Chapter 21 Five Sacred Fist

Qin Chen showed cold light in his eyes, and suddenly kicked him out, kicking him out.

Wow!

A mouthful of blood spurted out, Wei Zhen flew out embarrassedly and flew straight for a few meters, and then like a gourd, slammed against the wall, with a bang, the wall trembled, and a little bit of lime fell. The previous day Wei Zhen, who had not healed from his injuries, suddenly howled miserably, his voice sounding like killing a pig.

Qin Chen came to Lin Tian and Zhang Ying's side, put their wrists on them, and found that they were only injured in their muscles and bones, and there was nothing else in them. He couldn't help but breathe a sigh of relief.

Lin Tian and Zhang Ying looked at Qin Chen dumbfounded, and were shocked once again at the strength they showed to him.

"Be careful."

But suddenly, the expressions of the two of them changed, and they looked at Qin Chen's pupils behind them, and a hint of panic suddenly rose.

Immediately afterwards, a violent strong wind, like Mount Tai pressing on the top, came from behind Qin Chen, accompanied by the strong wind, was a suffocating terrifying force, sealing all the positions around him.

"Little beast, I want you to die."

Behind Qin Chen, Wei Zhen screamed with a hideous face. He leaped high, his robe was ragged, but his look was unprecedentedly hideous, like a wounded beast, and he rushed out of Qin Chen's back. Crazy.

"Humph."

Qin Chen snorted coldly, then suddenly turned around and fisted.

boom!

Two iron fists collided in the void, like a thunderbolt on a sunny day. The terrifying hurricane roared and roared in the house, and finally rushed out to the surroundings. The strong energy shook the furniture in the whole house violently. Ping pong fell to the ground.

Under the violent wind, Qin Chen's body was like a rock and remained motionless. On the other hand, Wei Zhen flew upside down, landed on the ground, and stepped back three steps to stabilize his figure.

"what?"

Wei Zhen's eyes widened and the expression on his face solidified in astonishment and anger, apparently frightened by Qin Chen's punch.

He is a warrior at the peak of the late human level, only one step away, he can step into the ranks of the prefecture-level warriors and become a true master.

But earlier, under his angry punch, Qin Chen took it abruptly, even more relaxed than him.

"How is it possible, how is this possible..." Wei Zhen stared at Qin Chen firmly, without saying a word, almost mad in shock.

"Big brother, big brother..." Wei Zhen, who saw his big brother violently attack, was originally excited, staring at Qin Chen with bitter eyes, waiting to see how big brother teaches him, but in the end, he was completely shocked. .

"How can this little beast be so strong."

Just over ten days ago, he still gave Qin Chen a severe lesson on the duel stage, and almost beat him to death, but in less than half a month, Qin Chen was able to compete with the eldest brother of the late human level peak. In a tit-for-tat, such a strong change in strength made it difficult for Wei Zhen to accept it.

"Only you, want to avenge your brother? It's just a trash, do you really think you are a person?"

With sharp eyes, Qin Chen walked forward slowly, his eyes full of disdain and sarcasm, and with a high gaze, he looked down at Wei Zhen in front of him.

After reshaping the meridians, Qin Chen opened up an unprecedented twelve meridians, and his foundation far surpassed any so-called genius in the remote place of the Great Qi Kingdom.

The horror of the Nine Star God Emperor Jue made Qin Chen stronger than Wei Zhen, who was only one level above him, in strength, regardless of his previous experience and skills.

In the room, the calmness and composure in Wei Zhen's eyes disappeared. What replaced him was extreme humiliation and unprecedented anger.

The intense humiliation made his blood boil and Qiqiao smoked: "Little bastard, broke through the mid-human level and blocked me with a punch. He thought he was qualified to talk to me? Today, I will let you know that I The difference between you and you is an insurmountable gap."

Wei Zhen's two fists shook, his clothes were bulging, and his fists were crossed across his chest. In an instant, an inexplicable aura swept out of him, and a mountain-like vigorous and heavy aura radiated from Wei Zhen, so that Wei Zhen, who was lying on the ground and hiding in the distance, felt extremely depressed, and just wanted to retreat uncontrollably.

"Well, eldest brother, not only has his cultivation reached the peak of the late human level, he has also studied a lot of martial arts, especially the Huang-level five-sacred fist practice to the extreme, this kind of aura, I am afraid that he can fight with the earth-level strong It was just careless before. As long as you are serious, you will definitely be able to deal with this Qin Chen."

Wei Zhen was trembling with excitement, and even forgot the pain in his body, and his eyes shot viper-like resentful eyes frequently.

The Five Sacred Mountains are the five most majestic peaks in the Great Qi Kingdom. They stand tall and have the power to reach the sky. The Five Sacred Fist is named for this.

"Five Sacred Fist-Mount Tai is on top!"

Wei Zhen yelled and slammed his fists forward. In a daze, everyone felt that a majestic mountain appeared before Wei Zhen's fists, rumbling forward. Under the impact of this powerful and heavy boxing power, there was a strong wind in the whole house, furniture, tables and chairs ping-pong.

"drink!"

There was a burst of shout, like thunder roaring, rolling infuriating energy, and the surroundings were shaken. All the tables and chairs were blown to pieces. The entire

ground was creaking, and the terrifying force and the hurricane were overwhelming Qin Chen.

I saw cracks on the bluestone slab in the house, bursting frantically, and the air continued to explode, as if the end was coming.

"Huh, bug tricks, break!"

Qin Chen snorted coldly. He stepped forward and his body was as thick as a mountain. He watched Wei Zhen's attack indifferently, and suddenly punched out before the arrival of his fist.

This punch was not very gorgeous, there was no hurricane, no rumbling roar, but a bland rush into Wei Zhen's fist.

boom!

Like a thunderbolt in the clear sky, everyone's ears were deaf, and their minds buzzed, almost vomiting blood!

Wei Zhen's roar still echoed comfortably in the room, and the two had already separated their rivals from each other. Hearing an earth-shattering explosion, Wei Zhen's sturdy body was like a broken kite, flying upside down from the howling wind and hitting the wall hard.

"How could this be!"

Wei Zhen roared, his eyes widened, his eyes were extremely unwilling, and he spouted a mouthful of blood.

At this time, he was truly ashamed. If it is said that the first time they played against each other, the two were just competing for strength and evenly matched. This time he played against each other, he urged his true energy to the extreme, and also displayed his most powerful set of martial arts, but he was defeated.

Qin Chen's attack seemed dull, but in fact it blasted into the weakest point of his attack, directly shattered his martial skills and defeated him.

"Lost, Big Brother actually lost!"

Not far away, Wei Zhen was stunned and his heart shook. He only felt a chill from his tail vertebrae rushing to the top of his head.

In one hit, Qin Chen didn't stop, his figure was as straight as a javelin, and he stepped forward, staring coldly at Wei Zhen.

Chapter 22

"You... what do you want to do?"

Wei Zhen's face changed drastically, but when Qin Chen suddenly raised his hand and slapped his face with a slap, Wei Zhen was shocked and even wanted to resist, but Qin Chen's slap was too fast, even before he had time. Raising his hand, an infuriating slap was already on his face.

Snapped!

With a crisp explosion, Wei Zhen was slapped into the air by Qin Chen, blood mixed with teeth splashed in the air, the whole person was like a rag doll, falling to the ground with a thump, half of his face swollen. It was bluish and wailing in pain.

Seeing such an astonishing scene, Wei Zhen on the side was so frightened that his legs became weak and his whole body was chilly. He just wanted to rush out of the house. But the position where Qin Chen stood, just blocked the way he escaped.

"Little bastard, do you know who I am and dare to beat me like this? You are dead, you know what, you are dead..."

Wei Zhen stood up with difficulty and roared angrily. His eyes were extremely blood-red, and his whole person was like a beast that went crazy after being injured, his face was distorted and terrifying, and it made people chill.

Anger, furious, unprecedented anger!

Since childhood, when has Wei Zhen been so abused? A strong sense of humiliation filled his chest and blurred his vision, making him want to kill Qin Chen on the spot.

It was Qin Chen's flying kick that responded to him.

Click!

Wei Zhen's chin was kicked and dislocated, blood and water mixed with saliva scattered all over, Wei Zhendong fell to the ground with a splitting headache, and his body convulsed violently.

"Your name is Wei Zhen? I warn you, don't mess with me. I will give you a chance this time. If there is another time, I promise that I will kill you."

Qin Chen came to Wei Zhen's side and looked down at Wei Zhen with a high gaze. The energy of his whole body was concentrated in his eyes, and he stared at Wei Zhen fiercely.

boom!

Wei Zhen felt that his brain was suddenly blank, and a huge shadow of death instantly enveloped him, Qin Chen's eyes, like two sharp swords, pierced his heart fiercely.

"what!"

Wei Zhen let out a horrified scream, and an unprecedented fear rose in his heart. At this moment, he seemed to be in the Nine Nether Hell, suffering endless torture.

A patch of water appeared on Wei Zhen's pants instantly, and the hot and humid sensation awakened him. He was so scared by Qin Chen that he became incontinent in urination. For Wei Zhen, who had always regarded himself highly, it was a killer. He still has shame.

boom!

A hard kick at Wei Zhen's dantian place, Wei Zhen screamed, and suddenly passed out.

Wei Zhen on the side was already frightened.

His face was pale, knowing that something was going wrong, he could no longer consider anything, so he rushed towards the door of Qin Chen's side frantically.

At this moment, there is only one thought in his mind, and that is to escape from here, to escape from this devilish fellow.

"I want to escape now? It's too late!" Qin Chen's eyes were cold, and with a punch, Wei Zhen was shocked back without any suspense, and fell heavily to the ground.

clatter! clatter! clatter!

The sound of death-like footsteps gradually approached Wei Zhen. Wei Zhen didn't care about the pain in his whole body. He hurriedly got up, knelt on the ground, looked at Qin Chen in horror, and pleaded again and again: "Qin Chen...no, no... Little Chen... Lord Chen, please... let me go, I will never dare anymore, I will never dare anymore, I am a beast, please let me go!"

"Wrong, you are not as good as a beast." Qin Chen's eyes were cold, and he kicked out.

Wei Zhen didn't have time to resist, so Qin Chen kicked his dantian and flew out. Then his sturdy body fell to the ground with a bang, his eyes slammed, and he passed out.

Qin Chen smiled coldly. Although he didn't kill the two of them, their dantians had already been injured by Qin Chen's true qi. After the two woke up, they wouldn't feel anything, but the cultivation level in this life was It is impossible to go further.

Qin Chen came to Lin Tian and Zhang Ying's side, helped them up, and massaged them a few more times.

Lin Tian and Zhang Ying immediately felt a warm current flowing in their bodies, and the bodies that were originally painful became more comfortable, and some redness and swelling were also reduced a lot.

"Little dust, you are really..."

The two of them were dumbfounded, and seeing them in the whole process, they were completely stunned by Qin Chen's means. They only felt extremely shocked, a little dazed, and at a loss.

"You go back to heal your injuries first, these two guys should not dare to make trouble anymore." Qin Chen said lightly.

He felt a little guilty about the two of them. If it weren't for him, Lin Tian and Zhang Ying would not be targeted by Wei Zhen.

"We are okay, but Chen Shao, you have taught them two, I am afraid..." Lin Tian and Zhang Ying both worried.

At this time, they were still worried about Qin Chen.

Wei Zhen is only the second son of Wei Qihou, but Wei Zhen is the elder son of Wei Qihou's mansion. Now Qin Chen has taught Wei Zhen so badly. Once Wei Qihou comes to Anping, Qin Chen's situation will inevitably be very dangerous.

"I'm fine, rest assured you two."

Qin Chen's heart warmed slightly. Who said that this world is all wicked people, Qin Chen's heart hurt by Feng Shaoyu in his previous life could not help but warm up.

"I have two formulas here. You can practice them when you go back." Qin Chen glanced at the cultivation bases of the two of them, and they were stuck at the peak of the initial stage of the human level. He moved in his heart and taught them a formula.

"Little dust, what are you?"

"You'll know when you go back and practice."

Qin Chen sighed secretly in his heart. Even if he was betrayed by Feng Shaoyu in his previous life, he still believed in friendship in this life. I hope that this time, I don't miss it.

This dictum was something he came up with at his fingertips. To Qin Chen, it was nothing at all and it was not precious.

After leaving Lin Tian and Zhang Ying, Qin Chen walked back to the mansion, thinking about things all the way.

He didn't even consider the impact of hurting Wei Zhen and Wei Zhenhou in his heart. For him, this was nothing at all. What he was thinking about was his future cultivation.

After successfully rebuilding the meridians, Qin Chen's cultivation began to be formal.

However, martial arts practice requires a lot of resources, especially Qin Chen who has cultivated the Nine Star God Emperor Jue. The resources required at each stage are several times, even ten times, that of ordinary martial artists.

This is a huge number.

As the saying goes, money is not omnipotent, but a warrior who has no money is absolutely incapable.

But Qin Chen is now facing a lack of money.

In the past, all his martial arts funds came from Qin Yuechi, but Qin Yuechi's situation in the Qin family was not good, so there was not much support he could give him.

"You must find a way to make some money yourself."

Thinking about how to make money, Qin Chen walked to the Qin family mansion without knowing it.

"Master Chen."

When the two guards at the door saw Qin Chen, they immediately saluted, but there was a strange look in their eyes, as if something had happened.

Qin Chen was slightly surprised, but he didn't think much about it and stepped into the mansion.

It hadn't been long before, when a fragrant wind blew by, a tall girl in a red dress appeared in front of Qin Chen instantly.

I saw this girl about eighteen or nineteen years old. Although she was not very old, she was very attractive. She had long black hair scattered, her bright eyes had a pointed

nose, red lips, and her fair skin could be broken by a blow. The skin gives a youthful breath.

Chapter 23 Family Meeting

"Qin Chen, you dare to come back, hurry up to avoid the limelight, uncle, he has been looking for you for a long time."

When the girl saw Qin Chen, she said in a hurry, with a look of anxiety on her face.

"Sister Ying, what's the matter?" Qin Chen frowned slightly.

The visitor was Qin Ying's cousin, the daughter of Qin Yuanzhi's second uncle, Qin Ying.

In the Qin family, the second uncle was the only person who treated Qin Yuechi and Qin Chen fairly, and Qin Ying was very friendly to him.

When they were young, Qin Feng and Qin Fen often bullied Qin Chen, and Qin Ying helped them out every time, which made Qin Chen's life in Qin's house a little more comfortable.

At this moment, Qin Ying had a hint of anxious reproach on her face, and said, "You still asked what happened. A few days ago, did you go to the Palace of Instruments."

"Yes." Qin Chen was taken aback for a moment, and then said coldly: "Could it be that Liang Yu came to Qin Jiaying Master to ask the crime?"

A trace of anger flashed in his eyes. Although he allowed Liang Yu to refine the Heavenly Maiden Needle, he also relieved Liang Yu's charm. Instead of treating him, he would be kind to him. If this guy really came to Qin's house to inquire, he would How can you be kind to him.

"You actually really offended Master Liang Yu." Qin Ying opened her eyes wide when she heard Qin Chen's words, with a look of disbelief.

"What did he say?"

"Master Liang Yu didn't come, but Qin Fen said that you offended Master Liang Yu in the Hall of Equipment, which caused him to be beaten and scolded. He even lost the Hei Yao Mingshi for making precious soldiers. I didn't believe it. , I didn't expect this to be true, you...Ah, what is it for me to tell you."

Qin Ying looked angry and hated that iron can't make steel. "My uncle is looking for you now, saying that as long as you go back, you will be asked immediately, so you should go out and avoid the limelight."

Although Qin Ying was angry, she was worried for Qin Chen from the bottom of her heart.

"It turned out to be that fellow Qin Fen. It's my business for him to throw away the Hei Yao Ming Stone." Qin Chen sneered. Suddenly, when he thought of something, his expression changed: "How is my mother?"

"Don't worry, sister-in-law is okay, but you..."

Before Qin Ying finished her words, she suddenly rushed out of two teams of guards, armed with swords, and came to Qin Chen, leading a black-armored guard approaching forty years old, with a strong body, and coldly said: "Master Chen, Patriarch Convene a clan assembly, you come with us."

The two teams of guards separated Qin Chen on both sides and surrounded him, obviously to prevent him from escaping.

Seeing this, Qin Ying suddenly angrily said: "Qin Gang, what are you doing?"

Qin Gang is the guard leader of the Qin family, a strong man of heaven, and his ancestor was a servant of the Qin family. Therefore, he was given the surname Qin. He respectfully said to Qin Ying: "Miss Ying, this is an order from the Patriarch. Act."

Qin Ying wanted to say something, but was gently stopped by Qin Chen. He gave Qin Gang a cold look and calmly said, "Where is my mother?"

"The eldest lady is already in the chamber." Qin Gang was pierced by Qin Chen's gaze, and unexpectedly lowered his head involuntarily, shocked by his actions.

"Lead the way ahead."

Qin Chen said lightly, but he sneered in his heart. The Qin family seemed to be fully prepared. He just came back, and before he had walked a few steps, Qin Gang arrived, and the mother has been taken to the chamber. This is to take the opportunity Do you start with yourself?

"Master Chen, please move."

The group quickly led Qin Chen towards the chamber.

Qin Ying stomped her feet severely and chased after her anxiously.

In the largest conference hall of the Qin family, crowds were crowded, hundreds of people gathered together, and the atmosphere was depressing and suffocating.

Qin Yuanxiong sits in the position of the first Patriarch, high above him, beside him, is the outstanding one among the many elders, stewards, and direct descendants of the Qin family.

Qin Fen stood beside Zhao Feng with a cold expression, his eyes gleaming with cold light.

After he was kicked out of the palace that day, he returned home immediately and complained to his mother Zhao Feng.

After learning that his son was being taught and scolded by Liang Yu for Qin Chen in the Hall of Equipment, Zhao Feng suddenly became furious, and immediately found Qin Yuanxiong and started crying, saying that he would drive Qin Chen this little beast out of the house, causing the entire Qin Mansion Chicken Flying dog jumps.

Although Qin Yuanxiong was extremely tired of Zhao Feng's behavior, he couldn't help but feel annoyed when he learned that the Black Yao Ming Stone he had just auctioned had lost.

But he knew his son's virtues very well, and immediately sent someone to the Temple of Qi to visit Master Liang Yu, wanting to know the truth.

Unexpectedly, when Liang Yu learned that he was from the Qin family, he didn't even see him, and even sent someone to blast the Qin family out.

When the news came back, Zhao Feng immediately grasped the handle, and she, who thought she was taking care of her, immediately clamored to expel Qin Chen from the family.

At a young age, Qin Chen offended Master Liang Yu and caused such a big trouble to the family. If such behavior is not expelled, how can the family survive in the royal capital from now on? !

In fact, even though Liang Yu is a master craftsman in the Palace of Crafts, his status is noble, and many high-ranking officials and nobles in the king's capital will flatter, but no matter what, he is just a master craftsman.

The elder of the Qin family, Qin Ba Tiangui, is the king of Dingwu, the commander-in-chief of a 500,000 army at the border of the Great Qi Kingdom. He has won great feats in the Great Qi Kingdom and has a reputation. It is not that the Qin family will be mixed in the kings because of offending a master refiner Not going down.

Besides, Liang Yu is not the only master craftsman in the Qidian. If Liang Yu is offended, the Qin family may not be able to make friends with other master craftsmen.

But in Zhao Feng's eyes, this is a good opportunity to expel the mother and son of the Qin family. How can he not use it?

Ever since, with the help of the Qin family's mistress for more than 20 years, she urged several family elders to bring the matter to Qin Yuanxiong, test pressure for Qin Yuanxiong, and hold a family meeting.

Qin Yuanxiong was furious, but in the end, he accepted the suggestions of several elders.

The offending Master of the Device Hall brought harm to the Qin Family. This reason is not unreasonable. Although it is not as fair as being expelled from the Star Academy, at least there is a rhetoric in front of the old man, and it will not be completely passive.

With this in mind, Qin Yuanxiong also acquiesced to Zhao Feng's actions, and this is what happened today.

At this moment, Zhao Feng was sitting in front of the main hall with a sneer at the corner of his mouth, while staring coldly at Qin Yuechi below, wanting to see a hint of panic in her eyes.

She was unhappy with Qin Yuechi. It was not a day or two. This woman was so noble and elegant every time in front of her, and even when she embarrassed her, she had the expression of humiliation, which made Zhao Feng resentful.

"It's just a lowly woman, why pretend to be noble in front of yourself!" Zhao Feng said in his heart.

Chapter 24 Interrogation

Even now, with her head down, Qin Yuechi's face is still calm. Although she is plainly dressed and has no powder, she is still the most dazzling presence in the entire hall. Anyone who sees it has to sigh, what a beauty. people.

She seemed to be a stunner by nature, able to attract the eyes of all men.

This is what Zhao Feng is most upset about.

"Hmph, let you pretend to be high-minded, and when your precious son comes, see if you can continue to be so calm."

Thinking of this, Zhao Feng couldn't help but smile, looking forward to the next scene.

Qin Yuechi's eyes were calm at the moment, sitting quietly in the hall, so elegant and so peaceful, but her tightly clenched hands still showed her anxiety and worried for Qin Chen.

The master refiner of the offending weapon hall, why is Chen'er so stupid? Although Qin Yuechi didn't know what happened, he knew Qin Yuanxiong very well. If there was no complete evidence, he would definitely not agree to the elders' request to create such a big posture.

Looking at Zhao Feng, Qin Fen, and the elders of the Qin family, who looked excited and angry, Qin Yuechi's heart was completely chilled towards the Qin family. There was really no need to stay in this family anymore. Her heart was as cold as cold iron.

At this time, Zhao Feng was immediately enraged after seeing Qin Yuechi's indifferent gaze.

"Qin Yuechi, you have to be shameless. The wild breed you were born has brought such a disaster to the Qin family. You are actually indifferent. You knew that this little animal could cause trouble so long, you should have immersed him in a pig cage."

An elder Qin snorted coldly, and said angrily: "Where is Qin Chen? Why hasn't Qin Gang brought the little beast back!"

Qin Yuechi raised her head and looked at Zhao Feng in such a calm manner. Suddenly a sneer of sarcasm appeared at the corner of her mouth. Her gaze swept across the many elders present, mockingly: "My son is a beast, so what about you? Not all old beasts!"

"you....."

Zhao Feng and many elders trembled with anger.

"Qin Yuechi, you dare to speak to the old man like this, I am your elder, and I don't know the shame!" The old man was so angry that his hair stood up.

He is Qin Yuechi's third uncle, and he is also considered to be the older generation of the family, with a high status.

Qin Yuechi glanced at him coldly, her beautiful eyes were covered with mist, but there was a stubborn smile on her face, noncommittal. These people from the Qin family didn't wait to see themselves when they came back, and now they scold Chen'er, and they still have to respect him, which is just wishful thinking.

Qin Yuechi had already seen the Qin family thoroughly.

The old man didn't even look at himself when he saw Qin Yuechi, his face became even more angry, and he roared, "Qin Yuechi, I'm asking you something."

At this time, a middle-aged man next to Qin Yuanxiong spoke: "Uncle San, you calm down, and the third sister is also worried about Qin Chen, so don't worry about her when you are."

This person is Qin Ying's father, Qin Yuechi's second brother, Qin Yuanzhi, and the entire Qin family, except for the old man Qin Batian, also Qin Yuanzhi has taken care of Qin Yuechi's family.

"Do I care about her? If it weren't for her to elope, how could our Qin family become the laughing stock of Da Qi." The old man was so angry that his chest was up and down, blowing his beard and staring.

Qin Yuanzhi smiled bitterly, just about to say something, suddenly--

"Crack!"

There was a mess of footsteps outside the door, and the door of the discussion hall was suddenly opened. When everyone looked up, they saw Qin Gang and a group of guards walking in with a young man.

The young man walked among the many guards, his feet steady, his expression calm, his brows were filled with handsome air, his attitude seemed like Qin Gang who escorted them was his guard, with an inexplicable calmness.

Behind Qin Chen, Qin Ying also walked in behind the guard, and shook her head with a wry smile at Qin Yuanzhi.

Qin Yuanzhi sighed. He kept his daughter at the door just to keep Qin Chen away from the limelight. He didn't expect Qin Gang to bring Qin Chen over, which was troublesome.

Looking at Qin Yuanxiong, Qin Yuanzhi didn't know what it was like in his heart. He knew how arrogant his elder brother was.

If the third younger sister did not leave privately, but married into the palace, the status of the uncle of the country would be enough for the eldest brother to go further in the DPRK, to seal the country's gong, and to establish a government.

Later, these expectations came to nothing as Qin Yuechi brought back Qin Chen. These years, the eldest brother had been worried about the matter and never let go.

The family elders were dissatisfied with Qin Yuechi because of this.

In the meeting hall.

After Qin Chen walked in, he first glanced at Qin Yuechi and found that his mother had not suffered any harm, then he was slightly relieved, raised his head, and looked at the crowd at the top of the hall.

Among these people, Qin Chen was familiar with others, and some were unfamiliar to him, but the only feeling they gave Qin Chen was indifference.

It seems that this Qin family's discussion hall is not a place for family discussion, but a punishment hall, a punishment hall for interrogating prisoners.

"Qin Chen, why didn't I kneel down when I saw the Patriarch?" An elder said furiously when he saw Qin Chen's composure.

Qin Chen glanced at the other party indifferently, and said, "Patriarch, who is the Patriarch here?"

The elder slapped his seat, and said angrily: "Presumptuous, of course it is the Patriarch Qin Yuanxiong."

"Haha." Qin Chen laughed: "I remember this mansion should be Dingwu Prince's Mansion. When did it become Anping Mansion? Did I remember it wrong."

"presumptuous!"

"Bold!"

Several elders suddenly became furious and shouted.

Even sitting in the first seat, Qin Yuanxiong, who remained indifferent from beginning to end, frowned at this time, a cold light flashed in his eyes.

Zhao Feng was secretly delighted in his heart, and screamed: "Patriarch, you elders, you have all seen, this little beast is lawless, and now even the Patriarch doesn't admit it. It is a disaster for such a guy to stay in our Qin family."

Qin Yuanxiong looked at Qin Chen coldly and said, "Qin Chen, this time I called you here for Master Liang Yu. Let's talk, how did you offend Master Liang Yu in the Hall of Devices?"

"I have nothing to say."

"Hmph, I knew that this little beast would shame." Zhao Feng pointedly said: "Fen'er, tell all the elders about how this little beast offended Master Liang Yu."

Qin Fen immediately walked out of the crowd, glanced at Qin Chen coldly, and said loudly: "Elders, the other day, I took the Hei Yao Ming stone that my father spent a lot of

money to buy from the auction house to the device hall. I asked Master Liang Yu to refine the treasure. At that time, Master Liang Yu had already agreed to my request, but this Qin Chen had to anger Master Liang Yu..."

Chapter 25

Qin Fen added fuel and jealousy, recounted the original things, and put hats on Qin Chen's head one by one, and finally said: "If it weren't for this Qin Chen, how could our Qin family offend Master Liang Yu and cause our Qin family to lose so many treasures? If things go on like this, I'm afraid that in the future, if our Qin family wants to go to the equipment hall to do business, people will make things difficult!

Standing in the hall, Qin Chen sneered in his heart as he felt the gaze shooting from all directions and Qin Fen's performance.

"Those things, including the Black Yao Mingshi, are no more than 70,000 silver coins. For the Qin family, they are only a fraction of a coin, but they seem to be bankrupt by themselves, which is extremely ridiculous."

One of the elders said coldly: "Qin Chen, what else do you have to say!"

This person is the second elder of the Qin family, and is also considered to be Qin Yuanxiong's uncle generation. If Qin Chen's mother was able to become a princess, he would also be able to find a position in the court, but now it is because of Qin Yuechi's elopement. At home, it can be said that they hate their wives.

Qin Chen was too lazy to say anything, and said lightly: "I have nothing to say."

"Huh, little beast, you don't even have any signs of repentance until now, do you still have the Qin family in your eyes!" An elder slapped the table and said angrily at Qin Yuanxiong: "Patriarch, I propose that this little beast be born Drive out the Qin Mansion, so as not to bring more harm to my Qin Family."

"Patriarch, I agree."

"This little beast is lawless. If I don't drive out, my Qin family will suffer a big loss sooner or later."

"The unfamiliar white-eyed wolf!"

Several elders and stewards of the Qin family shouted and recommended.

Zhao Feng smiled yinly in his heart. These elders and stewards had passed her anger a long time ago. This time they wanted to drive Qin's mother and son out of the family to see how they could get through this barrier.

"Elders, this is not right." Qin Yuanzhi's expression changed, and he even said: "Expulsion from the family, this is a major event, at least we have to wait until the old man comes back."

"Huh, Qin Yuanzhi, the old man is now garrisoned on the border, fighting against Zhao Guo. It is impossible to come back after three or five years. When he comes back, when will he wait."

"That is, special affairs are handled specially. Qin Chen, a young beast, can offend Master Liang Yu at a young age. I heard that he has angered Prince Qi before. In another two years, wouldn't even the emperor be offended by him?"

"My Qin family is out of such a scum, it's defamatory and moral."

Several elders of Qin Yuanzhi's uncles shouted coldly. Several of them were very old, with gray beards and wrinkles on their faces, but the eyes that looked at Qin Chen were as cold as a blade, and they were full of indifference, as if looking at them. He was not a child of the Qin family, but an enemy of the Qin family.

Qin Yuanzhi smiled bitterly in his heart, looked at Qin Yuanxiong, and said, "Big Brother..."

Qin Yuanxiong waved his hand, then looked at Qin Chen coldly, and said: "Qin Chen, there are no rules and no radius. The reason why my Qin family can rise in the great Qi country is because of the strict family rules, but you are my nephew after all. , I'll give you one last chance, explain it."

"Patriarch?"

"Also let him explain what to do."

"The facts are all there, so I can get it out directly. Anyway, he hasn't been naturalized, so it's not my Qin family.

"My Qin family has provided him with free food and drink for so many years, and it is worthy of him."

A well-known elder and steward spoke up, but he didn't expect the Patriarch to let the little beast explain, what else could be explained.

Seeing these eyes that wished to eat him, Qin Chen smiled nonchalantly: "Since you want me to leave the Qin family so much, then I can leave. Why do you want to make these falsehoods? Is it really rare for me?"

"Qin Chen." Qin Yuanzhi yelled, anxiousness appeared in his eyes and hurriedly looked at Qin Yuechi.

But seeing Qin Yuechi's stubborn face with a sad expression, staring at everything in this hall with cold eyes.

Zhao Feng jumped up like he found a handle, pointed at Qin Chen with his finger, and said sharply: "Elders, you have all heard it. Look at what this little beast said, is there our Qin family in his eyes!"

"Hahaha, you all said before, since I am not from the Qin family, why should I take care of your thoughts!" Qin Chen sneered and said disdainfully, "Qin family, I have never been a child of the Qin family. I didn't even think about becoming the Qin family, so your wishful thinking would not be added to me."

"You... bold!"

Many elders almost fainted due to Qin Chen's words, their faces turned pale, and their bodies were shaking with anger.

"I am bold? Haha, how dare I! You are all famous and famous people in the Qin family, how dare I be presumptuous in front of you when I am so humble! For so many years, your Qin family, from top to bottom, for more than ten years, who Really take our mother and son as human beings?"

"My mother is the eldest lady of the Qin family, your dearest relatives, but look at what you have done to her for so many years? Outsiders have bullied her, that's fine, but you also bullied her, bullying a weak Woman, don't you blush or embarrass you?!"

"Just say you, Zhao Feng, always make things difficult for my mother. The other day I was severely injured and was dying. My mother knelt in front of your Zhao Feng's door all night in order to beg me for a recovery pill. Yes, you even asked her to flatter Prince Qi!"

"Zhao Qirui, that dog thing, don't you know his virtue? Something like a beast actually asked my mother to see him, you obviously pushed my mother into the fire pit!"

Qin Chen's roaring voice echoed in the hall, deafening, like a sword like a sword, full of anger, stabbing everyone's body, shaking their hearts!

There was a dead silence in the hall. Except for Qin Yuanzhi, who had just returned yesterday, without knowing it, the faces of all the elders and deacons were extremely ugly, because they knew that what Qin Chen said was true.

"Returning to God Pill, but a mere second-grade pill, and my mother is the Qin family eldest lady, the eldest lady of the Qin family! It is your sister, aunt, niece, niece, your dearest relatives! But you let her be troubled by Zhao Feng, a **** woman, because of a recovery pill. Has anyone taken care of us? Do you treat us as human beings?"

"What kind of children of the Qin family are you telling me about here? I, bah, I was not born in the Qin family. Don't even think of using the Qin family's rules to sanction me!"

Qin Chen's voice was cold and echoed in the hall for a long time. The sharp voice and murderous eyes shook everyone's hearts and couldn't speak for a long time.

"You...you...Look at this little beast, lawless, it's lawless!" Zhao Feng screamed, hysterical, his eyes resentful like a snake.

"Big Brother, what is going on?" Qin Yuanzhi looked at Qin Yuanxiong and asked sharply. He was in charge of the Qin family's business in all parts of the country, and was often not in the Qin family. Otherwise, he would not be ignorant of this.

Chapter 26

"I have already scolded Zhao Feng about this matter. It is true that Wangye Qi did something wrong, but she also did it for my Qin family." Qin Yuanxiong said coldly.

Qin Yuanzhi's eyes shook and he wanted to say something, but he was interrupted by Qin Yuanxiong and said solemnly: "Second brother, this matter has passed. What we are discussing now is Qin Chen offending Master Liang Yu. Our Qin family, I must give Master Liang Yu an explanation!"

"Explain, what's the explanation? Do you really want to expel Qin Chen? I don't agree!" Qin Yuanzhi suppressed his anger.

"Polygala, don't be arrogant."

"Qin Yuanzhi, it is not your turn to call the shots of the Qin family."

"Far Glory is the Patriarch, you must correct your identity."

Several elders said angrily.

Qin Yuanzhi looked at the elders who were angry, sharp-eyed, but extremely vicious, and suddenly felt an inexplicable chill and disgust in his heart.

He looked at Qin Yuanxiong, he believed that Qin Yuanxiong would make the right decision.

With all eyes in sight, Qin Yuanxiong looked at Qin Yuechi calmly, without a trace of emotion, said, "Sanmei, what do you say?"

A sorrowful smile appeared on Qin Yuechi's face, and said, "Ask me what I am doing. You always act decisively and hold this family meeting. Don't you have an idea in your

heart? Chen'er is right. Since the Qin family does not welcome us, then we mother and son Move out."

"Sanmei." Qin Yuanzhi lost his voice.

"Second brother, I know you are good for me, but look at the faces of the Qin family."

Qin Yuechi stood up, her young and beautiful face was full of fortitude, her eyes were covered with a layer of mist, but she stopped it from falling, and looked at the many elders above the hall one by one.

These elders have their own peers as well as their own uncles. They talk about the Qin family and the Qin family one by one, but as Chen'er said, after so many years, have you regarded yourself as the Qin family?

"Qin Yuechi, do you know what you are talking about?" the second elder said in a rage.

"Of course I know what I'm talking about? You selfish so-called elders, when I see your faces, I feel sick and want to vomit. I am really ashamed that you are the Qin family."

"you....."

The elders were so angry that they were shaking all over, and they almost fainted. They pointed Qin Yuechi with their fingers and were speechless for a long time.

"Don't you just hate me for not marrying your majesty back then and making you relatives of the emperor? What have you done for the Qin family for so many years? The entire Qin family was not beaten down by my father. He was born to death outside, and what about you?"

Qin Yuechi gritted her teeth, trying to keep her tears from falling, her eyes grief and anger: "I am ashamed of you if I want to rely on a woman in charge."

Many elders were stunned by the old faces Qin Yuechi said, and their hearts trembled with anger.

The second elder said angrily: "Then you haven't lived in the Qin family all these years. Our Qin family has also raised you for so many years. Without the Qin family, can your mother and child survive? Sure enough, they are all white-eyed wolves."

Qin Yuechi smiled sternly, and said with a sorrowful smile: "This Dingwu Prince's Mansion is my father's residence. What does it have to do with you!? For so many years, which of the things that our mother and son have lived by, which is not what I earn? What have you done? "

Speaking of this, Qin Yuechi suddenly raised her head, staring at Qin Yuanxiong who was sitting tall, and then looking at Qin Chen who was standing there, and said softly: "Chen'er, there is no room for us here, let's go."

Qin Chen nodded and said firmly: "Mother, my child will never let you suffer the least!"

After the two said, they turned and walked outside the hall.

"Three sisters!"

Qin Yuanzhi cried out and looked at Qin Yuanxiong.

At the same time, Qin Gang and a group of guards also stopped in front of Qin Chen and Qin Yuechi, preventing them from moving forward.

Qin Chen's eyes were cold.

"Little beast, you offended Master Liang Yu and caused my Qin family to be in such a state. Do you want to leave?" Zhao Feng said grimly, "Patriarch, elders, I can't as well capture this little beast directly. Get up and send it to Master Liang Yu."

Qin Yuechi turned around, ignoring Zhao Feng's clamor, and looked straight at Qin Yuanxiong.

"Qin Yuanxiong, do you still want to keep my mother and son?!"

The cold voice sounded, and the perseverance in Qin Yuechi's eyes made everyone's mind tremble. For years, they had never seen Qin Yuechi's cold eyes.

"Let them go."

Qin Yuanxiong's eyes were cold, without a trace of emotion, and finally said slowly.

"Patriarch!" Zhao Feng screamed suddenly.

"I said let them go!"

Qin Yuanxiong spoke word by word, with a majestic voice, and said to a steward next to him: "Go to the accountant and pay them five hundred silver coins."

"Mother, you don't need to give alms from the Qin family, let's go, my child won't let you suffer!"

Qin Chen said coldly, then took Qin Yuechi's hand and left the discussion hall.

And everyone in this hall, looking at Qin Yuechi mother and son, walked out of the hall so firmly and disappeared at the door.

For more than ten years, many elders of the Qin family have been trying to drive Qin Yuechi out of the Qin family, but at this time, there is not much excitement in their hearts.

"Oh, brother, you... you disappointed me too much!"

With an angry expression on his face, Qin Yuanzhi waved his hand and left the discussion hall directly.

After leaving the Qin Mansion, Qin Yuechi said, "Chen'er, my mother made you suffer. It's okay for my mother to be wronged, and my mother is afraid that you will suffer!"

Qin Chen looked at the gate of the Qin Mansion indifferently, and said lightly: "Mother, if you believe in the child, don't worry, in a few days, the child will definitely let you live a good life."

A trace of worry flashed across Qin Yuechi's eyes: "Chen'er, you must never do things that violate the law and discipline."

Qin Chen laughed: "Mother, don't you just trust the child so much?"

"Mother believes in you, mother believes in you no matter what." Qin Yuechi looked at Qin Chen affectionately, in her eyes, Chen'er is always the best.

"Sanmei stopped."

A loud voice suddenly sounded, and the two turned to look around, only to see Qin Yuanzhi leading Qin Ying all the way up.

Qin Yuanzhi sighed and said, "Sanmei, why are you so troublesome! I know that your character has always been stubborn, but Chen'er is still young, so you are not making him suffer."

Qin Yuechi said indifferently, "Second brother, don't you have to suffer from the Qin family?"

Qin Yuanzhi opened his mouth, and finally sighed helplessly. He also knew Qin Yuechi's situation in the Qin Mansion, but he could not do anything about it. After all, Qin Yuanxiong was in charge of the Qin Family.

"It would be fine if Daddy was there." Qin Yuanzhi smiled bitterly: "Big Brother did too much this time."

Chapter 27-Bloodline Holy Land

"Okay, second brother, don't worry about it. I have been in Qin's house for so many years, and I am tired. I want to live quietly by myself. No matter what, Yuechi always treats you as the second brother in my heart."

Qin Yuanzhi was speechless, and took out a stack of silver bills from him, "Sanmei, here are some silver coins, you take it first."

"No, brother, I can't ask for it."

"Listen to me." Qin Yuanzhi forcibly stuffed the money into Qin Yuechi's hands. "I know you don't have much savings. To live in the royal capital, you need money in all aspects. If nothing else, you and Chen'er don't have any money tonight. Where do you live? You are fine, but where is Chen'er?"

Qin Yuanzhi's last words caused Qin Yuechi to stop and shirk, as a mother, how could she be willing to let her children suffer.

"Second brother, Yuechi, thank you."

"Don't say that. If you have any difficulties in the future, you will find me. If you can't find me, you will find Yinger. Don't hold on, you know?"

"Yeah." Qin Yuechi nodded, her eyes slightly moist.

On the side, Qin Ying looked at her younger brother curiously: "Qin Chen, how do I feel that you are different from before?"

"Is there? Sister Ying, you are wrong." Qin Chen smiled, without any worry or loss of leaving the Qin family.

"It's different. It's more confident than before. In the past, you were so stubborn in front of Sister Ying that you didn't dare to say anything."

"That's Sister Ying, you are so beautiful. I used to see you and I was naturally shy and afraid to speak."

I have to say that Qin Ying is a pretty big beauty. At the age of 18, she is well-developed. She has a concave and convex body. The convex part is convex and the concave part is concave, especially those big long legs, tight. Slim and beautiful.

A blush appeared on Qin Ying's face and said angrily: "You bastard, you dare to molest your sister Ying, right?"

"How come, how dare I!"

Seeing the two children joking, Qin Yuechi smiled slightly, and it seemed that her depressed mood became much more relaxed.

"Chen'er, let's go."

Qin Yuechi took Qin Chen into the crowd.

Qin Yuechi didn't feel much sadness when he left the Qin family. In addition to worrying about Qin Chen's hardship, he was more relaxed.

The top priority for the two is to find a place to live.

Qin Yuechi and Qin Chen came to the house deed exchange, where the entire royal capital bought and sold houses.

Seeing the house price on the bulletin board, Qin Yuechi couldn't help taking a breath.

In the capital city, the price of houses is horribly high. The most expensive building has millions of silver coins, covering several acres. Generally, it costs tens of thousands of silver coins. Finally, Qin Yuechi is under the bulletin board. Some houses with only a few thousand silver coins were found.

These houses, located in the western city of the royal capital, are generally where common people live.

Even so, without some silver coins from Qin Yuanzhi, Qin Yuechi could hardly afford the cheapest one.

In the end, after looking at a few houses, Qin Yuechi gritted his teeth and bought a house in Xicheng for six thousand silver coins.

This house is not big, but it is clean and has a small yard.

The two of them cleaned the house for a long time before they cleaned the house. At this time, it was already dark.

"Chen'er, it's getting late, rest early."

After dinner, Qin Yuechi cared.

"Ok."

Qin Chen nodded.

Looking at Qin Chen's closed door, Qin Yuechi glanced at the crude furniture around, and sighed slightly in her heart. She made up her mind to find a job in a few days, otherwise she would simply rely on the remaining silver coins. It won't be long.

Especially Qin Chen still has to practice.

How could Qin Chen catch up with the classmates in the Star Academy without sufficient resources.

Back to his room, Qin Chen did not rest, but sat down cross-legged, his eyes gleaming.

"My mother's humiliation, I will repay the Qin family twice and drive us out of the Qin family. They will regret it sooner or later."

Qin Chen's eyes were sharp, and he was lost in thought: "It hasn't been many days since the college assessment. The most urgent thing is to improve my strength as soon as possible, and strive to awaken my blood before the college exam. If there is no blood, I will never be able to return to my previous life. Pinnacle, let alone revenge!"

Qin Chen knew the importance of bloodline even better than any warrior in the Great Qi Kingdom.

"However, what do I need to do to have a greater chance of awakening the blood?"

In Qin Chen's mind, many thoughts continued to emerge, and various methods to enhance blood awakening appeared in his mind one by one.

"Yes."

Soon, Qin Chen thought of a way.

Early the next morning, Qin Chen asked his mother for a thousand silver coins and went to the medicinal material market. He bought some medicinal materials and prepared them into several bottles of gray-brown medicinal liquid.

This kind of medicinal liquid, called Xingmai medicinal liquid, is a very popular medicinal liquid in Wuyu, and of course it is definitely not available in the Great Qi State.

If a warrior is unable to awaken the blood because his natural blood is too thin, then the awakening medicinal solution can stimulate the blood concentration in the warrior and increase his chance of awakening the blood.

Basically, unless there is no blood in the body at all, the blood will be awakened 100% after using the medicinal solution.

In the next few days, Qin Chen took painstaking practice while taking medicine for reviving the pulse every day.

During the period, Qin Ying had been here twice, and Qin Chen came out to meet, and spent the rest of the time practicing hard.

Five days later, Qin Chen finally drank all the medicinal solution for reviving the pulse.

Qin Chen, who closed his eyes and practiced, suddenly opened his eyes and shot a sharp light.

"It's time to awaken the blood in my body."

The Holy Land of Blood is a very magnificent building for the kings of Daqi. It is not inferior to the Palace of Vessels. It is even more magnificent than it is.

When Qin Chen came to the Holy Land of Bloodline, it was already noon, and there were loud voices everywhere at the door of the Holy Land of Bloodline.

Most of them are warriors wearing armors with extraordinary aura. Secondly, some teenagers about the same size as Qin Chen step into the Holy Land of Bloodline under the leadership of their parents.

Qin Chen knew that these were young people who had come to the Holy Land to awaken their blood.

As the top academy in the Great Qi State, Tianxing Academy invites bloodline masters from the Holy Land of Blood to go to the academy to awaken the students.

But those ordinary teenagers in the royal capital who had not been admitted to the Star Academy had only the blood awakening from the Holy Land of Blood.

Although the price of asking the bloodline master to wake up once is extremely expensive, even if those commoner families go bankrupt, they will not save the slightest amount of money in the future of their children.

Seeing the familiar symbol of the Holy Land of Bloodline, Qin Chen sighed in his heart, and finally his eyes gradually became firmer, and he gently stepped into the Holy Land of Bloodline.

Chapter 28 Blood Vessel Room

In the Bloodline Holy Land, the heads were crowded, Qin Chen glanced lightly, but saw two teams lined up in the Bloodline Holy Land hall.

One of the teams is the adult warriors, these people are usually bloodline upgrades or bloodline repairs from the Holy Land.

After awakening, the bloodline will improve as the martial artist's strength increases. In addition, the bloodline master can also use some external materials to enhance the martial artist's bloodline power and improve the strength of the warrior.

The other team, the teenagers led by many parents, is obviously waiting for the bloodline masters of the Holy Land of Bloodline to be awakened and baptized.

"This little gentleman, are you here for the blood awakening? How about your parents, didn't you come with you?"

A beautiful voice suddenly rang in Qin Chen's ears, followed by a refreshing fragrance, a girl with a white dress and a graceful figure smiled and said to Qin Chen.

Lin Xinrou was a waiter at the Holy Land of Blood. After seeing Qin Chen coming in, she looked around and couldn't help asking.

"Little Mister?"

Qin Chen touched his nose. This name was really special. In his previous life, he went to the bloodline sacred headquarters of Wuyu. The waiter was not respectful to him. When he heard such a name, he felt very novel.

Lin Xinrou smiled sweetly: "You are younger than my brother. If you don't call you the little brother, do you call your little brother?"

Ruby Lin's face was smiling like a flower, and the job of the waiter was boring. It was rare to see a teenager who was not accompanied by his parents. Ruby Lin became more casual and smiled slightly.

"Well then, arrange a separate bloodline room for me." Qin Chen said lightly, still looking around the hall.

"Little sir, if you want to awaken your blood, you just need to register, and then you will be in line behind the team over there. Today, Master Chen Fan of the Holy Land is presiding over the blood awakening. When it's your turn, you will follow the people ahead. Entering, there is no need to arrange a separate bloodline room." Qin Chen's tone like an adult made Lin Xinrou want to laugh.

"I didn't come here to ask others to awaken my bloodline, but for other things, you only need to arrange a bloodline room for me!" Qin Chen said lightly, knowing that the other party had misunderstood his meaning.

Lin Xinrou was taken aback, and glanced at Qin Chen. The bloodline room is a room that the bloodline master will only use when performing an awakening ceremony for someone. There are some equipment in it that only the bloodline master can use.

Does this boy want to awaken his blood?

"This gentleman, if you want to awaken your blood, it's best to find a bloodline master to awaken you. The ritual of awakening blood is very complicated. If you are not careful, it will have a great impact on your blood, and even your life will be dangerous. If you want to study the awakening ceremony, it is best to be with your tutor." Lin Xinrou's expression became serious.

It's not that there has been such a thing in the history of the Bloodline Holy Land. There was an apprentice of the bloodline master who awakened the bloodline privately, which caused an irreversible impact on the other party, causing the boy to almost die. Eventually the bloodline master apprentice was expelled on the spot. , And was severely sanctioned by the Holy Land.

"Don't worry, I just want to study the blood awakening ritual, there is no danger, you don't care about the others." Qin Chen waved his hand, his tone was calm, and an unquestionable meaning was released.

Lin Xinrou's heart shuddered, and the previous randomness disappeared.

Generally, people who come to the Holy Land of Bloodline are asking for others, and they are often very respectful and humble, but Qin Chen's previous tone made her feel that she did not dare to refuse. She had already put Qin Chen on the bloodline in her heart. Teacher apprentice label.

"In that case, please come with me, sir." Lin Xinrou took Qin Chen to the front desk to register: "The rental fee for the bloodline room is five hundred silver coins an hour. Please sign here."

"Well, here is five hundred silver coins." Qin Chen took out five hundred silver coins and signed his name, but smiled bitterly in his heart. The cost of this lease is really expensive. The cost of an awakening is one hundred silver coins, but he rents it by himself. The bloodline room is five times more expensive.

It seems that after the college entrance examination, I have to find a way to get some money.

At this time, in the bloodline chamber area of the Holy Land of Bloodline.

In a delicate room, a middle-aged deacon wearing a robe pointed to the instrument in the blood vessel, and said solemnly to a person in charge beside him: "Guanshi Liu, these blood vessels are the president of the president. I personally came here from the

upper-level bloodline holy place. It is the most advanced bloodline instrument on the market. It is said that the bloodline masters of the Martial Domain also use this bloodline instrument, but this set of instruments is very complicated to use. It is also under study and exploration. In our branch, except the president, no one else is allowed to use the instruments in this bloodline room, including other bloodline masters. You are in charge of the bloodline room. Any questions, I take you to ask, do you understand?"

"Yes, Deacon Li, don't worry, I will immediately order to ensure that no mosquitoes can fly in." Guanshi Liu said, patting his chest.

"Well, then I can rest assured, there is still something to do with the president, so I will go ahead."

After Deacon Li left, Guanshi Liu looked at the many instruments in the room with envy, "The most advanced blood vessel on the market turns out to be like this. Tsk, it is said that this set of instruments can detect even one-thousandth of the blood vessel concentration. That's awesome, hehe, our branch actually has such a baby."

Just as Guanshi Liu's eyes were shining and he was surprised, an anxious voice suddenly came from outside: "Manage Liu, is Guanshi Liu there?"

"I'm here, what's the matter?" Liu Guanshi walked to the bleeding room and saw that it was the assistant of the Holy Land Master Chen Fan. He frowned, knowing what was going on.

"Guan Shi, Master Chen Fan's blood vessel suddenly malfunctioned when he was awakening, so please go and have a look."

"What? There is such a thing!"

Guanshi Liu was surprised. Master Chen Fan is the master who presided over the awakening ceremony today. Today, all the teenagers who come to the Holy Land to awaken the blood will be awakened by him. If something goes wrong, it will definitely be a major event, and it will even affect the Holy Land. Reputation.

"Hurry up and take me over."

In shock, Guan Shi couldn't take care of too much, and hurriedly followed the other party to Chen Fan's bloodline room. For a while, he even forgot what Deacon Li had just ordered.

Not long after Guanshi Liu left, Lin Xinrou took Qin Chen into the blood vessel area.

"This is where the bloodline room of our bloodline holy ground is located. Every room here has instruments for awakening bloodlines. Just stay in this room."

Lin Xinrou opened a bloodline room at will and said to Qin Chen.

"Yeah." Qin Chen nodded, just about to go in, suddenly glanced at the room to the side, and paused slightly.

Chapter 29

"This is also the bloodline room of your bloodline holy land?"

What Qin Chen was referring to was the bloodline room where Guanshi Liu was just now.

Lin Xinrou glanced suspiciously at the bloodline room Qin Chen was referring to, and said in doubt: "It should be, every room in this area is the bloodline room of the Holy Land, but this room has been empty before and may be newly opened. ."

"Then I will be in this bloodline room." Qin Chen's eyes flashed, and before Lin Xinrou could say anything, he entered the room and closed the door of the bloodline room.

Ruby Lin opened her mouth, still wanting to say something, but was directly blocked by the closed door, and turned around helplessly.

Qin Chen looked at the brand-new instrument in front of him, and he was secretly excited. He didn't expect that there would be such a new set of blood instrument in the blood sanctuary of the Great Qi Kingdom, which is really God's help.

The blood vessel in the room he was standing in was a very old version. It was eliminated by Wu Yu as early as 300 years ago, but the blood vessel in this room was one of the more popular ones in Wu Yu.

This set of equipment not only has higher accuracy, but also lowers the requirements for the bloodliner.

Qin Chen was originally worried that his cultivation level was too low to be able to awaken himself. Now that he saw this set of equipment, his heart was completely relieved.

"Papa..."

Randomly checked the blood vessel and found that there was nothing wrong, Qin Chen skillfully turned on the many switches on the blood vessel, a buzzing sound rang, the blood vessel quickly lit up, and a colorful light band flowed through the whole blood vessel. , Like a neon.

Qin Chen crossed his knees on the blood vessel, and his heart quickly calmed down.

Awakening blood for oneself is like a doctor operating on himself. The difficulty is very high. It can be called a taboo in the bloodline master world. Ordinary bloodline masters dare not do such things at all, but for Qin Chen, this is fundamental. A piece of cake.

He closed his eyes, and a faint trace of true energy slowly penetrated into the white crystal in front of him.

The white crystal lit up quickly, and a series of obscure and strange lines appeared. With the rise of light, a trace of mysterious power enveloped Qin Chen, like a bright moonlight, enveloping Qin Chen.

Under the light, Qin Chen felt that his body instantly became transparent, and the twelve meridians in his body were like twelve crystals, flowing with surging true energy.

Immediately afterwards, the blood veins in the body appeared, and the power in the blood gas slowly emerged.

Qin Chen's eyes were like electricity, sensing in the power of his blood.

With this perception, Qin Chen's face suddenly changed.

Because he didn't even feel the slightest blood power in his body.

How can that be!

In the previous few days, he continued to take the medicinal solution for revitalizing the pulse, even the thinner blood vessels would become extremely active, especially under this blood vessel equipment, even the blood vessel concentration of one ten thousandth would be sensed. To.

But now, he couldn't even feel the slightest blood in his body.

Qin Chen's heart sank instantly, like falling into an ice cellar, his body was chilly, his hands and feet were cold.

This shows that there is no trace of blood in his body, no wonder he couldn't wake up several times before.

"This is impossible. The inheritance of blood comes from both parents. In ancient times, every human has blood. Even as the years go by, the inheritance of blood becomes thinner, but it is impossible to have no blood at all. Kind of situation."

Qin Chen muttered to himself, unable to believe it.

"In Tianwu Continent, there are many warriors who cannot awaken the blood, but this is not because they do not contain blood, but because the concentration of blood is too thin, which makes it impossible to awaken. This....."

Qin Chen seemed to be standing naked in the ice and snow, and his heart was chilled by a basin of cold water from his head to his feet.

Blood is extremely important to a warrior. A warrior without blood is like a tiger without his minions. No matter how fierce it is, he cannot become the king of the forest.

As a human being reborn, Qin Chen carried too many things. If he had no blood, how could he return to the top and avenge Feng Shaoyu and Shanguan Xier's bitch.

In Qin Chen's heart.

No matter how thin the blood is, he has a way to increase its concentration and wake it up, but there is no blood at all, this...

Qin Chen's heart was cold.

God is so unrelenting!

Could it be that the oneself who had lived for the first time wanted to watch Shanguan Xi'er and Feng Shaoyu's **** at large?

Do not!

Qin Chen roared in his heart.

"I don't believe it, I don't believe I will have no blood at all."

Qin Chen calmed down and ran the Nine Star God Emperor Secret Art frantically. The surging true Qi surged in his body, and the blood that spurred him was boiling.

"The Art of Blood Forbidden!"

A strange blood-colored line suddenly appeared in his body, and the power in his blood became more and more powerful.

He used his true qi to control the operation of the blood vessel instrument, the whole blood vessel instrument flashed colorfully, and the blood vessel detection function was upgraded to the maximum.

However, no matter what method Qin Chen used, he still couldn't feel the slightest power of blood.

Just when he was almost desperate.

suddenly--

When the Jiuxing Divine Emperor Jue turned to the extreme.

Hum!

A faint ray of light flashed through Qin Chen's blood.

Qin Chen felt a sudden excitement in his heart, "This is..."

That ray of blue light was extremely subtle, but it was definitely a bloodline force.

Like a drowning man, Qin Chen grabbed the last straw and tried his best to run his true energy, trying to capture the blue power.

At this moment, he gritted his teeth and concentrated all his attention, focusing on one point in an instant.

A scene that Qin Chen didn't expect occurred, and the bloodline color in front of him suddenly changed.

He seemed to feel a strange call, his heart suddenly calmed down, and he entered a weird realm, as if there was a wisp of breeze blowing in his heart, transparent and clear, without a ray of dust.

At the same time, the simple and simple sword in Qin Chen's mind suddenly appeared, and the simple and sharp blade made a strange buzzing sound.

Qin Chen's eyes were instantly blue, as if he was in a thunderous ocean.

boom!

A terrible breath, centered on him, instantly rose into the sky, penetrating the sky of King Capital of Qi, and reaching the sky.

This power shuttles between the virtual and the real, and no one in the entire king can feel it.

However, at the moment when this force rushed into the sky.

"Boom!"

Over the entire Great Qi State, there was an astonishing sound of thunder, and all the powerful people of Great Qi State were shocked by this force, looking at the sky above their heads in shock.

In their lifetimes, they had never seen such a mighty lightning, densely intertwined like a spider web.

In a short moment, the sky over the Great Qi State turned into a sea of thunder, releasing a doomsday aura of destruction.

Chapter 30

The terrifying coercion rushed down into the air, seeming to be the anger of Thunder God, turning the world into a sea of thunder.

But the most alarming thing is that this sense of coercion not only covers the capital of Daqi, but even the entire five northwestern countries.

"What's going on, what is going on?"

"What a terrible power, what exactly is this? Could it be that there was a certain Wudi strong who passed by my Great Qi country?"

"Thunder destroys the world, who is the strongest man, who is the power of the army, and the king is over the world!"

From the Bloodline Holy Land branch to the royal city, to the entire Great Qi Kingdom, and the entire Northwestern Five Kingdoms, they all fell into panic.

All the strong men in the domain raised their heads and looked at the terrifying vision in the sky.

As for the powerhouse of the Kings of the Qi Dynasty, he felt it most clearly. Under this terrifying power, the higher the cultivation level, the more severely suppressed, almost crawling on the ground, making it difficult to move.

Fortunately, this power came and went quickly, and disappeared in the blink of an eye. Everyone felt light and let out a long sigh of relief.

The thunder light in the sky receded like a tide, and it disappeared instantly, reappearing the bright universe.

Qin Chen in the blood vessel opened his eyes suddenly, and was stunned by the sudden power.

At this time, in his bloodline, a blue thunder light shuttled around, like a small blue snake, flexible and mysterious.

"The terrible pressure just now was released by the power of my bloodline. What kind of bloodline is this?"

In his previous life, Qin Chen had crossed the Martial Domain and had seen thousands of bloodlines, but he had never seen a bloodline awakening that would cause such a terrifying phenomenon of heaven and earth.

Even the legendary Ninth-Rank bloodline could not release such pressure.

But when Qin Chen's spirit was concentrated on this thunder light in his body, he found that this thunder force was extremely weak, only the weakest first-grade bloodline.

what the **** is it?

"Previously, there was nothing in my bloodline, but now this thunder bloodline appears out of thin air, and the terrifying aura just now is obviously emitted by this thunder force in my body, why is it calming down, but it's just this way? A first-grade bloodline?"

"The power of the bloodline can only be purified, but cannot be made out of thin air. Even the old guys in the bloodline sacred ground of the Martial Domain can't explain this phenomenon just now?"

The previous strange scene made Qin Chen, the eighth-order bloodline emperor of the previous life, also puzzled at this time.

He vaguely felt that the thunder bloodline in his body had a mysterious connection with the simple sword in his mind and the Nine Star God Emperor Art.

Perhaps, he can be reborn three hundred years later, and it is also inseparable from it.

But no matter what, he finally awakened his blood.

Although this bloodline is only a first-grade bloodline in terms of breath, after experiencing all that just now, Qin Chen doesn't think that this thunder and lightning power is really just an unbearably weak first-grade bloodline.

"Is the thunder bloodline? It really makes me look forward to it!"

The corner of Qin Chen's mouth formed a curve.

Next, he sat cross-legged on the blood vessel, using the blood vessel's special detection ability to perceive the thunder blood vessel in his body.

"Zizi!"

The power of the weird bloodline containing the power of thunder and lightning clearly appeared in Qin Chen's perception.

Slightly activated.

Crackling!

The surface of Qin Chen's body was instantly covered with a layer of azure blue lightning light net, and the arcs interlaced, making a crackling sound.

"Condensation!"

Suddenly, Qin Chen opened his eyes, and the terrifying thunder light instantly gathered on his right hand, forming a thunder and lightning light net on the fist, and blasted it out with one punch.

boom!

The strong fist fell on the ground and exploded instantly, as if detonating a gunpowder keg, releasing a terrifying shock wave.

"Huh... this power!"

Although the breath of this thunder bloodline is only the first rank, it is hardly weaker than some third-rank bloodlines in terms of power.

Amazing! Weird!

Qin Chen studied carefully for a while, and found that this thunder bloodline, whether in attributes or power, was equivalent to the level of the third-grade bloodline.

Obviously it is a first-class bloodline, but its power is equivalent to a third-class bloodline. Qin Chen's bloodline attainments in his previous life were amazing, and it was the first time he saw such a special bloodline.

Both are the first-grade blood, and their power is naturally different.

But most of the first-grade bloodlines are very close to each other in power, even some special first-grade bloodlines can barely reach the power of the second-grade bloodlines at most.

It was the first time that Qin Chen encountered a special bloodline that was comparable to a third-grade bloodline like the Thunderblood.

"Interesting. It's really interesting. The rank of the bloodline is not static. If you use some special methods to raise the thunder bloodline to a higher level, how will its power behave?"

Qin Chen was looking forward to it.

咚咚咚!

Just as Qin Chen was about to do some more experiments, there was a knock on the door suddenly.

"Little sir, one hour has come." Lin Xinrou's touching voice came in from outside the door.

Qin Chen was taken aback, only to realize that more than an hour had passed before he knew it.

Opening the door, Lin Xinrou stood at the door with an apologetic expression: "I'm really sorry, but your time has come. I don't know if you are going to renew the fee or..."

"I happen to have something temporarily, so I will come again next time."

In order not to expose the embarrassment of his lack of money, Qin Chen had to find a reason to prevaricate. He was very depressed, "I will also have a headache for the mere five hundred silver coins. It seems that I have to find a way to get some money.

However, since the bloodline had awakened, Qin Chen was extremely satisfied with this trip to the bloodline holy land.

"Well, please also ask Mr. and I to go to the front desk to register." Lin Xinrou smiled.

Just when Lin Xin and Qin Chen were communicating...

Bloodline area.

Guan Shi paced, humming a little song, and walked over in a good mood.

Earlier, he hurried to Master Chen Fan's bloodline room, and he repaired the malfunctioning bloodline instrument under a blind bludgeon, preventing an accident, and his sense of pride increased.

Thinking of the strange gaze that Master Chen Fan looked at him before, Guan Shi's heart was full of triumph.

"Hey, although I am not a bloodline master, I am also a bloodline sacred place through the back door, but it is also a bloodline sacred place or an indispensable talent. It is

something that many bloodline masters can't do. The same thing did it, hehe, look at the bloodline masters in the holy land in the future, who dares to underestimate himself."

While being pleased, Guanshi Liu suddenly saw the half-open blood chamber and Lin Xinrou standing at the door. His heart was suddenly excited. The original joy disappeared in an instant, only feeling that his scalp was about to explode.

No one will enter the blood room explained by Deacon Li!

Guanshi Liu exclaimed, with a heart falling into an ice cave, rushing into the blood vessel like crazy.

Then, he saw the blood vessel, which was full of lights, and Qin Chen standing inside.

The full of anger, like a volcanic eruption, instantly filled his chest.
