### Chapter 211

"Want to teleport away in front of me, good brother, do you think too much?"

Qin Feng sketched a sneer, looked at Qin Chen playfully, his contempt was not concealed in his eyes.

Today's Qin Chen, in the battle with Nian Wuji, has long been scarred and extremely poisoned, and has become a waste person.

"Qin Feng, what do you want to do?" Qin Chen shouted angrily, with a trace of panic in his eyes, looking sternly.

"What do I want to do? What do you say?"

Walking forward slowly, Qin Feng looked at Qin Chen with a sneer, Qin Chen was too funny, he was still asking what he wanted to do at this time?

"You hurt my second brother and put my father and mother into a situation of injustice. If I don't kill you today, how can I explain to your mother?"

Qin Feng smiled, even when he said he was going to kill Qin Chen, he was still very elegant.

He is high above, like a star in the sky, and Qin Chen is like a stone on the ground, with the meaning of looking down.

"It was Zhao Feng who asked you to kill me?"

"Hehe, why do you need my mother's advice? In my eyes, you are just a jumping clown. Killing you is just casual, effortless."

Qin Feng stood in front of Qin Chen with a smile at the corner of his mouth: "Don't worry, I will let you go fast without any pain. Moreover, your mother will follow you on the road soon. Let your wife have a companion on Huangquan Road."

"My mother is your aunt, you dare to treat her like this?!" Qin Chen said in a cold voice, his eyes shot angrily.

"Hehe, aunt? In my opinion, she is just a \*\*\*\* who has defiled my Qin family."

"Okay, no need to say more, good brother, let me be my brother and send you on the road."

With a cold gaze, Qin Feng smiled at the corner of his mouth, came to Qin Chen, and slammed it down.

"Qin Feng, you heard that I..."

Qin Chen was frightened and hurriedly swung his sword to resist, but the long sword in his hand was light and light, with almost no power.

"Haha, don't resist. With your current state, any warrior can easily kill you."

With a sneer, Qin Feng's palm had already come to Qin Chen.

"Is it?!"

Qin Chen suddenly raised his head, the panic in his eyes had long since disappeared, but what was revealed was a faint drama of abuse, with a smile on his mouth.

wrong?

Qin Feng was shocked and felt bad subconsciously.

At this time, Qin Chen could still laugh, and there was no panic on his face, a strong sense of crisis suddenly rose in his heart.

call out!

His thoughts hadn't fallen yet, and from the long sword in Qin Chen's hand, a horrible sword glow suddenly burst out. The sword glow suddenly rose to nearly ten feet long and cut straight to his throat.

The sword light contained a terrifying sword intent, and before the attack arrived, his entire body was erected, and his whole body seemed to be pierced.

"not good."

In the crisis, Qin Feng hurriedly backed away, and at the same time his palms turned into shadows, trying to intercept Qin Chen's attack.

But it was too late.

With a puff, Qin Chen's long sword is as fast as lightning, penetrating the shadow of his palm, and directly piercing Qin Feng's chest.

Qin Feng hurriedly turned back, avoiding Jian Ying, but Qin Chen turned his backhand, and the long sword whirled in the void with a chuckle, cutting Qin Feng's right hand down.

"what!"

Amid the screaming screams, Qin Feng backed away abruptly, clutching his arm, and blood spattered from the place where he was broken.

He looked at Qin Chen in horror, with unquenchable shock and anger in his eyes.

How come, how come?

He couldn't imagine that Qin Chen, who was dying and almost fallen, would suddenly burst out with such terrifying power.

"Didn't you have been poisoned just now, why?"

"Hehe, how come there is no poisoning?"

Holding the long sword, the panic and tension on Qin Chen's face was completely gone, and some were just calm and playful.

"Do you think the Poison of Nian Wuji can poison me? Wuxiang Soul Poison, haha, the name is not bad, but unfortunately, the poison is too bad."

Qin Chen sneered.

That Phaseless Soul Poison is indeed very strong, and it is impossible to resist it even if it is a martial artist of the Xuan rank.

But who is Qin Chen? The ninth-rank emperor-level pharmacist in the previous life, this phaseless soul poison did cause some trouble to him at first, but it was quickly removed by him, and the rest was just pretending.

"But, you fought with Nian Wuji before, obviously..."

Qin Feng didn't understand, if Qin Chen was not poisoned, why would he pretend to be in front of Nian Wuji? Did he already know he exists before?

"Hehe, if I don't do this, how can I make you come out unsuspectingly?"

"Don't you know I'm hiding here before?"

Qin Feng's eyes widened, his expression horrified.

No... impossible!

He claimed that he had hidden well just now, and he might not be able to find himself when he changed to a martial artist of the Xuan rank. How could Qin Chen, a territorial martial artist, know he was here?

"Otherwise what do you think?"

Qin Chen smiled: "You were already here when we were fighting Nian Wuji. You have plenty of patience. When this time comes, I thought you would be impatient."

"impossible....."

Qin Feng was shocked, his expression unbelievable.

How could Qin Chen spot him at that time?

However, he carefully recalled that if Qin Chen had discovered him not that time, there would be no need to act in the future.

"Hmph, Qin Chen, do you think you can kill me if you hurt me? Today, it will be you who died between the two of us."

Qin Feng gritted his teeth and glared at Qin Chen, there was no fear in his eyes, and some were just monstrous murderous intent.

He hated, hated himself for being careless, and actually caught Qin Chen's deception.

Qin Chen smiled leisurely: "At this time, you still have such thoughts. If I were you, I would definitely not be so optimistic."

Qin Feng grinned: "Optimistic? I'm Qin Feng, in the battlefield, what scenes have I never seen? And I am the first genius of the Great Qi Kingdom, a mid-day martial artist, and a late-level martial artist in your

area, even if it breaks my arm. , Can you be my opponent? Today I will let you see what the strength of my hands was when I was on the stage of life and death!"

When the voice fell, Qin Feng's momentum changed drastically. A \*\*\*\* rainbow suddenly appeared in his body. Three blood lights moved back and forth on his body, and even a faintly fourth blood light appeared, which obviously represented that the blood in his body had moved towards the fourth. The direction of the product is advancing.

boom!

The terrifying breath shook the entire mountain forest continuously and clashed.

But Qin Chen didn't have the slightest panic on his face, instead he smiled, as if this Qin Feng was like a clown.

"When your death is approaching, you still laughed out?" Qin Feng yelled.

Qin Chen smiled leisurely: "Why can't I laugh? You think that I talk so much nonsense with you and treat your injuries. You can run your true energy again to see if it is a little different?"

"what?"

Qin Feng's heart sank, and suddenly he realized that there seemed to be a strange force in his body that was spreading to his body along with the movement of his true energy.

Chapter 212

Then he discovered that the true Qi in his body was a little bit of constant use, and some couldn't be lifted.

He was shocked in his heart, but his face was silent, and his infuriating spirit ran wildly, trying to expel the strange power.

But it's useless.

This weird power is very weird. When he was blocked by his mid-level zhenqi, it was not affected by the slightest influence and continued to spread upward.

At this moment, Qin Feng's true qi was already a little bit empty, and the sea of qi was empty, as if the true qi had been evacuated by something, and he couldn't even lift the slightest.

But in fact, his qi sea is still full of real qi, all this is just an illusion.

Under this situation, Qin Feng was already shocked in cold sweat, but his face was pretending to be calm, staring at Qin Chen fiercely, hoarsely said: "Qin Chen, your methods are too despicable? You even poisoned? But, you Do you think this little poison can poison me? It's ridiculous."

He was calm and calm, showing that he was not poisoned, and various methods kept passing through his mind, but he rejected them one by one.

He also saw Qin Chen's battle with Nian Wuji before.

I have to say that my brother Chen is no longer what he was when he was a child. He has an extraordinary cultivation base. Even Cao Heng from the Great Wei Kingdom and Nian Wuji from the Guixian School died in his hands.

Even in the previous situation, he could still figure out himself.

If you are in a heyday, maybe you don't care, but now your body is poisoned, you are immediately in distress.

"Hehe, still pretending to be in front of me, now this power should be reaching your Tanzhong acupoint? Well, at this rate of spread, it will reach your mind in about ten more breaths, when the time comes, The true energy in your body will not be lifted at all, my good brother, you say, what should I do with you?" Qin Chen seemed to smile.

"you....."

Qin Feng's face changed drastically.

He hadn't deceived Qin Chen, but he was expecting it. After all, Qin Chen was not an idiot, but he knew exactly where the poison gas had spread to his body. This kind of observation power far exceeded Qin. Imagination of the wind.

Qin Feng's face was earthy, his previous arrogance was swept away, "Qin Chen, if you have something to discuss, between you and me, you don't have to fight so you die and you die."

Qin Chen smiled slightly: "Oh? Give me a reason not to kill you."

"I....."

Qin Feng's first thought was to say that everyone was a genius of the Great Qi State. If Qin Chen killed him, it would be to help the Great Wei State and the Guixian faction. Master Xiao Zhan knew that he would definitely not let him go. .

However, after another thought, he had already started to attack Qin Chen before, and this kind of reason was not convincing at all.

You have to kill others first, but now that the killing is impossible, you are in a crisis, and you say that everyone belongs to the same country, so how is it possible that others will not kill you?

"Qin Chen, what do you want, just speak, as long as I have it, I will definitely not refuse. You and I are brothers after all, you killed me, not to mention your mother, if you let Grandpa know, you will definitely not be merciful, It's better than we shake hands and make peace, after all, between you and me, we have not reached the point where life and death meet, right?"

He sighed, and said in a low voice: "And you have to know that although Daqi State values our Qin family very much now, it is only because of grandfather's profound meritorious service and sitting on the frontier. In fact, in recent years, because of his high merits The monarch of Qi is already very dissatisfied with our Qin family."

"The reason why my father drove you out was actually to protect you. At the same time, he also wanted the monarch of the Kingdom of Qi to think that our Qin family is splitting. In fact, whether it is my father or mother, I care about you in my heart and admit you. The children of the Qin family."

I have to say that Qin Feng is very good at creating an atmosphere, and when speaking, it is also very moving.

He moved with affection, understood with reason, and expelled the plain thing from the mansion, actually saying that he was protecting Qin Chen.

The ability to reverse black and white is breathtaking.

"What you say like this seems to make sense?" Qin Chen seemed to smile.

"It's more than justified." Seeing Qin Chen shake, Qin Feng was overjoyed. He hurriedly hit the iron while it was hot, and sighed slightly: "Ah, to blame or to blame my mother, her face is cold and warm, although she wants to protect your wife, but the way Some times have passed, which led to some misunderstandings between you and your aunt. As a son, I told her a few times, and now she also knows what her problem is."

"Hehe, you don't have to say so much, in fact, it's not impossible to let you go." Qin Chen said.

Qin Feng was overjoyed, his eyes burst with hopeful light, as if the drowning man grabbed the life-saving straw, and said excitedly: "Qin Chen, I know you still care about brotherhood, let's talk, how can you let go of being a brother? No matter what you ask, I can promise you."

"Really?" Qin Chen smiled lightly.

"Of course, because brother made a mistake just now, he will definitely pay for his mistake." Qin Feng looked firm.

"My request is..." Qin Chen paused, Qin Feng immediately held his breath and listened carefully, but saw a cloud of brilliant light burst out of Qin Chen's eyes, and a sword pierced Qin Feng's throat.

"You die, as long as you die, I will naturally let you go."

In the burst of shouts, Qin Chen was in the shape of electricity and madly killed Qin Feng.

He sneered at the corner of his mouth and his eyes were cold.

Let yourself let him go, what kind of joke, do you really treat yourself as a three-year-old child?

I said this with him before, just waiting for the toxins in his body to erupt completely, and there is no power to resist.

"Qin Chen, you..."

Qin Feng was shocked, his face was horrified, it seemed that Qin Chen was so despicable that he had been fooling himself.

Seeing that Qin Chen's sharp sword was about to pierce his throat.

Abruptly--

"Hahaha, Qin Chen, do you think you can really kill me?"

Qin Feng suddenly grinned, the panic on his face disappeared, his eyes became cold and calm, and his right hand suddenly lifted.

call!

A scarlet talisman flew out of his hand.

This talisman was red all over, and as soon as it appeared in the void, an astonishing force burst out of it, covering Qin Chen all at once.

"What, is a true talisman, you still hide this hand?"

Qin Chen's face was shocked.

True Talisman is a kind of treasure condensed by the strong using True Qi and special formation structure, and even the power of blood. Once it is displayed, it can release huge energy in an instant, which can be called infinite.

True talisman is also divided into ranks, like treasures, from one to nine. The higher the rank, the greater the power.

Now, as soon as this true talisman displayed by Qin Feng appeared, a strong sense of crisis rose in Qin Chen's heart. This was definitely a true talisman above Tier 4.

In the crisis, Qin Chen hurriedly wanted to retire.

"Hahaha, can you hide? My true talisman, even a fourth-order Xuan-level martial artist, is difficult to avoid. It is your honor to die under my true talisman."

The hideous Qin Feng suddenly shouted.

Chapter 213

boom!

In an instant, endless flames erupted. Where Qin Chen stood, the Fulu suddenly exploded, turning into endless flames, swallowing Qin Chen violently.

Crackling!

An astonishing flame swept through everything, that piece of rock melted, turned into molten flame, and the trees burned to ashes and disappeared.

The power of this flame is too strong and can sweep everything. It is no wonder that if a martial artist of the Xuan rank comes, he will also fall. It is indeed so powerful.

"Hahaha, if you want to kill me, you are worthy of killing me? You are just a sordid bastard."

Qin Feng laughed, and the feeling of coming to life from a desperate situation made him extremely happy, and at the same time, his face was gloomy.

Just killing Qin Chen, he broke his arm in a careless manner. Such setbacks were unprecedented.

Fortunately, Qin Chen was dead, so that was enough.

"Really? My good brother, you are so cruel, you almost burned me to death."

An indifferent smile came, resounding in Qin Feng's ears, and a sharp sword light flashed and pierced Qin Feng.

"what?"

Qin Feng was shocked, turned his head hurriedly, and saw a figure flashing across the mountains and forests not far away. It was Qin Chen who was holding a long sword. He did not know when he had come behind him and stabbed with a sword.

"How could...you..."

Qin Feng's eyes widened and he was shocked, the ecstasy on his face stagnated, as if petrified.

what happened?

Hasn't Qin Chen been killed by the flame true talisman just now? How could you not die?

But at this moment, he could no longer consider so much, Om, in his right hand, another true talisman appeared and threw it violently.

"Retreat!"

Without waiting for the true talisman to explode, Qin Chen quickly retreated, his figure from rushing to retreating, very comfortable, as if he had expected this scene long ago.

boom!

The terrifying true symbol burst open again, and that piece of rock was immediately blackened.

"This kid is too cunning."

After failing to attack again, Qin Feng was about to vomit blood in depression.

He had already seen that Qin Chen's two attacks were both temptations, and he had been prepared long ago, otherwise it would never be possible to avoid Fu Lu's attack in a hurry.

Especially for the first time, Qin Chen's offensive figure was simply afterimage. Even if he didn't throw Talisman, Qin Chen wouldn't really attack him, everything was attacking him.

A strong sense of frustration rose from Qin Feng's heart, almost crying.

From the beginning of the battle, Qin Chen had always had the upper hand, whether it was designed to lure him out, or he was shocked to use the talisman, he was well prepared, and everything was under his control.

On the contrary, it was himself who had been teased over and over again. For the first time in so many years, Qin Feng had tasted such a strong defeat.

"dead!"

When the two true amulets were displayed, the dangerous aura that had been lingering in Qin Chen's mind finally disappeared, and Qin Chen's figure flickered and went straight to Qin Feng.

This time, he was finally no longer a temptation, and the horrible sword light swept across the sky like a series of exercises.

Simultaneously!

Shoo!

Three black streams of light had already lurked under Qin Feng's feet at some point, and suddenly exploded and shot at him.

"Damn it, Qin Chen, I won't let you go."

With a roar, Qin Feng hurriedly took out a talisman again and crushed it with a hum.

An invisible spatial fluctuation enveloped him. This spatial fluctuation was very strong, more than ten times stronger than the transmission of the jade card. In an instant, it enveloped Qin Feng, causing his figure to slowly disappear. In the void.

Qin Chen didn't expect that at this time, Qin Feng still had a space talisman. Knowing that he was too late, he fully urged one of the three flying knives.

call out!

The flying knife, as fast as lightning, snorted, passed through Qin Feng's lower body, and in the splash of blood, Qin Feng screamed, being transported away by the power of that space, and disappeared completely.

"Unfortunately, there is still no time."

Converging the three flying knives, Qin Chen regretted slightly.

At the last moment, although the flying knife he spurred wounded Qin Feng's lower body, it only wounded and failed to kill him.

"It all made him escape."

Qin Chen cut off Qin Feng's right arm at the beginning, just to make him lose his storage ring, and could not be transported away by the jade card. However, he did not expect that there were still a few powerful talismans on Qin Feng's body. Storage ring.

If he hadn't had a dangerous intuition in his mind, thinking that Qin Feng had been poisoned and had lost his combat effectiveness, and hadtily stepped forward, perhaps he would have been blasted into ashes by that true talisman.

"The previous True Talisman, once displayed, was extremely powerful, and the way to activate it did not need to go through True Qi. This seems to be the only way of ancient True Talisman. It seems that Qin Feng must have had some adventure before, otherwise It is impossible to have such treasures."

Qin Chen thought.

In comparison, Nian Wuji, who is also a mid-level genius, is too weak. Although he also has many treasures on his body, compared with Qin Feng, the gap is not small.

"However, now that Qin Feng has lost an arm and was seriously injured by me, the next time he encounters him, he can easily be killed without much preparation at all."

He smiled slightly. Although he could not kill Qin Feng this time, Qin Chen was quite relaxed.

After this battle, Qin Feng was no longer afraid.

Slightly converging his breath, Qin Chen patted the dust on his robe and began to clean the battlefield.

Cao Heng is dead, Nian Wuji is dead, Dawei State and the other warriors of the Guixian faction are also dead, only Qin Feng escapes.

Qin Chen collected all the storage rings of Qin Feng, Nian Wuji, Cao Heng and others, and then went to the Princess Zi Xun for the first time.

Now is not the time to count the treasures, it is best to find a safe place, and then slowly count the gains this time, not to mention Princess Zixun is still in a coma, and must be treated immediately.

"Um...ah..."

"No, in addition to Wuxiang Soul Poison, Zi Xun was previously poisoned by Cao Heng. Could it be that the mixing of these two toxins caused this situation?"

After turning his mind, Qin Chen immediately thought of a certain possibility.

Sure enough, looking down, Zi Xun was originally hit by Cao Heng, and her shoulders were blue and black, but now she was white, but slightly pink.

In this case, it is not that the toxins are eliminated, but the two toxins combine to become a brand new toxin.

#### Chapter 214

Now, this toxin has spread to Princess Zixun's body, making her mind hallucinated, and her body is hot and longing.

"Try to give her a detoxification pill first."

If anyone sees this scene at this moment, they will be dumbfounded and dumbfounded.

Princess Zi Xun, who is known as the first beauty among the four beauties of the Great Qi Kingdom, had a blind date with a man so skin-to-skin, this is simply a fantasy, a pie in the sky.

However, Qin Chen was raped and embarrassed. If the men of the Great Qi Kingdom knew about it, he would definitely want to get rid of him.

His grandma's, such a good opportunity, he was still pretending to die there, ah?

In fact, Qin Chen was not pretending.

In this life, with too much hatred, Qin Chen didn't want to involve too many children's personal relationships at all.

What's more, Princess Zixun made such actions because she was poisoned. It wasn't the intention. Qin Chen couldn't do things like this because of human power.

"Swish swish!"

Not far from the bushes where Qin Chen was ambushing, several warriors, like electricity, came to the battlefield where they had fought before.

Seeing the scene on the field, everyone was shocked, and there was horror in their eyes.

Especially after seeing the bodies of Nian Wuji and Cao Heng, these people were even more shocked.

Who is Nian Wuji? The Young Sect Master of the Guixian Sect, this time the blood spirit pool baptism is the only three top geniuses who have broken through the middle of the heavenly rank.

And Cao Heng, with the same extraordinary status, is the third prince of the Great Wei State, one of the five strongest nations in the Northwest. It is said that he is very hopeful to become the next Great Wei Emperor.

But now, these two people actually died here.

This is undoubtedly an earthquake.

"Who is it, who killed them?"

"Qin Feng of the Great Qi Kingdom, or Ling Tianzong's You Qianxue?"

In their imagination, apart from these two people, everyone else has no such strength.

"This kind of thing is not something we can mix."

"go!"

Huh huh!

These people came and went quickly, and soon disappeared into the forest.

"It's very risky. If someone sees it, I simply jump into Tianhe and I can't explain it clearly."

Seeing Zi Xun's messy clothes and completely thrown on him, Qin Chen shook his head speechlessly.

Huh!

Quickly tapped on the opponent twice, a strong qi rushed into Zi Xun's acupuncture points, Zi Xun let out a snorted snoring, and her body fell soft.

"This poison is also terrible. If you don't faint her, I'm afraid she will be completely lost before I detoxify her."

Qin Chen picked up Zi Xun, walked out of the bush, and swept along the opposite direction of those who left.

The movement here just now is so big, it will definitely attract many people.

After about a quarter of an hour, Qin Chen ran all the way and finally found an extremely remote cave.

"This is it."

Qin Chen found some hay and spread it on the ground, and put Princess Zi Xun on it.

## Chapter 215

At this time, Zi Xun was hot all over, his clothes half untied, exposing large areas of white skin.

There was a sickly pink all over her body, and her body was constantly oozing fragrant sweat.

Moreover, her spirit fluctuated and was very messy, as if she had fallen into a special state.

"Look at this poison first, what is going on?"

He lifted Zi Xun up and Qin Chen sat cross-legged in front of her. The two faced each other with his hands on her shoulders.

Then, a powerful mental power spread into Zi Xun's body and began a little exploration.

I saw that there was a strange power in Zi Xun's body, which was instilled into her internal organs, and even in her true qi, it was also contaminated with this power.

Moreover, this weird power continued to spread and penetrated her mind and consciousness.

Once this weird power envelopes Zixun's mind, her consciousness will be completely confused, and even if the toxins can be removed by then, there will be sequelae.

"We must stop the invasion of this force first."

Qin Chen revolved the Nine Star God Emperor Art, a pure qi, slowly entered Zi Xun's body from his hands, and traveled along her meridians, spreading toward her mind.

At the same time, Qin Chen's mental power also opened the way a little bit to get rid of this toxin.

However, when Qin Chen's true qi entered Zi Xun's body, that toxin, like a shark that smelled blood, swarmed towards Qin Chen's true qi.

"Good infectious ability."

Qin Chen changed color.

This toxin not only entangled his true energy, but also tried to flow into his body along the meridians of his palm.

"Nine-star God Emperor Jue, Wan Zhen is one!"

Qin Chen drank in a low voice, turning the Nine Star God Emperor Jue to its extreme, the toxin kept approaching Qin Chen's true energy, but it couldn't penetrate it at all.

The Nine Star God Emperor Jue is the most terrifying technique Qin Chen has ever cultivated. The true energy it condenses is unprecedentedly pure, and Qin Chen even suspects that it comes from the legendary heaven.

Although Qin Chen's cultivation was only the peak of the late prefecture level, this toxin still could not break through Qin Chen's true energy defense.

but.

Although this toxin cannot spread into Qin Chen's body, it is also very difficult for Qin Chen to get rid of it from Zi Xun's body.

Zhen Qi has been running in Zi Xun's body for eighteen days, and it just set up a barrier in Zi Xun's mind to delay the invasion of toxins, but there is no way to get rid of it.

This toxin is very cunning. Every time Qin Chen uses True Qi to intercept and expel it, it will shift its position, making Qin Chen's efforts fall short.

"I can't go on like this. Although the purity of my true qi is extremely high, my cultivation base is too low, resulting in low strength. It is impossible to use the true qi to expel it."

For a long while.

Qin Chen released his hands and fell into thought.

At the very least, using the true qi to get rid of poison is no longer possible, so I can only think of other methods.

"Perhaps, I can detoxify by studying the pharmacology of this toxin and then formulating a pill."

Then, Qin Chen thought of another way.

However, this method also has some difficulties. The preparation of medicinal pills requires a variety of different materials. Even if you can analyze the pharmacology, you may not be able to find medicinal materials for detoxification in a short time.

"Hey, this poison is a combination of Wuxiang Soul Poison and Cao Heng's toxin. Maybe they have corresponding detoxification materials in their storage rings.

Thinking of a possibility, Qin Chen's eyes brightened.

In order to heal Zi Xuan's injuries, Qin Chen has not had time to check the previous trophies. Cao Heng and Nian Wuji's storage ring may contain detoxification materials.

Although the two toxins are mixed, the original detoxification material may not be effective, but Qin Chen can refine it into a brand new detoxification material.

In this way, a lot of effort can be saved.

As soon as he thought of it, Qin Chen quickly took out all the storage rings from Nian Wuji and the others, and looked at them one by one.

I have to say that Nian Wuji and the others, as the top geniuses of the major forces, have a lot of treasures on their bodies.

There are countless kinds of silver bills, and there are all kinds of medicinal materials and elixirs.

Roughly speaking, the value of the silver bill alone is no less than tens of millions.

"what!"

At the same time, Qin Chen also found dozens of transparent crystals, which exuded strong qi fluctuations.

"It's a real stone!" Qin Chen's eyes lit up.

Real stone is a kind of ore containing pure and pure qi, produced in mineral veins, and is an indispensable material for martial artists and bloodline masters for training.

"Looking at the concentration of zhenqi in it, it should be a low-grade real stone."

Real stone is divided into low-grade, medium-grade, top-grade and top-grade.

The worst real stone, the price is actually not high, in Tianwu Continent, it is about one hundred thousand silver coins.

In this storage ring, there are thirty or forty low-grade real stones, which are about three or four million silver coins.

Maybe not particularly amazing.

But the key point is that the five northwestern countries are remote and the true veins are very scarce, so the number of true stones is also very small. Generally, true stones are monopolized by top powers, and there is no market at all, and they cannot be bought. To.

"Real stone can be used for cultivation, but more importantly, it is an indispensable material for improving blood vessels, refining some special pills, or arranging array flags. With these real stones, I can refine some arrays. ,in case the emergency."

Putting away the real stone, Qin Chen continued to search in the storage ring and found many more treasures.

But to his regret, he did not find a detoxification medicine.

Frowning, Qin Chen took out Qin Feng's storage ring again.

Maybe there are rare materials in Qin Feng's storage ring.

I have to say that Qin Feng's storage ring is much more cherished than Nian Wuji and Cao Heng. It has a large number of treasures and silver notes, and even some Tier 4 elixir, which makes Qin Chen very happy.

What shocked Qin Chen even more was that in Qin Feng's storage ring, there were hundreds of low-grade real stones, and there were even three creamy white stones with a whole body of snow white, whose true energy concentration was significantly stronger than that of low-grade real stones.

"It turned out to be a middle-grade real stone!"

Qin Chen took a breath.

According to the truth, Qin Feng is always on the frontier, and the treasures on his body should be inferior to Nian Wuji, the young master of the Guixian Sect. How could there be so many treasures?

Although Qin Chen didn't understand the reason, it was conceivable that Qin Feng must be bleeding in heartache at this time, and it was even more uncomfortable than killing him.

Immediately afterwards, Qin Chen discovered some primitive objects, which were obviously not modern treasures, but from ancient times, exuding a desolate atmosphere.

"Hey, there are real symbols!"

Suddenly, Qin Chen's eyes lit up.

I saw a talisman that appeared in Qin Chen's hands, which was the true talisman that Qin Feng had used before.

On this talisman, there are countless obscure and complicated patterns, exuding a simple atmosphere, and I don't know how many years it has existed.

Chapter 216

"It's a complicated engraving technique of talisman."

Qin Chen's eyes sank.

Although this true talisman is not of high grade, the technique of engraving the talisman on it is very peculiar, giving him a dazzling feeling, and even some can't understand it.

It was definitely refined by an extremely terrifying true talisman master.

Fortunately, Qin Chen's attainments in true talisman are also extremely high, and he can distinguish some clues.

"This should be a real talisman for breaking the sky. It can make a warrior travel hundreds of miles in the void in an instant. It is a wonderful tool for escape and adventure."

"This is a Tier 4 Breath-holding Talisman, which allows the martial artist to conceal his breath. Even a martial artist at the pinnacle of the Profound Rank can never sense the location of the charmer."

Qin Chen distinguished one by one.

"Hey, this true charm..."

Suddenly, Qin Chen let out a surprise, and stared at one of the true charms.

hiss!

Then, couldn't help but take a breath.

This true talisman is red all over, with complex lines on it, and it contains extremely amazing energy. When it is touched, it feels like it is about to be swallowed.

This turned out to be a fifth-order true talisman, and it was also an attack type true talisman.

"A Tier 5 ancient true talisman, once it is cast, it will probably be difficult for even the Lingwu King Xiao Zhan to evade it. It will fall instantly."

Qin Chen was shocked, mysteriously puzzled.

Qin Feng has such a true talisman, why didn't he put it on him before? If he used this fifth-order true talisman before, even if he had been prepared, he would have to hate it on the spot.

There must be a reason.

Discerning with concentration, Qin Chen finally found out where the clues were. The true charms in his hands were different from the true charms Qin Feng had previously used. Each one had a secret restriction on it, and it had not been unblocked.

No wonder Qin Feng didn't put it on him.

He is not a true talisman, so he can only use some unsealed true talisman, and he can't do anything about these sealed true talisman.

"Let me take a look."

Looking at it intently, Qin Chen's eyes narrowed slightly.

The prohibitions on these few real amulets are very old. They are very simple at first glance, but they are not so simple when you look closely. They give people a hazy feeling in the fog.

"What a weird prohibition."

Qin Chen couldn't help being taken aback. With his cultivation as an accomplishment, he felt weird. This restriction is definitely not something ordinary people can set.

Frowning and observing carefully for a long time, Qin Chen finally found a trace of thought and removed all the restrictions on the two true charms.

A faint wave of fluctuations suddenly passed from the two true charms, primitive and profound.

Qin Chen couldn't help laughing.

Qin Feng couldn't get rid of the restriction on this true talisman, but in the end it made him cheaper and added another means of self-defense.

"But where did Qin Feng get these ancient true charms?"

Qin Chen was slightly curious.

"It should have found some ancient ruins."

Combined with other treasures, Qin Chen had a faint guess in his heart.

Immediately afterwards, Qin Chen found many other treasures from Qin Feng's storage ring, and even many ancient materials.

Qin Feng didn't understand these materials at all, and in the end they were all cheaper for Qin Chen.

"Hahaha, the harvest here is greater than everyone's harvest before."

Qin Chen was excited, and finally, when he checked to the end, he was suddenly attracted by a purple fruit.

This purple fruit is the size of a fist and exudes a misty purple breath.

"It turned out to be Zi Lan fruit!" Qin Chen couldn't help exclaiming.

Purple Lan Guo is a kind of magical fruit that can enhance the spiritual power of a warrior. Its rank is as high as Tier 4. At the same time, it can accommodate the mental power of the warrior's mind and has a great carrying effect. It can make the spiritual sea of the warrior more Tough.

Before in the blood spirit pool, Qin Chen's mental power had already been raised to the second-tier peak, and he was able to attack the third-tier long ago. The reason why he stayed at the second-tier peak was because the breakthrough was too fast, for fear that the spiritual sea was not strong enough to carry. Such a strong load will have an impact on future breakthroughs, and Qin Chen did not continue to improve.

After all, ordinary pharmacists can only follow their own martial arts to improve their spiritual power. Like Qin Chen's cultivation base is at the peak of the late pre-level stage, the spiritual power of ordinary pharmacists can only reach the second-tier peak. It is impossible to break through. .

"With this purple haze fruit, my mental power is enough to enter the third-order realm. By then, the analysis and control of toxins will be significantly improved, and it may be much easier to treat Zixun again."

Thinking of this, Qin Chen immediately stopped hesitating, and directly sat cross-legged, and at the same time swallowed the purple orchid fruit.

After Zi Lan Guo entered Qin Chen's body, it immediately turned into a purple warm current. After his limbs walked around in a circle, they finally gathered in his mind, forming an energetic force, warming his Mind.

The whole process continued a stick of incense.

Qin Chen's spiritual sea continued to grow strong under the warmth of the purple lan fruit, and its bearing strength became stronger. When the effect of the purple lan fruit completely disappeared, Qin Chen's spiritual sea was more intense than before. More than twice as strong.

After that, Qin Chen mobilized his second-order peak spiritual power, mobilized his spiritual power to practice the art, and began to attack.

I don't know how long it took.

Qin Chen only felt a bang in his mind, an invisible mental force impacted, and the surrounding scenes became clearer in an instant, and any fluctuation in the air was clearly presented in his perception. In, as if washed with water.

A glimmer of joy suddenly appeared on his face, and his mental power really broke through from the second-tier peak to the third-tier.

Regardless of this is just a small first-order improvement, from the second to the third, there is an obvious qualitative leap. Both the perception and analysis of things are much better than before.

It can be said that although Qin Chen's current martial artist level has not changed at all, his true strength has increased by at least one time. If Qin Chen's spiritual power had already broken through the third level when he fought Qin Feng before, then even it is Qin Feng who owns the true talisman and cannot escape his hands.

call!

When his mental power broke through the third level, Qin Chen's mind instantly became bright, and at the same time the true energy in his body also boiled, unexpectedly involuntarily attacking a higher level.

"this is....."

Qin Chen was overjoyed. This was obviously an active increase in True Qi after reaching a certain limit.

Before in the blood spirit pool, his cultivation level broke through to the later stage of the earth level, and he could completely attack the sky level.

But in order to lay a solid foundation, Qin Chen didn't break through rashly, but fell silent temporarily.

Now, after the consolidation of this period of time, as well as the breakthrough of his mental power, his zhenqi can not help but start a breakthrough.

Right now, Qin Chen no longer hesitated, and hurriedly closed his eyes again, focusing on practicing.

boom!

After half an hour, Qin Chen's sea of air suddenly expanded, forming a strong cyclone, and finally returned to calm.

A frightening breath rose from Qin Chen's body.

Chapter 217

Opening his eyes, a hint of surprise flashed in Qin Chen's eyes.

He didn't expect that it would be so natural to break through the heavens, as if it was a matter of course, without any obstacles.

As soon as it broke through the sky level, Zhen Qi reached an extremely powerful point.

"Nian Wuji is really right. His phaseless soul poison is not only harmless to the martial artist's cultivation base, but it can also improve the martial artist's cultivation base, making the true energy in the martial artist's body become pure."

Qin Chen couldn't laugh or cry.

Being able to break through so smoothly had something to do with the non-phase soul poison that Nian Wuji had planted on him.

boom!

At this moment, between the heaven and the earth, an astonishing qi from the heaven and the earth poured into Qin Chen's body, strengthening the zhen qi in his meridians.

Even the true energy of heaven and earth outside the cave was drawn by this force, forming an invisible vortex.

But not enough.

The speed of zhenqi absorption still can't keep up with the speed of zhenqi evolution.

"If this goes on, because of the scarcity of true qi, it will do some harm to the improvement of my true qi."

Frowning slightly, Qin Chen thought, took out the more than 100 low-grade real stones, and began to absorb them.

"Snapped!"

In just a few breaths, the zhenqi in the first low-grade real stone in Qin Chen's hand was absorbed and shattered.

Under normal circumstances, the amount of true energy contained in each piece of lower-grade true stone is equivalent to the entire amount of true energy in an earth-level late peak powerhouse.

Generally, the martial artist in the early days of the heavenly ranks, after absorbing a few low-grade real stones, is already surging in true energy, and some can't bear it.

However, what Qin Chen cultivated was the legendary Nine Star God Emperor Art. He opened up an unprecedented twelve meridians in his body, and he needed true energy far beyond a normal heavenly martial artist.

Snapped! Snapped! Snapped!

He saw pieces of low-grade real stones constantly turning into powder in his hands, and in just one stick of incense, there were already 20 low-grade real stones that had been absorbed.

Moreover, the purity of the true energy in Qin Chen's meridians has not reached its limit.

Thirty!

Forty!

Fifty!

Sixty!

After absorbing sixty-four pieces, the zhenqi in Qin Chen's meridians finally felt full and no longer needed to be absorbed.

If you let other warriors see this scene, they will definitely burst their eyes.

Sixty-four low-grade true stones, even a martial artist in the late stage of the sky, may not be able to absorb so many at once.

call!

Taking a long breath, Qin Chen finally opened his eyes.

His face was calm, and his body seemed to contain infinite power.

At the same time, with the help of more than 60 low-grade real stones, his cultivation level has been directly promoted to the peak of the early days of the heavenly rank.

"about there."

Standing up, Qin Chen came to Zi Xun.

Putting his hands on Zi Xun's chest, Qin Chen urged his true energy into Zi Xun's body.

After breaking through the sky level, the true qi attribute of the Nine Star God Emperor Jue has already been qualitatively improved. The true qi that was still at a loss for the toxin before now is like a tiger descending from the mountain, quickly forcing the toxin in Zi Xun to the same a place.

That toxin power wanted to try to escape, but it was useless. Under the interception of Qin Chen's third-order mental power, the strange toxin power was forced out of Zi Xun's body a little bit.

Her skin and complexion gradually became normal, and her original whiteness was restored.

And the zhenqi in her body unexpectedly improved, and under the nourishment of the toxin and Qin Chen's zhenqi, she stepped into the mid-level realm in one fell swoop.

"Wow!"

After about a stick of incense, Zi Xun spit out a mouthful of black blood.

"This is..."

Zixun slowly regained consciousness, and immediately saw that his clothes were messy, exposing large areas of white skin.

What made her feel even more embarrassed was that Qin Chen's hands were pressing against her chest.

Feeling the heat from Qin Chen's palm, Zi Xun's face suddenly changed.

"Don't get me wrong, you just got Nian Wuji's Wuxiang Soul Poison. I am detoxifying you."

Some things must be explained clearly.

Zi Xun's face grew more bashful and angry.

boom!

A powerful qi burst out of her body, and Qin Chen flew out.

After that, she put her hands on her chest to prevent the spring light from leaking, and her eyes stared at Qin Chen bitterly, which meant she could not explain clearly.

"Really don't get me wrong, I am indeed detoxifying you. After you were poisoned just now, I was very active. If I want to behave against you, your clothes can't be so complete."

"you....."

Zi Xun was ashamed and her voice trembled.

In fact, she knows everything that happened before, Nian Wuji's no-phase soul poison, which is very special. Although it makes her confused and infatuated, it is amazing that once she wakes up, she will remember the previous scene clearly and will not forget it. Half a minute.

Therefore, Zi Xun knew very well that he had torn the clothes on his own initiative.

But even though this is the case, there is no need to say it directly, right?

How will she see people in the future?

"This bastard."

Zixun couldn't help cursing secretly in her heart, very shameful and angry.

Especially when I thought of the scene where I voluntarily lay on Qin Chen and asked for it crazily, my blush was like a ripe apple, and I wanted to find a place to dive down.

Prejudice Zi Xun did not speak for a long time, Qin Chen thought that Zi Xun had not figured out the situation, and said speechlessly: "Actually, I have no interest in you at all. Think about it, you are three or four years older than me, so I will find a woman. , I won't find you either!"

"you....."

It's okay if Qin Chen didn't say anything, as soon as he said, Zi Xun was so angry that he would explode.

What does it mean to look for a woman, but not to look for her?

Is she that bad?

"Qin Chen, you're an asshole!"

Zi Xun was still a little grateful to Qin Chen in his heart, but now, he was so angry that he was almost crazy, and he couldn't wait to kill him alive.

"It seems to be the voice of sister Shixun."

"I heard it too. It is indeed Sister Zixun, is it Sister Zixun here?"

"I was really angry just now, was it by Sister Zixun?"

Suddenly, the sound of dialogue came from outside the cave, followed by the sound of breaking through the air, followed by it.

Then, a group of people appeared at the entrance of the cave.

The leader, gentle and elegant, is the fourth prince Zhao Wei, and beside him is the Lingshan princess in a strong robe. In addition, there are a few people behind them, one He looked wary and looked eagerly into the cave.

Zi Xun's face turned pale suddenly, her lips biting tightly.

If her appearance is seen by outsiders and spread out, how can she see others?

Suddenly, she saw Qin Chen walking towards him, covering her with her own robe to cover her delicate body.

Zi Xun was taken aback, and lowered her head slightly. At this moment, for some reason, an inexplicable touch suddenly surged in her heart.

"Sister Zixun, are you in it?"

It is daytime now, and the cave is dim, but as a warrior, with very good eyesight, Zhao Lingshan watched vigilantly while drinking loudly.

After they saw the scene inside, everyone was stunned, each with a strange expression, and his eyes were about to burst.

Chapter 218

Qin Chen and Zi Xun stood in the cave, looking at each other.

This is not the point. The point is that Zi Xun's hair is scattered at the moment, and her body is obviously a man's coat, and under the coat, her original clothes are damaged.

What exactly is going on?

At this moment, everyone was going crazy, their eyes were round, and their brains were completely insufficient.

Lonely man and widow, in a cave, and messy clothes.

This.....

Zhao Wei and the great Qi national martial artist behind Zhao Lingshan all covered their mouths, each one was dumbfounded.

If you add the words that Zi Xun had heard before scolding Qin Chen, instantly, all kinds of plots would make up for themselves.

"No way, does Qin Chen want to treat Princess Zi Xun?"

"Hi, this guy is too bold, right?"

"In broad daylight, even doing such things."

"This this this..."

Suddenly, the crowd was in an uproar, as if a pan had exploded and it was boiling.

"You guys, step back first."

Zhao Wei's face changed, and after turning his head, he couldn't help but yell.

This matter is related to the majesty of the royal family. If it spreads out, what style will it be?

It's just that the group of great Qi State martial artists hesitated and didn't want to leave.

This is the breaking news. Princess Zi Xun, the head of the four beauties of the Great Qi Kingdom, is in a cave with Qin Chen and is in an ambiguous form.

Who wants to miss this kind of hot stuff?

"You... don't go to martial law outside."

Zhao Wei's face sank and looked over.

An icy cold air dissipated in the mountains and forests.

This group of great Qi national warriors suddenly fell silent, their faces were embarrassed, and they retreated one after another.

Previously, if it weren't for the shelter of His Royal Highness the Four Princes, they wouldn't be able to live till now. Now that His Highness the Four Princes spoke, naturally no one would dare refute.

But when they left, their hearts were dripping blood.

As the first of the four great beauties of the Great Qi, Princess Zixun is the dream lover of almost all male warriors in the Great Qi. Now, this dream is broken and many people are heartbroken.

"Sixth Sister, what is going on? You guys..."

After everyone left, Zhao Wei, the fourth prince, hurriedly stepped into the cave, glanced at Zi Xun, and then looked at Qin Chen coldly, his expression uncertain.

Zhao Lingshan also followed, and there was inexplicable sadness in her eyes.

"Four prince, things are not what you think."

Seeing this scene, Qin Chen couldn't help being speechless, his head was almost big.

He didn't expect that the movement of his breakthrough would actually attract the Fourth Prince and the others. Now that they are well, they can't help but doubt them when they see the scene in the cave.

"I'm not asking you."

The fourth prince drank coldly, his eyes bursting with anger.

Although he admired Qin Chen very much and had a good impression of Qin Chen, he would never allow Qin Chen to humiliate his sister.

If you let him know what Qin Chen did to Zi Xun, he must be spared.

Thinking of this, a strong murderous intent rose from the fourth prince.

"His Royal Highness, things may not be what you think." Zhao Lingshan said suddenly.

She looked at Qin Chen with clear and transparent eyes.

In her heart, she believed that Qin Chen was definitely not such a person.

Zhao Wei was taken aback, calmed down, looked at Zi Xun, and said, "Sixth Sister, what is going on?"

Zi Xun was speechless, and said: "Four brother, what are you shouting, am I not good!"

She blushed and bit her lip. When Zhao Lingshan saw her, she felt a sense of shame in her heart, wishing to escape from here immediately.

"Then you are..."

"Just now, I was poisoned, and Qin Chen was detoxifying and healing me."

"Are you poisoned?" Zhao Wei was startled.

"That's right." Zi Xun nodded and said: "I met Bai Jing, Lu Feng, Huang Zhan and Qin Chen before, formed a team, and experienced in the first test. Who knows, I encountered Nian Wuji and Cao Heng. The ambush..."

"what?"

Before Zi Xun could speak, Zhao Wei's expression changed drastically, his eyes solemn, and he said in surprise: "Have you met Nian Wuji and Cao Heng?"

One of his hearts was raised quickly.

This time the first test of the Five Nations Grand Tournament, the Guixian faction and the Great Wei State attacked the warriors of their Great Qi State. Among them, Nian Wuji and Cao Heng have the highest cultivation level. Even Zhao Wei has been worried about encountering them. As for the two of them, now I heard that Zixuan and the others had encountered each other, how not surprised.

"Are you okay?" He hurriedly looked at Zi Kaoru, his expression nervous: "Are there others?"

"Listen to me first, is it okay?" Zi Xun was slightly angry.

"Okay, you say."

"After we met Nian Wuji and the others, we were in danger. Nian Wuji and the others set up a formation around us to prevent us from crushing and sending jade cards to escape..."

Hearing this, Zhao Wei's heart raised it again, just holding back his doubts and continuing to listen.

"Later, thanks to Qin Chen's action, he prevented the opponent's conspiracy, destroyed the formation they arranged, and killed Cao Heng and all of them. Bai Jing and Huang Zhan left by sending a jade card, and Lu Feng died on them. On my hand, I was poisoned. Qin Chen brought me here for healing and detoxification. Just after the detoxification was completed, you came in."

"What? Qin Chen killed Cao Heng and Nian Wuji? Are you telling the truth?"

After hearing all this, Zhao Wei was completely dumbfounded and looked at Qin Chen with shock.

And Zhao Lingshan, for some reason, breathed a sigh of relief in her heart.

"Of course it's true, Nian Wuji and their corpses are still there, you can visit them later." Zi Xun was speechless.

"This...it turned out to be like this."

After a long time, Zhao Weicai calmed down.

A little awkwardly glanced at Qin Chen, and then bowed deeply towards Qin Chen: "Qin Chen, I'm really sorry, I misunderstood you just now, I thought..."

Zhao Wei flushed and blamed.

"Okay, okay." Qin Chen couldn't laugh or cry, but fortunately the matter could be explained clearly.

"Sister Zixun, I still have clothes in my storage ring. Why don't you change them first." Zhao Lingshan smiled at this time.

"Great."

Zi Xun almost jumped up excitedly, then glared at Qin Chen and Zhao Wei, and shouted with shame, "You two, don't hurry out."

The two reacted and left the cave immediately.

Seeing Qin Chen and the fourth prince walking out together, the disciples of the Great Qi Kingdom guarding the mountains and forests outside the cave, he couldn't help being taken aback.

Isn't it what they thought it was?

As he was thinking, Zi Xun walked out of the cave and handed Qin Chen's robe over: "Qin Chen, thank you very much just now. If it weren't for you, I'm afraid..."

Because of shame and anger, Zi Xun also forgot about his situation. Looking back, she still has a trace of fear in her heart.

If it weren't for Qin Chen, then I am afraid that she would not be able to imagine her fate today.

Next, Qin Chen and Zi Xun brought everyone to the place where they were fighting before.

After seeing the mess all over the ground and the bodies of He Nian Wuji, everyone took a breath and looked at Qin Chen in awe.

Chapter 219

At the same time, everyone was ecstatic.

To be honest, in the first few days of the trial, they were most worried about encountering Cao Heng and Nian Wuji.

Now, seeing their bodies, everyone breathed a sigh of relief.

"It's really great. Cao Heng and Nian Wuji are dead. Our probability of passing the preliminary examination this time will be greatly improved."

"Yeah, the Great Wei State and the Guixian faction still want to attack our disciples in the Great Qi State. It's better now. I won't say anything about the damage to the soldiers, and they even took them in."

Everyone discussed each other, excited.

"Everyone, this matter is a secret of our Great Qi State. I hope you, don't disclose it. Once I find out that someone has leaked this secret, I'll stop blaming me, Zhao, and let him or even him. The family they belong to can't stay in the Great Qi State."

Suddenly, the fourth prince gave a low voice and stared at it.

Everyone was startled.

What does the fourth prince mean?

The death of Cao Heng and Nian Wuji was a great joy. It happened to make the Great Wei State and the Guixian faction want to cry without tears. Why did they hide it?

"Fourth brother, he was right. The only ones here are us. I, Zixun, has already remembered you. If you let me know, who will publicize this after the preliminary examination is over, then stop blaming me. You're welcome."

boom!

The terrifying aura in the middle of the heavenly stage diffused, and Zi Xun's eyes were cold and more serious.

"hiss!"

Under the pressure of Zi Xun, everyone was shocked and gasped.

At the same time, he woke up instantly.

The fourth prince and Princess Zixun, this is protecting Qin Chen.

It is true that killing Cao Heng and Nian Wuji was a great event for Da Qi, but for Qin Chen, the initiator, he couldn't say that.

Once the Guixian faction and the Great Wei Kingdom knew that it was Qin Chen who had killed them, in anger, they would probably kill Qin Chen by all means.

By then, no matter how high Qin Chen's cultivation is or how talented he is, under the pursuit of these two forces, even Master Xiao Zhan may not be able to protect him.

"His Royal Highness and Princess don't worry, we will be tight-lipped."

"Yes, Qin Chen is so prosperous for our Great Qi country. If we still betray him, wouldn't it be better than a pig and a dog?"

"Qin Chen, we will never talk about this matter."

Several great Qi geniuses all looked serious and swore one after another.

There are only a few people present. If there is any information leaked, as His Royal Highness the Four Princes, wanting to investigate, it would be simpler. Once the royal family of the Great Qi Kingdom is furious, I am afraid that they can really be just as the Four Princes said. Even their respective families can't stay in the great Qi country.

Aside, Qin Chen smiled, but he didn't care.

"By the way, how many blood crystals have you collected on your side?" At this time, the fourth prince said: "Several of us, we have got a total of one sky, five late, and thirteen mid-earth. There are more than 30 blood crystals from the early stage of the earth level, just a little bit, enough for a few of us to pass the assessment. If you don't have enough, we must hunt as soon as possible. After all, there is only more than one day left, and the initial test is about to end."

Princess Zixun sighed and said: "We have also obtained a lot of blood crystals just now, and there is also a sky-level blood crystal, which is enough for the two of us to pass the examination, but those blood crystals are in Bai Jing's place. Bai Jing has already teleported out, so..."

Zi Xun looked sad. After Bai Jing had collected the blood crystals of Ironback Wolf, before they had time to give them, he encountered Nian Wuji and their ambush, resulting in only a few blood crystals on her body.

"If so, we have to hurry up."

The fourth prince, Zhao Wei, had a solemn expression. If he failed the examination because of insufficient blood crystals, it would be too wrong.

Qin Chen suddenly said, "I think it shouldn't be used anymore."

Everyone immediately drove up.

However, Qin Chen's mental energy penetrated into the storage ring, and then shook slightly.

Wow!

The blood crystals of various appearances, as if it were raining, kept falling down and landed on the clearing, paved the ground.

"Everyone should pick up the blood crystals they need according to their own cultivation base."

"This....."

Everyone was dumbfounded, looking at the blood crystals under Qin Chen's feet, all of them were going crazy.

Is this too exaggerated?

The blood crystals at Qin Chen's feet included the early earth-level blood crystals the size of a thumb and the sky-level blood crystals the size of a fist.

In terms of attributes, they are also different. There are fire attributes, ice attributes, soil attributes, etc., and the colors are different, almost dazzling everyone's eyes.

"Qin Chen, you have so many blood crystals?"

The fourth prince was dumbfounded, looking at Qin Chen like a ghost.

He didn't slaughter a blood beast tribe, right?

"Have you forgotten them?" Qin Chen smiled and pointed at the corpses of Nian Wuji and others.

Before, he and Zixun died nine times, but the gains were also great.

Nearly a hundred blood crystals were found from Nian Wuji and the others.

I don't know how many people they slaughtered and how many testers they robbed.

Moreover, most of them are in the middle and late stages of the prefecture level. According to a martial artist, three post level blood crystals are required. Not to mention the people present, even if it doubles the number of blood crystals, it's totally enough.

Everyone was dumbfounded.

Stepped forward dazedly, one after another picked out the blood crystals they needed.

They selected some blood crystals from the early and middle stages of the prefecture level. After all, the higher the value of the blood crystals, the higher the value. If there are leftover blood crystals at that time, Qin Chen can bring them back to Great Qi and sell them.

You know, a heaven-level blood crystal is very valuable, at least worth tens of thousands of silver coins.

"Qin Chen, give you this heaven-level blood crystal of mine. You can give me some mid-stage or late-earth-level blood crystals."

The fourth prince Zhao Wei smiled bitterly, and gave the heaven-level blood crystal he had obtained to Qin Chen, and then picked a few low-level blood crystals.

Qin Chen was naturally happy that the higher the level of blood crystal, the stronger the improvement of the bloodline power of the warrior, and it would be more convenient to use it at that time.

Seeing Qin Chen put away a large number of remaining blood crystals, everyone was a little dizzy until now. This does not seem to be an easy task of collecting blood crystals. Is it so simple to complete?

"His Royal Highness, what shall we do next? Do we just wait until the assessment is over?"

Without the goal for a while, everyone was a little confused.

"Naturally it's not that easy. Now that Cao Heng and Nian Wuji are dead, Great Wei State and Guixian faction, there is no need for fearful people anymore. Since Great Wei State and Guixian faction, I don't want my geniuses of Great Qi State to enter the second round. , Then we can also use the other way to return the body, leaving the ghosts and the geniuses of the Great Wei Kingdom, and it is best to fail the test." The fourth prince said in a deep voice, his eyes cold.

"Yes, all the people from the Great Wei Kingdom and the Guixian faction will fail the assessment."

Princess Zixun also looked icy.

Chapter 220

Everyone's eyes lighted up.

Yes!

The Great Wei Kingdom and the Guixian faction, when the initial test began, had been in this place of initial test, attacking the warriors of their Great Qi Kingdom.

However, because of Nian Wuji and Cao Heng's deterrence, the warriors of the Great Qi Kingdom did not dare to resist at all. They all hid in Tibet and were cautious.

Even the fourth prince did not dare to be too rash, for fear of being surrounded by Nian Wuji and others.

Now that Nian Wuji and Cao Heng are dead, what else can they be afraid of?

Thinking of this, everyone is excited.

"Yes, this time, neither the Guixian faction nor the Great Wei State will pass the assessment."

"Anyway, I have torn my skin, so what are you afraid of."

"Yes, \*\*\*\* him."

Everyone said excitedly.

"Qin Chen, what do you mean?" Turning his head, the fourth prince looked at Qin Chen and listened to his opinions.

"I don't care." Qin Chen smiled leisurely: "But if you really want to do it, I also count as me. After all, the warriors of the Great Wei Kingdom and the Guixian Sect are all fat sheep."

In this life, he wants to rise up, and resources are indispensable.

These geniuses belong to the outstanding people in their respective forces, and they have a lot of treasures, which is a good opportunity to collect resources.

"Well, in that case, let's take action." The fourth prince looked at everyone and encouraged: "Here, Zhao Wei made a promise that anyone, as long as they repel or kill a disciple of the Great Wei Kingdom and the Guixian faction After returning to Daqi, my royal family will surely have a reward."

"Okay, then thank His Royal Highness the Fourth Prince."

"Hahaha, we are waiting for the reward from His Royal Highness the Four Princes."

"Hurry up, I can't control myself anymore."

Everyone laughed with excitement, and the excitement couldn't be added.

At this time, it was evening.

At the moment, everyone took advantage of this dim sky and rushed into the forest.

They are hundreds of meters apart from each other. Among them, Qin Chen, Zhao Wei, Zi Xun, and Zhao Lingshan, the four great heavenly powerhouses, have four separate corners.

A large net is formed and spread to the mountains and forests.

In an instant, the entire forest was alarmed.

Along the way, all the warriors of the major forces who encountered their group of people were all shocked and evaded one after another, watching Qin Chen and the others go away in shock.

Qin Chen and the others did not act randomly, but specifically targeted the disciples of the Great Wei Kingdom and the Guixian faction.

Set off a \*\*\*\* storm.

Once the Guixian faction and the disciples of the Great Wei Kingdom encounter, they will not be able to resist, and they will be besieged by the surrounding people, and they will not be able to resist.

At this time, outside of the first test.

The strong men of many forces are all very nervous.

Now, it is the fourth day of the assessment, and there is only more than one day before the end of the fifth day of assessment.

And at this time, it was also the cruelest period of the entire assessment.

At this point, many warriors who were hidden in the early stage and wanted to recharge their energy began to haunt and make aggressive shots in order to pass the assessment.

At this time of the year, there are almost the most casualties of warriors.

Therefore, the major forces did not dare to be careless, stationed in the teleportation area, and as soon as their own disciples appeared, they would promptly treat and heal their injuries.

The only ones who are relaxing are the Guixian School and the Great Wei State.

"Hahaha, Xiao Zhan, this time you have a great Qi country, and there are already more than 70 martial artists eliminated. Tsk tsk, it is twice as high as last year." Yu Chicheng laughed.

"Brother Yuchi, I remember that in the Great Qi Country last year, there were only 19 people who entered the arena. It seems that this year, it seems to be even more miserable." Ling Zhong of the Ghost Immortal School also smiled.

"No need to talk about it. At this time last year, there were only more than 30 players eliminated from the Great Qi State. This year, it is more than doubled." Yu Chicheng narrowed his eyes and said with a smile: "Last year, the warriors of the Great Qi Kingdom killed a total of 17 people. I don't know how many deaths will be made this year? It's worth watching."

"Haha, hahaha!"

The wanton laughter came from the direction of the Guixian faction and the Great Wei State, and it was especially clear above the open space.

"Huh." Xiao Zhan gritted his teeth and snorted coldly, but he didn't refute, but showed concern.

Compared with the previous one, the loss of this session is indeed greater. So far, the number of people eliminated has more than doubled compared with the previous one. Among the remaining people, not everyone can get enough Blood crystals, only a handful of people can enter the next round.

This is not the most critical thing. The key is that from what Bai Jing and the others said before, this time the Great Wei State and the Guixian faction had planned for a long time, not just wanting them to go to the next round of Qi. Even more, they want all the warriors of the Great Qi Kingdom to die in this place of initial trial.

This is what Xiao Zhan is most worried about.

Especially Bai Jing made it clear that Nian Wuji and Cao Heng surrounded Qin Chen and Princess Zi Xun, but until now, neither of them has been able to escape. If there is something wrong with Princess Zi Xun, how will he explain to her Majesty ?

Suddenly, Xiao Zhan was extremely worried. If there were no rules, he wanted to rush into the forest and rescue Qin Chen and the others.

"Don't make any accidents."

Xiao Zhan prayed that at this moment, there was only this he could do.

Hum!

At this time, the teleportation array lit up, and two martial artists, covered in blood, fell from it.

"Xiao Zhan, come and have a look, maybe you are the warrior of Great Qi Kingdom again." Yu Chicheng laughed before he could see the face of the eliminated person.

Xiao Zhan hurriedly looked up, and saw that the two men were extremely face-to-face, not his disciples from the Great Qi Kingdom.

"Hey, aren't these Zuo Tian and Wang Feng?"

Suddenly, General Gu Qing of the Great Wei State next to Yu Chicheng's expression changed, and he rushed up.

"What's the matter with you two?" Gu Qinglian asked, holding them up.

"General, it's big... big..."

Before they could finish their words, they passed out.

Gu Qing and Yu Chicheng's expressions changed, big? What's the big deal? Could it be the hands of the disciples of the five powerful nations?

"Yu Chicheng, hahaha, you don't know any disciples in your own country, how can you be the leader?" Xiao Zhan laughed when he saw him.

"Huh, Xiao Zhan, you should be proud of it, but you have eliminated two disciples. Compared with your Daqi State, my great Wei State has eliminated a few." Yu Chicheng sneered.

It's just that the sneer hasn't fallen yet, suddenly, another light shines, and a warrior teleports out again.

His whole body was dripping with blood, and half of his body was almost gone. Obviously he smashed the jade card just before he died.

"Xiao Zhan, quickly confirm whether you are a disciple of Daqi, I don't think it is wrong." Yu Chicheng didn't even look at it, and even laughed.

Before the laughter fell, I saw Gu Qing on the side with a look of amazement, and stammered and shouted: "Big...sir...this is Zhou Luo from our great Wei country."

what? Or a disciple of my great Wei state?

Yu Chicheng's smile stopped abruptly, his mouth opened as if he could fit an egg, and he was about to cry.

What the \*\*\*\* is going on here?

How come several big Wei disciples have been eliminated in succession, isn't it a ghost?
