[Chapter 2331: Demon war](#)

The skeleton rudder urged the alien demon clan's exercises, hum, and the great road glow emerged. This is a black magic energy, and a huge black rune font flashed, motivating the suppression of the atmosphere of the ancient ten thousand ways.

The bone whip waved like a avenue dancing, stunning the world.

boom!

In just an instant, hundreds of alien demons were exploded, their souls scattered, a large amount of soul aura was swallowed by Skeleton Rudder Master, and the black light on its body continued to flicker and thickened.

The skeleton rudder master is in the shape of electricity, and he enters the army of alien demons, and one person has thousands of troops, like a tiger into the flock.

kill!

It snarled, did not leave its hands alone, murderous, and its devilish energy turned into a black curtain covering the sky, cutting off the world.

Puff puff! This group of alien demons has almost no enemy of its one. Those alien demons who are only in the state of soul and have no physical bodies are naturally not the opponents of the skeleton rudder master, and those alien demons who have obtained the flesh can only get it. Is of Wu Huang level

The body is only, many are just King Wu, how can the skeleton rudder master who has recovered for so many years be compared?

Especially around Zhen Mo Ding and Qin Chen, the Skeleton Rudder's major cultivation base is advancing by leaps and bounds, and the strength of Semi-Holy is only a short distance away, and the natural strength is amazing.

It shot, and with each blow, hundreds of alien demons screamed and fell, but their soul origin was swallowed by the Skeleton Rudder Master, strengthening its own soul.

These alien demons regard humans as a great supplement, but in the eyes of the master of Skull Rudder, these alien demons are also a great supplement.

"No, go back."

In just a moment, thousands of alien demons fell, and the screams continued.

"Damn, how could this guy be so powerful?"

"Where is the master of the alien race?"

"Damn it, I'm all a foreigner, you're actually helping the human race, it's a heinous crime."

Many alien demons were furious, and joined forces to spur a soul attack, and the soul attacks went crazy into the skull rudder master's mind.

But it's useless.

The soul of Skeleton Rudder has long been consolidated, although it is a bit difficult, but it does not retreat.

"Jie Jie Jie, all become the nutrient of this seat."

The Skeleton Rudder Master was very excited. Once the soul origin of so many alien demons was swallowed, its cultivation base was very likely to increase again. By then, it would not be difficult to restore Dao Semi-Holy cultivation base.

It was even crazier, with blood red eyes and bloodthirsty rays, and it shot wildly, as if entering a man's land.

This scene naturally stunned the countless people in Chaotian City below.

This this this...

Before, it was the alien demons who were going to kill them, but in the blink of an eye, these demons skyrocketed to the sky, and the alien demons who looked like demons were being chased by the people of Chendi Pavilion. Such a method was creepy and unbelievable.

"It's the skeleton rudder master, this Yongye is the skeleton rudder master of the Blood Demon Cult."

"The foreign master who was in the mysterious realm of the heavenly devil back then was the one who was later conquered by Qin Chen."

"Why is it so scary now?"

At this moment, Shangguanlu and others finally recognized the Skeleton Rudder Master, hissed, dumbfounded.

When the Heavenly Demon Secret Realm was opened, the Skeleton Rudder master laid a trap to kill all the strong in the land of a hundred dynasties.

It was Qin Chen who turned the tide and shattered the hope of the opponent. Although the master of Skeleton Rudder was strong at the time, Dingtian was only a half-step martial emperor, but now, the strength of the master of Skeleton Rudder has far exceeded their imagination. .

In the short span of ten years, the Skeleton Rudder Master's strength has increased so much, what about Qin Chen? What have they experienced all these years?

When everyone was frightened--

"Bold, sir, who dare to kill my subordinates and seek death!"

Abruptly, an angry shout came, booming, and in the distance, a dark spear pierced the sky. This spear was like a black dragon, blasting the void through a gap, penetrating the layers of space, and instantly appeared at the skull rudder Before the Lord.

boom!

This is a long spear full of pitch black. On the spear, black runes rotate, and the atmosphere of the avenue is permeated. Under one spear, the world changes color, like the sky collapses, forming a strange black hole that swallows everything. Skeleton Rudder's gaze condensed, and the bone whip in his hand flicked and banged. The bone whip collided with the spear, and the black radiance was extremely restrained, and then exploded. The void exploded directly, splitting a long Black ditch

Hey, the terrifying space crack is like a hideous hole, swallowing everything around.

"Bone Evil Lord!"

The alien demons who survived were overjoyed and shouted.

"Huh?" The Skeleton Rudder Master looked up and saw several figures flashing in the distance. With a swish, an alien demon master with a terrifying aura suddenly appeared on the battlefield. Behind it, he followed a few figures. An extraordinary master, feel the four

After Zhou's scene, he stared at the Skeleton Rudder Master with murderous aura.

All around, the soul aura is permeated, this is the aura left by a large number of alien demons after their underlings.

They glanced at the team, and it was only a moment before they had fallen a quarter of their army. If they were later, they would have fallen by half.

Who doesn't feel bad about such a loss?

"you wanna die!"

Bone Demon Lord was furious, and the three corpse gods jumped with anger, and smoke was in the seven orifices.

This is a total of tens of thousands of alien demons souls, and it has lost a quarter of it. Once these people get the body of the human race powerhouse, they will surely form a large army, but now? So much has been lost before the battlefield, so why not be angry? It had no words, its body suddenly moved, booming, and the black magical energy rushed into the sky. Its body shape was like a flood dragon, covered with bones and spurs. On each bone spur, there was a dark luster flowing, crystal clear, that invisible magic energy, Instill in its hands

Above his spear, a dazzling black light burst out.

Hum! The void was shattered directly, like paper, easily split open, the body of this bone demon king was formed by the top martial emperor brought back from the martial domain by the sky devourer himself, plus the help of the sky devourer, bone The power of Demon Lord

After reaching the peak of Emperor Wu's realm, under this blow, the power is naturally infinite.

"Bone Evil Lord, kill it."

"Swallow its soul and let it know the fate of its soul flying away."

Countless aliens roared with murderous aura, watching this scene bloodthirstily, wishing to smash the skeleton of the skeleton rudder master.

The invisible black light swept away, and the terrifying coercion made the whole Chaotian city tremble. Many strong human races vomited blood one after another, crawling on the ground, holding their heads and shouting in pain.

"Ok?"

The Skeleton Rudder Lord also changed color, and the strength of this bone evil exceeded its expectations.

but.

It is fearless. With a cold snort, the white bone whip danced frantically, turning into layers of chains, blocking the void, strangling the black spear inside, and then violently colliding together.

[Chapter 2332: Demon Lord](#)

boom!

The two weapons collided, and the shocking coercion swept away. With a bang, many buildings in Chaotian City below could not withstand this coercion and collapsed, and many warriors burst open with a puff under this fluctuation. Come, it's gone.

"Everyone, be careful."

Long Lingfeng shouted in anger and stern, the peak of Wu Huang's power was unfolded. Under his leadership, Shangguan Lu and other Wu Huang experts took action and formed a field together, which protected Chaotian City, and then looked up in horror. go with.

In the sky, the black light flickered, and the terrifying aura and coercion were under the pressure, and a figure flew out upside down, swept by the black magic energy, extremely embarrassed.

It is the Bone Demon Lord.

"how come....."

"Bone Evil Lord defeated?"

"how is this possible?"

A group of alien demons stared with horror.

The Bone Demon Lord himself was furious, looking at the front angrily, his face was uncertain, it was defeated?

boom!

During the explosion, the Skeleton Rudder Master slayed out, and the white bone whip danced and entangled.

"Don't be mad!"

The Bone Demon Lord was furious, his devilish energy pierced the sky, and the light on the black spear in his hand was even more intense, and the black runes revealed the evil that suppressed the ages, bursting with dazzling light.

It had a word, and the black magic gun burst into the sun, and its power skyrocketed in an instant.

"It's the supreme explosive magic of Lord Heaven Devourer."

"Once this trick is used, burning the devil soul is enough to double the attack power of Lord Bone Evil, and can kill the enemy beyond the level."

"The Lord of the Devourers actually taught all such tricks to Lord Bone."

"That guy is going to be miserable now."

The alien demons were in ecstasy, and they knew everything well.

This move is a forbidden technique among the alien demon races and belongs to the master-class secret technique. Once it is performed, it will shake the world and be invincible among the same level.

The Bone Demon Lord is completely angry. Once this trick is performed, it will be seriously injured with its cultivation base, and even its soul will decline, because the power of this trick is too strong and can affect its soul origin.

But in this case, it has to be used.

Hum!

Above the black spear, the dazzling black light bloomed, and between the heaven and the earth, it seemed that a demon had descended, and the sky suddenly became gloomy, and the sky that was originally bright suddenly became dark, as if it had fallen into a demon domain.

"dead!"

Bone Demon Lord roared, burned the devil soul, and stabbed it out with a shot.

Its devilish energy surged, and the black spear pierced the void, stunning the eternal ages.

"Block!" Skeleton rudder master's face changed drastically. Under this move, it felt a strong threat. The bone demon king is a powerful upper demon king, even if it is not as good as its recovery, but once it is used Demon Lord level forbidden technique, under the skyrocketing strength, it is enough to overpower

Ride on it.

So, it danced its bone whip frantically, trying to stop the blow. But it's useless. The black spear blooms with the power to destroy everything. This gun incorporates all the power of the Bone Demon Lord, and even the devil soul is burning. The devil-level forbidden technique is not just a simple talk, it is a fierce roar. Down, the skeleton rudder

The bone whip defense was blown away at once.

call out!

The black spear was like a sharp sword, madly piercing into the body of the skeleton rudder owner, bursting out an unprecedented dazzling brilliance.

"boom!"

The terrifying black magic light instantly swallows the skeleton rudder master, like a black hole, annihilating everything.

With a single shot, the breath of Bone Demon Monarch quickly weakened. This move consumed all its strength, and only felt that there were bursts of emptiness in his body.

"Bone Evil Lord."

A group of alien demon masters flew up and asked nervously. "I'm fine, huh, fighting against this demon lord, it's still tender." The bone demon lord was murderous, staring coldly at Chaotian City below, and said grimly: "Damn it, this blow has consumed this demon lord. A lot of magic souls, even if they swallow more in a short time

The human beings can't make up for it anymore, this demon king wants to bloodbath this Chaotian city today to relieve the hatred in the heart of this demon king. "

"Kill these humans."

"Kill them."

Countless aliens roared, killing intent soaring to the sky, covering the world and turning into purgatory.

That's it!

All the people in Chaotian City looked up in horror, desperate, and even Lord Yong Ye of Chendi Pavilion had fallen. Who could save them?

"I said, this seat is not dead, you are eagerly wanting to kill, don't you take this seat too much?"

Suddenly, a grinning sound rang.

boom! The endless demonic energy dissipated, and in the darkness, the skeleton of the rudder master appeared. A big hole appeared in its chest. Its handsome face was completely destroyed. The black spear was stuck on its body, but stuck in its skeleton. Above, killed by its right hand

He was firmly in his hand.

The half of his face that was blown away by the explosion showed a sneer.

what?

How is this possible?

Including the Bone Demon Lord, all the alien demons had their eyes widened, and their eyes almost exploded.

The Bone Evil Lord used the Demon Lord-level Forbidden Technique Supreme Explosive Magic, but he failed to kill the Eternal Night Demon Lord. Could it be that they were dazzled?

"Supreme explosive magic, Jie Jie, this secret technique is a bit interesting, this seat likes it, but unfortunately, it is far away from wanting to kill this seat." The skeleton rudder drew out the black spear forcefully, bang, it's The flesh exploded, and there was only a skeleton left on the body, but above the skeleton, there was a great atmosphere, an aura that made all alien demons almost crawl down.

Out, shocking the world.

"The body of the devil!"

"You actually have the body of a devil?"

The Bone Demon Lord was shocked, and endless fear emerged in his heart. The skeleton exuding from the master of the skeleton was the aura that the devil possessed.

"Quack."

The Skeleton Rudder Lord himself is also very happy. With the help of Qin Chen, it swallowed the body of the Demon Lord in the Heavenly Demon Secret Realm. Although its strength has not been restored to much strength, its physical defense has already moved towards the body of the Demon Lord. Advance.

The previous blow of Bone Demon Lord could kill any alien demons below Semi-Holy, but it couldn't hurt it at all.

"Follow the master, there is meat to eat."

The skeleton rudder master grinned, his body suddenly burst out, and the bone whip surged and swept directly towards the bone demon king.

"No, go back."

Bone Demon Lord was full of fear, and turned around to flee here.

But how could the Skeleton Rudder Master give it a chance? The Bone Demon Lord, who was not the opponent of the Skeleton Rudder Lord, was suddenly trapped by the Skeleton Rudder Lord, and the soul and blood in his body were madly swallowed by the Skeleton Rudder Lord.

"Quack, you ruined part of this seat, just use your power to make up for it."

Bone Demon Lord screamed in pain, his body's breath continued to weaken, and finally burst with a bang, and all his power was completely swallowed by the body of the skeleton rudder master.

"Quack, the body of the demon master seems to have improved a little bit, maybe swallowed so much, this seat will one day become a real master of the demon master." Skeleton rudder master was excited.

[Chapter 2333: Dancheng killed](#)

Next, it started to kill, and even the bone demon king was not its opponent, and the remaining alien demons had no enemy of its one.

Puff puff.

A member of the alien demons was bombarded one after another. In just a moment, a large number of alien demons fell, and the rest of the alien demons were frightened and could only flee madly.

The Skeleton Rudder Master chased him all the way, until he couldn't perceive other alien demons at all, then he turned and returned.

"Tsk tusk, I can't think of this battle, the strength of this seat has increased a lot, quack, it really swallows the people of the race, is the fastest way to recover."

The Skeleton Rudder Master can feel his own power and has already crossed towards Semi-Holy. It is likely to break into the Semi-Holy realm in the near future. At that time, it will use the body of the Demon Lord to fear no semi-holy level at all. The alien demons.

After a while, Skeleton Rudder returned to Chaotian City.

"Everyone, leave this place immediately." Although the Skeleton Rudder master killed the Bone Demon Lord, he did not think he was invincible. The Heavenly Demon Secret Realm was an extremely important battlefield among the alien demons. Once the Heaven Devourer learned the news, he would May come in person. Although it is strong now, it is

For real demon masters like Heaven Devouring Demon Lords, they are still far behind, so naturally they dare not to be big.

The people of the various dynasties naturally did not dare to neglect, and under the great kindness and thanks to their respective subordinates, they left Chaotian City and hid them.

As for Long Lingfeng and the few people who stayed in the Chendi Pavilion, they retreated to the Demon Ancestral Mountain Range where the Five Kingdoms were located, and went to meet the Yaowang Yuanzhu and others who had established a base there.

After the death of Bone Demon Lord.

Above the boundless sky.

The Heaven Devouring Demon Lord who was sensing the Chaos Demon's Nest suddenly stopped and frowned.

"Master Demon Lord?" Heixue and the others looked in doubt, feeling nervous.

The Heaven Devourer turned his head abruptly, looked in the direction of the Heaven Demon Secret Realm, and said coldly: "The bones are dead."

Heixue and the others were shocked, "Master Demon Lord, Bone Evil is dead? How is this possible?"

They were all taken aback. The Bone Demon Lord is a general under the command of the Heaven Devourer Lord, and he was sent to the Heavenly Demon secret realm. It stands to reason that even the peak Martial Emperor of the Human Race may not be its opponent. How could he die? This northern horizon.

"Could it be that the demons killed them?" Black Blood and the others showed savage expressions.

When they thought about it, only the demon had the strength to kill the bone demon king.

"My lord, do you want me to wait to take revenge on Bone Evil?" Black Blood and others roared. "No, the most important thing at the moment is to find the Chaos Demon Nest first." The Sky Devourer

snorted coldly, "You immediately inform the rest of you, and you must be careful, devour the human race of the northern sky as soon as possible, and restore your strength. Enemy, don't be reckless

. I'm afraid that in the future, this Northern Heaven Region will not be peaceful anymore, and the human masters of the Martial Region will definitely come. At this stage, the preservation of strength is the highest. "

"Yes." Black Blood bowed.

"It seems that the Demon Secret Realm was a little more troublesome than I imagined that day." The Sky Devourer's eyes were gloomy, turned around, and flew towards a place again.

The aura of chaos and magic nest it perceives is vaguely in that direction.

Under the order of the Devourer, the alien demons under its command were even more frantically attacking the human forces in the northern sky.

The crisis in the Land of Hundred Dynasties was lifted, but the crisis in the Northern Heaven Region became more and more terrifying.

One by one, the emperor-level forces were destroyed one after another, and blood flowed into rivers wherever they passed, and corpses were everywhere.

The entire Northern Heaven Territory has already turned into a purgatory.

Beitianyu Dancheng.

Hum!

A series of magnificent formations were activated, and Dan City, which received the news of the rampage of the alien demons, immediately opened the great defense formation, and a series of terrible arrays rose up, wrapping the entire Dan city.

There is no way, in the North Tianyu nowadays, there are rumblings and strange demons everywhere, and no one knows which day the army of foreign demons will attack Dan City.

And it is inevitable. With the help of Qin Chenchendi Pavilion, Pill City has now become the leading power in the Northern Horizons, and even has a faint posture of the top power in the Northern Horizons. Here, the strong are like clouds, and the emperor of Wu is everywhere. , Even Wu Diqiang

All of them have appeared, and they have become the core of the Northern Heaven Region.

Such a force will definitely be targeted by the aliens.

Sure enough, on this day, the army of alien demons finally arrived.

"Jie Jie Jie, is this the Northern Heaven Region Pill City? It is known as the number one power in the Northern Heaven Region?" This team is very similar to the team of alien demons who attacked the secret realm of heavenly demons. There are tens of thousands of alien demons. , The leader is also a high-ranking demon, murderous, and there are many middle-ranking masters behind him, just because he

The strong human races who won their homes are usually ordinary Wuhuang and Wuwang, causing the aura on each body to be very mottled.

And their purpose is to control the city of Pill. Pill city is the city with the most powerhouses in the Northern Sky Region. As long as they occupy this place, their strength can be greatly improved.

"Quack, even opened the big formation, let this seat break it open."

An alien demon clan demon laughed and slapped it down. The huge palm like a mountain rumbling down crashed down on the big formation.

boom!

The entire array shook violently, and the light flickered, but it actually blocked the palm.

"what."

The alien demon king was surprised.

Originally, they thought that attacking Dan City should be a very simple matter, but after the shot, they found it was a bit tricky.

Pill City's large formation is very terrifying, it is a ninth rank, and can actually block their attacks.

And this attack also suddenly shocked countless strong men in the Dan Pavilion.

"Alien demons."

"It's the alien demons who attacked."

"Is this the alien demon people?" A group of figures flew out from the city, looking at the dark demon people above their heads in horror. Although the number of alien demon people is only tens of thousands, at least the number For Dancheng with a population of tens of millions or even hundreds of millions, it's nothing at all, but that

The team of tens of thousands of people covered the sky, and the dark magic energy turned into a sky, turning the city of Pill from day to night in an instant.

A panic spread in Pill City.

"Alien demons?"

Over the city of Pill, several magnificent figures murmured, looking at the alien demon masters outside the big array with ugly expressions, worrying in their hearts.

This leader, with gray hair and beard, was the city lord of Pill City, the main pavilion of the Northern Heaven Domain Pill Pavilion-Xuan Sheng.

And beside him, there are the masters of the Pill Pavilion's Ink Poison Old Man, each of whom is the Chendi Pavilion's masters. Back then, they were the peak martial emperor level masters, but now, all have broken through to the nine days martial emperor, in the initial peak state.

This kind of cultivation is naturally not a big deal in the Martial Domain, but in the Northern Sky Domain, it is already extremely sky-defying.

And all of this, thanks to Qin Chen, opened up the North Tianyu Dan Pavilion and Wanbao Lou's transaction, and even got in touch with Dan Pavilion's Ouyang Zhengqi and others, so that North Tianyu Dan Pavilion developed like this. fast.

"Jie Jie Jie, there is actually a master of Emperor Wu here."

Seeing Pavilion Master Xuan Sheng and the others, the many masters of alien demons in the sky, their eyes brightened.

This... but a big gain.

[Chapter 2334: Unity](#)

Ecstasy emerged in the hearts of many alien demon masters.

The Northern Heavens is too barren, and the human master they encountered along the way is the Emperor Wu, too weak for them, the masters of the alien demon race, and they are very unhappy.

After all, the higher the cultivation base of human martial artists, the more strength they will recover after they seize the house.

Especially the human masters of Emperor Wudi level have begun to nourish the power of the soul. Once such a warrior is seized, it is enough for them to lose many twists and turns in the process of recovering their strength.

Therefore, the masters of these alien demons had too much expectations for the masters of human martial emperor.

But who knows, along the way, they have not even encountered a human martial emperor, and the depression in their hearts can be imagined.

Now, in this Pill City, I suddenly saw a number of Martial Emperor masters, so why not make them ecstatic?

"Quack, human emperor martial arts, great, as long as these human emperors martial arts are swallowed, the cultivation base of this seat will be greatly restored."

"Destroy this pill city and seize these human powers."

"kill!"

A famous alien demon master roared wildly, his ferocious face was extremely excited.

Boom boom boom.

Then, they shot, madly crashing on the big formation.

Hum!

The Dancheng array trembled violently, the light of the shield of the large array resembled a disturbed lake, and the ripples of the road were constantly rippling, the entire array rumbling, as if it was about to break at any time.

The complexion of Pavilion Master Xuan Sheng suddenly changed. The aura of these alien demons was so terrible, even he felt shocked. Once Pill City is broken, the entire Dan City will be destroyed in the hands of these alien demons. There will be no livelihood.

"Everyone will follow this pavilion master to defend the big formation."

Pavilion Master Xuan Sheng released his true essence, quickly integrated into the big formation, frantically maintaining the operation of this big formation.

"Shoot!"

"Oath to coexist and die with Dancheng."

"Everyone, as soon as Pill City is broken, I will die, so what are you waiting for?"

The ink poison old man and others roared, many nine-day martial emperor masters all shot together, madly pouring their power into the big formation.

Under their encouragement, many powerful men and people with frightened faces in Pill City also showed their power one after another, and a stream of terrifying true essence quickly integrated into the big formation to maintain the operation of the big formation.

How many people are there in Dancheng?

Tens of millions or even hundreds of millions of people, although many of them have low cultivation bases, some are only sixth-order martial arts, and even fifth-order martial arts, and some civilians with lower cultivation bases.

But the power of so many people joining together is extraordinary.

boom!

The Dancheng large array glowed violently, its power soared in an instant, and it actually blocked another invasion of the alien demons.

"Huh? Interesting."

A master of the alien demon sneered.

"A few Terran Martial Emperors also want to fight against me. I have to see how long your big formation can resist."

"Brothers, let me do it."

Boom boom boom!

A master of the alien demon clan made a move, and the large array suddenly shook violently again, and the halo on it was constantly flickering, and it was about to break at any time.

There is not much time left for Dancheng!

At this time, on a high mountain in the northern sky, there are many palaces and a prosperous scene.

Here is the cross-domain formation from Beitianyu to Wuyu.

There are two ways to travel from the martial domain to the four major domains. One is to directly ride the cross-domain formation. This is the fastest. You can directly teleport to any of the lower four domains from where the martial domain is located. . Another way is to pass through the layers of void storms, and you can also travel from the lower four domains to the martial domains. However, if you want to cross the void storms, the masters below Wuhuang will undoubtedly die and will be directly torn by the void storms. Only Wuhuang The strong above

Have the opportunity to travel through the void storm. Generally speaking, there is almost no danger for Emperor Wu to pass through the void storm. As for the level of the Emperor, it depends on luck and strength. Sometimes, even the peak of Emperor Wu will fall in the void storm. Therefore, this path is taken. People extremely

rare.

As the cross-domain formation is the channel between the lower four domains and the military domain, there will naturally be strong people in charge. Under normal circumstances, they are guarded by masters sent by major mainland forces plus people from the law enforcement palace.

This has also led to the fact that the position of the cross-domain formation is often the place with the most aura in the lower four domains, and the masters who sit in it are often the Wudi strong.

Even if there is a turmoil in the Martial Domain, Misty Palace and several major forces faintly oppose each other, but in the lower four domains, this conflict is not obvious, so the cross-domain formation is still controlled by the law enforcement palace and the major forces of the human race.

But now.

The cross-domain formation of the Northern Heaven Territory was in a mess, and blood was flowing everywhere.

Thousands of masters of the alien demons have already occupied this place.

"Quack, I didn't expect that in this cross-domain formation, there is actually a human race Martial Emperor. It is really lucky that I have lost a lot of hard work."

A powerful alien from the demon race exudes a cold devilish air, his body creaks, his original handsome face immediately becomes extremely hideous and ugly, and sharp thorns emerge from it, glowing with forests. Cold gloss. "Master Luka Demon Lord, I heard that this Northern Heavenly Territory cross-domain formation is connected to the Human Race's highest land Martial Domain. In that Martial Domain, there are countless human martial masters. Go directly into the Martial Domain and seize the Martial Emperor of the She Human Race

Master, in this way, the strength of our waiting will be restored to the greatest extent, Master Luca, you can also seize a stronger human martial emperor, why not? "

An alien demon master cautiously said, it only robbed a martial emperor master, his heart was naturally a little depressed, and could not help but encourage.

Snapped! Demon Lord Luca slapped it out with a slap, his eyes were extremely cold, like a cold knife: "Do you want to die? Don't forget the command of Lord Demon Lord, I wait, I only need to occupy this northern heaven. As for the cultivation base, as long as Lord Demon Lord can

Finding my clan's holy relics and wanting to restore nature is no problem, why go to that Martial Domain? In that martial arts domain, the human race is strong, if it is so easy to occupy, then the demon and others will not hide for so long. "

"Yes, the villain deserves death."

The alien demon master trembling, lowered his head.

"My lord, since there are so many masters in the Martial Domain, why don't I destroy this cross-domain formation? Once this great formation is destroyed, it will be difficult for the human masters in the Martial Domain to enter this northern heaven. ." Another Demon master reminded. "Do you destroy it, let me see? This cross-domain formation was set up by the strong in the ancient human race. It is a holy formation. Trying to destroy it will be backlashed by the formation. Before regaining its full strength, there is no way to destroy this

Dazhen, you have the ability to destroy it for me to see. "Luka Demon Lord said with a disdain, cold snort.

[Chapter 2335: Come out to eat](#)

"Yes, the subordinates are naive." The alien demon master was depressed, and the Saint-level array was indeed not what they could destroy now.

"Well, everyone rests for a while, and immediately leave with this seat, and go to the next human territory." Luka Demon Lord rose up into the sky, shouting coldly.

call!

Blockbuster alien demons lift off.

Just when this group of alien demons masters was about to leave.

Hum!

The large cross-domain teleportation array below suddenly lit up, and the dazzling Huaguang filled the eyes, alarming the alien masters present.

"Hey, the cross-domain formation is open."

"Could it be that a master of human race came from the Martial Domain?"

"Quack, this is good news."

The eyes of all the alien demons on the field are bright, and the human masters from the Martial Domain must at least be Nine Heavens Martial Emperor.

For a moment, all the masters of the alien demon clan stared at the cross-domain formation below, extremely excited and expectant.

Huh!

The burst of light fell, and under the eyes of many masters of the alien demon race, two figures suddenly appeared in this space.

One of them was a young man, who looked about thirty years old, with sharp-eyed eyes and extraordinary momentum.

By his side, there was a middle-aged man who was slightly old, his breath surged like a vast ocean, which made many strange demons masters who were present felt a little shocked.

But after the panic, ecstasy emerged again.

This is definitely the top martial artist in the human race.

Who doesn't want such a body?

"Haha, these two celebrity masters belong to me."

"Quack, whoever can get it is the one."

"kill!"

boom!

In an instant, dozens of powerful alien demon races rushed down. The spirits of these alien demon races were so powerful that they were all masters at the level of demon kings, with a look of excitement and ecstasy, greedily looking at the two below. Figure.

The rest of the powerful alien demon races are very depressed, especially the several alien demon monarchs who had previously seized the guard of the Nine Heavens Martial Emperor of the cross-domain formation, they were speechless.

The two powerhouses who came from across the domain were obviously much better than the Emperor Wu who had won the house before. Why didn't they have such a good opportunity?

"Finally to the North Sky Territory."

In the cross-domain formation, Qin Chen sighed lightly and sighed with emotion.

These two are not others, it is Qin Chen and Mo Yuanbai who rushed to the North Tianyu from Tianlei City.

However, before Qin Chen could breathe a sigh of relief, he felt a terrifying aura surging from above his head, and when he raised his head, he saw dozens of dark shadows rushing in, and his aura surged to the sky.

And after these dozens of combined black shadows, a group of black shadows stood up, all exuding a cold atmosphere, and it was a powerful person of the famous alien race.

"Is the North Sky Territory already in such a crisis?"

Qin Chen was taken aback.

This is a cross-domain teleportation formation, which can be regarded as the most core place in the northern sky domain, but it has already fallen?

At this moment, Qin Chen's heart suddenly sank.

It's just that he doesn't have time to think too much now, because those dozens of black shadows, like evil eagles rushing to eat, have already come to his head.

Each of these dozens of auras is extremely strong, and its origins are extremely powerful. Obviously, they are all outstanding in the alien demon race, at least they are also masters of the demon king level.

"Master, be careful."

Mo Yuanbai hurriedly stepped forward and stood in front of Qin Chen.

So many masters of the alien demon race, at first glance, even with his cultivation base, his complexion changed slightly.

"Quack, human kid, you still want to resist, let me die."

With a grin, an alien demon king rushed directly to Mo Yuanbai.

"Humph."

Mo Yuanbai coldly snorted, the soul of a strange demon race, dare to be rampant in front of Master?

"dead!"

Mo Yuanbai shouted sharply and punched out. Suddenly, a terrifying killing intent rushed out of his palm, and the fire of Liyang emerged in his palm, exploding with a scorching breath. Above that dark shadow.

With a bang, the dark shadow was directly exploded, and in the screams, it turned into ashes, and its soul was scattered.

With a punch, the soul of a middle-ranked demon was directly exploded.

This is natural.

Mo Yuanbai was a semi-sage master. If he were a middle-ranked demon in his heyday, he would naturally not be an opponent, but the opponent was just a weak soul that had been sealed for tens of thousands of years, so it would be no problem.

Mo Yuanbai's punch frightened the remaining dozens of middle-ranking demon monarchs of the alien demon race. Their complexions changed drastically, and they stopped frantically and looked at Mo Yuanbai in amazement. "What kind of cultivation is this human Emperor Wu? One punch exploded Gulas, and the aura on his body gave me a feeling of palpitations. How could this be possible!" Many alien demons were shocked. In the soul state but

They are all masters of the Demon Lord level, even if they are the peak martial masters of mankind, don't even think that they can explode with one punch.

But just...

All the alien demons, including Demon Lord Luca above their heads, changed their expressions.

They all felt uncomfortable with people.

"It seems that the current situation of Beitianyu is not very optimistic."

Qin Chen slowly walked out of the big formation, looking at the group of masters of the alien demon in the sky, with worry in his eyes.

What he is worried about is not himself, but...Pill City and other forces where Chendi Pavilion is located.

"Who are you guys?"

call! Dozens of alien demon monarchs seem to know that Qin Chen and others are not easy to provoke, and they scattered one by one, surrounding Qin Chen and Mo Yuanbai, while the demon Lord Luca in the sky squinted his eyes with countless eyes. The strong alien of the demon fell, his eyes were cold and said

.

It can feel the horror of Mo Yuanbai, this is a strong man who can threaten it, and it has to be careful.

Qin Chen raised his head and did not answer the other party. Instead, he said, "Are you the demon's subordinates or the demon Lord's subordinates?"

"What, how do you know the name of Lord Demon..."

Luca and other powerful strangers from the Demon Race changed their colors one after another, one by one, Qin Chen was able to say the name of the Demon Lord, which shocked them greatly.

Qin Chen knew instantly, "In that case, you are the subordinates of the Heaven Devouring Demon Lord. It seems that the Heaven Devouring Demon Lord has almost adapted to this piece of heaven and earth."

Qin Chen's heart sank slightly, compared to the devil, it was obviously more terrifying than the Demon Lord.

"Pretending to be gods and tricking ghosts." Luka Demon Lord shouted angrily, and suddenly there was a monstrous devilish energy on his body, booming, beside him, many masters of the alien demon race also bloomed with terrible aura, staring coldly at Qin Chen.

Both sides know that a big battle is inevitable.

"Master, these dregs of alien demon races, hand it over to the disciples." Mo Yuanbai's eyes sank and said coldly.

"You don't need to act." Who knows Qin Chen stretched out his hand and pushed him away, then faintly said to the void: "Lao Yuan, don't sleep, come out to eat."

[Chapter 2336: Qin Chen arrived](#)

Accompanied by Qin Chen's voice fell.

boom!

A terrifying source aura suddenly burst out of Qin Chen, and then a huge red phantom monster appeared above Qin Chen's head. The monster was hundreds of feet high and exuded a violent aura.

It is the old source. Although the current Lao Yuan cannot fully appear in the Tianwu Continent, after such a long period of nourishment, it has not only recovered a lot of cultivation base, but also improved its endurance of this world. It can already display its special incarnation to appear in the world. Of

between.

"Kid Qin Chen, then I'm not welcome."

Lao Yuan shouted loudly, with excitement in his voice, his huge eyes fiery staring at the many powerful alien demons and dark shadows around him, as if he had seen delicious food.

"Yuan... Yuan Beast!"

All the masters of alien demon races, including Demon Lord Luca, were all frightened.

They actually saw the source beast, how could this be?

But before they could react, Lao Yuan rushed out.

"Roar!"

Lao Yuan opened his mouth wide, aiming at the many alien demon masters in front of him like a black hole, and inhaled suddenly, the terrifying source beast aura swept wildly, enveloping countless alien demon shadows in front of him.

"what!"

Only heard the screams, most of the alien demons on the field are not even the demon king, but the level of the demon, thousands of alien demons can not resist the power of Lao Yuan's devouring power, and they are swallowed by Lao Yuan. In the belly.

Quack quack.

Lao Yuan chewed up and down, showing a satisfied look.

It's so cool.

Thousands of powerful alien demon races were absorbed by it, and it could feel that its life aura increased at a speed visible to the naked eye, and it really swallowed alien demon race people much faster than it recovered through cultivation.

"Go, go quickly."

Lao Yuan swallowed thousands of alien demon generals in one bite, leaving the remaining demon masters with a look of horror, no resistance, and under the leadership of Luka Demon Lord, they would flee here crazy.

"It's all here, why bother to leave in such a hurry?"

Lao Yuan rushed out all of a sudden, slaughtered, puff puff, those alien demon monarchs who hadn't won the body yet were in its eyes, it was purely like a tonic, without the ability to resist at all, in an instant it was swallowed.

Only the alien demon monarchs, such as Luca, who had already robbed their bodies, could not directly swallow them, but under the attack of Lao Yuan, they burst into pieces, screaming and being swallowed by Lao Yuan one by one.

Even the Demon Lord Luca, under Lao Yuan's claw, was dripping with blood and almost fell.

"Devil Soul Dafa!"

At the moment of crisis, Demon Luca's face was full of fear, and with a roar, the magic light surged in his body, trying to escape into the void.

"The Claws of One World!"

boom! Lao Yuan protruded his palm, and this void was covered by it. The Luka Demon Lord was in the void and was directly imprisoned, unable to move. Then Lao Yuan's claws fell severely, puff, this Luka Demon Lord's body instantly burst into pieces, turning into a black

His soul was taken into the hands of Lao Yuan.

"Lao Yuan, don't rush to kill it, let Ben Shao come and search for the soul."

Qin Chen flew over and directly searched for Luca's soul and inquired about the situation.

Demon Lord Luca showed horror, but under Qin Chen's soul search, he had no resistance.

Hum!

After a while, Qin Chen stopped searching for his soul, his face was already pale.

"No, Dan City is in danger."

His face was frightened.

From the memory of Luka Demon Lord, Qin Chen had already understood the purpose of the alien demons under the command of the Heaven Devouring Demon Lord. They were frantically attacking the major forces of the Northern Heaven Territory Human Race, taking away the strong humans and restoring their strength.

The stronger the force, the easier it is to be attacked by alien demons.

Such as the location of this cross-domain formation is their purpose, and they launched an offensive in the first place, and besides the location of this cross-domain formation, Dan City is obviously also in the first sequence.

And now that this large cross-domain formation has been captured, it is very likely that Pill City is also being attacked by alien demons, even...

"Mo Yuanbai, open the space channel and head to Pill City!"

Qin Chen immediately carved the spatial coordinates of Pill City in the void, and said anxiously to Mo Yuanbai.

"Yes, Master."

Mo Yuanbai also knew the urgency of the matter, and immediately urged the heavens and the world. Suddenly, the void in front of him rippled with waves, and the void seemed to be folded, and a void appeared. This is exactly the one who rushed to Pill City. Space channel.

Putting away Lao Yuan, Qin Chen and Mo Yuanbai's figures flashed, and they plunged directly into the space channel, disappearing suddenly.

And when Qin Chen rushed to Pill City frantically.

At this moment, Dancheng has reached the most critical moment.

Boom boom boom!

Under the crazy attack of the alien demon race, the big formation of Pill City was shaking constantly, and many cracks appeared on it, and the constant tremor might burst at any time.

Below the big formation, the Master Xuan Sheng and others turned pale, and even the corners of their mouths overflowed with blood, but they still insisted on it, not letting it go.

Because they all know that once the battle is broken, none of them can survive.

Looking from the sky at this moment, you can see that in Pill City, every warrior is making a full shot, his eyes are firm, and his teeth are gritted, even if the last trace of strength is exhausted, he must hold on.

boom!

A warrior fell, this is a Wuzong, the true essence in his body was exhausted, and he passed out in a coma.

Along with the fall of the first warrior, a famous warrior fell one after another, first Wuzong, then Wuzun, and even Wuwang strong.

Pavilion Master Xuan Sheng had already taken out all the pills in Pill City and issued them down, but it was useless. In order to maintain the big formation, everyone was madly overdrawing the power in the body.

With the fall of a famous warrior, Pill City's great formation became more and more unable to hold on.

Xuan Sheng's face was dead gray, he knew that everyone had reached the end of the crossbow, let alone those ordinary warriors, even his nine-day martial emperor, the power in his body was almost exhausted.

"Is it going to fall here after all?"

Xuan Sheng looked at this city, this was the Pill City he had developed, and he had too much emotion towards this city.

In fact, with his strength, he could have gone to the Martial Region long ago, but he did not do so. For the sake of Pill City, for the development of Chendi Pavilion, he stayed in the Northern Heaven Region.

Today, he is finally dying.

But what he couldn't bear was not his life, but the city he had developed so hard.

"Crack!"

A crisp cracking sound rang, and a crack suddenly cracked above the large formation of Pill City. This crack was like a fuse, letting the power of the alien demon be vented.

next moment.

boom!

The entire Dancheng formation exploded in a blast, and all the people in the Dancheng, like naked lambs, were exposed to the eyes of the alien demons.

"kill!"

Many masters of the alien demon clan showed hideous expressions and roared down. Among them, the leading demon master directly rushed to Xuan Sheng to seize She Xuan Sheng's body.

Seeing that the master of the demon king was about to seize Pavilion Master Xuan Sheng, abruptly, in the distance, a void wormhole suddenly opened, and then, a terrifying attack surged out of the wormhole, directly blasting at the alien. On the demon master. With a puff, the master of the demon directly exploded, and instantly disappeared.

[Chapter 2337: Shengzi is back](#)

who?

This sudden scene stunned everyone. Almost everyone turned their heads and looked at the distant void, with different expressions in their eyes.

Who dares to make a move at this time?

Especially the masters of the alien demon race, each turned their heads, looking at the empty place in anger, their masters of the alien demon race are killing people here, and someone dares to stop it, is it bored?

But Xuan Sheng and others raised their heads excitedly, their bodies trembling.

At this moment, the whole Pill City fell into silence, everyone raised their heads, and the longing in their eyes was like a divine rainbow, with endless hope.

Can live, who wants to die? Can be born, who wants to fall?

Under the gaze of everyone, two terrifying figures appeared in the black hole. Boom, these are two powerhouses like gods. They walked out of the hole and stared indifferently at the city of Pill in front of them. The master of alien demons.

These two people were Qin Chen and Mo Yuanbai who came crazy.

"Finally, arrived."

Seeing the scene in front of him, Qin Chen heaved a long sigh of relief, and his body also became weak.

In order to get to Pill City as soon as possible, he almost tried his best, the true essence in his body was seriously exhausted, and even the meridians were painful.

But when he saw that he finally arrived, the joy covered everything.

"You...you are..."

"Master Saint Son!"

"It's less dust!"

"Pavilion Master Chen is here."

In Pill City, an astonishing noise rang out, and everyone looked at Qin Chen dumbfounded, with excitement and shock in their eyes.

Xuan Sheng and the others also looked at Qin Chen with excitement, their eyes suddenly moistened, it turned out to be Qin Chen, and they couldn't believe it when they were killed. This appeared at a critical moment and it turned out to be Qin Chen who saved them. The news of Qin Chen's fall in the ancient Yu realm spread throughout the entire Northern Heavens. For some reason, after Qin Chen came out, he did not spread the news. Later, Qin Chen's identity in the Holy Land of Blood was exposed. After coming, the entire martial arts

It is spreading, but after all, the time is not long. Although a lot of news spread in the Martial Domain, it has not been transmitted to the Northern Heaven Domain.

This also led to the fact that, except for a very small number of people, the vast majority of people in Pill City didn't know what Qin Chen had done in the Martial Domain. How could he not be shocked when he saw Qin Chen now.

"Everyone, I'm sorry, I'm late."

Seeing those excited and hopeful gazes, Qin Chen's heart was moved.

In this pill city, he spent an unforgettable time, if it were not for the help of Pavilion Master Xuan Sheng, he would not have been able to participate in the Four Regions Pill Dao Competition, let alone enter the Martial Region so easily.

He will never allow anyone to destroy this beauty.

"You all deserve to die."

Qin Chen turned his head, staring coldly at the masters of the alien demon in the sky, and said word by word.

boom!

A sky-reaching killing intent rushed out of Qin Chen, as if it were substantive, brilliant and magnificent, and the monstrous demon energy formed by the condensing of the alien demon race was washed away and penetrated through the hole.

"Where is the Human Race kid, so murderous."

This killing intent was so strong that all the alien demons present were shocked and shocked. But immediately, the eyes of these alien demons became savage. They admitted that Qin Chen's aura was extraordinary, but there were only two people, even the peak Martial Emperor of the human race, under the attack of so many alien demons. , Also difficult

Run away to death.

"Quack, this human being has such a big tone."

"I don't know how high the sky is."

"If you dare to kill the people of our clan, you should start with both of them first."

"Kill them and take away their bodies. Now we can make a lot of money."

Many masters of alien demons laughed grinningly, with ecstasy on their faces, but the previous masters of alien demons led by Luka Demon Lord, these lawless alien masters were shocked, only ecstasy emerged.

In their eyes, the human race is the prey. No matter how cruel the prey is, it will only be killed by the hunter in the end. And that hunter is afraid of the prey?

"Quack!"

"kill!"

In the next moment, countless alien demon people rushed towards Qin Chen one after another, these alien demon people burst out with black demon energy, opened their hideous mouths, and bursts of soul power surged out straight towards Qin Chen.

It's like a pack of wolves fighting for food, and no one wants to fall behind.

"Less dust, be careful!"

Below, countless exclamations came from Pill City.

"Master."

Mo Yuanbai's figure shook, and he was about to rush forward to take a shot, but Qin Chen raised his hand to stop him.

"give it to me."

Qin Chen's eyes were cold and he spoke coldly, his killing intent was fierce and buzzing, and an ancient sword appeared in his hand, which was the Heavenly Thunder Sword, and he slew the many alien demons like lightning.

Many alien demons even dared to rush up when Qin Chen saw Qin Chen, all of them sneered and sneered inwardly. This kid even dared to do it, really looking for death.

Ho Ho Ho!

They yelled frantically and rushed towards Qin Chen.

Just when they were about to touch Qin Chen, Qin Chen suddenly shot, and suddenly released a terrifying force.

Empty Thunder Sword Domain!

boom!

The sky and the earth were submerged by the blazing thunder, the whole world turned into an ocean of thunder in an instant, and the endless divine light bloomed. This area seemed to be exploded by billions of thunder and turned into an ocean of thunder and lightning. All trembling.

In the thunder sea, Qin Chen is like the **** of thunder, holding the sky thunder sword, bursting with billions of divine light, densely packed sword aura and thunder light, spit out like a billion-dollar sword.

"what!"

In front, many alien demons all screamed in horror. Under this thunder light, the light of the soul flickered, and the magic light was melting and annihilated. The power of the thunder bloodline on Qin Chen's body is a terrifying force that even the strong of the deep demon race can suppress. It could not be simpler to target the masters of these foreign demon races. Under the blazing thunder light, these foreign demon race people screamed. They exploded one by one,

Turned into the purest alien soul power, absorbed by Lao Yuan.

At the same time, Lao Yuan's body also has terrible source power and soul power feeding back, turning it into the purest soul source power, strengthening Qin Chen's soul power.

As the source beast, the old source can purify the souls of alien demons and turn them into soul power that humans can absorb.

"Kid Qin Chen, really don't need me to do it?"

In the jade disc of good fortune in the universe, Lao Yuan swallowed the power of these alien demons and spoke.

It didn't even make a move, so many alien demons swallowed it, and I felt a little embarrassed.

"No, these dregs of alien demon races will be handed over to me to kill." Qin Chen's eyes were cold, his killing intent filled, and the thunder light continued to wipe out the souls of dozens of alien demon kings. Boom, Tian Lei The sword fell, the thunder light skyrocketed, as if it turned into a sea of thunder, even if it was a master of the demon race, it was difficult.

To resist.

Puff puff puff... In the blink of an eye, the dozens of powerful alien demons who pounced on Qin Chen all fell, and none of them survived.

[Chapter 2338: This senior is](#)

"kill!"

Qin Chen drank coldly and rose into the sky, like a **** of death, rushing to the sky that nearly ten thousand different demons master.

He wants to kill.

"court death."

"Kill him this arrogant human."

"Kill him."

Boom boom boom!

Countless strange demons were furious and rushed down one after another, looking fierce.

"Huh, it's good to be here, the province's Ben Shao killed himself." Qin Chen narrowed his eyes and drank coldly.

boom!

Thunder light surged, and he was like a Thunder God, rushing into the army of alien demons.

Rumble!

Rays of thunder light fell, and every thunder light annihilated an alien demon general. Moreover, in the thunder light, there was a terrifying sword intent, and there was a suffocating space power to block the world and imprison all the alien demon. people.

Suddenly, some alien demons with weaker cultivation bases could not move, their souls seemed to be frozen, they were imprisoned, immovable, and they looked terrified.

Then, the terrifying thunder light fell, inextricably linked, as if the gods were punishing.

Boom boom boom!

The thunder light with the thickness of the arm fell down, and each path contained the ultimate power, and this was not simply the power of thunder. Around the thunder light, the sword aura was permeated, and the sword aura contained the will to destroy, which was terrible.

"what!"

On the spot, a master of alien demons exploded, and under the light of thunder, the vague soul exploded directly, and the bones disappeared, turning into ashes and dissipating.

This is not one place, but there are scenes like this everywhere. Under the dense thunder light, a large number of alien demons die one after another. The scene is too miserable.

These alien demons originally saw Qin Chen kill alone, showing disdain and anger, but at this moment, they were all screaming, their bodies exploded and disappeared. Qin Chen is like the same **** of death. The alien demons on the harvesting field face some powerful aliens who cannot be harvested by the power of thunder. Qin Chen's figure flashes, swinging the sky thunder sword, every sword falling down, there must be a miserable alien

Called Fallen.

This scene was too scary, extremely frightening and weird, even the people of Dan City below looked at it.

"Boy, you...Stop!" The leaders of several alien demon masters were furious. They were all master demon masters. Moreover, they robbed the body of the human masters and restored a certain level of cultivation, so they could barely resist Qin Chen. 'S offense. Seeing this scene at this moment, I was suddenly frightened and angry.

In, one by one crazy.

"court death!"

Qin Chen's eyes were cold and he killed him, and the sky thunder sword in his hand shone with thunder, and immediately, one by one runes appeared, like the ancient thunder **** resurrecting from the sword body, blooming with scorching light.

puff!

It was as if a hot knife cut into the tofu, and the master of the alien demon directly exploded, and was melted into nothingness under the light of thunder.

"what?"

"Tongtian Demon Fist!"

An alien demon monarch roared with a hideous face, his pupils were like bull's eyes, his body was full of devilish energy, and he fisted.

"dead!"

Qin Chen snorted coldly, avoiding the opponent's attack, with his hands like electricity, directly inserted into the opponent's body, and tore in half with a chuckle, his broken body was strangled into nothingness in the thunder light.

"Kill, kill, kill!"

Qin Chen's brutal methods activated the ferocity of these alien demons, and the remaining few roared and killed them.

Because they knew that if they didn't kill Qin Chen, they couldn't live at all.

But it was useless. In front of Qin Chen, they had no resistance at all. A famous demon king was beheaded by Qin Chen, a large amount of original demon energy was swallowed by Lao Yuan, and then a trace of soul power poured into Qin Chen's mind.

Vaguely, Qin Chen felt that there was a slight change between heaven and earth, and a road leading to the sky seemed to appear before his eyes.

"This is... the way of heaven?"

Qin Chen was startled, but he blinked, and when he recovered, the change disappeared.

Was that an illusion just now?

Qin Chen frowned. At this moment, the last alien demon race showed horror. He didn't dare to fight Qin Chen again. He was about to flee here after shaking his body.

dead!

The sword light flashed, and Qin Chen slashed out with a sword. The alien demon's face was frightened, and his body split directly, turning into ashes with a bang.

The endless devilish energy was absorbed by Lao Yuan, Qin Chen narrowed the thunder sword domain, and the sky of Pill City was once again bright, the clear sky was as clean as the blue waves.

Everyone in Dancheng stared at Qin Chen standing proudly in the sky, and in just a moment, all the alien demons fell. Such a scene shocked everyone with their mouths open and stunned.

After slaying tens of thousands of alien demons, Qin Chen's anger eased a little, and his figure flickered, and he came directly in front of Pavilion Master Xuan Sheng.

"Qin Chen, I have seen Pavilion Master Xuan Sheng."

Qin Chen respectfully bowed.

"No, little dust, how can you let the old man do like this."

Pavilion Master Xuan Sheng was in a hurry. Qin Chen is the pavilion owner of the Chendi Pavilion. Although he was favored by him at the beginning, Xuan Sheng knew that Qin Chen had already surpassed him in terms of status, and he could not stand such a big gift, let alone Qin Chen before. Also saved the entire Dan Pavilion, suddenly

Hastily returned the gift.

"Pavilion Master Xuansheng, Dancheng, are you okay?"

Qin Chen glanced at Pill City and asked.

"It's okay, Pill City is okay, thanks to Little Chen you arrived in time, otherwise..."

Pavilion Master Xuan Sheng had a lingering fear, and at this time, the old ink poison old man and others also came one after another, the first thing was to salute Qin Chen.

"Thank you for being less dusty and generous."

Below, the entire Dancheng warrior knelt down, grateful, and this feeling of coming back to life from the edge of death made everyone feel like they were left behind.

They looked up at Qin Chen, Qin Chen at this moment in their minds, like a god, supreme.

"You are exempt from gifts, I promise you, as long as you are there, you will never suffer any harm."

Qin Chen's roar spread throughout the corner of the Dan Pavilion, his eyes cold and sharp.

After that, Qin Chen, the master of Pavilion Xuan Sheng and others returned to the Pill Pavilion in the center of Pill City.

In the hall, everyone was seated, and a cup of fragrant tea was brought up, the aroma filled.

"Xuan Sheng, you are doing a good job. I can't think of an ordinary Eighth Stage Medicine Emperor who can manage such a situation in the North Tianyu. Xuan Sheng, you have worked hard."

Mo Yuanbai's divine sense swept across the entire Pill City, feeling extremely emotional.

Although this city came from the most remote Northern Heaven Region, it gave Mo Yuanbai the feeling that it was stronger than the Pill City in the other three regions of the mainland, which made him extremely satisfied.

"Little dust, this senior is..."

Xuan Sheng was curious, and hurriedly asked. Mo Yuanbai felt like Wang Shenyuan, he couldn't see through it at all, so he naturally made him respectful.

"Old man Mo Yuanbai." Mo Yuanbai smiled.

"Mo Yuanbai?"

Xuan Sheng was taken aback, how did this name feel so familiar? It's no wonder Xuan Sheng and the others can't think of it. It's really because Xuan Sheng's status is too low. The master of the Northern Heaven Domain Pill Pavilion. Domain is nothing, naturally not

Will be too familiar with Mo Yuanbai's name.

"Your Excellency can be regarded as a member of the Pill Pavilion, why, you don't even know the current Pill Pavilion Master?" Mo Yuan smiled.

[Chapter 2339: Martial arts](#)

Lord Dan Pavilion?

Xuan Sheng was suddenly excited.

He finally remembered why this name is so familiar, Mo Yuanbai, isn't this the name of the current chief alchemist?

"Subordinates pay homage to Lord Pavilion Lord."

Xuan Sheng jumped up instantly and hurriedly saluted.

The ink poison old man and the others were also dumbfounded, and one by one came forward and bowed.

by.

Lord Dan Pavilion.

In the minds of Xuan Sheng and the others, it was equivalent to a godlike existence. Young Chen could actually have a relationship with Pavilion Master Mo Yuan Bai, this...too heavenly.

At this moment, Xuan Sheng and others were so excited that they couldn't express it in words.

"Okay, Mo Yuanbai, business matters."

Qin Chen said silently, at this time Mo Yuanbai was still elegant and leisurely.

"Yes, less dust." Mo Yuan smiled whitely: "You all get up."

He raised his hand, and an invisible force was born, supporting Xuan Sheng and others one after another.

"Less dust?"

Xuan Sheng and the others looked at Qin Chen in amazement, what's going on? Even the owner of Dan Pavilion would call Qin Chen Xiao Chen.

Suddenly, Xuan Sheng and the others weren't enough of their brains, they just kept sucking in the air-conditioning, their expressions stunned.

And Qin Chen didn't waste any time. He immediately asked Xuan Sheng about the Northern Horizons. Soon, Qin Chen knew everything that happened in the Northern Horizons. Now the entire Northern Heaven Territory is full of wars. The army under the Lord of the Devouring Demon, and the powerful human races in the Northern Heaven Territory madly robbed the Northern Heaven Territory. As a result, many imperial powers in the Northern Heaven Territory have been destroyed. The entire Northern Heaven Territory has been completely plunged In the midst of war

. However, apart from this, Xuan Sheng and others have no other news, because today's Northern Heaven Region, the major forces have cut off contact with each other. Wherever the alien demons go, there will be corpses everywhere. Few people can survive, this also leads

As a result, the efficiency of message delivery is not high.

"In that case, where is the leader of the alien demon race, you don't know?"

Qin Chen looked at Xuan Sheng, and his heart sank.

Compared with these ordinary aliens wantonly killing and taking homes, Qin Chen is more worried about the Chaos Devil's Nest. Once the Sky Devourer gets the Chaos Devil's Nest, then the world is probably really dangerous.

"I really don't know."

Pavilion Master Xuan Sheng smiled bitterly.

"Is there any news coming from the land of a hundred dynasties?"

Qin Chen asked again.

If the Chaos Devil's Nest really descends in the Northern Heaven Territory, because of the existence of the Heavenly Demon Secret Realm, then the Land of Hundred Dynasties is most likely one of the main destinations.

"not yet."

Pavilion Master Xuan Sheng shook his head, but just as his voice fell, the ink poison elder on the side hurried forward: "Pavilion Master Xuan Sheng, there was news from the Land of Hundred Dynasties, but it was too busy before, so it has not been submitted. "

"Take a look."

Qin Chen said immediately that what he is worried about now naturally has a hundred dynasties.

Mo poison old man quickly took the jade slip for transmission and handed it to Qin Chen.

Qin Chen's mental strength swept away, and his eyes suddenly showed joy.

This news was delivered by the Skeleton Rudder Master, which carefully described what happened in the Land of Hundred Dynasties.

"It's really lucky. I didn't expect that Yong Ye was sent to this place of hundreds of dynasties. It was originally to find out about the news of the Devouring Demon Lord. I didn't expect to save the land of hundreds of dynasties by mistake."

Since the land of Hundred Dynasties is fine, Qin Chen's heart has been completely let go.

Moreover, in the transmission, the Skeleton Rudder Master also said that it has taken the people of the Chendi Pavilion into the Demon Ancestral Mountain Range, guarding the land of the Five Kingdoms, and will never let the people of the alien demons go wild in the land of the Five Kingdoms.

With the strength of the Skeleton Rudder Lord, as long as you don't encounter the Sky Devourer, it should be no problem to protect the little land of the Five Kingdoms.

"Since the Heaven Devourer is not in the Heaven Demon Secret Realm, then the greatest possibility is that he is in Gunan Capital."

Qin Chen's eyes narrowed.

In the entire Northern Heaven Territory, he was most suspicious of the Heavenly Demon Secret Realm and Ancient Southern Capital, and now that the Heavenly Demon Secret Realm is not there, then Ancient Southern Capital is currently the most doubtful place.

Of course, the Black Death Swamp and other places are also possible, and even in other places in the Land of Hundred Dynasties, there are secret realms of alien demons, but in Qin Chen's view, none of these places is questionable as Gunan.

"Go to Ancient Southern Capital."

Qin Chen stood up suddenly and made a decision.

Next, Qin Chen spent half a day's effort to reinforce the large formation of Pill City, and did not spend a lot of materials to lay down several large formations of the 9th-order peak.

In order to protect Pill City, he didn't save a bit of materials, and all kinds of top materials were arranged one after another, and this was relieved.

With this great formation, as long as it was not for the Heaven Devouring Demon Lord's personal visit, even if it was another high-ranking demon coming, Dancheng could persist for ten and a half months, and with such a long time, it was enough for Qin Chen to come back and rescue. After setting up the formation, Qin Chen and Mo Yuanbai immediately rushed to the ancient southern capital. He was not too anxious, because after the bloodline holy land, Qin Chen had already sent black slaves and ancient veterans to go, with the strength of the ancient veterans, Once Gunan is abnormal

, Will definitely be sent back as soon as possible.

And when the Northern Heaven Territory suffered a great chaos from the alien race.

In the Martial Domain, deep in the Misty Palace.

Here is a cold magic pond. Around the magic pond, there are stone steles. Around the stone steles, a master of the alien demon race with a cold breath on his body is practicing with his eyes closed.

The masters of these alien demons are the Yemoshi and others who guard the Misty Palace.

Although Yemosh and others were retreating in the Misty Palace, they naturally received news from the Northern Heavens, but they would naturally not act rashly before the demon and others ordered.

And on this day, the message jade slips on them finally lit up.

"My lord has come to order."

Yemoshi picked up the jade slip, swept his divine sense, and his eyes suddenly showed shock.

"Yemoshi, what did Master Demon say?"

Other masters of alien demon race looked over.

There was excitement, excitement and trembling on Yemosh's face: "My lord said, the extinction plan, start!"

"Extinction plan?"

The eyes of the surrounding alien demon masters suddenly brightened, and there was excitement and hideousness in their pupils.

Whoosh whoosh!

A group of black shadows quickly stood in front of the stone steles around the magic pond.

"So, let's get started!"

These alien demon masters shot at the same time, severely smashing the stone monument in front of them.

Rumble!

The magic pond in the middle of the stone stele suddenly surging, and in a short time, a soaring magical energy surged from the Misty Palace, dyeing the entire Misty Palace sky black.

At the same time, some of the hidden places in Wuyu Sanzhongtian suddenly had devilish energy rising into the sky, connecting with Yuntian.

Boom boom boom!

The entire Martial Domain seemed to be trembling, and from that secret place, a master of the terrifying alien demon race soared into the sky.

"Quack, he has been sleeping for hundreds of years, and finally he can kill. The soldiers obeyed the order to exterminate all the human races in this martial domain, not one left."

A famous alien demon master roared up to the sky, carrying countless alien monsters resentful souls, attacking everywhere.

The aura of the masters of these alien demon races is far more terrifying than the aura of the demon lord beside the demon master. Obviously, they have been practicing hard here for many years, and their devilish energy is overwhelming and murderous.

Wuyu disaster. it has started!

[Chapter 2340: Liyuecheng](#)

Wuyu!

Liyue City.

This is an ancient city with a history of thousands of years, belonging to an ordinary emperor-level force in the Martial Domain. There are too many such a city in the Martial Region, and it is very lively on weekdays. However, because of the drastic changes in the situation in the Martial Region, the Liyue City is now much calmer. Few forces openly fight, all forces Gaze, both

Gathered on the battle between Tianlei City and Misty Palace.

This has also led to the fact that all kinds of news about Wuyu are flying everywhere, and everyone is asking for news around, wanting to know the new situation in Wuyu.

In a restaurant in Liyue City, a group of warriors gathered together and it was very lively.

"Have you heard that several top forces on the mainland have formed a strategic alliance with Sky Thunder City and are preparing to launch an attack on Misty Palace!"

A man said vowedly.

"What's the matter?"

His words naturally attracted the attention of people around him.

"I also heard this from a friend, and I will never leave it."

"So, the Misty Palace really colluded with the alien demons?"

"Is this to say? If the Misty Palace did not collude with the alien demon race, how could the top forces such as the Bloodline Holy Land, Pill Pavilion, Wanbao Building, and Qidian issue such a statement."

"It's really unexpected, the dignified Misty Palace, colluding with alien demons, the crime deserves death."

"Shhh, keep quiet, don't you want to live anymore?"

"What are you afraid of!"

There was a lot of discussion in the restaurant, with all kinds of voices.

"I don't know if you have heard that the Great Tribulation has erupted in the Northern Sky Territory, and there are teams of alien demons killing everywhere. I am afraid that it will not be long before our Martial Territory is also in danger."

"What is it?"

"I've also heard that those alien demons are too despicable, and they actually did something to the North Heaven Territory. Humph, if you dare to come to the Martial Territory, I will wait for it to come back and forth."

A middle-aged man snorted coldly, his expression proud.

But at this moment, there was an exclamation from the restaurant. Someone looked up at the sky outside the restaurant with a shocked expression: "Look, what is that?"

His voice trembled, as if he had seen something unbelievable.

Everyone was puzzled, they looked up, and saw a black cloud swept over the sky outside Liyue City, quickly approaching Liyue City.

"Is it a dark cloud?" Someone murmured, but the next moment, everyone's eyes widened. The dark cloud was extremely fast, and it had reached the sky above Liyue City in the blink of an eye. Thousands of strangers

The clans gathered together, and the devilish energy turned into a sky, covering Liyue City in an instant.

And the leader of this team is an upper demon.

"Liyue City, control the forces, Black Moon Sect, destroy!"

It stared at Liyue City coldly, and a cold smile was drawn at the corner of its mouth. These alien masters have already recovered. They have been lurking in this Martial Domain for one or two hundred years. In these two hundred years, they have colluded with Misty Palace, hidden in the Hall of Law Enforcement, and have long been against the Martial Domain. All the forces of Human Race

Know well.

Unlike the army of alien demons led by the Devourer of Heaven, the army of alien demons in the Misty Palace has a specific target, launching attacks against the major forces in the martial arts.

"kill!"

Accompanied by the cold drink of the upper demon monarch, a group of masters of the alien demon raced down.

"Who are you? Dare to come to my Liyue City to go wild."

Below, a master in Liyue City rose to the sky, an elder of the Black Moon Cult, angrily and frightened.

It's just that his voice hasn't fallen yet, and he snorted, this person was torn apart by an alien demon master, blood flowed into a river, and the endless blood and soul were instantly swallowed by many alien demon masters.

"Quack, after two hundred years of patience, this seat is finally on the verge of killing. The blood of the human race is so delicious, quack!"

These alien demons smiled grinningly and rushed towards Liyue City below.

The warriors of Liyue City below looked at all this with full of horror, a Wudi elder of the Black Moon Sect was directly torn apart, the alien demon race, this turned out to be a master of the alien demon race.

escape! Many warriors in Liyue City fled frantically, with a look of horror. They only wanted to escape from Liyue City. They didn't have the courage to resist at all. In the restaurant before, they said that the alien demons must have the middle-aged people coming back and forth. The man escapes more than anyone else

fast.

However, they had not been able to escape from Liyue City at all, and had already been enveloped by the monstrous devilish energy.

boom!

The overwhelming devil qi came and turned into a cage, covering the entire Liyue City.

"Quack, human ants, where can you escape, obediently become the body and nutrients of our race."

In the quack of laughter, countless alien demon masters rushed down with a grinning grin. Suddenly, a scream sounded, and the entire Liyue City turned into a purgatory on earth in an instant.

"Foreign race, looking for death!"

Boom!

In Liyue City, a famous master soared into the sky, and the leader of the Black Moon Sect and others also shot out one after another, raging to the sky.

The Martial Region is different from the Northern Heaven Region, where the strong gather and explode a terrible fight, but after all, Liyue City is not a top-level power. Under the action of the masters of the alien demons who had prepared, Liyue City quickly fell.

In a few hours.

call!

A large group of alien demons rose into the sky, whistling like locusts, sweeping across the next power, leaving only a river of blood flowing, a mess, and the city of Liyue, which has become a dead city.

The gloomy wind blew through, and the entire Martial Domain was covered with a layer of haze.

Such a scene also happened elsewhere in Wuyu.

A catastrophe that swept the entire continent broke out.

However, most of the massacres occurred in the first and second heavens of Wuyu, and the third heaven, which has many top powers, only received news not long after.

The news spread.

The entire Martial Domain was a sensation, and the forces such as Pill Pavilion and Bloodline Holy Land were dumbfounded and completely stunned.

All major forces have come to understand that a real disaster on the mainland has already broken out.

The major forces did not stop at all, and immediately organized the forces to encircle and suppress the alien demons in the military domain.

Under the dispatch of the major forces in the mainland, the catastrophe in the Martial Domain suddenly abated. Obviously, these alien demons also knew the terrifying power of the top power in the Martial Domain.

But after all this tossing, he was planning to conquer the Misty Palace and supporting the major forces in the Northern Horizons but temporarily lost the ability to support.

But when the martial disaster broke out, Qin Chen was rushing to the ancient southern capital.

boom! Qin Chen and Mo Yuanbai shuttled in the void. Because they had not received any news from the ancient venerable person, Qin Chen and Mo Yuanbai did not consume the power of the heavens and the world. Every time they used the heavens and the world to shuttle through the void, they would consume a lot of power from the heavens and the world.
