

Valkyrie 2061

[Chapter 2061: Annihilated the Long Family](#)

"Shangguan Ancient Style!"

Pill Emperor Jijing didn't know who came from the beginning, his eyes condensed at this moment, and he said with a cold voice.

"It turned out to be her?"

Chu Huahan's eyes condensed, and they were shocked.

In fact, Shangguan Gufeng rarely walks around the rivers and lakes, so not many people in the mainland know her. However, no one knows about Shangguan Gufeng, especially her identity as Shangguan Xier's aunt. Even more compelling.

Qin Chen didn't see that when Shangguan Gufeng appeared, the black-clothed man who had performed magic power flashed his eyes as if he was shocked, and his body trembled slightly, but his calmness was restored instantly.

As for the warriors of other forces in the surrounding Sky Thunder City and the Martial Domain, they were all startled and confused.

Shangguan Gufeng, who is this person? Why haven't you heard of it before?

"Shangguan Gufeng, as a member of the Misty Palace, you dare to come here, aren't you afraid of death?"

In the crowd, Long Batian took a step forward, snorted coldly, and his body was chilly and booming, a dragon aura rushed out of him, hitting the ancient Shangguan, with murderous aura.

Lou Zimo of the Hall of Arms also walked out angrily, with amazing power emerging from his body, and waves of true essence lingered around him, like a flood, which made people shudder.

"Why, is that how you two welcome old people?"

Shangguan Gufeng didn't take it seriously, and walked down from the void. Everywhere he passed, the crowd dispersed, staring one by one, looking at the Shangguan Gufeng walking freely among the many powerful men in amazement like never before.

People in Misty Palace...

hiss!

The sound of inhaling air-conditioning continues one after another. If you say that today, which force is the least dare to provoke all warriors? Then the Misty Palace can definitely rank first.

For two hundred years, the Misty Palace relied on terrifying methods and the pervasiveness of the Law Enforcement Palace to control the entire Martial Domain in its hands. It was the veritable first force in the Tianwu Continent.

Therefore, I heard that Shangguan Gufeng was a strong man in the Misty Palace, coupled with her Shangguan's re-surname, it immediately drew everyone's shock and retreated in amazement.

For a while, the atmosphere on the court suddenly became extremely strange and stagnant, and invisible murderous intent was revealed in secret.

Long Batian said coldly: "Shangguan Gufeng, your misty palace is doing harm to the world, colluding with other races and killing my Long Family disciples. You dare to come here today. Are you afraid that I will take you today and avenge my Long Family disciples? "

Shangguan Gufeng laughed, seemingly indifferent, but squinted coldly: "Long Batian, just because you want to take down the old body, you are too dear to yourself, not to mention, my Misty Palace colluded with foreign races, and I don't know. Where did you get the news? Do you have evidence? If there is no evidence, dare to slander my Misty Palace, believe it or not, after I go out, I led the Hall of Law Enforcement to destroy your Long Family and let your Long Family disappear completely in this martial realm ?!"

Everyone was shocked, everyone was stunned.

Annihilated the Long Family? This tone is too domineering, right?

The Long Family is one of the top families in the Tianwu Continent. It is famous and unparalleled in the world. Its inheritance is at least five to six thousand years. The Shangguan Ancient Wind just killed the Long Family casually, so loud.

If someone else said that, everyone would only consider her to be bragging, but what she is talking about now is the ancient style of Shangguan, and everyone is shocked, and their hearts are even more shocked.

If there is any force in the world that has the power to destroy the Long Family, and Misty Palace is second, no one would dare to be the first.

Didn't you see that Gu Fangjiao, one of the top mainland powers that had been passed down in the Martial Domain for thousands of years, was destroyed by the Misty Palace?

Long Batian's eyes condensed, his breathing was heavy, his eyes became increasingly cold, and his heart was extremely angry. This Shangguan Gufeng was so loud.

At this moment, Long Ba's inner anger was beyond words. In fact, he had already retreated in his heart, knowing that if he really killed Shangguan Gufeng here, then the Long Family would definitely be over. How could he let go of his overbearing Long Family, but if he let him back down like this, let him lose the face of the Long Family?

"Hahaha." Long Batian couldn't help laughing wildly. While laughing, he looked at Lou Zimo and said coldly: "Brother Lou, this Shangguan Gufeng dare to threaten me to wait. What do you think Long should do?"

How Lou Zimo didn't know the meaning of Long Batian, Long Batian clearly wanted to drag himself into the water.

But at the beginning, the Qidian and Xuanyuan Empire attacked the Misty Palace, and as a result not only the entire army was destroyed, even the deputy head of the Qidian, Mu Xun, also voted the enemy. How could he not report such great enmity?

"What nonsense with her, take him down first." Lou Zimo snorted and took a step forward.

"Haha, well, what Brother Lou said is exactly what I wanted."

Long Batian shook his five fingers, and the "cracking" bone explosion sounded one after another, and a faint dragon-shaped shadow appeared around his fist, making the sound of dragon chanting.

The space shrank, and all the dragon-shaped phantoms collapsed, and countless wrinkles were pulled out, containing this trace of terrifying dragon power.

The bodies of those around Long Batian seemed to be deformed.

Upon seeing Dandi Jijing and others shrinking their pupils, their eyes flickered, they couldn't help but say, "Brother Long, why bother to fight."

Although he said it, he didn't do anything in his hand, just watched coldly.

Long Batian said coldly: "No one wants to stop this seat today. I will take this person first, and then return to Long's house. I must give this seat an explanation from Misty Palace."

When the voice fell, he gave a soft sigh and directly raised his fist.

The fist of the dragon rose slowly, roaring, a real dragon phantom roared out of his fist, and rushed towards the ancient style of Shangguan.

"boom!"

Countless broken sounds in the sky, like rock fragments, penetrated everyone's ears bang bang bang bang, and their expressions changed drastically.

That real dragon instantly swelled and turned into a giant fist that was ten feet long. It soared for nine days and rushed directly to Shangguan Ancient Wind, to completely envelop the Shangguan Ancient Wind and strangle it into pieces.

Everyone was shocked, and under their eyes, Shangguan Gufeng was instantly swallowed by the real dragon, and he couldn't help showing his horror.

In the shadow of the dragon-shaped fist, Shangguan Gufeng quacked and laughed strangely: "Long Batian ancestor, you are too dear to your old body, you are so ruthless when you make a move, are you afraid of losing your demeanor?"

She stood in the center of the real dragon vortex, laughing loudly, her voice clearly heard in everyone's ears.

"what?"

Everyone was shocked. Although it was expected that Shangguan Gufeng would not die so easily, the sound was loud and sound, as if it were easy to do.

Long Batian's eyes condensed, his face sank.

Shangguan Gufeng's quack sounded again, and said coldly: "It is said that the dragon family's ancestor, the overlord's true dragon technique is unparalleled in the world. Today, the old man wants to see what is so great."

[Chapter 2062: Big change](#)

Then a rainbow light bloomed from the real dragon phantom, emitting a strong light that pierced people's eyes, like a lotus flower in full bloom in the depths of the sea of clouds.

"Boom!"

Within a radius of one hundred meters, the dragon-shaped phantom was centered, and it collapsed in an instant. The real dragon phantom roared, burst into pieces in an instant, and disappeared.

Puff puff!

Under this power, some nearby warriors vomited blood and flew upside down. Some people with lower cultivation levels were swept by the aftermath, and suddenly burst to pieces, leaving no bones.

scare!

Everyone was horrified and backed up one after another, their faces extremely ugly.

It was a fight between the gods and the mortals. The two who shot were all right, and the crowd who watched the excitement died a lot.

"Humph."

Long Batian snorted coldly, his face was ugly, his figure was shaking, roaring, his figure resembling a real dragon rioting, killing the Shangguan Gufeng.

Shangguan Gufeng sneered, his body turned into layers of afterimages, banging banging, fighting with the dragon and tyrants, the true essence of the sky suddenly swept through, and the world instantly turned into a tsunami, and the violent explosion sound was endless.

The battle between the two was evenly matched.

"Hahaha, Lou Mou is here."

Lou Zimo laughed and rose to the sky, wanting to join the battle group, a giant hammer appeared in his right hand, and it slammed into the battle group.

Hum!

The warhammer bloomed with mighty black light, folds the appearance of the void bombardment, and the void was constantly oscillating. A dark shock wave seemed to roar out of the chamber and rushed straight into Shangguan Gufeng, but the shock wave hadn't reached Shangguan Gufeng's body. The figure appeared before the shock wave, it was the man in black who had come with Shangguan Gufeng.

The black-clothed man crossed his chest with his hands crossed, and a dark light flashed, banging, he forcibly blocked Lou Zimo's attack, his hands flashed with black ink, with a palpating cold chill.

Boom!

The terrible aftermath swept down, and everyone fled in all directions.

Then, everyone shook violently, looking at the man in black who stood proudly in the sky in amazement, shocked in their hearts, even Pill Emperor and the others, their eyes condensed, revealing a solemn color.

It was enough for Shangguan Gufeng to block Long Batian's attack. After all, Shangguan Gufeng was a Wudi powerhouse three hundred years ago, a veteran master, and even Shangguan Xier's aunt, Shangguan's top powerhouse.

But what about the man in black? I have never seen it before, and I don't know the origin, but it also blocked Lou Zimo's blow. How is this not surprising?

When does the Misty Palace pull someone out at random, they have this kind of cultivation?

Lou Zimo's blow was blocked by the man in black, his face was blue, and his figure was violently up, booming, and under the sledgehammer dancing, like a windmill, the boundless shadow of the hammer surged out and turned into layers Whirlpool, straight to the man in black.

"Boom!"

The ear-piercing blasting sound that I just listened to kept resounding, and the two fought into a dark shadow, complementing the battle between Shangguan Gufeng and Long Batian, regardless of superiority.

"hiss!"

The people were stunned, each one was stunned, but Jijing Dandi and the others also frowned deeply, seeming to ponder something.

Qin Chen's eyes flickered as he watched the fight between the two sides. It could be seen that although the two sides fought fiercely, they didn't really come up with the assassin, and they were both in temptation.

His eyes fell on the black-clothed man, his brows furrowed, he always felt that the power released by this man was a bit weird, like a magic way, but it revealed the power of a rule unique to the alien race.

This person is clearly disguised as an alien race!

This is Qin Chen's unique ability. He who has swallowed the blood soul crystal soul is very sensitive to the rules of the alien demon race. He can directly perceive the origin of the opponent's practice, and he can naturally see more thoroughly.

After seeing through, Qin Chen couldn't help feeling even more awe-inspiring.

This Shangguan Gufeng is so courageous that he dared to show up with an alien from the demon race, and he even dared to fight openly. Isn't he afraid of being seen through by the major forces? Or, what else does she rely on?

Qin Chen frowned in thought.

At this moment, Qin Chen glanced at the Demon Lord Chiyan not far away, and saw his body trembled, looking at the man in black above his head in shock.

Qin Chen was stunned. Why did the Red Flame Demon react like this? Did it recognize the identity of the man in black? While in doubt, he heard the horrifying voice of the Skeleton Rudder Master Qin Chen's mind: "Little Chen, this man in black...this man in black is Lord Swallowing Devil..."

Swallowing Demon Lord?

Qin Chen only felt that the name was very familiar, and he was slightly startled before suddenly rang out who the Demon Lord was.

Damn, isn't this the leader of the Blood Demon Cult in the Land of Five Kingdoms?

Yong Ye was just a rudder master of the Blood Demon Cult, and the leader of the Blood Demon Cult was the Swallowing Demon Lord, and also Yong Ye's boss at the time, the upper demon Lord in the Heavenly Demon secret realm.

Later, the Heaven-Swallowing Demon Lord got out of trouble and recovered from a deep sleep in the blood demon sect of the land of the Five Kingdoms. After Qin Chen enslaved the Eternal Night, he had searched for the Heaven-Swallowing Demon Lord and found that the Heaven-Swallowing Demon Lord had been taken by people more than a hundred years ago. Go away, and the person who took it away is the person from Misty Palace.

Unexpectedly, after the Heaven Swallowing Demon Lord was taken away by the Misty Palace, he would be completely resurrected, and he also became a high-level member of the Misty Palace, which was really good fortune.

"Little dust, as far as I know, Master Tian-Swallowing Demon Lord had an ancestor who once joined the team who entered the seal of this space. This time it came, it is very likely to come to find its ancestor back then!"

The Skeleton Rudder master instantly told another secret.

In an instant, all the clues were connected together.

It's no wonder that the Heaven Swallowing Demon Lord will appear here. So, this person is very likely to have a way to contact the alien demons in this ancient demon land!

This may be a place to be used.

But how can it be used?

Originally, Qin Chen was still wondering if he wanted to pierce the identity of the man in black as an alien, but now, Qin Chen has changed his mind, this person still has a purpose, and staring at it is equivalent to staring at all actions of Misty Palace. .

"Boom!"

At this moment, the fight between Shangguan Gufeng and Long Batian suddenly exploded, and the terrible Gangfeng slammed and became extremely violent, blasting towards the devilish array not far away.

"not good!"

Many people whispered in their mouths, with shocked expressions on their faces.

With the power of the gang wind, the vortex Zhenyuan slammed on the devilish array like a rising dragon.

"Boom!"

The space trembled and the mountains shook.

The large array of devilish energy suddenly seemed to be activated, and the devilish energy inside suddenly surged, swelled in an instant, and immediately wrapped toward everyone.

"Damn it!"

Long Batian and the others stopped fighting one after another, furious, the infinite demonic energy swept through, with a cold killing intent, they were violent in an instant.

This kind of change makes everyone totally wonder what to do.

A flash of blame flashed in the eyes of Emperor Jijing Dan, and he sternly shouted: "Dragon Batian, Shangguan Gufeng, I also invite you to take action together and set up an enchantment. Don't let this devilish energy change."

Once the Demon Qi Array changed, their previous calculations were all in vain.

[Chapter 2063: These old things](#)

Long Batian sternly glanced at Shangguan Gufeng, and then said: "Okay, I will let go of Shangguan Gufeng for the time being."

Lou Zimo also looked at the Demon Swallowing Monarch coldly, his figure shook, and he went straight to the front of the devilish energy, squeezing the formation with his hands, buzzing, and instantly hundreds of formation flags were like flying butterflies. Flew out from him, instantly arranged into a big formation, enveloped down.

"Everyone will follow me together to protect this huge array of devilish energy."

Accompanied by Lou Zimo's stern shout, everyone took action, regardless of the previous suspicions, all kinds of true essences surged out, blessing on this big formation.

Hum!

I saw the big array blooming with bright sunlight, forming a light curtain, covering everyone on the field, and resisting the devilish energy.

"Boom!"

The devilish energy collided with the array of light and roared, and the mask suddenly shook violently. Lou Zimo's complexion was dignified, his hands flowed quickly, and it was like dancing into a phantom. Layers of power continued to merge into the large array to maintain the large array. Peace.

"This Lou Zimo is on the way of the formation, but there are two times." Fu Qiankun couldn't help exclaiming.

Raising his hand, he set up this nine-level big formation. Such a method is not something that an ordinary formation master can make, and it can be worthy of the praise of Fu Qiankun.

Qin Chen thoughtfully.

"Boom!"

At this time, the big formation continued to shake, and the terrifying power swept over, and Lou Zimo seemed to be a little bit unable to hold on.

Lou Zimo speeded up the squeezing speed, and at the same time sternly shouted: "Everyone should work harder. Each person only needs to contribute half of his strength."

He first played a formation, with surging true essence, flew into the big formation at once, and the light suddenly became bright, and the various rune paths above were clearly visible.

Sweat oozes from his forehead, as if he has exhausted all his strength, and he is unsustainable.

When everyone saw this, they were too embarrassed to hide and tuck them again, after all, if the big formation was broken, they would definitely be affected.

"Boom boom boom..."

The people who originally had reservations took action to increase the speed of instilling the true essence, and immediately countless rays of true essence rose into the sky, flying into the shield, and the entire formation became radiant in an instant, and gradually became stable. .

"Hehe, don't be fooled by that guy, Lou Zimo looks honest, he didn't expect that he is also a bad guy."

Qin Chen casually punched in a real yuan, and said with a chuckle at Fu Qiankun.

Lou Zimo's large array appeared to be unable to support it on the surface before, but in fact it has stabilized the situation. The reason for pretending to be difficult is just to let everyone increase their true essence instillation, so that they can pass. Formation to identify the strength of everyone present.

Fu Qiankun curled his lips and said, "Don't worry, although I'm not as good as you in the formation, but I'm also a 9th-level formation master, how can I not see Lou Zimo's careful thinking? But Lou Zimo should be this time It's a miscalculation. If someone here really has the intention to hide his cultivation base, can he find out the truth and illusion in a single formation?"

The fact is also true. Whether it is the Demon Swallowing Demon Lord, the Scarlet Flame Demon Lord, the mysterious man in black, or even the Emperor Pill of the Mirror, on the surface, it seems that they are doing their best, but in fact they have no real full effort at all.

To become a master of the pinnacle martial emperor, who is not very shrewd, slippery, and if this little trick can reveal the reality and reality, how can he be mixed in the arena.

Lou Zimo obviously saw this too, booming, he urged the formation flag, and the light was completely stabilized, and the demon energy of the original riot gradually calmed down and returned to its original state.

Withdrawing the formation flag, Lou Zimo arched his hands and said, "Thank you for your help."

"Where and where."

"I am waiting to thank Senior Lou."

"Yes, if it wasn't Senior Lou, I'm afraid it would be dangerous before I waited."

Lou Zimo's actions have attracted a lot of goodwill from everyone, and they all said, admiring them very much, thinking that although Lou Zimo is the top powerhouse in the palace, he is so amiable and gentle to ordinary warriors, worthy of it. He is a well-known strong man in the mainland, which is admirable.

Emperor Jijing turned his head and said to the people of Long Batian and Shangguan Gufeng: "No matter what contradictions you have in the outside world, now this mysterious magical land is full of dangers. Please be patient for a while, join hands and wait out. Here, no matter how you settle the accounts, the old man will definitely not have any obstacles."

"Huh, that's fine, I will talk about the accounts of my Long Family and Misty Palace in the future."

"Since Emperor Jijing has spoken, the old body will naturally sell you a lot of face." Shangguan Gufeng said lightly.

The atmosphere between the two parties immediately eased a lot. Although they were still extremely at odds with each other, they only met with cold eyebrows, and never fought.

"Interestingly, now that both sides have steps, there is no need to fight and kill." Qin Chen laughed.

"These parties didn't really mean to do anything, but they just want to save face and keep their face."

Fu Qiankun snorted, how could he fail to see that, let alone the current claim that the tie was false, even in the previous fight, the two sides did not really try their best, but they were trying.

These old things are more cunning than the other.

While Fu Qiankun cursed secretly in his heart, he did not expect that if he talked about the old things, he was one of them, even more senior than Long Batian and others. As for the cunning, he could only hehe, eldest brother, don't laugh at the second brother...

After analyzing for so long, Lou Zimo and others still failed to analyze the results of the Demon Qi Array, and finally couldn't help it.

"Forget it, soldiers will come to block, water will come to cover the earth, people from all major forces in the Thunder City dare to enter this big formation, I am still waiting here to analyze what strength, I really want to analyze this big formation thoroughly, I am afraid it may not be necessary for three to five years. can do it."

Lou Zimo let out a low drink, and was too lazy to make calculations. He immediately stepped into the devilish formation and disappeared.

When everyone saw this, they all followed in.

"go!"

Qin Chen and Fu Qiankun followed in secretly.

As soon as they entered the demon qi formation, everyone's sight was filled with the dark devil qi, as if they were in a dark world.

Although Qin Chen's clone Qin Mo had entered this demon qi formation, and even passed the demon qi formation, when Qin Chen's real body entered, he still felt a difference.

Qin Mo is a perfect demonized physique, his perception will be magnified countless times in the demon energy, and entering this big formation is like a fish in water, just need to follow instinct to easily pass this big formation.

But Qin Chen's body was a human body. Even if he had practiced the techniques of a foreign demon race, he was still disturbed by the invisible demonic energy as soon as he entered, as if his eyes were blackened and he could not perceive anything.

"What a powerful devilish formation."

Qin Chen was surprised.

[Chapter 2064: See what you do](#)

"what!"

At the same time, just for a moment, there was a scream in the big formation. After many warriors were confused by the devilish energy, they immediately touched the danger prohibition, and their whole body turned into a corpse, and the blood evaporated into nothingness.

The blood dissipated strangely in the formation, not knowing where it was absorbed.

"Huh, pretending to be a fool."

Lou Zimo snorted coldly, and a palm-sized compass appeared in his hand. As soon as the compass appeared, a five-color rainbow light burst out, and the devilish energy was slowly opened up.

"Seven Xuan Dou Tian Xing Yi?!" Upon seeing this, Emperor Ji Jing could not help exclaiming.

Long Batian and the others also all looked over, showing a look of surprise.

Qin Chen also lost his voice: "Lou Zimo actually brought in the Seven Xuan Dou Tian Xingyi?"

The Qixuan Doutian Star Apparatus is the treasure of the Qixuan Temple. This object is the most capable of exploring formations, setting the world's latitude and longitude, searching for dragons and walking holes. It is one of the top treasures of the Qixuan Temple, and belongs to the same Tiankong Wanzhuan array. Level treasure. However, the functions of the two are different. The Tiankong Wanzhuan array disk is specially used to arrange the formation, and even a nine-level emperor-level array can be

arranged in an instant, which is infinitely powerful. Advanced formation, spying on the breaking of formation

Blooming and formation patterns have different magical functions.

The Qixuan Doughtian star ceremony sacrificed, and suddenly the devil energy in this area was slowly repelled out.

In the devilish formation, pillars immediately appeared. These pillars were engraved with weird runes and prohibitions, and there were also life-like demons carved on them, which made people feel evil when they saw it.

The previous warriors accidentally touched these pillars and instantly turned into corpses, and their blood and life passed in an instant.

This pillar is strong and terrifying, and very strange.

It should be noted that a few days of Thunder City's giant Wudi died outside, so don't think that if you have a strong cultivation base, you can be fearless, and the level of danger may not even be safe for the peak Wudi.

"Everyone, be careful, walk around this pillar, there should be nothing wrong." Lou Zimo frowned and said at the same time, as if he was curious about the pillar, he looked carefully, as if he was analyzing something.

The people were eager for Lou Zimo to take them away quickly, but Lou Zimo stopped moving, and everyone was embarrassed to urge them, but they were anxious in their hearts and bitter in their mouths. Qin Chen was also attracted by these pillars, because he found that these pillars were somewhat similar to the pillars of the underground palace that he had seen at the bottom of the Black Death Marsh. It seemed to be the same style, but the lines and restrictions on them were somewhat similar. Do not

with.

He carefully analyzed these lines, wanting to see some clues, the same sucking blood, and how is it exactly the same as the underground palace under the Black Death Swamp?

"Brother Lou, these are just some ordinary formations. There is no need to watch for so long, right? It's better to move forward quickly and get through this devilish formation as soon as possible."

Finally, the impatient Long Batian couldn't help it, and said.

"I want to get through the big array and walk by myself, don't chirp." Lou Zimo snorted coldly, not showing any face.

"you....."

Long Ba is in a hurry. If it weren't for Lou Zimo's request now, why would he have to swallow so hard, just suffocating his face, and annoyed in his heart, this old thing is too shameless, and it was good to join hands before.

I couldn't help but glanced at the Jijing Dandi and others, but found that the Jijing Dandi, Chu Huahan, Qiu Puchun and others all had their eyes closed slightly, and they looked at their noses, noses, noses, and hearts. They weren't worried at all. Secretly scolded myself for being cheap enough to be this early bird.

Lou Zimo watched for a long time and found that there was no clue from the snooping. He couldn't help but control the light of the Qixuan Doutian Xingyi, and walked toward the pillar. Obviously, he wanted to use the power of the Qixuan Doutian Xingyi to analyze the structure of the pillar.

Qin Chen's eyes rounded when he saw it, and he hurriedly shouted, "Stop."

But it was too late.

Hum!

As soon as the array of light from the Qixuan Doutian Xingyi enveloped the pillar, the entire pillar seemed to have been activated, and countless restrictions flowed, bursting out jets of dark light.

"Boom!"

The devilish energy surged, and a horrible light instantly attacked everyone.

"not good!"

Qin Chen was shocked, his true essence bloomed, and his hands lit his debut starlight. The starlight was shining like a chain of light, covering himself and Fu Qiankun.

And the people in black, Demon Chiyan, Demon Swallowing Sky and others all reacted as soon as Qin Chen drank low, and they shot one after another, and the lights of various colors burst out suddenly, colorful and extremely gorgeous.

But those ordinary warriors were not so lucky, Om, a terrifying light instantly enveloped them.

"Puff puff....."

Suddenly, the sound of flesh and blood exploded, and only the sound of explosions sounded. As long as the warriors below Emperor Wu exploded, they couldn't even make screams. Lou Zimo's complexion changed drastically, and he hurriedly displayed his formation, covering everyone on the field, but it was too late, and the array was filled with light. Although it protected the vast majority of people, it had already fallen for a few moments. A hundred people, the number is immediately reduced

What fraction of it. What's even stranger is that after those people burst open, the blood seems to have been swallowed by an invisible black hole, leaving only a piece of ashes to dissipate, while the blood and life breath disappeared without a trace, if everyone didn't just watch them. Fall,

I can't even believe that hundreds of people have fallen here in an instant.

The surrounding black pillars immediately filled with the **** light of their debut, as if they had come to life. The lifelike demon eyes above suddenly burst into blood, as if they were about to walk down from the stone pillar.

That kind of breath makes people feel like an enemy.

Fortunately, these pillars soon dimmed again, but they turned into black and red colors, which were extremely strange.

Long Batian was frightened and said, "Lou Zimo, it depends on your good deeds."

"Shut up." Lou Zimo's face was green, but he didn't say anything. The many warriors who fell before this were really his responsibility. Although without him, there are more people who fall, but if he didn't act rashly. The stone pillars in the devilish array, these people

Maybe it won't die.

It's hard to distinguish good from evil with one peck and one drink.

"Boy, what's your name?" Suddenly, a deep voice came.

Qin Chen raised his head and saw that Emperor Pill Mirror was staring at him weirdly, and a different color flashed in his eyes.

Qin Chen knew that his previous shout had exposed himself, and smiled awkwardly, saying: "People from the country, the name is not enough."

"Hmph, you yelled out just now? Could it be that you saw something?"

Long Batian couldn't cure Lou Zimo, so he could only take Qin Chen out of breath, staring at him coldly, and said angrily.

Everyone around them felt a chill, and felt silent for Qin Chen. Everyone looked at him, wanting to see who the opening person was. But at this look, many of the strong men in Thunder City were all stunned.

[Chapter 2065: Lu Zian performance](#)

"It's the dust of the Black Order."

"And Master Hei Bei!"

"Why are they two?"

boom!

One stone stirred up a thousand layers of waves, and the court suddenly became noisy. Many people looked excited and exclaimed. At this time, almost half of the warriors who came here were the masters of Sky Thunder City. They had been oppressed by Long Batian and others. They were dissatisfied long ago, just because there was not a top master of Sky Thunder City on the field. They all dare not say anything

That's it.

Seeing Qin Chen and Fu Qiankun now makes them not excited.

Damn, although the Black Order had just been established in Sky Thunder City, it was the power of their Sky Thunder City anyway.

Especially Fu Qiankun, who had killed the president of Moxiu Tower and Laozhong Chamber of Commerce with a short span of his fingers, was definitely a master at the peak martial emperor's level, and everyone had the backbone of it all at once.

For a time, many strong people in Tianlei City spoke in excitement and saluted respectfully.

At first, everyone was not so united, but the previous actions of Long Batian were too dismissive of their warriors in Tianlei City, and they immediately attracted a lot of hearts to Qin Chen and Fu Qiankun.

"Brother Chen, you make us two easy to find, oooooo..."

Suddenly a depressed cry came, and two swishes, just as two figures swept from behind the crowd and fell in front of Qin Chen.

It was Lu Zian and Rao Yuangeng.

At this moment, the expressions of the two of them were very resentful, like a little daughter-in-law who had been abandoned. That was so sad that they almost fell on Qin Chen and cried.

No wonder they look so much.

After Qin Chen abandoned them before, the two of them were anxious and chased them frantically, but they couldn't catch up with Qin Chen's pace. As a result, when they arrived at the three fork in the road, a large number of Qin Chen had already entered the demon. Furious.

Lu Zian and Rao Yuangeng failed to catch up with this wave of people, and they actually ran to the first fork in the dark. If it weren't for the fire that Qin Chen left in their bodies at the last moment, they would almost fall there. Above the cliff.

Fortunately, the two of them had good luck and found the right second path. They had previously followed the follow-up team to break into the devilish formation. They happened to encounter this scene, and the excitement in their hearts was beyond words.

Now even if they were killed, they were not willing to leave Qin Chen.

"Hi! Isn't this Lu Zian's deputy commander of Dark Moon?"

"The other is...Vice President Rao Yuangeng of the Sky Excursion Club!"

Seeing Lu Zian and Rao Yuangeng appearing, everyone sucked in the air, and immediately showed joy again. These two people are also strong in their Tianlei City.

It's just that the two of them are so well-behaved in front of Young Chen of the Black Order?

Jijing Dandi and the others looked at this scene unexpectedly, and couldn't help showing a look of surprise. They didn't expect these two guys to have such a reputation in Sky Thunder City. Are they the masters of a top power in Sky Thunder City?

"Boy, I'm talking to you, are you deaf?" Long Batian saw that Qin Chen ignored him for a long time, and suddenly became annoyed. He coldly shouted, banging, a terrifying force was like the ocean, and it turned towards Qin Chen for a moment. The cover was pressed down.

What black and white religious order? In the eyes of Long Batian, the ancestor of the Long Family, Tianlei City couldn't look good, how could he care about the identities of Qin Chen and Fu Qiankun, but they were just buns in such a dilapidated place as Tianlei City.

He only cared that Qin Chen didn't answer his question in the first time, and immediately wanted to teach the other party a lesson.

"How do you talk about old things?"

Lu Zian was angry before Qin Chen spoke.

He knew that his image in Qin Chen's mind was not very good, so he just jumped out like Ma Tsai, pointing angrily at Long Batian, "Old things, respect Brother Chen from now on, otherwise don't blame Lao Tzu for treating you. You're welcome." Lu Zian stood in front of Qin Chen. He wanted to show it in front of Qin Chen. Although he saw that Long Batian was not an ordinary person, in Lu Zi'an's eyes, there was only Qin Chen. If it weren't for Qin Chen, he l've died ten times eight times a long time ago, I'm grateful for this

There is still a heart.

"hiss!"

There was a sound of inhaling air-conditioning on the court. The other warriors of Tianlei City watched Lu Zi'an challenge in front of Long Batian, and suddenly felt that the teeth hurt, just like constipation.

Someone wanted to step forward and say: "Brother, that is the ancestor of the Long Family, the top force in the Martial Domain."

But thinking of Long Batian's domineering, everyone dare not, they can only wink to remind Lu Zian.

"you wanna die!"

When Long Batian was humiliated so much, Shangguan Gufeng and Louzi Mo attacked him. What is this guy in front of him, and he deserves to challenge him? Do you think you are invincible if you are also the peak martial emperor?

Long Batian raised his hand and grabbed the camera at Lu Zian, and said angrily: "It's just a small force in Tianlei City, the Emperor Wu, pretend to be garlic in front of this seat and kill me."

"Boom!"

He reached out with his big hand, and suddenly the boundless dragon spirit rose up, a true dragon void formed in the sky, and it hit Lu Zian.

Lu Zi'an was shocked, not good. The so-called expert will know if there is any when he makes a move. Lu Zian doesn't feel anything when Long Batian doesn't make a move, but when he makes a move, Lu Zian knows that he has kicked the iron plate, and there is a clicking sound. Emptiness

Once it was solidified, the True Essence in the body stopped running, and the bloodline seemed to feel boundless fear.

In panic, Lu Zian immediately sacrificed his ring blade, and the blood in his body surged crazily, instantly activated, and slashed towards the dragon Qi.

"Boom!"

When the two terrible forces collided, Lu Zian only felt that an unparalleled force swept over him, and he felt like being in the vast sea of wandering. He felt a cold in his heart immediately, knowing that he was too big, his face was terrified, the other party hadn't made a full shot yet, just this simple move made him unable to parry, once he shot with all his strength, how good would he be? When did Tianlei City come?

Are you such a top master?

In panic, Lu Zian broke out all at once, hum, the ring blade in his hand exploded, forming an invisible ring attack, and the shadows swept out like layers of halo.

Puff puff puff...

Countless ring blades burst out with a dazzling black halo, and instantly collided with the dragon-shaped phantom shot by Dragon Batian.

At this moment, Lu Zian had a slight breakthrough.

But not enough. Who is Long Batian? The ancestor of the Long Family, the top powerhouse of the top forces in the mainland, is definitely an existence close to the holy realm. As the peak martial emperor, Long Batian is definitely much stronger than Lu Zi'an. With his fingers hard, the terrifying dragon-shaped innocence tears instantly. crack

Lu Zian's attack blasted into his body.

At the critical moment, Lu Zian's body suddenly blurred.

It was his killer's secret book, hiding the void, trying to escape the attack of Dragon Batian. But it was useless, Long Batian's dragon-shaped fist power had already submerged into Lu Zian's body, blasting him out instantly.

[Chapter 2066: What an idiot](#)

"puff!"

In the void, blood spurted wildly, Lu Zi'an spouted blood, and his ribs were almost broken. If it were not for the last moment, he displayed the secret killer skills, I am afraid that he would not die and be seriously injured by this move.

"hiss!"

There was an endless sound of inhaling air-conditioning suddenly on the court, and all the Thunder City powerhouses looked at Long Batian in amazement, with unprecedented shocking light in their eyes.

Is this the powerhouse of the top mainland power?

Is this the ancestor of the Long Family?

Before Long Batian and Shangguan Gufeng fought, both of them came from top powers, so they were evenly matched, almost indistinguishable from each other, making it impossible for everyone to distinguish how terrible the top powers such as Long Batian were.

But now Lu Zian and Long Batian's fight, so that everyone in Tianlei City suddenly wakes up, Long Batian and others are truly terrible.

This is the deputy commander of Darkyue, a master of the peak martial emperor level. Although Lu Zian is not the top powerhouse in Sky Thunder City, he is also second only to the president of the Skyscanner and the second-line figure led by Darkyue. He is a quasi-second-line figure, after all, there are strong men like Feng Kang'an above Lu Zian.

But even this class of masters, those who are superior in the eyes of many warriors in Tianlei City, were defeated by one move, which was shocking.

The experts in Tianlei City were shocked, but Shangguan Gufeng and others sneered, standing there indifferently.

What an idiot.

Thinking that you are the peak martial emperor, can you ignore the world powerhouse?

I have to say that the strength of the Tianlei City Martial Emperor who had worked before was actually quite good. When placed in the outside world, even the Third Heaven of Martial Domain was the overlord of one party.

But he shouldn't do anything for nothing, offending Dragon Batian.

These people are the top figures of the pyramid on the continent, and the trivial people offended them, just seeking their own death.

"puff!"

Under the gaze of everyone, everyone watched Lu Zian spouting blood and flying upside down, embarrassed.

At the critical moment, Qin Chen took a shot, ah, stretched out his right hand, and the invisible force grabbed Lu Zian, and took that moment away. At the same time, a pill appeared in his hand and passed it over and said coldly: "Serve Got it."

No matter what, Lu Zi'an always made his way for him and couldn't ignore it.

Lu Zi'an felt heart palpitations, secretly grateful, hurriedly swallowed the pill, and said, "Thank you for the less dust."

He has changed his name now, and he has been directly upgraded from Brother Chen to Shao Chen. It is obvious that Qin Chen's position in his mind has become higher.

"You don't need to be polite." Qin Chen waved his hand, but his eyes became gloomy.

"Huh! Return to the original pill in spring!"

On the side, Emperor Jijing pill saw Qin Chen's pill and let out a startled suspicion.

This is a nine-level healing pill, and it is considered a good one among the nine-level healing pill. He remembers that there seems to be no pill pavilion in Tianlei City. Could it be possible that the elixir power in Tianlei City has such a class? Strength?

"Huh, I don't know how to live or die. I didn't expect you to have the ability to escape, but if you have the ability to escape, I won't kill you for the sake of blocking my seat."

Long Batian carried his hands on his back, said proudly, did not continue to make a move, only the corners of his mouth were sketched with a mockery, and said coldly to Qin Chen: "Boy, now are you not answering this seat's question truthfully?"

He was aloof, boasting that Qin Chen would not dare to disobey him.

"stupid guy!"

Qin Chen spit out two words lightly.

what?

Long Batian felt like he had misheard his ears, what did he say? His face was unbelievable.

The others are also hell.

Damn, is Chen Shao crazy?

"Didn't I say you were a fool?" Qin Chen said coldly again.

"you wanna die!"

Long Batian didn't want to do anything to Qin Chen, but at this time, he couldn't bear it anymore, his eyes became red with anger.

A stinky boy who dares to disobey himself so much, where did he get the courage?

In anger, Long Batian didn't say anything, and patted Qin Chen directly with a palm.

"Boom!"

The huge real dragon fist shadow turned into an angry dragon, soaring into the sky, and rushing towards Qin Chen, the mighty true energy swayed everywhere, and he did whatever he wanted.

Seeing that this true dragon fist was about to hit Qin Chen, suddenly, Fu Qiankun next to Qin Chen moved. He shook his body and stood in front of Qin Chen. A palm came out directly, with a boom, Fu Qiankun's palm rainbow The light was so wide that it soared suddenly, and the real dragon fist imprint was captured in the palm of his hand, struggling violently.

"what?"

The crowd shook wildly, and the eyes were almost bursting.

Was it blocked?

Damn, fuck, fuck!

Everyone shook their hearts, screamed madly, and was extremely excited.

What was even more shocking was Long Batian. Although he had never used his full force in this move, it should never be blocked by an ordinary peak martial emperor.

"Good boy, there were two shots. No wonder you dared to challenge me. Unfortunately, you offended the wrong person. Today I will kill you."

Long Batian became angry from embarrassment, his stature was violent, and he rushed towards Fu Qiankun directly into a dragon-shaped phantom.

Boom boom boom!

Fu Qiankun was naturally unwilling to show weakness. Now that he started his hand, he naturally made his best effort under the premise of disguising his identity.

No, it is not evenly matched. In fact, if you look carefully, you can see that Fu Qiankun is suppressed by the dragon and batian and is at a disadvantage.

But this advantage is not enough to allow Long Batian to completely suppress Fu Qiankun. The two sides really have to distinguish between the winner and the loser. It is impossible for each of them to have hundreds or thousands of moves.

How is this possible?

At this time, not only Long Batian was shocked, but Shangguan Gufeng, Jijing Dandi and others also opened their eyes wide and were shocked.

When will a warrior come out and fight like this with the ancestors of the Long Family?

Who is this person?

A series of terrifying eyes seemed to penetrate Fu Qiankun's body, and they wanted him to see clearly.

However, no matter how everyone looked at it, Fu Qiankun was extremely mysterious. There was an invisible qi around the body that blocked their prying eyes, making their spiritual power unable to penetrate.

hiss!

Jijing Dandi and the others sucked in air-conditioning, their eyes condensed, and they couldn't help wondering who this person was?

Long Batian saw that he couldn't suppress Fu Qiankun in a short time, and he couldn't help turning into anger from anger, roaring, there was a real dragon in his body soaring into the sky, turning into a huge dragon, about to burst out completely.

Hum!

Shocked by the power of the Dragon Tyrant, the entire devilish energy array once again fluctuated, and the many stone pillars around began to diffuse the blood red light, an aura that made everyone's heart palpitating diffused.

"Long Batian, stop!"

Lou Zimo hurriedly yelled, his face was shocked, and he sternly said: "We didn't see you playing majestic here, hurry up and stop."

Although Emperor Jijing Dan and others wanted Long Batian to test Fu Qiankun's true strength, they finally couldn't help but they also started to stop.

[Chapter 2067: Nobody](#)

"Humph!"

Long Batian couldn't take Fu Qiankun several times, and his anger almost exploded, wishing to tear Fu Qiankun into countless pieces.

But in the face of the harsh shouts from Emperor Jijing Dan and others, he was very helpless, he had to snorted coldly in depression, and stopped his hands in anger.

"For the sake of your plea, I will spare your life today."

Long Batian's figure flickered, separated from the battle group, and then fell to the ground, his face pale and his eyes gloomy.

He knew that although he could kill Fu Qiankun by continuing to do it, he would definitely not be able to do it for a while, and that if something happened to the Demon Qi Array by then, it would be troublesome.

Seeing that Long Batian stopped, Fu Qiankun didn't continue to take action. He shook his figure and quietly fell beside Qin Chen, like a ghost, quietly.

When the two sides stopped, naturally there were many exclamations from the side, which opened their eyes one by one.

In particular, the many warriors in Tianlei City couldn't help being excited. Although they weren't fighting, they couldn't help being excited to see Fu Qiankun and Long Batian fighting like this.

Fu Qiankun was a master of their Sky Thunder City. Although the establishment of the Black Order had only been a long time ago, Fu Qiankun's current actions naturally attracted the approval of many warriors in Sky Thunder City, each of them seemed to be beaten in blood.

"Unexpectedly, in this little Tianlei City, there is also a dragon and a tiger." Shangguan Gufeng suddenly walked up gloomily: "Your Excellency seems to have changed. I don't know if you can tell your real name so that the old man will wait and see. Something?"

She looked at Fu Qiankun carefully, vaguely feeling that this person was a bit familiar, but she couldn't remember where she had seen him.

Jijing Dandi and others also looked attentively, obviously very curious about Fu Qiankun's identity.

Such a master who was almost able to tie with the ancestor of the Long Family, Long Batian, couldn't have jumped out of the stone, right?

They still don't know that the reason why Fu Qiankun will be at a disadvantage is that he can't reveal his identity, otherwise he will be even more shocked.

Fu Qiankun's voice was hoarse, and he said lightly: "Nobody, you don't want to mention it, you won't show your ugliness in front of the adults."

Shangguan Gufeng and others sneered, are you still unknown?

But Fu Qiankun was unwilling to speak, and they were not too strong to ask, just silently pondering in their hearts: Chen Qing, black sad old man, black cult? There seems to be no such person on the mainland before. What is the origin?

"Well, since your Excellency doesn't want to say it, then I can't wait for it, but..." Lou Zimo's eyes flickered, and he said to Qin Chen, "This little brother asked the old man not to do anything before, is he seeing something? Clue? Please feel free to enlighten me."

"Senior Lou is being polite, and I'm just guessing at Xia Xia. Whoever thought it would really work, luck, luck!" Qin Chen slapped haha.

Lou Zimo's face twitched and guessed wildly? Are you a ghost?

"Little brother, since I'm all in this big formation, I naturally want to help each other in the same boat. If I have any insights, I can say it for your reference."

"Yeah, since the little brother has this vision, he must have seen something, so why bother to cherish it?"

"Isn't it better to discuss it together?"

Pill Emperor Jijing and Chu Huahan also spoke in succession, their eyes burning, and they didn't believe Qin Chen's fluke.

Qin Chen was helpless, knowing that if he didn't say something, these people would probably not let it go easily, and said lightly: "There is no opinion, but before going down, watching these stone pillars carefully, suddenly thought of a legend."

Lou Zimo said: "What legend? But it doesn't matter."

Qin Chen frowned and said, "These stone pillars are like the legendary immortal formations!"

Lou Zimo's expression condensed, and he was shocked: "You mean the immortal formation used to keep alive and immortal?"

"Exactly, what do you think of Master Lou?" Qin Chen smiled slightly, "In fact, I don't know much about the battle against me. I just read a few free books, but I once saw the description of the immortal formation in an ancient book. Although I don't know the structure of the formation, the form of devouring blood and burning life seems to be similar to this devilish array. This is a reminder. After all,

the legendary undead array is extremely difficult to decipher, and once Under attack, it will trigger a backlash, and the power will burst instantly."

"Immortality formation, is this really immortality formation? Impossible, how can there really be such a formation in this world?" Lou Zimo frowned when he heard Qin Chen's words, as if plunged into madness.

Long Batian said solemnly: "What immortal formation? Lou Zimo, shouldn't you explain it?"

Jijing Dandi and others also looked at them one after another, showing their doubts.

Lou Zimo took a deep breath and said, "The Immortal Array is an excellent formation that can maintain immortality in the legend. Once a severely injured person is going to fall, as long as it is placed in the Immortal Array, it can not only hold a breath of life. , Can also have the effect of slow healing, and even make people live forever, so it is called the undead array. It's just that this kind of big formation, the old and the old have only been roughly seen in some ancient books, this kind of formation, It shouldn't exist in the world, and it should have been lost long ago. Why does it appear here?"

Lou Zimo murmured, very confused.

"Hehe, Immortal Formation, how can there be such a formation in this world, boy, I think you are wrong?" Long Batian coldly snorted.

Qin Chen smiled and said, "Maybe I was wrong, but I'm just guessing below, and it's hard to be elegant."

"No, no, no..." Lou Zimo said three "no" words, shook his head repeatedly, and said in a deep voice: "The Immortal Array has indeed been lost, and it is rumored that the Immortal Array is composed of altars, but this The Demon Qi Array is composed of stone pillars. The two structures are completely different. But as said, the Demon Qi Array and the Immortal Array have the same form of absorbing blood and burning life. Is it really some kind of evil formation that continues life?"

Lou Zimo's heart suddenly inexplicably surged with horror, and couldn't help but shiver.

Emperor Jijing felt his abnormality and said weirdly: "Brother Lou, what's wrong?"

Lou Zimo licked his dry lips, and slowly said: "You said that this strange place, there is really no ancient demon alive, right?"

"hiss!"

Everyone present suddenly gasped, and their faces turned pale.

Everyone was already in this great array of demonic energy, and they felt chilly. Now they felt a chill rising from the soles of their feet. They couldn't help but feel the cold wind rustling, the indescribable chill, and a chill on the back bones rushed straight into the forehead. .

Especially when everyone thought of the countless martial artists being controlled before, the appearance of sluggishly walking towards the depths of the demon land, they were sweating all over.

This is too scary.

[Chapter 2068: Devilish Altar](#)

"Ha, haha..."

Someone laughed a few times, wiped the cold sweat from his forehead, and said, "How can you be truly immortal? Even the legendary Immortal Formation should only be alive, and there must be a certain time limit, right? Thunder Sea Born countless tens of thousands of years ago, at least in ancient times, even if this is really a large array of vitality, the people in it would have died a long time ago and can no longer die. The reason why the energy of the large array has been swallowed is that the energy of the large array has not been consumed. Exhausted, it's going to keep going."

This immediately attracted the approval of everyone, and they felt reasonable, and the chill in their bodies disappeared a bit.

"Huh, let him live and die, someone really has to pretend to be a ghost, and kill it directly, so many of us are afraid that a guy who does not know how to live or die will not succeed?" Long Batian snorted coldly, but did not believe it.

"Old ancestor Long always loves to listen to these words, and the dead are not afraid of death. I am afraid that some living people will pretend to be ghosts and want us to retreat. The exclusive treasure is true." Shanguan Gufeng also said with a gloomy smile.

Qin Chen didn't say any more, it's everyone's business to believe it or not.

"In this case, everyone will turn their fighting into a jade silk, and work together to get through this big battle together. If there is another conflict, I won't blame the emperor for being polite." Ji Jing Dandi coldly snorted and warned, his eyes focused on Long Batian.

Others also looked at it.

"Huh, it all depends on what I do."

Long Batian snorted coldly, but he knew that everyone had opinions on him, so he didn't dare to do anything indiscriminately.

"All of you follow me."

Lou Zimo immediately led the way, and everyone followed behind, cautiously, and slowly moved forward.

Only this time, many people followed Qin Chen and Fu Qiankun. They were all warriors from the Thunder City, and they were obviously determined to hold their thighs.

Qin Chen didn't care either. Instead of scolding, he smiled at the crowd and said, "Everyone should be careful. If there is any need, even if we speak, we are all warriors in the Thunder City, so we should be in the same boat."

This naturally attracts praise from ordinary people.

"Qin Chen, what are you doing so much with these guys?" Fu Qiankun glanced at the many disciples of Tianlei City, couldn't help but snorted, secretly speaking.

Don't look at these guys being very respectful and obedient to them now. It's because they need their help. They really have to encounter treasures. Everyone is a master who is not recognized by the six relatives. There are really few warriors in the world who are really good things. Pay The universe has long been seen through.

Qin Chen smiled slightly: "Although these people are useless, they are not useless. With these people, at least they have a good reputation. What's more, don't forget, they are useless. There are still many top powerhouses in the Thunder City deep in the ground."

Fu Qiankun was taken aback: "Do you want to unite with the top powerhouses of Sky Thunder City to fight against Long Batian and the others?"

Qin Chen smiled mysteriously, "Yes, no, there is nothing to lose anyway, why not do it?"

Fu Qiankun shook his head and stopped asking.

On the contrary, Lu Zian and Rao Yuangeng are now completely blessed to Qin Chen and Fu Qiankun.

Especially after learning the identity of Long Batian, Lu Zian's eyes were almost bursting.

Damn, this is the ancestor of the top power in the mainland. Is it any wonder that he was defeated in one move? Such a master, I am afraid that even the commander dare not want to offend, and Chen Shao dare to beat the opponent for himself, the most important thing is that he actually won.

This, this, this...

Lu Zian didn't know what to say anymore.

He has made up his mind and followed Qin Chen well. It is best to introduce the two parties when he meets the leader. Lu Zian understands very well. Although Fu Qiankun was the one who repelled Long Batian before, Chen Shao was also one. The unbelievable strong, at least under one move, he almost ran away.

Just follow these two people and worry about no meat or soup?

Therefore, without Qin Chen's personal instructions, Lu Zi'an and Rao Yuangeng settled Qin Chen's warriors in Thunder City after the injury was cured.

Lu Zian and Rao Yuangeng's prestige in Tianlei City is extremely deep, coupled with this situation, naturally no one will disobey, and the entire Tianlei City has formed a huge group.

"Hehe, do these people want to use these guys in Tianlei City to fight against me?"

Long Batian glanced, the corner of his mouth could not help but contempt.

In his eyes, these ordinary warriors in Tianlei City were no different from cats and dogs, and didn't care at all.

The group moved forward carefully, gradually conquering the devilish array.

But when Qin Chen and his party were walking in the devilish formation, after Qin Mo led Feng Kangan through the deep passage, they came to a strange cave.

The entire cave is very peculiar, like a huge stone altar, and above the altar, there are countless strange magic patterns outlined, blooming with evil aura.

"where is this place?"

Qin Mo and Feng Kangan fell on the altar, frowning slightly.

Because this altar is already at the end of the passage, there is no road behind it, and there is no strong person in Sky Thunder City around, can it be said that they have gone the wrong way?

"My lord, look."

Suddenly, Feng Kangan exclaimed and hurriedly raised his hand, only to see that after the two fell on the altar, the magic pattern on the top of the altar suddenly lit up, hum, an invisible force enveloped the altar, wrapping both of them inside. .

"not good!"

Qin Mo and Feng Kangan were shocked and turned around to leave here, but when they looked back, the original road was gone.

Hum!

The two found that the altar under their feet suddenly lit up, and there was a wave of devilish energy on the altar. These devilish energy crazily entangled, like snakes swallowing them.

"Damn it."

Feng Kangan's complexion changed drastically, and he shot frantically, but the devilish energy was endless, eroded and wrapped in layers, and Feng Kangan's face suddenly showed suffocation. At the moment of crisis, he hurriedly displayed the bright flame.

"boom!"

The scorching flame appeared, immediately forming an invisible space around him, protecting his body, but Qin Mo disappeared.

"My lord, my lord..."

Feng Kangan screamed in horror, but there was nothing around him except him and the endless demonic energy.

Even Feng Kangan, as a peak martial emperor, would inevitably be shocked at this time, falling into endless fear, and can only maintain a little true spirit under the madness of the devilish energy, and keep it from being swallowed.

At the same time Feng Kangan lost Qin Mo's figure.

Qin Mo was wrapped in endless demon energy, and then his whole person was suddenly in an endless void.

Qin Mo's pupils shrank abruptly, his face showing a pensive look.

He felt that the connection between himself and Feng Kangan was still there, but Feng Kangan's figure disappeared. Could it be that he was caught in an illusion?

[Chapter 2069: losing contact](#)

This seems to be an illusion.

Qin Mo leaned out his palm, and above the void, the magic qi lingered around him, unspeakably comfortable, these magic qi seemed to be gentle like cats without any attack.

However, if this is an illusion, then these magical qi should be imaginary, but why is it so real and innocent?

"what is the problem?"

Qin Mo stood alone in the solitary starry sky, looking at it, the sky was surging with endless magic energy, and countless magic lights swept over.

Suddenly, the devilish energy in the sky solidified.

"Huh! Huh! Huh!"

Countless demon qi gathered madly, and quickly turned into a huge demon with two horns on the head, eyes with scarlet radiance, covered in steel-like scales, murderous, fangs and claws, rushing from all directions. Come.

"what?!"

Qin Mo was shocked, and his heart felt cold.

These demon qis formed into an army and instantly turned into endless demons. This method was simply terrifying, and every demon exuded a terrible aura, like a famous giant, it made the scalp numb.

"impossible!"

Qin Mo's eyes were dignified, his eyes condensed, fierce light shot out, the invisible soul power diffused out, the instinct of the alien demon race was fully displayed, trying to see through everything in front of him.

But the demons in front of them are still extremely real, and they bite up one by one, and they can't see that they are illusory.

"Are these demons real?"

Qin Mo was shocked, but he didn't have time to think about it any more. The nearest demon had already been killed, and Qin Mo could only resist.

"boom!"

He shot and fought against the leader of the demon, and suddenly a huge force came, blasting him backwards, his body vibrated, and the demon was also battered and flew upside down, and his body shook for a while.

These demons are all real.

Qin Mo dared not care anymore, fighting with these demons, bang bang bang, each of these demons had a cultivation base close to the giant Emperor Wu, and besieged Qin Mo Tuan. Under Qin Mo's action, the leading demons were instantly killed Boom, but then more dense demons pounced on.

"Humph!"

Qin Mo was angry, his body was like electricity, transformed into an invisible halo. With every blow, he knocked a demon into the air. At the beginning, he was a little rusty, but when he came back, he became more comfortable. stand up.

Although there are many demons in front of him, only a few can attack him at one time. Qin Mo possesses a perfect demonized physique and is very sensitive to the demon energy. Only these demons want to kill. He is almost impossible.

Whoosh whoosh!

Mo Qin was in the shape of electricity, and every time he fell, he would kill a demon. Gradually, Mo Qin felt that these demons did not seem to be terrifying. He fell into a kind of ethereal spirit and gained in the battle. sublimation.

Buzzing...

I saw an invisible black halo permeated Qin Mo's body. These halos engulfed Qin Mo's body for several meters. As soon as all the demons entered it, they would be perceived by Qin Mo. Any action can be clearly presented. Mind.

"So comfortable!"

Qin Mo never felt that the battle would be so hearty. According to the truth, under the attack of so many demons, even the peak martial emperor would have to work hard, get into a desperate situation, and fight hard.

In fact, the same is true of Qin Mo. At the beginning, he was very strenuous, but when he came back, he became more and more comfortable, as simple as eating and drinking water, walking among many demons, and with every gesture, he could kill and transform a demon For nothingness.

"Is this the perfect demonized physique?"

Qin Mo murmured.

In the great array of demon energy, Qin Chen naturally clearly sensed everything that the clone Qin Demon had experienced, and was equally shocked in his heart.

Although he mastered many rules of the alien demon race and refined Qin Mo sacrifice into a clone, the battle Qin Mo experienced was actually not much, so even Qin Chen himself did not know where Qin Mo's advantage was.

And now, Qin Chen finally understood the terrible Qin Mo.

That is the demonized realm of perfect demonized physique.

In this domain, Qin Mo is invincible, and the power of this domain is even more terrifying than the sword domain, especially when facing the masters of the alien demon race, this domain can increase Qin Mo's strength tenfold.

Hum!

Qin Mo's original magic light domain was only a few meters away. Afterwards, the halo grew bigger and bigger. Suddenly, the magic light flourished and turned into invisible fluctuations, which instantly enveloped the area of thousands of meters.

Within this thousand meters, everything is under Qin Mo's control, and Qin Mo has absolute control.

"dead!"

A deadly scream sounded, booming, the demon qi in the many demons in the Qin Demon's Demonized Domain was disordered, bursting apart, and dissipating into nothingness.

Qin Mo was panting, standing proudly in the starry sky, looking around with surprise. With this blow, not only the demons within a thousand meters range disappeared, but the entire starry sky also disappeared.

But suddenly, in the sky, a pair of cold eyes appeared. This was a giant demon face, floating in the sky, like two rounds of stars, majestic and mighty. The cold and dark eyes coldly stared at Mo Qin, and the pupils were dark and evil. The evil desires in people's hearts are gushing like a tide.

Hum!

Two magic lights burst out from the pupils, which instantly enveloped Qin Mo.

Suddenly, all kinds of desires in Qin Mo's heart are rampant, carnal desire, power desire, greed, lust, appearance desire... Countless beauties are transformed into enchanting postures, entangled like snakes and charming.

Such desires, even the peak Martial Emperor, would sink into it, unable to extricate themselves.

But Qin Mo was calm, his eyes were cold and the corners of his mouth were indifferent.

All actions are like dreams and bubbles, like dew or electricity, and should be viewed as such.

He is the perfect demonized physique transformed by the parasitic seed, the purest, just like a mother-female baby, with ethereal spirits, sweeping all kinds of desires, but he is like a breeze blowing on his face, calmly handling.

boom!

In the end, all the phantoms burst, and Qin Mo actually felt a sigh of sigh from the evil eyes.

Even this Demon Shadow seemed to marvel at Qin Demon's talent.

"Enter the Demon Abyss, purify the Demon Soul, palm the Demon Road, step on my door!"

In Qin Mo's mind, there seemed to be an erratic demon's influence. The next moment, the starry sky shattered, booming, and endless demonic energy surged. Qin Mo only felt that he was in the endless abyss, and was instantly swallowed by the darkness in front of him.

Whoosh!

Qin Mo, who was still in the starry sky, disappeared suddenly and disappeared.

In the devilish array.

Qin Chen, who was walking, shook his body abruptly, and a horrified light suddenly appeared in his pupils.

"not good!"

He was shocked, his face pale and pale.

"what happened?"

Fu Qiankun was startled, and it seemed that he had seen such a shocked expression on Qin Chen for the first time.

"I can't sense the existence of the clone."

Qin Chen said in amazement, his face pale.

[Chapter 2070: Speculation](#)

Yes.

At the moment Qin Mo disappeared, Qin Chen unexpectedly lost the connection with Qin Mo, as if Qin Mo disappeared from this world.

"what happened?"

Fu Qiankun was also taken aback, and hurriedly asked by voice transmission.

How is this possible?

Qin Chen's avatar, Fu Qiankun, did not know that it was transformed from a foreign race's parasitic seed. This is not the point. The point is that Qin Mo's soul is split from Qin Chen's soul. Although the two are separate individuals, in fact But it is one, regardless of each other, regardless of you and me, how could it not be sensed.

This is not like enslaving someone. As long as the distance is far away, the induction will be weakened. This is a two-in-one. The thinking and sight of the two share the same situation.

What's more, Qin Chen's clone Qin Demon was not in other places outside this ancient Demon Land, but in the cave just behind this Demon Qi Formation, the distance between the two parties was actually very close, how could this happen.

"I can't tell."

Qin Chen's face was solemn. After all, his mind was far superior to ordinary people. He calmed down for the first time. His perception penetrated into the jade disc of good fortune, and he asked Lao Yuan and Big Black Cat.

"what?"

Hearing what Qin Chen said, Lao Yuan and Big Black Cat were also shocked, showing incredible expressions one by one.

"Impossible, the parasitic seed clone and your deity are one body, regardless of each other, let alone at such a close distance, even on the two ends of a continent, it is impossible to be unable to sense it."

Lao Yuan shook his head first, shocked.

It was also stunned, what Qin Chen said was beyond its understanding.

Qin Chen's heart sank, doesn't even Lao Yuan know it?

"It's not impossible."

Suddenly, the **** cat spoke up, squinting his eyes thoughtfully.

"Big black cat, what do you know?" Qin Chen looked over eagerly.

"Remember Guyu Realm?" The **** cat meditated: "Special spaces like Guyu Realm can isolate the perception of the strong. For example, Emperor Wu's divine consciousness can come at any time from the outside world, and the deity of Emperor Wu can sense it, but In the ancient Yu realm, even if the Wudi divine consciousness is activated, it is difficult for the outside Wudi deity to know what happened, because the power of the ancientyu realm isolates the perception of the Wudi consciousness."

"What you are talking about is Divine Sense of Emperor Martial, and kid Qin Chen is a clone of a parasitic seed. The two are completely different." Lao Yuan reminded.

Emperor Wu's spirit was just a blood consciousness of Emperor Wu, but the parasitic seed clone was a soul split of Qin Chen, and the situation of the two was completely different.

"It's different, but it's actually the same." The **** cat thought: "Lao Yuan, you think it's impossible, just because the soul clone is very strong, and it is almost difficult to be isolated from the small world. For example, the Guyu Realm can be blocked. Emperor Wu's spirit, but it may not be able to block the soul clone, but in the same way, what if there is a stronger small world?"

"A stronger small world?"

Everyone was surprised.

"Yes, such as the heavenly realm and the lower planes. If Qin Chen's clone is in the heavenly realm, do you think the two will still be so strong?" the **** cat asked back.

"This....."

Lao Yuan was stunned, he really hadn't thought about it.

"If the soul power is strong enough, maybe it can still be sensed."

In the end, Lao Yuan thought for a long time and guessed.

"Nonsense, you said that the soul power is strong enough, but now although Qin Chen's soul power is powerful, it is only equivalent to the middle demon king. Do you think you can ignore the rules and distance of the heaven?" The **** cat is not angry. Tao.

"This..." Lao Yuan couldn't be sure, after all, although it was strong, it was only in the Continent of Alien Demon. How about the Heaven Realm. To be honest, it has not seen it before, how to distinguish it?

"You mean that Chen Shao's clone went to a place similar to the heavens?" You Qianxue and Ji Ruyue couldn't help but say.

The **** cat rolled his eyes and said, "I'm just describing it like this. If Qin Mo goes to a place where the power of rules is very strong, or the power of isolation is extremely terrible, it is not impossible that Qin Chen's body cannot sense it. "

The **** cat looked at Qin Chen: "At least, you can still sense that your clone is still there, and the ancient sword village owner that your clone enslaved has not fallen yet, right?"

Qin Chen nodded.

He could still sense this, Qin Mo was still alive, and, in a certain place, but he couldn't sense the specific scene.

"That's it. If your clone falls, your main soul will inevitably be injured. How can you stand here peacefully? Nothing at all? So, it is most likely that you have gone to a special place. Don't think about it too much. After all, this place is the place to suppress the Abyssal Demon Race. Haha, it is said that the Abyssal Demon Race is an existence against the sky in the heavens. Is it so difficult to shield your little Wudi soul? "

Qin Chen touched his nose, what the **** cat said was too hurtful.

But I have to say that what it said is actually very reasonable.

"You can only wait patiently now... As long as the clone does not die, you will always sense it. Anyway, your soul will be split. Once it appears in the perception, the memories of the two will share. Why should you care so much? Besides, it depends on you. With the current cultivation base, I can only wait, and there is nothing good for me, Lord Cat."

The **** cat shook his head and said.

"Fine."

Qin Chen smiled bitterly. Since the **** cat said so, obviously it can only be so.

However, after such an exchange, Qin Chen felt a little more relieved. Although the perception of the clone and the body was broken, Qin Mo was actually him, he was Qin Mo. Once Qin Mo encountered difficulties, he was thinking on the surface. The solution is actually just a response from his soul, and the essence is that Qin Chen himself is responding.

Back then, he even came out of the forbidden place alive. As long as it was not too dangerous, Qin Chen believed that his clone could deal with it completely.

Thinking of this, Qin Chen stopped taking care of it.

What he was thinking now was why Qin Mo suddenly disappeared.

If Qin Mo is still in this world, it is impossible for him to be unable to sense it, that is to say, Qin Mo has gone to another place, and that place, is it that all those who pass the altar illusion will go?

wrong!

Qin Chen shook his head.

If this is the case, then there would be no two martial emperors Rong Chengji and Qiu Chengshuang from Tianlei City at the entrance of the cave before. They were obviously the ones who broke through the cave. If they really went to an isolated place, how could it be easy? come out?

But if not everyone can go to that place, why would Qin Mo be chosen?

Suddenly!

Qin Chen was startled.

Could it be related to Qin Mo's perfect demonized physique?

Qin Chen was suddenly startled.

This is really possible.

The previous illusion battle on the altar was not so much a trap and crisis, but rather an assessment.

And Qin Mo obviously passed this kind of assessment, but where did the others who have not passed the assessment go?
