

Valkyrie 1981

[Chapter 1981: One](#)

"Is President Lu Sha also interesting to these guys?" The host of the Moxiu Building looked at Lu Sha suspiciously. The relationship between himself and the Laozhong Chamber of Commerce didn't seem to be so good. "The Moxiu poster does not know. These guys previously killed Emperor Wu of the Chamber of Commerce in my bureau. The old man has been looking for them. Now it is hard to find the magic repair building. How can we let the magic repair poster specialize in Mei and Qian?" President Lu Sha said with a smile.

During this process, Qin Chen and the others didn't even glance at them. In his eyes, Qin Chen and the others were already a group of dead people.

With the cooperation of the Chamber of Commerce and Moxiu Building, these foreign guys could turn the sky over. Amidst the laughter, people from the Moxiu Building and the Liozhong Chamber of Commerce surrounded Qin Chen and his party. The two giants, Wudi, led a group of mid-term peak Wudi and ordinary Wudi strong, surrounded Qin Chen and the others. Layer, outer three layers, can be

It is said that there is no way to go into the earth. This scene made the faces of many people around them sighing. These outsiders have the strength to come, and they must be the powerhouses of a top force in the martial arts. Unfortunately, I don't know that the sky is high and the earth is thick. I am proud of myself

However, dare to mobilize the Chamber of Commerce and Moxiu Building.

These are the two giants in Tianlei City. Even some of the old forces in Tianlei City dare not offend them. They can only say that these guys are still too young. Chic is chic, but they also cut off their own way of life. .

And the Yin Leng Wu Emperor and Fat Wu Emperor of the slave market were also in the crowd. Seeing this scene, the corners of their mouths all made mocking smiles.

They had anticipated this ending a long time ago. Outsiders didn't know how to converge in Tianlei City, and sooner or later they would be crushed by kicking the iron plate.

Where did Xia Wushang and the others have seen such a scene? So many powerful people surrounded them, and the aura that escaped was like a huge mountain pressing on them, making them almost out of breath, each trembling, and their faces pale.

"Little Chen!" They both looked at Qin Chen reproachfully. They were not afraid of death, but they felt extremely bitter in their hearts when they thought that Qin Chen was so tired. "Don't worry, just a few jumping clowns, just stand aside and watch them carefully." Qin Chen smiled at Xia Wushang and the others, then gently turned around and said to Fu Qiankun: "Hei sad old man, leave these guys to you Up. "

"Yes, Master Chen." Fu Qiankun's face turned dark, he wanted to say if he could stop calling him Black and Sad Old Man, the name was really ugly.

Therefore, he can only vent his depression on the group of guys in front of him.

"Master Chen, did you kill all these guys?" Fu Qiankun said lightly.

Qin Chen nodded and said, "It turned out to be rubbish, so naturally I didn't leave any of them. What is the **** still?"

Damn, these guys are mad, right?

Everyone is speechless. At this time, these guys are still pretending to be forced, haven't they seen the situation clearly? Now that the host of Moxiu and the chairman of the Chamber of Commerce are here, they don't want to beg for mercy, so they are still acting here.

It seems to be completely hopeless.

"Hahaha, what a big tone, this emperor wants to see, what are you..." A vice president of the Liozhong Chamber of Commerce really couldn't help it. He laughed and looked at Fu Qiankun mockingly. Are idiots still delusional?

Fu Qiankun Zhengchou couldn't find anyone to start. Hearing the voice of the vice president's laugh, his figure moved quickly. Boom, his figure flashed, like lightning, and appeared in front of the vice president. .

Huh?

Before the vice chairman's words fell, he saw Fu Qiankun's figure flashing, a flower in front of him, a figure had appeared in front of him, and at the same time, his palm was quickly grabbing at him.

What a fast speed. He was shocked and hurriedly urged his true essence to resist, but it was too late. As soon as his vigorous true essence was urged away, Fu Qiankun's palm had already pierced his true essence shield, and he made a pop. This person's true element shield is in Fu Qiankun's hands

As fragile as an eggshell, he was caught and exploded in an instant, and at the same time Fu Qiankun's palm had penetrated his chest.

With a chuckle, the blood surged, Fu Qiankun's palm penetrated through the opponent's back, and on Fu Qiankun's palm, the real element film was enveloped, and the blood of the vice president dripped from Fu Qiankun's palm, and it was never stained. A trace of Qiankun's skin.

"Didn't you laugh very happily? Why don't you laugh now? Are you dumb?" Fu Qiankun said lightly.

"Gluck..."

The man stared at his eyes, his eyeballs protruding, his eyes were full of fear, watching Fu Qiankun, his throat kept rolling, but he never said a word, like a duck caught in his neck.

Then, he burst open, blood mixed with minced meat splashed on the true essence shield in front of Fu Qiankun, and it was splashed.

"One!"

Fu Qiankun murmured.

The others around looked stupid, their bodies trembling, and they never expected that Fu Qiankun's strength would be so terrible. In a blink of an eye, he killed a vice chairman of the Chamber of Commerce.

It's ridiculous, the former vice president was still mocking each other, but in the blink of an eye, he himself died.

"Kill, kill him!"

"court death!"

After the shock, the sound of boundless anger sounded, and the members of the Chamber of Commerce in the Chamber of Commerce were all angry. One by one, they rushed forward.

"It's good to come, I've passed one by one." Fu Qiankun chuckled lightly, as if entering the land of no one, pouting, he shot at will, wherever he went, someone would fall and be bombed directly, without a fight back. Power.

Strong, too strong.

He is like a ruthless **** of death, frantically harvesting the powers of the Chamber of Commerce and Moxiu Building among the bureaucrats, and the powers of these two powers, no one is his enemy at all, even the deputy of the mid-term peak Martial Emperor level. The president is the same.

Fu Qiankun's attacks were plain and dull, but they easily beheaded and blood flowed into rivers.

Everyone was stunned, trembling with shock and anger at the scene before them. The giant Wudi, the mysterious man in black is definitely a giant Wudi strong, otherwise it would never be possible to easily break through the defenses of those mid-term peak Wudi. The servant who has been following the young man obediently, calling him the young master, is actually a giant. Wu

emperor.

An unprecedented shock. The most shocking thing was Vice President Lu Sha and the host of Moxiu. The two did not expect Fu Qiankun's strength to be so abnormal, causing no reaction for a while, and when the two recovered, Fu Qiankun had already attacked. Killed their two major forces

Many of the strong.

"You're looking for death!" Lu Sha was furious and couldn't care about anything else. A true half-moon bowl appeared in his hand. After it was activated, the true half-month bowl suddenly covered Fu Qiankun with a dense red slaying light. .

[Chapter 1982: Who the **** is](#)

As soon as Lu Sha shot his hand, endless killing intent burst out of the void, and the power of the rules turned into a long river, frantically rolling over against Fu Qiankun. The two major forces that Fu Qiankun shot before suddenly felt that the pressure was greatly reduced, and their hearts were beating wildly. The guild leader finally took the shot. If it is later, they don't know what to do. They even have a feeling that if the guild grows grown ups

If they don't make a move in time, they will probably die in Fu Qiankun's hands in an instant.

In the crowd, Vice President Xiong Miao also let out a long sigh. He was really frightened before. He had known that the other party was so terrible. Why did he have to follow the President, fortunately, Lord President made a move in time.

Lu Sha had seen Fu Qiankun's move before, and knew that he was definitely an extremely terrifying powerhouse. He didn't dare to neglect at all. With his full shot, the power of the Banyue Bowl was even more astonishing. The Moxiu poster who was watching from the side was also secretly surprised. He was already prepared. Once Lu Sha's attack brought harm to the man in black, he immediately flanked the man in black, killing him and Lu. The combined strength, no matter how strong the giant Wu

The emperor could hardly resist his combined attack with Lu Sha. "Hehe, I didn't look for you, but you came to me. Anyway, take you down first." Fu Qiankun chuckled. The coercion of the rule that can easily obliterate the mid-term Wudi is over him, and he is not afraid. Between raising your hands, a regular road has been

He held it in his hand and threw it straight out.

The avenue of rules was thrown out like a weapon. What a terrible scene. That avenue of rules exploded the void directly, so shocked that Lu Sha directly sacrificed a khaki shield, and the breath of the earth appeared on him. Before you.

This shield is one of his treasures, with amazing defensive power.

But Lu Sha soon felt that something was wrong, his shield was sacrificed, but it was slowly flying like a feather in the sky. At the next moment, he felt his own rule field rupture every inch. When he reacted, he found that he had entered the opponent's rule avenue. The whole body seemed to be in a quagmire, even if it was moving.

Very slow.

At this time, the sky of rules of the other party had already swept over, and Lu Sha was shocked. If this goes on, he will be crushed by these rules of roads.

The opponent's strength completely exceeded his expectations, this was not only the cultivation base of the giant Emperor Wu, but even the cultivation base of the peak Emperor Wu.

Lu Sha couldn't care about anything else, burning his blood crazily, trying to escape from Fu Qiankun's regular space.

"Bang bang bang..." An astonishing muffled sound was heard, and the Mo Xiu landlord who was watching from the side discovered that the red killing mans radiated from the Lu Sha Banyue Bowl were all blocked by the regular barrier in front of Fu Qiankun, densely red. Killing mans keeps skyrocketing, but not right

Fu Qiankun caused the slightest harm.

Lu Sha couldn't hurt Fu Qiankun at all, but Fu Qiankun's road of rules smashed directly into Lu Sha's body.

After Lu Sha burned his essence and blood, he barely broke free from Fu Qiankun's space rules, but was rolled up by Fu Qiankun's road of rules without any follow-up power. With a bang, Fu Qiankun's Dao of Rules slammed on the khaki shield in front of Lu Sha. The shield made a loud noise, and countless dense cracks appeared on it, and then Fu Qiankun was crazy again. Down

, With a bang, this time the khaki shield in front of Lu Sha directly exploded. Numerous fragments were blown out and scattered in all directions. Then the amazing road of rules was like a chain that wrapped Lu Sha into it. .

The regular killing array has been formed. Even if Lu Sha has great abilities, he is still unable to return to the sky at this moment. "Puff puff..." Several sounds sounded, and blood arrows surged in the air. Lu Sha watched as his body was torn apart by the force of endless rules. When the murderous intent of the rule road continued to wreak havoc from his body, Lu Sha finally realized that he had kicked the iron plate, but it was too late. Anymore, he only

I can watch the endless regular power fill his body and tear his body apart. "Senior, be merciful, I..." Lu Sha hurriedly shouted with horror on his face. He was full of regret and wanted to ask for love. The things here had nothing to do with him, but he rushed forward abruptly. And magic repair

The original poster hasn't done it yet, but he did it first, and the panic and regret in his heart can be imagined. It's a pity that now he regrets it and can't do anything about it. How could Fu Qiankun care about Lu Sha's begging for mercy? The terrifying true essence diffused out. Completely torn apart, even Even his soul was strangled by Fu Qiankun and disappeared into this world.

Fu Qiankun stretched out his hand, and a storage ring fell out of his palm. Then he smiled coldly and said: "This is the prestigious Chairman of the Chamber of Commerce in the Chinese Communist Party? But that's it!" Everyone stared blankly. Lu Sha, who turned into a cloud of blood, the cold sweat behind him came out of thin air. Lu Sha, a late Wudi giant, the president of the Liazhong Chamber of Commerce, has never been afraid of anyone in Tianlei City, and he also made friends with Tianlei City. Strong

Or, in Tianlei City, which force does not give much face to the Laozhong Chamber of Commerce?

But such a ruthless person, the top martial emperor who was talking and laughing with everyone before Ban Zhuxiang, was killed by the man in black with just a few tricks. This is simply terrifying.

And the other party is just a servant of that young man, so what is the origin of that young man? No wonder he dared to be so arrogant, with a servant close to the peak of Emperor Wu, who could walk sideways in most places in the mainland.

Where did this group of people come from? It's too bad. The host of Moxiu was also taken aback. He originally wanted to use Lu Sha to trap him while he was trapped. But who knew that with Lu Sha's cultivation base, he couldn't even stop the opponent for a moment. , Was killed just between several tricks

He didn't expect such a result at all.

"Who are you guys on earth?" The host of Moxiu immediately said coldly, and there was even a trace of solemnity in his voice, which was no longer the initial ease.

"Who are we, do you have anything to do with you?" Fu Qiankun sneered. He could see that the reason why the demon master can remain calm is because the demon master's strength had to be killed by him before. Kill above. If Lu Sha is a general late-stage giant Wudi, then the Moxiu landlord is definitely close to the peak of Wudi, and his strength is more than that of Lu Sha.

[Chapter 1983: Extinguish](#)

But Fu Qiankun didn't care at all, because he didn't show his full strength when he killed Lu Sha before. With his current cultivation base, even if his injury has not yet healed, no one in the world can draw with him. Many, and among these people, this magic repair poster is definitely not included.

So after Fu Qiankun sneered, he immediately grabbed a ruled road and drew it toward the Moxiu host as a whip.

"Do you think you can do whatever you want by killing Lu Sha?" The host of Moxiu was furious, and a terrifying pressure was suddenly released from his body, and layers of dark demon energy quickly diffused out, instantly moving towards Fu Qiankun Swept over.

"This is... the demon energy of the alien demon..."

Qin Chen was still looking at him leisurely, but his expression suddenly changed at this moment.

Is the opponent a stranger?

No, Qin Chen carefully sensed the past, and finally found that although the opponent's demon qi was very similar to the alien demon, it was not from the alien demon, otherwise Lao Yuan should have discovered it in the first place, and he would not be unconscious.

His kind of devilish energy, on the contrary, is very similar to the kind of devilish energy that was born after the warriors of the Tianwu Continent had cultivated the alien demon clan exercises, but it was not the purest alien demon clan he had cultivated in the ancient south. The exercise method is a kind of magic energy similar to the exercise method improved by a different soul master.

In this way, the opponent is very likely to have a relationship with Misty Palace.

Qin Chen couldn't help taking a breath. If that's the case, doesn't it mean that there is also the eyeliner of Misty Palace in Thunder City this day?

Qin Chen gave a wink.

This is not impossible, and the possibility is still great!

With the insidiousness of Misty Palace, how could it not plant one's power in Sky Thunder City? But Tianlei City is too important after all. If Misty Palace dared to force control, it would inevitably be targeted by the major forces in the mainland, so it is very likely that some experts will be secretly sent to control Tianlei City, and this magic repair building Obviously, it is very likely to be an organization established by Misty Palace in Leicheng on this day.

In this way, I accidentally started to find out the organization that Misty Palace secretly arranged in Thunder City on this day?

When Qin Chen's heart was stirring, Fu Qiankun also felt the ferocious demonic energy emanating from the host of Moxiu, and endless anger suddenly appeared in his heart.

"A person from the Misty Palace?" His eyes were cold, and his heart was extremely cold. After being tortured in the Misty Palace for more than two hundred years, what he hates most now is the alien demon, the people of the Misty Palace. Although there is no such master in front of him. Speaking of his identity, but Fu Qiankun has already understood that this person must be inextricably related to the Misty Palace, and is most likely a person from the Misty Palace.

Thinking of this, Fu Qiankun couldn't stand it anymore, booming, he urged the thick and ruled avenue, like a **** of war, and smashed down like a **** of war, and saw that the terrible rules and avenues turned into heaven. It is also similar, covering the world and the breath that escapes, causing everyone to change color and retreat one after another.

This is simply terrifying. In these scenes, like the end of the day, the sky above Tianlei City is roaring and rumbling, like the collapse of the sky.

Bang bang bang!

Under Fu Qiankun's violent smash, the Moxiu poster kept retreating from being smashed, and blood spurted out of his mouth. No matter how lingering and rising in front of him, he couldn't resist Fu Qiankun's violent blast. Fried.

how can that be?

The host of Moxiu roared with a face of disbelief. His strength was already close to the peak Martial Emperor, and he was slammed by the black man in front of him with no power to fight back. Who was the opponent?

He was furious, and then roared. In his body, the endless blood bloomed and exploded, and the power in his body was still rapidly soaring. In a short period of time, it doubled.

He is burning his blood, performing forbidden techniques, and trying to deal with the world.

But it's useless. Fu Qiankun's condensed avenue of rules seems to condense the most terrifying power between the world and the earth. No matter how much he resists, it won't help. He is constantly vomiting blood and his bones are cut off, which is painful and unbearable.

"My Lord, he..."

"How could this be?"

The people in Moxiu Tower and Laozhong Chamber of Commerce were dumbfounded, and they couldn't believe what they saw before them. Their host was actually hung and beaten like a chicken, which was amazing.

Especially Vice President Xiongmao, at this time, his heart is full of fear and regret. He knew the strength of Fu Qiankun before, so why did he follow along like an idiot this time? Isn't he looking for death?

"Go, go quickly."

In this atmosphere, everyone couldn't hold back anymore and turned around to run.

But how could Qin Chen let them run away?

"All killed." Qin Chen said indifferently towards You Qianxue and Ji Ruyue in a cold voice.

"Yes, Master Chen."

You Qianxue and Ji Ruyue said respectfully, and at the same time they had already killed them.

The two shot at lightning speed, how did those Wudi powerhouses of the Moxiu Tower and the Laozhong Chamber of Commerce resist the two shots, and they were beheaded one after another, blood flowed.

"I played it with you."

There were a few mid-term peak Martial Emperors furious, and they rose up to fight against You Qianxue and Ji Ruyue. However, Ji Ruyue and You Qianxue were not afraid at all. They joined forces, and in an instant, blood was flooded. The people fell one after another.

The two of them walked between the heavens and the earth as if they were killing gods, and their lives were harvested one after another.

Ji Ruyue came in front of Vice President Xiongmao. Vice President Xiongmao looked terrified and said in panic: "Don't... don't kill me, I have no intention of confronting you."

Ji Ruyue sneered: "Since you have already left, why bother to come back?"

As the voice fell, the sword light lit up at the same time, snorting, Vice President Xiongmao was penetrated by the terrifying sword energy, and his whole body burst into pieces.

On the other side, the host of Moxiu struggled fiercely, but he couldn't avoid Fu Qiankun's shots. After fighting dozens of moves, he was held in his hand by Fu Qiankun, blocking the true essence in his body, and could not move at all.

"Let go of me." The host of Moxiu stared at Fu Qiankun in anger and said.

"Noisy!"

Fu Qiankun raised his hand with a slap. He twitched back and forth, and suddenly slapped Fu Qiankun dozens or hundreds of slaps. When he pumped it straight, his cheeks swelled up and he passed out.

Only then did Fu Qiankun respectfully approach Qin Chen, and said respectfully, "Master Chen, what should I do with this person?"

"Take it home first." Qin Chen said coldly.

For those ordinary people who escaped, Qin Chen didn't bother to chase him, and raised his hand to catch the photo to the magic repair building below.

The dull sound of 'boom boom' continued, the Demon Repair Building within a radius of tens of miles was completely destroyed by Qin Chen at an extremely fast speed, and the magnificent Demon Repair Building turned into ruins.

That's not even counted, Qin Chen's real yuan hand turned into a large shovel dozens of miles wide, and directly shoveled down, all the things on the ruins were shoveled by the real yuan shovel. And after the big shovel shoveled up all the things on the ruins of the Demon Repair Building, it poured directly into the void.

When the big shovel disappeared, everyone would never see anything on the Demon Repair Building. I don't know where Qin Chen fell to the ruins, all the people can see is an extremely smooth flat ground.

"Ben Shao said that if the Demon Repair Building is destroyed, then the Demon Repair Building will be destroyed." After finishing this, Qin Chen said cheerfully.

The warriors watching around were even more frightened and sucked in air-conditioning. This was a real leveling, without warning, without reservation.

[Chapter 1984: Establish Black Order](#)

Think about how beautiful the magic repair building was when the host of the magic repair building was established in Tianlei City. How many powers came to congratulate and how many people came to cater? However, this scenery was only a hundred years old, and the Demon Repair Building of Sky Thunder City was truly levelled off.

It is of course necessary to bring justice to the warriors of Tianlei City, but for Qin Chen, his greater purpose of destroying the Demon Xiu Tower is to remove the power and nails of the Misty Palace built in Tianlei City, since This magic repair building was arranged by Misty Palace, so he had to remove this magic repair building from Tianlei City.

The enmity between him and Misty Palace is simply unending, and there is no room for relaxation on both sides.

Moreover, Qin Chen also inquired that this magic building was able to be established in Sky Thunder City back then, and there was a force behind it. Qin Chen had a guess that this magic building was not the only power of Misty Palace in Sky Thunder City. , It is very likely that there will be a more powerful force in Thunder City on this day.

His purpose of destroying the Demon Repair Building was also to draw out the power of Misty Palace.

However, Qin Chen also believed that even though he had destroyed the Moxiu Tower, the news came back to the Misty Palace, Shangguan Xier would not come forward because of this, because once Misiu Palace intervened, the matter would be complicated. , It will inevitably arouse the attention of the major forces in the mainland, and it is not a good thing for the current Misty Palace.

After shoveling the demon repair building, Qin Chen did not leave. The true essence shovel in his hand was split again, and the flat ground of the demon repair building was immediately divided into two halves. In the next moment, the true essence hand that Qin Chen stretched out was born. Rows of secret rooms were grabbed from the ground.

Even after these secret rooms were captured by Qin Chen, they were still protected by restrictions, and they couldn't see what was inside.

Qin Chen only waved his hand a few times, and the ban on these secret rooms was cut off instantly, and at the same time the secret rooms were also blasted open, and the contents inside were clearly revealed in broad daylight.

There are only girls who are **** like Zheng Ruohan, and there are also many arrogants who look extraordinary.

"Isn't that the Mengqing manager of our Tianfeng Chamber of Commerce? She suddenly disappeared ten years ago. I thought she had left, but I didn't expect to be locked in the secret room of the Moxiu Building."

"Ah, why is the female elder Mu Sulou being locked up here?"

The secret room was broken by Qin Chen, and the people inside were completely clearly seen. For a while, shocked voices kept sounding, and the meridians and true essence of those in the cell were locked and could only be seen with their eyes. Look, he suddenly appeared under the bright light, and was stunned.

Qin Chen's soul power has long been aware of these scenes, so he has known these conditions long ago. The people detained in the secret room are definitely not all slaves like Zheng Ruohan who seem to be bought, and some seem to be clearly identified. Women who were not weak in status were all imprisoned, and there were even some men with extremely handsome faces. Qin Chen immediately guessed that these people were most likely the people who were looted by the Demon Xiu Tower from this day of Thunder City. After it was released, it really did.

These people are all casual cultivators of Sky Thunder City, but some of them are characters from the major forces of Sky Thunder City, which immediately aroused the anger of countless forces.

Unexpectedly, Moxiu Tower had robbed so many people in Tianlei City in recent years. It was a heinous crime and he would die.

Suddenly, countless powerful men flew across the crowd, and they rescued the people in their power one after another, and then stared angrily at the host of the Moxiu Lou who was being lifted by Fu Qiankun, and at the same time was full of gratitude to Qin Chen.

Before, they were indignant at Qin Chen killing the Demon Xiu Building and the Laozhong Chamber of Commerce at will, but now this indignation is completely gone, and some are just endless gratitude.

Qin Chen also released the restrictions on the remaining warriors who were not rescued, and then clasped his fists to everyone present: "What kind of person is the Demon Repair Building? I don't think I need to say more about it, everyone. I have seen it all. Let such a force continue to stay in our Sky Thunder City. It is the disaster of our Sky Thunder City. Today, Major General Ben destroys this Demon Repair Building, but Shao Ben believes that the Demon Repair Building is in this Thunder City. There are also branches. If you righteous people are willing, you can join hands with this young master to destroy this demon repair building in order to return the bright and clear sky of Thunder City."

"This young man said that the Demon Repair Building should be destroyed."

"Unexpectedly, this Demon Repair Building is an ordinary double repair building on the surface. It turned out to be such a place to hide dirt and filth. It secretly robbed so many people in our Sky Thunder City. This is only this Demon Repair Building. , There may be people in other magic repair buildings."

"For so many years, how many innocent people have been framed by this Demon Repair Building in Tianlei City?"

Righteously on the field immediately, they all shouted angrily, and some forces immediately organized manpower to level the remaining magic repair buildings.

People are like this, but when things are not about themselves, they hide faster than anyone else, but once their own interests are involved, they will be more positive and angry than anyone else.

But now even the host of the Demon Repair Building has been captured by Qin Chen, and there are almost no masters left in the remaining Demon Repair Building. Who doesn't want to seize this opportunity to beat down the dog?

"Okay, but when I ask you to wipe out this demon repair building, keep that piece of land. When this young man came to Tianlei City, there was such a disturbance, and he couldn't bear it and decided to build it in this demon repair building. Set up a black cultivator, here, any warrior can come and go free to practice, and can conduct consultations on any medicine and bloodline, in order to give back to everyone in Tianlei City."

Qin Chen said loudly.

Black Order?

Everyone was a little dazed, what is that place?

Moreover, this name sounds a bit too weird, and it is almost the same as that of the Magic Building.

Moreover, the other party said that any consultation of medicines and bloodlines can be conducted here. This is too much.

You know, although Tianlei City is very terrifying, the strong are like clouds, but there is no branch of Dan Pavilion and Bloodline Holy Land here. It is a chaotic place, but it is also a pure land. It seems that the major forces have a kind of invisible. The agreement does not develop here.

This led to the disorderly state of Sky Thunder City.

But with so many powerful people in Sky Thunder City, which one doesn't need medicine, and which one doesn't need to improve bloodline? But there is no pill pavilion and bloodline holy land. The alchemy power and bloodline force here are some ordinary masters. Some ordinary pill buildings and bloodline holy places have been established here, but compared with the outside world, they are far behind.

This has also led to many warriors in Tianlei City and even Leizhou who want pill and bloodline improvement, so they can only run out of Leizhou and go to other states.

Hearing that Qin Chen was about to establish a power of alchemy and bloodlines now made the crowd confused, it was also extremely shocked.

[Chapter 1985: Skyscanner](#)

"You may not believe Ben Shao for the time being, but soon Ben Shao will build the first building where this magic repair building is located, and then you can come over and buy the pill."

"The reason why I named this place the Black Order is actually that although the warriors of our Sky Thunder City are extremely powerful, they are like a forgotten group of people in the martial arts, a group of forgotten people. Martial artist, that's why this major named this place as the Black Xiuhui."

"I hope that one day, Tianlei City, as a top power, can appear in any place in the martial arts without being looked down upon by anyone."

In Qin Chen's view, Leicheng is indeed a force worthy of wooing on this day. There are too many powerful people here. Although many of them are from the major forces in the Martial Domain, there are also many casual cultivators.

If such a force can be united, it will inevitably form an extremely terrifying force.

And Qin Chen has a second purpose, that is, since Misty Palace is planting nails here, he is deeper than the nails that Misty Palace has planted. In this way, Misty Palace's plan will inevitably fail, which is also a great loss. .

And the reason why Qin Chen named it the Black Order was because when he and the black slaves went to the Black Death Marsh of the Dawei Dynasty, there was a power outside the Black Death Marsh that was the Black Order. In Tianlei City, as long as you hear the names of the Black Order and Old Man Black Sad, you will surely guess that it is related to yourself, and you will definitely come.

Qin Chen's words immediately caused a huge wave in the crowd.

Qin Chen looked so young and unreasonable, and the servants around him could kill President Lu Sha in such a simple way and capture the master of the Moxiu Tower. How could he be an ordinary Tianjiao no matter how young he was?

Where did this young strong come from? It's too bad.

In this way, once what he said succeeded, it would definitely be a blessing to Sky Thunder City.

Therefore, as soon as Qin Chen and the others fell, they attracted a crowd of people, and the Yin Leng Wu Emperor and Fat Wu Emperor in the slave workshop in the crowd secretly left here.

These guys even dared to kill the chairman of the Chamber of Commerce in the Lieutenant Chamber, and even dared to destroy the Moxiu Building. If they saw them, there might be a disturbance.

But before they left, a figure had already appeared in front of them, who else could it be Qin Chen?

Qin Chen looked at the two and asked faintly: "The two slave workshops had previously imprisoned Ben Shao's friends, and now they are running here again. Could it be that they want to take advantage of Ben Shao's fight against Laozhong Chamber of Commerce and Moxiu Building? When you secretly attacked Ben Shao? Picking up a cheap one in the back?"

"And you, Ben Shao remember that you wanted to teach Ben Shao a lesson when you were in the Slave Square before?" Then Qin Chen looked at the Fat Martial Emperor again with a faint murderous look in his eyes.

Emperor Nayin Leng Wu was agitated, and his heart suddenly groaned. As for the fat Emperor Wu, he was sweating all over his body, and his back was soaked with sweat.

They sneaked away because they didn't want Qin Chen to find himself and find his own mold, but he didn't expect that the other party would still find it. If the other party really wanted to use this to make a fuss, use the other party to kill the chairman of the Chamber of Commerce and capture the demon. Repairing the poster's power can easily kill them, and no one will do it for them.

They are definitely dead.

Emperor Yin Leng Wu could no longer control his cold sweat, he regretted, why did he offend such a person? Fortunately, the decision he made earlier was still correct. He offended the other party without being in the slave workshop. As for the Fat Wuhuang, he was shaking like a sifting chaff.

However, he saw that Qin Chen did not act on himself as soon as he came up, thinking that there should be room for relaxation, so he hurriedly hugged his fists and saluted Qin Chen before saying: "This young man, I was reckless before. I even imprisoned Young Xia's friends, but please don't get me wrong. Our slave workshop will never capture normal warriors casually. Those of your friends are sold to our slave workshop by other people. In other words, this is also what our slave workshop did wrong, and we are willing to compensate the young heroes for all the losses."

Although Qin Chen was angry, he did not intend to kill this Yin Leng Wudi. The Tianwu Continent was originally the weak and the strong. Even if he killed the opponent, he could not change the fact that the strong on the Tianwu Continent was respected, and could not change the fact that the weak would be captured as slaves.

He can destroy this one, but there will inevitably be another slave workshop. He can't destroy it at all.

Moreover, Qin Chen knew very well that this force could do the slave business in Sky Thunder City, and behind it was absolutely intricately related to the major forces in Sky Thunder City. He had previously killed the chairman of the Chamber of Commerce in Liaozhong and destroyed the Moxiu Tower. , If this slave workshop were to be destroyed again, once it caused Tianlei City's resistance, this would not be a good thing.

But it is still necessary to teach the other party a lesson.

Just when Qin Chen was about to ask the other party to pay compensation, Xia Wushang suddenly said: "Master Chen, although this adult's slave workshop arrested us, it did not abuse us too much, and they belonged to Tianlei. The city's slave agent, the bandit who captured us back then, should be a cooperative relationship, not a subordinate of this family."

Qin Chen couldn't help but glanced at Xia Wushang with admiration. This Xia Wushang should have figured out what he meant, so he deliberately said this, and never thought that Xia Wushang had fully grown up with the **** these time.

Sure enough, after hearing this sentence, Emperor Wu Yin Leng was overjoyed. He immediately said, "Master Chen, your friend is right. Our slave workshop and those bandits are just a cooperative relationship. Don't worry, at the beginning we always remember the group of bandits who sold your friend to us. Don't worry, our slave workshop will give the young man an explanation."

"Oh?" Qin Chen narrowed his eyes, but said nothing.

"Hahaha, Shaoxia Chen should stop joking with the juniors of our slave workshop." At this moment, a loud laugh suddenly sounded, the crowd dispersed, and suddenly a burly man who looked bold and horrible appeared on the court. The breath is obviously a giant Wudi.

By his side, there were also a group of Wudi strong men, each with extraordinary aura.

"Vice President." Seeing the visitors, Emperor Yin Leng Wu and Emperor Fat Wu were overjoyed and hurriedly came forward to salute.

The burly man gave them a cold glance and cursed: "The guy who doesn't know what is good or bad, even offended Master Chen, go away."

He kicked the two away, and then came to Qin Chen and laughed: "This Master Chen is indeed a handsome young man. It is the first time for Ge Hongsen, the vice president of the Xiatian Tour, to be in Tianlei City. Seeing such a handsome young man like your Excellency, I heard that my Skyscanner has offended you, so I took the liberty to come to apologize, and also ask Master Chen to have a large number of adults, and don't have the same knowledge as the few guys from my Skyscanner."

He smiled and said, his eyes were brilliant, his aura on his body was strong, and he was obviously another giant Wudi powerhouse who was close to the peak of Emperor Wu like the master of the magic repair.

[Chapter 1986: Zhu Yan Dan](#)

Qin Chen was secretly shocked. Lei City was really powerful this day. A strong man who came out was a giant of the late Martial Emperor. How could this be possible in other forces?

Reaching out without hitting the smiling face, Qin Chen squinted his eyes and said lightly: "Your Excellency is the person in charge of this slave workshop?" "The person in charge is not the person in charge, they are actually the same, but these two are indeed Ge's subordinates and follow Ge. You have a lot of time. I hope Master Chen can grow up a lot and let them go. Of course, please don't worry, Master Chen.

One of the top powers in Tianlei City will definitely not let Young Master Chen suffer. "In this way, I heard that Young Master Chen wants to establish a black congregation at the location of the Demon Repair Building. My Skyscanner is willing to contribute money to build this black congregation for Young Master Chen. Power, just a building, you don't need it

It takes three days to build everything up. It is much more convenient than Master Chen trying to find a solution by himself. I wonder what Master Chen wants? "Ge Hongsen laughed heartily, and he opened his mouth to build the building of the Black Order for Qin Chen. At least it can be said to be full of sincerity. After all, let Qin Chen handle it himself. In a place like Tianlei City, it is not enough. Know how much time it takes

And energy. "Of course, in addition to establishing the Black Order for Young Master Chen, we are also willing to cooperate with Young Master Chen in business. Our Sky Xun Association's business not only spreads across the entire Sky Thunder City, but is also one of the best in Leizhou. Want to be able to give

Young Master Chen has brought a lot of help. As for the two of you, you will supervise the establishment of the Black Order and make amends for these few people. Did you hear that? "

Ge Hongsen glanced at the Yin Leng Wu Emperor and Fat Wu Emperor again. The two hurried forward and said in fear: "Yes, the vice president." Then they walked to Qin Chen and said respectfully: "Master Chen, please also a lot of adults. Don't wait for my general knowledge. I will try my best. , Established a black repair for Master Chen

meeting. "

The two of them are members of the Skyscanner, and they are usually considered to be quite high in the Thunder City. This is the first time that they are so low in front of people, but now Vice President Ge ordered them so, they naturally dare not have the slightest Rebellious.

What's more, if Qin Chen insists on killing them, with the strength that the group of guys in front of him have shown before, even if Vice President Ge Hongsen makes a move, it may not be effective. Only by asking the President of the President to come forward can he suppress them. But it's been a long time since the guild leader appeared in Sky Thunder City. It is said that all the masters of the other top forces have entered the sea of thunder. Qin Chen wants to kill him, he really has no way, although he is now Wronged, but

Compared with Xiaoming, what can that little grievance be? Establishing the black cultivator at the shortest speed is what Qin Chen cares about most at the moment. What's more, Qin Chen has heard about this in his previous life. It is definitely one of the real Big Macs in Sky Thunder City. The president of the Skyscanner must be the peak martial emperor strong

, As for how strong the cultivation base really is, you may not know if you haven't played against it, but at least it is at the level of the ancestor of the Ji family.

And as a whole, Sky Thunder City, its top powers must have something to do with it. If you want to destroy the Sky Excursion Society, it will never be as simple as dealing with the Laozhong Chamber of Commerce and the Moxiu Building. So Qin Chen laughed without hesitation, "Hahaha, Vice President Ge is really bold, so that Chen will be disrespectful. As for these two, it seems that Vice President Ge's face is not here. Don't care about it, otherwise, take Chen's spleen

I'm afraid it's hard to say. "

Yin Leng Wu Emperor and Fat Wu Emperor heard the cold sweat, this Young Master Chen was really arrogant. Hearing this, it is obvious that if Vice President Ge does not show up, he will kill himself together. Fortunately, Vice President Ge is here. . Ge Hongsen squinted his eyes, then laughed, "Young Master Chen is really proud, I don't know if Young Master Chen has time? Ge wants to invite Young Master Chen to my sky tour meeting." Ge Hongsen immediately after seeing Qin Chen agree. He clasped his fists again and said to Qin Chen

. "Thank you, Vice President Ge. Chen has other things, so he won't go to the Skyscanner. Chen is here to experience Thunder Sea, but for the time being, he will stay in Tianlei City for a few more days. If something happens, Vice President Ge can come to our inn to find

I. "

Qin Chen knew that with Ge Hongsen's status and status, it was easy to find himself in Sky Thunder City. Now he had just received Xia Wushang and the others, and he didn't have the leisure time to go to the Sky Excursion.

Ge Hongsen didn't say much, he wanted to make friends with Qin Chen, but since Qin Chen said so, it would be the same if he came back to Qin Chen in two days, anyway, their Skyscanners would help the other party establish a black cult.

Ge Hongsen thought of this place and just wanted to leave. The message jade slip on his body suddenly lit up. Ge Hongsen picked up the message jade slip and looked at it. His complexion immediately changed, and he stepped out, faster than Qin Chen. Of course Qin Chen saw Ge Hongsen leaving in a hurry, but he didn't care. He took Fu Qiankun and others to prepare to destroy the Liaozhong Chamber of Commerce first, but when they arrived at the Liaozhong Chamber of Commerce, they knew that Lu Sha had died. Chamber of Commerce has already done

The birds and beasts are scattered.

No one was willing to stay in the Laozhong Chamber of Commerce and wait for death, all fled, and even wiped out everything in the Laozhong Chamber of Commerce.

Qin Chen didn't care about this, because most of the things of the Chamber of Commerce in Liozhong were stored in Lu Sha's storage ring.

Qin Chen and others did not stay in the Laozhong Chamber of Commerce, but instead found a top-notch inn in Sky Thunder City.

After doing all this, Qin Chen finally settled down and called out a group of Xia Wushang.

After Xia Wushang and others were rescued, they were all extremely excited. They all thought that they were bound to die this time, but they didn't expect to be able to come out alive. This kind of excitement was naturally irrepressible.

"I'll heal your injuries first." After being captured for so long, several people have accumulated a lot of dark diseases in their bodies, but for Qin Chen, such injuries are simply caught.

After only a few hours, the injuries of Xia Wushang and others were healed by Qin Chen, and all of them were full of energy.

"Thank you Chen Shao." All of them knelt down excitedly.

"Get up all." Qin Chen hurriedly helped several people up, because he couldn't help them, but Xia Wushang and the others were so grateful for them, and Qin Chen couldn't help feeling sorrow.

"Here are some Yan Yan Dan, which can eliminate the injury on your face and restore your original appearance." Qin Chen then took out some Yan Yan Dan and distributed them to Xia Wu and Ruohan Zheng Ruohan. All of Xia Wurou's bodies trembled with excitement, and excitedly took the pill.

[Chapter 1987: Black Order is built](#)

The girl didn't care about her appearance. When she was disfigured, they couldn't do anything about it. The pain in her heart can be imagined. Now she heard that her appearance could be restored, she was all extremely excited, and even cured them better than Qin Chen.

The injury is still more exciting.

What surprised Qin Chen was that Xia Wurou did not swallow the Zhuyan Pill at the first time, but carefully preserved the pill.

Ji Ruyue wondered: "What are you guys?" As a girl, she feels like Xia Wurou and the others. Shouldn't she swallow Zhuyan Dan for the first time at this time? Why put it away?

Qin Chen also looked over in confusion. Xia Wurou bit her lip and said: "There is little dust, we can't recover our appearance yet. When we were forced to hide under the order of the slave slaves, we didn't know how detailed the investigation of us by the Law Enforcement Hall was. Palace of Law Enforcement

After knowing our appearance, we are now back to the original state, which brought annihilation to the Black Society, so we can't take this Yanyan Pill for the time being. "

Xia Wurou said firmly, and Zheng Ruohan and others nodded solemnly.

Qin Chen also understood what Xia Wurou and the others meant. This was because he didn't want to be burdened by their exposure. He was stunned for a while, not knowing what it was like.

He only knows that there are more things he needs to protect in this life.

He stared solemnly, nodded solemnly, "Don't worry, I promise, there will be a day when you will restore your appearance." Xia Wurou and the others are not unreasonable. Based on Xia Wurou's cultivation skills, even if it is taught Yi Rongshu, it's hard to be fake in front of the real top powerhouse, but now the face after being destroyed does not need to be disguised, it is the safest

Full protection.

Qin Chen asked Xia Wushang some more questions about black slaves, but Xia Wushang, like Xia Wurou, had no news of black slaves at all. He only knew that the agreement was that everyone would meet here.

Qin Chen couldn't find out anything, so he let Xia Wushang and the others rest.

"Kid Qin, what kind of black cult do we really need to establish in Thunder City this day?" Fu Qiankun couldn't help asking after Xia Wushang and the others retreated. Qin Chen nodded, "Of course, Thunder City is an excellent hiding place this day, and the Demon Repair Building is obviously inextricably related to the Misty Palace. If it can develop here, it will also be useful to us against the Misty Palace. A lot of benefits, then this

The Black Order will be handed over to you. With your bloodline accomplishments, you can definitely start the Black Order's reputation and become the top bloodline force in Thunder City this day. "

"I..." Fu Qiankun was speechless, his dignified former president of the Holy Land of Blood, naturally no problem, but Qin Chen is too cool to be the shopkeeper?

However, Fu Qiankun also knew that he was not so eager to enter the Sea of Thunder. He had been tempered in the Sea of Thunder twice. The top priority now is to heal his injury and restore his own cultivation base. The rest must be placed behind. .

"Let's interrogate the master of the magic repair house, and see how much power the Misty Palace has here." Qin Chen said coldly, and in the next moment, he and Fu Qiankun and others have entered the jade disc.

When Qin Chen interrogated the master of Moxiu, the entire Tianlei City had spread what happened today in the Moxiu Building and the Laozhong Chamber of Commerce.

Both the Laozhong Chamber of Commerce and the Moxiu Tower are among the top forces in Sky Thunder City, which will naturally cause a sensation, and Fu Qiankun's killing of the leader of the Laozhong Chamber of Commerce Lusha and the owner of the Moxiu Lou is even more rumors.

The news became more and more outrageous. In the end, it became that Fu Qiankun stretched out his true Yuan hand and easily pinched Lu Sha, and captured the Moxiu host. But in any case, at least two things are true. The first Lu Sha was killed, the Liozhong Chamber of Commerce was completely destroyed, the second Moxiu building was also destroyed, and the master of Moxiu was captured, and his life and death is unknown. And the few who killed President Lu Sha, currently live

In Xiuyue Inn.

And the names of the Black Order, Young Master Chen, and Old Man Heibei quickly spread in Tianlei City. In the jade disc of good fortune in the universe, Qin Chen and others could not ask anything from the master of Moxiu, nor were they able to figure out what kind of alien demon exercises the master of Moxiu was practicing, and the other party had a misty palace in his mind. Restraining power, Qin

Chen couldn't even search for souls.

But the only thing that is certain is that the Demon Repair Building is indeed one of the nails laid by the Misty Palace in Tianlei City, and it is not the biggest nail. There is definitely a greater force behind the Demon Repair Building. Since there was nothing to ask from the host of the Moxiu House, Qin Chen had set his target on the Vice President Ge of the Sky Excursion Club. As one of the top forces in the Sky Thunder City, the Mo Xiu Tower was originally To gain a foothold in Tianlei City, if any

If the forces are pushing behind, they will surely know something with the position of the Sky Excursion Association.

So Qin Chen was going to find an opportunity to ask Vice President Ge Hongsen.

But before Qin Chen came to the door, three days later, Vice President Ge Hongsen came to the door himself, and the Black Order had been established.

Standing at the door of the Black Order, even Qin Chen had to sigh that the speed of the Sky Excursion Association was fast, only three days, and an extremely magnificent and luxurious building had been built in the place where the Demon Repair Building was originally built.

The entire building has nine floors, towering in the Thunder City on this day, even a bit more domineering than the original Demon Repair Building.

The Emperor Yin Leng Wu and Emperor Fat Wu who were on the tour that day stood aside respectfully. For these three days, they did not rest for an hour and worked day and night. Finally, the project was completed within the three-day period. .

"Young Man Chen, what do you think about the building of our Skyscanner?" Ge Hongsen said with a smile. "Yes, Vice President Ge is interested." Qin Chen is really satisfied. The ability to build such a magnificent building in such a short period of time has greatly exceeded Qin Chen's expectations. Instead, Qin Chen faced Vice President Ge. I have a good feeling, relentlessly

thank. "Shaoxing Chen is polite. In fact, once the Liaozhong Chamber of Commerce fell, I also made a lot of money from the Skyscanner." After the Liaozhong Chamber of Commerce was destroyed, many industries in it were secretly swallowed by Ge Hongsen. On these words, his sky tour will not

Loss, but also earned a lot.

Now that the Black Order had been built, Qin Chen and his party also moved out of the inn and directly moved into the Black Order. Of course, before moving in, Qin Chen also conducted some investigations, and indeed there were no hands or feet inside. The Tianxunhui also sent the Buddha to the west. Not only did the building have been built, but all the furniture in it was also ready. It was complete. There was no need for Qin Chen and the others to worry about it. Qin Chen only needed to open it. .

[Chapter 1988: Sealed Land](#)

However, Qin Chen didn't plan to do it himself. His purpose in coming to Sky Thunder City was to enter the Sea of Thunder, but he met Xia Wushang and the others and planned to have a little accident.

The reason why Qin Chen stayed here was actually to wait and see if the black slaves would find him.

Now three days have passed, but the black slave hasn't been found yet. Qin Chen is quite disappointed in his heart, but he also knows that he can't delay any longer. After two days, he has to enter Lei Ting after leaving everything to Fu Qiankun. Of the sea. Qin Chen invited Ge Hongsen to the Black Xiuhui. After the two parties exchanged greetings for a while, Ge Hongsen took out a cyan wooden box and pushed it in front of Qin Chen, "Young Man Chen, this is my Skywalker meeting with Young Man Chen. A little bit of meaning, please collect Shaoxia Chen

under. "

Qin Chen was a little strange. The Skyscanner had already set up a black cultivator for himself. Why did he give himself something after seeing him this time? Did he want to join the Skyscanner? If Qin Chen did not establish a black consortium, Ge Hongsen wanted to invite Qin Chen to join the sky patrol guild, that is natural, but Ge Hunsen clearly knew that Qin Chen had already established a black cultivator guild, obviously it was impossible to join the sky patrol guild. Why did you give it away

oo?

There was a restriction on this cyan box, but the restriction was very simple. Qin Chen's soul power penetrated the restriction of the jade box at will, and he could clearly see the contents inside.

In the cyan jade box was a thin green knife, like a flying knife, very delicate and delicate, turned out to be an emperor soldier, and also an ancient emperor soldier.

Qin Chen is a master craftsman, not someone who has no knowledge. He knew that this thin green knife was not trivial when he swept his soul power. He couldn't help but shocked why Ge Hongsen would give such a precious gift.

The ancient emperor soldiers are not something that ordinary people can send out. Even the worst ancient emperor soldiers can be preserved to the present. It is also an extremely rare thing. Even if it is a force like the Skyscanner, such treasures will not be too many. Of course, Qin Chen possesses the mysterious rust sword, the ancient emperor's sky thunder sword, and treasures such as the Zhenmo Ding, the Qiankun Jade Plate, and so on. There is not much shock to a thin sword. What he doubts is why Ge Hongsen Will suddenly give myself such a

Treasure, this is ten times, a hundred times more rare than establishing a black order.

"What does Vice President Ge mean? Since the Tianxun Society has established a black cult for Ben Shao, then the grievances between the Shao Ben and the Tianxun Club have been cleared. Vice President Ge will give Chen this something, Chen I'm afraid I can't bear it." Ge Hongsen was taken aback. Qin Chen didn't even open the jade box, saying that the gift couldn't bear it. What does this mean? To say that Qin Chen's spiritual power can penetrate the jade box's prohibition, he still couldn't believe it. Ge Hongsen would not have thought that Qin Chen used soul power.

, Qin Chen couldn't help this prohibition.

So he thought that Qin Chen would open the jade box to take a look, but when he did, he didn't expect that Qin Chen would not even open the jade box and said that he couldn't stand it. This was obviously a direct rejection.

Ge Hongsen immediately handed over and said: "Young Man Chen, there is an ancient imperial soldier, which was obtained from the Thunder Sea by my Sky Patrol Club. This time I gave it to Young Man Chen, just wanting to make friends with Young Man Chen. I also ask Young Master Chen not to dislike the simplicity." After speaking, Ge Hongsen looked at Qin Chen's performance. He believed that any warrior would not be able to sit still as long as he heard the ancient imperial soldiers, but what disappointed him was Qin Chen's. There is no movement in his expression, it seems that the ancient imperial soldier is on the street

You can buy it everywhere.

Qin Chen couldn't help being silent, even Fu Qiankun, Ji Ruyue, and You Qianxue beside Qin Chen did not move. Although they were surprised that Ge Hongsen suddenly sent out an ancient imperial soldier, they were not very concerned about the ancient imperial soldier itself. Fu Qiankun used to be the president of the Holy Land of Blood. What treasure hasn't been seen? And Ji Ruyue comes from the Ji

family, her exclusion sword itself is the ancient imperial soldier, and it is also the outstanding one among the ancient imperial soldiers. As for You Qianxue, she was the core younger brother of Misty Palace.

Son, don't care about the ancient imperial soldiers.

So they were surprised, but there was no shock on their faces.

This made Ge Hongsen extremely disappointed. Qin Chen sneered in his heart. He didn't believe that Ge Hongsen would be so kind. The Skyscanner was able to stand proudly in Tianlei City for so long, and it was definitely a force full of blood and blood. Originally has a relationship with the Liaozhong Chamber of Commerce

Yes, as soon as the Liaozhong Chamber of Commerce fell, the Tianxun Association couldn't wait to harvest the Liaozhong Chamber of Commerce's industry.

Will such forces give away anything casually? Qin Chen couldn't understand the truth of the so-called no merit and no reward, and after accepting people's things, they must do things for them.

Seeing that Ge Hongsen was about to speak again, Qin Chen raised his hand to stop him, and said directly: "What exactly does Vice President Ge want Chen to do? Just ask, if Chen can help, if it can't help, then I can only say sorry." If Qin Chen didn't want to develop in Tianlei City in the future, run a black cult and wait for the black slaves, Qin Chen would have refused directly. Ge Hongsen is the vice president of the Skyscanner, and he helped himself before, but now he refuses directly.

Not suitable.

Seeing this, Ge Hongsen flashed helplessly in his eyes, and had to say again: "Young Man Chen, are you coming to Sky Thunder City this time to enter the sea of thunder?"

Qin Chen nodded, there was nothing to hide, almost 99% of the foreign warriors came to Sky Thunder City to enter the Thunder Sea. But it has nothing to do with the other party sending him ancient emperor soldiers?

"Then the origin of this sea of thunder does not know Young Master Chen knows?" Ge Hongsen asked again.

When Qin Chen heard Ge Hongsen talk about the origin of Thunder Sea, he was suddenly a little puzzled. The origin of Thunder Sea is a mystery in Wuyu, and no one knows. Ge Hongsen said that, does he know?

If this is the case, then Qin Chen is really interested. Seeing Qin Chen seemingly interested, Ge Hongsen immediately said: "The origin of the Sea of Thunder has always been a mystery before. For countless years, the powerhouses of Tianlei City have been exploring the secrets of the Sea of Thunder. This sea of thunder

A lot of things have been unearthed in, there are many remaining imperial soldiers and relics. Some people once suspected that this place was a very prosperous place before the ancient times, and it was not even the center of the Martial Domain. "

Qin Chen and Fu Qiankun looked at each other, suddenly a little speechless, the center of the Martial Domain? Ge Hongsen really dare to say. Seeing that Qin Chen didn't believe him, Ge Hongsen

immediately said: "Young Man Chen may not believe it, but in fact it is very possible. In the past few hundred years, our strong men in the Thunder City have discovered more and more from the sea of thunder. Some special relics of ancient times were even discovered. Three years ago, our Tianlei City also found a sealed place in the Thunder Sea."

[Chapter 1989: Shengjing](#)

Sealed land? Qin Chen and Fu Qiankun looked at each other. One of them had been reborn for three hundred years, and the other had just gotten out of trouble. They didn't know anything about what happened in many places in the Martial Domain in the past two to three hundred years. Could it be that they were silent? During these years, Ray

What incredible thing was really found in Ting Zhihai? Ge Hongsen went on to say: "The one who discovered this sealed land was a pinnacle martial emperor master in my Tianlei City. His name was Duan Zixin. That martial emperor was also an eighth-level sage emperor. He said that the seal was The earth is a space seal hidden in the sea of thunder

Deep down, it is almost impossible to be discovered. "

Qin Chen glanced at Ge Hongsen, and said lightly: "Since it is a space seal, it is almost impossible to be discovered, how did you discover that Duan Zixin?"

With the formation level of Qin Chen's level, he certainly understood what a space seal was. A space seal could not be discovered by ordinary warriors, and normal people would not be able to see it when passing by the space seal.

Not to mention an eighth-level imperial-level formation mage, even if a ninth-level imperial-level formation mage is standing before the space seal, it may not be able to tell. Ge Hongsen quickly explained: "It is also extremely coincidental that Duan Zixin can discover the space seal. He has been in the Thunder Sea for too long and he has hallucinations. He sacrificed a real treasure to attack the hallucinations. At that time, he was also with him. Two Sky Thunder

The city is quite famous San Xiu Wudi. "The three of them entered the Sea of Thunder. The original intention was to let Duanzi build a void mine-clearance formation and temper the body in the formation, so when they discovered Duanzi's new behavior was wrong, they stopped his behavior at that time. Duan Zixin has been in an illusion for a short time

, And soon wake up. Then he said that when he sacrificed a real treasure attack just now, he actually encountered a slight spatial fluctuation. Qin Chen frowned. Under normal circumstances, Emperor Wu's attacks in places like the Thunder Sea cannot cause spatial fluctuations at all, because the Thunder Sea is full of terrible thunder, and that piece of novel can actually perceive spatial fluctuations.

This is obviously abnormal.

However, a pinnacle martial emperor has not mastered the laws of space, but has only comprehended a trace of the profound meaning of space, plus the illusion was born before, it is not impossible to have an illusion, it does not mean that it must have encountered a space seal. Seeing that Qin Chen seemed a little skeptical, Ge Hongsen even accelerated his speech and said: "The two Wudi who were with Duan

Zixin at that time didn't believe it very much. They doubted whether Duan Zixin had hallucinations, but Duan Zixin continued to sacrifice real treasures. Attack, sure enough

This space seal was looming under his attack. "After the news came back, Gongsun Zhe, the president of my Sky Excursion Club, immediately felt unusual, so he went to check the seal in person with the leaders of the other top forces in Sky Thunder City. It was indeed a spatial seal. And that's just

The tip of the iceberg sealed in the entire space. "Later, President Gongsun and several other powerful powers jointly inspected the sealed place and discovered that there was an ancient ruin in the seal, and the power in it was very terrifying, even beyond the guild leader themselves. the power of

. "

Speaking of this, Ge Hongsen had a horror on his face: "You must know that the guild leaders are at least the peak martial emperors, and the power in the ruins is more terrifying than the guild leaders. How terrible is this?" Qin Chen was silent. More terrifying power than the president of the Skyscanner? If it is true, it is indeed shocking. After all, the peak Emperor Wu is already at the limit of the Tianwu Continent, and a powerhouse like Shanguan Xier who is close to a half-sage

The entire continent is very few, only a handful.

But there is such a place, what did Ge Hongsen say so much to himself? I'm afraid to hide it well. Seeing Qin Chen's silence, Ge Hongsen said: "Because this seal is of great importance, the controllers of the major forces in our Sky Thunder City have all been dispatched to understand this seal. Once this seal is truly beyond the Holy Land. Strength, this is a great blessing for our entire Tianwu Continent. Maybe Chen Shaoxia doesn't believe that after the great masters of our Tianlei City teamed up, they actually broke the seal a bit, and that seal There is a legendary holy crystal, I

President Gongsun Zhe of the Skyscanner even suspects that there is a holy vein in this seal..."

"Holy crystal? Holy vein?" Qin Chen could no longer calm down, and suddenly stood up.

Although the sealed land made Qin Chen curious, it was only curious, and could not attract Qin Chen to pass, but now that he heard about Saint Crystal and Saint Veins, Qin Chen could no longer hold back his inner excitement.

Saint Crystals and Saint Veins are both legendary things. There are many true veins in the Tianwu Continent, and each true vein contains countless true stones, and true stones are divided into low-grade real stones, medium-grade real stones, high-grade real stones and top-grade real stones.

But even if it is the best real stone, what it contains is only the power of the true essence. And on top of the legendary top-grade real stone, there is a kind of holy crystal, which contains the power of the holy realm, but the holy crystal is born in the holy vein, and the holy vein is only available in the heavens in the legend, if this sea of thunder There really is a holy vein, news

Passing it out can definitely make a sensation in the entire Wushu domain.

For the martial emperors of the Tianwu Continent, a sacred crystal can raise everyone to a level. If there are many sacred crystals to provide, what about it? What about a holy vein?

Qin Chen dared to guarantee that if this holy vein was true, even many holy realm experts could be born in Tianwu Continent at once.

Because every holy crystal contains the original power that transcends the rules.

Even Fu Qiankun on the side was shocked, and suddenly stood up.

Seeing Qin Chen and Fu Qiankun's tempest, Ge Hongsen said with certainty: "Yes, it is the Holy Realm. As for the Holy Vessel, it is the guess of President Gongsun."

After being excited, Qin Chen quickly calmed down. If there is a holy crystal, the other party will tell himself this? I'm afraid that the major forces in Tianlei City are anxious to block all the news.

He immediately raised this doubt.

Ge Hongsen smiled bitterly: "If we could, our Tianlei City would naturally not spread the news. The reason I told Shaoxia Chen about this was because the president of our Skyscanner was in trouble." After discovering this seal, several major forces tried their best to crack the seal, but as soon as the seal was broken, who knew that the seal disappeared on its own initiative and disappeared at all. After research, our major forces came to a conclusion, that it is this seal that has the function of self-protection. Once someone finds that someone wants to break this seal, he will actively hide into the void and hide in another place."

[Chapter 1990: Source stone](#)

"Our major forces are naturally unwilling, so the president and they all searched the depths of the sea of thunder with a group of strong men, trying to find the seal again. But just a few days ago, the president sent back a dangerous message. Message, since then,

The guild leader disappeared in the sea of thunder, and there was no news at all. "

"It's not just the President Gongsun Zhe of our Skyscanner, but also the powerful men of the other major forces suddenly disappeared, as if missing."

Ge Hongsen had a trace of heart palpitations on his face, "So I saw Young Man Chen wanted to go to the Thunder Sea to experience, I wondered if I could ask Young Man Chen, if I had a chance to meet President Gongsun, I would also ask Young Man Chen to take action. Help."

Ge Hongsen stood up immediately when he said this, and saluted Qin Chen respectfully.

Qin Chen was silent. He didn't expect that he would come to the Sea of Thunder, and there would be so many things. Whether it was Saint Crystal or Saint Veins, it shocked his heart, but he still had a lot of doubts in his heart now. .

Seeing that Qin Chen didn't speak, Ge Hongsen suddenly took out a crystal ball and handed it to Qin Chen, "Young Man Chen, this is the image of the sealed crystal ball, look at it."

Qin Chen immediately got the result of the crystal ball and used his true essence to move it.

Suddenly, a picture appeared in front of everyone, it was a faint white halo that appeared in the middle of the Thunder Sea, and the thunder here was so fierce that it had definitely come to the extreme

depths of the Thunder Sea. The white halo exudes a strong halo, and there seems to be a huge void seal in the halo, and what attracts Qin Chen's most attention is that in that seal, there seems to be an ancient palace ruin, and in that palace Outside the ruins

Around the seal, there is a layer of special spar.

The spar was milky white. Although it was only observed through the influence, it could be seen that these spars contained extremely terrifying power, which was absolutely beyond the level of the best real stone.

"This is the holy crystal?" Qin Chen squinted his eyes, but he had never seen the holy crystal before, so he couldn't recognize whether it was or not, but it was certain that all these spars contained amazing things. Power, this spar can spur such a big

The seal can be seen.

"These spars should be the source of the power of the space seal." Fu Qiankun on the side suddenly said something, with excitement and shock in his eyes.

Qin Chen nodded, having the same thoughts as Fu Qiankun. Looking at the arrangement of these spars, it should be the source of the power that constitutes the seal. So, it is really possible that they are the legendary holy crystals. Because in such a deep sea of thunder, even the best real stone cannot be preserved for a long time. It will definitely be bombed for hundreds of years. Only treasures that surpass the best real stone can be preserved for such a long time in such a fiery thunder. Time

between.

At this moment, Qin Chen felt a shock in his heart. If these things were really holy crystals, then there were at least thousands of holy crystals, or even more.

"Lao Yuan." Qin Chen even contacted Lao Yuan in the jade disc of good fortune.

"It is indeed the source stone." Lao Yuan's deep voice sounded, and there was a shock in his voice.

"Source stone?" "It's the sacred crystals your Tianwu Continent said." Lao Yuan affirmed, "However, with the strength of your Tianwu Continent, there was no soil for the birth of sacred crystals. These sacred crystals are definitely not native to your Tianwu Continent. Shengjing, it is very likely that Zeng

After the heavenly powerhouses who descended on your Tianwu Continent were left behind, and the other party actually left such a seal, the seals in it should be no small thing. "

The legendary strong man in heaven?

Qin Chen took a deep breath. He remembered the scene of the alien demon continent he had seen when he broke through Emperor Wu. Those powerful men who were shining all over, like the devil gods, were in charge of the sky. Make people change color.

Could it be that this sea of thunder was left by the strongest of heaven?

If so, then why did the other party leave this place, and what is sealed in it?

Qin Chen felt his heart beating, no matter what the other party's purpose is, if he obtains so many sacred crystals, he will surely make his cultivation level advance by leaps and bounds, even directly surpassing Shangguan Xi'er and revenge. To be honest, Qin Chen's heart moved. If he had come to Thunder Sea before only to cultivate the Immaculate Realm and solve the problem of parasitic seeds, and later to find the black slaves, then now, for this seal, Very much

To be willing to enter the depths of the sea of thunder, to explore it well.

Seeing that Qin Chen hadn't spoken for a long time, Ge Hongsen asked cautiously again, "Shaoxia Chen, what are your thoughts? No matter what, our Skyscanner respects Shaoxia Chen's thoughts."

You Qianxue and Ji Ruyue felt Qin Chen's thoughts, and they wanted Qin Chen not to go, but they knew that Qin Chen would definitely go, because they also knew the effect of this holy crystal on Qin Chen and the effect on everyone.

If Shao Chen has no enemies in the Tianwu Continent, maybe Shao Chen can resist the temptation, but now they all know Shao Chen is facing the crisis of Misty Palace and Xuanyuan Empire. This is an opportunity to surpass each other, Shao Chen will never Abandoned.

Martial artist cultivation is a process of constant and dangerous and looking for opportunities. This process may fall at any time, but if you are afraid of it, not to mention that the chance is gone, even the mind will have cracks.

"Little dust, don't forget the purpose of our coming."

You Qianxue and Ji Ruyue can only remind Qin Chen in this way, so that Qin Chen will never forget his original intention. "If Young Master Chen is willing to go to the Sea of Thunder to find the president of my Skyscanner and help, my Skyscanner will promise to protect the Black Order of Young Master Chen and the people around Young Master Chen. Will allow any forces like the Moxiu Building and the Laozhong Chamber of Commerce to dare to threaten Shaoxia's friends, and if they violate this oath, the heaven will be destroyed." Seeing that Qin Chen was still hesitating, Ge Hongsen immediately thought of Xia Wushang and theirs before. Matter, he thought that Qin Chen was a little worried because of previous events, so

To swear immediately.

Qin Chen nodded, even without Ge Hongsen swearing, he would not let the previous things happen.

But in Qin Chen's plan, Fu Qiankun wanted to stay to protect Xia Wushang and the others, but now it seems that it is no longer possible. With such an opportunity, Fu Qiankun is unwilling to stay.

But it's nothing. Fortunately, the Heavenly Emperor Mountain Lord also followed this time. In the Universe Good Fortune Jade Plate, he can stay and secretly protect Xia Wushang and them. Moreover, Qin Chen also sent Mokara and the others to Mokara and the others for the first time, asking them to come to Tianlei City to meet, and think that they will arrive soon.
