

## Valkyrie 2271

### [Chapter 2271: Seven colors](#)

At this time, many pharmacists will perform a second refining of the pill, refining the pill that they have just refined to remove the impurities and make the pill more perfect.

This is actually a very normal technique among high-level pharmacists, and there is nothing to make a fuss about.

But what shocked Ouyang Hongguang now was that Qin Chen's second alchemy object turned out to be his five-color Celestial Dragon Flying Pill.

Not all pill medicines can be used for secondary alchemy. Those that can be used for secondary alchemy are generally those with obvious defects. Simple repairs can be made, because after the pill is formed, it is difficult to refining. Extremely high.

It can be said that it is almost impossible to refine the pill for a second time with a pill of 9th rank or above.

Because the nine-grade pill is the limit of the pill, it is difficult to have a clear defect. If the second pill alchemy can be performed, it can only be said that the nine-grade pill has not been refined at all.

But now Qin Chen is actually refining the Tianlong Feisheng Pill a second time, which is simply reckless. The Tianlong Feisheng Pill itself is the late-stage pill of the Ninth Stage. What's more, although the Tianlong Feisheng Pill he refined before did not reach the top grade of the seven colors, it also reached the middle grade of the five colors. Such a pill, even if it is now the pill The patron of

It is also very difficult to make a second alchemy in sacrifice.

Qin Chen is a small boy, even if he is the descendant of Pochen Martial Emperor, he can't be so perverted, right?

But the scene before him made Ouyang Hongguang's eyes suddenly round.

boom!

The azure blue flame was permeating, and there was a trace of mottled air flow around the Tianlong Feisheng Pill in the flame furnace cauldron. Ouyang Hongguang could see at a glance that this was actually the remaining drug impurities in the Tianlong Feisheng Pill. That's not to say, the Heavenly Dragon Ascension Pill that originally bloomed with five colors of light, under the refining of this flame furnace cauldron, the pattern on it began to gradually deepen, and a trace of more gorgeous brilliance permeated from the Heavenly Dragon Ascension Pill and blended into it. To the original

Among the five colors.

More dense lines began to emerge on the pill.

"hiss!"

Ouyang Hongguang's eyes were almost bursting, his body trembled involuntarily, and he muttered in his heart: How is this possible? But although my heart was shocked, his eyes were not for an instant, staring

at Qin Chen's actions, I saw the blue flame, constantly transforming the breath, and finally became a bit of gloomy cold, such a hot flame can The gold and iron melt, but

It feels a bit cold, which is obviously a paradox, but in fact it clearly appears in Ouyang Hongguang's mind.

Yin Huo Jue? Is this the Yin Huo Jue?

Roar!

Under the blessing of this cold and cold breath, the two forces of scorching heat and coldness were intertwined, and some pill patterns suddenly appeared on the Tianlong Flying Ascend Pill. In an instant, the five-colored rays of light burst out, and the seven-colored rays of light burst out.

Qin Chen waved his hand to disperse the flame furnace cauldron formed by the Qinglian Demon Fire. Suddenly, a sound of dragon chants rose to the sky, nine dragon lights swept through the refining room, and the strong smell of medicine filled the refining room. An unprecedented glow broke out.

Boom boom boom!

Tianlong roared and almost exploded the refining room. The terrifying aura swept through the mansion of the Ouyang family, shaking the world.

In the end, the seven-colored rainbow light, like a rainbow, inverted into nine shining pills, once again fell into Qin Chen's hands.

"Master Ouyang Hongguang, please see."

With a smile, Qin Chen handed the Heavenly Dragon Feisheng Pill of the second refining pill to Ouyang Hongguang.

Bang bang bang!

Ouyang Hongguang's heart was beating wildly, and he took the nine pills carefully. The next moment, his eyes straightened suddenly, his excited body trembled, and two lines of turbid tears fell from the corners of his eyes.

The Heavenly Dragon Ascending Pill with the Seven-Colored Pill pattern turned out to be the Tianlong Ascending Pill with the Seven-Colored Pill pattern.

This is what he has dreamed of refining for decades, but now, he has been successfully refining easily by a teenager.

This strong contrast deeply shocked his heart. "Unfortunately, Master Ouyang Hongguang has some problems with the elixir materials you have chosen. For example, Dragon Grass is the core elixir of Tianlong Feisheng Pill. In fact, the age of Tianlong Grass is not as high as possible. Tianlong Grass is a special kind of medicine. Elixir, within a thousand years

, The medicinal energy will continue to condense. After a thousand years, although the medicinal energy will slowly increase, the internal medicinal energy will gradually age. Therefore, the thousand-year-old Tianlong grass is the most suitable. "But Master Ouyang Hongguang, the Heavenly Dragon Grass you

chose has reached a 1,500-year-old heat, and there are some problems in the refining process. Otherwise, this Heavenly Dragon Flying Ascendant Pill can still be refined for the third time, at least 30% by then. The above probability can raise

It has risen to the nine-color pill pattern, but now...I don't have any certainty, which is really a pity. "

Qin Chen shook his head, regretful.

"Nine-colored Heavenly Dragon Flying Ascending Pill?"

Ouyang Hongguang shuddered, and almost lost the Tianlong Feishengdan in his hand. The seven-color Tianlong Feisheng Pill has been difficult for him to refine for decades, and the nine-color Tianlong Feisheng Pill is the best in legend. Even the Ninth-Rank Peak Medicine Emperor may not be able to refine it, but this kid is actually Said I almost got nine colors in three training

Tianlong soaring Dan.

Ouyang Hongguang only felt that he had lived as a dog in his entire life.

"Chen Shao deserves to be the descendant of Pochen Wuhuang, I admire and admire it!"

Ouyang Hongguang saluted respectfully, and the gaze that looked at Qin Chen had completely changed, becoming full of admiration, and even almost bowed down to worship, even his name changed.

The master is the teacher.

This is the most thorough implementation among alchemists.

If Qin Chen in the past had made Ouyang Hongguang respectful because of his fame, relationship, and strength, then now Qin Chen is in the place where Ouyang Hongguang is most confident.

"Master Ouyang Hongguang is not welcome." Qin Chen hurriedly helped Ouyang Hongguang up. If Ouyang Hongguang really bowed down to him, it would be funny. After all, he and Ouyang Hongguang's junior master Ouyang Zhengqi even It's Ouyang Nana, who has good personal relationships.

It was messed up.

Of course, the most important thing is that Ouyang Hongguang helped Zi Xun and the others in times of crisis. Qin Chen will naturally not forget this friendship.

"Shao Chen came here to unite the Dange and aim at Misty Palace, right? Actually, my Dange had been discussed not long ago, but it was still not settled." Ouyang Hongguang talked with Qin Chen. Sentence, said with a wry smile.

He can naturally guess the purpose of Qin Chen's coming. Qin Chen smiled slightly, "Master Ouyang Hongguang, this is indeed one of Ben Shao's goals, but Ouyang Hongguang doesn't have to worry about this matter. Ben Shao has his own way. Ben Shao has another purpose in coming to Ouyang's house. Several disciples of my Chendi Pavilion

, I heard that they are under the protection of Ouyang's family, Ben Shao wants to see you now. "Qin Chen said straightforwardly.

## [Chapter 2272: Called accustomed](#)

"It's easy." Ouyang Hongguang laughed, and directly passed the order to the family disciples to invite Zi Xun and others.

After that, Ouyang Hongguang asked Qin Chen a lot about the Holy Land of Blood and Misty Palace.

After confirming the conspiracy of Misty Palace from Qin Chen, Ouyang Hongguang was naturally furious.

Since seeing Qin Chen's alchemy attainments, Ouyang Hongguang no longer has any doubts about the fact that Qin Chen is a disciple of Pochen Wuhuang, because in this world, anyone can impersonate others, but the alchemy attainments are It can't be faked.

With the alchemy attainments that Qin Chen revealed before, Ouyang Hongguang couldn't think of anyone besides Qin Chen who could cultivate such a genius.

now.

A training place for core disciples of Pill Pavilion in Pill City.

This is where the training room of Lidan Pavilion is located, and there are genius disciples everywhere. Those who can come here are the top disciples of the Dan Pavilion and the top masters cultivated by the Dan Pavilion. Zi Xun, Zhao Lingshan, Lin Tian, Zhang Ying, and Yu Wenfeng, under the cultivation of the \*\*\*\* cat and the rule fruit, have broken through the realm of Emperor Wu. Such a grand occasion shocked the master of Dan Pavilion, and the five were lost by Dan Pavilion. The patron's pardon was directly

The arrangement became the elder in Dan Pavilion.

However, after breaking through the realm of Emperor Wu and being granted the position of protector of the law, ordinary warriors are often sent to Dange branches across the mainland to sit there.

However, the five members of Zixun were quite special. Because of some special reasons and the attention of the Pill Pavilion Master, the five still stayed in the Pill City headquarters and practiced in the Pill City.

Hum!

In a training room, Lin Tian sat cross-legged, the light of flames flowing around him, bursting out vast power.

What is shocking is that this flame light is extremely cold, like a blossoming dark fire, beating in the dark, Lin Tian is like a king in the dark night, his body hidden in the void, extremely terrifying.

Suddenly, light and shadow flashed in the void, and a figure suddenly appeared, blasting towards Lin Tian with a punch.

This punch blasted out, and the mighty fist roared in the void, as if a wild beast was roaring at the sky, soaring into the sky. Seeing that his fist was about to fall on Lin Tian, Lin Tian's figure suddenly became

blurred, and the punch hit Lin Tian. Lin Tian burst into pieces and turned into countless black shadows. The strange thing is that these shadows are actually As alive,

Quickly gathered together, gathered around the person who punched, and pressed it with a palm.

boom!

The dense underworld exploded, like a blossoming flower, falling crazily on the figure.

Rumble! With a roar, the young man was blasted out, with a muffled sound, his feet fell on the ground, and a gap of tens of meters long was plowed on the ground. He grinned and said: "Lin Tian, can't it be lighter? Ying Tian Jing is getting more and more terrifying, even

The attack of this genius could not be broken. "

The young man was very depressed. It was Zhang Ying, whose body was gleaming with brown light, as if covered with a layer of armor, and he remained motionless under Lin Tian's palm.

"Your Undead Chaos Art is also good, combined with your undead petrified bloodline, it's almost like a tortoise."

Lin Tian shook his head. Although his Ten Thousand Shadows Scriptures were strong, he wanted to break through Zhang Ying's Undead Chaos Secret Art.

"What tortoise, this genius is the blood of immortality, how can I say it." Zhang Ying said dissatisfied.

"Zhang Ying, if you don't practice well, what's the matter when you come to me?"

Lin Tian was too lazy to quarrel with Zhang Ying, and asked in confusion.

He knew that Zhang Ying was playful and unreliable, but in this period of time, after knowing Qin Chen's situation outside, everyone was practicing frantically, and almost no one was lazy. Everyone has pushed their potential to the extreme, otherwise they won't be able to go from just breaking through the nine-day martial emperor realm to entering the mid-term martial emperor realm in this short period of time, even with the resources of the alchemy pavilion, so the speed of cultivation, Still in Dan

There was an uproar in the pavilion. "Is this genius okay so I can't come to you here?" Zhang Ying glanced at his mouth, and saw Lin Tian frowning, and suddenly said silently: "Okay, okay, let's not talk nonsense with you, really something. Master Ouyang Hongguang asked to pass orders to us, go now

A trip to Ouyang Family. "

"We?" Lin Tian was taken aback.

"Yes, there are also us." A gentle voice sounded, and three people walked into the training room, the leader of whom was wearing a purple dress, graceful, like a daffodil, ethereal, and standing beside her thought The woman in a red uniform has a tight waist

, With long hair, gentle and lovely.

Next to the two, there was a man in a white robe with a cold look and a superb aura.

Naturally, it is Zi Xun, Zhao Lingshan and Yu Wenfeng.

The ancestor Ouyang Hongguang actually told the five of them to go there together, this...the five were suspicious, could it be that something happened?

"Princess Zixun, do you know what the ancestor told us to do in the past?"

Lin Tian frowned.

Now that the mainland is in chaos, if something happens, it might not be a good thing.

"I don't know. I'll be clear after I go. Also, don't call me a princess in the future. In this martial domain, I am not a princess." Zi Xun smiled bitterly.

She is the princess of the Great Qi Kingdom, but in this martial domain, who would recognize her as the little princess of the Five Kingdoms.

"I'm used to it. In my eyes, you are the princess. Do you mean the princess?" Zhang Ying grinned and smiled at Zhao Lingshan on the side.

Zhao Lingshan glared at him, this hero has never been serious.

"Let's go!"

The five people couldn't figure out why, they turned around and left the training room. Today, the five people are already stars in the pill pavilion. The scene of leaving the training room together naturally attracted the attention of countless pill pavilion genius disciples. The voice of discussion.

Especially after the news that Tianlei City's disciple was Qin Chen, it caused a shock in the Dan Pavilion. Everyone knew that the five members of Zi Xun were recommended to the Dan Pavilion by the Ouyang Family because of Qin Chen's relationship. of.

Zi Xun and others have long been accustomed to such discussions, and the five left the training ground and flew to the Ouyang family.

In a corner of the training ground, two Wuhuang-level disciples saw the five leave and immediately stood up. One frowned and said, "Why did the five of them leave together?"

"I don't know what the situation is, you secretly follow, and I'll tell your lord."

After communicating in a low voice, the two hurriedly separated.

Lin Tian and the five people soon arrived at the mansion of the Ouyang Family. As soon as they entered the mansion, they met Master Ouyang Zhengqi who was waiting at the door.

"Master Ouyang Zhengqi, I don't know why the ancestor called me to wait?" Lin Tian asked immediately.

### [Chapter 2273: Temple of Heavenly Fire](#)

Ouyang Zhengqi had just received the order, gave a wry smile, and said: "The old man doesn't know. The old man has just received the news. Waiting for a few people here. The ancestor is now in the refining room. Let me take a few people over."

Under the leadership of Ouyang Zhengqi, the group walked towards the depths of the mansion.

At this moment, Qin Chen had also told Ouyang Hongguang what happened in the Thunder Sea and the Holy Land of Blood, which shocked Ouyang Hongguang. He did not expect Qin Chen to experience so many things in these days.

During the conversation, I heard Ouyang Zhengqi's voice ringing outside the door: "Ancestor, Lin Tian and the others are here."

Qin Chen stood up suddenly.

Ouyang Hongguang looked at Qin Chen's excitement, smiled slightly, and said, "Bring people in."

"Yes, ancestor."

The door of the refining room was suddenly opened, and Ouyang Zhengqi walked in with Lin Tian and the five people, subconsciously saying respectfully: "Old ancestor, I don't know ancestor..."

Halfway through the conversation, Ouyang Zhengqi's eyes suddenly rounded, staring at Qin Chen in a daze, and said, "You...you..."

And the five people of Zi Xun also saw Qin Chen, all of them were stunned on the spot, their bodies trembling slightly, and tears suddenly appeared in their eyes.

"Everyone, I'm back."

Qin Chen smiled and looked at everyone, and said lightly.

"Less dust!"

Zhang Ying rushed up and punched Qin Chen directly, bang, and the punch fell, Qin Chen didn't move, but Zhang Ying hugged Qin Chen all of a sudden and shouted: "Damn, you Finally came back."

"roll roll roll!"

Qin Chen hurriedly pushed Zhang Ying away, and the two big men hugged each other, which was disgusting.

"Hahaha, what are you afraid of, I am a straight man."

Zhang Ying shouted, extremely excited.

"Less dust."

"Less dust."

Lin Tian and Yu Wenfeng also stepped forward excitedly, their voices trembling.

And Zi Xun and Zhao Lingshan, tears rolled down without warning, and choked silently. The two looked at Qin Chen quietly, their tears flickering, but they couldn't say a word. In this silence, An uncontrollable outburst of emotion.

"Sorry, I came back late and made everyone suffer."

Qin Chen said in a low voice, apologetic.

He originally wanted to return to the Pill Pavilion after he came out of the Ancient Yu Realm, but so many things happened later that he didn't have time to come to the Pill Pavilion. Until now, he entered Pill City for the first time.

"We should be said to be sorry."

Zixun and the others spoke, feeling excited, but they didn't know what to say.

They had heard of everything Qin Chen had experienced. While they were practising in Pill Pavilion at ease, Qin Chen fought life and death in the outside world, causing a strong sense of guilt in the hearts of several people.

After many days, when the deceased reunited, there were naturally endless words, and everyone was excited for a while before calming down.

"Little Dust, come here this time, is it to unite Dan Pavilion?" Ouyang Zhengqi wondered.

Qin Chen nodded.

Ouyang Zhengqi had also reached the pinnacle of the early stage of Tier Nine in a few days, but compared to Zi Xun and the others, their cultivation base was actually lower, which was really good luck.

Fortunately, Ouyang Zhengqi didn't care. He was actually very satisfied to be able to enter the Nine Heavens Wudi realm within a few years. After all, he was not anyone but a genius like Lin Tian.

"Do you have any plans?" Ouyang Zhengqi didn't believe that Qin Chen didn't understand the difficulty here. Although news of the Bloodline Holy Land spread throughout the Martial Domain, the Dan Pavilion's previous discussion meeting had not yet made a complete decision, because There are too many news on the mainland nowadays.

No one knows what the truth is. Although there is Jijing Dandi on the side of Ouyang Hongguang and Master Situ Xingzhou of the Situ family, the opposition is also very strong and should not be underestimated.

After this incident, Ouyang Hongguang and the others were shocked to discover that in addition to Wenchang's deputy pavilion master, there is such a powerful force in the Pill Pavilion that it was actually unbelievable to get close to Misty Palace in secret.

"Don't worry, since I'm here, I'm naturally sure, but I still need Master Ouyang Hongguang's help."

Qin Chen smiled and looked at Ouyang Hongguang.

"I don't know what Young Chen needs to do?" Ouyang Hongguang nodded naturally. It was very simple to help, but what he didn't understand was what method Qin Chen could use to get Lord Pavilion Lord to agree to the union of the Holy Land. You know, Dan The opposition force in the cabinet is very strong, even if it is

The Lord Pavilion can not easily ignore it.

"I want Master Ouyang Hongguang to take me into the Danta Heavenly Fire Hall!"

Qin Chen said.

"What? Heavenly Fire Hall?"

Ouyang Hongguang was taken aback.

This is not an easy task.

The Heavenly Fire Palace is the most central place in the Dan Pagoda, where the flame treasures obtained in the Dan Pavilion for countless years are placed, and an extremely dangerous flame world has been formed.

Here, the alchemists can improve their flame cultivation level, and may even be recognized by some heaven-defying flames and inherited.

This is one of the core temples in the Danta.

Under normal circumstances, only the most heaven-defying genius in the Pill Pavilion could enter it, conduct an assessment, and obtain inheritance.

These places are the core treasures of the Dan Pavilion. Even if Ouyang Hongguang himself enters it, he needs to declare to the pavilion owner. It is impossible for Qin Chen to enter it as an outsider.

"you sure?"

Ouyang Hongguang said solemnly.

If he rashly brought Qin Chen into it, from his personal point of view, it would be tantamount to betraying the Dan Pavilion. Although he believed in Qin Chen, once the pavilion owner blamed him, he would become a traitor to the Dan Pavilion and be deprived of his deputy. The identity of the patron.

"Don't worry, I do this, of course, there is a deep meaning." Qin Chen said.

"But I'm alone, I'm afraid I don't have the ability to bring you into the Heavenly Fire Palace." Ouyang Hongguang said solemnly.

Entering the Temple of Heavenly Fire is not so easy. You need to verify the token. Without a token, even if he is the deputy pavilion master.

"Master Ouyang Hongguang, you only need to take me to the entrance of the Heavenly Fire Hall. I think that, Master Ouyang Hongguang should be fine, right?"

"Take it to the entrance of the Heavenly Fire Hall?"

Master Ouyang Hongguang frowned and said, "This is something you can try."

When the voice fell, Ouyang Hongguang had cold sweat coming out of his hands, because it was too dangerous, and even he felt very nervous.

If one is not good, not only will he lose the position of deputy pavilion master, but even the foundation of the Ouyang family for countless years will be destroyed.

But in the end, Qin Chen's gaze made Ouyang Hongguang nodded fiercely.

"My Ouyang Nana is a pill saint. She is qualified to perceive the Heavenly Fire Palace. I can let you approach the Heavenly Fire Palace in the name of making Ouyang Nana feel. When do you need to enter?" Ouyang Hongguang said.

"The sooner the better, then it will be three days later. Before that, I am going to visit Situ's house and Emperor Jijing Dan." Qin Chen said.

These two are also what he needs to win first.

Therefore, for the next three days, Qin Chen secretly visited Situ's house and Emperor Jijing Dan. Seeing Qin Chen, the two were naturally shocked, but after understanding Qin Chen's plan, they were also shocked. Entering the Tianhuo Temple, it is very likely that the Pill Pavilion Master will be alarmed, and Qin Chen's doing so is undoubtedly playing with fire.

#### [Chapter 2274: Deja vu](#)

"Little dust, are you really sure? The Heavenly Fire Palace is the core place of our Dan Pagoda, and it is also the most taboo place. It is the place that Lord Pavilion attaches the most importance to. Even I and others cannot enter it at will. If you let him know I am waiting to bring in an outsider

Among them, that was much more serious than the last time Lin Tian and the others broke into the Tibetan Pill Hall. "

Until the day when Qin Chen was about to enter the Heavenly Fire Palace, Ouyang Hongguang and others still looked nervous. Once the news of Qin Chen breaking into the Heavenly Fire Palace is learned by outsiders, then their side is completely over. The Lord Pavilion has not given any instructions to the inside of the Pill Pavilion. In fact, the Lord Pavilion has been very involved in the past two to three hundred years. Less manage Dange

Love, hard work. This is also the most important reason for the rapid development of Wenchang Deputy Pavilion Master, and the attitude of the Pavilion Master determines the attitude of Dan Pavilion. Once the Pavilion Master knows their actions, they will inevitably fall to Wenchang Deputy Pavilion. Master

.

At that time, it would be completely impossible for them to get the support of Lord Pavilion Lord, and even themselves would be implicated.

Such a decision is really painful.

"Don't worry, if you are not sure, this young man will not make such a suggestion." Qin Chen smiled slightly, full of confidence in what he was doing.

"Little dust, why are you so confident?"

Ouyang Hongguang and the others didn't understand Qin Chen's confidence.

"Because the current Pill Pavilion Master is Mo Yuanbai." Qin Chen said lightly, his eyes revealing the spirit.

"Is there any connection between the two?"

Ouyang Hongguang and the others were stunned. The current pavilion owner of the Dan Pavilion is Mo Yuanbai's business. Today's top masters all know that this has nothing to do with Qin Chen's entry into the Heavenly Fire Palace, right?

"Of course there is a connection."

Qin Chen sighed lightly, a trace of nostalgia in his eyes, as if he was immersed in some memories.

Mo Yuanbai, the current pavilion master of Pill Pavilion, the top pharmacist in the mainland, the pinnacle medicine emperor.

He is also the \*\*\*\* in the minds of all pharmacists in the world!

He is extremely mysterious. Since he became the successor of the Dan Pavilion more than two hundred years ago, he has lived in a simple way, rarely participates in the management of the Dan Pavilion, and few people even know how his current cultivation level is and how his alchemy attainments are.

After all, he was already the top alchemist when he took over the position of the Pill Pavilion more than two hundred years ago. After two hundred years, perhaps he has embarked on an unprecedented path.

In the Dan Pavilion, he is the supreme god.

This time the conquest of the Misty Palace Dange has not decided on a strategy, whether it is to unite the blood sacred place or believe in the Misty Palace. The reason for the endless debate is due to external reasons. The main reason is that Mo Yuanbai did not speak.

As the master of the Dan Pavilion, he kept his promises and behaved strangely. Before he spoke, no one dared to decide the future direction of the Dan Pavilion.

however.....

Everyone knows that Mo Yuanbai's status is noble and that his alchemy attainments are against the sky, but they don't know that when Mo Yuanbai was young, he was actually just a small apprentice in Dan Pavilion, and even a man who made a mistake and was almost driven out of Dan. Apprentice of the Court.

It was Qin Chen, who felt compassion and saved him, and later even accepted him as a named disciple.

It's just that very few people in the Dan Pavilion knew about this, and only a few people, including the previous Dan Pavilion Master, knew about it. Qin Chen had never accepted a disciple in his previous life, because he didn't have much effort in places other than Dan Dao, Bloodline Dao, etc., but the named disciple he recognized at that time became the next master of the Dan Pavilion. , Even Qin Chen is not

As expected.

"I don't know what this kid has looked like in the past three hundred years. Do you still recognize me as a master?" Qin Chen shook his head, suddenly feeling a little bit emotional in his heart.

Naturally, he didn't need to tell Ouyang Hongguang and others about these things. Seeing Qin Chen's strong request, Ouyang Hongguang could only agree to Qin Chen's request. On this day, after changing

his appearance, Qin Chen dressed up as an alchemy disciple of the Ouyang family, followed by Ouyang Nana and followed Ouyang Hong Guang sat on the head to Danta carriage.

"You are the disciple of the ancestor, why have I never seen it before?"

Ouyang Nana looked at Qin Chen suspiciously. Today, she was called out by the ancestors to go to Danta, saying that she wanted to take her to realize the aura of the Heavenly Fire Hall, so that after she became familiar with it, she could apply for the qualifications to enter the Heavenly Fire Hall. A disciple with an ancestor

.

That's it, but Ouyang Nana looked at Qin Chen's figure but felt extremely familiar, as if she knew someone.

In Ouyang Nana's heart, that person was a nightmare existence, a villain, but another existence that made her apologetic.

When I first saw that person, Ouyang Nana, who had grown up proud and old, looked down on that person at all, but later, that person convinced her with an astonishing cultivation base, and even sacrificed herself at the time of the crisis to save the person at the time. Everyone.

Ouyang Nana knew that he must be dead, but from time to time she would see the other party in the nightmare. Not long ago, she heard the news that the other party was still alive, and heard that she had become the lord of some Thunder City.

At this moment, seeing the other person's familiar figure, Ouyang Nana felt shocked and shocked in her heart.

Could it be that he came to Dan City? "Ms. Nana, I used to live in the First Heaven of Wuyu. I was a named disciple received when my ancestor traveled around the world. The ancestor said at the beginning that I had to wait for the disciple to enter the realm of Emperor Wu and have a chance to enter halfway on the alchemy. Only when the medicine emperor realm

Brought back to Dan City for training, so the disciple only came to Dan City for a few days, so the young lady naturally didn't know the disciple. "

Qin Chen answered with a smile. Ouyang Hongguang did not inform Ouyang Nana of Qin Chen's true identity. After all, this matter is of great importance. If Ouyang Nana knows in advance, although the news may not be leaked, once Ouyang Nana is exposed in the Danta because of tension What's so strange

, Will inevitably be noticed by others.

One thing is worse than one thing less. At this moment, Qin Chen's identity is an alchemy genius that Master Ouyang Hongguang saw when he traveled through the Martial Domain, and he was accepted as a named disciple. Now this disciple has met Ouyang Hongguang's requirements on the alchemy. This was taken by Ouyang Hongguang not long ago

Back to Dancheng.

Qin Chen's cultivation base is now supremely good, with a restrained aura. Even if he does not want to reveal his identity, even if he sees it, he may not recognize it. Moreover, the appearance has also changed. Naturally, Ouyang Nana can't recognize her true identity, just feel familiar.

But the temperament on Qin Chen's body shocked Ouyang Nana, and she was very familiar. "You are very similar to my old friend...What is your name?" Ouyang Nana said hesitantly.

#### [Chapter 2275: Danta](#)

"The young lady must have admitted the wrong person. Miss Ouyang Nana is a pill sage, how could she know me, a little one-day pharmacist." Qin Chen said with a smile: "My name is Dan Sheng."

"Dan Sheng?" Ouyang Nana lowered her head.

She really felt familiar. But the black-clothed youth in front of him, although his temperament was somewhat similar to the one in her heart. But the person in her heart is an extremely arrogant person, who never puts anything in her eyes. When she first saw each other, she even ate it.

It collapsed several times.

Even when the Guyu interface confronted the masters of the alien demon race, that person always gave people a feeling of undue beating, unruly and indomitable.

But Dansheng obviously didn't have that momentum. "It should be that I think too much. Even if he comes to Dan City, he can't be silent. It must be a big fanfare, on behalf of the blood sacred place and the Dan Pavilion to discuss, how can he suddenly appear at my Ouyang home, and even treat me So respectful? I'm afraid

Don't talk to me well at all, just make a mockery directly? "

Ouyang Nana laughed at herself in her heart and breathed a sigh of relief by the way, but a trace of loss flashed through her heart involuntarily.

If Qin Chen was allowed to know her inner thoughts, she would be speechless. It was clear that Ouyang Nana and Ling Jia Lingyi had to make trouble for themselves. How could they have become heinous people in the eyes of the other party?

"Nana, Dan Sheng is the disciple I received from outside. It's the first time to come to Dan City. You can introduce Dan City to him."

Ouyang Hongguang said with a smile in the back of the carriage. "I know." Ouyang Nana nodded, and then a big sister warned: "Dan Sheng, the strong in Dancheng is like a cloud, there are countless Dan Dao masters, you must not just because you have achieved some results outside. , And arrogant in Dancheng.

Of course, you are a disciple of my Ouyang family, and your identity is naturally different from that of the average alchemist. If you encounter any trouble in the city of Pill, you must not lose the face of my Ouyang family. You can also notify this lady and help you. Vent. "

"Thank you, Miss." Qin Chen smiled.

Although Ouyang Nana was already a master of Emperor Wu, she was still the temper of the young lady back then.

The city of Dan is very large, the carriages flowed unimpeded all the way, and Ouyang's mansion was very close to the Dan Pagoda, but even so, it took more than half an hour to arrive at the Dan Pagoda.

Qin Chen stepped out of the carriage, and saw a majestic high-rise building in front of his eyes. The building reached the sky, towering straight into the sky, and it was extremely spectacular.

On the main entrance in front of the tower, there is a plaque with two gilded characters: Danta!

Hum!

These two words contain endless coercion, ordinary people see nothing wrong, but when the master sees it, he suddenly feels that the world is dim in front of him, as if he has come into the vast universe, the starry sky is bright, and human beings are extremely small.

It is rumored that this plaque was written by the top masters of the ancient Dan Pavilion at that time, and contains the artistic conception of the Dan Dao. The stronger the cultivation base, the more people can feel. "Danta is the core place of my Dan pavilion. Those who can come here are the top geniuses and strong men of my Dan pavilion. This plaque is written by the masters of my Dan pavilion in the ancient times. It contains a terrifying mood. Don't look too much, once you fall into it,

The loss of mind is enormous. "

Ouyang Nana warned.

"Thank you Miss for reminding."

Qin Chen smiled slightly, and sighed in his heart, when he could write a font containing such a mood, the strong man who wrote these two characters back then must be the strong man in the sacred realm of Dan Pavilion, and the ordinary strong man does not have this at all. Skill.

While Qin Chen was thinking about it, Ouyang Hongguang stepped forward and said, "Nana, you take Dansheng to the Dan Pagoda for a stroll. I will first apply for your understanding of the Heavenly Fire Palace."

The Heavenly Fire Palace is extremely strict. Even if Ouyang Hongguang is the deputy pavilion master and Ouyang Nana is the saint of the Dan pavilion, he still needs to apply for the procedures before he can go to realize it.

After Ouyang Hongguang left, Ouyang Nana immediately led Qin Chen into the Pagoda.

As soon as the two entered the Dan Tower, they felt the strong atmosphere inside. Dan Tower, as the executive body of the Dan Tower, brought together top pharmacists from all over the mainland. They would communicate, report on their duties, and exchange experiences with each other.

"Danta is as lively as ever."

Qin Chen sighed with emotion. He was just like these pharmacists who were stationed in the Dan Pagoda to communicate with each other. That period was his happiest period.

Just as Ouyang Nana was about to take Qin Chen to visit the Dan Pagoda, an untimely voice suddenly rang, "Ouyang Nana, who is this brother, so strange, don't you plan to introduce it to me?"

Not far away, suddenly a tall young man walked over. He was wearing a white alchemy robe and holding a folding fan in his hand. He looked personable and quite temperamental.

This person is not very old, he seems to be under forty, and he is quite handsome in length, and this kind of handsomeness is not that kind of feminine handsome, but has a somewhat masculine taste, and his body is also very prominent.

But just because of his remarkable figure, he was wearing a pharmacist's robe, and he still held a white folding fan in his hand, which gave people a nondescript feeling.

He stepped forward, exuding an extraordinary aura, turned out to be a martial emperor strong.

There is also a furnace tripod embroidered on his chest. On the furnace tripod, nine golden pills are suspended, which represents his identity as a ninth-grade alchemist.

"Oh?"

Qin Chen squinted his eyes in surprise.

The Ninth-Rank Alchemist who is less than 40 years old is also the top powerhouse among the Pill Towers. It is extremely terrifying. Coupled with his age, this is definitely a highly talented Alchemist.

These characters are probably not much inferior to Ouyang Nana's status. Although Ouyang Nana has also broken through the Nine Heavens Martial Emperor's realm, it may not necessarily be able to beat the opponent.

And Ouyang Nana is still the saint of the Dange. Judging from the tone of the conversation between the other party and Ouyang Nana, this person is very likely to be one of the future heirs of the Dange, or the top saint.

When Ouyang Nana saw the visitor, her face suddenly sank: "Xue Zigui, there is nothing to do with you here. Don't be okay." Xue Zigui's face sank, and then she smiled slightly: "Ouyang Nana, why bother to be so angry? Although you and my family have some differences for the time being, after all, you and my family are the top families of Dan Pavilion.

Talking about friends, it's just that Xue did not like people with bad tempers, so he didn't agree to it. How come these years have passed, Miss Ouyang, your temper is still so bad? Don't get married. "

"Xue Zigui, close your stinky mouth." Ouyang Nana was irritated. This Xue Zigui was the nephew of Wenchang's deputy pavilion master and the saint son of Dange, because she was older than her and had a better status in Dange. Higher, even the voice of inheriting Dange should be above her.

[Chapter 2276: Dange Shengzi](#)

The relationship between the Ouyang family and the other family was pretty good before the time of the ancient Yu world happened. Someone once joked that they would introduce her to Xue Zigui, and the two families were naturally noncommittal.

And Ouyang Nana looked down on each other, and Xue Zigui didn't catch a cold to Ouyang Nana, so the following is gone. Now that the relationship between the two parties has deteriorated, let alone, I never thought that Xue Zigui would have such a bad mouth. "Hehe, why is Ouyang Nana getting angry? Is it because I am right? I am also doing this for your own good. If you can't marry, the outside world will say that none of the saints of my Dange want it. But the reputation of my Dange." Xue Zi

Gui said with a smile.

The movement here naturally attracted the attention of countless people in the hall. Seeing that Xue Zigui and Ouyang Nana had a conflict, everyone was shocked, but no one dared to speak. The alchemists who are often in the Pill Tower naturally know the identities of these two families. Both the Ouyang Family and the Xue Family are the top families in the alchemy. If ordinary alchemists blend in, even if it's also difficult for Pill Nine Emperor

Please. The mainland has been in chaos recently. I heard that the Ouyang family and the Xue family are very wrong, each holding their own opinions, and there have been several disputes. Unexpectedly, the two sides have deteriorated to this point. Clamor

Come.

Has the conflict between the major forces of Dan Pavilion evolved to this point? How can this be good?

Many pharmacists are worried. It is normal for different forces in one force to compete, but if it has reached the point where the two have been vilified in public, it is not a good thing for any force.

"Ignore him, let's go."

Ouyang Nana glared at Xue Zigui fiercely, but did not continue to say anything, pulling Qin Chen to leave.

"Wait, who is this person, Ouyang Nana, haven't you introduced it yet?" Xue Zigui stopped the two of them at once, and said with a smile.

"What does it have to do with you?" Ouyang Nana frowned, Xue Zigui was clearly looking for fault. "Why doesn't it have anything to do with me?" Xue Zigui said gloomily: "Don't forget that I am the Saint Child of Pill Pavilion, and I am also the deputy director of Pill Pavilion Law Enforcement Hall. You suddenly brought a stranger over. If I were Don't cross-examine it clearly, there is always something inappropriate Right? "

Speaking of this, Xue Zigui glanced at Qin Chen with disdain and sarcasm.

Qin Chen frowned, Xue Zigui clearly wanted to trouble him.

"Does my Ouyang family still need to pass you when doing things? Get out!" Ouyang Nana shouted angrily, pulling Qin Chen and preparing to leave.

"Where to go!"

Xue Zigui's eyes were gloomy, and the corners of his mouth sneered: "Faced with the interrogation of this saint son, you do not tell the history, it is very likely that it is a spy from the outside, please come with me to the law enforcement hall."

Xue Zigui sneered, and the probe directly grabbed Qin Chen, buzzing, and an invisible field force filled the air, shocking Qin Chen, but that Xue Zigui's palm was flat, but there was a terrifying murderous intent, and he directly caught Qin. Dust's shoulders.

On the surface, Xue Zigui wanted to capture Qin Chen, but in reality, a terrifying murderous intent broke out in his palm. He clearly wanted to smash Qin Chen into serious injuries and give him a stab at him, so as to kill the power of the Ouyang family.

As for Qin Chen's origins, he didn't care at all. The so-called spies were just talking nonsense. He didn't believe that the Ouyang family would do things that were sorry for Dan Ge.

"Xue Zigui, you are too much."

Ouyang Nana suddenly exploded with a horrible aura, Yo, the sound of Fengming sounded, and a phantom phoenix appeared above Ouyang Nana's head, turning into a colorful color, and rushing towards Xue Zigui's palm.

"Ancient Phoenix bloodline?" Xue Zigui snorted, but his eyes revealed a dignified look. The ancient Phoenix bloodline of the Ouyang family is still extremely terrifying, but not invincible. The blood pulse in his body surged, and a black halo suddenly filled his head. Above, with one end

The hideous black monster appeared.

Poor strange!

The fierce beast is infinitely strange and unmatched in strength. Perhaps it is not as terrifying as the ancient phoenix bloodline on the path of alchemy, but it is unmatched in its strength and its power.

The fierce beast roared and rushed towards the colorful ancient phoenix, and immediately suppressed Ouyang Nana's bloodline of the ancient phoenix. The colorful rays of light were continuously reduced and suppressed under the black rays of light.

boom!

The two forces collided, and a low and dull sound erupted.

This is because the two parties deliberately suppressed the movement, for fear of causing damage to the Dan Tower, but then suppressed, it also instantly attracted the attention of all the alchemists around.

"Xue Zigui and Ouyang Nana actually met each other?"

"Starting in the Danta Hall, the two are too much, right?"

"Could it be that the fighting within my Dan Pavilion has become so serious?"

"One of the two is a holy son and the other a holy woman, so they are all in style."

The crowd changed color and talked in secret.

Roar!

The Qiongqi and fierce shadow roared, constantly emitting black light and shadow, and the ancient phoenix shadow was constantly suppressed and faltered.

Ouyang Nana's face suddenly changed.

Although she broke through the realm of Emperor Wu since she came out of the ancient Yu world, Xue Zigui was much older than her. She had broken through the realm of Emperor Wu many years earlier. In terms of cultivation, there was naturally a big gap between her and Xue Zigui.

hateful!

Ouyang Nana became angry from embarrassment. She naturally couldn't let Qin Chen have an accident here. The blood in her body was boiling, and she was about to burn her blood. But at this moment, a palm appeared, and it was Qin Chen who stopped her behind.

"let me do it."

Qin Chen's eyes were gloomy, and when he reached his realm, a junior like Xue Zigui didn't bother to pay attention to him, let alone Xue Zigui, even the mainstay of the Xue family, Wenchang deputy pavilion master, was nothing in his eyes.

But Xue Zigui's behavior made him extremely unhappy.

With a cold snort, Qin Chen raised his hand, his palm dull, and directly grabbed Xue Zigui's palm.

This scene stunned the alchemists who were watching.

Is this guy planning to die? Even Ouyang Nana is not Xue Zigui's opponent. He is a kid who doesn't know where he is from. He dares to do something against Xue Zigui, especially between Qin Chen's shots. There is no real yuan fluctuation, and it's unremarkable, leaving many pharmacists around. They even sigh

Xi, the kid who didn't know where he came from, I don't know where the sky is.

"Hehe, this kid is looking for death, and that saint child will fulfill him."

Xue Zigui's eyes were disdainful, and the corners of his mouth sneered. Above his palm, a terrifying Huaguang erupted. Under this palm, it was enough to explode Qin Chen's arm and turn it into dust.

Let him kill Qin Chen, of course, but to teach Qin Chen a lesson, it is easy to break his arm.

Under the gaze of everyone, Qin Chen's palm suddenly grabbed Xue Zigui's wrist. Xue Zigui only felt a terrifying force hit, and the shadow of Qiongqi suddenly burst, and a pain that pierced his bones instantly spread throughout his body.

"what!"

He screamed, and then heard the sound of clicking, and there was a crisp sound from Xue Zigui's hand bones.

"Stop!" The severe pain made Xue Zigui's face flush, like pig liver, screaming in pain.

### [Chapter 2277: Not coming soon](#)

Qin Chen sneered, his palms pressed hard, and Xue Zigui's facial features were severely twisted.

"Do you know who I am? Just let me go!" Xue Zigui said angrily. Qin Chen's face was gloomy, and he said in a deep voice, "I care who you are. This is the Dan Pagoda. It is the center of the mainland pharmacist. Any pharmacist is qualified to enter and accept communication. I don't care if you are a holy son. , The deputy director of the Law Enforcement Hall,

No matter how dare to mess around, I don't mind in front of countless pharmacists and teach you a so-called holy son who is unruly. "

"roll!"

Qin Chen waved his hand and threw Xue Zigui out, his voice was cold.

It also contains an unquestionable will!

"This brat dared to teach me."

Xue Zigui's body was in mid-air, irritated and hurriedly trying to stabilize his figure, but the true essence in his body seemed to be frozen, so stiff, unable to control his body at all, fell to the ground with a bang, and directly fell a dog Gnaw shit.

He raised his head in horror, the coolness of his back gushing out for an instant, his whole body erected.

Who is this guy? He looks younger than himself, but on the way of martial arts, he is so much scarier than himself. When did the Ouyang family find such a terrifying genius?

"Boy, this is Danta, it's not a place for you to show off your power, and people are not coming soon..."

Whoosh whoosh!

Accompanied by Xue Zigui's anger, the sound of breaking through the sky sounded, and several actually majestic guards suddenly appeared in the hall. These people were full of horror, and they were all masters of the Emperor Wu.

This is natural, dignified Danta, how can there be no top masters in charge?

Xue Zigui was determined in his heart, pointing to Qin Chen and shouting: "You guys are still stunned, what are you doing? You are brave enough to do anything in my Dan Pagoda, and you won't let me take him down, put him in the jail, and strictly interrogate ."

The guards looked at Qin Chen one after another, with cold light in their eyes, and they acted boldly at the Dan Pagoda.

"stop!"

Without waiting for them to take action, Ouyang Nana quickly stepped forward and said coldly: "You guys step back."

Then she stared at Xue Zigui coldly, and said angrily: "Xue Zigui, you have to be shameless. You obviously did it first, but you said that the Dansheng acted recklessly. This Dan Pagoda is not the Dan Pagoda of your Xue family."

This.....

Several guards looked at this posture and found that Xue Zigui and Ouyang Nana had a conflict, and they suddenly felt a headache. The confrontation between the two forces is not something they can mix.

"I am the deputy head of the Danta Law Enforcement Hall. How dare you not listen to what I said?" Xue Zigui looked at the guards dissatisfied.

"Noisy!"

Qin Chen frowned, huh, his figure moved again, and he went straight to Xue Zigui.

Upon seeing this, Xue Zigui looked shocked, and shouted anxiously: "You are not helping yet."

"Your Excellency!" The guard leader's gaze was cold, his cultivation level had reached the mid-term peak of Emperor Wu's realm, and he was sitting in the Danta. He was also a protector of the Danta. Naturally, he couldn't just watch Xue Zigui suffer and screamed. Just ready to stop

Qin Chen saw a flower in front of him, and Xue Zigui had actually fallen into Qin Chen's hands.

What a fast speed.

He was shocked in his heart, and his back was cold for an instant, and the opponent's strength was definitely above him.

"Trash, Lao Tzu has already given you a warning, you dare to mess around, it seems that you must teach you a lesson."

Qin Chen's voice fell, and he opened his bow left and right, slapped, slapped Xue Zigui dozens of slaps, and his cheeks were swollen into buns.

Everyone stared blankly.

Draw the face of Pill Pavilion Saint Child in the Dan Tower, this is simply... lawless! However, Qin Chen's actions made many people feel relieved. Xue Zigui has always been arrogant. Because of his status as a saint son, no one dared to conflict with him. Now he is finally kicked on the iron plate. He was taught by the Ouyang family. Even if the Xue family wants revenge

It's also difficult.

"Just another nonsense. Believe it or not, Lao Tzu will kill you? If you don't believe it, you can try."

Qin Chen pinched Xue Zigui's neck and said coldly.

That arrogance and murderous gaze made Xue Zigui's feet a chill rushing straight to the top of his head.

He knew that Qin Chen was not joking, and if he was really bullshit, I'm afraid Qin Chen would really kill him.

Especially the momentum from Qin Chen's body made Xue Zigui feel shocked!

"I...I know." Xue Zigui said with a trembling, his heart burned with anger, but the hero didn't suffer from the immediate loss, and Qin Chen's terrifying methods made him completely unable to raise the confidence to resist.

"Humph!"

Qin Chen snorted and threw Xue Zigui to the ground. "And you." Qin Chen looked at the group of guards in Nandan Pavilion, "Danta is a place for alchemists to communicate, not a place where the holy son flaunts his power and power. Danta advocates equality, freedom, and communication. Female, it's just a candidate for the future successor of Danta. In fact, compared with other alchemists, she doesn't have any privileges. Not to mention the saint child and the saint, even the Lord of Danta. Before the path of medicine, everyone is equal. . As Dan Tower guards, you naturally want to protect Dan Tower

The rule for several years, if you help the gang to abuse you, you are not eligible to stay in the Danta, do you understand? "

Qin Chen's eyes were cold and his tone was solemn, making the guards feel as if the pavilion master was sternly scolding, and subconsciously nodded and said, "Yes, I'll get it later."

"It's so good, let's go busy with your own affairs."

Qin Chen waved his hand and said to Ouyang Nana: "Go, let's go up."

Ouyang Nana was dizzy and could not react, leading Qin Chen to the second floor of the Dan Pagoda.

Xue Zigui was so embarrassed that he was embarrassed. He flushed with the discussion around him, glanced viciously at Qin Chen's back, and said angrily in his heart: "Smelly boy, you wait."

Hastily turned around and left.

The hall quickly returned to calm, but Qin Chen's identity made countless people present feel curious and aroused all kinds of speculation.

"Dan Sheng, are you so strong?" On the second floor, Ouyang Nana looked at Qin Chen in surprise. Qin Chen's previous domineering posture left her with a strong shock. She was worried that she was not Xue Zigui's opponent. Unexpectedly, Qin Chen gave Xue Zigui a lesson.

It's really happy.

"Miss Ouyang, it's not that I grabbed it, but that Xue Zigui is too weak." Qin Chen said with a smile.

Ouyang Nana is speechless, you are not strong yet? Xue Zigui's ability to be named a holy son is not weak at all. Qin Chen said that there are not many strong people in the entire Pill Pavilion, and he is even weaker than Xue Zigui's cultivation base, isn't it weaker? "Be careful, Xue Zigui has a very small mind. He will not let go of what happened just now. Moreover, Xue Zigui is the deputy head of the Law Enforcement Hall and has many methods." Ouyang Nana said anxiously, but thought of the ancestor now. Right at Danta, he let go of his heart and said, "But there is no need to worry too much. The ancestor is here, and the Xue family dare not do anything to you. Even if the master of the law enforcement hall comes, the ancestor can stop him. under."

## [Chapter 2278: Heilongyin](#)

Qin Chen smiled and said, "Anyone can see who was right and who was wrong before. The Law Enforcement Hall will not be so unreasonable."

The Law Enforcement Hall is one of the most important institutions in Dange, especially the Law Enforcement Hall of the headquarters. All actions will strictly abide by the Alchemist's Code and Rules, which is the bottom line of Dange. "You are too naive." Ouyang Nana looked at Qin Chen and sighed, "Now the hall master of the Law Enforcement Hall has a good relationship with the Xue family, and belongs to the Xue family. Otherwise, our Ouyang family will not be so passive, even before. Xue Zigui is not right, so can they

To find someone who despise Danta, or commit a crime against you. "

Qin Chen frowned, and his eyes sank: "Is it still possible? Isn't the Law Enforcement Hall one of the most important institutions in the Danta? Its hall master must be strictly selected, so how can he act recklessly."

In the Dan Pavilion, the Hall Master of the Law Enforcement Hall is often the most important person besides the Pavilion Master, because he is in charge of the punishment in the Dan Pavilion, which is not a small position.

"What's this?" Ouyang Nana sneered: "There are so many despicable things done by the Law Enforcement Hall. You should be careful, but as long as you go out alone, there shouldn't be any problems."

Qin Chen's heart is cold, has Pill Pavilion been chaotic enough? It seems that after Mo Yuanbai took over, he managed the Dan Pavilion in a mess. Such things could happen?

The Law Enforcement Hall is the bottom line of the Dan Pavilion. If the person in charge of the penalty cannot hold the bottom line, the Dan Pavilion will only become more and more chaotic and decline.

Qin Chen's heart was gloomy, and he and Ouyang Nana had already arrived on the second floor.

The second floor of the Dan Tower is the pill trading market, where many alchemists can trade their own pill with each other, and even some medicinal materials can also be traded here.

Here, you can see countless rare elixir, placed outside, it is definitely the most heaven-defying existence.

At this time, a group of pharmacists are here to identify each other's elixir. Here, it's not that there is no inferior goods. Everything depends on the pharmacist's own ability. If the inferior goods are purchased, the pill pavilion will generally not come forward. Of course, if there is an alchemist deliberately selling fakes here, naturally Will provoke Dan

Ge's punishment.

At this moment, Qin Chen stood on the trading market and was full of emotion.

Looking around, those who can stand here are all top alchemists, and the weakest one is probably the eighth-grade Medicine Emperor. When placed in the lower four realms of the northern sky, they are all the masters of the first realm. Up.

Even in the first and second layers of the Martial Domain, the Eighth Stage Medicine Emperor is not an ordinary person, but here, the Eighth Stage Medicine Emperor is almost the weakest level, and many masters are even the Nine Stage Medicine. emperor.

Without him.

Just because this is Danta.

If Pill City is the sacred place for the mainland pharmacists, then the Pill Tower is the sacred place in the holy land. The average casual pharmacist is not qualified to come here. Those who can come here are some famous pharmacists.

Along the way, even if Ouyang Nana saw these people, she bowed slightly. The identities of these people may not be as precious as Ouyang Nana, but they are all top alchemists who have served in the Dan Pavilion for dozens, hundreds or even hundreds of years. When Ouyang Nana was a child, these people Many are already Medicine Emperor

A character, even if Ouyang Nana has become a saint now and has broken through the Emperor Wu, but the necessary respect is still required.

Qin Chen followed Ouyang Nana and nodded slightly.

These people are the core of the pill pavilion. The reason why the pill pavilion is strong is dependent on the silent contributions of countless powerful alchemists, constantly refining pills, and constantly carrying forward the spirit of alchemists. Perhaps many of these people are just outside elders, and some are just ordinary worship, and they don't have any intrigue. They don't form a powerful force like the Ouyang family or the Xue family. They devote themselves to alchemy, study the alchemy, and get drunk.

Heart in it.

But it was these people who supported Dan Pavilion's terrifying position.

They are some people worthy of respect.

Qin Chen looked at the trading market, and all he saw along the way were some elixir that was quite against the sky.

You must know that this is the Danta trading market. Ordinary elixir can't be bought here at all. General elixir can be purchased in Pill City. Those that can be traded here are the best among the best.

Many elixir even Qin Chen coveted.

If it wasn't for Qin Chen, he would really want to go shopping for Taobao here.

"Let's go."

But thinking of the next thing, Qin Chen shook his head and prepared to move on with Ouyang Nana.

But he hasn't gotten up the steps yet.

"Tianhao Medicine King, what's wrong with you?" An exclamation came, and then there was a loud noise. It seemed that there was an accident somewhere in the trading market, and a group of people all rushed over.

"Huh?" Qin Chen turned his head and saw that an old white-haired man in the middle of the crowd seemed to have fallen, and many people surrounded him.

"It's Tianhao Medicine King." Ouyang Nana exclaimed. Seeing Qin Chen's doubts, she immediately said: "Tianhao Medicine King is the old pharmacist of my Pill Tower, and she is a good old man, often in Pill City. To answer the doubts of ordinary pharmacists, I also heard him when I was young

What happened to him after several lectures? "

While talking, Ouyang Nana anxiously took Qin Chen's hand, and hurried to the crowd.

Qin Chen was pulled by Ouyang Nana, smiled bitterly, and followed.

The crowd was overcrowded, and many alchemists crowded there, anxiously.

"Everyone get out of the way to let the air circulate here." At this time, a gray-bearded old man spoke. His status seemed to be quite high. After speaking, the surrounding crowd dispersed a little, and Qin Chen also saw the center of the crowd. , An old man was pale and passed out there, many alchemists

Line inspection.

Opposite him, there was a pharmacist in a brown robe with an anxious look on his face.

"Lu Xun, what the \*\*\*\* is going on?" the gray-bearded old man asked the brown-robed alchemist.

"I do not know either."

The brown-robed pharmacist named Lu Xun looked anxious: "I also just came here. I heard that Tianhao Medicine King got a black dragon lead, so I want to trade with him..."

"Black Dragon Yin?"

The crowd suddenly exclaimed.

Heilongyin is the top class among the nine-tier elixir. This object is called Heilongyin, because it looks like a black dragon and grows in a place with heavier yin. It takes a thousand years to take shape and is highly poisonous.

However, although this thing is highly toxic, its effect is very magical. It can purify the soul. The Black Dragon Clear Heart Pill, which uses it as the main material, once refining is successful, it can instantly wake up a warrior who has gone into trouble. It is the top elixir. one. The black dragon is extremely rare, and the growth environment is harsh. Even in the city of Pill, it will only appear for a long time, and this will cause an uproar.

[Chapter 2279: Life Supplement](#)

Lu Xun smiled bitterly: "Yes, it's Heilong Yin, so I was very excited at first. Who knew that the transaction was only halfway through, and Tianhao Medicine King suddenly fainted and couldn't wake up no matter what."

"I also used some healing techniques, and even fed him some 9-Rank healing pills, but he still showed no signs of recovery, and I was anxious to death."

Lu Xun was anxious, and Tianhao Medicine King was also his friend, so naturally he didn't want to see an accident.

"Isn't it good for the nine-grade healing pill?"

Everyone's eyes condensed, this is not a small problem. It should be noted that Lu Xun is also a veteran Nine-Rank pharmacist. Although he has been at the ninth-Rank because of his talent, he is also quite famous in the Pill Pavilion.

Although Tianhao Medicine King was titled Medicine King, he was so famous when he was young that this title has been passed down. In fact, Tianhao Medicine King is also a ninth-rank alchemist. How can you faint easily.

At this moment, all the alchemists who had stepped forward to investigate also stood up, their eyes were solemn, and they shook their heads and said: "Strange, there is nothing weird about Tianhao Medicine King's body, and there is no injury, how can he suddenly become unconscious? "

"Suddenly fainted, could it be poisoned?" a pharmacist interjected.

"Poisoned, it doesn't look like it, we have also checked, and there is no sign of poisoning in his body."

The person on the side replied.

These many pharmacists naturally know how to heal people and whether they are poisoned. Most pharmacists can tell at a glance.

Now that so many people have not seen it, it should not be.

"I'll take a look again."

Before that, the old man who scolded everyone and dispersed a little stepped forward.

"I hope Elder Wu Zhen can see something."

This gray old man is a core elder of the Pill Pavilion, the alchemist at the mid-stage ninth stage, and is considered one of the highest status among all the people on the scene. He spoke, naturally no one refuted.

It's just that after Elder Wu Zhen stepped forward and observed carefully for a long time, his brows were frowned.

"The lips are white, there is no time to breathe, extremely weak, the skin is also sagging, and the eyes are dull..." After watching for a while, Elder Wu Zhen couldn't help being shocked, "These are the characteristics of the end of life."

Life expectancy is destined, and it will come to an end. No matter how powerful a pharmacist is, it is impossible to change his fate against the sky and help others continue.

Unless you break through again.

"The Medicine King of Tianhao is a Wudi in the middle of the ninth rank, and he is also a medicine emperor of the ninth rank. Although he is nearly two hundred years old this year, he has never heard of any serious injuries, so he won't die?" Someone wondered.

A warrior breaks through the realm of Emperor Wu, and his normal life span can soar to about three hundred years, two hundred years old. In the eyes of ordinary people, he is already extremely old, but at the level of Emperor Wu, it is nothing.

The most important thing is that Tianhao Medicine King is still a medicine emperor, and pharmacists are the group of people who know how to maintain their health. In addition, I have not heard that Tianhao Medicine King has been seriously injured and died of death. It is a bit unbelievable. .

"What's the matter then?"

Everyone was puzzled and felt extremely troublesome.

They are a group of pharmacists here, and they can't even see the cause of Tianhao Medicine King. If it spreads out, the reputation of Dan Pavilion will be greatly affected.

"Try to give him life renewal pills first."

Life Suspension Pill is a special nine-tier pill that is refined from longevity leaves. It can extend the life of a warrior. Under normal circumstances, it can increase the life of a warrior by about ten years, which is extremely sky-defying. Elixirs.

This kind of pill is at a high price in the outside world, but in the pill pavilion, in order to save Tianhao Medicine King, Elder Wu Zhen will naturally not bear it.

Soon, an emerald green pill was delivered by him into the mouth of Tianhao Medicine King.

Everyone's eyes widened and stared at them, only to find that after taking the Life Sustaining Pill, the Tianhao Medicine King's complexion had not eased, but had become paler, and the aura on his body had become weaker.

What's going on?

Everyone can't understand it.

"Let the old man try the magic acupuncture method."

At this time, another person in the crowd spoke up, an old man with a goatee. As soon as he appeared, everyone's faces immediately showed respect.

This is another strong alchemist in the alchemy pavilion. In terms of fame, he is not under the elder Wu Zhen, especially his set of magic needle techniques, which is also quite famous in the alchemy pavilion, which can be called unique.

"Master Gu Zhuo's magical acupuncture method, which has moved the world, should be effective."  
Everyone looked forward to it.

The old man didn't talk nonsense, took out the golden needle, aimed at the Tianhao Medicine King lying there, and quickly pierced it.

Huh!

His hands turned into phantoms, like dragons flying and phoenix dancing, and he saw golden needles pierce into Tianhao Medicine King's body instantly, the incredible strength, which attracted everyone's amazement.

Can be a moment later.

Master Gu Liao backed back with a heavy face, and the others could also see that Master Gu Liao's magical acupuncture technique had no effect on the Tianhao Medicine King, and Tianhao Medicine King was still in a coma.

"It really doesn't work, the old man will go and inform several deputy pavilion masters. If they think about it, they might have some way to do it, but it's not necessarily what they can see."

Elder Wu Zhen frowned.

The current situation of Tianhao Medicine King cannot be ignored by everyone.

"Yes, go to the Deputy Pavilion Master."

"Going right now."

"My lord, they must have a way."

Everyone nodded.

Being able to serve as the deputy pavilion master, at least the medicine emperor in the late stage nine, is much better than them on the field.

"My Ouyang family ancestor is in Danta today, I'll go and notify him immediately." Ouyang Nana hurriedly stood up and said.

"It turned out to be Saint Ouyang, then there is Saint Lao Ouyang."

In fact, everyone had seen Ouyang Nana and Qin Chen a long time ago, but it was urgent and no one had the time to come up and talk. Now that Ouyang Nana said this, everyone was overjoyed.

"There is no problem with Ouyang Hongguang's deputy cabinet chief."

Everyone said one after another, confident.

With that said, this group of people will lift the Tianhao Medicine King and send it to the upper level of the Dan Pagoda.

"Wait a minute."

At this moment, a sharp shout rang out, and a figure appeared, instantly stopping the few people who were going to lift Tianhao Medicine King.

Everyone hurriedly looked around, only to realize that it was a young man who made the shot.

"Dan Sheng, what are you doing?"

Ouyang Nana was taken aback, because it was Qin Chen who made the shot.

"This little friend, what are you doing? Now Tianhao Medicine King has a physical problem and must be treated as soon as possible. Where did you stop us from sending him to the deputy pavilion master, and why?"

Elder Wu Zhen frowned and said with dissatisfaction.

If it hadn't been for seeing that Qin Chen had come with Ouyang Nana before, if such a junior dared to do this, he would have slapped him to death.

When life was at stake, he was still in the wild here.

"You can't move this person. If you move, he will die, and your kindness will become a murderer."

Qin Chen said coldly.

"what?"

"What nonsense are you talking about?"

"Am I waiting to kill?"

"Presumptuous!" Fry the pan immediately around.

[Chapter 2280: Do you see it?](#)

A group of people fry the pot one after another. They kindly went to heal Tianhao Medicine King, but they were said to be killing people. How about not being angry?

Each one was so angry that he blew his beard and stared, and was extremely angry.

"Saint Ouyang, who on earth is this son, talking nonsense, don't let him go away?"

"Exactly, I am waiting to kindly help Tianhao Medicine King, this boy is a kid, I don't know how high the sky is, it's too much."

"Is this child better than us in the treatment? Ignorance!"

If it hadn't been for Qin Chen to have brought Ouyang Nana, they would have done it a long time ago. Even so, the anger in their hearts almost couldn't hold back.

A kid, where is the courage to dare to be so presumptuous in front of them?

"Dan Sheng, don't mess around, come back soon." Ouyang Nana said anxiously. This group of people is the mainstay of the Dange. Both the Ouyang family and the Xue family need to fight for it. Although they

have the least sense of existence in the Dange, they are dedicated and sincere, but it is this group of people. Dan Ge is so

A huge organization is actually an extremely huge force.

If Ouyang's family offends them, it will be hindered again in the Dan Pavilion.

"Everyone, Dan Sheng is the registered disciple of Ouyang Hongguang's ancestor outside. It is the first time to come to the Dan Pagoda. If you offend, please ask Master Haihan." Ouyang Nana hurriedly explained for Qin Chen, and reached out to Qin Chen. Pull away. "Miss Ouyang, let me go. The Tianhao Medicine King is indeed unable to move, and he will die if he moves. I didn't make any false statements, but I was surprised that a group of 9-rank alchemists did not even have the courage to admit their mistakes. Express views,

It's just fooling? A group of guys who rely on the old and sell the old! Qin Chen said coldly.

puff!

As soon as this statement came out, the whole audience was fried.

boom!

Some alchemy masters couldn't help it, and even had to take action.

We can't, you give your opinion... mean you are better than us?

It is the first time for a little Dan Dao boy to come to Dan Pagoda. Even if he is a disciple of Ouyang Hongguang, where does his confidence come from?

"Boy, dare to mess around, even if you are the disciple of Deputy Pavilion Master Ouyang, the old man will teach you a lesson today." An old man blew his beard and stared, and the strong will make a move.

boom!

The palm of his hand fell, and the mighty emperor swept across, and instantly fell on Qin Chen's shoulder, trying to teach Qin Chen a lesson.

"Wait!"

At this time, Elder Wu Zhen spoke and stopped him, his eyes gloomy, and stared at Qin Chen coldly: "Boy, don't blame me for not giving you a chance. What did you mean by what you said earlier?"

Qin Chen was too calm. In front of so many masters of medicine, he was not panicked at all, and he was extremely calm. It seemed that he was confident, making Elder Wu Zhen's heart moved.

He didn't believe that any kid would dare to mess around here. It would be okay if it was grandstanding, but if everything was true, if something happened to King Hao Yao, then they would die. "The meaning is very simple. The problem on Tianhao Medicine King's body is very special. I just saw a clue from outside before, but what is certain is that I must not move around now. Once he moves, Tianhao Medicine King will undoubtedly die, What is the specific situation

, I have to take a closer look. "

Qin Chen said frankly.

"What a big tone!"

Several old men went crazy with anger. Qin Chen obviously said that he had seen the signs of Tianhao Medicine King's illness. What a joke, they couldn't see the reason for so many Nine-Rank Medicine Kings on the court. What to see.

Isn't it a mess or something?

"Elder Wu Zhen, talk nonsense with him, this is just a clown who is sensational, and Deputy Pavilion Master Ouyang Hongguang actually accepted such a disciple. I think he is also dizzy."

"Deputy pavilion master Ouyang Hongguang is also a capable person, why did he accept such a disciple?"

"From the perspective of Ouyang's family, I think I'll have to wait and doubt it."

Ouyang Nana's face changed slightly, Qin Chen's words, but all at once offended everyone on the court. "Dan Sheng..." She just wanted to speak, but Qin Chen stopped her, and then stared at Elder Wu Zhen and said: "Elder Wu Zhen, saving people is important. There is no time to hesitate. I have to take a closer look, otherwise the time will pass. , I'm afraid that even the next will not return to the sky

Powerful! "

Qin Chen's eyes were clear and full of composure. Wu Zhen didn't expect Qin Chen to say this, his eyes narrowed, and the other party seemed to be really confident, but there were all voices of persuasion, Wu Zhen hesitated, and finally gritted his teeth and said: "You can go up and observe. , But if you look

If there is no problem, get back quickly, otherwise it will delay the time of Tianhao Yaowang's treatment, even if you are the disciple of the deputy pavilion master Ouyang, the old man will be severely punished.  
"

At the end, Wu Zhen had already warned.

Many pharmacists around him were anxious, Wu Zhen was too stupid, he was actually moved by this kid, if he delayed Tianhao Medicine King's treatment, what should he do.

But Elder Wu Zhen spoke up, and they couldn't forcefully stop it.

"Hmph, ignorant boy, ranting, we want to see what you have, if you are not a bad guy, I will apologize for your death!"

Master Gu Chuan reacted most strongly, flicking his sleeves, his expression unhappy.

Even his magical acupuncture points are not effective and cannot be cured. What kind of garlic do you young young man pretend to be?

You come to observe, do you understand?

"This guy....."

Ouyang Nana was anxious. This Dansheng was too troubled. Why did the ancestor accept such a disciple? It was too restless.

Ignoring everyone's anger and doubts, Qin Chen came to Tianhao Medicine King. Observing from a long distance before, Qin Chen had only a hint of guessing. Now that he got closer, he found that Tianhao Medicine King not only paled, his muscles were loose, and his skin was dry, but within a short period of time, the breath of life on his body became more and more. Weak, it seems

Will go out at any time.

Sure enough, the same as I guessed.

Qin Chen's eyes sank, if it is so, it will not be easy to treat.

"Have you seen anything?"

Seeing Qin Chen hesitating in place, Wu Zhen said in a deep voice.

He can naturally feel that the vitality of Tianhao Medicine King is getting weaker and weaker, and there is not much time to waste. Qin Chen said nothing, he immediately took Tianhao Medicine King to find the deputy pavilion master.

"I already know the crux of Tianhao Medicine King." Qin Chen said solemnly.

"What? Did you see it?"

Everyone was startled, and immediately revealed a suspicion.

How is this possible, what they can't see, can the boy in front of them see it? Could it be that their age and experience in this life have survived into the belly of a dog?

"Pretending to be!"

"I have to see what I see here."

Master Gu Zhuo and others were full of disdain. The pharmacist observes the patient, how he observes, where he observes, how he observes, he is very particular about how, the guy in front of him, he didn't even use any tricks, and he was so embarrassed to see the crux of the problem. Are they really fools?
