

Valkyrie 2001

[Chapter 2001: Can't have both](#)

There is such a thing?

But Qin Chen's clone at this time was completely his soul, and his consciousness was himself. He couldn't explain the specific situation.

Qin Chen can only be sure that the soul body created by the Heavenly Soul Forbidden Technique will never betray him.

"From now on you will be called Mo Qin!"

Qin Chen named his clone, because this clone is the body of a foreign race, cultivates the power of a foreign race, and is not suppressed by this world, he will mix into the foreign demons and become a brand new individual.

Qin Chen and Qin Mo shared their vision, and Qin Chen would also see everything Qin Mo saw.

Moreover, the communication between Qin Chen and Qin Mo did not even need to transmit information, and did not need to communicate through soul power. Qin Chen's thoughts were Qin Mo's thoughts.

This feeling was strange, but Qin Chen quickly became familiar with it.

Qin Chen suddenly realized that the clone formed by the parasitic seed was beyond expectation.

"However, there is a flaw."

Qin Chen viewed everything rationally.

After splitting the soul, Qin Chen originally approached the soul power of the middle demon, and soon fell back to the realm of the lower demon.

Fortunately, this fall is not permanent, and it is easy to replenish it through practice. This is like water in a well, even if it is emptied, it will soon be filled up slowly.

And the cultivation base of the Parasitic Seed, like the current self, has the cultivation base of the mid-term peak Wudi.

However, this body has never cultivated the Immortal Eucharist, nor has the Nine-Star God Emperor Art. It has cultivated the techniques of the alien demon race. In terms of combat power, it may not be comparable to the body, but it has the power of the alien demon race. On the contrary, the bottleneck of growth will be less than that of the body.

"Fish and bear's paw can't have both!"

Qin Chen was not disappointed.

Moreover, the perceptions of the two bodies can be shared at the same time.

In other words, what Qin Chen's body cultivates will also be mastered by the clone, and vice versa.

Of course, this is only the perception and experience of cultivation, and power cannot be shared.

"This is somewhat the same as cultivating Wan Shen Jue."

Wan Shen Jue can do multi-tasking, but now the clone is similar to multi-tasking.

After understanding everything about his body, Qin Chen came back to his senses and looked at the three of Fu Qiankun.

"Qin Chen, you are..."

Fu Qiankun looked at the two Qin Chens in front of him, a little confused. Although he saw the whole process of the matter, he was still a little confused.

"This is the clone I cultivated by using parasitic seeds, how about it?" Qin Chen said with a smile. The two bodies spoke at the same time, giving people a very strange feeling.

"Clone?"

Fu Qiankun was shocked, "There is still such a good thing, I knew I was taken away by that seed."

"You can try it if you want." Qin Chen smiled.

"Forget it, I'll forget it." Fu Qiankun shook his head, he just said, he saw Qin Chen's danger just now, and he might have become a walking corpse by accident. He and Qin Chen left. It is not the same path, and there is no need to copy others.

"Let me see how strong your clone is."

Fu Qiankun was interested and shot Qin Mo directly.

"Okay." Qin Chen smiled. He also wanted to know how powerful Qin Mo was. The two figures collided together instantly.

boom!

The two sides fought against each other, and suddenly there was a shocking roar.

The two shot wildly, and Qin Mo was quickly suppressed, but this alien demon clone was also very weird, naturally controlling the dark rules, like a ghost, sneaking in the void, even in the thunder.

Therefore, although Fu Qiankun had an absolute advantage, it was not easy to kill Qin Mo.

"Awesome!"

After the two sides fought for a while, they separated quickly, and Fu Qiankun looked at Qin Mo in shock: "Although your clone is only the mid-term peak martial emperor, you already have a cultivation base close to the peak martial emperor. It is unbelievable..."

Qin Chen smiled. Qin Mo's strength is still weaker than that of his body. If Qin Chen's body makes a move, his strength should be stronger.

The two sides just discussed each other and quickly closed their hands.

"How's the silver parasitic seed in your mind?" Qin Chen came to You Qianxue's side and felt carefully. In You Qianxue's mind, the silver parasitic seed exuded a slight light, and it also occupied a lot of You Qianxue's mind. position.

However, compared to Qin Chen himself, the parasitic seeds in You Qianxue's mind seemed to be suppressed, and there was no intention to suppress You Qianxue's soul in an all-round way.

This made Qin Chen curious.

Under Qin Chen's prompt, You Qianxue immediately began to break through, and a terrifying aura bloomed on her body. The regular sacred stones from Tiandi Mountain were consumed by You Qianxue, and a terrifying force instantly poured into You Qianxue. In her body, enhancing her strength.

You Qianxue had always stayed in the realm of Emperor Wudi in the early stage. In fact, after obtaining so many treasures in the Holy Medicine Garden and Tiandi Mountain, Qin Chen had long been able to make You Qianxue break through to the realm of Emperor Wudi in the middle.

But because of concerns about parasitic seeds, You Qianxue didn't let You Qianxue break through.

And now that he has solved the problem of parasitic seeds, he naturally started to solve the problem of You Qianxue.

Along with You Qianxue's improvement in cultivation, with a bang, You Qianxue's body burst into icy aura, and suddenly broke through to the mid-term martial emperor realm. In an instant, the sea of thunder seemed to be frozen, and the rules of ice repelled all the power of thunder. An open space about ten miles in radius.

Mo Qin came to You Qianxue instantly, and once the silver parasitic seed had any abnormality, he would immediately take action. Qin Mo was transformed by the golden parasitic seed and had a natural suppression of the silver parasitic seed.

Sure enough, when You Qianxue broke through the mid-term Martial Emperor, the silver parasitic seeds in her mind suddenly skyrocketed and bloomed with silver light, but before the silver parasitic seeds occupied You Qianxue's mind, a vast picture of the goddess of the nine heavens suddenly appeared in You Qianxue's mind.

The picture was vast, suspended in the sky above You Qianxue's soul, suppressed with a blast, and suppressed the silver parasitic seed, and a trace of the parasitic seed power was also integrated into You Qianxue's body.

You Qianxue had previously practiced the alien demon exercises taught by the Master of Different Souls. Under the amplitude of the power of this silver parasitic seed, his cultivation quickly reached the mid-term peak, and the silver parasitic seed quickly languished. After coming down, he regained his initial strength and continued to occupy You Qianxue's mind, but was unable to take it away.

When Qin Chen saw this scene, he was stunned.

"Awesome..."

Lao Yuan couldn't help but stunned, and said in shock: "In your little girlfriend's body, there is a very powerful inheritance power. This force completely suppresses the growth of the silver parasitic seed.

Every time the silver parasitic seed increases, All will be suppressed and extracted by this inheritance power, but it will become your little girlfriend's own strength. This is not the parasitic seed robbing your little girlfriend, but the mysterious inheritance power digging the parasitic seed."

[Chapter 2002: Weird shadow](#)

"It's all OK?"

Qin Chen was speechless, a little dazed.

He knew where the mysterious inheritance of You Qianxue came from, from the secret realm of the heavenly devil, but he didn't expect that such inheritance could be suppressed even by the power of the silver parasitic seed.

"If it's your golden parasitic seed, it won't work. The golden parasitic seed is the most powerful seed that can be born from the Chaos Devil's Nest. It is a treasure that can cultivate a master-level powerhouse. It can't be suppressed by ordinary forces, but silver Parasitic seeds do not matter."

Lao Yuan said that in its eyes, the golden parasitic seeds are just a few against the sky, and the others can only be regarded as ordinary.

Qin Chen was a little speechless, and he was a little bit more troublesome. He was originally worried that it would be difficult for You Qianxue to enter the realm of non-leakage. It was basically impossible to replicate her own path of restraining the golden parasitic seeds. However, she did not expect that she obtained it in the heaven The exchange achievement can suppress the parasitic seed for her.

This also made Qin Chen breathe a sigh of relief.

In this way, Wang Qiming and the others should be fine. The inheritance was not only You Qianxue, but Wang Qiming and the others have all gained a lot.

My worst luck!

Qin Chen suddenly felt the deep malice from this world.

"Hehe, you are a good seller if you get a bargain." The old source was speechless, golden parasitic seeds, and couldn't ask for anything else.

Since You Qianxue is okay, Qin Chen's heart has been completely let go. Not only has Qin Chen gained tremendous gains in this sea of thunder for so long, but also Fu Qiankun, Ji Ruyue, and You Qianxue are the same. A lot of transformation and improvement.

This is true even for Little Ant and Little Huo. When they saw Little Ant and Little Huo again, Qin Chen was even taken aback. These gas-eater ants and fire-refining insects all turned into a blue color, crackling. There was lightning flashes on his body, as if he had become a group of thunder bugs.

"How did it happen?"

If it weren't for Xiao Yi and Xiao Huo's still soaring aura, Qin Chen even thought he had read it wrong.

"Hey, boss, we just ate a little more accidentally, it's okay." Xiaoyi and Xiaohuo said embarrassedly, and at the same time they hiccuped, and the little mouth sprayed out strips of thunder. .

Fu Qiankun's eyes straightened, speechless.

Others are cautious here. These spirit worms are good. They are like traveling, and they have overateen them. They are just a bunch of perverts carved out of the same mold with their owners.

After solving the problem of parasitic seeds, Qin Chen was in a good mood. Qin Chen also remembered Ge Hongsen's request. After putting away various things, a group of people immediately went to the space seal Ge Hongsen marked on the map.

After half a day, Qin Chen and his party had arrived at the location of the space seal.

However, what came before Qin Chen and the others was an endless sea of thunder. No one was here, nor could I see the strong men of the major forces in Sky Thunder City that Ge Hongsen said, only a mighty sea of thunder. .

Fu Qiankun directly grabbed a big hand and took the photo. With a bang, the huge true essence palm, which has been hundreds of feet long, stirred back and forth in this sea of thunder, but it rolled up countless lightning rays. Other than that, there was no fish. To anything.

"Kid Qin Chen, it's clear that there is nothing here. What kind of space seal is there? It's a lie?" Fu Qiankun frowned. If there really is any space seal here, he would have shown signs of such a stir.

"There is really nothing here, but if Ge Hongsen is lying, it's not like it, there should be something here before." Qin Chen stared at Lei Hai.

He has the bloodline of Thunder, and his perception of Thunder is stronger than Fu Qiankun's. Although this piece of Thunder Sea looks exactly like other places, Qin Chen can feel that there are still some slight differences between the two.

"What's there?" You Qianxue and Ji Ruyue glanced at each other. The two of them had the lowest cultivation base, but they couldn't see anything at all.

"Yes, there should be something here a long time ago. It should be the space seal that Ge Hongsen said, but these space seals disappeared for some reason, causing a vacancy in the space here. Thunder, it should have been filled after the space seal disappeared to form a vacancy. This made a difference."

Qin Chen frowned, thought for a long time, and then said: "We shouldn't be able to find anything here anymore. Back then, many powerful people in Tianlei City should have studied the space seal here, but now this space The seal is gone, and Ge Hongsen said that many of the top powerhouses in Sky Thunder City have mysteriously disappeared. I think as long as we can find the reason for the disappearance of this space seal, we should be able to figure out where those people have gone."

"Or, as long as you figure out where those people are going, you can figure out what's going on."

Qin Chen sighed. After watching for a long time, he found that there was nothing to be discovered. When he was about to leave, he suddenly felt shocked, as if something he couldn't see was staring at him not far away.

This feeling is similar to the feeling of being stared at by those invisible ghost beasts when I was in the Black Death Swamp.

Qin Chen's scalp was numb, he believed too much in his own feelings, even if his soul power could not sweep them, he believed in his own feelings, because his sixth sense was far beyond ordinary people, his intuition was amazing, he was absolutely disgusted by something Something stared.

"There is a breath of alien demon here, strange, and it doesn't look like alien demon." At this moment, Lao Yuan said suddenly.

"Alien demon?" Qin Chen wondered, if it was an alien demon, how could he not perceive it.

"Yes, in this sea of thunder, my source force cannot be released, and perception is seriously disturbed. If you release the parasitic seed clone, you may be able to perceive something." Lao Yuan said solemnly, "Golden parasitic seed is the most A perfect demon, if a foreign demon is nearby, it can definitely perceive it."

Because Qin Chen was worried about what trouble Qin Mo would cause in the outside world, he received Qin Mo in the Universe Good Fortune Jade Plate for training before, and when Lao Yuan said that, he released Qin Mo in the first place.

The moment Qin Mo was released, Qin Chen immediately felt that there was an invisible shadow not far behind Ji Ruyue, which was very illusory, but real.

Qin Chen's scalp was numb, and there was really something, so he didn't think much about it. Subconsciously, with his hand raised, a cyan flame flashed.

Qinglian Demon Fire!

To deal with this kind of weird ghost thing that can survive even the Sea of Thunder, Qinglian Demon Fire is the only most suitable method Qin Chen can use.

The cyan flame flashed, and suddenly burst out a dazzling cyan light, as if a star burst open, coming without warning.

At the same time, a weird shadow appeared under the light. It was a hideous shadow. It had come behind Ji Ruyue. After being illuminated by the blue light, it immediately made a harsh scream, and then went crazy towards Ji. Ruyue rushed over.

[Chapter 2003: Split the troops](#)

Ji Ruyue saw the existence of this dark shadow at the moment when the Qinglian Demon Fire Festival came out. Moonlight's body showed off for the first time, and countless bright and colorful rays of light exploded everywhere. At the same time, the blocking sword was activated, and the sword pierced the dark. shadow.

Although the pitch-black shadow can hide in the void, the moment it was stabbed by the Sealing Sword, it also screamed in horror, and the Qinglian Demon Fire also burst out with countless cyan rays of light. One after another fiery thorns, in case an exception pierced the shadow's body.

"Ah..." After a sharp cry, the shadow under the joint hands of Qin Chen and Ji Ruyue, like the white snow under the scorching sun, disappeared in the blink of an eye, without a trace, turned into a pile of blue smoke, and disappeared.

Qin Chen loosened his whole body, and the shocking feeling disappeared.

Qin Chen put away the Qinglian demon fire, and he had a bad feeling for the sudden disappearance of the president of the Sky Excursion Association Gongsun, which was more terrifying than he had imagined.

"Little dust, what was that just now?" Ji Ruyue said with lingering fear.

"I don't know, it seems to be related to the alien demon race, but it is definitely not an ordinary alien demon soul."

If it were the soul of a foreign demon race, he would never perceive it until now. He would definitely find the other party the first time. It turned out to be something he had never heard or seen before, silently Without a trace.

What's more frightening is that this thing does not seem to be restrained in this sea of thunder.

You know, the power of the thunder is the most explosive, the most violent, and the most devastating. No ghost can survive under the thunder. The thunder represents the punishment of the heavens.

But the black shadow before was not affected by the power of thunder at all, this was definitely not an ordinary ghost.

"Lao Yuan, do you know what that thing is?" Qin Chen could only ask Lao Yuan for help at this time.

"I don't know. From the aura, it seems to be an alien demon, but I have never seen such a weird alien spirit. "Lao Yuan's voice also contained doubts and seemed incomprehensible.

Qin Chen had an unpleasant feeling, this sea of thunder was more terrifying than he had imagined.

"Brother Fu, you take Ruyue and Qianxue to Tianlei City first." Qin Chen said to Fu Qiankun. When this black shadow appeared, even if Fu Qiankun didn't find any abnormalities, perhaps he didn't target the black shadow. Fu Qiankun is related, but it is enough to show that it is powerful.

"No, little dust, we are with you, it is too dangerous for you to be here alone." Ji Ruyue said hurriedly.

Qin Chen shook his head: "This dark shadow is too weird. If I didn't expect it wrong, the reason why the strong people in Sky Thunder City disappeared may have something to do with this dark shadow. It's useless for you to stay here. It has already broken through, and there are Qin Mo clones and Lao Yuan. There is no danger. Or, even if there is danger, I will be able to deal with it enough. If it is a big deal, I can also enter the jade disc of good fortune. Your presence is of little significance. "

"Even if we can't help much, we can still be in the Universe Jade Plate. At least we can help when we need it." You Qianxue said again.

"That doesn't make much sense, not to mention that Mokara and Big Black Cat are about to reach Sky Thunder City. The Heavenly Emperor Mountain Lord is not familiar with them. If you are here, you can better connect with them. If I haven't come out after three months, it's not too late for you to come to me again. I will rest assured that there is a **** cat."

Seeing Qin Chen so resolute, Fu Qiankun finally agreed to Qin Chen's request and left with Ji Ruyue and You Qianxue.

Although Ji Ruyue and You Qianxue were reluctant to give up, they knew that Qin Chen decided that they couldn't change them. They could only help Qin Chen more in Tianlei City.

After Fu Qiankun and the others went back, Qin Chen came to the place where the space disappeared and deduced carefully.

Although this space seal has disappeared, it will definitely not disappear without any signs, and there will inevitably be some clues.

However, Qin Chen deduced for a long time, and he never deduced any information.

Suddenly, it seemed that something came to mind. Qin Chen was about to release Little Ant and Little Huo. Little Ant and Little Huo had a keen perception of treasures. There used to be a holy crystal here, and perhaps he would perceive something.

After the small ants and the small fire appeared, they flew around this area several times. After half a day, they suddenly seemed to perceive something and immediately buzzed in one direction.

Qin Chen took out the map and looked at it, and found that the direction of the small ant and the small fire flying by seemed to be deeper in the Thunder Sea, and quickly followed behind and flew over.

The further in, the thunder here becomes more and more violent. When it comes to this place, it is difficult for the ordinary emperor to hold on. I am afraid that only the mid-term emperor can enter, so did the guy go deeper?

Qin Chen was puzzled, Xiao Yi and Xiao Huo suddenly stopped.

Then Qin Chen saw a piece of debris in front of him, some armor and broken treasure pieces floating in the thunder sea, it seemed that a battle had just been experienced here.

Didn't the people from Leicheng come to crack the space seal together that day? Why is the battle happening here? Could it be that some treasure was discovered that caused the conflict?

But even if the treasure is discovered, there will always be a winner, and it is impossible for everyone to disappear.

After arriving here, Xiao Yi and Xiao Huo seemed to have lost the direction to move on. Just when Qin Chen was about to continue on the road, his perception suddenly swept across a warrior. The warrior's expression was a bit dull and his expression was very wrong. The depths of the sea flew out slowly.

It's not so much flying by, but it's floating out a little bit.

Qin Chen was overjoyed immediately. Except for the person who died in the Thunder Sea because of an illusion, he finally saw people. Qin Chen's figure flickered and immediately stopped in front of the person, ready to ask.

But before Qin Chen could speak, the man found that Qin Chen was in front of him, and a war knife suddenly appeared in his hand. Then, without saying a word, he immediately slashed towards Qin Chen.

With a bang, the sword burst out with a dazzling glow, and a violent force of rules swept away, and directly cleaved the sea of thunder into a ravine that was hundreds of meters long. The vast blade of light almost made the void. Tore apart, this is clearly a late-stage giant.

If an ordinary person makes a sudden attack against this person, he may encounter some accidents in shock, but Qin Chen reacts so quickly. At the moment this person makes a move, Qin Chen has already punched out, and instantly blasted the person. The cleaved knife shattered.

"Your Excellency, I have no malice..." Qin Chen immediately shouted loudly, his voice turned into a strong soul shock wave, and suddenly rushed into the person's mind.

The man's eyes moved, and he seemed to be a little awake, but he quickly became dull again, his eyes were dull, he just kept slashing the sword at Qin Chen.

[Chapter 2004: Rao Yuangeng](#)

"There is something wrong with this guy." Lao Yuan's voice came.

Needless to say, Qin Chen had already felt something wrong. He and this person didn't know each other at all. Even if he had a grudge, he wouldn't come up and just do it without saying a word.

"This person seems to be possessed by something." Lao Yuan said again.

Qin Chen didn't even think about it this time, and quickly stepped back, and at the same time Qinglian Demon Fire came out.

The cyan lotus rose abruptly like a round of cyan flames, enveloping the giant and powerful man who was stupefied. Under the navy blue flame of Qin Chen Qinglian Demon Fire, a faint shadow attached to the body of this dull warrior. The black shadow was like an octopus, lying tightly on the body of this giant. The limbs fuse together like

Parasitic. As soon as the Qinglian demon fire came out, the black shadow immediately felt Qin Chen's flames, and immediately showed the same frightening and terrifying color as the previous black shadow. Qin Chen appeared behind the giant Wudi with fire light on his palm. , Press on

On the shadow. With a scream of "Squeak!", under the scorching of the Qinglian Demon Fire, the black shadow instantly twisted, separated from the giant Wudi, and fleeing in horror, but as soon as it escaped, it was caught by the Qinglian Demon. The fire is completely enveloped, screaming and struggling

The middle gradually fades, and finally disappears like smoke.

After the black shadow left the giant Emperor Wu, his face immediately turned pale, and his mouth spouted a mouthful of black blood, but after spitting out this mouthful of blood, his face became more bloody.

He didn't want to speak, before he even had time to thank Qin Chen, he sat down cross-legged, swallowed a pill, and began to heal his injuries. After a stick of incense, this giant Wudi stood up, and the blood on his face has recovered a lot, and even his aura has become more full, still with a trace of shock on his face, thanking Qin Chen with his hands: " Thank you friend for your help

, Rao Yuangeng, the vice chairman of the Xiatian Leicheng Tianxun Association. "

"Are you from the Skyscanner?" Qin Chen was immediately overjoyed: "Are you the Skyscanner master who was sent here by Tianlei City to break the space seal with President Gongsun?" Qin Chen was worried, and had no clue. Unexpectedly, I encountered a vice president of the Skyscanner. This vice president came out of the depths of the Thunder Sea before. If it is for cultivation, there is no need to go to such a dangerous place in the depths of the Thunder Sea.

Go on an adventure, it is very likely that this person is the Skyscanner expert who Ge Hongsen said to check the space seal. Rao Yuangeng immediately asked in shock: "You are also from my Tianlei City? It was sealed for that space? You must not go. The seal is not a treasure at all, but a land of demons. If you pass, Absolutely no survival

Chance, don't go..."

Having said this, the man had endless fear on his face, as if he couldn't get out of that panic yet.

Qin Chen frowned. A giant Wudi was actually afraid of being like this, which was a bit outrageous.

He directly took out a Nine-Rank Pure Heart Pill and handed it to Rao Yuangeng. This Rao Yuangeng didn't doubt anything else, and immediately swallowed it. The panic on his face was much better, but he still had panic.

"Brother Rao, what the **** is going on? I heard that all the major forces in Tianlei City came to crack the space seal, why later everyone disappeared and even the space seal disappeared. Where did you all go? Gongsun Hui How long?"

Rao Yuangeng had already recovered his composure at this time. He was shocked all over his body. He suddenly wondered: "Who is your Excellency? I haven't seen you in Tianlei City. How do you know this."

Although the space seal is not a secret among the major forces in Sky Thunder City, it is still completely inaccessible to ordinary people, otherwise the news that there is a holy crystal in the sea of thunder has already spread, and even caused a sensation in the entire continent.

And he had never seen Qin Chen before, and it could be seen that Qin Chen was not from their Sky Thunder City at all, otherwise, in his capacity, he would not have known such a master Qin Chen.

Moreover, he also recalled the previous events, and immediately looked at Qin Chen in shock and asked, "And what is it that was lying on me just now? Why can't I see it? You killed them?"

"Brother Rao, my name is Chen Qing. I just came to Skylei City not long ago. I established a black cult in Skylei City not long ago. I was asked by Vice President Ge Hongsen to find you in the Thunder Sea. "Qin Chen pondered for a moment, and continued: "As for the thing that lay on you before, I don't know what it is, but I did save you. The most terrifying thing about that thing is that it is very secretive, and its perception and soul power are fundamental. Can't scan, even if it is

If you attack you, you don't know where it is attacking, but if you can see that thing, it won't be difficult to destroy it. "

Ji Ruyue's exclusion sword could also cause damage to the dark shadow before, so it wouldn't be a problem for Rao Yuangeng to come here.

"Are you the person called by Vice President Ge?" Rao Yuangeng looked at Qin Chen in surprise.

Qin Chen took out a token, which Ge Hongsen gave to himself before, and also to convince him of the others in the Sky Excursion.

Rao Yuangeng finally breathed a sigh of relief when he saw the token, and said again, "Brother Chen, thank you for your help."

"It's okay, it's just a trivial matter, but Brother Rao, why did you suddenly disappear? Brother Ge and the others are very worried, and they have sent many masters over, but they are not all the same with me."

"What? Vice President Ge still sent someone over? The place must not go, it is too dangerous. If it is past, it will be death." Rao Yuangeng's face immediately showed anxious expression, and he was about to send out a message in a hurry, but he was shocked to find that his own

The summons could not go out at all.

"What's the matter?" Rao Yuangeng looked at Qin Chen suspiciously.

Qin Chen's expression also changed, and he hurriedly took out the message jade slip, but he found that his message jade slip could not send out the news, as if the world had been blocked.

This change caused Qin Chen to be a little worried. If Mokara and the others actually arrived in the Thunder City, how would he contact them, he immediately said to Rao Yuangeng, "Brother Rao, what is going on."

Rao Yuangeng sighed, "Maybe we caused this incident." "At the beginning, several of our forces, under the leadership of the president, wanted to break the seal of space, but after a few years, there was still no clue. They couldn't hold back any longer, and they were ready to break the seal by storm."

"

"But who knows that this seal is very strong, even if it is the joint efforts of several of our forces, it is difficult to break it. Just when everyone was at a loss, the president of the Fighting Club took out a treasure and said that this treasure of him it might be possible to break the seal."

Qin Chen immediately frowned and said, "Guardian of Fighting Club?" If he had not expected it wrong, this Fighting Club should be the puppet of Misty Palace in Tianlei City.

[Chapter 2005: President of Fighting Club](#)

Now the President of the Fighting Martial Arts Association actually had a treasure to break the seal, which immediately made Qin Chen feel a little suspicious, instinctively suspicious.

"Yes, it's the president of the Fighting Martial Arts Association, do you know Brother Chen?" Rao Yuangeng saw that Qin Chen's expression was a little strange, and he looked over.

"I just heard it." Qin Chen shook his head and said. He can't talk about Douwuhui's suspicion for the time being, and no one will believe him. After all, this is about the alien demon.

Qin Chen frowned and said: "I just heard Vice President Ge say, didn't you look for the space seal because the space seal disappeared? Why did you get together again later?"

What Rao Yuangeng said is obviously different from what Vice President Ge said. Rao Yuangeng smiled bitterly: "Vice President Ge is actually right. We were looking for a space seal at the beginning, but the Wuyong President of the Fighting Club had been found a few months ago. That guy was originally Don't want to tell us yet, think of a person

Secretly researching, who knew it was discovered by our people, so our major forces got together again. "

Is it fighting again?

The doubt in Qin Chen's heart deepened in an instant, which was a bit too coincidental.

"What happened later?" Qin Chen asked. "Later, as I said before, we found the space seal, but there was no way to open it, and we were afraid that in case it was the same as last time, the space seal would be transferred again. Long said he

There is a treasure that can break this seal. "We were still skeptical at the beginning, but who knew that President Wuyong actually took out a treasure, a weird piece of rune paper. After the rune paper was activated, an unprecedented dazzling black light broke out. Caused the space seal

Damage, and directly opened a gap in the space seal. "Speaking of this, Rao Yuangeng couldn't help showing a shocked look on his face, "As soon as the gap opened, a breath that made people feathered and immortal escaped from the gap. That kind of breath is definitely the true essence breath that has been condensed to the extreme, and it is better than the best

The true essence contained in the true stone is a higher level. It is the first time that I felt this kind of aura. We reacted to it the first time. This is most likely the aura of the holy crystal in the space seal. "So, we are about to rush into the seal of space immediately, wanting to compete for the sacred crystal in the seal, but before we rush in, a terrifying explosion suddenly erupted from the gap in the seal. Several close giants Wudi

Directly died on the spot, the president Gongsun of my Skyscanner was also seriously injured, and the president of the Fighting Club and others were also injured, so we each sent out a message to let the masters of Sky Thunder City come to support. "But after we sent the message, the seal suddenly trembled again, and it was about to disappear again. The president and the others immediately rushed into the seal from the gap in a hurry, probably rushing in more than half of it. People, I am away

Going far, when I want to rush in, the space seal has once again disappeared. "

Having said this, Rao Yuangeng did not breathe a sigh of relief, but a trace of horror appeared on his face, as if the next thing was really horrified.

"What happened next?" Although Qin Chen didn't know the scene at the time, Qin Chen was certain that something must have happened next.

Rao Yuangeng took a deep breath and said, "Brother Chen, something weird did happen again later. This is why I told you not to go there." He slowed down and continued: "We saw the space seal. It disappeared again, and my heart was anxious and shocked. The remaining group of us was going to find the location of the space seal while sending people back to Tianlei City to move rescuers, but we didn't wait for us to

After discussing the matter, a few people went crazy. "

Qin Chen immediately looked over: "Are you crazy?" "Yes, those people are like six relatives who don't recognize them. They just started doing it. Now I know that we might have been affected by the thing just now, but how did we know before? , Under the sudden shot of those people, we were directly

A few were injured. We didn't know what happened at the time. We thought these guys wanted to kill us, so we hurriedly resisted. "

"But who knows that afterwards, more and more people were going crazy. I didn't know what I was right, so I hurried back, but I was running, and I didn't feel it myself."

Speaking of this, Rao Yuangeng's face still looks like a lingering fear.

He understood now that all of them should have been affected by the invisible things.

"Has this happened before in the Sea of Thunder? Or is it said that this happened after you broke the seal?" Qin Chen frowned, thought for a long time, and suddenly asked in a deep voice.

Rao Yuangeng was still a little dazed at first, he couldn't help being stunned when he heard Qin Chen's question.

"No, it has never happened before, you mean, those things were released by us, escaped from that space seal?"

Rao Yuangeng is not a stupid person either. After Qin Chen asked such a question, he instantly reacted, and his face immediately turned pale.

That black shadow had never before, but after they broke the space seal, that kind of situation suddenly happened. If it had nothing to do with that seal, it would be strange.

Qin Chen didn't speak, and he didn't know the ins and outs of the matter before he saw the seal, but just listening to Rao Yuangeng's words, I am afraid that the dark shadow has a great relationship with the breaking of the spatial seal.

"How about the Wuyong President of the Fighting Martial Arts Association?" Qin Chen immediately asked again, and he was most concerned about the members of the Fighting Martial Arts Club.

"President Wuyong, like our President Gongsun, rushed into the seal immediately..." Rao Yuangeng was startled and frowned, "Are you suspecting President Wuyong?"

"It's not possible. At that time, there was a master in the Fighting Club, who was directly injured, and there were also members of the Fighting Club who were left. They went crazy on the spot." Rao Yuangeng frowned and said.

Qin Chen shook his head. He couldn't figure it out now. I don't know why. He instinctively felt that the time of the seal had some connection with the Misty Palace, but now listening to Rao Yuangeng's words, he is a little uncertain.

The most important thing is that everyone has seen the holy crystal in the space seal. The Fighting Martial Arts Society is obviously under the control of the Misty Palace. This news will inevitably reach Shangguan Xi'er. If this is the case, why didn't Shangguan Xi'er come here?

Qin Chen didn't believe that Shangguan Xier would not be interested in that holy crystal. Thinking of this, he immediately said to Rao Yuangeng: "Brother Rao, I don't know if you still remember the location of the space seal."

[Chapter 2006: Di Zhen Pavilion](#)

"Do you still want to go there?" Rao Yuangeng looked at Qin Chen in disbelief. Qin Chen nodded and said, "Whether it is for the holy crystal or to find out what happened before, I have to go there. Although the sealed place is very dangerous, I still have to go, if Brother Rao is willing to go. , Just be with me

If you are unwilling, please also ask Brother Rao to inform Chen of the location, and Chen will go by himself. "I really convinced you." "Rao Yuangeng looked at Qin Chen speechlessly, but he quickly made up his mind and said, "That place is weird. If you go alone, Brother Chen, it will be really hard to find. My life is for Brother Chen to save him." , Since like

So, accompany Brother Chen for a while. "

Rao Yuangeng was obviously also very refreshing. Although he was a little scared, he still agreed to Qin Chen's request. However, he still had a thought in his heart that he didn't say that even though he could go back by himself, he was not sure that he would not encounter any invisible shadows, and Qin Chen had a way to deal with those shadows, and he might survive with Qin Chen. Probability

Be bigger.

Qin Chen didn't think so much, nodded and said, "Then go."

Under the leadership of Rao Yuangeng, Qin Chen and the two quickly flew in the direction Rao Yuangeng had come from before. With Rao Yuangeng's lead, Qin Chen didn't have to run around like a headless fly. The two were fast. Seeing that Qin Chen's cultivation level was only the mid-term peak, Rao Yuangeng wanted to take care of Qin Chen at first, but he found himself Under full flying

After Qin Chen could still easily keep up, he was secretly surprised immediately.

Especially the power of thunder here is a bit troublesome for the ordinary middle-term Martial Emperor, but Qin Chen has no fear. The thunder light fell on him, but he didn't notice it. Rao Yuangeng immediately understood that Qin Chen should have concealed his cultivation. .

At the very least, it is also a master of the giant Wudi level.

"This son is so powerful, are the warriors outside Leizhou so strong now?" Rao Yuangeng was surprised.

Rao Yuangeng was also a little confused about the way back because of the haunting flying by before, but fortunately, the Thunder Sea tide can be recognized in the Thunder Sea, and he was familiar with the road at the beginning, but gradually approached the destination.

Under the leadership of Rao Yuangeng, after half a day, the two approached the location of the previous seal.

Bang bang bang! After the two approached, a series of roars continued to sound, and then Qin Chen and Rao Yuangeng saw that in the thunder sea ahead, three martial emperors were fighting, but they had no rules at all. Out

Hands, and the expression is very dull.

"It's Lu Zi'an and the others..." Rao Yuangeng said in surprise, apparently knowing these few people who are making a move, and Qin Chen also looked at it and saw that there were three people fighting in front of him. One of them was obviously very strong. It's the pinnacle of Wudi, and the other two also have giants.

Emperor Xiuwei.

The True Qi in the three of them was obviously consumed almost, and they were very weak. I don't know how long they played against each other here, but they shot with a dull expression, without mobilizing any rules at all, just like a fight with a shrew.

However, it is exactly the same that the two giant Wudi can survive in the hands of the pinnacle martial emperor, otherwise they would have been beheaded by the pinnacle martial emperor.

"Do you know these people?" Qin Chen looked at Rao Yuangeng. "Yes, I know that the strongest is called Lu Zian, who is the deputy leader of Dark Moon in Thunder City. Dark Moon is a killer organization, and Lu Zian just broke through the peak of Emperor Wudi three years ago, and the other two are capable. Pu Xingchang of the Zhou Chamber of Commerce, the other is

Wei Ziyang of the Dizheng Pavilion, Xingzhou Chamber of Commerce is the largest chamber of commerce organization in Tianlei City, and the Dizheng Pavilion is the largest formation organization. Then Wei Ziyang is also a ninth-level formation mage. "

As Rao Yuangeng explained, he watched the trio's fight in shock, his face turned pale, "Are all three of them under control?" Qin Chen did not speak, but raised his hand. Rao Yuangeng felt a burst of heat. For a moment, he saw a cyan flame rising and turning into a round of cyan scorching sun. Under Qin Chen's control, that scorching sun was obviously not attacking him.

Hit, but he already felt the heat of terror.

Rao Yuangeng's heart was shocked. It was a terrifying flame. He was sure that what Qin Chen sacrificed was definitely not a ground fire. Ground fire would never have such a terrible pressure, let alone a **** fire. Could it be the legendary sky fire?

If Qin Chen used this round of scorching sun to attack him, he would definitely have to deal with it carefully. The flames were strong enough to harm a giant Wudi like him. Then, Rao Yuangeng understood what Qin Chen meant. Under the burning of the cyan flame, three strange shadows were lying on the three of Lu Zian's bodies. These three shadows were tightly combined with the three, as if into one body, when

When the flame burned up, Rao Yuangeng even saw the three shadows showing a trace of horror.

That's right, in Rao Yuangeng's eyes, it was panic. The black shadow clearly had no facial features, just a group of disgusting shadows creeping like an octopus, but Rao Yuangeng felt panic from them.

"Is this thing confusing us just now?" Rao Yuangeng's face was disgusting and frightened, as well as palpitations.

Qin Chen nodded and said, "Yes, it's this thing."

When the voice fell, his Qinglian Demon Fire had swept down, trying to wrap the three shadows.

The three shadows suddenly screamed in horror, swish, and rushed from the three of Lu Zian, to escape from here, Qin Chen immediately wrapped two of them with the green lotus demon fire, but there was still a group from the other. The direction has to be rushed out.

"Asshole, where to go."

Rao Yuangeng's anger suddenly rose from his heart, and when he raised his hand, a few red streamers blasted past.

Qin Chen could see clearly that the red streamer should also be some kind of fire-type real treasure. It seemed to be a fire banner. Although it was not as powerful as the Qinglian Demon Fire, it also reached the ninth rank, and it suddenly pierced that shadow. .

The shadow suddenly screamed. Although it had not been killed by Rao Yuangeng's attack, it was struggling in pain. Obviously, Rao Yuangeng's attack also hurt it to a certain extent.

Qin Chen first urged the Qinglian Demon Fire to burn the two shadows of me in an instant, and then separated out a Qinglian Demon Fire to envelop the shadow, and saw that the shadow screamed and instantly turned into ashes.

Rao Yuangeng was a little embarrassed at once. Compared with Qin Chen's flame attack, his fire attack seemed to be too far behind.

Suddenly, Qin Chen seemed to feel something. Turning his head, he saw a few dark shadows flashing past in the distant Thunder Sea. When he reacted, the dark shadows had disappeared.

Qin Chen's face was a little ugly, but he didn't expect that there was a dark figure hiding beside him, letting them escape. There was a faint worry in his heart. He didn't know how many of these shadows were. If there were other warriors in this sea of thunder, it would be difficult to survive once encountering this shadow, and he could even control Lu Zian when he saw that shadow. , Qin Chen felt even more

There are concerns. I don't know if Fu Qiankun has left the Sea of Thunder safely.

[Chapter 2007: Take a look](#)

On the other side, the three of Lu Zian directly spit out a mouthful of blood, sitting cross-legged one after another, swallowing the pill in a hurry, without saying a word, first healed the injury first.

Qin Chen and Rao Yuangeng were not in a hurry, they just watched quietly.

After a while, the momentum on the bodies of several people gradually recovered. The previous few people did not have much injuries on their bodies. It was just that a lot of the true energy was consumed and looked a little weak, so they recovered quickly.

However, the most terrifying thing about the Wudi strong is that the true essence is strong. The Wudi strong can communicate the rules of heaven and earth, and absorb the true energy between heaven and earth all the time. To a certain extent, the true essence of the Wudi strong can be said to be endless.

But the three of Lu Zian actually spent seven or eighty-eight of their true essence in the battle, and from this it can also be seen how long they have been fighting before.

After about a stick of incense, the momentum of Lu Zian's trio was completely restored, and they stood up.

"Rao Yuangeng?" After seeing Rao Yuangeng, the three were taken aback. Pu Xingchang immediately said, "Vice President Rao, you saved us earlier?"

Thinking of the previous scenes, now looking back, the three people's faces are full of shock.

"It was not me who saved you before, but Brother Chen. I also lost my mind before. If it weren't for Brother Chen, I am afraid I am the same as the three, and now I am still controlled by the dark shadow." Rao Yuangeng recalled Lu Zian before. The appearance of the three people couldn't help but feel a little fear in their hearts, and they couldn't help but be more grateful to Qin Chen.

"Brother Chen?"

Lu Zian's trio looked at Qin Chen one after another, and they all frowned when they found that they were someone they didn't know.

Pu Xingchang of the Xingzhou Chamber of Commerce immediately saluted Qin Chen and said: "Thank you Brother Chen for your help. If it weren't for Brother Chen, we might be in danger."

Although he was controlled by the shadows before, Pu Xingchang still had a vague influence on the previous scene. He knew that if Qin Chen didn't take the shot, then all three of them would be in danger. Once the true essence was completely exhausted, he would definitely be affected. In this sea of thunder, there is no bones left.

Lu Zian and Wei Ziyang also bowed their hands to Qin Chen. Lu Zian was the person with the highest cultivation level on the court. At this moment, after his cultivation level was restored, his face immediately filled with pride, frowning and looking at Qin Chen and said, "It's not Chen. Where is the brother from? Why has the old man never seen you?"

Rao Yuangeng smiled and explained: "Brother Lu, Brother Chen just came to Tianlei City, and he established a black cult in Tianlei City. He came to this trip and he was influenced by Ge Hongsen, vice president of the Skywalker. Please, come to the Sea of Thunder to rescue us."

"Oh? Sure enough, it was a hero who was born in a young age. Brother Chen actually possessed this level of cultivation at a young age. It was amazing, powerful. I would like to thank Brother Chen again. If

it wasn't for Brother Chen, the old man wanted to get rid of the influence of the shadow. Maybe it will take more time, it's definitely not as easy as before." Lu Zi'an said with a smile.

Qin Chen immediately sneered in his heart. He could see that Lu Zian was a bit arrogant because of his strongest cultivation base, and he said that it would take more time to say that Lu Zian's appearance was clearly controlled by the shadow. If it weren't for him, it would be impossible to get rid of control until death.

But Qin Chen didn't bother to talk about it. He didn't try to save others for the sake of repaying others. He said indifferently, "Thank you. I don't know why the three are fighting here. What about the others?"

Pu Xingchang smiled bitterly and said, "Brother Chen, Brother Rao must have told you the details here. In fact, we lost our minds after the seal was opened. As for what happened later, the impression was not deep. To be honest, we don't know exactly where the others have gone."

Qin Chen shook his head when he heard this. He originally wanted to inquire about some information from a few people, but he didn't expect to get nothing at all. He glanced at Lu Zian and Wei Ziyang, and obviously couldn't ask from these two people. What comes.

Thinking of this, Qin Chen said directly: "If this is the case, some of you should return to Sky Thunder City earlier. This is too dangerous. Although the black shadows on the three of you have been wiped out by Chen, you should still pay back in this sea of thunder. There are more dark shadows, if they don't leave the Thunder Sea as soon as possible, they will probably be caught by them."

"Brother Rao, you said that the space seal is in front, so take me as soon as possible." Then Qin Chen said to Rao Yuangeng again.

Rao Yuangeng nodded, and just about to take Qin Chen over, he saw Lu Zian and Wei Ziyang flashing in their bodies, and suddenly stopped in front of them.

"Wait." Lu Zian said coldly suddenly.

"Brother Lu will have something to do?" Rao Yuangeng frowned.

Lu Zian ignored Rao Yuangeng, but instead set his gaze on Qin Chen. He smiled and said: "Look before, Lu seemed to have seen Brother Chen release a flame. The flame was so powerful that it wiped out the shadows on us. Now, I don't know if Brother Chen can show me the flame, so that we can know how to fight those dark shadows, Brother Chen, what do you think?"

Rao Yuangeng's expression immediately changed. Lu Zian's tone was very polite, as if asking Qin Chen if he could take out the flames to have a look, but his attitude was obviously that if Qin Chen didn't take out the flames, it would be fundamental. Qin Chen left without letting go.

Wei Ziyang, who was on the side, also laughed, shook his figure, and formed an angle with Lu Zi'an. He smiled and said: "Brother Lu is right. Now it is too dangerous to be with Thunder Sea. If Brother Chen can control that The flames are released. Let me wait and observe. The probability that I will return to Tianlei City in safety will surely increase greatly. Xia and Brother Lu will definitely be grateful to Brother Chen for his righteousness."

Pu Xingchang has always been grateful to Qin Chen. As a member of the Xingzhou Chamber of Commerce, he has seen many intrigues. Now after seeing Lu Zian and Wei Ziyang's actions, he immediately understood that these two people should be eyeing Qin. The flames released before the dust.

Think about it, that flame can easily kill the shadow, who wouldn't covet such a treasure?

After thinking of this, Pu Xingchang's heart immediately became anxious. Although he was also tempted by treasures, he was not the kind of person who would avenge his grievances. He was sincerely grateful to Qin Chen. But now Lu Zian and Wei Ziyang both coveted Qin Chen's body. It is obviously impossible to keep Qin Chen.

But if he didn't help, he couldn't forgive himself. Thinking of this, Pu Xingchang quickly said, "Brother Lu, Brother Wei, the flame of Brother Chen might consume a lot of true energy. Now everyone is safe, why let Brother Chen bothered."

[Chapter 2008: Underestimate the enemy](#)

Lu Zian suddenly laughed: "Brother Pu, I also considered that Brother Chen's cultivation base is not high, and the flame consumption of urging it will inevitably be huge. Although Lu's cultivation base is humble, it is still much higher than Brother Chen. If Brother Chen can leave the flames to Lu for safekeeping, I will definitely be safer in this sea of thunder. Lu also made this request for everyone's comfort."

This time, Lu Zian not only wanted Qin Chen to sacrifice the flames, but also to hand the flames to him for safekeeping. Obviously, he didn't even bother to pretend to pretend, so he directly grabbed it.

"Lu Zi'an, Brother Chen is our lifesaver. You actually covet his treasure, too much points, right? If you don't have Brother Chen, you might already be a corpse now." Rao Yuangeng was very irritable, and his body was suddenly filled. Killing intent, screamed coldly.

"Brother Rao, why bother to make a fuss? Is Lu Mou the kind of person who is greedy for other people's treasures? Lu Mou is also afraid that Brother Chen will not be able to cultivate enough, so he will keep it on his behalf. Return the flame to Brother Chen. I don't know what Brother Chen wants?"

"You..." Rao Yuangeng trembled with anger, Pu Xingchang also looked ugly, but after all, Lu Zian was the person with the highest cultivation level on the court, and everyone didn't dare to tear his face, just looked at Qin Chen.

Qin Chen hadn't spoken before, and at this time he said with a faint smile: "I'm sorry, Chen thinks this suggestion is not good. Since Brother Lu thinks his cultivation base is humble, how can he keep Chen's treasure?"

Lu Zian said that his cultivation base was humble, and that was self-deprecating and polite. How could Qin Chen speak like this? What's more, there was a threat in his words. Chen Qing thought that he had saved them, but he really didn't know that the sky was getting thicker, and Lu Zian's face suddenly sank.

Seeing Lu Zian's face darkening, before Lu Zian could speak, Wei Ziyang suddenly reached out his palm and grabbed Qin Chen, and said in a cold voice: "Since Brother Chen doesn't want everyone to be safer, Brother Chen can't help. By myself."

Qin Chen smiled coldly, his aura surged, and the spatial rules were fully implemented. Before Wei Ziyang's True Essence Master could catch Qin Chen, he suddenly collapsed.

Immediately, Wei Ziyang felt the void around him suddenly stagnated, his body was confined here, and it became extremely difficult to move.

"Space rules..." Wei Ziyang said in shock. Qin Chen was only a mid-term peak Martial Emperor, and he actually mastered the space rules that the giant Wu Emperor had mastered. What's more terrifying is that Wei Ziyang could feel that the space rules Qin Chen displayed seemed to be still there. Above the rules of space he mastered.

He immediately roared wildly, running his whole body's true essence, trying to break away from the realm of Qin Chen's rules.

The space rule is to break away, but because of the initial underestimation, he has no chance to sacrifice the real treasure again. A palm shadow hit, Wei Ziyang was slapped heavily on the face, and he was immediately fanned out, spurting blood with his mouth open. The internal organs were shattered, and he lay convulsed in the sea of thunder.

With one move, Wei Ziyang was seriously injured by Qin Chen. Even if Wei Ziyang underestimated the enemy, he was also a giant Wudi. Lu Zi'an's expression immediately became difficult to look at, and Rao Yuangeng and Pu Xingchang couldn't say a word of horror. .

Lu Zian immediately recognized that Qin Chen is definitely a giant Wudi, and he is also a great Wudi with great strength. His cultivation must be hidden. Otherwise, no matter how strong a mid-term peak Wudi is, it is impossible to win a single move. The giant Wudi was seriously injured, even if the giant Wudi looked down on it again.

Wei Ziyang is underestimating the enemy, but because of Qin Chen's power that severely injured Wei Ziyang just now, Lu Zi'an estimated that even he might not be able to do this. After all, it was not long before he broke through to the peak of Emperor Wu. Has not fully recovered yet.

In addition, there were Pu Xingchang and Rao Yuangeng standing by Qin Chen's side, Lu Zian immediately retreated, but after a second thought, he had already made a decision. He smiled sullenly, and then clasped his fist: "Unexpectedly, Brother Chen is so powerful. In that case, Lu's previous proposal was too abrupt, and Lu said his goodbyes."

After saying that Lu Zian was about to leave, Qin Chen's terrifying strength made him not want to stay for a moment.

Qin Chen said faintly, "Why did Brother Lu leave? Come to show Brother Lu before Chen's flames are on display."

Lu Zian's expression suddenly changed. Although he was a little jealous of Qin Chen, it didn't mean that he was really afraid of Qin Chen. At any rate, he was also the peak martial emperor, the strongest on the court.

What was even more annoying was not Qin Chen's words, but his attitude, which simply didn't put himself in the eyes at all.

At this time, Rao Yuangeng and Pu Xingchang on the side had already reacted from the horror. Both looked at Qin Chen in amazement. Rao Yuangeng was okay. He already had some guesses about Qin Chen's strength, but Pu Xingchang was truly shocked. Such a young martial artist, the cultivation base is still so terrible, this is beyond his imagination, it is simply incredible.

Such a Tianjiao will inevitably be supported by a huge power in the outside world. How can they appear in Sky Thunder City and establish their own power in Sky Thunder City?

He was puzzled.

"Brother Chen, do you want to forcefully leave Lu to fail?" After Lu Zian said this, his aura broke out, and the surrounding space even rippled under his aura. A terrifying aura shrouded Qin Chen's body.

Qin Chen smiled coldly. Although Lu Zian's aura was amazing, it was too whimsical to suppress him. In terms of cultivation, Lu Zian couldn't even compare to the ancestors of the Ji family, let alone compare with Tiandi Mountain Lord and Fu Qiankun. Than.

To put it mildly, Lu Zian is a tiger, with the highest cultivation level among the few people present, but it is not pleasant to say that he is just a paper tiger with a mere appearance, at least in Qin Chen's eyes.

"You are right, I just want to keep you, so what about you? Ben Shao saved you. Not only did you not grateful, but you also coveted Ben Shao's treasure, just want to leave like this?"

Qin Chen didn't have a word of nonsense at all, he didn't like to cause trouble, but Lu Zian's behavior had already touched his bottom line.

"You..." Lu Zi'an flushed with anger. He thought that with what he said, coupled with the aura that broke out earlier, he wanted Qin Chen to know that he was a pinnacle martial emperor, and he was jealous, and then he would step down. .

But who knew that Qin Chen didn't give himself any face, how could this make him stand?

Are you really afraid of him?

Thinking of this, Lu Zian's heart burned with anger, and he didn't speak anymore, and with a wave of his hand, a black light hovered around him, and finally landed on his hand.

[Chapter 2009: Show mercy](#)

Qin Chen had already seen clearly, this was a ring blade, like a half-moon blade, one segment was held in Lu Zian's hand, and on the other side was a long curved blade, the whole body shone with black light. The cold air.

This ring blade gave people a very terrifying killing intent. It was obviously an emperor soldier. Just looking at it made people feel cold.

This is a short weapon blade, suitable for close combat. As the deputy commander of Dark Moon, Lu Zian is also a top-level killer, and his weapons are naturally more inclined to close assassinations.

As soon as this one-handed ring blade was sacrificed, it brought a series of blade shadows around Lu Zian, and those blade shadows were connected in a circle. Even if they did not start to attack, the

regularity of the rotation and the fluctuation of the true essence caused by them, Rao Yuangeng and Pu Xingchang beside them felt dizzy and frightened.

Everyone is a master of Sky Thunder City, and naturally knows the roots. When Lu Zian was still a giant Wudi, they were still in the same level of strength, but they were also a little afraid of killers like Lu Zian.

Now after Lu Zian breaks through the peak of Emperor Wu, whether it is the strength of the true essence, the speed of attack, or the defense, he is better than them. If you really want to fight, even if the two of them work together, they will be beheaded by Lu Zian, unless They are trying to escape, and there may be a silver lining.

The ring-blade dagger hadn't attacked yet, and there was a buzzing sound in the air. The surrounding thunder was repelled. The momentum made people feel that once the ring-blade was trapped, they would immediately be strangled. There will be no second possibility.

After Lu Zian sacrificed his emperor's soldiers, he didn't make the first move. Instead, he looked at Qin Chen coldly. The meaning was obvious, but if you dare to talk nonsense, be careful.

Qin Chen sneered. His current vision was not what he used to be. He had just broken through the mid-term peak Martial Emperor, and he hadn't really played against the general peak Martial Emperor. It was just an opportunity to verify his strength.

Without waiting for Lu Zian to speak, Qin Chen didn't even sacrifice any weapons, but just shot it out with a punch. The first move was the killing fist. Only this move can make Qin Chen happy. After entering the sea of thunder, he still I haven't played happily before, and now that Lu Zian has come to the door, of course he will not let it go.

Lu Zian didn't expect Qin Chen to say that he would do it, and he didn't have time to think about it. The ring-blade dagger was already fully sacrificed.

The countless black shadows that overlapped suddenly swelled up and turned into layers. The endless ring of light surrounded Lu Zi'an. At the same time, with endless killing intent, they instantly smashed into Qin Chen. On top of his fist, countless dark lights were shot out from it, wrapping towards Qin Chen from another direction.

With a bang, the countless dark lights were hidden in the void, and Qin Chen immediately felt the void around his body trembling, and waves of invisible power were about to erode over.

The killer of Emperor Wudi is really terrifying.

Peak Martial Emperor, even the weaker peak Martial Emperor, has reached a very deep level of control over the rules of space, and combined with assassination techniques can definitely cause unprecedented damage.

But Qin Chen was not afraid of it, and even snorted coldly, his aura exploded again, and under the surging of True Qi, the void around him suddenly solidified again.

Lu Zian felt that his ring-bladed dark strike seemed to have penetrated into the invisible mud, and he could no longer be stimulated, his face changed suddenly, and Qin Chen's understanding of spatial

attainments was definitely not weaker than his own. To the point, he even suspects that Qin Chen is a pinnacle martial emperor deliberately hiding his cultivation base.

And the endless killing mood contained in Qin Chen's fist has also swept over.

His face was green, knowing that if he could not break through the shackles of Qin Chen's rules, he would definitely fall into Qin Chen's rhythm, and his shots would be completely suppressed by Qin Chen.

Once his true treasure is suppressed, he may be really dangerous, not to mention Rao Yuangeng and Pu Xingchang beside him.

Lu Zian didn't even think about it, he already started to burn his blood. When his ring blade dagger was loose, he immediately breathed a sigh of relief, and at the same time, he was about to step back.

"boom....."

But how could Qin Chen give Lu Zian a chance to retreat? At the moment when Lu Zian slackened and retreated, Qin Chen's killing fist suddenly broke out, an ear-splitting roar sounded, and Qin Chen's killing fist instantly turned into An angry dragon blasted on Lu Zian's ring blade, accompanied by a terrifying roar, and black light blasted everywhere. Lu Zian only felt that a terrible force was coming, and he could not resist a terrible force. Killing intent.

Unprecedented killing rules swept through, and it blasted Lu Zian's body instantly through the ring blade defense.

Lu Zi'an suddenly took a breath of air. He didn't expect Qin Chen's attack to be so terrible and tricky, but he was not panicked at all, because after his imperial soldiers blocked Qin Chen's fist, Qin Chen's fist was less than half. , He was also a peak martial emperor master at any rate, and he didn't believe that Qin Chen's attack with only half of his power could hurt himself.

But the thoughts in his heart hadn't fallen yet, and his face changed again. Although the attack that swept through was less than half, it hit his chest like a wild beast.

Click...

The sound of bone fragmentation sounded, Lu Zian spouted blood, and Qin Chen's chest collapsed with a fist. The sound of bone fragmentation occurred one after another, and he didn't know how many ribs were broken instantly.

He backed away in horror, and at the same time hurriedly took out a few pills and swallowed it, and then yelled in horror before Qin Chen continued to take action, "Brother Chen, be merciful, Lu Mou admit defeat. Please understand Brother Chen for the offense. "

He shouted with a look of horror on his face.

Qin Chen did not pursue and kill Lu Zian. Although he severely injured Lu Zian with a single move, Lu Zian, as the deputy commander of the Dark Moon Killer Organization, did not know how many methods he had, and there must be many hidden assassins.

Of course, it's okay for him to kill Lu Zi'an. It's just a little troublesome at best, but the Black Order has just been established in Sky Thunder City. If he kills Lu Zi'an forcibly and the news goes back to Dark Moon, there will be some trouble. .

What's more, Lu Zian is only the deputy leader of Dark Moon, and Dark Moon must have a stronger leader.

What Qin Chen was worried about was that Dark Moon's regular leader. Before he could cut the grass and remove the roots, now that the other party begged for mercy, Qin Chen would naturally accept it.

However, this does not mean that he will let the other party go. If the other party does not give compensation or give an explanation, even if the other party's background is strong, Qin Chen cannot easily let the other party leave.

Seeing that Qin Chen did not catch up, Lu Zian heaved a sigh of relief. He didn't think about running away from Qin Chen. If he could escape, Qin Chen would not be so casual, not to mention that in his heart, Qin Chen has become Very mysterious, the other party is at least the same peak martial emperor like him.

[Chapter 2010: Wonderful Blue](#)

He hated in his heart, you said that you are a top martial emperor, what are you pretending to be a low-level martial emperor? If he had known that Qin Chen was the pinnacle of Wudi, even if it was a giant Wudi, he would have been a little jealous, at least after he had figured out the true origin of the opponent before he would make a move.

Lu Zi'an didn't know that Qin Chen didn't deceive him, he was really just the mid-term peak Martial Emperor, not some peak Martial Emperor.

At this time, Rao Yuangeng and Pu Xingchang were dumbfounded and looked at Qin Chen in shock. At the same time, they secretly thanked that they did not have the same thoughts as Lu Zian, otherwise they would never end up better than Wei Ziyang. How much.

They knew how powerful Lu Zian was. They really wanted to fight against each other. They had no other way but to escape, but it was such a peak Martial Emperor who was injured in a moment in front of Qin Chen, and even gave up directly.

We must know that all martial artists have dignity, let alone a pinnacle martial emperor like Lu Zian. To admit defeat means that in Lu Zian's view, even if he makes a full shot, it may not be Qin Chen's opponent. What kind of cultivation is this? for?

However, after learning about Qin Chen's power, Rao Yuangeng and Pu Xingchang didn't worry at all, but they were even more pleasantly surprised, because the current Thunder Sea is too dangerous. The stronger Qin Chen's strength is, the safer they are.

Qin Chen didn't know what Rao Yuangeng and Pu Xingchang thought. He stared at Lu Zian and sneered: "You can do it if you want to, or give up if you want to give up. Where is such a good thing?"

Qin Chen was sure that he had the upper hand, and if Lu Zian had the upper hand, his fate would definitely be miserable.

Lu Zian hesitated for a long time, took out a jade bottle and handed it to Qin Chen and said, "Brother Chen, here is a bottle of Emperor Yuan Pill, which can restore the true essence of a peak martial emperor in a short time. Lu Mou admires Shao Chen's cultivation base. Endlessly, these elixirs are of great help to Xiao Chen, so they are given to Brother Chen."

The Emperor Yuan Pill is a nine-rank pill, and its level is not too low. It can quickly restore the peak martial emperor's true essence consumption. Before Lu Zian relied on the emperor essence pill, he could almost consume the true essence. In the case of exhaustion, quickly restore the repair base.

When Qin Chen heard that it was the Emperor Yuan Pill, his face suddenly sank. Although this Emperor Yuan Pill is a good thing, it is extremely precious in Sky Thunder City. In fact, any pill, as long as it can reach the ninth grade, it is extremely precious, not to mention that the Emperor Yuan Pill is not the bottom of the nine-pin pill.

But Qin Chen doesn't like this kind of thing at all. He is a ninth-rank alchemy emperor master, and the main material for refining the emperor yuan pill is the emperor spirit grass, which is a ninth-level elixir, but this elixir is lingering. There are quite a few in the Palace's Holy Medicine Garden, and they are now planted in his Universe Jade Plate.

If Qin Chen wanted Diyuanyuan Pill, he could refine a few furnaces in minutes, how could he appreciate the few pills that Lu Zian took out now?

Send the beggar?

When Lu Zian saw Qin Chen's face change, he immediately knew that it was not good. Without waiting for him to speak, the aura of Qin Chen's whole body suddenly surged, and his endless killing intent was like a volcano that was condensed and did not erupt, on the eve of the eruption.

Lu Zian was even more shocked when he felt it. This kind of aura was much more domineering than when he was fighting against him just now. Could it be that Qin Chen made a shot just now and has not yet exerted his full strength?

Thinking of this, Lu Zian dared to hesitate for a while, and quickly took out a light blue jade box again and said: "I have one more thing here, presumably Brother Chen will be interested."

Qin Chen took the jade box and opened it directly. Then he found that the jade box was actually a piece of ore. The ore was blue in color, with dots and dots on it, like stars in the sky.

"Wonderful Blue?"

Qin Chen said in surprise immediately.

Wonderful Marrow Blue, this is a kind of ore, and it is a very rare ore, rumored to be born only deep in the heart of the earth.

This kind of ore itself has no effect, nor can it refine alchemy, nor can it even be used to refine any treasures, but it has great benefits for all kinds of flames.

Odd Marrow Youlan can purify any flame, **** fire, earth fire and even sky fire. This is definitely a treasure that emperor-level alchemists dream of.

Seeing Wonderful Marrow Youlan Qin Chen was naturally overjoyed. This is what he needs. With this treasure, even if Qinglian Demon Fire cannot be promoted directly, Qinglian Demon Fire will inevitably be upgraded again. Purification, especially in this sea of thunder, the stronger the Qinglian Demon Fire, the safer he will naturally be.

Unexpectedly, he had unexpectedly obtained a strange marrow blue, and Qin Chen's heart was immediately very happy.

Lu Zian's face was painful. Obviously he knew the origin of this ore very well. He hurriedly said: "Yes, it's Wonder Blue. This thing was obtained by Lu from a certain ruin. Rumors can make all kinds of flames. Upgrade, but Brother Wangchen smiled."

Smile? Of course you have to accept it!

Qin Chen directly threw the strange marrow blue into the jade dish of Universe Good Fortune.

Lu Zi'an saw Qin Chen harvest the strange marrow blue, he was finally relieved, and turned to a great pain. Such an extremely rare ore, but because of an inexplicable thing, was left here. It took a lot of effort to get the Wonderful Blue.

Obviously he is not a pharmacist, nor is he cultivating the technique of the fire system, but the reason why he dared to be like Qin Chen wanted the Qinglian Demon Fire before, he was not worried that he would not be able to absorb the Qinglian Demon Fire, because of the strange blue spirit. For this reason, Qi Marrow Youlan can not only upgrade the flames, but also allow a warrior who does not understand the rules of the fire system to master some special powerful flames.

But now all of this is smashed, even if Qin Chen really took out the Qinglian Demon Fire and gave it to him, it was definitely not a matter of a while to refine it with his attainments.

"Why are you still not leaving?" Qin Chen folded Qi Marrow Youlan, and when he saw Lu Zian standing aside, he frowned and said.

Lu Zian showed embarrassment on his face and chuckled: "Brother Chen, before Lu took the liberty to offend Brother Chen, he also asked Brother Chen to give Lu a chance so that Lu could compensate Brother Chen and Lu would be willing to be in Brother Chen. By my side, I made suggestions for Brother Chen, and said nothing at all."

Lu Zian said in awe.

In fact, he didn't want to stay here for a minute, but he also knew that without Qin Chen, there was no strange fire, if he left alone, and then encountered that strange shadow, he would definitely die, so he would have to stay shy. By Qin Chen's side, even if he loses his face, it is better than losing his life.

Qin Chen looked at Lu Zian for a few times, how he didn't understand Lu Zian's purpose, he could not think that this person was already the peak martial emperor, and he was so shameless. He was really a killer and not a rascal.
