

Valkyrie 2291

[Chapter 2291: You fart less](#)

At this moment, Mo Yuan's white eyes, who had originally been frightened and angry, revealed boundless shock and disbelief.

As if seeing something impossible.

Situ Xingzhou sighed. He knew that there was no point in hiding in front of the Lord Pavilion Master. He had to kneel on one knee and said, "Master Pavilion Master, Situ Xingzhou is guilty. The people in the Heavenly Fire Hall belong to the subordinates. A little friend."

Ji Ji Dan Di and Ouyang Hongguang also bowed their heads and sighed slightly.

In front of Lord Pavilion Lord, they did not dare to conceal the slightest.

However, Situ Xingzhou's words caused an uproar in the audience. Everyone looked at Situ Xingzhou in anger, and they were extremely angry.

Situ Xingzhou and Ouyang Hongguang, the deputy pavilion master, actually brought outsiders into the Heavenly Fire Palace?

How can they do such a thing? Situ Xingzhou, Jijing Dandi, Ouyang Hongguang and others are all powerful old Dange brands, and they have a very high status in the hearts of everyone, even if the deputy head of Wenchang and the great elders said that Situ Xingzhou and others conspired. There are still a lot of

The alchemist didn't believe it at all.

But now, the eyes of everyone were filled with resentment, regret and disappointment.

The people of Situ Xingzhou disappointed everyone too much, and the anger of being betrayed by their relatives emerged in everyone's hearts, and they were so angry.

Situ Xingzhou and Emperor Jijing Dan felt the angry gazes around them, and they bowed their heads and sighed, but they had nothing to say.

No matter what, they did do what they were sorry for Dan Pavilion, and only waited for Lord Pavilion's order to capture them.

"My Lord Pavilion, you heard that too, Situ Xingzhou and the others dared to bring outsiders into the Heavenly Fire Hall. This has seriously violated the laws of the Dan Pavilion." Deputy Pavilion Master Wenchang hurriedly stepped forward and said, "My Lord Pavilion, you I don't know, during your retreat, a huge turmoil occurred in Wuyu, and even the Holy Land of Blood has changed owners several times. Now your subordinates have reason to suspect that Situ Xingzhou and others have colluded with each other.

People of the clan, wanting to endanger the future of our Dange, also asked the Lord of the Pavilion to order that Situ Xingzhou and others were captured, taken to the sky prison, and strictly interrogated. "

Wenchang deputy pavilion master's eyes were full of icy chills, and his heart was full of laughter, his face was hideous.

Situ Xingzhou, Situ Xingzhou, look at how you can come back now, you are so stupid to bring outsiders into the Palace of Heavenly Fire, you are simply seeking your own death.

Uproar!

Next to the deputy pavilion master Wenchang, the elders led the elders group and the people from the law enforcement hall took a step forward. Only waiting for the order from the pavilion master, they had to make a strong move.

Unexpectedly, Mo Yuanbai ignored Wenchang's deputy pavilion master at all, but stared at the people of Situ Xingzhou, took a deep breath, and tried to calm his voice, "Who is the little friend you talking about?"

The great elder was about to start, hearing this, he could only stop, and looked at Mo Yuanbai suspiciously. The other pharmacists were also a little dumbfounded, with suspicious expressions on their faces. What happened? The Lord Pavilion Lord did not order the capture of Elder Situ Xingzhou, instead he was asking who the person who entered the Temple of Heavenly Fire was.

Right?

The most important thing at the moment is to take down Situ Xingzhou and then open the Heavenly Fire Hall to capture the person who stole the Spirit Fire, and to torture the truth of the matter.

What's the point of asking the person's origin?

Sagong Hao's heart sank. It's not because of personal affair, how many people are going to let Situ Xingzhou go?

Thinking of this, his expression changed, he hurriedly stepped forward and said anxiously: "My Lord, it's better to take Situ Xingzhou and the others first, and then to torture it later..."

"Enough." Mo Yuan blankly glanced at Si Konghao, and said coldly: "Elder, this seat is closed all the year round. You don't think that this is a trivial matter. You have to remind this seat, right?"

"Subordinates don't dare." Si Konghao's face turned pale, and his heart was annoyed. The Lord of the Pavilion was so mad.

Even Situ Xingzhou himself was stunned, and it took a long time to react: "My Lord Pavilion, my little friend is named Chenqing."

Everyone was surprised, what? Dusty?

The lord of Sky Thunder City is dusty?

Seeing the performance of the people, Mo Yuanbai frowned and said: "Is this person famous?" The elder said immediately: "My Lord, Chen Qing is like today's Leicheng City Lord, who used to be named Qin Chen, this son is young. Only about 30 years old, he became the lord of Sky Thunder City, and he also killed Xiao family ancestor Xiao Dongyan. The origin is very mysterious. He accused Misty Palace of

colluding with alien demons and overturned the rule of the Holy Land of Bloodline not long ago. , And together with Fu Qiankun, who had been mysteriously missing for more than two hundred years, repelled the Great Emperor Xuanyuan, and claimed to be a disciple of Pochen Wuhuang, to conceal himself.

origin. "

Mo Yuanbai's expression changed drastically, and he trembled: "He claims to be a disciple of Pochen Wuhuang?"

"Yes!" Si Konghao glanced at Mo Yuanbai weirdly, why did the Lord Pavilion Master suddenly become so excited? But as far as he knows, Lord Pavilion Lord has nothing to do with Pochen Wuhuang. He immediately said again: "My lord, although this Qin Chen claims to be a disciple of Emperor Pochenwu, but his subordinates suspect that it is a fake. This person has a mysterious origin. He came from the most remote northern region of the mainland, and his path is weird. The junior strength is far beyond normal

Human imagination cannot be explained by a disciple of Pochenwu Emperor, so his subordinates suspect that this talent is a great evil person who really colludes with the alien demons. "

"Sikonghao, don't fart. It is Shangguan Xier of the Misty Palace who colluded with the alien demon. I think you have been taken over by Shangguan Xier." Emperor Ji Jing said angrily. Sikonghao glanced at Emperor Jijing Dan coldly, and said to Mo Yuan whitely: "Pavilion Master, although Master Pill Emperor Jijing is your senior, but after going to the Sea of Thunder not long ago, he was extremely towards Qin Chen. Respected, now it is to bring that Qin Chen into the sky

In the Fire Palace, therefore, his subordinates have reason to suspect that Emperor Jijing Dan has been brainwashed by the opponent, and has even taken refuge in the alien demons. How can ordinary people except people of alien races do this? "

"What the **** is going on? What's the mess? Tell me more clearly."

Mo Yuanbai's face was pale, he was in retreat for too long, and many things were half-understood, and he didn't know much, so he was very confused about what they said.

If it hadn't been for this time that everyone was in the Danta, it would cause the heavens and the world to shake, and the Danta would awaken him from the retreat. He didn't know how long it would take him to leave.

"My Lord Pavilion, this is what happened..." Si Konghao immediately told what had happened in the mainland during this period. He added a little bit of gas and jealousy, but in other cases, the black and white were not reversed. After all, the people on the scene knew about this. Quite a lot, and finally said: "My Lord Pavilion, this is how things are. After this Jijing Dandi Thunder Sea and his party, his temperament has changed drastically, and now he is even bringing outsiders into the Heavenly Fire Palace. So the subordinates have reason to doubt, Jijing Emperor Dan has been brainwashed by the alien demon race, and Qin Chen is basically a puppet cultivated by the alien demon race."

[Chapter 2292: Open Tianhuo Temple](#)

No one would believe what Sikonghao said, but Emperor Jijing Dan and others did indeed bring outsiders into the Temple of Heavenly Fire. Their strange behavior immediately attracted a lot of discussion.

Could it be that the fact that Shangguan Xi'er colluded with the alien demon race on the mainland is a fake, the fact is that Leicheng is the puppet of the alien demon race on this day?

The events of the Thunder Sea and the Holy Land of Blood have not been experienced by everyone personally. At this moment, it is as if they are in the clouds, in the clouds and mist, and they can't understand them. "Sikonghao, you are so vicious. Shangguan Xier colluded with alien demons. The masters I saw at that time were countless. Among them were Fu Qiankun from the Holy Land of Bloodlines, Master Lou Zimo from the Hall of Devices, and even the Sovereign of Illusory Demon Sect , Not an old man

What people see. "

Ji Jing Dandi flushed with anger, he was now sure that this Si Konghao must have joined hands with Misty Palace. "Huh, my heart is vicious? Emperor Jijing Dan, I think you became angry after being seen through, right?" Sikonghao coldly snorted, "Fu Qiankun mysteriously disappeared more than two hundred years ago, but now he suddenly appeared and said I was trapped by the Misty Palace,

The president of the dignified sacred place, the first person in the mainland, would lose to Shangguan Xier two hundred years ago? Who believes? "

"There is also the so-called Illusory Demon Sovereign, who is originally a man of Demon Dao, who believes in the evidence provided?" "The most important thing is what Qin Chen did. He claimed to be a disciple of Pochenwu Emperor, but he was in the Holy Land of Bloodline. Pursuing and killing Emperor Xuanyuan, he also said that the death of Emperor Xuanyuan was the joint work of Shangguan Xier and Emperor Xuanyuan. Hahaha, it's ridiculous, God

Everyone knows that in the past, Shangguan Xier and Pochen Wuhuang were in love, and Xuanyuan Great and Pochen Wuhuang were even more siblings. How could Shangguan Xi'er and Xuanyuan Emperor attack Pochen Wuhuang? "

"After the fall of Pochen Martial Emperor, Shangguan Xi'er and Emperor Xuanyuan even turned their eyes against each other because of this. The Xuanyuan Empire and Misty Palace have fought back and forth in the past two years. They said that they had teamed up to frame Pochen Martial Emperor, and only idiots would believe it." Sikong Hao aggressively said with a sneer: "The old man now suspects that the fall of the Wuchen Wuhuang in the past may be inseparable from Fu Qiankun and the alien demons. There were people who could endure the killing of Wuchen Wuhuang. I am afraid this Fu Qiankun should be counted. One,

And that Qin Chen colluded with the alien demon, and naturally obtained the treasures of Pochen Wuhuang and his inheritance, which is also normal. "

The great elders talked eloquently, which made many people feel somewhat reasonable. The hearts of Emperor Dan Di Ji and Situ Xingzhou sank. This Sagong Haotai will be able to argue. Although what he said is a lie, it feels true to others, because no one can believe it. They have made great efforts in the past two years. Misty Palace and Xuanyuan Empire

It's actually the same people.

At the same time, everyone couldn't believe that the fall of Wuchen Wuhuang was the work of Shangguan Xier and Emperor Xuanyuan, who were closest to him.

There are too many things to explain.

Mo Yuanbai's eyes were gloomy and he didn't say a word. No one knew what he was thinking.

"Boom!"

At this moment, the Heavenly Fire Hall in front of everyone trembled suddenly, a shocking wave swept out of the Heavenly Fire Hall, and the entire Dan Pagoda was roaring.

"No, is that kid destroying the Heavenly Fire Palace?"

"The Temple of Heavenly Fire is extremely strong, and it forms a world of its own. No matter who enters to absorb the spiritual fire, it will not cause any changes in the Temple of Heavenly Fire. What happened inside?"

"I also ask the Lord of the Pavilion to take down the Great Mirror Pill Emperor and others as soon as possible. I will wait to enter the Heavenly Fire Palace and capture the strange thief."

Si Konghao and others said anxiously.

Mo Yuanbai's expression also changed. He vaguely felt the suffocating flame aura that was spreading from the Heavenly Fire Palace. This aura was not weaker than the strange fire he had once obtained in a mysterious secret realm.

When did the Heavenly Fire Palace possess such flames?

Mo Yuanbai's eyes sank, and he walked slowly to the door of the Heavenly Fire Hall step by step, and the token in his hand was instantly pressed on the door of the Heavenly Fire Hall.

Hum!

The door of the entire Tianhuo Palace burst out with amazing light, and the dazzling light covered everything. The entire Tianhuo Palace roared and the door slowly opened a gap.

boom! A terrible scorching breath erupted from the Heavenly Fire Palace, Mo Yuanbai's expression changed drastically, and the heavens and the worlds immediately blocked him, and the light of the worlds suddenly rose, forming a defense of the worlds before him, but even so, there is still a terrible

The power of flame escaped from the gate.

Puff puff!

In an instant, all the many alchemists who were still located inside and outside the Tianhuo Temple vomited blood, and a scorched smell appeared on their bodies, and their hair instantly turned black.

"No, there is little dust!" Jijing Dandi and the others looked anxiously at the door. This flame power is too terrifying. Even if their cultivation is swept by this wave of flames, they have already insisted on not. Live, and Qin Chen is now in this Heavenly Fire Palace

What a terrifying power of fire?

Can not help but be shocked.

Even Mo Yuanbai's face changed drastically, and the power of such a terrifying flame made him feel a slight threat.

How is this possible?

No one knows that during the two hundred years of hard work, Mo Yuanbai did not ask about Dange affairs, but his cultivation level had already quietly entered the semi-sacred realm, touching the threshold of that trace of the holy realm.

Now, what kind of flame would he even feel dangerous?

He entered the Temple of Heavenly Fire no less than a hundred times, and even retreats in the Temple of Heavenly Fire for hundreds of years. He has never heard of such a terrifying flame in the Temple of Heavenly Fire.

What made him even more shocked was that when he opened the gate of the Heavenly Fire Hall, a familiar voice that seemed to be remembered only in a dream was passed from the Fire Hall that day.

"Mo Yuanbai, are you here?"

This voice was calm, but with a high-mindedness, giving Mo Yuanbai a very familiar feeling. It was actually the voice of the Emperor Wuchen Wu.

He saw in the Heavenly Fire Hall, a faint figure suspended above the Heavenly Fire Hall, covered by the light of flame, like a fire god.

The flames lingered around him, full of agility, this method made Mo Yuanbai extremely familiar. He turned around abruptly, the horrible glow of the heavens and myriad worlds, blocking the power of the flames in the Heavenly Fire Hall, and facing Sikonghao and others behind him: "All of you are waiting for me outside without my order, anyone No one can come in.

"

"My Lord Pavilion!"

Hearing this, Si Konghao and others were immediately anxious.

"My Lord Pavilion, it's too dangerous for you to go in alone, so let your subordinates go in with you!" Si Konghao said anxiously, his eyes flashing with cold light.

"Huh?" Mo Yuanbai glanced at them lightly when he heard this. Just a look made everyone on the court tremble.

[Chapter 2293: Youkong Bingyan](#)

"Needless to say, no one has listened to the orders of this seat? After this seat entered the Heavenly Fire Palace, none of you could do anything, including you, Si Konghao, Emperor Jijing Dan, and Situ Xingzhou. , You all listen carefully, all choices

, Wait for this seat to come out of the Tianhuo Temple, if whoever does it first, it is betraying the pill pavilion, everyone will be punishable. "Mo Yuanbai ordered faintly.

After speaking, he walked directly into the Heavenly Fire Palace.

Boom!

The moment Mo Yuanbai entered the Temple of Heavenly Fire, a roar sounded, the heavy door closed and the hall returned to calm again.

"Damn it, what kind of wind did the Lord Pavilion smoke?" Si Konghao's heart was gloomy. He looked at Situ Xingzhou and the others coldly, his eyes flickering, and seemed to be thinking of some way to get Situ Xingzhou and others first. Take it down.

"Sikonghao, don't waste your thoughts. Your Lord Pavilion has already ordered. Anyone who does it is betraying the Dan Pavilion. If you are daring enough, come up and try it." Situ Xingzhou sneered and saw Sikonghao's Intend to be clear.

"Hmph, I see how long you can be arrogant."

Si Konghao snorted coldly, angrily in his heart.

At this time, Mo Yuanbai had already entered the Heavenly Fire Palace.

In the Heavenly Fire Palace at this moment, endless flames are rising, and a terrible flame aura fills the entire Heavenly Fire Palace. Above the sky in front of him, a figure in the flame stands proudly there, watching him quietly.

It was Qin Chen.

At this moment, Qin Chen was surrounded by horrible icy flames. This flame was the most terrifying flame in the Heavenly Fire Palace.

Before Qin Chen was under this flame, he was almost burned to ashes. At the critical moment, Qin Chen used his powerful soul power to suppress the flame and subdued it, becoming a part of the flame in his body.

Then, Qin Chen knew that what he got turned out to be the legendary Heavenly Fire Youkong Bingyan.

Nether Sky Ice Flame, Sky Fire, possesses the dual attributes of space and ice. This kind of flame is rumored to only appear in the endless starry sky. It likes to wander in the cold starry sky. It can travel through the void and freeze everything in ice, which is extremely terrifying.

Belongs to Yin attribute flame. In the Tianwu Continent, masculine flames are extremely common, but flames with a Yin attribute like Youkong Bingyan, and also with spatial attributes, are extremely rare. It is no wonder that Qin Chen in his previous life could not find this Youkong Bingyan. If the flame is one

Hidden in the heart, even the peak martial emperor would not be aware of it.

And when Qin Chen had just conquered Youkong Bingyan, he discovered that the gate of the Heavenly Fire Hall had been opened, and Qin Chen naturally understood who the people outside the Heavenly Fire Hall were.

In the entire Pill Pavilion, apart from Mo Yuanbai, there was no second person who could open the Heavenly Fire Palace.

At this moment, Qin Chen quietly looked at the strong man who walked into the Heavenly Fire Palace, with endless emotions in his heart.

At this moment, he seemed to have returned to which afternoon in Danta more than three hundred years ago.

It was a sunny afternoon, and Qin Chen had just arrived at the Dan Pagoda.

"boom!"

A young man was thrown out, together with a broken pill furnace, and a few scorched pills.

"Boy, do you know what this place is? This is Danta, dare to make trouble here, are you tired of living? If you disturb my Danta master, it won't be so good."

The one who threw the boy out was one of Danta's guards with cold eyes.

"I just want to join Dan Ta and become a great alchemist."

The young man was holding several scorched pills and a broken pill furnace, holding back tears, and shouting at the pill tower. "Want to join a Danta? Then you have to pay attention to your identity. Danta is the core place of the Dan Pavilion. If you want to enter here, you must be at least the eighth-grade medicine emperor, and what you just refined is the sixth-grade boneless pill, right? , And the refining failed, I advise you one

Sentence, it is better to go back and find a pill pavilion branch to practice cultivation, when you become a top alchemist one day, you are naturally eligible to enter the pill tower, but now... leave here immediately. "

The voice of the guard was cold.

The scene that Qin Chen saw was a normal pill tower. As the center of the mainland pharmacists, countless pill city pharmacists wanted to join here and enter this legendary holy land.

But there are very few pharmacists who can really enter it. More than ninety-nine percent of pharmacists can only stand outside the pill tower and look up at everyone inside. Qin Chen thought that this young man would leave silently, but who knew that he actually sat down at the entrance of the Pill Pavilion and said loudly: "Although I am only a sixth-rank alchemist now, I believe in my own talents. Not an ordinary six pint bone pill

, But an improved pill formula, which has the effects of a seven-stage pill, I will be able to successfully refine it, and I believe there must be a master who can appreciate my potential. "

He was cross-legged in front of the Danta gate, and he started to refine it in full view.

"Hahaha."

Many people are laughing. It's a joke that a little boy actually dared to say that he could improve the pill of Tuogu Pill, and let a six-tier pill have the effects of a seventh-tier king pill.

Sure enough, his refining failed once again, and the pill furnace almost exploded, and his face was ashamed, which naturally caused everyone to laugh.

But the young man remained indifferent, refining again and again.

once.

three times.

Five times!

But it never succeeded.

Originally, if the sixth-grade pill was so improved, the masters of alchemy had already researched it out, how could it be this teenager's turn.

Finally, after the seventh failure, the guards of the Danta couldn't help but because the young man's refining had affected the order of the Danta, he immediately stepped forward and viciously kicked the pill furnace, and all kinds of medicine **** scattered. In one place.

"roll!"

Alchemists like this daydreaming, they have seen a lot, as long as it does not affect the order of the Danta, it is natural to blame, but now, the behavior of the young man has caused troubles to many alchemy masters entering and leaving the Danta.

Seeing that the young man was still not leaving, the guard furiously kicked the young man and was about to hit him, but was stopped by Qin Chen.

After the guard saw Qin Chen, he was immediately panicked and hurriedly saluted, breaking the name of the Emperor Wu Chen, mighty the world, who does not know? What's more, Pochen Wuhuang often enters and exits the Dan Pagoda these days, they naturally know it.

"Retreat." Qin Chen waved his hand at the guards before squatting down in front of the young man.

"You can't refining it like this. The Boneless Pill you have improved has replaced seven elixir, but it has not reached a perfect balance in terms of the conflict of drug properties. Perhaps you have successfully refined it once. , But that is just a coincidence, and the bone-free pills actually refined also have serious side effects."

[Chapter 2294: Fire Spirit Fusion](#)

The young man looked at the figure in front of him who looked less than thirty years old, but was respected as a master.

"Boy, if you continue to stay here, you will only be driven away. Go back. If you can successfully refine your so-called Improved Boneless Pill within ten days, I will give you one time to enter the Danta. Opportunity."

Qin Chenyou remembered that he said that back then. In fact, he never thought that this young man could really successfully refine and improve the boneless pill again. After observing for so long, he had

long discovered the defects in the opponent's refining process. This is a problem of probability, I am afraid one hundred furnaces. Elixir, not necessarily

There is a chance of success.

So watching the young man carrying the broken pill furnace away from his back, Qin Chen left his head in an instant, because he knew that within ten days, this young man would never appear.

In ten days, let alone a sixth-rank Yaozun, even an eight-rank Yaohuang might not be able to use this young man's method to refine a successful Boneless Pill.

But what he didn't expect was--

Ten days later, when he came to the Danta again, he saw the figure kneeling at the door of the Danta. In his hand, he was holding a few pills, crooked, extremely ugly, but exuding medicinal aura.

"Master, Yuanbai has succeeded!"

The boy said hoarsely, his eyes were red, and he knelt on the cold ground.

It turned out that after returning that day, this young man had been refining for nine days and nine nights, without rest for an hour, and finally succeeded when the refining reached the thirty-fifth and sixteenth furnace.

He knelt here early in the morning just to wait for Qin Chen, and after saying this to Qin Chen, the boy passed out.

His mental power has been exhausted in the crazy refining of nine days and nine nights.

Qin Chen remembered himself at the time and was moved.

This young man used his actions to open a gap in Qin Chen's heart.

So he fulfilled his promise, took the other party into the Dan Pagoda, and healed with all his strength, because the boy at this moment was dying, and he woke up after three days and three nights.

"Master."

The first sentence of the boy shouted like this, but Qin Chen directly interrupted: "I am not your master, and you are not my disciple. During my time in Danta, you can ask for advice like me, but you and me Not a master or apprentice."

This is what Qin Chen said, and he did the same, and recommended the boy to the current Pill Pavilion Master, and became an ordinary disciple of the then Pill Pavilion Master.

No one knew about this secret, and after Mo Yuanbai grew up, no one knew how to connect him to the boy who knelt at the entrance of Dan Pagoda.

"Master, be a teacher for one day and a father for life. In the eyes of the disciple, you will always be the master of the disciple."

After Qin Chen left the Dan Pagoda, the young man who had grown up knelt in front of Qin Chen, choked and said.

At this time, the young man was already the most beloved disciple of the Dan Pavilion at that time, a rising star in Dan City, the holy son of Dan Pavilion.

"Haha, I didn't think that Wuchen Martial Emperor had such a named disciple!"

Qin Chen laughed loudly, then turned and left, leaving only the young boy with a straight back, kneeling in the pill tower, unable to afford it for a long time.

That scene seems to be still in sight.

However, three hundred years later, everything is wrong.

That young and energetic boy has grown into the new pavilion master of Dan Pavilion, a figure in the territories of Megatron.

And when Qin Chen's mood fluctuated, Mo Yuanbai also raised his head, staring at Qin Chen at each other.

"You are Chen Qing, the lord of Sky Thunder City, and another named Qin Chen? Claiming to be a disciple of Pochen Martial Emperor?"

"It's Ben Shao." Qin Chen smiled.

Mo Yuanbai held the heavens and worlds, coldly staring at Qin Chen: "How did you enter the Temple of Heavenly Fire? This seat depends on your method. It is the unique prohibition method of the Pochen Martial Emperor. You and the Pochen Martial Emperor are in the end. What is the relationship?"

Mo Yuanbai's voice was excited, and his eyes were filled with cold light.

"What do you mean?" Qin Chen said with a smile.

"Huh, pretending to be a **** and making a ghost." Mo Yuanbai snorted coldly, "I don't care who you are or what identity you are. If you don't explain clearly to this seat today, don't blame this seat for being rude to you."

Hum!

A terrifying power erupted from the heavens and worlds in his hand, and immediately, the entire Sky Fire Palace was enveloped by this void power, turning into thousands of barriers, covering Qin Chen to death.

"Oh, semi-sacred realm powerhouse, no wonder the confidence is so full." Qin Chen smiled.

"How are you..."

Mo Yuanbai's expression changed. No one knew the news that he was a semi-sacred realm. This kid could see through it at a glance.

Who is this person? Could it be that as Sagong Hao said before, was it a person cultivated by the alien demons?

Thinking of this, Mo Yuanbai's face changed drastically, the mighty aura in his body suddenly broke out, and a terrifying flame rose from his body.

No matter what Qin Chen's status is, he has made up his mind to take down the opponent first.

But when Mo Yuanbai was about to do something, Qin Chen sighed quietly, "Mo Yuanbai, three hundred years have passed, don't you even know me?"

Mo Yuanbai's body shook wildly.

In the fundus of the eyes, the color of horror quickly poured out.

Perhaps because of his excitement, his facial features were distorted.

"You, you...you are..."

Mo Yuanbai stretched out his hand and pointed to Qin Chen tremblingly, already nervous enough to say a complete sentence.

Qin Chen smiled faintly: "Mo Yuanbai, it seems that not only have you grown up, but your temper has grown a lot, so you dare to teach me?"

boom!

Hearing this, Mo Yuanbai's face was as pale as paper, and his expression was extremely excited.

"Are you a master?!"

His excited eyes suddenly turned red, and his brain even stopped thinking because of the excitement in his heart, feeling a suffocation.

He looked up at Qin Chen.

Everything in front of him was so real, but it gave Mo Yuanbai a dreamlike feeling.

"Master, is this disciple in a dream? Are you really back?"

Mo Yuanbai murmured, with a complex color in his eyes.

He wanted to be true, but deep in his heart, there was still a trace of doubt.

Because this is so incredible.

"Mo Yuanbai, do you remember the first time your teacher brought you to this scene in the Heavenly Fire Palace?"

Qin Chen said lightly.

Mo Yuanbai suddenly raised his head.

Qin Chen stretched out his right hand, and immediately, endless flames condensed in his right hand, and a series of flames condensed in Qin Chen's body. These flames merged into Qin Chen's body and bloomed endlessly.

"Fire Spirit Fusion Technique? Are you really a master?!"

Mo Yuanbai's heart trembled, tears in his eyes rolled down instantly, so excited that he couldn't restrain himself. He couldn't forget this scene. After the master brought him into the Dan Pagoda, the first thing

he did was to take him into the Heavenly Fire Hall, teach him the Fire Spirit Fusion Technique, and feel the flame power in the Heavenly Fire Hall. .

[Chapter 2295: Underground](#)

At that time, he was just a Tier 6 Medicine Venerable, not to mention entering the Heavenly Fire Palace, he didn't even have the qualifications to enter the Dan Pagoda.

Although the Temple of Heavenly Fire at that time was not as strict as it is now, basically the elder level can feel it outside the Temple of Heavenly Fire at any time, but to enter the Temple of Heavenly Fire, two or more deputy pavilions still need to approve.

But it wasn't him that even the Danta disciples could not enter the little Yao Zun.

But under the leadership of Qin Chen, he was brought in without any hindrance. He still clearly remembered that along the way, no matter where Master Pochen Wuhuang went, there were alchemists saluting to him everywhere. .

At that time, he didn't even know the identity of the master. Later, he learned that this man was actually the legendary Wuchen Wuhuang. He was cultivated as an eighth-order martial emperor, but he reached the limit of the ninth grade on the alchemy path, not weaker than the current Dange The pavilion master's pharmacist against the sky

From that moment on, Mo Yuanbai felt that a flash in his heart opened.

And only such a prestigious Brochen Martial Emperor can bring his little Yao Zun directly into this Heavenly Fire Hall, this is the person who has this privilege in the entire Pill Pavilion except the pavilion master.

In the Heavenly Fire Palace, Mo Yuanbai received the Fire Spirit Melting Technique taught by Qin Chen and his first earth fire.

Although Qin Chen didn't officially accept him as a disciple, from this moment on, Qin Chen was already his master in his mind.

Without Qin Chen, there would be no later Mo Yuanbai, let alone the current Pill Pavilion Master.

"Master!"

Mo Yuanbai said excitedly, tears gleaming in his eyes, he pounced and knelt down in the Heavenly Fire Palace.

Mo Yuanbai is now the pavilion owner of the Pill Pavilion, one of the top powerhouses in the mainland, and a character in Pill City who has a lot of words. At this moment, he kneels in front of Qin Chen so straight, without any hesitation or awkwardness. .

If such a scene is seen by other alchemists outside, it will definitely burst into shock.

But Mo Yuanbai was not unnatural at all. In his mind, Qin Chen was his most beloved teacher. He was a teacher for a day and a father for life. It would not be an exaggeration to say that he was his father.

His respect for Qin Chen has deeply entered his bones.

So after knowing Qin Chen's identity, he directly knelt down.

kneel!

Must kneel!

You remember that when he knelt at the entrance of Dan Pagoda, he obtained the qualification to follow Qin Chen. What does it mean to see Master kneeling again now?

Qin Chen smiled bitterly. This Mo Yuanbai was still the same as before. He would kneel down when he saw him. Even when he had already said that he was not his master, he would kneel down.

People who don't know thought he had a preference for kneeling.

But no one knew that in the whole world, except Qin Chen, no one could make Mo Yuanbai kneel.

Qin Chen waved his hand and said with a faint smile: "Yuan Bai, stand up, don't kneel, it's cold underground!"

Mo Yuanbai shook his head quickly when he heard the words, and said, "No, Master, I'm kneeling... It's fine to kneel, kneeling comfortably, and here is the Heavenly Fire Hall, the ground is not cold at all, it's still very hot, hehe ."

Mo Yuanbai, such a powerful and powerful man, just smirked like this, looking at Qin Chen with joy and happiness.

He was afraid that it was a dream, and once he woke up, the master would disappear.

"Silly boy."

Qin Chen sighed, and instantly fell in front of Mo Yuanbai, saying, "Get up quickly."

"Master, let me kneel. I like to kneel, because I am so happy." Mo Yuanbai said excitedly, his eyes firm.

Qin Chen sighed, and stopped to say more when he saw it. Mo Yuanbai's temper was very stubborn. As long as he made up his mind, almost no one could change it.

"You are now the pavilion master of Dan Pavilion, and you are so childish."

"In front of the master, I am just a child." Mo Yuanbai grinned.

Qin Chen was speechless, what else could he say?

"Master, how did you become like you are now?" Mo Yuanbai looked at Qin Chen's face carefully, as if he wanted to find what he looked like back then, but no matter how you look at it, the person in front of him no longer has the Pochen Martial Emperor. The appearance of the year!

This made Mo Yuanbai's heart suddenly show sadness: "Master, you, did you not die back then? What is going on in all this?"

"A word is hard to say!"

Qin Chen sighed, and touched Mo Yuanbai's head, his eyes showed kindness.

If this scene is shown to other people, I am afraid that I will faint out of fear, right?

The leader of the dignified pharmacist in the world, the Pill Pavilion Master, was actually touched like this in public? What is this called?

however.....

Qin Chen's touch gave Mo Yuanbai a long-lost warmth.

Not only did he not resist the slightest, but he was somewhat dependent.

This scene seems to be back three hundred years ago...

Back to that unforgettable day.

A young man touched his head and told him that as long as he worked hard, he would be able to become a great alchemist.

Unknowingly, Mo Yuanbai was already in tears, crying too hard to himself.

Qin Chen was also a bit sore.

In three hundred years, the young man of that year has become a dying year.

What else is more desperate than years?

"Yuanbai, don't cry, you have grown up, you can be alone, and become the pavilion master of the Pill Pavilion, and I am very happy as a teacher." Qin Chen smiled, and his eyes showed a little relief.

"Master, everything is your credit. If it weren't for you, I'm afraid I would still be that unknown little pharmacist?" Mo Yuan smiled in vain, his achievements can be approved by Master, and he is also very happy.

Moreover, Qin Chen actually called himself a teacher. You must know that back then, Qin Chen only recognized him as a named disciple, but he did not recognize him as a disciple. Now that he heard Qin Chen's name, Mo Yuanbai felt so excited. .

"Master, you finally recognize your disciple now." Mo Yuanbai cried harder.

"You were originally my disciple, but I was too arrogant and ignorant."

Qin Chen sighed. Looking back now, he was indeed a bit too idealistic.

Then Qin Chen laughed again: "But you actually closed the Heavenly Fire Palace so that no one can enter here, but it took a lot of work as a teacher to enter here." "It's not a good disciple." Mo Yuanbai blamed himself, hesitated and said, "Master, in fact, the disciple closed this place because this is the first place you took me to enter, and there are countless flames here, of which you are not a small part. when

What is left in the year, how can other people enter and collect at will?" Qin Chen was stunned. He didn't expect Mo Yuanbai to close the Heavenly Fire Palace and prevent people from entering. It was because of himself. This is really...

[Chapter 2296: Out](#)

Qin Chen shook his head, but his face became serious: "If you closed the Tianhuo Temple, I won't talk about you, but you, as the master of the Dan Pavilion, don't ask about Dan Pavilion affairs, and even let Dan Pavilion dominate. The black sheep run rampant, but this is not a teacher

Stop criticizing you. "

"Regardless of your reasons, since you have served as the pavilion master of the Dan Pavilion, you should shoulder the responsibility of a pavilion master instead of retreating all day."

Qin Chen heard what Situ Xingzhou said, Mo Yuanbai has been in retreat for two hundred years, and how he cared about Dange's affairs basically made Qin Chen very dissatisfied.

"Master, I was wrong." Mo Yuanbai lowered his head, "But when the disciple heard the news that you had fallen in Death Canyon, his heart was extremely anxious. This was the only way to retreat. The purpose was to break through the holy realm and die as soon as possible. The canyon is looking for you."

Qin Chen was stunned, he didn't expect Mo Yuanbai to do this. "Master, I actually went to Death Canyon once a hundred years ago, but when I was in danger, I almost fell into it. I had to retreat. Now that I see Master you are still alive, my disciple is relieved." Mo Yuanbai doubted: " Master, you fell

What is going on? "

"It's a long story, but there is nothing I can't say. In fact, I was murdered by Shangguan Xier and Feng Shaoyu..." Qin Chen sighed.

"Could it be true that what Situ Xingzhou and Emperor Jijing said are true?" Mo Yuanbai was taken aback. "Naturally it is true." Qin Chen briefly said about what happened back then: "In fact, what Situ Xingzhou and the others know, I also told them, and in your Dan Pavilion, you have also mixed into the Misty Palace. Because you have been in retreat, I

It was also because of some accident that I entered here deliberately, because the teacher knew that only here can attract you to go out, meet you, and make you believe in your identity as a teacher. "

Hearing what Qin Chen said, Mo Yuanbai's heart was full of guilt. He didn't expect that the spies of Misty Palace were mixed in his alchemy pavilion, but he didn't realize it.

"Are they Sikonghao..." Murderous intent appeared on Mo Yuanbai, and his whole body was murderous.

Next, Mo Yuanbai asked Qin Chen some more things, and Qin Chen also told Mo Yuanbai what had happened in the mainland, making Mo Yuanbai hate even more. It turned out that his master had suffered so many ups and downs.

And what are you doing?

"Snapped!"

Mo Yuanbai slapped himself severely.

Qin Chen hurriedly stopped him, "What are you doing?"

"Master, I'm sorry, the disciple was wrong." Mo Yuanbai said regretfully.

Qin Chen smiled bitterly: "It's none of your business, but if you can keep Lin Tian and the others, you have already helped as a teacher."

"Lin Tian and the others were actually taught by you, Master. No wonder these people have such terrifying talents. In fact, I should have thought of it long ago."

Mo Yuanbai regretted it again. When he learned about Lin Tian and their news, he paid special attention to the past few days, and felt a little familiar with Lin Tian and Zhang Ying's practice.

It's a pity that he didn't delve into it at the time. He was devoted to cultivation and soon began to retreat. Otherwise, he might have been in contact with Master already.

"It's not too late to think about it now. Fortunately, everything didn't cause a catastrophe." Qin Chen touched Mo Yuanbai's head and said softly: "Okay, get up, it's not too early, go out and talk about it. "

"Yes."

Only then did Mo Yuanbai stand up, "Master, don't worry, the disciple will never spare these people."

"I naturally believe in you, but my identity needs to be kept secret for the time being. You can know it alone. Besides you, Fu Qiankun knows that I am the disciple of Pochenwu Emperor, Tianlei. City Lord." Qin Chen reminded.

"Yes."

Mo Yuanbai was a little excited, being able to hide the secret for the master made him extremely excited.

"Master, let's go out."

Mo Yuanbai carefully stood beside Qin Chen.

Respectfully.

Seeing Mo Yuanbai, who was a little old in front of him, but whose aura was so strong, Qin Chen suddenly felt a little uncomfortable in his heart. This feeling was felt when he met Fu Qiankun, and also when he met Mo Yuanbai.

They are all old.

The years have left marks on their bodies.

Once upon a time, young and frivolous.

See you again, youth and frivolous are gone, only a strange maturity.

"Everyone is getting old." Qin Chen sighed, but silently vowed in his heart that he must find the origin of Tianwu Continent, repair it, and let everyone break into the holy realm.

The life span of a Wudi powerhouse is only a few hundred years at most, and after breaking through to the semi-sage realm, it may be raised to nearly a thousand years, but it will slowly age.

Only after breaking through the holy realm can life span cross the thousand-year mark and enter a whole new realm.

At this moment in the hall on this floor of the Heavenly Fire Hall.

The great elder Sikonghao and the others were staring at Situ Xingzhou and the others, while looking anxiously at the Tianhuo Temple not far away.

It has been a while since Lord Pavilion Master entered the Tianhuo Temple. Since Lord Pavilion entered, there was no movement in the Tianhuo Temple, as if nothing happened inside, making everyone anxious. According to intelligence, this Qin Chen cultivation base was extremely terrifying. At the beginning, he even killed Xiao Dongyan, the ancestor of the Xiao family who possessed a broken holy weapon. With the strength of Lord Pavilion Lord, although he could surely take the opponent in this Heavenly Fire Palace, There will also be a big battle

.

But after the Lord Pavilion went in, there was no movement at all, making Si Konghao and the others worried but anxious, and couldn't help but look at Situ Xingzhou frequently.

He came back to his senses now, and felt that things were a little weird. If Situ Xingzhou and the others wanted to impress Lord Pavilion Lord and convince Lord Pavilion Lord to believe them, they should take Qin Chen directly to find Lord Pavilion Lord.

But now they brought people into the Heavenly Fire Palace, and Si Konghao didn't understand this operation at all.

There is no conspiracy in it, right?

Si Konghao's eyes were cold, but when he saw Situ Xingzhou and their expressions, he was puzzled again.

They thought that Situ Xingzhou's faces were also full of anxiety and doubts, and they didn't seem to know what happened in the Heavenly Fire Palace, and the expressions didn't seem to be pretended at all.

Do they really don't know?

Si Konghao was confused and was anxious, but when he heard a bang, the door of the Heavenly Fire Palace opened slowly, and a scorching force emerged.

"Out."

"The Lord of the Pavilion has come out." Everyone was surprised and saw two figures slowly coming out of the Heavenly Fire Hall. The leader was a youth who looked rather young, surrounded by fire, and behind him , Followed by a domineering figure, it is Dan Ge Ge

Lord Mo Yuanbai.

"Sure enough it is him."

Seeing the leading young man, Tianhao Medicine King and others exclaimed, with anxiety on their faces. But Si Konghao showed ecstasy, the first with a stern look rushed up, grabbed Qin Chen with a palm, and said, "Boy, how dare you break into my Pill Pavilion Heavenly Fire Hall and look for death."

[Chapter 2297: Are you dissatisfied](#)

"boom!"

A terrifying palm like an eagle's claw grabbed and shot towards Qin Chen, and the void of this world was imprisoned. As the elder of the Dan Pavilion, Si Konghao seemed to be the third-ranked figure in the Dan Pavilion. How could his cultivation base be weak? ?

Seeing that his palm was about to touch Qin Chen, suddenly a palm came out from behind, as if catching a chicken, instantly grabbing Si Konghao's claw in his hand.

"what?"

Si Konghao looked up in surprise, and saw that it was Pavilion Master Mo Yuanbai who was holding his palm. At this moment, Mo Yuanbai was looking at him coldly, with indifferent eyes.

"My Lord, what are you..."

Si Konghao was taken aback. The look in Lord Pavilion's eyes seemed a bit wrong, but before the thought in his mind fell, Mo Yuanbai slapped him with a backhand. "Pavilion Master, please spare your life." Sikong was shocked and hurriedly begged for mercy. At the same time, he wanted to resist Mo Yuanbai's slap, but he only felt that an invisible force swept over him, and the true essence in his body became solidified. I can't motivate

.

With a "pop", Mo Yuanbai slapped Si Konghao's face fiercely, slapped him out in an instant, and fell to the ground fiercely, half of his face suddenly swelled up like a steamed bun.

"Great Elder!"

A group of Wenchang deputy pavilion master hurriedly shouted, while the other alchemy masters looked at Mo Yuanbai in shock, with a dazed expression, completely unaware of what happened.

Damn, what the **** is going on? Why did the Lord Pavilion suddenly act on the Great Elder?

Even Situ Xingzhou and the others were dumbfounded. They were originally worried that Qin Chen would encounter any accident, but now the few people looked dull.

"My Lord, what are you doing?"

Sikong Hao jumped up suddenly, bleeding from the corners of his mouth, and said with a very ugly face. Two flames spurted from his eyes, forming two fire rulers.

Master Alchemy, naturally each practice fire system has unique attainments in flames.

"Do I need a reason to beat you? Do it in front of this seat, who gives you the courage?" Mo Yuanbai, who knows the truth, is now extremely upset with Sikonghao. This guy actually killed Master's Misty

Palace. Collusion together, I still trusted him so much at the beginning, after the master passed him the throne, he pushed him up

I have lost the position of the great elder, and now I think of it, I am simply blind.

Sikonghao almost vomited a mouthful of old blood, just because he had previously shot in front of Lord Pavilion Master, Lord Pavilion Master taught him?

He was not a fool, his heart sank instantly, and he felt the slightest ill. The deputy pavilion master Wenchang hadn't figured out the situation yet, he jumped out and said: "My lord pavilion, the elder did not intend to offend the lord pavilion, but this kid is Qin Chen from Tianlei City, colluding with the alien demons and breaking into me. Dan Pavilion Tianhuo Hall, also the Great Elder

It was because he cared too much about Danta, that he acted recklessly, and asked the Lord Pavilion Lord to order Situ Xingzhou and others to be severely tortured, and they would surely be able to ask something. "

He sneered at the corner of his mouth, thinking that he would eat Situ Xingzhou and the others.

However, Situ Xingzhou and the others were much more shrewd than him, their eyes flashed, they looked at Qin Chen, Qin Chen's face was not flustered at all, and the previous actions of the Lord Pavilion Lord were also a little weird.

Could it be that Chen Shao had already convinced the Lord Pavilion Lord?

Thinking of this, the spirits of the few people were shocked.

"From the perspective of this seat, you should be the one who is colluding with the alien demon?" Mo Yuan said coldly.

what?

Si Konghao and the others were shocked, their cold hair stood up, and a cold sweat broke out on his back. "Pavilion Master, have you heard what this kid said and asked the Lord Pavilion Master Mingjian, how can I be loyal to the Dan Pavilion, how can I collude with the alien demons, and this kid pretending to be the disciple of the Pochenwu Emperor, Pavilion Master? Your lord, you must be this little

The child was deceived. "

Si Konghao said anxiously, he can only persuade Mo Yuanbai to change his mind.

"Hehe, are you not convinced?"

Mo Yuan said coldly, "Maybe you don't know, the old man received the favor of Emperor Wuchen Wu, and he knows well about Emperor Wuchen Wu. If this son is a disciple of Emperor Wuchen Wu, the old man can be sure. What can I say."

what?

Is this Qin Chen really a disciple of Pochen Wuhuang?

Everyone was taken aback, one by one was extremely surprised, and the reputation of Brochen Wuhuang in the Dan Pavilion was so great that it was not shocking.

"Not good." But Si Konghao and the others sank.

They still want to quibble, but Mo Yuanbai no longer intends to give them a chance, and coldly said: "You guys are in collusion with Misty Palace, do you want to catch it with one's hands or want the old man to do it himself."

"My Lord Pavilion, no matter why you believe this person, but I didn't betray the Dan Pavilion at all. I also ask the Lord Pavilion Master Mingjian, don't be fooled by this person." Sikonghao said anxiously.

A cold light bloomed in Mo Yuan's white eyes: "Netherworld is stubborn." When the voice fell, the heavens and worlds in his hand suddenly bloomed with the power of tens of thousands of world lights. The endless world light was like a curtain, sweeping towards Sikonghao and others, They were wrapped inside, "Is it right? As long as you wait for you to capture, the old man will find out by searching his soul.

"

Soul search?

Elder Wu Zhen and the others looked at Mo Yuanbai in disbelief. From their point of view, the search for souls belonged to a wicked way. The Lord Pavilion has always been upright, how could he use such techniques?

Hurriedly said: "My Lord, is there any misunderstanding in this?"

Although they didn't want Qin Chen to be in trouble, they didn't believe that Great Elder Si Konghao would be a traitor who betrayed Dan Pavilion.

"Misunderstanding? You'll know after this seat captures them." Mo Yuanbai snorted coldly, his hands kept moving, and immediately invisible circles swept across Si Konghao and the others.

"Everyone, the lord of the pavilion has been deceived by this kid. For the future of Dan Pavilion, the old man can only be forced to take action. Please help me. Hold this kid first and ask why." Sikonghao shouted. With a sound, he rushed out, banged, and his body burst out with terrifying true essence. In an instant, the sky and the earth shook, and an invisible phantom appeared above Sikonghao's head. This is the power of his blood, like a **** of heaven, standing proudly

Above Sikonghao's head.

In addition, Si Konghao's body was splashed with fire, and the hot breath exploded, shocking the sky.

Si Konghao is worthy of being the Great Elder. Once he took a shot, the world changed color, and the entire Dan Pagoda trembled and trembled.

Situ Xingzhou and Emperor Jijing Dan's expressions changed, they were ready to take action, but they were stopped by Qin Chen, "Look at it, there is Pavilion Master Mo Yuanbai, and it is not your turn to take action." "Little Chen, this is the end. What's going on?" Situ Xingzhou and Emperor Jijing Dan looked puzzled. Why did the Lord Pavilion completely believe in Qin Chen after entering the Heavenly Fire

Palace? This makes them unbelievable, even if Qin Chen is a disciple of Pochen Wuhuang, it is impossible for Lord Pavilion Lord to believe him unconditionally, right?

[Chapter 2298: Liyang Fire](#)

But Qin Chen just smiled. He himself is the matter of Pochen Martial Emperor, so naturally there is no need to expose too much. Besides, in the entire Dan Pagoda, besides him, no one else knows Pochen Martial Emperor and Mo Yuanbai at all. Relationship.

In the shock of everyone, Mo Yuanbai had already confronted Si Konghao.

Mo Yuanbai's face was indifferent, a finger pointed out, and the sharp flame of light shot up into the sky.

This is the fire of the sky, the fire of the Liyang, which he controls. When this fire comes out, the scorching breath rises into the sky, and the destructive power is terrible, it can burn the world and destroy the sea.

puff!

The attack from the great elder was immediately divided into two, and the terrible evil spirit moved and hit Jiu Xiao.

In addition, the fire of Liyang continued to soar and hit Sikonghao directly.

Si Konghao's face changed drastically. Before he could scream out, his whole body was blown into the air, a muffled grunt, bang, fell heavily to the ground, raised dust on the ground, and a scorched black appeared in his chest. Scars.

what? Seeing this scene, everyone was shocked. Although the pavilion master Mo Yuan Bai was able to reach the sky, the great elder was also the most heaven-defying figure in the alchemy, even before the pavilion Mo Yuan became famous, if not for Mo Yuan Pavilion Master Bai catches up, originally

The master of the Chengdan Pavilion is even the elder Sikonghao.

In the eyes of everyone, even if Elder Sikong Hao is not as strong as Pavilion Master Mo Yuanbai, the two should be in between. Even if Pavilion Master has the blessing of the heavens and the fire of Liyang, he will have hundreds of moves. Only then can the Great Elder be taken down.

But now, the great elder is not actually the enemy of Yihe, why did the Lord Pavilion suddenly become so strong?

"You... have touched the threshold of the Holy Realm?"

The great elder was very knowledgeable, and when he experienced it personally, he suddenly became furious.

He looked at Mo Yuanbai in shock, his eyes full of jealousy and anger.

How is this possible? The threshold of the Holy Land is extremely difficult. How many forces are there in the entire Martial Domain? How many peak martial emperors, because emperor Wu lives extremely long, perhaps the number of peak martial emperors born within a hundred years is very small, but after thousands of years, they have actually reached an extremely fearful

Terrible point.

But in the semi-sacred state, very few have heard of in the past thousand years.

As it is today, only a few people, including Shangguan Xier and Fu Qiankun, the Great Emperor Xuanyuan, and the Sovereign of Illusory Demon in the Misty Palace, have clearly entered the semi-sacred state.

Among them, Fu Qiankun was recognized as the first person in the mainland at the time, and Shangguan Xi'er and others have emerged as the first person today.

But what about Mo Yuanbai? Back then, he was only a junior of his own, and now he has broken through to the semi-sacred realm, making the great elder not jealous and angry.

It should be understood that what Shangguan Xi'er tempted him at the beginning was that as long as he was willing to cooperate with Misty Palace, he would support him as the pavilion master of the Pill Pavilion and allow him to enter the semi-sacred realm.

Hearing the great elder's exclamation, Wu Zhen and others were all shocked. The Lord Pavilion has already broken through to the semi-sacred realm. Is this true?

Mo Yuanbai said lightly, "Yes, this seat has already entered the semi-sage state."

"boom!"

Affirmed by Mo Yuanbai, the audience was in an uproar, and everyone looked at Mo Yuanbai excitedly.

Oh, not everyone, people like Si Konghao are frightened, jealous and angry at the same time.

"How did you do it?" Si Konghao roared.

He doesn't believe it!

It is really difficult for the semi-sacred realm. The previous Pill Pavilion master, including him, failed to enter, and the current Pill Mirror Pill Emperor, Situ Xingzhou and others have also stayed at the peak of Emperor Wu. Can Yuanbai be a rising generation?

In terms of talent, he is worse than Mo Yuanbai in any way.

He doesn't believe it, and more of it is actually unwilling.

Facing Si Konghao's questioning, Mo Yuanbai's heart was also extremely moved. Sikonghao is really right. If he was only in retreat back then, he might not be able to enter the semi-sacred realm. If the threshold of the holy realm can be crossed only because of retreat, then the semi-sage in the martial realm now I'm afraid that no matter how many times the master is

Stopped.

The reason why he was able to step in was because of Qin Chen.

In order to find Qin Chen, he went to the depths of Death Canyon, but encountered a crisis and almost fell into it. The perception of life and death and the unique environment of Death Canyon gave him a chance to realize the holy realm.

Even so, he later returned to the Dan Pavilion, and after a full hundred years of retreat, he officially entered the semi-sacred state.

This fate is a very coincidence.

"Believe it or not, this seat has already done it, Si Konghao, you will be obedient." Mo Yuanbai snorted coldly and leaned forward.

"Great Elder."

The Deputy Pavilion Master Wenchang and the others were all panicked. If the Great Elder was captured, they would definitely be over, because as long as the Great Elder was searched for their souls, then everything they did would naturally be known by the Lord Pavilion.

"The Lord Pavilion is merciful. There must be a misunderstanding. Please give the elder a chance." Wu Zhen and the others also pleaded with one another. They couldn't bear to see the elder being searched for their souls. They still didn't believe that the elder would betray Dan. Ge, just like they saw Qin Chen in the Heavenly Fire Palace, they still didn't believe that Situ Xingzhou would betray Dan Ge

same.

But Mo Yuanbai completely ignored them, and no one could change what he believed. "Hahaha, I never thought that Sikonghao worked so hard and struggled for so long, but it was still not as good as you." Sikonghao's mouth was bleeding, and suddenly he burst into laughter, his eyes showed a crazy color, and he hissed: "Mo Yuanbai, You think so

Can you eat me? "

boom!

A dash of monstrous magic aura suddenly surged from Si Konghao's body, and the terrifying magic swept out, setting off his whole body like a demon, the aura on his body was soaring like a demon god.

This is the power of alien demons.

Mo Yuanbai's eyes were cold: "Sikonghao, you really took refuge in the alien demons!"

"Hahaha. What's the matter?" Sikonghao looked at Mo Yuanbai grimly.

Everyone on the court was stunned by this scene.

Pedal.

Many people stepped back in shock and lost their souls.

If they still couldn't see that Si Konghao had taken refuge in the alien demon race, it would be impossible to become such a powerful alchemist.

But why, Sikonghao is already the Great Elder of Pill Pavilion, why should he seek refuge in Misty Palace, or alien demons.

"Why?" Mo Yuanbai said solemnly.

This is what he didn't understand.

"why?"

Sikonghao laughed up to the sky, "Mo Yuanbai, how dare you ask why? Do you know how much effort I put in to become the pavilion master? How much sweat did I shed?" "For this pavilion master, Since the day I joined Danta, I have worked hard and diligently. I finally got the qualifications to inherit the pavilion master. Who knows, in the end, you turned out to be born and took the pavilion master position from me. , I hate it!"

[Chapter 2299: Magic Fusion](#)

The corner of Si Konghao's eyes dripped with blood, his face was extremely hideous.

"Back then, the position of the pavilion master was clearly mine, but why, why did it have to be passed on to you."

He was unwilling, he was angry, he screamed.

To vent this grievance that has been suppressed for hundreds of years.

Mo Yuanbai shook his head: "Because of this?" He said coldly, "The position of the pavilion master is decided by the previous pavilion master and the elders. Since they chose me, then they think that I am more suitable for them. Willingness, not to mention, although you did not become the pavilion master, I also recommend you to become the chief of the Dan Pavilion

The elders are in charge of the elders and the law enforcement hall. In recent years, I have rarely managed Dange affairs. You are already the most powerful person in Dange. Why do you not want to? "

"Hahaha, great elder, am I rare?" Sagong Hao said grimly: "I need what you call a reward, yes, I have become a great elder, under one person, above ten thousand people, but what about it? The key choice, as long as you leave the customs and open your mouth, the whole Dan Pavilion will follow your will.

Zhi, at that time, what am I? "

"Furthermore, you don't care about Dange's future at all. You are all in retreat. Only me, who is Dange, can only grow under my leadership."

Sikonghao screamed hysterically.

"That's the reason why you take refuge in Misty Palace and alien demon race?" Mo Yuanbai shook his head, his eyes cold: "For the so-called power, you are willing to be a running dog of an alien race. It would be fine if you just joined the Misty Palace. , But you dare to collude with alien demons. It can be seen that your so-called reason is just that you whitewash yourself

My excuse is nothing, for my own purposes, without compromise, what qualifications do people like you have to become the Lord of the Dan Pavilion? "

After that, Mo Yuanbai shot again, and the heavens and worlds burst into light, and suddenly the world changed, and the surrounding scenes all changed, and everyone seemed to have come from the Dan Pagoda into the vast starry sky.

"The cage of ten thousand worlds!"

Endless stars bloom, turning into a cage, enveloping Sikonghao.

"Drive me!"

Si Konghao was full of devilish energy and roared to the sky. He suddenly protruded his hands like gods and demons, trying to tear the cage of ten thousand worlds, and the endless starlight trembled and violently trembled in his palm.

"This is... the art of melting demons, this Si Konghao has already become demonic."

Lao Yuan sighed in the jade disc of good fortune in the universe.

Although this method can greatly increase Si Konghao's power, it will corrode his mind and make him a zombie who only knows how to kill.

"Little dust, do we want to go up and help." Looking at the trembling and violently roaring light of the ten thousand worlds, Emperor Jijing Dan and Situ Xingzhou were frightened.

Qin Chen shook his head: "Give it to Mo Yuanbai, if he can't solve even a traitor in the alchemy pavilion, he is not qualified to continue sitting in the position of the alchemy pavilion master." Sure enough, facing Si Konghao With the constant impact, Mo Yuanbai's expression remained unchanged. He squeezed his hands, and immediately bursts of flames from the sun surged out of his body, and bursts of flames were suspended in the air. Blessed

Next, a large flame formation was formed around Si Konghao.

This trace of flame power kept burning Si Konghao's devilish energy, and in the sneer, he consumed Si Konghao's devilish energy.

"This Liyang Fire is really strong."

Qin Chen exclaimed, the fire of Liyang is the legendary sky fire, and a trace of spiritual wisdom has already been born. Under Mo Yuanbai's urging, its power is terrifying, even if it is only a little weaker than Qinglian Demon Fire. .

Of course, the Fire of Liyang is not the strongest flame in the Heavenly Fire Palace, and it also has some gaps compared to Youkong Ice Flame. However, the most terrifying thing about Skyfire is its growth. The same Skyfire has different ultimate achievements in the hands of different people. It is not a strong person who is always strong, but like a warrior, through continuous training. , The same can

Enough to change fate. "Little dust, although the Liyang fire of the Lord Pavilion Lord is strong, it seems that it can't burn a semi-sage master." Situ Xingzhou worried. Although Sikonghao's cultivation has not entered the semi-sage realm, he has cultivated. The art of melting magic

In his body, he has raised his power to this level in a short time. If he breaks through, it will be troublesome. "Hehe, Mo Yuanbai didn't want to burn Sikonghao with the fire of Liyang, but was refining him. The power in Sikonghao, after all, was only an external force and could not last at all. If this fight continues, he will undoubtedly lose." Qin Chen smiled and said, he saw

Naturally more.

Refining? Everyone was shocked and looked at it. It was true that Mo Yuanbai did not forcibly attack Sikonghao after using the Liyang Fire. Instead, he formed a large flame array with countless Liyang Fires, combining the light of the heavens and the ten thousand realms, This piece of void becomes one

A pill furnace, and Sikonghao was used as the elixir in the pill furnace, refining.

These methods made Jijing Dandi and others dumbfounded and dumbfounded.

Lord Pavilion Master deserves to be Lord Pavilion Master, who uses the strong as a pill to refine, which is simply... God.

Qin Chen couldn't help but smile, and Mo Yuanbai's growth really shocked him. The weak and unyielding young man of that year has finally grown up.

Si Konghao hadn't understood Mo Yuanbai's intentions at first, but gradually, he also understood, and he was immediately frightened. If he continues to refine like this, he will undoubtedly die.

In fright, he shot frantically, trying to break through Mo Yuanbai's light of ten thousand realms, but it was useless. At this time, he was like a beast entering a dead end, fighting a trapped beast.

After a stick of incense, Si Konghao's devilish energy was finally completely refined. Bang, his whole body was scorched, and he screamed. Under the terrifying fire of Liyang, the meridians in his body were burned and broken, and one head fell down.

Mo Yuanbai didn't kill him directly, he could learn more information from Si Konghao.

Hum!

The void changed, everyone who was in the starry sky seemed to have returned to the Dan Pagoda once again, while Si Konghao lay on the open space in front of the Tianhuo Temple, scorched and unclear.

"not good."

"Run."

The deputy pavilion master Wenchang, Tianfeng Medicine Emperor and others had numb scalp and rushed out of the pill pagoda, but they were instantly suppressed by Mo Yuanbai. "Situ Xingzhou, from now on, you will be the great elder of my Dange, Emperor Jijing Dan, you come to serve as the head of the law enforcement hall, and Ouyang Hongguang, this seat appoints you as the first deputy head of the Dange, Emperor Yinyue Dan, you serve as the second deputy chief, you

Immediately interrogate Wenchang and others to clean up the remnants of our Dan Pavilion. "

"I hope that within a day, I will return my Dan Pavilion a brilliant universe and take down all the rebels."

Mo Yuanbai acted resolutely and ordered the first time, murderously.

"Yes!" Situ Xingzhou and others saluted respectfully.

[Chapter 2300: Big cleaning](#)

After Mo Yuanbai gave the order, Situ Xingzhou and the others, who were given the order, immediately got ready to go.

Soon, in the pill pavilion, many pill pavilion powerhouses led by Situ Xingzhou and others were dispatched one after another. Teams of masters, like a mighty army, instantly entered the Xue family and other families.

"Who are you? Do you know whose property is here? Do you all want to die?"

Among the Xue's shops, some of the Xue's guards hadn't figured out what was going on. They had always been arrogant when they saw that someone dared to run wild in their Xue's shop, and they said in anger, extremely arrogant.

"Huh, the Xue family? There will be no Xue family anymore, all of them are taken for me."

But these guards will not heed the clamor of these people, and they have made strong shots. Anyone who dares to resist will be killed. If they don't resist, they will be quickly taken into the Dan Pavilion Sky Prison and be strictly guarded.

Seeing that many Xue's shops in Pill City were shut down, the whole Pill City was covered by a layer of clouds.

After some people wanted to leave Pill City and didn't want to get involved in such disputes, they found that the entire Pill City formation had been opened. Without the order of Pill Pavilion, no one could leave Pill City.

For a time, countless people in Dancheng didn't know what had happened, and they were all panicked. Fortunately, the Dan Pavilion had already issued an announcement at the first moment when it blocked the Dan city, telling the whole city: Dan Pavilion elder Si Konghao, deputy pavilion master Wen Chang, and Tianfeng Yaodi and other Dan Pavilion elders and powerful people, Collusion between the alien demons and the Misty Palace, for the curse

, Was seen through by Lord Mo Yuan Bai Pavilion, and confiscated on the spot, no one was allowed to hide people from these forces, otherwise, it would be against Dan Pavilion.

As soon as the news came out, the entire Dancheng was in an uproar.

Is this going to change?

The Xue family and other families are the dignitaries of the Dan Pavilion, the top few big families, the size of the industry under their command is simply unimaginable, not to mention the fact that the master of the White Pavilion does not appear all the time, and the elder Sikong Hao is in charge of a very strong part of the Dan Pavilion. that power.

Such a force actually colluded with the alien demon, this is obviously huge news for Pill City.

boom!

One stone stirred up a thousand waves.

While many people were shocked, they were shocked, and at the same time the news from the Holy Land of Blood rang out, shocked. Of course, there are also some businessmen who are very savvy. After all, the Xue family and other forces have grasped a large part of the market in Pill City. Once the Xue family and other forces fall, the pill pavilion will inevitably be severely injured and require many pill agents. is not it

Is there such a chance?

For a time, everyone had different ideas, and the entire Dan City was extremely chaotic. Mo Yuanbai was also extremely angry. After torture and soul search, he realized that the current alchemy pavilion had decayed to what extent, and the entire alchemy pavilion had close to a quarter of the power.

Already took refuge

Sikonghao.

A full quarter.

It should be noted that in the alchemy pavilion, the vast majority of alchemists do nothing. Many elders concentrate on studying the alchemy and refining in retreat. They will not be mixed into the management of the alchemy pavilion.

But even in this case, Si Konghao had corroded a quarter of his power. If it hadn't been for Master to wake him up, in time, I'm afraid the entire Dange would have to change its name.

The only good news is that although the great elder Sikonghao is less than one person and more than 10,000, he controls the elders and the law enforcement hall. The law enforcement hall is responsible for penalties. Although it is powerful, it is not responsible for Dange management. The same is true for the elders. The elders are involved in the important affairs of Dan Pavilion, but he, as the pavilion master, will know about any major affairs. Therefore, Si Konghao cannot be so blatant. Everything depends on Wenchang Deputy Pavilion. Main interest

Use your own deputy cabinet master status, but operate.

However, there are three deputy pavilions in the Dan Pavilion, and Ouyang Hongguang himself is on the side of justice. Although Emperor Yinyue Dan is not very shrewd, he is diligent and diligent, and has not been corrupted by the deputy pavilion leader Wenchang. This saved the biggest foundation of Dange.

For this reason, Mo Yuanbai also let out a cold sweat, extremely angry.

In his anger, he directly ordered that the main figures, including the deputy chief of Wenchang, were all subject to capital punishment.

For a time, people's heads rolled and blood shed all over the ground, and the entire Xue family was uprooted, causing a sensation in Dancheng.

The entire Pill City was sealed off for three full days, and countless traitors were captured and wiped out. Three days later, Pill City opened the formation, and the news spread quickly throughout the martial area at an astonishing speed.

boom!

The major forces in the Martial Domain were in an uproar, and they were all shocked.

Although the Dan Pavilion had blocked what happened in the Dan Tower, the influence of this incident was too great, and there were too many pharmacists present at the time, and it was impossible to completely block it. What about Qin Chen's news? Can you hide it?

Qin Chen, that Qin Chen again.

Everyone was dumbfounded and dumbfounded.

First it was the Holy Land of Bloodlines, and now it was the Pill Pavilion. How many powers does Qin Chen want to bloodbath? Which power is next? Qidian, or who?

And the announcement issued by Dan Pavilion was shocking. Even the Great Elder Dan Pavilion and Deputy Pavilion Master Wenchang were subdued by Misty Palace and Alien Demons. What about their other forces? Will there be spies from Misty Palace?

For a time, the major forces were panicked and all feared, and they carried out strict inspections.

In fact, these forces think too much. Bloodline Holy Land and Pill Pavilion are both the top forces in the continent. The strong are like clouds. Every word and deed affects the situation of the entire continent. Shangguan Xi'er will naturally place a dark child and secretly manipulate it. As for the ordinary forces in the Martial Domain, even Are those who embrace

There is a giant Emperor Wu, even the frontline forces of Emperor Wu, not necessarily able to attract Shangguan Xier's attention.

For these ordinary forces, Misty Palace has always used only one method, and that is to use the Hall of Law Enforcement to control it. It is enough for those who follow us to prosper and those who oppose us die.

After the Pill City was cleaned, it was rejuvenated, but after solving the problems inside the Pill Pavilion, Mo Yuanbai and Qin Chen had already left the Pill Pavilion and rushed to Wanbao Tower before the matter was finished.

Qin Chen believed that once the news of the Dange came out, because the bloodline holy ground and the Dange were pulled out one after another, Shangguan Xier would inevitably order the dark children of other forces to hide them or destroy the inside of the major forces.

There are also friends of Qin Chen such as Wang Qiming in Wanbao Building, who are very likely to be in danger.

Today's Pill Pavilion is temporarily in charge of Situ Xingzhou, while Zi Xun and others were sent to Tianlei City by Emperor Polar Mirror Pill to join the black slaves. In fact, just as Qin Chen expected, after the news of the Pill Pavilion came out, Zhu Zi Shen and others in Wanbao Tower were ordered by Shangguan Xi'er to initiate a lore on Wang Qiming and others in Wanbao Tower. one strike.
