

Valkyrie 2221

[Chapter 2221: Demon](#)

The Demon Emperor Qingwu was glanced at by the **** cat. I don't know why, but he felt that his entire body was erected, and he felt as if he was being stared at by a beast. He said carefully: "This is the junior."

"Tsk tsk, the Blood Beast Demon Emperor of the Falling Blood Mountain Range has this virtue now?" The **** cat shook his head with a very dissatisfied expression, making the Qingwu Demon Emperor embarrassed.

"Big Black Cat, your technique is useless?"

At this time, Qin Chen and Fu Qiankun finally finished their research and urged the magic formula, but found that it had no effect.

"Idiot, this tactic must be activated only by the power of the bloodline. Of course you can't activate it with true essence." The **** cat cursed, but his eyes kept flashing, very strange.

Qin Chen always felt that the smile on the face of the **** cat was humble, uneasy and kind, but he still used the power of his blood to move it gently.

Roar!

A faint demon power swept out of Qin Chen's body, and there was a faint flash of thunder in the void, and patches of void scale armor emerged on his skin.

"Damn, what the hell?"

Qin Chen was startled.

How did he become a blood beast?

Fu Qiankun on the side was also urged, and a terrifying demon power surged over him, and a faint **** light swept away at once.

He was also taken aback. "Hey, the emperor gave you the name Hua Yao Jue. In fact, blood beasts and humans do not need to be so clearly distinguished. When the ancient world was opened up, humans and blood beasts were both living creatures. The ancestors of the human race are said to be special Of blood beasts,

It was just that the characteristics of blood beasts were slowly transformed later, but the power of the blood that was left behind was actually the beast-like legacy of human ancestors. "This demon transformation can turn your bloodline power into blood beast power. Of course, it's not that magical. It's just a simple excitation. It doesn't mean that you really become blood beasts, but this kind of inspires ordinary humans. The master can't see it,

Unless there are special means, you can snoop out. "

The **** cat was extremely proud, and the frightened expressions of Qin Chen and Fu Qiankun made it very satisfied.

"Human race was once the same race as blood beast?" Qin Chen couldn't bear such a theory, but the power of human bloodline is indeed a bit weird, especially in families such as the Long Family. They can even be transformed into dragons directly into the shape of dragons. Half-human and half-demon, someone once studied it because of the ancestors of the Long Family

Once combined with the transformed dragon race, this left humans with dragon blood.

But some people say that this is not the case, but that the ancestor of the Long Family was originally the Dragon Clan, and later gradually transformed into a human form without the characteristics of the Dragon Clan.

After the **** cat said this, Qin Chen had a clearer understanding of the human race and the blood beast race.

However, once the **** cat's demon transformation art came out, it would allow Qin Chen and Fu Qiankun to disguise as a blood beast clan and follow the Demon Emperor Qingwu into the holy capital.

Thinking of this, Fu Qiankun immediately lifted the prohibition and interference. The two performed a simple disguise, and then urged the demon transformation, and the faint blood of the beast immediately escaped from the body, no matter what anyone looked at, they looked like two transformed blood. Beast monster emperor strong.

The two followed the Demon Emperor Qingwu and immediately swept towards the holy capital.

It was not long before the three of them flew out before they were detected by the people of the Holy Capital.

Whoosh whoosh!

A few horrible auras fell instantly and landed in front of Qin Chen's trio.

"Your Excellency is the Demon Emperor Qingwu?" The leading bloodline master wore the elder robe of the bloodline holy land, and glanced at the demon emperor Qingwu. After receiving the answer from the demon emperor Qingwu, he breathed a sigh of relief and reported to the holy capital. , If the Demon Emperor Qingwu of the Luoxue Mountain Range happened in the Blood God Sea

What an accident, the Holy Land of Blood is in trouble.

"Are these two?" The leading bloodline master glanced at Qin Chen and Fu Qiankun again, and saw that the two of them exuded a faint blood beast qi. They were obviously powerful blood beasts. He couldn't help but frown. He had clearly heard that the Demon Emperor Qingwu was tracking two human warriors to leave

Go, how come you suddenly become three blood beast monster emperors?

Could it be that the previous information was wrong?

"This is also the Blood Beast Demon Emperor of the Bloody Mountain Range, your Excellency, what's the problem?" The Qingwu Demon Emperor's face sank, and said with dissatisfaction: "This is how your humans treat guests?"

The bloodline master was cold in his heart, cursing, what is it, this is his bloodline holy place, a blood beast demon emperor dared to be so arrogant.

I can think of the orders of the adults, I can only press the anger: "No problem, please three of you come with me, don't get separated."

Qin Chen and Fu Qiankun followed the Demon Emperor Qingwu, and the group soon approached the holy capital again.

The sanctuary is strictly guarded, but led by the people of the sanctuary of blood, naturally unimpeded, and quickly entered the sanctuary. In the sanctuary, at this moment, it is heavily guarded, but it is also a prosperous scene.

There are countless bloodline masters from the entire Tianwu Continent gathered here, and each bloodline master is surrounded by many warriors, which is naturally very lively.

Seeing the prosperous scene of the sacred capital, Qin Chen and Fu Qiankun were filled with emotion, as if they were alive.

The elders of the Bloodline Holy Land directly led Qin Chen to the core area of the Holy Capital. Here is the headquarters of the Bloodline Holy Land. At this moment, a huge ceiling has been built on the headquarters square.

As soon as Qin Chen and the others arrived, someone greeted the guests and respectfully invited them in.

As soon as Qin Chen and the three entered the square, they saw the crowds on the square. At this moment, they were full of powerful men. In addition to warriors, many blood beast emperors were also present.

"Master Qingwu!"

As soon as the Demon Emperor Qingwu entered, many blood beast demon emperors in the northern part of the Luoxue Mountain range that had been introduced first surrounded them.

"Master Qingwu has finally arrived, those two human warriors should have been beheaded by Master Qingwu?"

"This is for sure. With the strength of Master Qingwu, killing two human emperors is not easy."

"It is necessary, what human Emperor Wu, counts as a ball in front of Master Qingwu."

These blood beast demon emperors said proudly, attracting dissatisfied gazes from many human experts around.

"Shut up." It wasn't until the Demon Emperor Qingwu let out a cold snort that the blood beast demon emperor shut up, and at this moment, naturally a welcoming person took the Demon Emperor Qingwu and his party to the front seat of the square. on.

Qin Chen thought that the bloodline sacred land conquest meeting was only inviting the masters of the blood beast clan, but after scanning his eyes, he found that there were countless human clan powerhouses present, and they were all famous human clan forces in the mainland.

It can be said that in addition to the forces that have irreversible relations with Tianlei City, such as Sky Thunder City and the Fuji Family, Death Demon Cult, almost all the top forces on other continents have come.

And sitting in the front row are the leading figures of the major forces in the mainland, even the entourage sitting behind, all of them are masters above the level of the giant Wudi, and they are famous among all the forces.

"Bloodline Holy Land is such a big handwriting."

Qin Chen and Fu Qiankun didn't expect to see such a scene, what did the blood sacred place leave Tianlei City and other forces and gather people from other major forces on the mainland? Conquer the Misty Palace?

"Huh?" Suddenly, Qin Chen's eyes condensed, and he saw an acquaintance.

[Chapter 2222: Fox Ji](#)

Golden Body Wuhuang!

The acquaintance Qin Chen met was the golden martial emperor of the Xuanyuan Empire, the leader of the Xuanyuan Empire's entry into the Guyu world.

No, this person shouldn't be called the Golden-Shen Wu Emperor now, but should be called the Golden-Shen Wu Emperor. After all, when he was in the Guyu Realm, the Golden-Shen Wu Emperor had already broken through the realm of Emperor Wu and was one of the few who escaped. One of the strongest.

But now, the golden body Wuhuang exudes a terrible aura, and he has reached the realm of the giant Wudi.

This is too abnormal.

Qin Chen was secretly surprised. How long has it been, and in a few years, the Golden-Body Martial Emperor has actually broken through to the realm of the giant Wudi, and this speed of cultivation is simply sensational.

At least in terms of cultivation, the Phantom Martial Emperor seemed to be a bit worse than this golden body Martial Emperor.

However, Qin Chen was only slightly surprised. Regarding the speed of cultivation, although the golden martial emperor was fast, it was only compared to the average martial artist. It should be understood that Qin Chen and others were only in the realm of the pinnacle martial king, and they have already broken through to the peak martial emperor.

As the top powerhouse of the Xuanyuan Empire, the Jin-Shen Wu Emperor, breaking through from the pinnacle to the giant Wu Emperor, is nothing.

At this moment, the Golden Body Martial Emperor and another strong man of the Xuanyuan Empire were sitting in front of the square, and it could be seen that many people stepped forward and greeted the strong man next to the Golden Body Martial Emperor.

This strong man's cultivation level is not high, and only the giant Emperor Wu, but even some peak Wu Emperors have all smiles after they stepped forward, very polite, and did not despise the other party's cultivation base.

"Emperor Wushang Wu!"

As everyone talked, Qin Chen also learned that the person was the Wushang Wudi of the Xuanyuan Empire.

"This person is the Wushang Wudi who wiped out the Mo family, who was known as Feng Shaoyu's right-hand man?"

Qin Chen narrowed his eyes, this Wushang Wudi's cultivation level was not high, and it was rumored that it was only the mid-term peak Wudi. Looking at it now, the giant Wudi realm that should have been broken not long ago, in terms of strength, is actually not strong. But Wushang Wudi's status in the Xuanyuan Empire is extremely high. It can be said that in addition to Feng Shaoyu, the Xuanyuan Empire is one of the few powerhouses who can control the empire's right to speak. This person is unparalleled in strategy, and it was the many people he led at the beginning. Xuanyuan Empire is strong, will

The Mo family was destroyed. It's no wonder that there are so many people around him. With Wushang Wudi's position in the Xuanyuan Empire, even the peak of the Emperor Wudi, who sits at the core of the empire, is a bit lower than him, plus the Xuanyuan Empire. Continental First Empire

The prestige, naturally attracted the praise of many forces.

However, Emperor Wushang and Emperor Wushang came here, did Feng Shaoyu come?

Qin Chen condensed his gaze and quickly looked at the two of them, but no matter how Qin Chen searched, he could not find Feng Shaoyu's trace.

"Isn't Feng Shaoyu here?"

Qin Chen frowned.

"Qin Chen, what's wrong with you?"

Fu Qiankun felt Qin Chen's abnormality, and the sound transmission asked.

"I saw a master of the Xuanyuan Empire, Emperor Xuanyuan Feng Shaoyu is probably also nearby."

"Feng Shaoyu?" Fu Qiankun glanced at Qin Chen. He was very clear about the relationship between Qin Chen and Feng Shaoyu. Three hundred years ago, Qin Chen and Feng Shaoyu were brothers, but later Fu Qiankun also knew that Feng Shaoyu and Shangguan Xier secretly colluded, which led to Qin Chen's drop.

Seeing his enemies in the previous life, Qin Chen couldn't calm down naturally.

This is only one of them, and the second, if Feng Shaoyu is really here, it is indeed a trouble. The Xuanyuan Empire back then was just an extremely ordinary empire in the Martial Domain, but for more than two centuries, the Xuanyuan Empire has swept across the border, annexing all the way, annexing all the other empires in the Martial Domain, and becoming the only first empire in the mainland.
maximum

The reason is Feng Shaoyu's strength.

According to rumors, Feng Shaoyu was the second person in the mainland after Fu Qiankun disappeared. It was only Shangguan Xi'er in Misty Palace, and the Xuanyuan Empire also had a faint reputation as the second largest power in the mainland.

Although this was just a fictitious name, Fu Qiankun knew that Feng Shaoyu would definitely have something extraordinary if he could do this.

"It seems that this is the reason why Misty Palace is so swearing? The Xuanyuan Empire plus the traitors in the Holy Land of Bloodlines, huh, it's a big deal, but I really think this will kill us?"

Fu Qiankun said with disdain, his eyes cold.

The position of the president of the Bloodline Holy Land, he must take it back, not to prove anything, but to let the world know that what he paid for Qiankun's lost things will one day personally take it back.

When Qin Chen and Fu Qiankun were paying attention to Emperor Wudi with the golden body, the Emperor Wudi with the golden body seemed to have felt something and turned back suddenly.

"The Golden Body Emperor Wu, what's wrong with you?"

Emperor Wushang Wu gave him a suspicious look.

"Nothing, I feel like someone is spying on me, and it's very familiar."

The Jin-Shen Wudi frowned, but he couldn't remember where he had seen this feeling.

"Oh? The direction you are looking at is the position of the blood beast clan in the Fallen Mountains, right? There are your acquaintances there?"

Wushang Wudi faintly smiled: "You are very nervous, and that's right. You have been in retreat since you came out of Guyu Realm. You only left the customs not long ago and rarely stayed outside, so it is a little unnatural." The emperor has seen a lot. My Xuanyuan Empire is the second largest power in the mainland and occupies the widest area of martial arts. Although many top powers are as famous as our Xuanyuan Empire, I really want to meet them. Respectful

."

"If the blood beasts of the Falling Blood Mountain are not deaf people who don't hear things outside the window, they should know the position of our Xuanyuan Empire in the human race. It is normal to be curious. You must get used to this kind of gaze in the future."

When Emperor Wushang Wu said this, he looked arrogant. He was in a high position in the Xuanyuan Empire and he was so powerful. He naturally had such confidence.

Emperor Wushang frowned. He knew what Emperor Wushang meant, but the feeling was indeed very familiar, which made him feel frightened.

Qin Chen and Fu Qiankun quickly followed the Demon Emperor Qingwu to the position of the Luoxue Mountain Range.

"Hehe, isn't this Qingwu? I heard that you were taught by two human races on your way here? You were also killed by two subordinates? Huh!"

A woman with flaming red lips chuckled lightly. She was a graceful figure, very hot all over, with a charming color between her brows, very sexy.

There is this fluffy tail behind his ass, which is clearly a fox demon.

"Hmph, Fox Ji, you are itchy, do you want me to loosen your muscles?" Qingwu Demon Emperor snorted coldly.

"Hey, just your body, I'm afraid it's already soft after two moves, hey, why haven't these two emperors seen before, are you newly recruited brothers?" Fox Ji chuckled, her eyes fell on Qin Chen and Fu Qiankun said with a smile.

[Chapter 2223: Chairman Yan](#)

Fox Ji's gaze was extremely fierce, and she had the posture of swallowing Qin Chen and Fu Qiankun, which made Qin Chen and Fu Qiankun feel overwhelmed.

"Fox Ji, are you making a fuss again? This is the territory of the human race, don't shame me the blood beast race."

A big dark-skinned man snorted coldly. He was three meters tall and still had a fluffy hair on his face. He sounded like an urn.

"King Kong, are you jealous? I don't think my sister has spoiled you?" Fox Ji giggled and teased him.

The **** man obviously couldn't resist Fox Ji's words, his face flushed and he was angry.

"Okay, okay, this fairy can't bother to care about with you, but the ancestor said that in the human race, we have to unite a little, and then this fairy will have a good chat with you about life."

This fox girl's original squinting expression instantly became solemn, and Qin Chen was amazed by the speed of her face change.

At this moment, the square was already filled with many powerful men. Qin Chen swept his eyes and saw many people from the powers, and there were also masters from Wanbaolou and other powers.

If it was another occasion, Qin Chen would definitely go forward to inquire about Wang Qiming and the others, but in this situation, Qin Chen could only do nothing.

As for the blood beast clan, there are also a lot of masters, besides the Falling Blood Mountain Range, there are other blood beast clan masters also coming.

The masters of the human race and the blood beast race were very clear and seated each other.

There were also masters in the Holy Land of Blood coming out to entertain, but Qin Chen and Fu Qiankun did not see the familiar Qiu Puchun and others. It should be known that Qiu Puchun had returned early, but it was a stone sinking in the sea, and there was no news.

"I want to see what the **** is going on in this Holy Land of Blood."

Qin Chen and Fu Qiankun waited quietly. After a while, they heard a hearty laughter, "Welcome to all friends, as well as all senior masters, and friends of the blood beast clan, because of your arrival. Hui." Following the voice, a group of extraordinary masters walked out of the sacred capital. The leader was a middle-aged man with dark skin, but his appearance was a bit loyal, and his body was terrifying. Breath, clearly a

Top Wudi master.

The five or six people following him are all top powerhouses in the Holy Land of Bloodlines, and their cultivation bases are in the peak martial emperor realm.

Seeing such a lineup, many of the top players present were surprised and slightly moved.

Six or seven peak martial emperors came out all at once. This sacred place of blood is really terrifying. It is worthy of being the number one power in the mainland. The so-called skinny camel is bigger than a horse, and it really deserves its reputation.

There are many masters among the major forces, but like the Holy Land of Blood, it is still extremely difficult to pull out six or seven peak Martial Emperor masters at once.

"Chairman Yan is polite."

"I'm waiting to meet President Yan."

"On the senior master, Chairman Yan is the real senior master." Qin Chen and Fu Qiankun's heart sank as everyone greeted them. As far as they know, the Holy Land of Bloodline has been divided into various factions since Fu Qiankun disappeared. There is no unified force, how come out of Yan Guan at this moment, he was so

Many people call it the president?

How is this going?

Qin Chen glanced at Fu Qiankun and frowned, "Old Fu, if Yan Guan remembers correctly, he should be your great apprentice? And Qiu Puchun should also belong to his line? How..." Qin Chen and the others learned from Qiu Puchun's mouth that after Fu Qiankun left, the Holy Land of Blood was divided into several factions. Of the two strongest factions, one was in charge of Fu Qiankun's great apprentice Yan Guan, and the other was. A too long in the Holy Land of Blood

Old in charge.

And Qiu Puchun had barely been on Yan Guan's side before, after all, both of them were Fu Qiankun's disciples.

But I didn't expect that it was Yan Guan who came out at this moment, and the so-called Supreme Elder who was fighting with him was standing next to Yan Guan, and he couldn't see the scene of Qiu Puchun's fight for the capital.

Qin Chen and Fu Qiankun are both smart people. Seeing this scene, how can they not understand that the so-called battle in the Holy Land of Blood is an illusion.

"The Misty Palace is such a big handwriting." Qin Chen couldn't help but exclaimed, even he had to say admiration. At this moment, Fu Qiankun's face was already pale and terrifying, and he finally held back Nai's anger, and snorted coldly: "Yes, this Yan Guan is the old man's great apprentice, who was going to inherit the mantle. Has helped

In the position of vice chairman, the old man has been thinking about who the traitor around him is for these years, and now it seems that he is a serious fellow. "

"Looking at the posture, before our arrival, Misty Palace has secretly secured the bloodline holy land?"

Qin Chen smiled coldly.

He finally knew where the confidence of Misty Palace came from.

In the past, Qin Chen thought that the Holy Land of Bloodline was still a piece of sand, and there were still battles with each other. This was a good thing, indicating that the Holy Land of Bloodline was not completely controlled by Misty Palace. But looking at this posture now, the internal conflicts in the Bloodline Holy Land before are probably all appearances. Yan Guan and the Supreme Elder are actually in the same group. As long as both parties are willing, each other can completely complete the Bloodline Holy Land in a very short time. Take control of us

Own hands.

As for some other fighting forces, they can only be suppressed.

Qin Chen came to understand at this moment, it is no wonder that Misty Palace had always been arrogant after Fu Qiankun was rescued by himself, and did not worry that Fu Qiankun would return to the Holy Land of Bloodline.

Because Misty Palace is very sure that even if Qiankun comes back, there is no way. If Fu Qiankun came back early and saw the situation in the Holy Land of Blood, he would definitely think that Yan Guan's line was his direct line. After all, there were Qiu Puchun and Yue Chaolun, and the elder line of Taishang was ethereal The power controlled by the palace, once

He thought so, that Fu Qiankun would be dangerous, and he might be assassinated a second time.

Fortunately, Fu Qiankun did not return to the Holy Land for the first time. He waited until the Thunder Sea incident appeared. After the exposure, Misty Palace had no choice but to directly control the Holy Land. This allowed Qin Chen to see in advance. the truth.

"No, Qiu Puchun is in danger." Qin Chen and Fu Qiankun looked at each other, and their hearts sank. When they were building Sky Thunder City, they asked Qiu Puchun to return to the Holy Land of Bloodline first to bring the people in the Thunder Sea. The matter is revealed, and supporters are sought in the sanctuary of blood, and this

One supporter is Yan Guan.

Now that this Yan Guan is clearly a member of the Misty Palace, Qiu Puchun must be more fierce than good.

No wonder Qiu Puchun didn't get any news after returning to the Holy Land of Bloodlines.

"If something happens to Qiu Puchun, the old man will never forgive him." Fu Qiankun was frightened.

[Chapter 2224: Alliance of forces](#)

After hearing the greetings from the people, Yan Guan immediately smiled and said, "You are polite, the old man is not the president of the Holy Land of Blood yet, but only an acting president. I think that the chaos of the Holy Land of my blood these years has caused me Misty Palace controls the big

Lu, the mainland people who are getting married don't have a living, and my blood sanctuary has an inescapable responsibility. "

Yan Guan sighed deeply, with a look of self-blame, as if the situation in the mainland over the years was his responsibility, and he looked like a compassionate and compassionate look. Qin Chen and Fu Qiankun who looked at them just wanted to vomit. But the strong from other forces obviously don't think so. Seeing Yan Guan blamed himself so much, one by one secretly said, "President Yan Guan, nowhere, I didn't expect that Misty Palace was so awkward. Jinghe strange monster

Tribal collusion. "

"Yes, if my mainland falls into the hands of aliens, then I will be the sinner of the mainland. How should the ancestors who have died see me waiting?"

"You guys don't rush to make a conclusion. Whether Misty Palace colluded with other races, it's just a rumor, which was spread by Thunder City that day. Who knows the truth?"

Some people still believe in Misty Palace at this time, and said coldly.

"Gan Hongxue, your Snow Wind Villa is still speaking for Misty Palace, are you in a group." An old man was furious.

"Yu Hongliang, it's not okay for the owner to just express his own opinions? In fact, these rumours were spread from Tianlei City. Could it be wrong." The owner Gan Hongxue of Fengxue Villa sneered.

"Who said that there is only Tianlei City, even the Pill Pavilion's Great Mirror Pill Emperor and Master Lou Zimo of the Device Hall have said it personally. How can it be false?

"Hahaha, joke, that Emperor Pill of the Mirror and Lou Zimo entered the space and sealed it together with the people of Thunder City. Have you ever seen others say that?" "What about the Xuanyuan Empire? It was in ancient times. In the Yu world, the Emperor of the Golden Body of the Xuanyuan Empire also talked about the Misty Palace colluding with foreign races. For this reason, the Xuanyuan Empire even fought against the Hall of Law Enforcement, causing heavy casualties. Could it be that the people of the Xuanyuan Empire are all talking nonsense?

Language? "

All kinds of noises are endless, and there is endless debate.

At this time, Yan Guan laughed and said, "You don't need to argue, in fact, this time I invite you to come, my bloodline holy place is for the misunderstanding palace spread on the mainland to collude with alien demons."

Hearing this, everyone on the court quieted down. Yan Guandao: "Everyone also knows that since the last president Fu Qiankun disappeared, I have been in an internal struggle, but after I learned about the alien demons not long ago, my blood sanctuary opened immediately. Internal meetings, quickly

He is united and elected the old man as the acting president, because my blood sanctuary knows the responsibility that rests on me. "Here, the old man would like to thank the elder Qiu Tongguang for saying a self-defeating family ugly. Over the past two centuries, the elder Qiu Tongguang and the old man have been fighting for the control of the Holy Land of Bloodline because of their different ideas. Demon thing

Later, the elder Qiu Tongguang understood the righteousness and immediately gave up the fight for power and profit, and handed over the position of the deputy chairman to the old man, willing to assist the old man. The old man was moved in his heart and deeply felt the responsibility. "At this time, an old man behind Yan Guan immediately stepped forward and said: "President Yan is serious, the mainland is in trouble, everyone is responsible, my blood sanctuary is the mainland's bullish force, if you still intrigue at this time, old man Also faceless facing my blood saint

The ancestors of the land, the old man just did what he should do. "Qiu Tongguang is too polite. "Yan Guan arched his hand to Qiu Tongguang, then turned around and said loudly to everyone: "You all have seen it. Now that the situation in the mainland is changing, it is no longer the time for us to have infighting. This is also the time for me to summon you all.

The reason for this, I hope you can work together to fight the imminent disaster on the mainland. "

Yan Guan's words made many people on the court slightly flushed, and they admired the righteousness of the Holy Land of Blood.

The Holy Land of Blood is worthy of being the number one power in the mainland. Facing the crisis of the mainland, it quickly settled the struggle for more than two hundred years. This kind of determination and perseverance cannot be achieved by ordinary forces.

"The President of the Bloodline Holy Land's Yan Dai called us, isn't it because the two are here to tout the contribution that the Bloodline Holy Land has made to the mainland?"

Suddenly, a strange sound of Yin and Yang rang.

Who is talking?

Everyone turned their heads and saw that the sound came from the blood beast clan, and it was from the blood beast clan of the Falling Blood Mountain Range.

Naturally, Fu Qiankun spoke, but he couldn't listen to others listening.

Originally, the people in the Holy Land of Bloodline heard someone talking like this, and their hearts were surging, and they found that it was the blood beast clan who spoke, but only frowned slightly.

The blood beasts are all simple-minded guys, and they are also quick to think about it, so they speak like this. "Haha, this blood beast friend said that it was the old man who said too much." Yan Guan laughed, seemingly indifferent: "Since this blood beast friend said so, the old man will explain this to you. The purpose of summoning everyone here at one time, its

In fact, there are two main things in calling everyone here. "

"The first thing is that the Misty Palace colludes with foreign races. In order to prevent the Tianwu Continent from falling into a crisis in the future, many of our forces are too late to make arrangements. I propose to establish an alliance of Tianwu Continent forces."

Yan Guan said here, people from many forces have already discussed each other.

At this moment, they all understood what was going on. Looking at this hall, almost 70% of the major forces in the Martial Domain were invited to say. Although some forces did not have a high-level come, they had representatives here.

After all, the Holy Land of Blood, as the number one power in the mainland, issued a summoning order, and most of the forces would send people over, and even to show their importance, the identity of the people sent would not be too low. And Bloodline Holy Land does this, is to take this opportunity to ask the major forces whether they are willing to join this Tianwu Continental Power Alliance, some of the top powers are better, some ordinary top powers are already a little worried, if you don't join this

Will this alliance of Tianwu mainland forces be suppressed by several major forces such as the Holy Land of Blood?

The situation on the mainland is changing so fast now that even the top power will be wiped out. For example, the ancient Fangjiao, such as the Wuyinmen, and the Dragon Family and the Long River Xiao Family, which is not one of the top powers in the mainland, can be said to be extinct. If their ordinary top powers do not agree to join this alliance, once they are Saint of Blood

The earth and other forces put on the hat of colluding with Misty Palace, and they were killed directly. Where should they go to reason? In particular, the owner of Fengxue Mountain Villa, who had spoken a few words for Misty Palace before, became extremely disturbed in his heart.

[Chapter 2225: Today is a good day](#)

"I agree with Chairman Yan Guan that after the establishment of the Tianwu Continent Power Alliance, we will consolidate the forces of the Tianwu Continent's warriors, and can also unite the many forces in the Martial Domain to deal with Misty Palace together, against all the forces on the Tianwu Continent. Say

, is a beneficial thing, once something goes wrong, as long as you are in this alliance, you will be protected by common. "The Emperor Wushang Wushang of the Xuanyuan Empire stood up in full view, and said Hong Sheng: "It is rumored that in the ancient times, the Holy Land of Bloodline was the main force that organized our human race against the alien demons. If the Wu Continent is in trouble today, my Xuanyuan Empire is naturally willing.

Join forces with the Holy Land of Blood. "Qin Chen looked at Emperor Wushang Wu, and said in his heart that a Xuanyuan Empire was secretly associated with the Holy Land of Bloodlines. Although Emperor

Wushang had a high status, he was only Feng Shaoyu's spokesperson. If there were no words from Feng Shaoyu in advance, he

How dare you agree.

What this shows, it shows that Feng Shaoyu has already joined the Holy Land of Blood.

Good means, generous. Qin Chen had to admire the method of creating the Misty Palace. Once this alliance was established, it would mean that the Bloodline Holy Land, the Xuanyuan Empire, and the Misty Palace had secretly united into one. These three forces joined forces and secretly controlled so many unrealistic

The top power of the Xiang, the Wu Continent really fell into the hands of Misty Palace that day.

As soon as Emperor Wushang Wu spoke, the whole field immediately burst into an uproar, which caused countless discussions and uproar.

The Xuanyuan Empire is now the only empire in the Martial Domain. It covers an extremely large area and is strong, second only to Misty Palace, and even its reputation is already hidden on the Holy Land of Blood.

In addition, the Xuanyuan Empire had fought wildly with the Law Enforcement Hall before, and suffered heavy casualties, which has left a good impression on the countless forces in the mainland.

Now that the Xuanyuan Empire was the first to agree to join this alliance, it naturally put tremendous pressure on the many forces present.

"I also agree with Tianchi Mountain..."

"I also agree with Di Yuezong..."

After the Xuanyuan Empire spoke, some forces immediately stood up and agreed. The rest of the ordinary top forces saw that many forces stood up for their support, and were suddenly at a loss. Once they join this alliance of forces, who knows whether they will be controlled by others? No power is willing to be led by others,

What's more, these powerful people who advocate freedom?

However, even the Xuanyuan Empire had already stood up and expressed support, and many forces followed suit and expressed support. At this time, even if some schools were unwilling, they did not dare to stand up against it. The only good news is that after the Xuanyuan Empire stepped forward, other top powers, such as Wanbaolou, have not yet said anything. If even Wanbaolou agrees, then they will probably only want to continue.

It's almost impossible.

But everyone knows that they don't know how to keep pretending to be. After all those who agree are over, the Holy Land of Blood will ask them sooner or later, what should they do at that time?

Wanbaolou might be able to wait a while. The Bloodline Holy Land and Xuanyuan Empire would not treat Wanbaolou at all, but they were different. Once they were hated by the Bloodline Holy Land, it

would definitely be the result of being destroyed every minute. When Qin Chen saw this place, he had fully understood the plan of the Bloodline Holy Land. He had already noticed that once the Bloodline Holy Land and the Xuanyuan Empire joined forces, they would have determined the many forces present, because there were only a few of the many forces present.

Apart from the top power, the others are just ordinary top powers.

As for the Pill Pavilion, the Qidian and other forces, they did not come at all. It's not that the Holy Land of Bloodline doesn't want to invite Dan Pavilion and Device Hall, but Yan Guan and others know that inviting these two powers will easily cause criticism and instability. Once Dan Pavilion and Device Hall disagree, then his alliance of forces is fundamental. Can't do it

Up.

As for the forces such as Tianchi Mountain and Di Yuezong who stood up at the beginning, if Qin Chen didn't guess wrong, they must have been arranged in advance by Yan Guan and others, and they might have been secretly incorporated by Misty Palace and Law Enforcement Palace.

Thinking of this, Qin Chen saw that more forces were forced to stand up and support, but Qin Chen took the initiative to stand up and said with a smile, "Hehe, today is really a great day..."

This was originally a serious topic, but Qin Chen stood up and talked with such a smile, and immediately destroyed the serious and even nervous atmosphere just now.

If Qin Chen was a master of a human force and dared to speak like this, he would have been scolded by the people of the Bloodline Holy Land, but Qin Chen was a blood beast clan, and immediately made the people of the Bloodline Holy Land angry and dare not speak.

But those forces that were still hesitating were overjoyed, hoping that Qin Chen's appearance would bring things a turn for the better. "Haha, this blood beast friend is right. Today is indeed a good day." Yan Guangan laughed a few words and then replied. In fact, he was secretly angry in his heart. If he didn't think the blood beasts were useful, he Long ago

You're welcome. However, Qin Chen didn't give the face to the face, and said with a smile: "Today is a great day. It is our blood beast clan who heard about what kind of conquest meeting will be held in the bloodline holy land. The emperor originally thought it was conquest of alien demons, so he thought it was a Good day

Son, it's a real big thing. Who knows that today is the day when the Bloodline Holy Land unites the major forces of the human race to form an alliance, and discussing who is the boss of the human race, this has nothing to do with our blood beast clan. "My blood beast clan, I am not interested in who is the boss of your human clan at all, and I don't want to be interested. If next is to discuss the formation of a human clan alliance and choose the human clan boss, then my blood beast clan will retreat first, or sit down. Shit here

No, it's too boring, you say yes. "

Qin Chen smiled and said to the many blood beasts.

"Hahaha." Many of the blood beasts laughed, and the other leaders of the Bloody Mountains, including Fox Ji and King Kong, saw that Qin Chen unexpectedly stunned the human race, and they were all dissatisfied because Qin Chen was clearly a Qingwu demon. Under the emperor's command, in their eyes, the blood beasts

The position is strict, not any blood beast can speak on such an occasion.

However, even though they were dissatisfied, the leaders didn't say anything, because they were actually a little dissatisfied with the human race in their hearts.

Call them over to see that these human races are choosing the boss. What's the point of this? It is equivalent to completely drying their blood beasts here.

As soon as Qin Chen's words came out, it immediately aroused some quiet discussions. From the view of the blood beast clan, the formation of the Tianwu Continental Power Alliance was just a small matter, and the conquest of the alien demons was the big one? It is correct to say that, but for the major forces of their human race, this is undoubtedly a major event that cannot be greater.

[Chapter 2226: Still have doubts](#)

If other warriors dared to say this, Yan Guan would have long since sullen his face and drove him out, but to the monster emperor of the blood beast clan, Yan Guan could only hold his temper and smile and said, "This blood beast friend misunderstood. Now, the alliance of forces we want to form

Not only is the alliance of human races, in fact, it also includes the blood beasts. "Speaking of this, Yan Guanyi said righteously: "The blood beast clan, like my humans, are all creatures of the Tianwu Continent. Once in ancient times, the blood beast clan and the human clan powerhouse also resisted foreign invasion together. The old man invited the blood beast

The reason why the friends of this clan came here, since they were to deal with the crisis in the mainland, how could they forget the blood beast friends? "

Yan Guan's words sounded very well, and immediately made many blood beast monster emperors feel very satisfied, and their dissatisfaction with Yan Guan was also lessened.

"Oh, I understand." Qin Chen nodded suddenly, "It's no wonder that President Yan wants to call our blood beast clan. It turns out that this alliance of forces also includes our blood beast clan. This is me. Chairman Yan is wrong."

"Exactly!" Yan Guan immediately smiled and said: "But the person who doesn't know is not guilty. This blood beast friend seems to be a man of temperament, and some old men can understand it if he is anxious."

"What I said, the emperor can understand it, but since Chairman Yan wants to invite our blood beast clan, why not discuss with our blood beast clan? And just to unite the forces of the human clan first, without mentioning our blood The matter of the beast clan." Qin Chen frowned, seemingly unable to understand, but suddenly his eyes fell and coldly said: "Does President Yan think that the opinions of our blood beast clan are not important at all? The Alliance of Human Race has been established, let me know

The blood beast clan we are here joins your human race alliance? "

Yan Guan's expression instantly solidified, he didn't expect Qin Chen to make such a move.

Indeed, Yan Guan did not say hello to the blood beasts at all before, but only proposed to form a human alliance, and later said that the blood beasts should also join the blood beasts. This made the blood beasts sound as if they only had to notify them.

Which of the strong blood beasts who can come here is the master of peace, suddenly the scene was a little confused when he heard this.

The blood beasts are all desperate for face, and they are neglected by the human race.

"Haha, President Yan is really hospitable."

"Tsk tsk, the human race is really good at doing things. The formation of the blood beast alliance does not discuss with our blood beast clan, just turn around and notify?"

"Who do you think you are?"

In the blood beast clan, many strong people suddenly sneered.

Yan Guan heard it and immediately knew that it was not good. These blood beasts are lawless existences. You can discuss with them carefully, and things may happen, but if they are dissatisfied, it will be troublesome. Seeing that the scene was not right, Yan Guan hurriedly said: "You have misunderstood. Naturally, the old man will not just notify you. The establishment of the alliance must definitely be discussed with you. How can the old man be arbitrary? The reason why I didn't notify you first was just thinking Put me first

The power alliance of our human race is established. If it succeeds, then discuss with your friends of the blood beast race, so it is justified. "

I have to say that this method of rigorously observing the circle is still good.

"It turned out to be like this." Qin Chen nodded suddenly, "but our blood beast clan is different from your human clan." He sighed, and said: "Our blood beast clan wants to form an alliance, we must all blood beast forces together. Negotiate, and must be the real power of each force, unlike your human race. For example, this one should be your human power

The famous Xuanyuan Empire master..."

Qin Chen turned his words to Emperor Wushang Wushang, Wushang Wushang was taken aback, his eyes narrowed, and other human forces also looked around. "The emperor just heard someone introduce that this person is just a manager of the Xuanyuan Empire. The real emperor of the Xuanyuan Empire is Feng Shaoyu. He is called the Great Emperor Xuanyuan. In our blood beast clan, this kind of event must be like Emperor Xuanyuan's The real

The leader can make a decision. Your human race is really peculiar. Such an alliance of forces can be considered a major event. Even a manager under the emperor can decide whether to join in minutes, which is completely impossible in our blood beast clan. "

Qin Chen shook his head while talking, as if he didn't understand the Human Race system.

As soon as this remark came out, Emperor Yan Guan and Wushang Wu's heart sank and they suddenly yelled badly.

This is an extremely serious mistake and loophole.

Qin Chen was too right. Although Emperor Wushang Wu had a high position in the Xuanyuan Empire, he could only be regarded as the spokesperson of Emperor Xuanyuan at best. In short, he was a figure representing the power of Emperor Xuanyuan in the empire.

Although he was able to make many choices, even uttering the law in the Xuanyuan Empire, it was equivalent to the Emperor Xuanyuan personally appearing, but in the face of such major events as the formation of a power alliance in the bloodline holy land, he still couldn't do the master.

The only one who can call the shots is Emperor Xuanyuan.

This is an irrefutable fact.

But before Yan Guanyi proposed to establish a power alliance, Wushang Wudi was the first to agree in a very short time. This matter itself was extremely abnormal. Our small forces, even if they are the Sect Master and the Sect Master, will hesitate and feel uneasy in the face of such a major event. You can barely be regarded as the spokesperson of Emperor Xuanyuan, so why can you do it for the Xuanyuan Empire in such a short time? Out of this

Decision?

There is only one possibility, that is, the Xuanyuan Empire and the Holy Land of Blood had already secretly colluded and discussed the matter directly, while the others were just notified on the spot.

In this way, it is very likely that some of the next sects and forces that agree to join may have been arranged long ago.

For a while, the major forces on the court felt a little cold, and they felt dissatisfied, especially the top forces such as Wanbaolou, who were still hesitating, but at this moment their eyes gradually cooled. Feeling the atmosphere on the field, Emperor Wushang Wu suddenly felt bad and hurriedly said: "This blood beast friend is not clear about the situation. In the Xuanyuan Empire, it is indeed the emperor's arbitrariness, but before this trip, the emperor has secretly entrusted him. Encounter

Anything can be decided first, and the emperor will fully support this emperor's decision. "

"Oh." Qin Chen suddenly said, "It turns out that this is the case. What great emperor of your human race is really good, knowing that you have to make a decision during this trip, and you have given you the right to make a decision early. I admire and admire him."

Qin Chen said that he was innocent, but Wushang Wudi's expression was extremely ugly, and the powerhouses of other forces on the field would naturally no longer believe Wushang Wudi.

Emperor Xuanyuan will directly make you decide on such major events, are you kidding?

"This doubt is resolved, but this emperor still has another doubt. I wonder if Chairman Yan can explain it?" After the innocent said, Qin Chen turned his head to look at Emperor Xuanyuan again, a harmless human and animal. Looks like, ask.

[Chapter 2227: Do not join temporarily](#)

"I don't know what it is?" Yan Guan said with an ugly face with a dry smile. "The emperor heard that the top powers of your human race also have the Dan Pavilion and the Tool Palace. Why don't you see any Dan Pavilion and the Tool Palace this time. It will not be the President Yan Guan who wants to take the position of the leader of the Human Alliance. Don't invite Dange and Qidian

bring it on? "However, with the status of Chairman Yan, I would never do such a thing. There should be other reasons, but if there is no Dan Pavilion and Device Hall to join, it is as if our blood beast clan engaged in an alliance of forces has not fallen. The blood mountain range joins the same, there is

Some bad names, right? "Yan Guan's face was already blue and red. He had already noticed that Qin Chen was deliberately messing around here. He hated him, but he didn't dare to do anything to Qin Chen in front of so many people. Confirmed what Qin Chen said

.

He said quietly: "There is indeed a reason why the old man didn't call Dan Pavilion and Qidian, and this reason will naturally be said at the conquest meeting after the establishment of the alliance of forces." "Then please call Vice Chairman Yan. Speak out the reason earlier. Our blood beasts have a very simple mind. Your Excellency didn't even say the reason, so you just set up an alliance of forces. After the establishment, you will hold a conquest meeting. Isn't it the end of the day?

? Since Vice Chairman Yan invited me to wait for some conquest meeting, let's start the conquest meeting quickly. As for the alliance of forces, this emperor is not interested. He wants to come to our Blood Beast Mountain Range and other blood beast friends are also interested. "

"Hahaha, indeed, we are not interested."

"Qingwu, where did you find a subordinate, it's kind of interesting."

"Coco!"

Many blood beast clan laughed one after another, what kind of alliance of forces was inexplicable.

Just as Qin Chen said, if their blood beast clan wants to form an alliance, it is okay for their leaders to discuss it casually. If this is the case, the blood beast clan would have been monolithic.

What's more, the blood beast clan wants to form an alliance of forces, so why let your human clan preside over it is inexplicable. "As for the alliance of forces, the old man also agrees with this blood beast friend. Even if it is to be established, the Dan Pavilion and the Qidian must be added. Otherwise, if we only establish it, it will be a bit of a bad name. President Yan said it. There are reasons, but no matter how

In other words, Pill Pavilion and Qidian are also the top forces in our continent, so I will not join Gu Mengzhai for the time being. "

A pinnacle martial emperor like a female Taoist stood up and said.

In fact, she had been hesitating, and Qin Chen's words gave her a reason to refuse.

Everyone looked at Master Gu Mengzhai in amazement, and was the first to stand up and refuse to join, which required a lot of courage.

"There is indeed something wrong with this matter. I will take a look at Wanbaolou for the time being. After I have contacted the Dan Pavilion and the Artifact Hall, I will make a decision later."

When everyone was shocked, the leader of Wanbaolou also said lightly.

"I don't think it's right in Qingfeng Valley, so I won't join for the time being." Another big force stood up.

"I still want to wait for the Stargate."

"..."

Many forces saw that even Wanbao Tower had stood up, their hearts were instantly let go, and they all refused.

Seeing that more and more people are not ready to join for the time being, the faces of the leaders of Yan Guan and Wushang Wudi became increasingly difficult to look.

"Hahaha, okay, Yan is reckless." Suddenly, Yan Guan laughed, the gloom on his face disappeared, and he became hearty again: "This blood beast friend is right. It was Yan before. Someone was in a hurry, thinking about stepping up the establishment of a power alliance to fight the mainland crisis. He did not explain to everyone. In this case, this matter will be discussed later. The guests here today are all because of the conference. In this case, old man Let's hold a discussion meeting first, and then explain to everyone the reason for the matter, and finally you will decide

Are you willing to form an alliance of forces? "

This Yan Guan can be regarded as a capable person. Seeing the changing scenes, he changed his mood in a short moment, and with a smile, he gently let go of the previous topic.

Everyone also heaved a sigh of relief, as long as they didn't mention any power alliances, they could accept it. "This time the old man summoned everyone, in fact, the main purpose is to explain to you the situation on the mainland. Everyone should have heard of what happened in the Thunder Sea not long ago. A strength called the Black Order took over the city of Thunder. And build

A top power has been established, and the expedition meeting organized by the Holy Land of My Blood this time is precisely preparing to conquer Thunder City on this day. "

Strictly and vocally.

what?

As soon as this remark came out, the audience was in an uproar, and everyone was discussing with each other with a look of astonishment.

Isn't this conquest meeting conquest of Misty Palace? How did it become a conquest of Tianlei City? Nowadays, the most circulated information on the mainland is that the Misty Palace colluded with alien demons. From everyone's point of view, the Holy Land of Blood, whether it is hosting a conquest or establishing an alliance of forces, should be aimed at Misty Palace. How did it suddenly become Sign

Ask for the sky Thunder City.

"Yes, you may not understand why we conquered Sky Thunder City. That's because Lei City is actually an outpost of Misty Palace and an important chess piece for Misty Palace to unify the mainland."

Take a serious view.

This news once again caused everyone's uproar, and everyone looked over in horror.

Tianlei City is the outpost of Misty Palace and the **** of Misty Palace to unify the mainland. How could this be possible? It should be noted that the news that the Misty Palace colluded with foreign races and planted traps in the Sea of Thunder was all broadcast from the Thunder City, and both the Dan Pavilion and the Qidian agreed with it. Combined with the previous story of the ancient Yu world, everyone has long been See through the truth of Misty Palace

In the face, now the Holy Land of Blood said that Tianlei City was in the gang of Misty Palace, which is too exaggerated. "You may all feel incredible. In fact, when Yan Mou first learned about it, he was even more incredible than you. This is why the old man did not invite the Dan Pavilion and the Qidian this time. Regarding the Tianlei City matter, Dan Pavilion Heqidian

Shi always stood on the side of Tianlei City. The old man didn't know whether Dan Pavilion and Qidian didn't know the situation, or did it deliberately. If he was just deceived by Tianlei City, that's fine, but if he was standing with Tianlei City on purpose Together, then..."

Yan Guan's face was heavy.

"Wow!"

The audience boiled over, and the news that Yan Guan broke out was too shocking. Although he didn't say it clearly, everyone heard it. Chairman Yan Guan obviously suspected that Pill Pavilion and Qidian might have colluded with Misty Palace. Who can believe such a thing?

If this is the case, what other forces are innocent? For a time, everyone was shocked, unbelievable, and shocked.

[Chapter 2228: Evildoer](#)

Qin Chen and Fu Qiankun sneered while listening to all this. Is this the means of the Holy Land of Blood? Let the major forces on the mainland concentrate their firepower against Sky Thunder City?

The two looked at each other, sneer in their hearts.

It's easy to plant Thunder City, but it's difficult to convince everyone.

Both of them wanted to know how Yan Guan came back to all of this. The major forces are not idiots, and they will not easily believe this, and everything must be evidence.

Sure enough, someone had already shouted loudly: "I don't know what Chairman Yan said, is there evidence?"

"Yes, is there evidence?"

Many people shouted.

Such a major event is unfounded, and evidence is needed to convince people. "Naturally there is evidence. In fact, this matter is also related to an inside story of our bloodline holy place. This matter is of great importance. It is a secret of my bloodline holy place, even a scandal, but in order to prove what the old man said, the old man can only Take out

coming. "

Yan Guan sighed, and said: "Maybe you all know that Fu Qiankun, the president of my blood holy land, disappeared more than two hundred years ago?" Everyone was taken aback. Everyone knew about Fu Qiankun's disappearance. It was from that time. , The Holy Land of Bloodline fell into civil strife and slowly declined, and Misty Palace seized this opportunity to rise quickly, becoming the top of the Tianwu Continent all the way.

Power.

It is rumored that Fu Qiankun is still the respected master, and it is said that he appeared in the Thunder Sea not long ago and joined the Black Order of Thunder City that day. The news that Misty Palace colluded with other demons came from Fu Qiankun and It burst out of the mouth of the Black Order.

But what does this matter have to do with Fu Qiankun?

Everyone only felt that a shocking secret was about to be opened. "Fu Qiankun is Yan's master, and he is loved by Yan. The world has spread that Fu Qiankun mysteriously disappeared in the Holy Land of Blood, but in fact, how could there be a mysterious disappearance in my Holy Land of Blood, Fu Qiankun The reason for missing is actually

It was because of the practice of a foreign race that I was discovered by the elder Qiu Tongguang, the Holy Land of My Bloodline. At that time, many seniors in the Holy Land of my Bloodline tried to stop him, but he forcibly broke through and disappeared on the mainland. "

"This incident is a scandal in my bloodline holy land. For the sake of my bloodline holy land, I can only claim to the public that President Fu has mysteriously disappeared in the holy land. In fact, it is because President Fu has practiced alien skills. Fa, escaped from the holy capital."

boom!

One stone stirred up a thousand waves.

There was an endless uproar instantly on the court, the blood sacred place chairman Fu Qiankun, once the number one person in the mainland, actually practiced alien techniques, my God, is this true?

This anecdote burst, the audience was boiling, everyone was in an uproar, this is great news, enough to subvert everyone's ideas.

"Old Fu, your apprentice is really kind to you." Qin Chen said to Fu Qiankun with a smile.

Fu Qiankun's face was pale, and his body was trembling slightly.

His eyes were cold, and his strict observations made him angry. This time, he was unwilling to be his apprentice.

After a long time, Yan Guan pressed his hands slightly, and the discussion on the field slowly weakened, but the shock still couldn't be smoothed. "In fact, when I first learned about it, I also felt extremely sad. Fu Qiankun is my master after all, and even has a great love for me. Not only did he pass on his unique knowledge to the old man, he also regarded him as his son. And support the old

The husband inherited his mantle. "

"In the eyes of the old man, he is not only a kind master, but also a kind father."

"But he shouldn't, and absolutely shouldn't, colluding with alien demons." Yan Guan's body was full of chills, and his body trembled, as if he was extremely angry: "At that time I didn't believe everything that the elder Qiu Tongguang said, and I still believed in the teacher. Zun is innocent, and over the years, the old man has been looking for the disappearance, knowing

Not long ago, the old man heard the news from Master that he had colluded with the Black Cultivation Society of Tianlei City, and also involved alien demons. "In the beginning, the old man still believed that Master did not collude with the alien demon. The reason why he joined the black cult is actually to deal with the Misty Palace. The black cult is also just, but he knows that my brother Qiu Pu Pure return from Tianlei City

, I knew I was wrong. "

"Come here, bring people up." Yan Guan shouted angrily, and someone escorted a few people over. These people were very embarrassed, bloody, their shoulders were pierced by the lute bones, and their bodies were locked with real iron. The chain was trapped, the cultivation base was exhausted, and he fell to the center of the square.

On the high platform.

"Qiu Puchun."

When Qin Chen and Fu Qiankun saw the leader, their eyes narrowed. The leader was Qiu Puchun.

But at this moment, Qiu Puchun was extremely embarrassed. He had long lost the aura of a pinnacle powerhouse, bones were visible all over his body, and blood was flowing.

But Qin Chen and Fu Qiankun didn't know the few people around him.

"These people are weird."

Qin Chen saw that these people were very weird, and there was a faint devilish bloom in their bodies.

"Everyone, this is my junior brother, Qiu Puchun, who was also the hidden elder who brought back Master's news from the Thunder Sea before."

Yan Guan looked at Qiu Puchun coldly, and said coldly: "Junior Brother, we're seeing each other again."

"Bah, Yan Guan, you betrayed Master and colluded with other races. You have to die, Master will not let you go."

Qiu Puchun raised his head and said angrily, struggling with excitement, but was severely dropped by Yan Guan, blood flowed. "Hahaha, I am in collusion with a foreign race. By this time, do you still want to plant your brother? I have misunderstood you before. Look, the few people around you are all your confidants, but these This guy tampered with my blood secretly

If the elder Qiu Tongguang hadn't noticed the Holy Land Array in time, the old man would have become a sinner in the Holy Land of Blood. "

"Now, everyone can see clearly that this Qiu Puchun is the confidant of Master Fu Qiankun, and the person who brought back the Misty Palace to collude with the foreign demons. But everyone is watching carefully. The confidants around him are all What kind of people."

When the voice fell, Yan Guan opened his five fingers and slammed into the head of a disciple of the Holy Land nearby.

"boom!"

The five fingers burst into rainbow light, and forcibly pierced the strong man's mind. The strong man whose cultivation base had been banned suddenly screamed, blood flowed out of Qiqiao, and roared in anger.

On the side, Qiu Tongguang shot at the same time, and their five fingers were inserted into the heads of the remaining Qiu Puchun.

This sudden scene shocked everyone. Then everyone's eyes were shocked, and they saw the few people screaming in pain, but gradually, the expressions of the few people became savage, their heads were pierced, and these people did not die in the first time, but appeared endlessly. The devilish energy, a devilish shadow, rises above the bodies of these people.

[Chapter 2229: Shocking](#)

call!

A cold breath surged above the square, and the cold devilish energy swept away. Under the eyes of the crowd, several demon shadows emerged from the strong men, but they were suppressed by the strange blood runes. Trapped in an empty space.

"Ah, **** human, let go of this seat, let go of this seat."

These demon shadows roared in anger and hideous, accompanied by their roars, a cold breath swept away, and the countless strong people present shivered.

Is this the alien demon? Good yin and cold breath.

Why are Qiu Puchun's confidantes all the aliens?

The hearts of everyone sank, and they all thought of extremely terrible questions. Is it true that what Chairman Yan Guan said is true?

"You guys, have you seen it? The confidants around me, a good junior, are all alien demons."

Yan Guan's eyes were blood red, and his sorrow was incomparable: "Does everyone understand now? Why did the old man say that Leicheng that day was a **** in the Misty Palace, because the real behind-the-scenes control of Leicheng that day was actually an alien race." , Sky Thunder City is developing rapidly, and everyone has heard about it. That day, Thunder City attracted all the powerhouses under the world to gather with rich benefits, and these powerhouses were all kept in the dark. , They don't know,

What they joined was not the forces of our human race, but the forces of the alien demons. "

"And the best of them will even be seized by the alien demons and become one of them." "What's even more frightening is that even the Dan Pavilion and the Device Hall are deceived by them, except for the Dan Pavilion and the Device Hall. There are also forces such as the Fuji family, the death demon sect, and the sky ghost sect. The most terrifying thing now is that the old man does not know whether they have been deceived or have become strange demons.

Accomplices of the family. "

"If they are just being deceived, that's fine, but if they have become accomplices of alien demons, then..."

Speaking of this, Yan Guan seemed unable to imagine such a situation, and his body was trembling.

The people on the field were already speechless. If things were as Yan Guan said, the Wu Continent would be in danger that day. The Misty Palace, the Hall of Law Enforcement, plus the Sky Thunder City, the Teng Family, the Sky Ghost Sect, the Death Demon Sect, and even the Pill Pavilion and the Device Hall. Such a terrifying force has even occupied half of the mainland. With the words of alien demon

, The whole continent is already at the end of the danger. "Now you all understand why the old man wants to establish an alliance of forces? Because only by uniting can we fight against the alien demons and against so many traitors. In the eyes of the old man, everyone is still a companion, but the old man does not dare Ken

Certainly, in the future, there will be people who will take refuge in the alien demons. Only by joining the alliance of forces, everyone is united, and each other has no secrets, can we know who is the true loyal minister and who is the traitor of the mainland. "

Yan Guan's words were not unimportant. Although he didn't say it clearly, his expression was very clear. As long as he didn't join forces, he would be a traitor to the mainland.

In this way, who would dare not join? "In order to fight the alien demon race, my bloodline holy land has actually done a lot of things silently. Over the years, although my bloodline holy land is very chaotic, in fact, due to the danger that may come, my bloodline holy land has been established with the blood beast clan early.

Established contact. "Yan Guan turned to look at Fox Ji and others: "All blood beast friends in the Fallen Mountains should know that my bloodline holy place had decided to establish a good relationship with the blood beast clan more than two hundred years ago. , And sent messengers to enter many times,

At the earliest time, it was Pochen Wuhuang, everyone who wanted to come to Luoxue Mountain had heard of it. "

Qin Chen sitting below was taken aback, and could not help touching his nose.

In fact, he was really the first blood master to establish a good relationship with the blood beast clan.

Qin Chen in his previous life was completely dead and unable to break through the Nine Heavens Martial Emperor's realm. In order to break this curse, he went to various forbidden places in the mainland and even entered the Falling Blood Mountain several times, trying to find a solution from the blood beast clan.

It was inspired by Qin Chen that more than two hundred years ago, Fu Qiankun was about to establish a good relationship with the blood beast clan, but he didn't expect that he was actually regarded as his own credit by Yan Guan.

This Yan Guan is so old, don't you know what embarrassment is? But other people, even the blood beasts in the Fallen Mountains, naturally don't know all of this. Except for the Brochen Martial Emperor who has heard about it, the others only know that the Human Bloodline Holy Land began to establish with their blood beasts more than two hundred years ago. Good

As to who is in charge of the Holy Land of Blood, they are naturally not very clear. The major forces present were shocked when they heard this. It turned out that in order to fight against the alien race, the Bloodline Holy Land began to prepare more than two hundred years ago. It is no wonder that this time the expedition meeting can invite the masters of the blood beast family.

As early as two hundred years ago, Mai Sacred Land had been in contact with the blood beast clan.

"Since I talked about the Emperor Wuchen, the old man will reveal another great secret today. This secret was also accidentally learned by the old man. You should all remember the news that Emperor Wuchen had fallen into Death Canyon. Right?"

The major forces on the field naturally nodded.

Although Pochen Wuhuang was only a Wuhuang, his reputation on the mainland was not inferior to that of Fu Qiankun, the first person in the mainland.

It should be noted that although the misty palace lady Shangguan Xi'er and the Emperor Feng Shaoyu of the Xuanyuan Empire were not small in martial arts, they could only be regarded as ordinary martial emperor masters. It was Brochen Martial Emperor who really made them stand on the top of the mainland.

With the support of Pochen Wuhuang, Shangguan Xi'er founded the Misty Palace and became the largest power in the mainland today.

And the Emperor Xuanyuan's Xuanyuan Empire was also established with the help of the Pochen Wu Emperor. Otherwise, with just such a small Wu Emperor Feng Shaoyu, what qualifications would he have to build a huge empire in the Martial Domain?

But now, the Xuanyuan Empire has also become the largest empire in the mainland, second only to the Misty Palace.

It can be said that even though Pochen Wuhuang has fallen for more than three hundred years, the legends on the mainland still circulate extremely widely. With the growth of the Misty Palace and the Xuanyuan Empire, the myths are also growing.

Now that Yan Guan is about to reveal a shocking secret about Wuchen Wuhuang, it naturally attracted everyone's attention. "I want to come, everyone has heard that the Emperor Pochen Wu fell in Death Canyon back then. The reason for the bright face was to rescue Emperor Xuanyuan Feng Shaoyu who was in danger. As a result, he fell into the forbidden area and even led to Misty Palace and Xuanyuan. The break of the empire,

In fact, this is just a cover. "Yan Guan looked like he knew the inside story, and said in shock: "The reason why Pochen Wuhuang really fell is because Master Fu Qiankun colluded with the alien demons, and was known by Pochen Wuhuang. In order to kill people, the teacher Zun and Shangguan Xier made the game together

, And only then killed Pochen Wuhuang Keng in Death Canyon. "

"Otherwise, Pochen Wuhuang was a genius and powerful man who broke into the forbidden land and could come out safely. How could he fall into Death Canyon because he saved people? But the rescued Emperor Xuanyuan Feng Shaoyu was safe?"

Strictly speaking, there was a shocking scene.

boom! The audience was in an uproar and almost lifted the top of Shengdu Square.

[Chapter 2230: Not blood beast](#)

Unexpectedly, the fall of Wuchen Wuhuang back then contained such a secret.

Everyone looked at Yan Guan in shock, and admiration emerged in their hearts.

If such a scandal happened to their forces, would they be willing to explode?

This strict view is really ruthless.

"So, I call on everyone to join the team to conquer the Thunder City and reveal the true face of the Thunder City, otherwise once the Thunder City has fully grown up, it will be too late to stop them." Yan Guanhong said.

His words also caused everyone to fall into contemplation. If Tianlei City is really a **** in Misty Palace, then as Yan Guan said, Tianwu Continent is really over. After all, the development speed of Tianlei City is simply appalling.

"Everyone, don't believe in this strict view. This is a wolf-hearted man who framed Master. He is the real villain who colluded with the alien demon." Qiu Puchun roared angrily.

Snapped! Yan Guan slapped him severely, and said coldly: "Junior brother, at this time, you are still defending Fu Qiankun. What kind of ecstasy soup he has poured into you? It depends on you and my brothers for many years. Tell me how Tianlei City is

If you collude with alien demons, the old man will spare you today. "

"I, bah, you betrayed the master, Master, he will not let you go." Qiu Puchun said angrily.

"Since you have to die, that old man will do you today." Yan Guan's eyes were cold and coldly said: "Everyone, Qiu Puchun colluded with foreign races. Today, I will clean up the door and beheaded to pay homage to it. Solicitation Conference."

When the voice fell, Yan Guan raised his right hand and slammed down Qiu Puchun's head.

Looking at Yan Guan's palm, Qiu Puchun closed his eyes and said in pain, "Master, I'm sorry, the disciple didn't expect that Senior Brother Yan Guan was actually that traitor, and he could not restore your reputation, Master. Sorry."

Huh!

Seeing that Yan Guan's palm was about to fall, a silhouette flashed across the sky, and before Yan Guan's palm fell, Qiu Puchun was rescued.

The speed of this figure is so fast that even Yan Guan couldn't react. He only felt that there was a flower in front of him, and Qiu Puchun, who was in front of him, was gone.

"Who is it? To be wild in my blood sanctuary?"

Yan Guan was suddenly shocked. He felt that it was too late for someone to break in. He was shocked and angry. He shouted angrily and slapped it out like lightning.

Boom! The void exploded, and the sky burst out with a thunderous roar. A thick palm force swept across like a vast ocean, directly covering the figure. In this palm, layers of palm shadows surged, seeming to penetrate thousands of mountains and rivers. , Folded in countless empty spaces

In between, the light flickered, extremely bright.

The people at the bottom of the square were also shocked. Before, they were amazed that Yan Guan dared to kill his relatives righteously. But when I looked back, I saw someone rescued by Yan Guan's men. Although I couldn't see the person's true face, he was still shocked. Tingling.

Is this person daring to run wild in the Holy Land of Blood, is he looking for death? Sure enough, Yan Guan took a palm shot, and the endless palm power instantly enveloped the black shadow that rescued Qiu Puchun. The layers of palm shadows turned into a cage, exuding a terrifying space. Make the countless strong eyes dignified,

There was no more shock.

This palm seemed ordinary, but in fact, between a palm, there were terrifying spatial rules, covering all the world, enough to imprison a pinnacle martial emperor instantly.

A glimpse of the leopard, everyone can see the terrifying Yan Guan just from this random palm, and has reached the peak of Emperor Wu's realm, and the president of the bloodline holy land is indeed well-deserved.

Yan Guan also sneered in his heart. He didn't expect that someone would dare to save Qiu Puchun at this time. No matter who it was, once he was captured, he would directly treat him as a spy of the alien demons, behead him, and sit down. The charge of Pu Chun.

Thinking of this, my heart sneered even more, and the rules of space were permeated and quickly fell.

But the next moment, his face changed.

Hum!

After the dark shadow was enveloped by his endless palm shadow, he didn't panic and threw a punch directly with his backhand. This punch seemed random, but it was powerful and terrifying. Only a violent roar was heard, countless in the sky. The palm shadow suddenly collapsed.

boom! The endless palm shadow collapsed, and the horrible aura that broke out swept in all directions. Many strong players on the field urged the true essence, forming a true essence shield in front of them, which blocked the impact, but One by one is still in shape

The shock was shocked.

The strength displayed by this black shadow is not trivial. Although Yan Guan is just a casual blow, the opponent can easily break Yan Guan's attack. Such strength is by no means idle.

"Who is Your Excellency?"

Whoosh whoosh!

A famous master from the Holy Land of Blood rushed over, immediately surrounded the black shadow in the middle, and shouted coldly.

At the same time, people from the Holy Land of Bloodline surrounded the blood beast demon emperor on the side of Luoxue Mountain, because a master immediately noticed that this dark shadow was from the blood beast on the side of Luoxue Mountain. Killed out of the monster emperor.

"It's the master in the Fallen Mountains."

"It seems to be the one who spoke before."

"The Demon Emperor of the Luoxue Mountain Range, why did you save Qiu Puchun?"

When everyone calmed down and discovered that the person who shot was actually a demon emperor in the Luoxue Mountain Range, they all looked shocked.

"Qingwu, what the **** is going on?"

Fox Ji, King Kong and other demon emperors in the Falling Blood Mountain range cast their eyes on them, and they shouted coldly.

Although they don't look much into humans, they also know that strong humans are not easy to provoke, especially the masters of this bloodline holy land, each with extraordinary cultivation bases, not much weaker than them.

What's more, they are still in the base camp of the human race. Once they anger the opponent, although they have so many blood beast monster emperors, they are very difficult to kill.

Even if anyone can kill them alive, they will inevitably suffer heavy casualties, very few.

Demon Emperor Qingwu didn't take it seriously, but just looked ahead in time, with a faint smile at the corner of his mouth.

"Qingwu!"

Fox Ji shouted angrily. Qingwu touched his nose and said faintly: "Fox Ji, don't worry, this person is not my demon emperor from the Luoxue Mountain Range, but a strong human race. The emperor met each other by chance before, and I heard that the other party is also going to participate in this. The conquest of the conference brought people in,

As for why he wants to save this human bloodline master, you ask me, who do I ask? "

What, this person is not a blood beast?

Everyone was stunned, how could this be possible? The opponent's body clearly exudes the blood unique to the blood beast clan.

For a while, everyone turned their heads and looked at the man in black.

The man in black is not someone else, it is Fu Qiankun.

Before Yan Guan wanted to kill Qiu Puchun, how could he watch Qiu Puchun fall before his eyes? Facing the many bloodline holy land powerhouses who surrounded him, Fu Qiankun sneered coldly, ignoring everyone, and pill after pill quickly appeared in his hand, poured into Qiu Puchun's mouth to heal his injuries.
