[Chapter 2201: You really dare to think](#)

At this moment, even if Tianlei City was blocked by the big formation, people outside of Tianlei City could still clearly feel the richness of this qi.

Everyone was shocked looking at the lingering real aura in Tianlei City, the real aura spread out one after another, unexpectedly condensed into substance.

How strong is this true spirit?

Countless people were shocked in their hearts. Cultivating in these cities, the speed of their martial arts will definitely be far faster than the outside world, and even more than several times the improvement.

After all, the true energy of heaven and earth is increased by one point, and the speed of cultivation is definitely increased by more than one point. This is very simple. The strong are always strong, and often they increase exponentially, and they practice in these places, their perception of martial arts, and heaven and earth. The perception will be different.

Think about it, originally it took ten years for a martial emperor to rise from the initial state to the initial peak state, but in Sky Thunder City, it only takes two years, or even shorter. After a few years or more than ten years, the Sky Thunder City will be born. How many strong?

Qin Chen stood above the sky of Tianlei City, and looked at the closed Tianlei City below, and his expression was also surprised.

This place fits his requirements too much. Although it hasn't been long in the past, countless buildings have been built in Tianlei City, and it looks beautiful.

At this time, the heaven and earth true energy formed by the combination of the seven high-grade true veins and the spirit gathering array radiated, and the heaven and earth true energy was extremely strong. Qin Chen was sure that the heaven and earth true energy here, even if it was not much better than the powers such as Dan Pavilion.

"Unbelievable."

Fu Qiankun also shocked and said that he was looking at the appearance of Thunder City, and seeing that Qin Chen had built such a vast array in this short period of time, his inner shock was unparalleled.

Not to mention the President Gongsun Zhe of the Skyscanner, extremely excited, his body was shaking, and there was a flow of heat in his body.

In the past, the Tianxun Society was strong and commanded Tianlei City, but Gongsun Zhe knew very well that the Tianxun Society had no foundation. No matter how it developed, it could only play a small role in Tianlei City, and could not grow into a Fuji family or a sky ghost. Zong and other top forces on the mainland.

And now, after Qin Chen unified Tianlei City, he immediately reached the level of the top powers such as the Sky Ghost Sect, and even surpassed it. Perhaps in addition to the background, today's Tianlei City is enough to compete with Dan Pavilion. The forces are competing.

And once Qin Chen defeated Shangguan Xi'er and became the number one person in the mainland, Tianlei City might even become the number one power in the Tianwu Continent.

How did this make Gongsun Zhe not excited?

He used to be the president of the Skyscanner. Although he was only a vice president after joining the Black Order, one was only a small power in the martial arts, not even a top power, but one was the largest power in the continent in the future. Idiots can see which is strong and weak.

At this time, the strong heaven and earth true energy had spread out, and all the people in Tianlei City felt the strong spiritual energy.

Those disciples who registered their identity tokens and joined Sky Thunder City seriously were all pleasantly surprised. Almost all chose to sit down and practice immediately. It was the first time they saw this kind of strong heaven and earth qi. How long have to wait for cultivation?

Countless people are cultivating together, and the amount of real energy consumed is naturally amazing. Even the seven high-grade true veins cannot be cultivated in a city with so many people.

But when these people cultivate, what they consume is not the heaven and earth true energy in the seven high-grade true veins at all, but the true pulse energizing the formation method, which continuously draws a large amount of true energy from the heaven and the earth.

Moreover, the zhenqi in these seven high-grade true veins will not decrease, but with the absorption of countless people, the large array will continuously gather a large amount of zhenqi from the outside world and increase the amount of zhenqi in them.

"Brother Chen, your formation is probably stronger or not weaker than the master of the Palace of Instruments."

Fu Qiankun looked at this scene in shock, he could naturally feel the terrifying formation, and his voice was heartfelt shock.

If Tianlei City's formation can continue to operate, then ten years, decades later, the seven top-grade true veins buried before will probably no longer be top-grade true veins, but will become seven top-grade true veins. What a horror is this?

"Brother Chen, your formation seems to be ready to trigger the power of the Thunder Sea, right?"

Watching it carefully for a moment, Fu Qiankun said something shockingly.

Qin Chen smiled, "It's just a little try, I really want to do it, it's difficult!"

Qin Chen shook his head. He really wanted to draw the power of Thunder Sea, but after trying, he found that it was still too difficult. With his current formation cultivation base, he still lacked a little bit.

Moreover, this is also a big project, even more cumbersome than setting up the world to kill the game, and he doesn't have much time to do it temporarily.

Fu Qiankun didn't expect Qin Chen to actually do this.

After a long while, she smiled bitterly and shockedly said, "You really dare to think."

This is definitely his masterpiece, and even he is extremely shocked. If Qin Chen does it, then once there is an attack from outside, Sky Thunder City can induce the power of the Thunder Sea to attack the attacker.

How terrible would this be? I'm afraid it's not necessarily a holy powerhouse who can come in.

And when countless people in Tianlei City were ecstatic, many warriors who had not registered their identity tokens and did not want to be restrained, and stationed outside the city after leaving Tianlei City, were filled with endless regrets.

Especially those strong in the local area of Tianlei City, listening to the shocking words of many casual practitioners who had come from all over the third heaven of Martial Region after hearing the terrible Tianlei City, their bowels were blue.

They could have become the first batch of residents of Sky Thunder City, but they did not want to be restrained. Some even left Sky Thunder City for the first time because they wanted to see the jokes of the Black Order. The rich innocence, that kind of annoyance and remorse, is swallowing their hearts.

They knew that it was easy to leave by themselves, but it might be difficult to settle in Tianlei City next time.

Just now, countless warriors have gathered outside the city of Thunder, once the news here spreads out, the warriors who want to join the city of Thunder will be endless.

But none of them wanted to leave. Instead, they showed their spirits and gritted their teeth. No matter what, they would do their best to become a member of Sky Thunder City.

At the same time, under Gongsun Zhe's rectification, the inside of Tianlei City also began to undergo earth-shaking changes.

After the big formation was closed, the people of Tianlei City completely accepted the Black Order, almost asking them to do whatever they wanted, without any complaints at all.

This is natural. These casual cultivators have been abandoned by the major forces in the Tianwu Continent in the past. Any cultivation resource needs to be worked hard, but now, they finally have such a top-level strength to accept them. Cherish that is the hell.

[Chapter 2202: Household registration system](#)

San Xiu is the most lawless and unruly group of people in Tianwu Continent, but in fact, they are also the best group of people to manage. A little bit of sweetness can make them desperate and moved.

Qin Chen looked at the changes in Tianlei City, and felt slightly emotional. Although the Misty Palace on the mainland has already occupied most of the power, there is still such a power as a casual cultivator, but they have been ignored.

In fact, as far as their major forces are concerned, the elites come forth in large numbers, the strong are like clouds, and the arrogances are like crucian carp.

But this is because they have no ability to gather these casual cultivators together. Once these casual cultivators are really gathered together, the power formed is absolutely against the sky and can destroy any force in the world.

Under Gongsun Zhe's rectification, Tianlei City formed a residential and commercial area.

All kinds of medicines, weapons and other resources have also been stationed in the commercial district one after another.

Moreover, the commercial area of Tianlei City is far more terrifying than other places in the mainland. Many precious medicines that cannot be purchased elsewhere will appear in Tianlei City.

Condensing the true pill, there are, the emperor breaking pill, there is, the resurrection pill, there is, and even all kinds of pill to break through various realms, everything.

As long as you have real stones and various advanced materials and treasures, you can buy anything. In a short period of time, the reputation of Tianlei City has spread throughout the Tianwu Continent, and Tianlei City has also opened up the qualifications for ordinary warriors to enter, but anyone who enters needs to pay a large amount of real stones to obtain a temporary identity card, and must leave within a limited time.

open.

But even so, the world's warriors are still flocking, countless.

As for the desire to obtain a fixed right of residence, it is extremely difficult at all, and it is definitely not something ordinary people can obtain. Countless loose cultivators poured in, causing Tianlei City to become the top cultivation treasure. Almost all of the loose cultivators flocked to Tianlei City. Those warriors who had left Tianlei City before had their intestines regretted at this moment. It's easy to leave, I want to go back to Tianlei City

It's too difficult to have a place.

Tianlei City has a lot of resources and future, the original dilapidated appearance was wiped out, it became beautiful, and the management was a thousand times better.

No one is allowed to use force in Tianlei City. Even the top martial emperor has no privileges. In other places, low-level martial artists will tremble when they see high-level martial artists, and cannot compete for treasures for fear of retaliation.

But this is not the case in Tianlei City, where everyone is equal. Of course, Sky Thunder City also has a level system, which can be tested and evaluated by the Black Order to earn certain points. In addition, you can also earn certain points for contributing various materials and treasures. If you have any talents, you can also get certain points.

integral.

Once the points are high, certain privileges of Tianlei City can be promoted, but these privileges are for cultivation and so on, and there is no discrimination and privileges between people.

And now it is too difficult to settle in Tianlei City. There is only one way to obtain a fixed identity token, and that is to achieve enough points.

For example, for a casual cultivator, how many points can you get as Emperor Wu, how many points can you get as Emperor Wu, besides that, how many points can you get as a pharmacist, bloodline master, and , How high is your talent, how many points can you get.

The most important thing is to recognize Sky Thunder City and contribute to Sky Thunder City. Different contributions will have different points.

It is fully digitalized, without any background operations.

Once a casual student's score reaches the required level, he can apply for the identity token of Sky Thunder City. Of course, if there are many people who may reach it, we need to queue up for review, because Sky Thunder City's identity household registration is really It's too hot. Fu Qiankun also led the masters of the Sky Excursion Association to sweep away the bandits in Leizhou, and with the help of top forces such as the Teng Family, Leizhou swept away the previous chaos, and there were buildings in Leizhou. City, and

Has become very prosperous.

Many casual cultivators were unable to join Sky Thunder City, but in order to get closer to Sky Thunder City, they all obtained the residence qualifications in the nearby cities of Sky Thunder City. Once they need to practice and purchase treasures, they can come to Sky Thunder City. With the passage of time, more and more warriors came to Tianlei City, and various resource materials and elixir weapons flowed to Tianlei City, and the commercial street of Tianlei City gradually became large-scale. Formed a system and became extremely hot

burst. Knowing that at this time, the forces of the Fuji family and the Sky Ghost Sect also knew how much the value of the small half block obtained in Sky Thunder City was. Many big powers that could not enter Sky Thunder City would choose to cooperate with them so that they can be in Sky Thunder City. City foothold

heel.

However, these major forces are also very sensible. They did not monopolize their interests because they own the blocks. If they cooperate with any forces, they will report to the Black Order and share the benefits. Moreover, they take the small head and the Sky Thunder City take the big head. .

Even so, they made a lot of money.

And with the rise of Tianlei City, these major forces have become more and more closely bound to Tianlei City, and they cannot be separated at all.

In a short period of time, Tianlei City has become the hottest city in Wuyu.

More and more, various resource materials and spirit grasses flowed to the city of Black Moon. And the Xiuzhen Commercial Street in the City of Moyue has gradually grown in scale, gradually forming a system, and becoming more prosperous.

Qin Chen, You Qianxue and Ji Ruyue stood quietly on the top of the city lord's mansion, the center of Skylei City, quietly looking at the city below.

This is the highest place in Tianlei City. The three of them silently looked at the city below, experiencing separation, running around, and being hunted down. At this moment, they stood here, but they were exceptionally peaceful and enjoying this quiet time.

"There is little dust, and suddenly I have a city."

Ji Ruyue murmured.

This kind of warmth and tranquility is what they have been pursuing, and they feel extremely precious.

"Little dust, I like it very much. If I can, I really want to live here for the rest of my life. Everyone cultivates together and walks around together in my free time..." You Qianxue raised her beautiful face, her eyes with endless longing.

When she was in the Five Kingdoms, she never thought that there would be this scene, but once she reached the top, the loneliness became stronger and more troublesome.

She had never thought that the one who was dedicated to kendo once had such a little woman's mentality. Perhaps sometimes, people walked tired and stopped to know what she really wanted. Right. The most beautiful thing in this world is plain and flat, stable and stable, and fortunately happy.

[Chapter 2203: Yinmoling](#)

Qin Chen sighed slightly, he never wanted to be like this.

In his previous life, he devoted himself to studying and not asking about world affairs. That was also his happiest time, but in this life, he was destined to be busy and run around.

"Yes, I will one day. Once the Tianwu Continent becomes calm, we can return to Tianlei City to practice quietly and live a quiet life."

Qin Chen quietly looked at the distant city, and suddenly thought of Chen Sisi, there was a slight throbbing in his heart.

"I don't know how Sisi is doing."

There was a strong throbbing in Qin Chen's heart. Sisi was the saint of the Magical Demon Sect, and with the power of the Magical Demon Sect, there shouldn't be any problems.

And how about Zhao Lingshan and Wang Qiming?

Qin Chen thought quietly, one day, he will take all his friends and relatives over, stay together, and no longer have to worry about any danger.

And mother.

Qin Chen had not put down to search for his mother's whereabouts, but he didn't know why, he had never heard of his mother's whereabouts, as if his mother had disappeared in Tianwu Continent.

He believed that his mother must be somewhere.

If my mother could see her now, she would be very happy.

"It would be great if Sisi was here."

Ji Ruyue suddenly said that the three of them had experienced together in Guyu Realm. When they remembered that they were not very familiar with Qin Chen at that time, they couldn't help but smile happily: "Back in the space pool, you saw us all. Body."

When Qin Chen heard the old face reddening here, he did not expect that Ji Ruyue would dare to speak so frankly, and couldn't help but feel a little embarrassed. Both You Qianxue and Ji Ruyue's faces were a little red, but they still said: "Little dust, Sisi saw the explosion of the Alien Demon Continent and almost broke into the explosion. If it weren't for the Phantom Martial Emperor to stop her, Sisi would have been dead now she is

Illusory Demon Sect also doesn't know how it's been. If you think you are dead, maybe you don't know what it will be like. "

A trace of guilt suddenly rose in Qin Chen's heart. He didn't go to Sisi at the beginning because Ruyue and Qianxue were both very dangerous, and Sisi was safer.

But now, no matter how busy he is, he should go to Sisi, at least let the other party know his comfort, and Qin Chen is shocked by the fact that the Sect Master of Illusory Demon is a semi-sage power.

At the beginning, in the Ancient Demon Land, the Illusory Demon Sect Master was obviously not in the same group as Shangguan Xi'er. If such a master could draw to his side, it would certainly be of great benefit to him against Misty Palace.

"I was negligent, I will go to the Magic Sect as soon as possible."

There was a trace of self-blame in Qin Chen's heart. He stretched out his hand and brought Qianxue and Ruyue into his arms. At this time, no one spoke, and they were all enjoying the peaceful warmth.

The happiness after suffering is more precious, and the reunion after a long absence is also more cherished. Whether it is Ji Ruyue or You Qianxue, they know that now is not the time when their children are in love. Now that the Heaven Devourer has escaped, the crisis in the mainland has become more serious, and Qin Chen still has many more important things to do. Although they really hope that Qin Chen will be there my own

By his side, but also understand Qin Chen's responsibility now.

And they have also absorbed a lot of sacred crystal aura in the jade disc of good fortune in the universe, and their cultivation base has been greatly improved, but there is still a certain distance from the peak of Emperor Wu.

They can stay and continue to practice and manage Tianlei City for Qin Chen, which is what they can do for Qin Chen now.

Qin Chen was very satisfied with the current Tianlei City, he could settle his relatives and friends, there would not be too much crisis, but he knew that he could not stay here for long.

"Kiritsu, Qianxue, I will leave Tianlei City in two days, and I will leave for a while, but don't worry, I will be fine."

Qin Chen didn't want to be separated from Ji Ruyue and You Qianxue, but he also knew that he had too much to do, and Ji Ruyue and You Qianxue were not strong enough to go out with him on adventures. What Qin Chen wants to do most now is to first go to the Illusory Demon Sect, inquire about Sisi's news, and win over the Illusory Demon Sect's master, and then he will decide the next step, most likely to go to the Bloodline Holy Land, or to find Feng Shaoyu. , Even go to Misty Palace

Of course, the most important thing is to find the whereabouts of the Heaven Devourer Lord.

"We know, you go." Ji Ruyue and You Qianxue know Qin Chen too well, and now they really don't worry about Qin Chen. Qin Chen has a jade disc, an old source, a **** cat, and pay. Qiankun, it can be said that except for a few people such as Shangguan Xier and Heaven Devourer

Besides, as long as Qin Chen doesn't fall into any trap, there are not many people who can threaten him.

At the same time, they were able to be here quietly with Qin Chen, thinking that Sisi was still in the Magic Demon Sect alone, and felt a little guilty in their hearts. Sisi's love for Qin Chen was not less than that of them.

It has been some time since the establishment of Tianlei City, and news of Tianlei City is spreading everywhere on the mainland.

Everyone thought that Sky Thunder City would take action against Misty Palace, but in fact Sky Thunder City was extremely quiet.

In fact, Qin Chen had quietly left Tianlei City with Fu Qiankun and quickly headed to the Magic Sect.

This time he went to Illusory Demon Sect, Qin Chen took almost no one, only Fu Qiankun. As for the Tiandi Mountain Lord and the black slaves, they all stayed in Tianlei City. Among them, the black slaves need to build an intelligence network, mainly for the intelligence network of the Sky Devourer and Misty Palace. Qin Chen needs to find the Sky Devourer as soon as possible. The places where the Sky Devourer can go are in Laoyuan and Mokara. In its

There are not many places.

It is difficult for ordinary people to go to these places, but Mokara and Skeleton Rudder Master are familiar with the road, such as the Mystery of Heavenly Demon, which is the first to go to Skeleton Rudder Master.

In addition, places such as Guyu Jie can't naturally fall, so Mokara went to investigate in secret. Qin Chen also secretly mobilized the Ji family. For the Ji family, Qin Chen had only one request, that is, to hide as much as possible, and at the same time secretly inquire about the movement of the Misty Palace in the Hall of Law Enforcement. There are Ji family in the Hall of Law Enforcement to cope with the outside. Once the Misty Palace does anything, Qin

They will know the dust clearly.

Moreover, Qin Chen had already obtained some information from Ji's family before, and the Misty Palace and Law Enforcement Hall had already made a lot of mobilization for the Holy City of Bloodline.

Miaomiao Palace already knew the news that Fu Qiankun had come out alive, so such a transfer was obviously aimed at Fu Qiankun.

The address of the sect of the Phantom Demon Sect is in the Tianwu Continent, and it has always been a secret. Very few people know it, and even the major forces in the mainland are not even aware of it. However, the Ji family is in charge of the Law Enforcement Hall, but knows the general location of the Phantom Demon Sect.

Only half a month later, Qin Chen and his group had already arrived at a place called Yinmoling in Wuyu Sanzhongtian. It is rumored that the Phantom Demon Sect is located in this Yinmo Ridge.

[Chapter 2204: Well recovered](#)

Yinmoling is a place full of gloomy auras, where people are inaccessible and there are blood beasts with Yin attributes everywhere, which is dangerous.

There are even a lot of marsh gas, poisonous gas, and miasma gas inside. Generally unfamiliar strong people enter it. Once these poisonous gas is inhaled, even the Wudi strong will fall and will not escape death.

It can be said that Yinmoling is an enhanced version of the Black Death Swamp.

Although Yinmoling is not one of the seven forbidden areas in the mainland, in fact, in terms of danger, it is a terrifying and dangerous place second only to the seven forbidden areas.

"Unexpectedly, someone would build the sect in this place, and I don't know what the Illusory Demon Sect Master thought."

Fu Qiankun and Qin Chen flew over the Yinmo Ridge, with a trace of doubt in their eyes.

This kind of place is really unsuitable for survival, and most people would never establish a sect here. For example, the famous Heavenly Ghost Sect and the Dead Demon Sect on the mainland, both of which practice magic skills, but the Yinshan Mountain where the Sky Ghost Sect is located and the Life and Death Devil Lave where the Dead Demon Sect is located are just more Yindevil Qi than other places. A bit heavier in

Environmentally, it is much better than Yinmoling.

And this yin and demon ridge is not only full of yin, but also miasma, and it is a swamp land, inaccessible to people, and people who can build the sect in such a place must have different thinking from ordinary people.

"Perhaps when the Phantom Demon Sect was first developed, it was dangerous, and only in this Yin Demon Ridge can it develop better."

Qin Chen said lightly.

"maybe."

Fu Qiankun nodded. In fact, the richest place in the world has already been occupied by major forces. If a top power wants to develop, in addition to plundering other people's territory, it can only develop in places like Yinmoling. Up.

"But what I am curious about is what the identity of the Illusory Sovereign is, the mysterious secrets of the gods, even the Ji family's intelligence in the law enforcement hall, and there is no more information about the Illusory Sovereign, this person seems to be born out of thin air."

This made Fu Qiankun extremely puzzled. The appearance of a top expert definitely could not have appeared out of thin air, but the Sovereign of Illusory Demon couldn't find the past at all, it was indeed extremely strange.

"Go, don't you know?"

Qin Chen chuckled and roared, an emperor-class eagle-falcon beast felt the breath of the two, and rushed forward, but Qin Chen lightly smashed it to pieces, and blood flowed.

Chi Chi Chi Chi!

The blood of this eagle falcon fell into the miasma of the swamp below, and even sneered. This miasma contained endless corrosive power, which was extremely terrifying.

However, Qin Chen and Fu Qiankun were not afraid, and they were easily resisted by the two people who attacked with the slightest yin and miasma.

Qin Chen possesses the Immortal Eucharist, and this miasma that can poison Emperor Wu has no effect on Qin Chen at all.

Fu Qiankun is a semi-sage-level powerhouse. Although Yinmoling's miasma is powerful, it is not the Seven Great Forbidden Lands after all. It is difficult to be poisoned by the miasma if you only need a giant Wudi-level master.

"boom!"

Above Fu Qiankun's body, a lingering light, invisible power permeated, and suddenly the miasma area was ten feet away from his body.

"Brother Fu, it seems that you have recovered well in the Universe Jade Plate before?"

The breath escaping from Fu Qiankun's body made him feel a little shocked, containing a trace of holy realm aura, very powerful and terrifying.

"It's not because of the aura of holy crystals in the jade disc of good fortune in the universe."

Fu Qiankun laughed and was in a good mood: "It is estimated that after another ten and a half months at most, the old man's injury will be healed. At that time... it is time to return to the holy capital and regain everything the old man lost."

Fu Qiankun's eyes were cold, and the cold light bloomed.

Although Qin Chen did not take away even one sacred crystal, when he was cultivating in the seal of the town boundary pearl, he constantly used the universe jade disc to absorb the power of the sacred crystal. All these sacred crystal powers were stored in the universe jade disc. Among.

Lao Yuan and Fu Qiankun were both seriously injured, but by absorbing the power of these sacred crystals, they recovered seven or eight.

Especially Fu Qiankun, who was seriously injured, his blood source was extracted, his pupils were lost, and it was extremely difficult to recover, but the power of the holy crystal allowed his body to be gradually healed, and even his pupils were reunited.

Now Fu Qiankun's double pupils are not real eyeballs, but the true essence formed by the power of the holy crystal. The two of them knew that the Magical Demon Sect must be built in the depths of the Demon Ridge. They went all the way and entered the deepest part of the Demon Ridge after half an hour. However, the Demon Ridge is too big, and they want to find one in this place. Hidden sect, extremely difficult

.

Especially the Illusory Demon Sect is extremely hidden, even Qin Chen and Fu Qiankun can hardly find the place of the Illusory Demon Sect in a short time.

"When does this have to be found?"

The faces of the two were a little ugly. With their cultivation base, if they searched inch by inch, they would definitely find it in ten days and a half month, but it took too much time.

"Right, **** cat!"

Qin Chen immediately called the **** cat out of the jade disc of good fortune in the universe. With the cleverness of the **** cat, it couldn't be easier to find a sect. Hearing Qin Chen's request, the **** cat couldn't help being speechless: "You two are too stupid? Look for the magic demon sect and try it with the magic heart stone? The magic heart stone is the treasure of the magic demon sect master, and is the key to her breaking through the semi-sacred realm,

If the Phantom Demon Sect is here, once the Demon Heart Stone is activated, it will inevitably change. "

Qin Chen patted his head, yes, how could he have forgotten this. He took out the Demon Heart Stone. At this moment, as soon as the black spar appeared in Yin Demon Ridge, an endless demon aura lingered and turned into a violent storm, and a trace of magic power was exuded from the Demon Heart Stone. Into this yin demon ridge

.

Such a strong change is really effective. Qin Chen was overjoyed in his heart, holding his right hand on the Demon Heart Stone, urging the power of the foreign demon race's rules, and began to perceive the changes in the Yin Demon Ridge. He faintly felt that somewhere in the southwest, there was a certain place. A deeper atmosphere of the evil spirit here

.

Is it there?

Qin Chen's figure shook, and immediately swiftly swept towards that area.

Phantom Demon Sect.

At the bottom of a cold grotto, there is a dark pool of water, the pool water is bubbling, and the black magic water is constantly surging, cold and evil.

A woman immersed naked in this pool of water. Her skin was as smooth as jade, warm and white, but under the immersion of this pool of water, there was a constant sneer, as if her skin was being corroded. The white skin was constantly corroded by the wounds of the debut, and the flesh and blood was blurred, and the black magical energy poured into the woman's body through the wounds, forming a series of dark magic patterns, which covered her whole body, and looked particularly hideous and terrifying. .

[Chapter 2205: Make a deal](#)

This was a torture-like practice, but Shangguan Wan'er didn't even notice it. She didn't even hum, her eyes were full of mercilessness and coldness.

Finally, without knowing how long it has been, a trace of violence flashed in the woman's eyes.

boom! She flew up, endless magic fluid surging, bursting, and the corroded flesh and blood of the flesh quickly healed, and the skin became smooth again, but the magic lines still surging on her, like a Venomous snake, cold and evil

evil.

"Why can't it work?"

Shangguan Wan'er's eyes were cold and irritable.

"Now that the effect of this magic pool is getting weaker for me, what should I do? Can I enter the Holy Realm?"

"Do you have to go to Death Canyon again?"

Shangguan Wan'er showed pain on her face. Death Canyon was the place she least wanted to remember, and where was the thing that made her the most painful.

"Well, someone is coming!"

Suddenly, Shangguan Wan'er's eyes were cold, and someone could find the place of my Illusion Demon Sect?

"No, why are the two of them? What do you do to my Phantom Demon Sect?"

Her face was shocked, her figure shook, and she suddenly disappeared into the magic cave.

A magic storm in the deepest part of Yinmoling.

Qin Chen and Fu Qiankun hovered in the air, staring at the devilish storm below with surprise.

"If I hadn't seen it with my own eyes, Ben Shao would have never imagined that this magical magic sect would be built in this place." Qin Chen sighed.

He followed the abnormal movement of the Demon Heart Stone. If it were not for the guidance of the Demon Heart Stone, he would never have imagined that the sect of the Demon Demon Sect would be built in the core demon energy storm of the Yin Demon Ridge.

This place is where the giant Emperor Wu entered, and it is extremely difficult to escape. If you want to come to the Phantom Demon Sect, you should have a special way to open up a safe way.

"Let's go."

Qin Chen said indifferently, just preparing to enter this devilish storm with Fu Qiankun, suddenly he paused, and smiled: "It seems that Illusory Demon Sect already knows that we are coming."

Rumble!

As Qin Chen's voice fell, the demon energy storm ahead suddenly surged. On the originally empty plain, the magic light flickered, and then a mighty building community appeared, hidden under the formation.

When the formation appeared, the whole devilish energy storm actually began to calm down, and then the smoke disappeared, only a burst of light flickered.

Hum!

The void flashed, and a figure wearing a black cloak had walked out of the void, it was Shangguan Wan'er.

Whoosh whoosh!

At the same time, among the sects of the illusion demon sect below, a famous expert appeared, and the leader was the phantom martial emperor, who were all masters of the illusion demon sect.

Qin Chen glanced, but shook his head slightly. The Magic Sect is not weak. There are also a few giant Wudi, and there are also one or two peak Wudi. But after all, there is too little time to establish, and in terms of the foundation, it is far behind the top of the mainland. Of the major forces.

If it weren't for the strength of the Illusory Demon Sect Master against the sky, the rest of the Illusory Demon Sect alone could only be regarded as a general force.

"Unexpectedly, the rumors of Tianlei City were true. The two actually escaped from the sea of thunder. This sect admires it!" Sect Master Illusory Demon stared at Qin Chen and Fu Qiankun, extremely surprised. She knew very well that she should be the last. One was teleported out, and after she was teleported out, no one would continue to escape from the space and seal, but unexpectedly, after she left

After that, Qin Chen and Fu Qiankun also escaped. How could she not be surprised?

Surprised to surprise, the Illusory Demon Sovereign had no sympathy for Qin Chen and Fu Qiankun, and said coldly: "I heard that Tianlei City, together with the Teng Family and other forces, divided the Wuyinmen and the Xiao Family. The two will come today. Do you want to do my magic sect?"

"Sect Master Illusory laughed, I am waiting for this time to come, just want to make a deal with Lord Sect Master."

Qin Chen smiled and said, he could feel the hostility on the Illusory Demon Sect Master, but he didn't care.

"Deal? My Phantom Demon Sect has always been hidden from the world, and I don't want to interfere with anything on the mainland. I also ask the two of you to leave quickly, and this Sect will not see you off."

Sect Master Phantom waved his hand and directly issued an order to chase off the guests.

"Your Excellency has a big temper." Fu Qiankun was dissatisfied. He was also the president of the Holy Land of Blood. The other party didn't give this face, and said lightly: "My proposal is about the future of the mainland. Misty Palace colluded with alien demons. , If you are just an ordinary person, you don't need to participate

Yes, but your Excellency is also a rare semi-sacred powerhouse in the world. At the same time, Illusory Demon Sect is also one of the top powers in the mainland. Everyone is responsible for the rise and fall of the world. Wouldn't you just want to stay hidden forever? "

What, Lord Sovereign is a semi-holy realm powerhouse?

Hearing that, the Phantom Martial Sovereign below each showed shock and amazement. They only knew that their suzerain was superior in strength and was not inferior to the ancestors of the mainland's top power, but they never thought that the suzerain turned out to be a semi-sacred state The strong.

Holy Land!

This is the realm that every powerhouse in Tianwu Continent dreams of. Sovereign Illusory Demon said coldly: "This sect is only a weak woman who only knows to survive in troubled times. As for the rise and fall of the world, this sect cannot control or control. Your Excellency, as the president of the Holy Land of Blood, was the first in the mainland. One person, that's you

Responsibility has nothing to do with this sect. Don't talk nonsense, please leave immediately. "

Qin Chen frowned, this Illusory Demon Sect Master's temper was too hot.

Fu Qiankun couldn't hold back at all, and said coldly: "If the mainland is really let the alien demons rule, then your Illusory Demon Sect will probably not be preserved. Even if you are innocent, don't you think about the disciples of your sect? Next?"

"Whether to consider or not, that's also a matter of this sect, please..."

"You..." Fu Qiankun's eyes were cold, and he was about to say something, but was blocked by Qin Chen. He lifted his hand, and the Demon Heart Stone suddenly appeared in Qin Chen's hands and said lightly: "This thing, the master of the magic demon should know?"

"Magic Heart Stone? How could it be in your hands?"

Sect Master Phantom Demon's expression changed drastically, and he looked at the Demon Heart Stone in Qin Chen's hand in amazement. Her demon heart stone was originally dedicated to the Lord of Abyss Demon in order to escape. In her opinion, the reason why Qin Chen and others were able to come out alive must be because of the sacrifice of some treasure, but now she sees what Qin Chen holds. After the magic heart stone, she stands

I was shocked.

She wondered why this Demon Heart Stone appeared on Qin Chen. Could it be that the Lord of Abyss Demon gave it to that kid, but how could this be possible? Qin Chen smiled faintly: "Sovereign master doesn't need to care about how this young master came to the Demon Heart Stone. This young master just wants to make a deal with the overlord. As long as the overlord is willing to let the magical demon sect and my Heavenly Thunder City work together to fight against Misty Palace and Alien

Clan, how about this Master Ben handing back this magic heart stone to the lord? "

"Damn, kid Qin Chen, this magical heart stone is your cat's treasure and mine." The **** cat suddenly got upset, transmitting the sound to Qin Chen, thunderous.

[Chapter 2206: Dark Dragon](#)

Qin Chen didn't pay attention to the **** cat. This magic heart stone is very special, with a special kind of magic power, containing the power of the holy realm, and this power is different from the alien demons and the magic power of the master of the abyss. Is another attribute

.

Today, Qin Chen has absorbed the power of the holy crystal, has also cultivated the inheritance of the alien demon race, obtained the blood soul crystal soul, and even obtained a mysterious demon crystal in that hall, which contains the special power of the abyss demon race.

As far as Qin Chen is concerned, he already has enough things, and the special power in this Demon Heart Stone has also been absorbed by the Illusory Demon Sovereign, so that the Illusory Demon Sovereign can touch the holy barrier.

Therefore, this piece of Demon Heart Stone did not have much effect on Qin Chen. If one could rely on a piece of Demon Heart Stone to win over the Illusory Sovereign, it would not be more cost-effective for Qin Chen.

"Want to use the Demon Heart Stone to win over this sect?" Sect Master of Illusory Demon smiled coldly: "This Demon Heart Stone is the thing of this sect, don't you think it is too ridiculous?"

"But it's in Ben Shao's hands now, that's Ben Shao's thing." Qin Chen smiled faintly.

"Hahaha, it's ridiculous, you won't be so confident with this sect with things from this sect, but it's okay, this magic heart stone is something of this sect. Please return your belongings to the original owner and hand it over."

Sect Master Illusion Demon lingers with magical power, staring coldly at the Demon Heart Stone in Qin Chen's hand.

This magic heart stone has not had much effect on her, but this thing was found in the Death Canyon in order to find Qin Chen. In the eyes of the master of the magic heart, the magic heart stone represents her right The thoughts left by Qin Chen.

"Hehe, do not agree to the transaction, but want to return to the magic heart stone, you are so confident?"

Qin Chen said indifferently. He could see that the Illusory Demon Sect Master didn't want to cooperate with Sky Thunder City at all, but he wanted to return to the Demon Heart Stone, where his confidence came from.

"Since you don't hand it over, then this sect will personally pick it up." The Illusory Demon Sect Master sneered, and moved quickly, banging, and countless dark runes appeared on her body. These runes flickered, and each rune had ancient words on it. Flashing, the densely packed runes spin quickly, turning into a black

The magic storm of Qin Chen and Fu Qiankun was suppressed instantly.

Buzzing! The magic light swept across, Qin Chen and Fu Qiankun only felt that their bodies were suppressed by a terrible force, and the surrounding void immediately solidified, as if trapped in the mud. The magic light surged from the body of the Illusory Demon Sect Master. Escape into the void,

It dissipated like green smoke.

But a strong sense of crisis suddenly appeared in Qin Chen and Fu Qiankun's minds.

"Hmph, this Illusory Demon Sovereign is so bold. It seems that the old man has disappeared in Tianwu Continent for too many years, and no one cares about the old man anymore." Fu Qiankun was furious, and his holy energy condensed twin pupils sparkled suddenly. There was a cold light, and then his body shape shook, rose up into the sky, palms out, and rumbling, only a dark handprint appeared in the world, above the handprint, the light of blood

Condensed, the Sanskrit sound sang loudly, rumblingly rolled out, directly blasting on the sky full of magic light rune.

At the beginning, Fu Qiankun had seen the Sovereign of Illusory Demon use this magic light rune to temporarily seal the Demon Lord, so naturally he did not dare to be careless.

Boom!

The sky suddenly exploded, and the terrifying force swept in all directions like a volcanic eruption. The sky was trembling with runes, and the entire sky cracked.

"The president of the Holy Land of Blood, there really are two things."

The voice of the Illusory Demon Sovereign resounded, misty as smoke, a surging force rippling from the unknown void, and only black magic beads appeared around the broken void.

There were countless magic light runes flashing on the magic beads, and they slammed towards Fu Qiankun.

Fu Qiankun didn't dare to be careless, and grabbed it in the air, suddenly a layer of **** light appeared in his hand, and he grabbed the magic light runes. The bloodline light spread out, colliding with the magic light rune, there was a bang, and the two forces collided. Those magic light runes exploded one after another, bursting out countless magic energy, and the entire void was under the magic energy. Burning up with the light of blood

Resistance together.

It was evenly matched.

"Huh? Your cultivation has improved so much, how is it possible?"

In the void, a black shadow flashed by, erupting cold and murderous intent. She looked at Fu Qiankun with gloomy eyes, her face extremely ugly. She had seen Fu Qiankun and Long Batian fight each other before in the ancient magic land. Although they were tough, they were only the ultimate cultivation base of the peak martial emperor. It was nothing, but now, it is more terrifying than before. Many, how in a short time

Will it improve so much?

How did she know that Fu Qiankun was originally a master who had touched the Holy Realm, and the reason he could only be compared with Long Batian in the Ancient Devil Land was because he was seriously injured.

But afterwards, in Qin Chen's Universe Good Fortune Jade Plate, he absorbed a large amount of sacred crystal energy, and Fu Qiankun's injury has recovered seven or eighty eight, which is naturally different.

"Huh, it's tough, but it's just that."

After being shocked, Sect Master Illusion Demon sneered again, squeezed the tactics with one hand, and snorted coldly. Under the burning of the magic light, there was a magical dragon rushing out of the magic light, breaking through the blockade of the bloodline light with its teeth and claws. From the bite of the universe. Moreover, Sect Master Illusory Demon's eyes waved with his left hand, and an invisible demon aura suddenly lingered from all directions. These demon auras were like seaweed dancing on the bottom of the sea, disturbing one after another, and swept toward Qin Chen's swift package, obviously to compete for Qin Chen's hand.

The magic heart stone in.

She did two things at once, and targeted both of them at the same time.

"what?"

Fu Qiankun let out a horror. Although he was not surprised, his hands turned into Tai Chi, and he made a dragon capture technique.

With five fingers into claws, he took a mighty step forward, and directly pinched the neck of the devilish dragon, while the other hand was Haidilaoyue, directly grabbing the tail of the black dragon.

boom!

He grabbed the black demon-qi flood dragon with both hands, the whole devil-qi flood dragon danced frantically, but could not break free of his palm. Sovereign Illusory Demon's eyes were shocked. Although her black devilish dragon was only transformed by devilish energy, she was sacrificed after killing a dark dragon. It contained the complete spirit of the dark dragon, so its power was extremely terrifying. Amazing, didn't think

He was caught by the opponent just after the show. But she sneered in her heart. Although Fu Qiankun caught the dragon's devilish energy, Qin Chen on the side couldn't resist her shot at all. She couldn't help but sneered: "What can you do if you hold my devilish dragon? I have spare capacity to protect the little ones around you

Son? "

"Hahaha."

Unexpectedly, Fu Qiankun didn't care about it after listening to it, but laughed, and the master of the magic demon was inexplicable. But soon, she understood why Fu Qiankun was laughing.

[Chapter 2207: Phantom Handprint](#)

Boom!

Countless demonic energy danced, rushing towards Qin Chen frantically, seeing some demonic energy about to wrap Qin Chen, Qin Chen suddenly appeared in his hand the Ban Yue ancient sword.

"cut!"

The mighty ancient sword glowed, bursting with astonishing sword energy pressure, and instantly smashed on countless devil qi, only to hear the sound of puffs and puffs, and a lot of devil qi was madly obliterated, really like a root of seaweed Usually cut off.

"what?"

The eyes of the Phantom Sect Master's eyes became round. How could this be possible? Although the demon energy she waved casually was not as strong as that aimed at Fu Qiankun, she also reached the pinnacle martial emperor realm. Each of them could make a pinnacle martial emperor extremely embarrassed, but Qin Chen cut it off at will. With so many roots,

Where does this kid come from such a strong method.

"Go to me!"

The Illusory Demon Sect Master snorted coldly, swish, and countless demon qi suddenly appeared in the void, like chains, constantly piercing Qin Chen, the chain speed was extremely fast, shuttled through the void, blocking every inch of Qin Chen's body.

This time, countless black magic energy is even more powerful, layered upon layer, crazily trying to wrap Qin Chen.

"Huh? The power is stronger again?"

Qin Chen was shocked, the magical energy displayed by the Illusory Demon Sect Master was much stronger than before. His eyes were cold, and suddenly, the empty thunder sword domain displayed it for the first time, wrapping countless magical energy in it.

Crackling!

Thunder light and sword light flickered at the same time, and many devil qi were exploded. Qin Chen shook his figure and directly rushed out of the attack circle of Sect Master Illusion Demon and swept towards the place of Illusion Demon Sect below.

"Fu Qiankun, you stop her." Qin Chen shouted coldly.

He came here for two purposes. One was to win over the Illusory Demon Sect Master, but at present, the Illusive Demon Sect Master was obviously a bit stubborn, and the second purpose was to find out where Chen Sisi was and take Chen Sisi away from the Illusory Demon Sect.

"Haha, leave it to the old man."

Fu Qiankun obviously knew Qin Chen's purpose, and smiled faintly, very confident.

"Damn, you dare to do something to my Magic Demon Sect."

The Sovereign of Illusory Demon was furious, thinking that Qin Chen was going to take action against the Illusory Demon Sect, his face suddenly became cold, his decisive tactics changed, and he shouted, "Blast!"

Fu Qiankun's face changed slightly, the spirit of such a powerful and dark dragonflood, giving up when he didn't expect the other party to give up, and slammed it towards the distance.

But before the Dark Dragon Jiao made a move, he "banged" it into countless demonic energy, bursting open suddenly!

Boom!

For a long time, the sky turned into an ocean of magic light, and Fu Qiankun's whole body was covered by magic light, and his body made a sound of true essence. This magic light is the blood beast demon at the peak of the ninth order. Together with the power of the magical demon lord, he constantly burns the true essence of the universe. He quickly kneads the tactics to stimulate the blood in the body, and the light of the blood suddenly blooms, and he directly Cover, give this black magic light

Stay away.

Sovereign Phantom Demon's expression changed, "Bloodline materialized?"

Fu Qiankun nodded and said, "It is this technique."

Many big holes were corroded in his robe, and his hair and beard were half gone, making him look a little embarrassed.

But the cold stars in his eyes are already shining brighter and brighter.

Because Fu Qiankun discovered that although the power of his bloodline had been extracted by the Soul Master of the Misty Palace and integrated into the opponent's body, the root of the bloodline was still there, but it was difficult to regenerate.

He had absorbed the holy crystal in the jade disc of good fortune in the universe before, and he recovered a lot of the power of the blood, and he was overjoyed in the past.

As a bloodline master, if there is no bloodline power, he would be cut off by someone, but now, this arm has returned.

Sect Master Phantom Demon's eyes twisted gloomily, this Fu Qiankun was really difficult, but she couldn't help but think of Qin Chen.

There was even a burst of colic in her heart. Back then, she had followed Qin Chen to the holy capital and visited Fu Qiankun. At that time, Qin Chen and Fu Qiankun discussed the bloodline technique with each other, forgetting everything, and she was watching quietly. , My heart is full of happiness.

But first, Fu Qiankun is still there, but Qin Chen is gone.

"Fu Qiankun, don't force me, leave quickly."

The Sect Master of Illusory Demon savagely said, killing intent in his heart.

Fu Qiankun said sternly: "Sovereign Illusory Demon, I am waiting for this trip, only good intentions, no malice, and listen to me..."

Without waiting for Fu Qiankun to finish speaking, the master of the magical demon said coldly: "Since you are looking for death, you can stop blaming this sect for being polite and start..."

As her voice fell, the sleeves on her body stirred, and the magical power turned into a blast of wind, and the world turned into gray.

Rumble!

The entire Yin Devil Ridge trembled, and countless devil qis between the heavens and the earth were aroused. Above the sky, an ocean-like black devil qi surged, changing forms in the sky, either man or beast, and finally condensed into one big hand.

The numerous fine palmprints on the palm of the hand rippling like water waves, flashing dense floating light, dazzling.

"by!"

Fu Qiankun couldn't help but explode, the Sovereign of Illusory Demon was able to mobilize the power of the entire Yinmoling Yinmoqi.

"Boy, move faster!"

Fu Qiankun said in fright, looking at the **** hand slowly falling from the clouds, his expression was depressed.

Qin Chen also felt this terrible power, and the countless devilish energy and true energy in the world were terribly restless. Even if he was not under the palm of the devilish energy, he felt abnormally depressed, and his body felt uncomfortable.

"boom!"

Qin Chen came to the front of the Illusory Demon Sect like lightning, and the many masters in the Illusive Demon Sect were already on the verge of an enemy, om, a burst of light floated up outside the Illusory Demon Sect, instantly turning into a defensive shield, and instantly closing the sect. Shrouded.

"Haha, set up in front of this young man."

Qin Chen sneered. Before the laughter fell, his eyes suddenly froze. In this big formation, he had a sense of familiarity, and the foundation of the formation method was similar to the one he had studied.

No, but this big formation was actually arranged on the basis of the formation that he had studied, just like the sky-locking formation of the Misty Palace, but it had been transformed on top of the formation he had studied.

"Is this Illusory Demon Sect Master and Misty Palace related?"

Qin Chen's heart sank and his eyes were cold. Although his insight into the formation was spread in the Martial Domain, it is not a secret, the formation of this magical magic sect uses the ancient formation technique that he finally researched that year, and this technique, He never sent it out

Only a few people, such as Shangguan Xi'er, Feng Shaoyu, Ji Wuxue, etc. knew about it.

However, based on the previous situation in the Ancient Demon Land, the Illusory Demon Sect Master didn't seem to have any collusion with Shangguan Xier, otherwise she could have joined Shangguan Xier's side at first, enough to crush them.

In Qin Chen's doubts, the huge magic light handprint of the Illusory Demon Sect Master had fallen.

"Phantom Demon Handprint!" The Phantom Demon Sect Master shouted angrily, squeezing the technique with both hands, and boundless black light suddenly surged from the big hand in the sky, covering the world in darkness.

[Chapter 2208: Ignorance and fearless](#)

"by!"

Fu Qiankun cursed secretly, his eyes widened, his hands suddenly opened to the left and right, the light of blood rose suddenly, turning into a ball of several meters, the true essence swelled inside, and countless runes surged in the blood circle. The ball is flying around.

"Ignorance and fearless!"

The Phantom Sovereign sneered, his hands crashed.

As her hands fell, rumbling, the world collapsed, the mighty magic light handprints rumbling down, and instantly the cover fell.

Fu Qiankun's face was bright red, and his body also flew out of colorful rays, condensed in the whole body.

He suddenly slapped his palms in front of him, and a vast force swayed from his palms, and the whole sphere made a "hum" sound!

The light of blood seems to be urged to the extreme, constantly bursting with dazzling glare.

The bloodline light slowly gathered around Fu Qiankun to form an armor. The armor was condensed by the phantom light, constantly humanized, and finally became a huge bloodline giant.

Fu Qiankun's eyes were solemn, and he was obviously doing his best.

"Block!"

"boom!"

Two terrifying forces collided together, and the world collapsed instantly, the void shattered, the universe turned upside down, and the sky was dim.

Fu Qiankun was completely shrouded by this force, and at the same time, a terrifying shock wave swept out madly, slamming against Qin Chen before the big formation.

"Yuan Shizhong!"

The Yuan Shi Bell appeared on Qin Chen's head, and the bell sounded long and swiftly rippling to protect Qin Chen. This Yuan Shi Bell was a treasure that Qin Chen had acquired, and it was naturally easy to move.

Then Qin Chen pinched the tactics with both hands, and the power of the invisible light array swept out, and at the same time, the Qixuan Doutian Star Apparatus emerged, shooting a light that instantly fell on the Illusory Demon Sect's large array.

Hum!

The magical demon sect's large formation that could withstand the peak of Emperor Wudi instantly tore a gap under Qin Chen's hands, as if into the realm of no one, directly broke into the magical demon sect.

Because the formation of this magic demon sect was formed using his basic formation technique, coupled with the power of the Qixuan Dou Tianxingyi to crack the formation, Qin Chen easily broke the formation of the magic demon sect.

As soon as the formation of the Phantom Demon Sect was broken, the terrifying coercion of the Phantom Demon Sect instantly burst out of the Phantom Demon Sect.

Many masters in the Phantom Demon Sect were originally in tension. Seeing Qin Chen breaking in, they were about to fight back. They felt a mighty force rushing toward their faces. Many people vomited blood on the spot and knocked them out.

Even the Phantom Martial Emperor, such a master martial artist, was full of shock and pale, unable to withstand the power that penetrated, as if his body was about to split apart.

Even disciples of the Phantom Demon Sect couldn't bear the pressure of the Phantom Demon's big handprints, so they had to explode on the spot and disappear into smoke.

"town!"

Naturally, Qin Chen could not let the disciples of the Illusory Demon Sect fall, otherwise the enmity between the Illusory Demon Sect Master would really not be solved. With a big wave of his hand, the Illusory Demon Sect array was closed again, resisting the power of the Illusory Demon Handprint outer.

While everyone was frightened and frightened, Qin Chen immediately mobilized his soul power and swept through the entire Magical Demon Sect, trying to find the trace of Chen Sisi.

But when he swept it away, his expression changed. He swept past every corner of the Magical Demon Sect, and no trace of Chen Sisi was found.

"impossible!"

As far as he knew, Chen Sisi was brought back to the Magic Sect. He was definitely in the sect. How could he not be here now?

Unwilling to reconcile, he checked again, but still could not find the trace of Chen Sisi.

His heart suddenly sank, where did Chen Sisi go?

"Bold, your Excellency dared to break into my magic sect, who are you?"

At this time, many masters in the Illusory Demon Sect reacted and shouted one after another, appearing in front of Qin Chen like lightning, furious.

"Phantom Martial Emperor?"

When Qin Chen saw one of the figures, he was overjoyed. He snorted and released the space domain, bang bang bang, and suddenly countless magical magic sect powerhouses were blown out by him like a balloon.

Qin Chen suddenly came to the front of the Phantom Wuhuang under the swaying figure, sticking out his right hand, and firmly grasped the horrified Phantom Wuhuang.

"The magic cage!"

Hum!

The terrifying soul power permeated out, directly ingesting the Phantom Martial Emperor into an emptied and dark soul space.

In that dark space, the Phantom Martial Emperor fell into the gloomy world, appearing extremely weak.

"What do you want to do?"

In this cold prison, Qin Chen appeared, making Phantom Martial Emperor feel endless fear. She shouted in horror, her body seemed naked, without a secret.

"Phantom Martial Emperor, this young master is not malicious, just want to know where Chen Sisi is!"

Qin Chen asked.

"what?"

The Phantom Martial Emperor was taken aback, dazed, and obviously did not expect Qin Chen to ask this question. "Phantom Martial Emperor, this is Ben Shao's soul space. Here, you have no room for resistance. Ben Shao has thousands of ways to tell you the truth and even search for your soul, but Ben Shao doesn't want to do this. , Just want to know, Chen Sisi

Where, hope you can answer me. "

Qin Chen said solemnly, he can directly search for the soul of the Phantom Martial Emperor, but first, he has a good sense of the Phantom Martial Emperor. When he was in the Ancient Yu Realm, the Phantom Martial Emperor and himself fought side by side, and, indeed, It is to maintain Chen Sisi.

Secondly, if he directly searches for the soul of the Phantom Martial Emperor, then the relationship with the Phantom Demon Sect will be completely hostile. The Phantom Martial Emperor came back to her senses. She found that Qin Chen did not seem to be malicious, so she hesitated and said: "The saint went to the Thunder Sea with the lord not long ago, but only the lord came back later. One, I heard that Has also entered the seal of the Thunder Sea, is there no news of the saint? "

Phantom Wuhuang asked slightly nervously, staring at Qin Chen tightly, apparently also wanting to know the whereabouts of Chen Sisi from Qin Chen's mouth.

"What? Chen Sisi went to Thunder Sea?"

Qin Chen was shocked, why he didn't know that if Chen Sisi hadn't entered the space seal, it would be okay, but if he entered the space seal, then... Qin Chen's heart sank suddenly, his whole body was cold and his body was shaking. Clearly, only a few of them came out of the sea of thunder at the time. The rest of them all became the puppets of the Lord of Abyss Demon, even one of them.

Half of it was already dead in his hands.

But he also knew that if Chen Sisi was still alive, it would be impossible for the Illusory Demon Sect Master to leave Chen Sisi alone, but only the Illusive Demon Sect Master came back, which already explains the problem.

"Impossible, Sisi must have not died, there must be something wrong with me!" Qin Chen muttered in a daze, his eyes blurred and a panic in his heart.

[Chapter 2209: No tears](#)

Phantom Martial Emperor looked at Qin Chen suspiciously, and found that after Qin Chen heard Chen Sisi's news, her body was trembling, and she couldn't help but wonder about the relationship between Qin Chen and Chen Sisi.

Could it be someone on the mainland who is obsessed with the saint? If it weren't for Qin Chen's terrifying strength, Phantom Martial Emperor would even think so, but the news of Thunder City has also spread to the Phantom Demon Sect these days, and the Phantom Martial Emperor has heard of Qin Chen's many deeds, so much Xiao Dongyan

The young man who can kill will be obsessed with the saint? What's more, Chen Sisi was only selected from the Northern Heavens in recent years. Because she was born with a charming body, she was regarded as a saint. She had almost never left the Magic Sect in the past, except for the trip to the ancient Yu world. Rarely have contact with outsiders

Opportunity.....

No, Guyujie!

Phantom Wuhuang's body shook, suddenly thought of a possibility, staring at Qin Chen in amazement.

Could it be him?

The figure of a young man appeared in her mind. At first, she was only suspicious, but when she carefully looked at Qin Chen's hazy body in the distance, the familiar feeling became stronger and stronger.

How is it possible that he has already died in Guyu Realm? When the ancient Yu world exploded, everyone fell and almost no one could escape. How could he survive that kind of explosion? Phantom Martial Emperor's heart was full of disbelief, and she didn't believe that Qin Chen was the person in her heart. But the more she looked at it, the more she felt too alike. Although she couldn't see her face, that kind of temperament made her more and more. Sure, the people in front of you are extremely

It might be the person she imagined.

hiss!

The Phantom Martial Emperor no longer had any fear or amazement at this moment, only shock came out of his mind.

Qin Chen, who was opposite her, was in extreme anxiety at this moment.

Impossible, Sisi could not die.

There was confusion in Qin Chen's mind, but he also understood that Phantom Martial Emperor had no need to lie to himself, but if Sisi really entered the ancient magic land, wouldn't it mean that Sisi was dead?

He couldn't accept this result, this news, like a heavy hammer, slammed Qin Chen fiercely, leaving him at a loss and collapsed instantly. "Sisi, why did she go to the Thunder Sea? Her cultivation level, at most, just broke through Wudi. You have so many masters in the magic demon sect, even if the master of the magic demon wants to go to the treasure in the space seal, she should not take you The saint of the magic sect

Thunder sea, right? "

After a brief period of anxiety and panic, Qin Chen lowered his heart and asked coldly.

He suddenly discovered such a loophole.

Yes, maybe the Phantom Martial Emperor is lying to himself.

It must be so.

Although Qin Chen knew that this was unlikely, Qin Chen at this moment was like a drowning man who had caught the last life-saving straw. You know, the news that the Sea of Thunder found Saint Crystal is extremely terrifying. After receiving the news, people from all major forces urgently dispatched top masters, such as Pill King Pill Emperor, Lou Zimo and other masters, but none of them returned. Carry

Such a cumbersome son and daughter.

Yes, although characters like Saint Son and Saint Woman have development potential, in the eyes of top experts, they are actually just a burden.

And the Sovereign of Illusory Demon actually took Chen Sisi to the Sea of Thunder, which was not logical. Phantom Martial Emperor smiled bitterly: "The lord master took the saint to the sea of thunder, in fact, it was not to capture the holy crystal. The reason for entering the space seal was just a coincidence. The lord master took the lord of the saint to the sea of thunder. The main purpose

Yes, it is actually to wash the body, purify the soul, and wash away the suffering of the soul-eater of the saint..."

"The bitterness of the soul eater?"

Qin Chen was startled. The Phantom Martial Emperor's heart moved and deliberately tried Qin Chen, so he slowly said, "Yes, at the beginning, the saint of my Illusory Demon Sect was in Guyu Realm. Because of the fall of an old friend, she wanted to die, but the emperor killed her. Brought it back. Since then, although the Lord Saint is still alive, her heart is dead. In order to arouse the fighting spirit of the Saint, Lord Sovereign promised her, as long as the Saint can stay in the Grotto of Illusory Demon Abyss. One year, she can promise her a request, so the saint stepped into

In the Illusory Demon Abyss Grotto..." Phantom Wuhuang said slowly, Chen Sisi, in order to avenge Qin Chen, let the Illusory Demon Sovereign agree to target the Misty Palace, resolutely enter the Illusory Demon Abyss Grotto to accept punishment, and ended up suffering the pain of the soul-eater in the cave, Break through Wudi, and even step into higher

The realm, swallowing the ten thousand demons in the Illusory Demon Abyss Grotto, but always suffering from the pain of the ten thousand demons soul-eating, was originally said.

Listening to the Phantom Wuhuang's account, Qin Chen was completely dull.

"Sisi, how can you be so stupid?"

It was said that the man had tears and would not flick it lightly, but Qin Chen couldn't stop the tears at this moment, and rolled down frantically.

He didn't expect Sisi to endure so much pain after returning to the Illusory Demon Sect. For him, he even willingly entered this Illusory Demon Abyss Grotto to be closed and endured the pain that even Emperor Wu could not bear.

When the ten thousand demons were devouring souls, Qin Chen was shocked when he thought of it. He completely imagined how Sisi persisted.

During that period of time, what situation did Sisi face? Qin Chen already knew from the mouth of the Phantom Wuhuang that the Phantom Demon Abyss Grotto was a place where even the powerful Emperor Wudi of the Phantom Demon Sect could not stay for three months, but Ke Sisi stayed for so long, in that lonely Phantom Demon Abyss Grotto. Sisi faces every day

What are they all about?

Qin Chen's heart was full of endless regrets. If he could come earlier, it would be fine. Sisi might not endure so much pain, nor would he go to the secret realm of Heavenly Thunder, let alone fall there.

Qin Chen originally thought that what he was doing with Sisi was just mutual experience and friendship after the common life and death, but after learning the news of Sisi's fall, he completely collapsed, unable to accept this reality.

"No, I must get Sisi back."

Qin Chen gritted his teeth, even if Sisi was really dead, he couldn't let Sisi's corpse stay in the ancient demon land and become a puppet of the powerful deep demon clan.

But Qin Chen didn't know how he could enter the ancient magic land again.

Suddenly, Qin Chen thought of Qin Mo in his mind.

By the way, Mo Qin is still in the Ancient Demon Land. As long as he can get in touch with Mo Qin, he can naturally let Mo Qin replace himself and find Chen Sisi.

But Mo Qin is still being evaluated, and there are competitors...

Competitors?

Amidst the confusion, a figure suddenly appeared in Qin Chen's mind. It was an extremely familiar figure he had seen from Qin Mo's perspective. Qin Chen felt like he was being poured from his head by a basin of cold water in the ice and snow.

[Chapter 2210: Maybe not dead](#)

"No, Sisi may not die."

Qin Chen was so excited, his mind suddenly became clear.

He suddenly woke up, although almost all of them fell to the ancient demon land except for the few who escaped, but not all of them fell, at least not Qin Demon.

Besides Qin Mo, there was also the figure of a woman.

Qin Chen carefully recalled the figure of the woman, his expression getting more and more excited, more and more excited. He clearly remembered that when he saw that figure, an extremely familiar feeling emerged in his mind, as if he knew the woman. It was just that he was at a critical moment of cultivation and there was not much time at all.

Think about it in time.

Looking back now, the mysterious woman's figure and Chen Sisi's incomparable imagination, it is very likely that it is Chen Sisi.

"Yes, it must be Sisi, except for Sisi, no one else can have this qualification."

Qin Chen's heart was beating, his mind was constantly thinking, and he became more sure of his guess. At the same time, his eyes full of regret and pain suddenly became extremely excited and ecstatic.

If you want to be recognized by the deep demon clan powerhouse and enter the real heritage, the most important one is to have the talent of the deep demon clan.

At the time, Qin Mo was able to pass the assessment because Qin Mo was a perfect demonized physique condensed from golden parasitic seeds. From the previous description of the Phantom Martial Emperor, Chen Sisi was able to use half a step of the Martial Emperor's cultivation level to survive the Illusory Demon Abyss test that the giant Martial Emperor could not survive, and when he broke through the Martial Emperor, he swallowed all the magic in the Phantom Demon Sect. , This kind of magic talent, Even Tianjiao of the alien demon race, such as Moli, is only stronger than weak.

Coupled with Chen Sisi's natural charming body, it is not impossible to break into the final assessment of the Abyss Demon Race.

Yes, it must be so!

Qin Chen thought about it carefully, and kept reminiscing about the original scene, except for Chen Sisi, he couldn't think of other possibilities.

"As long as Sisi is okay, everything is possible."

Qin Chen couldn't help clapping his hands with excitement, but she was shocked by the Phantom Martial Emperor who was opposite. She looked at Qin Chen suspiciously, and she couldn't understand why Qin Chen had a painful expression before, and she became happy at this time.

Is her guess wrong?

"Senior Phantom Martial Emperor, thank you for your mention."

After Qin Chen mastered his thoughts, he was overjoyed, and he bowed his hand to the Phantom Martial Emperor, laughed, and then rejected the Phantom Martial Emperor's soul from the Phantom Imprisonment Cage.

Hum! The Phantom Martial Emperor only felt that there was a flower in front of him, that he had appeared in the Illusory Demon Sect again, and Qin Chen had already let go of her, and the countless Illusive Demon Sect masters on the side saw that the Phantom Martial Emperor was captured by Qin Chen, and were immediately furious. Are making moves, to

Rescue the Phantom Wuhuang.

Although everything that happened in the magic prison was long, at the soul level, the passage of time was actually completely different from the outside world. The two seemed to talk for a long time, but in the outside world, it was only a blink of an eye.

Boom boom boom!

Countless attacks fell on Qin Chen, Qin Chen's body showed a Gangyuan Formation, and a misty array of light shrouded him, shaking away the attacks of many powerful people in Illusory Demon Sect.

"Hahaha!"

Qin Chen laughed up to the sky, soaring to the sky, and instantly rushed out of the attack circle of the magic demon sect's many masters. With a big hand, he opened the magic demon sect's formation and directly rushed out of the magic demon sect.

He broke in just to take Chen Sisi away. Now that he has figured out the whereabouts of Chen Sisi, he naturally doesn't want to stay and fight with the master of the Magic Demon Sect.

"Master Phantom Wudi, are you okay?"

Whoosh whoosh!

A famous expert came and asked with concern.

Qin Chen called the Phantom Martial Emperor the Phantom Martial Emperor because in the ancient Yu world, she was the Phantom Martial Emperor. However, after the Guyu Realm and his party, the Phantom Martial Emperor broke through the realm of Emperor Wu, and the name in the sect was naturally changed to Lord Phantom Martial Emperor, and the group of Guyu Realm allowed her to be appreciated by the phantom demon sect master, and even became the phantom demon sect master. may

, Therefore, in the sect, even many giant Wudi are extremely respectful to Phantom Wudi.

"I'm okay." The Phantom Wuhuang shook his head, and everyone was relieved. Then, looking at Qin Chen's leaving back, they began to talk in doubt.

"That kid, actually left, weird."

"Maybe it's afraid of so many of us."

"I don't know what happened to Lord Sect Master and Fu Qiankun's fight."

"Then Fu Qiankun is the former president of the Holy Land of Bloodlines. Is Sect Master his opponent?"

Although they don't know why Qin Chen left, everyone was relieved and began to focus on the outside battle.

Only the Phantom Martial Emperor, with a look of doubt, frowned as he looked at Qin Chen's leaving back, and muttered, "Is he that person?"

Qin Chen rushed out of the Great Illusory Demon Sect, while the fight between the Illusive Demon Sect Master and Fu Qiankun continued, and two terrifying forces were colliding wildly.

Standing in the void, Qin Chen felt annoyed in his chest, like a boulder pressed against him, unable to relax.

His face was solemn, and he looked at the collision of the two big tricks.

At this moment, there was no human figure, only an aurora shining, piercing the eyes.

Do not distinguish between superiors and inferior, do not judge life and death.

Under the gaze of Qin Chen's soul power, amidst the terrifying roar and explosion of the heaven and earth vision, the two forces were already at odds.

And that so-called dazzling aurora was exactly the terrifying true essence under the confrontation between the two, exploding into countless true essence particles and scattered.

"Sect Master of Illusory Demon is even equal to Fu Qiankun?"

Qin Chen frowned. If this continues, both of them will probably be injured.

Thinking of this, Qin Chen suddenly appeared a mysterious rust sword in his hand, screamed coldly, "Lao Yuan, help me!"

Hum!

Suddenly, a horrible source of energy poured into Qin Chen's body. Qin Chen felt his physical strength increase rapidly, and a sense of invigoration flooded his whole body. Facing the confrontation between the two of them, a sword fell. Go down.

"cut!"

Boom!

The terrifying sword light slashed directly at the place where the two met, bursting out an unprecedented dazzling glow.

"What is this kid doing?" The people in the Illusory Demon Sect below were shocked. Is this kid crazy? How dare to intervene in the fight between the guildmaster of the Holy Land of Blood and Lord Sect Master, who does he think he is? Even the pinnacle martial emperor, once the two attacked by them, they will be crushed.

Bone, the end of ashes.

But in the next scene, everyone was stunned.

Click!

When Qin Chen's sword light entered the place where the two of them fought, a crack suddenly appeared where the huge handprint and the light of blood collided, and the crack became wider and wider and denser. Finally, there was a thud. It exploded.

"Boom!"

A force that destroys the sky and the earth rushed in all directions, and the whole world was plunged into darkness. If this force rushed to the Illusory Demon Sect, even if the Illusory Demon Sect had a large array of guardians, it would surely be blown up and exploded, causing countless casualties. This is the power of the semi-holy level.
