Chapter 241

"Hey, your excellency's words are serious. I don't know if Young Master Chen asks them to come over, what's your order?"

Liu Guang has always been vigorous and resolute, knowing that Qin Chen will not go to the Palace of the Three Treasures, let the two of them come over, there must be something.

Commanded... Commanded?

A shivering, Zhang Fei was so startled that he almost got his tongue scalded by the tea.

I thought that Qin Chen asked them to find Liu Guang because he had some friendship with Master Liu Guang and could get such a little relationship.

At first glance, this is not the case at all.

It is definitely not an ordinary relationship to allow Master Liu Guang to say the word command.

What is the relationship between Shao Chen and him?

"Is such that....."

Guessing in his mind, Zhang Fei did not dare to neglect, and hurriedly explained the problems encountered by the Zhang family.

"Dange wants to cancel the cooperation with your Zhang family, and demolish your Zhang family's shop in Fangshi?" Frowning, Liu Guang looked puzzled and turned to look at Chen Mu: "What's the matter?"

Although Liu Guang is a deacon with a noble status, he is in charge of Dange's internal affairs and small things like purchasing medicinal materials are naturally not worth his bother.

"I'm not very clear, just ask."

Turn around and leave the VIP room.

Not long after, Chen Mu came back with a middle-aged man named Wu Zhong who was in charge of the procurement of medicinal materials by Dan Ge.

"Master Liu Guang." As soon as manager Wu Zhong came up, he respectfully greeted him.

"Yeah." Nodded, Liu Guang pointed to Zhang Fei and said in a deep voice: "This is Zhang Fei from the Zhang family of the royal capital. Tell me about the business dealings between Dan Pavilion and Zhang family, what is going on? Why suddenly, our Dange cut off cooperation with the Zhang family?"

Liu Guang's tone was cold and stern, without anger or prestige, he frightened Wu Zhong in charge and made his legs weak.

"Going back to Master Liu Guang, things are like this." After a cold sweat, Wu Zhong's manager hurriedly explained: "The king's Zhang family does have medicinal materials with our Dange. Basically, our Dange's middle and low-end medicinal materials are about 10%. It is provided by the Zhang family, but every

year, it is not the Zhang family that directly connects with us, but through the Li family. The Li family, the royal family, controls 50% of the low-end medicinal materials in our Dange. Procurement, so this should be a unilateral issue between the Li family and the Zhang family."

"boom!"

As soon as he slapped the table, the cups and cups jumped wildly, Liu Guang's expression was gloomy, and everyone's hearts beat.

"It controls 50% of the mid-to-low-end medicinal materials procurement of our Dange. What is the origin of this Li family? Our dignified Dange, how can we control the procurement of medicinal materials in the hands of a family? Who gives you the power to do such a big thing? Has your Foreign Affairs Church put me, the deacon Liu Guang, in its eyes?"

Although Liu Guang is mainly responsible for Dange's internal affairs, he also has the right to call the shots on foreign affairs.

Wu Zhong's **** head was scolded, but he didn't dare to refute. He kept wiping cold sweat and was speechless in his heart. He secretly said: "You never cared about foreign affairs business. Tell you, you think we disturb you alchemy. Now Say it again..."

The heart is so deep, but he dare not express it on his face. He even explained: "Liu Guang is in charge, the Li family has been cooperating with our Dange for quite some time, and the elder Li Xun of the Li family is also one of our Dange. First-grade pharmacist, so..."

"So what?" Liu Guang's face was even more ugly, his eyes seemed to kill people, "Then Li Xun, is it Li Xun from the Alchemy Hall?"

"Exactly."

"Huh, he Li Xun, but a pharmacist in the Alchemy Hall, who is not a manager, has any qualifications to intervene in the affairs of your Foreign Affairs Hall? Also, why did our Dange cancel the pill that was in Fang City with the Zhang family? Cooperation?"

"The pill co-operation in Fang City has always been managed by the manager Mu Xun of the Dan Ge Fang City branch. Subordinates don't know about this."

Wu Zhong was in charge, almost crying.

What's all this?

There is nothing to do with Zhang's affairs, so how can I throw fire on myself?

However, he also heard that Li Yaowen, the manager of the Li family, was taken away by Master Liu Guang in the hall. At this moment, how dare there be any rebuttals, he can only nod and dare not touch his brow.

"Okay, where is Li Xunren? Let him roll over and see me immediately."

Liu Guang also knew that it was nothing to do with Wu Zhong. After a lesson, he turned his head and smiled at Zhang Fei and Zhang Yingxi: "You two, you guys have also heard about this. I don't know about

this matter. Otherwise, he will never allow his followers to do anything wrong. Yes, please have the opportunity to explain to Chen Shao."

"Also, rest assured, you two, I will definitely urge the following to cooperate with the Zhang family again as soon as possible. I don't know what your two thoughts are?"

Zhang Fei and Zhang Ying glanced at each other and couldn't help saying: "It's not a matter of cooperation, but now Dange, saying that the pill that our Zhang family sells in Fangshi are all substandard products. Now they are uniting with the Li family and the law enforcement team. We are demolishing our Zhang family store. If we don't deal with it now, I'm afraid our Zhang family's store will be demolished. Now Chen Shao and the owner have gone to our Zhang family's store in Fangshi, but I'm afraid they can't stop it. The Li family."

"What? Less dust is in Fangshi?" Liu Guang suddenly stood up.

"Master Liu Guang..." At this moment, Wu Zhong couldn't help but interject, "Master Li Xun is not in the medicine refining hall. He went to Fangshi in the morning. Maybe he went to see Master Mu Xun. It should be... just for Zhang. Family matter."

"boom!"

With a palm, the entire VIP room table fell apart and shattered.

Liu Guang was full of anger and shouted sharply: "He is so bold, who gave him the power to do this?"

Liu Guang was really angry.

Li Xun used his relationship to get the Li family to cooperate with Dan Ge. This is nothing. After all, any person has selfish motives, and it is not a big deal to seek personal gain for his family.

But he actually used Dange's relationship to suppress other families, which was a bit too much.

Over the years, the Dange market has been constantly suppressed in the royal capital, and even forces like Jubaolou have slogans to buy pills. Some go to Dange instead of Jubaolou.

And these people in the Foreign Affairs Hall, not only don't want to expand the market and improve competitiveness, but they also engage in this kind of suppression of other families and seek personal gain. It is no wonder that the Dange market has been declining in recent years.

Thanks to the special-effect Zhenqi pill that Chen Shao gave not long ago, the pill pavilion was once again prosperous in the royal capital.

If we don't strike a bit now, some people will turn against it.

"You two, let's go to Fangshi right now. I want to see what the **** Li Xun and Mu Xun are doing."

At the moment, Liu Guang rushed to Fang City with Zhang Ying and others.

Downtown of Wangdufang.

At this moment, the voice is full of voices.

In front of the Zhang's shop, a large crowd of onlookers gathered long ago. There were three floors inside and three floors outside.

Chapter 242

Downtown of Wangdufang.

At this moment, the voice is full of people.

In front of the Zhang's shop, a large crowd of onlookers gathered long ago. There were three floors inside and three floors outside.

As a big family in the royal capital.

The biggest property of the Zhang family is this shop in the center of Fang.

This shop does not occupy a large area, but regardless of such an inconspicuous small shop, it is undoubtedly the most important in the entire Zhang family.

About 70% to 80% of Zhang's annual profit is supplied by this shop.

It can be said that being able to own a shop in the center of the square is a dream of every family in the capital.

Any small family only needs to obtain such a shop in the market, and they can immediately become a family from a small family.

But now, the members of the Li family, Dange, and Hefang City Law Enforcement Team wanted to demolish the Zhang family's shop, which immediately attracted countless onlookers.

at this time.

The Zhang family and the law enforcement team have been facing each other for a while, and the two sides have not backed down to each other, and the smell of gunpowder is extremely strong.

"Zhang Yuntian, I advise you to get out of the way quickly. My law enforcement team is to maintain public order in Fang City. No matter who you are, you should never want to run wild here."

A group of strong men in armor gathered around the entrance of Zhang's shop, leading one person, high above, with an arrogant expression and imposing momentum.

This person, however, was a captain of the law enforcement team in Fang City, named Luo Ling. His cultivation was not too high, but his power was quite amazing.

Fangshi is the place with the largest transaction volume in the entire royal capital, and the daily flow is an astronomical figure.

Law enforcement here, it can be said that the fertilizer is so great that all major shops have to sell their faces, and the posture is naturally different.

"Captain Luo, our Zhang family store has always been law-abiding, how could it be an illegal store?"

A steward of the Zhang family, standing at the door of the shop with an anxious expression, said to Luo Ling again and again.

"I don't care about it. We received news that your Zhang family store sells unqualified medicinal pills. As the law enforcement team of Fang City, it is natural to help justice, destroy some bad shops, and return Fang City to a bright future."

Captain Na Luo, aloft, his eyes were cold and merciless.

In his eyes, a small family like the Zhang family has no one thousand, but also eight hundred, so there is no need to give too much face.

What's more, the action this time was not the intention of his law enforcement team. There were still people behind him supporting him.

"Captain Luo, you are too shameful for them. If it is me, I have already directly smashed it, so why don't you talk to them."

Next to Luo Ling, a middle-aged man with a goatee smiled and said, between his brows, there was a hint of sarcasm.

"President Li, our law enforcement team is doing things with justification and evidence. Don't worry, as long as they don't let the Zhang family, after a meeting, no matter what, this shop will be destroyed."

Facing this person, Luo Ling immediately put a smile on his face.

The person next to him is Li Tiancheng, the head of the Li family.

And beside Li Tiancheng, there were two men wearing first-grade pharmacist robes standing on the sidelines, watching all this with a sneer.

But it was Dange's Mu Xun and Li Xun.

In addition, beside Li Tiancheng, there was a young man who turned out to be Qin Fen.

He smiled and said: "Captain Luo deserves to be the patron saint of the majority of the people in our capital. He helps justice and is a role model for our generation."

"Haha, Young Master Qin joked, this is what we should do now, and we must not tolerate evil forces and run wild in Wangdufang City."

Captain Luo smiled flatly at Qin Fen.

"With Captain Luo's words, I'm relieved."

"Hahaha."

The voice fell, and both of them laughed.

"Zhang Yuntian, I won't talk too much nonsense. I, Luo Ling, don't have time to talk with you. I will give you time for the last incense stick and immediately move the things in the shop. Otherwise, no matter what's left in it, I will do everything. Smashed, no one left."

The laughter fell, and with a wave of his hand, Captain Luo gave an ultimatum.

"you....."

Zhang Yuntian looked angry, but did not dare to argue. Between his eyebrows, there was only anxiety and worry.

The other party is the Fangshi law enforcement team, really want to start, their Zhang family, how dare to stop?

"Captain Luo, please calm down and discuss something."

At this time, an anxious voice came, and immediately, the crowd separated, and the Zhang family advocated that the stream squeezed in with the people of the Zhang family.

"It turns out that the owner of the Zhang family has arrived. That would be even better. Family owner Zhang, your Zhang family store is suspected of selling unqualified medicinal pills. Our law enforcement team demolished your Zhang family store in accordance with the regulations and asked the Zhang family owner to cooperate."

With a cold smile, Captain Luo waved his hand and said.

"Captain Luo, is there any misunderstanding in this?"

"Misunderstanding?" Luo Ling sneered: "What can be misunderstood, I only know that if your Zhang family violates the rules, the shop will be demolished, and the others have nothing to do with me."

Seeing Luo Ling not dripping in, Zhang Xi took a deep breath and looked at Li Tiancheng: "Patriarch Li, our two families have cooperated, and it hasn't been a year or two. If you don't look at the face of the monk to see the face of the Buddha, is it for the Zhang family? , Leave a way out? Why rush to kill? What's more, our Zhang family's medicines are all obtained from your Li family. How could it be substandard products?"

He knew that the key to this matter was still in the Li family.

"Patriarch Zhang, this is not true. The pill of your Zhang family was indeed obtained from my Li family before. However, our Li family has stopped cooperating with your Zhang family. The origin of the elixir you are currently selling Unknown, obviously substandard products, what else can you say?" Li Tiancheng smiled.

Zhang Xi frowned, and his tone became cold: "Li Tiancheng, you should be very clear that our Zhang family's pill, it is absolutely impossible to fail."

The Li family stopped cooperating with the Zhang family only today. All the previous medicinal pills were obtained from the Li family, so how could it be unqualified.

"Hehe, the pill is unqualified. This is not what I said, but the appraisal by the alchemy master of the pill pavilion."

"Yes, after the appraisal of our Dange, the origin of Zhang's pill is unknown and suspicious. It can be identified as a substandard product."

Stepping forward, Mu Xun from Dan Pavilion, in charge, said to everyone.

"Mu Xun is in charge, this is impossible. As far as I know, this batch of pills of our Zhang family came from your pill."

Zhang Xi knew very well that all the medicines of the Li family were refined by the pill pavilion, saying that their pill pill was unqualified, wouldn't the pill pavilion hit himself in the face?

"Patriarch Zhang, you can eat rice but you can't talk nonsense. Our Dange has never done business with your Zhang family. Believe it or not, because of your words, I can sue you for slander and destroy you. Full door!"

His complexion sank, Mu Xun exuded horrific murderous intent, causing everyone to retreat.

What does the Zhang family mean, want to drag your own Dan water? Do not pee to see if you have this capability.

Chapter 243

"The Zhang Family was already unable to protect himself, and now he is going to offend Pill Pavilion. Isn't this looking for death?"

"Guardian Mu Xun is the person in charge of Dange's shop in Fangshi. He has an unusual identity. How can he cheat?"

"Patriarch Zhang questioned Mu Xun in charge, that is tantamount to questioning Dange, and Dange would definitely not agree."

The crowd shook their heads and sighed.

It seems that the Zhang Family Patriarch is already in a mess and incoherent.

Under normal circumstances, if you encounter this kind of thing, you must speak up and turn fighting into a jade.

How can he offend people everywhere.

Feeling the terrifying aura on Mu Xun's body, Zhang Xi's breath was suffocated, and his face was also bitter.

He knew very well that the pill of their Zhang family came from Dan Pavilion, and there was nothing wrong with it.

It can be clear, but he has no evidence to prove it.

What's more, he didn't dare to let him and Dan Ge tear their skin.

Just being a Li family is already difficult to resist. If even Pill Pavilion is really offended, then there is basically no room for maneuver, just wait for death obediently.

"Li Tiancheng, why did my Zhang family offend you? Why do you do it so absolutely?"

Staying calm, Zhang Xi can only turn his goal to Li Tiancheng, and the Li family is the core of this matter.

"Patriarch Zhang, the Li who you are talking about doesn't understand it. My Li family is a royal family. How can I be troubled with you? To put it in a bad way, you Zhang family, you are not qualified to let me Li family make life difficult for."

With a sneer, Li Tiancheng looked disdainful.

"you....."

Zhang Xi was so angry that Li Tiancheng almost vomited blood.

"Well, it's getting late, Captain Luo, is it time to enforce the law?"

Faintly speaking, Qin Fen broke the confrontation between several people.

What he wanted to see was the destruction of Qin Chen's friend Zhang's family, but not a few people making noise and yelling here.

"Master Qin, don't worry, we will do it now."

Captain Luo bowed and nodded, then waved his hand and shouted sharply: "What are you guys doing in a daze? Let's take down the Zhangjia store soon."

Who doesn't know the name of the Qin family in the royal capital? That was the most prominent nobleman in the Great Qi State.

It can be said that if you fawn on the Qin family, you have boarded a broad road with a boundless future.

What's more, this time there are powerful Li family, Dan Ge and other forces backing, Captain Luo acted without any scruples at all.

Just kidding, there are so many big backstage, let alone a small family store, even if it is a rich store, it will move.

"Wow."

A member of the law enforcement team has already begun to smash the Zhang's plaque.

"Who dares to move my Zhang's shop."

Seeing that the law enforcement team was really doing it, Zhang Xi roared and brought many Zhang family disciples together to block the law enforcement team.

Their eyes were red, and their anger almost burst into flames.

However, the people around could not help shaking their heads and sighing.

"Why is this Zhang Family."

"I have offended the Li Family and Dan Ge, and I want to resist, but I can only find my way."

"With just the Zhang Family, I want to fight the law enforcement team. Isn't this looking for death?"

"Hey, Patriarch Zhang, do you want to resist the law with your own body? Haha, you can try it." Luo Ling couldn't help but smile when he saw it.

Just kidding, Luo Ling can be the captain of the law enforcement team, but he is not scared, what scene has not been seen?

"Patriarch Zhang, let me talk about the ugly things first. If anyone dares to obstruct my law enforcement team's law enforcement today, he will be taken directly to the royal jail, severely punished and not loaned.

With a wave of his hand, the law enforcement team behind Luo Ling swarmed up again, and Zhang Family couldn't resist it.

"Your Excellency is so majestic. People you know know that you are the law enforcement team of Fang City. I don't know, but where did you think the bandit and gangster came from?"

At this moment, a cold voice came from not far away, clearly in everyone's ears.

Everyone jumped in shock.

Who is this?

Dare to say that the law enforcement team, don't you die?

Turning his head, he saw a teenager walking out of the crowd.

This guy is so familiar!

Many people were startled when they saw Qin Chen.

This boy seems to have seen it somewhere.

"Where did the **** talk nonsense and take it for me."

Regardless of whether he was familiar or not, Luo Ling directly waved his big hand, and the two members of the law enforcement team rushed to Qin Chen with big hands.

However, as soon as the two big hands were about to fall, Qin Chen flashed cold light in his eyes and kicked out quickly.

With two "bangs", the two law enforcement team members screamed, how did they come, how did they fly back, fell heavily to the ground, and vomited blood.

This shocking scene stunned everyone present.

The law enforcement members of Fang City, although not the Imperial Guards, are also part of the city guards and are official personnel.

Normally, all shops in Fangshi, regardless of the backstage, must respect each other and speak politely.

But this kid, without saying anything, directly wounded people, is this too arrogant?

"Boy, how dare you do it?"

When Luo Ling saw it, he trembled with anger and stared at Qin Chen with an incredible expression.

"What's wrong with you? I'll beat anyone who dares to move Zhang's shop. If you are not convinced, you can come up and have a try."

Qin Chen showed cold light in his eyes.

"Reversed, reversed, really reversed."

Luo Ling turned pale with anger, and was about to speak, but when Qin Chen ignored him, he stared coldly at Qin Fen beside him.

"Qin Fen, I abolished your cultivation base. I didn't expect you to be so alive and kicking. It seems that I was too light to start. Why, Zhao Feng, that **** has no other way. He wants to come through a friend beside me. hit me?"

Seeing Qin Fen, Qin Chen also thoroughly understood.

Today's play is completely directed by the Qin family, obviously knowing that he hurt Qin Feng and wants revenge.

As for himself, now that the limelight is too high, and soon he will participate in the Five Nations Grand Tournament. Zhao Feng dare not know how to start, so he uses the people around him to retaliate against him.

"Master Qin...you...you know?"

Luo Ling's angry expression solidified at once, turned his head, and couldn't help looking at Qin Fen.

At the same time, the body shivered.

He couldn't know who Zhao Feng was. It was the mistress of the Qin family, the wife of An Pinghou, and the mother of Young Master Qin.

Such a character was actually called a **** by the other side.

My boy, what on earth is this kid?

For an instant, Luo Ling felt that he seemed to be walking into a whirlpool.

"Qin Chen!"

Seeing Qin Chen, Qin Fen's body shook, thinking of the unbearable past, a trace of fear flashed in his eyes, but shortly after, his eyes became gloomy, full of resentment, even resentment.

Gritting his teeth: "Qin Chen, what are you talking about, I don't understand? I came here today just to watch the excitement. The things here have nothing to do with my Qin family. It is this family that sells substandard pill. Illegal shops, law enforcement halls and Dan pavilions are to be demolished and banned in accordance with laws and regulations, but you have beaten law enforcement officers in Fang City. I am afraid that you have violated imperial laws."

Chapter 244

Qin Fen knew that Qin Chen could hurt even his eldest brother, and he was definitely not an opponent.

Today, he came here, not to act hard, but to impose sanctions on the Zhang Family through administrative means to attack Qin Chen from the side.

Now it seems that this step is the right one. As soon as Qin Chen came up, he dared to beat the law enforcement team members regardless of the reason. Obviously, Ni Lin was found.

"It's him, Qin Chen from the Qin family."

"This time the candidates from the Five Nations Grand Competition."

"It turned out to be him, how come I am so familiar."

At this time, many people around also recognized Qin Chen's identity and were extremely excited.

No wonder, how could the people from the Fang City Law Enforcement Team uncharacteristically demolish the Zhangjia store this time.

In the history of Fangshi, although there have been illegal shops, it was the first time that shops were demolished directly.

There must be some reason for this.

Seeing the confrontation between Qin Fen and Qin Chen, everyone suddenly understood that this was the conflict between the Li family and the Zhang family, it was clearly a conflict between the Qin family and Qin Chen.

"I remember, the Zhang Xi Patriarch seems to have a son, Zhang Ying, who has a good relationship with Qin Chen. Could it be that the Qin Family's purpose of attacking the Zhang Family is because of this?"

"Probably, who is Qin Chen? The big red man in the capital city, a seeded player who will go to Gunan to participate in the second round of the Five Nations Grand Tournament in a month, the Qin family dare not move him, so he can only move from his friends. get up."

"I heard that this time the Five Nations Grand Tournament, many disciples were able to enter the second round of the competition because of Qin Chen, but Qin Feng of the Qin family. When he was in the Demon Ancestral Mountains, he had a conflict with Qin Chen and almost harmed him. Kill the other person."

"Tsk tsk, this Qin family is clearly a pair of geniuses, but it just makes life and death relative, I really don't understand."

There are discussions everywhere, disturbing, and very lively.

The Zhang family was also dumbfounded.

After doing it for a long time, the reason was actually with Qin Chen, no wonder they couldn't understand what they thought before.

"Patriarch, I said, we and the Li family have never conflicted. How could we suddenly cut off our cooperation? It turns out that it was because of Qin Chen that our Zhang family suffered unreasonable disasters, and it was too wrong."

A Zhang family manager couldn't help but mutter.

"Yeah, since it's not our problem, can we make a difference? After all, it is Qin Chen that the Li family has to deal with, not us."

"I think it's a feasible solution. Look at Qin Chen, as soon as he came up, he beat the law enforcement officers of Fang City. Then, how will our Zhang family get involved in the king's capital in the future? I am afraid that we can only get through with Qin Chen. This time it's difficult."

Some members of the Zhang family couldn't help but speak.

"Shut up all to me." Turning his head, Zhang Xi screamed, her eyes dissatisfied.

"Look at you, it's just a little crisis. What happened to each one?"

Zhang Xi's eyes were filled with anger.

"What do we rely on for the Zhang family to stand up as the royal capital? Let us fall into the trap, do you think, even if we overcome this difficult situation, how will our Zhang family remain in the royal capital and how will others think of us?"

"What's more, if it wasn't for the dust, Zhang Ying would have today? I don't care what others do. Our Zhang family will never do this kind of detrimental activities."

Zhang Xi is angry.

However, after encountering some difficulties, someone proposed such an idea, which really made him chill.

"The Patriarch is right. You think that if you put aside the relationship with Chen Shao, the Li family can let us go. It's too naive."

"The Li family bullied us today. If we still swallow our anger, even betray Chen Shao, are we still human?"

There are also many Zhang family members who are full of energy and support Zhang Xi.

"Okay, don't need to say anything. I don't believe that if I listen to Shao Chen's orders, I don't believe that the Qin family can cover the sky in this king's capital. Besides, it's a big deal. My Zhang family has lost the market for elixirs. Don't we sell elixirs? Is the Zhang family starving to death?"

With a wave of his hand, Zhang Xi made the final decision.

There was a discussion here, and on the other side, Luo Ling also gave it up.

He knew that he had already boarded the Qin family's ship, and it was impossible for him to quit. The only thing he could do was to go all the way to the end.

Besides, this Qin Chen is only a genius at best, and the Qin family, that is the king of the king, not to mention, there are also giants like the Li family and Dange. It is clear at a glance how to choose.

"Qin Chen, you have severely violated the laws of the empire by assaulting public officials in the capital city in the street. I urge you to be obediently arrested, don't resist, go to the city guards to clarify the situation, otherwise, the crime will be aggravated and you will never be lenient. ."

With a shout, Luo Ling took many law enforcement team members and wrapped Qin Chen in it.

"Huh, why is it so lively here?"

At this time, two young princes, with their subordinates, squeezed into the crowd.

Seeing the two, the crowd stepped away.

The visitors were Lian Peng, the young master of Bai Jianmen, and Ge Family Gezhou.

Seeing the situation in the field, both eyes brightened.

what happened? How could Qin Chen be surrounded by people from the law enforcement team of Fang City? Isn't it about to get started?

The two of them had been severely taught by Qin Chen, but now that they saw Qin Chen deflated, they were naturally extremely excited, and they asked the surroundings about the situation.

"This Qin Chen also has today?"

"Hey, there is a good show to watch now."

After learning what happened, the two of them had a complete orgasm, their eyes glowing, and they huddled in the front of the crowd, watching the excitement.

"Breaching the laws of the Empire? Your law enforcement team, indiscriminately, dismantled the shops wantonly. I think, suspected of violating the law, you are the ones who violated the law?"

Seeing Luo Ling and the others who surrounded him, Qin Chen looked disdainful and sneered again and again.

"Illegal law enforcement is ridiculous." Luo Ling snorted: "Our law enforcement team received reports from the masses, and two alchemy masters in the alchemy pavilion testified for us that Zhang's elixir was an unqualified elixir. This action is legal and compliant, I see your Excellency, so don't let it go."

"Yes, after our Dange's audit, Zhang's pill is a substandard product, and after discussion, our Dange decided to block any of Zhang's medicinal materials and pill. From now on, as long as I find any The family and Zhang's family are engaged in the business of pill and medicinal materials. Our Dange will impose sanctions on them and cancel any cooperation with the family."

Taking a few steps forward, Mu Xun's manager looked proud and issued sanctions to the Zhang family.

As soon as these words came out, the entire square seemed to have been detonated and burst into flames.

All the merchants in Fang City know that the main reason why the Zhang family can stand in Fang City and become a great family in the royal capital is that it grows medicinal materials and sells them to Dan Pavilion. At the same time, they obtain medicinal pills from the Li family. To sell.

Chapter 245

It can be said that Zhang Family was able to get up completely because of the digestion of its medicinal materials by Dan Pavilion.

But now, Dan Ge has banned the Zhang Family and strictly forbids any forces to trade with him.

This clearly cut off the Zhang family's back path and did not give the other party any chance.

What power is Dange? It is second to none in the entire Tianwu Continent, and it is also one of the top forces in the King Capital of Daqi.

He wants to block the Zhang family, and the entire Great Qi country will not have any power, and dare to cooperate with it.

With the decline of the Zhang family, naturally there is no room for maneuver.

As soon as Mu Xun was in charge of this, not only the public was a sensation, but the expressions of everyone in the Zhang family also changed.

Zhang Xi hissed and asked, "Mu Xun is in charge, we and Dange have no conflict of interest, right? Is it really that awesome?"

By doing this, Dan Ge was driving the Zhang family to a dead end.

Mu Xun said indifferently: "A person who knows the current affairs is a brilliant person. If you are to blame, you will blame the Zhang family for walking too close to some people. I give you a piece of advice. Some people don't respect etiquette and filial piety. No matter how genius is, it is just a despicable person. If your Zhang family is close to him, even if my Dange does not impose sanctions, sooner or later, there will be a little bit, and it will be destroyed by other forces."

As soon as these words came out, everyone couldn't help but look at Qin Chen.

This is a piece of advice to the Zhang family, it is clearly a threat and intimidation.

And the meaning is very obvious, the so-called certain people directly refer to Qin Chen.

Does Dan Ge want to do something against Qin Chen?

At this moment, everyone was shocked and could not calm down.

Qin Chen has been optimistic about many people's rise along the way, but he also faces suppression by many forces.

Among them, the largest one is the Qin family.

The reason why Qin Chen lived to this day was nothing more than the support of Dean Chu of the Tianxing Academy, Master Liang Yu of Qidian, and Wangye Kang.

However, once Dange joined, the situation immediately changed.

What power is Dan Pavilion? It's not an ordinary giant like the Li family.

No matter how big the business is, the giants like the Li family have limited influence on the imperial family and high-level officials of the Great Qi State.

But Dange is different.

Just like the top powers such as the Bloodline Holy Land and the Hall of Instruments, as long as he said a word, the entire Great Qi Kingdom would tremble three times, shaking for it.

It can be said that if Dan Ge really wants to punish Qin Chen, even if Qin Chen is genius, it will be difficult to survive.

Suddenly, the crowd was in an uproar, like a frying pan.

"It's over, offend Pill Pavilion, even with Dean Chu and others as security, Qin Chen will be very sad."

"How did he offend Dan Ge? It's too reckless."

"The combination of the Qin family and the Dange is a major event, and the structure of the entire princely capital may even change due to this."

While everyone was discussing, Qin Chen's expression remained unchanged, just looking at Mu Xun lightly: "Are you finished?"

Everyone was taken aback, why didn't Qin Chen see any fear on his face?

"What do you want to say?"

Mu Xun frowned.

Attracted everyone to stare, wanting to see what Qin Chen was going to say.

"I want to say, what do you deserve to represent Dan Pavilion?"

Qin Chen sneered.

"My day!"

Everyone was dumbfounded when he said this, and they were almost crazy.

The Zhang Family Patriarch and others were also staggered, almost biting off their tongues, wishing to turn around and run away.

I thought Qin Chen would say something, but he didn't expect that he would directly insult him.

What are you

This is the person in charge of Tangtang Dangefang City Headquarters, the first-grade pharmacist and Mu Xun in charge.

Normally, among all the powers related to the pill, which one should not look at the other side's face?

Among other things, just the distribution of the Pill Pavilion was decided by this person alone, and there were countless families who needed to visit him every day.

In addition, Pill Pavilion also governs the rank identification of alchemists throughout the Great Qi Kingdom.

Regardless of whether it is a casual pharmacist, a pharmacist supported by a family, or a pharmacist trained in Jubaolou, when you need to determine the rank, you need to pass the Dange appraisal.

In this regard, even the royal alchemist has no privilege.

This shows that Dange's power is great.

But Qin Chen did it well and directly verbally abused the person in charge of Dangefang City Headquarters.

This is not incapable of speaking, but a problem with the brain.

These people were terrified and shocked, but Qin Fen, Ge Zhou and others were overjoyed.

Especially Qin Fen, his body was shaking with excitement.

This time, through the relationship between the Zhao family and the Li family, they brought in Dange's Mu Xun manager and banned the Zhang family.

In fact, the Qin family didn't have a deep relationship with the Dan Pavilion, and couldn't command the Dan Pavilion at all.

It is almost impossible for Dan Pavilion to suppress Qin Chen.

But now, Qin Chen offended Mu Xun's stewardship so much, no matter where they need to speak from the Qin family, Dan Ge himself would not tolerate Qin Chen's continued arrogance.

"You...you...so bold."

Sure enough, Qin Chen's voice fell, and Mu Xun was taken aback for a moment, and then immediately trembling with anger.

The murderous intent all over his body poured out like the substance, and was severely suppressed on Qin Chen.

"Smelly boy, you dare to insult the old man, thinking you are a genius, but my Dange can't punish you? You wait for me, the old man will immediately report to the Dange high-level, asking the royal family of Qi to cancel your five-nation contest. The qualifications will put you directly in prison and severely punished."

Mu Xun was so angry that he grew up so old that it was the first time he was scolded by a teenager pointing his nose, and he was still in front of so many people in Fangshi.

If he doesn't find his place back, how can he meet people in Fangshi in the future?

When this word fell, the audience was in an uproar.

This is the rhythm that is about to change.

This Qin Chen was indeed too arrogant, thinking that he would be lawless after participating in the Five Nations Grand Competition.

With the power of Dan Pavilion, he really wanted to speak to the imperial family of the Great Qi Kingdom. Maybe the imperial family of the Great Qi Kingdom really couldn't stand the pressure and would disqualify Qin Chen from the competition.

When everyone was shocked and unable to calm down, a shrill roar suddenly rang out of the crowd.

"Mu Xun, you bastard, who the **** gave you the power to represent Dan Pavilion?"

Under the roar of anger, the crowd commotion at the scene, and immediately the crowd dispersed, and a group of people squeezed in angrily from behind.

"Master Liu Guang!"

Seeing the visitor, he was also arrogant and arrogant before, and Mu Xun, the boss of the world, was immediately stunned.

I wondered, why did Master Liu Guang come? Just wanted to explain...

"Snapped!"

What a big ear hook, slapped Mu Xun manager's face fiercely, and flew him a few meters away, lying on the ground like a dead dog.

"Dog-like things are here to show off their power, block the Zhang family, and deal with Shao Chen. Have you and I filed for approval?"

"There is a foreign affairs hall in charge, what the **** do you have to represent Dan Pavilion and block dust?"

"If you don't want to be your manager, but you are a dog of the Li family and Qin family, you still deserve to be my Dange's manager?"

"You still want to kill Chen Shao, and want to speak to the royal family? Are you worthy of the damn? I yeah, I now tell you clearly, you Mu Xun was expelled from the Dan Pavilion by my Liu Guang."

"From now on, you are no longer in charge of my Dange, and you have no right to make any decisions on my Dange's behalf!"

"roll!"

Master Liu Guang's eruption was like a landslide, a volcanic eruption, and everyone present was stunned. They were all frantic for an instant, and they didn't know what happened.

Chapter 246

Quiet!

Deathly silence!

at this time.

In the whole field, there was no sound, everyone's eyes widened, almost crazy.

Mu Xun, who was still awe-inspiring in the past, is now lying on the ground like a dog. He covers his face and is also shocked.

The Zhang family, Li family, Qin family, Lian Peng, Gezhou, and many people present were also confused.

what's the problem?

Many people present, although they did not know Liu Guang, could tell from the pharmacist robe on Liu Guang that this person was a second-grade pharmacist, obviously a high-ranking alchemist.

But just now, when Mr. Mu Xun announced that he would ban the Zhang family to deal with Qin Chen, the master Liu Guang rushed in, slapped Mr. Mu Xun away and removed him from the Dan Pavilion.

What does this show? ?

Obviously, Mu Xun's decision to manage affairs was not a decision made by Dan Pavilion.

Moreover, under normal circumstances, even if Mr. Mu Xun's manager said something wrong, there is no need to expel him without giving face.

Obviously, this matter is not just a matter of Dange's decision, but a completely different decision from Dange's internal decision.

And what shocked people even more was that Liu Guang's name had a little dust.

Who is this little dust?

Everyone looked left and right, among so many people present, there was only one who could be called Cheng Chen Shao, and that was Qin Chen.

Could it be that between Qin Chen and Master Liu Guang, is there any relationship that everyone does not know about?

Everyone couldn't help but wonder.

Others wondered, but the members of the Li family were panicked.

Master Mu Xun, they invited from the shop in Dangefang City, and they have always been the backer of their shop and the object of the transaction. Now that Master Mu Xun has been slapped to the ground, how can he not be surprised at this time in the hearts of the Li family.

They all turned their eyes to Li Xun, who is also the alchemist in the alchemy pavilion, and the one who was able to talk with this Liu Guang was also Elder Li Xun.

"Master Liu Guang..."

Unable to help, Li Xun stepped forward and spoke anxiously, trying to figure out the situation.

Unexpectedly, before he could say something, Liu Guang had already looked at him coldly.

"Li Xun, you are a pharmacist in the medicine refining hall. Why are you doing medicine here?"

"I....."

The voice choked, seeing Liu Guang's almost murderous gaze, Li Xun couldn't say the rest of the sentence.

"I remember, you and Dan Ge still have two years of agreement? Chen Mu..." Turning his head, Liu Guang shouted.

"Yes, Master Liu Guang."

Chen Mu stepped forward.

"Immediately terminate the agreement with Li Xun's pharmacist. From today onwards, Li Xun is no longer a full-time pharmacist in my Dange. Besides, let me check it out. At the time, Li Xun assessed the images and materials of the first-class pharmacist. , See if there is any problem, my alchemist, can't let some false alchemists use them to replenish their numbers, be deceived outside, and ruin my alchemy's reputation."

"Yes." Chen Mu nodded.

opposite.

After shaking his body, Li Xun's face turned pale and he almost cried.

Master Liu Guang wanted to expel him from the alchemy pavilion. Not only would he expel him from the alchemy pavilion, he had to do everything possible to deprive him of his identity as a pharmacist.

If other pharmacists say this, he may not care, but who is Master Liu Guang? He is not only the second-rank alchemist of the pill pavilion, but also a cron of the lord Xiao Ya pavilion, and the person in charge of the pill pavilion's internal affairs.

"Master Liu Guang."

The corners of his mouth trembled, two steps forward, Li Xun wanted to ask for mercy.

Without waiting for him to speak, Liu Guangyi frowned: "The law enforcement hall, don't take him away for me. Investigate and investigate to see if this person has violated the rules in my Dange over the years. Once discovered, he will not be severely punished. loan."

"Yes!"

The Dange Law Enforcement Hall staff had long ago stepped forward and erected Li Xun.

Li Xun's legs softened, but he didn't even dare to resist. He was abruptly led by two people behind him.

"And this guy, also take it away, lying here, embarrassing."

Liu Guangyi pointed to Mu Xun, and the other two law enforcement cousins, dragged him like a dead dog and pulled him behind.

"Master Qin, hurry up and beg for my elder Li Xun."

Seeing this, Li Tiancheng looked terrified and hurriedly asked Qin Fen for help.

Elder Li Xun is the backer of their Li family in Dange. Once Elder Li Xun has an accident, how can they do business with Dange in the future? The whole family, I am afraid it will collapse.

With a pale face, Qin Fen also saw that something was wrong, and was anxious to turn around and leave here.

But Li Tiancheng asked for help, and he couldn't ignore it.

After all, yesterday, the two sides just reached a cooperation.

After hesitating, Qin Fen took two steps forward and said, "Master Liu Guang, I don't know what mistakes Master Li Xun and Mu Xun made, how did the masters get angry? No matter how they are, they are also alchemists in the alchemy. , There should be no betrayal of Dan Pavilion. Please also Master Liu Guang to think about it!"

Although the other party is a second-rank alchemist, he is also a disciple of the Qin family, the grandson of King Dingwu, and the son of Anpinghou. He claims to be in the royal capital and has some face.

As long as he intercedes, the other party may sell him a face and let Li Xun and Mu Xun make a living.

Seeing Qin Fen speak, his face was gray and desperate, Li Xun and Mu Xun were desperate, and hope suddenly appeared in their eyes.

Master Qin interceded, and things might turn around.

"Presumptuous, what are you doing? I'm dealing with Dange's internal affairs, so you can intervene?"

Liu Guangyi frowned, squinting at Qin Fen.

What is it, did you talk to this guy?

"I....."

Qin Fen's voice choked, as if he had eaten flies, his face was ugly, and he almost vomited blood.

"I am Qin Fen, the second son of Anping Hou."

Holding back his anger, Qin Fen calmed down and said.

"Oh, it turned out to be the second son of Anping Hou!"

Liu Guang nodded, his expression relaxed.

Qin Fen was overjoyed. It seemed that there was a play, and he secretly cursed himself for being too stupid. He hadn't come up before and introduced himself to such an ugly appearance.

As soon as I was about to say something, I saw Liu Guang raised his eyebrows and sneered: "But a waste with broken meridians is also worthy to speak in front of me. If you don't take a **** to take pictures of yourself, you are the one who dare to intercede with the old man. I don't know how high the sky is. Even if your father is waiting in front of me, he wouldn't dare to say this, what are you? Go away! You **** son, I think it's shit!"

Liu Guang's scolding made everyone present stunned, everyone was stunned, unable to believe their ears.

Is this really the alchemist master of the pill pavilion? No matter how you look at it, she looks like a shrew.

I even talked about eating shit...

No one would be surprised if these words were spoken from a shrew, but if they were spoken from a master alchemist in the alchemy pavilion, it would feel uncomfortable and awkward no matter what.

Chapter 247

"you....."

The most annoying was Qin Fen, shaking his body, unable to speak for a long time, his face flushed, and he almost spewed a mouthful of old blood.

He couldn't help but his expression sank: "Although your Excellency is a pill alchemist, he doesn't give me the face of the Qin family, right? My father is Daqi Guoan, Minister of State, if you say so, you are not afraid to anger me. Qin family!"

He was scolded, it didn't matter, but he couldn't bear to be scolded with his father.

"Why?" Liu Guang's face suddenly became gloomy, and he shot two cold lights like swords: "You threaten me? You threaten a second-grade alchemist? If there is a kind, you can say it again, just rely on what you just said. Then, believe it or not, I'll let your head fall! Return to the Qin family, I oh, what kind of stuff the Qin family has, let Anpinghou come to Dange to find me personally!"

As soon as Liu Guang became angry, Qin Fen's expression suddenly changed, and he wanted to slap himself severely.

The mouth is cheap, it's too cheap. The alchemist and the bloodline master are **** lunatics, and they are fighting with them. Isn't this a proper scolding?

"good very good."

Staring at Liu Guang, Qin Fen trembled with anger.

"Fucking dare to stare at me."

With a backhand slap, Qin Fen was slapped to the ground, spitting out blood.

"Be presumptuous again in front of me, the old man slapped you to death."

Liu Guang looked disdainful.

What the hell!

This slap made everyone on the side dumbfounded.

They were stunned.

The two sons of Anpinghou were directly fanned out, which is too amazing.

On the contrary, many Dange personnel who followed Liu Guang were expressionless, and they looked like they were used to them. On the contrary, they were quite disdainful of everyone's expressions.

I have never seen the world. A small child of the Qin family dared to be arrogant in front of Master Liu Guang, and did not inquire who Master Liu Guang was.

Master Liu Guang, with a grumpy temper, gave the nickname Iron-faced Thunder Lord in the Dan Pavilion. Even if a first-grade alchemist saw him, he would not dare to breathe. A young master of the Qin family would dare to be so presumptuous.

"Master."

The two Qin family guards who followed came back to their senses and rushed up to help Qin Fen.

The two looked trembling, waiting for Qin Chen's order.

"Hurry up and help me back."

Spitting out a broken tooth, Qin Fen didn't even dare to look at Liu Guang. He felt ashamed and angry, and he wanted to find a place to sew in.

At this point, what can he say?

This is no longer something his little disciple of the Qin family can decide. He must go back and report to his father and mother before he can make a decision.

"Master Qin...Master Qin...you can't go."

Seeing Qin Fen was leaving, the Li family quit.

This time he left, the Qin family was fine, but his Li family was about to end. This incident was instigated by Mrs. Qin's natal Zhao family.

But no matter how Li Tiancheng shouted, Qin Fen disappeared into the crowd without looking back.

"It's over!"

Li Tiancheng sat on the ground with a black eye.

"Pump!"

On the other side, Mu Xun and Li Xun also rolled their eyes and passed out directly.

"Team... Captain... what shall we do now?"

A member of the Fangshi law enforcement team couldn't help but ask tremblingly.

"You ask me, how do I know."

Luo Ling, who was still very arrogant and majestic, was crying at this moment, half to death in his heart, almost crying.

I thought that this time the Qin family, Dange, and Li family were backed up and came out to block the Zhang family. It was easy to make a fortune, but you could change your personal affection.

But who knows, the painting style has changed suddenly, in the blink of an eye, the two masters of the Dan Pavilion were taken, the Qin family master was beaten, and the Li family did not dare to speak at all.

He wanted to step forward to intercede, but when he saw Qin Fen being beaten directly, he was so scared that he didn't even have the courage to step forward. He just stepped aside, shaking violently.

It's over.

He knew that this time, he had hit the iron plate, maybe even his hat would be taken off.

I was thinking about...

"Less dust."

Seeing Liu Guang, who was still awe-inspiring and pale, suddenly his face changed, and he walked quickly to Qin Chen's side and said apologetically: "I just learned about the things here. I didn't expect this to happen. , I'm all to blame for this matter. I didn't manage the Pill Pavilion well, so you got angry with Little Chen."

Since that time of refining, Liu Guang was convinced of Qin Chen, full of respect.

He has a bad temper, but one is one, and the other is good. He is willing to convince someone who is better than himself in refining medicine, rather than someone whose attitude changes due to his identity.

"Master Liu Guang, this matter has nothing to do with you. I would like to thank you for your help."

Knowing that it was nothing to do with Master Liu Guang, Qin Chen would naturally not be angry with him.

"Less dust."

"father."

At this time, behind Master Liu Guang, Zhang Ying and Zhang Fei also ran out.

"This is Master Liu Guang from Dan Pavilion and Shao Chen's friend."

When he came to Zhang Xi, Zhang Ying introduced him.

"Master Liu Guang..."

Zhang Xi stepped forward, looking terrified, just about to salute.

"Haha, this is the Patriarch of the Zhang Family, right? My name has been admired for a long time..."

Two steps forward, Liu Guang had already held Zhang Xi's hand, shaking it vigorously, with great enthusiasm.

A stagger, Zhang Xi was held by Liu Guang, and he didn't know what was going on.

Long admiring the name, what a joke!

You are a dignified pill pavilion second-tier alchemist. I am just the head of a small family in the capital. I usually go to pill pavilion in the pill pavilion, and it is very difficult to even see a person in charge of you. what!

Although I was speechless in my heart, I also knew that Liu Guang was so enthusiastic about him, not because of his Zhang family, but because of his shameless face.

Thinking of this, Zhang Xi couldn't help but sigh.

Looking at Xiao Chen, at a young age, he possesses such energy, even the second-rank alchemist master of the Pill Pavilion is respectful, saying that he is a dragon and a phoenix among people, and it is not an exaggeration.

Fortunately, the will was not wavered just now, and he stood firmly on Shao Chen's side, otherwise, there would still be things now.

As for those members of the Zhang family who secretly said that they would break away from Qin Chen, their faces flushed with shame, and they couldn't even lift their heads.

"Master Liu Guang, just now Mu Xun, the manager of your alchemy pavilion, has announced that the Zhang family will be banned and will no longer accept medicinal materials provided by the Zhang family, and will no longer cooperate with the Zhang family in elixir. I wonder what you think?

"Haha, Shao Chen laughed." On the way, Liu Guang had already figured out the relationship between the Li family, Zhang family, and Dan Ge. He glanced at Mu Xun who was paralyzed behind him, and said with disdain, "What is he Mu Xun? Things, if you say it, it's pure fart. Zhang's medicinal materials have always been the best batch of the many medicinal materials supplied to Dange. How can my Dange break off cooperation with it? In this way, from now on, as long as it is Zhang's medicinal materials, and my Dange accepts them all, and the price will be 20% higher than the market price."

"In addition, my Dange severed all cooperation with the Li family, and the Li family was blacklisted by my Dange. Any power or family that had business dealings with the Li family would never want to take it from my Dange. To a pill, sell a medicinal plant."

Chapter 248 Special Shop

boom!

As soon as this was said, the whole scene boiled.

Zhang Family is going to post this.

As long as it is the Zhang family's medicinal materials, they will be purchased at a price that is 20% higher than the market price. In this way, the Zhang family's want to rise is basically a matter of minutes.

From now on, who wouldn't want to do business with the Zhang family, as long as they are good medicinal materials, they must be sold to the Zhang family.

When Li Tiancheng heard this, his head tilted and his eyes whitened, and he passed out.

"Patriarch, Patriarch."

A group of people hurriedly stepped forward for treatment, one by one, feeling sad and sad.

Seeing the Li family in a mess, everyone couldn't help but sigh.

I have to say that this time the Li family shot himself in the foot.

Originally, the Li family could become the king's wealthy, relying on that is Dan Pavilion.

But now, Dan Ge not only stopped cooperating with it, but also wanted to block all the forces that cooperated with it. In this way, who would dare to cooperate with the Li family.

Decline is also to be expected.

"Master Liu Guang, thank you so much."

"Thank you so much."

Everyone in the Zhang family was extremely excited, and bowed again and again to the people of Dan Pavilion.

This disaster turned out to be a good thing.

This was what they had never expected before.

"A few of you don't need to be too excited." Liu Guang helped Zhang Xi with a smile: "In addition to working with your Zhang family's medicinal materials, my Dange is also planning to set Zhang's family as a special store. You can get any kind of pill from our Dange for sale without anybody. Among them, the second-grade special effect Zhenqi pill. We are going to have a fixed-point cooperation with your Zhang family. Hope your Zhang family can As an external channel, we will vigorously promote the special effects Zhenqi Dan."

Boom!

Speaking of this sentence, it was as if a blockbuster had been dropped in the crowd, and everyone was bewildered.

my God.

The Zhang family is not only going to post, but also going to the sky!

Nowadays, the hottest pill is the special effect Zhenqi pill, which can be described as priceless.

At present, the only thing that can be purchased is Dange's own shop, and an appointment is required. As for the external channels, they are very scarce, and they are basically small and small.

But now, the cooperation with the Zhang family has been opened up, and it must be promoted as an external channel.

In this way, I am afraid that Zhang Family will be broken through the threshold by many pill merchants instantly and become the upstart of the entire Great Qi State!

"This... is this true?"

Zhang Xi was dizzy, with an unbelievable expression, and felt that she was passing out.

Becoming a special store of Dange, this is something that many pill family dreamed of, this big pie actually fell on his Zhang family's head.

It feels like a dream no matter how.

After pinching herself hard, Zhang Xi grinned in pain. This was not a dream!

As for the other members of the Zhang family, they were all dizzy. They were hit by happiness, and they couldn't help themselves.

"Naturally it is true, Chen Mu, from now on, you will be responsible for the connection with the Zhang family."

Seeing Zhang's performance, Liu Guang couldn't laugh or cry.

However, since he made such a decision, he also had his own plan.

After all, the Li family monopolized 50% of the Dange's low-end medicinal materials, and rushing to block it would definitely have a certain impact on the Dange. The purpose of supporting the Zhang family was to let the Zhang family replace the Li family.

Previously, the price of medicinal materials alone could not allow all the medicinal material dealers in Daqi to actively cooperate with the Zhang family. If such a special sales right is added, the Zhang family will probably be able to eat what the Li family used to eat without much effort. market.

Moreover, at this time, Liu Guang also considered this decision.

In the past, Dange did not have a top-notch product and monopolized the market in Qiguo, relying only on the sales of high-end pills.

But high-end medicinal pills do not produce energy after all.

But now, as soon as Qin Chen's special effect Zhenqi Pill came out, in just half a month, there was already a tendency to sweep the entire Qi State.

It can be said that all the major medicinal material merchants and pill medicine merchants in the Great Qi State are all fond of the Dange and can't wait to cooperate with the Dange.

Dan Ge's ban on the Li family would not have much impact.

The most critical among them, Liu Guang also has the idea of using Zhang's family to open up the overseas market of Daqi.

The effect of the special effect Zhenqi Pill is so good, and the popularity is so popular. It will not be long before it will be able to get out of the Great Qi State and sweep the entire Northwestern five countries market.

But Dange, as an official organization, cannot sell Zhenqi Dan to other countries. After all, every country has Dange and has regional protection.

But the Zhang family is different.

As an external channel, the Zhang family can completely help Dange to enter other markets in the five northwestern countries, engage in commercial competition, and obtain a lot of benefits.

Of course, there is another most important reason.

It was to make friends with Qin Chen.

The special-effect Zhenqi pill prescription was provided by Qin Chen, and the Zhang family and Chen Shao had a good relationship. To give this special right to the Zhang family was not a matter of killing two birds with one stone.

After discovering that it was not a dream, the Zhang family was ecstatic and excited, and attracted the envy of countless people around.

"Little dust, what else do you have?"

After dealing with the matter here, Liu Guang smiled and looked at Qin Chen: "My Lord, I still want to communicate with Shao Chen."

"It's okay, just right, I want to go to Dan Pavilion, let's go together."

Originally, Qin Chen wanted to go to the Pill Pavilion to prepare the spiritual marrow crystal medicinal solution for Lin Tian and Zhang Ying, but it was delayed by the Zhang family's affairs.

Immediately, a group of people walked out.

"Ok?"

Halfway through, Qin Chen stopped suddenly and looked at the crowd.

Frowning: "Why are you two here?"

"Dust...less dust, it's none of our business, the two of us are just watching the excitement."

Backing away, Ge Zhou and Lian Peng, who had wanted to squeeze into the crowd, said with sad faces.

Originally, the two of them were here to see how Qin Chen was repaired, but they didn't expect that things changed so suddenly that they suddenly became panicked.

The other party is someone who even Qin Fen dared to give up. Don't be angry and anger on them.

"Watching the fun? I forgot. You two still owe me a lot of money. Thanks to you two for reminding me. Don't worry, you will go to your family to ask for debts after I finish things. So anxious."

With a slight smile, Qin Chen turned around and left with Liu Guang and others.

"I...day!"

An **** popped out, Ge Zhou and Lian Peng were almost crying.

I really just watched the excitement.

At this moment, the two of them even split their hearts. Why are they so cheap? They have to look at the excitement. Now it's better. The excitement is not regarded as the excitement, but instead they plunged themselves into it.

Why is it so unlucky.

Weeping and crying, the two of them could only involve the anger on Qin Fen. The Qin family, it's easy to provoke Qin Chen, you can provoke you!

Chapter 249

After Qin Chen and the others left, the farce in Fang City finally ended.

Some people onlookers also left one after another.

Captain Luo and the others, who only left the law enforcement team, looked dumbfounded, but no one paid any attention to them.

"Captain, what should we do now?"

Trembling, a team member asked carefully.

"What else can I do? Withdraw quickly."

Even Master Qin had been beaten, and the Li family had already fallen. Now the Zhang family was the biggest gainer, and it was ashamed that they continued to stay.

Let them demolish Zhang's shop, even if they borrow ten more courage, they dare not.

People came arrogantly all the way, but at this moment they could only leave in despair.

Watching Luo Ling and the others leave, Zhang Xi couldn't help but flash in his eyes.

If it weren't for Chen Shao's move today, their Zhang family store would really be demolished.

"Patriarch Zhang can rest assured that Master Liu Guang will not let this law enforcement team feel better."

A Dan Ge manager who had been in Fang City to transfer to the Zhang family couldn't help but smile when he saw this.

Master Liu Guang's temper, he couldn't be more clear. He is definitely a person who is hateful and hateful. How can he let the group of law enforcement team leave safely? Next, there will definitely be late moves waiting for them.

Imagining the miserable end of a few people next, this steward could not help but feel silent for them.

Back to Dan Pavilion.

The Lord Xiao Ya, who received the news, stood at the door to greet him.

"Little dust, long time no see, first congratulations on your qualification for the second round of the five-nation contest."

With a sweet smile, Xiao Ya's face is full of charm, and her fresh and refined face gives a strong visual shock.

"Who is this sister, so beautiful."

Zhang Ying's eyes lit up and she was completely fascinated. His squinted eyes were bent, only the halazi did not flow down.

Lin Tian on the side was also a dazzle in front of him, and his spirit was shocked before he came back to his senses, secretly surprised.

"Giggle, sister? This little brother, really funny, little dust, is this your friend?"

Xiao Ya looked at Zhang Ying and giggled. After feeling his cultivation, her eyes flashed: "Hey, this little brother, it seems that he is very talented. He is so young. It's really impressive to be a strong player in the late stage."

"Hey hey, sister, then I have to say, who is Zhang Ying, who is a top genius in case, if it weren't for this time, I couldn't participate in the Five Nations Grand Competition, otherwise the runner-up of the Five Nations Grand Competition, definitely It's me."

Zhang Ying shy face, without any embarrassment, said loudly in front of everyone.

"Ya... runner-up?" Xiao Ya's eyes widened.

Others also looked puzzled.

Why is the runner-up?

"Ahem." With a dry cough, Zhang Ying scratched his head and smiled: "This champion must be the one with less dust. I'm Zhang Ying. It's almost enough to get a runner-up."

Puff!

Everyone smiled and looked at Qin Chen, only thinking that this hero was a treasure.

"Pavilion Master Xiao, this is Zhang Ying, this is Lin Tian, both of whom are my friends." Qin Chen introduced with a smile.

"Gu... Pavilion Master?"

This time, it was Zhang Ying and Lin Tian's turn to be surprised. Unexpectedly, such a big beauty turned out to be the pavilion master of Dan Pavilion.

Moreover, she is so familiar with Shao Chen, Shao Chen is simply too awesome.

It's no wonder that Dan Pavilion was so surpassing Zhang Family.

However, thinking that she had molested the other party just now, Zhang Ying burst into cold sweat behind her back.

Their Zhang family just got in touch with Dan Ge. If the other party gets angry and cuts off cooperation with them, then his father must break his legs.

"Ahem, Pavilion Master Xiao, I just enlivened the atmosphere just now, ha ha, ha ha ha, there is no offense, your lord has a lot, don't mind."

Zhang Ying's legs were weak, and her face was sad.

"Don't worry, I will mind."

Xiao Ya pursed her lips and smiled.

The eyes flashed across Zhang Ying and Lin Tian, both secretly shocked.

How terrible her vision is, how can she not see the specialness of Zhang Ying and Lin Tian.

Not only are these two young people, their cultivation bases have reached the late predicate level, and they all possess an extraordinary aura. This aura is very terrifying. Even she, a profound-level martial artist, feels different. general.

"What kind of techniques do they both practice?"

Xiao Ya was shocked in her heart and looked at Qin Chen. She could guess that Zhang Ying and Lin Tian were terrible and definitely could not get rid of Qin Chen.

On the side, Zhang Ying was completely stunned, her expression was about to cry.

Let your mouth be cheap and dare to molest the pavilion master of Dan Pavilion.

But think about it, even if the other party is not the pavilion master of Pill Pavilion, she is also a woman with less dust, can she molest herself?

"Little dust, you intercede with me. I will never dared to molest your woman anymore."

Small steps moved to Qin Chen's side, Zhang Ying leaned to Qin Chen's ear and whispered.

He thought that his voice was very small, but Xiao Ya suddenly heard Zhang Ying's words clearly because of his cultivation and mental strength.

"Little bastard, what are you talking about?"

Feng glared, murderous lingering.

"Nothing, I didn't say anything."

Zhang Ying shuddered and suddenly felt cold around her.

Qin Chen was also full of black lines, bang, and directly gave him a violent shudder.

What is his woman, so ugly, he and Xiao Ya are very pure, OK?

After some exchanges, everyone came to the Dan Pavilion.

From Liu Guang, Xiao Ya also knew the ins and outs of the matter.

"Liu Guang, this matter is left to you. As the special store of our Dange, how can the Zhang family tolerate such insults, especially the Sifang, which is too presumptuous. My Dange shop, They can also dismantle if they want?"

Xiao Ya said with a cold voice, her face sinking.

"Yes, Pavilion Master." Liu Guang nodded, and he frowned, "I remember that most of Sifang's medicines are cooperating with our Dange. I immediately suspended all cooperation with Sifang. Ask Sifang Institute to give us Dange an explanation on today's affairs."

In the capital of the Daqi kings, some official organizations like the city guards, the imperial guards, the Sifangsuo, and even the kingdom army, the medicines needed were basically purchased from the Dange.

It can be said that Dange almost monopolizes most of the official elixirs of Daqi State.

This is also one of the reasons why the top forces on the continent, such as the Pill Pavilion, the Hall of Vessels, and the Holy Land of Blood, have great power in various places.

Any country that wants to grow can not do without the support of these forces.

"Little dust, listen to Liu Guang, you originally came to Pill Pavilion, but there were some things, I don't know what happened?"

After dealing with Zhang's affairs, Xiao Ya asked again.

"I am going to refine some liquid medicine."

"Medicinal solution?"

"Yes, Dan Ge will help me collect these materials, and the cost will be deducted from the share of Zhen Qi Dan."

Take out a piece of paper and hand it to Xiao Ya.

"What kind of liquid medicine?"

After receiving the prescription, Xiao Ya looked down.

"hiss!"

Under this look, he immediately took a breath of air, and his expression was shocked.

Chapter 250

"Tianjingsha, quince leaves, blood-stripe vermilion fruit... these are all, Tier 4 elixir!"

Xiao Ya's body shook wildly.

Among the prescriptions Qin Chen gave, there were more than ten kinds of medicinal materials listed, the worst of which was a Tier 3 elixir, many of which were up to Tier 4, which shocked Xiao Ya.

You must know that any kind of pill or medicinal liquid has main and secondary materials.

Among them, the main material is the most critical material related to Danish medicine grade.

Generally speaking, only two or more fourth-order materials are needed in a formula of a pill, and it can often be included in the ranks of the four-pill.

Now, in this prescription, there are no fewer than five or six Tier 4 elixir, which is properly Tier 4 or above, and it is also the more powerful one among Tier 4 elixirs.

"Little dust, what are you...what are you going to refine?"

Unbelievable, Xiao Ya couldn't help but look over.

Although with the help of Qin Chen, she once refined three third-class pill at the same time, but the fourth-class pill and the third-class pill were completely different.

The third product is still at the level of the low-grade pill, but once it surpasses the third product and enters the fourth product, it will enter the field of middle-grade pill. The gap between these is by no means a scattered description.

Before, she was able to refine three third-rank pill because she herself was a third-rank alchemist.

But the four-grade pill, she racked her brains, and she might not be able to refine it.

That is the realm she has always dreamed of, but for so many years, she has been unable to succeed, which shows that the difficulty is by no means ordinary.

"You will know if you collect the medicinal materials first."

"it is good."

Nodded, Xiao Ya didn't ask any more. Although she didn't have much contact with Qin Chen, she knew that this young man was very calm and never did anything uncertain.

He certainly had his intention to do this.

Thinking of this, Xiao Ya's inspiration suddenly flashed, and she had always guessed that there was an expert behind Qin Chen.

Could it be that this time I want to see the expert behind him fail?

"Liu Guang, you immediately use the power of my Dan Pavilion to collect all the medicinal materials in it within half an hour."

Handed the prescription to Liu Guang, Xiao Ya ordered.

"Yes, Pavilion Master."

After receiving the prescription, Liu Guang walked out quickly.

"Little dust, are you collecting these medicinal materials to baptize us?"

On the side, Zhang Ying and Lin Tian saw this scene and couldn't help asking.

Before going out, Qin Chen made it clear that he was taking them to the baptism in the Blood Spirit Pool, but now, he took them to the Pill Pavilion and collected materials. They couldn't think of the second possibility.

However, the Blood Spirit Pool, located in the Demon Ancestral Mountain Range, is guarded by the five great powers and only opened once every five years.

What can Qin Chen do to get them to be baptized? Just rely on these elixir?

The two could not help shaking their heads.

If it were that easy, the Blood Spirit Pool would not become an important treasure spot that all the countries in the Northwest looked at.

"baptism?"

On the opposite side, Xiao Ya couldn't help but feel suspicious when he heard the conversation between the three, but did not ask much.

The two parties were right here, chatting about Qin Chen's initial trial of the Five Nations Grand Competition this time, and the sale of the special effect Zhenqi Pill.

In just half a month, the release of the special effects Zhenqi Pill has caused an uproar in the great Qi country.

The entire market is in short supply.

The major forces sent people to the Pill Pavilion to ask for medicine every day, and the flow of people almost broke the threshold of the Pill Pavilion.

Even the royal family sent people to the Dan Pavilion and asked to cooperate with the Dan Pavilion to purchase this special effect Zhenqi Pill.

In this regard, Xiao Ya did not let go.

After all, the production capacity of special effects Zhenqi Dan has not yet reached its maximum, and it may not be a good thing to open up the market hastily.

Xiao Ya's plan is to wait for production capacity to truly stabilize and market demand to truly understand, and then thoroughly enter the market to maximize benefits.

At the same time, she also felt the terrifying energy of the special effect Zhenqi Pill after this time.

I know that once this kind of pill is fully sold, I am afraid that it will break the inherent system of the current pill market in Daqi within a short time.

Even in the near future, he will directly break out of the Great Qi State and enter other markets in the five northwestern countries, monopolizing the markets of all major countries in his own hands.

Such a matter is too important, and may even cause turbulence in the markets of the five northwestern countries and lead to changes in national power. Therefore, Xiao Ya was very careful in the whole process.

"Pavilion Master Xiao Ya, these things are all decisions within your Dan Pavilion. I will definitely not intervene. Just do it." Qin Chen nodded to Xiao Ya's explanation.

He gave the prescription to Pill Pavilion, which meant that Pill Pavilion had full authority to act as his agent. As for other things, he would not interfere.

Aside, Lin Tian and Zhang Ying were completely dumbfounded.

Dare to love, the special effect Zhenqi Pill, which has recently made a lot of noise on the market, is the prescription provided by Chen Shao?

My good boy.

Both of them felt dizzy and they were almost crazy.

How many things are there in Shao Chen that they don't know?

The two of them are already Qin Chen's closest friends, but even so, the longer you stay with Qin Chen, the more you feel that Qin Chen is unfathomable.

It seems that the deep pool can't be seen to the end.

What Zhang Ying admired the most was Qin Chen's fate for women. Well, he was accompanied by a maid in the Holy Land of Bloodlines, and now the Lord Pill Pavilion is also his friend, and Princess Lingshan, etc...

How do you feel that all the beauties on this continent have a leg like Chen Shao!

"Pavilion Master, there is little dust, all the medicinal materials are ready, and they have been placed in the refining room of Master Pavilion."

Less than half an hour later, Liu Guang walked in.

"Less dust, let's go over."

Xiao Ya stood up.

Qin Chen also stood up, couldn't help but sigh, the speed at which Pill Pavilion was searching for medicinal materials was really fast.

In his prescription, there are two kinds of medicinal materials, which are relatively rare. Let him collect them by himself. I am afraid they may not be able to find them in a few months.

"Zhang Ying, Lin Tian, you two, just stay here first, after a while, I will come to you again."

Lin Tian and Zhang Ying were not pharmacists, and Qin Chen would not allow them to enter the refining room. Otherwise, they would not be able to help, and instead would affect the refining.

"Little dust, I'll send someone to take them around."

Liu Guang proposed.

"No, you go, Shao Chen, we two, just go around by yourself." Zhang Ying said with a smile.

Pill Pavilion, for them, it was a sacred place in the legend, and finally had the opportunity to visit it. Naturally, they had to seize it and let the people of Pill Pavilion accompany it.

"Also."

Qin Chen nodded and saw Liu Tian, who was looking hopefully and eagerly at him, and smiled: "Master Liu Guang, come together."
