

## Valkyrie 2121

### [Chapter 2121: Semi-Holy Strong](#)

One move, the ancestor of the Long Family, the Dragon Tyrant, was seriously injured.

This record absolutely shocked the world, everyone felt scalp numb, and dense goose bumps on his body.

In the tragic battle before, Long Batian was not as tragic as it is now, his right hand was almost broken, \*\*\*\* and bloody, very embarrassed.

Hum!

Dragon Qi surged from his body, staring at Shangguan Xi'er with extreme fear, his face twitching constantly, on his right hand, a lot of dragon Qi lingered, his right hand was slowly recovering.

"Huh? Interesting!"

Shangguan Xi'er showed a sense of astonishment. Long Batian's healing technique is very strange. This is a kind of bloodline power. Perhaps only the true dragon bloodline can do it.

Everyone's complexion was very stern. When Shangguan Xi'er took action, the situation suddenly changed. Shangguan Gufeng and Heaven Swallowing Demon Lord shook their bodies and suddenly came to Shangguan Xi'er.

"Master Palace!"

Shangguan Gufeng looked guilty, after all, she failed to complete what the Lord Palace Master ordered.

"Human semi-holy strong?"

At this moment, a dull voice sounded in the main hall, and it was the black shadow beside the iron pillar, staring coldly at Shangguan Xi'er, showing a look of surprise.

"Half Saint?!"

hiss!

Emperor Jijing Dan and the others took a breath, and looked at Shangguan Xier in amazement. Has Shangguan Xier reached this level? Semi-holy, doesn't it mean that she has stepped into the holy realm with one foot?

"Well, this demon master read it wrong, not semi-holy, but touched a touch of the threshold of the holy realm, ha ha, it seems that under this world, there is indeed no holy realm strong, the first person in the mainland? Ha ha! "

The black shadow was sealed by the people beside this iron pillar, and there was no tension at all, but rather faintly made a sound, seemingly emotional, seemingly nostalgic.

Then, it looked at the Sky-Swallowing Demon Lord, showing a suspicious look, and said lightly: "Your Excellency is also a member of the alien demon race, why does the aura on your body feel a little familiar to this Demon Lord?"

"My ancestor, the junior swallows the sky, I have seen my ancestor!"

Heaven-swallowing Demon Lord looked excited, bowed down and bowed to the shadow.

Your ancestor?

Ji Jing Dandi and others were shocked, their hearts trembled.

This black shadow has such a relationship with the alien demons in this Misty Palace. Could it be that the reason why they came here is not related to this Misty Palace?

The hearts of everyone sank inexplicably, felt the slightest nuisance, and they all felt like a trap.

"Swallow the sky?" Black Shadow frowned. "Yes, my ancestor, the junior is your seventh-generation grandson Tuntian. Back then, your ancestor led my master of the alien demon race and broke into this demon land of the abyss demon race. Although you have not succeeded, you are the great hero of our race. The younger generation is listening to your ancestors

The big one, I just hate the valiant and majestic shore of your ancestors. "Fortunately, the younger generation tried their best to finally find out where you are, your ancestor, and the younger generation knows that with your ancestor's strength, it is absolutely impossible to fall here, so with this Tianwu Continent's number one power Misty Palace United,

Come to rescue you, your ancestor, our ancestor, we are here to rescue you. "

The excitement on Tian-Swallowing Demon Lord's face couldn't be concealed.

"You do have my own breath, but what is happening to my clan continent now? Why are you able to unite with the first force in the Tianwu continent? Has my clan already captured this continent?"

The black shadow's face was also full of doubts. The Alien Demons attacked the Tianwu Continent in order to save their own continent. To save the Alien Demons Continent, they must damage the origin of the Tianwu Continent and destroy the Tianwu Continent. Therefore, in the ancient times, the strong human races of the Tianwu Continent rushed to die first. This is

Make them return without success.

But now, the number one power of mankind has joined forces with its alien demons, and it has to release it, which makes it extremely puzzled and incomprehensible. "My ancestor, my clan made several incursions later, but still failed to capture this Tianwu Continent, and the younger generation only awakened in the last few hundred years. This adult is the first person in Tianwu Continent, the Misty Palace Master. , She took us in

MoZu, this time being able to come here was also deliberately designed by this adult. "

"For these two hundred years, this human female emperor has been exploring where you are, my ancestor, in the sea of thunder. Coupled with the records left by my clan, this is the luck to find you."

"And in order to restore your strength to your ancestors, the female emperor deliberately attracted many powerful humans to come over, the purpose is to let ancestors swallow you, so that you can restore your strength." "The reason why the female ancestors is willing to rescue the ancestors is

actually very good. Simple. For example, the human race of the Martial Continent has been unable to break through the holy realm today. The Lady Empress wants the ancestors to make a move and instructs the Lady Empress to break through. At that time, I and the two races will jointly rule

The Tianwu Continent has completed the great cause that our people cannot achieve forever. "

Heaven-swallowing Demon Lord said endlessly, shocking everyone.

It turned out that the reason why they got the space seal was that this misty palace was planning secretly?

How is this possible? The discovery of the space seal clearly had nothing to do with this Misty Palace, and the Misty Palace was also the news that came later.

"wrong!"

Suddenly, everyone was shocked, thinking of Wuyong, the former president of the Fighting Club, and they were frightened and angry.

In fact, the first person to report the seal of this space was Wuyong from the Fighting Martial Arts Association, and Wuyong had already sat in the Misty Palace before, which means that they had entered the Misty Palace from the beginning. Trap.

At this moment, everyone was chilling like an ice cellar.

It turned out that this matter was a conspiracy of Misty Palace from the beginning, and they thought they had found some treasure in vain.

The method of this Misty Palace is too harsh, not only to count them, but also to make everyone the victim of this alien demon master.

It's utterly desolate.

"Shangguan Xi'er, you actually colluded with the alien demon race for your own selfish desires. If you are not my race, your heart will be different. Don't you understand this principle?" Pill Emperor Jijing roared, and wanted to convince Shangguan Xi'er.

But Shangguan Xi'er was expressionless, and just sneered: "The emperor doesn't know about other principles. This emperor only knows that only by breaking through the holy realm can you be considered invincible. On the road to the peak of martial arts, there are no ethnic groups, some just interest."

"you....."

The crowd trembled. Qin Chen sighed, is this the woman he once loved so much? Although she had known her true face for a long time, at this moment, Qin Chen once again understood the ugliness of Shangguan Xi'er.

The \*\*\*\* who sacrificed the world.

"What are you talking nonsense with him? This mad woman has lost her mind. Only by joining hands to stop her can the mainland survive, and even we can survive, otherwise, nothing will be useful." Qin Chenhan said in his hands. A dazzling cold light has erupted from the Banyue ancient sword.

## Chapter 2122: Heart Demon Oath

"Hahaha, that's the case." Under the seal, Sombra laughed frantically: "I think back then, the Tianwu Continent came out in large numbers, and the holy realm was like a cloud. In order to prevent the invasion of my alien demons, how many songs and tears emerged Character, it's a pity now..."

..." Sombra shook his head, and Jie Jie said with a strange smile: "If your Excellency can rescue me, what's the point of the Saint Realm? The rules of the Tianwu Continent are not suitable for our race to survive here. You should know very well that our race came to this continent only for

In order to get one thing, he didn't care about the control of the Tianwu Continent at all. "As long as you can save this demon master, this demon master can guarantee that you will surely enter the holy realm, and once the Tianwu Continent is captured, the entire continent will be handed over to your rule, and you will truly become the supreme one of this continent. ruler,

As for my race, only one thing needs to be obtained. "

The Sky Devourer laughed frantically, and the devilish energy surged frantically.

"You can say nothing, you dare to swear by your heart demon?" Shangguan Xier said coldly. "Hahaha, why can't it? My God Devourer is here to swear that if the Misty Palace Lady releases me, I will let her step into the holy realm and rule the Tianwu Continent. If I violate the oath, the demons will die with heartbreak!" The devil swears to the sky and chants a spell

.

Suddenly, a mighty force descended, full of evil intentions, pouring into the heart of the Demon Lord.

This is the heart demon oath!

"Very good." Shangguan Xi'er nodded slightly, her figure moved abruptly, swish, turned into a stream of light, and went straight to the dark shadow.

"Stop her!"

Qin Chen furiously shouted.

There was no need for Qin Chen to speak at all, all the people who were still available at the scene moved. A trace of determination flashed in Qin Chen's eyes, urging Banyue's ancient sword, and a sword struck Shangguan Xi'er like lightning.

"My lord, you can take action and stop them with your old body."

Shangguan Gufeng and Heaven Swallowing Demon Lord all moved, and the two of them shook their bodies and attacked Qin Chen and the others.

Boom!

Suddenly, the sky fell apart and a group of people fought.

"You two, stop the Demon Swallowing Lord."

Qin Chen let out a low cry, his gaze swept away from Demon Lord Chiyan and Mo Li, the voice transmission said.

"Smelly boy, do you think you are afraid of you?" Chi Yan Demon said angrily, Qin Chen's command tone made it extremely uncomfortable.

"Really? If you don't obey Ben Young's orders, I can't guarantee that you two will not tell me your identity." Qin Chen snorted coldly.

"Hmph, kid, you can see the situation clearly, now it is my alien demon race that has the upper hand? As long as I wait for the identity of the alien demon race to be revealed, it is you who will wait to die later."

"Don't think that you are in Guyu Realm. What he did is obviously not in the same mind as the Misty Palace, and the Heaven-Swallowing Demon Lord and You should have hatred? What's more, if the two really want to release the Heaven-Eating Demon Lord, why bother pretending to be gods.

Fooling around, sneaky? "

Qin Chen sneered again and again.

Having been in contact with the alien demon for so long, he can be considered to understand the structure of the alien demon. Although the ranks of the aliens are distinct and not as intriguing as humans, it is not an iron plate, and everyone is in the same boat.

When he was in the ancient Yu world, Quinn of the Hall of Law Enforcement once wanted to use the blood meridian of the Ancestor Demon to swallow the Red Flame Demon Lord and others to become a demon master.

This is a naked race that eats the weak.

If the Heaven Devouring Demon Lord was released, Qin Chen felt that the end of Chiyan Demon Lord and Mo Li would never be good, otherwise the two would not have the same attitude.

"You..." Sure enough, as Qin Chen expected, Chiyan Demon Lord actually did not dare to release the Heaven Devourer Lord, let alone that it is not the same vein as the Heaven Devourer Demon Lord, and secondly, it depends on its position in Guyu Realm. What they do, the alien demons in Misty Palace will not let go

he.

"Huh, what good is it for me to wait?" Chiyan Demon gritted his teeth.

Qin Chen said in a cold voice, "If the Misty Palace is prevented, you will be at your disposal for the alien demons in the Misty Palace by then."

"This is what you said." The Chiyan Demon snorted coldly, and immediately stopped hesitating, and rushed towards the Sky Swallowing Demon with his magical power.

Boom!

The two sides fought together instantly.

"Are you?" The Sky Swallowing Demon Lord felt the power of Chiyan Demon Lord, and was shocked, revealing a look of horror.

It felt a very familiar power, which was the power of the alien demon race.

In order to resist the Heaven-swallowing Demon Lord, Chiyan Demon Lord naturally could no longer hide as thoroughly as he had initially hidden.

"Who are you?"

Heaven-swallowing Demon Lord was furious, and he didn't think that some alien demons wanted to stop it and rescue the ancestor.

The Chiyan Demon Lord didn't say a word, but he made a frantic move, and joined forces with Mo Li to block the Heaven Swallowing Demon Lord.

"Gongsun Zhe, Zhai Xiangming, you two support Shangguan Gufeng." Then Qin Chen gave the two more orders.

"understand!"

Gongsun Zhe and Zhai Xiangming knew that Shangguan Xi'er was terrible. Hearing that they only needed to stop Shangguan Gufeng, they were overjoyed, and the two rushed forward.

"Go away!"

Shangguan Gufeng shouted angrily, urging the Yuanshi Bell, and the faint bell rang to shake the two away.

"boom!"

With a roar, Gongsun Zhe and Zhai Xiangming joined forces to stop Shangguan Gufeng's blow. If the two fight against Shangguan Gufeng alone, then naturally there is no chance of winning, but the two will join forces, together with a group of Wudi, such as Feng Kangan, Lu Zian, and others who have not fallen yet.

Nor is it easy.

Shangguan Gufeng and Heaven Swallowing Demon Lord were blocked, and the rest of them put all their energy on Shangguan Xi'er.

"kill!"

Pill Emperor Pill, Lou Zimo, Long Batian, Qiu Puchun, Fu Qiankun, Sovereign of Illusory Demon and others, including Qin Chen, roared and launched an attack.

Before Long Batian's lesson from the past, everyone saw it very clearly, not daring to be careless, all kinds of attacks poured out like a torrential rain.

"Huh, just rely on you scum?"

A fierce light flashed in Shangguan Xi'er's eyes. Faced with so many people's shots, her face remained unchanged, her bare hands protruding out, and the shots shot out ten feet like lightning, the chaotic flowers gradually became charming and dazzling.

"Boom boom boom!"

With an ear-splitting roar, Emperor Jijing Dandi and the others only felt that a huge force was being used, and they retreated one after another, furious.

So many of them teamed up, but they couldn't kill Shangguan Xier? Although among these people, Qin Chen wants to urge Qinglian Demon Fire, Lou Zimo also wants to control the great formation, Qiu Puchun and Sect Master Phantom Demon also have to maintain their bans and can only display part of their power, but the power formed by the joint efforts of the people, Already far beyond a pinnacle Fengwu Emperor can have the limit.

Qin Chen and the others were surprised, Shangguan Xi'er's expression also changed slightly, because in the previous attack, she actually felt a few extremely terrifying powers.

"who is it?"

Shangguan Xi'er narrowed her eyes and scanned the crowd, but could not see the clue.

"Fu Qiankun, don't keep your hands, never let her release this alien demon master." Qin Chen sent Fu Qiankun with an extremely solemn expression and anxious tone.

Now everyone has a chance to win, but once the alien demon master and Shangguan Xi'er join forces, it will really be over.

"rest assured."

Fu Qiankun's eyes were gloomy, and the light of his blood was blooming, and a terrible breath was released from his body. He did it too.

### [Chapter 2123: Green Spirit World](#)

Hum!

Fu Qiankun's body glowed with pitch black light, and these halos revolved around him, layer upon layer, like an endless mysterious door leading to the unknown depths.

What is this trick?

Everyone was taken aback by the breath of Fu Qiankun's body. The dark and mysterious door was vast and subtle, towering majestically, containing endless majesty.

It seems that the layers of the void are distorted, folded in it, unable to extricate themselves.

"boom!"

Fu Qiankun took the shot, and the dark palms protruded from the mysterious door, as if they were transformed into thousands, and as if they were swept out of the ancient land, holding the stars and distorting the universe.

"What's this trick?"

Shangguan Xier's face was indifferent, but she couldn't help being surprised. The white and psychic right hand condensed terrible fist power, and her slender hand moved like a cloud.

Boom boom boom boom... Visible to the naked eye, Shangguan Xi'er's right hand flashed with a misty light, which made people feel dizzy at the first glance. This palm looks ordinary, but it is incredibly strong. The void in front of Shangguan Xi'er's It's as fragile as paper paste under the palm strength , It seems that nothing can stop her power.

puff!

The slender palm collided with Fu Qiankun's dark palm.

boom!

As if thunder was blasted out of thin air, the astonishing coercion swept away, and the whole hall was suddenly roared. Moreover, the power of the explosion was condensed in a very small area, compressed by ten times, a hundred times, and then suddenly exploded. .

"No, go back!"

Jijing Dandi brows frantically, and speaks in anger, his figure retreats in an instant, retreating rapidly.

Without him speaking, other people also felt the power of this explosion. In their anger, they gathered in front of them into a shield of true essence, trying their best to defend.

Boom!

The roar exploded, and a group of people flew out crookedly, groaning one by one, their faces turned pale, and their hearts were shaken.

Fu Qiankun suffered the greatest impact, hum, snorted, and was blasted out hundreds of feet. Only then did he stabilize his figure, his face pale as paper, and a stream of blood slowly overflowed from the corner of his mouth, shocking.

But Shangguan Xi'er finally backed away, kicking and kicking. Her figure went backwards three steps in the void, her eyes were dignified. Before so many people had teamed up, they had never made her back, but now, Fu Qiankun alone made her back.

"Who is your Excellency? Would you dare to sign up? Sneaky, what a thing."

Shangguan Xi'er stared at Fu Qiankun, with the cultivation base of Fu Qiankun, it was definitely not some casual cultivation on the mainland. With such control and means of true essence, only the top powers in the mainland could give birth to such a strong By.

"Shangguan Xi'er, it's really well-deserved. It's not a bad name, and it's not enough." Fu Qiankun snorted coldly, but his heart was unprecedentedly condensed. Shangguan Xi'er's strength was more terrifying than he thought, although he has not healed now. But Fu Qiankun has a feeling that even in his heyday, he wants to win Shangguan

Xi'er, it is not easy.

"Do it!"

Although Fu Qiankun had never taken Shangguan Xi'er in a single blow, Shangguan Xi'er was repelled, which gave everyone unprecedented confidence. Under the surprise, they all shot again.

"dead!"

Long Batian's resilience was amazing, and his right hand had recovered seven or eighty-eight, one claw protruded, and the mighty fist swept down like a big mountain.

The Polar Mirror Dandi also moved, buzzing, and the golden flame burned, turning into countless golden sharp blades, falling over the sky, densely packed like rain.

Qiu Puchun's body was full of light of blood, and between his hands and feet, the power of mysterious blood surged, forming a blood rune, flying like a butterfly.

The Sovereign of Illusory Demon is also dignified, her palms bloom with magic light, and her body shape is erratic, making people unable to capture traces at all, illusory and ethereal.

Qin Chen also urged Banyue's ancient sword, the ancient sword bloomed with a rainbow, and rolled down.

This group of people joined forces to seal off all the void in Shangguan Xi'er's body, leaving no space at all. The effect is not as simple as one plus one equals two, but doubled.

"Huh, it seems that I don't believe it if I don't take it seriously." Shangguan Xier sneered, her eyes were indifferent, and her mouth flew out a blue bead from her mouth. Shangguan Xier was muttering something, and suddenly the blue bead shone. Cyan light, accompanied by her weird notes, countless cyan runes

Emerging from the beads.

These runes revolved around her body, turned into a cyan halo, and wrapped her inside.

"Green Spirit World!"

Shangguan Xi'er was shining, and circles of light centered on her body, sweeping in all directions.

The space within one hundred meters of radius was immediately wrapped by the blue halo, like a blue net covering the sky and the sun, flooding the space of one hundred meters, Qin Chen and others were all caught in it.

After everyone's attacks were covered by this light net, their power dropped sharply.

"What the \*\*\*\* is this?"

Qin Chen looked surprised, the cyan light was like a spider web, and he was completely stuck on it. Not only that, even the true essence was bound, making it hard to move his fingers.

Everyone changed their colors one after another, trying to use the running true essence, although they could still act, they were greatly suppressed.

Moreover, this ancient temple with a radius of one hundred meters is completely shrouded in this light net, there is nowhere to hide!

This cyan bead is too weird, not only has the ability similar to the space domain, but also greatly suppressed everyone's true essence. "This is not a regular enchantment, but a kind of true essence enchantment. The power provided by the cyan bead, with the power of the domain, is like an enchantment restriction, but it is slightly different. It can not only pass through this cyan Anything inside the optical network attack

One person, and can greatly limit the power of everyone, causing one to ebb and flow. "

Qin Chen observed for a long time and couldn't help but said in a deep voice.

"What? How do you fight this?!" Everyone was shocked, all with their mouths open.

"Hehe, your Excellency is very young and has some knowledge."

Shangguan Xi'er glanced at Qin Chen, seeming a little surprised for Qin Chen to be able to tell the speciality of this blue spirit world.

Boom boom boom!

She shot, immediately stopped everyone's attack, and then coldly shouted: "Give me all to die!"

Shangguan Xi'er patted it with a palm, and suddenly the blue light bloomed, and countless runes flickered and fluttered down.

The entire enchantment was in this cyan rune rain, swept away to everyone with vast and supernatural power.

Everyone was shocked, those cyan runes were not only extremely aggressive, but also directly shocked people's souls.

And at the same time, Shangguan Xi'er's figure swayed, like a ghost, rushing towards the dragon and the sky.

She is going to take the method of breaking them one by one.

"boom!"

The light net shook, countless blue lights surged, and blue runes flew out of it, and the entire enchantment space was covered with green light.

"Bang!" Long Batian was already injured, was covered by the blue rune, and exploded with an astonishing breath, exploding instantly.

[Chapter 2124: Identity reveal](#)

boom!

Long Batian was dripping with blood and flew out.

"What? This thing will explode?!"

Everyone had a tingling scalp, desperately performing their stunts under the horror, shaking the sky full of blue runes ten feet away!

"Boom!"

Even so, those runes burst and burst, and the power of horror reverberates on the blue net.

And the cyan runes on the sky also fell, like the strange cyan snowflakes, spinning around in the enchantment.

"Bang! Bang! Bang! Bang!"

Jijing Dandi and the others were frightened and furious, and each used means to resist the attack and killing of this blue rune, all in a panic.

"Humph!"

Shangguan Xi'er snorted coldly, her figure is ethereal, in this blue enchantment, like a fish swimming like water, extremely free and unrestrained, between shots, countless blue runes swirled and rushed to the other martial artists around.

"not good!"

These emperors were shocked and resisted forcibly, but how could they resist it? In an instant, the explosion roared, and dozens of emperors who had survived screamed and were shaken to death by the cyan rune.

The sky is full of the \*\*\*\* smell of the strong, and the top martial emperor is almost completely wiped out. In addition to the top masters of the major forces, only a few peak martial emperors such as Feng Kang'an and Lu Zi'an can survive. The rest, almost the entire army was destroyed. Since then, hundreds of people have broken into this hall. There are only a few people left

Of the ten or twenty people, the top Wudi in Leizhou was almost wiped out.

This kind of loss is too heavy, and it is tantamount to destroying more than one top power.

Everyone's eyes showed horror, and even the Emperor Jijing Dandi and others were frightened.

Fu Qiankun was also under these attacks, his face was blue, his eyes turned red, he hated himself, why he was so embarrassed that his cultivation was not completely restored.

Moreover, he has been trapped for these years, and all the treasures on his body have disappeared, and none of them can be preserved. Compared with Shangguan Xier's endless methods, he is also much thinner.

"Kid Qin Chen, no matter how I go on, I really can't hold on." Fu Qiankun said anxiously.

"Damn it, I'll come!" Qin Chen shouted abruptly. He used to control the Qinglian Demon Fire to suppress the shadow, but at this time, he couldn't control it. Once Shangguan Xi'er was successfully killed, he would not be alone. Can't stop Shangguan Xi'er and Sombra, can only

Put a little energy on the Qinglian Demon Fire, and continue to suppress the shadow.

All Qin Chen's energy was put on Shangguan Xi'er.

"kill!"

He burst out like lightning, and rushed straight to Guan Xi'er.

"Fu Qiankun, help me!"

While flying by, Qin Chen whispered to Transmit.

Fu Qiankun's eyes lit up and he no longer concealed it. A layer of misty bloodline power suddenly burst out of his body. Boom, above his head, the terrifying bloodline aura suddenly suppressed. I saw the power of the bloodline continuously enveloping him, layered on top of each other, constantly climbing, setting off his body to be extremely tall, a terrifying bloodline force swept away, actually in this blue enchantment Formed a unique blood

field.

"This is... the blood forbidden domain!"

Qiu Puchun took a breath, his expression horrified.

This is the secret technique of their bloodline holy land, the bloodline forbidden area, under the bloodline forbidden area, any bloodline power will be suppressed. However, the cultivation of the bloodline forbidden territory is extremely difficult, and there are very few people who have cultivated this secret technique in the bloodline holy land. Qiu Puchun is already one of the strongest masters in the bloodline holy land to practice this secret technique, but compared to the current one. The man in black returned

It's a bit short.

How is this possible?

What shocked Qiu Puchun even more was the technique displayed by the other party, which was incomparably pure. There is absolutely no one in the bloodline holy ground that can cultivate the bloodline forbidden region to the point in front of him.

Who is this person?

At this moment, Qiu Puchun felt an extremely familiar feeling in his heart, and the person in front of him felt extremely familiar.

"Fu Qiankun, are you Fu Qiankun?"

Not far away, Shangguan Gufeng saw Fu Qiankun's move, and suddenly furious.

"what?"

He is Fu Qiankun!

Everyone was shocked, even more shocked than seeing Shangguan Xier's arrival before.

Fu Qiankun, the president of the Holy Land of Blood, the first person in the mainland three hundred years ago, in terms of fame, Shangguan Xi'er now comes from behind and is famous, but Fu Qiankun is not weaker than Shangguan Xi'er.

In that era, Fu Qiankun was in charge of an era and ruled the world. Such a person, such a name, could not be eliminated in just two or three hundred years. However, hasn't Fu Qiankun been missing for more than two hundred years? Even inside the Bloodline Holy Land, it is said that Fu Qiankun has accidentally fallen, how could he appear here and become such a youth's servant? Named a black sad old man

?

"Fu Qiankun, you still dare to show up? Sneaky, not knowing whether to live or die!" The moment Shangguan Xi'er yelled out from Shangguan Gufeng, she woke up in her mind and suddenly shouted indifferently.

"Shangguan Xi'er, you colluded with the alien demon, captured me and imprisoned me in the Misty Palace for more than two hundred years. Today, the old man will recover everything I lost."

With a bang, Fu Qiankun's robes shattered, revealing a proud and stubborn face, his eyes exploded with cold light, and he shouted.

"hiss!"

Sucking air-conditioning sounds one after another, this person turned out to be Fu Qiankun, the first person in the mainland.

Bang bang bang!

Everyone's hearts jumped wildly, and the Emperor Jijing Dan and others were even stupid.

"This Qiankun was actually imprisoned by Misty Palace for more than two hundred years."

"Fu Qiankun's disappearance that year was actually caused by Misty Palace?"

"This Misty Palace is such a cruel method. It had colluded with the alien demons two hundred years ago, and even dared to do it with Fu Qiankun, the first person in the mainland, the president of the Holy Land of Blood. So, there must be Misty Palace in the Holy Land of Blood Internal response."

"No wonder the rumors in the Guyu Realm are true. The Misty Palace has secretly controlled many forces in the mainland for three hundred years?"

Thoughts came out one by one, everyone was shocked and their hearts trembled.

Everyone felt that they had figured out a big secret in an instant.

"Master!"

Looking at Fu Qiankun's appearance, Qiu Puchun's tears rolled down, his excited lips trembled, and he screamed.

Unexpectedly, the master who disappeared more than two hundred years ago was here, Qiu Puchun's inner emotions erupted in an instant, unable to restrain himself for a while, and wanted to rush up crazy.

"Qiu Puchun, you stay and block the dark shadow. Don't let the dark shadow get out of trouble. This Shangguan Xier will be handed over to the teacher."

When Fu Qiankun saw this, he let out a low shout, the bloodline forbidden territory swept out, forming an independent space in this blue spirit world, and went straight to Shangguan Xi'er.

"The Art of Blood Forbidden!"

Wow! The infinite bloodline light condensed in his palm, and in a flash, it formed a blood-colored rainbow, which pierced straight towards Shangguan Xi'er.

### [Chapter 2125: Actually lost](#)

"Fu Qiankun, you were not an opponent in this palace back then. Now that you have been trapped for so many years and your injuries have not healed, how can you hurt this palace? It's okay if you don't show up. You can still survive without thinking that you would kill yourself. Forget it, this palace will do it today

It ended you at the end, and let you, the first person ever, disappear completely. "

Shangguan Xier's eyes were indifferent, and the cyan halo in the palm of her hand blended into her arm, turning into emerald green.

She waved her hand gently, and a circular blue light lit up, rolling towards Fu Qiankun layer by layer.

Before the halo fell, the astonishing coercion had already swept away, and everyone on the battlefield was shocked and terrified.

"Rewind everyone!"

Pill Emperor Jijing shocked all over, and suddenly shouted, he flew up at once, and after a few flashes, he had already flashed to the edge of the barrier.

The rest of the people hadn't reacted yet, and Fu Qiankun and Shangguan Xi'er's attacks had already collided.

"Boom!"

As the roar fell, the void in the main hall suddenly shook, and the tens of millions of runes floated instantly, shaking in all directions.

The void also folds and ruptures constantly, a strong shock wave swept away, and the vast force surging like a sea, condensed into a huge wave.

"puff....."

Under this coercion, everyone felt blood spurting, and their bodies almost died!

Several Wudi who had been seriously injured, and who had survived before, were directly stunned and died on the spot.

"puff!"

Under the explosion, no one could resist, Fu Qiankun's body shook wildly, and the blood forbidden technique was distorted by a bombardment, and then with a bang, his body flew upside down, blood flew horizontally, blood spurted from the corners of his mouth, and bones in his body The crack sounded and he was seriously injured.

Fu Qiankun was also defeated?

Everyone's heart sank, and they only felt that all their thoughts were grayed out, and the courage in their bodies disappeared cleanly, and there was no light in front of them.

Shangguan Xi'er is too strong, and even Fu Qiankun has been defeated, who can rival them?

"Fu Qiankun, this palace has already said that the time that belongs to you has passed. If you are an enemy of this palace, you are looking for death. In that case, this palace will send you to hell."

Shangguan Xi'er walked out of the explosion, her eyes were cold and wandering like an immortal. After Fu Qiankun's full blow, her face turned pale and she was a little traumatized, but she was much better than Fu Qiankun.

Xianxiansu reached out and took Fu Qiankun's head straight to kill him.

"Master!"

Qiu Puchun was shocked and roared.

"Hahaha." Fu Qiankun was extremely embarrassed, with blood on the corners of his mouth, but at this moment he laughed loudly: "Shangguan Xier, the era of the old man has indeed passed, and now is a new era, you...may not be true. the first."

Shangguan Xier frowned: "What do you mean?"

"It means this..."

A cold voice sounded, hum, Shangguan Xi'er flickered in the air, and a figure appeared, holding a sharp sword, and smashing Shangguan Xi'er with lightning, and at the same time screamed: "Shangguan Xi'er, take your life."

boom!

The speed of this sword is too fast, like electricity, like fog, vast and misty, stabbed from nowhere, like an antelope hanging horns without a trace, stab Shangguan Xier quickly.

"It's the dust!"

"Why is it him?"

"When did he approach Shangguan Xier?"

Everyone was shocked, unable to believe their own eyes. The previous attention of everyone was completely attracted by Fu Qiankun and Shangguan Xier. No one expected that Qin Chen had already killed Shangguan Xier and launched a brazen one. hit.

"kill!"

Qin Chen burst out and rushed forward like lightning.

He asked Fu Qiankun to act first in order to seize this opportunity. Moreover, he had already borrowed the power of Lao Yuan to use the secret technique to hide in the void, and then violently attacked, so that Shangguan Xi'er could not feel it at all. The appearance of Qin Chen.

When she reacted, Qin Chen had already taken action.

"When did this kid come?" Shangguan Xi'er was slightly shocked, but although she was not confused, she could tell at a glance that Qin Chen's cultivation level was only in the realm of the giant Wudi, and such cultivation level was already in the outside world. Supreme Master, but in her eyes, it's like an ant.

Too is so much better than the ant, it is not a problem at all.

She was even surprised that it was a miracle to survive with Qin Chen's cultivation base, and it was a fantasy to want to hurt her.

She was disdainful in her heart, but she kept moving in her hands. She was an extremely vigilant person. When a lion fights a rabbit, she also needs to do her best. Om, every cyan rune swept and swept towards Qin Chen.

She boasted that she could kill Qin Chen with nothing but the rune of the Green Spirit World.

But when these cyan runes collided with Qin Chen, Shangguan Xi'er changed color.

boom!

These runes burst into pieces immediately, and Qin Chen's body, the space thunder domain was displayed, the terrifying thunder light surged, along with the terrible space rules, instantly repelling the suppressive force of the Azure Spirit Realm, unable to affect Qin Chen in the slightest. .

"what?"

Shangguan Xi'er was shocked. So far, it was the first time she saw anyone here who could completely shield her from the suppression of the Azure Spirit World. In her perception, the place where Qin Chen was located had formed an independent space, which was not affected at all. Her control.

"Good boy, die!"

Shangguan Xi'er was shocked, and shot like lightning. The jade hand protruded, and the void suddenly seemed to be folded. The terrifying fingers were like lightning, poking straight towards Qin Chen.

"boom!"

The spatial thunder domain where Qin Chen was located was directly exploded, and the delicate hand blasted Qin Chen's head directly.

"Old source!"

Qin Chen's pupils instantly shrank to the size of a pinhole, and he shouted angrily.

"Come!" The Lao Yuan in the Universe Good Fortune Jade Plate had been prepared for a long time, and a source force was instilled, and Qin Chen's strength immediately increased at an astonishing speed.

Qin Chen was full of chaotic energy, and his strength increased several times in an instant. This sword, surging the sun, moon and stars, fell fiercely.

"Crack!"

The finger shadow that Shangguan Xi'er pointed out was shattered, and a sword aura that frightened the universe was severely cut down, swallowing Shangguan Xi'er completely.

At the same time, Qin Chen opened a vertical eye at the center of his eyebrows, and the gods slammed out in silence.

He wanted to shock Shangguan Xi'er with soul impact, and then behead her with one move.

"what?"

Shangguan Xi'er was shocked, and the hair on every part of her body was erected. Amidst her anger, a pendant on her snow-white neck was suspended, buzzing, turning into a halo, and attacking Qin Chen's soul suddenly. Blocked it.

The soul attack was ineffective, but Banyue Ancient Sword had already fallen with the sound of sword chanting.

boom!

The endless sword energy surged and swallowed Shangguan Xi'er in it.

God!

Everyone was stunned. The boss with his eyes wide open and his mouth open could almost put an egg in, and each one was dumbfounded. This kid has succeeded!

### [Chapter 2126: Ruined](#)

The endless sword aura surged, and Shangguan Xi'er was completely enveloped by the sword aura. The astonishing explosion and the terrifying coercion released made everyone imagine that if they were to be replaced by them, under such an attack, they would not die or be seriously injured.

How could this son be so strong?

Everyone looked at Qin Chen's eyes with shock, and they couldn't believe their eyes.

"Did you succeed?"

Qin Chen stared at the roaring sword aura, his heart sank, and there was an inexplicable uneasiness, because the green spirit world that Shangguan Xier displayed had not disappeared at this moment.

"Kid Qin Chen, be careful!"

At this time, Lao Yuan's nervous voice suddenly sounded, and at the same time, Qin Chen's whole body's cold hair also exploded, as if being stared at by a wild beast.

"not good!"

As soon as the thought in his mind fell, the sword qi in front of him burst open, and the endless sword qi exploded, blasting into a sky full of true essence, from the explosion, a cold and stern voice burst out, slapped Qin Chen with a palm.

"Retreat!"

Qin Chen retreated violently, slashed out with a backhand sword, and amidst the rumbling and roar, Qin Chen flew upside down, a terrifying force rushed into his body, causing his internal organs to suddenly split, and a mouthful of blood came out from his mouth. .

In addition, a cold, regular force rushed into his body, rampaging.

"Is it the power of alien demon rules?"

Qin Chen was shocked, this turned out to be the power of the foreign demon race, and it was far more terrifying than any master of the foreign demon race Qin Chen had ever seen, and even more terrifying than the foreign spirit master in the Misty Palace.

Could it be that Shangguan Xi'er has been taken away by the alien demon? Qin Chen was frightened and furious. This force rushed across his body to tear his body. Qin Chen hurriedly urged his true essence to block it. Fortunately, Qin Chen's rules against the alien demon were too powerful. I understand, the source of the united old source,

Only then did the power of the alien demon be wiped out.

But the body was still destroyed in a mess, wow, another breath of blood spurted out, and his breath languished.

Qin Chen hurriedly raised his head, and saw Shangguan Xier's devilish energy lingering all over his body, and her white face, because of the devilish energy, the whole person became more evil and hideous than ever.

"Boy, you hurt me."

Shangguan Xi'er stared at Qin Chen coldly, with a trace of blood hanging on the corner of her mouth. She was injured. Under Qin Chen's previous attack, she vomited blood for the first time. The murderous aura on her body was unprecedentedly strong, just like the essence.

Everyone took a breath of air in their hearts, looking at Shangguan Xi'er, there was a sense of terror between their eyebrows.

Such a terrifying attack just now failed to kill Shangguan Xi'er, but only made her vomit blood. This kind of powerlessness filled everyone's minds and despair emerged.

Especially at this moment, Shangguan Xi'er, lingering demon aura, was even more terrifying than before. The blood-black demon aura gave everyone a strong shock.

"Xier she..."

No one had noticed. After seeing Shangguan Xier's appearance, Sect Master Illusion Demon squeezed his hands, and his eyes showed extremely complicated expressions.

"She was not seized, and she has practiced the rules and magic power of the alien demon!" Lao Yuan's voice resounded in Qin Chen's mind, solemnly.

"I have cultivated the power of rules and magic? How is this possible?"

Qin Chen was taken aback, knowing that he swallowed Lao Yuan's blood soul crystals, obtained the ancient Nandu heritage and golden parasitic seeds, and failed to fully cultivate the magic power of the alien demon race, but Shangguan Xier did it. May? Moreover, in the Tianwu Continent, the rules of the alien demons will be restricted, and it is almost impossible to be understood. If Shangguan Xier simply hunts, it would be okay, but at this moment, the magical aura on Shangguan Xier has even reached a whole new level. height of

Degree, this made Qin Chen couldn't understand.

"I don't understand. Generally speaking, human martial artists cannot cultivate the rules and magic power of the alien demon race by training alone, but this guy..."

Lao Yuan's voice was also full of doubts and solemnity. "Kid Qin Chen, you have to be careful, this person's strength is even more terrifying than I originally expected. Although she only touched the threshold of a holy realm, it is only her human strength. If she combines with her current monster Cultivation base, this person is definitely

Has reached the semi-sacred state! "

Lao Yuan's voice was not as relaxed at the beginning, but Shangguan Xi'er had hidden her strength at the beginning, but now her true essence and magical powers are closed, and the power that bursts out is much more terrifying than her apparent cultivation base.

"Then what to do?"

Qin Chen's heart sank, and all kinds of thoughts popped up in his mind for a while. For the current plan, he had no other way.

"Lao Yuan, if you come out, what chance do you have?" Qin Chen said solemnly.

"50%!"

Lao Yuan's voice was uncertain, "This woman is too strong and has reached the semi-sacred state, and my strength has only recovered a little bit, so it is only 50% at most."

"Is it only 50%?" Qin Chen's heart sank, his expression bitter. "This is already the limit." Lao Yuan sighed, "I have been sealed for too long, just like this Heaven Devourer. The seal of countless tens of thousands of years has made my strength weaker than ever. It can be so short. For a long time, so much recovery has been

It's pretty good. "Furthermore, although this place is isolated from the Tianwu Continent, I can go in and out freely on the surface, but in fact it is still within the scope of the Tianwu Continent, and my power is suppressed, so if it hadn't swallowed so many alien demons, the power I could use would be even greater.

low. "

"Furthermore, this 50% is still in the situation where the Sky Devourer does not take action. If the Sky Devourer also gets out of trouble, once the two of them join forces, it will be suspended."

Lao Yuan's words caused Qin Chen's heart to sink completely.

A sharp light suddenly appeared in his eyes, "50%, that's not bad, that's a big deal, I will take out the mysterious rust sword again, with the power of the mysterious rust sword, Ben Shao doesn't believe it and can't hurt Shangguan Xi'er. "

Qin Chen's heart was cruel, this was already his last trump card, but the mysterious rust sword was terrible, even he was extremely jealous. Once the mysterious power inside was activated, it would definitely be an endless ending.

Just when Qin Chen was about to sacrifice the mysterious rust sword.

"Jie Jie Jie..." A fierce laughter sounded, the black shadow on the iron pillar, with a devilish energy, actually shook the Qinglian demon fire that Qin Chen had displayed, and the master of the magic demon The talisman array displayed by Qiu Puchun bursts into pieces, horrifying to the extreme

The breath reverberates in this hall.

"Quack, stuck for tens of thousands of years, this demon lord finally got out of it."

The Heaven Devouring Demon Lord laughed fiercely. It was surrounded by blood, and it actually swallowed the blood of dozens of martial emperors who had fallen again before, broke the shackles, and walked out of the iron pillar.

It can be seen that the ancient characters linger all over its body, still suppressing it, but it has been unable to tie it to the iron pillar, only suppressing its breath.

"It's over!" The hearts of everyone sank completely, including Qin Chen, completely plunged into the endless abyss, and no longer saw the slightest hope.

### [Chapter 2127: Forbidden Soul Curse](#)

Heaven Devouring Demon Lord was out of trouble unexpectedly.

At this moment, everyone's hearts seemed to have fallen into an endless abyss, falling continuously, as if there was no end in sight.

"boom!"

The monstrous demon aura reverberated in this hall. This breath was terrifying. It was not weaker than Shangguan Xi'er in the semi-sacred realm, and formed two poles in this hall.

The terrifying demonic energy was suppressed, and the true essence in everyone's body was solidified, making it difficult to move.

"It's over."

"This time it's completely over."

"Dignified Misty Palace, the first person in the mainland, even colluded with a foreign race and willing to become a running dog of a foreign race, hateful, hateful, and sad!"

Everyone's heart is heavy, their faces are blue and gray.

How to fight this?

Shangguan Xi'er alone has already left everyone overwhelmed, his face is dusty and difficult to resist. Now, with the addition of this ancient alien demon lord, it is difficult for everyone to win even if they try their best.

This is simply a desperate situation.

"Ancestor!"

Compared to the ugly faces of everyone, the Heaven Devouring Demon Lord was overjoyed. Once the Heaven Devouring Demon Lord got out of trouble, its status in the alien demon race would be unmatched. For example, on the Wu Continent today, there are almost no surviving Demon Lords. The ones gathered in the Misty Palace are just some of the remaining strong men of the various branches of the army. In other words, as long as the Heaven Devourer returns to the Tian Wu Continent, it will be the Demon Lord. , Will surely become

For the leader of all alien demons in Tianwu Continent.

And it will have the supreme status under one person and over ten thousand people.

How is this not exciting?

Whoosh!

The Heaven Devouring Demon Lord shook his body, rushed out of the encirclement of the Chiyan Demon Lord and Mo Li, and came to the front of the Heaven Devouring Demon Lord with excitement.

"Haha, yes, I don't think I have a descendant like you, yes, you are very good!" The Lord of the Sky Devourer walked in the void with a smile, the kind of domineering and stalwart, deeply rooted in the hearts of the people, his right hand stuck out, lightly patted the shoulder of the Sky-Swallowing Demon Lord, the Heaven-Swallowing Demon Lord only felt a rush of power into his body, and his body became light and agile.

a lot of.

"Thank you ancestors."

Heaven-swallowing Demon Lord said excitedly, unable to restrain himself.

It has to be said that the Heaven Devouring Demon Lord after getting out of trouble, with all the tolerance, it lingers in the magic light, the monstrous demon energy turns into a series of magic talisman, and it lingers around it like the same demon god.

It appeared, and the entire hall seemed to be transformed into its world, and everyone was its subjects.

"Is this a master of the demon master, a strong saint?"

This feeling is too uncomfortable, no one is not afraid, not shocked.

All the people present are the top powerhouses in the mainland, with outstanding identities, walking on the mainland, speaking with the law, and watching the world.

But at this moment, they all felt small, as if the ants were looking up at the dragon. This level of difference made people unable to produce the courage to resist.

"Congratulations, Brother Zhutian, getting out of trouble!"

Shangguan Xi'er smiled and opened her mouth. She wiped the blood from the corners of her mouth, leaving a trace of red, which made her more delicate. She chuckled, like a female emperor between heaven and earth, walking out slowly, bare her ankles, stalking her heart, and walking slowly Towards the Demon Lord.

"Stop her!"

Pill Emperor Jijing shouted in anger, and even tried to stop Shangguan Xi'er.

The others moved too and rushed forward.

"Quack, a bunch of ants, get out of the devil!"

The Heaven Devouring Demon Lord laughed fiercely, and a terrifying magical impact suddenly burst out of his body. With a bang, the terrifying magical impact burst from his body, and everyone screamed and flew out, embarrassed. .

It's too strong, just the devilish energy that escapes is enough to seriously hurt everyone, and the two sides are not on the same level at all.

"puff!"

Qin Chen's figure trembled too. With this blow, all his internal organs turned upside down, and his body was almost torn apart, and he couldn't even defend the Immortal Eucharist.

Is this a master of demon master? Simply too strong!

"The Lord of the Demon is truly superb, and the juniors admire him."

In front of the Heaven Devouring Demon Lord, Shangguan Xi'er was very well-behaved, no longer the domineering before, the light in the eyes flickered, this is a kind of worship and admiration for the strong.

"Quack, human female emperor, the demon master speaks for the truth. Since your Excellency rescued the demon master, the demon master must keep the promise."

"The juniors naturally believe in Lord Demon Lord!"

Shangguan Xier came to the Lord of the Devouring Demon, hum, a halberd appeared in her hand, the pitch-black halberd, glowing with a cold luster, was actually a demon soldier, and it was obviously a demon of an alien race. Soldiers.

"This is..." The Heaven Devouring Demon Lord showed surprise, his eyes bursting with cold light.

Shangguan Xi'er chuckled, "Master Demon Lord, this is the halberd of the Heavenly Demon. It was obtained from an ancient battlefield in this palace. It is said to be a demon soldier of the alien demon race. It was specially brought to Master Demon Lord."

"Hahaha, good!"

The Heaven Devouring Demon Lord laughed and reached out to meet the Demon Soldier, but when its palm was about to touch the Demon Soldier.

boom!

A sharp glow suddenly burst out of Shangguan Xier's eyes. She clenched the magic soldier with her right hand, and a monstrous demon energy burst out from the magic soldier. The next moment, Shangguan Xi'er's eyes were cold and she pierced like lightning. Devouring Demon Lord.

"Boom!"

The monstrous blood and black demon energy rose, and Shangguan Xi'er's face was covered with blood and black lines, and the whole figure was like a Rakshasa, bursting out an unprecedented blow.

This scene happened too suddenly, and instantly stunned everyone on the court, and everyone was dumbfounded.

Shangguan Xi'er actually attacked the Demon Lord?

This, is it that they are dazzled?

Also shocked was the Lord of Heaven Devourer.

"Human, what do you do?"

It was furious, and its face was terrifying. When it reacted, the Demon Halberd had already reached its chest that day, and the power of terror was madly invading its body. In the crisis, it roared and slapped its hands together quickly, buzzing, and the sound of the Sanskrit sound, the magic sounds linger in this world, and it saw dense waves of magic charms surging, like a fish, madly blocking the battle of the gods  
Before the halberd, proceed

withstand.

"Devil Soul Wave!"

At the same time, the brows of the Heaven Devouring Demon Lord split a blood-colored eye, and the eye pupils contained endless magic power. A terrible demon soul impact burst out of its pupils, and went straight to Guan Xi'er.

"boom!"

The magic light was extremely fast, and Sharan came to Shangguan Xi'er, and came first.

"Forbidden Soul Curse!"

Shangguan Xi'er didn't dare to be careless, the necklace on her neck suddenly burst with a light film, blocking the soul attack.

And her right hand, already holding the Heaven Demon Halberd, pierced into the chest of the Heaven Devourer.

"puff!"

As the halberd entered the body, a trace of blood-black light flourished, forming a circular shield, enveloping the Heaven Devourer Lord in a sudden.

This sudden scene stunned everyone, and everyone looked at it in amazement. What is Shangguan Xier doing here?

[Chapter 2128: Source magic](#)

"Human, stop me!"

In the circular shield, the Heaven Devouring Demon Lord snorted coldly, and the shield trembled violently, trying to escape.

Shangguan Xi'er turned a deaf ear, only frantically urging the halberd in her hand, and a stream of blood burst out of her body, floating around the circular shield, forming a complicated six-pointed star pattern.

A trace of black magic energy was sucked out of the shield, and the strands merged into Shangguan Xi'er's body.

"You dare to swallow the original demon energy of this demon lord, stop me." The voice of the devil lord of the sky rang out in the light mask and kept resounding.

Shangguan Xier sneered coldly, "The Demon Lord, didn't you take the Heart Demon Oath and let me be promoted to the Holy Realm after getting out of trouble? In that case, it's better to hand over your original magic power to this palace, and it's done. Your oath."

"The human female emperor, this demon master promises you, she will naturally do it, but she does not do it like this, this demon master will definitely fulfill her promise.

The main voice of the Devourer was cold and rumbled.

"What? This Shangguan Xier's big handwriting actually wants to break through the holy realm by absorbing the original magic power of the Sky Devourer." Lao Yuan's voice resounded in Qin Chen's mind, full of shock and shock.

Qin Chen frowned and said, "Lao Yuan, what's going on?" Lao Yuan said in a deep voice, "Shangguan Xier cultivated the methods of the alien demon race, mastered the rules of the alien demon race, and possessed the alien demon race itself. The cultivation base, and she wants to break through the holy

realm, there are two kinds, one is to cultivate the power of the original source normally, in this day Wu Da

Lu, it is almost impossible to do it, and the other one is to do it by absorbing the power of the source of the power of the holy realm. "

"And like today, on the Wu Continent, there are no human holy realm powerhouses. Obviously this Shangguan Xier wants to use the original magic power of the Heaven Devourer to make himself breakthrough."

"Essential magic power?" "Yes, the original magic power is the power possessed only by the demon master-level strong, and it is the core of the holy realm strong. Although the strength of the devil master has fallen, the realm is still the realm of the demon master, so , As long as it swallows its original magic power, there is a

There is a certain chance to enter the holy realm, but it is only a certain chance, and once it is invaded by the original magic power, then Shangguan Xier will inevitably transform into a demon and become a monster of human beings, alien demons and not alien demons. "

Lao Yuan explained.

Qin Chen couldn't help taking a breath, Shangguan Xi'er was so crazy.

In order to break through the sacred realm, he was willing to incarnate himself into an alien race?

wrong.

A cloud of cold light burst into Qin Chen's eyes, isn't Shangguan Xi'er always so crazy? For self-interest, I deceived myself for so many years, until I was in order to get what was on my body, and Feng Shaoyu pained the killer.

Such a feminine woman can't do anything.

"Kid Qin Chen, what should we do now? Should we join hands to deal with Shangguan Xi'er, or stay still for the time being?"

At this time, Fu Qiankun's voice came with hesitation.

Don't say it's him, Jijing Dandi and others are also dumbfounded.

What they worry most is that Misty Palace and the alien demon are teaming up, but now Shangguan Xi'er is dealing with the demon Lord himself, what should they do?

For a while everyone was caught in conflict.

If you deal with Shangguan Xi'er now, wouldn't it help the Heaven Devourer of the alien demon race to get out of trouble? But if they don't take action, once Shangguan Xi'er solves the opponent, will they still have a chance to fight back?

"Lao Yuan, what do you think?" Qin Chen asked Lao Yuan.

"Why... wait first?" Lao Yuan's voice was hesitant: "What kind of character is the Sky Devourer. Although he has been trapped for so many years, if it is so simple and cleaned up, I am afraid that he will not live until now."

Qin Chen breathed a sigh of relief, Lao Yuan's guess was almost exactly the same as his.

This is a master of the demon master level, if it is so easy to be cleaned up, it will not be sealed here for tens of thousands of years, it has already been wiped out.

Who can become the master of the devil, which is the Yi generation?

What's more, there is a master of the alien demon race beside the Demon Lord.

Sure enough, the most nervous of all is the Devouring Demon Lord.

"My Lord Palace, what are you doing?" Sky Swallowing Demon Lord exclaimed, his whole body surging with demonic energy.

"What are you doing? Didn't you see it?" Shangguan Xier sneered.

"But... you didn't say that at the beginning." The Sky Swallowing Demon Lord looked shocked, and his voice was trembling. Shangguan Xi'er couldn't help laughing: "The Demon Lord of the Devouring Sky, you are also a master of the Demon Lord of the Alien Demon Race. Why are you so naive? Yes, at first this palace said to rescue the Lord of Heaven Devourer, but this palace just casually said After all, if you don't say that, you

How can you help out? Besides, do you think this Heaven Devourer is very honest? "

Speaking of this, Shangguan Xier turned to look at the Demon Lord, and sneered: "Devil Lord, don't pretend anymore. You laid out for countless years, and even left a message to future generations. As a way out, you think you are the only one. Are people smart?"

"What do you mean?" The Heaven Devourer Master said in a cold voice. "Do you think this palace doesn't know?" Shangguan Xier said disdainfully: "When you came to this ancient magical land, you left a lot of messages in your family. Among them, there are ways to locate the space seal and open the space seal, just to fear yourself. Into this ancient

After the magic land, you encountered danger, and later you came here to perform the mission and failed, and you were sealed here, you can only shrink in the space seal, linger. "

"However, you have left a trace of blood connection to future generations, so that future generations can find here, just to give you a chance to get out of trouble."

The Sky Devourer said coldly: "Isn't this normal? The demon's message is indeed to leave a way out, but what about it?" "Indeed, leaving a way out can only be said to be cautious." Shangguan Xier sneered and said: "But you are sealed here, in fact, you can't leave at all. If you want to leave, only people can take your place, and you can sacrifice with your blood and life.

Get free, and this survivor is your offspring, the Heaven-swallowing Demon Lord, right? As for us, when you really get out of trouble, you will inevitably become your sacrifice, and none of them will be able to go out alive. "

"Nonsense." The Sky Devourer said angrily: "This Demon Lord has taken the Heart Demon Oath. Don't you worry about it?" "The Heart Demon Oath can indeed confuse people. If it is outside, you take the oath, this palace I might believe it, but this place is an independent space, free from the constraints of the Tianwu Continent's heavenly laws.

, Is there a mistake in this palace? "

"Unfortunately, your conspiracy has long been seen through by this palace!" "You have to absorb a lot of blood if you want to get out of trouble. Therefore, this palace will use the plan to release the news here and attract the fools of these major forces. You have enough nutrients to get out of trouble, and you think that the time is right to step out of the seal formation so that you can sacrifice to me, and absorb the essence and blood of me, so that you can restore your cultivation and kill again."

#### [Chapter 2129: Goodbye blood](#)

"And these are in the calculations of this palace."

"And you, although you are temporarily out of trouble, you are actually very weak. As long as this palace consumes your original magic power, your cultivation base will naturally increase, so your plan will only be fulfilled in this palace."

"At that time, this palace will become the first person in Tianwu Continent, the real supreme existence, and after absorbing your original magic power, this palace will also gain the ability to dominate alien demons. It can be described as the best of both worlds."

"Heaven Devouring Demon Lord, since you have long been abolished, you should continue to sleep here, and let this palace complete the plan in your heart."

Shangguan Xier talked endlessly, shocking everyone.

It turns out that there are such conspiracies and plans in it, as Qin Chen expected, they were all planned by Misty Palace.

She discovered that the time was ripe, and then released the news, attracting everyone to come.

However, the masters of Sky Thunder City and the major forces were all kept in the dark, and they cast themselves into the net and became Shangguan Xier's props.

This guy is really cruel, not only calculating them, but also some of his own masters have become victims.

The Heaven Devouring Demon Lord didn't say a word, and it seemed that Shangguan Xi'er had said it completely.

"Ancestor, is this...is this true?" The Sky Swallowing Demon Lord was also shocked, it turned out that it was just a substitute?

"Haha, half true and half false." An indifferent voice sounded as the Sky Devouring Demon Lord: "Unexpectedly, among the human race, there is such a personal character as Your Excellency. It is amazing, indeed amazing, and this Demon Lord also admires it."

There was appreciation in the voice of the Heaven Devouring Demon Lord, without the slightest anger or shock.

Has it completely accepted reality and is willing to be refined?

Hearing this, Shangguan Xier frowned, always feeling that something was wrong.

"The human female emperor, do you know why this emperor is called the demon Lord?" The voice of the demon Lord suddenly became savage. "With this little method of yours, you also want to swallow the original magic power of the demon. It's really naive."

"boom!"

In the shield, a burst of terrifying magic power rose up, and then Shangguan Xi'er was shocked to find that she couldn't extract the magic power of the Heaven Devourer at all, but the original magic power she had extracted before was actually returning a little bit.

"how can that be?"

Shangguan Xi'er was shocked.

She urged Zhen Yuan to resist the devouring power of the Heaven Devouring Demon Lord, but she couldn't stop it at all.

"Boom!"

Finally, the shield was completely exploded, the Devouring Demon Lord stretched his hands, and his body lingered with the devil energy, roaring like a monstrous demon god.

Its body has never been smashed by the halberd of the heavenly demon, but the halberd of the celestial demon was only a ghost in front of it.

"You weren't hurt, how could this be?" Shangguan Xi'er was amazed.

Before the Devouring Demon Lord was hit by her, they were all pretending to be. "Hahaha, how can it be impossible? This demon Lord never believed you from the very beginning, the cunning of human beings, this demon Lord has experienced many times in ancient times, how can he trust you as an outsider, this demon Lord just wants See, what are you selling

What a pity, this little method really disappointed this demon master. "

"Now, it's the turn of the demon master to take action."

The Heaven Devouring Demon Lord laughed, and countless magic lines suddenly rose up on his body.

Suddenly, a wave of terrible magic power swept down, wrapping everyone in the entire hall.

This magic power is too terrible, shocking the eternal.

Moreover, a horrible swallowing force swept across, and everyone felt the blood and life in their bodies flow by. "Jie Jie Jie, the reason why this demon master is called the devil master of the sky is because the devil master's devouring power has always been the only part of the devil master to swallow others, and

how can anyone else have the qualifications to swallow the devil master." Heaven Devouring Demon Lord savagely and arrogantly, poke out with one hand,

Towards Shangguan Xi'er patted down.

Boom!

The terrifying magic power raged, Shangguan Xi'er was blown out with a palm, her face turned pale, and a trace of blood overflowed from the corner of her mouth.

The changing scenes made everyone dumbfounded and desperate.

Shangguan Xi'er was slapped flying, facing such a big enemy, can they still be hostile?

Shangguan Xi'er's eyes were cold, and she couldn't think that she had a lot of calculations, and she was still caught in the trap of the Sky Devourer, but there was no panic on her face.

At this time, he could still maintain his composure.

"Huh." The Heaven Devourer was taken aback, and Shangguan Xi'er's performance surprised him greatly.

"Do you think you are determined to win?" Shangguan Xier sneered.

"Do you still have the means to come back?" The Sky Devourer asked in surprise.

"Devil, what are you doing in a daze, watching a show?" Shangguan Xier coldly shouted.

"Jie Jie Jie, Lady Empress, this seat has said long ago that it is not easy to devour the devil master."

In the void, a cold voice sounded, and then a black figure emerged beside Shangguan Xier, who was the mysterious alien demon who had been following Shangguan Xier.

It has a terrible magic light and a terrifying aura, and it is not weaker than Shangguan Xi'er.

"Who are you?" The Sky Devourer's eyes narrowed.

"Master Demon Lord, this seat is only a junior, not enough." The black shadow grinned grimly, and the magical power surged to resist the devouring of the Demon Lord.

"Hmph, pretend to be a ghost, I don't know where the dog stuff came, and die for me." The Sky Devourer snorted coldly, with his big hand out, and suddenly a monstrous demon palm swept out, rolling towards the black shadow.

The black shadow was not in a hurry, a blood-colored book suddenly appeared in his hand, hum, the blood-black book opened, and a horrible magic power swept out, booming, exploding the monstrous demon's palm.

"Ancestral Demon Blood Sutra!"

Qin Chen was shocked, showing a look of shock. This book turned out to be the Ancestral Demon's Blood Classic in the ancient Yu world. Quinn tried to use this book to absorb Lao Yuan, the Red Flame

Demon Lord and others, and become a new demon master. Later, after Qin Chen and others killed Quinn, This book is a strange escape, but I didn't expect to appear again now

Here it is.

The Ancestral Demon Blood Sutra was originally in the hands of the strange demons in Misty Palace. This is not surprising to Qin Chen, but what he was surprised was why the Ancestral Demon Blood Sutra appeared here.

The Demon Lord, who had never changed color, finally changed color after seeing the Ancestral Demon Blood Sutra.

"How can you have Ancestral Demon Blood Sutra!"

It looked shocked and couldn't believe its eyes.

The Ancestral Demon Blood Sutra is a holy artifact of the alien demon race, and only the successors of the alien demon race are qualified to possess the Ancestral Demon Blood Sutra.

And this person has the Ancestral Demon Blood Sutra, which means that this person is very likely to be the orthodox of the foreign demon race, which makes him not shocked, not shocked.

"Since your Excellency knows the Ancestral Demon Blood Sutra, don't you kneel down and surrender?" Black Shadow said coldly.

"Hahaha, I want this demon lord to surrender, I'm crazy about dreams."

After the Demon Lord was shocked, he shouted fiercely: "Only a figure of Demon Lord is qualified to possess the blood meridian of the Ancestor Demon. Bring it to this Demon Lord." The Demon Lord coldly snorted and directed towards the dark shadow. Coming violently, snatching the blood of the Ancestral Demon in the opponent's hand!

[Chapter 2130: 40-50% chance](#)

"It's just you, a half-dead demon lord who deserves to be called a demon lord?" The black shadow of the alien demon race called the demon grinned and immediately activated the Ancestral Demon Blood Sutra.

"Blood Sacrifice Great Array!" The shadow screamed, and when he threw the Ancestral Demon Blood Sutra into the air, in an instant, crimson rainbow lights burst out from the Ancestral Demon Blood Sutra, and those rainbow lights fell down, with it. My bloodline formed a mysterious seal rune, spinning

Suppress the Demon Lord.

boom!

The mighty rune exudes a breath of shock for eternity, like a high mountain, instantly confining the Heaven Devouring Demon Lord, the devilish energy on it quickly dissipated, quickly melted, and its strength was rapidly declining.

"Damn it, you can actually activate the Ancestral Demon Blood Sutra and break it for me!"

The Heaven Devouring Demon Lord roared, shot frantically, roared, and only heard a deafening roar. The seal formed by the blood meridian of the ancestors trembled violently, sending out violent fluctuations, and it was actually broken.

"What?" The Dark Shadow Demon couldn't help frowning, and the Ancestral Demon Blood Scripture couldn't stop the Sky Devourer?

It was shocked, and hurriedly increased the urging of the Ancestral Demon's Blood Sutra. Suddenly, the entire body of the demon burst into black light, and a breath of original origin was revealed, fused with the blood of the Ancestral Demon's Blood Sutra, continuously strengthening the seal, and death. Suppress the Heaven Devourer Lord.

"It's useless. Although you have been approved by the Ancestral Demon's Blood Sutra, you can control the Ancestral Demon's Blood Sutra to a certain extent, but the Ancestral Demon's Blood Sutra is the treasure of my alien race. Only a figure of the Demon Lord can do it." Although the Demon Lord was trapped, he was full of excitement and excitement. His eyes shone, and the magical rainbow bloomed: "It's really God who helped me. Originally, the Demon Lord was a little worried about restoring strength. But now, as long as you have swallowed you, you will get the Ancestral Demon's Blood Sutra, this demon

The Lord can restore the peak cultivation base in a very short period of time, and even go further. At that time, no one in the world can be an enemy of this demons. "

The Heaven Devouring Demon Lord was extremely excited, booming, the demon flames in its body were overwhelming, and it was clearly working hard.

Click!

The seal formed by the Ancestral Demon Blood Sutra was shaking violently, and there was a faint cracking sound, which was clearly in the process of collapse.

"Master Empress, don't hurry up!" The shadow was frightened and hurriedly shouted.

In fact, without its instructions, Shangguan Xi'er also saw the crisis and shook her figure and went straight to devour the demon lord.

Boom boom boom!

In the battle between the two sides, the strength of the Sky Devourer was originally stronger than Shangguan Xi'er, but under the suppression of the Ancestral Demon's Blood Chronicle, he lost part again, and immediately fought with Shangguan Xi'er.

Boom!

The blood and devilish energy are overwhelming, as if they have turned into a purgatory on earth.

"Very good." The black shadow was excited, and his mouth was eloquent. Suddenly, it burst into black light, and strange blood runes appeared, and layers of strange power poured into the Ancestral Demon Blood Scripture, increasing the Ancestral Demon's blood. Seal formed by blood.

Hum!

Strands of blood-colored light patterns continued to fall, landing on the body of the demon Lord.

It can be seen to the naked eye that the Heaven Devouring Demon Lord kept escaping from the body of black auras. These auras were absorbed by the seal of the Ancestral Demon Blood Sutra and merged into the Ancestral Demon Blood Sutra.

Hum!

The original blood-colored scriptures suddenly shined brighter, and a faint red glow lingered in them, slowly blending into the body of the dark shadow demon.

The demon's face suddenly showed a look of enjoyment. After the red light was integrated into its body, the aura on its body was slowly rising, and a red halo protected it, as if it was transforming. general.

"Ah, you are actually absorbing the original magic power of this demon lord!"

The Heaven Devourer under the seal roared and struggled fiercely, but the rune transformed by the Ancestral Demon's Blood Sutra was suppressed underneath, and continued to escape the black aura, which was fused by the Ancestral Demon's Blood Sutra and turned into pure energy.

If it were alone, it might still be able to fight the Ancestral Demon Blood Chronicle, but under the suppression of Shangguan Xier, it faced the two masters alone, and naturally fell at a disadvantage.

In addition, Shangguan Xier's body was also lit up with \*\*\*\* light, which was obviously nourished.

Shangguan Xi'er and the demon of the alien demon race were working together, obviously eating the demon master.

"Kid Qin Chen, the two originally wanted to use the Ancestral Demon Blood Scripture to swallow the original magic power of the Heaven Demon Lord, so that they could break through the Demon Lord's realm." Lao Yuan's voice suddenly sounded. Qin Chen nodded, and he could also see that, in fact, the purpose of this demon was similar to Quinn's when he was in Guyu Realm, but Quinn at that time wanted to break through to become a demon lord by absorbing Lao Yuan's source beast origin. And the devil and Shangguan Xier are

Absorb the origin of the demon master of the devil to break through the realm of the demon master.

What a tough method.

Once the two of them break through the demon master and the other break through the holy realm, the Wu Continent will never have peace on that day and plunge into darkness completely.

Qin Chen once again had a clear understanding of Shangguan Xier's cruel and uncompromising methods. Qin Chen originally thought that Shangguan Xier was going to unite with the alien demon race to release the powerhouse of the alien demon race here, and then use the opponent to rule the mainland. She did not expect that Shangguan Xier actually had no such plan. Her purpose, Just to swallow

Devouring each other, the so-called alien demon master, in her eyes, is nothing but a ladder to reach the peak of martial arts.

Even in order to break through to the holy realm, she was willing to enter the demon and practice the methods and rules of the alien demon race. Although she did not know how Shangguan Xier did it, Qin Chenguang felt terrified after thinking about this method.

This is a woman who is not only to others, but also to herself.

"Lao Yuan, what is the success rate of Shangguan Xier?" Qin Chen frowned and asked. Lao Yuan meditated, and then said: "About 40-50%. The Heaven Devourer has been sealed for so many years. The original magic power has dissipated a lot, and his strength has also weakened a lot. If he absorbs it in its heyday, I am afraid the success rate can reach 80%. But now, it's only forty to fifty percent at most. However, even if it's only forty to fifty percent, even if it's impossible to break through to the realm of the demon master, as long as the demon master swallows the demon master, at least the cultivation of the two can be infinitely close to the holy realm. At that time, I couldn't escape

Up. "

Lao Yuan looked heavy.

"However, these two people want to refine the Heaven Devouring Demon Lord, I am afraid it is not that simple." Lao Yuan said again.

"What do you say?" Qin Chen was taken aback. "Hehe, if the demon master is so good at refining, there will not be only a few demon masters in this world. The master master of the demon master is the co-master of the alien demon race, and no one is a simple master." Lao Yuan sneered: "This Heaven Devourer Demon Lord, who broke into the Abyss Demon Race here, has never fallen. It has been sealed for so many years. A master of the alien demon race who is not even the Demon Lord wants to refine it with the help of the Ancestral Demon Blood Sutra. It's not so high."
