[Chapter 2011: Have a blind eye](#)

"It's not impossible if you are willing to stay, but you must obey Ben Shao's instructions. If you will let Ben Shao see anything wrong with you later, it won't be solved by apologizing." Qin Chen snorted coldly. I didn't force Lu Zian to leave

. Lu Zian was embarrassed by Qin Chen's eyes. He was overjoyed when he heard this and hurriedly said: "Brother Chen, don't worry, although Lu Zian is not a good thing, I say one is one and two is two. Will never violate the yang and the yin, please dust

Don't worry, brother Rao and Pu can testify for Lu if they don't believe it. "

Qin Chen waved his hand, and there was no need to testify. He never believed in so-called testimonies, he only believed in actual actions.

After solving Lu Zian's matter, Qin Chen immediately came to Wei Ziyang's side. At this time, Wei Ziyang was already sober. After swallowing the healing pill, his injuries had recovered seven or eight, but he was still extremely weak. Now that Qin Chen came over, his face was suddenly panicked and nervous. A heart fluttering

He jumped wildly, and hurriedly said: "Wei has no sense of good or bad, and offends Brother Chen, and asks Brother Chen to forgive him."

He was terrified, afraid that Qin Chen would attack him.

"Wei Ziyang, you won't be on the road like this. The old man took out the miracle Youlan to apologize to Brother Chen. You said you forgive your sins, don't you have a sign?

Before Qin Chen could speak, Lu Zian jumped out and became a vanguard, eager to perform in front of Qin Chen.

No way, who told him to rely on Qin Chen now. Wei Ziyang immediately hated him. If it weren't for you, Lu Zian, would he have such an idea for Qin Chen? He is just a giant Wudi. The reason he dared to come forward before was because Lu Zian came forward, but he didn't expect to return now.

Instead, it was Lu Zian who was heading for him.

But he dared not make any rebuttal, and hurriedly took out some treasures from him, hoping to exchange Qin Chen for forgiveness.

These treasures are quite rare, but Qin Chen's face has never looked good, because these treasures do not have much practical effect on him now.

Wei Ziyang couldn't help being more and more frightened. He almost gave Qin Chen the storage ring now, but Qin Chen's face was still dissatisfied, he didn't know what to do.

"Old Wei, what are you doing so slowly? What good things do you have on your body, don't you take them out, a magnificent ninth-level array mage, wouldn't you have nothing good, right?" Lu Zi'an said coldly. . Wei Ziyang panicked in his heart. He took out all his good things, but Qin Chen didn't like it at

all. In the panic, his mind turned anxiously, suddenly thinking of something, and hurriedly said: "Brother Chen, you just said to look for Is that space sealed?"

I can find the space seal. "

"Can you find the space seal?" Qin Chen's face was already getting heavier and heavier, but at this moment, he suddenly raised his brow, revealing a curious expression.

Although they are now going to the place where the space seal was before, Qin Chen can be sure that they are in the past, and the space seal must have disappeared completely like the place before.

He just wanted to see the scene after the space seal burst before. Who ever thought that Wei Ziyang actually said that he could find the space seal, Qin Chen immediately became interested.

Seeing Qin Chen's interest, Wei Ziyang hurriedly said: "Yes, Brother Chen, I can indeed find the space seal, as long as I get to the place where the space seal was before, I can do it."

"In that case, what are you waiting for? You will take us over now. If you let Ben Shao know that you are lying, you can stop blaming Ben Shao for being ruthless."

Qin Chen didn't expect that he would have such a harvest occasionally when he was kind, and a group of people quickly swept towards the location of the space seal.

Qin Chen and the others were fast, and after about a stick of incense, everyone came to the seal. "Brother Chen, this is the location of the previous seal." Lu Zian said enthusiastically, but Qin Chen didn't speak, but looked at Rao Yuangeng and Pu Xingchang. After seeing Rao Yuangeng nodding, Qin Chen looked around. This move

Shi made Lu Zian very embarrassed.

In fact, without Lu Zi'an reminding him, Qin Chen also saw something wrong here. The thunder here was very chaotic, as if he had experienced a wave, and there was still a mess of messiness in the thunder.

In the void in front, there was an area of thunder light that seemed a little shallow. It was obviously not long after it was filled in. The piece of void that was lost should be the location of the previous space seal.

Moreover, Qin Chen also felt a very special power here. This power was extremely pure. Although it was very weak, it still had not dissipated, causing the Nine Star God Emperor Art in Qin Chen's body to move around.

"It's the breath of Origin Stone." Lao Yuan's voice came over immediately.

"Wei Ziyang, where is the new space seal?" Qin Chen set his gaze on Wei Ziyang. Didn't he say that he could find the space seal?

Wei Ziyang hurriedly came to the gap and looked at the left and right, as if he was calculating something.

"Hey, this method of Wei Ziyang's calculation seems to be a method of formation." Qin Chen raised his brows. Others could not see what Wei Ziyang was doing, but he could see a clue. Maybe Wei Ziyang could really find space. The location of the seal.

Lu Zi'an became dissatisfied, seeing that Wei Ziyang hadn't said the location of the space seal at once, and immediately snorted coldly: "Wei Ziyang, don't you know the location of the space seal when you talk about it? Where is the space seal now?"

Wei Ziyang hurriedly said: "Give me some time, I will definitely be able to find out the location of the space seal." "So you are lying to us." Lu Zian said with a murderous expression to Qin Chen, "Brother Chen, I I knew that this kid was uneasy and kind and was teasing us. It seemed that he wouldn't be able to tell the truth if he didn't give him a look, brother Chen, this kind of trivial matter.

, You leave it to me. "

He said he was about to do something to Wei Ziyang.

Qin Chen looked speechless, this kid's gesture was too strong.

He waved his hand, looked at Wei Ziyang, frowned and said, "Do you want to use the formation method to calculate the location of the space seal?"

"Brother Chen, how did you see it?" Wei Ziyang was stunned.

Qin Chen did not answer, but asked, "How sure are you?" "Seven percent." Wei Ziyang hurriedly said, "When the space seal disappeared before, I suspected that the space seal should have activated protective measures. After being attacked, , Disappeared automatically. Later, when I found the space seal for the second time, I observed it carefully for a long time. The seal did have an autonomous protective measure. Once it was attacked by a powerful attack, it would automatically sneak to the next safe place."

[Chapter 2012: Demon fire promotion](#)

"But the protective measures for that seal are too complicated, even I can only see some clues, but with these clues, plus some clues here, as long as you give me some time, I will definitely be able to figure out the spatial seal. Bit of

Even if you can't find a specific location, you can figure out the approximate position. "

Wei Ziyang was afraid that Qin Chen would attack him, so he hurriedly explained.

"So, the location of this space seal should be traceable?" Qin Chen thoughtfully. "It should be like this, but it is really difficult to find, because the level of the space seal is too high. If there is no cultivation base of the 9th-level Array Wizard, you can't even understand it. The entire Sky Thunder City, I guess it's only two or two of my Di Zhen Ge

People can understand it. "Wei Ziyang feels very confident at this point.

"Spoken words, who knows whether they are true or not." Lu Zian immediately snorted coldly.

Wei Ziyang was very angry. If there was a chance, he would definitely want Lu Zi'an to look down on him. Qin Chen didn't say anything. Every time it was Lu Zi'an fanning the flames, it was really angry.

"In that case, you can calculate it." Qin Chen ignored Lu Zian and said to Wei Ziyang.

Although his formation skills are definitely much deeper than Wei Ziyang, he has never seen the space seal once. Instead, Wei Ziyang has seen the inside of the seal twice before he can make calculations.

Array Dao is not to say that Wei Ziyang said the method, he can directly calculate it. Before seeing the space seal, Qin Chen could hardly calculate it. "It's still safe here now, you guys just make a good calculation here, I have something to do, and I will be back soon." Qin Chen said to Rao Yuangeng and the others, without waiting for Lu Zian and the others to agree. Immediately towards the Thunder

The depths of the sea swept away.

"Hey..." Lu Zi'an was in a hurry, Qin Chen left, what should they do if there is a dark shadow here? Before they could speak, Qin Chen had disappeared from the sight of several people. After they hesitated for a while, they suddenly lost Qin Chen's trace. "Damn, this guy is too much, because he has a strange fire, he doesn't put us in his eyes." Lu Zi'an was so angry that if it weren't for him, he would have to rely on Qin Chen to take him out safely. , How could he speak so well in front of Qin Chen

However, his complaint did not get Rao Yuangeng and the others' approval. Rao Yuangeng and Pu Xingchang both laughed and went aside.

"You two mean?" Lu Zian said angrily. "That's what it means, why, Lu Zian, you still want to do something against us? If the three of us work together, even if it's not your opponent, it won't be too much difference, and here, do you dare to do it?" Rao Yuangeng is straightforward. ,spleen

He was very irritable, and he said it directly, with a look of disdain.

What he looks down on most is this kind of guy who has the same kind of people before the others.

Lu Zi'an was angry with murderous intent in his heart, but Rao Yuangeng was right. In this case, he really didn't dare to rush into action. He could only snorted coldly and walked to the side, watching the surroundings vigilantly to prevent darkness. Shadow attack.

Not long after Qin Chen left that area, he stopped in a land of thunder sea, his figure flashed, and he disappeared into the thunder sea suddenly, and entered the universe jade disc.

"Why did your kid come in?" Lao Yuan said.

"Of course it's Refining Wonder Blue!"

After Qin Chen instructed Qin Mo to pay attention to the outside world, he directly released the Qinglian Demon Fire, and then threw the strange marrow Youlan just obtained into the Qinglian Demon Fire.

boom!

When the strange marrow Yulan entered the Qinglian Demon Fire, the Qinglian Demon Fire immediately exuded a kind of excitement, and then suddenly wrapped the strange marrow Yulan in the center, and began to slowly refine it.

Crackling! Qin Chen clearly felt that after swallowing the things in the mysterious blue, the aura of the Qinglian Demon Fire was slowly rising, as if it had received some kind of nourishment, and the Qinglian Demon Fire continued to roll and prance. , The blue light from the flame

Shooting in, the entire universe of good fortune jade disc space mapped is blue.

Qin Chen stepped back a few hundred meters away in shock, only to realize that Lao Yuan was also staring at the unquenchable blue in surprise.

The performance of the Qinglian Demon Fire at this time was even more astonishing than when it had swallowed the Silent Grey Flame. Obviously, this strange marrow blue has a much stronger effect on the Qinglian Demon Fire.

The power that broke out from the combination of the two is simply amazing. Drops of blue liquid slowly refining from the faint marrow blue, the whole stone turned into soft tofu, and then refining into droplets of liquid, and these liquids will be Qinglian Demon Fire devours greedily, for fear

Others come and grab it.

The tumbling flames got bigger and bigger, and Qin Chen could clearly feel the Qinglian Demon Fire getting stronger and stronger.

At first, Qin Chen still had joy on his face, but later on, his face became more and more unsightly, because the aura of the Qinglian Demon Fire increased too much, and the color even gradually changed from the original cyan. It became a pale blue.

Qinglian Demon Fire won't get out of her control, will it?

Qin Chen tried to use his mental power to communicate with Qinglian Demon Fire, only to find that the communication between his mental power and Qinglian Demon Fire was still unimpeded, and after it was very smooth, he was completely relieved. Of course, even if Qinglian Demon Fire really got rid of Qin Chen's control, Qin Chen didn't worry that nothing could escape Qin Chen's control in the universe of good fortune jade disc space, but even so, Qin Chen did not want to The second refining Qinglian Demon

fire.

Time passed by every minute and every second. After a full half day, the Qinglian Demon Fire stopped jumping, and gradually shrunk, finally floating in mid-air like an extremely beautiful flower bud ready to bloom, Qin Chen's hand moved, and the Qinglian Demon Fire immediately flew into it. In Qin Chen's palm, that flower bud

There was a faint blue around the flames, and the center of the flames was still very blue.

It seems that there is a blue lotus seed in the middle of a blue refining.

A joyful thought was passed to Qin Chen, and Qin Chen was surprised to understand that Qinglian Demon Fire was still his Qinglian Demon Fire, but it had already been transformed.

Moreover, after swallowing the strange marrow blue, the consciousness of the birth of Qinglian Demon Fire became more and more agile, as if he could communicate with Qin Chen, there was a feeling of joy.

Of course, this spiritual wisdom has not yet been fully born, so it is not possible to communicate directly with Qin Chen, but it is already possible to communicate simply. The Qinglian Demon Fire at this time was no longer just a flame, it was more like a ignorant newborn life, which made Qin Chen happy.

[Chapter 2013: Reverse phagocytosis](#)

The promotion of Qinglian Demon Fire is extremely important for Qin Chen. Next, when he encounters that weird shadow again, he will release Qinglian Demon Fire again. The effect is definitely much stronger than before, and Qin Chen has a feeling, Qing Lian After the demon fire has changed, And even hurt him.

This has become Qin Chen's assassin. If Qin Chen wants to kill Lu Zian now, he doesn't even need to use other moves. He only needs to release the Qinglian demon fire to make Lu Zian eat a pot and be embarrassed.

After refining the Qinglian Demon Fire, Qin Chen did not stay, and immediately plundered Rao Yuangeng and the others, but this time Qin Chen placed Qin Mo in the outside world instead of staying in the Universe Jade Plate.

Qin Mo can be used as one of his assassins, hiding from the side.

At this time, in the core area of the Thunder Sea at an unknown distance from here.

A figure wearing a cloak was slowly rising and falling in the sea of thunder, and along with her ups and downs, it turned into a vast expanse of thunder light lingering around her, entwining her body.

If you look closely, you can see that this person is exuding wisps of black magic energy, and these magic energy is constantly twisted and struggling under the bombardment of the thunder sea of Thunder, and is a little bit consumed.

But the speed of this consumption is very slow, and I don't know how long it will take to rely on these thunders to completely consume this devilish energy.

This person is Chen Sisi who came to the Sea of Thunder to temper.

She has been here for quite a while, and found that the Thunder of the Sea of Thunder does have a suppressive effect on the demon soul in her body, but it is only suppressing. It is definitely not an overnight thing to completely eliminate this demon energy.

Unless she enters the deepest part of the Thunder Sea.

It is possible for her to enter the deepest part of the Thunder Sea rashly with her current cultivation base. Then she is not cultivating, but looking for death, so Chen Sisi is adapting a little bit.

Her heart was as calm as water. Compared to the time when she was in the Illusory Demon Abyss Grottoes, she was already sober, but the trace of coldness and hatred in her eyes never disappeared. Instead, she became more determined and indifferent.

"Ugh!"

In the distant void, a figure was hidden there, between illusion and reality, even the thunder of the sea of thunder could not reveal her figure.

This is naturally the phantom master. She thought that after Chen Sisi entered the Sea of Thunder, with the suppression of the magical power of the Illusory Demon Abyss, Chen Sisi could recover some sense, but she did not expect it to be useless. The hatred has penetrated into Chen Sisi's heart. This is a dedication. Read, deep

Into Chen Sisi's soul cannot be eliminated.

"Is the relationship between men and women really so hard to give up?" There was a cold expression in the eyes of the Phantom Demon Sect Master.

suddenly.

Sovereign Illusory Demon's heart was beating wildly, and an inexplicable sense of danger lingered from her heart. She was startled, and hurriedly looked up, and saw that in the endless thunder sea, a shadow of nothingness had come to Chen Sisi's side. .

This black shadow is very illusory, as if it does not exist. If a peak martial emperor comes, you may not even be able to see the existence of this black shadow, but the illusionist Sect Master clearly saw this black shadow, and his heart was suddenly shocked.

"Alien demons? No, not alien demons? They look like alien demons again!"

Sovereign Phantom Demon frowned, she hid in the void, although she saw the dark shadow, she didn't move. She didn't remind Chen Sisi, but wanted to use Chen Sisi to find out the origin of the dark shadow. Obviously, the black shadow did not find the Sovereign of the Illusory Demon. Its attention completely fell on Chen Sisi's body. It was attracted by the devil qi escaping from Chen Sisi's body. It slowly approached, and then rushed towards Chen Sisi with a swish. Fell on Chen Si

On Si's back, control her thinking.

This is the weird shadow.

call! Chen Sisi's eyes opened suddenly, and both eyes were pitch black, like two invisible black vortexes, spinning like crazy, and then, the devilish energy in her mind burst out suddenly, booming, strands of devilish energy. Frantically surging, instead

Enveloping the black shadow in reverse.

"Squeak..." The black shadow did not expect that the other party would swallow it in the opposite direction, and immediately struggling with horror, a terrible swallowing magic power was transmitted from the body of the person in front of it, and the black shadow was instantly incomparable Panic, crazy struggle, but no

It helped, and was immediately torn apart by the endless magical energy, turned into pure power, and merged into Chen Sisi's body.

The aura on Chen Sisi's body became increasingly cold and evil, and the boundless black hair surged, like a witch.

"Is this... a special kind of evil spirit? Or is it a variant of alien demons?"

In the distance, the Illusory Demon Sect Master suddenly stood up, with horror and horror on his face. How could such an evil spirit appear in this sea of thunder?

Could it be that what happened in this sea of thunder?

The appearance of the dark shadow controlling Chen Sisi before was completely different from the aliens, and very different from any kind of soul body she knew. Just under her suspicion, she suddenly felt a chill in her heart, and then she saw that in the distance in the void, another black shadow appeared. The black shadow was also coming here, after seeing the condition of Chen Sisi's body. , Can't see the facial features

There was a hint of horror, and even fled in the other direction.

The Phantom Sovereign thought with a thought, and his figure moved silently, instantly merged into the sea of thunder, and followed the dark shadow.

When the Illusory Demon Sect Master just left, Chen Sisi frowned and stood up. She raised her head to look at a place in the distance. After devouring the power of the shadow, she faintly felt that there seemed to be invisible auras attracting. Holding her.

She stopped practicing, frowned, and flew slowly toward the place that exuded the attraction.

Qin Chen naturally didn't know what happened here. After a while, he came back to the place where the space was sealed before.

"Brother Chen, you finally came back."

Seeing Qin Chen, Lu Zi'an, who had always been worried, breathed a sigh of relief, and a large rock fell to the ground and hurriedly greeted him.

"Brother Chen, I have already calculated the new location of the space seal." Without waiting for Qin Chen to speak, Wei Ziyang also excitedly came to Qin Chen's side, and said immediately.

"Where?" Qin Chen asked immediately when his eyes lit up.

Wei Ziyang said: "I just calculated an approximate location, about one hundred and sixty thousand miles southwest from here, it should be nearby. We will look for it again when the time comes."

Qin Chen ignored the others and immediately led Wei Ziyang's group towards the southwest.

Qin Chen and the others are so fast. Although the distance of seventeen to eighty thousand miles is extremely far away, it is not a big deal to the Emperor Wu. The only trouble is the danger in the sea of thunder. What Qin Chen didn't know was that the direction he was going was almost in the same direction as the direction Chen Sisi received the summoning power.

[Chapter 2014: Thunder sea dead](#)

The distance of 16 to 70 thousand miles is very far, but for people like Qin Chen, it is not particularly far away. After only a few hours, Qin Chen and the others were already close to the position that Wei Ziyang had calculated before, but the closer they got, they found that the thunder here was extremely violent, much more terrifying than when it was outside, even for Tier 9

The later giant Emperor Wu also had a faint threat.

"Wei Ziyang, are you sure you have to go 10,000 miles where you are calculating?" Lu Zian's face was a bit ugly, looking at the violent thunder in front of him, there was a trace of fear on his face.

"You can't go wrong, it's here, and you have to go in." Wei Ziyang also sweated on his forehead.

"Wei Ziyang, you are sure that you did not calculate the wrong place. Going further in, you will reach the place where Leihai died." Lu Zian said with an ugly expression.

"Indeed, you will be close to the place where Leihai died." Rao Yuangeng and Pu Xingchang were also very solemn, their faces extremely serious.

"What is Leihai's death place?" Qin Chen asked suspiciously. He had never heard of such a place in the Thunder Sea in his previous life.

Rao Yuangeng immediately explained, "Thunder Sea's dead place only appeared in two or three hundred years. As for the reason for its appearance, there is no final conclusion. At first, only this area of the Thunder Sea was raging. Later, the raging area became more and more violent. "At that time, when our people in Tianlei City first discovered this situation, they thought that something was born, so they attracted a lot of powerful people to enter. However, our major forces have searched for a long time and never found it. What kind of treasure is there

The body quenching effect here is much better than other places. "So although no foreign treasures have been discovered, there are still many strong people who like to enter it more and more. But who knows, this thunder sea is more terrifying than the ordinary sea of thunder. After a riot, it led to the city. Many strong men have fallen

Fall, the loss was heavy, and even a giant Wudi level master fell. Since then, this place has been called Leihai Deadland. "

"If the space seal is really located in the Leihai Deadland, and we enter rashly, once there is a riot in the Leihai Deadland, I am afraid I will be in danger."

When Qin Chen heard this, he couldn't help but secretly startled, this Lei Hai was so terrifying that even the giant Wudi would fall. Rao Yuangeng continued, "But it is not certain that you will die. There are more than one Lei Hai dead in the Thunder Sea. Generally, it is the most dangerous only when thunderstorms occur. It is also okay in normal times, but you still have to be careful. Everything can only be seen.

luck. "

Qin Chen was taken aback, "Is there actually more than one Lei Hai dead?"

Rao Yuangeng nodded and said, "That's right, there are at least seven or eight thunder sea dead places that have appeared in the sea of thunder these years. As for whether there is the deepest part of the thunder sea, no one knows."

"Then how did this Lei Hai dead place form?" Qin Chen frowned, and seven or eight suddenly appeared. Obviously, it was not a coincidence. There must be some law and reason.

Rao Yuangeng shook his head and said, "This is not clear. The original birth of Thunder Sea is a mystery. Who can tell the origin of Qing Thunder Sea's death."

Qin Chen didn't speak, he was still a little weird in his heart. Lei Hai appeared dead two or three hundred years ago, and at that time he just fell. Doesn't this matter have anything to do with Misty Palace?

Now as long as he encounters the things that have happened over the years, Qin Chen instinctively has to contact Misty Palace. This is not Qin Chen suspicious, but he knows very well that Misty Palace is indeed paying attention to the Thunder Sea.

But if the space seal is really in the thunder sea dead, it will be really troublesome.

Even if he knew there was a problem, Qin Chen could only go over and take a look. This space seal was too important, and Qin Chen couldn't miss it.

Several people continued to go deeper. This time, everyone's speed gradually slowed down. After all, Wei Ziyang was not very clear about the specific location of the space seal, so he could only look at it while walking.

Half an hour later, Qin Chen and the others entered the area of Leihai's death place. As expected, the power of thunder, which was originally mild, became violent, and even the giant Wudi such as Pu Xingchang felt a trace of pressure.

On the contrary, Qin Chen, who has the blood of Thunder, found that he was able to do well in this deadly land of Thunder Sea, and they were much safer than Lu Zian.

In this way, while flying carefully, while slowly searching, after more than an hour, everyone finally came to a place where Leihai died.

After arriving here, Wei Ziyang had no choice, because he could only calculate it here. As for the more specific position, he could not calculate it with his attainments.

"Brother Chen, the space seal must be nearby." Wei Ziyang said vowedly. Lu Zian said with a green face: "Wei Ziyang, you brought us to the thunder sea death place, just tell me about this? I also know that the space seal must still be in the thunder sea, what we want is the specific location, now you tell Us, Nakhon

The seal is nearby, where is it? "

Wei Ziyang showed a trace of embarrassment, sweat oozes from his forehead, and said: "It's within these thousands of miles anyway, and I don't know where it is." The range of thousands of miles is very small in the outside world. They can search for it in a moment with their cultivation base, but this is where Thunder Sea died, and the space seal is very secretive. If you don't directly attack it, neither mental power nor soul power can be detected.

, Where can I find this?

Thinking of this, Lu Zian cursed again.

Qin Chen stood in the thunder sea and looked into it. This place was exactly the same as other places. He couldn't see anything special at all, nor could he see any space seal. What he saw was only a sea of thunder, without any strange signs.

"Brother Chen, why don't we look for them..." Rao Yuangeng stepped up and just said, Qin Chen's face suddenly condensed.

call!

He suddenly raised his hand, and a azure blue flame appeared in the thunder sea. The next moment, the flame was like a light blue thunder sun, releasing strands of hot light.

Everyone was shocked, the scorching breath permeated them, making them all feel a little jealous, but this time Lu Zian and the others were truly shocked when they saw Qin Chen's Qinglian demon fire this time.

What a terrible flame, if Qin Chen uses this flame to deal with them, they may not find a way to crack it for a while, the only way is to offer a defensive treasure to block it.

But they were all puzzled, and they didn't understand why Qin Chen suddenly sacrificed flames. But just for a moment, everyone understood what Qin Chen meant. There was a faint shadow under the blue sun. Qin Chen did not control Qinglian Demon Fire to attack that shadow, so everyone could still see that shadow hiding in a corner. A face of horror appeared.

[Chapter 2015: Gujian Villa](#)

"I really found the place."

Lu Zian and others were not afraid, but overjoyed.

Along the way, none of them encountered the weird shadow, but now they have encountered it here, which shows that this space seal is very likely to be here.

Whoosh!

The weird shadow hurriedly flew to the side under the burning of Qinglian Demon Fire.

"Let's follow." Qin Chen immediately controlled the Qinglian Demon Fire and quickly followed it up.

The black shadow kept escaping under Qin Chen's tracking, and Qin Chen and the others kept following behind. After a certain distance, the black shadow disappeared from Qin Chen's supervision, and he didn't know where he was going.

Everyone was taken aback, where did the shadow go?

In the next moment, everyone's faces were full of ecstasy. Could it be that the space seal was nearby, and the dark shadow escaped into the space seal?

This is really possible, otherwise in this thunder sea, where can the dark shadow go?

"Brother Chen, it seems that the space seal is nearby." Rao Yuangeng said excitedly, "Leave it to us, you can definitely find it out immediately."

After a while, everyone has found a weird place ahead.

Although the Thunder Sea here is also in riots, it seems that a piece of the void is missing, and there is a place with irregular fluctuations.

"Brother Chen, let me come."

Lu Zian volunteered to come forward and speak out, but before he had time to do it, he saw Qin Chen frown and waved his hand suddenly, and then hit the void not far away with a punch suddenly.

A terrifying fist shadow passed by, and the thunder land that was exactly the same as elsewhere, was caused by Qin Chen's fist.

"Boom..."

That piece of thunder was immediately exploded, and not only was the thunder torn apart, but also an empty space appeared in the void, and even a trace of spatial ripples appeared, causing waves of surging in the surrounding thunder sea.

Lu Zian and the others were shocked, and their throats jumped directly to their throats.

Damn, what is Shao Chen doing? This is a dying person.

The faces of several people all turned pale. This is not an ordinary place of thunder, but a place of death. If a thunderstorm is triggered, it is definitely not impossible that one or two of these people on the scene will fall.

But before everyone had time to ask Qin Chen what he meant by doing this, a black figure suddenly shot out from the ripples, as fast as lightning.

The moment this figure glided out of that space, even if it was lightning fast, everyone clearly felt the figure's slight stagnation.

At the next moment, Lu Zian and the others had clearly seen the figure that appeared in front of the crowd, and suddenly called out in shock: "Sword Master Feng, why are you? Why are you here?"

Originally, Qin Chen wanted to continue to act on the person who was forced out by himself, but when he heard the surprised voices of several people, he immediately stopped making his move. The black figure has completely fallen in front of Qin Chen at the moment, but it is a thin middle-aged man with a goatee, his eyes flickering, and he is very shrewd, but his appearance is a bit embarrassed now. Get dressed

The robe was torn apart, revealing the true treasure armor inside, which was clearly blasted by Qin Chen's previous move and failed to respond.

The middle-aged strong man first hugged Lu Zian and the others and said: "Brother Lu, Brother Rao, Brother Pu, Brother Wei, it's me, congratulations to those who escaped the disaster."

After the middle-aged man finished speaking, he looked at Qin Chen again and said: "This friend is so strong, but his temper is too big. With a punch, even Feng was too late to resist, and he almost got injured just now."

Although the tone of this person's speech was very polite, everyone could still feel a trace of dissatisfaction and complaints from his words. It was obviously angry that Qin Chen had acted suddenly before. Qin Chen glanced at the other party, but didn't say anything, just handed his hands: "Young Master Ben just felt something was wrong, so he tried it out. If it affects you, then you can only say sorry, but you have previously Deliberately hiding

On the side, I have been here for so long before, and it is natural for people to misunderstand. "

Qin Chen said sorry, but he didn't look sorry at all in his expression, and suddenly made Feng Jianzhu not angry.

But Qin Chen didn't bother to pay attention to him, frowned and asked Rao Yuangeng, "Brother Rao, who is this?"

Rao Yuangeng hurriedly stepped forward and said, "Brother Chen, this is Feng Kangan, the owner of our Tianlei City Ancient Sword Villa. This person has sword skills to the sky. He is also known as Feng Jianzhu. In my Tianlei City, he is also a person who stomped one side. "Feng Kangan is the owner of the Ancient Sword Villa. Although the force of the Ancient Sword Villa is not as good as the Sky Xunhui, Xingzhou Chamber of Commerce, Dark Moon and other forces, it is also the leading power in the Sky Thunder City. Weak and most importantly, Feng

Kang An was a pinnacle martial emperor, and because he was a swordsman, he was even stronger than Lu Zian in terms of strength.

Gujian Villa?

Qin Chen was puzzled, Rao Yuangeng had secretly informed Qin Chen of Feng Kangan's origin. At the same time, Rao Yuangeng and the others were also a little bit astonished. Feng Kangan had been hiding around before, and they hadn't noticed it at all. This concealment technique would be a bit too scary. If it hadn't been for Qin Chen's move, it would have forced the other party out, Feng Kang.

If An had a malicious heart, and suddenly violent, even Lu Zian would have to eat a pot, it is inevitable that he would not be seriously injured.

"Brother Rao, who is this?" Feng Kangan glanced suspiciously at Rao Yuangeng, and found that Rao Yuangeng's attitude towards Qin Chen seemed a bit respectful, and couldn't help asking in doubt. Rao Yuangeng said to Feng Kangan again: "Sword Master Feng, this is Brother Chenqing, who came from Tianlei City and came here to help. Before, I waited because of Brother Chen's help to escape, otherwise, at this time I'm afraid we are all in one pile

Withered bones. "

When Feng Kangan heard Rao Yuangeng's words, his face immediately showed a look of surprise, and said, "Could it be that you are possessed by the dark shadow? Is this brother Chen helping you out?"

"Exactly." Feng Kangan looked at Qin Chen's expression in admiration, and said: "I didn't expect the little brother to be so young and have such a method. I have seen the flame before. It is indeed powerful, and it can make the dark shadow escape in embarrassment. , Feng would really like to know, Xiao

What kind of flame is the flame on the brother's body, it is so powerful, and the old man also admires it. "Feng Kang'an's old-fashioned look made Qin Chen sneer in his heart suddenly, and said lightly: "It's just an ordinary flame, it's not worth mentioning, but Sword Master Feng was hiding here before. The method is very good, and he is completely free from the shadows. The influence of this, I want to have some incredible secrets. "

[Chapter 2016: The scroll appears](#)

Qin Chen's words fell, and he really attracted the eyes of Lu Zian and others, frowning: "Brother Chen is right, you are not affected by the dark shadow at all. I don't know how you did it, Sword Master Feng? Lu Mou Remember that Brother Feng didn't have time to enter the space seal, right?"

Feng Kangan shook his head, showing a look of fear and said: "At the beginning, Feng was also possessed by the black shadow, but as a swordsman, Feng was the most determined, so there was a brief sobriety, and Feng took advantage of it. After that moment of sobriety, I burned all my body with the ground fire'clear fire' I had once obtained, and then burned the shadow to death. If I want to come, the shadow is most afraid of flames."

Qin Chen was a little surprised. He didn't expect that Feng Kangan had a bright flame on his body. Although the bright flame was only a ground fire, it ranked fourth on the ground fire rankings, and it was definitely an extremely sky-defying flame.

"Then why is Brother Feng here again?" Lu Zian frowned again.

"Hehe, Feng also followed one of the dark shadows to come here. I didn't expect to meet a few of them." Feng said with a smile, then looked at Qin Chen and asked: "Little brother, did you find me because I saw you? When it comes, there is a slight emotional fluctuation?"

Qin Chen smiled faintly but did not answer. He found that Feng Kangan had two reasons. The first was that his soul power was very strong and his perception was very keen, and he felt that there was something wrong with Feng Kangan. The second reason was that he felt something wrong. A hint of danger.

Only if he was murdered, he would feel dangerous, so Qin Chen was half-believing Feng Kangan's words, and Feng Kangan just killed him and made him feel it. Even if Feng Kang'an's murderous intent was concealed and weak, Qin Chen could feel it.

As for why the other party wanted to kill him, Qin Chen still doesn't know. According to the truth, since the other party knows the danger here, he should be excited or excited when he sees the companion of Tian Leicheng, and it should not be killing intent.

Unless he found something.

Space seal!

As soon as this thought came out, Qin Chen immediately had a guess, so he ignored Feng Kang'an at all, and directly blasted the strange-looking space in front of him with a punch.

After Qin Chen blasted a punch, he immediately brought up a large fist shadow, like a wave hitting the area. If it were in the area of a normal thunder sea, Qin Chen's fist might be pushed far away like a wave. But this time it was like hitting an invisible reef and immediately unable to move forward.

At the same time, bursts of spatial ripples appeared in front of everyone, and a huge light and shadow immediately appeared looming.

Sure enough, it was a seal, and Qin Chen immediately blasted a punch again, with a loud bang, and the power of the fist struck, and the light and shadow were immediately more obvious, and most of it soon revealed.

The light and shadow are indeed inlaid with pieces of spar as Ge Hongsen said. The spar is embedded in the light and shadow, densely arranged, very beautiful, and in the depth of the light and shadow, there is a simple The palace is looming, as if it is a mysterious space, and in the space, there is a palace.

The pieces of spar are arranged, and there is a bright glow on it. Even if you can't feel the breath of the spar through the space seal, you can see from the outside that this spar is definitely not an ordinary spar, at least absolutely It has surpassed all the top quality real stones in Tianwu Continent, it is definitely a more advanced thing.

"Sure enough, the space seal is here." Lu Zi'an and the others immediately became excited. Now that the masters of their major forces have entered the space seal, only a few of them have not entered, and their hearts are naturally extremely anxious.

Qin Chen is an imperial master of formation magic. As soon as he saw this spatial seal, he understood why Wei Ziyang could figure out the position of the spatial seal. This spatial seal did seal a place of heaven and earth, and this seal had an autonomous protective function. Huge damage will immediately shift the place, and this shift is actually regular. As long as you can see through the certain structure of the formation, you can calculate the next general position.

However, the level of this seal was too high, even Qin Chen could not see through the seal at a glance, and even the dense array gave him a dizzy feeling.

"It seems impossible to figure out this seal thoroughly."

Qin Chen immediately rushed to the real headache. If he couldn't figure out the structure of the seal, he could only use the same method as the strong in Sky Thunder City, but if he was not careful, the space seal would disappear again. , Inevitably will encounter trouble again.

What worries Qin Chen even more is that the places where the space seals have disappeared these few times are getting deeper and deeper in the Thunder Sea. Next time, this space seal may enter the deepest part of the Thunder Sea. It may not be able to pass.

And when Qin Chen had a headache, Qin Chen suddenly felt that there seemed to be some movement in the jade disc.

Qin Chen immediately penetrated his perception into the jade disc of Universe Good Fortune, and immediately saw a scroll lit up in his Universe Good Fortune jade dish, floating in the air, exuding a misty light, it seemed to be sealed with space. A trace of induction, even the jade disc of good fortune from heaven and earth could not resist this induction.

"It's the scroll of the Long Family."

Qin Chen was shocked immediately. This scroll was the treasure that the Law Enforcement Palace wanted to plunder when the Law Enforcement Palace was chasing and killing the Long Family in the Northern Heaven Territory.

Is there a connection between this scroll and the seal of space?

Qin Chen thought about it, before he had time to figure it out, he found that this scroll seemed to be attracted by some kind of attraction, and suddenly appeared to the outside world from the jade disc of good fortune in the universe.

As soon as the scroll appeared, Qin Chen was shocked immediately, and then hurriedly put away the scroll.

But it was still seen by Feng Kangan and others.

And at the moment when he put away the scroll, Qin Chen also received an inexplicable message, and finally understood why Feng Kangan had murdered him.

This seal has already had some gaps under the attacks of many powerful people in Sky Thunder City. Under the independent protection of the seal, these gaps will be actively repaired, but even if it is repaired, it will take a long time, but it is precisely because of the seal. When the gap is removed, there is a flaw.

And this scroll should have some connection with this space seal, because the space seal is destroyed, causing this space seal to have a periodic entrance every once in a while, and then you can enter the seal the moment the passage opens.

Feng Kangan was hiding here before because he was waiting for this periodic entrance to appear, and it should be not long after.

[Chapter 2017: Straight out](#)

After understanding all this, Qin Chen immediately put away the scroll, and then raised his head to look at Feng Kangan, and saw a trace of greed flashing past Feng Kangan's eyes.

Qin Chen sneered in his heart. He knew that after the mysterious scroll appeared, Feng Kangan and others would be coveted, but he didn't care at all.

At this moment, he already understood why Feng Kangan would be hostile to them. This person had obviously already discovered the space seal problem. He knew that the seal would be opened soon and wanted to monopolize the space seal, so he treated them. Moved to kill.

Qin Chen admits that people are selfish, but Feng Kangan doesn't think about it. Even if he can monopolize this space seal now, the Tianxun Society President Gongsun and others have entered this

space long ago. Among the seals, if there are really treasures in this space seal, is it still Feng Kangan's turn to monopolize?

I'm afraid it has already been contested by the Gongsun and others who entered early.

And now this space seal still exists here, and the holy crystal inside is still there intact, Qin Chen has some speculations in his heart, perhaps this space seal is not as simple as it seems on the surface.

Such a space seal, no one knows what is inside, perhaps there are unknown difficulties in it.

Thinking of this, Qin Chen didn't have the excitement at the beginning, but frowned in thought, feeling more and more problematic.

This space seal, weird!

He looked at Rao Yuangeng and frowned, "Rao Yuangeng, are you sure that President Gongsun and President Wuyong rushed into this space seal?"

"It's true, I saw it with my own eyes. If you don't believe me, ask Pu Xingchang and the others. They were there at the time and they should have seen it with their own eyes." Rao Yuangeng thought that Qin Chen didn't believe him, sweating on his forehead anxiously.

Pu Xingchang and the others nodded and said yes, while watching Qin Chen hesitate to speak.

They all wanted to ask Qin Chen about the scroll. Those who can cultivate to become a giant Wudi are not idiots. Each reaction is very keen. They all see that the scroll flying out of Qin Chen's body has a certain connection with the seal of this space, and their curiosity is unbearable. , But due to Qin Chen's majesty, he did not dare to ask, and he was extremely uncomfortable.

Qin Chen heard Rao Yuangeng's answer and pondered slightly. If Rao Yuangeng didn't lie to others, it would be weird, but no matter what, this space sealed him and he must not enter.

Thinking of this, Qin Chen stopped talking, cross-legged to the side, thinking carefully, and at the same time checking the scroll that suddenly appeared before to see if he could get any information.

Seeing Qin Chen not speaking anymore, Feng Kangan was immediately anxious.

He had been staring at the scroll that Qin Chen had displayed before, and now he saw that Qin Chen didn't mean to take it out at all, and he was secretly angry.

Damn, this kid obviously has something that can communicate with the space and seals it, but it is hidden privately, and there is no spirit of dedication at all. It is better to do nothing, kill him, take the treasure, and instantly remove the mystery of this kid. Take the flames too?

As soon as this idea came out, Feng Kangan couldn't help it anymore.

"Brother Chen, I don't know what the scroll that appeared on you before? Feng Mou sees how this thing seems to be related to the space seal. Perhaps it is useful for cracking the origin of the space seal." Feng Kangan directly said. , Pretending to be questioning.

Qin Chen glanced at Feng Kang'an and said lightly: "This is something from Ben Shao, does it have anything to do with you?"

Feng Kangan's expression changed and frowned, "Brother Chen said that is wrong. Feng is not coveting something on your body, but now I work together to crack this space seal. Since Brother Chen has a clue, why not take it. Come out for everyone to see?"

Why didn't Qin Chen know what Feng Kangan's idea was, and didn't he just fancy the scroll on his body, Qin Chen suddenly became a little angry, he didn't trouble Feng Kangan, but he didn't expect Feng Kangan to find him.

His eyes sank, and he sneered: "In addition to carrying a strange fire, Feng Jianzhu is still a master of formation? Otherwise, how can he see that this space will automatically open a channel soon after it is sealed and stay here forever? Without pushing his heart to his stomach, why should Young Master Ben take out the scroll?"

Feng Kangan was shocked, and instantly understood that Qin Chen had already seen the flaws in the seal of this space, and his identity as the master of the formation had actually been found out.

In fact, Feng Kangan is really a Master of Formation Dao and a Level 9 Master of Formation Dao, but he has always been low-key and rarely shows his strength, so no one in the entire Tianlei City knows his second one. I didn't expect Qin Chen to explain his identity.

Lu Zian and the others were a bit dissatisfied with Qin Chen's private scroll, but now they were shocked when they heard the news, and they all looked at Feng Kang'an in shock.

They were first shocked that this space would take the initiative to open a channel soon after being sealed, and they were also shocked by the identity of Master Feng Kangan.

No wonder Feng Kangan could find this place. If he had calculated as deliberately as Wei Ziyang before, he would definitely be able to see the traces of the space seal formation and rely on the traces of the formation to find here.

Everything became clear instantly.

Feng Kangan couldn't help but get angry. The fact that he is a master of formation has been hidden very well. Now Qin Chen has said that it is difficult for him to hide his identity in the future.

His gaze immediately fell, and he said coldly: "Brother Chen is joking. Feng is indeed a little accomplished in the formation, but he is far behind the deputy pavilion master Wei, but Brother Chen is just a small one. In the mid-term peak of Emperor Wu, with two great treasures, he actually dared to walk in this sea of thunder, ha ha, really courageous."

He deliberately proposed the cultivation base and strange treasures of Emperor Martial in the mid-Qin Chen period. He wanted to arouse Lu Zian's coveting heart. Although Feng Kangan didn't know why Lu Zian and the others respected Qin Chen so much, he wanted to come because Qin Chen had that. The different fire can disperse the shadows, once rescued Lu Zian and them.

Feng Kangan knew very well that although Lu Zian and the others would treat him with respect for Qin Chen's life-saving grace, who was the kind-hearted man who was able to establish a foothold in Tianlei City? Just a little bit of agitation will inevitably trigger evil thoughts in their hearts.

When the time comes, you can add another fire, even without having to do it yourself, someone will do it for yourself.

Thinking of this, Feng Kangan immediately smiled and said to Lu Zi'an: "Brother Lu, you guys, don't you want to know what the scroll is?"

But what made Feng Kangan feel weird was that when his words fell, Lu Zian's four did not agree, but instead looked at him with weird expressions. Their eyes were extremely strange.

[Chapter 2018: Ancient Sword Secret Art](#)

Feng Kangan was puzzled in his heart, and vaguely felt that he seemed to have made a mistake, but now that he could not give up halfway, seeing Lu Zian and the others did not speak, so they looked at Qin Chen coldly and said, "Little brother, Feng. Just want to borrow

Just take a look at the scroll on your lower body. You are like this, don't you give Feng Mou face? "

After saying this, a murderous aura that represented the peak of Emperor Wu suddenly surged out, and the faces of Rao Yuangeng and Pu Xingchang who were shocked to the side changed slightly, and could not help taking two steps back.

As soon as Qin Chen heard this and saw this aura, he immediately became angry. He didn't trouble Feng Kangan, but he came to him and pretended to be forced.

At the moment, I didn't bother to say the next sentence, the killing fist surged, and a fist struck Feng Kangan immediately.

Kill Dao Quan Yi!

A terrifying fist light appeared between the heaven and the earth, smashed out loudly, and instantly passed through the endless space, rushing to Feng Kangan's body. Feng Kangan originally thought that he was threatening, and Qin Chen was about to give in. He thinks that Qin Chen is so young, and the revealed cultivation base is only the mid-term peak Martial Emperor, even if he hides his cultivation base, he is only a giant Martial Emperor at such a young age.

, But he never thought that Qin Chen was not afraid at all, and before he continued to say threatening words, he had already taken action. "So courageous." Feng Kang'an's anger suddenly burst out, and his heart was ecstatic. Originally, he asked for the scroll on Qin Chen's body. If Qin Chen was obediently restrained, he would not have had an attack. Who knew that Qin Chen had actually acted directly. Such as

As a result, he just happened to **** the mysterious flame from him. Before Qin Chen's fist came to him, Feng Kangan suddenly appeared in his hand an ancient sword, hum, the ancient sword appeared, the endless sword light penetrated the sky, and instantly turned the land of thunder sea into a world of swords. , A sword domain instantly enveloped the field

Everyone.

The ancient sword glowed with dazzling light, and crimson sword light pierced the sky, and then mixed with endless sword energy, it exploded towards Qin Chen's fist.

According to Feng Kangan's idea, once his Banyue Ancient Sword is activated, the sword energy can directly wipe out Qin Chen's fist, and then strangle Qin Chen into fragments to obtain storage rings and treasures on his body.

"Crack, click..."

The scarlet sword light shot by Banyue Ancient Sword collided with Qin Chen's fist light, making a creaking sound, like shattered jade, endless.

"boom!"

After those sword auras collided with the fist light, Banyue Ancient Sword completely collided with Qin Chen's fist again, making a thunderous roar, and there was a faint golden Ge sound.

what?

Feng Kangan was taken aback. Under his sword, the ordinary giant Wudi would be seriously injured, or even fall. Ordinary soldiers could hardly resist it, but Qin Chen actually blocked it with his fist. How could this be possible?

His own Banyue Ancient Sword was the treasure of the Ancient Sword Villa, and it was actually blocked by a pair of fleshy fists.

Simply unheard of. His face suddenly changed drastically. At this moment, he understood that Qin Chen was definitely not as simple as he had imagined. He didn't even think about it. The sword light changed and the true essence poured out from his body. Suddenly, endless sword pillars appeared in the world. Turned into a prison

Like the cage, it surged toward Qin Chen.

"Ancient sword cage!"

The sword pillars, forming a piece of phantom, actually evolved into a large array, enclosing Qin Chen in it, and crushed by Ronglong, the sword light formed by the sword pillar seemed to pierce the nine heavens.

Click!

The void around me was shaking, as if I could not bear this pressure, this force was too terrifying, as if it could destroy the world.

"It's the ancient sword secret technique." Under the pressure of this sword aura, Lu Zian and others inhaled air-conditioning, their eyes condensed. They all knew that the ancient sword owner Feng Kangan had a hand in the ancient sword secret technique, but I have never played against each other personally before, so I don't know how terrible it is.

Now that he felt the coercion of this sword energy, his color changed extremely, knowing that the rumors were true.

The sword aura bloomed with endless coercion. They had not been in the center of the sword formation before, and they had already felt exhausted and shocked. If they were wrapped in the sword formation like Qin Chen, what would their end be?

Thinking of this, Rao Yuangeng and the others changed their colors.

Among the sword pillars, Qin Chen frowned slightly, secretly depressed. I have to say that Feng Kangan's strength is much stronger than Lu Zi'an, at least about 30% stronger, and Feng Kangan is a swordsman. Swordsman, what he is best at is offense, plus Qin Chen does not have any handy weapons on his body, the mysterious rust sword and

The Heavenly Thunder Sword is not suitable for display, let alone the Demon Cauldron, frowning immediately.

At this time, he also saw Lu Zi'an who were outside the sword formation just in shock, and immediately cursed: "What are you guys still doing in a daze? If you don't kill this guy for me, do you still want to Can't watch a play from the side?"

Wrapped by the sword formation, Qin Chen's face was helpless, but he didn't have any worries in his heart. With his current cultivation base, even if Feng Kangan was twice as strong, he would never be able to kill him.

After hearing Qin Chen's scolding, Lu Zian and the others were all taken aback, and immediately hesitated in their hearts.

Now they have two choices, one is to follow Qin Chen's order and jointly deal with Feng Kang'an, and the other is to let Feng Kang'an kill Qin Chen. No matter which one of these two choices, they are invincible.

While everyone hesitated, Rao Yuangeng was the first to make a move. When he raised his hand, a few red rays of light burst out, turning into a few spears to stab Feng Kangan. Feng Kangan's body shook, and several invisible sword auras appeared beside him. The sword aura surged and instantly blocked the true essence spear that Rao Yuangeng had pierced. At the same time, he said coldly, "Rao Yuangeng, what are you doing? Don't blame me. Did not remind you, there is no yours here

thing. "

"Feng Kangan, stop it quickly. Brother Chen is Rao's lifesaver. If you do it again, Rao will be crushed and you will never let you kill Brother Chen."

Rao Yuangeng shouted angrily. Above his head, the power of the invisible bloodline bloomed. In an instant, a phantom like a beast appeared, causing the power of Rao Yuangeng's body to skyrocket, blooming with infiltrating pressure.

"What are you guys doing in a daze? Is it because you want to watch the show, so as to be a fisherman?" Qin Chen looked at the unmoved Lu Zi'an and continued to shout in a cold voice while resisting in the sword formation.

Lu Zian and others ooze sweat on their foreheads.

Among them, Pu Xingchang gritted his teeth. He originally saw Rao Yuangeng taking action. He was a little self-blaming. Now he heard Qin Chen speak and joined the battle group. He said to Feng Kangan, "Sword Master Feng, Brother Chen saved Pu before, so please stop. Right." As he said, a single mace appeared in his hand, and the single mace turned into a mountain and fell directly.

[Chapter 2019: what are you doing](#)

boom!

The majesty of the shadows blasted on the sword pillar, suddenly bursting out ripples, causing the sword formation to shake.

Pu Xingchang and others are also giant Wudi at any rate, and their power is amazing under their shot.

It's just that Feng Kangan, as the owner of the ancient sword, is far superior to them, and while blocking Qin Chen, he still blocked the attack of Rao Yuangeng and Pu Xingchang.

"Pu Xingchang, do you want to disobey the old man too?" Feng Kangan said angrily. He did not expect that after doing it himself, two accidents occurred one after another. The first was that he could not take Qin Chen with a single move and gave him a chance to relax. The second was that he did not expect that Rao Yuangeng and Pu Xingchang would be on his own. After doing it, unexpectedly

Dare to stand up for Qin Chen.

Aren't they afraid to deal with them after killing that kid?

Feng Kangan couldn't help being angry. If he didn't consider that there were other people here, he might have killed even Rao Yuangeng and Pu Xingchang, but because Lu Zian was still here, he was very jealous. Rao Yuangeng and the three are just giant Wudi, and he is not concerned, but Lu Zian is the pinnacle Wudi. Although his strength is not as good as him, if the opponent wants to run, it is extremely difficult to keep the opponent. He can't trade

Then beheaded Rao Yuangeng and Pu Xingchang.

The terrible Feng Kangan of the Skyscanner and Xingzhou Chamber of Commerce knew very well that he could not be the enemy now. Thinking of this, Feng Kangan immediately yelled coldly: "Everyone, don't be stupid, you and I know that no life-saving grace is great but benefit. You came with this son before. I thought it was because of the strange fire on this person. Keep you safe

, Only to follow the arrangement of this son. "

"Today Feng is here to promise that if you can kill this son with me, Feng can promise not to take the strange fire from this son, and give the strange fire to you." "As for Feng himself, just I just want to know the origin of the scroll, and as long as you have the strange fire, you naturally don't need to be afraid of the weird shadow, and you don't need to be afraid of the shadow if you send someone under the fence and you are not afraid of the shadow.

Did you say it? "

Feng Kangan knew that nothing could beat his profit, so he immediately used Qin Chen's strange fire to lure Lu Zian and the others. As long as Lu Zian didn't help Qin Chen, after he killed Qin Chen, how could

he distribute the spoils? Have the final say? As soon as Feng Kangan's words came out, Lu Zian and Wei Ziyang acted instantly. The two of them were miserable by Qin Chen before, especially Wei Ziyang, who gave up almost all the treasures in his body, and felt hatred for Qin Chen in his heart. Son just

It emerged again.

Hum!

He raised his hand, and bursts of light suddenly appeared, suddenly appeared beside Feng Kangan, wrapped Feng Kangan, and blocked Rao Yuangeng and Pu Xingchang's attacks for him.

"Wei Ziyang, what are you doing?" Rao Yuangeng and Pu Xingchang said in anger. "What are you doing?" Wei Ziyang stared at the eagle and said coldly: "A few, how did this kid treat the old man before, didn't you guys have not seen? The old man is so humiliated by him as the deputy pavilion master of the dignified array, and it is not yet Easy to have a chance, you say old

What will the husband do? "

As Wei Ziyang said, he laughed grinningly. Rao Yuangeng furiously said: "That was what you asked for. Brother Chen saved us before, but you coveted the fire on Brother Chen's body, and avenged your gratitude. Now you blame Brother Chen for humiliating you? What's more, although you wanted to seize the dust before Brother's strange fire, but Brother Chen said

Retributing virtue, not only did not kill you, but also gave you a chance. Don't continue to be obsessed with it! "

Wei Ziyang sneered, "Repaying grievances with virtue? It's just that he thinks I still have the opportunity to take advantage of it. It is you who are obsessed with it. As long as you have the strange fire on this child, you can still use him?"

Pu Xingchang frowned, and then solemnly said: "Wei Ziyang, you think it's too simple. Do you think that after Feng Jianzhu kills Brother Chen, he will really give you the strange fire on Brother Chen? Don't you know who Feng Jianzhu is? "

Wei Ziyang's face changed slightly, which was actually what he was worried about.

When Feng Kangan saw this, he immediately raised his left hand and said, "Everyone, don't worry about this. Feng will do what he said, and he will definitely hand over the abnormal fire to you. If he violates this oath, he will be extinguished, and he will die. "

He clanged loudly, swears to the sky, his eyes are solemn, but he sneered in his heart: The strange fire is indeed handed over to you, but when you finish handling it, Feng will not violate his oath if he does anything.

Wei Ziyang naturally did not hear the loopholes in Feng Kang'an's oath, and he was overjoyed when he heard the content. You must know that martial emperors like them cannot easily swear to the Dao of Heaven. Although they will not be effective enough to be destroyed by the Dao of Heaven, once they violate their promise, they will inevitably leave a shadow in their hearts. Lead to the future

His practice is obscure, and even crazy.

"Hahaha, Brother Rao, you all heard it." Wei Ziyang laughed.

Rao Yuangeng and Pu Xingchang couldn't help but their faces were pale, Wei Ziyang is really a villain.

Among the few people, Rao Yuangeng, Pu Xingchang, and Wei Ziyang have all taken a stand, and only Lu Zian has not made a decision.

And Lu Zian is also a pinnacle martial emperor, and is also the most critical of these people.

"Brother Lu, what are you still hesitating?" Feng Kangan said to Lu Zian, "When he got the scroll, Feng Mou is willing to leave it to Lu Moutong to study and explore this space seal."

While he was talking, he secretly transmitted to Lu Zian: "Brother Lu, what are you still hesitating about? Feng Muke promised to hand over the abnormal fire to you by then. With Brother Lu's cultivation base, the strange fire will eventually fall. Don't you know who will get it?"

"This..." Lu Zian's eyes flashed, and it would be impossible if he said that he was not moved, but for some reason, when Lu Zian saw Qin Chen trapped by the sword formation, he felt uneasy in his heart.

In the end, he gritted his teeth, and a ring-blade scimitar suddenly appeared in his hand, and a dazzling light burst out from the ring blade.

"Haha, Brother Lu, Feng believes that you made the right decision." Feng Kang'an was overjoyed, and if Lu Zi'an was settled, he would have settled the overall situation.

"Lu Zian, you..." Rao Yuangeng and Pu Xingchang looked shocked, only feeling their hearts sinking.

If Lu Zi'an and Feng Kang'an really join forces, then they and Qin Chen might be really dangerous. The two great martial emperors join forces, unless the chairman Gongsun Zhe or the chairman Wan Changliang of the Xingzhou Chamber of Commerce come in person, otherwise who can resist? Just as the two were anxious, they saw Lu Zi'an flashing a ring of blades in his hand, and he slammed on Feng Kang'an's sword formation. Boom, with an astonishing roar, Feng Kangan's sword formation was violent. Shaking, shining, bursting

There was a dazzling glow.

And above the sword formation, a trace of fluctuations began to appear, as if to be broken. "Lu Zian, what are you doing?" Feng Kangan's face changed suddenly, and he exclaimed in anger.

[Chapter 2020: Sword domain is broken](#)

"Feng Kangan, Brother Chen saved Lu's life and wants Lu to be the double-faced person. Lu can't do it."

After Lu Zian made the decision, he felt comfortable and relaxed for a while, laughed and said.

"Lu Zian, I didn't expect you to be quite principled." Rao Yuangeng and Pu Xingchang are overjoyed. With Lu Zian's move, their chances of winning will be much better here.

He breathed a sigh of relief as if he was near death.

"Ignorance, Lu Zian, you are obsessed with not realizing it." Feng Kangan was very angry. Now that he had said this, this guy still made such a decision, extremely stupid.

"Brother Feng, don't worry about them. Wei can help Feng to block a moment. As long as Feng kills the kid as soon as possible, what other waves can be made with the three of them?" Wei Ziyang was overjoyed. Lu Zian cheated him, he always remembered that he didn't want Lu Zian to join him. What's more, if Lu Zian had joined them, who would belong to the strange fire on Qin Chen? This must

Of course it is a problem.

It's all right now. Lu Zian is now on Qin Chen's side. As long as Qin Chen is killed, the strange fire will definitely belong to him. If he joins forces with Feng Kang'an, there is no fear of the three of Lu Zian, so it is too late to be happy in his heart.

The top priority is to kill Qin Chen first. Thinking of this, Wei Ziyang suddenly appeared in Wei Ziyang's body, spinning, turning into a gossip pattern, covering the world, blocking the three of Lu Zi'an's shots, and at the same time, his head also surged with blood, burning essence and blood. Will be repaired

To drive to the extreme.

"Brother Feng, kill that kid as soon as possible and give it to me here." Wei Ziyang yelled sharply, his eyes red and murderous.

Feng Kangan snorted coldly, and for the present, that was the only way to go.

Thinking of this, he no longer paid attention to Lu Zi'an and the few people, the blood in his body burst out, hum, an invisible force bloomed, instantly blessed on the sword formation, making the sword formation burst out a stronger aura than before.

Buzzing!
