

Valkyrie 2341

[Chapter 2341: Take away forcibly](#)

Qin Chen was extremely fast, shuttled between the emperor-level forces in the Bei Tianyu.

What made Qin Chen gratified was that although Pill City was attacked by alien demons, there were still many imperial-level forces in the northern sky region. Obviously, the alien demons did not have enough manpower to deal with every force in the northern sky region. All attacked.

On the way, Qin Chen also encountered a small group of alien demons, all of which were directly destroyed by Qin Chen without any hesitation.

Any alien, **** it.

"Before, it should be Demon Sword City."

After passing more than a dozen imperial forces, Qin Chen suddenly raised his head and looked at the distant sky. He remembered that tens of thousands of miles in front of him was the location of the Demon Sword City in the North Heaven Region.

Demon Sword City.

Qin Chen murmured.

It is also a place that carries his memory.

He remembered everything in Demon Sword City back then, that was where he first met Ji Ruyue and Chen Sisi, but now, Sisi her...

Qin Chen felt a pain in his heart.

But he didn't have too much time to grieve. There are too many responsibilities on his body.

"Back then, in the Demon Sword Tower in Demon Sword City, there was an alien demon sword. I wonder what happened to that Demon Sword?"

Qin Chen's eyes were cold. He clearly remembered everything he had experienced in Demon Sword City that year. On the seventh floor of Demon Sword City, he even saw the body of the Promise Sword Emperor Chu Xiaoyun and knew the demon sword in the Demon Sword Tower. It is a foreign thing.

Back then, Qin Chen and Ji Ruyue almost fell among them. If it weren't for the mysterious Rust Sword to show off their power, he and Ji Ruyue would probably have died there too.

If that demon sword was really left by the strong ancient alien demon clan, Qin Chen would never allow it to remain here, it would definitely be destroyed.

"Demon sword!"

Qin Chen whispered.

"go!"

Then, he snorted coldly, leading Mo Yuanbai to the Demon Sword City and plundered.

At this moment, many powerful men in the Demon Sword Sect are urgently gathering.

"Everyone is obedient, and now the alien demons are attacking my northern heaven, and you all leave quickly."

The Great Elder of the Demon Sword Sect screamed in a deep voice, and the Demon Sword Sect naturally got the news from Beitianyu. They dare not care about it, and urgently prepared to evacuate.

"Elder, what about the other people in Demon Sword City?"

The elder asked.

"Other people, what do you care about us?" An elder shouted angrily: "Three Elders, as far as we know, many forces in the Northern Sky Region have already fallen. Even if we resist, how long can we resist."

"But... don't you just leave them alone?" Third Elder, his body still trembled.

"You have to take care of yourself."

The elder snorted coldly and turned to the great elder and said, "The great elder, please hurry up and order to evacuate."

"Oh!" The Great Elder sighed. In fact, he didn't want to leave this Demon Sword Sect, but the Demon Sword Sect today is not as good as before. The ancestor Fengyun Sword Sovereign and the Nineteenth Master Yan had slandered the Pill Pavilion Zi Qin Chen was beheaded by the Hall of Law Enforcement in Pill City

in.

Today's Demon Sword Sect is declining, and if it weren't for him, Xu Yan, and Leng Xingfeng, the two great Tianjiao powerhouses, I'm afraid Demon Sword City would have already changed hands.

Now the situation in the North Horizon is changing, and they can only stay dead.

"Let's go."

The Great Elder sighed, was about to turn around, and suddenly frowned: "Right, where are Xu Yan and Leng Xingfeng?" Xu Yan and Leng Xingfeng entered the Demon Sword Tower inheritance with Qin Chen back then and broke into The top Tianjiao on the fifth floor, the four major disciples of the Demon Sword Sect, Shui Yueqing was beheaded by Qin Chen, and Han Li was ordered by Ji Ruyue to the Law Enforcement Hall for framing Qin Chen.

Beheaded, but the remaining Xu Yan and Leng Xingfeng did not die. Instead, they became the pillars of the Demon Sword Sect after the demon sword inheritance.

The two of them now have long since entered the realm of Emperor Wu from the late stage of Emperor Wu, and even became the powerful masters of the latter stage of Emperor Wu, and become the two great arrogances and rising stars of the Northern Tianyu.

It is also the pillar of the Demon Sword Sect today.

Everyone knows that in the near future, one of these two people will definitely become the next master of the Demon Sword Sect.

But now, when the sect retreated, the two of them did not even appear.

In doubt.

Huh, huh!

Two streams of light fell and came to everyone.

"Elder, you go, we want to stay."

The people here are beautiful, their eyes blooming with cold light, lonely and arrogant, like a sword from the sky, blooming with energy.

It is Leng Xingfeng.

Next to him is Xu Yan, dressed in red, with extraordinary aura, giving people a strong sense of suffocation.

"what?"

The great elder said angrily: "Don't you two leave."

"Go, where can you go?"

Leng Xingfeng's gaze is indifferent: "Now that the Northern Heavens is in trouble, where I can go when I leave, this is the place where my Demon Sword Sect inherits, and I will not abandon the sect to leave when the two of us wait."

"You..." the elder was angry, "you two will stay, only one will die." "What about death?" Leng Xingfeng's eyes were indifferent to see through everything, "Xu Yan and I will stay at the demon. Sword Tower, if a foreign race comes, then come, in this demon sword tower, when I can kill one person, I will kill one person, if I can kill one pair, I will kill one pair.

."

When the voice fell, Leng Xingfeng and Xu Yan flickered, and they were already skimming towards the Demon Sword Tower, and an indifferent voice came from a distance: "If you want to go, go, we two, you just leave it alone, even if you die, we still Won't go."

Hao Miao's voice disappeared, and the two figures disappeared before everyone's eyes.

"These two rebels..."

The great elder trembled with anger.

Leng Xingfeng and Xu Yan are both martial emperors at the peak of the mid-term, and they are also the future of their Demon Sword Sect. With both of them, the Demon Sword Sect has a future, and it is even possible to enter the Martial Domain, but now...

"Great Elder, what should I do? Why don't I wait to take Leng Xingfeng and Xu Yan away forcibly." The previous elder said with cold eyes.

"Forcibly taken away?" The elder sneered and gave him a cold look: "With the strength of Leng Xingfeng and Xu Yan, do you have the strength to take them away?"

The elder's face blushed. Although he was high in seniority, in terms of strength, Leng Xingfeng and Xu Yanqiang were really not.

"What can be done? If they don't go, we have to go."

The Great Elder sighed. In fact, he didn't want to stay and fight against the alien demons, but he was responsible for the many disciples of the Demon Sword Sect.

With a sigh, the great elders left with the many powerhouses of the Demon Sword Sect.

The movement of the Demon Sword Sect also completely confused the Demon Sword City. Now that the entire Northern Heaven Region has received news, the Demon Sword Sect clearly wanted to leave them behind and left alone.

The people in Demon Sword City were anxious, but they were helpless.

The catastrophe is about to fly, and the Demon Sword Sect is about to leave, what can they do?

However, as soon as many experts of the Demon Sword Sect left the Demon Sword City, they saw that a cloud of clouds swept over the sky in the distance.

"Jie Jie Jie, these human races actually want to escape." A cold voice sounded, and directly rushed to the team of Demon Sword Sect.

[Chapter 2342: Youkai](#)

This is a team of alien demons, the target is Demon Sword City, I did not expect to encounter the team of Demon Sword Sect here.

"What? Alien?"

The eyes of all the strong men of Demon Sword Sect showed despair.

Why, why, as soon as they left Demon Sword City, they encountered a team of alien demons.

If in the Demon Sword City, they can resist it, but in the wild, how can they resist the attack of the alien demons?

"Kill, kill everyone."

The great elder shouted angrily, soaring into the sky, urging the ancient sword on his body, blasting and violently slashing at one of the alien demons.

"Gluck, little bugs."

A black shadow flashed past, crushing the sword light with a bang, and at the same time, the black shadow flashed directly into the body of the elder.

Gurulu.

The great elder made various noises, and black lines spread across his body, and his eyes kept glooming. Gradually, his pupils became pitch black, and the devilish energy filled his body.

"Jie Jie Jie, the vitality of this body is a bit low, and the strength is pretty good."

The 'big elder' quacked with a grim face, holding the ancient sword, and turning around to kill the other strong men of the Demon Sword Sect.

"what!"

The screams of screams sounded, and the place instantly turned into a **** on earth. A famous elder was taken away, and some ordinary disciples were killed, and their souls and blood were swallowed.

"I hate it!"

Many elders screamed, and their hearts were filled with regret. Knowing that, they would rather stay in Demon Sword City, guard in the sect, and fight against the alien race, but now, everything is over.

Within half an hour, all the Demon Sword Sect's team fell, and none survived.

call!

The alien demon team quickly rushed towards Demon Sword City.

"Hey, why did the people of Demon Sword Sect come back?"

The people of Demon Sword City looked puzzled, but the next moment, after seeing the hideous faces and demonic bodies of the 'Elder', they suddenly felt fear in their hearts.

"It's a stranger."

Everyone was frightened and fled in all directions.

"kill!"

"Quack, eat all these humans."

The alien demon team rushed down fiercely, suddenly mourning, and screaming everywhere.

"I heard that in this Demon Sword City, there is also a Demon Sword inheritance, with ancient divine soldiers, quack, go have a look."

The many masters of alien demon races who had already lost their bodies, were too lazy to take action at the humans below, one by one with fiery eyes, looking at the demon sword tower in the distance.

After that, the leading masters of the alien demons came directly in front of the Demon Sword Tower.

"Exit!"

One of the alien demons was ferocious and slapped down with a palm.

boom!

The demon sword tower roared, and numerous cracks appeared on the sword tower, and it was crumbling.

"stop."

In the Demon Sword Tower, Leng Xingfeng and Xu Yan rushed out, yelling into the sky, their sword intent rose to the sky, burning their blood.

cut!

The arrogant sword light pierced the sky, and slashed fiercely on the lead alien.

boom!

The alien demon was shocked and took two steps backwards, lowered his head, and was cut with a blood mark on his palm.

"There are actually two human masters here, humans, you hurt this seat."

The leader of the alien demons was furious, slapped down, banged, and the sky shook. The terrible dark magic power fell like lightning. They flew out Leng Xingfeng and Xu Yan, vomiting blood and fell to the ground. The internal organs were split and moved. Can't worry.

"My lord, let me swallow them." An alien demon king was excited to step forward.

"Okay, the two people's cultivation base is not weak, so I left it for the other people to take away the house, and it was a pity." The leader demon stopped each other, Leng Xingfeng and Xu Yan's cultivation base is not weak, and even more rare is that , The aura of life in them is very exuberant, and they are clearly the arrogant figures in the human race. After such bodies are taken away, the strength of their family members is naturally restored.

The stronger.

"Let's first look at what the **** this demon sword is. In front of my alien race, I dare to call myself a demon sword."

The foreign race powerhouse sneered and shot frantically. Amidst the roar, the Demon Sword Tower roared violently and cracks continued to appear.

"stop!"

Leng Xingfeng and Xu Yan roared, tears streaming down their faces. This is the inheritance of their Demon Sword Sect and the foundation of their Demon Sword Sect, but at this moment, they are being destroyed.

But they couldn't stop it.

The two roared, feeling deep weakness, and tears of blood were left in their eyes.

Accompanied by the crazy bombardment of the masters of the alien demon clan, cracks were everywhere on the Demon Sword Tower in full view, and finally, it burst with a bang.

As far as his eyes could be, a dark green ray of light shot up into the sky, and the Demon Sword Tower shattered. Between the world, a simple dark green Demon Sword inserted into the ground below the Demon Sword Tower and stood here.

"Hey, there really is a demon sword, it looks good, quack, this seat just lacks a handy weapon, that's it." The leading alien demon master laughed grinningly, holding one hand on the hilt of the demon sword. I wanted to pull out the demon sword, but as soon as its hand touched the demon sword, hum, an evil light suddenly appeared on the dark green ancient sword, yo, like a ghost crying, God howl

The ground shook violently, and on the entire ancient sword, a violent wind suddenly rose, and the demon light mastered it.

boom!

The whole world trembled suddenly, as if rolling up the stormy waves, a dark green monster sword light instantly diffused, turning into a huge mouth of blood, and directly swallowing the alien monster master.

"what is this?"

The alien demon master was taken aback, before he could react, a terrifying force had already poured into its body, and was devouring its life.

"No!" The alien demon master screamed and hurriedly wanted to remove his palm. However, the demon sword roared, and it was not allowed to avoid it. The terrible power madly swallowed its power. It could feel it in its body. 'S life force is fading fast,

The soul is dying.

"what!"

The alien demon master screamed, and then exploded with a bang, the ashes disappeared, and the endless devil energy was swallowed by the demon sword, making the demon sword even more evil.

"grown ups?"

The other masters of the alien demon were dumbfounded, and all of them showed horror. Before they could react, the light on the demon sword became even stronger, turning into a dark green evil light, turning the surrounding alien people. It's all wrapped in.

"what!"

The alien demons who were wrapped in green light screamed in pain, one after another, and this scene also shocked the countless alien masters and human warriors fighting in the Demon Sword City. Everyone looked up and looked at this in horror. One scene.

"Jie Jie Jie!"

The dark green demon sword was filled with demonic air, and there was a loud howl echoing in it, the demons were weird, like a ghost crying and howling, as if it had life.

boom!

A ray of green sword light soared into the sky, as if to tear the sky open and go straight to the sky.

"That is....."

In the distance, Qin Chen suddenly raised his head when he felt the sword aura that reached the sky.

"It's Demon Sword City!" Qin Chen speeded up and disappeared into the sky quickly.

[Chapter 2343: Seize the sword](#)

The Demon Sword City is looming in the distance.

Then Qin Chen saw an astonishing scene, a dark green demon sword, blooming and suffocating, madly devouring the foreign demon masters around him.

Above the demon sword, the green light became more and more coquettish, and the terrifying aura was reviving crazily.

"This is... Demon Sword!"

Qin Chen sucked in air. He knew that the demon sword of Demon Sword City was extraordinary, but he would never have thought that this demon sword was so powerful that it could easily swallow the masters of the alien demon race.

This sword, the great demon.

Under the demon sword, Qin Chen also saw two figures lying there, unable to move.

It is Leng Xingfeng and Xu Yan. "The two of them didn't die? Didn't the Demon Sword Sect provoke the anger of the leader of the Law Enforcement Hall Gong Fengtong because he went wild at the Pill City Convention, and sent the Emperor Xueguwu to kill? Could it be that the Emperor Xueguwu was merged? Did not perform the mission of the Hall of Law Enforcement

? "

After the Pill City Conference, Qin Chen went to the East Continent to participate in the Four Region Pill Pavilion Competition. Because he did not understand the follow-up, it seemed that the Demon Sword Sect had not been destroyed.

"Master, this demon sword..."

Mo Yuanbai looked at the demon sword in amazement, and took a breath of air. The demon sword in front of him was so powerful that he was born like a demon saint, devouring the lives of the masters of the alien race on the field.

The masters of the alien demons who had claimed the lives of the human race of Demon Sword City have now become prey, screaming screaming, and falling into desperation.

Such a scene makes people feel chilly.

Even Qin Chen was heart palpitations. He naturally knew how terrifying this demon sword was, but he didn't expect it to be so terrible that even the strong of the alien demon race could swallow it. This was beyond the range of the emperor's ability. This sword is at least a holy soldier.

However, judging from the demon sword devouring the lives of the alien demon race, this demon sword does not seem to be a sage soldier of the alien demon race, but who left such a demon soldier?

When Qin Chen was thinking about it, the Demon Sword finally swallowed all the power of the alien demons on the field, and a torrent of power escaped, even surrounding the entire Human Race of the Demon Sword City.

Above the Demon Sword, the Demon Yi radiated even more, clearly trying to swallow the human life of Demon Sword City.

Qin Chen's expression changed, he could be indifferent when the monster sword swallowed the lives of the alien demon, but if it had swallowed the lives of the human race, Qin Chen couldn't see it anymore. He shook his body and rushed directly at the monster sword.

"Master, be careful, such a demon sword has a mysterious origin. If you touch it, it may be dangerous."

Mo Yuanbai said anxiously, this demon sword is murderous, and it feels terrifying to him. If Qin Chen enters rashly, it is very likely to encounter danger.

"Don't worry, being a teacher is not sacrificing yourself to save Demon Sword City, but this sword is also very useful for being a teacher."

Qin Chen's eyes were fiery.

As a swordsman, such a demon sword can naturally attract his attention, and this sword seems to have a restraining effect on the alien demon race. If it is obtained by him, it will definitely be of great use when fighting the alien demon race.

At this moment, it was clear that he was restoring his strength. If it had swallowed the entire Demon Sword City, his power might have increased even more. By then, he would be more difficult to conquer.

Therefore, Qin Chen directly broke into the Demon Sword City.

Woo!

The terrible demon energy felt Qin Chen's entry, and immediately swept over Qin Chen's body like a hurricane.

The appearance of Qin Chen also attracted many warriors in Demon Sword City.

"It's him?"

Leng Xingfeng and Xu Yan looked at Qin Chen above their heads in shock, and they were filled with shock. They couldn't forget that Qin Chen's figure, who was riding in the Demon Sword Inheritance at the time, made them the four masters of the Demon Sword Sect. Tianjiao was shocked.

And the Demon Sword Sect was almost removed from the Northern Heaven Region because of him.

Had it not been for the Palace of Law Enforcement to incorporate them at the last moment, perhaps the Demon Sword Sect had already disappeared on the mainland.

What do you want to do here?

Everyone looked at Qin Chen in amazement, and it was hard to imagine that Qin Chen would break into Demon Sword City to die at this time.

boom!

Seeing Qin Chen, the dark green demon sword was shining brightly, and the flames skyrocketed.

Buzzing.

The demon sword was trembling violently.

"It seems that you recognized Ben Shao. Back then, you set up a false sword field and almost killed Ben Shao here. Today, Ben Shao came here to completely surrender you."

Qin Chen walked in the dark green flames, and the nine-star Divine Emperor Art in his body was running to the extreme, and the terrifying power was preventing the demon sword from being swallowed.

boom!

Rays of lightning flooded Qin Chen's body, setting him off like a **** king, grasping it on the hilt of the demon sword.

The demon sword was furious, like a dragon roaring, over the river and the sea, a huge shadow appeared above the demon sword, shocking the 33rd heaven, revealing a pair of cold and tyrannical bloodthirsty eyes, like an ancient beast coming out of an unknown world.

Boom boom boom. The endless killing intent on Qin Chen's body surged, and terrifying power permeated from the demon sword, to shake Qin Chen away, and countless dark green demon qi surged into Qin Chen's body, this demon qi, contains amazing devouring power, can

swallowing everything in the world, the cosmos, all matter and non-material, seem to be able to be swallowed.

At this moment, the blood in Qin Chen's body was boiling, melting, and even his soul would collapse.

"Master."

Under this momentum, Mo Yuanbai's face changed drastically, this force, even he changed color, this demon sword aura was too terrifying, it penetrated the sky and wiped out everything.

Qin Chen shot the sky long, and the terrifying killing intent lingered on him, but he remained motionless. In his body, the realm of swords was displayed.

At the beginning of the Demon Sword Tower, Qin Chen used the mysterious Rust Sword to block the attack of the Demon Sword, but this time, Qin Chen did not urge the mysterious Rust Sword, but instead used his own power to suppress the Demon Sword, even Lao Yuan's power. No urge.

Without the power of Lao Yuan, Qin Chen barely approached the semi-sacred realm. Under this power that even Mo Yuanbai was shocked, how could he resist?

But his eyes were indifferent, urging the swordsmanship, and his pupils bloomed like a **** king, urging his understanding of kendo to the extreme.

He is a swordsman, how can he be afraid of a sword?

Even if the sword is a demon sword, he can resist it.

Sword intent, the infinite sword intent rose to the sky, his forehead burst with blue veins, and he drew his sword forcefully.

Rumble!

The whole Demon Sword City was roaring, and the dark green Demon Sword was being pulled out by Qin Chen little by little.

"Om!" Above the Demon Sword, the aura was even worse, and large characters appeared one by one. At this moment, the entire Demon Sword City's sword was trembling, and the Demon Sword was furious. It was unable to kill Qin Chen with a trace of terrifying demon power. Frantically poured into Qin Chen's body, sharp sword energy,

To cut and kill Qin Chen.

"The extreme of the sword, against the yin and yang, breaks the sky, the way of the sword, holding on to the full, it is not as good as it is; trying to grasp it and sharp, not always guaranteed; the success of the body retreats, the way of the sword..." Qin Chen said, Shining all over.

[Chapter 2344: Breakthrough Half Saint](#)

The Demon Sword trembled violently, it was difficult to tame, and seemed to be conscious, trying to break away from Qin Chen's control.

Qin Chen lowered his head and his eyes fell on the huge demon sword. His body was wounded by the sword qi, and there were countless wounds, but he was running the Indestructible Saint Body, and the Indestructible Saint Body urged crazily at this moment to resist the sword aura attack.

On his hands, a huge force of horror emerged, and he drew his sword forcefully.

The earth roared, the Demon Sword City trembled, and the sword intent roared from the heavens and the earth, and above the sky, endless sword qi fell, inextricably linked, like a waterfall of sword qi, with a shocking vision.

The sword was angry and the demon sword was resisting.

"The demon sword is alive and must be surrendered." Qin Chen said coldly, his eyes as cold as stars.

He is subduing the Demon Sword and suppressing it.

In Demon Sword City, countless people were horrified, trembling under the sword aura, crawling on the ground, and no one could stand in the entire Demon Sword City at this moment.

Mo Yuanbai also stood proudly outside the sky, holding the heavens and myriad worlds, nervously looking at Qin Chen ahead, his heart trembling.

Everyone was shocked.

This child, actually wants to tame the demon sword.

The origin of the Demon Sword is extremely extraordinary. The oldest person in Demon Sword City and the oldest power does not know where this sword came from. Although the Demon Sword Tower is inherited and opened only a few thousand years ago.

But in the ancient rumors, there was a vision in this place in the ancient times, with the long sword of the sky, falling into the Tianwu continent.

And this sword is exactly this demon sword.

This is an ancient sword from the outside world, you can't kick it, but Qin Chen actually wanted to draw the sword, this move is against the sky.

As Qin Chen's voice fell, the roar of the demon sword became more intense, the dark green sword light surged, and the vision above the sky became more and more dazzling, puff puff puff, thousands of sword qi cut down, turning the world into a sea of sword qi. Sword Qi was like a forest, attacking Qin Chen frantically.

Demon Sword seemed to be sneer, countless sword aura roared, as if it turned into an ancient sound of vicissitudes.

"An ant character, also equipped with a sword?"

The deep Jianming, with a cold air, actually vomited, saying that Qin Chen's cultivation is too low, but it is an ant. Can the ant control the sword?

"Ants?"

Qin Chen smiled.

The wind starts at the end of Qingping and ends between the grass and mangs. Today, he must draw his sword.

"Get up!"

Qin Chen roared sharply, his veins violent.

Click!

The earth roared, the ground cracked a long ravine, the rock broke and the demon sword was pulled out little by little.

The Demon Sword was furious, and suddenly, the light above the sword body was bright.

puff!

As if the sword energy attack that can penetrate the void, it fell directly on Qin Chen's body, puff puff puff, Qin Chen's body was splashed with blood, the eighth peak of the immortal holy land, it was hard to resist the power of sword aura, cracking .

This sword energy directly penetrated Qin Chen's body, raging in his body.

"Master!"

Mo Yuanbai clenched his fists.

Qin Chen's face was expressionless, with a roar, Qin Chen's blood was turbulent, his blood splashed on the demon sword, and there was thunder, but he was expressionless, as if he would use the sword even if the blood dries. Unplug.

Qin Chen roared and drew his sword again, and the Immortal Eucharist was mobilized to the extreme, healing his injuries.

"Boom!"

The sky trembled, Wan Jian was of the same name, and the entire city was turbulent and trembling.

Click!

The world was cut through a spatial crack, and the demon sword aura was being suppressed by Qin Chen.

The demon sword was furious, and the aura was even worse, a supreme sword power, from the ground, directly above the clouds, a sword light broke through the clouds, as if the sky was about to be broken.

puff!

A mouthful of blood spurted out, Qin Chen's body was wounded, and his internal organs split.

In the jade disc of good fortune in the universe, the mysterious rust sword buzzed and quaked, exuding a terrible aura, about to rush out to fight the demon sword, but Qin Chen was indifferent.

Lao Yuan also said, "Little Qin Chen, let me help you."

But Qin Chen did not agree.

He didn't believe that, relying on his own, he would not be able to suppress this demon sword, and relying on external force was not a long-term solution after all.

Moreover, the reason why Qin Chen had to draw the sword himself was because he felt that the shackles of the cultivation base in his body were swaying under the power of the demon sword, as if to be washed away.

Click!

The Immortal Eucharist is also slowly rising.

A kind of perception of the avenue appeared in Qin Chen's mind like never before.

But this kind of process is painful. Under the terrifying sword aura, Qin Chen felt that his physical body was splitting, and his whole person was going to be wiped out.

Just when Qin Chen couldn't hold on.

Suddenly, a dull sound rang, as if something had broken open in Qin Chen's body, a warm current rushed through his body, and the pressure of the surrounding sword energy suddenly decreased.

"Breakthrough, the Indestructible Eucharist broke through."

Qin Chen was sluggish. He didn't expect that under the continuous attack of the terrifying sword energy released by the Demon Sword, the Immortal Eucharist that had been stuck at the eighth peak unexpectedly broke through and entered the ninth.

The ninth level of the Immortal Eucharist.

This is a level that no one has ever reached before on a continent.

Qin Chen's physical body was healing at an astonishing speed, and in the flesh, various rays of light were shining, and a great rune appeared one by one, an understanding of heaven, clearly presented in Qin Chen's mind.

"this is....."

Qin Chen murmured, the next moment, a light suddenly appeared in his mind, like a divine enlightenment, and went straight to the gate of heaven.

At this moment, the aura on Qin Chen's body was soaring crazily, a terrifying force that was more terrifying than before, revived in Qin Chen's body.

"This is... the breath of the holy realm... Master, he... has touched the holy realm?"

Mo Yuanbai looked at Qin Chen in the distance in horror, and the heavens and worlds in his hand were almost unstable.

He couldn't be more familiar with this kind of breath, it was the half-sage breath, Qin Chen actually broke through to half-sage at this moment.

Qin Chen himself was shocked by the changes in his body. The power in his body was changing crazily, and a breath of direct access to the main road surged.

boom!

Every inch of strength in Qin Chen's body was rising, and an invincible breath surged.

The demon sword aura that originally had extremely terrible damage to him, at this moment, became very weak, and could no longer hurt him any more.

"Chih, chick..." The demon sword was pulled out a little bit, and finally, when the tip of the sword appeared, a terrible storm blew up across the entire world.

The people of Demon Sword City were all blasted out, coughing up blood violently one by one with a shocked expression.

Those sword qi pierced the sky, and fell in the distant world. With each sword qi falling, the earth would split a terrible crack, as if it was cut in the middle.

The demon sword trembled, the endless sword light rolled together, and the cylindrical beam turned into a blue light. It wanted to compete with the sky and broke through the sky. Moreover, the demon sword trembled and wanted to go through the sky, from the palm of Qin Chen's hand. Break free.

"Huh, town!"

Qin Chen sneered, and a terrifying force suppressed it, continuously pouring into the demon sword. Suddenly, the evil aura on the demon sword was crazily suppressed, struggling constantly, but could do nothing.

Although this sword is strong, it seems to be traumatized, so it cannot break free from Qin Chen's suppression. In the end, Qin Chen forcibly carved the soul brand into this demon sword.

[Chapter 2345: Demon Flower](#)

call!

The breath above the demon sword quickly dimmed, and Qin Chen held it firmly in his hand.

This is a dark-green long sword with a black glow from its body, which is extremely strange, but its aura is so powerful that it is even more terrifying than the Sacred Broken Sword owned by Xiao Dongyan's Xiao family. Qin Chen felt that The level of this sword must be at least above the holy level.

What surprised Qin Chen was that at the time of this alien demon tribe, he broke through the semi-sacred realm with this demon sword. This was an unexpected surprise that Qin Chen never expected.

After stepping into the semi-sacred realm, Qin Chen clearly felt the difference between heaven and earth, and he could clearly feel the movement of heaven and earth, which was an aura that controlled everything. Although Qin Chen had the power of semi-sage with the help of Lao Yuan before, it was only a force to break through. Only at this moment after Qin Chen broke through the semi-sage, did he clearly feel that the realm of the semi-sage and the peak of Emperor Wudi? Without

with.

After entering the semi-sage, the martial artist can easily mobilize the power of heaven and earth. This power of heaven and earth is much stronger than the power of the rules. This is why the semi-sage strong can easily kill the Wudi strong.

The Holy Realm and the Wudi Realm have different origins of control power, and the two are not at the same level at all.

At the moment of breaking through the semi-sage, Qin Chen vaguely felt that in a piece of heaven and earth to the north of him, there seemed to be something cold and cold hidden there, giving Qin Chen a feeling of palpitation.

"Chaos Nest."

Qin Chen felt that this was most likely the aura of the Chaos Demon Nest.

It is heaven and earth, telling themselves the dangers of the Chaos Nest.

And that place is where the ancient southern capital is.

"Mo Yuanbai, go."

Qin Chen swept the martial artist below the Eye Demon Sword City, and his fierce gaze made Leng Xingfeng and others sweat all over, even afraid to look closely.

In the next moment, Qin Chen had already left here with Mo Yuanbai, rushing towards the capital of Gu Nan. As for why the Demon Sword Sect was not destroyed, what should the people of Demon Sword City do? Qin Chen has no time to take care of it. too much.

Everything is left to fate.

Looking at Qin Chen's disappearing figure, Leng Xingfeng and Xu Yan looked at each other and smiled bitterly.

They naturally knew the grievances between their sect and Qin Chen, and beheaded them for fear of Qin Chen's upset.

However, they thought too much. With Qin Chen's current status, they would not take this matter to heart at all. Qin Chen looked at their eyes at last, just like seeing an ordinary person, without any fluctuations at all.

"This Demon Sword City can't wait anymore, let's go, if there are some masters from the alien demon race coming, I'll be done waiting."

In the Demon Sword City, their vitality gradually recovered, and many of the warriors who had not fallen, after healed one after another, limp and left the Demon Sword City.

In the sky, Qin Chen and Mo Yuanbai continued to rush to the ancient southern capital.

Mo Yuanbai was naturally very excited about Qin Chen's breakthrough, and he was very emotional.

But Qin Chen focused his attention on this demon sword.

After engraving the soul mark in this demon sword, although this demon sword could not resist Qin Chen's might, it was still struggling. It seemed that it was extremely unwilling to be subdued by Qin Chen.

"It looks like you don't give up." Qin Chen's eyes were cold. This demon sword has an extraordinary origin and extremely terrifying level. With Qin Chen's current cultivation base, it is impossible to completely subdue this demon sword, but it is normal. Fortunately, if it is in battle, what kind of moth this demon sword will use?

Of course it will cause some damage to him.

"Young Master Ben wants to see how long you can resist."

With a flickering figure, Qin Chen already appeared in the jade disc of good fortune in the universe.

Hum!

As soon as Qin Chen appeared, a terrifying aura burst out on the mysterious Rust Sword, suddenly appeared in front of the Demon Sword, and the terrifying coercion suddenly suppressed it.

The demon sword that was still restless at this moment turned out to be like a cat and mouse, and immediately became much more stable.

"Is it settled now?"

With a cold snort, Qin Chen directly urged the Qinglian Demon Fire and Youkong Bingyan, and the two flames, one after the other, quickly enveloped the demon sword.

This demon sword contained a lot of mottled aura and evil power, and Qin Chen was going to use these two great sky fires to refine this mottled power.

Feeling the crisis, Demon Sword immediately trembled violently and wanted to escape from here, but among the jade discs of good fortune in the universe, Qin Chen was the ruler of heaven and earth. With a thought, Demon Sword was restrained and could not move at all.

Then Qin Chen directly urged Qinglian Demon Fire and Youkong Bingyan to burn the demon sword, and the two flames enveloped the demon sword and began to refine it.

There was a crackling sound, and under the burning of the two big flames, the strange and mottled aura on the demon sword was immediately burned a lot, and the violent aura was also reduced a lot.

Qin Chen nodded in satisfaction. It seemed that this was still useful. He had just broken through the semi-sacred realm. He still had too many things to comprehend. After throwing the demon sword to Lao Yuan to take care of him, he immediately walked away. A jade disc for the good fortune of the universe.

As for Qinglian Demon Fire and Youkong Bingyan, they stayed in the Universe Jade Plate and kept refining the demon sword until the demon sword succumbed.

Next, while rushing, Qin Chen felt the power of breaking through the half-sage queen.

And when Qin Chen was on his way.

Dawei Dynasty, Black Death Swamp.

In the mysterious depths of the underground, a man in black carefully came to an underground palace.

If Qin Chen was here, he would be able to recognize it immediately. This underground palace was where he and the black slave had fallen in the first place, and it was also where he met the mysterious old man who almost robbed him.

After the man in black entered the underground palace, he carefully opened the stone pillar on the underground palace. After a rumbling, the stone pillar shone light and illuminated the face of the man in black, which turned out to be magical.

At this moment, Moli's body exudes a cold and terrible aura. His eyes flashed with cold light. Under the rotation of the stone pillar, his figure swayed and suddenly disappeared.

In the next moment, Mo Li had already appeared in an underground altar.

"Master, I brought what you asked for."

Before Mo Li walked to the altar, he respectfully saluted, and before this altar, there was an old man who was holding a magic knife in his right hand, his breath was weak and dying, without any sound.

It wasn't until Mo Li appeared that a wave of divine thought surged in the old man. If Qin Chen was here, he would definitely recognize him, this old man was the mysterious powerhouse who made

himself kneel and bow down to him as a teacher at the beginning, and would give him great destiny. It's a pity that Qin Chen saw the problem and didn't do so. , But by this old man

Scheming, almost taken home by this old man.

At this moment, Mo Li actually called the old man his master, apparently already kneeling down and worshiping the old man as his teacher.

"Master, is this the Demon Soul Flower you want?"

Mo Li stretched out his hand, and his hand turned out to be a beautiful colorful flower with three flowers, such a beautiful flower, its name turned out to be the Demon Soul Flower.

"Yes, this is it. You are very good. As long as you restore some spiritual power for the teacher, you will definitely teach you the supreme technique." The old man could not move his body, but the soul showed relief.

[Chapter 2346: Dreadlord](#)

"Apprentice, you send this demon soul flower to the front of the teacher." The old man's spirit spread fluctuated.

"Yes, Master!" Mo Li cautiously sent the Demon Soul Flower to the old man. Suddenly, an invisible breeze blew by, and the Demon Soul Flower in Mo Li's hand had fallen into the old man's mouth, and the Demon Soul Flower was on the old man's mouth. Exuding a magical breath, quickly blend in

In the body of the old man.

"Master, can you teach the Divine Soul Dafa to the disciple now? And Master, what you said is against the heavens..." Mo Li asked respectfully again after seeing the old man swallow the Devil Soul Flower.

"There is no need to worry about Divine Soul Dafa. Since the teacher said that it will give you a god-defying nature, it will naturally give you a god-defying nature. Wait until the teacher first refines the demon soul flower." The old man's soul continued to sound: "This demon soul The flower absorbs all kinds of dark air and grows, although

It can nourish the soul, but at the same time it will poison the soul. The teacher needs to get rid of the toxins before it can be refined and nourish the soul. Only after the soul of the master has recovered, can you teach you the soul. "

"Master, if the poison of this demon soul flower is too strong, will it damage your soul and make your soul weaker?" Mo Li knelt on the ground with doubts and asked respectfully. "Hahaha, disciple, you think too much. If the toxin of the demon soul flower is not removed, it will indeed affect the spirit of the teacher, but I think the strength of the teacher, the toxin of the demon soul flower in this area, is not difficult at all. ..." The old man chuckles, just

This time he didn't finish his words, but the soul stopped and trembled violently.

"Master, in fact, your current spirit is inferior to a high-ranking demon king, right?" Mo Li suddenly stood up and reached out to **** the black magic knife in the hands of the old man. "You, you...who are you? Why do you know the alien demon..." The old man's soul was full of anger and panic: "There is also a

demon soul flower, you actually added soul poison to the demon soul flower, even I didn't even notice that you

How is it done? Who are you? Mo Li chuckled, and suddenly bursts of demonic energy appeared on his body, "Master, you haven't figured out who the disciple you cheated is, so you dare to be content with it?" Quack, what the ancestors of the human race, what chance to survive, Master, such as

If I guessed correctly, you should be the strongest of the alien race, right? Unfortunately, the disciples also have demon blood. "

The endless demonic energy surging in Mo Li's body, the whole hall suddenly became endlessly gloomy.

"You are a foreigner, it's impossible. You are obviously the blood of the human race...No, you are a demon formed by the combination of the human race and the foreign demons." The old man's soul was full of shock.

"Master, did you see it now? It's a pity that it's too late." Mo Li laughed strangely, "I don't even know the identity of the disciple, and what kind of bad luck is still given to the disciple. Let me die."

After Mo Li finished speaking, a magic light was already rolled up in his hand, and at the same time the magic knife was also caught in his hand. It was precisely because he knew that the other party's spirit had been infested by the soul poison, he dared to start secretly. "Stop... Since you have the blood of the alien demon race, you can't kill me. The old man is the fear demon lord of the alien demon race. As long as you stop, the old man will definitely give you great luck. Once the old man recovers, let you rule me. The clan army, control this day of Wu Da

land. "The old man shouted in anger.

Dreadlord!

Mo Li was taken aback. Although he knew that this old man was most likely a master of the alien demon race, he didn't expect that he was a monster-level character of the alien demon race. When did the demon master be seen casually?

After the shock, an expression of ecstasy and excitement burst into the eyes of Demon Li. He clearly saw Shangguan Xi'er and the demon's means in the sea of thunder secret, which was to devour the power of the demon lord and let himself break through to the holy. territory.

It is a pity that the main cultivation base of the Sky Devourer is too strong, which leads to the failure of Shangguan Xier and the devil's strategy.

But now in front of me, there is actually a crippled demon master who swallowed him, will my own cultivation...

"The old thing, there is only one remnant soul left, and you dare to say that if you let others rule the alien demons, you can go to death."

Mo Li sneered, a cold power swept out in an instant, turning into a whirlpool to envelop the old man, actually trying to swallow the soul power of the old man.

"Smelly boy, what do you want to do? Do you dare to swallow this demon lord!" The fear demon lord was furious, and strongly prevented the devouring of the devil. The whole person was extremely angry, but the damaged soul could not resist the external devouring.

In the end, it was angry: "Smelly boy, since you want to die, then the demon master will fulfill you..."

boom!

After the old man said this, a terrifying soul breath directly rushed into Mo Li's body.

The terrifying demon soul aura soared to the sky, and the fear demon mainly took away the demon's body.

In the next moment, Mo Li had already put down the magic knife in his hand, and the expression on his face suddenly became savage.

"If you take it away, then the Demon Soul Flower in this seat will be prepared for nothing, Master Chi Yan, what are you waiting for?" Mo Li's eyes were cold and his expression was extremely ferocious. It burned on him. At the same time, a simple magic bottle flew out of Mo Li's body, it was the Sky Swallowing Devil Bottle, and an enchanting figure flew out of the magic bottle. It was the Red Flame Demon Lord, with a graceful figure and holding it. The magic bottle, black blooming above the magic bottle

The rune contains the light of the great avenue, covering the magic power, and devouring the spirit power of the magic power.

After that, Demon Lord Chiyan fell with a palm, and the black demon flame burned, pouring into Moli's body continuously, and sacred the soul in Moli's body.

"Red Flame Demon Lord? You are the upper demon Lord, bold, you know who the demon Lord is, the demon Lord, dare to frame this demon Lord!"

The dreadlord was furious and looked at all of this in disbelief. It couldn't believe it. The opposite was actually an alien demon like it, and it was just a small high-ranking demon, who dared to frame it.

The alien demon race has a strict hierarchy, and the actions of the Chiyan Demon Lord have greatly violated the rules of the alien demon race. "Quack, Lord Dreadlord, I didn't expect your Excellency to be Lord Dreadlord, but unfortunately, the world is different now. Lord Dreadlord, you should obediently become our nourishment, and do a little bit for the great cause of my demon. Contribution, ha

quack. "

The Chiyan Demon urged the Sky Swallowing Devil Bottle, his pupils bloomed with magic light, and his excitement swallowed the power of the fear devil. "Damn it, just rely on you two, do you think you can harm this demon master?" The fear demon roared, and a terrifying force that shocked the heaven and the earth descended on the heavens and the earth. He wanted to suppress the devil and rushed into the devil's mind.

[Chapter 2347: full of pathos](#)

"Parasitic seeds, you actually have silver parasitic seeds on your body, and what you cultivate turned out to be Hunyuan Life and Death Demon Art...impossible!" A frightened voice sounded in Moli's mind: "You mean villain. "Mo Li sneered and said with a sneer: "I don't have any means, I dare to murder you? In the world, except for the kid whose surname Qin repeatedly suffers, I have suffered at any other time. It's the same if you're a demon master. I'm afraid you don't know the situation outside, what demon master, the strong human race dare to swallow the demon master. As a demon, how can you devour a little fear demon master, A demon lord who has lingered for tens of thousands of years is also worthy of this

Arrogant in front of the devil. "Damn it, what kind of world is this, this demon master is obviously about to get out of trouble, and even feels the aura of the Chaos Devil's Nest. He didn't expect to be planted in your hands and fell short of success. I hate it... if it wasn't the original possession. Of golden parasitic seeds

The kid caused this demon lord's soul to be damaged again, how could this demon lord be afraid of you, ah! "

The fear demon roared angrily, and then with a bang, the soul was completely dissipated, and the ashes disappeared.

boom!

In the next moment, the alien demons contained in the Remnant Soul of the Dread Demon reached their breath and soul power, and were madly absorbed by Demon Li and Chiyan Demon Lord.

"what!"

The two screamed and banged, and the magic flame burned on the two of them, and the whole ground suddenly shook. In the hall, black light surged, and the world turned into a sea of magic flames.

The power of this Demon Flame increased crazily, and the aura of Demon Li and Demon Lord Chiyan was also soaring. Under this force, the robes on the two of them were instantly wiped out.

In the confusion, Mo Li saw a perfect body, the ketone body was snow white, which formed a sharp contrast with the dark magic flame, and it appeared extremely perfect.

And Red Flame Demon Lord also saw a body full of masculine aura, its heart jumped wildly, blood vessels seemed to explode, and an unprecedented feeling filled its mind.

Step by step, it walked towards the magic.

Mo Li also stepped towards the Chiyan Demon Lord.

In the boundless black magic flame, the two bodies are looming, frantically entwined together, feverish and fierce.

In the **** groan, it slowly spread out from the black flame.

Ancient southern capital.

Tiangucheng is located in a remote place outside the land of the Five Kingdoms. It is rarely visited here. It is often only when the ancient southern capital is held every five years, when there will be a lot of people and experts from the five countries.

In the ordinary days, in the ancient city, there are few people, just an ordinary ancient city.

In particular, some time ago, a mysterious powerhouse, known as the mainland law enforcement palace, came to investigate the records of the ancient Southern Metropolis and asked about Qin Chen and the others.

Countless people in the ancient city were shocked, and after investigating the situation, the people of the so-called law enforcement hall directly attacked and killed all the people in the ancient city, leaving only a broken city.

Today's ancient city of Tian has been abandoned for several years and is in dilapidated condition. Because of its proximity to the ancient southern capital, it is inaccessible and extremely desolate, just like a dead city.

The violent wind blew, and the ancient city made a whining sound, as if crying.

At this time, in the brown rock mountain range outside the ancient southern capital, two figures were hiding in the void, their auras converging, as if nothingness.

"Master Gu, we have been here for quite a while, and there is no movement at all. Are you sure there is weirdness in the ancient city this day?"

One of them frowned and asked, his brows full of doubts.

If Qin Chen were here, he would definitely recognize that these two people were the black slaves and the ancient masters.

Back in the Holy Land of Bloodline, Qin Chen guessed that the Heaven Devourer might be recuperating in Ancient Southern Capital, so he asked the Ancient Venerable to go to Sky Thunder City and bring the black slaves to visit the Ancient Southern Capital. To this ancient southern capital.

However, as soon as the two came over, the ancient master said that the ancient city was weird, so the two secretly hid in the brown rock mountain range outside the ancient city, and kept secretly observing the ancient city in the distance.

The two observed for more than a full month, but they never found any weirdness in the ancient city. The whole ancient city was just like an ordinary deserted city. For more than a month, there was no one person, and there was no movement at the same time.

It doesn't seem to be dangerous at all.

After waiting so long now, the patience of black slaves can't wait any longer. The ancient Venerable glanced at the black slave. Although he was much stronger than the black slave, he also knew that the black slave was Qin Chen's confidant. He naturally didn't put on any airs. He said in a deep voice, "Believe me, this day the ancient city definitely has it. Weird, but what's weird, this

The seat is not visible yet. "

Gu Zunren's eyes are very solemn. As an ancient saint, he has a far greater perception of heaven and earth than ordinary people. He immediately felt that something was wrong with the ancient city on this day, but there was nothing wrong with it, but he didn't have a clue.

"Master Gu, if there is a problem here, it won't be silent for more than a month, and Xiaochen's order is for us to find out if the Heaven Devourer is hidden in this ancient southern capital. We have been waiting here, too. Not a way."

The black slave frowned.

Gu Zunren also knew that continuing to wait was not a way, and said, "I will test it."

A divine sense swept out of him quickly, and the divine sense swept into the body of an iron-backed goshawk in the distance, slowly flying towards the ancient city of heaven. The closer to the ancient city, the more restless the iron-backed goshawk. A mysterious force affects the iron-backed goshawk, making the iron-backed goshawk a little afraid of the ancient city in front of him. The ancients also know that this is dangerous, because the ancient southern capital Where there is a mysterious power

Influenced, the average blood beast didn't dare to approach it at all.

Once the ancient Nandu is truly in danger, when the Ironback Goshawk approaches, it will definitely arouse others' suspicion.

But Gu Zunren knew that this was the only way.

Just when the Ironback Goshawk was about to approach the ancient city of Heaven.

boom!

In the distance, a terrible wave swept over, and the ancient master's eyes condensed, and he was about to urge the Ironback Goshawk to leave the ancient city, and then he saw the sky in the distance, and a black magic cloud swept over.

"It's an alien race!"

Gu Zunren and the black slave took a breath.

The alien demon aura in the distance has not yet arrived, and there is a shocking force sweeping across the whole world, and terrible murderous aura is surging throughout the world, and the world seems to have entered the night in an instant.

"You leave here first."

Gu Zunren immediately looked at the black slave, his expression nervous.

The breath of the alien demon is too terrifying, even he felt a little shocked, this is definitely the top master of the alien demon.

"Yes!" The black slave also knew the seriousness of the matter, and if he stayed here with his Wudi cultivation base and was discovered by the master of the alien demon race, not only would it not be helpful, but would cause trouble to the ancient master.

[Chapter 2348: Summon Ancient Nandu](#)

"Master Gu Zun, then I will go first, you are careful."

The black slave reminded him that his figure quietly sank into the brown rock mountain range, and quietly swept towards the inside of the mountain range, and disappeared in a moment.

Gu Zunren breathed a sigh of relief. He stared at the dark cloud, his eyes exploded with cold light, and muttered: "Alien demons!"

boom!

Under the perception of the ancient master, that cloud of clouds quickly approached, and after a while, it had arrived at the ancient city of Heaven.

The leader was an alien demon master holding a pitch black demon sword, and his body burst out with monstrous demon energy, and the magic power lingered all over his body, exuding an extremely terrifying aura.

Around it, the heavens of the Tianwu Continent were all rejected, forming a unique demon space.

"Master-level master!"

The Ancient Venerable took a deep breath. He couldn't tell who the person was at first, but after seeing this strange demon master, he understood that this person was the Devouring Demon Lord who had escaped from the sea of thunder.

"Sure enough, the Heaven Devouring Demon Lord is in Ancient Southern Capital, so he must pass this news to Shao Chen immediately."

Gu Zunren quickly delivered this message quietly, then raised his head, wondering in his heart, this Heaven Devourer seems to have just arrived, did he feel wrong in the ancient city? Is he suspicious?

"I hope Young Chen will come soon."

Gu Zunren was quite nervous, so many masters of alien demon races, even if he was once a master of holy rank, he was a little nervous and nervous.

"Where are we here?"

Just as Gu Zunren had guessed, the Heaven Devouring Demon Lord had just arrived in Ancient Nandu. It raised its head and vaguely felt that the aura of the previous Chaos Demon Nest was radiating from the space in front of it.

"Where is this place?" it asked. "His Lord of the Devouring Demon Lord, this place is called Tiangucheng, which seems to be the most remote area in the Northern Skyland. Here, there is a starry sky relic called the Ancient Southern Capital Relic. It is said that this ancient Southern Capital relic has a history of 10,000 years. , Every five years

Turn it on once. "Black blood swallowed a warrior here, and immediately searched the other's memory, and said respectfully.

"Starry sky ruins?"

The Sky Devourer's eyes lit up, "Is this place one of the addresses of the plan back then?"

"In that case, this is very likely the place where the Chaos Devil's Nest will come." The Sky Devourer naturally knows the plan of the alien demon race. Through the Chaos Devil's Nest seed, parasitize the top Tianjiao of Tianwu Continent, through years of management. , Slowly let the strong of the alien demon race into this world and become the mainland

The top powerhouse on the top, creating opportunities for alien demons to invade.

"Then why is there no human in this ancient city?" "Returning to the Lord of Heaven Devourer, according to the memories of the human race of Tianwu Continent, this place seems to have been investigated by the people from the Hall of Law Enforcement a few years ago. All of the Terran warriors have been annihilated by the people in the Hall of Law Enforcement, so this place has become

An empty city. Black Blood said again. "The Hall of Law Enforcement?" Is it something created by the demon guy and the human forces? "The Sky Devourer sneered, "So, does the other party know the plan of the alien demon race back then?" That's right, the devil is also a curse of that guy

It's normal for a descendant to know a little plan. "

The Sky Devourer didn't care, staring at the void above his head, "Is it opened once every five years? Then let the Demon Lord come and see if this so-called ancient Nandu ruins is the dojo of my clan after all."

As the words fell, a magical power suddenly emerged from the Heaven Devouring Demon Lord's body. It clasped its hands together and said something in its mouth. Suddenly, there was a violent wind between the sky and the earth, and the invisible magic power seemed to form a certain connection between the heaven and the earth.

Buzzing!

A wave of power continuously seeped into this piece of sky.

"What is the Heaven Devouring Demon Lord doing? Is it because he wants to open this ancient southern capital?"

In the brown rock mountain range, the ancient masters watched all this cautiously, wondering.

After the Demon Lord constantly exudes a wave of invisible power.

Hum!

The sky hundreds of miles outside Tiangu City suddenly became gloomy, and an invisible breath of terror enveloped the area within a thousand miles.

Looking up, I saw a city slowly appearing above the endless sky.

This city, dark and deep, with overwhelming coercion, stands high above the sky, and one can't help but look up.

"Is this ancient Nandu?"

Gu Zunren's eyes sank. Didn't it mean that Gu Nan was opened every five years? As far as he knows, it has only been four years since Gunan Capital was opened last time. In other words, this Gunan Capital was opened in advance by the Demon Lord?

How can that be? Ancient Venerables were once Saint-level masters, and they naturally knew the opening methods of some ruins. In the ancient times of Tianwu Continent, there were many terrifying ruins. Even Saint-level masters could not forcefully open these ruins. He also observed here before.

After a long time, I found that I couldn't communicate with the so-called Gunan at all, let alone open it.

But now, the Sky Devourer actually summoned this ancient Nandu.

In this way, this ancient southern capital is very likely to be a relic set up by the alien demons.

But the alien demons actually set up ruins on the Tianwu Continent, what purpose does the opponent have?

Gu Zunren was surprised, but Heaven Devourer and many alien demons were overjoyed.

"Hahaha, this Gunan is really left by my strange demons."

Boom!

In the sound of their laughter, the ancient Nandu in the sky suddenly shook, and a terrifying aura suddenly passed.

It can be seen by naked eyes that the ancient southern capital city is full of terrifying black light, and the bizarre scene is constantly shining. That magnificent city, slowly sinking under the eyes of everyone, is greeted by everyone.

"This demon Lord wants to see what is in this Gunan."

In the murmur, the entire ancient southern capital city thundered under the eyes of many masters of the alien demons, and completely landed on the plain.

This is an extremely primitive city, exuding a mighty atmosphere, as if it has experienced the baptism of endless years, leaving a trace of vicissitudes and ancient times.

Looking around, I saw that in the middle of the ancient city, there was a magnificent arena, towering high. The ring was made of no material, and there were mottled traces on it, as if it had experienced endless killings, and only glorious legends remained.

"Ha ha."

The Heaven Devourer chuckled, it can naturally see that the purpose of this ancient Nandu setting up in this way is obviously to compete for the genius of the race and select the real genius.

But those geniuses won't know that what they accept is the inheritance of the alien demon race. Under the power of the alien demon race, they will lose themselves and become the puppet of the alien demon race.

"Go, this demon master will go over and take a look."

With one step, the Sky Devourer had already stepped into Ancient Southern Capital, and other masters of the alien demon race also followed.

Hum!

Just when the Sky Devourer first entered the ancient southern capital, sudden changes suddenly appeared!

Boom boom boom! A horrible light shot up into the sky, instantly enveloping the entire ancient southern capital.

[Chapter 2349: Da Kun Tian Devil Array](#)

Rumble!

At this moment, the whole Gunan suddenly roared, and black halos covered the world and turned into a cage. The world suddenly became dark, and the devilish energy was billowing to the sky, as if all of a sudden from the Tianwu Continent to an alien race mainland.

boom! boom! boom!

Between the heaven and the earth, the magic pillars lingered, surrounded the ancient Nandu, forming a lore.

Hum!

The terrifying power swept away, and the earth trembled, and even the ancient venerable in the Demon Ancestor Mountain Range in the distance was shocked. The power on his body seemed to be suppressed, causing a strong fear.

"Sure enough, there is a murderous opportunity."

He was taken aback. He felt right before. This Gunan was really weird. Fortunately, he didn't break in easily. Otherwise, it was him who was wrapped in this black magic pillar.

"what happened?"

"How is this going?"

As soon as many foreign demon masters entered the ancient southern capital, their surroundings were immediately enveloped by the demon energy that penetrated the sky. The strong pressure, shocked, turned into an ancient formation, enclosing the Heaven Devourer and many foreign demon masters. In the middle.

This is a big formation, and it is a magic formation, rolling magic power swept across, in this world, it has truly turned into a world of different demons, suppressing the Heaven Devourer and others downward.

The eyes of the Heaven Devouring Demon Lord squinted, and he looked up at the void above Gunandu.

"Devil, I didn't expect you to be in ambush here. I really made this demon underestimate you." Sky Devourer Longlong said.

"Devil?"

Everyone hurriedly raised their heads, and saw a group of demonic energy surging in the void sky, suddenly, the void split, and the demon wearing a black robe slowly walked out, beside it, wearing a phoenix robe Shangguan Xier's eyes were cold.

"Sky Devourer, don't you think that this seat will be here? Today and this place is the day of your burial." The demon looked proudly at the Heaven Devourer, with a look of absolute control.

"Just because you two are worthy of the opponents of this demon master?" The Sky Devourer snorted, holding the Devouring Demon Sword, the magic light surging all over, without the slightest worry.

It is a master of the master class, how can it be afraid of such a junior.

However, what it puzzles is that the demon actually ambushed here in advance, and it can control the ancient southern capital. This is its most nervous. Could it be that the other party has already controlled the Chaos Nest?

Impossible, the Chaos Devil's Nest is so powerful that it is difficult for even a master-level master to sacrifice it. The devil is only a half-holy, how can the Chaos Devil's Nest be controlled.

"How did you know that this demon master will come here?" The Sky Devourer snorted coldly, this is what it most puzzled. "What's the problem?" The corner of the devil's mouth smiled: "The people under your command are investigating me and waiting in secret. Do you think I'm waiting for you? Although I can't find where you are, in the entire northern sky, There are only two core secrets, one is

One of the Secret Realm of Heavenly Demon is Ancient Southern Capital. The Secret Realm of Ancient Southern Capital is where our clan's secret plan lies. With your personality, you will definitely come to Ancient Southern Capital. I just need to set a trap here and catch a turtle in the urn. "

"It's up to you to catch turtles in the urn?"

"The two of us?" The demon sneered, "Hehe, come out."

Accompanied by the demon sneer, in an instant, boom and boom, a series of figures appeared in the void, and a strange demon master with a terrifying aura all over his body appeared. As soon as these masters appeared, the body was filled with endless terrifying aura. .

"I have seen Lord Demon, I have seen Shangguan Palace Master."

The masters of these alien demon races saluted one after another. Each of them was at least a master at the peak of Emperor Wu's limit, and even had the aura of a few people. The hidden energy approached the demon and Shangguan Xi'er, approaching half-sage.

When so many masters appeared, a terrifying murderous aura immediately surged across the world, countless eyes staring coldly at the Heaven Devouring Demon Lord and a group of alien demon masters behind it, revealing fiery, violent but cruel eyes.

This turned out to be a group of masters of alien demons with great strength.

Ancient Venerables in the distance, the aura of this group of masters is too strong, each one is almost close to Yan Licheng, although it is a bit worse than Yan Licheng's semi-sage, but it feels equally strong and terrifying.

The Ancient Venerable took a breath of air. It has been parasitic on Feng Shaoyu's body, and he has a very good understanding of the forces of the whole world, but he never expected that there are so many top powerhouses in Misty Palace.

"There are so many top martial emperors, no, they should be close to semi-sage masters of the alien demon race, they can almost sweep the entire continent, this misty palace is too hidden."

Gu Zunren's heart is palpitating. Considering the number of top powerhouses, Misty Palace has surpassed the union of many top forces in the Wu Continent today. How did it do it?

"Heaven Devourer, you are strong, but after two or three hundred years of business, do you think I will have no cards? Today is your death date, and you will be the stepping stone for me to enter the Holy Realm."

The demon flew above the big formation, with a move, many top alien demon monarchs immediately gathered in a group, standing above the ancient formation, each infiltrating the magic power into it, and some even plunged the soul into it.

"Do it!"

Accompanied by the demon's stern shout, many masters joined hands to launch a lore on the demon master.

"Boom!"

The magnificent demon energy turned into a cage of heaven and earth, and fell towards the Heaven Devourer and the others Qi Qigai below.

"Only you?"

The Heaven Devouring Demon Lord hummed coldly, holding the Devouring Demon Sword, his pupils turned into the sun and the moon, as if two rounds of the Demon Moon were rotating, and a sword slashed towards the large array in front of the roar.

"Break for this demon master!"

The sky-reaching sword energy rushed into the sky, booming, within a thousand miles, endless magical power boiled, a terrifying force slashed on the great formation, the whole ancient South was shaking, and the world was violently roaring.

If someone is looking at it from a high altitude thousands of miles away, you can see that the world below has turned into a demon world, enveloped by endless magic light, and at this moment, the magic light is surging violently.

Boom!

The magic array shook, but it was unscathed.

"what?"

The Devourer Lord was shocked. "Hahaha, Heaven Devouring Demon Lord, I am waiting to set up such a trap. If it allows you to escape easily, wouldn't it be in vain? This formation is the tallest Dakun Heavenly Demon Formation of our clan, and it is a great demon master-level formation. , Combined with the strength of the ancient southern capital, enough to suppress you

. "The devil is very rampant.

"Dakun Demon Formation?"

There was agitation from below the Heaven Devourer Lord. "Oops, Lord Sky Devourer, the Dakun Sky Demon Array is an ancient formation of our clan. This array is infinitely powerful and has infinite mystery. It is rumored that in the ancient times, my clan Dao Demon Master set up this formation and personally counted the great holy realm with the human race. Master clash, the Terran leader at that time

The sleeves were trapped in it, and they spent countless true yuan, and broke through at the cost of losing their own destiny. Once this array is in operation, the calamity is endless. "

The anxious voice of Black Blood rang in the ears of the Demon Lord. It is also an array master, and even an array master of an alien race, so it knows the mystery of this array.

[Chapter 2350: Catastrophe](#)

At this time, the Devouring Demon Lord was also caught off guard. It swung the Devouring Demon Sword, and the power of the Devouring Demon Sword was enveloped by the power of the Dakun Heavenly Demon Array combined with the strength of the ancient southern capital, and it was completely trapped in it. The ancient large formation was shrouded, and it was immediately suppressed by a burst of energy, the demon master-level power in the body was suppressed, and the large array of demon energy on all sides turned into magic runes. It is now completely trapped in Of the endless chaos in.

The chaos was constantly changing. Suddenly the north shook, and countless chaotic demon energy turned into a whirlwind of death, blowing over, and the sky was full of ghosts crying and howling. The black whirlwinds were extremely sharp, just like the attacks of demons. .

Huh!

A full twelve-five thousand seven hundred and sixty-two black magic winds blew over, and the Heaven Devouring Demon Lord felt that his flesh was aching, and these black magic winds blew on his body, and there was a feeling of suffering for his soul.

This is the Devil Wind Tribulation in the Da Kun Tian Devil Array.

boom! In the south, countless demon flames suddenly appeared, burning, and black demon flames were suspended in the void, showing the shape of demon heads, covering the sky, burning across the mountains and plains, like demon fire karma, burning and devouring. Demon

The flesh of the Lord.

In the West, floods are emerging.

The black magic water is rolling, the magic waves are overwhelming, one heavy and one heavy, endless.

In the east, countless dark magic stars appeared. The stars fell and turned into dark meteorites. Each meteorite contained the power of heaven, which could smash all things in the world and smash the avenue.

This is the horror of the Dakun Heavenly Demon Formation, and among the countless devilish energy, there are countless dense bones, ghost claws and devil hands, crazy infiltration, and it is impossible to prevent it.

Under the operation of this Great Kun Tian Devil Array, it can evolve endless calamities, burn the 33 layers of outer heavens, and smash the big world. This Great Kun Tian Devil Array can be revealed one by one.

In an instant, the Heaven Devouring Demon Lord encountered thousands of catastrophes, and these catastrophes were used one after another, and they were simply countless.

It is worthy of the big formation that almost killed the leader of the human race.

"Ah!" A crazy scream sounded, and the Heaven Devouring Demon Lord resisted this great formation, but it was difficult to resist the many demon masters under its command. In an instant, hundreds of demon masters fell and screamed. Turned into pure magic energy, integrated into the magic array

, is improving the power of the magic array.

The Heaven Devouring Demon Lord urged the Devouring Demon Sword and pierced into the void, devouring the demon energy of these demon men, preventing the large array from absorbing it.

"Everyone, follow my orders, gather together, center the demon master, and kill with me."

The Heaven Devouring Demon Lord urged magic power, and the magic light surged in his body, protecting the black blood and other masters of the alien demon race, and communicating each other's power together, generating an unprecedented power.

In an instant, the power in the body of the Devouring Demon Lord seemed to be aroused, and the Devouring Demon Sword radiated black light.

It was slashed out with a single sword, and hundreds of calamities were torn apart, one after another demon water was cut open, the demon flame was cut off, and the dark demon wind was also blasted away, shattering one after another.

"Devil, ant of the human race, can you stop me with these calamities? It is really ridiculous. Not only can these calamities not obliterate the magic power of this demon master, but they can make this demon master more temper and let this demon master The strength of the people accelerates the recovery."

The Heaven Devouring Demon Lord made a long roar, and his power surged more violently, swallowing the Demon Sword towards the sky, and the Demon Sword became infinitely larger, and would explode the light and shadow of the ancient southern capital in the sky. The Demon Sword swelled infinitely, and it actually opened up countless great calamities. I vaguely saw above the large array above. The demon

and others, in the continuous operation of the large array, the sword of the demon master, almost almost To split the big array, tear open a gap

mouth.

"No, so fierce!"

Many masters of alien demons couldn't help being shocked when they saw this scene.

"The Demon Lord is the Demon Lord. He has never recovered his strength. It is so terrible?" The demon is also shocked. It is also a semi-sage master, only one step away from the Demon Lord, but now I see the power of the Demon Lord. , Can't help changing color. Although the cultivation base of the Demon Lord has recovered a lot, it obviously has not recovered the cultivation base of the Demon Lord, and it has reached the semi-sage peak, and it is only one step away from the Demon Lord level. In theory, it should be with the Demon Lord. Regardless of top and bottom, but now we see

The Heavenly Demon Lord played against each other, and only then knew that in terms of strength, there was still a big gap between it and the Heaven Devourer.

The demon master is the demon master. "Damn it, it's all under the command of those Heaven Devouring Demon Lords who have integrated their power into the Heaven Devouring Demon Lord. Otherwise, because the Heaven Devouring Demon Lord has not restored the Demon Lord level cultivation base, it will not be able to withstand this Great Kun Tian Demon Array. The calamity of the array enters the body, the devil

The Lord is completely over. "

Demon flags suddenly appeared in the demon's hand, and these demon flags waved, and the great formation suddenly became more violent, and the demon's eyes flashed and looked at some of his men aside.

A black ball appeared in the hands of these people, bang bang bang, one after another squeezed, and suddenly, a wave of unique power fluctuations emerged in these people.

If Qin Chen were here, he would definitely be surprised, because he knew many of these people, but Situ Sheng, Wei Qingshan, and others who had participated in the Grand Tournament of the Ancient South with him and won the top twelve winners.

But at this moment, Situ Sheng, Wei Qingshan and others are all surging with black magic energy, their eyes are fierce, and they have completely turned into the demon head of the alien demons. An invisible force is combined with Gunan above their heads.

Hum!

Over the ancient southern capital, a starry chess board appeared, and a black figure fell, which was the will of the ancient southern capital.

A token appeared in the hand of the demon, "The will of the ancient southern capital, listen to my command, integrate the power of the ancient southern capital into the big array, and enhance the power of the big array."

"My lord, your order!"

The black ancient Nandu's will rumbling, and the power of the starry sky fell.

boom! The aura of the Dakun Heavenly Demon Array suddenly skyrocketed, and immediately the power of the calamity was ten times stronger. Amid the rumbling and roar, the light of the great array blasted into the 33rd layer, and the black beams of light passed through the sky, madly passing like a pillar of heaven. Towering in this north

The top of heaven.

Rumble!

At this moment, the entire Northern Heaven Territory seemed to be trembling, with a bang, the infinite magic swept through, the Yaozu mountain range collapsed in half, the ancient master was almost blown out, and the void was penetrated.

This wave of fluctuations swept wildly along the ancient Nandu at a speed of tens of thousands of miles per second.

Black death at the bottom of the marsh.

The boundless magic flame has faded, and the two naked bodies are tangled together.

suddenly.

"Om!"

The invisible power passed by, and the Chiyan Demon Lord and Mo Li were suddenly awakened.

"This magic?"

Mo Li and Chi Yan Demon Lord appeared in the sky of the Black Death Swamp, staring at the distant sky in amazement. The two looked at each other, and their eyes were shy, but the next moment, the two of them shook their bodies and disappeared. In place.

"That is?"

In the void tens of thousands of miles away from Ancient Southern Capital, Qin Chen and Mo Yuanbai also suddenly stopped, and felt this terrible energy fluctuation.

"It's Ancient Nandu, is it possible that the Chaos Devil's Nest has come?" The two men showed amazement in their eyes, and they were constantly in shape, swiftly rushing towards the ancient Nandu.
