

Valkyrie 2481

[Chapter 2481: The adults don't remember the villains](#)

"Humph!" Hearing his son's voice transmission, this late Mortal Saint realm master moved and stepped forward again, "Since you don't want to say, then I have to capture you and torture you to confess. It happened recently. Xuancheng grand meeting, the city lord's mansion ordered,

Perhaps some spies of the Demon Race have mixed into Cangxuan City and want to seize the opportunity of our Human Race. I think your origin is unknown, I am afraid that you are the spies of the Demon Race. If you enter the old man, you will be taken down to eradicate the harm for our Human Race. "

When the voice fell, this person didn't give Qin Chen a chance to speak, and just shot.

As soon as he shot his hand, black halos appeared in his hand. These halos turned into black halos, forming an extremely terrifying force of restraint. After the halos, the big hands skyrocketed and faced Qin Chen. Grab it directly.

Boom!

The terrible energy swept through, and the void around Qin Chen suddenly solidified, and there were fluctuating air currents everywhere, forming a terrible dark cage.

This is the power of dark rules.

"Senior, be careful, this is our ancient bell sect's shadow gripper, combining the rules of darkness and space..." Qin Tingting looked at it, paled in shock, and hurriedly reminded.

"court death!"

Qin Chen's eyes were cold, and he blasted out with a backhand punch.

Killing fist! Everyone didn't see how Qin Chen moved, it seemed that they just shouted angrily, and a terrifying fist roared out, roaring, turning into a fist and angry dragon, and instantly broke the dark cage of light and shadow. Open, boom, countless shadows

Swept, the middle-aged man was blown out like a cannonball, and a mouthful of blood spurted out.

puff!

While the blood spurted wildly, the middle-aged man was lying on the square like a dead dog, covered in blood, broken bones, and embarrassed.

Punch.

To seriously injure a strong man in the Mortal Saint Realm late stage, this is still Qin Chen leaving his hand, otherwise Qin Chen would definitely be able to explode the opponent with a punch.

"Bold!"

"presumptuous!"

"not good!"

Huh huh!

All the ancient bell sect masters were taken aback, and their swords were drawn violently, especially the master in the middle of the Mortal Saint Realm late stage peak. His eyes widened, and he roared, "Death!"

Boom! A terrifying murderous aura exploded from his body, and the murderous aura lingered, turning into a sky net and shrouded towards Qin Chen. Every vigor of the net on that day contained the powerful power of the holy origin, crushing the four directions and changing the color of the world. , The whole square shakes

.

This person's strength is more than ten times stronger than the middle-aged man who was bombed before.

Even in terms of strength, this person surpassed Ling Luling and the others who attacked the Tianwu Continent. He was magnificent. This person was the head of the Gu Zhong School.

Hum!

In the void, countless Qi Jin Skynet shook, turned into a golden ancient bell, shook in the void, crushed down.

"This is our ancient clock school's unspoken secret Saint Yuan Huazhong, condensing the Saint Yuan in the body into the bell body, combining the power of rules, can suppress the world and everything, and the head has been trained!" Many people were shocked. call.

However, Qin Chen didn't change his face. This ancient clock was indeed powerful, but Qin Chen was not afraid of it.

Cang Dang!

As if there was a thunderbolt on a sunny day, the ancient clock shook, and the next moment it burst into pieces. The entire ancient clock smashed into pieces, and countless Saint Yuan Skynets were instantly torn apart.

Huh!

Qin Chen's figure moved, urging the rules of space, as if teleporting, suddenly appeared in front of the head of the Gu Zhong School, and pointed his eyebrows.

Hum!

A sword qi puffed from Qin Chen's fingers, and his fingers turned into a sword, like a magic soldier out of its sheath, exploding with terrifying killing intent. The face of the head of the Ancient Zhong School changed drastically. It seemed that Qin Chen would be so strong. In an instant, he felt a sword air lingering around the center of his eyebrows, as if a holy artifact was pointing at the center of his eyebrows. , A strong sense of crisis rose wildly

Soaring up, it seemed that Qin Chen might be beheaded at any time, and his head was in a different place.

not good!

He retreated violently, trying to avoid Qin Chen's attack.

However, Qin Chen's body shape is like a phantom, and the rules of space are lingering. No matter how the head of the ancient clock school flashes, Qin Chen's fingers will fall firmly on the center of his eyebrows. Just point it out. Can poke a big hole.

After a few flashes, he stopped moving immediately, dripping with cold sweat and fear in his eyes. In an instant, his face was full of sweat.

He knew that he had met a master, a master who was far from the enemy.

Qin Chen sneered, but did not continue to make a move, but put his hand down.

If a master like the head of the Gu Zhong Sect was in the forbidden land, Qin Chen would have to be more careful, perhaps after a battle, using various methods to win the opponent.

But after experiencing the long river of years, the baptism and transformation of the heavens, and the breakthrough in the cultivation base, the masters of the late stage of the mortal sacred stage like this are nothing in Qin Chen's eyes.

The heaven is indeed extraordinary, a place that can create miracles. Qin Chen sighed in his heart, but did not move a look on his face, and said faintly: "Gu Zhong Sect leader? The strength is too weak. Although the cultivation base has reached the peak of the late stage of the mortal holy realm, it is too ordinary in terms of rules and martial arts. , I miss a warrior like you, this seat is one

Just finger it, you can kill it. Really when this seat is injured, you Gu Zhong sect can do it recklessly? "

"You..." The head of the Gu Zhong School had a dry voice, his face flushed, but he didn't say a word, because he knew what Qin Chen said was true, and he realized that he was in front of the young man in front of him. , There is no resistance, the other party wants to kill him, Jane

Straight is effortless.

Where did such a boy come from? I still want to capture the opponent, asking about the history and purpose, but who knows that he is going to die.

"No, I quickly sent a message to Cangxuan City, my Gu Zhong sect has a peerless evildoer, and I suspect it is a spy of the Devil Dao."

An elder of the Gu Zhong Sect in the late Mortal Saint realm screamed and was about to send a message, but as soon as he remembered his voice, he was pinched by his throat, and he couldn't say a word.

Not Qin Chen, but the head of the Ancient Zhong School himself.

"Head!"

The elder looked at the head holding his throat in disbelief, his body trembling.

"Elder Ge, shut up, this senior has already been merciful before. If you don't let it, with the strength of this senior, we can send our Gu Zhong up and down, kill them cleanly, and keep them." Gu Elder Ge, the head of the Zhong Sect, put down, and then bowed to Qin Chen, "This senior, you are the cultivation base of the earth sage? I don't know why the senior was injured. I can come to my ancient Zhong Sect, my ancient bell. Pai Pong Xun was brilliant, but the old man didn't greet him personally and offended

Senior, the sin deserves a million deaths, and I ask the seniors to forget the villains and forgive the juniors for their recklessness. "

In the heavens, the strong is respected. Don't think that the head of the Ancient Zhong Sect is much larger than Qin Chen, but after understanding Qin Chen's strength, he is immediately behaved, just like a junior.

Around, the other senior members of the Ancient Zhong School looked at Qin Chen in horror.

This son is so young that he is a master of the earth sage. Unbelievable!

[Chapter 2482: Mu Daoxuan](#)

"Master of Earth Sage..."

"This son turned out to be an earth sage cultivation base!"

"Earth Sage, how is it possible that such a character is also a master in Cangxuan City, how can he appear in my Ancient Zhong Sect?"

"If my Gu Zhong Sect has such a master of Earth Sage, my position in Cangxuan City and Tianmang Mountain Range will also be greatly improved."

"Unexpectedly, Qin Tingting actually picked up a wounded senior Earth Sage back. What kind of luck is this? I don't know whether it is a blessing or a curse to our Ancient Zhong Sect, huh, then Pang Wude and his son still want to attack the Earth Sage. This is not a dead end. "Haha, now the grand gathering of Cangxuan City is about to start, and that Pang Feng has been stuck in the middle of the Mortal Holy Realm. It is difficult to break through. I am afraid that Elder Pang Wude wants to refine the origin of this son, so that his son can break through in Cangxuan. The city's event will be rewarded, but unfortunately , Kicked to the iron plate. "

Suddenly, the entire square was shocked, and many masters of the ancient bell school all talked about it.

Some elders even shouted directly: "Brothers in charge, Pang Wude, father and son, dare to attack seniors, their sins are unforgivable, and they must be punished severely to curb the example and calm the anger of seniors."

"Not bad." Gu Zhongpai nodded and shouted coldly: "Come on, let Pang Wude and his son be detained first."

"Yes!"

Several ancient Zhongpai masters stepped forward and immediately held Pang Wude and his son, and dragged them down. Junior Brother Pang Feng Pang was so scared that he shuddered and screamed: "The head is forgiving. My father and I are also thinking about the future of the school. If this person is a spy of the evil spirit, then my ancient bell school will definitely fall into extinction. The situation, also

Please be the master. "

"court death!"

The head of the Gu Zhong faction roared, his figure shook, and he slapped Pang Feng directly, fainting him to death. "Boldly, how can the cultivation base of the older generation be the spy of the Demon Dao, besides, what do I have of the ancient bell sect, it is worthy of a predecessor of the earth sage to persecute, your father and son are unpredictable, this is to drag my ancient bell sect into the water , Too presumptuous.

"The head of the Gu Zhong Sect yelled. He could tolerate Pang Wude and his sons acting on Qin Chen for their own selfish desires, but he could not tolerate that the other party had clearly seen Qin Chen's strength and had to drag the Gu Zhong Sect into the water in order to save his life. This was clearly to survive. No compromise

, Such a person has no sense of sect honor at all.

"Senior, I don't know how you want to deal with this father and son. As long as the senior speaks, the junior will do the same."

The head of the Gu Zhong Sect said to Qin Chen, while he was angry, he only wanted to calm Qin Chen's anger.

"These two are your disciples of the Ancient Zhong School, so naturally you should be the head of you. It's natural not to overrule." Qin Chen said lightly.

The head of the Gu Zhong School breathed a sigh of relief, this Pang Wude father and son were to be punished, even if Qin Chen bit and wanted to kill two people, he could only do so, but the Gu Zhong school's face was lost. Up.

But now it seems that although Qin Chen is powerful, but he doesn't bully others, he can't help but have some good feelings for Qin Chen.

The other senior members of the Guzhong School were also relieved, their pressure greatly reduced.

"Senior came to my ancient bell sect today, and the younger generation hasn't treated me well yet. Please stay a few more days in my ancient bell sect. Please tell me to wait for the cultivation. The younger generation will organize a banquet. To entertain the seniors today, please give me a treat. "The head of the Gu Zhong School

Put your posture very low. "It's easy to say, this seat will have something to discuss with your Excellency." Qin Chen said lightly: "These days, this seat will continue to stay here, and will not leave until the injury is completely healed. During this time, your ancient bell sect Up and down, you will get me

Of pointing. "

"Yes."

The head of the ancient bell school nodded heavily. "Well, this seat is closed all year round. Later, after being chased by others, I came to Yunzhou inadvertently. Now I have just arrived here. I don't know much about Yunzhou and Cangxuan City. I need to go to your ancient Zhong school's book collection. Pavilion and some places to see, palm

Mr. Gate shouldn't say no? "

"Naturally not." The head of the Ancient Zhong Sect waved his hand again and again, "Junior Mu Daoxuan, this is the token of the Supreme Elder of our Ancient Zhong Sect. With this token, seniors can go in and out of any place of the Ancient Zhong Sect. No one will stop it."

"That's good, Qin Tingting, let's go, you show me the way."

While speaking, Qin Chen stood up with Qin Tingting and ran towards the library of the ancient Zhong school.

If you want to survive in the heavens, you still have to learn more. The jade slips Qin Tingting gave before only recorded some of the most basic things of the Ancient Zhong School. Qin Chen needed to know more about the situation before he could decide his next move.

Watching Qin Chen leave, after a long time, everyone outside Qin Tingting's palace recovered.

"Head, what do we do next, this person has an extraordinary background, really let him stay?!"

Many elders surround him. "Don't worry, everyone, this old man naturally has plans. Didn't you hear that? This senior came from a place outside Yunzhou. It can be seen that the origin is absolutely extraordinary, and you have not felt the breath of life in this senior. Very vigorous, but the fire of life is extremely young. It can be seen that this child is definitely not old. With such a cultivation level at such an age, who of you can do it? Let alone you, the young city lord of Cangxuan City may not have This kind of talent, maybe it's

It's an opportunity for my Gu Zhong school. "

"Now, all of you leave and prepare for the evening banquet immediately. Also, the news will be sealed tightly. I don't want any news to go out. Do you understand?"

The head Mu Daoxuan looked serious, and after issuing the order, he disappeared all of a sudden, and walked towards a secret place in the back mountain of the Ancient Zhong School.

On the other side, Qin Chen, led by Qin Tingting, came to the Library of the Ancient Zhong School.

The magnificent library of books stands in the central area of the ancient bell sect, surrounded by terrible prohibition flashes, exuding an astonishing breath. "Senior, this is the library of my ancient Zhong school." Qin Tingting said cautiously, looking at Qin Chen in amazement. At this moment, she could not recover from the shock before, and the one in front of her looked even worse than herself. Younger young people,

Even the head can be defeated, this level of cultivation is amazing.

She looked at Qin Chen carefully, and then realized that Qin Chen was surprisingly handsome and brave, like a big family from the heavens.

Perhaps, only the big family of the heavens can cultivate such a strong person, Qin Tingting was emotional.

"Ok."

Qin Chen nodded, naturally ignorant of the waves in Qin Tingting's heart. He looked up at the Cangshu Pavilion and saw that the Cangshu Pavilion was very magnificent. It seemed that the Ancient Zhong School had some vision and attached great importance to the cultivation of the school's disciples. It is a pity that although the prohibition outside this library is powerful, it is only an ordinary Saint-level formation. It can be seen that this ancient bell school is not only scarce, and perhaps no master of formation has been born in history.

[Chapter 2483: Happy Supreme](#)

Could it be that the formation masters of this heaven are as rare as the alchemy masters?

With doubts, Qin Chen stepped into the library of books.

With the token of Taishang Elder issued by Mu Daoxuan, Qin Chen naturally went unimpeded in this library.

"You can rest on the side first, I'll see for myself first."

Qin Chen said something to Qin Tingting, glanced at her, and suddenly smiled: "You have helped me a lot. I just gave you a holy yuan pill, so let's give you some more benefits."

When the voice fell, Qin Chen's eyebrows twitched, and a burst of soul shot out suddenly, exuding a vast aura. Before Qin Tingting had no defense, he went directly into the opponent's body.

Qin Tingting was startled and was about to resist, but then his face showed joy.

"This is... the power of perception of the rules of heaven, senior, you... you can actually teach the perception of rules..." Qin Tingting was shocked. She is a mid-sacred realm cultivation base, and she has stayed in this realm for quite a while. The mid-term peak is only one step away. This is nothing. The most important thing is that she has not been able to see the door of the late stage of the Holy Realm.

threshold. Now that Qin Chen's perception of the rules was gained, the power in her body was immediately ready to move, and she even felt as if she had directly stepped into the mid-term peak. Moreover, she even saw the path of the later stage of the Fan Sacred Realm in front of her. She felt that she just had to give herself enough time to close.

Guan, she can even directly enter the late Mortal Saint Realm, which makes her not shocked.

The breakthrough of Fan Shengjing is by no means that simple, otherwise she and Pang Feng would not have such a headache.

"It's nothing." Qin Chen smiled slightly. After seeing so many celestial masters, he finally understood the difference between celestial masters and lower realm masters.

In the lower realm, if a warrior wants to break into the holy realm, he must understand the origin of heaven and earth, and reach an extremely terrifying point in the understanding of the rules, before he can break into the holy realm.

But in the heavens, the heavens and earth's holy energy and the power of the origin are too strong. A strong person only needs to absorb enough origin and holy energy to naturally enter the holy realm without much understanding of the rules. .

This has led to the fact that in terms of comprehension of the rules, the Celestial Master may not be better than the Lower Realm Master.

Of course, the rules of the lower realm are too weak after all, and many plane rules themselves are not strong, so even if they fully comprehend them, there may not necessarily be strong celestial masters who understand the rules of the celestial realm.

Therefore, after the lower realm masters ascended to the heavens, it is also very difficult to make a breakthrough in strength.

But Qin Chen is different. The Tianwu Continent was one of the source continents when the universe was opened, and Qin Chen was the son of a plane recognized by the Tianwu Continent, which also made it extremely difficult for Qin Chen to break through the Holy Realm. However, in terms of rules, Qin Chen wanted far more than the mortal martial arts in the heavens

The person is much stronger. Not to mention that Qin Chen also understood the rules of the Alien Demon Continent, and even swallowed the origin of the heavenly powerhouse, as well as the body with the innate Dao body, the immortal body, and the space, plus Qin Chen's powerful substantive soul power, own time origin and years

Changhe's experience has led him to be far superior to a master in the heavens in some respects.

Therefore, he can easily raise the realm of a master of the heavens. At least, in the mortal realm stage, Qin Chen has already seen the essence, even in the heavens, there are few opponents.

"Thank you senior."

Qin Tingting immediately sat in a corner of the library and practiced in retreat, while Qin Chen smiled slightly and looked around in the library.

"Wow!"

Qin Chen first began to read the secrets of exercises, boxing, and swordsmanship in the Xia Zangshu Pavilion, and found that the secrets of this ancient Zhong school were indeed far superior to the Tianwu Continent's heavenly exercises, and even the most common one, there was a heaven. The power of grade-level exercises.

However, Qin Chen felt that all the exercises here were much weaker than the Nine Star God Emperor Jue.

"Could it be that my Nine Stars Divine Emperor Jue is also an extremely powerful technique in the heavens?" Qin Chen raised his brows. This is not impossible. He has not seen a technique comparable to

the Nine Stars Divine Emperor Jue. The important thing is that the Nine Star God Emperor Art is obtained from the forbidden land, and the forbidden land is the battlefield of the heavens.

, And even a holy master fell among them, maybe this nine-star divine emperor tactic is not necessarily a certain holy master's technique.

Of course, Qin Chen didn't despise these techniques, but quickly flipped through the past. His soul power was too strong, it can be said that he never forgets. The secret books were instantly imprinted in his soul and integrated.

Soon, he read all the more advanced cheats in the Cangshu Pavilion. Among them, only a few secret techniques of the ancient bell school were considered good, and among them was the ancient bell school of Shengyuanhuazhong. The strongest move.

This secret method was left by the founder of the Ancient Zhong School, which combines the power of the Sage Yuan and the rules. The stronger the rules and the Sage Yuan, the stronger the power, which gave Qin Chen a lot of inspiration.

Of course, because the Saint Yuan Hua Zhong is the secret of the ancient bell sect, even if he reads the classics that can only be read by the highest elders, such as the Supreme Elder, only the roughest introduction and explanation, the most core condensing method No.

But who is Qin Chen?

He combined with the scene of Mu Daoxuan's display before, the Nine Star God Emperor Jue was running, and suddenly, hum, an invisible bell body appeared around Qin Chen, and this holy yuanyuan bell was easily simulated by Qin Chen.

"So strong!"

Qin Chen was shocked. Although Qin Chen understood the rules, another important reason was that the Nine Stars Divine Emperor Jue was so powerful that he directly simulated the structure of the Saint Yuan, which surprised Qin Chen.

Of course, there is also the reason why Qin Chen's talent has been astonishingly improved after he materialized his soul.

Qin Chen didn't stay in the cheat book area for too long, but came to the information area on the other side. Here, there were many celestial information recorded, which was much more brief and comprehensive than the jade Qin Tingting gave. "Huh? It turned out that the heaven was really broken by people countless thousands of years ago, but later, it was repaired by a strong man named Xiaoyao Supreme in conjunction with many great forces in the heavens, and it has its current appearance, although compared to The ancient heaven is still very broken

, But many places have been restored. "

Qin Chen was shocked, who is this Xiaoyao Supreme, who can restore the heavens?

There is also supreme. Is the realm above the holy lord called supreme?

And what shocked Qin Chen even more was that this Xiaoyao Supreme not only had martial arts surpassing the sky, but also possessed a heaven-defying cultivation base in terms of alchemy and formation. In the record of this ancient book, because of the fragmentation of the heavens, countless traditions were lost, which could not be passed down. In addition, the crisis of the heavens has never been resolved. Therefore, in the heavens today, all the strong are dedicated to studying Martial arts, improving strength, this has led to the decline of Dandao and Array Dao and other professions, and top powerhouses are very rare.

[Chapter 2484: Patriarch](#)

"It's no wonder that the disciple of the Ancient Zhong Sect was so excited after seeing the Holy Yuan Pill, and the formation control of the Ancient Zhong Sect was so weak. It turned out that in the heavens, the alchemy and other forces are very declining, so any master alchemy master Are extremely rare, It is difficult to buy enough medicines on the market. "

At this point, Qin Chen finally understood the excitement of Qin Tingting and the others.

"Unexpectedly, these celestial warriors have lived so miserably." Qin Chen's eyes flickered. This is good news for him. With his alchemy attainments, as long as he has enough materials and prescriptions, Qin Chen is confident step by step. Becoming the top alchemy master in the heavenly realm will help him gain a foothold in the heavenly realm.

Great benefit.

"It seems that I have found out how to cooperate with this ancient bell school, and how to gain a foothold in Cangxuan City and obtain sufficient resources."

Qin Chen thoughtfully.

boom!

at this time.

A majestic breath came out, Qin Chen turned his head and saw Qin Tingting's breath flashing slightly, a terrifying breath surged, and he stepped into the mid-term peak of the Mortal Saint Realm.

"Qin Tingting's talent is not weak."

Qin Chen smiled slightly. At this speed, as long as there are enough resources, it shouldn't take much time for Qin Tingting to enter the later stage of the Mortal Sacred Realm.

"Thank you senior for the point."

Qin Tingting jumped up, feeling the strength in her body excitedly, and instantly came to Qin Chen, her eyes full of excitement and admiration.

The bottleneck that had stuck her for a long time was so broken, and what made Qin Tingting even more excited was that she even felt that she had touched a trace of the threshold of the later stage of the Holy Realm.

In the late Fan Sacred Realm, this is the realm that the elders of the Ancient Zhong School have only, and she is still young, if she can break through as soon as possible, her future will be limitless, and becoming the heir to the head is not a problem.

"You are welcome, this is what you deserve, eh?"

Qin Chen smiled. Suddenly, his brow furrowed, as if he had sensed something, a meaningful smile was drawn at the corner of his mouth.

"Senior, what's wrong with you?" Qin Tingting was taken aback.

"Nothing, you go back to the mansion first, I want to meet a special person."

Qin Chen's eyes flashed, his figure shook, and he suddenly disappeared in the library.

"Senior is really fascinating."

Qin Tingting repressed her excitement and withdrew from the library.

at this time.

In a secret place under the ancient bell school, with countless arrays of light shrouded in countless arrays of light, there was a magical array here. This array, imprinted in the core of this mountain range, formed an independent hidden space.

In this space, countless heaven and earth sacred auras linger and gather, and the core of the holy pool of the ancient bell school is located below this space, which is the source of this hidden space formation.

In this hidden space, there is an old man sitting.

"Old ancestor, see you, disciple Mu Daoxuan!"

The head of the Ancient Zhong School, Mu Daoxuan, was kneeling on the ground at this moment, respectfully, not daring to show any negligence or disrespect.

"I've seen all the things outside just now. Among our Ancient Bell School, a master came in?!" The old man's eyes suddenly opened, and the entire space fluctuated, as if two divine lights were shooting out.

"Then ancestor, why don't you take action? Let him do whatever he wants in my ancient bell sect?" Mu Dao Xuan Dao, this ancestor was the former head of the ancient bell sect. Rumor has it that he has fallen a hundred years ago. In fact, The mystery of the ancient bell school

In the space.

This is the top secret of the sect. Except for him, the rest of the sect does not know that this old ancestor is the secret weapon and killer of the Gu Zhong Sect.

"Two reasons." "First, I have fallen from the outside world, and other forces don't know it. Once I take action, the holy energy fluctuations may spread out and let people from other forces in the Tianman Mountains catch them. Tianman Mountains The other forces in the empire thought that I was dead, so the old man could feel at ease here to comprehend the great road. Once let them know that I am still alive, they will definitely take action against my ancient bell sect. In this way, my ancient bell sect will be in danger. Besides, the life span of the old man is not much, unless I can break through

, Otherwise, my appearance would bring disaster to the Guzhong School. "

"As for the second, even if I take the shot, I can't help that person."

The old man shook his head and sighed slightly.

"What? Even if you make a move, the ancestor can't help that person? Even if the man is an earth sage, he is also very young. Ancestor, you have entered the earth sage for thousands of years!" Mu Daoxuan almost jumped up. "You said that the person is very young, that is not wrong, but that person is not the earth sage, he is not using the earth sage's power, the earth sage, the rules are fused throughout the body, the five secrets are almost condensed, and this person is only condensed Only a few of the Five Secrets, if not

Guessed wrong, it should still be in the realm of mortal sage. "However, when he restrained you, he displayed the technique of space teleportation. You know what is called space teleportation. This is a method that can be controlled when the rules of space are understood to a certain extent. I've been in retreat for thousands of years, but I haven't been able to get

Realized that if I shot, even if I could control him, I couldn't take him. "The old man shook his head, "So, you must not offend him. This person has amazing talent and absolutely extraordinary origin. It is not something that our little ancient bell sect can offend. What's more, recently Cangxuan City is about to open a grand event, and all major forces are ready to move.

, It is very likely that there will be changes, and it is not convenient for me to show up. If you can win over this person and let this person stand in front of our ancient bell sect, it would be a good way to use it. "

"Ancestor, you mean, let him replace our Gu Zhong to send to the Cangxuan City event? This is an opportunity to strengthen our sect, okay?" Mu Daoxuan hesitated.

"It's not to seize opportunities for our Gu Zhong Sect, but in Cangxuan City, let this person resist some disturbances for our Gu Zhong Sect." The old man's eyes flashed: "This person probably doesn't know much about Yunzhou, but he can use it. . "

"Yes, ancestor!"

Mu Daoxuan got up, said respectfully, and was about to withdraw, when suddenly, a chuckle sounded.

"Two people, who are calculating people behind the scenes, aren't they heroes?"

The voice fell.

Boom!

A terrible breath descended, appearing directly in this mysterious space.

The old man and Mu Daoxuan were taken aback: "Who?!"

"Of course it's me!" A strong aura appeared in the perception of the two of them. A figure slowly walked out of the void. It was Qin Chen who looked at Mu Daoxuan with a smile, "Mu Daoxuan, Ben You are really sincere to you, the ancient bell sect. It's not good for you to do this?"

"Then, Qin Chen turned his head to look at the old man, smiled slightly: "Unexpectedly, in this ancient bell school, you are still a master like you, it is really rare, Earth Sage, if it weren't for this seat's understanding of space rules. Special insight, you may not find

This mysterious place. "Qin Chen said with a faint smile, without any timidity, as if he had met an old friend.

[Chapter 2485: Very tempting](#)

"Can you find this place?" The old man stood up suddenly in shock.

He has a deeper understanding of Qin Chen's attainments in space, but the key thing is that this mysterious space is shrouded in formations, even if the opponent finds it, how did he break in?

The old man felt a huge threat in an instant, and suddenly slapped it out.

Boom!

A terrifying palm shadow appeared, haunted out, and instantly turned into a sky-reaching breath, sweeping towards Qin Chen frantically.

Whoosh! The head of Mu Daoxuan of the Ancient Zhong School shook his body and turned into a streamer to block Qin Chen's back. Although he knew he was not Qin Chen's opponent, at this time, before the future of the school, He would rather die to block Qin Chen

.

Qin Chen smiled slightly, ignoring Mu Daoxuan, the leader of the Ancient Bell Sect behind him, but concentrated on the ancestor of the Ancient Bell Sect.

A master of the Earth Saint level, to be honest, Qin Chen faced it for the first time, so naturally he dared not be careless.

Hum!

Suddenly, a huge ancient bell appeared on his body. This ancient bell was actually condensed from the aura of Saint Yuan, and the power of terrible rules lingered on it, blooming with a shocking aura.

"This is... Shengyuan Huazhong?!" The ancestor of the ancient bell sect was taken aback, his eyes were almost bursting. The Shengyuan Huazhong was the secret of his ancient bell sect. How did this kid learn it? Seeing Mu Daoxuan used it once, did he comprehend the essence of this secret technique? This

What talent is it?

Although he was shocked in his heart, the ancestors of the ancient Zhong Sect were still undiminished, and his horrible palm power instantly overwhelmed him.

Boom! Endless and terrifying palm strength surged in an instant, banging, the ancient clock around Qin Chen's body trembled violently and roared, and the light on it kept flickering. It seemed that it might break at any time, but Qin Chen didn't move. But to squeeze his hand, pause

At that time, invisible forces merged into the ancient clock, and the two sides fought for hundreds of rounds in a moment of strength.

☹!

In the end, the endless palm strength retreated, and Qin Chen stood there, unharmed.

"what?"

The head of Mu Daoxuan's scalp was numb, and he almost didn't jump up. Under the palm of the ancestor, Qin Chen was unharmed. Is this still a human? Mu Daoxuan and the ancestors of the Ancient Zhong Sect were shocked, but Qin Chen breathed a sigh of relief. Before fighting against the ancestors of the Ancient Zhong Sect, Qin Chen was also a little worried. After all, he was in the ancient battlefield of the Forbidden Land. I once accepted the book that Ling Luling displayed

Source crystal. The Origin Crystal contained only one-tenth of the battle power of an Earth Sage master, and instantly blasted Qin Chen. Now facing a real Earth Sage master, Qin Chen was also afraid that he could not resist it, even though he had strength. The improvement by leaps and bounds, but right

Fang is also a master of the Holy Land.

But who ever thought that the strength of the other party was far less than what he thought.

"That's right. After all, this ancient bell sect is only a small sect, and the original crystal that Ling Luling displayed at the beginning may be the saint master of the Yaomie Mansion. There is a big difference between the two."

Qin Chen thought of a possibility.

"This ancestor of the Ancient Bell School is obviously only in the early days of the Earth Sage, reaching the peak of the early days, and the life span is about to end. The strength is definitely not as good as before. No wonder it is so weak."

If the thoughts in Qin Chen's heart spread to the outside world, it will definitely shock the entire heavens. A warrior in the late Mortal Saint realm actually feels that the attack of an Earth Saint realm warrior is weak, is there any heaven?

"You, who are you..."

The shock in the heart of the ancestors of the Ancient Zhong School was beyond surpassing. He roared, his beard flying, and a terrifying halo burst out of his body, and he was about to use his ultimate move.

Qin Chen put away the Saint Primordial Bell outside his body, and laughed: "Old man, this seat is not hostile. It's just a test of your strength. The two of us can talk, and don't be nervous."

When the words fell, Qin Chen's holy yuan dispersed, showing sincerity.

"Who are you?" The old ancestor of the ancient bell sect yelled coldly, his eyes were solemn, and the shock in his heart still couldn't dissipate. He has been in the realm of the earth sage and has cultivated for many years, although he is not considered the top powerhouse of the earth sage. But it's not the ordinary early stage of the Holy Land.

The threshold of the initial peak of the Holy Realm, countless billions of square meters around this Cangxuan City, can also be called a master.

But now he couldn't even get a young man who didn't even reach the Holy Realm, which made him not startled, thinking that the other party was specifically going to kill him.

Fortunately, Qin Chen stopped, his mind leveled slightly, and he was experienced and keenly felt that the young man in front of him did not seem to have any malice.

"I have heard what you said just now. What do you think of the talents of this seat?" Qin Chen sat down cross-legged, watching his nose, his nose and heart. The rich Saint Yuan haunted his body and swallowed this mysterious space. Suddenly, the holy aura in this heaven and earth poured into his body, like a long whale sucking water, four

Zhou's holy energy was all drawn over, and the old man and Mu Daoxuan couldn't even absorb a trace of holy energy.

This method is like a miracle.

This is the magical effect of the Nine Star God Emperor Jue, this technique, it seems that Qin Chen has broken through the holy realm, and only when he reaches the heavens can he exert his true power.

"Your Excellency is unfathomable, I can see that your fire of life is still very young, but your strength is so tyrannical, a worldly arrogant, no, it should be regarded as a peerless evildoer, not the small Tianmang Mountains and Cangxuan City can cultivate At least Yunzhou

Saint child level, maybe even stronger..."

"However, if you have such a cultivation base, your identity must be extraordinary. Why should I embarrass me, a small ancient bell sect. My ancient bell sect is a small temple. I can't accommodate your big bodhisattva. The pond is a shallow pond and cannot hide your truth. Dragon."

The old man lowered his heart and said carefully.

"This seat was injured, and was accidentally saved by your female disciple of the ancient Zhong sect. This is your opportunity for the ancient Zhong sect." "I just came to Yunzhou and learned about the situation around here from the Cangshu Pavilion. Knowing the strength of your Ancient Bell Sect, in this vast Tianmang Mountain Range, your Ancient Bell Sect can only be regarded as medium, and in Cangxuan City, it is not considered the upper reaches.

The few forces are staring at you, the ancient bell sect. But if your ancient bell sect cooperates with this seat, I will surely let your ancient bell sect rise up, and it is not impossible to even take charge of this Cangxuan city in the future. "

Qin Chen's voice was extremely attractive. "In charge of Cangxuan City?" The old man recovered his calm and shook his head: "The city lord of Cangxuan City is appointed by a high-level Yunzhou. You can't be the lord at all. What's more, although your strength is strong, your cultivation level is too low. Bullying and bullying are okay, but in the dark

The Profound City may not be invincible, how can I let the Ancient Bell School rise? "The ancestor of the Ancient Zhong School was a little moved, but who he was, a talented figure, instantly analyzed the

situation and roughly figured out Qin Chen's strength, which is stronger than himself, but not necessarily much stronger.

[Chapter 2486: Take orders from me](#)

"Haha." Qin Chen laughed, but there was sarcasm in his laughter, "It is said that people are old and good, but from the perspective of this seat, you old man, the eyesight is not good, regardless of the strength of this seat, don't you? Don't you doubt, how did this seat break into your space?"

"

Ok?

As soon as this remark came out, the ancestor of the Ancient Zhong School frowned, joking, how could he not doubt that since Qin Chen appeared to the present, he has not figured out how Qin Chen broke in.

This mysterious space is protected by a holy formation, even if the opponent is an earth holy master, it is impossible to attack in silently.

Is there anything hidden in it.

"This mysterious space should have been created by your ancient bell sect's once powerful ability. Well, a holy protection array was placed around it. Unfortunately, this array is too weak. In the eyes of this seat, there are loopholes. Too much." Qin Chen finished speaking, raised his hand abruptly, booming, and saw that a primitive ball suddenly appeared in this space. On the ball, runes appeared one by one. This is a big formation, countless The runes formed a series of patterns, but they were

Chen easily blasted the gaps one by one, these gaps were silent, and there was no formation fluctuation when they opened.

"Forget it, I'll show some sincerity first, and fix your broken formation method." The voice fell, Qin Chen waved his hand suddenly, and array flags appeared from his hand, thrown into the void, accompanied by With the disappearance of these formation flags, bright arrays of light suddenly appeared above this large formation, booming, a terrifying aura permeated.

Out.

After that, Qin Chen used his techniques, and an invisible force was integrated into the formation.

In the formation, the ancestors of the Gu Zhong Sect and the head of Mu Daoxuan suddenly felt that a terrible aura was suppressed, and that aura made them both extremely strenuous, as if they had been greatly suppressed.

Hum!

A vast breath was released from the formation. In just a moment, the formation around this mysterious space seemed to have been transformed, and the power of the formation was increased by more than several times. If the original formation was just an ordinary mortal-level formation, then now, this formation Has reached where

Saint-level pinnacles, such as Mu Daoxuan, a mortal sacred-level pinnacle powerhouse who breaks in, can be wiped out in a moment.

Even, it can threaten the early masters of the Holy Land like the ancestor of the Ancient Zhong School.

"Are you still a master of formation?"

The ancestors of the Ancient Zhong School and the head of Mu Daoxuan's eyes burst, their mouths were big and they looked shocked.

"Bucai really knows a thing or two in terms of formation."

Qin Chen said calmly, this attitude fell into the eyes of the two, but it was even more mysterious and vast. Qin Chen also had to thank the holy-level ban in the sea of Thunder Sea Abyssal Demon that suppressed the Lord of the Abyssal Demon. Originally, Qin Chen thought it was just an ordinary holy-level ban, but later did Qin Chen understand that he could suppress the Abyss Is the Lord's sacred prohibition

Can explain? With the experience of that holy rank ban, Qin Chen's attainments in holy rank formation naturally far surpassed the ordinary formation master in the heavens.

"hiss!"

The ancestors of the Ancient Zhong School and the head of Mu Daoxuan took a breath of air. No wonder Qin Chen is so confident. A master in the early stage of the Earth Saint Realm is nothing, but the master of the Saint-Rank Formation, no matter where you put it, it will A figure honored as a master.

However, just being a Saint-level master of the formation technique, it seems that it is not enough.

Although the Celestial Array Mage is rare, it is not completely absent. The Tianmang Mountain Range may be very few, but like the Cangxuan City, there are still so many holy-level Array Mage.

"Hmph, knowing that your Excellency can't make up your mind yet, then look at what this is?" Qin Chen snorted and popped out a pill.

The pill fell into the hands of the ancestors of the Ancient Zhong School, and he frowned slightly, "This is... the Holy Origin Pill?"

But what does this show?

The Sage Yuan Pill is extremely rare to Qin Tingting's disciples of the Ancient Zhong Sect, but the ancestor of the Ancient Zhong Sect is a master of the Earth Sage, and he won't be shocked by a mere sacred pill.

"Hey, that's not right." Suddenly, he seemed to perceive something, and exclaimed: "This Saint Yuan Pill breath is very fresh. It seems to have just been refined not long ago. Could it be..."

The ancestor of the Ancient Zhong School was shaking slightly while holding the Shengyuan Pill. "That's right, this pill was refined by this seat not long ago. As long as there are enough materials, this pill can be continuously refined by this seat. It depends on your life expectancy, right? , In this celestial realm, there must be recovery

Energy, the elixir to replenish life, it is really not good. Once this seat has collected enough materials, it can open a furnace for you to refine a furnace of time-returning pill, so that you can live longer and live for ten thousand years. "

"The years return to Guangdan? Live for ten thousand years?"

The ancestor of the ancient bell school jumped up in shock: "Is this true?" He is now suffering from lifespan, and his energy is not as good as a day. This is so long that he can't break through, and he will be immortal at some point, but if there is After these years of returning to Guangdan, he has extended his life span of ten thousand years. Under the surge of blood, he may be able to

Break through the shackles of the present, when the time comes, you can live forever.

This makes him not excited, not ecstatic, not shocked.

"Naturally take it seriously!"

Qin Chen sneered, "I need to lie to you an old man who has stepped into the coffin with one and a half feet?"

His smile, confident and convincing.

Young peerless evildoer, master formation master plus master alchemy.

The ancestors of the ancient bell sect were throbbing and full of thoughts. With such a big chance, this is an unprecedented opportunity to change the fate of the ancient bell sect. However, this was also full of risks. He didn't believe that Qin Chen would be so kind to help them with the Gu Zhong Sect. Could it be because a disciple of their Gu Zhong Sect saved his life? No, it can't even be said to be a life-saving, it can only be said to be a peace

This is completely illogical.

"what do you want?"

He raised his head and said in a deep voice, his eyes shed light. Obviously, his heart moved, but he hesitated.

He has lived for tens of thousands of years, and naturally knows that there is no pie in the sky, sometimes the pie is poison.

"I want you to be an ancient bell school. From now on, you will take orders from me." Qin Chen raised his head and said lightly: "This time this seat came to Yunzhou because of an accident. In addition to this seat, three other partners have left. , Therefore, this seat is going to establish a power in Cangxuan City and tell them the position of this seat, and your ancient bell

Pai, he has to take orders from me, build this power for this seat, and find my three partners for this seat. "

"Take orders from you?" The ancestor of the Gu Zhong School blinked.

"Yes, you can rest assured that this throne will not ban the ancient bell sect. The power established by this throne is called Chendi Pavilion. This is an inclusive force, and your ancient bell sect will be this Chendi Pavilion. The first organization under Yunzhou's command." Qin Chen said proudly.

[Chapter 2487: Old man did it](#)

hiss!

Qin Chen's ambition shocked the ancestors of the Ancient Zhong School, and with Qin Chen's strength and background, it might be possible. "I don't force you to think about it yourself, but I'll give you a piece of advice. Even if you don't do it for yourself, you should also think about the future of the ancient bell school. The development of a power is like sailing against the current. If you don't advance, you will retreat. You should understand this

This makes sense. "

Qin Chen watched his nose, his mind, and stopped talking, letting the ancestors of the Ancient Zhong School decide for themselves. If the other party refused, Qin Chen would absolutely not say anything and turn around.

The face of the ancestor of the ancient Zhong school showed hesitation.

In the end, he gritted his teeth as if he had made up his mind: "Okay, this matter, the old man did it."

As soon as he said this, he felt as if a big rock fell, extremely relaxed. He knows that this is a gamble, but, as Qin Chen said, even if it is not for himself, but only for the future of the ancient Zhong school, he should also make a change. A force in such a fiercely competitive place in the heavens will not develop. , Facing him

It must be destruction.

Although the ancient bell sect is pretty good now, what about it? Once he falls, can the Gu Zhong Sect continue to exist in the Tianmang Mountains, which are staring at him, in the dangerous Cangxuan City?

On the contrary, the appearance of Qin Chen is an opportunity, the biggest opportunity for an ancient Zhong school in the tens of thousands of years, it is better to cooperate and gamble.

"Very good." Qin Chen suddenly smiled and stood up when he heard the words, his eyebrows flashed, his fingers pointed out, buzzing, and a terrifying soul light burst out, instantly disappearing into the mind of the ancient bell patriarch.

"what are you doing?"

The ancestor of the Ancient Zhong School suddenly stood up, the light of the soul entered his mind, and suddenly turned into an invisible rune, and it fell down without affecting his soul, but it was like a brand. Engraved in his soul.

"Don't worry, this is a soul mark. Although you have agreed to cooperate, this seat still cannot trust you, so you have left a soul mark. Once you cheat, this soul mark will explode."

Qin Chen said directly, as if doing a trivial thing, everything should be on the bright side. The ancestor of the Ancient Zhong School was shocked to feel the soul mark in his mind, and a terrible breath was released from the soul mark. The terrible soul breath made his heart palpitations. Once the soul mark broke out, it would be impossible. Will his

The complete destruction of his soul can also greatly damage his soul and fall into a coma.

A warrior at the pinnacle of the mortal realm could display such a terrifying soul mark. The ancestors of the ancient bell sect were not dissatisfied, but shocked and fortunate.

"This son absolutely possesses the secret method of soul cultivation. This is a technique that can only be possessed by the top forces in the heavens. This step of mine is right."

He was fortunate.

"Ok?"

Suddenly, the face of the ancestor of the Gu Zhong Sect changed. He looked deep into the Gu Zhong Sect and shouted angrily: "These two traitors."

Qin Chen's brows also wrinkled, and his eyes showed cold light.

Whoosh!

I saw the ancestor of the Ancient Bell Sect swayed and stepped out in an instant, while Qin Chen and Mu Daoxuan also followed behind and quickly went deep into the Ancient Bell Sect.

At this moment, in the deep dungeon of the Ancient Bell Sect, Pang Wude and his son were standing in front of a communication formation, trying to activate the communication formation.

"Father, did you really decide to do this? If anyone knows, we are betraying the sect." Pang Feng stood aside, his expression nervous, his face covered with sweat. Pang Wude showed a hideous look on his face, and said coldly: "Huh, the head brother is so confused, he actually recognized it in front of a young man. This young man has a strange background. It is very likely that he is a spy, brother head. Afraid of the opponent's strength,

Kneeling, Pang Wude can't do such a thing. This messenger array can contact an adult in Cangxuan City, and I will pass to him the news that my ancient Zhong sect is harboring the spy of the Demon Way, so that he can lead the strong to come and kill the kid. "But father, in this way, the reputation of my ancient bell sect is ruined. If Cangxuancheng determines that my ancient bell sect is harboring demon spies, I am afraid the entire ancient bell sect will be destroyed. "Pang Feng trembled: "Moreover, the young man doesn't have the aura of the magic way.

It is very possible that I just came to the Guzhong School by accident. "

"What?" Pang Wude sneered: "The important thing is not whether he is a spy from the evil way, but that the adult I contacted needs such a feat, besides, son, do you want to break through the later stages of the Holy Realm?"

Pang Feng was taken aback, his face showed a hideous look: "Yes, of course."

"That's it." Pang Wude grinned, "I don't care if he is a spy of the evil way, I said he is, then he is, shit, how come this communication array hasn't been activated yet, eh, it's activated..."

Hum!

I saw a halo quickly lit up on this communication formation, and it was establishing a connection with the outside world, but the connection hadn't been connected yet, boom, a terrifying aura surged from outside the dungeon, suddenly exploding the communication formation. Come, torn apart.

Three figures came from outside the dungeon, and the leader was the ancestor of the ancient bell school.

"Pang Wude, you are so bold."

The ancestor of the Ancient Zhong School was trembling with anger. He really did not expect that for his own selfish desire, Pang Wude would rather the sect be framed and contact the great figures in Cangxuan City.

"Ancestor? How are you..."

Pang Wude knelt down on the spot when his legs were soft when he saw the incoming person.

And that Pang Feng was so scared that he was so scared that he looked like a hen drenched in rain, shivering, speechless.

"Pang Wude, you disappointed me too much." Mu Daoxuan walked out from behind the ancestor with a look of disappointment. Pang Wude had offended Qin Chen before. Instead of punishing the two of them, he instead allowed people to treat Pang Wude's injuries, even though he was imprisoned. In the dungeon, but did not restrain the two at all, even

Even the storage rings of the two were not confiscated.

But who would have thought that Pang Wude almost did something to frame the Gu Zhong Sect, which made Mu Daoxuan not angry.

"Brother head, I..."

Pang Wude said with a horrified expression.

"What else to say, two, these two people will be handled by this seat." Qin Chen snorted and stepped forward.

"Senior, do you want to deal with these two evil obstacles?" Mu Daoxuan's body was shocked. "The person who offended me has never ended well, but I was a guest before, and for the sake of the head of the house, I spared these two people, but now this seat has cooperated with your ancient bell sect, and these two people do not know how to repent. , I want to frame this seat, so I don't blame it

This seat does not give face anymore. "

Qin Chen took a step forward and directly transmitted to Qin Tingting, "Come here."

Then, Qin Chen showed a smirk on his face and suddenly grabbed it!

"Ah!" Elder Pang Wude, who was in the dungeon, was suddenly caught up in the air by Qin Chen. He screamed sharply all over his body. Furthermore, the Qinglian demon fire surged out and ignited Elder Pang Wude, causing a wave of waves on him. The fire of karma began to burn, this

It is the power of the origin that is burning. "Brother head, ancestor..." Pang Wude roared in pain, begging for mercy frantically.

[Chapter 2488: Empty old](#)

"Ancestor."

Mu Daoxuan looked at the ancestor. The ancestor of the Ancient Zhong Sect looked cold and stern, and said in a cold voice: "My Gu Zhong Sect has already cooperated with this adult. Naturally, I have to obey the orders of this adult. Mu Daoxuan, please take care of the Ancient Zhong Sect. Respect this adult, if you let me see

Anyone who dares to disobey this adult's order, even you, will not escape punishment. "

The old man is very decisive. Since he has made a decision to take refuge in Qin Chen, he must do it wholeheartedly, half-heartedly, and never achieve great things.

"Senior... Master, Patriarch, you..."

At this moment, Qin Tingting was summoned by Qin Chen, and when she saw the scene, she was shocked.

Hasn't the ancestor already fallen? How could he appear here? And Senior, is this going to kill Elder Pang? The ancestors and headshould not stop at all.

She froze, unable to speak a complete sentence.

Seeing Qin Tingting's arrival, Qin Chen suddenly smiled: "I will not kill you disciples of the Ancient Zhong Sect casually. Although I kill you an elder of the Ancient Zhong Sect today, I will give you another elder."

boom!

The flame burns.

These flames were not simply burning Pang Wude, but turned into clusters of flames, which turned into a flame furnace, using fire as a furnace to burn Pang Wude.

"what!"

That Pang Wude screamed, how could he resist it, it was completely wiped out in just a moment, but the power of the holy source in his body was crazily condensed under the refinement of Qinglian Demon Fire.

boom!

These Saint Yuan's powers suddenly turned into a real dragon and poured into Qin Tingting's body under Qin Chen's control.

"what!"

Qin Tingting actually floated up, her body glowing, and the terrifying Holy Source impacted her body's acupuncture points, and the power of these sacrificial sources continuously merged into her body meridians.

Qin Tingting's entire body blasted from the Saint Yuan into an angry dragon, roaring and shaking, with a bang, Qin Tingting's body seemed to be broken, and he suddenly entered the late stage of the Holy Realm and became an elder. Level master.

"I have broken through the late mortal realm?"

Qin Tingting felt the power in her body, as if she couldn't believe it, but with a hint of excitement.

You must know that a day ago, she was only in the middle of the mortal realm. Within a day, she actually broke through the two small realms of the middle and late stages of the sacred realm. This made her not ecstatic or excited?

"father....."

Pang Feng on the side was terrified and roared.

The ancestors of the Ancient Zhong School and Mu Daoxuan were also silly, and directly sacrificed Pang Wude, allowing Qin Tingting to break through the later stages of the Mortal Holy Realm. This method is simply miraculous and amazing. In fact, this kind of thing is not uncommon in the heavens to devour other people's origin, otherwise Pang Feng would not have been thinking about devouring Qin Chen's origin, but this engulfment requires slow refining. This is a process. , There will even be a lot

Side effects.

Because everyone has some differences in their origins, once a conflict occurs, it will cause big trouble.

But like Qin Chen, directly using alchemy techniques to refine the original source and get rid of the original source impurities, allowing people to directly break through, this is beyond the imagination of the two. "Okay, Qin Tingting, come down, the mere mortal stage of the sacred realm will make you so excited. Isn't this Pang Wude bent on refining this seat and let his son break through the mortal stage of the sacred realm? Hurt it, this is what he deserves

field. "

Qin Chen said indifferently, as if he had done a trivial thing, then glanced at Pang Feng and blasted out a punch.

boom! Pang Feng, who was in despair, exploded into a cloud of blood, and countless holy source auras scattered everywhere, but Qin Chen didn't refine it, and said lightly: "This Pang Feng cultivation base is only in the middle of the holy realm, and the holy source in his body is too weak. , Even if it is refined, there is nothing left

If you drop too much, you won't be swallowed up. If you save it, you swallowed too much at once, causing backlash. "

"Next, you need to consolidate your realm well, otherwise, it will greatly limit your future height."

Qin Chen warned and taught Qin Tingting earnestly.

"Thank you senior."

Qin Tingting saluted respectfully, and threw her emotions to the ground. At this moment, she was completely impressed by Qin Chen, and she would not hesitate even if Qin Chen asked her to die.

"Awesome, that Pang Wude and his son are worthy of the crime." The ancestor of the Gu Zhong School sighed, which is regarded as qualitative.

"Senior, what do you want to do next? The old man makes arrangements." The ancestor of the Gu Zhong School said respectfully.

"I need to go to Cangxuan City. First, I will subdue an alchemy power and set up the Chendi Pavilion's shelf. You and Qin Tingting will go with me. An earth sage master should be useful in Cangxuan City.

"Qin Chen said directly. "Yes, senior, the old man's name is Shang Gukong. I don't know how senior is called. Also, the reason why the old man sits here is because he is afraid that other forces will come to attack him. If you go to Cangxuan City with you, I'm afraid..." Gu The ancestor of the Zhong School, Shang Gu Kong respectfully

Dao, his expression was a little worried.

The Tianmang Mountain Range is not safe, so he will live in seclusion. This is a cannibalistic place. There are no cards left. A small force like the Guzhong Sect may be destroyed at any time. "Shang Gukong, very good. Going to Cangxuan City, this seat needs an identity. You will be a servant next to this seat in the future. There is no problem?" Qin Chen said lightly, "As for what you are worried about, this seat will naturally not Let alone, next, this seat

It will reinforce your guardian formation of the Ancient Bell Sect, and let Mu Daoxuan sit here. Even if the early masters of the earthly saints come to attack, they will not be able to attack in a short time. "

"That's great."

The ancestor of the ancient bell school said excitedly. "As for the name of this seat, the name of this seat is Qin Chen. You will call this seat less Chen Xiao from now on." Qin Chen said lightly: "This time I go to Cangxuan City, this seat will not only establish the Chendi Pavilion, but also It's to search for materials that will improve your lifespan, so as to refine them as soon as possible

A pill for your promotion. "

"Everything is based on less dust."

The ancestor of Shang Gukong looked excited and had no opinion on Qin Chen's words.

"Head... Patriarch, this..." Qin Tingting was dumbfounded. What happened to this?

"Qin Tingting, from now on, my Gu Zhong sect will surrender to less dust, and the order of less dust is the order of the old man, and even higher than the old man. Have you heard?" Shang Gukong Zu Shen said.

It took a long time for Qin Tingting to come back to her senses. Oh my God, in the blink of an eye, the Gu Zhong School actually recognized a master, who was it that she picked up?

"Yes, ancestor."

Qin Tingting did not dare to question, and hurriedly bowed to salute. "Well, Kong Lao, how many holy crystals do you have? It is best to use high-quality holy crystals. If you want to build a strong holy formation, holy crystals are absolutely indispensable." Qin Chen asked.

[Chapter 2489: Yes, less dust](#)

"Little dust, the old man's savings are here." The ancestor Shang Gukong directly handed over the storage ring and handed it to Qin Chen.

Qin Chen swept his brows and frowned: "That's just a little bit." There are a lot of holy crystals stacked in the storage ring of the ancestor Shang Gukong, but they are only low-grade holy crystals, the number is about two to three million. In addition, there are some sacred crystals with a stronger aura. They should be middle-grade sacred crystals, but only one thousand

Three hundred yuan.

The dignified saint ancestor, there is only such a little holy crystal, it is too few. "Senior, don't you know that my ancient Zhongpai family has a small business, and the founder of the school finally found such an underground holy pool in the Tianmang Mountains, which contains a small part of the holy energy of the ancient times. Block it up and build on it

Shanmen, this has made the holy vitality in the void thicker and has some capital. "However, this sacred pool will disappear soon, and my ancient bell sect does not have much foundation in Cangxuan City. It is surrounded by powerful enemies, but the old man retreats in retreat. The resources consumed every year are an astronomical figure. , I'm afraid it won't be long,

My Gu Zhong pie is about to sit and eat. "Fortunately, the holy pond can still persist now, and once the holy pond disappears soon after waiting. If we do not seize a new holy vein and the old man fails to break through, or even falls into immortality, then our ancient bell sect will lose its foundation, and our disciples will wither more and more in the future.

I'm afraid it will be destroyed soon. "

Shang Gukong shook his head bitterly, with an embarrassment on his face, otherwise he wouldn't be so easy to surrender to Qin Chen. Today's Guzhong School is about to remain unchanged.

"No matter, these holy crystals are enough for the time being. Even if you get to Cangxuan City, you may still need a lot of resources. Let's take a step and look at it."

With a movement of Qin Chen's body, he appeared directly above the Gu Zhong Sect.

Boom boom boom!

He was directly above the Gu Zhong Sect and began to repair the formation.

Suddenly, terrible holy spirits rose, and the entire Ancient Bell Sect rumbly roared. The repair of the holy formation is more troublesome than other problems. It took Qin Chen two days and nights to completely strengthen the holy formation and raise it to an extremely abnormal level. When the formation was completely reformed, one after another terrible Holy Array Breath

Haunting, the ancestors of Shang Gukong felt palpitations.

"So strong."

Shang Gukong had a feeling that even if he broke into such a formation, he would suffer a dark loss if he was not careful.

He has a deeper understanding of Qin Chen's formation skills. A strong man in the late Mortal Saint realm can actually arrange a formation that threatens the Saint Realm master, and Chen Shao's attainments in formation are absolutely abnormal.

I think I have found a treasure.

"Let's go!" Settling everything in the Ancient Zhong Sect, Qin Chen did not hesitate, and took Shang Gukong and Qin Tingting directly to the Cangxuan City. As for Mu Daoxuan, he stayed at the Gu Zhong Sect. , However, once Qin Chen stood on his heels in Cangxuan City,

The Gu Zhong Sect will immediately be dispatched to take care of everything in the Chendi Pavilion for Qin Chen.

Under Shang Gukong's guidance, after a while, the three Qin Chen had completely left the Tianmang Mountain Range. Qin Chen's current goal is to go to Cangxuan City first, and at the same time inquire about You Qianxue's three people. He is worried. It has been several days since he descended into the heaven. I don't know if Qianxue and the others are near Cangxuan City. One not here

, Then trouble.

The heavens are too vast. There are 13 states in Guanghan Mansion alone, and in each state, there are countless cities like Cangxuan City. If everyone is really scattered, it will be difficult even if Qin Chen is strong. Find Qianxue and the others in a short time.

The only way is to establish a large enough power. If Qianxue and the others hear the news, they will find it.

Otherwise, the sea of people is vast and the heaven is vast, blindly looking for it is just like finding a needle in a haystack, wasting time.

"I hope Qianxue and the others are well." Qin Chen clenched his fists, his eyes cold and sharp.

Qin Tingting looked at the worried Qin Chen, wondering, would a big man like Chen Shao also have troubles?

If you can relieve your worries for less dust, that's fine.

She secretly vowed that she must not let down Chen Shao's hopes and strive to improve herself.

Under the guidance of Shang Gukong, the three flew across the heavens.

Without Shang Gukong's guidance, Qin Chen, who was on his way in the heavens for the first time, would definitely get lost.

Because the heavens are too vast, under a city, sacred masters can still fly on their way, but between cities, and even between various states, they can only rely on the transmission of ancient formations to go back and forth.

These ancient teleportation formations were rumored to be established by the controlling forces of the ancient heavens. Later, the heavens were shattered and re-repaired and then divided into palaces. The ancient teleportation formations were also controlled by the hands of each palace and used to control their respective forces. The ancient teleportation formation of Cangxuan City is controlled by the city lord of Cangxuan City. There is even a holy vein in Cangxuan city, which is also controlled by the city lord's mansion. In the city lord's mansion, there are real masters of the earth sages who are extremely powerful. The lord of the city is Cang Xuan

The city's number one master, a strong man in the late Earth Holy Realm, can kill ten ordinary Earth Holy Realm powerhouses like Shang Gukong within a few seconds.

Qin Chen was cultivating while flying. In the heavens, he could not tear the void, so he could only rely on the holy yuan to fly by, and he could also use the time to practice.

In the Ancient Zhong Sect, Qin Chen gained a lot. He broke through the late stage of the Mortal Holy Realm and headed for the peak of the latter stage of the Mortal Holy Realm. Qin Chen was not worried at all about breaking through the late stage of the Mortal Holy Realm peak, and only needed enough resources. However, it is not so easy to break from the peak of the early days of the Van Sage Realm to the Earth Sage Realm. Not to mention the need to practice the Five Secrets, even if you have enough comprehension, at the moment of promotion, you need endless Saint Yuan. Now he Body, although

There are some holy crystals, but they are not enough.

Once he waited for himself to break through the earth sage, Qin Chen boasted that he was enough to gain a foothold in Cangxuan City, and even rushed out of Cangxuan City to control the endless area around him.

Where the sacred realm can only be regarded as a master in the heavens, and the earth sage can be regarded as a strong one, controlling one side.

"Earth Sage, I must break through to the Earth Sage realm as soon as possible. A breakthrough in this realm is the beginning of the true vertical and horizontal heaven." Qin Chen's heart surged.

Countless scenery passed by, passing by in a blink of an eye. Qin Chen and the three people flew in the sky from time to time, and from time to time in the clouds, passing through countless mountains and plains, and also saw some small forces, small tribes, and small villages.

In Qin Chen's eyes, the mountains and the scenes of the forces are vividly visible, and they are all in his sense.

In these villages, there are ordinary people among the forces.

The weakest one is equivalent to the realm of King Wu. This is the common people, and there are too many in number, and Emperor Wu and Emperor Wu are everywhere. The Emperor Wu who can be called the peak in Tianwu Continent, here, is the servant. Only when you transcend the holy realm can you have a certain identity.

[Chapter 2490: Blackmailed](#)

I don't know how long it took.

Suddenly, a magnificent ancient city appeared in Qin Chen's sight.

The entire city is extremely magnificent, towering into the clouds, countless warriors, coming and going, landed in the ancient city.

Qin Chen even felt the breath of some strong earth sages.

"This is Cangxuan City?"

The ancient city of Cangxuan appeared on the horizon and caught Qin Chen's eyes. It was not so much an ancient city as it was an empire, vast and vast.

This ancient and magnificent city is located on the ground. At first glance, I don't know how many masters are hidden in it. People come and go, and countless masters of the Holy Realm come in and out.

In comparison, the continent of the Lower Realm is really nothing.

No wonder the masters of the heavens are so conceited. The heavens are indeed too terrifying. A city is stronger than a medium plane. The masters of this city are enough to explode all ten alien demon continents.

Moreover, in the city, the space is connected to the space, layered on top of each other, beautiful and beautiful, many things are very mysterious, each plant, one tree, one flower and one bird, all contain the trace texture of the avenue. Obviously it was carefully crafted by top experts.

Qin Chen felt that if he entered the city to kill and make trouble with his current cultivation base, he would definitely be besieged and unable to get out.

Moreover, the holy energy emanating from the ancient city of Cangxuan was extremely rich, even stronger than the holy pool of the Ancient Bell School.

"There is definitely a huge holy vein beneath this." Qin Chen was shocked.

If he cultivates in the ancient city of Cangxuan, his speed can definitely be increased countless times. If he can sneak into the core of the holy vein and absorb the holy energy of heaven and earth, it is not impossible to be promoted to holy earth.

Hum! Qin Chen's soul power permeated, looking into the ancient city, looking into the ground, trying to discover the source of the rich holy energy, but in the ancient city, countless holy lights surged, and the horrible restraint ups and downs, with Qin Chen's soul Strength and formation skills, but no

Law peeks out the core essence.

The formation of the ancient city of Cangxuan actually made him a little bit unable to see through, which surprised him.

This is definitely a large formation of the Earth Saint level, and it is the top of the Earth Saint formation.

With Qin Chen's current cultivation base, it could not be arranged yet.

"If I forcibly snoop and study slowly, I may not be able to see some clues, but in this way, I will definitely be discovered by the guardian of the ancient city. It is too dangerous."

Qin Chen shook his head and landed with Shang Gukong and Qin Tingting and came to the gate of the city.

In front of this city gate, there were dozens of guards wearing holy armors patrolling, all of them were the cultivation base of the middle stage of the mortal realm, and the leader was a master of the later stage of the mortal realm, checking the crowds entering and leaving.

Here, even the guards are saint-level masters, simply perverted.

In the heavens, holy armor is nothing, because the materials of the heavens are too rich.

Even the bricks used for building walls, placed in the Nether, are equivalent to imperial soldiers, which shows that they are terrifying.

Many monks, who enter through the city gate, must pay taxes. One holy crystal per person. The charge is very expensive, and it is impossible for ordinary emperor-level warriors to enter the city.

With the help of Qin Chen, Shang Gukong changed his face, so as not to allow himself to be recognized by people from other forces, and to expose his condition of not being dead.

But Qin Tingting didn't change her face anymore, after all, Qin Chen had to borrow the identity of the Gu Zhong School. "Huh? Isn't this Qin Tingting of the Ancient Zhong School? You actually want to enter this Cangxuan City today?" As soon as the Qin Chen and the three approached, one of the guards saw Qin Tingting, first with a contemptuous smile on his face, and then Shocked, "Qin Tingting, you

Actually broke through the late mortal realm? ! "Yes, I have broken through the late stage of the mortal realm. "Looking at this guard, Qin Tingting directly raised his hand and threw three holy crystals, which fell into the opponent's hands, exhaling and raising her eyebrows: "These are the two elders of our ancient bell sect who have been living in seclusion.

It was ordered to bring two elders to buy the medicine. "

"What? Your grand elder of the ancient bell school? Why have I never heard of it?" The guard's eyes flashed with deep doubts, and then coldly snorted: "Today the city gate is blocked, and a big man is about to come."

"You! Wu Zhiguang! So many people have entered just now, why didn't you see you blocking it? Are you deliberately stumbling on me?" Qin Tingting said angrily.

"It will soon be a grand gathering in Cangxuan City. Now there are many people in the city. You are a small force of the Ancient Zhong School. I said that if you don't let it in, you won't let it in. Who knows the origins of the elders you said.

Wu Zhiguang sneered and said slowly: "To tell you the truth, there will be experts from other cities coming today. If you bump into those adults, who will be responsible?"

"You! My Ancient Bell Sect is a force in Cangxuan City, so there is no reason why I can't enter Cangxuan City." Qin Tingting said angrily.

"A hundred holy crystals." Wu Zhiguang, the guard, stretched out his hand.

"What? You grabbed it." Qin Tingting was furious, turned around and looked at Qin Chen and the ancestor.

"what's up?"

At this moment, the guard leader sensed the situation and walked over and asked coldly.

"Captain, Qin Tingting of the ancient bell sect brought two elders who had never met before to enter Cangxuan City. I now suspect that the two of them have unknown origins, so they are not allowed to enter Cangxuan City." Wu Zhiguang hurriedly said. Said the waist.

"Oh?"

The captain looked over coldly. Qin Chen glanced at Shang Gukong, and Shang Gukong knew that he walked forward, his eyes flashed, and immediately the team leader felt an oppressive breath, rushing towards his face, there was a feeling of suffocation deep in his heart. His eyes constricted suddenly, a chill

Said, "What do you want to do?"

Shang Gukong's eyes were indifferent, and his earth-sage-level cultivation base was quietly released, only the captain could perceive: "My friend, my Gu Zhong Sect is also a force in Cangxuan City. When will I not even be able to enter this Cangxuan City? ?"

"Earth...Earth Saint..."

This guard was shocked. Although he was the guard of Cangxuan City, he was only a small captain of the guard. How could he not be scared when facing the master of the earth.

Earth Sage, even the weakest Earth Sage, in Cangxuan City, is a strong one, and he can't offend him.

"Senior, please!"

He said hurriedly and stepped aside.

Shang Gukong nodded, and the three of them walked in immediately.

"Captain, why did you let them in? They were from the Gu Zhong sect. Maybe they could strike a stroke." Wu Zhiguang stepped forward and said unwillingly.

"Wu Zhiguang, you dare to get into trouble again, believe it or not, Lao Tzu made you not the guard, now it is during the grand meeting, open your eyes to me, if something goes wrong, Lao Tzu can't spare you."

The captain scolded angrily. He knew that Wu Zhiguang had something to do with Qin Tingting of the ancient Zhong school. It was said that Wu Zhiguang had pursued Qin Tingting, but was rejected.

Knocked on the head of an earth sage. If he doesn't get it right, he, the captain, will also be slapped, how not to be angry.
