

Valkyrie 2361

[Chapter 2361: Seed owner](#)

As soon as Qin Chen's voice fell, Shangguan Xi'er's painful expression, who had been madly swallowed by the devil, suddenly disappeared, and there was a hideous flash in the depths of his eyes.

boom!

She turned around, the blood on her body skyrocketed, and the palm of her hand protruded like a sharp blade, and pierced the demon's chest with a chuckle.

"what?"

The demon was shocked, completely stunned, what's the matter? Why does Shangguan Xi'er still resist? But at this moment, it can no longer think too much, and a devilish barrier suddenly formed in front of it, blocking it in front of itself.

boom!

Shangguan Xi'er's hand banged on the demon qi barrier, and the entire barrier suddenly shook, cracking to pieces with a click.

"Impossible, Shangguan Xi'er, how could you still have such a strong power?" The demon spouted blood and roared in anger, then frantically manipulated the magic power in his body to resist Shangguan Xi'er's continued attack.

"Cock, demon, demon, do you think your method will be invisible to this palace? You are so naive to play tricks in front of this palace, cock, cock!"

Suffering and severely injured before, the ferocious Shangguan Xier's mouth suddenly filled with a mocking smile, and she laughed wildly.

boom!

The robes on her body stirred, and the blood-colored long skirt danced with the wind, bursting out a terrifying aura, hum, at this moment, Shangguan Xier stood proudly in the sky, looking at the devil with indifferent eyes.

"You taught me the flaws in the blood soul Dafa, don't you think this palace can't see it? Humph, this palace has seen it more than two hundred years ago, but it's just a trick." Shangguan Xier sneered, "You I want to swallow me and break through the demon lord. Why don't I want to swallow you and break through the holy realm. After all, on the mainland now, the origin is dissipated. Only if you swallow the mark of the devil lord on your body, can there be a chance to enter the holy realm.

."

While sneering, Shangguan Xi'er had already rushed towards the demon, the blood-colored palms suddenly came out, madly attacking. "Impossible, this blood soul Dafa is my clan's secret method. As long as you cultivate, you can't break free from the control of this seat. How did you do it? There is also

the mark of the demon lord. I have left a trace of the devil in your body. The main mark, you should completely obey

My control, why is it so? "

The demon roared, unbelievable what he saw in front of him, and at the same time, a strong black demon aura that seemed to be substantial, swept out, with the aura of the mark of the devil, covering Shangguan Xi'er.

boom!

But the next moment, Shangguan Xi'er rushed out of the black devil energy, that monstrous devil energy could not bring her the slightest harm.

A **** halo appeared on her body, absorbing these devilish energy frantically, and she was not affected by the attack.

"How is it possible, why can't the original demon energy of my alien demon race hurt you? And the mark of the demon lord left by my father, why can't it control you." The demon was frightened and incredulous.

"Cack." Shangguan Xier's eyes were red, and the corners of her mouth were mocking Xia Rong: "Because, I am the owner of the golden parasitic seed?"

Shangguan Xi'er looked up to the sky and laughed, the surging breath of the alien demons filled his body.

"The owner of the Golden Parasitic Seed?"

Everyone was shocked and looked at Shangguan Xi'er in amazement, shocked by the news.

Shangguan Xier possesses golden parasitic seeds, how is this possible?

"how is this possible?"

The demon roared.

"How could it be impossible? Back then, your alien demons set up many secret realms in Tianwu Continent, and set up a big conspiracy, big plan. In this world, there are a total of several top secret realms, but only two top secret realms have golden parasites. seed."

"One of them is in this ancient southern capital. If the palace did not guess wrong, it should have been obtained by Qin Chen from Thunder City that day."

"There is one more, in Wuyu, it was actually obtained by this palace more than a hundred years ago, chuckle, in fact, the secret realm is located, this palace has no knowledge of it, it is from you, this palace only got it. Clues."

Shangguan Xier laughed evilly.

"Impossible, even if you got the golden parasitic seed, why didn't you be taken away by the parasitic seed?" the demon roared in fright.

"You have to thank you for this. Have you forgotten that thanks to the essence and blood of your alien demon race, this palace can cultivate the blood soul Dafa, and after cultivating the blood soul Dafa, this palace has completely integrated the essence and blood of your alien demon race In the body of this palace." Speaking of this, Shangguan Xier's body suddenly appeared black magic energy, and the whole face was covered with black lines. "Now this palace, in fact, is no longer a human, but a half-human Half-devil, with the half-devil body of a foreign demon, natural energy

Enough to refine the parasitic seeds, just like the kid called Moli, he is also half man and half a demon. He should have obtained the silver parasitic seeds, and he can be safe and sound. With the talent of this palace, can it be impossible to refine the golden parasitic seeds? ? "

Shangguan Xi'er laughed out loud, cold and cruel. "So, your previous Mark of the Demon Lord can't swallow me at all, but I use the Mark of the Demon Lord you instilled to completely shape the half-devil body in this palace. If you didn't take the initiative to instill the Mark of the Demon Lord, this palace How can it be successful?

Thanks to you for all this. "

"Coco!"

"Now, as long as this palace swallows you, you can step into the realm of the devil, and even into the holy realm. Do you feel very honored?"

"Hahaha."

Shangguan Xi'er laughed, her eyes were cold, and she came to the devil's body quickly, and slapped the devil's body with a palm, and the blood and light completely wrapped the devil's body and swallowed the power in its body madly.

"what!"

The devil screamed and struggled frantically, but it was of no avail. He could only watch the power in his body, disappearing and turning into energy in Shangguan Xi'er.

This scene dazzled everyone.

Shangguan Xier, what a cruel scheming.

Everyone was horrified. Shangguan Xi'er knew the purpose of the demon a long time ago, but for more than two hundred years, she had not exposed the other party at all, instead used the other party's plan to accomplish her own purpose.

This method is too vicious.

At this moment, Qin Chen seemed to have returned to Death Canyon three hundred years ago, back to that day.

In order to get close to him, Shangguan Xi'er was willing to be his woman. She had been around him for so long. This is something that can be done only if it is vicious and vicious inside.

Three hundred years have passed, and this woman has hardly changed at all. It is no wonder that Qin Chen was extremely jealous of Shangguan Xi'er before.

"No, stop her!"

Mo Li and the others were frightened and charged up frantically.

"roll!"

Shangguan Xi'er grinned and slapped it out with a palm, and suddenly a terrifying force swept over. Mo Li and the others couldn't resist it, and they were directly blown out.

"Don't worry, when this palace swallows this demon and breaks through the demon master level, it will naturally be your turn, giggle."

Shangguan Xier said frantically.

"Even if this seat is dead, you won't be allowed to succeed." The demon roared, and a shocking wave of devilish energy flashed through, booming, the demon blew itself instantly at the last moment.

[Chapter 2362: Soul flies](#)

It knew that it couldn't resist Shangguan Xi'er's swallowing, and at this last moment, it chose to blow up.

At the moment of self-destruction, its heart was full of anger and unwillingness. For this day, it paid so much, and finally made a wedding dress for others. The demon master of the dignified demon race was actually calculated by a human, and it hated Now.

boom!

A terrible force swept away from the demon's body, and the terrible energy exploded in an instant.

Boom! The earth-shaking roar resounded, and the demon's self-detonation made the whole of Gunan tremble. The terrifying shock wave swept out and clicked, and the ancient city pool below was directly exploded and turned into dust. Above the head, countless starry chess games were also severe

Shaking, shaky.

How terrible is it for a strong man in the semi-holy realm to blow himself up? What's more, the devil had reached the semi-holy peak, and possessed the mark of the devil in his body.

That terrifying shock wave rushed to Qin Chen and others instantly.

"not good!"

The expressions of Qin Chen and others changed drastically, and a strong sense of crisis emerged in their minds. They could no longer fight against each other, and they retreated frantically, running their power with all their strength to resist this shock wave, and they were blown out one after another.

puff!

Mo Yuanbai, Mo Li and others vomited blood one after another, and the ancient Venerable was also blown out. The corners of his mouth were bleeding, his robes were torn, and Yi Rong's face was also turned crooked halfway, becoming extremely hideous.

Qin Chen and Lao Yuan were not injured, but they were also surging with blood, their faces were pale, and they also lost the suppression of the Heaven Devouring Demon Lord.

Everyone stared at the center of the explosion.

The rumbling roar lasted for a long time before it gradually became quiet. The black demon energy dissipated, and a figure covered with blood and black rays appeared in front of everyone. Her face was extremely beautiful, and she was still like Shangguan Xier, but on her arms, there were many dark scales. It's like an alien

So, full of evil intentions and hideousness.

What's more terrifying is the aura on her body, which is extremely heterogeneous.

Both the true essence of the human race and the demon essence of the alien demon race, the blood and black light constantly circulates, it is incredible.

"Did she break through the holy realm?"

Everyone looked at Shangguan Xier solemnly.

The aura on Shangguan Xier's body at this moment was extremely terrifying, even approaching the Heaven Devouring Demon Lord, giving Qin Chen and them extremely strong coercion, but that coercion was not crushing, not overriding, but a kind of oppression.

"No, she hasn't broken through the holy realm."

Lao Yuan said solemnly.

"No breakthrough?"

Qin Chen was startled, and immediately ecstatic, he also felt it, Shangguan Xier's aura, although not weaker than the Heaven Devourer Lord, did not enter the Holy Realm, but was almost so close to the Holy Realm. .

It seems that half of her foot has been stepped on, but half of her foot has not stepped in.

"why?"

Shangguan Xi'er looked at her palm with blood red eyes, and her voice was angry.

Why did she swallow the devil and fail to enter the holy realm?

This is impossible.

She has turned into a half-human and half-devil, both a human body and a bloodline of a foreign demon, plus the mark of the devil who has swallowed the devil's body, why can't she break through the holy realm?

Is it because the demon blew himself up?

"Devil!"

Shangguan Xi'er roared, a terrifying shock wave swept away, and the invisible force blasted on everyone, shocking Qin Chen and others to retreat, blood surging inside, and their expressions were shocked.

Although Shangguan Xi'er did not enter the Holy Realm, she was no different from the Holy Realm. Her power had even surpassed the Heaven Devourer and reached a whole new level.

In front of Shangguan Xi'er, the figure of the devil had completely disappeared. After the explosion, a wave of devilish energy scattered in all directions, and there were still broken treasures left in the air, shattered under the impact.

The vitality disappeared, the breath dissipated.

Having been in the Tianwu Continent for hundreds of years, the demon with the orthodox identity of the foreign demon clan died.

"The devil is dead." Mo Li and Chi Yan Demon couldn't help feeling sad when seeing this scene.

"The devil is dead."

The Sky Devourer's eyes were gloomy, and he felt extremely complicated in his heart.

The top powerhouses of their alien demons just fell into the hands of a human race master, and even fooled by a human race, it is inevitable that there will be a sense of sorrow for rabbits and foxes.

"This demon, cooperating with Shangguan Xi'er, is really partnering with the tiger, seeking a dead end."

Qin Chen shook his head and stared at Shangguan Xi'er coldly. Between heaven and earth, a wave of devilish energy was dissipating, and the devil was also considered a generation of heroes, but ended up in a dead end.

"wrong."

Suddenly, there was a hint of inexplicable warning signs in Qin Chen's mind.

He looked at the devilish energy scattered everywhere, as if vaguely felt that there seemed to be a special power in these devilish energy.

I saw that after the demon exploded, the devilish energy turned into a trace of devilish energy, dissipating in all directions, constantly dissipating, but there are still a few subtle devilish energy that are still dissipating outside, constantly moving away.

"Ok?"

Shangguan Xi'er also felt something was wrong, hum, and the **** palm directly patted the devilish energy.

Puff puff puff, the devilish energy disappeared one after another.

When you can touch a trace of magic.

The devilish energy suddenly accelerated and rushed towards the ancient southern capital madly.

"court death!"

Shangguan Xi'er showed a hideous face, a **** light bloomed in the palm of her hand, and she immediately wrapped the devilish energy in it.

"what!"

The demonic energy turned into a scream and turned into the appearance of a demon. It looked at Shangguan Xier in pain, and said in anger: "Palace Master Shangguan, spare my life, I am willing to surrender you and become your lackey. Be your slave from life to life."

The demon screamed in horror. Everyone was shocked. This demon was not dead, and the soul turned into another demon energy. It almost escaped from here. All except Qin Chen and Shangguan Xier, even the Lord of Heaven Devourer and Lao Yuan Can't see the magic

special.

"Spare you? Because of you, this palace failed to enter the holy realm, so you let this palace spare you? Go to death, disgusting thing."

Shangguan Xi'er squeezed the last soul of the demon directly with a pop.

"Ah, I hate it, Shangguan Xi'er, you vicious woman, I will not let you go as a ghost."

puff!

The soul dissipated, the demon was directly annihilated and completely fallen, and that trace of soul power was also swallowed by Shangguan Xier, and disappeared in smoke.

"The devil is really dead now." Qin Chen could feel that the warning signs he felt before the Heavenly Soul forbidden technique had completely disappeared, and the soul of the devil was also completely annihilated. "Now it's your turn." Shangguan Xi'er turned to look at Qin Chen and the others, her eyes are evil, her scarlet tongue licked her lips: "Just a little bit, this palace is only a little bit close to the highest sage. It's over, maybe it swallows you, this palace can

Completed the dream. "

boom!

When the voice fell, she shook her body and rushed straight to the nearest ancient master.

"Be careful!" Qin Chen was shocked, screamed, and at the same time flew over like lightning to rescue the ancient man.

[Chapter 2363: Three hundred years of reincarnation](#)

"Hmph, don't worry, wait until my palace has dealt with this guy first, and then I'll find you afterwards."

Shangguan Xi'er snorted coldly, and the diamond bracelet slammed into Qin Chen. With a boom, the void exploded. The white crystal diamond bracelet pierced through the void, blasting the heaven and the earth into a hole, bursting into a dazzling glow, the runes flowed, and directly fell Qin Chen. Overhead. A strong crisis struck, Qin Chen's eyes were cold, the dark green demon sword slashed out, and a terrible soul rushed into the demon sword, carrying Qin Chen's will, and said coldly at the demon sword: "Surrender to the young man, no effort, the young man

It will refine you right now, you can try it. "

During the previous battle, the Demon Sword had been grinding foreign work, preventing Qin Chen's strength from fully displaying. If the Demon Sword was still so ignorant, it would be worth it to destroy it.

Hum! The demon sword sensed Qin Chen's will, and suddenly the glow of the sky was flourishing, and above the demon sword, green lights bloomed and rose to the sky, as if it could smelt the entire starry sky universe, with monstrous power, a demon The breath of strangeness pervades,

And bloomed numerous dazzling runes.

Wow!

The demon sword shined, pouring down the star-like runes of the road, and blasted towards the diamond bracelet.

"Ok?"

The astonishing power caused everyone to change their colors and looked at the demon sword in Qin Chen's hand. At this moment, it seemed that a wild beast had recovered from that demon sword, and Qin Chen had been hiding his strength before. Especially the Heaven Devouring Demon Lord, staring at the demon sword in Qin Chen's hand in amazement, the breath of that demon sword at this moment is not weaker than the Devouring Demon Sword in his hand, is this also a top-level demon soldier? Heaven Devourer has a feeling, if Qin Chenzhi

It has shown such terrible power before, it may not be able to persist until now.

boom!

The next moment, the demon sword collided with the diamond bracelet.

In the void, the dark green radiance was shining, and the demon sword seemed to be able to cut through the heavens in the universe, extremely sharp, with endless power, and slashed on the diamond bracelet.

when!

The diamond bracelet shook dramatically, and the crystal white light soared into the sky, and it was knocked out by the demon sword.

"how is this possible?"

Shangguan Xi'er suddenly looked over.

What kind of divine sword is that that can actually split her diamond bracelet into the air? !

Qin Chen was shocked secretly, and deeply felt the horror of that diamond bracelet. It was definitely a holy treasure. If it hadn't been for the demon sword to be very heavenly, it would have been crushed beforehand if it were replaced by the Banyue Ancient Sword or the Sky Thunder Sword.

But the Demon Sword is not afraid, it is a divine sword from the outside world, which contains unpredictable power.

Because of this, it cleaved the diamond bracelet.

"It's interesting, this sword, I want it, but I will kill him first."

Shangguan Xi'er was shocked, but her face was calm, she probed her hand, and directly grabbed the ancient master.

"roll!"

The ancient master yelled and went mad, madly urging the harrier plate, hum, on the harrier plate, countless black lines appeared, like a black hole in the universe, flew out with a blast, and the mighty power went straight into the sky.

"Small bugs."

Shangguan Xier sneered, "Hide your head and show your tail, and let this palace see who you are."

boom!

The palm of her hand shined, and the blood-colored light soared into the sky, like a **** king, her palm turned into a blood-colored mountain and slapped the ancient person.

The **** palm slapped the sky harrier plate, and the sky harrier plate shook and shook violently.

Then, Shangguan Xi'er, like a **** light that opened up the world, took the initiative to attack, rushing to the ancient veteran, too fast, the **** light surged and crashed on the ancient veteran.

puff!

The old man vomited blood, staggered backwards, his arms cramped, his figure trembled, and he was stained with blood.

Too strong, Shangguan Xi'er severely injured Gu Zunren with one move.

In the terrible impact, Gu Zun coughed up blood, his body trembled, and he kept moving backwards.

"This is impossible!"

Many people were shocked. Shangguan Xi'er was too strong and injured Gu Zunren with one move. The strength of Gu Zunren was obvious to all before. It is definitely the backbone of everyone on the field. He was seriously injured by one move. Up.

After that, Shangguan Xi'er came again, in the shape of electricity, so fast, Qin Chen didn't even have time to arrive.

"Puff!"

Gu Zunren vomited blood again under the blow of Shangguan Xi'er, unable to maintain his disguise, his blood surged, his true essence boiled, revealing a handsome and elegant face.

"Feng Shaoyu..."

Shangguan Xi'er was about to fall again with the palm of her hand sluggish, looking at the old man in disbelief, at this very familiar face.

"You are Feng Shaoyu, no, who are you?"

Shangguan Xier's eyes were cold and cold, and her palms were like electricity, transforming into a cage of heaven and earth, and came towards the ancient master, with murderous aura.

However, Qin Chen finally arrived at the critical moment. He swung his sword and slashed down forcefully. The demon sword glowed with dark green light, like a pillar of heaven and earth, rumbling down, rumbling, the world burst into pieces, trembling under the breath of the demon sword, and enveloped Shangguan Xi'er. , Caught in a sword-like ocean

Among.

Sword Qi surged, like a tsunami, this force was too strong, with the power to suppress the world, it rose into the sky.

"roll!"

Shangguan Xi'er shouted angrily, she raised her hand, and the diamond bracelet flew out again, as if it turned into a universe starry sky. The stars and black holes were played in the bracelet, swallowing wildly and drowning everything.

But Qin Chen was not afraid, he shot strongly, the demon sword cut down, with a ding sound, the galaxy burst to pieces, the diamond bracelet was radiant, and it flew out, the terrible sword light hit Guan Xi'er.

Shangguan Xi'er raised her hand, her **** palm turned into a vast ocean, colliding with the boundless sword energy.

"Boom!"

The two forces collided, and a thunderous roar erupted. Shangguan Xi'er only felt a terrible sword aura coming. This sword aura contained endless killing aura, and the murderous aura raged in her body.

This kind of power made Shangguan Xi'er feel extremely familiar.

"This sword intent, who on earth are you?"

Shangguan Xi'er raised her head and stared at Qin Chen, her eyes sharp, like a ghost.

"Huh!"

Not far away, Mo Yuanbai also swept over, holding the heavens and worlds, and the invisible power enveloped him, as if he was in another void, looking at Qin Chen with some worry, and said: "Master, are you okay? ?"

"I'm fine."

Qin Chen shook his head. At this time, the ancient Venerable also came to Qin Chen, his body was filled with wild aura, black light surged, and he respectfully said to Qin Chen: "Master."

He was so ashamed that the dignified ancient saint failed to win Shangguan Xi'er, and his face was dull.

"Shangguan Xi'er, don't come here unharmed!"

Qin Chen held the demon sword and looked at Shangguan Xi'er calmly. His voice seemed to have traveled through endless time and space. He came here three hundred years ago.

This is a reincarnation. More than 300 years ago, Qin Chen was framed by Shangguan Xi'er and fell into Death Canyon. More than 300 years later, Qin Chen finally stood here and wanted to recover everything he had lost.

"You..." Shangguan Xi'er's gaze went straight, furious.

[Chapter 2364: You are... Qin Chen](#)

"You are... Qin Chen?!"

Her face was horrified, as if she had seen a ghost.

The same name and the same two words represent completely different meanings.

Qin Chen looked at Shangguan Xi'er quietly, his eyes were calm, more than three hundred years passed, he saw Shangguan Xi'er again, there was only endless killing intent in his heart.

"Yes, it's me!"

Qin Chen said coldly.

The simple four words sounded nothing to others, but it was a thunderbolt in Shangguan Xier's ears.

"Impossible, you might not have died? Back then, you..." Shangguan Xi'er stepped back in horror, with a look of fear in his eyes, and said in disbelief. Suddenly, she seemed to have thought of something and lost her voice: "Did you take away someone else? No, even if your soul was not annihilated at the beginning, your body shouldn't be so young. Could it be that you have taken away someone and then retaken you? Give up the present

This body? "

Shangguan Xi'er couldn't understand.

"You don't need to know the reason, Shangguan Xi'er, it has been three hundred years, and I finally stood in front of you, and today, it will also be your sacrifice day."

Qin Chen said coldly, an endless terrifying killing intent burst out of his body.

He worked so hard, step by step from the five kingdoms, for what? Not for today. "Just by you?" Shangguan Xi'er had already calmed down at this moment. She looked at Qin Chen coldly, with a sneer

at the corner of her mouth: "Qin Chen, I could kill you back then, and I can do the same today, and this time, I will let your soul fly and win

There is no chance to give up. "

Shangguan Xi'er raised her hand, and the diamond bracelet fell into her hand quickly. She coldly said, "How are you doing to Feng Shaoyu?"

Feng Shaoyu?

Qin Chen smiled, his smile very cold.

Boom, he waved his hand, and the Demon Suppressing Cauldron flew over. At the same time, the soul suppressed in the Demon Suppression Cauldron flew out and fell into Qin Chen's hands. This soul, suffering endless pain, screamed sternly, right. It's Feng Shaoyu.

When Feng Shaoyu saw the outside scene and saw Shangguan Xi'er, he suddenly roared, "Xi'er, save me, save me."

"Shao Yu!"

Shangguan Xi'er looked at Feng Shaoyu and exclaimed. Today's Feng Shaoyu soul is extremely weak, and now he has suffered an unknown amount of pain, dying, and extremely embarrassed. The scene here also stunned the Sky Devourer, Mo Li and others. Are Qin Chen and Shangguan Xi'er in Thunder City not enemies this day? Suddenly, it seems like an old friend, and Feng Shaoyu has been fighting Misty

Palace, why now...

Everything that happened here made them feel a little confused.

"Qin Chen, is he..."

Mo Li suddenly looked at Qin Chen, with a shock in his tone: "Pochen Martial Emperor, is this person the Pochen Martial Emperor of the year?" Qin Chen's reputation in Tianwu Continent was so great that it was a rising star. The new star of, almost no one under the sky has never heard of the name of Pochen Wuhuang, even they may not know who the president of the Holy Land of Blood is, but it is absolutely impossible to know

Who is Dao Po Chen Wu Huang.

"Qin Chen, what do you want to do?" Shangguan Xier said coldly to Qin Chen.

"If you want your lover to live, you can catch it with your hands obediently." Qin Chen sneered Feng Shaoyu with one hand.

"Xi'er." Feng Shaoyu looked at Shangguan Xi'er nervously.

Shangguan Xier's face was uncertain, and suddenly laughed.

She looked up to the sky and laughed, tears of laughter almost streaming down. "Qin Chen, Qin Chen, three hundred years have passed. I thought you must be a lot smarter. I didn't expect you to be so

stupid. What kind of thing is he? Shangguan Xi'er, I am dedicated to achieving the highest martial arts. The emperor, how can it be for

A **** caught by you can be caught? "

The corner of Shangguan Xier's mouth sneered, "If you can't do it, then let me kill."

boom! Shangguan Xi'er's gaze was cold, and he slammed his hands, pointed out, puff, a **** light hit Feng Shaoyu's soul in Qin Chen's hand, booming, terrifying power blooms, if this blow hits, Feng Shaoyu will surely be wiped out. Not at all remnants

Will be left.

Qin Chen snorted coldly, urging the Indestructible Saint Body, and terrifying power surged through his body. With a bang, Shangguan Xi'er's blood was blocked, but there was still a trace of power penetrating Qin Chen's protection and pouring in In the soul of Feng Shaoyu.

"what!"

Feng Shaoyu's soul roared in pain, struggling violently, a group of pitch-black souls constantly twisted and changed, and roared: "Shangguan Xier, you are so cruel!"

He never expected that Shangguan Xi'er would actually do it directly, without hesitation, even actively killing him.

Are the feelings of these three hundred years all fake? Qin Chen looked at Feng Shaoyu who was screaming and struggling in his palm with a sneer, "Feng Shaoyu, when you joined Shangguan Xier to murder me, did you think of today? Back then, you and Shangguan Xier used me to establish Misty Palace and Xuanyuan Empire,

But have you ever thought about it? This Shangguan Xi'er is actually using you too. Once you lose the value of utilization, killing you will be nothing more than a snap. "

This woman, he had already seen through more than three hundred years ago.

"No...no, Xi'er, why are you doing this? Have you forgotten our daughter Bingyun?" Feng Shaoyu was full of unwillingness and roared. Qin Chen's eyes were cold, Murong Bingyun was actually Shangguan Xier and Feng Shaoyu's daughter? No wonder he always felt that Shangguan Xi'er cared about Murong Bingyun beyond that of ordinary saints. The personality of Shangguan Xi'er would affect her Misty Palace.

Is the disciple so caring?

Now, Qin Chen finally understood the reason.

"Bing Yun?" Shangguan Xi'er sneered: "Feng Shaoyu, don't you understand? Qin Chen is right. I'm all taking advantage of you. My man must be the strongest in the world. And you? What are you now? But a loser

That's it, it makes me feel sick. "As for Bingyun. "Shangguan Xi'er smiled, with a cold smile: "Although Bingyun is our daughter, she is only the carrier for me to practice the blood soul Dafa. She possesses the

blood of you and me, and will inevitably take away the things in the blood of the palace. , If not for Bingyun

, How can I eliminate the hidden disease of the devil in the blood soul Dafa? Do you really think I want to have a daughter with you? "

Shangguan Xier looked up to the sky and laughed, her smile was cold and terrifying, and what she said was even more chilling, cold all over.

In order to relieve the hidden danger of the devil in her body, she unexpectedly conceived in October, injected all these things into her daughter's body, and gave birth. Who can do such a cruel method?

Tiger poison does not eat seeds. But in Shangguan Xi'er's mind, her daughter is just something that can be used.

[Chapter 2365: Feng Shaoyu died](#)

Ruthless, this woman is simply too ruthless.

"Papa Papa!" A burst of applause sounded, and the Heaven Devourer demon master fought with both hands, grinning and said: "I admire it, I really admire it. I feel cruel enough, I can't think of you as a human empress

, I actually used my own biological daughter as a furnace and carrier, and I admire it. With such methods, I have to say "submissive". "

This kind of method, it may not even be done to bite the sky, such a cruel woman makes biting the sky full of appreciation.

"Xier, you..."

The only thing he couldn't accept was Feng Shaoyu, his soul fluctuated violently, unable to believe everything he heard.

"Feng Shaoyu, you and Shangguan Xi'er framed me back then. The fruit of today is the cause of the year." Qin Chen looked at Feng Shaoyu indifferently, with no pity in his heart, and some just being happy.

"But, I won't let you die in Shangguan Xier's hands, because only I can kill you."

boom!

The Qinglian demon fire bloomed, and the flame containing the ultimate killing intent directly enveloped Feng Shaoyu's remnant soul, and the terrifying flame directly burned his soul away.

"No, don't kill me, don't kill me, I'm willing to surrender you, surrender you for life, Qin Chen... Brother Qin, I was wrong, I know I was wrong, please don't kill me, don't."

In the face of death and blows, Feng Shaoyu no longer had the arrogance he had before. He struggled desperately and screamed wildly. He wanted to live, and under the desire to live, he could do anything.

He cried bitterly, confessing everything that year.

But Qin Chen was indifferent, just looked at him coldly, and sneered: "Do you think I still believe you? Feng Shaoyu, everyone will pay for their mistakes, no one is exception."

boom!

The flame instantly enveloped Feng Shaoyu.

Shangguan Xi'er also watched quietly, there was no stopping, her whole body was surging with demonic energy, and the corners of her mouth sketched a mocking smile.

Seeing this man who had been with her for hundreds of years, struggling in pain, begging for mercy, and repenting, her heart was filled with perverted pleasure.

"No..." Feng Shaoyu was finally desperate. He seemed to have grasped the last straw and said to Qin Chen in horror: "No, don't kill me, I know a secret, one about Shangguan Xier and you. secret....."

Qin Chen just looked at him coldly, a secret? No matter if Feng Shaoyu's words are true or not, he must die.

"No." Feng Shaoyu saw Qin Chen indifferent and completely collapsed: "It's true, I didn't lie to you, it's true, in fact, Sect Master Illusory Demon..."

Shangguan Xi'er's face suddenly changed.

"dead!"

boom!

She shot out like lightning and raised her hand to blast out the diamond bracelet. The crystal clear and white diamond bracelet exploded with dazzling radiance. It rushed into the sky and turned into a mighty shadow on the 33rd layer, smashing into Feng Shaoyu in Qin Chen's hand. .

With this blow, Shangguan Xi'er made an all-out effort. Qin Chen was shocked and hurriedly stopped, but it was too late. Originally, Feng Shaoyu's soul had already reached the end of the crossbow. After being so stirred by Shangguan Xi'er's power, he was completely wiped out under the demon fire of Qinglian. For nothing

.

"Shangguan Xi'er, I won't let you off if I'm a ghost..."

Before he died, Feng Shaoyu issued a spiteful curse, bitterly angry.

boom!

Qin Chen blasted out with a punch, the golden light was brilliant, and the fist swept out a dazzling brilliance on the diamond bracelet. Qin Chen's figure flickered and immediately stabilized, staring at Shangguan Xier coldly: "Shangguan Xier, what do you want to hide? ?"

Qin Chen frowned, he felt that Feng Shaoyu might really know some secret, otherwise Shangguan Xi'er would not make a sudden move.

"Hidden? Do I have to cover up in front of a dead person?"

Shangguan Xi'er was as arrogant as ever and sneered.

Qin Chen snorted coldly, his eyes gloomy, he recalled Feng Shaoyu's last words, Sect Master Illusory Demon? Is there any relationship between the Illusory Sovereign and Shangguan Xier?

He thought of the familiar feeling lingering in his heart when he faced the Sovereign of the Illusory Demon. Is there really any secret in the Lord of the Illusory Demon? However, the Sovereign of Illusory Demon is full of hatred for Misty Palace, but this hatred is not fake.

What's the matter?

Qin Chen wondered, no matter what, this secret was obviously Shangguan Xier's Ni Lin, and he didn't want anyone to know it. Thinking of this, Qin Chen sneered, his right hand flashed in the air, Shangguan Gufeng had already appeared in Qin Chen's hands, "Do you think it would be useful to kill Feng Shaoyu? Shangguan Gufeng is still in my hands, as long as I want to know, I can still know from Shangguan Gufeng

The secret I want to know. "

Shangguan Xi'er's expression changed, she looked at Shangguan Gufeng in surprise, her eyes became gloomy and furious, and said, "How could Shangguan Gufeng be in your hands? Didn't she die in the abyssal demon secret realm? How did this happen? thing?"

She was astonished. After she left, what happened in the Abyssal Demon Realm, why did all the treasures they sacrificed fell into Qin Chen's hands, and even Shangguan Gufeng was captured?

"Xi Er... save me!"

Shangguan Gufeng struggled violently. "Shangguan Gufeng, this person can kill even Feng Shaoyu, and even his daughter can use it. Do you think Shangguan Xier cares about your life and death?" Qin Chen coldly said to Shangguan Gufeng: "As long as you say that Feng Shaoyu The secret that Yu said, Ben Shao is not

Must not spare your life. "

Shangguan Gufeng's body shook. She naturally saw what happened before in the jade disc of good fortune in the universe, and her heart was suddenly full of panic. She knew that Qin Chen kept herself alive because of the terrible restrictions in her soul. Qin Chen couldn't forcefully search for her soul, just like Feng Shaoyu. Once the soul was searched forcibly, their souls would disappear instantly.

Get no benefit.

In other words, she still has use value.

But if she really tells the secret, then her use value will be completely gone, and her life and death are completely controlled by Qin Chen's thoughts.

"Do you think you still have a choice at this time?" Qin Chen saw that Shangguan Gufeng still didn't speak at this time, and suddenly sneered.

"I....."

Shangguan Gufeng's heart trembled, yes, does she have any choice?

She raised her head, glanced at Shangguan Xier nervously, then lowered her head, and said in horror: "Qin Chen, you were not with Shangguan Xier back then. She also has a twin sister called Shangguan Waner..."

"Shangguan Gufeng, you are looking for death..."

Before Shangguan Gufeng finished speaking, Shangguan Xi'er had already furiously killed her, she was burning with blood-colored light all over, urging the diamond bracelet to pounce fiercely.

boom! The diamond bracelet exploded with blood, and this time, Shangguan Xi'er actually burned his blood, and infinitely terrifying power burst out of his body, and went straight to Qin Chen.

[Chapter 2366: Have you asked me](#)

"You want to kill Shangguan Gufeng, have you asked me?"

Naturally, Qin Chen couldn't let Shangguan Xi'er succeed. He urged the demon sword and slashed it strongly. With a bang, the demon sword collided with the diamond bracelet, and Qin Chen felt a powerful force coming and was blown out.

But Shangguan Xier also lost the opportunity to deal with Shangguan Gufeng.

"Master!"

"the host!"

Mo Yuanbai and Gu Zun were nervous, and they all killed Shangguan Xier.

"Go away!"

Shangguan Xi'er yelled coldly, her eyes were cold, **** rays of light bloomed from her body, Mo Yuanbai and Gu Zunren snorted together, and the two of them were blown out in an instant, bleeding from the corners of their mouths.

If both of them are not protected by treasures, I am afraid that just a single blow could cause them to be seriously injured and lose their combat effectiveness.

"Good strength, master, this Shangguan Xier's power has almost entered the Holy Realm." Gu Zunren said in a bit of astonishment. He used to be a master of the ancient Holy Realm, and naturally knows the strength of the Holy Realm, Shangguan Xier Today's strength is close to a true holy realm master, what she lacks is only the blessing brought by realm

That's it, a kind of control over the avenue.

The ancients had to admire people like Shangguan Xi'er, even in the ancient times, they were definitely the top power against the sky, and they had the power of the holy realm without breaking through. How strong will it be?

This person is a pervert. They were shocked, and Shangguan Xi'er was obviously even more shocked. She knew her strength very well. Before burning her blood to spur the diamond bracelet, it was enough to

blow a semi-sage master, but it only caused Qin Chen to retreat a little bit, without serious injuries. ,
Pochen Wuhuang

Worthy of being the Emperor of Pochen Wu, three hundred years have passed, and Qin Chen has become even more perverted than before.

"Swallow him, maybe there is a chance to step into the holy realm?"

A strong impulse emerged in Shangguan Xi'er's mind, and Qin Chen's eyes were full of monsters.

boom!

She killed it again.

Mo Yuanbai and Gu Zunren were furious, and they were about to make another move quickly, but they were stopped by Qin Chen.

"You two step back, Lao Yuan, you stare at the Demon Lord, and I will deal with Shangguan Xier."

Qin Chen looked at Shangguan Xi'er with cold eyes, and the grievances he had suffered over the past three hundred years were about to be cancelled today. He urged the Demon Sword and killed it. As for Shangguan Gufeng, he has once again been sent to the Universe Jade Plate. As long as he kills Shangguan Xi'er, he has time to ask Shangguan Gufeng. I believe he has experienced this. After that, Shangguan

Gu Feng would not be willing to keep a secret for Shangguan Xier.

boom!

In the void, the two fought frantically together.

Suddenly, the earth-shaking roar resounded, Qin Chen and Shangguan Xi'er fought wildly, the dark green sword light and the bright bracelet light kept colliding, and the coercion exploded, blasting the whole of Gunan to pieces and shattering. Unbearable.

The power of the two fighting against each other was too strong, and the only fluctuations that dissipated made Mo Yuanbai and Gu Zun overwhelmed, and each of them turned pale and backed crazy.

Lao Yuan was slightly better than the two, but he also looked solemn, staring coldly at the Heaven Devouring Demon Lord.

And the Heaven Devouring Demon Lord, Demon Li, and Chiyan Demon Lord obviously didn't plan to do anything now, and they all watched the fight between the two in shock, with shock. Shangguan Xier was shocked when she saw that she could not hold Qin Chen in a short period of time. She sneered and said, "Qin Chen, I can't imagine that more than three hundred years have passed and you have reached this level, but you are also considered to have taken him away. Talents come to this point,

Where can I get better than me? "

She attacked Qin Chen in words.

Qin Chen ignored Shangguan Xi'er, only madly urging the demon sword, the endless sword light enveloped, and the terrifying aura that exudes covered the world.

In addition, Qin Chen used both Qinglian Demon Fire and Youkong Bingyan, and the two terrifying flame powers merged together, and an even hotter murderous intent erupted immediately. The flame burned the blood of Shangguan Xi'er crazily. Light.

Chi Chi Chi Chi!

The blood on Shangguan Xier's body was constantly ablated.

"Damn it!" Shangguan Xier roared, Qin Chen's endless methods made her feel extremely uncomfortable. Her body was constantly changing between human and demons. Suddenly, the true essence and demonic energy continued to merge, forming a kind of Yin and Yang. The power of the two sky fires

Swallow.

It's just that her face is also changing with the state of human beings and demons, and also constantly changing. For a while, she is a beautiful fairy, and then she becomes an ugly demon again, making people feel extremely sick.

"For the sake of strength, turn yourself into such a person, not a person, a ghost not a ghost, Shangguan Xi'er, is this your way?" Qin Chen shook his head, he didn't understand how a woman could have such an evil mind.

"Stop talking nonsense, it's either you or I die today."

boom! boom! boom!

The two stopped talking nonsense and continued to fight.

You come and I go, in terms of conventional power, none of them fall behind.

The two were evenly matched.

But everyone knows that Shangguan Xi'er lost and was still a complete defeat.

In order to achieve the current cultivation base, Shangguan Xi'er transformed herself into a human and a demon, just like a ghost, and half of her foot had stepped into the holy realm, and she had such power.

But Qin Chen?

But he was a young man in his early thirties, and he really used his own strength to get to today step by step, and he was obviously inferior to Shangguan Xi'er in terms of cultivation.

Under normal circumstances, Shangguan Xier should be absolutely crushed, but now not only can't be crushed, but even a tie. Shangguan Xi'er let out a long cry, and all kinds of secret methods came in handy. She has reached the pinnacle of semi-sage. It can be said that she is the person closest to the holy realm in the Tianwu Continent for thousands of years, and the person who has walked the farthest. In terms of cultivation, She surpassed ten thousand years

Any one that comes.

The various rules worked smoothly, turning into endless weapons to launch a fierce attack on Qin Chen. Qin Chen didn't persuade him at all. He was inferior to Shangguan Xi'er in realm, but in the flesh, he had the immortal Eucharist, in the weapon, he had the demon sword, and there were two great sky fires and other methods. As for the rules, , He also felt the rules of the alien demon

, And even saw the origin of heaven and earth.

In this respect, he was completely unafraid of Shangguan Xier.

You use the rules, I also use the rules, who is afraid of whom?

Boom boom boom!

Countless stars fell, turned into countless meteors, and fell into the world.

This is the evolution achieved by the two people's rules, and a chaotic world has evolved.

"Rewind!"

On the side of Gu Zun and others backed one after another with a look of shock.

Even the Heaven Devourer Lord's heart beat wildly, full of dignity.

It has a feeling that Qin Chen and Shangguan Xi'er are not weaker than them now, no, they are even superior to them. They will not restore their demon master level cultivation base, even they are not Qin Chen and Shangguan Xi. Your opponent. Are humans in this era so terrible?

[Chapter 2367: The nest has come](#)

Bang!

Qin Chen and Shangguan Xi'er tried to fight each other, and they were both flew out.

However, if you compare it carefully, Shangguan Xier's blood exploded, groaning and bleeding from the corner of his mouth, but Qin Chen just snorted, and the distance back was closer than Shangguan Xi'er.

Although this advantage is negligible, it shows that Qin Chen's strength is indeed stronger than Shangguan Xi'er, even if it is only a little bit stronger.

Shangguan Xi'er's face was extremely ugly, she had counted a thousand counts, and she had never counted this scene to this day.

And Shangguan Gufeng is still in Qin Chen's hands, which she absolutely cannot tolerate.

"Qin Chen, do you think you will be fine if you put Shangguan Gufeng away? I don't know what method you used, but it's useless. Shangguan Gufeng belongs to my Shangguan family. Her life and death have always been in my mind. In the hands of the palace."

Shangguan Xi'er cut open the palm of her palm, and a drop of blood-black blood flowed out. This blood-black blood was suspended in the air, and quickly turned into an evil rune, and a force of darkness filled it out.

"Blood curse?"

Qin Chen was surprised.

Hum!

I saw an invisible power coming. This power came from the void in the dark. No one knew where it came from or where it went. Even the jade discs of the world's creation could not stop it, and it poured in instantly. Shangguan Gufeng's body.

"Blood curse? Shangguan Xi'er, you are so cruel!"

puff!

Among the jade disc of good fortune in the universe, Shangguan Gufeng's face showed horror. The next moment, his body exploded, his soul was annihilated, and instantly turned into nothingness.

She is dead.

She was in Qin Chen's jade disc, but was directly killed by Shangguan Xier.

"Shangguan Xi'er, you are really cruel, even killing your own aunts, do you still have humanity?" Qin Chen looked at Shangguan Xi'er coldly, this woman is too vicious, and even kills his closest relatives. If he didn't kill, Shangguan Xi'er didn't have a mother. She was raised by Shangguan Gufeng since she was a child. It can be said that Shangguan Gufeng is her half mother.

, But as long as she threatened her, she would kill her without hesitation.

Can people still make such cruel methods?

This is simply a beast.

No, not even beasts.

"Hey, what?" Shangguan Xi'er wiped the blood from the corner of her mouth and squinted. "I didn't expect that after three hundred years, you will be where you are today. However, it is only me who wins in the end. ."

puff!

She patted her eyebrows, and a gap suddenly opened in her eyebrows.

A pitch-black eye, revealed from her eyebrows, contains the deepest evil in the world.

"The Eye of the Demon Soul?"

Lao Yuan was taken aback, and the Heaven Devouring Demon Lord also showed shock.

This eye was actually made by sacrificing the body of the parasitic seed, and according to what Shangguan Xi'er said before, the eye of evil was made by sacrificing it, which was clearly a golden parasitic seed.

Qin Chen refined the parasitic seed sacrifice into a clone, but after Shangguan Xi'er swallowed the power of the parasitic seed, he refined this sub-rite into a secondary eye of his own.

As soon as this eye came out, Qin Chen immediately felt a strong danger.

In the next moment, black silk threads shot out from the center of Shangguan Xi'er's eyebrows, and the black silk threads quickly resembled lightning. It only took the blink of an eye to completely cover the world.

These silk threads stared at Qin Chen coldly as if they had a soul, giving Qin Chen a strong anxiety.

Qin Chen was startled. Before these black threads took the initiative to attack, he directly spurred Qinglian Demon Fire and Youkong Bingyan to burn the black threads. The black threads suddenly made a scoffing sound, but they were unharmed. .

"Devil Soul Silk Thread!"

The Heaven Devouring Demon Lord took a breath and refined the parasitic seed sacrifice into the Eye of the Demon Soul. This method is rarely heard even in the Continent of Different Demon. This Shangguan Xi'er actually possesses such a method.

It is rumored that the Demon Soul Silk Thread can cause the soul of any strong person to fall and turn into the power of the Demon Soul, even if they are alien demons, they are extremely jealous, but Qin Chen, a human being, can stop it?

At least the Heaven Devouring Demon Lord himself has a feeling that facing this demon soul silk thread with its strength, it will be severely injured if it is not dead.

"Die!"

Shangguan Xi'er urged the eyes of the demon soul, and immediately countless demon soul threads penetrated the void and pierced into Qin Chen's body at once.

This Demon Soul Silk thread seemed to have no substance, and the True Essence Foundation did not hinder it at all, as if entering a man's realm.

Puff puff!

Countless silk threads poured into Qin Chen's body, and Qin Chen instantly seemed to become a hedgehog, with translucent silk threads surging around his body.

"Master."

Mo Yuanbai and the others shouted in horror.

"Heaven Soul Forbidden Technique."

And at the moment that silk thread entered Qin Chen's body, Qin Chen also displayed the Heavenly Soul Forbidden Technique. Facing this kind of soul attack, the Heavenly Soul Forbidden Technique was Qin Chen's biggest trump card, and a terrifying soul power came from Qin Chen. Swept out of the body.

"Hahaha, give up, in front of my demon soul silk thread, any defense is useless."

Shangguan Xier said grimly, with a horrible face.

But the next moment, her face changed.

boom!

When Qin Chen's Heavenly Soul Forbidden Technique's attack fell on these magic soul threads, the two reacted at a distance, and for a while, the surrounding space was mixed and rolled between the black soul light and the magic soul threads.

Waves of sharp and terrifying screams came from the demon soul thread, which twisted in the dense light of Qin Chen's soul, and then turned into ashes.

Puff puff.....

The magic soul thread crazily shattered.

"what!"

Shangguan Xi'er let out a scream, and the evil eye pupil on the center of her eyebrows overflowed with black blood, bursting into shock waves.

boom!

Shangguan Xi'er flew out, covering the eyes of the devil soul, black blood poured from her palms, and her whole body was like a ghost, her body was seriously injured.

"This is your strongest attack?"

Qin Chen sneered. The strong sense of crisis in his heart has also disappeared. In fact, he doesn't know how effective the Celestial Soul Forbidden Art is on the enchanted soul silk thread. If it is useless, he does not know how to deal with it. Fortunately, the Celestial Soul Forbidden Magic vs. Demon Soul Silk Thread

Has a strong restraint effect.

Converging the black soul light, Qin Chen held the demon sword, without any nonsense, and killed Shangguan Xier again.

At this moment, he had only one thought to kill Shangguan Xier.

"Die!"

Qin Chen roared, the sword light that pierced the sky slashed down, to annihilate Shangguan Xier.

boom!

At this moment, the sky in the ancient southern capital suddenly shook, and a terrible force descended. Boom, the terrible force swept through, and Qin Chen was shaken out of the sky. Not only Qin Chen, but everyone on the court was shaken off. Got out.

Rumble!

In the sky, a huge magic nest descended, and the magnificent force that suppressed the entire continent broke out in an instant.

The pitch-black Chaos Demon Nest revolved frantically, and a strong demon energy quickly poured into the Tianwu Continent. And above the Chaos Demon Nest, there were several phantom shadows emerging, exuding the aura of frightening eternity, several alien demons, like gods, magnificent.

[Chapter 2368: How to stop](#)

At this moment, the entire Tianwu Continent was affected by this force. In the Martial Domain, a series of invisible forces descended, containing the power of demonic energy, and dissipated to any corner of the continent.

The Chaos Devil's Nest is equivalent to the origin of the alien demon continent, and its arrival has immediately contaminated the entire Tianwu continent with a trace of alien demon aura.

"Hahaha, the Chaos Nest has come."

"The majestic era of my alien demons is coming."

"The Tianwu Continent will become a hunting ground for my alien demons, and here will be ruled by my alien demons."

Countless powerful aliens from the demon race laughed up to the sky one after another. They sensed the monstrous demon energy in the north. Under the influence of this force, they felt that the power in their bodies was recovering little by little, and they were ecstatic. Endless.

The origin of heaven and earth, this is the core of a continent. Under the influence of the origin of heaven and earth, the entire continent will be assimilated.

And those masters of alien demon races, under the blessing of the origin of the Chaos Demon Nest, their strength will recover faster than ever before. As for how much they can recover, it depends on the result of the battle between the origin of the Chaos Demon Nest and the Tianwu Continent.

But no matter what, the arrival of the Chaos Demon Nest is equivalent to that the alien demon race has a strong backing, and can act unscrupulously without fear of the oppression of the origin of Tianwu Continent.

"What kind of power is this..."

"Does my Tianwu Continent have to fall into the doomsday?"

"City, what should my Tianwu Continent do?"

In the Martial Domain, leaders of top forces such as Shou Yuancheng and Gu Huamao all felt the fierceness between the heavens and the earth, and their hearts were heavy, as if they were pressing on a huge mountain.

A shadow of doomsday shrouded everyone's heart.

The sea of thunder.

In the abyss of the Demon Secret Realm, in the void where the town boundary beads were suppressed, the dark demon energy below the abyss suddenly surged and swept like a vast ocean.

A pair of magnificent and cold dark eyes quietly opened, banging, in this dark abyss, there seemed to be two black lightning shooting out, trying to break through the 33rd layer, penetrate the endless thunder sea, and shock the world.

"Well, what kind of power is this? What a pure source of magic power, there is such a source of magic on the Tianwu Continent? This is a great tonic!"

The rumbling roar sounded in the abyss, and between the heaving and the breathing, the black breath flowed, containing the supreme majesty, and the whole secret realm was shaking. "Such magic, is it the origin of a small world? Well, it seems to be the origin of the world where the so-called alien demons who broke into this place back then. Although the origin of the small world is weak, it is also the lowest level origin. ,inverted

There is some help. If the descendants of this lord can swallow the origin of this small world, the day of the lord's escape will be greatly accelerated. "

This voice murmured, with excitement, as the body shook, and the whole abyss was trembling, about to burst.

Hum!

At this moment, the town boundary beads above the abyss burst into radiance, bursting out with dazzling rays, and violently suppressed it towards the abyss below.

"what!"

The figure that swallowed black qi was suddenly suppressed underneath, and black qi emerged from his body, and he roared in pain.

"Damn it, my dignified master of Abyss Demon was trapped in this small world. I was so angry with the owner, oooooo!" It roared angrily, as if crying. Who knows its suffering? The suppression was here in the year, thinking it was a master of the Demon Race, the master of many planes, was trapped in this small world, and the inner depression can be imagined.

Wrong, too frustrated.

It roared, its terrifying power burst, but under the suppression of the town boundary beads, it kept sinking, and finally sank suddenly.

"Wait, this lord has found a way to escape, soon, when this lord escapes, my deep demons will definitely wipe your clan from this world."

boom!

Amid the roar, the Lord of the Abyss was completely degraded.

Ancient southern capital.

In the sky, the atmosphere of the Chaos Demon Nest became clearer and clearer, and it became more and more obvious. A black Demon Nest obscured the sky, like a giant mountain outside the sky, descending in a rumble, connecting with the Tianwu Continent.

boom!

The entire Gunan was violently violent, and the sky full of stars and the chessboard evolved rapidly, guiding the Chaos Nest.

Ancient Southern Capital is not only a secret realm set up by the alien demons back then, but also a starry sky base station that guides the Chaos Demon's Nest, and is a landing point.

Looking up to the sky, a large amount of devilish energy descended, like a waterfall of inexhaustible strands, sweeping down the mighty and mighty.

"Hahaha, the Chaos Demon Nest has come, boy, no matter how high your talent is, no matter how strong you are, it is over. The Chaos Demon Nest comes, and the entire continent will be controlled by my alien race."

The Heaven Devouring Demon Lord laughed frantically, and with the arrival of the Chaos Demon Nest, its power that reached the semi-sacred limit suddenly increased, breaking through the realm of the Demon Lord.

"Qin Chen, you still failed to kill me this time, wait a moment, it's my turn to kill you."

Shangguan Xi'er was enveloped by endless demonic energy, and the aura on her body was constantly improving.

She has become a half-human and half-devil monster, and the power of the Chaos Nest can naturally bring her an amazing improvement.

On the other hand, the aura of Demon Li and Red Flame Demon Lord is also improving, not only them, but the power of all the alien demons in the entire Northern Heaven Region is rapidly increasing.

The same rapid improvement is Lao Yuan.

"Huh!" A large amount of demon energy poured into its body. The Chaos Demon Nest is the origin of the Alien Demon Continent. Although it is the origin of the Alien Demon Race, Lao Yuan is a source beast naturally raised by the Alien Demon Continent. Naturally, it can also swallow the breath of the Chaos Demon's Nest, and increase crazily

Own strength.

"Master, what should I do?"

Gu Zunren quickly came to Qin Chen, his expression frightened.

The aura on the bodies of the Heaven Devouring Demon Lord had already begun to give them a strong oppression.

Especially the several magnificent figures on the side of the Chaos Devil's Nest gave them suffocation pressure.

In the face of this situation, the Gu Zun people have lost the courage to resist. They can come along with the Chaos Demon Nest. They must be the master level masters of the alien demon race, plus the demon masters of the sky, with their strength, Can't resist at all.

Even with Lao Yuan, it won't work.

"Master, it is better to withdraw first."

Mo Yuanbai also nervously said, he is not afraid of death, but now it is obviously not a good opportunity to fight to death.

"No, you can't go. Once the Chaos Devil's Nest comes, Wu Continent will really be over that day, and it must be stopped."

Qin Chen's eyes were cold.

"Block, how to block?"

The ancient people were stunned.

"Although the Chaos Devil's Nest is coming, it has not yet come completely. In fact, the Heavenly Dao of the Tianwu Continent will not allow it to come completely. As long as we destroy the cornerstone of the ancient southern capital, we can destroy the time of the Chaos Devil's Nest."

Qin Chen's voice fell, and his figure was already moving.

boom! He soared into the sky and hit the ancient southern capital sky.

[Chapter 2369: The devil is coming](#)

Qin Chen came to the sky above Gu Nandu, and the higher he went, the greater the pressure of terror, and a wave of demonic energy eroded away, and Qin Chen was immediately saturated with the demonic energy.

"What does this kid want to do?"

"Do you want to destroy the ancient southern capital?"

"Hehe, he thinks too much. He is a human being. Under the erosion of the devilish energy of the Chaos Devil's Nest, I am afraid that even the devilish energy can't resist it. How to prevent the Chaos Devil's Nest from coming?"

The corners of the mouths of the Heaven Devouring Demon Lord and others sketched out a sneer, frantically devouring the power of the Chaos Nest.

A deep-seated power is recovering.

Qin Chen was soaked by the power of the Chaos Demon Nest, and the traces of evil magical power kept pouring into his body, causing harm to his body.

But Qin Chen immediately activated the rules of the alien demon race, and immediately, this trace of demon energy turned into pure power and poured into Qin Chen's body. Qin Chen swallowed Lao Yuan's blood, soul, and crystal soul at the beginning, and contained the rules of the alien demon in his body. Although this trace of power was later integrated into Qin Mo's body, his perception of the rules of the alien demon would not dissipate. The Power of Chaos Nest

As far as Qin Chen was concerned, it was not harm, but a great tonic.

Hum!

Qin Chen's mind immediately emerged the rules of heaven and earth when Alien Demon Continent opened the world, and these rules began to strengthen Qin Chen's body.

Of course, because Qin Chen does not have the blood of a foreign demon race, the power of the Chaos Demon Nest can only continuously strengthen Qin Chen's power, but it cannot allow him to directly enter the Demon Lord level like the Heaven Devourer.

"What? The Chaos Nest did no harm to this kid?"

"How did he do it?"

The Sky Devourer and the others showed shocked expressions.

call!

Qin Chen came to the sky of the ancient southern capital and urged the demon sword to cut towards the starry sky chessboard. The starry sky chessboard suddenly surged with terrible light, blocking Qin Chen's attack.

Not reconciled, Qin Chen displayed Qinglian Demon Fire and Youkong Bingyan.

Two terrifying flames immediately boiled and burned, scorching the starry sky chessboard, but the power of starlight lingered out, also blocking the power of the Qinglian Demon Fire.

Holding tight, Qin Chen urged Zhen Mo Ding and other means, but still couldn't destroy the starry sky chessboard.

"Hmph, this starry sky chessboard was set up by the top masters of my clan back then, this kid also wants to destroy it, it's ridiculous."

The corner of the Heaven Devourer's mouth outlines a sneer, with a look of disdain.

Qin Chen's heart sank. This starry sky chessboard was indeed terrifying. With his current cultivation base, it was almost impossible to break it open.

"It's a pity that the Ten Thousand Saint Demon Slayer Array could not be arranged. Otherwise, with the power of the Ten Thousand Saint Demon Array, there may be a glimmer of hope." Qin Chen was anxious in his heart, but he also knew that he had hidden in the void before. Time to lay out the Array of the Holy Triumphant Demon. Unlike other formations, it can be easily deployed with the Tiankong Wanzhuan array. This is a holy array.

For a certain period of time, Qin Chen couldn't arrange it at all, and the Sky Devourer would definitely not give him the time and opportunity to arrange it.

"Master."

Mo Yuanbai and others were anxious.

At this time, the Chaos Devil's Nest became clearer and clearer, and everyone was about to see the faces of those figures on the Chaos Devil's Nest.

"There is only this way."

Qin Chen gritted his teeth and finally made up his mind.

"Om!"

The black light flashed in his hand, and the mysterious rust sword had appeared in his hand.

Starting with the mysterious rust sword, the icy breath continued to circulate in his body, making his mind especially clear.

"Qin Chen..." When Lao Yuan saw this, he was worried. He naturally knew what Qin Chen wanted to do. This mysterious rust sword was extremely powerful. Under normal conditions, it should be as powerful as the demon sword in Qin Chen's hands. Once the power in it is activated, Qin Chen's

The power soared instantly.

but.....

Once the power in this mysterious Rust Sword is triggered, Qin Chen will fall into a frenetic state, and it is difficult to say what the consequences will be.

The fact is just as Lao Yuan thought, Qin Chen took out the mysterious rust sword, already mobilizing the power in the mysterious rust sword.

"Jie Jie Jie!"

A cold aura permeated from the mysterious rust sword, and Qin Chen seemed to feel that in the rust sword, there was a sea of blood and corpse mountains, and an evil aura suddenly appeared in Qin Chen's mind.

Qin Chen's eyes suddenly became blood red.

"Thunderblood!"

boom!

Qin Chen urged Thunder's blood, the terrible thunder punishment made his mind slightly clear, and then gritted his teeth and urged the mysterious Rust Sword, slashing towards the endless starry sky chessboard.

boom!

The terrible sword aura rose to the sky.

Click!

A crack was split into the starry sky chessboard instantly, and it shook violently.

effective!

Qin Chen was overjoyed in his heart, and once again spurred the mysterious Rust Sword, and cut it off with a single sword. Suddenly, the starry sky chessboard shook again, and the cracks grew bigger and bigger.

The speed at which the Chaos Nest came, was immediately contained, as if it had lost its coordinates.

The Heaven Devouring Demon Lord was shocked when he saw it, and at this moment, an invisible shackle in its body suddenly broke, and an aura that merged with the heavens emerged from its body.

The world was trembling and rumbling.

"Quack, this demon master has finally recovered the demon master's cultivation."

As he looked up to the sky and laughed, the Heaven Devouring Demon Lord rose up into the sky and rushed towards Qin Chen. The Devouring Demon Sword turned into a black streamer, forming an endless black hole, devouring the surrounding devil energy, and slashed towards Qin Chen.

"Kid Qin Chen!"

Lao Yuan let out an angry shout, rushed up, booming, the blood-colored source power surging on it, actually restored the power of the holy rank, and the blood-colored sharp claws rushed over and crushed it before the Heaven Devourer Lord.

With a bang, the two sides collided, and Lao Yuan and the Sky Devourer retreated together, evenly matched.

"Damn, you are my alien source beast, so willing to submit to humans?"

Sky Devourer roared. Qin Chen kept cutting out the mysterious rust sword, and the aura on his body was getting colder and colder. In order to prevent the Chaos Devil's Nest from coming, he had no regard for the power in the mysterious rust sword to corrode, and there was an evil aura on his face. , Has been born in my mind

Chaos was born.

With a bang, under Qin Chen's frenzied action, the starry sky chessboard finally collapsed completely, dissipating, and the entire ancient southern ruins were quickly disintegrating.

Did you make it?

Qin Chen looked up, showing hope.

The starry sky chessboard collapsed, and the Chaos Devil's Nest seemed to pause for a while, but the next moment, the Chaos Devil's Nest slammed downwards, with a bang, completely appeared in the void of Ancient Nandu.

And the magnificent figures of those alien demons came quickly.

Boom boom boom!

These are four lofty figures, with magnificent power, the demonic energy lingers on their bodies, and they flew directly below.

"Hahaha, which demon masters of my clan came? This seat bites the sky, don't come without problems!"

The Demon Lord laughed and rose to the sky.

The one who can follow the Chaos Demon's Nest is definitely a master of Demon Master. Those demon shadows fell, and their figure became clear. They were indeed masters of the alien demon race, exuding terrible power, but their bodies were stained with blood, embarrassed, and one person even lacked an arm. , Another person, on the head

The horns were broken, blood dripping.

They had horror in their eyes, looking at the Sky Devourer rising up into the sky, and trembling in fear: "Flee, run away, the power of the heavens is here, run away!"

"Heavenly strong?"

The Demon Lord was stunned.

"Our hometown is gone, the Continent of Alien Demon is destroyed, that group of demons is here, that is a group of demons!" The leading Alien Demon Race Demon Lord's voice was frightened, as if crying, full of panic.

[Chapter 2370: Hometown is gone](#)

In the sky, the four top powerhouses of the alien demons were trembling, bloody, and their voices were full of panic.

There was a terrible aura escaping from each of them, and every demon aura lingered, like a demon god, exuding earth-shaking power, even the world was trembling, being suppressed by this terrible aura.

This is definitely a master of the Demon Lord, not weaker than the master of the Demon Lord.

But now, the four major demon masters are trembling, and their eyes are full of panic, as if they are being chased by the devil.

What kind of blow was it that would make the master-level masters so scared?

"What hometown is gone? The Foreign Demon Continent is destroyed? What happened?"

The Devourer Lord was shocked, and then shouted angrily.

At this moment, Qin Chen also regained his sobriety. A rousing spirit, the cold power in his mind was retreating, and he quickly put away the mysterious rust sword, not allowing the mysterious rust sword to continue to affect his soul.

Everyone's eyes fell on the four masters of the alien demon race, no one did it, and even Qin Chen's fear of the coming of the Chaos Devil's Nest disappeared a lot at this moment, staring at the four awkwardly. Unbearable master of alien demon clan demon master.

Qin Chen had a feeling in his heart that this time, Tianwu Continent was in great trouble, even more trouble than the arrival of the Chaos Demon Nest.

"Don't ask, run away, run away quickly, the demons are coming, and this continent will be destroyed."

The leading Demon Lord swiftly came to the Heaven Devourer Demon Lord, and said anxiously: "Are you the Demon Lord who was sent to occupy this continent back then? Say quickly, besides the Void

Entrance, is there any entrance to other planes in this continent? "Hmph, what demon, what continent is destroyed, this master is the devil master of the sky, you are all masters of demon master, this Tianwu continent is the continent that my race exhausted to occupy back then, now the Chaos Demon Nest Come, plus you, surely

Enough to occupy this continent, and then use the original power of this continent to repair the original source of damage to our Alien Demon Continent. By then, my Alien Demon Continent will definitely rejuvenate again. What are you talking about? "

Sky Devourer said angrily. "Repair the origin?" The alien demon master murmured, with a bitter face: "You don't understand, when you attacked this continent, the group of celestial masters who damaged the origin of our race came back later. Power against each other, but

It still failed, the continent fell, the world collapsed, and even the origin of my clan's continent had been swallowed by the other party. If it hadn't been for the Chaos Demon Nest to bring us and land on this seat, perhaps we were already dead. "

"You are still thinking about restoring the origin of the continent, hahaha, the continent is gone, what origin are you repairing?"

The master of the alien demon race said, his eyes shed blood and tears, a kind of pain from the soul, escaped.

Pedal!

The Lord of the Devouring Demon was horrified and then retreated with an unbelievable expression.

"You nonsense."

It roared and didn't believe everything the other party said.

The Demon Continent is destroyed? Does it want to go back home? how can that be?

For countless years, such masters of the alien race have invaded the Tianwu Continent several times and fought fierce battles with the human races here. In so many thousands of years, how many masters of the alien race have fallen? Countless.

They stayed in this Tianwu Continent, turned into lone ghosts and wild ghosts, and continued to attack Tianwu Continent with the will handed down from ancient times. What was their purpose? Isn't it to be able to occupy the Tianwu Continent, get the origin of the Tianwu Continent, and return to home?

The hometown that made them linger and even lost countless people.

But the other party said that the mainland has been destroyed, how can this sudden blow be acceptable to the Demon Lord?

It's as if a faith that has been stuck in the heart is shattered.

"The mainland is gone?"

On the side, Lao Yuan and Red Flame Demon were also dull.

Qin Chen was also chilling, his heart seemed to be gripped by an invisible hand, and he couldn't help convulsing.

He didn't worry about regrets for the Alien Demon Continent, but even the Alien Demon Continent, which was stronger than the Tianwu Continent, could not stop the steps of those so-called Celestial Experts. Can Tianwu Continent resist it?

At this moment, Qin Chen suddenly thought of the scene he saw when he swallowed the purple liquid in Ji's family ancestor's land and broke through the realm of Emperor Wudi in the Nine Heavens. On the mighty alien demon continent, countless alien demon corpses lie horizontally, blood flowing all over the field, countless alien demon strongmen fleeing wildly, the world is like the setting sun, submerged in the afterglow, and above the sky, there are a group of magnificent figures. , Cover the sky, raise your hand

In time, the world collapsed, and the flames of destruction swallowed everything. Qin Chen always thought that what he saw was just an illusion, but now he finally understood that perhaps what he saw was the scene of the alien demon being invaded, thousands of miles away, countless aliens. Beheaded one after another, blood flow

Chenghe.

Such a scene is very likely to happen in the next Tianwu Continent.

How to do?

Qin Chen trembled, he looked around, the mighty world, the mountains stretched out, what a beautiful picture, the country was picturesque and extremely charming, and once the heavenly power came, everything here would be destroyed.

Everyone was stunned by the news, and there was no response for a long time.

"Say, where is the passage from here to other planes?"

The leader of the alien demon clan demon roared angrily, it was covered with blood, mixed with a look of fear on its face, especially dazzling. "I don't know." The Sky Devourer murmured, it shook its head, and then burst out a dazzling light from its pupils: "I don't believe it, my hometown will never be destroyed, it must not be destroyed, I don't believe it, it must be you Lie to this devil, you group of cowards

, Dare to deceive the demon master. "

The Sky Devouring Demon Lord looked up to the sky and roared and banged, its body surging with endless killing intent and devilish energy, and the Devouring Demon Sword burst into the sky through the sky.

"Where was the world powerhouse that day? The main demon killed them, and he wanted to kill them himself."

The Demon Lord looked up to the sky and roared.

Hum!

And at this moment, the void above the Chaos Nest suddenly shook, and a heart-palpating breath swept down, and above the sky, several dazzling figures appeared, like angels, blooming with blazing light.

call!

These figures directly descended on the Tianwu Continent, and suddenly, the world of Tianwu Continent shook violently.

Boo!

The barrier of the mainland broke open suddenly, and those magnificent figures slowly descended above the Chaos Demon Nest.

These are a few handsome figures, with clear eyes, slender figures, hot rays of light blooming on their bodies, and they can't see the real appearance, but there are horrible eyes that fall on Qin Chen and his group. Under this gaze, Qin Chen and the others seemed to have been shot by an invisible sharp arrow, and a strong sense of warning and crisis emerged deep in their hearts, as if they were being stared at by a wild beast, their backs were soaked with cold sweat. .
