[Chapter 2111: Master of the Demon Land](#)

"Boom!" There was a loud bang, those chains had just formed, only a loud bang, Shangguan Gufeng killed her, a bell hung above her head, buzzing, not ringing, making ripples, as long as the ripples touch To one, the chain seems to have lost its life

Like fate, it immediately fell from the sky.

Everyone sucked in air-conditioning.

This is so far, someone has resisted the chain's attack in a real sense.

It really deserves to be the Zong Shang of the Misty Palace, one of the strongest players on the field, Shangguan Gufeng is extremely strong, she actually killed out abruptly.

Of course, she also used the magical effect of the treasure.

"Yuan Shizhong!"

Qin Chen's eyes condensed. He couldn't understand this treasure any more. It was discovered by him in a certain ancient mystery in the previous life, and then it was given to Shangguan Xier, who knew it was taken by Shangguan Gufeng.

Qin Chen held his hands tightly, his heart burning with anger. But he was very sensible and didn't say anything. Instead, he was observing the strength of these chains. It can be seen that every chain has the power of the top giant Wudi, even close to the peak Wudi, and the six chains are equivalent to Six top giants Wudi

In the shot, Shangguan Gufeng can only rely on treasures to hold it abruptly.

Of course, Shangguan Gufeng's own strength is also terrifying. She waved her fists and entangled the rules, and the chaos around her body was filled, even the iron chain could not be trapped. However, the iron pillar in the center of the main hall made a sound of control, a crisp metal sound rang, and more iron chains shot towards Shangguan Gufeng, one, five, ten, and twenty. This was even Shangguan Gufeng couldn't hold it. , How many Emperor Wu is here

Together? "Ah----" Shangguan Gufeng roared, how about her cultivation level to reach the sky, there are too many iron chains, each of them is as powerful as a top-level giant Wudi, and the iron chain defense power has reached the peak Wudi level. Is beyond her limit

limit.

She was suppressed, and her range of activities shrank.

"My lord, I'll help you!" Heaven-swallowing Demon Lord screamed, and rushed up in an instant, Boom, he shot, and the black fist power swept away and blew on the iron chain, Qiang Qiang, suddenly one by one. The iron chain was blown out, Shangguan Gufeng got a chance to breathe, and

Jun joined together, and the two joined forces to resist these chains.

"What? This son is so strong?"

Emperor Jijing Dan and others looked at the man in black in the Misty Palace in shock. The iron chain here was extremely difficult even for the previous Dragon Batian to blast away, but the mysterious black man in the Misty Palace blasted away. Is this person stronger than Dragon Batian?

"really!"

Qin Chen and Fu Qiankun's eyes narrowed in an instant, and Li Mang burst out. They could see that when the Sky-Swallowing Demon Lord finally released the power of the alien demon race, it was just that these powers were wrapped inside, so that Emperor Jijing Dandi and others could not see it for a while, but it was different. The demons often deal with

He and Fu Qiankun could tell at a glance.

In this way, does the power of the alien demons have a special effect on these chains?

But Qin Chen didn't have much time to think about it. Clang, the iron pillar in the center of the hall made a violent roar, and immediately countless iron chains surged. This time, it was a full attack. Everyone was attacked. Inside.

Boom!

Everyone shot, wrapped Qin Chen, and faced at least six to ten iron chains face to face. Numerous chains waved like shocking tentacles, wrapping them towards everyone. It's too tragic, except for Wu Yinmen Chu Huahan, Dan Pavilion Jijing Dan Emperor, Qidian Lou Zimo, Chiyen Demon Lord, Mo Li, Phantom Sovereign, Fighting Wuhui Wuyong, Tianxunhui Gongsunzhe, Xingzhou Chamber of Commerce Zhai Xiangming Except for top players, most of the rest

The warriors are frequently in distress and panic.

It was also the first time that Qin Chen faced these iron chains. Banyue's ancient sword spurred him and slashed on it. Qiang, the sparks skyrocketed and the light film burst, but there were still more iron chains surrounding it, as if endless. In general, I am not tired at all.

How to fight this?

Human warriors fight against each other, there are always times when they get hurt, but these chains are endless, and they can't be killed no matter how you kill them. Isn't this waiting for death?

However, Qin Chen was not helpless. He urged the power of the foreign demon race's rules, secretly merged into the iron chain, and cut it out again, and suddenly found that the power of the iron chain seemed to be much smaller. It has a restraint effect.

No, it is not correct to say that restraint, but like neutralization, can make the attack power of the chain much smaller.

Sure enough, it has something to do with the alien demons.

Qin Chen immediately settled down. He did not rush to release the Qinglian Demon Fire, but fought against many chains, as if trapped in the chains, unable to escape.

In addition to Qin Chen, everyone else did the same, and they used their tricks one after another and could only resist by force.

For a while, everyone was trapped by the chain, unable to break free.

Suffering! At this time, the iron pillar in the center of the main hall kept making violent noises, and the blood on it was diffused, brighter and brighter, more and more dazzling, a trace of invisible spatial fluctuations were born around the iron pillar, the iron chain in the main hall More powerful and crazier mad.

"It was this iron pillar that was making a ghost, and everyone took action to destroy the iron pillar."

Jijing Dandi shouted angrily. As his voice fell, all the strong men who could free their hands shot, booming, all kinds of attacks fell on the iron pillar like streamers. At this moment, even idiots can see it, this hall The change in is completely due to

This iron pillar is produced.

Boom!

How powerful is the attack by so many top powerhouses, the whole hall suddenly rumbling, the iron pillar was filled with endless light, and a dazzling explosion broke out.

Rumble!

The hall seemed to be trembling, and the stern voice stopped suddenly.

Did you make it?

Qin Chen stared at him, suddenly his pupils shrank suddenly, and a terrifying force exploded from where the iron pillar was!

In an instant, dozens of extremely fierce energy lased!

"not good!"

That energy is so strong, as fast as lightning, and as horrible!

A light appeared in Qin Chen's pupils, he twisted the space abruptly, and his body folded in an extremely strange posture, avoiding a blow.

In addition, the faces of the people who shot also changed drastically, and they hurriedly displayed their magical powers and faced each other.

boom!

Many people snorted, and Zhai Xiangming of the Xingzhou Chamber of Commerce couldn't dodge under the siege of the iron chain. He was hit by the frontal vigor. He immediately spouted a mouthful of blood and was traumatized.

Qin Chen looked at him in amazement, and under the iron pillar smoke and dust, a dark figure slowly appeared on the iron pillar.

Qiang Qiang!

All the iron chains in the sky and the earth danced, as if cheering and welcoming the appearance of this person.

Some iron chains that did not attack were hovering around the iron pillar one after another, seeming to be very clever. Emperor Jijing Dan said in shock: "Master of the ancient magic land?"

[Chapter 2112: Die for me](#)

The person did not answer, and the black energy gradually dissipated. This was a human appearance, his whole body decayed, as if he had been covered in dust for hundreds of thousands of years, and finally saw the light of day.

Iron chains surround him, and these chains seem to follow his orders, constantly surging.

The dark shadow turned his eyes, cold and pitch black, like an endless abyss, with no end in sight, but its appearance was a bit sluggish. After feeling everyone present, he made a gloomy voice: "People... ..class?"

Its pronunciation is extremely substandard, as if it hadn't spoken for tens of thousands of years, and it was jerky.

Everyone's eyes condensed, their hearts sinking, and they said coldly: "Who is your Excellency, is it not a human? What is this place?"

The black shadow burst into black light from his eyes, swept over everyone, revealing a strange look, and answered the question: "Is there really no holy realm on this continent?"

Everyone who was struck by it just felt a shock in their bodies, as if they were completely seen through.

And his words shocked everyone even more.

The existence of this place has a long history. Could it be that the powerhouses of the ancient Tianwu Continent knew that there would be no holy realm on the mainland?

Pill Pill Emperor horrified: "What do you mean by your excellency? Have you seen...or you are...the Holy Realm powerhouse?!"

"Quack, holy realm?"

The black shadow made a harsh voice, "Sure enough, the human blood awakened this demon... It seems that the previous arrangement of this seat has finally succeeded, and has been trapped for tens of thousands of years. Is this the day when this seat is released? "

The black shadow ignored Emperor Pill Mirror and looked up at the dome of the main hall, as if to penetrate time and space.

what?

Everyone was shocked again. They thought that the person in front of them was the master of this magical land, but now it sounds like they were trapped here too. It has been fine for tens of thousands of years. Who is this person?

Reminiscent of the previous Demon Qi Formation is very similar to the Undead Heaven Formation, everyone's hearts are beating wildly, and there is actually a demon who survives in this ancient magic land.

"Hmph, no matter what the origin of this person is, he will be dying after being trapped here for tens of thousands of years, so many of us, what are we afraid of?" Feeling the fear in everyone's hearts, Emperor Ji Jing snorted coldly.

"Master Jijing is right. If it is a dead end, we are useless to worry, but if there is a chance to survive, from this person, I might be able to get the chance to break through the Holy Realm."

Someone responds, and his eyes are full of desire.

Breaking through the holy realm is undoubtedly the lifelong pursuit of all the strong.

For a while, everyone's hearts were filled with fanaticism.

"Could it be that this person is the ancient alien demons who broke into this place back then? But what does it mean to be trapped here? Could it be said that they were trapped here after they broke into this place, and who did it? "

Qin Chen frowned, thinking about it.

Everyone on the court was calm, and the atmosphere was unusually depressed. Although there were many people, it was quiet and terrifying.

Qin Chen broke the tranquility and deliberately said coldly, "Looking at your excellency, it doesn't seem to be a human being, is it an ancient alien?"

As soon as this statement came out, everyone was stunned, and they all looked at the ancient style of Shangguan, because of rumors, Misty Palace had cooperation with foreign races.

After the black shadow appeared for so long, it seemed that his thinking had become sharper, and he didn't answer, and said quietly: "So, did my race's invasion of Tianwu Continent fail again?"

The black shadow suddenly burst out of Sen Leng Devil Qi, whining mournfully.

Are you really an ancient alien?

Pill Emperor Ji Jing was taken aback, and said in amazement, "Since you are an ancient alien, why did you appear here? What is this place? Why are you trapped here?"

"You don't know anything, do you dare to break in here?" Sombra's expression became strange for a while. After thinking for a while, he said: "Since you know nothing, how did you get in? "

It looked at everyone and said: "It has been sealed for too long. Let me know what happened over the years."

It raised its hand and grabbed it in the air.

Suddenly a chain of iron chains rattled loudly, and quickly wrapped around Dandi Ji Jing, instantly capturing him.

Black Shadow grabbed it with five fingers, and the many black chains engulfed Pill Emperor Pill and flew towards it.

"stop!"

The face of Emperor Pill Pill changed drastically. From the dark shadow's cold expression and indifferent tone, it seemed that he wanted to search for the soul directly.

He shouted angrily, the golden flame on his body became more and more terrifying, the bright golden flame was burning like a scorching sun, bursting out an unprecedented terrible light, and his whole person was like a **** in the scorching sun, releasing his divine might.

Bang bang bang!

Many iron chains were scorched to the point of cracking, and the light film on them cracked. The iron chains were quickly blasted, and the golden flames exploded. The Polar Mirror Dandi rushed out of it, but he did not rush far out. The flame of the strip immediately.

"Flame, I hate flames the most."

The black shadow uttered a harsh roar: "Since you are unwilling to give, then all die to me!"

Hum!

A terrifying force swallowed from the iron chain, trying to swallow the blood of the crowd, smashed, and countless iron chains were twisted and turned into a net of heaven and earth, wrapping the crowd around them.

Everyone only felt that a terrifying force covered the whole body, and they all roared in pain, the blue veins on their foreheads violently.

"Huh, Thunderblood!"

Qin Chen shouted and snapped, thunder surging, blocking the swallowing of the iron chain.

But other people are not so lucky. The vast majority of Emperor Wu suddenly shrivelled, roaring in pain, and only the top few can stop the swallowing power.

"Hahaha, comfortable, really comfortable, so much blood is enough to get me out of trouble."

The black shadow roared and boomed with excitement, it exploded with divine power, and suddenly a terrifying power spread out. As soon as this power appeared, everyone suddenly felt as if they were being stared at by a god, their hearts beating wildly.

Under this coercion, everyone felt the endless insignificance, as if everyone was standing between the boundless world. In the sky, a pair of dark magic eyes looked down at them high, feeling it from the depths of their hearts. Endless fear.

too frightening!

This black shadow light is the aura that escapes, which is enough to make everyone fear, and there is no courage to resist.

How to fight this?

"Sacred realm powerhouses are definitely sacred realm powerhouses." At this moment, everyone had only one thought, because this vaguely released coercion was too terrible, and Emperor Jijing Dandi and others could be regarded as the top in the mainland. As a master, only a few people such as Dange Pavilion Master can be stronger than them,

But in this black shadow, they actually felt a power that was more terrifying than their pavilion master, as if the stars of the universe merged with this person. This feeling was terrible. Seeing astonishing pressure erupted from this black shadow, it was difficult for everyone to resist, and his heart was desperate.

[Chapter 2113: Alien Demon Lord](#)

Abruptly--

Buzzing!

The black shadow's body suddenly appeared one by one with pitch-black ancient characters, these ancient characters were rotating, suppressing the black shadow here, otherwise it would leave the iron pillar.

"what!"

Under these ancient characters, the black shadow roared in pain, and black smoke came out of his body.

Everyone realized that the black shadow was actually controlled around the iron pillar, sealed here, and it was impossible to leave.

"Not enough, not enough, the strength of this seat's recovery is far too low, it is enough to absorb these people, and this seat wants to swallow you all."

The black shadow roared, roared, struggling violently, hitting the black ancient characters, making a hideous roar, it danced its hands frantically, and suddenly countless iron chains flew, frantically devouring the power of blood in everyone's body.

"Everyone, if this continues, we will all die here. Why don't we join forces against the enemy?"

Pill Emperor Jijing said with anger, his mind came out of dizziness, madly suppressing the blood in his body and not being taken away, but he knew very well that he could not hold on for long. For the present, only everyone can join hands. , There is a chance of life.

"Lao Yuan, do you see anything?" Qin Chen said solemnly.

"This dark shadow is the Demon Lord of the Alien Demon Race!" Lao Yuan's voice trembled a little.

"What? Demon Lord?"

Qin Chen was shocked, how could this be possible? He thought that this demon shadow was at most a master of the alien demon race, and he couldn't think of the demon master.

However, Qin Chen's heart sank due to the coercion that Lenovo Sombra had exploded before. He had also seen a lot of ordinary high-ranking demon monarchs, and he was indeed much weaker than this dark shadow. "This person is indeed the Demon Lord of the Alien Demon Race, but the state is very strange, it seems to be drained of power." Lao Yuan affirmed: "It is regaining its strength by devouring your blood and life. , And restore strength, with

You people cannot be its opponents at all. "

"Understood." Qin Chen's heart sank, and he glanced at the Heaven-swallowing Demon Lord and Shangguan Gufeng. Although he didn't know what Shangguan Gufeng and the others were doing, Qin Chen couldn't wait any longer.

"Everyone, this person is an ancient demon race, no matter what his identity, it will do a lot of harm to my Tianwu Continent, and kill it while it is sealed. You must not let it continue to devour blood and get out of trouble here."

Qin Chen shouted sharply, and the half-yue ancient sword in his hand was magnificent, booming, and the sword aura soared, splitting the many iron chains that had originally entangled him.

"Huh? Your blood is very strong, die for me!"

Black Shadow's face was murderous, and he shouted angrily.

It raised its hand, banging, and several iron chains were tangled together in an instant, turning into an extremely thick iron chain and shooting towards Qin Chen.

The space was split in an instant, and a lingering meaning fell into the air!

Qin Chen's complexion darkened, and his eyes suddenly tightened. After the iron chain was wound, it was not only fierce and abnormal, but also with extremely strong destructive power, which was more than several times stronger than a single iron chain.

"drink!"

Qin Chen gave a burst of shout, cold light flashed around, the space rules urged, his body shook, leaving only the afterimage, disappearing in place.

"boom!"

That thick iron chain immediately penetrated the afterimage of Qin Chen's body, blasted to the rear, directly on the stone wall of the hall, leaving a trace!

Everyone took a breath, and their hearts shook.

In the battle with the iron chain just now, how many people displayed magical powers could hardly leave a trace in this hall. The random blow of this black shadow was so harsh!

"Go!" Seeing the black shadow, Emperor Pill Mirror suddenly realized that Qin Chen was deliberately angering the other party. The golden flames in his body broke out, and the iron chains all over his body

broke out. At the same time, the shadow flashed down and appeared in the hall. Above, an ancient fan appeared in his hand

.

The ancient fan slammed and blew, and the golden flames soared, like a golden fire dragon volleying down from the main hall.

But the shadow of the black shadow raised his eyeballs, raised his hand, and pointed, and suddenly black light flashed, and countless iron chains were twisted into one, and they rose out of the sky.

"laugh!"

This iron chain shot up directly, exploding the entire golden fire dragon, and even more pitch-black magic energy entangled up, actually corroding the golden flame, and the flame made a sneer.

"What the **** is this?"

Emperor Jijing was taken aback, and hurriedly retracted the golden flames, only to see the flames faintly beating, it was clear that a large amount of fire element power was consumed, and spots and black spots appeared on the ancient fan.

In horror, his figure hurriedly retreated, the ancient fan flashed and boomed, exploding the entangling devilish energy, and shouted: "Be careful of the devilish energy on its iron chain, it can corrupt the 9th-order emperor's soldiers. ."

This Dousililiuyun fan is an ancient emperor soldier, which can be used to control flames. It is extremely powerful. I don't want to be corroded so easily, and I feel heartache.

"Roar!"

A dragon chanted in the void, and a hand suddenly came out, the palm of the hand was like sharp claws, exuding a deep chill, and he grabbed and photographed the black shadow, his five fingers soared, the cover fell, and directly attacked the black in front of the iron pillar. Shadow ontology.

It was Long Batian, he broke out of the chains and launched a fierce attack on the shadow.

The black shadow raised his head, with cold light in his eyes, revealing some surprises, raised his hands, fists, and blasted over.

"Boom!"

An overbearing and violent force shook open, and the real dragon claws that Long Batian wielded instantly burst into pieces, and an astonishing roar resounded through the hall.

boom!

Long Batian couldn't bear this force, so he flew out, spouting a mouthful of blood, and a dark handprint appeared on his chest.

"What a pure breath, swallowing you, this seat can restore at least one percent of its strength."

The shadow said with a grinning smile.

"Hiss!" Everyone was horrified, everyone was shocked, and they all sucked in air-conditioning. Long Batian is the top master of the mainland, the top peak martial emperor, and this shadow said that after swallowing Long Batian, he can only recover one percent. Power, how much is it in its heyday

Strong?

What everyone didn't think deeply about was that Long Batian possessed a true dragon bloodline, so Heiying said that, not everyone is the same.

Long Batian was blasted into the air, and a figure flashed and appeared on the other side of the black shadow. It was Chu Huahan, the hidden gate of the mist, with a misty figure, and a dark green ancient staff appeared in his hand, and he swept it down.

"when!"

The black shadow's five fingers condensed, and lightly grasped the tip of the wand, shaking the wand body constantly rippling with dark green color, and the black magic energy surged from the palm of the black shadow, rushing to Chu Huahan above the wand in circles.

"Chichichichichi!"

The dark green rod shadow impacted Heiying's body, and the devilish energy on Heiying's body suddenly slammed, but it seemed unmoved, the dark green light undulating like a breeze. It was calm and motionless, and there was pitch black under its five fingers, but the black magic energy released was corroding the ancient staff.

[Chapter 2114: Ten Thousand Magic Lock Sky Formation](#)

"Not good!" Chu Huahan's face changed, and he tried to pull out the ancient rod, but found that the ancient rod was not moving. The black magical energy was coming to his palm. Chu Huahan was frightened and grabbed his left hand suddenly, as if from the void. Draw out an invisible vitality directly,

Bounced towards the dark shadow.

Boom!

The strength exploded like the sky and the ground. Chu Huahan flew out, with blood overflowing from the corner of his mouth, finally breaking free from the shackles of the black magic energy. The black spots on the ancient staff in his hand were shocking.

boom!

When Chu Huahan flew out, the black shadow showed a hideous color on his face, and between his hands, countless iron chains pierced through the air and rushed towards Chu Huahan.

Puff puff! The iron chain went through the air, and the speed was too fast. It came to Chu Huahan in an instant. Dangdang, Chu Huahan retaliated quickly, but he could only withstand seven or eight of the chains. The remaining chains were evasive. Not in a hurry, I'm about to be hit right now, but

With a sound, a mighty sword light struck, slashing the iron chains out.

Chu Huahan got a breathing opportunity, took a deep breath, swallowed a few pills, and hurriedly urged the dark green old staff in his hand to make himself invincible.

Turning his head, he found that Qin Chen helped.

Chu Huahan was taken aback, then nodded and said: "Thank you."

"You don't have to thank me, everyone is in the same camp now." Qin Chen said solemnly. Because he helped Chu Huahan, he was on his own side. Seeing that there were still many people who didn't seem to have done anything before, his eyes suddenly chilled: "Everyone. , What are you doing in a daze? Do you just die here? Or just say

, You guys still have ulterior motives at this time, or, you already know the identity of this shadow, and deliberately framed me and so on? "

Qin Chen shouted sharply, his eyes swept across the Red Flame Demon Lord and Shangguan Gufeng and others.

He could only force these people to do it, otherwise it would be difficult for them to hold the shadow.

Red Flame Demon Lord felt Qin Chen's stern gaze, and his heart jumped. Although he didn't want to be exposed, he also knew that if he didn't make a move, Qin Chen would expose his identity as an alien demon, and even killed him with his demon. come out.

boom!

The crimson flame swirled out in a storm, rushing through countless iron chains and blasting towards the dark shadow.

Mo Li was taken aback, and hurriedly said: "My lord, do we really make a move? Don't we save this strange demon master?"

"Don't you want to wait to be exposed? As for this strange demon master, huh, do you think it's our turn to help? The opening here is very strange, we wait for it to change." Chiyen Demon Lord blinked, with Enchanted Li shot strongly.

Not only Chiyen Demon Lord and Demon Li, but the others finally took action one after another, boom boom boom, they blasted the iron chains one by one, desperately.

Hum!

Dao Gaoming was full of flames, holding the ancient mirror in his left hand, and pulling out ten thousand points of light in the void with his right hand.

"what!"

The shadow roared, the eyes that had been invisible for tens of thousands of years suddenly hurt, and he turned his head quickly.

"Kuang Ran!"

The mirror vibrated, and the sharp and unusual light condensed at once, turned into a sword light and cut it down!

At this moment, the space behind the black shadow trembled, and Gongsun Zhe and Zhai Xiangming appeared at the same time, blasting towards the black shadow at the same time.

The black shadow completely ignored the attack behind him, and slammed into the mirror light under the roar!

"boom!"

The treasure mirror in Dao Gaoming's hand shattered in an instant, and the whole person was also impacted, and a qi and blood poured into his throat.

He wanted to retreat, but the iron chains rolled around like crazy, blocking his retreat. The shadow was furious and wanted to kill Dao Ming.

Dao Gaoming was fierce, but instead of retreating, he moved forward and rushed towards the shadow.

"boom!"

At this time, Gongsun Zhe and Zhai Xiangming of the Xingzhou Chamber of Commerce's attack fell. At the critical moment, Qiang Qiang appeared behind the black shadow with a large number of chains, stopping the attack.

However, the attacks of the Red Flame Demon Lord and Mo Li fell, and bang, the red black flame exploded on it, and countless runes burst out immediately.

"hateful!"

The shadow roared, and he didn't expect that he would be so embarrassed when attacked by so many people. Suddenly, it was startled, because it felt the attack from the Red Flame Demon Lord, which actually carried the aura of their alien demons.

Is there a similar among these human beings?

It was stunned, before it had time to speak, Fu Qiankun and Qiu Puchun also took action. The two of them controlled a large number of iron chains, and two attacks fell on the black shadow.

Boom!

The black shadow was stunned, but the black runes flickered on its body, and it was unscathed.

"You humble ants have angered this seat."

"The Ten Thousand Demon Lock Sky Formation!"

The black shadow roared, buzzing, countless dark magic energy swept out of his body, black magic energy surged, and the hall was full of iron chains piercing through, no longer aimless Attack, but evolve into a big array.

"No! Go back!"

Qin Chen's figure suddenly appeared in the air, and when the dark demon energy swept away, a sense of crisis appeared in his heart like never before.

Everyone didn't understand why Qin Chen was so excited, but without Qin Chen's reminder, they already felt unusual.

Gongsun Zhe and Zhai Xiangming retreated quickly at the same time.

And Red Flame Demon Lord and Mo Li retreated even earlier.

Dao Gaoming urged the flames in his body, holding an ancient mirror, constantly shining dazzling light, to destroy the black devil energy, because he clearly saw that most of the devil energy surging from the black shadow's body turned out to be rushing to him. of.

Moreover, countless iron chains between heaven and earth turned into a heavenly formation, blocking his front, back, left, and right.

"Everyone, help me."

Dao Gaoming suddenly became anxious and roared anxiously.

Someone on the side saw this, just ready to help.

"I come!"

I saw the Heaven-swallowing Demon Lord screamed and shook his figure. He slapped Dao Gaoming's iron chains with his palm, but when his palm fell, instead of blasting these chains away, he blocked Dao Gaoming's best. Escape location.

Puff puff!

The iron chains are like a meat grinder, wrapping Dao Ming.

"No!" Dao Gaoming was frightened and furiously resisted, but the black demon aura suddenly rushed in. He sneered. The true essence of Dao Gaoming's body was instantly corroded. He sneered, and a dozen chains penetrated. His body, he screamed, his body was naked

The visible speed dries up.

"Hahaha!"

A stream of essence and blood poured into Sombra's body, and the aura on Sombra's body became more and more terrifying, and the ancient characters that suppressed it were stretched by it. This alien demon finally made a move. Qin Chen's eyes were cold, and the spear pointed at the opponent, and said coldly: "Your Excellency, are you helping Dao Ming or harming him? It is rumored that Misty Palace has long been in collusion with the alien, and now it is revealed. The horse's feet are here. If Ben Shao is right, your lord is mysterious, I am afraid he is also a foreigner, dare to show his true colors?"

[Chapter 2115: Bastard](#)

what?

Everyone was shocked at this moment and looked at the Demon Lord in amazement.

At the same time, he was jealous of the ancient Shangguan on the side.

"What nonsense, sir?"

Shangguan Gufeng's expression sank, staring at Qin Chen, and shouted sharply. "Nonsense? I'm afraid this young master is not talking nonsense? On the dignified and misty palace, the cultivation base is against the sky, even I can free up to attack this dark shadow, but your Excellency Yuan Shizhong, such a treasure, can't make a move. Do you really think I'm an idiot?" Qin

Chen sneered.

As soon as this statement came out, Jijing Dandi and others' eyes narrowed.

This is really true. Although these chains are terrifying, if they try their best, it is not impossible to blow them away. This is also the reason why everyone can break free from the shackles of the chains and make successive shots at the shadows.

But Shangguan Gufeng and the man in black in the Misty Palace hadn't taken any action before. On the contrary, Dao Gaoming was trapped and he was about to rush out, but he was killed by the man in black here. Such a move is really too great. Strange. Shangguan Gu Feng's heart sank. Seeing everyone's suspicious eyes, she didn't expect that a small mistake before, caused people to doubt herself. She snorted and said: "Dao Gaoming is trapped, it is clear that his own strength is not good. My Misty Palace is also kindly rescued, but I have never rescued it. As for the fact that I have never taken any action before, it is because the old man has dealt with these chains with all his strength, so that you have the opportunity to take it away. Now it is a crisis. Do you still have to fight inwardly?"

? "

This made everyone's heart sink. Indeed, now is not the time for infighting, and there is not enough evidence, but they dare not conflict with Misty Palace.

"Really?" Qin Chen sneered, "Then let the young master look at this person's true face first."

"Presumptuous, sir, who deserves to see the face of my misty palace disciple?" Shangguan Gu Feng said grimly.

It is absolutely impossible for her to expose the Demon Lord.

"Furthermore, the man in black next to your Excellency is also extremely mysterious. Can the old man say that the man in black next to your Excellency is also very likely to be an alien?" Shangguan Gufeng sneered.

Qin Chen sneered, without comment, and said coldly: "If this is the case, then Lord Shangguan, can you fight this alien?"

"Why not?"

Shangguan Gufeng hummed coldly, hum, she urged Yuan Shizhong, and suddenly the time was overwhelming, and she blasted out at the shadow.

Under the eyes of everyone, she did not dare to converge, and a vast force came.

A huge bell-shaped phantom was pressed down, and under the phantom, there was even a misty light and shadow emerging.

The blow was so terrible, people couldn't help but horrified.

Shangguan Gufeng deserves to be Shangguan Gufeng, under such mighty power, even the pinnacle martial emperor will be wiped out!

As expected, the black shadow's expression sank, showing fear for the first time.

Wow!

The endless chains swept across the sky, and the magical array strangled everyone.

"Master Lou Zimo, arrange the formation as soon as possible to destroy this Ten Thousand Demon Lock Sky Formation. I will look for opportunities to deal with this dark shadow." Qin Chen shouted.

Lou Zimo frowned, Qin Chen was actually telling him to do something.

But although he was dissatisfied, he still set up the formation.

"Chairman Gongsun, Chairman Zhai, be careful not to be chairman." Qin Chen killed off while speaking to Gongsun Zhe and Zhai Xiangming.

After observation, he saw that these three were not in the gang of Shangguan Gufeng, so he secretly warned.

Gongsun Zhe and Zhai Xiangming were startled and glanced at Wuyong quietly. Although they didn't understand why Qin Chen wanted them to be careful not to be mediocre, they still had a sense of vigilance.

Everyone once again joined forces to target the shadows.

The black shadow felt the attack of Shangguan Gufeng and pinched the tactics with one hand. Suddenly, iron chains appeared in its hands, condensing into a spear.

A series of obscure and incomprehensible language spit out from its mouth, and the spear kept floating black runes, all condensed by magic energy.

The dark light film and black magic energy flashed on the spear, and the terrifying magic energy became stronger and stronger, as if breaking through the shackles of the rules of heaven and earth, rippling across the entire hall at once.

The shadow of the black shadow flashed, looking at the dark spear, showing joy, and laughing: "Haha, the demon...the power of the seat has finally recovered."

The quaint Yuanshi Bell was held up by the horror and demons, but it couldn't fall down!

Shangguan Gu Feng was shocked. Although she knew that the alien demon in front of her was the strong alien demon they were looking for, the strength of the opponent still shocked her.

She couldn't tell her sufferings, and she didn't want to take action against the alien demon. Who knew Qin Chen could see through the clues that she couldn't get up, and now she couldn't move forward, nor did she want to retreat.

Because Shangguan Gufeng could feel that as long as she slackened, this terrifying blow from the other party could seriously injure her, and she could only do her best now, otherwise she would definitely die.

"This bastard."

Shangguan Gufeng scolded the eighteenth generations of Qin Chen's ancestor in his heart, his entire face was distorted, and his forehead was densely covered with beads of sweat.

The power on the spear is still increasing, as if it is endless and unending.

Everyone has their hairs erected, feeling a boundless fear, and the tremendous pressure makes them breathless.

The figure of Emperor Pill of the Mirror flashed and suddenly appeared in the air, shouting: "Everyone shot him to death together!"

Without saying a word, his figure unfolded, and a golden flame emerged behind him, condensing into a vast grand picture.

He was already burning his blood.

Others also shot, booming, bursting out all their combat power one by one.

Qin Chen swept his eyes and saw that the Illusory Demon Sect Master was also taking action, and he didn't seem to be pretending, he was slightly relieved, he was discerning whether there were any spies from Misty Palace inside.

Qin Chen also condensed the power of thunder and lightning, the sword light flickered, turned into a sky-reaching giant sword, and pierced towards the dark shadow volley.

All kinds of martial arts tricks bloomed at once, like a hundred flowers blooming, rainstorm pear blossoms, the hall was turbulent, becoming trance, as if it could not bear the full force of so many masters.

That vast spear gas was also condensed, it seemed to be under great pressure, and it was shrinking.

Suddenly, a faint sound rang, and the black light burst through the sky.

"Sky Demon Halberd!"

Sombra's blow finally came out.

The sky suddenly exploded, as if infinite demonic energy came from the ancient times, and terrifying power came through time and space!

"Boom!"

The boundless power shook open, the hall trembled violently, countless iron chains shattered, and the force of the impact spread in all directions. Many warriors who were penetrated by the iron chains were broken into pieces and turned into powder, but no one had the ability to rescue them.

At this moment, the smoke was filled, and the many iron chains blocking the entrance of the passage were also exploded. Many figures rushed out. Under this blow, I do not know how many people were killed.

Those who are lucky enough to live are all ecstasy, where they dare to stay.

But the power of enchantment suddenly appeared outside the passage, and everyone was stopped at once.

"what?!"

Everyone was in horror, furiously attacking the passage, but to no avail.

"What's the matter? Who laid the barrier?!" Everyone was furious, with a look of fear.

[Chapter 2116: A group of ants](#)

"Hahaha, I want to go. When you get here, none of you want to leave."

The black shadow laughed loudly, as if he had expected this scene a long time ago, and at the same time looked excitedly at Qin Chen and a group of people. "Unexpectedly, this time there will be so many powerful humans coming here, as long as your blood and life are swallowed, this seat...Forget it, this demon master is the demon master, anyway, you also know Now, this demon master is of the alien demon

People, by then, the demon master will be able to unlock the seal, get out of the trap, and return to the Tianwu Continent. At that time, the Tianwu Continent without a holy realm will completely fall into the hands of my alien demons, quack. "

This shadow became more excited the more he thought about it, and the more excited he thought about it.

"Devil Lord, this person turned out to be the Demon Lord of another Demon Race!"

Emperor Jijing Dandi was shocked, and he couldn't help showing his shock after hearing it, and exclaimed in exclamation.

The Sect Master of Phantom Demon Sect also exploded with a cold light in his eyes, and his eyes bloomed with murderous intent.

And Lou Zimo and others also changed their colors. They are all top masters of the mainland's top forces. Naturally, they know what the alien demon master means. It is rumored that this is the top master of the alien races who invaded the Tianwu continent that year, and their status in the alien race is equivalent to that of the Dange Pavilion Master.

.

Moreover, the Demon Lord of the Alien Demon Race must be a strong Saint Realm.

At this moment, everyone was shocked, breathing in cold air, and trembled.

"It was the Demon Lord who entered this place back then?" The Red Flame Demon Lord narrowed his eyes. Although he had expected it, he couldn't stop being surprised when the other party actually said it.

According to the strict grade regulations of the alien demon race, when the upper demon king sees the demon lord character, it must kneel and surrender.

"My lord, this one turned out to be the demon master. If I wait to release it, then..."

Mo Li heard that Lord Red Flame Demon Lord had said too much that the Demon Lord was terrible, and the excitement in his heart was even stronger than that of Lord Red Flame Demon Lord. This is an absolute master of the Holy Realm. If he can follow this Lord Demon Lord, then he The future is absolutely bright.

"Shut up." Red Flame Demon snorted coldly, "First, figure out the situation. Have you forgotten what happened in the Guyu Realm?" The demon Lord is the demon Lord, but it depends on the situation. Back then, he didn't deal with the Demon Lord very much, and the Demon Lord who broke into this place back then is rumored to be the ancestor of the Demon Lord-the legendary Demon Lord, if the person in front of him is really the Demon Lord

Lord, let the other party escape, so it still has good fruit?

It's impossible for the alien demon race to eat the weak and the flesh, and in order to restore the cultivation base, it is impossible for the opponent to swallow it directly.

Let's watch the changes.

Among all the people, only the Heaven-Swallowing Demon Lord looked excited.

"Ancestor, an ancestor, definitely an ancestor, that's right, this breath..."

Heaven-swallowing Demon Lord couldn't describe his mood at the moment, he just looked anxiously at the ancient style of Shangguan, his eyes showed expectation.

The Misty Palace has said that this time I came here specifically to rescue its ancestors.

As long as the ancestors can live out, then its position in the alien demon race will directly rise below one person and above ten thousand people. At that time, even the ethereal palace must obey its orders.

"How to do?"

At this time, everyone was panicked, the passage behind them was blocked by the barrier, and there was an alien demon lord in front of them.

Some people furiously attacked the barrier behind them in anger, but it was completely useless. The power of this barrier has exceeded their cognition.

"It's over, is it really going to die here this time?"

Despair emerged in everyone's heart, and it took a while to calm down, and their faces were gloomy.

Emperor Jijing stared at Sombra coldly, and said coldly: "Your Excellency really thinks you can deal with so many people waiting for me?" Sombra chuckled and said, "No matter how many ants, they are nothing more than ants, and , The more you die, the more the demon master's strength will be restored, and you can't kill me at all, you can only watch as the demon master recovers a little bit.

Until you swallow all your blood and life, this feeling of fear really excites this demon master. "

"metamorphosis!"

Everyone's eyes were red, and they said angrily.

"Everyone, now I can only work together, the old man doesn't believe it, just relying on it being a foreign race that has been sealed for tens of thousands of years and lingering here, it can really solve so many of us!"

A group of golden flames hovered in front of Emperor Ji Jing Dan, and the golden flames burned with suffocating vigor, setting off his face like a god, with strong confidence.

"Yes, I am waiting for so many people, how can I be afraid that it is a foreign race?"

Lou Zimo and others also coldly snorted, and everyone regained their confidence.

"This seat has never killed a foreign race. I just killed one today." Long Batian also licked his tongue with a crazy face.

Although this person is arrogant and domineering, at this time, he is not at all ambiguous.

"Quack, isn't it, just a bunch of ants."

The black shadow waved and clanged, and countless iron chains danced in the void, and the iron chains were spinning rapidly, turning into a nebula to fly around it.

Numerous runes of magic energy suddenly emerged from the shadow of the shadow. Under the shadow of the rune, the chains were also entangled with the magic energy, like ghost chains, with a deep chill, just like appearing from purgatory.

Everyone's complexion changed slightly. It was this devilish energy that almost injured them severely before. This rune devilish energy seemed extremely fierce, and even their peak martial emperors were extremely difficult to resist.

"Quack, ants, have you all felt it? This is because the demon master has restored a little original magic power. With a little bit, you can all sink here and become the nourishment of the demon master."

The horrible corners of the black shadow's mouth raised slightly, and his entire face became even more hideous under the cover of green.

And what made everyone's heart cold, the iron chains all over the sky were all infected with this devilish energy, and it seemed to become extremely terrifying.

"Everyone is ready to obediently become the nourishment of the demon master?"

A grin broke out in the eyes of Black Shadow, crossed his hands in front of him, and slammed forward, shouting: "Go!"

"Qiangqiang!"

Suddenly the sound of countless iron chains rang, rushing towards dozens of people around, like a sickle in the dark, to harvest everyone's lives.

Ji Jing Dandi's face sank, and he shouted: "Feng!"

A vision emerged, the golden flames swept and opened, turning into a vast giant map and unfolding, a world of flames rolled over!

"Huhuhu!"

The dark iron chains all over the sky were all at once trapped, and they were all wrapped in the flame world.

"Hmph, naive. The flame is indeed the nemesis of my alien demon energy, but the original demon energy of this demon master can be restrained by your small flame of human race?!"

Black Shadow's eyes were full of sarcasm, and she said coldly.

"Bang!" The flames exploded in the sky, iron chains rushed out, and then the entire flame world cracked and collapsed.

[Chapter 2117: Flame suppression](#)

"Humph!"

Emperor Ji Jing snorted, a trace of blood overflowed from the corner of his mouth, and the exploded golden flame quickly returned to him to re-suspend, but it was extremely weak, as if he had suffered a severe injury.

His flame is extremely terrifying, but he can't stop the magic chain.

"No, hold it down, don't let these iron chains rush out!" Emperor Jijing Dan was furious, and he could feel that after the iron chain was contaminated with devilish energy, its power had increased by nearly twice. Trapped by these chains, even with their top-level cultivation base, it is difficult to escape. When the time comes, you can really only

Died here.

Everyone knew how powerful they were, and they used methods to try to trap these chains.

All kinds of formations and attacks are endless.

But it was useless, the power of the iron chain was too terrifying, and it continued to spread.

"Damn it, these devilish energy can corrupt the emperor's soldiers and swallow the true essence, how can it be sealed?!"

Chu Huahan swung his stick, but he slammed the chain back several feet, and Zhenyuan was unable to break the devilish energy on the chain, and he was shocked.

Lou Zimo's face was also blue, he kept putting down the formation blockade, but it was useless, these chains could easily penetrate his formation blockade, and it was a mess.

On the contrary, Fu Qiankun grabbed the two iron chains with both hands. On the palm of his hand, the light of blood gleamed, and he forcibly held the devilish energy corrosion on the iron chains. However, there were too many iron chains around. , Has no effect at all.

"I'll try it, you guys go back!" Qin Chen's eyes condensed, revealing an extremely heavy color. He didn't expect Shangguan Gufeng and the others to be so tolerant. He hasn't been exposed until now, so he can only do it himself, otherwise once everyone Occupied, it will be even more dangerous, you can only shoot yourself first,

Guan Gufeng and others were forced out.

Qin Chen's voice fell and he rushed forward.

"you?"

Everyone looked at Qin Chen in astonishment. These chains couldn't even resist them. What could Qin Chen do?

Under the gaze of everyone, a cluster of flames gushed out of Qin Chen, and the azure blue flame was like a scorching sun, floating in this hall, buzzing, the azure blue fire light suddenly swept away and rushed into the sky.

"Hoop!"

In an instant, the endless flames bloomed and filled the entire hall, the terrifying fire light swept away, and the coldness in the hall was instantly dissipated.

"What, what kind of flame is this?"

Everyone was shocked and looked over in amazement. Under the gaze of everyone, the magic energy on the iron chain, under the shining of the fire light, actually emitted a sneer and melted, emitting a stream of black smoke.

Suddenly, the power on the chain was greatly reduced.

"how is this possible."

The black shadow's eyeballs suddenly rounded, and looked at the flame above Qin Chen in anger. The azure blue lotus swayed, and even it felt a trace of fear, as if this flame could hurt its body.

How is this possible?

It is the demon master of the alien demon race. Even if it is sealed and has no cultivation base, it cannot be injured by the flames released by this little human.

But the facts made the shadow extremely frightened, and the black magic energy on the iron chain was rapidly dissipating.

The rest of the strong people present were all surprised and happy, and even turned into rays of light, dodge one after another, looking up at the Qinglian Demon Fire above the main hall in surprise.

"What a terrifying flame aura is actually stronger than my Jin Kuihuo. What kind of flame is this? Skyfire must be the legendary skyfire."

The mountain of horror on the face of Emperor Dan Di Jijing kept flashing. His Jinkui Fire was already one of the most famous flames in the mainland, but compared with the flames Qin Chen displayed at the moment, it was like a firefly and Haoyue is average, with two sensations.

Jin Kuihuo beside him, under the power of this flame, was also weak in absorption, and even waves of fear were heard, which caused him to set off a storm in his heart.

Everyone's faces flashed endlessly under the flame, but they were mostly surprises.

Lou Zimo took a deep breath, and said in amazement, "This fire might hurt me. If we can't restrain the demonic energy, everyone will be in danger."

Qiu Puchun clasped his hands on his chest, staring at the flames in the sky, silently, before spitting out for a long time: "The aura of this fire, I am afraid that it has surpassed the category of ninth order, it is most likely the legendary sky fire."

Everyone was shocked, they were all horrified, and they couldn't believe it!

A hint of greed flashed in Long Batian's eyes, and he lost his voice: "Beyond the ninth level, what are you kidding? Is it because the fire of the holy realm can't be achieved, and this kid can also control the fire of the holy realm?" Qiu Pu Chun said coldly: "The so-called surpassing the ninth level is not really possessing the power of the holy realm, but the level of this fire is extremely high. Once the legendary sky fire grows up, even the strong of the holy realm should be afraid of it. Points, but this dusty boy's blue

The color flame hasn't reached this level yet, but it is already very scary. As for what kind of flame it is, it is necessary to ask Pill Emperor Jijing, after all, he is an expert at playing with fire. "

Being stared at by everyone, Emperor Jijing Dandi showed a solemn face, and said solemnly: "This fire is definitely not any kind of earth fire that the old man knows, nor any kind of strange blood fire that is known. It is indeed very likely to be The legendary sky fire."

"hiss!"

Everyone looked at the flame with horror, and at the same time showed envy and jealousy. Many people's eyes flashed with extraordinary colors, and they seemed to be moved.

"Damn, this is the flame."

The Red Flame Demon Lord also stared at the Qinglian Demon Fire that Qin Chen displayed, with fear. He had seen Qin Chen's shots, and naturally knew that Qin Chen's flame was terrifying, and it was accompanied by the increase in Qin Chen's strength. It's getting scarier.

The breath that is blooming now, even the dignified Red Flame Demon Lord of the alien demon race, has some palpitations.

"I advise you, don't worry about it, everyone is trapped here now, if there is any accident, you may not want to leave here."

Fu Qiankun glanced at everyone's greedy eyes and said coldly.

Suddenly, like a basin of cold water, it poured on everyone's head.

"Hehe, your Excellency has been thinking too much, at this time, if anyone destroys little friend Chenqing, the old man can't afford to live with him first." Jijing Dandi snorted coldly and said coldly. Even if it is to **** the flames, it is not at this time. For this kind of flames, it will take a lot of energy to succeed in the sacrifice. If Qin Chen is really killed and captured, it will not be possible to complete the sacrifice in a short time. Everyone is over

.

Therefore, naturally no one will do it before they are completely sure.

"Everyone, what are you waiting for, don't you seal this alien?" Qin Chen shouted angrily at the group of people behind.

"Do it!"

In fact, without Qin Chen speaking, Emperor Jijing Dan and others had already moved, and Lou Zimo was the first to move.

Hum! With a big wave of his hand, a large array of discs has appeared in the void.

[Chapter 2118: Demon Road ban](#)

Lou Zimo had been trapped by iron chains before, so he didn't have much time to arrange the formation, but now Qin Chen has restrained most of the iron chains and immediately let him free his hands.

Buzzing buzzing...

The dense array suddenly formed a nine-day star formation, like stars in the sky, densely covered with stars, and fell down in an instant. He squeezed the formation with both hands, ten fingers flicked continuously, and the phantoms flickered, and the array discs on one side instantly lit up, and everyone seemed to be under a starry sky, with layers of starlight falling, enveloping the many iron chains in the hall. And the most central iron

Pillar and the dark shadow.

"Nine days have recorded the Nebula Array!"

Buzzing!

Countless starlights lit up, enveloping the entire hall, and collided with the Ten Thousand Demon Lock Sky Formation displayed by Sombra, bursting out dazzling starlight.

And under the suppression of Louzi Mo's Great Array, the devilish energy in the hall was actually being suppressed a little bit.

"Damn it!"

The black shadow was furious, it could feel its control over the world, and it lost about a tenth of it all at once. Although it was very weak, the lost part was growing a little bit.

This is a process of sailing against the current.

"Seven Seals from the True Dragon!"

Bang bang bang!

Long Batian also jumped out, quickly pointed his finger out, and suddenly a series of vertical and horizontal true dragon breaths pressed down and bound to the shadow.

"roll!"

The black shadow roared, bang, the real dragon breath exploded, and it was unable to cover it down.

Long Batian's face was pale, and he said coldly: "This person's aura is too strong, it is extremely difficult to seal him."

Gongsun Zhe and the others also took action one after another, and their faces were ugly. Just as Long Batian said, using their cultivation bases to seal this alien demons was simply impossible.

"let me do it."

At this time, a cold voice sounded, and Sect Master of Illusion Demon flew out.

"Xuanyin Talisman Formation!"

Her hands were slender and slender, her fingers flicked, and black nails appeared, and a vague yin air jumped at the fingertips, and she suddenly clicked!

"Boom boom..."

Suddenly, black lights fell, and every black light fell around the iron pillars, lighting up a dark rune and causing the black shadow to stagnate.

Then he put his hands together, and boundless Yin Qi burst out of his body, turning into a whirlwind and shooting out.

The entire hall changed color, and endless black energy surged, but it was not the same as the demon energy of the alien demon race, it was extremely enchanting.

"Who is this person!"

Everyone took a deep breath and looked at the Illusory Demon Sect Master in amazement. This Yin Qi was too strong, like Qin Chen's flames, standing nearby, their whole bodies could not help but chill, as if they were about to be blocked.

This is definitely a top player who is no weaker than them.

"Master of Magic Road, who is it?"

"There are many demon ways in the world. The top masters of the death demon sect, fantasy demon sect, and sky ghost sect are all cultivating demon dao. This person is the master of which of the three major demon sects?" "This person seems to be a woman, could it be Illusory Demon Sect? But the Illusory Demon Sect is not deep, it has only been established for two to three hundred years. Even the Deputy Sect Master of the Illusory Demon Sect is nothing more than a giant Wudi. This person is so terrifying, could it be that the Illusory Demon Sect is extremely mysterious metropolitan? "

"Sneaky, what is the intention?"

Everyone was horrified. If it were other times, they would have questioned the other party's intentions long ago, but at this time, no one questioned them. Instead, they hoped that her strength was as strong as possible.

"The magic way is banned!"

Concentrating his palms with both hands, he snapped a shot in the air.

The purpose of the Illusory Sovereign is very clear, not to hurt the enemy, but to delay to the utmost extent, and the hall trembles with both palms.

The void around Tie Zhu was instantly banned, the black shadow was trapped in the center, and the two men's devilish energy clashed with each other, erupting a terrible murderous intent.

Everyone opened their mouths wide, looking at the strange scene in front of them in horror, and they felt a little jealous of the Illusory Demon Sovereign.

Sect Master Phantom Demon exhaled, and said solemnly, "I use Xuan Yin Qi to calm it down. I don't know how long it can last."

Qiu Puchun said: "There should be no harm in this way, add a few more seals to the old."

With his **** together, a blood talisman suddenly appeared, and **** talisman imprints continuously appeared in it. With a flick, it turned into tens of thousands, all densely packed in the void around the iron pillar.

Suddenly, the power of the seal appeared, and the **** light around the void bloomed, and through the **** light, the dark shadow could be seen trapped in it, and his eyes were ferocious.

After everyone shot one after another, it seemed that the effect was extremely astonishing, and they wanted to seal the black shadow a little bit.

Everyone was pleasantly surprised. The only anger was Shangguan Gufeng and Heaven Swallowing Demon Lord, who thought that the demon was the main one to get out of trouble, but who would have thought it was suppressed a little bit.

It won't work like this.

Heaven-swallowing Demon Lord and Shangguan Gufeng looked at each other, a trace of cruelty flashed in their eyes.

"Wow!"

Heaven-swallowing Demon Lord shook his body and rushed straight to the front iron pillar.

"I will help you all."

Its gaze revolved with cold light, and a palm pressed down towards the large array arranged by Lou Zimo below.

Qin Chen's scalp exploded and his cold hair stood up, did the people of Misty Palace finally do it? Suddenly furiously said: "Stop him."

"boom!"

Without Qin Chen's instructions, Fu Qiankun had already stared at the other party and stopped him in an instant.

"Your Excellency, what are you doing?" Sky Swallowing Demon Lord roared.

"What are you doing?" Fu Qiankun's eyes were cold, "it should be me who asked this?"

"At this time, your Excellency is still guarding me, do you know what you are doing?" Heaven Swallowing Demon Lord shouted sharply, his voice savage.

When other people saw this scene, they were a little stunned, wondering why Qin Chen targeted the people in Misty Palace again.

Shouldn't this critical moment work together?

"Your Excellency has targeted my Misty Palace over and over again, do you really think I am a bully?!"

Shangguan Gufeng yelled, extremely furious, hum, she activated the Yuanshi Bell above her head and rushed towards Fu Qiankun.

"Shangguan Gufeng, calm down and have something to say." Jijing Dandi's face changed slightly, and he hurriedly stepped forward to stop him.

"If you have anything to say, leave me alone." Shangguan Gufeng ignored the obstruction of Emperor Pill Mirror at all, waved to block Emperor Pill Mirror, and the moment she waved, Qin Chen immediately shouted: "Ji Jing Dandi, be careful."

Hum!

But it was too late for his reminder. The moment Shangguan Gufeng waved his hand, the Yuan Shizhong above his head suddenly shone brightly, and a mighty predominant force swept away, and went straight to the Emperor Pill Mirror.

Where did she want the Emperor Pill Mirror to retreat, it was clear that she was a killer to Emperor Pill Mirror and wanted him to be killed here.

This scene stunned everyone, showing anger one by one.

On the Yuanshi Clock, the chaotic energy bloomed, and instantly came to the front of Emperor Jijing Dan, the speed was too fast, it was impossible to avoid it.

Ji Jing Dandi looked frightened and hissed: "Shangguan Gufeng, you..."

boom!

Before he finished speaking, Yuan Shizhong had already suppressed him.

"Haha, do it!"

Shangguan Gufeng sneered at the same time, and at the moment she shouted loudly, the president Wuyong beside him moved, and directly rushed towards Lou Zimo, and countless black streamers slammed into Lou Zimo's back heart. In addition, Chu Huahan, who was in the fog hidden door, also flashed his figure, slashing at Qin Chen with the ancient staff in his hand.

[Chapter 2119: is her](#)

Shangguan Gufeng, Heaven Swallowing Demon Lord, Wuyong and Chu Huahan made their moves almost at the same time. This move was so violent that everyone seemed to have never reacted.

When you waited for everyone to react, Shangguan Gufeng's attack had completely fallen.

"Hahaha, if you kill you, no one can stop my ancestor from resurrecting." Heaven-swallowing Demon Lord laughed, no longer concealing it, his whole body erupted with a fierce face.

Shangguan Gufeng's eyes were gloomy, and he also showed a sneer. The Yuan Shizhong was like a giant mountain, and the cover fell on Emperor Jijing Dan.

"is it?"

A cold voice sounded, but it was Qin Chen with indifferent eyes and mockery at the corner of his mouth.

Boom!

Shangguan Gufeng's Yuanshi Bell fell, and Emperor Jijing Dan's body broke apart and burst into pieces in an instant. What shocked Shangguan Gufeng was that after the explosion, Emperor Jijing Dan didn't even splash any blood.

This is just a clone.

Hum!

In the distance, Emperor Jijing Dan's figure was condensed into shape, staring coldly at Shangguan Gufeng, with anger and complexity in his eyes, and coldly said: "Shangguan Gufeng, I didn't think your Misty Palace really colluded with alien demons. I was so disappointed."

"how come?"

Shangguan Gufeng looked at Emperor Jijing Dan in shock, it was impossible. Her shots are extremely fast. Even if Emperor Jijing Dandi reacted in time, it is impossible to escape her bombardment. Now, she

has missed, and there is only one possibility, that is, Emperor Jijing Dan has already guarded her. , Even from the beginning

Never believed her.

If this is the case, then...

She hurriedly turned her head, and saw Wuyong's streamer showing that she was about to smash the middle of Lou Zimo. At the back of Lou Zimo's heart, a dark whirlpool suddenly appeared, puff puff puff, all the dark streamers. Swallowed it in.

But as soon as Wuyong shot, Gongsun Zhe and Zhai Xiangming moved suddenly, booming, and they both shot at the same time and pounced on Wuyong.

"you guys....."

Don't be surprised. He was busy attacking Lou Zimo. He didn't expect that Gongsun Zhe and Zhai Xiangming would do anything to him. In anger, he quickly slapped two palms to stop the attack. He thought Gongsun Zhe would He and Zhai Xiangming wanted to take the opportunity to eradicate him.

But what he didn't expect was that Gongsun Zhe and Zhai Xiangming weren't made up temporarily, their figures flashed slightly, and they easily avoided his shot, and appeared in front of Wuyong with a flash, and his eyes passed by. A hint of coolness.

"Hey!"

Don't be surprised, a bad feeling surges.

Gongsun Zhe and Zhai Xiangming's shots were too fast. It didn't seem to be a temporary motive. He roared and fought back, only to find that Gongsun Zhe slapped him with a palm, and the palm strength increased in his pupils.

He wanted to escape, but found that an invisible force bound him to death, his body couldn't move.

"what?!"

He was horrified. It was Zhai Xiangming who was making the shot. The two of them were one behind the other, one left and one right, one restrained, and one shot. They were completely premeditated and were waiting for the moment he was distracted from the Lou Zimo attack. , Can only furiously said:

"You..."

"puff!"

Needless to say, without saying a word, he hit a palm in his chest, and his internal organs suddenly shattered, spouting a mouthful of blood to fall.

Gongsun Zhe and Zhai Xiangming are both top masters, with mental arithmetic and unintentional, how can Wu Yong be able to stop them when they join hands? I don't know life or death in an instant.

All of this is between the electric light and flint, and it is too fast for everyone to react.

On Qin Chen's side, Chu Huahan had also flashed to Qin Chen's side, and blasted Qin Chen's back with a stick.

"Success!"

Chu Huahan's energy was completely concentrated on Qin Chen, and he didn't care about other places at all, surprises flashed in his eyes.

As long as Qin Chen was killed, the terrifying blue flame disappeared, and he was done.

But suddenly...

"Om!"

Seeing that the ancient staff fell, Qin Chen's true essence surged on his back, suddenly turning into a terrible true essence defense, and he stopped in front of the ancient staff.

But this defense simply couldn't stop Chu Huahan's shot. With a pop, the True Essence shield shattered and the ancient staff continued to fall.

But at the same time, the Gang Yuan Formation appeared on Qin Chen's back, and the dark formation was shining with talisman light, resisting Chu Huahan's attack firmly.

"Ding!"

In addition, a sword light flashed, and Ban Yue's ancient sword had appeared in Qin Chen's hands for some time, slashing the sword on Chu Huahan's ancient staff, shaking the ancient staff flying.

Raising his head, Qin Chen's eyes turned like a kaleidoscope, and a terrifying soul impact swept out in an instant, instantly submerging into Chu Huahan's eyebrows.

"what!"

All of this happened in the electric light and flint. Qin Chen knew that someone would sneak attack, but he didn't move at all. Instead, he abruptly held Chu Huahan's attack for the present moment.

After being hit by Qin Chen's soul shock, Chu Huahan's mind was sore, the soul sea surged, and he screamed suddenly, and there was a moment of loss in his mind.

"Jie Jie Jie!"

The strange laughter sounded, and the master made the move, often in an instant. The moment Chu Huahan lost his mind, the Chiyan Demon Lord and Mo Li had long been ordered by Qin Chen to make a move, and both of them slammed both sides of Chu Huahan's body with a palm.

puff!

Chu Huahan was directly vomiting blood, and his whole body was scorched.

From then on, Shangguan Gufeng's four people made their moves, and they all returned without success. Shangguan Gufeng and Tian-Swallowing Demon Lord just failed, but Chu Huahan and Douwuhui Wuyong died instantly.

"you guys....."

Shangguan Gu Feng's heart was cold, his eyes were red, and he couldn't believe the scene in front of him. He was extremely frightened. If only Emperor Jijing Dan blocked her, then perhaps it was just an accident, but now all the people in her Misty Palace have failed, and Chu Huahan and Wuyong have been attacked by the other party. The other party has already prepared for this. in the end

what's going on?

Where exactly is the loophole?

She couldn't understand.

Qin Chen looked at Shangguan Gufeng, with a sneer at the corner of his mouth, and said, "Shangguan Gufeng, your Misty Palace is colluding with alien demons. I'll be prepared long ago and wait for you to take action. What else do you have to say now?"

Qin Chen's eyes were cold, and he was secretly relieved.

He had been waiting for Shangguan Gufeng to take action, and secretly informed a few people, knowing that Shangguan Gufeng could not bear it, it was as he expected.

But he really didn't expect that Chu Huahan from the hidden gate of the mist had already been recruited by Misty Palace. Fortunately, he had been prepared for it, and this did not fail.

"Zongshang!" Heaven-swallowing Demon Lord looked at this scene in anger. It never expected that this action would have failed.

"Shangguan Gufeng, you really disappointed the old man." Jijing Dandi shook his head with regret.

"Hahahaha! Do you think you are determined to win?" Shangguan Gu Feng laughed hysterically. Although the shot failed, his eyes were even more crazy, as if he had a chance to win.

Everyone's hearts sank. Now that the alien demon race has been trapped, Shangguan Gufeng and the others have also failed. Where does the confidence come from?

"Yes, do you think you are determined to win? The people who killed my Misty Palace, so bold!"

A misty voice resounded suddenly in this hall, erratic, but with a palpable chill, causing everyone's heart to sink, and a look of horror appeared in their eyes.

"It's her!" Everyone's eyes widened, and their expressions were extremely frightened.

[Chapter 2120: Real dragon comes to the world](#)

When this voice fell, everyone shook their bodies wildly, revealing an expression of extreme shock.

"You guys are so brave. The person who hurts my Misty Palace, do you really treat me as a bully?"

In the void, a void figure appeared. She was light and agile, stepped out, slowly appeared in the eyes of everyone, and just appeared out of thin air. This is a woman of extreme beauty, graceful and curvy, just like the same god, full of sunshine. In front of her, everyone feels small, like an ugly duckling facing a white swan, a kind of **** I just have to kneel down for

Her impulse to die has emerged in everyone's mind and body.

"Gudong!"

Emperor Jijing Dan's throat moved slightly, his eyes were full of horror and amazement, and Lou Zimo and others looked ugly, just like hell.

No one noticed that Qin Chen's body was shaken, his face showed a bitter color, his heart secretly said that it was not good, and his heart sank for some reason.

The Sect Master of Illusory Demon Sect also shook his body, staring at Shangguan Xi'er's eyes bursting with sharp rays of light, but soon converged again, dimmed.

"Shangguan Xi'er." Pill Emperor Ji Jing said bitterly, his heart heavy.

This is a name that seems to have magical powers, making everyone's body shake wildly, and their hearts are unprecedentedly heavy.

"She is Shangguan Xier?"

Although Gongsunzhe, Zhai Xiangming, and others were in the thunder city with majestic power and control of the world, they could be called the giants in the second layer of the martial arts, with high positions, but in front of Shangguan Xier, their momentum suddenly weakened, like It is the quail in front of the peacock.

There is no him, because although they are high in power, they are only in a place like Tianlei City, and even larger ones are only in Leizhou, and they are at the best in Wuyu Erzhongtian.

What about Shangguan Xier? There is the title of the first person in the mainland and the first power in the mainland.

The first person in the mainland!

What a dazzling name this is, this title, from ancient times to the present, not many people can get it, this is a kind of pressure and a kind of recognition.

It depends on the strength of fighting together!

One hundred years ago in the Battle of the Heavenly Sacred Pool, Shangguan Xier monopolized the top masters of the seven forces, establishing her status as the first person. Now, one hundred years later, no one knows how strong Shangguan Xier is.

"Shangguan Xi'er, your Misty Palace colluded with foreign races, and the sin is very heinous. If you look back now, you can still be lost and know how to return, how can you continue to cling to it?" Pill Emperor Ji Jing stared at Shangguan Xi'er and asked sternly, with a vigilant look.

Others are also dignified in their eyes, as if facing an enemy.

"The first person in the mainland? Hey, is this person really that terrible?" Some Wudi who survived by chance saw this scene and couldn't help but breathe in the air. Shangguan Xi'er was only one person, just showing up at random, which shocked the court. There are so many masters from the top forces on the mainland, this is almost a myth

.

"Perplexed?" Shangguan Xi'er smiled. She stepped out and walked straight to the iron pillar in the center of the hall, ignoring everyone present.

"Stop, go one step further, I can't blame this seat for being impolite."

Long Batian's figure flickered, and he stopped in front of Shangguan Xi'er, his eyes bursting with cold light.

The Long Family and Misty Palace were already enemies, but now seeing Shangguan Xi'er appear, Long Batian's heart is burning with anger, the first person in the mainland, he really wants to see it.

"roll!"

Shangguan Xi'er sneered, facing Long Batian's figure, slender hands quietly protruded, and a palm was lightly patted out.

This palm, without the slightest scent of fireworks, had arrived in front of Long Batian silently, and it was actually very casual and pleasant.

"Shangguan Xi'er, you are too underestimating the hero of the world." Long Batian shot at him when he saw Shangguan Xi'er so casually. He was shocked and angry. His eyes widened, a terrifying shadow of a true dragon. Appeared from the top of his head, this real dragon, winding and circling, like a real dragon coming out of ancient times

, The terrible coercive aura of heart-palpitations gushes out.

"True Dragon Destroying World—True Dragon Coming into the World!" Shangguan Xi'er's actions didn't put him in the eye, so that he didn't get angry. Once he shot it, it was the top secret technique of the Long Family. The figure is vertical and horizontal, like a giant dragon, spreading its teeth and dancing claws, and one claw is blasted towards Shangguan Xier, the power is overwhelming.

.

Roar!

The roar of the dragon's roar was heard throughout the hall, and the terrifying dragon aura swept out, causing everyone to be discolored, one by one was terrified.

Damn, this Dragon Batian had hidden his strength before. Even an idiot can tell that Long Batian's attack was far more terrifying than his previous shots. The dragon's energy oscillated, and just the pressure that swept away made many surviving Emperor Wu breathe. Difficulty, a feeling of suffocation

.

It's so strong.

It's no wonder that Long Batian will become the ancestor of the dragon family. This technique of destroying the world is truly terrifying, and it is definitely not an exaggeration to say that it destroys the world.

"Shangguan Xier is too big." At this moment, the thought came to everyone's mind. Shangguan Xier was strong, but in the face of the ancestor of the Long family, Long Tyrant, he was so casual to shoot, which was obviously careless. Master duel, one carelessness, the consequences will be irreversible

Back.

Boom!

Long Batian came to Shangguan Xi'er like lightning with a claw, too fast for people to react.

This was deliberate. After knowing that Shangguan Xi'er was free to make a move, he was furious and didn't give Shangguan Xi'er a chance to react at all. Once he made a move, he would give the other party a prestige.

But what shocked everyone was that Shangguan Xi'er was expressionless in the face of such a terrifying blow from Dragon Batian, and his shot was unchanged, still sticking out with a light palm.

"Boom!"

Under the gaze of everyone's eyes, the thick claws containing endless dragon energy fell violently, and instantly collided with Shangguan Xier's delicate hand.

With a bare hand, he immediately plunged into the mighty dragon's claws. This kind of strong contrast made people feel uncomfortable, almost vomiting blood.

"puff!"

The endless radiance flashed, and then there was a roar. Then, a figure flew out in embarrassment, spouting blood, clicking, and even the sound of bone fracture.

It's Dragon Batian!

what?

Everyone shook wildly and couldn't believe their eyes.

I saw Long Batian twisted his right hand and flew out from the explosion, dripping with blood. He looked tragic and embarrassed. He was seriously injured by a single move.

"what!"

He screamed, his face was hideous, like a devil, and his eyes were staring, with a look of disbelief.

Damn, fuck, fuck!

Everyone's mouths were wide open, and the shock in their hearts was unparalleled. They couldn't say a word. All they could say were these three "reliance" characters.

"The ancestor of the Long family? Haha, but so." Shangguan Xier sneered, and the smoke cleared. She was as light as an immortal, ethereal as a spirit, not stained with dust, just walked out like this, shocking eternal, unscathed.
