[Chapter 2411: Crossover](#)

Half-Holy Peak!

Chen Sisi suddenly sensed her own cultivation level. She had never seen a semi-sage master, but for some reason, after she perceives her own strength, she could instinctively reflect her own strength in her mind.

"Shangguan Xier."

Chen Sisi's eyes quickly became cold. She was excited. She had no desire to break through the holy realm. Now she has only one thought in her mind, which is to kill Shangguan Xier and avenge Qin Chen.

After the revenge, her life and death were completely ignored. "From now on, you are the disciple of this demon. Now you are only one step away from the holy realm. Although the demon does not know what your wish is, the demon knows that in the current Tianwu continent, you want to It may not be easy to fulfill the wish

easy. "The thunder that suppressed himself has changed. Although the Lord of Abyss Demon doesn't know what happened to the outside world, he also knows that a major event has definitely occurred on the Tianwu Continent, and at least it is a major event at the holy realm level. Counter

should.

"Of course, the demon doesn't care what your wishes are. The demon only needs you to go to the forbidden land for the demon after you leave the sea of thunder."

"The Forbidden Land?"

Chen Sisi was surprised. "Yes, there is something that the demon left behind. The demon needs you to take it, and if you leave the sea of thunder, you must complete it. As for your own affairs, you must do it for the demon. Do it you may

Do it? "

The Lord of Abyss Demon could naturally see the obsession in Chen Sisi's mind, and he did not want Chen Sisi to do what she had to do first after Chen Sisi left.

Chen Sisi hesitated.

The Lord of the Abyss Demon said coldly: "If you can do it, the demon will let you go, but if you can't, the demon will not only keep you behind, but also take away everything the demon has given you. Can you agree?"

The Lord of the Abyss stared at Chen Sisi coldly.

"Okay, I promise you." Chen Sisi gritted his teeth and finally agreed.

"Very good." The Lord of the Deep Demon laughed. It knew that once such obsessive people agreed, they would never break their promise, otherwise, the Dao Heart would be destroyed, and everything it had given would naturally batter the opponent.

"In that case, now the demon master will send you out. As for what the demon wants you to take, the demon will enter your mind. When you reach the forbidden place, you will naturally understand."

When the voice fell, the Lord of the Abyss sent a message into Chen Sisi's mind, and then a terrifying force instantly wrapped Chen Sisi. The next moment, the space around Chen Sisi flashed, and the whole person had disappeared in the world.

"I can't think of that one who also has a descendant in this Tianwu Continent, this time, maybe it is really the chance of this demon, quack."

The gloomy voice of the Lord of the Abyss echoed in this inheritance space.

Outside the Thunder Sea.

With a sneer, the void split, and a black figure suddenly appeared in the void.

It is Chen Sisi.

"This is... the sea of thunder?"

Chen Sisi felt the surroundings, with a strong impulse in her heart. She wanted to go to the Misty Palace to find Shangguan Xi'er first, but thinking of the promise to the Lord of Abyss, her heart sank slightly.

She knew that she had to fulfill the promise she had promised.

"If this is the case, then go to the forbidden place first, and when you get the thing that the Lord of Abyss Demon wants, then go get the head of Shangguan Xi'er."

A trace of icy chill bloomed in Chen Sisi's eyes, and his figure flickered, disappearing into the sea of thunder, and directly fleeing into the void, rushing to the forbidden land.

At the moment in the outskirts of the forbidden land.

After Ling Luling and others quit the forbidden land, what formations have been arranging these days. This formation is extremely complex and obscure. Even if it is the accomplishments of Guan Xi'er, she can't understand the arrangement of the other party at all. However, from the conversation between the other party, Shangguan Xi'er understands that the other party seems to be trying to talk to them. The so-called

The adults contacted.

Lord of heaven?

Shangguan Xi'er stood on the side, her eyes flickering, and she had been expecting in her heart, what kind of power could these guys call them adults?

boom!

Finally, after several days of arrangement, this formation was finally finished. "Ling Luling, the communication array is set up, are you sure you really want to contact the adults? You know, this cross-border communication array, I can only use it once, once used this time, there will be no chance to contact the adults directly. Now." Xiu Chengze

The others said solemnly.

Ling Luling's face was uncertain, and finally gritted his teeth: "Contact."

Everyone let out a sigh of relief, as if they had made up their minds, they took out one thing one after another, and carefully put it into the formation. It was just a few formation plates engraved with a large number of runes.

These formations were combined, and immediately, a mighty force permeated, and Ling Luling took out a warm-colored jade card from the storage ring and put that jade card into the formation. A trace of perseverance and determination flashed in Ling Luling's eyes, and then he mumbled softly. He kept drawing various symbols with his hands, punching one of his divine thoughts into the jade medallion, and the formation on the array was immediately excited. Get up, beams of light waft out

Come. A kind of distorted scene faintly appeared around the formation, as if the space was pulled and deformed. Suddenly, a terrifying force that made the Tianwu Continent tremble in the sky, with a bang, went straight to the sky and disappeared into the vastness. Skyrim

, Shangguan Xier's pupils shrank suddenly and looked at him in amazement.

The large array circulated quickly, and the sky-roaring halo instantly introverted and turned into a whirlpool. A light curtain appeared in the whirlpool.

Shangguan Xi'er opened her eyes wide and watched this magical scene. These abilities have completely exceeded her imagination.

In Tianwu Continent, contacting the so-called celestial masters, can this be done?

Hum!

Above the huge light curtain, a figure appeared. This figure was a little vague, but exuding a palpable majesty. Even though the endless light curtain, Shangguan Xier's heart was shaken.

However, his clothes were not so magnificent, which made Shangguan Xi'er slightly puzzled, is it that the clothes of Lord Heaven are so ordinary?

When Ling Luling and the others saw the figure, their expressions changed slightly, as if they were a little surprised, but they still said respectfully, "I have seen Master Yuwen."

"I should be the one who urged the cross-border communication formation. I didn't expect it to be you, Ling Luling, you are so bold."

When the figure saw Ling Luling and several people, his eyes sank, and he immediately scolded. "As far as I know, you guys went to a small plane, right? It's been so long, haven't you guys yet captured the foreign demon continent? You also arbitrarily urged a large cross-border communication formation, do you know, This big array only happens when important things happen

It can only be opened when it is time to stay with you, just in case, it is not really for you to use, what should you sin? "The terrifying majesty seems to be transmitted through the light curtain.

[Chapter 2412: Threatening this seat](#)

Ling Luling and the others had very ugly faces, and anyone who was scolded as soon as they came up would not be happy.

Looking at each other, there is dissatisfaction in their eyes.

But no one spoke. After the man finished scolding, watching Ling Luling and the others not speaking, he sneered and said: "You guys, if you have something important to spur the cross-border communication, just say it, but I warn you if you let I found it doesn't matter to you

The big event urges the cross-border formation, even if Elder Su wants to protect you, this seat will also report to the Lord Lord and severely punish it. "

"Just you guys, even if your life is in danger, you don't deserve to use the cross-border communication array."

This arrogant man has cold eyes and is very proud.

Holy Lord? Shangguan Xier's heart moved slightly. In her eyes, the celestial masters in front of her were already invincible, but from the words of the proud man, she heard that Ling Luling had no status in their organization. only

It is the lowest level existence. Moreover, the arrogant man they connected in front of them seemed to be very wrong with Ling Luling and the others. It shouldn't be wrong with them, but with the Elder Su who was above Ling Luling. This is the attitude.

Come and sternly scolded.

It seems that these celestial people are just like that, intrigue with each other, thinking how awesome they are.

On the contrary, the saint in the mouth of this arrogant man seems to be the strongest person in this force, but he doesn't know what level of master the saint is, and what status he has in the heaven.

Shangguan Xi'er silently remembered these in her heart, and stood silently.

Ling Luling was extremely ugly, and finally couldn't help it at this moment: "Master Yuwen, when I have something important to report to the Lord, please report it."

"Is it important?" The towering man sneered, "What can you do? You have to tell Lord Lord? How can Lord Lord have time to see you, just tell me directly." Ling Luling took a deep breath. He breathed a sigh of relief and said coldly: "Master Yuwen, we honor you as an adult because of your identity and status. However, I belong to Elder Su and are not under your jurisdiction. Moreover, we also know about cross-border transmissions. The preciousness of the big array, since we have opened the cross-border communication big array, naturally there are important things, even for the Lord Lord, if something goes wrong because of your Lord, I want to turn back Lord Lord Blame it, you can't bear it

Get up? "

"Humph."

Yuwenbo's eyes suddenly became cold, and cold and murderous intent bloomed in the narrow and long pupils, and an invisible pressure suddenly appeared through the light curtain: "Ling Luling, are you threatening this seat?"

"How dare I threaten you, Master Yuwen, just seeking truth from facts." Ling Luling said neither humble nor overbearing. "Okay, very good." Yu Wenbo smiled, but his smile was cold, as cold as Wannian Xuanbing: "Unexpectedly, you went to the lower realm, and you were so courageous. Indeed, it delayed the important affairs of Lord Lord. I can't hold this seat, but you always

Have to tell me what's important, right? Otherwise, how should I report to Lord Lord? "Yu Wenbo sneered again and again. He had already made up his mind. If Ling Luling and the others didn't have a word, then he would definitely commit a sin of disrespect to the Lord, even if it was Ling Luling and the others in the lower realms.

, And let them go around without eating.

How many of Su Quan's men are worthy of clamoring with him?

Ling Luling was silent for a moment, and then said: "Well, it's okay to tell you, it's a matter of the origin of time."

"What, the origin of time?"

Yu Wenbo's face suddenly changed with a sneer at the corner of his mouth, as if he had heard something unbelievable, a divine light burst from his pupils, and he said sharply, "You are sure."

"There is 80% certainty." Ling Luling said coldly.

Yu Wenbo's breathing suddenly started to rush, and he couldn't control it even in front of Ling Luling and the others. His complexion kept changing, and the news was really amazing.

The origin of time, this is also an extremely important thing in the celestial realm. It can be called a treasure, and it is an existence that is jealous of any master in the celestial realm. He frowned and said solemnly: "Ling Luling, as far as I know, you were sent to a remote place in the lower realm to plunder the origin of a continent, right? That continent is just a low-level Demon Dao continent. There is only one mainland magic way

The origin is not bad, how can one have the origin of time? "This doesn't need Master Yuwen to worry about it. If Master Yuwen doesn't report the matter, I will send someone back to the heavens, but the time wasted too much. If there is any accident, I don't know Master Yuwen. Accept or not

Can afford? "

Ling Luling snorted.

"Humph!"

Yu Wenbo's face was green and he gave a cold snort. "Huh?" Ling Luling said coldly: "Yu Wenbo, you are powerful and in a high position, but I am also a direct disciple of the Holy Lord's Mansion. Everyone works for the Lord Lord. Whoever contributes is of high value. Who is more affected by the Lord

It is important that I am waiting for the battle abroad, working hard, and I may not be able to open a clan establishment in the future. Please don't overdo it. "Although the status of Yuwenbo is far above them, they are not directly controlled by Yuwenbo. What's more, this time they have discovered such a magical continent. Once the Lord Lord is satisfied and vigorously cultivates them, they may not be unable to become

The senior officials of the Holy Lord's Mansion naturally don't need to be afraid of Yuwenbo. Yu Wenbo's face was gloomy and coldly said: "You can't be sure of the true or false at the source of time alone. I need complete intelligence and complete information to pass the Lord Lord. You also know that such news is too important. What does the message appear

What a problem, but it has alarmed Lord Lord, you can hardly escape punishment. "

"Punish a fart!" Ling Luling shouted angrily: "Master Yuwen, the words have already been said here, blame or punishment, it is our business, it is your business, but you should know that all cross-border communications Once the big array is opened, there will be images stored, if

It was because of you that something unexpected happened, you go and explain it to Lord Lord. "

"Ling Luling, are you threatening this seat?" "Threatening you? We are so scared. Your Master Yuwen has power and a lot of masters. Killing us at will is like squeezing ants. Why, Yuwenbo Sir, are you trying to kill us and monopolize the source of time?" Ling Luling mocked

Said: "Okay, let's not talk nonsense. The energy of the cross-border communication is not unlimited. We have to save energy. If you can't pass it to the Lord, you personally decide, that's it."

Snapped!

Communication is closed. The large array of light curtains suddenly went dark.

[Chapter 2413: Palace Lord Yaomie](#)

"Ling Luling, you are so to Master Yuwen, are you okay?"

Outside of the Forbidden Land, Xiu Chengze and their faces were nervous. Ling Luling glanced at them: "What are you afraid of? I have seen the power of the years just now. This is the origin of time. If the Lord Master knows the news here, I don't know how to reward me for waiting. There is a Yuwenbo. Dare to target

we? "

"Yeah, if it really is the origin of time, it would be terrible."

"The origin of time, this is the most terrifying rule between heaven and earth, and it is extremely rare, even in the heavens, almost no one can grasp it, but on this small continent, how can you have the origin of time?"

"This is not clear, but since the power of time has appeared, even if it is not the origin of time, there are treasures related to time. Any treasure connected to the origin of time is no small thing. Lord Lord will not ignore it."

Several people were talking, and Shangguan Xi'er listened silently. Is time originating?

A trace of cold light flashed through her eyes quietly. This is a treasure that even the Holy Lord of the Heavens desires to obtain. If she obtains it, then...

She could not help but throb.

After Ling Luling closed the cross-border communication array, the jade card in the center of the array flashed slightly.

"Ling Luling, Master Yuwen asked to turn on the light curtain." Xiu Chengze took a look. "Don't worry." Ling Luling was very leisurely: "They are the one who is anxious now. Lord Lord didn't get the news so quickly. As for the others, we don't need to pay attention to them. Let them know that we are not just rubbing them. Pinched, hum, woo

Wenbo that stupid guy. "

"Ling Luling, Master Yuwen requested to open the light curtain for the second time."

"The third request to turn on the light curtain..."

Time passed by every minute. Although Ling Luling was very leisurely, they were obviously a little nervous. They offended Yuwenbo. They said they were big or small, but for their own future, they also worked hard. This matter must be notified in person. Lord Lord

, If you let Yuwenbo convey it, but the credit is uncertain, it will become whose.

"Om!"

At this moment, the jade card in the big formation suddenly lit up, and the light was extremely bright.

Ling Luling and others stood up suddenly.

"Ling Luling is the highest communication request in the mansion." Xiu Chengze said with a trembling voice.

Different communication requests have different responses to Jade Cards, and this kind of always-bright request can only be done by the Holy Lord, and no one has the right to refuse to accept it.

If the communication is not turned on within ten breaths, the communication array will be automatically turned on.

"Connect!"

Ling Luling took a deep breath and hurriedly opened the communication formation, and the next few people immediately stood respectfully in front of the formation.

Hum! A black vortex appeared, and above the light curtain, a dimly figured middle-aged man appeared in the light curtain. This person could not see clearly, as if covered by a layer of mist, but as soon as the figure appeared, there was a kind of The feeling of the core of the universe

, As if at this moment, everything in the world has disappeared, leaving only the man in the light curtain.

"Hiss!" Shangguan Xi'er took a breath of air. This is terrible. If the so-called Holy Lord is right in front of them, it is not surprising that they can do this. Such powerful people can affect the rules of the world and every move. Can bring everyone into his place

Among the rules.

But now the other party is separated from them by an unknown number of planes, and just through the light curtain of this cross-border communication array, it can affect the senses of her semi-holy peak powerhouse, how can she not be shocked?

Shangguan Xi'er had a feeling that if the Holy Lord was in front of her at this moment, the opponent could kill her with the click of a finger. This was a terrifying intuition from deep in her heart.

"Holy Lord!"

The few Ling Luling who were still proud before bowed respectfully, their eyes were frantic and full of respect. The holy lord, the overlord of the heavenly realm, Ling Luling and others rely on this holy lord, but with their identities and status, they have no chance to meet the holy lord personally. Before in the heavens, they just looked from a distance. Have been to two

Back, this time the Holy Lord personally communicated, how not excited.

Bang bang bang.

The hearts of several people were beating wildly.

"You are all Su Quan's subordinates? I don't know much about the younger generations in the mansion. Today, this should be the first time we talked, right?" The magnificent figure smiled lightly, and compared to Yu Wenbo, there is no pretension.

But that kind of majesty is much more powerful, and even has a suffocating feeling.

"Yes, Lord Saint." Ling Luling's faces flushed and they were extremely respectful.

Excited!

After joining the Holy Lord's Mansion for so many years, tens of thousands of years, although I have seen Lord Lord from a distance, but I am not qualified to talk with Lord Lord. This is the first time. "You are very good. Under the leadership of Su Quan, we will conquer all major planes and destroy the mansion for me. There are many arrogances in the mansion. They only enjoy the resources and don't know how to contribute to the mansion. Those who grow up under the protection of the mansion are ultimately fragile. But like you guys

, But can make a contribution to Yao Mie Mansion, and will surely achieve extraordinary achievements in the future. "

The magnificent figure praised: "My Yaomie Mansion has always judged my subordinates based on merit and strength. If you can contribute to the mansion, I will not treat you badly in the future."

"It is an honor for me to be able to work for Palace Master."

Ling Luling and others immediately said excitedly.

Shangguan Xi'er raised her brows. The palace lord of the Yaomie Mansion was too good at talking than the previous Yuwenbo. It is judged by merit. He only knows to enjoy the resources and does not know how to contribute to the mansion, and he will be vulnerable in the future. If you guessed it right, those who can stay in the mansion and enjoy the resources to cultivate must be the noble children of Yaomie Mansion, and those Ling Luling who are sent to fight in the lower realm must be excluded, but the few in Yaomie Mansion Under the sentence, it seems

Ling Luling's talents are like the future of Yao Mie Mansion, which is really ridiculous.

The superiors often use this kind of language to motivate their subordinates and sell their lives for themselves.

It is ridiculous that these celestial masters still believe it.

"Listen to Yu Wenbo, have you found the origin of time in this lower realm?" After some praise, Palace Master Yaomie entered the theme.

"Yes, Lord Palace, this is how things are..."

Ling Luling immediately explained the ins and outs of the matter, even how he arrived, and what happened in Tianwu Continent, nothing was left out.

"The power of time?" Palace Master Yao Mie's eyes brightened. According to what Ling Luling and the others said, this continent is very likely to have a shocking secret.

"Thunder that can kill you instantly, and the ancient battlefield of the heavens, it's interesting, really interesting." The magnificent figure's eyes brightened. "Listen to you, you guys found this continent after following the origin of the Demon Dao plane? As for the specific coordinates, even you don't know about it?" Palace Master Yao Mie asked again.

[Chapter 2414: Open Family Mansion](#)

"Yes, Lord Lord, the origin of this heaven and earth seems to be hidden, and this continent is very secretive. If it weren't for the chaotic nest of the alien demon continent to lead me, I would never have discovered this place!" Ling Luling

Respectfully said.

"Then how long can the traces of the void you leave outside that continent remain?"

"About three years." "Three years? It's too short, and our looting of the source of the Nether through the celestial loopholes has already been noticed by some interested people. The loopholes are currently being fixed, and we don't have much time." Gloomy Palace Lord Meditation Film

Ke Ke said, "In this way, since you are Su Quan's subordinates, I will order all the teams in that area of the lower realm to be mobilized to your position, and Dong Yuyin under Su Quan's subordinate will come personally to assist you."

Master Dong Woo-yum?

Ling Luling and the others were ecstatic, Master Dong Yuyin was the leader who led them to plunder in the lower realm, and was mainly responsible for the several mid-level planes in this area, which was much stronger than their strength.

As long as Master Dong Yuyin came, it would be easy to win this continent. "If you can really get the origin of time, in view of your contribution this time, when you return to the heavens, this holy lord will decide to grant you a reward of 10,000 high-grade holy crystals, and give you the position of honorary elders in your mansion, and allow you to start a clan Stand up

Mansion, established their own families in Yaomie Mansion. "The magnificent figure said directly.

"Honorary elder, open a clan establishment?"

The eyes of Ling Luling and the others turned round.

The status of honorary elders is very high. In Yaomie Mansion, they already belong to the high-level. Ordinary people like them can serve as a small steward in Yaomie Mansion. Once they can serve as honorary elder, they are the real high-level. .

The honorary elders do not assess the cultivation level, but only look at everyone's contribution to the Yaomie Mansion. After becoming an honorary elder, the resources they obtain can allow them to easily enter a higher level.

The most important thing is that once you become an honorary elder, even high-level officials such as Yu Wenbo are not qualified to target them without making a big mistake.

Not to mention the qualifications to establish a clan.

For those in Yaomei Mansion, which one's dream is not to be able to establish a family and let their family pass on forever? "The glory of my Yaomie Mansion was contributed by countless disciples through hard work. I hope you don't let this mansion master down." The magnificent figure said, if it wasn't for his cultivation base to be too strong to be able to lower the realm, plus His actions towards the lower realms

It has been targeted by some people, and he might have sent all the masters under his command long ago.

Just a source of time is enough to drive him, the Holy Master, crazy.

"Don't worry, Lord Lord, as a disciple of Yaomie Mansion, I am willing to fight for the glory of Yaomie Mansion, and desperately to complete the task of Lord Lord." Ling Luling and others said loudly.

"Very well, Dong Yuyin and the others will come as soon as possible, but at their speed, it will take one or two years at the earliest. Before that, this continent will depend on you."

"Understand, Lord Lord, don't worry. Although this continent is mysterious, its highest strength has just entered the Holy Realm. I will be able to conquer the entire continent by waiting for a few people. I will certainly live up to your expectations."

Ling Luling said excitedly.

Hum!

At this time, the jade card flickered, and the high-quality holy crystals on the side of the jade card continued to dim.

Obviously the energy has been consumed to the end.

"Very well, this palace lord is waiting for your good news. When you return, this palace lord will personally grant you the title of honorary elder."

Snapped!

Several holy crystals burst open one after another, and the jade card quickly dimmed and turned into a gray color, completely losing the aura, booming, the large array burst, the black vortex suddenly disappeared, and the light curtain also dissipated.

The cross-border communication team was completely destroyed.

The light curtain disappeared, Ling Luling and others were immersed in the excitement and shock for a long time. "Haha!" Immediately a few people laughed, their flushed eyes filled with excitement, "This continent is of great value, but after all, I am too weak in the heavens. I can't handle such a large benefit at all. ! And now... Haha, I'll wait

In the future, he will be the honorary elder with a high status in the palace! "

"Open a family mansion!"

"This is my lifelong dream."

Xiu Chengze and others cried and laughed, and each was crazy.

"The Forbidden Land!"

Turning his head to look at the forbidden land, the eyes of Ling Luling and the others are brighter than ever. "Let's go to this forbidden place. Master Dong Yuyin will have a long time to arrive. Let's go in and see what treasures there are. Maybe, when Master Dong Yuyin arrives, I'll wait. Completely remove the treasures of this continent

After collecting it, it is not necessarily even if we find a treasure that can make us break through. "

"go!"

A group of people were so excited that they immediately grabbed Shangguan Xi'er and once again entered the forbidden land.

Whoosh whoosh!

This time, they let go of their guts, and they have no worries at all.

But not long after Ling Luling and the others disappeared.

With a hum, the void of God's Forbidden Land burst open, and a beautiful figure in a black robe came out from it, exuding a cold and severe aura.

Because the cross-border communication array has lost its effectiveness, Ling Luling and the others are too lazy to put it away and stay here. As long as Master Dong Yuyin arrives, they will naturally be able to reopen, and this array naturally falls into Chen Sisi's eyes. .

"Huh? This big array?"

Chen Sisi saw the ruined cross-border communication array below, and his face suddenly changed. She was not an idiot, and she could naturally feel the terribleness of this array.

"call!"

She landed and watched the big formation carefully. The more she looked at it, the more frightened she became. With her cultivation level, she couldn't see the accomplishments of this big formation clearly, and there was still a terrifying breath on top of this big formation, slightly dissipate.

This shows that the closure of this large array is not long.

Is there a master in the forbidden land? But who on earth can arrange such a big formation?

Chen Sisi's eyes flickered coldly, and after a while, she shook her figure and stepped directly into the forbidden land.

And not long after Chen Sisi disappeared, well, a figure wearing a black cloak also appeared here.

Hum!

A black sphere appeared in her hand, and the sphere burst out with the soul light of its debut, shining slightly.

"It is indeed the breath of Sisi. Didn't Sisi disappear after entering the Abyssal Demon secret realm? How could it appear here?"

"No, there is still sister's breath here, Shangguan Xi'er, why is she here too?"

The man in black was actually the Sovereign of Illusory Demons, Shangguan Wan'er, feeling the breath here, his eyes burst with cold light. Looking up at the Forbidden Land, the Illusory Demon Sect Master hesitated and stepped into it.

[Chapter 2415: I'll try](#)

In the forbidden land, with the orders of the Lord Lord, Ling Luling and the others were all excited.

Once they entered the forbidden land, their fighting spirit became more vigorous.

However, with the first experience, the five of them were not arrogant, walking cautiously in this deserted area, always perceiving their surroundings.

This piece of heaven and earth is too dangerous, and there are bursts of Taoist aura around it, and this kind of Taoist aura is incomplete, very broken, giving people a very gray feeling.

It seemed that this place was forgotten by the gods.

Knowing that the world has the power of time, the five Ling Luling traversed the thick jungle cautiously.

Roar!

In the barren ancient forest, occasionally the roaring sound of reckless beasts sounded, with a shocking aura, they were all terrifying blood beasts with ancient blood.

"This is really a good place. Just so many ancient Mang beasts have great value. Many Mang beasts have been extinct in the heavens. If they are captured by the adults, they may be able to breed ancient alien species. "

The more wild beasts in this area, the more excited Ling Luling and the others are, because they know the value of these wild beasts in the heavens, and their cultivation is nothing. What is important is that the blood and aura contained in these wild beasts are very useful.

The richer the material here, the greater the reward they will receive in the future.

However, this time they did not take action against these reckless beasts.

The first one is meaningless. There are not a few ancient alien beasts here, and they are very vast. If they take a shot, will they be able to capture the wild beasts here? What a waste of time.

The most urgent task for them is to figure out what place it is, how many treasures are left behind, and whether there is a source of time and where is it?

Of course, the origin of Tianwu Continent is also one of the important goals of their trip. The second is because of danger. Previously, it was because of working with these ancient alien beasts that the power of time was attracted, and my companions almost fell. Although the appearance of the power of time may not have any connection with these wild beasts, but Can be careful

Yes, it's better to be careful.

Along the way, a few people cautiously, coupled with their celestial vision and terrifying strength, turned out to be very safe in the so-called most terrifying forbidden area of the Tianwu Continent, and occasionally encountered some dangers and easily solved them.

Soon, he passed through the periphery of the forbidden land and entered a deeper place.

"These masters in the heavens really have two sons." Shangguan Xi'er followed, secretly marveling, how terrible the forbidden land is, she doesn't know how, changing to a warrior in the Tianwu Continent, she would have died long ago , After all, the Forbidden Land is the top forbidden land in the mainland, not just to say

That said, for countless years, the strong who can pass through the outer area of the Forbidden Land have almost rarely appeared.

But these celestial masters did it easily. After entering the deeper part of the forbidden land, Ling Luling and the others looked up at the barren land in front of them. With their cultivation base, the divine sense was also strongly suppressed here, and the distance that the divine sense extended here was only the Tianwu Continent. Percent of

None of them arrived.

Moreover, they all felt their breath sink, and the rules of this heaven and earth became heavier, and they could even compare with those in the heavens.

How is this possible?

The heaviness of a small lower realm world is almost comparable to the sky realm. This is simply a joke. But Ling Luling and the others did not laugh, because they really felt the heaviness of this heaven and earth. Although it was not as good as the heavenly realm, it was about half of the heavenly realm. Even some middle-level top land might not have it. So good

afraid.

They took a breath, is this really just a subordinate plane?

Divine consciousness is permeated, and they feel the breath here is very mottled, and with traces of gray and broken aura.

boom!

Xiu Chengze shook his fist, and the void in front of him immediately rippled, but it did not break open.

His face changed slightly, and he shot again, hum, this time, the endless terrible aura lingered on his fist, and finally, the void in front slightly cracked a void crack, but soon, it was repaired again, very stable.

"The space in this piece of heaven and earth is too heavy, I can't even do Wu Po void." Xiu Chengze said with a change of color.

"I'll try."

The other people's faces changed slightly, and they started to move, but they obviously felt that the world had become extremely firm, and it was extremely difficult to break open.

If they hadn't seen it with their own eyes and experienced it with their own eyes, they would never believe that there would be such a stable place in a small lower plane.

"Now I believe that there may have been countless celestial powers who fought here. The void here is full of broken feelings, as if they have been beaten through." Ling Luling took a deep breath and said with some shock.

The others also nodded. In fact, they were skeptical of what Shangguan Xi'er said before. This was not instinctively not believing Shangguan Xi'er, but the strength of the Celestial Realm master was too strong. If they tried their best, lower planes like Tianwu Continent would not be able to bear it.

Live, not to mention the chaos war.

But when they came here, they believed in this possibility.

Ahead, a barren, with broken gullies and upside-down mountains everywhere, a mess.

Woo woo woo.

Between the sky and the earth, there were gusts of gusts blowing by, making a crippling sound.

"As the first person on this continent, have you ever been here before?" Ling Luling suddenly turned to look at Shangguan Xier, and asked casually.

"Hehe, she is a semi-saint, how can she get here?"

Someone chuckled.

"That's not necessarily." Ling Luling said, still looking at Shangguan Xier, waiting for her answer.

Shangguan Xi'er's mouth suddenly became dry, cold sweat broke out all over, and her heart was cold.

Others don't know the purpose of Ling Luling's question, how can she not feel it?

Ling Luling was intent on killing her. Shangguan Xi'er knows very well that in the eyes of Ling Luling these celestial masters, she is nothing at all. The reason why the other party has not done anything to her is just because she thinks she still has a purpose, but once she loses her effect, she may be cut off immediately.

kill.

Ling Luling was testing this.

"Master Hui, his subordinates have never entered this forbidden place, but they are not ignorant of this forbidden place." Shangguan Xi'er sweated on his forehead and said hurriedly.

"Oh? I haven't come in but I have some understanding, is it possible?" Ling Luling smiled. Shangguan Xier bowed his head and said: "The younger generation once had a friend, once entered the depths of this **** forbidden place, and obtained a certain treasure. His strength back then was only at the level of Emperor Wu, and his cultivation was even at the peak of Emperor Wuhuang. ."

[Chapter 2416: Holy Beast](#)

"Is there anything else?"

Xiu Chengze and the others were shocked.

Even if they came here with ease, they didn't seem to have encountered any trouble. That's because they came from the heavens, had a high level of cultivation, and were capable of being able to distinguish most dangers.

Changing to an ordinary lower realm sacred realm master came, it was impossible to be so relaxed, and it might not even be possible to get here.

But now Shangguan Xi'er actually said that a little Wuhuang once came here. Isn't that kidding? "The subordinates dare not talk nonsense. The younger generation's goodwill was once the most outstanding

talent in the Tianwu Continent. His talent is extraordinary. He did come here back then, and he said that there is a mountain deep in the forbidden land. There is a ruin

, He had entered this ruin. "

Shangguan Xier didn't dare to keep it, because she knew it was a matter of life and death.

"A mountain?"

Ling Luling and the others raised their heads. In the distance, the sky was misty and barren. With their spiritual knowledge, they couldn't peer too far, and couldn't see any peaks at all.

But Ling Luling and the others didn't think that Shangguan Xi'er was lying, because as long as they went in and couldn't see the mountain, the lie would naturally be exposed. Even if she wanted to make up, she wouldn't make up such things.

Is there really a Wu Huang who can come here?

"It's interesting, continue to follow us." Ling Luling glanced at Shangguan Xi'er with a smile. She knew that Shangguan Xi'er might have insight into her own mind.

But how can this be?

In Ling Luling's eyes, Shangguan Xi'er was an ant from the lower realm, who could be killed by flipping his hand, and couldn't make any waves.

The group proceeded carefully.

Click!

Suddenly, someone seemed to step on something.

boom! A breath of heaven rose to the sky. On the ground, a rotten strip turned into a fairy sword. This fairy sword exploded with a breath of shocking eternity, shocking Ling Luling and others all over their bodies, as if their souls were deterred. Chills all over

.

The aura on this fairy sword actually surpassed them, this is a holy artifact, and it contains terrifying rules of the holy realm, and it slammed towards everyone.

"The regular aura of an earth saint master."

Ling Luling and the others were shocked, roaring, their faces were shaking, and there was a look of horror in their eyes.

The breath escaping from this fairy sword turned out to be of the earthly saint level, and under this sword, someone must fall.

"Everyone joins forces."

In panic, several people broke out unprecedented power at the moment of the crisis. With a bang, several people joined hands, madly blasting on the fairy sword, and at the same time, their bodies quickly retreated.

With a bang, an unbelievable scene happened. The fairy sword containing the earthly sacred aura was exploded with a bang, burst directly, and returned to nothingness.

"what happened?"

Everyone wondered, this fairy sword aura is indeed an earth saint level, but why was it exploded by their joint punch?

Looking down, there is actually a skeleton on the ground. I don't know how many years the skeleton has been weathered here. It has almost turned into sand and stone. Under the attack of everyone, it instantly shattered and turned into pieces of fossils. The rhyme is dissipating.

And the long strip that had been turned into a fairy sword also broke apart and was rotten.

"It's the corpse of the Earth Sage master surviving from ancient times."

Ling Luling and the others took a breath. Master Earth Sage, let alone immortality, it's okay to keep the body intact for ten thousand years after the fall, but here, it was weathered like this, leaving only a remnant of Taoism, which was accidentally inspired by them. Just started

attack.

"Before he died, he was struggling to make a move, and his will was caught in the killing, otherwise he wouldn't be able to inspire such killing after he died."

Everyone looked ugly. What happened here that year made an Earth Saint master so crazy, even sinking into the killing.

Fortunately, the opponent has turned into a fossil. If it hadn't been long before they died, they would definitely be seriously injured by this blow.

However, in such a place, being able to corrupt an Earth Sage master into this appearance would also make their hearts feel hairy.

"Everyone be more careful." Ling Luling said.

Everyone nodded, before they had time to react, with a bang, a weird beast suddenly sprang out from the ground.

This strange beast actually has a holy realm cultivation base, opened its blood basin, and bit at Liu Fengyu. Thanks to the previous assault of the fairy sword, Liu Fengyu and others were always on guard. The backhand was an attack and shot, with a boom, the strange beast Suddenly it was blown out, and it turned out to be a very ugly earth-dragon-like monster with the scales on its forehead.

It broke, escaped into the ground with a bang and disappeared.

Come fast, go fast.

"hiss!"

"Sacred Beast?"

"Everyone quickly leave here."

Ling Luling and others left quickly. This time, they were more careful and fearful.

And when Ling Luling and the others moved forward cautiously, after Chen Sisi entered this world, he was also taken aback by the horror of God's Forbidden Land.

Hum!

In her pupils, colorful rainbows appeared, looking into the distance, black magic lingering around her, covering her figure.

"The direction these people are heading seems to be in the same place as the Lord of Abyss Demon said!"

Chen Sisi whispered and followed the disappearing breath of Ling Luling and others, and quickly followed.

And after Chen Sisi disappeared, Sect Master of Illusion Demon also followed and followed.

Because Ling Luling and others opened the way in front of them, Chen Sisi and the Illusory Demon Sect Master did not encounter any difficulties along the way, and easily entered the depths of the forbidden land.

If Ling Luling and the others knew this, they would have to vomit blood with anger.

And not long after the phantom masters disappeared.

Boom!

Outside the forbidden place, Qin Chen and others finally arrived.

"Finally to the forbidden place."

Qin Chen produced a jade disc of good fortune from the universe and landed on the periphery of the forbidden land.

Coming here again, endless emotion lingered in his heart.

In the past life, it was because of entering the forbidden land that so many things happened later, the fact that reincarnation is impermanent, and no one knows what will happen in the future.

"Ok?"

Soon, Qin Chen naturally also saw the large cross-border communication formation outside God's Forbidden Land.

"This formation..."

Qin Chen saw the difficulty of this formation at first glance.

"It's a large cross-border communication team."

At this moment, the black light flashed, and the **** cat appeared beside Qin Chen, his face solemnly said.

Cross-border communications?

"Correct!"

The **** cat said solemnly: "This large array can be connected across several planes. It is very scary. However, this large array is for one-time use. Once the energy is exhausted, it will be destroyed. The flags and formation plates are useless." Qin Chen was extremely surprised that there are such terrible formations, connecting across several planes. Doesn't it mean that as long as such a big formation is arranged here, you can even Communicate with the people of Alien Demon Continent?

[Chapter 2417: Holy Land](#)

The **** cat sneered, "It's not only the alien demon continent, but it can even communicate with the heavens. You must know that in the heavens, many strong people actually fly up from the lower planes. This also causes many strong people to communicate with the lower planes. The needs of such

The big formation is extremely popular among the heavens. "

skyline!

Qin Chen felt the seriousness of the matter.

"You mean, those celestial masters have already made contact with people in the celestial realm through this cross-border communication formation?"

Qin Chen's face is extremely ugly. If this is the case, then the problem is troublesome. These few masters of the heavens are already very difficult to deal with, if some experts from the heavens...

A strong sense of crisis emerged in Qin Chen's heart.

"This is very likely." The **** cat said solemnly.

Qin Chen's eyes were cold: "Let's find those guys in the heavens first."

Qin Chen's figure shook, just about to enter this **** forbidden place, suddenly his body shook.

"Here, there seems to be a trace of magical aura."

How powerful is his soul power, it didn't take long for Chen Sisi and Sect Master Illusory Demon to leave, and Qin Chen immediately felt it.

"This is... the breath of the reincarnation magic path? Is it Chen Sisi!"

Qin Chen's heart trembled, and his body trembled frantically.

After sharing the soul with Qin Mo, he knew that Chen Sisi was also trapped in the inheritance space of the Lord of Abyss Demon. If possible, Qin Chen was extremely eager to go to the secret realm of Abyss Demon to find Chen Sisi, and he did not want to delay a moment. But Qin Chen also knew that the

mainland was in distress now, and the most important thing was to solve Shangguan Xier and these celestial masters first. In addition, Chen Sisi might not have anything to do in the inheritance space. Qin Chen forcibly resisted going to the abyssal Secret Realm to find Chen Sisi. Mind, first

Xing came to the forbidden land.

But he actually felt the aura of this magic way here.

"Could it be that Chen Sisi has come out of the inheritance secret realm?"

Qin Chen's heart was beating.

This is not impossible.

When Qin Mo came out, Chen Sisi had already reached the ninety-ninth step, only one step away from the altar. With Chen Sisi's talent, it was very likely that he had passed the inheritance for such a long time.

But why did she come to the forbidden land?

After Chen Sisi came out, he could know what happened on the mainland as long as he inquired. She should also know that she did not fall in the Guyu Realm at all. She should come to her as soon as possible, and at least go to Tianlei City.

But it came to this forbidden place.

Could it be said that Chen Sisi thought he was in the forbidden land, or was there any secret of the Lord of Abyssal Demon in the forbidden land?

Qin Chen's thoughts flowed, anxious but excited.

In any case, if Chen Sisi really came here, he would never let Chen Sisi leave him again.

Whoosh!

With a flickering figure, Qin Chen couldn't help himself anymore, and instantly entered the forbidden land.

At this moment, Ling Luling and his party are still moving forward.

quickly.

A high mountain appeared in the distance.

"This is the mountain?"

They were overjoyed, and finally saw the mountains, and a group of people entered the mountains, and what appeared in front of them was a canyon.

"Yes, it is the canyon. My friend said that after he entered the mountain, he saw a canyon."

Shangguan Xi'er said excitedly.

Ling Luling and others breathed a sigh of relief.

Even a martial emperor can come here, indicating that this canyon should be safer.

As soon as they entered the canyon, a special aura lingered between the heavens and the earth, Ling Luling and others obviously felt that they were getting closer to the core.

Everyone continued to move forward, and after a while, a long and narrow lake appeared in front of them.

Although it is said to be "narrow", it is relative to the length. In fact, the width of the lake has reached tens of thousands of feet. From time to time, you can see big fish jumping out of the water, raising hundreds of feet high. Waves.

The breath of these big fish is terrible, and suddenly, a wild beast eagle swept over, easily caught the big fish, fluttered its wings and left.

Weak food and strong food, the law of the jungle.

"Here... even more dangerous!" Ling Luling said solemnly, but there was strong caution in his tone.

The others also nodded frantically, because the big fish was in the early stages of the Mortal Realm and was easily caught by an eagle.

Shangguan Xi'er was stunned. In the Tianwu Continent, the holy realm had not been seen for thousands of years. Who knew that there was a sacred beast here. No wonder this is the most terrifying forbidden land in Tianwu Continent.

Except for Qin Chen, no one has come from here or walked out for thousands of years, naturally no one knows.

But what Shangguan Xier was puzzled was that from Qin Chen's mouth in her previous life, she hadn't heard of the existence of a sacred beast here. What happened?

strange.

Suspiciously, Shangguan Xi'er felt a bit of coldness on her body, and then she found that Ling Luling and others were looking at her indifferently.

"Hehe, are you sure that a martial emperor master can walk out of here alive?" Ling Luling sneered.

"This....."

Shangguan Xi'er was suffocated, Ling Luling and the others were suspicious of themselves.

The other party suspects that there is actually no road. There are wild and wild beasts in the holy realm. Who can believe that a person from the Martial Emperor realm walks here but can go out alive?

"Several adults, what the subordinates said is true, and there is absolutely no falsehood."

Shangguan Xi'er was almost crying.

She did not lie.

"Hehe, right?"

Ling Luling walked slowly, his eyes cold.

Obviously it was murderous.

"not good."

Shangguan Xier's heart contracted, what should I do?

At this moment, there was a splash, the lake broke open, and a huge monster climbed onto the shore from the lake.

This behemoth is shaped like a lizard, with a single horn on its head, and a thick and strong tail. It is covered with scales like black iron and is as sharp as a saw.

This is not the most terrifying, the terrifying thing is the breath that this lizard exudes.

boom!

Like a mountain covered in pressure, Shangguan Xi'er could not breathe.

This lizard appeared, the big fish that was beating before disappeared, and even the eagle did not know its trace, and seemed to be scared away.

"Divine Beast..."

Ling Luling and the others were frightened, their eyes contracted slightly.

They come from the heavens, and they are all outstanding in the holy realm, but in fact, the strongest cultivation base is at the pinnacle of the sage. They can easily kill ordinary holy realm masters, but when they encounter strange beasts in the holy realm, it is absolutely Will fall into crisis.

Fortunately, they are all the arrogances of the heavens, and this lizard seems to have just entered the holy land of the earth, and even the aura has not had time to consolidate.

There is an opportunity to break through the Holy Land?

They were shocked and ecstatic.

Of course, ecstasy goes to ecstasy, and everyone also emerged with vigilance.

Everyone changes color.

The sage who first entered the earth is also the sage of the earth, if they rush to the enemy, it is hard to say that a few will die.

"go!"

Since they couldn't fight, Ling Luling and the others turned around to run. This lizard was originally still in shape, Ling Luling and the others ran, they immediately killed it, opened the mouth of the blood basin, and bit them at Ling Luling.

[Chapter 2418: Shangguan Xier was seriously injured](#)

"go!"

Ling Luling let out a low yell, standing upright, at the critical moment, she didn't forget to punch Shangguan Xier and she never forgot to kill Shangguan Xier.

Does an ant want to surrender them?

boom!

The terrifying fist turned into a storm and swallowed Shangguan Xi'er in quickly.

Xiu Chengze and the others are speechless, a small semi-sage, is it worth Ling Luling's action at this time?

Although they were invisible in their hearts, they kept their bodies, swish, swish, and quickly flew towards the other side of the lake, faster than anyone else.

After Ling Luling shot out a punch, she didn't look at Shangguan Xi'er anymore. She shook her body and turned around to leave here, but because she shot Shangguan Xi'er, her speed was slightly slower for a while.

With a bang, the terrifying earth saint-level lizard directly bitten off. Although Shangguan Xi'er avoided it, the terrifying impact immediately sent her away.

Blood surged in the body, and blood overflowed from the corner of Ling Luling's mouth.

The strength of the Mang Beast of the Earth Saint level was too strong, and the shock waves it emitted made Ling Luling and the others unbearable.

The unicorn lizard did not bit Ling Luling in one bite, roared, and immediately continued to kill.

This monitor lizard drove Ling Luling and the others and quickly disappeared into the canyon. Next to the lake, the endless smoke and dust dispersed, Shangguan Xi'er opened her mouth and spouted a mouthful of blood, and she fell to the ground embarrassedly. She was bloodied and extremely miserable. There were many demonic energy lingering on her body, and there was an invisible blue enchantment around her body. broken

Unbearable, it was this cyan enchantment that withstood most of Ling Luling's attacks and kept her alive.

Click!

The cyan beads in Shangguan Xi'er's hand shattered, and the green spirit world was suddenly shattered, and Shangguan Xi'er's body was demonic energy surged, and the injury quickly healed.

"Hehe, master of heaven?"

Shangguan Xi'er stared at the direction in which Ling Luling and the others disappeared, with a hideous look in her eyes, and ignoring the healing of the injury, she swiftly followed the disappearance of Ling Luling and the others in secret.

Whoosh whoosh.

In the gorge, Ling Luling and others fled frantically, while the huge unicorn lizard was chasing after it. It did not have wings, but its legs danced and it did not touch the ground at all. It was as if the sky was regarded as the sea, allowing it to swim. However, it is obviously an aquatic beast. Although it can fly, its speed is obviously a bit slower than when it rushes out of the water. Therefore, although its realm is one level higher than that of Ling Luling and others, its speed is at a lower level. Ling Green

Ling and they are not much different, only a little bit faster.

Therefore, although it started late and was still a long way from Ling Luling and the others, the distance between the two parties was constantly shortening and being kept closer.

"Can't get rid of, fight!" Ling Luling made a decisive decision. At this time, if he encounters another wild animal in the Holy Realm, then they will have a dead end.

"it is good!"

Xiu Chengze and others are all powerhouses from the heavens, so naturally there is no lack of fighting spirit.

The great masters of the heavens stopped quickly, and they raised their weapons one after another, while Ling Luling had an extra mirror in his hand, exuding a magnificent breath.

The breath of the holy level above the mirror is clearly a treasure of the holy realm.

Hum!

The sacred mirror glowed, emitting rays of light, booming, and suddenly, a big explosion occurred in the canyon, and some light directly fell on the unicorn lizard, roaring the unicorn lizard again and again.

Boom boom boom! Xiu Chengze and Liu Fengyu killed the unicorn lizard and collided with this huge object. Suddenly, there was an astonishing roar. The attacks of Xiu Chengze and others fell on the unicorn lizard, blasting the unicorn lizard. After

Retreat.

But the unicorn lizard didn't have it. Swish, his thick tail quickly pulled towards Xiu Chengze, and Xiu Chengze's complexion changed, and he hurriedly backed away, but don't let the horrible energy into the volume, bang, and flew out heavily.

Even if the unicorn lizard was besieged by so many people, it was a reckless beast in the holy realm after all.

Liu Fengyu hurriedly greeted him, but he offered a spear, and it seemed as if a flood dragon came out of the abyss while dancing, making waves of dragons.

Boom boom boom.

The smell of destruction swept wildly.

This is also a Saint Soldier, and it is one of the top-level Saint Soldiers in the mortal realm.

Unfortunately, this one-horned lizard was too strong, and it only flicked Liu Fengyu out.

However, Xiu Chengze had already killed him, restraining the unicorn lizard, and did not give it a chance to chase Liu Fengyu.

Just like this, a few people kept the unicorn lizards one by one. Although the unicorn lizards were completely downwind on the scene, the unicorn lizards had failed to fight for a long time, and they would probably retreat on their own. Fortunately, this is just a reckless beast that has just entered the Holy Land. If the cultivation base is consolidated in the Holy Land, it will never be so easily blocked by Ling Luling. Under a single blow, even if he does not die, he will be seriously injured. Something like this nothing.

Bang bang bang!

During the battle between the two sides, this unicorn lizard roared and was surrounded by five great heavenly powerhouses, roaring again and again, murderous, but helpless.

"Everyone, be careful, don't be reckless, just block this holy mang beast, don't get injured, once injured, it will be troublesome to break through the encirclement."

Ling Luling kept controlling the Holy Mirror, and at the same time he commanded it in a deep voice.

Although they have blocked the unicorn lizard's attack, they are still at a disadvantage. The only thing they can do is to let the unicorn lizard go away. Therefore, they must ensure stability. If there is any accident, it will be troublesome.

However, others may not think like her.

"Ling Luling, don't be so careful. It seems that the Mang Beast in this holy realm is not what it is. Killing it and seizing its blood, the origin of the holy level is also considered a great tonic for us." A dark dagger appeared in the hands of the celestial master who had broken his arm. The figure shook, and suddenly appeared under the body of the unicorn lizard. Taking advantage of the opportunity of Xiu Chengze and others to entangle the unicorn lizard, the dagger Han Guangyi

Flash, cut directly to its soft throat.

"Luo Siyuan, stop." Ling Luling yelled in anger.

But it was too late. The heavenly powerhouse named Luo Siyuan had already taken action. The cold light flashed, and the murderous intent was coming.

The unicorn lizard seemed to feel the crisis, and hurriedly backed away, lowering its head and biting towards Luo Siyuan.

"Entangling it." Ling Luling hurriedly commanded, now that he has started, he can only continue to fight.

Boom boom boom!

Numerous attacks came. The unicorn lizard knew how powerful it was. It resisted the attack. The head stood in front of the dagger. With a pop, the dagger struck the scales on its face, bringing up a flash of sparks, and then cut it from its eyelid. past.

puff! The unicorn lizard's eyes were wounded, and blood spurted out immediately.

[Chapter 2419: Have something to discuss](#)

"Roar!"

The unicorn lizard was in pain and roared in anger.

"Successful." Luo Siyuan was overjoyed, and he was about to continue his shot, but suddenly felt a terrifying breath.

When the unicorn lizard was wounded, his body suddenly glowed, his eyes were blood red, and his whole body gave off a violent breath.

"No, it's violent."

"Go back!" An anger came from the ear, Luo Siyuan was startled, and hurriedly backed away, but the unicorn lizard had already grabbed it with one claw, and under this claw, the speed was much faster than before. 30%, with a puff, Luo Siyuan was suddenly blasted with blood from his chest

Hole, with a bang, the whole person flew out upside down, and visceral fragments splashed around in his mouth.

With one blow, Luo Siyuan was seriously injured, and the capital of the holy dagger in his hand flew out and fell heavily to the ground.

"Wow!"

Liu Fengyu's figure shook, and he was eager to save Luo Siyuan, but the unicorn lizard had already rushed up, and his steel tail drew like lightning. Liu Fengyu had no time to escape, and was taken out with a bang. .

Fortunately, he reacted more quickly than Luo Siyuan, and displayed defensive methods for the first time. However, the drawn bones groaned, spouting blood from his mouth, and was seriously injured.

Under this one-horned lizard violent, its strength increased by a full 30%, and the previous balance was immediately broken.

Roar!

The furious unicorn lizard roared, rushing towards Xiu Chengze and the others frantically, bang bang bang, this time, Xiu Chengze and the others could not resist, they were blasted out one after another, vomiting blood.

"Luo Siyuan is an idiot." Ling Luling was furious. He had fought well before and had to provoke the unicorn lizard to raging. Do you really think he is invincible?

"Ling Luling, what should I do next?" Xiu Chengze's faces were pale, and they said in anger. They were bombed out several times, and they all couldn't support each other. Their bodies were injured and they continued to fight. "Retreat first, draw this unicorn lizard away, and come back to save Luo Siyuan when you are safe." Ling Luling gritted her teeth and made a decision. She urged the holy mirror, all rays of light fell crazily on the unicorn lizard, and then Turn around and leave, angry one-horned

The lizard was attracted over immediately and rushed towards Ling Luling and Xiu Chengze.

"go!"

Ling Luling shouted angrily, and quickly left here with Xiu Chengze and others, leading the unicorn lizard into the canyon deeper.

Luo Siyuan looked at the unicorn lizard being led away, his pale face spit out a mouthful of blood, and finally relieved, but because of the pain, he couldn't help but screamed.

"Damn it!"

He became irritated. If it wasn't because his arm was worn out by the strength of the years, and his combat effectiveness was reduced by a few percent, how could he be seriously injured by the unicorn lizard in an instant, fortunately he survived.

Enduring the severe pain, Luo Siyuan took out a jade bottle from the storage ring and was about to pour out the pill to heal his injuries. Suddenly, someone appeared in front of him.

"It's you?"

Luo Siyuan was surprised when he saw the visitor, it turned out to be Shangguan Xier.

"Are you not dead?"

Luo Siyuan said in disbelief, he saw Shangguan Xi'er being hit by Ling Luling, but he didn't expect to be alive. "Since you haven't died, you can be considered lucky, Ling Luling, I have told her several times, but she has been hostile to you and feels that you have bad intentions. It is just right that you are not dead now. You can follow me in the future. I am here, Ling Luling will never

I've dealt with you, and when the matter here is resolved, I will take you to the heaven. "Luo Siyuan's tone was very sincere, and at the same time he looked at Shangguan Xi'er with fiery eyes, showing a squinted expression, licked his lips and said: "With your posture, you can be one of my concubines. When the time comes, I will go to heaven. , Package you delicious and spicy.

"

"Now come here and heal me."

Luo Siyuan coughed up blood at this point, and he looked a little weak, and even the medicine bottle could not be held securely. "Really? Your lord, are you really willing to take me in?" Shangguan Xi'er immediately said excitedly: "Sir, I don't want to be an enemy of you at all. I don't know why lord Ling Luling is so hostile to me, but I really I want to surrender you, before

To a higher heaven. "

"Don't worry, with me here, Ling Luling won't do anything to you in the future." Luo Siyuan looked weaker, "Hurry up, you can heal me first. Ling Luling and the others are nearby. If there are other wild beasts, it will be troublesome. Up."

"Yes." Shangguan Xi'er replied and stepped forward immediately.

"My lord, what should I do..."

Before the word "do" was finished, Shangguan Xier's eyes suddenly shot a cold light, and a palm shot towards Luo Siyuan in lightning.

And at the moment Shangguan Xi'er shot, Luo Siyuan's eyes also burst out with a cold light, boom, he raised his hand, and he slammed Shangguan Xi'er with a palm, faster than Shangguan Xi'er.

Both of them are holding each other's thoughts.

"Give me to die." Luo Siyuan roared and asked Huyou Shangguan Xi'er to come over, just to kill her, the other party is the first person on this continent, will he willingly submit to him? If he is still possible in his heyday, he is seriously injured now, it is difficult to guarantee that the other party can not afford other thoughts

, So we must first act first.

But what Luo Siyuan never expected was that Shangguan Xier also had the same thoughts as him.

boom!

Luo Siyuan blasted out his palm, and Shangguan Xi'er shook his body, and even dodged at the moment of his death. His palm blasted in the blank area, affecting the injuries in his body, and suddenly spouted blood again.

how can that be? Luo Siyuan was shocked. Even if he was seriously injured, he was still a master of the Holy Realm. It was impossible for him to not even hit a small semi-sage peak. Unless there was only one possibility, that is, the other party had been prepared long ago. Before he directly shot, Just in time

Dodged.

"Coco, this celestial lord, you are really naive, you are a little trick, you will play it when I am ten years old, can you hide it from me? Coco!"

Shangguan Xi'er chuckled lightly, her figure shook, and she suddenly appeared behind Luo Siyuan and slammed over.

With a bang, Luo Siyuan was seriously injured and could only resist, and immediately spewed blood again.

"You..." Luo Siyuan looked grim and angry, and he was injured by an ant in the lower realm.

But the matter was urgent, he ignored his anger, and even said to Shangguan Xier: "You have misunderstood, stop..."

Shangguan Xi'er ignored Luo Siyuan at all, but kept making shots from a distance. Luo Siyuan kept vomiting blood and his injuries became more and more serious.

Finally, fear in his heart.

"Stop, I have something to say."

He was frightened, but Shangguan Xi'er didn't give him a chance to speak at all. After he kept shooting, he was abruptly unable to move, covered in blood, and there was no force to fight back.

Cuckoo!

He vomited blood and blood, and looked at Shangguan Xi'er as he approached in horror.

Shangguan Xi'er looked at Luo Siyuan greedily like a demon, "You said that if you devour the origin of a living master of the Holy Realm, can this palace break through the Holy Realm?"

Shangguan Xi'er licked his tongue, and in Luo Siyuan's horrified eyes, the five fingers of his right hand slammed into the top of his head.

Bloodthirsty Dafa! The source of the horrible holy realm was suddenly sucked into Shangguan Xi'er's body.

[Chapter 2420: So courageous](#)

Puff!

Shangguan Xier's five fingers were inserted into Luo Siyuan's head, with hideous and excitement on her face. What is her purpose for following these celestial masters? Do you really think she wants to surrender these guys?

These celestial guys treat the warriors of the lower realms as ants. No matter how cheap Shangguan Xi'er is, it is impossible to do such a thing. If he can be a human, who wants to be an ant?

What's more, these celestial masters hadn't seen her directly, and they didn't even have the opportunity to make her a slave.

Her purpose was only one from beginning to end, and that was to swallow the power of these celestial masters and break into the holy realm.

After Gunan had swallowed the demon, Shangguan Xi'er was only one step away from the holy realm, just because he lacked the original power.

Now, she finally found the opportunity.

"Coco!"

Shangguan Xier laughed coldly, half human and half demons. The state of demons and humans kept changing, full of hideousness and evil.

Hum!

Bloody auras lingered on her body. Suddenly, the infinite Gorefiend aura rushed into the sky, Luo Siyuan trembled and convulsed, and the origin of the body was constantly swallowed by Shangguan Xi'er. Shangguan Xier groaned, and along with Luo Siyuan's body, the essence of Luo Siyuan continuously poured into her body. With a bang, Shangguan Xier felt as if some shackles were opened in her body, a kind of prying into heaven. Feel in her

Haunted in his body.

"Holy realm, is this the holy realm?" Shangguan Xier's body trembled with excitement. At this moment, she seemed to see the beginning of the birth of heaven and earth. This is the initial power. With the

birth of this power, Shangguan Xier's body True yuan began to transform into holy yuan little by little, a kind of incomparable

The breath of fear escaped from her body.

However, Shangguan Xier felt in the dark that although her strength had broken through, the world didn't seem to recognize her. Of course, her strength remained unchanged.

"Because I broke through the devoured Demon Lord Origin and Heaven Origin, so does the Tianwu Continent Tiandao not recognize me?"

Shangguan Xi'er's eyes condensed, and immediately sneered. The origin of Tianwu Continent has been damaged, and I don't know where to go. If I struggle with the origin of Tianwu Continent, then I am an idiot. I am afraid I have not even reached the semi-sage realm now, let alone break through. Holy Land Up.

But now that he has broken through the holy realm, it doesn't matter to Shangguan Xi'er what origin he uses. It's as if the master of the heavens came to the Tianwu Continent and was not recognized by the Tianwu of the Tianwu Continent? Even thunder is coming at every turn, but so what? Did the Heavenly Way of the Tianwu Continent help these celestial masters? What is it

No more. Besides, regardless of whether it is the Alien Demon Continent or the Celestial Realm, the plane level must be higher than that of the Tianwu Continent. Her Shangguan Xi'er uses the origin of the Alien Demon Continent and the Heaven Realm to break through the holy realm. Holy Land

More awesome?

After leaving the Tianwu Continent and heading to the Celestial Realm, her advantages will be revealed.

"Hehe, God, but so."

Shangguan Xier sneered, not uncomfortable at all.

Click!

Under her five fingers, Luo Siyuan had become a corpse, his face was distorted, full of fear, and there was no breath in his body.

"Leave here first to consolidate the cultivation base, and then it will be Ling Luling's turn."

Shangguan Xier raised her hand to put away Luo Siyuan's storage ring, and then a hideous murderous intent bloomed in her eyes, and then she disappeared here with a flicker.

But not long after Shangguan Xier left.

Whoosh whoosh!

With a few sounds of breaking through the air, Ling Luling and others finally got rid of the chasing of the unicorn lizard and dived back.

"Luo Siyuan, an idiot, didn't come after waiting for him for a long time. Wouldn't he die anywhere?"

Xiu Chengze said with an ugly face, of course he was complaining, but as soon as the voice fell, Xiu Chengze's face suddenly solidified, and he looked forward in anger.

What caught his eyes was Luo Siyuan's twisted corpse with staring eyes.

"Luo Siyuan."

"what happened?"

"Why did Luo Siyuan die?"

The sound of breaking through the air sounded, and several people rushed over in fright, all looking at Luo Siyuan's body in horror. What happened? It didn't take long for them to leave, and they attracted the unicorn lizard when they left. Luo Siyuan alone should be able to use the holy pill to recover a lot of injuries and strength, even if it's encountered

There is no problem with the general Saint-level Mang Beast.

But who knows how long it took for Luo Siyuan to die.

"Luo Siyuan was killed by someone."

Several people came to the front and saw the five finger holes on the top of Luo Siyuan's head, and their eyes suddenly burst into cold light, frightened.

This is clearly the five fingers of a human being, if it was killed by a beast, there would be no such injury.

"Who is it, who did it?"

Xiu Chengze looked up to the sky and roared, extremely angry, booming, and a terrifying aura filled his eyes, his eyes were red and angry. All of them are from the heavens. Although the relationship is usually normal, they can be regarded as having a robed friendship when they fought the alien demon continent together. Not long after they came to the Tianwu continent, they have already fallen three people. Such a strong gap makes they

My heart is full of sorrow and anger.

"Shangguan Xi'er." Ling Luling suddenly gritted his teeth.

"what?"

Everyone looked over in astonishment and frowned, "Ling Luling, are you saying that Luo Siyuan was killed by Shangguan Xier? But wasn't she killed by your punch before?" "It's her, there can be no mistake, there is a magic way here. The aura is very similar to the aura on her body. Apart from her, there can be no other people. It seems that she should not have been killed by me before. The number one master of Tianwu Continent, good, very good, the method is really ruthless.

Spicy, it should have been prepared long ago. "Ling Luling was full of icy murderous intent. Although she had guessed about Shangguan Xier's mind, she did not expect that Shangguan Xier's methods were so decisive and cruel that he could kill Luo Siyuan in such a short period of time. She clearly followed in secret. they

"Where is Shangguan Xi'er, I'm going to kill her!"

Xiu Chengze said furiously, booming, a terrifying aura spread out, glaring at the surroundings, and the terrifying soul power quickly diffused, searching everywhere. "Don't look for it. If I guessed correctly, she should not be here anymore. There is the aura of the origin of the holy realm. She is very likely to swallow the origin of Luo Siyuan and break through to become the holy realm. If this is the case, she should hide Which corner is cultivating?"

! "Ling Luling said with cold eyes.

The words made Xiu Chengze even more angry. What does Shangguan Xier think of them? Resources for cultivation? So bold.
