

## Valkyrie 2301

### [Chapter 2301: Mohunxiang](#)

As night fell, in the mansion where the deputy host of Wanbaolou Zhuzi Shen was located, several high-level Wanbao buildings looked nervous. "Vice-hosts, now that the Bloodline Holy Land and Pill Pavilion have fallen, what should we do? I heard that now the building is also ready to secretly investigate whether there are spies from Misty Palace. I have framed those dust truths before. Ge's kid, being targeted

I am afraid that the probability is extremely great. "

Emperor Tiannan Wu was worried and anxious.

After the news of the Holy Land of Blood came out, he was extremely nervous, and now that he heard that even Pill Pavilion had also been captured, the anxiety in his heart can be imagined.

Zhu Zishen also looked sad. Although he was the deputy host of Wanbaolou, he might not be exposed.

"Now I don't know what to do, but the Lady Empress also understands our difficulties, and only asks us to capture a few brats in the Chendi Pavilion. As long as we hold those brats, it is a great achievement."

"But now those few boys all live in the Valley of Martial Sword Emperor, and are protected by Emperor Red Luan, Emperor Xuanbing and Emperor Wu. With our strength, I'm afraid..." Tian Emperor Nanwu was worried.

The philosophers said: "The Lady Empress has said that someone will come to help me wait, but the other party has not appeared yet."

"Are you here to help us? Who is it?" Tiannan Emperor Wu was taken aback.

"It's this seat."

At this moment, an indifferent voice sounded, and at the same time, a dark shadow appeared in this mansion at some point.

"who?"

Zhu Zi Shen and Emperor Tian Nan Wu were shocked and hurriedly stood up.

When I raised my head, I saw this dark shadow slowly emerging in the darkness, revealing an old face.

"Master Wolong!"

Seeing the people coming, Zhu Zishen and Emperor Tiannanwu were extremely shocked, with amazement on their faces and ecstasy.

The visitor turned out to be Wo Longsheng, the oldest Taishang elder in Wanbaolou. Wolongsheng is the oldest Taishang elder of Wanbaolou. He has a very high status in Wanbaolou, second only to the host. Although Zhu Zishen is the deputy host of Wanbaolou, he is in charge of many affairs of Wanbaolou, but in terms of status, Better than Wolong

It's much worse.

Back then, Wolongsheng and Shouyuancheng of Wanbaolou competed for the position of the host, and finally failed. Since then, they have lived in Wanbaolou and rarely appeared. Zhu Zishen and others did not expect that the elder of Wolongsheng was also a female emperor. Adult people.

If Wolong is born with Taishang elders, the probability of their success is much higher. With Wolong's ability to grow and grow old, it is possible to restrain the Martial Emperor Crazy Blade, and it becomes easy for them to kill Wang Qiming and others a lot of.

"Meet Master Wolong." Zhu Zishen and Emperor Wu of Tiannan hurried forward to salute.

"Get up all." Wo Longsheng directly sat down on the front chair: "In addition to this seat, the Empress also dispatched a strong person for the first time. It should be here now."

"Jie Jie Jie, I will have arrived long ago."

A cold voice suddenly sounded in the hall, and then, a wave of demonic energy emerged in the hall, and several ghosts with terrifying aura suddenly appeared in the hall.

It is a few alien demons.

"You are the pawns of the Empress in Wanbaolou? Such a group of powerful people can't handle even a few children. It's really incompetent."

The leader of the alien demons looked gloomy, glanced at Wo Longsheng and others, with a disdainful tone.

Wo Longsheng was unhappy, but he also knew that he would rely on these aliens next, so he had to say in a deep voice, "It turns out that it was a few aliens who came here. This is considered polite for this seat."

"Don't talk nonsense, this seat is named Qimodo, and it is the leader of this operation. You only need to take me to the location of the valley of the sword. The Empress said, those disciples must be captured alive. "The alien demon said solemnly.

"Why is this?" Zhu Zishen and others couldn't help but wonder. Although Wang Qiming and others are extremely talented, if you want to get news from them, you only need these alien demons to search for their souls, right? You want to get back alive, do you want to pass these people

Threatening the Lord of Thunder City that day?

"You only need to execute it. You shouldn't ask, don't ask." Qimodo snorted coldly.

Naturally, it would not say that, after investigation, the Empress Master had determined that several disciples of Wanbaolou had also entered the Ancient Southern Capital Examination, and they were very likely to possess the sacred objects of their alien demons.

If the information is true, then the usefulness of these people is too great, whether it is for their alien demons, or for the female emperor, they are extremely important things.

Wo Longsheng said solemnly: "Several people, when should you start?"

"Just tonight, so as not to have many dreams at night." Qimodo said.

"Tonight?" Wo Longsheng's eyes sank and frowned, "Is it too hasty? Blade Valley is in this Wanbao Mountain Range. Once the battle starts, it will inevitably alarm the strong of Wanbaolou. If you are not prepared properly, I'm afraid I'll run away once I'm found

Difficult. "

Wo Longsheng naturally knew the true strength of Wanbaolou, and he was quite worried.

"Hmph, hesitating is probably the real danger." Qimodo snorted coldly, "We are running out of time, so we will act tonight. As for the so-called Martial Sword Emperor and others, we will naturally have a solution. ."

Since Qimodo has said so, it's natural for Wolong to give birth to a few people before refuting it.

Soon, several people were dispatched one after another, sneaking into the dark night one by one, and swiftly heading to the place of the knife valley.

Knife Valley is not far from the Wanbaolou headquarters in the Wanbao Mountains. It is an extremely ordinary valley with only a few thatched huts and very simple facilities.

But because Emperor Wudi of the Crazy Blade lived in seclusion here, the Valley of the Blade has also become a famous place in the martial arts.

Qimodo was extremely fast, and after only two hours, they had already arrived outside the Valley of the Blade.

"This is it."

Several people took advantage of the darkness, lurking outside the valley of the knife, looking at the thatched huts in the valley, their eyes flashing cold. Na Qimodo was lingering demon aura. In the doubtful eyes of Wo Longsheng and others, a black ball suddenly appeared in his hand, and a trace of magic penetrated into it. Suddenly, an invisible aura exuded from the black ball. The valley

Slowly drifting away.

"this is....."

Wo Longsheng took a breath of air, and he could feel that this invisible breath was silent, but it was very strange. It could affect his soul and gave him a feeling of horror. "Hey, this is the demon soul fragrance of our alien demon race. It can numb the soul. Even if we alien demon race people smell it, we will fall into sleepiness. As for you humans, let alone what, what No matter how high the cultivation base is, the Emperor Martial Blade

As long as the smell is a little bit, you will fall into a coma and will not wake up. "Chimodo said proudly.

"And these other treasures."

Zhu Zi Shen and the others were shocked secretly. No wonder Qi Modo is so sure that with this treasure, he is still worried that Emperor Martial Sword and them can't be solved? "Hey, solve the guys here first, and then go to your Wanbao Lou headquarters." Qimodo snorted, dealing with these humans is too easy.

## [Chapter 2302: trap](#)

The invisible magic soul incense penetrated into the valley, and soon the whole valley fell silent, and even the sound of insects disappeared, and the whole valley seemed to fall into a dead silence.

too frightening. Zhu Zi Shen and the others were frightened. They were sure that if they were in this valley, without precautions, they would surely be quietly infiltrated by the magic soul incense. When that time comes, he, a giant martial emperor, might be in an instant. Lose strength

, Become the prey of this alien demon master.

"Okay, it should be almost done." Qimodo smiled, put away the black ball, and then drifted silently into the valley.

Near the huts in the valley, there was no movement at all, and a few people approached, not disturbing anyone at all.

This shocked Zhu Zi Shen. The cultivation of Emperor Wulong of the Crazy Blade was even jealous of the elders of Wolong Shengsheng. He didn't expect them to enter the valley easily now, and it did not arouse the alarm of Emperor Wulong and the others.

"You guys, go and kill the Martial Sword Emperor and the others. I'll go find those guys. Remember, hurry up. After killing these guys, we have to go to Wanbaolou headquarters." Qimodo said coldly. Since the Wanbao Building cannot be controlled, the Wanbao Building will be destroyed. Once the souls of so many powerful people in Wanbao Building are swallowed by them, hehe, their cultivation base will surely recover a lot again, maybe, there are still a few more to be found. Better

The body is not necessarily. As for the geniuses of the Chendi Pavilion, I heard that these people have entered the ancient southern capital inheritance and obtained the parasitic seed of the Chaos Demon Nest. This parasitic seed can not only parasitize the human body, transform the human body, and treat them differently. In terms of nothing

Than a powerful holy thing.

"Yes!"

Zhu Zi Shen respectfully said, he obviously also knows what Qimodo and the others went to Wanbaolou, and they will definitely fight against Wanbaolou, but at this point, they have no turning back.

A group of people quickly came to the thatched hut, feeling that Emperor Wudi Crazy Blade and the others were fainting in the thatched hut without any sound.

"Emperor Crazy Blade, Emperor Martial Blade, I didn't expect you to have today."

Zhu Zi Shen said coldly in his heart, if it wasn't because Emperor Martial Sword prevented him from planning his plans against Wang Qiming, he would have already completed the task of the female emperor, how could he have waited until today.

Zhu Zi Shen felt fierce in his heart, and a battle sword suddenly appeared in his hand, and he slammed towards the mad sword Emperor Wu in the thatched house.

Seeing that his battle sword was about to hit the Emperor Martial Sword, the Emperor Martial Sword who had closed his eyes suddenly opened his eyes.

Huh! He suddenly shot two divine lights in his eyes. I don't know when a war knife appeared in Terror's hand, and a bang blocked Zhu Zishen's war knife, and a terrifying sword intent surged, Zhu Zishen was directly shocked. Go out, puff is spray

A mouthful of blood.

"What? Emperor Martial Sword, you..."

Zhu Zi Shen looked shocked, and at the same time, there was a sound of fright and anger, and Emperor Tiannan Wu and others.

boom! The thatched huts suddenly burst open, the sky lingered with frost, and at the same time there was a scorching fire scent rising into the sky. The Hong Luan Emperor Wu, Ba Jue Wu Emperor, Xuan Bing Wu Emperor and others who were supposed to be in a coma, did not fall into a coma and violent. Shot, will

Zhu Zi Shen and others were caught off guard.

Zhu Zi Shen and others were shocked, how could this be possible? The Demon Soul Incense of the Alien Demon Race didn't work?

"Zhu Zishen, you are indeed the traitor to my Wanbaolou. As the deputy host of the dignified Wanbaolou, aren't you ashamed to betray Wanbaolou and seek refuge in the Misty Palace?" Crazy Blade Wudi said coldly with cold eyes. "And you, Wolong was born to the Supreme Elder. I never thought that you were also a member of the Misty Palace. As the Supreme Elder, you have everything you need in Wanbao Lou. What is there to be dissatisfied. You colluded with other races, betrayed Wanbao Lou, and betrayed humanity. The sin deserves death.

"

Mad Sabre Wudi gritted his teeth and said, his whole body was fighting.

boom!

A mighty war knife phantom rushed straight into the sky, illuminating the dark night.

On the other side, after Qimodo blasted open the thatched huts, he found that the thatched huts were empty.

"No, I'm in a trap."

Wo Longsheng's heart sank, he reacted immediately, and his heart sank to the bottom.

The Crazy Blade Emperor Wudi and the others who should have been comatose were not comatose.

"Emperor Martial Sword, did you know that I was waiting?" Wolong said coldly.

"Otherwise, what do you think?" Mad Sabre Wudi looked disappointed: "I thought it would be someone else who betrayed Wanbaolou, but I never thought it would be you Wolongsheng."

"Just relying on you guys, do you think you can stop me from waiting? Come on, where are those few Chendi Pavilion boys?"

The most irritated among the crowd was Qimodo. It was lingering in the dark devilish energy, and its breath surged rapidly, and it was extremely angry.

In its eyes, Emperor Wudi Crazy Blade was nothing.

"Alien demons!"

The four Emperor Martial Swords stood proudly together, coldly staring at Qimodo. It was the first time that they had seen an alien race.

"Too nonsense, as long as I kill you, I won't believe you can't find those boys."

Qimodo's figure flickered, and suddenly turned into a black shadow to appear in front of Emperor Martial Sword Crazy, booming, endless magic burst out, turning into a dark sky, covering the valley, Qimodo grabbed the Emperor Martial Sword with a palm.

At the moment it shot it, oooooo, a howling ghost sounded, accompanied by a terrifying mental impact, instantly flooded into the mind of Emperor Martial Sword Mad Saber.

There were countless pictures of corpse mountains and seas of blood suddenly appeared in the mind of Emperor Martial Blade, endless ghosts were howling, impacting his soul.

This is the soul attack of the alien demons.

Moreover, Emperor Martial Sword has fallen into the dark realm of Qimodo, in this realm, Qimodo is the \*\*\*\* of this world.

The domain of the alien demon race is much more terrifying than the domain of the human Emperor Wu, because the domain of the alien demon race comes with a soul attack, and it is indeed stronger than the human Emperor Wudi to some extent.

"Hehe, dealing with such a small human Martial Emperor like you, it's not easy to catch it." Qimodo sneered in his heart. It is really confident and proud. It can be sent to this Wanbao building by Shangguan Xier. Its strength must be extremely terrifying. Yes, compared to Yemosh, he didn't do much, but he was one of the top high in the demons.

hand.

Moreover, it wakes up early enough, and its cultivation base has recovered more.

From its point of view, it was easy for Emperor Wudi to win the mad sword.

But just as its palm was about to grasp Emperor Wudi Crazy Blade, a terrifying sword intent suddenly burst out of Emperor Wudi Crazy Blade.

Boom, the sword's intent soared to the sky, and even tore a trace of black realm, the mad sword martial emperor held the sword in both hands, the whole person was like a sword god, and he slashed out.

Boom! The sky is broken and the earth is split, like a knife that breaks the earth, blooming endlessly.

## [Chapter 2303: Host](#)

"Hey, this Human Race kid, can actually break through the dark realm of this seat?"

Qimodo was taken aback. Although Emperor Wudi of Crazy Blade was the pinnacle of the human race, the soul of Emperor Wudi of the human race was too far apart from their alien demons, and was not in the same order of magnitude.

Therefore, in Qimodo's view, Emperor Martial Blade couldn't break through its domain at all, but the result naturally surprised it.

In fact, the reason why Emperor Martial Blade was able to break open was because of his identity as a swordsman. The swordsman was different from ordinary warriors. Only a truly determined person could become the top swordsman.

Emperor Wu of the Crazy Sword is well-known among mainland swordsmen, so naturally he has two brushes.

It is a pity that even though Emperor Wudi of the Crazy Blade got rid of the impact of Qimodo's domain, he still failed to split this chaotic world. The endless black magic energy swept over, crazily entangled the sword in the hands of the Emperor of Crazy Blade, corroding the intent of the sword on it.

Although the sword intent of Emperor Martial Sword was strong, under the corrosion of Qimodo's devilish energy, it was constantly weakened and eventually became bleak.

His face changed slightly, the strength of this alien demon was really terrifying, the key is that the method was too weird. "Jie Jie Jie, kid, it's useless. You broke through the domain of this seat, but you can't really tear it apart. Even if the domain of this seat is the peak of your human race, Emperor Martial, you can't expect it to be damaged in the slightest. So, you still have to die, tut, like you

This kind of human race powerhouse can't like this one more, your soul must be very delicious, Jiejiejie.  
"

Qimodo Jiejie smiled strangely and rushed towards Emperor Wudi of Mad Saber.

Wo Longsheng, Zhu Zishen and the others sucked in air-conditioning. The strength of this alien demon was so terrible that even Emperor Martial Sword could not break through this person's realm, so what about them?

For a while, their hearts were chilling, but looking at Emperor Wudi's eyebrows, there was a cold light flashing, Emperor Wudi of the crazy sword fell, and there was no pity in their hearts.

Seeing that Emperor Martial Sword was about to die in the hands of Qimodo, suddenly, a sneer came from outside the sky: "A stranger in a small tone, the tone is very big, this broken field, this young man can easily tear it open."

This voice was misty and rumbling, causing Zhu Zi Shen and others to tremble wildly.

who is it?

Immediately, they saw an unforgettable scene. Above the endless sky, a huge palm appeared, as if the gods reached out his palm and pressed the cover down.

boom!

Crackling!

The palm of his hand has a radius of one hundred feet, and the light of thunder and lightning is lingering around it, like the \*\*\*\* of exterminating thunder, domineering and majestic, instantly tearing apart the dark realm of Qimodo.

puff!

Qimodo hadn't had time to react at all, the whole person was already stunned by the palm of his hand, swept away with his palm with extreme strength, Zhu Zishen and others vomited blood crazily, their internal organs almost burst, and they looked at the sky in horror.

Above the sky, a group of people appeared, and the leader was a young man with cold eyes and a grinning mouth.

On his left, there is an old man with eyes as deep as ocean, wearing a pharmacist robe, holding a circular space treasure, staring coldly below.

On the right, there is an old man wearing a purple robe, with gray beard and nearly a foot long, floating in the wind, with cold eyes looking down.

Seeing this old man, Wo Longsheng and Zhuzishen were taken aback and lost their voices: "My Lord."

The visitor was the current owner of Wanbaolou, Shou Yuancheng.

And behind Shou Yuancheng, there is a top powerhouse named Wanbaolou, with cold eyes and murderous aura.

"Wo Longsheng, Zhu Zishen, I didn't think you two had betrayed my Wanbaolou." Shou Yuancheng's eyes were cold, and his expression was extremely disappointed and angry.

"How are you..."

Wo Longsheng and Zhuzishen had incredible feelings in their minds, and then looked at the young man and the pharmacist next to him in amazement: "You are the Lord of Heavenly Thunder City Qin Chen, and the Lord of Pill Pavilion Moyuan Bai? "

"Haha, still smart." Qin Chen smiled faintly.

"Impossible, aren't you in Dan Pavilion? How come..."

"How come you came here so soon?" Qin Chen smiled: "This way, it's not far at all. Even foreigners from Misty Palace can arrive. How can I not make it?"

"But a few days ago you still..."

Wolongsheng is still unbelievable.

The news of Dancheng was only a few days away, and it was impossible to rush from Dancheng to Wanbao Mountain in a few days.

"A few days is enough."

Qin Chen sneered.

He had long expected Wang Qiming and the others to be in danger, so he rushed to the Wanbao Mountain Range as soon as he settled the Dan City matter.

If he was alone, he would naturally not be able to reach the Wanbao Mountain Range in such a short time, even if he controlled the space rules, it would be possible to arrive at least two days later. But Mo Yuanbai with the treasure of the Pill Pavilion is different from the heavens and ten thousand realms. When the Thunder Sea Mystery was opened, the Emperor Pill Mirror was able to reach the Thunder Sea so quickly because of the effect of the heavens and ten thousand realms. It is the treasure of space, with this treasure,

Qin Chen and Mo Yuanbai rushed to the Wanbao Mountain Range yesterday and set this trap.

"Shou Yuancheng the host, this young man didn't wrong your Wanbao Lou people, right?" Qin Chen smiled and looked at the Shou Yuancheng host.

"Thanks to City Lord Qin this time. If it weren't for City Lord Qin, the old man would have been kept in the dark. I didn't think that Wan Bao Lou had been infiltrated to this point by Misty Palace, and City Lord Qin would be jokes."

Shou Yuancheng looked down at Wo Longsheng, Zhu Zishen and others: "Er waits to be caught with nothing, or the old man should do it himself."

"go!"

Wo Longsheng and the others had no courage to stay at this moment, they rose to the sky one by one, and were about to flee here.

"Arrangement!"

Shou Yuancheng shouted angrily, and immediately countless Wanbaolou masters were dispatched one after another, and these powerful men quickly formed a large formation that surrounded the valley.

"A mere human, looking for death!"

Qimodo's heart was furious, and he rose up into the sky, lingering in countless black magic lights on his body, booming, and the terrifying magic light covered the sky and sun, and confronted the light.

This Qimodo is extremely powerful, coupled with several other masters of the alien demon race, actually shook the temporary large array composed of Wanbaolou to a violent roar, plus Wo Longsheng and others, in order to survive, crazy shots, the large array actually It shook violently.

"This alien demon is such a weird power." Shou Yuancheng frowned. The power of the alien demon is very different from the true essence of the martial artist of the Tianwu Continent, making Wanbaolou

powerhouses feel a little bit difficult. If this continues, I am afraid it will be great. The formation was quickly broken and lost the big formation, then they want to trap

Fang will inevitably be more difficult.

"Huh, kill!"

Thinking of this, Shou Yuancheng let out a cold snort, rushed directly into the formation, turned his eyes on Na Qimodo, and killed him like lightning. As long as Chimodo is taken, the rest is not a concern.

#### [Chapter 2304: Soul out of the body](#)

Boom!

Shou Yuancheng and Naqimodo fought together, endless divine glory bloomed, and the two men fought wildly, and they were evenly matched.

Shou Yuancheng became more frightened during the Vietnam War. He was already the top martial emperor on the mainland, but in front of this Qimodo, he could not take much advantage, especially Qimodo's soul impact, even for him, it was extremely difficult. .

Fortunately, he is located in the large formation arranged by the Wanbaolou strong, and coupled with his possession of many treasures, this can be invincible, but even so, Shouyuan is still shocked.

A powerful person from the alien demon race can be evenly matched with him. Once all the experts of the alien demon race are dispatched, the Tianwu Continent will inevitably fall into a disaster.

"Let me come."

Seeing that Shou Yuancheng couldn't take Chimodo in a short time, Mo Yuan's hands were itchy. Whoosh, he rushed directly into the battle group and blasted Chimodo with a punch.

"Huh? Another one, huh, do you think that more people can win this seat?" Qimodo sniffed.

"Pavilion Master Mo, be careful, this alien demon is very strange." Shou Yuancheng reminded.

"Haha, nothing."

Mo Yuanbai's face was calm, his fist turned into a big mountain, crushed.

"broken!"

Qimodo snorted coldly, his body turned into magic light and attacked, but when it hit Mo Yuanbai's fist, his face suddenly changed.

"What? This power..."

boom!

It was blown into the air by a punch, embarrassed, and the devilish energy on its body surged, as if it was about to break at any time, staring at Mo Yuanbai with cold eyes.

what?

Shou Yuancheng was also taken aback. He spent a long time and couldn't win Chimodo, but Mo Yuanbai sent the opponent flying with a punch, which was incredible.

But after he felt the aura on Mo Yuanbai's body, his expression changed. The aura on Mo Yuanbai's body gave him an extremely dangerous feeling, like a high mountain standing in front of him, so that he could only look up.

How is this possible? Mo Yuanbai is the master of the Pill Pavilion, but he is also the master of Wanbaolou, the top martial emperor on the mainland, even if there is a gap between each other's cultivation base, at most it is between the uncles. Even Shou Yuancheng is more confident in his own strength. , Because from Wanbaolou

Of him, the treasures on his body are far beyond ordinary people's imagination.

But at this moment, he changed color.

At this moment, Mo Yuanbai was like a god, standing high above him, looking down at him.

"Are you... a semi-sage human?"

Qimodo looked at Mo Yuanbai furiously, with an icy breath gleaming in his eyes.

Half holy?

Shou Yuancheng took a breath. Could it be that Mo Yuanbai has already entered that state?

Not only Shou Yuancheng, but also the faces of other Wanbaolou powerhouses, including Emperor Wudi Crazy Sabre, showed a look of astonishment, full of surprise.

"Foreign demons, there really are two things."

Mo Yuanbai frowned. If the normal Emperor Wudi was hit by his own punch, he would have been severely injured and vomiting blood, but this Qimodo, the magic light surging on his body, actually blocked it.

"Look at the fire of Liyang in this seat." Mo Yuanbai snorted coldly, and bursts of flames suddenly appeared on his body. These flames instantly illuminated the night like day, and the bursts of flames revolved around Mo Yuanbai's whole body is transformed into ninety-nine-eighty-one flowers, each one contains

Contains extremely terrifying power.

call!

These flames quickly rushed to Qimodo, surrounding him, and the strong flames began to frantically refine the alien demon aura on Qimodo.

"Sky Fire!"

Qimodo's eyes were solemn and hideous, his devilish energy surged wildly, and he strongly resisted the flame aura released by Mo Yuanbai.

However, the flame Mo Yuanbai released was the fire of Heavenly Fire and Liyang. Although Qimodo's devilish energy was extremely terrifying, he still could not withstand the attack of Liyang's fire and his devilish energy quickly dissipated.

"what!"

It screamed, with a hideous face, and roared: "Damn human race boy, if this seat has not been restored, how can it be the opponent of this seat."

"The devil disintegrates!"

Seeing that Qimodo was about to fall into Mo Yuanbai's hands, suddenly, it roared, and the whole person suddenly exploded. How terrifying is the self-detonation caused by a pinnacle martial emperor, the entire valley was roaring and shaking violently.

Moreover, a dark soul light suddenly rushed out of the large array, trying to escape into the void.

"Hehe, I want to leave in front of Ben Shao too, do you look down on Ben Shao too much?"

Qin Chen smiled faintly, his figure shook, he had appeared before this soul light, and grabbed the soul light in his hand, it was the soul of Qimodo.

Qimodo struggled fiercely in Qin Chen's hands, screaming in anger, but Qin Chen simply included it in the Universe Good Fortune Jade Plate and let Lao Yuan deal with it.

"Soul out of the body?"

When Mo Yuanbai and others saw this scene, they were thoughtful.

In the next moment, his figure moved again and rushed to several other masters of alien demons.

These alien demon masters are extremely powerful, and they are equivalent to the top martial emperor, but in front of Mo Yuanbai, they are not enough to look at them. With only half of the work, the remaining alien masters have been Mo Yuan caught it in white.

Boom boom boom!

At the moment of crisis, they blew themselves one after another, and their souls soared into the sky, wanting to escape here.

"Huh, condensed!"

Mo Yuanbai snorted coldly, squeezing his hands, and immediately, an invisible mental power formation formed and turned into a cage, trapping these soul lights in it.

Naturally, the spiritual power of an ordinary pharmacist could not trap the masters of the alien demon race, but Mo Yuanbai had already stepped into the semi-sacred realm, and naturally could not be judged by ordinary people.

"City Lord Qin." Mo Yuanbai immediately handed over the souls of these alien demons to Qin Chen.

In front of outsiders, Mo Yuanbai's name for Qin Chen must be reserved.

"It's over."

In the great formation, Wo Longsheng, Zhu Zishen and others saw this scene with bitter expressions. They knew that they were completely finished, and even the alien demons could not escape to death. With a few of them, they could not escape at all.

In the end, Wo Longsheng and others gave up resistance and were captured by Shou Yuancheng.

"Sorry, I let City Lord Qin and Pavilion Master Mo see the joke, but I didn't expect that the two of them have already..."

Shou Yuancheng stepped forward, smiled bitterly, and then took a deep look at Mo Yuanbai and Qin Chen.

The two semi-sacred realm powerhouses suddenly filled his heart with pressure.

by!

Has the outside world changed during his retreat in Wanbaolou? There used to be none of the semi-saint masters, but now two suddenly appeared, how can he accept it?

No, he has to slow down to digest the information.

"Haha, the Shou poster has thought too much, in fact, Qin is not a semi-sage powerhouse, he is still only the peak martial emperor cultivation base." Qin Chen smiled. He naturally knew what Shouyuan had become, so he comforted him.

#### [Chapter 2305: Goodbye old friend](#)

It's just Qin Chen's comfort that Shou Yuancheng's face is even more bitter.

If Qin Chen is a semi-sage master, he can still understand, who knows that he is only the pinnacle martial emperor, but the cultivation base shown before...

Is it that you have fallen behind?

Shou Yuancheng smiled bitterly.

Of course, he was also the host of Wanbaolou anyhow, and soon recovered his composure.

"The two, Wo Longsheng and the others even colluded with Misty Palace. The old man thought that it was not just them who had been exposed in Wanbao Tower. If there are more people coming, Rong Shou must leave first."

Shou Yuancheng was murderous, apparently he wanted to torture him severely, and start killing.

"Lord Shou, let's go and work, and I will pay a special visit tomorrow later." Qin Chen also understood what Shou Yuancheng meant.

"Mad Dao Emperor Wu, you guys will accompany Pavilion Master Mo and City Master Qin, I'm leaving."

Shou Yuancheng acted vigorously and resolutely. After the order went down, he immediately took Wo Longsheng and others to leave, and began to bloodbath Wanbaolou.

"Less dust!"

And this time.

Excited surprise sounded, and four figures rushed out from the darkness.

When these four people saw Qin Chen's excitement, their eyes flickered.

It was Wang Qiming, Di Tianyi, Leng Wushuang and Qin Ying.

Qin Chen looked at the four. Today's Wang Qiming and several of them are extraordinary in strength. Even the weakest Qin Ying has broken through the middle of the ninth stage, and Wang Qiming is approaching the mid-stage peak, and even faintly stepped into the giant Wudi. The momentum.

In just a few short years, a few people have achieved this level of cultivation. Although compared to You Qianxue and himself, it is still a lot worse, but compared to countless other Tianjiao powerhouses on the mainland, they are superior. Too much. Looking at the figures of the four, Qin Chen felt that everything seemed like a world away. His most bohemian youth was spent with the group of Wang Qiming. When he saw them, Qin Chen thought of being in the land of the Five Kingdoms. Southern Metropolis

.

I think back then, how immature my own was.

Today, Wang Qiming and the others are all wearing simple clothes, but the breath on their bodies is terrifying, like an abyss.

Time has allowed everyone to grow up, and everyone has become different.

"Less dust!"

Wang Qiming walked up excitedly, just like a bear hug.

Di Tianyi and Leng Wushuang also excitedly said, "There is less dust."

Back then, they were aloft, geniuses from the Dawei Dynasty, and Qin Chen was just an aboriginal in the land of the Five Kingdoms.

However, after the two experienced the first battle in the ancient southern capital, they were completely convinced by Qin Chen, willing to stand on the same front with Qin Chen. In retrospect, Hua Tiandu, one of the three most famous sons of Liuxianzong, had long since disappeared. However, the two of them broke out all the way from the Dawei Dynasty and entered the land of a hundred dynasties. Went to the northern sky,

Until now he joined Wanbaolou.

All of this was brought by Qin Chen.

If it weren't for Qin Chen, I'm afraid they are still struggling hard in the land of the hundred dynasties. Even if they have entered the realm of King Wu, but have lost such a huge stage, they will at best be King Wu of the pinnacle.

"We haven't seen you for many years, and you all have become stronger."

Qin Chen looked at Wang Qiming and the others with a smile on his face.

"Sister Ying." Then, Qin Chen's gaze fell on Qin Ying, who looked at Qin Chen with great excitement.

"Qin Chen, it's fine if you are fine, sister Ying is worried about you." Qin Ying's eyes were tearful.

After hearing the news that Qin Chen had fallen in Guyu Realm, she almost collapsed.

"Sister Ying, isn't it okay for me, but you guys make me very worried!"

Qin Chen said with a smile.

Seeing Qin Ying, he thought of life in the royal capital of the Great Qi Kingdom, thought of his mother, and thought of Qin Ying always protecting himself at that time.

But now, there is no news about his mother on the mainland, making Qin Chen quite worried.

"Thanks to Master and their protection, otherwise..." Wang Qiming took a deep breath and said bitterly.

If it weren't for the asylum of Emperor Wudi and Kang Sitong, they would definitely have to suffer in this Wanbaolou, even if they were murdered by Zhuzi Shen's deputy host.

"Thanks a few."

Qin Chen immediately turned around and bowed to the people of Emperor Wudi Crazy.

"Don't be polite."

The four of Emperor Wudi hurriedly responded. If Qin Chen was also a junior, that would be fine, but now Qin Chen is the Lord of Heavenly Thunder City, so naturally they dare not accept this gift.

"Wang Qiming and the others are our disciples, so naturally we have to take shelter, not for your Excellency." Mad Sabre Martial Emperor said.

"That being said, Qin Chen still remembers the great kindness of you all." Qin Chen said seriously.

"Why don't everyone go down and talk." Mo Yuanbai smiled.

A group of people quickly came to the valley and found a place to sit down. The valley was a bit dilapidated after a battle, but the Emperor Martial Sword lived here all year round, and bursts of sword intent were faintly exuding all around.

"The Emperor Martial Sword is indeed well-deserved, and the intent of swords fills this valley."

"Where, it's just that the Banmen is making an axe." Emperor Wudi hastily said.

He was also on the side in the previous battle. In front of the two people, one was the Lord Dan Pavilion and the other was the City Lord of Thunder City. Moreover, each of them had semi-holy power. Even the Lord Lord was extremely respectful, so he naturally did not dare to be rude.

Emperor Martial Sword is arrogant, but he is just like that, he is not stupid. Facing such a powerful Qin Chen, he will naturally not be rude.

"Look at a few of them, they all have some dark diseases. If I don't dislike them, I can treat them for a while, so that they can get rid of the dark diseases."

The Emperor Wu of the Crazy Blade took out the treasured drink, and the two parties chatted for a few words, Qin Chen immediately smiled.

The Martial Emperor of Crazy Blade was suddenly surprised, and suddenly stood up and said, "Then thank you, City Lord Qin, and Pavilion Master Mo."

They have dark illnesses on them, they naturally know, but they are all old wounds that have lasted for many years, and it is difficult to heal. Even if they are worshipped by Wanbaolou, they can get many treasures, but not all problems can be solved.

And these dark diseases actually restricted their growth. Now that Qin Chen said that he would solve them for them, how not to be surprised. You must know that Qin Chen is the disciple of the legendary Pochen Martial Emperor, and Mo Yuanbai is the pavilion master of the Dan Pavilion. Although their status is noble, they are not strong enough to allow the pavilion master to heal their injuries. This unexpected joy made several people excited

Endlessly.

"It's just a small effort." Qin Chen smiled slightly: "I think that several people stuck in the realm of Emperor Wudi are largely due to dark diseases of their bodies. It should only be a matter of time before the dark diseases are repaired and they enter the realm of Emperor Wudi. "

Qin Chen only glanced at the three of Emperor Hongluan Wu and saw the problems in their bodies. Emperor Hongluan and the others were dedicated to protecting Wang Qiming and the others, and Qin Chen wanted to give them back.

#### [Chapter 2306: Learn to teach](#)

And Qin Chen's words naturally made Emperor Wulu and others more excited.

They have been stuck in the realm of the giant Emperor Wu for quite a few months, but they couldn't break through the realm of Emperor Wu of the peak. Now listening to Qin Chen's words, the ecstasy in his heart is almost beyond restraint. "That's right." Qin Chen looked at Emperor Wudi Crazy again: "I heard that Emperor Wudi Crazy is a top-notch swordsman. He has an infinitely powerful hand with a nirvana mad knife. Qin is also doing a little research on destroying one. Achievement, it's better to take this opportunity to learn, how

? "

The Emperor Martial Sword looked at Qin Chen in amazement. Qin Chen was treating them for their dark diseases. He would naturally understand that he was repaying and helping them. But what was the reason for discussing with him? Is it because you want to use the name of a discussion to point him?

Although Qin Chen has an extraordinary cultivation base, he can practice swordsmanship, and he is one of the top powerhouses among the mainland swordsmen today. What can Qin Chen teach him as a swordsman?

Proudness naturally appeared in the heart of Emperor Kuangdao Wu.

Although he respected Qin Chen, he didn't think that Qin Chen was better than himself in the way of destruction.

"What? Brother Mad Saber unhappy?" Qin Chen said with a smile.

He deliberately discussed with Emperor Martial Mad Saber and gave some pointers to the opponent, but if the opponent was unwilling, Qin Chen would not force it.

"Since the city lord Qin has the heart to discuss, this emperor is disrespectful."

Regardless of the other party's purpose, Emperor Wudi Crazy Blade didn't think that Qin Chen would lose him. He hesitated, then smiled and agreed.

Qin Chen's strength is above him, and he can at least learn a lot of things through discussion. "Haha, that old man is just waiting to watch the show." Mo Yuanbai laughed from the side, and said with a hehe in his heart: This crazy sword martial emperor thought that Master's kendo was cultivated, so he couldn't give him pointers, hehe, Master's. The method is this crazy sword

Emperor can understand.

The two people did not deliberately choose other places for the competition. This time, the two discussed that they did not use true essence and spiritual power, and only used the sword and sword skills to compete, and the scope could not be too large.

Above the valley, the two stood 100 meters apart.

Below the valley, Wang Qiming and others watched excitedly.

"Brother Xuanbing, what are you saying that City Lord Qin is going to do?" Emperor Wu Luan asked softly through voice transmission.

"How do I know this, but it should be to give pointers to Brother Mad Saber." Emperor Xuanbing Wu didn't understand, frowning and said.

"But Brother Crazy Sabre has reached the extreme above Destroying Blade Dao. Although the strength of this City Master Qin is strong, I am afraid that Brother Crazy Saber can't point him to anything, right?" Hong Luan Wudi doubted.

"You ask me, I ask who to go, look carefully, although City Lord Qin is young, but he is a disciple of Emperor Pochenwu, and he is extraordinary, there must be his intentions, I just need to watch it. ."

Although Emperor Xuanbing Wu didn't understand, they still trusted Qin Chen very much.

"Brother Crazy Blade, be careful!"

Qin Chen pulled out Banyue's ancient sword, and the ancient sword shone coldly.

"City Lord Qin is also careful."

Emperor Wudi Crazy Sword held his right hand on the handle of Jixi Sword and slowly pulled it out.

Hum!

This nirvana knife was completely dark, and as soon as it was pulled out, a devastating force swept out.  
cut!

Qin Chen's speed was extremely swift and violent, his figure flashed, and he appeared in front of Emperor Wudi Crazy, and then he slashed out with a sword light flashing terrifying sword energy.

He only used 10% of his strength.

The Emperor Wudi Crazy didn't react too slowly, and the Jielidao held Qin Chen's Banyue Ancient Sword, and the force of destruction swept over it.

Hum!

The terrifying aura of destruction swept across, and the void was rippled with countless ripples and ripples.

"Okay!" Qin Chen laughed, slashing sword after sword towards Emperor Martial Mad Sabre, and one sword passed quickly, as if there was no end. It also stirred up amazing destructive power, powerful destructive power, completely restrained in the sword. Above him, there is only the silence with Emperor Wudi

It will explode when the knife collides. If you change to a normal Emperor Wu, the weapons in your hand will definitely be blasted off, and your body will be eroded by the rules of destruction, but Emperor Wudi Crazy Sabre is also proficient in the way of destruction. Qin Chen uses ordinary swordsmanship to learn from it, only feeling slightly. Strenuous and not

How dangerous.

"This mad sword martial emperor is indeed a little hot on the path of destruction, coupled with the strong will of the swordsman, and the strong intent of the sword, if the dark disease is eliminated, and there is a suitable opportunity, he may not be able to reach the peak in the future."

Qin Chen stood at a very high level, examining Emperor Wudi Crazy.

But Emperor Martial Sword was truly shocked, because Qin Chen's way of destruction was even more weird than his. He didn't realize it at the beginning, but when the battle went on, there was something that made him unable to respond. feel.

He must respond with twelve points of spirit.

He didn't know that what Qin Chen used now was only a very subtle part of the way of destruction he had mastered, otherwise, he might end the battle in a moment.

Jingle bells! Gorgeous lights of destruction are flying in the night sky. These lights of destruction seem to have spirituality. Sometimes they spin in the sky, sometimes fly up and down, and sometimes they sputter straight out. Every time they strike, the light of destruction is different. traces of

, Elusive.

"Take my move and destroy Manjuan!"

Qin Chen shouted in a low voice, increased the power of destruction, and struck him with a sword.

Hum!

A destructive force that swept across the world lingered out, and Qin Chen at this moment was like a \*\*\*\* of destruction, blooming with endless glory.

"Good job."

The mad sword martial emperor roared, holding the sword in both hands, and suddenly a condensed sword intent rose to the sky, feeling the extraordinariness of this sword, he shot with all his strength.

boom! When the two forces collided, a dazzling light of destruction burst out. Qin Chen only used less than 10% of his strength, but he increased the power to destroy the Profound Truth. Suddenly, the surrounding void was criss-crossed by the force of destruction and shock. Couple near the valley

Under this destructive force, this huge mountain was silently annihilated and collapsed in half.

You must know that the two did not use the true essence, purely discussing with the profound meaning, otherwise under this blow, the radius of a hundred li may be destroyed and turned into nothingness.

boom!

The destructive power erupted completely, blasting the Martial Emperor Crazy Blade away.

"what?"

Emperor Martial Sword was horrified, he could feel that Qin Chen's power in this strike was not stronger than him, or even weaker than him, but the profound meaning of destruction contained above him, which caused this. as a result of.

This son is so accomplished in the way of destruction?

What surprised Emperor Mad Sabre even more was Qin Chen's use of Destroying Profound Truth, and that technique was even more terrifying than him.

Is this really a teenager who is only thirty years old?

Emperor Martial Sword was shocked and looked at Qin Chen. Even if the other party started to cultivate from his mother's womb, it is impossible to cultivate to this level in such a short period of time, right?

The evildoer, it really is the evildoer.

Under the shock, the fighting spirit in the heart of Emperor Martial Blade became more and more boiling.

"War!" He roared, his sword intent burst out, and the bright light of the sword penetrated the dark night, turning into a sky-reaching sword energy, and slashed down towards Qin Chen.

[Chapter 2307: Live to death](#)

Rumble!

The sword intent rose to the sky, illuminating the sky in the entire valley. The terrifying sword intent swept across the valley and shook the entire valley with a rumble. force.

This move was created by Emperor Wudi Crazy Sabre for a hundred years of effort. It was his most pinnacle trick. A single blow made the situation change and the world was shocked!

"No, everyone, quickly retreat out of the valley!" Emperor Xuanbing Wu and others changed their colors one after another, and they were about to retreat in a hurry. They could clearly feel the terrifying power of this sword, even though Emperor Wudi Crazy didn't urge the true essence. Has reduced the power, but only the destructive power swept out

The amount, they made them, these giant Wudi emperors, changed their colors one after another, their faces were shocked.

If they are swept by this destructive force, although they will not be physically injured, under the influence of the power of rules, they will inevitably cause damage to the origin of the body, and even affect the perception of future rules.

"Haha, no need."

Mo Yuan smiled, gently raised his hand, hum, an invisible force spread out, enveloped everyone, and instantly isolated the terrifying force outside, and could not perceive it at all.

"So strong, is this the power of the semi-sage level?" Emperor Xuanbing Wu and Emperor Hongluan were surprised, and looked at Mo Yuanbai with amazement. They didn't even know how terrifying the power of the rules inspired by Emperor Wudi's move. Dao runes all appeared, but Mo Yuanbai just waved his hand and moved this

Dao power was blocked from the outside world.

The most important thing was Mo Yuanbai's feeling of lifting heavy weight, which made Emperor Xuanbing Wu and the others sigh.

At this moment, Emperor Wudi of Mad Saber swung the Ji Mie Sword, looking up to the sky with anger, and the whole person shot straight out, with a single shot, like a thunder roar, fully interpreting the explosive power.

"This trick is awesome!"

Qin Chen's pupils shrank, and the sword of Emperor Martial Sword shook his mind, and the wild destructive power touched his heart.

Awesome!

Qin Chen truly admired Emperor Martial Sword Crazy. This kind of sword technique was among the sword techniques he had seen before, and it was enough to rank in the top three.

However, it is not enough.

"Your power of destruction is domineering and contains destruction, but there is no regeneration. After destruction, it is the chaos of the world and the recurrence of vitality. Only the destruction of vitality is the real way of destruction."

Qin Chen said.

He has a sword.

call out! A jet-black sword aura rose to the sky. This sword aura was as straight as a wolf smoke, carrying a destructive power. However, in this destructive power, it contained a brand new thing. I don't know. Qing, but let Qin Chen's sword

, Has become different, as if giving birth to a new life.

He blended into this avenue, his long hair was hunting and flying, and his sword was flourishing.

Cang! The light of the sword collided with the light of the sword, the twisted metal explosion sounded, and the two forces quickly melted in the void. Among them, the black destructive power quickly disappeared from each other, but Qin Chen's avenue contained a kind of Even more powerful, straight

The way of destruction of Emperor Wudi Crazy Blade was destroyed.

puff!

The Emperor Martial Blade was shocked and flew out, a mouthful of blood spurted out, and his robe was violently shattered, like butterflies flying away.

This is due to Qin Chen's reduced power. If Qin Chen does not, even if he does not activate his True Essence, the terrifying power of destruction alone will be able to tear apart the flesh given by Emperor Mad Saber and turn it into powder. .

"What power was that just now?"

The Emperor Martial Sword was stunned in the void, and he was floating there blankly. The previous strength of Qin Chen gave him an extremely strong impact. "It is also the power of destruction, destruction, which represents death, but the power of destruction you perceive is just the simplest way of destruction, and the true way of destruction must contain vitality. The so-called life to death is for life. , This can represent true

Positive destruction is not a generous death. Death is not terrible. It is hardest to see hope in destruction. "

Qin Chen said.

"Living to death?"

The Emperor Martial Sword murmured that he had practiced the path of destruction to the extreme, and he could not see the road ahead, but Qin Chen's words seemed like a beam of light, instantly illuminating the world and the world in his heart. .

The dark road ahead seemed to be illuminated, leading into the distance.

"It turns out that the essence of destruction is for survival!"

Emperor Martial Blade fell into a mysterious state, and his whole person was shaking with excitement.

"Are you coming?"

Qin Chen saw that Emperor Martial Sword had some feelings, and said with a smile.

"Come!"

"it is good!"

Qin Chen smiled and said, "I used only one point before, but this time, I will increase it by one point."

When the words fell, Qin Chen shot out, his sword light was like thunder, and the dark light of destruction flickered, as if it could swallow even the night.

But in this darkness of destruction, there was a vitality surging.

The Emperor Martial Sword with a solemn expression, holding the Ninety Knife in both hands, the whole person leaned upward and slashed over.

Hum!

In the light of his sword, there was an inexplicable force growing.

Cang!

The two forces collided, and the violent air wave swept across all the wastes in an instant. The next moment, the whole valley rumbling, collapsed in half, and rubble splashed.

The same as the last time, Emperor Martial Sword flew upside down, blood spurting wildly. This time, he was hurt more severely, and his whole body was bloodshot.

The power of horror continued to swept through, but everyone under Mo Yuanbai's protection was safe and sound.

"what!"

Mo Yuanbai was surprised, looking at Emperor Martial Sword Crazy, he found that Emperor Martial Sword Crazy's move seemed a little different from before.

"Hey, there has been progress!"

Qin Chen was also surprised, the talent of this crazy sword martial emperor was indeed extraordinary, and he had sentiment. Of course, in addition to talents, this is also because Emperor Martial Sword himself has amazing accomplishments in the way of destruction. This is the only way to understand in a short moment, and to be replaced by someone else, even if Qin Chen said No matter how you understand it, it may not be able to

Same as Emperor Wudi Crazy.

"Come again!"

The Emperor Martial Sword roared and rushed again.

"it is good."

Qin Chen said, but this time, he took a point, and continued to use only one point, because if you add another point, the Martial Emperor of the Crazy Blade will not be able to bear it, let alone comprehend it by that time. A destructive force can annihilate him.

The two sides fought again.

The Emperor Martial Blade suddenly flew down and sat cross-legged in the valley. On his body, a series of terrifying sword intents filled his body. He obviously had sentiment, and he felt too much at once. If he continues to fight, he will not continue to make progress. On the contrary, he will lose his inspiration because he is too late to digest. Therefore, he has to practice as soon as possible.

### [Chapter 2308: Seed parasitism](#)

"This sword technique, this artistic conception."

Not only was the Emperor Wudi Crazy with sentiment, but Wang Qiming on the side also had his eyes flashing and muttered in his mouth.

Huh!

He rushed out of Mo Yuanbai's protection and entered the valley, suddenly flashing strange black lights on his body. After he entered the Martial Domain, he came into the door of Emperor Wudi Crazy Blade. His insight into the technique of the sword was in the same line as Emperor Wudi Crazy Blade. Therefore, after watching the two fight against each other, he benefited a lot from his body. Parasitic seeds, yes

The perception of heaven and earth is far beyond ordinary people, and immediately has an astonishing touch.

His heart was agitated, and Wang Qiming couldn't help pulling out his sword and practicing.

boom! boom! boom!

Wang Qiming's sword technique was very ordinary at the beginning, but gradually, there was the sound of wind and thunder, and the black aura of destruction agitated, exploding with endless terrifying power.

Hum!

Suddenly, a terrifying force flashed across Wang Qiming's body, rumbling, as if some shackles had been broken in his body, the breath that escaped was frantically rising.

"This... this kid is actually breaking through the realm of the late Emperor Wu."

Mo Yuanbai watched this scene in astonishment, Wang Qiming's state could not be more clear to him, this was clearly breaking through the realm of the giant Emperor Wu.

Just watching Master and Emperor Martial Sword fight each other, he broke through directly. Isn't this kid too abnormal?

Mo Yuanbai was astonished. The people who were even more surprised than Mo Yuanbai were actually Emperor Xuanbing Wu. The shock in his heart was beyond words.

"Wang Qiming is breaking through the giant Wudi?"

"He joined Wanbaolou in less than ten years, right?"

"In less than ten years, I broke through from the realm of King Wu to the realm of Emperor Wu, this..."

The sound of inhaling air-conditioning suddenly came out.

They watched Wang Qiming grow up little by little, and the shock in their hearts was naturally far beyond ordinary people.

To tell the truth, Wang Qiming was able to step into the current ninth-tier mid-term martial emperor realm. They were already extremely shocked, but the mid-term peak martial emperor wanted to step into the giant martial emperor, but it was actually a barrier.

On the mainland, there were many mid-term Wu Emperors, but the giant Wu Emperors were all deterrents and prestigious.

In their view, no matter how talented Wang Qiming is, it will take about ten years to reach the realm of Emperor Wu from the mid-term peak of Emperor Wu.

But now...

incredible.

In shock, endless bitterness emerged in their hearts.

This world is really not where they used to be. You should know that before they joined Wanbaolou, they were already the Nine Heavens Wudi strong. After joining Wanbaolou, they obtained a lot of resources. It still took a hundred years to reach their current status.

The best among the giant Wudi, the top worship in Wanbaolou.

But now, in just ten years, Wang Qiming has traversed the journey they have traversed more than a hundred years ago. Apart from comfort and joy, the sense of loss is unprecedented.

"Wang Qiming broke through!"

Qin Chen also felt the state of Wang Qiming's body, showing a hint of surprise.

To be honest, he pointed to Emperor Wudi of Crazy Blade, and he didn't mean to make Wang Qiming break through Emperor Wu of the giant. Although Wang Qiming was also a swordsman, his principles must be different.

Originally in Qin Chen's plan, he planned to use two or three years to give advice to Wang Qiming and other partners. He believed that with their talents and his own guidance, they would definitely have an amazing transformation in two or three years. .

But he never expected that Wang Qiming would actually break through directly after seeing him and the Martial Emperor Crazy Blade.

This is a surprise.

"No, the parasitic seeds in his body."

In rejoicing, Qin Chen suddenly thought of something, his eyes changed suddenly. Wang Qiming has a white parasitic seed in his body. Although the white parasitic seed has not erupted, once Wang Qiming breaks through the giant Wudi, he will inevitably seize Wang Qiming, but he has not had time to examine Wang Qiming.

Check it.

"not good."

Qin Chen was shocked immediately and fell in front of Wang Qiming. At the same time, he said anxiously: "Lao Yuan, come and see Wang Qiming's state." At this moment, Wang Qiming's aura has reached its peak, and at the same time, his body escaped. After all the terrifying aura of destruction, there is a special power in this aura of destruction. This is the power of life, which can be

In addition, there was a strange breath in Wang Qiming's body, gradually waking up.

boom!

Black auras spread directly from his body. This is devil qi, and at this moment, this devil qi is corroding Wang Qiming's body a little bit.

As Qin Chen expected, after Wang Qiming broke through the giant Wudi, the parasitic seeds in his body finally broke out, and he began to seize and erode Wang Qiming.

Hum!

In an instant, Wang Qiming turned into a demon, with black lines all over his body, and waves of demon energy rushed out of his body like a demon god.

Mo Yuanbai's face changed, and he flew over quickly: "He is..."

Emperor Xuanbing Wu also showed shock on their faces.

"Go away."

Qin Chen couldn't explain too much, and quickly squeezed the formation with both hands, and the Tiankong Wanzhuan formation plate and Qixuan Dou Tianxingyi flew out in an instant, covering the world.

"Roar!"

Wang Qiming opened his eyes, his pupils turned dark, and endless devilish energy rose into the sky, but in this devilish energy, there was still a sword intent lingering crazily.

Hum!

Above Wang Qiming's head, a vacant figure appeared. This was an upright old man, his eyes were cold, his eyes were like two swords, and he burst out with endless terrifying murderous intent.

It was the Supreme Sword Emperor who entered Wang Qiming's body at the beginning!

"cut!"

Wang Qiming burst out, and in the dark pupils, there was also a flickering sword light. This is the supreme sword of the supreme sword emperor. It is killing the parasitic seed and cutting the connection between the two.

The two forces collided, and the burst of force shocked everyone present.

"Extreme Blade Emperor!"

The Emperor Martial Blade opened his eyes and woke up from his sentiment. Looking at the phantom above Wang Qiming's head in shock, he was filled with endless shock.

The Supreme Sword Emperor, the legendary first person of the Dao Dao in the mainland, only exists in the legend, and he is fortunate to see it today.

"Old source."

Qin Chen said solemnly, his mental power fell on Wang Qiming, and he found that Wang Qiming's state was not very good.

"This kid is being seized by the parasitic seed in his body, but there is still a force in his body that is cutting the connection between the parasitic seed and this child, but it is still unknown whether it can be cut off." Lao Yuan's voice sounded. With solemnity. It is too difficult to cut off the parasitic seed. The parasitic seed is born from the Chaos Demon Nest. If it is so easy to cut off, it can't be a sacred object of the alien demon race.

### [Chapter 2309: Chaos Nest](#)

It can be seen to the naked eye that the sword intent in Wang Qiming's body and the black magical energy are violently clashing, and the two seem to be in a balance. In a short time, no one can suppress each other.

"what!"

Wang Qiming roared, his body flickered, his body was engulfed with devilish energy, and his face was covered with black lines, which was extremely terrifying.

"This is... the power of alien demons."

Crazy Blade Martial Emperor and the others sucked in air-conditioning, and they, who had just fought the alien demon before, could naturally feel that the power in Wang Qiming was very similar to that of the alien demon. Qin Chen nodded, "Yes, a seed was planted by an alien race in Wang Qiming's body. This seed can increase the talents of human warriors tenfold, but in the same way, this seed will absorb parasites. The power of the person, accompanied by parasitism

The strength of the parasite is increased, until the parasite breaks through to the realm of the giant Wudi, this seed will completely explode and begin to take the parasite's body and let it become its own furnace. "

Qin Chen didn't hide anything.

And his words naturally drew the shock of Emperor Wudi and others.

"It's no wonder that Wang Qiming and their cultivation level improved so quickly... it was because of this."

At this moment, they finally realized that Wang Qiming's strength had increased.

"But now Wang Qiming..." The Emperor Wudi could not help anxiously. "Don't worry, Wang Qiming's body contains the will of the Supreme Sabre Emperor. The Supreme Sabre Emperor fell down because of fighting with the alien demons. He is very familiar with the alien demons. He also felt that there were parasitic seeds in Wang Qiming's body. Zhong Wang Qiming

This talent is pinned in Wang Qiming's body. "

"With the supreme sword, Wang Qiming should be able to kill this parasitic seed and get more benefits."

Qin Chen said so, but he was still a little worried. He is a person who has personally experienced the horror of parasitic seeds. He naturally knows how dangerous the parasitic seeds are. Wang Qiming may not be weak in talent, but he is far worse than himself in the sense of soul attainment. Can he hold the parasites? Seeded

Qin Chen was not sure about winning the house.

If Wang Qiming couldn't resist it at a critical moment, Qin Chen and Lao Yuan would naturally take action, but in this way, Wang Qiming would also have a certain amount of damage.

The only thing that can be hoped now is that Wang Qiming can resist this parasitic seed seizure.

At this moment, Wang Qiming naturally knew that he was at the most critical moment, and his will was frantically urged to resist the seizure of parasitic seeds.

cut! cut! cut!

Terrible powers rose in his body, cutting off the black devil qi, Qin Chen's face showed joy, and he could feel that the parasitic seed power in Wang Qiming's body was being cut off little by little.

At the same time, the will of the Supreme Sword Emperor is constantly being consumed and dissipated.

Seeing that the power of the alien demons was about to be cut off, suddenly—

Hum! The parasitic seeds in Wang Qiming's body suddenly released two black magic qi, these two black magic qi suddenly submerged into the bodies of Di Tianyi and Leng Wushuang like lightning. The speed was so fast that people had no time to react, even Qin Chen. Under the cloth

The big formation could not stop these two forces.

"what!"

Devil energy entered the body, only to see Di Tianyi and Leng Wushuang's bodies, one after another devil energy emerged.

The two screamed, their strength was increasing crazily, boom, boom, they also broke through to the giant Wudi at the same time, and the two of them were also enveloped by the devilish energy.

"not good."

Lao Yuan's voice was full of anxiety: "The parasitic seeds in Wang Qiming's body couldn't hold on, and he felt the parasitic seeds in the bodies of Di Tianyi and Leng Wushuang, so he was seeking the help of these two parasitic seeds."

The first time Qin Chen heard that there was such a thing, three parasitic seeds erupted at the same time, and his expression suddenly changed.

"You go back quickly."

Qin Chen couldn't care more and gave a low voice to Mo Yuanbai and the others, then his eyes were like electricity, staring at Di Tianyi and Leng Wushuang.

Mo Yuanbai saw this scene, knowing that Qin Chen should have something to use, and immediately left with the Mad Sabre Emperor Wu and Qin Ying.

After a few people left, Qin Chen immediately said to Lao Yuan, "Lao Yuan, what should I do next?" "Don't worry, let's see if Di Tianyi and Leng Wushuang can withstand the erosion of the parasitic seeds. We can't resist, let's shoot again." Lao Yuan was also a little nervous at this time, and he rarely saw parasitic seeds taking homes, and there were three

Parasitic seeds erupt at the same time.

At this moment, Di Tianyi and Leng Wushuang's devilish energy surged wildly in their bodies, but two terrifying auras also emerged in their minds at the same time. Naturally, they were also in the mysterious realm of Heavenly Demon, and the strong will of the two men's bodies. .

One of the figures ascended to the heavens and the earth, exuding the power to frighten the eternal gods and earth, while the other person, with a graceful manner, bloomed with an icy breath, freezing the void in this area.

The two teamed up with the Supreme Sword Emperor to fight against the three parasitic seeds.

Qin Chen's heart suddenly raised his throat.

What excites Qin Chen is that under the confrontation of these three forces, the parasitic seeds in the bodies of the three of them are continuously suppressed, and their breath is gradually weakening.

Will it succeed? Qin Chen was excited. Although the parasitic seed was a crisis, it was also an opportunity. Once the parasitic seed was unable to capture Wang Qiming and others, its power would be absorbed and swallowed by Wang Qiming and others. At that time, Wang Qiming and the others would definitely have more

Add an amazing improvement.

"The three of them are going to succeed." Lao Yuan also sighed with emotion. It was the first time he saw such a scene. The three human martial emperor boys were able to withstand the parasitic seeds, and by their own will, they made it quite For emotion.

It should be understood that Wang Qiming and their bodies do not have all the powerful restraints of Qin Chen's original Qinglian Demon Fire and Thunder Bloodline. The only thing they rely on is the aura of these ancient powerhouses and their own will.

Huhuhu!

It can be seen to the naked eye that the demonic energy of the three Wang Qiming's bodies is rapidly weakening. Seeing that the parasitic seed will fail to seize the house, it will be swallowed by Wang Qiming and the others.

Abruptly--

Hum!

In the underworld, the void in front of the three of them opened up, and in the distant world, an underworld power rose up, and at the end of the endless void, there seemed to be a ghost of the devil's nest emerging from the sky.

This magic nest erupted with an incomparably terrifying aura, penetrating the distant void, and descending instantly, actually to help the parasitic seed seize Wang Qiming's trio.

"It's the Chaos Nest!"

Lao Yuan exclaimed, showing shocked expression.

And Qin Chen also looked at the black devil's nest in shock, and his whole body was erect and gloomy, and fear emerged from the depths of his heart, as if the devil's nest contained the most evil power in the world.

"not good!"

Qin Chen took a deep breath and couldn't worry about why the power of the Chaos Demon Nest suddenly came. Amidst anger, the mysterious rust sword in his hand suddenly appeared and slashed towards the Demon Nest frantically. He must not allow the power of the Chaos Demon Nest to come, otherwise once the parasitic seed seizes the three of Wang Qiming, it will be over.

#### [Chapter 2310: Sword Emperor Resurrection](#)

At this moment, Qin Chen broke out completely. For Wang Qiming and the three of them, he directly displayed his most powerful mysterious rust sword, without giving the Chaos Demon Nest a chance at all.

"Old source!"

At the same time Qin Chen yelled, and Lao Yuan knew the danger, and immediately poured power into Qin Chen's body, Qin Chen's power skyrocketed in an instant.

boom!

The sky-reaching sword aura surged out, and immediately slashed on the Chaos Demon's Nest, the bright sword light rushed into the sky, illuminating the entire valley night sky, as if it had gone from night to day in an instant. The dazzling light burst out, and the terrifying impact swept through, and Mo Yuanbai's face changed slightly with Qin Ying and others quickly leaving in the distance. He immediately raised his head and looked at the terrifying power erupting from the distant valley in horror. Hurriedly formed in front of me

Defensive shield.

With a bang, Mo Yuanbai's protective shield trembled violently, and he snorted. The blood in his body surged, almost spitting out a mouthful of blood.

"So strong!"

Mo Yuanbai looked at the valley in amazement. If he hadn't left the valley, if he was in the valley, this shock wave would definitely hurt him.

"Master he..."

Mo Yuanbai was worried, and immediately turned his head to face Emperor Xuanbing Wu and the others: "You leave here first."

When the voice fell, he turned and flew towards the valley.

"Let's go."

The Emperor Martial Blade sighed and looked at the worried Qin Ying and others, but he also knew that their strength would not have any effect in the past.

"Holy Realm...One day, I will break through."

Emperor Martial Blade shot Leng Mang in his eyes. The instructions Qin Chen gave him earlier gave him a new understanding of the path of destruction. He felt that as long as he continued on this road, he might not be able to step into it. In the Holy Land.

In the valley.

The valley at this moment has long been completely destroyed, the once magnificent Valley of Knife has been razed to the ground, and there is a mess everywhere, Qin Chen holding a mysterious rust sword with an indifferent expression, staring at the Chaos Devil's Nest that appears remotely in the void.

Lightning flashes continuously on him, resisting the power transmitted from the Chaos Demon Nest. After one blow, Qin Chen had already understood that this Chaos Devil's Nest seemed to penetrate the endless void, and it was actually just a phantom. The Chaos Devil's Nest was just using its own power to interfere with the parasitism. Seed, trying

Let the parasitic seed break through the blockade of the will of the strong ancient human race, and take Wang Qiming and others away.

This is just a force of nothingness in the Chaos Nest.

But even the power of nothingness still made Qin Chen feel extremely difficult.

Click!

Above his body, the endless thunder light surged, and the strong thunder power swept through, frantically resisting the Chaos Nest.

However, the power of the Chaos Demon Nest still penetrated little by little, and it wanted to resonate with the parasitic seeds in the bodies of the three Wang Qiming.

"Do you want to induce the terrifying force in the mysterious Rust Sword?"

Qin Chen felt that once the Chaos Demon Nest resonated with the parasitic seeds in the three people's bodies, Wang Qiming and others would be seized by the parasitic seeds instantly, without any room for change.

But once the power in the mysterious rust sword was triggered, Qin Chen himself would also be in danger, because Qin Chen was not sure that he would be able to withstand the erosion of the mysterious rust sword.

"If the \*\*\*\* cat is there, maybe there is a way."

Qin Chen's gaze was ferocious, but it was a pity that the \*\*\*\* cat was attacked because of the attack on the Thunder City, and Qin Chen had already let it go back. For this plan, Qin Chen could only rely on himself.

Seeing that Qin Chen was about to arouse the power in the mysterious Rust Sword, suddenly, with a boom, three strong wills in the bodies of Wang Qiming's three people surged out frantically, forming three towering phantoms in the world.

These three phantoms coldly stared at the Chaos Demon Nest in the distance, and a terrible aura surged from their body, like a god.

"Unexpectedly, in my lifetime, I will be able to see the Chaos Demon's Nest of the Alien Demon Race, and that there are such arrogances in my Human Race.

The voice of the Supreme Sword Emperor Longlong resounded, and Qin Chen glanced at Qin Chen, with emotion in his eyes.

"Is this supreme sword emperor not dead yet?" Qin Chen took a breath.

He always thought that what entered Wang Qiming's body was only the remaining will of the Supreme Blade Emperor, but now it seems that it is not that simple.

"Young man, this is the will that contains our origin, and it also has the last trace of strength." The Supreme Blade Emperor seemed to know the doubt in Qin Chen's heart, said indifferently, and then his eyes fell on the Chaos Demon Nest.

"Old friends, it seems we still have one final battle."

Although the Supreme Blade Emperor at this moment is just a phantom, between the real and the illusion, but the terrifying aura bursts out of his body, which makes people change their color.

As his voice fell, Leng Wushuang and the two phantoms above Di Tianyi looked down at the two people below their eyes, then their figures burst open, and the power of the two instantly poured into the Supreme Sword Emperor. In the body.

Qin Chen could feel that the aura of the Supreme Sword Emperor was frantically increasing, and in the end, it was even more terrifying than Qin Chen at this moment.

"Is this supreme sword emperor a powerful saint?" Qin Chen palpitated.

His power at the moment is in the semi-sage, not weak, and the aura of the Supreme Sword Emperor is still above him, what is it if he is not a holy realm master?

boom!

The Supreme Sword Emperor burned his power madly, and suddenly, a sword energy that cut off the ancient and the present and the future rose into the sky, instantly slashed out, and slashed towards the Chaos Nest.

This is a knife that burns life and will, and it is also the last glorious knife of the Supreme Sword Emperor's life.

When this knife fell, the entire world seemed to be cut off under this knife, and the connection in the void was instantly cut off, completely blocking the power of the Chaos Demon Nest.

Puff puff!

Without the help of the Chaos Nest, the parasitic seed power in the bodies of the three Wang Qiming completely dissipated.

The phantom of the Supreme Blade Emperor dimmed in an instant, as if exhausted all his strength, he looked down.

Hum!

After the parasitic seeds in the minds of the three Wang Qiming were blocked, they dissipated, turned into pure magic power, and poured into the bodies of the three.

This magic power contains the origin of the Great Dao of the alien demon race, as well as the absorbed power of Wang Qiming and others for so many years, and it feeds back to the bodies of the three of Wang Qiming.

Black lights flickered, and the body origins of the three Wang Qiming were improving at an astonishing speed.

boom! boom! boom!

Under Qin Chen's gaze, the aura of the three Wang Qiming's bodies skyrocketed again, and they, who had just stepped into the giant Emperor Wu, at the same time stepped into the pinnacle martial emperor realm, and reached the peak of the pinnacle martial emperor.

In the distant void, the Chaos Demon Nest sensed all this, slowly concealing into the void, disappearing. With a muffled snort, Qin Chen put away the mysterious rust sword and dropped it on the ground.
