

Valkyrie 2251

[Chapter 2251: Soul level](#)

With a ferocious aura in the old voice, Feng Shaoyu's weak soul was directly suppressed deep in his body.

What's the situation? Qin Chen was stunned for a moment, and then suddenly realized that Feng Shaoyu had been taken away by others. This old voice should have been the terrifying ancient saint-level expert from Feng Shaoyu before, and now he is chasing and killing him. Next, he actually occupied

Feng Shaoyu's body. Feng Shaoyu was supposed to avoid her own pursuit and actively let the opponent occupy it, but in order to gain control of the body, he should deliberately leave a backhand in his body, but who knew that this ancient powerhouse used his own attack, Jiang Feng Shaoyu

His backhand was broken. This guy Feng Shaoyu deserved to have suffered this kind of retribution, Qin Chen sneered. At this moment, Feng Shaoyu, who was pierced by the power of sword energy, recovered instantly, a trace of flesh and blood squirmed, and Feng Shaoyu's body recovered in a moment. The only difference was that

The thing is, the body healed later had no clothes.

"Wow, Feng Shaoyu has been suppressed by the old man. His soul is in the hands of the old man. The old man is willing to give his soul to you. Your grievances over the past hundreds of years have been wiped out. Now we don't offend the river. road."

An old voice came from Feng Shaoyu's mouth. Qin Chen knew that Feng Shaoyu had really been taken away, but he was not dead yet, except that Feng Shaoyu's soul had been completely given to him by this so-called ancient person. Take control.

Qin Chen sneered in his heart, believing that the person who had taken away Feng Shaoyu was willing to write off him, then Qin Chen might as well believe that Feng Shaoyu was a gentleman.

This person can avoid the mysterious rust sword, so that the power of the mysterious rust sword cannot be fully released, and even uses the mysterious rust sword's attack to weaken Feng Shaoyu's strength, knowing that this person's scheming and strength are more than his Feng Shaoyu Be deep.

And this person should be aware of the grievances between him and Feng Shaoyu, otherwise he wouldn't be able to say such things as grievances and grievances for hundreds of years.

If such a master let the tiger go back to the mountain, Qin Chen would be blinded.

Qin Chen didn't even say a word at all. While the Ancestral Demon's blood meridian was activated, it had already activated the mysterious Rust Sword again, smashing the solidified power at once, and struck Feng Shaoyu again.

This person gave him a much stronger sense of crisis than Feng Shaoyu. At this time, he didn't take advantage of this person to kill him when he was weak, and it would be too late to kill him when this person recovered.

An ancient holy realm powerhouse, Qin Chen felt terrifying just thinking about it.

Seeing that Qin Chen did not hesitate to do something at him, the strong man named Gu Zunren was immediately furious, he snorted coldly, and suddenly urged the heavenly Harrier.

I saw the harrier pan trembling crazily on this day, a trace of black breath rose rapidly, and accompanied by a strong **** atmosphere, it turned into a blood-black occasion, the strong **** smell, almost disgusting . Feng Shaoyu, who was suppressed, saw this scene and was frightened. It turned out that the ancient venerable had been hiding his strength before, and he had not displayed all his power. At this moment, the ancient venerated person is like the same demon king, holding a harrier plate. , Scrolled the virtual

The black murderous in the air.

"Feng Shaoyu, look carefully, the power is used like this." The ancient master sneered, the roar in the void continued, and the sky harrier pan screamed crazily, and even formed a close rival with the blood meridian of the ancestor. At the same time, the ancient master had already held the sword of the Great Emperor, the sword that the Great Emperor's sword urged, rolled up endless

The murderous intent of Qin Chen struck directly at Qin Chen's mysterious rust sword, forming an ocean of murderous trickle.

"Boom!" A very dull sound, the ocean-like murderous trickle was torn apart by Qin Chen's mysterious rust sword, and after the indomitable black murderous aura was torn apart by Qin Chen's sword, There is no more terror that sweeps the world

.

"What? What kind of soldier is this?"

Gu Zun's face was horrified, and he shouted loudly.

Hum!

And in the mysterious Rust Sword, a terrifying devouring force, with infiltrating power, pierced into Feng Shaoyu's body, that force throbbed extremely, exuding an aura of immortality that swallowed everything in the world.

hiss!

The ancient master snorted and screamed, and a pain was passed from his heart and soul.

Hum!

The quaint sky harrier plate above his head bloomed with a black halo of nothingness, accompanied by an astonishing soul fluctuation, which resisted this terrifying force.

"Ok?"

Qin Chen frowned, his sword had already mobilized part of the power in the mysterious Rust Sword, and he could not even kill the ancient venerable person.

If he fully urged the mysterious rust sword, he might be able to kill the opponent, but Qin Chen's own consciousness would also be swallowed by the mysterious rust sword, so he would never dare to do so.

The strength of this ancient venerable person is already close to the original clone of the master of the abyss.

How can this kill him?

Qin Chen had a headache.

After the opponent occupied Feng Shaoyu's clone, his strength obviously skyrocketed, and his control of the holy artifact reached a whole new realm, and he was able to withstand the attack of the Ancestral Demon Blood Jing.

He is still unable to exert the full power of the Ancestral Demon Blood Sutra, and it is extremely difficult to suppress the opponent.

"Kid Qin Chen, why bother with ordinary power? You can start in another direction and conquer this ancient person from the soul realm."

A pleasant voice sounded in the jade disc of good fortune in the universe, it was a **** cat.

"Big black cat, don't you want to help?" Qin Chen was depressed. The **** cat had disappeared before. He didn't come out to help at all. At this time, he spoke. With the strength of the **** cat, if he was willing before, maybe This Feng Shaoyu has already been stopped, how could it be so expensive?

More energy.

"Little Qin Chen, this emperor can't help you everywhere. The reason why you are allowed to do it is to familiarize you with higher-level battles. If you rely on others every time, how can you enter the Holy Realm in the future?"

The **** cat said knowledgeably.

"I think you are simply too lazy to do it."

Qin Chen gritted his teeth and wanted the **** cat to make a move. Unless he was in a life-and-death crisis, he probably didn't bother to move.

However, the words of the **** cat also gave Qin Chen a hint.

Soul realm?

Qin Chen pondered a little, his Heavenly Soul Forbidden Technique was the top forbidden technique in the soul, and the opponent, the Saint-level master, obviously had a lot of soul attainments.

"Soul is the origin of all living beings, and it is also the place where you really need to cultivate after entering the holy realm. If you can't really control your soul power, even if you really enter the holy realm, it will only be the least influential one."

The **** cat lazily said. Its words are exactly the same as the words of the ancestors of the Ji family. After the martial artist reaches the holy realm, it is the soul that really needs to be cultivated, and the soul is the core of a strong holy realm.

[Chapter 2252: Serve you](#)

"If this is the case, then shoot from the soul level."

Qin Chen's eyes flashed and he already made a decision.

"go with!"

He raised his hand, and a series of terrifying formation patterns suddenly appeared between the sky and the earth. It was the Tiankong Wanzhuan formation disk, which quickly sealed this void.

"Ok?"

Gu Zunren's eyes condensed, and Qin Chen's endless treasures made him feel an incomparable headache.

"If these treasures can be obtained by the old man, the old man's strength will definitely be greatly improved, and he will even be able to recover to his previous cultivation level sooner."

And when Gu Zunren was dreaming about it, Qin Chen's Wanshen Art was already working.

"The gods are shattered!"

Qin Chen's eyebrows split, and a soul eye emerged, and a horrible soul whirlpool power lingered, and a misty soul world appeared in it.

In the dark, a deadly force aimed at the soul bloomed from the emptiness of the eyes.

"You unexpectedly..."

The ancient Venerable Man was shocked, this Qin Chen wanted to compete with himself for soul power, and the Heavenly Harrier in front of him suddenly emitted a strange soul fluctuation.

Hum!

Between heaven and earth, haunting the unique soul realm.

"Hmph, kid, you want to compete with the old man for the soul. The old man couldn't beat you before, just because he didn't get the control of the body. Now, with your little soul, how can you deal with me?"

Hum!

In his body, the invisible power rises, and also gathers the soul power to resist Qin Chen's attack.

boom!

The two souls attacked and suddenly collided in the void.

In the void, invisible power is permeating, and the terrifying soul arrogance lingers between the heaven and the earth, making the heaven and the earth change color.

"Ok?"

The ancient Venerable person changed color, and the other person's soul attainments, in the body of Feng Shaoyu he occupied, was not weaker than himself.

How did his little peak Wudi cultivate?

"Qinglian Demon Fire!"

In his shock, Qin Chen urged Qinglian Demon Fire at the same time.

call!

A round of azure blue flames suddenly rose up, descending on this world, and the power of the terrifying flames suddenly poured out.

Puff!

Qin Chen's soul power carried a terrifying flame power, bombarding the ancient venerable person, roaring and raging, penetrating the spiritual level.

Moreover, there is also a terrifying force of thunder, which is integrated into the soul attack.

While urging the Wan Shen Jue, Qin Chen also used the Heaven Soul Forbidden Technique.

Three terrible forces merged together to form a qualitative change.

"Hiss..."

Feng Shaoyu screamed, and his body was covered by the blue flame, burning, and his body and soul seemed to have been bombarded by thousands of thunder and fire.

At this level, Qin Chen once again urged the Ancestral Demon Blood Jing and Suppressing Demon Cauldron.

boom!

Several terrifying powers poured down at the same time, and the ancient Venerable Man was full of fear, and the soul power in his body was consumed a little bit.

"Damn it!"

He roared, but was powerless. Under this kind of soul-level attack, his Heavenly Harrier Plate also lost its function, and was suppressed by the Ancestral Demon Blood Scripture and the Suppressing Demon Cauldron.

"Do not....."

No matter how he struggled, his soul power was being consumed a little bit.

He was finally terrified.

"boom!"

He frantically urged the harrier plate, shaking the surrounding power a bit, and fleeing here.

But at this moment.

Hum!

A black light flashed in the void, and it was a **** cat, which appeared directly on the top of the old man's head and patted it with a paw.

"what?"

The ancient master was frightened, and watched the **** cat's sharp claws fall on him, dizzy deep in his soul.

But at this moment, Qin Chen's attack had penetrated into his body, tearing his flesh little by little.

"Stop, if you have something to discuss, everyone has something to discuss."

The ancient master screamed frantically.

Qin Chen sneered. Do you have something to discuss at this time? Indifferent, he continued to increase the fusion of the three powers, and for the first time discovered that the attack at the soul level was so effective.

For the ancient venerable person, such an ancient sacred realm powerhouse, must be killed, otherwise it will inevitably cause harm.

"No, don't kill me, as long as you let me go, the old man is willing to submit to you."

The ancient master roared in anger.

"Surrender me? Waiting for you to seize me?"

Qin Chen sneered. The ancient venerable man followed Feng Shaoyu before, but at the moment of crisis, he took Feng Shaoyu away, and now he said to surrender him. What a joke.

"No, no, the old man is willing to sacrifice his soul to you, as long as you don't kill me, the old man is willing to serve you as the Lord."

When Gu Zunren said this, his heart was humiliated. He, a dignified ancient sage, wanted to surrender to a small peak Martial Emperor. How strong is this humiliation.

But in order to survive, he has no other way. If he doesn't agree, there is only a dead end.

"Sorry, this young man doesn't need it."

Qin Chen was indifferent, and he was very jealous of Gu Venerable. Such a person, who knows what other means, should be pitted by the opponent, it would be troublesome.

Therefore, his eyes flashed, murderous intent was revealed, and his hands kept moving.

"No, the old man is still useful. The old man follows Feng Shaoyu and knows everything about the Xuanyuan Empire, and now that the old man has seized this Feng Shaoyu, he can completely surrender to you with the Xuanyuan Empire as Emperor Xuanyuan."

The ancient master yelled frantically, with an extremely strong desire to survive.

"Gu Zun, you old man."

When the suppressed Feng Shaoyu heard all this, his whole body trembled with anger and panic.

"Huh?" Qin Chen frowned. This really made him feel a little moved. The Ancient Venerable had already seized Feng Shaoyu, so once the other party surrendered to himself, he could use Feng Shaoyu's identity to act on the mainland. , By that time, no effort

Li won the Xuanyuan Empire, which was a huge benefit for him to face the Demon Lord and Shangguan Xier next. Seeing Qin Chen's heart move, Gu Zunren hurriedly said: "Moreover, the old man knows that you are against the alien demons. In the ancient times, the old man hated these alien demons very much. The old man has never united with alien demons. As long as you spare my life

, The old man can tell you a great secret about the alien demons. "

Gu Zunren shouted frantically.

"The big secret?"

What secret can this ancient person have?

"This secret has something to do with the core arrangement of the alien demons in my Tianwu Continent." Gu Zunren continued.

Qin Chen looked cold, and said coldly, "Are you talking about conditions with Ben Shao?"

Gu Zunren trembled, and hurriedly said, "No, no, the old man dare not. The old man just wants to tell you that as long as you subdue the old man, the old man is not useless."

Qin Chen was finally moved.

If Gu Zunren could control the Xuanyuan Empire for himself, Wu Continent would reduce a lot of losses that day, which would be an extremely great blessing for the mainland.

However, I have to make sure that I can control the Gu Zunren.

Hum!

Qin Chen directly operated the Heavenly Soul Forbidden Technique, and a terrifying force spread out directly.

"Sacrifice your soul origin, let Ben Shao control, Ben Shao can consider forgiving you." Qin Chen said coldly, his eyes haunting killing intent. This is his bottom line. If the old man is unwilling, don't care. How many benefits the other party has, Qin Chen must slay him.

[Chapter 2253: Tortured](#)

"Yes!"

In the face of the threat of death, the ancient master had to diffuse a trace of his soul origin. However, there is actually a faint expectation in his heart. He is a strong man in the holy realm, and his soul can not be refined casually, even if he is extremely weak now, but after all, he was once a master in the holy realm, and his soul power has reached Up

A whole new level.

It is not so easy for Qin Chen to control him.

But when Qin Chen's soul power lingered down, Gu Zunren's color changed, Qin Chen's soul power was extremely strong, and he did not even outdid him.

What shocked Gu Zun's people was that Qin Chen's soul power still contained a unique coercion. Once in contact with his soul source, he actually had a kind of fear from the depths of his soul.

How is this possible?

Gu Zunren was shocked, the soul breath of a small peak Wudi could make him feel terrified, this is simply a fantasy.

"Om!"

At this time, Qin Chen also came into contact with the soul origin of the ancient veteran, and Qin Chen was immediately attracted by the soul origin of the ancient veteran.

"Is this the origin of the soul of the Saint Realm powerhouse?" Qin Chen muttered, his eyes shining.

Although the ancient Venerable's soul power has fallen, after all, he was once a holy realm powerhouse, and his soul structure has become different from that of ordinary Wudi, especially the ancient Venerable himself is a master of soul power.

Although Qin Chen is not weaker than the ancient master in terms of soul, it is the first time that he has seen the soul origin of a strong man in the sacred realm, which is really different from the soul aura of the alien demons.

Although the essence of the soul is actually the same, the soul aura formed in the end is also different between the two races because of the different routes.

But the soul power of the ancient master gave Qin Chen a lot of inspiration in an instant.

For a time, Qin Chen had a lot of thoughts in his mind, and he had a new understanding of the use of some secret methods in the Heavenly Soul Forbidden Art.

However, at this moment, Qin Chen did not spend too much time to comprehend the ancient Venerable's soul power, but directly urged the Heavenly Soul Forbidden Technique to refine the ancient Venerable's soul origin.

Hum!

In just an instant, the origin of the soul of Gu Zun had been controlled by Qin Chen.

"what?"

Gu Zunren was stunned, and he couldn't even react. The other party refined his soul source so quickly, it was almost unheard of.

In the next moment, Qin Chen immediately felt that he and the ancient person's soul had already had a connection. As long as he thought of it, the ancient person's soul would disappear. At this time, Qin Chen loosened his expression, patted Gu Zunren's shoulder and said: "Gu Zunren, from now on, you will be the young man. As long as you don't talk nonsense, no Do things randomly, this young man will make you live well, or

Xu, when the disaster in Tianwu Continent ends, Master Ben will even set you free. "

"Thank you, master, the subordinates must do their jobs well."

The old man saluted respectfully, his face turned pale, and Qin Chen's speed of controlling his soul origin completely frightened him.

Respect emerged in his heart, not daring to be rude.

And he was even more excited that Qin Chen would let himself be free in the future. He didn't think that Qin Chen was deceiving himself. After all, Qin Chen had already controlled his soul origin. With a single thought, he could decide his life and death, and let him go east. He didn't dare to go west. He didn't need to use freedom at all. Something to gain his allegiance

.

"Well, you can hand over Feng Shaoyu's soul."

Qin Chen said indifferently.

"Yes, Master." Gu Zunren raised his hand. Suddenly, a void soul body filled out. It was Feng Shaoyu. At this moment, he looked at Gu Zunren in fright, with a look of fear and anger, and roared: "Gu Zunren, you shameless villain, a dignified ancient saint, you are willing to do

People are running dogs, this emperor feels disdain for you. "

Gu Zunren sneered: "Feng Shaoyu, you are also a great emperor. You don't understand the truth about success and failure."

Gu Zunren didn't care, even he admired Qin Chen's strength, not to mention that his life and death had been controlled by Qin Chen, and he directly sacrificed Feng Shaoyu.

"Qin Chen..."

Feng Shaoyu looked at Qin Chen, his soul exuded an aura of fear, but instead he calmed down.

At this moment, he regrets and annoys in his heart. He is a dignified and semi-sacred person. Why didn't his soul explode just now, so he doesn't have to suffer the humiliation. But now, his soul has been sealed by the ancient venerable person and he can't do anything Resist.

But at the same time, he also had a faint expectation in his heart.

The so-called death is worse than living. If there is a chance to live, how can he be willing to die?

"Wait, as long as this emperor gets out of trouble, whether it is the ancient venerable person or Qin Chen, both have to die, and all of them have to die. As for this Qin Chen, this time the emperor will definitely break his body into ten thousand pieces. There is another chance of resurrection."

He roared in anger with his soul aura.

At the same time, he couldn't understand how Qin Chen hadn't died in the first place, but had survived on this northern Tianyu boy.

Is the soul seized?

But Qin Chen fell three hundred years ago, and this Northern Heavenly Territory boy was only 20 or 30 years old. The difference in years between the two was too far.

"Feng Shaoyu, you should now wish to smash Ben Shao into ten thousand pieces, and wonder why Ben Shao is still alive, right?" Qin Chen looked at Feng Shaoyu and suddenly spoke indifferently. Feng Shaoyu was cold all over.

"Qin Chen, kill me if you have the ability."

Feng Shaoyu said angrily, Qin Chen's eyes made him feel terrified.

"Kill you?"

Qin Chen sneered, this Feng Shaoyu really thought well, killing someone like him would be tantamount to liberation. "Don't worry, this young man will not kill you. This young man will refine your soul day and night, so that you can't survive, you can't die, and you can taste all the pain. By the way, there is Shangguan Xier, before Shangguan Xier died. , Ben Shao will keep you alive, next

You will know that it is actually better to die than to live. "

After the words fell, Qin Chen waved his hand, and Feng Shaoyu's soul was suddenly taken into the Calming Cauldron by him.

"no, do not want!"

Feng Shaoyu screamed in horror. In the Suppressing Demon Cauldron, the devilish energy soared to the sky. For the Skeleton Rudder and others, it was a good place for cultivation, but to Feng Shaoyu, it was like purgatory.

In the Suppression Demon Cauldron, Feng Shaoyu plunged into the boundless demon realm. At the same time, a series of terrifying demon energy began to penetrate into his soul, like a ten thousand demon wearing his body, painful.

"Ah! Qin Chen, let me out, you let me out quickly."

Feng Shaoyu roared, his soul constantly twisting and fluctuating, very harsh. In addition, Qin Chen poured a trace of Qinglian demon fire into the Universe Good Fortune Jade Plate, and suddenly, a trace of scorching real fire, accompanied by devilish energy, burned Feng Shaoyu's soul.

[Chapter 2254: Sacred Land](#)

Qin Chen controlled this force very finely. Under the suppression of Qinglian Demon Fire and Demon Suppressing Ding, Feng Shaoyu would feel endless pain, but he would not die, and would suffer day and night.

He struggled painfully and was still begging for mercy at first, but after gradually knowing that Qin Chen would not let him go, he cursed like a shrew.

It was really too painful. The raging fire and demonic energy directly burned his soul. This pain was even a hundred times stronger than the physical pain.

Gu Zunren felt the situation of Zhen Mo Ding's stroke in Feng Shaoyu, his brows jumped wildly, and he lowered his head hurriedly, respecting and fearing Qin Chen in his heart.

Qin Chen glanced at the ancient venerable person, his ancient venerable person was startled immediately, and hurriedly said, "Master, what is your order?" In fact, Qin Chen is considering how to deal with the ancient person. It's not the time. After all, he still has a lot of things to ask, but if he stays by his side, he will inevitably be seen by others. Feng Shaoyu was surrendered by him.

Will also spread out.

Just when the ancient master was frightened and frightened, Qin Chen said lightly: "You can advance into the real treasure of the little space."

After the words fell, Qin Chen waved his hand, and Gu Zunren felt an invisible force enveloped him, and the next moment he had disappeared into the void.

Whoops!

At the next moment, Qin Chen's figure shook and disappeared suddenly.

Among the jade disc of good fortune in the universe, the ancient master looked at everything around him in amazement.

"here is....."

His heart was shocked, unparalleled.

He is in a mysterious space, which is full of holiness.

Suddenly, he turned his head and looked into the depths of the space, where, entrenched in this huge towering figure, coldly stared at the old man.

"this is....."

Ancient Venerable Man was taken aback, this towering figure exuded a terrifying aura, and the origin of this aura turned out to be of the Holy Realm level.

"Well, kid of the human race."

Lao Yuan opened his mouth, his eyes cold.

"What kind of monster is this? Is the Holy Realm blood beast powerhouse?"

Gu Zunren's heart was beating wildly. He hadn't seen Lao Yuan, so naturally he didn't know anything about the ancient source beasts of the alien demon race.

"Feng Shaoyu, why are you here?"

Among the jade discs of good fortune in the universe, Shangguan Gufeng saw the appearance of Gu Zunren and suddenly exclaimed.

After Shangguan Gufeng was captured and photographed by Qin Chen, Qin Chen didn't kill her because of her usefulness. He just imprisoned her here. At this moment, seeing Gu Zunren appeared, he couldn't help being stunned.

"The ancient style of Shangguan in Misty Palace?"

Gu Zunren suddenly cast his sight on the five bodies that Qin Chen admired. This person even arrested all the sects of the Misty Palace. What kind of method was this?

"No, you are not Feng Shaoyu? Who are you?"

Shangguan Gu Feng said in horror, her eyes widened, and she could naturally feel the difference between "Feng Shaoyu" in front of her.

Gu Zunren smiled coldly, but ignored him.

Holy Land of Blood, Holy Capital.

Several days have passed since Qin Chen chased and killed Feng Shaoyu and left.

But on the square, the strong men of many forces still gathered here and did not disperse at all.

It wasn't that they were unwilling to leave, but Fu Qiankun directly blocked the Holy Capital, preventing anyone from leaving.

The holy capital at this moment is full of martial law. The Wushang Emperor Wushang and Jinshenwu Emperor of the Xuanyuan Empire have been taken away by the people of the Holy Land of Bloodlines, and the remaining people of the major forces are trapped here, neither let them leave nor send them. Grab it and let the people of all major forces

, Extremely disturbed.

The most disturbing thing is naturally those sects that had secretly ventilated with the Xuanyuan Empire and directly formed a power alliance with the Misty Palace. They were all frightened, for fear that the Holy Land of Blood would come to them.

Because they know well that Fu Qiankun is currently rectifying the bloodline holy land. Once the rectification is completed, it will definitely be their turn.

However, they did not dare to resist. In the bloodline sacred land base camp, even Feng Shaoyu was almost beheaded and his life and death were unknown. These people could not scare any waves at all. People from some forces such as Wanbaolou can remain calm, because they are determined to be in a neutral state, and Wanbaolou is also among the top mainland powers. Even if the Holy Land of Bloodlines is returned to the hands of Qiankun, it will not be random to them.

The killer.

But some ordinary top powers are extremely nervous and don't know what to do.

Since then, the Demon Emperor Qingwu has become the sweet steamed bun among the people. After all, he had some friendship with Qin Chen and Fu Qiankun before, and naturally attracted everyone's attention.

This day.

When everyone is worried.

Boom!

Above the sky above Bloodline Holy Land, an electric light flashed, and a figure appeared in the sky above Bloodline Holy Land.

This is a young man, surrounded by thunder light, majestic, like a god.

"It's that Qin Chen."

"He actually came back?"

"In that case, Feng Shaoyu..."

Everyone in the square was inexplicable, all raised their heads in amazement and looked at the sky in shock.

The appearance of Qin Chen made their hearts beat wildly, and their whole bodies chilled.

After all, Qin Chen used to chase and kill Feng Shaoyu, but now that Qin Chen returns safely, Feng Shaoyu's end...

"Little dust, you finally came back."

boom!

At the moment Qin Chen appeared above the Holy Land of Bloodline, an excited laugh sounded, and Fu Qiankun rose into the sky from the Holy Land of Bloodline, and came to Qin Chen in surprise.

"Little dust, what about Feng Shaoyu?"

Immediately, Fu Qiankun asked nervously.

"This is not a place to talk, go back and talk about it." Qin Chen glanced at everyone below his eyes and said lightly.

Naturally, he would not let everyone know about the matter of his subjugation of the ancient master.

"it is good!"

Fu Qiankun immediately took Qin Chen into the depths of the Holy Land of Blood.

"Less dust!"

Qiu Puchun led a group of bloodline masters to greet them.

They all also knew that Qin Chen was the heir of the Emperor Breaking Martial Art three hundred years ago. The Emperor Martial Art Breaking Back then was the honorary elder of the Holy Land of Bloodlines, and he was also an example of the bloodline master of the mainland, and he was naturally worthy of his respect. "Little Chen, these are all bloodline masters who were imprisoned by Yan Guan and others in the dungeon, and did not agree to collude with the Xuanyuan Empire. These days when

you are away, the old man has regained control of the bloodline holy land, and Yan Guan and others have been detained by the old man. , And Xuanyuan

Emperor Wushang Wu and Emperor Wushang of the empire were also taken into custody, but Yan Licheng escaped. "

Fu Qiankun said regretfully.

Qin Chen showed joy. Although Yan Licheng, the semi-sage powerhouse, had escaped, Fu Qiankun's regaining control of the Holy Land of Bloodlines gave him a huge boost.

"By the way, what happened to Feng Shaoyu?"

Fu Qiankun said curiously.

"You let them all retreat." Qin Chen glanced at Qiu Puchun and others.

Fu Qiankun couldn't help but wonder, isn't this a secret? As for making everyone retreat? But naturally he would not violate Qin Chen's order, and soon, Qin Chen and Fu Qiankun were the only ones left in the hall.

Huh!

A figure flashed, and Gu Zunren had already appeared in the hall.

"Feng Shaoyu?"

Fu Qiankun suddenly came close to an enemy, and his body burst out with a terrifying murderous intent. But the next moment, Fu Qiankun was dumbfounded, and he saw Gu Zunren standing beside Qin Chen, bowing and saluting, with respect, like a servant, and said respectfully: "Master!"

[Chapter 2255: Qin Chen's plan](#)

This...what is going on?

Fu Qiankun was dumbfounded for an instant, but immediately he understood and looked at Qin Chen in shock. Did Qin Chen subdue Feng Shaoyu?

No, this person is not Feng Shaoyu.

Fu Qiankun felt it carefully, and he was suddenly even more shocked. At this moment, the breath radiating from Feng Shaoyu made him feel a little bit jealous. This is a kind of original suppression, as if the Feng Shaoyu in front of him was above his cultivation level. Far surpass him.

But Fu Qiankun knew very well that Feng Shaoyu was just a half-step holy realm just like him, and it was impossible to give him such a strong oppression.

unless.....

"hiss!"

Fu Qiankun took a cold breath, unless the Feng Shaoyu in front of Qin Chen's eyes was actually the ancient holy realm powerhouse who lived in Feng Shaoyu's body.

"Fu Qiankun, let me introduce you, Gu Zunren, the new entourage of this seat." Qin Chen said with a smile.

At this time, Fu Qiankun was already shocked and didn't know what to say, his eyes were staring at Qin Chen like a copper bell, his throat was choked over there, and he could not speak for a long time.

Damn, although he knew that Qin Chen was very strong, he defeated the clone of the Lord of Abyss Demon when he was in the Ancient Demon Land and saved everyone.

It could be imagined that Qin Chen actually enslaved an ancient saint, which still made him somewhat unacceptable.

"Tsk tusk, Young Chen, you are really... a cow!"

Fu Qiankun held back his thumb for a long time, and the expression of admiration lingered between his brows.

Even the strong in the holy realm can subdue this, he has to admire this, although the opponent has obviously fallen into the holy realm now, but it is after all the strong in the holy realm.

Moreover, such a master might help him to break through the holy realm, and he could answer many doubts.

"By the way, where is Feng Shaoyu?"

Immediately, Fu Qiankun asked about Feng Shaoyu again.

After learning about Feng Shaoyu's current state, Fu Qiankun sighed, Feng Shaoyu can only say that he deserved it.

However, now that Gu Zunren willingly surrendered to Qin Chen and secretly controlled the Xuanyuan Empire, Fu Qiankun was very excited. As a result, he was more confident in dealing with Misty Palace.

No wonder Qin Chen wanted to distract Qiu Puchun and others. It is better that the less people know about such things. It is not that they don't trust Qiu Puchun and the others, but it is unnecessary.

"The two Emperor Wushang and Emperor Wushang..."

Fu Qiankun asked again, both of them were being watched by him and killed directly, which seemed a bit wasteful. "The two of them?" Qin Chen said after meditation, "Then control both of them together. That's good, Wushang Wudi and Jinshen Wudi are both high-level Xuanyuan Empire, as long as there are two of them to assist Gu Zun People, the entire Emperor Xuanyuan

The country is easily in your hands. "

As for the group of people from the outside world, Qin Chen didn't plan to kill them either. These people were all high-ranking powers of the mainland. If they were killed, they would inevitably cause great losses to the mainland powers.

Of course, it also depends on whether these people understand things. If they don't, then Qin Chen will naturally not be soft. Next, Qin Chen saw Emperor Wushang and Emperor Wushang. They were terrified

when they saw Qin Chen. At first they would rather die than surrender. It can be seen that after Emperor Xuanyuan surrendered, he could only sacrifice his soul mark. Handed over life and death to Qin

Dust hands. "No matter how unwilling you two are, you should also know that everything that Misty Palace does, colluding with foreign races, is unforgivable. Although you are Feng Shaoyu's subordinates, Ben Shao is not a person who will be involved in grievances. As long as you assist

A good old man, he controls the Xuanyuan Empire and fights the Misty Palace and the alien race. Once the crisis of the alien demons is resolved, Ben Shao will not be stingy to return your freedom. "

Qin Chen warned, his eyes cold.

Emperor Wushang and Emperor Wushang were grateful. In fact, they also knew that Qin Chen had completely controlled their life and death, and there was no need to tell them this. This was actually an attitude, an attitude that allowed them to forgive their sins.

After solving the internal problems, Qin Chen and Fu Qiankun finally came to the square again.

"City Lord Qin!"

"President Fu!"

Seeing the two appearing, this group of people stepped forward with awe in their hearts. At the same time, they were extremely nervous, wondering what Qin Chen would do with them.

"Sit down, everyone."

Qin Chen waved his hand, and everyone on the court sat down. Even the blood beasts were respectful. Facing Qin Chen's descendants, these blood beasts in the Bloody Mountain Range also respected them.

"You should all know the ins and outs of the matter now. Over the years, Misty Palace has colluded with the alien demon race, united with the Xuanyuan Empire, secretly controlled the bloodline holy land and other forces, intending to annex the Tianwu Continent and make it the territory of the alien demon race."

"In the past few years, both the Ancient Yu Realm and the Thunder Sea have been the conspiracy of the Misty Palace, which has caused heavy losses on our Tianwu Continent, and many elite disciples have fallen."

"Such viciousness is really unforgivable."

Qin Chen sat high on the square and said coldly.

"Abominable Misty Palace, sinful."

"City Lord Qin is right, Misty Palace is sinful and unforgivable."

"Also, Feng Shaoyu, the Great Emperor Xuanyuan, had undermined Pochen Wuhuang back then. It was too much."

"It's time to kill."

A group of people on the field said with outrage, and even those forces that directly agreed with Yan Guan's proposal before all stood up for the first time and expressed their views to Qin Chen.

"City Lord Qin, I was also deceived by Deputy Chairman Yan Guan."

"What kind of president is clearly a sinner of Human Race."

These people shout more fiercely than anyone else, full of anger and indignation.

Qin Chen sneered at these people. At this time, these people shouted more actively than anyone else.

"is it?"

Qin Chen looked at these people with a smile, "Young Master Ben is going to form a human alliance and take the lead in conquering the Xuanyuan Empire. What do you think?"

These people were taken aback, Qin Chen asked them to express their views.

"City Lord Qin, just say, as long as I can do it, it's my duty."

"Yes, for the future of the mainland, I am willing to join the alliance of City Lord Qin."

"Let's conquer the Xuanyuan Empire together."

These people shouted one after another, more excited than anyone else, wishing to kill the Xuanyuan Empire now.

Qin Chen said with a smile, "Okay, if that's the case, then please take the lead and send messages to their respective forces to attack the Xuanyuan Empire directly. It should be fine, right?"

"Naturally no problem."

These people shook their heads, joking, what could be the problem at this time.

"Oh, yes, Ben Shao forgot to say. When Ben Shao chased and killed Feng Shaoyu, Feng Shaoyu was so cunning that he had escaped. Do you still want to conquer the Xuanyuan Empire?"

As soon as this remark came out, the faces of the group of people who had said that it was OK before changed.

Emperor Xuanyuan was not dead? Isn't this letting their respective forces go to death?

[Chapter 2256: Continental restlessness](#)

This.....

Everyone hesitated.

If Qin Chen agreed to let them all go, and let them lead their respective forces to conquer the Xuanyuan Empire, they could agree without saying a word.

Anyway, how much effort will be given by the time is not their final say.

But now Qin Chen meant that they should now send a message to inform their respective forces to conquer the Xuanyuan Empire, but if they ran into the head of Emperor Xuanyuan, their forces would naturally be destroyed.

"Why, no one speaks anymore?"

Qin Chen smiled, but that smile looked extremely cold.

"City Lord Qin..."

Some people were dry and ready to speak, but Qin Chen waved his hand and said: "Okay, Ben Shao is just joking with you."

Although Qin Chen said it was a joke, none of this group of people relaxed, their faces still pale and uneasy.

This joke is not funny.

"City Lord Qin, I don't know what City Master Qin is going to do with me?"

At this time, the leader of Wanbaolou stood up. This was a top elder in Wanbaolou, who also had the cultivation base of Emperor Wudi, and he said respectfully at this moment.

There is respect in the tone, but neither humble nor overbearing. He is from Wanbaolou, and he doesn't believe that Qin Chen will kill them all, and if Qin Chen is really the descendant of Pochen Martial Emperor, then Pochen Martial Emperor is also the honorary elder of Wanbaolou. And their Wanbaolou and

Not a small source.

Qin Chen laughed: "Everyone, don't worry, this young master will not do anything to anyone or any force, and even this young master has already put Wushang Wudi and Jinshen Wudi back."

what?

Emperor Wushang and Emperor Wushang have been released?

Everyone was shocked, how could this be possible? These two are high-ranking members of the Xuanyuan Empire, Qin Chen would actually put them back? "The conspiracy between Ben Shaoyu and Feng Shaoyu is only between Ben Shaoyu and Feng Shaoyu, and has nothing to do with Xuanyuan Empire, and Ben Shao believes that most people in Xuanyuan Empire do not know about Feng Shaoyu and Misty Palace and the difference The demon collusion, for the sake of

In Lu's future, this young man will naturally not easily kill any mainland powerhouse. "

"but....."

Qin Chen glanced at the crowd: "Since the Misty Palace is colluding with the alien demons, Ben Shao is going to join forces with the Holy Land of Bloodline to establish a human alliance. The purpose is to conquer the Misty Palace and fight the alien demons."

Isn't this the same as what Feng Shaoyu and Yan Guan did before?

There was a voice of discussion from the crowd.

Is this to force them to speak up? "Don't worry, the human alliance established by the Thunder City and the Holy Land of Blood will not threaten you. You don't need to agree to it in advance. You can consider it carefully after you go back. Especially the Wanbaolou and other forces will definitely need high-level decision-making.

In addition, the Young Master's Association announced the world, including Pill Pavilion and Qidian. Anyone who wants can voluntarily join the Young Master's alliance without any threats. "

"And now, everyone can go back, and the Holy Land of Blood will no longer hinder you."

When Qin Chen said this, everyone was surprised that there was such a good thing?

"That's right." Just when everyone was about to leave, Qin Chen suddenly said: "Tianqian Mountain, Di Yuezong... these forces will stay first."

Every time Qin Chen reported a name, the face of that power changed, because Qin Chen said that the powers reported were all the powers that responded to Yan Guan and agreed to conquer Tianlei City in the first time.

"In view of your previous performance, you must leave a trace of soul imprint on the Holy Land of Bloodline before you can leave." Qin Chen said coldly.

"City Lord Qin, what do you mean?"

"It's impossible to leave a soul mark."

The people of these forces changed color one after another and exclaimed in anger.

Let them leave the mark of their souls, isn't life and death controlled by the Holy Land of Blood?

"Huh, what do you mean? It's simple, you either leave a soul mark or die."

Qin Chen snorted coldly and banged, and a terrifying force loomed over. The powerhouses of these forces suddenly snorted, blood overflowing from the corners of their mouths, all looking at Qin Chen in horror. At this moment they understand the gap between themselves and Qin Chen. They are also considered to be masters of the top forces in the mainland. Each cultivation base is in the peak martial emperor realm, but in front of Qin Chen, they are like ants, the air released by the opponent at will, on Can shock them.

These people responded to Yan Guan's call for the first time. Obviously, they had colluded with Yan Guan and the Xuanyuan Empire for a long time, and they might even be a force secretly controlled by the Palace of Law Enforcement.

Qin Chen would not kill them all, but he would not just let them go so easily. Only if they leave their soul marks, they can leave safely. Fu Qiankun said coldly: "Everyone, this is already the best result. Although my bloodline sacred place has left your soul imprints, but so many forces are watching, my bloodline sacred place promises that I will never use it to threaten you. Everyone, just for fear

During the crusade against the alien demons, they turned to each other. After all, your previous performance is obvious to all. "

"But as long as you are really committed to the mainland during the conquest of the alien demon race and the Misty Palace, the old man promises that once the alien demon race is cleared, you will definitely be removed from your soul stamp."

"With so many forces at the scene testifying, don't you still trust the old man?"

"It's life or death, it's all between your own thoughts."

Fu Qiankun said half a warning, half a threat.

The people of these forces turned pale, turning their heads to look at other forces, but all they could see were the indifferent gazes of others. The people of the major forces are not idiots. Their previous performance made everyone understand that these forces are very likely to have problems. The Holy Land of Bloodline can let them go. It is already a grace, leaving a soul mark. To be honest, it is not impossible to accept

Suffer.

Seeing this situation, these forces also understand that it is impossible to leave if they don't agree. In the end, they can only agree one by one.

After half a day, all the forces that stayed in the Holy Land of Bloodline left one after another, and at the same time, everything that happened in the Holy Land of Bloodline spread like a gust of wind on the mainland.

boom!

The news spread, the entire continent was sensational, and all the forces were shocked. The news from the Holy Land of Blood shocked everyone on the continent.

Feng Shaoyu and Shangguan Xi'er, who had broken the dust at that time, were murdered.

The Holy Land of Blood has been almost controlled by Misty Palace in the past two hundred years.

Fu Qiankun's disappearance that year was caused by the collusion between Misty Palace and the internal traitor of the Holy Land of Blood.

There are semi-holy realm powerhouses in the dark abyss.

The whole continent was in an uproar, and was restless.

And the city lord of Tianlei City turned out to be Qin Chen from Guyu Jie Dan Pavilion, and he was the heir of Pocheng Martial Emperor. The news came out, and the mainland was completely sensational and full of uproar.

On the mainland, when the major events that happened in the Holy Land of Blood were spread everywhere.

Qin Chen, Fu Qiankun and Gu Zunren have already arrived in an extremely mysterious place in the Holy Capital.

"The reason why Shangguan Xi'er kept the old man not to kill was to get the secret of this place from the old man." Fu Qiankun looked at the secret place that was only known to the guildmasters of the bloodline holy land, and his eyes showed a strong curiosity. .

[Chapter 2257: Caused trouble](#)

"here is?"

Qin Chen looked curiously at the place in front of him, which was located deep underground in the Saint Capital Bloodline Holy Land Headquarters, and what appeared in front of everyone was an extremely strange passage.

At the entrance of the passage, there is an extremely complicated stone gate. On the stone gate, there is a unique blood force, which keeps flashing and exudes profound meaning.

"Lao Fu, where does this place lead?" Qin Chen questioned.

In his previous life, he was also the honorary elder of the Holy Land of Blood, and he had never heard of such a place.

Fu Qiankun gave a wry smile: "I don't know where this place leads to. I only know that this is a secret that the past presidents of our blood sanctuary know, and only the president knows this place." He looked serious. "As the president of the Holy Land of Blood, since I took over from the previous president, I have been given a responsibility, that is, to protect such a place and never allow anyone to destroy this place, which is even more than our lives.

important. "

"But I used to be very curious. In fact, apart from the past presidents, the other people in the Holy Land of Blood and outsiders don't even know this place. Why do they need to deliberately guard it?"

Qin Chen nodded. Indeed, outsiders don't even know this place, so how to protect it. "But back then, I was taken to the Misty Palace by Shangguan Xier, and I was tortured. The alien demon and alien spirit master even tried to seize the house or manipulate the old man several times, in order to understand from my mouth whether there is a mysterious place in my bloodline. After the ground, I just realized

Come here in vain, maybe there is really a big secret hidden here. "

Fu Qiankun's eyes flickered.

"Shangguan Xi'er actually knew this place, and wanted to crack this place?"

Qin Chen was also surprised. He looked at the Shimen in front of him and his heart jumped. Could it be that this is where the origin of heaven and earth lies?

Damn, if so, wouldn't they send it out.

Otherwise, he couldn't understand why Shangguan Xier had to rack his brains to know the location of this place and want to enter it.

However, if this is really the origin of heaven and earth, how did Shangguan Xier know?

All kinds of doubts made Qin Chen confused and could not understand.

"Lao Fu, since this is really the secret your bloodline sacred place keeps, there is nothing wrong with bringing this young man, right?" Qin Chen said with a smile. "What can be wrong." Fu Qiankun shook his head, "This secret, according to the training of my bloodline holy land, only the past presidents can know, if so, then the old man appoints you as the next president of my bloodline holy land. , As for Gu Zunren

..."

He glanced at Gu Zunren, "This person is your follower, life and death are controlled by you, and you can be regarded as your own person, you don't need to be too far off."

Fu Qiankun was also a very flexible person, not pedantic, leaving Qin Chen speechless.

Of course, Qin Chen was only joking, and didn't really want to leave.

"Less dust, stand back a bit."

Fu Qiankun's face was solemn, and then his hands were printed on the stone gate.

Hum!

Suddenly, a strange power spread out and enveloped the entire stone gate. Above the stone gate, there was radiance, **** runes flickering, and various powers intertwined, like a code, slowly opening.

This rune power is very special. Even with Qin Chen's formation and prohibition, he couldn't see the clues, and he couldn't help being surprised.

His current formations and bans have already advanced to the Saint Level, but he can't even see the way the stone gate is opened. What kind of powerful person created this stone gate in the first place?

Under Fu Qiankun's opening, a vortex-like passage slowly appeared, and a vast force passed from behind the stone gate.

"go!"

Fu Qiankun led Qin Chen and Gu Zunren and swept into the whirlpool in an instant.

Hum!

As soon as he entered the vortex, Qin Chen suddenly felt like he had come to a peculiar space. Around everyone, there were **** streamers, and these **** streamers contained extremely terrifying destructive power.

The three of Qin Chen, because they were in the vortex, these **** streamers couldn't touch them at all, so that was the case, the aura from the surrounding **** streamers still made Qin Chen's heart palpitating.

"This is the power of the blood **** sea."

Qin Chen's brows twitched, so to speak, they are now in the blood **** sea?

This is really possible. The previous stone gate was already extremely deep underground in the holy capital, and the holy capital was actually a city built above the blood **** sea. It can be said that the previous stone gate was already close to the blood **** sea.

Now that the Shimen opened, they continued to deepen, and now it was very likely that they had entered the Blood God Sea. The Blood God Sea is extremely terrifying, and the peak Martial Emperor enters it, and he will undoubtedly die. Even if Qin Chen's current strength is approaching the semi-sacred realm, he does not want to try the power of the Blood God Sea. He unexpectedly entered the depths of the Blood God Sea. Qin Chen is getting worse

Curious.

call!

Everyone quickly descended, and they didn't know how long it took before they suddenly landed on a stone platform.

This stone platform is suspended in the Blood God Sea, shrouded by a halo of mist, and Qin Chen and the others are located on this stone platform. The Blood God Sea power around it is under the light shield and cannot be eroded. they.

Everyone looked around curiously, surrounded by the vast blood **** sea, but the stone platform was empty and there was nothing at all. Is this the platform that the Bloodline Holy Land wants to protect?

Qin Chen and the others searched carefully for a long time, and there was indeed nothing on the platform.

As for the origin of the heaven and earth that Qin Chen had previously imagined, it was naturally not here. Although Qin Chen didn't know what the origin of heaven and earth looked like, but if the origin of heaven and earth was really here, then Qin Chen wouldn't be insensitive, but if it wasn't the origin of heaven and earth, what place was this place? Why do all the presidents of the Holy Land of Blood

Guard this place?

"what!"

Suddenly, Qin Chen looked at a corner of a stone platform. He always felt that this place was a little weird.

"Master, there is a problem with this place."

Gu Zunren also sensed it. He stepped forward, his hand was slightly deep, and suddenly, the void in front of him rippled, and an invisible gate appeared. This gate exuded a vast aura, shocking Qin Chen back again and again, his face Whitish.

There was a gate on this stone platform, and the terrifying aura made Qin Chen's color change endlessly.

"This place..."

Just when Qin Chen and the others were extremely confused,

Suddenly, a suspicious voice sounded, and with a sigh, the **** cat appeared on the platform, his eyes flickering, and his face looked suspicious.

"Big Black Cat, do you know this place?"

Qin Chen was speechless, why did he forget the **** cat? With the eyes of the **** cat, perhaps he would know something.

"Why are you here?"

The **** cat has a heavy face.

"Why, is there any problem?"

Qin Chen frowned, it was the first time he saw the **** cat's expression so solemn.

"I'm afraid you are in trouble." The **** cat said solemnly.

[Chapter 2258: Higher world](#)

"Get into trouble? Big black cat, what is going on?"

Qin Chen said solemnly. Neither the restriction of the stone gate nor the array gates and stone platforms here can be built by the current bloodline holy land. This place is most likely built by the top powerhouse of the bloodline holy land in ancient times, and, at least, it must Saint

Only the strongest are possible.

The **** cat said, "If I'm not mistaken, this should be the entrance to a special space channel, the entrance to the higher realm."

Higher level?

Qin Chen was shocked, "You mean heaven?"

The ancient master on the side was also taken aback.

"I don't know, but this gate and aura are indeed the entrance to a higher realm. It may be the heaven, or it may not." The **** cat shook his head.

"Could it be that there is another higher realm in this world besides the heaven realm?" Qin Chen blurted out.

But after he finished speaking, he knew that he was an idiot. Apart from anything else, the Alien Demon Continent was a more powerful plane than the Tianwu Continent. "Of course, the Celestial Realm is the top interface among all the major planes, but besides the Celestial Realm, you also know that there are more planes under the world, such as the Continent of Different Demons, etc., but in fact, the level of the Continent of Different Demons is not High, some are many times stronger than the otherworld

The continent of China does not exist, and those interfaces can also be called upper bounds. "And this entrance, although the emperor doesn't know where it leads, but from the perspective of the gate and breath, it is definitely an interface far beyond the Tianwu Continent, and even more terrifying than the Alien Demon Continent. It is possible. It's heaven, but it's also possible

It's other interfaces, but the breath escaping here is much weaker than the heavens. It's probably not the heavens, but other interfaces. "

The **** cat said solemnly.

It stared at the front gate carefully, and some murmured: "Unbelievable, there is an interface entrance here, strange." General interfaces are extremely stable, and it is impossible for a gate to appear. , Are often created by powerful people. For example, the Lord of Abyss Demon came down from the heavens and forcibly tore through the interface of Tianwu Continent.

Possibly, it will lead to the collapse of Tianwu Continent, and the Lord of Abyss Demon will also be suppressed by Heaven.

Therefore, the Lord of Abyss Demon wanted to enter the Tianwu Continent to a large extent by tearing a crack and suppressing his own cultivation base by some means, so that he could safely enter the Tianwu Continent.

And a stable entrance appeared here, even the **** cat was extremely curious.

"Master, I am afraid I know what place it is."

At this time, Gu Zunren also spoke in shock, his face pale and his body trembling.

Everyone looked at Gu Zunren.

Gu Zunren did not explain immediately, but murmured: "Master, don't you wonder why your subordinates are in the Tianwu Continent even though they have reached the Holy Realm?"

"Why?"

Qin Chen frowned, he had thought about this before.

It is important to know that when a warrior breaks through the holy realm, he can break through the void and enter the heaven.

According to the truth, Gu Zunren was once a powerhouse in the holy realm, and he could enter the heaven realm, but he fell to the Tianwu Continent. When Qin Chen thought about it before, he just thought that the ancient Venerable should not have entered the heaven for the first time. After all, after entering the Holy Realm, he could not directly break through the void by martial arts. There was a time limit, but now I listen to the ancient Venerable. Say, isn't it

Yes? "Master, in fact, it was not that his subordinates deliberately stayed in the Tianwu Continent and did not go to the heavens, but after breaking through the holy realm, the subordinates were unable to break through the void by force. Not only were they subordinates. In ancient times, there were many strong people in Tianwu Continent All stepped in

Holy realm, but they couldn't break the void with force. "Gu Zunren said slowly.

what?

Qin Chen was surprised, how could this be possible?

"Does it mean that it is fake to break through the holy realm and break through the void by force?" Qin Chen solemnly asked?

If so, his worldview has been completely overturned, because in any legend, a warrior can break through the void and enter the heaven when breaking through the holy realm.

"Impossible." The **** cat also said to the side: "If you step into the Holy Realm, you will be able to break through the void. This is because the Heavenly Dao of the Tianwu Continent cannot bear too many Holy Realm powerhouses, and once a Martial Artist breaks through the Holy Realm, I feel that a trace of the original law will be affected by the power of heaven

Summoning, how could it be impossible to break through the void by force. "

The **** cat snorted coldly: "In the age of the emperor, there are many people in Wu Po Xukong, even the emperor..."

Having said that, the **** cat seemed to realize something and shut up immediately.

"Master, Senior Cat Sovereign, the subordinates are not talking nonsense, but the fact is."

The ancient Venerable smiled bitterly: "Actually, what Senior Cat Sovereign said is correct. Before the ancient times, a warrior could break through the void by breaking through the holy realm." "But for some reason, after the ancient times, suddenly one day, the entire Tianwu Continent suddenly There was a violent shock, and the whole continent was roaring. At that time, all the strong on the continent felt this shock, but they didn't know what happened.

Well, there are even many experts who have been investigating, but they have not been able to find out the reason. "Fortunately, the shock only lasted for a while, and many people didn't care about it. But not long after that, some strong men on the Tianwu Continent who had broken through the Holy Realm and had not yet broken through the void, suddenly realized that they could not feel the heaven. Call of horror

Next, they wanted to use Wu to break the void, but found that they could not use Wu to break the void.
"

what?

Qin Chen and the others were dumbfounded. After the entire continent was shaken, all the strong were unable to break through the void. How could this be possible?

"The subordinates only broke through the holy realm after that shock. Naturally, they couldn't break through the void by force, they could only stay on the Tianwu Continent."

Gu Zunren said bitterly.

The holy realm powerhouse who can't enter the heavens by breaking through the void by force, this is probably the most terrifying sacred realm powerhouse, right?

"When is this?" the **** cat said solemnly.

"The history of Tianwu Continent has been interrupted for a period of time, how long the subordinates can't remember, after all, the subordinates fell asleep for countless years after the fall, but familiar with the estimation, it was about 20,000 years ago." Gu Zun said humanely. .

"Twenty thousand years ago?" The **** cat was startled. It's history is earlier than that of the ancient master. During the period that the ancient master said, it slept in the secret realm of heavenly demon. After leaving the secret realm, it did find that some special changes had taken place between the heavens and the earth, but the specific changes, the **** cat Failed for a while

Seeing it out, could it be because of the inability to break through the void by force?

Its heart sank and couldn't break through the void with force, what should it do?

"You said earlier that you know what this place is, what's going on?" Qin Chen immediately asked in a deep voice, he felt that Gu Zun was half talking.

[Chapter 2259: Celestial Broken](#)

Gu Zunren didn't answer Qin Chen directly, but asked aloud, "Master, do you know how the Blood God Sea came from?"

Qin Chen was startled, he really didn't know that, and immediately turned his head to look at Fu Qiankun. As the president of the Holy Land of Blood, Fu Qiankun should know something. "Blood God Sea, the legend is that there was a great battle here in ancient times, countless holy realm powerhouses fell, and finally the Blood God Sea was formed. In that battle, my bloodline holy land had many powerhouses fallen, including the top bloodlines at that time. Holy Land Master, for

The many masters who paid homage to my bloodline holy land decided to establish the holy capital in the blood **** sea! "

Fu Qiankun said in a deep voice, this is also the secret of his blood sacred place, but there is only this he can know.

Qin Chen was taken aback. The Blood God Sea formed by the fall of countless strong men was too terrifying.

The ancient Venerable nodded and said: "You are right. The Blood God Sea was indeed formed because of countless strong fights, but do you know why the Blood God Sea has a war here?"

Fu Qiankun was silent, he naturally didn't know this, the history of the Holy Land of Blood was not told.

"In fact, the location where the Blood God Sea is located is the richest and most central location in Tianwu Continent. There are countless true veins, countless rich places, and even the foundation of the Martial Domain." Gu Zun murmured. Tao.

"Could it be that it was a battle for these treasures?" Fu Qiankun frowned. The ancient Venerable smiled bitterly, "Although there are countless treasures and true veins here, many powerful people at that time are also very coveted, but in the ancient times, the heaven and earth of the Tianwu Continent were extremely strong, and the heavens and the earth were full of real energy. , And we

All people from the Tianwu Continent, unless there is a problem with their brains, they will destroy their foundation and make the Tianwu Continent like this. Do you think the strong people at the time would do this? "

"Isn't it because of this?" Qin Chen wondered: "Gu Venerable, what on earth do you want to say." Gu Venerable seemed to be lost in memory, and said, "After the shaking of the world, many holy realm experts in Tianwu Continent Can't break through the void, everyone is extremely flustered, after all, as a strong, everyone wants to enter a higher plane to improve themselves

."

"So at that time, many of the top sacred realm experts in Tianwu Continent gathered here and discussed with each other, wanting to know what caused the inability to break through the void and how to enter the heaven again." "But everyone can't find it. The reason, and on this day, when everyone was about to gather here again to discuss, there was a sudden vibration in the Martial Domain, and then a crack appeared in the void, and it was stronger than that of Tianwu at the time.

All the horrible people in the sacred realm on the mainland staggered out of the crack..."

If it were before, Qin Chen would definitely be surprised to ask, who is a person who is stronger than all the holy realms in Tianwu Continent?

But now Qin Chen understands that there are too many masters in the world. Whether it is the master of the abyss or the terrifying powerhouse who suppressed the master of the abyss, or even the master of the alien demon race, they are better than most sages in Tianwu Continent. Those with strong conditions are terrible.

The holy realm is not the end, it is even just a starting point in the heaven. Gu Zunren continued: "After feeling that breath, all the masters in Tianwu Continent gathered at that time, and saw that person. That person was already covered in scars, so it could be said that he was seriously injured. But his body radiated from him. Qi

Xi, but shocked all the Saint Realm masters of the Tianwu Continent, and realized that as long as the opponent is healed from the injury, even if all the masters of the Tianwu Continent are united, they will not be able to defeat the opponent. "

"So there was a big battle?" Qin Chen asked immediately. Gu Zunren nodded: "That person is considered polite. He knows that he is injured and is being suppressed by the heavens, so he said that he is from the heaven. Because of the great battle and the brokenness in the heaven, he came here by accident. ,only

After he recovers from his injury, he will leave immediately..."

"What? You said there was a big battle in the heavens and it was broken?"

The **** cat suddenly appeared in front of the old man and exclaimed.

Qin Chen and the others were also taken aback.

The heavens are broken, how is this possible, what power can make the heavens broken?

But in conjunction with what the ancient veteran said before, Qin Chen's mind flashed. Could it be that the shock before the Tianwu Continent was because of the shattering of the heavens, and that the masters of the Tianwu Continent's holy realm were unable to break through the void by force? Gu Zunren was taken aback by the **** cat, and hurriedly said: "This is what the strong man who broke out of the crack said. When he heard this, the many holy realm masters present all thought of a possibility. , Is it because the heavens are broken, so

They couldn't sense the call of the heavens, and they could not enter into the heavens by Wupa Void. "

"But just when they were about to ask each other carefully about the specific situation, they saw the naked eyes of the other person looking at Tianwu Continent, and someone sensed that this person was secretly devouring the heaven and earth origin of Tianwu Continent..." "Heaven and earth origin is a continent Once the origin of heaven and earth is destroyed, the mainland will enter a period of decline, and even no top powerhouse will be born. At that time, the man's methods were extremely clever. He used secret methods to secretly swallow the power of the origin and nourish

Injuries, but the people who gathered here at that time were all the top sacred masters in the mainland, and there were many outstanding Chu generations, so they were still discovered. "At that time, someone took action immediately, and said that this person came from the heavens, there must be a secret of the heavens, and he even swallowed the origin of heaven and earth secretly, obviously with sinister intentions. This person is currently seriously injured and is the best chance. Once the injury heals, it must

He will act on the Tianwu Continent and even control the entire continent. "In fact, from the moment that man swallowed the origin of Tianwu Continent and exposed his naked eyes, he already made many powerful people present angry and ready to do it, so after someone took the first shot, for the mainland, The rest

They all had a good shot. "Everyone thought that the person was seriously injured and could take the opponent quickly, but after the real fight, they knew that although the person was seriously injured, he was still countless times stronger than the strong in Tianwu Continent. The masters team up

It is difficult to win him. "

"And that person saw that everyone who did it, also started killing, and swallowed the blood of my Tianwu Continent expert." "These masters fought against each other, and the world collapsed suddenly, the sun and the moon were dark, and our Tianwu Continent expert returned. There was some scrupulousness, but the man had no scruples, and even nearly penetrated the Tianwu Continent. Many experts in Tianwu Continent immediately understood that this may be a more dangerous time than the invasion of the alien demons in the past, so there was originally all the hatred. Everyone joins forces to kill that person."

[Chapter 2260: Can't see through](#)

"But that person's strength is really too strong, countless strong people have fallen and turned into a sea of blood."

Speaking of this, Gu Zun's face has a strong fear. After a long time, he continued: "All the experts on the Tianwu Continent who felt the movement at that time rushed over, and the subordinates had already

broken through to the Holy Realm at that time, and naturally rushed there too. At that time, many experts on the Tianwu Continent fell a lot. Yuantian

The most beautiful place in the Wu Continent has become a ruin, the chaos aura is revealed, the world is torn apart. "And that person can kill a sacred master in my Tianwu Continent with his hand. If it weren't for my Tianwu Continent, there are a few top masters, and because they can't break through the void by force, a group of sacred masters will be left behind. I'm afraid in a moment

Will be killed by it. "

"But even so, the loss was heavy, and finally after countless people fell, that person was at the end of the battle."

"But seeing that he was going to be killed here, that person actually decided to explode his body and destroy the entire Tianwu Continent."

Speaking of this, Gu Zun's face was full of fear.

"At that time, all of us were frightened. Seeing that the man was about to explode his body, suddenly a ray of lightning surged from the direction of the sea of thunder, severely wounding the man in an instant, and the strength of the self-explosion was also all of a sudden. He was blasted away." "But the man was not dead, he looked at the direction of Thunder Sea in horror, and said something, but at that time the world was almost blasted, and there were chaotic fragments everywhere. I didn't wait. Can hear what he is saying, and we have not given him

With the opportunity to continue the shot, everyone rushed to kill the person madly, but who knew that the person still had the last breath. Although he failed to explode at the peak, he still detonated his body. "The ancient master showed a bit of bitterness on his face: "The subordinate rushed into the crowd at that time, and was directly bombarded by this self-detonation force, and the body was annihilated. However, the subordinate retained a trace because of the special soul technique. The true spirit entered the sky harrier chart,

Fleeing into the void, only then took his life back, but his subordinates fell into a deep sleep because of this. "

"Later, Feng Shaoyu broke into his subordinate's territory and awakened his subordinates, and then his subordinates deposited it on him."

Having said all this, Gu Zun's face still had a sense of fear.

Everyone listened to this in shock, but they didn't expect that such a great battle would have happened in Tianwu Continent in ancient times.

The invasion of alien demons, the invasion of the lord of the abyss, and the invasion of the heavenly powerhouses, how many distresses did the Tianwu Continent endure in the history?

Moreover, Gu Zunren actually fell in the battle to guard the Tianwu Continent back then... Qin Chen didn't expect it at first.

But Qin Chen was still puzzled: "Since you participated in that battle and knew the origin of the Blood God Sea, why didn't you discover the weirdness of this stone platform before?"

According to the truth, if what Gu Zunren said is true, he should have guessed as soon as he entered here. The ancient Venerable smiled bitterly: "Master, the current Martial Domain is divided into three heavens, but the Martial Domain in ancient times was not like this. It was formed after countless battles. The next subordinate did not start at all. I expected this to be the year old

The place where the battle was located, I realized later. Although I felt the aura of this door a bit special before, I didn't remember it. I only realized it after listening to the predecessor Cat King. "

Qin Chen and Fu Qiankun looked solemn, and they all looked at the gate.

In that case, this sealed entrance is where the crack came from that strong man back then? And if what the ancient master and the strong man said were true, then wouldn't the crack lead to the broken heaven.

As soon as he thought of this, Qin Chen's heart throbbed, and he glanced at Fu Qiankun suddenly, and Fu Qiankun's eyes were hot, obviously the same thought as him.

Heaven, this is the place that countless powerful people dream of. If you can lead to the heaven from here, who wouldn't want to enter?

"You two don't want to enter the heaven through this, right?"

The **** cat snorted coldly: "If this entrance really leads to the heavenly realm, then the space tearing power in it must be terrible. With you two, if you don't even reach the holy realm, you will be terrified as soon as you enter. The force of space tears."

The words of the **** cat suddenly seemed to pour cold water, making Qin Chen and Fu Qiankun wake up.

"Moreover, if what Gu Zunren said is true, then there should be some holy realm masters in Tianwu Continent who are still alive. Then people can't break through the void with force, so wouldn't they want to enter this crack?"

Qin Chen was taken aback for a moment, this is, so to speak, could it be that all the masters of the Holy Realm in Tianwu Continent have gone to the heaven through this entrance, and this has caused the Tianwu Continent to be gone? After all, no one can resist the temptation of heaven.

But if this is the case, why did the strong man in the Holy Land of Bloodline seal this place?

Many doubts emerged in Qin Chen's heart. And he also thought of a question. If the master of the bloodline holy land is to prevent people from the heavens from coming back through this crack, then it means that as long as they reach a certain level of strength, it is possible to pass through this crack. Then the Tianwu Continent will pass from this crack

Why did the many masters who entered the heavens never come back from the other side again?

"Big black cat?"

Qin Chen turned to look at the **** cat, trying to get a hint from the **** cat.

I saw the **** cat frowning in thought. It came to the front door, and the cat's claw quickly began to pinch its hands.

Lights and shadows flickered, and Qin Chen's hair straightened up suddenly, because he couldn't see through the technique of the **** cat. The technique of pinching was so profound that he could only see a general idea.

Hum!

As the **** cat squeezed his hand, the door suddenly lit up, a deep crack appeared in front of everyone, and a terrifying force permeated from it.

puff!

Qin Chen, Fu Qiankun and even Gu Zun directly vomited a mouthful of blood, shocked, and the **** cat's expression changed and he hurriedly hid the crack again.

"Sure enough, there is a breath of heaven, but why does it carry the power of broken death? What happened to the heaven?"

The **** cat murmured. Suddenly, its gaze was startled, and it suddenly looked at the gate, and its face changed again: "No, this gate has been opened before."

what?

Qin Chen and others were shocked.

"Someone has passed through these doors."

The **** cat stared at the gate carefully, its golden pupils exuded a misty halo, and said in shock.

Qin Chen's cold hair was standing up, could it be said that a strong man once came out of that crack?

"Big Black Cat, did you read it right?" Qin Chen lost his voice.

"It can't be wrong, and, just a few decades ago, it was about thirty years ago..." The **** cat's pupils became brighter and brighter, and the back of the body shuddered, as if it was traumatized. The light instantly dimmed, and he said in amazement: "This emperor can't see through..."
