

## Valkyrie 2071

### [Chapter 2071: Reincarnation](#)

It certainly won't be the same place.

Qin Chen said these speculations to Big Black Cat and the others, which also attracted Big Black Cat's approval.

"Go through this devilish array first."

In the end, Qin Chen could only make such a decision. If it was as good as he had guessed, then he only needed to ask Mokara and other demons to try to know the specific situation.

And when Qin Chen and the others quickly broke through the devilish formation.

The situation Chen Sisi encountered was somewhat similar to that of Qin Mo, but somewhat different.

"boom!"

She was cross-legged in the endless void, the monstrous demonic energy rising around her completely wrapped Chen Sisi, her eyes filled with endless indifference, and she stared at Chen Sisi coldly, all kinds of illusions emerged.

But Chen Sisi had no sense at all.

She practiced the ruthless Dao and spent more than a year in retreat in Illusory Demon Abyss. Her soul had been washed away without any emotions. She cut off the seven emotions and six desires and was completely unaffected by any desires.

Buzzing...

A large amount of demonic energy came in, but was completely absorbed and swallowed by her, and merged into her body.

Her breath became more and more cold, and the familiar sense of calling continued to rise.

finally.....

Hum!

Chen Sisi actually shone in darkness.

These rays of light flicker, mysterious and unpredictable, like the illusion of colorful light.

Obviously it is dark magic light, but it gives people a sense of colorfulness.

If Qin Chen was here, he would be even more surprised, because the black light on Chen Sisi's body was not ordinary magic light, but some kind of bloodline light.

The black multicolored blood is unheard of.

The power of this bloodline is pervasive, and the void is trembling, just like when Qin Chen's thunder bloodline had just awakened, the power of this world couldn't restrain this bloodline power, and it was about to burst.

"Kakka..."

The stone altar at the end of the passage shook violently, and the world began to burst, rumbling, and numerous cracks appeared in the entire stone altar.

"Unexpectedly, waiting for hundreds of millions of years, let the deity wait until this bloodline..."

"The Tao is ruthless, but in reality it is passionate!"

"Although it is not a demon, it is even more of a demon!"

"Hahaha, you can enter my demon gate, have the supreme way, enter the demon abyss, purify the demon soul, palm the demon way, he will be at ease, and the reincarnation demon body!"

Above the endless void, a pair of dark eyes appeared, and the invisible power was surging. Suddenly, the sea of thunder in the outside world rioted and thunder seas were everywhere.

Puff puff.....

Some warriors who have experienced in the sea of thunder do not know what happened. They saw thunder violently, and couldn't bear this sudden violent thunder. They burst without even screaming. After being pierced by thunder light, they burst into smoke.

"boom!"

The stone altar where Chen Sisi was was finally shattered, and the passage was broken into nothingness.

"Om!"

Then, invisible power swept across, and Chen Sisi disappeared in the space of the altar where he was at the moment the altar was broken.

Qin Chen and the others naturally did not know what had happened, and with the efforts of the group, they finally left the devilish array.

"Finally came out."

The mighty demonic energy receded, and everyone felt that the whole body was comfortable, as if they were walking on the edge of death.

"Ok?"

Then, everyone saw the cave in front of them, as well as Rong Chengji and Qiu Chengshuang at the entrance of the cave.

"Gudong!"

At first they saw the demon qi surging, they were still a little excited, knowing that someone was coming again, but when the devil qi was dispersed, their eyes suddenly widened, like two. Rising pomegranate.

Damn, fuck, fuck!

A large group of people came out from the devilish array.

The two of them suddenly had numb scalp and chills all over. Why did the people who passed the devilish array say that this time, is this the big army coming?

Especially the few leading people, unabashedly exuding their imperial spirits, with a superb appearance, it seems that they don't pay attention to outsiders at all.

"Huh, there are actually two people guarding here?"

When Long Batian and others saw Rong Chengji and Qiu Chengshuang, they were also shocked.

"It's Rong Chengji and Qiu Chengshuang!"

Some warriors in Sky Thunder City directly exclaimed. After all, Rong Chengji and Qiu Chengshuang are both giant Wudi, and they still have a reputation in Sky Thunder City, and they know a lot of people.

When Long Batian heard the exclamation, they instantly understood that these people should be the strong men of Thunder City who broke into the seal of this space before.

"Hehe, the two giant Wudi are actually guarding the gate here, do you not want me to wait in and want to monopolize the treasures here?" Long Batian sneered and said, "Unfortunately, the two are nothing but scum. , Dignified Tianlei City, can't even a pinnacle Wudi be sent out? It is ridiculous to let two giant Wudi dogs guard the door!"

Rong Chengji and Qiu Chengshuang's faces suddenly appeared frightened, Qiu Chengshuang frowned and said coldly: "Who is your excellency? Please keep your mouth clean. I am waiting here on the orders of the adults to welcome you, but also please let them go. Respect..."

Rong Chengji also showed anger, and said coldly: "Your Excellency is so big, so arrogant, I must be a person with a lot of background, if you can, please report your name..."

"To shut up!"

Before Rong Chengji had finished speaking, an angry shout rang out. With a swish, a figure flashed, and instantly fell in front of Rong Chengji, but it was Rao Yuangeng.

With a look of jealousy on his face, he hurriedly turned around and saluted Long Batian respectfully: "Senior Long, this person is the vice president of my Sky Excursion Club. I also ask Senior Long to spare his life in large numbers..."

After speaking, he immediately turned his head and shouted angrily at Rong Chengji: "Rong Chengji, these people in front of you are the seniors of the top powers in the mainland, and this one is the ancestor of the Long Family, the senior Dragon Tyrant. Are you trying to cause trouble for my Skyscanner?"

Rong Chengji was extremely excited when he saw Rao Yuangeng. He was shocked when he heard this, the ancestor of the Long Family? A chill in his heart, the Skyscanner dominates in Sky Thunder City, but

the more powerful, the more he knows the terrible Martial Domain, even if the president dare to challenge the ancestors of the Long Family, his vice president is absolutely unqualified. of.

Suddenly his face turned pale, and his body was dripping with cold sweat.

"Good talk, good talk!" Long Batian smiled gloomily, glanced at Qin Chen, and did not do anything else.

Rao Yuangeng's heart trembled. He knew that Long Batian had spared them because of Qin Chen's face, otherwise, with Long Batian's pre-dominant dominance, the two of Rong Chengji would not die or be disabled.

The two sides exchanged for a while, and soon learned about the mission of Rong Chengji and Qiu Chengshuang. It was really strange that the two of them were at the entrance of the cave to meet the warriors who came from behind.

"Haha, it's interesting, the warriors of Thunder City this day are very special!"

Long Batian chuckled, his eyes flickering, he obviously didn't think any warrior was so kind.

"Let's go, the two are leading the way. I want to see what kind of medicine you sell in the gourds of Thunder City these days."

Long Batian said indifferently, and directly issued an order to let the two lead the way, without being polite.

Under this circumstance, it is impossible for Rong Chengji and Qiu Chengshuang to want to guard the cave. They can only lead the people to walk along the depths of the cave.

### [Chapter 2072: What is intended](#)

A group of people were very vigilant, but there was no danger along the way. They soon came to the plaza deep in the cave, and then they saw dozens of passages behind the plaza.

Everyone was taken aback.

So many channels? Which one should I go?

Everyone came here for the first time, seeing so many entrances, they showed different colors, thinking that there must be a secret.

What was even more shocking to everyone was that when everyone stepped in, the original passage in the back instantly disappeared, and they could only move forward, not back.

Long Batian sneered, showing such an expression as expected, and said coldly: "Let's say, which of these entrances is the real entrance?"

He was full of chills, and his terrifying killing intent instantly fell on Rong Chengji and Qiu Chengshuang.

Rong Chengji and Qiu Chengshuang showed wry smiles on their faces, saying: "Everyone, these fifty-five entrances are actually real entrances, but the crisis faced by each channel is different. As long as you can pass the test of these entrances, you can enter. In the interior of this place, I waited for the presidents of the major forces and others, and waited for you in that place."

The words of the two fell, but they caused many people around to sneer.

"Haha, it's ridiculous, so many entrances, how can they be correct entrances, there must be some difference." An old man walked out, not knowing which force's top master, his cultivation was as high as the late Martial Emperor, sneered for the first time.

"I wait for everything to be true. If you don't believe me, then I can't help it." Rong Chengji and Qiu Chengshuang couldn't help but smile.

"Hahaha, all of them are true. Then I would like to ask two people. They said there are fifty-five entrances here. Please keep your eyes open and tell us if there are any. How many entrances?!" The old man snorted, his face mocking.

"Huh?" This attracted everyone's doubts, and they looked towards the entrance one after another, while Rong Chengji and Qiu Chengshuang were taken aback and turned their heads to look around.

At this look, his face changed drastically.

There were no fifty-five entrances at all, only fifty-three remained.

How is this possible?

The pupils of the two shrank suddenly, and cold sweat came out.

This is a lot of trouble.

The two carefully counted it several times, and indeed there were only fifty-three entrances left. This...this...what is going on?

In an instant, everyone's eyes focused on Rong Chengji and Qiu Chengshuang, and mocking smiles bloomed at the corners of their lips, each showing sneer and coldness.

Among the crowd, only Qin Chen condensed his gaze, showing shock.

He knew very well that there were indeed fifty-five passages here, but now they have become fifty-three. Among them, the ones that disappeared are the ones that Qin Mo walked into before.

Could it be said that once the test is passed, the channel will disappear?

Qin Chen shook his head. If this were the case, Rong Chengji and Qiu Chengshuang would not have counted them, and directly stated that there were fifty-five channels. After all, the two of them also saw Qin Mo and Feng Kangan coming in. Don't look at the number of channels?

But if it weren't, could it be Qin Mo's special nature that caused his passage to disappear?

But even so, only one channel should disappear, why disappear two at once?

Qin Chen didn't know that after Qin Mo, Chen Sisi had also broken into a passage, so naturally he couldn't figure it out.

Facing everyone's sneers, Rong Chengji and Qiu Chengshuang looked dumbfounded and didn't know how to explain it. Instead, the old man before, sneered and said, "The old man has some ideas."

"What do you think?" Long Batian said coldly, narrowing his eyes.

Seeing Long Batian inquiring, the old man was overjoyed. He came out naturally to attract the attention of Long Batian and others.

Lian opened his mouth and said: "It is very simple. According to the arrangement of the gossip stars, among the fifty-three entrances, fifty-two must be the dead gate, and only one entrance is the life gate. The many Celestial Thunder City warriors who came here before, Obviously knowing which entrance is the gate of life, and deliberately guarding the gate is to give false guidance so that the adults will fall here, unable to compete with them for treasures, and their intentions are extremely sinister."

He talked eloquently and was very confident, thinking that he had peeked through the truth of the matter, and attracted the attention and attention of top powerhouses such as Jijing Dandi.

"You nonsense!"

Rong Chengji and Qiu Chengshuang's expressions changed drastically, and the other's heart was so cruel, this was to put them to death.

But the two people's defenses did not arouse the trust of others at all, but seeing many people on the court frowned and thought, they seemed to be moved by the old man, and their eyes gradually became cold.

This day, the top forces of Thunder City are so vicious. This is to kill them all.

Even many of the warriors in Tianlei City were dissatisfied. They were very upset that the top forces of Tianlei City had quietly entered here first, and now they saw that the other party was still preparing to frame them, and they were even more angry.

The expressions of Rong Chengji and Qiu Chengshuang changed again and again. He knew that no matter how he explained, these people would not believe them.

Suddenly said anxiously: "Everyone, don't be fooled by this person. The many entrances here can indeed lead to the core of this place. The only difference is that the assessment content is different. The major forces have verified it."

"I want to trick me into waiting..." Long Batian snorted coldly, his figure shook, boomed, and his right hand protruded. Suddenly the mighty dragon shape rose up and he was about to grab both Rong Chengji and Qiu Cheng in his hands.

The two were shocked and hurried to retreat, but the terrifying vitality aura surged in crazily. The void around their bodies seemed to be frozen, unable to move at all, they could only watch Long Batian's palms enveloping them. Inside.

"Little dust!" Rao Yuangeng hurriedly shouted at Qin Chen.

"boom!"

The next moment, a figure flashed by, it was Fu Qiankun, his figure swayed, and he came to Rongchengji and Qiucheng both sides, blocking the blow of Long Batian, with a bang, endless energy swept in all

directions, behind Fu Qiankun The two snorted at the same time, their faces turned pale and their hearts were shaking.

"Do you want to stop me?" Long Batian narrowed his eyes and stared at Fu Qiankun coldly. The other side blocked him again and again, which made him feel murderous in his heart, and he wanted to smash his body into pieces.

"Everyone, this time Long is for your welfare. Should you also have an argument, instead of letting someone Long stand in front?" Long Batian glanced at Emperor Dan, Lou Zimo, etc. People, said indifferently.

"What do you intend to do?" Jijing Dandi said lightly.

"Hehe, these guys are clearly a group, and they have weird backgrounds. They dare not see people in their true colors. The old man feels that it is better to wait for me to join forces. First take these people down and see what their true colors are?" Shangguan Gu Feng stared at Fu Qiankun and said gloomily.

### [Chapter 2073: pretty close](#)

Qin Chen's eyes sank, this Shangguan Gufeng's vicious heart, he smiled coldly, and said: "I heard that Lord Shangguan is from Misty Palace. He is the number one power in the mainland. It is indeed majestic and domineering. It seems that the person next to Master Shangguan is also very weird. You don't see people in their true colors, right?"

Qin Chen smiled faintly: "Before going down, I heard that the first force in the Martial Domain, Misty Palace, was colluding with other races to slaughter the major powers in the mainland. These rumors are extremely unbelievable in the next, but in order to prove himself, Lord Shangguan also Should I let the expert around me show his true face so that everyone can rest assured?"

"You..." Shangguan Gu Feng's heart was cold and furious.

Others didn't know, but she knew that the man in black next to her was actually the Heaven Swallowing Demon Lord of the alien demon race. How could such a person be exposed?

Compared to Fu Qiankun, the Devouring Demon Lord is even more shameless.

"you wanna die!"

boom!

A terrible murderous intent appeared, and Shangguan Gufeng looked at the eagle and bird with murderous aura, and wanted to kill Qin Chen with Long Batian Town.

"Okay, stop making trouble. If this continues, when will we be able to reach the major forces in Leicheng that day?! The top priority is to figure out what is behind these passages."

Seeing the scene getting more and more chaotic, Emperor Jijing Dan suddenly let out a low voice, interrupting everyone's murderous intent.

His face was livid, and if the riot continues, it will inevitably be a big battle. The dead are not afraid. If something happens here and they are involved, who will bear it?

Emperor Ji Jing stared at Qin Chen coldly, and said, "These two people are the first to come here, and they are the only ones who know the function of these channels. Please explain, why not let Long Batian do it?"

"Yes, these two people clearly know which one is the correct passage, but they kept silent. Instead, they let me wait to risk breaking into these dead doors, and your Excellency has repeatedly spoken for them. What is your intention?" The old man who spoke before Also shouted sharply at Qin Chen.

"Your Excellency, who?" Qin Chen glanced at him.

"Gu Momen Bi Hongyu!" said the old man Hong.

"Oh..." Qin Chen dragged out a long ending, and said, "I haven't heard of it."

The old man suddenly turned red as if swallowing a fly.

"Your Excellency is an agency teacher or a formation mage?" Qin Chen continued to ask.

"Neither, but I have a little understanding of Qimen Dunshu." The old man said proudly.

Qin Chen nodded and snorted: "It's just a little bit of understanding. If you don't know, you think you are better than Master Lou Zimo, what else gossip, ridiculous!"

"Huh." The old man was shaking with anger, "Since you deny what you said below, what do you think you have?"

"Isn't there any good ideas? I just believe them. These channels should all be the same. There are no advantages or disadvantages."

"Hahaha, ridiculous, then how do you prove it?" Bi Hongyu smirked, "You are a group, who knows if you are in collusion."

Ji Jing Dandi and others also looked coldly, this is not impossible.

"It's very simple to prove. You said earlier that out of the fifty-three roads here, fifty-two are dead ends and there is only one way to survive, right?"

"It should be so." The old man frowned and answered without knowing what Qin Chen's purpose was.

"Then your Excellency points out two roads at random. Should there be at most one of these two roads?" Qin Chen said again.

The old man can only follow his words and say: "Eight or nine do not leave ten."

"Well, please point out two paths at your fingertips."

When these words came out, the old man was stunned. What did Qin Chen mean?

"Why, I dare not?"

The old man didn't know what Qin Chen's purpose was, but when he heard the words, he was immediately furious, and he pointed at two paths, and said, "On these two things, what do you want to say?"

"Very good." Qin Chen smiled at the two roads pointed to by Bi Hongyu, looked at Rong Chengji and Qiu Chengshuang, and said lightly: "You two, since you said that the passage here can reach the core place, that is, Either way is fine. In that case, please choose one of the two passages indicated here to prove that you are not lying."

"This....."

Rong Chengji and Qiu Chengshuang were taken aback, only to realize that Qin Chen wanted to get out of trouble, and nodded, "Yes."

In fact, they are not talking nonsense. According to their experience, all channels here can reach the core place, but not everyone can pass the test.

The two did not choose either, and each walked toward the passage on their own side.

"Wait!"

Long Batian suddenly let out a cold cry.

"What?" Qin Chen looked over.

"What if these two people run away?" Long Batian frowned and said. These two people are the only ones who know the secret. If they run away, where will they find someone?

Qin Chen looked idiotic and said, "Since both of them dared to enter, it is very simple, and it is enough to prove that what they said before is not false. Everyone only needs to follow in. Why not control them? "

"But it's still wrong." Long Batian shook his head, he didn't like the feeling that everything was not under his control.

Others frowned.

"Okay, then, you stay with Rong Chengji, and Rao Yuangeng, you are all from the Sky Excursion Club, it is better for you to enter a passage for him." Qin Chen made a new decision and let Rao Yuangeng replace Rong Chengji.

Rao Yuangeng did not hesitate, and walked into the passage as Qin Chen ordered. This time Long Batian didn't say anything, and soon the two disappeared from everyone's sight.

"How about? Now everyone believes it?" Qin Chen coldly scanned Long Batian and others on the field, and sneered: "A group of top mainland powerhouses, but they are fearful and risky with others, it is ridiculous. Not ridiculous?"

Long Batian's face was pale, but he didn't say a word.

"This doesn't prove that these passages are all ways to survive." Bi Hongyu became angry and turned his eyes: "There may be several ways to survive, but the two roads that the old man pointed out just happened to be ways to survive."

Otherwise, the previous situation cannot be explained.

Qin Chen sneered, "Yes, anyway, you know how to gossip, you have the final say!"

Bi Hongyu's face flushed immediately, and his anger became frustrated.

"You guys, if you don't go, you will leave first."

Qin Chen was too lazy to talk nonsense, his voice fell, and he swished directly towards a passage in front.

Before the passage, Qin Chen stopped, turned his head and sneered, "Right, didn't you say that there are many dead ends here, since that's the case, I want to see if this is the case."

After he finished speaking, let Fu Qiankun, Rong Chengji, and Lu Zian not follow him, but just choose other channels to enter, and then break into the channel directly in front.

He separates everyone, but also wants to distinguish the specific situation of this passage through everyone's experience.

Seeing Qin Chen and his party disappear into many passages, everyone couldn't help but look at each other.

#### [Chapter 2074: Nice job](#)

They never expected that Qin Chen would be separated from Fu Qiankun and others.

Didn't he know that many people wanted to take his skin off?

Especially the Long Batian of the Long Family, it is estimated that he has the heart of breaking his corpse. Once he catches up secretly, without the protection of the old man of black sadness, how can the Chenqing resist?

With surprise in their hearts, everyone looked at Long Batian, obviously wanting to see if Long Batian would choose the channel where Qin Chen was.

Long Batian's eyes flashed, but he did not follow him directly, but pointed to Bi Hongyu, and said coldly: "You, go to that passage."

"I?"

Bi Hongyu was startled, and realized that Long Batian wanted him to follow Qin Chen in. His intention couldn't be more obvious. It was clear that he wanted him to target Qin Chen and secretly attack Qin Chen.

"Why, you don't want it? Since the kid is in collusion with the people of Sky Thunder City, he naturally knows which channel is safe. The old man chose this channel for you, also for your safety considerations. I think you will not know Your kindness, right?"

Long Batian said gloomily.

Fu Qiankun's strength made him very vigilant. Before he knew Qin Chen's origins, he would not rush to Qin Chen. Everyone thought he had a hot temper and seemed very impulsive, but in fact, Long Batian was smarter than anyone else.

And for Bi Hongyu to follow, he can use this person to test the dust of the black cult. If Bi Hongyu kills the person, the black sad old man next to him can also shirk responsibility.

Bi Hongyu felt bitter in his heart, letting himself out, this is all right, but he knows that he has offended Qin Chen before, and now he can only listen to Long Batian, and if he can catch the line of the Long family, it would not be a disadvantage. .

Seeking wealth and insurance, fight it.

"Thank you Long Batian for your advice, Bi Mou is grateful and disrespectful."

Bi Hongyu arched his hand towards Long Batian, and then coldly shouted at the people behind him, "You guys, come with my master."

These people were disciples of his Gu Momen, immediately followed behind Bi Hongyu and quickly rushed into the passage where Qin Chen entered.

"Huh, it's pretty obedient." Long Batian showed a gloomy smile.

"Let's go, too." Emperor Jijing Dan saw that Qin Chen had chosen six different channels in total, and understood that perhaps what Rong Chengji and Qiu Chengshuang said is true, and every channel can lead to the core. place.

At the moment, I chose a channel and swept in.

After Emperor Pill Mirror moved, everyone else rushed over.

In an instant, countless warriors each chose each other's channels. Among them, several top powerhouses entered the channels, and naturally no one followed them. In case of irritation from these big guys, wouldn't it be a dead end?

Since Bi Hongyu followed Qin Chen's channel, few others chose. After all, everyone knew what Long Batian ordered Bi Hongyu to use for this channel, and no one wanted to participate in it.

Those Heavenly Thunder City powerhouses who had praised Qin Chen for being affectionate and righteous before, at this time seemed to have forgotten Qin Chen's help to them before, and they all walked around.

Xiaoxia Chen, you can't blame us for this. You have to be separated from Lord Heibei. We are humble and powerless.

They said this in their hearts, but they didn't have any psychological pressure on their faces. As Fu Qiankun said, people are shallow, and in the face of interests, who cares what you have done before.

In the passage, Qin Chen had already prepared and moved forward quickly.

After about a stick of incense, he has already come to the end of the passage.

"Sure enough, it is also a stone altar."

Seeing the stone altar at the end of the passage, Qin Chen whispered in his heart, so every passage should be like this, and this stone altar will test the intruders.

"Hehe, why don't you leave?"

Suddenly, a sneer sounded, swish, swish, and the sound of breaking through the air came, and Bi Hongyu showed up with a few of his followers.

"Huh? What a coincidence, how many people chose this channel of Ben Shao?" Qin Chen smiled when he saw the person coming.

Bi Hongyu sneered: "Your Excellency is still in the mood to laugh."

Qin Chen said: "Why can't you laugh when you see a few stupid forks?"

"Smelly boy, you are so brave!"

Bi Hongyu's face was cold, and his eyes were cold and said: "Now there are only a few of us, do you think there are experts to protect you? There is still this arrogant, lifeless thing."

Several other people in Gu Momen flickered, surrounding Qin Chen.

Qin Chen said indifferently: "If you haven't even been able to figure out the strength of this young man, you just rushed to do it, don't you realize that you haven't considered it?"

"Hmph, your excellency is so young, how strong can you be when you are in the sky? It's a matter of minutes to take you down. If you don't want to be too miserable, this emperor advises you to fight with your hands and suffer less, go!"

When Bi Hongyu waved his hand, his body burst into an aura, and a ghost sword appeared in his hand. There was a blood beast's scales on the jaws of the blade. I don't know which kind of blood beast it was, and it shone with a deep cold light.

"Fangs and claws!"

The black ghost knife flashed, and countless knife shadows were instantly transformed. The dense knife shadows actually formed a blood beast phantom, with its teeth and claws leaping straight forward, eerie and terrifying.

The other four people formed a circle and joined hands with a big drink.

Although Qin Chen had never done anything before, and seemed to be quite young, he was the president of the Black Order after all, and there were experts around him, so everyone did not dare to underestimate him.

The four people joined forces to form a huge formation, which completely shackled Qin Chen.

Inside the formation ring is even more majestic, like a roar of a tsunami, sweeping in layers, locking Qin Chen inside firmly, not giving him any chance to advance or escape.

"Good job!"

Bi Hongyu laughed wildly. He had already ordered his men to suppress Qin Chen as soon as possible once he did it himself. After all, Qin Chen's identity was unusual, and who knew if he had any props to save his life or escape.

The task of his four subordinates is to trap Qin Chen, and the offense is more than enough by relying on him alone.

Countless formations envelop Qin Chen, and the monstrous sword energy that Bi Hongyu turned into a ghostly sword has already hit Qin Chen like a sea wave.

"Boom boom boom..."

Countless sword auras fell at the sound, and every sword fell on Qin Chen, agitating a terrible monstrous black aura, and the astonishing roar continued.

The terrifying power rushed to the surroundings, and the faces of the surrounding four people suddenly changed with a bang. The four people's formation was exploded, and one of them hurriedly shouted, "Retreat!"

The boy was imprisoned and his body was locked before. Now he was hit by the master's full blow. He was almost certain to die. Even if he didn't die, he would be seriously injured. The four of them took the real yuan and retreated lightly. Avoid the terrible impulse that the sword gas swept away.

[Chapter 2075: This is over](#)

Boom!

The terrible sword energy fell on the stone walls around the passage. The stone walls shook violently, as if they were about to collapse, but after the energy, there was no damage at all, it was very magical.

"Is it over?"

Tuantuan's sword aura gradually dissipated, and Qin Chen's figure appeared, with a playful expression on his face.

He stood still, not even moving.

Haha, he who has reached the eighth level of the Immortal Eucharist can resist even the attacks of the ordinary peak Emperor Wudi. Where can the confidence of a late-stage giant Wudi be able to kill him?

"what?!"

The five people of Gu Momen were shocked, their eyes widened in disbelief, and a bad premonition spread in everyone's heart.

Especially Bi Hongyu, who was dripping with cold sweat, his face turned pale in an instant, "You...how could it..." Qin Chen appeared in front of Bi Hongyu in a flash, and raised his hand. , The palm of the hand directly grabbed Bi Hongyu's neck, like a chicken. Bi Hongyu was shocked, and he hurried back, but he was surprised to find

The void of himself seemed to be frozen, and he couldn't move at all.

Boom!

Qin Chen's palm seemed to be slow, but in fact he grabbed Bi Hongyu's neck in an instant. Under the agitation of his true essence, the true essence of Bi Hongyu's body was instantly imprisoned, caught up like a chicken, and his limbs were struggling frantically in mid-air. .

"You... let me go!"

Bi Hongyu struggled frantically, his face flushed, and his face was terrified and amazed.

"Isn't it very arrogant just now? Why is it withering now? A waste, also come to challenge the young master, I don't know how to die!"

Qin Chen sneered, a glimmer of cold light flashed in his eyes.

"No, don't kill me..."

"puff!"

Before Bi Hongyu finished speaking, Qin Chen had already smashed his neck, then threw the person out casually, punching him.

boom!

Bi Hongyu was exploded in an instant, and countless flesh and blood spattered, but the strange thing was that these flesh and blood did not even have time to splash on the surrounding stone walls, just being in the air, it turned into gas and disappeared without a trace.

"Ok?"

Qin Chen frowned. How could this stone wall be the same as the previous devilish formation, it seemed to be able to swallow blood, it was weird.

The other four people didn't pay attention to this point at all. They all looked at Qin Chen in horror. They were shocked beyond recognition, with extreme fear in their eyes. Two of them knelt down with a thump, and two of them knelt on the ground with their legs weakened, shivering, and said with cold sweat on their foreheads: "Your Excellency is a lot, and I am also forced to be helpless. The ancestor of the dragon family, Long Batian, let us come

Yes, please forgive us. We are willing to be a cow and a horse to share the worries for adults. "

Most of the people who can come here are Emperor Wu. These powerful Gu Momen are also majestic masters in the outside world, but now they are like quail, they don't even have the courage to escape.

Qin Chen's strength was really too terrifying. He killed their sect master with one move. With their cultivation base, they might have been beheaded before they ran far away.

Qin Chen ignored these four people, but raised his head, and said lightly to the dark passage behind them, "When the two have been following for so long, when are you going to hide?"

scare!

The four strong men of Gu Momen were taken aback and turned their heads hurriedly, but the dark passage behind them was empty and there was no one at all. Who was Qin Chen talking to?

But Qin Chen stared at them coldly, with a mocking smile at the corner of his mouth.

"Jie Jie Jie... Unexpectedly, you can find the old man's stalking. It really admires the old man, quack."

A harsh and cold laughter sounded from behind the four people. In the darkness, two figures appeared slowly and walked out slowly. They turned out to be the Red Flame Demon Lord and the Demon Li, wearing a cloak, without seeing their true colors, but the body was filled. Evil breath.

Qin Chen sneered twice. He knew that someone would follow him, but he didn't know who it would be. He didn't expect that it would be Red Flame Demon Lord and Mo Li, and he lost interest in an instant.

"Haha, what advice do you have when you come here? It's not because you want to use the same channel as Xia Xia. If so, Xia Xia doesn't mind." Qin Chen smiled faintly.

"Quack, can't you guess with your cleverness? Saying that, it really disappoints the old man." Chiyan Demon Lord laughed, but his voice was quite pleasant.

There is no way, Hongyan Wuhuang is also known as a beauty in the Misty Palace, and the voice is naturally beautiful, even if the Chiyan Demon pretends to be old, it is still very crisp.

"Oh? What are the so-called two people who came here? Wouldn't they be like the masters of this Valley Demon Sect, who want to kill the next?" Qin Chen asked in surprise.

Chiyan Demon Lord's eyes condensed, and Qin Chen felt confident about it, and his heart suddenly became vigilant.

Does this son have any hole cards? It didn't turn a corner, and said gloomily: "You feel very familiar with the old man. I don't know if I have seen it before. The old man just wants to figure out your identity and what you know about here. If you let me Wait for satisfaction, since

It's fine, but if it makes me unsatisfied, I'm afraid I won't be the same as before.

The Chiyan Demon had always felt that Qin Chen was very familiar, but he still couldn't break Qin Chen's true identity. This time he came to see that Fu Qiankun was not there, so he came secretly to test Qin Chen.

"Oh? Your Excellency is very familiar with Xi Xia? Ha ha, this is interesting. After all, Xia Xia has no friendship with people of other races." Qin Chen said with a smile.

"what?"

As soon as these words came out, Chiyan Demon Lord and Mo Li were shocked and their bodies shook wildly.

This guy in front of him knows the identity of their alien demons, how is this possible?

The cold sweat on the forehead of the Chiyan Demon instantly appeared, and he screamed and asked: "Who is your Excellency?"

Two groups of pitch-black cold light burst out of its pupils, murderous, like a demon god.

It should be noted that under it deliberately hidden before, even the Emperor Pill of Mirror and others have never discovered its identity, let alone Pill Emperor of Pill, even the Demon Swallowing Monarch has never found it, but Qin Chen said it. ...

The two of them seemed to have been struck by thunder, furious, and if their identities were exposed, they would definitely become public enemies of all races. "Who is underneath, needless to say, first-order unknown people, but two, who dare to appear here in high-sounding terms. You can smell it clearly." Qin Chendan

Said with a smile.

"What, these two are alien demons?" The four strong men of the Valley Demon Clan who knelt in front of Qin Chen suddenly stood up in shock and looked at Chiyen Demon Lord and Demon Li in horror. The alien demons listened. I've said it too many times, but it was the first time I saw a real person, all in a cold sweat, and once again raised their weapons.

### [Chapter 2076: Devilish Binding](#)

"Hmph, you don't tell me, the old man will take you down."

The Chiyen Demon was frightened and furious, with a rumbling, a terrible murderous intent burst out of his body, and he rushed towards Qin Chen instantly.

Huh!

His figure was like a black streamer, and he came to Qin Chen in an instant.

"Hehe, if you don't agree, do you want to fight? I don't like hitting women. Oh, by the way, you are not a woman, what do you think?"

Qin Chen sneered, a palm blasted out, and the two palms instantly collided, and a terrifying shock wave swept across, and the entire passage rumbled.

"go!"

The four strong men of the Valley Demon Gate seized the opportunity and hurriedly fled backwards.

"Huh, can you escape?"

Mo Li opened his mouth, his voice was cold, his figure shook, and he appeared in front of the four people familiarly, and his dark palms shot out like lightning.

He was also extremely furious in his heart, the identity of the alien demon race must not be revealed, and everyone who knew this secret had to die.

"Quickly, kill him, we can escape." The four masters of the Valley Demon Sect looked fierce, knowing that they can only rush out if they kill the demon. Suddenly, the murderous spirit increased greatly. Boom, the four people shot wildly, each burning blood and blood. Zhenyuan, I have used all the energy to breastfeed, and I made up my mind as long as I escaped.

Not coming back either.

"Small bugs!"

A trace of contempt flashed in Mo Li's eyes, and a teleport directly appeared in front of one of them, raised his fist, and the dark light flashed, blasting towards the person in front of him.

"boom!"

The fist blasted directly into the opponent's chest and burst open suddenly!

The man wanted to avoid but found that he couldn't move. He watched the pitch-black fist hit his chest, and then watched a big hole pierced through his chest...

After that, Moli didn't move, and three black demon tentacles burst out from his body, puff puff puff, tentacles pierced like lightning, and pierced the remaining three people with a single shot. The terrible magic power was used. The magic power wanted to swallow the blood of the four people, but the next moment, its face changed. After the death of the four people, the blood in the body naturally passed away, disappearing into the void, no matter how he swallowed it, Can't swallow it at all

.

"how is this possible?"

He was shocked, and it was the first time he encountered such a situation.

boom!

The four bodies exploded and turned into nothingness, with nothing left.

"Damn it!"

Mo Li was so angry that he turned his head to look at the battle between Qin Chen and Lord Chi Yan.

boom!

I saw Demon Lord Chiyan yelling, sharp claws sticking out, and a black demon energy burst out from his palm, like a living rope, extremely flexible, quickly winding around Qin Chen's body.

Devilish bondage?

A trace of doubt flashed through Qin Chen's mind, but the current scene did not allow him to think too much.

"broken!"

With a loud shout, Qin Chen appeared a half-yue ancient sword in his hand, crackling, a sword light flashed, pierced like a spear in the black magic energy.

The black devil energy immediately paused, but then it rushed out again, with no reduction in speed, entangled.

"Hmph, although the emperor in your hand is powerful, but you want to break free from the shackles of your old body, it's still a long way from it. Come on, who are you? How do you know the identity of your old body?" Chiyan Demon Lord screamed as he shot, murderous .

"Haha, imperial soldiers can't do it, but what about Thunder Force?"

Qin Chen sneered, and a ball of thunder light burst out from the ancient sword of Ban Yue. As soon as the thunder light appeared, the entire passage immediately became bright, and the punitive power of thunder and lightning quickly smashed into the black demon energy that quickly entangled in front of him.

Under the destruction of the thunder light, the black magic energy quickly melted, making a sneer and burning sound.

"Power of Thunder?"

Chiyan Demon Lord said in anger, his face solemn.

"My lord, I am coming!"

At this moment, Mo Li also rushed to kill Qin Chen with his eyes on the eagle.

Boom!

Suddenly, the three of them fought together instantly.

What Qin Chen didn't expect was that Mo Li had broken through to the later Wudi cultivation base, and the power of his shot was extremely terrifying. It was even stronger than Lu Zi'an and other peak Wudi masters.

"This son is growing fast?"

Qin Chen was shocked. I have to say that Moli is the fastest growing Tianjiao he has ever seen except You Qianxue and Ji Ruyue. Even though it is because he has the blood of a foreign demon race and possesses parasitic seeds, this speed is more I didn't let myself go

.

Boom!

The two sides fought each other, and Qin Chen fought the two alone, and he didn't fall in the slightest.

However, as a veteran Demon Lord, Chi Yan Demon Lord was extremely powerful, which made Qin Chen frown and felt troubled.

"Master, it's better to let us take action and kill them in minutes."

In the jade disc of good fortune in the universe, Mokara and others hurriedly said that they can naturally see everything outside and be anxious for Qin Chen.

"Don't worry, Ben Shao just didn't want to expose himself, so he played with them. If you show up, Ben Shao's identity will be exposed, and it is easy to cause trouble."

The identities of Red Flame Demon Lord cannot be exposed, how can Qin Chen's identities be exposed? If the people in Misty Palace knew that he was still alive, then Ji Family and Wang Qiming would be in danger.

Therefore, he must solve the Chiyan Demon Lord and Mo Li without revealing his identity.

"Master, how can it be done even if it is exposed? With a few of us, can we still make them run away?" Mokara said again.

"The two of them can't die for the time being. After a while, maybe they will have the opportunity to use them."

If only killing the Chiyan Demon Lord and Demon Li, as long as Qin Chen releases Lao Yuan and the \*\*\*\* cat, not to mention 100%, there is at least 80% hope.

But Qin Chen didn't want to kill the two for the time being. In this chaotic situation, the two were very good two swords. What's more, Qin Chen is only 80% sure that he can kill two people. Chiyan Demon Lord's means of escape, Qin Chen couldn't be more clear, extremely terrifying, and he can tell if he escaped repeatedly by him. Run away and expose oneself

,The consequences could be disastrous.

As a result, Qin Chen fought wildly with the two of them.

The Chiyan Demon Lord and Mo Li suddenly became anxious, they looked at each other and quickly became entwined.

boom!

The power of the two increased in an instant, turning into a violent black magic energy.

"Combined attack?"

Qin Chen's eyes widened, his face was dumbfounded, and he almost didn't look at it, until the attack came, he hurriedly urged Banyue's ancient sword and slashed it up.

boom!

The endless thunder light surged, and the two of them were cut and exploded, demonic energy splashing everywhere.

"wrong!"

Qin Chen's brows suddenly raised, and a strong sense of crisis rose in his mind.

"flash!"

The space rules were displayed instantly, and the strong space force transferred Qin Chen away.

"Huh, can you hide it?"

A ferocious cold snort sounded from the void, black palms, one by one, came to Qin Chen's back at some unknown time, and they were printed like lightning.

"Boom!" A dull voice sounded, Qin Chen only felt that his left shoulder was numb, and immediately an extremely terrifying force penetrated from the place where the shoulder was rubbed. The strong impact force hit him. People flew out.

## [Chapter 2077: Yan Yan Palm](#)

Chi Yan Demon Lord did not know when he appeared beside Qin Chen, and a cold smile was outlined at the corner of his mouth: "If you hit the palm of the old man's Yan Yan, you can wait for death obediently. If you are willing to tell the secret of the old man, maybe the old man May consider leaving you a job

road. "

Rumble! This terrifying force is extremely cold, but in the cold, it carries a scorching heat. It is like a flood dragon rushing into the sea. It rushes across Qin Chen's meridians, madly, kakaka, Qin The tyrannical warp of dust

Above the veins, traces of burning marks immediately appeared.

What is even more frightening is that this scorching magical power is burning his soul at the same time, which means that his body and soul have been severely injured at the same time.

Qin Chen was shocked, how powerful his physical body, the eighth level of the Immortal Saint, could not withstand the erosion of this scorching demon energy?

He could clearly feel the terrifying power of this power. If it weren't for his physical body and soul to be the pinnacle, he would also suffer a loss under such an attack, even severely wounded.

"Master, this is the secret technique of Red Flame Demon Lord. The reason why this person is called Red Flame Demon Lord is precisely because he possesses the power of the demon flame that burns the soul. The upper demon lord of the demon clan is also extremely jealous."

The voice of Skeleton Rudder master sounded in Qin Chen's mind.

Qin Chen was thoughtful, although his heart was not disturbed, he immediately urged the Qinglian Demon Fire in his body, and the blue flame immediately filled all the meridians in Qin Chen's body, but it never released the slightest.

Because as long as he exposes the Qinglian Demon Fire, it is very likely that he will be seen through by the Chiyan Demon Lord and Demon Li.

Hum!

The blazing flames surged in Qin Chen's body, setting him off like a blue giant, the Qinglian demon fire collided with that demon flame, and both sides quickly disappeared.

Huh!

A palm slapped Qin Chen, Chi Yan Demon Lord and Mo Li did not stop, their figures swayed, appearing to Qin Chen's side suddenly, and they all attacked.

"Humph."

Qin Chen hummed coldly, urging Banyue's ancient sword, buzzing, the sword aura was vertical and horizontal, and suddenly turned into a sword field. Countless sword auras were like dense locusts,

slashing at the Red Flame Demon Lord and the demon with lightning, with a bang, The two attacks were intercepted at the same time.

"What? This one hit my Yan Yan palm and it was unharmed?"

Demon Chi Yan showed a look of astonishment on his face, his face was unbelievable, and his eyes burst forth.

The palm of Yan Yan is one of its secrets. The essential power in it is not an ordinary magic element, but the power of the magic flame containing its innate secret technique, which can corrode the body and soul of any strong person. Let alone Qin Chen a human race, even a high-ranking demon king who is also a different demon race will be overwhelmed by this move, and it is difficult to resist. Although its current cultivation base has not been fully restored, the red flame demon is confident Under a palm, the pinnacle of human race

Emperor Wu will be seriously injured.

But now?

The president of the Black Order in front of him is just like a okay person. How can Chiyan Demon not be surprised?

"It must be taken down, this person must have a big secret."

The heart of the Chiyan Demon was frightened and blasted. It was full of devilish energy, and its graceful figure was looming in the devilish energy, without hiding itself, the monstrous devilish energy pouring toward Qin Chen like a vast ocean.

These demon energy flickered and turned into pieces of runes, and the magic light surged, like a abyss like a prison, and turned into an invisible formation to restrain Qin Chen.

At the same time, a magic bottle appeared in the hands of Demon Chiyan, and the mouth of the bottle was aimed at Qin Chen, blooming with mighty magic light.

"Master, be careful, it's the Sky-Swallowing Devil Bottle!" The Skeleton Rudder Master in the Universe Good Fortune Jade Plate was shocked.

"Ok?"

Qin Chen turned his head to see the magic bottle, and a strong sense of crisis faintly rose in his heart. The mouth of the magic bottle was like a dark black hole, trying to swallow everything in this world, even his heart trembled, and his soul was in Trembling.

"Hahaha, I'm sorry, I won't play with you anymore!"

Qin Chen's figure shook, and the power of the blood in his body was invisibly displayed. Before the sky-swallowing devil bottle was urged, lightning rushed towards the altar.

Qin Chen had seen the horror of the Heaven-swallowing Devil Bottle in the Guyu Realm at the beginning, so I don't want to experience it personally. After all, the Devil's bottle was safe and sound

under the explosion of the Alien Continent of the Guyu Realm. It is definitely not an ordinary treasure. match.

"Stop him!"

Seeing Qin Chen turned around and ran, Red Flame Demon Lord suddenly became anxious, and immediately shouted loudly.

In fact, Mo Li didn't need to speak, Mo Li had already rushed towards Qin Chen for the first time.

"Where to go."

It had an eagle face, and a huge demon shadow appeared above its head. The demon's might was mighty, like a world-famous \*\*\*\* and demon, killing Qin Chen.

"boom!"

The huge devil's palm is like a cage, covering Qin Chen, to seal him tightly here.

"Huh, cut!"

Qin Chen held the sword in both hands, urged by the Nine Star God Emperor Jue, and suddenly the Banyue ancient sword buzzed and trembled, and a sword aura rose to the sky. The entire ancient sword seemed to have revived, releasing the aura of eternal glory.

Boom!

The sword light flashed, like a golden pillar pushing horizontally, and with a puff, the palm of the devilish energy protruding from the Moli was cut off, and Qin Chen's figure shook, and he already swept into the range of the altar in the deepest part of the passage.

"Swallow!"

Red Flame Demon Lord's Heaven-Swallowing Devil Bottle is finally ready at this moment. Its pupils rotate to accommodate the stars of the world. The black light on the Devil's Bottle is prosperous. With a rumbling, a jet of black light bursts out of the mouth of the Devil's bottle and hits directly on the altar. Qin Chen.

This black light was overwhelming and contained endless coercion, and the void was blasted with ripples, shivering and bursting.

"Boom!" Seeing that the black light was about to rush into the altar, suddenly, a ray of light above the altar was activated, and an invisible force was activated, and it quickly enveloped the entire altar. With a bang, the black light bursting out of the Heaven-swallowing Devil's bottle blasted on. Above the altar shield, like a clay cow

Entering the sea, the smoke disappeared suddenly, without the slightest shock.

what?

Chiyen Demon Lord looked at the altar in front of him in amazement, his eyes bursting.

With the attack of the Sky-Swallowing Devil Bottle, Emperor Wu of the pinnacle was about to fall, but he was easily stopped by the shield of the altar. What's more terrifying was that after blocking the magic light of the Sky-swallowing Devil's bottle, the whole altar was calm, a little bit. Nothing happened.

This is terrible! Chiyan Demon Lord did not dare to say that his Sky-Swallowing Devil Bottle was the most powerful treasure in the world, but no matter what, a single blow could cause a huge impact, but now? It's like a drop of water into the river and sea, not even a ripple

What a terrifying existence is this altar?

"Yuan Mozu!"

Red Flame Demon Lord took a breath. In fact, there are two possibilities for the appearance of this altar. The first one was set by the ancient Demon Clan, and the second one was that it entered this ancient demon back then. Set by the demon master of the alien demon race.

But now Chiyan Demon Lord is completely sure that this must be set by the Abyss Demon Race, because even the Demon Lord of the Foreign Demon Race cannot set up so many altars and stand for tens of thousands of years. At this time, the invisible power of the altar was enveloped, and the two immediately went to Qin Chen's trail.

[Chapter 2078: All vain](#)

"Damn it, just a little bit!"

Red Flame Demon Lord knew that it was impossible to kill Qin Chen anymore, so he could only put away the Sky-Swallowing Devil Bottle, and his heart was very angry.

"Master Chi Yan, what shall we do next?" Mo Li rushed in anxiously.

"Go and enter the altar."

Chiyan Demon Lord flashed his eyes and said coldly.

"But that guy knows who we are..." "Although this person knows who we are, he didn't say it when he was outside at first. It can be seen that the other party did not want to reveal the identity of us, otherwise, he just speak outside, you think we two can still walk here alive

Inside? Maybe it would have been forced to escape long ago. "

Chi Yan Demon squinted his eyes and said, his mind was very clear. Mo Li was taken aback for a moment, and it was really like this. If that guy wanted to kill them, he only needed to expose their identities of the alien demons when they were in the square before. Pill Emperor and the others would definitely join forces against them. In that situation The only thing they can

All you can do is escape.

"Then what is the purpose of this person?" Mo Li couldn't help but he couldn't figure it out.

"It's not clear at the moment, but it's all here, so naturally we can't go back without success, we can only take one step and see one step." Chiyan Demon Lord's eyes flickered.

While talking, the two simultaneously stepped into the altar ahead.

Hum! Stepping into the altar, the two came to a special place, with endless demonic energy lingering above their heads, and an altar under their feet. Looking around, the two did not notice Qin Chen's figure. They were just about to talk, only to realize Everyone around me

Gone.

Weird!

"Boom!"

Above the sky, the endless demon energy lingered down, instantly wrapping the Chiyan Demon Lord and Demon Li.

At this time, Qin Chen was also surrounded by an invisible force. He was not surprised at all, his eyes were calm, but he saw the surrounding scenery change.

I saw a piece of loess between heaven and earth, standing alone on a wasteland.

Qin Chen's pupils shrank abruptly, his face showing a pensive look.

It seems that the test here is in different forms, but the essence is very similar, which is the influence of a certain kind of illusion.

Above the wasteland, flying sand and rocks, yellow sand billowing.

Qin Chen stretched out his hand, and the yellow sand blew on his hand, pattering, very rough.

Qin Chen rubbed it with his hands, it was true.

"Big black cat, can you..."

Qin Chen transmitted sound to the Universe Good Fortune Jade Plate, but was shocked to find that he had lost contact with the Universe Good Fortune Jade Plate.

It seems that here even the connection between oneself and Qiankun good fortune jade disc can be isolated.

Qin Chen stood alone on a lonely hill, looking at it, the sky was full of yellow sand, and it was endless.

Suddenly, countless yellow sand solidified.

"Huhuhu!"

Many yellow sands quickly gathered and condensed into yellow sand giants, towering majestically, several feet high, with an earthy yellow halo on their bodies, and rushing from all directions with the weight of the earth.

"coming."

Qin Chen's eyes were indifferent, and he suddenly operated the Heaven Soul Forbidden Technique.

He knew that everything in front of him was actually illusion, but he was in an illusion, and he immediately operated the heavenly soul forbidden technique, trying to break this mysterious illusion.

"Van Shen Jue!"

boom!

Qin Chen's pupils condensed at once, and the fierce light shot out, turning into two rounds of blood.

A strange power rippled through his pupils, and wherever he saw it, the yellow sand beast disappeared in pieces.

Bang bang bang...

Under Qin Chen's pupil technique, these yellow sand beasts lost their power and exploded one after another, but the world of this wasteland could not break free and still imprisoned Qin Chen.

"It seems that this illusion is not invincible, but it is not easy to see this illusion thoroughly."

Qin Chen was 100% sure that the test of this altar was to defeat these illusion beasts, or to break through these illusions. If unfortunately died here, he would really die.

Even if he was torn apart by those yellow sand beasts at this moment, he would also end up dead, and his blood and life would be swallowed by this altar.

"Bodhi does not have a tree, and a mirror is not a platform. There is nothing at all, so where can the dust be!"

The heavenly soul forbidden technique was operating, and Qin Chen's mind was empty. He closed his eyes and glanced at the clouds and everything disappeared. At the end of the song, everyone was empty.

boom!

The scene around him kept receding, and under the terrifying power of the Heavenly Soul Forbidden Technique, they were disturbed one after another, and all became vain.

"Huh, this illusion is finally broken!"

Qin Chen muttered and opened his eyes, only to find that he was no longer above the altar, but in an ancient open space. Around the open space, there were eighteen stone pillars, and a group of people surrounded the center of the stone pillars.

Qin Chen did not know most of this group of people, but Rao Yuangeng and Qiu Chengshuang stood respectfully beside them, all looking at him excitedly. Qin Chen also saw Feng Kangan who was enslaved by Qin Mo, his heart immediately It is a move.

"Little dust, you finally came here."

Rao Yuangeng was the first to shout out in surprise, and came to Qin Chen with a sigh.

"here is?"

He glanced at it. There were probably more than twenty people on the field, but every cultivation base was extremely terrifying, with a deep breath, like a deep sea. The vast majority of these people, like Rao Yuangeng, were giant Wudi masters.

In addition, the auras of the most leading people are even more terrifying. Some are like an active volcano about to erupt, others are like an unfathomable ocean, and even more so, like a demon god, magnificent, giving A sense of extraordinaryness.

"Little dust, this is the core place of this ancient Devil Emperor, and these people are the ancestors and powers of all the major forces in my Heavenly Thunder City. Come, let me introduce you."

Rao Yuangeng pulled Qin Chen and came to an old man. The old man was slightly fat, ruddy, with piercing eyes, as if he could see through everything, smiled, and was very harmonious.

But Qin Chen didn't dare to underestimate it, because although this aura was restrained, Qin Chen's soul power was so powerful, and he keenly felt that this was a top master, even a top master not weaker than the ancestors of the Ji family.

"Shao Chen, this is the President Gongsun Zhe of our Sky Excursion Association, the president, this one is the President of the Black Order, the President of the Black Order that I and you said before." Rao Yuangeng introduced.

Qin Chen's heart was stunned. It turned out that this person was Gongsun Zhe, the president of the Sky Excursion Association, so there was no need to say about these other people. They were obviously the top powerhouses of other forces in Sky Thunder City.

"Black Xiuhui Chenqing, I have met President Gongsun Zhe." Qin Chen said hello with a smile.

"Unexpectedly, President Chen is so young. The old man has also heard about the previous incident. I would like to thank President Chen for his help. The old man is grateful." Gongsun Zhe has no temper and said with a smile.

"With a little effort, you don't have to hang your teeth." Qin Chen smiled, "Xia Xia is also entrusted by Vice President Ge Hongsen to come here to help. This is also Xia Xia's move." "Hey, Brother Chen is polite, no matter what, It is true that Brother Chen has helped me a lot in the Skyscanner. In the future, if Brother Chen has any needs, just speak up. As long as the old man can do it, he will not refuse." Gongsun Zhe laughed.

### [Chapter 2079: Six powers](#)

"Huh, Rao Yuangeng, didn't you say that there are top masters such as Pill Pavilion's Polar Mirror Dandi, Misty Palace's Shangguan Gufeng, Long Jialong Tyrant, etc.? Why is such a kid who came out first? Wrong?"

At this time, a sneer sounded, with strong hostility.

Qin Chen turned his head, but it was a middle-aged man with eagle eyes staring at Qin Chen coldly.

"Little dust, this person is the Wuyong president of the Fighting Martial Arts Association. He has always been perverted and violent. Just ignore him." Rao Yuangeng whispered.

"Rao Yuangeng, what are you talking about?" President Wuyong's voice became cold and his eyes were cold.

Gongsun Zhe coldly said: "Don't be the president, why bother, I'm not the only one who said this before, Rao Yuangeng of the Skyscanner, but also the deputy commander Lu Zian of Dark Moon? How could it be false?"

"Gongsun Zhe, are you going to make your head stronger?" Chairman Wuyong stepped forward, his eyes cold, and said coldly: "Although this son is my Heavenly Thunder City power, but he does not know where he came from, this emperor is suspicious. , Is there any conspiracy in this!" "Everyone, you are right, the ambition of this son, the ambition of this son, the former master Wei Ziyang who killed the Di Zhen Pavilion in the sea of thunder, he almost killed Feng Mou and took it. Using Feng's Banyue Ancient Sword, can you still tolerate such bad behavior?"

"At this time, there was another angry shout, full of resentment: "If he is allowed to join our team, I don't know how many people will die. "

The speaker was Feng Kangan, the owner of the ancient sword.

At this moment, he came to Chairman Wuyong and looked at Qin Chen with bitter eyes, seeming to be extremely angry.

"President Wuyong, please also the chairman of the president to preside over justice for Feng." Feng Kangan arched his hands to President Wuyong.

Naturally, Qin Chen deliberately ordered Feng Kang'an to do so, in order to get close to the Wuyong President of the Fighting Club.

"Feng Kang'an, what you said is true? This son killed Wei Ziyang in the basement pavilion?"

Hearing Feng Kang'an saying that Qin Chen killed Wei Ziyang, a gray-haired old man immediately rushed out of the crowd, full of murderous aura, staring at Qin Chen, booming, and the terrible murderous intent swept like an ocean in an instant.

But it was the master Xu Shaking Tian Pavilion of the Di Zhen Pavilion.

Gongsun Zhe's expression changed. If these major forces joined forces to target Qin Chen, he might not be able to stop him.

He hurriedly looked at Qin Chen and said: "Brother Chen, this Gu Jian Zhuang master should have planted and blamed this matter? With Brother Chen as a person, how can he conflict with Brother Wei in the Di Zhen Ge?" "Ha ha, then Wei Ziyang was indeed killed by Ben Shao. Ben rarely saw him being controlled by the dark shadow, so he rescued him, but he and Lu Zian saw benefits and forgotten righteousness. After being rescued, they actually acted on Ben Shao. I'm afraid it's both of them

It's a different way, but Ben Shaonian has a good life in the sky, so he left the two to make a living. "

"But who would have thought that after Wei Ziyang met Feng Kangan, the master of the ancient sword, he and Feng Kangan jointly murdered Ben Shao. You said Ben Shao could give him a chance to survive?"

Qin Chen was very calm and said calmly.

boom!

Everyone looked at Qin Chen in disbelief, and President Gongsun Zhe gave Qin Chen a step down, unexpectedly Qin Chen would dare to admit it.

Is this guy an idiot?

"Hmph, nonsense, how could Master Wei Ziyang of my Dizhen Pavilion be such a person? Now that people die like a lamp, isn't it all you can say?" Xu Shantian's eyes were gloomy.

Qin Chen sneered: "Nonsense?" Ha ha, both Rao Yuangeng and Lu Zian saw this with their own eyes. If you don't believe it, you can ask Rao Yuangeng. If you don't believe it anymore, you can also ask Lu Zian after Lu Zian arrives. . "

"What Shao Chen said is true, and Rao can testify." Rao Yuangeng immediately stood up and said.

"You two are a gang, how can you believe it? Maybe this black cult is something that your Skyscanner secretly created." President Wuyong sneered. Qin Chen coldly glanced at Wuyong, and said lightly: "It is ridiculous that President Wuyong said that Zai Xia was with the Tianxun Club. Before this young man, he didn't even know the President Gongsun Zhe of the Tianxun Club. Could it be that the president of the Tianlei City Hall of Faction

Is such a brainless person? "

"You're looking for death!" The Wuyong President of the Fighting Martial Arts Association cast his eyes down, and his whole body suddenly burst into murderous aura.

"Enough." Gongsun Zhehan said: "Everyone, the Black Order will be gracious to my Skyscanner. Please also give me a face, how about?"

He Gongsun Zhe spoke, everyone was naturally surprised, this is the oldest force in Sky Thunder City, and it is extremely heavy. "Okay, okay, but it's a small matter, why bother to fight. As for the case of Dizhenge Wei Ziyang, it was not that Rao Yuangeng had said that Lu Zi'an of Dark Moon had also come here. As long as he passes the test, everyone can ask about it? Surely

Since the guild leader thinks that this son and the Skyscanner are in the same group, he never thinks that this son and the dark moon will also be in the same group, right? Commander Jia Li, what do you think? "

The old man in front of Qiu Chengshuang walked out and said lightly to a certain place in the crowd that it was the master of the Tianyi Danlou.

"Om!"

Where Dao Gaoming looked, a black figure appeared silently in the void. This person was silent and didn't even know when he appeared here.

Qin Chen suddenly felt like he was being stared at by a poisonous snake, his pores shrank suddenly, and a deep chill bloomed in his heart.

It is the leader of Dark Moon, Jia Li.

"As long as you don't provoke me, Dark Moon, please be happy with you." Jia Li Yin said with a harsh voice, which made people shudder. "Well, everyone, stop arguing. When is it, you are still fighting. If what Rao Yuangeng said is true, then this time I will be in trouble waiting. Originally, this space sealed land should belong to my heaven. Leicheng, now Misty Palace, Long Family

, Dan Pavilion and other forces have also stepped in, will there still be my part in the Thunder City? You guys don't want to deal with it, but are still fighting in this battle, is it interesting? "

Standing in the middle of the crowd, this person has a high temperament, and obviously has an extraordinary identity. He belongs to the same level as Gongsun Zhe, Chairman Wuyong and others. It is Zhai Xiangming, the chairman of the Xingzhou Chamber of Commerce.

Tianxunhui, Fighting Wuhui, Xingzhou Chamber of Commerce, Dark Moon, Dizheng Pavilion, Tianyi Danlou.

These six powers are the top six powers in Sky Thunder City, representing the six most powerful people in Sky Thunder City, and the master of the ancient sword, Feng Kangan and others, are one level lower than these six people.

As for such forces as the Moxiu Tower and the Laozhong Chamber of Commerce, they were obviously lower than the Ancient Sword Villa.

Although Tianlei City is a casual repair force, it is highly hierarchical, far surpassing the general force of the Martial Domain Triple Heaven.

According to Zhai Xiangming, the chairman of the Xingzhou Chamber of Commerce, everyone looked gloomy and ugly, and the joining of forces such as the Long Family made many forces in Tianlei City feel strong pressure.

And between people talking.

Om, om, om...the rays of light lit up, and at the same time a famous expert appeared in the stone pillar almost simultaneously.

### [Chapter 2080: its stuck](#)

The first to appear was naturally a group of strong men such as Pill King Emperor and Dragon Batian.

After seeing the many powerhouses here, Long Batian and others' eyes suddenly condensed, and they can naturally see that Gongsun Zhe and others are not simple.

After seeing Qin Chen, Long Batian and others were taken aback again.

Damn, when did this kid pass the test? It's faster than a few of them?

It should be understood that the illusion is extremely terrifying, even a few of them almost sink into it, unable to extricate themselves, Qin Chen is faster than them?

Could it be said that the strength of this son is actually better than them?

But immediately after seeing Rao Yuangeng and several people, Long Batian and several people instantly understood that Qin Chen might have gained some inside information to pass the test so quickly.

In this way, everyone felt relieved.

In a blink of an eye, I found that many warriors had passed on the field. In addition to them, Fu Qiankun, Rong Chengji and others also appeared one after another, and as the light flashed, the Illusory Demon Sovereign and Chiyan Demon Lord also appeared. Passed the test.

Seeing Qin Chen, Monarch Chiyan was shocked, but after discovering that Qin Chen was not doing anything, he pressed his heart slightly and carefully observed the surroundings.

As long as Qin Chen does not reveal its identity, it will have nothing to fear.

"All of you are the top power masters of Thunder City this day?"

As soon as Long Batian appeared, their eyes instantly fell on Gongsun Zhe and others. The eyes of the two forces collided, and the atmosphere on the court suddenly became extremely weird.

Lu Zian also passed the assessment, first saluted Qin Chen, and then quickly swept to the side of Tianlei City.

But at this time no one paid attention to him anymore, even Xu Shantian, who had previously said to ask Lu Zian about what happened, did not look at Lu Zian, but looked at Long Batian and others with a vigilant look.

Domineering!

This was the first impression Long Batian and others gave them.

Even after seeing the strength of their group of people, Long Batian and the others still had a high look in their eyes, as if the emperor was looking down on his courtiers, proudly domineering.

"I'm just waiting, you are the powerhouses of the major forces, right? It's an honor to see you all."

Gongsun Zhe, Chairman Wuyong and the others looked at each other, stepped forward and said. "Stop talking nonsense, I don't have the time to talk to you guys. Let's talk about it. You have been here for a long time, and you must know this very well. What is going on here? Why do you stay here so much? Day without continuing

Continue to explore? Could there be any problems? "

Shangguan Gufeng said indifferently when he came up.

Gongsun Zhe and the others had a cold look, their hearts were angry, but they didn't happen, they just handed over and said, "Your Excellency?"

"Old Master Gufeng." Shangguan Gufeng said proudly.

"hiss!"

Gongsun Zhe and the others took a breath of air, the reputation of Misty Palace, even the top powers of the Thunder City in these days would be moved with fear in their hearts.

Qin Chen always paid attention to the Wuyong President of the Fighting Martial Arts Association, and he saw a light flashing in the eyes of President Wuyong. Although it was extremely subtle, he was still keenly caught.

Sure enough, there is a problem.

Qin Chen felt cold, but he didn't know what to do.

"It turns out to be Senior Shangguan Gufeng, I haven't waited for further exploration. I didn't wait for you on purpose, but got stuck here and couldn't move forward." Gongsun Zhe smiled bitterly.

"its stuck?"

Many people looked at Gongsun Zhe and others. The twenty-odd people in front of them were all Wudi masters. The peak Wudi had close hands, and the rest were almost all giant Wudi masters. It was incredible to say that they could stop them. Gongsun Zhe did not continue to sell Guanzi, and smiled bitterly: "Everyone has seen the eighteen pillars in front of you. After my research, this pillar is an extremely special array that requires different top-level essences and blood to open. A stone pillar requires A kind of blood

, And when we unite, only six pillars can be activated. "

What, what's the matter?

Everyone looked around and found that these pillars were very special, in a peculiar formation, and on top of the six stone pillars, there were six blood-colored handprints, the handprints shining brightly and exuding a mysterious atmosphere.

Qin Chen finally understood, it is no wonder that the many masters of Sky Thunder City did not continue to go deep and spread the news, not because they didn't want to, but they couldn't.

Here, there should be a certain kind of assessment, this is a kind of restriction, Qin Chen is no stranger, it is in many secret realms, and it needs to reach a certain level to activate.

For example, the Ancient Yu Realm requires a master below Emperor Wu to enter.

This is a restriction, but a restriction on the upper limit of strength.

And these eighteen stone pillars should have a limit on the lower limit of the cultivation base, and they must reach a certain level before they can be opened, and the powerhouse of Sky Thunder City alone cannot activate this limit.

However, any secret realm that restricts the lower limit of strength is extremely dangerous. After all, it is often much more terrifying than the secret realm with upper limit such as the ancient Yu realm and the heavenly demon secret realm.

This also made Qin Chen more vigilant.

On the side of the major forces, it was naturally Lou Zimo who appeared on the stage. Before he came to the eighteen stone pillars, he instantly activated the Seven Xuan Dou Tianxing Apparatus to cover one of the stone pillars. Suddenly, obscure restrictions appeared on the stone pillars.

"Seven Xuan Dou Tian Xing Yi."

Ge Xu Shaotian on the side was surprised when he saw this scene, which attracted the attention of Gongsun Zhe and others.

After Xu Hantian explained the effect of the Seven Xuan Dou Tian Xing Yi, they all said sourly: "If there is this treasure, I might not need to be trapped here for so long."

Of course, he also casually said that although he is also a ninth-level formation master and the pavilion master of the Heavenly Thunder City and Earth Formation Pavilion, he is completely incomparable with Megatron World's Tool Palace.

In terms of individual strength, he may be able to compete with Lou Zimo, or even compete, but in terms of the vision and treasures of the formation, he is a loose repairer compared to the formation master of Lou Zimo's lineage. It's a thousand miles away.

"Yes, this should be a certain formation activated with blood."

Lou Zimo observed for a full hour, and then put away the Qixuan Dou Tianxing instrument, sighed softly, and said in a condensed voice.

This made Xu Shantian even more depressed.

He had been trapped for several days before analyzing the function of these eighteen stone pillars.

"If this is the case, what are you waiting for?" Long Batian pointed at a giant Wudi in the crowd and said coldly: "You, go and smear the blood."

He directly ordered to let others come forward.

The man was startled, and his face showed horror: "Senior, I..."

"Why? Not willing?" Long Batian said gloomily, chilling. The man looked ugly and hurriedly looked at Gongsun Zhe and others.
