

Valkyrie 2161

[Chapter 2161: Become Thunder](#)

"No! Lao Yuan, go and block it."

The **** cat said with a solemn expression!

Lao Yuan rushed up for the first time, but there was a terrible thunder and lightning in this force of space.

Crackling! This thunder and lightning was very subtle, like a hair, but as soon as it fell on Lao Yuan, half of Lao Yuan's body suddenly exploded and flew out screamingly. This blow was even better than the original fight with the Lord of the Abyss. I was hurt badly when I was lying

Can't move on the ground.

And the thunder and lightning, after knocking away Lao Yuan, even came towards Qin Chen.

"Little dust!" You Qianxue and the others were terrified. They saw with their own eyes Lao Yuan's end after being hit by that lightning bolt. With Lao Yuan's strength, they were all seriously injured like that. If Qin Chen was struck, he would definitely lose his body. The first place is different, there is no bones, and it instantly turns into

Ash fly.

Frightened, You Qianxue and Ji Ruyue rushed away almost at the same time, and they were about to stand in front of Qin Chen to resist this terrifying thunder light for Qin Chen.

But You Qianxue didn't have time to get close to Qin Chen, she was already shocked by this terrifying holy power, spouted a mouthful of blood, and fell heavily to the ground.

But Ji Ruyue is much better than You Qianxue. Om, at the critical moment, an amethyst suddenly appeared on the center of her eyebrows, and the amethyst bloomed, and an amazing breath filled Ji Ruyue's body, to help Ji Ruyue resist this. A force.

But as soon as the amethyst felt the power of this thunder and lightning, the amethyst, which was originally powerful and powerful, showed a hint of fear, turning into a purple light to envelop Ji Ruyue, backing crazy.

"No!"

Ji Ruyue roared in pain, and it was too late to rush up again, and watched the thunder light hit Qin Chen.
puff!

Qin Chen's body was like a piece of dust, smashed into pieces instantly, disappearing.

Ji Ruyue and the others all watched this scene in horror, with incredible expressions in their eyes, tears streaming down all of a sudden.

"Little dust!" Ji Ruyue and You Qianxue rushed on frantically, tears streaming down, looking for Qin Chen's trace everywhere, Fu Qiankun, Mokara and others also watched this scene in amazement. All this happened too suddenly. They don't even know what happened,

By the time he reacted, Qin Chen had been chopped into powder.

"Hahaha, this kid is dead, he is dead at last, good death, good death!"

Shangguan Gufeng laughed, his expression agitated, and his excitement couldn't be added.

She was imprisoned by Qin Chen in this jade disc of good fortune. She couldn't survive or die. Now seeing Qin Chen fall, even though she knew she would not have a way to survive, she still couldn't hide her excitement.

She laughed ferociously, slapped, Fu Qiankun slapped her face fiercely, and said coldly, "Shut up."

"Fu Qiankun, there is a kind of you kill me, kill me!"

Shangguan Gufeng laughed.

"To shut up!"

You Qianxue was so angry that she rushed up and gave Shangguan Gufeng a slap. The teeth of Shangguan Gufeng's mouth flew out from this slap, and she couldn't say a word, but she still looked at You Qianxue bitterly. Sneered.

"No, Qin Chen will not die, and he will definitely not die with less Chen."

You Qianxue also didn't care about making any more moves, just murmured in despair.

"Qin Chen? You...what did you say?"

Shangguan Gufeng's complexion changed drastically, and this name made her whole body stand up.

Qin Chen?

Wouldn't that kid be called Chenqing? How could he be called Qin Chen?

She was filled with fright and anger, her face was astonished, and she vaguely felt that she had discovered a big secret.

This is a name that can make her have nightmares.

"Don't scream, kid Qin Chen is not dead yet, and wailing is almost the same after he is dead."

At this time, a voice of dissatisfaction sounded, attracting everyone's attention.

It's a **** cat.

I saw him frowning, looking at this piece of heaven and earth, as if he was calculating something?

"Young Chen is not dead?" Ji Ruyue and You Qianxue rushed up, excitedly. "This jade disc of good fortune in the universe is the refining of the Qin Chen kid. If he dies, this space has lost its owner and will

have excluded us long ago. Even if we do not exclude us, we will also undergo abnormal changes. One, two, you ask Yongye Hemo

Kara, is the soul mark Qin Chen put on them still? "

"The master is not dead yet, I can feel that he is not dead yet." Yong Ye nodded hurriedly.

"What about others?"

Ji Ruyue and You Qianxue murmured.

Crackling!

When the two voices fell, they felt a thunder light suddenly appear in this space. After a flash, it fell not far away and gradually condensed into a human form, it was Qin Chen.

"Little dust, why are you..."

Everyone looked at Qin Chen in a daze. Qin Chen also looked at his hands sluggishly. At the moment when the lightning struck him, he thought he was bound to die, but when the lightning struck him, the thunder blood in his body suddenly activated. And the latter two merge in

Together, he felt that his body seemed to be integrated into any corner of the jade disc of good fortune in this universe, a thought flashed in his mind, and he wanted to reappear, so he appeared again.

"In the form of Thunder, kid Qin Chen, it seems that the emperor's expectation is correct. The thunder bloodline in your body really resonates with the power of thunder here."

The **** cat sighed.

"In the form of Thunder?"

Qin Chen frowned. "If the emperor is right, after the thunder that entered your body just now, it must have merged with the thunder blood in your body, and the power of thunder should also form a power mark in your body, right?" Big black cat guess

Test road.

Qin Chen nodded. It was true that after the thunder light fell, it condensed into a azure blue crystal on the center of his eyebrows, which hidden into his body, and Qin Chen could easily feel the location of this thunder.

"Then you can try to activate this mark." The **** cat said with a smile.

Qin Chen heard the words and gently moved the thunder light from the center of his eyebrows, screaming, his body turned into thunder, and instantly turned into a combination of thunder lights, illusory.

"How could this be?"

Qin Chen's hands in the depths were extremely shocked. "This is a special use of bloodline power. It's not unexpected." The **** cat shook his head. "Let's not talk about this. The emperor just has some guesses. Go out and see what is in the seal. As for the rest Yes, I'll explain to you later.

"

The **** cat's voice fell, and he couldn't wait to rush out of the universe.

Seeing this, Qin Chen flashed out hurriedly. That terrible impact has disappeared, and the broken array flag fragments dissipated in the void. Almost all the array flags were destroyed. Only the Tiankong Wanzhuan array disk was still intact. At the same time, The seal below is also unfolded

A gap revealed the light ball in the center.

This light ball is a very misty bead, exuding a heart-palpitating atmosphere.

"The town boundary bead, how could it be a town boundary bead?" The **** cat widened his eyes, and called out with a meow, his expression looked like hell, showing incredible color.

[Chapter 2162: Origin of Celestial Space](#)

"What? This is the legendary town boundary pearl?"

Qin Chen lost his voice.

He has heard from the **** cat that the town boundary pearl is the legendary treasure born in the Tianwu Continent. It is the heart of the world that was born with the formation of the continent at the same time as the continent. It is the core of the entire continent.

The Zhen Boundary Pearl in the Tianwu Continent is equivalent to the Chaos Devil's Nest of the Alien Demon Continent, and it is also this thing that shined brightly when in the Secret Realm of the Heaven Demon, suppressing the alien race and sealing the Secret Realm of the Heaven Demon.

In addition, the Zhenjiezhu could easily eliminate the parasitic seeds in his body. Qin Chen had been looking for this town before, trying to use the Zhenjiezhu to solve the parasitic seed crisis.

It's just that the town boundary pearl is always mysterious in the mysterious realm of the heavenly devil, and even the **** cat has found its place, but he did not expect it to appear here.

In the past, Qin Chen had great expectations for the Zhenjiezhu, but now he has solved the parasitic seed, but he didn't have much expectation, but he was still curious and wondered why the Zhenjiezhu was here.

"Big Black Cat, do you know the town boundary pearl is here?"

Qin Chen questioned.

Otherwise, why did the **** cat bring herself sneakily? When the **** cat was in the Secret Realm of the Demon, but it was very coveted by the town boundary pearl.

"He's meowing, Lord Cat, I know a fart."

The **** cat was furious, "The town boundary bead, why is the town boundary bead? He drew it, but who took the town boundary bead from the heavenly demon secret realm and put it here again?"

The **** cat jumped like a thunder, with a depressed face, and his eyes were like hell.

Qin Chen frowned, isn't it a good thing to see Zhenjiezhu? Why is the **** cat like a baby being stolen?

"Big Black Cat, maybe you have a wrong memory, or you can see that no one here can enter and leave at will, or the bead in front of you is not a town boundary bead, or it is not a town that suppressed foreign races in the mysterious realm of heaven demon. Boundary beads."

Qin Chen said, since the Zhenjiezhu is the heart of the world of the Tianwu Continent and its core is located, it is impossible to appear in two places.

"What do you know? This is the town boundary bead." The **** cat gritted his teeth: "My cat, I can admit everything, but the town boundary bead is impossible to admit. This must be someone who has stolen the town boundary bead from the Heavenly Demon Continent and put it away. Here, the treasures of the masters who suppressed the deep demons were replaced.

"

The **** cat has a very positive tone.

This made Qin Chen curious. Could it be that your **** cat has been here before? Otherwise, how do you surely change the treasure? "Can the emperor not know? As far as I know, it was the space origin of the celestial world that suppressed the masters of the Yuanmo clan back then. That is the space origin of the celestial world. As long as I can get a trace of the cat, the restriction on my body is bound to be Can break most of it, but

just now....."

The **** cat has the heart to curse.

"It's a waste of so much energy." The **** cat sighed and looked disappointed.

"It's not a waste of effort, at least I found the town boundary pearl."

"How about you find it, can you still take this town boundary bead away?" The **** cat smiled bitterly, "The reason why the despicable villain took the origin of the heavenly space and replaced it with the town boundary bead is because there must be treasures. Suppress here, otherwise the masters of the Abyssal Demon Race below will definitely get out. If you take away the town boundary beads,

Is this responsibility? "

"This....."

Qin Chen looked lost, and what the **** cat said really made sense.

It's no wonder that there was such a strong spatial aura here before, the town boundary pearl is the heart of the Tianwu continent world, and the power of space is naturally extremely powerful, and only these treasures can suppress the masters of the Abyssal Demon Race.

"The emperor first go down and take a look."

Whoosh!

The **** cat shook his body and swept down directly.

It's crackling.

Just without waiting for it to get close to the town boundary beads, a burst of lightning shot out from the seal, smashing the **** cat, scorching the **** cat all over.

"My cat hurts me so much."

The hair of the **** cat was curled up, showing how terrifying this thunder light is.

"Oh, it seems that I didn't get anything for Master Cat." The **** cat was very depressed, crying sadly.

Qin Chen frowned. If the Yuanmo clan master was under this seal, where did Qin Mo go?

He came here to find a way to figure out Qin Mo's situation, but when he got here, he lost his way again.

Because at present, it seems that the mysterious space Qin Mo is in is not here.

"Kid Qin Chen, what do you do with a sad face, you have made a lot of money." The **** cat said with a wry expression.

Great bargain? "Huh, the celestial master who set the space seal in the past specially set up such a space seal in order to prevent the masters of the Yuanmo clan from being released, and the space seal contains the power of thunder, the origin of the sea of thunder, so even if it is the cat, I Advance

If you don't go into the seal of this space, with the current cultivation base of Lord Cat, once you enter, you will undoubtedly die, but you..." "In the form of Thunder, you can enter this space seal, although you cannot take away the town boundary beads and many. Holy realm, but you can comprehend the power of the Zhenzhuzhu, the heart of the world, and maybe it is possible to find the origin of the mainland by this.

Set. "

The **** cat said depressed, it worked so hard to bring Qin Chen here, who knew that it was Qin Chen who had the advantage.

No, it seems like this every time before.

Whether it's a jade disc of good fortune in the universe, a magic pot, or a crystal soul of blood, this kid is finally cheaper.

Is this kid the nemesis of his cat?

Qin Chen didn't expect that he would have such a gain, but he had a feeling that if he could feel the town boundary pearl, it would definitely be of great benefit to him in breaking through the holy realm in the future.

With a thought in his heart, Qin Chen's figure shook, and instantly swept toward the space seal.

Crackling!

The seal felt that someone was approaching, and suddenly a thunder light struck Qin Chen. Qin Chen hurriedly moved the thunder spar on his eyebrows, and his body was immediately blurred, turning into a blue thunder, and it fell into the space with a sneer. In the seal.

Thunder light lingered around Qin Chen, as the **** cat said, he did not attack Qin Chen. As soon as he entered the seal, Qin Chen felt a strong to the extreme aura of Saint Crystal. A trace of Saint Crystal's power was so strong that it almost turned into liquid, constantly infiltrating into Qin Chen's body from the pores, causing Qin Chen to 'S cultivation base is vaguely broken

Come.

"If you can practice here for a period of time, you will be able to reach the peak martial emperor's limit cultivation level." Qin Chen was quite agitated, but he did not practice for the first time, but approached the town boundary pearl. Qin Chen felt like he was standing in the vast world, facing a vast continent, full of

Endless look up and shock.

Is this the Zhenjiezhu? In Qin Chen's mind, a picture appeared, the world opened up, and the endless chaotic aura surged. This was the picture of the formation of the alien magic continent.

[Chapter 2163: Go to death generously](#)

At this moment, Qin Chen's perception seemed to be combined with this town's Boundary Pearl.

The Tianwu Continent was formed, and the endless space and chaotic forces were condensed into the heart of this world, forming the town boundary pearl. Moreover, from the town boundary beads, Qin Chen also felt an unyielding will. He saw a picture of a powerful man in the sacred realm, standing under a dark continent, one by one. Crazy, urging the original force, crazy melting

Into the town boundary beads. These masters, there are beautiful women, wild and domineering brawny, gray-haired old men, and handsome young people. The breath of the power of the world lingers around them, and the world is surrounded by them. Fuck

control.

This is a group of top powerhouses, each of them far surpasses the strongest people on the mainland today, and is clearly a group of holy realm powerhouses.

But in the picture, this group of holy realm powerhouses is madly burning their lives, burning the power of the mainland's source of life that they have comprehended, so that they are integrated into the town boundary beads.

boom!

Under the urging of many powerful men, the town boundary beads were blooming. These people were laughing wildly. They were bold and unrestrained. They put life and death away, urging the town boundary beads to suppress a demon in this dark world.

The demon roared fiercely, but under the suppression of the town boundary beads, the town boundary beads fell to pieces, and the town boundary beads fell crazily, finally suppressing this black world, and countless masters of alien demons fell one after another.

"This is... the image of the ancient human race urging the town boundary beads to suppress the masters of the alien demons in the secret realm of the heavenly devil."

Qin Chen was deeply shocked, those ancient human race holy realm powerhouses put their own lives and deaths aside, in order to resist the invasion of alien demons, in order to urge the town boundary beads, they burned their lives and released their original power.

One by one, go to death generously and sacrifice yourself!

Such a picture is so shocking.

Over the years, Tianwu Continent has been at peace. How hard is such a peace? It was entirely the result of the pioneers who had sacrificed themselves desperately.

But what about the major forces in the mainland today?

Qin Chen clasped his hands tightly. These people were fighting various wars on the mainland for their own sake and for their power. Especially Shangguan Xi'er colluded with alien demons for power.

"If I am in charge of the world, I will make the world peaceful and the people will live and work in peace!"

Qin Chen said silently, he felt the responsibility for the first time, a responsibility deeply pressed on him. In the past, he was only for revenge, but now, Qin Chen thoroughly understands what is meant by greater ability and greater responsibility. With his current strength, status, qualifications, and obligations, he will let countless ancestors defeat the world. , Not to be

Invaded by aliens.

"If I am holy, I will eradicate all the evil demons in the world, and the mainland will be peaceful."

Rumble!

When the heart was agitated, the radiance of the pearl of the town was blooming, and the ancient atmosphere of the time when the mainland world opened up lingered out, washing Qin Chen's body.

Just as when refining the blood soul crystal soul, Qin Chen saw the birth of countless rules, the operation of the heaven and the earth, and the vastness of the avenue when the world was opened.

"What did this son do to get the approval of the Zhenjiezhu?"

Above the space seal, the **** cat showed shock and shock.

Qin Chen's current appearance was clearly recognized by the Zhenjiezhu. It should be noted that the Zhenjiezhu is the heart of the mainland world, and not everyone can be recognized.

In ancient times, although there were many strong humans in the holy realm of the human race, there were very few who could really spur the town boundary beads.

But now, Qin Chen actually aroused the Zhenjiezhu, if it wasn't for his insufficient cultivation, Qin Chen could completely urge the Zhenjiezhu.

"Damn, this kid, is it against the sky?"

The **** cat has a look of taste, why can this kid take a bite of something good? Although he was eating in his heart, but in the depths of his golden pupils, he quietly revealed a hint of joy and joy, and

muttered: "This emperor is really right. This son is about to become the son of luck in this continent. Maybe, The day that the emperor is looking forward to is really promising

Can be achieved. "

When the **** cat muttered to himself, Qin Chen in the space seal had already activated the Nine Star God Emperor Art.

Hum!

A trace of the power of the holy crystal blended into his body, rapidly expanding his cultivation.

Qin Chen's aura continued to improve, and the original giant Wudi's cultivation base finally loosened. With a bang, he directly entered the pinnacle Wudi realm, and his cultivation base was still improving.

If Qin Chen absorbs real stones, even if he absorbs hundreds of millions or billions of real stones, he may not be able to completely consolidate his cultivation, but the holy crystals are different. Every power is extremely solid, allowing Qin Chen to continue in the peak martial emperor realm. improvement.

Finally, I don't know how long it took before Qin Chen's cultivation level slowly stopped.

But his spirit was still integrated into the town boundary beads. At this moment, Qin Chen vaguely felt a breath of origin, lingering between the heaven and the earth.

Qin Chen was full of an agitated spirit: "This is... the power of the origin of the mainland?" Qin Chen knew very well what Lao Yuan said when he wanted to enter the holy realm, the most important thing is to comprehend the origin of the mainland, but the origin of the Tianwu continent is now I don't know where, but now, Qin Chen seems to vaguely feel the location of the mainland origin

.

"Is this... in the Third Heaven in Martial Domain?"

Qin Chen murmured, sensing the location of the source of power in his mind, but found that he could discern the true location of the source of power, and he could only vaguely feel that he was in the Third Heaven of Martial Domain.

But this is enough.

The Triple Heaven of the Martial Domain is where the major powers of the mainland are located. Many top powers almost fully occupy the Triple Heaven of the Martial Domain.

But now, since no power can discover the origin of the mainland, it is very simple, the origin of the mainland must be hidden in a place inaccessible.

Then in the Wuyu Triple Heaven, which places are inaccessible?

There is no doubt that these are naturally forbidden places off the beaten track.

"Could it be that the origin of the mainland is located in a forbidden place in the martial arts triple heaven?"

This is not impossible. Only in this way will the origin of the mainland be more secure. If the Tiandao of Tianwu Continent has the will, it will definitely make such a decision.

This idea fell.

boom!

Qin Chen's previous contact with Zhen Jiezhū was suddenly severed, and his whole person was also sober.

A sense of invigoration full of power was transmitted to Qin Chen's body.

This is the power of Emperor Wu of the pinnacle.

"I still haven't been able to touch the holy realm..."

Qin Chen sighed quietly. According to the truth, there is a lot of holy aura in the holy crystal. Although it can't make him directly enter the holy realm, it is no problem to touch a holy realm and enter the semi-holy realm.

[Chapter 2164: Is a good thing](#)

But now, he has not even reached the semi-sacred realm, and Qin Chen has a feeling that this seems to be the Zhen Jiezhū intentionally.

This town boundary pearl seems to be conscious, preventing him from continuing to absorb the power of the holy crystal and step into the semi-sacred realm.

Why is this?

Since he can communicate with the town boundary bead, this town boundary bead should not be malicious to him. Could it be said that if he absorbs too much power of the holy crystal, will it cause the masters of the deep demons to get out of trouble?

But Qin Chen vetoed it immediately. There were too many holy crystals here. Although his absorption would have some influence, it was extremely weak and nothing at all.

Or, is this town Jiezhū good intentions?

Whoosh!

Qin Chen did not stay, but left the seal, turned into thunder, and rose into the sky. Outside the seal, Qin Chen scanned the space seal under his eyes and shook his head. If possible, he really wanted to take away the holy crystals and town boundary beads here, but he also knew that once these treasures were taken away, then The deep demons below are bound to

He can't do it to get out of trouble.

What's more, with his current cultivation base, he may not be able to take away the town boundary beads.

"Huh!"

After shaking his body, Qin Chen came to the **** cat.

"Well, Emperor Wu of the pinnacle, it seems that the Zhenjiezhu didn't let you absorb enough the aura of the holy crystal." The **** cat glanced at Qin Chen, but he had expected it.

"Why is this?"

Qin Chen was just wondering. Seeing what the **** cat seemed to know, he asked immediately. "Hehe, absorbing the sacred crystals is indeed able to enter the semi-sacred realm. However, this sacred meaning is not your own comprehension. Although your cultivation level will be improved due to this, but if you want to go further in the future, you will become difficult...by that time

, The sacrifice is your future. "

Qin Chen was startled, he understood what the **** cat meant.

Absorbing the holy crystal is equivalent to the martial artist swallowing the pill to break through. It is not without side effects. The side effects and erysipelas of some pill can be eliminated by other methods in the future, but the perception of the holy realm is difficult to eliminate by other methods.

Taking a shortcut is taking a shortcut.

"call!"

With a light breath, Qin Chen's eyes flickered.

"Well, if that's the case, the young man will rely on himself to break through the holy realm."

Qin Chen lowered his head to look at Zhen Jiezhu, with a strong fighting spirit in his eyes, and his fighting spirit rose.

If an outside warrior knew Qin Chen's thoughts, I'm afraid he would definitely yell at him.

This is the sacred realm, the realm in the legend, because of the problems that may be caused in the future, has it really given up?

I'm afraid no one would be willing to give up such a big temptation.

But Qin Chen turned around resolutely.

"Let's go!"

He spoke softly, shook his figure, and swept over the abyss without any nostalgia.

"The emperor didn't see the wrong person."

The **** cat showed admiration, and Qin Chen could be so resolute in the face of temptation. This alone was enough to make him admire.

The two were extremely fast, and in a moment, they left the abyss and swept towards the palace.

On the way, Qin Chen asked the **** cat about Qin Mo.

"You mean, your parasitic seed clone is in a certain space here, receiving inheritance?"

When the **** cat heard it, he couldn't help but said in amazement.

Qin Chen nodded.

"Damn, what else can this save you?" The **** cat looked like an idiot: "You are stupid, the inheritance that your clone received should be the inheritance set by the people of the Abyssal Demon clan, if the emperor is correct, The reason why the Yuanmo people laid down the inheritance is just in case, so I can find a way from here

Get out of trouble. "

The **** cat narrowed his eyes, as if thinking of something, a hint of excitement appeared on his face.

"This Deep Demon Clan is really a good method, and even left such a back hand. However, this back hand, maybe we can use it in the future."

The **** cat's eyes rumbling around, full of cunning and treacherous. After that, Qin Chen also learned something from the mouth of the **** cat. As a race that is extremely terrifying in the heavens, the Yuanmo tribe has an extremely powerful inheritance, and the strange demons cannot compare with it. If Qin Mo can get the Yuan Inheritance of the demons

, This is definitely a great thing.

With this inheritance, even if Qin Mo enters the Celestial Realm in the future, he will have terrible prospects.

When the **** cat said that, Qin Chen also understood that this was really a good thing for Qin Mo.

Thinking of this, Qin Chen was completely relieved, what Qin Mo would do next was up to him.

At the same time, Qin Chen also remembered the woman who had undergone the inheritance test with Qin Mo, and she felt inexplicable feelings in her heart.

Soon, Qin Chen and his party returned to the hall.

"You finally came back." Pill Emperor Jijing saw Qin Chen and Fu Qiankun and others appear, and he couldn't help showing excitement. They tacitly didn't ask about the disappeared Lao Yuan.

"If you don't come back, we might have to go out first. This passage is almost closed." Gongsun Zhe and others stepped forward and said.

Qin Chen glanced around and found that the tunnel where Tie Zhu was located was slowly shrinking and had become extremely weak.

"Chairman Chen, if the people in the Misty Palace are still watching from the outside world, I'm afraid they will have to rely on Chairman Chen and Brother Fu to take action." Lou Zimo said nervously.

"Leave it to us."

Qin Chen said without hesitation, he even had the slightest expectation in his heart, hoping that Shangguan Xier could stay outside, and with his current cultivation base, urging the Ancestral Demon Blood Jing, he was no longer afraid of Shangguan Xier.

Everyone was no longer polite, and rushed into the passage one after another.

Hum!

An invisible force of space struck Qin Chen in, and when he reacted, Qin Chen had already appeared in the sea of thunder.

Clouds of blue thunder surged, and when you looked around, there were flashes of thunder everywhere in the world. The thunder here was extremely terrifying, and it was obviously located in the core area of the sea of thunder.

"It seems that the space seal has been transferred to the core of the Thunder Sea."

Compared to when he first entered the sea of thunder, Qin Chen at the moment faced the thunderous sky, not only did not have the slightest color of fear, but was full of the slightest intimacy.

Seeing the sky again, Qin Chen also felt like he was alive after the catastrophe. For Qin Chen, everything he experienced in the ancient magic land was definitely an unforgettable experience, full of life and death crises. After Qin Chen came out, he did not see other people, and immediately understood that this space channel should be a random transmission channel, just like the one entering the space seal, everyone should be immediately transmitted to the various positions at the core of Leihai

Set.

So as soon as he came out, he sent a message, which was sent out after a flash.

"The message can be sent, it seems that Shangguan Xi'er and the others have already left."

Qin Chen shook his head, a trace of disappointment emerged in his heart. If Shangguan Xi'er and the others were still here, they would definitely block the transmission of the message, just like the way the President of the Fighting Club Wuyong used to attract Gongsun Zhe and the others. But now that the message can be sent, Shangguan Xi'er may have already left.

[Chapter 2165: Chaos Thunder Sea](#)

"In that case, leave the Sea of Thunder first and meet again on the periphery."

Qin Chen didn't care too much, distinguished the direction, and quickly swept towards the periphery of the core of Thunder Sea.

What he was worried about was the situation of the black slaves in Tianlei City. He didn't know if Shangguan Xi'er had done something.

However, when Qin Chen left Tianlei City, he had already made a plan with the black slaves. Even if Shangguan Xier went to Tianlei City, unless Shangguan Xier controlled all the people in Tianlei City, it would be dark. They should be able to cope with slavery.

With a flickering figure, Qin Chen took a pale blue shadow and disappeared into the depths of the sea of thunder.

In the sea of thunder.

Since the news of the Saint Crystal Palace in the Thunder Sea last time spread, it has caused an uproar in the entire Martial Domain.

Thunder Sea was originally a favorite place for body refining by many experts in the Martial Domain. The vast majority of Martial Emperors in the Martial Region had almost heard of the reputation of Thunder Sea and planned to come to practice.

And I heard that there are many treasures in the Sea of Thunder, and if you are lucky, you can find the property of the fallen warrior, so he made a fortune.

Even if you can't find treasures, practicing here is quite good for the improvement of your physical body.

Therefore, when the news of the Saint Crystal and the Treasure Hall in the Thunder Sea spread out, the entire Martial Domain was a sensation, and countless strong men flocked to the Thunder Sea.

But when they arrived, the space seal with the holy crystal and the treasure hall had already disappeared. I heard that the power that sealed the Thunder City had been discovered several years ago, but once there was an abnormal movement, the seal would be Will actively disappear.

And these warriors all came from various places in the Martial Domain, all of them came late, and lost the opportunity to enter the space seal, so naturally all were extremely lost.

But these people did not lose and leave, instead they formed teams to search for the space seal in the Thunder Sea.

Because I heard from the warriors of Tianlei City, although this space seal will be transferred, no matter how it is transferred, it will still be in the sea of thunder. If you are lucky, you may not be unable to find it.

At the same time, the Death Demon Sect, the Sky Ghost Sect and other forces also rushed there and issued a reward in Sky Thunder City. As long as someone can find this space seal again, they can get a huge reward from the major forces stationed in Sky Thunder City.

In addition to the Death Demon Sect and other forces, the follow-up teams of the Pill Pavilion, Bloodline Holy Land and other forces also arrived. After discovering that the space seal had disappeared, they also released the reward as soon as possible.

The top several major forces on the mainland joined forces to reward them. Such news naturally drew the madness of countless martial artists, and even some masters who came from major forces entered the Sea of Thunder to search.

Once you find the space seal, even if you are not qualified to win the treasure, just notify the big powers, the benefits you will get will be endless in your life. Of course, these people are not reckless people. They are all in teams. This is a must. The sea of thunder is desolate and can confuse people. If you don't form a team, once you lose your mind and fall into madness, Can only fall

it's here.

This is also one of the most terrifying threats of the Thunder Sea.

What shocked everyone was that not long ago, the magic sound that could confuse people in the Thunder Sea disappeared.

This caused many warriors who had not dared to break into the sea of thunder also rushed in. For a while, the sea of thunder was overcrowded, which was dozens of times more than the original number. It is a pity that they have searched for so long and no one can find the space seal. There are even rumors that this space seal has moved to the core of the Thunder Sea, where the thunder is extremely terrifying, even the peak.

When the Wudi strong entered it, it was impossible to escape.

This speculation has been approved by many people, but even so, many strong people still have no one to leave, still searching for space seals everywhere. Others did not know what was wrong with the Thunder Sea, but Yuan Tianhuan of the Fighting Martial Club knew very well, especially Shangguan Xier gave him an order to monitor the abnormal movement in the Thunder Sea, so Yuan Tianhuan also dispatched

There are many masters in this sea of thunder.

Even the masters of the major forces on the mainland, except for a small number of them in Sky Thunder City, a large part of them also came to the Sea of Thunder.

Qin Chen flew outward from the core of the Thunder Sea, his speed was extremely fast, and after only half an hour, he had already left the edge of the region where the thunder and lightning was the most violent.

Qin Chen sensed the direction, knowing that he had not gone wrong, as long as he flew in this direction for at most one day, he could enter the gentle part of the Thunder Sea, and then continue walking, he could completely leave the Thunder Sea.

Thinking that he came in and searched for many days before finally finding the space seal, Qin Chen was a little surprised.

He smiled slightly, shook his figure, and directly rushed out of the core area of the Thunder Sea's violent waves.

The Thunder here has no effect on him at all.

As soon as Qin Chen walked out of the core area, he heard a sharp cry. There were four strong men, three men and one woman, who appeared in front of him. These four men were not weak in cultivation. They were all strong men of Emperor Wu. The one who screamed was from one of the female warriors. She was obviously by Qin. The place where the dust came out was scared, the sea core of thunder

From the land of the heart. "You... did you come out of the core zone just now?" A male martial emperor looked at Qin Chen in horror. He didn't know how terrifying the thunder in that core place was. It is rumored that even the peak Martial Emperor entered, he might not be safe and sound. , Qin Chen is such a

How can a young man come out from inside, so how can he believe it?

If it weren't for Qin Chen's breath to make it clear that he was a martial artist, the other party would even think that Qin Chen was a ghost in this sea of thunder.

But if the martial artist in front of him is not weird, how could he emerge from the core of the Thunder Sea alive? Although Qin Chen's aura was not weak, he looked too young and didn't want to be a master who could enter the core land.

Qin Chen also had some doubts. The warriors in Sky Thunder City had a faint thunderous aura, but these warriors did not have such a breath. They were obviously foreign warriors.

But since the space seal has already appeared, how could these warriors come here? Even if you want to hunt for treasure, you should go directly to the location of the space seal.

The four warriors couldn't see through Qin Chen's cultivation. Seeing that Qin Chen frowned and did not speak, the four dared not speak, and no one dared to leave. Qin Chen's gaze flashed, and then he discovered that there was a spear in the thunder not far away. His perception was extremely powerful, and he immediately sensed it as soon as he swept the spear.

[Chapter 2166: Fist to dust](#)

Qin Chen stepped forward, raised his hand and took the spear in his hand, and beside the spear, there was a storage ring, which was also put away by Qin Chen.

This was obviously left after a certain strong man fell. "Emperor soldiers..." The other four warriors were shocked when they saw this scene. They all greedily looked at the emperor soldiers in Qin Chen's hands. If it wasn't for Qin Chen's cultivation base, they couldn't see through it, or if it wasn't Qin Chen. The dust is weird from the core of the Thunder Sea

Come out from the ground, maybe they have rushed to grab it.

He immediately saw an emperor soldier, and Qin Chen sighed. It seems that there are probably many more warriors who have fallen in the sea of thunder. I don't know how many warriors are attracted by the news about the saint crystals and the treasure hall released by the fighting war. Here.

He didn't look at the long spear in his hand much, just a slight shock, power poured into it, and suddenly a clear spear groaned into the sky, even forming a phantom of a blood beast.

"Good emperor soldier." Qin Chen couldn't help but exclaimed. He didn't expect the power of the emperor soldier he picked up to be so extraordinary. When the blood beast phantom looked at it, it should be the soul of a certain emperor level blood beast. An imperial soldier, compared to his half-yue ancient sword

They are all the same, but they can be given to black slaves.

When Qin Chen sighed secretly, the four of them all looked at the imperial soldiers in Qin Chen's hands fiercely.

This is definitely the top imperial soldier. A few people swallowed their throats. If they could, they would have done it a long time ago. Although they are all martial emperors, not everyone has emperor soldiers, and the power of this spear emperor soldier is definitely in them. The middle platoon

Top three.

However, they were afraid of Qin Chen's strength, and they did not dare to rush into action.

Qin Chen did not continue to look at this long spear, but held it in his hand, and said to the four martial artists: "What are you doing here?" "Senior..." Although he didn't know what Qin Chen's strength was, he wondered what Qin Chen asked. The question, the female Emperor Wu among the four hurriedly bowed and said: "I am waiting here to find the location of the space seal where the holy crystal is located.

The major forces in the Thunder City have said that as long as they find the location of the space seal, they can get huge rewards. "

Doubts appeared on Qin Chen's face suddenly: "You are looking for the space seal, is that space seal gone? When did it disappear? And what do you think of the major forces stationed in Sky Thunder City have come? Heavenly Thunder City?" Qin Chen was still thinking about how to prevent everyone from entering if the space seal was there. He even thought about arranging a sky-defying formation to block the space seal, because unless it is a strong semi-sacred realm. , Even if the ordinary Emperor Wu is the pinnacle

Emperor Wu entered, only to give nourishment to the powerful Yuanmo clan.

Even the strong of the semi-sacred realm enters to send food.

But now it sounds like the entrance to the space seal has disappeared.

Qin Chen was puzzled. After the four people heard Qin Chen's words, their hearts were even more stunned. Qin Chen's words clearly indicated that he had already entered the Thunder City, and even knew the location of the original space seal.

This is nothing. The key is that Qin Chen didn't even know the announcements of the major forces in Sky Thunder City, and combined with him coming out of the core of Thunder Sea, what does this mean? Qin Chen is likely to be the first group of masters who saw the seal of space.

And this group of masters, countless powerhouses, almost all entered the space seal, but so far, no one has come out. If Qin Chen is really one of them, then he will be the first to come out of the space seal. The strong.

The four of them can become Emperor Wu with extremely keen minds. They understood the meaning for the first time, and each showed a fanatical color.

This is the first strong person to come out of that space seal. I heard that there are holy crystals everywhere in this space seal. Does this person have holy crystals?

At this moment, the four of them couldn't wait to surround Qin Chen for the first time and behold the treasure.

But for some reason, when they saw Qin Chen's plain gaze, the four of them were all energized, and when they thought of the way Qin Chen walked out of the core place before, the four of them were even more afraid.

Such a strong person, who is not careful, will not only fail to obtain the treasure, but they will die. The female warrior who spoke just now respectfully said: "Senior, that space seal has long since disappeared, and many warriors who came to the Sea of Thunder were not able to enter. As for the power of Sky Thunder City, as long as it is the top level on the mainland Some potential

The power is coming, the quantity is too much...Senior, did you come out of that space seal?" She looked at Qin Chen hopefully. Although she didn't dare to do anything to Qin Chen, if Qin Chen admitted that she came out of the space seal, she said that this space seal is most likely to be in the core of this position. Tell the news to everyone in Tianlei City

Big forces, they can also get a lot of rewards.

Qin Chen breathed a sigh of relief when he heard the words of the female emperor. From the perspective of time, it should be Shangguan Xi'er and the others who moved into the space seal shortly after the space seal. In this case, the strong ones who entered it later should not How many.

"If you are looking for a space seal, you don't have to..." Qin Chen shook his head, and was about to ask about the next day in Thunder City. Suddenly, he felt that two strong men flew by.

The two warriors are both masters of Emperor Wu, one of them is even a giant Emperor Wu, with extraordinary aura, obviously also an ancestor-level figure of a certain big power, with a proud face.

Before the two of them came to the front, they saw the long spear in Qin Chen's hand. On the long spear, the spear was overflowing with light and exuded an astonishing aura. One of the emperors immediately surprised and said: "What a strong imperial soldier." After saying this, he speeded up and rushed directly towards Qin Chen, and at the same time stretched out his hand to grab the black spear in Qin Chen's hand, "Haha, you got this spear from this sea of thunder, you are so young, He De He Neng

If you can use these emperor soldiers, it is better to hand it over to this emperor, and this emperor will naturally not treat you badly! "

He laughed, he was actually trying to **** the black spear in Qin Chen's hand, and he was extremely proficient in his movements. Obviously, he had done too much of this kind of thing, and he had become used to it.

Qin Chen glanced at him indifferently. It was just a mid-term peak Martial Emperor, and even the Banyue Ancient Sword didn't bother to display it, and he slammed it over.

"Haha, little baby, I still want to resist, and don't look at your grandpa..." The mid-term peak Wudi laughed loudly. Before he could say anything, he felt an unmatched distance hit, and his face changed suddenly. He hurriedly tried to resist, but it was too late. With a bang, a terrifying true essence struck him, and the whole person instantly fell apart, burst into pieces, and turned into nothingness in the thunder sea.

[Chapter 2167: Blood knife ancestor](#)

There was a hint of space in Qin Chen's attack. This mid-term peak martial emperor did not even leave any flesh and blood, and was directly shattered into nothingness in this sea of thunder.

Another giant Wudi who rushed over immediately stopped and looked at Qin Chen with a shocked look. Qin Chen blasted his master with one blow to their sect, and there was endless anger in his heart.

He didn't expect Qin Chen to be so terrible. He killed his subordinates with one punch. Although he was a giant martial emperor, he was many times stronger than his subordinates, but it was also extremely difficult to kill a mid-term peak martial emperor with one punch. .

"Smelly boy, you dare to kill my **** man, so bold."

A blood-colored sword appeared in the hand of this old man. As soon as the sword appeared, the void whispered, and blood spread out, like a ghost crying, making people dizzy. .

This is obviously an evil soldier, and the power is extremely terrifying, with terrible whining sounds, making people fall into the abyss.

"Blood Meteorite? Is this person the ancestor of the blood knife?"

The four Emperor Wu who had been thinking about Qin Chen before heard these words, and suddenly took a breath, each of them shuddering, and they didn't dare to say a word.

Although the Blood Meteorite is not the top power, it also has a reputation in the Martial Domain, especially the ancestor of the blood knife. The blood meteor knife is infinitely powerful and makes people change color. He is definitely a ruthless person. Although the four of them are not low-ranking, they are also masters of Emperor Wu, but facing the ruthless people like the blood knife ancestors, they still instinctively feel scared, and think of Qin Chen before he hit and killed a master of the blood meteor door. , These four are even more shocked

Daring. At the same time, they were also rejoicing in their hearts. Fortunately, they hadn't done anything to Qin Chen before, and their attitude was still respectful, and they didn't mess around. Otherwise, with the strength that Qin Chen showed before, once they did it, I am afraid they would have been with the blood before. fall from the sky

Like the master of the door, it became nothingness.

Although there is some rejoicing in their hearts, the four of them are also nervous at the moment. The ancestor of the blood knife is also a well-known expert in the martial arts. If he would kill Qin Chen later, would he also kill them? Even thought they belonged to the young man with the black spear? The hearts of several people are all uneasy, up and down

.

"roll....."

Qin Chen glanced at the so-called blood knife ancestor, and snorted coldly, he was too lazy to kill, and fighting the alien demon race also requires a large number of martial emperors as the backbone, but if this martial artist is not interesting, don't blame him You are welcome.

When the blood knife ancestor heard Qin Chen's cold drink, his eyes suddenly became cold, a trace of **** chill emerged from his eyes, and Qin Chen dared to tell him to go.

But instead of the initial anger, he stared at Qin Chen, his eyes flickering, and he didn't know what he was thinking. It is true that Qin Chen is too arrogant. The four people next to him have already stated his identity. With his reputation on the mainland, most people have to weigh and weigh when he hears it, but now Qin Chen has no expression of shock on his face. , The blood knife ancestor

I don't know if the other party is pretending or is really not afraid of him.

If it's just pretending, it's okay to say, if it's really not afraid of him at all, then he will have to weigh the consequences carefully.

Just when the blood knife ancestor hesitated.

"What's the matter?" Two more fledgling lights came and quickly approached here.

Boom!

Both of these auras are extremely terrifying, and one of them has a strong and terrifying cultivation base. As soon as it falls, the surrounding Thunder Sea fluctuates slightly. Obviously, this person's breath is so strong that even the Thunder Sea of the Thunder Sea will suffer. A trace of influence. When the blood knife ancestor saw the strong man falling in the light, his expression was immediately pleasantly surprised, and he said sadly, "Elder Fujitani, when I searched for space seals here before, Deputy Sect Master Lai Shi found a good one. Emperor soldiers, but

Before he could put it away, he was snatched away by this kid. This boy robbed the emperor soldiers waiting for me, not to mention, even killed the Deputy Sect Master Lai Shi. "

The ancestor of the blood knife said respectfully, his eyes staring at Qin Chen fiercely.

Elder Fujitani?

Hearing this name, the four Emperor Wu suddenly fell silent, and their faces turned pale.

Oh my God, they met so many top players at once, what a thing.

In Tianwu Continent, there is only one Teng family that can be called the Mozhou Teng family. The Mozhou Teng family is one of the top ancient families in the mainland.

The forces of the Teng Family and the Long River Xiao Family, the Hidden Family Ji Family, and the Mo Family are among the top forces in the mainland. These forces can kill them with the slightest effort.

And the supreme elders of this kind of family are not what ordinary martial emperors like them can see, but who would have thought to see them all at once.

The elder of the Fuji family, this is definitely a more terrifying figure than the blood ancestor of the bloodfall door. The Blood Meteorite and Mozhou are not far away, and as the top force in the Martial Domain, the Blood Meteorite naturally has some ties to the Fuji family. There are usually some business contacts and transactions, and it can be said to be talkable. At this moment, I see the Fuji family too. The elder is here, this blood

Dao Pao immediately turned black and white. Although he is afraid of Qin Chen's identity and strength, the Fuji family is too powerful in the Tianwu Continent, so he is certain that regardless of the other

party's background, as long as Master Fujitani is willing to stand up for him, the young man in front of him will definitely not be able to escape.

Not by him yet?

As for the four ants on the side, it is impossible to have any nonsense.

After hearing this, Qin Chen sighed inwardly. He was really self-inflicted and couldn't live. If he replaced him, he would definitely kill the blood knife ancestor without saying a word.

But Qin Chen just came out of the ancient demon land, killed so many demon puppets before, and thought of the various calamities of the Tianwu Continent in the future, only to burst of kindness, and was too lazy to kill this blood knife ancestor.

But who would have thought that he originally intended to spare his life, but the blood knife ancestor turned black and white in front of him. What is this not looking for death?

If such a person really wants to stay, I'm afraid they will also become the running dogs of the alien demons, so it's better to kill them. The two people who came here were both the cultivation base of Emperor Wu Feng, and they seemed to be the top of the Teng Family. For the Teng Family, Qin Chen had some conflicts with each other when he was in the Guyu Realm, but Qin Chen didn't care, as long as The Fuji family doesn't mess with him, nor will he

Because a little incident at the beginning destroyed the Fuji family.

As for the blood knife ancestor, there is no doubt that he will die. He wants to kill the other party, let alone a super elder of the Fuji family, even if there are a few more Fuji families. "This friend, the old man Fujitani, the elder of the Fuji family, I don't know why you want to **** things from the blood knife ancestors? You want to kill the warriors of the blood meteorite? This blood meteorite can be regarded as a little related to my vine family. A bit too much, right?"

[Chapter 2168: Elder Fujia](#)

When Fujiya heard the blood knife ancestor asking for help, he was still a little puzzled. After all, the blood knife ancestor's cultivation level was very clear to him, so he swept Qin Chen with his perception when he came up, but he didn't scan out Qin Chen's cultivation level.

He was shocked immediately in his heart, and he didn't act on Qin Chen as soon as he came up, but frowned and asked.

Qin Chen's origins are not even clear to him.

The discovery of the holy crystal in the sea of thunder has attracted the attention of countless top forces in the mainland. Although he is from the Teng family, he has always been very cautious. Before he knew Qin Chen's origin, he naturally did not want to be the blood knife ancestor. Handle knife. The peak martial emperor who was with Fujiya glanced at Fujiya suspiciously, and then at Qin Chen suspiciously. He didn't understand. According to the temperament of the elder Fujiya, some people dared to kill someone who had good influence with the Fujiya family. , He already started

.

Where would you talk to others in such a reasonable tone?

Qin Chen smiled coldly and said, "Not only did I kill this disciple of the Blood Meteorite Sect, I also want to kill the blood knife ancestor beside you..."

Before Qin Chen's words fell, his fist blasted out again, and the terrifying fist instantly blasted Lei Hai away from a winding wave, frantically rushing to the blood knife ancestor.

"boom!"

The endless sea of thunder is boiling, and the fist reaches the sky. Everyone feels that their souls are trapped in an endless abyss, surrounded by an indescribable power. The blood knife ancestor is at the center of this power. .

"Boy, you..." The blood knife ancestor did not expect Qin Chen to dare to do it in front of Fujiya. The blood knife in his hand surged, rumbling, and the terrifying blood snaked out, instantly forming a blood-colored ocean blocking Qin. Before the dust of the fist. And the peak Emperor Wu who was standing next to Fujiya also changed his color suddenly. His eyes were cold and he slammed out his palm directly, trying to block the terrifying fist power for the blood knife ancestor, but after he blasted out, his expression changed, because He found his attack

It was lost.

what? Qin Chen's fist was still far away at first, but the speed was extremely fast, and the consolidation of the blink of an eye was like traversing an endless distance. It instantly penetrated this area and had come to the front of the blood knife ancestor. Made this pinnacle martial emperor fall

Empty.

This pinnacle Wudi suddenly showed shock on his face, and he was extremely astonished. What kind of move was this, and the terrifying rules of space, even his perception was blurred, and he was not able to intercept it the first time.

And Fujiya obviously didn't expect that Qin Chen would actually do something to the blood knife ancestor in front of him, but his reaction was actually faster than that of the peak Martial Emperor beside him, and he felt it the moment Qin Chen took the shot.

However, he did not move deliberately, but wanted to pry out Qin Chen's identity through Qin Chen's shots. He naturally felt the terrifying space rules contained in Qin Chen's attack, and he couldn't help being surprised.

"Not good." His heart jumped. Originally, he wanted to use the blood knife ancestor to test Qin Chen's strength, but he suddenly woke up at this moment. Such a punch of the blood knife ancestor will inevitably be unable to bear it, and will most likely be injured. , Thinking of this, he has to do it in a hurry

Intercept.

But it was too late, he could only watch and realized that he didn't even have a chance to save him.

boom! The terrifying fist power was too fast. Before the blood sea in front of the blood knife ancestor had time to surge, Qin Chen's fist power had already arrived, just like a huge mountain smashed into a stream with a pop. , The blood sea instant that the blood knife ancestor split

Suddenly burst into pieces, a terrifying fist strikes the blood knife ancestor's body instantly through the sea of blood.

"Master Fujitani, save..."

The ancestor of the blood knife screamed in horror when he discovered that his blood sea attack was blasted by Qin Chen. His heart was full of horror. He originally thought that Qin Chen was the same as himself as a giant martial emperor, at best he was better than himself. .

But he was completely awake at this moment, what kind of giant Wudi Qin Chen is, definitely a pinnacle martial emperor, but a pinnacle martial emperor who is not weak at all.

He roared in a hurry, and endless fear emerged in his heart. He couldn't think that Qin Chen, a young man, would dare to be so arrogant in front of the Supreme Elder of the Teng Family. Even if he was the pinnacle martial emperor, wouldn't he be afraid of the Teng Family's revenge?

If he had known that Qin Chen dared to be so arrogant and had such strengths, he would definitely not be fine to look for trouble, but it was too late now. "Your Excellency..." Knowing that he was too late to stop him, Fujiya hurriedly said coldly, but only uttered two words, with a puff, the ancestor of the blood knife had been blasted into blood mist by Qin Chen with a punch, and that **** war knife was in there. Floating and sinking in the sea of thunder, countless blood

The fog was filled, and then was annihilated into nothingness by the many lightning rays of the Thunder Sea, and nothing was left.

As soon as Qin Chen raised his hand, the blood knife fell into Qin Chen's hands instantly. Qin Chen glanced at it and nodded in satisfaction. Although the blood knife was a bit more grieving, it was a not weak imperial soldier. Who likes a bit better with nigger.

As for the storage ring of the blood knife ancestor, Qin Chen didn't even look at it, and threw it into the universe jade disc along with the blood sword.

Only then did Fujiya react. He looked at Qin Chen in anger and said coldly: "Your Excellency, dare to do this in front of this seat to kill the sect master of the Blood Meteorite Clan, and to kill the powerhouse of my martial arts. If you have any, please report it."

Even if Fujiya was afraid of Qin Chen again, he couldn't help but erupt at this moment, and a terrifying murderous intent suddenly emerged from him, booming, terrifying murderous aura engulfed the powerful true essence, and instantly surrounded Qin Chen.

Pedal.

Under this power, the surrounding four martial artists changed their colors one after another, and they backed away in a hurry, all unable to bear Fujiya's murderous aura, each of them vomited blood and raised their heads with amazement.

Is this the top powerhouse in the mainland?

Just the breath that escapes can make them, the Martial Emperor masters, vomit blood, which is simply terrifying.

"Brother Fuji, but what nonsense is he talking about, no matter who he is, so arrogantly slaying the sect master of the Blood Meteorite Gate, he doesn't put me in his eyes, you can bear it, this emperor can't bear it..." Still questioning there, the pinnacle martial emperor next to him can't help it completely. He hadn't been able to save the blood knife ancestor before, and he had nothing to do with his face. He had long been full of hatred for Qin Chen. Raise your hand, a cyan

The shadow flew out and rushed towards Qin Chen.

Huhuhu!

This turned out to be a cyan ancient sword. The sword aura brought by the cyan ancient sword sealed the space around Qin Chen in a blink of an eye. Obviously, he was afraid that Qin Chen would escape and a terrible space domain would strike. Trapped Qin Chen double.

Feeling the other's space barrier extended, Qin Chen shook his head. This person is indeed a master, even better than Lu Zi'an, but still a little bit behind Fujitani, probably from Feng Kang'an in Ancient Sword Villa. Level. As for Feng Kang'an, Qin Chen was able to kill him before even breaking through. Now such a person who is not much better than Feng Kang'an wants to teach himself?

[Chapter 2169: Too lazy to kill](#)

Qin Chen simply despises this pinnacle martial emperor's shot, but this person has a solemn expression. After sacrificing the cyan long sword, he immediately displayed the space enchantment, and at the same time, he raised his hand to once again offer a network of truth. Bao, want to capture Qin Chen alive

Up. Although he was angry, he was not an idiot. Qin Chen killed the blood knife ancestor with a fist before, and he was so arrogant in front of Fujiya. If he had any extraordinary status, he would also be in trouble, so he didn't think about directly killing him. To kill Qin Chen, but to

Fetter Qin Chen first. If Qin Chen really has any background, he can advance or retreat. If not, huh, he sneered in his heart, he has already been sentenced to death, and Qin Chen is so young, he has such a cultivation base, and he must have Secret of Heaven

dense.

Thinking of this, his heart suddenly shook. Rumor has it that this sea of thunder has a space seal, and there are countless powerful holy crystals in the space seal. Wouldn't this guy come out of that space seal?

As soon as this thought came out, the enthusiasm in his heart skyrocketed.

Yes, it must be so.

Otherwise, it is impossible to explain why Qin Chen is so young and his cultivation level is so terrifying. If he enters the space seal and obtains the holy crystal, then everything will be explained.

Thinking of this, he was about to activate the reticulated real treasure immediately and restrain Qin Chen, but before he could activate the real treasure, he felt something was wrong. His cyan long sword

did not trap Qin Chen as he imagined. It was just as sacrificed, and when he approached the young man on the opposite side, it became sluggish, as if he was trapped in the mud, and his space barrier actually Crackle

The sound of cracking, a more terrifying spatial force spread, and instantly shattered his spatial enchantment.

At the same time, a terrifying force of space instantly enveloped him, even forcing him to be unable to move the real net treasure.

"What? How could there be such a powerful space rule?"

This is the opponent's space barrier, and this person reacted immediately. Only a space barrier that is stronger than him, and only a strong person with a much deeper cultivation base, can break his space rules. Come and restrain him.

Knowing that he was restrained, the face of this person changed drastically. He had no time to think of anything else, running his true essence crazily, trying to break away from Qin Chen's spatial restraint, and at the same time, his essence and blood burned crazily.

boom!

Above his head, a cyan Luan bird appeared. This was the power of his bloodline. The Luan bird sang long, bursting out a dazzling blue light, and the terrible bloodline power rippling, trying to break through the constraints of Qin Chen's space.

Although this person was reckless, he was extremely decisive and resisted in the first place. At this moment, Fujiya couldn't continue watching the show. He didn't expect that Qin Chen would tie Shu Anhe in the blink of an eye. Shu Anhe was not the warrior of his Fuji family, but the other one who had good friends with the Fuji family. The master of the sect, he

Although he wanted to use Shu Anhe to spy on Qin Chen's strength, he couldn't just watch Shu Anhe being killed by Qin Chen.

Reminiscent of the scene where the blood knife ancestor was quickly killed and he couldn't even rescue him, Fujitani couldn't think much about it. There was already a bright moon double blade in his hand, and he slammed toward the space rules in front of Shu Anhe.

boom!

As soon as his Mingyue double-edged blade entered Qin Chen's spatial domain, it immediately seemed to be trapped in a quagmire, and even he became extremely strenuous.

But after all, Fujiya is a master of the Fuji family, and his strength is much stronger than Shu Anhe. I saw the misty black chaotic power exuding from the double blades of Mingyue, and the space domain Qin Chen displayed was instantly split. Gap.

But at the moment this gap appeared, Fujiya felt a strong sense of crisis, and Qin Chen slammed Shu Anhe while **** him.

Hum! This punch directly penetrated the void and appeared in front of Fujiya like a ghost. The strong killing aura made Fujiya's cold hair stand up. He felt that if he could not stop the attack in time, he would even Get punched

Exploded.

"Damn it!"

At the moment of crisis, Fujiya could only stop Mingyue's double-blade severely in front of him, and then slashed out with all his strength.

"boom!"

With a deafening roar, Fujitani felt a terrible force rushing. The Mingyue double-edged blade in his hand trembled violently, and the true essence inside his body was surging, and he couldn't hold it down, and he opened his mouth and just a mouthful of blood spurted out.

Fujiya's face was fascinating. He, the top peak Wudi of the Fuji family, was almost the top figure in the Martial Domain. He couldn't hold up even a single move in front of Qin Chen, which made him even dare not believe it.

Fortunately, under Qin Chen's fist, he didn't make another move. He flew upside down while vomiting blood, and immediately rushed out of Qin Chen's spatial domain, backing quickly without thinking about it.

With a puff, Shu Anhe on the side finally broke away from Qin Chen's spatial domain at the moment Fujiya shot, and under the intense True Qi agitation, he also spouted a mouthful of blood, flew out, and landed not far from Fujiya. Place.

But Qin Chen just stood not far away indifferently, and did not take advantage of the victory to pursue it.

"Brother Fujiya..." Shu Anhe looked horrified, glanced at Fujiya who was also vomiting blood in shock, and hurriedly swallowed a few pills without saying anything.

And Fujiya obviously ignored his time, and took out the pill chart and swallowed it down, which stabilized his figure. At this moment, both of them looked at Qin Chen in amazement. They didn't expect that they would be defeated in a moment in front of this young man based on their abilities. Although it was because of their carelessness, the strength of the other party should not be underestimated. This young man repairs

Because it is so scary, is there any opponent in Tianwu Continent?

The two of them were shocked, and I am afraid that except for the power of the top powers, such as the ancestors of his Fuji family and other masters, it may be possible to defeat this person.

However, they are not the ones who are willing to give up. If this hatred is not reported, how can the two of them gang up on the mainland in the future?

The two looked at each other, a fierce glow flashed in their eyes.

Although they were extremely shocked by Qin Chen's strength, it was because the two of them had not done their best before. If they did their best, even if they might not be able to kill the other party, are they still afraid that the other party will fail? The most ridiculous thing is that the kid didn't chase after them before. It seems that this kid is really young and a little immature. If Qin Chen continued to chase them up just now, they would have nothing else but forbidden skills to escape. Way out

.

but now.....

A trace of hostility emerged from the bottom of their hearts.

Qin Chen sighed slightly. He hadn't killed any killers before, but he was actually too lazy to kill these people.

With his current cultivation base, his goals have all fallen on the lowest and semi-sacred masters, such as the Heaven Devourer, the Abyssal Demon Lord, Shangguan Xier, and the Demon Spirit. He has no interest in these people like Fujigu. .

But since the other party is looking for death, no wonder he is.

"Brother Chen, haha, I finally found you."

At this moment, a cheerful laughter sounded, and the thunder light in the distance separated, and a figure quickly flew over, wrapped in an extremely terrifying breath, with a sense of joy. It is Ji Jing Dan Di.

[Chapter 2170: I wait to testify](#)

boom!

The terrible thunder sea was boiling, and in the endless thunder sea, Emperor Pill Mirror flew quickly and quickly landed beside Qin Chen.

A stream of light lingers all over his body. At this moment, Emperor Pill Mirror is much scarier than before entering the ancient magic land. After all, the experience in the ancient magic land is an amazing experience for any top expert. Experience and transformation.

"Brother Chen, I didn't expect this teleportation channel to be a random teleportation. The old man was planning to go out of the Thunder Sea before looking for you. I didn't expect to encounter it so soon."

Ji Jing Dandi said with a smile, there was a trace of tension on his face, but at this moment he was relieved.

After he entered the teleportation channel, he discovered that the teleportation channel was teleported randomly, and his soul was almost gone. What if Shangguan Xier and others were guarding in this sea of thunder? If you encounter it, he will undoubtedly die with his cultivation. Therefore, Emperor Pill Mirror wanted to leave the sea of thunder as quickly as possible. He didn't expect to feel the fluctuation of battle not far away after flying. He was frightened and came quietly and found After Qin Chen, this is loose

Tone.

With Qin Chen present, even if he met Shangguan Xi'er, he was not afraid at all.

So he rushed up the first time, until he fell by Qin Chen's side, did he have the intention to see who was fighting Qin Chen.

"Fujitani, why are you?"

When Emperor Jijing Dan saw the person who fought with Qin Chen, he was taken aback. Before, he only came out after confirming that the opponent was not Shangguan Xier and the demon, but he didn't expect it to be the Fuji Valley of the Teng family.

As the top power in the mainland, and Fujiya as the supreme elder of the Fuji family, although Emperor Jijing Dan is unfamiliar, he naturally knows it.

"Senior Pill Emperor Pill..."

Compared with the doubts of Emperor Pill Mirror, Fujitani and Shu Anhe were far more shocked than Emperor Pill Pill. The faces of the two of them showed incomparably shocked expressions, and they were all shocked.

They didn't expect that the youth they played against would even know Emperor Jijing Dan, and they seemed to have a good relationship with Emperor Jijing Dan.

What shocked them even more was that Emperor Jijing Dan seemed to be the first group of masters to enter the space seal, and now he appeared in the Thunder Sea. Doesn't it mean that the opponent has already obtained the holy crystal?

"Senior Pill Emperor Pill, haven't you entered that space seal? Why did you appear here? Is that holy crystal real?"

Fujiya instantly left the confrontation with Qin Chen behind him, and instead asked excitedly, it was obvious that for their top players, the temptation of Shengjing was too great.

"It turns out that you are here for Saint Crystal."

Emperor Jijing Dan gave a wry smile, "The Holy Crystal Treasure Land in the space seal is actually a trap. If the two are here for the sake of the Holy Crystal, I still advise you to stop bothering." At this point, Jijing Dan A trace of terror flashed across the face of the emperor, and he glanced at Qin Chen. If it weren't for Qin Chen, he might have fallen into the ancient magic land because of his greed for the holy crystal. He came out alive and breathed fresh air. ,

It's really not easy.

"trap?"

Fujiya was taken aback, and hurriedly asked, "Senior Pill Emperor Pill, what is going on?"

He could feel the panic of Emperor Pill Mirror. Obviously, he had encountered something extremely terrifying. He could feel the identity and strength of Emperor Pill Mirror. Is there anything that would scare him? "This is a long story. If it weren't for Brother Chen, I'm afraid I would have fallen into that

space seal long ago. As for what happened, I will talk about it later. I don't know if the ancestor of Tengjia Tenghua Zang Nearby, I will hold a joint

A joint statement, the matter will be stated as it was then, but why did you conflict with Brother Chen? "

Jijing Dandi frowned, did not explain too much, and a few words about this matter were not clear.

When Fujiya heard the words of Emperor Pill of Mirror, he glanced at Qin Chen in horror. Unexpectedly, Emperor Pill of Mirror was so respectful to this kid. What happened in that space seal? I was shocked, but Fujiya and Shu Anhe never dared to do anything to Qin Chen anymore, because they saw that if they did, Emperor Jijing Dan would most likely be on Qin Chen's side, just to deal with Qin Chen. Let them be choked, if

Coupled with the Jijing Dandi, they have no chance of winning at all.

"Senior Pill Emperor, it is not that I waited to clashed with him, but that in order to **** this black spear Emperor soldier, he killed the blood knife ancestor of the Blood Meteorite door first, so naturally I can't just wait and watch..."

Fujiya opened his mouth and planted the problem on Qin Chen's head.

Pill Emperor Jijing was taken aback, and he glanced at the black spear in Qin Chen's hand. It was indeed a treasure, but if Qin Chen killed the ancestor of the blood knife for this imperial soldier, Emperor Pill Ji would never believe it. .

"The two really turned black and white. This imperial soldier was originally what Ben Shao earned. It was the blood knife ancestor who wanted to **** Ben Shao's imperial soldier, and was beheaded by Ben Shao. The two of them were actually aggressive. Are they really not tempered? Qin Chen sneered.

Emperor Ji Jing frowned: "If this is the case, then the blood knife ancestor will die."

Fujiya's face was ugly, and he coldly snorted: "Senior Pill Emperor Jijing, this is what this person said. Now that the blood knife ancestor is dead, who can testify?"

"I'm waiting to testify."

At this time, the women among the four Wudi on the side immediately walked up to the Taoist way, with a trembling expression.

"Mu Han..."

The expressions of the other three men changed suddenly and they hurriedly shouted.

The four of them have actually been dumbfounded before, whether it is Fujiya, Shu'anhe, or Emperor Jijing Dan, they are all famous in the martial arts, and each of them is the pinnacle of the martial arts.

If they offend each other, I'm afraid that they don't know how to die. At this time, Mu Han didn't want to get out, but took the initiative to cause trouble. Isn't this looking for death?

If Fujiya is angered, they can be pinched to death with a finger.

But Na Mu Han turned a deaf ear to what had happened before. At first, he was a little nervous, but afterwards, he became fluent and comfortable.

Qin Chen glanced back at Fujigu, and asked quietly, "Do you have anything else to say? If there is nothing, Chen will leave." Fujigu and Shu Anhe's expressions were instantly pale, in fact, they I also guessed that I was probably used by the blood knife ancestor, but before Qin Chen was so arrogant that the two didn't want to figure out the facts at all, they just wanted to capture Qin Chen, but now

When the truth came out, if the two of them were still holding on, they would completely offend Emperor Pill Mirror. So when I heard Qin Chen's words, I immediately clasped my fists and said, "No, no, it turns out that the two people from the Blood Meteorite have offended Brother Chen. They really deserve to die. Fuji was deceived before. I'm sorry to Brother Chen here. If you are willing to be a guest at my Fujiya's house, I Fujiya will definitely welcome you."
