[Chapter 2211: You come with me](#)

At the critical moment, Fu Qiankun and the Phantom Demon Sect Master both put their powers away, motivating their own power not to blast towards the Phantom Demon Sect. Suddenly two terrifying forces soared into the sky, and the sky surged like a heaven Collapsed in general.

But even though the two of them have tried their best to direct their power to other places, there is still a terrible force rushing towards the magic demon sect. Even when this power arrives, the terrifying pressure shakes many disciples of the magic demon sect pale, and their bodies seem to be split. Like.

"broken!"

At the critical moment, Qin Chen's figure flashed and appeared outside the Magical Demon Sect. The mysterious rust sword in his hand was smashed up, and the sword light cleaved out like a broken bamboo.

boom!

The terrifying force that surged suddenly burst and was smashed and dissipated, but the magic sect was unscathed.

"This son turned out to be a success."

The people of the Phantom Demon Sect were stunned when they saw this scene, and there were various tastes in their hearts.

"call!"

Qin Chen put away the mysterious rust sword, shook his figure, and swept towards Fu Qiankun, only to see that Fu Qiankun's face turned pale, and he couldn't help but said, "Are you okay?"

"I can't die." Fu Qiankun snorted coldly, with a strange voice in his voice, and he was obviously hurt.

On the opposite side, the Sect Master Phantom Demon had a gloomy expression and seemed to be fine, but judging from the demonic energy surging through her, it was obviously not as relaxed as it seemed on the surface.

"Illusory Sovereign, do you want to continue fighting?"

Qin Chen said lightly.

"Huh, if you want to fight, fight, what do you do with so many words?"

Sect Master Phantom snorted coldly.

"Stubborn."

Qin Chen was speechless, this Illusory Demon Sect Master was simply a stone in the pit, smelly and hard.

"Your Excellency and Misty Palace, there should also be a grudge, right?"

Qin Chen said lightly: "Cooperating with me, is it really that difficult? It's just one transaction, your Excellency won't suffer."

"Hahaha, if you do a deal with you, who knows what you are thinking about, it's all about it."

Sect Master Illusory Demon sneered and said that she basically didn't believe Qin Chen and the others, and she didn't want to cooperate with other people at all. She was enough to deal with Misty Palace.

However, given that Qin Chen hadn't done anything to her phantom demon sect, the attitude of the phantom demon sect master towards Qin Chen was better. "Little dust, what shall we do next?" Fu Qiankun frowned, he couldn't really kill the phantom demon sect, not to mention killing the phantom demon sect master in this Yinmo Ridge, unless Qin Chen Stimulate the Ancestral Demon Blood Sutra and expose the old source

, Maybe there are some possibilities.

"Since the Phantom Demon Sect Master has no intention of cooperation, then forget it, but the gate of my Sky Thunder City will always be open. I look forward to the day when the Phantom Demon Sect Master can come here, let's go."

Qin Chen knew that there would be no results if he continued, and he already knew the whereabouts of Chen Sisi, his heart fell temporarily, his figure shook, and he turned to leave.

"Wait, where is the magic heart stone of this sect?"

Sect Master Phantom Demon shouted angrily, calling Qin Chen and Fu Qiankun.

"Hey, Illusory Demon Sovereign, is this agreeing to trade, is you ready to join us with Sky Thunder City?"

Qin Chen said with a smile.

The face of the Phantom Demon Sect Master suddenly became difficult to look, and he coldly snorted: "Hmph, this sect just asked you to leave the magic heart stone. As for the union, this sect did not agree."

"Then I'm sorry." Qin Chen spread his hands and said with a smile: "The Demon Heart Stone is now my youngest treasure. I only want to hand it over to the forces willing to cooperate with my Heavenly Thunder City. As for the master of Illusory Demon, are you? When did you agree to the deal with Ben Shao, Ben Shao will naturally

With both hands, besides that, my Sky Thunder City is willing to provide a lot of resources for the disciples of Illusory Demon Sect to practice. Isn't it beautiful? What do you think of the phantom master? "

"Aren't you afraid that I promised you and then repented?" Sect Master Illusory devil sneered. Qin Chen shook his head and said with a smile: "Young Master Ben believes that Lord Illusory Demon is definitely not such a person, and since Ben Shao has put forward this condition, he naturally believes Lord Lord Illusory Demon you. If there is no sincerity in cooperation, what's the point?

People do you think? "

Qin Chen waited for a moment, and then said, "I wonder if Lord Sect Master has made a decision?"

He looked forward to looking at the phantom master.

"Humph, let's go."

Sect Master Illusory Demon snorted coldly. She wanted to take back the Demon Heart Stone from Qin Chen's hands, but her previous fight made her understand that with her alone, she might not be able to win Qin Chen and Fu Qiankun. She really wants to fight. It must be her magic sect.

Qin Chen shook his head, thinking that Sect Master Illusory Demon would figure it out, but he didn't expect that he didn't agree in the end.

But it's still early, everything can take time.

Without staying too much, Qin Chen and Fu Qiankun soared into the sky and disappeared into the distance. At the same time, a rumbling voice came from afar: "Sect Master Illusory Demon, Ben Shao will come again."

Sovereign Illusory Demon watched Qin Chen and the others leave with a muffled snort. The blood in his body was surging, and blood almost overflowed from the corner of his mouth. It was finally suppressed, his eyes were uncertain, and he muttered: "Fu Qiankun, it is really amazing."

As soon as the two of them left, the magic sect's formation was opened, and a group of strong men rushed out one after another.

"My lord, are you okay?"

"I'm okay." Illusory Demon Sect Master shook his head, then glanced at the crowd, and said: "Are you all right?"

"The subordinates are fine."

Everyone said one after another.

"You tell me what happened before, including how that kid broke into my magical magic sect, and what he did after breaking into the big formation.

In the previous battle with Fu Qiankun, the Illusory Demon Sovereign couldn't be distracted. Now that everyone is safe and sound, he can't help asking in doubt.

Everyone said what was about to happen before. After hearing that Qin Chen broke open the large formation, the Illusory Demon Sect Master condensed his eyes and said in amazement, "How is this possible?"

The Great Illusory Demon Sect's formation was involved based on the great formation that Qin Chen laid down at that time. In the world, it is impossible for anyone to break through the formation so easily. Because of the base structure of the formation, Qin Chen in the previous life has never announced it. Over.

But everyone's answer was the same, and her heart sank. How did the Leicheng kid do it that day?

However, Qin Chen's actions after breaking into the Illusory Demon Sect's Great Formation made the Illusory Demon Sect Master even more puzzled. The other party had only captured the Phantom Martial Emperor before leaving the great formation. What was the purpose of the other party's doing this?

"Emperor Phantom Martial Art, shouldn't that kid just capture you?" Sect Master Phantom Demon said coldly.

"My lord, the subordinates do have something to report." Phantom Wudi immediately bowed, but did not speak in front of everyone.

"Oh?" The Phantom Demon Sect Master's eyes flashed and ordered to other people: "Immediately close the Phantom Demon Sect and hide where the sect is located again. Phantom Martial Emperor, you come with me."

[Chapter 2212: 80% sure](#)

After a while, the Phantom Martial Emperor and the Phantom Demon Sect Master were already in a hall of the Phantom Demon Sect.

"The kid caught you, so what should I say? Let's talk, what is going on?"

Sect Master Phantom Demon said coldly.

"Master Sect Master, Na Chenqing did say something. He took his subordinates into one of his soul spaces and tortured them, mainly asking about the saint..." Phantom Wudi said cautiously.

"Sisi?"

Sovereign Illusory Demon's heart was gloomy, Sisi failed to come out with her, it has always been the regret and pain in her heart.

"He asked Sisi what to do?"

Sect Master Illusory Demon wondered, did the other party have seen Sisi in the Ancient Demon Land? But even if you have seen it, don't you know that Sisi didn't leave the ancient magic land with her, how could he find here?

The Phantom Wudi hesitated for a while, some hesitation.

"Say if you have anything." Sect Master Illusory Demon said coldly.

"Yes." The Phantom Wudi wiped his forehead sweat, and said cautiously: "Subordinates suspect that the person before is most likely the young man Chen Sisi knew in the ancient Yu world."

"What boy?"

Sovereign Illusory Demon was taken aback for a moment, but then suddenly surprised, and said in shock: "You mean Qin Chen?" When the word "Qin Chen" was mentioned, there was a trace of unnaturalness in the voice of Sovereign Illusory Demon, but it changed quickly. When he came back, he said coldly: "How is this possible? Didn't you say that in the ancient Yu realm, there was an explosion in the foreign demons continent, and no one survived? What's more, even if the ancient Yu realm was closed, even if the person survived, how could he leave the ancient world? Yu Jie, the most important

thing is that the Tianjiao who entered the ancient Yu Jie at that time were all only Wu Wang's cultivation bases, and the previous person was at least the pinnacle martial emperor. How could it be so short?

In such a short time, the cultivation base has improved so much? "

Sovereign Phantom Demon couldn't believe it. "The subordinates can't believe it, but the subordinates have a feeling that that person is probably that Qin Chen, otherwise it is impossible to explain why he is so concerned about Chen Sisi, especially the kind of soul fluctuations, and absolutely can't do fakes. As for Xiu For, even the saint

Adults can have such a cultivation base, if it is really that Qin Chen, this person can survive the explosion of the alien demon continent and escape from the ancient Yu realm, there must be adventures. "

Phantom Wudi said cautiously.

"impossible....."

Sect Master Illusory Demon murmured, still a little unbelievable, "Even if that kid is that Qin Chen, why would Fu Qiankun follow him... No way..."

Suddenly, the body of the Phantom Demon Sect Master shook.

"Dust Green...Qin Chen...Dust Green...Qin Chen..."

A look of horror appeared in the eyes of Sect Master Illusion Demon.

If the previous ones were all coincidences, but now the two names are so similar, is it also a coincidence?

And what shocked the Phantom Demon Sect Master the most was that she thought of the scene where Qin Chen could break through her Phantom Demon Sect array at will. If that person is really a young man named Qin Chen from the northern sky in the ancient Yu world, but he can easily break through his magical magic sect's formation, he can even spur terrible flames in the ancient magic land, and there is also amazing in the formation. Achievements, combined with him and Fu Qiankun

The relationship is extraordinary.

The combination of all this made the Illusory Demon Sect Master think of an extremely shocking possibility.

Does the Beitianyu kid named Qin Chen have anything to do with Pochen Wuhuang? Is it his descendant?

Otherwise, how to explain that the two have the same name, and also have such amazing attainments in alchemy, formation, etc. Will anyone in this world really be so similar?

At this moment, the Sect Master of Illusion Demon was completely unable to calm down, and his body was trembling.

"Sect Master, what's wrong with you?"

Phantom Wudi asked nervously, what's the matter with Lord Sect Master?

"Are you sure that kid is Qin Chen from Guyu Realm?"

The Phantom Sect Master grabbed the Phantom Martial Emperor, his voice was full of tension and excitement, as well as a trace of anxiety.

The terrifying force suppressed the Phantom Wudi, making her breathless.

Fortunately, the Sovereign of Illusory Demon also felt that he had lost his temper. He hurriedly recovered his senses and said in a deep voice: "Speak carefully, speak well, but don't make any omissions."

The Phantom Wudi was dripping with sweat and cautiously said: "There are 70% of the subordinates...no, 80% sure!"

She gritted her teeth and said.

"80% sure, then that's it."

Sect Master Illusory Demon murmured, booming, the next moment, she rose up into the sky and disappeared into the hall.

Looking at the back of the Phantom Demon Sect Master leaving in a state of disregard, the Phantom Martial Emperor murmured, "What happened to the Sect Master?"

After the Illusory Demon Sect Master left the Illusory Demon Sect, he immediately rushed towards the place where Qin Chen and them disappeared.

But at this moment, it has been a while since Qin Chen and Fu Qiankun left. She had been tracking the incense stick time for a while, but could not find Qin Chen and them.

"They should have returned to Tianlei City."

The anxious Sect Master of Illusory Demon immediately adjusted its direction and rushed towards the direction of Sky Thunder City.

It's just that she couldn't find Qin Chen and the others until she got out of the Yin Demon Ridge. The Illusory Demon Sect Master was anxious, and continued to chase all the way towards Tianlei City without stopping.

At this moment, the Illusory Demon Sect Master did not know that after Qin Chen and Fu Qiankun left the Illusory Demon Sect, they did not return to the Sky Thunder City at all, but rushed toward the Holy Land of Bloodline. After understanding Chen Sisi's situation, now Qin Chen has no choice but to wait for Qin Mo to get in touch, and after passing through the Fantasy Mozong ditch, Qin Chen and Fu Qiankun are also very clear that the next top priority is first. Help Qiankun Renew

Control the Holy Land of Bloodlines.

Even if the current bloodline holy land is full of traps and swords, it must be returned to Fu Qiankun's hands.

This is also something that must be done before a full-scale war on Misty Palace.

"Fu Qiankun, were you really all right in the battle just now?"

In the void, Qin Chen didn't know that the Illusory Demon Sect Master chased them out after they left. He smiled and said to Fu Qiankun, "How do I feel that the aura in your body is still a little unstable now?" "What can I do?" Fu Qiankun thought that the president of his dignified blood sanctuary couldn't even take down a newcomer, and suddenly said with no anger: "If it wasn't for the old man's injury, he hadn't healed, and the Yinmoling just now belonged to the Illusory Sovereign

At home, the old man had already taken down the phantom master. "

"Yes, yes, yes, Brother Fu, you are the strongest, the most powerful, the most powerful." Qin Chen smiled and said, this guy is desperate for face.

"of course?"

Although Fu Qiankun is depressed, but at this time, he must not lose the chain.

"Ben Shao also has a pinnacle emperor armor, do you want it?"

Qin Chen smiled slightly, a light flashed in his hand, and an armor had appeared in his hand. This armor is exactly the Qingyuan Emperor Armor he got from Jia Li, and going to the Holy Land of Bloodline will inevitably be sinister. Although this armor is not very strong, it can also make Fu Qiankun's defense stronger.

[Chapter 2213: How to say](#)

"There is such a good thing, don't you say it earlier."

Fu Qiankun took this Qingyuan Emperor A in an instant. Although his cultivation has entered the semi-sacred realm, a top-level emperor-level armor is a treasure for anyone, even in the most dangerous battles, it can only resist even a tenth of a second. Kungfu is enough for him to make many

The move.

In the master showdown, a blink of an eye may represent life and death. "There is still Jia Li's soul imprint on it. If you don't erase it, it won't be urging. Would you like Ben Shao to erase it for you?" Qin Chen teased and asked: "Then Jia Li is also the peak martial emperor and the assassin king. Its soul mark is not so easy to erase

of. "

"A little pinnacle Emperor Wu, you too underestimate the old man."

Fu Qiankun was dissatisfied, but he also knew that Qin Chen was joking. In fact, he was really wrong. Qin Chen was not joking. With Qin Chen's current soul strength, he could directly crush Jia Li's soul mark. Fu Qiankun's soul was not weak, but he wanted to break Jia Li's soul. Imprints inevitably cost

A lot of effort.

But since Fu Qiankun said so, Qin Chen didn't say much, otherwise Fu Qiankun really thought that Qin Chen looked down on him.

As he flew by, Fu Qiankun took a deep breath, and the tyrannical soul power suddenly penetrated into the Qingyuan Emperor Armor, looking for the soul mark of Jia Li.

Generally speaking, the core of the real treasure's formation is the best place to brand the soul mark. It is not impossible to brand the soul mark in other places, but in this way, it will not be very handy to control the real treasure, and there is a gap.

As Fu Qiankun expected, Jia Li's soul imprint was imprinted at the core of Qingyuan Emperor Jia's formation.

Facing the intrusion of Fu Qiankun's soul power, this soul imprint struggled hard, and even mobilized the energy of Qingyuan Emperor Jia to attack Fu Qiankun's soul power.

"Disperse!" Fu Qiankun's soul power is so powerful, it has reached the semi-sacred state, the soul power is shocked, the energy that Jia Li's soul imprint has just mobilized, immediately collapses and collapses, but it can't be a bit of Fu Qiankun, not only that, Jia Li spirit

The soul imprint was shaken by this shock.

"Lian!"

Taking this opportunity, Fu Qiankun's soul power swarmed in, rushed into the core of Qingyuan Emperor Jia, and confronted Jia Li's soul seal.

If Fu Qiankun had only the peak of Emperor Wu's cultivation base, he might not be able to erase Jia Li's soul mark in a short time. It would take at least a few days or even longer to successfully erase the opponent.

But Fu Qiankun is a semi-sage powerhouse. The quantity and quality of souls have been transformed. There are too many Emperor Wu to be stronger than the pinnacle. What's more, Jia Li is already dead. What is left is only a soul mark. How can we interact with Fu Qiankun? The soul fights.

After more than a dozen breaths passed, Jia Li's soul mark dimmed, a trace of soul mist drifted away, and his strength continued to fail.

"puff!"

Although this soul imprint has no sage, it has the most basic instincts. At the moment it was erased, the soul fluctuations of the debut appeared, and it disappeared. After erasing Jia Li's soul mark, Fu Qiankun easily imprinted his own soul mark on the core of Qingyuan Emperor Jia. Fu Qiankun's soul mark is much stronger than Jia Li's soul mark, even in a semi-sacred state. , For a while

It can't be erased.

Successfully imprinted his soul mark, Fu Qiankun's true essence poured in, and immediately, the Qingyuan Emperor Armor exuded the ancient cyan brilliance, and the cyan runes undulated in the glory.

Huh!

The cyan light flashed, and Fu Qiankun's body was covered with this set of emperor armor, becoming more and more majestic.

"Success?"

Qin Chen looked over and was a little surprised. The speed at which Qiankun was refining the Qingyuan Emperor Jia was too fast. Fu Qiankun smiled triumphantly: "In the Misty Palace, the old man suffered all the torture of the alien demon alien spirit master. Although the body was injured, the meridians were destroyed, and the soul was greatly damaged, the soul was also amazingly improved and tempered. A blessing in disguise

Right. "

"show off."

Qin Chen gave him a white look.

Next, Fu Qiankun's figure shook, and directly escaped into the jade disc of good fortune from the universe to continue practicing in retreat.

In the jade disc of good fortune from Qiankun, the aura of holy crystals radiates, and Fu Qiankun has a feeling that after he arrives in the holy capital, his injuries are very likely to heal. At that time, no matter what trap Shangguan Xier sets, he will not be afraid.

In addition to Fu Qiankun, Lao Yuan is also quickly recovering from his injuries in the jade disc of good fortune in the universe, and he is familiar with the rules of this world.

"Lao Yuan, how is it?"

Qin Chen asked.

"It's almost done. The key is that after absorbing the aura of these holy crystals, this seat is very likely to survive under the rules of the Tianwu Continent without being suppressed by the Tianwu Continent's Heavenly Dao." Lao Yuan said excitedly.

Its body, which was severely injured by the battle with the Lord of Abyss Demon, had recovered seven or eighty-eight, and a deeper aura permeated. Qin Chen did not expect to have such a gain. If Lao Yuan can appear safely in Tianwu Continent, then it will be a huge benefit. Even if Lao Yuan can recover to its heyday, even if the Heaven Devourer reappears, Qin Chen and the others

I'm not afraid at all.

In his heyday, Lao Yuan was at least a holy land master. "It's a pity that the rules of the Qi of the Saint Crystal are not the rules of the Tianwu Continent, and the essence of Qi has passed through countless thousands of years, otherwise it will really restore my cultivation base instead of just recovering like the current one. I'm hurt."

Lao Yuan sighed again.

"These holy crystals may come from heaven."

Qin Chen said something, in fact, he had already guessed. Old Yuan nodded, "It should have been left by the realm powerhouse that day. Fortunately, you kid didn't use these holy crystals to break through the

semi-sacred realm. Otherwise, other rules would be forced into the semi-sacred realm. Power is not heaven

The power of the origin of Wu Continent, perhaps you will not be able to enter the Holy Realm in Tian Wu Continent in your life. "

Qin Chen was surprised: "How do you say?" Lao Yuan solemnly said: "A warrior needs to understand the power of the origin in order to enter the holy realm. Generally, only by comprehending the power of the origin of the continent he was born in can he cross this level. Once you step into the holy realm, it is equivalent to transcending the mundane and being able to

Wu Po Xukong, because you have mastered the origin of this world, naturally you are not suppressed by the mainland. "But if you break through by absorbing the power of other planes, such as absorbing the power of the origin of my foreign demon continent, although you can also break through the semi-sage realm, you must absorb the power of the same attribute if you want to enter the holy realm. In other words, if you

Those holy crystals that have absorbed the sea of thunder break through the semi-sacred realm, then in the future, if you want to enter the real holy realm, you must also understand the original rules of the heavens. "

"But you are in the Tianwu Continent, how can you comprehend the original rules of the heavens? It is very likely that you will not be able to enter the holy realm in your life." Lao Yuan explained in detail.

[Chapter 2214: Blood God Sea](#)

Qin Chen was suddenly shocked, what, there is such a thing?

"Then how do Shangguan Xi'er and the others break through the holy realm?" Qin Chen frowned. "Hehe, it depends on how she breaks through to the semi-sacred realm. No matter what means, as long as she feels it on her own, she can break through through understanding the origin of heaven and earth, but if it is a breakthrough obtained through the power of devouring alien demons, then she Can only

By absorbing the holy realm powerhouses of the different demons, the source of the different demons can be absorbed into the holy realm. "

Lao Yuan explained: "But at that time, once you break through the Holy Realm, you will be rejected by the Heavenly Dao of Tianwu Continent. The same Wu breaks through the void, and the normal Saint Realm powerhouse will naturally ascend, but she will be rejected by the Heavenly Dao. "

Qin Chen was shocked. It seemed that it was thanks to him that he did not forcefully break through the semi-sacred realm at the time. Otherwise, it would be fine. Once successful, he can only perceive the origin of the heavenly power to enter the holy realm. Where can he find the origin of the heaven?

Qin Chen's heart was lingering, and then he quickly rushed to the Holy Capital of Bloodline while learning some cultivation secrets from Lao Yuan.

Because in the sacred capital, there is a big secret in the Holy Land of Blood, and it is precisely because of this secret that the Misty Palace has been imprisoned by Fu Qiankun for more than two hundred years without beheading it.

According to Fu Qiankun, this secret is very likely to be related to the origin of Tianwu Continent, so Qin Chen and Fu Qiankun put aside everything else, rushed to the holy capital as soon as possible, and even handed over the search for the demon master. other people.

The Holy Capital is located in the Blood God Sea of Martial Region, once the number one power on the mainland, it is famous and dangerous.

In the Blood God Sea, bloodline masters are extremely rare in other places, but here are extremely numerous.

Qin Chen has been to Blood Shenhai many times in his previous life, and he is naturally familiar with the road.

Below, an endless sea of blood is surging, and it is rumored that a sea of blood appears here because in ancient times, countless blood of human beings gathered here, a little by little. And this sea of blood is extremely terrifying. Compared to the sea of thunder, this sea of blood is even more dangerous. Once it enters the sea of blood, even the peak martial emperor will lose his way and cannot find the way back. Even the divine consciousness cannot spread out. Finally sleepy

Died in a sea of blood.

The Holy Capital is located in the center of the blood sea.

The Holy Capital has been operating in the Blood God Sea for countless thousands of years, and has long imposed countless restrictions. Any strong person who dares to break into it will surely be restricted and discovered.

If you want to enter the Holy City, you must hold the token of the Holy Land of Bloodline before it is possible to enter.

Of course Qin Chen didn't have tokens.

However, the restriction of this holy capital is very difficult for others, but for Qin Chen and Fu Qiankun, it is not impossible to untie it.

"boom!"

Immediately after Qin Chen entered the Sea of Blood God, a terrifying aura rose from the Universe Good Fortune Jade Disc. The next moment, Fu Qiankun's figure flashed and appeared beside Qin Chen.

"Congratulations Brother Fu has recovered from his injury."

Qin Chen smiled and arched his hands. He felt an extremely terrifying breath in Fu Qiankun's body, and instantly understood that Fu Qiankun's injuries had been completely recovered.

"Haha." Fu Qiankun was healed from his injuries, and he was happier. He laughed. After seeing the surrounding scenes, his eyes condensed: "Oh? Are you in the Sea of Blood God?"

There was a melancholy expression on his face.

He was captured by the Misty Palace more than two hundred years ago, and he has not seen the Blood God Sea for more than two hundred years, and he was full of emotion for a time.

"I finally came back, the old man wanted to see what the current sanctuary has become."

Fu Qiankun's eyes condensed, and he led Qin Chen toward the depths of the Blood God Sea.

Hum!

Halfway through, the figures of the two suddenly stopped.

"Hehe, for fear that the old man will come back, Shengdu has even opened up this big formation."

Fu Qiankun touched the front lightly, buzzing, and a **** light surged in the void, connecting the Blood God Sea below and the sky above his head, covering the entire Blood God Sea. This is the space restriction of the Holy Capital. It is located in the void thousands of miles away from the Holy Capital. Under normal circumstances, this space restriction will not be opened, because the Holy Capital itself has formations and restrictions. This is only in serious situations. Only when the blood **** bans

Open, seal off the emptiness within the holy capital.

But if you want to go through the prohibition, you must have the token of the holy capital, Qin Chen and Fu Qiankun naturally did not.

Obviously, the purpose of Bloodline Holy Land's doing this could not be more obvious, obviously not wanting to pay Qiankun back.

"Brother Fu, what should I do now?"

Qin Chen said with a smile.

Naturally, he was not worried at all. Shengdu wanted to stop them outside by prohibition, which was too whimsical.

"I use a special technique to break this restriction, but it is very likely to disturb the people of the holy capital, but to you, this restriction is nothing, right?" Fu Qiankun smiled at Qin Chen.

"That's OK." Qin Chen smiled faintly. Although in his previous life's understanding, Blood God Sea's restrictions were terrible and no one could break them, Qin Chen conceited that his knowledge in restrictions was much more terrifying than in previous lives. , The general prohibition is not put by him at all

In the eyes.

But after he felt the space restriction in front of him, he couldn't help being surprised. At this moment, the level of the Blood God Sea's restriction is far more terrifying than he imagined. This kind of spatial restriction not only needs to be seen through the scanning of divine consciousness and soul power, but also the complicated patterns on it make Qin Chen feel dizzy. Brain surge

.

how is this possible?

Qin Chen frowned. Since entering the ancient magic land and seeing the formations and restraints around the town boundary beads, Qin Chen's restraints have reached an extremely high level.

In the previous life, Qin Chen was a ninth-level prohibition master, and the pinnacle of the continent had existed. In this life, Qin Chen's accomplishments in prohibition were at least several times stronger than in the previous life.

He could say without hesitation that the entire Tianwu Continent could be better than him in terms of prohibition, and it would be extremely difficult to find one.

"Huh, it's interesting!"

Qin Chen's eyes were solemn, and he was calm, feeling a little tricky.

"What? What's the problem?"

Fu Qiankun asked.

"No problem, it may take some time."

Qin Chen took a deep breath, his divine consciousness seeped into it, and he began to feel it slowly.

As he perceives, the entire ban is printed in his mind bit by bit. The space ban in front of him is surrounded by rings, like an iron chain, connected to each other, wanting to untie, The difficulty is by no means ordinary.

This is obviously a kind of ancient prohibition, and it has exceeded the category of the emperor level, but it has not reached the holy level, and belongs to the semi-holy level. But this instead aroused the arrogance in Qin Chen's heart. He was immersed in the feeling of restriction and began to slowly crack it.

[Chapter 2215: Blood Beast Clan](#)

Time goes by little by little.

An hour.

Two hours.

Three hours...

At the beginning, Qin Chen didn't know much about this restriction. He didn't forcefully break the restriction like a general formation master, but carefully understood and felt it.

At the beginning, Qin Chen was still a little confused, but gradually, he was completely immersed in it, into the depth of this prohibition, as if immersed in the ocean of knowledge.

With the passage of time, Qin Chen's understanding of the prohibition became deeper and deeper, and combined it with the many prohibitions of the ancient magic land, and confirmed each other, and immediately felt a sense of clarity.

Fortunately, there were not many people in this Blood God Sea, and Qin Chen and the others had never been discovered.

After half a day, Qin Chen suddenly showed a hint of surprise on his face, and there was a feeling of enlightenment in his mind.

His hands moved quickly.

Hum!

The invisible restriction in front quietly opened a gap, revealing a large hole more than one meter high.

"go!"

Whoosh whoosh!

Qin Chen and the two hurried into it.

The two had just entered.

"Huh!"

An invisible force of restraint swept over, and quickly spread to Qin Chen and Fu Qiankun. This is clearly an investigation method of the Holy Capital. After this restraint, special power is always enveloped. Once someone breaks in, the first time will be discovered.

"not good!"

Qin Chen was shocked immediately, and the Holy Capital actually deployed a dual means.

Hum!

At the critical moment, a special force emerged from Fu Qiankun, resisting this restraining force.

"This is the technique of blood light detection!"

Fu Qiankun sneered. The special means that this seat deployed back then wanted to investigate this seat?

Sure enough, after passing the two of them, the **** light quickly penetrated as if not aware of it.

"go!"

The two of them shook their bodies, fleeing directly into the void, walking in the void, obviously safer.

The two swept towards the holy capital. Suddenly a light came from ahead, and they could see clearly with their eyesight. This turned out to be a battleship. Although it was not big in size, it was exquisite and magnificent. .

The battleship was shuttled in the void, and it happened to meet Qin Chen and Fu Qiankun, so that the two of them did not have time to react.

"How come there are warships here, could it be owned by a force heading to the holy capital?"

Qin Chen was very curious. The key was that this battleship was very strange, special in shape, and exuding bursts of monster air.

"This is... the blood beast clan?" Qin Chen was taken aback. Judging from the demon qi emanating from this battleship, he clearly has a blood beast master, but blood beasts and humans have never dealt with

them, especially with the holy capital and bloodline master. To draw the power of the bloodline, blood beast blood crystals are often needed, which also leads to blood beasts and

The bloodline master is a deadly enemy, how could there be a strange warship of the blood beasts appearing in this blood **** sea?

He thought about everything in his mind, completely unable to think of the reason.

"Who is ahead? Get out of the way quickly!"

It seemed that someone had spotted the two on the battleship, and there was a cold shout, and the various blood beasts on the ship appeared to be in a state of preparation.

"Let your sister."

Qin Chen sneered. In the Sea of Blood God, human beings want to let blood beasts pass, what are you kidding about?

What's more, if it flashes randomly in the void, it is easy to fall into the turbulence of space. Although it will not fall, it will also encounter trouble.

"Dare to block Emperor Qingwu's battleship, if so, then go to death."

The people on the battleship gave orders directly, regardless of whether they were indiscriminate or indiscriminate. The attacking blood on the battleship turned on, and dozens of rays of light blasted over.

"Ha ha."

Qin Chen smirked, and Yuan Shizhong suddenly appeared in his hand and slammed it over.

Hum!

The Yuanshi clock trembled, suddenly becoming a hundred meters in size, and the whole body was lingering light, trying to trap the battleship in it.

Qin Chen was very curious about the blood beasts that appeared in the Blood God Sea, so he wanted to catch the opponent and ask what happened.

The power of the Yuanshi Bell was amazing, the countless blood blasts on the Yuanshi Bell, and it suddenly rumbling, but it was very different, and the whole Yuanshi Bell continued to grow bigger and shrouded severely.

"what?"

There was an exclamation sound from the battleship, all of a sudden messy, various sounds one after another.

"Shut up, hold on!"

A deep voice sounded, and then a cyan beast phantom rushed out of the battleship and crashed into Yuan Shizhong.

Boom!

The power of this blow was astonishing, and the surrounding void trembled crazily, and the void collapsed suddenly, and the two parties were involved in the space vortex together, and swept away to a bright spot.

In the space vortex, although he couldn't help himself, Qin Chen didn't panic. He Fu Qiankun's figure was shaken, he shook out of the space vortex and appeared outside.

Not far away, a city floating on the Sea of Blood God appeared in front of the two of them. The city stood tall and surrounded by blood-colored rainbow lights.

The entire city is extremely majestic and vast, and it stretches for an unknown number of miles. This is no longer a city at all, but a small country with an extremely terrifying area.

"Holy capital!"

Qin Chen and Fu Qiankun looked at each other, and they didn't expect them to come directly to the holy capital under the shock of the space vortex.

Boom!

At this moment, there was a huge roar not far in front, as if the space was impacted by a giant.

"boom!"

"boom!"

After the sound rang a few times, it finally rang out.

The sky was shattered in an instant, and the battleship just rushed out and plunged directly into the Blood God Sea below, slamming down several thousand meters before adjusting the battleship and hanging silently in the air.

"Hmph, thanks to Master Qingwu's timely action, nothing happened."

There was a cold voice from the battleship, and then he said coldly: "Boy, you are in a disaster."

The battleship stopped quietly in the distance, and the ban on shielding spiritual consciousness was opened, and it was impossible to perceive its inner scene. Qin Chen glanced at the Holy Capital not far away. It seemed that it was impossible for the two of them to want to sneak in. The movement here would definitely be noticed by the Holy Capital. Are you going to say that we two are dead?

? No one in heaven and on earth can save us? Is it right that Ben said less? "

"..."

The battleship suddenly fell silent.

Qin Chen really finished their lines.

"Hehe, very interesting human kid, and he seems to be quite good."

A loud voice rang, containing violent murderous intent.

There was a flash in the air ahead, dozens of figures flashed out of the battleship, and instantly appeared in front of Qin Chen and Fu Qiankun.

The leader was actually a family of humanoid blood beasts with cyan scales, full of blood and murderous aura, and the eyes were extremely eagle and bird. Behind it, there is also a group of blood beasts that have transformed, exuding a terrifying aura, all of them are Emperor-level blood beasts.

[Chapter 2216: Qingping adult](#)

Qin Chen and Fu Qiankun were shocked. It is not uncommon for more than a dozen powerful men to be on such a battleship. What is strange is that the cultivation base of these more than ten Transfiguration Blood Beasts is not low.

"The two are also here to participate in the expedition meeting? Huh, this emperor was invited as a guest from the Holy Land of your human race. Is that how your human race treats guests?"

The leading cyan scale human-shaped blood beast stared at Qin Chen's Qiankun coldly, his eyes bursting with chills, Long Long said.

"Consultation meeting?"

Qin Chen and Fu Qiankun glanced at each other, and doubts appeared in their eyes. They had never heard of this conquest meeting, what the **** was going on in the Holy Land of Blood.

The two of them instantly understood that there was definitely a problem.

"Lao Fu, it looks like the Holy Land of Blood is doing a ghost, it's better to take this blood beast and figure out the reason."

Qin Chen said in secret.

"it is good!"

The two looked at each other, and they already understood their plans. "Just because you guys who are not people, beasts and not beasts are eligible to come to my human race's holy capital to participate in what conference? You dare to show off in our human race's territory, didn't your family tell you that when you come out, Take care of you

Your mouth? "

Qin Chen said with a sneer.

His words immediately stabbed the hornet's nest.

"Boy, you are looking for death!"

"Master Qingwu, what nonsense with these two guys, take them down, hand them to the human race, let the people of the sacred capital explain it."

"It's too presumptuous, it's unbearable."

A group of demon emperors face eagles and birds, and the power of blood beasts on them began to agitate, and the corners of their mouths were filled with cruel anger.

Qin Chen dismissed it with a smile. Although these blood beasts were not weak, they were at most equal to the level of the human giant Emperor Wu, and they weren't worth it.

However, the leading Qingwu blood beast has reached the peak martial emperor level. It seems that it is the leader of this group of blood beasts, and it has a strong aura. It is also extraordinary among the peak blood beasts. It should be the top master of a blood beast tribe. .

Qin Chen knew that this place was near the sacred capital, and soon there were masters coming. In order to provoke the opponent, he couldn't help but sneered: "Is this young man wrong? Just because of you blood beast scum, you want to take me down. Waiting for the two, I really don't have any brains."

"You...damn it!"

"Master Qingwu, the subordinates can't help it, let them hold these two races and teach them a lesson."

The two blood beasts couldn't help but roared, rushing towards Qin Chen with cold expressions, and at the same time roared: "Die!"

With a loud shout, the two big blood beasts shot together, and one of the blood beasts bullied themselves and grabbed Qin Chen's throat.

This kind of move is generally to deal with beings who are weaker than their own, and close their throats, which is to lose their extreme confidence and disdain for opponents.

However, blood beasts are often in the form of beasts before transforming. When fighting, sharp claws are their best weapon. Therefore, blood beasts are also good at attacking with sharp claws.

The other blood beast rose in the air, kicked it out, and stepped on Fu Qiankun's face.

It was an extremely arrogant move. The force of the feet instantly kicked the void into an explosion, and the footprints were condensed in the air, and they flew up to kick Fu Qiankun's face.

In their eyes, two small humans are just two, aren't they caught by hand? The two big blood beasts in their own power territory are both big-shot figures. Ordinary human Wudi is not their opponent at all, and rarely dared to enter the depths of their power, otherwise they would not be picked by Master Qingwu and come here. Holy Land of Human Blood

, So cultivate a pretentious attitude.

The two big blood beasts didn't put Qin Chen and Fu Qiankun in their eyes, but only displayed 60 to 70% of their power, appearing extremely casual.

"court death!"

Qin Chen sneered. The two blood beasts were so stupid that they didn't even know the enemy's strength. They dared to underestimate the enemy so much. The two giant Wudi-level blood beasts were nothing but worth a while.

Murderous aura was shot in his eyes, his fist gathered killing intent, and the mighty iron fist blasted out, blasting at the claws of the blood beast demon emperor who was grabbing him.

"Hahaha, Human Emperor Wu, how dare you compete with this Demon Emperor for strength?"

The blood beast demon emperor seemed to have seen some incredible scene, could not help but laugh, their blood beasts were the most terrifying flesh compared with the human race, and the human race was stronger than the real treasure, and the other party was looking for death by doing so.

Before his thoughts fell, Qin Chen's fist had already collided with the sharp claws it threw before he could be happy.

"What, this power?"

The blood beast monster emperor only felt a terrible pain, his claws burst open with a puff of claws, blood and bone **** splashed, screamed, and it was too late to retreat, a terrifying force, already lightning. I like to lock it.

"No, go back."

Demon Emperor Qingwu jerked his eyelids in the distance and shouted loudly.

At the same time, there was a look of horror on his face, its strength was much stronger than these two monster emperors, so he saw the terrible punch of Qin Chen.

But it was too late, no matter how the Demon Emperor dodges, he can't get rid of Qin Chen's fist.

"Do not!"

It screamed in horror, a danger of death inexplicably spread in its heart, and the feeling was so strong and true.

Then it saw its arm burst open inch by inch under a terrifying force, and this force spread rapidly, pouring into its body instantly.

"puff!"

Its eyes widened, and the next moment, its body burst open, blood and water splashed in all parts, terribly shrill.

On the other side, Fu Qiankun was naturally very relaxed. The moment the Blood Beast Demon Emperor kicked, Fu Qiankun lifted his left hand and pinched the Blood Beast Demon Emperor's right foot in his hand, and then violently Squeeze it out.

"Ah!" The blood beast demon emperor screamed, the blood beast's light bloomed, it was about to transform into its original form, but before it was transformed, Fu Qiankun gave a slight shock, and the terrifying power instantly turned the blood beast demon emperor. It exploded, and the power of terror surged wildly in its body

move.

"Ah!" The scream sounded, and the two blood beasts who were still full of confidence before, in a blink of an eye, were bombarded at the same time, turned into blood clots and blood, unwilling and desperate to fall into the blood **** below. The sea melts instantly in the sneer, and melts

For nothingness.

One breath.

With just one breath, two blood beast giants fell, leaving only two blood crystals in the hands of Qin Chen and Fu Qiankun.

"Tsk tusk, this blood crystal is not bad!"

Qin Chen sighed, it was normal for him and Fu Qiankun, but in the eyes of many blood beasts, it was shocked and angry.

"what!"

"I'm going to kill you."

Ho Ho Ho! These powerful blood beasts went mad, booming, nearly ten streams of light shot up into the sky, and they rushed towards Qin Chen and Fu Qiankun.

[Chapter 2217: Lei Xi Family](#)

And the Demon Emperor Qingwu was even more chilly, buzzing, a terrifying cyan halo rippling, countless dense cyan streamers surrounding it, and suddenly a terrible wild aura surged out, and the void was all there. Shaking slightly.

Qin Chen's gaze condensed, this Qingwu Demon Emperor's natural ability is really terrifying, this level of cultivation is almost comparable to the ancestors of the top powers in the mainland.

Faced with so many attacks by the blood beast monster emperor, Qin Chen smiled slightly, looked at Fu Qiankun, and sneered: "Go!"

Whizzing!

He and Fu Qiankun turned around to escape into the void, and disappeared after a swish.

"Damn, these two humans are going to escape."

"Stop him!"

"Catch them!"

Boom boom boom!

These blood beast demon emperors jumped like thunder, and one by one released their talents, and streamers blasted towards the place where Qin Chen and Fu Qiankun disappeared.

But Qin Chen and Fu Qiankun deliberately wanted to go down, relying on how these blood beast monster emperors could stop them, the two of them flickered and disappeared, only two faint auras quickly escaped into the depths of the blood **** sea.

"Where to go if you want to go!"

The demon emperor Qingwu had a ferocious gaze, his body bloomed with a cyan halo, he slipped into the void at once, and followed him.

Except for it, the other blood beast monster emperors couldn't keep up with Qin Chen and Fu Qiankun's speed. After only a few breaths, they completely lost their target.

"These two **** humans."

"Fortunately, Master Qingwu has caught up. Master Qingwu's tracking power is unparalleled in the mountains. With this kid, how can you escape Master Qingwu's tracking and wait for death sooner or later."

"I'll wait for the good news."

These blood beast demon emperors looked confident, obviously full of confidence in the so-called Qingwu Demon Emperor.

"Who is making noise in the Holy Capital of My Bloodline Holy Land."

Boom boom boom!

These blood beast monster emperors just stopped, several streamers flying in the distance, with a strong aura, each holding blood-colored tokens, buzzing, these blood-colored tokens turned into blood-colored rays of light, turning many blood-colored beasts. The emperor was trapped in the center.

These people are wearing bloodline master robes, and they are obviously bloodline masters from the Holy Land who have noticed movement in the holy capital and heard the sound.

"It's the Human Bloodline Master in the Bloodline Holy Land."

"Hmph, I'm from the Falling Blood Mountain Range. I was invited by your Bloodline Holy Land. Do you humans treat the guests like this? Quickly remove this bloodlight prison."

"Sure enough, human beings don't have a good thing. This conquest meeting might be a trap."

"Speak less, Master Qingwu is not here, wait until Master Qingwu comes back."

"Huo Leopard, why are you telling me to shut up? If Master Qingwu is not there, you just want to let me wait? Don't look at your virtue."

"Don't say anything, Master Qingwu is not here, and Lei Xi clan is the king."

"Lei Xi, look at your old-fashioned appearance, are you qualified to be a king?"

These blood beasts are noisy and messy for five chapters.

"Shut up, on the site of my bloodline holy land, it's quieter, where did your Master Qingwu go now?"
The leading bloodline holy land master looked angry. After listening for a long time, he finally heard these blood beasts. The demon emperor came from the forbidden area of the Fallen Mountains and participated in the conquest of their blood sacred land. As a result, it seemed to be attacked here.

The head of the demon emperor was not there, and it suddenly became a mess.

"Why do you humans make our blood beasts shut up."

"Hmph, I said long ago, Human Race doesn't have a good thing."

"These human races are definitely trying to trick me into waiting and then kill them all."

"He has to have this strength. I dare to kill the blood beasts in the Fallen Mountains. Are you tired of life? Even if they are the blood holy land of the human race, they will be razed to the ground by my blood beasts."

These blood beast monster emperors quarreled again, and none of them stopped. The heads of the bloodline masters in the sacred capital were about to explode, and the leading bloodline master said speechlessly to the other bloodline master on the side: "You send the news back to the adults and let them handle it. As for these blood beast monster emperors, Bring it back to the Holy Capital first, so as not to cause trouble

What trouble is coming. "Dear blood beast heroes of the Fallen Mountains, welcome you to participate in the conquest of my bloodline holy land. Although I don't know that you are from the Fallen Mountains, two teams have already arrived in the Fallen Mountains, except In addition, Wuyu

Other blood beast branches also sent the blood beast monster emperor to come, and they are all guests in my holy capital. It is better for you to advance to the holy capital and settle down. "

The leading bloodline master said kindly.

"What about our Master Qingwu?"

"Yes, where are the two human boys?"

These blood beast monster emperors made trouble. The leading bloodline master was extremely powerful, and said solemnly: "Don't worry, our saint will immediately send masters to look for the masters of Qingwu. As for the two human masters, our holy capital will also send people to search. Will give you

An explanation, and in order to welcome all the blood beast heroes, our holy capital has prepared drinks for you to go in and enjoy. "

"What? I'm ready to drink, I'll say it soon."

"Hahaha, the human drink is called delicious."

"Go, go, go, take us in."

These blood beasts were still making noise at first, and their eyes flashed when they heard the drink.

"Zuo Qiu, take them in."

The leading bloodline master ordered.

"Yes, my lord."

Soon, someone brought these blood beast monster emperors into the holy capital and arranged them. The leading bloodline master said to the rest of the people: "You divide into two teams. One team will mobilize the sanctuary to check where the Demon Emperor Qingwu is, and the other team will find the Demon Emperor Qingwu. , Immediately take the other party back to the holy capital, serve

Don't let these blood beast monster emperors have a big conflict in my blood **** sea. "

"Yes!"

A group of bloodline masters dispersed one after another, leaving only a few people. "Master Fu Tingchun, I don't know what to do with these blood beast monster emperors. It's a mess that caused us to make a good sacred capital. I heard that it was related to the Thunder City that day. In Leicheng, Not sure whether it is true. "A bloodline master asked cautiously.

The leading bloodline master glanced at him and said coldly: "If you shouldn't ask, don't ask, and Fu Qiankun is no longer the president of our bloodline holy land. He is now a traitor to our bloodline holy land. ."

"However, the subordinates really can't believe that Master Fu Qiankun will betray our sanctuary of blood."

The other bloodline masters around also showed the same expression.

"You shut up." Fu Tingchun's eyes were cold, and his murderous intention suddenly revealed, "Do you dare to criticize the decision above, do you want to die? Don't blame me for not warning you. Now it is a troubled time. Be careful to get involved in it. How did you die? Do not know at all."

"Yes, the subordinates understand." These bloodline masters nodded one after another. They also knew that the adults were for their good. Today's bloodline holy place is indeed different from before. If you are not careful, you may be broken into pieces. Be very careful. Be careful.

[Chapter 2218: Talent](#)

At this time, somewhere in the Sea of Blood God, the Demon Emperor Qingwu urged the demon yuan in his body, staring at the backs of Qin Chen and Fu Qiankun in front of him, and chasing after him.

It is the Qingwu clan of the blood beasts. Speed is what their clan is best at. Tracking is naturally extremely terrifying. In the eyes of the Qingwu Demon Emperor, it only takes a moment to catch up with Qin Chen and Fu Qiankun. These two human corpses were broken into pieces.

Unexpectedly, the speed of the two humans in front was extremely astonishing, even if it tried its best, it could only follow them closely.

"These two human boys are so fast?" The Demon Emperor Qingwu was secretly shocked. It is naturally not an idiot to become the leader of the blood beast clan. He immediately became vigilant in his heart. Although it looks down on humans, it does not I think I'm invincible in Tianwu Continent, in case this

Both of them are not weaker than their own masters, isn't this a trap? However, as soon as this idea came out, it was instantly rejected by the Demon Emperor Qingwu. This is near the Blood God Sea, the headquarters of the top human bloodline sacred place. Those who can enter this place are all the masters invited by the human bloodline sacred place. I dare not think about it. This fall

How about the Blood Beast Demon Emperor in the Blood Mountain Range.

What's more, even if it is really dangerous, no one can stop trying to escape at its speed. Thinking of this, the Demon Emperor Qingwu immediately increased his speed, spurring his blood beast talents, a misty blue light filled the Demon Emperor Qingwu, and the next moment, swish, the Demon Emperor Qingwu's speed unexpectedly instantly improved a full 50%,

Qin Chen and Fu Qiankun were approached at once. "Hey, the speed of this blood beast monster emperor has accelerated again, kid Qin Chen, are we almost here?" Fu Qiankun felt the situation behind him, and said to Qin Chen, "If we speed up again, this The Blood Beast Demon Emperor should have doubts

. "

"Then here, Lao Fu, you set up a ban so that the people of the Blood God Sea can't monitor us. I will solve this blood beast monster emperor. I want to see what the bloodline holy land is doing. thing."

As Qin Chen said, he and Fu Qiankun stopped instantly.

I saw Fu Qiankun's body filled with a light of blood, quickly shielding the prohibition monitoring in the Sea of Blood God. "The two knew that they couldn't escape from the demon emperor, so they didn't escape? Ha ha, it seems that they have self-knowledge." Seeing Qin Chen and Fu Qiankun stopped, the demon emperor Qingwu suddenly sneered. In his opinion, these two humans

The speed was good, and almost escaped from his own hands. "Why are we fleeing?" Qin Chen smiled faintly. He lifted his hand and the Tiankong Ten Thousand Revolving Array had been thrown out. Suddenly, countless bursts of light appeared in the sky. These bursts of light burst into a huge array of heaven and earth. Covered the Demon Emperor Qingwu

in.

"Human Race Mage?"

The Demon Emperor Qingwu was taken aback, his eyes condensed slightly, Qin Chen and Fu Qiankun's calmness made him feel a sense of crisis faintly.

"Hmph, it seems that the two are very confident in their own strength. Do you think that this demon emperor can be trapped by a formation?" Although the Qingwu demon emperor was a little shocked, there was not much panic. First, He is very confident in his cultivation. Secondly, here is the Blood Holy Land Blood God Sea. It believes that people in the Blood Holy Land will arrive soon. How dare the Blood Holy Land by then

Let it, the demon emperor of the Falling Blood Mountain Range, have an accident in the Blood God Sea?

Thinking of this, it let go of worry, and said coldly: "The two blood beast monster emperors who dared to kill me in the Luoxue Mountain Range, today this emperor will take them down and seek justice from your human blood sacred place."

After the Demon Emperor Qingwu finished speaking, he raised his hand and waved a blue light curtain.

This light curtain seemed very slow, but instantly across all the void, Qin Chen and Fu Qiankun were completely imprisoned. Before that, Qin Chen had only had time to stimulate the true essence in his body, and he was given this blue light curtain. Shrouded.

After being completely imprisoned by the light curtain, Qin Chen and Fu Qiankun showed horror in their eyes. Demon Emperor Qingwu sneered disdainfully when they saw the horror in their eyes. In these two moments, he dared to kill it in the Falling Blood Mountain Range. Demon Emperor?

This cyan light curtain imprisoned magical powers, but it was just the beginning of its innate magical powers. The opponent was so frightened before it even displayed half of its power. How could it be hit? This is not on the same level at all. Qin Chen's panic was obviously pretended, but in fact, there was also a part of the real shock in it. He knew that the cyan light curtain solidified the void, and it was definitely not the space domain, because the blood beasts rarely understood the rules of space and mastered the rules.

.

But most blood beasts have their own natural ability, which is equivalent to the general bloodline ability of the human race. This kind of natural ability is even more terrifying than normal human warrior perception rules. The cyan light curtain was originally very slow, but this seemingly slow cyan light curtain directly ignored the space and imprisoned him instantly. This is clearly a kind of space talent supernatural power, and the power of this space talent supernatural power, even Can catch up with him

The power in the realm of space will only become stronger.

Space rules are extremely special rules among many rules, and space talents also belong to extremely special rules in the talents of the blood beasts. Blood beasts that can control space talents are often extremely terrifying existences in the blood beasts. This is not the main thing. The most important thing is that in this cyan light curtain, Qin Chen's mental power began to be confused, and even his will was being consumed. Qin Chen immediately understood what was going on. This cyan light curtain was not only Contains innate supernatural powers, unexpectedly

There is also the effect of confusing the will and spirit.

Once they can't resist this kind of natural power, and don't even need the other party to do it, they will fall into a muddle and become lambs to be slaughtered.

"Hey, this talented supernatural power is a bit interesting." Fu Qiankun who was on the side also gave a horrified voice. He clearly saw the special talent of the Qingwu Demon Emperor. If the Qingwu Demon Emperor is not the two of them now, If it's the ancestors of Xiao Dongyan and other major forces, I'm afraid one is not careful.

It is possible that this Qingwu Demon Emperor's way has been realized. However, Fu Qiankun is different from Qin Chen. One of them is a semi-sacred master, and the other is close to the semi-sacred level in terms of will and spatial attainments. Unless the Qingwu Demon Emperor also touches the threshold of the semi-sacred realm, he will be gifted with supernatural powers. Not at all

Law completely trapped them.

Obviously, although the strength of the Demon Emperor Qingwu was strong, he was only at the peak martial emperor level, and had not yet reached the semi-sage realm. Therefore, after Qin Chen was shocked, Kong Lei Sword Realm used it to immediately squeeze out the cyan light curtain of the Demon

Emperor Qingwu, and the cyan light curtain that had imprisoned him was loosened for a moment. After loosening, Qin Chen immediately became a

The fist banged out. Killing fist!

[Chapter 2219: Enslave Qingwu](#)

The terrifying fist intent was like a heavy wave, blasting on the space covered by the cyan light curtain, and immediately blasted the space through a huge gap. Qin Chen didn't even think about it, but again with a punch. Out, with this hit, he even

Shi showed his own perception of death. With a "click", the cyan light curtain was like an entity, and a channel was blasted out by his punch. Qin Chen bullied himself up and approached the Demon Emperor Qingwu directly, with his right hand sticking out. , Quickly caught and photographed the Demon Emperor Qingwu

Come.

"What a powerful boxing power, you, a human kid, are really powerful. You can break through the emperor's innate supernatural powers. Unfortunately, this emperor can't be beaten by this."

The cyan light curtain was broken, and the Demon Emperor Qingwu was shocked, but soon calmed down, especially after seeing Qin Chen approaching him, it seemed that he wanted to capture him with a sneer.

This human race kid is too naive, do you really think he will be invincible after breaking his talents and supernatural powers? Competing close, it is the top powerhouse of the blood beast family, afraid of a small human?

"These two humans don't seem to be weak. If they win one first, the second one will be inevitable. Otherwise, if the two of them really want to escape, they will definitely have trouble again. It's better to let this kid get close and first Let's talk about it after you catch it."

Demon Emperor Qingwu sneered in his heart, his thoughts flashed, and his right hand protruded directly, only to see a huge shadow of sharp claws emerging. This was the shadow of its main body sharp claws, and he grabbed it directly at Qin Chen.

boom!

In the void, the palms of the two of them collided in an instant, and the Demon Emperor Qingwu only felt like he had caught a piece of extremely hard iron stone, and a sharp pain was passed over in an instant.

what? This kid's body is so hard?

Demon Emperor Qingwu was so shocked that his eyeballs were almost bursting. The reason why he touched Qin Chen was because he believed that with the flesh of a blood beast, Qin Chen could be captured easily, but he did not expect Qin Chen's flesh to be hard. Simply breathtaking.

How did it know that Qin Chen had already cultivated the Immortal Saint Body to the eighth peak, and was only one step away from the final ninth one. In terms of physical defense, Qin Chen was only stronger than his peak blood beast.

With a punch, the Demon Emperor Qingwu blasted back, Qin Chen's figure shook again, and the sharp claws in his hand came to the Demon Emperor Qingwu once again.

"Damn Human Race kid, do you really think the Emperor is afraid of you?"

Hum!

The phantom of a huge cyan behemoth suddenly appeared on the top of Demon Emperor Qingwu's head. This was a terrifying blood beast with a bull-headed zombie god. It was cyan all over and a pair of blood-colored eyes suddenly burst into cyan halo, locked Live in Qin Chen.

Roar!

This cyan bull head opened its huge mouth, but it roared like a dragon roaring tiger roar. A cyan wave of light suddenly blasted towards Qin Chen like a cannonball, and a cyan halo instantly filled Qin Chen's whole body.

"What kind of supernatural power is this, what a weird power?"

Qin Chen immediately felt as if he had fallen into a certain special state, and the power in his body was quickly suppressed. This Qingwu Demon Emperor's talent and supernatural powers were so terrifying that he was also caught off guard.

Of course, it was just unprepared, and it could not pose much threat to Qin Chen, but it could make Qin Chen extremely troublesome.

"Lao Yuan, help me!"

Qin Chen immediately snorted to the old source in the Universe Good Fortune Jade Plate, and a powerful source force instantly poured into Qin Chen's body, causing Qin Chen's strength to increase several times.

In fact, if Qin Chen tried his best, it would not be difficult to take down the Demon Emperor Qingwu. The many real treasures in his body were fully displayed, and even the Tiankong Wanzhuan formation hadn't been fully activated.

But this is the Sea of Blood God after all, and Qin Chen doesn't know when the master of the Holy Land of Blood will arrive. In order to quickly end the battle, it is obviously the most convenient to borrow the power of Lao Yuan.

boom!

Qin Chen reached out with his big hand, countless true essences surged crazily, turning into a monstrous giant hand to cover the Qingwu Demon Emperor, and instantly blasted the cyan light wave released by the Qingwu Demon Emperor.

"What?" The Demon Emperor Qingwu was shocked, his talent and supernatural powers were broken instantly?

A strong sense of crisis suddenly rose from the bottom of its heart, and its heart was terrified. The strength Qin Chen showed was far more terrifying than before, far above it.

"How could there be such a terrifying human master in this world?" The Demon Emperor Qingwu trembled in his heart. It remembered what the ancestor told him before it left the Luoxue Mountain Range. In this world, there are countless strong people like clouds. , Although its Qingwu is invincible in its line, but once out of the Luoxue Mountain, people

There are many strong clan, you must be careful, otherwise once you provoke those hidden terrifying strong in the human race, you will definitely suffer.

It didn't care at all at that time, but the Demon Emperor Qingwu didn't expect that he had just arrived at the Human Race Blood God Sea, and hadn't even pretended to be forceful in the Human Race territory, he would encounter such a powerful person.

"What a despicable human race." Demon Emperor Qingwu was filled with anger and anger. With the terrifying strength of the human race in front of him, he saw that he didn't need to escape before, but he actually escaped. Demon Emperor Qingwu had already understood at this moment. Come here, the other party clearly wants to bring himself here

.

At this moment, the Demon Emperor Qingwu had no other thoughts in his mind, there was only one, and that was to escape and leave here.

But how could Qin Chen give it a chance to escape?

Boom! The terrifying palm cover fell, and the Demon Emperor Qingwu roared frantically, and the cyan light wave soared into the sky, frantically blasting on the giant hand that Qin Chen protruded, roaring and shaking, but Qin Chen's giant hand did not move, and the monster Emperor Qingwu Instantly shrouded in the shield of true essence

While the Demon Emperor Qingwu was still struggling frantically.

"Humph!"

Qin Chen snorted coldly, an eye pupil suddenly appeared at the center of his eyebrows, the sky soul forbidden technique was used, and a terrifying soul power rushed into the mind of the Qingwu Demon Emperor. In the Qingwu Demon Emperor's mind, the sea of souls was tumbling violently, but the blood beasts were powerful, but in terms of their souls, they were not much stronger than the humans. Qin Chen's soul power condensed into a soul-killing mark, and finally slowed down Engraved in the blue

Wu Yaodi's mind.

The next moment, Demon Emperor Qingwu instantly became calm, bowed to Qin Chen and saluted: "Master!"

call!

As soon as Qin Chen raised his hand, Lao Yuan's power dissipated, the Tiankong Wanzhuan formation was also put away, and Fu Qiankun quickly swept over.

"Successful?" He looked at Qin Chen in shock, using the soul secret method to enslave others. As the president of the Holy Land of Bloodline, he can't do it, but even with his current cultivation base, he can only enslave him at most. The level of the giant Wudi, and, at most, only

Can only enslave one or two people.

But Qin Chen actually enslaved a peak demon emperor of the blood beast clan in an instant. Even if Fu Qiankun saw this method, he was amazed. In other respects, Fu Qiankun is hard to say, but on the way of the soul, Qin Chen has completely surpassed the former president of his bloodline holy land.

"Let's talk about it, why did your blood beast clan come to the Blood God Sea, and what about the conquest meeting?"

Qin Chen frowned and asked.

He tried his best to enslave the Demon Emperor Qingwu just to inquire about the news, otherwise he would need such trouble.

"Yes, master..."

After being enslaved by Qin Chen, Demon Emperor Qingwu had been completely loyal to Qin Chen, and immediately said the matter as it was. It turned out that it was the leader of the blood beasts of the Fallen Mountains, and it controls the many blood beasts in the northern mountains of the Fallen Mountains. As one of the seven most terrifying forbidden areas in the Martial Region, the Fallen Mountains are full of dangers, and one of them is very big. The reason is Luoxueshan

Mai is the base camp of the blood beasts on the Tianwu Continent.

There are countless blood beasts in the Luoxue Mountain Range, and the emperor-level blood beasts that are extremely rare in other places are countless in the Luoxue Mountain Range. Moreover, the Luoxue Mountain Range covers an extremely large area. Branch.

And this Demon Emperor Qingwu was one of the leaders of the clan in the northern Luoxue Mountain Range. Qin Chen and Fu Qiankun have nothing to say about this. The Falling Blood Mountain Range is one of the seven forbidden places in the mainland. In the eyes of ordinary martial arts experts, the Falling Blood Mountain Range is a Jedi with scarlet scales gluttonous and other terrifying blood beasts. No matter how strong the human warrior is

, And must not enter the depths of the Fallen Mountains, this is a ban.

But for experts like Qin Chen and Fu Qiankun, the Luoxue Mountain Range is not that terrifying. Not all blood beasts around the Luoxue Mountain Range are extremely sky-defying. Only after entering the depths will a large amount of Emperor-level blood appear. beast. As for reaching the extreme depths, it is indeed a Jedi for ordinary human warriors, because the deepest part of the Luoxue Mountain Range is the place where the top powers of the blood beast clan are entrenched. There are top blood beasts everywhere, and the giant Wudi enters. That is mortal

Undoubtedly, even the Emperor Wu of the pinnacle entered, he would die forever. This is not the most terrifying place in the Luoxue Mountain, because the so-called Jedi is only the deepest part of the Luoxue Mountain, and the deepest place in the Luoxue Mountain is a forbidden land, not only the forbidden land of the human race, but also The prohibition of the blood beasts

Earth, throughout the ages, no one has been able to enter and explore, and even the top powerhouse of the blood beast clan doesn't know what's inside.

Only a handful of top blood beasts, before dying, will feel the call in the dark and enter this forbidden area, and all the blood beast powerhouses who enter it have never been able to survive.

In order to change his bloodline problem in his previous life, Qin Chen had entered the Luoxue Mountain Range many times, and had dealt with the top powerhouses of the blood beast clan in the Luoxue Mountain Range, and he naturally knew some of the circumstances.

For hundreds of millions of years, the human race and the blood beast race have always had contradictions. Besides, in order to improve the bloodline, the human race must hunt the blood beast and obtain the blood crystal. Therefore, there is a natural conflict between the human race and the blood beast.

For this reason, in ancient times, the human race and the blood beast clan had gone through fierce battles. Every time the blood beast wave moved, countless warriors would fall, and countless blood beasts would die.

Although blood beasts are inferior to Humans in terms of savvy, they have extremely strong reproductive capacity, and ordinary blood beasts have a longer life span than Humans. It is easy to live for hundreds of years after being transformed. Originally, the hatred between the human race and the blood beast clan has reached an irreversible point, but the invasion of alien races has changed this pattern. Instead, the hatred between the human race and the blood beast clan has been alleviated, and the two sides even once united. Pass

Fight against alien demons. And the high-level humans and the blood beasts have also realized that continuing to fight like this is not a way. Therefore, the humans and the blood beasts signed an agreement that the strong humans must not kill the top masters of the blood beasts, and the blood beasts also

Don't break into the city of the human race to carry out mass killings.

So the hatred between the human race and the blood beast race was put down.

But because human warriors must hunt blood beasts to obtain blood crystals, this also caused the grievances between human races and blood beasts to be unable to completely let go. There will still be fights between human races and blood beasts all over the mainland.

On the contrary, in the Martial Domain, the Falling Blood Mountain Range has become the base camp of the Blood Beast Clan, and no human can easily enter it. Once entered, even if it is beheaded by the Blood Beast Clan, the major forces of the Human Clan are not eligible to conquer.

And the blood beast clan hated most is the bloodline master in the human clan.

Qin Chen entered the Holy Land of Bloodline several times in the past, for the reason of solving his own bloodline, and also for the purpose of making friendship on behalf of the bloodline master and the blood beast family, and wanted to resolve the enmity between the two.

But unexpectedly, after his fall, the Holy Land of Blood actually got in touch with the blood beast clan and signed some agreements. "This is what I dominated back then." Fu Qiankun sighed and said: "Back then, I always felt that the human race and the blood beast have no feud, and that the blood beasts naturally have countless blood beasts fall every year, so the blood beasts actually Have enough blood crystals

Provided to the warriors of our human race, the proposal I came up with was that my bloodline holy land and the blood beast clan conduct business, the blood beast trades bleeding crystals, and we provide the supplies the blood beast needs. "

"He even signed a lot of agreements with the blood beasts."

"It's just that I was imprisoned in the Misty Palace, so I didn't continue to operate it. I didn't expect that the Bloodline Holy Land would actually be implemented."

Fu Qiankun did not expect that after he disappeared, the order was still executed.

And this time the Demon Emperor Qingwu and others came because the human blood sanctuary informed them that the blood sanctuary would change drastically. It was about the blood beast clan and invited the blood beast clan to come to discuss and hold a conquest.

As for the specific content of the conquest, the Demon Emperor Qingwu is actually not clear.

After listening to the Demon Emperor Qingwu's account, Qin Chen frowned, and after spending a long time, he still didn't understand what this so-called conquest meeting was.

"It seems that only after entering the Holy Capital can we know the specific situation."

Qin Chen and Fu Qiankun looked at each other, but with their current appearance, as soon as they entered the Holy Capital, they would definitely be discerned by the people of the Holy Land of Blood.

"It's simple, this emperor has a way to keep you from being discovered." At this moment, the **** cat snatched out of the jade plate from the universe and laughed.

Qin Chen is not used to the **** cat's supernatural appearance, and wondered: "What can you do?"

"Hey, this emperor will give you a magic formula, you will know it by trying to run it."

The **** cat smiled cheaply, and then an obscure technique suddenly flooded into Qin Chen and Fu Qiankun's minds.

This section of tactics is extremely complicated, but with Qin Chen and Fu Qiankun's cultivation as an accomplishment, it is not difficult to study thoroughly, and the two quickly studied it. But while Qin Chen and Fu Qiankun were studying this tactic, the **** cat glanced at the Demon Emperor Qingwu and said with a smile, "Are you the Demon Emperor of Blood Beasts in the Fallen Mountains?"
