

## Valkyrie 2051

### [Chapter 2051: Misty Palace made the shot](#)

Along the way, they have seen many such situations.

"This is indeed some kind of magical shadow, and it shouldn't be left behind by a strong alien of the demon." The \*\*\*\* cat said solemnly.

This provoked the approval of Mokara and Skeleton Rudder. If it is the demon shadow transformed by the demon qi of the alien demon clan, would you not fear them? Unless it is the shadow of the demon Lord's body, even the shadow of the demon Lord's body should be able to sense them. It should not be the way it is now.

Shadows are only somewhat familiar, but not directly connected.

"Then who left these magical shadows?" Fu Qiankun frowned.

"Young Chen, he will be fine?" Ji Ruyue and You Qianxue were worried, worried about Qin Chen's safety. The \*\*\*\* cat curled his lips and said: "You still don't worry about them. If the kid is dead, Mokara and Skeleton Rudder should have sensed it long ago. I am afraid that after we came in, the kid should have been sensed, right? Not to mention these black

Although the shadow is strong, you have also said that the sky fire on Qin Chen's body can restrain these dark shadows. How can the kid thief be shrewd and die here? "

The \*\*\*\* cat didn't care about Qin Chen's life or death at all.

"Let's go, maybe this kid is looking for somewhere inside at this time!"

Under the leadership of the \*\*\*\* cat, a group of people swept in quickly.

As the \*\*\*\* cat had expected, Qin Chen had already noticed this group of them when they first entered this world.

"Huh? Mokara and Skeleton Helmmaster are they here?"

Qin Chen suddenly opened his eyes in the jade disc of good fortune in the universe.

He left the soul-killing mark on Mokara and Skull Rudder Master, which he couldn't sense when he was outside, but when the two appeared in the seal of this space, Qin Chen felt it for the first time.

"So? The \*\*\*\* cat is here too?"

A look of expectation appeared on Qin Chen's face.

But he ordered Big Black Cat and Mokara to come back together. If Mokara and Skeleton Rudder were here, then Big Black Cat should obviously be nearby.

"Now it's okay. I'm worried about how to resolve the conspiracy of the Fighting Martial Association. If the \*\*\*\* cats arrive, it will be easy to handle."

Qin Chen's figure flickered and appeared to the outside world instantly.

After the treatment for this period of time, his injuries have healed seven or eighty-eight. He thought slightly: "Now Mo Qin has entered the second fork road. That fork road should be the place where many masters of Tianlei City entered. It is not clear what the fighting will be in it, but as long as Qin Mo touches To the other party,

Seeing the clues, the Fighting Martial Arts Association actually informed the other top forces in Skylei City about the seal of this space, and asked them to come together. There must be some other arrangements, and other arrangements must be clarified first. "

At this point, Qin Chen quickly left, and once again came to the edge of the cliff, and then the Qinglian Demon Fire was released for the first time.

boom!

The azure blue flame erupted with terrible pressure, and Qin Chen had an experience of walking a cliff. This time he naturally used the Qinglian demon fire to pass the cliff and returned to the fork in the road.

"This relic is actually the place where the strong men of the Heavenly Abyss Demon Clan were sealed in the ancient times. Although I don't know what the purpose of the fighting will be, we must not let them succeed. First, go to the \*\*\*\* cats and find out the situation. "

Although Qin Chen knew a lot of information from the mind of the alien demon, he was still confused about the purpose of the Fighting Martial Arts Association. He was puzzled at all. Turning around, he turned into a stream of light toward the periphery of the world. Swept away.

It didn't take long for Qin Chen to fly before he saw a warrior rushing in a hurry in the distance.

How come there are people here?

What shocked Qin Chen even more was that the cultivation base of this martial artist was only in the mid-term Martial Emperor realm.

Didn't it mean that the masters of the major forces of the Fighting Martial Association and the Sky Thunder City were all of the rank of the giant Emperor Wu? Why is there a mid-term Wudi here?

In astonishment, Qin Chen turned into a thunder light and instantly fell beside the hurried warrior.

"Who?!"

The man immediately noticed someone and let out a surprise.

The whole figure flees for ten feet, booming, flames burst out of his body, and he stared at Qin Chen vigilantly. Only then did he realize that he was a warrior and frowned and asked, "Who are you?!"

Qin Chen frowned and said, "Who is your excellency? Which one of the top forces in Sky Thunder City is from? Is it someone from the Fighting Club?"

In Qin Chen's mind, the martial artist who can walk safely in this world is most likely to be a member of the Fighting Club, because only the talented person of the Fighting Club has long been prepared.

The man wore a purple gown, his eyes flashed sharply, and said, "So what, so what?"

Qin Chen said, "This place is the space seal discovered by the Fighting Martial Arts Association first. Only the top powers of Sky Thunder City know the location of this place. Your Excellency is only the mid-term Martial Emperor, is it also sent by several top powers?"

The man was stunned: "How many top powers? What are you kidding me? Now everyone in Tianlei City knows about this place, could it be that you are a top power?"

He looked at Qin Chen suspiciously, thinking that Qin Chen was kidding himself.

"Everyone knows this place? What the \*\*\*\* is going on?"

Qin Chen was stunned.

Isn't it only a few top forces that sent people to explore it?

Qin Chen felt something was wrong in an instant.

"What the \*\*\*\* is going on?" Qin Chen immediately said in a deep voice, it was about the conspiracy of the Fighting Martial Association, and he must not miss it.

The man's eyes sank, feeling a little dissatisfied with Qin Chen's tone, and sneered: "Why should I tell you, get out of it."

When the voice fell, he shook his body and was about to leave here.

"Humph." Qin Chen snorted coldly, shamelessly, and immediately reached out with his right hand.

Boom! Suddenly a big hand of Zhen Yuan came out, like an eagle catching a chicken, and enveloped the purple-robed warrior in the middle. Under the shock of the purple-robed warrior, he even rose up to resist, only to find that the true essence in his body was solidified. Under the pressure of dust,

Can't move at all.

"Senior forgive me."

The pride on his face disappeared completely, and he shouted out in horror.

"Let's talk about it, what's going on here?" Qin Chen said solemnly. He felt that he had missed a lot of important information.

The purple-robed man didn't dare to hold big at this moment, and even said all the news in the original.

Hearing everything this guy said, Qin Chen was shocked.

The Fighting Club even spread the news throughout the entire Tianlei City and even the entire Tianwu Continent. Now countless strong people in Tianlei City have broken into this space seal, and even countless strong people in Tianwu Continent have broken in.

What exactly is the Fighting Club going to do?

Qin Chen knew very well that once the ordinary powerhouses in Tianlei City entered the space seal, they would all become the carriers of those dark shadows, completely losing their minds, and there was no hope of survival.

This is as many as millions of warriors.

And it doesn't include those strong people outside Tianlei City.

"No, with the strength of the Fighting Martial Association, you can't do such a big deal. It is Misty Palace that has made a move." Qin Chen's heart shuddered and he grasped the key in an instant!

### [Chapter 2052: Worried](#)

Misty Palace has definitely intervened in it, and even dared to let people from all major forces come, it is clear that this space seal has been completely done.

At this moment, the shock in Qin Chen's heart was beyond words. He knew it was just a big conspiracy and a big secret, but he knew nothing about the specific actions of Misty Palace.

What is the purpose of Misty Palace doing this?

Qin Chen was shocked, and his figure flashed and disappeared between the heavens and the earth. The top priority is to find Mokara and them first.

"Neuropathy."

Seeing Qin Chen leaving, the guy who was stopped by Qin Chen yelled immediately, his mouth showed irritation, but he did not dare to stay here for a long time. When his figure shook, he disappeared between the sky and the earth, and continued to fly toward the depths. Away.

Qin Chen flew across the wilderness. He relied on his weak soul perception to find Mokara and others, but the world was too vast. How difficult was it to find Mokara and others based on this simple soul induction?

"Humph!"

Qin Chen's figure flickered, and he flew directly into the sky, performing Heaven Soul Forbidden Technique.

Hum!

A terrible soul power swept away at once, and this soul power turned into an invisible ripple, sweeping in all directions.

Gradually, everything in the world disappeared in Qin Chen's mind. In Qin Chen's perception, the surrounding area was pitch black, and only a vague feeling appeared in his mind.

"They are Mokara!"

Qin Chen's eyes flashed, revealing surprise, he couldn't think of the magical effect of the Heavenly Soul Forbidden Technique.

A place far away from Qin Chen.

The bodies of Mokara and Skeleton Rudder shook, stopped, and looked excitedly in the direction Qin Chen was in, provoking the suspicious glances of Fu Qiankun and said: "What's wrong with you two?"

"We feel the master's breath." Mokara said excitedly.

"what?"

Ji Ruyue and others were all startled, showing excitement.

"Where is Shao Chen?"

"It seems to be in that place, far away, but the position is absolutely correct." Mokara excitedly said.

"Oh? It seems that kid Qin Chen is also looking for us." The \*\*\*\* cat showed a thoughtful look, "If this is the case, then go over there."

The \*\*\*\* cat and the others also flew towards Qin Chen's position.

On the other side, Qin Chen was also very excited. Although he could not directly find the location of Mokara and the others, he sensed the location of Mokara and the others. In this way, the time to find Mokara and others could be greatly reduced by more than half.

At this point, Qin Chen flew across the wasteland quickly. Soon, he came back to the dark shadow area. As soon as he entered the dark shadow area, he saw a lot of crazy magic warriors controlled by the shadow. .

These warriors all lost their minds and waved the weapons in their hands frantically, dumbly.

Qin Chen sighed. These guys don't have enough strength, but they have to come to grab the treasure. Isn't this looking for death? Originally, Qin Chen was planning to display the Qinglian Demon Fire for rescue, but found that the number of controlled warriors was too much. Just looking around, he saw several at once, and the entire area was controlled under the dark ground. How many martial artists less? If saved, he would not have the energy and time at all. Moreover, Qin Chen strangely saw that some warriors controlled by the black shadow did not go mad, but followed a long-haired warrior, moving forward in a dull manner. These warriors controlled by the black shadow looked dull, step by step. Forward, as

The Yin Soldier crossed the border, not knowing where to go. Qin Chen's mind moved. This leading long-haired warrior was obviously in a state very similar to Mu Cangwu, who was still suppressed by him. Compared with those warriors who were extremely dull by the shadow control, these leading warriors obviously retained some sage. But so

The mentality of reservation is actually very vague.

Qin Chen's figure suddenly fell, and he became curious about these guys. He raised his hand, and a powerful grasping force instantly grabbed it, grabbing directly to the leader.

"Roar!" The many powerhouses who were walking forward dumbly seemed to be awakened in an instant. They roared and rushed towards Qin Chen, booming. Those powerhouses controlled by the shadows had little wisdom, only knew that Joint attack, but the front

The long-haired strong man, his eyes were dull, a spear suddenly appeared in his hand, and he shot Qin Chen's right hand with a shot.

Boom!

The shadow of the gun collided with Qin Chen's big hands, and there was a piercing roar. Qin Chen was taken aback. This long-haired warrior was originally cultivated as only the mid-term peak Martial Emperor, but now with his full burst, he has reached the realm of the late Martial Emperor, even more terrifying than the general giant Wudi, and is almost close to the level of the peak Martial Emperor.

.

How is this possible?

Qin Chen was shocked, recalling the previous Mu Cangwu, and he was more confident that something abnormal had definitely occurred in these guys.

Boom!

The pitch-black palm fell, and even though the hairy warrior's cultivation was approaching the peak of Emperor Wudi, under Qin Chen's full shot, he was instantly shocked and unable to hold on, and the huge palm suddenly grabbed him.

Then Qin Chen hit with a backhand, booming, and the warriors who rushed up frantically screamed and flew out, falling to pieces.

"Look at what's wrong with this guy?"

Just as Qin Chen was ready to study this guy, he suddenly sensed something. He raised his head suddenly, with a trace of surprise on his face, and suddenly disappeared where he was.

At the next moment, Qin Chen grabbed the long-haired warrior and took it into the Universe Good Fortune Jade Plate, and at the same time, he also entered the Universe Good Fortune Jade Plate. The jade plate turned into a mustard seed and disappeared into the void.

Qin Chen had just finished all this, hoo, a scorching firelight swept across the distance, the golden firelight hung high in the sky like a scorching sun, and instantly came to Qin Chen's place.

Qin Chen was shocked when he saw the person coming from the dissipated perception.

"Emperor Pill Mirror?"

Pill Pill Emperor Jijing was already the famous Pill Emperor of Pill Pavilion 300 years ago. As the honorary elder of Pill Pavilion, Qin Chen was the same as Pill Emperor, so he naturally knew Pill Emperor Jijing.

Why is he here too?

Qin Chen was shocked, but he did not expect that even the Emperor Pill Mirror was shocked by the Thunder Sea.

"There was obviously a fight here just now, why did it suddenly calm down?" Pill Emperor Jijing stood in the void, glanced at the position where he was fighting before, a group of sane and crazy warriors saw the pill Emperor Jijing approaching. He leaped forward, but before he got close to Emperor Jijing Dan, he showed a look of horror, and then turned towards the four

Flying in all directions.

"Huh!" Pill Emperor Pill snorted coldly and waved his right hand. The golden fire power burst out in an instant, and immediately enveloped the group of controlled warriors. Black shadows appeared on the warriors one after another, showing fright. Looks like rushing out like crazy.

### [Chapter 2053: Ancestral Demon Blood Sutra reappears](#)

The Emperor Pill Mirror snorted coldly and increased the power of the flame. These shadows suddenly screamed in horror, and left these warriors one after another, trying to escape from here, but they were soon wrapped in the flames released by Emperor Pill Mirror. Live, one by one

Called, in ashes.

These warriors snorted together, and many people turned pale, sitting cross-legged together to treat their injuries.

However, Emperor Jijing Dan did not have so much time to waste, frowning at this group of warriors: "What happened here before?"

His voice contained extremely powerful penetrating power, and he immediately awakened this group of warriors. Some of them vomited a mouthful of blood, and said in shock: "Senior, I don't know it." "You don't know?" Ji Jing Dan The emperor frowned and found that what these people said was true. It seemed that after being seized by the dark shadows, the consciousness would fall into chaos, and he would not see the outside world at all, and his mind would be plunged into endless chaos. Asking them would be for nothing.

.

Well, it's important to explore this strange place.

Ji Jing Dandi's figure shook, and immediately continued to swept toward the depths of the space seal.

"Senior, wait for our senior..."

The faces of the remaining warriors all showed horror, and hurriedly flew towards the Emperor Pill Mirror, and even the injuries were not treated.

Because they know very well that even if their injuries are healed, they will be controlled again under countless black shadows. Only a strong person like Emperor Pill Mirror can have a ray of life.

After everyone left, Qin Chen appeared in the void again.

"Unexpectedly, Emperor Pill Mirror will also come, so it is very likely that other forces will also have strong people here."

Qin Chen's face was worried, he was not worried about Emperor Pill Mirror, but Misty Palace was laid out in Tianwu Continent for so long. Who knows if any of these top forces are from Misty Palace, Qin Chen naturally has to be extremely careful.

Anxious, Qin Chen didn't even have time to check Mu Cangwu, but continued to fly by. The most urgent thing he had to do was to find Mokara and them first.

It is too dangerous here. Now even the people from the Pill Pavilion have appeared. Qin Chen does not believe that people from other forces will be indifferent. By then, there will be strong people everywhere. If everyone can gather together, this is obviously a safe way. .

Moreover, the Emperor Pill of the Mirror appeared, and Qin Chen didn't believe that Shangguan Xi'er could sit still. At that time, there would be a top powerhouse in Misty Palace, and even Shangguan Xi'er himself might appear here.

As Qin Chen had expected, Shangguan Xi'er who had received the news at this time had already appeared outside the space seal.

"Unexpectedly, Dan Ge would rather spend a lot of money to urge the heavens and all realms, and also send the Pill Emperor Pill." Shangguan Xier heard the news of Shangguan Gufeng, and the corner of her mouth sneered.

"Master Palace? What shall we do?" Shangguan Gufeng respectfully said from the side. "Hehe, what else can I do? Since the major forces have reacted so strongly after hearing the holy crystal, they have given us a chance. If we can control all the major forces entering this place, then..." Shangguan Xier's eyes stopped

At that time, the light flashed.

If this is true, the layout of the Misty Palace on the mainland will obviously have an amazing improvement and irreplaceable effect. At that time, her Misty Palace can even tear her face directly with the major forces without fear.

"Let's go, this space sealed channel has persisted for so long, and it will be closed soon, are you all ready?" Shangguan Xi'er looked at the man in black.

"Jie Jie Jie, please don't worry, Lord Palace Master, I have already prepared it long ago, only waiting for Lord Palace Master's order." The black man sneered.

"In that case, let's go."

Shangguan Xi'er stopped talking nonsense, a group of people instantly swept towards the space seal and disappeared in the passage.

call!

As soon as Shangguan Xi'er and the others came in, they felt the power of the devilish energy in this world.

"Jie Jie Jie, it's really comfortable. It's worthy of the demon land transformed by the Heavenly Abyss Demon Race." Next to Shangguan Xi'er, a dark shadow appeared. It was the powerful alien of the Demon Race, lingering black demon energy all over his body, comfortable. Laughed.

"Heavenly strong man, I hope what you said is true." Shangguan Xier glanced at it.

"Palace Master, don't worry, when did this seat fool you?" The dark shadow Jiejie smiled, and suddenly looked at Shangguan Xier's side. Shangguan Xi'er seemed to have a sense of feeling. She snorted coldly, poked out her right hand, hum, and a terrible aura bloomed in her palm. Suddenly, several dark

shadows appeared in the void in front of him. One of them looked at Shangguan Xi'er in horror. By Shangguan Xier's hand

The palm grabs the camera instantly.

The black shadow struggled in horror in Shangguan Xi'er's palm, like a caught chicken. "These dark shadows are the demon shadows that you call the power of the Heavenly Abyss Demon Race powerhouse?" Shangguan Xi'er grasped the dark shadow, and an invisible force escaped from his body, and the dark shadow suddenly made a sneer sound. , Struggling in horror, in Shangguan

Xi'er's hands gradually turned into a blue smoke.

"It's just that." Shangguan Xier snorted coldly.

The other black shadows felt Shangguan Xi'er's breath, and they all backed away in horror, not daring to approach. The dark shadow of the alien demons Jie Jie laughed strangely: "With the power of the lord of the palace, these shadows are naturally insignificant, but these shadows are actually not weak, and even the spirit of the giant Wudi can control it, and the shadows here , They are all celestial monsters of ancient times

It is already terrifying that the breath of the clan's powerhouse can be dissipated, and after hundreds of millions of years of attrition, it is already very terrifying to be able to maintain this level of power. "

Shangguan Xi'er was thoughtful, if it was like what this alien demon said, then this Heavenly Abyss Demon expert is really no small thing.

"I heard that a strong man from your alien demon race entered this demon land in the past, trying to gain the power of the abyss demon clan, but fell here. Your companions, I am afraid there are clues to this place, you will not be unprepared. Right?" Shangguan Xier said again.

"Hey, it's true that the lord of the palace understands me." The black shadow of the alien demon clan Jiejie laughed strangely, lifted his right hand, and a \*\*\*\* ancient book appeared in an instant. As soon as this ancient book appeared, there was a whistling sound between heaven and earth. .

If Qin Chen were here, he would be surprised, because this ancient book was actually the blood of the most precious ancestor of the alien demon race in the ancient Yu realm, which was used to swallow the blood of everyone in the ancient Yu world. through.

"Swallowing sky, one of your ancestors joined the plan of this ancient magic land. Now, this seat needs to borrow your soul breath to use it." The black shadow faced the man in black next to Shangguan Xier Jie Jie laughed strangely, waved his right hand, and the Ancestral Demon Blood Sutra suddenly hovered on the head of the black-clothed man, hum, a \*\*\*\* breath enveloped the black-clothed man, turning into a series of \*\*\*\* runes, instantly surge Into its body.

#### [Chapter 2054: The Devouring Demon Appears](#)

The next moment, the Ancestral Demon's Blood Scriptures instantly flourished, and the \*\*\*\* light suddenly diffused.

Shangguan Xier and others were shocked to see that they were densely surrounded by many dark shadows. These dark shadows were photographed by the \*\*\*\* power of the Ancestral Demon's Blood

Jing, and they immediately showed a panic expression, and were instantly swallowed by the Ancestral Demon's Blood Jing. Went in.

In the blink of an eye, hundreds of black shadows were drawn over and merged into the Ancestral Demon Blood Sutra.

Hum!

The blood of the Ancestor Demon's Blood Meridian was radiant, and the runes rotated, forming a blood-colored halo lingering and sinking on the body of the Sky-Swallowing Demon Lord, and a blood-colored arrow formed, pointing to a certain position far away.

If Qin Chen could see at a glance here, the direction pointed by the arrow was exactly where the three fork roads he had just left.

"It's in that direction." The black shadow of the alien demon raced with a smile and withdrew the Ancestral Demon's blood meridian, while the body of the black-clothed man swallowing the devil shook his body, as if his body was emptied, and his body was sweating.

Under the coercion of the Ancestral Demon's Blood Scripture, only the black shadow of the alien demon who had been following Shangguan Xier was fearless, and other alien demon people would instinctively feel fear from the depths of their hearts. "My lord, since the Ancestral Demon Blood Sutra can swallow these shadows to restore their power, why not let the Ancestral Demon Blood Sutra swallow all the shadows in the world? If so, the Ancestral Demon Blood Sutra alone can make me different. The strength of the demons has increased, right?"

"Sky Swallowing Demon Lord asked with some doubts.

"Jie Jie Jie, Swallow Heaven, you are still too tender, do you think these dark shadows are just the devilish energy of the deep demon clan powerhouse unconsciously?" The dark shadow strangely laughed, "the reason why the abyss demon clan powerhouse can It was not accidental that so much demon energy was released before being suppressed. These demon energy can search for nutrients for the strong of the deep demon clan, ensuring that the strong of the deep demon clan will not be suppressed for hundreds of millions of years. Will fall because of the exhaustion of power. If this seat really uses the power of the Ancestral Demon's Blood Sutra to swallow these shadows, let's not say whether the Ancestral Demon's Blood Sutra has this appetite or not. Once it angers those who are strong in the Abyss, I Don't wait for today

I want to go out alive. "

Heaven-swallowing Demon Lord was taken aback, and Shangguan Xi'er frowned and looked at it, "Your excellency means that the powerful Heavenly Abyss Demon Clan who was suppressed in the ancient times has not died?"

How is this possible? Everyone also learned from the dark shadows of the alien demon race that the time when the strong man of the celestial abyss demon race was suppressed could far exceed the history of the alien demon invading the Tianwu Continent. For such a long time, no matter how powerful the strongest is, it will die. Right? What's more, in the rumors, this

These deep demon clan powerhouses were suppressed here by other powerhouses in the heavens. "No one knows how strong the Heavenly Demon Race is strong, but the masters of the Heavenly Realm did not kill these Demon Races. Instead, they suppressed them here. It can be seen that this Demon Race is no small thing. If so, it will fall. , Tens of thousands of years ago, I

It is impossible for the alien demon race to break into this space-seal team, and the entire army will not be destroyed. There is no news. It should be noted that back then, my alien demon race was a demon lord. "

The alien demon black shadow Jiejie said, seeming to be full of awe and reverie for the abyss demon clan.

"The Demon Lord?!"

Shangguan Xi'er stared, she only knew that this space seal had something to do with the alien demon race. Back then, an alien demon team broke into here, but she didn't expect it to be led by a demon master.

Shangguan Xier's expression remained unchanged, and a strong sense of vigilance suddenly appeared in her heart.

A group of people swiftly swept to the depths of the ancient magic land according to the guidance of the Ancestral Demon Blood Sutra.

After a difficult search, Qin Chen finally met Mokara and the others.

When everyone saw Qin Chen safe and sound, they were all ecstatic, and the two sides exchanged greetings.

Seeing that everyone was worried about him, Qin Chen was quite moved in his heart, but also quite distressed, especially Ji Ruyue and You Qianxue, this ancient magic land was too dangerous, and the two of them came in and it was really worrying.

But Qin Chen couldn't say anything. He knew that Ji Ruyue and You Qianxue were also worried about them, and he was a little moved.

"Big black cat, you are here too." Then, Qin Chen looked at the \*\*\*\* cat with a smile on his face.

"Smelly boy, I don't think I haven't seen you for many days. Your boy broke through to the mid-term peak of Emperor Wu, and even solved the problem of parasitic seeds. Tsk tsk, I didn't read it wrong."

The dark eyes of the \*\*\*\* cat looked at Qin Chen, shining with admiration.

"What about your clone? I heard that you condensed the parasitic seed into your clone, take it out and let me see." The \*\*\*\* cat turned around Qin Chen, expecting.

"Qin Mo is not with me. Now I am in the depths of this magic land, cracking the demon qi formation. I also came here specifically to find you."

"Oh?"

The \*\*\*\* cat was startled, "Have you found the devilish formation?"

"Big black cat, do you know what?" Qin Chen looked at the \*\*\*\* cat suspiciously.

"Slightly understood." The \*\*\*\* cat nodded, but didn't sell it. "It seems that you also understand something?"

"It's just a little knowledge." Qin Chen smiled bitterly and didn't conceal it. He was about to tell what he had seen and heard, and at the same time he combined the contents that he had found in the mind of the alien demon.

According to the memory in the minds of the alien demon people, in ancient times, there was a strong celestial monster who broke into the Tianwu Continent to bring disaster to the continent. As a result, a strong celestial man appeared at that time, suppressing the deep demon clan and turned it into this piece. The vast sea of thunder. And tens of thousands of years ago, the alien demons attacked the Tianwu Continent, but they were unable to succeed. At that time, the senior members of the alien demons learned the secret of the Thunder Sea and sent a terrible force to break into the seal of this space, trying to obtain This Celestial Abyss Demon Race Gao

The power of the hand, it's a pity that this action failed, and the many powerful men of the alien demons who broke into the seal of this space were almost wiped out.

The expert of the alien demon that Qin Chen killed before was one of the masters of alien demon who survived that year. He has lived for tens of thousands of years and has never recovered his cultivation level. Otherwise, with Qin Chen's strength, it is impossible to win the opponent.

And what Qin Chen learned from the alien demon people's mind was only these things. As for how many alien demon people still survive here, why they failed back then, etc., what remains in the alien demon people's mind Not much. "Furthermore, the appearance of the space seal this time has something to do with Misty Palace, but what is the purpose of Misty Palace doing this, I haven't figured it out yet, but what is certain is that there is definitely a master here in Misty Palace." Qin Dust solemnly

.

Fu Qiankun shook his head and said in a deep voice, "Qin Chen, I think it's not just a master from Misty Palace who has arrived here. It is very likely that Shangguan Xi'er came in person."

"Shangguan Xier?"

Hearing this name, Qin Chen looked cold. Fu Qiankun even spoke out the things outside the space seal, and said coldly: "The passages are generally impossible for Emperor Wu to create. Most likely, it is Shangguan Xier's hands."

### [Chapter 2055: The truth revealed](#)

Thinking of Shangguan Xier's personal arrival, everyone felt a little heavy.

"Big black cat, what exactly is this place?" In the end, Qin Chen couldn't help looking at the \*\*\*\* cat.

"In fact, I don't know much about Lord Cat."

Being so stared at by everyone, the \*\*\*\* cat did not continue to sell it. "As Qin Chen kid said, this place is a forbidden place to seal the Yuanmo clan, and the Yuanmo clan is an extremely terrifying race in the

heavens." The \*\*\*\* cat said condensedly: "And in the ancient times, there was an abyss. The demons came to the Tianwu Continent and wanted to

Wu Continent swallowed..."

"Swallowing Tianwu Continent?" Qin Chen and others were surprised.

"This is normal. Human races increase their strength through cultivation, but there are many races in the heavens, and the cultivation methods of each race are very different. And like this deep demon race, it is rumored that they can achieve the purpose of increasing strength by swallowing the power of the plane." "But the devouring plane is forbidden by all tribes of the heavens, because the reason why the heavens are strong is that they rely on the continuous force of the powerful to break through the void and strengthen the strength of the heavens. If the planes are swallowed directly, this position The noodles are completely dead

Once again, it is impossible to give birth to a strong one. "

"Although this Abyss Demon Clan is powerful, it does not dare to openly violate the rules of the heavens, but it devours some planes in the dark. In the past, the Abyss Demon Clan masters descended from the heavens to devour the Tianwu Continent." The strength of the master is too strong. Compared with the invasion of the Abyssal Demon Race, it is far more terrifying. After all, the Alien Demon Race is only a plane slightly stronger than the Tianwu Continent, and the Abyssal Demon Race is also the top race in the heaven realm, Tianwu In ancient times

Although Dai also has many powerhouses at the holy realm level, they are not opponents of these Abyssal Demon Races at all. "And just when the Tianwu Continent was about to be swallowed and destroyed, the evil deeds of the Abyssal Demon Race were discovered by a certain top power in the heavens. Under the anger of that power, a palm fell and formed this vast and boundless. The sea of thunder, and the strong

The person was also sealed in the ancient magic land in the Thunder Sea, unable to escape for hundreds of millions of years. "

Everyone was stunned by the description of the \*\*\*\* cat.

With a palm of the hand, it suppressed the masters of the Yuanmo clan and formed a sea of thunder that lasted for hundreds of millions of years. Everyone felt their scalp numb just thinking about it.

Is the heavenly powerhouse so terrible?

Qin Chen and the others are also strong, but under one palm, they can cut off a large river and smash a high mountain, but compared with this legendary powerhouse in the heavens, it is simply that the gap between the ant and the dragon is too big.

"Big Black Cat, where did you know this?" Qin Chen couldn't help but ask ~www.mtlnovel.com~ Can you see it? "The \*\*\*\* cat gave Qin Chen a white look. "It makes you hard to read books, don't like learning, don't interrupt, this is not the point. "The \*\*\*\* cat continued: "The realm powerhouse that day took it with a palm. It was not that I didn't want to kill these members of the Abyssal Demon Clan, but the Abyssal Demon Clan was extremely horrible, and it was immortal. , Was suppressed by the inevitable, no

With the power to completely slay the abyss demon clan, he sealed the abyss demon clan. After being sealed, the Yuanmo clan cannot get out of trouble at all. After hundreds of millions of years, without accident, they will be completely wiped out and turned into ashes. "

"But tens of thousands of years ago, the alien demons invaded the Tianwu Continent. At that time, the alien demons failed to attack the Tianwu Continent several times. I don't know where to learn the news of the deep demons. So I was very excited and came up with it. A plan." "That is to let the masters of the alien demon clan lead people into this secret realm and gain the power of the abyss demon clan. Think about it, the abyss demon clan is the top race in the heavens, and the strength is extraordinary. If it is obtained by a foreign demon, it can easily occupy the sky.

Wu mainland. "Secondly, even if it fails to gain power, it will be a huge benefit to the alien demons if they can rescue this abyssal demons. After all, the two belong to the same demons. If they can be favored by the abyssal demons, even Unable to capture the Tianwu Continent,

The crisis of the alien demon continent itself can also be resolved. "

"But who would have thought that after this alien demon race came in, it fell like a stone to the sea, and there was no movement, and the leader of the team was a master master of the alien demon race."

Hearing this, everyone took another breath.

Demon master level master?

Mokara stared, while the Skull Rudder Master was thoughtful, as if thinking of something.

Through the narration of the \*\*\*\* cat, everyone also vaguely understood the purpose of the Misty Palace this time.

Misty Palace is now colluding with alien demons for two purposes.

The first one, just like the Alien Demon Race back then, tried to gain the power of the Abyss Demon Race or rescue the Abyss Demon Race masters.

In this way, if it can be favored by the Abyssal Demon Race, it is extremely possible to enter the Holy Realm.

The second one is to rescue the alien masters who were trapped here.

Although they don't know whether the master master who entered this space seal has fallen, even if it is just a wreck, it is of great benefit to the alien demons today.

After all, this is the skeleton of the demon master class.

Regardless of the purpose, it will bring indelible damage to the Tianwu Continent.

The purpose of Misty Palace must not be achieved.

Qin Chen made a decision in his heart.

After learning this information, Qin Chen also vaguely had some guesses.

There are a total of three forks in the depths of this Demon Land. The first fork is the Abyss of Ten Thousand Zhangs. There is endless demon energy in it. It is very likely that the masters of the Abyss Demon Clan have been sealed here. But this is just a guess, and even if Qin Chen does his best, he can only stay awake on the cliff road. If there is a master of the Abyss Demon Clan buried inside, Qin Chen does not believe that Shangguan Xier can break into it unscathed. , Even if she is out

It won't work even if it touches the Holy Land.

But the second branch road was a huge array of magic energy. According to the corpses in front of the large array of magic energy, it was possible that the fighting martial arts master who came in first had entered the second branch road.

Fighting Martial Arts is again supported by Misty Palace, and there may even be masters of alien demons among them.

This shows that this second fork is very likely to be a key place.

As for the third fork, Qin Chen didn't know what was inside for the time being.

Thinking of this, Qin Chen couldn't hold back anymore, and swiftly went to these three fork roads.

And when Qin Chen hurried to the three fork roads.

After a long period of exploration, Qin Mo finally broke through this great array of demonic energy.

"who?"

As soon as Qin Mo left the Demon Qi Formation, he saw a dark cave leading to the deep, and at the entrance of the cave, there were two powerful men standing tall, one of them frowned, and he was immediately cold toward Qin Mo. Shouted.

At the same time, the two of them clenched four fists, and the true essence waved away, and they became extremely alert.

"Gu Jian Zhuang Owner." In the next moment, they saw Feng Kang'an, the Gu Jian Zhuang Owner behind Qin Mo, and he was shocked.

#### [Chapter 2056: I want to go in](#)

"Rong Chengji, Qiu Chengshuang, are you two?" Feng Kangan stepped forward, showing a look of surprise. He knew these two people. They were both top masters in Tianlei City, the mid-term peak martial emperor level.

Feng Kangan frowned and said in a deep voice: "Why are you two here, and President Gongsun Zhe?" Among the many masters who were sucked into the space seal, these two people can only be regarded as small people. You must know that they were able to participate in the first place. The lowest cultivation base in the space seal search also has the mid-term peak cultivation base, and a considerable part of it is the giant Wudi

.

And among these people, the real top players are the masters of Skyscanner Gongsun Zhe and Wuyong Chairman Wuyong of the Fighting Club. They are the top power in Sky Thunder City.

"President Gongsun Zhe, they are all in the cave, how did you come in, Master Ancient Sword?"

Both of them showed shocked expressions. It should be understood that when they were sucked in, the ancient sword village owner was not there.

Moreover, the two of Qin Mo beside Gu Jian Zhuang Master did not know each other. Hearing this, Feng Kangan nodded slightly, and respectfully said to Qin Mo, "Brother demon, these two are the powerhouses of my Heavenly Thunder City. They are Rong Chengji from the Tianxunhui and Qiu Chengshuang from Tianyi Danlou. They also entered first. The master of this space seal,

Since the two are here, then President Gongsun Zhe and the others are likely to be in this cave. "

Qin Mo nodded, glanced at the two indifferently, and said, "I want to go in."

When the two saw Feng Kang'an being so respectful to Qin Mo, they couldn't help being shocked. They looked at Qin Mo carefully and looked again. One of them had his pupils shrunk slightly, his spiritual consciousness swept over, and they suddenly touched a barrier, and they all felt shuddering.

His expression was even more shocked immediately, and with his cultivation base he couldn't see the strength of the man in black in front of him, no wonder the Ancient Sword Zhuangzi was so respectful to him.

But he still said, "I wonder if this is?"

"Humph." Feng Kangan snorted coldly: "How can you know the identity of Brother Demon? This time, Brother Demon came to know the changes in the Sea of Thunder, and came to solve our problems in Tianlei City. Get out of the way quickly."

Solve problems?

The two of them sneered faintly in their hearts, why didn't they come for the treasure?

Although he had a heart attack, considering Feng Kang'an's cultivation and identity, Rong Chengji hurriedly pulled Qiu Chengshuang away from him, saying, "Two adults, please come in!"

Now it was Qin Mo and Feng Kang'an's turn to be puzzled. The two were guarding the door. Didn't they guard the place and keep people from entering?

Qin Mo didn't worry about going in, frowning and said, "What are you two doing here?"

If there are treasures in this cave, it would be strange that the two of them stayed here.

Rong Chengji smiled bitterly: "I'm actually waiting here for you..."

Qin Mo was startled and frowned: "Do you know that we will come?" "Actually, I don't know who will come, but a few adults have said that the news of their disappearance will be heard as soon as possible. In Tianlei City, experts will be sent again, for as short as one or two months, and as long as half a year.

In 2017, someone would definitely arrive here again. I didn't expect it to be effective. Our two cultivation bases were the lowest, so we were sent to guard here. "

"Then why don't you go in?" Qin Mo wondered.

Na Rong Chengji continued to explain: "This cave is full of dangers. My cultivation level is too low. The purpose of staying here is to welcome a few adults, and second, to prevent people with weaker cultivation bases from breaking through. Entering, causing worry about life."

It's okay for Rong Chengji not to explain, but an explanation makes Qin Mo more puzzled.

Worrying about the lives of others, haha, are the people in Leicheng so kind this day?

Think about it, if anyone enters a treasure house first, what will they do the first time?

It must have been emptied of the treasure house and taken as your own. How can you send someone to guard the door of the treasure house to warn those who come to be dangerous?

This is not logical and common sense at all.

And even if the opponent is really interested, he shouldn't stay here, but at a fork in the road, or outside the devilish array.

Qin Mo didn't bother to think about what the other party's purpose was. He shook his figure and fled into the cave directly.

The two people at the entrance of the cave breathed a sigh of relief. Qiu Chengshuang frowned and said, "Brother Demon? When did we come to such a master in Tianlei City? Even if the master of the ancient sword was so polite, would it ruin the adults? Plan?" Rong Chengji glared at him and snorted coldly: "Is this something we can manage? Don't worry, no matter where the guys come from, our task is only to record the strong people who enter the cave. What's the matter, as for the destruction of adults

plan? Hehe, even adults can't get a glimpse of this cave, just this kid? I see hanging. "

Qiu Chengshuang laughed, "Yes, no matter where the guy came from, if the cultivation level is not enough, he still has to pretend to be forced, maybe he will die in it." "Well, that is his own death. Who is the blame? Don't talk about him. , I'm afraid that even the ancient sword village owner may not be able to survive if he is not careful, so we only need to execute the orders of the adults. If there will be strong ones again, don't be fine

Look for something to avoid getting into trouble. "Don't worry, I'm not stupid." "Qiu Chengshuang chuckled lightly, with a look of amazement on his face: "I just didn't expect it before. As the President of the Fighting Club Wuyong said, there will be a strong coming soon. I thought it would take at least a year and a half. What

. "

"Chairman Wuyong is indeed amazing, but even if he stays for a year and a half, there are a few adults who are in a hurry. It has nothing to do with us."

The two ignored them, and continued to stand in front of the cave, practicing with half-closed eyes.

It didn't take long before the devilish energy surged again, and a cold breath came upon their faces, and the two suddenly opened their eyes.

I saw a man in black wearing a cloak stepped out of the big formation, lingering demonic energy all over.

Although this person was wearing a cloak, she had a graceful figure. Even a wide cloak could not conceal her bumpy figure. The seductive temperament filled out, making the eyes of the two of them go round.

"woman?"

The two yelled, "Who is here?"

It was Chen Sisi who walked out of the devilish array. He was suddenly startled when he saw someone at the door.

This is the first time she has seen strangers here.

"Who are you guys?"

Chen Sisi whispered coldly with a beautiful voice.

Although the light gauze covers the face, there is no real face, but the eyes are condensed, and the sharp gaze seems to be able to see through everything. There is a light aura, but it feels very cold, like an iceberg, without any emotion. In addition, Chen Sisi's body was cold and cold, making the two of them cold, like falling into an ice cellar.

#### [Chapter 2057: Stone Plaza](#)

The two couldn't help being more surprised.

The voice of the person in front of him sounds extremely young, but his strength is even more terrifying than them? The two of them couldn't see through, just like the man in black followed by Feng Kangan.

How is this possible?

When did Tianlei City have so many young top masters?

The two dared not neglect, they even said what Qin Mo had said before.

"Are you from the major forces of Tianlei City to guard this place?"

Chen Sisi frowned slightly, she was attracted by that mysterious summoning power, and this power was in the depths of this cave, but it was unexpected that someone would guard it.

Suddenly, she felt a familiar force at the entrance of the cave, and her body was shocked.

This is very similar to the force she just tracked.

She suddenly asked, "Apart from me, has anyone been here before?"

Rong Chengji replied: "There are two people, just entered!"

"Who?"

Chen Sisi's breathing suddenly hurried, and asked sternly, is it true that the breath he had sensed before? Is there really someone with a back figure that looks like less dust came here?

At this moment, she was more curious about Qin Mo than she was curious about her summoning power in the cave.

Although her reason told herself that it was impossible for Qin Chen to see what she saw, the desire and expectation in her heart smashed all the reason to pieces.

For Qin Chen, she is willing to give up everything in the world. Qiu Chengshuang's face suddenly showed dissatisfaction. Although the aura on Chen Sisi gave them a sense of inability to see through, Qiu Chengshuang instinctively felt that Chen Sisi's cultivation level did not seem to be too high, and it was very likely that he had just controlled some hidden cultivation. for

It's just the exercises.

Qin Mo's attitude also made him a little uncomfortable before, and he suddenly said coldly, "I don't seem to have the obligation to explain to you? It's your origin, which has not been explained yet. It's better to report by name so that I can understand. ."

He has a cold tone and is very dissatisfied.

Chen Sisi frowned and was too lazy to ask any more. His figure moved suddenly, and the black smoke flowed around. Chen Sisi's figure was like a ghost, transformed into an invisible cloud, and swept towards Qiu Chengshuang.

"Not good!" Qiu Chengshuang didn't expect Chen Sisi to say that he would do it. In shock, his figure hurried back, but it was too late. A pair of cold palms had choked his throat for some time, with a cold breath. It spread and made him cold

When it is erected, the other party can break his neck with a slight pinch, causing him to be in a different place.

"My lord, forgive me!" He exclaimed immediately.

Rong Chengji was also taken aback, and hurriedly said: "You are merciful, and you have something to say well."

Both foreheads were full of cold sweat, and Qiu Chengshuang was captured with one move. This level of cultivation is shocking, and the other party is definitely a giant.

He hated in his heart, why is Qiu Chengshuang okay to provoke others? Did he forget what he said before in the blink of an eye?

"Can I say it now?!" Chen Sisi said coldly, his eyes cold, without a hint of emotion.

She seemed to be asking, but in fact she had an indisputable tone, as if as long as Qiu Chengshuang's answer made her unsatisfied, she would hurt the killer and kill on the spot.

"It's Feng Kangan, the owner of the ancient swordsman, and a man in black who don't know the origin." Qiu Chengshuang was frightened and called out immediately.

"The man in black?" Chen Sisi stared, "Do you know the origin of the man in black?"

"I don't know if I'm waiting. I'm listening to Gu Jian Zhuangzhu's words. That person has just arrived in Tianlei City, not a strong man in Tianlei City." Qiu Chengshuang got goose bumps all over his body, cold sweat broke out.

Chen Sisi asked a few more words. Seeing that there was nothing to ask, she shook her figure and slid into the cave, following Qin Mo.

Flop!

Qiu Chengshuang sat on the ground, panting heavily, as if he had walked out of hell.

"Let you stop talking so much nonsense, can I pass through those dark shadows entrenched areas for the first time, and break through this devilish array, is it something I can provoke?" Rong Chengji cursed dissatisfied.

Qiu Chengshuang just had lingering fears, so he didn't dare to say a word.

After Qin Mo entered the cave, he kept moving forward, suddenly a huge stone square appeared in front of him, and the passages behind the square suddenly became dozens of them.

On the square, there was no one.

"hiss!"

"Which way does this have to go?"

Feng Kangan took a breath.

There are dozens of entrances, but Gongsun Zhe and others are not here, obviously after this passage, but these dozens of passages, which one should I go through?

"Those two guys are really bold enough. They dare to play with us. They don't even tell us the passage. The emperor will look for them."

Feng Kangan was furious, and after a cold snort, he was about to turn around to look for Rong Chengji and the others, but he was stunned just as he turned around.

The passage that he and Qin Mo came to at first disappeared completely, and there was a smooth stone wall behind it, as if they had walked out of thin air.

"My lord." Feng Kangan called out in shock.

Qin Mo also noticed this at this time. Whoosh, he came to the stone wall behind and observed it carefully for a long time, but he couldn't find the trace of the mechanism at all, which made him frown slightly.

The background really disappeared. In fact, this is nothing. Qin Chen has wandered through countless secret realms in his previous life, and naturally knew that many secret realms were set up. He could only enter, but could not retreat. But what he was puzzled was Rong Chengji and Qiu Chengshuang who stood at the entrance of the cave before. Is later

They were arranged to the entrance of the cave, how did the two of them get out?

"My lord?" Feng Kangan couldn't help but see Qin Chen sinking into thought.

Qin Chen suddenly woke up and shook his head slightly.

Now he knows too little about this place, and he can't analyze the results just by that little thing.

That's it!

Now that it is here, it is obviously impossible to look back. Qin Mo flickered and swept in one of the passages, and Feng Kangan followed closely behind.

After Qin Mo plundered in.

Chen Sisi also came to this stone square, and encountered the same problem as Qin Mo.

"Dozens of passages, which passage did that person go to before?" Chen Sisi was slightly anxious.

She walked back and forth in dozens of passages for a long time, but in this stone space, it seemed that all auras had been obscured, and she could not perceive the remaining aura of Qin Mo at all.

In the end, she sighed slightly, and could only follow the sensation that attracted her and swept into one of the channels.

When Qin Mo and Chen Sisi entered their respective passages.

At the intersection of the three forks, Emperor Jijing Dan and others also arrived. Perhaps because too many people broke in, there were still many ordinary powerhouses who passed through the dark wilderness and came before the three fork roads.

#### [Chapter 2058: Place of origin](#)

"Hahaha, Emperor Jijing Dan, you can come so fast!"

A loud laughter sounded, and at the fork in the road, a thick figure appeared, booming, a majestic man with a giant hammer in his hand.

"Lou Zimo?"

Seeing the person coming, Emperor Ji Jing's eyes narrowed.

"It's the Supreme Elder of the Hall of Arms."

Many people didn't know the strong man with the giant hammer, but when they heard the name at the moment, their pupils suddenly shrank, revealing a look of shock.

Lou Zimo.

The Supreme Elder of the Hall of Artifacts, the ninth-order artifact master, who once created many emperor soldiers, is one of the most famous and top powerhouses in the Hall of Artifacts.

And accompanied by Lou Zimo's arrival.

Boom!

A series of terrible auras came one after another, and everyone only felt that a few powerful auras were coming to their faces, and they suddenly had difficulty breathing, and their eyes were going to freeze.

Long Batian, Chu Huahan and many other powerful men stood proudly, with indifferent eyes, frowning at the three fork roads ahead.

"It seems that the emperor is late." Not long after that, there was another laughter, and an old man appeared on the field. His temples were frosty, his complexion was ruddy, he had a childlike face, and his breath was astonishing, unabashedly imperial. Putting it on, it looks like a tall man is on top.

People look at it.

"Qiu Puchun..."

Long Batian's eyes narrowed, this is another remarkable lord, the hidden elder of the Holy Land of Bloodline.

"Hahaha, it seems that people are almost here, now there are three fork roads ahead, I don't know how you are going to proceed?" Ji Jing Dandi smiled slightly and said calmly.

"It's not easy, just walk over one by one." Long Batian laughed, raised his foot and walked towards the first fork.

He walked in this way, naturally attracted the attention of many people, and everyone was unwilling to lag behind, their eyes flashed, and they followed him to the first fork. Not all those who can get here are top masters, and there are even some peak martial emperor martial artists. All they can get here is luck. Facing this weird ancient magic land, it is natural to follow the top experts like Dragon Batian. We can be safe

Unharmed.

Stepping into this first fork road, a cliff suddenly appeared in front of everyone, a long cliff leading to the opposite side of the abyss, and the magic energy rose under the cliff.

Long Batian and others are all top masters. Once they came here, a strong sense of danger emerged in the depths of their minds, as if there was a monster with a big mouth open in the abyss under the cliff. All swallowed.

Danger!

This is the only feeling that comes to their minds.

"You, go up this cliff."

Long Batian's eyes condensed, and he suddenly coldly said to a warrior on the side.

"Senior." The warrior was startled, and looked at Long Batian in horror. He was just an early martial emperor. How dare he be the first to walk up this cliff. Wouldn't he be dead if there was any danger?

"What? Do you dare to disobey this seat?" Long Batian stared at him coldly, and suddenly a horrible pressure pressed on the Emperor Wu, making him shudder.

"Senior, the lower level of cultivation is low, it is really..."

"The cultivation base is low and weak? Do you dare to come here?" Long Batian's eyes condensed, and he was too lazy to talk nonsense, and directly captured the Emperor Wu in his hands. This Emperor Wu was not at the initial cultivation level, how could he stop the dragon Tyrant's grasping and shooting, he felt his whole body tightened, and he was caught in the air.

Fell on the cliff.

Oh oh oh! A series of strange voices suddenly appeared in his mind. The Emperor Wu was still aghast, but when he fell on the cliff, his eyes became dull, and then he seemed to be stupid, looking at the cliff in front of him. Regardless of

One step towards the two sides of the cliff, he fell silently into the abyss and disappeared.

This weird behavior made everyone chill and frightened.

An early martial emperor, although not a top-level powerhouse, was a well-known figure in the outside world, but on this cliff, he became a walking dead in an instant. This kind of scene makes people feel creepy.

Long Batian also frowned, then turned his head and immediately looked at the other warriors.

Uproar!

These warriors retreated one after another, and wherever Long Batian's eyes were, the crowd dispersed, and no one dared to look at him.

But Long Batian would let these people do as they wished, swish, swish, and instantly grabbed a dozen warriors and threw them towards the cliff.

His head is extremely accurate, throwing down, and even throwing some of the warriors across the abyss, but the sky above the abyss is shrouded by an invisible force. Once these warriors appear over the abyss, they instantly fall down. These warriors either fell directly into the abyss or fell on the cliff, and the warriors who fell on the cliff were still shouting in horror, but once they stood on the cliff, their eyes became dull, like Lost heart and soul, one after another can't help

He rushed to the abyss on both sides of his own accord, fell silently, and then was swallowed by endless darkness.

This silent disappearance is the most terrifying.

Long Batian turned his head and wanted to capture other warriors, but Emperor Jijing Dan suddenly said, "Enough."

Long Batian immediately frowned and looked, and said, "Does the Senior Pill Emperor Jijing have any opinion?" Pill Emperor Jijing did not speak, but instantly sacrificed his own flame, and suddenly a golden flame appeared in the air, covering it. The area at the entrance of the cliff, and then everyone looked at in horror, the black on both sides of the cliff

In the devilish energy, there are countless dense shadows. Even Long Batian's scalp was numb, and the dark shadows he had seen were not one or two, but it was the first time he saw so many dark shadows gathered together, so many dark shadows crowded in this abyss. In the devilish energy, it is very likely that the whole

The abyss is full of such shadows. At this time, the field was all sucking in air-conditioning, and some even retreated on the spot. There were too many shadows. Even the top powerhouses like Dragon Batian can walk over this cliff, and their cultivation is fundamental. It's impossible to spend it safely,

When will you wait if you don't leave?

Maybe staying here will only become cannon fodder like the others before.

"With so many shadows, is this the abyss where the shadows were born?"

Long Batian couldn't help but frowned.

"This road, the emperor won't go. If you want to go, you should go."

Chu Huahan's eyes flashed, then he turned and left.

A joke, if there is a large array of holy crystals on the opposite side of the abyss, or there is a treasure hall, he may still be able to venture into it, but now there is nothing, let them go to this extremely dangerous cliff, idiots will take such an adventure. What's more, there were two fork roads besides this road. Chu Huahan almost quit this fork road without any hesitation.

#### [Chapter 2059: Is it an illusion](#)

After Chu Huahan left, everyone else couldn't help but retreated.

Jijing Dandi frowned, and finally did not choose to cross this cliff.

Although the flames on his body had a restraining effect on these shadows, there were too many shadows in the abyss.

What's more, who knows if there is any other danger on this cliff, and no one dares to enter it hastily before figuring out the situation.

"go!"

Among the crowd, Red Flame Demon Lord said hoarsely, and quietly retreated.

"Master Chi Yan, isn't this path right?" Mo Li followed behind Demon Chi Yan and asked cautiously.

Red Flame Demon Lord said solemnly: "There is no arrangement left by my alien demon here. It can be seen that the Demon Lord should not go this way. Following these humans may save a lot of energy."

Red Flame Demon Lord Yin Yin smiled, but he has now taken away the body of the Confucian Emperor Wuhuang. Although he has changed his appearance and made himself a lot ugly, but under Yin Yin's smile, there is no hint of coldness, but a hint of coldness is revealed. charming

The color.

Mo Li was stunned to see it, and couldn't help swallowing.

Red Flame Demon Lord was anxious, his silver teeth gritted, and said bitterly: "What to look at, and then I dug out your eyes."

But it only talked about it. The figure shook, and it hurried to the second fork road, only to see the plump buttocks swaying, the waves were magnificent, and it made people eager.

Gudong!

Mo Li swallowed again, and his whole body was hot. He even slapped himself a few times to calm himself down.

"Damn, my son's orientation will be bent."

Mo Li said something depressed and followed closely.

Not long after, everyone broke into the second side of the road, saw the devilish formation in front of them, and at the same time saw a few corpses in front of the formation.

Someone unexpectedly!

This made everyone ecstatic. Although they saw only a few corpses, it clearly represented that the previous Sky Thunder City masters should have taken this path.

"It seems that many strong people in Tianlei City should be in this second fork."

The powerhouses of several major forces showed thoughtful expressions one after another looking at the demon energy rising in the front.

However, they didn't break in at the first time, but came to this third fork, and inquired about it first.

boom!

As soon as he entered the third fork, there was an endless thunder surging, accompanied by screams.

Behind this third turn is endless thunder. What's even more exaggerated is that the thunder here is more terrifying than the thunder in Leihai's dead place. As long as it is a warrior below the giant Wudi, it will instantly vaporize and turn into nothingness as soon as it enters. Even the giant Wudi master can only hold on for a moment. , Scared

They retreated in panic.

"This Thunder is terrible, and it seems that the more you go in, the more terrifying the Thunder will become. The danger is not weaker than the first fork."

Ji Jing Dan Di and the others were shocked. With such a terrifying thunder, even they stung all over their bodies when they entered. They couldn't stay in it for a long time. Who knows what else will happen next?

Therefore, in the end everyone chose the second sidetrack.

However, everyone did not rush into the devilish formation in front of them. After all, there are still a few giant Wudi corpses lying in front of the formation. Obviously, the danger of this formation is no small matter.

Jijing Dandi and the others did not rush forward, but all shed their spiritual power, trying to pry out some clues of this great formation.

However, even with the cultivation base of Emperor Jijing Dan, there is not much to be seen. As soon as the mental power enters this devilish formation, it is immediately swallowed and plunged into the invisible.

This made him breathe in air-conditioning, shocked.

Whoosh!

At this moment, two streamers swept over and entered the crowd.

"I finally arrived, but it's not too late."

Qin Chen immediately breathed a sigh of relief when he saw the crowd gathered on the second fork road.

"Hehe, there are so many people." A sneer sounded beside Qin Chen, but Fu Qiankun, wearing a mask, looked rather coldly.

Knowing that there are also masters in Misty Palace, Qin Chen directly took Mokara, Skeleton Rudder, Ji Ruyue, You Qianxue, and Big Black Cat into the Universe Jade Plate, leaving only himself and Fu Qiankun. Two people.

First of all, Mokara and Skeleton Rudder are both alien demons. It's okay to hide from ordinary people from the outside world. If there are experts from Misty Palace, they will inevitably bring experts from alien demons, and it is easy to reveal flaws.

The same is true for Ji Ruyue and You Qianxue. Although they are not weak in strength, in front of the top masters, if their identities are exposed, it will be a huge disaster for both Ji Family and Qin Chen himself.

As for Fu Qiankun, now his strength has recovered 70% to 80%, enough to protect himself, and Fu Qiankun has used the technique of stealing the sky and changing the day. Even if the powerhouse such as Emperor Jijing Dandi, he never wants to see his true face, it doesn't matter. Up.

The arrival of the two did not attract the attention of others. After all, there are strong people here at all times, and the number is still accumulating.

Qin Chen and Fu Qiankun cautiously came to the front of the crowd, carefully looking at the few people in the front, their eyes suddenly condensed.

Polar Mirror Dandi, Lou Zimo, Long Batian, Chu Huahan...

Qin Chen sucked in air. These are the top powerhouses in the mainland. If something goes wrong with these people, it will definitely be a huge loss to the power of the entire mainland human race. Fu Qiankun was also shocked. He knew almost all of these masters. Some of them were even his juniors 300 years ago. Unexpectedly, they are now the powers of the major forces, and the feeling of being right and wrong is haunting. Out, slightly

Lost.

But suddenly, when he saw a person, his mind was shocked.

"Qiu Puchun, why did he come?"

Fu Qiankun was so excited that he almost couldn't control his emotions.

"Calm down!" Qin Chen seemed to have expected this a long time ago, and suddenly shot, holding Fu Qiankun's arm, and said in a low voice.

Invisible power penetrated, and Fu Qiankun instantly calmed down.

"Ok?"

But the fluctuations here still attracted Qiu Puchun's attention. He frowned and swept slightly. He just vaguely felt that someone was staring at him.

But he swept his gaze several times, and never found the source of that gaze.

"Is it an illusion?"

Qiu Puchun frowned slightly, turned his head, and continued to study the devilish formation in front of him.

"If I remember correctly, this Qiu Puchun should be your disciple, right?" Qin Chen gently voiced Fu Qiankun. Fu Qiankun let out a sigh of relief, nodded slightly, and sighed through the sound transmission, "Qiu Puchun's knowledge in the way of bloodlines is extremely high, and he was one of the best of my many disciples back then. I even regarded it as my successor. People came to train, and I didn't expect to meet here more than two hundred years later."

#### [Chapter 2060: It's not late](#)

Fu Qiankun's tone was full of exclamation. He didn't expect to see his disciple again, it was actually in this kind of scene, how could it not make people embarrassed.

"You were captured by Misty Palace back then. Is there anything to do with this person?"

Qin Chen was suspicious of anyone on the field now. Misty Palace's methods were too terrifying, and he could not decide which of them was the hidden \*\*\*\* of Misty Palace.

"It should be okay!" Fu Qiankun shook his head, but there was still doubt between his eyebrows: "But it's not easy to say, after all, it was too much involved, and more than two hundred years have passed. Now what is going on in the Holy Land of Blood, my eyes are all black."

"In this case, observe and observe first." Qin Chen warned.

"Don't worry, I'm just a little excited for a while."

Fu Qiankun said lightly, his tone returned to calm and indifference. When he reached his state, his emotions were often under control in an instant, and it was difficult to really change the color.

Next, Qin Chen and Fu Qiankun continued to observe in the dark, trying to find the person in the Misty Palace, but to Qin Chen's surprise, he did not find the trace of the Misty Palace master at all here. Instead, he saw two even himself. Some can't see through.

"Fu Qiankun, look at the one hundred feet away on the left, the man in black, and the two two hundred feet away to the west, one man and one woman." Qin Chen said in a low voice.

Fu Qiankun followed Qin Chen's voice and looked at him, his eyes condensed suddenly: "The one on the left is a woman, but this person is very strange. There seems to be a hazy layer of true essence on her body. Even I can't see through it. However, this People give me the feeling that what I cultivate seems to be some kind of magic..."

Before Fu Qiankun's words fell, the man turned his head and looked over. The cold and dark eyes were like two \*\*\*\* of cold electricity, which shot on the two people in an instant, and an invisible force spread over them.

"It was discovered."

Qin Chen was startled, and suddenly sucked in air-conditioning, and countless illusions suddenly appeared in front of him, as if a head of a magical shadow was flying, and his mind was dizzy.

not good!

Qin Chen hurriedly guarded his mind, the heavenly soul forbidden technique was operating, and his mind instantly cleared up, and the illusion in front of him disappeared. When he raised his head again, the person no longer stared at him.

Qin Chen's heart suddenly stunned, so strong, just a look in his eyes, almost made him say, what kind of cultivation is this?

"The person who just performed seems to be some kind of magic power... When did Tianwu Continent have such a master?"

Fu Qiankun also took a cold breath. He felt that the cultivation of the man in black was not much better than that of the Emperor Dan Emperor and the others.

However, this person was very low-key. Like Qin Chen, he was hidden in the crowd, and he was not as early as Jijing Dandi and others.

"Magic master?"

Qin Chen murmured, at first he even thought that the opponent was a master of the alien demon race, if it weren't a master of the alien demon race, how could he almost fall into an illusion in an instant.

However, Qin Chen dispelled his suspicion after carefully distinguishing it. He couldn't be more familiar with the power of the alien demon race, and it was so different from the magic power dissipated by the man in black.

"Who is this person?"

Qin Chen silently recorded the other party in his heart, and what puzzled Qin Chen was that the other party gave him a very familiar feeling, as if he had known each other, but no matter how Qin Chen recalled it, he couldn't remember that he knew such a person.

Qin Chen could only give up and turned to look at the two people to the west.

"Kid Qin Chen, the woman of the two is an alien race, and she seems to be our old friend."

Suddenly, Lao Yuan's voice rang in Qin Chen's mind.

"Old friend?"

Qin Chen was startled.

"When I was in the Guyu Realm, this person was one of the alien demons in front of the regular fruit tree, but later he escaped before that alien demonic continent shattered. Have you forgotten?"

When Lao Yuan said this, Qin Chen remembered it all at once.

"Damn, you are talking about Red Flame Demon Lord and Mo Li, these two guys? No wonder I always feel so familiar?"

Qin Chen was speechless, why did these two guys run over?

Chiyen Demon Lord and Mo Li rarely see people in normal times, but whenever something big happens, these two guys are like shit-cutters, and they always get that kick in. This time they don't want to come too. Here is the autumn wind, right?

But when did the Red Flame Demon actually become a woman?

The upper demon monarch of the dignified alien demon race actually took away the body of a woman. Qin Chen watched Mo Li embrace the Chiyen Demon Lord, and the two looked like a husband and wife, and there was a sudden chill in his heart.

This taste is too heavy.

"Little dust, when Red Flame Demon Lord was in the Alien Demon Race, his status was still higher than me. Maybe he knows any secrets." Skeleton Rudder Master's voice suddenly sounded.

"Regardless of them."

Qin Chen shook his head. These two guys only need to pay attention. The most important thing now is to be careful of the people in Misty Palace.

While Qin Chen and the others were talking about Chi Yan Demon Lord and Demon Li, Chi Yan Demon Lord suddenly frowned, feeling chilly behind him, as if being stared at him, he could not help turning his head and looking for him for a long time. Did not find the source of that look.

"Be careful." Chi Yan Demon said harshly to the demon, always feeling a little dangerous.

Qin Chen's gaze continued to search, as long as he didn't find anyone in Misty Palace for a moment, his heart couldn't let go for a moment.

Before the devilish formation, Long Batian waited for a long time and couldn't hold back. He frowned at Lou Zimo, who had been checking the formation for a long time, and said, "Lo Zimo, you are the Supreme Elder of the Hall of Talisman. A large formation of devilish energy, with your cultivation base, shouldn't it be invisible?"

"You do it?" Lou Zimo snorted, dissatisfied.

"Hmph, I'll come when I come. It's not just a big formation. Why don't you break it? If you break through, I don't believe that this small formation can still stump this one."

Long Batian gave a cold snort, and was about to step into the big formation.

Suddenly, he paused, raised his head suddenly, and looked at the entrance of the fork in the back.

Jijing Dandi was also startled, turned his head to look, and then laughed: "It seems that a distinguished guest is here."

Boom!

As soon as his voice fell, terrible pressure suddenly appeared at the fork in the road behind everyone.

Many warriors outside the devilish array were shocked, and they recovered from the waiting and looked into the sky.

The air slowly fluctuated, and two figures immediately appeared, it was Shangguan Gufeng and the Black-clothed Man Swallowing Demon Lord.

Shangguan Gufeng was wearing a palace robe, his face was full of folds, his eyes looked a little cold, and his whole body revealed a unique temperament, extremely sharp, which made people extremely jealous.

The Heaven-Swallowing Demon Lord beside her was wearing a cloak, her figure was completely shrouded in darkness, she couldn't distinguish her appearance at all, and there was a layer of invisible aura flowing outside her body, without any clues.

Shangguan Gufeng stepped down from the void, and said with a quack: "Everyone has arrived, isn't the old man late?"
