

Valkyrie 2381

[Chapter 2381: Too many treasures](#)

"what?"

Pu Caijun looked at Qin Chen in disbelief, Qin Chen even split his attack with a single sword, how did he do it?

At this moment, Pu Caijun had already understood that the reason why Qin Chen stayed here was clearly that he wanted to kill himself here.

A small sub-sage from the lower realm had the courage to set a trap to kill himself here. The anger in Pu Caijun's heart can be imagined, which is simply a huge insult to him.

But now he was suppressed by the breath of the Ten Thousand Sacred Devil Array, unable to get rid of it for a while.

Qin Chen was injured, but the only trace of reason gave him a hint of surprise. He actually split the opponent's attack with a single sword. Although the Ten Thousand Sacred Demon Array and Heaven's Path were suppressed, it also meant that the opponent was not invincible.

His eyes were fierce, and the true essence in his body was once again instilled into the mysterious rust sword, he had already tried it.

Boom!

At the same time, Qinglian Demon Fire and Youkong Bingyan were instantly released by Qin Chen, and two terrifying flames immediately filled out, instantly enveloping Pu Caijun.

"There are actually two sky fires?"

Pu Caijun was shocked again, how many treasures does this guy have?

The next moment, Qinglian Demon Fire and Youkong Bingyan left and right, already wrapping him up, and the astonishing flame power was released crazily.

Crackling! Pu Caijun's body was hot, and there was a burning pain on his body, but he was not afraid. Although Qinglian Demon Fire and Youkong Bingyan were strong, they were only able to threaten the masters close to the Holy Realm. For him, a strong man in the heavens, but only burns without

Law poses a deadly threat.

Of course, the combination of many methods also brought trouble to Pu Caijun.

He snorted coldly, and the soul power in his mind spun frantically, turned into a soul vortex, swept toward the Qinglian Demon Fire and Youkong Ice Flame, and suppressed it severely.

He is suppressing the wisdom of the two sky fires, and wants to subdue the two sky fires. In his opinion, with his own holy realm cultivation base, as a master of the heavens, Qinglian Demon Fire and Youkong Bingyan would surely surrender immediately after feeling his soul aura, but what he didn't expect was his soul After blasting into two sky fires,

These two sky fires fought fiercely, and were indifferent to the intention of subduing him.

Rely on! Pu Caijun is going crazy, are these two sky fires blind? He was willing to surrender to an ant in the lower realm and not surrendered to him. He was immediately furious, and the terrifying soul power swept out, to forcefully suppress Qinglian Demon Fire and Youkong Ice Flame

.

It's just that before his soul power swept out, a permeating aura surged, and Qin Chen had already madly beheaded him.

boom!

The terrifying sword light fell directly.

This time, the sword light power Qin Chen displayed was even stronger than before.

"you wanna die!"

Pu Caijun was completely furious, and black lights suddenly filled his body, hum, these black lights formed a whirlpool, and suddenly stopped in front of him.

With a bang, after the sword light of the mysterious Rust Sword poured into the vortex, it was dragged over, unable to harm Pu Caijun at all, and a violent rebounding force emerged.

puff!

Qin Chen was shocked and flew out again, this time dizziness came in his mind, and the soul sea almost exploded directly under this attack.

He was injured once again, but he didn't hesitate for a while, once again frantically spurring the mysterious Rust Sword, and the violent breath surged in his mind.

For the first time, Qin Chen felt that his thoughts were a little naive. It was really not so simple to kill a master of the heavens. If he hadn't carefully arranged the battle, he might have been beheaded at this time.

The cultivation base is still too low.

If he is already a master of the holy realm now, would it be so troublesome?

"Zhen Mo Ding!"

Qin Chen roared, and Zhen Mo Ding was displayed by him and directly blasted towards Pu Caijun.

In addition, the Heavenly Thunder Sword and Banyue Ancient Sword also appeared, hum, the thunder light in Qin Chen's body surged, and the thunder bloodline circulated frantically, engulfing the Heavenly Thunder Sword and Banyue Ancient Sword, he slashed towards the talented man.

At the same time, the air-eater ants and fire-refining insects were also displayed by Qin Chen. The air-eater ants and fire-refining worms all over the sky rushed up desperately, and the Yuanshi bell, with a bang, quickly grew louder, and suddenly suppressed Come.

At this moment, Qin Chen released all the treasures on his body, did not leave his hands half-way at all, and even urged the golden talisman paper that he had obtained from the Golden Body Martial Emperor to fly out.

At this moment, Qin Chen could no longer manage that much. He knew very well that if he couldn't kill Pu Caijun, he would definitely die.

"How many treasures are there on this child?" Looking at the treasures coming from the sky densely, Pu Caijun once again froze. Some of such treasures are very weak and seem to be only emperor treasures, but there are also some that exude. The palpating breath, obviously even he cannot be underestimated, this

The guy has such a baby. The shock and shock in his heart at this moment was several times more than Qin Chen's, especially the mysterious Rust Sword in Qin Chen's hand. At this moment, he was uttered with an aura that made him extremely palpating. He stared at the mysterious Rust Sword. , Even if it is him, dare not ignore

The mysterious rust sword.

Such treasures, even in the heavens, are definitely not something ordinary holy realms can have, right?

A saint in a small world has so many things against the sky, if this is spread out, it can be a sensation in the heavens. At this moment, his heart was already trembling, the mysterious sword, the small world, the holy formation, the sky fire...and so on, which one is not something that any holy master can ask for? If these become his, what kind of cruel will he become

people?

And who knows what secrets this guy has, maybe there is something more against the sky, then...

Pu Caijun didn't continue thinking about it, because countless attacks had already come to him, but even though these attacks were powerful, he couldn't do anything to him!

The golden gong blasted out again, and the next moment, a strong black halo lingered around him, and the terrifying atmosphere of space suddenly burst out.

Suddenly, countless lights and shadows attacked and blasted toward these treasures.

boom!

An astonishing roar resounded throughout the world, a big explosion occurred here, and a shock wave of horror swept out.

With a bang, only a sore sound was heard. Yuan Shi Bell was the first to roar and click, there was a crack on it, and it was exploded by Pu Caijun's golden gong.

Then came Banyue Ancient Sword, with a click, Banyue Ancient Sword with terrifying sword aura couldn't get close to Pu Caijun's body at all, it was shattered by the explosion, and the sword aura scattered all over the sky. Then there was the Sky Thunder Sword, with a boom, the Sky Thunder Sword shattered, and countless thunder rays scattered and spattered, turning into a surge of thunder rays in the sky.

[Chapter 2382: The Fall of the Heavenly Powerhouse](#)

These treasures were all imperial soldiers, but under Pu Caijun's shot, they couldn't withstand too much attack, and they burst open.

Pu Caijun showed a sneer, and he wanted to kill himself with these things, it was too naive. It's just that his sneer hasn't emerged much yet. The Demon Surgery Ding suppressed it at once, banging, and the endless suppression force swept through. The terrifying aura made Pu Caijun also change color, and his attack blew on the Demon Surgery Ding, banging. The sound of a

There is no explosive feeling at all.

"Holy Soldier!"

He yelled, only the holy soldiers can withstand his crazy attack, just ordinary holy soldiers, can't hurt him at all, not to mention the operation of this holy soldier is only a sub-sage.

As long as he kills the ant in front of him, this holy soldier will definitely become his trophy. He raised his hand, his big hand skyrocketed, and it turned into a sky, with a bang on the Demon Suppressing Cauldron, and the Demon Suppressing Cauldron containing endless coercion was blown out in an instant, but it was blown off in the Demon Suppressing Cauldron. At the same time, countless fire worms and gas-eater ants have

Then came.

Click!

These gas-biting ants crazily bitten on Pu Caijun's body guarding Saint Yuan, unexpectedly biting this Saint Yuan constantly shaking, rippling waves.

Pu Caijun's Saint Yuan defense is too strong, and the Qi-biting ants can't bite through it. The Fire Refining Insects follow closely, but they can't bite through the Saint Yuan barrier. They just bite the ripples on it, and the breath is constantly weak. .

"What kind of ghost is this?" Pu Caijun showed anger and slapped it out with a palm. Suddenly countless black palms swept out, bang, bang, and many gas-eater ants and fire-refining insects were suddenly exploded. The fire worms and gas-eater ants that can't be destroyed by the thunder have been repeatedly

The explosion came.

"Brothers, go on." But Xiaoyi and Xiaohuo didn't have any fear at all. They rushed to the front, gnawing at the holy yuan shield in front of them crazily, khaka ka, the sound of constant chewing, the holy yuan Above the shield appeared densely dense like pinholes

The general gap.

The terrifying power of the Halloween Demon Slayer Array and the breath of Qinglian Demon Fire and Youkong Ice Flame immediately penetrated through these gaps.

"Damn it!"

Pu Caijun was extremely frightened, unable to retain his strength, the holy yuan in his body instantly burned, and the terrible impact suddenly rushed out the little ants and the little fire, and many fire worms and gas-eater ants were in mid-air. Exploded and sacrificed tragically.

But the missions of the gas-eating ants and the fire-refining insects have also been completed, and the body protector of Pu Caijun has already leaked.

call out! It was a golden light flashing, and a piece of golden talisman paper appeared in front of Pu Caijun's eyes. This golden talisman paper exuded a fierce aura. Pu Caijun snorted coldly, and his big hand came out. The force of terrifying space rules enveloped the golden talisman paper. To this

The golden talisman paper was crushed.

But what Pu Caijun didn't expect was that this golden talisman paper was so special that it ignored his space constraints, with a puff, directly penetrated the space constraints, and smashed on his body guard. With a click, Pu Caijun's body guard was split apart by the golden rune paper. Pu Caijun was frightened and stretched out his hand to block it. With a pop of blood, the golden rune paper swept across Pu Caijun's palm. He hurt Pu Caijun

.

What kind of treasure is this? Can you hurt him?

Pu Caijun was extremely frightened. This time he felt a little threat and urged the golden gong to blast the golden talisman paper. With a sound, the golden gong and the golden talisman paper collided with a dazzling light. Qin Chen was also taken aback by the power of the golden talisman paper. This golden talisman paper was originally obtained from the Golden Body Martial Emperor in the Guyu Realm. At that time, Qin Chen also felt that the golden talisman paper was very special, but he did not think about it. Too much, and later thrown into the universe

I forgot after the disc.

Now it was put on display in a hasty, and I didn't expect it to have such an effect.

At this time, Qin Chen didn't care about thinking too much, he frantically urged the mysterious rust sword, and fell down desperately.

"You want to kill me too?"

Pu Caijun was completely angry. He was actually injured by an ant. He raised his hand, and the black mist lingered out. This was the essence of the power of space, condensed in his palm, and even grabbed the mysterious rust sword. This is the first time Qin Chen's mysterious rust sword has been caught. Although Qin Chen's face is pale now, his true essence cannot be supported at any time, and even his mind is buzzing, like an explosion, but he is still crazy. Motivated the true essence, instilled lifelessly

Lost to the mysterious rust sword.

boom!

A terrible aura burst out from the mysterious rust sword, and countless cold powers immediately wrapped Pu Caijun.

Jie Jie Jie.

And the mysterious rust sword exuded a wicked power, and suddenly rushed into Pu Caijun's mind.

An expression of horror finally appeared in Pu Caijun's eyes. What kind of sacred soldier is this that can affect his soul.

The horror only passed away in a flash, and there were ripples around Pu Caijun's body. At the same time, a blood-black half spear appeared out of thin air, exuding a blood-black atmosphere, and stab Qin Chen frantically.

Pu Caijun felt the crisis and was already desperate.

The blood spear erupted with a terrifying and violent aura, and instantly rushed towards Qin Chen, but Qin Chen couldn't avoid it. He knew that this was the only opportunity. Once Pu Caijun was relieved, there would be no such good opportunity.

puff! The blood-colored spear pierced his body immediately. Qin Chen had only time to run a trace of space rules, avoiding a little of his body, and then a trace of blood spurted out of his body, and the cold breath exuded from the blood spear was actually going to corrode him. Body

And soul, and an amazing devouring force was born.

Qin Chen frantically urged the Indestructible Eucharist to operate the Heavenly Soul Forbidden Technique. At this moment, he also tried his best, his eyes were red, and he madly urged the mysterious Rust Sword.

Pu Caijun didn't expect Qin Chen to be so crazy, even willing to kill him when he fell, and suddenly ran the blood spear even more crazily.

Qin Chen's face was like a piece of white paper, Zhihai's bursts of pain, his true essence had shrunk to the extreme. Even so, Qin Chen still burned his blood crazily, and opened the Universe Jade Plate.

Boom boom boom! A scarlet claw came out. It was Lao Yuan, Mo Yuanbai and Gu Zunren. One spurred the heavens and all worlds, controlled the Ten Thousand Sacred Demon Array, and the other spurred the Heavenly Harrier Plate, while burning the essence and blood. Burning true essence, even burning life, sent to Pu Caijun

Deadly murder.

In addition, Qin Chen was filled with spatial fluctuations, which turned out to be spatial magical powers, fusing the spatial magical powers of Pu Caijun's previous moves.

"My supernatural power in space...you can see it once..." Pu Caijun cried out in shock, but he just yelled out, and he was swept by this space force.

puff! Countless blood exploded from his body, and at the same time, Lao Yuan and their attacks also fell crazily, and immediately blasted countless wounds on his body. Pu Caijun roared unwillingly, his eyes

were blood red, and he instantly burned the holy yuan, burned his life, and wanted to rush out of his restraints.

.

He wants to kill these guys, these ants who dare to go against the sky.

"Jie Jie Jie, such a powerful soul breath, is it a strong man in the heavens?"

But just when he was about to anger Qin Chen and the others, a strange and cold grinning sound rang in his mind, which actually came from the mysterious sword and poured into his body.

"you....."

He showed a look of horror. The next moment, his expression solidified, and the Saint Yuan on his body stopped circulating.

then.

boom. Pu Caijun's body shattered and splashed in all directions.

[Chapter 2383: Heaven world](#)

Before he died, Pu Caijun's eyes were full of anger and regret. He obviously did not expect that he would fall here, falling into the hands of a few small ants he thought.

"I'm unwilling..."

An unwilling soul wave passed out, Pu Caijun's body burst into a **** mist with a puff, and the blood rained, bang, the sky rained blood, and every drop of blood contained terrifying power, which could kill Emperor. It's just that the blood mist didn't splash far away, and it was completely swallowed by the mysterious rust sword. The mysterious rust sword emitted a **** halo, and it made a sharp scream. It seemed to have a feeling of extreme excitement, buzzing and shaking. , Can't settle

Set it down.

puff!

On the opposite side, Qin Chen spouted a mouthful of blood, dizzy in his mind, and his body was obviously at the end of the crossbow. At this moment, his mind was buzzing and painful, and his head even felt like it was about to explode.

"Master."

Mo Yuanbai rushed forward and helped Qin Chen, but Mo Yuanbai himself was already covered in scars, and even Gu Zunren and Lao Yuan were also seriously injured.

This Pu Caijun is too strong. Although Qin Chen and the others killed each other, Qin Chen's four were also seriously injured, and none of them was safe.

Qin Chen pulled out the blood spear from his shoulder with a pop, his face suddenly became paler, the blood spear had lost the inspiration of Pu Caijun, and it was quiet at this moment, but the terrible and violent blood emanating from it was still thick. After Qin Chen grabbed the blood spear and placed

several restrictions, he threw the blood spear into the jade disc of good fortune in the universe, and then put away Pu Caijun's storage ring and golden gong. Many treasures such as the pillars of the formation were taken by Qin Chen

One after another, they have been included in the jade disc of good fortune.

"You fast forward to the Universe Good Fortune Jade Plate, you can't stay here for long." Qin Chen's face was solemn, and he included Lao Yuan and the others in the Universe Good Fortune Jade Plate, and even the aura between the heavens and the earth converged, because in the breath of this world, there is something that even Qin Chen's body is throbbing

And the breath that I want to swallow.

In the end, Qin Chen's gaze fell on the mysterious rust sword exuding blood, with an extremely complex expression in his eyes. If it weren't for the mysterious rust sword this time, he would have already died. And Qin Chen felt that if this mysterious rust sword hadn't swallowed Pu Caijun's blood and soul at the last moment, he would be the one who turned his back on him. It was precisely because the mysterious rust sword had received a lot of nourishment that he would not be backlashed. otherwise

In the situation before, Qin Chen was not sure what his fate would be.

With a wave of his hand, Qin Chen put the mysterious rust sword into the jade disc of good fortune in the universe, and then forcibly insisted on displaying the supernatural powers of space, and his figure moved away without a trace. As for the rest of the void in the sky, he has no skill Go ahead. If Pu Caijun was still alive at the moment, he would be extremely shocked, because Qin Chen's transfer technique actually possessed the artistic conception of his space magical powers. After a battle with him, Qin Chen realized the power of his space magical powers. Family

What kind of pervert is he?

It's a pity that Pu Caijun will never see this scene. Qin Chen didn't know where he would move at this time, and he was not in the mood to take care of it. He frantically activated the space magical powers, and even set up several resolute space teleportation formations, constantly switching, and performing more than ten times. Move and pass

After the delivery, Qin Chen finally couldn't hold on.

puff! He spouted a mouthful of blood, his face turned pale, his body swayed, and he immediately entered into the universe jade dish, and then fell into the universe jade dish, there was no more sound, and the battle with Pu Caijun, he suffered Seriously injured, all the cards

, Not only couldn't kill the opponent, but also got himself in.

If Pu Caijun pays attention to him a little bit, and displays the terrible blood spear for the first time, or does not use his hands to pick up the mysterious rust sword, even if he is careful not to be trapped by the Halloween Demon Array, the final result may be It's totally different.

Unfortunately, Qin Chen finally succeeded. But even though Qin Chen killed Pu Caijun, his soul had already been severely injured. At the place where his body was stabbed by that blood spear, the corrupt

aura continued to dissipate, corroding his body. Fortunately, Qin Chen cultivated an immortal body. And the heavenly soul forbidden technique,

After he fell, his soul was naturally slowly repaired under the operation of the Heavenly Soul Forbidden Technique, and the wounds on his body were slowly nourished under the operation of the Immortal Eucharist.

"Master."

Mo Yuanbai and the others fainted directly after seeing Qin Chen entering the Universe Good Fortune Jade Plate. Nothing happened, they immediately rushed up in shock and hugged Qin Chen. Lao Yuan and Gu Zun also rushed over. After seeing Qin Chen's state, Lao Yuan immediately checked Qin Chen's body, and then he was relieved: "It's okay, kid Qin Chen just suffered a physical injury and passed out temporarily. , But his soul is slowing

Slowly recover, as long as the soul is okay, it will be safe and sound. Let's wait here and let him slowly recuperate. After two days, he may be able to wake up. "

No one knows Qin Chen's abnormality better than Lao Yuan, and this injury can't even kill Qin Chen.

Mo Yuanbai and Gu Zunren were relieved.

Then Lao Yuan waved his hand, and suddenly a terrifying aura from the Universe Fortune Jade Plate lingered around Qin Chen. As soon as this aura came over, Mo Yuanbai and Gu Zunren's pores all opened, as if they were all over. Very transparent.

"What is this?" Mo Yuanbai asked in shock. "This is the original aura of the realm powerhouse that day. It can speed up the recovery of kid Qin Chen's injury. You can also feel that the original aura of the sky-boundary powerhouse contains the origin of the heavens, which is also of great benefit to your cultivation. ,Most likely

Can let you cross into the holy realm. "

"The origin of the heavens?" Mo Yuanbai and Gu Zunren were taken aback, how they didn't know how terrible this thing was. The reason why there are no holy realm powerhouses in Tianwu Continent now is because the origin of heaven and earth disappeared, and it is impossible to realize the origin. To enter the Holy Land, you must

Absorb the power of the source.

And the origin of the heavens is also the origin. If they can absorb the origin of the heavens and the earth, they are very likely to enter the holy realm, just like the devil and Shanguan Xi'er want to devour the devil master.

Even Gu Zunren used to be a holy realm master. As long as he had enough source power, he could directly restore the holy realm cultivation base without even breaking through. But in front of such a tempting treasure, Gu Zunren and Mo Yuanbai shook their heads: "Let the master absorb these treasures. What if we break through the holy realm? The master absorbs such treasures, That's the most important thing."

[Chapter 2384: What can be strong](#)

After seeing the horror of the masters of the heavens, the ancient masters were also extremely lost in their hearts, just like the Heaven Devourer restored the Demon Lord level cultivation base with the help of the Chaos Demon Nest, but what? In the end, he still died in the hands of the heavenly powerhouse in?

Treasures can only play their greatest role in the hands of the strong. Qin Chen healed his wounds in the jade disc of good fortune in the universe, and Lao Yuan and the others also guarded the side, silently healing the wounds, in the void, a grain of mustard seed transformed by the jade disc of good fortune in the universe was drifting in the wind, accompanied by the power of the void. , The jade plate quilt

Brought to a more biased position.

And when Qin Chen killed Pu Caijun.

Where the Chaos Devil's Nest was, Shangguan Xier quickly recovered from her injuries under the nourishment of the holy grade pill. Her devilish energy was restrained and transformed into a human form, revealing an extremely stunning face.

Seeing Shangguan Xi'er's face, Jian Pingdao, who had been very disdainful of Shangguan Xi'er before, suddenly showed fiery eyes, and looked up and down Shangguan Xi'er. She never thought that Shangguan Xi'er was such a beautiful woman.

Didn't see it before? I have to say that after Shangguan Xi'er has restored the appearance of the human race, she can be regarded as one of the most beautiful women on this continent. She has a graceful posture, a delicate face, without any blemishes, and the scattered hair not only makes people feel Messy, instead

There is a feeling of amorous feelings.

Especially her pair of eyes, as if they could speak, were so watery that all men couldn't help but feel distressed and wanted to take care of her.

In addition, Shangguan Xi'er's robes were broken, and some of the spring light was looming, and it seemed to be able to seduce people's souls. The eyes of the few celestial experts who looked at were straight.

There are many beauties in the heavens, and they have seen too many beauties. Generally, women in the lower realm are not in their eyes at all, but I have to say that Shangguan Xi'er at this moment, even if they have a feeling of heartbeat.

"Shangguan Xier, the palace lord of the Misty Palace of the Tianwu Continent, has seen all the heavenly adults."

Shangguan Xier's salute, like an extremely pure woman, has a soft voice that makes people feel itchy.

But thinking of Shangguan Xier's half-human and half-devil appearance, Jian Pingdao and the others' expressions turned cold, "As a human race, you turned into half-human and half-devil for the sake of your strength. This is a waste of this good skin!"

Even the people of the heavens are very knowledgeable, thinking that Shangguan Xi'er has become half-human and half-devil for the sake of strength, dissatisfaction arises in her heart. Shangguan Xi'er Chu Chu said pitifully: "Several adults, it's not that Xi'er wants to become half-human and half-devil, she is really forced by others. Xi'er was originally the emperor of the misty palace of the Tianwu Continent, the first person in the human race, but a strange demon. The clan wants to occupy our Tianwu University

Lu, but it has been unsuccessful, because the alien demons will be suppressed by heaven on this continent. In order to get rid of the method of being suppressed by the Heavenly Dao, they thought of an extremely evil way..." At this point, Shangguan Xi'er suddenly shed two tears in the corner of her eyes, gritted her teeth and said with resentment: "The way they thought of was to use us. The flesh of the human race, combined with the demon aura of their alien demons, found the common ground of the rules of the two continents,

Good to get rid of being rejected by heaven. "

"At that time, they needed test items, because I was the first person in the Tianwu Continent Human Race and the peak Wudi, so they came to the door, imprisoned me secretly, and controlled my Misty Palace, doing evil in the Tianwu Continent."

"And I have also become their test product, and the power of devil energy has been incorporated into my body, and this has become what I looked like before."

Speaking of this, Shangguan Xier's face was full of pain. When Jian Pingdao heard this, there was a hint of pity in their hearts. In fact, each of them had their hands stained with blood, there was no good or evil in their hearts, and they would never regard the people of the lower realms as beings, but Shangguan Xi Cooperate with her

The beautiful face immediately planted a seed in the hearts of Jian Pingdao and others.

The cry of beautiful women always makes them feel bad, right? Ling Luling didn't want to continue listening to Shangguan Xi'er. She stopped Shangguan Xi'er's words and said coldly: "We don't want to listen to this kind of gossip. You said that there are secrets in the Tianwu Continent. What is the secret? Besides, this Tianwu Continent. The origin of

where? "

Shangguan Xi'er didn't answer directly, but said: "As long as a few adults agree not to kill me, I will tell them."

Killing intent suddenly appeared on Ling Luling's body, and his eyes were cold and he said: "Do you dare to make terms with us? Because we dare not kill you?" Shangguan Xi'er raised his head and said, "A few adults, I'm not talking about terms with you, Xi Er just wants to live, so I beg a few adults to agree to Xi'er's small request, as long as a few adults are willing to let Xi'er go, whether you want Xi'er

Xi'er can do anything. "Furthermore, Xi'er is the first person in the Tianwu Continent. I know all the secrets of the entire continent. I am willing to take you adults to find the origin of this continent. I only hope that you adults can accept me and serve you adults. Service, believe in

Xi'er's strength and identity will not lose everyone's face. "

Shangguan Xi'er raised her head, Chu Chu pityed.

Ling Luling's eyes were cold, before she had time to speak, Jian Pingdao on the side already said: "Don't worry, as long as what you say is true, your life and death can't be waited until I waited."

Ling Luling's face sank, and Jian Ping on the side said: "Luling, but the life of an ant is nothing but the life of an ant. It's still important to complete the task."

"Hmph, do you think I don't know what nasty thought you are thinking of?" Ling Luling snorted coldly, but didn't say anything.

Shangguan Xi'er pretended not to understand this, and she was immediately grateful: "Thank you, a few adults. In fact, the reason why the origin of Tianwu Continent can't be found, I suspect that some strong people have hidden the origin."

"Any strong?"

Ling Luling sneered, "Who can be strong in such a small continent?"

"In our Tianwu Continent, there have been celestial powerhouses who have come several times..."

"What? You mean the heavenly powerhouse? Have you come here several times?" Ling Luling immediately interrupted Shangguan Xi'er, with an incredible expression on his face.

Heavenly powerhouses will not go to a small world for no reason. Once they come, there must be some reason.

"Yes....."

Shangguan Xi'er nodded, "In addition to the strong in the heavens, there are also masters from the Abyss Demon Race in our Tianwu Continent."

"You mean the Abyss Demon Race?"

Ling Luling's complexion changed drastically, and a hint of horror flashed in their eyes.

boom! Ling Lu Ling's figure shook, he directly grabbed Shangguan Xi'er by the neck, and said coldly: "How come the master of the Yuanmo clan comes to your small continent, what are you talking about? Do you know who the Yuanmo clan is? Did you lie to Bensheng?"

[Chapter 2385: Silkworm feather](#)

A trace of chill quickly diffused from Ling Luling's body, and immediately enveloped Shangguan Xi'er, making Shangguan Xi'er almost unable to breathe.

"Ahem, this lord, what I said is true, otherwise, as a person of the lower realm, how would I know the name of the Yuanmozu?" Shangguan Xier said in pain.

Ling Luling and the others were shocked and let go of Shangguan Xier.

Yes, the above official Xier's identity as a person in the lower realm has never been to the heavens before, how could he know the name of the Yuanmozu?

"Say, what the **** is going on?"

Ling Luling asked coldly. Shangguan Xi'er immediately explained some secrets of Tianwu Continent. In fact, she didn't know much about many secrets, but under her fabrication, Tianwu Continent immediately became a powerful person who once had many heavenly realms. Come, here

The battlefield where the war is going on.

"There have been countless battles between celestial masters, and countless forbidden lands have been formed in the martial domain of our Tianwu Continent. One of them is called the forbidden land of gods. It is even rumored to be the cemetery where countless celestial masters have fallen back then..."

Shangguan Xi'er said cautiously.

"The Forbidden Land?"

Ling Luling and the others held their breath. If what Shangguan Xier said was true, then this Tianwu Continent would be too terrifying. It would be too terrifying to allow so many heavenly powerhouses to descend, there must be a big secret on this continent.

After the shock, another excitement emerged in their hearts. They have a feeling that what Shangguan Xi'er said is very likely to be true. Otherwise, how can they not be able to calculate the origin of this Tianwu Continent based on their strength? So, this Tianwu Continent obviously makes them heavenly The strong covet

The treasure exists.

"In addition to the forbidden land, the people of the deep demons I mentioned before are currently trapped in the Thunder Secret Realm of the Martial Domain. In addition to the Thunder Secret Realm, there is a Sky Thunder City whose owner escaped here before. The young man named Qin Chen..."

Shangguan Xi'er added fuel and jealousy to the previous trip to the Thunder Sea. Of course, some things about her have been covered, but the main description is Qin Chen. "After we left the Thunder Secret Realm, that kid was obviously trapped behind the Secret Realm by the Lord of the Abyss, but later I didn't know how he left, and he actually got all the treasures we sacrificed to the Lord of the Abyss. , I suspect this

Man definitely reached an agreement with the Lord of Abyss Demon, or had some kind of secret. "

Shangguan Xier's eyes flashed with sinister light.

With such a good opportunity to slander Qin Chen, how could she waste it?

"The Sealed Abyss Demon Clan people?"

Ling Luling glanced at each other, their eyes were solemn, but they were also excited.

Danger also represents opportunity. They have a feeling that they might be sending out in this Tianwu Continent.

"It was Pu Caijun who chased and killed that kid, right? Send a message to Pu Caijun."

When the voice fell, Ling Luling immediately took out the communication beads from the heavens and sent a message to Pu Caijun, but the news fell like a stone to the sea, and there was no response at all.

Several people frowned and immediately sent a message to Pu Caijun again, but no matter how they sent the message, Pu Caijun did not respond at all, and eventually the few people had to give up the call.

"Go, let's go over and take a look."

Ling Luling gave a low shout, and a group of people immediately led Shangguan Xier to Pu Caijun's direction.

"boom!"

"boom!"

At this time, two streamers came, but it was Xiu Chengze who had chased Mo Li and the other two alien demon masters and returned.

"Where are you going?"

When the two of them came back, they suddenly became confused when they saw Ling Luling and the others leaving.

Seeing the two of them coming back and learning that Mo Li had actually run away, Ling Luling's faces suddenly showed speechlessness.

After chasing and killing a few ants, he actually let the other party run away, and the spread of it almost lost the faces of their celestial masters.

But at this time, they didn't bother to care about these things, and just said briefly what Shangguan Xier had said before.

"What? There are big secrets in this continent? And the masters of the Abyssal Demon Race?"

The two Xiu Chengze gasped.

"go!"

The two did not hesitate and even took the lead. If the kid was really related to the Yuanmo clan before, then it would be a big gain. I hope Pu Caijun didn't kill the kid, but this possibility is too low. point.

Everyone went all the way, looking for Pu Caijun's traces, but after searching for a while, the few people still did not find the sign of Pu Caijun's return, and their faces suddenly showed doubts.

With the strength of Pu Caijun, killing a few ants, he should have returned long ago?

The more time passed, the more doubts appeared on Ling Luling's faces, and they followed Pu Caijun's breath all the way.

After a stick of incense.

Where Qin Chen and Pu Caijun fought, a group of celestial masters had already appeared here.

"There is a breath of fighting here, and the breath of Pu Caijun has disappeared from here."

Ling Luling and the others looked at the messy void and the ground below, with incredible expressions in their eyes.

There was a big battle here not long ago. One of them was Pu Caijun, then who was the other? Is it the ants he hunted down?

What makes them even more puzzled is that Pu Caijun's breath has disappeared here, and the other's breath has also disappeared. Could it be that the two sides left after the battle here? Even if you leave, you shouldn't leave a breath.

And Pu Caijun wouldn't leave them any message, right?

What's more, even if it doesn't leave any breath, there are no dead ants here.

"It doesn't make sense. With Pu Caijun's strength, he won't even be unable to deal with a few ants in the lower realm. Is it true that those ants are really hidden, and Pu Caijun continues to hunt?"

Immediately, Ling Luling shook his head again: "If Pu Caijun continues to chase him, he will definitely receive information, not at all."

Ling Luling and the others thought about all kinds of possibilities, but they couldn't find the reason why Pubai Ajun disappeared, but they were sure that Pu Caijun disappeared here.

"wrong....."

Suddenly someone whispered, they saw the traces left by the Ten Thousand Saint Demon Slayer Array, and said in shock: "This is a top-level formation. Could it be that there was a top-level formation here before? And it must be a Saint-level formation. "

Around the formation, a faint **** text lingers.

Everyone's heart sank. There was definitely someone who had fallen here, and it was very likely that they would be wiped out, so there was no body left.

Could it be that the kid that Pu Caijun was following was still a holy Array Mage?

"wrong....."

Ling Luling's consciousness suddenly swept far away, and at the same time she had disappeared from here. The next moment, she appeared in a void thousands of miles away, raising her hand to grab a piece of rag.

"The silkworm feathers of the heaven..." After Ling Luling said these four words, even his hands trembled slightly. This is a fragment of silkworm feather clothing that only exists in the heavens, and it is the material of Pu Caijun's clothes.

[Chapter 2386: Corpses everywhere](#)

"It's silkworm feather clothing."

"It must be Pu Caijun."

"But how could the silkworm feather robes on his body break here, and the silkworm feather robes are similar to the close-fitting inner armor, and ordinary damage can't be shredded."

Xiu Chengze and the others also said in shock, with disbelief and doubt in their eyes, and their faces were gloomy and ugly. Ling Luling, who was the first to find silkworm feather clothing, was almost completely bloodless at this time. How could she not know that silkworm feather clothing was Pu Caijun's clothes, and that it was worn close to the body, and even had amazing defensive power. Now there are a lot of them here. Silkworm feather

What does that mean?

It means that Pu Caijun definitely has something to do. If it weren't for the body suffered a heavy injury that could not be resisted, how could this close-fitting silkworm feather suit shatter here, and Pu Caijun would not always reply to the information they sent.

"Pu Caijun may have been killed." Ling Luling muttered, shaking his body, his voice trembling.

Although she didn't want to admit this, everything in front of her showed this possibility.

For a while, the atmosphere on the court was very quiet, everyone was stunned by the news, and they didn't even react for a long time.

Because they couldn't accept and digest this fact for a while.

This group of people came down from the heavens, fought in the lower realms, and killed so many people, even the foreign demon continent was wiped out by them. Although they had been injured and even encountered danger, no one had ever fallen.

And this time, when I first came to this continent, which was even weaker than the Continent of Different Demon, and there weren't even two masters in the Holy Realm, one of them fell.

There was a feeling of capsizing in the gutter. In such a small continent, when is there such a strong man against the sky? They know the strength of Pu Caijun very well, they are not weak, it can be said that they are in the same position as them, it is difficult to say who is strong and who is weak, but the previous year was the year of Yasheng

Qingren could kill Pu Caijun, wouldn't it also threaten their lives?

Thinking of this, Ling Luling's group of people suddenly shook their heads.

Is this continent really not easy? Of course, following the young man was a source beast from the otherworldly continent and two other sub-sages, but this is not the reason why they could kill Pu Caijun. In the otherworldly continent, they kill few master masters. ? Heaven and Earth Origin Beast is not

Only one end.

Ling Luling and the others were shocked. Shangguan Xi'er was as shocked as they were. His heart seemed to be filled with raging waves, and his complexion was not bloody.

Qin Chen actually killed the celestial master who was chasing him. How could it be possible that Qin Chen was only a sub-sage, how did he do it?

Not seen in 300 years, Qin Chen has not only been resurrected, but has reached the same height as her, and now even the strong in the heavens has been beheaded by him. Shangguan Xi'er has a lot of tastes in her heart, and she can't tell how it feels for a while. .

She smiled bitterly. For the past three hundred years, she has worked so hard, even cooperating with alien demons, practicing alien demons and becoming half-human and half-devil. What is all this for?

God is so unfair.

An unspeakable resentment lingered in Shangguan Xier's heart, gnawing her heart.

At this time, Ling Luling and the others' eyes gradually returned to their senses, their eyes were extremely cold, and a violent aura lingered on them.

Suddenly, Ling Luling moved, with a thud, and his figure was like electricity. He came to Shangguan Xi'er like lightning, grabbed her throat, and burst into a cold chill. The blazing killing intent almost brought Shangguan Xi'er. Squeezed to death here.

"Say, what is the identity of the kid you mentioned before?"

Ling Luling roared and fell a companion, making her very angry.

Although the relationship between her and Pu Caijun is not really close, everyone fought together after all, and Pu Caijun fell into such a small world in the lower realm. Suddenly, a kind of pity for the same disease, a sense of sadness for the rabbit and the fox.

Xiu Chengze, Jian Pingdao and others also looked over with cold eyes.

"Several adults, that guy's name is Qin Chen, he is the city lord of Sky Thunder City. I have already said that he has another identity, that is, the Brochen Martial Emperor three hundred years ago. He is our Tianwu Continent Pill and Zhendu Absolute genius..." Shangguan Xier trembled.

"Genius?" Ling Lu Linghan said: "No matter how talented you are, the ants in the lower realm cannot kill Pu Caijun. What secrets do you have? Don't blame me for not giving you a chance!"

The killing intent on Ling Luling's body seemed to have turned into substance, and this woman became crazy, even more perverted than Jian Pingdao.

"secret....."

Shangguan Xi'er felt bitter, how did she know Qin Chen's secret.

wrong!

Shangguan Xier's eyes flashed.

This was immediately caught by Ling Luling, and with a slight effort, "What did you think of?" Shangguan Xi'er was secretly shocked by Ling Luling's keen intuition, but she jumped in her heart and hurriedly said: "I do know a secret of that kid, Qin Three hundred years ago, Chen once entered the most terrifying forbidden land in our Tianwu continent, and

And brought things out, apart from this, the subordinates can't think of other secrets. "

"God forbidden place?" Ling Luling's eyes flashed, "What exactly did he bring out?"

"This subordinate really doesn't know." Shangguan Xier smiled bitterly. She was not lying to Ling Luling, but she really didn't know what Qin Chen brought out. She only knew that Qin Chen had entered the forbidden land and broke the record of death in the forbidden land. She walked out alive and brought some kind of treasure out, which makes

Shangguan Xi'er and Feng Shaoyu couldn't wait to do it, just to get the treasure from Qin Chen. Ling Luling saw that Shangguan Xi'er was not lying, and threw her out, and said coldly: "Very well, take us to that Sky Thunder City right away. Those who dare to kill us, no matter how you flee to the end of the world, Ben Sheng wants him to be broken into pieces, blood debts

Blood compensation. "

"Yes!"

Shangguan Xier hurriedly took a breath and saluted respectfully.

Boom boom boom!

Streams of light soared into the sky, rushing towards the location of Wuyu Tianlei City, and disappeared into the sky in the blink of an eye.

As for the Chaos Devil's Nest, they stayed in the ancient southern capital, the source of the alien demon race's heaven and earth. They boast that no one can take it away. After the matter of the Tianwu Continent is resolved, they will take this Chaos Devil's Nest away and return to the heavens. To adults.

At this time, everyone in the Martial Domain didn't even know what was going on. The arrival of the Chaos Devil's Nest plunged the entire continent into panic, and everyone's heart was heavy, as if covered with a layer of cloud.

On the other hand, the alien demons raging in the Martial Domain were all excited and full of ecstasy. They attacked some forces in the Martial Region one after another. For a time, blood in the Martial Region ran into rivers, corpses everywhere.

[Chapter 2387: Precarious](#)

If it hadn't been for Qin Chen to have established a huge alliance right away, and Fu Qiankun and the others joined forces with Pill Pavilion, Wanbao Tower, Qidian and other forces to resist the alien demons, the current Martial Domain would have been completely complete. Confused.

But even so, the people in the martial arts are still in panic, and many forces are occupied by alien demons.

Looking around, there were bursts of smoke everywhere in the Martial Domain.

Under the leadership of Shangguan Xi'er, after only half a day, many celestial powerhouses have been brought into the Martial Domain.

Their speed was so fast, Shangguan Xi'er was amazed by their perception of the rules of space, and she was able to shrink to an inch across the endless space.

"This is the so-called Martial Domain of this continent? Heaven and Earth's true energy is only so little, and the quality is not high. Are you sure this was once the battlefield of the strongest in the heavens?"

Entering the Martial Domain, Ling Luling and others felt the breath of the Martial Domain, with a suspicious look on their faces.

This piece of heaven and earth is too weak. Although it is much stronger than the previous Northern Heaven Region, it hasn't changed in essence. It doesn't seem like there is a place to attract heavenly masters.

What is the secret of this continent?

Shangguan Xier naturally couldn't explain it, but in ancient times, there was a big battle here but it was true. As the number one person in the mainland, he naturally knew some secrets that ordinary warriors didn't even know.

Not far away, a city was being attacked by alien demon people, and a group of human masters and alien demon people struggled against each other.

"Quack, a few more guys here, kill!"

The appearance of Shangguan Xi'er and others immediately attracted this group of alien demons. Suddenly, a part of the alien demons came over excitedly and wanted to swallow Shangguan Xier and their blood. These alien demons were just born, obviously they didn't know Shangguan Xi'er. Shangguan Xi'er frowned. She knew that these alien demons were actually released under the orders of herself and the demon, just about to reveal Humiliation of identity,

Jian Pingdao on the side waved casually.

boom!

The world on this side was boiling, and the terrifying power exploded the alien demons on the field. In an instant, all the alien demons fell, and none of them survived.

☹!

Tian Dao felt Jian Ping Dao's shot, landing thunder light, and hitting Jian Ping Dao only caused ripples, but it couldn't hurt Jian Ping Dao at all.

"It's ridiculous, the demon-level alien demon race, even the strength is not fully restored, but also dared to shoot at this sage, seeking a dead end." Jian Ping sneered.

"The alien demon is dead."

"Who is this lord, who killed so many masters of alien demon race in one move."

"What a terrible breath, is this adult a strong saint?"

"Holy realm, only the holy realm has such a terrifying strength, there are even holy realm masters in our martial arts."

The countless warriors and people who resisted in the lower city were all stunned. They looked at everything that happened in the sky in horror, and looked over here one after another. After they saw Shangguan Xi'er, their expressions were all shocked.

As the master of the Misty Palace, Shangguan Xi'er, the first person in the Martial Domain, who doesn't know?

"It's Shangguan Xier Palace Master."

"It turned out to be her. How could it be possible? Isn't it the Shangguan Xi'er Palace Master who colluded with the alien demon? Could it be that Tianlei City and the Holy Land of Blood made a mistake?"

The crowd in the city was shocked.

Whizzing!

A stream of light swept up. It was the master in the city. The leader was a few giant Wudi. He hurriedly said: "I have seen the palace lord of Shangguan, met a few seniors, thank you a few seniors for helping and saving me. Hecheng..."

puff!

He didn't finish speaking, Ling Luling raised his hand, and his five fingers directly pierced into the head of a giant Wudi leading him. A soul power instantly poured into his mind, reading the memory in his mind.

"Several adults, you..."

The remaining giant Wudi looked at Ling Luling in horror, their bodies were imprisoned in the void, unable to move, and their faces were full of fear.

"Well, doesn't your reputation in this continent seem very good?" Ling Luling had read the other party's memory in a moment, turned to look at Shangguan Xi'er, his tone was indifferent and meaningful.

Shangguan Xi'er was sweating coldly and hurriedly said in fear: "The younger generation was once controlled by the alien demons, so they could only obey the instructions of the alien demons and did some irritating things on the mainland. In fact, the younger generations were all forced. "

"Haha, is it?" Ling Luling took a deep look at Shangguan Xi'er, and said lightly: "Whether you are forced or not, it has nothing to do with us, but as long as I know you are lying to us, this saint will let you Regret to live in this world."

Ling Luling raised his hand, and the giant Wudi suddenly turned into ashes with a pop, then Ling Luling turned his head and said to Jian Ping: "Kill these people."

"Hey, Ling Luling, you don't need to tell you." Jian Pingdao grinned, punched out, and puff, several strong Yuhe city in front burst suddenly, without knowing how he died, and then Jian Pingdao In the horrified eyes of countless people in Yuhe City below, they faced Yuhe City below.

The palm pressed down.

boom!

The next moment, the entire city below was razed to the ground, and tens of millions of people were directly exploded.

The smoke dissipated, and the original city was gone, leaving only a deep gully.

"Let's go, this torture is too boring!"

Jian Pingdao gave a weird laugh, and wiped off a city with his palm, just like scalding a few ants.

Shangguan Xier's eyelids jumped wildly. This group of people was too cruel. In their eyes, the lives of people in the lower realm were not lives at all, but a group of ants.

Will a child grieve for scalding a group of ants with boiling water?

Do not!

They just find it fun.

It's no wonder that the people of the Demon Continent treat these guys as demons.

And Shangguan Xi'er was going to bring this group of demons to Sky Thunder City.

boom!

They traveled through the void, and a few days later, they had already arrived in Leizhou.

As soon as they entered Leizhou, Ling Luling and others' eyes suddenly condensed.

"The world here seems to contain a special thunderous breath, which is really extraordinary."

The eyes of several people brightened, and they could feel that there was a special thunder power in this world. This thunder power was terrifying, and even they all felt a faint heart palpitations.

It's really interesting.

A few people came with interest and continued to move forward, and soon they saw Tianlei City in the distance.

Rumble!

At this moment, outside of Tianlei City, a large group of alien demon races have surrounded it, and the densely packed alien demon masters overwhelmed the sky and launched a fierce attack on Tianlei City. Rays of thunder surging outside Tianlei City, it was these thunder rays from the Sea of Thunder that prevented the invasion of the alien demons, but the entire city was still precarious.

[Chapter 2388: It's better to kill clean](#)

Sky Thunder City.

The endless thunder light shrouded, and countless people stood in the city of Thunder once again, looking up at the dark crowd of alien demons above the sky, with fear and trepidation in their eyes.

Compared with the previous attack by Yemoshi and others, this time more masters of the alien demon race have swarmed. The monstrous masters of the alien demon race are like sky curtains, covering the

sky of Thunder City. This time the leader of the alien demons is still Yemoshi, but compared to the previous shot, the aura of the alien masters this time is too terrifying. Among them, Yemosh is not the strongest one, and there are even a few different demons. The demons exude a monstrous arrogance, The aura on his body has reached the semi-sacred realm.

All this is due to the arrival of the Chaos Nest.

"Jie Jie Jie, this time, I see who else can come to rescue you, even if the phantom demon sect master comes again, it will not help, there is only a dead end." Yemoshi said with a grinning smile, his devilishness was wanton and the monstrous devilishness swept wildly. . The last time it led a team to attack Tianlei City, it was repelled by the phantom master at a critical moment, and even fell a lot of masters. It was naturally annoyed. Now that the Chaos Nest has come, the suppression of them by Tianwu Continent has weakened a lot. Let

Their cultivation base was restored to an unprecedented level, and this time they tried their best to capture Sky Thunder City and razed it to the ground.

Boom boom boom!

A series of terrible attacks continued to fall, and the large array outside Tianlei City shook violently and faltered.

"Mother, if this continues, we may not be able to hold on to Tianlei City. Instead of letting them break through Tianlei City, we should take the initiative and fight with them."

In Tianlei City, You Qianxue, Ji Ruyue, and Mokara led a group of powerful men from Tianlei City to stare at the large array above their heads. Their faces were extremely ugly. Hearing Yemoshi's arrogant voice, Mokara said in anger.

A series of vigorous devilish energy permeated from Mokara, with a hint of holy realm. The arrival of the Chaos Demon Nest also increased Mokara's strength to an astonishing level. There was an anxious look between You Qianxue's eyebrows, but she shook her head, and said, "Thunder City's big formation should be able to hold on for a while. If you rashly attack, it will only lose more serious. Now I am most worried about less dust, you Chaos Nest of Alien Demons

Suddenly descended on the Northern Heaven Territory, the Northern Heaven Territory must have undergone drastic changes, and if there were no accidents, then the Heaven Devourer and Shangguan Xi'er must also be in the Northern Heaven Territory, and I don't know how Chen Shao is now. "

You Qianxue was anxious, at this time, she was still thinking about Qin Chen's safety.

"Don't worry, Qin Chen has a big life, there should be no problem."

A lazy voice sounded, followed by a flash of black light, and a black cat appeared in front of the crowd.

"Senior Cat King."

Mokara said respectfully.

Qin Chen is not here, and You Qianxue and Ji Ruyue are naturally the highest in wheel status. Regardless of authority, Big Black Cat is second to none.

"Senior Cat Sovereign, what you said is true?" Ji Ruyue said hurriedly. The **** cat stroked his beard and said faintly: "Don't worry about the Heaven Devouring Demon Lords. Even if the Demon Lord level strength is restored, it will only be the lowest level Demon Lord in a short time. With the strength of the Qin Chen kid And the means, even if it is invincible,

It's not a problem to escape. Instead, it's the strange appearance of the Chaos Nest. I suspect that the emergence of the Chaos Nest is not as simple as it seems. It is very likely..."

The **** cat said here, his voice stopped abruptly.

"What's most likely?" Ji Ruyue stunned, and hurriedly asked, but found that the **** cat's hair was upright, his eyes fixed on a certain position in the sky, as if he had been stepped on the tail, and his whole body was about to explode. opened.

A breath of horror and vigilance emanated from the **** cat madly.

"Senior Cat King?"

Ji Ruyue looked suspiciously in the direction the **** cat was looking at. You Qianxue and the others also felt the strangeness of the **** cat. They turned their heads and saw that they were surrounded by countless alien demons. There was nothing strange at all. .

"Senior Cat Sovereign, what's the matter?" You Qianxue asked subconsciously.

"Someone is coming."

"The strong." Everyone wondered, aren't so many alien demons considered strong?

"A strong man in the heavens."

The **** cat took a deep breath, his eyes more solemn than ever.

When the voice fell, everyone on the court was shocked, the strong man in the heavens? Is Senior Cat Sovereign talking about the powerhouse of heaven? How could there be a celestial powerhouse in Tianwu continent?

Boom!

Then, in the sight of everyone, several towering figures appeared in the distant sky. Although this group of people was blocked by countless aliens, the breath radiating from their bodies made everyone clearly feel .

At this moment, it seems that these talents are the sky, and the others on the field are the ants under the sky.

"who?"

When Ling Luling and others appeared, countless alien demons also sensed them. They couldn't help but stop their attacks. They turned their heads and looked. After seeing Shangguan Xi'er in the crowd, Ye Moshi, who was the leader, couldn't help. A change.

It turned out to be the palace lord of Shangguan? Where is Lord Demon? Then Yemoshi saw Ling Luling next to Ling Luling, who just stood there quietly, with their mouths slightly hooked, and there was an indifferent light in their eyes, as if the dragon was looking down on the ant, and the sky was looking down on its people. Do not,

It should be said that the gaze is not even the people, but the ants.

This look suddenly made the alien demon masters on the field a little uncomfortable.

"Shangguan Xi'er, where's Lord Demon?"

Yemoshi's figure shook, frowned and came to Shangguan Xi'er, and said in a deep voice. Lord Demon has been with Shangguan Xi'er, and although Lord Demon's plan has not been explained to him, he naturally has guesses and understanding based on its IQ. According to the truth, Shangguan Xi'er should not have been taken by Lord Demon. control

Alright, why is Shangguan Xi'er here, but Lord Demon is completely missing. Shangguan Xier sneered in his heart. This alien demon really had the ambition to be a prodigal. When the Chaos Nest did not come and needed the shelter of the Misty Palace, these people were like a dog in the Misty Palace, but now they call her name directly, thinking they are themselves. sudden

Can you openly tear your skin if you break the half saint?

ridiculous! She sneered, just about to speak, but Jian Pingdao on the side smiled yinly: "Unexpectedly, there are so many alien demons in this place. It's kind of interesting. This alien demons can really hide. I thought it would kill almost. It's hard to think of hiding so much on this continent. It's better to kill all these scum."

[Chapter 2389: All Demon Race](#)

"who are you?"

"court death!"

"It's a big tone, this Demon Lord wants to see what you can do."

Many alien demons around are so angry, Jian Pingdao's words don't put them in his eyes. Someone has such a big tone, and they say that they are almost killed. The ancient sages of this continent are not like that. Big tone.

"dead!"

One of the semi-holy demon snorted coldly, and devilish energy emerged from his body, like a sword that pierced the sky, urging the terrible magic light power, and instantly came to Jian Pingdao's face, grabbing it with one claw. .

Boom!

This hand claw is extremely huge, instantly turning into a radius of several meters, like a cage, the five fingers are pitch black, lingering magic light runes, shiny, it looks harder than the dark black iron, bursting out Squeeze the murderous aura of the void.

If this claw is caught, a piece of gold and iron may be crushed and turned into molten iron.

"Boy, arrogance will end up like this." The Half-Holy Demon smiled grinningly, and a bloodthirsty light surged in his eyes, clearly trying to pinch Jian Pingdao to death, and after he died, he would be completely destroyed. Swallow it to relieve the hatred in the heart, bang, its claws fell, and it caught Jianping all at once.

Tao's body.

Click!

"what!"

The next moment, the half-holy demon screamed, and its five fingers were broken, and they were all cut off.

On the other hand, Jian Pingdao, with no scars on his body, looked at the alien half-holy demon with a smile.

"Hehe, this is how I ended up? Doesn't it seem to be much? Not even scratching."

boom!

Jian Pingdao blasted a punch at random, and blasted it into blood mist in the horrified gaze of the half holy demon.

"A mere half-sage is also arrogant here. I don't know how many demon master-level masters, this saint, have been killed. You guys who are against the sky are also delusional?"

Jian Pingdao sneered.

hiss!

A series of inhaling air-conditioning sounds sounded, everyone below was stunned, and even the many masters of the alien demon race who had always been cruel, were stunned, trembling, and there was endless panic in their eyes.

A semi-holy powerhouse was actually bombarded with a punch. What kind of strength is this?

And Jian Pingdao's words made the masters of these alien demons even more shocked, and even the master masters of the devil killed a lot of them. Who are these guys?

They were extremely arrogant before, and the masters of the alien demons who looked down on the Sky Thunder City masters as their prey were like frightened quails, trembling and terrified.

"Who are you guys?" Yemosh tremblingly said, his body shaking involuntarily.

"Quack, this is the look, the look of fear." Jian Ping licked his tongue, showing excitement, as if the hunter saw an interesting prey.

"Okay, Jian Pingdao, solve it quickly, don't waste time, don't forget the business."

A white-clothed man beside Ling Luling frowned and said, his tone a little impatient.

He felt that this kind of game was too boring, and he couldn't take any interest at all.

"Tsk tsk, Liu Fengyu, what do you know, torture is the most interesting and thrilling thing in the world, you guys, just don't know how to find fun in a boring life."

Jian Pingdao shook his head, but did not continue to play, staring indifferently at the countless alien masters in front of him, a wicked smile was drawn at the corner of his mouth, and then he slapped it out with a palm.

Hum! The mighty palm of his hand instantly grew bigger, turned into a sky curtain, and boomed. This blow immediately attracted the terror of the heavens, and thunder light appeared in the sky, but as soon as the thunder light approached the sea of thunder, it actually dissipated, around the sea of thunder. , Liantianwu University

Lu Tiandao's thunder light could not last forever.

"what?"

Ling Luling and others felt this phenomenon and looked up in surprise.

Jian Pingdao also let out a startled suspicion, and then slammed his hand, booming, the terrifying palm of his hand was like the sky falling, and it fell down.

"Go!" Yemoshi roared, endless crises emerged in its heart, madness was about to escape from here, but the terrible power fell, this world was imprisoned, and there were celestial masters on the side showing streams of light. , Hum, this side

The heaven and the earth are completely frozen, no matter how the Yemoshi activates the demon element, they can't get rid of the shackles here. As if a huge iron plate was pressed on top of the cream, the group of alien demons with terrified expressions were exploded, puff puff puff, one by one, like fragile tofu, in the eyes of Emperor Wuyu. Heaven-defying masters of alien demons, light

And easy will be turned into ashes.

boom!

Moreover, this power spread forward rapidly, and the void was directly blasted through a huge crack in a huge pitch-black gully that lasted thousands of miles. The deep gully exuded a heart-pounding breath, shocking everyone's mind.

Behind the ravine, the endless alien masters were exploded, and the sky was immediately cleared.

Jian Pingdao shot, countless alien demons were beheaded with every blow, like a massacre, too easy.

"Do not!"

Among the countless alien demons, Yemoshi roared, with endless magic light on his body, but it was just like a stone thrown into the lake, causing ripples, and then disappeared.

After a half-pillar incense, there was no alien demon surviving in the sky above Tianlei City, and the demon qi was released from the bombed alien demon everywhere, as if turned into purgatory.

In such a tragic scene, it was not excitement and excitement that emerged from the hearts of many powerful people in Tianlei City below, but fear.

"Hehe, then it's the turn of this group of ants from Sky Thunder City."

Jian Pingdao sneered and landed, whoosh, and Shangguan Xier and Ling Luling and others also fell.

"Palace Master Shangguan?"

You Qianxue's face turned pale, and when she saw Shangguan Xi'er in the crowd, panic suddenly appeared in her eyes.

She was not worried for herself, but worried for Qin Chen. Isn't Shangguan Xi'er in the North Sky? Shangguan Xi'er will not miss the news of the appearance of the Chaos Devil's Nest, but now she is here, then Qin Chen...

You Qianxue's mind went dark and almost didn't faint.

"You two are the ones who manage Leicheng this day?" Shangguan Xier looked at You Qianxue and Ji Ruyue coldly. At this moment, she instantly understood a lot of things, the culprit who attacked Misty Palace, and Misty Qin Chen did all of the distress that Gong encountered, and among them were

The shadow of the Ji family is here.

"Ji family?"

Shangguan Xi'er's eyes were chilly, and she didn't expect that a traitor had appeared in her Law Enforcement Hall, but she had been kept in the dark. This Ji family was fine. There is also Qin Chen. Three hundred years ago, he was only devoted to himself and lived a lifetime. He even found two such young and beautiful women. I have to say that the quiet and noble temperament of Ji Ruyue, the holy and perfect image of Ji Ruyue, except for nothing In addition to her maturity and temperament, the three of them can only be regarded as among the first in terms of pure appearance.

[Chapter 2390: Thunder Dragon](#)

"It seems that Qin Chen will live another life, and he has found so many beauties." Shangguan Xi'er snorted coldly, and inexplicable jealousy emerged in his heart.

Several people in Jianpingdao of the heavens saw You Qianxue and Ji Ruyue in Tianlei City, and their eyes showed a hint of surprise.

There are two top beauties who are not inferior to the beauties of the heavens. This lower plane is okay.

Jian Pingdao's eyes were frenzied, and his divine consciousness quickly spread out, sweeping the entire Sky Thunder City.

"Don't look for it, the kid named Qin Chen didn't come back." Ling Luling snorted at this moment. She had searched Tianlei City for the first time, and after finding that there was no Qin Chen's breath here, her face suddenly became hard to look.

"Shangguan Xi'er, didn't you say that Qin Chen would be here?" Ling Luling said with dissatisfaction. Isn't Shangguan Xi'er using them? Shangguan Xi'er hurriedly said: "Several adults, Thunder City is indeed the power of Qin Chen this day. If he is safe and sound, he will definitely come back here as soon as possible. It is possible that he was also injured when he was in the North Sky Territory, so No hurry back

Come, it may be that he has not had time to come back, but no matter what, he will definitely come back here. "

"Moreover, the two women below are Qin Chen's lovers. As long as you catch them, you don't have to worry about Qin Chen not appearing." Shangguan Xier shifted the topic to You Qianxue and Ji Ruyue, and she must confirm her words. .

"Oh?" Ling Luling turned his head and looked over.

"That kid Yanfu is not shallow." Jian Pingdao looked at You Qianxue and Ji Ruyue's gazes with lustful colors.

One dragon and two phoenixes, that kid can do, and can play.

Jian Pingdao was jealous of Qin Chen, and a celestial holy realm master would be jealous of an ant in the lower realm, which shows how much the beauty of You Qianxue and Ji Ruyue gave Jian Pingdao a shock.

"If I have a chance, I will also play a dragon and two phoenixes, um, plus this Shangguan Xier, tusk, it must be very cool!"

Jian Pingdao looked at You Qianxue and Ji Ruyue with an extremely lustful light in his eyes, and a fire was burning in his lower abdomen.

Although the women of the lower realm have humble status, it is good to come up and play as a slave girl.

"Have you seen less dust?"

You Qianxue couldn't help asking when hearing their counterpart.

"Less dust?"

Jian Pingdao was very upset when he heard that, and sneered: "A ant in the lower realm, and he deserves to call himself a young man? Even if this saint is in the heaven realm, he dare not call himself a young man!" He took a step forward and suddenly had a terrifying intent to kill. Pouring out, like a huge ocean swept across, coldly said: "Say, if you guys tell me where the ants who killed Pu Caijun are now, maybe there is still a way to survive, otherwise, the saint wants you to come to the entire city.

Funeral! "

You Qianxue and the others instantly understood that these people were actually brought by Shangguan Xier to find Shao Chen, and Shao Chen seemed to have killed one of them. Damn, did this group of people appear with the arrival of the Chaos Nest? Moreover, this group of guys are all visitors from the heavens, masters of the holy realm, Young Master Chen can let them come to Sky Thunder City to find Shao Chen personally. Could it be that they killed a holy realm from the heavens?

Master?

For a while, everyone's blood boiled, and the radiance of the heavenly powerhouse dimmed suddenly, even with excitement and pride, and a stone in his heart also fell.

Less dust is less dust.

Awesome!

"Bah, I want us to tell where Shao Chen is. You are dreaming. Even if you die, we won't tell you."

"Hahaha, so little dust killed your people? Good killing!"

"If you dare to do something against Sky Thunder City, Shao Chen will definitely not let you go."

Many Chendige powerhouse said proudly.

At the moment of life and death, no one had any retreat, and everyone regarded death as home.

This made Ling Luling in the heavens speechless, aren't these people in the lower realm afraid of death? Facing such a dangerous situation, he was still so arrogant.

"Don't talk nonsense, kill them, and see how arrogant they are!" Ling Luling snorted coldly and moved murderously.

"let me do it."

Jian Pingdao's figure shook, and flew down towards Tianlei City below.

The thunder formation in Tianlei City was immediately activated, and a series of terrifying thunders rose up directly to Jianping Dao.

"The half-saint-level thunder formation in the lower realm, and you want to stop me Jian Pingdao? It's ridiculous."

Jian Pingdao sneered, he could easily see through Qin Chen's large thunder formation, but the half-holy rank, even the holy rank formation was not counted, it was like tickles for him, too easy.

You know that he is a person who is not even afraid of Tiandao Thunder in Tianwu Continent, so he is afraid of this mere thunder?

"boom!"

He pressed it with a big hand, and suddenly turned into a sky curtain. The rumbling smashed down, and the terrible power came directly down. Looking at this posture, it was obvious that the entire Sky Thunder City would explode, without leaving one. The **** cat had an ugly face and stood in front of everyone. His face was solemn, and he said solemnly: "Listen, everyone, when the Thunder City formation breaks open, you will immediately enter the core area of the Thunder Sea. You will run as fast as you can. Hurry, only where is there a line of life

As for the masters of these celestial realms, the emperor will block them. "

"Senior Cat King..."

"Don't talk nonsense, listen to me, a few ants in the heavens can't trap me." The **** cat yelled directly, but his face was extremely solemn.

These celestial masters are indeed not masters in the celestial realm, but now they have been sealed for so many years, and their powers can't be exerted at all, not to mention the difficulty of protecting You Qianxue and the others from leaving.

"Hahaha, let a cat stop for you." Jian Ping laughed, and the palm of his hand had already fallen, with a thundering sound. The entire Thunder City roared violently under this blow, and only a click was heard. Countless alien demons have attacked the Tianlei City array that has been temporarily unable to break through for a long time.

Numerous cracks appeared, and an indescribable terrorist force penetrated.

"You run away."

The **** cat roared and rose into the sky.

"Hey, want to escape?"

Jian Pingdao grinned, and an invisible spatial force spread out, and instantly enveloped the entire Celestial Thunder City, and the terrifying force slammed on the **** cat.

The strange halo of the **** cat wafted out of his body, and unexpectedly broke the space constraints released by Jian Ping Dao, and his body abruptly took the blow of Jian Ping Dao.

boom!

The **** cat flew out upside down, his hair all over, it stared at You Qianxue and the others who were still stunned, yelling: "What are you guys doing in a daze, don't run."

If it were not for the people of Tianlei City to resist this terrible blow, Jian Pingdao's attack might not be able to hit it.

"You run first, we accompany Senior Cat King."

You Qianxue and Ji Ruyue raised their weapons one after another, their eyes were cold, they were about to activate the amethyst power in their minds.

They weren't slowing down, but relying on the **** cat to hold down these celestial masters. They had to buy time for the many warriors in Sky Thunder City.

Countless people in Tianlei City watched this scene with tears in their eyes. They couldn't believe that for them, the two vice-lords of Tianlei City were willing to sacrifice themselves in the face of danger.

Which force can do this?

"Huh? You actually blocked Ben Sheng's blow?" Jian Ping looked at the **** cat in disbelief, with shock in his eyes, but soon, he smiled slyly, "Look at Ben Sheng, you can stop it. few times."

Boom!

Endless power gathered in his palm to condense stronger moves. Moreover, the remaining masters of the heavens also moved. They sneered, obviously not willing to let anyone from Tianlei City escape, but stopped to escape. Above the route.

"It's over."

The **** cat smiled bitterly. After all, it was sealed. How could it be able to block so many celestial masters with the power of a cat?

"We fought them." You Qianxue shouted sharply.

Seeing that Jian Pingdao's attack was about to fall again, suddenly...

boom! The sea of thunder in the distance boiled violently, and rumbling, a terrifying thunder light rushed in. From a distance, from the sea of thunder, a dragon of thunder burst out, and it came in an instant. Arrived above Tianlei City.
