

Valkyrie 231

Chapter 231

The real reason is that the ancient Nandu only appeared once in five years.

Before the blood spirit pool appeared, the five northwestern countries had fought because of the number of people who had entered the ruins of the ancient southern capital.

Later, after the appearance of the blood spirit pool, it directly stipulated the five-year competition. One is to conduct friendly discussions, and on the other hand, to distribute the interests of the ancient southern capital and the blood spirit pool at the same time.

"That's it."

Everyone was suddenly excited.

Even if they can't make it to the top few, as long as they can feel the atmosphere of the ancient southern capital, they will have no regrets.

A day later, the Bloodclaw Blue Eagle finally arrived in the capital.

Emperor Zhao Gao of the Great Qi Kingdom had already personally greeted him in the palace.

"Hahaha, everyone, your hard work."

As soon as the Bloodclaw Blue Eagle fell, Zhao Gao walked forward excitedly.

He had already learned about the results that Da Qiguo had obtained in the preliminary examination for the first time, and he was so excited.

Forty-five places to enter the re-examination, this is the first time in the history of Daqi.

"All the geniuses who enter the re-examination, I have decided to give a Tier 3 precious soldier as a reward. If they get better results in the re-examination one month later, I will be rewarded greatly."

With a big wave, Zhao Gao said excitedly.

"Thank you, Your Majesty."

Many geniuses are extremely excited.

This is a Tier 3 precious soldier, and it just happens that when everyone is in need of their cultivation base, it undoubtedly saved them a lot of expenditure.

"Well, if anyone can get the first place in the Five Nations Grand Tournament, I promise that in addition to the normal rewards, I will also get a Heaven-Breaking Pill."

A loud voice came from Zhao Gao's mouth.

Po Tian Dan?

In an instant, the whole audience unfolded the pot.

All the players were shocked and shocked. Even Xiao Zhan showed a different look and was shocked: "This time your majesty's reward is actually a Pill of Heaven. This reward is too amazing. I am afraid it is the first in these years. Times."

The Po Tian Pill is the third-rank peak elixir. Its effect is very simple. It allows any heaven-rank martial artist to unconditionally upgrade to one level.

Under normal circumstances, in the five northwestern countries, the average martial artist broke through to the sky level, which is already the peak.

Each level of improvement requires a lot of energy.

Even some martial artists, at the age of forty, break through the early days of the heavenly rank, and when they are old, they are stagnant in this state, unable to make any progress.

It's like the deputy commander of the Imperial Guard is staunch.

Ten years are like a day, always stuck in the early stage of heaven.

However, with this Po Tian Dan, it is different.

Unconditionally promote one level, even a pig can enter the middle of the heavenly level from the early stage.

This effect is enough to make any heavenly martial artist crazy about it.

What's more, in addition to this effect, the Potian Pill has another effect, which is to enable a martial artist at the peak of the late stage of the sky to increase the success rate of 20% when breaking through the fourth-order mysterious level.

The peak martial artist in the late stage of the normal heavenly rank, breaking through the fourth-order mysterious rank, only has a success rate of one to two percent.

And Po Tian Dan can increase by 20% at once, which is equivalent to double to double the success rate.

For a warrior at the peak of the late stage of the heavenly stage, this has amazing allure.

"This Zhao Gao is really not ordinary and generous."

Qin Chen shook his head with emotion on his face.

With this reward, it is estimated that all geniuses will win the first place desperately.

Sure enough, all the disciples around were short of breath, their eyes were fiery, and they were quite crazy.

Afterwards, Zhao Gao simply said a few words, and everyone left one after another.

"Less dust, thanks a lot."

"Little dust, if it weren't for you, how could we enter this second round."

"Haha, little dust, see you in a month."

At the gate of the imperial palace, a group of geniuses expressed their gratitude to Qin Chen. On the other hand, Qin Feng stood out from the crowd, and no one paid any attention.

His face was gloomy, he gave a cold snort, turned and left.

"Qin Chen, you wait for me, if you don't kill you, Qin Feng swears not to be a man."

Secretly clenching his teeth, Qin Feng quickly left.

At this time, in the palace.

"Xun'er, then Qin Chen, really saved you?"

Zhao Gao looked solemn and looked at Zi Xun.

"Yes, Father Father, I have said it many times. If it weren't for Qin Chen, Xun'er would have been killed by Cao Heng and Nian Wuji, and he wouldn't see you Father."

"In other words, Cao Heng and Nian Wuji were indeed killed by Qin Chen? Not by Qin Feng?" Zhao Gao frowned.

"Qin Feng, hum, he kept saying that he was nearby at the time, but when his daughter was seriously injured, he didn't see where the other person was. In order to frame Qin Chen, even colluding with the Great Wei State is really unforgivable." Xun gritted his teeth, his teeth tickled with hate: "Father, if you promised him the first place, you will be the champion. I don't think he is even qualified to be a captain."

"Okay, okay." Zhao Gao was speechless, "Father knows, and Qin Feng, isn't he still the first?!"

"Hmph, anyway, if Qin Feng becomes a champion, you will never finish with Xun'er and Father." Princess Zi Xun pouted.

Zhao Gao couldn't laugh or cry. This was the first time his father was threatened by his daughter.

"Then what magic power does Qin Chen have that can make Xun'er so concerned?"

Seeing Zixun leave, Zhao Gao was puzzled.

Knowing daughter Mo Ruofu, Zi Xun knew what his temper was best, but it was the first time he saw his daughter caring about a man.

"Xiao Zhan, what do you think of Qin Chen?"

"Sentiment and justice!"

Xiao Zhandao.

"Sentimental and righteous? How do I feel that Qin Chen has cheated Qin Feng." Zhao Gao smiled.

Although he was not there, he could get some insights from the descriptions of Xiao Zhan and others.

"No matter what, if it hadn't been for Qin Chen, this time my disciples from the Great Qi Kingdom would have suffered heavy losses, and would not have such brilliant achievements as they are now." Xiao Zhanzhong agreed.

"Then go ahead and look at these two brothers, who is the better one." Zhao Gao smiled slightly.

At this time, the performance of the disciples of the Great Qi Kingdom in the preliminary examinations has spread like a gust of wind to the entire capital.

It caused an uproar.

Especially when I learned that this time the Five Nations Grand Tournament preliminary test, more than forty players from Daqi State passed the test, which caused a shock.

This is the first time in the history of Great Qi that such an amazing achievement was born.

At the same time, the conflict between the Great Wei State and the Great Qi State also spread among the people.

"Haha, it's so pleasant. The Great Wei State has been fighting against my Great Qi State all the year round. It's fine, so many disciples have died, and even a prince died in the first trial. It really deserves it."

"Qin Feng is worthy of being the first genius of my great Qi country. He was able to kill Cao Heng and the Guixian School of Nian Wuji, which made people happy. He deserves to be a hero."

"The first genius, huh, haven't you heard of the fame and reputation guy? In the place of the first trial, Qin Feng shifted the responsibility to Qin Chen in order to shirk the responsibility, and wanted the people of the Great Wei Kingdom to kill Qin Chen. He also said that he is a good guy, but I think he is the right one."

"No, there is such a thing?"

"Why not, I also heard that it was Qin Chen and Princess Zi Xun who fought Cao Heng and Nian Wuji, but Qin Feng stayed on the sidelines and watched. Qin Feng did not appear until both were seriously injured and killed them. Picked up cheap."

"I'll go, this Qin Feng is too mean and shameless, right?"

The people were in an uproar, unbelievable.

Chapter 232

Qin Feng was very famous in Daqi.

Is recognized as the first genius.

At the same time, it is also an idol that many warriors worship.

Originally, everyone heard that Qin Feng had killed Cao Heng and Nian Wuji in the place of the first trial, and they still had some admiration.

After hearing the next news, everyone was angry.

The Great Wei State fought against the Great Qi State all the year round. The grievances between the two sides have been so long that they have spread for at least hundreds of years.

Today, the warriors of the generation of the Great Qi State have been indoctrinated almost since childhood. The Great Wei State is the mortal enemy of the Great Qi State. There is no peace between the two sides, only immortality.

It can be said that any warrior of the Great Qi State is proud to kill the warrior of the Great Wei State.

Even the Great Qi State once issued a decree that as long as a warrior kills the warrior of the Great Wei State outside, he will be rewarded by the royal family. Depending on the level of the warrior, the degree of this reward is also different.

In this environment and atmosphere, everyone who talked about the Great Wei State wanted to eat its flesh and sleep its skin.

However, in order to kill Qin Chen, Qin Feng betrayed the Great Qi State, planted money and blamed Qin Chen, and wanted to use the hand of the great Wei State martial artist to kill Qin Chen.

As soon as this news came out, the whole king was in an uproar.

What made the people even more angry was that although Cao Heng and Nian Wuji were killed by Qin Feng, Qin Feng watched the Daqi disciples be besieged to death by the great Wei powers, and waited until the end of the two sides. Profit.

"This Qin Feng is terrible. I thought he was a genius, but now it seems that **** is not as good."

"Heh, using the power of the great Wei country to frame the disciples of your own country, and you are still your own younger brother, this class is not as good as pigs and dogs."

"Have you heard, but Qin Chen, knowing that Qin Feng framed him, stood up to speak for me at the critical moment, and almost died in the hands of Wei Chi Cheng, the strongest man in the Great Wei Kingdom. Lord Lingwu is here."

"Hehe, I also heard that the reason why so many disciples in Daqi State passed the preliminary examination this time is because of Qin Chen."

All of a sudden, the whole king was talking about it.

Originally, many people still admired Qin Feng, but now they are poking Qin Feng's backbone to speak.

There were too many geniuses present at the time, and the news could not be sealed at all.

What's more, more than half of the geniuses who passed the preliminary examination, with Qin Chen's help, naturally spoke for him.

Qin Mansion.

Upon learning that Qin Feng was back, Zhao Feng, who had originally looked expectant and excited, was now full of fright.

"Feng'er, what's wrong with you?"

Her hairpin trembled and her body trembled. Seeing Qin Feng's broken arm, she almost fainted.

"Big Brother!"

Qin Fen, who had become a waste, was also dumbfounded and dumbfounded.

Is this different from what he imagined?

Shouldn't the elder brother come back with prestige, but Qin Chen's little **** has been killed? how.....

"Feng'er, what happened?"

Qin Yuanxiong's expression sank, and he asked in a deep voice.

He has heard a lot of wind.

"It's all the **** Qin Chen..." Qin Feng said in a sharp tone, telling what happened.

"What? That little **** killed Cao Heng and Nian Wuji?"

Qin Fen was puzzled. In the news that came out, Cao Heng and Nian Wuji were both killed by Big Brother!

"Don't you understand, I was put on by that Qin Chen, that kid is too treacherous." Qin Feng looked resentful, and he went crazy with anger.

He also despised Qin Chen, otherwise how could he end up like this.

"This little **** is hiding too deeply."

Puff!

Zhao Feng's face turned pale, a mouthful of blood came out, and he fainted on the spot.

It took a long time for everyone to finally wake up.

"My poor child." Zhao Feng rushed on Qin Feng, stroking his empty sleeve, his face was hideous, his gums bite blood.

"Mother, help me find a place for me to practice in retreat." Qin Feng gritted his teeth: "I must repay this grudge."

"Don't worry, my mother won't let your suffering be in vain."

Soon, Zhao Feng arranged it.

Seeing Qin Feng's departure, Qin Fen felt slightly suspicious. He always felt that after his eldest brother came back, he seemed to be different from before.

It is impossible to tell where it is different.

By the way, it seems...

The voice was much sharper.

"I'll go see Big Brother." Qin Fen limped away.

In the room, only Zhao Feng and Qin Yuanxiong were left.

"Qin Chen, that little bastard, I must kill him, and that **** Qin Yuechi will die."

Thinking of the miserable appearance of his two sons, Zhao Feng's hatred gathered in his eyes and rushed towards the door frantically.

"Snapped!"

A slap came and knocked her to the ground.

It is Qin Yuanxiong.

"Enough, do you think you have lost not enough people? I said earlier, I told you not to mess around, now you see, what is Feng'er like?!"

"Qin Yuanxiong, you are ashamed to say, if you make a move, will Feng'er be like this? Now you still blame me." Zhao Feng roared.

"Hmph, do you think I don't want to control it, but there are so many people staring at my position, do you think you can do whatever you want?" Qin Yuanxiong snorted, and his heart was also very angry.

Say it doesn't hurt, it's fake.

Qin Fen and Qin Feng are his sons after all.

"Since you can't do it, then I will do it myself." Zhao Feng roared.

"You don't want to use your natal power?" Qin Yuanxiong was startled.

"Can you control it? Anyway, don't worry, I won't be involved in you." Gritting his teeth, Zhao Feng turned and left.

At the door of Qin Chen's house.

"Little dust, you are finally back."

From a distance, I saw Zuo Li, standing at the door, waiting respectfully.

"Leader Zuo Li, where is my mother?"

Qin Chen stepped forward quickly.

"Chen'er."

Inside the door, a woman who walked out of the interior was Qin Yuechi.

With surprise in her eyes, she hugged Qin Chen in her arms.

Feeling the warm embrace of his mother, Qin Chen's heart felt warm.

In this life, he has an extra mother, who is the existence he wants to protect most.

After chatting for a while, a group of people walked into the house.

"Little dust, then I won't bother you, and I'll come to see you tomorrow."

After sending the two in, Zuo Li said with a smile.

Not seeing him for more than half a month, Zuo Li's aura had already changed, and he successfully broke through to the middle of the heavenly rank.

This speed was faster than Qin Chen had originally expected.

Healing from a chronic illness and breaking through his cultivation base also made Zuo Li more desperate to Qin Chen.

"Chen'er, please tell me about what happened in your first test at the Five Nations University."

Qin Yuechi was very curious about Qin Chen's experience.

"Mother, it's actually nothing..."

Qin Chen smiled, slowly speaking about the whole experience, of course, for fear that Qin Yuechi was worried, many contents were omitted.

"In that case, you killed Cao Heng and Nian Wuji?"

Qin Yuechi was surprised, with an unexpected look on her face.

Chapter 233

"Haha, yes, mother, Qin Feng has been in ambush all around, wanting to plot against the child, who knows that the child will do the trick, but he will be hit hard and he can only run away in embarrassment." Qin Chen smiled slightly: "It's a pity, Qin Feng is on his body. There were too many treasures, and eventually let him escape."

Qin Chen shook his head.

However, he didn't pay much attention to it either. In his opinion, whether Qin Feng was alive or not, he couldn't bring him the slightest threat.

"you really....."

Qin Yuechi was surprised and looked at Qin Chen carefully. There was a light flashing in his eyes, and he couldn't help but muttered: "Chen'er, you deserve to be his child, sure enough..."

Speaking of this, Qin Yuechi was taken aback, and immediately stopped.

"He? You mean..." Qin Chen's heart moved.

He has never listened to his mother and talked about his father. It sounds like his father is extraordinary.

Qin Yuechi sighed, and there was a trace of longing between her eyebrows, and said with emotion: "Chen'er, your father, he is also a celestial figure and a resounding character."

"Mother, who is the father? Where is the person now?" Qin Chen was curious.

In his previous life, Qin Chen was an orphan, and he had no impression of who his parents were.

In this life, God gave him a mother who loved him, and at the same time, gave him a father.

Although Qin Chen had no feelings for this so-called father, he was still quite curious in his heart.

"Chen'er."

Qin Yuechi sighed softly, and touched Qin Chen's face with both hands. The soft palms filled with heat and warmth.

"It's not that your mother didn't tell your father, but your father. He is not an ordinary person. If you let him know that there is a son like you, he will definitely come to you desperately. At that time, it will be neither for him nor for you. a good thing."

"Then he, just leave you here alone?"

Qin Chen sneered, he was puzzled, how could there be a man in this world who would leave his wife and children in one place and ignore it.

"Don't say that about your father, he has troubles." Qin Yuechi felt a pain in her heart and hugged Qin Chen: "Promise mother, don't resent your father, he is also compelled."

Qin Chen did not speak.

If he resents his father, it is impossible. He doesn't even know who his father is, so how can he resent him.

He just didn't understand why a man could be so irresponsible, and what difficulties could he have to leave his wife and children in one place for more than ten years without paying attention.

This night, the two chatted for a long time.

Finally, Qin Yuechi said: "Chen'er, if you can win the second round of the Five Nations Grand Tournament, you must fight for it."

"Oh? Why?" Qin Chen was curious.

"The ancient southern capital is a heritage relic of a large sect in the ancient times. It is opened once every five years. In fact, you are selecting inheritors. The more outstanding talents you show in it, the more benefits you can get. If you can get that ancient sect The recognition of the door, the future achievements are absolutely extraordinary." Qin Yuechi warned.

Qin Chen was stunned: "Mother, how do you know so clearly?"

You know, even what Lingwu King Xiao Zhan said, did not understand Qin Yuechi.

Qin Yuechi smiled slightly: "Chen'er, you may not know that your mother kissed me back then, and she was also the proud son of the Great Qi Kingdom. She is expected to participate in the Five Nations Grand Tournament. At that time, my mother read many ancient documents and found some information about The message of the ancient southern capital can only be understood in this way."

"Mother, when you were young, were you still a genius?"

Qin Chen looked at Qin Yuechi and felt unbelievable. Such a weak mother could be a top genius? But, why can't she feel the slightest qi in her body?

"How? Can't it?"

Qin Yuechi smiled softly: "If your old lady is not so powerful, how can you have such an amazing talent?"

"I....."

A cold sweat broke out on Qin Chen's forehead. Mother is too narcissistic.

"what!"

Immediately, Qin Chen was surprised.

Observing carefully, there is indeed a faint aura of true aura in the mother, but this aura is very thin and so weak that Qin Chen once couldn't perceive it at all, and it was not until now that his spiritual power broke through the third rank that he was slightly aware.

Early the next morning.

Just after dawn, the door of Qin Chen's house was knocked.

Lin Tian and Zhang Ying walked in with excited faces.

"Little dust, you have finally come back. If you don't come back, we will probably go to the Demon Ancestral Mountain Range to find you."

Zhang Ying yelled as soon as he came in.

Yesterday, when they heard the news of Qin Chen's return, it was getting late, so early in the morning, they couldn't wait to rush over.

"Hehe, what are you doing in such a hurry?" Qin Chen smiled.

"Can you not be in a hurry? These days you have been practicing in the Demon Ancestral Mountain Range, and Lin Tianke and I have not fallen. If you know our progress, you will definitely be scared to death." Zhang Ying said excitedly with a smug look.

"Oh, isn't it?"

Qin Chen chuckled lightly, and looked at it intently, really surprised.

In less than a month, Lin Tian and Zhang Ying actually broke through to the late prefecture level.

You know, before he went to the Demon Ancestral Mountain Range, the two talented human level peaks, less than a month, improved a full level, this speed is indeed scary.

"Hey, scared, let you see the results of my practice for so many days, give me a punch."

With a burst of shout, Zhang Ying rushed forward, raising his right hand, and an astonishing breath filled him, blasting at Qin Chen.

Boom!

The void oscillated, the air screamed fiercely, and the strong infuriating energy swept across Qin Chen's body, feeling like it was difficult to escape.

"Hahaha, little dust, how about it? Is my punch very powerful? Be careful."

Zhang Ying was extremely proud, swept towards Qin Chen's chest with his fists.

"show off!"

Qin Chen was speechless and raised his hand slightly.

boom!

Zhang Ying was directly blown out, and the blood in his body surged, almost spewing out a mouthful of blood.

There was a sharp pain in his fist, almost not broken.

"how come?"

Zhang Ying's eyes widened and she was surprised.

In these days, he worked hard to cultivate the Immortal Chaos Art that Qin Chen had given, and his cultivation base was advancing by leaps and bounds, almost astonishing.

In his pride, he had consulted with many people, and what shocked him was that Qin Chen's Undead Chaos Art was so powerful that even though his cultivation was only in the later stage of the earth level, ordinary warriors at the early stage of the sky level would never think about it. Defeat him.

That's why I can't wait to show off in front of Qin Chen.

who knows.

It was cracked by Qin Chen with a palm of his hand.

"Little dust, I just used 60% of my combat power just now. Now I have to do my best. Be careful."

Zhang Ying refused to accept, shouted, and rushed forward again.

This time, the momentum on his body was even worse, with an unquenchable momentum sweeping through him.

But the result was still the same. Qin Chen slapped him into the air, lying on the ground embarrassed, wanting to cry without tears.

Chapter 234

"Lin Tian, you can come up if you want."

With a wave of his hand, Qin Chen said to Lin Tian, whose eyes were eager to try.

"May I?"

"It's just learning, what can't be."

"Okay, then I'm on."

Lin Tian took a deep breath.

call!

A cold air radiated from him.

Hum!

In the void, it seemed that several shadows appeared instantly, attacking Qin Chen from different directions.

The shadow doesn't seem to be real, but it exudes a very amazing aura, as if every word is real.

"Hey, your kid has cultivated the Ten Thousand Shadows Sky Scripture to the realm of the first ghost clone so quickly?"

Qin Chen was surprised.

The Ten Thousand Shadows Heaven Scripture cultivated by Lin Tian was given by him, so he naturally knew how terrible its exercises were.

The shadow clone is equivalent to the highest state of the first stage of the Ten Thousand Shadows Scriptures. Once you have cultivated to this step, phantoms will appear between the attacks. Each of these phantoms is equivalent to a real attack, which is very scary.

However, the cultivation of the Wanying Tianjing is extremely difficult and needs to cooperate with the bloodline.

However, Lin Tian's bloodline of Death and Dark Fire fits perfectly, but even so, it usually takes half a year to cultivate to the first level of shadow clone realm.

Unexpectedly, it only took Lin Tian less than a month to cultivate to this point. Such talents can be called abnormal.

However, surprised and surprised, to Qin Chen, this shadow clone is nothing.

With a glance, he saw multiple loopholes.

call!

The right hand was erected, and his fingers pointed out, as if there was a sword light shining in the void.

Puff!

Several phantoms shattered at the same time, and under the light, Lin Tian flew out and fell to the ground.

With one move, Lin Tian retreated.

"Little dust, what on earth did you cultivate for?"

Getting up, Zhang Ying grinned in pain and asked speechlessly.

He could feel that Qin Chen's cultivation level was definitely above himself.

Lin Tian also raised his head, his expression speechless.

His shadow clone, even if it was a martial artist in the early days of the heavenly rank, had to be recruited. It was hard to escape and was defeated. It was so easily broken by Qin Chen.

Even if the exercises were given by Qin Chen, Lin Tian was still surprised.

"It's only the early days of the heavenly level." Qin Chen said casually.

puff!

A mouthful of blood spurted out, and Zhang Ying directly vomited blood in depression.

At the beginning of the heavenly stage, that's it?

"Little dust, are you still letting people live?"

Looking at each other, Lin Tian and Zhang Ying wanted to cry without tears.

These days when Qin Chen was absent, the two of them worked hard and cultivated hard every day, and almost never had a good rest.

I thought that Qin Chen's return would surprise him and show off.

Unexpectedly, the gap between the three people, instead of pulling in, is getting farther and farther.

"Forget it, less dust, I know it, there is nothing like a pervert like you."

Zhang Ying shook her head, feeling as if she had understood a certain truth.

"In fact, your cultivation base has already improved very quickly." Qin Chen smiled.

Zhang Ying looked contemptuous, and he would still be triumphant when he said this to another person, but he felt awkward no matter what Qin Chen said.

quickly?

No matter how fast you are!

The two of them worked hard and cultivated day and night, from the human level to the prefecture level. It's better for you to break directly to the heaven level. As expected, people are more irritating than people.

"Hehe, in fact, the reason why you are slower to break through than me is that you have never entered the blood spirit pool." Qin Chen smiled and gave them confidence.

In fact, the nine-star divine emperor tactic Qin Chen cultivated was at least ten times more difficult than the Wanying Celestial Scripture and the Undead Chaos tactic cultivated by the two.

In other words, if Qin Chen and Zhang Ying practiced the same techniques, the current cultivation base would have long been more than the early days of the heavenly rank.

He said this only to comfort them.

But Zhang Ying became excited when he heard it.

It makes sense, it makes sense.

I have forgotten that Shao Chen went to the Blood Spirit Pond to experience it before. It was the most famous place of genius in the five northwestern countries. When Shao Chen went there, he was only at the early stage of his cultivation.

The reason why the breakthrough was so fast was related to the blood spirit pool.

"Well, if I can also enter the blood spirit pool, with my proud talent of Zhang Ying that shocked the Tianwu Continent, I might already be a profound expert."

With this thought, Zhang Ying is also balanced.

With a grin, he regained his confidence again.

Looking at Qin Chen, his face was full of cold sweat.

This mentality changed too quickly.

"In fact, you two, it's not that you can't get the baptism of the blood spirit pool!"

At this moment Qin Chen said suddenly.

"If there is little dust, please don't comfort us. I also know that we are still very young. After five years, no more than twenty-four. There is indeed hope to enter the blood spirit pool. But by that time, our cultivation will be all I don't know what the realm is, and it may be too late to enter the blood spirit pool."

Shaking their heads, Lin Tian and Zhang Ying sighed.

This time they failed to go to the blood spirit pool for baptism, which means they missed an opportunity. Although there is hope after five years, they do not know what will happen in five years. At that time, the blood spirit pool may not be suitable for them. Demand.

After all, what the Five Kingdoms recognized is that the blood spirit pool baptism is most suitable when it is at the earth level. If it exceeds the sky level, the transformation of the body will be reduced to a certain extent.

However, although regrettable, the two of them are not depressed. They have such a cultivation level now, which has been rare in the great Qi country in a century. There are some things that there is no need to force.

"I'm not talking about five years from now, but now. Come with me."

With that, Qin Chen walked out of the mansion.

He obtained eight spiritual marrow crystals from the blood spirit pool. This spiritual marrow crystal itself is the essence of the spiritual marrow fluid and can improve the body.

What Qin Chen had to do was to go to the Pill Pavilion and prepare the spirit liquid for the two to baptize their bodies.

Qin Chen believes that Lin Tian and Zhang Ying's physical foundation will be stronger as long as they are baptized with the spirit marrow liquid, and they can truly become their own right arms in the future.

"just now?"

Lin Tian and Zhang Ying were puzzled, but still followed Qin Chen out.

After so many days of getting along, they were completely convinced of Qin Chen, not to mention allowing them to accept the baptism of the blood spirit pool, that is to say they could poke a hole in the sky, they both believed.

Immediately, with Lin Tian and Zhang Ying, the three of them walked towards Dan Pavilion.

The three Qin Chen shuffled through the streets, walking towards the bustling area all the way.

To get to Dan Pavilion from the west of the city, you need to pass through the most prosperous square in the capital.

Fangshi is the most lively place in the capital, and it is also the place where the capital is the most expensive.

Basically all the warriors in the capital, once they lack something, they will come to Fang City.

Here, you can not only buy all kinds of pills, but also all kinds of materials, and even all kinds of treasures and real treasures.

And being able to own a shop in Fangshi is something that countless families in the royal capital dream of.

Chapter 235 Zhang Family Crisis

"It deserves to be the city of the royal capital. There are too many people here." Qin Chen felt speechless as he felt the flow of people coming.

It was too crowded and crowded, just like the holidays.

"Hey, less dust, don't you know that. Recently, Dan Pavilion has released a second-grade true Qi Dan. The price is the same as before, but the effect is twice that of the previous one. In the entire capital, the supply is in short supply. It also led to the recent increase in the flow of people in the market. Everyone wants to buy this kind of invigorating pill." Zhang Ying explained.

"Oh?"

Qin Chen's heart moved, it seemed that Dange was acting quite fast, but he just went out to participate in an initial test, and he had already launched the new Zhenqi Dan on the market.

"Here, it's this kind of true Qi Pill." Zhang Ying took out a bottle of pill from her body and handed it to Qin Chen as if showing off: "This true Qi Pill is in short supply in the entire kingdom. My family runs the pill business. , I have a cooperative relationship with Dange, so I can get some supplies, but it is a drop in the bucket. I finally got this bottle from my father and gave it to you."

Zhang Ying smiled, triumphantly, with a painful look.

"Forget it, you should keep this pill."

Qin Chen couldn't laugh or cry.

The formula of Dange's brand-new Zhenqi Pill was given by him. Wanting this Zhenqi Pill is not a matter of minutes.

What's more, from the perspective of improving true qi, no matter how good the effect of this second-grade true qi pill, it is not as good as the effect of real stone.

"You really don't want it?"

Seeing Qin Chen's refusal, Zhang Ying couldn't help being dumbfounded.

"This is the second-grade Zhenqi Pill, a brand-new product from Pill Pavilion. The whole king has no market. Are you sure you don't?"

Can't help but speak, Zhang Ying still can't believe it.

"Seeing you are so painful, how can I be willing to take it." Qin Chen smiled.

In the end, Qin Chen didn't take it, leaving Zhang Ying speechless.

The baby he worked so hard to get from the family, Chen Shao didn't even look down on it at all, and he was frustrated and hurt in his heart.

"By the way, there is a branch of our house in front of me. Young Chen, would you like to come and have a look?"

Walking into the Fang City, Zhang Ying smiled.

The Zhang family also belonged to a large family in the capital. It mainly relied on the development of pill medicine. Although it could not be compared with some top giants, it also occupied a large market share.

"Also."

Qin Chen's heart moved. He had also heard of Zhang Ying's situation, but he had never seen it before. Since he was passing by, he could take a look.

Moreover, he also wanted to buy some medicinal materials casually, not knowing how many Zhang Ying's family had.

Under Zhang Ying's leadership, Qin Chen and the others walked to the door of a shop.

"Master."

The servant at the door saluted respectfully.

"Hey, Uncle Li, why are you here?"

Walking into the shop, Zhang Ying was taken aback when he saw an old man with gray beard.

This Uncle Li is the housekeeper of his family and the right-hand man of his father. Basically, wherever his father goes, he will follow him, isn't it his father here?

Zhang Ying's scalp numb.

When he was a child, he was beaten by his father, and he was quite afraid of his father.

"Master, Patriarch and the others are discussing something in there, what can you do with Young Master Lin?" Uncle Li smiled slightly, and then asked Qin Chen doubtfully: "Master, this is..."

"He is Shao Chen." Zhang Ying introduced: "Shao Chen, Uncle Li is our housekeeper."

"It turns out that there is little dust, and I have been admiring the name for a long time." Uncle Li gave a solemn expression and hurriedly saluted respectfully.

He was not polite. Almost no one knew Qin Chen's current name.

"You don't have to be polite." Qin Chen smiled.

"Shao Chen, wait a moment, I'll notify the Patriarch." Uncle Li hurriedly turned and left.

"No need to notify, I can bring Chen Shao to see my father." Zhang Ying took Qin Chen and walked inside: "Shao Chen, my father has told me several times that I want to see you."

Qin Chen smiled bitterly.

If I knew it, I won't come here. It's so troublesome now.

However, he and Zhang Ying are good brothers, so they should meet their elders.

As soon as I approached the backyard, I heard a loud noise coming out.

"Patriarch, this Li family is simply too much. The agreement that was clearly signed has not been recognized. Now our Zhang family does not have a source of pill, and we can't make ends meet every day. It can't last long."

"The Li family has been cooperating with us for quite a few years, and now I suddenly regret it, and I don't know what happened?"

"Yes, our cooperation has always been very harmonious. Why did we suddenly tear up the agreement this morning?"

"The key point is that the Li family and Dange are partners. If the Li family does not cooperate with us, the cooperation between us and Dange will be suspended. How can this be good?"

In the backyard, groans and sighs were heard.

Qin Chen was taken aback.

The Zhang family seemed to be in trouble, and it was also related to Dan Ge.

"Patriarch, Young Master is here with Chen Shao." At this moment, Uncle Li walked in.

"Less dust?"

He heard a rush of noises from inside. Immediately, a rather honest middle-aged man walked out of it. Behind him, there were many people in charge of the Zhang family.

Zhang Ying's father, named Zhang Xi, is a master of cultivation, exuding a strong aura at the peak of the late stage of the heavenly rank, and is also considered a master.

Seeing Qin Chen, the Zhang family was very enthusiastic, and thanked Qin Chen for taking care of Zhang Ying in the college.

Especially knowing that Zhang Ying's recent improvement in cultivation level has benefited from Qin Chen's more enthusiasm for Qin Chen, and that attitude is even respectful.

Qin Chen smiled bitterly, what he feared most was this kind of occasion, but it could be seen that Zhang Xi and the others were grateful from the heart and were very sincere.

"Father, I just heard that the cooperation between our family and the Li family has been cancelled. What's the matter?"

The two sides sat down and talked with each other for a while, Zhang Ying couldn't help asking.

"You don't have to worry about this matter, and treat the little dust well, don't be big or small, if you hear it." Zhang Xi scolded.

He has a headache for his son's character and is very displeased.

"Father, just tell me, I also want to share the worries and problems for my family. I am not like I used to be."

Seeing his father and them so worried, Zhang Ying was also very distressed.

"Do you share your worries and solve problems? You are already thankful if you don't cause trouble." Zhang Xi looked speechless, and then apologized to Qin Chen: "Little Chen, we still have some urgent matters to deal with. We can't entertain ourselves. Please forgive me. , Let Zhang Ying accompany you around."

"Uncle, I don't know what trouble your Zhang family has encountered, can you tell me something? Maybe, I can solve some." Qin Chen smiled.

It had something to do with Dan Ge, and it was Zhang Family's business, Qin Chen wouldn't be able to stand by.

Can you solve it?

Everyone was taken aback, then smiled bitterly.

Xindao: If you are still in the Qin family, maybe based on the Qin family's relationship, you can still help a little bit, but now, you are no longer in the Qin family. Although you are a good genius, what can you do about this kind of thing? .

The other party will not be able to solve business matters just because you are a genius. There are many things involved.

Chapter 236 Despair

"With less dust, it's not troublesome anymore. We appreciate your kindness."

Zhang Xi didn't want to bother Qin Chen either.

"Uncle, if you speak out, one more person will also have one more brainstorming method." Qin Chen smiled.

"This... alright."

Zhang Xi hesitated for a while, sighed, and then told what had happened.

It turned out that the Zhang family was a family of the King of Daqi who specialized in pill medicine. At the same time, there were several manors planting medicinal materials outside the capital.

However, the Zhang family did not produce pill, but sold the medicinal materials to the royal family Li family to obtain the pill.

This Li family is a partner of Wangdu Dange. In addition to producing some of the pill by themselves, most of the pill is also obtained from the Dange, and then subcontracted to distribute to Zhang's pill. Family, seek profit.

The cooperation between the Zhang family and the Li family has been for decades and has always been very stable.

Unexpectedly, just this morning, the Li family sent someone to pass the news, and the cooperation with the Zhang family ended.

This badly broke the Zhang family.

The Zhang family's medicinal materials have always been supplied to the Li family in exchange for the pill. Once the Li family's cooperation is lost, not only the medicinal materials will not be sold, but the source of the pill will be lost.

You know, the two giants of Wangdu Pills are Jubaolou and Pill Pavilion.

Among them, Zhang's family and Jubaolou have never been involved, and it is impossible to obtain an elixir from them.

The Li family represented the Dange's interests outside. Once the relationship with the Li family was severed, the relationship between the Zhang family and the Dange was also broken.

This is undoubtedly a fatal blow to a family of pills.

"Why did the Li family suddenly break off cooperation with your Zhang family?" Qin Chen frowned.

Zhang Xi smiled bitterly: "This is where we are puzzled. Our cooperation with the Li family has always been very good, and the quality of our Zhang family's medicinal materials is second to none in the vicinity of the royal capital. After the Li family purchases them, they will often sell them to Dan. Ge, according to the truth, they will never cut off their cooperation with us, but who knows..."

"Furthermore, the severance of cooperation this time came too abruptly. There was no warning in the middle. Something definitely happened in it. The key is that we have no clue at all."

"It's actually not without a clue."

At this time, a manager of the Zhang family suddenly said.

"Oh?"

Qin Chen looked over.

The steward said: "In fact, it is just a guess. I investigated. Last night, someone from the Zhao family in Lingnan entered the Li family. This morning, the Li family sent someone to pass the news over, so I was thinking whether this matter would be wrong. It will be related to the Lingnan Zhao family."

"Impossible." Zhang Xi shook his head. "Although the Lingnan Zhao family is the largest medicinal material supplier in the entire Lingnan, it is also a supplier and seller of Lingnan pill, but there is no conflict between us and the Lingnan Zhao family, and the market is occupied. It's completely different. They don't need to come to block us."

"What's more, I have inquired that apart from our Zhang family, none of the other families cooperating with the Li family have been stopped from cooperating. It can be seen that this matter should be a problem on our Zhang family's side."

Everyone in the Zhang family bowed their heads in meditation, but couldn't figure out why.

Lingnan Zhao Family?

Qin Chen was startled.

He remembered that Zhao Feng's family should be in Lingnan. His ancestors used to be the Lingnan king. Later, the bloodline was thin and the fief was cancelled. However, the Zhao family's power in Lingnan is still extremely large. It is the largest wealthy family in Lingnan. Rumor has it that Lingnan is in control. Half of the country.

Could this matter have something to do with yourself?

If you think about it carefully, this is not impossible.

With Zhao Feng's viciousness, he can't help himself, he will definitely start with the people around him, and Zhang Ying and Lin Tian have a very good relationship with him, and it is reasonable to deal with their family.

In this way, the Zhang family is purely tired by himself.

With a wry smile, Qin Chen was speechless.

Unexpectedly, it turned around, but in the end it got involved with myself.

"Patriarch, or else, we bypassed the Li family and contacted Dange directly. After all, the medicinal materials of our Zhang family are the best near the royal capital. I don't believe that Dange doesn't need medicinal materials anymore." proposal.

Zhang Xi smiled bitterly: "After receiving the news, I had personally visited the Dange branch in Fangshi in the morning, but not only I could not see the person in charge, even the door of Dange branch was not able to enter. In my opinion, the Li family must have greeted us in advance. With the relationship between the Li family and Dange, it is not a problem to block us."

"what?"

"How can this be good?"

"When we supplied medicinal materials to the Li Family and Dan Pavilion, we had already offended Jubao Pavilion. Now if Dan Pavilion banned us, we would not be able to survive."

Everyone panicked.

If it is really like what Zhang Xi said, then the Zhang family can't survive at all, and there is no chance at all.

"Don't worry, things are not without turning points. What we have to do now is to figure out why the Li family banned us. Secondly, it is best to get through the Dange relationship. As long as Dange is willing to eat our medicinal materials, even if it doesn't happen in the future. Selling elixirs, our Zhang family can survive."

"Patriarch, how much profit does the sale of medicinal materials make? If this continues, our Zhang family may not even be able to keep the family."

"Yes, I can only stay on the verge and barely live in the capital."

"These days are too miserable."

Everyone spoke out, and the worry on their faces was full.

Zhang Xi sighed. He didn't know what everyone said, but for the present, there is only one way.

"In this way, Zhang Fei, you go to Li's house to find out the reason, and I will personally go to the Dange branch in Tangfang City to see if I can connect with Dange."

Zhang Xi said bitterly, this is the only possibility.

At this moment, Uncle Li suddenly walked in, his face was solemn, and he said solemnly: "Patriarch, it's not good. People from the Li family, Dange, and Hefang City Law Enforcement Team arrived at our central store in Fang City and announced that we The Zhang family's pill are all unqualified pill. Our Zhang family's eligibility to sell elixir is cancelled. Now, the people from the law enforcement team of Fang City will demolish our Zhang family's store."

what?

When the news fell, everyone in the backyard was in an uproar, each of them pale and kicked back.

"Are you sure that the people from Pill Pavilion are here?" Zhang Xi stood up suddenly, unaware of the hot tea splashed on his hands.

"Patriarch, there is nothing wrong with it. Na Dange is in charge of Mu Xun, the person in charge of Dangefang City Branch."

boom!

The teacup in Zhang Xi's hand fell to the ground and shattered instantly.

"The Li family is going to kill them all."

"It's over, Mu Xun, the head of the Dange branch, has come forward, and there is no room to deal with it."

"What the **** did our Zhang family do, the Li family want to be so cruel?"

Everyone in the Zhang family looked dead and desperate.

Chapter 237

At this moment, everyone was shocked and desperate.

As soon as his legs twitched, Zhang Xi also showed bitterness.

Unexpectedly, it was Dange's director Mu Xun who came forward in person. Mu Xun was the chief person in charge of Dange's main responsibility for the sale of pill medicine in Fangshi, and he was also the person with the most rights in Dange.

Originally, Zhang Xi wanted to use the relationship of a deacon this morning to catch up with Mu Xun's managerial line and let him relax.

Unexpectedly, not only did the Dange branch not give him a chance to meet, but now the people from the law enforcement team and the Li family will directly demolish his Zhang family shop.

This is clearly not giving him any chance at the Zhang family.

"Patriarch, what shall we do now?"

Everyone looked at Zhang Xi anxiously.

It may not be the solution to keep waiting like this.

Zhang Xi smiled bitterly, what can be done now.

"No matter what, let's go to the main store first. We can't stay here and wait for death."

After a moment of contemplation, he gritted his teeth.

Even if it is dead, it is a glorious death. The shop can't be demolished silently.

"Actually, this matter is easy to solve." At this moment, Qin Chen said suddenly.

"You? What can you do?" In an instant, everyone's eyes in the backyard condensed, with a look of doubt and disbelief.

Qin Chen is a teenager, what solution can he have?

"Actually, I might have brought this matter to me, so... the time is urgent, Zhang Ying, you will immediately take your Zhang family steward to the Dange headquarters, find Master Liu Guang, let Master Liu Guang To solve this!"

In fact, Xiao Ya is the best solution for Dan Pavilion. However, Xiao Ya is the pavilion owner of Dan Pavilion. He has always been out of sight. Qin Chen was afraid that Zhang Ying could not find anyone in the past, so he asked him to find Liu Guang.

As long as Liu Guang can be found, the matter will be resolved.

Master Liu Guang?

Hearing Qin Chen's words, the eyes of the Zhang family present all brightened.

Hearing this name, it seemed that it was a certain alchemist in the alchemy pavilion, could it be Qin Chen, who still knew the alchemist in the alchemy pavilion?

I was all overjoyed in my heart. If this is the case, it would be easy to handle. Only if a familiar pharmacist comes forward, maybe I can talk about the relationship with Mu Xun.

"Little dust, what should I say when I get there?" Zhang Ying could not help but ask despite being frivolous, but acting very calmly.

The alchemist in the pill pavilion can't be seen when you meet each other. If you don't know people, you may not even be able to enter the door.

"Just say, I let you pass."

"Okay." Zhang Ying nodded, "Second Uncle, you come to Dan Pavilion with me."

Zhang Fei looked at Zhang Xi and nodded when he saw Zhang Xi. He no longer hesitated, and followed Zhang Ying out of the shop.

"Uncle, a few of us, first go to the main store to take a look. You can't let the law enforcement team demolish the store first."

With a wave of his hand, Qin Chen said again.

Now that there is no other way, Zhang Xi can only nod his head, and bring Qin Chen and Zhang's group of stewards to the head office nervously.

"Aying, you said that little dust, really knows the alchemist in Pill Pavilion?"

Walking anxiously halfway, Zhang Fei asked nervously.

He is the most powerful steward of the Zhang family besides his family advocates, and the liaison who is mainly responsible for the pill pavilion. He is quite familiar with the alchemist of the pill pavilion.

However, no matter how he searched the memory in his mind, he couldn't remember that there was a pharmacist like Liu Guang in Pill Pavilion.

"If you say you know you, you must know you." Zhang Ying affirmed.

Seeing that Zhang Ying was so sure, Zhang Fei couldn't help but breathe a sigh of relief. After a while, he couldn't help asking again: "Then have you seen this Master Liu Guang?"

"No." Zhang Ying shook his head.

"Then have you heard Qin Chen talk about this Master Liu Guang before?"

Zhang Fei didn't dare to care about family matters, and wanted to make it clear.

"Neither." Zhang Ying said.

Zhang Fei staggered and almost fell: "Then why are you so sure?"

I'm so sure if I haven't heard it before, if I make a mistake, there must be a big problem.

"Second uncle, don't worry, if you say less dust, there will be no mistakes."

Zhang Ying is speechless, why is my second uncle so timid?

He had personally seen how Dongfang Qing, the president of the Bloodline Holy Land, treated Shaochen.

That was the president of the Holy Land of Blood, and even he treated Shao Chen respectfully. Shao Chen knew a pharmacist, obviously it was not a big deal.

What's more, at the time of the year-end exam, Master Liang Yu of the Hall of Apparatus treated Shaochen with such respect. It can be seen that Shaochen's background is definitely not something he can understand.

Zhang Ying was full of confidence in Qin Chen, without any doubt.

He didn't doubt, but Zhang Fei's heart was filled with anxiety.

In my mind, I kept recalling and thinking about it, but I couldn't remember that Liu Guang was among the first-grade alchemists in the Pill Pavilion.

Zhang Fei is still very confident about his memory. If he can't remember it, then he definitely doesn't.

But since Qin Chen said so, it should not be nonsense.

So, if Liu Guang were not the first-grade alchemist of the Pill Pavilion, what would he be?

Suddenly, Zhang Fei thought of a possibility, his eyes widened, and he almost fell to the ground.

This Liu Guang is not a pharmacist, right?

The more he thought about it, the more he felt it was possible, and his heart sank suddenly.

Mu Xun, who can serve as the head of the Dange's Fangshi branch, in addition to having a strong relationship in the Dange, he is also a first-grade alchemist.

It can be said that his status is quite high in the Dan Pavilion.

An ordinary first-grade pharmacist may not be able to compare to him. If he is just a pharmacist, the opponent would not look at him.

It's finished, it's finished, this time it's really finished.

With frowning faces, the two quickly arrived at the door of Dan Pavilion.

Walking in, there was a flow of people in the entire Dan Pavilion hall, and there was a flow of people shuttle everywhere.

"Excuse me, is there one of your Dange called Liu..."

Two steps forward, just about to ask a waiter about the situation, a mocking voice suddenly came from the side.

"Hey, isn't this Zhang Fei from the Zhang family? What wind brought you here?"

Turning his head, he saw a middle-aged man wearing a Dange service uniform with a mustache, walking over slowly with a mocking face.

"It's you, Li Yaowen."

Zhang Fei raised his heart suddenly.

The visitor was an elder of the Li family and a steward of the Dan Pavilion. In the past, this Li Yaowen was responsible for the handover of medicinal materials between the Zhang family and the Dan Pavilion.

"Lee is in charge."

The waiter hurriedly saluted Li Yaowen.

"Go down."

Li Yaowen waved his hand and asked the waiter to leave, and then looked at Zhang Fei with a sneer, and said with a smile: "I said, Zhang Fei is in charge, this is not a place where you a lowly person can come, get me away."

Chapter 238

Zhang Fei's face suddenly changed.

"Li Yaowen, what do you mean?"

With a low cry, Zhang Fei's eyes were full of anger.

"What do I mean? Don't you understand? Patriarch was right. You Zhang Family, indeed, will come to Dange for help, and don't look down at your own virtues. This Dange is where you can come? "

With a sneer, Li Yaowen looked disdainful.

As the core member of the Li family, he naturally knows the family's ruling against the Zhang family.

And early this morning, the Patriarch told him clearly and asked him to pay attention. If the Li family dared to go to the Dan Pavilion, they would just blast away.

Originally, he didn't believe it. What kind of virtue does his Zhang family dare to come to Dan Pavilion? I thought it was the owner of the family, and said casually.

Unexpectedly, when he saw the Zhang family, he immediately stepped forward and pretended to be forced.

"Li Yaowen, we are here to find a pharmacist. I advise you not to go too far."

Suppressing his anger, Zhang Fei lowered his head and gritted his teeth.

Now the situation is better than others. Even if Li Yaowen pointed his nose at him, Zhang Fei could only endure it and did not dare to attack.

"Hehe, look for a pharmacist? What kind of pharmacist can you find in the Zhang family? I tell you, no matter who you look for today, it will be useless. Wherever you come from, go back quickly and don't be a pestle at the door of our Dan Pavilion. Like two fools."

Li Yaowen said strangely, waving his hand impatiently, as if to catch a few flies.

He has done business with the Zhang family for decades. He still doesn't understand the relationship between the Zhang family? I don't know any pharmacist, obviously I want to come to Pill Pavilion and try my luck.

What's more, even if Zhang Family really knows a pharmacist? It's nothing more than a nodding acquaintance, there is no in-depth contact.

The Li family has been operating in the Dange for so many years, and there are countless pharmacists he knows. As long as he can talk to someone, he can instantly disintegrate the Zhang family relationship.

at this time.

The movement here has also attracted the attention of many people around, one by one, they will come over.

"Isn't this Zhang Fei from the Zhang family?"

"Yes, the one in front of him should be Elder Li Yaowen of the Li family."

"The Zhang family is the pill family of our royal capital. Didn't they always work under the Li family? Why did it cause trouble?"

"I don't know, could it be that the two sides have a conflict?"

"That's the case? Isn't the Zhang family looking for death? What is the status of the Li family? The king's pill giant is inextricably related to the Dan Pavilion. I heard that an elder of the Li family is even a member of the Dan Pavilion. The famous pharmacist has offended the Li family. Does the Zhang family still want to live?"

The crowd talked a lot, and looking at both Zhang Fei, both were very unsightly.

These two guys are still not leaving. Isn't this asking for abuse?

"You two, don't you get out, don't get out, believe me or not, just find someone to blast you out?"

Li Yaowen was in charge, standing high, his eyes slanted and the two nostrils were so close to the sky.

Zhang Fei was trembling with anger, but was speechless to refute.

"Second Uncle, who is this guy? So arrogant?"

Seeing Zhang Fei not speaking, Zhang Ying couldn't help but turned to look.

This **** guy, although his aura is not small, but his cultivation is also the peak of the late prefecture level, he is not as good as his second uncle, why should he be so afraid of him?

"He is the elder of the Li family, and also a manager in Dan Ge's foreign affairs."

"External affairs manager? Is the status high?" Zhang Ying frowned.

"In Dan Pavilion, the status is not high, but to our Zhang family, it is not easy to offend."

Zhang Fei smiled bitterly.

Foreign affairs manager, in fact, is not a high-level person in Dange, only a small person.

However, the Zhang family was only a small family after all, even a foreign affairs officer in Dan Ge did not dare to offend.

"Since his status is not high, then he is still entangled with him, a small person, a waste of words, let's quickly get the business done, or it's too late, our shop will be demolished." Zhang Ying said nothing.

Ignore Li Yaowen and walk inside.

"You kid, what do you want to do?"

His face suddenly changed, Li Yaowen put his body horizontally in front of Zhang Ying, his eyes suddenly darkened.

He also heard the conversation between Zhang Ying and Zhang Fei, a little kid who dared to say that he was a little person, and he was looking for death.

boom.

An aura of terror suppressed Zhang Ying.

"Aying, don't be reckless, let's go out and discuss it."

Zhang Feisheng was afraid that Zhang Ying would suffer, so he hurried forward, trying to pull him out.

But after only two steps, Zhang Fei's expression suddenly became dull.

"Snapped!"

Seeing Zhang Ying, he directly raised his hand, slapped Li Yaowen's face, and instantly flew him out.

puff!

A mouthful of blood spurted out, Li Yaowen spit out a few teeth, and the whole person was lying on the ground again, his eyes were dumbfounded, and he was stunned.

It's over.

Zhang Fei, who was about to hold Zhang Ying, saw this scene, his body shook, and almost fainted.

No matter how much Li Yaowen is, he is also Dange's foreign affairs manager, and he is considered to be a member of Dange system.

When we came to find someone, we didn't have much confidence, and we didn't even know what Liu Guang was doing. It's better for you to take Li Yaowen away.

This is in the Dan Pavilion Hall.

Your slap is not just Li Yaowen of the Li family, but also Dan Ge's face.

And with Li Yaowen's character, he must kill you.

"You...you kid dare to hit me, presumptuous, too presumptuous, whoever gives you the face, dare to be wild in Dan Pavilion, I will kill you."

Sure enough, Li Yaowen, who had been stunned before, suddenly woke up and jumped up from the ground. The cultivation base of the post-earth stage peak was released to the extreme, and he rushed towards Zhang Ying with teeth and claws.

"Manager Li, I have something to say."

Zhang Fei hurriedly stepped forward. At this time, there was no other way. First confess the counsel before talking. Otherwise, the Zhang family will be crushed in minutes after Dan Ge asks the crime.

Snapped!

In response to Li Yaowen, Zhang Ying took another slap.

With this blow, Zhang Ying used the power of the Undead Chaos Jue to directly take away all the broken teeth in Li Yaowen's mouth, lying on the ground like a dead dog, half of his face swollen like a steamed bun.

"A foreign manager is also worthy to represent Dan Ge, and he doesn't look at his own virtues."

Clapping hands, Zhang Ying looked disdainful.

Quiet.

Deathly silence.

The entire Dan Pavilion hall was like a ghost, and it was so quiet that you could hear a needle falling on the ground.

"Come on, come on, someone is making trouble in Dan Pavilion, come on!"

A scream came from a waiter not far from the Dan Pavilion, and a large number of warriors in armor came out immediately behind them, and Zhang Fei and Zhang Ying were surrounded by a hula.

"Who is going wild in our Dan Pavilion?"

The leading warrior had a dark complexion, and the armor would be tightly wrapped around his body. Only a pair of cold eyes were exposed, and his body exuded a cold air, staring coldly at Zhang Fei and Zhang Ying.

The aura on his body, condensing but not dissipating, turned out to be a strong man in the late stage of the sky, and the group of martial artists behind him are also extraordinary in their aura, obviously they are also strong in the sky.

"Captain Chen, it was them, it was their hands that beat Guan Li."

The waiter pointed at Zhang Fei and Zhang Ying and shouted, his tone trembling.

Chapter 239

"Wow!"

Li Yaowen, who was lying on the ground, also screamed like a pig, his eyes were red, as if he was about to eat people.

"Captain Chen, yes, it is the two of them, the two wastes of the Zhang family, who dare to hit me. His slap is not just me, but also the face and dignity of our Dange. Both were taken down and killed on the spot."

"It turns out that this is the case. Come, take the two of them down, if you resist, you can kill them."

With a wave of his hand, Captain Chen said coldly, his eyes cold.

"Captain Chen wait a minute, misunderstanding, there is a misunderstanding here."

Zhang Fei's face turned pale, and he hurriedly stepped forward to explain, but said in his heart: "I'm dead, what should I do now."

"Misunderstanding? What can be the misunderstanding? When hitting people in my Dange, no matter whether it is a misunderstanding or not, don't think about having good fruit, and take it."

When he waved his hand, Captain Chen didn't listen to Zhang Fei's explanation at all.

Originally, their Pill Pavilion was the foremost power in the Tianwu Continent. Even the branch of the Great Qi State was one of the top powers in the entire Great Qi State.

Now someone is making trouble here, no matter whether it is a misunderstanding or not, let the two of them learn a lesson first.

"Hold on."

Just when Zhang Fei was at a loss and his heart sank completely, Zhang Ying took a step forward and coldly looked at Captain Chen: "Your Excellency, we are here to find someone in Dange. I advise you to figure out the situation and don't make mistakes. "

"Find someone?"

Captain Li only noticed Zhang Ying. He was young, but his cultivation level had reached the peak of the late stage. Moreover, he exuded an inexplicable aura that was very different from ordinary martial artists. He felt an invisible pressure.

What a genius boy!

"Who are you looking for?"

With a frown, Captain Li didn't dare to despise, and shouted coldly.

"It's a pharmacist named Liu Guang."

Zhang Ying spoke.

"Yes, we are here to find Pharmacist Liu Guang."

Zhang Fei also hurriedly said.

Pray in my heart, the person Qin Chen introduced is reliable enough.

"Liu Guang?"

Captain Chen was taken aback, his eyebrows frowned, and his expression became solemn: "You want Deacon Liu Guang?"

"deacon?"

Zhang Fei was taken aback.

While on the road, Zhang Fei kept wondering what exactly Liu Guang was in the Dan Pavilion and whether he was an apprentice, but he did not expect that he was actually a Dan Pavilion deacon.

He has dealt with the Dange all the year round and knows that the Dange deacon is not an ordinary person, but the Dange high-level person is much stronger than the average manager or something. Often a first-grade alchemist may not be qualified to serve.

"Not bad!" Seeing that the other party didn't know Liu Guang was a deacon, he came to look for him like this. Captain Chen frowned and said, "What are you looking for Master Liu Guang?"

"This..." Zhang Fei hesitated, and said: "Let's come over, and it is indeed important to find Master Liu Guang. Please also please inform me."

"Don't listen to this guy's nonsense."

Seeing that Captain Chen's attitude improved, Li Yaowen, lying on the ground, hurriedly jumped up.

"Captain Chen, don't be fooled by the two of them. The Zhang family is just a family of pill family. They follow our Li family all year round to eat together. How can you know Deacon Liu Guang? I must have heard it from nowhere. Name, I want to be fooled."

His teeth fell and he spoke like a blower, groaning and yelling, tearing his wounds with excitement, grinning with painful teeth.

"You are looking for Master Liu Guang, what tokens do you have?"

Li Yaowen said that it was not impossible, and Captain Chen immediately asked.

"Credits?" Zhang Fei's expression suffocated. Qin Chen didn't give him any tokens. "It's Master Qin Chen of the Qin family who asked us to come."

Qin Chen?

Everyone was taken aback, why is this name so familiar?

"You mean the illegitimate son of the Qin family, what the **** is this young master, I yeah, this guy, who was kicked out by the Qin family a long time ago, actually wants to pull the tiger skin of the Qin family, it's ridiculous."

Li Yaowen laughed disdainfully: "What's more, what's the identity of Deacon Liu Guang? That is the top second-grade alchemist in our alchemy pavilion. How can he be an illegitimate child who can be fond of?"

Second-grade pharmacist?

Hearing Li Yaowen's words, Zhang Fei shook his body and almost fainted.

Unexpectedly, the person Qin Chen asked him to find was so noble.

At this moment, Zhang Fei couldn't help but panic in his heart.

If Qin Chen asked him to find a first-grade pharmacist, he might be more confident, but what is the status of a second-grade pharmacist? Moreover, he is also the Deacon of Dan Ge, such a person, even if he is the Patriarch of the Li Family, would have to indulge, how much friendship will Qin Chen have with him?

It's impossible to think about it!

"Captain Chen, there is no need to ask, this guy made it clear that he came over to make trouble, and the result was a disaster. He randomly pulled out the name of Deacon Liu Guang, trying to avoid disaster."

Enduring the pain, Li Yaowen swung his hand, and a vicious light flashed in his eyes.

Captain Chen hesitated in his heart, and when he looked up, he saw Zhang Fei's panic expression.

Combining with Li Yaowen's words, he immediately felt that Li Yaowen's guesses were inseparable.

"Hmph, you two, you are so brave to make trouble in my Dan Pavilion and even pretend to be a friend of Master Liu Guang. You really have the courage of Xiongxin Leopard."

The anger in his chest was ignited.

With a big hand, Zhang Fei and Zhang Ying were caught and photographed. This was to personally suppress the two.

"What's the matter? Why is it so noisy here!"

Seeing that his attack was about to fall, a cold snort suddenly came.

Turning his head, he saw an old man wearing a pharmacist robe, walking out of the hall, his face was ugly and he was very unhappy.

"Master Chen Mu."

Everyone was shocked, and Captain Chen also hurriedly stopped and bowed in salute.

The person here is Chen Mu.

"Master Chen Mu, you happened to be here. These two are from the Zhang family of the royal capital. They were bold and reckless. They came to my Dange to make trouble, and they beat me. Master Chen Mu, although I am Li Yaowen is only one of Dange's duties, it is also People of Dan Pavilion, these two people are so lawless, so please ask the master to be the master for me."

Seeing Chen Mu coming out, Li Yaowen was overjoyed and hurried forward to cry.

He pointed to half of his swollen face, crying that was sad.

The relationship between their Li family and Chen Mu is still quite good, and they have a certain degree of filial piety every year. Seeing Chen Mu now is like seeing the backbone of the master.

"There is such a thing?"

When Chen Mu heard it, he exploded with anger, staring fiercely, with a coldness.

"How dare to make trouble in my Dan Pavilion, Captain Chen, how did you deal with it? Haven't captured the two lunatics until now? How did you become the captain of the guard?"

With his loud shout, the whole hall was rumbling. All the onlookers couldn't help shaking their heads, looking at Zhang Fei and Zhang Ying with a sad expression.

This family, it's not good to offend anyone, and actually offend the Li family. What does the Li family have to do in Dange? You can kill you in minutes, I don't even know the sky.

Chapter 240

At this time, Zhang Fei was already bloodless, his body shook and almost passed out.

Even the idea of justification is gone.

"Master Chen Mu, just now the two of them said they knew Master Liu Guang, and their subordinates were afraid of making mistakes, so they dealt with it a little slower." Captain Chen wiped away his cold sweat and hurriedly explained.

"They two know Master Liu Guang?"

Chen Mu was taken aback for a moment, and he was about to come.

"Yes!" Captain Chen nodded.

"Master Chen Mu, don't listen to their nonsense. These two guys also said that Qin Chen of the Qin family asked them to come. What Qin Chen is, a lowly illegitimate child, and he deserves to know Master Liu Guang. Hupi pulls the banner, and doesn't take a pee to see his own virtues." Li Yaowen showed disdain and mocked.

"What? You mean Qin Chen? Qin Chen of the Qin family?" Chen Mu's expression changed suddenly.

"Yes, that's the guy." Li Yaowen sneered: "If you want to bluff people, you can also say something decent. For example, the Qin Patriarch or something, even mentioned that sordid bastard. Isn't this making people laugh?"

Li Yaowen laughed, his face was full of sarcasm, and he didn't finish talking——

"Snapped!"

A sharper, more fierce slap directly hit Li Yaowen on the other side of the face, and he flew out for several meters, his mouth full of blood mixed with only a few remaining teeth, all sprayed out, lying on the ground and twitching.

This time it was Chen Mu who was beating people.

This scene stunned all the onlookers, all dumbfounded, as if petrified.

what happened?

Isn't Guan Shi Li from Dan Ge? Why did Master Chen Mu slap him? Couldn't it be a mistake?

"Dog stuff, good fight, why didn't you kill you just now? It's embarrassing." After the slap, Chen Mu scolded and looked furious.

Then, Chen Mu turned his head happily, and jogged in front of Zhang Fei and Zhang Ying. The smiles on the originally angry faces bloomed like a hundred flowers: "The two friends who turned out to be less dusty, Chen did not know the difference. Please forgive me if I have missed a long time before coming here."

Everyone fainted, their minds were confused, and they didn't understand what happened.

Not only them, Zhang Fei and Zhang Ying were also stunned.

What exactly is going on? Previously, Master Chen Mu said angrily that he wanted to catch them, but the blink of an eye was like a gentle spring breeze.

The two were completely stunned, feeling like they were in a dream.

"I don't know the two, what do you call Young Master He Chen?" Chen Mu couldn't help but speak when the two were silent.

Zhang Fei was taken aback, and then he was relieved, "We..."

"I and Shao Chen are good friends, my roommate at the Star Academy, this one is my second uncle Zhang Fei." Zhang Ying said directly.

At this time, he had fully understood that all this was due to the lack of dust, and he admired Qin Chen more and more in his heart.

It used to be like this in the Bloodline Holy Land, and now it is like this in Pill Pavilion. In Shao Chen's hands, it seems that there is no problem that cannot be solved.

"It turns out to be the roommate of Shao Chen, who has been admiring for a long time. No wonder your young, you have an extraordinary cultivation base, and a hero is a young man."

Chen Mu held Zhang Ying's hand with his big hand, his mission swayed, his face was full of smiles, if you want to be more kind, you can be more kind.

"There is also this brother Zhang Fei, who has an extraordinary bearing and is a brilliant man."

Turning around and holding Zhang Fei, he was extremely enthusiastic.

Everyone was fainted.

Brother, what you were talking about just now was two "lunatics", and in a blink of an eye you became a handsome man. Is this style of painting changing too fast?

Zhang Fei and Zhang Ying were also dizzy and didn't know what to say.

"Master Chen Mu, Shao Chen asked us to come over because he is looking for Master Liu Guang in an urgent matter, so please help inform us." After a while, Zhang Ying came to his senses and said hurriedly.

After consumption, their shops in Zhangjiafang are almost torn down.

"It turns out that there is something urgent for Little Chen, so you can't neglect it." Chen Mu was startled, and turned his head to stare at the guard who was aside: "Captain Chen, what are you guys doing in a daze? You won't bring my two distinguished guests to the VIP room. Soak my best tea."

"And this guy, bring me in and lie here ashamed."

After ordering things, Chen Mu hurriedly walked into the Dan Pavilion.

Under the leadership of Captain Chen, Zhang Fei and Zhang Ying were soon taken to the VIP room, and then soaked in pleasantly fragrant tea.

"Two people, there were no eyes and no beads at the bottom just now, and there was a lot of offense. I also ask the adults not to remember the villains, don't rest assured."

While making tea, Captain Chen apologized embarrassingly.

At this time, I didn't know that the two people said that there was little dust and had a close relationship with the high-level Dange, so he should not be the captain of the guard.

"Captain Chen is too polite."

Zhang Fei hurriedly stood up and waved his hands again and again.

"It should be."

Captain Chen laughed with him, and after pouring the tea, he retreated.

Sitting on the soft VIP chair, holding the steaming tea, Zhang Fei felt like a dream.

He didn't come to Dan Pavilion once or twice. Normally, seeing Guan Shi Li was already in the sky. As for Dan Pavilion with someone to accompany him, it was impossible.

But today, the guard captain of the Dan Pavilion, a strong man in the late stage of the sky, poured tea in person and smiled, just like a dream.

This is less dust and too much energy, right?

Secretly frightened.

He knew very well that the other party had such an attitude, and all he saw was Shao Chen's face, and it had nothing to do with his Zhang family.

VIP outdoor.

Captain Chen wiped the cold sweat from his forehead.

Disposing of two guys casually, they even possessed such a large amount of energy, that Li Yaowen, really a bastard, almost cheated himself to death.

"Then Qin Chen, what on earth can make Master Chen Mu have such an attitude?"

Muttering to himself, Captain Chen couldn't help but feel suspicious.

"Captain, if it's called Qin Chen, I seem to have heard of it."

At this time, a close friend beside him couldn't help but speak: "A few days ago, a young man named Qin Chen came to participate in the appraisal of the alchemist. The examiners at that time were Master Liu Guang and Master Chen Mu. As a result, the young man scored It's amazing. Not only did he pass the assessment of the first-grade pharmacist, he also shocked the master Xiao Yage. After spending a full day in our pill pavilion, I heard that it was the master Xiao Yage who was accompanying him."

"What's the matter?"

Captain Chen's legs weakened and he almost fell, "You pig brain, why didn't you say it earlier?"

Let Xiao Yage master, my deed, the background of that little dust is too big? If the other party holds grudges, then...

Thinking of this, Captain Chen almost cried.

"I also listened to what others said, and didn't remember it for a while." The cronies looked aggrieved.

Zhang Fei and Zhang Ying waited in the VIP room. After only two sips of tea, they heard a squeak and the door of the VIP room opened.

Chen Mu and a brown-haired old man walked in hastily.

The old man, with extraordinary aura, exuded an astonishing aura, and the badge on his chest indicated his identity as a second-grade pharmacist, and made people feel invisible pressure.

It is Liu Guang.

"It turned out to be a friend of Shao Chen, Liu Guang is here, and I have missed a long way to welcome him. Please forgive me." As soon as Liu Guang came in, he hurriedly bowed his hands and said with a smile.

"Master Liu Guang is polite, we are abrupt."

Zhang Fei hurriedly stood up and said in fear.

Facing a second-tier pharmacist, his pressure was still great, and his heart was beating violently.
