

Valkyrie 2431

[Chapter 2431: Holy Master Treasure](#)

This is obviously also a treasure of some kind of body protection, Ling Luling took a step towards the vortex of the years, and wanted to use this treasure to fight the strength of the years, and then find Qin Chen and kill it.

But as soon as she took this step, she saw this rune immediately emit a blazing light, quickly stunned under the power of the years, and extinguished at a speed visible to the naked eye.

what? Ling Luling almost exclaimed. Her rune is stronger than Qian Yuanliang's rune before. No one knows that the rune in her body is of the heavenly saint level. It is the top power of Yaomie Mansion, Lord Su Quan, who took care of her, specially Left, far more than Qian Yuanliang

He Jianpingdao and others are treasures of the holy level.

Therefore, she dared to try to break into the vortex of the power of these years. Of course, she dared to do this, and there was another reason. She saw Qin Chen resisting the erosion of the vortex of the years with the golden talisman paper, and felt that the vortex of the years should not be as terrible as she thought.

Being able to resist, his own Heavenly Saint level defense should also be a problem.

But now, she was horrified.

The methods deployed by the Heavenly Saint Powerhouse are so useless? What level of attack is the vortex of these years? Is it the Holy Master level?

You know, Lord Su Quan is not an ordinary Heavenly Sage master, but one of the officials in the Yaomie Mansion, and is not weak in the Heavenly Sage master's hand.

This shows what?

First, the power of the vortex of these years is very terrifying, at least much more terrifying than Lord Su Quan.

Second, the golden rune paper in Qin Chen's hand is at least the pinnacle Heavenly Sage level. Ling Luling's heart jumped violently. Not to mention such a treasure. Even Master Su Quan would be jealous when he knew it. Such a treasure is a bit worse than the origin of time, but in Ling Luling's heart, it is even better than time. this

The source is also pleasantly surprised.

Because of the origin of time, she is not qualified to obtain it, and must be presented to Lord Holy Master, but if this golden rune paper is obtained by her, who will know if it is not handed over?

Whoosh!

At the critical moment, Ling Luling finally escaped from the range of the vortex of years and landed on the ground, but the rune aura on her body had also become dim, and there was not much left.

Ling Luling felt very distressed, but this was her life-saving trump card, which consumed more than half of it, and it was simply losing her wife and breaking down.

"Ling Luling, the rune on your body was left by Lord Su Quan? Even the means that Lord Su Quan deployed can't resist the vortex of the years. What kind of treasure is the golden rune paper on that kid just now?"

Xiu Chengze and Liu Fengyu flew up and said with shocked expressions.

The two are not idiots, Master Su Quan's breath can still be recognized, and Qin Chen entered safely, but Ling Luling was forced out, and instantly understood the point of the matter.

"Could it be that the golden rune paper is a treasure of the Holy Master?"

"Even if it is not at the Saint Lord level, it is a treasure of the Heavenly Saint Peak."

The two looked at each other and exclaimed, and at the same time a blazing light burst into their eyes, such a treasure was enough to make them soar into the sky.

But at the same time, they thought that there were three of them on the court. Even if they got the treasure, who should they give it to?

The atmosphere on the court suddenly seemed a little weird, and the two of Xiu Chengze and Liu Fengyu even parted quietly, for fear that the other party might get upset when they saw the money, and looked wary.

A saint master-level treasure, in the heaven where the weak and the strong eat, is enough to turn the brothers into enemies, let alone them.

"enough."

Ling Luling could see the thoughts of Xiu Chengze and Liu Fengyu at a glance, snorted coldly, his face was extremely ugly.

"I haven't got the treasure yet, the two of you have become ill-intentioned? Can you still be a little better?" Ling Luling didn't fight.

"Hehe, what nonsense are you talking about Ling Luling? Who is wronged?"

Being broken, Xiu Chengze and Liu Fengyu were a little embarrassed, but naturally no one admitted. "Do you think that if you get the treasure, you can bring it back to the heavens obediently? Don't forget, Master Dong Yuyin is coming soon. If everyone else is dead, you will be the only one living in Dong Yu. In front of Master Yin, you can hide it

go with? "

Ling Luling sneered, "What's more, besides the previous treasure, this person also has treasures such as Small World and Skyfire. Each of them is no small thing. Can you swallow it alone?"

"This....."

Xiu Chengze touched his nose. Although Ling Luling's words were not sound, what she said was the truth.

"Then what do you say?" Liu Fengyu frowned. Ling Luling snorted coldly: "The top priority is to kill the kid first. Only by killing him can you get the treasures from him. As for how to distribute, let's talk about it at the time. Believe that the secret of the kid is enough to satisfy everyone.

."

"However, I think the more important thing is that we have to break through to the realm of Earth Sage here."

"Break through the Earth Saint Realm?" Xiu Chengze and Liu Fengyu both exclaimed.

The Tianwu Continent is too small. It is almost impossible to break through the Earth Saint in such a small plane and world. The difficulty is at least ten times higher than in the heavens, a hundred times higher.

The weaker the world, the greater the **** to the martial artist, this truth couldn't be simpler.

The three of them, although their cultivation bases are all at the pinnacle of the Mortal Saint Realm, they have not been able to break through to the Earth Saint Realm in the heavens. It is more difficult.

"Yes, don't you feel that this world is very special?" Ling Luling said solemnly.

Xiu Chengze and Liu Fengyu were taken aback. "Although this piece of heaven and earth is in a small world, for some reason, many holy realm masters have fallen here, and countless thousands of years have passed. The original power of the masters who have fallen here has turned this area into an extreme Weird

The world of the melting pot is comparable to some cultivation mysteries in the heavens. I have a feeling that in this place, as long as I practice with great concentration, I will most likely be able to break through to the realm of Earth Saint. "

Ling Luling's eyes shone sharply.

"This..." Xiu Chengze and Liu Fengyu carefully perceive the void. Sure enough, they hadn't paid much attention to it before. Now that they perceive it carefully, the nearby world is indeed very magical, and they don't have much restriction on their original power, even And one more

丝 gain.

This kind of feeling didn't exist before in the canyon, but here, it did.

This shows that it is not impossible for them to break through the cultivation base here.

hiss!

They sucked in air-conditioning, what exactly is this place?

"The changes in the world and the earth have their reasons. If I didn't guess wrong, in the vortex of these years, it is very likely that there is a special treasure that has changed the environment of this area." Ling Luling said in a deep voice, his eyes revealed .

This naturally made Xiu Chengze and Liu Fengyu more enthusiastic and excited. The hearts of the two were beating wildly.

[Chapter 2432: Ancient battlefield](#)

"Next, we will stay here and keep walking. I don't believe that the kid will never come out. Once he comes out, he will kill him."

Ling Luling said with a cold voice.

The three of them all made a decision. They all sit here and don't give Qin Chen any chance to escape. As long as Qin Chen comes out, they will kill them in pain.

No matter how long, they will wait. Qin Chen went deep into this vortex of years. Under the vortex, his vision was greatly affected. Even his soul power would be distorted here. Even with his soul power, he could only perceive it within ten feet. Something more than

This distance is a glorious time.

There is nothing here, and what is strange to say is that the source of the power of the years here is very strange, as if it is endless, and it is still impossible to see the true source.

Qin Chen didn't know how terrifying these years of vortexes were. Under the protection of the golden talisman paper, he could not invade like ten thousand laws.

If this thing can keep showing such power, Qin Chen believes that it will be able to kill the previous Celestial Master in a moment, because he has seen Ling Luling's actions, and he can't enter this time vortex at all.

It's a pity that he can't inspire it at all, this golden rune paper is self-inspiring.

Click.

I don't know how long the time vortex suddenly disappeared. Qin Chen found himself on the ground with a hard ground under his feet, while the time vortex was left behind by him.

The golden rune paper dimmed and fell into Qin Chen's hands, and the rune fell silent.

Where did you go?

Qin Chen looked around, and his soul carefully leaned into the space in front of him, and immediately felt the vortex of various laws intertwined, like a net of knives, turning his consciousness into fragments.

"This should be some core place of this ruin." The **** cat said suddenly.

Qin Chen nodded and looked around. The breath of ancient vicissitudes came to his face, countless Dao Yun breath lingered around him, Qin Chen's heart was shocked, the Dao Yun breath here was terrible. It's a pity that the rhyme here is extremely mottled, as if it contains thousands of different rhymes, and

it is impossible to perceive and absorb it. Otherwise, it is definitely a good place to prove the Dao, in such a strong Dao rhyme atmosphere. under,

The law of perception and the way of heaven are ten times easier than the outside world, a hundred times easier.

Moreover, the rules and rhymes here are extremely strong, and each of them is above Qin Chen's own perception.

Puff puff!

A trace of the power of the law fell on Qin Chen, if it hadn't been for Qin Chen to cultivate the Immortal Eucharist, his physical defense was comparable to a master of the Holy Realm, and the power of this law could easily annihilate him into nothingness.

"Little dust, where are we? Is this the depths of God's Forbidden Land?"

You Qianxue asked in shock in the jade disc of good fortune in the universe.

They can also perceive the outside scene, but based on their cultivation, they can't leave the universe to make a jade disc. Once they come out, they may have life concerns. "You guys are cultivating in the jade disc of good fortune in the universe, the ancient person, this Qian Yuanliang's body was deliberately reserved for you, while his celestial origin has not dissipated, you can devour his origin, This way your cultivation base can quickly recover

."

Today's mainland is becoming more and more dangerous, and Qin Chen needs his own power to be stronger and stronger, and among many under his command, Gu Zunren is obviously one of the most powerful.

Gu Zunren was immediately moved by the five-body cast to the ground. He did not expect that Qin Chen would not forget to put away Qian Yuanliang's body in such a dangerous moment in order to let him devour the other party's origin. Who could have this kind of treatment?

Let Gu Zunren cultivate in the jade disc of good fortune in the universe, and Qin Chen walked carefully in this world.

"Kid Qin Chen, be careful." The **** cat suddenly exclaimed.

Hum! A terrible Dao Yun struck, Qin Chen hurriedly backed away, and those Dao Yun suddenly swept away at Qin Chen. The terrible breath made Qin Chen's cold hair stand up. He had a feeling that his current cultivation Because once I am given this rhyme

In the volume, as for the possibility of turning into ashes in an instant.

Where did this golden rune paper bring yourself?

Qin Chen moved forward cautiously. Between this world, there is a chaos, like the beginning of the Harmony, without any vitality, but there are horrible Dao patterns engraved in the void, and there is no

amazing killing aura lingering. These auras persist for a long time, carrying the vicissitudes of life.
Imitation

The Buddha has gone through hundreds of millions of years.

"This seems to be an ancient battlefield, but it was destroyed by a great battle, and these rhymes and rules should be left by the strong men who fought in the past, branding the void, and lasting for a long time." The **** cat observed. After a long time, frowned and said.

"Ancient Battlefield?" Qin Chen took a deep breath. Are these Dao and auras left by the strong men of the year? The history of God's Forbidden Land goes back to an unknown number of years. In such a long period of time, even the aura of the Heavenly Sage Master should have dissipated.

What kind of strong people fought here back then?

"Dangdang..."

A few bells came from far away, and those bells were far away and vast, ancient and sad, as if they were about to seize the soul, they struck Qin Chen's soul.

Qin Chen's soul sea fluctuated in an instant, and there was no way to stop it. His soul sea was instantly torn apart, and a mouthful of blood was spit out. Qin Chen's face turned pale, and he immediately used the Heavenly Soul Forbidden Technique to restore his soul. His face was ugly. It was simply too terrifying here. He could not survive here with the power of his soul. Without the Heavenly Soul Forbidden Technique, I'm afraid he is dead

.

The bell sounded as if it had traveled through the universe. It came and went quickly, but disappeared after a few breaths.

Along with the sound of the bell, there were various roars and the sound of magic weapons bombarding.

With voices coming, Qin Chen gradually adapted to the terrifying environment here, and kept running the Heavenly Soul Forbidden Technique to repair his own soul. If it weren't for the Heavenly Soul Forbidden Technique, he would have died several times.

At the same time, Qin Chen also understood that these voices should be the voices left over by those strong men who fought. In this world, they have turned into the power of Tao and will last for hundreds of millions of years. Qin Chen walked forward cautiously, trying to find an exit here, but the surrounding area was barren and it didn't look like there was an exit at all. Qin Chen didn't even have time to refining, because he had to find it as soon as possible. Way out

.

The ground here is barren, and I don't know how long I have been walking. Two huge ravines suddenly appeared on the ground in front of them, and these two ravines blocked Qin Chen's path. The two gullies seem to be torn apart out of thin air, shocking, bottomless, exuding a heart-palpating breath, and the rhyme of the Dao lingers above the gully, turning into a circle of roads. Then ripple.

[Chapter 2433: Rift scar](#)

Qin Chen's soul swept above, unexpectedly there was a wave of dizziness and killing.

How can this go? Qin Chen knew the dangers were high here, so he didn't dare to pass directly over the ravine, so he took out an imperial soldier and threw it carefully at the Dao Ze Ripple. As soon as the imperial soldier fell on the Dao Ze Ripple, he heard a click, and he was instantly caught Torn into dust,

It disappeared, as if it had never appeared before. Qin Chen took a breath of air-conditioning, such a powerful ripple. With Qin Chen's current cultivation base, an imperial soldier could be destroyed, but it must not be like this ripple. He directly thought that an imperial soldier was strangled into powder, Qin Chen There is a feeling that with his current cultivation base

If you rush into the gully, you will not escape death.

"Big Black Cat, what should I do now?"

Qin Chen's face was ugly, he was blocked by these two gullies, and he couldn't move forward at all.

"This is... the imprint of supernatural power."

The **** cat appeared beside Qin Chen, his eyes condensed.

"The void leaves a mark, the Tao is complete, this is a baby." Then, the **** cat's eyes brightened.

"What baby?" Qin Chen frowned. "This is the imprint of magical powers. It should be the imprint of the Taoist rule left by a certain powerful person when he used his magical powers. It lasts for hundreds of millions of years. This kind of imprint of the Taoist magical power is very complete, and it often contains the original law of this magical power. If there is a strong feeling

This supernatural power imprint may be able to comprehend the opponent's supernatural powers from it. "

"Therefore, this imprint of supernatural power is a treasure in the heavens. Once it appears, it will be enough for the heirs of the major forces to fight for it."

Qin Chen changed color: "So exaggerated?"

Let the heirs of the major forces compete, is it so perverted? "Humph." The **** cat sneered:

"Otherwise, what do you think? Do you think anyone can leave imprints of magical powers in the void? Those who can do this are at least the masters of the Holy Master level, and display magical powers. Come, it is possible to do it, in

In the heavens, any magical power is extremely terrifying, how can it be easily spread. "

"Such a good opportunity, don't you fight for it?" "And if you want to cross this gap, there is only one way, and that is to comprehend the power of Taoism contained in the imprint of this magical power, so that you can resist the invasion of Taoism, otherwise If you can only forcefully break through, but with your current cultivation base,

Forcibly breaking through is just to die." Qin Chen took a deep breath. It turned out that a master at least at the level of the Holy Master can only stay with his supernatural powers. What kind of war has

been experienced here back then? Holy Master, Qin Chen already knows from the mouth of the **** cat. One in the heavens

The master of Fang Da's power.

Can you comprehend such magical powers?

Qin Chen sat down cautiously, and his soul power slowly penetrated into the edge of this ripple.

The feeling of slaughter dizziness came again, but more things were mixed in the ripples and passed to Qin Chen.

The boundless space of the universe seemed to be compressed on these two ripples, and then disappeared. The universe was swallowed, and the surroundings seemed to be directly bombarded by these two ripples, forming a dark void.

Qin Chen also seemed to be brought in by these two waves, and the whole person was plunged into darkness.

"Anonymous, the beginning of heaven and earth, famous, the mother of all things."

"Therefore, there is often no desire, to observe the beauty, and there is always desire, to observe the behavior."

"The two come from the same but have different names, the same is called the mysterious, the mysterious and the mysterious, the door of all wonderful."

"The Great Beginner, the sacred mark in the sky, destroying the sky and the earth, the beginning of everything in the universe..."

The sounds of the great road rang in Qin Chen's ears.

"It turned out to be the Fractured Sky Divine Mark!"

The **** cat seemed to have heard these sounds and exclaimed.

"Kid Qin Chen, you are lucky now. The Sky Splitting Divine Mark is also the top supernatural power in the heavens. When the supernatural powers are used, the heavens and the earth are cracked. Everything in the universe becomes the beginning, and even the heavens and the earth will be destroyed."

The **** cat said in shock. At this moment, Qin Chen was completely immersed in it. Naturally, he could not hear the voice of the **** cat. He was completely immersed in Taoism. This was only the imprint of supernatural power left after the battle, but to Qin Chen it was like a treasure. , This is his first real

Touching the magical powers of the heavens, you can still touch the magical powers.

Now, this great supernatural power is right in front of his eyes, allowing him to experience and comprehend.

It's just that Qin Chen didn't know the prestigious name of the Sky Splitting Divine Mark in the heavens. If Ling Luling and the others came here, seeing this Sky Splitting Divine Mark would definitely be shocked and go crazy.

This rifted divine mark is extremely terrifying. Qin Chen only felt it for a moment, and then he felt obscure. This was because he understood the Taoism of the Foreign Demon Continent, and the Taoism of the Tianwu Continent, combining the strengths of heaven and earth, can achieve this. a little.

But even so, Qin Chen still felt extremely obscure.

This is natural. If the real great supernatural power is so easy to understand, then it cannot be called great supernatural power. The so-called great supernatural power is extremely difficult to cultivate, even in the heavens, only a few people can Feeling successful.

Especially with such great magical powers as Divine Scar in the Sky, even if a Heavenly Sage master is here, it is difficult to comprehend its true principles, even the Holy Master master.

Qin Chen is not even a holy realm now, even if this supernatural power is broken and his aura is very weak, how can he feel successful?

Perceiving at Qin Chen's speed, it would take at least ten years, even hundreds of years, for Qin Chen to truly comprehend even with the Heavenly Soul Forbidden Technique.

Just when Qin Chen was obscure.

Hum! The golden rune paper on Qin Chen's body was shining again, and along with the glow of the rune paper, the path of the cracked sky divine mark became extremely transparent. Silk absorbs, actually enters actively

In Qin Chen's body, it slowly became Qin Chen's own.

The trace of Taoism gradually became clear in Qin Chen's mind, but Qin Chen felt motionless. I don't know how long it took. Qin Chen suddenly woke up. He raised his hand two times and banged out, Om, these two bangs banged to the ground with a palpable breath, even though they were hard here. Nothing left in the space

Waves, even a small scratch was cut on the ground.

But Qin Chen clearly understands that his two Taoisms already have the essence of a split empty divine mark. Once he is perfected, his cultivation base enters the holy realm, and if he uses the power of the source to urge him, this supernatural power will become his most terrifying. One of the ultimate moves.

"Unbelievable, the heaven and earth can still be used in this way."

Qin Chen stood up in shock and muttered to himself, while the gully in front of him was still there, but the Dao pattern on the gully had disappeared, and Qin Chen had completely understood it and absorbed it into his body.

If he went back to the outside world now, and when he met Qian Yuanliang, Qin Chen felt that he would never be as troublesome as before if he wanted to kill Qian Yuanliang.

"Go!" Qin Chen bowed to the gully, then instantly crossed the gully, and continued to swept toward the depths. He felt that there might be something more powerful in the depths of the ruins. he.

[Chapter 2434: a story](#)

When Qin Chen continued to deepen in this gully.

God's Forbidden Land is a weird underground, filled with dark auras everywhere, here is like a strange mystery in God's Forbidden Land, it has become an independent space and turned into a dark field.

Chen Sisi and the phantom master were previously attracted by a horrible streamer located here, and entered this magical area.

"Sisi, where is this place?"

The injury on the body of the Phantom Demon Sect Master has healed. At this moment, she looked around in shock. The breath fluctuations here even felt extremely palpitating, and the trace of magic made her mind tremble constantly, and the magic in her body was madly suppressed. She looked at Chen Sisi in shock. She didn't expect that after the Abyssal Demon Secret Realm, Chen Sisi actually broke through to the semi-sage pinnacle realm. In terms of cultivation, she was even more terrifying than her. Now she has come to such a mysterious place. More than a year

What has Chen Sisi experienced over time?

"Master, don't ask what is this place, I won't say, I can't say, but you, how come you came to this forbidden place?"

Chen Sisi let out a sigh, the demon turned, his injuries had healed, and his eyes returned to coldness again, without a trace of emotion.

Seeing Chen Sisi's current appearance, the Sovereign of Illusory Demon felt a slight pain in her heart, ruthless way. This was exactly what she hoped Chen Sisi to cultivate successfully, but now seeing Chen Sisi's appearance, her heart only had pain. She knew why Sisi became like this, precisely because of Qin Chen, the descendant of Emperor Pochen Wu, but now the Sovereign of Illusory Demon already knows that Qin Chen did not fall in the ancient Yu realm, and Sisi is obviously still in the dark. Let Sisi know that Qin Chen didn't

If you fall, you will be extremely happy.

Sovereign Illusory Demon thought of himself, and unspeakable bitterness came to his heart. If he was so brave and desperate to love others, would he fall to where he is now?

Sovereign Phantom Demon didn't know, and didn't want to think about it.

"Sisi, let me tell you a story for my teacher." She sighed, as if lost in memory.

"A long, long time ago, there was a pair of twin sisters. Because of the early death of their parents, they were in a very difficult situation in the family. They were often ridiculed and made things difficult. The two sisters could only depend on each other and support each other." They are all weak women. In Tianwu Continent, a place where the weak and the strong eat, they have lost the protection of their parents. Even if they are in the family, what can they do? They will still be bullied and oppressed, so my sister secretly vowed that she must

To become stronger, one day, no one will dare to despise them. "

"But the two sisters are weak women and they are not taken seriously. How can they become stronger in the deceitful family?" Chen Sisi listened quietly. She didn't understand why Master suddenly told herself such a story, but she saw After seeing the eyes that fell into memory, the master of the magical demon realized that the story of the master might be her own business.

, I just don't know if the master is that sister or that sister. Sovereign Illusory Demon continued: "In this way, the two sisters were bullied in the family. Not only were they bullied by the children of the same race, but sometimes even the subordinates dared to bully them, so the sister finally thought of a way. One

After the subordinate was bullied, the sister found the subordinate, crying and begging the other party not to bully her sister again, and she was willing to give her body in return. "The subordinate was naturally shocked. Although he relied on his position in the family to bully his sisters, he never dared to touch the bodies of the two sisters. After all, the two sisters are direct family members, and he Just a slave, if

The family knows, no matter what his status, he can't escape death. "But although the two sisters were still young at the time, they were already out of the heavens. Although the man was afraid in his heart, he was eventually taken over by lust. It was a delicate flower, and it was still a family member. Direct line, yes

With noble blood, He De, how can he be a subordinate, can taste such beautiful flowers. "

"So he quietly came to the room of the two sisters that night. The sister seemed to have known that he would come and waited a long time ago, and even took the initiative to take off his coat and brought the person to the bed." The younger sister was frightened, and only knew to cry, which stimulated the man's animal desire even more. She had to act on the two sisters. The older sister stopped each other and told him that she could let the other person taste it, but if he dares to touch her Sister one hand

Tell the clan elder with your finger. "The guy was scared, thinking that even if he got his sister, it would be good. When the time was long, the two sisters weren't allowed to pick him up, so he agreed, and took off his coat anxiously, and rushed towards his sister. In the past, who knew this

At that time, my sister suddenly took out a pair of scissors directly from the bed and pierced them directly into the other's heart. "The man was stabbed suddenly, and the blood spurted out like spring water. He wanted to run out in horror, but his sister rushed up like crazy, and the scissors stabbed him crazily. Poked into a mess until the opponent moves

Do not move, there is no breath at all. "

When the Phantom Sovereign said this, the expression on his face was extremely calm. "The movement here finally attracted people from the family. After seeing the scene in the house, everyone in the family was shocked. At that time, blood was bleeding all over the ground, and the sister and sister hugged him. I was crying desperately, although my sister did not cry,

But the hands holding the scissors were trembling. "At that time, the elders of the family saw their sister's thin body and perfect figure, and then they realized that the two sisters were so beautiful, and even the old guys of them were surprised. In front of such a scene, there is no need to say anything. The angry clan elders all think that the villain broke into the sister's room secretly, wanting to treat the

sisters with bad intentions, and a humble underling dared to covet the blood of the family? Not even two abandoned bloodlines

."

"The family was shaken, and all relatives related to that person were executed on the spot that night, and a dozen people were beheaded at once."

"My sister said to my sister that night: Sister, from now on, no one will bully them again." "Sure enough, the next day, the family sent the two sisters to an exquisite courtyard and sent several maids. Waiting on them, and even adopted the two to an unmarried aunt in the family, and all this was actually in the sister's expectation.

Among. "Chen Sisi felt a chill. This sister is so ruthless, is it the master?"

[Chapter 2435: Repay the kindness](#)

Chen Sisi thought this was the end of the story, but the Sovereign of Illusory Demon continued to preach: "Since then, my elder sister and younger sister have been fully cultivated by the family. The elder sister has shown amazing talents and her strength has advanced by leaps and bounds, but the younger sister is more literate.

Jing, only knows that Wuwen uses ink and Danqing. "But the status of the two in the family is getting higher and higher, and they are even being nurtured as heirs in the family. The younger sister thinks that from now on they will be able to live and eat, but the elder sister told her that they were nothing but a wolf. The nest entered another tiger

It's just a hole, and there is no real freedom. "The younger sister was relatively simple at the time, and I didn't know what the older sister said. As the sisters grew up, the strength of the older sisters increased by leaps and bounds. After the spread of her fame, the people who proposed the marriage also crossed the threshold of the family, but the family did not promise to take responsibility.

The request of a force and openly stated that her sister's marriage is her private business. Whoever wants to marry her sister must get her sister's approval. "

"At that time, my sister was very moved after hearing this, but my sister sneered. It was because the family hadn't seen a worthy investment object and was still waiting for it. Just find an excuse to shirk others." "My sister was angry and asked her sister. Why do you say that family? The family has really cared for them over the years. The past should have passed, but the sister just sighed and didn't say anything. Later, the sister knew about her.

What the elder sister said is true, because at a party, when a direct descendant who was much stronger than the family saw her sister, she was immediately shocked and wanted to pursue her. "But that person has a very bad reputation in the Martial Domain. He is a playboy. Sometimes he changes several women every day, and he also trains other women as a furnace. I don't know how many women he killed. This is even in Wuyu

An open secret. "The eyes of the Sovereign Phantom Demon suddenly became cold: "After my sister heard the news, she naively thought that the family would reject each other as before. Even if she was

afraid of the other side's power, there would be at least some obstacles, and who knew that the family knew this?

After the incident, he even agreed and even told the other party that in addition to the older sister, the family also has a younger sister. The two are twin sisters, each with their own flavors. If the other party wants to give her sister to each other. "The younger sister was stunned and wanted to escape from the family, but she was imprisoned by the family. Later, the younger sister learned the news that the banquet was deliberately arranged by the family so that the powerful son could Fancy sister, and

The purpose of the family is to gain the support of the other side's forces and further their strength in the Martial Domain. "The younger sister who heard the news completely broke down, and she knew that the most sinister thing in the world was not nothing but the human heart." The reason why the family changed their attitude and took good care of the two sisters was not because of conscience, but because of fancy

With the looks and talents of the two sisters, they just want to get greater benefits. "At that time, only the aunt who adopted them in the whole family really considered them, and even wanted to secretly let go of the sister and sister, but the family guards were too strict, only the sister escaped, and the sister and aunt were discovered. The family was furious, and immediately imprisoned both the aunt and sister, and still sent the message to the demon, agreeing to send the sister three days later, although the sister escaped, but the sister can be eaten by the other party first, and after the sister is captured, they will be given together.

other side. "The devil was extremely excited. On the day when he came in person, the whole family was very lively, brightly lit, and even greeted them with a banquet. After they were full of food and drink, the family brought his sister out and was about to give it to the devil. Who knows this time

Many members of the tribe were poisoned and died suddenly on the spot. "The family is furious. I don't know what happened. Just then my sister appeared. Taking advantage of the poisoning opportunity of the family clan elders, the masters in the family went crazy. Under the anger, they would take the sister. , But no one knows that the elder sister's strength is extremely strong, much stronger than what she has shown before, plus the family masters are poisoned, and no one can stop her. In the end, the elder sister kills wildly. Thousands of people in the entire family were slaughtered overnight, and then

A big fire was burned. Among all the people, only the sister and aunt came out alive. The others, including the demon, all died in the family. "This incident shocked Wu Yu. After the demon's family knew about it, Thunder was furious and wanted to want the murderer. At that time, he only knew that the sister and aunt were still alive, and the wanted order was issued. As for the existence of the sister, there is nothing but the family members. People know, and

With the death of the family members, the sister's existence became a secret. "

"My sister was wanted at the time and it was extremely miserable, but my sister broke out of the siege and found one of the most prominent geniuses in the mainland at that time..."

Speaking of this, the voice of Sovereign Phantom Demon suddenly trembled.

Chen Sisi looked at Master curiously. It was the first time that she saw Master felt this way. "The person my sister was looking for was also met at a gathering. At that time, the person was aloof, and people

from all major forces respected and respected each other. He was a genius and the most dazzling star in the world. Place

Someone's light will be dimmed, even the masters of the mainland's top forces. "My sister was covered in blood and found the other party, and accused the other party of the evil demon. In the sister's accusation, the demon was extremely evil, and she failed to pursue her sister forcibly, so she brought a master to the family. The family did not agree with him. The slaying campaign was to kill everyone in the family. In the end, the family died, and the sister escaped alive. However, the devil killed all her family members and even burned down the family mansion. But the devil didn't. I knew what was going on and died in the family too

Among them, now the opposing forces are still aggressive, chasing her all the way. "

"My sister cried and begged the other party to save herself, and she was willing to be a cow and a horse to repay his kindness." "At that time, my sister was already well-known in the martial arts domain. She already had the title of the first beauty in the martial arts domain and was the object of countless people's pursuit. Naturally, people have heard of my sister, and when I saw my sister Chuchu pitiful, I was immediately furious and sent someone to investigate where the devil was.

The power, as expected, the sins were horrendous, and the man was furious and directly ordered to erase the power of the demon. "The extremely arrogant demon power in the Martial Realm was just because of a word from that person, and the major forces that demanded him were moved by the wind. In just one day, the power of the demon whose hands and eyes reached the sky was destroyed. The sky building collapsed overnight, and my sister was free. "

[Chapter 2436: Stop talking](#)

"My sister was extremely grateful to each other, so she decided to give up her life as a slave and follow that person. That person was an upright gentleman. She didn't want her sister to be like this, but her sister was willing to follow each other and add fragrance to her red sleeves." "My sister is super talented and smart and considerate. He actually captured the other's heart, and the other has a good brother. The three of them have a deep brotherhood and a very close relationship. With the help of that person, the sister created the top one in the mainland.

Power, and that man's good brother also opened up the frontiers and built an empire in the martial domain. "

"Are you talking about Pochen Martial Emperor Qin Chen?" Chen Sisi suddenly shocked.

She looked at the Illusory Sovereign in shock, everything that the other party said, she felt very familiar from the middle of the time, hearing this, she suddenly woke up, this is not the deeds of the Emperor Wuchen and who is it?

Only the former Pochen Wuhuang had such an identity and status. In a word, the life and death of a big power was determined. Only Pochen Wuhuang helped his wife Shangguan Xi'er establish the Misty Palace, and let his brother Feng Shaoyu establish it. Xuanyuan Empire.

It turns out that Shangguan Xi'er has been so vicious since childhood, murder and planting, and at a young age, she has already played with countless people. Sovereign Phantom Demon did not answer,

but continued to tell: "In the eyes of outsiders, the relationship between the three is very close, but no one knows that the reason why my sister will become the other's woman is just to use each other, everything, All

Sister's strategy, if you want to become the most powerful person on the mainland, you must step on the stepping stones one by one to reach the highest point. "Although that person was one of the most noble and powerful people in the mainland, but because of his birth defects, he couldn't see the future at all. In terms of cultivation, he would never become the first person in the mainland, but he was his brother. , Extraordinary talent, very likely

Become the top master in the mainland. "So the sister secretly colluded with the other's brother, and in order not to arouse the other's suspicion, the sister asked her to pretend to be herself and accompany that person. After so many experiences, her heart is completely dead, and she has long regarded everyone in the world as The devil,

Only the sister's words were regarded as truth. In her sister's eyes, the person who saved her sister was actually the same as countless people before, but only admired her face, so she didn't have any psychological burden to act with her sister. "

"Although that person is the top genius in the mainland, he is really average in terms of emotional intelligence."

Speaking of this, there was a hint of sweetness in the tone of the Phantom Demon Sovereign: "The person didn't see it at all. Sometimes it was not his sister, but the younger sister who accompanied him, because that person was immersed in various studies every day, and forgot to sleep and eat." "No one knows that the younger sister just wanted to complete her sister's task at the beginning, and she was arrogant with each other, but as she continued to get along, her younger sister found that the other person was a really good person. He never embarrassed anyone. He hated evil and always felt in his heart.

There is justice in the distance, and most of his research is not for himself, but for the people of the world and the warriors of the world. "After getting along for a long time, my sister was deeply moved by the other party and fell in love with each other deeply. Later, my sister even lived in a dream and didn't want to wake up, and even wanted to tell the other party that she was not Sister, myself

Is another person. "

"But she didn't dare, she didn't dare to tell the other party the truth, she was afraid that once she said it, she would abandon her for the convenience, because the other party loved her sister."

Two lines of tears came from the corner of the eyes of Sect Master Illusion Demon with a muffled snort, blood overflowing from the corner of his mouth.

How can the ruthless way be moved? Sovereign Illusory Demon smiled bitterly, "My sister thought that although my sister was deceiving each other, she just wanted to be the first person in the mainland, so my sister fulfilled this lie for her sister, and even hoped that this lie will continue and never be broken. sister

My sister was wrong. She underestimated her sister's ambition. From a young age, her sister became a person who could do anything for profit and strength. "

"So when that person went deep into a secret realm that no one had ever entered before and got some heaven-defying treasure, the elder sister and that person's brother finally revealed their final faces, killing people and winning treasure..."

"Haha!" Illusory Demon Sect Master smiled bitterly, with a stern laugh, "But when the younger sister learned the news, the man had already fallen, and the younger sister was crazy to ask her sister why, but the older sister looked at her ridiculously and told Sister, this world is fundamental

There is no so-called sincerity. The contact and betrayal between people are all for the benefit. Sometimes the non-betrayal is not because of love, but because the benefits are not enough. "

"My sister is crying, is it because my sister cares about herself because of profit?"

"My sister laughed, and asked: What do you think?" "Since then, my sister has broken with her sister. My sister's heart is dead. Although she is still alive, she has become a living dead. She practices magic, even I ruined my face because I looked exactly like my sister

, She didn't want to see this disgusting woman again. "

"The meaning of my sister's life is to avenge that person, to avenge the one she loves."

"Sisi, isn't this sister very sad? She has never received true love, she has been living in a dream, she even feels that there is no true love in this world, and she does not allow her disciples and people around her to have love."

The Phantom Sovereign was crying, with blood and tears behind the mask.

Chen Sisi looked at the Illusory Sovereign in shock, her eyes full of disbelief.

When she got here, she had already heard that this older sister was Shangguan Xier, so what about this younger sister?

"Master, you... are you Shangguan Xier's younger sister?"

Chen Sisi stepped back two steps, and the master turned out to be the sister of his enemy.

At this moment, Chen Sisi had a lot of thoughts in his mind, and thought of the conversation between the two of them when they fought Shangguan Xi'er before. No wonder the master knew so much about Misty Palace and Shangguan Xier, she turned out to be Shangguan Xi'er's twin sister.

"Yes, my teacher's real name is Shangguan Wan'er."

The Phantom Sovereign raised his head, looking at Chen Sisi, looking at his beloved apprentice.

She was luckier than herself and met a man whom she loved very much. This man even found herself for her, and the other person was a descendant of "his".

Sovereign Phantom Demon wished she had such love too, but she knew that all this was impossible.

She knew why Sisi became what she is now, in order to avenge Qin Chen, but Sovereign Illusory Demon knew that Qin Chen was not dead and was alive, but Sisi did not know.

She was going to tell Sisi the truth, and she didn't want the pain to continue. If possible, she would let herself carry all the pain.

"Sisi, actually..."

"Master, don't say anything..." Chen Sisi shook her head and looked at Sovereign Illusory Demon in disbelief. She couldn't accept all this.

[Chapter 2437: Shocking the Holy Land](#)

The master turned out to be Shangguan Xi'er's twin sister, the sister who killed Qin Chen's murderer, why is this so?

She turned around and flew quickly to the depths of darkness, unable to accept this fact deep in her heart.

"Let's go. From today, you are no longer my master, and I am no longer your apprentice. There is nothing to do with you."

Chen Sisi said coldly, she couldn't accept to recognize Shangguan Xier's sister as her master, no matter what the reason, she just couldn't accept it.

"Sisi!"

Sect Master Illusory Demon said anxiously, but Ke Sisi didn't look back. He didn't give her a chance to speak at all, and disappeared into the darkness with a hum.

"No, the news that Qin Chen is still alive must be told to Sisi, so Sisi can't suffer any more."

Sect Master Phantom Demon gritted his teeth and hurriedly chased after him.

In the endless darkness, Chen Sisi ran wildly, her heart anguish, her most respected master turned out to be Shangguan Xi'er's sister.

Why is God so cruel.

Suddenly, a light appeared in the endless darkness ahead, and then an altar appeared in front of Chen Sisi. Chen Sisi suddenly recovered from his grief, and looked at the altar. Above the altar, there was a black light. The surface of the light ball was densely packed with mysterious spells, which exudes people. The breath of palpitations, exuding

With a terrible breath.

"Is this what the Lord of the Abyss asked me to retrieve?"

Chen Sisi woke up immediately, staring at the curse ahead.

What is in the ball of light? Approaching the altar, Chen Sisi felt a mysterious power rushing toward her face. She had a feeling that standing next to the ball of light was like standing in the middle of a rough sea. She would be swept out at any time. The power contained in it made Chen Sisi.

Discoloration, and this power with the supreme magic aura made her discolor.

For some reason, Chen Sisi felt a sense of anxiety inexplicably.

"This thing can make me break through the holy realm?"

She moved forward carefully. The Lord of Abyss Demon said that as long as she gets this thing, she can break through the holy realm, and she only needs to bring this thing to the Lord of Abyss Demon, which is equivalent to giving back to the Lord of Abyss Demon, what she wants to do then No matter what, the Lord of the Abyss will not be dry

.

Thinking of Shangguan Xi'er's strength before, Chen Sisi's eyes suddenly became cold.

In order to avenge Chen Shao, she can do anything, even the destruction of heaven and earth, it has nothing to do with her.

In her heart, there was only Qin Chen.

Hum!

Chen Sisi took a step forward and walked directly onto the altar. A wave of energy spread out, Chen Sisi's heart throbbed, and felt the soul sea in her body tumbling and surging, the throbbing in the depths of the soul sea became clearer, she stepped to the light ball and watched With various mysterious spells above,

In accordance with the reminder given by the Lord of the Abyss, he chanted a spell in his mouth to stimulate the power of the magic way, and his right hand suddenly touched the spell outside the light ball.

"Sisi!"

At this time, the Sovereign of the Illusory Demon also chased him, just in time to see the moment Chen Sisi touched the ball of light.

"boom!"

Suddenly, the curse on the black ball of light suddenly spun, and a terrifying breath spread out, turning into a black halo, and instantly blasted on Chen Sisi.

"what!"

A black light was burning on Chen Sisi, feeling that the bones of his whole body were about to be shattered. This kind of terrifying pain couldn't bear even Chen Sisi's tough will.

The beams of light were like thousands of fine needles, which pierced Chen Sisi's whole body fiercely.

The soul sea seems to be bombed.

The phantom master who was watching Chen Sisi in the distance saw Chen Sisi's painful roar, and suddenly panicked.

what's going on?

What's wrong with Sisi?

Sect Master Phantom Demon hurried towards Chen Sisi, but she just approached about five or six feet away from the altar, and with a bang, a powerful force knocked her out.

She can't get close to this altar at all!

But why can Sisi go in?

Is it to complete a certain task of the Lord of Abyss?

Sect Master Phantom Demon was hit by a few black lights and injured in several places on her body, dripping with blood. Regardless of the pain on her body, she took out a sharp blade from the storage ring and swung the sword towards the black halo around the altar.

boom! Sovereign Phantom Demon was bounced away again, this power was not something she could resist at all, just the escaping black light had already seriously injured her, how serious should Sisi in the center be? Bounced by that restraining force twice in a row

, The Soul Sea of Sovereign Illusory Demon shook, and the internal organs were seriously injured.

Sisi is too naive, is there any good intentions for people like Sect Master of the Magic Demon? Sovereign Phantom Demon felt instinctively uneasy.

Sisi, there must be no accident. She looked at Chen Sisi anxiously.

At this moment, Sisi, who was in the halo, was full of steam, and the intense pain caused her internal organs to crack, and the black light actually transformed her body again.

A breath of reincarnation kept surging in Chen Sisi's body, and a source of power flowed through her body.

"Ah!" Chen Sisi felt like she was going to be crushed.

She struggled desperately, knowing that as long as her consciousness relaxes a little bit, she will be blasted into residue by this terrifying force.

Boom boom boom!

Chen Sisi's soul sea kept trembling and cracking, but it was constantly healing and repairing.

The soul sea slowly formed a whirlpool, and a colorful light appeared, like a giant whale, constantly devouring the black light.

Chen Sisi had only the last trace of consciousness remaining, tightly guarding the soul sea. At this time, even she had deep doubts, what is the five-color light hidden in her soul sea?

Boom boom boom!

With the continuous influx of black power into Chen Sisi's body, the aura on Chen Sisi's body also increased crazily, even crossing the boundary towards the holy realm.

A mighty source of demonic energy lingered away.

Sovereign Illusory Demon looked at Sisi on the altar in shock. Sisi was actually breaking through the holy realm. Did she guess wrong, there is no danger in this altar? Just a heritage?

At this moment, between the world and the earth, the original aura of the magic path was lingering everywhere, and the phantom master was shocked to find that he had been stuck in the realm of the semi-sage peak, and there was a slight looseness.

In shock, she ignored the inexplicable sense of crisis in her mind, and began to sit cross-legged and practice frantically.

Boom boom boom!

Under the origin of the magic path, the phantom master also started the impact of the holy realm.

At this time, there was a void thousands of miles away from here. Qin Mo traced here all the way, but completely lost the traces of Chen Sisi and the phantom master, the magical aura between heaven and earth has completely disappeared after so long.

[Chapter 2438: Spirit of the Holy Lord](#)

"What can I do?"

Qin Mo frowned, lost the guidance of the spirit of the magic way, asking him to find two people in this forbidden land was like looking for a needle in a haystack.

But at this moment, suddenly, the Chaos Demon Nest at Mo Qin's heart suddenly shook.

There is something to attract the Chaos Nest.

Qin Mo hurriedly turned his head and looked at the emptiness in the distance. He vaguely felt that there seemed to be some breath there, which suddenly leaked out and was sensed by the Chaos Demon Nest.

Qin Mo shook his body and hurriedly came to the vicinity of the void. After several searches, he finally found the specific location of the secret breath. This is due to the fact that Qin Mo has a Chaos Demon Nest in his body, which is transformed from a parasitic seed, and at the same time, he has obtained the inheritance of the Demon Dao of the Lord of the Abyss. These three can be achieved by the combination of such a weak Demon Dao breath. It's him, even if it's one

The master of the Holy Land of the Famous Land came, and it may not be able to sense it.

"It's right under the ground."

Qin Mo shook his body and immediately escaped into the ground. Boom, as soon as he entered, his body seemed to be replaced in two different spaces. The next moment, he had already arrived in a dark place, and a terrible demonic energy was here. Linger.

"right here."

Qin Mo looked into the darkness in surprise. There seemed to be someone passing by here just now. They must have been thinking about them, and in the darkness, a horrible aura of the origin of the magic way was madly dissipating.

With ecstasy in his heart, Mo Qin hurriedly rushed towards the place where the aura of the magic way lingered.

And when Qin Mo swept into the darkness.

In the ancient battlefield.

After Qin Chen grasped the Rift Kong Shenhen, he moved on.

I don't know how long it took.

Suddenly, a terrifying aura came forward, and the golden talisman paper suddenly glowed and appeared in front of Qin Chen again, and the golden talisman paper trembled slightly, guiding Qin Chen forward.

"Little Qin Chen, there seems to be something wrong with the breath here, you have to be careful." The **** cat's solemn voice came.

The void here has become extremely heavy. With Qin Chen's current cultivation base, walking here is like being trapped in a quagmire. If it were not for the protection of the golden talisman paper, he might have been trapped here.

What exactly is this place? The weird air breath alone made it difficult for Qin Chen, who has a cultivation base of the mortal realm, to do anything, what is inside?

Qin Chen's heart trembled, knowing that he should have reached a very critical place. The golden rune paper did not appear when he saw the cracked sky **** mark before, but now it appears here, which is enough to explain.

"what!"

He continued to walk forward for a while, and suddenly, Qin Chen stopped, and a dark shadow appeared in front of him, like a sharp blade, which was inserted diagonally on the ground.

what?

As Qin Chen approached carefully, the dark shadow became clearer and clearer, and the expression on Qin Chen's face became more and more surprised. It was really a sharp blade, but it had been cut off, leaving only a section. . There are gaps everywhere on the broken blade. It can be seen that it was a war knife at the beginning, with a faint cold light, but after an unexplained fierce battle, only half is left. It is inserted diagonally here, the most important thing. Yes, under this broken blade

, A trace of weird breath of time flows, and this trace of breath of time continues to linger, dissipating in the void.

It is this escaping breath of the years that drifted away, forming the vortex of years at the previous entrance.

There is a force of time haunting the world.

what happened?

Why did the golden rune paper guide him here? And this broken blade actually exudes the strength of the years, can it be said that the aura of the years in the forbidden land is all from this broken blade?

But the **** cat said that it can radiate the power of time, and this divine forbidden land is very likely to have the origin of time, but this broken blade has no appearance of the origin of time at all.

Qin Chen came closer, buzzing, the broken blade suddenly made a wave, and a void war knife appeared in the void. This war knife reached the sky, as if it could cut through the heavens and the earth, the momentum was too terrifying, and it slashed towards Qin Chen. .

"not good!"

Qin Chen was shocked, the aura released by this sword phantom was too powerful, more than a hundred times stronger than Qian Yuanliang before. Under this blow, Qin Chen seemed to have seen the opening of the world and the universe. destroy.

If this knife is cut, even if it is just a breath left over for hundreds of millions of years, he will be cut into nothingness, and there is no room for resistance.

At the critical moment, the golden talisman paper suddenly glowed and soared into the sky. A golden light stopped in front of the Void Sabre. With a bang, the two forces collided and immediately stopped the Void Sabre.

Hum!

The golden talisman paper glowed, endless fighting spirit boiled, and ancient characters appeared on it one by one, and the broken blade also trembled. The two sides confronted each other like prehistoric opponents.

In the void, a golden sky-reaching rune phantom appeared, and on the opposite side was a magnificent war knife phantom. The rays of light rushed straight for 90,000 miles, permeating the supreme chaos aura. Above the notch of the war knife, golden light began to emerge, which was exactly the same as the breath of the golden rune paper. On the golden rune, there were also scratches. These scratches Qin Chen had never felt before, but now they appear.

It also exudes the same killing aura as the broken blade in front of him.

Qin Chen couldn't help but opened his mouth. Could it be that this golden talisman paper and this broken sword ever fought against each other? And left marks on each other.

Moreover, the reason why this sword was broken was that it was cut off by this golden rune paper. Otherwise, how to explain the power of the golden runes exuding at the moment of the broken blade of the war knife?

Not impossible.

This golden rune paper has an extraordinary origin, even far surpassing ordinary sacred weapons. It is obviously an extremely terrifying thing in ancient times, and this broken blade, which has been left in

the forbidden land for hundreds of millions of years, also has an extraordinary origin. The two may not have nothing before. entanglement.

The sacred instrument has an aura, but this spirit refers to a psychic and has a certain autonomous brand. In many cases, a complete consciousness cannot be born, but the battles in the previous life can remain in the sacred instrument for a long time. Imprint.

At this moment, two tall ghosts appeared behind the golden rune paper and the destruction sword.

These are two figures, they can't see their faces and appearances at all, but the breath they exude is shocking forever.

"This is... the breath of the Holy Lord!" the **** cat said suddenly.

"What?" Qin Chen was shocked, with the aura of the Holy Master, these two figures are the Holy Master? Wait, how could a Holy Lord appear in Tianwu Continent? Is this the picture of the most terrifying battle in the Forbidden Land? Qin Chen remembered clearly that the Supreme Sword Emperor once said that countless years ago, because of a treasure, countless celestial masters descended on the Tianwu Continent, a fierce battle took place here, and even the Tianwu Continent was almost destroyed. when

The heart of the battlefield?

So the treasure of the year is still here?

Qin Chen's heart jumped wildly. Where is the treasure?

[Chapter 2439: Lord Weapon](#)

Qin Chen's heart beat wildly.

The battle in the Tianwu Continent in the previous life was actually related to the Saint Master level masters. What kind of treasure did they compete for back then?

Is it the origin of time?

No wonder this golden rune paper is so powerful that it can even withstand the vortex of the years, a treasure of the Holy Master level, of course it is a cow fork.

However, Qin Chen could feel that this golden talisman paper had suffered a huge trauma just like this broken blade, otherwise it would have only a little power.

It should be the artifact spirits in the two treasures, sensing each other, instantly activating, and fighting against each other. "However, I still don't understand why this place is filled with such a strong force of time. This broken blade is clearly just a precious soldier, how can it emit such a strong force of time?"

Qin Chen touched his chin. A little unsure

White.

"I understand." The **** cat said suddenly.

"Ok?"

"The most precious source of time between heaven and earth should be here, and it should be under this broken blade." The **** cat said in a deep voice.

"what?"

Qin Chen was surprised and happy.

He heard the **** cat say that the origin of time is an extremely mysterious treasure between the heavens and the earth, and it is extremely rare even in the heavens. If you master the origin of time, it is possible to master the most terrifying time rules between the heavens and the earth.

Time is the most important rule in the world. It contains three changes: past, present, and future. A strong person with time rules can control time. What a terrible ability is this? Among the strong at the same level, they have mastered the strongest space rules, which can be said to be the strongest at the same level, but only the strongest, and mastered the time rules, but can achieve the same level of spike, because the mysterious time rules, Still be above the air

Above the rules. "The origin of time, even the power of the holy master of the heavens, may not be able to control it. The battle that took place here hundreds of millions of years ago, the two holy masters are very likely to compete for the power of the origin of time, because the origin of time is the most The precious source of heaven and earth,

In fact, the rules of time are also the most terrifying rules of heaven and earth. If you master the rules of time, even if you enter the heavens in the future, you will have the capital to look down upon the heroes. "

The **** cat seemed very excited: "If the source of time is really here, if you don't absorb it, it is tantamount to violent heaven."

"Are you so kind?" Qin Chen looked at the excited **** cat, somewhat suspicious.

This is not like the **** cat. If the origin of time is really so awesome, it is a top treasure, why didn't the **** cat grab it? This guy is the one who sees money open.

"Damn, kid Qin Chen, what do you think of this emperor? Is this emperor such a cat?" The **** cat was furious, as if he had been insulted.

"Like, very similar." Qin Chen nodded, solemnly.

The **** cat vomited blood, almost frantic, and then wilted again. "He's meow, to tell you the truth, if you want to absorb the origin of time, it is also conditional. In this Tianwu Continent, only the sons of the plane who have been recognized by the world can be recognized by the origin of time, and you happen to have the origin of the world. Of

Recognize, otherwise you thought how could this golden rune paper bring you here? If I guessed correctly, the master of this golden rune paper should be a master master born from this Tianwu continent. "The **** cat sighed.

"The Son of the Plane is so awkward?" Qin Chen didn't expect that there would be such an appearance. No wonder the **** cat didn't do it because it didn't have the qualifications to swallow the origin of time. "Nonsense, or what do you think?" The **** cat didn't give Qin Chen face at all: "Do you think that

Tianwu Continent is a lower plane, so being a child of the plane has no effect, even because it can only absorb the origin of this world? To break through,

Still feeling very depressed and restrained? "

"Isn't it?" Qin Chen wondered. He didn't have the kind of contempt that the **** cat said, but he could only absorb the original breakthrough of this piece of heaven and earth, and it did bring him some trouble. If it weren't, he would have been able to cross it. Entering the Holy Realm, I encountered Ling Luling and other heavenly heights before

You don't have to be so embarrassed when it comes to hands.

"Stupid!" The **** cat sneered: "If I guess right, Tianwu Continent is definitely not an ordinary plane."

"How do you say?" "Tianwu Continent's plane level is actually the weakest lower plane among the ten thousand realms, and it is even weaker than that of the Alien Demon Continent. Such a lower plane, there are tens of millions in the universe, Very small. But think about what happened on the Tianwu continent

Everything, especially the wars that have erupted, you will find that the Tianwu Continent is not simple.
"

"First of all, the first unreasonable place is the treasure that the heavenly powerhouses fought for."

"Treasures that can drive countless powerhouses in the heavens mad are absolutely the top treasures in the heavens. Such treasures must have spirits. How can they be willing to enter the most humble lower plane? This is one of them."

"Secondly, even if the treasure finds the smallest lower plane for some reason, it has attracted countless masters of the heavens. It is certain that at least there are masters of the Holy Master level, but the Tianwu Continent has not been Blow up?" The **** cat's eyes flickered coldly: "Perhaps you don't know the power of the Holy Lord, that is also the master of the great power in the heavens. Between the fingers, the void collapses. To tell you the truth, even a continent like the World of Demons cannot Withstanding the bombardment of the Saint Master-level master, the breath of the Saint Master-level master entering the Alien Demon Continent was enough to make the Heavenly Dao of the Alien Demon Continent unbearable, but the Tianwu Continent resisted it, and under such a big battle. It's not destroyed, don't you think it's weird?

. "And thirdly, the owner of this golden rune paper now seems to be the Holy Master born in Tianwu Continent, but do you think the Holy Master was born so well? In the heavens, the strong are like clouds, and those who can become the Holy Lord are the top heavens.

The arrogant. "Although the people in the lower planes can ascend to the heavens, after entering the heavens, they are actually the most ordinary warriors in the heavens, especially the planes like the Tianwu Continent. According to common sense, after ascending, they can break through the holy realm. It's already pretty good, but among the ascendants of the Tianwu Continent, a master-level master was born, and depending on the appearance of the forbidden land, it is very likely that more than one master-level master was born, a small lower plane, what How can such a saint be born

Master master? This is the third. "

"Of course there is a fourth point, the Lord of the Deep Demon in the Thunder Sea, this is also the biggest doubt."

"The Abyss Demon Race is also the top race in the heavens, how can it easily come down to a lower plane?"

"All this is a coincidence."

"And too many coincidences can't be called a coincidence, but there must be a reason."

The **** cat looked very positive.

"What's the reason?" Qin Chen looked over.

"I suspect that the Tianwu Continent, it is very likely that it was the beginning of the creation of Chaos, and it was one of the first continents formed in the Ten Thousand Realms." The **** cat made a loud noise, telling a big secret.

[Chapter 2440: Source continent](#)

It is said that when the universe was opened, a batch of the oldest continents were opened up with the opening of the universe, including the highest heaven.

But in addition to the heavens, there are also some other continents that were born together. This batch of continents, with the chaos and majestic aura opened up by the heavens and the earth, is the source continent among countless continents.

These source continents are not necessarily very high-level. Some continents have been transformed into ordinary planes for special reasons.

Countless billions of years passed, these ordinary planes merged into the countless planes that were born later, and disappeared, but no matter what, these planes were the source continents when the universe was opened up and possessed an extraordinary status.

Tianwu Continent is very likely to be such a continent.

Qin Chen took a breath of air. Does the Tianwu Continent have such an awesome origin?

"It's not impossible. Only the Source Continent can attract the source of time. Otherwise, how can rules like the source of time appear in such a lower realm? Do you think the source of time is Chinese cabbage, and every plane has one?" The **** cat looked at Qin Chen with red eyes: "If the emperor's guess is correct, this Tianwu Continent is really the source continent that was born when the universe was opened, then you will make a lot of money, and your future will be unlimited. , After all, not everyone can get the source continent

If you have the recognition of the Source Continent, it is possible to possess the cosmic aura of the opening of the universe and become the supreme existence in the heavens. "

"Okay, this young master is not even a holy realm now, there is still a supreme existence, let's go out of here alive and talk about it." Qin Chen said with disdain.

It's not his reality, but Qin Chen knows clearly that any strong person has come out of the weak, and many of the pride of the sky have unique resources, but in the end they are not all people. Want to become a strong person does not rely on the recognition of the world or the gimmicks of the sons of any plane, but personal diligence and hard work. The real strong are all made by hard work. If you are immersed in these so-called gimmicks, Lost from

Me, that's sad.

The **** cat looked at Qin Chen in surprise, but didn't expect Qin Chen to look so open.

Qin Chen disagrees. Of course he knows what Source Continent and what planes are the sons of great horns, which makes him feel very happy, but the warrior is against the sky and must not forget his original intention and step by step to get out of this path.

"If the origin of time is here, where was the origin of Wu Continent that day?" Qin Chen asked.

The most important thing for him now is to find the origin of Tianwu Continent, use the origin to break through to the holy realm, and then go out and explode the three silly forks of the heavens. "Don't worry, since this golden rune guides you, the answer is naturally in it, and as long as you get the origin of time, you can naturally find the origin of heaven and earth, because since the origin of time appears here, there will never be none. the reason

of. "The **** cat said so, simply shirking responsibility.

Qin Chen looked at the golden rune.

boom! The golden runes shined brightly, and the golden rainbows rushed straight into the sky, illuminating this barren mystery. The runes released a more brilliant light, and the supreme breath immediately enveloped the entire ancient battlefield, enough to easily kill the outside world. Ren

He's heavenly master.

However, this breath was controlled in this ancient battlefield, otherwise, if the breath moved out, it might scare Ling Luling and the others away, and waited for Dong Yuyin's arrival.

boom!

The broken blade emitted a faint black light, and also exploded with a terrifying breath, and launched an impact towards the golden rune. Both of them were at the level of Holy Masters in the past. Now their masters must have been transformed, and they have only a tiny amount of power left, but even the remaining scales and half of the claws are extremely terrifying, if it were not for the golden rune paper Guard, Qin Chen is sure

Has long been turned into powder.

However, Qin Chen also has an invincible small world. As long as he enters the Universe Jade Plate, he believes that it should be no problem to avoid the saint master treasure with the remaining instinctive aura.

boom! The golden rune paper and the broken blade madly collide, the golden waves and the black tide violently collide, the golden rune paper is madly wiping out the breath of the black broken blade, no, it is not appropriate to use it, the strength of the two is similar, no one Can't suppress who

, So they are canceling each other out.

The runes on the golden rune paper were getting dimmer, and the black aura from the black broken blade was getting dimmer. Finally, when it reached a certain critical point, boom, the golden talisman burned, and instantly turned into ashes, no longer exists between the heavens and the earth, and the black broken blade also clicked, shattered, quickly decayed, and turned into dust. Into the virtual

In the air.

The two sky-reaching wills have annihilated each other. What Qin Chen felt was not a kind of sadness, but a kind of belonging. The golden rune paper did not have any sorrow before turning to ashes, and some were just liberation, and the black broken blade did the same. .

Perhaps these two saint master-level treasure soldiers should have died hundreds of millions of years ago. It was a will that kept them to this day, and now they are finally free.

boom!

The terrible breath rushed away and disappeared.

Fortunately, there was still a light on Qin Chen's body, which was blessed by the golden talisman paper on his body before disappearing, and continued to protect him from the aura of the black broken blade.

At this moment, Qin Chen sensed a different breath.
