

Valkyrie 2421

[Chapter 2421: I am the one who killed you](#)

"Okay, don't be angry here. I have already said that this guy has an improper mind and deliberately brought us to this forbidden place. I am afraid I would have such thoughts long ago." Ling Luling sneered: "Just you, The ghost is obsessed with the heart

A **** was confused. "

"Ling Luling, how do you talk, I left the person before because she could bring us to this forbidden place to see how I can find the slut." Xiu Chengze shouted angrily and wanted to search around. "Enough." Ling Luling yelled coldly: "It's just an ant, it's not worth our fight, even if it's a breakthrough in the holy realm? The ant is the ant, how can it not turn the sky, I wait for the top priority to find out here first and find

Time is the origin, complete the task of adults. "

"As for that Shangguan Xier..."

Ling Luling's eyes bloomed with cold light, and coldly said: "Based on what I know about her, she won't just disappear like that. She must still be thinking about killing me and waiting. Look, she will come back sooner or later."

"She still dare to come?" Several people in Xiu Chengze's eyes burst into murder.

"Hehe, the ant has gained a bit of power, and always thinks that he can shake the sky, but unfortunately, the ant is the ant and will never know how big the sky is."

Ling Luling snorted coldly, turned around and left without even looking at Luo Siyuan's body.

"Where are you going?" Xiu Chengze hurriedly said.

"Naturally to find the origin of time."

"But where is Luo Siyuan's body? Is it just exposed here?"

"Then what do you want? Find a coffin to converge? The dignified heavenly master, died in the hands of a nether ant, and died."

Ling Luling turned around and left here without looking back.

"you....."

Several people in Xiu Chengze were angry, banged, and blasted a hole in the ground, buried Luo Siyuan's corpse in, and immediately followed Ling Luling.

Ling Luling was right, the most urgent thing is to complete the Lord Lord's task, as for the other is not important.

At this time, in a hidden corner of the canyon, Shangguan Xier looked at Luo Siyuan's storage ring excitedly. There were a lot of holy crystals beside her.

"Holy crystal, there are so many holy crystals."

Shangguan Xi'er trembled a little with excitement. With so many holy crystals, her cultivation can definitely be consolidated at the shortest speed, and all the true essences in the body can be transformed into holy essences. When the time comes, Ling Luling and the others will have to face it. Easier.

"These celestial people are really lucky stars in this palace."

Shangguan Xi'er immediately sat cross-legged and quickly placed these holy crystals in a formation. Immediately, hum, the power of invisible holy crystals was sucked into her body, and the aura on her body increased at an astonishing speed.

Huhuhu!

A wave of magic light lingered on the surface of her body, forming two colors that were diametrically opposite to the power of the holy yuan, fusing with each other.

She was very careful when she was cultivating, trying not to exude any aura, so as not to attract the attention of Mang Beast and Ling Luling in this canyon.

But there was still a trace of demonic energy escaping.

"Ok?"

Not far away, a black figure quietly entered the canyon, feeling this subtle demonic energy.

"How can there be the power of the demon energy of the alien demon here?" Chen Sisi has experienced the inheritance of the master of the deep demon, and has reached an unprecedented level of understanding of the demon way. If Shangguan Xier only has the power of the holy yuan, she will naturally feel No, but Shangguan Xi'er's holy spirit also contains the demon

Yuan was naturally caught by her.

Whoosh!

Chen Sisi shook his body and quietly went to the direction where the devilish energy came.

"this is....."

After a while, Chen Sisi had arrived at Shangguan Xier's retreat and saw Shangguan Xier who was cultivating.

"Shangguan Xier."

Chen Sisi's eyes suddenly burst out with a hint of light, and the person she wanted to kill was right in front of her eyes. This kind of excitement and anger can be imagined.

"Om."

Chen Sisi's figure melted into the void, without any thought or consideration at all, and quietly hid beside Shangguan Xi'er, and he immediately launched an attack on Shangguan Xi'er.

"who?"

Shangguan Xi'er opened her eyes suddenly, and she was shocked. Did the master of the heaven find it? Om, she was full of divine light, and the holy crystal beside her was quickly put into the storage ring, and her figure suddenly retreated.

"Transformation!"

Boom boom boom!

As soon as Shangguan Xi'er retreated, a terrifying attack came, covering her current position in an instant.

"so close."

Shangguan Xi'er took a breath, although she appeared too quietly, if she were not in a forbidden place, she would always pay attention to the surroundings. She had definitely been hit by the previous blow.

Did the master of the heavens come so quickly?

She stood still and looked up, but was stunned, because the person in front was not Ling Luling and others at all, but a woman in a black robe. She was graceful and full of charm, which made Shangguan Xi'er look in her eyes. Slightly blurred.

There is such a charming person in this world?

Shangguan Xier's mind seemed to be sucked by this figure, and her soul would sink into it. In the soul, there were all figures of this figure.

"not good!"

But suddenly, Shangguan Xi'er's heart beat wildly, a strong sense of crisis emerged in her heart, and her figure hurriedly backed away.

puff!

The moment she retreated, a scratch appeared on her face, and with a puff, blood splashed out. Shangguan Xi'er was frightened and hurriedly urged the Blood Soul Dafa to calm herself down.

She was actually bewildered by the opponent before. She was sweating and sweating profusely. If she hadn't reacted in time, she would definitely be in danger for the previous blow.

But after the horror, Shangguan Xi'er suddenly let go of her heart, because she had already figured out that the opponent was not Ling Luling and the others at all, but a powerhouse at the semi-sage peak.

Thinking that she was almost beheaded by a half-holy pinnacle woman, Shangguan Xi'er couldn't help being furious.

"who are you?"

A series of terrible auras recovered from Shangguan Xi'er's body. At this moment, she recovered the female emperor's aura, like a high empress, looking down at Chen Sisi.

"Shangguan Xi'er, I am the one who killed you."

Chen Sisi gritted his teeth and said with cold eyes, like ten thousand years of icy ice, unchanging for billions of years. Two consecutive shots failed to kill Shangguan Xi'er, making Chen Sisi vigilant, and a terrifying magical aura bloomed from her. Came out.

kill!

She shook her body, suddenly turned into a shadow, and went straight to Guan Xi'er. She could feel that Shangguan Xi'er's cultivation base surpassed her, and it is very likely that she was a holy realm master who hadn't been seen in the mainland for thousands of years, but Chen Sisi, who passed the inheritance of the Lord of Abyss, had already taken this Everything was forgotten, only Shangguan Xier was in her eyes, she only wanted to kill Shangguan Xier.

[Chapter 2422: War Shangguan Xier](#)

"you wanna die!"

Shangguan Xi'er yelled angrily, booming, and slender hands stuck out. Suddenly, the terrifying holy realm aura burst out suddenly and fought Chen Sisi.

Boom!

The two were fighting together. In terms of cultivation base, Chen Sisi is no more than a semi-sage peak, and is not as strong as Shangguan Xier's holy realm cultivation base. However, her fighting spirit hits the sky. Shangguan Xier is the biggest enemy in her heart. Over the years, she has fallen into the magic way and practiced. The ruthless way,

Even if he was willing to be in the demon, everything was just to kill Shangguan Xi'er.

Therefore, she is holding back a wave of energy, going to transcend, transcend, transcend.

Now that I saw Shangguan Xi'er, she knew that her cultivation was not enough, but she still took action because she had absolute confidence in herself.

Cultivation is definitely not everything.

call out!

Chen Sisi shot, the terrible magic aura condensed between her palms, endless rules rippling, this aura is the highest, as if above the nine heavens, suppressing all the rules of the world. This is natural. Although Chen Sisi also cultivates the magic way, she is much stronger than the alien demons on the way of the magic way. What she cultivates is the supreme magic way of the master of the abyss, which is also extremely terrifying in the heavens. Then, condense the reincarnation monster

.

This is her strongest capital.

"What kind of magic rules are this?"

Sure enough, as soon as Chen Sisi shot, Shangguan Xi'er changed color, because she also cultivated the magic way, even the dual body of human and devil, but as soon as Chen Sisi's magic way rules were released, she found that her own magic way rules were actually suppressed.

How is this possible?

She is a strong man in the holy realm, who has swallowed the power of the demon master of the alien demon race, and will be suppressed by a semi-holy peak warrior on the rules, which is simply a big surprise in the world.

However, that strong sense of suppression lingered, extremely clear, as if the minister had seen the emperor and was instinctively suppressed.

"Who are you? Kill me!"

Shangguan Xi'er yelled. Although her breath was suppressed, she took the initiative in terms of strength. She shot it out with one palm. The rules of Rui Sha's magic way violent, and there was also an aura of arrogance, as if nothing was not cut, nothing was not broken, Nothing is immortal.

Bang! The two banged against each other. Suddenly, the terrifying magical powers collided with each other, as if a huge wave was set off on the sea, and the rules of the avenue were moving. If this is to be hit by the water wave, it is estimated that an ordinary semi-sacred city May be photographed directly

Died.

puff!

Chen Sisi was blown into the air, her figure trembling slightly, and blood spilled from the corner of her mouth.

On the other hand, Shangguan Xi'er only shook her body slightly, and there was nothing serious about it.

But Shangguan Xi'er's heart was surging with turbulent waves. Although he still had the upper hand in the blow just now, the advantage was not very obvious.

how can that be! You must know that she has broken through the holy realm and possesses the origin of the holy realm. Although the holy essence in the body has not been completely transformed, it is not a master of the semi-sage level. Just like her at the beginning, it is enough to swallow at the semi-sacred peak realm. The devil confronted,

But being strong like this is not because of a severe injury from a master in the heavens.

Although the masters of the heavens are all masters of the pinnacle of the sage, at least it proves that the holy realm and the semi-sage are two completely different realms.

She was in the semi-sage pinnacle realm enough to be able to fight against the holy realm, according to the truth, after she broke through the holy realm, it was enough to easily crush any semi-sage pinnacle warrior.

But the person in front of her blocked her attack. There was only one possibility.

That is, the rules of the magic path that the other party comprehends are far above hers, and her rank is superior, which reduces her advantage in realm.

hiss!

Shangguan Xi'er showed a cautious look for the first time, shocking her heart.

"Who are you?" Shangguan Xier frowned. "Shangguan Xi'er, you have done a lot of evil, colluded with foreign races, and killed countless arrogances in the ancient Yu world. Today I will walk the way for the sky." Chen Sisi looked at Shangguan Xi'er coldly, without any emotion in his eyes, like the way of heaven. No desire, she

The blood was flowing in the body, and the wound on his body was healed quickly.

This is too shocking, being injured by a holy realm master, a semi-holy warrior can't resist the erosion of the holy realm's origin, and the injury will continue to deteriorate.

But not only did Chen Sisi not deteriorate, but healed instead, which simply violated the rules of heaven.

"Doing the way for the sky?" Shangguan Xier sneered: "It's so nice, don't you also practice the magic way? You are hypocritical here."

"I fell into the magic way, just to kill you." Chen Sisi said.

The ruthless aura on his body is even stronger, and the ruthless aura of everything has even affected this space.

"This is the ruthless way?"

Shangguan Xi'er was surprised.

She stared at Chen Sisi for a while, suddenly a flash of inspiration, as if thinking of something, said: "I know who you are, Ruthless Dao, you are a member of the Phantom Demon Sect? She also mentioned Guyu Realm, you are Chen Sisi, the Saintess of the Magic Sect?"

Shangguan Xi'er showed a shocked look: "At the beginning you disappeared in the abyss of the abyss, but you did not expect to come out alive. I understand, you got the inheritance of the master of the abyss in the abyss of the abyss?" Shangguan Xi'er's eyes It was bright, bursting out a fanatical light, and she finally understood why Chen Sisi was better than herself in the perception of the magic way. What she devoured was only the power of the demon master of the alien demon continent, and if Chen Sisi really got the abyss demon

The Lord's Demon Path inheritance, then everything is explained.

Compared with the alien demon race, the master of the deep demon is the master of the demon way in the heaven, and he is more than ten times stronger than the alien demon in the level?

If she killed Chen Sisi and got the Demon Dao inheritance of the Abyss Demon Clan, how far would she be elevated? Need to be afraid of Ling Luling and the others?

Shangguan Xier clearly remembered how Jian Pingdao died. The terrifying thunder light from the sea of thunder easily killed Jian Ping Dao. But such a terrifying thunder light can only suppress the Lord of the Abyss for thousands of years. Can't kill it.

The reason is too obvious.

"Hahaha, it really was God who helped me, the inheritance of the magical path in you, this palace wants it."

Shangguan Xi'er screamed and launched a fierce attack.

"Huh, magical body."

Chen Sisi yelled angrily and also killed him, urging the magical body.

Suddenly a strange light bloomed on her body, and Chen Sisi was suddenly full of charm. This charm was so strong that even a master of the holy realm like Shangguan Xier was affected.

Shangguan Xi'er was still a woman, if a man faced such a charm, what would it be like.

Boom!

The two sides fought together again. This time, Shangguan Xi'er was prepared. She urged the power of the holy realm to suppress Chen Sisi.

Puff puff! Chen Sisi was constantly retreating. Although she has advantages over Shangguan Xi'er in all aspects of the Dao rules, Shangguan Xi'er is a master of the holy realm after all, and she is the first person in the mainland, in terms of methods and techniques, Shangguan Xier is not weak

who. Chen Sisi immediately fell into danger.

[Chapter 2423: Master-disciple encounter](#)

She frantically urged the magic way to attack, resisting Shangguan Xi'er's shot hard, her eyes were crazy.

However, no matter she was crazy, Shangguan Xi'er was a master of the holy realm after all, and she gradually fell into a disadvantage.

"Boom boom boom!"

During the attack, Shangguan Xier even urged a soul attack, and a series of terrifying soul powers continuously poured into Chen Sisi's mind.

She broke through the holy realm, and her soul power was transformed. Since she couldn't kill Chen Sisi in an instant on the road, she suppressed it in the soul.

But these soul attacks poured into Chen Sisi's mind, and they didn't have much effect.

How is this possible?

She was shocked again.

Chen Sisi is just a semi-saint pinnacle warrior, who has been inherited on the avenue, and is better than her, but in the soul, how can it be impossible to resist? She didn't know that Chen Sisi had traversed

ninety-nine steps in the deep demon secret realm in order to gain inheritance, and each step was attacked by terrible souls. This is the inheritance attack of the magic way, she can carry it down. Waiting for will, ordinary

The soul attack of the Saint Realm master couldn't bring her much damage at all.

But this also made Shangguan Xi'er more coveted for Chen Sisi.

The benefits of this guy are too many.

"dead!"

Shangguan Xi'er roared, she had the upper hand and launched a fierce attack.

boom! boom! boom!

The two fiercely confronted each other, and Chen Sisi was immediately at a disadvantage. He kept backing away, his face turned pale and he vomited blood.

"Cultivation base, I want a stronger cultivation base."

Chen Sisi roared in her heart, and the enemy she wanted to kill was right in front of her, but she couldn't help but avenge Chen Shao. Who could understand this pain?

"what!"

She roared, blood and tears shed.

"Little dust, Sisi is useless, Sisi is really useless, Sisi sees an enemy, but can't avenge you, is Sisi very useless."

She cried loudly, and the more she cried, the more she fought, and she was unwilling.

If possible, she would rather die than replace Shangguan Xier's life, but she knew that even if she died, Shangguan Xier would not die, so she had to live, she could not die.

Shangguan Xi'er's face was extremely solemn and stiff. She had experienced many battles, even in the realm of Emperor Wu, slaughtered many peak Martial Emperors, and there was nothing in the world that could move her.

But I have never seen such a tenacious guy, clearly inferior to her, but he is madly resisting.

"Blood Soul Dafa!"

Shangguan Xi'er urged the Blood Soul Dafa, and the diamond bracelet urged it to move, booming, the crystal diamond bracelet exploded with rainbow light, and instantly blasted towards Chen Sisi.

This time, Chen Sisi finally couldn't resist it, and was blasted out with a bang, with blood spurting out of her mouth. If she hadn't reacted in time, this blow would be enough for her to explode.

"The green hills left are here, so I'm not afraid that there will be no firewood."

Chen Sisi gritted her teeth and finally accepted her fate. She turned around and left here. After she completed the mission of the Lord of the Abyss, she would be able to break through to the Holy Realm. At that time, it would not be too late to kill Shangguan Xier.

Hum!

She shook her figure, her figure became hazy, and she was about to leave here.

"Want to go? Leave it to me."

But how was Shangguan Xi'er willing to let Chen Sisi leave? She burned her source, her hair fluttered, and once again spurred the diamond bracelet. Not even afraid of disturbing Mang Beast, Ling Luling and others, she wanted to kill Chen Sisi.

boom!

The crystal diamond bracelet surged, came to Chen Sisi's head like lightning, and fell violently.

"stop."

At this moment, a figure suddenly rushed, booming, a powerful demonic energy swept over and resisted in front of the diamond bracelet. With a bang, the demonic energy was directly exploded, but the diamond bracelet was also slightly resisted. Chen Sisi immediately seized the opportunity and left the attack range, but the figure was blown out by the aftermath and fell down. On the ground, spout

Blood.

"Master?"

Chen Sisi looked at the incoming person in shock, and it was Sect Master Illusion Demon who suddenly rushed out.

"Sisi, it really is you, you are not dead."

Sovereign Illusory Demon looked at Chen Sisi, with joy in his eyes: "Master thought you had died in the secret realm of Abyssal Demon."

"Oh, master and disciple meet again? It's really touching!"

Shangguan Xi'er walked over slowly, with a mocking tone in her tone, "My dear sister, when did she actually care about the disciple so much? Tsk tsk, this is not like you."

"younger sister?"

Chen Sisi's eyes widened, and he looked at the Sovereign of Illusory Demon in amazement.

"Shangguan Xi'er, you can't kill Sisi." The Illusory Demon Sect Master gritted his teeth and stood up, his mouth was full of blood, his eyes were cold, and he smiled miserably: "You have finally broken through the holy realm, sister, your wish is finally fulfilled. , But, in order to fulfill your wish, how many evil do you do, it's hard for you

Is the Tao still obsessed? "Hahaha, stubborn?" Shangguan Xi'er sneered: "In this world, the weak eats the strong. For the sake of strength and no compromise, shouldn't everyone should do it?" Just like you, my good sister, you become a fantasy in order to avenge me

Sect Master, is there still little blood on his hands? Did you teach me this time? "

Sovereign Phantom Demon had no words, and after a while, he said coldly: "You can't kill Sisi."

"Why?" Shangguan Xier was curious.

"Because Sisi is a woman of his offspring, I will never let you kill her." Sect Master Illusory Demon said coldly. Shangguan Xier was stunned, as if he had heard a big joke, "I said, when did my good sister learn to care about people? It's because of him? You have to care about his descendants. , Your love, is it too humble

A little bit? "Shangguan Xi'er looked at the Illusory Sovereign ridiculously, her own sister is too sad, she may not know that his descendant she said is actually Qin Chen herself, but she still doesn't know the truth, if you wait for her Know the truth, again

What kind of expression will it look like?

Hahaha, the two masters and apprentices actually like a man, it's really cheap.

If there is a chance, Shangguan Xi'er really wants to see what her expression will be if Shangguan Wan'er knows the truth, but she has no chance, Chen Sisi, she must kill whoever stops her, she will kill whoever stops her.

Shangguan Xi'er frowned and glanced around her eyes. The fighting here just now was too loud, and it was decided quickly.

"dead!"

Thinking of this, Shangguan Xi'er shot again, with all his strength.

"Good sister, if you dare to stop, I will kill you first. In order to become stronger, I even dare to kill Feng Shaoyu, even Shangguan Gufeng. Killing you more is nothing. You see yourself. Is too important."

Shangguan Xier said grimly, his eyes were crazy and booming, and at the same time, the diamond bracelet turned into a net of heaven and earth, instantly wrapping Chen Sisi and the master of the magic demon.

"You actually killed Shangguan Gufeng, she is our aunt."

Shangguan Wan'er said in fright, her body soaring into the sky, "Sisi, you go."

She brazenly rushed to Shangguan Xi'er, actually trying to buy time for Chen Sisi to leave.

"If you want to die, I will fulfill you."

Shangguan Xi'er showed hideous eyes and attacked fiercely.

"Master."

Chen Sisi shouted angrily, shook his body, and suddenly hugged the Illusory Sect Master.

Hum!

The next moment, a ray of light flashed on her body, and a terrifying demon energy suddenly shot from the distance, which immediately wrapped her, hum, Chen Sisi and the phantom demon sect master suddenly vanished and disappeared instantly.

Boom.

Shangguan Xi'er's attack landed on the void, making a thunderous roar, but Chen Sisi and the Illusory Demon Sect Master had disappeared.

"how is this possible?"

Shangguan Xier's eyes were frightened and angry, and the duck in hand actually flew. How did the other party do it?

"Damn it, get out of here first."

Shangguan Xi'er didn't dare to stay for a long time, she shook her body and disappeared suddenly.

And not long after she disappeared.

Lots of sacred beasts were attracted by the battle and swept over.

Whoosh!

Behind these sacred beasts, a figure also quietly fell. It was Qin Chen.

[Chapter 2424: Split up](#)

"Kid Qin Chen, be careful, don't alarm these reckless beasts." The **** cat appeared beside Qin Chen and reminded.

"Don't worry, I'm not that stupid yet, but when are there so many wild beasts in this canyon?"

Qin Chen had doubts in his mind. When he came here in his previous life, he hadn't seen so many wild beasts at all, otherwise how could he live to the present?

"I really don't know how you entered this canyon in your previous life and didn't die."

The **** cat glanced at Qin Chen speechlessly.

The two figures hide in the void, quietly approaching the place where they were fighting.

This shows the terrifying spatial attainments of the **** cat, even if it flies in this canyon, it is very easy, and the spatial fluctuations caused will not be perceived by these holy beasts.

Reminiscing about the many restrictions and seals on the **** cat that he had seen before, Qin Chen thought about it. The origin of the **** cat was probably more terrifying than he had imagined.

call!

After a while, the two took advantage of the opportunity of these wild beasts to disperse and quietly landed where they were fighting before.

"Someone fought here just now..."

Seeing the mess at the scene, Qin Chen frowned, and there was still a horrible aura fluctuating in the void, which made him feel that it was obvious that someone was fighting here just now.

"No, this breath?"

Suddenly, a look of shock appeared on Qin Chen's face, because from the aura of battle, he felt a unique demon aura, which was very similar to the demon aura that Qin Mo had felt in the inheritance of the abyss.

"Is it Sisi?"

Qin Chen's face immediately showed anger. If Sisi was fighting here before, how is Sisi now?

Qin Chen immediately released Qin Mo from the Universe Demon Jade Plate. Although Qin Chen and the clone shared their insights, Qin Mo was transformed by a parasitic seed after all, and was inherited by the Lord of Abyss Demon, and his understanding of the magic way became clearer. .

Sure enough, as soon as Qin Demon appeared, Qin Chen immediately felt a sense of resonance, which was definitely the Demon Dao aura that the Lord of the Abyss had mastered.

"It must be Sisi."

At this moment, Qin Chen was shocked and angry. At this moment, he knew that the person who had fought here before was definitely thinking about one, and his heart was immediately extremely anxious. Qin Chen has also received the inheritance of the Lord of the Abyss, and naturally knows that with the help of the Lord of the Abyss, Sisi will certainly be able to easily break through to the semi-sacred pinnacle realm. However, the Lord of the Abyss is in order to release Sisi from the mysterious realm of the Abyss. , It is impossible to make Sisi feel

Realize the original power and break into the holy realm. Because the magic way is also a kind of avenue, it has no attributes. If it is just to perceive the magic way, then the sea of thunder will not have any reaction, but once the original aura of the master of the abyss breaks through the holy realm, then Sisi will never May leave

Once the Sea of Thunder appears in the Sea of Thunder, it will be destroyed by the Sea of Thunder.

In this way, Sisi's cultivation is very likely to be only in the semi-sage pinnacle realm.

But all those who entered here were masters of the heavens, if Sisi met a master of the heavens, would it be possible for Sisi to survive with her cultivation base at the semi-sage peak?

For a time, Qin Chen's heart was anxious.

"Kid Qin Chen, don't worry, no one here should have fallen." At this time, the **** cat's voice rang, his eyes flickering: "There seems to be the aura of three people here, and all of them are the aura of the magic way of cultivation, strange. "

"Magic breath?"

Qin Chen was anxious and confused. Only then did he react, and realized it carefully. As expected, he realized three different magical auras.

"Shangguan Xier."

Among them, Qin Chen analyzed Shangguan Xier's breath instantly, but isn't Shangguan Xier with the Celestial Master? How come here alone?

Moreover, Qin Chen could feel that Shangguan Xi'er's breath was terrifying, and it was clearly the breath of the Holy Realm.

Shangguan Xier broke through the holy realm?

Qin Chen was taken aback, and combined with the fact that Shangguan Xi'er appeared alone here, Qin Chen realized in an instant that Shangguan Xi'er had most likely already mastered the heavenly masters.

In addition to Shangguan Xi'er's breath, Qin Chen also sensed another breath here.

The aura... is the Sovereign of the Phantom Demon? The same demon aura, but there is still a huge difference between them. The master of the magic demon is a semi-sacred realm that can only be broken through through the demon heart stone, and the master of the abyss demon in Sisi and the demon aura of the alien demon of Shangguan Xier. All very different, very

Easy to recognize.

"Why did Sect Master Phantom Demon come here?"

At this moment, Qin Chen inexplicably recalled the words Feng Shaoyu said before his death, about the great secret of the Illusory Demon Sect Master, but he was killed by Shangguan Xier before he could tell it.

What is the secret between Sect Master Phantom Demon and Shangguan Xier?

Thinking of this, Qin Chen remembered what Shangguan Gufeng said before his death. Shangguan Xi'er had a twin sister named Shangguan Wan'er. She was actually Shangguan Wan'er who had been with him.

If all this is true, could it be said that the phantom master is actually Shangguan Wan'er? The person I loved back then was actually Shangguan Wan'er?

Qin Chen was shocked.

He hadn't had time to study these before, but when he thought about it carefully, his heart was pounding wildly.

But immediately, Qin Chen's eyes became cold. It doesn't matter if the one who accompanied me back then was Shangguan Xier or Shangguan Wan'er, and whether Feng Shaoyu and Shangguan Gufeng said it was true or not, it had nothing to do with me. Even if the one who accompanied me was Shangguan Wan'er, then she was from that year. Initiator, hidden

People who keep cheating on their own feelings.

Qin Chen had no good feelings about Shangguan's family.

Qin Chen is only worried about Sisi now.

But he couldn't let the masters of the heavens continue to go deep. If they really found the origin of the Tianwu Continent and destroyed it, then the Tianwu Continent would be completely finished.

"The place where these demonic energy disappeared seems to be in that direction."

Qin Chen raised his head, his eyes flashed, and he could vaguely feel that a demon energy lingered in the distance before disappearing into the void.

It seemed that only separated from the clone, let the clone Qin Mo go to Sisi.

It shouldn't be a problem to leave alone with Qin Mo's holy realm cultivation base, and there shouldn't be any danger in being together with the **** cat.

Qin Chen made a decision in an instant. Immediately, Mo Qin shook his body and quietly followed the place where the Mo Qi had disappeared, while Qin Chen continued cautiously deep into the canyon.

This time, Qin Chen speeded up.

And in the depths of the canyon thousands of miles away from Qin Chen. Ling Luling and the others looked excitedly at a mountain bag ahead, their bodies trembling with excitement.

[Chapter 2425: The power of time](#)

There is nothing on this gentle mountain bag, only a gray tree one foot high. This tree has no leaves or branches. It is not so much a tree as it is a weird plant with a top of the tree. Knotted three cyan

The fruits of these fruits are surrounded by a trace of Taoism, as if the years have passed without a trace.

These three cyan fruits look very inconspicuous from a distance, but if the soul power falls on it, you can immediately feel the endless vicissitudes of life.

At this moment, Ling Luling and the others were staring at these fruits greedily, their expressions full of excitement.

"Could this be the legendary Dao Yunguo of the years!" Looking at these three fruits, Ling Luling's eyes widened in shock.

They have heard of this kind of fruit in the legends of the heavens. It is like the legendary Daoyunguo, which is a very special kind of fruit, belonging to the legendary Daoguo.

The so-called Tao fruit is the fruit that contains the principles of heaven and earth, and it is often the top elixir. The Tao Yun Guo is more special. It is the fruit that contains a trace of the origin of time. It is a kind of Tao fruit that can only be bred in places with extremely strong time rules. Once this kind of Tao fruit is obtained by the martial artist, you can feel it. Which contains

Time rules.

Although these rules of time are extremely subtle, the rules of time are one of the most supreme rules between heaven and earth. Even if it is only a very weak sense of perception, it will be extremely helpful to a warrior.

"There are years and Dao Yunguo, which means that there is very likely to be a source of time here. Now a few of us have posted."

The last of the four celestial masters, Qian Yuanliang, said in surprise, and immediately rushed up at the fastest speed. At the same time, the blazing heat in his eyes melted all the rhymes on the Tao Yun fruit of the years. Up.

Four of them were present, but Dao Yun Guo only had three. How to distribute? So he was the first one to take the shot, and he wanted to pick one of the years Dao Yun fruit first.

"This time Dao Yun Guo hasn't matured yet, so you can't go up..." Ling Luling immediately exclaimed when seeing this. Time Dao Yun Guo contains the rules of time. When it is not yet mature, the rules of time are not completely restrained and extremely dangerous.

"Don't worry, I won't be so reckless to rush straight up."

Qian Yuanliang laughed, banged, and directly reached out his big hand. Facing something unknown, he would naturally not be reckless. Instead, he would directly urge the power of Saint Yuan to turn into a big hand of Saint Yuan to pick the fruit of the years above.

But the horror in Ling Luling's eyes did not fall at all, and said angrily, "Do you think the time rule is so simple? Come back soon."

It's just that it was too late when Ling Luling said this, and the big hands of her companion's Sheng Yuan had already touched the time Dao Yun Guo not far away. The Dao Yunguo of those years did not fluctuate at first, but when Qian Yuanliang's holy yuan hand was about to touch it, hum, the Dao Yunguo of those years immediately exuded a misty breath of years, a terrible breath. The breath of time comes directly from it

Haunted out, and immediately wrapped the big hand of Saint Yuan.

not good! Qian Yuanliang was shocked immediately in his heart, and he wanted to give up Sheng Yuan's big hand, but before he had time to give up, he already felt the endless vicissitudes of life pressed against him, and he even felt difficult to breathe. At this moment, he Only can

What he felt was that his life was fast passing by.

In an instant, as if endless time passed, the great hand of Sheng Yuan that Qian Yuanliang protruded was silently disappeared. The power of the years was so terrible that it directly corroded the great hand of Sheng Yuan.

In addition, a trace of the strength of the years permeated Qian Yuanliang's body.

Ling Luling behind Qian Yuanliang clearly saw Qian Yuanliang slowly getting old, his hair gradually turned white, and his face was aging at a speed visible to the naked eye.

Moreover, his turning around became extremely slow, as if it had been tens of thousands of years. When he completely turned around, his face was already covered with countless wrinkles.

"help me....."

He opened his mouth in horror, and even the act of speaking seemed to be hundreds of thousands of years away.

hateful.

Ling Luling roared, and a simple mirror appeared directly in his hand. With a boom, the mirror light frantically slammed into Qian Yuanliang's body and blasted him out.

With a bang, Qian Yuanliang fell heavily to the ground, leaving the scope of the time rule, the years Dao Yun Guo suddenly lost its luster and dimmed, as if nothing had happened before.

"Qian Yuanliang, are you okay?"

Xiu Chengze and Liu Fengyu flew up quickly, and when they saw Qian Yuanliang, their faces all showed fear.

Is this person in front of them still their partner Qian Yuanliang? His skin was loose, his appearance was old, his temples were pale, and his black hair had turned pale, as if he was tens of thousands of years old in an instant.

With only half of his work, Qian Yuanliang seemed to have spent tens of thousands of years.

"You idiot."

Ling Luling rushed up and cursed, she hurriedly took out the healing pill, quickly fed Qian Yuanliang down, and healed him.

Hum!

The terrible sacred pill power permeated Qian Yuanliang's body. Qian Yuanliang's original weak aura rose again, and his injuries quickly recovered, but his old face did not improve much.

"Ling Luling, why did Qian Yuanliang become like this?" Xiu Chengze and Liu Fengyu were shocked. "You still say." Ling Luling's face was green: "Year Dao Yunguo is the Dao fruit of perceiving the law of time. Although the law of time contained in it can't let people understand the origin of time and fully control the rules of time, they may be able to practice with this. Out

With a certain time magical power, this kind of Tao fruit is one of the highest Tao fruit even in the heavens. "But this kind of heaven-defying Dao fruit also has a special feature, that is, it must not be picked before it is mature. It is not just the time-based Dao Yun fruit that contains the rules of time, including space Dao Yun fruit and other top-level ones. Tao Yun fruits are the same

, The reason why these Taoist fruits are terrible is because of the Taoism contained in them. But before it matures, the rules contained in the Tao fruit are actually unstable. If you rush up, there is only a dead end. "

"Just like Dao Yunguo in these years, its surroundings are full of time Dao Yun that has not stabilized. Once someone approaches, it will be alarmed and trigger these time Dao Yun's counterattacks. Therefore, going up before the years Dao Yun Guo is simply looking for death. "Fortunately, Qian Yuanliang is not too stupid. He actually thought of picking with Shengyuan. The moment that inspired the rhyme of Dao Yun through Shengyuan's transmission, has become very weak, and I blasted him away in time. Time and Daoyun's scope, so he can survive. If it is a moment later, maybe he has become a bone."

[Chapter 2426: Years Dao Yun Guo](#)

hiss!

Xiu Chengze and Liu Fengyu suddenly took a breath, Dao Yun was so terrifying these years.

"Then Qian Yuanliang can recover?"

The two were nervous again.

Originally, there were only four of them left. If one died, only three would be left. There were many dangers here, and who knew what else would be encountered. "Don't worry, Qian Yuanliang still can't die, but the time passing by him can't be reversed anymore. Fortunately, he is just like he has lost some life span now, but the strength is still the same as before. As for the complete repair, he Not impossible

Yes, as long as Dao Yun Guo is mature in these years, let him swallow one. "

"That's good."

Xiu Chengze and Liu Fengyu breathed a sigh of relief. Qian Yuanliang was also sober at this time. Hearing that he could recover, his heart suddenly loosened.

"What a damn!" Ling Luling scolded, "Years and years Dao Yunguo is extremely rare. Originally, a time Dao Yunguo is enough to give any of us the opportunity to realize the rules of time, the strength has improved a lot, and there is even hope. Entering the holy realm, the realm has been transformed. Now he can only waste a piece of healing for him. If he wants to recover, he must use the power of the years Dao Yunguo to repair his body, and he can't understand the rules. This is the fruit of time, you think it is ordinary

Holy pill? "

Qian Yuanliang's face was hard to look at once, and Xiu Chengze and Liu Fengyu's faces were also extremely ugly.

There were only three years of Dao Yun Guo, and now I have to waste one to heal Qian Yuanliang, no wonder Ling Luling is so angry.

Who would be happy to encounter such a thing.

But in order to treat Qian Yuanliang, everyone can only recognize it.

"You stay here for me, there are other treasures next, so don't think about it for now." Ling Luling cursed angrily.

"Then how long will Dao Yunguo mature in these years?"

"The maturity of the Tao Yun fruit of the years mainly depends on the Tao Yun around it. You can see that the Tao Yun around the years is already very restrained. If you don't guess wrong, you should be able to mature within one or two days, at most. Heavenly effort."

"Is it so fast?"

Qian Yuanliang's heart was depressed and about to vomit blood. It only took a few days for Dao Yunguo to mature, but he just came up to die, regretting in his heart. "I won't say much about anything else. Qian Yuanliang, you should understand your own previous behavior. You stay here to guard the Tao Yunguo of this age, and we will look around for it. Since there is Tao Yunguo of the age here, then There must be other treasures too, you

Just stay here and make up for it. "

"Yes."

Qian Yuanliang said bitterly, but there was no resentment in his heart. Ling Luling was able to do this and it was very interesting, and he had also guaranteed that he would have a time-honored Tao Yunguo to heal his wounds, and he could only admit the bitter fruit.

At the moment, Qian Yuanliang was guarding the side of Suiyue Daoyunguo. After all, there are still a lot of beasts here, while the three of Ling Luling cautiously went to the depths of the canyon and searched everywhere.

The few people continued to go deep into the gorge cautiously. As they entered, a terrifying sense of crisis became stronger, which made Ling Luling and the others understand that they should have entered the core area of this gorge.

"Ling Luling, there is a ruin in front of him."

At this moment, Xiu Chengze suddenly exclaimed.

The three of them looked around and saw a ruin in the distant canyon, and among the ruins, this ruin was extremely magnificent, and the breath exuding made the three of Ling Luling feel fear from the bottom of their hearts.

"What the **** is this place?"

Looking at the ruins in front of them, Ling Luling's trio looked horrified. This kind of aura was not something they could approach.

In the entire ruins, there were many entrances and exits, and it was a mess. Ling Luling and the others quickly stood in front of a messy and chaotic space, and felt a tremor from the soul.

This is like an entrance, and there is an invisible huge wall in the entrance, which separates where they are from the inside.

The soul power of the three Ling Luling carefully penetrated into the space in front of them, and immediately felt the various laws and vortexes intertwined together, like a net of knives, instantly wringing their soul power into pieces.

"This should be one of the main entrances to the ruins."

Ling Luling said in a deep voice.

It's just that they can't get in in this kind of place. They even have a feeling that as soon as they get in, they will be killed by the terrifying murderousness here, and they won't even leave the bones.

"It seems that we can only enter here after Master Dong Yuyin comes. If we rush in, there will only be a dead end."

Ling Luling and the others quickly moved to another place, because there were obviously other entrances and exits besides such an entrance.

But Ling Luling and the others have a feeling that there is definitely something they want in this place.

They quickly searched around the ruins.

Click!

In the middle of the journey, they found a lot of treasures and some terrifying ideas to kill them. Fortunately, they were prepared long ago and were not beheaded by these ideas, but these treasures have been turned into decay in the years.

Among them, there are even many treasures of Earth Saint level, and they even have seen treasures of Heaven Saint level.

This shocked them and even sucked in air-conditioning.

What happened in this continent, there were experts from the Heavenly Saint Realm fighting here?

It is a pity that these treasures are all decayed, because this heaven and earth possess the power of time, otherwise, at the level of the treasures of the heavenly holy realm, time will hardly make these treasures decay, even if it is a hundred thousand years, a million years will be useless.

And when Ling Luling and the others searched the ruins.

The time is not far away.

Hum!

A figure appeared quietly, it was Qin Chen and the **** cat.

"Someone."

Seeing Qian Yuanliang who was guarding the side of Dao Yunguo, Qin Chen was shocked. He was a master of the heavens, but why did the opponent suddenly become so old?

Where did the remaining few people go?

"It's the fruit of the years."

At this time, the **** cat took a breath and passed the sound to Qin Chen.

"Yun Guo, what is that?"

Qin Chen was taken aback, but soon following the explanation of the **** cat, Qin Chen also understood what Daoyunguo was in these years.

Is there a Taoist fruit that can comprehend the rules of time in this world?

Although they had felt the power of time in the forbidden land before, when they really saw the fruit of the years, Qin Chen was still shocked.

"The person you saw was injured by the force of time and lost a lot of life." Big Black Cat explained.

"So scary?"

Qin Chen was even more vigilant in his heart. He originally wanted to take action against this celestial master, but now, he dispelled this idea.

Wait for the years to mature.

Qin Chen lurked on the side.

One day later, the Dao Yun on the side of the Tao Yun fruit of those years slowly disappeared, and the surface of the cyan fruit was gradually replaced by yellow. The breath of the years immediately escaped from the surface of the yellow fruit, becoming very gentle. Years Dao Yun Guo has matured!

[Chapter 2427: Lore](#)

Qian Yuanliang, who had been staring at Dao Yunguo before, suddenly stood up.

He looked at the ripe fruit with great excitement, held his breath, and was extremely excited.

Is Dao Yunguo mature in these years? This speed was faster than Ling Luling had previously expected.

But after experiencing the previous dangers, Qian Yuanliang didn't dare to rush forward. He thought about it, took out a treasure, and threw it at Time Dao Yun Guo.

With a snap, the treasure landed on the Tao Yunguo, there was no movement, nor did it trigger a counterattack from the rules of time.

Qian Yuanliang suddenly understood that Dao Yun Guo was really mature in these years.

"Hahaha."

Qian Yuan Liang showed surprise in his eyes and rushed up instantly.

Boom! But just as he rushed past, a terrifying beast suddenly rushed up under the ground of Dao Yunguo. It turned out to be an earth-yellow python with a weird yellow light shining on it. Years Dao Yun Guo Bite

Past.

Damn, there is a mang beast staring in secret. Qian Yuanliang was shocked. The concealed aura of this reckless beast was too strong. He hadn't even sensed it before. At the moment of crisis, he suddenly burned his original power. These years of Tao Yunguo are related to the recovery of his life. How can he not

anxious.

Moreover, a long spear appeared in his hand, booming, the spear burst out, bursting into the sky with rainbow light, and instantly came to the python, and stabbed the python's head fiercely.

With a bang, the python was blown out and fell to the ground.

"Dare to steal things from Lao Tzu, I will kill you."

Qian Yuanliang roared and urged the spear to shoot frantically. In order to prevent accidents, he was mad, the Saint Yuan burned in his body, and he did not keep his hands at all.

This sacred beast was only a sacred beast in the mortal realm. It did not reach the level of the earth sage. How could it be resisted under Qian Yuanliang's crazy attack, and he was immediately vomiting blood and flying out continuously.

On the other side, Qin Chen saw this Mang Beast make a move, but his eyes brightened. Taking advantage of the moment Qian Yuanliang and Mang Beast were fighting, he quietly skimmed over the Suiyue Dao Yunguo, and took all three Suiyue Dao Yunguo. Picked it off.

As soon as Dao Yunguo fell in his hands during these years, Qin Chen immediately felt a breath of time, so restrained, that his pores all over his body were relaxed.

This is really a treasure.

It was the first time that Qin Chen saw a treasure that would make him feel this way. At this moment, he seemed to be about to become immortal, and his soul was washed in the years.

"Leave here first." Qin Chen got the years of Dao Yunguo, and instinctively wanted to leave here, because he didn't know where the other Celestial Masters were. It would be troublesome if he was trapped by the Celestial Master in front of him. Yun Guo, his strength can definitely be improved again

If you get higher, your shot will be more secure.

Thinking of this, Qin Chen turned around and left here.

On the other hand, under Qian Yuanliang's frenzied shot, the sacred beast of the mortal realm was nailed to the ground by the crazy Qian Yuanliang for a while.

"Hmph, dare to **** your **** grandfather's things and look for death."

Qian Yuanliang snorted coldly before turning around, looking at the mature Dao Yunguo with joy in his eyes.

But at this look, his eyes widened, and there was panic in his eyes.

The original three years of Tao Yunguo were all gone.

Where are the years, Dao Yunguo? Where did you go?

Qian Yuanliang was frightened, his eyes flashed, and he immediately saw Qin Chen quietly running away.

"It's your kid!"

Qian Yuanliang's eyes straightened suddenly. At this moment, how he didn't understand what had happened, the other party actually stole Dao Yunguo of this age while he was fighting.

"Qin, Chen!" Qian Yuanliang roared and killed him from a distance. With a virtual stabbing, the spear suddenly transformed into shape, stabbing Qin Chen like a sharp arrow.

He was crazy, his blood and sacred essence burned, and unprecedented terrifying power broke out.

The shot swept across, and the surrounding ground was cracked, extremely terrifying.

It is because the environment of the God Forbidden Land is extremely stable. Otherwise, if the powerhouse at the peak of the mortal realm burns essence and blood so sweeping, there will be a large pit as deep as the ocean.

call out!

At the same time, Qian Yuanliang blasted a stream of light into the sky, which was clearly calling other people.

Qin Chen rushed hurriedly, his eyes flashed coldly, since the other party decided to chase him, he would have no choice but to live or die, and immediately rushed towards the trap he had arranged far away.

"Damn thieves, can you escape?" Qian Yuanliang roared and chased him.

Qin Chen laughed, took out the demon sword, turned around and slashed with a sword.

Suddenly, a terrifying sword aura struck, bursting out a terrifying roar.

Qin Chen's strength has improved too much. With this sword cut, Qian Yuanliang actually felt a bit of crisis.

He originally saw that Qin Chen was just a semi-saint pinnacle warrior, and he didn't care at all. At this time, his heart was chilling, but in order to prevent Qin Chen from running away, he didn't dodge. Above the sword gas.

With a bang, the sword qi that Qin Chen cleaved was shattered, and Qian Yuanliang's speed only paused slightly.

"What, this kid is so strong, it's no wonder that he can kill Pu Caijun, is he really a semi-sage pinnacle warrior?" Qian Yuanliang was shocked, who is he, a strong man at the pinnacle of the sacred world, from the heavens According to the truth, even the Saint Crystal master of the lower realm would be easily beheaded by him, but the opponent's semi-sacred realm could make him feel threatened.

What strength is this?

He must be killed.

boom.

Qian Yuanliang burned his blood and accelerated wildly.

How big is the speed gap between Fan Shengjing Peak and Half-Holy Peak?

No matter how strong Qin Chen was, he couldn't make up the gap in this realm.

Qian Yuanliang quickly approached the distance between the two. He held the gun in his right hand, and vacated his left hand, rushing towards Qin Chen.

Go to hell!

Qin Chen knew that he couldn't hide, and a fierce light flashed in his eyes. He actually walked in the opposite direction to meet Qian Yuanliang's attack.

Bang!

When the boxing force hits, this is capable of blasting an ordinary holy realm master, but when it blasts Qin Chen's body, it only blasts Qin Chen back, without even blasting him.

Buzzing, the space rules urged, Qin Chen changed his body shape, immediately appeared behind Qian Yuanliang, and blasted out the same punch.

"Hahahaha, relying on you as an ant, you think you can break the defense of this saint?" Qian Yuanliang roared, and stabbed with a shot, fast, accurate, ruthless, and spicy, showing his strength at the peak of the sacred realm.

Qin Chen sneered, thinking this was his must-have move?

boom! He immediately activated the True Essence in his body, and immediately, countless pillars of heaven and earth appeared in this heaven and earth. They were the Ten Thousand Sacred Demon Slayer Array, and this was the lore that Qin Chen had arranged long ago.

[Chapter 2428: Too underestimated](#)

The terrifying Halloween Demon Slayer Array loomed out in an instant, covering Qian Yuanliang in an instant. Moreover, Qin Chen's Qinglian Demon Fire and Youkong Bingyan were released at the same time, two terrifying sky fires entwined, one A horrible atmosphere that can destroy the world

The breath spread all of a sudden.

Skyfire collided.

How powerful is the original power formed by the fusion of two sky fires? And among these two forces, Qin Chen's understanding of the rules of heaven and earth was also contained, enough to explode the void.

Yu Jianshu-Dead Word Sword Art!

Then, Qin Chen urged the demon sword, and a horrible demon aura spread out, and the sword aura that turned into a whole body lingered, and joined his most terrifying soul power blessing, and fell down in an instant.

Several major attacks combined with the Halloween Demon Slayer Array, instantly fell on Qian Yuanliang's body.

Qian Yuanliang was shocked suddenly, the horror of this blow made him completely unimaginable. He admits that Qin Chen is very awkward, and even Pu Caijun was murdered by him, but he never thinks that Qin Chen's combat power can threaten him, because the place where Pu Caijun fell before, and what source beast of the alien demon race and A holy land

The breath of the hand was obviously killed by a few people together.

In addition, Pu Caijun is the weakest among them, otherwise he would not be sent to track Qin Chen. Who is the real master who would actively pursue the enemy? Therefore, after he saw Qin Chen, he didn't think that Qin Chen would pose a threat to him, even if he showed strength not weaker than that of the Holy Realm before, but this blow was blasted out, and he immediately sensed this blow. If he is hit, he will not die

To be seriously injured.

He underestimated the enemy. Yes, he knows that Qin Chen's strength is not weak, and he also knows that the other party has killed Pu Caijun. Therefore, although the strength of Qin Chen's previous move surprised him, it was actually in his expectation, plus he was too anxious. It takes years and Dao Yunguo,

So I didn't think about it.

But because of this, he would be careless, because he didn't care about Qin Chen's strength at all.

Want to hide now? how is this possible!

boom!

A big explosion occurred in the void, and the area within a radius of ten miles was completely razed to the ground.

However, when the energy storm stopped, I saw Qian Yuanliang still standing, with an indescribable rune flashing on his body, exuding a high aura.

The rune imposed by the master of the earth sacred realm blocked the killer blow.

And this rune breath is also extremely terrifying in the Holy Land.

"Boy Qin Chen, there is a guardian rune on this boy. The blow you just made was missed." The **** cat's voice rang. Sure enough, the previous Jianping Dao had a horned sky-fighting armor that resisted the attacks of the Earth Holy Realm. How could this Qian Yuanliang not have such a defensive method, and he possessed the Dao Ze guard personally applied by the master of the Earth Holy Peak, even if it was an ordinary land. Holy Land Powerhouse

It is impossible to kill Qian Yuanliang in one blow.

The power of the previous years was still terrifying. When the power of the years of Dao Yunguo attacked, the Dao of this holy realm was not activated at all, because it was completely unable to resist the erosion of time.

Of course, once the rune of the master of the Earth Holy Realm is used, it will start to lose power, so this is life-saving and cannot be used easily.

Qian Yuanliang looked at Qin Chen angrily and shocked, his face was full of incredible and unacceptable expressions.

He, a generation of masters at the pinnacle of the mortal realm, stepped into the realm of the later stage of mortal sage. The powerhouse from the celestial realm was almost killed by a small semi-sage realm warrior in the lower realm, and he was still a flash.

How can this make him believe?

If it hadn't been for him before the lower realm, the lord had left a rune on him, he might have been seriously injured if he didn't die at this time.

This man from the lower realm... is too dangerous!

Qian Yuanliang's face was full of shock, but the killing intent in his heart had reached the point where it could not be added. At this time, no matter who appeared, he could not stop him from killing Qin Chen.

If he doesn't kill this son, he will have trouble sleeping and eating.

What's more, Qin Chen still has the years Dao Yun Guo he most wants.

"You used this method to kill Pu Caijun, but unfortunately you met me, I am not Pu Caijun, die!"

He killed him again, but now that he knew that Qin Chen had that terrifying big killer move, he was naturally prepared, and if he made the same mistake again, he would also be called a strong man in the heavens.

Sure enough, the blow was not heavy, and Qin Chen exploded with a huge skyfire explosion, and urged the demon sword to be cut down like a ghost, and used the Halloween Demon Slayer Array to besiege, but Qian Yuanliang jumped into shape in time. Far away from the attack range of this trick.

His figure flickered, and Qin Chen's attack could not hit him. This is natural. Although Qian Yuanliang is within the scope of the Ten Thousand Saints Demon Slayer Array, he is a master of the late mortal realm in the heavens. In the lower realm, that is definitely the power of the peak of the mortal realm. The shackles of the holy ranks

The power is actually not as strong as imagined.

Because the current Qin Chen is strong because the power of the soul is terrible, but there is no power of the holy origin in the body, and the power of the formation cannot be maximized.

"Why, dignified celestial master, don't you dare to accept the move?" Qin Chen hummed coldly, with cold eyes, and kept attacking: "The so-called celestial master will only keep evading?"

Qian Yuanliang's face was flushed, but he was indifferent. Qin Chen is too abnormal, how many people can threaten the warriors of the late Mortal Saint realm at the peak of the semi-sacred realm? Even in the heavens, it's extremely rare. Only the heirs of the top powers, or the pride of heaven, use taboo methods.

Can do it.

Don't say that Qian Yuanliang has seen this kind of thing.

Such a perversion would actually appear in a lower realm.

There is definitely a big secret in this child.

"Die to me, die, die!"

Qian Yuanliang had learned well. He no longer approached Qin Chen, but attacked from a distance. He was a realm higher than Qin Chen, and even if he shot at such a distance, he could pose a huge threat to Qin Chen.

On the contrary, Qin Chen's attack was difficult to threaten him from a distance because of his realm.

As a result, Qin Chen suddenly became dangerous.

Hum!

He urged the golden gong, spear shadows attacked, and immediately blasted on the golden gong, combined with Qin Chen's own Immortal Eucharist, the ninth stage, although Qian Yuanliang's attack could cause some damage to him, he could not take him down in a short time.

"Isn't this Pu Caijun's gold-melting Tianyun Gong? You kid **** it."

Qian Yuanliang was trembling with anger, Qin Chen used Pu Caijun's treasure to defend against his attack, and the gold-melting Tianyun Gong was a holy treasure, but this kid was able to move with a semi-holy cultivation base, so he didn't feel angry in his heart. However, Qian Yuanliang was not in a hurry, because he knew that Ling Luling and the three were nearby. As long as he saw the signal sent by him, he would be able to get there in a short amount of time. At that time, even if the boy had three heads and six arms, he would not escape death.

[Chapter 2429: Soul Eater](#)

Qin Chen obviously also knew Qian Yuanliang's thoughts, and was slightly anxious. It was the best opportunity before, but unfortunately it was blocked by Qian Yuanliang, but now Qian Yuanliang has entangled himself like a mad, and is more handsome than the previous Pu Cai. More difficult to deal with, one

Once he waited for his reinforcements to arrive, he was in danger. If Qin Mo was here, it would be fine. With Qin Mo's strength, joining hands would definitely be able to kill each other, but now, Qin Mo went to other places, and although Lao Yuan and Gu Zun were strong, they still couldn't bring too much power to Qian Yuanliang

Threatened.

Once exposed, you must seize the best opportunity.

Have to think of a way.

Qin Chen flashed his eyes and said to the **** cat: "Big black cat, don't just watch the show."

"Let me do it again?" The **** cat said silently. "If you don't take action, are you here to watch the show?" Qin Chen snorted coldly. Naturally, he can kill Qian Yuanliang, but he must use the mysterious rust sword and other methods. In this way, the sequelae are too great. The **** cat is here, why don't you find some coolies?

What said the past.

"boom!"

When the words fell, Qin Chen approached Qian Yuanliang.

"Oh, I'm a cat with a hard life." The **** cat sighed, his eyes eager to try.

"Huh, want to get close to me!"

Qian Yuanliang sneered, his figure retreated violently, and he did not give Qin Chen a chance to get close. At the same time, he raised the spear again, and a terrible murderous intent surged.

Qin Chen's eyes flashed, he burned his essence and blood, spurring the Halloween Demon Slayer Array with all his strength, and operating the space rules.

Before the spear in Qian Yuanliang's hand was completely blasted out, he felt the troops, and he felt that the space he was in had changed. Qin Chen displayed his strongest understanding of the rules of space almost at the same time he was urging the formation. He raised his hand and grabbed it. The power of the soul was urged to the extreme. The magical powers and the void formed in an instant. 'S world was suddenly drawn

Inhaled, and a terrible spatial rule permeated, surrounding Qian Yuanliang in this void.

"Space confines supernatural powers..." Qian Yuanliang cried out in shock. This is Pu Caijun's best move. How did this kid learn it? However, he immediately understood that this is not space imprisonment, it is space capture, and the void he is in seems to be no longer in this area.

The world, this world belonged to Qin Chen for a moment.

Standing in the other side's space, wouldn't it be looking for death?

Qian Yuanliang understood his situation in an instant. If it were before Qin Chen started his hand, even if he was enveloped by Qin Chen's space, he would not care at all, but now, where he dare to hesitate.

Retire!

He retreated wildly for the first time.

But at this moment, Om...in the void, a black shadow suddenly appeared behind his head.

"Hey, it's my turn to do it."

It was the **** cat, puff, a paw fell on the back of Qian Yuanliang's head. Qian Yuanliang wanted to avoid it, but the speed of the **** cat was too fast, and he couldn't even feel the hidden breath, wait for him It was too late when I felt it.

An invisible force poured into his mind, Qian Yuanliang only felt his head dizzy, but he immediately woke up.

But at this moment, swish, two figures appeared again in the void, Lao Yuan and Gu Zunren. Originally, with the strength of Lao Yuan and Gu Zun, it was almost impossible to trap Qian Yuanliang, but at this moment Qian Yuanliang has been imprisoned by Qin Chen's space rules, plus the **** cat. He was immediately caught by Lao Yuan and Gu Zun

Trapped in this emptiness.

"Where did you come from? You...you kid has a small world in your body?" In an instant, Qian Yuanliang looked at Qin Chen in anger, his eyes full of disbelief, he instantly understood that Qin Chen absolutely possessed A small world where people can survive. This is a small world. Even in the heavens, it is extremely rare.

in.

There is a small world in a nether boy? When Qian Yuanliang was shocked, he immediately exploded with the most terrifying attack, burning the origin in an instant. Almost in an instant, he blasted through this space of Qin Chen, and blasted Lao Yuan and the ancient venerable away. Gu Zunren even opened his mouth

Blood, broken tendons and fractures.

But as Qian Yuanliang exploded this space, he also saw something unforgettable in his life, or the last thing he saw in his life.

This is a blood spear, a blood spear only three feet long.

When Qian Yuanliang saw the blood spear, the blood spear had already arrived in front of him, and the killing intent to tear through the void instantly took away his mind.

Qian Yuanliang didn't even dare to resist in front of this blood spear. At this moment, the void disappeared, the heaven and the earth disappeared, even the opponents disappeared. In his entire world, there is only one thing, the three-foot blood spear.

"Soul Eater..."

Qian Yuanliang let out a horrified roar. He obviously knew this blood spear and was very familiar with it. The moment he saw the blood spear, his eyes showed extreme horror.

He broke free frantically and wanted to escape here, but he also understood that once he was targeted by this blood spear, the probability of him wanting to escape was too low. This blood spear had completely locked him, even his soul.

"You can refine the Soul Devouring Spear!"

Qian Yuanliang roared in anger, his eyes full of fear, and he could only try to put the spear horizontally in front of him to block the attack of the blood spear.

However, this blood spear was so terrible, it had already pierced into his body with a chuckle, and burst out with a bursting roar.

"what!"

Qian Yuanliang let out a scream, burst open instantly, his body torn apart. And the blood mist he melted didn't splash all around, but was completely swallowed by this blood spear. The Soul Devouring spear let out a sharp cry, it seemed that there was a kind of extreme excitement jumping, unable to settle down, a wave of killing, Evil breath lingering

Winding around, a dazzling **** light bloomed above.

Qin Chen felt the excitement of the Soul Eater, but he did not continue to let the Soul Eater spear go on, and instantly put the Soul Eater away.

And at this moment.

Boom boom boom...

In the distance, three incredibly terrifying auras quickly approached, and the three streams of light instantly pierced the sky and came to this place between heaven and earth.

It was the three Ling Luling who saw the signal quickly arrived.

And the last scene they saw was in a dim array in the distance, Qin Chen pierced Qian Yuanliang's body with a spear, and Qian Yuanliang's screaming screams instantly spread. In their ears.

"Qian Yuanliang!"

Ling Luling roared angrily, the eyes of the three of them instantly turned red, and they rushed over like crazy. They didn't expect that such a thing would happen in such a short time when they were away. Qian Yuanliang was killed by someone, and he was killed by the semi-sage boy in Ancient Nandu.

[Chapter 2430: Golden Rune Paper Revealed](#)

"No, little Qin Chen, the master of the heavens is here."

The **** cat said anxiously immediately.

"I watched."

How powerful is Qin Chen's soul power, he has already sensed the figure of Ling Luling and the others, and the three streams of light from far to near, I am afraid that it only takes dozens of breaths to get here.

"Come!" Qin Chen didn't care to clean up the battlefield, and instantly put Qian Yuanliang's storage ring and weapon together with his corpse into the storage ring, and at the same time put away Lao Yuan and Gu Zunren, booming, and At the same time, the pillars of the Ten Thousand Sacred Devil Array were instantly

Put it away, then rushed towards the distance.

"Boy, where to go, die for me!"

Ling Luling and the three of them were furious, their bodies glowed, their speeds skyrocketed, and they were like crazy.

In fact, they were going crazy too, Pu Caijun and Qian Yuanliang died in the hands of this guy one after another, so they were not angry.

Naturally, Qin Chen wouldn't be in love with battle. He had to deal with Qian Yuanliang so hard. Once he faced the three great masters of the heavens, he would inevitably fall into danger with his current strength.

Anyway, he has already obtained the Tao Yunguo of the years. He just needs to find a place to refine the Tao Yunguo of the years and comprehend the rules of time. When the rules of time and space are combined, what kind of combat power will he have?

And if he finds the origin of heaven and earth here, and uses the origin of heaven and earth to break into the holy realm, then it will be extremely easy to deal with these masters of the heavens, such as cutting grass.

Whoosh!

Thinking of this, Qin Chen was faster and fled frantically.

"Want to run? Chase me." Ling Luling and the three were furious, chasing wildly. They would never be able to leave Qin Chen, and before Qin Chen left, he even took away Qian Yuanliang's corpse. what.

What's more important is that Qian Yuanliang is dead, so when Dao Yun Guo matured in the previous years, he must have been stolen by this kid, how could he let Qin Chen leave.

What's more, they also saw Qin Chen putting away Lao Yuan and Gu Zunren, and immediately guessed that Qin Chen might have a small world in the legend.

Qin Chen, today, must die.

Qin Chen ignored it, just unfolded his body, his body shape like electricity.

Hum!

He urged the rules of space, and suddenly, the speed skyrocketed. The rules of space were driven like an arm under his control, and the speed was too fast. Ling Luling and the three were in hot pursuit, and they used all their methods, but Qin Chen's life-saving methods were also diverse. The shadow division technique gave him a lot of images, and Qin Chen's understanding of the rules of space was also terrifying, plus The Immortal Eucharist can let him bear

Being attacked beyond the limit, even though they could not completely throw away the three Ling Luling, it was not easy for them to catch up with him.

Three chased and one fled. Several hours passed, and Ling Luling still failed to catch up with Qin Chen.

The three Ling Luling couldn't help being astonished. They were all masters in the heavens. After such a long time, they couldn't get a small lower realm semi-saint peak martial artist.

Are they dreaming?

The three of them were more intent to kill, but on the other hand, they were full of curiosity about Qin Chen. There must be a great secret in this person, otherwise how could it be so enchanting?

Kill this guy and take the opposing chance!

Therefore, the three of them were also determined, and they completely left behind the treasures that might be in this forbidden land, and they were chasing Qin Chen. The three believe that if they win Qin Chen, their gains will be tremendous.

The direction Qin Chen fled turned out to be in the depths of the ruins. A few more hours later, Ling Luling and the three people suddenly felt an inexplicable chill. There was a group of terrible years of force in front of them, and there was a terrible killing intent, as if the heavens and the earth were the beginning, the most primitive kind of murderous intent. , Let the three lives

The endless chill stopped involuntarily.

If you chase in, you will die. This is the intuition of the three.

Naturally, Qin Chen didn't run around. He had been to this ruin in his previous life, and naturally he was flying through the place he was familiar with in his previous life. But he was lucky enough to come here in his previous life. There were too few places to pass and he gradually became unfamiliar. At this moment, Qin Chen also saw the power of time in the ruins ahead, and the power of time was above the sky. There is also a terrible

The vortex of the years made him instinctively rise in a chill, the place was untouchable, otherwise even his body would be instantly transformed into nothingness.

He didn't know why he had such intuition, but he believed it. However, at this moment, the piece of golden rune paper in the jade plate of Qiankun good fortune turned out to light up. This golden rune paper was obtained from the golden martial emperor. He had never known its effect before, but it was extremely powerful. Terrible, even first

A treasure that hurts Pu Caijun.

And Qin Chen still didn't understand the origin of the golden rune paper. At this moment, the golden rune paper suddenly lit up, and the golden rune paper exuded a thought to make him move on.

What, isn't this a piece of talisman paper, how could it still emit ideas?

Qin Chen suddenly realized that he had underestimated the origin of this rune paper. Although he did not know from which secret realm the Golden Body Martial Emperor obtained this rune paper, this rune paper definitely has something to do with this **** forbidden place and its origin. Absolutely extraordinary.

An inexplicable trust kept Qin Chen from stopping, and he went forward bravely.

He took out the rune paper and saw that this map emits a fiery light, but if you look closely, you will find that the light is actually emitted from the reverse side of the rune paper.

Qin Chen turned the talisman over immediately, and immediately saw a simple rune behind the talisman. It was this rune that glowed, exuding the supreme sacred power, and blocked the terrible power of time.

"go!"

Without hesitation, Qin Chen rushed directly into the whirlpool of the power of time.

Of course, he didn't break in rashly, always paying attention. Once there is a danger, he will enter the universe fortune jade disc for the first time. In this way, although it may not be safe, at least there is still hope for life.

But what surprised Qin Chen was that this talisman actually blocked the strength of the years, glowing, and protecting Qin Chen's continuous advancement, the strength of the years was inviolable, as if walking on the ground.

"Damn, damn!"

Outside the vortex of years, the three Ling Luling roared frantically, even they dare not enter in such a vortex, but Qin Chen walked flat on the ground.

This is naturally because Qin Chen has amazing treasures that can withstand the erosion of the power of time. It is the luminous talisman paper, which makes them even more jealous. How many treasures does Qin Chen have? Seeing that Qin Chen's figure was about to disappear, Ling Luling couldn't help it anymore, and a rune appeared in his hand. This rune seemed to be the same thing as Qian Yuanliang's before, but it was much more terrifying than Qian Yuanliang's. , Exudes the highest breath.
