

Valkyrie 2141

[Chapter 2141: Bloodthirsty](#)

Think about it too.

The Lord of the Abyss was in the heavens, and he was also extremely terrifying. If he was killed by such a blow to refine the Ancestral Demon's Blood Chronicle, the Great Realm would not be unable to kill it. The suppression is here.

"You guys, it's too early to be happy."

The black stripes on the dark complexion of the Lord of the Abyss, violently fluctuated, and a terrifying magic power spread.

"not good!"

Lao Yuan exclaimed.

The remaining strong players on the field immediately became vigilant, and Ji Jing Dan Di and the others were even more devastated and retreated madly.

A strong crisis emerged in Qin Chen's mind.

"The Secret Technique of Devil—Bloodthirsty!"

The Lord of the Abyss surged with a strong will of magic light, releasing a dark and violent wave of magic light.

Hum!

The mysterious and dark magic light attacked at an extremely fast speed, traversing the four directions, across the entire hall.

Heaven and earth seemed to fall into the darkness, all the strong in the hall, bearing a terrifying magic light power, an astonishing swallowing power surge, to swallow the blood in their bodies.

"Ah!" The painful roar sounded, and the expressions on the faces of Emperor Jijing Dandi and others were distorted and painful. As for the few peak martial emperors such as Lu Zian and Feng Kang'an, they managed to survive until now, but at this moment they finally couldn't bear it. Puff puff completely

It burst into pieces and turned into blood mist.

Huhu!

A large amount of blood energy was quickly inhaled into the body of the Abyss Demon Lord, and the magic light that had dimmed from its body gradually recovered and became more and more abundant.

In an instant, among all the remaining powerhouses, except for the most top-notch ones such as Jijing Dandi, the remaining seven or eight people, such as Feng Kangan, who survived by chance, broke completely, and their lives and blood were swallowed instantly. .

The Lord of the Abyss swept the entire battlefield with one person.

If it used all its strength from the beginning, and directly used its assassin, I am afraid that everyone present would not be spared.

Swallowed by the horror of the Lord of the Abyss, Emperor Jijing Dan and others couldn't hold on anymore, roaring in pain, a trace of blood escaped from their body.

"No, this guy wants to use the blood and life of these people to restore his own strength, and he can't let it continue to recover."

The **** cat said with emotion.

Once the Lord of Abyss Demon swallowed the blood and life of Emperor Pill Mirror and others, it would be completely over.

Huh!

The **** cat flickered, suddenly appeared in front of the Lord of Abyss Demon, and patted it with one claw.

"Meow!"

It screamed, and there was a strong soul shock in this scream, and it suddenly flooded into the head of the abyssal monster.

Compared to before entering the ancient magic land, the strength of the **** cat has been abnormally improved.

"Huh, get out!"

The Lord of Abyss Demon drank coldly, slapped it out, and immediately collided with the claws of the **** cat.

puff!

The Lord of Abyss Demon shook his body, his face revealed a trace of pain, and the devouring of the crowd was slightly weakened, giving the Emperor Pill Mirror and the others some breathing time.

"what....."

It was shocked and looked at the **** cat in astonishment. The cat's attack contained a strong will impact, and it almost couldn't resist it.

"He meows."

The **** cat was slapped and flew out, unharmed, but grinned in pain, and shouted at Qin Chen and Lao Yuan, "What are you two still doing?"

"I'm here." Lao Yuan didn't dare to neglect, and once again killed him.

boom!

It stretched out its huge sharp claws and fell down frantically.

"Damn it!"

The Lord of the Abyss was disturbed by the **** cat and Lao Yuan, and found that he could not directly swallow the blood of Emperor Pill Mirror and the others. He showed a fierce killing intent and rushed directly to Emperor Pill Mirror and others.

Huh!

Like a black lightning, it hit the crowd.

"I will slaughter all of you to death and become the deity's nourishment."

The Lord of the Abyss has a ferocious and cruel face.

"Stop it!"

The **** cat drank anxiously.

Now, the life and death of Emperor Jijing Dandi and others are not only related to their own lives, but also to Qin Chen's life and death.

"Can't escape, come on!"

Emperor Jijing also roared.

They were not idiots, and they all saw the crux of the matter. If they wanted to survive, they couldn't let the Lord of Abyss Demon swallow them. As long as they held the swallow, Qin Chen and the others would have a chance to live.

"on!"

All the strong know this truth well.

Therefore, no matter how much hatred they had or what their relationship was, they all came forward and united together at this moment.

"roll!"

The Lord of Abyss Demon looked gloomy and cold, his eyes focused on Long Batian's body first.

This is the most vigorous one among all people.

Boom!

The Lord of the Abyss wielded a black spear, directly drawing a terrifying force, tearing the void apart.

"not good!"

This blow was too strong, and the power of Emperor Jijing Dan and others could not stop it at all, and could only watch this black spear burst out.

At the critical moment, the Chiyan Demon came forward, the Sky-Swallowing Devil Bottle appeared, and instantly stopped in front of the spear.

Boom!

The long spear collided with the Sky-Swallowing Devil Bottle, and the sky-swallowing Devil's bottle was blasted out instantly, making a clicking sound.

"my darling."

The Chiyan Demon showed a heartache, and a small gap once again appeared on the Sky Swallowing Devil Bottle that was finally repaired by it, making it extremely painful.

"I come!"

Lao Yuan shouted angrily and rushed straight to the Lord of the Abyss, stopping it frantically.

"Qin Chen!"

At the same time, the **** cat anxiously transmits.

Without the **** cat reminding him, Qin Chen had already activated the Ancestral Demon Blood Jing once again.

Hum!

The blood-colored light rushed to the sky, and the Ancestral Demon's blood meridian burst out with a terrifying light, a vast breath swept away, and once again exploded toward the Lord of the Abyss.

"Damn it!"

The Lord of Abyss Demon was frightened, knowing that if he was hit, he would be seriously injured again, and when he was furious, he immediately chanted the spell.

Buzzing buzzing..

In the main hall, waves of mighty magic patterns emerged, instantly enveloping the Lord of the Abyss.

Rumble!

The hall trembled, and the Lord of the Abyss was once again swallowed by the terrifying black hole, with a deafening roar, and the aura of destruction of heaven and earth shocked nine heavens and ten earth.

"do you died?"

Everyone looked nervously.

"kill!"

In the black hole, a roar rang out. This time the Lord of Abyss Demon was even more embarrassed than before, but it abruptly resisted, and the black spear stabbed Long Batian again.

Boom!

The spear was like electricity, as if it had penetrated the space, and instantly came to Long Batian.

"True dragon is here!"

Long Batian roared in anger, roaring, and the sound of the dragon's roar blasted into the sky, and dense dragon scales appeared all over his body, and his whole body turned into a real dragon, soaring into the sky.

Between life and death, he exploded, his blood was burning, and he worked hard. A real dragon transformed by the true essence, the hall of great shock, the breath of terror bursting, and the mighty majesty.

[Chapter 2142: Supreme Thunder](#)

The ancestor of the Long Family, worthy of being the ancestor of the Long Family, the breath that erupted at this moment made the Polar Mirror Dandi and others change color, shocked.

But it's useless.

puff!

Under the eyes of the crowd, the black spear pierced like lightning, as if entering the realm of no one, and instantly nailed the real dragon phantom to the void, effortlessly.

"what!"

Long Batian screamed desperately, blood splashed, his body was pierced forcibly, and in front of powerful men like the Lord of the Abyss, all his moves had no effect and turned into a ridiculous struggle.

boom!

Then he exploded and turned into a blood mist, disappearing in the screams, leaving only a strong **** aura surging in the hall.

call!

A large amount of blood was swallowed by the Lord of the Abyss, and the aura in the Lord of the Abyss suddenly surged.

"Hahaha, human ants, wait to die!"

The fall of Long Batian gave the Lord of Abyss Demon a great nourishment. Its aura increased at an astonishing speed. Not only did it return to its heyday in a short time, it even doubled its original foundation. .

kill!

After it swallowed Long Batian, it did not continue to make a move, but shook its body and rushed towards Qin Chen like lightning.

It is very clear that among the people present, Qin Chen is the only one who can pose a life and death threat to it. Others such as Lao Yuan and Red Flame Demon Lord are strong, but they can only affect it and cannot decide the battle. Only Qin Chen , Can really hurt it.

As long as Qin Chen beheaded, it can completely devour other people on the field.

"Qin Chen!"

Lao Yuan rushed forward to intercept the Lord of Abyss Demon.

But it couldn't stop the Lord of the Abyss at all, it could only stop its speed, but couldn't stop it completely.

"Damn it!"

Qin Chen's eyes flashed and immediately mobilized the power in the Ancestral Demon's Blood Scripture.

On the other side, the Lord of Yuanmo condensed his eyes.

"How many times do you want to use the same trick?"

The Lord of the Abyss had a fierce look.

This time, it will not give Qin Chen the opportunity to perform this trick.

"Die me!"

The Lord of the Abyss surged the original magic power and poured it into his spear.

boom!

From the black spear, a terrifying aurora suddenly burst out, like an energy cannon ball, penetrating the void and destroying everything.

Boom!

Lao Yuan was hit by this terrifying force, and was immediately blasted away. The blood crystals splashed all over his body, turning into the sky full of blood-colored Origin Qi, and it continued to dissipate.

It was seriously injured.

In the face of the master of the deep demon, who has not fully recovered its strength, its ability to persist until now is the limit.

call out!

Blasting away the obstructing Abyssal Demon Lord, using his marvelous body technique, he rushed directly towards Qin Chen.

"dead!"

It will kill Qin Chen at the fastest speed and end the battle.

"It's over!"

Jijing Dandi and others exclaimed loudly, showing despair.

"Kid Qin Chen."

The **** cat was also anxious, and the power of the Lord of Abyss Demon exceeded its expectations.

"Thunderblood!"

"burst!"

Qin Chen felt a fatal crisis, and hurriedly urged the Ancestral Demon Blood Sutra, and at the same time detonated the power of the true essence in his body.

Hum!

Above his head, the power of the true essence of the Nine Star God Emperor Jue combined with the power of the Ancestral Demon Blood Sutra, twisted together.

"It's late, die for me!"

The Lord of Abyss Demon smiled grimly and waved the black spear in his hand.

But at this moment, the power of the bloodline in Qin Chen's body suddenly trembled violently, and the mysterious rust sword in the jade disc of good fortune was also about to move.

As if by some kind of traction.

Qin Chen followed the abnormal movement of the mysterious rust sword, gritted his teeth, and quickly held the mysterious rust sword in his hand.

He struggled with life and death.

boom!

As soon as the mysterious rust sword appeared, an endless and terrifying force suddenly appeared in the void. When this force came, the world was trembling violently, and it merged with the power of the blood in Qin Chen's body.

Noisy!

The dark mysterious rust sword quickly climbed up with blue thunder lights. The two powers were combined, and the moment Qin Chen felt as if something broke open in his body, an endless thunderstorm emerged, instantly setting off him as a lightning giant, and the power of this lightning, even The blood of the ancestor

The forces of Jing suppressed it.

This force appeared, no one saw it, and the entire sea of thunder roared violently, as if there was a shocking explosion, like a tsunami.

Qin Chen's power affected the power of the entire Thunder Sea.

At this moment, the space in the ancient temple seemed to be forbidden, all the power was frozen and shuddering.

"What? This thunder and lightning power, the Supreme God Thunder, who are you..."

The face of the originally arrogant and domineering Abyssal Demon Lord suddenly showed endless fear. This was real fear, as if he had seen something unbelievable.

It is not just afraid of Qin Chen's thunderous power, but also afraid of this power itself.

"What is the relationship between you and 'That One'? Why is the power of 'That One' appearing on this small continent, it's impossible..."

The Lord of the Abyss screamed and trembled.

At this moment, his body, soul, and power seemed to be infinitely suppressed, unable to operate at all.

But its body rushed towards Qin Chen abruptly, with a face of horror and despair.

"why why....."

At the moment it roared, Qin Chen's attack also fell completely.

boom!

The endless thunder light poured down, swallowing the Lord of the Abyss in an instant.

The thunder bloodline in Qin Chen's body bloomed crazily, the sky was distorted, gleaming with dazzling colors, the rules of heaven and earth were boundlessly affected and chaotic.

"this is?"

Qin Chen muttered in his heart.

At this moment, he seemed to transform into a whole world, controlling everything in the world, the rules of profound meaning, and every thought affects everything in the world.

He seemed to feel the entire sea of thunder, and what made him even more shocked was that he seemed to be able to control the sea of thunder, the entire sea of thunder, like a part of his body.

It seemed that as long as Qin Chen thought, everything in the Sea of Thunder would disappear and cease to exist.

This feeling was only a moment, and then quickly disappeared, and at this moment, Qin Chen felt like he was united with the heavens and the earth, he felt the breathing of the Tianwu Continent, and felt a kind of dark calling.

He looked up, as if seeing the endless sky, a towering and domineering figure was staring at him, like a **** king.

But the other person's eyes were full of kindness and gentleness.

boom!

Thunder light bloomed, Jijing Dandi and others were terrified and backed away frantically.

Rumble!

Where the thunder is shattered, there is nothing in the world, and everything has lost its original essence.

The iron pillar of the main hall shattered, and a passage to the outside appeared, and when the lightning fell, the body of the Lord of the Abyss was completely shattered and turned into nothingness.

The whole hall was silent.

puff! Qin Chen spouted a mouthful of blood, his face was pale, and the thunder light on his body instantly disappeared, as if he had exhausted his strength and fell to his head.

[Chapter 2143: Subtle changes](#)

This blow exhausted all Qin Chen's strength and fell to his head, his breath quickly weakened.

"Qin..."

Fu Qiankun was shocked and almost called the wrong one. He shook his body and hurriedly hugged Qin Chen and put him down. After discovering that Qin Chen's breath still existed, he was slightly relieved.

However, Qin Chen was in a coma at the moment, unable to wake up at all.

In the chaotic hall, there was silence at this time.

"Lord of Abyss Demon, is dead?"

After a long time, somebody said something shockingly.

"What kind of power is this?"

Everyone looked at Qin Chen's eyes widening with disbelief.

From their perspective, they can't understand the power that destroys everything and changes the world.

This force is far beyond their understanding.

Is it because of the blood of the ancestor demon?

Everyone is guessing.

However, the demon of the alien demon race also used the Ancestral Demon Blood Sutra, but they did not say that it was as terrifying as Qin Chen showed.

Everyone looked at Qin Chen with deep awe.

In the crowd, Shangguan Gufeng was frightened, his eyes turned slightly, and he looked around, while everyone was shocked.

call!

She transformed into a flash of lightning, swiftly swept toward the tunnel where the iron pillar was, and sprinted away.

"Shangguan Gufeng wants to run."

"This old thing, don't let her run away."

Everyone was awakened by Shangguan Gufeng's actions, and they shouted coldly.

Whoosh whoosh!

A group of people flew over.

This time, the crisis can be said to be caused by Misty Palace. Shangguan Gufeng is also the culprit. If she is allowed to run away, heaven will not tolerate it.

"roll!"

Shangguan Gufeng was furious. She knew that if she didn't run out now, staying would be a dead end.

She was furious and screamed, and immediately shot with all her strength. With a bang, a terrifying force swept towards Emperor Jijing Dandi and the others. Jijing Dandi and others took action to stop them. However, in the battle with the Lord of Abyss, everyone present was greatly injured. Most of them hurt their foundations and were overwhelmed. They were unable to intercept the ancient style of Shangguan. Desperately

Down, they were repelled.

Seeing that Shangguan Gufeng was about to break into the passage.

"He is arrogant here, has he ever asked your cat?"

There was a flash in the void, and the **** cat suddenly appeared in front of Shangguan Gufeng, staring at the eagle and patted down.

"Go away!"

Shangguan Gufeng was terrified and hurriedly blocked it, but a terrifying soul shock instantly poured into her mind, "Ah", she screamed and fell to the ground.

"Huh, want to run away in front of your cat?"

The **** cat fell on Shangguan Gufeng and said mockingly.

"hiss!"

Everyone sucked in air. They were injured one after another in the previous fight with the Lord of Abyss Demon. Almost all of them were seriously injured, but this black cat couldn't see what was wrong. How could it not be surprised?

Damn, where did this black cat come from? The wild monsters are not so scary, right?

And when the **** cat had just won the ancient style of Shangguan, suddenly—

Hum!

In the void, the light flashed, and a black jade bottle appeared, it was the Sky Swallowing Devil Bottle, and I saw the strange mystery pattern flashing on the Sky Swallowing Devil Bottle, quickly rushing towards the passage.

"Lao Yuan, stop it." The **** cat yelled coldly.

With a move, Lao Yuan rushed forward.

But at the critical moment, this sky-swallowing magic bottle burst out with a terrifying aura, the dark magic light bloomed, countless runes flickered, and Lao Yuan's movements were slightly blocked.

"Wow!"

The sky-swallowing magic bottle quickly turned into a stream of light and disappeared into the passage.

"He's meowing, he ran away a treasure." The **** cat said depressed: "Lao Yuan, why are you so imaginary now?"

Lao Yuan's expression was also quite ugly, and he said speechlessly: "The Devil-Swallowing Bottle is a demon master-level secret treasure, and it's a space type. Not only has my strength never recovered, but I'm also injured. How can I stop it."

Sitting cross-legged, it began to swallow the power between the world and the earth. Suddenly, a series of demonic energy was like a long dragon, swallowing and vomiting between its huge mouth and nose, haunting the **** mist, extremely terrifying.

Everyone couldn't help but looked at the red old source in shock, his expression twitching a little.

These guys don't know where they come from. What is the origin of that kid named Chenqing?

In shock, all the strong survivors on the scene focused their eyes on Qin Chen.

At the last juncture, Qin Chen tried to turn the tide, burst out an unprecedented mysterious power, shattering everything, unmatched.

If they used to look at Qin Chen with equality, then now, in their eyes looking at Qin Chen, there is awe.

Although they all come from various major forces and are the top powerhouses of the major forces, they all understand that the dust in front of them absolutely has the ability to change the destiny of the continent.

He possessed the power to challenge Shangguan Xier and even the alien demon lord who escaped.

"Chen Qing, what happened to him...?"

When Emperor Jijing Dan saw Qin Chen unconscious, he couldn't help asking.

Others also looked at it with worry.

Before this son and the Lord of Abyss Demon fought to the death, he fell headlong, but don't have anything to do.

They didn't care much about Qin Chen, but after the alien demon clan's Sky Devourer had escaped, the whole continent did not know what earth-shaking changes would take place. If Qin Chen was alive, he would be a new force among mankind.

"Big black cat, come and take a look."

Fu Qiankun did not answer everyone, but said nervously.

"Huh!"

The **** cat shook his body and fell beside Fu Qiankun.

"This kid, the soul seems to be silent."

The **** cat glanced at Qin Chen, and after feeling the breath on Qin Chen's body, his expression moved slightly.

The state of Qin Chen's body at this moment was very bad, his soul aura was extremely weak, but his life aura was still quite strong, and his life was not in danger.

But the whole person seems to be caught in a special state.

Jijing Dandi and the others couldn't control too much, and they sat cross-legged to heal and recover.

At this time, Qin Chen, as the person involved, was in a special state of perception.

Qin Chen's sensory mood as the ruler of heaven and earth slowly disappeared, and his consciousness gradually returned to his body.

In the body, thunder light was surging.

"This is my Thunderblood?"

Qin Chen whispered slightly.

According to reason, Qin Chen should be very familiar with his own Thunderblood. After all, he has already cultivated an impervious body, which perfectly combines blood and flesh.

But at this moment, he seemed to know his blood for the first time.

In the depths of his blood, there is a special force surging, this force, ignoring everything, destroying everything, unstoppable.

Before, it was this force that caused the world to change, and killed a projection of the Lord of Abyss.

Of course, the reason why this power in Qin Chen's body can be stimulated is also due to the mysterious rust sword and the traction of the Ancestral Demon Blood Sutra. In addition, Qin Chen also felt that after his previous burst of power, his body seemed to have undergone some subtle changes.

[Chapter 2144: Soul transformation](#)

At this time, Qin Chen began to check his body.

"Huh, my soul power has changed?"

After Qin Chen was immersed in his mind, he was shocked to find that his soul was actually changing.

The strength of the soul first kept faint, but after the faintness reached a certain extreme, it quickly rose upwards, an extremely pure feeling haunting Qin Chen's soul.

If Qin Chen's soul used to be like a cloud of emptiness and mist, then the soul now is like an impermanent stream of water, which is several times stronger than the original soul in terms of strength and purity. more than.

This is a metamorphosis in nature.

For example, Qin Chen in the past could only control a few peak martial emperors at most. But now, Qin Chen has a feeling that the simple peak Martial Emperor will not affect him in the slightest amount. Of course, if he controls hundreds of peak Martial Emperors, it will naturally not work. It is not because Qin Chen's soul strength is affected. No,

But controlling too many strong people will cause his soul to disperse too many soul threads, making the soul confused, thinking chaotic, and having a huge impact on soul promotion.

As long as they are wise, they will not give up the original and seek the end in order to control other strong people, and cause themselves to lose the motivation to move forward.

And the control ability was just one of the many aspects of Qin Chen's soul power improvement.

At the same time, Qin Chen still felt that his body seemed a little different from before.

Qin Chen couldn't tell what it was.

Obviously, the previous blow gave him a miraculous enlightenment and change, which greatly promoted Qin Chen in all aspects, among which the promotion of soul and blood was the greatest.

"Moreover, after the soul power is strong, it seems that the ability to connect with the clone has also improved."

In this state of nothingness, Qin Chen clearly felt the existence of Qin Demon. At this moment, Qin Demon was located in a special space, and seemed to be under a certain altar, accepting inheritance.

"Could it be that the Lord of the Abyss is not dead?"

Qin Chen's heart trembled. Didn't the Lord of Abyss Demon be killed by him? According to the truth, Qin Mo should also break away from that piece of inheritance, but now, Qin Mo's inheritance space has not changed at all, making Qin Chen doubtless.

Or is it that this piece of inheritance space and the space where this place is located are completely independent? Qin Chen couldn't understand that he had gathered his soul power and wanted to figure out where Qin Mo was located. However, although his soul power had been significantly improved, he still could not establish a complete connection with Qin Mo and he could not perceive Qin Where the devil is

Set.

"Hey, there is another person beside Qin Mo, this is..."

Suddenly, Qin Chen saw the figure next to Qin Mo. This was a woman with a veil on her face and no face could be seen, but for some reason, Qin Chen felt an inexplicable pain in his heart and his internal organs twitched and ached.

"why?"

Qin Chen didn't understand why he felt so heartache after seeing this woman. Although the woman was wearing a veil, the feeling for Qin Chen was so familiar, as if he knew him.

"Who is it? Who the **** is it?"

He wanted to see clearly, but the altar found someone spying.

Hum!

A magic sound suddenly emitted from the altar where the mysterious space was located, and the magic sound penetrated through the ears, immediately blocking Qin Chen's soul power, causing him to disconnect from Qin Mo.

In the hall, Qin Chen shed two lines of tears inexplicably.

"Dust...Qing why is he crying?" Fu Qiankun exclaimed immediately upon seeing this.

"This....."

The **** cat also looked puzzled.

Hey!

I saw a frightening breath in Qin Chen's body suddenly flashed away, and then Youyou opened his eyes and woke up.

"Good boy, you finally woke up."

The **** cat was overjoyed.

Suddenly, all the people who were treating the injury opened their eyes, staring at Qin Chen one after another, with complex expressions.

Although they didn't want Qin Chen to fall here, the moment Qin Chen really woke up, everyone felt an indescribable feeling.

Even Lao Yuan had an inexplicable look at Qin Chen at this time.

The final blow to kill the Lord of the Abyss had completely shocked everyone on the court.

Such a terrifying force, I am afraid that no major power will be its opponent.

"This time, thanks to Brother Chen's action, I was able to turn the tide."

After a long time, Emperor Jijing Dan took the lead and said respectfully.

"Yes, thanks to Brother Chen and Brother Fu, as well as Senior Black Cat, otherwise I'm afraid it will be really dangerous, and Tianwu Continent will also face a disaster."

Others are also very respectful.

Can you be disrespectful? Not to mention that Qin Chen now has an absolute advantage and can easily kill them. Qin Chen's strength alone is enough to make them extremely afraid and respectful.

Everyone came forward, politely. At this moment, apart from Qin Chen and the others, there are only four survivors: Emperor Pill of the Polar Mirror, Lou Zimo, the Holy Land of Bloodline Qiu Puchun, and Gongsun Zhe of Tianxunhui. The hidden gate of the fog, Chu Huahan is still the Zhai of Tianlei City

Xiang Ming and others all fell, and none survived.

There are countless strong people in the Thunder City and the major forces, and there are only a few left, so how can the Emperor Dan Di and the others not be embarrassed.

At this time, Qin Chen was like a huge mountain in their hearts, heavy and insurmountable.

"Brother Chen, what shall we do next? Should we leave here or..."

Everyone looked at the passage and did not leave for the first time. They all looked at Qin Chen. Today, Qin Chen has become the backbone of everyone.

What's more, they didn't dare to leave without Qin Chen's approval. If they were stopped like Shangguan Gufeng, it would be troublesome.

Therefore, everyone looked at Qin Chen blankly.

Qin Chen didn't care about everyone's gaze. Instead, he turned to look at the **** cat and said anxiously: "Big black cat, is the Lord of the Abyss not dead yet?"

"Of course not dead, you don't think you killed the Lord of the Abyss, do you?" The **** cat curled his lips.

"what?"

Jijing Dandi and the others were shocked and looked around vigilantly.

"The Abyssal Demon Race is the top race in the heavens. The master of the Abyssal Demon Race who was suppressed here could not even be killed by the experts in the realm of that day. They can only be suppressed here. You think you can kill with a burst. What?" The **** cat shook his head, "What you killed was just a projection of others. Its true body was still sealed in the core of this magical land and fell into a deep sleep. However, it was sealed. After so many years, there is very little power left

It can only form a projection, otherwise the Sky Devourer will not be released. "Now that this projection is destroyed by you, it is almost impossible for the other party to form a projection again." "

[Chapter 2145: Devour flames](#)

Sure enough, what he killed was just a projection?

Qin Chen smiled bitterly, but didn't care, just said in a deep voice, "Then where do you know the Lord of the Abyss?"

He wanted to know the condition and location of Qin Mo and the mysterious woman. The **** cat nodded and said: "If I guessed correctly, it should be in the depths of this demon land, but with your cultivation base, you can't reach there at all. Let's put it this way, although the Lord of the Abyss is sleeping, But a trace of its body can make

You fall, do you understand? "

The power of the strong in the heavens is far beyond the imagination of normal people.

Qin Chen hesitated for a moment, and said solemnly, "But I still want to try."

The **** cat was speechless, "In that case, I can take you there, but the emperor can't guarantee whether you can find it."

Now that he had a purpose, Qin Chen quickly made a decision.

"Everyone, you are gone, what shall we do?"

Hearing that Qin Chen still wanted to find the Lord of the Abyss, Emperor Jijing Dan and others couldn't help saying.

"You, if you want to leave, you can leave by yourself. If you don't want to leave, you can also wait for me here. If I find what I am looking for, I will come back. Then you can leave with me."

"If this is the case, then I will leave first. The Misty Palace is so heinous this time that I have colluded with other races. After I return, I will inevitably report to the major forces and must not let Misty Palace be arrogant again."

Jijing Dandi and others were filled with indignation.

In fact, there is no need for them to talk about things in the Thunder Sea for long. The fall of so many powerful people will inevitably cause violent shaking of the entire Tianwu Continent.

Qin Chen nodded, and said, "Then you will leave."

"and many more....."

Emperor Pill Mirror hurriedly yelled to Qin Chen and his party, looking at the **** cat, hesitating: "The Lord Cat, the treasure I sacrificed to the Lord of the Abyss should have been..."

"Don't even think about it."

The **** cat glared at him, "It's luck for you to survive. This treasure, but this emperor's spoils, can you get your hands on it? If you make another noise, huh..."

The faint green glow suddenly shot out from the **** cat's eyes, and the slightest chill lingered away.

"No, no, no... I just asked casually when I waited." Pill Emperor Jijing was startled and waved his hand hurriedly.

"It's almost there."

The **** cat hummed.

Qin Chen was speechless, the **** cat was a money addict, and it was harder to let it hand over the treasure than to kill it.

However, since these treasures have been sacrificed by Emperor Jijing Dan and others, and have also fallen into the hands of the **** cat, Qin Chen will naturally not be a bad person. "For the sake of you

are still sensible, the emperor will give you some tips." The **** cat proudly said: "The emperor advises you to wait here now, it is best to wait with me. Go out, otherwise, Shangguan Xier is not allowed to go outside

Watching her face, you guys are sure to survive from her hand? "

As soon as these words came out, Emperor Ji Jing Dan and others inhaled air-conditioning.

I am dizzy.

Why did they forget about it?

If you think about it carefully, it may not be impossible.

If Shangguan Xier is guarding outside, if they rush out, then they will end...

"Thank you, Mr. Cat King, for your suggestion, then I will wait here for everyone to return."

Emperor Jijing Dan hurriedly said respectfully, but fortunately he didn't offend anyone to death. If those treasures can be exchanged for a life, the sale is quite cost-effective.

Ever since, everyone continued to heal and practice in this hall, but no one had the courage to let them go with Qin Chen and them.

Here, once you encounter danger, you can at least escape from here for the first time.

"Om!"

Under the leadership of the **** cat, Qin Chen and the others quickly walked along the periphery of the hall passage, leaving layer by layer, much faster than when they came.

In addition, there are many secret passages here. Qin Chen hasn't noticed at all, but the **** cat can always find them easily.

"Kid Qin Chen, what happened to you just now?" The **** cat couldn't help asking on the way.

Fu Qiankun also looked over curiously.

"I do not know either."

Qin Chen smiled bitterly and shook his head, "I was manipulating the blood meridian of the Ancestor Demon, but I felt the blood flow in my body..."

He told the previous situation exactly, and also wanted to get some inspiration from the **** cat.

"Bloodline?"

The **** cat bowed his head, and suddenly shot a sharp light from his pupils.

"Big Black Cat, did you think of something?" Qin Chen asked immediately.

"This place is the sea of thunder, and you have the blood of thunder. Could it be that the sea of thunder resonates with your blood?"

The **** cat murmured.

"This....."

Qin Chen smiled bitterly, maybe he could only explain it this way, but Qin Chen didn't tell the towering figure he saw smiling at him because he thought it was too weird.

Maybe it was because I was vague and made a mistake.

The group of people flew by at extreme speed, but this time they did not encounter any danger, and soon came to the three forks again.

"Go here!"

The **** cat walked towards the first passage.

"Isn't it the third one?"

Qin Chen was stunned. This passage he walked through was a cliff-like abyss, and nothing else.

With doubts in Qin Chen's heart, he followed the **** cat to the abyss again.

"Woohoo!"

In the abyss, countless demonic energy surged, exuding a palpating breath.

Moreover, after Qin Chen's soul was ascended, he could feel the dark shadows madly sweeping across the abyss without using the Qinglian Demon Fire.

"The true body of the Lord of the Abyss is sealed at the bottom of the abyss. Don't you want to find the Lord of the Abyss? Only by breaking into the abyss can you have hope!"

When the **** cat said, his eyes rolled sharply.

Qin Chen suddenly became vigilant, "Aren't you lying to me?"

"Cut, is this emperor that kind of cat?" The **** cat said with disdain, but his eyes flickered.

Qin Chen had no choice but to believe in the **** cat at this time, but could he enter the abyss with him? Qin Chen couldn't help playing drums.

"If you want to go, don't mother-in-law, you kid advanced to the world to make a jade dish, because you can't stop the devilish energy under this abyss." The **** cat glanced at Qiankun with a look of disgust.

"Kid Qin Chen, the blood meridian of the Ancestor Demon is almost the same, then Lao Yuan will help open the way together, it should be no problem."

After the **** cat finished speaking, a group of golden flames suddenly appeared in his hand, which was the fire of Jin Kui of Emperor Ji Jing Dan.

"Here, you let your flame swallow this flame first, and your resistance in this abyss is also greater."

The **** cat threw Jin Kuihuo to Qin Chen.

"When was the **** cat so generous?"

Qin Chen looked suspicious.

"Boy, don't pull it down."

Seeing Qin Chen's appearance, the **** cat suddenly became furious. No return on a good deed!

[Chapter 2146: Into the abyss](#)

"Yes, of course."

When the **** cat took out Jin Kuihuo, Qin Chen felt that his Qinglian Demon Fire had a strong desire to devour it.

Ever since the Qinglian Demon Fire swallowed the Silent Grey Flame and the Wonderful Marrow Youlan, Qin Chen found that his Qinglian Demon Fire had gone on a path of no return, as if only by devouring the flame could its cultivation level be improved. .

Sure enough, as soon as Qinglian Demon Fire was released, he was excited, and the blue flame directly engulfed Jin Kuihuo in.

Immediately bursts of explosions erupted in the Qinglian Demon Fire, and the scorching aura quickly permeated. Even Fu Qiankun could not bear the heat, and he immediately entered Qin Chen's universe of good fortune jade disc.

Upon seeing this, Qin Chen quickly controlled the diffusion of the Qinglian Demon Fire's heat. After only a few breaths, Qin Chen discovered that the Qinglian Demon Fire's aura had risen sharply, a heart-palpitating breath once again. Diffused out.

But it wasn't as great as it had been after swallowing Odd Marrow Youlan. After all, Odd Marrow Youlan is a special material for raising flames, and the effect is extraordinary.

"There is also this flame, swallow it together."

The **** cat stared at the Qinglian Demon Fire, and also showed a hint of horror. It didn't even see the origin of Qin Chen's flame, which was very strange.

At the same time, a flame emitting scorching heat appeared again. Although this flame was not as powerful as the Jinkui flame, it was not much different.

"Bright flame..."

Qin Chen opened his mouth wide and was a little speechless. This was clearly Feng Kangan's bright flame.

In the previous battle, Feng Kangan was swallowed by the Lord of Abyssal Demon, and Qin Chen didn't care at all, and he didn't even care where Feng Kangan's bright flame went. Who knew it was taken by the **** cat.

"You won't take away all the treasures from the strong men who fell before, will you?"

Qin Chen couldn't help but said something in surprise.

"Does the emperor have no owner? It's a waste to put it there."

The **** cat said something proudly, confidently.

Qin Chen was really speechless.

Damn, this is a real money fan, a real money fan.

At that time, everyone was in a crisis of life and death. Who would even consider getting the storage rings and treasures of those dead warriors, but the **** cat thought about it, not only did he think about it, but also put them away. This is really...

Qin Chen couldn't think of what to use to describe the **** cat.

Feeling the horror of the Qinglian Demon Fire, the bright flame suddenly jumped in horror, flashing constantly, as if instinctively wanted to escape. But how could the Qinglian Demon Fire give it a chance to escape? With a scream, it swept the bright flame in, and the clear fire ranked third on the dignified fire list was swallowed by this Qinglian demon fire, so two or three breaths Persevere until it is completely swallowed and turned into virtual

no.

Hum!

After swallowing Jin Kui fire and the bright fire one after another, the Qinglian Demon Fire immediately released a strong breath, and its power once again increased.

Sure enough, only by swallowing the flames can the Qinglian Demon Fire be raised as quickly as possible. Qin Chen looked at the blue flames in his palms with surprise. He knew that the Qinglian Demon Fire had reached the top level in the Emperor Realm. Now the power of the Qinglian Demon Fire was enough to burn a peak martial emperor into ashes. Comprehend a trace of holy realm

The master has caused some damage.

But Qin Chen also understood that Qinglian Demon Fire would become more and more difficult to upgrade.

However, Qinglian Demon Fire increased, Qin Chen's confidence soared, and he came to the edge of the abyss.

It was pitch black below the abyss, and demonic energy surged, but it was silent, like a dead world.

At this time Qin Chen's soul power greatly increased. When he first came here, he could only see a little distance below the abyss, but now, the distance he could see had increased more than ten times.

call!

Qin Chen directly sacrificed the Qinglian Demon Fire, wrapped his whole body, and then instantly jumped into the abyss.

He felt that he was so crazy that he jumped into the abyss stupidly.

Roar!

Lao Yuan followed and jumped down together.

At the moment they jumped down, countless demonic qi seemed to be disturbed in an instant, suddenly surging crazily, and the demonic sounds quickly entered Qin Chen's mind, and Qin Chen unexpectedly appeared one illusion. .

"broken!"

Qin Chen, who had prepared for a long time, used the Heavenly Soul Forbidden Technique for the first time, and the illusion in front of him immediately disappeared, and then he saw heads of black shadows rushing towards him frantically from the abyss. The number of these black shadows is too much. At a glance, they are densely packed, with more than tens of thousands. They turned into a black wave, used madly towards Qin Chen, and swallowed Qin Chen all at once. Sombra is going crazy towards the big

The black cat and the old source flocked.

Huhuhu!

A large number of black images are like tides, instantly wrapping the three of them.

But the next moment, a scorching breath burst out, it was the green lotus demon fire, blooming with terrifying heat, like a blue sun, and all these black shadows appeared under the green lotus demon fire. In this scene, Qin Chen also had a numb scalp, screaming, Qin Chen frantically spurred the Qinglian demon fire, and saw countless black shadows screaming and screaming instantly, and they were burnt to the dust. Those who depended on the Qinglian demon fire approached. 'S shadow is instantly vaporized

.

But there are too many black shadows here, and there are also a lot of black and red shadows, those black and red shadows are extremely terrifying, even after the Qinglian Demon Fire has been upgraded, it is quite difficult to deal with it.

But Qin Chen couldn't take care of that much anymore. At this moment, he didn't have any thoughts, but kept injecting true essence and soul power into the Qinglian demon fire. The Qinglian Demon Fire above Qin Chen's head was supported by Qin Chen's unrelenting true essence and soul power, and instantly burst out a terrifying blue light, and immediately countless black shadows made sharp screams under the shining of the blue light. To ashes

. But what makes Qin Chen strange is that those black shadows knowing that they are going to be burned to ashes by the Qinglian Demon Fire, they even rushed over like moths into the fire, and even the blood-red shadows did not dare to escape, and rushed stupidly. The green lotus demon above Qin Chen's head

Fire, it seems to be willing to get the Qinglian Demon Fire down.

Qin Chen heaved a sigh of relief when he saw this scene, and even more desperately injected his true essence and soul power, and the Qinglian demon fire became more and more blue. Although the blood-red shadow is powerful and fast, if it doesn't escape in time, it will be incinerated into fly ash under the demon fire of Qinglian. Their power is only to escape at the moment when the Qinglian Demon Fire radiates. As long as this moment is missed,

The dark red shadow under the Qinglian Demon Fire, the same as it would be wiped out.

These black images were meant to protect something underneath, and they would not let Qin Chen and the others go down at all. Seeing this scene, Qin Chen couldn't help but believe the words of the **** cat. Perhaps it was really the body of the Lord of Abyss Demon under this abyss. Otherwise, why would these shadows be so crazy and would rather commit suicide than let them go down?

[Chapter 2147: Strengthen](#)

Seeing countless black shadows disappearing under the Qinglian demon fire, Qin Chen was in a good mood, took out two Soul Ning Pills and Ning Zhen Pills and swallowed them. After his Qinglian Demon Fire was upgraded, his consumption of True Essence and Soul Power became more severe. Fortunately, his cultivation level has improved a lot, and his Soul Power has also been transformed, so he can persist, otherwise he will be replaced by something else. The strong come and cannot bear it

Such a terrifying consumption.

As Qin Chen swallowed the two pills, the blue eruption of the Qinglian Demon Fire became deeper.

Big Black Cat and Lao Yuan stared at this scene blankly, their faces were incredibly and speechless, how could they not believe that Qin Chen dealt with these shadows so quickly.

"He's meowing, the emperor originally wanted him to use the Lower Ancestor Demon Blood Sutra to devour these shadows, who knows..."

The **** cat was shocked, and then said to Lao Yuan, "Lao Yuan, are you cool?" Lao Yuan is now comfortably speechless. After the dark shadows were burned by the Qinglian demon fire, they turned away. It flies and the smoke disappears, but it is not completely dissipated, but turned into an extremely pure magic power, the amount of magic power

Very few, but extremely pure, purer than any magic power that Lao Yuan has seen.

This kind of magic power is obviously not comparable to the magic power of the alien demon race, but the powerhouse from the abyss demon race, making Lao Yuan extremely transparent.

With that trace of magic power entering the body, Lao Yuan's injury was quickly healed, and he was developing in a more powerful direction. The cultivation base was slowly rising, and this speed was more than several times faster than his own cultivation. .

"Old source it..."

Qin Chen said in shock. "These dark shadows are transformed by the strong in the Abyssal Demon Race. Although you refine them, you can't completely refine the trace of that source of magic power, and the Abyssal Demon Race is the highest level in the heavens. Of the masters, naturally extraordinary, just scattered

The escaped demon energy can benefit Lao Yuan tremendously, and it can also repair the blood meridian of the Ancestor Demon. "

The **** cat explained, and then reminded: "You should take out the Ancestral Demon Blood Sutra and absorb it."

Qin Chen heard the words and immediately took out the Ancestral Demon Blood Sutra, and saw the blood above the Ancestral Demon Blood Sutra blooming, and he was so excited that countless magic power lingered around and was quickly swallowed by it.

Qin Chen could feel that a force in the Ancestral Demon Blood Sutra was slowly recovering. What surprised Qin Chen even more was that under the breath of the Ancestral Demon's Blood Sutra, the dark shadows in the abyss all showed extremely frightened appearances, seeming to be extremely afraid of the Ancestral Demon's Blood Sutra, but even if they were extremely afraid, these shadows were still Rushed crazy,

Constantly rushing to Qin Chen, and then refined by Qinglian Demon Fire.

"This Ancestor Demon Blood Sutra seems to have changed." Qin Chen frowned. "That's natural, this is the spirit of the Ancestral Demon Blood Sutra is repairing." The **** cat snorted, proudly said: "Do you think Ancestral Demon Blood Sutra is so weak? Anyway, it is also the treasure of the alien demon race, the demon. A top treasure that can only be used by the master-level powerhouse, although it is not

A master of the Abyssal Demon Race in the upper heavens, but not even a projection from a strong master of the Abyssal Demon Race. The reason it looked a bit weak before was only because the Ancestral Demon Blood Jing itself was damaged, not in its heyday. "

"However, as long as this Ancestral Demon Blood Sutra absorbs enough the pure magic power of the Abyssal Demon Clan, it may not be able to awaken the spirit and return to its peak state." The **** cat gleamed, quite excited.

"Awakening Device Spirit?" Qin Chen's eyes sank, and the Ancestor Demon Blood Sutra was immediately collected.

"What are you doing?" The **** cat was anxious.

"This Ancestral Demon Blood Scripture is a great treasure of the alien demon race. If the spirit of the ancestors awakens, it will be evil to the world, and it is better to not let it recover." Qin Chen said solemnly. Although he also wanted to know what the spirit of the spirits looked like, whether it was in the past or this life, he had not seen what the spirits of real holy treasures looked like. There was a cold breath in the mysterious rust sword, but that was the beginning. The mysterious rust sword from the dragon soul jade

Swallowed.

And this Ancestral Demon Blood Scripture is a treasure of a foreign demon race, and it is bound to be extremely evil. "I'm dizzy." The **** cat was speechless: "As long as you control the blood meridian of the ancestor demon, even if the spirit awakens, it will not be a big problem, not to mention that there is no difference between good and evil, just like you. It's like a flame, once you awaken your mind, you will follow you

A master, you, the master is good, the spirit of the weapon is good, and if you are evil, the spirit of the weapon is evil. Have you ever heard of the difference between good and evil in weapons? "

The **** cat was angrily.

This kid didn't even cherish such a good opportunity.

"Really?"

"I..." The **** cat could not wait to give Qin Chen a violent shudder, "Can I lie to you?"

Hearing what the **** cat said, Qin Chen relaxed and continued to sacrifice the Ancestral Demon Blood Sutra. Om, the blood above the Ancestral Demon Blood Sutra was flourishing and greedily swallowed it.

"Since this demon energy is useful to alien demon races, Yongye, Mokara, come out too."

Qin Chen let out a low cry and directly released Yong Ye and Mokara.

As soon as the two of them appeared, they were shocked by the aura in the abyss, and at the same time, they were filled with fear by the Qinglian demon fire above Qin Chen's head, and they were extremely uncomfortable.

But the two of them didn't have any dissatisfaction, instead they said with ecstasy on their faces: "Thank you, Master."

When the voice fell, the two hurriedly began to absorb the devilish energy between the world and the earth.

Compared with Lao Yuan and Ancestral Demon's Blood Chronicle, the absorption speed of the two of them is too slow, and even the absorption can only be regarded as scraps, but Qin Chen can feel that the aura of the skeleton rudder master and Mokara is actually visible to the naked eye. The speed increase.

This speed shocked him, and he also had a deeper understanding of this deep demon clan powerhouse.

In this way, Qin Chen and the others went down, frantically spurring the Qinglian Demon Fire to burn these dark shadows. Whenever the true essence is about to run out, Qin Chen will swallow the true essence pill and the soul pill. He does not know how long it has passed, and Qin Chen does not know how much he has penetrated. The black shadows and blood are constantly emerging around him. The black shadows disappear without a shadow

The trace has been completely burned by Qinglian Demon Fire.

"There is little dust, the two of us can't hold on any longer, so we went in first." Mokara and Yong Ye were at the bottom of this unknown abyss, and their hearts were full of fear. Although their strength could not be recovered much, their bodies still seemed to be split. Like open, this kind of oppression is too terrifying, the two can only be forced to enter the universe

in. When Qin Chen arrived here, he also felt intense pressure. Even the Immortal Eucharist that had reached the eighth peak could not resist it. The flesh seemed to burst open. Fortunately, the Ancestral Demon Blood Scripture released faint blood. Light, wrapped him so that Qin Chen could continue to be safe in this situation.

[Chapter 2148: Golem](#)

"The pressure here is too terrifying, is the body of the Abyss Demon Race right below?"

Qin Chen said in shock.

Qin Chen knows how strong he is now, but he still feels strenuous here. Obviously, if he is replaced by an ordinary peak martial emperor, it will be wiped out in an instant.

"The body of a powerful Yuanmo clan? Hey, it's still early."

The **** cat said with disdain, "Do you think the physical body of the strong in the heavens is so coercive?"

The **** cat looked down intently, and saw that below the abyss, there was a dark surging demon energy. These demon energy was very calm, but exuded a breath of palpitations.

"Not yet? How far is it?" Qin Chen was shocked and frowned, "Are we going to enter this devilish energy?"

"Entering it is looking for death." The **** cat shook his head and said solemnly: "Don't underestimate these devilish energy. Once you enter, you will not be far from death. These devilish energy, unless you step into the Holy Realm, you will rush into it. Enter, there is a dead end."

"Moreover, the body of the deep demon clan powerhouse is not here, the entire abyss is extremely huge, we have to find the position of the deep demon clan powerhouse first."

The **** cat pinched the cat's paw, seeming to be thinking about something.

Qin Chen looked at the appearance of the **** cat, always feeling that the **** cat's behavior was weird.

"In this direction!"

The **** cat's eyes lit up, and suddenly he slid towards a certain place in the abyss to let him go. Qin Chen and Lao Yuanlian immediately followed.

"Lao Yuan, do you see what the **** cat is doing?"

"This little black **** is mysterious and weird." Lao Yuan also said, "However, it should have its own purpose, and it won't pit us."

Qin Chen agreed with this point, and he trusted the **** cat.

Qin Chen and the others moved forward when they saw the **** cat suddenly stop.

"That's it, Lao Yuan, do it!" With the **** cat's order, Lao Yuan immediately probed the **** sharp claws, banging downwards, this claw fell, and the demonic energy surging below, Lao Yuan's advantage. The claws were actually corroded, making a chirping sound, but at the same time, the lower

The devilish energy dissipated, and two figures instantly appeared in Qin Chen's sight.

"this is....."

I saw that the two in front of them were clearly humans, but they exuded a deep demonic energy, and they were also wearing robes. They were obviously outside martial artists who had entered this place before.

But at this moment, the two people's eyes were dull, and their demonic energy lingered, their stern eyes instantly fell on Qin Chen.

These two guys must have been controlled by Sombra. Without thinking about it, Qin Chen directly raised his hand, and the Qinglian Demon Fire appeared instantly, shining on the two of them. The two warriors made a sharp scream, their voices were harsh, and the devil qi on their bodies made a burning sound, but Furiously rushed towards Qin Chen

.

"What's the matter?" Qin Chen was startled. To know that he had encountered a controlled warrior before, he only needed to use the Qinglian Demon Fire to wipe out the dark shadows on the opponent, and the opponent would be able to restore his sanity, but now this The two warriors did not seem to recover their sanity at all,

Pounced even more crazily.

"Damn it!"

Qin Chen's eyes were cold, and the Banyue Ancient Sword appeared in his hand, and the two sword auras had already been split out. Suddenly, the two martial artists screamed and were split by the Banyue Ancient Sword.

Qin Chen didn't take it seriously when he killed the two martial artists under control, but the screams of the two martial artists' screams caused waves of roars.

Ho Ho Ho!

Countless roars resounded in this devil qi, just a few breathing times, more than a dozen warriors had already rushed out of the devil qi and pounced on Qin Chen. The robes on these warriors are corroded, they are covered with hair, like a savage, their bodies are shriveled, without a trace of blood, and the magical energy lingers on them, the skin on their faces is also festering, looking a little sick, and more

The disgusting thing is their eyes, with craziness, their mouths open, revealing a gray-black mouth, completely like a beast.

"hiss!"

Qin Chen suddenly took a breath: "What happened to these guys?"

The **** cat sneered and said: "It seems to have found the right place. These guys have been drained of blood and sacrificed to become demon puppets. This is the means for the masters of the deep demon clan to get out of trouble. They want to use these demon puppets to help. It is out of trouble."

"Furthermore, once these demon puppets are formed, they will be thrown into the Tianwu Continent. By then, more martial artists will be victimized and become the demon puppets of this deep demon clan powerhouse to help them get out of trouble."

"The puppet?"

Qin Chen murmured, and these ferocious warriors had already rushed up frantically.

It stands to reason that these warriors have lost their minds and should not be fast, but the fact is that they acted extremely quickly. They were just far away and they had already arrived in front of Qin Chen in the blink of an eye.

Qin Chen frowned suddenly. He frowned not because these warriors were too disgusting, but because when these warriors came in front of him, he actually felt that his soul was throbbing and was infected by negative emotions.

This feeling is too weird, and Qin Chen must be the one who feels like this. If he were replaced by an ordinary warrior, he might have been disturbed by such negative emotions, turned into a madman, and became one of these puppets.

Qin Chen was a little horrified, and must not let these demon puppets escape, otherwise Qin Chen couldn't believe what would happen, and the entire Tianwu Continent would fall.

"Sorry."

Qin Chen looked at these hideous faces, even if he knew that these magic puppets had lost his consciousness, he still murmured something, and then urged Banyue Ancient Sword to rush up.

Puff puff!

Qin Chen Banyue's ancient sword was urged. After these demon puppets were demonized, they all had a cultivation base close to that of the giant Emperor Wu, but in front of Qin Chen, they didn't look enough at all, and Qin Chen would easily kill them.

But after killing more than a dozen warriors, more and more warriors rushed up, and the dense puppets encircled Qin Chen in a blink of an eye.

Qin Chen didn't urge the Qinglian Demon Fire, because these demon puppets were different from the shadows, and the Qinglian Demon Fire couldn't completely kill them at all. In comparison, the speed of Banyue Ancient Sword was even faster.

What's more, the consumption of the Qinglian Demon Fire was too great. Qin Chen hadn't slowed down the dark shadows before refining, and he couldn't stand the consumption again.

"Lao Yuan, do it!"

At the same time that Qin Chen made his move, Lao Yuan also made his move. The scarlet claws protruded, and immediately countless warriors were blasted out, shouting angrily. But after these warriors were blasted off, instead of completely dying, they were still roaring frantically, and seemed to be able to attract their companions. Qin Chen knew that if this continued, his breathing space would be blocked by these disgusting puppets.

Living. Qin Chen didn't hesitate for half a second, the space thunder domain had already been cast out.

[Chapter 2149: Faster](#)

Crackling! Suddenly an endless thunderstorm burst out, forming a defensive space beside Qin Chen, and a trace of thunder light merged into the space domain. After the thunder bloodline was transformed, this space thunder domain became more and more terrifying.

After all, Leiguang scorched these magic puppets in black, and black smoke rose.

However, the defenses of these golems are obviously terrifying. The space minefield can only restrict their actions, but cannot kill them, but this is still enough.

Shoo!

At the moment when the space thunder domain was formed, Qin Chen's Ban Yue Ancient Sword was already sacrificed.

Swordsmanship!

The endless sword light flew out, bringing up countless corpses of the demon puppets. These corpses flew around under the sword light and thunder that Qin Chen used, and they continued to disappear.

Every time a sword goes out, one demon puppet must fall, and even be able to kill several demon puppets. Even the strongest demon puppet cannot get close to Qin Chen and attack Qin Chen.

The attack methods of these demon puppets were extremely difficult, either using brute force to fight Qin Chen, but after being unable to get close, they opened their mouths one after another, pouting, and bursts of black demon energy were sprayed out instantly and swept towards Qin Chen.

"It's disgusting." Qin Chen felt extremely nauseous, but he didn't dare to take the slightest care. The demon energy emitted by these demon puppets was extremely terrifying, and even his spatial thunder domain might not be able to be instantaneous, if not his If there is still a layer of green lotus demon fire lingering on the body surface,

These devilish energy had even entered his body.

But even so, Qin Chen felt dizzy, and his mind gradually blurred. Because the amount of these devil qi is too much, even if the space thunder domain destroys more than half, the Qinglian Demon Fire will burn another layer, but there will still be a slight trace of Qin Chen that will come into contact with it. Cheng Duo, integrated into Qin

Chen's body still affects his soul.

"This devilish energy can actually corrupt people's souls?"

Qin Chen was shocked secretly, the soul sea surging, and the heavenly soul forbidden technique used to resist these demon qi from the body, and his heart trembled.

At this moment, Qin Chen had only one thought in his mind, and that was that he must not let these magic puppets enter the Tianwu Continent. He couldn't imagine what the consequences would be when these magic puppets entered the Tianwu Continent.

These demon puppets are simply crazier than alien demon races. If a group of demon puppets attack, the peak martial emperor may not be able to resist it. Even if these demon puppets can be killed, the soul has already been released by this demon puppet. The devilish energy is polluted.

At that time, the entire continent will become the farm of this deep demons. Qin Chen finally understands the terrible of the deep demons. Compared with the alien demons, they are simply too

much stronger. Although the alien demons are strong, they can even take away human bodies at will, but this does not mean they can do whatever they want. , Once the house is seized,

The cultivation base will also drop because of the looters.

But this deep demon clan powerhouse is different. It is only the devilish energy escaping from the body, which can turn countless warriors into devil puppets, becoming tireless, crazy people who only know how to fight wildly.

Therefore, Qin Chen fully used the swordsmanship, the sword moved with his heart, countless sword lights burst out, and every sword light fell, a demon puppet was killed.

After Qin Chen was promoted to the late Emperor Wudi, his true essence was extremely vigorous, and his soul power was extremely powerful. Later, when he used the Ancestral Demon Blood Sutra, he obtained that trace of insight, which made his cultivation level faintly to break through again. Now, under constant fighting, the first sword light he displayed has not dissipated, and it is even flying by. The next sword light has already been activated. As time goes by, there are more and more magic puppets here. The sword energy in the space minefield is also

more and more.

The sky full of sword energy is in this magic energy space, and everywhere has become a world of sword light. Even the strongest demon puppet, cut by the endless sword light and sword, will not last long, and it will turn into A mass of demonic energy burst out.

But the number of these magic puppets is really too much, almost endless.

It should be noted that at the time, how many warriors were there who were bewitched by the misty palace and broke into the sea of thunder and entered this ancient magic land? Tianlei City is the top casual repair city in the Second Heaven of the Martial Domain. The number of warriors in it is already innumerable, with a population of hundreds of millions. Even if a small part of them come over, there will be millions of them, not to mention. In addition to Tianlei City,

Throughout Leizhou, even the Second Heaven of Wuyu, and even the First and Third Heaven of Wuyu, there are countless powerful people swarming.

Although I don't know the specific number, this number is definitely a huge amount.

And among these warriors, except for a small and a half died outside the Thunder World, as long as they entered the ancient magic land, most of them were controlled by the shadow seizures, which is a huge number.

And these warriors are all attracted to this abyss at this moment, swarming in endlessly, this is simply much more difficult than killing the black shadow before. Although there were more black shadows before, Qin Chen only needed to mobilize the Qinglian Demon Fire and maintain a certain level of power. To kill these demon puppets, Qin Chen had to mobilize the true essence again and again, and even use the domain. For Qin Chen, it is a huge

The test.

"Too slow, too slow, faster, and faster." Qin Chen's mind was completely immersed in this kind of battle, his eyes were cold and sharp, as if he had forgotten his purpose, just madly urging Banyue Ancient Sword. , At the beginning, you can distinguish the sword lights, but later, countless sword lights have turned into swords

The sea of anger surged past like waves.

It can be said that the entire space minefield has been flooded with sword energy.

But Qin Chen still felt slow.

"Quick, it can be faster."

Hum!

Qin Chen waved the Banyue Ancient Sword with his right hand, and the thunder light flashed in his left hand, and another ancient sword appeared, which was the Heavenly Thunder Sword of Emperor Feng Lei obtained from Emperor Feng Lei.

As soon as this sword came out, the lightning breath between the heavens and the earth became heavier. Qin Chen opened his bow left and right, holding the sword in both hands, suddenly the light of his right hand was bright, the left hand was thunderous, the two swords merged, and the power that burst out became more and more terrifying. It is conceivable that Qin Chen has just broken through the giant Wudi in this ancient magic land before using such a continuous sword technique, and the reason why he did not directly break through is because of the breakthrough. Too

Quickly, Zhenyuan has not yet been adapted and stabilized.

But now with Qin Chen's continuous shots, although his true essence and spiritual power are rapidly consumed, it makes Qin Chen's cultivation base more and more stable and more consolidated. At this time, the **** cat and Lao Yuan on the side were completely silly. At first, Lao Yuan shot and killed these magic puppets, but now Lao Yuan has completely stopped, just staring forward blankly, they see countless swords. Light thunder light and countless magic puppets are mixed together, and it is not clear who has the upper hand.

[Chapter 2150: Madness](#)

"This kid is in a state of madness again..."

The **** cat said silently.

Lao Yuan nodded, feeling the same.

At this time, all the demon puppets had been attracted by Qin Chen, and it and the **** cat could only watch from the sidelines, and they didn't even need them to act.

Lao Yuan was naturally happy and leisurely.

As for the **** cat, it had already sat on the old source and yawned comfortably.

It's not that they don't want to help Qin Chen, but they can see that Qin Chen has completely integrated into the battle at this time. Although such a battle is a test and a consumption for him, it is also a growth.

To Qin Chen, going through this life-and-death battle was only good but not bad.

"Lao Yuan, the emperor first take a break, and when the battle is over, you will call to the emperor."

The **** cat stretched out and fell asleep on top of Lao Yuan's head.

My heart is so big...

The corner of Lao Yuan's mouth twitched, and he thought: "Why don't you want to sleep, you must sleep on my head."

With a grief in his heart, Lao Yuan stared at Qin Chen closely, for fear that Qin Chen would encounter any accident. Although it seems that Qin Chen is not in danger now, no one can guarantee that there will be no accidents.

And when Qin Chen fought and ascended frantically in this abyss.

The sea of thunder outside the space seal.

The two figures merged together, coldly staring at the core of the Thunder Sea.

"Devil, what happened?"

One of them said coldly, with a clear voice, it was Shangguan Xi'er who had escaped, staring at an eagle and lingering murderously.

Just as the **** cat expected, after Shangguan Xier and the demon escaped, they did not leave the Thunder Sea, but guarded the periphery, waiting for the changes in the Thunder Sea.

"I didn't find the trace of the Sky Devourer. This sea of thunder is too big. It is extremely difficult to find the Sky Devourer. Moreover, the previous channel was a random teleportation. I don't even know where it left at the beginning. Find it, **** it."

The demon said angrily, his eyes fierce.

Their purpose this time is to devour the Heavenly Demon Lord and try their best to enter the Holy Realm.

But I never thought that losing the wife and breaking down the army, not only failed, but lost the Supreme Treasure Ancestor Demon Blood Sutra, and let the Sky Devourer escape, it can be described as a heavy loss. Shangguan Xier's face is also very ugly: "The Heaven Devourer is a strong man in the holy realm. After being sealed for tens of thousands of years, he will definitely be uncomfortable when he leaves the ancient magic land. He will be suppressed by the rules of the Tianwu continent. Now this time is its most

When it was weak, it would be troublesome once it had adapted to the rules of Tianwu Continent and gradually recovered its strength. "

Demon Lord level powerhouses will inevitably be suppressed by the rules of Tianwu Continent, just like Lao Yuan, who dare not appear in Tianwu Continent at all, and will even be punished by God. The Heaven Devourer once entered the Tianwu Continent that year, and has some adaptations to the rules of the Tianwu Continent. Naturally, it will not be as strong as the suppression of the Heaven and Earth Origin Beasts like Lao Yuan, but he has been trapped in the ancient magic land for tens of thousands of years. It's definitely

Will not get used to it.

This is the best chance to kill it, and it will be difficult after a while. "The Heaven Devourer wants to restore its strength and adapt to the rules. Generally, it will not go to places. It will definitely go to the battlefields or camps of the alien demon race that it used to be familiar with. Because there, it is most familiar with the rules of the mainland. Oppress and recover

Complex strength, so you'd better think about it right away, where might it go? "

Shangguan Xier's eyes flashed and said thoughtfully.

The demon was thoughtful, with a faint cold light in his eyes, "If that is the case, there are really few places where the demon master can go. The most likely thing is the secret realm of the demon."

"The Secret Realm of the Heavenly Demon in the Northern Heaven?" Shangguan Xier turned his head and looked.

"That's right, where was one of the main battlefields of our race and human race back then, and the camp where the Heaven Devourer was located is also there. The Heaven Devouring Lord and others were all resurrected from there, so this is the most likely. But it's not absolutely..."

The demon frowned and said: "After all, the Heavenly Demon Secret Realm is too far away from here. In the Martial Domain, there are also several battlefields of my clan. The Guyu Realm is one of them. As the master of the Heaven Devourer, I don't know this, and it's possible. I will go to these places." "What are you waiting for?" Shangguan Xier's eyes were cold: "This matter is not suitable for me to do. You will immediately notify the masters of the alien demon under your command, and go to various battlefields to inquire about the demon Lord. If you want to break into the secret realm, there is bound to be movement, this palace does not believe it

Can make no noise at all. "

"Don't worry, I'll make arrangements right away." The demon also knew that the matter was urgent.

Although the faces of the two were ugly, they were still calm. Although they lost their soldiers this time, and lost their wife and lost their soldiers, they were not without gain.

At least, the early devouring of the Heaven Devouring Demon Lord allowed both of them to see their own future path, their cultivation bases improved a bit, and they also had more guesses and possibilities on how to break through the holy realm.

When they reach their realm, any improvement is precious.

Especially for Shangguan Xi'er, since all the ancient holy realm powerhouses disappeared, she has embarked on an unprecedented road, walking in front of all the powerhouses in the mainland, and any slight progress is extraordinary.

"Then do we still need to stay here?"

After the demon sent the message, he frowned and said: "The previous Thunder Sea riots, I am afraid that all the guys in there have died in the hands of the master of the abyss? The most important thing is to find the demon master." "No hurry." Shangguan Xier shook her head and narrowed her eyes. "Don't worry about this for the time being. Once someone gets away, the news will inevitably be leaked, and it will definitely have a great impact on my Misty Palace. We have to make sure nothing is wrong, no
Anxious

For a while. "

Before the words fell, the demon seemed to have sensed something, his eyes condensed suddenly, and his face was shocked: "Hey, there really is a big fish who escaped. The restriction I placed was disturbed by someone, go..."

With a sway, the demon suddenly disappeared in place, Shangguan Xier saw it, and quickly flew away.

boom!

The two shuttled through the void, flying quickly in the sea of thunder, the thunder surging that could obliterate the Wudi strong, but could not cause the slightest harm to them. The Thunder in the core of the Sea of Thunder is a bit afraid even if Emperor Wu is the pinnacle, so be careful, but Shangguan Xi'er and this demon are fearless and fly with all their strength. After only a moment, they have already arrived before the demon. Restricted place

square.

The endless thunder sea surging, the place is empty, there is no one.

"Huh, come out!"

The demon snorted coldly, his eyes flickered, and the demon shadows flickered in his pupils, and he suddenly grabbed the void in front of him.

Boom! This emptiness was suddenly caught violently, but there was no one.
