

## Valkyrie 2441

### [Chapter 2441: Conquer the source](#)

Qin Chen immediately urged his soul power and tried to reach the origin of time.

A breath of direct access to the avenue rushed into Qin Chen's soul in an instant. At this moment, Qin Chen's body exuded the aura of the avenue, almost turning the road into the world.

The origin of time is too strong, and it even represents the power of heaven. If you are exposed to weak willpower, you will even be instantly assimilated by the power in it, becoming a part of the world and the rules of time.

Fortunately, Qin Chen reacted, and then he didn't directly transform the Tao. He urged his soul power to try to integrate with the origin of time.

An aura of decay and vicissitudes lingered, Qin Chen was filled with the aura of time, and the power of time circulated around him, as if he had become a messenger of time. "Sure enough." The \*\*\*\* cat was extremely surprised. The origin of time was too strong. Even if the holy realm master of the heavens rushed in contact, he would fall into the rules of time and die instantly, but Qin Chen didn't do that, and started instead. When I realized

The rule of time, this shows that Qin Chen is indeed the son of the plane recognized by this world.

Only in this way will the origin of time give Qin Chen a chance to try. Of course, this does not mean that Qin Chen must be able to absorb the origin of time. Once he cannot understand the rules of time and fails the assessment of time origin, he will also be wiped out under the power of time. No one can save him, even the \*\*\*\* cat himself. Also one

kind.

"Kid Qin Chen, you must succeed. If you succeed, then..."

The \*\*\*\* cat was very excited, looking at Qin Chen expectantly.

In the jade disc of good fortune in the universe, Lao Yuan and You Qianxue also looked at Qin Chen nervously and kept asking the \*\*\*\* cat. They were also the first time they saw the origin of time. They were shocked and hoped that Qin Chen could absorb it. The origin of time.

But what made everyone anxious was that although Qin Chen had time rules haunting him, the origin of time did not intend to blend into Qin Chen's body.

Moreover, at this time, Yuan Yuan instead revealed a feeling of dying, and seemed to have been severely traumatized.

"This source of time seems to be damaged?" Lao Yuan frowned.

"It is indeed damaged." The \*\*\*\* cat nodded.

what?

You Qianxue and the others looked over anxiously. "Don't worry, it's okay. The Heavenly Lord Broken Blade has been suppressing it, even if it is the origin of time, after such a long period of suppression, it will become extremely weak. This is because the origin of time is strong. It is something else. Stuff, don't know

How long ago it was gone. "

"Essence is different from others. Even if it is damaged, as long as it is slowly nourished, it will recover sooner or later, especially the time origin. As long as there is enough time, it can be repaired by itself."

The \*\*\*\* cat is not surprising.

It only cares about whether Qin Chen can absorb the origin of time.

At this moment, Qin Chen is fully comprehending the rules of time and trying to get in touch with the source of time. As long as he can get the approval of the source of time, he can understand the rules of time and find the source of heaven and earth.

However, no matter how Qin Chen came into contact with Time Origin, Time Origin seemed to be indifferent to him.

Although Qin Chen was the son of the plane and was not obliterated by the time origin, the time origin also had no plans to submit to Qin Chen. Qin Chen tried all kinds of ways to urge the Immortal Eucharist, the Nine Star God Emperor Art, and various exercises to operate, trying to attract the attention of the origin of time, but the origin of time was still lazy, although when Qin Chen urged the exercises Moved a little, but only

It was a slight move, did not really accept Qin Chen, even if Qin Chen urged the Heavenly Soul Forbidden Art to be useless.

This is how to do?

Qin Chen had a headache, and the origin of time was different from other things and could be forcibly seized. Just like the sky fire, if you don't agree, Qin Chen directly suppresses and subdues the opponent, but the time origin is not good. It is too strong. It is a pure origin. Even the Holy Master weapon can't kill it for countless years. It is just weak. Some nothing more,

Qin Chen wanted to forcibly conquer it, unless his cultivation base broke through to the Saint Master level.

Otherwise, as long as the source of time is unwilling to release the power of time, Qin Chen can easily be turned into powder.

Of course, in addition to actively letting the origin of time surrender, there is another way to conquer the origin of time, and that is to perceive the rules of time. As long as Qin Chen truly masters the rules of time, he can also be recognized by the origin of time.

But it's too difficult to master the rules of time. Even in such an environment full of the power of time, it would take at least a hundred years for Qin Chen to realize the momentary rules of completion. One hundred years later, daylily It's cold.

Just when Qin Chen was about to continue to touch the source of time and influence it a little bit, Qin Chen's mind suddenly brightened, and the ancient book that had been hidden suddenly appeared.

Wow!

The ancient book bloomed with light, and the four fonts on it suddenly glowed, exuding an amazing breath.

At that time, Yuanyuan was originally lazy, but suddenly became excited and rejoiced, as if he had met an old friend, hoo, saw a light flying out of the ground, and then shot towards Qin Chen. Qin Chen looked at it carefully. It was something that could not be described in words, like a light, and like a mass of nothingness, intangible and intangible, but it seemed to contain the breath of time from the past to the present, as if in the present, and Seems in the future, again

As if in the past.

"What happened? Kid Qin Chen... why did he suddenly succeed." Lao Yuan gasped.

The \*\*\*\* cat was also shocked and waited for his eyes, "Time is the greatest power. If the source of time itself is not happy, the Holy Lord cannot collect it, it can only be wiped out."

And while they were talking, the origin of time was already flying out, and the sky spirit cover from Qin Chen disappeared in a flash, entering his soul sea.

Om, Qin Chen felt a shock all over his body, and an indescribable force spread in his body. He saw the primitiveness of the ancient times, and also saw the martial arts boom in the ancient times. Time has changed, but the only constant is time. itself.

He has an indescribable understanding, and only feels that as long as he can overcome this barrier, he will gain the Tao.

"Om!"

Suddenly, the ancient book shook and immediately made Qin Chen sober, and heard the \*\*\*\* cat's exclamation in his ears: "Little Qin Chen, if you want to continue, you have to melt away." Qin Chen looked at it. His body, skin, and fleshy head are all transformed into symbols, as if to be regularized. He couldn't help but Rin. The feeling just now was actually a test of the origin of time. If he fails to pass, he will be with the world.

The rules are assimilated and become part of the time rules. Qin Chen could not help secretly calling luck. If there is no ancient book, he would not be able to collect the origin of this heaven and earth. It has gone through ancient times and ancient times. It is very likely that the heaven and earth existed when the heaven and earth first opened. It has not been annihilated. "one of generation.

And if it weren't for the timely reminder from the ancient book, he might be transformed into Tao and die from then on. so close!

[Chapter 2442: Why should i run](#)

At this moment, the origin of time surrounds the ancient books, and the ancient books are shining brightly, blending into the origin of time one by one, Qin Chen can clearly feel that the damage to the origin of time is slowly recovering.

The ancient book is too strong, even the root of time can be restored.

Then, the ancient book slowly dimmed, and the time rules were crisscrossing Qin Chen's body, and time runes flickered in Qin Chen's body.

In the end, after the ancient book disappeared, the origin of time sank into Qin Chen's soul sea, slowly repairing. Time Origin regards Qin Chen's body as the host. Qin Chen cannot fully control this time origin, but the existence of Time Origin itself will bring great benefits to Qin Chen. Under the nourishment of Time Origin, Qin Chen will be able to easily

Control the rules of time and even turn yourself into a body of time and space.

The body of time and space, the supreme physique in the legend, cannot invade all laws.

After Qin Chen conquered the origin of time, the power of years that had originally existed between heaven and earth disappeared, and the power of years and years slowly dissipated between heaven and earth.

Not only the power of time in this ancient battlefield, but even the power of years in the entire forbidden land is slowly dissipating.

At the gate of the ancient battlefield, the vortex of years that originally exuded a terrible breath began to slowly weaken.

"This....."

"what happened?"

"Do you feel that the power of time in this vortex of years is slowly weakening?"

Ling Luling and others suddenly stood up, their eyes revealed: "Could it be that that kid... has found the origin of time? Or maybe something has changed, otherwise, how could this happen?"

"Damn, damn, isn't the origin of time taken away by that kid, right?"

"Impossible, time origin is one of the strongest origins between heaven and earth. With that kid, how can He De get the origin of time?"

The faces of several people were frightened. Although they did not believe that Qin Chen could take away the origin of time, everything in front of them clearly indicated that something must have happened inside.

For a time, several people were anxious.

Hum!

Finally, the vortex of years in front completely dissipated, Ling Luling glanced at each other, swish, and all drove the speed to the extreme, rushing into the forbidden area deep in the vortex of years, frantically searching for Qin Chen.

In the depths of the ancient battlefield, Qin Chen is still in the perception of the origin of time, and the rules of time linger around him, and Qin Chen is trying to control these rules of time.

Huh.

The black shadow flashed, and the \*\*\*\* cat suddenly appeared in front of Qin Chen's eyes, with excitement on his face: "You, have you conquered the origin of time?" It said with emotion: "The origin of time is the most miraculous origin between the heavens and the earth. It is not a simple matter to win it. It can be in the present, in the past, and in the future. Even the Holy Lord will not be able to reverse the chaos.

I can't help it, I didn't expect it to be subdued by you. "

The \*\*\*\* cat looked at Qin Chen with twinkling eyes, probably besides the son of the plane, Qin Chen had a secret in his body, and this secret was even more terrifying than he was the son of the plane.

This is what the \*\*\*\* cat has secretly summed up after following Qin Chen for so long.

However, some truths do not need to be explored. Sometimes when it is time to be confused, it is better to be confused.

Hum!

Qin Chen kept trying to urge the time rules, but only a series of vague time rules flowed between his palms, and he couldn't control it freely.

"Big Black Cat, this time rule is too difficult to control, right." Qin Chen frowned. He got anything from the origin of time, but he still couldn't push the time rule like an arm. What's the use? "Nonsense!" The \*\*\*\* cat is more speechless than Qin Chen: "The time rule is the top rule. If you absorb the source of time and you can fully control the time rule, it is too simple, but the most important thing for you now is not to control the time rule. ,because

This is not something you will be able to do in a short while, what you have to do now is to find the origin of the heaven and earth of the Tianwu Continent, and use this to break through the holy realm. "

Only then did Qin Chen wake up, indeed, it is important to find the origin of the heaven and earth first.

"How to find?" Qin Chen asked. "You feel it with your heart. Now that the origin of time is in your body, your perception of the origin of heaven and earth will definitely increase as never before. Since the origin of time is here, then the origin of heaven and earth should be nearby.

Some clues. "

Uh... so simple?

Qin Chen lowered his heart and carefully sensed the origin of time. As expected, vaguely, he felt that in the depths of this ancient battlefield, a certain breath was attracting him, and this breath made him very comfortable.

"I really found it."

Qin Chen opened his eyes, revealing surprise.

But at this moment.

"Haha, brat, we finally found you, what did you find?"

Whoosh whoosh!

Three terrifying auras rushed quickly, and it was Ling Luling, Xiu Chengze, and Liu Fengyu.

"Why are the three of them here?" Qin Chen couldn't help changing his color.

"That means you must have absorbed the origin of time, which caused the vortex of years at the entrance of the ancient battlefield to disappear, and they naturally rushed in." The \*\*\*\* cat said.

"But this is too fast?" Qin Chen couldn't believe it. How long had he absorbed the origin of time, and it took him a lot of time from the entrance of the ancient battlefield to the present.

"Hurry? You have realized that two hours have passed, where is it soon?" the \*\*\*\* cat asked back.

by.

Qin Chen was taken aback. He clearly remembered that he had only sensed it for a while, and it had been two hours. The origin of this time was too abnormal, and it actually affected the flow of time he perceives.

"Nonsense, do you perceive the origin of heaven and earth?"

"found it."

"That's good." The \*\*\*\* cat said solemnly: "Leave them away, don't fall in love with them, it's important to break through first."

Whoosh whoosh!

But at this moment, Ling Luling and the three of them came to Qin Chen like three streamers, and quickly surrounded Qin Chen.

"Smelly boy, let's see where you are running this time." Xiu Chengze said in a gloomy tone.

"Run, why should I run?" Qin Chen grinned.

He has swallowed the origin of time now, and has also controlled the Sky Splitting Divine Mark. Although he still failed to break through the holy realm, Qin Chen also wanted to know if his strength had improved, so he directly activated the time breath in his body.

"what!"

The three Ling Luling were shocked by Qin Chen's arrogance, and there was an indescribable light flashing on his body, if it could suppress the heavens.

There is even a mighty heavenly power being released.

The three people were shocked, why they would have an urge to kneel down in front of Qin Chen, that kind of strong powerlessness was even stronger than they were in front of Lord Su Quan.

Lord Su Quan is a master of the Heavenly Saint Realm! The three of them yelled, and forcibly drove away the fear in their hearts, and saw Qin Chen lingering in the power of time.

#### [Chapter 2443: Origin of Heaven and Earth](#)

"The power of time, have you refined the time and the root of time?"

The three of them looked at Qin Chen in anger, with greed and greed, wanting to obtain everything in Qin Chen's body, as their own, to help them take off.

"Haha, guess what!" Qin Chen smiled.

"Dead!" The three roared, and they all came over.

Qin Chen did not evade and smiled at the three of them, showing a row of white teeth.

by!

The three of them were so angry that Shengwei exploded, trembling in the void, and erupting infinite power.

Kill kill kill kill!

Three streams of light came from three directions, killing Qin Chen.

puff!

Three streams of light fell, but Ling Luling and the others showed extremely shocked expressions.

Qin Chen flashed strange rays of light, and a force of rules lingered out. The attack of the three people suddenly seemed to become slow. Qin Chen dodged easily and rushed out of the attack range. The child fell through.

what?

The three of them were shocked, and at this moment Qin Chen's figure shook, and suddenly came to Liu Fengyu's face and slapped him.

Qin Chen's slap seemed slow, but it was so fast that it was surprisingly fast. Before Liu Fengyu could react, Qin Chen's slap had already come to him.

Liu Fengyu knew that Qin Chen had killed Qian Yuanliang before, so how could he not be prepared, a rune suddenly lit up on his body, his speed skyrocketed for an instant, and he retreated back.

boom!

Qin Chen's palm blasted against the Saint Yuan shield on the edge of his body, and suddenly made an astonishing roar, and Liu Fengyu was immediately shaken out several tens of meters to stabilize his figure.

His face was ashamed and red, and although he avoided the palm, his face was extremely ugly.

The opponent almost hit him. If he hadn't reacted in time, I'm afraid this blow would have been shot.

"Time rules."

The three Ling Luling were shocked. They could feel that Qin Chen's speed did not change when he shot, but the time flow around him had changed. Because of this, they could easily dodge their attacks, even barely hitting them. they.

"You...you got the origin of time?" The three were frightened and angry. They came from the heavens and had very high vision. Naturally, they could see that Qin Chen was not familiar with the rules of time. Yunguo masters the time rules, then the control of the time rules should

Quite familiar.

But when Qin Chen made his move, the time rules were clearly beyond his control. There was only one possibility. Qin Chen had a treasure that could release the time rules.

What else can it be if it is not the origin of time?

This must be what Qin Chen got in this ancient battlefield, it must be!

The three of them were jealous, and they were shocked at the same time. Qin Chen, a kid from the lower realm, didn't even break through the holy realm, but he conquered the origin of time. How did he do it?

"Kill him and take away the source of time, otherwise we will not be able to deal with the adults when Dong Yuyin arrives." Ling Luling said sharply.

Qin Chen's light eyes suddenly wrinkled, "Master Dong Yuyin, is there still a strong man in the heavens who is coming?"

His heart sank, how strong would he be a master who could be called an adult by the three Ling Luling? "Hehe, brat, now I know that I'm afraid? If you surrender obediently, I might look at your good talents and give you a chance to take refuge in us, otherwise, I will not blame us for being cruel, some treasures, not you A little

The people of the lower realm can get it. "Ling Luling sneered, his eyes flashing coldly.

It is naturally impossible to let Qin Chen go, but you can find an excuse to disarm the opponent first.

"Do you think I'm an idiot?" Qin Chen said lightly: "Isn't it just jealous of my treasure to follow me like this? It's a pity that I don't have your share! As for the so-called adult, Kill as if it comes."

Qin Chen's voice fell, his figure shook, swish, and he rushed to the distance. A sense of crisis emerged in his heart. He didn't want to continue wasting time with Ling Luling. First find the origin of heaven and

earth and break through the holy realm. Otherwise, although he can rely on the rules of time to gain the upper hand, the three of Ling Luling will have the upper hand.

With the registered treasure, it is very difficult to kill three people at the same time, and it is almost impossible to complete.

Therefore, he turned around and left.

"Don't let him run."

Ling Luling snorted coldly, and the three of them chased after him like lightning and launched an attack frantically.

Suddenly, a series of attacks came, Qin Chen now only controls the relatively weak time rules, under the attack of the three people, using the time rules to quickly pull the distance.

"Don't let him run away."

Ling Luling was anxious, urging the ancient talisman on her body, hum, and suddenly, a terrible aura lingered out, swish, her speed soared, and she came to Qin Chen in an instant.

The three of them can perform secret techniques one after another, as long as they don't give Qin Chen a chance to escape.

Hmph, Qin Chen snorted coldly, his eyes sank, and seizing the opportunity, he shot out with a crack in the sky.

Suddenly, strange Dao patterns aura filled the void, Dao patterns aura skyrocketed, traversing the heavens and the earth, as if the heavens and the earth opened up, emerging in the void, forming long ravines.

"What magical power is this?"

Ling Luling was shocked, and with a bang, she was blown out, and the terrifying power crazily eroded her body.

Hum!

The rune breath on her body quickly flickered, and a terrifying magical power struck, Ling Luling opened her mouth and spouted a mouthful of blood, her robes were almost split apart, her expression looked wilted.

"Ling Luling, how are you doing?"

"Is it all right?"

Huh!

Two streamers swept over, and Xiu Chengze and Liu Fengyu instantly appeared beside Ling Luling, their expressions were extremely ugly, Ling Luling was actually injured.

"It's a great supernatural power, that kid has great supernatural powers."

Ling Luling said with an ugly expression, raising his head, Qin Chen had disappeared from their sight and disappeared.

Supernatural powers. Xiu Chengze and Liu Fengyu both showed shocked faces. They can be called great magical powers, which are also extremely terrifying methods in the heavens. They actually saw the great magical powers on a small person in the lower world. Got here

How many treasures?

"In this ancient battlefield, there must be a lot of treasures, and that kid must not be allowed to escape!"

Ling Luling stood up, wiped the blood from the corner of his mouth, his eyes became extremely fierce.

The three of them immediately followed the breath and followed.

After avoiding the three of them, Qin Chen flew all the way, and in the process of flying, he constantly removed the traces behind him.

However, he also knew that it was difficult to remove all the traces in such a rush, but it was better to remove some than not, at least so that the three heavenly masters could not find themselves in a short time.

Qin Chen quickly swept to the depths of the ancient battlefield following the previous induction.

Hum!

Finally, after flying by for a while, a vast Tianhe appeared in front of him, and a sense of intimacy that contained the aura of heaven and earth quickly spread into Qin Chen's mind. It is the origin of heaven and earth!

#### [Chapter 2444: The long river](#)

Is this vast river the origin of heaven and earth? Qin Chen raised his head, but felt a strong force of time from the long river. Before the long river, Qin Chen felt extremely small, like a drop in the ocean, as if all the wonderful fragments of life are like dust, not enough at all.

Mention.

Moreover, above this long river, Qin Chen felt the power of endless years, because he had the origin of time, so he was very keen on the power of time.

However, how could the source of heaven and earth exude such a strong power of time?

"This is not the origin of heaven and earth, this is... a long river of years."

The \*\*\*\* cat appeared next to Qin Chen with a terrified expression in his eyes, staring at the long river in front of him. This long river came from nowhere and traversed the sky, giving a sense of vastness and insignificance.

"Years? What is this?"

Qin Chen was taken aback. "The long river of years is the most mysterious long river between heaven and earth. You can find it at any time node in the billions of planes of the entire universe. In other words, here, you can find your own past, and even go back. ,Look

To the scene hundreds of millions of years ago. "

"So perverted?"

Qin Chen sucked in air and saw the scene hundreds of millions of years ago. Is this too abnormal? "It's not a big deal." The \*\*\*\* cat said solemnly, "In these years, you can not only see the past, but also the future. If the origin of time you get represents the rules of time, then the years Changhe represents everything between heaven and earth

In the past, no one knows where this long river came from and where it is going, but it is one of the most mysterious places in the world. "In this long river, you can even change the past. It is rumored that there is a great power in the heavens who knows your future fall, and you will go back to the long river of years, and will kill your own people in the future, directly from the years of the river. Erase in, change

Change your own future. "

Rely on, rely on, rely on.

Qin Chen's eyes widened, completely stunned.

This is also OK?

"What do you mean is that after entering these years, you can change your future?" Qin Chen sucked in a cold breath: "If this is the case, is the future still the future? And if you can do this, isn't it possible that someone can live forever?" The \*\*\*\* cat sneered: "Hehe, do you think it is so easy to change the future? First of all, it is not easy to enter the river of years. The river of years is very magical. The body can't enter at all. Only the soul can enter."

In the long river of years. "Secondly, not everyone can enter the long river of years. Only those who have the breath of time rules in the soul can enter the long river of years, and want to find their own history and past in the long river of years. Even

Its change, which can do this, is probably only the few most terrifying powers in the heavens can do it. "Moreover, it is too difficult to change your fate against the sky. Even if you can change history, how can you know that your changed history will be better for your future rather than worse? The years are ruthless, whoever tries to play with the years, the years will play with him, because

Therefore, it is so in theory, but in fact, the emperor has never seen it personally, who has ever changed history. "

"On the contrary, there is a great ability to enter the long river of years, and use this to realize the power of time, and there are some who practice."

Although Big Black Cat's words were very mysterious, Qin Chen understood.

History is not so easy to change. Any change in history will trigger uncontrollable consequences. For example, a great power in the long river of years saw that he might fall into the hands of a great power

in the future, so he went upstream and obliterated the great power who might kill him in the future. But this does not mean that the other party

It was safe and sound. He changed the future, and the future will naturally change as a result. It is very likely that another Tianjiao will emerge suddenly. Perhaps he may fall in 10,000 years, but because he changed history, he was beheaded in advance. Up, this also

Not impossible.

But despite this, Qin Chen was deeply shocked by the years before him.

Compared with the origin of time, these years are obviously more terrifying.

"But why does the long river of years appear here, and where is the origin of the Tianwu Continent? I clearly felt a breath of origin." Qin Chen frowned.

"In fact, the origin of heaven and earth is also here, and it's on the edge of the river in these years." The \*\*\*\* cat said again.

"It's here?" Qin Chen was taken aback.

"Yes, look."

The \*\*\*\* cat raised its claws and pointed to the front, Qin Chen suddenly saw a light floating in the river of years.

Amazing. Qin Chen hadn't seen anything in the long river of years before, but when he looked down the \*\*\*\* cat's paws, this light appeared, and this light gave off a warm breath, making Qin Chen all over his body. Relax, spirit

The soul has been sublimated.

The origin of heaven and earth!

He is the son of the plane, and he sensed it right away. This light is the origin of heaven and earth.

"How can the origin of heaven and earth be in the long river of years?" Qin Chen couldn't believe it. According to the \*\*\*\* cat, the Long River of Years is a magical long river containing hundreds of millions of planes of years and history. It is intangible and innocent, extremely difficult to find, but it actually appeared in the Tianwu Continent, and the origin of heaven and earth happened to be in the long river of years. In this

Everything is too coincidental.

The \*\*\*\* cat said solemnly: "This is where I am curious." "The emperor had only suspected that this Tianwu Continent might have been the source continent when the world was opened, but the emperor is now sure that Tianwu Continent is definitely the source. One of the continents, because only the source continent can carry the emergence of the long river,

Ordinary planes can't bear the ages. "Moreover, the emperor suspected that the long river of years appeared here, not by nature, but man-made. Someone led the river of years to this place and placed the origin of the Tianwu Continent to the edge of the river, because the river of years contains

The countless history of hundreds of millions of planes, the power of time can repair the damage to the origin of heaven and earth. "That is to say, someone deliberately brought the origin of Tianwu Continent here, and attracted the long river of years to repair, and because the origin of heaven and earth is in the long river of years, the powerhouses of Tianwu Continent have no sense of the origin of heaven and earth. The existence of, even those strong in the heavens can't find it. In front of the long river of years, let alone those martial artists in the mortal realm, even the master masters can't calculate the location of the origin of heaven and earth. "

#### [Chapter 2445: Holy Land](#)

hiss!

Qin Chen sucked in the air and was completely dumbfounded. Not only Qin Chen, but also Lao Yuan and others in the Universe Jade Plate were stunned. You Qianxue's eyes widened and they felt incredible.

There are strong people who have attracted years and years, and let the heaven and earth sink into it to repair, this method, they can't even imagine.

"Who did it on earth?" Qin Chen muttered.

"You ask me, who am I going to ask?" The \*\*\*\* cat curled his lips. "This is just the emperor's guess, but anyway, you have finally found the origin of heaven and earth, and you can also break through."

"But now the origin of heaven and earth is in the river of years, how to break through? You can't enter the river of years, right? You said, the body can't enter the river of years at all."

"Stupid!" The \*\*\*\* cat glanced at Qin Chen speechlessly, "Although the origin of heaven and earth is in the long river of years, the power of the origin can actually be induced. As the martial artists of the Tianwu Continent, you only need to cultivate here and get your feelings. The power of the source, naturally can transfer the source

Attracted by the force, make a breakthrough. "

"But the origin of heaven and earth has not been completely repaired, what should I do?" Qin Chen frowned again. "Stupid!" The \*\*\*\* cat looked speechless: "Although the origin of heaven and earth is damaged, its core strength is still there. It is just that the origin power has been injured. If you break through, you only need to feel the origin and form the origin power in your body. , It doesn't necessarily take days

The origin of the land was in its heyday. "

"Of course, if you want all the martial artists in the Tianwu Continent to sense the origin power to break through to the holy realm anywhere, you must restore the origin of heaven and earth to the heyday, otherwise, you can only come here to feel the origin."

Qin Chen was overjoyed.

In this case, everything is fine.

Hum!

Qin Chen waved his hand, and suddenly, the light around him flickered, and You Qianxue, Ji Ruyue, and Mo Yuanbai appeared beside Qin Chen.

Like him, these three people are only one step away from the holy realm. Now they can naturally absorb the original power here and break through to the holy realm.

As for Gu Zunren, he himself is a holy realm master, and he only needs to swallow the origin of the heaven master to be able to restore his previous cultivation base, instead of needing to feel the origin power again.

"The breakthrough of the holy realm, the perception of the origin, and the opening of the physical secret realm. The physical secret realm of the human body is the five internal organs, called the five secrets. You can consider which secret to open first." Big black cat said.

Naturally, Qin Chen had been prepared for this knowledge. At the moment, the four of them sat cross-legged, trying to communicate with the origin of the distant world.

Sure enough, Qin Chen sensed the existence of the origin of heaven and earth in the long river of years.

A trace of the power of the world's origin, slowly lingering.

After such a long period of precipitation, Qin Chen had already possessed the qualifications to attack the holy realm. Therefore, when the power of the origin of the day and earth came from, he immediately raised a lot of understanding.

In contrast, his body has also undergone inexplicable changes, exuding brilliant light and dazzling brilliance.

Qin Chen hesitated slightly, which of the five internal organs should be cultivated first.

"Let's refine the mind first." He quickly made a decision.

The heart is the master of the five internal organs and six lungs.

However, there is one more thing to do before breaking through the holy realm.

That is to integrate all the soul into the body, that is, the body and the soul are one. Only in this way, the body can carry the power of the soul, and the soul will become the bridge between the body and the original power.

Qin Chen's soul was already extremely powerful, so this process was very easy, and the power of the soul began to penetrate into the flesh, and it blended perfectly with the Immortal Eucharist, as if it were a matter of course, perfect.

The soul revolves, and there is a force around it, his body's vitality is surging, the heaven and the earth are turned into flames, and his heart is being refined.

boom!

In his body, a terrifying breath was rising, and an inexplicable power was born in his body.

This is the original power, and Qin Chen needs to form the original source in his own body by perceiving the original power. Only in this way can he transform the true essence into the holy essence and truly enter the holy realm.

At this moment, Qin Chen's soul acted as a bridge, with the origin of heaven and earth on one side and his physical body on the other.

In Qin Chen's body, the heart was refined by the original power and developed in a special direction.

This will become a space on its own, turning it into a source of the original power, and even a world can be derived in the future.

Qin Chen suddenly realized that there are so many secret realms in the world. I am afraid that many of them are not naturally generated by the heavens and the earth, but transformed from the secret realms of the strong.

His first origin heart is forming, and his power is also rising in terror.

Hum!

At this moment, the thunder power in Qin Chen's body appeared. These thunder blood veins turned into waves of thunder power, dissipating everywhere in the body, and finally merged into the position of the heart.

This is the power of blood. Before the martial artist breaks through the holy realm, he has a special bloodline, but after reaching the holy realm, the bloodline power will disappear, but it will be transformed into rules and integrated into every part of the martial artist's body, even the soul. By that time, it has been Can't call

It's blood, but its own secret rules.

Hum!

At the same time, a small sword unexpectedly appeared in Qin Chen's mind. This simple small sword was exactly what Qin Chen used to unlock the bloodline, and it was also a mysterious thing obtained in this forbidden land.

Boom!

The origin of the long river in the sky perceives the power of thunder and the small sword, and the light suddenly shines, and the monstrous origin power swept over and enveloped Qin Chen.

In the long river of years, the origin of Tianwu Continent seems to be cheering.

The strong origin power swept across, and the surrounding You Qianxue, Ji Ruyue, and Mo Yuanbai were also contaminated with a lot of origin power, and their aura was soaring.

At the center of Ji Ruyue's eyebrows, an amethyst appeared, and the purple light flickered, transforming her body.

You Qianxue also had purple light flickering on her body, which was also the power of the purple liquid, but it was much weaker than Ji Ruyue, but in addition to the power of the purple liquid, there was an inexplicable breath revived in You Qianxue's body.

I don't know how long it has passed before Qin Chen's original strength has finally formed.

boom!

Qin Chen's body trembled violently, and a majestic force was surging, about to gush out.

Click!

In his body, it was as if something had broken, a shackle was broken, and a force that frightened the ancients rose into the sky.

Qin Chen finally broke through the Holy Realm. Therefore, Qin Chen broke through the holy realm and aroused the Qi of Heaven and Earth. Suddenly, the bodies of the three of You Qianxue also made a roar, and the powerful aura surged from their bodies and rushed straight into the sky.

#### [Chapter 2446: Invincible](#)

Om, this kind of aura turned into four pillars of light, even people from a hundred thousand miles away could see clearly.

Between the sky and the earth, a series of colorful rays of light fell, spilling into the bodies of Qin Chen and the four.

The four of them broke through the holy realm, and instead of thunder tribulation, a series of Origin Qi poured into their bodies, causing their physical strength to increase rapidly.

This is the power of heaven and earth transforming them.

The origin of heaven and earth in the long river of years floats and sinks, cheering and joyful, seeming to be happy and excited for the birth of a new holy realm in heaven and earth.

Moreover, after Qin Chen's four breakthroughs, a power was born in the dark and merged into the origin of heaven and earth. Qin Chen clearly felt that the original origin of heaven and earth had been repaired.

Especially after the origin power he formed was integrated into the origin of heaven and earth, the origin of heaven and earth shined brightly, and it was repaired quickly.

The power of one's own origin can repair the origin of heaven and earth?

Qin Chen was shocked.

The \*\*\*\* cat also looked at Qin Chen in shock, "No wonder Heaven and Earth Origin will choose you to be the child of the plane. Your origin power has such a great healing effect on Heaven and Earth Origin. What kind of origin power have you cultivated?"

Holy realm masters can repair the origin of heaven and earth, which is actually quite normal.

Although Heaven and Earth will reject the masters of the Holy Land and let them ascend forcibly, the masters of the Holy Land and the Origin of Heaven and Earth are actually complementary. The more masters of the Holy Land on a continent, the stronger the origin of the continent.

Therefore, when a holy realm master is born between the heaven and the earth, the heaven will not drop the thunder calamity, but will release the power of the original source to celebrate it.

Because the source of the Holy Realm master can also help the growth of the source of heaven and earth.

But the \*\*\*\* cat was the first to see that after the birth of a holy realm master, he could make such a big change in the origin of the world.

Even if it is the origin of a master master, it may not be able to do so, right?

Unless, Qin Chen's original power has a special power.

"Successful, we finally broke through the Holy Realm."

Opening their eyes, Qin Chen glanced at each other excitedly, with ecstasy on their faces.

Since then, they no longer have to fear the few Celestial Masters before.

However, even though he broke through the Holy Realm, Qin Chen didn't attack rashly.

Huh!

Countless sacred crystals quickly appeared around him, all of which were obtained from the previous masters of the heavens, and immediately consolidated the cultivation base.

Now they have just broken through, and the original power in the body has not been completely transformed. Only after transformation can the cultivation base be consolidated.

The originally strong and terrifying sacred crystals were quickly refined by Qin Chen's four. One after another, the strength of Qin Chen's body was also increasing at an astonishing speed.

In just a few hours, Qin Chen, who was still in a steady cultivation base, suddenly woke up. He felt a powerful divine sense swept over. This divine sense was very familiar to him, and it was Liu Fengyu, the master of the three great heavens.

This guy was chased and killed so quickly, Qin Chen suddenly stood up.

"Less dust."

You Qianxue opened their eyes.

"You continue to practice and leave the rest to me."

Qin Chen snorted coldly, raised his head, and already saw Liu Fengyu coming from a distance.

"You actually broke through the holy realm..." In order to find Qin Chen as soon as possible, Ling Luling and the three were forced to search separately. Liu Fengyu was the first to feel the breath of this place,

so he arrived here as soon as possible, but waited for him to come here. At that time, I felt the terrible aura on Qin Chen's body.

This is clearly the breath of the Holy Land.

His heart sank immediately, no, it's too late, the other party has already broken through to the holy realm.

After he saw the long river of years and the origin of heaven and earth in the distance, he was even more shocked.

The river of years, he actually saw the river of years in this lower realm.

He felt violent in his heart and hesitated at the same time, whether to retreat first or stay here.

He had fought with Qin Chen before, and naturally knew that Qin Chen was terrible. Once the opponent broke through the holy realm and used Qin Chen's terrible shot, even if he was a master at the pinnacle of the holy realm, he would have to eat a pot.

It was just that during this period of hesitation, Qin Chen had already approached him, Liu Fengyu's expression changed and he was about to run away subconsciously, but he immediately sacrificed a feather fan and gave up his plan to run away. Even if the opponent is fierce, he has just been promoted to the holy realm, still in the early stage of the holy realm, he is the master of the mortal holy realm peak, and the holy yuan has been honed for tens of thousands of years. Even the beginning of the holy realm without a stable cultivation base period.

What's more, it's not that he doesn't have the means to save his life. Although he may not be able to win Qin Chen, it is not a problem to persist until Ling Luling and Xiu Chengze arrive. Once Ling Luling and the others arrive, wouldn't the three of them join forces to kill Qin Chen?

On the contrary, if he flees now, it will be even more difficult to deal with once Qin Chen and the others have a chance to leave and secretly consolidate their cultivation base.

Thinking of this, Liu Fengyu has decided to stay.

As for the few You Qianxue behind Qin Chen, he completely ignored them. These few people should not be very powerful people, the only thing that needs to be worried is Qin Chen.

Liu Fengyu hesitated, Qin Chen had already fallen in front of him, and it was impossible for Liu Fengyu to escape at this time.

"You are very persevering, you came to die so soon, ha ha, this is the first time I have seen this sage who is eager to die."

boom!

A frightening breath filled Qin Chen's body.

Qin Chen suddenly felt that after he was promoted to the Holy Realm, he was really happy, and he could finally speak about his sage in front of these guys, and shut his mouth.

"Boy, you are just a small sacred realm in the lower realm. This sage descends from the heavens, and so-called holy realm masters like you have killed how many sacred realms like you are, and are they rampant here?"

Although Liu Fengyu said so, in fact he already had some meaning to retreat, because at this moment Qin Chen's aura was too strong, the aura of the holy realm had not completely condensed, and his sharp edge was revealed, which made him a little frightened. "This sage is here now. If you have the ability, you can kill it. If you don't kill, this sage will kill you." Qin Chen sneered. He knew that Liu Fengyu was procrastinating, and he would not give him a chance to delay. When the voice fell, it was already a punch,

Desperate scar in the sky.

Liu Fengyu knew Qin Chen's methods, and Qin Chen made a move, and his blue feather fan had already turned out, and at the same time a misty halo was immediately activated on his body, and the runes bloomed, exuding an amazing aura.

This is the rune power left by the master of the earth. But as soon as his blue feather fan was rolled out, he felt that something was wrong. Qin Chen's fist contained a terrifying rift in the sky. In the void, a terrifying killing force of hundreds of miles was immediately brought up, forming a kill. The whirlpool of potential, in this whirlpool

In the middle, it seems that everything will be annihilated, and it is impossible to survive for a while. This destructive force shocked Liu Fengyu, and his whole body trembled. His feather fan didn't stop for a while, with a hundred-foot-long blue light piercing the gathered murderous vortex, and he knew that he was right. Promoted Saint

After the environment, he is no opponent at all.

"boom....."

The destruction and killing vortex of the rifting divine mark collided with the blue feather fan, arousing the roar of the sky. The blue feather fan swayed by Liu Fengyu shattered in an instant, and an extremely terrifying force was already blasted fiercely. His chest.

puff! Liu Fengyu spouted a mouthful of blood and flew out in a very miserable manner.

#### [Chapter 2447: Kill Liu Fengyu](#)

In the void, Liu Fengyu spouted a mouthful of blood and flew backwards, but the destructive power of Qin Chen's fist was not completely offset by the blue feather fan. Amid Liu Fengyu's mad retreat, it still rushed.

"Boom!" Liu Fengyu's speed skyrocketed at the moment when the Sky Splitting Divine Mark was about to roll him, and his frenzied burning origin avoided the past. Qin Chen's attack on the Sky Splitting Divine Mark immediately bombarded the hard ground on the ancient battlefield. With a sound, the sky is full of rubble splashing,

A huge divine scar gully nearly ten feet long was formed on this hard ground, exuding an aura of destruction. Before Qin Chen didn't break through, the rifting divine mark that he displayed could only

cause a slight scar on the ground, but now after breaking through the holy realm, Qin Chen actually formed a ravine nearly ten feet long on the ground. More powerful than before

More than ten times stronger? And Liu Fengyu spouted blood again. Because of the weakness caused by the burning of a large amount of origin, he looked at Qin Chen in horror, his eyes revealed incredible, not only is he not Qin Chen's opponent, but the gap is so big.

Under the move, he was injured.

But it was because he urged the defense of the ancient talisman. If it weren't for the defensive ancient talisman left by the sacred strong here, under this attack, he would be bombarded into blood mist by Qin Chen and turned into nothingness.

How could a kid who just broke through the holy realm be so terrible?

wrong.

This kid isn't actually the early stage of the Mortal Saint Realm?

Then, Liu Fengyu felt the aura on Qin Chen's body, extremely rich, not like a master in the early stages of the mortal sacred realm, he had broken through to the middle stage of the sacred realm.

Liu Fengyu was dumbfounded.

Could it be possible to break through in the Holy Realm? You know, when a warrior is in a lower realm, it may not be a big breakthrough. For example, a pinnacle martial artist, after taking a top-level Wangpin pill, is likely to directly enter the realm of Wuwang, or even Mid-term

, This is normal.

Because a top-notch Wangpin pill really has the effect of making people leapfrog. But the more the martial artist goes to the back, the more difficult it is to break through. Not to mention the mortal realm. Even in the martial emperor realm, it is rarely said that anyone can break through from the peak of the emperor to the middle of the emperor at once, because the emperor needs to understand the rules , You can cultivate

To rely on various elixirs and treasures to improve, can the rules? It must be realized slowly, and it will not happen overnight.

The same is true for the Fan Sacred Realm. The improvement of the origin cannot be improved overnight, but Qin Chen has stepped directly from the semi-sage peak to the mid-Sacred Realm. How did he do it? What Liu Fengyu didn't know was that Qin Chen was the son of the plane. After breaking through the mortal realm, he naturally received the love of the source of heaven and earth. The strength of the source of the body was naturally extremely terrifying, plus Qin Chen had accumulated too much. Too much,

And Qin Chen's clone Qin Mo has already stepped into the Holy Realm.

Of course, there are also many holy crystals obtained from Pu Caijun and others. The combination of these allows Qin Chen to improve his strength by leaps and bounds after his breakthrough.

"Hehe, it was blocked. Is the ancient talisman on your body a tortoise shell? This saint wants to see, how many times can you stop it."

Qin Chen sneered, and did not give Liu Fengyu a chance to relax. The power of the soul in his mind had already moved to the extreme.

After breaking through the holy realm, Qin Chen's soul power has been transformed again, the soul power that has turned into substance combined with Qin Chen's understanding of the rules of heaven and earth, the power of terror is directly diffused.

In the next moment, this Fang Xukong was completely in Qin Chen's hands.

Boom! Qin Chen raised his hand, and the terrifying space-splitting divine mark power condensed in his palm. As soon as Qin Chen shot his hand, he did not hesitate at all. Obviously he wanted to kill Liu Fengyu before Ling Luling and others arrived. Cut off one of the opponents

general.

not good! Liu Fengyu's cold hair stood up, and his expression was shocked. A escape symbol suddenly appeared in his hand, which was lit up in an instant. In fact, before Qin Chen spoke, Liu Fengyu was ready to escape, because he knew he would not leave now. He never

No chance to go.

It was just that Liu Fengyu had just sacrificed the escape talisman, he heard a faint click again, Liu Fengyu's face changed drastically, he knew that he was already under the control of the other party, and the rule area around him was almost completely melted away.

What frightened him even more was that his own escape charm couldn't compete for the other's space constraints, and this space seemed to disappear directly.

"stop....."

Liu Fengyu cried frantically, but he only said two words, and a splendid divine mark swept over. There was despair in Liu Fengyu's eyes, and a master of the heavens at the pinnacle of the mortal sacred realm was killed by a guy who had just advanced to the sacred realm.

He regretted it a little bit. He had known it for a long time and had fought desperately with each other, maybe there was still a chance to escape. A guy who has just been promoted to the holy realm is so powerful, when he stabilizes in the mortal realm in the future, which holy realm will be his opponent? This is absolutely invincible in the mortal realm, it's a pity that he just thought of the invincible mortal realm, that one

The vast rift in the sky had already enveloped him.

Puff puff! The Divine Scars of the Splitting Sky, which incorporates the essence of soul power, are astonishingly powerful, constantly obliterating the power of the ancient talisman from the earth sacred realm master on Liu Fengyu. Kung Fu, of Ancient Talisman

The force dissipated completely under the Rift Sky Divine Mark, and finally Rift Sky Divine Mark immediately wrapped Liu Fengyu in.

puff!

Liu Fengyu flew directly into ashes, turning into countless blood mists flying horizontally, and in this blood mist, a cryptic soul power suddenly rose up. This was Liu Fengyu's soul, hiding in the dark, obviously trying to escape here.

Just as the power of the soul was about to slip away quietly, he uttered a scream, and a crack split from his soul, and the soul that was already bleak became even more bleak.

"I hate it, what kind of supernatural power is this... why can even the power of the soul be beheaded..." Liu Fengyu's soul let out a scream, and finally disappeared in the cracked sky divine mark. Qin Chen didn't expect this. He watched Liu Fengyu's spirit dissipate in a gloomy tone. He was planning to take Liu Fengyu's soul into prison. He would learn about the news of Dong Yuyin and the people from Heaven. Who knew it was. Directly

Destroyed under the Rippling Sky Divine Mark.

The horror of the Sky Splitting Divine Mark is not only the attack, but also the lines. Anyone who is beheaded by the Sky Splitting Divine Mark, even the soul can't escape, will be killed by the Sky Splitting Divine Mark.

"Kid Qin Chen, this original aura of Liu Fengyu can't be wasted." After Liu Fengyu died, Lao Yuan came out directly from the jade disc of Universe Good Fortune, and swallowed the blood mist that Liu Fengyu had melted in one bite. This is a master of heaven. For Lao Yuan, the source is a great tonic.

#### [Chapter 2448: Sisi is dangerous](#)

"Little dust, you killed the world powerhouse that day?"

Several people in You Qianxue flew over in shock, watching this scene in disbelief. A master of the heavens was simply beheaded?

This.....

incredible.

"Isn't this normal?" Qin Chen touched his nose.

When he didn't break through the holy realm, he would be able to confront Liu Fengyu and the others. Now that he has broken through the holy realm, it couldn't be easier to kill Liu Fengyu in Qin Chen's eyes.

"Normal fart."

The \*\*\*\* cat appeared in front of Qin Chen, looking at Qin Chen strangely, with shock in his eyes. "Did you not see the ancient talisman on Liu Fengyu? If I'm not mistaken, it should be the aura left by the master of the earth sage, which is equivalent to the Martial Emperor's mind staying in the body of the general warrior to protect these guys, if not you There is a crack in the sky

Great magical powers, big killers, it is not a simple matter to kill Liu Fengyu with your current strength. "The \*\*\*\* cat reminded.

Qin Chen nodded.

He also recognized the view of the \*\*\*\* cat. In fact, in terms of the strength of the origin, he and Liu Fengyu are not so different, and may not even be as strong as Liu Fengyu. After all, he is only in the middle of the mortal realm, and Liu Fengyu is already the peak of the mortal realm.

However, Qin Chen's soul power had to be above Liu Fengyu, plus his rifting divine mark, to be able to kill Liu Fengyu so easily.

Of course, this is also related to the Tianwu Continent and his main battlefield.

Otherwise, he wanted to kill Liu Fengyu, it wouldn't be that simple.

"Master, what are we going to do now?" Mo Yuanbai asked at this time: "There are two celestial masters, should we take the initiative to attack?"

"It's good to take the initiative, but don't let the other two run away." Qin Chen smiled, just about to speak, suddenly his face changed, and said in surprise: "No, think about her..."

now.....

In another place of the God Forbidden Land, Mo Qin had already arrived at the place of Sisi and the Sect Master of Illusory Demon.

boom! The rich demon aura is permeated, the phantom demon sect master exudes a tyrannical aura, she has already stepped into the holy realm, she looked forward nervously, because she could not enter the altar, she could only look anxiously at the Sisi in front of her floating in a black circle. Of the ball

Before, there was a terrible sacred atmosphere on his body.

In fact, Sisi broke through the holy realm earlier than she did. After Ke Sisi broke through, she didn't have any reaction. He stayed above the ball of light all the time, his state was very unstable, and there was pain on his face.

"who?"

Suddenly, Illusory Demon Sect Master suddenly turned his head, and saw a figure suddenly appeared in the darkness, it was Qin Demon.

"You are..." The Illusory Demon Sect Master looked at Qin Mo in shock. She could feel the horror of Qin Mo. She was a master of the holy realm, and also a master of the holy realm who had practiced the magic way. , She actually felt a very familiar breath

interest.

This breath was unclear, unclear, as if she had felt it somewhere.

"Who are you?"

A strong murderous intent erupted from the Phantom Demon Sect Master, staring at Qin Mo, how could she not be vigilant when encountering such a master of Demon Dao Holy Realm in such a place. Qin Mo glanced at the Sovereign of Illusory Demon, and his heart moved slightly. He remembered what

Shangguan Gufeng and Feng Shaoyu had said at the time. Shangguan Xi'er has a twin sister named Shangguan Wan'er. If Shangguan Gufeng didn't lie to him, and he didn't guess wrong, should

This is the phantom master.

But at this moment Qin Mo didn't have too much thoughts on the Illusory Demon Sovereign, he said in a deep voice: "Don't be nervous, I'm Qin Chen, think about her?"

"Are you Qin Chen?"

Sect Master Illusory Demon widened her eyes and looked at Qin Mo in disbelief. No wonder she felt a familiar feeling in Qin Mo, who turned out to be Qin Chen.

"Why did you and Sisi appear here?"

Qin Mo frowned.

The Phantom Demon Sect Master hesitated for a moment, and immediately told what had happened before.

"You mean, Sisi can enter this altar, but you can't? And Sisi came here on the initiative?"

Qin Mo's face changed slightly, and he immediately walked to the altar.

Hum!

Above the altar, a terrible magical power suddenly radiated, and Qin Mo flew out in an instant.

"It's useless, you can't get in. This altar has a special magic aura. It seems that only Sisi can get in." Sect Master Illusory Demon shook her head. She tried many times, but there was no way. In her opinion, Qin Mo's magic should be the same.

Qin Mo's face was extremely green, and he said solemnly, "Sisi is in trouble."

"No?" Sect Master of Illusory Demon frowned, "After Sisi entered, it seems to have inherited and broke through to the Holy Realm. Although the current state is a bit strange, it should be normal, right?"

"What do you know!" Qin Mo's face is extremely complex. He said: "Sisi and I both accept the inheritance of the Lord of Abyssal Demon, and both practice the reincarnation demon path. According to the truth, Sisi can enter this altar, and I should be able to enter, but now I can't.

Who is the Lord of Abyss Demon? What kind of heart do you think he would settle for, let Sisi come here to accept the inheritance, there is absolutely weird in it. "Qin Mo can't understand the Lord of Abyss Demon any more. Although it has given him and Sisi inheritance, it also left behind on the two of them.

For example, the other party used Sisi to restrain him. The Lord didn't know that he knew Chen Sisi

, And is such a relationship.

Qin Mo didn't believe that the Illusory Demon Sect Master would have any kindness.

boom! And when Qin Mo was anxious, in the altar, Chen Sisi suddenly revealed a strange black light, and the expression on her face suddenly became extremely painful. The black ball of light in front of her was gradually blending into her body. In

While transforming her body, she seemed to be competing for Sisi's body.

"Jie Jie Jie..."

Strange waves were emitted from the black sphere, which seemed to contain some evil consciousness.

"not good."

The complexion of Qin Mo and the Sect Master of Illusion Demon changed drastically, and the black sphere clearly wanted to win her thoughts.

The two shot frantically, trying to break into the altar, but the altar was extremely strong, no matter how the two of them joined forces, they couldn't break the altar.

And all of this was naturally felt by the body Qin Chen.

"No, Sisi is dangerous."

In the ancient battlefield, Qin Chen's face was frightened.

"Go, let's go to Sisi right away."

Qin Chen screamed in anger, just about to leave, suddenly, two terrifying streamers burst into the distance.

"Kid Qin Chen, I finally found you. This time, let's see where you are going." A rumbling roar sounded from the heavens and the earth, and Ling Luling and Xiu Chengze turned into frightened rainbow lights and burst out. , With a bang, directly surrounded Qin Chen several people one after another, full of terrifying murderous intent.

#### [Chapter 2449: You forced me](#)

"trouble."

Qin Chen's face was green, now Sisi is in danger, and these two guys have rushed over, which is really troublesome. "Since you want to fight, come here quickly, this saint is in a hurry, and die for me!" Qin Chen coldly snorted, banged, and shot directly. The substantive soul power exerted force, instilling terrifying power into him, and let him fight. The force formed a qualitative change, a trace of a crack in the sky

He went out without hesitation.

Boom, this blow made Fengyun pale.

"What!" Xiu Chengze was shocked. He had already sensed that Qin Chen had broken through the Holy Realm, but he didn't expect Qin Chen to be so mad that he would shoot when he spoke, and it was such a terrible attack.

"You are looking for death." Xiu Chengze roared, his body suddenly bursting with the power of an ancient talisman, and at the same time a long spear appeared in his hand, and he hurriedly moved the spear to meet him. The tip of the spear collided with Qin Chen's magical powers, only to feel a terrible force. After it struck, he was shocked

Back, it took a full ninety-nine steps before stopping.

A strong man like him takes several miles to take a step back. What is the concept of ninety-nine steps?

On the other hand, Qin Chen's figure shook, and he only stepped back thirty-three steps.

The gap... at a glance!

how is this possible! how is this possible! how is this possible!

Xiu Chengze's mind is full of stars, and the whole person is going to be stupid.

Although Qin Chen broke through the Holy Realm, he was definitely worse than himself, and he had just broken through. If he couldn't even see this, then he would be a master of the heavens.

But how could it be so strong just after the breakthrough?

If you didn't have the power of the ancient talisman, you would definitely be blown by a punch, but even so, the opponent still had the upper hand.

Xiu Chengze only felt that the sky was about to collapse, and the iron law he had known had collapsed.

Qin Chen frowned slightly. The power of the ancient talisman on Xiu Chengze's body was much stronger than that of Liu Fengyu before. This also caused him to make the same move without causing the same consequences as before.

Of course, he still suppressed Xiu Chengze completely, but it was not that easy to behead the opponent.

However, what he has is more than just the Scar of the Sky.

Hum!

The demon sword appeared in his hand, Qin Chen's figure shook, and he slaughtered towards Xiu Chengze. Boom, he kept accelerating and suddenly surpassed the limit.

This is the origin of time, and he has accelerated the flow of time on himself.

He wanted to kill Xiu Chengze and Ling Luling the first time, and then went to Sisi, he didn't have much time to waste here, so he wanted to make a quick battle.

If Xiu Chengze and Ling Luling were to know Qin Chen's thoughts, they would definitely explode with anger, which would ignore them too much.

boom!

The void swayed, and Qin Chen at the moment was as fast as a ray of light. He instantly slammed in front of Xiu Chengze and cut down with a sword.

A strong sense of danger came, causing Xiu Chengze to temporarily let go of the horror in his heart and counterattack with his spear, otherwise, he would be exploded.

Bang! Bang! Bang!

The two masters banged against each other, and the sky-shattering roar resounded. Both of them were top masters, Saint Realm powerhouses, and now it depends on who is stronger in strength.

Obviously, this person is Qin Chen.

Although his cultivation base is lower than that of Xiu Chengze, he is far superior to Xiu Chengze in his soul, and his physical strength is also the overlord in the mortal holy realm. He is almost a unique existence in an era. In the mortal holy realm, Qin Chen at this moment can almost be called Invincible.

Qin Chen swung his sword like rain, and his physical strength soared to the invincible mortal realm. This could support him to swing the demon sword endlessly, hitting a frequency far more than the normal sacred realm should have.

Moreover, he urged the substantive soul power, and the terrifying sword aura soared into the sky, bursting into the sky.

Xiu Chengze backed back again and again, his face turned from anger to surprise, and fright to fear.

Bang bang bang!

The ancient sacred talisman on his body was flickering, although it blocked every attack of Qin Chen, but it was shaking continuously, and energy was constantly being consumed.

He was horrified to discover that Qin Chen really had the ability to kill himself.

"Ling Luling, what are you waiting for? Come and help me."

Xiu Chengze yelled with a look of horror.

Ling Luling on the side suddenly filled with the light of the ancient talisman. This breath was stronger than Xiu Chengze, and he killed it directly. This is the ancient talisman left by Su Quan. Su Quan is a master of the heavenly holy realm. How terrible is the power?

boom!

A huge force hit, Qin Chen was blown out immediately.

However, the power of the ancient talisman on Ling Luling's body was almost wiped out by the vortex of years before, and there was only an extremely weak light left, so Qin Chen could only be shaken out, and could not cause too much damage.

"Big black cat, come and pester this guy, I will kill this Xiu Chengze first."

Qin Chenhan said, if at other times, he still had the intention to play with them, but at this time, he was worried about Chen Sisi and had no interest in fighting at all.

"Okay, he's meow, I only have to do hard work, Lord Cat."

The \*\*\*\* cat said depressedly, swish, and directly killed Ling Luling.

"roll!"

Ling Luling raised his hand to blast the \*\*\*\* cat out.

But the \*\*\*\* cat disappeared in a flash, swish, the next moment, the \*\*\*\* cat appeared next to Ling Luling again, and scratched it.

Ling Luling was shocked and dodged in a hurry, but the \*\*\*\* cat caught it as if ignoring the space distance and fell on her instantly.

Hum!

The light of the ancient talisman on her body was actually shining.

"How is it possible that a dead cat has such a strong combat effectiveness?" Ling Luling was frightened and furious.

"Damn, who is the dead cat?"

The \*\*\*\* cat was upset and rushed over frantically, constantly entangled Ling Luling.

On the other side, Qin Chen moved.

boom!

His Immortal Eucharist made him unscathed in the previous attack, and shot out again, quickly turning into a ray of light.

Hum!

Qin Chen opened his right hand, and the power of time was activated, and Xiu Chengze's speed suddenly slowed down indefinitely.

After breaking through the Holy Realm, Qin Chen's mastery of the time rules was also several times stronger than before. Xiu Chengze roared violently and slapped his chest, arousing his heart and blood, forming a power of rules. This is a certain secret method. The horror is permeated, which offsets the rules of time, and the figure suddenly accelerates. He just took a few steps

, Could not help but stop in shock.

He was just standing still!

Space rules.

He turned around and looked at Qin Chen like a devil.

How could it be possible that a kid who had just broken through the mortal sacred realm had both mastered the power of time and the rules of space.

Let people live?

Moreover, the rules of space are so terrible, it can restrain him, a master at the pinnacle of the mortal realm, hell?

Qin Chen sneered: "In my Tianwu Continent, you are the turtles in the urn."

He raised his hand and banged directly down. "Boy, this is what you forced me." Xiu Chengze roared, holding the gun in both hands, and booming, there was a black energy in his body, and the whole person's aura changed, becoming extremely cold and evil.

#### [Chapter 2450: Power of darkness](#)

"this is....."

Qin Chen frowned, he could see that Xiu Chengze's strength had risen crazily in a short time, and the cold aura escaped from him, as if turned into a demon.

"The dark taboo technique!" Ling Luling looked over in amazement: "Xiu Chengze, how could you practice this kind of strange technique? This is taboo in the heavens. This kind of aura can damage the origin of the heavens. Back then, it was based on Yuan Demon. The alien race headed by the clan has been attacked by the dark forces

Doubt, the celestial realm is broken only by the killing precepts in the celestial realm. How can you practice such a taboo technique? ! "

Ling Luling was even more surprised than Qin Chen, as if he had seen something incredible.

Qin Chen's heart moved slightly, and the heavens were broken by an alien war led by the Abyssal Demon Clan, and what was the so-called dark power? He raised his head to look at Xiu Chengze. The aura on Xiu Chengze's body is very weird. That kind of aura is more evil than Demon Dao. If Demon Dao is only a kind of Heavenly Dao, then this kind of aura, as soon as it appears, will start to Heaven Dao. corrosion,

It seems that there are two forces that are at odds with the way of heaven.

Amazing. "Yes, it is the dark taboo technique!" At this moment, Xiu Chengze's body began to rot, and an indescribable black shadow appeared in his pupils, exuding endless evil, "Ling Luling, you don't have to make a fuss, in fact, this dark taboo Technique

, It was taught to me by the master of Yaomie Mansion, you just haven't come into contact with it yet. "

"what?"

Ling Luling was taken aback, the master of Yao Mie Mansion taught it to Xiu Chengze?

"What nonsense are you talking about? How could Yao Mie Mansion practice this kind of evil technique." Ling Luling's face was green and green, and there was unbelief in her heart, but the aura on Xiu Chengze made her understand that what Xiu Chengze said is most likely true.

"How is crooked, I don't know what you are talking about, what taboo technique, you are going to die today." Qin Chen said Senran, murderous.

He has no time to talk about these things now.

There was black energy in Xiu Chengze's body constantly pouring out, which was another power, extremely powerful. But also because of this power, he was cast aside by heaven and earth in this ancient battlefield, and he could no longer call the rules of heaven and earth.

This kind of power seems to be rejected by all the heavens. According to the truth, this is a place forbidden by the gods. The heavens of the Tianwu Continent cannot penetrate the power here, but the fact is that Qin Chen can feel the rejection of Xiu Chengze by the heavens and the earth. .

What power is this? It's weird.

But don't care about him, blow him up!

Qin Chen sacrificed his demon sword, slashed it, and swiped it towards Xiu Chengze's head and neck.

"How can you match me who inspires the power of darkness?" Xiu Chengze laughed, and he swept through with a single shot, using it as a stick, abandoning the power of the holy soldiers, but just using the hegemony of the holy soldiers.

Because he can no longer inspire sage soldiers, it seems that this dark power, different from the original power, is incompatible with this piece of heaven and earth, not only this piece of heaven and earth, but also this piece of universe.

However, the power of this attack was not weakened at all compared to his original combat power, on the contrary, it was improved a lot, and it was even close to the level of Earth Saint.

Bang!

Swords and guns fought, bursting out a series of dazzling sparks, and a shock wave also radiated out, bang bang bang, the ground was forcibly cut off.

The smile on Xiu Chengze's face suddenly disappeared, revealing an unbelievable expression again, because even if he burst out the power of darkness, he still lost to Qin Chen?

How could this be? The power of darkness is also a very perverted taboo force in the heavens, otherwise the heavens will not be blown by this kind of power. Logically speaking, shouldn't it be ten times or a hundred times higher than the power of this world? And his cultivation level is higher than Qin Chen , Why still lose to Qin Chen?

There is absolutely no reason!

His face was at a loss, the confidence that had just been erected collapsed again, and this time it collapsed completely from the inside out.

"This is what you call the strongest dark power? But so." Qin Chen felt a strange power pouring into his body, but for some reason, as soon as this power appeared, it was given by other powers in his body. Obliterated, there is no way to harm him, as if he was born to restrain this power

Like, very weird.

Is it because of blood? Or... he is the son of the plane of Origin Continent?

Qin Chen didn't understand and didn't have time to figure it out.

"Kill!" Qin Chen yelled, and an ancient tripod suddenly appeared. It was the Demon Suppressing Cauldron, hum, the Demon Suppressing Cauldron exploded with an astonishing aura, and the black halo

rippled between the world and the earth, and the void was agitated. Ripples, the terrifying cauldron is ruthlessly towards Xiu Chengze

Fell down.

The Demon Suppression Ding is a sage soldier, even one of the strongest sage soldiers of the Tianwu Continent Human Race, and it is only now that Qin Chen exerts its true power.

Hum! The terrifying tripod waves are permeating, the rules of space make Qin Chen everywhere, the rules of time allow him to easily control everything, the rules of the thunder system made by the bloodline of Thunder are domineering and powerful, the rules of killing are all indestructible, and the substantive soul makes Qin Chen even more powerful. become

The master of this world.

Xiu Chengze is indeed very strong. He was originally a master at the pinnacle of the mortal sacred realm. After stimulating the power of darkness, his strength is even closer to the sacred realm of the earth.

Unfortunately, what he encountered was Qin Chen, who had the power to kill the holy realm in the semi-sacred realm, the son of the plane of the source continent. This left him only to be suppressed. Boom, the great cauldron fell, and Xiu Chengze was shocked with blood. The only ancient talisman light left on his body was smashed, and countless blood spattered. What is strange is that he After releasing the power of darkness, his blood

It also became dark, as if it did not exist in this world.

"No, it's impossible..." Xiu Chengze yelled in fright. He couldn't believe that after he released the power of darkness, he was not yet Qin Chen's opponent. He furiously resisted and urged a secret technique on him. 'S injuries healed quickly in a short period of time, as if fundamentally

It doesn't seem to be affected.

"You can't kill me, you can't kill me." Xiu Chengze roared. He has the combination of the power of darkness and the power of ancient talisman. Although Qin Chen flew like crazy, he remained invincible for a while.

"This power is really weird..."

Qin Chen frowned. If it hadn't been for this weird dark power to keep healing Xiu Chengze's body, he would have already killed Xiu Chengze.

However, does this Xiu Chengze think he has no cards?

Hum!

Qin Chen's eyes were cold, and a black ancient sword suddenly appeared in his hand, a mysterious rust sword. This is one of Qin Chen's biggest trump cards. Every time he activates the mysterious rust sword, he will cause damage to himself and almost fall, but after breaking through the holy realm, Qin Chen does not believe that he will be restrained by the mysterious rust sword.
