

Valkyrie 2281

[Chapter 2281: Life Gu](#)

"What is the problem with Tianhao Medicine King?" Although Elder Wu Zhen was extremely suspicious in his heart, he still asked subconsciously.

"Tianhao Medicine King is actually not sick." Qin Chen hesitated and said.

"What did you say?" Elder Wu Zhen was taken aback.

The other masters were also dumbfounded.

What did this kid say? Not sick?

After watching for a long time, he can see these things?

In an instant, the entire hall almost exploded.

Is Tianhao Medicine King sick, can't they tell? If there is no disease, how could Tianhao Medicine King lie here with a pale face, with weak vitality and even his life?

Is this kid playing with them?

"It's over, where did the ancestor find such a disciple, this time we will kill our Ouyang family."

Ouyang Nana was dizzy and almost passed out.

Brother, you don't need such tricks if you want to die.

By doing this, Dan Sheng had offended all the masters on the field.

Feeling depressed, Yin Fang bit her, ignoring Qin Chen's accusation, Ouyang Nana hurriedly said:

"Masters, don't worry, this son must have too little knowledge, so I can't see it. I'm going to call ancestors now and let them Come in person."

The plan now is to let the ancestors cure Tianhao Medicine King, and perhaps there is still a glimmer of hope, otherwise the reputation of their Ouyang family will be completely ruined by Qin Chen's troubles. It is hard to guarantee that these masters will not blame it. They are in Ouyang's home.

"No, we will personally take Tianhao Medicine King to the treatment, hum, your good disciple from the Ouyang family." Elder Wu Zhen snorted coldly, and looked at Qin Chen with cold eyes.

It now appears that Wu Zhen was played as a fool.

"Wait, Tianhao Medicine King can't move." Qin Chen shouted coldly.

"Boy, do you really think we dare not move you? Do you dare to stop it again. The old man will kill you now. The old man wants to see how the deputy pavilion master Ouyang troubles the old man."

Elder Wu Zhen was really angry. By this time, this kid was still stubborn and pretending to be a ghost.

"Tianhao Medicine King is indeed not sick, he has been caught by Gu worm." Qin Chen said solemnly.

"Gu worm?"

When this remark fell, Elder Wu Zhen's actions stopped, and he couldn't help but look.

Gu worms are a special kind of spirit worm. As a pharmacist, I naturally understand that there are many types of gu worms in the world. There are even some sentiment gu, and some control gu, which can be regarded as a vicious method. .

Once a person is parasitized by a gu worm, he will often become lethargic and even gradually be controlled by the gu worm.

However, ordinary Gu worms can only be effective against low-level warriors, and even the most extraordinary Gu worms can generally only be effective against Wuhuang strong people, and Tianhao Medicine King is the Ninth-Rank Medicine Emperor. What Gu worm can make him like this ?

What's more, Gu worms live in the host's body, relying on the nutrients in the host's body to survive. Normally, although they will swallow the host's energy, they will at most make the host feel tired and depressed. How can it be like Tianhao Medicine King?

, Made Tianhao Medicine King almost fall.

After all, once the host dies, the Gu worm will die if it loses its nourishing place.

"Monsters confuse the crowd."

Master Gu Zhuan and the others sneered, not believing Qin Chen's words. "I know you don't believe me, but I can prove it." Qin Chen said to the people: "Normal Gu worms really can't cause damage to the Wudi strong, but the gu worms in the medicine king of Tianhao are very special. Gu worm, called Life Gu, this gu worm is very weak at first, parasitic in the body of the warrior, it will absorb the strength of the warrior little by little, and even the martial emperor's master cannot detect it. Once it has grown to a certain level, Will begin to fully absorb the life in the human body

The power, in a short time, made people comatose. "

"And Tianhao Medicine King was caught by this kind of Gu worm, and that Gu worm should have grown to a mature stage, so he began to devour the life energy in Tianhao Medicine King's body with all his strength, and this led to the life breath of Tianhao Medicine King. Getting weaker."

"It's actually very simple to prove this. Whoever has a drug-testing rat, give me one." The drug-testing rat is a special blood animal used by pharmacists to test the performance and efficacy of elixir. , But the vitality is very tenacious, able to withstand the medicinal properties that ordinary warriors can't bear, so many alchemists will carry them with them.

Come to test the elixir and the newly-developed medicine.

"I have it here."

In an instant, several people took out the drug testing rats, including Wu Zhen and Ouyang Nana. As for the others, they didn't move, but sneered because they didn't believe Qin Chen's words.

What kind of life Gu, these medicine emperors had never heard of them before.

Qin Chen did not take Ouyang Nana's drug-testing rat, but took the drug-testing rat from Elder Wu Zhen's hand, and gently placed him on the chest of Tianhao Medicine King.

"Squeak!" The drug test rat was alive and kicking at first, but before moving a few times, its body became a little sluggish, and everyone saw that the life force on the drug test rat was actually slowing down. Elapsed, and entered the body of Tianhao Medicine King

Among.

"How is this going??"

Everyone was dumbfounded, and the scene before them was beyond their understanding.

Qin Chen immediately picked up the drug-testing mouse, and the drug-testing mouse gradually recovered some vitality, but compared to before, it was much wilted and depressed. Qin Chen said solemnly: "Life Gu can not only absorb the life force of the host, but also the breath of life near the host, but you are all martial emperor masters. Life Gu cannot absorb you through the Tianhao Medicine King. Rat's breath of life

It is not strong, so it will be absorbed by the opponent, and then become like Tianhao Medicine King, falling into a deep sleep, and his life disappears, and then fall. "The same was true of the previous life extension pills. Although they were taken by Tianhao Medicine King, the power of the medicine was actually absorbed by Life Gu, causing life Gu to mature faster and faster. This is also after taking life extension pills. Hao Yaowang's condition is not good

, But the reason for worsening. "

"Every time Life Gu grows, Tianhao Medicine King is one point closer to the fall." "This is why I don't let you move Tianhao Medicine King. Life Gu is very special and can feel the changes in the outside world. Once you move the Heavenly Hao Medicine King, and start the Life Gu, it will burst out in advance. By then

, Tianhao Medicine King would be killed instantly, and the gods would be hard to save. "

boom!

The audience was in an uproar and was completely shocked by Qin Chen.

At this time, everyone's doubts about Qin Chen have obviously disappeared, because everything that happened to the drug-testing rats before clearly shows that what Qin Chen said is very likely to be true.

Life Gu, there is such an evil thing unexpectedly.

"Your Excellency, please take action to treat Tianhao Medicine King." Seeing is believing, Wu Zhen completely believed Qin Chen and hurriedly arched his hands.

[Chapter 2282: It's a miracle](#)

"Your Excellency, please help me."

Many people said anxiously.

According to Qin Chen's statement, it has not been long since Tianhao Medicine King fell. If this continues, Tianhao Medicine King will undoubtedly die.

"Masters, don't worry." Qin Chen shook his head: "The appearance of Tianhao Medicine King now shows that this life Gu has reached the final stage of growth. It is difficult to solve it!"

Any action at this time will awaken Life Gu, leading to the fall of Tianhao Medicine King.

"Then what should I do?"

Everyone is anxious, Tianhao Medicine King is a good old man, and no one wants him to have an accident.

"If you want to save Tianhao Medicine King, you need to find the location of Life Gu, catch it, or kill it!"

Qin Chen did not answer, but explained: "Although Life Gu did not break out, it is alive. Once it encounters danger, it will break out in advance and escape, making it difficult to catch."

"Moreover, the means of hiding Life Gu is extremely high, and it is almost difficult to perceive it with mental power in the outside world."

If it were so easy to find, when so many masters were observing, they would have discovered this life gu instead of finding nothing. "Furthermore, it is best to kill the life Gu in the body of the Tianhao Medicine King, because the life Gu will release the original life force at the moment of death, so that the Tianhao Medicine King will not have much Loss, otherwise if life Gu is forced

Snatched from the body of Tianhao Medicine King, Tianhao Medicine King will still be unconscious or even fall into a coma because of the passing of his life. "

This is simply an unsolvable problem.

"Since your Excellency can see the problem of Tianhao Medicine King, there must be a solution, please do it!"

When Elder Wu Zhen was anxious, he actually saluted Qin Chen respectfully, like a younger generation paying respect to senior.

"Please help me please."

Others hurriedly saluted, even Master Gu Lian, who had been the most violent against Qin Chen before, looked respectful and almost didn't kneel down.

They had never even heard of this life Gu, I am afraid that even if they find a few deputy pavilion masters, there will be no good solutions, on the contrary, they don't know as much as the boy in front of them.

"You can rest assured, although it is difficult, it is not impossible," Qin Chen said.

"If you have any request, please mention it. As long as I can do it, I will never refuse."

Elder Wu Zhen said decisively, the others also nodded one after another without hesitation.

Seeing the sincere gazes of these people, Qin Chen felt a lot of emotion in his heart, and these people were indeed the pharmacists he knew well.

These alchemy masters have been communicating and researching in Danta all day long. Although there is no particular interest entanglement between them, the relationship between them has become so close.

For the safety of Tianhao Medicine King, they can even make huge sacrifices.

"Everyone, Xia is also a pharmacist. How can you take advantage of the danger and rest assured that there is no requirement for Xia, and Xia will do his best to cure Tianhao Medicine King."

When the voice fell, Qin Chen said to Lu Xun who was on the side: "Master, the Black Dragon Yin should still be on Your Excellency? Please take it out."

"I am here."

Lu Xun hurriedly took out a black elixir, which, like a black dragon, was misty and exuding an extremely cold breath. "In fact, this life Gu was introduced into the body of Tianhao Medicine King through the black dragon. The environment in which the black dragon induces growth is extremely cold and dark, and the original conditions of the life Gu are also the same, and the breath of the black dragon also nourishes life. poison

One of the top conditions of, I am afraid that Tianhao Medicine King was parasitized by Life Gu while he was attracted by this black dragon. "

Qin Chen explained.

Everyone sucked in air-conditioning, how could it be?

While explaining, a black gourd appeared in Qin Chen's hand, and when the gourd was beaten, two golden bugs with thunder light flew out.

It is the little ants and little fire.

"This is... Strange Spirit Worm?"

Everyone looked at Xiao Yi and Xiao Huo, and they were secretly startled. Although these two spirit worms did not look big, their breath made them feel palpitations.

It's no wonder that this person could actually see the life guts, and it turned out that he was raising strange spirit worms, and he knew these strange spirit worms naturally.

"Little ants, little fire, you two swallowed this black dragon lead, and when you entered this master's body, you found the life gu and swallowed it."

Qin Chen gave orders to Xiao Yi and Xiao Huo, and led the Black Dragon up.

If he wanted to destroy Life Gu, Qin Chen could naturally use a powerful technique to destroy it, but it also took a lot of effort.

But letting Little Ant and Little Huo take action is different. Life Gu itself is a special nutrient. If Little Ant and Little Huo swallow it, it will also be of great benefit to them, and it is not easy to cause accidents.

As for allowing them to devour the Black Dragon Yin, it is because the Black Dragon Yin is the favorite breath of Life Gu. After the little ants and the small fire swallow the Black Dragon Yin, they will have the breath of the Black Dragon Yin on them, which will not attract the doubt of Life Gu. Swallow it.

In addition, the black dragon attracts little ants and little fire.

Xiao Yi and Xiao Huo naturally understood Qin Chen's meaning, and after quickly swallowing Hei Long Yin, they shrank instantly and entered the skin of Tianhao Medicine King.

Everyone held their breath. In Qin Chen's soul perception, he felt that Little Ant and Little Huo quickly entered the depths of Tianhao Medicine King's body and found the place of the life Gu, and then the two insects quickly spoke out, and with a click, the sleeping life Gu bites in half

, Swallowed in.

Suddenly, a strong breath of life escaped from the body of the dead Life Gu.

Boom! The pure breath of life swept across Tianhao Medicine King's body suddenly. These life auras were all Tianhao Medicine King's own life aura, which was naturally quickly absorbed by him. The sequelae left by Life Gu, just As Baixue met the scorching sun

, Instantly disappeared.

Whoosh!

Little Ant and Little Huo were flew out, and Qin Chen instantly put them away, digesting them and falling asleep.

The hidden danger in the body was relieved, and Tianhao Medicine King's dry and sagging skin regained its elasticity and vitality, as if it was several decades younger in an instant.

"This....."

The people on the side were all stunned by the scene before them.

"Well!"

After a while, Tianhao Medicine King woke up faintly under the gaze of the crowd, seeing the many concerned gazes above his head, he said with some doubts: "What's wrong with everyone?"

In his feeling, he just slept for a while.

"Tianhao Medicine King, you finally woke up."

"Haha, it's amazing."

"A miracle, it's a miracle."

"Hey, where are Saint Ouyang and that kid? Why are they missing?"

"Really, where did you go? You were there just now, Tianhao Medicine King, you really have to thank that expert and Saint Ouyang."

"Go, let's go to the benefactor, the method just now is absolutely impossible!"

The crowd was in ecstasy. When they recovered, Qin Chen and Ouyang Nana had already left quietly, explaining to Tianhao Medicine King while anxiously searching.

Naturally, Qin Chen and Ouyang Nana didn't know all of this. They went all the way up and soon reached a few higher floors, and saw Ouyang Hongguang walking over quickly.

"Where did you two go? Go, follow me to the Temple of Heavenly Fire, and the application passed." Holding a token, Ouyang Hongguang cautiously led Qin Chen to the top of the Dan Pagoda.

[Chapter 2283: This one is](#)

Tianhuo Temple, located on the top of Dan Pagoda, is heavily guarded.

The guards at the lower levels of the Dan Tower are not very tight. As long as they are alchemists, they can walk around at will, but the higher the guard, the higher the guard.

Especially the highest floors are heavily guarded and blocked by the Danta Secret Treasures. Even if Qin Chen's cultivation is through the sky, it takes a lot of effort to break into it, but Ouyang Hongguang takes it naturally and unimpeded.

"Ancestor, is that the breath of the Heavenly Fire Palace?"

Halfway through, Ouyang Nana suddenly raised her head, because she felt a strong breath above her head, and she subconsciously expanded her mental power and probed towards the upper floor.

But her mental power was quickly blocked, and there were all formations in the Dan Pagoda, and even the mental power of a Ninth-Rank Alchemist could hardly penetrate the distance.

Even so, Ouyang Nana still felt that there was an incomparably terrifying power in the Dan PAGO above her head, which caused an inexplicable throbbing from the real fire in her body, as if she was praying towards the breath above her head. .

"Skyfire Palace..."

Qin Chen felt this power more clearly than Ouyang Nana, and his eyes showed emotion.

He was so familiar with this breath, it was the breath of countless terrifying flames in the Heavenly Fire Palace. And in these flames, Qin Chen also felt a unique aura. As soon as this aura passed out, the green lotus demon fire in Qin Chen's body jumped violently, as if there was something in this Heavenly Fire Palace. Caused Qinglian Demon Fire

The excitement is average.

"This breath... is it the flame in the legend of the Heavenly Fire Palace?"

Qin Chen's eyes shone sharply. "Nana, don't probe for too long, the Dan Pagoda is under the envelope of the heavens and the worlds. If you forcibly snoop, you will be caught by the heavens and the worlds,

and you will cause unnecessary trouble." Ouyang Hongguang felt Ouyang Nana's spiritual power spread out, open

Mouth reminder.

"Yes, ancestor."

Ouyang Nana hurriedly regained her mental power. The heavens and the world are the treasures of the Danta, and she can sense all fluctuations in the void. Naturally, she does not dare to be presumptuous in the Danta, but the expectations of the Heavenly Fire Palace are naturally even greater.

"Let's go."

Ouyang Hongguang led Qin Chen and Ouyang Nana on upwards. The closer they got, the throbbing in their bodies became stronger and stronger, and the Qinglian Demon Fire in Qin Chen's body became more and more excited.

"It can't be wrong. It's probably the only flame that can cause the Qinglian Demon Fire to fluctuate. It turns out that the legend in the Heavenly Fire Palace is true."

Qin Chen took a deep breath.

Rumor has it that there is an extremely sky-defying flame in the Temple of Heavenly Fire, which was put into it by the founder of the Temple of Heavenly Fire when Danta Temple of Heavenly Fire was established. It was the core of the Temple of Heavenly Fire.

Then along with the development of the Pill Pavilion, strange spirit fires continued to be sent into the Heavenly Fire Hall, and the Heavenly Fire Hall became more and more prosperous, but the legendary flame had never been seen.

In Qin Chen's previous life, he had entered the Temple of Heavenly Fire many times and was very familiar with the Temple of Heavenly Fire, but he never found the so-called legendary flame, but this time, the green lotus demon fire in his body actually throbbed.

Ordinary flames can never cause this situation.

A trace of excitement emerged in Qin Chen's heart, a flame that could excite Qinglian Demon Fire, what kind of flame would it be?

Qin Chen and his party quickly came to the floor where the Tianhuo Temple was located.

"Stop!" The guard at the door immediately walked up and saw that it was Master Ouyang Hongguang. He immediately bowed his hands and said: "It turned out to be the deputy chief of Ouyang, but this place is the main place of the Heavenly Fire Palace. The Lord should know the rules.

"

Ouyang Hongguang took out a warrant and said: "This is a warrant issued by Your Excellency Dan, my saint of Ouyang Family Ouyang Nana, if you want to feel the breath of the Heavenly Fire Palace, let a few let go."

"Yes!"

Seeing the warrant, many guards immediately gave way, and Ouyang Hongguang took a step forward, taking Ouyang Nana and Qin Chen into it.

"Wait, Deputy Pavilion Master Ouyang, who is this one?"

The guard leader frowned and looked at Qin Chen.

"This is the disciple Dansheng received by the old man, who wants to go in together." Ouyang Hongguang said solemnly.

"This... Deputy Pavilion Master Ouyang, this seems a bit unruly, right?"

Although Ouyang Hongguang has a warrant, it is only the leader of the saint Ouyang Nana. Ouyang Hongguang is the deputy pavilion master personally entering, but he also brought a person to enter, which made the guard leader suddenly embarrassed.

Ouyang Hongguang smiled slightly: "Xing Fei, have you joined my Dan Pavilion for some time, right?"

"Yes, it's been nearly two hundred years."

This guard leader does not seem to be old, but he is a top-level powerhouse, one of the oldest guards in Dan Pavilion, otherwise he would not guard such an important Heavenly Fire Palace. "Since you are also an old man, you naturally know how I Ouyang Hongguang is. This child is my disciple of Ouyang Hongguang. Although the rules of the Tianhuo Temple are strict, I am only waiting for the atmosphere of the Tianhuo Temple outside the Tianhuo Temple, and there is a warrant. , And enter

The Heavenly Fire Palace must have the token and key of the Lord Pavilion Master. Are you still afraid that I will destroy the Heavenly Fire Palace? "

Ouyang Hongguang said with a smile.

"This....."

Xing Fei hesitated, and finally said: "Please, three."

After all, Ouyang Hongguang is the deputy head of the Dan Pavilion. As he said, a few people just realized it outside the Tianhuo Hall. Without the key of the pavilion owner, even Ouyang Hongguang could not enter the Tianhuo Hall. What is there to worry about? .

He is just a warrior. It is also very necessary to survive in the Dan Pavilion and have a good relationship with some high-level leaders.

"Thank you very much, then."

Ouyang Hongguang smiled and arched his hands and walked into this floor. After Xing Fei verified the warrant, he opened the door behind him, and suddenly a scorching breath rushed out from behind the door.

"The time limit for one sentiment is one day. After one day, no matter what the sentiment is, the three must come out. You should all know these rules, Deputy Pavilion Master Ouyang."

When the voice fell, Xing Fei closed the door and isolated the three Qin Chen inside.

In front of the Qin Chen and the three of them, there was a magnificent black copper-like tall hall. Above the hall was carved dragon and painted buildings, engraved with countless formations, birds and beasts, which were powerful and domineering.

And right in front of Qin Chen and the others, there was a bronze gate. On the bronze gate, countless prohibitions and formation patterns were engraved, and the light flickered.

The scorching breath reverberated in this space, the flame element in the air was stronger than ever before, and the rules of the fire system lingered crazily.

Qin Chen and the others are not at the inside of the Heavenly Fire Hall, but just a barrier between the Heavenly Fire Hall and the outside world, but even here, the hot flame breath is enough to make the masters below Emperor Wu turn into coke for a moment.

"Nana, you can feel it right here." Ouyang Hongguang said to Ouyang Nana, and then said to Qin Chen: "You have also seen it. Although the Tianhuo Temple is in front, there is no pavilion master. key....."

Qin Chen waved his hand, walked to the bronze door of the Heavenly Fire Hall in the doubtful eyes of Ouyang Hongguang and Ouyang Nana, and slowly touched the door of the Heavenly Fire Hall with his right hand.

"Be careful!" Ouyang Hongguang immediately lost his voice and exclaimed.

[Chapter 2284: Finally appeared](#)

The Heavenly Fire Palace is heavily defensive. Above this copper gate, there are restrictions and formations. Once someone touches it without the key, it will inevitably be backlashed.

Now Qin Chen touched it rashly, isn't this looking for death?

But the next moment, Ouyang Hongguang's eyes widened, and the exclamation stopped abruptly.

There was a flash of light above the bronze gate. After Qin Chen touched it with his right hand, the gate of the Heavenly Fire Palace did not respond at all, but a faint halo was still flowing, and that halo slowly enveloped Qin Chen.

How is this possible? Ouyang Hongguang's eyes are almost bursting, even if he dares to touch the gate of the Heavenly Fire Hall in his capacity as the deputy pavilion of the Pill Pavilion, he will be blown away. Rumor has it that the ban on the Heavenly Fire Hall is so strong that he will die if he does not reach the Holy Realm. , How could Qin Chen never behave?

hurt.

"Skyfire Hall, old friend, I am finally back."

Qin Chen touched the familiar feeling at the gate of the Heavenly Fire Hall with his right hand, and was filled with emotion.

Then, he squeezed the tactics with both hands, and quickly touched several key points on the door, buzzing, and suddenly, the door of the Heavenly Fire Palace burst with colorful rays, as if activated.

"Ancestor, what is Dansheng doing?"

Ouyang Nana was already dumbfounded, and her face was stunned.

Didn't it mean to feel the aura of the Heavenly Fire Palace? This Dansheng touched the Heavenly Fire Palace, and was not attacked by a large array.

What shocked Ouyang Nana even more was that when the ancestor saw Dan Sheng's actions, apart from some worry, there was no objection or surprise, as if he had known that the other party had another purpose.

What's going on. At this time, Ouyang Hongguang was completely out of the mood to answer Ouyang Nana. He stared blankly at the light blooming on the Heavenly Fire Hall, a horrible aura lingered, and the door of the Heavenly Fire Hall in front of Qin Chen made a creak. sound,

Slowly opened.

Damn it.

How did Qin Chen do this?

Even if he was mentally prepared for Qin Chen's strength, Ouyang Hongguang was dumbfounded and almost mad.

The Heavenly Fire Palace is one of the most central places in the Dan Pagoda. Unless the pavilion master comes in person, or has the key to the pavilion master, even if he is the deputy pavilion master or even the many elders of the Dan pavilion, there is no Ways to enter it.

But Qin Chen opened the gate of the Heavenly Fire Palace at will, isn't it that the disciple of Pochen Wuhuang is so awesome?

What Qin Chen did completely subverted Ouyang Hongguang's understanding.

"You are waiting outside the door."

Qin Chen said lightly, and then stepped into the Heavenly Fire Palace, with a bang, the door closed, leaving only the dumbfounded Ouyang Hongguang and Ouyang Nana.

"Ancestor, are we in trouble?" Ouyang Nana was dumbfounded, and for a long time, she said in a daze. She knew very well that Tianhuo Palace was a taboo place in the Pill Pavilion. Even the ancestors are not qualified to let people in, but now the ancestors But brought people in. Once the news spreads, the ancestor deputy pavilion master

His identity will definitely be stripped, and the entire Ouyang family will be in desperation.

"We waited patiently, he... Since he chose to do this, he must have deep meaning!"

Ouyang Hongguang knew that things had reached this point, and he could play no matter how. He could only pray that the movement here would not be discovered, or that Qin Chen had his own confidence in doing so.

Apart from that, Ouyang Hongguang couldn't do anything else.

"he?"

Ouyang Nana looked at the ancestor suspiciously, her eyes revealed deep thoughts, she faintly felt that the relationship between Dansheng and ancestors did not seem to be like the relationship between named disciples that the ancestors said. Her heart beats, and her heart beats faster for some reason. .

Wow!

As soon as he entered the Temple of Heavenly Fire, a scorching heat suddenly spread over the surface.

The Heavenly Fire Hall seemed small, occupying only a certain level at the top of the Dan Pagoda, but as soon as he entered, what appeared in front of Qin Chen's eyes was a vast space like a starry sky. In this hall, there were ninety nine Eighty-one stone pillars reaching the sky.

These stone pillars have different lengths, and there is a ray of flame on each stone pillar. On the torso of the stone pillars, various runes are engraved. These runes bloom with unique light, enveloping each stone pillar, causing each stone pillar to be an independent individual, and a stream of terrifying energy comes from here. Surging under the stone pillar,

The bottom of these stone pillars leads to the endless underground, which absorbs geothermal heat and supports the growth of flames on the stone pillars.

In addition, there are countless flames floating in this void, blossoming, like stars in the sky, countless.

Those who can enter this Heavenly Fire Hall, the lowest level is also the blood spirit fire of Tier Nine, and flames below Tier Nine are not qualified to enter the Heavenly Fire Hall.

And the flames on the ninety-nine and eighty-one stone pillars were also earth fire at the lowest level.

Each one is among the top 100 in the Earth Fire List.

It can be said that the most terrifying flames on the mainland are gathered here, and countless pharmacists in the mainland have gathered from all over, and after countless thousands of years of replacement, it has gradually formed such a huge scale of the Heavenly Fire Palace.

"Old friends, I'm back again."

Qin Chen looked at the many flames between the sky and the earth and muttered. There were many flames here that he had felt in his previous life, and even a small part of the flames here came from his previous life.

With the fall of Qin Chen's voice.

boom!

The flames on the ninety-nine and eighty-one stone pillars jumped frantically, burning fiercely, cheering, as if cheering for Qin Chen's return.

"I finally saw you again, old friends, don't you give Ben a little less meeting ceremony?" Qin Chen smiled.

He just finished speaking.

Hum!

Countless flames burned crazily, and immediately the power of flames lingered one after another, and hundreds of flame powers gathered together and rushed toward Qin Chen.

Hum!

Qin Chen's body trembled suddenly, and then, Qinglian Demon Fire rose up from his body, wrapped him, burning and jumping, and the power of the hundreds of flames was immediately swallowed by Qinglian Demon Fire.

Qin Chen's body, like a black hole, greedily swallowed the power emanating from these hundreds of flames.

"Nine Ghosts!"

"Unintentional Underworld Fire!"

"Lotus flame in the center of the earth!"

...

The strength of the flames is expanding Qin Chen's body and the strength of Qinglian Demon Fire.

But at this moment.

Hum!

In the void, a horrible aura permeated, and over the endless stone pillar, it seemed that an unprecedented horrible power rose up. As soon as this power appeared, the Qinglian demon fire jumped violently. The place was originally empty and void, but at this moment, it seemed to be transformed into a cosmic star, and the void was actually burning, and a breath of ice and cold permeated out, actually excluding the Qinglian demon fire on the field. All flames

Suppressed.

boom!

Vigorously trembling in the Heavenly Fire Palace.

"Huh?" Qin Chen raised his head and smiled at the corner of his mouth: "Have you finally appeared?"

[Chapter 2285: How to fight me](#)

In the void, the terrifying flame power madly dissipated, suppressing the flames of the entire Heavenly Fire Hall.

This incomparable horror made Qin Chen also feel the slightest horror. In the endless void of the Fire Palace that day, a pair of invisible eyes appeared, staring at Qin Chen below.

"Is this the mysterious flame in the Heavenly Fire Palace?"

Qin Chen murmured, this breath, incomparably terrifying, was actually on par with Qinglian Demon Fire, and it was definitely a flame that surpassed the 9th-order emperor rank.

Moreover, this flame seemed to have brewed a certain amount of wisdom, Qin Chen could feel that the other party was staring at him, staring at him and the Qinglian demon fire below in the endless void.

"It's no wonder that in my previous life, I stayed here for so long, and I couldn't perceive the existence of this flame. It surpassed the emperor-level flame. No matter what level it is, I can't feel it with my heart."

But in this life, this mysterious flame appeared, as if because of the Qinglian Demon Fire, it emerged, exuding a powerful aura.

It was like a fierce tiger, sleeping in the mountains and forests. No matter what flames were added to the Temple of Heavenly Fire, there was no movement at all, because the tiger was the king of beasts, and the rest of the flames were nothing in its eyes.

But the appearance of Qinglian Demon Fire was like a lion breaking into a tiger's territory, and both felt the terror of each other.

boom!

This flame burns wildly and the void is distorted. This talent has grown into blossoming icy flame flowers. These flame flowers are so cold that the void is frozen here. Under this force, the countless flames in the Heavenly Fire Palace trembled in fear, as if a courtier met the emperor, including the ground fire on the ninety-nine and eighty-one stone pillars. The burning flames were all bent, like

Surrender right

square.

Only one flame did not surrender.

That is Qinglian Demon Fire!

Hum!

The green lotus demon fire burned, and suddenly diffused out of Qin Chen's body, turning into a azure blue lotus, burning frantically, bursting out terrifying power, this was to show the other party his power.

boom!

The flame in the void felt the state of the Qinglian Demon Fire, and suddenly became furious, like an enraged tiger, a force of cold flame swept over.

And Qinglian Demon Fire did not give in, and under the burning, it released a terrifying power, and violently collided with it.

Boom! The force of the two flames collided, and the entire Heavenly Fire Hall was rolled up with a shocking wave of flames. Under the dazzling brilliant bloom, the Heavenly Fire Hall was flooded with endless flames. It swallowed every inch of the Heavenly Fire Hall's space at once, and Qin Chen also

Wrapped in its

in.

"It's cold, but with the flame power of the void, what kind of flame is this?"

Qin Chen felt the power of the flames in the void, and it was difficult to support it with his cultivation base, and the surface of his body began to feel severe pain, which was burned crazily.

Fortunately, he is here. If he is here, he will be replaced by an ordinary peak martial emperor-level alchemist. He will surely be engulfed by this force and disappear in an instant.

"Hahaha, Qinglian Demon Fire, this mysterious guy seems to want to try our power, come and play with it."

Qin Chen laughed, urging the Indestructible Eucharist, a ray of light flashed above his body, rising into the sky. He could feel the arrogance of the flame in the void, like the king of flames, overwhelming the world, Qin Chen knew that if he wanted to deal with and conquer such flames, it would be useless to rely on simple refining, unless he defeated it first. Otherwise, it will never be possible

Surrender.

Whoosh!

Qin Chen appeared above the Heavenly Fire Palace and slapped it severely.

Hum! Under Qin Chen's space rules, this void instantly solidified. All power was confined in this space, unable to move. Under Qin Chen's methods, any ground fire would be easily suppressed and difficult to move, but this Flame, but extremely

It was terrible. Under a palm, the void flashed, and the flame disappeared in Qin Chen's perception and disappeared from the void.

what?

Qin Chen was shocked, this flame was such a magical method that he could escape the solidification of his space at once. It should be understood that Qin Chen's space rules are so strong that even the Qinglian demon fire may not be able to avoid it.

This fire must have spatial attributes.

A flame with spatial attributes? What kind of flame is this?

But Qin Chen didn't have much time to be shocked, because a cold behind him, a terrifying flame power suddenly appeared behind him and rushed into his body.

boom!

The flame power erupted, and the void in Qin Chen's body was burning inexplicably, instantly becoming a fire man.

Moreover, his body was clearly burning, but it was full of cold. The true essence in his body was quickly frozen, not only the true essence, but also the spiritual power, and even the power of the soul, was gradually being frozen, full of stagnation. sense.

This flame has the power of freezing everything.

"Good job."

Under the shock, Qin Chen was not angry but rejoiced, the power in his body exploded frantically, and the Nine-Star Divine Emperor Art was operating. Suddenly, a terrifying force in his body was rapidly recovering.

Crackling!

And in Qin Chen's body, a terrifying thunder light appeared, which was the power of his blood.

At this life-threatening juncture, Qin Chen did not seek Lao Yuan's help, because he knew that only by relying on his own strength could he truly conquer this mysterious flame and obtain the other's recognition.

And when Qin Chen confronted this mysterious flame...

Whoosh whoosh!

In the Danta, a group of figures appeared.

The leader was Xue Zigui, the pill sacred son who had been shaken back by Qin Chen, and in front of him, there were several powerful men with extraordinary status, all of them bursting with horror.

If Ouyang Hongguang is here at this moment, it can be seen at a glance that these people are just a group of powerful people headed by the deputy chief of Xue Jiawenchang.

"Ancestor, you have finally come. The disciple has been searching for a long time, but I still couldn't find where Ouyang Nana and the kid were. However, the disciple's eyeliner has been staring at the entrance of Danta. It is certain that there is no one from Ouyang's family. Leave Danta."

Xue Zigui respectfully said to the deputy pavilion master Wenchang, his eyes gloomy.

Qin Chen made him lose such a big face, how could he not get back to the court? Anyway, the Xue family and Ouyang family were in a state of confrontation, no matter how he did it, he couldn't be overstated.

"Well, trash, you can't find it yourself, can't you use other methods? Why did my Xue family recommend you such a trash to become a holy son?" Deputy Pavilion Master Wenchang glanced at Xue Zigui dissatisfiedly, and said coldly "I have already inquired that Ouyang Hongguang had just applied for an enlightenment order from the Heavenly Fire Hall in Danta, and he also brought Ouyang Nana on this trip. Unsurprisingly, a few of them

Currently in the Heavenly Fire Palace. "

"Tianhuo Temple?" Xue Zigui stunned: "But the kid next to Ouyang Nana is not qualified to enter the Tianhuo Temple and feel it?" "Say you are trash, you are really trash. Isn't that just right, now the three of them are gone. If the kid is also in the Temple of Heavenly Fire, he has violated the rules of the Danta, Ouyang Hongguang, Ouyang Hongguang, I see this time

Why do you fight with me, go, go to the Heavenly Fire Palace. "The deputy pavilion master Wenchang shook his body, and a group of people rushed towards the place of the Tianhuo Temple, aggressively and grim in their eyes.

[Chapter 2286: Non-compliance](#)

Wenchang's deputy pavilion master and others were so aggressive that they soon came outside the Tianhuo Palace.

"Someone, stop for me."

Seeing the mighty group of people approaching, the guards changed their expressions and hurriedly stopped them: "This place is the place of the Heavenly Fire Hall, and the idlers are not allowed to come close."

"Blind your dog eyes and see who the old man is."

An old and indifferent voice sounded, and the deputy pavilion master Wenchang walked out from the crowd, with a cold expression in his eyes.

"Wenchang Deputy Pavilion Master."

Many guards were taken aback and hurriedly saluted respectfully.

"Hmph, open the outer door of the Heavenly Fire Hall and let me wait in." Wenchang Deputy Pavilion Master coldly snorted.

Xing Fei's heart tightened, and a cold sweat suddenly broke out behind his back. Before he violated the rules and let the deputy pavilion master Ouyang Hongguang enter the Tianhuo Temple, he was always worried, fearing that something would happen, but he did not expect that the deputy pavilion master Wenchang would bring someone over. If the deputy pavilion master Wenchang found out the situation inside, he

I have to be unlucky.

"Vice Pavilion Master Wenchang, with so many of you, is this not in line with the rules?"

Xing Fei said in a deep voice: "If you want to enter the Heavenly Fire Palace, you must..."

"Xing Fei, in front of the old man, don't be sloppy. If the old man is right, the old fellow Ouyang Hongguang is inside? If he can get in, why can't the old man get in?" Wenchang deputy patron faintly said: "Open the Tianhuo Temple, otherwise, you should also know that Xue Zigui, my Xue family, is also eligible to enter the Tianhuo Temple, and it will only take a moment to apply for a sentimental order. You shouldn't want to make the old man trouble again.

Right? "

"If that's the case, everyone's face will not look good."

The words of the Deputy Pavilion Master Wenchang fell in Xing Fei's ears, and Xing Fei's heart suddenly sank. He also knew that what the Deputy Pavilion Master Wenchang said was the truth.

"This....."

"Why, your Excellency is still hesitating. If you wait for the old man to apply for the sentimental order, and the Lord Pavilion is alarmed, I am afraid it will not be so easy to talk." Deputy Pavilion Master

Wenchang looked cold. "Besides, is there a young man who followed Ouyang Hongguang before? This son acted on my Xue family Shengzi in Danta before, and violated the Danta Law. He is under investigation by the Law Enforcement Hall. The old man now suspects that this son may be something else. The evil sent by the forces

Fine, do you still have to protect the other party, can you afford this responsibility? "

"Or, let the old man invite the elder of the law enforcement hall?"

"what?"

The expressions of Xing Fei and others changed, cold sweat broke out from behind, and many of the guards who followed Xing Fei were panicked, and their legs softened and almost didn't kneel down.

The young man next to Ouyang Hongguang's deputy pavilion master turned out to be the spy of another force?

How is this possible?

But they didn't dare to gamble, because this young man, they had never seen it before, and Ouyang Hongguang's previous behavior was too abnormal.

"Trouble."

Xing Fei's face turned pale. If things were confirmed, they would not be the consequence of their dismissal. It is not impossible to be imprisoned in a prison.

"Boss."

The rest of the guards all looked at Xing Fei pale.

"Deputy Pavilion Master Wenchang, please come with me." Xing Fei didn't dare to stop him, and hurriedly opened the outer door of the Tianhuo Temple.

A group of people looked into the gate one after another.

"Ok?"

Ouyang Nana, who was feeling the power of flame outside the Temple of Heavenly Fire, was startled and turned her head hurriedly. After Ouyang Hongguang heard the sound of the door opening, her face suddenly changed. At this time, someone was going to enter the Temple of Heavenly Fire?

He turned his head hurriedly and saw a group of people already standing at the door, the leader turned out to be the deputy pavilion master Wenchang.

"not good!"

Ouyang Hongguang burst into cold sweat all over, but in this flame-rich space, his robe was instantly soaked.

"It's over."

His heart sank completely, and he was discovered.

Sure enough, after seeing Ouyang Hongguang and Ouyang Nana alone on the court, Xing Fei's face suddenly changed.

His voice trembled, "Vice-Guardian Ouyang Hongguang, where was the young man just now..."

"Xing Fei, did you make a mistake? What young people? There are only two of us here." Ouyang Hongguang said with a smile.

Although he was anxious in his heart, since it had happened, he could only hold on.

Xue Zigui kept searching the field with his eyes, but found that there was no trace of Qin Chen at all, frowned and said: "Ancestor, that kid is not here."

"impossible!"

The deputy head of Wenchang Pavilion's eyes sank. Xing Fei's performance has confirmed his guess. The young man was definitely taken to this Heavenly Fire Palace before. How could it not be here? There must be weird.

Whoosh!

The deputy pavilion master Wenchang led everyone into the Heavenly Fire Hall and said coldly: "Ouyang Hongguang, where did you hide people?"

"Vice Pavilion Master Wenchang, what do you mean by this, I don't understand."

"Don't pretend, Ouyang Hongguang, I didn't think your fame was ruined here, thinking that it would be okay to hide people? Haha, there is only such a small place here, the old man doesn't believe where he can hide."

boom!

A terrifying coercion suddenly broke out in the body of Deputy Pavilion Master Wenchang, and the spirit power swept out like an ocean, quickly searching every inch of void here.

But after a while, his face changed, because he didn't even find anyone hiding in the void.

Huh, how is this possible? In addition to using space to hide people, Deputy Pavilion Master Wenchang couldn't think of any other way for Ouyang Hongguang to hide people. The flames in the Heavenly Fire Hall were extremely rich and the void was extremely stable. It was not easy to hide people at all. under

Can sweep it out, but he didn't find anyone out.

"Vice Pavilion Master Wenchang, what are you doing? Bringing so many people to the Temple of Heavenly Fire is not here to show off its prestige, right? The Temple of Heavenly Fire is strict, and it is too much for you to bring so many people in." Ouyang Hongguang Leng Cold road.

"My Lord Pavilion, there is indeed no one here."

The other masters brought by Wenchang's deputy pavilion also came forward one after another.

"Am I being tricked?"

Wenchang Deputy Pavilion Master was frightened.

Suddenly, Tianfeng Medicine Emperor exclaimed from the side: "My Lord Deputy Pavilion Master, the inner door of Tianhuo Palace seems to have been moved this time."

what? At this moment, everyone's eyes were attracted. Looking at the inner door, there was a terrifying aura exuding from the huge bronze door. It was exactly the same as before, but for top alchemists like Wenchang, one glance It can be seen that this copper

The prohibition on the door seems to have been activated not long ago.

Could it be that the young man entered the inside of the Heavenly Fire Palace?

"Ouyang Hongguang, you are so courageous. I didn't expect that you not only brought people into the Heavenly Fire Hall, but also stole the Lord Lord's key and let people break into the Heavenly Fire Hall. Hahaha, this is the Heavenly King Lao Tzu. I can't save you anymore." Wenchang Deputy Pavilion advocated laughing wildly, his body trembling with excitement.

[Chapter 2287: See how you explain](#)

After discovering that the Tianhuo Temple had been opened, the first thing that Wenchang Deputy Pavilion Master showed up was not anger, but ecstasy.

Ouyang Hongguang, Ouyang Hongguang, your shrewd life, after all, fell into the hands of the old man. "If you come, immediately notify the Hall of Enforcement and report to the elders... Ouyang Hongguang opened the Tianhuo Temple privately and led people into the Tianhuo Temple. Now the old man suspects that Ouyang Hongguang privately connected foreign warriors in order to steal the flames in my Danta Tianhuo Temple. , Sin is not

May be pardoned, and immediately notify the elders. "

"Yes!"

As soon as the voice fell, a group of people were ecstatic, rushing out of the Heavenly Fire Palace frantically, and quickly notified them.

And Ouyang Hongguang led the rest to Ouyang Hongguang, waved his hand, and said coldly: "Take Ouyang Hongguang and Ouyang Nana."

"Yes!" Tianfeng Medicine Emperor and others all showed hideous faces. A group of people immediately pounced on Ouyang Hongguang, and Xue Zigui pounced on Ouyang Nana even more coldly, his eyes flashed with a hideous color, as long as Ouyang Nana Deprived of the qualifications of a saint, the entire Dan Pavilion

Among them, isn't his Xue family dominating?

Seeing the people approaching quickly, Ouyang Hongguang sighed in his heart. He knew that the matter had been exposed, but it was naturally impossible for him to catch him with his hands. With a cold snort, a terrifying force swept out of his body.

boom! boom! boom!

A tsunami-like force of terror rushed out, blasting Tianfeng Yaodi and the others out in an instant, and fell embarrassed one by one behind the deputy master Wenchang, his face pale.

The deputy pavilion master Wenchang squinted his eyes and said coldly: "Ouyang Hongguang, you dare to resist, do you want the old man to take you personally?"

Ouyang Hongguang coldly snorted: "Vice-Guardian Wenchang, don't spit people. If you want to frame me and lead someone to steal the flames of the Heavenly Fire Palace, you have to have evidence. If you just want to take the old man, you are anxious? "

Up to now, Ouyang Hongguang can only fight for reasons and delay time. Although he didn't know why Shao Chen wanted to come to the Heavenly Fire Palace so much, the other party's confident gaze still deeply infected Ouyang Hongguang, and Qin Chen easily opened the Heavenly Fire Palace before, which made Ouyang Hongguang's heart. And the last touch

hope.

But Ouyang Nana on the side was already desperate. She didn't know as much as Ouyang Hongguang. She only knew that things had been revealed, and her expression was ashamed.

"At this time, I am still stubborn. When the Lord Pavilion comes to me, the old man will see how you explain..." Deputy Pavilion Master Wenchang is not in a hurry. He is now sure that Ouyang Hongguang led someone into the sky fire. Temple, since the other party wants to be a trapped beast, he doesn't care, as long as the master of the pavilion finds that he has lost the key to open the Tianhuo Temple, Ouyang

Naturally, the family cannot escape death.

In the mind of the deputy pavilion master Wenchang, Ouyang Hongguang must have stolen the key of the pavilion master to bring people into the Heavenly Fire Palace.

At this time, the news that Ouyang Hongguang brought outsiders into the Temple of Heavenly Fire had already been disseminated by the Xue family, and instantly spread among the Dan Pagoda.

Boom!

One stone stirred up a thousand waves.

The whole Danta was boiling over. The first reaction of the alchemists who received the news was not to believe, the second reaction was shock, and the third reaction was anger.

Ouyang Hongguang actually brought outsiders into the Temple of Heavenly Fire, is it true? unacceptable. The Heavenly Fire Palace is one of the core places of the Dan Pagoda. Even some elders are not qualified to enter it. It is the core asset of the Dan pavilion. Under normal circumstances, if you want to enter it, you must get the pavilion master's Approval

.

And now Ouyang Hongguang actually brought an outsider into it. If the news is true, then Ouyang Hongguang has really committed the taboo of Dan Pavilion.

But there are also many people who know Ouyang Hongguang's personality and think that he will not do anything to betray Dan Ge.

In the trading floor, the Tianhao Medicine King and others who had been looking for Qin Chen to find nothing before were all stunned after receiving the news.

Elder Wu Zhen and the others saw Ouyang Nana taking a young man to rescue the Tianhao Medicine King. Who knew that after saving the Tianhao Medicine King, they left silently. Everyone was looking for this person everywhere, and they got it. Such a news.

Could it be that the young man led by Ouyang Hongguang's deputy pavilion is the same kid just now?

But although Qin Chen was a bit arrogant and strong, he did not hesitate to treat Tianhao Medicine King before, and did not even ask for any benefits. After the treatment was over, he silently left.

If this person was really the guy who was going to steal the flames of the Heavenly Fire Palace, how could he have extra branches and kindly rescue the Heavenly Hao Medicine King?

There must be some reason for this.

"Go, go over and take a look."

Elder Wu Zhen said solemnly.

In an instant, a group of alchemy masters set off one after another and quickly rushed to the Heavenly Fire Hall.

At this moment in a restaurant outside the Dan Tower.

Two top Dange masters, Situ Xingzhou and Jijing Dandi, were sitting in a box, drinking wine with each other.

"Brother Jijing, you and I have not communicated for many years, right? Since the Lord of the Pavilion hasn't done anything, it has been a long time since the two of you and I have a good drink like today." Situ Xingzhou's face was drinking. Slightly red, said with emotion. He is the Supreme Envoy of the Dan Pavilion, the Supreme Elder, and Emperor Jijing Dan is also the Supreme Elder of the Dan Pavilion. The relationship between the two was good before, but then the mainland was chaotic, and the Lord Mo Yuanbai didn't care. People's minds are weakened, and they are hidden

I basically ignore Dange affairs.

Today, the affairs of the Dan Pavilion are basically in the hands of Ouyang Hongguang, the deputy head of Wenchang, and Emperor Yinyue Dan, who are in charge of all aspects of the Dan Pavilion. "Who said no, if it were not for the dust, I am afraid that you and I would not have a bar together like today." Pill Emperor Pill sighed: "I also went to the Thunder Sea to know the situation on the mainland. It turned out to be like this, floating

Miao Gong became the number one in the mainland. Actually, I have no opinion. There are talented people from generation to generation. If Shangguan Xi'er has the ability, how can he be in charge of the martial arts? As a pharmacist, I will not run out of food. "But she is damned for colluding with the alien race." "The red eyes of Emperor Pill of the Mirror burst into cold light: "As a citizen of the Tianwu

Continent, how can we let the mainland be in danger and be occupied by a foreign race?" At that time, I will be under Jiuquan after the deadline,

How to face the ancestors. "

Situ Xingzhou's eyes were also extremely cold: "I didn't expect that Misty Palace would do such a thing, especially in my Dan Pavilion, there is such a traitor."

Situ Xingzhou squeezed his fists and said with a cold voice.

After experiencing these things, they also roughly guessed that Wenchang's deputy pavilion may have become a running dog of Misty Palace. It was enough to be the deputy chief of Wenchang, but "that one" was also on the side of the deputy chief of Wenchang, making them extremely angry.

[Chapter 2288: Bad event](#)

"Now Shao Chen should have entered the Heavenly Fire Hall. I don't know why he has to make such a decision. As you and I, if you directly meet the Lord Pavilion Master, plus Shao Chen and Deputy Pavilion Master Ouyang, say The probability of moving the Lord is still not

Little, after all, you and I have a good relationship with the Lord Pavilion, but Xiaochen has to go to the Tianhuo Temple. If there is an accident in that place, it will fall short, making the Lord Pavilion completely believe in Wenchang and the others. "

Pill Emperor Ji Jing shook his head, extremely do not understand Qin Chen's intention.

"Yeah, what is the place of Tianhuo Temple? The place that Lord Pavilion values most, if something happens, even if you and I show up, I am afraid it will be useless." Situ Xingzhou also sighed, always feeling flustered. .

The two of them couldn't stop Qin Chen. In addition, they came to the restaurant outside the Dan Pagoda and started drinking. They were actually waiting for news.

"Old ancestor, it's not good, the big thing is not good."

Just when the two were drinking on their heads, a panic sounded from outside the box, followed by a bang, the boxes were opened, and Situ Zhen rushed in from the door. Situ Xingzhou and Emperor Jijing Dan were immediately shocked. After seeing Situ Zhen's panicked expression, one heart sank instantly, the flushed face that had been drunk instantly returned to normal, and the alcohol was immediately forced out. Body, solemnly said: "To

What happened at the end? "

The two of them were faintly disturbed, praying not to have an accident in the Heavenly Fire Palace. "The ancestor, Lord Pill Emperor Pill, the deputy pavilion master Wenchang got the news from nowhere, and blocked Ouyang Hongguang and Ouyang Nana in the Heavenly Fire Hall. Now the news has spread through the Danta, the Heavenly Fire Hall. People are everywhere now, I'm afraid

The Lord Pavilion will also hear the news soon. "

what?

Cang Dang!

The wine glasses in the hands of Situ Xingzhou and Emperor Jijing Dan instantly fell to the ground, smashing to pieces.

What are you really afraid of? How could this happen?

"Where is less dust?" Pill Emperor Pill Mirror said anxiously.

"Wen Chang and others did not find Shao Chen outside the Tianhuo Temple, but they found that the gate of the Tianhuo Temple had been opened. Now they suspect that Shao Chen is inside the Tianhuo Temple, and they have notified the Elders and the Law Enforcement Hall." Situ Zhen looked uneasy.

"how come....."

"impossible!"

The two of them were completely confused.

"Are you sure the news is true? The key to the Hall of Heavenly Fire is in the hands of Lord Pavilion. Shao Chen doesn't have the key. How can I enter the Hall of Heavenly Fire?"

Emperor Jijing Dan and Situ Xingzhou looked in disbelief. The Tianhuo Temple is strictly restricted. If they don't have the key, even the two of them will not be able to break the restriction and enter the Tianhuo Temple. How did Chen Shao get in?

"The news is true. As for how Young Chen got in, I don't know, ancestor, what should we do now?" Situ really panicked.

"What else can I do, go to the Heavenly Fire Hall first."

The two voices fell, they had already rushed out of the restaurant, and hurried to Danta not far away.

In the Heavenly Fire Hall.

At this moment, the water that has been surrounded by countless master alchemists is impenetrable.

Surrounded by everyone, Ouyang Hongguang was a little disturbed, but he was the deputy chief of Dan Pavilion at any rate, and no one dared to do anything to him.

But watching more and more powerful men arrive, his heart gradually sinks.

"Keep away."

A cold shout sounded, and then, a strong man wearing a silver alchemist robe fell in the Heavenly Fire Hall with gloomy eyes.

"It's Lord Yinyue Dan."

The crowd was agitated.

Emperor Yinyue Dan was another deputy pavilion master of the Dan Pavilion, with a noble status, but his arrival today didn't make any waves.

Compared with Ouyang Hongguang and Wenchang's deputy pavilion masters, Emperor Yinyue Dan has always been extremely fair in the Dan Pavilion, but he does not have a deep background, which also leads to a low sense of existence of Emperor Yinyue Dan.

"Wenchang, Ouyang Hongguang, what the **** are you two doing?"

He was angry. As the deputy chief of the Dan Pavilion, Emperor Yinyue Dan was neither close to the Ouyang family nor to the deputy chief of Wenchang. He focused on managing the affairs of the Dan Pavilion. But recently, the two major forces between the Ouyang family and the Xue family The conflict has seriously affected

Dan Ge's affairs are over.

Unexpectedly, today these two major forces actually doubled their toss and made trouble in the Palace of Heavenly Fire.

This makes him not angry.

"Emperor Yinyue Pill, there is nothing for you here today. Ouyang Hongguang takes outsiders into the Heavenly Fire Hall. If you are still the deputy master of the Pill Pavilion, then you must stand on the side of the old man today." The deputy master Wenchang has the winning ticket. Said proudly.

"what?"

Before Yinyue Pill Emperor arrived, he also heard some rumors, but couldn't believe it was true, and could only look at Ouyang Hongguang.

However, Ouyang Hongguang didn't say a word, because he knew that it would be useless to say anything at this time, and the Deputy Pavilion Master Wenchang would definitely not give up, and the matter would never end easily.

"Ouyang Hongguang, you..."

Emperor Yinyue's heart sank, sorrow and anger mixed.

Ouyang Hongguang's silent speech naturally represents acquiescence in the eyes of others.

"The old man said long ago that Ouyang Hongguang was uneasy and kind. Last time, he argued for Lin Tian and Zhang Ying who stole the hidden pills. The old man knew that this person must have a problem. You still don't believe me. What else can you say?"

Looking at the many high-level Dange officials gathered, Wenchang Vice-President's mouth outlines an indifferent smile.

This time, it was impossible for Ouyang Hongguang to turn over the game, colluding with outsiders and entering the Heavenly Fire Palace. This alone was enough to drive him to death.

After hearing the words of Deputy Pavilion Master Wenchang, there was chaos on the court. Could it be that the matter of Lin Tian and the few people was also true last time? Deputy Pavilion Master Ouyang Hongguang arranged it?

If this is the case, then this Ouyang Hongguang is really inexcusable, and Dan Ge has given him so much, and he is prepared to betray Dan Ge, and the sin is unforgivable.

For a time, the crowd talked a lot.

"So what happened."

And just as countless pharmacists were talking about it, only a dull voice rang out. Then, the sound of stepping footsteps approached and a group of old men wearing black and white robes came over. .

Two small scarlet characters were pierced in the chest of the group of people in black robes.

law enforcement!

And this group of people in white robes were also pierced with two small golden characters on their chests.

Elder!

"It's from the Law Enforcement Hall and the elders."

The many alchemists who had been blocking the entrance of the Heavenly Fire Hall all let go.

The people who came were Dan Pavilion's two extremely terrifying forces, the Law Enforcement Hall and the Elders Group.

Among them, the Law Enforcement Hall is in charge of the penalties of the Dange, and the elders' group assists the three deputy chiefs to control all the affairs and business of the Dange. They are the two most powerful departments of the Dange.

The most terrifying thing is that the leaders of these two departments are all one person-the great elder of Dan Pavilion!

[Chapter 2289: Is there an earthquake?](#)

The headed elder is a gray-haired old man who is over sixty years old. Although he is old, he is full of vigor, and his body exudes a breath of terror like an abyss, vast and boundless.

Especially with his shining eyes, there is no telling that they are the eyes of an old man, blooming with endless brilliance, and the steps are steady and fast as they walk.

This person is the Great Elder of the Dan Pavilion, the powerful person in the Dan Pavilion, who is in charge of the two major forces of the Dan Pavilion Law Enforcement Hall and the Elders Group, and is much more prominent than a single deputy pavilion master.

In the Dan Pavilion, even the lord of the pavilion had to listen to some of his opinions.

At the beginning, after news of the Holy Land of Blood came to Dan Pavilion, Dan Pavilion discussed how to deal with the meeting of Thunder City. Ouyang Hongguang, who originally had two great elders, Emperor Dan Emperor and Situ Xingzhou, was a sure winner. of.

At the last moment, it was the great elder who spoke in agreement with the deputy head of Wenchang. This led to the failure of Ouyang Hongguang's party to take advantage, and the matter was dragged down.

Now that the great elder appeared, Ouyang Hongguang's heart sank.

"what is the problem?"

The Great Elder walked directly into the Heavenly Fire Hall and asked coldly. "The great elder, you came just right. Ouyang Hongguang betrayed the Dan Pavilion and brought outsiders into the Heavenly Fire Hall. This matter is of great importance. I dare not wait rashly. This alarmed the great elder and asked the great elder to be fair." Wenchang The deputy patron came up immediately, Christine

Jing said, with a ferocious sneer at the corner of his mouth.

"Ouyang Hongguang, is this the case?" The elder said with a cold voice, his eyes sinking.

boom!

Suddenly, a horrible coercion swept through, kicking and kicking, countless masters on the court retreated one after another, and Ouyang Hongguang's face turned pale, and he involuntarily took a step back.

The great elder has outstanding strength, he was already a peak Martial Emperor master 300 years ago, and he was even the first candidate for Dan Pavilion Dan Pavilion.

But at the critical moment, the current pavilion owner turned out to be born, and this allowed the previous pavilion owner to pass the position of the pavilion owner to Mo Yuanbai, becoming a dark horse against the attack.

But it is indisputable that the Great Elder is the first person in the Dan Pavilion, except for the Lord, with a cultivation base that is unmatched.

Ouyang Hongguang closed his mouth tightly, without saying a word, just staring at the elder coldly.

From the moment the Grand Elder supported Wenchang's Deputy Pavilion Master at the last meeting, Ouyang Hongguang had already seen through this person's face and naturally had nothing to say.

The deputy pavilion master Wenchang immediately sneered: "Ouyang Hongguang, do you think it's okay for you not to speak? Xing Fei, you are here to tell the elder, did Ouyang Hongguang bring others into the Heavenly Fire Palace before?"

Xing Fei stepped forward with a look of trepidation and anxiety.

The elder said indifferently: "Say!"

With a flutter, Xing Fei knelt down directly: "The subordinate is guilty, Ouyang Hongguang, deputy pavilion master, before... I did bring a young man into the Heavenly Fire Palace before. He is that person and his disciple, so the subordinate... "

Xing Fei's voice trembled and he couldn't say a word for half a word, because he knew that even if his second half of his life was over, even if he was not executed, it would be a serious dereliction of duty and there would be no future.

Wow!

Xing Fei's words made the audience boil instantly.

This turned out to be true?

Taking outsiders into the Temple of Heavenly Fire is a big sin.

"What about the young man now?" The Great Elder said indifferently again.

"The subordinates don't know, Ouyang Hongguang pavilion master only said to bring his disciples to the Temple of Heavenly Fire, and the subordinates didn't think too much..." Xing Fei trembled, terrified. The deputy pavilion master Wenchang stepped forward and sneered: "Elder, the old man knows that the old man has searched here before and did not find the trace of the kid, but the old man accidentally discovered that the gate of the Tianhuo Temple had been opened, so Old man has

The reason is suspected that Deputy Pavilion Master Ouyang Hongguang stole Lord Pavilion Master's key and opened the gate of the Heavenly Fire Hall. This should be inside the Heavenly Fire Hall. "

boom!

As soon as this statement came out, the audience was like a fryer.

Bringing outsiders to feel the aura of the Temple of Heavenly Fire and entering the Temple of Heavenly Fire are two different concepts. The first one is already extremely serious, and the second one is absolutely unforgivable and sinful.

"Ouyang Hongguang, what else do you have to say?" the elder said coldly.

Ouyang Hongguang still said nothing.

"Ancestor." Ouyang Nana looked at the ancestor worriedly, her heart sank completely.

"Okay, don't explain it, come here and take Ouyang Hongguang."

The elder gave an order, swish, swish, and suddenly a master of the law enforcement hall flew out and pounced on Ouyang Hongguang, and one person pounced on Ouyang Nana.

Ouyang Hongguang's face changed, his figure suddenly moved, hum, his body strength bloomed, and he confronted the few masters of the law enforcement hall.

boom!

Enthusiasm swept, these masters were shaken back one after another, their eyes condensed, Ouyang Hongguang's repair base had actually reached this point.

"The old man did not betray Dan Pavilion." Ouyang Hongguang said coldly.

"At this time, do you still want to resist?" Wenchang deputy pavilion master grinned and said to the elder: "Elder, let the old man capture this traitor."

"No need."

The elder snorted coldly, "I will do it myself and see how he resists."

When the voice fell, the elder's eyes were cold, and his palm slammed out.

I saw a thick palm shadow violently coming out, the void in the Heavenly Fire Palace instantly solidified, and the terrifying force stunned the cosmos, and directly pressed down towards Ouyang Hongguang.

boom!

The true essence in Ouyang Hongguang's body had stopped circulating at this moment, and could not be mobilized at all. His body was firmly imprisoned, unable to move, as if he had fallen into an abyss.

"too strong."

The surrounding people were shocked. The cultivation level of the Great Elder was too terrifying. Under this palm, everyone felt that the world was about to collapse, and a deep sense of powerlessness arose. Even the masters like Ouyang Hongguang were in front of the Great Elder. There is no power to bind the chicken.

"stop!"

Seeing that the Great Elder was about to capture Ouyang Hongguang, two angry shouts suddenly sounded, and then two familiar figures appeared in front of Ouyang Hongguang and shot together.

boom!

The three parties played against each other, as if the whole world was shaking, and Dan Ta shook violently at this moment.

"What's the matter? Is there an earthquake?"

"What a powerful aura, it came from the Dan Tower."

"Could it be that someone in the Danta fought against each other?"

Under this blow, the entire Dan Pagoda shook, and some pedestrians outside the Dan Pagoda felt the shock, and they were all horrified and horrified.

"Situ Xingzhou, Emperor Jijing Dan, do you dare to block this seat?"

Seeing the people coming, all the masters in the audience were shocked, and the great elder spoke indifferently, his eyes cold. The people who came were Pill Emperor Jijing and Situ Xingzhou, and in the Pill Pavilion, only the two of them were qualified to confront the Great Elder.

[Chapter 2290: Pavilion master arrives](#)

"Sikonghao, there is a misunderstanding here." Situ Xingzhou said solemnly. "Misunderstanding? Now that the facts are there, what can be misunderstood? The two have always believed in Thunder City that

day, and now they helped Ouyang Hongguang bring outsiders into my Dange Tianhuo Temple. Now the old man has reason to suspect that this matter is with you. Related, don't let

Open, the old man won with you. "

The great elder broke out with horror and murder.

"Sikonghao, are you crazy?" Jijing Dandi shouted angrily.

"It seems that Ming is stubborn. Everyone gave me orders. Situ Xingzhou, Emperor Jijing Dan, and Ouyang aristocratic family betrayed the Dan Pavilion, and they were all taken down for me." Sikong said in a cold voice.

"You..." Pill Emperor Jijing was furious.

boom!

Si Konghao ignored the two at all, and a frightening aura burst out of the fire hall on this day, and the whole hall was roaring, as if the end was coming.

"Sikonghao, you ruined the Dan Pavilion like this."

Situ Xingzhou and Emperor Jijing Dan were very frightened, and this Sagong Hao was considered a figure, and he was even older than them. Who would have thought that he could be so stubborn.

Once the battle begins, although Dan Tower will not be destroyed, it will definitely be a mess.

The other pharmacists were terrified. What happened to the pill pavilion? Why are the great elders, Emperor Jijing Dan, and elder Situ Xingzhou so powerful?

Danta has always been a peaceful place, but now it has become a place of right and wrong.

Many people hesitate in their hearts and don't know which side they should be on.

On one side are the elders and the law enforcement hall led by the great elder, as well as the deputy chief of Wenchang.

On the other side, there is the line of the old Taishang elders represented by Emperor Jijing Dan and Situ Xingzhou, and the line of Ouyang Hongguang's deputy chief.

Although Ouyang Hongguang seemed to have led outsiders into the Heavenly Fire Palace and seriously violated the rules of the Dan Pavilion, deep down in everyone's hearts, many people still did not believe that Ouyang Hongguang would betray the Dan Pavilion.

But now that the facts are there, everyone doesn't know how to choose.

But Si Konghao didn't care about everyone's hesitation, he had already shot at lightning speed.

With a bang, he was in the shape of electricity, and he rushed towards Emperor Dan Di Ji and Situ Xingzhou. The expressions of Dan Di Ji and Situ Xingzhou changed, and they hurriedly resisted. The two joined forces to kill Si Konghao with a bang. Blocked it. "It seems that the two of you are going to fight to the end, Emperor Jijing Dan, you will not pass Thunder Sea once, but you have a great respect for the

lord of Thunder City that day, and even continue to ask my Dange to unite with each other and cooperate with each other. I have reason to doubt

, You have already joined hands with people of other races, otherwise, how can you violate the prohibition and bring people into my Dan Pavilion. Si Konghao said in a cold voice as he shot his hand: "Everyone is listening, Emperor Dan, Situ Family, and Ouyang Family have colluded with people of different races. Have you not accompanied the old man and captured the two?" Is it necessary for me to be annexed by a foreign race?

, Are you willing to be sober? "

In the rage, Si Konghao made a strong shot, his eyes fiercely sharp.

"This....."

The hearts of many remaining pharmacists on the field were beating wildly, and Emperor Jijing Dan and Situ Xingzhou colluded with the alien demons. What was going on?

Just when everyone hesitated.

"Sikonghao, you... it turns out that you are also in collusion with Misty Palace." The furious voices of Emperor Dan Di Ji and Situ Xingzhou sounded.

The two had never understood why Si Konghao would support Wenchang Deputy Pavilion Master, but at this moment when he heard what he said, he understood completely that Sikonghao had also colluded with Misty Palace, otherwise he would say such a thing.

"Today, I will clear the door for Dan Pavilion."

The two of them were still tied up, but at this moment they were completely furious, their breath exploded, and they brazenly shot.

Boom!

The entire Dan Pagoda shook violently and deafeningly.

The terrifying power swept wildly in this Heavenly Fire Palace, forcing countless alchemy masters to retreat in panic.

"Quickly, go and inform the Lord Pavilion."

Elder Wu Zhen and others said in horror.

at this time--

"No, this seat is already here!"

A cold voice suddenly spread through the Heavenly Fire Hall.

Hum!

Immediately following it was an incomparably terrifying force, which was like a vast ocean, shrouding everyone on the field quickly, like a giant mountain, and was severely suppressed.

boom!

Everyone only felt that they were swept by a terrifying force, and their expressions changed drastically.

At the same time, a magnificent figure came out from the void.

This is a strong man with a star-like gaze, wearing a gray alchemist robe, extremely ordinary, but the aura on his body is like the ocean, shocking the eternal time and space, and the vastness like the stars.

"It's the Lord Pavilion."

"The Lord Pavilion is out."

"See Lord Pavilion Lord."

In an instant, many pharmacists were overjoyed, saluting respectfully and showing sincerity.

The visitor was the master of Dan Pavilion, Mo Yuanbai.

Holding a strange ball in his hand, it was the heavens and the world, coming slowly like a god.

"Sikonghao, Jijing Dandi, Situ Xingzhou, Er and others are still not stopping."

He snorted coldly, and an invisible light of the world suddenly burst out from the heavens and the world. The next moment, Mo Yuan appeared among the three people in white, his hands shot out, and there was a bang. , One by one fell on the ground.

"I have seen the Lord Pavilion."

The three hurriedly saluted.

"Hmph, do you still have the pavilion master me in your eyes?" Mo Yuanbai's eyes were cold and his tone was cold.

"My Lord Pavilion dare not..." Si Konghao said immediately, and Emperor Jijing Dan and Situ Xingzhou also hurriedly spoke. The deputy pavilion master Wenchang took a step forward and said loudly: "My lord pavilion, it's me who wanted to make trouble. It was Emperor Dan, Situ Xingzhou, Ouyang Hongguang and others who betrayed the Dan pavilion and stole the keys to the lord pavilion. , Bring outsiders into my Dan Pavilion Tianhuo Hall, big

The elder wanted to take them back to investigate, but who knew that they refused to cooperate and the conflict would occur. "

His eyes were gloomy, and his heart sneered.

This time, see how you guys are still playing.

"Stealing Tianhuo Temple key? Take outsiders into Tianhuo Temple?"

Mo Yuanbai coldly swept his eyes at Emperor Dandi and the others, and his right hand slid into the heavens and worlds, and suddenly a token appeared in his hand.

"The key of the Heavenly Fire Palace has been in the heavens and worlds. When was it stolen?" He said coldly.

"what?"

Si Konghao and the others were startled, and their foreheads fell down with cold sweat. How could this be possible?

"My Lord, but the Heavenly Fire Palace does have traces of opening."

Wenchang Deputy Pavilion Master's heart jumped wildly, and said anxiously.

Mo Yuanbai had already arrived at the door of the Tianhuo Temple at this time, and looked at the door. Upon seeing this, his eyes suddenly condensed.

With his eyesight, can't he tell whether the Tianhuo Temple has been opened, and his eyes suddenly burst into cold light, "The door of the Tianhuo Temple does have signs of opening, Situ Xingzhou, you..."

Suddenly, his voice stopped abruptly.

"No, this prohibition..."

Mo Yuanbai's body trembled suddenly, as if he had seen something unbelievable, his eyes were extremely excited, and he froze for a moment.

"Situ Xingzhou, who opened the prohibition of the Fire Palace this day?" He said nervously, his voice trembling unexpectedly.
