Mountain was immediately blocked in this void, and six black murderous dragons surrounded him.

"Your Excellency still want to refuse?" Qin Chen rushed up, holding the mysterious rust sword, proudly said.

"If you want to fight, you will fight!" The Lord of Tiandi Mountain sneered coldly. He actually took the initiative and smashed out a giant axe in his hand, turning it into a heaven-opening axe, and headed towards Qin Chen's suppression.

On this giant axe appeared one by one ancient runes, containing endless rules, as if to split the heaven and the earth, running through ancient and modern times.

"Stubbornly stubborn!" Qin Chen was annoyed and shouted in a low voice, "Lao Yuan, help me!"

When the voice fell, Qin Chen's strength suddenly skyrocketed. It was Lao Yuan who was making a move, which greatly increased his strength in an instant.

Before breaking through the mid-term Wudi, Qin Chen could only rely on the power of Lao Yuan to face the peak Wudi strong.

boom! boom! boom!

Holding a mysterious rust sword, Qin Chen was not afraid of the Lord of Tiandi Mountain, and the two sides fought wildly.

Suddenly a deafening roar rang through the world. The two masters were fighting against each other. It was terrible. The world was torn apart by life, as if the end of the famine was coming.

Fu Qiankun and Ji Dewei also moved. Naturally, they wouldn't let Qin Chen fight against the Lord of the Heavenly Emperor Mountain alone. This is not a contest. What are the rules?

So the three powerhouses joined forces, coupled with the blessing of the Jiulong Emperor Jue Array, and in an instant, the Lord of the Heavenly Emperor Mountain added another wound.

"There is a kind of one-to-one, with more enemies and fewer enemies, what a hero!" The Lord of the Heavenly Emperor Mountain roared, spitting blood on his body frequently.

"Hehe, idiot, this is the time, whoever is with you one-on-one, you all speed up and end the battle quickly."

Qin Chen drank, he didn't want to waste too much time on the opponent.

Suddenly, none of Qin Chen's strength was hidden, and all of them shot tough.

Bang bang bang!

Although the mountain lord of Tiandi Mountain is strong, Qin Chen, Fu Qiankun and Ji Dewei are all top martial artists. Now that the three of them work together to deal with one person, the mountain lord of Tiandi Mountain is like a sandbag and is madly suppressed.

"what!"

He roared, but to no avail, he kept vomiting blood, but he did not surrender at all.

This made Qin Chen even more angry. He shot violently. The Lord of the Heavenly Emperor Mountain was suddenly broken and fractured. He roared again and again. After a stick of incense, he was covered in color, his bones were broken, and even his soul was affected by Qin Chenwan. The strong vibration of Shen Jue.

"Fu Qiankun, suppressed him." Seeing that it was almost done, Qin Chen suddenly shouted.

"Leave it to me." Fu Qiankun smiled confidently, swish, and walked in front of the mountain lord of Tiandi Mountain, swiping down with his right hand, hum, a vast force flooded out, and immediately imprisoned the seriously injured mountain lord of Tiandi Mountain. When I got up, the true essence in the body was blocked.

"Come!"

After that, Qin Chen waved his big hand and directly included him in the jade disc of good fortune.

The mountain lord of Tiandi Mountain is the pinnacle of Wudi. Qin Chen wants to enslave him and consumes too much soul power, but Qin Chen does not want to kill him, so he can only put him into the jade disc of good fortune in the universe first, and then slowly Subdue.

After doing all this, Qin Chen came to the secret realm of Tiandi Mountain's rules again, and opened the secret realm instantly according to the method that the mountain master of Tiandi Mountain had opened before.

Boom!

Qin Chen reached out with a big hand, and suddenly, the secret realm roared and trembled violently. A terrifying swallowing force was released from the jade disc of good fortune in the universe, and it actually slowly swallowed the secret realm into the jade disc of good fortune in the universe.

With the help of Lao Yuan, Qin Chen completed this feat an hour later.

boom!

An entire secret realm disappeared abruptly, and the void directly collapsed in a large piece, and then the endless turbulence of the void was filled.

"go!"

After Qin Chen swallowed the six murderous dragons with transparent beads, he and Fu Qiankun and others soared into the sky, quickly fled from here, and disappeared into the sky in an instant without a trace.

[Chapter 1943: World uproar](#)

When Qin Chen and the others left, in the void tens of thousands of miles away from Tiandi Mountain, a few terrifying figures were flying fast and coming quickly.

Wearing the martial arts robes of the Xuanyuan Empire, these people exuded a terrifying aura. They were the Xuanyuan Empire powerhouses who had received a message from Tiandi Mountain.

However, these people did not have the slightest anxiety and tension on their faces.

"Hehe, Tiandi Mountain has sent a message. It is ridiculous that the ancestors of the Mo family came to attack Tiandi Mountain. It seems that the Mo Family was forced by our Xuanyuan Empire to become unsuccessful and had to jump the wall in a hurry."

"The ancestor of the Mo family is really idiot. Where is Tiandi Mountain? That is the sacred land of our Xuanyuan Empire. The strong are like clouds, and there is a peak Wudi sitting in the town. There is a nine-level guardian, let alone a small one. The ancestors of the Mo family are here, even if the Law Enforcement Palace is pouring out and wanting to take down the Heavenly Emperor Mountain, it will not happen for a while."

"The Hall of Law Enforcement is now confronting my Xuanyuan Empire at the border. How can I have spare energy to come to Tiandi Mountain to go wild. I think it should be just a family of the Mo family. The ancestral land was breached by Lord Wushang before, and I must come to revenge."

These people smiled slightly, and they laughed while rushing, very relaxed and comfortable.

Because they all knew the power of Tiandi Mountain, it was the sacred land of the Xuanyuan Empire, with the peak of Emperor Wu sitting in town, it was difficult to be attacked, so naturally they would not be too nervous.

If it weren't for the empire's order, once they received help from various places, they had to come to confirm it as soon as possible. They didn't even bother to come in person, and only needed to communicate through the jade slip.

boom!

A few people shuttled in the void, a distance of more than 100,000 miles, and it took a whole day to finally reach the vicinity of Tiandi Mountain.

Two days have passed since they received the call.

"Let's go and sit down at Tiandi Mountain."

The leader chuckled, directly tore through the void, walked out of the void turbulence with a bang, and appeared in the sky above Tiandi Mountain with several powerful men.

In the next moment, their eyes were all rounded, showing horror.

Where is Tiandi Mountain?

Below, where is the vast and vast Tiandishan palace community, I saw a ruined wall standing upright, in a mess, blood everywhere on the ground, blood drifting, and corpses everywhere.

In addition, the most important rule secret realm in Tiandi Mountain is gone, and the void has collapsed, slowly filling in. The repair process alone may take a year.

"How could this be?"

Several people trembled, shaking their bodies, all stunned and stupid.

After a long time, he let out a stern roar.

"Quickly, inform the emperor that Tiandi Mountain has been destroyed."

"fast!"

The stern roar, rushing into the sky, shook all the clouds in the sky, like howling a ghost, horrified.

At this time, Qin Chen and his entourage quickly rushed to escape the Xuanyuan Empire.

And just as they left the border of the Xuanyuan Empire, the news of the destruction of Tiandi Mountain spread throughout the entire Xuanyuan Empire like a gust of wind.

Emperor Xuanyuan Feng Shaoyu was furious. It is said that under the thunder, an imperial palace was shattered, and the anger soared to the sky. The sound of anger was clearly audible throughout the imperial city.

Immediately after the orders were issued quickly, the entire Xuanyuan Empire was under martial law and all borders were sealed off to capture the murderer.

Moreover, Emperor Xuanyuan, who had been staying in the palace and had not participated in the conflict between the Xuanyuan Empire and the Misty Palace, could no longer hold back, leaving directly to the border of the Xuanyuan Empire, to personally capture the murderer and target the Misty Palace.

For a time, the whole continent was raging, and all the major forces stared at it, knowing that something major was about to happen.

Tiandi Mountain!

This is the Holy Land of the Xuanyuan Empire!

The destruction of these places is tantamount to giving the Xuanyuan Empire a severe slap. This is different from the fact that one or more of the Xuanyuan Empire's resident sites can be fooled by the past. If Emperor Xuanyuan didn't say anything about the fact, then Xuanyuan Empire The empire will disintegrate and fall apart.

Therefore, Feng Shaoyu must arrest the murderer and punish him severely.

Unfortunately, Feng Shaoyu's blockade was still late. When he ordered the border of the Xuanyuan Empire to be sealed off, Qin Chen and his party had already left the Xuanyuan Empire.

When Feng Shaoyu could not find the killer, he personally came to the battlefield of the Executive Hall of Law Enforcement and the Xuanyuan Empire. This time, he did not keep his hands, and forcefully entered the team of the Hall of Law Enforcement, directly beheading the two giants of the Hall of Law Wu Emperor. , Causing a sensation.

The Xuanyuan Empire clearly wanted to keep up with the unending rhythm of the Law Enforcement Hall.

"Feng Shaoyu is he crazy?"

Shangguan Xi'er, who was in the Misty Palace, was extremely angry and rushed to the battlefield after learning the news.

She knew that she couldn't do it if she didn't show up, the Xuanyuan Empire and the Hall of Law Enforcement had already burst into flames, and she had to come and stop it.

"Little dust, what shall we do next?" After leaving the Xuanyuan Empire, Ji Dewei immediately asked Qin Chen for instructions.

"Naturally tell the world what we have done." Qin Chen flashed his eyes and laughed.

This surprised Ji Dewei. He and the Mo family attacked the Holy Land of Heavenly Emperor Mountain. This incident was too big. Once exposed, he would have to face the people of Misty Palace. To be honest, what he fears most now is to meet the people of Misty Palace. For fear of revealing his identity.

What's more, once the Xuanyuan Empire knew this was the work of the Ji family, it would definitely target the Ji family.

"Don't worry, even Shangguan Xi'er, the soul charms I placed, don't want to see it, and after this trip, the Ji family retreats immediately, and some core disciples moved into the ancestral land. Even if the Xuanyuan Empire wants revenge, There is no way to retaliate, just after the limelight passes, the benefits of the Ji family will be endless."

This is natural. Jizhou, where the Ji family is located, is too far away from the Xuanyuan Empire. The Xuanyuan Empire cannot go too deep. Now the Mo family has been destroyed and the Ji family is next to the Mo family. In this case, it is misty. The palace can only let the Ji family eat the territory of the Mo family.

By then, Jizhou and Chuzhou will all be annexed by the Ji family, and the strength of the Ji family will be rapidly expanded.

After Ji Dewei got Qin Chen's affirmation, he also quickly arranged to spread the news as soon as possible.

He appeared in a big city of Wuyu, and as the elder of the Ji family, he announced to the public that he was responsible for the events that occurred in Tiandi Mountain.

boom!

One stone caused a thousand waves!

The whole Wuyu is boiling!

At the same time, a piece of news spread through Ji Dewei's intentional dissemination.

The cause of this incident was that the Mo family and the Ji family received news from the Misty Palace and targeted the Xuanyuan Empire to carry out a secret attack mission. In order to retaliate against the

Xuanyuan Empire, the Mo family chose Tiandi Mountain, the holy land of the Xuanyuan Empire, to ambush it strongly.

As a result, the battle was fierce, Tiandi Mountain was annihilated by the combined forces of the Mo family and the Ji family, and all the strong fell, including the legendary secret realm of rules were bombed and turned into nothingness.

However, the Mo family and the Ji family were not having a good time. In this mission, the Mo family team including the ancestor Mo Wenshan was completely wiped out. The Ji family ancestor Ji was unable to also fall into this ambush, and the Ji family suffered heavy losses.

However, in the end, the coalition forces of the two tribes were lucky enough to complete the orders issued by Misty Palace, and destroyed the Tiandi Mountain, and the remaining disciples of the Ji family returned smoothly!

It's a tragic victory!

boom!

The news came out, the mainland shook, and the world was in an uproar!

[Chapter 1944: You presumptuous](#)

"Have you heard? The Tiandi Mountain incident was the work of the Mo family and the Ji family, and it was indeed the hands of the Law Enforcement Hall."

"The Mo family and the Ji family are too ruthless. In order to target the Xuanyuan Empire, they directly targeted the Tiandi Mountain, which caused the Tiandi Mountain to fall, which is incredible."

"But the Mo family and the Ji family are not getting better. Didn't you hear that during the attack on Tiandi Mountain, the Mo family ancestors and the Ji family ancestors all fell. It can be described as killing a thousand enemies and self-defeating 800."

"What self-defeating eight hundred, then the Mo family is stupid. From now on, there will be no Mo family in this world. Is it worth it?"

"Yes, at the cost of the Mo Family and the Ji Family, one Heavenly Emperor Mountain was destroyed. It's not always true who loses and who earns."

"From the perspective of the Mo family and Ji family, it is definitely not profitable. After all, the Tiandi Mountain was captured, but the Mo family was also abandoned. The Ji family should also be greatly injured, but from the perspective of the Misty Palace, this battle It's a big win, a big profit."

"Yes, Tiandi Mountain is the sacred land of the Xuanyuan Empire. It has an important position and is incomparable. Although the Mo Family and the Ji Family are the top families in the Hall of Law Enforcement, they belong to the external forces of the Misty Palace. It seems that this time between the Misty Palace and the Xuanyuan Empire Conflict of the Misty Palace is another big profit."

"Hey, that's okay, let the two major forces fight against each other and lose each other, so that the mainland will be more peaceful."

For a while, all parts of the mainland were discussing the matter, causing an uproar.

The news reached Shangguan Xi'er, and even she was taken aback.

This matter turned out to be the work of the Mo family and the Ji family.

She couldn't help feeling irritated. She gave the order to attack the Xuanyuan Empire, but she didn't say where to attack. What was bad for the Mo Family and Ji Family to attack Tiandi Mountain?

Now Tiandi Mountain has been attacked, but the Xuanyuan Empire is also offended, she can't help having a headache. Next, how she should talk to Feng Shaoyu is another troublesome thing.

"Let the people of the Ji family come to see me, I want to know what happened." Shangguan Xier ordered, she wanted to know what happened the first time.

Moreover, the Mo family and the Ji family are not only the controlling families of the Law Enforcement Hall, their ancestral land is also a residence of the alien demons. Now the Mo family is almost completely destroyed, and the Mo family's territory naturally cannot fall into the hands of others. Someone is needed. receive.

The Ji family is the best recipient.

"Also, investigate Feng Shaoyu's location for me."

Shangguan Xi'er felt that it was time for him to talk to Feng Shaoyu, and continuing to kill would only consume each other's strength.

However, after the news came out, before Misty Palace found Feng Shaoyu, Feng Shaoyu had already dispatched.

"It turned out to be the hands of the Mo family and the Ji family, kill, kill me!"

Feng Shaoyu knew that Shangguan Xi'er must be looking for herself, so before the other party could contact him, he did it in advance.

boom!

On this day, the void above the Mojia Cemetery burst directly, and a group of strong men walked out violently, and the leader was overwhelmingly imposing, like a **** king, it was Emperor Xuanyuan Feng Shaoyu.

Behind him, a group of strong people proudly, each surrounded by rules and light, is incredible.

"It's from the Xuanyuan Empire."

In the Mo family cemetery, the only remaining Mo family disciples gathered here, looking at the terrifying figure above the sky in horror, shaking.

"Why haven't the people from Misty Palace come?"

"Is the ancestor really dead?"

"Why are you going to provoke the people of the Xuanyuan Empire? I said earlier. Our Mo family only needs to be wise to protect ourselves. Why should we be that early bird?"

Everyone in the Mo family is full of fear, looking at the terrifying figure in the sky, their hearts are full of despair.

"Mojia Cemetery?" Feng Shaoyu stood proudly in the void, showing a slight sneer, "Kill!"

His voice fell, and the few imperial powerhouses behind him immediately started to move, and with their big hands sticking out, the power of the terrifying rules turned into a river, swept down towards the Mojia Cemetery below.

boom!

The ancestral land of Mojia Cemetery was directly exploded. How terrible is the power of several top powerhouses? Suddenly the prohibition was shattered, and then it turned into a tangible and intangible terrible murderous intent, to annihilate this place and completely destroy the entire ancestral land.

Countless disciples of the Mo family who hid in the ancestral ground of the cemetery shivered and frightened.

"Quickly, summon the ancestors."

Someone screamed in horror, and the previous attack by Emperor Wushang Wushang sounded. The ancestors in the cemetery were resurrected and defeated the incoming people. At this moment, it seemed as if they had grabbed the last life-saving straw and shouted one after another to perform sacrifices.

The Mojia Cemetery was about to be destroyed.

At the critical moment, some of the graves in the Mojia Cemetery collapsed directly, and with a bang, one after another stone monuments skyrocketed, rising through the sky, turning into a thousand-meter-long sky monument, magnificent and majestic, the strong rune shining, the epitaph circulating and shattering Void.

This is the resurrection of the fallen ancestors of the Mo family.

Huhuhu!

Immediately afterwards, there were gusts of yin and wind, and the world was surrounded by endless black air, as if arriving at the Yin Cao Jifu, there was a strong man who had died for thousands of years, whispering, trying to get out of the rotten tomb.

"Emperor, it is the ancestors of the Mo family who have resurrected." Several Xuanyuan Empire experts were horrified, and hurriedly looked at Feng Shaoyu.

They had also heard of the original report of Emperor Wushang Wu, but now that they saw it with their own eyes, they couldn't help but feel horrified.

"Hmph, don't worry, it's impossible for the dead to be resurrected. These guys are just the dregs of some insidious underworld, just pretending to be a ghost." Feng Shaoyu sneered.

Other people don't understand the situation, will he not understand?

How can people who have died thousands or thousands of years be resurrected? It's just that the alien demons hidden in the Mojia Cemetery are playing tricks.

"Feng Shaoyu, do you know what you are doing? Leave quickly, otherwise, don't blame me for waiting."

Sure enough, a series of gloomy waves came, falling into Feng Shaoyu's ears, a master of the Mo family alien demon clan, warning, containing anger.

They are all invisible existences. They have been exposed once before. If they are exposed this time, they will inevitably not be seen by people from other forces.

"Now I know I'm afraid? The Mo family will destroy my Tiandi Mountain. Today, I will destroy this Mo family. You can hide obediently not appearing, but if it does, this emperor will kill you together. Don't blame this emperor for realizing No reminder."

Feng Shaoyu ignored these people's warnings at all and passed on coldly.

"You presumptuous!"

The alien demons in the cemetery are furious, why don't they care? In this cemetery, they are the homes of these alien demons. If the Moss' cemetery is destroyed, where can they escape?

"Since you don't listen to dissuasion, then don't blame the emperor for not being affectionate today." Feng Shaoyu snorted coldly. He had long wanted to deal with the alien demons, and he finally found a chance today. Let's fight.

"Do it!"

Feng Shaoyu screamed, moved swiftly, and boomed, he raised his hand and turned into a sky with a palm, half of the sky sank, and the cover was suddenly pressed down, launching a fierce attack on the Mojia Cemetery below.

[Chapter 1945: Emperor's Sword](#)

boom!

The sky burst in an instant, and the boundless sky covered with pressure, colliding with the celestial monument towering into the sky, suddenly erupted with an unprecedented roar.

Rumble!

The heaven and the earth burst, and the energy rushed for 90,000 miles, tearing the sky apart.

Boom!

Below, a block of stone monuments vibrated, and some grave heads were directly exploded, and some grave heads were overturned, revealing the dark coffins inside. After such an attack, the coffins were still intact and were not blasted away, just lingering endless black light and fog.

"This Feng Shaoyu is too presumptuous. Since Ming is stubborn, then teach him some lessons so that he knows that our alien demons are not easy to provoke."

An angry and gloomy voice reverberated in the cemetery. In the next moment, countless coffins exploded directly, and the coffins exploded, and a series of dark figures flew out from it.

Suddenly, the Li ghost cried, gloomy, and the Mojia Cemetery seemed to be transformed into the Jiuyou Purgatory in an instant, and a ghost came out of the purgatory.

A dark figure rushed out first. This was an old man with a howl like a night owl, roaring, skinny, hair all lost, his clothes decayed, he had rotted in the long river of history, he was clearly dead. how long.

But now, he was resurrected, and his eyes shot out a faint green light like an evil ghost.

His body exudes a decadent aura, and his cultivation base is unpredictable. He rushed out in one step, his hands were like dry bones, and he thrust into Feng Shaoyu with a thud.

It was when Emperor Wushang Wu led the powerful Xuanyuan Empire to attack the Mojia Cemetery and killed Emperor Kuiwu's monsters.

It is actually a demon king of a foreign demon race, sleeping and recuperating here, but now it is alarmed.

It stared at Feng Shaoyu, body like a ghost, stepped out in one step, and came to Feng Shaoyu silently, launching a fierce attack.

Not only him, but the coffins exploded, and almost a dozen figures rushed out at the same time. They were all the masters of the alien demons who were sleeping here. Now they awakened, staring at the many powerful Xuanyuan Empire behind Feng Shaoyu, and launched an attack. .

"It is the ancestors who have awakened."

"Hahaha, my Mo family is saved."

"Long live ancestors!"

The only disciples of the Mo family left in the cemetery were filled with surprises. They would never forget the scene when Emperor Wushang led the army of the Xuanyuan Empire. It was these ancestors who were summoned to directly slay Emperor Xuekui Wu of the Xuanyuan Empire, leading to the Xuanyuan Empire. The team collapsed and fled in embarrassment.

And this time, it must be so.

However, before the smiles on their faces had time to bloom, their eyes froze.

Feng Shaoyu's body was filled with divine light, like a **** descending into the world, and his right hand protruded. Suddenly, the glow of the sky reached hundreds of millions of meters, and the old man's palm was immediately resisted.

Hum!

The black collided with the dazzling glow, and the two forces merged together, suddenly bursting out incomparable power.

boom!

The skinny old man was blasted out immediately, his black devilish energy dissipated, and he was embarrassed. On the other hand, Feng Shaoyu was different, standing in the sky.

"Huh, little bugs!"

He sneered, his eyes flashed, his figure shook, he had already killed the old man, and his right hand stuck out like a sharp blade, piercing into the opponent's body with a puff.

"Ah!" The black-clothed old man roared in horror and his body was disintegrating. It burst out with black magic energy, and a terrible soul shock suddenly emanated from its pupils. It suddenly disappeared into Feng Shaoyu's mind and launched a fierce attack on Feng Shaoyu.

At this time it had no intention of exposing it. Feng Shaoyu's strength was far beyond its imagination, and could only display the most terrifying soul attack of the alien demon race.

However, after its soul attack fell into Feng Shaoyu's mind, it sank like a stone to the sea, without movement.

"Impossible, you are just the peak martial emperor, how can you withstand the soul attack of this seat..." The old man was furious with an angry face, ah, it screamed, and Feng Shaoyu's power poured into its body. Madness obliterates its power.

"Emperor Martial Peak? Ha ha..." Feng Shaoyu snorted, and there was an unspeakable meaning in the words, and the emperor's breath suddenly broke out.

boom!

The old man screamed, and suddenly fell apart, turned into endless demonic energy and dissipated, and a dark soul power soared into the sky, his face was frightened, and he wanted to flee here.

Feng Shaoyu coldly looked at the frantically fleeing soul power, patted his palm, and said coldly in his mouth: "Death!"

Speaking of the law, a peculiar and strange power immediately enveloped the soul of the alien demon, and the power used by Tiandi Mountain Fu Qiankun to restrain the soul of Mo Wenshan was actually the same. It was the same. This force swept through, the soul of the alien demon. Suddenly burst into pieces, the ashes disappeared, and the soul was scattered.

Boom boom boom!

At the same time, the other powerhouses behind Feng Shaoyu also fought with the group of people who rushed out of Mo's coffin.

With a violent roar, Feng Shaoyu led the powerhouses this time, and they were all the top powerhouses in the Xuanyuan Empire. They were cultivated to reach the sky. Facing the ghosts of these alien demons, they did not let the wind fall. The two sides fought wildly together.

When this continues, when will the battle end?

Feng Shaoyu frowned and buzzed, and suddenly a long sword appeared in his hand. The long sword was simple and coercive, and the coercion of the endless emperor suddenly broke out.

This is the sword of the emperor!

"kill!"

Then, he entered the battle group, swung his long sword, and the sword aura representing the coercion of the Human Race Great Emperor, the sword aura haunting the power of faith, those strange demons masters could not bear it, screaming again and again.

Puff!

With a sword cut down, an old woman with a skinny head and almost losing hair was cut to pieces, and a yaksha-like soul aura rose into the sky from the corpse, the old woman's soul power.

But the sword light flashed, and the old woman's soul instantly screamed and fell apart and turned into ashes.

"Kill kill kill..."

At this moment, Feng Shaoyu was like the same heavenly emperor, smashing into this group of masters of alien demons, like a tiger entering a flock, majestic, simply invincible.

Almost all the alien demons are not the enemy of his tricks. He is too strong, especially the ancient sword in his hand, which blooms with the breath of endless emperor. It is definitely the pinnacle emperor of the ancient times, and it is overwhelming.

And those alien demons, like the Ji family's rotten demons, are equivalent to the giant Wudi level, and their cultivation has not been fully restored, but the power of the alien demons is rather strange, and they have soul attacks. It makes them look terrible.

But in front of Feng Shaoyu, the soul attacks of these people all lost their effect. As for the combat effectiveness, there was a huge difference.

Suddenly, a large number of alien demon races fell one after another, demon qi, the world was dark and cold.

"Feng Shaoyu, are you trying to smash my face with my alien demon?" Some alien demon roared, so angry, trembling violently.

[Chapter 1946: You are the devil](#)

"Altered demons? Who said that you are alien demons? You are the remnants of the Mo family, old ghosts who should have died long ago. Now, the Mo family attacked my Xuanyuan Empire Tiandi Mountain, and this emperor wanted to make the Mo family bones dead. , The whole door was destroyed."

Feng Shaoyu snorted coldly, and didn't care about it. These alien demons were finally terrified. They finally resurrected, occupying the body of the strong human race, slowly regaining their cultivation base, and didn't want to die here, so after most of the fall, the remaining few alien demons were suddenly afraid extremely,

Angrily wanted to escape here.

They knew that they couldn't stop Feng Shaoyu at all, and the only way was to go to Misty Palace and find Shangguan Xi'er and the adults for help. Only the adults could rescue them.

But Feng Shaoyu didn't give them a chance to escape at all, and his body was like electricity, constantly shuttled.

After a long time, the entire Mo family cemetery was silent, and all the "resurrected" "Mo family ancestors" had fallen, and none survived.

"Devil, you are the devil!"

Many of the surviving disciples of the Mo family watched this scene in horror. They all knelt on the ground, shivering, desperate, and could not show any courage to resist. They just murmured that they were all frightened and stupefied.

Feng Shaoyu looked down coldly and swung his sword down.

boom!

The endless sword light flooded everything, and the remaining Mo family disciples fell one after another, all turned into blood and no bones.

Then, Feng Shaoyu raised his hand, and the real essence condensed between the heaven and the earth, turned into a huge palm, and slammed it down towards the ancestral land of Mojia Cemetery below.

Bang! The great earthquake trembled, and the entire Mojia Cemetery instantly burst into pieces, turned into powder, and was completely wiped out. On the earth, a deep pit with a radius of thousands of miles and a depth of hundreds of meters appeared. This is the original Mojia Cemetery. At this moment, Turned into a ruin,

Nothing is left.

"Emperor, the previous strong people are not like human masters at all. Could it be that Misty Palace really colluded with the legendary alien demons?" Xuanyuan Empire masters rushed over and asked intently.

This is a major event. The Battle of Mojia Cemetery proved that Misty Palace was indeed in collusion with the alien demons. The legendary alien demons were indeed hidden in their human race, looking for an opportunity to destroy the human race.

"People of the alien demon race, have you seen it?" Emperor Xuanyuan turned his head and said lightly.

The many powerhouses in the Xuanyuan Empire were taken aback.

"Those weird masters just now..." The Xuanyuan Empire expert who had previously inquired couldn't help but speak, but he could see Feng Shaoyu's icy eyes, and a sharp spirit suddenly said, "I haven't seen it before."

"Have you seen it?" Emperor Xuanyuan looked at the others again.

"Never saw it."

"Never seen it before."

Others also said hurriedly.

Although they very much suspect that the people in black clothes were all the legendary alien demons, in front of Emperor Xuanyuan, who would dare to disobey?

Even if Feng Shaoyu said that those guys were blood beasts before, they had to admit it.

Feng Shaoyu nodded and said coldly: "I didn't see any alien demons when I took the shot. Only the disciples of the Mo family and some masters of the Mo family who practiced the demon way made themselves into corpse puppets. The corpse puppet, all understand."

"Yes!" everyone agreed.

Feng Shaoyu nodded slightly, it was almost the same. Although he did something to the Mo family, he didn't want to expose the alien demons completely, and arouse Shangguan Xier's anger. Otherwise, he and Shangguan Xier will never again. Can not go back.

As for now...

"Now that the Mo family is gone, you all follow me to the Ji family."

When the voice fell, Feng Shaoyu led a group of Xuanyuan Empire masters to rush to Ji's house again.

When Feng Shaoyu went to Ji's house, the huge shaking of Mojia Mausoleum also attracted the attention of some other powerful forces. Seeing the ancestral land of Mojia Mausoleum that was completely turned into ashes, those powerful forces suddenly sucked in. His face turned pale with a breath of cold air.

The news of the destruction of the Mojia Cemetery was also transmitted at an astonishing speed, causing a sensation in the entire Martial Domain.

Ruthless, too ruthless!

The people of the Ji family just announced that the Tiandi Mountain incident was done by them and the Mo family.

Only a few days? The Xuanyuan Empire dispatched masters to destroy the Mo Family Cemetery. This is the ancestral land of the Mo Family. From now on, there will be no Mo Family in the entire Martial Domain, except for scattered scattered in the Law Enforcement Hall, and some Outside the Mo family disciple, one

This top family was annihilated.

The sensation caused is naturally unparalleled.

"Feng Shaoyu is he crazy?" Shangguan Xi'er who finally rushed over received the news, Lei Ting was furious and trembling with anger. "My Empress, that Feng Shaoyu is too much." A gloomy shadow appeared beside Shangguan Xi'er, a master of the alien demons, his eyes were cold, and his killing intent was soaring: "If you don't give me one Say, I ordered the alien demons to enter

To attack the Xuanyuan Empire, the Xuanyuan Empire must disappear on this continent. "

The cold shadow said coldly, and the strong killing intent rushed into the sky.

It naturally also learned the news of the fall of many masters of the alien race in the Mojia Cemetery. How about not being angry?

"At this time, don't get into trouble anymore. The top priority is to stop Feng Shaoyu." Shangguan Xi'er was annoyed and furious.

"Not good, Ji family!"

Then, she thought of Feng Shaoyu's possible actions next, and she was shocked.

When the Mo family was destroyed, Feng Shaoyu would naturally not let go of the Ji family, but once the Ji family was also destroyed, it would definitely be traumatic and severely damaged to the Misty Palace.

Anxiously, Shangguan Xi'er was furious, and went straight out of the sky, looting violently towards the Ji's house, rushing frantically.

Jizhou.

Ji Family Mansion!

Feng Shaoyu and the others were extremely fast, rushing with all their strength to build a formation, only three days later, they had already arrived at the Ji family residence.

"Huh? No one is there?"

Under Qin Chen's arrangement, the Ji family had been completely transferred long ago, and the Ji family mansion below was hollow and empty, becoming a wasteland, and no one from the Ji family stayed here.

This is natural. I knew that the Xuanyuan Empire would be furious, and came to attack. Wouldn't it be possible to stay and die?

All Ji family disciples have naturally been moved to the Ji family ancestral land.

"The Ji family's reaction speed is so fast." Feng Shaoyu's eyes were cold and his heart was angry.

The Tiandi Mountain was destroyed, and the Ji family was also one of the culprits.

Boom, he shot, took a palm shot, and amidst the rumbling roar, the Ji family mansion was suddenly wiped out, turned into ruins, and completely erased.

After that, he was still uncomfortable, leading the Xuanyuan Empire powerhouse, searching around, looking for the Ji family ancestral land.

Since the people of the Ji family are not in the mansion, they can only hide in one place, which is the ancestral land of the Ji family.

However, the difference between the Ji family and the Mo family is that as a hermit family, the Ji family attaches great importance to the ancestral land and rarely reveals their position. The Xuanyuan Empire and the Law Enforcement Hall have always been hostile, so even Feng Shaoyu did not know about Ji Jiazu. Place.

But after all, Feng Shaoyu and Misty Palace secretly colluded and understood something, so after three days, he also found a trace of the Ji family's ancestral land.

"It should be in this mountain."

Feng Shaoyu looked at the mountain in front of him with a gloomy look in his eyes. Qiang, the sword of the emperor suddenly appeared in his hand, aimed at the mountain in front, and slashed out with a sword. He wants to find out where the Ji family ancestors are.

[Chapter 1947: Order of the Great Emperor](#)

boom!

Feng Shaoyu urged the true essence, a sword slashed down crazily, the void in front of him instantly burst open, the world collapsed, the mountain was cut open, countless blood beasts rose up into the sky in horror, and instantly burst into blood mist, with no bones left. .

Hum!

At the same time, a faint ripple floated in the void, and a hint of space was diffused in front of him.

"Ji family ancestral land is indeed here." Feng Shaoyu squinted his eyes and stared at the endless void ahead, a trace of the wild aura permeated from the void, ancient and deep, this is definitely where the Ji family ancestral land is.

He immediately shot violently, trying to find the entrance to the Ji family ancestral land, but the Ji family ancestral land was hidden in this void, very mysterious, and for a while, it was impossible to find it.

After all, the Ji family is an old hidden family. When it was never born, no one on the whole continent knew its specific location. Now although Feng Shaoyu has found the general location, it is not a moment to really find the entrance to the Ji family's ancestral land. Work.

"Huh! No matter how deep the Ji family ancestral land is hidden, the great emperor will find it today!"

Feng Shaoyu's eyes were cold, and he said coldly, a token suddenly appeared in his hand. This token was simple and simple, like gold and not gold, like iron and not iron, and when it appeared, there was a mighty emperor's breath.

It was an order of the Great Treasure of the Xuanyuan Empire.

Rumor has it that this great emperor's order is a treasure left by an ancient empire. It can explore the void and frighten one party. It is a treasure in the true sense.

According to legend, there was a more powerful token in the ancient times called the Order of the Human Emperor. The Human Emperor was the co-master of the ancient human races and commanded the human race in the world.

But the age of the Emperor is too far away from the present, so it is extremely difficult to judge whether it is true or not.

But the emperor's order is true.

As soon as the emperor's order came out, the void trembles suddenly, as if everything is subdued, the void is silent.

"Where!" Feng Shaoyu's gaze was cold, and he slashed out with a sharp sword, slammed, and the void split, and a dense ban appeared in the void somewhere in front. At the same time, behind the ban, a mighty world appeared, a breath of people. The predominant aura of heart palpitations permeated from it.

"Sure enough, it's here!" Feng Shaoyu sneered, and continued to make a move. The void suddenly vibrated, and countless bans flashed crazily, as if to burst.

Feng Shaoyu slashed down with a few swords, but the front restraint did not explode, but abruptly blocked it.

"En? How come?"

He was surprised!

With his cultivation base, ordinary restraints couldn't stop his shots at all, let alone general restraints, and the ninth-level formation couldn't stop him, but the restraints of Ji Family Zudi were blocked, which shocked him.

"The emperor doesn't believe it anymore."

Feng Shaoyu was furious, his heart flickered with cold light, and he kept making shots. Suddenly, there was a roar, and the terrible glow of the sky stunned 90,000 miles, rushing into the sky and covering the sky.

Between the heavens and the earth, it seems that there is a round of stars falling down constantly, and apocalyptic scenes are appearing.

Ji family ancestral land.

The countless Ji family disciples who moved into the Ji family's ancestral land all felt the terrifying aura from the outside world, and they all appeared outside the ancestral land's palace, staring at the distant sky in horror, where the chaos enveloped and shook violently.

"Young Master Chen said that after they attacked the Xuanyuan Empire, they were likely to be retaliated by the Xuanyuan Empire. Didn't they expect to come so quickly?"

Qin Chen and the others were not there, but Ji Daoyuan and the Divine Demon Lord were in charge of the Ji family ancestral land. Seeing this scene, I couldn't help but feel awe-inspiring.

That offensive power was terrible. Although Ji Jiazuo's defense was amazing, the opponent would continue to attack like this, and sooner or later would be breached.

How to do?

Many people are anxious and nervous.

"Haha, what can we do? Don't be confused, Shao Chen has already made a plan before leaving. I just need to follow Shao Chen's plan." Ji Daoyuan smiled slightly, giving everyone confidence.

But he is relaxed on the surface, but on the inside is very nervous.

That was Emperor Xuanyuan, the unparalleled powerhouse in Wu Yu. As the core of the Ji family, Qin Chen had already anticipated this result, and could not help sweating palms and dry mouth.

Boom boom boom!

Outside of the restriction, Feng Shaoyu attacked frantically. When the Ji family ancestral land was too strong, half an hour passed, and he still could not break open.

"It's almost done. If Emperor Xuanyuan continues to attack, the entire ancestral land restriction will probably be completely destroyed, and it will be a huge problem to repair it at that time."

Ji Daoyuan felt that it was almost done, and immediately quietly opened the restriction.

Boom!

In the next moment, endless sword energy rushed in directly from the outside, banging, and the majestic mountain was directly bombed. The sword energy soared to the sky, ploughing the ground into a huge ravine that stretched for thousands of miles, turning it into an abyss.

"The emperor, broke it!"

Many powerhouses in the Xuanyuan Empire were overjoyed, swish, and rushed into the Ji family ancestral land along the broken world.

"Is this the Ji family ancestral land?"

Feeling the endless aura of the wild and wild, these Xuanyuan Empire powerhouses showed their faces in surprise. This Ji family's ancestral land is too mysterious, and there is a hint of wildness. Could it be that this place is a land left from ancient times?

Then, they saw the Ji family ancestral land not far away, the magnificent castle palace, located on the periphery of the prehistoric mountain range, extremely clear and eye-catching.

"It's the ancestral land of the Ji family!"

Everyone instantly came to the sky above Ji Jiazhu's land.

"Who are you?"

"Dare to attack my Ji family ancestral land, do you want to die?"

"Bold fanatics, this place is the ancestral land of the Ji family. Do you want to be an enemy of my Ji family by doing this?"

When Ji Daoyuan and others were in the castle, they shouted in anger.

"Hahaha, the people of the Ji family are still rampant up to now. I am not afraid to tell you that I am the people of the Xuanyuan Empire. Your Ji family ancestor led an army to attack my Xuanyuan Empire. Today, my Xuanyuan Empire will give you a tooth for a tooth. The Ji family's ancestral land was destroyed, and the Ji family was completely destroyed on this continent."

A strong Xuanyuan Empire snorted coldly, and the voice fell, his eyes flashed with a hideous light, and he said to Feng Shaoyu who was on the side: "Great Emperor, let me wait for this place."

After speaking, a giant hammer suddenly appeared in his hand, and the purple-gold giant hammer was soaring into the sky, like a big sun, rolling down towards the Ji family castle below.

"No, open the guardian formation!"

"Open the Five Elements Extinction Array!"

The people of the Ji family were prepared for the first time. They opened the big array immediately, and immediately, the flame giant smashed down, the sky quashed, the void burst, and the entire ancestral land rumbled like an earthquake. When the five-color light flickered, however, the power of the giant hammer was firmly blocked outside.

"Even blocked?"

The strong man frowned, a little annoyed that he hadn't been able to break through the big array with a single hammer.

"The Five Elements Extinction Array?"

"This is the ninth-level peak formation!"

"The rank of this formation should not be under the Jiulong Emperor Juebo in Tiandi Mountain!"

Among the powerhouses of the Xuanyuan Empire, a Dao Master suddenly frowned and said.

[Chapter 1948: I want an explanation](#)

"It's ridiculous, in front of this emperor, how can you stop it!"

Feng Shaoyu's eyes were cold, and he took a step forward, and the Emperor's Sword in his hand appeared again, bursting into the sky with a bright rainbow light, and then abruptly cut it down.

Hum!

Where the sword light passed, the void broke open directly, turned into powder, and the void swept through the turbulent flow, and this terrifying sword fell silently and silently on the large array outside the Ji family ancestors.

Boom boom boom boom...

Suddenly, a prolonged explosion sounded, and a terrifying sword aura swept down through the formation and swept away. Suddenly, many Ji family martial artists in the ancestral land vomited blood and their faces were shocked.

It's terrible, how could this Feng Shaoyu be so strong? They could be hurt by the Five Elements Extinction Array, this kind of strength, even if the old Ancestor Ji could not and absolutely could not do it.

What realm did Xuanyuan Great Emperor Feng Shaoyu reach?

"This person is so strong, can the plan of less dust be realized?" Ji Daoyuan said with a little shock.

His mind was also shocked by that sword. He had a feeling that if he hadn't been blocked by the Five Elements Extinction Array and Ji Wuxue's prohibition, if he stood under this sword himself, he would be wiped out in an instant and there would be no bones left. .

The mortal monarch on the side also has lingering fears, it has the same feeling, is it so terrible for the strong human?

It is a pity that the Heaven and Earth of the Tianwu Continent suppressed the cultivation of their alien demons, otherwise, how could it fear Feng Shaoyu?

But now, it feels the same as Ji Daoyuan, if it's alone, I'm afraid it can't stop Feng Shaoyu's sword.

"Don't worry, since Chen Shao has set this plan, it will definitely succeed." Divine Demon Lord said with sweaty palms and a trembling voice.

When Feng Shaoyu saw that his sword could not break Ji Jiazuo's formation, he suddenly became surprised.

"Huh, this Ji family ancestor's defense is so terrible?"

Then he sneered.

No matter how terrible this formation is, it is just like the previous restriction on the entrance to the ancestral land. As long as he has time, it is only a matter of time before he breaks it.

Therefore, he immediately started, boom and boom, countless sword lights rolled down layer by layer, Ji Family's ancestors continued to tremble, countless rubble shivered, as if the rubble was about to burst.

Everyone in the Ji family couldn't stay there anymore. If they were outside the palace, they would be able to shock and kill all the disciples below the level of Emperor Wu.

"Everyone hides."

Ji Daoyuan hurriedly screamed, and took countless Ji family disciples, hiding in the Ji family palace.

"It's ridiculous, steal your ears!"

Feng Shaoyu ridiculed, the people of the Ji family are really ridiculous, do you think you can hide it this way? As long as the Ji family ancestor land is broken, no matter where he hides, he cannot escape.

When Feng Shaoyu attacked the Ji family's palace, the sky over the Ji family's mansion.

Hum!

A figure appeared, this was a woman wearing a phoenix robe, descending into the sky.

"No, the Ji family mansion has been destroyed."

The visitor was Shangguan Xi'er, and when he saw the Ji family mansion that was turned into ruins below, he was suddenly frightened and extremely angry.

Is she already late?

Now that the Mo family has been destroyed, if the Ji family is destroyed again, then her Misty Palace will suffer a huge loss.

"Ji family ancestral land, no, there is still a chance."

Shangguan Xi'er didn't care about other things anymore. She shook her figure and disappeared into the void, looting violently towards the place of Ji Family Ancestor.

She was so fast, she had already arrived outside the Ji family ancestral land in a moment.

The aura here is chaotic, the mountains are in a mess, and the remaining sword light aura rises here, causing people to change color.

And in the void in front, a fragment of forbidden aura dissipated, and a series of predominant auras kept escaping.

That's it!

Shangguan Xier's face was pale.

This is clearly the ancestral land has been broken.

She was very anxious, and her figure shook, the front of her forbidden flash, and an entrance was suddenly revealed, and she quickly rushed in.

As the lord of the Misty Palace, Shangguan Xi'er has been in charge of the Ji family for many years, naturally knowing the location of the Ji family's ancestral land and how to enter, and easily entered the Ji family's ancestral land.

As soon as she entered the ancestral land, she heard the rumbling sound, and then saw Feng Shaoyu frantically attacking the Ji family ancestral land.

The formations and restrictions outside the Ji family ancestral land crunched like they were about to burst at any time, bearing huge pressure.

"Finally caught up." Shangguan Xi'er was overjoyed, as long as Feng Shaoyu hasn't opened the Ji family ancestral land, there is hope.

She shook her body, and just about to rush up, she heard a bang. After withstanding Feng Shaoyu's crazy attack, the prohibition above the Ji family's ancestors finally couldn't bear it and burst into pieces.

"Boom!"

The dazzling sword light slashed directly down, and in the furious eyes of Shangguan Xi'er, he slashed into the Ji family's ancestor land.

Suddenly, the Ji family ancestral land burst open, and countless palaces shattered. After losing the resistance of the formation, the just repaired Ji family ancestral land burst open again. Numerous buildings collapsed and turned into powder. The scene was tragic and terrifying. .

"Hahaha, the emperor is superb!"

"The Great Emperor is mighty."

"Kill all the members of the Ji family."

The top powerhouses of the Xuanyuan Empire were overjoyed, and when they shook their bodies, they rushed to the Ji Family Ancestor Land below for bloodbath and massacre.

However, before they rushed down, an aura that made their hearts palpitations suddenly came from the void. The aura seemed as if a wild beast suddenly awakened, causing them to erect their cold hair instantly, and felt an unprecedented horror from deep in their hearts. .

"what?"

They hurriedly turned their heads, and saw the void in the distance, a red afterimage rushing over, with endless anger.

It's Shangguan Xier.

"Stop it!"

Shangguan Xier was furious. This Ji family was a force that her Misty Palace had cultivated for three hundred years. Here, there was a residence of alien demons, but now, it was directly destroyed by Feng Shaoyu.

Coupled with the destruction of the Mojia Cemetery, this time the Hall of Law Enforcement has suffered heavy losses, with the pain of a broken arm.

"Feng Shaoyu, you are too much."

Shangguan Xi'er was furious, and the anger in her heart could no longer hold back. On her pretty face was a piece of cold, Qianqianyu's hands, she rushed out for the first time, and patted the powerful Xuanyuan Empire.

"It's Shangguan Xier."

"Good job!"

"I didn't expect Shangguan Xier to come here alone."

"Hahaha, kill her and Misty Palace will be destroyed."

Many powerhouses in the Xuanyuan Empire were shocked first, then ecstatic.

kill!

They shouted angrily, and several top powerhouses immediately moved at the same time, rumbling, and directly killed the official Xi'er.

"roll!"

Shangguan Xi'er shouted angrily, the true essence surging in his body, a majestic and irresistible force suddenly surged out, and the top powerhouses of the Xuanyuan Empire only felt that an irresistible force swept through. Come, one by one was immediately thrown out, embarrassed.

"Feng Shaoyu, I want an explanation."

Shangguan Xi'er stared at Feng Shaoyu, murderous, and angrily said, endless chills filled the sky, killing intent soaring!

[Chapter 1949: Mutual questioning](#)

"Shangguan Xi'er, are you finally here?" Feng Shaoyu quietly looked at Shangguan Xi'er, and at the woman who was once so familiar with her, but now she is extremely strange. He said indifferently, "I think it should be explained. It's you."

"The Great Emperor, talk nonsense with her, kill Shangguan Xi'er, this world belongs to our Xuanyuan Empire."

"Yes, you killed Shangguan Xi'er and destroyed the Misty Palace. Under the whole world, only the Xuanyuan Empire is supreme."

Several powerful men of the Xuanyuan Empire stood proudly in the void, wiped the blood from the corners of their mouths, and looked at Shangguan Xier with joy and anger.

The good news is that Shangguan Xier dared to come alone. As long as Shangguan Xier is killed, Misty Palace will not escape and destroy. Once Misty Palace is destroyed, in the world, apart from Xuanyuan Empire, which power can replace Mistle Gonglai is in charge of this world?

Only Xuanyuan Empire!

Angrily, Shangguan Xi'er's strength was too strong. She just waved a few of them before vomiting blood, and seeing that, Shangguan Xi'er didn't seem to have exerted his full strength. How could they not be surprised, how not to be angry?

Is Shangguan Xi'er's strength so terrible?

Of course, although they were frightened in their hearts, these people were still full of self-confidence. With Emperor Xuanyuan here, they were very confident that Shangguan Xi'er couldn't escape.

Because in the whole world, no one will be the opponent of the Great Emperor.

Therefore, they were surprised and delighted, one by one, a terrible murderous intent bloomed on their bodies, and they moved forward slowly to surround Shangguan Xi'er. This was to block Shangguan Xi'er's escape route and not give her any hope of escape.

Faced with the actions of several powerful people in the Xuanyuan Empire, Shangguan Xi'er didn't move, but looked at Feng Shaoyu coldly.

She completely ignored the masters of the Xuanyuan Empire. At this moment, Feng Shaoyu was the only one left in her eyes.

When was there a gap between the two of them?

She can't remember.

It seems that after the closure of Guyu Realm, the alien demons were exposed, and everything became unsettled.

And the mysterious Heavenly Dao organization, the inexplicable confrontation again and again, and even the attack of Misty Palace.

There seemed to be a black hand behind the scenes, slowly pushing, making Misty Palace and Xuanyuan Empire had to come to this step.

Even more, to come to the final opposite.

But Shangguan Xier didn't care about this, she cared about Feng Shaoyu's thoughts, and what she cared about was Feng Shaoyu's heart.

She wanted to know what Feng Shaoyu thought about all this? Is it compelling, or have ulterior motives.

She raised her head and stared into Feng Shaoyu's eyes, wanting to see some clues in his eyes.

But she was disappointed.

Feng Shaoyu's eyes were so plain, there was even a trace of indifference in the plain, as if it were extremely strange.

An inexplicable anger burned from Shangguan Xier's heart.

"The Great?"

At this time, several powerful men in the Xuanyuan Empire had already surrounded Shangguan Xi'er and couldn't help but look at Feng Shaoyu at the same time.

A few people bloomed with terrible true essence, and they carried weapons in their hands. Suddenly, the power of terrible rules swept away, wrapping Shangguan Xi'er layer by layer. The rules of the road turned into ancient chapters, suppressing the world. all.

They were waiting for Feng Shaoyu's order. As long as Feng Shaoyu said something, they would thunder and kill Shangguan Xi'er.

However, what responded to them was Feng Shaoyu's cold voice: "You all retreat."

Feng Shaoyu said coldly, his voice was neither sad nor happy.

"The Great?"

The big powerhouses in the Xuanyuan Empire were stunned.

They heard that right, what did the emperor say to make them retreat?

Suddenly, several people looked suspicious and couldn't help looking at Feng Shaoyu.

Because they believed that it was impossible for the emperor to issue this order at this time.

"I told you to retreat, didn't you hear it?" Feng Shaoyu said coldly again, and an invisible pressure bloomed from him.

"Yes!"

Several people were confused. Although they didn't know why Feng Shaoyu gave such an order, they still endured the angry killing intent and slowly retreated.

And in their hearts, endless doubts emerged, what happened to the emperor?

Since the moment Shangguan Xier arrived, the emperor always felt a little weird.

"Shangguan Xi'er, you and me fight."

Feng Shaoyu moved and blew, shaking his body, like a cannonball, rising into the sky, the void was directly shattered, and a black ravine crack appeared.

"Well, World War II!"

Shangguan Xi'er naturally knew what Feng Shaoyu meant, and the secrets of both of them were extremely rare, and naturally they could not be known to the powerful Xuanyuan Empire and the Ji family surviving below.

With a bang, Shangguan Xi'er also moved, like a red afterimage, cutting through the void, and suddenly burst into a harsh roar.

The next moment, a shocking explosion sounded between the sky and the earth.

Boom boom boom!

In the sky, two afterimages collided crazily, and the earth-shaking roar suddenly erupted. The aura was too terrifying. The only aura that escaped made the Xuanyuan Empire powerhouses below change their colors.

They have a feeling that if they join the battle, they will fall in the blink of an eye.

This feeling is very strong and extremely real, and each of them can't help being surprised.

How is this possible?

They are all top powerhouses of the Xuanyuan Empire. With their cultivation base, they are all giants, giants, and top masters in any place in the mainland.

But under the confrontation between Feng Shaoyu and Shangguan Xi'er, they shivered, as if fragile and vulnerable.

This feeling is very bad, and it makes them feel terrified.

Not only them, but below, in the Ji family ancestor land, the rotten monsters and others also slowly appeared.

They looked at the fight between Feng Shaoyu and Shangguan Xier in the sky in amazement, their faces turned pale, with a sense of fear that the end would come.

To be honest, they are not people who have never seen the world.

The battle between Qin Chen and Ji Bengfu's ancestor was already shocking the world, but at this moment they have a feeling that this battle is more terrifying than the battle between Qin Chen and Ji Bengeng's ancestor, even terrifying. many.

And they had an inexplicable feeling that Feng Shaoyu and Shangguan Xi'er had not yet used their full strength in the fight between Feng Shaoyu and Shangguan Xi'er, and they seemed to be fighting each other.

This feeling is very strange, but it is very clear in their minds.

However, if such a horrible match is only to learn from each other, then how terrible would the two really fight?

"Feng Shaoyu, you destroyed the Mo family of my law enforcement palace, and now you are attacking the Ji family. What are you going to do?"

At the moment above the sky, while Shangguan Xi'er kept making moves, she was also frightened by Chuanyin Dao.

She was questioning Feng Shaoyu.

"Xi'er, what do I want to do? You don't know what happened these days. You don't know what happened these days. Your Misty Palace aimed at my Xuanyuan Empire, first attacked my imperial residence, and then destroyed my Yongzhou Tianmen Sect. Destroying Tiandi Mountain, I should have asked you this, what on earth are you going to do?"

Feng Shaoyu said coldly, his eyes cold, with coldness.

[Chapter 1950: What happened](#)

Shangguan Xier was ashamed to ask what he was going to do? It is clear that Misty Palace has been targeting him, but now it asks him what he wants to do? ridiculous!

boom!

He shot, with anger, the emperor's sword in his hand suddenly surged and swept away.

"It was we who attacked your Xuanyuan Empire residence? It's ridiculous, it's clear that your Xuanyuan Empire attacked the Mo family first. You are ashamed to say." Shangguan Xier said angrily.

She had seen Mo Family's information a long time ago, and it was indeed the first move of the Xuanyuan Empire, which was beyond doubt.

"It is clear that your Mo family first attacked my Xuanyuan Empire residence."

Feng Shaoyu's eyes are ferocious, is Shangguan Xier going to turn black and white? Feng Shaoyu had seen all the evidence, and it was clear that the Mo family had moved first.

boom!

The battle between the two sides was overwhelming.

And below, the other powerhouses of the Xuanyuan Empire did not stop, seeing Feng Shaoyu and Shangguan Xi'er after the battle, immediately focused their attention on the people of the Ji family below.

"Hmph, kill these Ji family first."

They sneered, flew down, and killed them madly.

The people of the Ji family were suddenly shocked, and at the same time several powerful auras rushed up. It was the mortal monarch and other monsters and some of the giants of the Ji family who lived in seclusion. At this moment, they took action to block the power of the Xuanyuan Empire. Assault.

boom!

The two sides broke out an astonishing breath.

Boom boom boom!

During the battle between the two sides, the Ji family's ancestral land suddenly splashed with rubble and smoke.

This time, the powerhouses dispatched by the Xuanyuan Empire are all extraordinary in strength. Although the Divine Demon Lord and the others are powerful, they can still draw a tie in a short time, but they fall into the disadvantage of quick work, and each one can only parry. .

Seeing that the people of the Ji family could no longer hold on.

Suddenly a black shadow appeared in front of everyone, booming, the black shadow shot, and the cold demonic energy swept across, and suddenly the sound of ghosts crying and howling sounded, and the wind blew quickly throughout the entire Ji family ancestors.

"grown ups!"

Seeing that dark shadow, the mortal monarch and others suddenly showed excitement.

"who?"

The several powerhouses in the Xuanyuan Empire looked cold, their eyes were shocked, and their hearts shook wildly.

Because that person gave them a strong sense of crisis as soon as they took action. I don't know why, at this moment, all of them had their hearts beating, their scalp numb, and their bodies trembling.

This is a kind of fear from the depths of the soul.

"go!"

I have to say that anyone who can become the top powerhouse of the Xuanyuan Empire has never been an idiot. The two sides have not really played against each other. They retreated for the first time, swished, turned into Taoist streamer, and left Ji Jiazuo for the first time. Ground.

With such a decisive action, even the black shadow was taken aback. It smiled coldly, but did not continue to pursue it, but turned to look at the mortal monarch with cold eyes.

The rotten demon king is the upper demon lord of the alien demon race. Among the alien demon race, the status is noble and the status is extraordinary.

But in front of this dark shadow, it was as if a courtier saw the emperor, he couldn't help kneeling on one knee, and trembled, "My lord."

The black shadow stared at it coldly, making the mortal monarch's cold hair stand up, and he felt cold all over his body, for fear of being seen by the black shadow.

After a long while, the black shadow said coldly: "Changyi, how come I have so few alien demons in this Ji family ancestral land?"

The Ji family ancestral land is a residence of the alien demons, and the alien demons who have successfully reincarnated from the reincarnation altar will continuously take away the strong human races, which can be called a core place of the alien demons.

But now that the shadow was swept away, it was discovered that there were not many alien demons here, which caused it to wonder.

Rotten Demon Lord suddenly said in horror: "My lord, it is the former Emperor Xuanyuan Feng Shaoyu. With a single sword, he killed many masters of our clan and the altar of reincarnation..."

"What happened to the Altar of Reincarnation?"

Hearing that the alien demons had lost many masters, the dark shadow didn't care at first, but after hearing the reincarnation altar accident, its tone changed suddenly.

call!

Regardless of listening to the explanation of the mortal monarch, the black shadow suddenly came to the position of the reincarnation altar. The next moment, its face suddenly turned blue, and its blurred face burst into a terrifying glow.

In the front, where is the shadow of the altar of reincarnation, it has already turned into ruins and rubble, and the altar of reincarnation, also located in this ruin, was completely annihilated and turned into dust.

"This **** Feng Shaoyu, ah..."

A harsh, cold sound came from its mouth, like howling a ghost, hideous and terrifying.

"Feng Shaoyu, you can kill me a member of the alien race. Today, you destroy the reincarnation altar of my race. This hatred cannot be shared!"

call!

The black shadow roared, his figure shook, and suddenly disappeared in place, rushing to the endless sky.

In the ancestral land, Ji Daoyuan and the mortal monarch looked at each other, and couldn't help but breathe out, a heart suddenly dropped.

I was finally deceived, and it seemed that the plan with less dust was indeed effective.

boom!

At the moment above the sky, Feng Shaoyu and Shangguan Xi'er were fighting frantically.

Hearing Feng Shaoyu's excuse, Shangguan Xi'er couldn't help but get annoyed, but she also knew that there was no end to such a debate, not to mention that the Mo family had all fallen now, and there was no point in arguing.

"Okay, let's not mention it at the time of the Mo family, let me ask you, why did your Xuanyuan Empire attack my Misty Palace, attack my Misty Palace, and even kidnap Murong Bingyun?" Shangguan Xier said angrily, her eyes frozen. cold.

This is what she finds the most difficult to accept. Murong Bingyun is her daughter. The people of the Xuanyuan Empire used her to make a fuss and almost smeared Bingyun. This has already touched her inverse scale.

"Bingyun? What Bingyun? I didn't order the Xuanyuan Empire to do anything to your Misty Palace." Feng Shaoyu hurriedly explained with a look of surprise.

Is something wrong with Bingyun?

"Xi'er, what happened to Bingyun? What happened?" Feng Shaoyu said anxiously.

"Huh, what kind of pretense, would you not know?" Shangguan Xi'er saw Feng Shaoyu's afterthought, and was even more angry. Bingyun is his daughter. Care?

"Xi'er, I really don't know. What happened to Bingyun? You know, this can never be done by my Xuanyuan Empire. Someone definitely framed it on purpose. How could I harm Xi'er?" Yu said anxiously.

"Intentionally framed?" Shangguan Xi'er couldn't help laughing. "This is what I saw with my own eyes. How to frame it? If I hadn't arrived in time, Bingyun would have been killed by your Xuanyuan Empire Tianmen Sect. , Even facing a more miserable ending, and at that time? Where are you?"

Shangguan Xi'er actually felt that the Tianmen Sect's attack on the Misty Palace was a bit weird, and there was even some hidden information in it, but Bingyun was bullied by the Tianmen Sect, and it was almost beheaded. She saw it with her own eyes.

If she hadn't arrived in time, Bing Yun would definitely have had a problem, it is ridiculous that Feng Shaoyu was still arguing.
