[Chapter 2101: Four beasts](#)

"Tsk tusk, kid Qin Chen, I didn't think that you just broke through a small realm, and your soul power has increased so much. This is almost approaching the level of the upper demon king."

Lao Yuan sighed aside.

It is really shocking. From the mid-term peak Wudi breakthrough to the late Wudi, although they are two different levels, they represent two different positions.

But in the final analysis, they are just two small realms in the realm of Emperor Wu.

But Qin Chen's soul power had increased three times, which shocked Lao Yuan.

In fact, all this is attributed to the Heavenly Soul Forbidden Technique. Without the Heavenly Soul Forbidden Technique, Qin Chen's soul power would have been increased by a little, but with the Heavenly Soul Forbidden Technique, his soul power was increased three times. The terrible soul forbidden.

Qin Chen smiled faintly and began to pack up the spoils he had obtained before.

Many people have many real stones, but these real stones are nothing to Qin Chen now, and even some ordinary emperor soldiers and secret books can't make Qin Chen heart.

The only things Qin Chen could hope for now were the mysterious things.

It is a pity that Qin Chen searched for several storage rings, but did not find anything special. Just when Qin Chen was lost and put it down, he found a piece of Array Dao Remnant Jane in Xu Hantian's storage ring.

"what!"

Qin Chen's eyes lit up and he said in his heart: "No way?"

He picked up the remnant bamboo slips expectantly, his mental energy seeped into it, and his eyes suddenly lit up. It was really a piece of ancient remnant bamboo slips, and the remnant slips clearly recorded the endgame of the world killing game. Qin Chen couldn't help laughing with excitement. Although he had learned about the arrangement of the Heaven and Earth Killing Bureau from Xu Shantian's display, Xu Shantian was only a master of San Xiu Formation Dao, although he was unbeatable in Leizhou Formation Dao. Placed in the real realm, but not

Not top-notch.

Xu Hantian's understanding of the Heaven and Earth Killing Game actually only touched one or two of them, because this killing array was really awesome. And even if Qin Chen comprehend all the Heaven and Earth Killing Game he arranged, he was only mastering one or two of the eleventh that Xu Shantian could arrange, but if he could directly contact the real scraps of the Heaven and Earth Killing Game, then he would not Certainly, Qin Chen must be able to get

Realize more.

Spiritual power penetrated into the remnant slips, and Qin Chen immediately became intoxicated.

Sure enough, Xu Hantian was a great mallet. Although the Heaven and Earth Killing Game was set up, it was actually just a mere appearance, not a god.

The real world killing game is very scary. It is not a simple formation of a killing path with an array flag, but has four core formations, namely Qinglong, White Tiger, Suzaku, and Xuanwu.

The real success of the killing of heaven and earth will show the phantoms of four gods and beasts.

This is definitely a super big array that surpasses the ninth emperor level.

It's a pity that this big formation is incomplete. Although Qin Chen understands more, he can't make up for the fact that this is an incomplete formation. It can only be regarded as extremely regrettable.

However, after examining the formation method again, Qin Chen was sure that the Heaven and Earth Killing Game he had arranged would increase its power several times on the basis of Xu Shaotian. This is terrifying. The Heaven and Earth Killing Game arranged by Xu Shantian before can already threaten the peak martial emperor level master, but after being improved by Qin Chen, although it cannot kill the top master such as Long Batian, it can definitely make it possible. They are in sorrow,

Embarrassed.

This gave Qin Chen another assassin.

Time is almost up, and if you don't go out, I'm afraid the purpose of Misty Palace will be achieved.

"call!"

After exhaling heavily, Qin Chen stopped enlightening and suddenly appeared in the stone room.

"boom!"

At this moment, the stone chamber trembles violently.

Someone attacked the stone room outside.

"Someone?"

Qin Chen frowned.

Outside the stone, two majestic masters are attacking Shimen.

"Hahaha, this stone gate turned out to be closed. It is very likely that there are treasures in the stone gate. It seems that I am not too late to wait."

A powerful man with a wretched face and a goatee smiled grinningly. When he shot his hand, the void shook. He was a master of the pinnacle martial arts. When he shot his hand, Shimen made a violent roar. Next to him was a numb, wood-like expert, and the aura on his body was also extremely terrifying. He frowned and said, "There should be an intact mechanism outside this stone gate, but now the mechanism is broken. Is there any inside?"

Treasure, it's hard to say. "

"Damn, isn't it that our Muzhou is too far away? When we arrived, all the experts from Leizhou came into this treasure land, otherwise, would the treasures here not have our share."

"Even if we came early, we might not get the treasure. Didn't you hear that even the masters of the top powers came?" The numb powerhouse shook his head.

"Hmph, what are the top powers? If they didn't occupy the top resources on the continent, how could they have today? Today I will wait for food, no one can stop me from waiting."

These two people were masters of the Wuyu Second Heaven and Muzhou. They rushed all the way, but they walked behind everyone. They naturally had grievances. Now they saw a stone room that had never been opened, and they were naturally full.

But this stone room is very strong, no matter how they move, it is difficult for them to blast the door of the broken stone room, and they can't help but be furious, but they refuse to give up.

Abruptly!

Rumble!

The door to the stone room opened, and a figure came out, it was Qin Chen.

He intended that he did not want to meet with outsiders, but he also knew that the other party obviously did not stop opening the stone gate, and continued to confront him. He would lose the opportunity to catch up with Shangguan Gufeng and them, so he could only walk out by himself.

"Huh, anyone?"

The two strong men in Muzhou were startled at first, and then their eyes were gloomy. Damn, dare you to blast them for a long time, this stone room has been rushed into the stone room? This is really sad news.

Qin Chen glanced at the two of them and found that they didn't know them. His eyes flashed and he was about to leave here.

"Tuoyan Wudi!" The strong man with a goatee suddenly winked at the numb Wudi on the side.

Emperor Takuiwa instantly understood what his companion meant.

Whoosh!

The two of them flickered, blocking Qin Chen one after another.

"What do you two want to do?" Qin Chen frowned.

"Hehe, brother, I'm waiting for the first time to arrive, and I don't know what treasures are in this stone room, so I might as well say it and listen. I'm quite curious..."

The strong man with a goatee smiled and said without a smile, and at the same time glanced at the stone chamber behind, the stone chamber was empty, there was nothing, and no other masters were there, and his heart suddenly dropped.

"I'm sorry, I'm not interested, but please leave the two of you, otherwise..." Qin Chen narrowed his eyes, how he didn't know the other person's thoughts, but he didn't know the two of them, and didn't want to kill casually, so he would give them one. advice.

[Chapter 2102: Skyrocketing strength](#)

"Otherwise what? Brother, why should you be so stingy?"

The strong goatee smiled yinly, the killing intent in his eyes was already very naked, and he didn't hide it at all.

Although the people who can come here are all masters, the person in front of him is just a late-stage giant Wudi, and both of them are top masters in Muzhou, so how can they care about a small giant Wudi?

Kill him, take the treasure, who knows?

"Oh, you are looking for death by yourself, you can't blame me for this!"

Qin Chen sighed lightly. Some people are looking for death by themselves, so it's no wonder he.

Qin Chen's strength had increased several times, and he was looking for someone to confirm that they were undoubtedly extremely suitable candidates.

"What?" Both of them frowned, feeling a little uneasy, because Qin Chen's expression was too calm, not panic at all.

But they have already sensed that there is no one around here, and Qin Chen's cultivation is only the late Emperor Wu, where is such a great confidence?

"Let's take you first, die!"

Qin Chen rushed to the strong goatee. This person circumvents the rules of Daofeng. Obviously, he is good at speed, but he can verify his own space rules.

"Boy, you're looking for death!" The strong goatee obviously didn't expect that he hadn't done it yet. The lamb to be slaughtered in front of him moved first, his eyes flashed fiercely, and his figure flickered. Hundreds of shadows appeared in Qin Chen, who wanted to kill first

Qin Chen.

Buzzing buzzing...

At the moment when the goatee powerhouse shot, a terrifying space rule crushed and formed a world, which bound Qin Chen inside, which was the opponent's space domain.

"Hehe, good time."

Qin Chen smiled, and his own spatial boundary was displayed instantly.

Click! Only heard a series of explosive noises in the void, Qin Chen's spatial rules came out, and he immediately regained control of the surrounding void. The sound of the void bursting was endless, as if there was invisible glass in the surrounding void. Layer upon layer

broken.

"What? How could your spatial rules be so strong?"

The goatee strong man was shocked. He could clearly feel that his own space field was broken in layers. This was the opponent's space field, covering his space field.

At the same time, a terrible spatial force suppressed his body, and with a puff, the hundreds of figures he had phantom shattered, leaving only the last real body.

"cut!"

The Banyue ancient sword was out of its sheath, and Qin Chen swung it out. Because the speed was too fast, the strong goatee and the numb-faced strong did not even have time to react.

"Ah!" The strong goatee screamed, and one arm flew out. He didn't expect that Qin Chen could instantly crush his space domain, crush his phantom, and hit him with a sword. , Although he is wearing defensive armor, but on his arm

There was no armor body, so he was cut off in an instant.

"Hey!"

Qin Chen's figure was very elegant, and Banyue's ancient sword pierced out, piercing the strong goatee's forehead, killing the sword intent to wipe out the opponent's soul.

Two swords!

The strong goatee fell.

"What?" Emperor Tuoyan's expression was horrified. Emperor Fengying may not be as strong as him, but his speed is the opponent's advantage. Qin Chen didn't even look at it. A sword hit the opponent's true body. Two swords killed him, this kind of speed and space power

The amount is beyond his imagination, is this really just a giant Wudi? It's wicked.

"The earth is bursting to the sky!" Emperor Takuyan's expression is dull, it does not mean that his thinking and reaction are dull. In an instant, he reacted, the muscles on the body squirmed, and countless rock thorns surrounded by the earthy yellow breath rushed from the ground. Came out, intertwined into overlapping rock forests,

Shooting towards Qin Chen.

And he himself stepped out one step and swept outside the passage.

"broken!"

Facing the overwhelming rock forest, Qin Chen slammed a sword in his hand. The jet-black ripples seemed to bloom in the dark, shattering all the rock forest within ten feet of a radius. His figure flashed, and Qin Chen's half-yue ancient sword burst out five. Dao Jianguang, chasing Emperor Wu Tuoyan.

"The sky is falling apart!"

Emperor Tuoyan punched with a backhand, and the spiral fist made a humming sound, as if the world was falling apart and the world was collapsing.

"Puff!" If it were the past, Qin Chen would definitely be blocked or even evade, but now it is different from the past. Facing this punch, Qin Chen just pierced with a sword, and pierced his fist through, like a bubble. Generally disillusioned, the sword light flashes, and puffs through

Entering the back of Emperor Takuyan Wu, Emperor Takuyan suddenly spurted blood, spitting out a large number of internal organs fragments.

"kill!"

After defeating his fist, Qin Chen's expression was cold, and Banyue Ancient Sword drew several times in a trajectory invisible to the naked eye.

Chi Chi Chi Chi Chi Chi Chi...

Emperor Takuyan's figure paused, and then, in addition to the torso, his limbs and head were cut into hundreds, as if a sword net passed through his body.

Picking up the storage rings of Emperor Fengying Wu and Emperor Wu Tuoyan, Qin Chen didn't even look at it. He stepped out of the stone room and swept deep into the passage.

Wuyu Second Heaven, the two giants that ruled Muzhou, fell silently, like two pieces of dust, inadvertently scattered, no one knew.

"Jia Li, I hope you don't meet me!"

A cold light flashed in Qin Chen's eyes, and his figure disappeared here.

Deep in the center of this palace passage, there is an open space, above the open space, many powerful men have gathered at this moment.

Here is the end of many passages. In the pitch-black hall, there is no way forward. There is only a huge square metal iron pillar standing in the center of the hall. Otherwise, it is empty.

In the center of the hall, many masters have already arrived.

Shangguan Gufeng, Heaven Swallowing Demon Lord, Emperor Pill Mirror, President Gongsun Zhe and others gathered here one after another. There were even many Heavenly Thunder City masters who had already arrived here, staring at the metal iron pillar in front.

"Everyone, what should I do next?" Many people's faces were gloomy. When they got here, everyone had no direction. Except for this unknown iron pillar, the hall was very strange and weird, with various restrictions and patterns. , But no one knows what these runes and patterns do

, There is no complete direction.

Could it be that this is the end of the hall?

Many people have come up with this speculation, but they are depressed because they have not received much benefit yet.

The entire palace is dangerous, but there are very few treasures. Is this really the palace?

"Lou Zimo, have you seen anything?" Everyone looked at Lou Zimo.

In terms of organ skills, Lou Zimo should be the strongest on the court. Lou Zimo took out the Seven-Xuan Dou Sky Star Apparatus and carefully observed the surroundings. When he scanned the iron pillar in front, he couldn't help but let out a whisper.

[Chapter 2103: Forbidden pulse liberation](#)

"What did you find?"

"This iron pillar should be hollow, with something inside." Lou Zimo said lowly.

"What's there?" Everyone was shocked and immediately overjoyed, at least everyone had hope.

"I don't know that."

Lou Zimo shook his head. Seven Xuan Dou Tianxing Apparatus is not omnipotent. He can only detect what is in it, but cannot detect what it is.

"In that case, why don't you join hands to open this iron pillar?" Shangguan Gu Feng said solemnly.

Lou Zimo shook his head. He has no clue right now. How to open it?

"Everyone, give me some time first." Lou Zimo said lowly, carefully studying the iron pillar in front of him.

At this moment, Long Batian smiled coldly and walked towards Fu Qiankun, "Your Excellency, shouldn't you show your true face? I am very interested in you."

Long Batian said abruptly, with a playful smile on his face.

This sudden scene made everyone stunned, and immediately showed the look of the theater.

Why did Long Batian hit the bar with this mysterious man again?

However, everyone is happy to watch the show, it is best to fight each other, no matter who dies, at least one less competition is not.

A group of people looked at it with the mentality of watching the theater.

"Long Batian, do you have to be an enemy of this seat?" Fu Qiankun said in a low voice. He and Qin Chen walked through different passages, but found nothing unusual along the way, until they met everyone here.

"You? No matter how strong you are, it's just a servant, but I'm very curious about why you, a top powerhouse, would be the servant of that kid, and what is the origin of that kid?" Long Batian squinted his eyes. .

He was very curious about Qin Chen and Fu Qiankun.

"What if the old man doesn't say it?" Fu Qiankun said coldly.

"Hahaha, your young master is already dead, do you mean anything?" Long Batian laughed.

"Have you met Qin Chen?"

Fu Qiankun frowned suddenly.

Long Batian chuckled, "What do you think?"

"Hehe." Fu Qiankun's frowning brow suddenly smiled. He believed that Long Batian had met Qin Chen, but he didn't believe that Long Batian could kill Qin Chen. It should be noted that Qin Chen was with a group of people, not to mention. With the old source, will he be killed by Long Batian?

"You can't kill me, why bother in vain." Fu Qiankun sneered.

"Really? You have to try before you know."

Dragon Batian gave a yin and yin smile, stretched out his big hand, a huge dragon claw condensed in the void for no apparent reason, and the dragon claw's five fingers are like a hook, covering Xiang Fu Qiankun.

"Zhenlong Claw!"

"Humph!"

Fu Qiankun snorted coldly, took a step forward, and blasted a punch. Suddenly, the air exploded, and the terrifying fist prints soared into the sky. A black tiger roared out, smashing the huge dragon claws.

"Hahaha, there was no end to the battle in the devilish array before, now continue."

Long Batian laughed wildly, and with a wave of his hand, a huge real dragon rushed towards Fu Qiankun.

"How many times do you want to come, you can't kill me?"

Fu Qiankun was angry and raised his hand to smash the real dragon phantom. He didn't want to expose too much strength, but in the face of Long Batian's shot, he had to do his best.

Boom boom boom!

The two fought together in an instant.

"Chairman!" Rao Yuangeng looked at Gongsun Zhe. "No hurry." Gongsun Zhe shook his head. In order to pay for Qiankun to offend the ancestors of the Long Family, this is not a cost-effective business. What's more, I don't know whether Qin Chen is dead or alive. After all, it is Qin Chen who will be kind to Tianxun, The most important thing is to pay back ten thousand

Never to be defeated.

He also wanted to know the true strength of Fu Qiankun and Long Batian.

The two men fought wildly, and the breath that permeated the hall shook the hall. The strange thing was that the strength of the two, as if they were bound, could not affect anything in the hall. This scene was too strange.

"Twice, take this trick from me, Heavenly Dragon Formation!" Long Batian knew that he couldn't kill Fu Qiankun if he went on like this. The blood in his body was instantly released. A series of dragon-shaped hurricanes appeared, blocking Fu Qiankun inside, and the dragon-shaped hurricane More and more, layer after layer, surrounding Fu Qiankun

Nowhere, will Fu Qiankun be trapped.

Moreover, the hurricanes of true dragons have closed their exits in the future. With such a terrifying power, even the top giants would not want to break in or break through.

"Chairman!" Rao Yuangeng looked at Gongsun Zhe again.

Gongsun Zhe frowned, took a step forward, and said: "Brother Dragon, this place is dangerous, life and death are uncertain. Now everyone is in the same boat. It is better to shake hands and make peace. Joint exploration is the kingly way. Would you like to ask Dragon brother to give the old man a face?"

After all, Qin Chen would be kind to Tianxun, and he couldn't just ignore it.

"What are you worthy of letting me give you face, get out!"

Long Batian sneered directly.

"You..." Gongsun Zhe was annoyed, Long Batian's status was high, but he was also the president of the Tianlei City Sky Excursion Association, and Long Batian was too shameless.

"boom!"

Gongsun Zhe's eyes were cold and he was about to take action.

Huh!

A figure flashed past, and instantly stopped in front of Gongsun Zhe, who was the Wuyong President of the Fighting Club.

"Wuyong, what do you mean?" Gongsun Zhe's eyes narrowed.

"Hehe, the ancestors of the Long Family are doing things, why do we have to mix with Tianlei City?" Chairman Wuyong squinted.

"Does the old man still have to go through you when doing things? Wuyong, you let me go." "Brother Gongsun, this is a bad remark. You and I are both strong in Tianlei City. If you do it, the ancestor of the Long Family will definitely not Putting the responsibility on only one person from the Skyscanner will inevitably anger our entire Sky Thunder City. At that time, you will be one

Will anyone carry it? "

Don't say faintly smiled: "What's more, even if your Skyscanner tries to carry it, can you hold it?"

Gongsun Zhe ignored Wuyong at all, and shook his figure, coldly humming, "Get out of me."

"Oh." Wuyong sighed quietly, "Brother Gongsun, why are you so obsessed with it? For the sake of Tianleicheng, the old man can only stop you."

He was in the shape of electricity, blocking Gongsun Zhe, not giving Gongsun Zhe a chance to make a move.

Boom!

But at this moment, a sudden explosion sounded, and the Heavenly Dragon Formation formed by Long Batian was torn apart, and Fu Qiankun rushed out of it.

"What? He broke his Heavenly Dragon Formation?" Long Batian was shocked, seeing Fu Qiankun indifferent and not much embarrassed.

"Om!"

But the moment Fu Qiankun had just rushed out of the Heavenly Dragon Formation, the void around Fu Qiankun suddenly became blurred, chuckle, and a dark light burst out from it, piercing the back of Fu Qiankun's heart.

A figure appeared, it was Dark Moon's Jia Li, sneaking in!

This blow was too fast, penetrated into the invisible, and instantly stabbed Fu Qiankun's body.

"Huh! Forbidden pulse liberation!"

Fu Qiankun snorted angrily. At the critical moment, a strange force burst out from his body, and his figure disappeared suddenly, avoiding Jia Li's mortal blow.

"It's a bloodline forbidden technique! Is this person a bloodline master?"

The eyes of everyone on the court became dignified, and Qiu Puchun of the Holy Land of Blood exploded with appalling pupils, staring at Fu Qiankun. This was the forbidden technique of his bloodline holy land, he knew nothing more.

[Chapter 2104: I really want to be an enemy of the old man](#)

Who is this person, and why is my bloodline forbidden in the Holy Land?

Qiu Puchun felt like a stormy sea was rolled up in his heart, and his eyes burst out with cold light. It should be noted that the forbidden pulse liberation is one of the top forbidden techniques in the bloodline holy land. The average elder master does not have the right to contact. Only the top group of people can be contacted. In other words, if the person in black in front of you is not Prohibition from stealing

Skill, then this person must be a high-level in the Holy Land of Blood.

But if it is a high-level in the Holy Land of Blood, how can he not know it?

Qiu Puchun is the hidden elder of the Holy Land of Blood. The disciple of Fu Qiankun, the president of the Holy Land of Blood, has a very high status in the Holy Land of Blood.

If the person in front of him is a high-level person in his bloodline holy land, why should he hide his identity and follow a young man? And don't say hello to yourself.

Or is it that the opponent is not a person from their bloodline holy land, but a forbidden technique that stole the bloodline holy land?

All kinds of doubts caused Qiu Puchun's heart to see a violent wave, staring at Fu Qiankun, bursting into coldness.

He felt that he had discovered a shocking secret.

"The disappearance of the master back then was very strange. I have always suspected that there was a conspiracy, and now the person in front of me has mastered the forbidden technique of my bloodline holy land. Could it be said that my bloodline holy land really has a rape?"

Qiu Puchun took a deep breath. The disappearance of the master has always been a pain in his heart. Now he has a clue about how he doesn't care.

"Today, I must find out the truth about that year. Perhaps this person has some special secrets."

He said to himself, making up his mind. The mysterious disappearance of Fu Qiankun that year turned the Holy Land of Bloodline into a disc of sand, and the whole Holy Land was divided into several waves, fighting each other and secretly fighting each other. In order not to get involved in that battle, he directly got rid of the qualification to inherit the president of the Holy Land of Bloodline.

, Do not ask about world affairs, practice in seclusion, and become a seclusion elder.

But this doesn't mean that he doesn't care about the truth of the disappearance of the master.

"The secret technique of the Holy Land of Blood?" Shangguan Gufeng stared at Fu Qiankun, thoughtfully, his eyes were cold, and he muttered, "Could it be that person?"

"wrong."

Immediately, she shook her head, "With that person's injury, even if he is rescued, it is impossible to recover. What's more, if that person was rescued by the Xuanyuan Empire, how could he be a servant of a young man? Who?"

Fortunately, Fu Qiankun didn't use the bleeding vein prohibition technique. Once he performed the bleeding vein prohibition technique, countless doubts appeared in everyone's mind, but it was even more mysterious?

Even Long Batian was taken aback, secretly startled: "What, this person is a master of the Holy Land of Blood?"

He hurriedly glanced at Qiu Puchun, only to find that Qiu Puchun was also full of doubts. He couldn't help but was taken aback, could it be said?

"Humph, whether it's or not, hold him first before speaking."

Long Batian coldly shouted to Jia Li: "Jia Li, do it!" Jia Li didn't say a word, but urged the sharp blade in his hand to go straight to the universe. Although he and Long Batian are not in the same camp, they have already dealt with Qin Chen before. After the killer, then naturally we have to seize the opportunity to eradicate Fu Qiankun, or else we will wait for Qin Chen to return

Does the other party start first after coming?

Shoo!

The black streamers are like tiny black snakes, twisted in shape, winding towards Fu Qiankun from all angles.

And among these dark swimming snakes, there are some invisible swimming snakes hiding in the void, which can't be caught by the naked eye. Only the infiltrating murderous intent lingers out, making people shudder.

"This Darkmoon leader is a terrible method."

Everyone exclaimed, they could feel the murderous intent in the void, but they couldn't capture where these invisible killer moves were. This method was simply terrifying.

Hum!

What is even more shocking is that after Jia Li's figure swayed, he was once again hidden in the void, silently, and could not be caught by the naked eye.

This kind of concealment is simply terrifying. What kind of feeling is it like to imagine a poisonous snake coveting you in secret?

"Hahaha, old guy, what else do you have now?"

Long Batian turned into a violent dragon shadow, rushing forward, roaring, dragons screaming, his body was filled with dazzling golden light, the glow of the glow was radiant, like a real dragon descending to the world, and a giant coming. Fu Qiankun's face changed slightly, Guanglong Batian alone had already given him a certain amount of pressure, and now coupled with Jia Li, he immediately felt a strong crisis, but at this moment, he could not fully use the bloodline holy land forbidden technique, otherwise Inevitably violent

dew.

In the crisis, he could only shout angrily, stretched out his hands, and on his hands, a colorful light burst suddenly, two terrifying shock waves superimposed on each other, rushing towards the invisible black snake phantom around.

Puff puff puff puff...

This shock wave swept away, and the snakes shot by Jia Li burst to pieces, and the sound of explosions continued to be heard in the void. Those silent attacks were also exploded and quickly annihilated. .

But at this moment, Long Batian's attack has also arrived.

"Roar!"

The dragons stunned the ancient and the present. The Dragon Batian turned into a human form to expose and rushed down, and fisted Fu Qiankun with a punch. At once, seven or seventy-nine dragons rushed out and flew straight to the 33rd layer, instantly blasting at Fu Qiankun. On the defensive shield formed by the body surface. With a bang, the sky shook, Fu Qiankun's face turned pale, and he snorted,

so terrifying that the power that could destroy mountains and fill the sea flooded into his body. He was quickly refined, but his figure was blasted out ten feet. , The figure stretched out in the void

Long ripples.

At this moment...

Hum!

Hidden in the dark, Jia Li shot again, as fast as lightning, and a black streamer swept across Fu Qiankun's throat. The speed was too fast, just like a glance at Fu Qiankun's neck.

"Snapped!"

At the critical moment, Fu Qiankun stuck out his right hand, and his **** soared into the rainbow. They actually clamped the streamer in the throat and smashed them into pieces. At the same time, his left hand punched out with a backhand, blasting into the void.

Boom!

A figure in the void was blasted out, it was Jia Li, with a look on his face and scorpion-like eyes.

He didn't expect that his two sneak attacks would be blocked by Fu Qiankun. How could this person's perception be so acute?

"Do you really want to be an enemy of the old man?"

A fist blasted away at Jia Li, and Fu Qiankun was angry, his whole body surged with endless horror, his eyes spinning like stars.

At this moment, everyone's complexion changed. Seeing Fu Qiankun whose gaze was stirring, for a moment, everyone from head to toe was cold, and they deeply felt a strange and terrifying aura coming to face each other. Submerged. At this moment, the figure of the man in black in front of him was unprecedentedly stalwart, like the same god, looking down on them, making everyone terrified, and their hairs were erected.

[Chapter 2105: Can leave a last word](#)

hiss!

Who is this person?

The aura that Fu Qiankun exploded was terrible. The aura of looking at everything was not like a slave possessed, but like a **** king, furious.

Even Long Batian felt the breath of suffocation while he was in a trance. Booming, his body exploded with golden dragon energy, dispelling this feeling, and squinted his eyes and said coldly: "I will be your enemy today. What can you do?"

He and Jia Li joined forces, naturally without fear of paying the world, and wanted to launch the Jedi ultimate move.

Tear!

At this moment, the layers of dragon gas whirlwind around the open space were suddenly blasted by the fierce sword gas, making the sound of cloth tearing.

"who?"

Long Batian looked in that direction. The ability to rip through the layers of Dragon Cyclone he blocked Fu Qiankun from escaping with a single sword, this strength made Long Batian not dare to underestimate them. They subconsciously believed that a top martial emperor arrived along the passage, seeing that he was Dragon Cyclone Blockade

, And then broke open.

If that were the case, they wouldn't provoke an enemy at this time.

Huh!

A figure swept in and appeared before everyone's eyes.

"It's you!"

"Less dust!"

Many people blurted out, it was Qin Chen who came.

"Boy, I didn't expect to beat you like that and you didn't die. Okay, since you delivered it to the door yourself, don't blame us. Today, even you, both of you have to die." Long Batian and Jia Li said It is impossible not to be surprised. They know very well how terrible the two of them attacked Qin Chen in the last joint attack. Even the peak martial emperor would be seriously injured, but Qin Chen not only recovered in such a short time, it seemed like

Almost the cultivation base and strength have made tremendous progress.

Of course, the two of them were just a little surprised. No matter how strong Qin Chen is, wherever he can be, they are not ordinary peak martial emperors.

When Emperor Jijing Dan and others saw Qin Chen's arrival, they showed meaningful expressions, which was fun now.

"You two can leave your last words." Qin Chen saw the scene on the field, his eyes were cold, this Long Batian and Jia Li are so courageous, they dare to target Fu Qiankun. Fortunately, they came in time. Qiankun was forced to perform his own real tricks, once the people in the Misty Palace

See it, that's troublesome.

With endless killing intent surging in his heart, he directly sentenced Long Batian and Jia Li to death.

"Boy, what are you talking about?"

Long Batian seemed to have heard some unbelievable jokes. A stinky boy who didn't know where he came from actually dared to say such arrogant things. He didn't know how to laugh at him. He could only say that he was stupid to a certain level.

"Hey, it's really shameful!"

Jia Li also sneered. As the assassin king of Wuyu Second Layer Heaven, it was the first time he heard such a joke, but the joke was not funny.

"What an arrogant guy." Wuyong from the Fighting Martial Arts Association, Chu Huahan from the Fog Hidden Gate and others couldn't help but sigh, Qin Chen was too arrogant.

"Brother Chen, don't be tough."

Gongsun Zhe of the Skyscanner stubbornly spoke. He didn't want to offend the Long Family and Dark Moon, but he didn't want to see Qin Chen become the target of the public and fall here, so he could only speak, wanting to alleviate the enmity between the two sides.

"Brother Gongsun, thank you, but you don't need to say more. Since Dark Moon and Long Family dared to offend Ben Shao, then Ben Shao definitely has no reason to swallow his anger. If Ben Shao said to kill them, he must kill them."

Qin Chen interrupted Gongsun Zhe's words directly.

"hiss!"

Everyone sucked in air-conditioning. This kid is too arrogant. Does he know who he is facing? The ancestor of the Long Family and the dark moon Jiali commander, with a servant beside him, can he stop these two masters?

Sure enough, young and fearless.

"Little dust." Rao Yuangeng was anxious, and Lu Zian also said nervously, "Brother Chen...in charge..."

"Two, thank you very much, but you don't have to say more, what you say less will definitely come true."

Qin Chen said coldly, but with sincerity in his tone, he could see the kindness of Rao Yuangeng and Lu Zian, but how could he bear it when Jia Li and Long Batian aimed at him again and again?

"Hahaha, I really don't know where your self-confidence comes from, but in my opinion, your self-confidence is stupid." Long Batian said.

With his status, status and strength, even those in charge of the top powers such as Pill Pavilion and Qidian would not dare to speak to himself like this, but Qin Chen, an unknown kid, said that in his eyes this is a joke.

"Long Batian, let my people from Dark Moon deal with this. Let's solve this guy first!"

Jia Li said with a cold voice with a flashing black sharp light in his hand.

In his eyes, the real enemy was Fu Qiankun, and Qin Chen was just a master with good life-saving ability. As long as Fu Qiankun was killed, Qin Chen could not escape.

"no problem!"

Long Batian nodded, and at the same time he spoke, his figure had already rushed to Fu Qiankun again.

"Wow!"

Jia Li is also in the shape of electricity, disappearing into the void, and the looming sense of crisis lingers in Fu Qiankun's mind.

And Dark Moon's many killers, under Jia Li's order, all moved one after another.

"kill....."

Whoosh whoosh!

Under the leadership of Jiang Ye, this group of people rushed towards Qin Chen one after another, and all kinds of murderous auras went straight into the sky, causing everyone on the court to change their colors.

These guys are worthy of being the top killers in the Second Layer of the Martial Domain. The strength of a single person is not strong, but the murderous aura that bursts out of a group of people has almost turned into substance, and the richness can hardly be removed.

boom!

In just an instant, this group of people surrounded Qin Chen, and all kinds of killer moves poured out on Qin Chen like a sea, causing everyone to change their color and dare not watch the next scene.

With so many assassins joining hands, I am afraid that even some top martial emperors would not dare to underestimate them, let alone a young man like Qin Chen.

In the entire Dark Moon, there was only one person who didn't do it, and that was Lu Zian. He had a natural fear of Qin Chen, and he couldn't do it.

"Good job!"

Faced with the attacks of Dark Moon's many assassins, Qin Chen stood proudly there, his body shape was quite different. He held the sword in both hands, and a dazzling glow broke out from the Banyue ancient sword. , Shocking the world.

"cut!"

Holding a sword in both hands, he was in the shape of electricity, and instead of retreating, he rushed into the dark moon killer group.

"puff!"

He heard the sound of the sword entering the body, and in an instant, blood was splashing, Jiang Ye, who rushed to the front of the team, only had time to see the sword light in front of him, and then his body was separated straightly and divided into two.

Others flew in the air, and only saw their body divided into two halves after half a second. His mind was filled with endless fear, his eyes went black, and his soul was completely annihilated.

One sword!

Space rules are born! Jiang Ye, Deputy Commander of Dark Moon, is dead!

[Chapter 2106: Fight again with Jia Li](#)

On the court, many strong men with smiles on their mouths suddenly solidified their expressions.

What, dark moon leader Jiang Ye is dead?

The many assassins of Dark Moon were all the top masters in Leizhou, and even assassinated some top powerhouses, they never missed their hands.

But today, with so many people culling a young man at the same time, the leading Jiang Ye was killed instantly?

Puff puff! Qin Chen slayed Jiang Ye with a single sword, and the space realm quickly displayed. Under his space realm, the space realm of the Dark Moon Killer shattered one after another, and losing the killer in his own realm is equivalent to being thrown ashore. , Lost the most dependent

s method.

The blood is blooming, and the blood is flying, Qin Chen is like a **** of death walking in the darkness, frantically harvesting life, wherever he goes, blood splashes and heads soar.

This scene is too tragic, Qin Chen is like a **** of death, harvesting lives, countless blood flying. What is surprising is that after splashing in the void, the blood seemed to be drawn by an invisible force, and it floated to the iron pillar in the center of the hall. Suddenly, the lines on the iron pillar looked like Come alive and release

Bleeding light.

"This iron pillar... is absorbing blood?"

Lou Zimo took a breath. It was the first time he saw such a weird restriction that could absorb the blood of a strong human.

"hateful!"

When Dark Moon commander Jia Li saw this, his heart was furious, his eyes rounded, he roared in anger, and rushed forward like lightning.

"Hahaha, your opponent is me!"

This time, it was Fu Qiankun's turn to laugh, and boom, two ghostly light wheels appeared in the palms of his hands, and the light wheels quickly filled, quickly blocking Jia Li's flying route, preventing him from having a chance to support.

"Run away!"

The remaining Dark Moon assassins saw that the commander was unable to rescue them at all. They were shocked and fled in horror, but Qin Chen's figure was like electricity, and his sword aura flew out. No matter how hidden these assassins were, he could easily catch them. Kill with one sword.

After just a few breaths, Dark Moon's killer no longer had a living person, and many powerful men had fallen, corpses all over the field.

Puff puff!

After that, these corpses were as before, silently, turning into ashes, leaving only the storage ring, which was taken into the bag by Qin Chen.

"Gudong."

Not far away, Lu Zian swallowed deeply and his eyes were full of fear. He was the only one of all Dark Moon Killers alive except for Jia Li, just because he did not attack Qin Chen.

Qin Chen glanced at Lu Zian, did not say a word, shook his figure, and rushed towards the battle group where Fu Qiankun was on the other side.

"Damn it, Long Batian, give this child to me, let the emperor kill him first."

Jia Li was furious, his murderous aura was soaring, the blood-black murderous aura was condensed into substance, wrapped around him, his face was hideous and furious. Those who can break into the ancient magic land are his top killer in Dark Moon, his right arm, but now, except for Lu Zian, who has given birth to a strange heart, all the other killers have fallen. This is for Dark Moon. , Will be extremely painful

Blow.

Without these people, Dark Moon will be devastated and will never recover.

"Don't worry, leave this guy to me!"

Long Batian shouted angrily, and entangled Fu Qiankun, the pressure that Fu Qiankun endured suddenly greatly increased.

"Let him come here."

Seeing this, Qin Chen said solemnly against Qiankun.

"it is good!"

Fu Qiankun felt Qin Chen's breath and was shocked secretly in his heart. Only now did he understand why Qin Chen dared to strongly target Shanglong Family and Dark Moon, Qin Chen actually broke through in this ancient demon land.

At this time, his heart was completely let go. Qin Chen broke through the giant Wudi, and his cultivation level would inevitably skyrocket. With the help of the old source in the jade plate, they were not afraid of anyone on this occasion.

"Boy, you can die..." Jia Li didn't expect that Fu Qiankun would give up blocking himself, but he didn't think deeply, his face showed a trace of hideousness, and his eyes stared at Qin Chen grimly, just a word from him. Without speaking, he found that Qin Chen was less than three feet away from him.

With a wave of the opponent's sword, countless sword qi enveloped him, which was difficult to detect with the naked eye.

The sharp cutting power made Jia Li's body cold, and his pupils contracted involuntarily, like two small dots, and even more shocked expressions appeared on his face. Qin Chen attacked first by surprise, which caught him by surprise, and what made Jia Li shocked was that with this sword, he could not even

see the trajectory of the sword energy attack. He could only vaguely perceive the cutting power in the void. One cutting force

The amount is full of threats, and all of this is done at the fingertips, reaching the extreme.

"This kid absolutely can't let him leave alive." As the leader of Dark Moon, Jia Li is much stronger than Jiang Ye, and his reaction speed is not comparable to Jiang Ye. Almost subconsciously, his body has been integrated into the void. Like an invisible shadow, disappearing in this piece of

Void, so that Jian Qi lost the direction of tracking.

"Huh, can you hide it?"

Qin Chen's soul power is terrifying. Jia Li can escape the perception of other masters, but he cannot escape Qin Chen's soul power. What's more, Qin Chen possesses the sacred body of space and is too sensitive to space.

I saw him swinging the Banyue ancient sword with his right hand and squeezing the sword art with his left hand. Numerous sword auras suddenly looked like fish swimming in the deep sea.

"what?"

There were shocking fluctuations in the void, and in the next moment, countless sword qi bursts.

Zheng Zheng Zheng Zheng!

The ear-piercing sound of gold and iron crossed, Jia Li's figure was instantly exploded from the void, his body was covered with a layer of bronze armor, and countless runes were rotating on the armor and attached to the body. Above the real yuan.

Under the sword qi violent slash, countless arcs braving Mars, intertwined with the body protector on his chest, forming a splendid picture.

"Top-level defensive armor!" Qin Chen narrowed his eyes. His sword aura, containing the rules of killing and space, all reached the realm of Dacheng. In addition, his own cultivation base broke through to the late Emperor Wu, and the purity of his true essence was higher. Kendo attack, seemingly plain, real

The occasion is several times the power of the past, and ordinary defensive soldiers can never stop them.

This is a top-level defensive imperial soldier that is not inferior to the Gangyuan Formation, which is better than the Gangyuan Formation.

But even with armor defense, Jia Li was blown out, a sweet smell came from his throat, and a mouthful of blood almost spewed out, and he swallowed it back, and suppressed it forcibly.

"Why have you become so much stronger?"

Jia Li was frightened. Compared with the time when he met in the tunnel, Qin Chen's aura was significantly improved. Under this blow, he was almost seriously injured. If he did not react in time, he would have died. Is this guy a monster?

[Chapter 2107: Four Elephant Kill](#)

"Hmph, there are two things, you really surprised me, but I have the protection of the Qingyuan Emperor's armor and stand in an invincible position. See how you can break my defense."

Jia Li's eyes were hideous, his heart was shocked, but his face was deliberately open.

If he did not have the Qingyuan Emperor A, he would not be able to defend against this sword, because this sword was too fast and too powerful. He couldn't imagine how Qin Chen suddenly became so powerful, it seemed like a change. A person. "The top defensive emperor soldiers are really troublesome. It seems that it will take a little effort." Qin Chen did not expect that Jia Li would have the top defensive emperor soldiers to defend himself. In this way, he wanted to kill the opponent, and the difficulty increased several times. Every time the opponent urges the defensive imperial soldiers

Need a lot of true yuan, he doesn't believe that the other party can use it unlimitedly.

If the defense of the imperial soldiers is not urged by the real yuan, the power will be greatly reduced!

"Thunderbite!" The killing sword is not good, Qin Chen displays the thunder bloodline again, crackling, the thunder light entangles around him, and then turns into a flash of lightning, condensed on the half-yue ancient sword, a thin layer of blue thunder light, Like a sharp blade of thunder, fiercely

Stabbed at Jia Li.

"flash!"

Jia Li's figure shook, the speed was extremely fast, and he fled quickly.

But he was fast, Qin Chen's sword aura was faster, a flash of lightning flashed in the void, and a terrifying sword had already blasted on his body guard.

Boom!

Jia Li lifted his feet off the ground and flew upside down. The violent thunder enveloped him, making him look like a humanoid lightning.

"Aren't you the assassin king of Sky Thunder City? That's what you can do? Do you need me to take action."

Long Batian originally thought that Jia Li's shot would solve Qin Chen, but he could hardly believe his eyes, thinking that he had hallucinations and everything was an illusion.

"No need!" Jia Li stood up fiercely, with murderous intent rising in his eyes, resisting Qin Chen's two swords, he had almost no major problems except for the turbulence of blood and the sharp pain in his chest, and said angrily in his heart: underestimating this kid. Strength, but the realm of Emperor Wu is always

It was in the realm of Emperor Wudi in the later stage, and the defense wouldn't be as high as that, I don't believe that he could withstand my attack.

"Before you attacked, now it's my turn!"

"Four elephants displacement!"

Buzzing, buzzing... Jia Li gave a low yell, his figure suddenly blurred, and three afterimages burst out of his body, and four Jia Li appeared on the entire square. These four Everyone is alive, and at a glance, they can distinguish

It is impossible to tell which is the real body and which is the clone.

"how is this possible?"

Everyone was shocked, even Pill Emperor Jijing and the others widened their eyes, because for a while, even they couldn't tell where Jia Li's true body was. This clone secret technique was really terrifying.

"Four elephants beheaded!" Four "Jia Li" stood in the four corners of Qin Chen, surrounded him, kicked the ground with their soles, and the four of them rose from the ground at the same time, with the pitch-black blade spinning like a sickle of death. Qin Chen blasted a hundred meters away, cutting out with the sharp blade, the void

Strips of black silk threads were cut out, like a sharp paper cutter, cutting up all the space, surrounding Qin Chen layer by layer.

Jia Li's strength is undoubtedly displayed at this moment.

"Jia Li, today you will definitely die." If the opponent does not have top-level defensive armor, he would have died long ago, but Qin Chen is not in a hurry. Jia Li's true essence is limited, and it is impossible to push it endlessly, but Qin Chen will not Intends to exhaust Jia Li's true energy, because he knows that it takes too much time

Long, giving Jia Li this assassin so long, it is inevitable that there will be no accidents.

In the face of layer upon layer of attacks, Qin Chen suddenly displayed his spatial boundary.

boom! It was as if the space that had been cut out was condensed at once, Jia Li's four figures seemed to hit an invisible wall, and they were immediately choked. One figure was less affected, and the other three were affected. Great influence, distinct

Slow down a bit.

"What, why is his understanding of space rules so strong?"

Jia Li always thought that Qin Chen's killing sword aura and thunder sword were so powerful, it was a great fortune. In the past, it was not that no one in the realm of the giant Wudi had mastered the extremely terrifying rules of success.

There are many people who get some treasures of heaven and earth, and they can also make amazing breakthroughs in certain aspects of the rules. But when Qin Chen's understanding of space rules was so terrible, Jia Qi was shocked. Space rules are a rule that overrides most of the rules. It is not simple to comprehend the space rules to a great degree. Can do it, this kid

How did it do it? As a killer, Jia Li controls the rules of space to a great extent. This is the basis for his survival and the capital of his Ao Xiao Peak Martial Emperor realm. But now Jia Li is shocked because he can't even do it. Smash Qin in an instant

The space boundary formed by dust clearly represents that the opponent's mastery of space rules is not weaker than him, the assassin king.

How is this possible!

"Dead Word Thunder Sword!"

Qin Chen did not give Jia Li a chance to breathe. As soon as the space boundary emerged, Jia Li's real body was instantly exposed. He frequently wielded Banyue's ancient sword, piercing the void with azure blue sword light, and hit the fastest one. A figure.

Puff puff.....

The sword light flashed, and Jia Li was blasted back continuously.

Crunch!

At the same time, Qin Chen's spatial boundary turned, and the terrifying spatial boundary frantically wiped away Jia Li's true essence shield while blocking the approach of the other three clones.

However, the three avatars of Jia Li smashed through the thorns and thorns in Qin Chen's space boundary and quickly approached.

what?

The ordinary clone only possesses some true essence of the body, which is a means to condense and confuse the enemy. In fact, it does not have much attack power, but the strength of the clone displayed by Jia Li shocked everyone.

These three clones have at least 30% of Jia Li's attack power. This is no longer a simple True Essence clone, but a kind of combat secret technique.

How did this come together?

These three clones were extremely fast, and they came to Qin Chen in the blink of an eye, screaming, countless dark black streamers with a fierce killing intent toward Qin Chen.

"Humph!"

"Space Mine!"

Qin Chen snorted coldly, the space thunder domain burst out suddenly, booming, and the endless thunder light suddenly bloomed, the rules of thunder lingered, and the terrifying thunder wrapped the three clones layer by layer, and the three clones were quickly melting.

"Killing Fist!"

Boom!

At the same time, Qin Chen punched with his left hand, the fist was lost, and the three clones were exploded and turned into powder.

"The rules of space and the rules of thunder merge?" Everyone's eyes were widened, and they were stunned by the scene in front of them.

[Chapter 2108: Space thunderstorm](#)

Combining the two rules to form a new field is terrible, let alone some ordinary martial emperors on the field, even Jijing Dandi and others can not do this, but now , A much younger than them

The youth did it.

how can that be?

Amidst everyone's shock, Qin Chen's expression remained unchanged, and he snorted coldly. The terrifying power of thunder enveloped Jia Li and quickly eliminated his true essence.

"Long Batian, help me!"

Jia Li's pressure increased greatly, and the true essence in his body disappeared like flowing water. The speed at which the Azure Yuan Emperor A was consuming the true essence was really terrifying, and he was almost unable to hold it.

Needless to say, Long Batian also saw Jia Li's embarrassed appearance, roaring, a real dragon roared, and when his figure swayed, he was about to rush towards him. Once he shot it, he was the most terrifying real dragon art, the terrifying dragon Xingquan rushed towards Qin Chen.

"Long Batian, your opponent is me!" Fu Qiankun snorted coldly. How to make Long Batian's hand, hum, his body bloomed with a black halo, exuding a mysterious and unpredictable aura, like lightning, stopping the dragon In front of Ba Tian, he pressed it out with a palm, and in that palm, there seemed to be something spinning

, Can contain all things in the world, swallowing the strength of Long Batian's fist.

Boom!

Two terrible forces collided and suddenly rolled up the stormy sea. If it weren't in this mysterious hall, there was a strange force blocking it, and this blow alone would be enough to cause more than half of the Wudi strong on the field to be killed or injured.

"Get out of here!" Long Batian was furious and made frequent shots, but Fu Qiankun remained motionless and stopped Long Batian steadily, not giving him any chance to interfere with Qin Chen.

Long Batian's heart sank, and he looked at Fu Qiankun in anger. He had already shot with all his strength, but he still couldn't blast Fu Qiankun away. Where did this person run out of pervert?

"Brother Wuyong! Help me!"

Seeing that Long Batian could not take action, Jia Li was frightened and hurriedly asked Wuyong from the Fighting Club for help.

"You can save you, but the old man once made a proposal to you about the big plan between Fighting Wuhui and Dark Moon, but it was rejected by your Excellency..." Don't be stunned, and suddenly said something thoughtless.

Jia Li understood in an instant that Wuyong had indeed proposed uniting Dark Moon to rule the Thunder City, but he rejected it.

In the current crisis, he was so frightened that he took advantage of the fire and robbed him with anger, but he still shouted sharply for the first time: "This proposal is now accepted by the emperor."

"Okay!" Wuyong laughed, happy and proud, he was about to rush out when he shook his figure, but a flower was in front of him, and a figure had already stopped in front of him.

"Gongsun Zhe, what do you mean?" Wu Yonghan said, and it was Gongsun Zhe who stopped him.

"What do you mean?" Gongsun Zhe smiled and said, "Didn't President Wuyong not allow me to intervene in the fight between the two sides before, so as not to bring disaster to my Tianlei City? Why now President Wuyong has changed your mind?"

"At this moment and then, there were no people from Tianleicheng who participated in it before. Now that Jia Li is in danger, it is my business for Tianleicheng. The old man's hands are just for my Tianleicheng's consideration." Hummed.

"Haha, President Wuyong is really just one mouthful, but I don't care about the others, but before President Wuyong stopped the old man, now I am afraid that the old man can't satisfy you." Gongsun Zhe said coldly. .

Although he didn't know what agreement had been secretly reached between Douwuhui and Dark Moon, he wanted to come, and it wouldn't be a friendly agreement with the Skyscanner, so he would naturally interfere.

What's more, Qin Chen's performance at the moment has already won his approval, and he must stand on the same line.

"you....."

Don't be annoyed, just want to shoot, how could Gongsun Zhe give him such a chance, boom boom, the two sides immediately fought against each other.

"hateful!"

Jia Li was furious and wanted to break free from Qin Chen's shackles, but was trapped by Qin Chen's spatial thunder domain and struggled hard.

"Dao Gaoming, Di Xiangming..."

Jia Li could only ask the two masters of Tianyi Danlou and Xingzhou Chamber of Commerce for help.

"Sorry, Brother Jia, this matter has nothing to do with me. I don't want to cause trouble to my upper body." Dao Gaoming and Zhai Xiangming both shook their heads. Not to mention Qin Chen's kindness to their disciples before, the fact that Jia Li and the Fighting Club joined forces also made them jealous.

Moreover, the two were also a little annoyed that Jia Li had joined forces with the ancestor of the Long Family, Long Batian. If you really let these big forces unite

Together, their power is in danger in Tianlei City.

Naturally, I wish Jia Li would fall.

Even the forces of Sky Thunder City were unwilling to do anything, and Chu Huahan from the Hidden Fog, Dan Emperor Pill Pavilion Jijing and others would naturally not intervene.

One more death of these people is good for them, not bad.

Seeing that Jia Li was about to be unable to hold on anymore, Chairman Wuyong had no choice but to ask for help like Shangguan Gufeng, but he was afraid of being seen by others, and did not dare to speak openly, so he could only casually glance at Shangguan Gufeng.

"Everyone, listen to what the old man said, now I don't know the situation in this hall, why fight and kill..." Shangguan Gufeng understood what Wuyong meant, and even sneered and interceded for Jia Li. Just before she could speak out, Qin Chen sneered: "Hehe, Misty Palace wants to intercede for Dark Moon, right? It stands to reason that Misty Palace and the Long Family are hostile to each other. Moon leads the intercession, is it the conscience of the misty palace

Find? Or is it that Misty Palace itself is secretly colluding with the Dark Moon and even the Fighting Club of Thunder City on this day! "

As soon as this remark came out, Shangguan Gufeng suddenly did not dare to speak.

Because the eyes of Emperor Jijing Dandi and others have already looked at her one after another, with a suspicious expression on their faces.

With the strength of the Misty Palace and the ruthlessness of Shangguan Gufeng, it is indeed weird to speak for a stranger, not to mention that the stranger who joined forces with this stranger attacked the Long's house in Misty Palace not long ago. There is nothing in it. Who believes the tricky?

For a while, everyone's eyes turned between Shangguan Gufeng and Wuyong and Jia Li, as if they wanted to guess something.

Shangguan Gu Feng's heart was immediately angry. She didn't expect her casual sentence to cause trouble to her upper body. She didn't know that Qin Chen knew about the collusion between Misty Palace and Douwuhui, so she spoke this way and scared her back. .

"Jia Li, I'm in vain, no one will help you." Qin Chen sneered at Jia Li who was completely wrapped in thunder.

"Shadow Storm!" Seeing that no one came to help, Jia Li roared, the blood in his body burned, and with a wave of his palm, the dark black blades all over the sky shot out. These dark blades, like the overwhelming ocean, are about to tear Qin Chen apart. Space minefield, beheaded

Qin Chen.

This is his desperate blow.

"Hmph! Space thunderstorm!" Qin Chen's expression remained unchanged, and the space thunder realm he was in instantly boiled, blocking Jia Li's attack. At the same time, in the center of his eyebrows, a pantheon nirvana melted into the thunderstorm and suddenly attacked.

[Chapter 2109: Magic temple](#)

"puff!"

The invisible soul rushed into Jia Li's mind.

"go with!"

Qin Chen seized the opportunity and slashed out with a violent sword.

boom!

The Banyue ancient sword glowed, and the crescent-shaped sword flew out, passing over Jia Li's body.

Puff!

Jia Li's head and left arm flew out, and blood spurted, leaving a shallow sword mark on the Qingyuan Emperor's armor.

One sword!

Jia Li fell.

This sword is exactly Qin Chen's strongest sword skill, the Thunder Sword Technique!

Wow!

The sky rained blood, Jia Li fell, and the endless blood rose suddenly. This scene was extremely terrifying.

A generation of assassinated kings fell.

Everyone stared at this scene in a daze, especially the group of masters in Tianlei City, all in shock and stunned.

As the assassin king of Leizhou, Jia Li is the entire Martial Domain Second Heaven in Leizhou. He is famous, and the people who hear it change color, but no one can imagine that he would die here like this, in an unknown person. Youth hands.

This dusty, terrible! This battle completely changed everyone's attitude towards Qin Chen. In the past, everyone cared about Qin Chen, except that there was a master servant who was able to fight the dragon and tyrannical around him, but now everyone clearly understands that Qin Chen's own strength is better than that. The one beside him

A servant in black, not weak at all.

This is simply abnormal.

"You actually killed Jia Li!" Wuyong stopped fighting with Gongsun Zhe, staring at Qin Chen coldly, and said in a cold voice.

"Why, do you want to fight this young man too?"

Qin Chen swept his eyes without fear, raised his hand, and put away Jia Li's storage ring and Qingyuan Emperor Armor. At the same time, the shadow blade was also taken by Qin Chen.

"This kid is more terrible than before."

Among the crowd, Red Flame Demon Lord and Mo Li fought with fear and dignified eyes. Qin Chen's strength was even more terrifying than when they met before. "The commander was killed... alas!" Lu Zian looked at Qin Chen incredulously. He was better than the commander, but was killed by the master in this way, which shocked him, and was worthless for the commander. , He has reminded the leader many times

, Many He Chen Shao is the enemy, but the commander just doesn't listen.

just now.....

He shook his head, and what he had in his heart was just fortunate. Fortunately, he had preferred to disobey the commander's orders before becoming an enemy of Chen Shao, and only then took his life back.

"Jia Li from Leicheng actually died like that this day."

The most shocked among the crowd was the Dragon and Tyrant, who couldn't help but feel cold in his heart, terrified and shocked.

"Kill it, kill it, and it will be your turn later."

Qin Chen said calmly, looking at Long Batian.

Wow!

The crowd was in an uproar.

Damn, this guy is unwilling to kill Jia Li, and he even wants to kill the ancestor of the Long Family Dragon Tyrant.

If Qin Chen said this sentence before, everyone would just treat it as a joke. But now, no one regards this as a joke, Qin Chen's demonstrated strength has already gained their approval, and everyone thought that once Qin Chen joins hands with the man in black next to him, he might really make the Long Family ancestor cripple. Even fall

it's here.

hiss!

Will they see changes in the continental structure?

"Boy, you killed Jia Li, but if you regard this seat as the dregs in the dark, you are probably too naive." Long Batian was very angry, and his dragon spirit rose.

When did his ancestor of the Long family be so despised?

"Try it and you'll know."

Qin Chen sneered, his figure shook, and he was about to shoot. Suddenly, buzzing, the whole hall trembles, a terrifying force spreads in this hall, and everyone instantly seems to have arrived in purgatory, and a terrifying breath is permeated in this hall. Come, some

Emperor Wu with a weaker cultivation base shivered under this breath, and his soul seemed to be frozen.

what happened?

Everyone stopped their shots, showing horror, even Fu Qiankun and Long Batian's fight also stopped, staring at the center of the hall.

It was the iron pillar in the center of the hall that exuded this terrible aura. When Jia Li died, his corpse exploded out of thin air, and the blood and vitality in his body were absorbed by the iron pillar, and the whole iron pillar suddenly lit up with a dazzling blood, the blood of a top-ranked Emperor Wudi, Finally let this iron pillar absorb

With enough blood, an abnormal change occurred.

Click!

Under the eyes of everyone, the iron column trembles constantly, and the dark rays of light linger around the iron column, trembling, and there are bursts of roar from the iron column, echoing in this hall.

A trace of Yin Qi diffused out of the iron pillar. The iron pillar had no holes. No one knew where these Yin Qi leaked out, as if it appeared out of thin air.

Pedal!

Originally, Lou Zimo, who had studied this iron column, hurriedly backed away, with a look of horror on his face. This black yin air even palpitated his heart, and his body seemed to be frozen.

Looking at it intently, I saw countless Yin Qi swirling around Tie Zhu, extremely gloomy, as if some terrible monster was about to run out of it.

Qiang Qiang, the sound of the chain rang, as if some mechanism had been touched.

"This iron pillar is hollow. Could there be anything in it?"

Someone screamed in shock, there was an awkward sound from the iron pillar, and the sound of a chain rang. It was so frightening that the chills were standing up.

"Hey! Why are there chains appearing on the walls of the surrounding temples?" Suddenly someone exclaimed, and everyone hurriedly looked at them. They saw on the surrounding walls. I don't know when a chain appeared on the walls. These chains continued to wander. , They are like alive black snakes, intertwined vertically and horizontally, forming a sky

The earth net is generally like, wrapping up the entire hall.

A bad feeling emerged in the hearts of everyone inexplicably.

Because everyone at this moment is in the middle of this hall, they are blocked by these chains to retreat.

In other words, there is no way for everyone to retreat. The passage when they came has been wrapped in layers of iron chains.

"Everyone, be careful."

Ji Jing Dandi gave a low voice, his complexion was solemn, and the instinct of a strong man made him feel the slightest bad.

He just finished speaking.

call out!

An iron chain abruptly attacked everyone, like a snake.

Many powerhouses had expected that they would dodge one after another, but not all of them can dodge, puff, a martial emperor couldn't dodge, and the iron chain immediately penetrated his body and was tightly entangled.

"what....."

In the severe pain, this Emperor Wu's face was distorted, he roared, and blood was vomiting in his mouth, but his body was desperately dry, as if he had lost all of his blood at once.

Everyone in Qin Chen was shocked.

These chains are killing people and devouring blood.

Before, it was passively swallowed, but now, it is actively killing and swallowing.

Is this really a palace?

Everyone sank and felt bad. They had never heard of this kind of murder in a palace.

This is clearly a magic temple.

Click, click, click!

The rustling sound of chains sounded, and countless chains appeared, raising their heads like poisonous snakes, staring at everyone, exuding cold light. Then, thousands of iron chains were sent out, piercing the void, and at the same time rushing to everyone!

[Chapter 2110: Hualong Jue](#)

Whoosh whoosh!

Countless iron chains burst out, like a poisonous snake, pounced on everyone on the court.

"Rewind!"

Emperor Jijing Dan yelled, and a group of people backed away. Qin Chen and Fu Qiankun didn't care about fighting Long Batian, and both contracted at the same time.

Puff puff.....

Blood was flying, these chains were too fast, Qin Chen and the others dodged in time, but there were still a large number of warriors who couldn't escape, and the screams were endless, and there were screams everywhere, like hell.

The hall that was originally just a weird one seemed to have come to **** on earth for a moment.

"Ah!" The screams resounded, and a famous strong man was pierced by these flexible iron chains. He screamed. The blood in his body was madly flowing. In a flash, he was dying, but he didn't die. There was only one last breath left, staring wide and full of blood

Silk's eyes looked at Qin Chen and the others, her mouth closed and she was crying for help in pain.

This scene was too tragic. In an instant, hundreds of warriors were pierced by chains, suspended in the middle of the hall, with stiff limbs and shriveled bodies, staring painfully at Qin Chen's group of people, and the light of desire bloomed in their eyes.

"Kill...Kill me..."

Many Emperor Wu hissed, sounding like gnats, unable to bear the pain, and begging others to kill him.

Those who can become Emperor Wu, who are not firm, are almost all steel wills, but after being penetrated by this iron chain, they are completely defiant, begging to die in pain.

"Lou Zimo, what happened?" Pill Emperor Pill Mirror exclaimed in anger.

"You ask me, why do you know?" Lou Zimo's face was pale.

"What now?"

Everyone stared at the iron chain waving all over the sky in front of them, looking frightened.

What kind of palace is this, it is basically a palace of death.

"Do we have other choices now?" Qin Chen snorted coldly, and glanced at the passageway where everyone had come before.

In?

There is no way forward, how to move forward.

Retreat?

The escape route has been blocked, is there any escape route for everyone?

"Huh, then break these chains. I don't believe it, just a few chains, it can make me wait."

Long Batian drank coldly. As soon as his voice fell, a very thick iron chain entangled him like lightning.

"Get out!" Long Batian roared, swinging his fists, and banging on the iron chain, with a bang, flashing a terrible impact, but it was useless. The iron chain was flashing with strange runes. When Tyrant punches up, it will form a light film to block it

It's overbearing.

It was as if these chains had autonomous consciousness. It was a pinnacle Martial Emperor who was urging a True Yuan attack, which could completely withstand Long Batian's attack.

Moreover, a few more iron chains swept over, seeming to be attracted by the essence of Long Batian's body, and surrounded him in danger.

"I don't believe it, just a few small chains, break it for me."

The dragon overlord exploded, and the dragon spirit on his body rose, roaring, in his body, a real dragon phantom swept out, and the right chest suddenly agitated, and you can see that there is actually a heart there!

This heart moved the majestic true dragon essence and blood, making his combat power soar in an instant.

This is his unique knowledge of transforming dragons, which he didn't use when fighting Fu Qiankun before.

Long Batian seemed to have really become a real dragon, his body was like a wild beast, his dragon aura exploded, his power was fully aroused, and it was terrifying. There was a crisp sound, the light film on the iron chain shattered, and it was blasted to pieces by the dragon batian. However, more iron chains were entangled like spirit snakes, trapping the dragon bastardly. Heaven, Dragon Batian is imprisoned in countless chains, trapped

The beast is still fighting.

"It's the ancestor of the Long Family. You actually hid your strength just now." Fu Qiankun's eyes were solemn, "If I don't expose my full strength, with my current physical condition, it may not be able to bring him down."

Qin Chen frowned, and Long Batian did not break out of the siege for a long time. This is not good news, and he said solemnly, "This is troublesome."

"It's really troublesome."

Qiang Qiang, a few more chains flew up, entwining a person, the master of Tianyi Danlou, one of the six giants of Tianlei City.

Although he is one of the six giants of Sky Thunder City, his strength has reached the top level of Emperor Wudi, but in terms of strength, he is at most the level of the master Xu Shaotian who was destroyed by Qin Chen.

Now that even Long Batian, who has burst out of true dragon blood, is trapped, how can he get out?

Dao Gaoming roared, and an ancient mirror appeared above his head. A red beam of light continued to bloom on the ancient mirror. At the same time, endless purple flames emerged from his body. These flames turned into a purple fire dragon, burning these iron chains frantically.

Chi Chi Chi Chi!

The light film on the iron chain made a scoffing sound, and it was actually being burned.

"The fire force has a miraculous effect on it."

Everyone is excited.

However, the flames released by Dao Gaoming could only force the chains around him to be unable to approach, but they could not break out of the circle of chains at all.

The hearts of everyone sank. Dao Gaoming is the host of the Heavenly Pill Tower, the 9th-order Alchemy Master. The flames he displayed are extraordinary products. I am afraid that only the Taishang Elder Jijing Dandi in the entire field can compare with one of them, but now even The flames that Dao Gaoming displayed are all

Unable to suppress the iron chain, other people besides Emperor Pill Pill, I am afraid it will be even more impossible.

Immediately afterwards, a famous martial emperor faced the attack of iron chains one after another. Some of the high cultivation bases could still evade, but the low cultivation bases were penetrated instantly, and the number was too much, and everyone had no time to help.

"Ah!" Feng Kangan was also entangled by an iron chain. In his anger, he hurriedly displayed a bright flame. The bright ground fire formed a defensive barrier around his body. As expected, the chain could hardly penetrate Feng Kangan. Through, but still tied him up

, The iron chain is radiant, and the bright flames are constantly clashing and colliding with each other.

"Kid Qin Chen, even Feng Kangan's ground fire can block that iron chain, and your flame may be more effective." Fu Qiankun said immediately.

"Look first." Qin Chen didn't rush to make a move. Now that the iron chain hasn't found him, he doesn't need to be in the limelight so early.

Shangguan Gufeng hadn't moved yet, Qin Chen didn't believe that Misty Palace was not ready at all.

Before Misty Palace reveals his hole cards, he will not rush to make a move.

Although these chains are powerful, they are not invincible. At least Dragon Batian, Dao Gaoming, Feng Kangan and others are still fighting fiercely with the chains, trying to get out of trouble, but they are not completely in despair.

What made Qin Chen delighted was that just after his thoughts fell, a few iron chains found Shangguan Gufeng.

Whoosh whoosh! It seems that he knows the terrible Shangguan ancient style. There are six iron chains sweeping the Shangguan ancient style at the same time, turning it into a net of heaven and earth, and instantly wrapping the ancient style of Shangguan.
