

Valkyrie 221

Chapter 221

For a moment, Yu Chi became a dull expression, and he didn't know what to say.

Before, they hadn't had any disciples coming out for a long time in the Great Wei Kingdom. They didn't expect that they would come out three as soon as they came out, and each was seriously injured, and one was even dying and almost died.

This made Yu Chicheng's heart depressed. Could it be that something went wrong in the first trial?

"Hahaha, Yu Chicheng, your great Wei State disciple is really amazing. When you are eliminated, you are always one after another. It really is different."

Seizing the opportunity, Xiao Zhan burst into laughter, and said that Yu Chicheng's face was pale, almost mad.

"Tsk tusk, what's more weird is that that disciple is almost out of breath, amazing, really amazing, he can smash jade tiles when he is almost out of breath, I am afraid that only you, Wei Chicheng, can teach you this kind of strength."

Finally, when he had this opportunity, Xiao Zhan was extremely happy in his heart, venting his sullenness all at once.

"Huh, Xiao Zhan, what's your pleasure? Brother Yuchi just eliminated three disciples. Compared with your Daqi State, it's still far behind." Ling Zhong snorted coldly.

"Ling Zhong, don't be arrogant, maybe your disciple of the Ghost Fairy Sect will be eliminated after the meeting."

Anyway, he had already torn his face with the Guixian faction, and there was no need to worry so much.

"Haha, Xiao Zhan, you are dreaming, my disciple of the Guixian faction, but unlike your disciple of the Kingdom of Qi, how can you be eliminated? Really ridiculous."

Ling Zhong sneered, but as soon as he sneered off, he heard a buzzing sound, and someone appeared on the teleportation station again.

Everyone was dumb.

What's going on today, how come people come out one after another, there won't be any chaos inside, right?

After staring at him, Ling Zhong naturally turned his head and stared. At this look, his expression was stunned, his expression instantly frightened.

It turned out to be a disciple of his Guixian faction.

"Huh!"

He flickered and came to the high platform. Ling Zhong lifted the disciple up, poured his vigorous qi into the disciple's body, and said in a deep voice, "What's going on? What happened inside?"

"Ling...Elder..."

The disciple was covered with blood and spitting blood in his mouth. When he saw Ling Zhong, his eyes burst out with the desire to survive, but he tilted his head and died on the transmission platform.

"hiss!"

Everyone took a breath, staring at each other in amazement.

At this time, no matter how idiot you are, you know that something is extraordinary, and something must have happened inside.

Suddenly, the crowd was restless, and everyone was in an uproar, discussing with each other.

"Ling Zhong, what you said will not be eliminated? Hehehe." Xiao Zhanwei laughed, so angry that Ling Zhong almost didn't spit out a mouthful of old blood.

Nima, I just said that my disciple of the Ghost Fairy Sect would not be eliminated, and one was eliminated in the blink of an eye. This face was slapped, and he almost had no face to stay.

"Xiao Zhan, you wait."

With a cold snort, Ling Zhong held the disciple's corpse and swept off the high platform, his expression gloomy, almost dripping with water, and the tense atmosphere almost condensed.

"Wei Chicheng, the situation is not right. My Guixian faction and your Dawei disciple were eliminated together. There must be some accident inside."

When he came to Yuchicheng, Ling Zhong's face was gloomy.

Yu Chicheng's eyes were uncertain, and he apparently agreed with him, saying, "I will send someone to heal the two of them immediately. When they wake up, they will naturally know what happened inside. If you let me know, who is bringing me up? Wei's disciple is hurt like this, I will not take it lightly."

Gritting his teeth, Yu Chicheng was full of murderous aura.

At the moment, a physician from the Great Wei State stepped forward and urgently treated the two disciples.

However, he hadn't waited for his two disciples to be rescued.

Boom!

From that teleportation platform, someone fell again, still a disciple of the Great Wei Kingdom.

Everyone was dumbfounded, what happened to the great disciple of the Wei Kingdom? Did you hit a ghost? Why are you eliminated like crazy?

You know, a few days before the first test, the Guixian faction and the Great Wei State were almost the two forces that eliminated the least disciples, and even the Liang State, known as the number one power, eliminated more disciples than the Great Wei State.

But now, how long it took, half an hour at most, that seven or eight disciples of the Great Wei Kingdom were eliminated, almost catching up with most of the disciples of the Great Wei Kingdom who were eliminated before.

Suddenly, the crowd boiled.

Yu Chicheng's face was gloomy, and he hurried to send someone to treat him. This time, he was lucky. One of the disciples was not unconscious. Under questioning, he got the truth: "It's the Great Qi Kingdom, the four prince Zhao Wei of the Great Qi Kingdom. A group of strong men are slaughtering our disciples from the Great Wei Kingdom..."

"What? A person from the Great Qi Kingdom?"

Yu Chicheng said angrily: "Where are Nian Wuji and Cao Heng? Don't you know how to stop it?"

"Back... Back to your lord, we didn't see His Royal Highness the Three Princes and the Sect Master Nian Wuji." The warrior was trembling, and was rushed by Yu Chicheng's momentum, and almost fainted.

"Where are these two **** fooling around?"

Yu Chi Cheng was so angry that he was about to explode.

At this time, the two of them disappeared unexpectedly. It would not have been the princess Zi Xun who had caught the Kingdom of Qi, and they had just messed up.

Is this to **** him off?

"How many of them are there?" Yu Chicheng insisted on holding back his anger.

"I didn't see clearly..."

The disciple was almost crying, tilted his head and passed out.

He was unlucky enough. He was flustered by the people of the Great Qi Kingdom and still had injuries on his body. After the transmission, he would be scolded by Yu Chicheng. It was too tragic.

"Damn it, those guys from the Great Qi Kingdom, let you be arrogant first, and wait for your death when you meet Cao Heng and Nian Wuji."

Yu Chicheng and Ling Zhong looked at each other, their eyes cold.

However, what Yu Chicheng did not expect was that this was only the beginning, not the end.

Next, the warriors of the Great Wei Kingdom and the Guixian faction were eliminated continuously.

Among them, there are many top powerhouses in the sky.

Yu Chicheng and Ling Zhong were so angry that they vomited blood again and again.

At this time, in the first try.

Qin Chen and the others slaughtered wildly, without any intention of stopping.

In just one night, more than 30 disciples of the Great Wei Kingdom and the Guixian School were eliminated. At the same time, nearly 20 people died in this mountain forest.

In the process of searching, many warriors from the Great Qi Kingdom were discovered and joined the team.

For a while, the team continued to expand.

By the next morning, the team that originally had only about ten people suddenly expanded to more than twenty people.

A huge team was formed.

Qin Chen and the others got huge resources, not only blood crystals, silver tickets, and elixir, but also various treasures, pills, and cheats.

The number of blood crystals obtained was large enough to allow every disciple of Daqi Kingdom to pass the initial test.

Chapter 222

In the daytime, Qin Chen and the others finally stopped the killing and took a rest.

In the overnight battle, everyone's spirit and spirit have been greatly improved. Although some people were injured, their temperament has become different after experiencing the experience of blood and fire.

Everyone is like a sharp sword out of the sheath, with sharp edges.

"His Royal Highness, Little Dust, shall we still act tonight?"

During the rest of the day, everyone's energy became very full and eager to try.

"Brother Qin, you decide!"

Turning his head, the fourth prince looked at Qin Chen.

After a night of fighting, all the warriors of the Great Qi Kingdom completely admired Qin Chen, and Qin Chen played a huge role in the killing the night before.

Every time, he was the first to spot an enemy. Once he encountered a hard bone, he was also the first to arrive for rescue. The reaction speed was so fast that no one could match.

"Of course continue."

Under all eyes, Qin Chen smiled slightly: "Doesn't this great Wei state want us to fail the assessment? Don't take care of them, how bad is it?"

You know, the battle last night gave Qin Chen a huge harvest, and the elixir and property he got piled up like a mountain. How can you miss such a good thing?

Unconsciously, the sky darkened and entered the darkness again.

This is the last day of the assessment.

This night, a miserable cry sounded in the Demon Ancestor Mountain Range again, and a warrior named the Great Wei Kingdom and the Guixian faction was constantly eliminated, and there was no way to fight back.

Outside of the first test.

Throughout the day, no disciples of the Great Wei Kingdom and the Guixian faction were eliminated. Yu Chicheng and Ling Zhong just breathed a sigh of relief when they saw the light on the teleportation platform continuously lit up. The disciples of these two major forces were once again being smashed. Teleported out.

"It started again."

At the edge of the transmission platform, the other powerful forces are already numb.

How many are these? No less than 60 or 70, right?

In one night's effort, the disciples eliminated by the Great Wei Kingdom and the Guixian faction have reached the sum of those eliminated by the Great Qi Kingdom a few days ago.

"Damn it, where did Nian Wuji and Cao Heng go? Why aren't they doing it now?"

Clenching his fists, Yu Chicheng was so depressed and almost crying. If this continues, his disciples from the Great Wei Kingdom will almost be eliminated.

At this moment, there was only one thought in his mind, and that was that the **** assessment would end soon.

This killing lasted a full night.

Qin Chen and the others swept through the place of the first test. In the end, the number of warriors killed in the place of the first test was as high as more than fifty people, and the number of warriors sent out was as high as nearly a hundred.

In the end, the powerhouses such as Qin Chen and Zi Xun don't need to do anything at all, just hide behind the team.

Because the team of the Great Qi State has expanded to more than forty people, vast and mighty, almost the entire Great Qi State's warriors who are still on the trial ground, most have swept in.

When the time is close to noon.

Hum!

An invisible formation force suddenly swept through, enveloping everyone.

"Everyone, see you outside."

When the voice fell, the power of the invisible formation enveloped everyone, and all the warriors who were still alive in the place of the first trial were all sent out by the formation.

Buzzing!

In the open space outside the first test place, various lights suddenly lit up, and a famous warrior appeared on the transmission platform.

Most of these people have injuries on their bodies, but their looks vary.

Some of them were in high spirits and looked excited. It was obvious that they had completed the preliminary examination and obtained enough blood crystals.

Some looked depressed and lost.

These warriors talked about each other a lot, all discussing the thrilling experience in the initial test, and each one looked excited.

After experiencing such a competition, as long as everyone who survives, the temperament becomes extraordinary.

"I also ask each warrior to line up and don't want to move around. First, hand in the blood crystals that you have obtained in the first test site for performance evaluation. If you find any private contacts, you will be disqualified."

Wei Tianming, the top master of the beam country, stood on the high platform and shouted loudly, his voice rumbling, clearly reaching the ears of every warrior.

At the moment, the personnel who have the assessment, holding the record sheet, come to check.

This step must be carried out every time, and everyone is very familiar with it.

When recording performance in Liangguo.

In addition to the teleportation space, the powerful from all major forces surged up, frantically searching for their genius in the crowd.

This year, there were nearly 2,000 disciples from all major forces participating in the preliminary examination. In addition to the six to seven hundred people who were eliminated, there should be more than 1,000 people who have not come out.

But in fact, the warriors who were finally sent out, roughly looked at only six or seven hundred people.

In other words, at least four to five hundred people died in the first trial in this first trial, making everyone's heart beat wildly and worrying.

The loss is too great.

In the past, the death rate was generally one-tenth in each initial trial. That is to say, about two hundred people will fall. This is a reasonable number.

But this time, it actually fell more than twice the normal rate, making everyone **** in air.

Especially Xiao Zhan stepped forward immediately, searching for Zi Xun and Qin Chen frantically.

"Hahaha, Xiao Zhan, don't look for it. No matter how you look for it, the princess of Daqi will not survive."

Yu Chicheng's face was gloomy, and he spoke mockingly.

In the past two days, he had too many disciples eliminated from the Great Wei Kingdom, and his heart had long been suffocated, and there was nowhere to vent.

Now I can finally ridicule it, but I haven't rushed to seize the opportunity.

"Humph!"

Xiao Zhan snorted coldly, too lazy to pay attention to Yu Chicheng, his eyes kept searching, praying desperately in his heart.

Suddenly, his gaze that was constantly fluttering stopped abruptly, and there was ecstasy in his eyes.

Among the crowd, a beautiful girl stood, dressed in elegant clothes. Who else could it be if it wasn't Zixuan?

Immediately afterwards, he found Zhao Lingshan again.

Qin Chen and others were also seen by him one by one.

"Hahaha, Yu Chicheng, are you blind? This is not my Princess Zixun from Daqi, who else can it be?"

The stone that had been pressed in Xiao Zhan's heart for several days finally fell, and he let out a long breath.

"What? Zixun is still alive, impossible!"

Yuchi was stunned, Lian and Ling Zhong turned around, and as expected, following Xiao Zhan's gaze, he saw Zi Xun's location.

Yu Chicheng's heart suddenly became namelessly angry.

What are Cao Heng and Nian Wuji doing? Zi Xun was not killed, and Pian Pian disappeared in the last two days. Where did she go?

Yu Chicheng couldn't wait to pull the two directly in front of him and yelled at him.

He held back his anger, gritted his teeth and searched.

Look at it over and over.

Yu Chicheng suddenly felt aroused.

Ling Zhong beside him also looked suffocated, and a cold sweat broke out behind him.

Because they scanned the six to seven hundred people, they didn't even see Cao Heng and Nian Wuji.

Chapter 223

A bad idea flooded into their minds instantly.

The two looked at each other, cold sweat oozing from their foreheads, and cold behind their backs.

Impossible, it must be impossible!

The anger on their faces disappeared, their faces turned pale, and they frantically searched among the six to seven hundred people.

Again.

Twice.

Three times.

After scanning it three times, the hearts of the two of them sank completely as if the big rock entered the water.

No, no, still no.

Among the six to seven hundred people, no matter how they searched, they never found Cao Heng and Nian Wuji.

There is often only one possibility for this to happen.

"No, no, definitely not."

Looking at each other, their lips trembled, and they were about to cry.

That was the three princes of the Great Wei Kingdom and the young master of the Guixian faction.

Although the two of them have noble status and are top in their respective powers, if they can't bring Cao Heng and Nian Wuji back, even if your Majesty and Sect Master can spare them, they can't spare themselves.

"There must be an accident, yes, something must have happened to the formation."

Thinking like this in their hearts, swish, the two hurried to the place where the formation was monitored.

"Yu Chicheng, Elder Ling Zhong, what are you two doing?"

The formation mage who monitored the formation of the first trial was taken aback by the two.

"Master Luo, quickly show us whether there is anyone who hasn't been teleported out of this initial test site."

Yuchicheng's tone was anxious, and he almost couldn't say clearly.

"Someone hasn't been sent out?" Master Na Luo glanced at the monitoring circle, then waved his hand and said, "No, all have come out."

Yu Chicheng shook his body and almost fainted, his face pale and said, "Is there something wrong with the surveillance array? Master Luo, please take a closer look. No one is still inside and hasn't been sent out!"

Master Naluo was speechless and frowned, "Wei Chicheng, Elder Ling Zhong, what you are talking about is impossible at all. The formation of this first test site is not refined by ordinary formation masters, but by our five. The Barisan Nasional Mage Union can apply to the higher-level Mage Union, and it will never

go wrong. What's more, even if it is really wrong, it can be seen immediately, and there will be no mistakes."

He looked at Yu Chicheng and Ling Zhong pityingly, sighed slightly, and faintly guessed the reason.

The two of them are so anxious that there must be some important person in their forces that has not yet come out, so they asked nervously.

In the past, this kind of thing did not happen, but it was the first time that the leaders of these two forces came to inquire urgently.

"Two, are you the Great Wei Kingdom and the Guixian faction, who hasn't come out yet?"

After hesitating, Master Luo couldn't help but speak.

"This..." Yu Chicheng's face was pale, almost crying, and said, "Cao Heng, the third prince of the Great Wei Kingdom, has not yet come out."

"And Nian Wuji, the young master of the Guixian Sect, is gone."

Wow!

At this time, many people paid attention to the actions here. As soon as their voices fell, the crowd suddenly exclaimed.

The three princes of the Great Wei Kingdom, Cao Heng and the Guixian faction Nian Wuji Sect Master, failed to come out of the first trial. This is big news.

Suddenly, there was a loud voice, and the entire periphery of the first test site was about to explode.

In the past few days, just watching Yu Chicheng and Ling Zhong jumping around, arrogant, why suddenly, the style of painting suddenly turned into this?

Moreover, Yuchicheng and Nian Wuji, they are both powerful at the heavenly level. Among them, Nian Wuji and their cultivation bases are even as high as the mid-level heavenly level. How could this happen?

No one understands.

In the history of the preliminary examination of the Five Nations Grand Tournament, many geniuses have indeed fallen in it, but these people are basically ordinary level geniuses. As for the top level, there are almost a few.

after all.

The top geniuses have extremely high cultivation bases, and they all have life-saving trump cards. Once they encounter danger in the first trial place, they can crush and transmit jade cards and send them out instantly.

Under these heavy protections, it was at least several times more difficult to kill them than to defeat them.

There was a lot of discussion among each other, and all the big powers present were a little bit unbelievable and shook their heads.

"Impossible, with the cultivation base of Cao Heng and Nian Wuji, it shouldn't fall."

"Indeed, even if they are lost, they can still escape."

"Are the two of them in the team and haven't been found?"

"It's possible."

Everyone talked and guessed each other.

"Are you talking about Cao Heng and Nian Wuji? The two of them were killed in the first trial."

At this time, a voice suddenly came.

But it was a first-time disciple who had just passed the test and walked out of the open space.

"What, what did you say?"

Yu Chicheng shook his body, hurriedly came to the disciple, lifted him up, and said viciously.

boom.

The terrifying breath of the peak of the profound rank rushed to the disciple, and his face was pale and his body trembled.

"Wei Chicheng, what do you want to do to my disciple of Liang Guo?"

With a loud shout, Wei Tianming stepped forward, but this person was a genius in his great country.

"Wei Tianming, this person said that Cao Heng and Nian Wuji, the Great Wei State, have fallen. The old man just wants to ask for clarity." Yu Chicheng's expression was sullen and his eyes were angry.

Wei Tianming frowned, seeing that there was something wrong with Yu Chicheng and Ling Zhong, and immediately said to the disciple: "Liu Wusheng, what have you seen on earth, make it clear!"

Then, he said to Yuchi: "However, do you put down my disciple of Liangguo first before speaking?"

"That's it." After the warrior was put down, his face turned pale, and he continued: "The day before yesterday, the disciple was practicing in the first trial place. Suddenly, he heard a violent fighting sound not far away, which was very strong, so he went to watch. But when I got there, the battle was over, and I saw that Nian Wuji and Cao Heng were dead."

"Are you sure it is the third prince Cao Heng and Sect Master Nian Shao?" Yu Chicheng turned pale and roared.

boom!

This roar made the disciple almost fainted to the ground. If Wei Tianming hadn't stopped him in time, he would have been shocked to death.

"It is indeed the third prince Cao Heng and the Sect Master of Nian Wu Ji. I will not admit it, and besides me, many others have seen it." The disciple was pale and almost crying.

This is what a sin was done. I knew this a long time ago, so I won't talk nonsense. Now it's good. If I offend people, I didn't say it, and I was almost yelled to death.

"Who else saw it?"

Wei Tianming turned his head to look at the other disciples of Liangguo.

"I have also seen it. It is indeed Cao Heng and Nian Wuji."

"Yes, the two died together. There are still many corpses of the Great Wei State and other warriors of the Guixian Sect."

At that time, the Liang Guo genius who saw the body with Liu Wusheng, hesitated for a while, spoke.

Chapter 224

This.....

Pedal.

After a few steps back, Yu Chicheng and Ling Zhong shook their bodies, their faces turned gray.

"Dead...dead."

The two almost cried.

Unexpectedly, the last thing they didn't want to happen happened, and this made them go back, how to explain to your majesty and the suzerain?

boom!

As if a bolt from the blue sky, the two were instantly beaten up.

At this time, the assessment not far away has come to an end.

The six to seven hundred players who came out registered their results one by one, and there were few left.

Among them, Qin Chen only handed in the blood crystals of ten mid-earth-level blood beasts.

The same goes for Princess Zixun and them.

For them, as long as they can pass the first round of assessment, as for the remaining blood crystals, they have value on their bodies. In addition to improving the bloodline cultivation base of the martial artist, they can also be used for alchemy, even if they are sold. , Can also sell at a high price.

There is no need to be too prominent, you will pay up all, and you won't get extra rewards anyway.

"Hahahaha, great, Zi Xun, it's really great that you can be fine." Qin Chen and the others registered their results, and as soon as they walked out of the open space, Xiao Zhan was already excited and greeted them.

"Little dust, Princess Zixun, we have been worried to death in the past two days, and thought you..."

Bai Jing also stepped forward, crying with joy.

"What nonsense is it, do the cultivation bases of Chen Shao and Princess Zi Xun seem to have been the one who caused the accident? Just rely on that Cao..." Huang Zhan smiled.

Before she finished her words, she was interrupted by Bai Jing, "Hush, what are you doing, it's fine if Young Chen and Princess Zixun can come out safely."

"Yes, yes, I talk too much." Huang Zhan hurriedly defended, glanced at the location of Yu Chicheng and Ling Zhong with guilty conscience.

The fact that Cao Heng and Nian Wuji did not come out has been spread here, and he has also vaguely heard some rumors. If the people of the Great Wei Kingdom and the Guixian faction know that it is related to Less Dust, I am afraid that they will not give up.

After that life and death experience, Huang Zhan was completely convinced and loyal to Qin Chen.

"By the way, why didn't you see Qin Feng?"

At this time, Xiao Zhan suddenly frowned.

The geniuses of the Great Qi Kingdom, after registering their results, all gathered together, but there was no shadow of Qin Feng inside.

"Yes, where did Qin Feng go?"

"He is the first genius of my Great Qi Kingdom. He has broken through the mid-level powerhouse in the blood spirit pool. He won't be the same as Nian Wuji. He hasn't come out?"

"impossible?"

Everyone was taken aback.

"Isn't he over there."

Suddenly, Qin Chen raised his head and looked at the last disciple who registered.

That disciple, with a withered appearance and thin body, had one arm missing. He was a one-armed man.

"Qin Chen, are you wrong? How is Qin Feng like this."

Everyone knows that Qin Feng is very handsome, cold and arrogant, and has extraordinary aura, but this one-armed man is very embarrassed, and the two of them are simply unable to fight.

Qin Chen was too dazzled, could he admit his mistake?

Besides, Qin Feng is still his eldest brother, right? According to the truth, anyone can admit a mistake, and Qin Chen should not admit it.

Everyone was dumbfounded and almost crazy.

"Ok?"

On the contrary, Xiao Zhan frowned, as if he could see some clues.

At this time, it was already noon, and the assessment personnel had already recorded everyone's results.

On the teleportation space, Wei Tianming walked back, picked up the grade book, and began to announce the list of people who passed the first round of assessment.

"The first round of survival assessment in the five northwestern countries, a total of 1,943 people participated, and a total of 236 people passed the assessment. Those who passed the first round of assessment were Ling Tianzong You Qianxue, Xia Zun, and Wu Tian. ..."

One by one, the names were reported from Wei Tianming, and the powerful of the major forces were waiting eagerly.

This roster is only in the hands of Wei Tianming, and it is related to the number of places for their major forces to enter the second round. Of course, if it has any significance, it can also be raised on the spot and reviewed.

As the names came out, there was a lot of discussion on the court.

"This time Ling Tianzong is not bad. There are 23 disciples who passed the examination."

"Hehe, Ling Tianzong has always had a deep background. I remember that there were more than 20 players who entered the second round in the last session."

"As a sect, the number of geniuses is comparable to that of the top five powers. It is indeed extraordinary."

"Yes, in my northwestern region, there are only a few sects, such as Ling Tianzong and Guixian faction, that can do this."

When Ling Tianzong's disciples who passed the examination reported, the crowd suddenly drew an uproar.

"Daliang Guo Zuo Qingfeng, Zhang En..."

Immediately afterwards, the geniuses of other forces were also reported one by one.

"This time around 31 people from Liangguo have passed the assessment. It is indeed the strongest country."

"There are also many Great Zhao Kingdoms, and there are 25 people."

"The Great Song Kingdom has only 21 people."

"Hey, I'm the Blackstone country, I'm satisfied to have double digits to make the second round."

"Do you still want double digits? As long as my Tianfeng Nation has five places, I'm satisfied."

This number of places added to the second round not only represents how many disciples have joined in the second round, but also the object of comparison among the major forces.

Especially among the five powers, the number of places represents the status of the five powers.

"The ones who passed the assessment in Great Wei State were..."

When Wei Tianming reported to the Great Wei Kingdom, his expression was startled, and he suddenly showed a strange look.

And when he reported all his names, everyone was stunned and dumbfounded.

"What, only eight people from Great Wei State passed the second round?"

"This...what's a joke?"

"In the past, the number of people who entered the second round of the Great Wei Kingdom was more than 20. Even if it was the worst, it was also 21. Why this time..."

The crowd exploded like an earthquake.

"The people of the Great Qi Kingdom are Zhao Wei, Zi Xun, Zhao Lingshan, Qin Chen, Wang Qiming..."

When he reported to Daqi, Wei Tianming was stunned again, the corner of his mouth twitched, and he reported.

This string of quotas is very long and has not been reported for a long time.

Everyone is dumbfounded, how many have been reported? Almost thirty, right?

"...Qin Feng!"

When the last report came out, the whole place outside the first test was silent and dumbfounded.

Forty-five, this time Da Qi State entered the second round of places, as high as forty-five.

boom!

The audience boiled like a frying pan exploded.

Forty-five places, which is unprecedented and too exaggerated.

In history, the highest time to enter the second round was created by Liang Guo more than 30 years ago. At that time, forty people from Liang Guo passed the assessment and established its status as the first power.

Now, this record has finally been broken.

For a while, the audience was dull and everyone was dumbfounded.

how can that be?

In the first test of the last five-nation contest, only 19 people from Daqi entered the second round. This time, it was nearly three times more than the previous one.

Just thinking about it makes people feel shocked.

Chapter 225

For a while, everyone was shocked, and could not speak for a long time.

Is the sky of the five northwestern countries going to change?

Forty-five people passed the assessment, and the Great Qi State was going to take away the position of Liang State's top power.

"Master Wei Tianming, is there a mistake in the quota you just reported?"

"Yes, some data is too abnormal, right?"

In the crowd, some people raised questions, which immediately attracted the approval of others.

This time in the survival assessment, only eight people in the Great Wei State passed the assessment, only eleven from the Guixian Sect, and 45 from the Great Qi State.

Such data is completely abnormal and belongs to—

Anomaly!

"Everyone, after careful review, the data reported by Liangguo is completely correct and there are no errors or omissions. The materials are also available for verification."

Wei Tianming smiled bitterly and felt incredible. He even felt that the data was wrong.

However, all the evidence is sealed aside and can be retrieved at any time. It is not that he said it was wrong.

boom!

The crowd was in an uproar and looked at each other.

Since Wei Tianming of Liangguo has said so, it shows that this data should be correct and there is no fraud.

However, how could there be so many disciples passing the assessment in the Great Qi Kingdom? How did they do it?

Look around.

Although the disciples of the Great Qi Kingdom are not weak overall, there are more than 30 geniuses in the late prefecture level.

However, these people will be able to pass the assessment if they are fully paid.

However, not only did they pass the assessment, but many of the warriors in the middle prefecture level also passed the assessment. This is almost a fantasy.

What's more, in the first few days of the assessment, Daqi State had almost the most disciples eliminated. This sudden explosion made everyone in the cloud and couldn't understand.

At this time, the disciples of Daqi State were all grateful to look at Qin Chen.

Among all people, they are the only ones who know the reason.

"Ha ha!"

At this moment, a chuckle suddenly came, and he saw the last one-armed teenager who registered his grade, smiling towards the team of Daqi.

"Who are you?" Zhang Yi frowned suddenly when the Great Qi Kingdom was located.

"Zhang Yi, you don't even know me?"

The withered young man, smiling as he walked, tore off a human skin mask from his face, suddenly revealing a handsome face.

"It's you... Qin Feng, why are you..."

Zhang Yi was shocked, unable to speak, and the other disciples of the Great Qi Kingdom also looked shocked.

This guy is really Qin Feng, but he was wearing a human skin mask before, so it's no wonder he didn't look like him.

"Qin Feng, your hand..."

Then, everyone turned their attention to Qin Feng's broken arm, and the stormy sea rolled up in his heart.

Qin Feng was the number one genius in the Great Qi Kingdom, and he was also one of the only three players in the Blood Spirit Pool who broke through the mid-day stage.

With his cultivation base, according to the truth, it is enough to run rampant in the first try, how could he be broken off?

"Oh?" Qin Feng smiled slightly, his voice was a little shrill, and the cold light in his eyes flashed away, and said: "I encountered a blood beast in the place where I first tried, and that blood beast was very cunning and contemptible. He succeeded in a sneak attack. Fortunately, God was very kind to me and allowed me to escape from birth. I think it was also to give me a chance to avenge my grievances in the future, don't you think Brother Chen?"

Qin Feng said, looking at Qin Chen, smiling, but deep in his eyes, he looked like a poisonous scorpion.

Everyone was surprised, dumbfounded, what blood beast could hurt Qin Feng like this?

"Haha, Brother Qin Feng, this is not necessarily true. You were too high-profile before. What God meant, maybe you want you to change your face and behave with your tail sandwiched. Don't get me wrong."

Qin Chen laughed and said, since this Qin Feng wants to play, then continue to play with him.

In the last two days of the assessment, Qin Chen also searched for Qin Feng's figure, trying to kill him.

But what was strange was that the other party's breath was so well hidden, as if it had completely disappeared, leaving Qin Chen with no gain.

However, when the opponent was in his heyday, Qin Chen was not afraid at all. Now that he has lost an arm, and all the treasures have been taken by him, Qin Chen naturally will not take it seriously.

"Hahaha, Brother Chen, you laughed." Qin Feng laughed and said with a smile: "The reason why I changed my face before was also to keep a low profile, unlike you, Brother Chen..."

"Oh, yes." Suddenly, Qin Feng smiled heartily: "This time we are able to have so many people in the Great Qi State pass the assessment, thanks to you, Brother Chen, if it were not for you to kill Cao Heng and Nian Wuji, How can my Great Qi State pass so many assessments? This time, Great Wei State and the Guixian faction suffered heavy casualties. You have done a great job. I think your Majesty will be rewarded many times when he knows it."

"what?"

"Nian Wuji and Cao Heng were killed by Qin Chen?"

"impossible!"

boom!

Qin Feng's words fell, as if a bomb exploded in the crowd, suddenly banging.

"Qin Feng, what are you talking about."

Zi Xun frowned and drank sharply.

"This... but I saw it with my own eyes, isn't it? I remember that Princess Zi Xun was there, Nian Wuji and Cao Heng, set up an ambush, and wanted to do something with you. Unexpectedly, Qin Chen was prepared. Poisoning secretly made Nian Wuji and Cao Heng unprepared. They were killed by him in the end, and you two were able to escape, didn't they?"

Qin Feng opened his mouth and looked very puzzled. Suddenly, he seemed to have thought of something. He glanced at the people around him and hurriedly covered his mouth: "It should be because I read wrong, Nian Wuji and Cao Heng, it must be Killed by the blood beasts in the first test, yes, that's it."

He laughed twice, as if saying something wrong, but in the eyes of others, it suddenly became a remedy for the gaffe.

"No, are Cao Heng and Nian Wuji really killed by Qin Chen? With Qin Chen's strength, it's impossible, right?"

"Didn't you listen to Qin Feng's words, Qin Chen poisoned secretly, and Nian Wuji and Cao Heng didn't have any defenses, so they said."

"If this is the case, it is really possible."

The crowd was in an uproar and talked a lot.

"You..." Zi Xun was anxious, staring at Qin Feng, just about to say something, suddenly--

"Okay, it turns out that the three princes of the Great Wei Kingdom were killed by you Qin Chen and returned the orders of my three princes."

boom!

A shocking roar came from not far away, and it shook everyone's eardrums with severe pain. He saw Yu Chicheng who was in a mess not far away, suddenly sober, with angry eyes, and rushed toward Qin Chen fiercely.

"Qin Chen, you kill my Young Master of the Guixian Sect and pay me my life."

boom!

Next to Yu Chicheng, Ling Zhong also suddenly violent, with murderous intent all over, slapped Qin Chen with a palm.

The eyes of the two were red, and they didn't give Qin Chen a chance to defend. They brazenly shot, they must kill Qin Chen in full view.

Chapter 226

This sudden scene shocked everyone.

"Everyone stepped back."

Xiao Zhan's expression was frightened, he roared and stood in front of everyone.

There was no wind on his robe, and a terrifying aura quickly rose from him, and then punched Yu Chicheng to stop him from committing a crime.

"Xiao Zhan, your disciple of the Great Qi State killed my three princes of the Great Wei State, and still want to stop the old man? Even if the old man is desperate today, he will kill this kid."

Yuchi Cheng roared domineeringly, his aura was undiminished, and at the same time a red halo bloomed from his body, releasing a hot breath.

Boom!

The iron fists of the two collided in the void, only to hear thunder and thunder, the entire venue exploded, the rocks under Xiao Zhan's feet burst instantly, and the debris splashed all over the sky, shocking.

Both feet were firmly supporting the ground, Xiao Zhan's feet remained motionless, while Yu Chicheng was an somersault and landed not far away.

However, Xiao Zhan prevented Yu Chicheng, and there was no one to stop Elder Ling Zhong. His pair of sharp claws quickly grabbed Qin Chen, and a black halo appeared above those sharp claws, almost tearing the void.

"Ling Zhong, Xiu wants to punish the murderer."

General Yan Huai of Da Qiguo stopped with a loud shout and gritted his teeth to greet him.

"You want to stop me?" Seeing Yan Huai's move, Ling Zhong couldn't help but sneered. The two slapped their hands with a bang. Yan Huai spurted blood and flew out.

He is just a warrior at the peak of the late heavenly rank, and Ling Zhong, whose cultivation base is as high as the early stage of Xuan rank, how could he be Ling Zhong's opponent.

"Hmph, overwhelming." Ling Zhong sneered, his eyes were cold, and his black claws approached Qin Chen.

Before that sharp claw arrived, a terrifying aura had already restrained Qin Chen, and the surrounding geniuses of the Great Qi State screamed.

"Less dust."

"Be careful with less dust."

Zi Xun, Zhao Lingshan, Zhao Wei, Wang Qiming and others, with their faces shocked, and at the same time showing their vigor, they pulled out their weapons one after another and wanted to attack Ling Zhong.

At this moment, none of the disciples of the Great Qi Kingdom around Qin Chen backed away, with a soaring momentum blooming on them, wanting to compete with Ling Zhong.

"I don't know that the sky is high and the earth is thick." Ling Zhong sneered, and a flash of cold light flashed in his eyes. If these disciples of the Great Qi Kingdom didn't know what was good or bad, he wouldn't mind, kill them all, and buried them for the Sect Master of Nian Wu Ji.

"Everyone backs away."

Qin Chen was slightly moved, and at the same time stepped forward, blocking everyone behind.

In his body, the Nine Stars Divine Emperor Jue worked to its maximum, the Qi machine locked onto a flaw in Ling Zhong's body, and he wanted to perform a thunderous blow.

At this moment, even if you are trying to expose your strength, you must not let Zixun and others take risks for themselves.

"Yo!"

Suddenly, a long howling sound came from the sky, followed by the whistling of the hurricane, and a huge black shadow descended on everyone's heads, carrying a fierce wind, and hit Ling Zhong.

who?

Ling Zhong was shocked in his heart. Under the intense crisis, he turned around and slammed his claws without taking care of Qin Chen.

Boom!

When the two claws collided, a huge force came, and Ling Zhong's blood was empty and his feet were unstable.

Looking up, a huge eagle-like blood beast rose to the sky, with sharp claws and sharp eyes. On the eagle's back, there was still a person sitting cross-legged, looking down.

"The Bloodclaw Blue Eagle is Master Yuanfeng."

"Haha, great, Master Yuanfeng was still here, I thought he was gone."

"With Master Yuanfeng, Ling Zhongxiu of the Guixian School wants to be fierce again."

On the side of Great Qi, the disciples suddenly shouted excitedly.

"Brother Yuanfeng, please stop Ling Zhong."

Xiao Zhan was also shocked.

"Hmph, just a heavenly beast, let's see how I kill him."

Ling Zhong snorted coldly. Although the blood claw blue eagle aura was terrifying, it was only a sky-level blood beast. He condensed the true energy and tore it out again.

"Howling ghosts!"

A black claw shadow rose to the sky, with a sharp whine, a black skeleton appeared in the dense ghost claws, tearing off a few feathers from the blood claw blue eagle.

The Bloodclaw Blue Eagle was injured and screamed.

Ling Zhong grinned and pounced again.

"court death."

Master Yuan Feng was furious, and the blood-clawed blue eagle was the flying blood beast that he had spent a lot of energy with, and was so bullied by Ling Zhong.

boom!

Ling Zhong was shocked and flew out and landed on the ground. The blood in his body surged and he almost didn't spew out a mouthful of blood.

He raised his head in amazement and stared at Yuanfeng.

The opponent's true energy is strong, and he must be above him. He is obviously a mid-Xuan-level powerhouse. When did Da Qi State send another Xuan-level powerhouse here?

"Wei Chicheng, stop."

"Ling Zhong, this is the place for the assessment of the Big Five, not the place where you do it."

At this time, Wei Tianming and the others also reacted, screaming.

Among them, Wei Tianming's figure flickered, and he appeared in front of Yu Chicheng in an instant, booming, strong energy erupted from his body, and instantly separated Xiao Zhan and Yu Chicheng who were about to fight.

He gathered his true strength, as if turned into a towering mountain, blocking Xiao Zhan and Yuchi as two masters on both sides.

At the same time, with a wave of his big hand, an invisible real power swept out, shocking Elder Ling Zhong. Obviously, as long as Ling Zhong had the slightest change, he would act boldly and without mercy.

In the sky, the Bloodclaw Blue Eagle felt the breath on Wei Tianming's body, and uttered a long cry, not daring to fly down.

Suddenly, Wei Tianming alone stunned the four masters, the strength of the top masters of the five northwestern countries, revealing the strength of the master.

"Wei Tianming, this son will kill Cao Heng, the third prince of the Wei Kingdom. Today, I will kill him."

Yu Chicheng gritted his teeth, his whole body was murderous, and roared again and again.

"Yes, he killed my young master of the Ghost Immortal faction and will not die today, so how can I explain to the master."

Ling Zhong also had a gloomy expression, almost forming ice from the cold.

"This is a place where the five nations compare. How can you allow you to kill people wantonly? You two are also the top powerhouses of the five northwestern nations. You don't even understand this rule." Wei Tianming's expression sank.

The purpose of the Five Nations Grand Competition is to reduce the disputes among the five nations, so it is a competition between geniuses.

Since it is a competition and a survival test, someone will naturally fall.

Therefore, no matter what happens in the Five Nations Grand Tournament, this force cannot be brought into play.

This is almost a matter that has been agreed upon by the Five Nations Grand Competition for a hundred years. If everyone finds trouble with other forces because of the fall of their disciples, then this five-nation grand comparison is completely meaningless.

"Wei Chicheng, the Great Contest of the Five Nations, every year there are geniuses falling, you don't know, you can't break the rules just because the three princes of Wei state have fallen."

"Yeah, I remember that ten years ago, the prince of the Blackstone country fell in this first trial, but at the time, Gu Xuan of the Blackstone country didn't say a word."

"You did it, but you crossed the line."

Not only Wei Tianming, but other powerhouses are also discouraging them.

The Five Kingdoms Championship did not pursue it afterwards. This was a matter that had been agreed upon for many years, and now that Yu Chicheng and Ling Zhong wanted to break this rule, it naturally aroused the dissatisfaction of the people.

What's more, during the survival assessment, the two jumped the most happily. At this time, the powerhouses of the major forces are too happy in their hearts, so how can they help?

"Moreover, Yu Chicheng, do you have evidence that Cao Heng died at the hands of Qin Chen?"

Wei Tianming again persuades, with a tactful tone.

Chapter 227

"It wasn't this kid who killed it, but who could kill it? Didn't you hear that Qin Feng kid said that it was Qin Chen who killed the Third Prince and Nian Wuji by poison?"

Yuchicheng's eyes were resentful, murderous, and gritted his teeth: "What's more, His Royal Highness and Nian Wuji died the day before yesterday. At that time, two disciples of the Great Qi Kingdom were teleported out, and it was also stated clearly that His Royal Highness and Nian Wuji had died. They are besieging Qin Chen and Zi Xun, and now, the two of them are okay. His Royal Highness and Nian Wuji died at that time. They didn't kill them, but who could kill them?"

Speaking of this, Yu Chicheng's murderous intent was even worse. He stared at Qin Chen, wishing to peel his skin and chew his bones.

Ling Zhong also looked at Qin Chen coldly, without concealing the murderous intent in his eyes.

Qin Feng was aside, smiling.

What he wants is this effect.

Now, look at how proud Qin Chen is.

A trace of insidiousness flashed in his eyes.

"Wei Tianming, with so many evidences together, what else can you say."

Wei Tianming was dumb and speechless.

He naturally knew what happened the day before yesterday. At that time, Yu Chicheng even mocked Xiao Zhan a lot, and Xiao Zhan of the Great Qi State learned that the princess was in crisis, and was extremely worried.

Could it be that Qin Chen really killed Cao Heng and Nian Wuji?

For a while, everyone looked at Qin Chen.

This son is so young that he can kill Cao Heng and Nian Wuji. Isn't it an exaggeration?

"Evidence, where is the evidence you said, I am afraid it is just a guess?"

At this moment, Qin Chen spoke suddenly.

"At this time, do you still want to quibble?" Yu Chicheng's expression sank and coldly snorted.

"Sophistry?" Qin Chen dumbly said, "Do you think that with my strength, I can kill Cao Heng and Nian Wuji?"

Yu Chi Cheng was taken aback, and looked at Qin Chen carefully.

Indeed, Qin Chen was too young. If he could kill Cao Heng and Nian Wuji, he wouldn't believe it before changing.

But now, all kinds of evidence are together, but he can't help but believe it.

"Hmph, indeed, with your strength, if you really do it, I am afraid that you can't touch a single hair of His Highness Cao Heng, but, Qin Fengming said, you are the poisonous and murdered His Highness Cao Heng. These despicable methods are infuriating between people and gods. , How can I forgive you?"

Yu Chicheng snorted coldly, looked at Wei Tianming, and said indifferently: "Wei Tianming, if this son kills His Royal Highness the Three Princes with real strength, I will naturally have nothing to say, but now, he uses despicable means to assassinate His Royal Highness Cao Heng, I I must seek justice for the three princes."

"Should I say that you are a pig's brain, or that you are stupid?" Qin Chen sneered and looked at Yu Chicheng.

"what did you say?"

boom!

Yu Chicheng suddenly exploded with a terrifying aura, his face was hideous, and he almost didn't rush out directly.

He is the number one master of the great Wei state. In the great Wei state, he has a high position. Anyone who talks to him is respectful and respectful. Now he is scolded as a pig by a stinky boy. How can he not be angry?

"Isn't it? This Qin Feng, a disciple of my Daqi State and my eldest brother of Qin Chen, said this deliberately. Don't you think it's a bit weird?" Qin Chen said with a smile.

He has a calm expression and a calm tone. Even at this time, he can't see the slightest panic, standing in the crowd.

Even, instead of taking this opportunity to stay away from Ling Zhong and Yu Chicheng, he stood in place, as if not paying attention to the two of them.

This kind of demeanor immediately shocked many powerful forces present, and all of them were surprised.

With such courage and demeanor, this son will surely be extraordinary in the future.

"Ok?"

Yu Chicheng was stunned again, and immediately sneered, "What? He just inadvertently said the wrong thing, revealing the fact that you undermined His Royal Highness Cao Heng."

"Wuxin was wrong?" Qin Chen touched his nose, "I'm afraid that only you will believe this? If you become any other disciple of the Great Qi Kingdom, you will not believe it."

"What do you mean?" Yu Chicheng frowned.

"Everyone knows that I have always been at odds with Qin Feng. When he was in the royal capital, he abolished his brother Qin Fen. Qin Feng hated me so much that he even invited me to fight in the king's life and death stage. As for my death, it can be said that Qin Feng wished I would die here, so how could he accidentally make a mistake."

Is there such a thing?

Yuchicheng was taken aback for a moment, and looked at each other with Ling Zhong, with doubts on his face.

To be honest, maybe others know about the affairs between Qin Feng and Qin Chen, but how can they be concerned about such trivial matters.

However, judging from the expressions of other disciples in Daqi, this matter seems to be true.

At the same time, there were also disciples from the Great Wei State secretly spreading a message to tell them the truth. They did hear rumors that Qin Feng and Qin Chen were very wrong and had a fierce conflict.

"What does this mean?" Yu Chicheng sneered.

"Say you are stupid, you are really stupid." Qin Chen sneered: "Think about it carefully. Did Cao Heng and Nian Wuji participate in this survival assessment, did they prepare in advance? Before, they waited in ambush for me and took the first opportunity. In this case, if I poisoned me, how much power do I have?"

Yu Chicheng and Ling Zhong looked at each other, lost in thought.

Indeed, both Cao Heng and Nian Wuji had a cultivation base above Qin Chen. Moreover, the two took the lead and joined forces, even if Qin Chen deliberately poisoned them, the probability of success was very low.

"What's even more funny is that Qin Feng vowed to poison Cao Heng and Nian Wuji. In this case, he should be nearby at the time. Observing the battle, the two felt that Qin Feng and I, who was more Have the ability to kill Cao Heng and Nian Wuji?"

"This....."

The two of them looked at Qin Chen with cold eyes.

To be honest, among the entire Five Kingdoms geniuses, there are only two people who are most likely to kill Cao Heng and Nian Wuji. One is Ling Tianzong's You Qianxue, and the other is Qin Feng.

Could it be...

"Two, don't listen to Qin Chen's nonsense..." Qin Feng's expression changed, and he looked at Qin Chen coldly: "This son is just trying to change the target. Don't be deceived. Cao Heng and Nian Wuji, it is indeed this. Killed by Qin Chen."

This move of Qin Feng stunned everyone and made everyone react. Qin Chen said earlier that he and Qin Feng had an antagonism. It was not false, but something was true.

So, Qin Feng's unintentional loss before was obviously not unintentional.

This Qin Feng was really vicious. He actually thought of using the hands of Yu Chicheng and Ling Zhong to kill Qin Chen. This kind of scheming made everyone alert.

"Oh? You said that Cao Heng and Nian Wuji were the ones I killed, and you were so swearing that you were on the scene at the time. Then tell me, what kind of poison I used to kill Cao Heng and Nian Wuji?" Qin Chen said with a smile.

Everyone nodded and looked at Qin Feng.

Yes, you said that Qin Chen used poison to kill two people secretly, so you should know what poison was used.

Qin Feng's expression changed. Qin Chen killed Cao Heng and Nian Wuji, not with poison at all, but with strong strength.

However, given that Qin Chen's cultivation base was too low, he had deliberately said that Qin Chen had used poison to kill him, so that Yu Chicheng and Nian Wuji would believe that, who knows, now he is hitting himself with a rock.

"This....."

Qin Feng's eyes flashed and said: "I don't know what poison you use. I only saw that after Cao Heng and Nian Wuji were poisoned by you, the true energy in the body couldn't condense. They weren't your opponent at all, let you go. Kill them both cruelly."

Qin Feng said about his state of poisoning.

Chapter 228

"Hahaha, ridiculous."

Without waiting for Qin Feng to speak, Qin Chen laughed, staring at Qin Feng, and said every word: "You said that the toxin I used can make Cao Heng and Nian Wuji unable to condense the true qi in their bodies. Let me kill them. Excuse me, is there such a poison in this world?"

"Of course there is, but I have seen it with my own eyes." Qin Feng sneered.

If it weren't for this poison, how could he follow Qin Chen's way and end up like this in the end.

"Oh, is it? Then I would like to ask the two of you, have you ever heard of this poison?" Qin Chen smiled and turned to look at Yu Chicheng and Ling Zhong.

Seeing Qin Chen speak so confidently, Qin Feng couldn't help but burst into his heart.

Where did Qin Chen's confidence come from, believing that Yu Chicheng and Ling Zhong would believe him? And that kind of poison, he has personally experienced it, and there is absolutely nothing wrong with it.

Before the thoughts in his heart fell, he heard the whole empty space burst into an uproar.

"It can make the true qi in the body unable to condense, so there is such poison in this world?"

"It's too exaggerated. If there are such poisons, who would be Qin Chen's opponent?"

"Even if it is a fourth-order profound level expert, once he can't condense his true energy, can Qin Chen simply kill him?"

Everyone was shocked and unbelievable. According to Qin Feng's words, Qin Chen really has this kind of poison. Among so many people present, there will be someone who is Qin Chen's opponent?

As long as he poisoned, everyone present would let him slaughter.

really.

After Yu Chicheng and Ling Zhong heard this, their expressions were uncertain, and they were suspicious.

To be honest, the two have a very high level of cultivation, knowledgeable, and countless poisons they have seen and heard of, but they have never heard of any poison that can instantly make two of them more than their own. A strong person can't run infuriating energy, but he is safe and sound.

"Qin Chen does have such a poison, if you don't believe it, you only need to search for it."

Seeing that things exceeded his expectations, Qin Feng couldn't help but speak.

He was speechless, why don't these idiots believe in himself?

If it wasn't for Qin Chen to have this kind of poison, how could he run away in embarrassment before in the place of the first trial.

"Well, even as you said, I really have this poison..."

Just when Qin Feng was about to vomit blood in depression, Qin Chen suddenly changed his conversation and looked at Liu Wusheng of Liang Country, "Please also describe this friend, what exactly is Cao Heng and Nian Wuji's death like? Isn't it as Qin Feng said, it was cruelly hurt after being poisoned by me?"

Huh!

Countless lights condensed on the talents of Liang Guo.

"This...I..."

Seeing that he became the focus again, Liu Wusheng's legs softened and he almost cried.

What's the matter with him? I just saw Cao Heng's body of Nian Wuji by accident. How come everyone came to him as if he was the murderer. Who did he offend?

Can't help but look at Wei Tianming and ask for help.

"Don't worry, let's be honest." Wei Tianming was also curious about the truth.

With Wei Tianming's comfort, Liu Wusheng took a deep breath, plucked up his courage, and said: "The situation at the time was like this. The entire battlefield was very tragic. Cao Heng and Nian Wuji had obviously experienced a battle. It seems to be poisoned."

"you sure?"

A fierce light burst into Yu Chi Cheng's eyes, and he shouted sharply.

Liu Wusheng shivered and said, "I'm sure."

Wei Tianming looked at the other disciples of Liangguo who had been to the scene, and everyone nodded, saying that what Liu Wusheng said were all facts.

Qin Feng's face turned pale.

He had forgotten this, and he was not the only one who saw the bodies of Cao Heng and Nian Wuji.

Qin Chen smiled slightly and looked at Qin Feng: "Qin Feng, you kept saying that you were at the scene and saw me killing Cao Heng and Nian Wuji with your own eyes. Now it seems that this is not the case. What makes me more curious is that you What's wrong with his arm? Haha, it's really intriguing!"

"What do you mean?" Qin Feng was furious.

Is Qin Chen trying to plant himself?

really.

Qin Chen's voice fell, and the crowd was in an uproar again.

Before, Qin Feng made it clear that his arm was cut off after encountering a powerful blood beast, but now thinking about it, things are very strange.

Based on Qin Feng's cultivation base, what kind of blood beast can hurt him like this, and the blood beast hurts people, basically all over his body, how can it be possible that only his arm is injured?

Could it be...

Not far away, Liu Wusheng heard what Qin Chen said, and when he saw Qin Feng's broken arm, he seemed to think of something suddenly, his pupils shrank suddenly and his whole body trembled suddenly.

"Hey, this friend, did you think of something?" Qin Chen smiled and looked over.

"I...no...nothing..."

Liu Wusheng kicked back, his eyes flickered and his voice stammered.

"Quickly, what on earth did you think of, is it related to the death of His Royal Highness the Three Princes and Sect Master Nian Wu Ji?"

Upon seeing this, Yu Chicheng frowned and immediately screamed.

"Wei Chicheng, what are you doing?" Wei Tianming yelled coldly, stopping in front of Yu Chicheng.

"Looking at this son's expression, he must have thought of something related to the death of His Royal Highness the third prince."

What kind of experience Yuchi Cheng, Liu Wusheng's actions, can not escape his gaze.

"Liu Wusheng, if you have anything, just say it." Wei Tianming frowned, and his voice softened: "Don't be afraid, no one can hurt my disciple of Liangguo with me."

"Yes." Liu Wusheng lowered his head, not daring to look at Qin Feng, and said tremblingly: "I was at the scene and once saw a broken arm, the clothes on the broken arm, and...and the clothes on Qin Feng of the great Qi country. It's exactly the same..."

what?

boom!

One stone caused a thousand waves!

Everyone was shocked and looked at Qin Feng.

After doing it for a long time, it turned out that Qin Feng was the one who really killed Cao Heng and Nian Wuji.

Everyone was shocked, and then suddenly.

This is reasonable.

This Qin Chen, what cultivation base, if he can kill Cao Heng and Nian Wuji, it is too fake, if it is Qin Feng, then everything is reasonable.

Then Qin Feng hid from the side at first, watching Qin Chen, Zi Xun and Cao Heng and Nian Wuji and others fight, and when both sides were exhausted in the end, they secretly attacked Cao Heng and Nian Wuji.

However, Cao Heng and Nian Wuji also had extremely high cultivation bases. How could they be easily beheaded, and with all their strength, they cut off one of Qin Feng's arms.

All of this instantly became a line in everyone's mind, forming a perfect scene.

Impeccable!

It's as if it's happening right before your eyes.

Everyone looked at Qin Feng and showed disgust. It was a cruel scheming to push him onto his brother.

"I....."

Seeing the expressions of everyone thinking that they understand the truth, Qin Feng was about to vomit blood in depression.

"Don't listen to this kid talking nonsense, Qin Chen, you said that I killed Cao Heng and Nian Wuji, then how you escaped from the pursuit of them at the time is clearly unreasonable." Qin Feng roared.

"It's very simple. At that time, Cao Heng and Nian Wuji had blocked the teleportation jade card, but I had two real talismans in the air. By relying on this real talisman, princess Zi Xun and I escaped."

Having said this, Qin Chen instantly took out a real talisman in the air and showed it in front of everyone.

"puff!"

Qin Feng couldn't help it anymore, spouting blood.

Chapter 229

"Wow!"

A big mouth of blood sprayed on the ground, Qin Feng's eyes went black and he almost fainted.

That Po Kong True Talisman was obviously his treasure, but it was placed in the storage ring and was obtained by Qin Chen.

Who knows, it turned out to be evidence for Qin Chen to clear his suspicion.

For a while, Qin Feng was angry and angry, and he was angrily attacking his heart, and he couldn't even speak.

"Everyone, let me explain..."

Taking a deep breath, Qin Feng hurriedly argued.

However, no one believed him anymore.

All the evidence has formed a complete chain of evidence in the hearts of everyone. At this time, no matter how Qin Feng explained, no one would believe him.

"Okay, it turns out that the three princes of the Great Wei Kingdom died at your hands."

"I guess it's true. If it wasn't for you, Qin Feng, who else could kill Sect Master Nian Shao."

"Give your Highness your life."

"boom!"

Yu Chicheng and Ling Zhong burst out of terrifying true power, and the anger in their hearts could no longer be contained, turning into a vast ocean and swept over them.

"Boom!"

That terrible breath of true strength, like a mountain, suppressed all the disciples of the Great Qi Kingdom, and the blood surged in the body, their faces turned pale, and they stepped back.

Among them, Qin Feng was under the most pressure. He looked at Qin Chen bitterly, and said angrily: "Qin Chen, your vicious heart, it was you who killed you, and you planted it on me."

"Qin Feng, you are the one who planted the crops." Qin Chen looked heartbroken and his eyes were painful: "I really didn't expect that you could do such things that reverse right and wrong in order to frame me, you and me, after all It's brother, you actually did something like this?"

"Yes, this Qin Feng is too much."

"Although he and Qin Chen are not right, they are brothers after all, and they are both from the Great Qi State, so this kind of thing can be done?"

"I heard that Qin Feng was the number one genius in the Great Qi Kingdom. I thought it was a terrific character. Now it seems that he is so despicable and really blind."

Listening to the discussion of the people around, Qin Feng vomited blood in depression, wishing to split Qin Chen's heart.

The man was clearly killed by him, and everyone actually believed in him, not in themselves.

I am too tragic.

"However, Qin Feng, although you are not benevolent, I can't be unrighteous. You and I are both disciples of the Great Qi State. I Qin Chen can't do things like collaborating with the enemy and treason, eating inside and out."

When Qin Chen waved his hand, Qin Chen shouted: "Everyone, survival assessment, life and death, this is the rule of the five northwestern countries. Now, the Great Wei State and the Guixian faction are reliant on their great power and break the rules, Cao Heng and Nian Although Wuji was indeed killed by Qin Feng of my Great Qi State, I, Qin Chen, would never allow the people of Great Wei State and the Guixian faction to slaughter my disciples of Great Qi State recklessly. Everyone said yes."

Taking a step forward, Qin Chen stood in front of Qin Feng with righteous indignation, staring coldly at Yu Chicheng and Ling Zhong, and said awe-inspiringly: "Wei Chicheng and Ling Zhong, if you two want to kill Qin Feng, just step over my body. No one of my disciples from the Qi State is a scumbag."

"Yes, none of them are bad breeds."

"Even if Cao Heng and Nian Wuji were killed by Qin Feng, it would be a fair fight. Life and death are up to you. How can there be any reason to settle accounts afterwards?"

"So wantonly undermining the rules set by the five northwestern countries, I think there is no need to participate in this five-nation competition."

A famous disciple of the Great Qi Kingdom, all standing beside Qin Chen, the momentum of the whole body, connected together, resisting the coercion of Yu Chicheng and Ling Zhong.

On the other hand, Qin Feng was guarded by the crowd, which immediately formed a sharp contrast with Qin Chen in the front.

"This Qin Chen is really impressive."

"At this time, I still speak for Qin Feng. This demeanor is definitely very human."

"Obviously I was framed by Qin Feng, but I didn't take it seriously. From the perspective of the Great Qi State, I was convinced to stand for the enemy."

"There is love and righteousness, it is true love and righteousness."

Hearing that Qin Chen actually wanted to help Qin Feng at this time, everyone secretly admired him.

Do you see it? Look at Qin Feng...

Forget it, don't compare it. Except for a higher cultivation base, Qin Feng is comparable to Qin Chen in any respect.

One is sentient and righteous, and the other is despicable and shameless. It is simply the gap between heaven and underground.

"Sentiment and justice?"

Hearing the words around him, Qin Feng shook his body and spouted blood again.

Your sister is kind and righteous!

Don't be deceived by this guy. Cao Heng and Nian Wuji were the ones who killed him, and they pretended to be so righteous and awe-inspiring. This is too much to pretend.

With an ugly expression, Qin Feng was almost crying.

At this time, he dared not say anything, because he knew that no matter what he said, others would not believe it.

Only blame Qin Chen for disguising too deeply.

"Huh, Yu Chicheng, Ling Zhong, why don't you two refuse to take action, it's best to kill Qin Chen now." Qin Feng thought bitterly in his heart.

Sure enough, as soon as this thought fell, the furious Yu Chicheng and Ling Zhong had already made another move.

boom!

A strong energy swept through, and many of the disciples of the Great Qi Kingdom behind Qin Chen couldn't bear the momentum and backed away.

The two violent at the same time, killing Qin Feng.

"You two, if you want to kill, kill me first. As long as I, Qin Chen, are there, you will never be allowed to touch one of my disciples from the State of Qi."

Qin Chen took a step forward and greeted him. He really wanted to fight hard for Qin Feng, Yu Chicheng, and Ling Zhong.

Qin Feng's eyes lit up, praying desperately in his heart, wishing that Wei Chicheng and Ling Zhong would kill Qin Chen.

However, at the critical moment, Xiao Zhan and Wei Tianming shot at the same time and stopped them.

"Wei Tianming, are you really going to stop us?" Yu Chicheng was furious

"Wei Chicheng, Ling Zhong, no matter who killed Cao Heng and Nian Wuji, as long as they die normally during the survival assessment, you will never be allowed to be here and be arrogant. If you don't listen to advice, please stop blaming me Wei Tianming and don't give it. Love it."

Wei Tianming was really angry.

Yuchicheng and Ling Zhong did it again and again, but they didn't take the rules of the Five Kingdoms into consideration.

Today, if they really let them kill Qin Chen or Qin Feng, then there is no need to compare the Five Nations Grand Tournament in the future. Who will participate in the future?

At that time, the entire five northwestern countries will fall into turmoil again.

"hateful."

Seeing Wei Tianming's attitude, Yu Chicheng and Ling Zhong knew that it was impossible to kill Daqi's disciples today.

"Xiao Zhan, you wait, this matter today, my Great Wei State and the Guixian faction, will not give up."

"And you, Qin Feng, kill me, the three princes of the Great Wei Kingdom, let alone the first genius, even the king of heaven, I must die."

With a cold snort, Yu Chicheng and Ling Zhong took their disciples and turned and left.

"Everyone, the first test of the Five Nations Grand Tournament is over. A month later, the old man is in Gunandu, waiting for your visit."

When this happened, the atmosphere of the whole survival assessment also became weird.

After he hastily announced the result, Wei Tianming took the disciples of Liangguo and left one after another.

He knew very well in his heart that after this survival assessment, I am afraid that the five northwestern countries that have been peaceful for many years will be broken by this and fall into turmoil again.

He had to prepare early.

Chapter 230: Ancient Southern Capital

Next, the strong men of the major forces also took their players and left the assessment area.

At the same time, except for the troops left behind, all the geniuses left the Demon Ancestral Mountain Range under the leadership of their respective leaders.

"Brother Yuanfeng, I'm afraid I need to trouble you this time."

In the Daqi state-run account, Xiao Zhan looked at Yuanfeng helplessly.

In the past, after every survival assessment was over, Xiao Zhan would personally lead all his disciples back to Great Qi.

But this time, in order to prevent Wei Chicheng and Ling Zhong from taking a shot on the way, riding the Bloodclaw Blue Eagle was undoubtedly a safer choice.

"Brother Xiao Zhan, I don't need to say what you have to do with me." Yuan Feng smiled, "It's just that I didn't expect that this time my great achievements in Qi State would be so excellent. There were forty-five people. Pass the assessment."

Speaking of this, Yuanfeng's face was different.

He originally came from the Great Qi State, but later traveled around the world, but his feelings for the Great Qi State are still there.

In history, the best time in the Great Qi State, only more than 20 people entered the second round of assessment, especially in the last one, only a mere 19 people.

Unexpectedly, forty-five people passed this time, which surprised him and felt incredible.

"Hehe, this is all thanks to my great Qi State, a good martial artist." Xiao Zhan glanced at Qin Chen, showing emotion.

He already understood what happened in the place of the first trial, if it weren't for Qin Chen, let alone pass forty-five people, I'm afraid there would be few who came out alive.

"In contrast..."

Xiao Zhan hesitated to speak, glanced at Qin Feng, his eyes showing disdain.

All the geniuses present felt the same and looked at Qin Feng with contempt.

In the corner, Qin Feng's face was blue, and he was about to vomit blood in depression.

After what happened before, he has been completely rejected by other geniuses of the Great Qi Kingdom. Everyone looked at him with hatred, and was very disdainful and contemptuous, which made the extremely proud Qin Feng extremely depressed.

"This **** Qin Chen, if I don't kill him, I, Qin Feng, swear not to be a man."

Standing in the corner, Qin Feng's eyes were bitter and he let out a silent roar.

After half an hour.

A group of disciples, riding on Yuanfeng's blood-clawed blue eagle, rose into the sky and disappeared into the sky.

"Wei Chicheng, let the people of Great Qi State leave so simple?"

At the Great Wei State Camp, Ling Zhong gritted his teeth and looked at the blood-clawed blue eagle that disappeared into the sky with a look of resentment.

"What can we do?" Yu Chicheng's eyes were cold.

"Even if they are riding in a bird and blood beast, as long as they think of a way, they will have a chance to stay. Moreover, we can still pass the hands of those people. As long as they are willing to make a move, they will definitely be able to kill Xiao Zhan and all of them. One will not stay."

"Do you think it's possible?" Yu Chicheng sneered: "What they want is more than just killing a few people. What's more, our cooperation with them is still in the confidential stage. If we accidentally stun the snake, we will give up all previous efforts. "

"Then let them go like this?" Ling Zhong was dissatisfied, his eyes angry.

"How is it possible? But you and I can't do this kind of action. You have to report back and make plans."

Yu Chicheng's eyes were gloomy and his expression was extremely ugly.

After a short while, the originally lively and exciting Valley for the first time walked cleanly and became very deserted.

Bloodclaw Blue Eagle on his back.

Xiao Zhan and Yuan Feng looked nervous along the way, always vigilant, ready to meet the surprise attack of the Great Wei State and the Guixian faction.

Until they left the Demon Ancestral Mountain Range and entered the territory of the Great Qi Kingdom, the two of them were completely relieved.

"I didn't expect that Yuchi Cheng could hold back this fellow. Isn't this like him?"

Although he did not suffer a sneak attack, Xiao Zhan was unhappy, his expression even more solemn.

Based on his understanding of Yu Chicheng, this person must report to him, and it is impossible to let them go.

But along the way, they didn't encounter the slightest crisis, Xiao Zhan dared to conclude that the other party's heart must be planning a bigger conspiracy.

"Anyway, at least for now, it's safe."

Xiao Zhan and Yuan Feng looked at each other and let out a long breath.

"Everyone, you are all the winners of this survival assessment. There is still one month left to be the second round of the arena. I hope you will carefully prepare for the second round of competition."

Xiao Zhan warned.

"Master Xiao Zhan, is there really such a magical thing about Ancient Nandu?"

"It is rumored that the ancient southern capital is an ancient city with a history of tens of thousands of years, is it true?"

On the back of Bloodclaw Blue Eagle, many disciples were extremely excited.

There are many legends about the "Ancient Southern Capital" in the five northwestern countries.

According to legend, the ancient South is located in the core area of the five northwestern countries and is the most mysterious place in the northwest.

Its geographical position is very superior, located at the junction of the centers of the five countries, and the heaven and earth in it are very abundant, at least several times stronger than the outer boundary.

Once, the five powers all wanted to make it theirs.

However, no powerful country can conquer it, because Gunan only appears every five years, and each appears only a few days.

It is for these reasons that the five countries in the northwest have placed the place of the five-nation grand competition in the ancient southern capital, where it is not owned by any powerful country, but it can be yearned by everyone.

Even more desirable, there is a legend.

It is said that thousands of years ago, Gunan was the core place of a powerful force in ancient times.

That force, even in the Tianwu Continent ten thousand years ago, was very powerful, like a shining star that traverses the history of Tianwu Continent.

And in it, there is a lot of inheritance.

Any genius, as long as he has enough talent, can gain inheritance in it, a blockbuster.

"The legend about the 'Ancient Southern Capital' is indeed true."

Xiao Zhan smiled, satisfying everyone's curiosity.

"Really?"

Everyone was pleasantly surprised, and then wondered? How can Xiao Zhan be sure?

Xiao Zhan laughed: "Because the reason why the Five Nations Grand Tournament was set to be once every five years, it has nothing to do with the Blood Spirit Pool, but because of the ancient southern capital. I know why the final round of the Five Nations Grand Tournament is set there."

"Why on earth?"

Princess Zi Xun and the others were itching and couldn't help but ask.

"Because there is a heritage site in the ancient southern capital that can make people transform, but to enter it, you must be within the age of 24. Therefore, the age limit of the Five Nations Grand Tournament will be set at 24."

Xiao Zhan sighed.

There is such a reason?

Everyone was shocked, looking at each other.

They always thought that the age and time limit were due to the blood spirit pool, but now it seems that this is not the case.

Think about it, too, the reason why the Blood Spirit Pool was opened every five years was only because of external formation restrictions, but this formation was arranged by the formation master union of the five northwestern countries.

In other words, the Array Mage Union can be set to open for five years, and it can also be set to open for ten years.
