

## Valkyrie 2351

### [Chapter 2351: Will meet old friends](#)

"call!"

Mo Li and Chi Yan Demon Lord were extremely fast, and after a short time they had already arrived outside the ancient southern capital. After seeing the scene in the ancient southern capital, their faces suddenly showed a look of horror.

"This is... Ancient Nandu?"

Both of them had horror in their eyes. At this moment, the Gunan in front of them was shrouded by a monstrous magical energy, and the endless magic power turned into a brand new realm, which looked like a black magic ball from a distance.

The magic ball exudes a palpating breath.

"What a terrible breath."

After devouring the power of the Dread Demon Lord, the cultivation bases of Mo Li and Chi Yan Demon Lord have been amazingly improved, and they have already touched a trace of semi-sacred realm, but under this breath, their faces changed.

Quietly glanced at each other, Mo Li and Chiyen Demon Sovereign had a tacit understanding and concealed into the void, carefully came to the outside of Ancient Nandu and saw the scene inside.

"Master Chi Yan, it is the Demon Lord, as well as the devil and Shangguan Xi'er." Seeing the scene inside, the two were shocked.

"Why are they all here?" Red Flame Demon Lord showed solemn eyes.

"Master Chi Yan, maybe I know the reason." Mo Li said solemnly, "There is a ruin here, the ancient southern capital, which is the one I told you before. I got the parasitic seed here." He took a breath: "It's here? So, this place should be an important place for our alien demon race. The reason why the Heaven Devourer and the demon spirit are fighting here is that there is a certain chance of this place. Some treasures,

Otherwise, the two sides will not meet here by coincidence. "

"Master Chi Yan, what shall we do next?" Mo Li's eyes flashed. "Hide it aside first, if there is any treasure here... Then..." A bloodthirsty color flashed in the eyes of the Chiyen Demon Lord, and the two of them even dared to swallow the Dreadlord, and naturally they would not be afraid. The demon Lord and the demons, the eyes

The light showed greed. After devouring the Dreadlord, the two obviously felt that their cultivation level had been amazingly improved, especially the Red Flame Demon Lord, who used to be just a small middle-ranked Demon Lord, but had experienced the sleep of the Heaven Demon secret realm and these years After his penance,

Not only has he entered the realm of the upper demon lord, but now he has even touched the threshold of the realm of the demon lord. All of this was experienced with Moli. Of course, there are also the merits of the Dreadlord. Although the Dreadlord only left a trace of the remnant soul, it has the origin of the Demon Lord, and this origin is still there at this moment. Slowly transforming its body

body. Of course, the key is that it and Moli's experience simultaneously swallowed the power of the Dreadlord, and after the two lingered, the power in the body was madly blended with each other, and the power of the parasitic seed that was swallowed in the body of Moli also into

inside its body.

These forces merge and merge, and Red Flame Demon can clearly feel the changes in his body.

"call!"

The two of them were cautious and quietly concealed into the void. Before concealing into the void, it couldn't help but glanced magically.

"Moli seems... quite handsome."

Red Flame Demon Lord licked his tongue, and there was an inexplicable trace of heat in his body. After tasting the taboo, it seemed to find that he fell in love with that feeling. It was really...cool!

Recalling the lingering past, a blush suddenly appeared on the white neck of Demon Chi Yan.

"Gudong!"

Mo Li also looked at Demon Lord Chiyan at this time, and couldn't help swallowing his saliva. The hotness in his lower abdomen made him startled.

Wouldn't you fall in love with Lord Chiyan Demon?

No... No... Mo Li suddenly felt that he was crazy, he would fall in love with a man? He was also the demon of the alien demon race, but when he looked at the mature and plump body of Demon Chiyan, there was an inexplicable sentiment and heat surge, and his heart was full of desire.

.

He was taken aback.

Damn, do you actually like men?

He was so scared that he quickly escaped into the void, but the heat in his heart couldn't be suppressed, and all the pictures of the wild and fiery appeared in his mind.

call!

Two black shadows escaped into the void and disappeared. Chiyan Demon Lord and Mo Li quietly hid, but all these were seen by the ancient Venerable not far away.

"Two more semi-saint powerhouses are here, and it seems that the aura should be an alien from the demon race, why hasn't the master come yet?"

Gu Zunren was extremely anxious, relying on him alone did not even have the courage to go up.

While he was anxious, Gu Zunren felt a familiar breath approaching.

"It's the master."

Gu Zunren was overjoyed. After his soul was controlled by Qin Chen, there was a slight connection with Qin Chen. He couldn't feel it before, but now Qin Chen is not far from the ancient southern capital. get in touch.

"The master is tens of thousands of miles away."

The ancient Venerable was excited and immediately sent out a message carefully, and then it was hidden deeper.

In the void tens of thousands of miles away, Qin Chen and Mo Yuanbai could already clearly feel the terrible depressive aura in the distance, and at the same time Qin Chen also felt the aura of the ancient Venerable's soul.

Suddenly, Qin Chen took out a piece of communication jade slip, and it was obvious that information had arrived. Qin Chen glanced at the communication jade slip, his eyes suddenly cold.

"Master, what's the matter?" Mo Yuanbai asked in confusion.

"I already know what's going on, Shangguan Xier, haha, Shangguan Xier..."

Qin Chen's eyes were cold, and finally he was about to see Shangguan Xi'er again. He didn't expect that Shangguan Xi'er and the demon were so courageous, they had planned to kill the demon Lord in Gunan. Fortunately, the ancient people were careful and did not rush in, otherwise if they broke into this Da Kun Heaven Demon Array If it's Gu Zunren, I'm afraid

Already ill-advised.

"This time, let me meet old friends."

Qin Chen's eyes were cold, and he quickly swept towards the ancient southern capital.

In Ancient Southern Capital, the battle has reached an extremely fierce level.

The will of the ancient Nandu appeared, the starry sky chessboard reappeared in the sky, and the power of the Dakun Heavenly Demon Array suddenly became ten times stronger, covering the body of the Heaven Devourer Lord again.

"Swallow the magic power, the world is turned upside down, the universe is reversed, and the world is opened!" The Sky Devourer also felt the pressure, and once again displayed the Devouring Devil Sword, violently swiping towards the sky, booming, reaching the sky, but the demon and many other masters united The power to get up is really too great, if it weren't for the Heaven Devourer's black blood

Waiting for the assistance of many alien demon masters, it can no longer hold on.

"Heaven Devouring Demon Lord, this is Ancient Nandu. This seat is an orthodox descendant of the alien demon race. It has the key to control Ancient Nandu. With my joint efforts, I see how long you can hold on." The demon laughed and looked at it. Savage and rampant, crazy shots.

### [Chapter 2352: Don't blame the devil](#)

Boom boom boom!

The roar of the big array, the devilish energy revolved, and the Heaven Devouring Demon Lord furiously resisted. "You deserve to be a master of the demon master. You can be proud of being able to persist in this great Kuntian demon formation for so long. However, why are you stubborn? Situation, instead of resisting, it's better to sacrifice

Own, let the Demon Master break through the realm of the Demon Lord. The Demon Master has been dormant in this Tianwu Continent for many years, and has long been familiar with the heavens of the Tianwu Continent. By then, he will not be suppressed by the heavens and will surely be able to glow with the glory of our race. Master devil, where are you? "

The demon's eyes shot out two black rivers of demon, into the demon formation, suddenly turned into a terrifying demon light bombarding the demon master.

This demon is indeed cheeky, so that the demon Lord of the Sky Devourers can give his life so high-sounding. "Hmph, why didn't you give your life? As long as you are swallowed by the demon master, the demon master will be able to restore to the peak cultivation base, and will still rule the Tianwu continent at that time." The sky devouring demon master was angry and was furious by the two magic lights. Boom, the body shook, and immediately

The array was tumbling, blood surging.

"The Lord of Heaven Devourer is really powerful, and even the Demon Master's destructive light can be blocked, but how many times can you block it?"

The demon made a punch with the power of the king over the world. The power of this punch was like a burst of stars, and a clicking sound came from the body of the demon master who was directly bombing.

Originally, the strength of the devil could not hurt the demon master at all, but under this great Kun Tian demon array, the strength of the demon increased crazily. "How is the Lord of the Demon thinking? If you dedicate yourself, this seat will definitely add to the history of our clan, but if the Lord of the Devil is stubborn, you will be the sinner of our clan over there. "The demon grinned, it was attacking

The psychological line of defense of the gods.

Shangguan Xi'er said nothing.

"Don't think about it!" The Sky Devouring Demon Lord roared, and the devilish energy burst out from his body, booming, bursting frantically.

Behind it, Heixue and others were frightened and madly instilling power into the Heaven Devourer Lord. "Tsk tusk, it seems that Lord Demon Lord is still stubborn." The devil shook his head, with a clear mind: "Don't you understand, Lord Demon Lord? You have only been out of trouble for a few months, but do you know that this seat is here in Tianwu? How long has the mainland been in business? Countless years

For the coming business, we have already set the next most complete plan, can't you understand it? If you continue to fight against this seat, your final result is still death! "

"What are you thinking about? It's better to give up following the Sky Devourer and follow the Demon Master. The Demon Master is the true heir of our clan, and it can be regarded as abandoning the dark and throwing light.

The devil is not only bewitching the Heaven Devourer, but also bewitching the Black Blood and others under the command of the Heaven Devourer.

"Don't think about it." Black Blood and the others were angry.

But not all alien demon races are as loyal as Black Blood and others. Some ordinary alien demon masters have been shaken in their hearts, and the power of instillation has also weakened a little, but they dare not show it.

"Hahaha." The Sky Devourer looked up to the sky and laughed, with an incomparably ferocious face, and said resentfully: "Demon, you are very good, do you really think that the devil is defeated? Damn it, this is the end of the matter, the devil. I can't care about it."

"Black blood, don't blame this demon master."

The Demon Lord suddenly turned around.

"grown ups."

Black Blood and the others are startled!

boom! Black tentacles suddenly appeared on the body of the Sky Devourer, thousands of tentacles, madly piercing into the bodies of Black Blood and others, only to see the black blood and others' community quickly shrivelled down, and the body's breath continued to drain. Essence and madness

Madness disappeared.

"Swallow Magic!"

The Heaven Devouring Demon Lord roared, his body gleamed with a mysterious black light, and as the aura of the black blood and others dissipated, its power was increasing crazily.

The Heaven Devourer was actually devouring the power of the strong under its command.

"not good!"

The demon was shocked, the face calmly disappeared, and hurriedly urged the large formation to attack the Sky Devourer, the terrifying attack was even more terrifying than before.

Other masters of alien demons are also crazy.

Shangguan Xier's hands appeared one after another, swiftly poking out, rushing into the big formation, and smashing the body of the demon Lord, the silk and the devil's body intertwined, and countless black flames emerged.

But it was useless. At this moment, the Heaven Devouring Demon Lord seemed invincible, with taboo black light permeating his body, madly devouring the power of the alien demons under its command, and its cultivation base was rising steadily.

"My lord, it is an honor for me to follow you."

The eyes of Heixue and others dimmed. Although the Sky Devourer finally killed them, there was no hatred in the eyes of a group of people, and they eventually burst into ashes and dissipated.

The remaining tens of thousands of alien demons were struggling frantically, howling in pain. Infinite magic power poured into the body of the demon Lord, and an uncoordinated magic power emerged from the demon Lord. When the tens of thousands of troops were completely destroyed and the smoke disappeared, the aura of the demon Lord had reached an unprecedented level.

Point.

"this is....."

Qin Chen and Mo Yuanbai arrived just in time and were shocked to see the Heaven Devourer devouring countless demons under his command.

The two hurried into the void and quietly joined the ancient master.

"Hahaha."

After devouring the power of countless alien masters, the Sky Devourer swelled to double its previous size, exuding a violent aura.

"The devil... As long as it swallows you again, this demon master will be able to restore his peak strength and die for me."

The Heaven Devouring Demon Lord swung the Devouring Demon Sword and slashed out with one sword. This blow was infinitely close to the power of the real Demon Lord level and reached a peak.

boom!

The Da Kun Tian Demon Array trembled violently and was torn apart at once.

"Devil, die for me!"

The Heaven Devouring Demon Lord came and slashed with a sword. The demon was shocked and hurriedly resisted. With a thud, he was blasted out and spouted blood.

"kill!"

Countless masters of alien demons under the command of demons came to kill one after another.

"roll!"

The Sky Devourer only shook, these people all flew out backwards, and the Sky Devourer stared at the devil and killed it again, "Devil, you want to kill this demon Lord and die for me. "

It roared, exuding taboo power, but a red figure flashed, blocking the body of the demon Lord.

It's Shangguan Xier.

"dead!"

Shangguan Xi'er roared, and red scorpions flew out from his body, turning into nets of heaven and earth. There were thousands of scorpions in the sky, crazily entwining the demon Lord.

Moreover, her slender hands stuck out, and the crystal palms contained endless terrifying power, which suddenly blasted the Heaven Devourer.

"boom!"

The Sky Devourer was stunned, and a trace of blood overflowed from the corner of his mouth. But the next moment, it roared, with a bang, the sky full of Lingluo was bombarded by the devilish energy on its body, and then cut out with a sword, Shangguan Xi'er was immediately blown up. Blood spurted wildly with his mouth open.

one strike! Shangguan Xier was seriously injured.

### [Chapter 2353: Chaos Nest comes](#)

"Damn it! Suppress me!"

The demon was furious, urging the power of Ancient Southern Capital.

Suddenly, Gunan stared volitionally, and the black figure suddenly exploded with monstrous power.

boom!

The terrifying power shattered and imprisoned the Demon Lord, but the Demon Lord just roared, and then shook the shackles of Ancient Southern Capital and killed the demon.

"Swallow it for me."

The Devourer demon roared furiously and slew towards the devil.

"Block it!" The magic light appeared on the devil's body, but it couldn't stop the attack of the demon Lord. He was constantly bombarded out, and its aura was empty. It looked at the devil master in anger, and couldn't think of the devil master. When he was bound by the Dakun Heavenly Demon Array

When, there is such a desperate power.

"Dakun Demon Formation!"

The demon vomited blood, and a stream of black blood melted into the void, and the power on the Dakun Heavenly Demon Array was even greater, turning into countless calamities to cover the Heavenly Devouring Demon Lord.

"Damn the big formation, break this demon master!"

The Heaven Devouring Demon Lord shot frantically, suddenly rumbled, and was continuously destroyed, while the demon's face became paler and furious and backed away.

"Master Chi Yan, what shall we do now?"

In the void, Mo Li watched this scene anxiously.

"hold on."

The Chiyan Demon Lord was also anxious. If the Heaven Devouring Demon Lord killed the demon, and the power that swallowed the demon restored the Demon Lord's power, then it would be impossible for them to make a profit.

Demon Lord, that is another realm, not to mention that they touched the Demon Lord realm, but they are too far away from the real Demon Lord.

Boom!

At this moment, there was a big earthquake in the sky above the ancient Nandu, and a breath of suffocation passed down. I saw the sky above the ancient Nandu, the boundless void cracked, and a hazy shadow was looming, and a breath that shocked the entire continent was suppressed. .

"what is that?"

Mo Li looked at the sky in amazement.

"It's the Chaos Nest!"

Qin Chen, who was also hiding in the void, was shocked that the Chaos Devil's Nest had come so soon.

"The Chaos Devil's Nest has come?" At this moment, everyone looked up and looked at this scene in amazement. Everyone could feel the horrible aura of a shadow looming in the sky. Although the Chaos Devil's Nest had not really arrived, there was a hint of breath. To convey it, it shows that the Chaos Demon

The nest has already connected with the space of Tianwu Continent.

Is coming.

At the moment when the Chaos Devil's Nest descended, the entire Tianwu Continent saw a group of terrifying phantoms above the heavens, even including the Martial Domain, everyone looked up, and there was boundless panic in their hearts.

The hearts of all races seemed to be pressed on a huge boulder and felt extremely heavy. The stronger the cultivation base, the more they could feel the oppression of this terrifying shadow on the Tianwu Continent.

"Haha, it's Chaos Nest."

"My family's treasure."

"The Chaos Devil's Nest has come, and our race will be able to completely control this continent."

Numerous powerful strange demons scattered all over the mainland came out with surprises, roaring wildly, and extremely excited.

Rumble!

At the same time, the Tianwu Continent was shaking, and Heavenly Dao seemed to perceive the danger, shaking violently.

"The Chaos Nest is coming."

The demon's eyes flickered, and excitement emerged in his heart. It had waited for this day for too long, but when thinking of its own situation, it had a hideous look in its heart, and its eyes were cold.

"The Chaos Demon's Nest is coming at the right time. Is this celebrating the breakthrough of the Demon Lord." The Heaven Devourer laughed and rushed towards the Demon Spirit. It is now only a thin line from the Demon Lord level, and it can break through at any time. Killed the demon, swallowed the power of the demon, it can not only restore the demon master level, but also make its own power

Even better.

When the Chaos Demon Nest comes, it can easily restore its peak cultivation base and control the entire continent.

"Boom boom boom!"

The demon was attacked frantically, and continued to add injuries to his body, and roared: "Palace Master Shangguan, don't you still do it?"

The seriously injured Shangguan Xi'er's eyes were cold, and a jade bracelet suddenly appeared in his hand. The jade bracelet was thrown out, hum, and suddenly turned into a pure white circle wrapped around the demon Lord.

"What is this?"

The Heaven Devourer frowned, slashed out with a sword, ding, the white bracelet trembled, and kept shaking, Shangguan Xier's complexion turned red, apparently suffering a very serious injury, and blood spilled from the corner of her mouth.

But she urged the bracelet to suppress the Devourer.

"You guys don't do it yet?"

The demon roared at the alien demon master who controlled the big formation.

"kill!"

Many masters of the alien demon race came to kill, the Sky Devourer roared and furiously resisted. These people couldn't get in at all, and they were blown out one by one, covered in blood, and their robes shattered.

"Fu Jingcheng, Emperor Fengyun Sword, Emperor Wudi Zhao Jitian, Sikong Changtian and the others..."

Seeing these people, Qin Chen was taken aback and showed surprise.

He had recognized Wei Qingshan and others who had received parasitic seeds before, but he did not expect that Sikong Changtian and others were also here, and they had all been taken away by alien demons.

"This foreign race is so big..."

Mo Yuanbai also sucked in the air. Sikong Changtian and others were the top masters in the martial arts. They were so famous, but in the past two to three hundred years, they disappeared one after another. No one knew where they went. It was taken away by the alien demon.

In the past two to three hundred years, how many evil things did Misty Palace have done with alien demons?

"Master, do we want to make a move now?" Mo Yuanbai said with cold eyes: "If the Heaven Devourer or the Demon Lord wins, it will be in trouble."

"Don't hurry."

Qin Chen took a deep breath and frowned, "I always feel something is wrong, Shangguan Xi'er is seriously injured too easily, with her scheming, would she work so hard for the alien demon?"

"Are you saying that Shangguan Xi'er still has a hand? It's impossible, right?"

Mo Yuanbai was taken aback for a moment, he could not see any sign of retaining his hand, not to mention that it was impossible to retain his hand in front of a master like the Demon Lord.

"Master, the subordinates didn't see the problem either."

Gu Zunren also said, from the perspective of his once holy realm, there is no problem.

Qin Chen shook his head: "It can't be said. I always feel that Shangguan Xi'er will not be that simple. Let's take a look first. What's more, Moli and others have not taken action yet. If the matter is urgent, they will not be able to survive it first. Do it."

Sure enough, as soon as Qin Chen's voice fell, a vague wave flashed in the void ahead.

Boom!

In the white-hot stage of the stalemate between the Demon Lord and the Demon Spirit, two dark shadows suddenly appeared, one after the other suddenly blasted towards the Demon Lord.

It was Mo Li and Chi Yan Demon Lord.

The two of them had savage gazes, their bodies burned with magic light, and the terrifying power instantly blasted the Heaven Devourer.

Compared with the seriously injured Demon and Shangguan Xi'er, the Devourer is more threatening. As long as the Devourer is killed and swallowed, the two of them can work together to deal with the Devil and Shangguan Xi'er. So, they shot at a critical moment.

#### [Chapter 2354: it's time](#)

The terrifying power instantly suppressed the Heaven Devourer and the others.

The palms of the two fell, as if hitting a piece of hard iron stone, a series of weird magic pattern runes, instantly stopped in front of the two of them, resisting their attacks, causing their attacks to not penetrate at all.

what?

Mo Li and Chi Yan Demon Lord were shocked, this Heaven Devourer was so strong?

"Two despicable guys, this seat has been waiting for you for a long time, get out of here!" The Sky Devourer sneered as he watched the sneak attacking Mo Li and Chi Yan Demon Lord, and smirked.

boom!

The terrible power swept away in an instant, Mo Li and Chi Yan Demon Lord shook their bodies, and blood overflowed from the corners of their mouths.

It was too strong. With just one blow, Demon Li and Chiyen Demon Lord were seriously injured. The Sky Devourer could survive the suppression of the Abyss Demon Clan for so many years, and even the high-ranking foreign races were jealous and sent to the Abyss Demon Realm with strength. Naturally, it is definitely not idle.

The Heaven Devouring Demon Lord's body haunted the black light, continuously blasting into the bodies of Demon Li and Chiyen Demon Lord, and a terrible devouring force was born, and it was about to swallow the power of the two.

Mo Li and Chi Yan Demon Lord felt the power in their bodies fading away crazily.

"Swallowing Devil Bottle!"

Red Flame Demon Lord roared, a black magic bottle suddenly appeared in the void, the mouth of the bottle flashed, and a terrifying force blasted the body of the demon Lord.

At the same time, the two urged the power of the Dread Demon Lord, resisting the devouring power of the Heaven Devouring Demon Lord, and saw frantically.

"Huh?" The Sky Devouring Demon Lord frowned and looked at Mo Li and Chi Yan Demon Lord, "The two little Demon Clan boys actually possess the power of the Demon Lord level? Okay, let this power be given to this seat."

The Lord of the Devouring Demon roared, running the devouring magic power, devouring wildly

The Heaven Devouring Demon Lord single-handedly resisted the attacks of Shangguan Xier, Demon Spirit, Demon Li, Chiyen Demon Lord, and foreign masters who had taken away Fengyun Sword Emperor Fu Jingcheng and others, and the two sides were intertwined.

"This is the time!"

Qin Chen's eyes were cold, "Do it!"

With a loud shout, Qin Chen moved swiftly, rumbling, he shot out of the void and rushed directly into the battlefield.

In fact, he still wanted to wait a lot, and waited for the three sides to lose and even somebody fell. But considering that the Chaos Nest is about to come, he finally couldn't help it.

"dead!"

Hum!

As soon as Qin Chen came up, he burst out with all his strength, and the demon sword suddenly appeared in his hand, the terrifying sword light pierced the sky, the dark green sword aura filled the sky, the mighty sword aura tore through the heaven and the earth, and madly slashed down at the demon master .

And at the moment Qin Chen started his hands, Gu Zunren and Mo Yuanbai also started their hands together.

This sudden scene stunned everyone.

what?

The Heaven Devouring Demon Lord also did not expect that there was a master hidden outside the ancient Nandu. Seeing Qin Chen killing him, his eyes suddenly condensed.

"It's you!" The Heaven Devouring Demon Lord naturally remembered Qin Chen as the boy who was in the Hall of Abyssal Demon Lord. At the same time, there was a crisis in his heart, his eyes sank, and he could not continue to fight against Demon Li and Red Flame Demon Lord. With a boom, the two of them flew out, and at the same time

Pushing the Devouring Demon Sword, a sword slashed towards Qin Chen.

"A trivial human race kid, dare to come and die, and die for this demon lord!"

The Heaven Devouring Demon Lord roared, and the endless magic power surged above the sky-reaching magic sword. Layers of magic light swept across, visible to the naked eye, turning into a hundred feet of pitch black sword light, and fell down.

Boom!

The dark green demon sword and the devouring demon sword collided with each other, and the sky was shocking. Qin Chen only felt a huge impact, and the blood in his body surged, almost spurting out a mouthful of blood.

So strong! He was shocked that the strength of the Heaven Devouring Demon Lord was indeed very strong, and there was a terrible devouring force in this terrifying Demon Sword, if it weren't for Qin Chen's Immortal Body to enter the ninth stage, and Entered the semi-sacred state, changed to Zeng

The experienced Qin Chen would definitely be injured by this move.

No wonder that Shangguan Xi'er, Demon Ling and others were bombarded with a single stroke before. This Sky Devourer was simply too strong.

"Is this a master of the demon master?"

Qin Chen's heart was shocked, but his body was full of fighting spirit.

"Well, blocked it?"

Qin Chen was shocked, and the Sky Devouring Demon Lord was even more shocked. He had no idea that Qin Chen could block his attack. Shangguan Xi'er and the others also stared. It should be known that Moli and Chiyan Demon Lord also secretly shot before, but when they joined forces, they were instantly stopped by the Heaven Devourer Lord and injured, and Qin Chen, a young man, actually blocked him, and Nothing at all

Have.

This is completely beyond everyone's imagination.

And when everyone was shocked, Mo Yuanbai and Gu Zunren had already killed the Demon Lord.

"dead!"

A terrifying flame surged in Mo Yuanbai's hand. It was the fire of the sky fire and the sun. The mighty fire of the sun formed a flame rune, wrapped around Mo Yuanbai's palm, and pressed it down.

"roll!"

The Heaven Devourer yelled, and slapped his backhand towards Mo Yuanbai with a bang. Mo Yuanbai snorted, and he was blown out immediately, with traces of demonic energy entwined on his body. Down, he was already injured. However, the Heaven Devourer Master's palm was also wrapped with a trace of Liyang Fire. Chichichi. The terrible Liyang Fire madly burns the devil energy on the Heaven Devourer's body. Mo Yuanbai immediately looked at him hopefully. The fire of the sun is the legendary fire of heaven, which can

Enough to burn most of the things in the heavens and the earth, I believe the Sky Devourer will definitely be unable to resist.

The Lord of the Devouring Demon snorted coldly, "Swallowing Demon Art!"

Hum!

A black light flashed, and the fire of Liyang instantly extinguished and turned into nothingness.

"what?"

Mo Yuanbai was frightened, his proudest Liyang Fire was destroyed in an instant, and his heart was suddenly severely hit.

Destroying the Liyang Fire, the Heaven Devouring Demon Lord did not hesitate, turned around and slammed at the ancient master, "Get out of here!"

Boom! The palms of the two collided. In the eyes of the Heaven Devourer, the cultivation base of the Ancient Venerable was similar to that of Mo Yuanbai. After the palms of the person touched together, His face changed suddenly.

Because there is an extremely terrifying force in the attack of the ancient master.

"Are you... a strong human being in the Holy Realm?"

The Heaven Devouring Demon Lord's eyes widened, and Devouring Devil Skill suddenly broke out in his body.

Boom!

The Ancient Venerable was blasted out by the palm of the Demon Lord, but the Demon Lord himself was also surging with layers of black demon energy, these demon energy surged wildly, and finally calmed down.

Whoosh whoosh!

Qin Chen and the three people fell far away, coldly looking at the Demon Lord, all of them exuding an icy breath.

The appearance of the three Qin Chen shocked the Demon and the others.

"These human beings." The demon's heart sank, and he glanced at Shangguan Xi'er who was seriously injured not far away, and a flash of coldness suddenly flashed in his eyes.

#### [Chapter 2355: Warlord](#)

The strength of the three Qin Chen gave the demon a great psychological pressure.

For a time, the four camps on the field radiated strong hostility among each other.

Qin Chen held the dark green demon sword, his eyes were gloomy, and the strength of the Heaven Devouring Demon Lord exceeded his expectations, and the difficulty of beheading him was not ordinary.

However, it is not impossible.

"Qin Chen!"

Mo Li wanted to look at Qin Chen, and said coldly, with a cold and resentful look in his eyes.

It was Qin Chen who defeated him in the ancient southern capital that year, and became the first in the ancient southern capital. Now that the two sides meet again, countless emotions naturally emerge in their hearts.

"Magic Li." Qin Chen smiled slightly: "Unexpectedly, you also broke through the semi-sage realm?"

"You can break through, why can't I?" Mo Li snorted coldly. Not far away, Shangguan Xi'er stared at Qin Chen intently. She felt like a thunderous to Qin Chen's name, but it was the first time she really faced it. When she was in the Abyssal Demon Secret Realm, she didn't care much about Qin Chen. Now, the reality Qin Chen revealed

Power made her deeply jealous.

Is this the kid who destroyed her countless plans in the Misty Palace? Hearing that he was still the descendant of Pochen Wuhuang, Shangguan Xier's heart suddenly flashed through.

"Shangguan Xi'er, you are also a human race, and you have colluded with the alien demon race to harm my human race powerhouse, do you still have any humanity?" Mo Yuanbai suddenly said with a cold snort.

"Humanity?" Shangguan Xi'er wiped the blood from the corner of her mouth and sneered: "In this world, the strong is respected. Apart from strength, humanity is nothing."

"Jie Jie Jie."

"This Human Race kid doesn't want to win over Shangguan Palace Master, right?"

"Quack, the palace lord of Shangguan is an ally of our alien demon race, how can he be attracted to him." Fengyun Sword Emperor Fu Jingcheng and others laughed grinningly, and Qin Chen sighed in his heart. Although humans have human bodies, in fact, they have already been taken away by alien demons. In essence, they are all alien demons.

.

Hum!

In the sky, the strong oppressive force is even worse, a terrifying breath lingers down, and the magical power lingering between heaven and earth is even more terrifying.

The Chaos Nest, coming in a little bit.

"Mo Yuanbai, Ancient Venerable, you two deal with the devil and the devil, and the Heaven Devouring Demon Lord will leave it to me."

Qin Chen said coldly, he was actually prepared to use his own power to fight the three major forces present.

"the host."

"Master!"

Gu Zunren and Mo Yuanbai exclaimed, showing concern.

It was no problem for them to deal with the seriously injured Demon Spirit and others, but Qin Chen dealt with the Heaven Devouring Demon Lord alone, this...too dangerous.

"Master?"

Hearing Mo Yuanbai's address to Qin Chen, the others didn't care, but Shangguan Xi'er was shocked, she looked at Qin Chen in amazement, her face turned pale, her eyes full of fright.

"listen to me."

Qin Chen took a deep breath, not paying attention to Shangguan Xi'er, his eyes were cold, but he stared coldly at the Demon Lord.

He didn't have too much time to waste. Once the Chaos Demon Nest came, it would be troublesome. He must kill the alien demons present as soon as possible and not give them a chance to improve.

"Yes."

Gu Zunren and Mo Yuanbai also knew that the matter was urgent, turned their heads to look at the demon and the others, and rushed up instantly.

Boom!

Among them, the ancient masters aimed at the demon and others, while Mo Yuanbai's eyes fell on the demon Lord Chiyan and Mo Li.

As for Qin Chen, confronting the Heaven Devouring Demon Lord, his fighting spirit was boiling.

The Heaven Devouring Demon Lord couldn't help but grinned: "Just relying on you as a human kid, you want to deal with this Demon Lord?"

"Try it and you'll know."

Qin Chen sneered, his body suddenly moved.

Boom, he rushed out like a cannonball with lightning.

"Yu Jianshu, demon sword rise!"

Above the dark green demon sword, a terrifying killing intent surged towards the demon master. The Heaven Devourer was not afraid, urging the Devouring Devil Sword to block it, with a boom, the two forces collided, and a sky-shattering roar erupted. Under one blow, Qin Chen's figure shook, but the Heaven Devourer remained motionless and could go down. For a moment, hum, a black line in the void

The Great Ding appeared, the Great Ding rotated, and the crazy cover fell down.

It's Zhen Mo Ding!

The Demon Suppression Cauldron revolved, exuding a terrible demon suppression aura. Under Qin Chen's urging at this moment, it rumbling and roaring, like a divine sound outside the sky, suddenly blasted on the Demon Lord.

Cang Dang!

The body of the Sky Devourer shook wildly, and a terrible force suppressed it, confining it to death, and refining it crazily.

"Devil Suppressing Cauldron, your kid actually has Devil Suppressing Cauldron on him."

The Heaven Devouring Demon Lord roared and was frightened. He did not expect that Qin Chen would have a treasure like the Suppression Demon Cauldron. This was a treasure of the ancient human race and once killed a master of the Demon Master level. Of course, it was urged by the holy realm master of the ancient human race, but now although Qin Chen has not stepped into the holy realm, the Heaven Devouring Demon Lord is far less terrifying than the ancient peak period, and black smoke suddenly appeared on his body. This is not the devil on it

Qi is boiling, but devil energy is being extinguished.

With a successful move, Qin Chen did not hesitate, and with two whispers, Qinglian Demon Fire and Youkong Binyan were released at the same time.

Two terrifying sky fires bloomed with dazzling light at the same time, and instantly enveloped the Sky Devourer Lord, burning wildly.

"what!"

Although the Heaven Devouring Demon Lord was powerful, under the bombardment of Qin Chen's many attacks, he was frightened and roared again and again.

"Damn it, Ten Thousand Demon Dynasty Sect!" The Sky Devourer roared and boomed, and countless demon energy burst out in his body. These demon energy turned into demon heads, which instantly shook the power of Qinglian Demon Fire and Nether Sky Ice Flame. A little bit, and also shook the Summoning Cauldron away, suddenly from the encirclement

Rush out.

"Empty Thunder Sword Domain!"

Naturally, Qin Chen would not give the Heaven Devouring Demon Lord a chance to escape, and the empty thunder sword domain was used. In an instant, this place turned into a sea of thunder, and the endless thunder light surged and enveloped the Heaven Devouring Demon Lord.

"The gods are shattered!" Moreover, Qin Chen used the Wanshen Art and the Heavenly Soul Forbidden Technique, and a terrifying soul impact instantly blasted towards the Sky Devourer, exploding directly in his mind, and at the same time he induced the power of blood in his body. A huge pillar of thunder and lightning that penetrates the sky and the earth instantly blasts

Falling into the body of the demon master.

"Ah, this demon lord is \*\*\*\* off."

Deep burn marks appeared in the body of the Sky Devourer, and there was also a sharp pain in the soul. The soul of the master-level master is extremely terrifying. It was by no means a human soul attack capable of shaking, but the heavenly soul forbidden technique cultivated by Qin Chen was a heavenly secret technique. He used this technique to defeat the ancient venerable person at the beginning, even if it was eaten. The devil is so high

The hands are also traumatized.

"Smelly boy, do you think you can kill this demon master this way? Die to this demon master!"

The Heaven Devouring Demon Lord roared, his body was surging with devilish energy, and with a boom, he broke through Qin Chen's empty thunder sword domain, and dark devilish energy crazily entangled.

"Quack, your Excellency is so strong, if you swallow your blood, the strength of this demon master will definitely be stronger." The devil master was charred and roared grinningly.

[Chapter 2356: Lao Yuan appeared](#)

"what?"

Qin Chen didn't expect the Heaven Devouring Demon Lord to be able to resist under this circumstance, and immediately urged the thunder bloodline in his body, and countless thunder lights bloomed, madly hitting the black tentacles.

He had seen it before that the Heaven Devourer used these tentacles to swallow many of its subordinates, so he was extremely jealous of these tentacles.

It's crackling.

Thunder light surged. After entering Qin Chen's Thunder Realm, these tentacles suddenly crackled on top of the scorched black, and turned into black magic energy, but there were still many black tentacles that were not damaged, and appeared on Qin like lightning. Before the dust.

So strong?

Qin Chen was shocked, and hurriedly used the demon sword, puff puff puff, and his tentacles were slashed. This was also the reason why the demon sword restrained the power of the alien demon race. It would not have such an effect when turned into another magic weapon. .

But the tentacles displayed by the Sky Devourer were too many, densely packed, crazily entwining Qin Chen.

"Kid Qin Chen, use Ancestral Demon Blood Sutra."

Lao Yuan's voice came from the jade disc of good fortune in the universe.

"Ancestral Demon Blood Sutra!" Qin Chen immediately urged the Ancestral Demon Blood Sutra, hum, a simple blood black magic book appeared on top of his head, but the moment the Ancestral Demon Blood Sutra appeared, Qin Chen felt that the ancient southern capital was devilish. The oppression of oneself has been obviously reduced a lot, and an invisible light of blood flows from

Ancestral Demon's Blood Sutra burst out.

Puff puff.

The tentacles of the Heaven Devouring Demon Lord continued to burst under the power of the Ancestral Demon's Blood Sutra.

"The Ancestral Demon Blood Sutra is actually in your hands?"

There were many exclamations from the field, and the eyes of the Sky Devouring Demon Lord, Demon Spirit, Chiyan Demon Lord and others fell on the Ancestral Demon Blood Sutra on Qin Chen's head, revealing greed.

The Ancestral Demon Blood Sutra is the sacred object of their alien demon races. As long as the Ancestral Demon Blood Sutra is refined, their strength can be improved as never before.

It's just that this Ancestral Demon Blood Scripture was found in the Abyssal Demon Secret Realm by the Lord of Abyssal Demon. How could it appear in the hands of this Human Race kid?

Moreover, how can a human being spur the blood of the Ancestor Demon?

"Ancestral Demon Blood Sutra!"

Fiery light burst into the demon's eyes, but it didn't care about coveting the Ancestral Demon Blood Sutra, because under the attack of the ancient master, it retreated again and again and was in crisis.

Qin Chen urged the blood meridian of the ancestor demon to resist the devouring of the demon Lord, urged the demon sword to continue to cut, and the heavenly soul forbidden technique was used frantically, so that the demon Lord was dizzy and his soul was injured again.

"Damn it, how is it possible that you, a small human race, can hurt this demon master with a soul attack?"

The Heaven Devouring Demon Lord roared, and demonic energy suddenly appeared on his body: "Alien demon transforms!"

Click!

Originally there was a two or three-meter-high Sky Devourer, but his whole body suddenly burst with black demon energy, and transformed into a huge demon head more than seven or eight meters high, full of demon energy. On its surface, many \*\*\*\* scales appeared, all over the body. Extremely hard.

boom!

A terrible devouring force burst in its body, swallowing all the power of this world.

This is a forbidden technique, which will greatly deplete its origin, but at this time, the Demon Lord can't control it.

After the transformation, the power of the Heaven Devouring Demon Lord unexpectedly soared again.

Cang!

Qin Chen's demon sword slashed on it, bursting out countless sparks, and it was unable to harm it.

"How did the defense of the Sky Devourer improve so much?" Qin Chen was taken aback. "Kid Qin Chen, this is a method that can only be used by a master-level demon." Lao Yuan said in a deep voice, with an anxious voice: "The Chaos Demon Nest is coming soon. I went out to deal with the Demon Lord together.

"

"Can you come out?" Qin Chen asked in shock.

"This is the ancient southern capital, and the power of the Chaos Demon Nest is coming. I appear in this space and will not be suppressed too much. Who makes your strength so much higher? My pure Origin Qi has not much to your strength. Promoted."

"Okay." Qin Chen heard the words and immediately opened the ban on the jade discs.

"Fucky boy, die to me!"

The Devouring Demon Lord is like a demon god, killing him frantically.

Boom!

At this moment, a terrifying red claw emerged from the void, and the claws like a spar slammed into the palm of the Heaven Devouring Demon Lord, and suddenly erupted with a terrifying roar, and the whole Gunan was shaking violently.

what happened?

Everyone looked at it with amazement, and saw a terrifying alien beast appeared in the void. It was extremely large, and its body was like a hill. The huge claws collided with the Sky Devourer madly, and they were evenly matched.

"Hahaha, my old source can finally come out."

The scarlet monster looked up to the sky and roared.

"Yuan Beast!"

"It's Yuan Beast!"

"This kid actually has a Origin Beast."

All the alien demons present were stunned.

The Sky Devourer was also very shocked, but immediately showed ecstasy: "Hahaha, God helped me, such a source beast, as long as it swallows you, this demon can definitely recover to its peak in an instant."

"Sky Devourer, you think too much."

Lao Yuan shouted angrily, killing him like lightning.

Boom!

The two huge bodies collided with each other, like a mountain collapse and the ground cracked, fighting wildly.

Qin Chen also took action. After having the old source, Qin Chen's pressure was greatly reduced, and he had a lot of treasures, and immediately crushed the Heaven Devouring Demon Lord.

However, the Heaven Devourer Lord has a deep cultivation base after all, roaring again and again, and in a short period of time, he cannot be defeated.

At this moment, although the ancient master had the absolute upper hand, he could not kill the demon and Shangguan Xier in a short time. "It can't go on like this." Gu Zunren's eyes were cold, and he turned to look at other masters of the alien demon race. He must end the battle as soon as possible to help Qin Chen. Since the demon and Shangguan Xi'er can't be killed in a short time, then take it. Other masters of alien demons start

.

Thinking of this, he urged the harrier plate to directly kill the masters of the alien demon race.

Although the remaining masters of the alien demon race were also close to the semi-sacred realm, they were far worse than the demon and Shangguan Xi'er. They were not the opponents of the ancient masters at all, and they vomited blood and were blown away.

If this continues, within half an hour, except for the demon and Shangguan Xi'er, all the other masters of the alien demon race will fall.

"These guys are really rubbish."

The demon looked very embarrassed, but no one saw it. Deep in its eyes, there was a cold and cold light.

"Wow!"

The demon came to Shangguan Xi'er instantly.

"Palace Master Shangguan, you can't continue this way. Once you wait for the men of this seat to fall, then the two of us will be in danger and we must stop them." Mo Ling said coldly.

"What do you want to do?" Shangguan Xier spit out blood and frowned, with anxiety in his eyes.

"The forbidden art of my race taught by you can swallow the power of the alien demon. I will entangle that guy, and you will swallow all the power of the alien demon under my control and break through the holy realm. That's the only way. There is only a silver lining."

The demon gritted his teeth.

"Swallow them?" Shangguan Xi'er looked at the masters of the alien demon race, and there was a sudden surge of blood in his eyes.

#### [Chapter 2357: So cruel heart](#)

"Yes, I'll stop that ancient person, you will devour those alien demons. Many of these alien demons possess parasitic seeds and swallow their power. You are very likely to enter the Holy Realm." Ling gritted his teeth.

"how about you?"

Shangguan Xier's eyes flashed, gritted her teeth and said: "It's better for you to devour those alien demons. I will stop the ancient master. I have a diamond bracelet. The ancient master may not be able to defeat me in a short time." Shangguan Xier sighed: "Shangguan Xier, don't you understand? I am the heir of the alien demon race. As long as the Chaos Demon Nest comes, I will be able to break through the Demon Lord level, but what about you? Your current blood soul Dafa Did not practice to the peak,

The true essence in the body has not been completely transformed into my clan's demon source. Only by swallowing enough of my clan's original source, can it be possible to use the power of the Chaos Demon Nest to make you break through to the demon master level. "

"So this is the only way, so I will give you this opportunity." The demon looked at Shangguan Xi'er, with a hint of compassion in his eyes: "Palace Master Shangguan, although you and I are not of the same race, but For hundreds of years of getting along, I have already regarded you as a companion of my clan. After so many years, don't you understand my heart?

That Feng Shaoyu is not worthy of you at all. "

The demon said excitedly. Shangguan Xi'er smiled bitterly, "I understand, demon, when the Chaos Demon Nest comes, this Tianwu Continent will completely become our world, and then we will return to the Alien Demon Continent. By then, both continents will inherit you. My two will.

"

Shangguan Xier was full of spirits.

"Well, there will be one day, I will go."

The demon also said excitedly, whoosh, his figure shook, and he rushed straight to the ancient venerable.

Shangguan Xi'er didn't see the demon after turning around, a mocking smile was quietly sketched out of the corner of his mouth, and there was a cold flash in the depth of her eyes.

"You, all retreat, let me deal with Gu Zunren."

boom!

The devil killed him and directly attacked the ancient venerable.

The stray masters of the alien demon race who had been killed by the ancient masters stepped back one after another, their bodies lingering with demonic energy, with scars on their bodies.

"Exotic demons, die for me."

Gu Zunren yelled, he was about to kill a lot of people, who knew that at the last minute, this demon would come to die by himself.

In anger, the ancient master directly urged the harrier plate, and immediately a black thread entangled towards the demon. The demon suddenly felt like his whole body was restrained by an invisible force. It hurts.

"I'm an alien demon clan demon master, I want to kill me too?"

"Curse the magic light!"

The demon had a hideous face, and the magic patterns in his pupils flickered, and a dark and emptied magic light swept across, instantly resisting the attack of the ancient master.

On the other side, Shangguan Xi'er looked at the badly wounded masters of alien demon race, a sharp light flashed in her eyes.

"You all come here." She shouted, giving orders.

"Yes, Lord Palace!"

Many masters of the alien demon race hurried back, covered in blood, some people broke their muscles and fractured, and the magic energy lingered on the wound, the wound squirmed and healed frantically.

When the group of people approached Shangguan Xi'er, blood flashed in Shangguan Xi'er's eyes, and he shot immediately.

boom!

She raised her hand, shot between the sparks, and suddenly punched out the diamond bracelet.

In the void, the mighty diamond bracelet flew out, as if it could penetrate through the heavens and domains, it was extremely heavy, and it grew rapidly, waiting for the endless energy to be suppressed, and enveloped the many alien demon masters below.

"Palace Master Shangguan, what are you doing?"

Many masters of the alien demon race were shocked, their faces were amazed, and they all tried their best to resist, trying to break free from Shangguan Xi'er's attack, and roared angrily.

They didn't expect that Shangguan Xier would actually do something with them. How powerful is the explosion of dozens of masters of the alien demon race, even Gu Zun people can't take it for a while, how can Shangguan Xier do it? With a bang, the monstrous devilish energy soared to the sky. The master of the alien race soars into the sky, and his body is blooming

The breath of release suppressed the world, swept across the universe, and directly withstood the diamond bracelet, unable to fall. Shangguan Xi'er sneered and didn't care. At the moment when these alien demon masters resisted, her figure moved. She was like electricity, she suddenly came to an alien demon master, snorted, with her right hand directly Stabbed into the opponent's body, a \*\*\*\* black

The light surged and poured directly into the opponent's body.

"what!"

The alien demon master screamed, and the \*\*\*\* black light surged on his body. It was impossible to resist. After a scream, the demon source in his body dissipated and burst into dust.

Huhuhu!

And the pure power formed by that person's fall immediately turned into \*\*\*\* threads and poured into Shangguan Xi'er's body.

"call....."

Shangguan Xi'er had bloodshots on her face, her eyes instantly turned red, her hair flying all over her head, like a witch with a hideous face.

"What is Shangguan Xier doing?"

This sudden scene shocked and stunned everyone present.

Qin Chen also stared, how did Shangguan Xier and these strange demons suddenly kill the masters of the strange demons?

Qin Chen and the others were puzzled and shocked, but the masters of the alien demons were shocked.

"Palace Master Shangguan, what are you doing?"

"Do you know what you are doing?"

"Master Demon, stop her."

The masters of the alien demons screamed in horror.

"Hahaha, what do you do? You alien demons are useless. It's better to give your power to this palace and let this palace do it for you."

Shangguan Xi'er grinned, huh, she came to an alien master again and slapped the opponent with a palm.

"Go away!"

The alien demon master reacted this time, roaring, a devilish barrier appeared in front of him instantly, and at the same time he punched Shangguan Xier with his backhand.

Faced with the attack of this alien demon master, Shangguan Xi'er did not evade, the speed of her right hand doubled in an instant, and she sank into the opponent's body with a chuckle.

The master of the alien demon race looked at the demon source in his body with eyeballs, and was swallowed by an astonishing \*\*\*\* light. The whole person screamed and disappeared.

"Master Demon!"

The other masters of the alien demon race showed horror and screamed frantically, trying to break free from the shackles of Shangguan Xier's diamond bracelet and get out of here.

"Hahaha, stop yelling, the one who raised this attention is the demon lord in your mind. Don't worry, it has swallowed your power. This palace will carry forward the glory of the alien demon race for you."

Shangguan Xi'er grinned and said.

All the masters of the alien demon clan sank and looked at the demon in disbelief, but the demon didn't say anything. Despair emerged in everyone's heart. What Shangguan Xier said was true. Lord Demon, so cruel heart.

### [Chapter 2358: This bitch](#)

"Damn, everyone joined hands and killed Shangguan Xier, a bitch."

The members of the alien demon race were extremely cruel, and roared one by one, and a wave of monstrous demon energy emerged from them, turned into an endless magic light attack, and instantly blasted towards Shangguan Xier.

There was no panic on Shangguan Xi'er's face, the blood in her eyes was even worse, an invisible halo of blood swept across her body quickly.

"Blood Soul Dafa!"

Hum!

A trace of \*\*\*\* thread, like a chaotic arrow, diffused out of Shangguan Xi'er's body, and quickly sank into the bodies of the surrounding alien demons.

And at the moment when the \*\*\*\* thread entered the body of everyone, the bodies of the masters of the alien demons shook, as if something had been activated in their bodies, and instantly became sluggish.

"Ah!" Then, the screams sounded, I saw that the master of the alien demon race who had also joined forces to attack Shangguan Xi'er before, after the influx of power, suddenly screamed screaming, and blood quickly appeared on his body. Runes, and then these scarlet runes

As the text revolved, the bodies of many masters of the alien demons exploded directly.

Puff puff!

A series of strong \*\*\*\* devilish energy envelops the pure soul and source of demon, and continuously enters Shangguan Xi'er's body through the \*\*\*\* thread.

call!

I saw Shangguan Xi'er, who had been injured before, and was quite embarrassed. The aura on her body was increasing at an astonishing speed.

"what?"

Everyone looked at this scene blankly, with incredible expressions in their eyes.

"This is the magical soul-containing technique? No, it seems even more terrifying." Demon Lord Chiyan and others looked cold, and they all showed horror. At this moment, it thought of Quinn in the ancient Yu world. At that time, Quinn was in a crisis, swallowing the rest of the law enforcement hall aliens, trying to break through the demon realm.

World.

However, the current Shangguan Xier's methods were clearly more terrifying than Naquin.

It's just that Shangguan Xier is a human race, and can actually swallow the demon source of alien demons. How is this possible?

Under the horrified eyes of everyone, the faces of the masters of the alien demons who had not yet exploded were all horrified, and they wanted to flee here frantically.

"It's impossible to escape."

The Red Flame Demon Lord shook his head slightly, his eyes were cold. At the beginning, he discovered something wrong with the Law Enforcement Palace, so it didn't join the Misty Palace or the demon.

All the resurrected foreign demons masters under the hands of the demon have been implanted with the dead soul seed, just like they were in the ancient Yu world. As long as Quinn wants to swallow these people, they can't escape at all. Sure enough, in the bodies of the masters of the alien demon race, a dark transparent seed emerged, confining the bodies of the masters of the alien demon race, allowing Shangguan Xi'er's \*\*\*\* silk thread to penetrate into their bodies, devouring their bodies crazily The magic

source.

"No!" They screamed in horror, trying to resist. After all, no one wanted to die, but it was useless. Under the restraint of that invisible power, they had formed resonance with Shangguan Xi'er's Blood Soul Dafa and could not resist at all. I just watched my body

His soul and power are constantly being swallowed.

"Master Demon."

"Save us!"

They begged for help from the demon in pain, but the demon's eyes were cold and did not make a move at all.

"Relax, you are dedicated to our clan, this seat will not let you die in vain." The demon said indifferently.

"what!"

These strange demon masters screamed unwillingly and exploded, turning into Shangguan Xier's nourishment. The aura on Shangguan Xier's body became more terrifying, haunting a layer of blood. However, under the diamond bracelet, there are still some masters of the alien demons who have not fallen. They are Situ Sheng, Wei Qingshan and others. These people had parasitic seeds in their bodies, and they were conquered by Shangguan Xi'er because of the parasitic seeds. ,they

The dead soul seed cannot be implanted in the body, so it is still insisting.

"Damn, you can't let this guy continue to break through."

Gu Zun's complexion sank, and he urged Tian Harrier to kill Shangguan Xier.

boom!

But a stream of light passed by, and the demon appeared in front of him, covered in magic light, coldly snorted: "Your opponent is me."

"roll!"

The ancient Venerable screamed and tried to blast away the opponent, but the devil held the serious wounds, and it was about to restrain the ancient Venerable.

"Palace Master Shangguan, hurry up!"

The demon yelled.

Shangguan Xi'er's eyes were red, and at this moment, it was like the same horrible ghost, and her body was flushed with blood and blush, and her body rushed directly towards the remaining alien masters like electricity.

"Go to hell!"

The ancient master was furious, urging the sky harrier plate, hum, the sky harrier plate immediately exudes an unprecedented aura, preferring to hold the belief of losing to the devil, but also seriously injure Shangguan Xi'er. That day, the harrier bloomed with a terrible halo, and instantly came to Shangguan Xi'er, but Shangguan Xi'er didn't seem to feel it. The blood-colored palm shot out, and an amazing breath bloomed from her body. The Heavenly Harrier Plate Activated by the Ancient Venerable People

After the bombardment together, under the terrifying explosion, the sky harrier pan was blown out immediately.

But Shangguan Xi'er only shook her body to stabilize her figure.

"What?" Gu Zunren looked shocked. He had fought against Shangguan Xi'er before. Although the opponent's strength was strong, he was definitely not his opponent under the serious injury. But just now, he almost fully urged the Tian Harrier plate. But Shangguan Xi'er actually blocked him, at this moment Shangguan Xi'er

The displayed strength is at least several times stronger than before.

This makes Gu Zunren not surprised.

After swallowing dozens of masters of alien demon race, Shangguan Xier's strength has reached a perverted level.

The old man was frightened and wanted to make another move, but the demon didn't give him this chance at all, killing him like crazy, entangled him firmly. On the other hand, Qin Chen and Lao Yuan were unable to deal with the Demon Lord, not to mention Mo Yuanbai. If he had not possessed such a treasure as the heavens and the world, otherwise he would just deal with the Red Flame Demon. Both Jun and Moli ate a bit

Forget it.

For a while, no one could stop Shangguan Xi'er.

"kill!"

Shangguan Xi'er was full of blood, like a Luosha, suddenly appeared in front of Situ Sheng, and patted it with a palm. Situ Sheng was also one of the top twelve in the ancient southern capital. He possessed white parasitic seeds in his body. Now he has already become a running dog of the alien demon race. Under fright, his whole body erupted and his body quickly filled Debut

With black lines, the right hand is in front of him.

But it's useless.

With a click, Situ Sheng's palm was directly exploded. Shangguan Xi'er's palm was like gold and iron. In Situ Sheng's horrified eyes, a chuckle directly penetrated into his head.

Hum! In Situ Sheng's head, a seed full of tentacles was wriggling frantically, completely occupying Situ Sheng's brain. It was the white parasitic seed, exuding a terrifying aura, trying to stop Shangguan Xi'er from swallowing it.

#### [Chapter 2359: Mark of the Demon Lord](#)

But in Shangguan Xi'er's body, a strange force flashed by.

With a puff, the parasitic seed was instantly squeezed, and the terrifying blood-swallowing power was born, swallowing all the power in Situ Sheng's body instantly, including the power of the parasitic seed, all integrated into Shangguan Xi'er's body in.

After absorbing the power in Situ Sheng's body, Shangguan Xi'er shook his body and came directly to Wei Qingshan.

puff!

She made a strong shot, and Wei Qingshan could hardly resist Shangguan Xi'er's shot, and was also swallowed by Shangguan Xi'er. Shangguan Xi'er worked like the law and kept making moves. A strong man with parasitic seeds was beheaded by Shangguan Xi'er and then swallowed. Some of these people, Qin Chen didn't even know, were obviously parasitic seeds obtained from other secret realms. Fall

In the hands of Shangguan Xier.

Boom!

After devouring these people, Shangguan Xi'er's heart was beating frantically, and a terrifying force in his body was soaring.

Rumble!

Her strength skyrocketed, and in her body, there were a series of breaths roaring, it was the masters of the alien demons who had been swallowed by her, and they were gradually blending into her body.

"what!"

Shangguan Xier looked up to the sky and roared, but the aura on her body was extremely strong. A monstrous demonic energy rose into the sky, like a wolf smoke of essence, rushing into the sky, shocking the nine heavens and ten earth.

In her pair of eyes, the blood-colored light flickered, and the terrifying aura even approached the Devouring Demon Lord.

"Palace Master Shangguan, have you succeeded?"

The demon was overjoyed and exclaimed excitedly. But immediately, it was stunned, because Shangguan Xi'er's breath did not continue to break through after approaching the Demon Lord, but stayed there. Bloody black halos lingered all over her, extremely terrifying, but obviously Did not break through to the holy

territory.

"How is this going?"

The demon seemed a little unbelievable: "You have swallowed so many powerful people, but you haven't been able to break through the holy realm?"

It looked pale and seemed extremely lost.

"Hahaha, the human race swallows the alien race to break through the holy realm. This is the funniest joke this demon master has heard in this life."

The Heaven Devouring Demon Lord was suppressed by Qin Chen and Lao Yuan, and couldn't help laughing when he saw this scene. "If you want to break through the holy realm, you must understand

the origin of heaven and earth. This child is a human race. How can you understand the origin power of my race? Besides, even if she is a foreign race, what she swallows is only some demon king characters. No matter, there is no origin of the devil,

How can we break through? "Oh, by the way, this child also swallowed some parasitic seeds, but among the parasitic seeds born from the Chaos Devil's Nest, only the golden parasitic seeds are known as the Demon Seed. Now she only swallows some white parasitic seeds, and at best she can achieve high status. Devil,

It's ridiculous. "

The Demon Lord sneered.

Although the Parasite Seed is strong, it is a master of the Demon Master. It doesn't care about the Silver Parasitic Seed. Unless it is a Golden Parasitic Seed, you can take a look at it. Now seeing Shangguan Xi'er's actions, I can't help it. Ridicule.

boom!

While it was taunting, Lao Yuan seized the opportunity, slapped it with one claw, blasted it out, and his body was devilish.

"Ah, I'm going to swallow you."

The Devourer Lord was angry, and roared up to the sky.

"So that's the matter?"

The demon's gaze condensed, as if only then came to understand, showing loss.

Whoosh!

It avoided the attack of the ancient venerable man, and swept to Shangguan Xier. "Palace Master Shangguan, I will help you. I am the son of the demon lord. I have the original mark left by my father in my body. This is what entered my body when my father fell. Half of you, you can definitely take this

Feeling, break through to the holy realm. "

The demon said sharply, his eyes firm, as if he had made up his mind.

"The Mark of the Demon Lord?" The Sky Devourer's eyes condensed. If it is true as the demon said, Shangguan Xi'er is really so possible. After all, what Shangguan Xier lacks now is only the power of the source, although the Demon Lord's mark is a different demon. The origin of the devil of the clan, but the origin of the world is the same

Root, Shangguan Xier may not be able to realize the realm of the holy realm.

After all, the current Shangguan Xier was only one step away from the holy realm.

"Gu Zunren, stop it."

Qin Chen also understood the urgency of the matter, and said sharply, but it is a pity that he can't make a move now, otherwise he would definitely make it himself.

"kill!"

Without Qin Chen's instructions, the ancient venerable man had already been killed, and the sky harrier was spinning, slashing towards the demon like lightning, Shangguan Xier's strength was extremely terrifying now, and the devil was obviously more vulnerable in comparison.

But how could Shangguan Xi'er make Gu Zunren succeed? She raised her hand, and the crystal clear and white diamond bracelet was suddenly blasted out, banging, and piercing the heavens and the earth. The diamond bracelet's glow and the heavenly harrier plate collided with a dazzling glow.

boom!

Gu Zun's body shook, a terrifying force came, and immediately spouted a mouthful of blood.

Hum!

The light was shining, and the diamond bracelet quickly rotated, turning into a terrifying arc, suppressing Xiang Gu.

"Block!" Gu Zunren was furious, madly urging the sky harrier plate, but he was firmly suppressed by the diamond bracelet. After devouring many masters of alien demons, Shangguan Xier's strength was comparable to that of the Devourer of Heaven. A person's current cultivation level cannot be resisted at all, only death

Dead block.

"Good opportunity, Palace Master Shangguan, I'll help you."

The demon was overjoyed, his palm suddenly fell on Shangguan Xi'er's back, and he shouted: "Relax your body and wait for my Demon Lord's mark to enter your body." Its voice fell, and a terrifying burst suddenly burst out of his body. Breath, this is the mark of the demon master left by the cursed demon lord in its body. As soon as this breath came out, a towering phantom suddenly appeared on the top of the demon's head, and the phantom bloomed with terrifying killing intent.

, Like a demon god, overlooking the world.

And a terrifying force poured into Shangguan Xier's body, making Shangguan Xier feel the aura of heaven.

However, Shangguan Xi'er's originally stagnant cultivation base was improving again.

This demon is willing to give up half of the Mark of the Demon Lord?

Qin Chen was a little stunned to see this scene, is this demon so kind?

The Red Flame Demon Lord and others were also shocked, and the demon was too sincere. For a human being, he was willing to give up half of the Demon Lord's Mark. No one could do it instead.

No, the devil is never so kind.

Everyone shook their heads, they believed in themselves and never believed that the devil would be so kind.

However, the aura on Shangguan Xi'er's body was indeed improving, this was because the Mark of the Demon Lord entered her body.

Could it be said that there is something hidden in it that they don't know?

boom!

A terrible pressure from heaven rushed out of Shangguan Xier's body.

Shangguan Xier's face showed a color of enjoyment, as if immersed in the breakthrough, seeing that Shangguan Xier was about to break through, abruptly, the corner of the devil's mouth was outlined with a hideous smile.

call! A weird light flashed through its pupils, and a strange power quickly poured into Shangguan Xi'er's body along with the mark of the demon lord.

[Chapter 2360: what are you going to do](#)

boom!

The power in Shangguan Xi'er was actually burning.

"Demon, what are you doing?"

Shangguan Xi'er's original enjoyment became extremely furious, and he yelled in amazement. "Jie Jie Jie, what do you do? Shangguan Xi'er, don't you really think that this seat will pass the mark of the demon to you? Quack, let you swallow many of the people of this seat, just let you become a furnace. Turn your body into a furnace of strength

, And then pass it to this seat. "

The devil laughed up to the sky and thundered, his body exuded terrible pressure, only the aura on Shangguan Xier's body was quickly swallowed by the devil, and the power of the devil himself was increasing crazily.

"what!"

Shangguan Xi'er suddenly screamed, her body twisted, and she struggled in pain.

The power in her body was fading rapidly, and then continuously poured into the body of the demon, and the breath of the demon was rapidly increasing.

One minus one liter, the positions of the two quickly exchanged.

This sudden scene stunned everyone. The devil is such a vicious method. With this mindset, it's no wonder that Shangguan Xier had swallowed so many masters of the alien race before, and even willing to give up half of the mark of the devil. In fact, it was not at ease at all, but Jiang Shangguanxi

It's just a furnace tripod.

At this moment, everyone understood and felt extremely sad.

Shangguan Xiertang, the strongest human race, was willing to cooperate with the alien demons, and in the end, naturally there was no good end.

"what!"

She screamed, her appearance was too miserable, she screamed frantically, and the blood-colored halo on her body burned, trying to break free from the shackles of the demon, but it was useless. The power of the demon was burning rapidly, madly devouring the power of Shangguan Xi'er. "Jie Jie Jie, don't resist, you can't get rid of it at all. When I taught you the blood soul Dafa, you already secretly used your hands and feet. Now you use the blood soul Dafa to devour the power of so many people. Has been completely

Controlling it in your hands, not to mention that you have previously received a part of the Mark of the Demon Lord in this seat. Now this Mark of the Demon Lord is fully integrated with this seat. Do you think you can resist? "The devil was extremely proud and arrogant: "Shangguan Xi'er, these years, this seat has been on you, lingering, and sometimes even obeying your orders, hahaha, do you think this seat is really that good to oppress? I bah, you are the only one

Human beings are also worthy of ordering the demon? Finally let this seat wait until this day, you will obediently become the power of this seat, this seat will remember you. "

The demon Jie Jie Jie smiled strangely, with a hideous face, frantically devouring Shangguan Xi'er's power, visible to the naked eye, and its aura increased at an astonishing speed.

boom!

When this power was completely integrated with the Mark of the Demon Lord on the devil's body, a terrible aura permeated, and the heavens and the earth seemed to be trembling, and the whole ancient South was roaring and roaring, and there was a shocking vision above the sky. born.

"Devil master level, this demon is about to break through the demon master."

The Heaven Devouring Demon Lord was furious, showing amazement.

"Boy, let go of this demon lord and let this demon lord kill this demon, otherwise when it breaks through to the level of the demon lord, you will all die."

The Heaven Devouring Demon Lord, who was suppressed by Qin Chen and Lao Yuan, was still traveling happily before, not so anxious, but at this time, he became nervous.

Once the demon breaks through the demon master level, it will be the first to swallow it.

"Old source!"

Qin Chen also felt the breath of the devil's body that made his heart palpitations. Is this the power of the demon master? Qin Chen could feel that this was an unprecedented force, surpassing the semi-sage level.

"Kid Qin Chen, that's right, this demon is indeed breaking through the demon master level." Lao Yuan's voice was also solemn.

Qin Chen's heart sank, is he really going to let go of the Demon Lord?

No way. I really want to let go of the Demon Lord, the Demon Lord will definitely attack the devil, and even swallow the power of it and Shangguan Xi'er. With the current strength of the Demon Lord, as long as the power of the Demon Lord is swallowed, it can be directly Step into the Demon Realm

World, restore the cultivation base of the previous life.

By that time, it will definitely be more difficult than the devil.

But watching the demon break through, obviously it is not the way.

"Chiyan Demon Lord, Mo Li, how about a deal?"

Qin Chen suddenly turned his head and looked at Mo Li and Chi Yan Demon Lord.

"Deal, what deal?" Mo Li also had a look on his face, hearing Qin Chen's words, he said viciously. "You have also seen that the demon is breaking through the realm of the demon master, and once the demon is allowed to break through, although my Tianwu Continent will be unlucky, I am afraid that you two will have no way to survive, right?" Qin Chen said coldly: "And we are each other. Time, there is nothing

Why hate, why don't we wait to join forces and stop this demon first? "

Now everyone can't make a move and can only cooperate with Moli and the others.

"No enmity?" Mo Li's face was distorted, this guy was ashamed to say that there was no enmity between them, rely on it, is it so cheeky?

"Even if the devil dies, he won't join hands with you." Mo Li roared, receiving a 100,000-point crit in his heart.

"Really, everyone is an adult. What archway should we build? We haven't joined hands. Did you forget when you were in the Secret Realm of the Abyss?" Qin Chen said indifferently.

"you....."

The magic was so angry that black smoke came out of his body.

"Okay, I agree, Mo Li, don't talk nonsense, it's important to deal with the devil first." At this moment, the Chiyan Demon Lord spoke with a solemn eyebrow.

Obviously it knows that once the demons break through, they must be unlucky. "Very good, those who know the current affairs are brilliant." Qin Chen's eyes flashed, as long as Moli, Chiyan Demon Lord, Mo Yuanbai, and Gu Zunren joined forces, killing the devil and Shangguan Xier is nothing. Difficult things, just be careful not to let them swallow them

They can do it with the demons.

Qin Chen nodded, but suddenly, a flash of light flashed in his mind, and he suddenly felt something wrong.

"wrong."

Qin Chen was shocked suddenly, he turned his head to look at Gu Zunren. At this moment, Gu Zunren frantically urged the heavenly harrier plate, firmly resisting the diamond bracelet, and furiously resisted.

If Shangguan Xi'er is really being swallowed up by the devil as it is now, why does the diamond bracelet she displayed still has such power at this moment, wouldn't it be blown away by the ancients long ago?

Is Shangguan Xi'er's performance fake?

That's right, the above official Xi'er's shrewd, so cunning character, wouldn't it be possible that he didn't know the insidiousness of the alien demons and would be so simple to be calculated by the devil?

Thinking of this, Qin Chen was horrified, suddenly turned his head, and shouted: "Be careful, Shangguan Xi'er is deceiving, Mo Yuanbai, kill Shangguan Xi'er first."

"what?"

"Shangguan Xi'er is deceiving?" Mo Yuanbai and the others were startled.
