

Valkyrie 2321

[Chapter 2321: Too abnormal](#)

The miracle, Qin Chen's move to easily traverse the Tianzhen Mountain was like a miracle in the eyes of the countless masters of the formation.

"Is City Lord Qin's attainments in the formation so terrifying?"

"Two hours, only two hours, they have already reached the eighth floor."

"Abnormal, too perverted, even if this City Master Qin is a disciple of Pochen Martial Emperor, it is impossible to be so perverted, right?" "The former Pochen Martial Emperor spent seven, seven forty-nine days to break through the sky formation with the peak Martial Emperor cultivation base. The mountain formation is already very strong, because the senior Wuchen Wuhuang only has the peak Wuhuang cultivation base, although the strength exceeds the general nine-day Wudi strong, but

Any attack on the Heavenly Formation Mountain could seriously injure him, but even if he told City Lord Qin about the process and understanding of his trespassing into the Heavenly Formation Mountain, it would not be possible for City Lord Qin to break through the first eight floors in such a short time, right?"

Experience belongs to experience, and understanding belongs to understanding, but it does not mean that others can pass through. It's like alchemy, telling you the recipes, the refining methods, the heat of refining, and when to add what elixir, even if it's telling you any process in substance, but if you don't really achieve

At this point, it still cannot be refined.

Because the process of pill refining requires the whole-hearted input of the alchemist and fully participates in the process of refining, not just knowing the process.

The formation is the same. Even if it is to tell every 9th-level formation mage present, what formations are in the ninety-nine-eighty-one large formations of Tianjin Mountain, what is the formation pattern, where the formation base is, what are the flaws, and how to break through, Even for any subtle point,

All told them that they couldn't get through.

Because the formation is changing all the time.

Maybe you know the flaws of this formation and know how to crack it, but you can't capture the changing formation patterns. How to break it?

This is the scariest part of the formation.

"This person is too abnormal, even if Pochen Wuhuang has taught him all the experience, it is still difficult to understand if he wants to reach the eighth floor in such a short time."

Everyone was shocked that such a master of formation technique did not belong to their weapon hall at all, making countless elders of the weapon hall bitter and embarrassed.

As the land of the top ranks on the mainland, they are ashamed.

In the shock of everyone, Qin Chen had already passed the eighth floor of Tianzhen Mountain and entered the ninth floor of the core.

The formation of Tianzhen Mountain could not stop him at all.

"boom!"

The large formations on the ninth layer are mixed formations, and they are all the most terrifying large formations in the world.

As soon as Qin Chen entered, an endless burst of light rose, as if he was in a void. Around the void, endless stars revolved, transforming into black holes, swallowing all the power and light around him.

Moreover, these stars are gorgeous, and there is no way out. No matter how Qin Chen flies, these stars are endless, turning into a cage of stars.

"Haha, a great array of stars!"

Qin Chen chuckles, this big formation is currently one of the top trapped formations on the Heavenly Formation Mountain, and contains lore methods, which is extraordinary.

But Qin Chen was not afraid. He walked in this starry sky, as if he had turned into a part of the stars, unstoppable.

Dou Tianze's face turned pale, "No, even Dou Tian Xing Su's big formation can't stop his footsteps. If this goes on, as long as you pass the ninth layer of the big formation, this son will definitely appear in front of me, then..."

With Qin Chen's knowledge of the formation, Dou Tianze did not doubt that once the opponent defeated him, he would be able to regain control of the formation of the Tianjin Mountain. Reminiscent of the rumors that Qin Chen killed Xiao Dongyan's ancestor in Tianlei City, Dou Tianze's heart was chilled, and a black circle appeared in his hand. This circle was pitch black and exuded a cold light. Dou Tianze shot a hand. Tactics, quickly open

This black array disc.

"senior!"

After Dou Tianze finished all this, he respectfully saluted the formation.

Hum!

I saw black luster lingering on the black array disk. These glosses seemed to have life, and the array disk seemed to be alive in an instant.

"Boy in the palace hall, what disturbs the old man!"

A cold voice sounded, and there was a gloomy wind blowing in the core of the mountain this day, which made people shudder. There was actually a strong man parasitizing in this pan.

"Senior, I have already been found out, and the situation is urgent now, so please help Senior."

Dou Tianze said anxiously, telling the story of the matter.

The one who occupies this array is an array master of the alien demon race. This person was shattered and parasitized in a demon heart array he practiced. In order to win Dou Tianze, the alien demon race This person was sent to persuade the surrender. And the reason why Dou Tianze can control the core of the formation of Tianzhen Mountain is also inseparable from the teachings of this person. Otherwise, even if Dou Tianze hides well, how can he force control of the Tianzhen mountain

Core.

The control core of Tianzhen Mountain is very easy to control.

"Huh, did a mere human formation stop you?"

The strong man in that disc was awakened, his face was displeased, huh, the void flashed, and there were already a hundred and eight black discs in the sky and the earth, and the discs exuded a cold and wicked light. "This is the Nine Infant Soul Devouring Formation made by this seat. If you place this formation on your Heavenly Formation Mountain, you can sit back and relax. With your Human Race knowledge, even if you meditate for a lifetime, you will never want to see through this seat. The refining array, this array comes out, not one

In three moments, the kid you mentioned will surely be swallowed by this great array and turned into ashes. "

The cold voice of the powerful alien was full of pride and confidence.

This is natural. In its eyes, the Tianwu Continent is too weak, and its development is far inferior to that of their Alien Demon Continent. Above the Array Dao, its Alien Demon Clan is enough to crush any Array Dao Master in the Tianwu Continent. .

"Thank you senior, thank you senior!"

Dou Tianze was overjoyed, and instantly mobilized the one hundred and eight cold formations, and instantly threw them into the void in front of him according to the position of Tiangang and Disha.

"Alright, City Lord Qin has broken into the ninth layer of the big formation, only a little bit, he will be able to enter the core of the Tianjin Mountain."

Below, Gu Huamao and the others looked at Qin Chen walking peacefully in the ninth-floor formation with nervous excitement, clenching their fists one by one, looking forward to it.

But suddenly--

Oh oh oh!

Suddenly there was the sound of ghost crying on the Tianzhen Mountain, and then everyone saw the cold devilish energy swept away in an instant, violently surged, and suddenly enveloped the figure of Qin Chen on the Tianzhen Mountain, and swallowed him in. . Qin Chen, who had always been clearly in the eyes of everyone, disappeared in an instant.

[Chapter 2322: Nine Infants Soul Eater](#)

"what?"

"this is....."

"what happened?"

This sudden scene shocked Gu Huamao and the others, and their expressions changed drastically.

Seeing that Qin Chen is about to break through the ninth layer of the big formation, where does this devilish energy come from?

Moreover, these devilish energy billowed like a dark cloud covering the top of the sky, unimpeded in the great formation of Tianzhen Mountain, covering Qin Chen sturdily, and no one could see anymore.

"Hahaha, boy, you are good at formation, but what about it? Even if you have broken through the nine-layer formation of Tianzhen Mountain, you will not escape death under the great formation of Nine Infants Soul Eater of foreign races. ."

Dou Tianze laughed wildly and was very happy.

He was really scared to death just now, if Qin Chen really broke through the Tianzhen Mountain formation, then he would definitely fall short, and even be killed here. But now, his heart is completely let go. How strong the formation attainments of that senior is, he knows very well that without the help of the other party, he would not be able to control the control core of Tianzhen Mountain, and once Qin Chen falls into this Among the predecessors,

It's hard to escape even if the sky turns over.

He was already waiting for Qin Chen's painful and wailing voice in the great formation.

"Nine Infants Soul Eater of the Alien Demons?"

Hearing this, the faces of Gu Huamao and others suddenly changed.

Dou Tianze still has these other methods? Can you display a large array of alien demons? In this way, Qin Chen must be in danger.

"not good!"

For a while, everyone's hearts were raised, and they were extremely nervous.

What is the most afraid of the mages? It's not that the formation is high-level, not that the formation is powerful, but the unknown!

Faced with an unknown formation, unknown things, anyone will fall into fear, no one can be an exception.

What's more, the plane where the alien demon race is located is obviously ahead of the Tianwu Continent, and the formation of the alien demon race is very likely to be more powerful than the formation of the human race.

For a while, everyone's complexion changed, one by one was extremely nervous. In the ninth layer of the Tianzhen Mountain, Qin Chen just cracked open the Doutian Star Formation, and found that there

were gusts of cloudy wind around him, countless demonic energy surged crazily, and waves of terrifying demonic energy swept in all directions. And in the void, there was a Dou

Tianze laughed wildly and excitedly.

Oh oh oh!

With countless demonic energy lingering and yin wind swept across, Qin Chen felt as if dizziness came in his mind, his soul was floating, and there was a feeling of being swallowed and drifting away.

Fortunately, he has a deep cultivation base and extremely powerful soul power. A sudden awakening of the spirit recovered his dizziness.

"Nine Infants Soul Eater!"

Qin Chen's eyes condensed, but a sneer appeared at the corner of his mouth.

What kind of means did he think Dou Tianze had, because it turned out to be just a formation of the alien demon race.

Is this the opponent's ultimate method?

He didn't know how to form a foreign demon race.

Hum!

He squeezed the formation pattern with both hands, and immediately, invisible power penetrated into the big formation, and then, the devilish energy that originally lingered towards Qin Chen danced like crazy, forming a whirlpool around Qin Chen.

And Qin Chen is located in the middle of this vortex, and is not corroded by any demon energy at all.

In addition, a halo surged across Qin Chen's body, and the yin wind and devil qi around him were slowly introduced into Qin Chen's jade disc.

"Lao Yuan, take a look at this big formation."

Qin Chen was still quite curious about this large formation that could devour the soul, and Qin Chen awakened Lao Yuan.

"Boy Qin Chen, this is the Nine Infant Soul Eater Array. The Nine Infant Soul Eater Array is one of the top magic arrays of the alien demon race. It can devour the souls of the masters of the alien demon race and naturally has this effect on the human warriors." The formation consists of one hundred and eight formation plates. Each formation plate requires the blood and soul heart of the alien demons. It is extremely evil, and this formation can also consume the souls of the strong. Improve the strength of the formation itself, no power

poor. "

Lao Yuan had a lot of understanding of the Nine Infant Soul Eater Array.

"Oh? It's kind of interesting." Qin Chen chuckled. He had learned the prohibition of alien demons in Ancient Southern Capital, and later controlled the rules and avenues of alien demons, and learned the

holy formation of the heavens. Various tactics have long been integrated, but for the big formation of this alien demon, it is still

See you for the first time. The alien demon bans he had seen before, whether it was Ancient Nandu, the bottom of the black death swamp, or the secret realm of the heavenly demon, were extremely terrifying. It was not a separate formation. Qin Chen also wanted to eat the soul through the nine infants. Array, to prove one's opposition

Understanding of the demon formation.

Therefore, he was not in a hurry. The power of the soul swept through. Suddenly, the patterns and restraints of the Nine Infant Soul Eater Array gradually appeared in his mind, and he was clearly perceiving it.

Qin Chen stepped forward slowly, taking a closer look, grasping the perception of the Nine Infant Soul Eater Array completely in his heart.

In the end, as soon as he raised his hand and hum, the 108 array discs glowed at the same time, and countless demonic energy revolved around Qin Chen, as if they had become part of his body.

impossible?

Dou Tianze was still in ecstasy at first, but now his eyes are almost bursting, how is this possible? That kid is actually controlling the Jiuying Soul Eater? It's a hell.

This formation is the formation of the alien demon race, even he is just directly urging the formation of the alien demon race adults, but Qin Chen can control this large formation, it is really... he rubbed his eyes crazy, I thought I was wrong, but no matter how he rubbed it, he clearly saw that the demon energy around Qin Chen was spinning rapidly, but there was no demon energy attacking Qin Chen. Instead, it set off Qin Chen and moved towards the formation. Core

Come slowly.

Moreover, as Qin Chen displayed a series of formation patterns, Dou Tianze discovered that his perception of the Nine Infant Soul Eater Formation had become weaker.

"not good!"

Dou Tianze was shocked and hurriedly urged the black formation to awaken the formation master of the alien demon race.

But it was too late.

Huh!

At the core of Tianzhen Mountain, a figure appeared in the void. It was Qin Chen. His five fingers turned into a prison, and he immediately wrapped and banged towards Dou Tianze. The huge palm looked like a sky curtain, trapping Dou Tianze in it.

Immediately afterwards, Qin Chen appeared on the control core of Tianzhen Mountain, a hand already placed on the core of the formation, and began to crack the mark left by Dou Tianze on it.

Rumble!

The core of the entire Tianjin Mountain was trembling, and it was Qin Chen controlling the big formation.

"Success!"

At the foot of the mountain.

Gu Huamao and others felt the ever-changing Jiuju reincarnation formation, felt the weakening pressure on their bodies, and they were ecstatic.

Qin Chen actually succeeded, how did he do it?

When Dou Tianze was trapped by Qin Chen, the black formation was finally activated, and the strong one was awakened once again.

He was about to get angry and ready to scold him, but his face changed drastically after he sensed the situation on the scene.

Hum!

The black array disk rose directly into the sky, hovering in the sky above Tianzhen Mountain, exuding evil light.

"Kid Qin Chen, be careful, there is the aura of an alien master in this array." Lao Yuan said solemnly. Without Lao Yuan reminding him, Qin Chen also sensed the formation plate that appeared above his head, and the cold soul aura emanating from the formation plate.

[Chapter 2323: Halloween Demon Slayer](#)

"Huh, it seems that this person has made a ghost."

Qin Chen's eyes flashed, and he didn't bother to pay attention to the opponent, and continued to control the core of Tianzhen Mountain.

"Human kid, you can destroy the Nine Infant Soul Eater Array displayed by this seat, where did you learn the cracking method?"

The cold voice sounded from the disc, with doubts and coldness.

"Can you control it?"

Qin Chen sneered.

"Boy, you are so courageous, I have to see what you have achieved above the formation."

The strong in the array was furious, woo, yin wind shook, and suddenly, the infinite demonic energy lingered between the world and the earth, and the arrays flew out quickly from the black array, and quickly embedded into the void.

boom!

After these formations appeared, black light burst out one by one, and suddenly formed a light that was several times more terrifying than the Nine Infant Soul Eater array, pouring down, enveloped the entire Tianzhen Mountain. At the foot of the mountain, Gu Huamao and the others felt the aura of the Jiuju Reincarnation Formation weaken. They were all ecstatic, knowing that Qin Chen had succeeded, and they were about to swarm up the Tian Formation Mountain before they could do anything. The magic light has come, fear

The terrifying magical light array instantly enveloped the Tianzhen Mountain and shook them all out.

what is this?

Everyone looked at the large black formation that appeared in front of them in shock. This formation was far more terrifying than the previous Nine Infant Soul Eater formations. Even the semi-sage powerhouse like Mo Yuanbai felt trembling, and the soul seemed to be shocked. Trembling.

"Is this a holy formation?"

Mo Yuanbai was shocked and lost his voice.

Holy formation?

The expressions of everyone on the court changed. Can Qin Chen stop this formation?

"No, it can't be regarded as a holy formation, but it should be only a thin line away from the holy formation. It may be that the opponent can't display all the power of this formation."

After Mo Yuanbai felt it carefully, he continued.

But even if it wasn't a holy formation, it was not something Qin Chen could resist.

"Master, you have to be careful."

Mo Yuanbai said nervously. In the place controlled by the core of Tianzhen Mountain, Lao Yuan's voice also changed, and he said nervously: "Kid Qin Chen, be careful, the formation used by this person is the holy formation of the alien demon race, although based on that person's cultivation level, Should not be able to exert the full power of the Holy Array, but also

Enough to kill the semi-sage master, be careful. "

As Lao Yuan's voice fell, between the heaven and the earth, the endless magical energy surged, inextricably linked, the aura of chaos surging, traversing three thousand miles, rushing to the nine sky.

And Qin Chen was located in the middle of this terrifying holy formation, wrapped in countless demonic energy, and bombarded like crazy.

Dou Tianze on the side saw this and laughed wildly: "Hahaha, boy, do you think you will win if you beat me? In front of the predecessors, you will undoubtedly die, hahaha, Tianjin Mountain, will eventually return to my hands ."

"moron."

Qin Chen glanced at Dou Tianze with disdain, ignored him, and said to Lao Yuan, "Lao Yuan, you come to block the attack of this formation for me."

"Me? What about you?"

Lao Yuan frowned, "I am now in the Universe Jade Plate, unable to exert all my power. If I alone, I'm afraid it may not be able to block this formation attack."

"You can just block it."

Qin Chen's voice fell, no longer speaking, his soul power crazily poured into the control core of Tianzhen Mountain, and it continued to spread.

"OK then."

Lao Yuan drank low, and a terrifying breath of Origin Power instantly surged from the Universe Good Fortune Jade Plate, enveloping Qin Chen and blocking it before the devilish energy bombardment.

boom!

The demon energy attack like a vast ocean fell, and the original energy shield that Lao Yuan transformed into trembling violently, but for Qin Chen to stop the demon energy invasion.

The alien demon master in the sky felt this source force, and his expression suddenly changed: "Huh? Where does the source force breath come from!"

The means Qin Chen revealed gave him unprecedented shock.

"It must be taken down."

Murderous intent surged in its heart. Qin Chen, a human being, could not only use their alien demon race's forbidden formation, but there was also infinite source power in his body, which was too temptation for it.

"As long as this source power is obtained, the cultivation base of this seat will be greatly improved. At that time, it may be able to exert the full power of the born and dead demon element array."

Thinking of this, it frantically urged the possessed formation, which emitted a magnificent black light, and countless great avenues surged, and each rune contained the atmosphere of the great avenue, suppressing the eternal years.

boom!

The power of the black streamer suddenly increased, capable of blasting the semi-holy level master into a terrifying array of severely wounded lights, constantly impacting Qin Chen.

"Damn, an alien demon formation mage dare to be so arrogant in front of Lao Yuan."

Lao Yuan cursed, frantically urging Yuan Li to resist the black light attack.

But soon, the shield formed by Yuanli shook violently and faltered.

"Damn, kid Qin Chen, I can't hold on anymore. If you don't make a move, I will kill you."

Lao Yuan said anxiously, it was only using its source power from the jade disc of good fortune in the universe, and it could only exert its power that was less than 30%, plus it had not fully recovered, how could it withstand such a strong bombardment.

If you want to completely block this light attack, it can only kill it, but in this way, it will be completely exposed, and it is expected to be targeted by the Tianwu Continent Heavenly Dao.

Because it is a source beast, the source beasts naturally raised in the alien demon continent are obviously more terrible than alien demon races.

"Lao Yuan, all right."

Seeing that Lao Yuan could no longer hold on, Qin Chen, who had been controlling the core of the formation, suddenly raised his head at this moment, and his eyes burst into two divine rainbows.

"Are you the master of formation of the alien demon race? Then let you know the formation of my Tianwu continent."

"Tianzhen Mountain, Ten Thousand Saint Demon Slayer Formation, get up!" With Qin Chen's voice falling, boom! The entire Tianzhen Mountain shuddered. In the next moment, nearly a hundred Tongtian mountain peaks were exploded in the Apparatus Hall on the periphery of Tianzhen Mountain. Ninety-nine or eighty-one peaks revealed the sky-like formations, bursting out.

Great rainbow light.

boom!

Eighty-one rainbow rays soared into the sky and went straight into the sky. At the same time, the top of the Tianzhen Mountain was also rumbling and roaring, the formation core in front of Qin Chen's eyes suddenly split, and the colorful rays of light instantly diffused.

A large formation against the sky that enveloped the thousands of miles of mountains of Tianzhen Mountain was opened.

Halloween Demon Slayer Array!

This is the purpose of Qin Chen's visit to the Temple of Arms, and it is also the most terrifying sacred formation that the Temple of Arms has.

The formation of this large formation immediately encased the formation of the strong alien demon clan, and crashed into the life and death demon array arranged by the strong alien demon clan.

boom!

It's like a huge mountain hitting a hill, and like a scorching sun hitting a bright moon, the life and death demon array that had enveloped the entire Tianzhen Mountain before, trembled under the Ten Thousand Sacred Demon Array, like being hit by a stone Like eggs, crazily disintegrated and cracked.

In the rumbling roar, crazy explosion shattered!

"The Ten Thousand Sacred Devil Slayer Formation, this is my human race, the most powerful formation!"

Qin Chen raised his head, his eyes revealed his infatuation. Under the big formation, the magic formation burst. The alien demon expert urged the formation and rose to the sky in panic, but was intercepted by the endless formation and could not rush out. .

"I want to escape now? It's too late!" Qin Chen's figure was like electricity, rising up into the sky, turning his big hands into a cage, and heading towards the black circle panlonglong to catch and shoot, with great power.

[Chapter 2324: Rise from the ground](#)

boom!

The black formation trembled constantly, trying to escape into the void, but couldn't break free of Qin Chen's shackles, and was finally taken in by Qin Chen and sealed.

The great formation of Tianzhen Mountain quieted down instantly.

"Master...City Lord Qin."

Mo Yuanbai came to Qin Chen for the first time, his expression nervous, and he was relieved after seeing that Qin Chen was fine.

"City Lord Qin, are you okay?"

Gu Huamao and the others also flew up in shock, looking at Qin Chen in shock. The array of attainments and strength that Qin Chen had shown before went far beyond their expectations, shocking several people.

"I'm fine."

Qin Chen smiled, "This Dou Tianze has been taken by Ben Shaoqin, so let's hand it over to Palace Master Gu Huamao."

Dou Tianze on the side knew that the situation was gone, and his face was dead gray. Naturally, the master of the Hall of Instruments stepped forward, abolished his cultivation base, and led him down.

As for how Qidian should deal with Dou Tianze, Qin Chen didn't bother to manage.

Gu Huamao showed respect, and the group of elders in the hall with tools suddenly bowed to Qin Chen, "Thank you, City Lord Qin, for your help."

Qin Chen said in astonishment, "Gu Hall Master, what are you doing?" Gu Huamao said with palpitations on his face, and respectfully said: "City Master Qin, this should be the case. If it weren't for City Master Qin to take action this time, I'm afraid that the old man would still be concealed. Here, when Dou Tianze is in trouble, I am afraid that my weapon hall has already fallen into the opponent's hands.

It is difficult for the old man to repay the kindness. "

He really had lingering fears, and he had seen it in the previous battles. If it weren't for Qin Chen, I'm afraid his weapon hall had been destroyed. At this moment, only rejoicing emerged in his heart. Then, he looked at the suppressed black formation in Qin Chen's hand, and the black formation exuded a

gloomy atmosphere. It was this formation that had released a terrifying devilish formation before, and now Gu Huamao knew it. This array is still stored

An array master of the alien demons.

The life and death demon element array that the opponent had last displayed was comparable to a Saint-level array, but in the end it was broken by Qin Chen. This method made Gu Huamao amazed.

"By the way, City Lord Qin, when you played against this alien demon formation master just now, what formation did you use?"

Gu Huamao knew that there was a saint-level formation on the Tianzhen Mountain, but that big formation could only activate a little power in the past, but Qin Chen actually activated the big formation completely. This is under Gu Huamao's influence. This is the first time. Qin Chen smiled and said: "That big formation, called the Ten Thousand Sacred Demon Slayer Formation, is the strongest one in the entire Tianzhen Mountain Great Formation, and this formation is also extremely powerful against alien demons. Come, besides wanting to cooperate with the Lord Gu Huamao,

I also wanted to borrow this Ten Thousand Sacred Demon Slayer Array from the Lord Gu Huamao to deal with the masters of the alien demons. "

Borrowing the Array of the Holy Ghost Slayer?

Gu Huamao was stunned: "Can you still borrow this array?"

"Yes, this formation consists of a total of eighty-one sky-reaching formations. As long as the formations are taken away, the formation can be rearranged." Qin Chen affirmed.

"This....."

Gu Huamao's face was embarrassed, it was not that he was stingy, but such a terrifying big formation, if Qin Chen moved away, it would be too great for the loss of his palace. "Gu Hall Master, City Master Qin has saved your entire tool hall. If City Master Qin hadn't taken the initiative, I'm afraid your tool hall had already fallen into the hands of the alien demons. Wouldn't it be possible for City Master Qin to borrow a large formation? Character, take this

The big formation is definitely to deal with the alien demon race. Once the alien demon race is killed, the formation will definitely be returned to you. "

Mo Yuanbai said dissatisfied. "Gu Hall Master, Mo Pavilion Master is right. Perhaps the Ancient Hall Master doesn't know. Now my Tianwu Continent is at a critical juncture of crisis. This battle is one of our important methods to deal with alien demons. As long as we resist the alien The demon's offense, this shao set

However, he would return this formation to the Device Hall as soon as possible, and please rest assured that the Lord of the Ancient Hall. "

Qin Chen also smiled.

Gu Huamao hesitated, and finally made up his mind: "If City Master Qin can really take away this formation, then City Master Qin will make a move."

As the master of the Palace of Equipment, he has never heard of anyone who can take away the formation of Tianzhen Mountain. If Qin Chen can really take it away, it is God's will, and he will not stop him.

"That young man will take action." Qin Chen did not hesitate, and quickly flew over the eighty-one peaks outside Tianzhen Mountain. Now these eighty-one peaks have been split, exposing the columns inside. Eighty-one columns, each column contains complex array patterns, even

With Qin Chen's current cultivation base, he couldn't replicate exactly the same formation.

Otherwise, Qin Chen would only be able to practice the practice himself, and there was no need to remove these eighty-one formations.

Under the eyes of everyone, Qin Chen swiftly urged his hands, and a series of invisible forces slowly penetrated into these eighty-one formations.

After half a day, Qin Chen suddenly screamed.

"Get up!"

Rumble! The entire Tianzhen Mountain trembled violently, and then Gu Huamao and others were shocked to see that the eighty-one peaks that had been standing outside Tianzhen Mountain for tens of thousands of years had risen all over the ground. The Tianjin Mountains are roaring,

Within a thousand miles, the world is shaking.

boom!

In the end, eighty-one peaks rose up into the sky, blooming with brilliant rays of light, illuminating the eternal starry sky.

Gu Huamao and others were dumbfounded.

Rub, it really succeeded?

Under the eyes of everyone, the eighty-one formation pillars flashed light, and they disappeared into the void, and they were collected by Qin Chen into the Universe Jade Plate.

Qin Chen was able to do this, and another formation mage came, even if he could uproot the eighty-one formation pillars, he couldn't put it away.

"Disappear...disappeared..."

Hall Master Gu Huamao's eyes twitched, and blood was dripping in his heart, but he was also extremely surprised, because he could not understand Qin Chen's method of putting away these eighty-one formations.

Even if Qin Chen has the top storage ring on his body, he can't put up 81 peaks, right?

Qin Chen's eyes flashed and he was slightly delighted: "This Ten Thousand Sacred Demon Slayer Array is a Saint-Level Great Array. With my cultivation base, although I can't maximize its power, I will deal with the Heaven Devourer and the others. It can be regarded as an extra layer of means."

After this big formation, Qin Chen also had more confidence in facing the next crisis.

After that, Qin Chen and Mo Yuanbai stayed in the Qidian for a while, and signed an alliance agreement with Qidian, and they decided to leave soon after, together with the major forces of the mainland, launched an attack on the Misty Palace.

And when Qin Chen left the device hall and rushed to Sky Thunder City.

Beitianyu. In a broken space in the depths of the void, a group of extremely powerful magical power fluctuations spread. This group of magical power fluctuations are cold and domineering, spreading rapidly, and everyone who is affected will shudder, from the inside out. It was cold, as if something unclean had entered the body.

[Chapter 2325: Devour Magic](#)

"It's such a powerful devouring magic power. The cultivation base of the Lord Heaven Devourer seems to have recovered very well, maybe a lot of cultivation bases have been restored." said a glamorous woman with bone spurs. A powerful alien with dark skin and sharp horns on his head said:

"Unexpectedly, Lord Sky Devourer entered the Thunder Sea Secret Realm that year, he would be able to come out alive and awaken me. Once Lord God Devourer recovers his strength. , Adapt to this side

Heaven and Earth, I might be able to dominate the Tianwu Continent. "

"It's time to rule this continent long ago. Now this continent, the strong are scarce, and the origins are scattered. I have been waiting here for too long and too long. I really want to return to the Continent of Alien Demons and take a look at my hometown."

"Master Sky Devourer is coming out soon."

The person who was speaking was an alien demon monarch with blood-red eyes, full of murderous aura, and the rich demon aura was like the essence, immortal.

This group of people were the subordinates of the Sky Devourer, and after the Sky Devourer escaped from the Sea of Thunder, he came to this secret realm for the first time, awakened its subordinates, and fell into a deep sleep and penance.

But now, the cultivation of Heaven Devourer Master finally came to an end.

boom!

In the void in front of everyone, a group of gloomy demonic energy danced wildly. Everyone looked over, and saw a figure slowly emerging in the void. The dark demon energy lingering around it was the Heaven Devouring Demon Lord, but compared to the time in the Thunder Sea, the aura on the Heaven Devouring Demon Lord's body healed. The hair is thick, one after another

The devilish energy is like tentacles, surging back and forth in its body, abnormally evil. The glamorous woman with bone spurs said: "The Lord of Heaven Devourer was once a famous beautiful man of our alien demon race. It was only in one experience that she obtained a Heaven Devourer skill that can devour the magic power of my alien demon master. People seem to be cursed

Like the curse, the stronger the strength, the more evil the strength. "Later, we were susceptible by the high level of our alien demons, and was sent to the Sea of Thunder to face the celestial lord and perform such a dangerous task. Otherwise, with the strength of the demon lord, if it is on the frontal battlefield, I am afraid it will be a coalition army. Boss Demon

The main character, I will not be defeated by the human race so easily when I have the backbone. "

"Now, my lord is finally out of trouble, and I am waiting for the glorious moment finally arrived."

This glamorous woman was extremely excited. "It is a good thing for us to get rid of the Lord of the Demon Lord, but don't forget, Lord Lord of the Demon Lord is able to swallow the power of the masters of the alien demon race like me to improve our own strength. This is why we were jealous by the high level of the clan. , I'll be careful

some. "

The alien demon man with sharp horns on his head solemnly reminded everyone. "I waited until I was a general who followed the Lord of the Devourer. In order to differentiate me, the high level of the clan deliberately separated me from the Lord of the Devourer. Now the first thing the Lord of the Devourer returns is to wake me up. Wait, I want to come to Devourer

Even if the Lord swallows anyone, it won't swallow me. "

The glamorous woman is very confident.

The voice has not fallen yet.

Hum!

The Heaven Devouring Demon Lord who fell asleep suddenly opened his eyes, and a divine rainbow burst into his eyes.

"Hahaha, this demon lord has finally awakened. This **** heavenly way has suppressed this demon lord too much, and now I have finally adapted a lot, you guys, how have you done things for this demon lord? Bring delicious food?"

With a swish, the body of the Heaven Devouring Demon Lord looked like a void phantom, and several powerful demon kings appeared directly in front of him, exuding a frightening aura. Several people were hurriedly startled, and quickly bent down. The man with double horns was clearly the leader, and said respectfully: "Congratulations, Lord Demon Lord, please rest assured, Lord Demon Lord, I have already done what the Lord asked us to do. , And brought a few people

Class delicious. "

The alien demon tribe waved his hand, and several human martial emperors were immediately drawn over, bound by demon energy, looking at the demon master in horror.

"Quack, you have your heart." The Heaven Devourer laughed, and a fierce, bloodthirsty light flashed in his pupils. He opened his mouth and inhaled. The human Martial Emperor screamed sternly, and the hair on his body instantly dried and turned into Several corpses, but their blood and soul were all eaten

The demon Lord swallowed into the body.

"Quack, it's delicious."

The Heaven Devourer Lord smiled grinningly, "There is also which line of the demon, have you investigated it clearly?" "Master Hui, I have already investigated it clearly. The demon is the son of the cursed demon Lord back then. , The cursed demon lord was beheaded by humans, but his son Demon survived, and later colluded with the Misty Palace of Humans to control Tianwu Continent

. "

The two-horned man's voice fell, and with a wave of his hand, an alien demon monarch was brought over. It was surrounded by demonic energy, looked at the demon Lord in horror, and yelled: "Master demon, forgive me. Your lord is forgiving."

"Curse the Demon Lord?" The Heaven Devourer snorted coldly. "The old thing that was squeezed out of the Demon Lord was cursing the old thing. His son is not a good thing. He entered the Heavenly Thunder Secret Realm, pretending to save me, but in fact he wanted to. Swallow the demon master's demon master's book through the ancestral demon blood sutra

Yuan, so that he can break through the realm of the devil, and have the style of his father. "

The Lord of Heaven Devourer looked gloomy and cold. "Master Demon Lord, this time the Bone Demon Lord was under the curse of the Demon Lord, and now he has taken refuge in the Demon. The news I waited for was also learned from it. And we also learned that the Misty Palace is gradually losing power. , Established by a celebrity genius

After Tianlei City, it is specifically aimed at Misty Palace. After all, the devil is considered to be our family. Should we contact the devil and discuss cooperation with them? "The strong double-horned alien demon said carefully.

"Cooperation?"

The Heaven Devouring Demon Lord's fierce light revealed, one hand suddenly grabbed the bone demon king's neck, opened his mouth and swallowed the bone demon king half of his body with a click.

This time the Bone Demon Lord was swallowed by half of his body, and the other half of his body was struggling in pain. The Heaven Devourer became more excited, and swallowed the Bone Demon Lord a little bit with a click, blood flowed.

"The demon wants to undermine the demon master, but you want the demon master to cooperate with it?"

The Sky Devourer looked at the man with two horns coldly, and his devilish energy was overwhelming. In fact, it could use Devouring Magic Power to completely swallow the power of the Bone Demon Lord, but it used the most violent magic-eating technique to make all People are creepy.

"Master Demon Lord calm down, Master Demon Lord calm down."

The demon king with two horns knelt down with a bang, crawling on the ground, and said in horror.

"Black Blood, if it wasn't for the reason that you have been with me for tens of thousands of years, this demon master will eat you now and get me up." The demon master said coldly.

"Thank you Lord Demon Lord."

Black Blood stood up in fear.

"Let's talk, tell this demon master about the current situation in the mainland, and how many have you awakened from this demon master's army?" Sky Devourer said indifferently.

[Chapter 2326: Devour Sword](#)

"Yes, Lord Demon Lord."

Black blood was trembling in cold sweat.

The Heaven Devouring Demon Lord is moody, and the demon monarchs who were swallowed by it in a rage were more than ordinary, otherwise it would not be resisted by the high level of the clan.

Although it is a general under the command of the Sky Devourer, it has to be cautious. "Master Hui Demon Lord, now on the mainland, there are mainly two powers headed, one is the human force headed by Sky Thunder City, and the leader is a genius named Qin Chen who has also entered the Thunder Secret Realm. It is said that the strength is extraordinary. According to subordinates' estimates,

Probably in the semi-sage strength, he has integrated the Human Race's Pill Pavilion, Wanbao Tower, Bloodline Holy Land and other forces, and now on the mainland, more than half of the Human Race masters have listened to the signs. "

"Qin Chen?"

The Heaven Devourer frowned, "Is there such a person in the hall back then?"

Its eyes flickered, and it quickly froze on a figure, "Is that kid?"

But it shook its head again, because Qin Chen at that time was far from a semi-sage realm.

"Can there be an image of this person?" The Heaven Devourer sipped coldly.

"Master Hui, this is the person."

Black Blood immediately displayed a black phantom, above the phantom, Qin Chen's appearance emerged.

"Really this kid?" The Sky Devourer was shocked. How could this be possible?

It suddenly thought of a question, and said in a deep voice: "How many people are left alive after this demon master left the Thunder Secret Realm?" "Master Hui Demon Lord, there should be quite a few. According to his subordinates secretly inquired, except that In addition to Qin Chen, including the Misty Palace Master Shangguan Xi'er, the Demon Spirit, the Sovereign of the Illusory Demon Sect, and the Pill Pavilion Taishang Elder Jijing Pill Emperor and others have all survived.

"

what?

The Devourer Master was shocked, how could this be possible?

It sacrificed the life and blood of the Heaven-swallowing Demon Lord in exchange for the opportunity to escape the abyss of the abyss, but how could those guys escape the abyss of the abyss? How could the Lord Abyss Demon in the heavens release all these people?

"There is definitely a situation here."

Sky Devourer's eyes flashed.

Back then, it broke into the abyssal demon secret realm with its demon master cultivation base in its heyday, and was trapped for thousands of years, but Qin Chen and the others were only half-sages and peak martial emperor cultivation bases, how could it escape?

It couldn't figure out the reason, but it didn't dare to go to the Thunder Secret Realm anymore, but kept this matter in its heart. "The remaining power is the power controlled by the Misty Palace and the demon. Although it has been miserably suppressed, according to subordinate investigations, this power has been secretly controlled by the masters of our clan in the past two hundred years. Many forces in the mainland

The top high-level executives, although the top few were retaken by the people of Thunder City, there should be many following them among the small and medium-sized forces. "

"When Lei Cheng was targeting Misty Palace this day, didn't Misty Palace and the demon act at all?" The Sky Devourer frowned.

"This...According to the subordinate investigation, the demon and that Shangguan Xi'er are looking for you everywhere." Cold sweat broke out on the black blood forehead.

"Looking for this seat? It seems that I haven't lost the mind that has swallowed this demon Lord."

Hearing this, a fierce and brutal light flashed in the eyes of the Sky Devourer.

"As for your sir, I have already summoned all the surviving alien troops in this secret realm, but many of them have only the soul state and no physical storage."

"It's simple." The Sky Devourer sneered: "There are many dead bodies on this continent, and there will be as many as you want."

"My lord, what should we do next?" Black Blood said carefully.

"Not urgent!"

The Devourer Demon waved his hand, "I will summon this Devourer's Demon Sword first."

Devour the magic sword! The hearts of several people were numb. The Devouring Demon Sword was a magic weapon obtained by the Devouring Demon Lord in that ruin along with the Devouring Demon Palace. It possesses devouring magic power and is very evil. Except for the Devourer, when

Other demon masters in the year may not be able to exert their full power.

His hands quickly formed seals, and the Heaven Devouring Demon Lord sprayed his blood into the void.

A stern and grim howl sounded, and a blood-black essence rose into the sky, piercing the void, and rushing straight into the endless void.

boom!

This **** light cut through the sky and fell directly into an ancient city in the northern sky region.

This is the ancient city where an emperor-level force in the Northern Heavens is located. It is called Yinfeng City. Because this city is full of yin winds all the year round, people who practice magic arts have improved their cultivation very fast here, so countless years have formed a city of magic cultivation. .

Most of the warriors in this city are practicing magic skills, and they have also established a top-level imperial power, called the Yin Demon Sect.

This sect was doing evil in the Northern Heaven Territory, and its hands were stained with blood. It once wiped out many emperor-level forces in the surrounding area. It can be said that it is an evil demon sect in the Northern Heaven Territory.

And this Demon Sect had already taken refuge in the Hall of Law Enforcement and became a minion of the Hall of Law Enforcement in the Northern Heavens.

"Father, these days, the top powerhouses in the Martial Domain have brought a lot of people to our North Heaven Domain. Is something big going on in this world?"

In the center of Yinfeng City, the headquarters of Yin Demon Sect, a middle-aged man with eagle eyes looked at an old man on the demon seat above his head and asked respectfully.

This old man is no one else, but the overlord of the Yin Demon Sect known as the Yin Demon Old Monster.

"Hmph, you don't have to worry about too much about the things above." The old man snorted coldly.

"But, father, you have broken through the Nine Heavens Martial Emperor. With your father's strength, you are enough to enter the Martial Domain. With the support of the Law Enforcement Palace and the Misty Palace, sweeping the surrounding imperial powers, it is not impossible to unify the Northern Heavens. Why tortoise

Shrink here? "The middle-aged man is puzzled.

If anyone hears a middle-aged man at this moment, he will definitely be surprised.

It should be noted that in a place like Beitianyu, Wuhuang masters can already shock one side. Even the city lord of Beitianyu Dancheng is only a peak Wuhuang cultivation base. In the entire Beitianyu, the real Wudi masters may not exceed one hand. The number.

Moreover, these people are only traveling in the Northern Heaven Region, and will eventually return to the Martial Region.

Because once a warrior enters Emperor Wu, he can only mention promotion in the Martial Territory. In places like the Northern Heaven Territory, the true energy of heaven and earth is too thin, and various materials are too scarce.

Now that the Yin Demon old monster of the Yin Demon Sect has broken through the Nine Heavens Martial Emperor, this news will inevitably detonate the entire Northern Heaven Region.

A nine-day martial emperor is enough to sweep most of the emperor-level forces in the Northern Heaven Region except for the top forces like Pill City.

"Huh, what do you know?" Old Yin Demon looked at his son coldly. He doesn't know the thoughts of his son. His son has average talent. Only when he goes to the Martial Domain can he hope to break through the Nine Heavens Martial Emperor Realm.

[Chapter 2327: Yin Mozong](#)

"Son, you don't know. You think that your father's strength can be safe and sound in the Northern Heavens. But when you arrive in the Martial Region, I am afraid it is just like an ant. What's more, the Martial Region today is not peaceful. Want to fight

Do it, otherwise you think Misty Palace would like me so much? Even crossed the Hall of Law Enforcement and directly ordered me to wait for them to monitor the Land of Hundred Dynasties and other places in the Northern Sky? "

"Father, you mean, Wu Yu is going to change the sky?"

The middle-aged man was taken aback. "It's not the same for the father, but the insecurity is true. Moreover, the reason why the father was able to break through the Nine Heavens Wudi Realm has a lot to do with this Yinfeng City. For the father, I can feel that under this Yinfeng City, Contains an extremely terrifying

Magic power, this magic power has been constantly getting stronger during this period of time. For my father, there is reason to suspect that there is a devilish treasure below the Yinfeng City. "

The old evil monster's eyes flickered.

The middle-aged man was taken aback. "Father, do you mean that there is a top emperor-level magic soldier under Yinfeng City?"

Ordinary emperor-level magic soldiers can never let his father break through from a pinnacle martial emperor to the realm of nine-day emperor.

Although the middle-aged man's cultivation is not high, he still has his vision. The old evil monster said coldly: "Yes, this treasure is the support of our father and son standing proudly on the mainland, and we must not let the people in the Misty Palace and the Law Enforcement Hall find out, otherwise, how can this treasure be our turn? Now, even if you don't go to Wuyu, you can

Able to be like a father, stepping into the Nine Heavens Emperor Wu..."

Rumble!

The old Yin Demon didn't finish speaking, and the whole Yin Wind City suddenly shook.

"Ok?"

The old monster Yin Demon's complexion changed drastically, he slid out of the sect and hovered directly above Yinfeng City. Then he saw that the entire Yinfeng City was surging with endless magic energy at this moment, and a black magic energy came from the ground. Madness seeps out.

"what happened?"

The old monster Yin Demon was shocked, he could feel that the terrifying magic power beneath Yinfeng City was reviving crazily.

"Father, look."

The middle-aged man suddenly exclaimed and looked up at the sky. The old evil monster hurriedly raised his head and saw that above the sky, a blood-black magic light straddled the endless void, directly penetrating, swish, and sank into the ground of Yinfeng City. The speed was so fast that even the Yin Demon Boss, this nine-day emperor is here

Can't react.

"not good!"

The eyelids of the old monster Yin Mo violently throbbed, and a bad premonition rose in his heart.

Rumble! When the blood black magic energy rushed into the ground, the next moment, the entire Yinfeng City trembled violently, cracking thick cracks, and from the cracks, endless terrifying auras were spewed out, one after another, exuding evil power. ,a bit

The son rushed out.

"what!"

As long as the demon cultivators in Yinfeng City come into contact with such a breath, their image will change drastically, screaming and ugly, with strange blood in their eyes, they will rush to the people around them, killing them like crazy.

Some people, in the screams, directly turned into corpses, their blood and life disappeared, like ghosts.

For a time, blood flowed into a river in Yinfeng City, and the screams went straight into the sky, turning into Jiuyou Purgatory.

The power of these demonic energy is extremely terrifying. Even the martial emperor's master will lose his mind even if he touches a trace. In the entire Yinfeng City, only a few people soared into the sky, suspended in the air, looking down in horror, and briefly escaped.

They looked down in horror, and said in anger, "What happened, what's under the ground in Yinfeng City?"

The demonic energy surged, the entire Yinfeng ancient city was turned into ruins, and a large number of warriors were buried inside. The demonic power they had built up so hard was instantly wiped out.

What was even more frightening was that they could see the warriors who went crazy, screaming, their souls and life essence disappeared, and they all became corpses.

This scene is horrible.

"Father, our Yin Demon Sect is over."

The middle-aged man trembled and looked at the ruined Yinfeng City below, with endless fear in his heart.

The old monster Yin Demon was even more frightened. He didn't know what happened in Yinfeng City, he only knew that it was related to the blood flying from outside that day.

Could it be that the magic treasure in the ground has recovered?

The old evil monster's eyes showed greed.

If there is a magic treasure, who else is eligible for the entire Northern Heaven Territory except for the old evil monster?

Whoosh!

A sense of greed emerged in his heart, and he rushed straight to the cracked ground of the Yinfeng City, but as soon as he moved, a strong sense of crisis emerged in his mind instantly, as if death's sickle was holding his neck.

"not good!"

The old evil monster roared, and was about to rise into the sky in a hurry.

But it's too late!

boom!

Suddenly, a huge gray-black magic sword soared into the sky. The magic sword surged with endless magic light, and the runes flashed and boomed. The hundred-foot-long magic sword penetrated the void, and the agitated magic energy filled the whole seat. Yinfeng City.

boom!

The entire city was turned into dust and disappeared in ashes, and the shock wave rushed through the old evil monster, and instantly shattered him in the horrified eyes of the old evil monster.

Puff puff!

The few magic repair masters who were lucky enough to escape from Yinfeng City were all shattered under this shock wave, their blood and soul screamed, swallowed by this gray-black magic sword, and their souls scattered.

Since then, all creatures in Yinfeng City have been destroyed.

boom!

After the black magic sword town kills hovered in the air for a circle, it swept toward the depths of the void. Because of the speed, no one could find this magic sword.

The broken space where the Devourer Lord is.

"Haha, I'm back!" The Heaven Devouring Demon Lord stretched out his hand, and he added a terrifying gray-black magic sword in his hand. This magic sword was wrapped in a layer of turbid air currents, vaguely screaming from countless screams. And the sound of wailing came from the turbid devil energy, black blood and others

He just glanced at it, sweating profusely, a trace of confusion appeared in his mind, as if his soul was about to be swallowed.

"Quack, it's worthy of devouring the magic sword. For tens of thousands of years, it hasn't been lost at all. Before, it has swallowed many human lives. Quacking, this group of poor insects just consecrated the magic sword of this demon lord!"

The Lord of the Devouring Devil holds the Devouring Devil Sword in his hand, and his body is becoming more and more terrifying. With the sword in his hand, its devouring magic power will be greatly enhanced.

"Congratulations, Lord Heaven Devourer!"

Heixue and others knelt on the ground and said excitedly.

"Ok?"

The Heaven Devouring Demon Lord held the Devouring Devil Sword, and his body was surging with devil energy, and its aura was recovering, but suddenly, its eyes condensed, revealing shock.

"This power..."

Its eyes penetrate the endless void.

"Master Heaven Devourer, what's wrong?"

Heixue and the others were shocked, why is there something wrong with Lord Heaven Devourer.

"It's the Chaos Devil's Nest, how can the Chaos Devil's Nest appear here?" The Heaven Devourer's body was trembling.

[Chapter 2328: North Horizons Crisis](#)

Holding the Devouring Demon Sword in his hand, the Heaven Devouring Demon Lord perceives the breath of the Chaos Demon Nest in the endless void.

Hearing this, Black Blood and others were shocked.

"Could it be that the plan that year was implemented?"

Heixue and the others trembled extremely. They didn't know what the plan was back then, but they had vaguely heard that the high level of the alien demons had implemented an ultimate plan, and this plan was related to the Chaos Demon Nest.

"Very well, once the Chaos Demon Nest comes, it will be the time when my alien demons occupy the entire Tianwu Continent."

The Demon Lord looked up to the sky and roared.

Roar!

The whole broken space was shaking violently.

Behind the Heaven Devouring Demon Lord, endless black shadows emerged, a large number of resurrected alien demons, densely packed, one after another, filling this broken space.

"Kill, kill with this demon master."

boom!

Suddenly, the overwhelming masters of the alien demon race rushed out of this broken space one after another, the terrifying demon energy soared into the sky, sweeping like a locust.

Beyond this dilapidated space is a stretch of mountains. Outside the mountains is the Gudun Dynasty of the Northern Horizons. This dynasty has a history of more than 6,000 years and is one of the top imperial powers in the Northern Horizons.

It is now afternoon, and there is a peaceful scene in the imperial city of Gudun Dynasty.

Suddenly, the sun in the sky was obscured, and the sky seemed to have suddenly fallen from day to night.

The warriors in the Gudun Dynasty didn't know what was going on, and they walked out of the house one after another, looking towards the sky, and they saw the devilish energy rolling in the sky, and in that devilish energy, countless cold breaths surged.

"Quack, human!"

"I want this body."

"Hehehe."

Shrieking loud screams sounded, and countless strange demons were like beggars who had been hungry for days and nights, seeing a table full of delicious food, and they rushed to the Gudun Dynasty to take away a famous warrior.

"what!"

On this day, the Gudun Dynasty plunged directly into hell. A famous warrior screamed frantically. His soul was swallowed by the aliens, and his body quickly appeared black, and his body grew fiercely sharp, and his body was rapidly expanding.

A famous martial king master was taken away by alien demons. In just half an hour, the entire Gudun dynasty has become like a purgatory. All the martial emperors and masters of the martial king have been seized and become alien demons. Body.

"Kill, kill all the remaining humans and replenish their strength." After taking away the master of King Wu, the alien demons began to frantically kill the surrounding crowd. In their eyes, only humans at the level of King Wu can become humans. The carrier of their souls can restore their strength. As for King Wu

In their eyes, they are just nourishment to restore strength.

"what!"

All kinds of screams were endless, and a day later, there was no one living in the entire Gudun Dynasty and became a purgatory on earth. In such a scene, other imperial forces around the Gudun Dynasty naturally happened. Under the leadership of the master of the demon master under the command of the devil, the army of the demon master of the devil turned into a team, madly seizing the nearby Imperial forces

The strong.

The entire Northern Heaven Territory was in distress at this moment.

The news here was quickly spread by some people who had survived.

The news was like a gust of wind, spread to the many top forces in the Northern Heaven Region, and even to the Pill City of the Northern Heaven Region for the first time, and then from Pill City to the Martial Region.

Sky Thunder City.

Qin Chen finally returned here.

He had also received news that Yemoshi had attacked Sky Thunder City before. Although he knew that Sky Thunder City was safe and sound, he was completely relieved after seeing Sky Thunder City.

After that, You Qianxue also informed Qin Chen what had happened in Tianlei City.

"Qin Chen, said, do you have a leg with the Sect Master of the Magic Demon?"

You Qianxue and Ji Ruyue both stared at Qin Chen and tortured them.

"Ah, what's in your mind, don't cultivate well, think about it all."

Qin Chen was speechless.

What can he have to do with the phantom master?

However, he was also curious in his heart that it was indeed a bit unexpected that the Illusory Demon Sect Master would help Sky Thunder City.

When he and Fu Qiankun went to Illusory Demon Sect, the Illusory Demon Sect Master didn't speak so well, and even fought Fu Qiankun.

Why are you willing to cooperate by yourself in a blink of an eye?

Although Qin Chen didn't understand the reason, he couldn't help but breathe a sigh of relief because there was a semi-sage master on his side. Now that the situation in the mainland is getting more and more complicated, even if he has already subdued several top strengths such as Bloodline Holy Land, Shangguan Xier did not act at all. He did not believe that Shangguan Xier would be so kind, and watched him subdue the top powers. power

.

During this period of time, Shangguan Xier was definitely planning something.

On the Ji family's side, there was no news at all, only that the Misty Palace searched all over the mainland for battlefields and relics of the alien demons. As for where Shangguan Xier and the demon were, they didn't know anything.

"It looks like it's time to take action against Misty Palace."

Knowing that the time was urgent, Qin Chen quickly ordered the payment of Qiankun, Gu Huamao, and others, asking all major forces to immediately organize masters to prepare for a conquest of Misty Palace.

"Ben Shao doesn't believe me, I'm waiting for the Misty Palace, Shangguan Xier, you can still bear it."

Misty Palace is Shangguan Xier's base camp, and Qin Chen doesn't believe that Shangguan Xier will let Misty Palace leave.

But not long after he had just sent news to the major forces in the Martial Region, a message from the Northern Heaven Region had already reached Tianlei City.

"What? The Great Tribulation of the Alien Demons broke out in the northern sky?"

boom!

Qin Chen's mind roared, and he was completely shocked when he received the news.

He did not expect that the Great Tribulation of the Alien Demon Race would explode so quickly.

"Is it because of the Chaos Nest?"

It's just that he still doesn't know whether this alien demon army is related to the Lord of the Devourers, or Shangguan Xi'er and the others have made a ghost.

The black slaves and others were also extremely anxious, because the Northern Heaven Territory was the base camp of the Chendi Pavilion. Once the Northern Heaven Territory was in danger, the Chendi Pavilion would be dangerous.

"Less dust!"

For a while everyone looked at Qin Chen anxiously.

"Leave to the North Sky Territory now."

Qin Chen did not hesitate and gave the order at the first time, because he knew very well that just like Misty Palace facing Shangguan Xi'er, Bei Tianyu was his base camp, no matter what, he would not let Bei Tianyu be completely in distress.

Especially in the land of the Five Kingdoms, the land of a hundred dynasties, the city of Dan, and other places, although the people of Chendi Pavilion have been moved away due to the threat of the Misty Palace, and turned into the dark, there are still many people sitting in secret. There.

Once an accident occurs in the North Sky Territory, the Chendi Pavilion will inevitably suffer a blow.

Just as Qin Chen expected, when he mobilized the strong to go to the Northern Heavens, the Heavenly Demon Secret Realm in the Land of Hundred Dynasties, as one of the main battlefields of the alien demon race, had already attracted the attention of an alien demon team. .

call! A team under the command of the Demon Lord, tens of thousands of alien demon souls, came to the land of a hundred dynasties under hundreds of alien demon experts who had robbed the human masters.

[Chapter 2329: Long Lingfeng](#)

The densely packed teams of foreign races poured directly into the land of a hundred dynasties.

"what!"

Just like locusts crossing the border, the capital of the Great Yan Dynasty outside the Land of Hundred Dynasties was directly occupied by countless masters of alien demons, and blood flowed into rivers.

"Damn, isn't it rumored that the land of the Hundred Dynasties is not one of the top emperor-level forces in the Northern Sky Region? How come there are only such strong people?"

"There are only one or two at the level of Emperor Wu."

"Too weak?"

Looking at the capital of the Great Yan Dynasty, the blood was flowing, the faces of these alien demons were full of dissatisfaction.

"call!"

At this time, a strong man with strong aura fell, and his body was surrounded by the dark magic light, with dark red lines surging on his body, and the magic light formed an obscure aura, exuding an aura of suppression of eternity.

"Bone Evil Lord!"

A group of alien demons even respectfully said.

This person is the leader of their team, a high-level demon master under the command of the Heaven Devourer. It had cold eyes and said coldly: "This is just the periphery of the Land of Hundred Dynasties. The humans here are the weakest humans in the Land of Hundred Dynasties. All the masters here should be gathered in Chaotian City in the center of the Land of Hundred Dynasties. , There is still my strange demon

A main battlefield of the clan. "

"So, you guys don't waste time here. Going directly to Chaotian City, the core of the Land of Hundred Dynasties, is the right way."

"Quack, go to Chaotian City."

"Taking the strong from there."

"Open the main battlefield and summon more of the same clan."

This group of alien demons screamed, one by one soaring into the sky.

Along the way, many warriors in the Land of Hundred Dynasties looked at the cloud-like team above their heads in horror, one by one, and the news of the direct destruction of the Great Yan Dynasty caused a shock in the Land of Hundred Dynasties.

In the land of hundreds of dynasties, countless warriors with their families took their mouths, and they evacuated here, even hiding in the mountains.

This group of alien demons marched strongly.

Three days later, this team had already arrived at Chaotian City, the land of hundreds of dynasties.

The magnificent Chaotian City exudes an ancient atmosphere.

"Jie Jie Jie, is this one of the main battlefields of my alien race back then?"

The leading masters of the alien demons looked greedily at the ancient city below, and they could feel that in this Chaotian city, there were a lot of fairly powerful auras, and that was the human martial emperor master.

After many years of operation of Chendi Pavilion, the land of the hundred dynasties today is no longer the land of the hundred dynasties back then. There are many powerful kings, and even the masters of the kings are not a few. They have become the top of the North Tianyu. One of the imperial forces.

Of course, in order to avoid the intimidation of the Misty Palace, the power of Chendi Pavilion in Chaotian City has completely moved out a few years ago, and entered the Demon Ancestral Mountain Range, leaving only some of the hidden children and the land of the hundred dynasties. People are here.

"Quack, this is Chaotian City, you guys are slaughtering wildly here, this demon lord goes to see if there is a void passage in the battlefield of our race back then, and open it."

The leading Bone Demon Lord took a few masters of alien demons into the sky, perceiving the void.

The Heavenly Demon Secret Realm was opened once in a hundred years, and now it is only nearly ten years since the last time the Heavenly Demon Secret Realm was opened. The task of the Bone Demon Lord is to see if there is a way to open the Heavenly Demon Secret Realm in advance.

Originally, this task came from the Demon Lord himself, but because of the emergence of the Chaos Demon Nest, the Demon Lord naturally took care of the more important Chaos Demon Nest, and this task was handed over to the bone demon Lord.

Over Chaotian City, the appearance of countless alien demons caused the people below to panic.

A famous martial emperor and martial emperors looked at the crowd above their heads in horror. The cold demon energy that penetrated into their souls made their blood almost frozen, and endless fear emerged in their bodies.

Where did these monsters come from, it was terrible, is the end of Tianwu Continent coming?

Everyone was horrified.

"Quack, human, be afraid, tremble in front of my alien demon, humble humans shouldn't exist in this world."

"kill!"

These alien demons looked at the people in Chaotian City with excitement, and rushed down one by one in a quack of laughter.

"boom!"

But at this moment, a series of magnificent rays of light suddenly burst into the Chaotian City, and a series of terrible bursts of light burst into the sky, turning into a shield, and suddenly shrouded the entire Chaotian City.

It is a great formation of the city.

As the core of the land of hundreds of dynasties, Chaotian City is an ancient city with a long history that is naturally guarded by a large array.

This formation is the eighth-level pinnacle formation. When it spreads out, the light blooms and resists the army of alien demons.

"It's a great defense formation."

"The defensive formation is open."

The people of Chaotian City were very excited. At this moment, they were extremely grateful to Chendi Pavilion.

You must know that although Chaotian City had a great defense formation, it could not be opened at all, because Chaotian City was controlled by the seven top dynasties, and no power could control the entire Chaotian City.

However, after the rise of Chendi Pavilion, the Land of Hundred Chaos completely became Chendi Pavilion's subordinates, and Chaotian City Great Formation was restarted and even strengthened.

Now that the big formation is open, the people of Chaotian City are suddenly excited.

But the next moment, their faces changed, and their eyes showed dead gray.

"Hahaha, this small formation is actually called a big formation. These humans are really ants."

A leading alien demon master laughed wildly, and slapped it directly with a bang. The sky was surrounded by endless demonic energy, and the great formation of the moat shook violently, bursting into pieces in an instant, turning into dust.

The great defense formation that gathered the countless people in Chaotian City was blasted to pieces in just one shot.

That's it!

Everyone's heart sank.

"Quack, kill!"

Many powerful aliens rushed down.

"Everyone united and fought with these guys."

In the desperation of everyone, an angry roar sounded in Chaotian City, and then, roar, the roar of dragons and tigers soared into the sky, an old man stood proudly in the void, his eyes were cold, and he roared.

"It's Long Lingfeng Long Lao."

"Why is he here?"

"Why is Elder Long of Chendi Pavilion here? Hasn't Chendi Pavilion all moved away?"

The crowd was shocked and then surprised.

The visitor was Long Lingfeng from Longjiazhai, who later offended the Hall of Law Enforcement, and finally turned to Chendi Pavilion.

Now Long Lingfeng is already a pinnacle martial emperor master, he was ordered to stay in Chaotian City and be trapped here.

"Hey, it turned out to be the pinnacle martial emperor of the human race, hahaha, this body is needed."

Seeing Long Lingfeng, many powerful alien demons suddenly became ecstatic, and one of the black souls rushed towards Longling Peak in ecstasy.

This is a middle-ranked demon, who has no body to occupy at all. Now it is hard to see how a peak martial emperor is not excited.

Long Lingfeng's face changed slightly, and he hurriedly shot, booming, the terrible Wuhuang might pressure, and burst out.

"Quack, this is the attack of your human race? Too weak, obediently become the body of this seat." This strange demon clan powerhouse laughed, the black soul breath penetrated Long Lingfeng's attack and directly penetrated into Long Lingfeng. His body will devour his soul and take away his body.

[Chapter 2330: Long-term adult](#)

call!

Long Lingfeng only felt cold and swish all over, his soul was frozen, and his will could not move, as if he had fallen into boundless hell. He was full of despair. The alien demon was too terrifying. He was already the top powerhouse left in the land of a hundred dynasties. The Martial Sovereign of the eighth-tier peak was enough to run wild in the northern heaven, but in this alien demon master In front of his soul power, he even resisted

There is no room for it.

"It's over, with the strength of Elder Long, even the opponent can't resist a single move, then we..."

In Chaotian City, the ancestors of the five dynasties all looked at the sky in horror at the moment, looking dead gray.

After the entourage of the Heavenly Demon Secret Realm, Qin Chen took You Qianxue and others to leave the Land of Hundred Dynasties, and the five top dynasties in the Land of Hundred Dynasties have also been developing rapidly over the years.

Li Xuanji of the Tang Dynasty, Wu Chenshi of the Yuan Dynasty, Shang Zhou of the Dashang Dynasty, Sai Luochuan of the Longyuan Dynasty, and Pei Dongxing of the Dayong Dynasty, the ancestors of these five dynasties also broke through the realm of Emperor Wu.

At the same time, including the master of Tianji Pavilion Shangguan Lu, the master of Tianjian Sect Wan Jianyi, the master of Xuanyin Pavilion, Hua Yunfeng, and others, their cultivation bases also advanced by leaps and bounds. In addition, Qin Chen became the pill of the Northern Heaven Region Pill City, and spread the business of Chendi Pavilion throughout the four domains. The land of the Hundred Dynasties was rich in resources and immediately developed rapidly. The five great dynasties and many forces also lost the battle for the hundred. Heart of the land, united

Chendi Pavilion is a land of development for hundreds of dynasties.

Now the ancestors of several great dynasties and the overlords of several top powers have even stepped into the realm of the late eighth stage Martial Emperor.

With this cultivation base, the Land of Hundred Dynasties has become the core of the northern part of the Northern Horizon, and the many imperial powers in the northern part of the Northern Horizon are halo-ridden. The ancestors of these top forces shook their feet. Convenient will shake.

But now, when everyone saw that Long Lingfeng, whose cultivation base was still above them, could not even resist a move of these alien powerhouses, endless fear emerged in everyone's hearts.

Once Long Lingfeng died, they must be their turn next.

boom!

When the alien demon king seized the Shelong Lingfeng, the remaining alien demon masters had already focused on Shangguanlu and others, and rushed forward.

This place is really rich. There are so many Martial Emperor masters. In this barren Northern Heaven Territory, Martial Emperor's body is a good body, and it naturally provokes competition from countless strange demons.

In the eyes of many forces in the Northern Sky Region, Shangguan Lu and others are regarded as powerhouses against the sky, but in the eyes of these alien demons, they are just naked food.

"Little dust, I'm sorry, my subordinates failed to defend Chaotian City."

The horrible soul power surged, and despair appeared in Long Lingfeng's heart. Just when he felt that his soul was about to disappear, he suddenly——

"Huh, those who seize this seat in this seat, have you scums approved by this seat?" A cold snort resounded in everyone's soul, followed by a loud boom, a black one. The figure suddenly appeared in the sky, and a white bone whip flashed like lightning, and with a snap, it struck the person who was about to seize the Dragon Lingfeng.

The body of the alien demon clan demon lord slammed the demon lord away, screaming again and again. Then the white bone whip flicked and whizzed, like a phantom, slapped, knocked out the many masters of alien demons who had flew towards Shangguanlu and others. There was a terrifying soul impact on the bone whip, and some of them were taken away. The alien demons who go out bear

He couldn't help but was blasted away with a bang, and his soul flew away.

"who?"

"Who dares to touch the people of my clan."

"court death!"

The masters of the alien demon clan in the sky shouted angrily, looking gloomy at the black figure that suddenly appeared. Not only them, but Long Lingfeng and others who were lucky enough to be saved also looked up in shock and saw a handsome man standing proudly in the void, full of cold breath, holding a white bone whip. , Eyes cold

Looking at the group of alien demon masters in the sky.

"Master Yong Ye!"

Long Lingfeng was overjoyed and blurted out.

The person here is not someone else, but the master of skeleton helm-Yong Ye. When the Heaven Devourer got out of trouble, Qin Chen sent many masters to search for the Heaven Devourer. Among them, Mokara was sent to the Guyu Realm to investigate, while the Skeleton Rudder Lord was sent to the Heaven Devour Secret Realm. Lord did not find

The trace of the demon lord, but it did not leave, instead it was practicing in seclusion in this void, and it was not awakened until the previous movement.

"You guys of humanity, all retreat."

Skeleton Rudder glanced at Long Lingfeng and the others and gave a cold cry. In his eyes, Long Lingfeng and others were as weak as the ants, and couldn't help at all.

"Yes."

Long Lingfeng and the others descended one after another, looking nervously at the Skeleton Rudder Master. Although the Skeleton Rudder Master showed extremely powerful strength, there were too many opponents, so many alien demons, Master Yong Ye would be this. Human opponent?

At this moment, everyone in Chaotian City was nervous, because everyone knew that their life was completely tied to the master of Skeleton Rudder.

They were nervous, and the many alien demons in the sky were taken aback. Although the Skeleton Rudder Master was in the form of a human, he possessed the same aura as them.

How is this possible?

"You... are you also a member of my clan? Are you a demon's subordinate?"

These alien demons exclaimed, and immediately shook their heads: "No, if you are a demon's subordinate, why would you save these human races?"

"Devil, it is worthy of being an adult in this seat?"

The Skeleton Rudder snorted, but his eyes turned, staring at the alien demons in front of him, showing excitement: "So, you are under the command of the Heaven Devourer Lord, where is the Heaven Devourer Lord?"

Its task is to find the Demon Lord, how can you not get excited?

"Bold!"

"How dare you call the name of Lord Heaven Devourer Lord."

"Whoever it is, kill it, take away its body, and let it live forever and endure the suffering of the soul."

This group of alien demons felt the power of Skeleton Rudder's body, and rushed up greedily.

"Hmph, a group of people who don't even have a physical body, dare to be rampant in front of this seat, who gives you the courage." Skeleton Rudder's eyes burst into cold light, and the bone whip in his hand danced.

boom!

The whip shadows all over the sky appeared, like chains, drew like lightning at the many alien demons who rushed up, puff puff puff, under the twitch of the bone whip, these alien demons burst open and screamed. In the ashes, the smoke disappeared.

Although the alien demons are very strong, they are relative to the human warriors, and everything is because their soul power is weird. In fact, these people have been sealed for tens of thousands of years. At this moment, their aura is extremely weak, and they desperately need human blood and life to nourish them. How can they be the opponents of the skeleton rudder master who has recovered a large number of cultivation skills?
