

Valkyrie 2191

[Chapter 2191: Is it holy formation](#)

"Hahaha, don't worry, Brother Chen, we are all self-sacrificing people and will not violate the rules set by Brother Chen."

Lou Zimo and the others laughed. The masters of Tianlei City at the scene saw that even Gongsun Zhe had joined the Black Order, and even the top powers such as Pill Pavilion and Qidian had joined. Always manage Tianlei City

It's still in order, even if it's a black order, it's almost the same. However, there were still some thorns and desperadoes who saw Qin Chen directly beheading the Xiao Dongyan ancestor of the Xiao family, and what identity card system he had to deal with now. They clearly wanted to strictly control Tianlei City. After preparing to evacuate first,

It depends on the situation.

Of course, they are more indifferent. In one day, even if they don't apply for identity tokens, what can they do? They didn't believe that the Black Order really did something at them.

"Gongsun Zhe, the people from the Black Order will cooperate with you to handle the identity token transaction. Besides, you have another task..." Qin Chen secretly ordered Gongsun Zhe.

"President, don't worry, this matter is covered by the subordinates."

Gongsun Zhe was surprised at first, then sneered.

call!

Next, under Gongsun Zhe's orders, the people of the Skyscanner quickly moved. The Skyscanner originally controlled at least a quarter of the power of Tianlei City. Once it took action, the effect would definitely be Astonishing.

Within a short hour, hundreds of identity registration squares had appeared in the entire Tianlei City.

The identity token of Tianlei City was designed by Fu Qiankun and Qin Chen, coupled with Lao Yuan's suggestions. Although it looks very simple on the surface, it is actually extremely technically difficult, and no one in the world can crack it.

"Please wait for a while. After Tianlei City's affairs settle down, we will hold talks with major forces in Tianlei City."

After Qin Chen ordered the major forces again, he quickly swept towards the sky of Tianlei City. Ghost Yanluo and the others saw an extremely shocking scene next. Under Gongsun Zhe's arrangement, many warriors in the entire Skylei City either registered or withdrew from Skylei City, and they were very orderly, not at all. occur

Riot together. Just kidding, the forces that can cause riots, that is, the Xingzhou Chamber of Commerce, Dark Moon and other forces, but now the powers of their major forces have fallen to the ancient magic land, and the dragons are in a state of daze without a leader. Worry about the future

Uneasy, what kind of riots are you thinking about.

And the Skyscanner has been in control of Tianlei City for so many years, if this little thing can't be handled well, then it's really better to kill him.

However, Ghost Yanluo and the others are really not optimistic that Qin Chen really completely controls the Sky Lei City. Leizhou has been in chaos for so many years, and it is not that there is no power to occupy here, but the reason why the chaos has been going on is not without reason.

Even if some people are willing to apply for identity tokens, they are actually staying behind with a speculative mind, and maybe they are planning to do something bad.

Qin Chen wanted to completely occupy Sky Thunder City if he wanted to rely on a local power, which was too whimsical.

If Qin Chen knew what Gui Yan Luo and the others thought, he would surely sneer. He wanted to occupy Sky Thunder City and there were ways. Even if some wicked people pretended to stay, he would have 10,000 ways to pull these people out.

Whoosh!

Qin Chen flew above the sky of Tianlei City, not to look at the scenery. After he stood still slightly, he soon began to throw out array flags.

Each of these formation flags exudes a terrifying aura, and as soon as they fall into the void, they quickly disappeared. It was the formation flag of the heavenly formation that Qin Chen felt from the Zhenjiezhu.

"Is he setting up?"

Ghost Yan Luo and the others sneered, and they were also a little surprised. It seemed that Qin Chen wanted to surround Sky Thunder City with formations, but he didn't expect this kid to be a master of formations.

But what can he do even if he is a ninth-level array master?

In the eyes of their top powerhouses, the ordinary ninth-level formation can only be regarded as paperless, and it cannot stop them at all.

Which one of the world's top powers' guardian formations can't be formed by continuous reinforcement for decades, hundreds, hundreds, or even thousands of years. But gradually they realized something was wrong, Qin Chen's array of flags fell, and an extremely terrifying aura suddenly erupted from the void. This aura even made them feel palpitations, and brought them the slightest. Strong threat

.

How is this possible? They were horrified. Qin Chen just threw out some formation flags. Although they were not masters of formation, they knew that the formation was far from complete, not even the prototype, but it was not the prototype. Can give

He poses a threat. What kind of formation is this?

In shock, they looked at Lou Zimo one after another, wanting to see how the masters of the instrument hall saw it.

After turning their heads, they saw Lou Zimo and the others' expressions of astonishment. The expressions seemed to see something unbelievable, which was more exaggerated and shocked than them, and even their bodies were trembling slightly.

Can you not tremble?

When Lou Zimo first saw Qin Chen's formation, they didn't feel anything, but when they looked at the formation flag Qin Chen had arranged, they found that they could not understand the formation flag Qin Chen refined. Can't understand the formation he arranged.

This made Lou Zimo and the Vice-Hall Master and others not shocked. They are all nine-level formation masters, and even among the nine-level formation masters, they are among the best. Even if they are not the most defying formation masters in the world, they dare not say that they know all the nine-level formations in the world, But at least nine out of nine

Level formation.

But now they don't know anything about Qin Chen's formation, and they don't understand at all. What is this concept?

"Holy formation, is it the legendary holy formation?"

Lou Zimo and the others were shocked, and they were shocked one by one, staring at Qin Chen's actions.

Although he could not recognize what Qin Chen's formation was, he was still immersed in Qin Chen's actions, as if Qin Chen's every move carried endless profound meanings, which had great enlightenment to them.

This is a realm that completely surpasses them. Although they don't know if Qin Chen has arranged a holy formation, they can be sure that Qin Chen has already led them too much on the way of the formation.

With the falling of the formation flags, Tianlei City was gradually under the influence of the formation fluctuations, and the formation fluctuations were slowly closing. Some strong people who did not leave Sky Thunder City and were ready to fish in troubled waters could not help but feel shocked. They did not expect that Qin Chen was still a master of formation, and directly arranged a large formation that could cover the entire Sky Thunder City. Once the formation was formed, they It's equivalent to catching turtles in the urn, and they can't get out.

[Chapter 2192: Leave soon](#)

Originally, these people were planning to wait and see, but now they are completely afraid to stay, and they have accelerated the speed of leaving from Sky Thunder City.

For these people who are leaving, Qin Chen will naturally not stay.

At this moment in a mansion in Tianlei City, Yuan Tianhuan, the vice president of the Fighting Club, was listening in horror to the news that he was inquiring about, his eyes filled with fear.

He had just broken through the peak martial emperor's cultivation base and became the president of the fighting martial arts guild. He didn't even have time to rectify Tianlei City and consolidate his cultivation base, and he learned what was happening outside, how he was not afraid of fear.

Gongsun Zhe was not dead, and not only was Gongsun Zhe, but also the president of the Black Order was also not dead, and he also killed the ancestor Xiao Dongyan of the Xiao family at the gate of Tianlei City.

All of this is completely different from what Shangguan Xier Palace Master said, and Yuan Tianhuan has completely lost the ability to think.

"Vice President, what should we do now? President Wuyong hasn't come back. Now the Skyscanner is registering the identity token. Do you want to register?"

A confidant of Yuan Tianhuan said nervously at this moment.

Although he doesn't know as much as Yuan Tianhuan, he also knows what it means that President Wuyong failed to come out and Gongsun Zhe came out.

The major forces in Tianlei City are in competition with each other, and now if the president of Wuyong dies, then their fighting will be completely over.

"Go, leave now."

There was a look of horror on his face. Yuan Tianhuan didn't think about saving the Fighting Club. The first thought that came to his mind was to run.

"Yes, leave here right away. While the Skyscanner is still registering the identity token, the people from the Black Order have to arrange a gap in the formation. We will leave here immediately mixed in the crowd."

As soon as this thought came out, Yuan Tianhuan couldn't help but stood up.

He must notify the Palace Master Shangguan Xier of this news as soon as possible. If Misty Palace is willing to come forward, even if he loses Sky Thunder City, he will be able to regain it sooner or later.

And he believes that Shangguan Xi'er has spent so many resources on him, and he will definitely not give up casually. If he can join the Misty Palace at that time, wouldn't it be better than being a puppet in the Thunder City? However, Yuan Tianhuan is not an ordinary person. People who know that the Tianxunhui is likely to monitor the major forces of the original Sky Thunder City, so he did not leave in his original appearance, but quickly changed into a normal dress. And made a simple

Yi Rong quietly left a remote back door of the Fighting Martial Arts Association, preparing to mix in the crowd leaving Tianlei City.

Just left the Mansion of Fighting Martial Arts Association.

Hum!

An aura of horror instantly rose up, and the surrounding space instantly solidified, completely enveloping the entire Douwuhui mansion.

Then Yuan Tianhuan was horrified to see President Gongsun Zhe of the Tianxunhui standing not far away.

"Chairman Yuan Tianhuan, where are you preparing to go in such a hurry? And you have changed your face, tut, Chairman Yuan is so elegant!"

Gongsun Zhe said with a smile, but there was a cold chill in his eyes. The cold sweat on Yuan Tianhuan's forehead suddenly appeared. He didn't expect Gongsun Zhe to be guarded outside of their martial arts club, and he recognized him at once. He had known this way, he would never come out so openly. But think again at this time

Obviously it is too late to withdraw. Yuan Tianhuan squeezed a smile on his face and said, "President Gongsun, you are too polite. In front of President Gongsun, how dare I call the president? I didn't hear that the Black Order and the Skyscanner were preparing to unify Sky Thunder City. After I heard about it, I felt that

This event is a great good thing for us in Tianlei City, so I am going to observe it. If it is as good as the president of the black cultivator advertised, I will also bring the people from the fighting guild to join the black cultivator. meeting. "

"Oh?"

Gongsun Zhe smiled and said, "So President Yuan is also going to join the Black Order?"

"There is such a meaning!" Yuan Tianhuan smiled awkwardly. "It's a pity that I can't tolerate President Yuan, the big Buddha of the Black Cultivation. You are the president of the Fighting Club designated by the Master of the Misty Palace. Maybe you will be the one who will be in charge of the Thunder City in the future. How dare I How about taking you in, isn't it?" Gongsun Zhe

Like a smiling tiger, with a smile on his face.

But Yuan Tianhuan's face suddenly changed.

"President Gongsun, I don't know what you are talking about."

He said in horror.

"I don't know?" Gongsun Zhe's eyes were cold, and he said without a smile: "If it weren't for Shangguan Xier's order, your Excellency would control the fighting club so quickly? Well, President Yuan has also broken through the realm of Emperor Wudi. , It seems that the palace lord Shangguan gave President Yuan a lot of treasures,

Hey, I really love President Yuan. "

Yuan Tianhuan's expression completely changed, he didn't care about Gongsun Zhexu and Wei Snake, and his expression rose directly into the sky in horror.

"Want to go?"

Gongsun Zhe sneered, his figure shook, and he suddenly appeared in front of Yuan Tianhuan, booming, with his palm sticking out, and immediately imprisoned Yuan Tianhuan like a sky curtain.

"Let go of me." Yuan Tianhuan struggled frantically, booming, and he kept making moves, trying to break through Gongsun Zhe's shackles, but he just broke through the peak of Wudi, how can he compare with Gongsun Zhe and other veteran peak Wudi? No matter how you struggle, you can't conflict with Gongsun Zhe's

Fettered and finally captured instantly.

"Block the Fighting Club, don't let one of the Fighting Club members escape."

Gongsun Zhe gave a cold command, and took Yuan Tianhuan to leave quickly, and the Heavenly Xunhui master he had brought firmly controlled the Douwuhui mansion.

Such small-scale conflicts also occurred in many places in Tianlei City.

With the Tianxunhui's intelligence that has been in control of Tianlei City for so many years, the locations of the major forces, whether open or dark, are almost all under the control of the Tianxunhui, and they are quickly controlled.

Tianlei City quickly settled down, and a day later, rumbling, the large formation above Tianlei City finally closed together, and the prototype of a top-level defense formation was finally completed.

Because of Qin Chen's rectification, some Tianlei City warriors who did not register their identity have left the city and gathered outside Tianlei City.

Martial artists can practice anywhere. A large number of black martial artists gathered in the open space around Tianlei City. It didn't seem weird at all. They all wanted to see how the Black Xihui wanted to manage Tianlei City.

However, after Qin Chen arranged the prototype of the formation, he did not continue to arrange it. Instead, he took Fu Qiankun and quickly came to the temporary city lord's mansion in the center of Tianlei City.

In the city lord's mansion, the top masters of some forces such as the Teng Family and the Sky Ghost Sect have all gathered. During this day, the Teng Family and the others watched Qin Chen set up the formation, but they were anxious, because they couldn't wait to know what happened in the space seal.

[Chapter 2193: Your Excellency](#)

At this moment, seeing Qin Chen coming in, Teng Hua Zang and others immediately stood up and said, "President Chen."

Although they were a little dissatisfied with Qin Chen's driving them out of Sky Thunder City, the matter was over and they could only recognize it.

Qin Chen nodded, did not speak, but directly sat on the main seat in the middle of the hall, while Fu Qiankun was still wearing a mask, standing beside Qin Chen coldly.

However, Emperor Jijing Dan, Lou Zimo, and a handful of top powerhouses from the Dan Pavilion and Qidian were in this hall.

"President Chen, you finally showed up, and we have been waiting here for a full day, and I also ask President Chen to be able to clarify the matter of sealing the Thunder Sea space."

Fujikazao immediately folded his hands and said. He, Ghost Yanluo and others have been waiting here for a full day, and you are also trying to understand the truth of the matter from the mouths of Emperor Jijing Dan and others, but Emperor Jijing Dan and others are still reluctant to speak, saying that only the Black Xiuhui agreed After that, they can

Speaking out, so Fuji Kazang and others can only wait here, very anxious.

Now after seeing Qin Chen taking the time to come, he couldn't wait to speak.

"Don't worry, Ben Shao came here this time just to tell you the truth of the matter. Please stay calm, Pill Emperor Jijing, let you tell the story of the matter." Qin Chen faced Pill Emperor Jijing Said.

Emperor Pill Pill looked solemn and nodded: "Since Brother Chen has ordered, let me do it. I think you should have heard about the appearance of the space seal in the sea of thunder and the appearance of the holy crystal in the space seal. "At that time, Dan Pavilion immediately urged the heavens and all realms to make the old man rush to the sea of thunder at the fastest speed, and the old man was able to see the space seal for the first time, and indeed he looked inside the space seal. To a lot of holy crystals A large formation, and feel the breath of the holy crystal..."

Speaking of this, Emperor Jijing Dan showed nostalgia, "This is indeed the breath of Saint Crystal."

The eyes of Gui Yanluo and the others were suddenly condensed, and they did not dare to omit the slightest.

At their level, unless they are top treasures such as sacred artifacts, other treasures do not have much appeal to them, but the holy crystal is definitely something that can make them crazy.

This kind of treasure, the body allows them to touch the threshold of the legendary holy realm. Emperor Jijing continued: "I have to say that the space seal is the most terrifying seal that the old man has ever seen in his life. At that time, the space seal was still open, so the old man entered the space seal for the first time. And go together

Those who entered were also Brother Lou from the Hall of Instruments, Dragon Batian from the Long Family, Chu Huahan from the Wuyinmen..."

"What? The ancestor Long Batian and Chu Huahan also entered that space seal?"

Ghost Yanluo was taken aback and couldn't help exclaiming. Although they also vaguely heard some news, they did not expect the news to be true. From Qin Chen's words before, no one but a few of them survived in the space seal. Could it be that Long Batian and others? All dead

Up?

"Yes, they also went in, not only them, but the old lady only later learned that the Sect Master of the Magical Demon Sect and the Palace Master Shangguan Xier of the Misty Palace had also entered that space seal."

Emperor Jijing nodded.

boom!

Teng Hua Zang and all of them were shocked, and Shangguan Xier Palace Master also went in? They have never heard of the news.

Fuji Huazang trembled: "Could it be that the palace lord Shangguan also fell inside?"

"She didn't fall." Ji Jing Dandi shook his head and said: "Don't ask questions for now. After the old man finishes the process, you can ask questions if you don't understand anything." After Ji Jing Dandi spoke, he stopped answering, but started to tell about the things encountered in the ancient magic land, starting from encountering countless terrifying shadows, then encountering three forks, followed by the mysterious ancient magic array in the fork, and then to the treasure

In the Palace of Things, it finally talked about the appearance of the Demon Lord in the Great Hall and the conspiracy of Shangguan Xier and others.

At the beginning, Fuji Hua Zang and others were able to maintain their composure. In the end, the few people were already shocked without a trace of blood. They did not expect that Emperor Ji Jing Dan and the others would encounter so many life and death crises in that space seal.

At the same time, they finally understood why Pill Emperor Jijing and others would respect Qin Chen so much. It turned out that if it hadn't been for Qin Chen, all of them would have fallen to the ancient magic land.

"That space seal actually sealed an ancient demon from the heavens?"

"The Sea of Thunder turned out to be caused by a strong man in the ancient heavens. The purpose is to suppress the master of the heavenly abyss demon clan!"

"Unbelievable."

Although what Dan Emperor Jijing said was very clear, Fujikazang and others still felt unbelievable, just like a myth.

It's the matter of Misty Palace colluding with alien demon races. Although they were surprised, they were not particularly moved because of the sound of wind after the ancient Yu world.

But they were shocked that Shangguan Xi'er of the Misty Palace had touched the threshold of a sacred realm and stepped into a semi-sacred realm.

For a while, Fujikazao and others were completely shocked, unable to return to their senses for a long time.

"Pill Emperor Jijing, how do you prove what you said?"

But soon, Fujikazao and others became suspicious.

They had to doubt the truth and falsehood of all this, because it was too horrifying, and according to Emperor Pill Mirror, it was the projection of Qin Chen defeating the Lord of Abyss Demon. Doesn't it mean the young president of the Black Order? Also a semi-holy strong?

This is inevitably a bit too exaggerated, making Fuji Huazang and the others have to wonder if Emperor Jijing Dan has ulterior motives and doesn't want them to enter the ancient seal, so he is deliberately so alarmist.

"Does the old man still lie to you? What's more, Qiu Puchun from the Holy Land of Bloodline and Master Lou Zimo from the Hall of Devices are also here. Could the three of me and the others all lie to you?"

Ji Jing Dandi's face was ugly, he didn't expect Fuji Huazang and others would not believe him.

Fujikazang stood up and said with a solemn expression: "Emperor Jijing Dan, it is not that I am waiting or not trusting you, but that this matter is very important, and I can't listen to one-sided words."

"The old man can prove that all this is true."

At this time, Fu Qiankun, who was standing beside Qin Chen, said coldly.

"Your Excellency?"

Fu Qiankun's voice immediately attracted everyone's eyes, and Fujikazao and others showed suspicious expressions on their faces.

Fu Qiankun is too mysterious, they all want to know his true face. Under the eyes of everyone, Fu Qiankun revealed his face, and suddenly a majestic but full of vicissitudes of life appeared in front of everyone, his eyes flashed with brilliance, like two unfathomable deep pools, containing the universe and everything, cold Cold note

Seeing it on the faces of Gui Yan Luo.

"Chairman Fu Qiankun..." Seeing Fu Qiankun Teng Huazang and the others was a daze, and then exclaimed.

[Chapter 2194: There is one more evidence](#)

Fu Qiankun, who was once the first person in the mainland, shocked all Fuji Huazang and others, and the stormy sea was rolled up in his heart.

Fu Qiankun, who was once the president of the Holy Land of Blood, is the veritable first person in the mainland. After mysteriously disappearing more than two hundred years ago, there are still legends about him on the mainland. Some people say that he is still alive, and some people say that he is already dead.

But Fuji Huazang and the others did not expect that they would actually see Fu Qiankun in this place, and now Fu Qiankun has become a guard next to the president of the Black Order.

This shock is far more shocking to them than anything else.

What was even more shocking was the leader of the Bloodline Holy Land, a vice president of the Bloodline Holy Land, his eyes flashed, revealing an extremely shocked expression.

He glanced at Qiu Puchun in amazement. No wonder that Elder Qiu Puchun has always been very respectful to the man in black. He didn't expect that the man in black was the former president of the Holy Land of Blood, the master of Elder Qiu Puchun.

"You are really Senior Fu Qiankun?"

Fujikazao couldn't help but asked in shock.

With the status of Fu Qiankun, he can indeed afford to call his predecessors.

"Hahaha, in this world, is there anyone who can pretend to be an old man?"

Fu Qiankun let out a big laugh, hum, an invisible terror pressure permeated out, this pressure, mighty and profound, like a god, above the Fujikazang and their rules, giving them immense pressure.

"The reason why the old man disappeared was that he was framed by Shangguan Xier and the aliens and held in the Misty Palace. It was Brother Chen who broke into the Misty Palace and rescued the old man. Otherwise, I am afraid that the old man is still being held in the Misty Palace. ."

Fu Qiankun said in a cold voice, murderous intent surged in his body.

Fujikazao and others only felt as if they were in a piece of ice and snow, their bodies trembling involuntarily.

Fu Qiankun put too much pressure on them, like a huge mountain, oppressing them.

Did Master Fu Qiankun also touch that realm? Suddenly, something seemed to have occurred, Fuji Huazang and others shook their bodies, otherwise it would not be enough to explain why Fu Qiankun's pressure on them was so great. They are both at the peak of Emperor Wudi's limit. Even if the strength is strong or weak, it is impossible. Difference this

So big.

And what shocked them even more was Fu Qiankun's attitude towards Qin Chen.

Who is this boy?

They stared at Qin Chen, feeling uneasy in their hearts, and as Fu Qiankun, even if Chen Qing from the Black Order rescued him, it was impossible for them to surrender to each other because of this. There must be other reasons.

"Junior, I have seen senior Fu Qiankun."

Fuji Huazang and others stood up and saluted. This is a respect for the first person in the mainland, and they can fully bear it as Fu Qiankun.

"Senior proved that I will naturally believe it, but..."

"It's just that you still have doubts, right."

Fu Qiankun sneered coldly. When he reached their level, he would naturally not completely trust a certain person because of his identity. After all, this was a major matter related to himself.

Fu Qiankun said lightly: "If this is the case, then let you see someone, Gongsun Zhe, and bring him up."

Fu Qiankun's voice fell, and the door of the hall suddenly opened. Gongsun Zhe walked in carrying Yuan Tianhuan and threw Yuan Tianhuan on the ground in the center of the hall with a bang. "This person, named Yuan Tianhuan, is the vice president of the Fighting Club. Now the president of the Fighting Club. Not long ago, there was a mysterious person who attacked the Black Order. It was Shangguan Xi'er, and this person was also with Shangguan. Xi'er had contact, and at the same time sealed the space

The conspiracy is well understood, and if you don't believe it, you can search for it. "

Yuan Tianhuan was lying on the ground, his face full of horror. He was even more frightened when he heard the word search for soul.

Soul search is a very dangerous technique. Once there is any omission, his soul will collapse and become an unconscious idiot.

However, Yuan Tianhuan was subjected to various restrictions, completely immobile, and could only be at the mercy of Fu Qiankun and others.

"I come!"

Gui Yan Luo came out first, his eyes gloomy.

After hearing Fu Qiankun said that the man in black he had fought against was Shangguan Xi'er, he actually believed in his heart for eight to nine points, and only this could explain why they failed to keep the man in black at the time. Come down.

call!

A cloud of cold ghost air filled Yuan Tianhuan's mind. As the Sect Master of the Sky Ghost, Gui Yanluo's soul search technique was naturally familiar, and a trace of cold power instantly poured into Yuan Tianhuan's mind.

For a moment, he had already got the answer he wanted.

"I'm coming too!"

"And I!"

The leader of the dead demon sect Tu Junyi, Fujia Teng Hua Zang and others also stepped forward one after another. Such things must be believed by themselves.

Fortunately, several of them are the top powerhouses in the mainland, and the continuous search for souls did not make Yuan Tianhuan's mind collapse.

And they also got what they wanted, all of them pale and silent.

They didn't expect that all this was really a conspiracy between Misty Palace and Douwuhui, and a trace of chill instantly surged from their hearts.

At this moment, they were even fortunate that they hadn't arrived in time, otherwise even the ancestors of the Long Family and the sect master of the Wuyinmen would have fallen to that ancient magic land. If a few of them entered, the probability of their fall would be high.

"That's it."

For a long time, Fuji Huazang and other talents murmured, secretly startled.

"You guys, are you still a little skeptical? The old man actually has another piece of evidence here."

Suddenly, Fu Qiankun smiled, but his smile was full of endless gloom.

Everyone turned their heads and looked, and they saw that Fu Qiankun's gaze was condensed on the vice president of the bloodline holy land leader.

"When are you going to pretend to be?" Fu Qiankun said coldly.

"Fu...President, the subordinates don't know what you are talking about." The vice president looked at Fu Qiankun inexplicably, with doubts and tension in his tone.

"Hehe, do you want to continue to pretend? Alien demons?"

Fu Qiankun sneered and stopped speaking. He raised his hand and grabbed it. A huge palm was like a sky, covering the president in an instant.

The president's face changed drastically, and a terrible breath erupted from his body. With a bang, he slapped a palm in anger. At the same time, his figure was violent and then retreated, and he shouted angrily as he rushed out of the hall, "President Fu, you What do you do?" "What? In front of this seat, I still want to pretend, although the alien demon aura on you has been hidden very well, but unfortunately, this seat has been trapped in the Misty Palace for more than two hundred years. Dealing with, the breath of your body, I don't know

Tao? "Fu Qiankun sneered, the palm of his hand had already fallen fiercely, and how the Vice President of the Bloodline Holy Land could withstand Fu Qiankun's capture was immediately covered in the terrifying palm.

[Chapter 2195: Everyone sit](#)

"Damn it!" The guild leader's face suddenly showed a hideous color, and at the same time, the aura on his body gradually became evil, a trace of cold power burst out of him, and boundless devilish energy swept out. Crazy to resist Fu Qiankun's attack

, And at the same time will escape into the void and escape from here.

"What? This magic..."

"It's so cold and cold, even more cold and evil than the breath of the dead demon cult."

"Could it be that this is a foreign demon?"

Tu Junyi and the others were full of horror, staring at that alien demon. It was the first time they saw the legendary alien, but apart from the colder aura, they couldn't see anything special. .

"Huh, want to escape in my hands?"

Fu Qiankun let out a cold snort, his eyes exploded with cold light, and the glow in the palm of his hand was shining, as if the sun, moon and stars were spinning, and endless true essence emerged, besieging the vice president.

"Xie Hongyun, vice chairman, you turned out to be an alien."

Qiu Puchun looked at the vice president with a face full of surprise, and couldn't believe his eyes at all.

He watched that Vice President Xi Hongxun worked from a holy place of blood, step by step to become the elder, core elder, and finally the vice president, but he did not expect that he was a member of the alien demon race.

"Hahaha, you can't trap me, blow me up!"

The alien demon was wrapped in Fu Qiankun's palm, knowing that he could not escape, gritted his teeth and instantly detonated his flesh. Suddenly an unspeakable horror aura spread, and a peak martial emperor blew himself up. How terrible is the power? But a horrible burst of light suddenly diffused outside the hall, and Fu Qiankun instantly trapped the explosion in a tiny place.

.

Whoosh!

A black shadow rushed out of the explosion and went straight out of the hall.

"This is... the power of the soul?"

Ghost Yanluo and the others were extremely shocked. When the power of the soul reaches their level, they will basically cultivate, but they have never heard of a top martial emperor who blew himself up. The power of the soul can still be safe and rush out here. In this world, there are indeed some top powerhouses who can do the legendary rebirth, but they all use some special techniques or accidents, but like this alien demons, they can explode their bodies at will. , The soul can fly

The escape situation is the first time I have encountered it.

And after the body exploded, the evil aura of this alien demon race not weakened, but strengthened.

Seeing that the dark shadow was about to rush out of the hall, suddenly, the light in the hall haunted again. This time, the light became misty, and the flickering of the light was restrained. It contained a special power, even the power of the soul. stop.

With a bang, the black shadow of the alien demon raced against the burst of light and was actually bounced back.

"Impossible, how can this restraining force stop this seat?"

The powerful alien of the Demon Race was terrified, and the black soul shadow was continuously distorted, obviously in extreme shock.

"Humph, what's impossible."

Qin Chen sneered. In fact, he had seen the identity of this alien demon as early as when he was outside Tianlei City.

It was Qin Chen's understanding of the restriction of the alien demon race, and it couldn't be easier to arrange a restriction to block the soul's breath.

"hateful!"

After the black shadow realized that he could not rush out at all, he immediately shifted the target and ransacked directly towards Tu Junyi, the leader of the dead demon cult.

It obviously wanted to seize the body of Tu Junyi, and Tu Junyi, who cultivated the power of the magic way, had great attraction to it, a stranger of the demon race.

"not good!"

Tu Junyi was shocked, a black magic light suddenly appeared on his body, and countless magic patterns appeared in his palms. These magic patterns spurred magic power to fly and stab at the black shadow of the alien demon race.

"Jie Jie Jie, you want to block this seat even with your demon path cultivation base?"

The alien demon laughed, ignoring Tu Junyi's magic light attack, his body seemed to shuttle in the void, appearing in front of Tu Junyi suddenly, a strong sense of crisis filled Tu Junyi's mind, like death is coming.

"Well, the playing moment is long enough."

Seeing that Tu Junyi was about to be seized, Qin Chen moved suddenly, snorted, and reached out with a palm. He urged the heavenly soul forbidden technique, with the power of the soul in his palm, to imprison the dark shadow of the alien demon race .

"Boy, you are looking for death."

The alien demon cried out angrily, and a black light burst out, covering Qin Chen in an instant.

The black light contained a power to confuse and damage the soul, causing Fuji Huazang and others on the field to be affected by this breath. They were suddenly dizzy and wanted to vomit. They hurriedly urged the true essence to defend, and at the same time, they were shocked. Look at Qin Chen.

Qin Chen raised his hand, and the soul attack released by the black shadow of the alien demon immediately disappeared.

The strength of this alien demon is indeed very strong, probably equivalent to the level of the alien who captured the ancestor of the Sheji family. If it was Qin Chen before, it would have to go through a fierce battle before it was possible to kill this alien. people. But after experiencing the journey of Thunder Sea, Qin Chen's cultivation not only broke through to the peak martial emperor realm, but also had an amazing improvement in many aspects such as soul, and he also controlled the blood of the ancestors. This is not yet complete. The restored aliens are in

There was nothing in his eyes.

In the next moment, a soul storm in Qin Chen's eyebrows was already splitting out, rumbling, and hit the alien demon at the moment when the alien demon was about to enter Tu Junyi's mind.

"what!"

The alien demon made a scream, and the soul aura continued to tremble, making a painful struggle.

It was so shocked in its heart that it couldn't believe that the power of a human soul was so strong.

It hurriedly backed away to avoid Qin Chen's attack, but it was too late. Qin Chen raised his hand, and the invisible soul power turned into a big net, instantly enveloping the alien demon race, and instantly received it into his hands.

Under the gaze of the crowd, the soul of the alien demons who had been extremely arrogant before was struggling with horror in Qin Chen's hands at this moment, revealing an expression of extreme fear.

Qin Chen took the soul of the alien demon into the jade dish. The depression and cold breath in the hall was swept away. Then Qin Chen returned to his seat and said lightly: "Everyone is sitting. "

The entire battle process ended in just a few short breaths. Before Fuji Huazang and others even realized what had happened, the alien demons had already been subdued by Qin Chen.

At this moment, the stunned Teng Huazang and others woke up, one by one, they were shocked. The two hands that Qin Chen revealed completely shocked them, even more shocked than they were when they killed Xiao Dongyan. At least they could see the before and after killing Xiao Dongyan, but the process of Qin Chen conquering the alien demon soul just now, they didn't even understand, the battle was over.

[Chapter 2196: Soul festival](#)

"Brother Chen is really amazing."

Teng Hua Zang and the others trembled, and their hearts trembled. At this moment, they had no other thoughts in their hearts, and only fear came out of Qin Chen.

It was terrible, when such a top powerhouse appeared on the mainland, they didn't know anything.

"You now believe what the old man said."

Emperor Jijing Dan said lightly.

"Pill Emperor Jijing, I was too careful before, but you also know that this matter is of great importance, and it is normal for me to have doubts."

Fujikazao and others said one after another, without any doubt in their hearts.

Everything that happened here just now verified what Dan Emperor Jijing said earlier. It was unexpected that the tentacles of the alien demon race had reached into the Holy Land of Blood, and even directly robbed a Vice President of the Holy Land of Blood.

It's really scary to think carefully!

Even the vice-chairman of the Holy Land of Blood is occupied by alien demons, so what about other forces? An inexplicable chill rushed all over everyone's body instantly, trembling for it. Fujikazang and others have made up their minds and went back to sort out the family and sect, but what they were nervous about was that the former Vice-President of the Holy Land of Blood had been with them for so long, and they could not tell at all. , Even if it is different

The demons are hidden in their families and powers, can they tell?

Fujikazang did not doubt whether this was a game made by Emperor Jijing Dan and others. But after thinking about it, I still shook my head. This kind of game is simply impossible to make. At least the appearance of Fu Qiankun, the fall of the vice president of the sacred place of blood, the fall of the vice president of the bloodline, and the appearance of the master of the alien race, these are not simple games. Explanatory

.

"Everyone, I didn't expect the Misty Palace to be so despicable. Thanks to you, I can wait to know the truth."

Fuji Huazang said with a trembling voice, with a trace of sincerity in his voice, but he couldn't stay at Lei Cheng this day, he just wanted to leave here as soon as possible. Thinking of this, he said goodbye directly: "Now the ambition of Misty Palace, since we have united with the Fighting Club of Sky Thunder City to set up such a conspiracy, I must go back immediately to expose Misty Palace's sinister intentions. Everyone, I will leave first. .

"

After speaking, Fujikazao stood up and put his hands together and wanted to leave.

Ghost Yanluo, Tu Junyi and others also handed over and took the strong under their command to prepare to evacuate.

Misty Palace is sinister, but the strength Qin Chen showed before also made them extremely jealous.

"Wait a minute."

Qin Chen said lightly, smiling.

Fuji Huazang stalled, turned around and said, "I don't know what else President Chen has to do?" "I am waiting to call you all. Apart from exposing the conspiracy of Misty Palace, I also want to unite the major forces on the mainland. The palace is conducting a conquest, and several of them are decent figures in the Tianwu Continent. It is better to make an agreement here to fight Misty together.

How is the palace? "

Qin Chen said lightly.

"This is natural."

Fujikazang breathed a sigh of relief. If they were only jointly dealing with Misty Palace, they would naturally agree that Misty Palace colluded with other demons, and everyone was to blame, but it was up to them to decide how much they did.

"Well, since some of you have agreed, please let everyone release a soul breath, stay in my Sky Thunder City, and let President Fu Qiankun set up a soul sacrifice." Qin Chen said casually.

As soon as the voice fell, the atmosphere on the court suddenly became heavy. Fujikazao and others' eyes changed drastically, and they said solemnly: "President Chen, what do you mean?"

Leaving a breath of soul, set up a soul sacrifice, what is a joke?

The so-called soul sacrifice is equivalent to a blood alliance and an oath of heaven, even more terrifying than the combination of the two. The soul sacrifice is a method of refining the power of the soul of others and setting up spells and oaths. Once they set up the soul sacrifice and leave the soul aura, as long as they violate the vow, life and death may be affected by others. control,

How can they willingly do such a thing?

This is tantamount to putting life and death in the hands of others. "Is it still unclear what Ben Shao meant? Although you have agreed to jointly deal with Misty Palace, your reputation is just as good on the mainland. In order to prevent you from colluding with foreign races, Ben Shao asked you to leave a breath of soul and set up a soul sacrifice. , Actually

It's for your good. "

"Otherwise, the alien demons are pervasive, and the Misty Palace is extremely powerful. If it is just an agreement made casually, who will believe it? But once the soul sacrifice is established, then everyone can work together and fight against foreign enemies. Why not do it."

For Teng Hua Zang and others, Qin Chen couldn't believe it at all. Since he is here, how can he let Teng Hua Zang and others leave here easily?

"Do you think you will eat us?"

Fujikazang and others were furious, and a cold and terrifying aura broke out one by one, and the terrifying realm swept across.

An iron coupon appeared in his hand, and the iron coupon circulated a mighty atmosphere.

The ghost Yan Luo on the side also snorted coldly, his pupils became gloomy, and the eyes of life and death rotated to see through yin and yang.

The death demon sect Tu Junyi was full of demonic energy, swept through the demonic energy, bursting out with shocking power.

The domains of several people united, and the entire hall was suddenly filled with terror, suppressing everyone.

They naturally didn't dare to directly act on Qin Chen, but they could show their strength and let the other party know that they were not easy to provoke.

Qin Chen snorted coldly, and the empty thunder sword domain stretched out directly.

Crackling!

An endless thunder light suddenly appeared in the void. These thunder lights were ready to explode, containing a terrifying aura, and in the thunder light, sword auras were vertical and horizontal, erupting against the sky.

Thunder light and sword aura condensed and merged with the rules of space, forming an empty thunder sword domain that swept out like a hurricane.

In an instant, the extremely suppressed hall just became relaxed, and bursts of cracking sound came from the void.

Fujikazang and others were shocked, their complexions changed drastically. Instead of feeling the pressure subtracted, they felt a terrible to the extreme pressure covering them, and they were suddenly stiff.

And the field they showed was madly suppressed by a terrifying force, and it was constantly broken.

In just a few breaths, the spatial field they were displaying melted away, and almost at the same time, they found that they were actually bound.

A strong murderous intent hovered over their heads, as if they would instantly drop this murderous intent as long as they moved rashly.

At this moment, Fujikazang and others' faces turned white and red, red and white. Before Qin Chen beheaded Xiao Dongyan outside Tianlei City, he just captured the powerful alien demon. They didn't face it directly, and didn't have a very intuitive understanding of Qin Chen's strength, but now he feels Qin Chen's strength. After the strength, they completely changed color.

[Chapter 2197: The old man agreed](#)

At their level, there must be no negligence when fighting, even if it is restricted for a breath time, it may lose the opportunity, and the opponent will easily kill him.

At this moment, Fujikazang's hearts were only scared, the strength that had burst out before and was strong and self-supported instantly vanished, and they hurriedly burned their true essence, breaking away from the terrible feeling of restraint.

At this time, Qin Chen's calm and unwavering voice came faintly: "Young Master Ben wants to kill you, I'm afraid you were already in danger just now."

Teng Hua Zang and the others were sweating. Although Qin Chen said it was a bit exaggerated, it might not be impossible.

They originally thought that Qin Chen killed Xiao Dongyan with the help of the mysterious sword. Now it seems that the other party really has the power to kill Xiao Dongyan, and since the other party can kill Xiao Dongyan, it is obviously also It is very possible to kill them.

What's more, there are Fu Qiankun, Jijing Dandi and others around Qin Chen. Even if they do their best, how can they leave here safely?

At this moment, the confidence in the hearts of Fujikazang's people completely disappeared, and some were just fear.

"What else do you have to say."

Qin Chen put away the empty thunder sword domain and said lightly, "I have given you the opportunity. If you don't agree, that's Ben Shao's enemy. Don't blame Ben Shao for not being affectionate."

Qin Chen didn't think he was strong. To Emperor Jijing Dandi and others, he could believe that he didn't even need a soul sacrifice, because the Pill Pavilion, the Hall of Vessels, and the Holy Land of Blood were all top powers that had passed on for hundreds of millions of years, and they were the backbone of the Tianwu Continent.

However, Qin Chen couldn't believe that such forces as the Teng Family, the Heavenly Ghost Sect, and the Death Demon Cult could not believe that Chu Huahan of the Fog Hidden Gate had already taken refuge in the Misty Palace in the ancient Demon Land. These were all lessons learned.

Fujikazang was sweating and struggling, but in the end, they had to sigh quietly.

"Okay, the old man agreed."

"This Zong also agreed."

"What can I do if I don't agree."

Several people shook their heads and said, looking disappointed. The situation is stronger than that of people. Now he is just setting up a soul sacrifice. As long as they don't seek refuge in Misty Palace and collude with alien demons, it will have little effect on them, but if they don't agree, they absolutely believe that Qin Chen will kill them, no Leave any

Hidden dangers.

"Fu Qiankun, let's start."

Qin Chen ordered to go down, Fu Qiankun immediately prepared the materials for the soul sacrifice and arranged the great formation of the soul sacrifice. Soon, a trace of the soul power of Teng Hua Zang and others had been extracted, integrated into the soul sacrifice, and made an oath.

Hum!

In the void, invisible power descended, and the soul ceremonial array bloomed with soul light, slowly rotating, and finally turned into a ball and fell.

Qin Chen took the ball into his hand, and saw that the surface of the ball was surrounded by complex restrictions and patterns. Inside the ball, there were also a few spirit power auras that kept gleaming, which were the souls of several people from Fuji Huazang. breath.

"Very well, from today onwards, all of them are their own."

Qin Chen sat down again with a smile on his face. Teng Huazang and the others breathed a sigh of relief, and now the soul sacrifice was also set up, and a few people broke the jar, and there was nothing to be afraid of. They didn't believe that Qin Chen would let them set up the soul sacrifice and kill them. This is simply unnecessary. , So they sit

under. For some reason, when the Soul Sacrifice stood, the hearts of the few people became a lot more relaxed. They think of the Misty Palace colluding with the alien demons. The mainland is in a precarious situation. They are in this storm and are at risk. Now they are in this black congregation and pay Qiankun to them. Standing

After walking on the same front, that gloomy feeling disappeared a lot.

After all, once there is turmoil in the world, there are so many masters standing together behind them, and naturally they will have a lot of peace of mind.

Several people think it's incredible, is it too cheap? "Since you have set up the soul sacrifice, everyone is your own person. Next, this young master is going to build Sky Thunder City into a core place for all casual cultivation in the world. By then, it will be here, whether it is medicine, treasure, or The bloodline will rise, and it will surpass

Any place on the mainland, this place will become one of the most prosperous cities on the mainland. "

Qin Chen said calmly to everyone.

He left everyone behind, not only to build power, nor to prevent Fuji Huazang from reversing the water, but also to build Sky Thunder City and complete his grand plan.

It is simply impossible for Qin Chen himself or the Sky Excursion Club to build a top-notch city for casual repair.

Hearing what Qin Chen said, Teng Hua Zang and the others couldn't help but take a breath of air, this Chen Qing is so ambitious.

But after thinking about it carefully, everyone was surprised again, this is really not impossible.

It should be understood that Qin Chen has Fu Qiankun on his side, and on the bloodline, no one can do it. In addition, there is a pill pavilion and a hall of equipment, so the medicine and weapons are definitely not a problem.

more importantly.

Sky Thunder City is backed by Thunder Sea. If Qin Chen can really control Sky Thunder City, then Thunder Sea will become the private land of Sky Thunder City in the future. Thunder Sea is not only the most famous place for body training on the mainland, but also There are countless treasures.

In the past, Leizhou and Tianlei City were just scattered sand, but once Qin Chen merged these forces, what kind of changes would it take?

Fujikazang and others were shocked just thinking about it.

And they are all smart people, so naturally they know what Qin Chen meant by leaving them behind.

In just a few short breaths, Fujikazao and others have flashed countless thoughts in their minds, anyway, they are already on a rope, so it's better to just do that. Thinking of this, Fuji Huazang stood up for the first time and hurriedly said, "President Chen, since Tianlei City is going to be transformed, it will inevitably consume a lot of materials and resources. In this way, for the sake of our Tianwu Continent and also for the sake of heaven. Thunder City can go smoothly

To build and resist the Misty Palace, my Teng family is willing to provide 20% of the materials used for the construction of Sky Thunder City, and at the same time, we are willing to provide one billion high-grade real stones. In addition, if Sky Thunder City needs anything from my Fuji family, my Fuji family is willing to help free of charge. "

Qin Chen nodded. There are already a lot of 20% materials for the construction of Tianlei City, and since Fuji Huazang is willing to provide one billion high-grade real stones, it shows that this guy is still somewhat sincere.

It has to be said that those who can become the ancestors of major forces are not ordinary people, and Fujikazang is a human being. "Very well, I will accept your 20% of the materials, and one billion high-grade real stones will not let you go out for nothing. Once my Sky Thunder City is established, your vine family can own half a block in Sky Thunder City and build your vine family. Business building, but the warrior of your Fuji family is here

My Sky Thunder City is also subject to control, and at the same time I will enjoy the treatment that Sky Thunder City deserves. "After listening to Qin Chen's words, Fuji Huazang was overjoyed. He had taken out so many things, which was already painful. Now that he has obtained half a block, he has finally recovered a lot.

[Chapter 2198: Refined authenticity](#)

If Tianlei City can really achieve what it imagined in the future, and even make a lot of money, it would be great for his Teng family disciples to enter the Sea of Thunder to experience.

He immediately said with excitement: "Then Teng has a lot of thanks to President Chen. The promise of my Teng family will be fulfilled within one month." Qin Chen nodded and said, "Besides, now the ancestor of the Long family, Long Batian and He Chu Huahan, the master of the Wuyin Gate, fell into the Thunder Sea. The Wuyin Gate was also in collusion with the Misty Palace. This young master is going to send a team to conquer the Wuyin Gate, and the Fuji family can go together.

Work together. "

Fuji Huazang was even more overjoyed, "Thank you, President Chen." Although Qin Chen said vaguely, but he heard clearly, the misty gate colluded with the misty palace, plus the fall of Chu Huahan, the master of the misty gate, now the mist is hidden There is no leader in the sect group, and such a sect can no longer gain a foothold on the mainland.

went.

The so-called conquest of the Wuyinmen is actually to divide the property of the Wuyinmen. Although most of the properties of the Wuyinmen are likely to be transferred by the Misty Palace, if the masters of the Wuyinmen get the news, they will be scattered with The treasure leaves.

But as one of the top forces on the mainland, Wuyinmen still has many top resources that can't be taken away at all, and these properties are naturally divided by them.

Originally, the Fuji family had no chance, but now that Qin Chen said that he would let the Fuji family contribute, it was clear that the Fuji family would share a piece of the cake. How could Fuji Huazang not get excited? Seeing Teng Huazang's excitement, Qin Chen smiled faintly. He studied in his previous life and didn't know what forces he established. After coming back in this life, of course he will not make the mistakes of the previous life. He can only draw more people to him. On your own ship

, This ship will drive more stable.

It takes a little price to draw a top power in to do it. Such a thing cannot be more cost-effective.

Qin Chen looked at Ghost Yan Luo again at this time, and said lightly: "What did Ghost Brother say?"

After seeing Fujikazang's performance, Gui Yanluo knew that Fujikazang wanted to hug the thigh of the Black Order. Now that Fujikazang had received so many benefits, his heart was restless.

Hearing Qin Chen's question now, he immediately said: "My Heavenly Ghost Sect, like the Teng Family, is willing to provide 20% of the construction materials, one billion high-grade real stones, plus a top-grade true vein!"

hiss!

Hearing what Ghost Yama said, Fujikazao gasped.

A high-grade true vein is even more precious than one billion high-grade true stones. After all, a true vein is the source of energy that continuously absorbs the true energy of heaven and earth to produce a true stone.

Ghost Yanluo's gaze is indifferent. As one of the top forces in the mainland, he occupies a large mountain range. Although it hurts to take out a high-grade true vein, it is not impossible to take it out. There are four high-grade in the mountain gate of Tianguizong. True pulse.

It is not unbearable to come up with one.

"Brother Chen, my Fuji family is also willing to take out a high-grade true vein to build Sky Thunder City." Fuji Hua Zang said hurriedly: "Besides, Brother Chen does not need any return."

The establishment of a city requires a large formation, so the true veins are necessary. Taking out the top grade true veins is definitely the best help for Qin Chen.

"Then thank you Brother Teng." Qin Chen laughed, and then he looked at Ghost Yan Luo: "Since the ghost brother is so sincere, then the things provided by the ghost brother as an investment in the sky ghost sect are also available in my Tianlei City. Half a block, Brother Ghost can also go to Wuyin with the people from Tianlei City

door. "

After Gui Yan Luo heard this, he was immediately overjoyed. This is what he wanted. He was coveted for Wuyinmen. Of course, if he knew the value of the Tianlei City block in the future, he would not think so.

After Ghost Yanluo, it was Tu Junyi. Seeing that Ghost Yanluo finished his distribution, Tu Junyi bowed his hand to Qin Chen first. Then he said: "I am willing to cooperate with Tianlei City. Since the construction of Tianlei City requires a lot of resources, I Death Demon is willing

I took out 40% of the materials, 2 billion high-grade real stones, and a high-grade real vein. In addition, my Death Demon Cult is willing to cooperate with any actions of Sky Thunder City. "

"Oh?" Qin Chen glanced at Tu Junyi in surprise. In fact, based on the things provided by the previous vendors, Tu Junyi didn't need to provide so many things at all, just like Ghost Yanluo and others.

But now that Tu Junyi is willing to provide so much, it means that he has something to ask for. These things add up to not a small sum.

Ghost Yanluo and others also showed their doubts.

"Brother Tu's request?" Qin Chen asked lightly. He believed that Tu Junyi's offer of such a condition was definitely not free. "Just now President Tu saw that President Chen captured the person of the alien demon. Tu is also a person who cultivates the magic way. I really want to know the power of the alien demon race. At the same time, Tu Mou hopes that President Chen and President Fu can Give Tu some doubts about cultivation,

And how to enter the Holy Land. "

Tu Junyi spoke without hesitation. Qin Chen understood that this Tu Junyi was much smarter than Ghost Yan Luo and Fuji Hua Zang. Before I saw him silently, I thought he was very honest, but in fact these are all pretences and can truly become the leader of the dead demon cult. , How can it be simple

.

Compared to getting a block in Tianlei City, for the current Tu Junyi, it is undoubtedly that some of the conditions he proposed are more suitable for him now.

If he can figure out the power of the alien race, or know the experience of stepping into the holy realm, it will definitely be of great benefit to his strength.

"This Tu Junyi is so cunning."

"Why didn't Benzong think about this just now?"

Fujikazang and Ghost Yan Luo were depressed, Tu Junyi was too deeply hidden. Qin Chen smiled slightly, he knew what Tu Junyi meant, but he did not directly refuse, but smiled: "The Death Demon Cult also owns half a block of Tianlei City, and the power to deal with Wuyinmen together, while watching Tu Junyi Brother so

For the sake of anger, I will tell Brother Tu some differences between the magic power of the alien demon race and the magic way of the Tianwu mainland, as well as some simple methods against the magic power of the alien demon race, but as for how much Brother Tu can understand, it depends on Brother Tu himself. "

"As for the experience of stepping into the Holy Realm..." Qin Chen paused, and said, "This matter is not impossible, but for now, the cooperation between Brother Tu and I has not reached such a deep level. If

the future cooperation is happy , It's not that I can't tell Brother Tu, everything depends on my future cooperation such as

What? "

"Thank you, President Chen, Tu will definitely satisfy Brother Chen's performance."

Tu Junyi was overjoyed immediately. He also didn't want to get Qin Chen's approval directly, he just wanted to forge a good bond with Qin Chen first. When he reached his realm, resources and everything were imaginary, and only increasing his strength was the most real. .

[Chapter 2199: Great change](#)

After dealing with the masters of Fujikazang and other major forces, Fujikazang and others left one after another. At the same time, they transported various materials in the first time, and the entire Tianlei City began a vigorous transformation.

Fu Qiankun was not in Tianlei City, but led a team to Wuyinmen and other forces to conquer Wuyinmen.

At the same time, the news that Misty Palace colluded with the alien demons to plant a trap in the Sea of Thunder spread out in the Tianwu Continent at an extremely fast speed, causing an uproar immediately.

Qin Chen didn't think about concealing the news, because he knew that if he wanted to conceal it, he couldn't hide it at all. After all, there were too many people who knew it.

For a time, the entire continent was full of discussions. This time it was a joint statement by several major forces on the mainland. Compared to the last time in the Guyu Realm, they were more swearing. But after the experience of the Guyu Realm last time, the major forces on the mainland were strangely calm, and there was no force to express their opinions.

He's view.

Even the Misty Palace was very quiet, and the entire continent fell into an inexplicable silence.

This made many forces in the martial arts secretly startled, this kind of calm not only did not make them feel the slightest relaxation, on the contrary, there was a feeling that the mountains and rain were about to come to the wind.

Misty Palace.

"I didn't expect these guys to escape."

Shangguan Xier's gaze was ferocious, her eyes shot cold.

By her side, the demon's eyes were gloomy. This time although its strength had been improved a little, it had lost the blood of the Ancestral Demon. It can be said that the loss was heavy.

"I heard that the kid is going to rebuild Tianlei City, how about us?"

The demon's face showed murderous intent.

"Not for the time being." Shangguan Xi'er shook her head, her eyes gloomy: "I'm just thinking about how they escaped."

This point is also suspected by the demon. In front of the Lord of the Abyss, even the Demon Lord can only respectfully flee for their lives. They are only released after sacrificing their treasures. What about the remaining people? Did it also sacrifice treasures?

If this is the case, what kind of treasure is it that caused the Lord of Abyss Demon to release all these people.

They couldn't figure it out. "Don't care about that much. The most important thing now is to find the Demon Lord. As long as you find the Demon Lord, use its weak period to swallow it, and find a way to break through the holy realm, it is the most important thing. At that time, Tianwu mainland is not yet

It's at random how we can handle it. "

Shangguan Xi'er looked at the demon, "This matter, I can only rely on you."

"Don't worry, no matter how the Heaven Devourer hides, it is impossible to escape my detection, but it will take some time."

The demon said solemnly.

"However, if the major forces conquer the Misty Palace again, then..." "The major forces have not yet such courage, not to mention, there are our people in the major forces, haha, use the major forces to communicate with each other. It's not easy to unite the grievances between us. You still don't know us well.

Humanity. "

"What's more, if I really have to encounter any problems, my Misty Palace only needs to close the mountain gate, and no one can break in."

Shangguan Xi'er smiled coldly, confidently.

"But that Fu Qiankun is the former president of the Bloodline Holy Land, will he..." the demon said again. "He? It's just a waste person. I have been imprisoned in My Misty Palace for more than two hundred years. Although I have recovered a lot of cultivation bases now, the origin is damaged, and it is impossible to return to the peak state. If he stays in Tianlei City obediently, OK, if you want to get back to your blood

The Holy Land controls the Bloodline Holy Land, that is to die. "

Shangguan Xi'er smiled gloomily.

When mobilizing all the power in the Misty Palace, searching everywhere for news of the Devourer.

Qin Chen is also rapidly building Sky Thunder City.

Tianlei City will be built into a casual repair city, and the news that is in charge of Leizhou and Thunder Sea will spread to the entire Martial Domain Triple Heaven at the fastest speed.

Suddenly it caused an uproar from countless people.

What kind of power is this black order? Tianlei City has been standing in the Second Layer of the Martial Domain for so many years. It is not that no power wants to subdue it, but it has never succeeded. I did not expect that this time another power would want to do this, and it was actually to the Sea of Thunder and the entire Leizhou

Bring it into your own scope.

This is tantamount to rebuilding a top power.

Normally, it is impossible for the major forces to agree to such a thing, and it will inevitably lead to conflict.

What everyone did not expect was that this time the major forces on the mainland were actually very quiet, and instead of opposing them at all, they supported them.

In addition, the Fuji Family, Sky Ghost Sect, and Death Demon Sect sent a large amount of resources into Sky Thunder City to participate in the construction of Sky Thunder City.

Even more shocking was the news that the sect master of the Wuyinmen and the ancestor of the Long River Xiao family colluded with the alien demons and eventually fell into the Thunder Sea, and the ancestor of the Long family, Long Batian, fell in battle in order to maintain peace on the mainland, and completely fell. .

When such news came out, like a bolt from the blue sky, the mainland shook. Tianlei City joined forces with the Teng Family, the Heavenly Ghost Sect, and the Death Demon Sect to carry out a major cleansing of the Wuyinmen and the Xiao Family. For a while, the Wuyinmen and Xiaojiashu collapsed, and the dead died, the scattered scattered, two The big top forces fell apart in a moment, and the gray Feiyan die.

After a brief period of silence, the Dragon Family of Tianling announced the closure of the mountain gate and directly gave up the interests of the Dragon Family in the Martial Domain. Since then, the Long Family stayed behind closed doors and lived in seclusion.

For a time, the mainland oscillated.

In the past few years, the Tianwu Continent has fallen to the four top powers of the Long River Xiao Family, Wuyinmen, Ancient Fangjiao, and Long Family, and its mighty momentum has shocked everyone.

Everyone seemed to faintly see that more than two hundred years ago, the mainland suddenly emerged from various major forces, one after another fighting, and finally established the scene of the Misty Palace as the mainland's first power, even this time the situation is even more coming than the last time. terrible.

Wu Yu is about to change.

This is the clearest and most intuitive feeling of every Wuyu people. Although they don't know what happened, the turbulent undercurrent can be clearly felt by even the dullest people.

Wuyu will usher in a huge change.

Perhaps a hundred years later, countless forces will fall, countless forces will rise, but I don't know which ones will be left, and those who will fall.

Everyone is extremely anxious.

After the news that Tianlei City was going to be rebuilt, it also attracted the attention of countless casual practitioners, and even some ordinary emperor-level sects and forces were attracted.

In such a change, everyone wants to seize the opportunity, and Tianlei City is likely to be one of that opportunity. Although they don't know if Sky Thunder City will come to the end, they can occupy Sky Thunder City and Thunder Sea at this juncture, and get the support of so many top forces, even idiots know this one. Power is not simple.

[Chapter 2200: Moat formation](#)

What's more, everyone also got news that Xiao Dongyan of the Xiao family was beheaded by Chen Qing, the current lord of Tianlei City, which was seen by countless people in Tianlei City.

It is said that Chen Qing looked very young, at most under thirty years old, he was able to kill the ancestors of the dignified top power Xiao family. How could everyone believe that they were not shocked.

This also led to countless casual cultivators coming in admiringly, one after another to Tianlei City.

It's just that the current Tianlei City does not recruit people, and all warriors can only wait outside of Tianlei City.

Then they saw the rapid construction of Tianlei City, a big change every day, the city that originally looked very dilapidated became completely new and beautiful in a very short time.

A lot of people even found the Skyscanner, even Mu Han, and wanted to join Sky Thunder City.

Mu Han discovered for the first time that there were so many people who gave her materials and real stones, whether they knew or didn't know, they all came to her door.

But Mu Han knew very well that Qin Chen gave everything she had, and she naturally refused them all, and she was busy building Sky Thunder City every day, and she couldn't spare any effort at all.

Although Tianlei City was building at a speed faster than Qin Chen expected, Qin Chen didn't know at all, at this time he was arranging the heaven and earth killing formation.

Since he wanted to develop Sky Thunder City, and Sky Thunder City was the last barrier to guard the Thunder Sea, Qin Chen would not carelessly. In the future, many of his friends and relatives would come here, let alone being careless.

Otherwise, once Shanguan Xier brought someone to break the city open, then he would have regretted it. Therefore, Qin Chen displayed all his top-level formation skills. He was not very impatient, but arranged a little bit carefully, combined with the holy-level formation he had felt from the town boundary beads, and integrated into the alien demon race. The power of restraint, and then

Coupled with the world's killing bureau and his own past life's formation accomplishments.

Everything was gathered together, and he was ready to practice a top-notch killing formation and trapping formation.

Once this killing formation and trapping formation succeeded, unless a holy-level master appeared, even a semi-holy-level master like Shangguan Xier would never want to break open in a short time, and he would have enough time to support.

In order to accomplish this, Qin Chen didn't even skimp on his own materials. Various treasures were sacrificed into array flags, array plates, combined with the building itself, into the city of Thunder.

Even Qin Chen moved several mountain peaks from a distance, engraved array patterns, and towered around Tianlei City, forming a lore formation.

After that, Qin Chen spent a few days checking the terrain. During these few days, Qin Chen carefully checked all the plains outside of Tianlei City, as well as some rivers and mountains, and decided to build a large warning in these places. Array. Even Qin Chen is planning to directly construct a teleportation array of various distances, but Qin Chen also knows that things are not in a hurry and need to be done step by step. The most important thing is the guardian array and killing array of Sky Thunder City. This is Sky Thunder City. Fundamental, even if he doesn't

Now, the personnel in Tianlei City can also rely on the large formation to resist the enemy's invasion.

In addition to this, there is another extremely important one that is the Spirit Gathering Array. The Heaven and Earth True Qi in Tianlei City is already at the top of the Tianwu Continent, but Qin Chen feels that it is not enough. He wants to make Tianlei City the top training place in Tianwu Continent, so as to attract countless geniuses and cultivate Generation after generation

On behalf of the master against the field.

For this arrangement, Qin Chen spent nearly a month before setting up the big formation.

After everything is prepared, only the last true pulse is left.

Although all the great formations can absorb the true energy of heaven and earth, and even the power of thunder from the sea of thunder, the true veins are absolutely indispensable if they want to exert their full power.

And on the third day after Qin Chen arranged the big formation, Fu Qiankun finally returned with a few powerful people.

"Fu Qiankun, how about the journey?" Qin Chen asked immediately.

"A safe journey." Fu Qiankun knew what Qin Chen wanted to ask. "There is no movement in the Misty Palace, and it is strange that there is no movement in the Hall of Law Enforcement."

"Oh?"

Qin Chen frowned, this did not fit the character of Misty Palace.

"In that case, Shangguan Xi'er is very likely to be calculating something."

Qin Chen raised his brows, thoughtfully.

However, he couldn't manage so much of the urgent matter, and said to Fu Qiankun: "Old Fu, what happened to those true pulses?"

"Haha, fortunately fulfilling the mission."

Fu Qiankun laughed, seven high-grade true veins appeared in his hands.

As soon as these seven high-grade true veins emerged, like seven flying dragons, endless infuriating energy suddenly surged between heaven and earth.

"Three of these were sent by the Fuji family and other forces, and four were obtained from the Xiao family, but the high-grade true veins in the Wuyinmen have been dug away. If you guess right, it might be Misty Palace Movement. Hands."

Fu Qiankun said.

Shangguan Xi'er came out before them, so naturally he would not give up such a good opportunity.

"Seven articles are enough for the time being."

Qin Chen didn't have a lot of surprises. The seven high-grade true veins were all against the sky for a top power, but in Qin Chen's eyes, they were not many.

It should be noted that the Suotian Great Formation arranged in the Misty Palace consists of more than a dozen high-grade true veins, of which more than three are top-grade true veins.

However, the seven high-grade true veins had already met Qin Chen's basic requirements, and the remaining true veins could only be found in the future.

"hiss!"

Outside Tianlei City, at this moment, countless powerful people have seen the seven true veins flying in the sky, one by one showing extremely shocked.

Damn, the seven high-grade true veins, this is too bad.

What are the people of the Black Order going to do?

In shock, he saw Qin Chen pick up seven high-grade true veins, slowly arranging these high-grade true veins into the core formation of Tianlei City, and also integrated the transparent beads in the Tiandi Mountain into the big formation. .

The murderous dragon rose up, let out a dragon roar, and then disappeared into every corner of Tianlei City.

"Get up!"

Qin Chen shouted and began to close the formation.

When the formation was about to close, Qin Chen was also very excited. He stood in the sky above the Thunder City, activated all the nodes of the big formation, and united them together.

When all the big formations merged together, the entire Tianlei City suddenly roared like the sky and the earth.

The loud noise was dull, but continuous and louder and louder. At this time, everyone in Tianlei City stopped what they were holding and looked towards the sky.

"This is the defensive formation."

A strong man saw this scene, looked at the large formation that had gathered around him in shock, and muttered.

And the people of the Tianxunhui and other forces knelt down and prayed sincerely.

Tianlei City is equivalent to their sect. The closing of the defense formation is a major event, and it is an extremely important event for the powerful forces.

Countless people fell on their knees and prayed.

The rumbling voice became louder and louder. After a stick of incense, everyone heard a loud bang, and the big formation finally closed.

The rich heaven and earth zhenqi gathered together, the concentration of zhenqi in Tianlei City rose sharply, and the richness of that zhenqi suddenly rose to several times higher than the initial amount. The strong qi of heaven and earth stunned everyone.
