

Valkyrie 1971

[Chapter 1971: Master Chen](#)

When he was in Ji's house before, he arranged for the Skeleton Rudder Master to move to the land of the Hundred Dynasties to move the Medicine King Garden Master and other people from the Chendi Pavilion. He also sent the **** cat to the Dan Pavilion and Wanbao Tower to bring treasures to Wang Qiming and the others. Mokara was sent to find black slaves and the old man of Great Compassion, and let them hide.

The other two places were all settled, but it was the black slaves. Mokara replied that they could not find the black slaves. This incident has been worrying Qin Chen. He didn't expect to hear the black slaves in Tianlei City. news.

"Yes, Pavilion Master Qin, we were brought here by the black slave..." Xia Wurou said.

Qin Chen waved his hand, "Don't call me Pavilion Master Qin, don't be so polite, just call me Master Chen, my current name is Chenqing..." In order to save trouble, Qin Chen used a pseudonym.

"Well, Master Chen..." Xia Wurou immediately said what happened.

At that time, the Chendi Pavilion was established in the Land of the Hundred Dynasties, attracting the attention of all the major forces in the Land of the Hundred Dynasties, and countless talented disciples poured into it. Xia Wurou, as the princess of the Daxia Dynasty, was a diplomat between the Daxia Dynasty and the Chendi Pavilion. Okay, so the ancestors of the Daxia Dynasty led the Daxia Dynasty to join the Chendi Pavilion.

Among them, Xia Wurou, who had entered the secret realm of the heavenly devil, was naturally one of the outstanding ones. He received key cultivation and made rapid progress in cultivation.

Later, the black slaves followed Qin Chen to the Northern Heavens. After the Chendi Pavilion was developed in the Northern Heavens Pill City, Xia Wurou was also taken by the black slaves to the Northern Heavens for development. Later the black slaves followed Qin Chen to Wu Yu, and Dabei Old Man, as the communication center between the North Tianyu Chendi Pavilion, Wuyu Dan Pavilion, and Wanbao Tower, naturally needed some helpers. Xia Wurou and a group of people were also lucky enough to be selected.

In the Martial Domain, Xia Wurou and the others used the resources of the Pill Pavilion and Wanbao Tower to advance their cultivation by leaps and bounds, and they all broke through to the realm of the Emperor of Martial Arts, which was a smooth flow.

However, more than a year ago, the black slaves and the old man of Great Compassion suddenly felt the crisis, and discovered that the people with the Law Enforcement Hall had been investigating their Chendi Pavilion secretly.

Under vigilance, the black slave quickly activated the preparation plan, preparing to hide the Chendi Pavilion's branch in the Martial Domain.

However, the methods of the Law Enforcement Hall were too powerful, and the hiding process was not smooth. Without a solution, the black slave and the old man of Great Compassion immediately cut off

their contact with each other, activated the final backup plan, and everyone was broken into pieces. Hide each other.

So everyone just separated.

In the alternative plan, if they lose contact with each other, they will meet in Leizhou Tianlei City. Xia Wurou and her eldest brother Xia Wushang and several other disciples rushed to this Tianlei City.

Who knew that when he was in Leizhou, he was robbed by bandits, was arrested, and then turned into a slave and was sold to the slave workshop in Tianlei City.

And Xia Wurou three months ago, because the slave workshop she was in was going to give a gift to the Liaozhong Chamber of Commerce, she gave her to the daughter of the vice chairman of the Liaozhong Chamber of Commerce, Xiongying, and became Xiongying's Personal slave.

By Xiongying's side, Xia Wurou can only hide her name and cannot expose everything about Chendi Pavilion. She also thought of a way to escape, or promised Xiongying that she would let herself go. She would definitely pay for herself, but she would suffer. It was a beating by Xiongying and Yingtu.

Fortunately, when she was caught by Leizhou bandits, she confused her face and made herself an ugly monster, otherwise she didn't know what kind of insult she would suffer.

"It's my fault, everything is my fault." Qin Chen trembled, listening to Xia Wurou's words, his heart was burning with anger.

He didn't expect Xia Wurou and the others to have such a miserable experience. These are all due to his Chendi Pavilion. If it weren't for him to come to Thunder City today, then Xia Wurou still didn't know what he would experience, even being it's not impossible for someone from the Chamber of Commerce to kill directly.

In the eyes of those people, slaves are not humans at all, but only their own personal belongings.

"So, the black slave and the old man of Great Compassion are also in Leicheng on this day?" Qin Chen suddenly stood up and asked in a deep voice.

He now wants to know the situation of the black slaves.

"According to the prepared plan, if everyone gets out of trouble, they will come to meet in Thunder City. In fact, it is not very difficult to get out of trouble, but the black slaves reacted very quickly, and they were hidden before the law enforcement hall reacted. , But everyone wants to go to this Thunder City from the Chendi Pavilion's branch in Wuyu Yizhong, but it is very difficult, so I don't know whether the black slaves are in Tianlei City or not."

Xia Wurou smiled bitterly and shook her head, "Because Sky Thunder City is really too big. Needless to say, I am a slave and have no status at all. Even if I am not a slave, I want to find a black slave in the vast crowd of Sky Thunder City. It's not easy."

"But why would the black slaves let you come to this Thunder City to gather?" Qin Chen wondered, this is something he didn't understand. With the wisdom of black slaves, he would not have thought that Leizhou was so chaotic, and that Sky Thunder City was located in Wuyu Second. Chongtian, it is not easy for them to go from the first heaven to the second heaven.

"Because we got a message that Master Chen, you have fallen in the ancient Yu realm, but Master Negro believes that you have never fallen, but we can't go publicly looking for you, and Negro said, if you live, We will definitely come to this sea of thunder secret realm, so let us meet in Sky Thunder City and wait for you here. I didn't expect you to actually come."

Speaking of this, tears fell from the corner of Xia Wurou's eyes.

If Qin Chen couldn't come to save her, she wouldn't even dare to imagine her future.

"The black slave..." Qin Chen's heart trembled. He didn't expect the black slave to still believe in him so much. He knew why the black slave thought he would definitely come over.

The first one is that his blood is the Thunder blood. The black slave knows this very well, and the black slave also knows that the physical skills he cultivates are terrible. It is very likely that he will come to the Thunder Sea to practice. The most important thing is that the black slave also knows. He once snatched a scroll of Longjiazhai from the Hall of Law Enforcement, and he believed that he would definitely be a sea of thunder.

In fact, he guessed right, he did come, but where is the black slave?

Qin Chen silently vowed to find the black slaves.

However, the most urgent task is to rescue the Chendi Pavilion disciples who were captured with Xia Wurou and the others.

"By the way, you said that some of you have also been arrested here. What about the remaining people?" Qin Chen asked for the first time.

Xia Wurou suddenly said anxiously: "They are still in the slave amplifier where I am, and my ninth brother Xia Wushang is also there, but it has been three months, and now I don't know what the situation is. ."

[Chapter 1972: Blood hole swallowed](#)

Xia Wushang and Qin Chen also knew him, and they had experienced the Black Death Swamp and the Secret Realm of Heaven Demon together. Now I heard that Xia Wushang and the others were still in the slave market, and there was no time to inquire about others. He immediately dealt with Qiankun and said, "Go, let's work together. Go to the slave market

, Must save those people. "

Fu Qiankun's group immediately stood up and walked out of the box.

Seeing that Qin Chen and others were about to leave, the shopkeeper of this restaurant was immediately excited, and respectfully sent Qin Chen and his party out of the restaurant's entrance.

It's not that they don't want to do business, but that Qin Chen offends the Laozhong Chamber of Commerce, which will inevitably cause trouble, presumably the people from the Laozhong Chamber of Commerce are already on their way here, right?

Tianlei City is very big, but the speed of news spread is still very fast.

Sure enough, Qin Chen and the others had just walked out of the restaurant and had not yet gone to the slave market.

at this time--

Boom!

A terrifying aura came down, and along with the terrifying aura falling, several terrifying figures appeared in front of Qin Chen, bursting out a breath of shocking heaven and earth. The leader is an old man about 50 or 60 years old, but Qin Chen can clearly feel that this person is definitely more than 50 or 60 years old, at least a hundred years old, and his murderous aura is so strong that he has formed an invisible whirlpool lingers all over it

.

This is a martial emperor at the peak of the mid-tier ninth rank, and the murderous intent on his body is so violent that people feel the chill all over the body at the first glance, as if the soul is about to freeze.

This is definitely a strong man who kills people like hemp and treats life like grass.

After this person, there were several powerful men with murderous aura. One of them was Emperor Wu Li, whose eyes were like eagles and birds, staring at Qin Chen, showing a violent look.

"You guys killed my female Xiongying?" The leading old man looked at Qin Chen with murderous aura, his eyes were cold, and he swept Qin Chen like a wolf. The cold breath made people feel Very uncomfortable.

This breath Qin Chen and the others were naturally fearless, but Xia Wurou couldn't help but stepped back in amazement, with a look of horror on his face.

This person is the vice chairman of the Laozhong Chamber of Commerce, Xiongying's father, Xiongmao. The Laozhong Chamber of Commerce arrived with murderous aura, and the atmosphere on the court suddenly became extremely dignified. A large number of warriors had been surrounded by them, and even many strong men had not left since the beginning and kept guarding the entrance of this restaurant. , Is to know

People in the Taoist Chamber of Commerce will never let Qin Chen go easily, waiting for a good show.

These people thought that when Vice President Xiongmao appeared when his daughter had died, he would definitely do it directly, and would not give Qin Chen and the others any chance to refute, but they did not expect that after he arrived, he did not do it, but was looking at it. Qin Chen and his party.

This is not like Xiongmao's style! Don't look at the look of Xiongmao who looks very vicious and violently kills people at every turn. In fact, this man is extremely old and cunning, otherwise he would not be able to sit on the position of vice chairman of the Chamber of Commerce. There is no one who can achieve this position. Is an idiot

.

His daughter is dead, and his heart is angry, but he is more vigilant. Where is the confidence that the other party dared to kill his daughter in Sky Thunder City?

He kills people like hemp. He didn't know how many people he killed during his rise, but he survived until now. He has been cautious and never provokes people. After all, although his daughter is important, he has many children, but his There is only one small life.

"Yes, that Xiongying was killed by Ben Shao, what do you want? Do it if you want to do it, don't chirp there, roll away without doing it, if you dare to hinder me here, don't blame me for really smashing you Liazhong Chamber of Commerce."

Qin Chen originally thought that Xiongming would do it as soon as he came up, but he didn't expect that he was just talking nonsense here. He immediately guessed Xiongming's thoughts and didn't bother to waste time with such a thick black person.

People around them changed their faces when they heard Qin Chen said that they had smashed the Laozhong Chamber of Commerce. This guy is really brave. Where is the confidence? The Laozhong Chamber of Commerce is a top chamber of commerce even in Tianlei City. The chairman of the Chamber of Commerce is a giant-level powerhouse, and there are many powerful Wudi under his command. This person dares to say that he smashed the Laozhong Chamber of Commerce. It's even more than the Liaozhong Chamber of Commerce

overbearing.

When the people in the Chamber of Commerce heard Qin Chen's words, their expressions changed even more.

"Vice President Xiongming, what are you talking about with this kid, and let his subordinates take action to destroy him. Recently, no one knows the reputation of the Chamber of Commerce in my Liaozhong, and all kinds of cats and dogs have crawled on top of the Chamber of Commerce in my Liaozhong. Before Xiongming spoke, Emperor Wu Li couldn't help it anymore. Not long ago, a masked woman killed his disciple of the Laozhong Chamber of Commerce at the gate of the city. The matter is not over yet. Today someone came to him again. The trouble, even killed him

The daughter of the vice-chairman and a Emperor Wu, if he continues to endure this kind of thing, he will definitely be unable to do anything in Tianlei City in the future.

So he didn't wait for President Xiongming to speak, and a blood-black scimitar appeared in his hand. The scimitar immediately emitted a terrifying blood-black light, and then it was mixed with countless blood-black murderous auras and rolled directly towards Qin. dust.

Puff puff puff puff... only one after another bursts of sound was heard, and the void suddenly burst open with countless cracks, this piece of void was completely enveloped by this blood-black light, as if someone could swallow everything Black hole, to swallow all Qin Chen

Go in.

This fierce momentum suddenly caused the surrounding people to breathe in air-conditioning. Although Emperor Wudi Tu Li's cultivation was only the first peak Emperor Wudi, he was far stronger than the early Emperor Wudi Qin Chen killed before. The blood-black slaying light made many ordinary Wudi far away a hundred meters away. Are a little frightened, imitating

If the Buddha is swallowed, the soul will be wiped out.

"As expected to be Emperor Wu Li, this blood hole swallowed by this hand is terrible."

"Although the kid killed Emperor Xiu Kui with one move, Emperor Wu Xiu's strength is far worse than Emperor Wu Li. If the two fight against each other, Emperor Wu Xiu can definitely kill Xiu Kui with several moves. Emperor Wu."

"Now I'm watching how the kid responds. Unfortunately, even if he can defeat Emperor Tu Li, Vice President Xiongmao will still be in charge. It is still impossible to escape, but if even Emperor Tu Li is not an opponent, the result will be even more miserable."

"Old man black sad, do it."

Facing Emperor Tu Li's shot, Qin Chen told Fu Qiankun that he hadn't shot at all.

"Black sad old man?" Many people around were taken aback. Where did this martial artist come from? Fu Qiankun was also depressed and wanted to vomit blood. He was so shrewd that he instantly understood what Qin Chen meant. He knew that Qin Chen had two subordinates here, one was a black slave and the other was an old man with great compassion. He clearly wanted to let himself take action. Hit out like

If those two people are really here, they will definitely be attracted.

Depressed, Fu Qiankun patted it with one hand.

"Bang!" Under the eyes of everyone, Emperor Tu Li's blood hole swallowed and burst into pieces instantly, and Fu Qiankun's palm instantly blasted onto Emperor Tu Li's body.

[Chapter 1973: Bend and stretch](#)

puff!

Fu Qiankun's shot was like destroying the dead, easily crushing the blood hole of Emperor Tu Li and swallowing it, and saw the endless river of blood burst into pieces, turning into a sky full of blood, and torn apart, Fu Qiankun's palm penetrated the endless void, suddenly ruthless It was shot on Emperor Wu Li's body.

Bang!

Emperor Tu Li exploded in an instant, broke into pieces, and was blown up all at once, just like exploding a watermelon, without any difficulty at all.

The blood was raining all over the sky, and Fu Qiankun waved it easily, and countless blood rains suddenly vanished into nothingness, and then Fu Qiankun shook his robe, as if to fight off the **** aura on his body, and returned to Qin Chen lightly. , Respectfully said: "Master Chen, it has been resolved."

After saying this, Fu Qiankun stopped talking immediately, watching his nose, his nose watching his heart, motionless like a mountain, motionless.

"hiss!"

Suddenly the sound of inhaling air-conditioning sounded one after another on the court, all of them were shocked by Fu Qiankun's shots.

Flop!

Someone knelt down, their legs trembling, just like sieve chaff, feces and urine flowed.

Emperor Tu Li was beaten by one move?

No one is not shocked, no one is not afraid, they have guessed many endings, many scenes, but never imagined such an ending.

Black sad old man?

People look towards Fu Qiankun, is there such a person in Tianlei City? Why have they never heard of it before, where is the perversion?

What surprised everyone even more was Fu Qiankun's name to Qin Chen. This master who killed Emperor Wu Li with one stroke turned out to be the servant of this young man?

Everyone looked carefully, and they all saw the clues, didn't they? Since this group of people appeared, Fu Qiankun has been standing respectfully by Qin Chen's side, slightly behind, while You Qianxue and Ji Ruyue are standing on both sides. This posture is clearly the maid and servant serving the young master.

As a forbidden area, the Thunder Sea is a holy land in the minds of all the martial artists. Therefore, some top forces and families will also send their disciples to experience and temper their bodies.

And because they are worried about the danger of Thunder City, when the young masters, heirs, or core disciples of these families and forces often come, there will be servants around them to ensure safety. It seems that the pair in front of them should also be from mainland China. People from the top family?

Thinking of this, everyone on the court suddenly started, and everything seemed to be figured out.

Think about it, and only those warriors of the top forces in the martial arts can dare to be so arrogant, even unscrupulous, even the Lieutenant Chamber of Commerce dare to challenge, and only these forces can cultivate such a terrifying young Tianjiao, and let this wait. The strong are slaves.

However, even if these guys come from a big power in the Martial Domain, the previous shots were too overbearing. Although the Liozhong Chamber of Commerce is not well-known in the entire Martial Domain, it is definitely a hegemon in Sky Thunder City, and The major forces in Tianlei City are intertwined, and they are secretly colluding with each other. The other party directly blasted Wudi Tu Li, but it was a bit arrogant and excessive.

The strong dragon still doesn't crush the snake!

Of course, everyone just thought about this, but no one dared to say it to death.

"Now I have killed another Emperor Wu of the Chamber of Commerce in your Lieutenant Chamber. What do you want? If you want to do it, hurry up, we are still in a hurry." Seeing Fu Qiankun killed Emperor Wu with one move, Qin Chen faced Xiong Vice President Miao continued to sneer.

He glanced at Fu Qiankun and nodded in satisfaction. Although Fu Qiankun hadn't said much before, but after the move just now, the name of the old man of black sadness will surely spread quickly. Once the black slave and old man of great compassion hear it, it must be There will be some reactions.

At this time, Vice President Xiong miao looked at Qin Chen in anger, his face flushed, and his heart was surging like a frightening wave.

He wanted to make a violent shot, but was shocked by Fu Qiankun's previous shots. He knew very well the strength of Emperor Tu Li, and he was sure that even if he wanted to kill Emperor Wu with one move, it is by no means easy.

Doesn't this mean that the opponent's strength is still above him.

There was a tremor in his heart. The original fierce and violent face became gentle, and he arched his hand to Qin Chen and said with a wry smile, "Your Excellency has misunderstood. This emperor has no intention of doing anything with you. Here, I just wanted to clarify the situation, but I didn't expect Emperor Wu Li to be so impulsive, so he started directly."

"Oh!" Speaking of this Xiong miao vice president, he couldn't help but sighed, shook his head and said: "Emperor Tu Li has a violent mood and impulsive personality. This emperor has already taught him many times. He told him not to act recklessly, otherwise he will sooner or later. After being taught a lesson, he did not expect that he still did not escape this disaster. It was Emperor Wu Li who did it first. Everything has nothing to do with you. You can rest assured that our chamber of commerce has a foothold in Tianlei City. It is definitely not the kind of unreasonable. The Chamber of Commerce, for what happened just now, Emperor Tu Li can only blame himself, no one else."

"Even if there are still a few things, the emperor won't bother too much. He will leave first. After a few are finished, he can come to our Chamber of Commerce to be a guest. I will definitely welcome him, so as to make the best of the landlord's friendship."

After speaking, Vice President Xiong miao actually arched his hands, turned and left.

This operation completely stunned others.

What's going on?

Just now, this Vice President Xiong miao rushed up vowing to find the trouble of this group of people. Now in the blink of an eye, are they all misunderstanding?

And the other party killed your daughter before? Is this gone? If you also let the other party have time to be a guest, you must sweep the couch to welcome you.

Everyone was stunned by the actions of Vice President Xiong miao. It was the first time that Leicheng had seen such a thing for so long on this day. When did the Liozhong Chamber of Commerce be so embarrassed?

Qin Chen was also taken aback.

They all thought that this Vice President Xiong Miao would jump like a thunder and make a strong shot, but he turned around and ran away. This operation was too irritating.

"This guy is really a great individual, capable of bending and stretching, and very sinister, kid Qin Chen, do you want me to solve this guy directly?" Fu Qiankun looked at the figure of Xiong Miao hurriedly leaving, and transmitted the voice to Qin Chen.

The behavior of Vice President Xiongmao made him a little admired. After finding that their group was not easy to provoke, he switched his painting style directly, able to bend and stretch, which is definitely a personal thing, at least extremely insidious.

"Forget it, if he is acquainted, he is just a mid-term peak martial emperor. Forgive him, he can't play any tricks. The top priority is to save people first. As for this guy, if he really admits defeat, if he wants to get some moths, to it's never too late to kill."

Qin Chen didn't pay attention to Vice President Xiongmao at all. The most important thing for him now was to rescue Xia Wushang and the others.

Under the leadership of Xia Wurou, Qin Chen and his team quickly went to the slave market in Tianlei City.

[Chapter 1974: Shuangxiu Building](#)

Xia Wurou took Qin Chen through a large area of Tianlei City and then came to the slave market.

What Qin Chen and the others saw was a very luxurious building, extremely magnificent and huge, and before the building, there was a huge square. Xia Wurou did not stay in the square, but took Qin Chen and his party with him. He quickly turned into the back of the square and entered a huge hall.

It was the first time that Ji Ruyue and You Qianxue came to this slave market. Seeing this magnificent hall, it was a little weird. Is the place where Tianlei City bought and sold slaves so luxurious? Even compared to the mountain gates of some big powers, they didn't give up any more.

Moreover, the entire hall was extremely huge. They were sure that it was the first time that they saw such a big hall. The top of the hall was covered with various bright stones, making the whole hall bright.

There were so many people in the main hall, the voices were loud and noisy, like a lively market, almost every corner was crowded together.

You Qianxue and the others glanced around and found that this is actually a special trading hall, where all kinds of weird things are traded, such as blood beast blood pills, pill, elixir, and precious soldiers. Various things are very normal. Qin Chen even saw the trading of some Demon Sect treasures, which was as evil as a spirit refining banner.

Tianlei City is an extremely chaotic place.

After walking in, Xia Wurou immediately led Qin Chen and the others into it. After walking a distance in a hurry, Qin Chen and the others finally saw the slave trade.

I saw some iron cages on both sides, and inside the iron cages were a group of slaves with bare arms, one by one tied by a special chain, with numb eyes.

All kinds of scars are all over them, and there are even some welts. Obviously, as long as they are dissatisfied, they will be beaten.

In addition, there are some enchanting women, draped in strands, showing their figures, and they are free to choose.

And here are not only slaves, but also some blood beasts, imprisoned here, roaring and roaring, the strength of these blood beasts ranges from strong to weak, but the weakest, there is also a seventh-order king-level cultivation base, which is very cruel.

This kind of scene made You Qianxue and Ji Ruyue extremely disgusted, and there was even a slave trade in such a place.

Xia Wurou came here, and after seeing these slaves, her body trembled, and a touch of fear appeared on her face.

"It's okay, Wurou, you're okay now." Qin Chen patted Xia Wurou on the shoulder and said softly. He knew that Xia Wurou had seen the scene here and thought of his miserable experience. The experience has definitely been deeply engraved in her heart, leaving her with an indelible impression.

Qin Chen's heart was faintly burning with anger, and he vowed that if he were to let him know who caught Xia Wurou and the others, they would be broken into pieces.

Under Qin Chen's comfort, Xia Wurou's face eased slightly. After she came to the slave area, she looked around. After watching for a long time, she did not find the person she needed to find, and her face suddenly appeared extremely sad. Obviously Xia Wushang and others had already been bought away. Once they were bought away in this hall, there would be no result, only a dead end.

"No, no more," she murmured, her face pale.

Qin Chen patted her on the shoulder and said, "Don't worry, where were you and your elder brother last time? Go to that place first."

After hearing Qin Chen's words, Xia Wurou suddenly realized that she realized that she was too nervous, and hurriedly pulled Qin Chen to the innermost part of the hall.

There are more than a dozen female warriors in a row here, their faces are very beautiful, but their faces are numb, obviously they all know their future fate. And they are all banned, if no one specifically unlocks them, they will never escape.

Qin Chen sighed inwardly. Although he was very uncomfortable seeing this situation, he knew that he could do nothing for the time being. The origins of these people must be the same as Xia Wurou's.

No matter where it is, this kind of thing exists, and there is no way to stop it. According to Qin Chen's temper, if he has enough status and strength, he will absolutely forbid any such behavior, and even the forces that bring people into captivity. It's all gone.

But now he is facing the two great enemies of Misty Palace and Xuanyuan Empire, and in many cases, he can't do anything.

"I must protect the people I want to protect." Qin Chen secretly vowed to rebirth, if he can't protect even the closest people, what is the point of being alive?

"Hey, aren't you the slave I gave to Miss Xiongying of the Laozhong Chamber of Commerce three months ago? Why are you back?" The warrior who sold the slaves was a fat-headed guy, just like a ball. The peak Wuhuang cultivation base, his first reaction after seeing Xia Wurou was that he couldn't believe it. Why did Xia Wurou come back?

More importantly, the people next to Xia Wurou were not the heroes of the Laozhong Chamber of Commerce, and they didn't look like other people from the Laozhong Chamber of Commerce.

They organized some cooperation with the Liaozhong Chamber of Commerce, so they often sent some slaves to the Liaozhong Chamber of Commerce.

Qin Chen suddenly snorted, "Dead pig, who do you say is a slave? Keep your smelly mouth clean."

A terrible breath was released from Qin Chen, and the fat man suddenly felt like a high mountain was pressing on him, even breathing became difficult, his legs creaked.

That Wuhuang fat martial artist was shocked by Qin Chen's cold drink, and did not dare to speak any more. Although he didn't know how Xia Wurou appeared next to Qin Chen, it was a matter for the Laozhong Chamber of Commerce. Since Xia Wurou has already If it is sent out by him, it has nothing to do with their market.

"You said, what about my ninth brother?" Xia Wurou didn't see Xia Wushang and immediately rushed to the fat man and asked urgently.

The fat emperor Wu looked at Xia Wurou suspiciously for a long time, then suddenly asked, "Are you talking about the group of people who were sold with you?"

"Yes, it's them, where are they now?" Xia Wurou asked eagerly.

The Martial Emperor was shocked, and immediately responded, "Among those few people, men have very stubborn tempers and women have mediocre appearances. No one wanted them before, but fortunately, someone actually took a fancy to them a few days ago. They came to place a deposit, and agreed to pick up the goods in these two days, but they haven't taken them away. They heard that the women will be sold to the Shuangxiu Building."

An anger suddenly appeared on Qin Chen's face. Shuangxiu Lou said it nicely, but it was actually a brothel, a place specially used for people who practice special exercises.

[Chapter 1975: Let go of your stinky hands](#)

Once the female warrior enters the Shuangxiu Building, the end will be extremely miserable. Anyone can enter and practice until death.

It can be said that the Shuangxiu Building is countless times more cruel than the brothel.

But what Qin Chen was puzzled was that since the person said that the people in Chendi Pavilion had average appearances, why would anyone sell them to Shuangxiu Building? After all, there are a lot of slaves here, and there are totally more beautiful female slaves.

And if the other party thinks that other beautiful slaves are expensive, so they are looking for ordinary female slaves, then why even Xia Wushang is booked by the other party?

Xia Wurou didn't hear the words of the Fat Martial Emperor, and said quickly: "You hurry up and invite my elder brothers out. We want to redeem them and leave here."

A gleam of joy flashed from the corner of the Fat Martial Emperor's eyes, but he said in embarrassment, "But they have been booked by others, so I can't regret it." How could Qin Chen not know what the Fat Martial Emperor meant, if it was something else. It's a slap in the past, but now Xia Wushang and the others are still in the hands of these guys, immediately sneered and said, "As long as the people are still here, don't talk nonsense.

Now, go and bring people over. As for real stones, I have a lot of them. If a person loses a hair, I will tear down your broken shop. "

The Fat Martial Emperor stopped Qin Chen's words, and immediately replied with joy: "Okay, okay, I'll be sent by someone right away." As for Qin Chen's last half sentence, he directly chose to ignore it. How can Tianlei City be afraid of being threatened by others in the slave business? In Tianlei City, there are many people who want to demolish their shop, but no one has ever succeeded.

Confident, who dares to do slave business in Tianlei City.

What's more, he is just a buddy, their backstage is actually very large, they can almost walk sideways in Sky Thunder City.

The Fat Wuhuang immediately took out the communication jade pendant and sent a message over.

It was only a half-zhuxiang time, a group of people walked in mighty spirits, the leader was a gloomy martial emperor, with a few martial artists, and behind him a group of young men and women who had been restricted.

The Fat Wuhuang immediately went up and respectfully said: "Master General."

"Tongguang, is this the master you are talking about buying these people?" The Emperor Wu coldly glanced at the few Qin Chen.

"Yes, my lord!" The fat Emperor Wu immediately flattered.

"Okay, then I'll watch, you take the people over." The Emperor Wu handed over the people behind him to Fat Wu Huang, and the Fat Wu Emperor hurriedly led them to Qin Chen and the others.

Qin Chen recognized that the person in front was Xia Wushang at a glance. However, Xia Wushang at this time has not looked like he once was excited. His body was scarred and he had obviously suffered a huge setback. Unlike other slaves, Xia Wushang's expression was dull, but there was still a flame in the depths. combustion

, A stubborn, unyielding.

Obviously, his will never yielded.

Now Xia Wushang's cultivation level had reached the middle stage of the eighth stage, and he could be called a young hero, but he was reduced to prison.

And behind Xia Wushang, there were a few people who followed them. The cultivation bases ranged from high to low. The low was in the realm of King Wu, and the high was in the realm of King Martial in the early stage. There were also a few women among them, but those women and Xia Like Wurou, his appearance has been ruined. After thinking about it, Qin Chen understood that the appearance of these

people was also destroyed by themselves. It should be the people who had to destroy their appearance after encountering danger, so as not to end up even more miserable. They wanted to sell her. Impossible to ruin her

appearance.

"Brother Nine..." Xia Wurou immediately ran over crying when she saw Xia Wushang, and pulled Xia Wushang over.

The Fat Wuhuang only smiled when he saw Xia Wurou's movements, and was not worried that Qin Chen would not pay. He hoped to see Xia Wushang and their status as high as possible, so that he would ask for more prices.

Doing business here, his vision is naturally not weak, he can see that Qin Chen's identity is different, especially when Fu Qiankun and others are standing next to Qin Chen, secretly aura, ordinary people will never have.

Otherwise, how could this fat man speak so easily? Qin Chen's attitude alone was enough to make him angry. "Wurou, why are you here?" Xia Wushang was also stunned when he saw Xia Wurou. He looked at Xia Wurou with a worried expression on his face. He knew that Xia Wurou was sent away, and he was always worried. Xia Wurou stood in front of him perfectly, and seemed

The state is not bad, the surprise in my heart can be imagined.

"Brother Nine, you guys, we are here to save you. I will tell you when we go back, everyone is saved. Fortunately, Brother Nine, you are still here. You scared me to death, woo..."

Xia Wurou said that no matter how hard it was to contain the sadness in her heart, she cried out.

"Are you here to save us?" Xia Wushang was stunned, and everyone else looked at Xia Wurou in surprise, but Xia Wushang's face showed doubts, "How can you come to save us?"

Suddenly he glanced at Qin Chen and the others vigilantly, and said angrily at Xia Wurou: "Wurou, don't you say anything?"

In Xia Wushang's heart, how could Wu Rou be able to save them? And how could anyone in this world be so kind, to save all of them for Wurou, a Martial Emperor, not to mention that Wurou's appearance has been ruined. Because the first thing in Xia Wushang's mind was that Wurou sold the Chendi Pavilion. Only by betraying the Chendi Pavilion to forces such as the Law Enforcement Hall, Xia Wurou might let the people from the Law Enforcement Hall rescue them. Ping Xia Wurou can't do it alone

To.

At this time, the others also looked at Xia Wurou in shock and anger. If Xia Wurou came to rescue them after betraying Chendi Pavilion, they would rather die here.

"No, Brother Nine, you misunderstood." Xia Wurou suddenly became anxious.

"Everyone, it's me, you are very good, all very good." Qin Chen felt bitter in his heart when he saw this scene, and immediately spread the voice to everyone.

"You are..." Xia Wushang's body shook, looking at Qin Chen in disbelief, how could this voice be so familiar. "It's me, I'm Qin Chen, I'm here to save you, you all worked hard." Qin Chen said in a low voice, feeling heavy in his heart. These people joined Chendi Pavilion because they believed in him, and he, must To seek justice for these people

.

"Pavilion Master Qin..." Xia Wushang and the others lost their voices, their voices instantly became excited, but suddenly, they saw Qin Chen's Yi Rong face and suddenly closed their mouths vigilantly, but what was the excitement in their eyes Can't hide it.

Qin Chen came to rescue them, and their pavilion master came to rescue them. "Hey, it's been a long time, right? Is it time to pay for the ransom? Otherwise, I will take the person back." The Fat Wuhuang looked at the side for a while, and immediately he laughed. He waved his hand, and those few followed the general manager Wudi

The coming strongmen immediately surrounded them, and they were about to bring back Xia Wushang and a few people, and one of them directly grabbed a disciple of Chendi Pavilion with the hand of one of them.

"Slap!" Ji Ruyue moved in an instant, slapped the man fiercely, and immediately drew him out. "Let go of your stinky hands." Ji Ruyue said coldly.

[Chapter 1976: Magic Building](#)

Ji Ruyue couldn't restrain the anger in her heart at all at this moment. She had always been hot-tempered and rarely felt about other things, but now, she was really angry. On this day, Leicheng actually had this kind of disgusting slave trade, and now it is not only a slave trade, but these people even sell the people under Chen Shao's command to Shuangxiu Building. Ji Ruyue is innocent, but it does not mean that She doesn't know what is

Double repair building.

None of the women who entered the Shuangxiu Building had a good end.

So when the opponent's people dared to pull back the people under Chen Shao's command, Ji Ruyue couldn't help but shoot.

"Huh!" At the same time Ji Ruyue made her move, You Qianxue also moved. She shook her body and appeared directly behind Xia Wushang's group of people. With a buzzing sound, a terrible air of ice filled her body. Then, the ground all around was frozen.

, The outburst of chill almost froze the air.

Obviously, the Fat Martial Emperor didn't expect Qin Chen to dare to do it, and immediately furious with his dark eyes: "You guys, dare you dare to do it here?" The Yin Leng Wu Emperor of the slave power not far away also looked at him. Han, but he did not move. He just stared coldly at this place, looking at You Qianxue and Ji Ruyue with dread, because the breath radiating from them made him feel a little bit of condensation.

He was deeply jealous, and he immediately understood that these people were extremely terrifying in strength, and it was very likely that they were all powerful emperors, otherwise it would be impossible to give him such a heavy pressure. However, the corner of his mouth is outlined with a cold smile, even if it is Emperor Wu? In Tianlei City, no one has dared to provoke them, let alone a small Wudi, even if a giant-level master comes, he has to weigh his own strength.

.

Which one is easy to do slave business in Tianlei City? But he didn't make the first shot. After all, it was just a small conflict. He wanted to see what the other party wanted? What if the person who beat them didn't say anything? And the origins of Qin Chen's people are unknown, like they just came to Tianlei

The warrior of the city, it is better to find out the identity first.

He immediately waved his hand and recruited one of his subordinates. After a few instructions, he asked him to investigate Qin Chen and the others.

I believe that with the strength of their forces, it will not take too long to find out Qin Chen and their origins.

Qiang Qiang! Countless Jin Ge's voices sounded, and a group of powerful men brought by Emperor Yin Leng Wu immediately pulled out their weapons and stared at Qin Chen's group of people viciously, while the one who was flew out covered his face. Spit out a mouthful of blood, staring sinisterly

With Ji Ruyue, she just waited for an order to pounce on her.

Ji Ruyue and You Qianxue looked indifferent and didn't fear this group of people at all. They didn't want to kill before, otherwise how could this group of guys still stand here, I'm afraid they won't even have the opportunity to draw out their weapons.

They are waiting for Qin Chen's order.

The Fat Martial Emperor stared at Qin Chen coldly, with some eagle eyes in his eyes and said: "Your Excellency, do you understand the rules? Isn't it because you want to grab someone?"

He sneered twice, staring at Qin Chen somewhat fiercely: "It's not that I am boasting, if you really dare to snatch, I can guarantee you will never leave here alive."

Qin Chen sneered, just because these people dare to say that he couldn't leave here alive? But he didn't speak, he just glanced at the scene where the swords were drawn, and then glanced at the many powerful men who were attracted to the slave market in the distance, and then he calmly said to the fat Wuhuang: "Let your people retreat. Well, we are here to redeem people, not

Come to make trouble. "As for what happened earlier, it was because your subordinates didn't understand the rules. Since it was a redemption, the price was not discussed, but it was moving. My guy slapped him. That was a lesson for him. Know that you don't have any vision, or you will die later

I don't know how to die anymore. "

"Let's talk about how many real stones did the other party produce before, please quote a price, hurry up, I'm in a hurry."

The Fat Martial Emperor was furious at once, and Qin Chen moved his people, and he was still talking cold words here. He originally wanted to knock Qin Chen and the others, but now he changed his mind and prepared to teach Qin Chen some lessons.

"Hehe, what a big tone, today I will put the words here, if you guys don't explain things clearly, don't want to redeem people." Fat Wuhuang sneered.

At this moment, the person who was assigned to investigate Qin Chen's identity came back. He quickly came to Emperor Wudi, whispered a few words in his ear, and saw that Emperor Wudi's expression changed several times, and he suddenly appeared. Channel: "Slowly."

The Fat Wuhuang immediately turned around in astonishment. I saw that Emperor Wu came up and said faintly: "The price of the double repair building is 1 million high-grade real stones, but you intervened in the middle and moved our people. We need to collect more real stones, so you just pay. One and a half million real stones.

"

Qin Chen secretly sighed and wondered at the same time. He secretly sighed that so many of his subordinates were sold at such a low price. There were only 1 million high-grade real stones. What was puzzled was that the other party had promised to redeem the person, and he thought the other party would do it. of.

He wasn't afraid of these people, but he didn't want to waste time here.

One and a half million high-grade real stones are nothing to Qin Chen. As soon as he lifted his hand, he already threw out a storage ring, "You little bit."

The general manager Wudi didn't even look at it, then nodded and said, "It's okay, Tongguang, the restriction is lifted."

The Fat Wuhuang didn't know why the Master General had suddenly agreed to the other party, but now that the Master General had spoken, he hurried forward and soon lifted the restrictions on Xia Wushang and others.

"Let's go."

Qin Chen nodded, and was about to take Xia Wushang and the others away, when Xia Wushang suddenly said, "Wait, we have one less person, and one of them has already been taken away."

Xia Wushang said to Qin Chen, "We have another person, Zheng Ruohan, who was taken away by their people two days ago!"

Xia Wurou also reacted at this time, realizing that there was indeed one missing person, and suddenly anxiously said: "Yes, Ruohan is not there anymore."

Qin Chen's eyes suddenly chilled, and fell on the Fat Martial Emperor, and said in a cold voice: "Are you kidding me? Is there someone else?"

Suddenly, the darkness in the hall instantly became cold, and everyone felt a palpable pressure spreading, and their bodies couldn't help shaking.

At this time, someone in the crowd recognized Qin Chen, and was immediately surprised: "Hey, isn't this the group of people who killed Emperor Wudi of the Laozhong Chamber of Commerce earlier? Why are there conflicts with the people in the slave market here again?"

The general manager Wudi raised his brows, looked at Fat Wuhuang, and said in a deep voice: "Tongguang, there is one of them?" Fat Wuhuang hurriedly said, "There is another person who has been taken to the Moxiu Building. It was the people in the Moxiu Building who placed the deposit, and they took away the one named Zheng Ruohan, saying that they would try the goods first, and then buy the rest if they were good."

[Chapter 1977: President Lu Sha](#)

Magic building?

Qin Chen's face suddenly changed, how could he be better if he was taken to that place?

He immediately said coldly to the Fat Wuhuang Emperor, "Where is the Demon Repair Building?"

"Master Chen, I know where the Moxiu Building is." Xia Wurou said tremblingly, apparently thinking of the situation Zheng Ruohan might encounter.

Qin Chen couldn't care to speak, grabbed Xia Wurou's figure, and disappeared into the slave hall.

"Let's go too!" Fu Qiankun took Xia Wushang and the others, swish, and stepped out at the same time, and disappeared into the slave hall instantly. The speed was so fast that many people didn't even have time to see how they left. Yes, just a flower in front of me, the person is gone

.

"Fast speed." The general manager Wudi took a breath, and looked at Qin Chen and the others with a solemn face. "Master General, these guys moved our people just now, why are they letting them leave? As long as you inform the organizer, I don't believe these guys can leave alive..." The fat emperor came to the manager Wudi In front of me, a little confused

Asked.

The general manager Wudi glanced at him coldly, "Among those people, one of them should be the slave you sent out before?"

Fat Wuhuang was taken aback, then nodded and said: "Yes, it is a slave we gave to the Laozhong Chamber of Commerce three months ago."

"Then do you know why that woman appeared next to this group of people?"

"Master Manager, do you mean that the other party's backstage is from the Liaozhong Chamber of Commerce?"

The Fat Wuhuang suddenly took a breath of air. The relationship between the Chamber of Commerce and their organization is not bad. No wonder the Master Manager wants to let those people go, and their organization still has to give it a little face. "Idiot, that group of guys killed the daughter of Xiongying, the vice chairman of the Liaozhong Chamber of Commerce, and killed two Wudi including Tu

Li Wudi in the Liaozhong Chamber of Commerce, just for the slave of the one you sent out. Xiong miao, the vice chairman of the Liaozhong Chamber of Commerce, even

She didn't have the courage to avenge her daughter, so she was scared away. "

what?

The Fat Wuhuang was completely stunned, his body was trembling, and he didn't expect such a thing at all. The general manager Wudi sneered: "Do you now know why I let them go? We are not afraid of each other, but for the sake of a few small slaves, is it interesting to offend such a man? If we forced them to stay before under

, I can guarantee that they will definitely kill a few of us immediately? When the time comes, even if the organization takes revenge for us, what good do we have? "

"My lord is wise." The fat Wuhuang felt his legs tremble a little, and he ran through the gate of the ghost.

"Don't worry, with the temper of President Lu Sha of the Liaozhong Chamber of Commerce, this group of guys will never let them go when they slapped the Liaozhong Chamber of Commerce. We just need to wait and see the excitement." The manager Wudi suddenly. Yinyin smiled, "Let's go, the origin of the Moxiu Building is also very mysterious. It only appeared in Tianlei City for nearly a hundred years. It is said that the backstage is very deep. It is better to go and take a look together. One is Jiang Qianglong, the other is entrenched. Tiger den, after all

Which side is stronger? "

When the voice fell, he smiled coldly, and suddenly disappeared here, chasing Qin Chen straight away.

The Fat Wuhuang and others also hurriedly put away the stall, and hurriedly rushed towards the demon repair building.

In Tianlei City, Qin Chen was frightened and angry, and under Xia Wurou's instructions, he quickly went to the Demon Repair Building.

Liaozhong Chamber of Commerce.

"Snapped!"

A heavy slap in the face sounded, and Vice President Xiong Miao, who had been frightened away by Qin Chen and his party, was slapped severely by a middle-aged man wearing a purple robe. The man was majestic, exuding a cold killing intent, coldly looking at Vice President Xiong miao, his eyes were eagles, and the murderous Vice President Xiong miao was quietly like a quail in front of him. , Dare not move, his face flushed

.

By the side of Vice President Xiong miao, there were several people standing respectfully, each with a murderous aura, and their cultivation bases were all at the mid-term peak, with extraordinary momentum.

This group of people are just the other vice presidents of the Liaozhong Chamber of Commerce, and the person who drew the Vice President Xiongmiao is the President of the Liaozhong Chamber of Commerce Lu Sha, and he is also a very prestigious giant in this day. By.

It was under his leadership that the Laozhong Chamber of Commerce became one of the most famous and top forces in Sky Thunder City. This Lu Sha is not only a strong cultivation base, but also very good at being a man. The business of the Chamber of Commerce in Tianlei City is spread all over the city, and it has a good relationship with other major forces. This is also the cultivation base of Lu Sha that is not counted in Tianlei City. Top, but can build a huge

The reason for the Chamber of Commerce.

"One waste, let a few outsiders kill Tu Li, but you didn't take any action, and you ran back dingy, how do you let our Chamber of Commerce in Tianlei City gain a foothold in the future?"

President Lu Sha looked at Xiongmiao coldly. If it wasn't that Xiongmiao was not weak in strength, was a character, and also contributed to the Liozhong Chamber of Commerce, he would have slapped Xiongmiao to death with a single palm.

"Xiongmiao, you have completely lost the face of our Chamber of Commerce."

"Aren't you actively fighting for power with us? You are now dumb?"

"My daughter was killed, so I didn't dare to avenge him. Ha ha, Xiong Miao, is this age alive?"

A round of cynicism sounded, and it was the vice-chairmen who beat down the dog.

"President, it's my fault. Xiongmiao is willing to be punished, but those guys, the cultivation base is not low, please be cautious." Xiongmiao flushed and lowered his head, but he didn't say anything to argue. Say, just admit your mistake.

He looked embarrassed, but he sneered in his heart. These guys were arrogant one by one. When he really met the group of people, he could see if they still had the proud aura.

If he could, would he not avenge his daughter? But Xiongmiao knows very well that if he did it, let alone not avenge him, where he would die. Although revenge is important, how can he be more important than his own life? As long as you can live, you will have a chance to make a comeback sooner or later and lose face

What can it be?

"What a waste!"

"At this time, I am afraid that those guys, if their cultivation bases are not low, can they be better than those who will grow up?"

"It's really a shame to our Chamber of Commerce."

Seeing Xiongmiao's attitude, everyone ridiculed again and shook their heads. This Xiongmiao was really a waste.

"Huh, the shame of the Chamber of Commerce in my Liao Zhong must be washed away. The president has already sent someone to investigate those guys." Lu Sha said coldly. At this moment, a warrior from the Chamber of Commerce walked in. , Said a few words in Lu Sha's ear. "That group of people went to the slave market and rescued a few slaves. Now they are going to the Moxiu Tower?" Lu Sha's body burst into a chill. "Very well, this is an opportunity. Everyone, who would like to accompany me in the past? Long now, let's see what the **** are these people

What is it? "

After Lu Sha finished speaking, several vice-chairmen asked for it.

"Very well, let's go!" The voice fell, and Lu Sha had already rushed to the Moxiu Building aggressively with a group of masters from the Laozhong Chamber of Commerce.

[Chapter 1978: Body of Yuan Yin](#)

Qin Chen naturally didn't know that the people from the Laozhong Chamber of Commerce were also rushing to the Moxiu Tower, but even if he knew it, he wouldn't take it to heart. At this moment, what he worries most is the disciple of the Chendi Pavilion named Zheng Ruohan, as a woman. Once taken to the Moxiu Building

Can there be good results in that place?

And the Fat Wuhuang also said before, Zheng Ruohan has been taken for two or three days, I don't know what is going on now?

Anxiously, Qin Chen passed by like a bolt of lightning in Tianlei City, at an incredible speed. In the Magic Building, Zheng Ruohan was confined on a bed with a look of horror. It has been the third day since she was taken here. She had been imprisoned in a secret room in the Magic Building until just now. Brought this one full of warmth

In the room of ignorance.

The whole room is full of red tones, full of ambiguous breath, the red silk and satin in the room are hanging down, and various spices are burning, which makes people drowsy.

This is a kind of aphrodisiac spice. After Zheng Ruohan came in, her body was faintly hot. At this moment, her face flushed, and an indescribable feeling was growing in her body, as if countless ants were crawling.

But there was no **** in her eyes, only despair and fear. In the three days she was locked up in the secret room, she had seen the fate of too many women like her. These women were taken out in good condition, but after they were brought back, they were bruised and bruised, and they were devastated so terribly that they looked dumb as if they were lost. Average

.

Even some people were still King Wu when they went out, and the Emperor Wu had a cultivation base, but after being brought back, they were already a useless person, lost their vitality, and even became a stiff corpse.

She even saw a person who was sucked dry and turned into a corpse when he brought it back.

This is a magic cave, a magic cave that women all talk about, even not just women. I heard that some big people here have special hobbies and specialize in finding some male companions. Even male warriors here are like a nightmare.

Zheng Ruohan knew that since she was here, she would not be able to go out alive. She heard from other sisters that this Moxiu Tower has a huge background in Tianlei City. As long as it is someone who is caught here, No one can escape.

Zheng Ruohan could have anticipated her fate a long time ago. She thought of committing suicide many times, but here, there was no chance of suicide. They were restrained in their bodies, their true essence was blocked, and they became a lamb to be slaughtered.

It is said that her luck was pretty good. It took a few days after she was brought in. Some people were sent directly to the top.

But this endless fearful waiting made Zheng Ruohan even more desperate and fearful.

"Brother Wushang, I'm sorry, Ruohan will never see you again, I'm sorry." Two lines of tears fell from the corners of Zheng Ruohan's eyes. Before she died, she thought of Xia Wushang, recalling the years of joining the Chendi Pavilion. , She has no regrets, if it were not for Chendi Pavilion, she would not know Brother Wushang, nor

There will be so many good memories. Recalling when she joined the Chendi Pavilion, the moment she saw Xia Wushang, her eyes were filled with Xia Wushang, this handsome, noble, sunny, and hearty prince of the Daxia Dynasty, the number one in the Daxia Dynasty. Genius, there is no air at all, just

Just like an ordinary person.

In Chendi Pavilion, everyone is a brother and sister, everyone is so friendly. But she was born in an ordinary dynasty family. She didn't dare to confess to Xia Wushang, let alone express any emotions. She just liked Xia Wushang so silently and worked hard, hoping to help one day To Xia Wushang, can match

Worthy of Brother Wushang.

Destiny also gave her a surprise and rewarded her. She practiced hard and made rapid progress in her cultivation. Fortunately, she was selected to go to the North Tianyu with Big Brother Wushang. Later, she was selected by the black slave and came to Wuyu.

The past few years with Brother Wushang have been so beautiful.

After a while, she will be ruined by others, and will even face an unknown and miserable situation.

She regrets now, not for joining Chendi Pavilion, but for not confessing to Brother Wushang. She simply thinks that it is lucky to be with Brother Wushang, but now she really regrets that even the hands of Brother Wushang Have not been involved.

"Hehehe, how about letting this young man see today's goods?" A feminine voice rang outside the door, gloomy, like a scraping steel knife, which made people creepy.

Then the door of the room was kicked open, and a pale and feminine man walked in. After seeing Zheng Ruohan on the bed, his face suddenly sank. "I said the old bastard, what you brought to this young man today is this kind of stuff? There are a few scars on his face, how do you let this young man get rid of the mouth?" The feminine man said coldly to an old lady with heavy makeup behind him. , With an angry tone

gas.

"Liu Gongzi calm down, Liu Gongzi calms down." The old bastard hurriedly said with a smile: "Although this girl has been ruined a little, she is the best. If you don't believe Liu Gongzi, take a look at her figure?" "Moreover, this woman The age is less than thirty, and her cultivation base is in the early stage of the eighth stage. Where do you usually find such Tianjiao? What is more special is that this woman is still the body of Yuan Yin, and her bloodline power is also of Yin attribute. , This is the best

Female, the son can be eaten well, most people we don't bring it out, and only VIPs like Liu Gongzi, our Moxiu Tower will come out with such top-quality goods! "The old bastard chuckled.

The feminine man looked over, his eyes brightened suddenly, and as the old bastard said, Zheng Ruohan was top quality except for his appearance. "Hahaha, okay, after the meeting, my son will be comfortable to play, and it will be a great reward." The son Liu laughed and walked up directly, looking at Zheng Ruohan's horrified eyes, and said with a smile: "Girl, don't be afraid. My son will be very gentle afterwards

Your primordial yin has been sucked away, hehehe, the feeling of ecstasy and dying will surely make you fascinated, hehehe. "

Zheng Ruohan looked terrified, but couldn't speak. He looked at the feminine man in anger, his eyes full of absoluteness. "Hey, girl, are you looking for a chance to commit suicide, do you?" Liu Gongzi licked his tongue and smiled gloomily: "My son advises you not to make this idea, because my son has nothing to avoid. Even if you are dead, tsk tsk, the body is still

It's warm, playing with a corpse, it feels like this son is also looking forward to it, quack! "Liu Gongzi laughed in excitement, making Zheng Ruohan's eyes more fearful, and his face pale.

[Chapter 1979: Caught up](#)

When Liu Gongzi untied his clothes excitedly and was about to pounce on Zheng Ruohan, the sky above Moxiu's building flashed, and Qin Chen had already brought Xia Wurou to the sky above Moxiu's building.

"Hey, why are there two people in the sky above Moxiu?"

As soon as Qin Chen appeared, many passers-by outside the Moxiu Building saw him, and they all showed shock.

Somewhere in the Moxiu Building, someone dared to float above their heads. This is disrespectful. Is that person looking for death?

"Wurou, you immediately see if Zheng Ruohan is in this magic repair building." Qin Chen immediately said to Xia Wurou.

Xia Wurou hurriedly diffused her spiritual power, but was blocked by the formation barrier outside the Moxiu Building, and suddenly said anxiously: "Master Chen, I can't perceive the situation in the Moxiu Building."

"Forget it, you tell me Zheng Ruohan's appearance." Qin Chen hurriedly said. There is dirt and dirt in this magic repair building, and Xia Wurou, a simple girl, will inevitably see some unclean things. Will have an impact on her Dao Xin.

Xia Wurou immediately informed Qin Chen about Zheng Ruohan's appearance.

Hum! Qin Chen used the power of the soul, and instantly diffused towards the demon repair building below. Although the demon repair building had a strong protective formation, how could it be able to block Qin Chen's soul? Broke through the defense and infiltrated the Moxiu Building directly

in.

All the rooms in the Moxiu Building were full of scenes of upset phoenixes. All kinds of obscene scenes made Qin Chen feel sick, and even some people of the same **** were mingling with each other and undergoing double cultivation.

These people are almost all magic repairs, and none of them are good things.

In addition, Qin Chen felt a few powerful auras inside the Demon Repair Building, and it was obvious that the master of the Demon Repair Building was retreating here.

Qin Chen ignored them and directly scanned the rooms in the Demon Repair Building.

"Huh? I found it." Suddenly, Qin Chen swept to Zheng Ruohan's room, was overjoyed, and then furious. To my great joy, Zheng Ruohan does not seem to lose his body yet. What is frightened is that there is a feminine young man who has almost taken off his clothes. Obviously he is about to behave against Zheng Ruohan. The frightened expression in Zheng Ruohan's eyes, Qin dust

clear and distinct.

"Looking for death!" The anger in Qin Chen's heart came up instantly. Just when he was about to set out, a few angry shouts rang, and then swish, several figures rushed up from the Moxiu Building.

These are the guards of several Demon Repair Buildings. They saw Qin Chen floating above the Demon Repair Building. They were murderous. They stared at Qin Chen and Xia Wurou and shouted angrily:

"Who is standing above my Demon Repair Building, and immediately get off. "Qin Chen is now focusing on Zheng Ruohan's room, where does he care about the guards of these magic repair buildings? Without a word, he shot it out with a palm, and with a bang, these people burst open and melted. It's blood mist, and then Qin Chen's figure shakes

, Rushed directly to the magic repair building below.

"No, someone made trouble and stopped him."

There were some guards below who were paying attention to this place. They were shocked and hurriedly activated the magic repair building formation. Suddenly an invisible barrier appeared, covering the magic repair building, forming a nine-level formation. However, this ninth-level formation is not

strong. It is just a rudimentary ninth-level formation. Qin Chen, who is furious, could have used his own formation skills to untie the formation, but at this moment he can't care about it. Too much, the palm sticks out, instantly

Pressed down.

Rumble!

The large array rumbling, making a violent explosion, the bright light flashing on it made a clicking sound, and numerous cracks appeared suddenly, and then burst open with a bang.

Everyone in the Moxiu Building was shocked by the shock, and they ran out in horror, but saw Qin Chen's figure swaying, and Xia Wurou had already come to the room in the Moxiu Building. Kicked the door open. The Liu Gongzi inside just took off his clothes, and just tore one of Zheng Ruohan's clothes, he was scared and turned around. Seeing the two guys standing at the door, he was furious and said sharply, "This is the magic repair. Lou, who are you, actually

Dare to come to the Moxiu Tower and want to die?" Ruohan. "At this time, Xia Wurou saw Zheng Ruohan lying on the bed. She saw that one of her coat had been torn off, her face flushed, and her will was a little blurred. At this time, she was blown by the cold wind and she saw the doorway. Xia Wurou, even

I thought I was in a dream.

But then she realized that this was not a dream, and her face was pale and said: "Wu Rou, why are you here? Where's Wu Shang brother?"

She thought that Wu Rou was also caught here, and her heart suddenly became even more desperate. "Don't be afraid, Ruohan, we are here to save you, you are fine, we are here to save you." Xia Wurou hurried to Zheng Ruohan's side and hurriedly put a dress on her, but Zheng Ruohan's body restrained her. Can't solve it, looking at Qin Chen anxiously

.

Seeing all this, Qin Chen breathed a sigh of relief and caught up. He finally caught up. He came to Zheng Ruohan and waved his hand to lift the ban on Zheng Ruohan. At the same time, he took out a nine-tier pill and directly fed it into Zheng Ruohan's mouth. The amazing medicinal power contained in the nine-tier pill was immediately removed. Spring in Zheng Ruohan's body

As soon as the medicinal toxins were emptied, the whole person came clear. That Young Master Liu looked at this scene in anger. Now he also understands what happened. Obviously, the friend of the woman he was about to attack came to save people. His heart suddenly became furious. What happened to the Moxiu Tower? Ghost, he is here

Buying a jolly one, let people break in. Isn't it possible that even the customer's safety is not guaranteed? "Who are you two, do you know who I am? Get out of here right away, otherwise, I want you to look good." The Liu Gongzi shouted at Qin Chen. He grew up so old that he hadn't received it before. Shame, about to act

I was interrupted in time, this kind of anger can be imagined. "Garbage!" Qin Chen didn't even look at the Liu Gongzi, and slapped him with a backhand. Suddenly a powerful force was about to envelop the Liu Gongzi, and the Liu Gongzi moved even under Qin Chen's momentum. Can't move, seeing Qin Chen The power was about to kill him, and a terrible imperial energy suddenly burst out of his body.

"boom!"

A powerful phantom rushed out of the body of Young Master Liu. It was a majestic mid-term peak Martial Emperor. He stared at Qin Chen and shouted coldly, "Who dares to kill my son?" Then Young Master Liu was overjoyed. It was his father who was in him. There was a divine mind clone left in his body. At this moment, his heart was full of fear. If his father hadn't left a divine mind clone in his body, he would definitely be dead now.

, The opposite person is going to be unlucky. Under his father's divine mind clone, the kid will undoubtedly die. "Boy, don't kneel down yet." Liu Gongzi's horror disappeared on his face, and he shouted proudly in an instant.

[Chapter 1980: Two major forces siege](#)

Qin Chen's eyes were cold, a mid-term peak Martial Emperor also pretended to have a large head of garlic in front of him, and with a cold snort, a terrifying killing intent immediately wrapped the Martial Emperor phantom. "What?" The Wudi Xuying made a sound of fright. Before he could react, he was torn apart by the terrifying killing rules. After that, Qin Chen didn't stop, and the power of the endless rules permeated, and Young Master Liu's face was frightened. , Bang bang

Cracked, there is no bones left.

Qin Chen brought Xia Wu and Ruohan and Zheng Ruohan to the door of the room, only to hear the sound of breaking through the air, a famous expert suddenly appeared in the Moxiu Building, cold and murderous, staring at Qin Chen angrily.

"Who are you, dare to be wild in my Moxiu Tower." The leader of the few people was an early Wudi, and immediately screamed.

"In your demon repair building? Humph, today Young Master will not only run away, but also destroy your demon repair building." Qin Chen said in a cold voice. In the early days, Emperor Wu was furious when he received the news of Qin Chen's trouble. Now he heard Qin Chen's rants saying that he would destroy their Demon Repair Building. No matter where he could bear it, he couldn't see Qin Chenxiu. For, but look at Xia Wu and Zheng Ruo

Han is only Emperor Wu, and Qin Chen wouldn't be too high when he wanted to come, so he immediately offered weapons to attack Qin Chen.

Qin Chen only raised his hand to kill the emperor of this early stage with a fist, and the power of the rules was diffused, and several emperors of the emperor next to the emperor of that early stage were also instantly shattered, with no bones left. Seeing Qin Chen slaughter in the Moxiu Building, killing the masters of the Moxiu Building, many warriors and women in the Moxiu Building screamed and looked at Qin Chen in shock. The Moxiu Tower is quite famous in Tianlei City, and it actually has

People dare to hit the door, this is too ridiculous. "The place where the dirt is hidden, it should be destroyed." Qin Chen raised his head and glanced at the Demon Repair Building with cold eyes. He patted it with a palm, and with a bang, the entire Demon Repair Building structure burst into pieces in an instant. Was blasted open a huge hole, revealing

Face of the sky.

Qin Chen's punch was still deliberately holding back his strength, otherwise all the people in the Demon Repair Building would die under this punch.

Qin Chen took Xia Wurou and Zheng Ruohan into the sky instantly.

call! And at this moment, Fu Qiankun brought Xia Wushang and a few people here. In fact, the speed of Fu Qiankun was not much slower than Qin Chen, but he had to bring Xia Wushang and others, but it was It's a bit slower, but Youqian still arrived

Xue and Ji Ruyue.

"Little dust, this is the Demon Repair Building?" You Qianxue and Ji Ruyue saw the Demon Repair Building below, and saw the dirt and dirt, their eyes immediately revealed the intent to kill. They naturally treated the Demon Repair Building. Very disgusted.

Xia Wushang and the others looked at Zheng Ruohan in surprise, and said excitedly: "Ruohan, are you okay?"

"Brother Wushang!" The moment Zheng Ruohan saw Xia Wushang, he flew into his arms, and the troubles and helplessness just disappeared completely. She burst into tears and burst into tears. "Ouu, Brother Wushang, I thought I would never see you again, uuuu..." The tears in Zheng Ruohan's eyes couldn't stop at all. If she could, she would rather not think about anything, just think Leaning in Xia Wushang's arms, although she doesn't

Knowing what happened, but she felt that even if she was dead now, she was dead without regret.

"Ruohan." Xia Wushang also looked at Zheng Ruohan excitedly. In fact, this little sister-in-law woman also has a faint love in his heart, so he asked Qin Chen to rescue her for the first time. Now he heard Zheng Ruohan cry Sound, Xia Wushang only feels

He feels like a knife, he blames himself, if he has enough strength, Ruohan won't have to suffer so much.

At this time, the roar here has already alarmed many powerful people around, and they gathered around, all looking at the Qin Chen in the sky in shock.

These people looked like some foreign warriors, but these guys dared to do something in the Demon Repair Building, and even blasted the Demon Repair Building directly. These people simply don't know the depth.

If the Moxiu Tower was so easy to fight, it would have been impossible to establish a foothold in Sky Thunder City long ago.

Sure enough, before Xia Wushang and the others fell excitedly, a few terrifying auras rose up, and several powerful men flew out directly from below the Moxiu Building. These people are obviously Wudi strong men. In addition, from various places in Tianlei City, a famous strong man flew over. These strong

men exude a cold breath, staring coldly. Qin Chen turned out to be in the mid-term, even the mid-term peak

Emperor Wu of the peak.

Finally, a warrior wearing a black robe flew over, his face shrouded in a pitch-black mask, and his whole body exuded a cold air that made people feel cold.

"Original."

Seeing this person, many powerful people in the Moxiu Tower bowed and saluted, with pious faces.

hiss!

Everyone sucked in air, and that person turned out to be the owner of the Moxiu Tower. It is rumored that the owner of the Moxiu Tower was the giant Emperor Wu. Moreover, this person has a deep background and rarely shows up. It is unexpected that he was also shocked today. The owner of the Moxiu Tower led a group of Wudi from the Moxiu Tower, and surrounded Qin Chen and the others tightly. Their eyes were very cold, like a wild wolf on the wasteland, like a vulture in the sky, staring at him. The prey, bite the hunt

The flesh and blood of things. "Several courageous people, dare to move my magic repair building. It seems that the old man hasn't appeared for a long time. No one knows the reputation of my magic repair building." A gloomy voice sounded, giving people a very harsh feeling. Resounded in the heaven and earth, icy cold

"Are you the host of the Moxiu Building?" Qin Chen looked at the host of the Moxiu Building coldly, frowning, and this person gave him a very uncomfortable feeling.

Qin Chen's eyes were cold, and he said coldly: "Today, this major will erase your Demon Repair Building. From today onwards, this kind of dirt-holding place will not appear in Tianlei City."

"Hahaha." The host of Moxiu Lou laughed, he hadn't seen such a ridiculous thing in many years.

"These guys are so courageous. I didn't expect that even the poster of Moxiu Lou was alarmed." At this time, President Lu Sha of the Liozhong Chamber of Commerce also arrived with a group of Xiongmiao and saw the scene in front of him. Some are secretly surprised. The origin of the master of this Demon Building is very mysterious. After he appeared in Sky Thunder City, he wanted to build this Demon Building, but he was suppressed by many forces in Sky Thunder City. Who knew that the master of Demon Building was born in Sky Thunder City. Out of more than a dozen magic repair buildings,

Even the top few of Tianlei City have come forward, and later this magic repair building was established.

Therefore, many forces in Tianlei City know that there is a great background behind the Demon Repair Building. "Guild Master, why don't we go forward right now, and together with this Demon Repair Building, destroy these guys? Otherwise, when the Demon Repair Building takes the initiative, we won't have our chance." The vice president said hurriedly, for fear of Qin

Chen was killed, and they had no chance to shoot.

"Hahaha, the master of magic repair, it's been a long time since I saw this, how about I kill one?"

Lu Sha obviously agreed with the vice president's words, and he laughed straight out, walked out of the crowd, and surrounded Qin Chen with the people from the Chamber of Commerce. Suddenly, the people of the two major forces surrounded Qin Chen and his entourage to besiege them.
