[Chapter 2021: No need to chase](#)

The only thing that doesn't feel beautiful is Feng Kang'an. A strong sense of crisis rises from his heart. In anger, he wants to back off and resist, but in a moment, the sword light containing the ultimate killing intent has come before his eyes. Feng Kangan of Fright

Next, he could not care about anything else, the shield directly blocked Jian Guang's path.

"boom!"

Jian Guang hit the shield at this moment, and then brought a puff of blood.

Feng Kangan flew upside down hundreds of meters and then forcibly stopped his body. The shield he sacrificed just now had been split in half and fell into the endless sea of thunder. A deep bloodstain was from his body. Split the right shoulder down to reach the thigh. He stared at Qin Chen in horror and couldn't believe it. In this short period of time, he had retreated from the opponent's hands. The young and shameless warrior in front of him was too powerful, even if he was the strongest in Tianlei City. Warrior, want to be here

It is not easy to get serious injuries in such a short time.

"You are also a swordsman."

Feng Kangan had no chance to speak until then, his face turned pale, he looked at Qin Chen in amazement, his throat rolled up and down.

But Wei Ziyang was even more frightened. He watched this scene blankly, his eyes full of fright, impossible, how could it be possible that even Sword Master Feng Kangan was not that kid's opponent.

At this moment, Wei Ziyang was completely cold, feeling that he seemed to have made an extremely wrong decision before.

Qin Chen didn't bother to pay attention to Feng Kang'an at all, his figure shook, and the Death Word Sword Art was fighting again, and countless sword lights flooded the sky, pouring towards Feng Kang'an.

At the same time, Qin Chen said coldly to Lu Zian and the others: "What are you doing in a daze?"

"Yes." Lu Zian recovered from the shock, his figure resembling a snake, dived into the void, and then suddenly appeared from behind Feng Kang'an, the ring blade in his hand slashed like a poisonous snake.

.

As a killer, Lu Zian's strongest means of assassination.

Feng Kangan felt so keenly, even though he was injured, he reacted immediately and blocked Lu Zian's attack, but at this time, Qin Chen's attack had already struck.

boom! boom! boom! boom!

Once again, the two sides broke out in a war. When Feng Kangan was alone against Qin Chen before, he was not an opponent. Now that he added Lu Zian, the pinnacle martial emperor, how could he be the opponent of the two. In fright, he repeatedly fought back, but to no avail, he quickly added Count wound.

Rao Yuangeng and Pu Xingchang were completely relaxed. They joined forces to surround Wei Ziyang without giving him a chance to escape. "Brother Chen, I was reckless before, so stop quickly and discuss something." Feng Kangan shot frantically, and wanted to find a chance to kill Qin Chen, but after a while, he had fully understood that he wanted to get from Qin Chen and Feng Kangan. Find opportunities together

, It is almost impossible, he hurriedly begged for mercy.

Qin Chen sneered suddenly, it was you who wanted to do it, and it was you who wanted to stop, there is no such good thing.

"The gods are dead!"

Without any hesitation, the fifth layer of the Wanshen Art Destroyed the Ten Thousand Gods in an instant, and immediately a series of terrifying soul storms formed and rushed into Feng Kang'an's body.

Feng Kangan's mind suddenly dizzy.

"not good!"

He was shocked, and the masters fought against each other for a moment, and when he reacted, Qin Chen had already hit him with a punch.

boom!

Feng Kangan's body shook wildly, his internal organs were almost shattered, and blood spurted from his mouth.

call out! At this moment, a dark glow came on, it was Lu Zi'an, who shot in the dark, and wanted to launch a thunderous blow. At the critical moment, Feng Kangan hurriedly placed the Banyue ancient sword across his chest, dinged, and a huge force came down. The Banyue Ancient Sword in Hand

Unstoppable, instantly soaring into the sky.

"My Banyue Ancient Sword..."

Feng Kangan was shocked and wanted to take the ancient sword, but saw a figure flashing, it was Qin Chen who swiped the ancient sword into his hand.

"Ban Yue ancient sword? Tsk tsk, this sword is not bad, Ben Shao accepted it." Qin Chen held the Ban Yue ancient sword, the ancient sword trembled violently, as if resisting, but was suppressed by Qin Chen, unable to move.

"It's over."

Feng Kang's heart was desperate, knowing that if he continued to fight, it would be impossible to win. Om, his figure became hazy, and he suddenly disappeared into the void.

"This is?" Lu Zian was taken aback, and Feng Kangan disappeared.

No, it's some kind of hidden technique!

Reminiscent of Feng Kangan hiding nearby in secret before, they didn't know, or Qin Chen found Feng Kangan's trace, suddenly awe-inspiring, Feng Kangan's concealment technique was even more terrifying than his assassin, what is this method?

"Blood Secret Technique?"

Among the crowd, only Qin Chen narrowed his eyes and saw a clue. He recognized Feng Kang'an's concealment technique, which seemed to be a bloodline secret technique combining the soul. His soul power swept out and immediately discovered Feng Kang'an's position.

"There!" Qin Chen looked into the distance, and Feng Kangan was fleeing from here madly.

His eyes flashed, Qin Chen was just about to follow him, boom, and suddenly a violent roar came from behind, and then there was a violent spatial fluctuation. The intense spatial fluctuation almost lifted Qin Chen. Fly out.

Qin Chen hurriedly turned his head and saw the space seal behind him. I don't know when a faint gap was exposed, a passage leading to the inside of the seal slowly appeared.

"The passage of the space seal is opened." Lu Zian and others also woke up from the battle, one by one in ecstasy.

"Damn it, let Feng Kangan escape." But soon, several people turned pale, and saw Feng Kangan flying by far away, and it was too late to chase them.

"Brother Chen?" Lu Zian hurriedly looked at Qin Chen. After this experience, they subconsciously regarded Qin Chen as the leader of this team, and only Qin Chen had the ability to continue to hunt down Feng Kangan.

"No need to chase it." Qin Chen waved his hand and looked at the space seal. Obviously, this space seal is more important, let alone Feng Kangan thinks he can run away? Hehe, but he still has a back hand.

"What about Wei Ziyang?" Rao Yuangeng asked. Together, the two have severely injured Wei Ziyang and tied him to this side.

"Brother Chen forgive me, Brother Chen forgive me, I was blinded, and asked Brother Chen to give me another chance." Wei Ziyang was full of horror, and his heart was full of regret and begged for mercy at this moment.

"He?" Qin Chen narrowed his eyes and turned to Lu Zian and said, "Lu Zian, you killed him."

The opportunity had already been given to Wei Ziyang, but he did not seize it. Naturally, Qin Chen would not give another opportunity to anyone who betrayed him.

"Me?" Lu Zi'an was stunned, why did he do it! Wei Ziyang is the deputy pavilion master of the Dizheng Pavilion. He wants to kill Wei Ziyang, and the Dizheng Pavilion will never let him go.

[Chapter 2022: Stand in line](#)

"Why, you don't want to?" Qin Chen squinted his eyes and said with a cold voice. A terrible killing intent burst out of his body and fell on Lu Zian's body, blocking all directions of his body. .

Obviously, as long as Lu Zi'an did anything abnormal, he would be beheaded.

Lu Zi'an already understood at this time the reason why Qin Chen did this. As long as he kills Wei Ziyang, then everyone is really on the same boat. Then he will have the handle in the opponent's hands and let the opponent hold it. Not to betray.

"It's a despicable method." Lu Zi'an was extremely depressed. There were also Rao Yuangeng and Pu Xingchang on the court. Why was he chosen?

His heart was bitter, but he did not dare to hesitate. Qin Chen's previous strength had completely deterred him. He could guarantee that as long as he dared to resist, he would end up worse than Feng Kang'an before.

What's more, now that the space seal channel has been opened, following Qin Chen, maybe there is a chance to drink spicy food, how to make a choice, Lu Zian is a smart person, and naturally he can't go wrong.

"Brother Chen is joking. Why would Lu Mou be unwilling? This Wei Ziyang, a wolfish ambition, pretended to obey Brother Chen before. Whenever he encounters an opportunity, he rebels against Brother Chen, and he will die. What Lu most looks down on is this kind of two-faced three-swordsman."

As Lu Zian said, he turned and walked towards Wei Ziyang, with murderous intent surging around him.

"No, don't kill me, Brother Lu, Brother Chen, give Wei a chance, give me another chance." Wei Ziyang yelled in horror, full of regret, if he had known today, he would never betray Qin. Dust, but everything is too late.

Puff!

Black light flashed, Wei Ziyang's throat was instantly cut open, blood spurted out, and his life was instantly killed.

"Brother Chen, how?" Lu Zian turned around and said boldly, then wiped his ring blade, glanced at Wei Ziyang in disgust, and spurned: "Bah, two or five boys!"

"Yes, it is considered to have passed Chen's test." Qin Chen smiled, his killing intent stopped.

Lu Zian breathed a sigh of relief. He was really afraid that Qin Chen would not trust him to do something to him: "Brother Chen, are we going to enter this space to seal now?"

He stared fiercely at the passage ahead, his eyes beaming.

"Don't worry, wait a minute, I will refine this Banyue ancient sword first, once this channel is opened, it will not disappear in a short time, so don't worry about it." Qin Chen said as he began to refine it. Banyue ancient sword.

The mysterious Rust Sword and the Sky Thunder Sword could not be displayed because they were easy to expose, causing Qin Chen's strength to be greatly reduced. Once the Banyue Ancient Sword was refined, Qin Chen's strength would instantly increase.

Therefore, Qin Chen immediately began to refine the Banyue Ancient Sword on the side, and saw the Banyue Ancient Sword beating constantly in Qin Chen's hands. Fearless, his attainments in kendo are even stronger than Feng Kang'an. Even if an ancient imperial soldier who has lost his master is stronger, how can he escape his palm?

The true essence of the Nine Star God Emperor Jue infiltrated the Banyue Ancient Sword, suppressing the Banyue Ancient Sword, and was constantly refined.

Lu Zian naturally did not know that Qin Chen's refining speed would be fast. Hearing this, he couldn't help but feel anxious. This Banyue ancient sword is the treasure of the ancient sword villa. Feng Kangan doesn't know how long it has been refined. Ling, I am afraid that there has already been a restriction in it. When will Qin Chen finish his refining?

But he didn't dare to disobey Qin Chen, so he could only stand aside obediently and wait for Qin Chen's refining to end.

"Lu Zian, you didn't join forces with Feng Kangan just now?" Rao Yuangeng said with a chuckle when he saw Lu Zian coming over.

"Huh, is my Lu Zian that kind of person? It's just me, Lu Zian." Lu Zian said proudly.

In fact, my heart is a little weak.

He helped Qin Chen not because he was really grateful to Qin Chen, but because he was inexplicably afraid of Qin Chen.

Compared with Feng Kang'an's knowledge, Qin Chen always gave him an unfathomable feeling. In addition, he had promised to follow Qin Chen's orders before. Although Lu Zian was cunning like a fox, he paid great attention to promises.

The combination of the two allowed him to make the right decision.

Looking back, he was still swishing in cold sweat at the moment, feeling like a survivor.

Fortunately, I chose the right one.

If I had chosen to take Feng Kang'an's side at that time, I am afraid that he would have died now.

Qin Chen refined the Banyue Ancient Sword extremely fast. After only dozens of breaths, the originally trembling Banyue Ancient Sword uttered a long moan, and then fell silent.

Huh!

Qin Chen waved the ancient sword, and suddenly a sword light shot up into the sky, as mighty as a mountain, as if to split the world.

The three of Lu Zian were shocked. How long did it take to refine?

This is too abnormal.

The trio's gazes at Qin Chen changed and changed. The Banyue Ancient Sword was also Feng Jianzhu's strongest imperial soldier anyway, and it was so easily refined. This alone was beyond their imagination.

"Let's go."

Putting away Banyue's ancient sword, Qin Chen was extremely satisfied. With this ancient sword, his strength was once again improved, and he was almost fearless of any peak martial emperor. Even if he was not an opponent, others would never want to kill him easily.

With a flickering figure, Qin Chen entered the passage first.

Whoosh whoosh!

Lu Zian, Rao Yuangeng, and Pu Xingchang hurriedly followed and entered the passage together.

At this moment there is a void thousands of miles away from here.

Hum!

A figure appeared, covered in scars and dripping with blood. It was Feng Kangan who was seriously injured by Qin Chen and escaped.

"That **** boy, I'm so angry with the old man." Feng Kangan quickly took out a few pills and swallowed them into his belly, with a look of eagles.

The owner of the dignified Ancient Sword Villa, who flees in such embarrassment, will inevitably become a laughing stock of Tianlei City.

"When the old man regains his strength, he must take revenge." Feng Kangan's eyes flickered and sneered. "That guy took away the old man's Banyue ancient sword, and he was proud of himself. How easy is it to make the old man's Banyue ancient sword? Transformed? Let the old man first feel where that guy is now!"

His voice fell, closed his eyes, and began to communicate with Ban Yue Gu Jian. This communication caused Feng Kang'an's body to shake suddenly, and an unbelievable expression appeared in his opened eyes.

The connection between him and Banyue Ancient Sword was completely broken.

"How is it possible? The Banyue Ancient Sword is a treasure that the old man has been refining for hundreds of years day and night. How could it be refined in a short moment? This is impossible!"

He was shocked and couldn't believe it, but no matter how he communicated, he still couldn't get in touch with Banyue Ancient Sword. His heart was frightened and angry, and he spouted blood again.

"Damn fellow, the old man will definitely break your body into pieces." Feng Kangan roared to the sky, his voice stern.

"Old thing, who do you want to smash?"

As soon as his voice fell, a cold voice suddenly sounded behind Feng Kangan, like a ghost, unpredictable.

[Chapter 2023: small world](#)

"who?"

Feng Kang's hair was chilly, and he only felt a cold air from the soles of his feet directly filling the top of his head. The cold voice sounded a few meters behind him, and his cold hair exploded.

Who on earth came to him silently, his figure suddenly rang, then suddenly turned around, and saw a strange man in a cloak looking at him coldly.

The eyes were cold, like a purgatory demon, emitting a faint cold light.

"Who are you?" Feng Kangan lied.

"Sword Master Feng really forgot about things. I didn't see him for a moment, so I forgot Ben Shao!" The other party chuckled, but there was a chill in his voice.

The person who came was Qin Mo, Qin Chen.

Qin Chen didn't chase after Feng Kangan when he saw Feng Kangan escape. It was because Qin Mo had quietly followed up from the side.

"You are..." Feng Kang'an was startled, but before he could react, Qin Mo's eyes suddenly shot an invisible soul impact.

boom!

The terrifying soul surged into Feng Kangan's mind, and suddenly stormy waves were set off in his mind.

An invisible soul-killing mark quietly formed and began to take root in Feng Kangan's mind.

Qin Mo is trying to enslave Feng Kangan.

Originally, it was not an easy task to enslave Feng Kangan with Qin Mo's strength, but Feng Kangan was already seriously injured at this time, and in addition to being in extreme shock, it was too late to react, so he had already started talking.

But he was still resisting, urging his soul power, trying to prevent Qin Mo from being enslaved.

But it was useless. Qin Mo's body was transformed by parasitic seeds, it was a perfect demonized physique. Such a body, unprecedented, combined with Qin Mo's strange soul power, left a soul-killing mark in Feng Kangan's mind for a moment.

Feng Kangan's eyes gradually became confused. After a while, he knelt down on one knee and respectfully said to Qin Mo: "Master."

Qin Mo smiled slightly, did not speak, took Feng Kang'an, and immediately swept towards the space seal.

In the space channel.

Qin Chen showed a look of surprise: "I was enslaved so soon? It seems that the clone transformed by the Parasitic Seed is indeed very different."

Although he had expected Qin Mo clone to enslave Feng Kangan, he did not expect that Feng Kangan would be enslaved in just a moment, and the speed of this enslavement shocked him.

"It seems that I can enslave a few more people here, which is an unexpected surprise."

Qin Chen laughed.

His body has already enslaved enough powerful people, it can be said that he has reached the limit, and it is not completely impossible to continue enslaving, but there is no small risk.

But now with Qin Mo, he can use Qin Mo to continue enslaving, which instantly doubled the power he can enslaved.

And Qin Chen still had the feeling that the Qin Demon with the body of a foreign demon race could enslave the number of powerful men even above the body.

This thought was only a flash, and Qin Chen no longer paid attention, but concentrated on the spatial passage in front of him.

The endless flow of time and space passed by, like long luminous bands, giving Qin Chen a great shock.

This space channel, as if leading to another world, is extremely magical.

"Opposite, what will it be?"

Qin Chen was guessing.

And when Qin Chen quickly deepened in the passage, Qin Mo brought Feng Kangan to the entrance of the passage.

"go in."

With a low murmur, Qin Mo and Feng Kangan both flew up and entered the passage at the same time.

The moment Qin Mo plunged into the passage.

Hey!

In the sea of thunder not far away, a woman wearing a black cloak and a veil slowly flew over.

"what is this?"

Chen Sisi saw the vast space seal ahead, and her heart shook wildly.

She followed the inexplicable feeling of attraction, but she did not expect to see such a shocking scene, a huge formation seal appeared before her eyes, blooming with a vast halo.

While Chen Sisi saw the space seal, her gaze caught Qin Mo's plunge into it.

The heart was touched in an instant.

"Who is that person?"

Chen Sisi's heart throbbed.

That figure was both unfamiliar and familiar. She seemed to have seen it somewhere, and it seemed that she didn't even know it.

She thought about it carefully. After a moment, she dared to conclude that she had never seen that person before, but why did she have an electric shock before, and her whole body was touched.

You know, she has been cultivating in the Phantom Demon Abyss Grotto for so long, and her heart has long been as hard as iron. How could she be touched by a mere back?

"Who is that person?"

Under the shock of his mind, Chen Sisi did not hesitate, plunged into the passage quickly, and disappeared instantly.

In the space channel.

Qin Chen kept falling. He didn't know how long he had been flying by. It could be a long time, or it could be an instant. Qin Chen only felt the darkness in front of him, and he slammed into the ground. He smashed his whole body. Pain is endless.

"what!"

At the same time, there was a scream from the side. It was Rao Yuangeng and Pu Xingchang, who were also falling heavily on the ground. The bones were almost smashed, and blood spurted out from the mouth.

"His grandmother hurts Lao Tzu so much." Lu Zian grinned, his whole body aching, and his internal organs seemed to be upside down.

"Where are we?"

Then, the people reacted and stood up one after another, and their eyes were extremely shocked.

Looking around, there was a pitch black, a gray sky, a pitch black earth, a piece of decay and desolation, as if he had come to hell, and there was a restless breath flowing in the air, and my heart was disturbed.

"Brother Chen, this is inside the space seal? Where is the holy crystal? Where is the palace?"

Lu Zian's eyes widened, and there was a desolate world in front of him. It was completely different from the world they saw outside the seal of space. Some were just endless desolation, what sacred crystals, what palaces, empty, here was simply a dead world. .

Rao Yuangeng and Pu Xingchang couldn't believe the scene before them. Although the seal was vast, it was only a few thousand miles in radius, but now they entered the passage and saw a world.

This kind of cosmic means in the domain has completely exceeded their imagination.

"Lao Yuan, where is this place?" Qin Chen also frowned and asked in secret.

"Here...it seems to be a small world." Lao Yuan said in a dare to be certain.

"Small world? You mean a small world like the jade disc of the universe?"

"It can be said, but it cannot be said completely. The universe of good fortune jade disc is a treasure. The small world it contains is a real world, and it can even grow into a real world. And this small world should be A temporary world created by a certain power using the rules of space." Lao Yuan said guessingly.

[Chapter 2024: What the **** is that](#)

Qin Chen suddenly gasped.

Is it really possible to use space rules to create a small world?

"But what happened to those sacred crystals and palaces before?" Qin Chen asked with a frown. Before the space seal, he saw countless sacred crystals and a broken palace, but now these things are all No.

"I don't know this, it may just be an illusion." Lao Yuan was not sure about it himself.

"No, it's definitely not an illusion!"

Qin Chen shook his head. If it is said that the palace is an illusion, it is indeed possible, but the holy crystal is definitely not an illusion, because both the people of Sky Thunder City and Qin Chen himself can feel the special breath. , This kind of aura completely surpasses the top-grade real stone, that is the holy crystal, which can definitely not be explained by illusion.

It's not an illusion, what can it be?

"Perhaps those holy crystals are the energy source that affects the entire space seal, and here is the world inside the space seal. The two are not on the same level." Lao Yuan gave another guess.

Qin Chen couldn't tell what was going on either, maybe he could only explain it that way.

At this moment, he finally understood why President Gongsun Zhe and the others had already entered this space seal, but from the outside world, the holy crystals in the space seal were not missing at all.

Because after entering the seal of this space, you can't see any holy crystals at all, but come to such a weird little world.

Lu Zian and Rao Yuangeng also accepted the reality, and they were all depressed. Lu Zian slapped the ground with an angry palm.

With a bang, the gravel splashed on the ground, only a small groove appeared.

Qin Chen's eyes flashed immediately, ah, Banyue Ancient Sword appeared in his hand, urging Banyue Ancient Sword to slash it down.

There was only a click, and the dark ground was split into a gully, but the gully was only a few meters long and only half a meter deep.

Qin Chen immediately took a breath of air-conditioning. With his cultivation base, even with a casual blow, he could open a gully as long as several thousand meters in the outside world, but here, it was only a few meters long. Gully, this gap is too big.

No wonder they fell so painful when they fell before. The ground was too hard, almost equivalent to Grade 9 materials.

But Qin Chen could clearly see that although the rocks on the ground couldn't tell what kind of material they were, they were definitely a kind of rock, not the top-level materials. What exactly was this place?

What made Qin Chen even more alarmed was that Qin Mo and Feng Kangan also fell from the passage at this moment, slammed to the ground with a bang, painful, looking around, there was a dark wilderness, exactly the same as Qin Chen's side. , But not in the same place at all.

Although both of them fell from the passage, they fell into two different places.

This is a random transmission channel.

Moreover, in this weird world, the positional connection between Qin Chen and Qin Mo has completely disappeared. Although Qin Chen can perceive Qin Mo's existence, he doesn't know where Qin Mo is. He just knows where it is. Beneath this dark world.

Standing in this world, Qin Chen felt a little gloomy in his heart. His perception quickly swept around, but under this world, his perception was also severely restricted, and he could only sweep a distance of about 10,000 meters.

In the outside world, if he wants to, he can feel clearly within a thousand miles.

Qin Chen didn't scan anything, but he inexplicably felt that the world was a little weird, and his whole body was chilly.

"Pu Xingchang, what are you doing?"

At this moment, Rao Yuangeng's anger suddenly came from nearby, followed by a violent roar. Qin Chen quickly turned his head and saw Pu Xingchang suddenly madly rushing towards Rao Yuangeng, attacking like crazy.

And Lu Zian's eyes were also a little confused, like an evil spirit.

Qin Chen was shocked, without even thinking about it, he directly sacrificed the Qinglian Demon Fire, and suddenly a round of azure blue sun rose into the sky, suspended above everyone's heads.

The green lotus demon fire hovered in the air like a scorching sun, faint light shining down, but in an instant, several dark shadows overflowed, and the speed was extremely astonishing.

Qin Chen's face changed, there was also that dark shadow here, and there were at least a dozen dark shadows at a glance, but Pu Xingchang and Lu Zian had two dark shadows on their bodies, no wonder they would go crazy.

Qin Chen was shocked and angry. When he was in the sea of thunder, he could still rely on his soul power to feel the crisis, but here, although he felt weird, there was no crisis emerging. These dark shadows' ability to hide, more than several times stronger than when in the sea of thunder.

In fright, Qin Chen immediately urged Qinglian Demon Fire frantically.

After the Qinglian Demon Fire swallowed the Miracle Blue, its power was greatly increased, and the terrifying heat was swept away frantically, dozens of harsh screams sounded, and the already faint shadow under the Qinglian Demon Fire was immediately by Qinglian. The demon fire melted away.

Pu Xingchang and Lu Zian also woke up for the first time, with fearful figures on their faces, Qin Chen, who leaned in a hurry, got closer, with a look of horror on his face.

After killing dozens of black shadows in an instant, Qin Chen didn't have any light on his face, but became even more solemn, because in the area beyond the destructive power of Qinglian Demon Fire, some black shadows were looming. The number is far beyond Qin Chen's imagination, much more than when he was in Thunder Sea.

These black shadows were extremely afraid of the Qinglian Demon Fire, and there were some expressions of fear on their faces, but they did not disperse, but kept wandering in the area outside the scope of the Qinglian Demon Fire.

When Lu Zian and the others saw this scene, they sucked in air-conditioning, their cold hair stood up and their goose bumps were all up.

"Brother Chen, look at it quickly."

Suddenly, Rao Yuangeng's trembling voice came from the side. Qin Chen turned his head and saw Rao Yuangeng looking in a certain direction with horror, his eyes were full of fear, and his body was trembling slightly.

Qin Chen looked around in a hurry, and suddenly gasped.

I saw that in the direction Rao Yuangeng pointed to, there were some black shadows wandering back and forth, and among these black shadows, there was a human-shaped shadow with a dark red color faintly emitting from the black shadow, standing there quietly, no. The faces of Qin Chen stared coldly at the four people under the light of Qinglian Demon Fire, as if smiling evil intentions.

"What the **** is that?"

Lu Zi'an suddenly felt a numb scalp.

"Huh, pretending to be a fool."

Qin Chen snorted coldly, and there was some palpitations in his heart. This dark red shadow was obviously a more terrifying existence than the other dark shadows. He immediately urged the Qinglian Demon Fire and rolled towards the dark red shadow.

The dark red shadow seemed to know that Qin Chen was going to do something with it, and before the Qinglian Demon Fire rolled over, he retreated suddenly, and then quickly disappeared into the dark world.

"Brother Chen, what is that."

Rao Yuangeng asked in a trembling voice, that he, the vice president of the dignified Skyscanner, was trembling at this moment.

[Chapter 2025: I want to be enchanted](#)

Qin Chen frowned, his heart gloomy, and shook his head, "I don't know, it may be the evolution of these shadows, or it may be something else."

Rao Yuangeng and the others immediately felt a cold, evolutionary body? The dark shadows alone can make them unpredictable. If they are controlled by the dark red shadows, what will happen to them? Everyone felt creepy just thinking about it.

Qin Chen's heart is also full of vigilance. If it's just the black shadows before, then he has no fear at all, because even if the black shadows fall on him, Qin Chen is sure that he will not get lost. After all, even Feng Kangan can have it. A brief sobriety, and his soul power is much stronger than Feng Kangan.

But if this dark red shadow fell on him, then he would be really dangerous.

What is this place?

Qin Chen looked up at the sky, the sky was gloomy, and his heart was as dark and gloomy as this gloomy sky.

From the outside, the inside of this space seal was like a treasure house, filled with treasures, but after entering, he realized that this place is not a treasure house at all, but a piece of Jedi, a piece of dead land.

But who is it? Is such a small world laid out here?

There was a mess in Qin Chen's heart. He only knew that this small world had an extraordinary origin, and it was likely to have some origins with the origin of the Thunder Sea. Thinking of this, Qin Chen couldn't help but breathe a cold breath again, if it was as he had guessed. , Then this small world is most likely born in ancient times, or even earlier.

For today's plan, there is only one step to look at.

"Let's go!" Qin Chen sighed lightly.

"Brother Chen, where are we going now?" Lu Zi'an followed Qin Chen with shock on their faces.

"Where else can I go? Naturally, go in and see. There must be a reason for this place to appear here."

Qin Chen said while holding the demon fire of Qinglian, leading Lu Zian and others towards the depths of this world, screaming, the raging demon fire of Qinglian was burning, bursting with scorching heat, causing the darkness around Shadows evaded one after another.

Looking around, there are many strange shadows outside Qinglian Demon Fire. These shadows exude an icy chill, staring ferociously at the few people in the flames, Qin Chen, far away. Yes, like a group of hungry wolves who didn't know how many years they were hungry, closely following Qin Chen and others.

Qin Chen's scalp was numb. Although I don't know the exact number of black shadows here, looking around, countless black shadows flew around. If such a large group of black shadows all escape, the entire Tianwu Continent will be transformed into A piece of purgatory.

Suddenly Qin Chen was shocked in his heart, and he woke up suddenly, who said that this spatial seal must be created to seal the treasure? What if the seal itself exists to seal these shadows?

Thinking of this, he trembled.

This is not impossible.

Because on Qin Mo's side, Qin Chen also found a lot of dark shadows.

But what surprised Qin Chen was that after Qin Mo entered this world, it looked like a fish entered the water. Not only was it not suppressed like Qin Chen, but was greatly improved in terms of perception and strength.

In Qin Mo's perception, there are a large number of dark shadows in front of him. These dark shadows are not particularly hostile to Qin Mo. Instead, they feel like the same kind. They only exude an aura of desire for Feng Kangan, obviously wanting to kill Feng Kangan. Give control.

Feng Kangan stared at the bright flames, looked around very nervously, followed Qin Mo, carefully searching around.

On the other side of this dark world, there was a void thousands of miles away from Qin Chen.

"boom!"

A figure slammed heavily on the ground, and then jumped up instantly. This figure is graceful and full of feminine femininity. It is Chen Sisi.

"Where is the person who entered the passage earlier?" After Chen Sisi got up in an instant, he hurriedly looked around with anxious eyes, his heart pounding and his palms sweating.

But the surroundings were empty and boundless, and there was no figure at all. In the dark world, she was the only one standing here, lonely and desolate.

Just like that lonely star in the night sky, it makes people full of compassion and love.

A trace of bitterness started from the corner of Chen Sisi's mouth.

"I really think too much, 'he', why is he here?" Chen Sisi smiled bitterly and sighed lightly. She once thought that what she saw was 'he', but she knew, 'he' After staying in Guyu Realm, it is impossible to come out again.

What I saw was probably just an illusion.

"Mission Palace!"

Chen Sisi raised his head, the original sentimental face still returned to the coldness, and a hint of coldness that was freezing through the world filled the sky.

"Wait, one day, I will personally destroy you and avenge 'him'." Chen Sisi muttered with firm eyes.

When she said that 'him', she didn't even dare to say the name, because she was afraid that when she said it, tears would not stop falling.

call!

Suddenly, a chilly sensation emerged from behind Chen Sisi. Chen Sisi's eyes were cold, and she turned around abruptly, her right hand protruding out, a trace of dark magic suddenly rolled out of her hands, and a cold black shadow was instantly caught. Enveloped by the devilish energy, the greedy face was suddenly terrified.

"Hmph, you have attacked me before, thinking that the same trick can be used a second time?"

The demonic energy in Chen Sisi's hands surged wildly, and rooted into the body of the black shadow. The black shadow struggled violently, trying to get rid of Chen Sisi's control, but it was useless. The black shadow was instantly swallowed by Chen Sisi during the struggle, and turned into an instant. For nothingness.

A cold breath surged on Chen Sisi's body, her breath suddenly became colder, and at the same time, her cultivation base seemed to have increased a little, exuding a cold breath.

"Comfortable." Chen Sisi's face was filled with black energy, and her eyes became more evil, but she didn't care. Boom, countless devil energy burst out of her body, swish, swish, these devilish energy burst in all directions. Suddenly, piercing screams of horror sounded, and seven or eight black shadows were engulfed by these demonic energy, and they continued to be swallowed.

"Haha, Lord Sovereign said to let me eliminate this devilish energy, why do you want to eliminate it?" Chen Sisi's eyes were dark and glowing dark red. She was hysterically absorbing the power of these shadows. In an instant, these shadows were swallowed. Exhausted, and Chen Sisi's breath immediately improved significantly.

A trace of invisible cold air seemed to freeze the void, lingering around her.

"Hahaha, I want to get stronger, I want to keep getting stronger, only in this way can I get revenge, I want revenge, for this..."

"I want to be enchanted!"

Chen Sisi roared, black hair flying, like a demon.

[Chapter 2026: Advent of the Empress](#)

boom!

Chen Sisi exuded an icy breath, and saw the invisible void. At this moment, some dark shadows that were close to Chen Sisi all fled in horror, and quickly disappeared completely.

Chen Sisi didn't chase these dark shadows, but quickly flew in one direction, where there was an incomparably powerful force that was attracting her to pass.

Somewhere outside the Thunder Sea.

The dark thunder surging, extremely violent, full of dangerous atmosphere.

Although it is located outside the Thunder Sea, it is a forbidden place in the Thunder Sea. There is a dark thunder lake that is very different from other places. The endless black light surges, and even the powerful Nine Heavens Emperor will be strangled instantly when entering it.

In this pitch-black thunder lake, there is only the surging thunder light, no treasure exists, so although it is located on the periphery of the sea of thunder, there is no warrior of the sky thunder city will come here.

But at this moment, on this pitch-black thunder beach, there are a group of extraordinary warriors. The leader is an old man in a black robe. There is a dark scorpion under his left ear. There are several long roots on the scorpion. The long hair adds a bit of coldness.

The old man stood quietly on the black light thunder sea, occasionally a dark thunder light fell on him, but he didn't realize it. He was obviously a top powerhouse, at least a late-stage giant Wudi.

At this moment, the old man's expression seemed a bit nervous, and he was a little bit at a loss as he was waiting for something anxiously.

Whoosh whoosh!

Suddenly, a few streamers flew over and landed beside the old man, and said respectfully: "Vice President Yuan!"

If there is a master of Tianlei City here, it will definitely be secretly shocked. This group of people are not others, they are the masters of one of the top forces in Tianlei City, and the leading old man is also a member of the Fighting Club. The vice president is Yuan Tianhuan.

Although this Yuan Tianhuan is only a giant martial emperor, his position in the fighting club is extremely high, and he is one of the three most powerful vice presidents. Because this person is quite strategic, so many things in the fighting club are left to him. Take control yourself.

However, because of the disappearance of the leaders of many of the top forces in Sky Thunder City, this person was also sent to the depths of the Thunder Sea to search, just like the masters of other forces, but he did not expect to be in this Black Sea land.

"How is the matter going?" The old man glanced at the person and asked in a deep voice.

"Returning to Vice President Yuan, it has been done. There is no one in the Thunder City within a radius of thousands of miles. Anyone who dares to approach here will be beheaded by our people." The visitor respectfully said.

The old man nodded and sighed in relief, but the tension on his face was still hard to conceal.

The man hesitated and couldn't help but raise his head and said, "Vice President Yuan, who are we waiting for here? Which big man?"

As a confidant of Yuan Tianhuan, it was the first time that he saw Vice President Yuan so nervous. In his impression, Vice President Yuan was always fearless and deep-hearted. Even in front of the President, he was still extremely calm. , Today's performance is really surprising.

"Don't ask if you shouldn't ask." Yuan Tianhuan glanced at him coldly, "Do your own thing, today's comer is the foundation for our Fighting Club to gain a foothold in Tianlei City. If you anger the opponent, if someone kills you casually, the old man will not intercede for you."

The man was taken aback and hurriedly said respectfully: "Yes, Vice President Yuan."

Yuan Tianhuan ignored him, just looked up at the periphery of Thunder Sea, and said a little nervously: "The adult said in the message that he arrived at this time. Now that the time has come, why hasn't anyone come? Could it be an accident?"

"The palace has come."

As soon as Yuan Tianhuan's voice fell, a cold voice rang, as if he was very far away and very close, and then a few figures suddenly appeared in the void, walked out of the thunder, and appeared in front of Yuan Tianhuan.

The person near the head wore a phoenix crown and a red robe. It was Shangguan Xier.

Beside her, two people followed, one of them was Shangguan Gufeng, and the other, wearing a cloak, exuding a cold air, was obviously an alien.

"I have seen the female emperor!" Yuan Tianhuan shook his body and hurriedly knelt down respectfully, and many powerful men around him also knelt down, shocked and trembling in his heart.

The visitor turned out to be the misty court lady, Shangguan Xi'er, who is known as the first person in Tianwu Continent.

Bang bang bang!

Their hearts were beating wildly, and they were shocked. No wonder Vice President Yuan had to be so vigilant to make them respectful, Shangguan Xi'er, this was a super power in the Tianwu Continent with only one hand covering the sky.

"Get up, how are things done for you?" Shangguan Xier asked indifferently.

She stood in the void like this, and the surrounding thunder was isolated, forming a unique spatial area.

"Emperor Hui, things have been done. The guild leader has combined with the great forces of Tianlei City to open a gap in the ancient demon land. Now, the guild leader has taken the leadership of the major forces and entered the ancient demon first. In the earth, according to the final message from the guild leader, that ancient magic land will immediately open a passage, enough for anyone to enter it."

Yuan Tianhuan respectfully said: "The only trouble now is that after a few displacements, the space seal happened to come to the location of Leihai's death. Leihai's death is extremely dangerous. Even in the mid-term, Emperor Wu would be difficult to penetrate. Only the giant Wudi could. Entering, I am afraid it will affect the plan of the Empress."

"Lei Hai is dead?" Shangguan Xi'er frowned slightly, and then shook his head: "It's all right, this palace has its own way, this palace just wants to know, is this place like what several people said?"

Shangguan Xier turned to look at the cloaked man.

The man in the cloak didn't speak, but beside him, a dark shadow appeared. It was the strong stranger of the alien race who had been following Shangguan Xi'er. Jie Jie said with a strange smile: "My lady, don't worry, this seat is in front of the lady. Naturally, I dare not talk nonsense. As long as Lady Empress can do what this seat once requested, our clan will certainly help Lady Empress dominate the world and bring the whole world into one."

"Oh?" Shangguan Xier looked at it without speaking.

"It seems that the female emperor still doesn't believe it." The black shadow Jiejie smiled and turned to Yuan Tianhuan and said, "Your Excellency, after the seal was broken, did the strange things that this seat once warned happened?"

Yuan Tianhuan's eyelids twitched, and he hurriedly said: "This is true. After the seal was opened, many masters of the major forces suddenly went crazy. Later, I learned that some dark shadows suddenly emerged from the seal. The shadow is like a ghost, even the giant Wudi is extremely difficult to perceive. Once invaded, it will become unconscious and turn into a madman."

[Chapter 2027: Dusty](#)

Yuan Tianhuan said with lingering fears: "Thanks to the reminder of the female emperor before, everyone in the martial arts team has escaped a catastrophe, but there are many fallen masters from other forces. Now in this Lei Haizhi In the middle, there are still a lot of dark shadows fluttering and dangerous."

The alien demon master smiled slightly and respectfully said to Shangguan Xi'er: "My Empress, everything is as expected, what is the Empress still worried about?"

Shangguan Xi'er glanced at it, smiled coldly, and said: "Then follow your plan. Bring the people of Thunder City into the ancient magic land that day, as nourishment to completely open the ancient magic land..."

"My lord is wise." Sombra laughed.

"Subordinates will do it right away." Yuan Tianhuan said hurriedly and respectfully.

Sky Thunder City.

Life is full of excitement and excitement.

Although major powers have had major events in the Thunder Sea, this matter is only spread among a few major powers, and very few people know about it among the general powers.

At this moment, in a small restaurant in the east city of Tianlei City, some warriors are broadening the sky together, talking about everything from south to north.

"Do you know? The President Chen of the Black Order is indeed a person. Although he knows that the Devil's Building is not easy to provoke, he rushed directly to the Demon's Building to save people. But who knows, not only was there at the time. There are people from the Demon Repair Building, and the famous Lieutenant Chamber of Commerce in Tianlei City. The masters of the two major forces immediately surrounded the people of the Black Society. It was so powerful, guess what happened in the end?" A thin male warrior with a reddened face aroused chat, and said spittle.

Sure enough, his news was very shocking, and immediately many warriors who had just returned to Sky Thunder City looked over excitedly, and some even eagerly asked, "What happened afterwards?"

The red-faced thin male warrior didn't sell it. He even drank a pot of wine. Then he said: "The guards around the president of the Black Xiu Huichen have the power of the sky, although the Moxiu Building and the Laozhong Chamber of Commerce will A lot of Wudi strong, but in the eyes of Master Heibei, that is the clown jumping beam. Lord Heibei did not even sacrifice the real treasure, his true Yuan hand directly pinched to death the president of the Chamber of Commerce Lu Sha. Hey, that prestige, that powerful..."

"This is unlikely. The President Lu Sha of the Liaozhong Chamber of Commerce is at least the giant Emperor Wu. How can such a person be pinched to death by the hand of Zhenyuan? And he is the President of the Liaozhong Chamber of Commerce, who killed the President with Lu. Identity, will there be no treasures on your body?" Someone asked immediately with doubts.

The thin male warrior probably knew that he had leaked his mouth, so he quickly slapped the table and said, "Xiao Er, I'm out of alcohol, come on."

After he finished speaking, he disdainfully said to the warrior who raised the question: "Hey, it's impossible. That's because you don't know the power of Lord Hei Bei. That is a character with a cultivation base. Are you the Emperor of Nine Heavens? You are even Emperor of Nine Heavens. No, so I said, the frog at the bottom of the well..."

The face of the warrior who raised the doubt rose a little red, but he still retorted: "Even if I am not the Emperor of Nine Heavens, but I have seen other masters display their true essence, I won't be able to pinch to death in the Chamber of Commerce. Kill President Lu, right?"

The thin warrior even said disdainfully: "How can other warriors compare to Master Heibei? I tell you that Master Heibei's cultivation is at least the peak martial emperor, no, it is even more powerful than the peak martial emperor, even in the legend. The holy realm powerhouse..."

"Our Tianwu Continent hasn't seen a holy realm master for tens of thousands of years, right?" Because of the slender male warrior's speaking momentum, even if others ask questions, their voice is much lower.

The thin male warrior said indifferently: "That's the peak martial emperor, I don't remember clearly. At that time, I only saw the sword energy and the space torn apart. That battle was really earth-shattering..."

He also said just now that Fu Qiankun used Zhenyuan's big hand, and in a blink of an eye it became a sword-qi vertical and horizontal space torn apart, but the cultivators in the restaurant were all ordinary warriors in Tianlei City, and no one came out to refute.

In the corner of the restaurant was sitting at the moment a man wearing a black cloak with a stiff and ugly face. After hearing what the thin warrior said, his eyes immediately showed surprise.

Just as he wanted to ask the thin warrior, another old man said: "Although what this friend said is true, it is too exaggerated. The old man was also there at the time. The strength of the black man is indeed above the sky, facing Lu The leader of the killing was not afraid, and he raised his hand and regarded the

Avenue of Rules as a chain, and in a few strokes, the leader of the Lu Sha of the Liozhong Chamber of Commerce was killed."

"At that time, President Lu Sha didn't want to resist, but his half-moon bowl real treasure and shield were easily shattered under the attack of Lord Heibei, and then he hurriedly begged for mercy, but Lord Heibei of the Black Order Even without paying attention to him, he killed him casually."

"In my opinion, the cultivation base of Lord Heibei is at least the pinnacle Martial Emperor, that is, the level of the president of our top force in the Thunder City."

"I heard that Lord Hei Bei is the guardian of the President of the Black Order Chen, what is the name of the President Chen of the Black Order? With Master Hei Bei's cultivation base, he is willing to be his follower?" Suddenly someone Anxiously asked, it was the man in the cloak who was sitting in the corner.

Obviously, he felt that what the old man said was much more reliable than the thin warrior just now.

The old man nodded and said unhurriedly: "This point, the old man didn't even think about it. The president of the Black Order heard that he was called Chenqing, and he thought he should be the top figure in a certain force against the sky in the mainland. And Master Heibei is a master in that force, so he obeyed President Chen's instructions."

Dusty? Qin Chen?

No one saw that the man in the cloak who was questioning heard the name, his hand holding chopsticks was shaking, and his heart was obviously in immense excitement.

The old man said more reliably, but he attracted more exclamation.

Many of them have heard that there was an extra black cult in Tianlei City, and the black cult also destroyed the Lieutenant Chamber of Commerce and the Demon Repair Building, but few people will tell the specific process. Let them hear, now that someone is telling it here, it naturally attracted the attention of many warriors who were not there at the time.

"I heard that the Moxiu Building also has a backstage. Isn't it possible that no one is looking for trouble with the Black Order?" Then someone asked again.

"Everyone has heard that the Demon Repair Building has an acquired day, but no one knows whether there is a backstage at all. What's more, after the Black Order destroyed the Demon Repair Tower, it was actually favored by the Sky Excursion Association. Even if the person wants revenge, I am afraid it will be difficult." The old man shook his head.

At this moment, there was a sound of footsteps from below the restaurant, and then an old man who was also wearing a cloak rushed to the second floor of the restaurant.

[Chapter 2028: Go to black order](#)

The ugly black man in the black cloak immediately showed a surprise expression on his face when he saw the incoming person. Huo Di stood up, but before he had time to speak, the man in the cloak quickly came to him, facing him. Said: "Go, those people are catching up."

When the voice fell, the head didn't know what to do, and he quickly walked down the other staircase of the restaurant, and then left the restaurant.

But as soon as he came out of the restaurant, several extraordinary warriors had surrounded him around him, instantly surrounding the man in the cloak.

"Hmph, two little ants, I've offended the Huntian Chamber of Commerce and wanted to escape from me. They couldn't help it..." The leader suddenly exuded a terrible murderous intent, and he was actually a Martial Emperor at the peak of his early days. And the two people around him are actually equally extraordinary, and they are also powerful in the Nine Heavens Emperor Wudi.

The man in the cloak snorted coldly, with his hands on his chest, his aura was equally majestic, he was actually an early martial emperor, but his aura was fluctuating and he was obviously injured.

"Hahaha, I even dared to resist, saying...Where is the other one of you?" The master of the Huntian Chamber of Commerce coldly snorted, murderously looking at eagles.

"If you want to fight, what do you do with so many words?" The man in the cloak said in a hoarse voice, with determination in his tone.

"It's kind of sentimental, ridiculous, how long can he hide? Even if he hides, how long can he hide? It's just a small peak Martial Emperor, in this day of Thunder City, can he escape the pursuit of my Huntian Chamber of Commerce? Come out obediently and hand over your things. There is still a way to survive, otherwise, both of you will die." The master of the Huntian Chamber of Commerce said with extreme disdain.

At this moment, many people have been attracted by the movement here. Seeing such a scene, they couldn't help but talk.

"Huntian Chamber of Commerce, this is a veteran chamber of commerce. It is actually too courageous to prepare to start in Tianlei City?"

"Since the last Black Order incident, there have been more and more people working in Tianlei City."

"That's a small fight. Didn't you see that these two gangs are masters? The cloak man has never seen it before. It's not easy to see the momentum. He is also a master of Wudi, right? Huntian Chamber of Commerce, don't repeat the mistakes of the Chamber of Commerce in Lieutenant. ."

"Che, do you think everyone is President Chen and Lord Hei Bei?"

"This guy is unlucky. It's not good to mess with someone. Go to the Huntian Chamber of Commerce. Isn't this looking for death by himself."

All kinds of discussions are endless. Although Emperor Wu has a lot of strong people in Tianlei City, in the eyes of most warriors, it is also the highest level of existence. What's more, one of them is the Chaotic Sky Chamber of Commerce. Now the Chaotic Sky Chamber of Commerce wants to kill people. No one dared to speak half a word, let alone stop it.

Everyone can only silently mourn for the man in the cloak. It must be low-key in Tianlei City. Even a master Martial Emperor, it is easy to accidentally offend a force that should not be offended.

The man in the cloak who was in the restaurant was standing on the second floor of the restaurant, watching this scene on the street outside, with anxiety and tension on his face.

He was no one else, but the black slave who had just arrived in Tianlei City not long ago.

The man in the cloak below is an old man with great compassion.

The two of them were the most closely watched by the Hall of Law Enforcement at first, and finally escaped from the Hall of Law Enforcement, and rushed to Leizhou to Tianlei City.

Who knows that in the process of going to Tianlei City, they accidentally discovered a treasure place and obtained a treasure, a nine-level emperor fruit that can wash the true essence of the Nine Heavens Emperor Wudi, but they have not had time to be excited. The people from the Huntian Chamber of Commerce spotted them and asked them to offer the Emperor Fruit.

If it was just handing over Digu, it would be fine. The people of the Huntian Chamber of Commerce saw that the two of them seemed to be unorganized, and even forced them to join the Huntian Chamber of Commerce, serve the Huntian Chamber of Commerce, and even control them.

How can this make the black slaves and the old man of great compassion bear? When the old man of Great Compassion got rid of the tracking of the Law Enforcement Hall, he was already injured, and he desperately needed this Emperor Fruit to wash his flesh, not to mention that the Huntian Chamber of Commerce had to control them.

The black slave and the old man of Great Compassion escaped due to their injuries. Who knows that the people from the Huntian Chamber of Commerce have been tracking them to Tianlei City, and now they are locked in Tianlei City.

"What to do? Thunder City is the opponent's territory this day. Now that it is more difficult to escape after being targeted, what should I do?"

Although the **** was anxious, he forced himself to calm down and quickly thought of a solution.

When his family was destroyed, he was a teenager who traveled through dangerous mountains. He relied on the kind of talent to be fearless in times of crisis. At this moment, his mind was even more anxious.

"Black Order, yes, go to the Black Order."

At this time, the black slave flashed the news he had heard in the restaurant. His heart was pounding. He felt it before. This black cultivator might have something to do with Shao Chen. I thought it would be afterwards. First, I went with the old man Da Bei to make a secret investigation, but now there is no other way. I can only use the dead horse as a living horse doctor and go to the Black Order for help.

Thinking of this, the black slave was very decisive and quickly left the restaurant through the back door, after asking a clear direction, hurriedly left.

The black slave was anxious and didn't carefully hide his figure. When he left, he could not see a look around the restaurant locked him, revealing a surprise.

Outside the street.

The old man Da Bei always paid attention to the black slave's dynamics, and when he found that the black slave had left, he was relieved, even if he was dead, as long as the black slave was still alive, that was enough.

During this period of escape, he had already seen through life and death.

"My lord, we found another guy's trail."

But before the old man of Great Compassion had time to breathe a sigh of relief, he saw a disciple of the Huntian Chamber of Commerce hurriedly walked over and quickly said respectfully in front of the leading early peak Wudi.

"Okay, very good." The leader Wudi was overjoyed, "You immediately lead someone to keep an eye on him, and be sure to take that person down."

"Yes."

This disciple quickly led people away, and directly traced to the black slave.

"Hahaha, the emperor said that even with you two ants, can you escape from the palm of my Chaotic Chamber of Commerce? Take it."

The leader's voice fell, and the two Wudi behind him moved swiftly, one left and the other right, and they attacked the old man Da Bei at the same time.

"Ugh."

The old man Da Bei sighed in his heart with a sad expression on his face. He didn't expect that he and the black slave had escaped the tracking of the Law Enforcement Hall, and in the end he could not escape the tracking of the Chaotian Chamber of Commerce.

This is really not as good as the sky.

Lamented in his heart, the old man Da Bei had already reached out his hands and fought with the two Emperor Wu.

Even if he knew it was death, he would die vigorously. At least he would take a Wudi away, and he wouldn't be in vain to visit this world by himself.

And when the old man of Great Compassion was fighting against the people of the Huntian Chamber of Commerce, the black slaves rushed to the Black Order.

"No, it was found."

In the process of tracking and anti-tracking all year round, the black slave immediately noticed the figure following behind him.

[Chapter 2029: Capture the villain](#)

"It seems that I can only take this last fight..."

The black slave sighed lightly, extremely decisive. Originally, in order to hide his whereabouts, he was still cautiously rushing to the black cultivator. Now that he was discovered, he immediately stopped

concealing his figure. The peak martial emperor's cultivation level broke out to the extreme, toward the black cultivator. The direction rushed past at the fastest speed.

"Little Chen, I hope that the Black Order is an organization you set up deliberately, Shao Chen."

As if dying, the black slave gave a wry smile, with an unprecedented determination on his face.

"I was discovered? Catch up."

Whoosh whoosh!

Behind the black slave, several figures that had been quietly following quickly rushed up and chased after him.

They quickly approached the black slaves.

Whoosh whoosh!

These figures flew past Tianlei City at a low altitude, bringing amazing energy, and also attracted many people's dissatisfaction.

Boom boom boom!

Even, the people of the Huntian Chamber of Commerce shot one after another from the rear, and the streamers burst out and rushed to the black slaves frantically.

The black slave dodged frequently, and was bombarded by several of them, and his mouth suddenly overflowed with blood, but he didn't realize it, and continued to rush forward frantically.

Several masters tracked by the Huntian Chamber of Commerce couldn't help but sneer. In Tianlei City, where does this guy think he can go? No matter where they go, they are all dead. Their investigation is very clear. The two people have no backing at all in Tianlei City. They are just two casual cultivators from outside.

"It's near, it's near."

As the black slave fled all the way, the blood was spilled, and finally when he was about to hold on, he saw a magnificent building in the distance. Above that building, three plaques of the Black Order were shining brightly.

Excited in his heart, like lightning, he rushed in frantically.

boom!

But instead of waiting for the black slave to break into the black cult, a halo of formation formed, blocking the black slave outside, with a bang, the black slave slammed into the big formation, blood flew across, making a huge roar, and he himself Then he fell heavily, fell to the door of the Black Order, lay on the ground, vomiting blood, stretched out his hand and stared at the black order plaque, looking expectant and fiery.

"Who is this? You dared to run into the Black Order just now?"

"So courageous."

The surrounding crowds were passively attracted, looking at the black slave lying at the door of the Black Order in surprise, and they talked a lot.

After Qin Chen destroyed the Moxiu Building and the Liozhong Chamber of Commerce, the Black Society had become the leading force in Sky Thunder City, and one of the forces that the major forces didn't want to provoke. All were decisively given by Qin Chen's killing Scared to kill.

Seeing someone daring to break into the Black Order now naturally arouses the curiosity of countless people.

"Is this guy crazy?"

The people in the Huntian Chamber of Commerce were also shocked. The guy was so bold that he dared to rush into the black cult. It didn't matter if he died, if he got tired of the Huntian Chamber of Commerce, they would die.

"Hurry up and take people away."

In panic, these people hurriedly took the black slaves away, but as soon as they fell, a cold snort came out from the black cultivator: "Who is going to run wild in my black cult?"

The sound was not loud, but like a heavy hammer, it hit the hearts of these people. They were shocked, their faces turned pale, and their minds were dizzy. Then they saw a tall figure walking from the black congregation. Came out.

It is the Lord of Tiandi Mountain.

Who is this person?

The crowd was stunned. Many people saw the establishment of the Black Order with their own eyes. In their hearts, they only knew Qin Chen, Fu Qiankun, You Qianxue, Ji Ruyue, Xia Wushang and others. As for the Lord of the Heavenly Emperor Mountain, they were all See you for the first time.

In particular, some of the top forces in the Thunder City are always secretly paying attention to the Black Order, and now seeing the Lord of the Heavenly Emperor, they are all taken aback.

Although the Heavenly Emperor Mountain Lord hasn't taken any action yet, this aura, and the innocent worship of heaven and earth in every move, is enough to make people guess that this person is at least a giant Wudi level master.

This made them feel awe-inspiring. The strength of this Black Order is even more terrifying than the rumors outside. When did there be such a top expert?

"Senior forgive me. I'm a disciple of the Huntian Chamber of Commerce. Today, I arrested a villain in Tianlei City. This villain knew he was going to die. He even ran into the Black Order. Obviously, he wanted to drag me into the Huntian Chamber of Commerce. Give me a chance, I'll take this villain away immediately and punish them severely." The disciples of the Huntian Chamber of Commerce immediately said tremblingly, their voices panic.

This is the Black Order, it easily wiped out the existence of the Laozhong Chamber of Commerce and the Moxiu Building. Although their Huntian Chamber of Commerce is powerful, they are not as good as the Laozhong Chamber of Commerce. How dare you run wild in front of the Black Order.

If you let the guild leader know that they smashed into the Black Order, you have to peel them off.

"Oh? Capture the villain?"

The Lord of Heavenly Emperor Mountain coldly glanced at the black slave, and at this moment the black slave also raised his head with difficulty, looking expectantly and excitedly at the Lord of Heavenly Emperor, wanting to recognize the Lord of Heavenly Emperor.

But the next moment, the brilliance in his eyes dimmed, because he found that he didn't know the Heavenly Emperor Mountain Lord, this master was not in line with any masters around Chen Shao he had known.

"Is it because I guessed wrong?"

The black slave's heart was cold, and his face was bitter, sure enough...Is it still nothing?

"Senior, then we will take the people away." The people of the Huntian Chamber of Commerce said cautiously, saying that they would take the black slave away.

"what happened?"

At this time, a cold voice came. Although it was cold, it contained a hint of softness. The voice was clear and beautiful. It was as familiar as the most pleasing sound quality. It made the black slave's eyes brightened and he raised his head excitedly. .

Not far away, the three of them came slowly, it was Fu Qiankun who brought You Qianxue and Ji Ruyue.

The Sea of Thunder is still some distance away from Tianlei City. After the three of them left Qin Chen, they did not return to Tianlei City until now. They wanted to enter the Black Order silently, but saw the black order gathered at the door. A group of people just showed up and walked.

Then, You Qianxue's figure froze, staring at the black slave in amazement.

"You..." Although the black slave's appearance and body shape have changed a bit, You Qianxue and the black slave have known each other for the longest time, and suddenly felt an extremely familiar feeling.

The black slave also looked at You Qianxue excitedly. Although You Qianxue had undergone a disguise, the black slave would never forget that temperament and voice.

"Mother, You Qianxue... Is the other... Ji Ruyue?" The black slave heard about some things between Qin Chen and Ji Ruyue, and with his wisdom, he instantly guessed the identity of Ji Ruyue.

He wanted to speak with excitement, but he didn't shout out, because You Qianxue and Ji Ruyue's faces had changed, and they had obviously undergone the same disguise as themselves, and obviously they could not be exposed.

"My lord, what's wrong outside?"

At this time, Xia Wushang, Xia Wurou and others also walked out of the black cultivator, and then everyone saw the black slave lying there, and their expressions were suddenly dull.

[Chapter 2030: You are the old man with great compassion](#)

"black....."

Several people looked at the black slave with excitement, their bodies trembling slightly, and wanted to speak, but in the end they didn't call the black slave's name, only tears could not help falling from the corner of their eyes.

Feeling something was wrong, Fu Qiankun frowned and looked at You Qianxue.

"It's a black slave, a black slave that Young Chen wants to wait." You Qianxue said excitedly. The black slave has followed Qin Chen from the land of the Five Kingdoms, and is Qin Chen's right and left arm of the Chendi Pavilion, although the black slave was As a servant, he followed Qin Chen, but in fact, after so many years of getting along, the two sides had no slavery relationship, but brothers, friends, and subordinates linked together.

Shao Chen treats any disciple of Chendi Pavilion as a relative.

Several people in the Huntian Chamber of Commerce are not idiots. They have faintly sensed that something is wrong, and hurriedly said with a trembling, "Several seniors, we will take this villain back. We also ask the seniors of the Black Order to forgive me."

After speaking, one of them gritted his teeth and immediately grabbed the black slave and was about to take the black slave away.

"Seriously at the gate of my black order, come as you want, leave as you want, who gives you the courage?"

A sword light flashed, a **** sound of 'poof', and a burst of blood shot out.

"Pata" half-cut his arm fell to the ground.

It was You Qianxue who spoke, holding a sharp blade, with indifferent eyes.

Wow!

The crowd dispersed in an instant, no one would have thought that the people from the Black Order would come out to fight the injustice, and even cut off half of the arm of the strong man from the Huntian Chamber of Commerce.

The strong man headed by the Huntian Chamber of Commerce held his broken arm with a pale face and swallowed a few pills, looked at You Qianxue in horror, and said hoarsely: "Senior, I didn't mean to be wild at the gate of the Black Order, it's this The villain, knowing he will die, and deliberately rushing into the Black Order, please seniors to give a lesson?"

"Knowing to die?" You Qianxue coldly looked at several people in the Huntian Chamber of Commerce.

The man ignored the others, and hurriedly said with trepidation: "Yes, this person once injured me a disciple of the Huntian Chamber of Commerce in Leizhou. My Huntian Chamber of Commerce chased

and killed this dog, and finally found the trace of this dog in Tianlei City. How do you know this person? Knowing that I must die, I deliberately rushed into the Black Order. This is obviously to drag me into the Huntian Chamber of Commerce. I also asked my seniors to Mingjian. My Huntian Chamber of Commerce has no intention of offending the Black Order.

"You chased and killed this person all the way?" You Qianxue narrowed her eyes, and her voice became increasingly cold.

The strong man of the Huntian Chamber of Commerce only felt a terrible pressure enveloped him. Under the trembling, he didn't know what to say, and just nodded, "Yes..."

As soon as the word "Yes" came out, pouch, a sword light flashed, and several Wuhuang experts in the Huntian Chamber of Commerce were cut to death, and blood flowed all over the place.

"In my black cultivator, I dare to quibble, thinking that if you move out of the name of the Huntian Chamber of Commerce, does this emperor dare not kill you?" You Qianxue coldly snorted, and then pointed to the black slave. , Bring him in, ask carefully, this emperor wants to see, where is the courage of the Huntian Chamber of Commerce, and he strays wildly at the door of my Black Order."

There is no need for You Qianxue's instructions at all. Xia Wushang and several people have hurriedly helped the black slaves up. The black slaves struggled, looked at You Qianxue anxiously, and hurriedly said through the voice: "Leave me alone, save the old man Da Bei, the old man Da Bei is in the south. The Mengyue restaurant in Huntian was surrounded by people from the Huntian Chamber of Commerce, so I quickly found a way to save him."

You Qianxue was surprised and delighted in her heart. What was delighted was that the old man Da Bei had also arrived in Tianlei City, and what was shocked was that the old man Da Bei was in danger.

"Leave this to me, old man of great compassion, old man of black sadness..." Fu Qiankun said speechlessly, his face was like the bottom of a pot, he finally saw the two guys who Qin Chen named him, he wanted Let's see, what kind of stuff is the old man who gave himself such a name.

Fu Qiankun had disappeared in the same place as soon as his figure shook.

"I haven't said where the Mengyue Restaurant is." The black slave said anxiously.

"Don't worry, seniors found it." Xia Wushang said hurriedly. Everyone immediately took the black slave into the black cult, and the mountain lord of Tiandi Mountain quickly healed him, leaving only a few disciples of the Chaotic Sky Chamber of Commerce. The corpse was lying horizontally at the door of the Black Order, but soon someone from the Skyscanner appeared and dragged the corpse away.

Fu Qiankun was in the shape of electricity, and his divine sense was released. The terrifying divine sense quickly spread out, searching around the south side of Thunder City on this day.

Under his divine sense swept, the many martial emperors on the south side of Tianlei City only felt like a flat boat on the ocean, shaking constantly, shocked and angry at the same time, could not help but want to swear, but When they saw who the magnificent figure was in the sky, they hurriedly shrank up, pretending to see nothing.

It turned out to be the butcher of the Black Xiuhui. Even the owner of the Mo Xiu Lou and the chairman of the Liozhong Chamber of Commerce would kill him. If they dare to come forward, they may be shot to death without a slap.

In just a few moments, Fu Qiankun had found the Mengyue Restaurant and also saw the scene outside the restaurant.

At this moment, the Mengyue restaurant has been blasted halfway, and an early peak Martial Emperor furiously shot at a cloaked man covered in blood, and there were two Martial Emperors beside him, one of whom had already lost an arm. , And another Wudi was also injured.

But although the man in the cloak who was besieged was seriously injured, he looked fierce and fought back frantically. If it weren't for the people from the Huntian Chamber of Commerce to set up a formation here, I am afraid that a street nearby would be leveled.

In the formation, the Emperor Wu of the Huntian Chamber of Commerce was furious. He thought that the three of them would deal with each other, and it would be easy to capture them. However, he didn't expect that the other party would be trapped in the beasts and fight. For a while, the two Emperors on his side were seriously injured and suddenly angry. Shaking all over.

"People who dare to hurt my Huntian Chamber of Commerce, if you don't kill you today, the old man will not have the surname Hong, and there is another person. My Huntian Chamber of Commerce has sent someone to arrest me. Don't worry, this emperor will never let you die easily. , If you don't break your corpses into pieces, boil the oil and light the lamp, you won't be called the Emperor Wu Emperor." The Emperor Wu of the Huntian Chamber of Commerce said with a grim face.

But the old man of Great Compassion did not speak, but fought back desperately.

"That guy is the old man of Great Compassion?" Fu Qiankun looked at the old man of Great Compassion below, with a look of surprise. With the initial cultivation base of Emperor Wu, he could still seriously injure two people under the attack of the three Emperors, which is not bad.

While he was talking, he had already talked with his big hands. The dark Zhenyuan palms rumbling down, directly exploded the formation of the Huntian Chamber of Commerce with a bang, and at the same time exploded several Wudi of the Huntian Chamber of Commerce. Zhenfei went out and fell to the ground vomiting blood endlessly.

This sudden scene stunned everyone.

Whoosh!

Immediately afterwards, Fu Qiankun fell down and calmly landed in the center of the battlefield. Under everyone's horrified eyes, he glanced plainly at the old man with great compassion, and said with a smile on his mouth: "Are you the old man with great compassion?"
