[Chapter 2391: Holy Rune Armor](#)

what?

what is that?

The terrifying thunder light drew the power between the sky and the earth, dragging a long tail wing across the sky and the earth. From a distance, it was really like a giant dragon that crossed the sky and the earth. It instantly descended on the top of Tianlei City and attacked the most forward Jianping Road. Come.

This scene was too horrible, the thousands of miles of thunder light, from a distance, really looked like a raging dragon, emitting a palpitating light of thunder.

boom!

Lei Guang fell and said directly to Jian Ping.

"Who is doing it?" Jian Pingdao saw this tens of thousands of miles long, and his whole heart twitched fiercely. Other celestial powerhouses also suddenly turned around and looked like it was so powerful, even if they were. These celestial powerhouses are also amazed by it, it can be simple

There was no tension or worries on his face, but an endless hideous look.

"Hmph, pretending to be a god, and thunder in the lower realm, but also wanting to repel this sage, it is extremely ridiculous, let you see the true power of this sage.

Jian Pingdao sneered, his body suddenly lit up with runes, and a pitch-black armor appeared on his body, running a mighty black light, this was actually a pitch-black armor.

As soon as this armor appeared, heaven and earth trembled, as if they could not bear the pressure.

A piece of armor has the aura of suppressing heaven and earth, which is terrible.

"Holy Rune Armor."

The **** cat condensed his eyes, as if he recognized the origin of the armor.

"Hehe, Jian Pingdao actually showed the Horned Sky Fighting Armor, too much fuss, isn't it?" "The Horned Sky Fighting Armor is not only a holy armor, but also contains a powerful rune secret technique, every time it triggers a rune. Secretarial skills will consume the energy of the Horned Sky Fighter Armor. Once activated, the power of the Horned Sky Fighter Armor will weaken by 30% in a short period of time.

It lasted one month less, this Lower Realm Lei Guang actually scared him like this? "Once the Horned Sky Battle Armor is activated, it can withstand the attacks of the Earth Sacred Realm. In this lower realm, even the previous Foreign Demon Continent, the strongest is not the early cultivation base of the Earth Sage. In the lower realm, fundamentally Can't break the armor of the angle

Yu's attack. "

"I'm really envious. Jian Pingdao comes from the ancient saint family of the ruin realm, so there is rune armor in the inheritance. I don't know how much resources will be spent to get a rune armor. It depends on luck."

"Don't be envious, as long as you capture this small world, and contribute the previous chaos nest and the origin of the world to the adults, the adults will inevitably bestow valuable treasures to me. By then, we may not be able to establish a small family." Xiu Chengze And Liu Fengyu and other celestial masters were discussing with each other, with envy in their eyes. The terrifying thunder light made them stand up with cold hair, and a sense of threat emerged in their hearts, but after seeing the armor emerging from Jian Pingdao, all

All people's hearts are relaxed.

In their minds, as long as Jian Pingdao activates the horned battle armor, the people of the lower realm can be said to be invincible.

"Come on, the heavens in this small world can hardly suppress me, so thunder, so be afraid."

Jian Pingdao looked up to the sky and laughed, the holy light on his body bloomed, and he resolutely collided with the thunder dragon.

boom!

Thunder light bloomed, and a terrifying force that seemed to be able to destroy the chaos permeated at this moment.

"This breath..."

The **** cat's eyes suddenly rounded, and his body couldn't help trembling, and his entire body was erected.

Whoosh!

It shook his body, his face was frightened, and he backed away frantically.

The expressions of Ling Luling who had a smile on their faces were also frozen. At this moment, a terrifying aura that seemed to come from the wilds of the universe surged from the bottom of their hearts. A threat of death came in an instant, and the entire body was erected for an instant. Up.

This thunder... is extraordinary.

"Jian Pingdao, be careful!"

Ling Luling cried out in exclamation.

Jian Pingdao also felt something wrong at this time, the expression on his face was frozen, and there was an unprecedented sense of fear in his heart. At this moment, he actually felt the threat of death. This was the first time he felt such a heavy meaning of death after he was in the lower realm. The power of this thunder dragon far surpassed what he defended. It was incredibly strong, even Guard against

Yudu has no time to defend.

Crackling! When the thunder light fell, the rune light on Jian Ping Dao was instantly wiped out. Moreover, the terrifying thunder light fell again, like the scorching sun melting the white snow, and the horns of Jian Ping Dao's armour shattered silently, like fragile glass.

Generally, it shatters easily, and then, the endless thunder light envelopes Jianpingdao.

"Do not!"

Jian Pingdao let out a miserable scream, and his body was quietly vaporized under the thunder light, and the ashes disappeared, and there was no bones left. After the thunder light shattered Jianping Dao, it disappeared silently, as if it had never appeared before, but the extremely arrogant Jianping Dao that stood there originally has disappeared, nothing, even one. No debris left

.

Including the saint-level rune armor and the horned sky battle armor, it also gasified, and nothing was left.

silence!

Deathly silence!

In the mighty Tianlei City, the crows were silent, and the needle drop could be heard. In the sky, Ling Luling and other strong men in the heavens, his eyes were full of fear, his body was stiff, his mind stopped turning.

Jian Pingdao is dead.

It just died like that.

Quietly, he didn't even have the power to resist, and he died under this thunder. Who on earth released this thunder?

Ling Luling and the others trembled. At this moment, the arrogance deep in their hearts was shattered in an instant, and they looked at the place where the thunder dragon had struck, where there was an endless sea of thunder.

Rumble!

The thunder sea surging, exudes endless terrifying breath.

"go!"

The many powerhouses in the heavens were panicked and could no longer remain calm. They didn't dare to stay here anymore. What Heavenly Thunder City and Qin Chen were all left behind by them, leading Shangguan Xier's body to shake, quickly Disappeared here. Below Tianlei City, You Qianxue and the others were also stunned. They did not react to what happened, but everyone understood that the crisis in Tianlei City had been lifted. Because of the previous Thunder Dragon attack, the heavenly masters Never again

Don't dare to go wild here.

"My Lord Cat, what happened just now?"

You Qianxue flew up and asked.

"The emperor doesn't know." The **** cat shook his head and looked at the Thunder Sea in shock. It could feel that the previous thunder force was formed by the Thunder Sea riot, but as to why this happened. The riot, it didn't understand. If the Thunder Sea is conscious and wants to protect Sky Thunder City, why did the Thunder Sea not respond when Yemosh led the alien demons to attack, but this time when the heavenly powerhouse came, the Thunder Sea did respond?

[Chapter 2392: Holy Lord](#)

The **** cat has doubts in his mind, but it has a faint feeling that this riot is definitely related to Qin Chen. When Qin Chen faced the Lord of the Abyss in the Abyss, he exuded extremely terrifying. The thunderous breath, and the previous

A thunder attack has a very similar feeling.

"Let's go, let's go back to Tianlei City first. If I'm not mistaken, Tianlei City should be safe in a short time, but I don't know how long it will be safe."

The **** cat flew down and breathed a sigh of relief. Although he didn't understand the reason, at least the crisis in Tianlei City was temporarily resolved.

"Senior Cat Sovereign, those people were really masters in the heavens before?" You Qianxue and the others couldn't help but say, until now, they have palpitations in their hearts, and they feel a little weak. When the thunder struck before, Ji Ruyue even felt the amethyst in her body became vigilant, exuding a terrifying aura. That was the treasure left by her ancestors of the Ji family's heavenly realm, and this was also Ji Ruyue's daring to stay before. The reason

In, but unexpectedly under that thunder, there would be such a performance.

"Of course they are strong in the heavens." The **** cat nodded, "but these people are not particularly strong in the heavens, they can only be regarded as small ones."

"Hello?"

A few people in You Qianxue were taken aback. Such a strong master can only be regarded as a small man, how terrible is the heaven?

The **** cat explained: "Do you think the holy realm is the holy realm? In fact, in the heavenly realm, the holy realm is just a collective term. The so-called holy realm in the Tianwu Continent can only be regarded as a holy realm in the heavenly realm."

"Fansheng?" Everyone was puzzled. "It means transcendence into the sacred. In the heavens, only one enters the holy realm to get rid of the fate of a mortal, so it is called the mortal sacred realm. The sacred realm is also divided into strengths and weaknesses. , After the Holy Land, is the Holy Land

, Tianwu Continent's so-called holy realm masters are basically the mortal realm. The previous celestial realm masters, some of the mortal sacred realm characters, and the masters close to the earth sacred realm, have not been able to tell how strong they are. "

"But in the heavens, the Earth Sacred Realm is not very strong, and it can only be regarded as an ordinary master. Only those who have surpassed the Heavenly Sage Realm can truly be regarded as great men."

You Qianxue and the others took a breath of air, in the heavens, are the strong in the holy realm actually getting rid of the fate of mortals? This is too abnormal!

You must know that in the Tianwu Continent, in the lower four realms, even the Wuzong or Wuzun level can get rid of mortals, and in the Wushu realm, the Wuhuang level is already regarded as a relatively top martial artist.

But now compared to the heavens, the difference is too much.

Moreover, the so-called holy realm in Tianwu Continent is basically just the cultivation base of the mortal holy realm, and in the heavens, the holy realm of the earth can only be regarded as an ordinary master, which is so shocking.

"Mao Sovereign, what is the cultivation base after the Heavenly Saint Realm?" You Qianxue wondered.

"After the Heavenly Saint Realm, it is the Holy Master." The **** cat's eyes flickered like a dark jewel: "The Holy Master is the strongest person in the Tianwu Continent.

"Holy Lord?"

Everyone murmured, their eyes were shocked, full of longing and yearning.

"Senior Cat King, how do you know so many things?"

The **** cat suffocated, "Uh, don't believe me, the emperor was just talking nonsense before."

Nonsense?

You Qianxue looked at the **** cat suspiciously, what nonsense would be so true? As for the Holy Land, Heavenly Holy Spirit, and Holy Lord, it was obviously very likely to be true, but since seeing the **** cat didn't want to explain, everyone didn't ask any more.

Senior Cat Sovereign hides too many secrets, but they can feel that the **** cat is not malicious.

"Senior Cat King, what shall we do next?"

After experiencing this incident, everyone trusted the **** cat even more and believed in its judgment. The **** cat sighed, "Now I don't know what to do. The most urgent thing is to investigate the origins of these celestial powerhouses. The opponent will not appear in the Tianwu Continent for no reason, and it will be accompanied by the Chaos Demon Nest. appear,

The most important thing is that we need to know how Qin Chen is going. He and these celestial masters have definitely experienced battles in the Tianwu Continent, otherwise the opponent will not find here.

"

The **** cat looked worried.

"Who should I send to investigate?" You Qianxue was thoughtful.

"Mother, let me go." Mokara stood up for the first time. "Alright." You Qianxue nodded. Mokara is a semi-sage master. At the same time, as an alien demon, he is very sensitive to Chaos Demon Nest and Skeleton Rudder Master, not to mention that it has Qin Chen's soul mark, and it is more capable. Perceived by Qin Chen, it is the most suitable

Suitable one. "In the process of going to the Northern Sky, be careful all the way, don't be reckless. Also, the Ji family may also be in danger. You must send the news to the Ji family so that they can evacuate here as soon as possible. However, the Ji family should not What will happen, those few

The people of the heavens are not interested in the little Ji family. Said the **** cat.

Ji Ruyue came here suddenly, her face flushed, because she had been worried about Qin Chen, she had forgotten that her family might also be in danger.

I was too careless. Fortunately, Senior Cat Sovereign reminded him in time, otherwise it would be dangerous.

At this moment, there is a void tens of thousands of miles away from Tianlei City.

Snapped!

Shangguan Xi'er flew out, covered in blood, and was slapped fiercely, half of her face instantly swelled. "Didn't you say that the kid will be in Leicheng that day? Not only is he not in Tianlei City, but Jian Pingdao fell there. If you don't give me an explanation today, you don't want to leave alive." Ling Luling looked at several people. Cold and angry

.

How long has it been since they arrived on this continent, two of them actually lost, and even Jian Pingdao fell, and the anger in their hearts can be imagined. "Several adults, I don't know that this kind of thing will happen... It must be the Lord of Abyss Demon who made the move. It must have reached some agreement with Qin Chen, so it made the move to protect Sky Thunder City." Shangguan Xi'er Also stunned, she didn't expect it at all

Such a thing would happen unexpectedly.

"Do you think we are idiots? It is impossible for the people of the deep demons to control the power of thunder. They are the demons, and they are most afraid of thunder. How can they spur the power of thunder."

"Then I really don't know..." Shangguan Xi'er looked terrified, "Sirs, I really don't know that this will happen. You must believe me."

"I believe you?"

Ling Luling slammed Shangguan Xi'er's chest with a palm, and immediately vomited blood from her, and there was a sound of bone fragmentation.

"Immediately take us to the so-called **** forbidden place, I hope you didn't lie to us, otherwise, this saint will kill you as soon as possible." Ling Luling was murderous.

"Yes, thank you for your mercy, thank you for your mercy." Shangguan Xi'er said in horror, and hurriedly turned to lead the way. The moment she turned her head, her eyes showed endless resentment.

[Chapter 2393: Inheritance completed](#)

"Wait, one day, I will make you regret it." Shangguan Xi'er said bitterly in her heart, but she couldn't see anything unusual on her face. She shook her figure, named the direction, and took Ling Luling and the others quickly towards him. Forbidden place.

What Shangguan Xier didn't see was that when she turned around, Ling Luling sneered at the corner of her mouth, looking at her back with cold eyes.

The reason why Shangguan Xi'er is kept is because this guy is still a bit useful. Once she finds the opportunity, how can she keep the other party to the end?

Ling Luling is different from Jian Pingdao and the others. Although he is confident, he is not arrogant. Is this kind of master who can be the number one person in the mainland, the kind of person who is willing to directly surrender to others? Ling Luling didn't believe it without some thoughts in his mind.

When such a guy can use it, he naturally needs to use it, and when he can't use it, he must be killed, without leaving any future troubles.

These people are at ease and disappear into the sky.

When they left quickly, in the sea of thunder, endless thunder surging, containing terrifying murderous intent.

In the core place of the Thunder Sea, waves of thunder light surging continuously, boiling continuously, from here just now, the endless power of thunder burst and kill Jian Pingdao.

And when the thunder was surging in the sea of thunder, in the inheritance space of the Abyssal Demon Secret Realm, the chaotic twin pupils opened again.

"What's the matter? Why did the power in this sea of thunder suddenly weaken by one point, and it seems to be drawn away? Who is calling the power of this sea of thunder?"

The Lord of the Deep Demon had a sense of shock, and it could feel the power of the thunder that oppressed him obviously weakened by a point.

"Unfortunately, this weakened force is too small, and coupled with the suppression of the beads, it is still impossible to rush out."

The Lord of Abyss Demon was depressed. Suddenly, its eyes brightened, "Well, someone passed the test by chance. It's a godsend for me to pass the test when the breath of Thunder Sea was at its weakest. This is a good opportunity!"

The dark pupils closed instantly and disappeared.

at this time.

In the dark space of inheritance.

Qin Mo, who had been sitting cross-legged on the ninety-nine steps for a long time, finally resisted the terrible spiritual pressure, stepped out and walked to the top altar.

Above the empty altar, it was cold and dark, as if there was no vitality before the opening of the universe.

"It's not easy. It took so long and finally passed the inheritance."

Qin Mo excitedly looked at the inheritance space below, with a hint of emotion in his eyes. From the moment he entered this space of inheritance to the present, Mo Qin didn't know how long it had passed. He was completely immersed in this inheritance, even forgetting the passage of time, and when he stepped on the altar, his will was only Completely awake

And understand the passage of time.

"It's actually been a year."

An unbelievable color appeared on Qin Mo's face. After spending a full year in this inheritance, anxiety and tension immediately surfaced in his heart.

"I don't know what happened to Qian Xue and others? What happened to Tianwu Continent."

Qin Mo was worried and raised his head to look at the sky above the altar. In this space of inheritance, he could not get in touch with the body at all, and naturally he could not know the news from the outside world.

Qin Mo could only stand here quietly.

Suddenly!

boom!

A terrible breath suddenly came from the sky above the endless altar, and a pair of huge twin pupils appeared, staring down.

Those pupils radiated endless cold light, and Qin Mo felt that the blood in his body instantly solidified, and he felt suffocated.

"Too strong, is this the Lord of the Abyss?" Compared to the projection of the Lord of the Abyss that Qin Chen defeated, the aura from the Lord of the Abyss is more than a hundred times stronger. If the Lord of the Abyss is a river, then the Lord of the Abyss is like

A vast ocean, immensely vast, without bottoming out.

"Young man, congratulations on passing the inheritance."

The Lord of Abyss Demon opened his mouth, his voice resounding like thunder in Qin Demon's ears.

"You are the first to pass the assessment of this demon, and you deserve the inheritance power of this demon."

"However, this demon has been trapped here for many years and cannot directly give you strength, but it can transform your physical body and increase your strength to a certain extent."

Hum! With the fall of the voice of the Lord of the Abyss, a series of invisible magic lights shrouded. Along with this magic light, there was also an extremely terrifying soul oppression. If it weren't for Qin Mo to pass the magic sound inheritance, just This soul pressure

Forcing him to destroy his instantaneously and turn it into ashes.

Immediately afterwards, Mo Qin felt that his body was being purified.

"How is this possible?" He was shocked, his body was not really grown, but the golden parasitic seed evolved, and the golden parasitic seed was conceived from the Chaos Demon Nest, known as the Demon Seed, such a seed, Almost the top of the otherworld

Treasures.

The flesh derived from the golden parasitic seed was also extremely perfect in Qin Mo's eyes. There was no flaw at all, and there was even no possibility of evolution.

But under the baptism of this magic light, Qin Mo clearly sensed the improvement of his physical body. This kind of impenetrable improvement made his whole body relax and refreshed.

Boom boom boom!

Qin Mo's cultivation base was improving at an astonishing speed. When Qin Mo entered the land of inheritance, his cultivation was only the late Emperor Wu. After such a long inheritance, Qin Mo's soul has been improved as never before, and it is even close to the holy level, but his cultivation has not Get mention

Ascend, always in the later stage of Wudi state.

But at this moment, his cultivation level is increasing crazily.

The late peak.

Half holy.

Half-Holy Peak!

In a short moment, Qin Mo's cultivation reached the semi-sage peak, only one step away from the holy realm.

But when approaching the Holy Realm, Qin Mo's soaring cultivation base finally stopped.

"call!"

The Lord of the Abyss stopped the inheritance, Qin Mo suddenly looked at the Lord of the Abyss, he had a feeling that the Lord of the Abyss could definitely allow himself to directly enter the Holy Realm, as long as he instilled his original power into himself Just one touch.

But at this critical moment, the Lord of Abyss actually stopped.

Moreover, Qin Mo had always worried that the Lord of the Abyss would be detrimental to him in the process of inheritance. For example, he would not believe that the Lord of the Abyss would really do for his own good.

But such a thing did not happen either. "From now on, you are the disciple of the demon. The demon has purified your body. Now you are only one step away from the holy realm. The reason why the demon does not directly promote you to the holy realm, it is because the demon came from the heavens and was suppressed by a wicked person from the heavens. If your body contains the original power of the demon, you will be oppressed by the sea of thunder. Therefore, the demon cannot let you directly enter the holy realm. "

[Chapter 2394: Qin Mo out of trouble](#)

"But don't worry, the demon has left you a way. After a while, the demon will send you out of the sea of thunder. After leaving the sea of thunder, the demon needs you to do one thing."

"Senior please tell me." Qin Mo hurriedly saluted.

"Wow!"

A token swept over and fell into Qin Mo's palm. "After you go out, you will feel that there is a magical treasure coming from this continent. This should be the treasure of the alien demon race. It is called the Chaos Demon Nest. As long as you swallow it, you can break through to the holy realm. This demon left you a path, but the arrival of the Chaos Demon Nest is a bit strange, but it doesn't matter. The demon leaves a power in your body. Once you encounter danger, this power will burst out directly to help. You get through the storm, and you have the opportunity to swallow your Chaos Nest

. "" And once you enter the holy realm, you can find a way to enter the heaven. What this demon needs you to do is to activate this token after entering the heaven. This is a token unique to our clan. If you push, the strong of our clan can sense the token

News, you only need to tell the demon that the demon is trapped here to the strong clan. "

"The race that the demon belongs to is the top race in the heavens. Once you enter the heavens, as the descendants of the demon, you will get unprecedented massive resources and you will be rampant in the heavens."

"Can you do this task?"

Qin Mo's heart was shaking. At this moment, he finally understood the purpose of the Lord of the Abyss in setting up this inheritance.

Everything is for it to get out of trouble.

The reason why the Lord of Abyss Demon finds the inheritor is to allow the inheritor to break through the holy realm, so that he can enter the heaven and find the masters of its race. After learning about it, he enters the Tianwu Continent to release it.

Moreover, Qin Mo finally understood why the Lord of the Abyss hadn't robbed him of his thoughts at all. The Lord of the Deep Demon is trapped here by the Sea of Thunder. If it could leave by seizing others, then it would have done so long ago. Obviously this Sea of Thunder can sense the soul and the original aura of the Lord of the Deep, even if it is Yuan. The Lord of the Demon robs himself

, It is impossible to use his body to leave here.

You can't even control yourself, because as long as you have any aura belonging to the Lord of the Abyss, you will be locked by the Thunder Sea, unable to leave, or even be killed on the spot.

Therefore, it can only improve itself, accept its inheritance, realize the magic way, and then break through the holy realm by itself after leaving the sea of thunder, so that it can truly escape here.

Thinking of this, Qin Mo's heart was completely let go.

"The disciple will definitely complete Senior's task. Please don't worry, Senior."

Qin Mo said immediately.

"However, this one..."

Qin Mo looked at the inheritance steps. On the ninety-ninth step, a woman with a light veil was struggling to accept the inheritance. It was only a little slower than his success in inheriting.

For some reason, Qin Mo always felt that this person was extremely familiar, but he couldn't remember when he saw him.

"This one, the demon master has other plans. If she can pass the inheritance, she will naturally receive the demon's quest, but her mission will be different from yours. I hope you will not live up to the demon's expectations."

The Lord of Abyss Demon said profoundly.

Qin Mo's heart was stunned. Obviously, the Lord of Abyss Demon didn't fully believe in himself, he couldn't control himself, so he made two-handed preparations. If he didn't follow his orders after he went out, this one would be here.

And although the task this received was also to get the Lord of Abyss Demon out of trouble, the task he received was definitely not the same one. Once this person succeeds, let the Lord of Abyss Demon out of trouble, then he is in danger.

Obviously, the Lord of Abyss Demon was warning himself.

"Senior please rest assured, the disciple will finish the task to the death." Qin Mohong said.

"Very good, now this demon lord will teleport you out."

When the voice fell, a terrifying force instantly wrapped Qin Mo. The next moment, Qin Mo's space flashed, and his whole person had disappeared between heaven and earth.

"Hmph, if it's useless to seize others, how could it be so troublesome."

After Qin Mo left, the Lord of Yuan Mo suddenly let out a cold snort, his eyes cold.

It turned to look at Chen Sisi, showing a hint of satisfaction: "It seems that it won't be long before this one can pass the inheritance right away. At that time, the probability of this demon getting out of trouble will be greatly increased. Leaving here is just around the corner."

Outside the Thunder Sea.

With a sneer, the void split, and a black figure suddenly appeared in the void.

"I was really teleported?"

This person was Mo Qin, with shock in his heart, the Lord of Abyss Demon was too strong, so he sent him out of the Sea of Thunder at will. Such strength changed Qin Mo's color.

"Hey, why can't I feel the existence of the body?"

After Qin Mo got out of trouble, he was surprised at first, but then shocked, because he could not feel Qin Chen's existence at all.

How is this possible?

He and Qin Chen are one body. Once he leaves the inheritance space, he should be able to sense it instantly even if it is separated by a large area, but now he can't sense the existence of Qin Chen at all.

Moreover, Qin Mo could also sense that the breath of the Thunder Sea seemed to have undergone some changes.

In the dark, Mo Qin also sensed the location of the Northern Heaven Region, and a terrifying aura attracted him. It was the Chaos Devil's Nest that the Lord of Abyss Demon said.

"The Chaos Nest has come, what happened in the martial arts this year?"

Qin Mo's face was horrified, "Go to Tianlei City first."

He didn't care about thinking too much, his figure flickered, and he flew quickly towards the location of Tianlei City. At this time, in the endless void of the northern sky, a vast dust merged into the void, and it was impossible to notice. Such a dust, there is too much in the endless void, no one would have thought that there is actually one in this dust. Huge world

.

In fact, this is the case, this is the so-called Sumeru mustard, one sand one world, one leaf one bodhi. In this vast universe, sometimes what you call a world is just a grain of dust in the universe. In the eyes of some top powerhouses, it exists like dust, and sometimes what you call a grain of dust in your eyes may be Own

A huge world has countless creatures. And this dust was transformed by Qin Chen's Universe Good Fortune Jade Disc. Among the Universe Good Fortune Jade Disc, Qin Chen had been in a coma for more than half a month. At this time, he had no idea what happened in the Sky Thunder City. Everything, I don't even know Qin Mo has taken off

Sleepy. His soul is now falling into a very mysterious state.

[Chapter 2395: Soul change](#)

In the jade disc of good fortune.

Qin Chen's soul power continued to weaken at a slow rate, getting weaker and faint.

Before Qin Chen entered the jade disc of good fortune in the universe, he could actually persist, but when he passed out completely, his whole person changed, and his soul power was rapidly weakening.

No one knew that such a change would happen. Everyone thought that Qin Chen's injuries would heal naturally, but now that more than half a month passed, Qin Chen instead of waking up, instead lying in the jade dish of heaven and earth, there was nothing left. breath. Lao Yuan, Gu Zunren, and Mo Yuanbai stood by. In half a month, their injuries had been healed long ago. Even after such battles, their cultivation bases have improved a bit, but They don't have any joy

Color, some are just fear and tension.

Because they almost couldn't feel Qin Chen's soul power.

"Impossible, Master couldn't just die like this, he is so strong, he was fine before, how could he become like this?" Gu Zunren said tremblingly, he was standing next to Qin Chen, even if he was so close. Above the distance of, he can only feel a very weak breath, this breath is even weak to the extreme, even if the ancient Venerable's soul is controlled by Qin Chen

, Has left a soul imprint, and must rely on the nearest, can barely sense a trace.

It was this trace of soul power that made Qin Chen persist until now.

"Master, why did he become like this?" Mo Yuanbai couldn't understand.

When Qin Chen killed Pu Caijun before, he was fine, and there was no major problem. He even had spare power to clean the battlefield and bring everyone into the world.

According to reason, Qin Chen can recover from his injuries as long as he recuperates. But who knows, the latter situation will deteriorate to this point. At this moment, Qin Chen has no injuries on his body. All the injuries have been quietly healed under the healing of the Immortal Eucharist, but his soul breath is inexplicably growing. The weaker, even

To the point where you can barely feel it. "I checked." Lao Yuan shook his head and sighed: "Qin Chen's physical injuries have been completely healed, but his soul doesn't know what's going on. It's like a flame in the cold wind, which may be extinguished at any time. Not his own strong will

Certainly, I am afraid I will die early, I suspect this is a kind of soul mutation. "

"Soul mutation?" Mo Yuanbai was startled. Lao Yuan nodded slightly: "Otherwise, he can't explain his current state. He may have mobilized the weird weapon before, which mobilized the power in it, and was attacked by Pu Caijun's soul. The soul has undergone a certain change. Time

I didn't notice it, but after the real battle was over, his soul mutated, which made his soul power quickly weakened, and even almost fell. If Qin Chen had not absorbed the power of Amethyst, he would have died early. "

"Amethyst?" Gu Zunren was puzzled. "Yes, it was absorbed in the Ji family ancestral land. The amethyst should be a special kind of treasure from the heavens. It has a great nourishing effect on the soul. Qin Chen has absorbed some of it. Perhaps this is the reason why he can persist until now." Lao Yuan sighed gas.

"But this time Qin Chen's situation is very bad." Lao Yuan sighed: "I don't know what the specific situation is, but his current situation, the soul may be annihilated at any time, if it is really annihilated, it will be over."

"Then what shall we do?"

Mo Yuanbai was anxious. "I can't do anything here for the time being." Lao Yuan smiled bitterly: "I want to save Qin Chen. There are no simple treasures at all. I have to go to Tianlei City to find the **** cats. There may be some other ways, and Ji Ruyue is a child of the Ji family, she got

The entire amethyst inheritance may not necessarily make Qin Chen wake up. "

"Then go to Tianlei City."

Mo Yuanbai said immediately.

"But how do we get there?" Lao Yuan smiled bitterly.

Mo Yuanbai and Gu Zunren were stunned, yes, they are now in the universe jade dish, and Qin Chen is in a coma, they can not leave the universe jade dish, naturally they can not bring the universe made jade. The dish goes to Tianlei City.

This is simply a solution.

Lao Yuan smiled bitterly: "This is the problem, we... are all trapped in this small world."

"Then we..."

Mo Yuanbai's face was pale, he was not worried about himself, but about how long Qin Chen could hold on.

"I'll try."

Mo Yuanbai immediately urged the heavens and the worlds to try to leave the universe jade disc, but in the universes fortune jade disc, the heavens and the world could not burst out of power, as if trapped.

"Don't waste it. This is an independent small world. Unless you break through the holy realm and urge the heavens and the world, there is no way at all. Now you can only wait for Qin Chen to wake up. If Qin Chen can't wake up, that....."

Lao Yuan shook his head.

Although it has restored the holy realm, it cannot control the space treasure of the human race like the heavens and the world, and is helpless.

Apart from waiting for Qin Chen to wake up and find someone else, it couldn't think of any other way.

When Lao Yuan and the others were trapped in the jade disc.

Sky Thunder City.

The repair work is continuing, and the terrifying thunder light array is reactivated under the repair of the **** cat, turning into a series of thunder lights. At this moment, a black shadow suddenly appeared in the sky above the sky thunder city.

"Tianlei City turned out to be like this?"

Qin Mo looked at the Sky Thunder City below, a little confused, he was trapped in the inheritance space for more than a year, and he didn't know anything about the outside world.

"call!"

Stepping out, he was just about to step into the Sky Thunder City, when suddenly a thunder light appeared and stopped him.

Boom!

A large array surged, wrapping Qin Mo.

Bang bang bang!

A terrible thunder light blasted Qin Mo, but Qin Mo, who had reached the semi-sage peak, didn't care about this attack at all, letting the attack fall on him, indifferent.

But the abnormal movement here also shocked many powerful people in Tianlei City. You Qianxue's expressions changed, thinking that they were the masters of the heavens, they hurried up into the sky, and immediately saw Qin Mo standing in the sky.

"Little dust... have you come out of the abyssal demon secret realm?"

You Qianxue and Ji Ruyue recognized Qin Mo's identity at a glance, their faces were delighted, and they hurriedly rose to the sky, but they just took a step, their faces changed suddenly.

The person in front of him is Mo Qin, they are very familiar, but why is the opponent blocked by the thunder of Thunder City this day? You know, Qin Mo and Qin Chen are actually the same person. They are one body and share the same soul. Qin Mo is Qin Chen and Qin Chen is Qin Mo, but they have two different bodies.

[Chapter 2396: There is only one way](#)

Moreover, the formation of Thunder City this day was laid by Qin Chen. According to the truth, once Qin Mo escaped from the inheritance of the Abyssal Demon, he could share his memory and soul with Qin Chen. How could he not be able to control the great formation here?

"Qianxue, Ruyue, are you here? What happened these days? How did Thunder City become like this today?" Qin Mo frowned.

"Little dust, don't you know what happened?" You Qianxue and Ji Ruyue were even more confused.

Isn't this guy in front of me a fake?

However, if others want to fake Chen Shao, they will also fake Qin Chen, and will not fake Qin Mo, because except for a few of them, no one knows that Qin Chen has a clone Qin Mo to accept in the abyss of the monster. inherited.

But if it is not a fake, why does Qin Mo have no memory at all?

Fortunately, the **** cat appeared here at this time.

"Senior Cat Emperor." You Qianxue and Ji Ruyue suddenly seemed to have found the backbone.

"He is Mo Qin, let him in first." The **** cat looked at Mo Qin with an extremely ugly expression.

The **** cat uttered a word, and the light disappeared. Qin Mo flew over. He was about to ask, and the **** cat waved his hand, "Don't say anything, go on."

Not long after, a group of important figures have appeared in the hall of the City Lord's Mansion in Sky Thunder City.

"I suspect that Qin Chen's body has become more and less fortunate."

In the hall, the **** cat said with an ugly face.

As soon as these words came out, everyone was shocked. You Qianxue and Ji Ruyue's faces turned pale, and said anxiously: "Senior Cat Emperor, what is going on? Aren't those strong in the heavens looking for Shao Chen? How could Shao Chen? There are more ills than good luck."

"Heavenly powerhouse?" Qin Mo, who didn't understand what happened, was startled, but he didn't say much, just looked at the **** cat. The **** cat shook his head and said in a deep voice, "Although I don't want to believe it, I can't use other explanations at the moment. Qin Mo and Qin Chen share the same body and soul. They were unable to contact before. Qin Mo is in the Abyss

The inheritance space of the clan, but as soon as it comes out, the two souls will blend and share with each other. "

"This is because Qin Chen and Qin Mo are the same soul. There is no priority and they are one body."

"But now after Qin Mo comes out, he can't sense Qin Chen's soul at all. There is only one possibility, that is Qin Chen. It may have fallen. Only by falling and annihilating his soul can Qin Mo not feel his soul.

communication. "

You Qianxue and Ji Ruyue turned pale.

"No." Qin Mo shook his head at this time: "Although I don't know what happened, I can feel that my body is not dead, and I can still feel his existence, but that force is extremely weak. , Making it impossible for us to communicate at all

."

The **** cat was startled: "Can you feel the existence of the body?"

It frowned: "Could it be that Qin Chen has also entered a secret realm, similar to the inheritance space you were in before. Is this inheritance space blocking the connection between you?"

You Qianxue and Ji Ruyue clasped their hands and murmured: "It must be so."

"What should I do?" Everyone looked at the **** cat.

The **** cat pondered for a moment and looked at Qin Mo: "You will tell me what happened in the inheritance space."

Qin Mo immediately said everything that happened before, and You Qianxue and the others also said what happened during this time.

Qin Mo was surprised that so many things happened during his absence for more than a year. "The black slave has already sent us a message. The Chaos Devil's Nest has descended on the location of the ancient southern capital of the Northern Sky Territory, and then a war broke out. He hides extremely far away, and after the war is over, he secretly passes by, only to find that there is no one left. , But the Chaos Nest

While still in Ancient Nandu, he had also secretly contacted the Ancient Venerables, but there was no news. Now he has joined the Skeleton Rudder Master, guarding near the Ancient Nandu, and secretly observing. "You Qianxue said.

Qin Mo nodded, but at this moment the **** cat looked at Qin Mo and said in a deep voice: "The Lord of the Abyss wants you to swallow the Chaos Demon's Nest and break through the Holy Realm? So I can enter the heaven and let it escape?" Qin Mo nodded. A wry smile appeared on his head and face. He also knew that the heaven was actually broken. Although there was a passage, he would naturally not enter the heaven through the passage for the Lord of the Abyss. If he let the Lord of the Abyss know the Heaven. broken

Broken, after the Tianwu Continent has been unable to break through the void, I am afraid it will definitely vomit blood.

The **** cat showed a relaxed look at this time. "If this is the case, then it will be easy." Its eyes flashed: "Since the Lord of the Abyss allows you to swallow the Chaos Devil's Nest and break through the Holy Realm, then you can break through the Holy Realm. You are transformed by a parasitic seed, swallowed The Chaos Demon Nest is more convenient than any aliens,

But there are no side effects, and as long as you step into the holy realm, your soul will explode, unprecedentedly promoted, and even step into a brand new realm. At that time, you can naturally sense the body's location and state. "

When the **** cat said this, everyone's eyes brightened.

This is really a way.

"If this is the case, then go to Ancient Southern Capital." Qin Mo said with squinting eyes.

"We will go with you." You Qianxue and Ji Ruyue stood up immediately.

Qin Mo smiled bitterly. He knew that it was impossible for him not to let Qianxue and Ruyue follow at this time. They couldn't rest assured that they would leave alone.

At the moment, under the leadership of the **** cat, a group of people quietly left Tianlei City and secretly went to the ancient southern capital.

With the **** cat and the others, Qin Mo and the others were extremely fast, and after a few days, they had already arrived in the northern sky.

Looking at the messy Northern Horizons, everyone had no thoughts and rushed to the ancient southern capital once again.

Three days later.

Outside the ancient Nandu, Qin Mo and his party finally came here.

Looking at the terrible Chaos Demon Nest above their heads, Qin Mo and the others had a hint of shock in their eyes.

Is this the Chaos Nest? A huge black shadow traverses the world, exuding an unprecedented horror atmosphere, as if suppressing the world of the Tianwu Continent. Around this Chaos Nest, a terrible black halo flows, exuding people. Palpitations

breath.

Within the area where the Chaos Nest is located, an independent space is completely formed.

How can such a terrible treasure be swallowed?

Qin Mo was shocked.

Whizzing!

Two streams of light rushed quickly and appeared in front of Qin Mo and the others. It was the black slave and the skeleton rudder master.

"I have seen the master, I have seen the mistress!"

They hurriedly salute the skeleton rudder.

"No gift." Qin Mo raised his hand, and the Skeleton Rudder Master and the Negro were lifted up. The Skeleton Rudder Master looked at Qin Mo in shock. After the Chaos Devil's Nest came, its cultivation level had reached semi-sage. Extreme, even because it possesses the body of a demon master, it is stronger than a general half-holy, and only inferior to a real master-level master.

[Chapter 2397: Consume Chaos Nest](#)

But before Qin Mo raised his hand gently, he held it up, and a terrible magic power exuded from Qin Mo, giving it a strong suppression, as if standing in front of it was not a semi-sage master, but One demon, one

The real demon.

"Have you found the ancients?" Big Black Cat asked.

"Back to Senior Cat Sovereign, we couldn't find it. The master's soul seems to have disappeared, and Senior Lao Yuan and Senior Gu Zunren can't be connected at all." Skeleton Rudder smiled bitterly and blamed himself.

"It's not to blame you." The **** cat shook his head, and even Qin Mo himself couldn't sense it. Although the skeleton rudder master had Qin Chen's soul mark on his body, he was just trying his luck, and he didn't expect it to be found. .

"Is there anything unusual about Gunandu recently?" the **** cat asked again.

"Senior Hui Cat Sovereign, not at all. Those celestial powerhouses are not here at all, and they have never appeared these days, as if they gave up here."

"Never show up at all?"

Qin Mo frowned. How could this be possible? The Chaos Demon Nest was the origin of the Alien Demon Continent. He didn't believe that those masters in the heavens would not care at all.

"This Chaos Devil's Nest should have the means they left behind, so they don't care to put the Chaos Devil's Nest here, because they don't care that someone will destroy it." The **** cat flashed his eyes and sneered.

These celestial masters are really confident, do they really think their prohibition can stop everything?

"I and Qin Mo go up, you stay away, so as not to accidentally injure you."

When the words fell, the **** cat and Qin Mo immediately flew towards the Chaos Demon Nest. You Qianxue and the others did not insist, but left obediently and watched from afar.

"really....."

As soon as the **** cat and Qin Mo came to the side of the Chaos Devil's Nest, they saw strange rays of light lingering around the Chaos Devil's Nest. These lights were like a giant cocoon, wrapping the Chaos Devil's Nest and blocking it. Communication with the outside world.

Bang bang bang!

In the giant cocoon, the Chaos Devil's Nest is like a dark heart, beating banging, every time it beats, it provokes the most terrifying force between heaven and earth, erupting a terrible source of magical power.

"After a while, I will open a gap in the barrier cast by the strong celestial realm. You go in through the gap. As for the rest, it's up to you. But since the Lord of Abyss Demon has made such a decision, I don't even think about it. What will be the problem." The voice fell, and the **** cat shook his body and quickly came to the Chaos Devil's Nest. Boom, the Chaos Devil's Nest kept erupting with a terrifying aura, and waves of terrible black waves swept away. , This fluctuation is enough to kill a semi-sage master

Dies, but the **** cat is completely fearless.

puff!

Strange spatial fluctuations lingered on its body, and then its back claw caught on the barrier. Suddenly, a terrible breath erupted from the barrier, which rushed through the body of the **** cat.

With a bang, the **** cat was shocked and flew out, flashing light on his body, but a gap appeared on the barrier.

"Not going in yet?"

The **** cat shouted sharply.

Qin Mo had already prepared, and at the moment that barrier appeared, it turned into a black streamer and swept into his gap. Then, the barrier closed and once again wrapped the Chaos Demon Nest.

"Kid Qin Chen, it's up to you to swallow this Chaos Nest."

The **** cat looked at the Chaos Nest and muttered.

In the heaven barrier, Qin Mo had already appeared on the edge of the Chaos Demon's Nest. The huge Chaos Demon's Nest was throbbing like a mountain peak, and with every beating, the power to destroy the sky and the earth exploded.

This power can easily annihilate a semi-sacred master, but Qin Mo stood in front of this power, and instead of having any discomfort, he felt extremely cordial.

It seemed that this Chaos Demon Nest should have been one of him.

Seeing this chaotic devil's nest, various rules of heaven and earth emerged in Qin Mo's mind, and all kinds of magical rules were madly lingering and appearing in Qin Mo's mind.

Violent, cruel, fierce, evil, hideous, terrifying...

The endless aura surging, the faintly implied aura of the great road.

This kind of regular breath can completely make any strong person collapse, enter negative emotions, and become confused.

But after Qin Mo felt these negative emotions, there was a feeling that was nothing more than this, because these negative emotions were far worse than the Dao of Demon he had felt when he inherited the Lord of Abyssal Demon.

The Lord of the Abyssal Demon is a strong man in the heavens, and the Dao of Demons taught by it is naturally superior to a plane in the lower realm. Of course, the rules override the rules. In terms of strength, the Qin Mo is far from the Chaos Nest, but with the rules, it is enough. At this level, Qin Mo does not have to worry about being affected by the Chaos Nest. The influence of the fans here

Lose yourself.

It's no wonder that the Lord of the Abyssal Demon would believe and rest assured that Qin Mo can swallow the Chaos Demon Nest, because when Qin Demon accepts the inheritance, his soul has been transformed, and the most terrifying soul interference of the Chaos Demon Nest is nothing to Qin Mo. Qin Mo squinted his eyes and looked at the Chaos Demon Nest, and the inheritance he had received in

the Abyss Demon Realm emerged in his mind. His right hand slowly touched on the Chaos Demon Nest, and an invisible demon breath was suddenly released. Going out, suddenly, a wave of magic

The breath of the devil radiated from Qin Mo.

Boom!

The Chaos Demon Nest felt the aura of the demon on Qin Mo's body, and there was a violent vibration. Before Qin Mo could react, the power above the Chaos Demon Nest contracted extremely, as if he was terrified of Qin Mo.

Qin Mo is more magical than it!

Qin Mo immediately urged the parasitic seed aura in his body to enter the Chaos Demon Nest's power, and then the Chaos Demon Nest was soothed. The horror in it seemed to have been catharsis, and it crazily poured into Qin Mo's body.

At the same time, the Chaos Demon Nest continued to emit a fierce roar.

"What's the matter? How do I feel that the Chaos Devil's Nest is constantly shrinking?" Qin Mo was puzzled and looked up in shock, and saw that the Chaos Devil's Nest was shrinking rapidly.

Buzzing buzzing... Just a few breaths of time, the Chaos Devil's Nest has shrunk from a huge mountain to only nine inches, but the breath that it exudes is still unparalleled horror, especially the pure roads. The original magic energy makes Qin

The devil's spirit was shocked.

"Is this too simple?" Mo Qin looked at the shrinking Chaos Devil's Nest in disbelief. A stream of pure power didn't need him to swallow it actively, and it naturally entered his body, quickly Changing his body.

[Chapter 2398: Seek detachment](#)

And this Chaos Demon Nest, beating like a heart, shrank to the size of a palm, and actually fell slowly on Qin Mo's hand. What is strange is that Qin Mo didn't feel any weight, as if he was just dragging an ordinary heart. general.

"The Chaos Devil's Nest is so light? What's going on?" Qin Mo couldn't help but fell into contemplation. The performance of the Chaos Devil's Nest completely subverted Qin Mo's cognition, which was different from what he had imagined.

"See if you can absorb the power of this Chaos Nest."

Qin Mo took a deep breath and touched the Chaos Devil's Nest with his palm, arousing the power in it.

"Buzzing..." After Qin Mo's power penetrated into this Chaos Demon Nest, he felt that the Chaos Demon Nest began to vibrate violently, which made his body begin to tremble constantly, an unparalleled terrifying breath. , Released from the Chaos Nest

come out.

At the same time, Qin Mo's body involuntarily exudes a strong devilish energy, and with the appearance of this devilish energy, the Chaos Demon Nest that originally fell on Qin Mo's hands unexpectedly swishes into Qin Mo's body. in.

Everything happened so fast that Qin Mo hadn't even reacted to it.

When the Chaos Demon Nest entered Qin Mo's body, Qin Mo only felt that his body was washed away by pure devil energy, and his whole person felt extremely happy.

Moreover, after the Chaos Demon Nest entered his body, it went directly into his heart position.

"not good!"

Qin Mo was taken aback. His body was shaped by a parasitic seed, and the location of his heart was the core of the parasitic seed. Once the two came into contact, Qin Mo didn't know what would happen. But it was too late for him to stop. He watched the Chaos Demon Nest enter his heart, and slowly merged with his heart. At the position of Qin Demon's heart, the core of the original parasitic seed disappeared. But

It turned into a dark chaos nest, throbbing.

The Chaos Devil's Nest has become a heart of Qin Mo.

Along with the beating of the Chaos Demon Nest, an incomparably pure source demon energy quickly merged into Qin Demon's limbs.

Under the scouring of the original demonic energy of this horror, Qin Mo's body burst out with dazzling light, and twelve bright veins glowed in his body, forming a perfect vein pattern.

Twelve days veins!

Buzzing!

At this moment, Qin Mo's body was undergoing astonishing changes. Under the power of the Chaos Demon Nest, Qin Mo was full of magic light, and the power that made the world tremble lingered in his body.

In addition, Qin Mo's body became more restrained, and magic lights lingered around him.

At this time, Mo Qin fell into a very mysterious realm.

The power in his body is increasing crazily. This is because he has absorbed the original demon energy of the Chaos Demon Nest and began to transform into the holy realm. The other change is on the mysterious level.

Various thoughts flickered in Qin Mo's mind, and pictures flashed quickly.

He saw the world as a singularity, exploding rapidly, turning into a vast continent.

The creatures on the mainland were moving, and under the energetic energy, life was born.

He saw the birth of the origin of heaven and earth, and saw a group of alien demons, kneeling on the ground, worshipping them, the convergence of faith.

He even saw a long and dark river. In the long river, the years passed by, and the creatures fell in it, and then transformed into new energy and gave birth to new life.

There have been wars between generations of lives, blood flowed into rivers, returned to the dust, and then multiplied.

On the barren and barren land, civilizations were born one by one, and the whole world became more and more prosperous and stronger.

There was a collision between civilizations. This was a clash of blood and fire. Demon Lords were born between heaven and earth, ruling one side, but eventually returned to dust.

No one can be eternally invincible. No matter how powerful the existence is, it will eventually fall into the dust of the universe. When one day, these energies will once again converge into life, but these life is no longer the same person. Until, one by one, terrifying auras descended on this continent, and they made a strong move. Those god-like figures bloomed with light, but they were not gods at all, but demons. They were demons from the heavens, slaughtering and plundering the world.

power.

The past fights and the past collisions of civilizations were all collisions within the continents. One by one, the strong rose and fell. No matter what, the power will eventually return to the heaven and the earth, to the origin.

But this time, everything has changed, a great fire from the sky, burning everything, it is outsiders plundering, the mainland is weeping.

Civilizations were destroyed one by one, and life screamed and fell. This continent, born from a primitive singularity, went to decay and decline.

finally.

boom!

This continent was destroyed, turned into cosmic dust, born from the singularity, and finally returned to the singularity.

One cycle is over.

Qin Mo stood there in a daze. He saw the scenes, the birth of a world, the birth of life, the rise of civilization, the glory, and finally the destruction.

This is the Taoism contained in the Chaos Demon Nest. This is the process of the birth and destruction of the Alien Demon Continent. Compared with Lao Yuan's blood soul crystal soul, the Chaos Demon Nest is the origin of the Tianwu Continent and contains all the information of the mainland.

Qin Mo was deeply shocked.

In the face of the destruction of a continent, the existence of life is too small, it is like an ant, watching the changes over the years.

Even if it is a continent, there are times when it is destroyed, let alone people?

How difficult is it to seek detachment and longevity?

At this moment, Qin Mo fell into a pessimistic attitude. People are like a drop in the ocean, disappearing like a cloud of smoke, pursuing and struggling, what is the point?

The aura on Qin Mo's body was rapidly weakening.

"not good!"

Outside of the restriction of the heavens, the **** cat felt Qin Mo's rapidly weakening breath and will, and was shocked.

"Senior Cat Sovereign, Chen Xiaohe..." You Qianxue and Ji Ruyue flew over quickly, with anxious faces. After Qin Mo came into contact with the Chaos Devil's Nest, he clearly seemed to have made a breakthrough. The aura on his body was rising rapidly, why suddenly in between, the soul aura dimmed suddenly, as if

It should be extinguished at any time.

What happened?

You Qianxue and the others panicked. The **** cat's face was also extremely solemn, and he said solemnly: "The Qin Demon should have been assimilated by the rules contained in the Chaos Demon Nest. The Chaos Demon Nest is the origin of the Alien Demon Continent. It contains not only power, but also There are countless years of rules, operations, and reincarnation in the Continent of Different Demons. I originally thought that Mo Qin was just absorbing the power of the Chaos Demon Nest and breaking through the Holy Realm, but now he has integrated the Chaos Demon Nest into his body. Under the impact of the information in the Chaos Nest, if one is not careful..."

[Chapter 2399: Breakthrough](#)

Having said that, the **** cat sighed and stopped.

"Senior Cat Sovereign, what happens if one is not careful?" You Qianxue said nervously. The **** cat shook his head, "Once Mo Qin is immersed in this kind of rules and perception, he will not only lose his mind, his soul will be annihilated, and even his soul and body will become the carrier of the Chaos Demon's Nest, and will be controlled by the Chaos Demon's Nest. Lose oneself

Consciousness becomes the body of a walking corpse, or Chaos Nest. "

How could this be.....

You Qianxue and Ji Ruyue were instantly stunned.

"Senior Cat Sovereign, is there a way to wake up less dust?" You Qianxue said anxiously. "Senior Cat King, I have the power of amethyst left by the ancestors of the Ji family in my body. My ancestor of the Ji family used to be a strong man in the heavens. The power of amethyst left by him is not small. Wake up." Ji Ruyue said decisively, for Qin

Chen, let alone giving amethyst, she didn't care even if she gave her life. The **** cat glanced at Ji Ruyue: "There is indeed an extremely powerful power hidden in your body. Obviously, the ancestor of

your Ji family was also a top powerhouse in the heavens. Although the emperor does not know his level, just from the special power left behind

Judging from this, this person is extraordinary, and it is very likely that he is also a great figure in the heaven..."

You Qianxue and Ji Ruyue showed hope, but the **** cat poured cold water on the two of them. "But it's useless. Qin Mo has now integrated the Chaos Demon Nest into himself. This is a process of fusion, a combination of heaven and Tao. External forces can't stop all of this. Only Qin Mo himself can resist. The assimilation of Chaos Nest,

It is possible to truly swallow success. "

"Is there no other way?" Ji Ruyue staggered, her face pale. "It's useless." The **** cat sighed and shook his head. If there was a way, it would have taken action long ago: "Now it's up to Qin Mo himself, but don't worry too much. Since the Lord of the Abyss dares to let Qin Mo do this, it must have its deep meaning, believe in Yuan

It is impossible for the demon lord to let the person who has worked so hard to find out of trouble fall directly here. "

When everyone heard this, they could only stand here helplessly, watching the changes in Qin Mo's body from a distance, praying silently, but helpless.

As everyone perceives, Qin Mo's soul aura is getting weaker and weaker, and in the end, it is almost destroyed.

Mokara and Skeleton Rudder Master, who had been implanted with soul imprints by Qin Chen and other powerful men, unexpectedly sent warnings of danger in their souls, as if a catastrophe was imminent.

The expressions of the two changed and they were shocked. There is only one possibility for this feeling, that is, Qin Chen has really encountered a critical moment of life and death. Before Qin Chen's own soul has weakened, they still don't feel anything. That is because Qin Mo is still there. .

Qin Mo and Qin Chen are one body, and the soul is actually one, so even if Qin Chen's main soul is destroyed, wherever it falls, as long as Qin Mo is still alive, those people who have been implanted with Qin Chen's soul mark will still have nothing. thing. But now, as Qin Mo's soul is getting weaker and weaker, there is a strong sense of crisis in their minds. Then there is only one possibility, that is, the souls of Qin Chen and Qin Mo are facing the brink of destruction. To the point, and once Qin

The souls of Chen and Qin Mo were completely annihilated, and these powerful men who were enslaved by Qin Chen would also have their souls shattered with Qin Chen's fall. There would be no second possibility.

"Master, you must survive, and there must be nothing wrong."

Mokara and Skull Rudder Lord prayed silently, not only for Qin Chen, but also for themselves.

At this time, the Qin Mo, under the influence of the Chaos Demon Nest, had indeed plunged his consciousness into an endless abyss, as if the candlelight swaying in the wind could be extinguished at any time.

Everything in the world is in reincarnation, living beings are in reincarnation, the strong are in reincarnation, and even the heavens and the earth are in reincarnation.

What is the point of that person's strenuous search for detachment?

Do not!

Significant!

Although the world is in reincarnation, aren't the warriors all going against the sky this day? Going against the sky, breaking through the shackles, looking for detachment.

Qin Mo's eyes lit up, and everything in the world is in reincarnation, so what? I want to transcend this reincarnation, let reincarnation work for me, and let reincarnation step on my feet.

boom!

An extremely terrifying aura rose from Qin Mo's mind, and Qin Mo's originally weak soul rose rapidly.

The heart enters the Nirvana mandala, and the devil enters the supreme Dalatian!

In Qin Mo's body, a source of power was born. This is the source of the demons. There was an ancient and desolate aura from all over his body, and the breath of reincarnation lingered out.

"This this....."

The **** cat who felt the changes in Qin Mo's body was stunned, but his eyebrows were filled with intense excitement.

"The Samsara Demon Body, turned out to be the Samsara Demon Body?"

The **** cat looked at Qin Mo in amazement, the power of this kind of transcendence changed its color, and his expression was excited.

"Senior Cat Sovereign, he is less dusty?"

You Qianxue and the others even looked over. "Hahaha, it's okay, Mo Qin is okay, it's a blessing in disguise." The **** cat laughed happily. I didn't expect that Mo Qin actually surrendered the Chaos Demon's Nest and also possessed a reincarnation monster. This is not only an absorption of the Chaos Demon. The power of the nest so

simple.

The reincarnation monster is a monster that can be formed after fully grasping the origin of the Chaos Demon Nest. Even if it is in the heavens, this monster is the top physique.

Rumor has it that a person with a reincarnation monster has the opportunity to transcend reincarnation. This opportunity is extremely envious even by the strongest in the heavens.

If people in the heavens were to learn that someone in this small world was in control of the reincarnation monster, they would be shocked, and the jealous would explode. "No wonder so many celestial powers like to swallow the origin of the small world. Although the origin of the small world is

not as powerful and mysterious as some of the top treasures of the celestial world, it contains the birth, growth, and destruction of a small world, even the top

The strong in the heavens can also perceive extraordinary principles from it. "

The **** cat exclaimed.

Rumble!

At this moment, the power in Qin Mo's body is increasing crazily, and black rays of light bloom on the surface, exuding a strong aura of the origin of the devil, and the Chaos Demon Nest has completely turned into his heart, becoming a part of his body. .

A breath of terror bloomed out. The next moment, Qin Mo slowly opened his eyes, and a touch of gnawing spirit bloomed in his eyes, and his expression was flat and punched at the barrier set by the strong heavenly realm in front of him, and a continuous flow of demon aura radiated out. There was a burst of sound in my ear

The sound of thunder.

Boom boom boom! The barrier roared fiercely, fluctuating violently, but it was very strong, Qin Mo's eyes fell cold, the restrictions placed by this heavenly powerhouse are indeed terrible, no wonder they can be so relieved, Qin Mo sneered, and suddenly urged the Chaos Demon in his heart. nest.

[Chapter 2400: found it](#)

boom!

Black magic aura suddenly spread out, quickly blending into his palm, and with a bang, the restriction was finally broken, revealing a gap.

Qin Mo stepped forward and came to the **** cat in front of them.

"Little dust..."

You Qianxue and Ji Ruyue looked at Mo Qin excitedly. At this moment, Mo Qin exudes a terrible aura like the same demon god.

"Master!" Mokara and Skeleton Rudder directly knelt down. Originally, Qin Mo's suppression of them was only the suppression of soul imprints, but now Qin Mo, in addition to the suppression of soul imprints, also has a deep heart. The terrible breath that exudes,

Let them want to surrender from the bottom of their hearts.

And the aura escaping from Qin Mo made them feel extremely attached.

This is the original aura of the alien demon. After Qin Mo swallowed the Chaos Demon's Nest, he himself became the original source of the alien demon. His power was enough to make Mokara and the Skeleton Rudder Master break through, and even make the entire alien demon. Clan surrender.

"Hahaha, kid Mo Qin, yes."

The **** cat came to Qin Mo and looked at the aura on Qin Mo's body with satisfaction. It was definitely a legend to be able to break through to the demon master level of the holy realm in the era of drastic changes in the world.

"Senior Cat King, thank you!"

Qin Mo smiled slightly, extremely evil.

"No thanks, can you feel the breath of the body now?" Big Black Cat asked.

Qin Mo closed his eyes and urged the Chaos Demon Nest. Suddenly, the power of reincarnation emerged from him. I don't know how long it took, Qin Mo opened his eyes suddenly, exploding with brilliant light, and his dark and deep eyes looked far away. At the sky.

"Found it?" the **** cat asked.

Qin Mo looked ugly and nodded: "I found it, but my body soul is very weak. I don't know what happened. If it is later, maybe I won't even be able to sense it."

"The soul of the body is extremely weak?" The **** cat breathed a sigh of relief, which at least showed that Qin Chen's body had not fallen.

"Go, take us over and see."

The **** cat said in a deep voice.

"You follow me."

Qin Mo snorted, and immediately took the **** cat and they hurried to Qin Chen's place.

"Senior Cat King, I previously absorbed the Chaos Demon Nest and broke through the holy realm. The Chaos Demon Nest is the origin of the alien demon race. Why didn't the heaven and the earth impose restrictions on me?" Qin Mo asked questioningly on the road. In the Tianwu Continent, any external holy realm power will be suppressed, such as the master master of the ancient era, or the celestial master who suddenly appeared before. Qin Mo originally worried that the Heavenly Dao of the Tianwu Continent would be against him when he broke through.

Has launched an attack. But the result surprised Qin Mo. The Heavenly Dao of Tianwu Continent did not suppress him in the slightest. Otherwise, if the Heavenly Dao of Tianwu Continent launched an attack on him, I am afraid that he might not be able to cross it so easily.

Into the Holy Land.

"Maybe it's because your soul was born in Tianwu Continent. The Heavenly Dao of Tianwu Continent can feel the essence of the soul, so it didn't make a move." Big Black Cat guessed.

"Because of the soul?"

Qin Mo murmured thoughtfully.

Under the leadership of Qin Mo, everyone flew all the way, and after half a day, they came to a turbulent flow of nothingness.

"right here."

Qin Mo let out a low cry, pointed at the void in front of him and slammed his palm out, with a bang, and suddenly a stream of light flew out of the void in front of him and fell into Qin Mo's palm.

It is the good fortune jade disc.

"open!"

Qin Mo lowly drank, and the terrifying power of the holy realm suddenly poured into the Universe Good Fortune Jade Disc. Suddenly, the Universe Good Fortune Jade Disc opened a gap and took everyone in.

In the jade disc of good fortune.

Qin Chen had been in a coma for many days, while Lao Yuan, Gu Zunren, and Mo Yuanbai all stood by anxiously.

They have been trapped here for almost a month, and Qin Chen hasn't responded, and even their souls are getting weaker and weaker, making the three of them feel worried.

suddenly.

Rumble!

The space of the Universe Good Fortune Jade Disc suddenly surging out a very terrifying aura, and then, a group of figures appeared in the Universe Good Fortune Jade Disc.

"this is....."

Lao Yuan and the others looked up in amazement, and saw Qin Mo and others appearing in the sky, their faces suddenly showed ecstasy.

"Qin Mo kid, Xiao Hei..."

Lao Yuan laughed for the first time.

However, Gu Zunren and Mo Yuanbai looked dumbfounded, looking at Qin Mo, with incredible expressions in their eyes.

This is actually a holy realm master, and the aura is very similar to the master.

"Master?" Gu Zunren said in a daze. He glanced at Qin Chen who was in a coma, and then at Qin Mo in the sky. Qin Mo's soul power exerted a strong pressure on the soul imprint in his body. Somewhat dumbfounded.

"What are you still doing? This person is your master's clone Qin Mo, who was trapped in the Abyssal Demon secret realm before, but now it's finally figured out."

Lao Yuan showed excitement and rose to the sky, Qin Mo came over, and they were all saved.

"Lao Yuan, what happened before?" The **** cat and Qin Mo flew over and asked in a deep voice, looking at Qin Chen who was comatose in the jade disc of good fortune, his face was rather ugly.

You Qianxue and Ji Ruyue also rushed forward with extremely worried expressions. They could feel that Qin Chen was in a very bad state and was in an extremely dangerous situation.

Lao Yuan smiled bitterly: "This is a long story." Lao Yuan said what had happened in Gunan, including Shangguan Xier's design to frame the demon and the Heaven Devourer to break through the Demon Lord's realm. , As a result, the heavenly powerhouse came, and Qin Chenkeng finally killed the heavenly world

Into a coma.

One thing is said in a whisper, without any omission.

"Sure enough, the heavenly powerhouse made the ghost, and I didn't think that the alien demon continent had been destroyed."

The people couldn't return to their senses for a long time, and there were endless emotions in their hearts. No one would have thought that the Alien Demon Continent, which had fought against the Tianwu Continent for tens of thousands of years, would be the first to be destroyed by the people from the heavens, and the entire continent would be destroyed.

"Senior Cat Sovereign, what happened to Young Chen? Why didn't he wake up?" You Qianxue and Ji Ruyue's worried voices came. Everyone was standing in front of Qin Chen. The **** cat carefully sensed Qin Chen's condition, his face was a little puzzled: "Qin Chen's state, I also feel weird, Lao Yuan said before that Qin Chen is killing Heavenly Realm After the master, he was not in a coma.

, But he fell into a coma later, according to the truth, it is impossible to be unconscious, there must be something weird in this. "If Qin Chen was in a coma during a battle with a master of the heavens, everyone could still understand, but he had clearly won before, and he was in a coma during the healing process, which makes people confused.
