

Valkyrie 2041

[Chapter 2041: This knife is good](#)

Qin Chen couldn't think of the reason, so he could only stop thinking about it.

Everything here is too weird, and now he can only learn something from the opponent if he grabs Mu Cangwu before.

Qin Chen urged the demon fire of Qinglian, and suddenly a group of warm light lingered down, pushing the surrounding black energy farther. Although the black shadows had no facial features, Qin Chen felt that they were all used. Staring at him with cold eyes, as if to chew his own flesh and blood.

Qin Chen took a few breaths of air-conditioning. There are too many black shadows here, and there is nothing he can do. If all these black shadows leave the space seal, even out of the sea of thunder, then...

Qin Chen didn't dare to think about it at all. He was sure that if that was the case, then Leizhou would be finished, and even Wuyu Second Heaven would be finished.

But Qin Chen didn't care about so many, there were too many of these shadows, and he couldn't kill them with his current cultivation base.

Now Qin Chen would like to thank Lu Zian for bringing Wonderful Blue, if it weren't for Wonderful Blue to evolve Qinglian Demon Fire, Qin Chen believes that with the power of Qinglian Demon Fire, he wants to stop these demon energy. The difficulty is bound to be great.

Pushing the Heavenly Soul Forbidden Technique and Qinglian Demon Fire, Qin Chen quickly passed the cliff.

What appeared to Qin Chen's eyes was a black earth, but above the earth, there was a grave head. Mu Cangwu, whom he had been chasing before, sat cross-legged in front of the grave head and opened his eyes when he saw Qin Chen suddenly appearing. , Showing a shocked look.

"Haha, I finally found you." Qin Chen narrowed his eyes and smiled faintly.

"You... are... why... come here..."

Mu Cangwu's eyes were suspicious, sitting on the head of the grave, with dense hair on his body, like a ghost, making people shudder.

He stammered and said every word, as if a person had been imprisoned for hundreds of years, no one had communicated, and he had forgotten how to speak, intermittently.

"Don't worry about how you came here, I am curious, how did you come here?"

Qin Chen stared at Mu Cangwu. He didn't believe that Mu Cangwu had the Qinglian Demon Fire and the Heavenly Soul Forbidden Technique. He almost fell on this cliff, so how did Mu Cangwu come here? There must be a secret in him.

And whose grave is this grave?

"You are here, just right." After Mu Cangwu said a word, he was actually quite fluent. He suddenly hugged a group of black light, and a pitch-black war knife appeared in his hand and raised it.

A jet-black blade light condensed under the sword's momentum, and the big earthquake was driven away with a "bang", and it slashed towards Qin Chen volley with a thunderous force.

Qin Chen's body condensed, and he soared to the sky, avoiding the jet black light.

"boom!"

The light of the sword exploded directly on the ground, like a black flower blooming, bursting out countless swords to the sky, rolling up a black tornado on the dark ground.

Looking down from the sky, it is like being in a dark ocean, all kinds of sharp aura fills the whole body, and the sky is full of rules.

Qin Chen was startled. This Mu Cangwu's strength seemed to be stronger than before. Under the rules of the sky and the light of the sword, it seemed that a blade was constantly cutting across his skin, and his body made a sonorous cutting sound.

The countless blade lights shot out, and Qin Chen's figure flashed, leaving behind a glimpse of thunder, and then fled for hundreds of meters.

"You...can't run... anymore!"

A piercing sound sounded, no one was visible, only the sound of the sword breaking through the air, a pitch-black sword pierced from the pitch-black world, like water and moon, slashing towards Qin Chen!

"Tear!"

With the power of cutting rules, the knife light rushed straight towards Qin Chen.

"Who said I'm going to escape."

Qin Chen sneered, and directly urged the Qinglian Demon Fire, and the flames bloomed, covering Mu Cangwu at once. It was the power of Qinglian Demon Fire that drove him away.

But this time, Qin Chen was shocked.

The Qinglian Demon Fire shone on Mu Cangwu's body, and an invisible black aura appeared on the surface of Mu Cangwu's body, blocking the erosion of Qinglian Demon Fire.

"I'm not afraid....."

The Mu Cangwu strange screamed, the light of the sword fell, and a chuckle sounded, Qin Chen was chopped into two pieces at once, and instantly dissipated, leaving only an afterimage.

Qin Chen was surprised that the black power on this Mu Cangwu body was so strange that it actually blocked the erosion of Qinglian Demon Fire.

But what about this?

Huh!

Qin Chen's figure appeared beside Mu Cangwu, banged out with a punch, swept with his fist, and hit Mu Cangwu's right arm directly to shake the pitch-black sword flying away.

"This knife is good, let go!"

The fist swept across, and there was a surging of thunder light above it, the blood of thunder, crackling, the thunder light above the fist kept flashing, and a blow hit Mu Cangwu's right arm.

boom!

Mu Cangwu was blasted out, and the sword flew up, but before Qin Chen grabbed the sword, Mu Cangwu had already killed him again.

call!

His muscles were knotted and became more wild, his body swelled nearly doubled, as if he turned into a giant, his power soared again, and a punch blasted towards Qin Chen's outstretched arm.

"boom!"

Lei Guang exploded under the fist, and then the sword swung in the air and was directly caught by Mu Cangwu.

The sword drawn a black light in the air and slashed towards Qin Chen!

"Hoop!"

The sky was directly torn into ripples, and the billowing darkness collapsed toward the ripples in the middle, as if the sky was falling apart!

"Boom!"

The space Qin Chen was in collapsed, his whole person was instantly swallowed by the darkness, and he was blown out.

"Why did this guy suddenly become so much stronger?"

Qin Chen stabilized his figure, frowning slightly, and at the same time, Lao Yuan suddenly came over, causing Qin Chen's eyes to flash, thinking.

Ahead, Mu Cangwu stood with a knife, standing in the sky like a fortress, looking around coldly, locking Qin Chen.

Hum!

The Banyue Ancient Sword appeared in Qin Chen's hand, and at the same time, a pitch-black gourd appeared. One shot of the gourd, in the eyes of Mu Cangwu, one could see black and gold black spots appearing in the dark night, one, two, Three, four...

Suddenly appeared densely in pieces.

These black spots began to turn red, and there was fire and thunder on each grain, and then the breeze blew, and the flames swirled around the black spots, making whirring sounds.

"Boom!"

When these countless black spots move in the air, like raindrops, they fly by like thousands of locusts.

It is the gas-eater ant and the fire-refining worm.

After they swallowed countless thunders in the sea of thunder, they all got transformed, and the whole body burst into thunder light, like a sea of wind, fire and thunder, rushing towards the wood Cangwu.

"what?!"

There was shock in Mu Cangwu's eyes, and he slammed the sword in front of him, and a circle of pitch-black enchantment suddenly condensed, covering his entire body.

"Papa Papa..."

Countless air-eating ants and fire-refining insects landed on the barrier, shaking black ripples, these strange spirit insects were directly embedded in the barrier, and the power of thunder and lightning exploded suddenly.

"Boom!"

Thunder light was everywhere above the dark barrier, and the gas-eater ants began to frantically devour the power of the barrier.

[Chapter 2042: Surrender to this seat](#)

According to reason, this is definitely a good opportunity to kill and capture Mu Cangwu, but Qin Chen turned a deaf ear, his eyes flashed, his figure appeared before the grave, and the Banyue ancient sword spurred endless sword energy into The sword light across the sky, a sword smashed down fiercely.

"Hidden for so long, it's time to come out." Qin Chen shouted sharply.

boom!

The head of the grave exploded suddenly, revealing a rotten bone underneath. The bone was huge, about three meters long, exuding a monstrous magical energy.

"Boom!"

The head of the grave exploded, and the bones suddenly rose into the sky, and two groups of dark and cold flames suddenly emerged from the hollow pupils, staring at Qin Chen.

"Jie Jie Jie, I was discovered by you, when did the kid of the human race be so strong?"

The skeleton laughed up to the sky, making a harsh sound, and the magic sound rang through his ears, which made Qin Chen feel dizzy.

"Alien demons!"

Qin Chen stared at the other side and snorted coldly. From this skeleton, he clearly felt the aura of the alien demon. Obviously, this skeleton was an alien.

Moreover, the aura on its body is extremely ancient, somewhat similar to Mokara, apparently from the ancient times, and has been sleeping here long ago.

"Hey, you actually know that this seat is an alien demon? Boy, who are you?" Skeleton looked at Qin Chen in surprise and frowned.

"I should be the one to ask you, what exactly is this place? Could it be a residence of your alien demons in ancient times? And what happened to this Mu Cangwu?" Qin Chen snorted.

"Jie Jie Jie, at this time, you still have time to consider this. What you should consider, should be your own life and death? You should answer a few questions for this seat first. If you are in a good mood, maybe you can let You leave a whole corpse." The bones stopped laughing wildly and looked at Qin Chen coldly and said, but his sneer sounded a bit grinning, very ear-piercing.

"How did you get here through the cliff? You can't do it with this flame alone, right?" the skeleton asked in confusion.

Obviously it knew that although the Qinglian Demon Fire could prevent the devilish energy in the abyss from eroding, it could not resist the erosion of the illusion.

"You tell me what I want to know first. Maybe I am in a good mood and will answer your questions." Qin Chen sneered.

"No, control you, don't you know all the answers?"

The skeletal eyes froze, a force in the body burst out, and the surrounding space shook and became a trance.

Its body directly swelled more than half, and the decadent aura swept away, and furry hair grew on the bones.

There was even flesh and blood on his face, but it was the kind of rotten flesh and blood that became extremely ugly, and the two ears kept rising up, pulling the old man.

A powerful magical energy swirled around the body, and the faint magical power almost turned into substance, making the space become erratic, turning in a spiral direction.

"Huh? This is the body of a blood beast. Have you taken a blood beast?"

Qin Chen frowned and looked at the bones in front of him. He thought that this was a certain form of alien demon, but now he discovered that it turned out to be the corpse of a blood beast, but it was taken away by this alien demon. That's it.

What's the situation? This strange demon talent would want to seize a blood beast?

"Jie Jie Jie, good eyesight, surrender to this seat."

"boom!"

The space where the skeleton was located shook suddenly, and its entire body disappeared, leaving only a pitch black void with a little bit of pitch black magic power exuding.

"Boom!"

The next moment, Qin Chen made a huge shock on his head, and the dark night spun like a cloud, and a furry fist protruded from it.

Where the fist fell, the entire space was shaken by the force of that rotation, an indescribable force, like a meteorite falling into the ground, as if the entire sky had collapsed.

Qin Chen's expression also changed, revealing a look of shock.

He is very clear about the strength of the alien demons. Generally, they just wake up, and often they can't recover much. Like Yongye and Chiyan at the beginning, they are both high-level members of the alien demons, but after awakening, their cultivation is only in the realm of King Martial Arts. That's it.

And some stronger alien demons, such as Yan Mo, one of the four great masters of the Ji family ancestor, and the ghost master of Misty Palace, are the cultivation bases of Emperor Wu of the pinnacle.

But at this moment, the bones gave me the feeling that it was far more surpassed than the ordinary alien demon race people.

He didn't dare to be careless, his whole body suddenly turned into thunder, Ban Yue's ancient sword urged, and a sword slashed out violently.

"Boom!"

A field of sword aura gushed out, and the two forces collided, and the night rolled, shaking the wasteland!

"what?!"

The skeleton was shocked, the blood beast's physical strength was far above that of the human race, and it itself was a master of it.

The original confident blow, even with the opponent, was almost a tie!

This caused him to set off a huge wave in his heart, and it is extremely difficult to accept the reality in front of him!

Qin Chen's true essence rolled, every pore in his flesh opened, part of the alien demon power that the opponent shook into his body was directly absorbed, and the rest was discharged from the surface of the skin.

But after all, the alien demon was extremely fierce, and after a brief horror, he came back to his senses, the dark eyes condensed, and the whole figure suddenly became blurred.

"Soul Soul Wave!"

A terrifying soul power came.

"Van Shen Jue!"

"Heaven Soul Forbidden Technique!"

Qin Chen urged the two secretaries, and the soul surged rapidly, turning into an invisible barrier like a whirlpool.

boom!

The soul power of the two sides collided, and the other party was unable to break through Qin Chen's soul defense, but only caused ripples on Qin Chen's soul barrier.

But Qin Chen was so fast that he got up in the blink of an eye, and Ban Yue's ancient sword swept across, cutting the skull of the skeleton straight.

"Dead Word Sword Art!"

"what?"

Under the horror of the skeleton, the demonic energy surged, and instantly blocked in front of him, turning into a gray long stick, smashing towards the sword light.

boom!

The long stick formed by the devil qi burst into pieces directly, the sword light swept, turned into a sword domain, and frantically strangled the bones of the alien demon race.

"Who is this human race?"

The skeletons of this alien demon race were shocked, angry, and woof, his body suddenly surged with devil energy, and his body became violent again, the endless demon energy rose, and the whole body exuded an ancient prehistoric aura.

"Die to this seat!"

Boom!

A giant claw came out of the void and directly exploded the sword domain, grabbing Qin Chen's head.

Qin Chen's eyes were solemn, slightly urging the universe to make a jade disc.

Hum!

Suddenly the pupils of the skeleton widened, and a stream of light quickly fell, turning into a mighty monument, suppressed.

This is an ancient tripod, towering majestic and majestic.

It's Zhen Mo Ding!

In this uninhabited land, Qin Chen could finally release the Demon Surge Cauldron without worrying about being recognized.

[Chapter 2043: The Essence and Blood of the Holy Land Powerhouse](#)

The Demon Suppressing Cauldron appeared, the endless demon energy surged, and all magic lights were drawn out at once, and circles of dark light revolved on the cauldron, and countless runes flashed, erupting a terrifying aura that shook nine heavens and ten earth.

The body of the skeleton was shocked, and under the suppression of the Demon Surgery, the entire space was crushed, turning the world upside down, shaking the universe!

The Demon Suppression Ding is a treasure of the ancient human race, and it is specially used to suppress the masters of the alien demon. When Qin Chen was in the ancient Yu world, Qin Chen could not exert the true strength of the Sum Demon Ding. The control immediately reached an unprecedented level.

boom!

The pitch-black Demon Suppressing Cauldron spun, bursting into a bright glow, transforming into a world by itself, instantly surrounding the alien demon race, unable to move.

"Zhen Devil Cauldron, how can you have such a human treasure on your boy?"

The skeleton was shocked, roared, and his right paw protruded, like a pillar Optimus, and slammed the Demon Cauldron above that head.

"boom!"

The Demon Suppressing Cauldron revolved and pressed against the sharp claws, a black light burst out, the sharp claws split instantly, and the sister shattered and continued to collapse.

The skeleton was furious and roared: "How is it possible?"

It is actually not terrible to have the Demon Cauldron alone, what is terrible is that Qin Chen can fully release the power of the Demon Cauldron.

Its pupils were very difficult to look at, and it opened its mouth and suddenly spit out a black bead into the sky.

This black bead is completely dark, and there are streams of light swirling in it. No abnormality can be seen, but the surrounding space is slightly rippling.

Qin Chen's face sank, and a cold light burst into his eyes, "Want to go?"

Space rules suddenly emerged, and space symbols condensed between the world and the earth. Where the bones are, the space of tens of meters in radius is covered by the space rules, and it instantly condenses, as strong as an iron bucket!

The eyes of the skeleton changed color, and although shocked, there was no panic.

"Roar!"

It roared, and suddenly an invisible wave swept away, and the void around the skeleton gradually dimmed, and it was about to disappear in this void.

"Hmph, if you can go away, that's a joke."

Qin Chen sneered, wanting to escape in the hands of his ninth-level formation master?

Lifting his hand, the Tiankong Wanzhuan array was sacrificed for the first time, hum, and the light swept away, turning into a big array of heaven and earth, which completely sealed off the world, and the

Tiankong Wanzhuan array In the middle, a pitch-black bead emerged, from which several murderous dragons rushed straight to the strong bones.

This is exactly the murderous dragon swallowed from Tiandi Mountain.

"Boom boom boom..."

The murderous dragon is lifelike, and its sharp claws are many times stronger under the control of Qin Chen than in the Tiandishan formation. The dragons rushed forward like a heavenly dragon.

"Damn it!"

The master of the alien demon was extremely frightened, dripping, and its prominent pitch black beads emerged in front of it, bursting out an unprecedented pitch black light, and at the same time the aura of the alien demon rose instantly.

"Boom!"

The dark demon qi blasted through the sky, and turned into a giant, and he took it off with a palm, which contained the amazing rules of the foreign demon race, enveloping Qin Chen's body.

At the same time, a force of power escaped from the pitch-black beads, rushing out of the formation envelope, and into the body of Mu Cangwu surrounded by gas-eater ants and fire-refining insects.

"boom!"

Mu Cangwu's body was full of devilish energy, black hairs surged, and a large number of gas-devouring ants and fire-refining insects were suddenly shaken away, and his eyes were scarred towards Qin Chen.

This Mu Cangwu clearly obeyed the orders of this alien demons bones.

"It's not like taking a home, how do you control it?"

Qin Chen frowned, but didn't panic, Ban Yue's ancient sword was instantly activated by him.

Swordsmanship!

"Ding Ding Ding!"

Banyue's ancient sword shines on the sky, volley and Mu Cangwu fight together.

Mu Cangwu was holding a pitch-black sword, fiercely fierce, fighting with Ban Yue's ancient sword, and constantly approaching Qin Chen.

"Huh? Not enough?"

Qin Chen raised his hand and crackled. There was a thunder sword in his hand. It was the Sky Thunder Sword from Wind, Rain and Thunder. As soon as this sword came out, there was thunder in the heavens and the earth, and thunder raged above the ancient sword.

"Swordsmanship, go!"

call out!

The sky thunder sword turned into a thunder light, and the two ancient swords joined forces to deal with Mu Cangwu, and immediately stopped Mu Cangwu completely. Combined with the gas-eater ants and the fire-refining insects, Mu Cangwu was immediately surrounded by groups. Live, unable to approach Qin Chen at all.

After Qin Chen used the two imperial soldiers, his right hand flashed and a dark ancient sword appeared, which was a mysterious rust sword.

The mysterious rust sword came out.

Oh oh...

There seemed to be the sound of ghost crying and howling in the world, and a strange power emerged from the mysterious rust sword, which formed a special resonance with this dark world.

"Mysterious Rust Sword..."

Qin Chen was surprised and looked down. Could it be that the mysterious Rust Sword is related to this world?

But he didn't care about thinking too much, the huge claws made of bones had already come to his head, booming, the rules of the alien demons were vertical and horizontal, covering Qin Chen like they could explode the world.

"Slaying sword intent, destroy!"

Qin Chen yelled sharply, holding a mysterious rust sword, slashing out with a sword, tearing, the sky was directly torn apart a long gully, and two terrifying forces instantly collided.

"boom!"

The endless sunlight bloomed, and the huge claws protruding from the bones were suddenly in the air, unable to move, and the rules of the alien demons that were constantly escaping from it were constantly being consumed.

"Why... how do you..."

The skeleton looked at Qin Chen in shock, his eyes filled with disbelief, because it discovered that there was also a trace of the power of the rules of an alien race in the rules that Qin Chen urged, and this completely resisted its power.

"Suppress Devil, suppress!"

When the bones were shocked, the Demon Suppression Cauldron spun frantically, and the endless demon energy swept across the sky, with a bang, and immediately suppressed the bones under the Demon Suppression Cauldron, groaning in pain.

"Stay!"

Qin Chen sneered, frantically killing the power of this alien demon.

At this moment, his heart was more relaxed than ever. In order not to reveal his identity, Qin Chen had to hide his strength and means before. This time a complete outbreak, he was immediately incomparably smooth and thoughtful.

Rumble!

The Demon Suppressing Cauldron combined with the Tian Control Ten Thousand Revolving Array, completely suppressed the bones below, and killed them a little bit. Qin Chen did not want to kill this alien demon directly, but wanted to capture it and obtain this ancient demon land from it. Secrets in.

"If you want to capture this seat, you human race kid really dare to think, do you think this seat has only this means?"

This skeleton roared, unable to stand up even under the suppression of the Summoning Demon Cauldron. It raised its head, and an invisible force instantly wrapped the black beads it had just vomited.

"Snapped!"

The black beads split, and a drop of black blood appeared between the heaven and the earth.

"Kid Qin Chen, be careful, this is the blood of a strong Saint Realm."

In the jade disc of good fortune in the universe, Lao Yuan suddenly exclaimed, his voice rumbling, with shock.

[Chapter 2044: Lao Yuan makes another move](#)

The essence and blood of the strong man in the holy realm?

Qin Chen shook wildly.

How is this possible?

The Saint Realm powerhouse has always been a legend in the Tianwu Continent, but now, the essence of the Saint Realm powerhouse actually appeared.

Qin Chen stared at it with all his might.

"Om!"

As soon as this black blood appeared, an aura that frightened the ancients and wildness suddenly filled out. At this moment, Qin Chen seemed to see an ancient demon head standing proudly, looking down at him from an endless height.

This is a Demon Venerable, too tall, majestic, towering in the sky, and the escaping breath caused Qin Chen's blood to flow back and his bones creaked.

"Crack!"

The aura escaping from the black blood was strong and outrageous, directly causing the void to oscillate, and the large array formed by the Tiankong Wanzhuan array instantly cracked.

This was just a drop of blood, so strong that Qin Chen couldn't bear it.

"Come!"

I saw that the skeleton's eyes flickered, its mouth opened, and the blood was swallowed into its abdomen suddenly, and a monstrous black flame erupted from its body. With a bang, the Demon Suppressing Cauldron that was originally suppressed on its head was instantly shaken. Up.

"Boy, wait for death."

The bones roared, but there was endless pain in the voice. It obviously swallowed the dark blood, and its state was not very good. Its soul fluctuated violently, and it was in an extremely unstable state.

"boom!"

It got out of trouble like a dragon, and slew out from the surrounding of Tiankong Wanzhuan.

"Old source!"

Qin Chen roared and suddenly released a jade disc of good fortune!

"Roar!"

Only heard the roar of shocking heaven and earth, and boom, a huge monster appeared between heaven and earth. The blood-colored monster was huge and appeared in heaven and earth instantly. It was the old source, the claws containing endless killing intent, suddenly protruding out .

Boom!

The sharp claws between the two monsters collided like thunder from the sky and the earth, and the void exploded directly in the explosion, the black gravel on the ground splashed, and the two monsters flew out.

"Genesis Beast, how could there be a Genesis Beast here?" The alien demon race was very proud before. At this moment, his mind was shocked and his body shook wildly.

This time, it really panicked.

The source beasts are naturally raised in the alien demon continent, and the supreme existence is equivalent to the level of the demon master. Once stared by such a master, it is fatal to any alien demon race.

"Boy Qin Chen, this alien demon race has suffered heavy injuries, and now he has not recovered from his injuries, and the Holy Realm blood has a limited time. As long as the blood in his body is exhausted, he can be easily captured." Lao Yuan's urn said angrily, the blood-colored body was huge, fighting with the alien demon.

Boom boom boom!

The battle between the two sides turned out to be evenly matched, and no one can do anything about it.

"No, the strength of this source beast is not at its peak? Moreover, this drop of essence and blood obtained by this seat has a suppressive effect on the source beast."

Under the fear of the alien demons, he clearly felt the strength of Lao Yuan, which did not seem to match the strength of the legendary Yuan Beast.

Otherwise, with the terrifying strength of the source beast, it can be killed with a single blow.

"Yes, that lord is not from the alien demon continent, but from that place. In that case, this seat still has a chance."

"boom!"

It made a strong move to suppress Lao Yuan, and at the same time was ecstatic.

The source beast is a nightmare for the alien demons, and it is also an opportunity.

"Hahaha, God helped me. I have been trapped here for countless years and have been unable to heal. Now there is a source beast sent to the door. As long as this source beast is killed, it consumes the source beast essence and origin in its body. The cultivation base of this seat can definitely be restored to its peak in one fell swoop. At that time...maybe this seat can fulfill the long-cherished wish that Lord Demon Lord failed to fulfill."

This alien demon race was extremely ecstatic, booming, it had a hideous face, countless demon energy burst out of its body, with monstrous blood, swept across in an instant.

"Hehe, a mere devil, dare to resist in front of the old man." Lao Yuan was surprised, and immediately sneered and killed.

Boom!

Bleeding light bloomed on it, turned into an endless force of rules to suppress it.

This piece of heaven and earth is very magical. Although it is located in the Tianwu Continent, it has formed a unique world, full of demonic energy, without any suppression of it. This is why Qin Chen released it. Here, it Can't feel the suppression of the Tiandao in Tianwu Continent, and can move freely.

However, Lao Yuan was also puzzled.

Originally, it thought that this Fang Tiandi would be like the continent in the Guyu Realm, belonging to the place where the Alien Demon Continent and the Tianwu Continent meet, so it did not suppress it.

But when it came out, I was surprised to find that it was not so. This was an independent world, not the Tianwu Continent, nor the Alien Demon Continent.

"boom!"

When Lao Yuan collided with the power of this alien race, Lao Yuan was surprised.

"This sacred blood does not come from the demon master of the alien demon race? What a weird blood, it has a huge suppressing power on me?"

Lao Yuan was shocked.

The strength of the alien demon in front of them is not strong, but the power of the blood on it actually suppresses itself, but it is a source beast born in the alien demon continent, how can this be possible?

"boom!"

The two sides fought wildly together.

"Ok?"

After Lao Yuan appeared, Qin Chen let out a sigh of relief, but at this moment, he was surprised.

Lao Yuan couldn't win the opponent for a while.

How is this possible?

Lao Yuan was sealed and suppressed for countless tens of thousands of years. Although his cultivation base was greatly damaged, his essence was a holy realm master, and he would not be able to take a stranger.

Although the alien demon in front of him was powerful, Qin Chen could feel that the opponent was not a master master of the alien demon race, at most, he was a high-ranking demon king who was like Mokara.

"It was the drop of blood on that guy that suppressed Lao Yuan."

Qin Chen glanced at it and saw the clues, and couldn't help being more surprised.

Only a drop of blood that has been preserved for countless years can suppress Lao Yuan. Who is the owner of this blood?

I was shocked in my heart, but the movements in his hand kept moving, booming, the thunder bloodline was released to the extreme, Qin Chen instantly turned into a thunder light, holding a mysterious rust sword, and killing him instantly.

"Hahaha, Human Race boy, you actually came to join in the fun, kill you first."

The alien demon tribe's face was distorted and painful under that terrible increase in essence and blood. He was overjoyed when he saw Qin Chen coming over.

The power contained in this blood is too strong, so powerful that it can hardly hold on anymore, but if Qin Chen is killed and Qin Chen's blood is swallowed, it will be able to last longer.

"Boom!"

A pitch-black palm suddenly rumbling over.

With this palm, the void of Qin Chen's body was solidified, as if facing an invincible giant, who was about to be crushed into powder by a palm, the terrible pressure made Qin Chen's heart trembled.

After swallowing that drop of essence and blood, the strength of this alien demon race has skyrocketed several times, at least touching the threshold of the Holy Realm.

[Chapter 2045: The mysterious rust sword shows off](#)

At the critical moment, Qin Chen's heart was shocked, and he couldn't care about anything else, and violently spurred the mysterious rust sword to ignite the mysterious force in the mysterious rust sword.

Hum!

The mysterious rust sword revived in an instant, and a dazzling black light bloomed on the sword, and a terrifying force burst out and emerged from it. And this time, after activating the mysterious rust sword, Qin Chen didn't control his mind. Instead, the mysterious rust sword trembled violently, as if he had sensed something that made him extremely excited, and even brought Qin Chen a sword towards the giant palm. Chopped off

.

With a chuckle, the sword light flashed, and the palm of the alien demon, like a hill, was suddenly cut off by a sword and twisted into nothingness.

Zi Zi Zi! And the severed palm burst into pieces, and a trace of pitch black aura escaped. It was the trace of power contained in that drop of holy blood. The mysterious rust sword bloomed with black light, and that trace of power was involuntary. Of being attracted,

Then it was completely swallowed by the mysterious Rust Sword.

This sudden scene made Qin Chen stunned.

The Holy Realm Essence and Blood had a restraining effect on Lao Yuan, but the mysterious Rust Sword actually had a greater restraining effect on the Holy Realm Essence and Blood. After swallowing a trace of the power of the essence and blood, a strong desire reappeared in the mysterious rust sword, like a person who had been hungry for countless days, seeing a table full of people, buzzing and trembling, about to move, and constantly released to Qin Chen Information

, Want to swallow that blood.

The mysterious rust sword is too mysterious. It almost killed Qin Chen several times, but this time, it was as meek as a cat, urging Qin Chen to kill with it.

If it were other times, Qin Chen might still be a little afraid, but at this time, Qin Chen couldn't care much about it.

Nourish!

He was like lightning, rushing to the alien demon, and quickly swung the mysterious rust sword. Puff puff puff, the sword light surged, I saw Qin Chen like cutting melons and vegetables, every time the mysterious rust sword fell, the alien demon would be cut off a section of his body, under the power of the mysterious rust sword , The alien demons have no resistance, huge

His body was cut piece by piece.

"Ah, it's impossible, how is this possible, this is the blood of that adult, how could it be swallowed..."

A stern roar sounded, the alien demon race's face surged with horror, looking at the continuously being cut body, furious, he wanted to retreat in a hurry.

But it was too late.

Boom!

Lao Yuan rushed forward and suppressed it to death, unable to escape at all.

Hum!

At the same time, the Suppression Demon Cauldron spun down and suppressed the alien demon underneath along with Lao Yuan.

call out! After devouring a lot of blood and essence, the mysterious rust sword finally couldn't help but pierced into the chest of the alien demon with a chuckle. The alien demon suddenly wilted at a speed visible to the naked eye. The monstrous flesh dries quickly

Withered, a trace of black silk thread containing the original aura was quickly swallowed into the mysterious rust sword, it was the previous drop of terrible blood.

"No, you can't let the mysterious rust sword kill this alien demon."

Qin Chen's expression changed. He finally found a stranger who might understand this place. How could he let this stranger die directly under the mysterious rust sword? If this person dies, where would he find it? Other people ask to go?

The mysterious Rust Sword seemed to know Qin Chen's mind for a lifetime. After completely swallowing the blood, it did not continue to swallow the soul of the alien demon race, but quickly retracted, buzzing and trembling in the void.

Streams of light bloomed on the mysterious rust sword, as if some kind of transformation was taking place.

Upon seeing this, Qin Chen immediately grabbed the alien demon and quickly brought him into the Universe Jade Plate.

In the jade disc of good fortune.

Qin Chen squeezed his hand tactics quickly, and invisible soul power spread out, enveloping the alien demon race.

"What do you want to do?"

The other party roared and looked at Qin Chen in anger. It struggled to resist, but how could it resist Qin Chen in this jade disc of good fortune of heaven and earth, and watched Qin Chen's spirit power, seeping into its mind little by little .

"You actually want to search my soul?"

This alien demons instantly understood Qin Chen's thoughts, and was stunned for an instant.

A human race wants to search for the soul of a strange demons, what's the joke?

Boom boom boom! It fought desperately, but the next moment Lao Yuan also appeared in this Universe Jade Plate with Mu Cangwu. Under Lao Yuan's suppression, Mu Cangwu struggled desperately, but to no avail, he was quickly suppressed by the force of a rule. This jade disc

in.

"Kid Qin Chen, do you want to search for the soul of this alien demon? I will help you."

Lao Yuan obviously understood Qin Chen's thoughts, and with a thought, the power of the source beast burst out, and an invisible force suddenly poured into the mind of this alien demon race.

This alien demon race stopped moving instantly, and his soul fell into confusion.

Qin Chen took a deep breath, and the Heavenly Soul forbidden technique was used. A series of dazzling soul charms lingered around him, quickly turning into a halo, winding around the alien demon, and beginning to seep into its soul.

Then, Qin Chen's mind appeared one after another.

It is some memories in the mind of this alien demon.

"Successful."

Qin Chen was overjoyed and began to read the memory in the mind of this alien demon little by little to understand the origin of this ancient demon land.

The pictures passed by, Qin Chen's body gradually trembled, his face turned pale, and his soul surged violently.

It is too difficult to search for a high-ranking demon of a foreign demon race, even with Qin Chen's current soul strength, coupled with the help of Qiankun's good fortune jade plate and Lao Yuan, it is not an easy task.

Time passed, after about a stick of incense, Qin Chen spouted a mouthful of blood.

His eyes opened, his eyes were full of endless horror, as if he had seen some terrifying event, his body was trembling slightly.

"It turns out that there is still such a secret in the birth of the Sea of Thunder, the powerhouse of the heavens... it turned out to be like this."

Qin Chen murmured in amazement, his face turned pale, blood was constantly overflowing from the corner of his mouth, and his mind was dizzy.

This is a sequelae of forcibly searching for the soul of a strong man whose soul surpasses himself.

"Lao Yuan, this guy will leave it to you."

After a long while, Qin Chen barely recovered from the shock. He quickly said a word, then took out a few pills, swallowed it all at once, cross-legged in the jade plate of good fortune, and quickly healed.

But Lao Yuan swallowed the alien demon in one bite.

Such an ancient alien demon was obviously a huge tonic for Lao Yuan, as long as it swallowed its power, Lao Yuan's cultivation base would surely be able to recover that little bit again. While Qin Chen's body was healing, the avatar Qin Mo and Feng Kang'an had also arrived in front of the three fork roads, staring at the three fork roads in front of him, showing a deep thought.

[Chapter 2046: Second fork](#)

He hesitated slightly, and immediately chose the second path in the middle, and quickly rushed in.

Not long after Qin Mo disappeared at the end of the road, another figure fell in front of the three fork roads.

This person was wearing a black robe, his appearance was cover-up, and there was a faint demonic energy lingering on his body, giving people the feeling of a purgatory demon, exuding a cold air.

The person here is Chen Sisi. Sovereign Illusory Demon Sovereign asked Chen Sisi to come to the Sea of Thunder to allow Chen Sisi to suppress the demon energy absorbed in the Demon Abyss, but who ever thought that because of the abnormal changes in the Sea of Thunder, Chen Sisi did not suppress the demon energy, but instead In vivo

The devilish energy became stronger and stronger.

"The breath that attracts me seems to be the road in the middle."

Chen Sisi murmured, and the back figure she had seen before appeared in her mind again.

Although she was certain that Qin Chen had fallen, she didn't know why, she would always think of that figure, as if Qin Chen was here.

"Is that really just an illusion before?"

Chen Sisi shook her head bitterly, and she felt like she was going to go crazy.

"call!"

With a flicker, Chen Sisi quickly flew towards the fork in the middle.

This middle fork road was different from the first fork road Qin Chen took. After Qin Mo flew on this fork road for a while, he did not encounter any danger. After a while, a desolate scene like a ruined wall appeared in front of him.

Looking around, there is a wasteland-like dark world ahead, and in this wasteland, there are broken pillars, a thin layer of black magic mist haunting the surroundings, releasing a faint breath of danger.

"Ok?"

Qin Mo suddenly stopped, and saw a few corpses lying in front of the Demon Qi Pillar, and his whole body was sucked into dry corpses, looking terrified.

"It's some of the Celestial Thunder City masters who broke into the space seal before." Seeing these corpses, Feng Kangan even whispered, with a look on his face.

"In that case, the people who came here first in Tianlei City have all entered the big formation in front of you?"

The demonic energy was rising in front, Qin Mo's eyes flashed, and he could easily distinguish it. This seemed to be a certain kind of forbidden formation.

Then, he came to these corpses and carefully distinguished, only to see that these corpses seemed to have touched some kind of organ, and they were absorbed by the devil energy, which caused the blood in the body to flow away and turn into dry corpses.

"It seems that this devilish array is very dangerous, so you have to be careful."

"Come with me." Mo Qin shook his body and took Feng Kang'an into the demon qi formation instantly. The calm devil qi suddenly surging as if disturbed, but Mo Qin was not afraid, he closed his eyes and clearly felt the surge of these devilish energy

Moving route.

"It's too clear." Qin Mo was shocked. In his perception, after the entire demon energy formation was activated, any changes in his mind were clearly presented. The feeling was very beautiful, like a fish swimming. Wandering in the rapids, that terrible rapids

For fish, it is like walking on the ground.

And Qin Mo is the fish in this devilish formation.

"It's no wonder that the parasitic seed can be called the sacred object of the alien demons. The legendary perfect demonized physique is really terrifying."

Qin Mo sighed, relying on his perfect demonized physique and his attainments in formation and restraint, the dangerous array of demon energy in front of Qin Mo was simply flat on the ground, nothing to say.

When Qin Mo moved forward quickly in the devilish array.

Whoosh!

Chen Sisi also came before the devilish array.

"Ok?"

She also saw the corpse on the ground at first glance, and was shocked.

"These guys are all giant Wudi."

When Chen Sisi felt the breath of the fallen people, he was even more shocked. The giant Wudi, any power in the mainland can be called a top powerhouse, why a few people appeared here all at once.

Suddenly, Chen Sisi's pupils contracted and his face was solemn.

"No, someone came just now and turned over the bodies of these people."

Chen Sisi took a deep breath. Although Qin Mo was very careful, he did not hide his whereabouts, and Chen Sisi immediately sensed something was wrong.

She moved forward slightly, sensing the remaining breath of Qin Mo, and she was shocked: "What a perfect devil, is it an alien from the Misty Palace? But why does this breath give me such a familiar feeling? as if....."

Chen Sisi murmured, feeling confused.

"It doesn't matter, the breath that attracted me, after the demon qi formation, there is no misfortune, you can only find out, if it is really a foreign demon... then..."

Chen Sisi suddenly shot a group of sharp lights in her eyes, bursting out with terrifying murderous intent, and her figure swayed, and she suddenly entered the big formation.

When Chen Sisi and others entered the big formation.

Outside the space seal in the sea of thunder, a powerful man has already arrived here.

"Sure enough, there are mysterious spaces and treasures."

Seeing the space seal that appeared in the dead place of Leihai, everyone was ecstatic.

The terrible breath escaping from the space seal made everyone excited and their bodies trembling.

Moreover, the faint trace of the holy crystal radiated from the space seal made everyone almost crazy.

"Hmph, the top forces in Sky Thunder City are really despicable. There are treasures here, but they only know how to hide them. Fortunately, this news is known to us."

"Hahaha, the holy crystal is actually a holy crystal. If the emperor gets one, the emperor will not be able to break through the holy realm, but it will be easy for the emperor to step into the peak." "Lei Hai is dead in this forbidden land, this seat is still The first time I came here, with the strength of this seat, it was almost impossible to break into this place. This time, thanks to the great forces of Tianlei City, such a channel was created to allow this seat to pass thunder.

The sea is dead, and a safe area has been opened up here, hehehe, it's God's help. "

Whoosh whoosh!

All the Tianlei City powerhouses who came outside the space seal were ecstatic without any pause, like locusts, they plunged into the passage opened by the space seal.

With such a good opportunity, they can't let other people take the lead.

It was like dumplings for a while, and thousands of warriors broke into the space seal in the blink of an eye.

Bang bang bang.

These days, as soon as the Leicheng master entered the space seal, he was taken to this black continent, and he immediately slammed on the ground one by one, making a bang, and various groans were endless.

Some people have weaker cultivation bases. After falling on a hard ground, they broke their arms directly, causing unbearable pain and howling. What's more, some martial emperors, with good luck, passed through the teleportation channel established by Misty Palace and fell into the Thunder Sea. As a result, they fell down here in a wrong posture, their heads were down, and they suddenly fell their heads. It bursts like a bursting watermelon.

[Chapter 2047: The walking dead](#)

hiss!

The other warriors who saw this scene were extremely shocked and gasped.

How hard is this place? It is almost unheard of to let a Wuhuang strong man fall here abruptly and die here.

And, what about the palace that I saw outside before? Where are the countless holy crystals? Why is there nothing?

In the world, there is only the dark ground and the desolate wilderness, giving people a gloomy feeling.

At this time everyone became scared.

"Here... doesn't it look like there is a holy crystal?"

"What the **** is this place?"

"Could it be an ancient mystery?"

"Or is the news spread in Tianlei City a trap deliberately spread by a certain force?"

Some people randomly teleported to each other, and suddenly looked at each other, and subconsciously leaned together.

Because this world gives them a very uncomfortable feeling. "Don't think about it so much, maybe, the holy crystal is in the depths of this heaven and earth, you think, if there is a holy crystal here, you can find it directly. The top powers in Tianlei City are so much earlier than us. Come here, there will be treasures here

Is our share? "

"That's true, hehe, even if this is an unopened secret realm, full of dangers, what about it? So many of us, wouldn't it be possible to fall here?"

"Hahaha, I would expect this to be a new dangerous secret realm. After all, the land reclamation of a secret realm is the richest."

When the word "open up wasteland" came out, it drew everyone's ecstasy, and their hearts throbbed.

Tianwu Continent has a long history, especially in the Martial Domain, there are often treasures and secrets left over from ancient times.

These secret realms are strong or weak, but there is no doubt that when a brand new secret realm appears, the first batch of people who break into the secret realm often gain the most, and this group of people will be called wasteland pioneers.

News from the Tianwu Continent often comes out, that someone has entered a secret realm that has never been discovered before, and the result is huge. When he comes out, he is already a well-known expert in the mainland.

This kind of adventure has naturally aroused envy and envy of countless people.

Now that they have this opportunity, how can they not be ecstatic in their hearts?

"I can't get out anyway, and I don't know where the exit is. Why don't you join hands and help each other in the same boat?"

A strong man said with a smile.

Immediately attracted the approval of everyone around. It's just that the sound of approval hasn't completely subsided, "Ah", suddenly a scream came, and I saw a martial artist who had been excited before, suddenly went crazy for some reason, his eyes were dull, and he directly raised his weapon and turned towards the surroundings. Other people chop up

.

"Wei Yong, what are you doing?"

Someone recognized the strong man and said angrily.

But the strong man called Wei Yong continued to kill frantically, as if turning a deaf ear.

The other people's expressions sank and they all raised their weapons, just as they were about to join forces to suppress Wei Yong. Suddenly a few others looked dull, and then madly killed their surrounding partners.

Everyone was shocked at this moment, and each one was angry.

What happened to this?

They kept screaming, trying to awaken those crazy people from their madness, but instead of the other side being awake, as time passed, more and more people fell into a mad state.

"There is a devil, there is a devil here."

"Run!"

In panic, the others felt chills all over their bodies, with cold air rushing directly on top of their heads, each of their cold hairs stood up, their minds trembled, and they fled madly in all directions.

But they ran, their eyes gradually lost, and then fell into madness, one by one unconsciously waving their weapons, frantically fighting.

Not only here.

In other places in the ancient magic land, as long as the warriors of the Thunder City who broke into this place first, they all fell into madness, and only a few strong people with special flames reacted in time to escape.

"Ghost! Ghost!"

One of the alchemists held the blood fire, and under the shining of the blood fire, he saw a group of dark shadows lying on the back of a warrior in front of him, as if sucking blood, with his head resting on the

neck of the warrior. , Trembling slightly. This scene is creepy, he was shocked and was about to flee here in a hurry, but as soon as he turned his head, he saw a dark red shadow already attached to his face, close at hand. , Not even afraid of him

Blood fire in the hand.

The blood-red shadow suddenly broke into the body of this warrior, the warrior suddenly screamed, and then his expression became sullen, his body exuded a cold and cold aura, and thin black lines grew on his arms. Fluff. And as the dark red black shadow occupied this person's body, the surrounding martial artists who were controlled by the black shadow also stopped going crazy, their faces became dull, and they followed behind this martial artist one after another, slowly facing The deep sluggishness of the ancient magic land

To go.

Such as the yin soldiers crossing the border, the air is very cold.

This scene is also happening crazily in the rest of the ancient magic land, but no one from the outside world knows, and they still rush into this space seal crazily.

In a short moment, tens of thousands of controlled warriors appeared in the ancient magic land, sluggishly walking towards the depths of the ancient magic land, like walking corpses.

Outside the space seal, at this moment the **** cat and others finally arrived.

"This is it."

Standing outside the space seal, everyone looked at the space seal dignifiedly and took a breath of air. The holy crystal and the treasure hall presented in this space seal, as well as the breath that escaped, made everyone change color.

"Holy crystal, there really is a holy crystal."

Fu Qiankun murmured, his tone also excited.

He has been tortured by the Misty Palace for more than two hundred years, and his injuries have not healed up to now. It takes a lot of effort to heal completely, but if he can get the legendary sacred crystal, then everything is nothing. .

With the strength of the holy crystal, he can easily heal his injuries and step into a deeper realm.

"Boom!"

His heart beats fiercely.

"Hmph, you are also a small master, you were actually fooled by this little blindfold, it's ridiculous."

A sneer sounded, the **** cat hiding in the dark sneer.

Fu Qiankun's expression changed, "Blindfold? Are you saying these holy crystals are fake?"

Think about it, if these sacred crystals are real, the Misty Palace has already enjoyed it by themselves, why should the news be spread? This is not in line with common sense.

Fu Qiankun's eyes dimmed suddenly, showing disappointment. "It can't be said to be fake." The **** cat dignified and muttered: "The space seal in front of me, I can't even see through the master cat. It is definitely not something ordinary people can make, but this holy crystal, On the surface, it appears to be inside the seal. In fact, this is a projection array that projects scenes elsewhere on the space seal. In other words, if we enter this space seal now, it is impossible to directly see the holy crystal. But in this seal, it is very likely that there is a holy crystal."

[Chapter 2048: Polar Mirror Dandi](#)

"Huh!"

Fu Qiankun's breathing became heavy again.

The words of the **** cat are obviously saying that there is indeed a holy crystal in this space seal, but it is somewhere else.

"It doesn't matter, whether this holy crystal is true or not, now that kid Qin Chen is inside, let's just walk around and see what the **** is going on in Misty Palace?"

Fu Qiankun snorted coldly.

Anyway, they were here to rescue Qin Chen and destroy the Misty Palace plan, no matter whether the holy crystal was true or not, they would break into this space channel. "You guys are following me. This space channel seems to be just an entrance. In fact, the space power in it is very chaotic. It is likely to be a random channel. If you are separated farther, it is likely to be Send each other to different places. "

The **** cat gave a low voice, and from the beginning to the end, it was just hidden in the void and did not really appear.

Whoosh whoosh!

Streams of light flickered, and under the leadership of the **** cat, everyone followed the rest of the strong team that arrived, rushing into the space channel one after another.

Hum!

Under the space channel flash, the group of people disappeared instantly.

"Ok?"

When Fu Qiankun and the others entered the passage, in a thunder sea death place thousands of miles away, an old man jumped his eyes and hurriedly glanced at the passage.

In front of him, there was a compass. When Fu Qiankun and the others entered the passage, the compass jumped abruptly.

"The spirit exploration compass suddenly jumped a moment ago. Could it be that someone broke in?"

The old man's eyelids jumped wildly, and it was Yuan Tianhuan from the Fighting Club.

He obeyed Shangguan Xi'er's order and waited here, using the Spirit Detecting Compass to detect the strong who entered the space seal.

Although the Lady Empress said to attract all the strong people in the Tianlei City and Leizhou, and even the Wuyu Second Layer, she still needs to pay great attention to the truly terrible masters so as not to cause omissions in the plan.

"Yuan Tianhuan, what did you find?"

At this time, an indifferent voice sounded, and a figure instantly fell beside Yuan Tianhuan. It was Shangguan Gufeng who asked indifferently.

She was sent to sit here to avoid any accidents.

"Meeting Master Gufeng, Shangguan, the compass for exploring the spirit jumped suddenly just now, so the subordinate..." Yuan Tianhuan said hurriedly.

"Oh?" Shangguan Gu Feng frowned.

The master who can make the Spirit Detecting Compass jump is at least the pinnacle Wudi. After all, in the eyes of Shangguan Gufeng and the others, the giant Wudi is nothing, only the pinnacle Wudi can make them pay attention.

"Who is it, have you ever seen clearly."

"This....."

Yuan Tianhuan sweated coldly on his forehead, and said with trepidation: "The subordinates did not notice anything abnormal."

It was true. He had paid great attention to the entrance before, and he was not distracted at all, but he did not see any noteworthy people appearing.

With Fu Qiankun, Mokara and others, deliberately concealing the cultivation base, how could Yuan Tianhuan discover it.

But Shangguan Gufeng's gaze condensed, and a cold killing intent came: "Are you sure you haven't found anything abnormal? It's not that you are lazy?"

"The subordinate did not find anything unusual."

Yuan Tianhuan was trembling, sweat oozing out, and his clothes soaked. In front of Shangguan Gufeng, he felt an unprecedented suppression. He only felt that his heart was beating wildly and he was about to die.

And at this moment.

The Detective Compass jumped again, attracting Shangguan Gufeng's attention.

Boom!

I saw a horrible breath appeared at the passageway.

This is an old man with gray beard and indifferent eyes, staring at the passage in front of him, showing shock.

Shangguan Gufeng suddenly showed a look of shock, "Pill Pavilion's Polar Mirror Pill Emperor, how is this possible?"

She felt a little shock. Pill Emperor Pill is the veteran Taishang elder of Pill Pavilion. Now the senior brother of Pill Pavilion Master has been a master-level expert of Pill Emperor more than 300 years ago. In the past 100 years, he has long disappeared. The slightest news is rumored already

Huadao fell.

But never thought, I saw it here.

"Pill Pavilion is separated from the Sea of Thunder by a heavy sky. I heard the news from Pill Pavilion and came here. Even if it is a master like Pill Emperor Pill, it is impossible to do it without ten days. How did he come here?"

Shangguan Gufeng frowned.

The appearance of Emperor Ji Jing Dan exceeded her expectations.

"Sheng Jing, it turned out to be true?"

Outside the space seal, Emperor Jijing Dan looked at the passage in front of him, and his eyes were shocked. Suddenly, he seemed to sense something and turned his head quickly.

"Hahaha!"

A loud laughter sounded, and another figure appeared. This was a powerful and powerful man walking in the thunder, like a demon.

Around him, there is a dragon gas emerging, like a real dragon roaring, mighty and majestic.

Shangguan Gufeng was shocked again: "Long Batian, the ancestor of the Long Family, he has also arrived."

"Senior Pill Emperor Jijing, I didn't expect that the senior came here in person." Seeing Pill Emperor Jijing, Long Batian was slightly startled, and laughed, with a hint of respect in his tone. Although Long Batian is the ancestor of the Long Family and the ruler of the mainland's top powers, Emperor Jijing Dan became famous too early. At that time, Qin Chen was the famous Dan Emperor on the mainland, and even the current Dan Pavilion Lord. Brother, regardless of this identity

Wherever it goes, it is enough to make people jealous.

"It has long been heard that the Dragon Family Dragon Ba Tianqing is from blue, and the iron barrels run by the Long Family have been cultivated to the unprecedented ninth level of the Dragon Family Destroying True Dragon Art. He is a genius that has not been produced for thousands of years. in this way."

Emperor Ji Jing stared at Long Aotian, smiled and said, Long Batian's body and dragon spirit were agitated, and he excluded all the thunder in this sea of thunder. This level of cultivation should not be

underestimated. "Senior Pill Emperor Jijing laughed. Not long ago, I was hit hard by the Long Family. What a genius that hasn't been born for ten thousand years is really a lie by outsiders." Long Batian waved his hand, not caring. Like, he, the ancestor of the Long family, always dominates

Dao Zhizhi, in front of Emperor Jijing Dan, he looked like a junior.

Ji Jing Dandi smiled, don't look at the ancestors of the Long Family so harmonious, if you really regard him as a good talker, it would be too naive.

The Long Family has always had a reputation for domineering in the Martial Domain, but this is a master who doesn't hesitate to start his hands.

The arrival of these two people immediately caused many Tianlei City powerhouses who came through the passage to tremble.

The ancestor of the Wuyu Long Family, the Pill Pavilion Pill Emperor Dan?

Damn, how come these two great powers come here. Sure enough, after the arrival of Dragon Batian, he directly probed his hand and boomed. Before the Emperor Wu of the Thunder City could react, he was photographed by a huge dragon claw. The chaotic dragon claw shook, surging surging, and exuding eternal wisdom. Wei.

[Chapter 2049: Ancient Fog Hidden Gate](#)

"Senior forgive me."

The Emperor Wudi of Leicheng struggled violently that day, but he couldn't move under the awe of Long Batian. The powerful emperor of Leicheng was like a quail and was firmly captured.

"Hehe, Long Batian, shooting at a junior, is it a bit too much?"

At this time, another chuckle sounded. The laughter was far away, but very close. The next moment, a misty figure came out of the void.

This is obviously another pinnacle martial emperor master, walking in the void, his figure is dim, as if it does not exist in this space, it is just a phantom, unable to distinguish the true body's position.

"Chu Huahan, I do it, do you want to discipline?" Long Batian suddenly sneered when he saw the person coming.

"Chu Huahan? Fog Hidden Gate ancestor!"

All the Tianlei City powerhouses present opened their mouths wide in shock, and their eyes were almost bursting, like two huge pomegranates.

Fog Hidden Gate, this is another top-level power. The news of the holy crystal in the Thunder Sea attracted so many experts to come, shocking their hearts, feeling unprecedented shocks, and feeling heavy in their hearts.

With so many masters here, is there any hope for them?

Don't talk about them, even the top powers of Sky Thunder City will have a headache and be anxious.

Regardless of Tianlei City's position in the Martial Domain, the strong are like clouds, especially the top powers such as the Sky Excursion Club and the Fighting Club. They are all peak martial emperors and have a prestigious reputation.

But compared with the ancestors of the continent's top powers such as Dan Pavilion, Wuyu Long Family, and Wuyinmen, at least in terms of reputation, at least one level is inferior, and there is a certain gap.

If the forces such as the Tianxunhui and Wuwuhui are downhill tigers, then the Dange and other forces are the crossing river Raptors, which should not be underestimated.

Not only the powerhouses of Thunder City in these days, but also Shangguan Gufeng in the distance was also taken aback and felt bad.

"This is a big deal, and the wind released by the Lord Palace has attracted so many predators."

Shangguan Gufeng frowned, she couldn't understand how the people like Emperor Jijing Dan came here.

After being stunned by Long Batian, Chu Huahan was not angry, but just smiled and said: "Dong Batian, how can the old man have the qualifications to discipline you, your dragon family is majestic and powerful, and the old man dare not discipline you."

"Humph."

Long Batian snorted, but did not continue to speak, but began to ask Emperor Wu of Leicheng that day about the seal of this space.

The Emperor Wu naturally knew everything in the face of the inquiry, and was frightened.

But there was Long Batian and others guarding here, and the many masters of Tianlei City were all trembling, and the space sealed passage was suddenly empty. No one dared to break through, all waiting for Long Batian and others' decision.

"This is troublesome. The top powers such as Pill Pavilion, Long Family, and Wuyinmen are all here. I am afraid it is a big trouble for us."

Mo Li was hidden in the crowd. He was about to rush into the seal of the space, but now he didn't dare to do anything. He could only wait anxiously on the side, his expression gloomy.

The powerhouse of the mainland's top power, just a title, can make people full of pressure, none of these masters is a friendly master.

"Hehe, that may not be true."

Chiyan Demon Lord chuckled aside, showing a thoughtful look.

Mo Li couldn't help but look at it in doubt: "Master Chi Yan, what's the answer?" Demon Lord Chi Yan flashed his eyes, and muttered: "This time the space seal, if this seat is correct, there must be the shadow of Misty Palace behind it, obviously is a trap set by the Misty Palace. If Misty Palace really intervenes, we want to start

It is extremely difficult for the palace hand to grab food from the mouth of a tiger, but now I have joined these guys, so I can take the opportunity to fish in troubled waters, maybe there will be unexpected gains. "

Mo Li's eyes flashed, showing excitement, how could he forget this?

Their strength is in the hands of all the masters who have entered the space seal, and cannot be regarded as the top. If they can fish in troubled waters, they will definitely have greater gains.

"Master Chi Yan is really clever."

Mo Li immediately became excited.

"Senior Pill Emperor Pill, what do you think?"

After Long Batian inquired about Emperor Wu, he immediately threw that Emperor Wu aside, as if throwing away a piece of rubbish, and looked at Emperor Jijing Dan.

From the words of Emperor Wu, they also knew what happened.

I also learned that many top powerhouses in Tianlei City, I am afraid that they have already entered this space seal many days before they arrived, and they are not in a hurry.

"The passage here should be deliberately done by a certain force, and the news should also be spread by a certain force." Emperor Jijing Dan carefully stared at the space seal and the passage outside the seal for a long time before he thought.

Shangguan Gufeng in the distance suddenly had a heartbeat and his eyes flashed wildly. Could this old thing see anything?

Long Batian's eyes flashed and he laughed: "Haha, Senior Pill Emperor Pill and Long have the same views."

With their cultivation base, it is natural to see that the passage directly transmitted from the periphery of the Thunder Sea to the Dead Sea of Thunder is not a natural formation, but has artificial traces.

However, they couldn't see through the space seal in front of them.

Long Batian smiled and said: "I don't know what the older Emperor Pill of the Polar Mirror thinks of?"

"What do you want to do so much? Although there are traces of artificial excavation in this passage, the seal of this space is extraordinary. Can be created by a certain force in the non-self martial arts domain, especially the holy escaping from the space seal

The crystal breath is not vain, can it be that Long Batian can't stand it? Chu Huahan sneered.

"Two, if you want to study, then continue to study, but Chu has to go one step ahead."

Chu Huahan's eyes flashed, no nonsense, stepped in, and instantly swept into the space seal. Pill Emperor Jijing was taken aback, but he also laughed: "Yes, after Pill Pavilion got the news, he immediately notified the old man, and the old man also used the special power of the heavens and worlds to be able to do so in such a short time. Rushed here instead of here

It is a waste of time, it is better to enter first, find out, if you want to come to other forces, and also try to come, go first, maybe you have an advantage. "

The voice of Emperor Pill Pill fell, and he was already smiling into the space seal.

Long Batian's eyes flashed, followed by Emperor Jijing Dan, and rushed towards the space seal.

As soon as these three powerhouses entered, everyone on the field breathed a sigh of relief. Without any hesitation, they turned into streamers and rushed over. In a short time, many powerhouses in Tianlei City once again rushed in like streamers. In the channel.

"Let's go too."

Upon seeing this, Demon Chiyan took the magic power and rushed in.

In the distance, Shangguan's ancient face has an eagle bird of prey.

"This news must be notified to the Palace Master as soon as possible."

She thought about it, and before she had time to set off, she saw another flash on the Spirit Detecting Compass, and it was obvious that there was another peak Martial Emperor rushing into the space seal. The bitterness flashed across her face suddenly, and it seemed that the situation had completely exceeded their expectations.

[Chapter 2050: Have ulterior motives](#)

Through the exchanges of Emperor Jijing Dan, Shangguan Gufeng also understood why the Emperor Jijing Dan and others could arrive in such a short time.

"Unexpectedly, in order for the Emperor Pill Mirror to arrive, the Dan Pavilion urged the heavens and the world. In this way, the Long Family and the Wuyinmen can arrive, and they are also using the space treasure in the power?"

"In this way, the blood sacred land and other forces will also come one after another."

Shangguan Gufeng fell into deep thought.

The arrival of Emperor Ji Jing Dan and others did shock her at first, but after the shock, she calmed down for the first time.

This might not be an opportunity to control the major forces.

"Let the Lord of the Palace decide." Shangguan Gufeng's eyes flashed, and after explaining that Yuan Tianhuan continued to guard, he left to see Shangguan Xier as soon as possible.

"Haha, it seems Lou Mou is late for me."

Not long after Shangguan Gufeng left, with a bang, another master arrived, a big man with a beard, holding a giant hammer, laughing and rushing into the space seal.

After the big man entered, another figure appeared.

"Chen Sisi's aura disappeared. Could it be that he entered this space seal? And those weird shadows, could it be that they escaped from this space seal?"

The visitor stood at the entrance of the passage, frowning and contemplating, it was the Sect Master of Illusion Demon Sect.

In order to track the dark shadow, she lost the trace of Chen Sisi. Later, she met a strong man in the Thunder City, and learned the news of the space seal. This was the first time she came.

She turned her gaze and saw the passage outside the seal of the space, and was immediately taken aback: "This passage seems to be constructed by the spatial treasure of the Misty Palace. Is it the design of the Misty Palace?"

Her heart beat wildly, and she suddenly felt that she had discovered a secret, and she couldn't help but hesitate.

"Shangguan Xi'er has ulterior motives in setting up such a channel. This space is sealed..."

Sect Master Illusory Demon couldn't help but hesitated. In the end, she gritted her teeth and finally entered the space channel.

With the entry of a well-known strong man, uninvited guests continued to usher in the dark world in the space seal.

Some ordinary powerhouses are naturally controlled one after another.

But a powerful person like Jijing Dandi is naturally not so easy to be controlled.

"Kill, kill!"

A controlled warrior saw Emperor Jijing Dan, and suddenly killed him like crazy.

Ji Jing Dandi's expression remained unchanged, and his hand was raised.

boom!

A dazzling dazzling light burst into the sky and the earth, and I saw a group of hot flames blooming above the head of Emperor Dan Di Jijing. The flames were all golden, like a golden sun, blooming endless rays of light.

Under the golden flames, several dark shadows suddenly showed extremely horrified expressions, struggling in pain, and then dissipated a little bit, including the dark shadow on the warrior, who also screamed sternly and disappeared a little bit of dust.

"Thank you senior for your life-saving grace."

This warrior came to his senses and repeatedly kowtow to Emperor Pill Mirror. His heart was lingering and he was grateful, but Emperor Pill Mirror turned a deaf ear to his ears. He just muttered: "This dark shadow is so weird. How did it come into being?"

He stared into the depths of the dark world, where it seemed that it was not as simple as he thought.

Whoosh!

He jumped up, clusters of golden flames lingering around, quickly disappearing from the end of his sight.

The ancestor of the Long Family, Long Batian, also encountered these strange shadows.

"Go away!"

"Roar!"

Long Batian has an ancient dragon-shaped phantom rising into the sky, bursting out with a monstrous aura. A virtual shadow of a real dragon formed on Long Batian's head. The burst of momentum caused the surrounding black energy to disperse. It was visible to the naked eye. Several black shadows were about to pounce on Long Batian, but they were caught by this true dragon. The dragon gas flew out suddenly,

The body is blurred and almost shaken apart.

"What the **** are these? And the holy crystals that I saw before?"

Long Batian was extremely angry. He didn't expect to enter such a weird world after running in. The most depressing thing was that he didn't even see the exit at all.

How to leave without exit?

"Look in first, there may be some gains."

Long Batian murmured and slammed, he ran quickly across the wilderness, the terrifying dragon aura scattered in all directions, shaking away the dark shadows that were throwing at him, and quickly approaching the depths of the dark world.

On the other hand, Chu Huahan was walking in the void. His figure was misty, as if he was not a real body. Walking in the void gave people a very strange feeling.

Countless black shadows swept around, but could not get close to him, but refracted from him. "What the **** is this shadow?" Chu Huahan was slightly shocked. Even the giant Wudi could not touch him with his void secret technique, but this shadow almost broke through several times, making his heart heavy, like Pressed against a huge mountain, full of

haze.

He had a faint feeling that this space sealed land was not the kind of treasure that the outside world said.

And in this world, there is a group of people walking around, staring at the dark shadows all around.

It was Fu Qiankun and his party.

now.

The **** cat was sitting on Mokara, while Mokara and the Skeleton Rudder master burst into black magic energy, and the strong pressure swept away, trying to shock the black shadows.

However, these black shadows did not have the slightest fear in the face of the coercion of Mokara and the Skeleton Rudder Lord. Instead, they had a sense of superiority. On the contrary, they gave Mokara and the Skeleton Rudder Lord. Some faint oppression.

Among them, a few dark shadows couldn't help but wonder, and rushed up fiercely.

Naturally it was quickly wiped out by the **** cats.

And when one of them was about to hit Ji Ruyue, it was shocked by the purple light blooming from Ji Ruyue's body, revealing a panic.

After that, these dark shadows just circled Ji Ruyue and the others, and didn't dare to approach at all.

"Big black cat, what are these dark shadows?"

Both You Qianxue and Ji Ruyue looked at these black shadows with some palpitations. For women, the dense black shadows around them often gave them a very frightening feeling.

"If I'm not mistaken, this should be a magical shadow formed by a certain devilish energy." The **** cat squinted and muttered, seeming to be thinking.

"Magic Shadow?"

Everyone frowned, and Fu Qiankun said solemnly: "It's just a magic shadow transformed by a devilish energy, so powerful?" He is a top master who has touched a trace of the holy realm, and he can naturally feel that these magic shadows are extremely powerful. , The reason why they couldn't affect them was because they had extraordinary cultivation bases, but if they were replaced by ordinary warriors, even the giant Wudi might be controlled by these shadows.
