

## Valkyrie 2181

### [Chapter 2181: Together](#)

And when Xiao Dongyan was strong against Qin Chen, he was above a piece of sky tens of thousands of miles away from Sky Thunder City.

Whoosh whoosh!

A group of silhouettes exuding a frightening aura flew across the sky and flew towards the direction of Thunder City.

The leader was wearing a black robe, and it was Fu Qiankun. Behind him, Gongsun Zhe of the Tianxunhui, Zhai Xiangming of the Xingzhou Chamber of Commerce, Lou Zimo, the elder of the Qidian, and Qiu Puchun, the hidden elder of the Holy Land of Blood followed him. Afterwards.

"Brother Fu, Brother Chen and Emperor Jijing have really returned to Tianlei City first?"

Lou Zimo said with a frown while flying.

The five of them went out of the passage, but found that they did not randomly go to a different place in the Thunder Sea. They finally gathered together, and it turned out that Qin Chen and the Great Mirror Pill Emperor were not in the core of the Thunder Sea.

At first, everyone was a little worried that Shangguan Xi'er and the demon would be waiting outside, but they flew cautiously for a long time, and they were completely relieved after no abnormality was found.

However, they still want to feel safe with Qin Chen. Fortunately, Fu Qiankun also touched a trace of the holy realm, and said that Qin Chen had already returned to Tianlei City before rushing to Tianlei City with Fu Qiankun.

In fact, even if there is no relationship with Qin Chen, Fu Qiankun, as the first person in the mainland, has the highest status among the few people present, and everyone will follow Fu Qiankun's arrangement.

"Elder Lou Zimo, is it possible that Fu will still lie to you?" Fu Qiankun glanced at Lou Zimo and said to this guy. "Cough cough." Lou Zimo laughed twice and said: "Brother Fu, Lou Mou can't believe you naturally. Isn't that a little worried Brother Chen? You have such a good relationship with Brother Chen, and Misty Palace has wolfish ambitions. Regarding the major trends of my Tianwu Continent

To launch an offensive force, you will have to rely on Brother Chen and Brother Fu. "After experiencing the ancient Demon Land and his party, Lou Zimo knew what it means to have people outside the sky, especially the strength that Shangguan Xier and the demon showed, which made him feel heavy. Once Shangguan Xier wants to treat him Hands on, if not

With the help of Qin Chen and Fu Qiankun, he didn't say that his palace would be destroyed, but he would surely suffer heavy losses.

He is now also making a good relationship with Qin Chen and Fu Qiankun early for the device hall. What's more, once Fu Qiankun returns to the Holy Land of Bloodlines, there will be a president of the

Holy Land of Bloodlines. I really don't know what will happen. If Fu Qiankun can regain control of the Holy Land of Bloodlines, it will definitely be another power for Tianwu Continent. Change continent

The pattern of major events.

Fu Qiankun was speechless, Lou Zimo was also the Supreme Elder of the Hall of Arms anyway, so why is this posture like the old neighbor man, so petty. He sighed and said: "Brother Lou, don't think too much. Now that Shangguan Xier is in collusion with the alien demon race, it is precisely when we need to wait for the major forces to join hands. Naturally, Brother Chen and I will not stand idly by. I hope that Brother Lou can represent Qidian in the future

, Cooperate with us, join forces to fight against foreign enemies. "

Lou Zimo became serious now, and nodded, "This is natural."

Everyone is responsible for guarding the mainland, and Lou Zimo still has this awareness.

"Brother Fu, I used to wait in Tianlei City, and I was still confused, occupying the mountain as the king. From now on, I will rely on Brother Fu and Brother Chen."

Gongsun Zhe and Zhai Xiangming looked at each other and said one after another, they also made up their minds to get on the big ship Qin Chen and Fu Qiankun.

In the troubled times, although they are mighty and powerful, they are like big waves and flat boats. If they don't give up their minds, they will be broken into pieces. Only if they are united can they possibly survive.

"You are all friends of life and death. Whether it is for the future of the mainland or for myself, we naturally need to work together." Fu Qiankun nodded.

"Together in the same boat."

Several people said in unison, their voices were loud and loud, and several figures cut through the sky at a very fast speed, and quickly swept towards Tianlei City.

At the gate of Tianlei City, Xiao Dongyan's ancestor Xiao Dongyan had already wrapped Qin Chen in it.

"A strong field."

Just feeling the pressure escaping from this spirit fire field made many masters on the field change their colors.

They have long heard of the name of the Spirit Fire Realm, so seeing it for the first time, it really deserves its reputation.

"That kid is going to be dangerous!"

Everyone looked at Emperor Jijing Dan.

In their opinion, when Emperor Jijing and Qin Chen sang and made a peace, it was very likely that they had already made some secret plan. Once Qin Chen was in danger, Emperor Jijing would definitely make an immediate move.

But what puzzled them was that Emperor Jijing Dan was standing aside, his face was expressionless, and he didn't even plan to shoot.

"This is weird!"

Everyone was full of doubts. Although they didn't want Xiao Dongyan to behead Qin Chen, no one moved at the moment.

Judging by the strength Qin Chen had shown before, even if Xiao Dongyan could kill him, it was impossible to kill him in the blink of an eye.

Once Qin Chen is in danger, they still have enough time to take action.

Of course, they weren't trying to save Qin Chen, but they all wanted to get from Qin Chen the secret of why he was able to break through the peak of Emperor Martial at such a young age, is it related to the holy crystal in that space seal?

What's more, they don't believe that when the crisis is really reached, Emperor Jijing Dan will really let Qin Chen be killed.

For a while, everyone's attention was focused on the fight between Xiao Dongyan and Qin Chen.

"Fucky boy, die for me."

Xiao Dongyan displayed the spirit fire domain, and the terrifying flame aura swallowed everything, and instantly enveloped every trace of Qin Chen's body. The terrifying fire power was crazily crushed and continuously strengthened. Qin Chen smiled coldly when he saw Xiao Dongyan's movements. This Xiao Dongyan's spirit fire domain was indeed extremely powerful, but it was more than a star and a half behind Shangguan Xi'er's Qing spirit world. If Qin Chen hadn't understood the space thunder Before the domain, there may be

Some fears, but to Qin Chen, who had already understood the space thunder domain, the power of this domain suddenly became nothing.

What's more, Qin Chen himself was a pharmacist, and the other party wanted to suppress him with the power of the fire element. That was using the wrong target. Of course, although Qin Chen is not afraid of Xiao Dongyan's Spirit Fire Realm, he is quite curious about Xiao Dongyan's use of real treasures to control the Flame Realm. Perhaps, after his control and understanding, he also Can form a unique

The flame field is also not necessarily.

Seeing that his spirit fire domain had completely covered Qin Chen, Xiao Dongyan let out a sneer, the ring of fire spirit had already brought a shadow, covering Qin Chen from all directions.

What kind of vision Qin Chen understood from the posture of Xiao Dongyan's action. Xiao Dongyan wanted to strip himself from the outside to the inside, so that he could endure the cruelest torture, even for a short time. Die within. What a cruel fellow, Qin Chen snorted coldly, his heart surged with murderous intent, and Ban Yue Ancient Sword slashed out without hesitation.

[Chapter 2182: Just an experiment](#)

Click! Qin Chen Banyue's ancient sword urged, and bursts of cracking sound came from the void, and the spirit fire domain that enveloped him trembled constantly. It began to crack every inch. Qin Chen didn't even display his empty thunder sword domain, so he easily Broke Xiao Dongyan's

Spirit fire field.

Xiao Dongyan saw that Qin Chen was completely enveloped by his spirit fire domain, and sneered in his heart that Qin Chen was dead. He didn't want Qin Chen to survive at all. He just wanted to brutally kill Qin Chen, and then search for his soul. Know the secrets of him.

Qin Chen is strong, but after all he is too young, how could he be his opponent.

But when he saw Qin Chen easily spur Banyue Ancient Sword in his Spirit Fire Realm, he was suddenly shocked. What was going on? At this time, he heard the sound of bursting in his spirit fire domain.

This kid actually broke my spiritual fire field?

He was suddenly shocked in his heart. How could this be possible? In his Spirit Fire Realm, the masters of the same level would be jealous. Qin Chen, a teenager, was fearless, which completely exceeded his cognition.

boom! His heart was horrified, but his hands kept moving, the horrible flame aura skyrocketed, clusters of cold flame aura surged, forming a world of emptiness, and Xiao Dongyan urged the fire that originally swept Qin Chen. Spirit circle, instant

He stood in front of him.

He didn't know how Qin Chen broke through his spirit fire domain, but he believed that there would be absolutely no problem with his own strength to block Qin Chen's attack. Once he blocked Qin Chen's attack, he would Launched another counterattack.

At this moment, he had some regrets in his heart, he was careless, he couldn't think of this son's such strong strength, if he had directly acted at the moment when he activated the spirit fire domain, the other party would not have time to break his spirit fire domain. Thinking of this, Xiao Dongyan had a hideous meaning in his heart, frantically urging the circle of fire spirits in front of him, but before he had time to inspire the circle of fire spirits to attack, he felt the sluggishness of the whole body, he was like Blocked by the mud

general.

Xiao Dongyan's heart was suddenly shocked. Of course he knew what this was. This was also a domain, and it was a space domain that was even more terrifying than his spirit fire domain. He restrained. My God, how did this kid cultivate? Xiao Dongyan has been famous for a long time, and he has broken through to the peak of Emperor Wu for more than a hundred years. For more than a hundred years, he has practiced hard and let the Long River Xiao family shine again. Become one of the top forces in the mainland

One.

Xiao Dongyan was extremely confident in his own strength, but he couldn't imagine that he would be bound by a young man's space domain at this moment. Space rules, this is a rule that any giant Wudi can

control, and it is one of the top rules among many rules. As the top powerhouse in the mainland, no one will relax their perception of space rules. He Xiao Dongyan Also one

In the same way, at least half of the time for more than a hundred years has been used to perceive the rules of heaven, earth and space.

But now, he was actually bound by the kid in front of him, how did the other party do it? Even if the other party started cultivating from his mother's womb, he has practiced for decades at most, and the understanding of the rules will take countless years to build.

In horror, Xiao Dongyan frantically urged his true essence in order to break through Qin Chen's space constraints. He knew that once he fell into Qin Chen's space constraints and couldn't get out, his strength would be greatly reduced. Downwind.

At this moment, Xiao Dongyan no longer dared to regard Qin Chen as a junior. This is definitely a figure against the sky, and a pinnacle figure who is not weaker than him, the top powerhouse on the continent.

boom!

The terrible true essence erupted, and the spatial domain that enveloped Xiao Dongyan was suddenly supported by him.

"It seems that the space field alone is not enough. Xiao Dongyan and other top powerhouses have an extremely terrifying understanding of the rules of space. It is indeed not easy to use the space field to subdue him."

Qin Chen shook his head inadvertently. At this moment, he didn't exert all his strength at all, but only displayed the space domain. The purpose was to get a closer look at the strength of the mainland's top power masters.

It can be said that Qin Chen was only doing an experiment in the fight against Xiao Dongyan.

If Xiao Dongyan were to know what Qin Chen was thinking at this time, he would definitely spit out a mouthful of blood. He was actually regarded as a training partner by the other party as the top master in the mainland, which was simply deceptive. But Xiao Dongyan naturally didn't know Qin Chen's thoughts. He was just rejoicing. Fortunately, when he felt the Spirit Fire Realm burst before, he immediately retracted the Fire Spirit Circle and defended himself. Otherwise, he If the fire spirit circle

After blasting out, he was trapped by Qin Chen's domain again, and he didn't know how to defend.

And now, even if Qin Chen's space domain restrained him, his fire spirit circle could withstand Qin Chen's first wave of attacks. At the time of this attack, he could completely break away from Qin Chen's domain. And Xiao Dongyan also believes that even if Qin Chen has a strong understanding of the rules of space, he may not be as strong as him in terms of true essence and strength, because Qin Chen is too young, and he believes that he can use true essence. Advantage, will Qin Chen

Suppress.

"Boom!"

When Xiao Dongyan's mind was rapidly turning, Qin Chen's Banyue Ancient Sword finally fell down. Only a violent roar sounded, and the invisible shadows of the circle of fire spirit in front of Xiao Dongyan were like soap bubbles, and they were shattered after just one breath, the smoke disappeared, and then the horrible sword Shadow already

Slashed \*\*\*\* the circle of fire spirit.

"when!"

A crisp impact sounded, this ring of fire spirit was a treasure of Xiao Dongyan, and also a top emperor soldier of the ancient level. It was just an instant that after the ring formed by the ring broke, the ring body was already blocked. In front of Banyue Ancient Sword.

"Kaka!" Xiao Dongyan heard the sound of the fire spirit ring for the first time. Under the violent tremor of the fire spirit ring, it seemed to break apart directly, and it was a sharp sword. Qi, through the defense of the fire spirit circle, rushed towards

His body.

"Not good!" Xiao Dongyan's soul flew away. He couldn't imagine that Qin Chen's attack was so fierce, so fierce that his cultivation base could not be resisted. In horror, he spit out a mouthful of blood and burned his blood. Activate the circle of fire spirit, and the body shape is fast

Back. But it was too late, the ray of sword aura that passed through the ring of fire spirits had already arrived in front of him, and it struck his chest with a pop.

#### [Chapter 2183: Ancient Hallows](#)

"Puff!" A \*\*\*\* arrow hurriedly, and Xiao Dongyan screamed and flew hundreds of meters away. This stabilized his figure, but he had a half-foot deep wound on his chest. It can be seen that the bones and the internal organs have been attacked by the sword qi.

The pain came.

"Wow!" At this time, there was an astonishing uproar on the court. The noise went straight to the sky, and the clouds in the sky were shaken away. Some top players stared at the scene in front of them blankly. Dumbfounded, can hardly believe my own

eye.

And there are many people present, rubbing their eyes frantically, with an unbelievable expression.

My God, what did they see that Xiao Dongyan, the ancestor of the Xiao family, was actually injured by a sword?

Although the whole process was long, it was actually in a short moment. Under Qin Chen's sword, Xiao Dongyan was severely injured and vomited blood. This kind of strong impact made everyone shudder and shiver. Goose bumps are all up.

This is the ancestor of the Xiao family, the top power in the mainland. He was even injured by a sword. Even if he was dreaming, he couldn't believe this scene.

Many people looked at Emperor Jijing Dan one after another, but saw the helpless face of Emperor Jijing Dan. Everyone instantly reacted. Before Emperor Jijing Dan was so calm, have they already guessed this result?

Opposite, Xiao Dongyan also stared at Qin Chen blankly, without responding for a while.

He finally understood why Xiao Zhan had been easily restrained by Qin Chen before. This kid was a bit terrifying, and he almost killed him with just one move.

Qin Chen shook his head slightly. He didn't use the mysterious rust sword, nor did he use the space thunder domain. Otherwise, Xiao Dongyan is already a corpse at this time, and he doesn't even need to use the Ancestral Demon Blood Meridian.

Is this his power to break through the peak of Emperor Wudi? Qin Chen knew that after the formation of his spatial thunder domain, the ordinary pinnacle martial emperor could no longer compete with him. Even the top powerhouses like Xiao Dongyan could not resist it. If he had just urged the empty thunder sword domain with all his strength, Xiao Dongyan absolutely must not

Can avoid under his attack, but the result of not avoiding is death.

From the beginning to the end, Qin Chen was experimenting with how far the top half-holy powers like Emperor Wu and Shangguan Xi'er were. After understanding the affairs of Tianlei City, he would look for Misty Palace and Xuanyuan Empire. Afterwards. However, even though Qin Chen verified his own strength, he still could not tell which one of his own empty thunder sword domain and Shangguan Xi'er's blue spirit world was stronger, perhaps, did not stimulate the ancestral demon blood meridian situation. Next, he will still be

Suppress Xier's Green Spirit Realm.

"Okay, okay, no wonder your Excellency dared to be so arrogant and really tough."

Xiao Dongyan wiped the blood from the corner of his mouth, quickly swallowed the pills one after another, and then looked at Qin Chen solemnly, without the initial anger and ferociousness, the contempt and disdain in his eyes had long since disappeared. Some are just solemn and indifferent.

"You are indeed very strong, but your space rules can restrain me once, but not the second time. The old man was careless just now. This time, the old man will kill you."

Xiao Dongyan, as the top powerhouse in the mainland, is still confident even if he is injured. They don't know how much life and death they have experienced in their lives. How can they give up because of a little setback. If he is facing a person like the Dange Pavilion Master, the President of the Holy Land of Blood, or even the Palace Master Xier of the Misty Palace, he may still be jealous and admit it directly, because the other party has the possibility and confidence to suppress him, but now he It's Qin Chen facing this

What a teenager.

How can he be willing?

This son is so young, I don't know how to break through the pinnacle martial emperor, but no matter what, this son is absolutely impossible to be the veteran pinnacle martial emperor, how long can he practice even if he started practicing in the womb.

If he had to retreat in the face of such a young guy, his confidence would be completely destroyed, and there would be no progress or breakthroughs in the future. How would he be willing?

The most important thing for a warrior to act against the sky is confidence. He is unwilling to retreat, and he cannot retreat at all.

Qin Chen couldn't help but sneer after hearing Xiao Dongyan's words. He didn't give his full strength just now. This brazen Xiao Dongyan was almost killed. If he tried his best, Xiao Dongyan would definitely not be able to hold on for a while. . Just when Qin Chen didn't want to talk nonsense and wanted to quickly solve Xiao Dongyan, Xiao Dongyan raised his hand again, and a simple black broken sword had already appeared in his hand. As soon as this broken sword came out, no true essence had been injected. Enter, Qin Chen feels

When a kind of strong pressure and strong murderous intent came, this breath even made the true essence in his body tremble slightly.

Qin Chen's gaze condensed. He had never seen such a black broken sword. As soon as the broken sword came out, he knew that this simple broken sword was absolutely unusual.

"Ancient Sacred Sword?" Pill Emperor Pill Mirror had already exclaimed, obviously knowing that the broken sword is not easy.

"Brother Chen, you must be careful of this broken sword. This is a saint-level sword, the treasure of the Changhe Xiao family's town clan." Emperor Jijing immediately reminded Qin Chen.

"Ancient Holy Sword..."

Among the strong onlookers, there were obviously some who recognized the simplicity of this simple broken sword, and suddenly exclaimed.

Although the sword had been broken, and the body of the sword was pitted and dilapidated, the breath that it radiated made everyone present palpitate, as if a catastrophe was imminent. In fact, it is rumored that the Changhe Xiao family did have a broken ancient holy sword. According to legend, thousands of years ago, the Changhe Xiao family was only a small family in the Wuyu domain. Because of offending the enemy, it was almost destroyed, leaving only one Xiao family disciple to escape. , And fall into

An ancient relic. Later, after this Xiao family disciple came out of the ruins, he grew into a top powerhouse, uprooting the opposing forces that slaughtered his family back then, leaving no one behind. The Xiao family also quickly grew up, occupying Changhe Prefecture, and was called Long River

Xiao family. The deeds of the Xiao family were discovered by some interested people. They believed that the ancestors of the Xiao family had obtained a lot of treasures in the ruins. So some top forces nearby carried out secret actions against the Xiao family. One of them was second only to the many tops in the mainland.

The second line of power. At that time, the Xiao family hadn't fully grown up. The ancestor of the Xiao family was just a giant martial emperor. Facing the top martial emperor of the top power, looking into a crisis, he displayed a mysterious treasure to kill the peak of that power.

After that, the Xiao family wiped out all the second-line forces, leaving no one behind. It is rumored that the ancestor of the Xiao family brought out a broken black ancient sword. When the ancient sword was released, the world collapsed, and the ancestor of Emperor Wudi, the pinnacle of the second-line power, vanished into nothingness in an instant.

#### [Chapter 2184: Broken Sword](#)

However, some people believed this rumor, and some did not believe it, but even the second-line forces failed to attack the Xiao family. Apart from many top forces on the mainland, no one dared to target the Xiao family anymore. As for the top powers such as the Bloodline Holy Land and Pill Pavilion, naturally they would not be jealous of the treasures obtained by a small family, and for the safety of the family, the ancestors of the Xiao family at that time disappeared along with the treasures, leaving only the whole Family in

Changhe State. Now that the ancestors of the Xiao family have left with the treasures, some people who have evil hearts will naturally not attack the Xiao family. After all, the most important thing of the Xiao family is the ancestors of the Xiao family and his treasures. Don't kill the ancestors of the Xiao family. Do it, once wait

The return of the ancestors of the Xiao family will inevitably provoke revenge and backlash from the ancestors of the Xiao family.

Decades later, the first ancestor of the Xiao family finally returned, but at that time he had already become a pinnacle martial emperor. Once he came back, he took a strong shot and even cut two people who had coveted him in the Xiao family for these years. The peak of Emperor Wu shocked the mainland.

After that, no one in the Xiao family dared to provoke them. Under the leadership of the ancestors of the Xiao family at that time, it took hundreds of years to grow into one of the top forces in the mainland.

And the so-called treasure sacred artifact of the Xiao family never appeared again. Later, the Xiao family became stronger and stronger, and the major forces in the martial arts gradually forgot this legend of the Xiao family.

Now, Xiao Dongyan took out the broken sword, and everyone was shocked and instantly understood that this was most likely the broken holy sword that the Xiao family got thousands of years ago.

"Kid Qin Chen, this is indeed a holy artifact, but it's already broken..."

Lao Yuan's voice rang in the jade disc of Universe Good Fortune, and he obviously felt the aura of the black broken sword outside.

It turned out to be a holy artifact? Qin Chen was shocked. He could tell from the Ancestral Demon's Blood Sutra how powerful the sacred artifacts were. Once the Ancestral Demon's Blood Sutra was

activated, even the projection of the Lord of Abyss Demon would be jealous. Although the sword broke, it still made Qin Chen feel

To fear.

If this broken sword strikes him, whether he can defend it is still a question.

It can be said that if a powerful Emperor Wu uses the sacred weapon, it can already pose a threat to his life, unless he also displays the Ancestral Demon Blood Sutra.

"Hahaha, yes, this sword is the treasure of the town clan of my Xiao family, the ancient holy artifact, but unfortunately, another person will hate this sword today, boy, can die under the treasure of my Xiao family town clan, But your honor."

Seeing Qin Chen frown, Xiao Dongyan couldn't help but sneered. Then, without saying a word, the black broken sword in his hand had been sacrificed, but in an instant, the majestic murderous intent and aura instantly enveloped the entire earth.

Puff puff!

Under this murderous intent, countless warriors vomited blood and retreated, with a look of aghast. Not to mention those martial artists with a lower cultivation level, even some peak martial emperors would turn pale under this murderous intent and could only retreat.

"what!"

Some warriors who were close by could not bear this majestic murderous intent, so they screamed, their body exploded, and it burst into blood mist.

"Is this the sacred artifact? Even so broken, it can still display such power, too strong..."

Ghost Yanluo and the others flickered, their eyes flickering with amazement.

As far as they are strong, even if their cultivation is not weaker than Xiao Dongyan, they will feel jealous at this time and even retreat. But Qin Chen sneered, not afraid, he was not without the sacred artifacts, not to mention, the Ancestral Demon Blood Sutra is the sacred artifact, even more complete than the broken sword, not to mention the jade disc Even Qin Chen's mysterious rust sword

There is also a feeling that it is not weaker than this broken sword.

Qin Chen's future enemies are Shangguan Xi'er and Demon, both semi-sacred masters, and the Heaven Devourer is even an ancient master demon master. If a broken sacred weapon makes him change color, then he can just commit suicide. .

Without waiting for the people around to exclaim, Xiao Dongyan's black broken sword has already been sacrificed, and the majestic murderous aura swept out, the black broken sword burst into force, a layer of black light lingered out, smashing the sky. The roll covering the land turned towards Qin Chen.

The horrible energy swept through, and the martial artists who had already withdrawn far away, retreated again.

Although this kind of sacred weapon had been broken, the sword aura and killing intent it brought with it, as long as it was scraped a little bit, would be enough to make a martial emperor break his body.

As soon as the black broken sword was sacrificed, Qin Chen found that Xiao Dongyan himself couldn't control the black broken sword's movements. Broken sword made a whimpering sound, and a trace of terrifying killing intent permeated, like a ghost crying and howling, as if to choose someone. And bite. Qin Chen saw that Xiao Dongyan himself could not completely control the broken sword, and immediately knew that Xiao Dongyan himself had not completely refined the broken sword. This sacred weapon was extremely terrifying. With Xiao Dongyan's strength, it was impossible. Unleash the power of sacred objects

Qin Chen didn't take out the mysterious rust sword, but spurred Banyue's ancient sword, the imperial swordsmanship spurred him, and the black broken sword was slashed down.

boom! The two sword auras collided together in an instant. Although the Banyue Ancient Sword in Qin Chen's hand was not a holy weapon, it was also the top batch of the emperor's soldiers. Under Qin Chen's urging, countless swords were suddenly surging. Qi and light and shadow, layers of sword aura suddenly and that

The black broken swords collided together.

Click!

Then Qin Chen saw with amazement that the sword energy that his Banyue Ancient Sword cleaved was disintegrating, and Banyue Ancient Sword himself was shaking slightly, as if in fear.

"What a sacred artifact."

Qin Chen was shocked immediately. The power of the sacred artifact was truly extraordinary. Although Xiao Dongyan could not fully activate it, the only breath that escaped made Banyue Ancient Sword tremble. It was a black broken sword. Oneself is urging.

"Hahaha, kid, don't resist, in front of the treasure of my Xiao family, you have only one death." Xiao Dongyan shouted sharply, spitting out a mouthful of blood, which splashed on the black broken sword, black The broken sword immediately seemed to be stimulated, exuding \*\*\*\* rays of light, and the layers of thick black remained immortal and became even more

It thickened, and a terrifying black sword aura rushed to Qin Chen instantly.

"Hmph, this young man doesn't believe me, just how strong he can be with a mere broken sword."

Qin Chen's eyes were cold, and he still didn't urge the mysterious Rust Sword, but madly poured the Nine Star God Emperor Jue True Essence into the Banyue Ancient Sword, and the world domain of the sword also spread out.

Buzzing!

Suddenly, the sword aura swept across the sky and the earth, and the astonishing sword aura brought by Banyue Ancient Sword and the black broken sword had already violently collided with each other,

arousing the sky full of sword glow and dark shadows. Xiao Dongyan's black broken sword was originally not completely refined, and now it collided with Qin Chen's Banyue Ancient Sword in all manners, and the power of the backlash immediately caused his true essence to roll, and he was frightened and burned the blood. Li, spit out a few mouthfuls of blood again, crazily blessing on the black broken sword.

### [Chapter 2185: Dahe Phantom](#)

boom!

The aura on the black broken sword skyrocketed again, and a terrifying sword aura surged in. Qin Chen felt like he was in a black sword aura, with bursts of tingling on his skin.

This black sword energy can already threaten him.

Qin Chen immediately urged the Space Sword Region, and the endless sword aura immediately filled the world, and Qin Chen urged his eighth Immortal Body to the extreme. Under the influence of the sword domain aura, the power of these black sword auras quickly weakened, puff puff puff, countless black sword auras slashed on Qin Chen's body, and was quickly absorbed and eliminated by Qin Chen's Gang Yuan Formation, and the sword aura stirred up Qin Chen's strength at most

The blood in the body surged, and then recovered.

Here Qin Chen blocked the breath of the black broken sword, but Xiao Dongyan couldn't stop the sword aura that Banyue's ancient sword exploded. The terrifying sword intent passed through the void and plunged into Xiao Dongyan's body.

"Wow!" A mouthful of blood spurted crazily, and countless blood stains appeared on Xiao Dongyan's body, and the meridians in his body were cut off. I don't know how many meridians. The whole figure seemed to be hit by a falling mountain. Go out, the robe is broken,

All blood dripping.

"impossible!"

Xiao Dongyan roared in fright, he never thought that Qin Chen could even withstand the breath of the black broken sword. This was a holy artifact, even a broken holy artifact, it could not be blocked by Emperor Wu. He thought that under his sword, Qin Chen would be broken to pieces, and even he deliberately left a bit of strength, because he was afraid that even Qin Chen's soul would be shattered, and he would not be able to search for souls. Let his heart sink completely

Come.

With one move, the ancient sword in Qin Chen's hand actually blocked his broken sword blow, which made Xiao Dongyan unable to believe his eyes.

"Do it, hold the person next to that kid for me."

In the crisis, Xiao Dongyan immediately spoke to the Xiao family disciple remaining behind him, and at the same time, his eyes were red, and a long river of phantom appeared above his head.

Wow!

This is a rushing river, and also the power of Xiao Dongyan's blood. The river is tumbling and surging, as if sailing to an endless universe, and as a river of time and space, floating up and down, showing the world.

The Dahe Phantom suddenly wrapped the black broken sword, and on top of the black broken sword, a black light suddenly appeared, and its power increased again.

Puff puff puff... The essence and blood in Xiao Dongyan's mouth seemed to be sprayed desperately on the black broken sword. Every time it was sprayed, the aura on the black broken sword skyrocketed. In the end, the scary black sword shadow It diffuses and instantly turns into a huge fan-shaped sword shadow

, And Qin Chen was completely inside.

Buzzing!

The ancient sword of Banyue trembled, trembling with this breath.

One was only an emperor, and the other was a holy weapon. No matter how Qin Chen urged him, Ban Yue's ancient sword was instinctively afraid.

Qin Chen frowned. Although the Banyue Ancient Sword was not damaged at this moment, he felt that if he forced the Banyue Ancient Sword to touch the black broken sword, it would definitely cause damage to the Banyue Ancient Sword.

Is it going to cast the mysterious rust sword?

At this time, many of the remaining martial artists of the Xiao family rushed to the black slaves and others at the same time, obviously trying to take advantage of the gap between Qin Chen and Xiao Dongyan to capture them.

There was a hint of ecstasy in Xiao Dongyan's heart. If this kid's subordinates could be captured by his Xiao family's disciples, then he would have a greater chance of winning under this kid. As a top-level power, Xiao Dongyan knew that it would have a huge impact on the reputation of the Xiao family. However, at this time, he could not take care of that much, compared to his own. Fate, this little bit of fame

What is it.

Xiao Dongyan saw the actions of his disciples, how could Qin Chen couldn't see it, and he was furious, how could he not know that Xiao Dongyan's master was trying to take black slaves and others as hostages, which completely touched him The inverse scales.

"Xiao Dongyan, you are looking for death by yourself." Qin Chen originally wanted to verify his strength, but at this time, he was completely angry. Although he knew that there was a mountain lord of the Tiandi Mountain, he didn't need to worry about the black slaves. It's safe, but Qin Chen's heart is still raging.

Long, thunder light surged in the void, and the empty thunder sword domain had already urged for the first time.

Hum! At the same time, the Banyue ancient sword in Qin Chen's hand has disappeared, replaced by a black ancient sword. The ancient sword shines with light, and the black halo flows, not as terrible as the black broken sword. , Can give a feeling

Feeling incredibly deep and mighty.

Qin Chen didn't want to use the mysterious rust sword at the beginning because he was afraid that the mysterious rust sword would be recognized by the people of Misty Palace and distinguish him from Qin Chen's identity. But after experiencing this, there is no trace of rust on the mysterious rust sword today. The whole body is dark. It is completely different from the time in the ancient Yu world. Qin Chen can naturally use it at will. His only worry is the mysterious rust sword. That terrible force

The amount affects his mind.

But at this time, Qin Chen couldn't manage that much, except for the Ancestral Demon Blood Chronicle, only the mysterious Rust Sword could fear this black broken sword.

"kill!"

With the mysterious rust sword in his hand, Qin Chen screamed, and a sense of excitement suddenly appeared on the mysterious rust sword. The mysterious rust sword was actually excited, excited about encountering this sacred weapon broken sword.

Booming, the sword light flickered, and a flash of sword light that was not so dazzling instantly entered the sword aura of the black broken sword.

"it is good!"

Seeing that Qin Chen didn't help the black slaves, but instead killed himself, Xiao Dongyan gave a cry of joy while he was puzzled.

This kid is too stupid and powerful, but naive and ridiculous.

Although he changed a weapon, no matter what the imperial soldier, he could only tremble under his black broken sword. This is a holy weapon, the most invincible weapon in Tianwu Continent.

It's just that the ecstasy in Xiao Dongyan's heart hadn't had time to fall, his expression froze suddenly, and at the same time he showed a frightened expression.

puff!

The mysterious rust sword splits out. The black broken sword that was originally still awe-inspiring, exuding majestic murder and sword aura, as if it had encountered a cat or mouse, at this moment, there was a whining tremor, and there was a kind of turning around and fleeing. impulse.

"What exactly is going on?"

Xiao Dongyan was shocked in his heart. He urged the black broken sword crazily, but the black broken sword didn't listen at all, and trembled crazily. The endless burst of majestic energy was also crazily converging.

"Damn it!" Xiao Dongyan was shocked, spitting out blood again and again, and the blood fell on the black broken sword, and the black broken sword finally stabilized. With a bang, he split with Qin Chen. The mysterious rust swords collided together.

#### [Chapter 2186: Capsize in the gutter](#)

when!

A crisp sound of the sword sounded, and the aura on the black broken sword completely exploded. The mysterious rust sword slammed on the broken broken sword, and the broken sword let out a mournful cry, and it was split into a grain of rice. The gap, wailing.

what?

Ordinary warriors could not see the fight between the two, but the top masters such as Gui Yanluo and Fuji Kazang, all saw this scene clearly, and each one was shocked and his mind exploded.

The treasure of the town clan of the Xiao family, the legendary sacred artifact, was cut into a gap?

At this moment, everyone's eyes fell on the mysterious rust sword in Qin Chen's hands, and their hearts were trembling.

The most shocking thing was Xiao Dongyan. He couldn't believe everything in front of him. At the same time, a series of terrifying sword auras, accompanied by waves of thunder and lightning, fell on him crazily.

"what!"

When the thunder light fell, Xiao Dongyan's skin and flesh spattered, his bones cracked, and severe pain made him terrified. He roared: "Boy, you dare to kill me, I want everyone under your command to die."

Under his roar, many powerful people in the Xiao family have already rushed in front of the black slaves and others, and they have made strong moves.

Boom!

The horrible energy turned into a torrent, and instantly rushed to the black slaves and others.

Hearing Xiao Dongyan's roar, Qin Chen actually stopped shooting, with a mocking light on his face, staring at him with disdain, and said coldly: "Just rely on the three-legged cats left in your Xiao family. Can this be?"

Qin Chen's voice fell, and the Tiandishan Mountain Lord in the crowd finally walked out.

"Hmph!" With a cold snort, a towering mountain phantom appeared behind the Lord of Tiandi Mountain, and a terrifying to the extreme aura rose into the sky from him, his pupils rotated, blooming with terrifying power, and a punch Attacked by many powerful people in the Xiao family

on.

Only a thunderous roar was heard, and all the attacks fell apart with the fist of the mountain master of Tiandi Mountain, and disappeared in an instant.

"what?"

The crowd around the audience didn't know how many times they had been surprised, and they were dumbfounded for a moment, and their tongues were almost bitten off.

There is such a master in the Black Order, what is the origin? The aura that the mountain lord of Tiandi Mountain now blooms is not as good as the power holders and ancestors of their major forces, but it is also the top level of the mainland. If these masters are placed in their major forces, it is second only to Their top

Master, the top figure in charge of the entire ethnic group.

And the most shocking was the group of strong people in the Xiao family, who never expected that his combined blow would be blocked by the opponent alone.

"dead!"

An icy voice came from the master of Tiandi Mountain. Boom, the next moment, Tiandi Mountain took the initiative, and the terrifying realm spread out. While breathing, the many powerhouses remaining in the Xiao family were completely taken by the master of Tiandi Mountain. The realm is shrouded.

The leading Xiao family master is a giant Wudi. Under the horror, he will immediately break free from the domain of the Tiandi Mountain Lord and escape from here, but before he can get rid of the shackles of this realm, the fist of the Tiandi Mountain Lord has already hit with a punch. Above his head.

With a puff, blood bloomed, and the head of Emperor Wu, the giant of the Xiao family, burst like a watermelon, and disappeared into smoke.

"Boom boom boom!"

The Heavenly Emperor Mountain Lord attacked forcefully, shaped like a dragon, and instantly entered among the many masters of the Xiao family. Wherever his body passed, countless roars sounded one after another, followed by countless screams.

In just a few dozen breaths, all of the dozen or so Xiao family experts who had survived have all fallen, none of them have survived, and they have all turned into blood mist. The thick \*\*\*\* aura diffused around, breathtaking.

After the Lord of the Heavenly Emperor Mountain killed these people, he didn't say a word, and he returned to the black cultivator crowd, watching his nose and his heart, just like wood, standing still.

All the warriors on the field were stunned. In the blink of an eye, many of the strong men of the Xiao family fell, and only Xiao Dongyan was left. These scenes made them tremble uncontrollably, and fear emerged in their hearts. In particular, some of the forces in the Thunder City were even more scared. The strength of the Black Order was so powerful. They clearly remembered that the strongest master of the Black Order was a man in black who was with Qin Chen before. Unexpectedly, except for that

The man in black, the Black Xiuhui still has such a master.

Fortunately, they did not take the opportunity of Qin Chen and the others to go to the Sea of Thunder to target the black cultivator, otherwise they would definitely die here at this moment.

"what!"

And the most feared among all people was Xiao Dongyan. He watched all his disciples fall, leaving none of them. This pain, fear and anger swallowed his heart like a demon.

"Boy, I am going to kill you."

Xiao Dongyan's expression was dumb, and then he was completely mad. His eyes were flushed and he was about to activate the black broken sword again.

This time Qin Chen did not give Xiao Dongyan any chance to release the empty thunder sword domain, and the mysterious rust sword had already been split with all his strength, killing sword art!

Qin Chen knew that Xiao Dongyan's black broken sword hadn't been fully refined, and it took at least one breath to sacrifice it now, and this one breath was enough.

boom!

The empty thunder sword domain was released, and the endless thunder light and sword light completely enveloped Xiao Dongyan, and when the black broken sword just aroused a trace of sword aura, it was already struck by the mysterious rust sword.

when!

This half of the black sword was split and flew out in an instant, trembling, and immediately after Qin Chen's mysterious rust sword rolled up the invisible sword aura, it already came to Xiao Dongyan. At this time, a trace of regret appeared in Xiao Dongyan's heart. When the other party killed his disciple of the Xiao family earlier, he should have escaped immediately instead of killing Qin Chen. He was determined to kill Qin Chen. , Who knew but sent himself to death

road.

Xiao Dongyan didn't know, even if he wanted to escape before, he couldn't escape Qin Chen's pursuit.

After only a moment of hesitation and regret, Qin Chen's mysterious rust sword had already split the body guard essence on Xiao Dongyan's body, and the sword aura carried a slight sound of cutting into the bones, and the sound of the meat was incredibly clear and sweet.

It was Xiao Dongyan who heard his weapon smash into someone else's body before, and he never thought it would appear on him one day.

"Haha."

He hissed with a miserable laugh, despair appeared on his face, and he didn't even want to resist, or he knew that even if he resisted, he couldn't escape Qin Chen's palm at all. "Hahaha, the old man hunts all day long, but I didn't expect to capsize the boat in the gutter today, but you won't live long. You have too many secrets. You must have obtained the holy crystal and the treasures on you. The major forces present will definitely not release

Passing yours..." Xiao Dongyan laughed sternly, and his voice was transmitted to the ears of every strong man along with mental fluctuations. The next moment, Qin Chen's mysterious rust sword hit him, and

the mysterious rust sword surged. With a trace of weird power, Xiao Dongyan's body was instantly wiped out.

#### [Chapter 2187: Brother dust](#)

call! A soul power rushed out of Xiao Dongyan's body. This was Xiao Dongyan's soul, but before this soul power rushed out of the mysterious rust sword, it was swallowed by a swallowing force emerging from the mysterious rust sword. Swallowed in, screaming

Soul flies away.

puff!

The black sword energy fell, and it was very gorgeous, like a black flower blooming, gorgeous and beautiful.

But no one feels amazing with such a beautiful sword aura. Some are just the coldness that emerges from the heart. The same goes for the wrapping ghost Yan Luo and others. They stared at Qin Chen in amazement, and watched Xiao Dongyan, the ancestor of the Xiao family, being killed Dust beheaded. At this moment, everyone felt a sense of sorrow for the death of rabbits and foxes. Their relationship with the Xiao family was not close. Otherwise, they would not help out just now, but they saw that the ancestor of the Xiao family, who was as famous as him, died like this. In front of them

before.

There is endless coolness in my heart. Killing Xiao Dongyan with a single sword, Qin Chen was not happy in his heart. He saw the mysterious rust sword swallowing Xiao Dongyan's soul. This was not caused by him at all, but the mysterious rust sword did it independently. Now the mysterious rust The sword became more and more out of his control.

call!

Raising his hand to put away Xiao Dongyan's storage ring and black broken sword, Qin Chen stood proudly on the court, turned around, and looked at the forces such as the Teng Family and the Sky Ghost Sect.

"Is there any force that is unwilling to withdraw from Sky Thunder City?"

He said coldly, his voice was cold, as flat as ever, but it fell in the hearts of everyone, but like a bolt from the blue.

No one dares to underestimate Qin Chen anymore. The Long River Xiao family, who underestimated Qin Chen before, was wiped out in this short moment. All dozens of powerful men have fallen, and no one has survived. Such a scene is already terrifying. Lived everyone on the court. In the eyes of others, only the major forces in the mainland used to kill others. No one has ever dared to move people from their major forces. But today, this myth has been shattered, and it turned out to be shattered on a young man. This kind of impact makes everyone Individual Five

The taste is mixed.

"Your Excellency is too arrogant, right?"

The ancestor of the Teng family, Teng Huazang, gave a cold snort, staring solemnly at Qin Chen, or rather, staring solemnly at the mysterious rust sword in his hand.

It was this sharp sword that actually blocked the attack of the broken half-sacred artifact of the Xiao family. Could it be that this is a sacred artifact?

In the face of such a treasured soldier, even though Fuji Huazang's heart was palpitated by Qin Chen's strength, he couldn't help but feel like he was moving.

Not only Teng Hua Zang, the ghost of the Heavenly Ghost Sect, Tu Junyi of the Death Demon Sect, and even the leader of the Artifact Hall and the Bloodline Holy Land, all stared at the mysterious rust sword in Qin Chen's hand.

Holy artifact!

How many holy artifacts are there in the entire Tianwu Continent? As long as they can obtain the holy artifacts in Qin Chen's hands, their strength can definitely be greatly improved, at least doubled. At that time, who else can be his opponent in the world? In their view, the reason why Qin Chen was able to kill Xiao Dongyan was entirely because of the sacred weapon in his hand, and Qin Chen's own strength also made them excited. Qin Chen must have a shocking secret in him, otherwise a teenager, no matter what No matter how bad it is, no

Probably in just 20 to 30 years, he has cultivated to the realm of Emperor Wudi at his peak.

There is definitely a big secret in this son, kill him, this secret belongs to them. For a while, Ghost Yanluo and the others flickered, faintly forming an alliance to deal with Qin Chen, but no one dared to be the first to do it. In fact, Xiao Dongyan's death shocked them before, who would dare to be the first Will definitely be met by Qin Chen

No one is sure that Qin Chen's attack will be safe and sound.

The atmosphere on the court suddenly became extremely weird.

"Ah!"

Qin Chen sneered, and a hint of coldness flashed in his eyes. He didn't expect that when he killed Xiao Dongyan himself, there were still people who were wrong about his intentions. Are these people not afraid of death?

Qin Chen was originally to reserve the strength for Tianwu Continent and fight Misty Palace, but now, the killing intent in his heart has become stronger and stronger. He has made up his mind that whoever dares to move again will destroy his clan.

He wants everyone to know that his majesty cannot be offended.

"If I were you, I would obediently quit Sky Thunder City at this time and not behave like seeking death."

Just as the atmosphere was tense, Emperor Jijing Dan suddenly sneered, and then ordered: "All those in the Dan Pavilion, step back a hundred meters."

When the voice fell, he took the master Dange and backed away.

"Jijing Dandi!"

Dan Ge begged Xuming's deputy pavilion to speak out anxiously.

This is a sacred weapon, does his Dan Pavilion really want to withdraw from the competition?

"Shut up to me, you want to kill yourself, don't drag my Dange, please Xuming, don't my old man didn't remind you, you dare to move, don't do it, brother Chen, the old man will kill you first. Give it a try."

Pill Emperor Pill's eyes were full of killing intent, and said with a cold voice.

He could see that Qin Chen had already moved to kill. At this time, Qiu Xuming still wanted to touch Qin Chen's mold. Isn't this what it means to die? For Dan Ge, he would never allow Qiu Xuming to do such a thing.

When everyone heard the words of Emperor Pill Mirror, their hearts were chilled, how terrifying this son was, so that Emperor Pill Mirror would rather kill the deputy pavilion master of Pill Pavilion rather than conflict with that kid?

An unprecedented chill bred in everyone's hearts.

At first everyone thought that Emperor Jijing Dan's previous behavior was nothing more than acting with Qin Chen, but now everyone is shocked that when Emperor Jijing Dan did this, he was not acting at all, but because he was extremely confronted with the boy in front of him. Of fear.

Just in the panic of everyone.

Boom!

There was a piercing sound from the sky in the distance. When everyone looked up, they saw five horrible figures flying over the sky in the distance.

These five auras are extremely terrifying, each of them is not weaker than the top strong on the field, with the power to crush everything, quickly approaching, although they are still far in the sky, they make many masters on the field tremble and have difficulty breathing. .

Where is the master? Ghost Yanluo and the others were shocked, squinted their eyes, dignified, these five auras are extremely terrifying, they are not weaker than the masters of their top powers, and even the leading one, it feels extremely terrifying to him, even more so. In him

Above.

In the horror, everyone saw that the five auras were still in the extremely distant sky. In the blink of an eye, they had arrived in front of Tianlei City. After seeing the situation below, the five terrifying figures shook and fell directly. In the center of the scene.

"Less dust!"

"Hahaha, Brother Chen, you actually took a step first, so we can find it!"

"Brother Chen, I finally found you."

"Brother Chen, please help Brother Chen a lot in the future. I'll follow Brother Chen." A surprise voice rang out. As soon as the five people fell, they ignored anyone in the meeting, but couldn't wait. Respectfully salute Qin Chen, his face showed ecstasy, and the horrible breath rushed into the sky, shocking the world.

### [Chapter 2188: This is forcing](#)

These people are Fu Qiankun, Lou Zimo, Qiu Puchun and Gongsun Zhe.

As soon as the four fell, they attracted the attention of everyone on the field. After seeing the faces of the four, everyone was shocked.

"Elder Lou Zimo, too."

"Master Qiu Puchun?"

The leaders of Qidian and Bloodline Holy Land saw the four Zhong Lou Zimo and Qiu Puchun, their expressions were shocked, and all of them were dumbfounded.

What exactly is going on?

Why did Elder Lou Zimo Taishang and Elder Qiu Puchun treat that young man so respectfully?

"President Gongsun Zhe!"

Ge Hongsen also exclaimed in excitement, with a look of ecstasy on his face, and hurried forward. Because of the appearance of the four Fu Qiankun, the atmosphere of the original killing on the court instantly disappeared. The faces of Gui Yanluo and others showed a vigilant look, and they all could see that Zimo of the Hall of Equipment and the Holy Land of Blood Qiu Puchun The attitude towards Qin Chen

They are all the same as Emperor Jijing Dan.

This is also incredible.

If Qin Chen is a famous top expert in the mainland, and a few people have this attitude, although they will be a little confused, they are just too surprised. But Qin Chen is just a young man, he has never seen him before, but whether it is the Pill Pavilion, the Artifact Hall, or the Holy Land of Blood, or even the president of the Tianxun Society of the local power of Thunder City, he is extremely respectful. This makes everyone have to be pregnant

Doubt, is there something going on here?

"They have all entered that space seal. It seems that something absolutely happened in that space seal."

Ghost Yanluo and the others suddenly sank down and became very vigilant. Even if they coveted Qin Chen's sacred artifact, they didn't dare to move before they figured out the situation. What's more, with Qin Chen's previous strength, coupled with the Pill Mirror Emperor and others, they have completely surpassed their other major forces in terms of power. At this time, if anyone still looks at the holy artifacts and wants to do something against Qin Chen, then It's just being swept away

Up the mind.

"Little dust, what just happened here?"

Fu Qiankun was very keen, but he had already noticed something wrong with the atmosphere on the court. At this time, he calmed down, and he glanced at Fuji Huazang and others, frowning and asking.

Lou Zimo and the others also turned their heads and looked at them. They are not idiots, and they can naturally see that there is something wrong with the atmosphere on the court.

Being swept by Fu Qiankun's icy gaze, Gui Yanluo, Fuji Huazang and the others were all chilled, as if they were being stared at by something terrifying, chills involuntarily emerged in their hearts.

Can't help but be surprised.

Who is this person? At this time, Fu Qiankun had put on the mask again, and they couldn't detect Fu Qiankun's true face, but when did such a terrifying power appear on the mainland? Just a random look makes them cold

Mao stood up, as if being threatened. Qin Chen smiled coldly and said faintly: "It's nothing, but while we are away, some forces are used to being arrogant and preparing to occupy Sky Thunder City, but a little conflict arises. Before you came, the young man killed him. Some people don't count

What a big deal. "

Qin Chen said it lightly, but Fu Qiankun and others knew what this meant. Could it be that these forces were going to be against Qin Chen? What a courage!

After hearing Qin Chen's plain words, many onlookers around the martial artist almost did not vomit blood.

Damn, this kid is too pretending to be too forceful. He can kill dozens of top masters, including the ancestor of the Xiao family, Xiao Dongyan, including the ancestor of the Xiao family, Xiao Dongyan. If this is spread, the whole Tianwu Continent will be in an uproar, causing a sensation.

But when Qin Chen spoke, it turned out to be just a small conflict, not a major event.

This pretending is simply amazing. But what they didn't know was that this was really not Qin Chen's pretense. After experiencing the ancient Demon Land and fighting the Celestial Abyss Demon Clan projection, killing Xiao family ancestor Xiao Dongyan was really nothing. Big things, don't talk about anything else, just the Long Family

The fall of the ancestor dragon overlord would be more sensational than Xiao Dongyan.

"Hehe, interesting, really interesting."

After Fu Qiankun listened to it, he suddenly sneered. These people are so courageous that they dare to act on Qin Chen. They are really bewildered by the treasure.

"Which power is going to occupy the Sky Thunder City? Get out of the old man if you have the kind." Fu Qiankun sneered, before Qin Chen told him, he took a step forward and his eyes fell on the Heavenly Ghost Sect Master and others. , Sneered: "Ghost Yama, isn't it your kid? Or is it you, Fujikazang? Or Tu Junyi,

Lord of the Death Demon Cult? "

Fu Qiankun said coldly, his tone full of sarcasm.

Fujikazang and Ghost Yan Luo couldn't help but feel cold, Fu Qiankun's tone was too arrogant, although they were afraid of each other, but the other party did not take them seriously. A few people were just about to speak, but they saw Lou Zimo and Qiu Puchun had already walked out first, and said coldly to Emperor Jijing Dan: "Di Jijing Dan, what is going on? Do you want to face dust too? Brother disadvantage? Don't forget, if there is no brother Chen,

You are already dead in the space seal, so please tell me clearly. "

When Lou Zimo and Qiu Puchun saw that Emperor Jijing Dan was on the side of the Dan Pavilion, they thought that Emperor Jijing Dan was also a group with Teng Hua Zang and others, and they were furious. Ji Jing Dan Emperor was so reprimanded by Lou Zimo and Qiu Puchun, the old face suddenly became a little uncomfortable, and said unhappy: "Brother Lou, Brother Qiu, this matter has nothing to do with the old man. The old man immediately declared that Dan Pavilion would withdraw from Tianlei City. If you don't believe me, ask Brother Chen

, On the contrary, your Artifact Hall and Bloodline Holy Land seem to have plans to control the Thunder City. "

Emperor Jijing Dan did not forget to tease.

what? What's the matter?

Lou Zimo and Qiu Puchun's expressions were instantly ugly, and they hurriedly looked at the leaders of their two major forces and said coldly, "What the \*\*\*\* is going on?"

Seeing Lou Zimo and Qiu Puchun's attitude, the people of the two major forces suddenly became very nervous, and hurriedly told the ins and outs of the past. Only then did Lou Zimo and the others know what happened before, and they were shocked and angry. .

Damn, a bunch of trash, they tried their best to have a good relationship with Brother Chen. The idiots outside have to fight against Brother Chen for some treasure. Cheating people is not so cheating. "Brother Chen, our tool hall will now withdraw from the control of Tianlei City. Don't worry, as long as Brother Chen is there, our tool hall will never have anything to do with Tianlei City. This is what Lou Zimo said. If anyone dares to disobey Lao Tzu's meaning in the Palace of Talisman, Lao Tzu will kill him he. "

Lou Zimo hurriedly explained to Qin Chen, and in his anger, he even scolded swear words. Seeing that Fu Qiankun had not spoken, Qiu Puchun hurriedly expressed his position on behalf of the Holy Land of Blood.

### [Chapter 2189: What are you crazy](#)

Zhai Xiangming of the Xingzhou Chamber of Commerce in the front has already died in the hands of the Lord of Abyssal Demon. It was the negligence of Lao An. The ones who survived here do not include Zhai Xiangming

The following is the text:

"Damn, you trash, what are you doing in a daze, and don't let the people who are stationed in Tianlei City quit quickly, and give you time to stick incense. If you don't quit, I personally killed him."

When Lou Zimo saw that one of the deputy hall masters of the device hall was still there, he was furious, and Xingzi spit on the old man's face, his eyes red as if he wanted to kill.

"Yes, the subordinates will deal with it immediately." The deputy hall master was depressed. He was also the deputy hall master of the hall, and he was sprayed like this in the public, although Lou Zimo's position in the hall should be his Come on, but he is not a small guy, what is Lou Zimo?

degree?

However, although he was dissatisfied in his heart, he saw the appearance of Lou Zimo and the others, combined with the attitude of Emperor Jijing Dan, and knew that he had stabbed Lou Zi, so he did not dare to argue, and hurriedly ordered the personnel of the device to withdraw from the sky. Thunder City.

Bloodline Holy Land also hurriedly gave an order, and suddenly jumped.

When Fu Qiankun saw that the Artifact Hall and the Holy Land of Bloodline expressed their opinions, he nodded slightly, and then his eyes fell on the faces of the Fuji family and others, and said coldly: "How many? Do you want to continue to occupy it?"

Fujikazang and Gui Yanluo suddenly became angry. They were a bit nervous at first, thinking about whether to withdraw first and figure out the situation, but Fu Qiankun's attitude made them angry.

As the rulers of the top forces in the mainland, when have they been so angry?

Think you are invincible? "Huh." Gui Yanluo's eyes were cold, and a deep chill emerged from his body, and he was about to sneer, but before he could say anything, he saw Lou Zimo's face with ecstasy, cold towards the people in the palace. Yelled: "All the people in the palace have, listen

I ordered that if the people of several major forces dare to make changes, no matter how they are killed.  
"

Lou Zimo's eyes were cold, but he was ecstatic in his heart. He was worried that he had no chance to behave in front of Qin Chen, and he actually had such a chance.

"Lou Zimo, why are you crazy?"

Fuji Huazang frowned and said coldly.

This Louzi Mo is crazy, he wants to act on the Teng Family on behalf of the Device Hall, can he bear this responsibility? When Emperor Jijing Dan saw Lou Zimo's attitude, he couldn't help being amazed. This Louzimo is really an old fried dough stick. He immediately tied himself to the battleship with little dust. Before Emperor Jijing Dan thought he was acting. Is good enough, who knows the floor

Zimo performed more thoroughly than he did.

In this way, Shao Chen definitely had a good impression of Qidian and Lou Zimo.

No, how could such a good thing be monopolized by the Palace of Instruments!

Thinking of this, Emperor Jijing couldn't help but hurriedly ordered: "Everyone in the Dange has listened carefully. If there is any change in the major forces, it will be killed!"

"The people in the Holy Land of Blood also obeyed my orders and prepared for war."

Not to mention Qiu Puchun, his master Fu Qiankun is here, and the people in the Holy Land of Blood are on the master's side.

"All the warriors of Tianlei City listen to the order and prepare for battle!" Gongsun Zhe snorted, and suddenly in the sky, countless powerful men appeared in the sky. They were all masters of the Skyscanner, and many masters of other forces in Tianlei City have been affected these days. The oppression of several major forces has long been suffocated in my heart. Upon seeing this, all

They all showed cold light, watching from afar.

The atmosphere on the field once again became solemn, endless killing intent, covering the masters of the Fuji family and other major forces, like an undercurrent surging.

The people of several major forces such as the Fuji family, the sky ghost school, and the death demon sect are going crazy.

Lou Zimo, Emperor Jijing Dan are they crazy, or are they taking the wrong medicine? "Everyone, misunderstanding, this is just a misunderstanding. The reason why I waited to occupy Sky Thunder City was also for the peace of Sky Thunder City. After all, some strong people had attacked your Black Order before, or the old man shot the opponent away, I Waiting to hug Tianlei City

With a friendly and kind attitude, how could there be a conflict with everyone in Tianlei City. "

Ghost Yan Luo of the Sky Ghost Sect hurriedly stepped forward and said, the previous anger disappeared. Nonsense, Qin Chen alone, they are a little jealous. If you add the many masters of the Device Hall, Pill Pavilion, Bloodline Holy Land, and Sky Thunder City, once they fight, even if they can escape, they will definitely Severely injured, as for his subordinates

The disciples suffered a heavy loss.

What's more, there was weirdness everywhere in this matter, and they naturally did not dare to conflict again without clarifying the situation.

"Tianguizong followed the order and immediately withdrew from Tianlei City, remembering that the property returned to the original owner during the evacuation process, and Qiu did not commit any offence."

Ghost Yama gave the order immediately.

Fujika Fuji Huazang and Death Demon Sect Tu Junyi also hurriedly ordered their respective forces to withdraw from Tianlei City.

Suddenly, the many forces that had been stationed in Tianlei City to show off their strength and power have retreated one after another, causing the excitement of countless powerhouses in Tianlei City.

"Less dust, do you want..."

Fu Qiankun coldly glanced at Teng Hua Zang and others, his eyes cold.

"No need."

Qin Chen waved his hand. Since Teng Hua Zang and the others had withdrawn from the Thunder City, Qin Chen didn't want to go to war and kill them. It was really that he was not interested in these people.

"Haha, long live the Black Order."

"President Gongsun is mighty."

"Long live Tianlei City!"

Countless noises rang out everywhere in Tianlei City, and there was a joyful sound everywhere. Qin Chen looked at the many warriors inside and outside the city, and suddenly said loudly: "Everyone in Sky Thunder City, I am here today. I have something important to announce. I think you all have heard the space seal appearing in the Thunder Sea, and you have Saint Crystal treasures. News, a lot

People didn't wait to enter it because of cultivation base and other reasons, but what Ben Shao wanted to say is that you are lucky, because this space seal is basically a trap, a trap formed by the union of a fighting martial arts society and the Misty Palace. "

Qin Chen's loud voice echoed between the sky and the earth, like a thunderbolt in the blue sky, which pierced everyone's minds.

"What? Is the space seal a trap?"

"Did it come from the Fighting Martial Association?"

"But why is it related to Misty Palace again?"

Everyone was shocked and looked at Qin Chen in amazement. Among the many powerhouses that have survived in Tianlei City, some of them were not able to enter the exploration because of insufficient cultivation. The vast majority of them learned the news too late, which caused the space seal to be transferred when they went. Now I heard that Qin Words of dust

, Everyone was shocked.

"Yes, this is indeed a trap, and I am sorry to tell you that, except for a few of us, the rest of the many powerful people who entered the space seal have all fallen."

Qin Chen said in a deep voice.

boom!

One stone caused a thousand waves!

Qin Chen's words caused turbulent waves in an instant, and the entire Tianlei City was in shock, in an uproar.

Not only the masters of these Thunder City, but also the top forces such as Fujika Fujikazang and Sky Ghost Sect, are also dumbfounded with an unbelievable look.

how can that be? At this moment, their hearts are turbulent. In addition to doubts, there are countless thoughts that have emerged in their hearts. What they want to know most is what happened in that space seal?

### [Chapter 2190: Identity token](#)

"For specific matters, Sky Thunder City will issue an announcement, but from now on, Sky Thunder City will restore the identity system. Everyone who enters Sky Thunder City needs to verify their identity and obtain an identity card. If there is no ID card. People, there will be no

Qualified to enter Sky Thunder City, once encountered, kill it. "

Qin Chen said coldly.

"What?" As soon as these words came out, many experts in Tianlei City were shocked again. What is the President Chen of the Black Order? He just drove the major forces out of Tianlei City, is he going to copy the things of the major forces, relying on his strength to lie on their casual cultivators?

Blood?

The anger in the hearts of everyone can be imagined. When Fujikazang heard this, they sneered in their hearts. They thought that this kid was a good person. He didn't expect to do more than them. Hehe, as expected, there are no good people in the world. The previous performance was just to dominate the sky. mine

That's it.

It's a pity, if this kid thought that relying on his advanced cultivation level, he could forcibly occupy the Thunder City, that would be fantastic.

The most unfathomable thing in this world is the human heart. They have also inquired about it before, and the establishment of the Black Order in Tianlei City is not long, in fact, it was established not long ago.

Now this kind of naked occupation will inevitably arouse the anger of everyone, and then the tree will fall to the ground, and it will depend on how he ends up.

Fujikazang and others felt anxious, even thinking about whether they would secretly plug in their feet and add a few fires to make the anger of the people in Tianlei City even more fiery.

Gui Yan Luo and the others couldn't be more clear about the human nature in this world. Qin Chen listened to the noise and noise around him, but there was no expression on his face. He knew that this incident would inevitably trigger a backlash from Tianlei City, but he could no longer take care of that much. For the sake of Tianwu Continent and the peace of the world, some things

, He must do it.

Qin Chen just listened quietly, until the surrounding discussion became a little quieter before he gave a cold cry, "Be quiet!"

boom! There seemed to be thunder in the sky. This time Qin Chen ran his thunder bloodline, and the loud voice instantly poured into everyone's ears on the scene, and even rumblingly echoed throughout the sky thunder city. The voice was terrifying, with extremely sharp penetrate

The meaning is that instantly everyone's ears make everyone's heart tremble, their complexion pale, and they all look.

"Ben Shao did this with ulterior motives, but you can rest assured that the identity system of Sky Lei City is by no means a shackle, and you will not be charged any fees." "Even, Ben Shao will transform Sky Lei City next. , Will make the environment of Sky Thunder City reach a higher level. Ben Shao does this, just wanting Sky Thunder City to be under a stable management, remove each other's classes, and prohibit sky

There is no fight in Thunder City. "Qin Chen glanced at the people coldly, "Tianlei City, do not welcome those wicked and wicked people, but for your past, this young master won't care about you. If you don't want to join Tianlei City, you can leave now. If you don't Left for a day

If you don't apply for an identity token, you can blame Ben Shao for being ruthless. "

"As for those who don't want to apply for an identity token for the time being, but want to join Sky Thunder City in the future, my Sky Thunder City will be rigorously assessed, so please consider it carefully."

Qin Chen's voice rumblingly echoed between the heavens and the earth, and almost all the warriors in Tianlei City heard clearly. After hearing that Tianlei City's identity system does not charge any fees, many people breathed a sigh of relief, but they were still very nervous. Qin Chen said that there would be no fees, but once the identity token was issued, who knew how to pick it up? Will it be collected?

Shave them?

Therefore, some of the people are still worried, and no one will take the initiative to apply for an identity token, and they want to see what others will do.

"My Skyscanner is willing to obey Brother Chen's orders. From now on, the Skyscanner will be merged into the Black Order. Everything is respected by the Black Order, so the disciples of the Skyscanner will apply for identity tokens as soon as possible. "

Gongsun Zhe came to Qin Chen first and said respectfully, even knelt on one knee and bowed respectfully.

"Wow!"

Suddenly, the noise of the discussion went straight to the sky, and the eyes of countless Thunder City powerhouses were almost bursting when they saw this scene.

What did they see? Gongsun Zhe, the president of the Skyscanner, actually knelt to Qin Chen on one knee?

This clearly represented that the Skyscanner had completely surrendered to the Black Order and became a subsidiary of the Black Order.

how can that be? In fact, for many powerful people and ordinary people in Tianlei City, what is the emperor's mirror Dandi, what is the sky ghost sect ghost Yan Luo, etc., although they are quite famous, they are quite jealous, but after all they are not the native of Tianlei City. Master, actually

The feeling in everyone's hearts is not strong.

But Gongsun Zhe is different.

As the president of Tianxunhui, he is the top figure in Tianlei City, and a few top masters such as Wuyong Wuyong and Zhai Xiangming of Xingzhou Chamber of Commerce, are the secret kings of Tianlei City. Although there is no city owner in Tianlei City, there is no obvious authority, but in fact, Gongsun Zhe of Tianxunhui is the actual authority of Tianlei City, in charge of their life and death, and even in charge of Tianlei City. All of the economy, influence

The words and deeds of countless warriors in Tianlei City.

But now, Gongsun Zhe openly surrendered to Qin Chen, and the shock to the people of Tianlei City was ten times more powerful than what Xiao Dongyan Qin Chen killed.

"Very well, Brother Gongsun, since you are willing to join my black cult, you will be the vice president of my black cult from today, in charge of Tianlei City identity registration." Qin Chen nodded.

After all, Tianlei City was still Gongsun Zhe the most familiar, and it was most convenient for Gongsun Zhe to leave this kind of thing to him.

"Hahaha, the president, don't worry, the subordinates must do their best to fulfill the instructions of the president."

Gongsun Zhe said with a smile, and even changed his name to Qin Chen.

"Haha, Brother Chen, I am also willing to join Sky Thunder City, get the identity token of Sky Thunder City, and hope Brother Chen will accept it."

Pill Emperor Jijing was given the upper hand by Lou Zimo before, and at this time he hurriedly stepped forward to express his position and said with a smile.

Damn, this Emperor Jijing Dan is too treacherous.

Louzi's ink exploded, and he was about to say this too, who knew that Emperor Pill Mirror was faster than him.

He also hurriedly stepped forward, "Brother Chen, Lou Mou is also willing to obtain the Sky Thunder City identity token to advance and retreat with Sky Thunder City."

The appearance of the two of you coming and going makes Gui Yan Luo and the others bewildered.

Really hell, is Leicheng's identity token so popular today? Can the elders of the two top powers be impatient to join? Qin Chen smiled slightly: "Since the two are so enthusiastic, how can Chen refuse?"

Chen said before that the identity system of my Tianlei City will be a very loose but extremely strict system. Obey the rules of My Sky Thunder City, and naturally you can join."
