

## Valkyrie 2081

### [Chapter 2081: Activate the stone pillar](#)

Gongsun Zhe frowned, and said: "Your Excellency, this stone pillar has requirements for those who leave the essence and blood. Not any Emperor Wu's essence and blood are useful. If it weren't the old man's expectation, those who want to leave the essence and blood must be Emperor Wudi, how else would I wait

just now? "

"Hmph, does Long need you to take care of things?" Long Batian said to Gongsun Zhe disdainfully, again drew the anger of the Tianlei City powerhouse.

Long Batian naturally guessed that this stone pillar must have something to ask, but who knows if there is any problem with it, anyway, let others try it and it's okay.

Under the gaze of everyone, the man couldn't help but came to a stone pillar, cut his palm, condensed blood, and pushed it up.

The stone pillar was motionless, there was no movement at all.

"Really so?"

Long Batian's eyes flashed. This time, he didn't let anyone go up. Instead, he came to the stone pillar, cut his palm, and smeared the blood with his hand.

Shizhu still did not move at all.

A Tianlei city expert frowned and said: "You must use blood to be effective."

"Does the old man need you to teach? Haw, ask for death!"

Long Batian's face was cold, and he shot out with a palm, booming, and suddenly a real dragon phantom roared out and rushed straight to the strong man.

That strong man was also a giant martial emperor, but under the blow of Long Batian, his heart was shocked and he couldn't move. Seeing that the real dragon was about to hit him, Gongsun Zhe shook his body and slapped him with a palm.

"Boom!"

An ear-splitting roar sounded, Gongsun Zhe's face turned pale, and he took a step back, and the real dragon phantom was also exploded by him.

He was suddenly shocked, and with one move, he already felt the terrifying power of Long Batian as the ocean, and the ancestor of the Long Family was really terrifying.

The other masters of Sky Thunder City were also shocked. With a quick attack from Dragon Batian, President Gongsun Zhe of the Tianxunhui that was blasted took a step back, which made the masters of Sky Thunder City look extremely ugly.

In this land of treasure, whoever has the upper hand will get more benefits.

Before the top major forces in the mainland, can they still have a chance to win treasures?

Long Batian missed a hit, and did not continue to attack. He just sneered at Gongsun Zhe: "You can be considered a human being if you can block the palm of your seat, but this time it is just a warning. If you chirp again, Just don't blame this seat for being polite.

Gongsun Zhe's face was pale, but he arched his hands without answering.

The hearts of many Tianlei City powerhouses are heavy, and they are all angry.

"Long Batian, hurry up." Jijing Dandi snorted coldly.

He didn't want to fight, he just wanted to see the treasure as soon as possible.

Long Batian didn't speak, he condensed his blood again and pressed his palm up.

"Om!"

This time, the entire stone pillar suddenly burst out with a dazzling black light, which shocked everyone. Then, the stone pillar returned to calm, and at the same time, under the stone pillar, a handprint was already printed on it, which was the handprint of Long Batian.

When Emperor Jijing Dan saw this, they also came to the stone pillars and printed their handprints.

Buzzing...

The stone pillars burst into light one after another, and the magnificent momentum soared.

Dan Pavilion Polar Mirror Dan Emperor!

Lou Zimo, Qidian!

The hidden gate of fog Chu Huahan!

The Holy Land of Blood Qiu Puchun!

Misty Palace Shangguan Ancient Style!

Adding to the fact that Dragon Batian, the six powers in the Thunder City combined, so many people joined forces, but only activated twelve pillars.

It's still six.

Everyone frowned, which was far worse.

"You all come up, try one by one." Long Batian's eyes sank, and he said coldly to the many powerful men behind him.

These warriors also stepped forward one after another, but none of them could activate a stone pillar, even the giant Emperor Wu.

This is natural. After all, among the more than twenty powerhouses in Tianlei City, there are also many giant Wudi, but apart from the six Gongsun Zhe, none of them can activate a stone pillar.

This is trouble!

Looking at the six stone pillars that had never been activated, everyone looked ugly.

Because afterwards, even Lu Zi'an and Feng Kang'an tried, even with the cultivation base of their peak martial emperor, they could not activate the stone pillar.

Does everyone have to wait?

Waiting for the next wave of masters to come, when will it have to wait?

"Your excellency hasn't left a fingerprint yet?"

Suddenly, everyone looked at Fu Qiankun, because Fu Qiankun hadn't tried it yet.

Fu Qiankun glanced at Qin Chen and saw Qin Chen nodding, shaking his figure, and came to one of the stone pillars, smearing his blood.

Hum!

Another stone pillar was activated.

It's still five short.

"Shangguan Gufeng, the man in black next to you doesn't seem to take action yet, right?"

At this moment Qin Chen spoke suddenly.

Everyone was taken aback and looked over.

Yes, the Misty Palace sent out two masters this time, in addition to Shangguan Gufeng, there is also a man in black, who hasn't made a move yet. Shangguan Gufeng's expression changed. She was very clear that the man in black next to her was the Heaven-Swallowing Demon Lord, who was actually a master of the alien demon race. The reason she did not let the Heaven-Swallowing Demon Lord take action was because she was afraid that the special circumstances would cause stone pillars. In this situation,

She can't help it.

"Master Shangguan, let me have a try."

Heaven-swallowing Demon Lord also knew that he couldn't hide, he walked to a stone pillar, stretched out his palm, and buzzed, suddenly the stone pillar shined, and it was no different from the others, and soon weakened, leaving a \*\*\*\* handprint.

Heaven-swallowing Demon Lord and Shangguan Gufeng couldn't help but breathe a sigh of relief.

But it is still four.

"Let me do it."

At this moment Qin Chen stepped forward.

"he?"

When everyone saw Qin Chen stepping forward, they were stunned.

Is this guy so young, okay?

"This son was not killed by Bi Hongyu of Gu Momen?" Long Batian couldn't help but stunned when he saw Qin Chen.

And President Wuyong even let out a sneer.

Under all eyes, Qin Chen came to the stone pillar and pressed his handprint. Although he had never reached the peak of Emperor Wu's cultivation base, he was confident that he should be able to activate a stone pillar.

Hum!

Sure enough, the stone pillars lit up instantly, arousing everyone's noise

Shangguan Gufeng and the others couldn't help but stare at Qin Chen, but this time their gazes added a bit of doubt.

It should be known that Feng Kang'an, the master of the ancient sword, did not activate a stone pillar, but Qin Chen activated one, which can explain something.

Three stone pillars were not activated.

Shangguan Gufeng and the others sank. Eighteen stone pillars, even if only one is missing, are a problem, let alone three.

"Everyone who has the ability to try it, don't need Ben Shao to say more? Otherwise, Ben Shao Ke will let you try one by one."

Qin Chen suddenly spoke coldly and looked at the people of Chiyan Demon Lord.

"Oh shit."

Demon Chiyan and Mo Li were depressed. They wanted to hide, but seeing Qin Chen's warning gaze, they could only come out and said, "I will try."

In addition to the two, Sovereign Phantom Demon knew that he couldn't hide it anymore, and walked out, saying, "I will try it too."

Each of the three found a stone pillar and pressed their blood.

Hum! Hum! Hum!

The three stone pillars glowed at the same time, shining into the sky.

"Damn, it worked."

Everyone was dumbfounded and unbelievable.

"Huh, I didn't expect a few masters to be hidden here."

Several people from Shangguan Gufeng snorted coldly, their eyes blooming with chills. If it weren't for the stone pillar test, they wouldn't know when they would be deceived.

boom!

At this moment, the eighteen stone pillars glowed at the same time, and the dazzling light shot straight into the sky and sank into the void.

Emperor Ji Jing raised his head, a ray of light flashed in his eyes, and said: "Here is it." Under the eyes of everyone, a shocking vision appeared!

### [Chapter 2082: Baodianxian](#)

Above the endless sky, countless stars converged, and these starlights quickly condensed together. In the endless sky, a vast building slowly emerged.

"That is....."

Qin Chen's eyes were sharp, his pupils suddenly shrank, and he saw the towering building, towering in the sky, with pavilions, magnificent and magnificent, it was the palace they had seen before in the space seal.

The palace was clearly presented in front of everyone, with a magnificent glow.

"hiss!"

Everyone inhaled air-conditioning, expressions excited, and shocked: "The Palace?!"

At this moment, no one was excited, and their bodies were shaking.

What is their purpose for breaking into this space seal? Isn't it because you saw the holy crystal and the treasure hall outside the space seal? But after coming in, it was such a magical land full of dangers, and I imagined the loss in my heart.

But now, the palace in front of them clearly appeared in front of everyone, and everyone understood that this palace was actually real.

"Hahaha, it really is a treasure hall."

"It's great, I said, this place is so dangerous, how can there be no treasures?"

"The treasures you want to come are in the palace above your head."

"Hey, the treasure hall has appeared, can the holy crystal be far away?"

All kinds of excited voices are endless.

"Don't be eager to be happy, everyone, don't forget, I saw the treasure hall outside the space seal before, but after I entered, there was nothing. Who knows if this thing in front of me is an illusion?"

As soon as this statement came out, everyone was stunned.

Yes, they managed to break through the altar, naturally knowing how terrible the illusion here is. What if they see an illusion?

Everyone opened their eyes wide, rubbing their eyes one by one, trying to see clearly whether the palace in front of them was an illusion or a real existence.

Looking at it, Lou Zimo suddenly frowned and said, "This palace is landing."

Needless to say, everyone had discovered that this palace was still far away, but now it is much larger than before, and it is constantly approaching everyone.

"Gudong!"

Everyone swallowed. As long as the palace falls, it will be clear whether it is illusion or not.

Rumble!

Endless sunlight blooms, rumbles and roars, and the mighty palace descends far away, giving people endless shock.

How can this be done by powerful means?

Amazing!

All the people present are from the major forces in the mainland, and their vision is naturally extraordinary, but after thinking deeply, they know that with the strength of the major forces in the martial arts, even if they join hands, they may not be able to arrange such a magnificent image.

Amidst the people's amazement, the treasure hall pressed down toward the crowd, and fell straight to the eighteen stone pillars.

The terrible coercion shook everyone's minds, and their hearts shook wildly.

Emperor Jijing felt the danger and shouted: "Danger, all go!"

He turned into a stream of light first, rushing out of the range of the eighteen stone pillars, and the other warriors also swept out like a hundred birds.

"Boom!"

Finally the magnificent palace fell, and the eighteen stone pillars were tightly stitched together, and a glorious glow soared into the sky. At a glance, the palace was magnificent, just like a legendary fairy palace.

At the same time, the light on the palace gradually dissipated and dimmed. The palace in front of me was made of special materials and gave people a sense of vastness. It could stand under the dark sky. After the light dissipated, there was an inexplicable evil feeling. The breath filled.

"This palace is a bit evil." Chu Huahan frowned.

"Haha, no matter whether it is evil or not, the old man should go first."

A domineering voice burst into laughter, and rushed to the entrance of the palace in the blink of an eye.

"Long Batian!"

Emperor Ji Jing was surprised and shouted: "Go!"

He took the lead and ran after him in a flash.

The rest of the people also rushed up, and for a moment they rushed towards the treasure hall like dense locusts.

Qin Chen and Fu Qiankun naturally rose up into the sky, following them, and in an instant, all the strong flew into the palace.

Qin Chen's eyes flashed, but he discovered that there were many sub-temples inside the treasure hall, and each sub-temple looked different and very peculiar.

Long Batian and others looked gloomy after seeing it.

They are the strongest, and they wish there was only one treasure hall. Everyone can rely on their strengths. The treasures will always fall into their hands. But if there are too many palaces, others will inevitably get the treasures. When they want to get it, the difficulty will be higher. .

Damn it!

Several people regretted it. They knew that there was such a good thing. They should send more masters to come, and they would be stretched like this. However, they also know that the few of them can come because of their own power and space treasure. Like other top forces, some have had time to get news, and most of them have got news, but they have not had time to catch up.

, Not even qualified to come in.

Annoyed in his heart, Long Batian and the others rushed in without saying a word, all rushing to the front halls.

The rest of the warriors were in an uproar upon seeing this, spreading like birds and beasts, covering the sky and skimming towards other side halls around them.

Many people are self-aware. Seeing the crowds go to the front halls, many people fly to some remote palaces and pavilions around them, hoping to pick up some cheap.

Even some of the top masters in Tianlei City were separated from each other. Some people immediately changed their direction after seeing Long Batian and others enter a certain hall, not wanting to conflict with the top masters of these big forces.

Seeing this, Qin Chen didn't rush to the front halls where Long Batian and the others were. He knows more about this place than ordinary people. He knows that this place is the place where the masters of the Heavenly Abyss Demon Race are sealed. Later, the masters of the alien demon race have broken into it. It is by no means as beautiful as others thought, but it is not ruled out. There are good things

.

Qin Chen pondered for a while, made a decision, and immediately flew towards some slightly magnificent side halls around him. At the same time, Qin Chen sacrificed the spirit-seeking worm, which was no longer what it used to be under the cultivation of Qin Chen. As soon as he appeared, he shook his head, looked and looked at these partial halls, and then hesitated in the two partial halls. He hesitated, and finally stared at that seat

The side hall farther away flew staggeringly.

"Huh?" Qin Chen was surprised. The spirit seeker's ability is to find all kinds of treasures. He thought that the spirit seeker would stare at the main hall where Dragon Batian and others rushed into the

center, but he didn't expect to stare at the distance. Temple, could it be said that the treasures in this remote temple are more than the main hall

is attractive?

"Fu Qiankun, let's separate, you go to that side hall, I will go to this." In the end, Qin Chen chose to believe in the spirit seeker, and the spirit seeker finally hesitated between the two partial halls. Qin Chen made a decisive decision and he Fu The universe is separated and go to these two partial halls separately. If there are treasures in these two partial halls, it is impossible to let them go

People got on board first. Fu Qiankun didn't hesitate, but he promised and rushed to another side hall.

### [Chapter 2083: Treasure Saint Crystal](#)

"Damn, kid Qin Chen, how can I be missing from Master Cat at this time."

There was a flicker beside Qin Chen, and the cat master appeared, his eyes gleaming, just like krypton gold.

"Hahaha, kid Qin Chen, don't worry about Master Cat, I will go to Master Cat."

As soon as it appeared, the excited black hair stood up, shook his body, and disappeared into the void with a buzz, even Qin Chen couldn't feel it.

Qin Chen was speechless, he also knew that the \*\*\*\* cat liked treasures the most, and he could still stay in the jade disc of good fortune in the universe before. It would be strange if he could stay in such a place.

But Qin Chen didn't worry about it. With the cunningness of the \*\*\*\* cat, even if he met Long Batian and others, he could do it well.

With a flickering figure, Qin Chen rushed towards the side hall pointed by the worm.

Because there are too many warriors here, even though the palace Qin Chen selected is extremely remote, there are still a few figures rushing in, and they disappeared, and Qin Chen followed in.

As soon as he entered the gate of the hall, a few figures flew over.

It turned out that there was a weird altar in the center of the main hall, and there was a misty light on the altar, which turned into circles of colorful glow.

And those figures rushed up and were directly shaken away.

"Good protection."

Qin Chen suddenly became surprised, staring at the altar, his eyes straightened suddenly. Under the peep of his soul power, in the colorful glow above the altar, there is a primitive stone platform. On the stone platform is placed a whole body of white spar. This spar is incomplete and missing. A small mouth, but it blooms dazzlingly

The white light exudes a palpitating breath.

A person rushed into the door again, shocked and ecstatic: "It turned out to be Saint Crystal!"

In surprise, he suddenly flew towards the altar and stretched out his five fingers to grab it.

"boom!"

A colorful glow spattered, and the man seemed to be hammered by a heavy hammer, spouting a mouthful of blood to fly away.

"Haha, overwhelmingly!"

Everyone around them ridiculed, and they were so human. As soon as they came in, they tried to plunder the spar, but they were all bombed. In addition to the ridicule, everyone's eyes flashed with greed and solemnity, because the spar inside was very rare, and everyone had never seen it before. Combined with the phantom seen outside the space seal before, they all believed that the spar was extremely May be Shengjing

, Naturally cannot be calm.

This is the legendary sacred crystal. Although it is a sacred crystal with incompleteness, the energy contained in the top-grade true stone is already the ultimate power of true essence, and the sacred crystal contained is most likely legendary The power of the Holy Land in China.

Although a little sacred realm power may not allow them to enter the legendary sacred realm, it is enough to allow them to see the threshold of the sacred realm. More importantly, it is very likely that they can further their cultivation and reach the peak. The realm of Emperor Wu.

So they are already satisfied.

However, after seeing Qin Chen, everyone showed fear.

"Brother Chen is also interested in this thing?" one of the men said in a deep voice.

Qin Chen looked at him and saw that the man had a thin face, but his body was quite burly, his five fingers were thick and big, and his hard work must be very terrifying, and his aura was actually a pinnacle martial emperor who was staring at him with fear.

Qin Chen only remembered that this person seemed to be in the team of Sky Thunder City, but he did not recognize who it was.

The master of Tianlei City, he only knew the leaders of the six forces, but the others were unfamiliar.

"The treasure in this hall should be the spar in this altar. If this young man is not interested, he would have turned around and left, wasting some time here."

Qin Chen said slowly.

This is a special place selected by the Spirit Seekers from countless halls. The spar in it is most likely the legendary holy crystal. Why doesn't Qin Chen desire it?

The current Qin Chen's cultivation was in the mid-level peak realm, and he had no problem dealing with the ordinary peak martial emperor, but facing the ancestors of major forces such as Long Batian, he was still struggling and even fell into a disadvantage.

But if he can really get the sacred crystal and use it to break through to the realm of the giant Wudi, he will be able to fear no one, how can he not be moved?

Of course, Qin Chen never longed to pass a holy crystal to reach the holy realm. After all, what can a holy crystal do? The best real stone is high-level, but have you ever seen a martial artist who can break through the realm of Emperor Wu with the best real stone?

The man's face turned ugly, and he groaned: "The emperor lives in Min Wusha in sorrow. In that case, it's better to join forces with you and me to expel the others. This spar is handed and divided into two. What does this mean? "

The complexion of the others in the hall suddenly changed, and their eyes were wide open, daring not to speak.

Among the remaining people, although there are still some masters, such as the giant Emperor Wu, the man with the highest cultivation level is undoubtedly this man.

As for Qin Chen, they have also heard of someone who can defeat even the master of the ancient sword, Feng Kangan, and there are experts like Fu Qiankun beside him. He even activated a stone pillar before, so although he is young, everyone dares not dare. Underestimate.

"Min Wusha, don't go too far, there is no owner, you have a share!"

A giant Wudi couldn't help but yelled at him, his face was surging with anger, and his eyes were extremely eagles.

Others also showed coldness, Min Wusha is going to eat alone, how can they bear it.

Min Wusha's face became cold, and he said coldly, "This emperor has no time to talk with you rubbish, just get out of here!"

He made five fingers and immediately grabbed the Wudi strong man.

"Boom!"

The void oscillated, and a huge invisible force immediately restrained the Wudi strong man and squeezed his palm.

"Kachacha!"

"what!!!"

The giant Wudi strong screamed, the body guard imperial energy was instantly broken, and the entire body bones were shattered, and they were directly deformed by being pinched. It was terrible!

"roll!"

Min Wusha flicked his arm, and the giant Wudi powerhouse shot out like a cannonball.

The entire hall suddenly became silent, and everyone's faces were gray.

The person before was also a well-known master in Tianlei City, but under Min Wusha, he was not an enemy of one move, and his heart was desperate.

Min Wusha glanced around and said coldly: "It's okay if you don't leave, but if anyone dares to think about it, this emperor will directly crush him into mashed meat, you can do it yourself!"

No one dared to say anything at this time. Sorrowful living in Tianlei City is at the same level as Gujian Villa, and even Min Wusha's reputation is still higher than that of Gujian's owner Feng Kangan, compared to the six major players in Tianxunhui. The power is just one thing worse.

If this person is offended for this, it would be okay if the cultivation base can be greatly increased here, but if there is nothing, and if you get out of the sea of thunder, you will probably be chased to death by this person. Seeing no one was speaking, Min Wusha flashed a trace of pride and disdain in his eyes, turned to Qin Chen and said, "Brother Chen, let's break the formation together."

#### [Chapter 2084: Broken altar](#)

In fact, he looked down on Qin Chen very much in his heart. If it hadn't been for hearing about Fu Qiankun's fight with Long Batian, he knew that the person next to him was a top expert. For fear that Fu Qiankun would trouble him, he would have left Qin Chen alone. Treasure.

Qin Chen glanced at him and said faintly: "If this is the case, it's okay. The so-called unowned thing is worth seeing, but there is only one spar in the altar, so be it, Ben Shao won't let your Excellency suffer. The big formation breaks open, the stone platform in this altar belongs to you, the spar belongs to me, the stone platform is extremely special, and it is also a treasure if you want to come, and it is countless times the size of the spar, and you have earned some. It doesn't matter if you are less or less the kind of caregiver."

"what?"

Min Wusha's face changed drastically.

This kid is too much.

The most precious thing in the altar is obviously the spar. As for the stone platform, it is just a place to store the spar. He doesn't take the spar, so what is the use of this stone platform?

His eyes suddenly sank, and he said angrily: "Brother Chen, this stone platform is useless, why should I use it? How about returning the stone platform to Brother Chen and the spar to the emperor? This emperor is willing to suffer a bit."

Qin Chen said: "Then I'm sorry, the spar on this stone platform has to be decided, and I don't want to share it with others."

Min Wusha shot a cold color in his eyes, and said coldly: "Brother Chen isn't afraid to die by himself?"

He chose to cooperate with Qin Chen already very forbearing. He didn't expect that the other party was more ruthless than him. He suddenly felt murderous, and his eyes burst out with cold light. It was a big deal to kill this kid, and he shot them away.

"Haha, it's my business whether you can hold it or not. Is it because your Excellency doesn't agree with me, even I want to kill?" Qin Chen said with a smile.

"Hahaha, how could that be possible? Brother Chen is my benefactor of Thunder City. No matter how much this emperor would not do anything to Brother Chen, but this altar is very strong, even the emperor could not break open before, if not The emperor helps, I am afraid that Brother Chen may not be able to break it alone, if you wait for others to come, I am afraid this thing will not be my share!"

Min Wusha looked like he was considering Qin Chen.

Qin Chen said with a smile, "You don't need to worry about Brother Min, this young master can now break the altar."

I couldn't help but sneered in my heart. The other party also said that he was the benefactor of Sky Thunder City. Before this person even said that Emperor Wu of Sky Thunder City would kill him when he said that he would kill him.

Min Wusha's eyes were cold, murderous intent surged in his heart, but with a smile on his face: "If this is the case, then the emperor will see Brother Chen showing his power, but let me make it clear. If Brother Chen can't Break open this altar and stop blaming Min for intervening in it."

"Don't worry."

Qin Chen sneered, took a step forward, suddenly came to the altar, and leaned out with one hand.

"Om!"

The altar trembles immediately, and the colorful rays of light bloom, and a powerful impact is permeated, like the others before, to bounce Qin Chen away.

"Huh, stop!"

Qin Chen snorted coldly, his body shape was quite different, sensational, and under the pressure of that momentum, but under his hand, he suddenly felt as if he was crashing on the copper wall and iron wall, and the blood in his body was surging. There was a flash in his hand, and the half-yue ancient sword suddenly Appearing, the ancient imperial soldiers burst out with a dazzling light, and the colorful glow that aimed at the front was pierced.

"boom!"

The altar trembled violently, the colorful rays of light burst into astonishing gazes, a terrifying force continued to diffuse along the sword body, the Banyue ancient sword buzzed and trembled, and the sword body was shaking, as if it could not bear it.

Both sides are exploding with terrible power and colliding frantically.

The rest of the people around were stunned. Under their attack, the altar shield instantly bounced them away, but Qin Chen actually blocked it. This level of strength is indeed far more terrifying than them.

Is it true that what Rao Yuangeng and others said is true, this son is really terrifying? Can even Feng Kangan, the owner of the ancient sword, be defeated?

While everyone was secretly surprised, they could not help but speculate.

Qin Chen's face turned pale, and he urged Banyue Ancient Sword with all his strength. The Ancient Sword pierced into the colorful barrier with a piercing tremor. Qin Chen buzzed. The colorful barrier was shining, trying to block it, but couldn't stop it. The sword body was inserted little by little.

Min Wusha's pupils shrank suddenly, showing a frightened expression, and a frightening eagle flashed across his eyes.

He was the first group of people to rush into the Partial Hall. After trying several times before, he was shaken back by the colorful glow on the altar. He naturally understood the power of this barrier, but Qin Chen actually blocked it.

Moreover, the imperial soldiers that Qin Chen displayed may not be recognized by the other people in Tianlei City because of their low status, but he could tell at a glance that this was actually the treasure of the ancient sword village owner Feng Kangan's Banyue ancient sword. , His eyes are even more startled.

Buzzing...

Suddenly there was a trembling from the ancient sword of Banyue. Seeing that the ancient sword was going to penetrate the colorful glow, a dazzling light suddenly burst out from under the glow. An invisible film blocked the ancient sword of Banyue, which was colorful glow. The last protection in the middle.

The film is weak, but like an invisible gate, it cannot be penetrated.

"broken!"

Qin Chen's twin pupils burst out with rainbow light, and the horrible spirit power was diffused by the use of the Wanshen Art. The structure of the entire altar was clearly visible under his eyes, and various lines were clearly visible.

Qin Chen spotted a weak opportunity for the altar to revolve, and with a loud anger, exhausted all his strength, he stabbed with a sword.

"Boom!"

The altar shook violently, and a dazzling glow burst out of it, and Qin Chen's Banyue ancient sword had already pierced the colorful glow, and suddenly a terrifying force swept out, like an active volcano about to erupt, outside the altar There was also an explosion in the space, and the whole altar was about to explode.

"not good!"

Qin Chen felt a strong crisis in his heart, and his figure suddenly retreated.

"boom!"

The moment Qin Chen retreated violently, the altar exploded, and an incomparable force swept away, and the sky broke and the earth broke, and the terrifying shock wave spread instantly.

"Puff puff....."

Under this force, the surrounding warriors suddenly seemed to be hit hard by a giant hammer, all blood spurted, one by one flew down in embarrassment, and their tendons broke and fractured.

There were two Wudi with weaker cultivation base. They were too late to react. They burst with a bang, exploding into countless pieces of flesh and blood.

The blood was thrown in the void, but it quickly disappeared, as if it had been swallowed by some invisible force, and a trace of blood flashed on the altar, and disappeared quickly.

"Run away!"

Where did other people have the time to check these, furiously, they set up escape lights and fled outside the hall.

Boom!

The terrifying explosion swept away, countless strong people vomited blood, all rushed out, and two people fell again, and the rest of the people were not well, each vomiting blood, full of blood, as if they had experienced a great battle.

The screams are endless for a while!

#### [Chapter 2085: Kill Min Usha](#)

The only people who could resist were Qin Chen and Na Min Wusha.

"Roar!"

Min Wusha roared, a layer of black armor appeared on his body, and his muscles were knotted, like a dragon coiled up. Under the shock wave, his whole body was surging with blood, and the sweet throat surged, but he did not retreat.

And Qin Chen was also shocked with blood surging, but when it flew away, it cut out with a sword and roared, "Go!"

boom!

The boundless explosion was cut open, and the mighty sword energy moved forward and cut the altar open, but Qin Chen himself was shaken out, and the blood in his body was tumbling, almost spit out a mouthful of blood.

He was the one who suffered the most from the explosion.

The explosion came fast, and went fast, and soon disappeared, and the stone platform in front of him revealed that there was only a spar, blooming with bright white light, emitting a terrible breath.

"call out!"

Min Wusha had waited for a long time, and instantly turned into a ray of light and rushed up. His five fingers turned into a huge sharp claw, and he slammed down toward the cover, instantly grabbing the entire stone platform.

"Haha, thank you, Brother Chen, there will be a period later!"

Min Wusha laughed triumphantly, grabbed it suddenly, and suddenly his smile froze.

The stone platform did not move at all.

Um, so heavy?

Min Wusha's face changed slightly, and he turned to grab the holy crystal, but when he grabbed it, his face changed again, because a ray of light and shadow on the stone platform wrapped the holy crystal, making him unable to grasp it at all.

This stone platform and the holy crystal seem to become one.

"boom!"

In addition, the stone platform was stimulated, and a dazzling light suddenly burst out, and an illusory shadow appeared on the stone platform, which turned into a small mountain of phantom shadows, and the light exploded, and the holy crystal was in the middle of the hill, erupting with amazing power.

With a bang, Min Wusha only felt a huge force coming, and was too late to react. He was shocked and flew out, spraying blood in embarrassment.

Qin Chen felt the pressure from the space tens of meters away, and suddenly felt uncomfortable.

"This stone platform is actually a treasure, so domineering!"

Qin Chen was frightened, looking at the phantom shadow of the hill, his eyes shot with excitement.

He could see that this stone platform is definitely a treasure similar to the Fantian Seal, containing tremendous power, even he almost glanced away before.

This stone platform is full of spirituality, suspended in the air, wrapped in the holy crystal, staying in the air for a while, and then it twists around, slowly becoming trance, it is actually going to break through the air!

"Leave me!"

Qin Chen's body is like electricity, appearing suddenly above the stone platform, the rules of space diffuse and become an independent space domain, suppressing the stone platform in this void.

The power of the terrifying space is constantly permeating, and Qin Chen quietly rotates the universe to make a jade dish, and puts the stone platform and the holy crystal into his own small world.

The stone platform seemed to feel the power of the jade disc of good fortune from the universe, and it trembled for a while, and the surrounding space was suddenly shattered, and the entire hall was shaken and about to collapse.

"If you want to go, give me less!"

Qin Chen roared, quickly squeezed his hand, and urged the Nine Star God Emperor Secret Art. At the same time, the old source in the Universe Fortune Jade Plate also urged the power of the source beast. With a bang, the suction from the Universe Fortune Jade Disk increased greatly. Covering the stone platform, slowly absorbed the stone platform.

Qin Chen also showed a look of surprise. If the ordinary treasure was taken away in an instant, but the stone platform was too heavy, and every move was extremely difficult.

Fortunately, this stone platform is only some kind of treasure and not a real life body. If it has life, even if the suction power of the Universe Jade Plate is increased several times, it cannot be sucked in against the will of others.

Seeing that this stone platform is about to be absorbed by the jade disc of good fortune from the universe.

suddenly--

"Boom!"

With a loud explosion, a huge black palm appeared in the sky, and it snapped at Qin Chen.

Endless rainbow light appeared in the palm, as if the sun, moon and stars were spinning in the palm, swallowing everything in the world, and snapped down towards Qin Chen.

It was Min Wusha, who didn't want to see Qin Chen obtain the treasure, so he blocked it.

"Hmph, you are really looking for death!"

Qin Chen was furious, his face sank, and the half-yue ancient sword appeared in his hand, and the mighty sword aura burst into the sky. It turned into a sword aura that reached the sky and slashed fiercely. With a click, the sword aura burst out with a dazzling light, you can see In the sword aura, the rich platinum energy is condensing, transpiring the air into particles.

"puff!"

The sharp sword slashed on the dark palm like lightning, and the palm suddenly burst with dazzling light. In the squeaking sound, the dark palm was cut apart, melted under the sword gas, and burst into pieces.

"what?!"

Min Wusha's horrified sound came from the void.

His attack contained the power of blood and urged the power to the extreme, but he did not expect to be broken open by Qin Chen's sword. In the void, he felt the breath of death.

"Heaven and Earth Big Kunzhang!"

Min Wusha roared and burned his essence and blood. Suddenly, the terrifying palm strength condensed again, and gathered into a Kunpeng-like palm, covering the sky and the sun, majestic and majestic.

"Dead Word Sword Art!"

Qin Chen was furious, his sword energized the sky, and urged the thunder blood to come out. Suddenly, the thunder light surged on the sword body, accompanied by the death mood of the death word sword, a breath of death and destruction rose.

"boom!"

The sword aura on Banyue's ancient sword is even worse, countless sword auras burst out, like a pear blossom in a rainstorm, the sword aura skyrocketed into the sky, slashing into the huge palm.

"Boom boom boom!"

The entire large black hand was penetrated in an instant, and a series of sword charms turned into a sea of sword energy, and countless thunder lights surging, containing the rules of destruction, dispelling all the black energy, turning the countless sword energy into a sword formation, shocking the sky. .

In the sword formation, a space was twisted to pieces, Min Wusha's figure appeared, his face full of horror and shock.

His whole body was enveloped by sword energy, like a prisoner!

"Spare, Brother Chen, spare your life, I know it's wrong!"

He kept begging for mercy, but his aura became stronger and stronger, and he was obviously gathering his strength to break through the sword formation.

"Humph!"

Qin Chen snorted angrily, and Ban Yue's ancient sword sword tactics in his hand changed, and the sword suddenly rose.

"No!"

Min Wusha let out a horrified roar, his life potential exploded in an instant, he immediately resisted the sword formation and was about to turn into a escape.

However, Qin Chen suddenly opened an eye pupil in his eyebrows, and the fifth stage of the Wan Shen Jue was instantly displayed. The terrifying soul storm suddenly poured into Min Wusha's mind like a tornado.

"what!"

Min Wusha screamed, his seven orifices bleed, and his mind was in a trance under the impact of his soul power.

"Boom!"

At this moment, the sword formation formed by countless sword auras suddenly revolved under Qin Chen's urging, crushing Min Wusha instantly, exploding into blood mist in the sky.

Qin Chen snorted coldly, ignoring Min Wusha's storage ring, but violently spurred the universe to make the jade disc, and the space flashed suddenly, and the stone platform and the holy crystal were immediately taken in by Qin Chen and disappeared into the void. in.

[Chapter 2086: World Killing Bureau](#)

Qin Chen was overjoyed.

"Success!"

Perceiving the past carefully, in the jade disc of good fortune in the universe, the stone platform was instantly suppressed by the force of the rules in the jade disc, staying still, and suddenly quieted down.

Qin Chen didn't have time to observe carefully, his probe grabbed Min Wusa's storage ring, and at the same time he shook his figure and wanted to leave here.

Abruptly!

Boom!

A palm appeared, grabbing Min Wusha's storage ring, and at the same time, buzzing, bursts of light emerged, turning into a net of heaven and earth, to besiege Qin Chen.

These flashes of light and suffocating murderous intent, and the terrible murderous aura permeated, it instantly evolved into a world killing game, wrapping Qin Chen inside.

"So daring!"

Qin Chen was furious, who dared to attack him? Snatch your own spoils?

"Chang!"

The Banyue ancient sword crossed his chest, and suddenly the mighty sword energy skyrocketed, the sword energy turned into a sword formation, countless sword lights quickly converged into a hundred-foot-long sky-reaching giant sword, rumbling, the sword light giant sword fell strongly. under.

Bang bang bang! The sword light giant sword pushed out horizontally, destroying the dead, and wherever it passed, the heaven and earth killed by the great array shook endlessly. Amidst the explosion, the sword energy giant sword was already severely cut on the palm of the hand, and sparks flew everywhere. Qi collided with the palm, making a harsh rubbing

The sound of the rubbing sound, the continuous explosion lingered, and soon countless sword auras and huge palms burst at the same time, dispelling nothingness.

"Come!"

Qin Chen screamed and put away the storage ring before staring at the front. A figure stood proudly in the void in front of him. It was the pavilion master Xu Shaking Heavenly Pavilion of the Heavenly Thunder City.

"what?"

Xu Shantian was shocked and looked at Qin Chen solemnly. He saw Qin Chen alone here, trying to kill Qin Chen, but who would have thought that Qin Chen actually blocked his own world killing game.

This son has such terrible strength?

"Pavilion Master Xu Hantian, are you trying to kill Ben Shao?" Qin Chen's eyes were sharp and he burst into killing intent. Xu Hantian actually slayed a killer on himself, causing Qin Chen to have endless murderous intent.

"Hmph, you killed Wei Ziyang of my Di Zhen Pavilion. Today, the owner of this pavilion will avenge Wei Ziyang." Xu Shantian said coldly, "But..."

Xu Shantian's words changed: "For the sake of God's virtue, if you can take out the treasures you got before to pay homage to Wei Ziyang, this pavilion master can't consider sparing you a dog."

Xu Shaantian stood high, looking down at Qin Chen, his eyes radiating greed.

He had heard from a strong man who had escaped before saying that Qin Chen had obtained a treasure that was suspected to be a holy crystal in this partial hall, and suddenly became greedy. As for revenge for Wei Ziyang, he just found a cause.

Qin Chen couldn't help but sneered. After a long time, this guy has fallen in love with the holy crystal on his body. Is he so confident?

With Ban Yue Gu Jianqing in his hand, Qin Chen had already slashed out, too lazy to talk to the other party.

"In that case, I can't blame the pavilion master for being impolite." Xu Shantian showed a cruel smile on his face. He raised his right hand in a cold snort, and suddenly a series of array flags swept out of his hand. These array flags As soon as it fell in the void, the murderous intent in the main hall was immediately worsened, and then the killing array was opened.

Begin to spin up.

Rumble!

Countless murderous auras came violently towards Qin Chen from all directions, covering the entire space of Qin Chen's body, leaving no gaps.

Killing the world!

This is Xu Shantian's best killer formation. He once had a broken formation from an ancient ruin, and later repaired it and developed it himself.

With this killing formation, he doesn't know how many masters he has killed. Once the formation is completed, the peak martial emperor will be unable to escape, and he will play in the palm of his hand.

Therefore, although Xu Hantian is not the top strength among the leaders of the six major forces in Sky Thunder City, he can still occupy a place with his formation and cultivation base, and no one dares to despise him.

boom!

This world kills 10%, suddenly the power skyrocketed, and there were solidified murderous intent in the middle of the palace, which was several times stronger than when it was against Qin Chen before, and the void was frozen, as if unable to breathe.

"Huh, this formation is interesting?"

Qin Chen was astonished, and wanted to do it as soon as possible at first, but after seeing the large formation set by Xu Shantian, he revealed a sense of interest.

Because Xu Hantian's array method is very special, and he has never seen it before. It does not belong to the traditional formation genre of the Tianwu Continent, but it should be a variant of a certain ancient genre. "This formation should be the ancient formation Xu Shaotian obtained from somewhere, and was later improved by him. Unfortunately, this formation is not complete. There are still some defects in this person's improvement. Otherwise, if it's an intact ancient formation, I'm afraid

I am afraid that even I will have to work hard, and I might be really trapped. "

Qin Chen is a technical madman. He was in his previous life, and naturally also in this life. Seeing Xu Shantian's formation, he suddenly forgot everything, and even though he was surrounded by this formation, he was analyzing any part of the formation. detail.

by!

If Qin Chen's actions were spread out to let the warriors from the outside world know, he would definitely be surprised.

This is simply a lunatic. It's like when someone is holding a machete to chop off his head, the mixer does not consider his own life safety, but is still commenting on the material of the other's machete, and the blade structure is very sophisticated. , Not crazy

What is the child?

"Hahaha." Xu Shantian himself was stunned. It takes time to set up the formation. He was already ready for Qin Chen to madly attack his formation in order to survive, how to stop it.

But who knows, from the beginning to the end, Qin Chen remained motionless, and he was actually stupid, making him ecstatic.

If Qin Chen rushed out before he successfully arranged the world killing game, maybe he still had some troubles, but now Qin Chen had waited forcibly until he finished the arrangement of the big formation, and did not move. Naturally, this would be perfect. Up.

"Boy, you really are still tender, come to me obediently." Xu Shahtian laughed, spurred the formation, and with a bang, he suddenly shot up to the sky, and the side hall instantly turned into a murderous ocean, everywhere. .

"Tender your sister!"

Qin Chen saw that Xu Hantian did not continue to set up the big formation, and immediately knew that Xu Hantian's formation should be completed. Instead of being afraid, there was a strong disappointment in his heart.

This waste actually only copied about six tenths of this formation. With the exquisiteness of this formation, it should be far more powerful than the current power.

What a violent thing.

Qin Chen killed him with a sword.

Rumble!

Suddenly the countless killing intents in the World Killing Game were stirred, and they wrapped towards Qin Chen like a turbulent current.

"Hahaha, now I want to kill it again. It's too late. I was strangled to pieces in this pavilion master's world killing game..." Xu Shantian laughed, arrogantly, ridiculously smiling, and his voice stopped abruptly.

### [Chapter 2087: Gang Yuan Formation](#)

"Ok?"

His eyes were wide, just like two pomegranates, and almost didn't burst out.

"Damn! Damn! Damn!"

He couldn't vent his shock even when he said three words "rely on". I saw Qin Chen swiftly rushing in his heaven and earth killing array, and the countless killing intents in the array are like thousands of water hitting Qin Chen, but Qin Chen is like a fish in the water. , Completely unaffected by murder, moving towards him

Fast approaching.

How is this possible?

If it weren't for Xu Shantian's extraordinary identity and amazing concentration, he would have been stunned, but after all, he is the pavilion master of the Di Zhen Ge, with extraordinary strength, he reacted immediately, spurring the big formation, evolving endless murderous, crazy Swept towards Qin Chen. But it's useless. When these murderous intents approach Qin Chen, it's like being blocked by an invisible force. It seems that Qin Chen has completely integrated into this formation, becoming a part of this formation, heaven and earth killing the game. Murderous

Ben could not cause the slightest impact. What Xu Hantian didn't know was that Qin Chen had completely mastered the layout of the entire world killing game as early as when he set up the large formation. Although the control of the formation was in Xu Hantian's hands, Against Qin Chen, the ninth-level peak

As far as the teacher is concerned, as long as you read it once, you can know all the flaws and loopholes in this formation. If Xu Shantian was the perfect formation of the world to kill the game, Qin Chen might still have a headache, but it was just a large broken formation. With Xu Shantian's formation, there were too many flaws in the repaired place, and Qin Chen easily Caught the leakage of the formation

hole.

Hum!

He condensed his hands, and the invisible power spread out, grabbing the loopholes in this formation, and killing Xu Shaotian.

"Dead Word Sword Art!"

call out!

The bright sword light illuminates in this partial hall, and immediately illuminates the entire partial hall. In the terrifying sword aura, murderous aura is vertical and horizontal, and the dense sword aura transforms into a sword aura that penetrates the sky, and it rushes to the sky.

"Humph! Block me!"

Xu Shantian snorted coldly, his right hand poked out, and a dark boxing glove appeared somewhere on his palm. The black true essence surged on the boxing glove, hum, a fist shadow like a mountain rushed out, mighty and mighty. Meng, shocked nine days and ten places.

"Boom!"

The sword energy collided with the shadow of the fist, and a shocking roar suddenly erupted. A powerful shock wave swept away. Qin Chen moved the Indestructible Eucharist to forcibly block this terrible impact force. At the same time, he made a fist with his left hand and threw a fist like lightning.

"Killing Fist!" The boundless killing rules rose up, and Qin Chen condensed the endless killing intent into one point, and the Nine Star God Emperor Art in his body worked, combined with the terrifying Immortal Eucharist, to strike out a hurricane-like killing fist. , Fell into the opponent's original punch

In the shadow. Xu Shaotian is far superior to Qin Chen in terms of cultivation, but Xu Shaotian is even inferior to Qin Chen in terms of physical strength. He just turned pale under the terrifying sword energy Qin Chen slashed out, and he felt a sense of even greater resistance. The terrible killing fist swept over, then

The terrifying killing intent contained in Xu Shaotian's entire body stood up, instantly like falling into an ice cellar.

"Gang Yuan Formation Armor!" Xu Shaotian roared in the crisis, and a set of pitch-black battle armor suddenly appeared on his body, and nowhere else appeared on the battle armor. These formation patterns quickly lit up. The mysterious and unpredictable, instantly formed a terrible defense to block him

.

"Boom!"

There was another roar resounding, Xu Hantian was hit by Qin Chen's sturdy fist, and flew backwards like a cannonball, hitting the wall of the side hall behind him with a bang, his whole body uttered A harsh creak.

The Gang Yuan Formation on his body kept flashing out, and only a few times later did he finally block Qin Chen's slaughter fist attack, but blood was still surging in his body, and a mouthful of blood overflowed from the corner of his mouth.

"How come? The strength of this kid..."

Xu Shantian's expression was shocked, and he couldn't believe that he was injured by such a young guy so simply, and his heart suffered an unprecedented blow.

He had a feeling that if he hadn't possessed the most defensive treasure of Gang Yuan Formation, Qin Chen's punch just now would have caused him serious injury and even loss of combat effectiveness.

How could this be so terrible?

"I don't believe it, this pavilion master is the pavilion master of the Tianlei City Dizheng Dizheng, how can he lose to you..."

Xu Shantian roared and banged, his body was tumbling with blood, and above his head, a vacant shadow appeared, and the sky and the earth changed color suddenly, and a strong murderous intent came upon his face.

"Ok?"

Suddenly, he looked out of the Piandian, his eyes flashed, and instantly put away the many formation flags placed between them, and with a swish, he rushed out of the Piandian and ran away.

But Xu Hantian just rushed out of the Piandian, swish, and a stream of light came from a distance, and fell on the door of the Piandian, it was Fu Qiankun.

"Kid Qin Chen, are you okay?"

Fu Qiankun walked into the side hall and asked casually.

He is in a good mood. It can be seen that in the other side hall, there should be a lot of gains.

"It's okay!"

Qin Chen smiled softly. Xu Shaotian was really cautious. After sensing Fu Qiankun's breath, he ran away without hesitation. Otherwise, if Fu Qiankun really arrived early, Qin Chen would really have teamed up to shake Xu. The intention of the day to resolve.

But since the opponent ran away, Qin Chen didn't bother to chase after him. After all, Xu Shantian is extraordinary in strength. Although it is no problem to kill the opponent with his and Fu Qiankun's strength, it also takes some effort, and he may even have to show it. Some hole cards.

Some gains outweigh the losses.

"go!"

Qin Chen let out a low cry, and He Fu Qiankun rushed out instantly.

Partial outside the hall.

Many strong men who had been shocked by the explosion before were still waiting to wait and see. As soon as Qin Chen and Fu Qiankun came out safely, they knew that the treasure was gone and everyone looked ugly, but they didn't dare to speak.

Qin Chen glanced at everyone, and then turned into two streams of light with Fu Qiankun and swept towards the main hall.

Those strong men suddenly rushed into the side hall, wanting to see if there was any soup to drink, but in the side hall, what was empty, everything was left, only Min Usha was blasted by the broken clothing and armor fragments. , Everyone has a sense of revenge in their hearts.

As soon as Qin Chen and Fu Qiankun stepped into the main hall, there were only a few strong men, which were completely out of proportion to the many strong men who had rushed in before.

Behind the main hall, there is a passage connected, and the many powerful people who wanted to come to the previous Long Batian have already entered the back of the main hall.

"Go, let's go in too!"

Qin Chen and Fu Qiankun shook their bodies as they slid into the passage at the same time.

Entering the passage, the surrounding environment suddenly became gloomy and cold, and several passages appeared in front, and each passage spread to different places.

"Is this the situation again?" Qin Chen frowned, several passages, which one should he use?

### [Chapter 2088: Magic liquid](#)

"Lao Yuan, have you ever sensed the aura of the Demon Lord?"

Qin Chen immediately asked the old source in the jade disc of good fortune from the universe.

Qin Chen is most concerned about the people of Shangguan Gufeng, because Qin Chen is convinced that the other party has ulterior motives when they come here, and must stop the actions of Misty Palace.

"The third channel on the left and the second channel on the right have the aura of alien demons."

Lao Yuan felt for a moment, a little uncertain.

Qin Chen couldn't help but feel a headache. Which one of the two passages should I use? What's more, in addition to the Heaven-swallowing Demon Lord, there are also Chiyan Demon Lord and Demon Li, and the alien demon aura left at the entrance of the passage is very likely to be theirs.

It would be fine if the \*\*\*\* cat was here. With the nose of the \*\*\*\* cat, he could definitely smell something.

"Fu Qiankun, why don't we go through one channel each?"

In the end, Qin Chen could only make this decision.

Whoosh! Whoosh!

The two instantly turned into two streamers and swept into two different channels.

Next, there are also some powerful people who have entered these different channels one after another, after about a stick of incense...

Huh!

A figure suddenly appeared at the entrances of many passages, with cold eyes and an air of indifference. This is a woman with a phoenix bun on her head. Her eyes are high. With her appearance, the

surrounding void immediately calms down. The woman's eyes are like stars, three thousand green silks are like waterfalls, her expression is flat, but the coldness in her eyes makes her Extraordinarily high

On the upper level, as if it were the highest female emperor in the world, she has an aura of looking over the world.

"Shangguan Gufeng and the others should go in."

The woman stared at the several passages in front, and said quietly, her voice was calm, she couldn't hear the joy or sorrow.

It was Shangguan Xier.

She did not go all the way with Shangguan Gufeng, but followed in the footsteps of everyone and came secretly, and did not give the top powers of the major forces a chance to see her.

"Master Empress, Shangguan Gufeng and the others have already entered. The depths of this passage should be the position of the strong people of my alien race back then. It's just that I don't know the specific situation now, but I think there is nothing wrong."

A black shadow appeared next to Shangguan Xi'er, the mysterious master of alien demon race.

Shangguan Xi'er frowned, "Are you sure your master of alien demon race is still alive? And, even if you are alive, we can save it?"

"Jie Jie Jie, please don't worry about this, Master Shangguan. As for saving them, it is naturally difficult to just wait for a few people, but isn't there still a master of the major forces? Otherwise, didn't you attract them for nothing? Jie? Jie Jie!"

The man in black laughed strangely.

"Ok?"

Suddenly, it glanced at the back, swayed, and disappeared into the void.

Whoosh whoosh!

Several streamers exuding vigorous aura suddenly appeared at the entrance of the passage.

"Huh, who is this person?"

Seeing Shangguan Xi'er at the entrance of the passage, the eyes of these powerful men were full of horror.

They had never seen such a beautiful woman.

That kind of lofty, transcendent temperament, even if it made them, the top powerhouses of Leizhou, they were all overshadowed and embarrassed.

However, they didn't seem to have seen this woman in the crowd before. Could it be that they came in from behind?

One of the giant Wudi courageously stepped forward and asked with a smile: "Dare to ask the girl..."

Before the words fell, his voice stopped abruptly, and his eyes suddenly went round.

puff!

A palm passed through his chest and straight to his back. Shangguan Xi'er had appeared in front of him more than once, and a palm penetrated his body.

"what!"

The intense pain made him scream only now, but as soon as the screams sounded, bang, his whole body exploded and turned into a rain of blood.

"who are you....."

The other people's faces were full of fright and anger, but halfway through the conversation, they saw a figure flashing by, puff puff... these few people burst to pieces, just a blink of an eye, they all fell.

"call!"

Immediately afterwards, Shangguan Xi'er had returned to the place, still standing there quietly, as if she hadn't moved.

On the ground, there were only a few corpses lying down, and these corpses gradually disappeared, turned into blood, and dissipated.

Whoosh!

Shangguan Xi'er plunged directly into one of the passages and disappeared quickly.

At this moment, Qin Chen didn't know that Shangguan Xi'er was following them. He swiftly flew through the passage, and this passage, like a maze, was very complicated, and there were many branch roads, making it difficult to distinguish the north, south, east and west. .

This makes Qin Chen very uncomfortable. I don't know why these palaces are designed to look like mazes. Qin Chen can only walk in the passages based on feelings.

Suddenly, the soul-seeking bug in the jade disc of good fortune in the universe seemed to feel a breath, and became agitated.

"Did the Spirit Seeker find anything?"

Qin Chen was overjoyed and immediately released the spirit-seeking worm, only to see the spirit-seeking worm quickly turned into a streamer, and quickly flew toward the depths of the passage.

Not long.

Qin Chen had already arrived in front of a stone gate, and pushed the stone gate hard, the stone gate opened suddenly without any mystery.

"This is... Magic Liquid?"

The stone room is very huge, like a square, in the center of the stone room, a strange refining furnace stands there. On the outer wall of the refining furnace, a pitch-black metal demon head extends. There

is a stone trough under the demon's head. Drops of black liquid are flowing from the mouth of the demon's head and poured into the stone trough. The stone trough is already full. Spillover

A black liquid and a strong magic energy permeated the stone room for a long time.

These black liquids seemed to blend into the lines behind the stone chamber, forming a weird and complicated pattern, giving people a very strange feeling.

The reason why Qin Chen thought it was magic liquid was because this liquid contained strange magic power, which was difficult for normal martial artists to absorb.

But being able to appear here must have its special role.

"Can it still be used?"

Qin Chen walked to the stone trough and found that the stone trough was not simple. It turned out to be an extremely complicated formation. There were a series of strange restrictions on the stone trough. Even if the restrictions made Qin Chen take a look at it, Some dizziness.

"What kind of prohibition is this?"

Qin Chen was taken aback, and what made him feel even more shocked was that both the refining furnace and the aura of the stone trough were extremely ancient, as if they had been operating for countless thousands of years.

hiss!

Qin Chen couldn't help taking a breath.

He already knew the origin of this ancient magic land, even if these stone troughs were arranged by alien demons, could it be said that this refining furnace and stone trough have been in operation for tens of thousands of years?

This is still the prerequisite for the arrangement of the alien demons. If it was arranged by the abyssal demons, I am afraid it has been around for many years. So how exactly does this refining furnace extract the energy, and how does it refine these black magic liquids?

### [Chapter 2089: Lingering](#)

Qin Chen stepped forward, put his right hand on the refining furnace, and struggling to carry it.

Boom!

The refining furnace was suddenly opened, without any hindrance, and then Qin Chen stared down, raising his brows, revealing an expression of incomparable surprise. There is nothing in the refining furnace, only a black crystal, the crystal is about the size of a fist. With the operation of the refining furnace, traces of black air flow gather together, condense into black liquid, and enter the metal demon head.

Flowing down.

"The refining furnace can operate for tens of thousands of years. It should be related to the formation in this palace. The formation can extract energy from the heavens and the earth and provide power, but the crystal has been refined for tens of thousands of years, and it hasn't dissipated?" Intuition told Qin Chen, this black crystal is not simple. If this crystal is equivalent to the real stone of the demon clan, it is at least of the holy crystal level. Otherwise, it is like a top-quality real stone, and such a large formation may be exhausted in less than a day.

How can it run for so long?

This thing is of infinite value.

Taking a look at the black crystal, Qin Chen reached for it.

"It's so heavy!" The fist-sized black crystal is hundreds of times heavier than Qin Chen imagined. With the strength of his ability to grab a mountain with one hand, it is not easy to pick it up. Preliminary estimates are that this spar is higher than the previous one. The table should be heavier. This density has exceeded

Qin Chen's understanding ability.

Moreover, a trace of black regular energy circulated in Qin Chen's palm, and the terrifying devil energy penetrated Qin Chen's physical defenses and instantly poured into Qin Chen's mind.

Qin Chen's eyes showed a dreamy color, and his soul was awakened instantly. He hurriedly put down the black crystal and retracted his palm.

Zi Zi Zi...

The place where Qin Chen held the black spar in his right hand was corroded into small wounds, which were slowly healed under the treatment of Jiuxing Divine Emperor Jue.

"It's so terrifying and corrosive. If I hadn't practiced the alien demon clan's technique and had a certain grasp of the alien demon clan's rules, the demon energy escaping from this black spar could corrode my palm."

Qin Chen took a breath. His defense is extremely terrifying, not to mention a devilish energy, even if a martial emperor is strong enough to urge the emperor, it may not be able to leave a wound on his body, but just touch the black spar, almost Injured, this is far more corrosive than Qin Chen

Anything I have seen.

"The black spar and the refining furnace are all intact and can continue to be used, and this magic liquid is extremely pure, maybe it will be helpful to Mokara and they will restore their strength as soon as possible."

Qin Chen thought, the higher the strength, the more he needs help. The world is too big and there are many unknown dangers. Qin Chen naturally hopes that the strength of the people around him is the better.

"Boom!"

Qin Chen reached out his big hand and grabbed the camera towards the refining furnace. The entire refining furnace suddenly burst into a dazzling light, but could not stop Qin Chen from grabbing the camera, and Qin Chen received a little bit of it into the jade dish.

boom!

With a blast, the center of the stone chamber was empty, and Qin Chen instantly included the refining furnace in the Universe Good Fortune Jade Plate. At the same time, he instructed Lao Yuan and others to say: "Lao Yuan, this magic liquid, please study it." "Haha, kid Qin Chen, Just leave it to us." Lao Yuan said excitedly. When this refining furnace entered the universe of good fortune jade disc, and as soon as he smelled the black devil energy escaping, Lao Yuan felt the power in his body about to move. As if

To the great nourishing general.

This is definitely a powerful treasure that is extremely useful to their alien demons.

Originally, Lao Yuan was not very confident in his recovery, because it needed too much energy to recover, and its power could not be continuously replenished in Tianwu Continent, and could only recover some by devouring masters of alien demon race.

But now after feeling this refining furnace, it has a faint feeling, maybe one day in the near future, it can restore its former peak strength.

Mokara and Skeleton Rudder were also very excited, swish, and instantly came to this refining furnace, sensing the power of the magic liquid in the stone trough, their bodies were all lit up with black light, and the strong power couldn't help pouring into their bodies. In, I feel extremely comfortable.

"Roar!"

Mu Cangwu, who had been suppressed in the Universe Fortune Jade Plate, too late to deal with, also made a roar at this time, and the blood-colored pupils stared at the refining furnace, making a low roar.

"Hey, this Mu Cangwu has changed."

Qin Chen frowned, showing a look of surprise.

He now knows that Mu Cangwu's strength has skyrocketed and his body grows hairy because of the fusion of the black and red shadows. Generally, people who are stared at by the black shadows will only lose their minds and become walking corpses. Know how to kill.

But the person who was seized by the black and red demon shadow could still maintain that little sage, but Qin Chen was curious about how the previous master of the alien demon race controlled Mu Cangwu to make Mu Cangwu obey his orders.

If you guessed correctly, the black shadows here were definitely not made by alien demons. If the masters of alien demons could create such terrifying shadows, they would have occupied the Tianwu Continent several times. Did not attack?

In this way, these black demon shadows and dark red demon shadows were obviously created or formed by the Abyss Demon Race in the heavens, and this was in line with common sense.

Before, Qin Chen saw in the Devil Land the scene where countless powerful human races were being manipulated towards the depths of the Devil Land, and he knew that there was a power in this place that could attract these powerful men who had lost their sanity.

But how did the alien demon on the first fork control Mu Cangwu?

Although Qin Chen read part of the memory of the master of the alien demon clan, he did not see this part of the memory, so he could not figure it out.

But now seeing Mu Cangwu's state, Qin Chen's heart moved slightly.

Perhaps, that alien demons relied on some kind of item to control each other.

As soon as this thought came out, Qin Chen felt a flash of inspiration.

This is very possible.

"Could it be that holy realm blood?"

Qin Chen guessed.

That sacred essence blood can increase the strength of the alien demon race. Obviously it is not its own essence and blood back then, it is most likely the blood of the abyss demon race.

In this way, everything makes sense.

"Huh? Where are the treasures here?"

Qin Chen was thinking, and suddenly a voice came over.

Whoosh whoosh!

Several figures appeared outside the stone room.

Qin Chen turned his head and looked around, suddenly a little speechless, the person here was Di Zhen Ge Xu Shaotian.

by!

It's really lingering.

This place can shield the martial artist's perception, and Qin Chen is in deep thought and does not pay attention to the outside at all times, so the opponent invaded into the stone room without perceiving it.

"Hahaha, there is really a way to heaven, you don't want to go, but there is no way to hell, but you want to break in." Xu Shantian burst into laughter, and took a few people into the stone room with a bang, he closed the stone room, and then Looking at Qin Chen with a smile, he sneered: "The pavilion owner wants to see, who else will save you now?"

#### [Chapter 2090: You have a small world](#)

Qin Chen touched his nose, and said, "Are you sure you really want to do it?" Xu Shantian's eyes were cold, and he sneered: "Smelly boy, do you think the pavilion master is afraid of you? I left before, just

caring about you. That's all. If you were the only one, you would have been killed by the pavilion master long ago.

Zhang? "

Xu Hantian felt ashamed and angry for his escape before, and now seeing Qin Chen alone, the killing intent in his heart naturally broke out infinitely.

"Oh, when is the redress of the injustice?" Qin Chen smiled bitterly. He really didn't want to fight the opponent. Without him, it was too boring. It's a pity that Xu Shantian obviously misunderstood Qin Chen's meaning. He thought that Qin Chen was begging for mercy. He suddenly laughed and said, "I think of begging for mercy now. It's too late. Next, maybe I will spare you one

Way out. "

Xu Shantian said with a smile, and winked at several people around him as he spoke.

Whoosh whoosh! These people surrounded Qin Chen in an instant, and at the same time, a formation appeared in each of their hands, hum, a terrifying array of light suddenly rose up, enveloping the entire stone room, and Qin Chen was located in the center of the stone room, which can be described as the third floor from the left. , The third floor from the right, no

There is a trace of loopholes.

These people are all masters of the Dizhengge, at the same level as Wei Ziyang's strength, and they are all masters of the formation. The weakest of them is the eighth-level imperial formation master. All are famous in the sky.

I have to say that this Xu Tian-shaking ability is extremely strong, and he actually invited several major formation masters from the vicinity of Leizhou and even in the second layer of the Martial Domain to Tianlei City, and formed a top power such as the Earth Formation Pavilion.

"Are you preparing to bully fewer people?" Qin Chen said with a cold look.

"Hahaha, I just bully too many people, so what can you do?" Xu Shantian laughed, his previous resentment disappeared, and then his eyes became cold, and he grinned: "It seems that you don't want to be obedient. Please forgive me, as long as you take you, don't all the treasures in your body belong to the old man?

Beheaded without knowing it, your servant, you won't know who made the move. "To tell you the truth, I'm really sorry. I heard that your Excellency came to Sky Thunder City not long ago. With your strength and identity, you should be someone from a top power in mainland China? It's a pity that you fell silently here, and others won't even die for you

know! "

"Do it."

Xu Shahtian let out a cold drink, his palm suddenly under his command.

Hum!

The terrifying light quickly rose, and Qin Chen was now trapped in the stone room, unable to escape, and was immediately wrapped in the center by the endless light.

But Qin Chen still had a faint smile at the corner of his mouth. He arranged his clothes lightly, shook his head and said, "You are too happy to be too early."

Qin Chen gently urged the universe to make a jade dish, and at the same time said lightly: "Everyone, come out."

"Quack, Master, you can let the old demon suffocate me to death, it is really uncomfortable for me to hold back the old demon."

"Jie Jie Jie, Master, we are all about to suffer from internal injuries."

Two piercing laughter sounded, and at the same time a black light flashed in front of Qin Chen, Mokara and Skeleton Rudder Master appeared instantly.

boom!

A monstrous magic light erupted from the two of them, like two demon gods coming out of purgatory.

"what?"

Xu Shantian's eyes were suddenly rounded, and the others were also shocked.

by!

Why two people suddenly appeared in this stone room? Where did these two people emerge from?

"You... do you have a legendary little world?"

Suddenly, Xu Shantian seemed to have thought of something, his eyes burst and his body trembled. He is also regarded as the top powerhouse in the mainland, and he naturally knows some legends and rumors. In the ancient times, when the powerhouse of the holy realm was rampant, there was a kind of treasure between the heaven and the earth, which could contain one side of the world, and had complete rules that allowed living people to enter. among them

Survive, not die.

This kind of treasure is called a small world.

But the small world on the current continent is just a legend, let alone seeing it with their own eyes, even very few people have heard of it. Xu Shantian only learned the news of the small world at an ancient relic, but Never seen before.

But now, two figures suddenly appeared beside Qin Chen. The appearance of these two figures was too unexpected. They didn't seem to be hidden here. There was only one explanation, and that was the small world.

hiss!

Xu Hantian couldn't help taking a breath of air, watching Qin Chen's eyes faint green light, just like a hungry wolf who had been hungry for several days, and his eyes couldn't wait to swallow Qin Chen alive.

Little world! The heavens and worlds of the Pill Pavilion are already the top spatial treasures in the mainland, but they can only be used by warriors to cultivate in them, and they cannot be truly self-contained. If Qin Chen really has a small world, Then this is probably beyond

The treasure of the heavens and the world.

"Huh, huh!"

Xu Shantian's breathing suddenly became heavier, and he quickly threw out the array flags on each side, as if it were not fatal, the dense array flags flowed out quickly, and suddenly evolved into a mighty array, rolling towards Qin Chen. Come.

"Kill them."

Xu shook his eyes and showed cold light, and while urging the big formation, he took the lead in entering the big formation and slew to Qin Chen.

"Hehe, you two solve the other people, give this Xu Shaotian to me."

When Xu Hantian brought several masters from the Dizheng Pavilion together, Qin Chen had already assigned opponents to Mokara and Skeleton Rudder Master.

"Jiejie, okay, old demon, besides the old man headed, there are four people left. You and me are two, no one can grab it." Skeleton Rudder warned to Enchanted Kara.

"Quack, it's no good, whoever does it first, it's whoever, this seat can only guarantee that before you solve the two guys in this seat, you will not do anything to your prey, otherwise, quack, you can only look at your own Speed up."

Mokara laughed, his body threw out, and suddenly a cloud of clouds swept away and pounced on the two people on its side.

"Huh, this guy."

Skeleton rudder master is depressed, Mokara is also fond of fighting. If he doesn't hurry up, the opponent will solve his opponent early and covet his goal.

So the Skeleton Rudder owner rushed forward.

Whoosh whoosh!

Qin Chen and the three of them took the lead to set off before waiting for the master of the Di Zhen Ge to make a move.

"what?"

Xu Hantian hadn't made a move yet, but he didn't expect that Qin Chen rushed towards him directly.

"Huh, the world kills the game, the Beidou kills the formation, start!" Xu Shantian snorted coldly, and suddenly, the light surged in the formation, and a terrible force suppressed it. The body seemed to be pressed against a mountain, the bones creaked, and the surrounding space seemed to be frozen and imprisoned.
