

## Valkyrie 2311

### [Chapter 2311: Ancient Secret](#)

The Chaos Devil's Nest was indeed terrifying, and the power transmitted through the distant void made Qin Chen almost unbearable.

Thanks to the Supreme Sword Emperor.

"Wow!"

There was a flash of light in the distance, and Mo Yuan, who was rushing back, appeared in the valley suddenly, his face changed slightly when he saw the scene in the valley.

"Master, are you okay?"

Mo Yuanbai said nervously, and then looked at the Supreme Sword Emperor on Wang Qiming's head in shock. Although the Supreme Sword Emperor's power had dissipated, the pressure that escaped still made him change color.

"I'm fine, thanks to the action of Senior Sword Emperor, otherwise, it would be dangerous just now."

Qin Chen said with palpitations.

"The Supreme Sword Emperor?"

Mo Yuanbai stared at the sky in shock. The supreme sword emperor's name, he had naturally heard that he was a powerful and unparalleled figure of swordsmanship in the ancient times, was he still alive?

"Are these two strong men in the current human race?"

An old voice came from the Supreme Blade Emperor, his extremely weak, as if he would dissipate at any time.

"Junior Sky Thunder City Lord Qin Chen has met Senior Sword Emperor."

Qin Chen saluted immediately, just because the Supreme Sword Emperor fought against the alien body in the heavenly demon secret realm back then, it was enough to receive such a gift from Qin Chen.

Mo Yuanbai also hurriedly saluted: "Pill Pavilion Master Mo Yuanbai, I have seen seniors."

"Pavilion Master Dan Pavilion?" The Supreme Sword Emperor glanced at Mo Yuanbai, his eyes lost: "Half Saint? Is it possible that my human race is already weak in the Tianwu Continent now?"

Mo Yuanbai was suddenly embarrassed.

"Senior, there are no more powerful saints on the mainland now." Qin Chen understood the meaning of the Supreme Sword Emperor and sighed.

"In fact, it should have been expected that in the first World War, the alien demons blocked the void of my Tianwu Continent, and let my human race lose the opportunity to break the void, just for this day." The Supreme Sword Emperor smiled bitterly.

"Block the void of my Tianwu Continent?" Qin Chen was startled and frowned, "Senior, what is going on?"

Isn't it because the origin of the heavens and the earth is damaged, that the holy realm powerhouse cannot be born? No, if it's just because of this, then where did all the once Saint Realm powerhouses in Tianwu Continent go? The history of Tianwu Continent tens of thousands of years ago seems to have fallen into a period of darkness and completely disappeared. Obviously, this is not only because the heavens are broken.

For this reason, or could it be said that all the powerful Saints at the time have fallen?

No matter how you explain it, you can't explain it all.

The Supreme Sword Emperor did not answer directly, and said: "Fall, the old man is about to dissipate anyway, do you know how the alien demons came to the Tianwu Continent?"

"I don't know."

Qin Chen shook his head.

"The forbidden land of Wuyu God, you should know it." The Supreme Sword Emperor said. "I know." Qin Chen nodded: "The younger generation has also entered the forbidden land. It is rumored that the forbidden land is a relic left over from the battle of ancient sacred realm masters. There are countless sacred masters who have fallen, leading to the location of the forbidden land. The regional rules vary, this talent

Become such a terrible forbidden place. "

"You have actually entered the forbidden land, and you haven't died? Hey, the soul breath in you is wrong... you are not a teenager."

The Supreme Sword Emperor looked at Qin Chen in surprise, and the body that was about to dissipate almost dissipated because of the shock and violent fluctuations.

"call!"

He let out a sigh of relief and looked at Qin Chen in shock: "If you have entered the Forbidden Land, it would be easier to handle it. The Forbidden Land appeared in the ancient times. The strong realm is like a cloud and is very strong." "One day, the barrier of Tianwu Continent was torn, and there was a divine brilliance that fell from the sky and fell on the place where the gods are now forbidden. Because of the great power of this thing, the entire Tianwu Continent was violently shaken. The original Tianwu Continent was the same, but because

The power of this thing is divided into two, transformed into the Martial Domain and the Four Lower Domains, forming a gulf-like barrier. "At that time, countless powerful people in Tianwu Continent were shocked, thinking that there was a strange treasure coming, and they went to the forbidden land to investigate this strange light, but unexpectedly, the crisis had come, and the crisis was not the strange light falling from the sky. Is the sky that follows the light

The strongest. "That ray of light is extremely powerful. It is rumored that it is a certain treasure in the heavens. It has caused countless top races and strong men to fight in the heavens, and this thing fell into

the void in the battle, and it came to my Tianwu continent, and countless heavens are strong. Follow the light

Entered the Tianwu Continent. "

"At that time, in order to compete for the thing of strange light, there was a shocking battle on the Tianwu Continent, and the core of that battle was the forbidden land." "Because of that battle, many forms of martial arts have formed. The Forbidden Land, Death Canyon and other places were also formed because of that battle. At that time, the Tianwu Continent was like a cloud, and even the masters who entered the heavens from the Wu Po Void returned, and many outsiders

Because the masters were oppressed by the rules in Tianwu Continent, coupled with the small number of people at the beginning, they did not gain the upper hand, but suffered heavy losses. "

"But as more and more celestial powers are coming, the level of the war is also increasing, until the final battle of life and death." "This long-lasting battle began with the weaker celestial strong, and later, the celestial strong It is getting stronger and stronger, but as the barriers of the Tianwu Continent are repaired, the oppression of the strong in the heavens is getting greater and greater. The masters of the heavens need to pay the price of a great loss of strength if they want to come in, relying on the advantage of the number of people and Tianwu The mainland's suppression of the heavenly powers, our human race gradually gained the upper hand, and finally annihilated the vast majority of the heavenly powers and sealed some of the heavenly powers.

After that, the Tianwu Continent was saved. "

"And the forbidden land of the gods has also turned into a forbidden land on the mainland, even if the strong holy realm enters, it will fall into it, and the saddest thing in this battle is that our human race even has that strange light treasure. I didn't understand it."

Qin Chen finally understood why the Supreme Sword Emperor would be so surprised when he heard that he entered the forbidden land, it was actually a place where even a holy realm master would fall.

Moreover, the God Forbidden Land was actually related to the Heavenly Realm powerhouse, which Qin Chen couldn't think of.

What are the connections between the sea of thunder, the forbidden land, the heavens and the Tianwu continent?

However, Qin Chen knew that the Supreme Sword Emperor hadn't finished speaking, because he was only talking about the powerhouse of the heavens, and had not yet mentioned the appearance of the alien demon race. Sure enough, the Supreme Sword Emperor continued: "At that time, our human race spent a huge price and suffered heavy losses, and finally resisted the attack of the strong in the heavens. What is strange is that after the battle, there was no strong in the heavens to continue to enter the Tianwu Continent. , Just after we thought the Tianwu Continent was safe, we couldn't think of the terrifying battle in our Tianwu Continent, and it shocked the strong people of the Alien Demon Continent near Tianwu Continent."

[Chapter 2312: Continental Core](#)

"The master of the Alien Demon Continent discovered the secrets of the Tianwu Continent. In order to obtain the treasures in the forbidden land, he also invaded our Tianwu Continent. At that time, my Tianwu Continent had already suffered heavy losses due to fighting against the power of the heavens. Do not

From the heart. Qin Chen immediately interrupted: "Senior, are you sure?" Why I heard that the reason why the Alien Demons invaded my Tianwu Continent is because the Alien Demons itself is also in distress and must swallow the origins of my Tianwu Continent in order for the Alien Demons to continue.

Survive? "

The Supreme Sword Emperor shook his head: "Impossible. Back then, the alien demons entered the Tianwu Continent because of the heavy treasures of the different light in the forbidden land. This was recognized by the strong people in the Tianwu Continent."

Qin Chen frowned, but what he heard was different from what the Supreme Sword Emperor said. What he heard was that the alien demon continent was also invaded by the heavenly powerhouse. In order to prevent his own continent from falling, the alien demon race Only then invaded the Tianwu Continent.

But now the two statements are completely different. Is there any problem? Still, there are things he doesn't know.

"Fighting against the alien demon race is much more durable than against the heavenly strong. Although the alien demon masters are not as good as the heavenly strong, they have continuously invaded our Tianwu Continent, and even invaded many times in tens of thousands of years. "But our human race tried our best to resist the alien demon from the outside world. However, although the Tianwu Continent was saved, the powerful top master at that time was almost dead, and the alien demon took this opportunity to block Tianwu. Void in and out of the continent

Mouth, don't let any master of Tianwu Continent go out. "

"Entrance and exit?"

Qin Chen was taken aback: "Could it be Wu Po Xu's passage?"

He immediately said: "As far as I know, the reason why the warrior can't break through the void is because the heaven is already broken."

"The heavens are broken?"

The Supreme Sword Emperor frowned: "How is this possible?"

He looked incredible.

"Ok?"

Qin Chen was also puzzled. From the Gu Zun's population, he learned that the heaven was broken, and he also saw the entrance to the heaven in the bloodline holy ground. He had a feeling that the Gu Zun people did not lie to him.

The age of the appearance of the ancient Venerable Man is actually even later than the Supreme Sabre Emperor, after the war of alien demons and before the Ten Thousand Years Dark Fault. In other words, in the era when the Supreme Sword Emperor talked about the fight against the heavenly powerhouses, the ancient Venerables were not even born, and after the Supreme Sword Emperor and others fell in the mysterious realm of the heavenly devil, the ancients were born and encountered the person who came from the heavens. Master, learned

News of the broken world.

That being said, it made sense that the Supreme Sword Emperor hadn't heard that the heavens were broken.

"Yes, the heaven is indeed broken." Qin Chen affirmed.

"Could it be that the heavenly powerhouses suddenly stopped coming in endlessly, not only because of the repair of the Tianwu mainland enchantment, but also because of an accident in the heaven?" The Supreme Sword Emperor was also confused.

But he didn't entangle too much, because his energy could not last long, and continued: "The entrance and exit I mentioned is not actually the passage of Wupo Void Heaven Realm, but the entrance and exit of Tianwu Continent into the void."

Qin Chen was stunned. Tianwu Continent entered the entrance and exit of the void, what is this? The Supreme Sword Emperor explained: "What you said about Wu Po Wukong is actually the strength of the martial artist reaching a certain level. Tianwu Continent cannot withstand this power and will repel the opponent and naturally rise to a higher plane. That is the heaven. , And in addition to the heavens, the Tianwu Continent, there are endless voids and planes. In addition to Wu Po voids, the powerhouses of the holy realm can enter the void through this entrance and even go to other planes, just like The master of alien demons enters my Tianwu continent

general. "

"Otherwise, if the martial artist breaks through the holy realm, there is only one way to break through the void, how can the master-level masters of the alien demon race invade my Tianwu continent? Wouldn't they have entered the heaven long ago?"

This.....

Qin Chen was shocked, and had to say that what the Supreme Sword Emperor said was extremely reasonable.

In the entire world, there are not only the two planes of the Heaven Realm and the Tianwu Continent, but there are countless planes. Martial Artists break through, except for the Wu Po Void to enter the higher heaven realm, it seems that it is not impossible to enter other planes. The Supreme Sword Emperor continued: "Any continent has entrances and exits to and from the void. After the Tianwu Continent breaks through the holy realm, you can enter and exit the void from that place at will, and even explore this world, but the masters of the alien demons will This piece

The void was blocked, turning it into a dead end. Any powerhouse in Tianwu Continent who tries to break out will be beheaded. "The purpose of the alien demons is to make the Tianwu Continent never

develop, because in the Tianwu Continent, the lifespan of the strong in the holy realm is only three thousand years. If you step out of the Tianwu Continent, you can get rid of the Tianwu Continent's rule restrictions. Boost dozens

Times. "

"Humans can live for 100,000 years!"

The Supreme Blade Emperor gave out a news that shocked Qin Chen.

"Therefore, for the future of the mainland, the human masters in the sacred realm went to death one by one, and the strong men who were blocked from the void were beheaded." "But even so, you must go there, otherwise, you can only wait for death. There is at least a glimmer of hope. Once successful, the life span can reach 100,000 years. Once the cultivation base breaks through and returns to the Tianwu Continent, it can bring vitality to the Tianwu Continent.

But if you can't break through, Tianwu Continent will be completely finished. "

Qin Chen was shocked.

All this completely exceeded Qin Chen's understanding.

It turns out there are so many secrets in it. It's no wonder that in the past ten thousand years, there hasn't been a strong man in the sacred realm on the Tianwu Continent. According to the Supreme Sword Emperor, a strong man in the sacred realm can only live for three thousand years under this starry sky. After the mainland's origin is damaged, the former strong have either Break into the void

If it falls, or it will have a life span, naturally there will be no holy realm powerhouse left behind.

However, even so, the history of Tianwu Continent should not have been faulted for tens of thousands of years, creating a blank.

Ten thousand years ago, something must have happened on the mainland, but the Supreme Sword Emperor and the Gu Zunren both fell too early and didn't know it.

"Senior, where is the void entrance and exit?"

Qin Chen said solemnly.

"In the endless void, I don't know exactly where, but it should be at the northern end of the mainland." The Supreme Sword Emperor said. "Back then, before the Tianwu Continent was cut off by the different light, the continent was a whole piece, and the north was actually the real core of the Tianwu Continent. Today's Wuyu is only because of the different light, causing endless auras to gather, which has become Up

The second core of the mainland, and the truncated Northern Heaven Region, gradually declined. "

The words of the Supreme Sword Emperor immediately gave Qin Chen a tremendous shock. Bei Tianyu turned out to be the core of the mainland?

[Chapter 2313: Sealed strong](#)

He suddenly thought of the secret realm of Heavenly Demon, thought of Ancient Nandu, thought of the Black Death Marsh, and thought of the secret realm of Demon Ancestor Mountain Range and Saint Luo.

The mysterious rust sword in his hand was actually obtained in the Saint-Luo secret realm in the Land of Five Kingdoms. Up to now, Qin Chen has not been able to understand the origin of this mysterious rust sword. Such a treasure cannot be an ordinary place. What can be born.

But now Qin Chen understood that if the Northern Heaven Region was once the core of the Tianwu Continent, then all of this could be explained.

Qin Chen's heart suddenly became heavy. He didn't expect that there were so many secrets in the Tianwu Continent. It was really not an easy task to truly break through the blockade of the alien demon race.

"So, I can only rely on you next." The Supreme Sword Emperor sighed and glanced at Qin Chen and Mo Yuanbai. Although their cultivation bases are not weak, they are not enough in the eyes of the Supreme Sword Emperor. . "I will try my best to wait. Before I find the origin of Tianwu Continent, it is almost impossible for me to break through the holy realm." Qin Chen shook his head, and besides the threat of the alien demon, he wanted Facing the human race like Shanguan Xier

Traitor, otherwise, how could he work so hard to subdue powers one by one. "In fact, if you want to break through the holy realm, in addition to understanding the origin of the heavens and the earth, you can also absorb some of the holy artifacts and the strength of the origins of the fallen powerhouses that year, and you will have the opportunity to break into the holy realm. You can go to more secret realms on the mainland, such as death Canyon, forbidden

In those places, countless powerhouses have fallen in those places, and even powerhouses of the heavens. If the chance is enough, they may not be able to break through to the holy realm. Of course, the danger is also great, and they will fall if they are not careful. "

The Supreme Sabre Emperor is obviously also extremely jealous of places such as the Forbidden Land of Gods, this is a place where even the strongest of the Holy Realm may fall.

Qin Chen nodded, this may be the last resort.

Now he finally understood why the Illusory Demon Sect Master could obtain the Demon Heart Stone, which was clearly not the Tianwu Continent. It is very possible that this person had also entered Death Canyon and other places to obtain this treasure that was clearly only available in the heavens.

"wrong!"

Qin Chen was startled suddenly.

"Why did the Phantom Sovereign enter the Death Canyon?"

He was stunned.

Death Canyon, Divine Forbidden Lands and other places are the most dangerous forbidden areas in the mainland. Any strong under the world, without sufficient reasons, is impossible to break into these forbidden areas, because it is almost equivalent to looking for death.

Back then, Ji Wuxue entered Death Canyon to find himself, Mo Yuanbai entered Death Canyon to find himself, and Qin Chen himself broke into the forbidden land in his previous life, just to find the opportunity to dissolve the waste veins and break through the Emperor Wu.

But where is the master of the magic demon?

Why did she enter Death Canyon?

Normal martial artists, even the pinnacle martial emperor, would not enter these dangerous places at will, because compared to places such as the Thunder Sea, entering the Death Canyon and the forbidden land is almost tantamount to death.

Doubts surged in Qin Chen's mind. Over the past three hundred years, the only purpose of the top powerhouse who entered the Death Canyon was for him. Could it be that the Illusory Sovereign was also because of the Death Canyon he entered?

Thinking of this, Qin Chen couldn't help but shook his head. He really thought too much. The Illusory Demon Sect Master didn't even know him, so how could the opponent enter the Death Canyon because of himself.

wrong! I have never seen the true face of this phantom demon sect master, why would I think that the other party does not know him? Moreover, Qin Chen also got the information from Tianlei City, knowing that the Illusory Demon Sect Master actually rescued Tianlei City when it was in danger.

.

All of this gave Qin Chen a faint feeling that the Sovereign of Illusory Demon seemed to be inextricably linked to him.

Qin Chen made a decision that he would definitely uncover the mask of Sovereign Illusory Demon in the next meeting, so as to see her true face.

"Okay, the last trace of my will is about to dissipate. I just told you the origin of the alien demon, and there are some details that I haven't explained." The Supreme Sword Emperor's will is getting weaker and weaker, and he insisted: "The entrance and exit of the Tianwu Continent is the entrance and exit of the protection barrier of the Tianwu Continent. It is also the place where the rules of the Tianwu Continent are the strongest.

Outside of the mouth, no other places can enter and exit. Although the entrance and exit can be freely entered and exited, this is for people on this continent. Foreign races coming in through the entrance will be backlashed by the rules and will be greatly suppressed. "And the alien demon race has been trying to get rid of this suppression for countless years. The Chaos Demon Nest should also be a method that the alien race came up with. Therefore, the Chaos Demon Nest must not be allowed to actually descend on the Tianwu Continent, otherwise it will be unfavorably Huge

disaster. "In addition, the major secret realms of Tianwu Continent also hide many foreign experts. They are all foreign masters who broke in back then. They have high or low strength, but they can't really threaten Tianwu Continent. They can only hide in Secretly, even being sealed, but

Once the Chaos Demon Nest arrives, these foreign masters will resurrect and get out of trouble. At that time, the Tianwu Continent will inevitably be in desperation. "

"The Chaos Devil's Nest comes, will the foreign masters get out of trouble and resurrect?"

Qin Chen heard it for the first time.

If this is the case, then it is troublesome. Qin Chen knows too much how many foreign masters are hidden in the entire Tianwu Continent. "In fact, you don't have to worry too much about ordinary demon kings. What really needs to be worried about is those terrifying powerhouses who have been individually sealed. Those alien demons who have fallen on many ancient battlefields in Tianwu Continent have basically only their souls left. even though

Resurrection can only gain power through the seizure of human beings, so even if the Chaos Demon Nest descends, they will not be able to recover to their peak. The truly terrifying ones are the masters of alien demon masters who have been sealed separately. "In those days, the strong were too strong to be beheaded, so they were sealed in all parts of the mainland. Over the past countless years, their vitality and strength have been continuously consumed and gradually died, but there are bound to be some people who never died. Seal, of course

Very weak, but under the nourishment of Chaos Demon Nest, the cultivation base will recover at an extremely fast speed. "

"The most terrifying thing is..."

"In this tens of thousands of years of seal, their bodies are already familiar with the rules of the Tianwu Continent, and will not be too much oppressed. As long as their strength is restored to the peak of the year, it will really be the end of the Tianwu Continent."

The seal prolonged their lifespan, but it also consumed their power. Those who survived are extremely strong.

Qin Chen understood the meaning of the Supreme Sword Emperor. The ones that were not terrible were all killed by the seal, and even died because of the end of their lifespan, and the ones that were truly terrible survived.

#### [Chapter 2314: Tianzhen Mountain](#)

"Where are the seals, do you still have an impression of Senior?"

Qin Chen asked.

The Supreme Sword Emperor shook his head: "Those sealed lands have undergone changes due to the passage of time, and I am afraid they are no longer found, but the strong ones who can survive are bound to be only a few."

Time is the most powerful weapon. In tens of thousands of years, too many things have happened, too many to count. Suddenly, Qin Chen thought that he had encountered a terrifying old man in the ground of the Black Death Swamp near the Dawei Dynasty. The old man was extremely terrifying. If it were not for the golden parasitic seed on his body, he would have been taken by the strong man. Robbed

There, is it also sealed a top foreigner?

Probably!

Qin Chen frowned. "So, Tianwu Continent wants to break this situation, only to make two preparations, one is to prevent the invasion of the Chaos Nest, and the other is to try to find those strong who are sealed and kill them, no matter which one, the most important thing is to improve oneself Strength. "

The breath of the Supreme Blade Emperor is getting weaker and weaker.

"Looking for the sealed master?"

Qin Chen frowned. Although his soul power was terrifying, the Tianwu Continent was too large. It would be so difficult to find those masters who were sealed. It would take a lot of time, and he might not be able to find the slightest trace.

But if the avatar Qin Mo comes to find it, there may be some unexpected gains. And Qin Chen also thought that he wanted to prevent the invasion of the Chaos Demon's Nest. It was extremely difficult, and even if he wanted to break through the entrance and exit of the mainland, it would be difficult to do it. However, Qin Mo possessed the aura of a foreign demon and might be able to fight this Among them, there are different

which performed.

The only headache is that Mo Qin is still in the secret realm of Thunder Sea, and there is no news at all.

But Qin Chen's time is too precious, and it depends on luck to ask him to find those strong. Good luck, it's easy to find, bad luck, maybe he won't get a year or a half.

It is impossible for him to waste time on this at a critical moment, and the gain is not worth the loss.

The only thing that can be done is to prevent the invasion of the Chaos Demon's Nest. Perhaps, I can get some news from Shangguan Xier and the Demon Lord.

Qin Chen didn't believe that Shangguan Xier and the Heaven Devouring Demon Lord would have no news of the appearance of the Chaos Devil's Nest. They would even pay more attention to them. As long as they found them, it would be equivalent to finding the Chaos Devil's Nest. With a sigh of relief, Qin Chen calmly said: "Senior, I understand. Soldiers are coming to block and water is coming. It is not easy for alien demons to invade Tianwu Continent. Of course, it is not easy for us to protect Tianwu Continent, since Not tolerate everyone

Yi, that is equivalent to standing at the same starting point, the same starting point, why should we fear them, who can laugh afterwards, it is hard to say! "Hearing that, the Supreme Sword Emperor glanced at Qin Chen in surprise, "It is worthy of being the arrogant of this generation. He has never been ahead of his time. He can handle complex things and see so simple. Now I have some confidence that your generation can once again Resist the alien

Invaded. "

"I'm going to dissipate, do you have anything else to ask?"

"Senior Sword Emperor, can you sense the location of the Chaos Demon Nest?" Qin Chen said solemnly.

For now, finding the location of the Chaos Nest is the most critical. "No, I can only sense that the Chaos Demon Nest is not in the Martial Domain. Moreover, the Chaos Demon Nest should not have fully descended on the Tianwu Continent. What we have sensed just now is just a piece of the Chaos Demon Nest penetrating the plane. Strength, so you guys still

Have time. "The Supreme Sword Emperor said.

Qin Chen nodded, he naturally agreed with the Supreme Sword Emperor's opinion, but when he destroyed the parasitic seed, the Chaos Devil's Nest did not come, but when it was Wang Qiming's turn to destroy them, the Chaos Devil's Nest came.

It can be seen that the Chaos Devil's Nest is infinitely close to the Tianwu Continent, at least, it can transmit power into the Tianwu Continent.

"Young man, the task of protecting Tianwu Continent is left to you."

In the end, the Supreme Sword Emperor sighed lightly and turned into endless light spots, dissipating the void.

The world is in sorrow, and Qin Chen feels the heaven and the earth of the Tianwu Continent, and seems to be crying for the fall of the Supreme Sword Emperor.

Heaven and earth are sentimental, so naturally they know how much the Supreme Sword Emperor and their generation have paid for this world.

"Little dust, what happened just now?"

At this time, Wang Qiming and others came to their senses one after another, felt the surrounding scenes, and all showed surprise.

They can vaguely feel the outside world, but at the most critical moment, their consciousness naturally cannot perceive the outside world.

"Did you feel anything just now?" Qin Chen asked, perhaps he could learn something from Wang Qiming and the others.

"Feeling?" Wang Qiming frowned, and nodded immediately: "Yes, at the critical moment when we were fighting against the Parasitic Seed, we seemed to feel that something was calling for the Parasitic Seed, but then I defeated the Parasitic Seed's seizure, that force. Disappeared.

"

"Summoning?" Qin Chen was pleasantly surprised.

"Yes, that power seems to come from the north of the mainland, and it's not in the Martial Domain. I won't be able to sense it any more." Wang Qiming shook his head.

"North of the mainland?"

Qin Chen frowned.

"Is Ancient Nandu?"

His first thought was the ancient southern capital, and in the northern heaven, Gunan was the biggest suspect.

"It seems that I have to find a chance to go to Gunan Capital."

Qin Chen said silently.

Of course, before this, Qin Chen still has the last place to go, that is the Palace of Instruments.

As long as the device hall is drawn, the top forces in Tianwu Continent will completely stand on the same line with him, against Misty Palace.

The situation was urgent. The next day, Qin Chen took Mo Yuanbai and others to the Hall of Instruments, while Wang Qiming and others were included in the Universe Jade Plate by Qin Chen.

Of course, before leaving, Qin Chen also went to Wanbaolou and took back some things that once belonged to him.

As for what happened in Dao Valley yesterday, the original poster of Shou Yuancheng and others naturally also felt it, and asked Qin Chen for the first time, and after learning that it was an invasion by the alien demons, the original poster of Shou Yuancheng and others acted more vigorously. .

Only two days later, the entire Wanbao Building was completely cleared, and the forces of Wo Longsheng, Zhuzishen and others were uprooted, leaving no trace of them.

When the news came out, the entire Wanbao Mountains shook, and the news spread like a hurricane.

When the news of Wanbaolou was spreading wildly on the mainland, Qin Chen and Mo Yuanbai had already arrived at the Qidian headquarters-Tianzhen Mountain.

Tianzhen Mountain is a high mountain that rises above the sky. It is the headquarters of the Temple of Arms and is also known as the most closely guarded place on the mainland.

The entire Tianzhen Mountain is composed of ninety-nine-eighty-one top-level large formations, and it is rumored that there is also a holy formation inherited from ancient times. Even a holy realm master may not be able to break into it.

"Tianjin Mountain, I'm here again. If you want to fight against the alien demons, that treasure must be taken."

Qin Chen hovered outside Tianzhen Mountain, his eyes flickering, and Mo Yuanbai collapsed in one step.

"Someone, trespass into the heavy ground of my heavenly array." A sharp shout sounded, and at the same time, there were murderous figures.

[Chapter 2315: Dreaming Tea](#)

In the sky, many powerful men appeared in an instant, each full of terrible aura, staring at Qin Chen and Mo Yuanbai coldly.

"Qin Chen of the Thunder City, Mo Yuanbai of Pill Pavilion, come to see Master Gu Huamao, the master of the Hall of Instruments."

Qin Chen arched his hands.

Qin Chen, Lord of Thunder City? Pill Pavilion Master Mo Yuanbai?

The expressions of the many powerhouses changed, and they showed surprise. Now Qin Chen's reputation on the mainland is like thunder, everyone knows.

Whether it was the Battle of Thunder City, the Battle of the Bloodline Holy Land, or the Battle of Pill Pavilion, the entire continent was shocked, and what happened in Wanbaolou not long ago was also passed on, and it shocked the Palace of Instruments.

This is a plague god, big things will happen wherever he goes, and even the deputy head of the palace, the super elder level characters will be pulled down.

Seeing the horrified expressions of many masters in the Qidian, Qin Chen couldn't help being speechless. Is he so scary?

"Please wait a while, both of you. I will report it to the lord of the palace immediately."

The leader of the strong arched his hands, his figure shook, and instantly turned into a streamer and disappeared.

In just a moment, several magnificent figures flew out from the Tianzhen Mountain. Before anyone arrived, the voice was already loud and loud: "Hahaha, the Lord Dan Pavilion and the Lord of Tianlei City are coming here. , Sin, sin!"

The voice fell, and an old man with gray-brown beard and a group of masters already appeared in front of Qin Chen.

The leading old man, with a burly body and a loud bell, is Gu Huamao, the head of the Palace of Vessels.

"The Lord of the Ancient Palace, don't come here unharmed."

Mo Yuanbai folded his hands and smiled.

"Hahaha, it's the old man who said don't come unharmed, Pavilion Master Mo Yuanbai is in a simple way, and the dragon sees the head but doesn't see the end, that means don't come unharmed."

Gu Huamao was quite enthusiastic, with a smile on his face. "City Lord Qin, leave Tianlei City and meet again. I can't think that your Excellency is actually the disciple Qin Chen of the Pill Pavilion who saved my disciples from the various forces in the ancient Yu realm. People really make old

Husband admire it. "

Lou Zimo was also in the crowd, smiling and very enthusiastic.

When he was in Tianlei City, in order to make a good relationship with Qin Chen, he caught up with Qin Chen, and now he is naturally on Qin Chen's side.

Among the crowd, Fei Lao, who led the master of the Hall of Equipment into the Guyu Realm, stood there now, looking at Qin Chen in surprise, and respectfully said to Gu Huamao: "Master of the Hall of Equipment, City Lord Qin is indeed the disciple of the original Dan Pavilion. Qin Chen."

He was shocked. Even though Qin Chen showed strength against the sky back then, he was only the Emperor Wu, and the gap with himself was not too big. Unexpectedly, after a few years of parting, Qin Chen now has become a well-known expert in the mainland. In contrast, although he himself also broke through from the Martial Emperor in the early nine days to the peak of the initial stage, he was inside the palace, just an elder

That's all, compared with Qin Chen, like the difference between clouds and mud, the emotion in his heart can be imagined.

"Haha, you guys don't stand here anymore, City Lord Qin and Pavilion Master Mo, please also invite them inside."

Regardless of what Qin Chen and Mo Yuanbai had witnessed, Gu Huamao's most basic etiquette was to be reached, and Qin Chen and Mo Yuanbai were immediately welcomed in.

A group of elders, deputy hall masters, and others also hurriedly followed, but they were very nervous.

Obviously they have also heard of everything that happened in the Holy Land of Bloodline, Pill Pavilion, Wanbao Tower and other places. Qin Chen and the others came on this trip. The visitors were unkind. Could it be that there were also gangsters in the Misty Palace?

For a while, everyone was worried and worried.

Soon, everyone came to the Qidian headquarters on Tianzhen Mountain. A magnificent building stood halfway up the hillside of Tianzhen Mountain, extremely magnificent and majestic.

Entering the Qidian, after Gu Huamao arranged for Qin Chen and the others to sit down, someone immediately offered fragrant tea. The tea was clear and a unique tea fragrance lingered, which shocked people.

"Mengzhen tea, really good tea!"

Qin Chen took a sip, and suddenly felt that his mental power was nourished and his spirit was extremely refreshed.

"Hey, City Lord Qin also knows the Dream Formation Tea in our Palace?"

Gu Huamao was surprised. Mengzhen tea is a tea unique to the temple. It can only grow on Tianzhen Mountain. It is nourished by the Tianzhen Mountain. It is very scarce. It can nourish the soul and regulate the mental state. Many masters of the Jindao are building a large array. When I like

Drinking this dream tea.

However, even in the Hall of Devices, only the top masters of the formation technique are eligible to enjoy this tea. Ordinary strong men, even Fei Lao, the emperor of the ninth initial peak, may not get one or two. .

"Mengzhen tea is famous all over the world, how can you not know it."

Qin Chen smiled. Although this Mengzhen tea was rare, his previous life was the honorary elder of the palace, and he was the top honorary elder. He had also drunk this Mengzhen tea several times, so why don't you know? The two sides talked for a while, and Gu Huamao said straight to the point: "I heard that two of the major forces in the mainland are purging the misty palace. I don't know what happened to the two who came to our palace today? Could it be that there are traitors from the misty palace in our palace? If so

, Please tell me directly, once confirmed, the old man will never be merciless. "

Gu Huamao looked serious.

He naturally knew what happened in the Holy Land of Bloodline and other places. As the master of the Palace of Instruments, he naturally would not shelter people who colluded with foreign races.

Of course, it is not what Qin Chen said, but must be verified.

Hearing that, everyone present had a heartbeat, and when they came, who else would they have in the palace, would they be the traitors of the Misty Palace?

Everyone is nervous.

After all, when the Xuanyuan Empire and the Ancient Fangjiao forces conquered Misty Palace, Muxun's deputy head of the Weapon Hall actually took refuge in Misty Palace. Up to now, the Weapon Hall is still faceless and extremely angry.

"That young man is offended."

Qin Chen was not polite, directly urging his own soul power, hum, above his eyebrows, a soul eye opened, and the terrifying soul power swept in all directions like a vast ocean.

Huh!

Everyone present only felt a chill in their hearts, as if they were shrouded in an invisible force, scrutinizing and spying.

Under this feeling, many people present had a sense of nowhere to hide.

Moreover, Qin Chen's soul power spread outwards at an astonishing speed in this weapon hall and even in the Tianjin Mountain.

One thousand meters!

Ten thousand meters!

One hundred thousand meters!

Qin Chen's soul power expanded rapidly, and instantly enveloped the entire Tianzhen Mountain, permeating everyone in Tianzhen Mountain. Of course, because of the formation barriers of the Tianjin Mountain, many places are extremely secretive. Even if Qin Chen's soul power is very strong, it is difficult to penetrate, but Qin Chen is the top formation master, and his previous life itself is against the sky. Jinshan knows very well, this day

The mountain's great formation could not block his soul power at all. In just a moment, everyone in Tianzhen Mountain was enveloped by Qin Chen's soul power.

#### [Chapter 2316: Search soul](#)

"So strong!"

Gu Huamao looked at Qin Chen in shock. The soul power that Qin Chen radiated was extremely strong, and even he felt like he was thoroughly spied on, let alone an ordinary powerhouse.

"This son's soul power, I am afraid, has reached an extremely terrifying point. It is no wonder that it can confront the alien demons and control the Thunder City. I am afraid that even I may not be an opponent."

Strong soul power means a strong sense of heaven and earth. Before, Gu Huamao didn't understand why Qin Chen was already a peak martial emperor at such a young age. He could even kill Xiao Dongyan and other Xiao family ancestors, but now he understands Up.

Unexpectedly, the Pochen Martial Emperor of that year could receive such a disciple.

Gu Huamao was shocked, and the other powerhouse experts were sluggish. Under Qin Chen's terrifying soul power, they were like a small boat on the ocean, which could be destroyed at any time.

Of course, this is just an illusion. After all, although Qin Chen's soul power is strong, he still can't wipe out the souls of so many powerful people in an instant, let alone him, even the alien demons can't do it.

Otherwise, Qin Chen would be invincible long ago.

Seeing the shocked gazes of the other masters in the Device Hall, Lou Zimo was very happy. After returning from Tianlei City, he made it clear that he asked the Device Hall to cooperate with Tianlei City to fight against Misty Palace and Alien Demons.

However, although the other masters of Qidian did not express objections, they also put forward a lot of opinions, thinking that before the matter is clear, Qidian should not mix them with it.

After all, Mu Xun's deputy hall master had strongly conquered Misty Palace before, but in the end he took refuge in Misty Palace. This matter had already become a laughing stock of Qidian, which made Qidian lose face.

Some people even think that Lou Zimo is aspiring to others and destroying his own prestige. A teenager, no matter how strong he is, how strong he can be.

But now, seeing the shocked and sluggish gazes of the masters of Hope Hall, Lou Zimo couldn't hide the joy of his heart.

When Qin Chen perceives the entire Tianzhen Mountain warrior, in a certain corner of Tianzhen Mountain, several elders of Tianzhen Mountain are talking to each other here.

These people are only the elders of the outer gate of Tianjin Mountain, so naturally it is impossible to be brought to the hall to meet Qin Chen, they can only take turns here.

"Have you heard that Pill Pavilion Master Mo Yuanbai brought Sky Thunder City Lord Qin Chen to our weapon hall, and now the Lord Hall Master is accompanying him."

"Is that Qin Chen who chased and killed Emperor Xuanyuan in the Holy Land of Bloodline?"

"Who else but him?"

"Hey, why did he come to our palace? I heard that this person is a evil star. Wherever he goes, there will be accidents. Isn't it someone who thinks our palace also has Misty Palace?"

"Hehe, our tool hall has nothing to do with the world, and rarely participates in external affairs. Compared with the Pill Pavilion and the Bloodline Holy Land, Qin Chen thinks too much."

These elders talk to each other in various tones.

"Hmph, let me see, this Qin Chen is the one who really colluded with the alien demon race, and set off a \*\*\*\* storm in the martial arts all day, the purpose is to weaken the power of our human race, so that the alien demon race can better control Tianwu. mainland."

An elder snorted coldly, his eyes cold.

"Hey, this statement..."

The other elders frowned upon hearing this.

It really is! What Qin Chen is doing on the mainland nowadays, although it is for the mainland, it has already caused countless forces on the mainland. Now many powers on the mainland are extremely frightened, and they are picking up those in their own power. Go down,

There is no need for alien demons to invade, and the entire human force has collapsed.

"This son is not a great loyal person, but a great evil person."

An elder said solemnly.

"It seems that we have to jointly remind the lord, but don't fall into this trap."

In the midst of these elders' discussions, Om, suddenly an invisible soul power enveloped them.

"what is this?"

The elders of the Nine Heavens Emperor Wu naturally had a sense of the power of the soul, and they were startled, but before they could react, the face of the elder of the Palace Hall who had defamed Qin Chen suddenly changed.

"boom!"

A terrifying aura suddenly burst out of his body, and his whole person rose up into the sky, about to rush out of the palace.

"Elder Fuxing, what are you doing?"

The other elders were shocked. Before they had time to react, they heard a cold snort: "Foreign demons, hum, after taking away people, they dare to hide here, so courageous. Can't you?" After the cold voice sounded, sigh, a figure in the distance swiftly swept forward, as fast as lightning, and the elders hadn't realized what was happening before they saw that figure had already come to the sky. On the revival elder, a palm towards the revival elder

The old suppressed it.

"Ah, brat, how did you know the soul measuring method of my alien demon race?" The revival elder shouted fiercely, and layers of devilish energy suddenly appeared on his body. The magic light swept through his body, and his power was increased by ten times. , With a bang, he stepped directly into the realm of Emperor Wudi, and wanted to blast off Qin Chen's attack.

Rush out here.

But it's useless.

Qin Chen's true essence swept through, and with a snap, he blasted the revival elder down, dripping with blood and spouting blood, lying on the ground like a dead dog.

"Mo Yuanbai, leave it to you."

Qin Chen snorted coldly, Mo Yuanbai's figure flashed, and he appeared in front of the Fuxing Elder and quickly imprisoned him.

After Qin Chen's figure flashed, he already appeared in another place in the Hall of Equipment.

Boom boom boom! With Qin Chen's soul swept across, there were several elders in the Hall of Arms revealing their original form. These elders are not high in the Hall of Arms. These days, they are very low-key. The core of the Master Palace

confidential. Therefore, the powerhouses of the Temple of Arms did not expect that they would have anything to do with the alien demon race, but at this moment, everyone was shocked, watching an originally low-key elder blooming with demonic energy and exuding a cold air, every Personally suffered

An extremely huge impact.

In their weapon hall, there are really alien demons lurking? These alien demons thought they would be safe and sound by hiding them, but they didn't expect Qin Chen to have an old source and could easily identify the identity of these alien demons. As long as they are alien demons, no matter how deep they are hidden, Can not escape the identification of the old source

.

Qin Chen found out all the alien demons in this temple with only half of the work.

"Search for the soul!"

Qin Chen snorted coldly, and after finding these alien demons, he searched for the soul without saying a word.

"Ah!" A terrible scream sounded. These alien demons looked at Qin Chen in horror. They used to seize and search the human race, but today, a human race is actually searching for their souls. Kind of strong contrast, let them completely collapse

.

"Huh? It is indeed quite clean in this tool hall." In a moment, Qin Chen had searched the souls of these alien demons, and had a thorough understanding of the entire tool hall.

### [Chapter 2317: Winner and loser](#)

In this palace, in addition to the masters of these alien demons, there are indeed some people who have taken refuge in the Misty Palace, but the number is not large, at least much less than the Dan Pavilion, and compared to the Holy Land of Blood, It's so much better.

After all, the Qidian is more low-key than Dan Pavilion and Bloodline Holy Land, and rarely participates in external struggles.

Huh huh!

At this time, there was a sound of breaking through the sky, and Gu Huamao and the others flew over. Not long after they saw Qin Chen exerting the power of the soul, they rushed out of the hall, so they followed one after another to find out.

It happened to see the scene of Qin Chen searching for the soul of the alien demons.

"what!"

These alien demons screamed, the black demon qi rushed into the sky, and each of them looked extremely hideous. The cold aura on their bodies seemed to come from purgatory, which made people shudder.

"City Lord Qin, are these alien demons?"

Gu Huamao's eyes flashed. It was the first time he saw the appearance of the alien demon. He was naturally very curious. At the same time, he became more awed and jealous of Qin Chen. He searched for the soul of the alien. , It's amazing.

The several elders who had previously slandered Qin Chen with the revival elder also turned pale. They looked at each other with deep jealousy in their hearts.

The alien demons turned into revival elders and have been hiding by their side. They were with them day and night. They didn't even notice it at all. Just thinking about it, they all shuddered and shuddered.

"Mission Palace, really despicable."

An elder gritted his teeth and said, no wonder the elder revival slander Qin Chen City Lord before, it turns out that he himself is a member of the alien demon race, he clearly wants to muddy the water, fish in the muddy water, it is ridiculous that they were almost moved.

Looking back now, several people almost cried stupidly by themselves.

"City Lord Qin, is there anyone in the Misty Palace in our palace?" Seeing Qin Chen's soul search completed, Gu Huamao immediately stepped forward and naturally understood the purpose of Qin Chen's soul search with his intelligence.

"There are indeed a few, but those people are not here." Qin Chen said, his face changed drastically before his words fell: "No!"

Rumble! At this moment, the entire Tianzhen Mountain shook abruptly, and the endless rainbow light rose up. Above the Tianzhen Mountain, swiftly lingering rays of bright light, these rays of light penetrate the eternal ages, and can hold the void and suppress Have to live for years, one

The lower part enveloped the entire Tianzhen Mountain.

A magnificent burst of light swept across, and there were runes that merged with the Great Avenue of Heaven and Earth, and the terrible murderous intent suddenly spread.

Gu Huamao's expression changed: "Jiujue Reincarnation Formation, who opened the Jiujue Reincarnation Formation?" Jiujue Reincarnation Formation is the most terrifying killing formation among the many large formations on the Tianzhen Mountain. Once activated, the entire heaven formation The mountain will be caught in the ultimate move of the Heaven-defying Great Array, isolating many areas of the Tianzhen Mountain, even if it is the peak of Emperor Wu, it will be completely killed.

If you don't go out, you will be refined.

"Who is on duty at the formation center today?" Gu Huamao shouted angrily.

"It's Elder Dou Tianze." An elder was frightened.

"Dou Tianze." Gu Huamao roared, murderous. This Dou Tianze had obviously been bought by Misty Palace. Knowing that he couldn't escape, he deliberately opened this nine-jue reincarnation formation to kill everyone on the field.

"Dou Tianze, get out for the old man."

Gu Huamao shouted angrily, his voice rumbled, echoing on the Tianzhen Mountain.

Hum!

On the top of the Heavenly Formation Mountain, a figure appeared, an old man in a gray robe, coldly looking at the people below.

"Old Piff, are you calling me?" The old man sneered at the corner of his mouth, but his eyes stared at Qin Chen, revealing a spiteful look.

"Dou Tianze, do you dare to betray our palace of weapons, what benefits the Misty Palace has given you, let you betray the old man, you are the supreme elder of our palace, are you not afraid of not having the face to see the ancestors after you die?"

Gu Huamao couldn't understand why he was bought as Dou Tianze. It can be said that this Dou Tianze was pulled up with one hand. With high hopes, he dared to betray him. "Hahaha, old Piff, what's so

good about this temple? You sit on the treasure house, but you have nothing to fight with the world. For thousands of years, when did the temple control the mainland? The powerful under the world mentioned the top power of the continent. , Always mentioned first is the bloodline saint

The ground is all Pill Pavilion, where is our weapon palace? "And you are even less ambitious and devote yourself to hard work, but you can see, like today, when it comes to top masters, who doesn't talk about the emperor Shangguan, Emperor Xuanyuan, or Fu Qiankun? Even the kid Qin Chen next to you, now

The fame on the mainland is bigger than you, the old man who has been famous for hundreds of years. Old man, tell me, what have you done after the instrument hall was passed on to you? "In your hands, the Artifact Palace will fall down sooner or later, and the reason why I took refuge in Shangguan Xier is to promote the reputation of our Artifact Palace. When I want everyone in the world to mention the top power of the mainland, the first Mentioned is our palace, I

When everyone in the world mentioned the top powerhouses in the mainland, they mentioned me Dou Tianze. "

"So, you should be the one who has no face to meet the ancestors."

Dou Tianze said frantically, his eyes extremely crazy.

"you....."

Hearing this, Gu Huamao couldn't speak for a long time, and his body trembled in anger: "Is this the reason you betrayed the Hall of Arms?"

"Isn't it enough?" Dou Tianze sneered, his figure hidden into the big formation, but the voice still rumbling: "Gu Huamao, I originally wanted to be at the same door. I wanted to control the device a little bit and leave you a way out. But now, because of the appearance of this kid, I have to

Do it, this is what you forced me to blame, blame this kid, you will all die under the Jiuju reincarnation formation. "

"Hmph, the Jiuju Reincarnation Formation is the great formation that guards the Tianjin Mountain. Do you think you can control the great formation? As long as the old man joins hands with the elders, you will be able to regain control of the great formation, and then you will not escape death." Haha, let's try, even if you can regain control of the Great Array, when you retake it, the old man has already used this Great Array to shed the blood of this weapon hall. If you do, you can do it." Dou Tianzeyi

God is not afraid. Although, as Gu Huamao said, the opponent can regain control of the big formation, but now the big formation is under his control. As long as he takes action, he can kill other ordinary disciples and elders of Tianzhen Mountain in just three days. At that time, even if it is to regain the big array

, I'm afraid that few people in the entire device hall survived.

"You..." Gu Huamao was furious and anxious.

Lou Zimo and others were also extremely furious, and they continued to scold them.

"Hehe, the king and the loser, the old man has waited a full 100 years, a hundred years, for this day, today, it is all ruined, and I will die."

Boom! Accompanied by Dou Tianze's roar, the JiuJue Reincarnation Formation started to rotate. Suddenly, the terrifying chaotic reincarnation murderous intent loomed over the countless disciples of the entire Tianzhen Mountain. In an instant, the Tianzhen Mountain was like the end of the day.

#### [Chapter 2318: Nine Jue Reincarnation Formation](#)

not good!

Gu Huamao was shocked and hurriedly shouted: "All the disciples follow the orders, return to the battlefield, follow the elders around them, don't move around, resist the big battlefield."

While he was talking, array flags suddenly appeared in his hand. These array flags were very complicated. Each one was engraved with profound runes. The runes flickered, and a terrifying force of light lingered between heaven and earth.

He is arranging the formation in the formation, to withstand the murderous intent of the nine reincarnation formation.

"Everyone shot."

Lou Zimo also shouted angrily.

Whoosh whoosh!

The array of flags, like a long river, gushes out, quickly blending into the void.

"Huh, the vultures skills, this is the JiuJue Reincarnation Formation, Gu Huamao, your formation skills are indeed strong, but you can't stop the countless thousands of years of background in my tool hall, let me destroy it."

In the distant sky, Dou Tianze heard a sneer, and accompanied by the sneer, was the roar of JiuJue Samsara.

Puff puff puff!

I saw a terrible murderous gleam lingering, the formation flags displayed by Gu Huamao and others had just disappeared into the void, they were exploded one after another, and then burst one after another, turning into powder.

puff!

The formation flag shattered, Gu Huamao's body was shaken, his face turned pale, and he couldn't help groaning.

Others, such as Fei Lao and others, were not so lucky. After the array flag displayed was wiped out by the murderous intent of the Nine Jue Reincarnation Array, everyone was vomited blood and their faces were pale.

"Hahaha!"

"Exit, kill everyone here to the old man." The JiuJue reincarnation formation rumbly crushed, all the disciples of the Qidian within the range of Tianzhen Mountain were extremely horrible oppression, and they all sitting cross-legged, there was a burst of light on each body, nearby masters, deacons, and even elders

Under the joint hands, resist this terrible killing intent.

But it still doesn't work.

Puff puff! In an instant, hundreds of disciples vomited blood. The murderous intent of this Nine Jue Reincarnation Formation is terrible. This formation is the great formation of Tianjin Mountain, second only to the top holy formation. Once this formation is opened, it will reach its peak. Emperor Wu will be wiped out, and in the sky array

On the mountain, there are many imperial-level mages, and even some genius king-level mages. With their strength, how can they resist?

Even with the protection of elders, within a moment, they will be refined into nothingness and fall one after another. Feeling this scene, Gu Huamao's eyes were red, and he screamed in anger, and his body suddenly swelled with lines, and he quickly squeezed the runes one by one with his hands. These runes suddenly merged into the void, turning the JiuJue reincarnation formation. The power of blocking

Part of it.

At the same time, Gu Huamao sternly shouted: "Are you still not following me?"

Many elders looked at each other and shot one after another. With their shots, the strength of the JiuJue Reincarnation Formation was immediately blocked by a large part, and the pressure on the disciples on the Tianjin Mountain was greatly reduced.

But even so, the power of the Nine Jue Reincarnation Array is still coming. "Hall Master, this can't go on like this. Now Dou Tianze controls the core of the JiuJue Reincarnation Formation. Once this formation is opened, only by breaking into the core of the Tianjin Mountain and regaining the core of the great formation can it be possible to control this formation. I am waiting to stay here,

Sooner or later, it will fall, it is better to run into the mountain now, kill Dou Tianze, and regain the core of the formation. "Lou Zimo said anxiously.

Although Gu Huamao temporarily withstood the invasion of the JiuJue Reincarnation Formation, that was because there were many 9th-level formation masters on the field, the consequence of joining hands together.

However, this is just a stopgap measure. If we keep going this way, there will always be times when everyone can't hold on. By that time, everyone will die.

"No, if I stop to resist, the disciples in my palace, I'm afraid they can't hold on for half an hour at all." Gu Huamao was angry. "Hall Master." The other elders were extremely anxious: "Yes, if you stop, the other disciples won't be able to hold on, but if you continue like this, it is not a way. Only if you pass the Tianjin Mountain, there is hope of life. , And so many people present

, Only you, the lord of the palace, can break through the eighty-one large formations of Tianzhen Mountain, and no one else can do it. "

Tianzhen Mountain has a total of eighty-one big formations, and now the core of this big formation is controlled by Dou Tianze. If you want to enter the core of Tianzhen Mountain, you can only get through these eighty-one big formations.

With so many people on the court, only Gu Huamao can do this.

But Gu Huamao still shook his head: "With my current cultivation base, it will take at least seven to seven forty-nine days to cross the Tianzhen Mountain. Even if I cross the big formation, I am afraid I will survive. There are not many disciples left."

"It's better than the destruction of the whole army." Everyone is anxious.

"I said you guys, have you forgotten us?"

At this moment, Qin Chen spoke suddenly, looking at the anxious Gu Huamao and others, he couldn't help touching his nose, feeling a little speechless.

Unexpectedly, there was such a situation in the device hall, but Qin Chen hadn't expected it.

This Dou Tianze did have two sons. In a hundred years, he actually controlled the core of the Tianzhen Mountain. This is not something that an ordinary array mage can do.

And everyone was awakened by Qin Chen's words.

That's right, how could I forget the two of them, showing joy on the face.

I heard that the Mo Yuan Bai Dan Pavilion in the Dan Pavilion was a semi-sage powerhouse, and maybe he could break into the Heavenly Formation Mountain.

"No!" Immediately, everyone smiled bitterly, even if it is a semi-holy strong, the core of Tianzhen Mountain has a large holy formation. Once it is opened, the strong holy realm may not be able to break in, although Dou Tianze may not Can exert its power, but block

Mo Yuanbai may not be unable to do it.

Moreover, as a pharmacist, Mo Yuanbai has certain accomplishments in the formation, but even if he has broken through the Tianjin Mountain, he may not be able to regain control from Dou Tianze.

Lou Zimo was the only one in the crowd, with a look of ecstasy, and exclaimed: "Haha, I forgot, we are saved."

"Lou Zimo, it's useless. Although Pavilion Master Mo Yuanbai is a semi-sage powerhouse, he may not be able to break through Tianzhen Mountain. Even if he breaks through, he cannot regain control." Someone smiled bitterly.

"Pavilion Master Mo Yuanbai? What does it have to do with Pavilion Master Mo Yuanbai?" Lou Zimo was a little dazed, and hurriedly said: "I said that there is a rescue, because there is little Chen, and I would like to ask Chen Shao to help."

He and Qin Chen rushed into the sea of thunder together. They were the only one on the court who knew Qin Chen's Array Dao's accomplishments. This son was above the Array Dao, even stronger than himself, and there might be hope to surpass the Tian Array Mountain.

"he?"

Everyone looked at Qin Chen, Lou Zimo was sure he was right?

"Hehe, this little thing, I'll leave it to Ben Shao. It just so happens that Ben Shao's second purpose of coming to the Hall of Apparatus is to borrow something from the Hall of Apparatus. You are welcome."

Qin Chen chuckled, "Yuanbai, you come to protect the disciples in the Hall of Equipment, and I will come as soon as I go."

When the voice fell, Qin Chen stepped forward and walked forward.

"City Lord Qin...be careful!"

Gu Huamao and others hurriedly exclaimed, this Jiuju Reincarnation Formation is extraordinary, even if Emperor Wu of the pinnacle breaks into it, it will fall. This Qin Chen is too big.

But as soon as they spoke, Qin Chen had already entered the Tianzhen Mountain formation.

That's it! Everyone's heart sank, a piece of ashes.

#### [Chapter 2319: Five Elements False Killing Array](#)

They didn't doubt Qin Chen's strength. Qin Chen was able to kill Xiao Dongyan, the ancestor of the Xiao family, and build Sky Thunder City. The strength of Qin Chen was so strong that even everyone present was amazed.

However, Tianzhen Mountain is not a place that can rely on strength. There are large formations in it. There are a total of ninety-nine and eighty-one nine-level formations, and there is an ancient holy-level defense formation at the top.

Although this formation has been in use for countless years, no one has been able to fully open it, but once activated, even a semi-sage power such as Mo Yuanbai may not be able to break into it, how can Qin Chen do it?

Especially seeing Qin Chen directly break into the big formation unsuspectingly, Gu Huamao and others are going crazy, this is simply an act of seeking death.

Gu Huamao and the others were shocked. At the top of Tianzhen Mountain, Dou Tianze, who had already controlled the core of Tianzhen Mountain, was ecstatic.

"Smelly boy, the old man thought you were a character. I didn't expect that such an idiot would dare to arrogantly break into my Heavenly Array Formation. Today, the old man let you know the fate of trespassing into my Heavenly Formation Formation."

"Die to me!"

Dou Tianze shouted angrily and immediately activated the first major formation of Tianzhen Mountain.

## Five Elements False Killing Array!

The Five Elements Void Killing Array is the first heavy array among the many nine-level formations of Tianzhen Mountain. It uses the power of the Five Elements to block the void and kill the enemies in the void.

This is a ninth-level formation. Once activated, it can easily kill the giant Wudi, which is dangerous, and even the pinnacle Wudi will fall into it and find no way to escape.

Rumble! The formation was formed, and it swept towards Qin Chen immediately. The five-color five-element power covered the sky and the sun, and instantly blocked Qin Chen. The five-element power was like a blade, densely packed, covering any corner around Qin Chen. Any escape

Opportunity.

"Haha, are the Five Elements False Killing Array?"

Qin Chen smiled. In his previous life, he had broken through all the big formations of the Tianjin Mountain, ninety-nine and eighty-one big formations. It took him a total of seven to seven forty-nine days, shocked the Tianjin Mountain at the time, and directly became The top honorary elders in the temple of Liaoqi.

This time I came to the Tianzhen Mountain again, with a lot of emotion in my heart, but I didn't care about the Five Elements False Killing Array at all.

In the previous life, he was able to break through this big formation. In this life, his formation cultivation base is more than ten times stronger than the previous life? The strength is also much stronger than the previous life, how can this big formation block his actions. He raised his head, the big formation in front of him, the light flickered, and the power of the five elements almost blocked every void between the heaven and the earth, but in Qin Chen's eyes, there were countless students in the big formation of the five elements. He walked out step by step, every step, Are all stepping in this big array

Above his eyes, the terrifying power of the five elements passed by Qin Chen, without causing any damage to him.

"impossible!"

Seeing this scene, Dou Tianze's expression of ecstasy instantly solidified, and there was incredible emotion in his eyes.

How could this Qin Chen find the five-element False Killing Formation?

Qin Chen is the city lord of the Thunder City, and he also joined the alchemy pavilion at the beginning. If the strength is against the sky and the alchemy is against the sky, Dou Tianze can understand, but in the formation, is this son also extremely against the sky?

Although he couldn't believe it, the scene in front of him made him have to believe that Qin Chen definitely had extremely high attainments above the formation.

"City Lord Qin..."

Gu Huamao and the others, who were outside the Five Elements False Killing Array, were all dumbfounded, their eyes bursting.

"Is it possible that City Lord Qin is still not a master of formation?"

Gu Huamao couldn't help but speak. But if Qin Chen's knowledge in the formation is so strong, why has he never heard of it before? Judging from Qin Chen's cultivation base at this moment, Qin Chen is clearly a ninth-level formation mage, such a formation master, he shouldn't have a little mark.

There are no elephants.

"Hall Master, City Master Qin is indeed a Master of Formation Dao, and his Formation Dao cultivation base is definitely higher than mine. Can you forget that the Great Formation of Sky Thunder City, but City Master Qin used his own power ."

Lou Zimo said with a smile.

"Hiss!" Everyone remembered that Qin Chen had set up a defensive formation in Tianlei City before. Rumor has it that the formation is extremely terrifying. It is the formation of the 9th-order peak, but everyone just heard it. Some rumors have not been seen by anyone, so no

How to care.

Looking at it now, Qin Chen's array skills have definitely reached a level of proficiency. "By the way, I remember now, this Qin Chen was still the disciple of Lord Pochen Wuhuang back then, and Lord Wuchen Wuhuang was on the line, and he was also extremely against the sky. He was the only top class who could be compared with the old palace master. Master of formation, this son can have such a formation

The cultivation base is not impossible. "

"I just don't know how many true biography of Lord Pochen Wuhuang has been given by City Lord Qin."

"I heard that the Lord Pochen Wuhuang passed through Tianzhen Mountain in the past, and it took seven to seven forty-nine days. Even if City Master Qin can cultivate the same formation as the Lord Pochen Wuhuang back then, it will take 49 days. Through the big array, such a long time..."

After the ecstasy, everyone's hearts sank again.

For seven to seven forty-nine days, can so many of them survive for so long under the Jiuzhe reincarnation formation? This is the Jiuzhe Reincarnation Formation, the top 9-level formation, and everyone has no confidence at all.

Once they couldn't hold it, even if Qin Chen had crossed the Tianjin Mountain, I am afraid that the disciples of their weapon hall would have suffered heavy losses long ago.

For a while, everyone, including Gu Huamao, stared at the figure of Qin Chen in the formation, praying secretly.

"Unexpectedly, this son is still a master of formation."

At the core of Tianzhen Mountain, Dou Tianze had calmed down.

Qin Chen's passing the Five Elements False Killing Formation really surprised him, but it was only a small surprise.

"The old man doesn't believe it, you can get through the eighty-one large formations in the entire Tianzhen Mountain."

With a cold snort, Dou Tianze swiftly moved his hands. In an instant, a burst of light rose rapidly, and the entire Tianzhen Mountain formation was activated, and the formations quickly swept towards Qin Chen.

Lunar strange gate array!

Dianluan eight formation map!

Nine Palaces!

The nine sons and mothers of the gods and the mysterious mysterious formation!

Dutian Fierce Fire Elementary Formation!

Osumeia positive and negative octopole array!

...

In an instant, the nine nine-level large formations on the first floor of Tianzhen Mountain were activated at the same time, and various flames and lights swept across, pouring madly towards Qin Chen.

"Boom!"

Under the array of light, Qin Chen was completely enveloped and swallowed by endless power, submerged in the formation.

The hearts of Gu Huamao and the others tightened instantly, and they all mentioned their throats all of a sudden, and they were extremely nervous. The first large formation belongs to the killing formation, and the various killing formations are infinitely powerful. As long as the ordinary peak martial emperor is touched, he will undoubtedly die. Although Qin Chen is the formation master, he may not be able to easily pass it.

#### [Chapter 2320: God of Formation](#)

Especially the first time these nine great formations were activated at the same time, once Qin Chen couldn't hold it, it was very likely to fall instantly.

Therefore, everyone looked over nervously.

But when Gu Huamao and the others were staring at Qin Chen nervously, Qin Chen looked at the countless rays of light emerging around him with emotion, and a sigh appeared in the corner of his eyes.

At this moment, Qin Chen seemed to be back three hundred years ago, back to the first time he smashed into the Tianzhen Mountain. That time, although he was mentally prepared, he was still shocked by the sudden attack. , Almost fell here.

But at the time, he still held it.

And this time, he returned to Tianzhen Mountain, and his formation cultivation was increased tenfold. This sky-filled formation not only failed to bring him any harm, but instead allowed him to fall into the ocean of formations once again. .

Hum!

The front was shrouded in light, countless murderous auras surged. In the eyes of ordinary warriors, they saw lore, an irresistible killer move, but in Qin Chen's eyes, they saw traces of the circulation of the formation pattern .

These lines appeared in his mind very clearly, like an arm, as if they had become part of Qin Chen's body, so clearly.

Huh!

Qin Chen stepped forward, endless murderous intent surging beside him, but he could not bring him the slightest harm. On the contrary, it set him off like a \*\*\*\* king, in this large array of murderous intent, Take a stroll in the courtyard.

He raised his hand, and a blaze fell into his hand. This is the fire element attack of the Dutian Liehuo Elementary Array. Any flame has the lethality of the nine-day martial emperor. Once it explodes, the peak martial emperor will be seriously injured or even fall. .

But at the moment.

This flame fell in Qin Chen's hand, cleverly like a feather, and it whirled back and forth in Qin Chen's palm.

call! Immediately afterwards, a black evil spirit appeared at Qin Chen's feet. This was the most yin devil energy released by the nine sons and mothers of the Heavenly Devil Profound Yin. This kind of devil energy can corrode the body and soul of the warrior, even if the peak Martial Emperor touches it. A little bit, the flesh will rot

, Very miserable.

But at this moment, these black evil spirits lined up under Qin Chen's feet, wherever Qin Chen went, these black evil spirits spread like a black carpet and spread to the distance.

It seemed that this great formation had life, cheering and welcoming Qin Chen, and Qin Chen was their king.

With such a horrible scene, the eyes of Gu Huamao and the others were almost bursting, each of them dumbfounded, like crazy.

Damn, fuck, fuck!

How is this possible?

Even if it is Gu Huamao, the master of the device hall, who wants to break through the Tianzhen Mountain, he must be careful and very cautious, and dare not be so distracted, so as not to attract the backlash of the formation.

Each step must go through countless calculations, because every drop point cannot be calculated wrongly. Once the calculation is wrong, many formations will attack at the same time. With Gu Huamao's strength, it is unbearable.

But Qin Chen?

In this vast array of mountains, it is extremely relaxed, just like walking in one's own back garden.

Where is he here, but on vacation, right? What shocked Gu Huamao and the others even more was that Qin Chen walked very fast, step by step, without pause or calculation, as if every foothold was very random, but these formations did not attack Qin Chen at all. It seems to be welcoming

Pick up Qin Chen.

"The God of Array Dao."

Gu Huamao murmured, this kind of strength can no longer be described by ordinary Array Dao masters, it can only be explained by Array Dao God.

"impossible."

Gu Huamao was shocked, Dou Tianze was even more frightened, as if stupid, until Qin Chen safely walked through the range of the first level of killing array and entered the second level of Tianzhen Mountain, still in a daze.

"Half-zhu incense, City Lord Qin used only half-zhu incense to break through the first floor of Tianjin Mountain..."

Gu Huamao no longer knew how to describe his inner shock, his face turned pale, as if he had seen a ghost.

Tianzhen Mountain has nine layers, each with nine formations, and each formation is different.

It took him three full days to break through the first floor.

But Qin Chen?

Half an hour!

Compared with Qin Chen, he Gu Huamao is the palace master of the weapon, I am afraid that he is a little Mengxin who is almost the same.

Easily stepping into the second layer, Qin Chen raised his head and smiled at Dou Tianze at the core of Tianzhen Mountain: "Why, don't you start this second layer formation?"

Qin Chen smiled, kindly worried.

"You...you guys are less arrogant. What evil method did you use just now? No matter what evil method you use, the old man does not believe that you can safely pass through the second level of Tianzhen Mountain."

"The illusion of the heavens, open!"

Dou Tianze was furious and hurriedly opened the nine top-level formations on the second floor.

Buzzing!

Suddenly, endless white lights rose up around Qin Chen, and these white lights turned into mists, covering the entire Tianzhen Mountain.

The second layer of Tianzhen Mountain is a magical formation, which can trap any emperor-level powerhouse, even the pinnacle martial emperor, never want to find a way out.

"Are you magical? Really familiar!"

Qin Chen murmured, the illusion in the previous life really embarrassed him, it took five days to get through this second level.

But in this life, Qin Chen's mental power was released, and the surrounding formations were clearly presented in his mind. The various patterns, formations and eyes were very clear, without any omissions.

Qin Chen simply walked forward. The white mist in front of him actually walked there and scattered there. After half a pillar of incense, Qin Chen had easily passed the second-level phantom formation and entered the Tianjin Mountain. The third layer.

"impossible!"

"Wushuang sleepy formation, turn on!"

Dou Tianze hurriedly opened the third layer of the big array. The third layer is the trapped array. People who are trapped in it seem to be trapped in the mud. The body is trapped, the true essence is trapped, and even the soul is trapped.

"Ha ha!"

But Qin Chen was not afraid, he chuckled lightly, and the power released by this sleepy formation seemed like a breeze blowing on his face, unconsciously.

This time, Qin Chen had already broken through the third layer of phantom formation before even Ban Zhuxiang arrived.

"impossible!"

Dou Tianze roared, like crazy, starting the next big battle madly.

However, there is no layer that can stop Qin Chen. Qin Chen is like a young man going up the mountain to enjoy the scenery, strolling in the garden, going up the mountain easily, smiling at the corners of his mouth, and without any formation that can stop him even a moment of effort.

"The God of Array Dao, the absolute God of Array Dao."

If it were not for the power of the Nine Jue Reincarnation Formation, Gu Huamao would even kneel down, and Qin Chen's display of formation attainments far exceeded his imagination.

In the Palace of Instruments, the best achievement in understanding the pavilion master in modern times, it took nine days to break through the Tianzhen Mountain Formation, and his 49-day performance is the same as that of the Brochen Martial Emperor. Enough to be in the top ten.

But now? In less than an hour, Qin Chen had already reached the top eighth floor. This kind of speed was unheard of.
