

Valkyrie 2261

[Chapter 2261: understood](#)

"You mean someone came here through these gates about thirty years ago?"

Qin Chen took a deep breath. According to what the **** cat said, if a master from the heavens really broke into the Tianwu Continent 30 years ago, what was his purpose?

And why have you never heard of it on the Tianwu Continent? Such a strong person is impossible to be unknown. "It can't be wrong." The **** cat frowned, "There are traces of the door being opened, but the traces are very small. If you don't look carefully, you can't see it at all, and it's very strange. The door was repaired, and the Tianwu Continent

The breath of's was blocked, so that when the opponent entered and exited the gate, the breath of Tianwu Continent would not escape to the opposite world. "

Qin Chen looked at the **** cat in surprise, could it be said that the other party was a strong celestial world from the Tianwu Continent, otherwise, how could a normal foreign master conceal the aura of the Tianwu Continent for them.

And if there is such a person, why is there no news of the other party on the Tianwu Continent?

Qin Chen had a faint dread in his heart. Although the other party seemed to have no malicious intentions at all, who knows if it is true.

"Big Black Cat, can this formation still pass through people now?" Qin Chen said solemnly, and the ancient venerable people on the side were also very much looking forward to it. If they could go through this to the heavens, they would most dream of.

"Passing can pass, but you can't do it right now. At least it is possible to pass this gate after the cultivation base is restored to the holy realm."

Qin Chen nodded, as long as he could pass through the formation gate.

Qin Chen was sure that his formation level had exceeded the scope of the ninth-level imperial level, but there was still some distance from the holy level. At least if anyone in this formation passed by him, he couldn't see it, but the **** cat could see it at a glance. .

In some experience, he can't compare with the **** cat who has lived for so many years.

However, Qin Chen was also a little worried about leaving the gate here. He asked everyone to step aside and began to set up a series of prohibitions around him. Although he had nothing to do for the time being, and he didn't know who passed by, he only had to set up another prohibition here, and someone would come here in the future. must

Of course it will trigger his feelings.

In addition, Shangguan Xi'er and the others were obviously bent on finding this place. After he arranged the restriction and formation, even if Shangguan Xi'er and the others found this place, they would not be able to enter this formation within a short time.

While arranging the formations, Qin Chen was also deducing the formations and restrictions in front of him, and at the same time thinking about how to prevent the aura from being exposed.

At the beginning, Qin Chen was still a little bit misty towards the array door in front of him, but gradually, when he was completely immersed in it, he also saw some of the doorways of the array door, and he was amazed. The arrangement of the gates was extremely terrifying, at least at the Saint-level level, which made Qin Chen amazed, and at the same time he had a huge gain, and also saw that there were indeed new restrictions outside the gates, and the purpose of this restriction was indeed to prevent Tianwu

The breath of the mainland leaked into the opposite world. This kind of restriction is very secretive. No wonder Qin Chen didn't see it at first, and now he has gradually realized the extraordinary nature of this restriction, which is far beyond his current level. If he can thoroughly understand this restriction, it is a means of covering his breath. Above, absolutely

To be able to have several times is a tens of times improvement.

But as Qin Chen became more and more aware of this restriction, Qin Chen's eyes suddenly revealed a trace of doubt, and gradually, this doubt became a surprise.

Because the layout of the prohibition made him feel extremely familiar, it seemed that he had seen it somewhere before.

"It's the ancient magic land!"

Qin Chen suddenly stopped feeling and exclaimed.

"Qin Chen, what's the matter?" Everyone looked over.

"The arrangement of the restriction is very special, very similar to the formation and restriction of the ancient magic land holy crystal seal, it seems to be the same, belonging to the same genre." Qin Chen said solemnly.

No wonder he felt that this prohibition became more and more familiar. Some of the prohibition techniques were very similar to the prohibition of the Lord of Sealed Abyssal Demon in the Ancient Demon Land, which clearly came from the same genre.

"Ancient Demon Land? Zhenjiezhu? I understand."

The **** cat grinned.

"I said someone stole the town boundary pearl from the heavenly demon secret realm and placed it in the ancient demon land. It turned out to be a guy from this heavenly realm."

The **** cat was furious. It had previously wondered why someone could quietly take the town boundary beads from the heavenly demon secret realm, and later put it in the seal of the ancient demon land, because no one on the mainland could do this. a little.

But if it is a master from the heavens, it is too normal. However, after understanding this, Qin Chen and the others also breathed a sigh of relief. At least from the perspective of the ancient Demon Land, the

other party did not have much maliciousness towards the Tianwu Continent. Otherwise, there is no need to use the Zhen Boundary Orb to control the Abyss Demon. The master seal

Add thoroughly.

Time passed, and a few days later, Qin Chen finally laid out a series of restrictions and formations, wrapping this place once again.

"Let's go."

Then the group returned the same way and once again returned to the holy capital.

"Brother Chen, come and taste the **** Buddha tea leaves unique to my Bloodline Holy Land!" In a secret room in the Bloodline Holy Land, Qin Chen and the three sat together. Fu Qiankun held the teapot and poured it into the cup. After the blood-colored tea leaves were blanched in the water, the blood-colored leaves suddenly floated, bursts of unique

The fragrance escaped.

Qin Chen and Gu Zun both picked up the tea, drank it, and said, "Good tea."

The Blood Buddha Tu is a tea unique to the Holy Land of Blood, and it is also one of the top teas in Tianwu Continent. It can only grow in places like the Blood God Sea. It only ripens every 100 years and is extremely rare.

In the previous life, he was a little surprised. In the previous life, he preferred to drink this **** Buddha. When he drank it again, endless memories sprang up in his heart.

"Brother Chen, what are you going to do next?"

Fu Qiankun put down the tea cup and looked over. Now, Qin Chen has established Tianlei City, and the Holy Land of Blood has returned to their hands, and the Xuanyuan Empire is also the case. It can be said that a large number of forces under the sky have already stood opposite to Misty Palace, and the situation has long been peaceful. There was

It is completely different.

In Fu Qiankun's view, it was time to attack.

"not the right time yet."

Qin Chen understood what Fu Qiankun meant and shook his head slightly. Although they have gained the upper hand now, Qin Chen didn't mean to underestimate Shangguan Xi'er. Shangguan Xi'er could secretly control so many forces in just three hundred years, colluding with alien demons, and establishing the Misty Palace. The biggest trend in the mainland

Strength is by no means idle. If careless, it will be Qin Chen himself who is unlucky.

[Chapter 2262: Mozu Project](#)

"What does Brother Chen mean?" Fu Qiankun looked over.

"I am going to the Dan Pavilion and the Qidian."

If the Pill Pavilion and the Device Hall can be brought together, then it will be more certain. Even Qin Chen of Wanbaolou is ready to visit. After all, there are hidden children of Misty Palace among these forces. If they are not cleaned up, Qin Chen will not worry. .

When Qin Chen said this, Fu Qiankun immediately understood what Qin Chen meant.

"Gu Venerable, what is the big secret of the alien demon you mentioned before?" Qin Chen looked at the ancient Venerable. When he begged for mercy, he said that he knew a big secret of the alien demon. Gu Zun's face was embarrassed and said: "Master, I do know a secret of the alien race, but it's only heard from the hearsay. As far as I know, there seems to be some abnormal change in the alien race's homeland, so the alien race The high-levels of the group deliberately migrated to our Tianwu Continent. For this reason, they implemented a plan to train countless masters in our Tianwu Continent. By then, they will introduce a sacred object of the alien demon race through these people. Heavenly Devil Continent, cannibalize my Tianwu

On the mainland, as long as this holy thing can be brought to the Tianwu Continent, then the Tianwu Continent will become an existence like a foreign demon continent and become suitable for the survival of the foreign demon race. "

"The sacred object of the alien demon race can transform the Tianwu Continent?" Qin Chen's eyes narrowed: "Do you know what it is?"

This is big news.

"This subordinate doesn't know either. The subordinate was just hearsay, and the subordinate did not know what it was."

Gu Zunren showed embarrassment. The reason why he said there was a big secret at the beginning was because he wanted Qin Chen not to kill him, but in fact, he didn't know much.

"Lao Yuan, what do you know?"

Qin Chen immediately transmitted the voice to Lao Yuan.

"Kid Qin Chen, if what the ancient venerable person said is correct, there is only one alien demon holy artifact with this effect, and that is the Chaos Demon Nest!" Old Yuan said solemnly.

"Chaos Demon Nest?" "Yes, Chaos Demon Nest is the sacred object of the alien demon race, and it is also the most magical existence in the world of the alien demon continent. It can be said that the chaos demon nest is the basis for the survival of the alien demon race. The mother body of the demons is equivalent to the heaven and earth of your Tianwu continent

The source is even more special. "

"The Chaos Demon Nest can continuously bring power to the alien demon race. If the Tianwu Continent is in its heyday and the original power is intact, then the Chaos Demon Nest may not take any advantage, and it will be suppressed as soon as it enters." Now the heaven and earth of the Tianwu Continent have been damaged. Once the Chaos Devil's Nest enters the Tianwu Continent and it cannot be suppressed by the Tianwu Continent, the Chaos Devil's Nest can gradually grow, cannibalize the power of the Tianwu Continent, and finally transform the Tianwu Continent into

A world like the continent of different demons. "

"At that time, the alien demons are fighting at home on this Tianwu Continent, and the Tianwu Continent will inevitably be in distress."

Qin Chen and the three people took a breath, and the alien demon still had such a method.

Never let the alien demons complete this plan.

It's just that everyone has no clue about where the Chaos Nest is.

"Could it be in Ancient Southern Capital?"

Qin Chen's eyes condensed, this is not impossible, the winner of the ancient Nandu was planted with a parasitic seed, and the parasitic seed is the seed born from the Chaos Devil's Nest.

However, as far as Qin Chen knew, in addition to the ancient southern capital, there were countless secret realms on the mainland, some of which were actually secretly arranged by the alien demons back then. Once they win, they will also be planted with parasitic seeds.

But the parasitic seeds are extremely special. Once they are implanted in people's minds, they will be hidden, and even Qin Chen cannot easily detect them. This also makes it difficult to find out how many people on the mainland have parasitic seeds in their bodies.

What Qin Chen knew was only some of their group.

"Gu Venerable, you immediately return to Tianlei City and inform the black slave of this situation, and let him take you to Gunandu for investigation."

"Ancient Nandu?" "Yes, this is a place in the Northern Skyland. As long as you find a black slave, he will naturally tell you where you are. You only need to check from a distance. Suspect that place, it is most likely the Chaos Nest

In one of the locations. "

"Yes."

Gu Zunren stood up immediately, sigh, his figure shook, and suddenly disappeared.

"Fu Qiankun, you continue to control the Holy Land of Bloodlines, I need to go to Dan Pavilion and other forces as soon as possible."

Qin Chen said solemnly.

The Holy Land of Blood has just been controlled, so naturally there can be no more leaks. Fu Qiankun naturally cannot leave until Fu Qiankun has completely cleared and controlled the Holy Land of Blood.

"Relax, leave it to me here, but you go to Pill Pavilion alone..." Fu Qiankun hesitated.

"Haha, don't worry, if you go to Dange, if there is still an accident, then this young man will be in vain for Qin Chen." Qin Chen smiled, full of confidence.

Fu Qiankun laughed too, and that's right, Qin Chen was the honorary elder of the Dan Pavilion in his previous life, and his position in the Dan Pavilion was high. To him, the Dan Pavilion was very familiar, and there shouldn't be any problems.

The three parted ways, divided each other's work, and left quickly.

And when Qin Chen rushed to the Pill Pavilion, everything that happened in the Holy Land of Blood had already spread completely across the mainland.

Outside Tianlei City.

The Illusory Sovereign, wearing a black cloak, also received this piece of information at this moment.

"Sure enough, the Chenqing of Thunder City on this day is indeed Qin Chen in the Ancient Yu Realm, his heir..."

The body of the Illusory Demon Sect Master trembled, a trace of horror permeated, and everyone around him looked at her in horror, hiding far away.

Sect Master Illusory Demon had already arrived outside Tianlei City a few days ago, but instead of forcibly breaking into Tianlei City, she obtained a temporary identity token and entered Tianlei City. After looking at the terrifying formations lingering around Tianlei City, Illusory Demon Sovereign was more convinced that Chen Qing and Qin Chen were related, but after knowing that Qin Chen and Fu Qiankun had not returned to Tianlei City, they stationed in Tianlei. On the open space outside the city, silently

Wait silently. Because Tianlei City's household registration is too strict, many forces can only establish camps outside Tianlei City. Therefore, countless masters have gathered outside Tianlei City, and the master of the magic demon directly occupied Tianlei City. The outermost core area

area. At the beginning, there were people who didn't have eyesight came up to do it, but after they were killed by the phantom master, no one dared to provoke them anymore, and finally someone recognized the identity of the phantom master, leading to this Potential around the area

I have moved away a lot.

At the earliest time, everyone thought that the Magic Demon Sect was mainly engaged in Sky Thunder City, but after the Magic Demon Sect Master remained motionless for a few days, everyone realized that this might not be the case. But today, when everything that Qin Chen and Fu Qiankun did in the Holy Land of Blood was passed on, the Sovereign of Illusory Demon finally stood up.

[Chapter 2263: Lamb to be slaughtered](#)

"It's him, it's really him!"

Sect Master Illusory Demon murmured, no one saw it, tears rolled down from the corner of her eyes, but they evaporated in an instant.

"Unexpectedly, he still has heirs alive and heirs in this world."

Sect Master Illusory Demon looked at Tianlei City in front of him, and an expression of excitement emerged in his heart.

After she learned the news of Qin Chen's fall, she was very distressed. She once questioned Shangguan Xi'er, but she got an extremely cruel answer. Only then did she know how deeply she loved Qin Chen.

She and her sister had a fight, and even went crazy to Death Canyon, but didn't find anything about Qin Chen.

Later, she was desperate, willing to fall into the demon, she wanted to kill Shangguan Xier and avenge Qin Chen.

She practiced the ruthless way, her heart was already dead, but when she had suspected that Chen Qing might be related to Pochen Martial Emperor, she rushed to Tianlei City crazy.

In these days, she sat here quietly, just trying to stabilize her Dao Xin, but found that her heart was completely messed up.

Now, she finally got news from Qin Chen. It turned out that Chen Qing, the lord of Sky Thunder City, was the Qin Chen in Guyu Realm. He was his successor, and the master of Illusory Demon had many flavors in his heart.

"Oh, let's go."

For a long time, Sect Master Illusory Demon sighed, even if Qin Chen is his descendant, what can he do? Does she still have the face to look for Qin Chen? Then tell Qin Chen that she is actually his wife?

Back then, she had indeed deceived Pochen Martial Emperor, the Sect Master of Illusory Demon had no face to meet Qin Chen.

In Tianlei City, You Qianxue, Ji Ruyue, Tiandi Shanzhu and others were watching from a distance to the place of the Illusory Demon Sect Master.

When Sect Master Illusory Demon first appeared outside Tianlei City, You Qianxue and the others were really shocked. Because You Qianxue and the others are very clear about the strength of the Illusory Demon Sect Master, who is a rare semi-sacred master in Tianwu Continent. Although Qin Chen has arranged the top-level formation in Tianlei City, the Heavenly Emperor Mountain Lord and the others cannot guarantee this great formation. Phantom

Sovereign stopped.

Fortunately, Illusory Demon Sect Master has been staying outside of Tianlei City these days, without any movement, so You Qianxue and the others are slightly relieved.

If the Illusory Demon Sect Master came to trouble Tianlei City, I am afraid that he would have done it the moment he arrived, instead of waiting so many days without doing it.

"I don't know what is going on with Shao Chen. After solving the bloodline sacred place, I should be back soon." You Qianxue said worriedly.

"Do you want to send someone to contact the Illusory Demon Sect Master? See what her purpose is." Ji Ruyue frowned.

It is not a matter that the Sect Master of Illusory Demon stays outside Tianlei City all the time, so that their hearts are always hanging. "Two mistresses, don't be in a hurry for the time being." The Heavenly Emperor Mountain Master said, "There must be her reason for the Illusory Demon Sect Master who came here. If she wants to contact us, she will naturally come to the door. Besides, the Illusive Demon Sect Master is strong, but I want to break through our Sky Thunder City

Easy thing. "

The Heavenly Emperor Mountain Lord was quite confident in the formation that Qin Chen laid down.

At this time, in the void outside Tianlei City, a group of figures exuding a cold atmosphere appeared.

"Everyone, the adults said, this time when Fu Qiankun is away, we will carry out a sneak attack on Tianlei City. We must completely break down Tianlei City. Everyone will be slaughtered and no one will remain." The leader is a haunting black demon. The evil powerhouse exudes a cold aura. It is Yemoshi, the master of the alien demon race in Misty Palace. By his side, they are all the best of the alien demon races, each with strong aura, all of them are of the Zhengkong level.

The top devil.

Shangguan Xi'er had already learned about the Holy Land of Bloodline and knew that the Sky Thunder City was empty, so he dispatched the top master of the alien demons to attack Sky Thunder City.

"Do it!"

Yemoshi's eyes were cold, and he gave orders coldly. The next moment, booming, a group of figures suddenly appeared in the void, and black magic flags appeared in their hands. The magic flags hunted and threw them out quickly.

Huh huh!

Yemosh moved very fast. In a short moment, the void where the Thunder City was located was shrouded by countless magic flags. The magnificent magic light surged, and a huge magic array was formed, aiming at the sky below. Leicheng suppressed it severely.

Rumble!

The magic light in the sky was mighty, the magic cloud swept like a sky collapse, and a thousand-mile-long black cloud cover pressed down, madly blasting towards the Thunder City below.

Seeing that Tianlei City was about to be enveloped by this terrifying cloud.

suddenly!

Hum!

Rays of thunder light appeared above Tianlei City, and these thunder lights instantly turned into a mighty light of thunder, which immediately enveloped Tianlei City, completely protecting Lei City that day.

Boom!

When the cloud and thunder light collided, a monstrous glare suddenly burst out. Between the collision of the two forces, the void was directly torn open a huge hole, blasting out a terrifying light that shocked the nine heavens and ten earth.

Under the bombardment, Tianlei City below trembled and roared violently.

"what?"

"What happened?" Such a violent vibration naturally attracted the attention of countless powerful people in Sky Thunder City. Everyone raised their heads and looked at the sky in amazement. They saw that above the sky, a series of terrifying figures descended on each body. Exuding monstrous magic light, all are mainland

The cultivation bases of the top powerhouses are even worse than others.

"It's a master of alien demons."

Seeing dozens of black shadows in the sky, the main gaze of Tiandi Mountain condensed.

Each of these powerhouses exudes a monstrous devilish energy, and they are obviously the top masters of the alien demon race. They even attacked his Sky Thunder City while Chen Shao and Fu Qiankun were away.

Fortunately, Chen Shao set up a large formation, activated it for the first time, and resisted the opponent's attack.

"Quickly, fully open the big array."

The Tiandi Mountain Lord shouted angrily, and the entire Tianlei City immediately entered the first level of alert.

Whoosh!

He skimmed into the sky, coldly looking at the many demon figures outside Tianlei City, coldly said: "Foreign demons, you dare to attack my Tianlei City."

"Jie Jie Jie, what can't you dare, the mere human race, how can you stop me from waiting?" Yemoshi snorted coldly, and a magic ball appeared in his hand. Not only him, there were more than ten people around him. , Magic **** appeared one after another in their hands. There were strange magic lights flowing in these magic balls, and they slammed downwards.

It fell down.

"Boom!" "Boom!" "Boom!"...

The magic **** fell on the Tianlei City formation, and the formation immediately shook violently, bursting out a dazzling light.

what?

The Tiandi Mountain Lord changed color, the power of these magic **** was extremely terrifying, and they seemed to have a unique corrosive effect on the formation method. Although the formation of Tianlei City was not broken, under this magic ball, it started to disintegrate. Although the speed of this disintegration is very slow, but if this continues, sooner or later the formation of Sky Thunder City will be completely disintegrated and become a lamb to be slaughtered.

[Chapter 2264: Come prepared](#)

How to do?

The Lord of the Heavenly Emperor immediately became anxious. He was originally extremely confident in Qin Chen's formation, but after seeing the situation of the great formation at this moment, the Lord of the Heavenly Emperor was a little stunned.

Although he didn't believe that the alien demons could blast through their Tianlei City formation in an instant, if this continued, the Tianlei City formation would sooner or later be broken.

How can this be done?

"Tiandi Mountain Lord, how is it?"

At this moment, the black slaves and others also flew up, seeing the scene in front of them, their eyes were extremely solemn.

"These strange demons don't know where they got these weird magic balls. The power is amazing, and they have a unique cracking effect on the pattern. I am afraid that the formation of Thunder City may not last long."

The Heavenly Emperor Mountain Lord said nervously, and his words naturally aroused the anxiety of the black slaves and others. For example, in Leicheng today, there are some top martial emperors, but there are actually few masters who can really fight against these alien demons. Once Tianlei City is breached, the Tianlei City that is finally established will inevitably collapse in an instant. , Was

Razed to the ground.

"It must be notified as soon as possible."

Da Bei old man said decisively.

"Notice that there is little dust is necessary, but the most important thing is to mobilize the many strong and formation masters in the city first, and stabilize this big formation. As long as you can hold on for a while, when the dust returns, none of these guys will want to escape. "

The black slave said solemnly. When Qin Chen set up this great formation, he did not really want to resist all the strong, but just to give Sky Thunder City time to relax. As long as Sky Thunder City can hold on for a period of time, once he comes back, even Shangguan Xi'er dare to come

World War I.

The black slave naturally knew Qin Chen's intentions, but he never expected that the alien demon would suddenly attack at this time. According to Chen Shao's analysis, the alien demon at this moment should

be searching for the demon master with all his strength, and he is not concerned about it. It's in Tianlei City.

After the incident that seemed to be the Holy Land of Blood, it evoked revenge from the alien demon. The opponent took advantage of the emptiness of Tianlei City, and the gap where Chen Shao and Fu Qiankun were not there, made a strong shot to break through Tianlei City.

Once Tianlei City is breached, the plan with less dust will naturally die and suffer heavy losses.

Never let the other party succeed.

The black slave was very determined.

But even though he was extremely firm in his heart, he was still anxious after seeing the countless magic **** falling in the sky.

These magic **** are extremely powerful, and the diffused magical energy has a unique destructive effect on the formation of Thunder City. Can they really persist until the dust is returned? Especially You Qianxue on the side has already recognized the people. Among these alien demons, the leader Yemoshi is the leader who was second only to the devil in the Misty Palace. Qin Chen broke into the Misty Palace. When Fu Qiankun was rescued, he was almost caught

Yemosh found out.

Now that such a long time has passed, the aura on Yemoshi is actually much more terrifying than before. Obviously, the alien demons have also felt a strong threat during this time, and all the alien demons are madly recovering their strength.

"Hahaha, stop resisting, wait for death obediently."

Yemosh stood proudly in the sky, and his whole body erupted with devilish energy, like tentacles one after another, covering the sky. Originally, the blue sky and white sun seemed to suddenly come to dusk, and the sky and the earth were dark. He coldly looked down. This time, apart from the many alien demon masters who were sent out by Master Demon to search for the Sky Devourer across the mainland, they were almost half a centaur of the alien masters who stayed behind in the Misty Palace.
了，目

The purpose is to be able to seize the opportunity to completely capture Tianlei City.

As long as these humans are swallowed, it will not only weaken the power against their alien demons, but also increase their strength wildly. Before they set off, they had already found out that there is no top expert in Tianlei City today. Neither Qin Chen nor Fu Qiankun have left Tianlei City and went to the Holy Land of Bloodline, even if they knew it for the first time. Up the news,

It would take at least half a month to rush back from the Holy Land of Heavenly Blood.

And half a month's time is enough for them to break through this Thunder City.

Whoosh whoosh! At this moment, countless powerful people in Tianlei City also flew out one after another, looking at the sky in horror. Those terrifying alien races lingering in magic light, Yemosh and other alien races were full of demonic energy, like the same demon god, Constant bombardment

Looking at the Tianlei City array below.

Under the rumbling sound, the entire Sky Thunder City trembled violently.

Are these alien demons? This breath is terrifying.

Countless strong men all looked at the figures in the sky in horror, and their eyes showed horror.

Except for a few people such as You Qianxue, although many warriors in Tianwu Continent have heard of the alien demon race, they have never seen it. This is the first time to see a master of the alien demon race. People are discolored.

"Everyone, don't be nervous, it's not that easy for these alien demons to break through the Thunder City. As long as I wait until the dust returns, all these alien demons will die."

The black slave immediately skyrocketed into the sky, Rumbling said, cheering everyone present.

"Hahaha, you can't wait for Qin Chen to come back. This time I am waiting for the treasure to break the formation. It is easy to break through these formations. By then, I will kill the entire Tianlei City, even a dog. Don't stay." Yemoshhaha laughed

stand up.

While laughing, it quickly threw out black magic flags. These magic flags fell in the void, and the endless magic energy surged, turning the void outside Tianlei City into purgatory.

"This is the lock-in-space formation of my alien demon race. Under this formation, none of you can escape. All humans will become the nourishment of my alien demon race. This Tianwu Continent will also become my alien demon race's nourishment. Hunting ground, quack."

Yemosh laughed, the endless demonic energy surged, firmly locked in Sky Thunder City, and this demonic energy was still gradually spreading, and the countless camps outside Sky Thunder City were also firmly locked in it. .

In Tianlei City, countless powerhouses turned pale and frightened, and some of the warriors who had been watching the excitement outside Tianlei City also changed their colors and showed amazement. It's not that they have no courage, but that these alien demons in front of them are too terrifying, and the magnificent demonic energy lingers around them, like the same demon god, that kind of aura, suppressing the eternal and desolate, as if it can destroy one with a finger city

.

How do they stop? Those who can join Tianlei City and obtain the residence registration of Tianlei City are all people with lofty ideals, but after all, they are some casual cultivators on the mainland. In the past few months, under the nourishment of Tianlei City, their cultivation bases have advanced by leaps and bounds, but after all The background is too shallow, want a short time

It is extremely difficult to become an iron army.

The black slave's face changed drastically, and the other party was clearly prepared. Since he took the shot, it would definitely not leave them any trace of life.

How to do? Just when they were frightened and desperate, a cold snort suddenly sounded.

[Chapter 2265: Phantom Sovereign shot](#)

"A few alien ants, how dare you be so arrogant? I, my sect wants to see, how do you turn my Tianwu continent into a hunting ground?"

Accompanied by a cold snort of disdain, a woman in a black robe suddenly appeared above Tianlei City.

"boom!"

She raised her hand, endless demon energy surging in the void, and the dense demon energy was suddenly circulated by her palms, and they scattered in all directions, and even instantly cleared an empty space within a hundred meters.

"Ok?"

Yemosh and others changed color, who?

The black slaves and others are ecstatic, the phantom master.

Ninety percent of the warriors in the world don't know the cultivation base of the phantom demon sect master, but the black slaves know very well that the phantom demon master is an out-and-out semi-sacred master, and they are at the same combat power level as Chen Shao.

As long as the Illusory Demon Sect Master is willing to take action, then their Sky Thunder City will definitely be saved, and there is no need to wait for Qin Chen to return. The Illusory Demon Sect Master alone is enough to resist many masters.

"Who is your excellency?" Yemoshi looked at the Illusory Demon Sect Master with dignified eyes, his heart was terrified. The Illusive Demon Sect Master's shots were too frightening, and just waved his hand to clear a part of the devilish energy in the air-locking formations they laid. This kind of cultivation is by no means the pinnacle of the human race

Emperor Fengwu can do it. However, the monstrous demon qi escaping from the phantom demon sect master also surprised them. This kind of demon qi is very terrifying, and it is not much better than their foreign demon demon qi. If it is not for the illusion demon sect master, there is a unique human race. Of Blood

In terms of strength, they even thought that the Sect Master of the Illusion Demon was also a member of the Demon Race.

"How can the scum of this sect be known by the scum of you alien demons? Some ants are also trying to subvert my Tianwu Continent, it's ridiculous!"

Sect Master Phantom Demon moved forward slowly, his eyes indifferent. Earlier, she had already left, but she saw this scene of the alien demon coming. She practiced the ruthless way, not only to herself, but also merciless to the world, and to the alien demon slaughter the human warrior, in fact, she could not let Her heart takes responsibility

What the waves.

But after seeing these alien demons attacking Tianlei City, she unexpectedly stopped and shot vigorously.

She didn't know why she did it, she didn't dare to think about it, and she didn't want to think about it. She just silently said in her heart: She took action, but she didn't want to see these alien demons slaughter human warriors. Well, although these human warriors have nothing to do with her, if the Tianwu Continent is occupied by alien demons, it will also affect her. ,she was

The reason for shooting is just for myself.

She kept convincing herself so in her heart, for fear that her ruthless Taoism would be destroyed.

"My lord, talk nonsense with her, a human master, just kill it."

A master of the alien demons grinned, boomed, and his body surged, suddenly turned into a height of more than three meters, and his body was full of demonic energy, as if a killer was powerfully killed, and the terrifying demonic energy immediately enveloped the master of the fantasy demons. In it.

"Hahaha, human ants, become the power of the demon lord."

It grinned, but the ridiculous sound didn't stop, but it stopped abruptly.

"Better than a demon? This sect is more demon than you!" Facing the erosion of this alien demon race, the master of the magic demon did not evade, and a monstrous magic light appeared in his body. In this magic light, The magic lines flickered continuously, but they instantly wrapped the demon king of the alien demon race.

Go in.

A terrifying magical power poured into the body of this alien demon master, and it madly extracted the power from its body.

The master of the alien demon race was immediately shocked, how could it be possible that the demon energy exuded by the opponent was even more terrifying than that of the alien demon monarch. That power penetrated into its body, devouring its power madly.

"No!" It screamed, burst open with a bang, and instantly disappeared. In the bursting black demon energy, a frightened shadow rose to the sky, the soul of the alien demon master, rushing crazy Where is the high camp where you want to seize

Hand, regain a new body.

"Hmph, the magic pattern is forbidden!" The Illusory Demon Sect Master snorted coldly, and raised his palm, and suddenly a black magic light appeared in the void, confining the soul of the alien demon monarch. There was a look of horror on the soul, a scream, a boom

The sound was gone, and even the soul was wiped out into nothingness.

"Extreme demon master, but so."

Sect Master Phantom sneered.

Such a scene frightened everyone present.

The breath emanating from the master of the alien demon race was definitely of the top martial emperor level, but in front of the phantom demon master, he was instantly beheaded. The speed was so fast that many people didn't even have time to react.

Is the phantom master so terrible?

"Your Excellency kills me the alien demon, looking for death."

Yemoshi was furious, but his heart was shocked. It could feel the horror and coercion on the Illusory Demon Sect Master. The opponent is definitely a semi-sacred master, but a semi-sacred master dare to be in front of them. So arrogant?

"The soul is dead!"

Yemoshi yelled and banged, and a terrifying soul impact suddenly dissipated in his mind, turning into a black canopy, and instantly swept toward the chairman of Illusory Demon Sect.

Although its cultivation base has not been restored to the semi-sacred state, the strongest of the alien demon race is the soul. It is determined that its soul will attack and be able to kill the phantom demon sect master.

While urging the soul to attack, Yemoshi led many masters of the alien demon race to urge the magic flags in the surrounding void together.

"Woohoo!"

There was a harsh whimper in the void, and black magic lights surged. These black magic lights were deep and terrifying, like the darkest gloom in the abyss, rushing toward the Illusory Demon Sect Master. Yemoshi is well aware of simple power. They are a group of alien demons who are not the opponents of the Illusory Demon Sovereign, but once the formation and soul power are combined, it is not difficult to kill a human semi-sage, otherwise Lord Demon. Will not send it

We are here.

Two terrifying powers rushed into the body of the phantom demons in an instant.

"Om!"

Countless black magic lights wafted from the body of the Phantom Demon Sect Master, and there were horrible soul lights in his mind, frantically strangling her soul sea.

"Exit!"

But in the face of such an attack, Sect Master Illusion Demon's expression did not change at all. Amidst her anger, dark magic light runes suddenly rose from her body, and the two forces suddenly resisted outside the body.

"Magic Handprint!"

After that, the Sect Master of Illusory Demon rose into the sky, aimed at Yemoshi and others, and displayed his own unique tricks.

boom! In the void, a black handprint appeared, as if the demon **** protruded its palm in the sky, and suddenly fell on the magic formation arranged by Yemoshi and others.

[Chapter 2266: Unreasonable](#)

boom!

Only heard a huge roar resounding through the world, the magic formation arranged by Yemoshi and others made a harsh moan, and under the creaking sound, the whole magic formation shook violently and faltered.

"how is this possible?"

Yemosh was shocked and furious.

What it shocked was not the trembling of the Illusionary Demon Sovereign who shattered their lock-in magic array, but the shock that the Illusionary Demon Sect Master was not afraid of their soul attacks and devilish attacks.

Although the Sovereign of the Illusory Demon is a semi-sacred master, the soul of the semi-sacred master of the Human Race is not even as good as the disciple of the peak martial emperor of their alien demon race. Now that they have so many people working together, it is impossible for the Illusive Demon Sect Master to stop it.

But the facts slapped it in the face severely, and their joint hands made the Illusory Demon Sovereign not afraid.

"Devil Soul Wave!"

Yemoshi was furious, and once again spurred a soul attack, booming. Under its order, many masters of the magic magic sect on the scene urged the black souls to attack and rushed towards the master of the magic magic sect.

Boom boom boom! A series of soul attacks fell on the Illusory Demon Sovereign, but the Illusive Demon Sovereign lingered with the magic pattern forbidden power, resisting 90% of these soul powers, and the remaining 10% penetrated into the Illusory Demon Sovereign Of mind

In the middle, but it did not bring the slightest influence to the phantom demons.

No, it can't be said that it had no effect at all. The body of the Phantom Demon Sect Master obviously stagnated, but he quickly returned to normal.

by!

Damn it.

Yemoshi's eyes were almost bursting. Although the restraining power released by the Phantom Demon Sovereign has withstood more than 90% of the soul attacks, the soul attacks that so many alien demons have jointly displayed, even if only the last 10% are left, are enough to make a semi-sage Terran Master

My mind is dizzy and my soul is damaged.

But the person in front of me just shook slightly and returned to normal. How could this be possible?

"This alien demon's soul attack is really powerful, but unfortunately, the wrong object was used."

While the alien demons were shocked in their hearts, the Illusory Demon Sovereign was also secretly shocked. The methods of these alien demons on the opposite side were indeed terrifying, especially the soul attainments, which shocked her.

However, if the other party wanted to defeat her with a soul attack, it would be too ridiculous.

Although the cultivation base of the Phantom Demon Sect Master is not terrible, even after leaving Yin Mo Ling, even Fu Qiankun may not be defeated, but in terms of soul resistance, the magical demon Lord's methods are far inferior to even Fu Qiankun.

She relied on the Demon Heart Stone to break through the semi-sacred realm, and the Demon Heart Stone, the most tested is a person's will and mind, and the Illusory Demon Abyss Grotto in the Illusory Demon Sect also has the horrible temper of the soul-eaten by all demons. It can be said that the phantom demon sect master can grow up to this day, and she has endured countless soul attacks. She cultivates the ruthless way and has a firm soul will. If it is a semi-holy level master such as the demon, the phantom demon might still have some fear.

, But in front of him were only Yemoshi these alien demon monarchs who had never recovered from the semi-sacred realm, the phantom demon sovereign was naturally not afraid.

"kill!"

Resisting the soul attack of Yemoshi and others, the phantom demon's sect master's eyes fell cold, and the power in his body was urged to the extreme, and the phantom demon's big mudra blasted down with all his strength.

boom!

The entire magic array burst, and a violent roar resounded through the nine heavens and ten earth, and the void directly tore open countless cracks, and the dark magic light soared to the sky and turned into a demon domain.

Puff puff!

The magic array burst, Yemoshi and others vomited blood, showing horror.

"dead!"

The Illusory Demon Sect Master drank softly, and after blasting through the large formation, his figure shook, and he directly killed Yemoshi and the others.

boom!

The void exploded and the magic light was overwhelming. The Illusory Demon Sect Master suddenly appeared in front of an alien demon master and slapped it down.

Hum!

The black light flickered in her palm, and the magical light forbidden emerged one after another, accommodating the cosmos, the world and everything, swallowing everything in the world.

"Ah!" The master of the alien demon race was hit by this palm. He couldn't even evade, and his body exploded directly. Moreover, the magic light was suppressed by the phantom demon sect master, and even the soul could not escape and burst directly. Open, and one of the most original magic , Was sucked into his body by the phantom master.

Her strength, in an instant, had such a slight improvement.

"Sure enough."

Sect Master Phantom Demon's eyes flickered, she practiced magic power, and the magic power of the alien demon race was of course beneficial to her, among which the most original trace of power can make her magic power continue to improve.

"If I want to kill Shangguan Xi'er, my current cultivation level is far worse, and I must do my best to improve my cultivation level."

Sovereign of Illusory Demon lingered in the magic light, madly rushing into the alien demons.

"what!"

The screams of miserable screams, one after another, under the full view of the crowd, the master of the fantasy demon is like entering no man's realm, madly beheading the masters of the alien demon race, amidst the screams, a master of the alien demon race was exploded and transformed. For nothingness.

What frightened Yemoshi and the others was that the phantom demons were not only beheading them and these people, but also devouring their power. Only their alien demons swallowed the human race. When can even the human race consume them?

They fought madly, but to no avail, in a moment, seven or eight masters of the alien demons fell, losing half of their combat power.

"go!"

Yemosh and the others wanted to resist. Seeing this, their scalp numb, knowing that the plan had failed, and without any hesitation, they turned and ran.

"Where to go!"

The phantom master shouted angrily, mobilized the demon-qi big hand, grabbed the camera, and suddenly, three other alien demon masters were beheaded by her, but still escaped by Yemoshi and the other two alien demon masters who activated the secret method .

In an instant, the sky above the devilish Tianlei City was clear, and the sky and the earth became bright again.

But Sect Master Illusion Demon didn't continue to chase and kill, but closed his eyes to rejuvenate her mind, and the devilish energy slowly poured into her body and was gradually refined.

Having swallowed the original magic power of so many masters of the alien demon race, even she was a little overwhelmed, the demon energy surged in her body, and she needed to refining with all her strength.

It took a full half an hour before the magic energy on the phantom demon lord was completely restrained and returned to normal.

The black slave did not withdraw from the big formation of Sky Thunder City, but he himself walked out of the big formation and came to the front of the Illusory Demon Sect Master, and respectfully said to the Illusive Demon Sect Master: "The junior black slave, I have seen the Illusive Demon Sect Master, thank you for the Illusive Demon Sect Master. The adults come to help."

He didn't lose his vigilance in his heart. After all, the reputation of the phantom demon lord was not good, and it was a bit too coincidental.

But in case it wasn't a conspiracy, the Illusory Demon Sect Master rescued them Sky Thunder City. He, the director of Sky Thunder City, should thank the other party, otherwise it would be unreasonable.

Sect Master Illusory Demon opened his eyes and glanced at the black slave, and instantly understood the meaning of the black slave, and sighed slightly in his heart. The people in Thunder City clearly couldn't believe in himself this day. However, she admired the courage of the black slave very much. A small giant Wudi, who dared to step out of the big formation, did require a lot of courage. If she wanted to kill him, she could do it with a finger.

[Chapter 2267: Really strange](#)

"You don't have to thank me, the alien demon race, everyone is punishable, this sect just did what he should do, it has nothing to do with you Tianlei City."

Sect Master Phantom Demon glanced at the black slave and said indifferently.

It seemed to be talking to the nigger, and also to herself.

She practices the ruthless way, but before, she saw the alien demons attacking Sky Thunder City. After thinking that this day Lei City was the descendant of the Broken Martial Emperor, she couldn't suppress the anger in her heart and made a bold move. . But after the shot, her heart calmed down. What she had done before was clearly inconsistent with her Taoism. She was originally a ruthless person, but because of a young man, she was moved to Sky Thunder City. This How can she not let this kind of thing

It happened.

Without killing Shangguan Xi'er, she must go on with great determination, be a ruthless person, and become a ruthless person, otherwise, the Taoist heart will be broken, and she does not know if she has the courage to continue on this road. .

For three hundred years, she was not a person, nor a ghost, and it was so hard to walk.

If it weren't for the obsession in her heart and the determination to kill Shangguan Xi'er, she would even sink down by herself rather than continue to suffer. This feeling would be too painful.

The black slave looked at the Illusory Sovereign, a little startled.

Standing in front of him was the Sovereign of Illusory Demon, one of the top forces in the mainland, a top master of the semi-sacred realm.

But for some reason, at this moment, he actually saw the loneliness of the Illusory Sect Master.

This is an arrogant person, high above, but lonely, no one can understand her, her heart must be extremely cold and painful.

The black slave was once a person whose life was filled with hatred. He had a feeling that the phantom master might be the same kind of person as he used to be.

This feeling emerged, and the **** was taken aback.

How is this possible?

The person in front of me is the Sovereign of Illusory Demon, the supreme master of the continent's top power, and the master of the semi-sacred realm. What kind of hatred is there, even her identity and strength can't avenge her?

"No matter what, this time thanks to the action of the master of the phantom demon, if it weren't for an adult, my Sky Thunder City would be in danger. I don't know what the adults need, as long as the younger generation can do it, I will not refuse."

The black slave hurriedly settled and said respectfully.

This kind of master is not something he can guess and spy, and he also has the heart to make such a top master for Tianlei City.

"Need?" Illusory Demon Sect Master smiled, as if he heard a joke: "What do you think you can meet the needs of this sect?"

"This....."

The black slave smiled bitterly.

Really, he is a little Tianlei City manager, what can he do to satisfy the other party.

"Not without it."

Suddenly, Sect Master Phantom's eyes flashed.

The black slave hurriedly raised his head with a respectful look.

Sect Master Illusory Demon hesitated, then gritted his teeth and said: "I don't know when City Lord Qin Chen of Thunder City will return. This Sect has something to discuss with him."

Her words fell, as if she had exhausted all her strength, and she was relieved.

Sure enough, it was because there was little dust.

The black slave gave a bitter smile. He was still wondering that the Illusory Demon Sect Master had nothing to do with his Sky Thunder City, and there was no intersection even when he was in the Ancient Demon Land. How could he suddenly help him Sky Thunder City.

Now the black slave understands, it's because of the lack of dust.

Shao Chen is really capable. I heard that there are only women in this magic sect, and the sect master of illusion demon is the most harsh on men, and it is strictly forbidden for any disciple of the illusion demon sect to make a male priest. .

It's awesome, it's awesome. I sighed in my heart, but the black slave didn't dare to show any disrespect on his face, and hurriedly said: "When Chen Young will return, I will naturally not know when I am a subordinate. If the master of the magic demon has something important, I can wait. Send a message to Chen Shao, I don't know the Magic Sect

Lord, what is the matter with Shao Chen, I'll wait..."

"No... no more."

Sect Master Illusory Demon hurriedly said, there was a trace of panic in her heart.

She is not yet ready to face Qin Chen, what should she say when she sees him? Could it be that he is his teacher?

But Pochen Wuhuang didn't even know her existence back then, and she actually deceived Pochen Wuhuang just like her sister. What qualifications did she have to find each other?

The black slave was stunned. The behavior of the Illusory Demon Sect Master was too weird and clearly related to Chen Shao, but when he heard that he wanted to send a message to Chen Shao, he suddenly refused. This...

It always feels weird.

"Master Illusion Demonic Lord, really don't need it?" The black slave couldn't help but said.

"Hmph, if you don't need it, don't use it, don't you understand human words?"

The Sovereign of Illusory Demon was upset, snorted coldly, and boomed, and the terrifying pressure fell on the black slave, and immediately shook him out, his face turned pale, and a trace of blood overflowed from the corner of his mouth.

"Nigger!"

Seeing this scene, the Heavenly Emperor Mountain Lord and others below, their expressions changed greatly.

Why did the two parties have a good conversation before, when the phantom master suddenly started?

After the Illusory Demon Sect master shook the black slave into the air, he immediately calmed down, and there was a trace of regret in his heart, and he was suddenly more upset.

What does she regret? The other party is just a manager of Tianlei City. Even if she kills him, she just follows her heart. The ruthless way of her practice is to forget the emotions and cut off the seven emotions and six desires, and she will regret it.

Sect Master Phantom Demon felt that he could no longer stay here.

"Listen, when your city lord comes back, tell him that this time Benzong saved his Sky Thunder City, and he owes Benzong a big favor, so he can exchange it with the Magic Heart Stone."

Sect Master Phantom Demon snorted coldly, the voice fell, and he didn't dare to stay here any longer, his figure shook, and he disappeared into the sky.

"It's weird."

The black slave shook his head. He also didn't know what the Illusory Demon Sect Master meant. He seemed to have good intentions for Sky Thunder City, but his tone was so bad that he seemed to have a relationship with Sky Thunder City again, leaving the black slave confused.

But the black slave also saw that the Illusory Demon Sovereign was really helping Tianlei City, not a conspiracy made by colluding with Misty Palace.

"It doesn't matter, this matter should be inseparable from Shao Chen, maybe it is Shao Chen doing something to the Illusory Demon Sect Master."

The black slave was speechless, anyway, no matter where Chen Shao went, he could shock the situation.

The black slave shook his head and turned back to Tianlei City. As soon as he went back, You Qianxue and others surrounded him and asked about the content of the conversation between the two.

Hearing the content of the conversation between the black slave and the Illusory Sovereign and the passage, the Heavenly Emperor Mountain Lord and the Old Man of Great Compassion were all at a loss, and they were also confused about the situation.

But You Qianxue and Ji Ruyue had their hearts beating, and they looked at each other suddenly.

As women, they are more sensitive, and naturally they can feel the attitude of the Illusory Demon Sovereign to black slaves. It is entirely because they have a special affection for Qin Chen. Although they don't know what happened, He Chen Shao absolutely escaped. Nothing to do.

"No? Could it be that the Illusory Demon Sect Master..." You Qianxue and Ji Ruyue were dumbfounded, with a wry smile in their eyes.

[Chapter 2268: Found a trace](#)

The news that Tianlei City was attacked by an alien race was spread out at the fastest speed by many powerful people present.

And the means of the Illusory Demon Sect Master beheading the masters of the alien demon race also shocked the countless powerhouses present.

Originally, the reputation of the Phantom Demon Sect was not very good, but after this incident, everyone's views on the Phantom Demon Sect had changed a lot. In fact, Phantom Demon Sect is very

famous in the Martial Domain itself because of its beauty like a cloud, but because the Phantom Demon Sect practices magic skills, its reputation is not very good, but after this battle, everyone marveled at the same time that the master of the Phantom Demon Sect was terrible , Also for phantom

Mozong had a different view.

The news went back to Misty Palace.

"Damn it."

boom!

The void exploded, and Shangguan Xi'er looked at the Yemoshi people who knelt before him and fled back in embarrassment. They looked terrifying and exuded a fierce and fierce glow.

The terrifying chaotic aura ups and downs on Shangguan Xi'er, and the terrifying aura permeated, suppressing Yemoshi's body, making Yemoshi tremble, and a sense of fear emerged from the depths of his soul.

"You rubbish, you can't even do this little thing, what use do you want?"

Shangguan Xi'er stepped forward, and a terrifying aura suddenly burst out of her body, shaking Yemoshi and the others out, blood overflowing from the corners of her mouth.

Yemoshi and the others all looked at Shangguan Xier in horror.

"waste!"

Shangguan Xi'er yelled angrily, her heart furious. Originally in her plan, the Holy Land of Bloodline would be the burial site of Qin Chen and Fu Qiankun, but what she didn't expect was that the Holy Land of Bloodline had two semi-sage masters, Yan Licheng and Feng Shaoyu, and even let the Holy Land of Bloodline fall. , Directly lead to her

Suddenly a huge boost.

What shocked Shangguan Xi'er was that after the Battle of the Holy Land of Blood, she lost contact with Feng Shaoyu. But she didn't believe that Feng Shaoyu would die in Qin Chen's hands, and she knew that Feng Shaoyu must also hide a big secret. Although Feng Shaoyu hadn't told her, she had already seen some clues. But she never had

It's broken. So she believes that Feng Shaoyu must still be alive, but even if Feng Shaoyu is still alive, everyone has seen the scene where Qin Chen went out to chase Feng Shaoyu, but now Feng Shaoyu has not contacted herself, or even responded. To the Xuanyuan Empire, Shangguan

Xi'er immediately understood that something happened to Feng Shaoyu, where he might be healed, and even his injuries were so severe that he couldn't even contact him.

"Qin Chen!"

Shangguan Xi'er was full of anger, especially after she heard that Chen Qing from Tianlei City was Qin Chen from the Ancient Yu Realm and was the descendant of Wuchen Wuhuang 300 years ago, Shangguan Xi'er's heart was completely The chaos, inexplicably full of anxiety. That's why she sent

Yemoshi and others to Tianlei City while Qin Chen was away. She wanted to abolish Qin Chen's back road, but she didn't expect that the waste of these alien demons could not break through Tianlei City. , But fled back in embarrassment, nothing

Extremely capable. If possible, Shangguan Xi'er would have gone to Sky Thunder City to do it herself, but she knew that she could not leave at all. Although Sky Thunder City was important, at her level, even if Sky Thunder City was destroyed, she could only be regarded as Give each other a little

Nothing more than minor lessons and injuries, it is impossible to break the bones.

What is really important is to break through the holy realm. As long as you step into the holy realm, then she will fall into her hands. This is the most important thing.

"Is there no news from the demon yet?" Shangguan Xi'er looked at Yemoshi coldly, with a cold tone.

"Mrs. Devil had news before that he had found the trace of the Demon Lord, and it won't be long before he can find the true position of the other party." Yemosh bowed his head in fear, Shangguan Xier gave it a strong pressure. Make it dare not

Look closely at each other.

"Huh? Found a trace?"

Shangguan Xi'er's expression eased a lot. This is the best news she has heard these days. As long as she finds the Lord of the Devouring Demon and swallows the opponent, her plan will naturally move forward again. "Continue to contact the demon, let it notify the palace as soon as it has news, and immediately secretly pass an order to the inner response of the Dan Pavilion and Wanbao Lou to attack the people in the Chendi Pavilion and destroy these two forces." Shangguan Xier With sullen eyes: "Then Qin Chen founded

A Chendi Pavilion, can't destroy Tianlei City, then kill his partners, so as to kill their arrogance. "

"Yes!"

Yemosh and others stepped back cautiously.

The **** magic light lingering on Shangguan Xier's body began to absorb the power of the void and slowly concealed into the void. After Yemoshi and others retired, they also returned to their place. One of the alien demons shielded the void and said with an angry look: "This Shangguan Xier is too much. He takes me as Are her subordinates? Do you beat or scold?

Who do you think you are? "

"Master Yemoshi, why don't you remind Master Demon, if you continue to do this, I am afraid I really don't have the slightest dignity in front of him."

"Hmph, if it weren't from my clan, how could she grow up to where she is now?"

These alien demons were all angry. "Don't talk nonsense." Yemoshi's eyes were gloomy: "It is better to think about how to improve your strength as soon as possible. Without Shangguan Xi'er, it would be more difficult for my alien demons to occupy the Tianwu Continent, so the current situation Down, the demon is big

People will not fall out with Shangguan Xier because of this little matter. "

"Master Yemoshi, I also want to restore my strength as soon as possible, but under the suppression of the Heavenly Dao of the Tianwu Continent, the speed of my recovery is too slow. When can I return to the peak state?"

"Don't worry, Lord Demon has a plan. It won't be too late for this day."

Yemoshi said coldly, with unwillingness in his eyes.

Continental Dange headquarters.

This is a vast city, called the Pill City. In the Pill City, countless powerful alchemists gather. This is the holy land of the top pharmacists on the mainland. At this moment, outside of Pill City, a figure slowly appeared in the void, he was quietly suspended outside Pill City, but the many powerful people outside of Pill City waiting to enter the city did not even feel this person. Exist as if this person is nothing

The general shape.

This person naturally rushed to Qin Chen in Dancheng with all his strength.

Under the non-stop rushing, Qin Chen only spent a few days of work before rushing from the Blood God Sea to the core city of the mainland. Even if the speed was let some peak martial emperors know, he would be stunned.

"Pancheng, after three hundred years, it really hasn't changed at all."

Qin Chen looked at the city not far away, with endless emotion and excitement in his heart. Although Qin Chen in the previous life held several positions, in fact, the place where he stayed the longest was actually Pill City.

[Chapter 2269: Tianlong Ascendant](#)

In this Pill City, Qin Chen had spent many years and was naturally familiar with this place.

With a light sigh, Qin Chen stepped out. Instead of going in or out of the city gate below, he came directly to the sky above Pill City and walked slowly down.

Although Dan City is a neutral city, there is no need to pay any fees to enter and exit Dan City.

Anyone who enters the city must register through the city gate, which is the only management method in the city.

And in the sky, there are many large formations laid down by Dan Pavilion for countless years. Anyone who tries to enter and exit from the sky over Dan City will immediately arouse Dan City's guardian array. Even the peak Martial Emperor can hardly escape and will be strangled among them.

But Qin Chen only flashed slightly, after an invisible wave flashed in the sky, Qin Chen had already entered the city of Pill.

If anyone saw this scene, they would be surprised and dumbfounded.

The Pill City Great Array, which can easily kill the pinnacle Martial Emperor, has no effect on Qin Chen? This is natural. Although the formation of Pill City is terrible, it is artificially laid out and needs constant reinforcement and maintenance. In his previous life, Qin Chen was the honorary elder of Pill Pavilion and the top master of formation in the mainland. Maintenance of the big array,

Naturally, Qin Chen has a credit.

Therefore, Qin Chen was very familiar with and understood the great formation of the pill city, coupled with his cultivation of the formation of this life, naturally easily broke into the pill city, quietly, and did not alarm anyone.

"That's the mansion of the Ouyang Family?" Qin Chen looked at a corner of Dancheng. There, an architectural mansion with a huge area was located. As one of the top families in Dange, the Ouyang Family was naturally located in Dancheng. There is great authority in it, and the entire Dancheng may have five or six points

One of the pill market is controlled by Ouyang Family.

Qin Chen stepped forward, his figure disappeared in the sky.

At this moment, in the most central location of Pill City, there is a high tower towering into the sky.

This tower is called Dan Tower, and it is also the core place of Dan Pavilion.

On the top floor of the Dan Pagoda, a ball-like instrument trembled slightly the moment Qin Chen stepped into the Dan City.

"Ok?"

At the moment this thing was shaking, an old figure appeared in front of the instrument, with a mighty breath surging from his body, his right hand pressed against the ball, revealing a puzzled look.

"Why did the heavens and myriad realms suddenly fluctuate? Could it be that a strong man broke into my Dan City?"

This thing is exactly the Dan Pavilion Supreme Treasure Zhutian Ten Thousand Realms that Ouyang Zhengqi brought to Beitianyu for the alchemy assessment.

As the space treasure of the Dan Pavilion, the heavens and ten thousand worlds contain the stars of ten thousand worlds and are responsible for patrolling all the conditions of the entire Dan city.

The previous tremor of the heavens and the world was clearly disturbed by some special existence, but no matter how the old man spied it, the heavens and the world fell silent again, without any fluctuations.

"strange."

The old man frowned, finally shook his head, turned and left.

Ouyang Family Mansion.

At this moment, in the core of this mansion, there is an alchemy room, and an old man with gray beard is sitting cross-legged in front of a pill furnace.

A trace of terrible flame power surged from the old man. This flame was extremely terrifying, containing the hot breath of the peak, burning crazily under a dark furnace in front.

The old man squeezed his hand with both hands, causing fires to circulate on the pill furnace, and with terrible mental fluctuations pouring into the pill furnace, the entire pill furnace made a sound of control, exuding an astonishing spirit medicine breath.

Roar!

The pill furnace trembled, and there was a roar resounding, as if there were a bunch of wild beasts in the cauldron, roaring and roaring inside, and after a long time, the roaring sound gradually calmed down.

Hum! After the furnace tripod calmed down, the rich medicinal fragrance filled the air. The old man suddenly opened his eyes, squeezed his hands, and pressed his palm on the furnace tripod in front of him. With a boom, the furnace tripod opened, and a scorching breath shot into the sky. Up, accompanied by fiery

What the flames soared into the sky was a dragon-shaped pill gas.

This pill gas turned into a giant dragon, flipped and roared in this alchemist, and finally turned into nine pills, suspended in the air, blooming with a five-color light.

"Huh!"

The old man grabbed the nine pills in his hand and sighed slightly: "This Heavenly Dragon Flying Ascendant Pill still only has five-color pill pattern, and its effect can only be regarded as medium-grade. How can I refine the top-grade seven-color pill pattern?"

The old man showed bitterness.

If other alchemists heard the old man, they would be stunned.

The Tianlong Feisheng Pill is where the top nine-level pill is located. The average nine-level pharmacist cannot refine it at all, and only those top nine-level pharmacists can make the Tianlong Feisheng Pill. To.

And since this old man refined the middle grade Tianlong Feisheng Pill, he must be a Pill Master of the late Ninth Stage. In the pill city where the pharmacist is like a cloud, this level of cultivation is already one of the top pharmacists, but the other party is actually not satisfied with the five-color Heavenly Dragon Flying Pill he refined, what is the other party's identity? To know that even the average nine

The emperor refining medicine master in the late stage of the product can often only refine the low-grade three-color Heavenly Dragon Flying Pill.

Just as the old man felt bitter and frowned to recall the loopholes in his refining process, a chuckle sounded. "Your Excellency can refine the five-color Heavenly Dragon Ascension Pill. It can be seen that the attainments on the alchemy path have reached the ultimate level of the late stage nine. In terms of

technique, it has also reached the level of transformation, but you want to refine the seven-color Heavenly Dragon Ascension Pill. From the technique and refinement

Focus on it, but it's not enough. "The nine-tier pill contains its own unique artistic conception. Tianlong Feisheng Dan means the meaning of Tianlong. The dragon belongs to the cloud, and the cloud belongs to water. When the water is full, it will overflow. Your golden mixed flame is already the fire of the sun, change

The flame attribute is extremely difficult, but there is a secret technique called Yinhuo Jue in the Pill Pavilion. Although the level is only a low-rank, it can change the flame attribute during the refining process. If you practice this skill, you may be able to refine the seven colors. Tianlong soars into Dan. "

A faint voice echoed in the alchemy room.

"who?"

The old man was shocked and hurriedly turned his head to look around. He saw a young man sitting on the chair beside him, looking at him with a smile for some time.

The old man's heart was suddenly shocked.

This young man appeared in his alchemy room quietly, and there was no gap between him. What kind of method was this?

"Who are you?"

The old man stood up suddenly, and his body broke out with a terrifying murderous intent. Suddenly, a series of void golden flames lingered in the void, and the terrifying flame killing intent swept away like an ocean.

"Vice Master Ouyang don't need to panic, this Shao Qin Chen has met Master Ouyang Hongguang."

Qin Chen stood up and bowed his hands. This old man is the current ancestor of the Ouyang family, the deputy head of the Dan Pavilion, Ouyang Hongguang.

[Chapter 2270: Second Alchemy](#)

When Qin Chen came to the Pill Pavilion on this trip, he would naturally not break into the Pill Pavilion headlessly, because he knew that the Pill Pavilion contained the internal response of the Misty Palace, so he first came to the Ouyang Family.

From the information he knew, Zi Xun and the others were currently under the protection of the Ouyang family, so the first stop Qin Chen visited was Ouyang Hongguang, the ancestor of the Ouyang family, and now the deputy chief of Dan Pavilion.

"Are you Qin Chen?"

Ouyang Hongguang was taken aback when he heard the words, and looked at Qin Chen solemnly.

The name of Qin Chen, he was naturally thunderous, and the news of the Holy Land of Blood had already spread to the Dan Pavilion, which naturally caused a sensation and chaos in the Dan Pavilion. In fact, Ouyang Hongguang also went to the Danta for a meeting not long ago. The content of the meeting

was how to look at Fu Qiankun's return and the fact that the bloodline holy land was once controlled by the Misty Palace, because this is related to how Dan Pavilion will choose in the future. ,

Whether you want to join the Bloodline Holy Land Alliance.

It is a pity that there are different opinions in the entire Dan Pavilion, and everyone has their own opinions. After a noisy meal, the Lord Pavilion will naturally die without going out.

At this moment, Qin Chen, one of the parties involved in the Holy Land of Blood, appeared in his Ouyang home, how could he not make Ouyang Hongguang shake. Especially Qin Chen entered his personal refining room quietly, and the restriction of the refining room did not fluctuate at all, and even he himself could not sense Qin Chen's appearance at all. This kind of cultivation level, How can Ouyang Hongguang not shake

startle?

He looked at him intently. The young man in front of him was smiling and gentle, but between his gestures, he exuded an inexplicable Taoist rhyme. The whole person seemed to be integrated with the world, regardless of each other.

"What a terrible realm of space."

Ouyang Hongguang took a breath. No wonder the other party could enter his refining room quietly. This person's spatial attainments were far superior to him.

Moreover, Qin Chen was under the pressure of his aura, and the wind was light, as if the terrifying coercion of his giant Wudi level, to the opponent like a breeze, also shocked Ouyang Hongguang. It should be noted that although his cultivation is only in the late stage of the ninth stage, as the deputy chief of the altar pavilion, he possesses the golden flames and the real power of argumentation. He is by no means inferior to the average peak martial emperor, but at this moment Qin Chen is in his terrifying flames. Under the breath, but nothing

Things were so ordinary, enough to show how profound Qin Chen's cultivation was.

The rumors in Wuyu are indeed true.

Seeing Ouyang Hongguang staring at him, Qin Chen suddenly laughed without speaking for a long time: "Is this the way Master Ouyang Hongguang treats guests?"

He laughed softly, the clouds were light and the wind was light, and there was a faint aura coming out, and the aura that swept Ouyang Hongguang instantly collapsed, and the smoke disappeared without any effort.

"Ah!" Only then did Ouyang Hongguang realize that he was rude, but after listening to Qin Chen's words, he was speechless, his hospitality was not good, but your guests were not good, he didn't pass by. With the permission of the master, he directly broke into his refining room.

It is also a must.

Of course, Ouyang Hongguang just thought about it. After the shock, he immediately returned to normal. He immediately smiled and bowed his hands and said, "It turns out that it is Qin..."

He immediately got stuck. Qin Chen really had too many identities. He didn't know how to call him, President Qin? Or is it less dusty? Or Brother Qin?

After all, Ouyang Hongguang was the deputy pavilion master of the dignified Dan Pavilion. He quickly reacted and said with a smile: "It turned out to be City Master Qin. He said that City Master Qin had amazing methods and his cultivation skills were astonishing to the sky.

Qin Chen is the city lord of Sky Thunder City, calling him City lord Qin shouldn't be a problem.

"Master Ouyang Hongguang is too polite. The name of City Lord Qin is too far-reaching. It's better to call Ben Shao Brother Chen. After all, if it weren't for the recommendation of the Ouyang family, it would be difficult for the younger generation to enter the ancient Yu world."

Qin Chen immediately stood up and said, in his eyes, although Ouyang Hongguang was the deputy head of the Dan Pavilion, he was like a junior, but the Ouyang family helped him a lot, and Qin Chen was naturally more polite, and also bowed his hand in return.

Qin Chen asked himself to call him Brother Chen. Ouyang Hongguang didn't feel any discomfort. It was indeed the kind of domineering aura from Qin Chen that made him dare not regard him as a junior. .

"Hehe, then I'll call Brother Chen, by the way, Brother Chen, the Yinhuo tactic you just mentioned, really has this tactic? And the problem with the Tianlong Feisheng Dan you mentioned earlier..."

Ouyang Hongguang's eyes were fiery. Tianlong Feisheng Pill is one of the most important medicines he has studied over the years. The most troublesome problem is the inability to refine the seven-color Tianlong Feisheng Pill. This problem has troubled him for decades, and it can be said that it has become him. Heart in heart

Mo, after hearing what Qin Chen said before, how not hot. "Naturally, it is true. You also know that this young man is a disciple of Pochen Wuhuang, and he naturally inherited the master's alchemy. The Yinhuo Art was also told by the master. In fact, Master Ouyang Hongguang belongs to you. Tianlong Feisheng Dan has been refined to five colors

The peak of the Dan pattern is only a little bit short. "

Qin Chen smiled slightly and stretched out his hand, "If Master Ouyang Hongguang doesn't believe it, you can hand over the Tianlong Feisheng Pill in your hand to this young master."

Ouyang Hongguang was taken aback, and subconsciously handed the Heavenly Dragon Flying Pill in his hand. Qin Chen took the pill and smiled slightly. Above his fingers, a gentle blue flame rose up with a pop. This flame was like a blooming cyan lotus flower. Although it was extremely subtle, the smell of flame emitted Ouyang Hong

Guang Xin was shocked, and even the golden flames in his body trembled violently, as if in fear.

"Hi, what kind of flame is this?"

Ouyang Hongguang was taken aback. His golden mixed flames were among the top ten ground fires in the mainland. They were so powerful that they would be terrified under Qin Chen's flames. So what kind of flames Qin Chen displayed?

Before the doubt in his heart settled, Ouyang Hongguang was completely shocked by Qin Chen's actions.

I saw the azure blue lotus flame in Qin Chen's hands suddenly swirled, turning into a flame furnace cauldron, and the Tianlong Feisheng Dan he had previously refined was trapped in this flame furnace cauldron, and was constantly being burned. .

Buzzing!

The fire was filled, and the Tianlong Feisheng Pill was continuously rotating in the flame furnace cauldron, and under the Qinglian demon fire, it continuously emitted a trace of medicinal power.

"This is... the second alchemy?"

Ouyang Hongguang was dumbfounded.

Second alchemy refers to the second refining of the pill after the normal refining process. In many cases, when a pharmacist refines the pill, he is unable to maximize his pill cultivation, which will cause some problems in the pill refining, and the refined pill is not so perfect.
