

Valkyrie 2371

[Chapter 2371: Heavenly high hand](#)

"Devil, these demons are here."

The demon masters of the alien demon race who had descended trembled all over, their voices were full of panic, and they dared not move.

In the sky, the celestial masters stared coldly, what kind of eyes, without a trace of emotion, looking at Qin Chen and others below, just like looking at heads of animals.

"Hmm! This group of alien demons brought us to a whole new continent, haha, it's kind of interesting."

A celestial master laughed, and the laughter rumbled, and the whole world trembled under the laughter, making a violent explosion.

It is too strong, the holy realm master has the means to speak out the law, and this celestial master just speaks casually and shakes the void of the Tianwu Continent. This method is incredible.

"Is there anything special about this continent? Or are there their rescuers here? But judging from the aura of the few guys below, this continent seems not so good, obviously it is a weak plane that cannot be weaker."

Another person spoke with a contemptuous voice. Flames burned on his body. Under this flame, the void of Tianwu Continent was trembling continuously.

This is simply too tough.

"It was you who destroyed my foreign demon continent?"

The Devouring Demon Lord rose into the sky, holding the Devouring Devil Sword, and asked angrily.

It lingers with killing intent, and the aura that represents the cultivation base of the demon master surges, turning into an ocean of devil energy, which resonates with the Chaos Demon Nest.

"Sure enough, there are these remnant accomplices here. No wonder they will escape to this continent."

One of them chuckled slightly, "If you are talking about the hometown of your kind before, then it has indeed been destroyed by me. It is only a small continent that can be destroyed by me. In fact, it is your honor. ."

He said this, and he knew from his tone that the other party was not pretending to be force, but he did think so from the bottom of his heart.

How naked.

It is your honor to destroy you.

Who can accept such words?

That kind of arrogance is deep in their marrow, as if it is an instinct.

And this tone makes people even more chilling and creepy.

In the eyes of celestial masters, what is the continent below? Perhaps, in fact, it is nothing. "Okay, don't talk nonsense. I wasted a little time at the exit of this continent and killed this group of fellow fellows. I'll just behead all this group of people here, and then kill the people from this continent. The origin of heaven and earth has been swallowed, refining this

A continent, together with this so-called Chaos Devil's Nest, was sacrificed to adults, and adults would like it very much if they want to come. "

"A small continent, there is no need to waste too much time."

A soft voice sounded, it was a woman with a soft voice, but the information revealed during the conversation made everyone chill.

These celestial masters all have the same temperament, that is, indifference, Qin Chen and others below look at them, as if they are not looking at a group of creatures, but a group of ants, a group of insignificant animals.

"It's our honor? Hahaha." The Sky Devourer was irritated by the attitude of the other party, and it laughed with sadness in its laughter.

"Destroy my Foreign Demon Continent, you will all die."

The Sky Devourer roared, the boundless killing intent was boiling, booming, it soared into the sky, and actually rushed to the few figures, swallowed the magic sword violently, turned into a sky-reaching magic sword, and slashed towards the opponent.

"Hey, it's interesting, is this a moth fighting the fire?"

One of them laughed lightly, his voice indifferent, like a thunderbolt blasting in the clear sky, trembling in the void, he reached out with one hand, and with a pounding sound, he suddenly pinched the Devouring Demon Sword phantom that the Heaven Devourer had split into his hand.

"Is this what you call death?" The man laughed, his laughter was full of contempt, his palm was lightly squeezed, and with a bang, the magic sword split by the Heaven Devourer burst into pieces, fragile and vulnerable, with big hands. Waved, and then the person fanned indifferently towards the Sky Devourer, as if driving away

A mosquito.

boom!

The big hand fell, and the terrible chaotic aura permeated, and the void exploded directly. Suddenly, this void was imprisoned, and the Heaven Devourer only felt a terrifying force overwhelming him. It roared, and the Devouring Devil Sword in his hand burst out with a terrifying black light, buzzing, and black runes. Surging on the devouring sword

Then, every rune burst into the atmosphere of suppressing the avenue, and slashed out frantically.

boom!

The magic sword boiled, and the sky-shattering roar resounded, blocking the palm of the master of the day in the void, and the terrible energy impact madly swept away.

Puff puff!

Qin Chen and others' bodies seemed to be hit by a giant hammer, and they were shaken out one after another.

"Master!"

Mo Yuanbai flew over in horror, bleeding from the corners of his mouth, and just the aftermath caused him to be injured.

"Heavenly strong master, master, these guys are all heavenly masters."

Gu Zunren also came to Qin Chen with a look of horror and fear in his eyes.

"Kid Qin Chen, this group of people are very strong, much stronger than me. They are not to be defeated."

Lao Yuan's heavy voice also sounded in Qin Chen's mind, and it was the first time that Qin Chen heard Lao Yuan's voice so heavy.

"Look for a chance and leave here first." Qin Chen felt a chill in his heart, and he also felt bad. Needless to think, he has already seen that the strength of this group of celestial masters is absolutely devastating to the Tianwu Continent, and the opponent has destroyed the alien demon continent, and even the alien demon masters who left the Tianwu Continent in the void and dead Beheaded

, Dealing with a few of them is nothing at all.

If you resist desperately at this time, it is not brave, but an idiot.

"Look for an opportunity, I will put you in the jade disc of good fortune after a while, and escape from here."

Qin Chen took a deep breath.

Such a group of masters is definitely not something that the Sky Devourer can resist. The defeat of the Sky Devourer is only a matter of time.

He is looking for opportunities.

"Xiu Chengze, you can't kill even a nether ant, and your cultivation base has degraded a lot!"

In the sky, Xiu Chengze failed to kill the Heaven Devourer with a palm, and several people around suddenly laughed, teasing and running in their tone.

"Huh, it's just a mere ant, this saint is just playing with them."

Xiu Chengze became angry from embarrassment, and the emptiness of his palm suddenly burst into light, and the laws surging out one after another.

"cut!"

The Sky Devourer roared and slashed a sword again, but this time, the palm contained endless power, instantly exploding the devouring sword light cut out by the Sky Devourer, and the terrifying palm shadow continued to crush down directly. Blasted down on the body of the Demon Lord.

"what?"

The Heaven Devouring Demon Lord's eyes widened in horror, and with a bang, its body split open, and the devilish energy scattered, almost exploding with a palm.

At the critical moment, the Devouring Demon Sword exuded a terrible aura, and it was difficult to block the blow. The Demon Lord is not dead yet.

[Chapter 2372: Majesty of heaven](#)

puff!

The demonic energy surged and transformed into a human form again, and the Heaven Devouring Demon Lord spurted black blood, and the whole person instantly became sluggish, already seriously injured.

How could it be possible, how could this group of guys be so strong?

The Sky Devourer looked at the sky in horror. It had already recovered the Demon Lord's cultivation base, but it was severely injured by the palm of the opponent. This feeling of powerlessness made the Heaven Devourer fear unprecedented.

At this moment, it finally knew why those master masters of the devil were so frightened, the strength of this group of masters of the heavens had far exceeded the limit they could bear. Qin Chen and others on the side were equally shocked. Although they didn't do anything, they knew too much about the strength of the Demon Lord. After breaking through the Demon Lord level, the Demon Lord was definitely the top three of the people present. One of the two,

But such a master was seriously injured in one palm.

"Demons, they are all demons, run away, run away!"

The demon master-level masters yelled in horror, and the four auras suddenly rushed out toward the surroundings, turning into black streamers, and fleeing quickly.

At the moment these people started, Qin Chen's eyes condensed.

"go!"

He snorted and banged, his body moved, and he flew away with Gu Zunren and Mo Yuanbai for the first time.

Not only Qin Chen, but also the Red Flame Demon Lord and Demon Li, and the Heaven Devouring Demon Lord, also moved, booming, and suddenly, everyone turned into countless streamers, like a goddess scattered flowers, moving in all directions. Flyby.

escape!

At this moment, there is only one thought in everyone's mind, and that is to escape.

Escape here.

"Hehe, want to go? Since you are here, just stay."

One of the heavenly masters sneered, and raised his hand to wave a terrifying streamer. These streamers were like electricity, and they burst into the air towards Qin Chen and others who fled below.

At the same time, this world was also imprisoned, and terrible power swept down. Qin Chen and the others felt as if they were in the mud, and their speed suddenly slowed down.

This is the power of rules, a space rule that affects their actions. This power of rules is not the rule of Tianwu Continent, but the rule of heaven.

This kind of rule directly surpassed the space rule controlled by Qin Chen and others, causing their speed to suddenly stagnate.

"It's over!" Qin Chen's heart sank. This kind of space rule is terrible. Qin Chen, who possesses the sacred body of space and the dao body, instantly understood that the space rules displayed by the other party far exceed them. Rules, deeper and stronger, let Qin Chen

The spatial rules they comprehend directly become extremely weak.

When the space rules are crushing, and the cultivation base is no better than the opponent, how can Qin Chen and the others escape here? After the other party showed the restraint of space, that Xiu Chengze suddenly moved again. Boom, his eyes were cold, and his target fell on the body of the demon Lord, and he failed to kill the demon Lord with two palms. Xiu Chengze became angry and faceless. Light, so

, The first thing he wanted to kill was the Demon Lord.

Of course, there is another reason why he has the initiative of the Sky Devourer, that is, the Sky Devourer is one of the top masters on the field. If you want to kill, of course, kill the strongest first.

On the contrary, Qin Chen, Mo Li and others are not valued, because they have not even reached the Holy Realm, so naturally they are not valued.

The Heaven Devouring Demon Lord felt the terrifying power coming from behind, and his face suddenly changed, "Kill!" It roared, and slashed out with a reversal sword, and the Devouring Demon Sword suddenly broke out with a terrible light.

"Huh, little bugs."

Xiu Chengze snorted coldly, and a series of runes bloomed in his eyes. These runes contained the supreme aura, causing his strength to skyrocket in an instant, and his palms turned into a monstrous sky, sweeping down.

Simultaneously.

Boom boom boom!

Countless figures appeared in his figure, and every figure blasted out a palm, and one after another attack like a sky curtain blasted everyone on the field instantly. He was actually a single person. Kill everyone on the field.

The other celestial masters just urged the space rules and suppressed this world. They smiled at each other, did not take any action at all, and did not put Qin Chen and the others in their eyes.

In their view, Xiu Chengze alone is enough to kill this group of ants in the lower realm. They just got their hands dirty, why bother? Suddenly, the void where Gunan was located was swept away by the horrible palm shadow. Qin Chen looked at the palm that fell rapidly in the sky, and his heart surged into a strong sense of crisis. He had a feeling that if he was hit by this palm , Although he will not die,

But it must be injured.

But Mo Yuanbai and Gu Zunren were not so lucky, and they might even be killed directly under this attack. But he can't directly include Mo Yuanbai and Gu Zunren directly on the jade disc of good fortune in the universe, because in this way, the secret of his space treasure will inevitably be leaked, and now these celestial masters have not put him in their eyes. But once let

Fang saw that he had a treasure of space, it was hard to say.

How to do?

Qin Chen's back was soaked with cold sweat.

Roar!

In the distance, the Heaven Devouring Demon Lord and the Four Great Alien Demon Race Demon Lords were roaring at the same time, struggling to resist. Although they were invincible, they at least had the strength to resist.

They are fighting frantically. Seeing that Xiu Chengze's attack was about to fall on everyone, all of a sudden, the world shook violently, and a mighty aura like the might of the sky lingered in this world, and this force directly suppressed Waiting in Xiu Chengze

The body of the heavenly master.

And Xiu Chengze's attack was weakened by at least half at this instant.

What power is this?

Qin Chen was shocked.

"Kid Qin Chen, this is the aura of Heavenly Dao in Tianwu Continent. Heavenly Dao feels the power of foreign powerhouses and suppresses them. This is a good opportunity to escape."

At this moment, Lao Yuan's voice sounded in Qin Chen's mind, with a sense of joy in his tone.

God? Qin Chen suddenly felt that the Tianwu Continent is a small world, and it is extremely difficult for celestial masters to come. Although I don't know how this group of celestial masters went to the Alien Demon Continent and destroyed the Alien Demon Continent, they will naturally suffer after entering the Tianwu Continent. Tianwu

The repulsion of the heaven of the mainland.

Because the strength of this group of people is too strong, Tian Dao also feels threatened.

"broken!"

In the pleasant surprise, Qin Chen shouted, took out the half of the Xiao Family's holy sword, and slashed it out frantically.

Qin Chen didn't use the Demon Sword and the Mysterious Rust Sword, because he knew that he had to keep a low profile at this time, and if he was stared at by the master of the heavens, it would be finished.

boom! The black broken sword burst out with an extremely terrifying aura. Although this sword has been broken, it is also a holy weapon. It is not as powerful as the demon sword and the mysterious rust sword, but it is definitely much stronger than the Banyue ancient sword and the sky thunder sword.

[Chapter 2373: Little fish ran away](#)

The next moment, the broken sword in Qin Chen's hand collided with Xiu Chengze's attack.

There was a boom. Qin Chen only felt an incomparably terrifying force hit, and with a click, a gap suddenly appeared on the broken sword. Then, the gap became bigger and quickly turned into cracks. Finally, there was a bang, and the broken sword crashed. Burst into nothing

Several fragments splashed, and in the process of splashing, it was even more vanished into nothingness.

Under that terrifying palm shadow, the broken sword of the sacred weapon level unexpectedly exploded directly.

puff!

A mouthful of blood spurted out, and then Qin Chen flew upside down, because what he blocked was not only the attack on himself, but also the attack on the ancient respected person and Mo Yuanbai.

Boom boom boom! A terrifying force poured into Qin Chen's body, Qin Chen's body burst again and again, but he quickly urged the Indestructible Eucharist, the terrible power flowed through his body, and the terrible explosive force could not be blasted. Break Qin Chen's physical defense,

Hurt his internal organs.

"Is this the true power of the ninth level of the Immortal Eucharist?" Qin Chen felt the changes in his body in disbelief. In the previous battle, he was not hurt so embarrassed at all, so he did not feel the immortality at all. The horror of the Eucharist, but now he feels it, under the attack of this celestial powerhouse

, The Immortal Eucharist was able to quickly repair his injuries, leaving him in a state where he could not be seriously injured.

This is simply a **** against the sky. Qin Chen was originally a little disappointed with the ninth level of the Immortal Eucharist. It seemed that apart from making his physical defense comparable to the holy

realm, there seemed to be no change. But now, he realized that it was completely because he hadn't been able to overcome it. The power of extinction

The bottom is out.

"Kid Qin Chen, what are you doing? Don't run away soon." At this time, an angry shout sounded in Qin Chen's mind. It was Lao Yuan, who said in fright that Lao Yuan was also blasted by the previous blow. There were countless pits and pits, but because of the constraints of heaven, Xiu Chengze's attack was instantly weakened by at least one

Half, it made Lao Yuan look embarrassed, but he was not injured much. And at this moment, an endless storm formed in the sky, booming booming, a terrifying coercion was pressed down, crazily suppressed on the bodies of the heavenly masters, and, banging banging, thunder light fell, this It's the way of heaven

The existence of a threat by oneself.

What Lao Yuan was afraid of at the beginning was the Heavenly Dao of the Tianwu Continent. If it hadn't been for the Chaos Devil's Nest, and Lao Yuan had been familiar with this Tianwu Continent for a long time, it would not dare to come out hastily.

The power of heaven is madly attacking Xiu Chengze and others.

"This is... the way of heaven in this continent? Ha ha, is it finally out?"

The rays of thunder fell crazily, but Xiu Chengze and the others were not afraid. Instead, they sneered and sneered. They fist-ed out, and they were actually confronting the Heavenly Dao of the Tianwu Continent. Qin Chen sucked in the air, and he could feel the horror of these thunder lights. Any single blow could instantly annihilate a semi-saint master, and even a master in the holy realm would be seriously injured under the attack of the pressure of the heavens, but this group Heavenly strong, but fearless

, They shot, and they blasted the pressure of Heavenly Dao in Tianwu Continent, like a demon god.

"go!"

Qin Chen just glanced at it. Naturally, he would not let go of such a good opportunity. He took advantage of the oppression of the heavens to directly rush out of the blockade of the heavenly powerhouse.

Not only him, but Mo Li and others are also seizing the opportunity to run wildly.

"Hmph, these little fish are going to run away."

The celestial powerhouse who displayed space restraint sneered, hum, a spatial fluctuation filled his body again, and he wanted to confine Qin Chen and others.

Moreover, the gentle woman even chuckled: "Heaven's pressure has appeared, just so let me figure out where the origin of this continent is? As long as I take away the origin of this continent, I see this continent. What is the power of Heaven's Tao?"

Unpredictable power haunted her fingertips.

But Qin Chen and the others had no time to take care of these. The terrifying space rules swept down again, and Qin Chen and the others immediately couldn't move again. However, this time, Qin Chen's mind came up with a feeling that, as a spatial body, he was bound by the opponent's spatial rules for the first time, and he had never experienced it. But this time, he A faint feeling to Fang Kong

A sense of the nature of the rules.

Hum!

His body shook, and he broke away slightly from the shackles of space rules.

"Am I mastering the opponent's space rules?"

Qin Chen was taken aback, but he didn't care about thinking too much. He brought Mo Yuanbai, Gu Zunren and Lao Yuan, and rushed directly out of the constraints of space with a bang.

"go!"

Whoosh whoosh!

Several people turned into streamers, escaped into the void for the first time, and disappeared in a swish.

While escaping into the void, Qin Chen immediately included Lao Yuan and others in the Universe Jade Plate. With a sneer, Qin Chen's figure turned into a thunder light, raising his speed to the highest level and disappearing into the void. .

And Mo Li and Chi Yan Demon Lord also seized the opportunity, hum, the Sky Swallowing Devil Bottle gleamed, and the two of them also escaped into the void and disappeared directly.

"Huh? How many fish escaped?"

The celestial powerhouse who used space restraint frowned.

"Regardless of them, I will resist the way of heaven. You kill a few alien guys first. These guys are holy realms. Killing them is the most important thing. A few local fish can't escape anywhere. ."

A person snorted coldly, his eyes were cold, and he blew, a terrifying force burst out of him, attracting all the pressure of the heavens.

Klang Klang!

The terrible pressure of the Heavenly Dao immediately concentrated on this person, and it fell crazily. The person kept groaning, and the golden luster on his body was constantly surging, and Heavenly Dao could not help him.

But after this person resisted the pressure of Heaven, Xiu Chengze's power immediately recovered a large amount.

"dead!"

He slapped it with a palm, and the sacred yuan on his body was boiling, burning the power of essence and blood, and the terrifying power immediately enveloped the demon Lord.

Boom!

Endless power immediately swallowed the Sky Devourer.

"what!"

This time, the Sky Devourer finally couldn't resist it. There was a bang and a scream. Amidst the roar, the Sky Devourer burst open with a pop, and the Devouring Demon Sword was thrown away, and it threw it into the ground with blood. Overflowing.

"This **** trash wastes so much time."

Xiu Chengze snorted and shot again, fighting with the remaining four alien demons.

The four demon masters joined forces, and after he killed two people, he was escaped by the other two, suddenly becoming angry.

"Leave these two to me."

boom!

Xiu Chengze rushed out and pursued the two demon masters.

"A few small fishes escaped before, so leave it to us two."

Whizzing!

Several celestial masters immediately flew out of two people, one chased after Demon Lord Chiyan and Moli, and the other chased Qin Chen. They were so fast that they disappeared into the void with a puff, and they chased straight. Qin Chen and others.

boom! The endless void was shrunk by them and quickly approached Qin Chen and them.

[Chapter 2374: Big Prophecy](#)

Suddenly, several masters in the Heaven Realm left the three directly, but Shangguan Xi'er was the only one left on the court from the many masters in the Tianwu Continent.

Faced with such a crisis and such a good opportunity, Shangguan Xi'er didn't even escape. She lingered all over her body with demonic energy and true essence, resisting the coercion of the masters of the heavens, and the diamond bracelet hovered over her head, exuding magnificent. breath.

"Heh, there is a miscellaneous fish here, but it didn't escape?"

The remaining celestial masters discovered that Shangguan Xi'er hadn't escaped. After a moment, the corners of their mouths suddenly sneered.

"This guy should be scared and stupid, so I can't even think of running away."

"But the aura on her body is a bit interesting, with both the power of the true essence and the power of the alien demon race, she is actually a human being?"

"The people of the lower realm really have enough taste."

"There is a sub-saint, not even a holy realm, just kill it directly."

One of them sneered, his palm lifted, hum, a terrible force condensed in his palm, rumbling, and suddenly, his breath once again attracted the attention of the heavens, bang bang bang, thunder light fell.

"Irritation."

The man raised his hand and shattered the attack from Heaven's Path, with an impatient look on his face.

Although the Heavenly Dao of the Tianwu Continent could not kill him, it kept targeting him, making him quite depressed.

"Ling Luling, haven't you found the location of the origin of this continent?" He said unhappy, as long as he found the origin of the continent and swallowed the origin of the continent, then the heavens of this continent would instantly weaken and lose the power against them. .

Ling Luling frowned and said coldly, "If you have the ability, you can find it."

The man's face sank, revealing displeasure, but he didn't say anything. He just cast his gaze on Shangguan Xier's body, and a cold light flashed in his eyes.

"dead!"

He snorted coldly and pressed it down with a palm.

Boom!

Suddenly, the sky burst directly, and the void of Tianwu Continent could not withstand his power. It was directly exploded into a torrent of particles, and the terrible attack fell towards Shangguan Xier below.

Shangguan Xi'er finally struggled for space constraints at this time, and hurriedly raised her head and shouted: "My lord is merciful, I would like to surrender to all the adults and be your guide in the Tianwu Continent, and I have important information to inform you adults."

She shouted, her eyes anxious, her tone tense, and her heart beating wildly.

This is the fundamental reason why she didn't run away like Qin Chen and the others in the first place. She wanted to surrender these celestial masters and chase the strong in order to seek more powerful strength.

She is gambling, betting her life!

"Haha, do you have important information? It's just a small area, I don't need to lead the way at all, you still die."

The man laughed, ignoring Shangguan Xi'er's words at all, and the attack in his hand continued to fall without stopping at all.

"My lord, you can't find the origin of heaven and earth, and there are earth-shattering secrets on this continent. Only our people in Tianwu Continent know..."

Shangguan Xier yelled in horror. She never expected that the other party would ignore her at all and would kill her directly. In fright, Shangguan Xier directly exploded with her strongest power.

boom!

She was crazily entwined with her true essence and devilish energy, puffing, blood spurted out, turned into a series of weird runes, merged into the diamond bracelet, and with a bang, the diamond bracelet suddenly burst into dazzling blood. Stopped in front of her.

When she finished all of this, the world powerhouse that day also fell.

Boom!

An earth-shattering roar resounded, and with a sound, the diamond bracelet shook sharply, and after only resisting the blink of an eye, it was blown out, and the blood above was dim, as if exhausted.

Then, a terrifying force poured into Shangguan Xier's body.

puff!

She spurted out a mouthful of blood, and the whole figure was blown out like a rag bag. The whole body was splashed with blood. The blood was evaporated into nothingness in the void, and the robes on her body were also shattered, and the whole person became a blood person.

Shangguan Xi'er's mind roared, and her soul fell into a drowsiness. This blow almost exploded her directly.

"Is this the strength of a strong man in the heavens? Strength, I need strength, I need fearless power against the sky." Shangguan Xi'er screamed wildly in her heart, and her body flew feebly, like a lamb to be slaughtered.

"This guy is not dead. Are all people on this continent a cockroach?"

The Heavenly Realm powerhouse who shot his face looked ugly, and he snorted coldly. He didn't kill Shangguan Xi'er with his shot, and his face suddenly disappeared.

"This saint wants to see, you can block it a few times."

He snorted coldly, his eyes were gloomy, and there was a rumbling, the endless power condensed in his palm, and he was about to shoot down on Shangguan Xi'er again.

"Jianping Road, wait a minute!"

Suddenly a slender palm came out and stopped him.

"Ling Luling, what are you doing?" Jian Ping frowned, and it was his companion who stopped him.

"Don't kill her first, I have a question to ask her." Ling Luling frowned and looked at Shangguan Xi'er falling below with indifference. When he raised his hand, a force of strength immediately dragged Shangguan Xi'er and pulled her over. .

"A mere nether ant, what do you want to ask?" Jian Ping was puzzled, and the other two people around him also frowned, obviously not understanding.

"I didn't calculate the location of the origin of this continent." Ling Luling said with an ugly expression.
what?

As soon as this statement came out, the other celestial experts were stunned.

"Impossible?" Jian Pingdao's face was puzzled: "The origin of the heavens and the earth of the lower planes is very clear. As long as you follow the power of the heavens, you can directly calculate them. What's more, what you are practicing is the prophecy of the heavens. , Although it is only the basic secret technique of prophecy,

But it should be easy to figure out the origin of this piece of heaven and earth, don't you want to do something tricky? "

The origin of heaven and earth is often very clear and can be easily perceived by their strength. After all, they are all strong in the heavens, and they cannot be more clear about the operation and perception of the heavens.

"Jian Pingdao, if you don't believe it, you can try it yourself." Ling Luling said angrily.

"Try and try."

He sneered, and immediately used the rules in his body to realize the origin of this continent. According to normal experience, as long as you continue to explore with the power of heaven and earth, you can easily find the source of heaven and earth. But this time, when he followed the power of heaven and earth, he found that the rules ahead were hazy. Yunli

In the fog, it is impossible to guess the real appearance and location.

There was an invisible force that blocked his speculation.

"Someone obscured the secrets of this continent, so that the origin of the continent was hidden, how could this be possible?" He was shocked and exclaimed in exclamation. It was obvious that a strong man had blocked the heaven and earth avenue of this continent, a lower bound. That's it, anyone can do this? how is this possible!

[Chapter 2375: Surrender you](#)

Jian Pingdao couldn't help being shocked. In his opinion, this was simply impossible, and it happened in front of him.

At this moment, Jian Pingdao thought of what Shangguan Xier had said before, thought of the shocking secrets she had said, and the words that could not find the origin of heaven and earth.

"boom!"

He directly took Shangguan Xi'er and took it, his right hand grabbed Shangguan Xi'er's neck, as if carrying a chicken, and said coldly: "Say, where is the origin of this continent? And, this continent What's the secret on it?"

Shangguan Xi'er was being carried, and her whole body was in pain. She said in pain, "My lord, you let me go first."

"Say."

Jian Pingdao's eyes were cold, but he tried harder, Shangguan Xier's life and death, he didn't care at all, he just wanted to know what he wanted to know.

Shangguan Xi'er's face was flushed with suffocation, but she clenched her teeth and said nothing, her eyelids kept turning upwards.

"Hehe, you have the backbone, don't you say so." Jian Pingdao's eyes are cold, what is his character, how can he not understand Shangguan Xier's mind, this is to make conditions with him.

"Don't you think you don't know if you don't talk about this saint?" Jian Ping sneered, raising his right hand, and a terrifying soul power poured directly into Shangguan Xi'er's mind, clearly to search for the soul.

"Ah!" Shangguan Xi'er suddenly roared in pain, her whole body was constantly shifting devilish energy and true essence, her pupils were filled with bloodshot eyes, and a trace of black lines emerged on her body, these forces turned into a strange force , Actually stopped Jane

The invasion of Pingdao soul.

Jian Pingdao suddenly sneered, "Hmph, do you think this can prevent this sage from searching for the soul? It's ridiculous, your soul defense is indeed strong, but as long as the sage is willing, it can't stop it at all."

boom!

Terrible soul power poured into Shangguan Xi'er's mind, forcibly breaking through Shangguan Xi'er's soul defenses, but before Jian Pingdao's soul safely rushed into Shangguan Xi'er's mind, Shangguan Xi'er's soul fluctuated violently. .

"Ok?"

Jian Pingdao's face changed slightly, the other party was so cruel, he set a ban in his mind, and he was invaded by the soul, and would rather blew the soul than let others search for her soul.

Are people on this continent so harsh? "My elders, I just want to... live. My name is Shangguan Xier. I am the first person on this continent. Some secrets are only known to me. When I die, these secrets will disappear, and you can't Search my soul...

...Because once I force a soul search, my soul will explode. There are big secrets in this continent, even to the heavens, it is a big secret. "

Shangguan Xi'er said in pain, word by word, but extremely determined.

How many people are shocked, there are big secrets to the heavens too?

Ling Luling said: "Jian Pingdao, let her go, first listen to what she has to say!"

Jian Pingdao looked gloomy, hesitated for a moment, and finally let go of Shangguan Xier.

Shangguan Xi'er's throat loosened and suddenly coughed violently.

"Go ahead, what's the secret?" Jian Ping said indifferently.

"Several adults are still allowed to heal their injuries first." Shangguan Xier said, she is very embarrassed now, and her injuries are serious. If she is not treated in time, she is likely to die. Even if she recovers later, she will leave permanent hidden dangers.

"you wanna die."

Jian Pingdao became angry from embarrassment, and the other party dared to make terms with him.

Ling Luling stopped Jian Pingdao, hum, a pill appeared in her hand. As soon as this pill appeared, an astonishing aura surged between the heavens and the earth, and the enchanting medicinal gas turned into dragons and phoenixes, in the heavens and the earth. Soar between.

Even this breath was more terrifying than Shangguan Xi'er's breath.

"This is a healing pill, you can take it." Ling Luling threw this pill to Shangguan Xi'er: "But if I let this saint know that you are lying to me, you will definitely end up better than you think. It will be miserable."

"this is....."

Shangguan Xi'er looked at the pill in her hand in shock. Before she swallowed this pill, she felt that her injuries were healing quickly.

Holy pill!

Such a terrifying pill is definitely not something an emperor-level pill can do, it is definitely a holy-level pill.

Shangguan Xier's eyes flashed and she was ecstatic, and she finally got the right shot.

Hum.

She swallowed the pill, immediately cross-legged in the void, and began to heal her injuries quickly.

"Ling Luling, why give Tianbu Dan to such a waste in the lower realm, I don't have a few pills in my body like this." Jian Pingdao looked at this scene, his face a little unhappy.

Ling Luling did not speak, but murmured: "I am a little curious about this continent now."

When Shangguan Xier was healing.

There was a void tens of thousands of miles away from here, two light and shadow one after another, fleeing quickly.

It was Mo Li and Chiyen Demon Lord who flee in the front, while the one who was chasing in the rear was a cold man with long green hair, one of the heavenly masters.

This celestial master was extremely fast, and while walking, the world collapsed, and the space quickly passed behind him, quickly approaching Mo Li and Chi Yan Demon Lord.

"Master Chi Yan, that person is about to catch up, what should we do?"

Mo Li's face was full of anxiety and tension, and he felt that a terrifying breath was approaching quickly, completely locking them in.

"Damn it."

The Chiyan Demon madly urged the Sky-Swallowing Devil Bottle, which kept flashing in the void, traversing across the space, but could not escape the opponent's pursuit.

The master of the holy realm, the strength is too strong, he is completely above this world in the understanding of the rules, even if the Red Flame Demon Lord and Mo Li are half-legged powerhouses who have reached the level of the demon master, they cannot Get rid of the other party's tracking.

"Damn it, just give us a little more time. As long as we understand the power of the Chaos Demon Nest, we will definitely be able to step into the realm of the Demon Lord and have the power to fight against each other, but now..."

Chiyan Demon Lord is ruthless. It and the magic power swallowed the power of the fear demon lord, and the body already has the origin of the demon lord. In this case, as long as you understand the power of the Chaos Demon Nest, you can easily step into the realm of the demon lord. Unfortunately, they don't Too much time to feel

Enlightenment.

Otherwise, how could they be so embarrassed?

"Hmph, two ants can run like this, but unfortunately, in front of this saint, where can you run away?"

The realm master sneered and tracked that day, like a cat playing with a mouse. After some tracking, he already saw the phantom of the sky-swallowing magic bottle in the sky.

"Leave it to this sage." He shot, the voice hadn't been heard yet, the hand had been pressed, and he was chasing the Sky Swallowing Devil Bottle, banging banging, the Heavenly Dao of the Tianwu Continent was preventing him, and the thunder and lightning continued to be blasted down, although hurt Not having him, it still affected his speed.

[Chapter 2376: Very happy to meet you](#)

With a bang, the edge of the palm of the hand rubbed the Sky-Swallowing Devil Bottle, and with a bang, the Sky-Swallowing Devil Bottle roared and threw it out in the void, sending Mo Li and Chi Yan Demon King flying out together.

Puff!

The two vomited blood at the same time, very embarrassed.

"You didn't kill these two wastes?" The strong man sneered that day, but he didn't care about it. He shot again with an abusive expression, his expression was extremely relaxed.

In his eyes, he was not chasing and killing two enemies at all, but was teasing two ants, very relaxed and freehand.

boom!

But his casual blow, like a curtain of sky, crashed into the sky, and the entire sky seemed to be in the dark night. The huge palm covered the sky and the earth, and it fell directly to the demon Li and Red Flame Demon Lord below.

☹!

Before that huge palm arrived, the terrifying power had already shook the world and the earth roared, Mo Li and Chi Yan Demon Lord almost suffocated.

"Magic, you go!"

Despair emerged in the heart of Red Flame Demon Lord. His eyes flashed, knowing that they were going to die. At the moment of life and death, he had already made a decision in his heart, and the terrible breath surged in his body to resist that monstrous palm. .

"No!" Mo Li roared sharply, his eyes were red, how could he not know what the consequences of Chi Yan Demon Lord would be? Red Flame Demon Lord is giving his own queen, and exchanging his life for his own life.

At this moment, Mo Li's heart was full of emotion.

He roared and rose into the sky, "Master Chi Yan, you go, I will stop."

He actually wanted to rush in front of the Chiyan Demon Lord. The Chiyan Demon Lord looked at Moli's figure, with a touch of gentleness and touch in his eyes. He didn't know that he would act like this. The foreign demons are all selfish. They have lived in such a way since birth. In this environment, there is no Friends, some are just competitors.

In Alien Demon Continent, weak will be destroyed, everyone must desperately promote, desperately breakthrough, no friends, no relatives.

Everything is naked interest.

Until I met Mo Li.

Originally, Red Flame Demon Lord only regarded Mo Li as a successor, or even an object of use. However, in recent years, the two sides have experienced countless lives and deaths, getting along day and night, and Red Flame Demon Lord didn't know that he would have such a person. Affection.

This kind of sentiment includes mentor and apprenticeship, family, brotherhood, and even that inexplicable indescribable feeling.

Only then did Chiyan Demon make such a decision on impulse.

But when it saw that Mo Li did not want to leave for himself, and even tried to resist the impossible attack in front of him, the corner of Chiyan Demon Lord's eyes suddenly burst into tears.

It cried.

The alien demons don't believe in tears.

But it still cried. From birth to now, it is the first time it has cried. How did the tears feel like this?

Then, it laughed again, and when it saw the devil's actions, it laughed, and it did not regret it.

"you go!"

As the tears flowed, Red Flame Demon Lord roared and spurred the Sky-Swallowing Devil Bottle, and blasted on Mo Li's body with a boom. Suddenly, a light flashed in the void, and Mo Li was directly blown out by the power of the Sky-Swallowing Devil Bottle. Appeared thousands of miles away.

"You go!"

The Red Flame Demon screamed with tears, and rose into the sky with a hideous face. In his body, an endless black flame burst out, colliding with the blow of the world powerhouse that day.

boom!

The Chiyan Demon felt as if some shackles were broken in his body. At this moment, it broke through and directly entered the Demon Lord level.

But it's useless.

The terrifying power of the heavenly powerhouse blasted down, and the body of Demon Lord Chiyan split open, and the black flames scattered and screamed.

But it did not hesitate, stabilized its figure, looked savagely, and rushed up frantically again, and shot frantically at the world powerhouse that day.

It is fighting for time, to buy time for magic.

"Well, I actually broke through the holy realm. It's a bit interesting, but unfortunately I'm still going to die." That day the realm powerhouse sneered, and continued to shoot, banging, banging, a series of attacks fell, and the blood of the red flame demon suddenly surged, and it would swallow the sky demon. The bottle was horizontally in front of him, and an endless and magnificent breath suddenly emerged from the sky-swallowing magic bottle, and

That day the world's strongest fought frantically.

Rumble!

Under the fierce roar, the Sky Swallowing Devil Bottle clicked, cracks appeared on the bottle, and these cracks were spreading rapidly.

Too strong, facing a master of the heavens, even the Sky Swallowing Devil Bottle cannot resist.

"Old friend, I'm sorry."

There were tears in the corners of Chiyan Demon's eyes, but its figure was like a rock, firmly guarding this side of the world, preventing the experts from that day from rushing over.

In the distance, Mo Li's eyes flushed suddenly.

"Master Chi Yan!"

He roared, watching the figure that was struggling to support under the bombardment of the master of the heavens, tears flowed down suddenly.

Master Chi Yan, why are you so stupid!

Mo Li cried.

At this moment, he remembered the scene of the year.

"Jie Jie Jie, young man, this Demon Lord is the ancient Red Flame Demon Lord. If you can pick me up, it is your luck." "Young man, this Demon Lord sees that you are practicing, it is my clan demon skill. , The blood in the body also seems to have the blood of my race, but unfortunately, the strength is too weak, but it is a waste. This demon Lord has the ability to make you stronger. With such a great opportunity, don't you

Want? "Jie Jie Jie, you are very smart, and the demon does not speak secretly. Indeed, I wanted to seize you before, but I didn't expect that you actually have the parasitic seed of my alien race on you, so I can't treat you. To take home, so don't worry

This demon lord, even if the demon lord comes, don't want to seize the person who has the parasitic seed, so you can rest assured of this demon lord. "

"Jie Jie Jie, interesting, this demon lord likes it, so, as long as you give me some blood, this demon lord will give you some benefits first, how about?"

He remembered the words that Red Flame Demon Sovereign said to himself in the Secret Realm of Heaven Demon, so familiar, as if still in his ears.

I remembered the picture of the two experiencing and growing together.

Also remembered the lingering not long ago.

Mo Li cried.

Like a child.

Then, he gritted his teeth, turned his head in pain, turned his body into a streamer, and left at once.

"Master Chiyan, I will definitely not let you die in vain, I will avenge you, I must avenge you, and kill all these celestial bits and pieces!"

"Ah!"

Mo Li roared silently in his heart. He was crying while flying madly, and disappeared into the sky in the blink of an eye.

"Huh? This ant is going to run?"

That day, the realm expert saw that Mo Li had disappeared from his perception, and he was immediately furious.

"dead!"

boom!

The extremely terrifying power fell, and finally, the Sky-Swallowing Devil Bottle couldn't hold on, and it burst with a bang, and endless fragments splashed around.

"Moli, you must live, take my will and live."

Demon Chi Yan looked at the direction where Mo Li disappeared, with a smile on his face.

Can meet you.

Very happy! Then, the body of Demon Chiyan also shattered silently, and with a bang, it turned into a sky full of black flames, scattered in all directions.

[Chapter 2377: Nirvana rebirth](#)

boom!

Under the terrible blow of the realm powerhouse that day, Demon Chiyan split directly, his body shattered and burst into black flames in the sky.

This is the original technique of the Red Flame Demon Master, the Red Flame Demon Art. After it breaks through the Demon Lord, the body is transformed into the original red flame magic power. Therefore, after falling, it will also turn into black flames in the sky, like the goddess scattered flowers. , Splashing all over the sky.

"Hmph, finally dead, a little ant, wasting this saint so long."

The green-haired man had displeasure on his face, and with a flick of his figure, he was about to follow where Mo Li disappeared.

At this time, countless black demon flames still rushed towards him. At this time, the will of the Red Flame Demon Lord before his death was urging these demon flames to pounce on the strong heaven.

Even if it dies, it will buy time for Moli.

"If you die, you can't live in peace, and there is still a remnant of will. Since you want to be wiped out, this saint will fulfill you."

The green-haired man's eyes were cold, he pressed down with a palm, and suddenly, the sky flame was exploded, extinguished one after another, and dispersed in the air.

Whoosh!

The heavenly powerhouse snorted coldly, and his figure shook before disappearing.

Calm was restored between the heaven and the earth, and the destroyed mountain range was below. Only the broken fragments of the Heaven-Swallowing Devil Bottle were scattered in the mountain range, indicating that there had been a war here.

In the void, Mo Li's figure flew quickly. After a while, he saw the Black Death Swamp in the distance. With a flickering figure, he directly sank into the Black Death Swamp, and then entered the underground palace in the Black Death Swamp for the first time. .

Seeing the familiar scene here, Mo Li's tears couldn't help streaming down again. He remembered the lingering not long ago, but he didn't expect it to be a farewell.

"Master Chi Yan!" He choked, his eyes were unprecedentedly cold and indifferent, with endless murderous intent, but he also knew that it was not the time to think about this, and he immediately sat cross-legged, his breath receded, as if he had become an ordinary People, between the eyebrows, emerge

A seed came out, which was a parasitic seed, completely sealing the void, and no longer any life fluctuations.

Enclosed himself completely under the palace ground.

"Where was the Ant-Man just now?"

In the void thousands of miles away from here, the green-haired man's face was pale, because he found that he had completely lost his magical aura.

"In such a short period of time, it was impossible for the ant to go too far." An invisible force radiated from the green-haired man, and quickly swept across the world, this world of thousands of miles, and was suddenly caught by the green. The hair man was completely enveloped, and even the most common blood beast below was investigated by him.

Exploring past.

But never found the breath of magic.

how is this possible?

His face was blue, and a mere ant could evade his detection skills?

He kept urging the soul power, searching again and again, but in the end he found nothing.

"Damn it!" He was angry and shot frantically at the ground below. Suddenly, the void collapsed. The city and forest below were riddled with holes, turning into huge pits, and the earth rumbled and cracked. Shocking cracks, even magma was blown out

Come, the vicissitudes of life, the landform has been changed.

The Moli in the underground palace not far away felt the horrible fluctuations between heaven and earth, motionless, dripping with cold sweat.

The Moli at this moment had absolutely nothing to do except pray. Fortunately, this place was the place where the Dreadlord lived in seclusion. The Dreadlord was seriously injured by the top human sacred realm powerhouse, and escaped here. In order to prevent the human sacred realm powerhouse from discovering it, this was set A large palace formation,

Here, as long as it is not directly coming over, even the strong in the holy realm will not find the special place here.

In the end, after a bombardment by the world powerhouse that day, he still couldn't find the magic.

"Damn, let a mouse run away. Forget it, I've wasted too much time. Go back."

He looked ugly, turned around, and disappeared into the void suddenly.

Mo Li remained motionless.

Hum!

After a while, the realm powerhouse that day actually returned to this void again and killed a carbine, but after realizing that there was indeed no movement, he had no choice but to leave.

At this time, in the mountain range where the Red Flame Demon Lord fell.

A blood beast cautiously emerged from the ground. It was a mouse covered in scales, exuding a palpable atmosphere, it was actually an eighth-order imperial ground dragon rat.

It looked at the changed landscape around it in horror. The previous breaths were too terrifying, and it was so scared that it got into the depths of the earth for the first time, and then it escaped.

Suddenly, it saw a fragment not far away. The fragment exudes an aura that makes its heart palpitating. The blood beast of Tier 8 already possesses extraordinary wisdom, knowing that it must be a treasure, and immediately rushed up to bite this fragment. In the mouth.

It just hit it.

call!

A black flame suddenly appeared above the fragment, and at the same time an ecstatic voice emerged from the flame.

"Hahaha, my Red Flame Demon Lord has been resurrected and Nirvana is reborn. After the Red Flame Demon Art breaks through the realm of the Demon Lord, I actually have a chance to be reborn from Nirvana.

The black flame burned quickly, and an aura that made the ground dragon rat's heart palpitated filled out, and this emperor-level ground dragon rat shivered and crawled to the ground.

"Thanks to the emptiness of the Sky-Swallowing Devil Bottle, otherwise I must have lost my soul, because God doesn't want me to die."

This voice was the voice of the Red Flame Demon Lord, and the soul aura was recovered from the fragments of the Sky Swallowing Devil Bottle.

"Damn it, it's a pity that I need a body now. Why are there no humans here, but only a blood beast, that's all, the blood beast is a blood beast. After the demon master recovers his strength, he will reshape his body."

call!

The black flame instantly rushed to the ground dragon mouse, the ground dragon mouse squeaked twice, and suddenly stopped moving. After a while, the ground dragon mouse stood up again, his eyes glowed with cold light and his body emitted All the magic light.

"I don't know what happened to Moli, but my strength is too weak now, I can only hide first."

Red Flame Demon Lord hesitated for a moment, and went into the ground with a swish, disappearing.

When Mo Li and Chi Yan Demon Lord were ruined, on the other side, Qin Chen was also flying quickly in the void.

His figure turned into a thunder light, raising his speed to the extreme, but there was always an aura that made his heart palpitations, firmly locked in him.

"The strong man in the realm of the day is really lingering."

Qin Chen's eyes were cold, and he didn't expect the other party to catch up. Once he was caught up by the other party, even if the old source was there, they might not escape to death.

"Kid Qin Chen, continuing to escape like this is no way."

Lao Yuan said nervously in the jade disc of good fortune in the universe. How could Qin Chen not know what Lao Yuan had said, but if he didn't escape, could he still fight the opponent?

[Chapter 2378: Space magic](#)

Facing the masters of the heavens, do they have any hope of winning?

"Since the other party doesn't give us a way to survive, let's fight."

Qin Chen's eyes were cold, his mind flashed, and finally he made up his mind.

call!

He stopped directly in the void, and then, Qin Chen picked up the heavenly pillars from the jade disc of Qiankun's good fortune, and threw them toward the surrounding mountains and forests.

It's the Array of Saints!

Qin Chen could feel that he was tracking him with only a breath. Obviously, only a master of the heavens was chasing him. As long as he was prepared properly, there might not be a chance to fight back. On the contrary, he would die if he only knew to escape.

Boom boom boom.

These sky pillars flew out immediately and quickly fell into the mountains below, like a dragon sinking into the sea, quickly disappearing.

Then Qin Chen threw the Tiankong Wanzhuan formation plate out again, and the formation plate instantly merged into the void, serving as the eyes of the Ten Thousand Saint Slayer Demon Formation. Even so, Qin Chen still feels a little regretful. The time given to him by the Celestial Realm master is too short. If he can give him more time, he will definitely be able to arrange it more perfectly and deploy the power of the Ten Thousand Sacred Demon Array. The ultimate grasp

It's bigger, but it's good now, at least there is a chance to arrange it.

After arranging the Ten Thousand Sacred Demon Array, Qin Chen did not stand on the spot, but moved hundreds of miles toward the ancient southern capital before stopping.

As soon as Qin Chen finished all of this, a terrifying aura had passed from afar.

boom!

The void exploded, and a figure suddenly emerged from the world, like a demon.

"Huh, you didn't even leave?" That day the realm expert saw Qin Chen standing alone in the void, but he was puzzled. In his opinion, facing his own pursuit, he had never broken through the Holy Realm before him. The news, you should rush all the way, how far you flee, maybe you think

I can escape instead of standing here and waiting for death.

Although in his eyes, Qin Chen couldn't escape his palm even if he tried to escape, but Qin Chen stood here and didn't leave, but he was far beyond his expectation.

"Hey, that's not right, there are still a few people you can run away just now, why are they all missing, do you have a god-level space treasure? Or is there a small world?"

When the celestial powerhouse felt that there was only Qin Chen here, he was immediately shocked, and then immediately understood that Qin Chen must have a space treasure that can gather life, and it may even be a small world in the legend.

In this small lower realm, there is such a treasure as the small world? The face of this celestial powerhouse suddenly showed ecstasy.

"Hahaha, God helped me. I didn't expect that in this lower realm, there would be a space treasure. It seems that God really loves me, Pu Caijun, if I am chasing you this kid, it really didn't disappoint me!"

Pu Cai's handsome eyes showed his brilliance, and he was ecstatic, apparently taking Qin Chen as his plate of Chinese food. He is not an idiot. Naturally, Qin Chen dared to stay here. There is definitely some hole card, but he is not worried. It is only a low plane, and the opponent is just a little guy who has not even reached the holy realm.

No matter how awesome the hole cards are, in front of him, they are nothing but clouds.

Because this guy didn't know his horror at all, maybe he thought he was just an ordinary lower realm holy realm.

How can these ants expect the holy powers of the heavens?

"It seems that the previous battle hasn't made you give up. You must think you have some trump cards, so you want to try to see if you can resist this saint. This saint is just as you wish today."

After Pu Caijun finished speaking, he raised his hand and waved a white exercise. He knows that Qin Chen has a lot of good things on him, and he killed him as soon as he came up. If he can kill Qin Chen in a short time, then all the treasures on Qin Chen's body are his. Otherwise, if his friends rush Come over and want a piece of the pie, then he

Can't eat alone.

With a bang, as soon as this white match appeared in the void, an extremely terrifying murderous intent appeared in the heaven and the earth, and these murderous intents bound the heaven and the earth.

Although this was a training, it was like a space-killing belt, covering the whole world, completely trapping Qin Chen in it.

☳! Tiandao felt the breath of Pu Caijun, and suddenly there were terrible rules, and thunder light poured down. Each of these attacks had a semi-holy level, and even stronger, close to the holy level, countless rays of thunder light kept falling towards

Pu Caijun launched a fierce attack.

Thousands of sky thunder attacks, each with more than half-sage power, it was terrifying.

However, this Pu Caijun was not afraid, he just frowned, and seemed extremely impatient with the suppression of the Heavenly Dao of the Tianwu Continent. He was not afraid of these lightning attacks, did not parry at all, just resisted with his body.

Bang bang bang, these heavenly thunders fell on him, only agitating some dust on his body, suppressing his strength a lot, but it was unable to cause substantial damage to him.

From this point of view, the holy realm powerhouse of the heavens is indeed much better than the demon masters of Lao Yuan and even the alien demon race. At least Lao Yuan and the Heaven Devouring Demon Lord, they did not dare to run wild on the Tianwu Continent for fear of suffering from the heavens. against.

Pu Caijun swept across the heavenly Dao's attack, and at the same time, the white pistol seemed to be slow, but it straddled all the void in an instant, completely confining Qin Chen. Before that, Qin Chen just sacrificed the demon sword and split out one. Killing sword gas.

After being completely imprisoned by the white piping, Qin Chen's eyes showed horror. Pu Caijun suddenly sneered disdainfully when he saw the horror in Qin Chen's eyes. In these two moments, did he dare to stop and challenge him?

This spatial killer training is just the start-up style of his cultivating spatial supernatural powers. It is so frightened, how can he fight? This is not on the same level at all.

The people of the lower realm are too weak, it is really uninteresting. Qin Chen's horror was a bit pretended, but there was also a part of the real shock in it. He claimed that his understanding of space rules had reached an extremely profound level. In this Tianwu Continent, not to mention unprecedented people, at least for now.

On the continent, there is almost nothing deeper than him.

At least Shangguan Xi'er's spatial attainments were not as good as him.

But when Qin Chen saw Pu Caijun's space attack, he realized that the space rules could still be used in this way.

The opponent's solidified space is not formed by space rules at all, but real space magical powers. The use of this space magical power is much more advanced than Qin Chen's use of the space domain. Qin Chen felt that if he could master such a magical power, even if his realm was not improved, his attack power would definitely skyrocket by more than several times, and his current cultivation base would threaten the masters of the holy realm.

[Chapter 2379: Horror Heavenly Powerhouse](#)

What shocked Qin Chen even more was that this space magical power attack also contained a soul attack. After being bound by this space magical power, Qin Chen's soul began to be confused and even felt dizzy. Qin Chen immediately understood that the other party Null

The attack of the soul is also incorporated into the magical powers.

Once he was defeated by the opponent's soul attack, and even without the opponent's hands, he would have been strangled into nothingness by the supernatural power of this space.

What a terrible attack. Moreover, Qin Chen has not experienced one or two battles. His combat experience is extremely rich. He can be sure that this Pu Caijun's supernatural power is just the beginning, not the opponent's ultimate killer move.

There are even more terrifying attacks.

Fortunately, Qin Chen has practiced the Celestial Soul Forbidden Technique, his soul power is extremely terrifying, and he possesses a spatial body, and his perception of spatial rules is extremely keen. Otherwise, another strong person will come, even if it is a strong person in the Holy Realm, under this attack If you don't die, you will be seriously injured.

It was just a confrontation that Qin Chen had a new understanding of the holy realm master, and even a avenue to the sky appeared before his eyes, and Qin Chen faintly discovered what path he should take next. Originally, Qin Chen wanted to fight the opponent hard, and then quickly backed away to attract the opponent into the big formation, but now he understands that he thinks too much. In the face of the attack of the heavenly powerhouse, he can't fight the opponent hard. , Had to

Back off for a while.

Hum!

The demon sword slashed out, Qin Chen's body surged with spatial rules, a horrible sword light burst out, and immediately slowed the spatial magic for an instant, and at that moment, Qin Chen's figure was violent. Retreat, did not stay for half a minute.

Because Qin Chen knew that he would not retreat now, he might not have a chance to retreat next.

boom! Although there was a demon sword to stop him, and Qin Chen used the space rules to avoid the opponent's attack, Qin Chen was still caught by a terrifying space force. With a puff, Qin Chen shot blood out of his body, making the whole person embarrassed. Fly upside down

Get out.

But Qin Chen had already broken free from the shackles of the opponent's move at the moment of being blasted off, and he was relieved. Qin Chen knew that if he couldn't get rid of the supernatural powers of this space for the first time, and once he waited for the opponent's move to be completed, then even if he was the spatial body, he would not be able to escape such a terrifying attack. He could only wait to die. he

No matter how many methods there are, they can't be used at all. But when Qin Chen rushed out, Qin Chen's mind suddenly flashed a trace of warning signs, and an invisible and strange force swept across in an instant. This strange force carried a cold and cold aura, as if a thread was like a thread. Winding up Qin Chen's body.

"What is this?" Qin Chen was shocked. He hadn't felt this cold and strange power before. If it weren't for his very keen perception, I am afraid that this strange power would have entered his body, he thought. I didn't think, Qinglian Demon Fire Instant Seat

Rolled out.

boom!

The azure blue flame burned, and this strange force made a sneer under the attack of Qinglian Demon Fire, and was burned into nothingness, and the warning sign in Qin Chen's mind disappeared.

Qin Chen's forehead was full of cold sweat. He couldn't think that in addition to the space rules and the magical power attack, there was such a strange power in this space magical power. If he hadn't reacted in time, he might have already learned the way.

This is the first time that Qin Chen has fallen into such a dangerous situation. The clothes on his back are soaked in cold sweat. This kind of depression is really not enough for outsiders.

"Huh, is this sky fire?"

Pu Caijun looked at the flames on Qin Chen in shock, with shock and fiery light in his eyes. "You are a man in the lower realm, even if you have sky fire?" Pu Caijun looked incredulous. You must know that even in the sky realm, sky fire is an extremely terrifying thing. Under the cultivation of masters in the sky, some sky fires have been upgraded to the extreme, and even possess

The power that destroys the world. "No wonder you dare to stay and wait for me. As expected, there are two things. Not only can you withstand the attack of my soul, but you can also break through the power of my spatial rules. Even the special power of this saint was burned by your sky fire. This time this time really

Good luck. "

Pu Caijun smiled sternly: "But the special power you smashed is only the fur of the magical power of this saint...Huh..." Pu Caijun said halfway, and he felt the sword energy of Dao Dao immediately appear around his body, countless sword energy. Zi appeared and slashed at him like lightning. These sword auras carried a demon-like aura, very similar to the demon sword in Qin Chen's hand.

He was wrapped inside.

"When did you set up the Sword Realm? Interesting, I didn't expect you to be a kendo master. If you change to an ordinary holy realm master here, you might be counted by you..." Pu Caijun shook his body as he spoke. A horrible breath bloomed from his body. After Qin Chen's full-sky sword aura field touched him, it made a clanging sound of gold and iron crossing over, and then countless swords.

Qi burst into pieces one after another, unable to hold on even a breath, and disappeared without a trace in an instant.

Qin Chen's heart sank. This guy's defense was too strong, and his sword domain attack didn't hurt him much. Think about it, my current sword domain attack is equivalent to the top half saint's shot, but the countless sky thunders displayed by the heavens have the power of the peak semi saint, and they can't help this person, his own sword domain. The attack did not work, also

In reason.

However, when Qin Chen used the sword domain attack, he didn't think that the sword domain attack alone could damage the opponent, just to show the opponent.

After doing all this, Qin Chen's figure shook, and immediately rushed towards the rear, obviously trying to escape here.

"I want to go, but I stopped, are you still leaving?"

Pu Caijun sneered, how could he allow Qin Chen to escape, and he immediately followed, banging, he punched out, and suddenly, the terrifying fist power came again.

This time, the speed of the fist was too fast, like a bolt of lightning, and it came immediately behind Qin Chen.

"not good!"

Space rules suddenly appeared on Qin Chen, trying to avoid this attack of fist power, but the opponent's speed was too fast to give him time to dodge, and the fist power had already blasted on Qin Chen's back. .

puff!

The spatial rules that Qin Chen ran out only had time to dodge half of the opponent's power, and the remaining half of the fist power slammed on Qin Chen's back firmly. Only heard a dull roar, Qin Chen's bones made a burst of cracking noises, and he pounced forward while spraying several mouthfuls of blood in the air.

[Chapter 2380: Shameful](#)

That fist attack, he couldn't even evade, the black fist gathered in the surrounding space, as if it had confined him before, and before he broke the space, the fist attacked him. Body.

Qin Chen's use of space rules once again opened his eyes. Several 9-rank healing pills suddenly appeared in his hand. Qin Chen threw these healing pills into his mouth like a peas, without any hesitation at all, and the Immortal Eucharist started to operate autonomously in an instant. Start repair

Qin Chen's skeleton.

The painful place behind him suddenly felt refreshing, but Qin Chen was shocked. Facing such a master in the heavens, the opponent's two moves injured him. If he didn't dodge in time, at least half of his power was avoided by the rules of space, plus the terrible defense of the Immortal Eucharist, the previous blow I'm afraid he will

It exploded instantly and disappeared in smoke.

So far, Qin Chen has no room to fight back, and his heart is gloomy. Are the methods he has arranged are still useful? Can you really escape this person's ultimate move?

What Qin Chen didn't know was that he was shocked in his heart, and the shock of the other party was greater than that of him.

"What? It was blocked again?"

Pu Caijun's complexion turned sullen, his dignified celestial sacred realm master made two consecutive moves, but he failed to kill a sub-sage of the lower realm, which made his heart suddenly embarrassed and angry.

Shame, too shame.

If it is excusable to say that the first move failed to kill Qin Chen, he didn't keep his hands at all during the second attack, but he still failed to kill the ant in front of him, especially the opponent's defense. He was also quite shocked.

Of course, after the shock, ecstasy emerged in his heart.

He could tell at a glance that Qin Chen was able to block his move. In addition to evading in time, the most important thing was that the opponent's physical defense was very terrifying, and it had definitely reached the stage of holy rank.

A sub-sage can actually rely on the body-refining exercises to elevate the physical body to the holy realm. If such exercises are obtained by him, then his defenses will surely be astonishingly improved. By then, his strength will surely surpass the others who descend with him. People. "Hmph, I don't think you are still a master who has practiced physical exercises. The surprise you gave me is really big. There is sky fire, the treasure of space, and even physical exercises. Tsk, a person in the lower realm has such a method. , You may be called

The son of the plane of this continent, ha ha, it would be so exciting to think about it if you can kill a son of the plane. "

Pu Caijun hadn't finished speaking yet, but found that Qin Chen had flew up quickly, apparently leaving here.

"Want to go, have you gone?"

Pu Caijun sneered, he flew quickly, and suddenly a terrible space-binding force was transmitted from far away, straddling the void and descending quickly, covering the void within a thousand miles.

Hum!

Qin Chen felt like he was trapped in the mud, and his physical actions suddenly became difficult.

"Keep running and see where you can go."

Pu Caijun sneered and opened his mouth. He raised his hand, and suddenly a terrifying fist gathered up. On his palm, there was even a black halo around him, an aura that made the world throb.

boom!

He killed him and rushed directly into the void in front of Qin Chen.

At this moment, Qin Chen's eyes flashed brightly.

"Get up!" Qin Chen said suddenly, a series of terrible runes bloomed from his body, booming, only heard a violent roar, and countless formation patterns suddenly appeared between the sky and the earth, booming, Under the ground, the sky is up to the sky one by one

The column appeared.

There are ninety-nine eighty-one pillars of these heavenly pillars, and each of them exudes a shocking aura, and the terrifying aura that suppresses the nine heavens and ten earths permeates, covering all the heavens and the earth.

"Boom!"

The terrible sound exploded, and a series of columns exuding an astonishing aura formed. It was the Halloween Demon Slayer Array, and the horrible array of light containing the power of the Holy Realm suddenly enveloped this area. world.

With a bang, a terrible light lingered, and the world instantly turned into Qin Chen's domain. "Hey, there are actually formations arranged here. I didn't think that your kid is still a master of formations. However, with your cultivation base, the formation of ninth-level formations is already in the sky. The big deal is just a semi-sacred formation. Can't cause any

hurt....."

Pu Caijun sneered, not caring about the surrounding lights at all, but with the formation of these lights, their power became stronger and stronger, but Pu Caijun's face suddenly changed.

"wrong!"

He looked up in amazement.

Klang Klang!

In the sky, countless bursts of light lingered in, exuding an aura of ruining the sky and destroying the earth, blasting down towards him frantically.

"This is... a holy formation? You turned out to be a holy formation master?"

Pu Caijun's face showed a solemn expression for the first time, looking around in amazement, how could he not feel the horror of the surrounding formations, it was not the semi-holy formation he had imagined, but the holy formation.

How could a sub-Saint in a mere sage spur a Saint-level formation?

Shocked in his heart, a golden gong-like treasure appeared in Pu Caijun's hands at the same time, and it instantly stood in front of him.

"Hey..." The horrible attack of the Halloween Devil Slayer Array blasted on the golden gong, and the golden gong suddenly roared, and golden halos continued to rippling out, and the golden gong shook violently, but After the attack of the Halloween Demon Array fell on the golden gong,

It was quickly blocked, and then disappeared.

With a muffled hum, Pu Caijun backed away dozens of steps under the attack of the Ten Thousand Sacred Devil Array, his arms were numb, and the blood surged in his body.

He was actually repelled by an ant from the lower realm.

Pu Caijun was so angry that he could no longer care about talking nonsense with Qin Chen. He ran the previous punch and blasted Qin Chen like lightning. He had already decided to kill Qin Chen immediately and not give him a chance to continue to be a demon. Qin Chen's heart sank. He didn't think that even the Ten Thousand Sacred Demon Slayer Array could not kill this Pu Caijun, but it seemed that Pu Caijun was also greatly suppressed. Now, Qin Chen has no retreat. The next moment, mysterious rust The sword has appeared

His hands.

Hum!

The terrible cold air suddenly diffused from the mysterious rust sword, and Qin Chen frantically instilled his true essence into the mysterious rust sword, and immediately activated the mysterious rust sword completely.

A tyrannical and murderous aura lingered in Qin Chen's mind, Qin Chen's pupils became blood red, and instead of retreating, he moved forward with a sword that smashed into Pu Caijun's fist. With a bang, and the sky-shattering roar, Pu Caijun's fist power was suddenly exploded by the cold breath on the mysterious rust sword, but Qin Chen was also blasted out, opening his mouth to spout blood again.
