

## Valkyrie 2171

### [Chapter 2171: What can I do](#)

"Go to the Teng's house, then there is no need, I have something to do, so I will leave now." After speaking, Qin Chen was about to leave immediately.

Shu Anhe hurriedly stepped forward and said eagerly: "Brother Chen, the green shadow sword was inherited from Shu, please..."

Although he had rushed out of Qin Chen's domain before, the Azure Shadow Sword was bound by Qin Chen. At this time, seeing Qin Chen leaving, he was naturally anxious.

Qin Chen glanced at Shu Anhe and snorted coldly: "This thing is the trophies of this young man. Before, you did not ask the young master to act on him. Ben young master did not hold you accountable, but you never want to take this green shadow sword back. ."

Shu Anhe's expression suddenly changed, and he hurriedly looked at Fujigu.

Fujiya frowned. Although he didn't want to touch Qin Chen's mold, Shu Anhe asked for help. Naturally, he couldn't just sit idly by. He could only look at Emperor Jijing Dan and said, "Predecessor Dandi Ji..." Emperor Dan directly interrupted the other party's words and said coldly: "If you do something wrong, you will naturally have to be punished. Moreover, this punishment is nothing. I believe that if Brother Chen is really cruel, the two may have no chance to stand. Here now

Brother Chen just took your emperor soldier, and you still want to take the emperor back without thanking you. There is no such good thing. "

Pill Emperor Jijing said, the chill on his body has been released.

If the other party doesn't know each other, without Qin Chen doing it, he will clean up the other party.

Which one of the Teng Family and Qin Chen should please, Emperor Jijing Dan couldn't be clearer, the Long Family is more powerful, not weaker than the Teng Family, but the ancestor of the Long Family, Dragon Tyrant, also died in the ancient magic land.

After experiencing the ancient magic land, Emperor Jijing Dan has not paid much attention to the Teng Family.

"you....."

With such a choking sound, Fujiya's face immediately flushed, and his heart was annoyed, and he blamed Emperor Jijing Dan for being too shameless.

But with this attitude of Emperor Jijing Dan, he knew that no matter what he said, the other party would not agree to him.

"Let's go." Qin Chen didn't want to stay any longer, glanced at the four people on the side, nodded and said: "You four go with Ben Shao."

"Yes, senior."

The woman was overjoyed at once, and the other three people were also excited and respectfully saluted. They also knew that Qin Chen said this deliberately, otherwise they had ruined the good things of Fujigu, and it would be strange to have good fruit to stay.

A group of people left immediately, leaving only Tenggu and Shu'an River in place.

Seeing that Emperor Pill Mirror did not invite himself, Fujitani would naturally not join in the fun without his eyesight. Seeing a few people leave, his eyes became more gloomy.

"Brother Fujiya, did you let them leave like this?" Shu Anhe said unwillingly. Qingyingjian is the top emperor soldier in his body. Now that Qin Chen has taken it away, he naturally feels distressed.

"Otherwise, what can I do?"

Fujiya glanced at him dissatisfiedly. Before, Shu Anhe couldn't bear it. He didn't figure out the situation and he rushed to make a move. Now he has been found? He said in a deep voice: "Emperor Pill Mirror came out. This is a major event. I don't know what happened to the other people who entered the space seal at the beginning, but no matter what, Emperor Pill Mirror must have the secret of the space seal. If this seal really contains

Saint Crystal, Emperor Jijing Dan will not be so upright, I am afraid he has sneaked back to the Dan Pavilion long ago. Could it be that something really happened? "

He frowned.

"Regardless of what happened to him, look at the direction of Emperor Ji Jing Dan and the others, it should be Sky Thunder City. Now the ancestor of Tenghua Zang is also in Sky Thunder City. We might as well go back immediately and notify the ancestor before letting the ancestor Decide."

Shu'an River.

"It can only be this way."

Fujiya nodded, and the two lost the thought of continuing to explore in the sea of thunder, and quickly swept towards Tianlei City.

As the two left, Qin Chen and Emperor Jijing also swept towards Tianlei City.

"Brother Chen, do you want to wait for the others?" Pill Emperor Jijing asked while flying by.

He was also worried that Shangguan Xier would be nearby, so he asked Qin Chen for his opinion.

"No, they should all go to Tianlei City. I don't know where they are now, so waiting is nothing."

Qin Chen shook his head. He was still a little worried about the black slaves. He didn't know if Shangguan Xi'er went to Tianlei City to take action against the black cultivator.

So immediately turned his head and said to the four people: "Four people, you should have come from Tianlei City, don't you know how is Tianlei City now?"

The reason why Qin Chen took the four away was not only to protect the four, but also to know the news of Tianlei City from the four in advance. When the woman named Mu Han heard this, she

immediately understood what Qin Chen meant, and respectfully said: "Senior, we are indeed from Sky Thunder City, but we are not the warriors of Sky Thunder City, so we know. Not much, but the juniors knowing that Tianlei City is now controlled by the major forces on the mainland, it is still very safe, and there has been no major conflict. "

"The major forces? Which forces are there?" Qin Chen said solemnly. "Almost all the top powers are there, and we don't know exactly which ones are, but there is a deputy pavilion master in the Dan Pavilion, and there are masters from the Death Demon Sect, the Teng Family, the Sky Ghost Sect, and the Qidian, but there are some who are specific, but juniors don't know

Up! "

Qin Chen nodded, he also knew that with the identity of these people, it was obviously a luxury to want to know who was the leader of the major forces.

"Where are Misty Palace and Xuanyuan Empire?" Qin Chen asked again.

Na Mu Han immediately said: "There is no expert in Misty Palace, nor is there in the Law Enforcement Palace, and the Xuanyuan Empire is the same."

These were all in Qin Chen's expectation. He suddenly asked, "Have you ever heard of the black cultivator in Tianlei City?"

Black Order?

Pill Emperor Pill Mirror looked over, and to be honest, Qin Chen's true identity is still a mystery in his eyes. The only thing he can know is that Qin Chen seems to be the president of the Tianlei City Black Order.

However, the president of a certain guild in the Thunder City would be so strong, and even Fu Qiankun would follow him. Pill Emperor Jijing never believed it. He believed that Qin Chen must have another identity.

But this did not prevent Emperor Jijing Dan from being curious about the Black Order. "Black Order, this name is so familiar." Mu Han frowned, as if thinking about something. Suddenly, she said in surprise: "I think of it, the Black Order is a top force in Tianlei City, but before soon the headquarters of the Black Order was

The person directly exploded and razed to the ground. "

"what?"

Qin Chen's eyes were cold, and hurriedly said, "What about the people in the Black Order?"

Pill Emperor Jijing was also taken aback, and the dusty black cultivator was razed to the ground by a mysterious master. Who is this person? Emperor Jijing Dan is not an idiot, but instinctively thought that it was Shangguan Xier.

Mu Han hurriedly said: "The juniors are also hearsay, but the juniors heard that there was no one in the black cultivator. Although the headquarters was destroyed, no one was injured." Qin Chen breathed a sigh of relief. The predetermined plan is hidden.

### [Chapter 2172: Change evil](#)

Qin Chen's heart was relieved. If the people from the major forces were not in Skylei City, Qin Chen was also worried that Shangguan Xi'er would destroy the entire Skylei City to find the black slaves, but since all the major forces have followed up Arrived, even if Shangguan Xier is crazy again

, It is impossible to challenge many of the top forces on the mainland alone.

They should be safe to come to black slaves.

"Who is the one who attacked the Black Order, do you know?" Pill Emperor Jijing wanted to know the identity of that person and asked immediately. Mu Han shook his head and said: "Senior Pill Emperor Pill, I won't know this. I only heard that after that person took the shot, he immediately attracted the powers of the Heavenly Ghost Sect Sect Master, Xiao Family, and Teng Family Patriarch. , But after a fight, even the Heavenly Ghost Sect Master did not

Able to keep the opponent, let the opponent escape. "

Pill Emperor Jijing is even more sure that the person is Shangguan Xi'er. Sect Master Gui Yan Luo of the Heavenly Ghost Sect is a top-notch figure. He is not weaker than him in terms of cultivation, but even Ghost Yan Luo can't hold the opponent. Who else can besides Shangguan Xi'er ? Qin Chen also knew that Mu Han, an ordinary Martial Emperor, couldn't know too much. He nodded and expressed his gratitude to Mu Han and said: "This young man is the president of the Black Order. I will return to the Black Order soon. The Black Order welcomes such talents as yours to join.

"

This Mu Han can be considered quite visionary, and a casual cultivator who can cultivate to the realm of Emperor Wu is obviously also a talent, of course Qin Chen welcomes it.

If he wants to fight Misty Palace in the future, he will inevitably unite the forces of the whole world. Naturally, he needs to unite all the forces that can be united.

When Mu Han heard Qin Chen's invitation, he immediately said excitedly: "Junior Mu Han, thank you Senior Chen, but there is still a power under the younger generation's command. After I finish disposing of my power, I will immediately move into Sky Thunder City. Follow the orders of seniors."

Qin Chen nodded, it is normal for a Martial Emperor to have his own power.

The ecstasy in Mu Han's heart cannot be increased. As the Emperor of Martial Arts, although there is a power in the Martial Domain, and even that power is still a little famous in the first layer of heaven, Mu Han came from San Xiu, naturally knowing that there is a background and no The difference in background. Which of her forces is in the first layer of the martial arts, it can be said to be cautious, trembling, and dare not make any publicity at all. She has always followed the style of calming people, why? Because there are too many top forces in the martial arts, just offend a force,

It may lead to the destruction of her forces. But if you take refuge in the young man in front of you, it will be different. Although she is only a subordinate, the other party does not even sell face to the Supreme Elder of the Teng family, and dares to teach it. Even the Supreme Elder of the Pill Pavilion, Emperor Jijing, is quite good at it. Respectfully, there is such a character

Asylum, Mu Han believes that his future will be brighter.

Mu Han was recruited, but the three friends around her were not recruited by Qin Chen. They were all very lost, and they knew that it was likely that Qin Chen's greedy eyes had angered Qin Chen, and his heart was extremely annoying.

When Mu Han saw this, he hesitated, but still couldn't help but said to Qin Chen: "Senior, these three friends of mine are also casual cultivators just like me. I really want to be able to worship seniors. I don't know about seniors..."

She was extremely nervous, but she still mustered the courage to say, "Although the three of them have some problems, they are not weak. As long as the seniors are willing to accept them, I believe the three of them will do well." Hearing Mu Han's words, The other three Emperor Wu were both looking forward to and moved in their hearts. I didn't expect that Mu Han could speak for them in this situation. You must know that Mu Han had just been recruited for security. In case Qin Chen was dissatisfied, I am afraid that he would even have to. inverted

mold. Qin Chen showed a hint of admiration in his heart. From this incident, he could tell that Mu Han was indeed a good person. He glanced at the three of them and said coldly: "These three have attacked Ben Shao's weapon before. For evil intentions, Ben Shaoben didn't want to accept them

, But now that you have spoken, if they are willing to correct their evils, it is not that Ben Shao cannot accept them. "

"Thank you senior."

"I'll wait and I will definitely correct the evil."

"Please trust me to wait."

The three said excitedly.

Qin Chen said: "I want Ben Shao to believe that you are very simple, but if you let Shao Ben know that you haven't changed the evil and return to the right, hey, you will weigh the consequences yourself."

Qin Chen smiled indifferently, and the three of them suddenly stood up, and they were cold all over.

They gritted their teeth and said: "Senior, if I break my oath, I will be punished voluntarily and willing to die."

The three of them made a vow and looked resolutely.

Qin Chen said: "The four of you are too slow, don't resist, let this young man's domain lead you on the road." The voice fell, and an invisible space domain had enveloped the four of Mu Han, and Qin Chen was at full speed. Going forward, swishing, the figure flees into the void, bringing up a light of nothingness, just in the blink of an eye, the four of Mu Han feel the endless thunder by their side

Pass quickly.

Chi Chi Chi Chi!

These thunders passed by the four of them one after another, and they were unable to cause any harm to them. At such a fast speed, Mu Han's four people became more and more amazed. They shuttled through the void. Any Martial Emperor could do it. However, in this sea of thunder, more than ninety-nine percent of the Wu Emperors could not travel through the void because of Thunder. Thunder in the sea

The power of Ting is too terrifying, in case of a thunderstorm, they can easily tear their bodies in the void.

But at this moment, Qin Chen led them, as if walking on the ground, in a relaxed mess, making Mu Han and the four of them amazed.

Qin Chen was worried about the black slaves, so the speed of flying was very fast. In less than half a day, the group had already left the range of Thunder Sea.

After leaving the Sea of Thunder, Qin Chen continued on his way. After a long time, a dilapidated but extremely magnificent city was already in front of Qin Chen.

It is Tianlei City.

"Two hundred years have passed, has Tianlei City actually become like this?"

Emperor Jijing glanced at it, revealing a look of wonder. At the beginning, he rushed all the way, without a chance to enter the Thunder City, but directly into the Sea of Thunder.

And the last time he saw Sky Thunder City, it was before he came to retreat two hundred years ago. Unexpectedly, after two hundred years, Sky Thunder City turned out to be like this.

Over the past two hundred years, Tianlei City has been developing. Compared with the time when Emperor Pole Mirror Dandi came here last time, I don't know how magnificent it is. Although it looks a bit dilapidated, the actual area is much larger. Qin Chen smiled slightly. When he came to Tianlei City before, he was shocked by the size of Tianlei City, and Qin Chen was quite satisfied with Tianlei City. It was very close to the sea of thunder, and there were countless martial artists in casual cultivators. , Qin Chen already has

Tianlei City plans to build its own stronghold.

For example, many top powers and masters in Leicheng have fallen a lot today, and the top masters are only Gongsun Zhe of the Sky Excursion Association and Zhai Xiangming of the Xingzhou Chamber of Commerce. This is good, so that Qin Chen will save a lot of effort to compile the Thunder City. . As for the Tianxun Association and Xingzhou Chamber of Commerce, Qin Chen still had considerable certainty to persuade them.

[Chapter 2173: May be a misunderstanding](#)

"Heaven and earth are really strong here."

After approaching, Emperor Jijing Dan sighed again, the heaven and earth of Tianlei City was really angry, although it was not as good as their Dange headquarters, but it was considered the top in the martial arts.

"In the future, the true energy of the heavens and the earth will be more intense. When Senior Pill Emperor Pill Mirror is free, he can also come here to find Chen." Qin Chen said with a smile.

In the future, in Tianlei City, Qin Chen will arrange a large number of gatherings to make the true energy of the heaven and the earth stronger, and the entire Leizhou will become more orderly under his leadership, no longer messy. Look like.

"Haha, the old man has to look forward to it."

Ji Jing Dandi laughed.

A group of people quickly came to the gate of Tianlei City, and in the distance, a misty burst of light enveloped Tianlei City. Qin Chen's brows frowned. When did the great formations of Sky Thunder City all open? He knew that Sky Thunder City used to have formations, but they were not opened all the year round. In addition, the major forces were intricately complex, so Sky Thunder City The moat was broken long ago

Damaged.

But now, this big formation was actually activated, and it was clear that someone repaired the big formation in Sky Thunder City and opened it.

Once the big formation opened, everyone could not directly enter Sky Thunder City, but must enter from the city gate, unless Qin Chen and the others forcibly broke the big formation open.

Could it be those top forces who repaired it?

Qin Chen clearly remembered that before he left Sky Thunder City, this large formation had not been repaired. Apart from the top forces stationed in Sky Thunder City, he couldn't think of other possibilities.

When the group came to the gate of Tianlei City, they were immediately stopped.

Guarding at the gate of the city were two Martial Emperor martial artists. The two Martial Emperors saw Qin Chen coming over and said blankly: "The entrance fee is 1,000 high-grade real stones." "When did you receive the city fee?" Mu Han said in a puzzled voice, and this is too expensive. A thousand high-grade real stones is actually not a big deal to her, but it is not a small amount. For ordinary warriors, it is still extremely

High.

Qin Chen's face sank, Tianlei City is just a casual repair city, when will it start to collect the entrance fee? What's more, his Black Order is also regarded as the top power in Sky Thunder City, even if the city fee is collected, it will not receive him at all.

With doubts in his mind, Qin Chen said coldly: "This Shao is the president of the Black Consortium of Sky Thunder City. When will Sky Thunder City start to collect the entrance fee? Why doesn't this Shao know? Still not letting go."

He was too lazy to argue with the two guards, not to mention that he already had a guess in his heart, this should be a rule set by a certain top power later. Sure enough, after hearing Qin Chen's words, the two Martial Emperors suddenly sneered: "Black Xiuhui, what black Xiuhui, for example, today Leicheng has been taken over by our major forces. In order to repair Heavenly Leicheng, you But know that our major forces consume

Regardless of the amount of resources, as long as they are not from our major forces, they have to pay the entrance fee. "After Mu Han heard this, he was immediately anxious, and said angrily: "This day Leicheng was originally the city where many casual cultivators gathered in Leizhou. Why do your major forces come to occupy it? If you want to receive the city fee, it is also the major forces of Sky Thunder City

Accept, why leave it to you. "

"How can there be so many reasons? In the past, Tianlei City was very chaotic, and now our major forces are preparing to jointly control Tianlei City, what are you? Love to make friends, not to fuck!"

Although the two Emperor Wu could feel the terrifying aura on Mu Han's body, they came from various forces, they were not afraid at all, and their attitude was arrogant and messed up.

"You guys..." Mu Han's face was pale and angry.

Qin Chen's eyes were cold, and he also showed anger. The major forces wanted to take over Sky Thunder City. Who gave them the power?

"Brother Chen, this may be a misunderstanding, let me..."

When Emperor Ji Jing saw Qin Chen's eyes, he knew that it was not good. I don't know if there is a Pill Pavilion among these major forces. If Qin Chen and Pill Pavilion clashed, it would be troublesome.

So he immediately stepped forward and prepared to reveal his identity. He didn't believe that as soon as his identity was revealed, the other party dared to ask him for admission to the city.

Qin Chen understood the meaning of Emperor Jijing Dan and snorted coldly: "No, I want to see, who would dare to find Ben Shao for the entrance fee."

"Brother Chen, why are you so angry? There must be a misunderstanding in this. Don't worry, I promise that they won't charge you the entrance fee." Jijing Dandi had a headache. He said, walking forward and said: Bit, old man..."

Who knows that he hasn't finished speaking yet, the two Emperor Wu sneered: "Who is your excellency? Put garlic here and get out without paying the city fee."

The two heard the conversation between Emperor Jijing Dan and Qin Chen, and knew that he was going to be a peacemaker, and sneered in their hearts. What are you worthy to be a peacemaker?

They relied on several major forces, and their words were rampant. In these days, many strong people were unwilling to pay the city fee and clashed. There were also many strong Emperor Wu, but none of them was suppressed in the end. Handed in real stone.

"Hahaha, is this the misunderstanding you are talking about?" Qin Chen couldn't help laughing when he saw Emperor Pill Pill's collapse.

Emperor Jijing Dan had a gloomy face, and his heart was very angry.

Where did he go, where did Emperor Dandi go unrespected? When have you eaten this kind of deflation.

"Hehe, isn't this Mu Han? Why are you in conflict with the people of Sky Thunder City? You are also a master of the Emperor Martial Arts. You won't be unable to pay the entrance fee, so let Gu Mou help you."

At this time, a chuckle sounded, swish, and a figure swayed, a martial emperor master, falling in front of Mu Han.

This is a middle-aged man with short brown hair. He has a very strong cultivation base. He fell in front of Mu Han and said with a smile. After seeing this person, Mu Han subconsciously took two steps back, apparently knowing someone. .

"Gu Zun, there is nothing to do with you here, let me go."

One of the three people behind Mu Han snorted coldly, with hostility in his eyes, and he obviously knew the person in front of him.

"Hehe, Xu Feng, why are you talking to me? I thought Gu would not kill you if you rely on Mu Han." The brown-haired man coldly glanced at Xu Feng, then smiled at Mu Han and said: " Mu Han, I am also kind. These two are your new friends, aren't they? You are too ignorant of current affairs and dare to conflict with the people in Tianlei City. Isn't this looking for death? But you

Don't worry, I and the people of the major forces are considered acquainted. When I say something nice for you, I will be fine after I pay the entrance fee. "

This person looked like a big deal, watching Mu Han's pupils with traces of desire, obviously he had ulterior motives for Mu Han. I have to say that although Mu Han seems to be a little older, he does still have a flavor. Although it is not particularly beautiful, it has a special temperament.

#### [Chapter 2174: Killed](#)

"Gu Zun, no need."

Mu Han said coldly with a look of disgust. This Gu Zun came from the same place as her, and was also a power holder. He had been pursuing her for this period of time, but Mu Han simply looked down on each other, because this person had bad behavior, at least Mu Han had heard of being taken by him. The dead woman is no longer

There are more than ten.

On the surface, it is so gentle, but the mainland is actually a beast. "Mu Han, why do you see each other like this? There are only 6,000 high-quality real stones in total. This emperor paid for you, but your two friends will have to make them grow their eyes in the future. Don't offend them. How to die if you shouldn't offend

Don't know. "

Gu Zun looked at Qin Chen with disdain. He didn't pay attention to the man who even cares about the entrance fee and still talks big words.

"Mu Han, is this person your friend?"

Qin Chen stared at this Gu Zun coldly. He saw that the major forces had actually occupied the Thunder City, and his heart was already murderous. If this Gu Zun hit his anger, he deserved bad luck.

Mu Han hurriedly said: "Senior, this person has nothing to do with the disciple."

"senior?"

Gu Zun glanced at Qin Chen in surprise, Mu Han actually called this kid senior?

He sneered, and said, "Mu Han, you won't get into your head anymore, have you been deceived? You actually called the boy senior? Hahaha!"

He couldn't help laughing. He stretched out his hand to pat Qin Chen's face and smiled and said, "Boy, what kind of senior are you?"

Before he slapped his hand on Qin Chen's face, Qin Chen slammed it out with a punch. Gu Zun only saw a flower in front of him, puff, and then saw that a terrible fist had hit him, it was too late. Avoid. "Senior forgive me..." Gu Zun suddenly called out in amazement. He knew that he was guilty, kicked the iron plate, and hurriedly wanted to resist, but before he started to run his true essence, he already saw his body here. With a punch, it looks like smashed tofu

Generally, it splits into pieces suddenly.

puff!

The blood mist rose up, and Gu Zun, who was still laughing before, was directly exploded into blood mist and dissipated in the wind.

Qin Chen waved his hand and countless blood mist dispersed. Gu Zun suddenly disappeared. A storage ring was put away by Qin Chen, and it was thrown into the universe jade disc.

"Kill, kill..."

When the other people around saw this scene, they were all watching the good show. At this moment, there was fear in their pupils, and they looked at Qin Chen in shock.

Only then did they understand that this teenager looked young, but in fact he was not a good match at all.

"Do you dare to kill someone at the gate of Tianlei City?" At this time, the two guards Wu Huang shouted in anger and looked at Qin Chen in horror. Since the major forces ruled Tianlei City, there has been It's a lot more stable. Except for people from the major forces, no one dares to move in Sky Thunder City.

hand.

If it hadn't been for Qin Chen to kill a Martial Emperor with a single punch, the two of them would have already killed Qin Chen, but now, their eyes flickered, and it was obvious that this very arrogant guy was not good at each other.

Qin Chen said coldly, "Why can't this young man not kill? You two can go away, and it is not your turn to take charge of Sky Thunder City."

"It's a big tone, do you think you are the ruler of Sky Thunder City?" Qin Chen's voice just fell, a cold voice came.

Qin Chen had seen the martial artist who had come over long ago. He was a giant of the late martial emperor, with thick hair and vigorous true essence.

"Master Xiao Ming."

When the two Emperor Wu saw this giant Emperor Wu coming, they all came up to salute quickly, with a panic expression. It was obvious that the status of the Wu Emperor who suddenly appeared was not low.

Qin Chen said coldly: "You are right, this young master is the local power of Sky Thunder City, and he will also be in charge of Sky Thunder City from now on."

"So courageous."

Xiao Ming's eyes suddenly narrowed, he glanced at Qin Chen and Pill Emperor Jijing. After seeing Pill Emperor Jijing, his eyes drenched, naturally he found that Emperor Pill Jijing was not good at each other.

If a person from the Pill Pavilion appears, Emperor Jijing Dan will definitely speak, but now I see a guy who I don't know. Pill Emperor Jijing had eaten before, and his heart was suffocated. He just watched coldly and didn't speak. .

However, Emperor Ji Jing knew that this person's surname was Xiao, and he was most likely a master of the Xiao family of Changhe. However, what was the relationship between the Xiao family of Chang He and him? Pill Emperor Ji was anxious that the people of the Xiao family would be crushed to relieve his anger.

What's more, Emperor Pill Mirror also saw that Qin Chen clearly wanted to stand up for his power. Now that he is good at Qin Chen, he naturally wouldn't be a peacemaker for the Long River Xiao family.

In fact, he also feels that the major forces are a bit too much. Even if they are stationed in Sky Thunder City, there is no need to be so arrogant, directly occupy Sky Thunder City, and even prevent the local forces of Sky Thunder City from entering the city, right? How is this different from robbers and bandits? Pill Emperor Jijing really guessed right. This person is a master of the Xiao family. He has only become famous in the last hundred years, and he has no knowledge of Pill Emperor Jijing. At this moment, he has already figured out the situation on the court and knows that Qin Chen and the others are The local master of Tianlei City, in my heart

Contempt suddenly emerged. "Hmph, the two of them are in the wild in Tianlei City. Don't you know that Tianlei City is now controlled by my major forces? You dare to do it at the gate of Tianlei City, this

emperor Xiao Ming is a master of the Changhe Xiao family. Obediently go back with the emperor, explain the situation, beg for mercy

There is still a way to repent, otherwise, a few people are looking for death. "

In the cold snort, this Xiao Ming directly raised his hand to catch Qin Chen, apparently seeing that Qin Chen was the leader, and he wanted to catch Qin Chen first in order to impress you.

Qin Chen didn't wait for Xiao Ming's palm to grab him, and he blasted out with a punch. The warriors inside and outside the gate of Tianlei City only saw a fist flickering, did not see Qin Chen making a punch at all, they heard a scream of "Ah", and then everyone saw Qin Chen. Xiao Ming who was looking for death, the palm of his protruding hand was directly

It exploded, one arm burst, and the whole person flew out and fell to the ground. Xiao Ming looked at Qin Chen in horror. The messages had been sent out for the first time, and then he was frightened: "You dare to abandon me, do you know who I am? I am the elder of Xiao's family. You are finished. I tell you, take my arm away,

If I, Xiao Ming, will not destroy your family, I will not be named Xiao. "

Qin Chen didn't want to kill this Xiao Ming. After all, the other party was a master of the Changhe Xiao family. But when he heard this, he suddenly became angry. This person dared to threaten his family and immediately angered Qin Chen's Ni Lin.

"Changhe Xiao Family, is it very prestigious?" Qin Chen snorted coldly, his eyes were cold, and the palm of his hand suddenly came out, hurting the killer.

#### [Chapter 2175: Shaoan](#)

"Brother Chen wait a minute..."

Upon seeing this, Emperor Ji Jing hurriedly spoke to dissuade him. He had already seen that Qin Chen was murderous, but after all, the opponent was from the Long River Xiao family. Killing him would inevitably cause waves.

But it was too late, before he had time to speak completely, Qin Chen had already slapped the person on the top of the head.

Xiao Ming is not Qin Chen's opponent in his heyday, let alone being seriously injured, he screamed, and watched Qin Chen slap his palm on top of his head. Before even the real treasure could be sacrificed, he screamed. Turned into a corpse.

The remaining two Wuhuang emperors were all stupid when they saw this. But this is the great Emperor Wu of the Xiao family, who was killed like this?

In panic, the two hurriedly sent out distress signals. Qin Chen just looked at him coldly and did not stop him. He was here to make trouble. If this matter is not resolved, even if he returns to Tianlei City first, the trouble will continue. He wants to settle the matter once and for all. From here

Tianlei City drove out.

"Ugh."

Emperor Ji Jing sighed on the side. He knew that this matter had become a big deal, but he was also involved in it, which was really depressed.

However, Emperor Jijing Dan just sighed. Since he was already in the same boat with Qin Chen, he would naturally not have a fight with Qin Chen because of this trivial matter.

And Mu Han and Xu Feng on the side were completely frightened, and they trembled: "Senior, you are..."

"Why, are you afraid? If you are afraid, there is still time to leave now."

Qin Chen glanced at the four of them and said indifferently.

Mu Han's face suddenly flushed, and said, "Senior, what do you say, since Mu Han has already followed Senior, he will naturally follow to the end."

"I'm waiting for Nature to stand with Senior."

Xu Feng and the others also gritted their teeth and said that they have no background in these casual cultivators. Now they finally have an opportunity. If you don't seize it, do you really want to do nothing for a lifetime?

The calm on the court only lasted for a moment. Not long after, a dozen horrible escape lights suddenly flew out of Tianlei City.

"Who dared to hurt my Xiao family, so courageous and impatient?" A furious scream resounded through the world, rumbling, accompanied by screaming, and one of them exuded terror. The aura of the old man fell down quickly, his eyes puffed up, a breath of horror filled the sky, lingering in an instant

At the gate of Tianlei City.

This breath is too terrifying, and many onlookers around the warriors only feel bored, vomiting blood one by one, and hurriedly backed away, only then barely held it.

Lifting his head, he saw an old man with gray beard and a group of people who had fallen down, full of murderous aura, and a frightening aura lingering around him, forming a pattern of mountains and rivers, containing the sun, moon, and mountains, like a god.

After he fell, his gaze swept around, seeing Xiao Ming's corpse, his gaze was suddenly dull.

"Xiao Ming!" At this moment, someone from the Xiao family rushed up in anger, picked up Xiao Ming, and hurriedly found out the situation, but soon the expression of that person solidified, his hands trembled, and tears flickered in his pupils. Angrily at the leading old man, choked, "Old ancestor, Xiao Ming him... he is dead! "

"who is it?"

The old man spoke in anger, squatting, like a thunderbolt in the sky, and many people around him snorted under this vigour. They were so upset that they vomited blood, his face turned pale, and looked

at the old man in horror. The two Emperor Wu also rushed up in horror at this time, and screamed: "Ancestor, it is this group of people. These people are killing martial artists at the gate of Tianlei City. Before, Master Xiao Ming came to stop them, but they were also He killed, and asked the ancestors to call the shots for Master Xiao Ming

what. "

The two cried bitterly, and were terrified in their hearts. They didn't know how the ancestors would deal with them.

"So courageous, people who killed my Xiao family dare to stand here, hahaha, your Excellency really doesn't put my Changhe Xiao family in your eyes."

The old man was very furious. In fact, he noticed Qin Chen several people from the beginning, but the spirit was all concentrated on Xiao Ming. At this moment, I heard that it was Qin Chen who moved his hand, and he suddenly turned back and laughed, his eyes shot coldly. Come.

Boom!

The terrible energy was overwhelmed, and Mu Han and the others suddenly felt like a mountain was suppressing them. They all snorted. In shock, their throat was sweet and they were about to vomit blood. At this moment, a sneer sounded, and Qin Chen waved his hand, and an invisible force permeated, and the terrible murderous intent released by the ancestors of the Xiao family was instantly wiped out, and the terrible pressure disappeared in an instant. , Mu Hanji

Everyone was panting, shocked.

"Ok?"

The old man couldn't help being surprised when he saw Qin Chen's escaping momentum. The hand Qin Chen displayed was enough to see that he was extraordinary. However, as the ancestor of the Xiao family, how can the old man care about Qin Chen as a young man who has never seen a master? Even if Qin Chen is strong, how can his strength be comparable to the peak Martial Emperor? In the eyes of his ancestor of the Xiao family, ordinary pinnacle Wudi is nothing at all

.

"So courageous, it's no wonder that people from the Xiao family who dared to move my Xiao family had two chances..."

The ancestor of the Xiao family was furious, and said with a cold voice, "No matter what your origin, anyone who touched my Xiao family will die today."

The ancestor of the Xiao family was frightened, and he was about to look down on Qin Chen.

"Ancestor Xiao Dongyan, wait a minute!"

This time, without waiting for the ancestors of the Xiao family to take action, Emperor Jijing Dan had absorbed his previous experience and shouted out for the first time.

He hurriedly stepped forward and said: "Old ancestor Xiao Dongyan, the aristocrat Xiao Ming used to be too arrogant and offended Brother Chen, and then he was beheaded by Brother Chen. Cough cough, when is the so-called grievance reported? It depends on the old man's face. It's better to leave it alone."

Emperor Jijing Dan stopped in front of Qin Chen with an embarrassed look, and hurriedly spoke.

boom!

At the same time, a terrifying aura was released from him, blocking the murderous aura of the ancestor of the Xiao family.

"You are worthy of anything..."

The ancestor of the Xiao family was furious and saw someone stopping him. He turned into anger. He hummed coldly, and at the same time he was about to kill the person who was blocking him, and at the same time his eyes fell on that person.

At this look, the expression of the ancestor Xiao Dongyan instantly solidified.

"Pill Emperor Jijing? Why are you here? Didn't you go to the space seal?"

The ancestors of the Xiao family uttered in amazement, like a ghost. Pill Emperor Jijing is the elder of the Pill Pavilion, Xiao Ming doesn't know him, how can he not know the ancestor of the Xiao family?

Moreover, in the past few days, the major forces have also communicated with each other. Naturally, they know that Emperor Pill Mirror has already entered the legend before them.

The space is sealed.

Seeing Emperor Jijing Dan at this moment, the shock in the heart of the ancestors of the Xiao family can be imagined.

"This one....."

Emperor Jijing Dan looked embarrassed: "This matter is a long story, but it seems that the old man's face, please also ask the ancestors of the Xiao family to stay calm and restless." A well-known person, this son killed my ancestor Xiao, and you let me let this person go. Do you think it is possible? Could this person dare to do it all because of your Excellency? Very good, then let everyone

People from the big powers come to judge. "

After the ancestors of the Xiao family were shocked, there was endless anger.

Okay, he thought someone killed his disciple of the Xiao family. Now it seems that it was the Pill Emperor Pill of Pill Pavilion. He had always suspected Qin Chen, a teenager, how could he kill his disciple of the Xiao family. The truth is revealed by everything. Amidst his anger, he had already detonated a signal flare, and a bright signal quickly lit up above Sky Thunder City. This was the ultimate signal to notify the major forces.

[Chapter 2176: Something big](#)

Qin Chen did not stop the ancestors of the Xiao family from sending out the signal. Instead, he watched the scene coldly, and said coldly: "Very well, it's good for the major forces to come. Ben Shao wants to see, why do you major forces occupy? Tianlei City, even the native of Tianlei City

The forces have also been rejected. The major forces, so powerful and prestigious, can be so right and bold as a bandit. "

The ancestor of the Xiao family laughed in anger and said, "Smelly boy, do you think you are great if you rely on the Dan Pavilion? I yeah. Pill Emperor Jijing, don't blame the old man for not giving you face, this son killed the elder of my Xiao family. It's useless to talk to anyone today."

Anger was rising from the bottom of his heart. If it weren't for the Emperor Pill Mirror, he would have killed a few Qin Chen.

He was waiting now, waiting for the arrival of the people from the major forces, and taking up the truth, he was ready to do something to Qin Chen. If the Emperor Pill Mirror still dared to protect the other party, then he would even have a lesson.

Otherwise, his Xiao family elder was beheaded at the gate of Tianlei City, and his Xiao Dongyan, as the ancestor of the Xiao family, hadn't moved at all, so how could he let the Xiao family stay in the martial arts?

"Brother Chen, this is..."

Pill Emperor Ji Jing looked at Qin Chen with an embarrassed expression, but he knew that his Pill Pavilion was also included in the major forces.

"Emperor Pill Pill, if you and Chen still have friendship, just shut up, don't say anything, no one is going to love you today." Qin Chen said coldly.

Emperor Ji Jing sighed when he saw this. He knew that the matter had already become a big issue. Once he waited for people from the major forces to come, he didn't know what the matter would be like.

But Qin Chen had said so, obviously already dissatisfied with him, he wanted to speak for the major forces, at this time he couldn't speak.

"That's all, I only hope that Brother Chen will not kill him at that time. Wu Yu can't bear any more losses."

Emperor Jijing Dan could only pray silently in his heart.

When the ancestor of the Xiao family on the other side heard the conversation between the two, he couldn't help frowning. He found that Emperor Ji Jing Dan felt a restrained feeling in front of this young man.

Isn't this kid so arrogant because he is backed by Emperor Jijing Dan?

The ancestor of the Xiao family faintly felt that he had made a mistake, before he had time to think about it, boom boom boom...

I could only hear the majestic auras coming, and in Tianlei City, a horrible aura came surging, and countless streams of light traversed the sky and fell at the gate of Tianlei City.

This is a group of powerful people with terrible auras. The leading ones are rich in aura and immortal. Once they fall, the true Qi between heaven and earth will be madly disturbed and become the center of this world.

The breath radiated from several people, the countless warriors who rushed into the field in an instant had difficulty breathing, and their eyes were shocked.

At this time, the movement here also shocked the masters of the entire Sky Thunder City. I saw a stream of light rising from Sky Thunder City, stopping for sightseeing in the distance. These people are the top powerhouses in Sky Thunder City. Wait and see.

"Xiao Dongyan, what on earth caused you to release even the summoning order, don't you know that this summoning order can only be used if it is a matter of greatness?"

As soon as one of them fell, he spoke gloomily, with an unpleasant voice in his voice. It was the Sect Master Gui Yan Luo of the Heavenly Ghost Sect.

This summoning order can only be used for major events related to several major forces. He was in retreat before, and he felt the breath of the summoning order. He flew over at the first time, but found that it did not look like something major had happened. .

It's just that as soon as his words fell, he heard an exclamation: "Senior Pill Emperor Jijing?"

"The elder too?"

Exclamations sounded one after another, and the group of people who fell first noticed the Pill Emperor Pill in the crowd, and they changed their colors one after another and couldn't help but exclaim.

"Elder Tai, didn't you go to the space seal? Why did you come out?"

One of them walked up ecstatically. This person was wearing the alchemist robe of the alchemist pavilion, with a vigorous aura. The alchemist robe on his body was also engraved with a golden medal, which represented his identity as the deputy chief of the alchemist pavilion.

This person is the deputy chief of Qiu Mingxu among the several chief deputy chiefs of Dan Pavilion.

When everyone saw Emperor Jijing Dan, their gazes suddenly condensed, and then they all showed joy and surrounded them.

"Pill Emperor Jijing, I'll wait to hear that your Excellency has entered the space seal, where is the space seal now?"

"There are a lot of holy crystals in the rumors, what about these holy crystals now?"

"Why are you alone? What about Chu Huahan, the master of the misty gate?"

"The elder Mo Taishang Louzi in our weapon hall also entered the space seal for the first time. I wonder if Emperor Pill Mirror has ever seen it?"

Numerous disturbing voices sounded, and everyone looked at Emperor Pill Mirror with enthusiasm and couldn't wait to ask about the space seal.

The reason why the major forces rushed all the way to Sky Thunder City was for the holy crystal in the space seal, so naturally they couldn't wait to know the truth.

"You guys, I'll talk about these things later. The old man also has an important piece of information to report to you, so please stay calm."

The Misty Palace colluded with foreign races, and the matter of setting up traps was too important. Naturally, Emperor Pill Mirror had to wait until Lou Zimo and others arrived together before they made public.

After listening to Emperor Jijing Dan's words, the noise on the court gradually became a little less. The ancestor of the Xiao family coldly snorted at this moment: "Everyone, this emperor calls you all, one is because of the return of Emperor Jijing Dan, and there is another matter to discuss with you, my ancestor Xiao Ming, before Beheaded by outsiders brought by Emperor Jijing Dan, this

What is the matter? "

what? Xiao Ming of the Xiao family was beheaded?

Everyone discovered that the ancestor Xiao Dongyan of the Xiao family had a sullen face. By his side, a master of the Xiao family was holding a corpse. The corpse was the old Xiao Ming, the Xiao family who everyone knew well.

This shocked everyone's hearts. What happened just now? Xiao Ming of the Xiao family was actually killed. Who is so bold?

What was even more shocking to everyone was Xiao Dongyan's previous statement that the person who killed Xiao Ming was brought by Emperor Jijing Dan. Could it be that Dan Pavilion and the Xiao family are in conflict?

For a while, the court quickly calmed down, and everyone looked at Emperor Pill Mirror and Qin Chen around him, and their eyes flickered.

This... seems to be something big!

"The ancestor, it is him. He killed the blood knife ancestor before, but he did not expect to kill even Xiao Ming of the Xiao family at the gate of Tianlei City."

In the crowd, beside an old man wearing a navy blue robe, Fujiya and Shu Anhe looked respectful, and sounded a bit shocking.

This old man is the ancestor of the Teng family, Teng Hua Zang. Tenggu and Shu Anhe drove at full speed before, extremely fast, although they arrived at Tianlei City a moment later than Qin Chen and the others, they were here, but they entered Tianlei City from another gate earlier than Qin Chen.

[Chapter 2177: Is acting interesting](#)

"Oh, this person killed the blood knife ancestor?"

The ancestor of the Teng family, Teng Hua Zang, has a hooked nose, looks at the eagle, and looks at Qin Chen coldly, with a sneer at the corner of his mouth.

Are young people so crazy now?

Everyone followed the sight of the ancestors of the Xiao family, and their eyes all fell on Qin Chen. That day, the lord of the ghost sect, Gui Yan Luo, said gloomily: "Emperor Pill, what is going on?"

"Everyone, this is actually a misunderstanding..." Emperor Jijing Dan stepped forward and was just about to explain. "This is not a misunderstanding. Xiao Ming of the Xiao family was killed by this young man." Qin Chen said coldly, "Xiao Ming of the Xiao family was bold and reckless. He even dared to occupy Sky Lei City and set rules. Everyone has to pay a thousand top-grade real stones, Dove

Occupying the magpie's nest, bandit behavior, I could not see enough, so they killed people. "

"I heard that all of your major forces are involved in this matter. This young man is not an unreasonable person. From the moment on, the major forces cease to control Sky Thunder City, and Sky Thunder City returns to the hands of major local forces. , This matter is forgotten."

Qin Chen's tone was cold, as if he was announcing a fact, making everyone on the field dumbfounded and dumbfounded.

Does this kid know what he's talking about?

Let the major forces stop controlling Tianlei City, where does he have the confidence to say such a thing?

"Hahaha, your excellency has a big tone, interesting, really interesting, I haven't seen such an interesting young man for many years."

"Arrogant, these young people are really arrogant."

"Can you not be arrogant? You guys haven't seen that even Xiao Ming of the Xiao family was killed by this person. Tsk tsk, maybe this person will be killed even if he is furious."

A group of people laughed in anger and burst into laughter, seeing Qin Chen's expression as if he were looking at an idiot.

Who gave him the courage to say this, Jijing Dandi?

"Everyone, please be careful. Don't be killed by this man. This person also killed the blood knife ancestor of the Blood Meteorite in the Sea of Thunder, and even the Fujiya of my Fuji family almost died in his hand. Tsk tsk, would such a Tianjiao be afraid of you?"

Fujikazang sneered gloomily.

What, this person killed the blood knife ancestor before, and even Fujiya almost died in his hand?

As soon as this remark came out, the audience was shocked again, and there was an uproar.

Both the Teng Family and the Xiao Family are the top families in the mainland. Someone dares to do both against the two great families. Isn't it life-threatening? Even with Emperor Jijing Dan as the backstage, he wouldn't be so arrogant, right?

Pill Pavilion is strong, but it has always been aloof, angering the two great families, Pill Pavilion will not have any good fruits, and the loss will definitely be huge. How could Emperor Jijing Dan do such a stupid thing?

"Pill Emperor Jijing, is this what you mean?"

Someone immediately looked at Emperor Jijing Dan and frowned and asked.

In their opinion, Qin Chen, a young man, would never dare to provoke the Xiao family and the Teng family, unless it was Emperor Jijing Dan.

"This matter has nothing to do with the old man, but the old man advises you that Sky Thunder City is originally a casual repair city. Even if someone wants to unify, it should be brought by the local forces of Sky Thunder City. It is not our turn to take action."

Emperor Jijing sighed. He felt the sharp eyes and dissatisfaction of the crowd, and knew that this matter could not be a good deal, and he alone could not suppress so many top forces.

"Hahaha, does Emperor Jijing Dan think that we are too wide-handed? The old man has to be suspicious about the situation in the space seal. The Dan Pavilion does not want to swallow those holy crystals. Right?"

The ancestor of the Xiao family sneered again.

To say that this matter was not caused by Emperor Jijing Dan, he would not believe it if he killed him. Even if his cultivation base is high, he dare to challenge his Xiao family? Emperor Jijing Dan said that it has nothing to do with him, only ghosts believe. Others were also surprised. They naturally thought that this matter was done by Emperor Jijing Dan, but what is the purpose of Emperor Jijing Dan doing this? Do you really want to occupy the space seal in Sky Thunder City and the Thunder Sea? ? Many people's faces changed slightly, except

Given this possibility, they couldn't think of another reason.

"Oh." Pill Emperor Jijing sighed. He didn't expect his kind words to persuade him, but no one paid any attention.

"It's fine, the old man will not get involved in this matter." He shook his head, and said to Qin Chen:

"Brother Chen, my Dange respects Brother Chen's decision, and from now on, I will withdraw from the control of Tianlei City. Please be merciful to Brother Chen."

After saying this, Emperor Pill Mirror immediately came to the Pill Pavilion to ask Xuming's deputy pavilion master, and said coldly: "Pleasant Xuming, immediately give an order to release Pill Pavilion's control of Tianlei City, anyone in Pill Pavilion, Are not allowed to run wild in Tianlei City, and offenders will be killed without mercy."

"The elder too?"

Asking Xu Ming to be surprised, he didn't know what Pill Emperor Jijing meant, and he couldn't help showing embarrassment.

It must be known that Sky Thunder City has a very special position in the Martial Domain. For countless years, although no power has occupied Sky Thunder City, there has been no chance.

Now because of the space seal, the major forces have finally found an opportunity to enter the Thunder City, but Emperor Pill Mirror asked him to withdraw from the Dan Pavilion, which made him hesitate for a while.

As the Taishang elder, Emperor Jijing Dan was naturally higher than his deputy chief. After all, Emperor Jijing was also the deputy chief of the Dan Pavilion.

But Xu Ming, as the deputy chief of the Pill Pavilion, can also be regarded as a high-level Pill Pavilion, with a certain degree of autonomy. Now that Emperor Ji Jing directly orders him to give up the benefits of Sky Thunder City, he will inevitably feel a little unhappy.

"What? Doesn't the old man's words work anymore?"

Jijing Dandi was extremely angry, coldly said.

"No, since the elder too has spoken, I beg certain to listen naturally."

Qiu Xuming sighed, and finally obeyed the instructions of Emperor Jijing Dan.

It's not a good idea to offend Pill Emperor Extreme Mirror for a bit of a fight of will.

Anyway, this decision was made by Emperor Jijing Dan, and even if the Lord of the Pavilion blamed him, he couldn't be blamed on him.

When everyone saw that Pill Pavilion had actually withdrawn from the control of Tianlei City under the command of Emperor Jijing Dan, they couldn't help being stunned.

Dan Ge actually quit?

"Hahaha, Emperor Jijing, is it interesting for you to act like this?"

At this time, the ancestor Xiao Dongyan couldn't help but said mockingly.

He didn't believe that Dan Pavilion would really give up the benefits of Sky Thunder City. Even if it wasn't for the space seal, Sky Thunder City itself was of great value. Which force didn't want to come in and eat meat? Quit free, is there such a good thing?

He sneered repeatedly in his heart and showed disdain, and he was even more sure that it was the old Xiao Ming who was killed by Emperor Pill Pill.

"It turns out that this is the case. For this benefit, Dan Pavilion really used any means." And the words of the ancestor Xiao Dongyan also made other powerful people come back and agree with Xiao Dongyan's views. , Could not help but sneer again and again.

[Chapter 2178: Take them down](#)

Of course, there are some forces that are a little suspicious, because Emperor Jijing Dan has too much vulnerability to do so, and no one will believe that Dan Pavilion will really give up the benefits of obtaining it in vain. Such obvious things are really acting, then Emperor Jijing Dan They are

All considered fools.

As long as Emperor Ji Jing is not an idiot, it is impossible to do such an obvious thing.

But he just did so, so that everyone could not understand.

"Are there others who want to quit?" Qin Chen said coldly again.

"Your Excellency is so big, you should let us know, who is your Excellency?" Xiao Dongyan said coldly.

Qin Chen nodded and sneered: "Chen Qing, the president of the Shaotian Thunder City Black Cultivation Council, do you dare to occupy the Sky Thunder City if you don't even know me?" Qin Chen said this, everything around him The warriors all became a sensation. Some warriors who had recognized Qin Chen a long time ago, but did not dare to speak out. Now everyone around them is a sensation. The talents said one after another, "I said this person is a black cultivator.

The president of the meeting. "

"At the beginning, the president of the Black Order was invited by the vice-president Ge Hongsen of the Sky Excursion Society to enter the Thunder Sea to find the President Gongsun Zhe. Later, he should have also entered the space seal, but he was the first one to come out."

"Now I don't know what's going on with President Gongsun Zhe, huh, these major forces are arrogant and domineering in my Heavenly Thunder City. If President Gongsun Zhe and them are here, how can they allow these people to be so arrogant."

"However, President Chen Qing is not good-natured. At the beginning, he destroyed the Moxiu Tower directly in a rage, without giving any face. Now he has killed the elders of the Xiao family directly, and his temper is still as hot as ever."

"Huh, we should also let those from the major forces know that we also have masters in Tianlei City." Many local warriors in Tianlei City talked about it. They felt proud, but also worried for Qin Chen. The big power is different from the magic repair building. It is more than a little bit stronger. Even the forces such as the sky patrol can only be obedient.

How can a force that hasn't been established long enough to withstand the overwhelming force of the major forces?

"You are the president of the Black Order?"

The Sect Master of the Heavenly Ghost Sect, Ghost Yan Luo, suddenly shot a sharp light in his eyes. A few days ago, someone attacked the black cultivator and directly razed the black cultivator to the ground. After he shot, he still let that person escape, but he did not expect to be here. I saw the president of the Black Order.

This incident has always made Ghost Yama very worried.

And hearing those around him say that this child had also entered the space seal, Ghost Yan Luo's eyes immediately fell on Qin Chen, blinking, he had already made up his mind to capture Qin Chen and asked about something.

It can be said that even if there is no incident at the gate of the city, they are not going to let Qin Chen go.

"Less dust!"

"Mr. President!"

"Brother Chen!"

At this moment, surprise sounds sounded, followed by a few more streamers flying over. It was the black slaves and others in Tianlei City. They also got the news at the door and rushed out for the first time. Qin Chen looked at the people flying by, and his heart was filled with warmth and joy. A long-lost feeling of joy poured into his heart. This is his friend and his subordinate. No matter what happens, he will be the first Stand by his

Around.

The mountain lord of the Tiandi Mountain, the black slaves, the old man of great compassion, Xia Wushang, Xia Wurou and others all came over. In addition, Ge Hongsen of the Sky Excursion Association flew out with a look of excitement. Everyone was okay, Qin Chen finally felt relieved. Although he had learned from Mu Han that they were okay before, it was Shangguan Xier who made the move. Before seeing anyone, Qin Chen was still a little nervous, and now, All of them

Now, he completely relaxed.

After Qin Chen and everyone met, he had long forgotten Xiao Dongyan and others aside. Ge Hongsen waited for Qin Chen and the black slaves to greet them before he nervously said: "Brother Chen, my Gongsun Zhehui of the Skyscanner Long him..."

Qin Chen still had a good impression of Ge Hongsen, and said with a smile: "Vice President Ge, don't worry, President Gongsun Zhe is fine, but the others... Well, this matter is a long story. We still wait for President Gongsun Zhe to return. I'll talk later."

Qin Chen shook his head and sighed.

Among the countless warriors, only a few of them survived, it can't be said that it is a pleasant thing.

Although Ge Hongsen didn't know what Qin Chen sighed, he sighed with a long sigh of relief after hearing the news that President Gongsun Zhe was still alive, and then looked nervously at Xiao Dongyan and the others, and stopped talking.

What the major forces are doing these days, as the top force of Sky Thunder City, wouldn't the Skyscanner know it? Even some of the industries of the Skyscanner have been occupied by major forces, and the best residences are currently occupied.

But when the president is not there, Ge Hongsen naturally dare not say anything. These days, he can only cooperate with the actions of the Xiao family and other forces, and dare not resist even the least.

"Well, let's solve the matter here first."

Qin Chen talked to everyone for a while before everyone calmed down from the joy and excitement of the meeting, and then the black slaves and others stood behind Qin Chen, staring coldly at Xiao Dongyan.

They had already received news of the conflict between Qin Chen and the major forces, but even if they knew that these people in front of them were all well-known strong men in the mainland, none of them had retreated.

"Hahaha, is this the local forces of Tianlei City trying to challenge me?" Xiao Dongyan laughed, then his eyes were cold, and he sneered: "It seems that I am still too kind to wait. Any cat or dog would dare to wait. I've been competing with me. The old man has lived for so many years, and it's the first time I saw such an arrogant younger generation."

This is how the affection happened. This son, the emperor has decided today. Whoever hinders me is the enemy of my Xiao family. "

When the voice fell, Xiao Dongyan's eyes sank, and he couldn't help it anymore, and said coldly to the Xiao family master beside him: "Take them!"

"Yes, ancestor!"

The many masters of the Xiao family held back their stomachs and waited for a long time. Now, after listening to the ancestor's order, they suddenly exposed one after another and killed the group of Qin Chen. This time when the Xiao family came to Tianlei City, apart from some staying in the clan, almost all of them were deployed. Among them, the top elders of the peak martial arts such as Fujitani were deployed. One and a few more

The giant Emperor Wu, these people shot together, and the terrifying energy was suddenly overwhelming, and Qin Chen's group was wrapped in it in an instant.

"Little dust." Upon seeing this, the mountain lord of Tiandi Mountain rushed to Qin Chen. He was the highest cultivation level among the group of people under Qin Chen's command. The former mountain lord of Tiandi Mountain was strong, second only to the majors. The ancestors of the top powers naturally wanted to act for Qin Chen to withstand the attacks of so many people.

#### [Chapter 2179: Break for the old man](#)

However, he was not sure, after all, the Xiao family was the top power in the mainland, and the top masters among them might not be much worse than him.

"You step back."

Unexpectedly, before the Mountain Master of Tiandi Mountain could make a move, Qin Chen waved his hand gently. The Mountain Master of Tiandi Mountain only felt that an invisible force was coming, and Qin Chen was pushed to the rear in an instant, and he looked at Qin Chen in shock.

In front of the crowd, Qin Chen was expressionless, half of the ancient sword in his hand appeared, and said with a sneer: "Have you never seen this arrogant junior? But it wasn't arrogant before, now this is arrogant."

The cold voice sounded, and the Banyue Ancient Sword in Qin Chen's hand had already urged out, booming, and suddenly a horrible sword aura rose into the sky. The astonishing sword aura rose up like a pillar of heaven and earth, bursting out endless terrible Of murder.

"Emperor Martial Peak..."

"Master Martial Emperor!" Feeling the sword energy Qin Chen displayed, almost everyone was stunned. After they heard that Qin Chen killed the blood knife ancestor and Xiao Ming, they knew that Qin Chen probably didn't. Simple, most likely to be a giant Wudi, but none

Personally, Qin Chen turned out to be a master of Wudi. The people of the Xiao family were also shocked. Although Qin Chen could not tell his true age, he was definitely not old, even only 30 or 40 years old, and probably even younger, but such a young man turned out to be a pinnacle martial emperor master. , How is this done

Arrived?

Shengjing!

At this moment, these two words popped up in everyone's mind, and their eyes were more frenetic than ever.

Except Shengjing, they couldn't think of other possibilities.

"So courageous, even if it's the pinnacle martial emperor, at a young age, I don't know the heights of the sky and the earth, thinking that you are the only pinnacle martial emperor in the world?" After knowing that Qin Chen is the pinnacle martial emperor, the Xiao family and many powerful men were indeed shocked. But soon he sneered. The old man in the lead was even more disdainful. He was also the peak martial emperor, and he was also a veteran peak martial emperor. He would be afraid of Qin Chen.

What a young man?

Although Emperor Wudi at the pinnacle is already at the limit of Emperor Wu, it is also divided into levels, I am afraid this young man does not understand it at all. With a sneer, the \*\*\*\* hands of the old man from the Xiao family directly grabbed and photographed the sword pillar that Qin Chen condensed into. He wanted to squeeze the sword pillar that Qin Chen displayed in full view, and let Qin Chen know well. , Emperor Wu is not Wu

The limit of Tao.

Xiao Dongyan, the ancestor of the Xiao family, sneered on the side, and did not do anything, because he had absolute confidence in the master of the Xiao family.

Not only the ancestor Xiao Dongyan, but others like Ghost Yan Luo and others also sneered. They were not optimistic about Qin Chen. Only Emperor Jijing Dandi glanced at the strong Xiao family with pity, and sighed slightly.

Heaven does evil, especially it can be born, self-made evil, don't live!

Boom! With a sigh, the real essence hand of the peak martial emperor of the Xiao family had already grasped the sword edge Qin Chen displayed. Suddenly, the violent energy exploded, and the black real essence burst out astonishing as the power of chaos. , Forcing a lot of warriors present

Discoloration, one by one, then retreat.

This power is so powerful that it is so shocking that many of the Wudi masters present just wait and see from a distance, and they feel breathless and some can't bear it.

"Hahaha, kid..."

The old man from the Xiao family laughed and urged the great hands of Zhen Yuan to squeeze the sword pillar that Qin Chen had condensed, and then prepared to pick up Qin Chen like a chicken in full view.

But he didn't notice the slight sneer at the corner of Qin Chen's mouth.

"This is the root of your pride?"

An indifferent voice sounded, Qin Chen's face didn't change color, and the Nine-Star Divine Emperor Art in his body moved, quietly urging Banyue Ancient Sword. He hadn't exerted any strength before.

On the Banyue Ancient Sword, a sudden ray of light suddenly burst, and a horrible energy that was so fierce as to tear the world apart suddenly burst out. A sense of horror suddenly appeared in the heart of the old man of the Xiao family. The sharp blade pressed against him. He actually felt a sense of despair and fear of being stared at by death, and then he was horrified to find that he was actually in the quagmire. Can't move

.

How is this possible? He is a dignified pinnacle martial master, but he is not weak in the pinnacle martial master master. He was unable to move his body under the shot of a young man. He hurriedly ran the rules of space, and wanted to break out of Qin Chen's shackles, but let him struggle. ,

But like a rock, it can't move at all.

"Impossible!" He cried out in horror. Before he finished speaking, he saw a scene that made him even more terrified. Booming, he saw that the palm of his true essence was like tofu under Qin Chen's sword. Usually cut open, the endless chaos true vitality burst, then

Like a pillar of heaven, the huge sword's edge rumbling down towards him.

"Ancestor, save me..."

He couldn't bear the fear in his heart anymore and screamed in despair.

In fact, without the old man speaking, Xiao Dongyan had already changed his color, and the aura from Qin Chen's sword made him feel a little shocked. This man was actually a terrifying master who could even threaten him.

In fright, Xiao Dongyan's figure shook, and he was about to rush into the battle group in an instant to rescue his master of the Xiao family. Before Xiao Dongyan left, the many other giant martial emperors

had already started in advance, but these hands-on giant martial emperors had the same horrified expressions on the faces of the old martial emperors at the peak of the Xiao family.

Moving, or moving has become extremely difficult, they are even more unbearable than the peak martial emperor old man, they can't even shout for help.

Hum!

At the same time Qin Chen made his move, Dacheng's spatial realm was already displayed, and he instantly blocked Xiao Dongyan's body. With a bang, Xiao Dongyan felt like he was stepping into a muddy swamp, even with his cultivation. For, the action is also a choking.

"What a terrible space field."

At this moment, he finally knew why his masters could not move in mid-air. This space rule field was too terrifying, and even his actions could be restrained. What a terrible field this was.

"Damn it to the old man!"

But Xiao Dongyan is the ancestor of the Xiao family, the top master of the mainland, the sound of roaring, the power of blood in his body rises, the power of terrifying space burst out in an instant, breaking Qin Chen's pure space domain in an instant.

But the master's tricks are often only in the blink of an eye. At the moment when Xiao Dongyan broke through Qin Chen's spatial realm, the sword energy Qin Chen waved down had already swept the Xiao family's giant Wudi masters, and only heard the sound of the explosion of the flesh body, and a lot of blood mist bloomed. Many top masters of the Xiao family burst open and turned into blood mist.

boom!

And the sword aura fell, and he cut a huge wound directly on the elder Wudi of the Xiao family's peak, but he did not die, but was caught by an invisible True Essence palm, and instantly pulled in front of Qin Chen. .

At this time, Xiao Dongyan had just broken through Qin Chen's spatial realm, and a circle appeared in front of him. On top of this circle, there were flashing fire spirits, scorching the void into pitch-black gaps, and the circle rotated. , Came towards Qin Chen.

"Hehe, want to save people?"

Qin Chen sneered, urging his sword qi, the overwhelming sword pillar shifted direction, slashed down boldly, and collided with the fire spirit circle.

"Boom!" The endless explosion resounded, and a huge black hole suddenly appeared between the sky and the earth. The astonishing space particles surged in the black hole, and the power of ruining the sky shook everyone up and down, except for the top masters. , The faces of the other warriors

Whiteness and severe injuries.

However, none of the black slaves and others around Qin Chen were injured, and an invisible force flickered, enveloping everyone, safe and sound.

In the sound of the explosion, the ancestor Xiao Dongyan rushed out of the explosion angrily, staring at Qin Chen with an iron face, and said angrily: "Let Xiao Zhan go, otherwise the old man will definitely crush your body."

He screamed in fright, his eyes were blood red, and his murderous aura boiled, his eyes could hardly cramp Qin Chen.

"Haha, the ancestors of the Xiao family are so majestic." Qin Chen sneered. At this moment, Xiao Zhan, a master of the Xiao family, was struggling in the air by his true vitality. Just like a toad, being held in the air, struggling constantly, looks like ten

Funny and funny. But no one on the court can laugh. This is not funny at all. A pinnacle martial master, especially the Xiao family master of the mainland's top power, was caught in one move, but still in front of the ancestors of the Xiao family

.

This strong visual impact caused everyone present to breathe in air-conditioning, and the inside and outside of the city gate became silent, like a dark abyss.

The most shocking was Fujiya and Shu Anhe. They looked at Xiao Zhan who was struggling with pale faces, their eyes were terrified, and their bodies were shaking uncontrollably.

Xiao Zhan, as the peak Martial Emperor of the Xiao family, could not know how strong his strength is. Although it is difficult to say who is strong and who is weak between him and Xiao Zhan, Fujiya clearly knows that his strength is comparable to Xiao Zhan. Said in the middle. And Xiao Zhan was caught in an instant. Fujitani thought that Qin Chen might not be able to take them when he was in the Thunder Sea, but now he finally understands that the other party wants to kill him, it is a matter of minutes. If not extremely

If Emperor Jing Dan appeared to stop, it is very likely that Xiao Zhan's current fate would be his original fate.

No, he may be more embarrassed than Xiao Zhan.

"Ancestor, this son is so strong, disciple..."

Fujiya's frightened voice was transmitted to Fuji Huazang, his face turned pale, with no blood at all.

At this moment, Fuji Hua Zang ignored Fujiya's mood, staring at Qin Chen, the shock in his heart was no less than Fujiya. At this moment Xiao Zhan is still struggling fiercely, but this is obviously Qin Chen deliberate, otherwise Xiao Zhan would have been unable to move long ago, everyone will look at the top elder of the Xiao family, the pinnacle martial emperor master is like a monkey, struggling here in pain. That feeling too

Shocked.

"Boy, don't let Xiao Zhan go to the old man, otherwise the old man will kill your whole family." Xiao Dongyan roared ferociously.

At this moment, the circle of fire spirits turned crazily in front of Xiao Zhan, bursting out a scorching breath, but Xiao Dongyan didn't dare to move at all while he was throwing a rat restraint, because when he moved, Xiao Zhan might be killed by Qin Chen.

His Xiao family has already fallen too many masters. If Xiao Zhan dies again, then his Xiao family's vitality will be greatly injured and its status on the mainland will be greatly reduced.

He hated it, hated himself for not paying attention to Qin Chen, self-esteem very high, and not even doing it himself, directly causing their Xiao family to suffer heavy losses. This is their Xiao family's top combat power.

"Old ancestor Xiao Dongyan, don't you know that this young master hates others to threaten me with my family?"

Qin Chen said with a gloomy look, and said coldly, "Didn't you say that you have lived for so long and have never seen such an arrogant young man Ben Shao? Why, now that I see the master of his family being captured by Ben Shao, I am afraid up?"

Xiao Dongyan was furious, but he could only hold back his anger and sternly said: "Boy, no matter what you are going to do, let go of my Xiao family disciple immediately. Everything is okay to discuss, otherwise the old man will let you know something. Call regret!"

Xiao Dongyan's expression was ferocious, and his eyes were fierce like a hungry wolf. "Haha, regret?" Qin Chen smiled: "There is never the word regret in Ben Shao's dictionary. Didn't you ask Ben Shao what to do? Haha, Ben Shao just wanted to tell you what Ben Shao did just now. Because it's not the most arrogant, the most arrogant

I let you see. "

When the words fell, Qin Chen urged his true essence, and the terrifying true essence \*\*\*\* instantly wrapped Xiao Zhan, with a bang, Xiao Zhan, who had been struggling under the \*\*\*\* of Qin Chen's true essence, instantly burst and turned into blood.

"Old Ancestor Xiao, do you know what arrogance is now?"

Qin Chen patted his palms and said with a smile, but the harsh and cold expression in his eyes made everyone shudder.

Even the top masters of Fujikazao and other major forces are shivering.

Ruthless, too ruthless. Qin Chen was able to kill Xiao Zhan before, but he didn't kill him, but tied him up. Everyone thought that Qin Chen was going to negotiate with Xiao Zhan and Xiao Dongyan, such as turning fighting into jade silk, but nothing happened. Thinking of Qin Chen Qinna

The purpose of living in Xiao Zhan was to let Xiao Dongyan look at his arrogance.

Such a crazy young man made everyone shudder, and his entire body was erected.

At this moment, everyone was silent, no one dared to come out and say a word, a word.

"Ahhhhh..."

The ancestor Xiao Dongyan's eyes were blood red, and he watched the master of his family, who was pinched into a blood mist. This hatred completely filled his mind.

"Boy, I want you to die, and everyone around you should die. Whoever dares to stop me is the old man's mortal enemy."

Xiao Dongyan was completely mad. Boom, the aura on the circle of fire spirits in front of him soared, and suddenly an aura of ruining the world surged, and the terrifying killing intent was like a long river, rushing straight for nine days, mighty. Unmatched.

boom!

The ring of fire spirit vibrated, and a terrifying flame field instantly swept away, instantly wrapping Qin Chen in it.

"Spirit Fire Realm!"

Fujikazao and the others condensed their eyes and whispered.

The strongest of the ancestors of the Xiao family is his circle of fire spirits. This circle is a treasure. Once activated, it can form an invisible flame field. In this field, everyone's cultivation will be greatly affected. Great suppression.

This is a method that even Fuji Huazang and other top masters must be afraid of. Everyone understood that Xiao Dongyan was completely angry, otherwise it would be impossible to perform such a trick as soon as he came up.
